

**CROSBY COUNTY BEGINS HARD-SURFACING 13-MILE STRIP OF HIGHWAY**

Work was scheduled to begin the first of the week on 12.78 miles of farm-to-market, asphalt topped highway from Ralls south to the Caprock on the Post-Halls highway.

When construction of the 13 mile strip is completed and Garza county's project which is scheduled to begin soon is completed, the highway will lack only about eleven miles of connecting with an all-weather road to the two towns. This section has not been marked for paving, due to some legal complications.

Easements for the Garza project have been secured and a number of houses along the new route have been moved back from the designated highway. Construction of the 9 mile strip from Post to Yellowhouse river is to get underway within a few weeks.

**CARD OF THANKS**

We wish to thank our friends for their many deeds of kindness and the sympathy expressed to us during our recent bereavement. Your thoughtfulness was a great comfort to us in our hour of sorrow. We also appreciate deeply the beautiful floral offering.

Mr. and Mrs. Elmer Long and relatives

Visiting this week in the home of Mr. and Mrs. B. C. Henderson, Sr. was their daughter-in-law, Mrs. Jim Henderson, of Stanton.

**Bits Of News:**

Teresa Barnes of Loveland visited over the week end with her aunt and uncle, Mr. and Mrs. Jesse Barnes.

Mr. and Mrs. Marvin Hudson and Carolyn; and Mrs. S. C. Hudson and Charles spent Mother's Day at Stamford with their mother, Mrs. J. W. Jackson.

Mr. and Mrs. Durward Brown spent Tuesday here visiting Mrs. Brown's parents, Mr. and Mrs. C. W. Terry.

Miss Maxine Durrett of Lovington, New Mexico, spent the week end here visiting her parents, Mr. and Mrs. J. R. Durrett.

Mr. and Mrs. Tom Weiborn of Lubbock visited here over the week end with friends.

Mr. and Mrs. John Herd spent the week end in Floydada.

A guest in the home of Mr. and Mrs. Doyle Keely over the week end was her sister, Kathleen Price. Mrs. Howard, Ernest and Horace Shifflett of Polar, Texas, were visitors last week in the home of Mr. and Mrs. Lawrence Hall.

Raymond Hall of Abilene visited here with his mother over the week end.

Mr. and Mrs. Ames Shifflett and children moved this week from Polar. Their new home will be near Close City on the Scott Store farm.

Mr. and Mrs. Ernest Griffith of Colorado City spent Sunday with Mrs. Griffith's mother, Mrs. Irene Rodgers.

Dr. and Mrs. Gign Kahler and

Graduation time is one of the milestones in your life, and when that great day is over you will carry home many tender memories of your alma mater. Your teachers have been your friends, with your interest at heart, as much your friends as your classmates. And we have been your friends, too. We always want to be your friends, always. And as we send you these sincere graduation greetings may we close with a good wish for your future—may it be very bright and successful!

## Sidelights . . .

FROM WASHINGTON, D. C.  
By Congressman Geo. Mahan

On Wednesday of last week our seven-man Subcommittee on Military Appropriations began hearings on the Military Appropriations Bill to meet the needs of the Army for the fiscal year beginning July 1, 1946.

We are being asked to appropriate the money for an Army which will number 1 1-2 million men on July 1, 1946, and shrink to 1 million by June 30, 1947. The huge sum of 7 1-4 billion dollars is being requested for this one-year period. This is a vast sum of money, but it is quite a come-down from the peak annual appropriation for the Army of 72 billion dollars in 1944. The money requested for next year, the first post-war year, is one-third of the sum which was appropriated for the year just prior to the outbreak of the war.

In our democracy the Army makes available for publication many facts which not another nation would think of publishing. The Russians, and even the British, do not make public detailed figures about their military strength.

On July 1st we will have 402,000 men in the Pacific area, 338,000 in Europe and 737,000 in Continental United States. The Army proposes that by June 30, 1947, the numbers will be reduced to 273,000, 161,000 and 547,000 respectively. These figures do not take into account the men we have in Alaska, Newfoundland, the North Atlantic and the Caribbean areas.

General Eisenhower will not appear before us until early in June, as he is now in the Pacific, but he left word with us that his request for men and money is a "rock bottom" request. The Secretary of War appeared before us last Friday, and we assured him that we would not withhold the appropriation of any sum that was clearly needed. I became a member of the War Subcommittee in 1940 and have always followed the policy of supporting necessary military appropriations.

The Air Forces are requesting funds for the purchase of 1100 new planes of the very latest type. Aviation development moves very rapidly and many of the planes which were built a couple of years ago are now outdated.

For the atomic-bomb development the sum of 200 million dollars is being requested. A short time ago I spent a day in Los Alamos, New Mexico, where the atomic bomb is made. The substance for the bomb is made in Tennessee and in the State of Washington, but the bomb itself is made in Los Alamos. That is, the final processes are completed there.

Having spent a couple of days at the atomic bomb plant in Oak Ridge, Tennessee, in May of last year and observed the gigantic proportions of the project, I was struck by the contrast when I saw the relatively small and unimpressive lay-out at Los Alamos, nestled in the mountains northwest of Santa Fe, about 40 miles by auto. Los Alamos is 7,000 feet above sea level and the terrain is such that the place is relatively easy to guard and it is far enough from any city so that experimental explosions do not present a hazard.

Most of the buildings are quite temporary in character. The money which we provided for construction at the project was relatively small when compared to the big plants in Tennessee and

## Swing of Southwest Farm Markets

Prices were down for cotton, cattle and some vegetables last week, but other farm products brought steady to stronger prices at most southwest markets, according to USDA's Production and Marketing Administration.

Cotton prices declined early last week, then strengthened and declined again. Spot market activity fell off due to scarcity of offerings and expected delay in deliveries to domestic mills because of the coal strike. Demand for most cotton was good.

Southwest egg and poultry markets held steady last week. Egg receipts were falling off and dealers thought the peak of the spring production had been reached. Current receipts were quoted 31 to 32 cents a dozen, Dallas; 31 to 31 1-2 cents, Fort Worth; 31 1-2 to 32 cents, Denver; and 32 to 34 cents, New Orleans. Both heavy hens and fryers were short of demand last week. Heavy hens continued to bring 23 to 25 cents a pound, Dallas; 23 to 24 cents, Fort Worth; 23 to 25 cents, Denver; and 20 to 29 1-2 cents, New Orleans.

Light hog receipts were in broad demand at ceiling prices at most markets last week. Also, sheep and lambs were in broad demand at steady to higher prices. Heavier than usual receipts cleared quickly. Common and medium spring lambs brought \$10 to \$12 per hundred pounds, San Antonio; and \$10.25 to \$13, Fort Worth. A few medium and good lambs realized \$13.50 at Oklahoma City. Medium and good slaughter lambs sold at \$10.50 at Denver. Domestic wools were quiet in the Boston wool market, as the lack of soft coal began to show effects on the textile industry.

Light cattle receipts moved slowly and prices were down 22 to 50 cents a hundred at most southwest markets last week. Houston sold medium steers and yearlings at \$15 to \$14.50 per hundred pounds and medium cows at \$14.50 per hundred pounds and medium steers at \$18 to \$17.50. San Antonio moved medium and good shorted steers at \$15.50 to \$16, choice yearlings up to \$17, and common and medium cows at \$9 to \$12. At Fort Worth medium steers and yearlings brought \$15.50 to \$14.50 and common and medium cows \$8.75 to \$11. At Oklahoma City medium and good light steers and yearlings realized \$13.65 to \$15.50 and good cows upward to \$13.50. Medium and good slaughter steers and yearlings brought \$14 to \$16, and common and medium cows \$9.50 to \$11.50 at Wichita. Denver quoted medium to good stocker and feeder steers \$13 to \$15.50 and good stock cows \$10.50 to \$11.

Grain and feedstuff supplies became tighter near the end of last week because of the higher ceiling prices effective May 13.

Washington State—less than 30 million dollars. Now that the work is to go forward on an experimental basis as a permanent thing, many additional provisions will have to be made.

Los Alamos has a population of several thousand. It is a little city within itself, built by the Government. I complained that the place did not have a church or chapel. A theatre is used for religious worship. The population is largely adult. I believe someone said that there are only six graduates in the high school graduating class this year.

CHEERS . . .

For the boys and girls who are leaving school to enter on life's duties. You can all be depended upon to do your part in building this community.

**GARZA HEN OUT-SMARTS DETROIT CHIC IN LAYING FREAK EGG WITH EASE**  
After seeing a picture of a freak egg and reading the story which accompanied it in last week's Post Dispatch, Mrs. Don Robinson of Justiceburg community brought an egg to the Dispatch office Saturday which she believes equals or tops the one in last week's story.  
Mrs. Robinson's egg was a big one, and contained a normal size egg inside the large soft-shell which was approximately 3 inches long, and weighed half a pound. The egg pictured last week which was laid by a hen in Detroit, was about the same size and contained two yolks, with a separate soft shell normal size egg inside.  
If you ask us, we'd say the Robinson hen out-smarted the Detroit chick by wrapping the larger egg with a soft shell, with the hard-shell smaller one on the inside, rather than going through the ordeal of producing the larger egg with a hard shell . . . who said hens are dumb.

**POST SAILOR SERVING ABOARD ONE OF THE SHIPS TO GET BOMB TEST**  
Charlie L. Baker, fireman, first class, of Post is serving aboard the USS Butte, an attack transport which will be one of the experimental vessels used in Operation Crossroads, the joint Army-Navy atomic bomb test, which is scheduled to take place off Bikini Atoll sometime this summer.  
The Butte took part in the initial landing at Okinawa, Korea and North China.  
Mrs. Arline Tutley and son and Miss Odell Stafford spent Sunday in Leeders with their parents. Their sister, Mrs. Shindler of Sweetwater returned home with them for a source visit.

**TO THE SENIORS OF POST HIGH SCHOOL.**

This week in Post as in many other towns over the country, young men and ladies are participating in the joys and tribulations attendant to Graduation from High School.

Two words are used in referring to this particular time in school life, namely: graduation and commencement.

Graduation denotes the receiving of a certificate attesting to the completion of a prescribed course. Some thirty-nine seniors of Post High school this week will receive their diplomas stating they have successfully finished the requirements of twelve years of school attendance.

The lifetime of each of these seniors has been marked by many highlights and milestones but this time marks the very definite end to a particular period of their lives. Now, to each of them, time is an essence which slowly transpires as they are so eager to get to the business of really living but many years hence they will remember these days with nostalgic fervor and wish for the days of yesterday.

Commencement is a word to conjure with, there are so many implications. After the completion of this high school work a new world is open to them, many to begin on work which will mold their lives and many to continue in an academic way the path of their future careers.

To enter upon a new phase of life as young people of certain ability these high school graduates have qualified by their attainment.

To begin the building of a future life which will result in credit for families and benefit for others is something each graduate will hold in his own hands. For many years parents and teachers have been molding the lives given into their keeping. Now each of these lives with its particular potentialities will begin to develop into the form which will characterize it through the years.

Graduates, as you commence on a new era of your life, you hold in your hands the power to make of your life a structure of worthwhile beauty or merely a search for selfish pleasure.

Our sincere Congratulations and may you find Happiness and Prosperity!

**GIT ALONG, PLASTIC!**  
From Matador Tribune

Tradition perishes in fire of its own kindling. A saddlemaker has now abused the trust of his craft by producing a saddle of plastic, which he probably truthfully claims to be superior to leather. He will, of course, think of making chaps of the new material to match his boots and spurs. A more durable, and perhaps more beautiful flower can be made of paper; man can be and still deny his soul. Thus another ember becomes ash in the fading fire of a nation's most colorful era. It is better that the wild, free spirits of old cowboys are spared the pain. The music of creaking saddle leather and the smell of salty leather in the sweatbands of their hats will seek no substitutes in paradise. Any rider knows that his horse is under his saddle without looking through transparent plastic.

**SHOOTING THE BREEZE**

Henry Aten and "Hi" Turner were arguing the other day as to whether it was correct to say of a hen, "She is setting" or "She is sitting."

The question, said Henry, doesn't interest me at all. "What I want to know, when I hear a hen cackle is whether she is laying or lying."

Judging from the nation's divorce rate America is rapidly becoming the land of the free.

Every time we ride a horse we wonder how anything filled with hay can be so hard.

A pedestrian is a man with a wife, two sons, three daughters, and one automobile.

**GOOD FORTUNE 1946 GRADUATES**

We have been told that "gold is where you find it." In the same way, good fortune waits upon him and her who seeks it intelligently and faithfully. Then, too, there are other kinds of good fortune, which have nothing to do with dollars and cents. So here's...

**BEGIN TO DREAM OF BETTER LIVING**

*Electrically*

WE'RE BUILDING AHEAD OF A FAST-GROWING TERRITORY

There's plenty of cheap electric power now for you to begin dreaming about living better—Electrically.

Our expansion program is not only for industry, business and better farming... It's for you in your home, too. A new power station, new transmission lines and other necessary facilities are bringing cheap electricity to your home for better lighting, electric cooking, electric refrigeration, and a score of other electrical conveniences. Whether you live in town or on the farm, this efficient electricity will soon be yours at a lower cost than ever before.

No. 18 of a series of advertisements designed to help build this fast-growing territory in which we serve.

**LOCAL ALL-STAR TEAM WINS SOFTBALL TILT**

The Post all-star softballers Saturday night took a 3-1 decision over the class Blue Bonnet laundry team in an exhibition game at Lubbock's Webster park.

The Blue Bonnets took an early first-inning lead, but were tied in the second when the Post delegation scored a run. The Post team counted two more runs in the fifth inning.

In purchasing, women are more professional buyers than are men.

**Kermit Takes Post, 5-4, In 10-Inning Affair Sunday**

Marshall Gibson, Club Reporter  
Football weather prevailed, but it wasn't the weather that dampened local fans hopes of winning their first home game of league play Sunday . . . those Kermit sluggers were dangerous enemies from the first ball pitched, after Mayor Stallings tossed in the first ball over the batter's box of the new Postex diamond. The hard-fought affair went ten innings before Kermit nosed out a 1 point win, 5-4.

Kermit offense received eleven hits off three of Post's pitchers. It was the visitors big first baseman that stole the batting show of the day when in four trips to the plate he received one walk, one single, one double, one triple, made three scores and accounted for the winning score. The local team also made four costly errors while the visitors made only one.

Ed Altman started on the mound for the home team and gave up eight hits, four runs, one walk, and struck-out seven batters in the first eight innings before turning the mound over to his younger brother James who worked the ninth inning, giving up only a walk. Walter Holland pitched the tenth inning after James had been replaced by a pinch-batter in the last of the ninth. Holland gave up two hits, one walk, one score, and struck-out one batter before the game ended. Hall and Davis divided time pitching for Kermit and gave up only seven hits and two walks to the local team.

It was in the second inning that Kermit took the lead after scoring a man who had reached base on a hit and came home on an error at third base by Walter Holland. Post came back in the last of the third inning and tied the game when Dale Hester singled to first base, stole second, reached third on a sacrifice by Dan Altman, and scored on a sacrifice by Ed Altman. Kermit's first man to last in the first of the fourth inning walked and later scored on an error, giving Kermit the lead but not for long. Walter Holland stepped in the last of this inning and scored on a single by R. M. Thomas to knot the count once more. Post's big inning came in the last of the sixth when Fritz Hester singled to centerfield, moved to second on a sacrifice by Deamos Altman and scored on a hit by Walter Holland, who also scored on a long single by R. M. Thomas. This put Post ahead 4-2 until the first of the eighth when Boyles singled for Kermit and scored on Linne's three base hit, and Ratliff singled to right field to score Linne.

It was in the last of the ninth inning that manager Jim Handley tried hard to score by using pinch-hitters but failed to do so and the game went through the tenth inning before a winner was declared. Kermit had two men out when big Linne came to bat and drove the ball deep into centerfield for a double. Ratliff followed with a double also to centerfield scoring Linne for the winning score.

Final score was Kermit 5, Post 4.

**So You're Graduating!**

So you are graduating! That is indeed an honor. It is doubly an honor these days, when scholastic requirements are so high. With such a splendid record we feel sure that the graduates of 1946 will more than measure up to any demand that is made upon them.

**Every Good Wish To You On Your Graduation Day.**

**The Modern Beauty Shop**

**Congratulations . . .**

We have been of service to many of you boy and girl graduates in the past. We hope to serve still more of you in the future. Our service is still of the best and will always be of the best, on that you may depend.

**JUSTICE SHOP**

**Greetings to the GRADUATES of '46.**

As one of this community's oldest business firms, we naturally look upon ourselves as the friend of every family. We have been with you and your fathers and mothers in good days and bad, and have seen many graduates grow up, get their diplomas, and get started in the business world. As history repeats itself again this Spring, once more we come forward with our congratulations and good wishes to the boys and girls who have done so well in school and who are now about to embark upon new and important adventures. Please regard us as an old friend of the family, always at your service.
