VOLUME XX POST, TEXAS "OUT WHERE THE WEST IS THE WEST" THURSDAY, FEBRUARY 7, 1946 "THE GATEWAY TO THE PLAINS" NUMBER 8

GARZA COUNTY Development ACTIVITIES...

...making of a new prospector in the field, northwest Garza county (Pleasant Valley community), and all other interests on the county's oil front last week, and its major development of oil pool which already has several producers.

The new test is Honolulu and Union Oil Company No. 1 S. Lewis, 440 feet from the south west lines of west half of the west quarter of section 12B7, 12SF survey. The location is at one quarter of a mile south of the same operators' No. 1, a small producer of the field. The test will drill to 3,000 feet to begin at once.

The test is the third to be taken in the field in recent weeks. Some operators are drilling a well on the J. R. Durrett farm have made application for a well on the H. F. Wheatley farm. Wells are to be drilled to 8 feet with rotary.

Reports from the central field, 10 miles south of Post, where at thirty producers are in operation, were that Lynn Oil Company completed for a producer No. 1 Connell, 600 feet north and well drilled several years which made a fair showing of oil, but which has not been producing regularly. The report not confirmed by operators no information was given on amount of production.

Victory Bond Sales Continue On As Savings Bonds

War and Victory Bonds are now known as United States Savings Bonds, and their sale will continue through the year, according to information received first of the week from Nath Adams, chairman of the Texas Victory Committee, Savings and Division of the U. S. Treasury Department.

Thus, Garza county people who use to make investments in the bonds, or regular savings, still purchase them through usual channels.

"We can be sure," Adams added, "that these bonds are still the best and safest investment in the world, and if we consider only the benefit derived from the war saving program, this being the continuation of the program."

Back To School Is Popular Activity For Ex-Servicemen

"Back to School" is one of the most popular activities for returning veterans.

Among a few of the service men from Post who registered the first few days at Texas Technological college are Dan Rodgers, Billy Williams, Edwood Wright, J. Edwards and John Stokes.

Hendon Presson and Bill Wood are going to Texas University in Tech. W. L. Woods and Curtis are registered there already.

Burnon Hays plans to return to Texas Technological in September.

It is rumored that numerous returning Post boys will enroll but confirmation of this fact could be made.

At the close of registration last week over 1300 veterans had registered at Texas Tech.

JOHN JUSTICE ASSOCIATED WITH LUBBOCK LAW FIRM

John Justice, son of Mrs. Della Justice of this city, and who served in the Army with a captain's commission, is now associated with Bean & Evans law firm of Lubbock.

Mr. and Mrs. Justice are moving to Lubbock the latter part of the week into the residence they purchased on 29th street.

Mr. Justice is a graduate of A. M. and the University of Texas Law School. He served overseas in the Philippines.

Sam Coleman Is Improving At Paul's Hospital In Dallas

It is reported that Mrs. Sam Coleman is showing much improvement the last few days. She is at St. Paul's hospital in Dallas recovering from a broken hip sustained when she fell at her home in Dallas. Her sister,

State Director Gives Reasons Why "Prior Approval" Required

Reasons why farmers must obtain "prior approval" of conservation practices in order to qualify for payment under the Agricultural Conservation Program have been set forth by Production and Marketing Administration officials at College Station.

In the 1946 conservation program, each county has received an allotment of a limited amount of money to be used in paying for conservation work done. B. F. Vance, State Director of PMA's Field Service Branch, said. Since the amount of work for which payment can be made is limited by the size of the county budget, if the payments are to be apportioned fairly throughout the county, farmers must inform the county ACA committee just what conservation work they expect to carry out in earning payments. The committee will authorize the practice if funds are available.

If such a system of obtaining "prior approval" was not followed, some ACA cooperators would do conservation work expecting to earn payments and then find the county had exhausted its funds. In such an event, no payment could be made, Vance explained.

Another purpose of the "prior approval" system is to make certain that practices which are to qualify for payment will contribute to conservation on the farm and fit into the over-all conservation program of the county, Vance declared.

District Cage Tourney Will Get Underway This Afternoon

The Antelopes will take over the cage spotlight today and tomorrow when they play host to the eastern half of District 5-A's championship basketball tournament. Four schoolboy teams will vie for the half-district championship, and a right to play the winner of the western half of the district for the all-district championship. Besides the boy's district play, the girl's division of the county championship will be rooted off between Post and Southland.

Paired for this afternoon's play is Slaton and O'Donnell at 3 o'clock, and Post and Taboka at 4 o'clock. Tonight's double bill includes the winner of Slaton-O'Donnell vs. winner of Post-Taboka, and loser of Post-Taboka.

Two games will polish off the tournament Friday, one in the afternoon at 3 o'clock and the championship game at 7:30 o'clock Friday night.

The girl's play is slated at 8:30 o'clock.

Dean A. Robinson Will Be Candidate For Re-election

The Post Dispatch this week was authorized to announce the candidacy of Dean A. Robinson for re-election to the office of County School Superintendent, subject to the action of the July Democratic primary. Mr. Robinson's statement is published as follows:

"I wish to announce as a candidate for re-election to the office of County School Superintendent. May I express my sincere appreciation for your support and cooperation in the past and assure you that it has been a pleasure to serve you.

"I earnestly solicit your continued support and cooperation. If you, again, elect me to this office I assure you that I will give you the best service I am capable of giving."

Two Post Boys Enlist In U. S. Navy Monday

Two Post boys, Travis Rex Everett, son of Mr. and Mrs. Rex Everett, and Harold Storie, son of Mr. and Mrs. S. C. Storie, enlisted in the Navy Monday.

1302 Paid Poll Taxes

Poll tax payments had climbed to 1302, when a check-up was made last Thursday night at the County tax office, after the last person to make a dash in the last-minute rush before the deadline had been issued a receipt.

Garza county's voting strength in this year's general election should be slightly more than in 1944, last election year, even though poll tax payments were eighty-one less than those issued prior to the 1944 election. The boost in voting strength will come from the four hundred or more returned servicemen who will vote free this year. Overseas exemptions are expected to be about the same as those in 1944.

Poll taxes in 1944 aggregated 1,383. The 1945 total was 1028.

Street Lights To Be Installed In Front Of Post Churches

An order for four bracket-type street lights, to be placed in front of Post churches, has been placed with the Southwestern Public Service Company by the City Commission, it was announced Tuesday by W. F. Presson, city secretary.

The street lighting system will extend to North Van Buren avenue to where it intersects with Main, and a large light will be placed between the court house and First Baptist church. The extension will run along Van Buren to the intersection at West Eighth street for lighting in front of the Church of Christ. The line will follow along Eighth to Monroe avenue, with lights placed at Eighth and Jackson and Eighth and Monroe to light the intersections in front of the Methodist, Nazarene and Presbyterian churches.

Installation of the equipment will be made when materials are available.

L. E. Claborn In Race For Sheriff Of Garza County

L. E. (Fay) Claborn, Jr., is in the race for sheriff, Tax Assessor, Collector of Garza county, and authorized the Post Dispatch Monday to publish his formal announcement and enter his name in the political column. His statement follows:

"To the voters of Garza County I am announcing my candidacy for Sheriff. In so doing, I would like to inform you, that I have been partly engaged in this line of work for the past four years, and would like to express my strong desire for this work.

"For the past fourteen years I have been a resident of both Garza and Lynn counties.

"As I have never been a candidate for a public office—I would appreciate the job, and would do my utmost in performing my duties as thoroughly as possible.

"Will try to see each one personally in the near future.

"Your vote and influence will be greatly appreciated."

Carmichael And Hill Buy American Cafe

After operating the American Cafe for several months on a sublease proposition, Merle Carmichael and Thomas Hill this week announced purchase of the cafe.

The lease was purchased from Mrs. Valie Wall and the fixtures and equipment from Roy Baker. Both of the partners will be active in the business of serving their patrons. They plan to completely remodel the interior of the cafe and have already begun installing new fixtures.

The two men, up until they managed the transfer of ownership, had planned on leasing the White's cafe.

Robert H. Gibson Returning To Job He Left For Army

Robert H. Gibson, who in 1943 left his position here as administrative officer of the Triple-A, is returning to Post February 15 to assume the duties he performed before entering the service. His title in connection with the Production Marketing Administration, which is the old Triple-A set-up, will be secretary.

Gibson, who served as a sergeant in the Army, was in the Pacific for 10 months stationed at Iwo Jima. He enlisted in the Army February 15, 1943. He served as administrative officer for the Triple-A here for about one year before enlisting.

James A. Boyd, who replaced Gibson when he entered service, said Tuesday he had made no definite plans for the future, but indicated he would remain in Triple-A work in some part of the district. He has been in this work ever since the organization was set up by the government in 1934.

Eight New Members Initiated Tuesday By Lions Club

An initiation ceremony was held Tuesday night at the Post Lions club for eight members.

L. J. Richardson, Jr., and Clovis Tucker, were re-initiated. Both are ex-servicemen. Others who were initiated were Jack Burrell, R. B. Dodson, M. H. Hutto, Jr., Howard McCampbell, Chester McCampbell, and Stevens Strasser.

Lester Presson gave the initiation speech and pointed out the various phases of the Lions club program as laid down by the founder of the organization, Melvin Jones.

The initiation was in charge of George Barker, president, Walter Crider, past-president, and Weaver Moreman, secretary.

Mrs. J. A. Stallings presented four pupils, Jo Ann Moreman, Janie Gossett, Ann Osborne and Leslie Nichols, in a musical number. They presented three well chosen songs to a very appreciative audience.

Plans were made to attend the regular meeting of the Slaton club tonight. A group from the Post club will attend and Mrs. Stallings has been invited to have charge of the Slaton program. She will present Sue Bell Brister, Elvanda Davis, Mary Ann Husley, Mary Nell Bowen, Lucie Stevens, Anita Kennedy and Robert Smith in several musical features tonight.

A new member, Stevens Strasser, will have charge of next week's program. He is a member of the High school faculty and will discuss Citizenship and Patriotism.

Santa Fe Putting Sleeping Car Back On Train To Dallas

The re-establishment of daily sleeping car service between Lubbock and Dallas, effective from both terminals February 14, has been announced by the traffic manager of the Santa Fe railway.

The service was discontinued last July when railways removed sleeping cars on distances less than 400 miles.

The service will include a twelve section sleeper with one drawing room, leaving Post daily on train No. 95 at 10:42 p. m. for Sweetwater, thence over the T & P to Fort Worth, arriving there at 7:25 a. m. and Dallas at 9:00 a. m. The west bound sleeper will leave Dallas daily over the T & P at 9:49 p. m. and arrive here at 8:15 each morning.

FOUNDER'S DAY TEA PLANNED BY P-TA

All Parent-Teacher members are reminded of the special Founders Day tea to be held by the organization next Thursday, February 14, at the High school auditorium. The Home-making department teacher and students will assist in arrangements.

Thirty-Sixth Anniversary Of Scouting To Be Observed

Nearly two million Boy Scouts, Cub Scouts, Senior Scouts, and their adult leaders throughout the United States will commemorate Boy Scout Week, which begins Friday, Feb. 8, and continues through Thursday, Feb. 14. The theme of the observance, which marks the 36th anniversary of the founding of the movement in America, is "Scouts of the World—Building Together."

In Post the occasion will mark the reviving of an inactive Boy Scout troop and the organization of a second troop, it was announced Tuesday by Weldon Jobe, recently discharged war veteran.

Although the groundhog is not a native of West Texas, had been made his appearance at any time during the day Saturday from winter hibernation, he would have seen his shadow and returned to his hole for another six weeks, of wintry weather.

Had skies been cloudy, so tradition goes, the little animal would have remained above ground and discarded ideas for further sleep, assured that winter was practically over.

Night Shift Boosts Handkerchief Output At Postex Mills

As part of the reconversion efforts of the Postex Mills to expand production, a night shift began operation in the handkerchief department Monday night, reports Claude Bailey, mills superintendent.

The mills for a number of weeks have been manufacturing 8,000 dozen handkerchiefs weekly. Recently materials were received to produce 20,000 dozen weekly. Operation of the second shift was made possible when a number of women and girls were employed last week end for the department. The management hopes to employ an additional 30 or 40 girls and women to work in the department, and expects to boost the weekly output to 20,000 dozen within a few weeks.

Ernest Henderson Asks Return To His Commission Post

Ernest Henderson Tuesday announced his candidacy for re-election to the office of County Commissioner of Precinct 1, and authorized the Post Dispatch to publish his formal statement below.

"In announcing my candidacy for re-election to the office of County Commissioner of Precinct No. 1, Garza County, I first want to thank the good people of Garza County for their confidence and wonderful support given me in the past election. I have tried to handle this office in an efficient manner and have tried to give you the prompt and courteous service that you desired.

"I believe that one must give much of his time to the duties of his office in order to be successful. I feel that I have done this to the best of my ability. If you see fit to re-elect me as your Commissioner, I shall continue to make you a hand."

FUNERAL SERVICES HELD FOR GRASSLAND WOMAN

Mrs. Nancy Wiley, 78, who lived at Grassland 30 years, died at her home at 11:20 Friday morning.

Funeral services were held Sunday, February 3 at the Methodist church at Grassland.

She is survived by her husband, Thomas J. Wiley, one son, Emory J. Wiley, of San Benito and five daughters, Mrs. Ola Allen of Lubbock, Mrs. Hattie Rishby of Harlingen, Mrs. Vada Wasylik and Mrs. Nora Rishby, both of Taboka, and Mrs. Sarah Wardlow of San Benito.

Mr. Groundhog Sees His Shadow Feb. 2

Garza county followers of the ground-hog as a 2nd of February weather predictor, have decided to keep top-coats and other winter clothing handy for another six weeks, despite the fine weather we are now enjoying.

Although the groundhog is not a native of West Texas, had been made his appearance at any time during the day Saturday from winter hibernation, he would have seen his shadow and returned to his hole for another six weeks, of wintry weather.

Had skies been cloudy, so tradition goes, the little animal would have remained above ground and discarded ideas for further sleep, assured that winter was practically over.

SCOUTS TO TAKE OVER CITY ON FRIDAY

Upon learning that an adult leader had been selected to take over the Scout program, scouts of Troop 16 hurried to Greenfield Hardware store late Wednesday afternoon to consult with Weldon Jobe, newly elected scout leader.

"The kids want to take over the city on Friday, opening day of Boy Scout Week," Jobe reported. Approval was given by the proper officials and plans were set in motion immediately for the scouts of Post to take part in this phase of the annual observance of Scout Week. "Even though selections for mayor, city commissioners, traffic director, etc., will not be made by the scouts until their meeting tonight, the fact that they are so enthusiastic over the reorganization plan, makes one believe that the scout program for Post is starting with an auspicious beginning," Jobe stated.

Who has been named scoutmaster. Assisting Jobe in piloting the local movement will be Frank Eaton, another war veteran who is serving Garza county as county agricultural agent. Both of these men are well versed in scouting activities and are capable of giving Post the finest leadership in boy scout work possible. Eaton was associated in scout work for many years in Lubbock and Jobe also has had wide experience in the work.

Contributions To Garza's Paralysis Fund Totals \$320

With March of Dime folders returning to Judge Bowen's office daily, and a few remaining coin banks still out, a final report on the county's paralysis drive was not available this morning, but the fund up until that time totaled \$320.82.

It is not likely that this year's contributions in the annual campaign to aid the National Foundation for Infantile Paralysis will be as large as last year's donation which amounted to \$540, said Judge Bowen, chairman of the drive. "but I do feel that when the final total is added we will have made a creditable showing."

The figures released revealed that the coin collectors accounted for \$84.13 and the folders netted \$146.86 of the total, with church contributions totaling \$89.83, and the Lions club donation amounting to \$9.90.

Of the five hundred folders mailed out, only eighty-eight had been returned up until this morning.

Mrs. Smith Succumbs To Illness Wednesday

Friends of Mrs. Ethna Smith are being notified of her death on Wednesday at her home in south Post. Mrs. Smith has been in ill health for some time.

Funeral arrangements, at the time we were ready for press, had not been completed, but it was understood the time would be 2:00 o'clock this afternoon at the Calvary Baptist church.

Committee Is Hopeful Of Reaching Goal

TIME FOR SHIPMENT
EXTENDED TO FEB. 15

An extension of time, to enable Garza county to reach their goal in the National Clothing Collection for relief of millions in war-ravaged countries, was announced Wednesday by Walter S. Duckworth, chairman of the American Legion's clothing committee. The collection is to continue through this week and the first two days of next week.

The announcement from Duckworth came after he had been notified Tuesday by the state headquarters that deadline for shipping the contribution had been extended to February 15. "We received many garments the last two days of last week and we feel that if we run the collection thru the middle of next week we might be able to reach our goal of ten thousand garments," said the chairman. "At present time we have more than four thousand items of clothing, most of which was received the latter part of last week. Up until that time we were very much discouraged in our efforts." Plans of the Legion committee, sponsor of the county collection, is to begin sorting and packing the garments for shipment the latter part of this week, and leaving several boxes open for last-minute contributions, asserted Duckworth. The shipment will leave Post February 15.

Folks who have discarded garments are urged to bring their contributions to the five collection points, Mason & Company, Greenfield Hardware Company, Bryant-Link Company, Hudman Furniture Company and the Texas Company, not later than Tuesday of next week. To get them in earlier will enable workers to assort and pack them away with care, and will be much appreciated by the ex-servicemen whose duty it will be to have them ready for shipment by the deadline date.

The clothing must be clean, but not ironed, usable garments, reminds Duckworth. "Bed-clothing and shoes are also needed to complete our contribution to the national campaign, and we would appreciate a letter from the donors to be sent along with the gifts to the unfortunate peoples of the bombed-out countries."

"Do not fail us in this worthwhile cause... we hope to meet the 10,000 garment quota."

Funeral Rites For W. W. Lewis Read Here Saturday

Funeral services for W. W. Lewis of this city were held on February 2, 1946 at 4:30 p. m. at the First Methodist church, Rev. J. E. Stephens of Grassland officiated.

Born in Arkansas on September 17, 1872, Mr. Lewis was 73 years of age. He had been a resident of this county for 25 years. Most of this time was spent in farming. He died at his home on February 1, 1946 at 1:30 p. m.

Survivors of the deceased are five children: R. C. Lewis of Kilgore, Texas, Mrs. Tennie Mason, Post, Mrs. Willie Mason, Post, Mrs. Alma Caffey, Amarillo and Curtis Lewis of Post.

Interment was made in Terrace cemetery. Funeral services were under the direction of Mason & Company.

Home Laundry Is Opened by Mr. and Mrs. Odell Stanley

Mr. and Mrs. Odell Stanley are announcing the opening of a home laundry through the columns of the Dispatch this week.

The laundry is located at their home in north Post and wet wash laundry service will be featured. Garza county folks extend best wishes to this enterprising young couple upon opening up a new business for Post.

WAR VET IS ENGINEER FOR LOCAL SOIL OFFICE

Julius Horton of Claborn, who served in France with the Army Engineering Corps, has moved to Post and is associated with the Duck Creek Soil Conservation Service as engineer.

He assumed duties with the office last week.

Gems Of Thought

One of the illusions is that the present hour is not the critical decisive hour. —Emerson

LEARN TO BE CONTENT

It's strange but it seems the American people can create everything but contentment.

This fact was brought forcibly to light by an 80 year old woman. She has lived with and for a host of relatives and friends and is now living alone in the home she has owned for fifty years.

She says it brings big returns in spiritual sustenance which old people need.

"When I get lonely and discontented and have that feeling of 'feeling sorry for myself,' I dig around to find something that reminds me of a happy period in the past. Some people say this is a morbid condition—but I say it's smart, because reflections of our past always brighten the present. If we've done the best we can with our lives."

We fully agree with the elderly woman who has learned what millions of other Americans should learn—to be able to make our own lives more livable and content.

HISTORY IS REPEATING

Though to recall it is small consolation, the labor situation in 1919, the year after the close of the "war to end wars," was pretty garbled, too.

Then, the mine workers wanted a 60 per cent increase in wages, and railway shop workers were seeking a 17-cent-an-hour hike. There was a great steel strike involving 365,000 workers as 115 building trades workers were locked out in Chicago. The textile workers in New England communities, New Jersey and New York were striking. Even the Boston police had a strike. During the peak strike period of that year, according to department of Labor statistics, a total of 4,113,000 workers were involved in strikes and lockouts.

Today's stoppages seem to be more serious and more closely tied to the nation's welfare, but in those days when the industrial establishment was much smaller, perhaps the dislocation was just as great.

Settlements were eventually made in 1919 and 1920, but they were effected with stopgap measures which laid the foundations for the eruptions which are now occurring. If labor and management and the government do not take note of the lesson which is offered by the events of era, industrial strife may recur in another decade or so which may make present troubles seem like a schoolboy fuss. —Lubbock Avalanche.

BIRTHSTONE OF FEBRUARY

For centuries the Amethyst has been the choice of royalty—a precious stone with varying shades of deep purple. It is truly a glorious gem and one that most February born people insist on wearing. It is believed that more people born in this month wear their birthstone than those born in any other month.

HEART TROUBLE

Coronary Thrombosis (the formation of a clot in a branch of the coronary arteries which supply blood to the heart muscle) is ordinarily not due to sudden severe exertion as is commonly believed. Records show that of 230 cases, 82 developed while the persons were resting, 25 while engaged in very moderate activity, and five while undergoing severe exertion.

Lemon Juice Recipe Checks Rheumatic Pain Quickly

If you suffer from rheumatic attacks or neuralgic pain, try this simple inexpensive home recipe that thousands are using. Get a package of Ruffe Compound, a 2 ounce square tablet. Mix it with a quart of water, add the juice of 4 lemons. It's easy, pleasant and no trouble at all. You need not take any medicine. This simple recipe works 48 hours—sometimes overnight—without results are obtained. If you do not feel better, Ruffe Compound is not for you. Ruffe Compound is not for sale in stores. It is sold by your druggist under an absolute money-back guarantee. Ruffe Compound is for sale and recommended by WARREN'S DRUG STORE.

FOOD SAVING TIPS

Do not throw away the sweetened vinegar from your pickles. Strain the vinegar, bring it to a boil and re-bottle it.

If put in pint jars, it can be used as needed for Harvard beets, gelatin salads and salad dressings.

For an inexpensive sour cream dressing add vinegar slowly to undiluted evaporated milk while beating.

Dress up canned baked beans with cut up sausage, a little grated onion and a few dashes of catsup. Place in oven and heat thoroughly.

Use stale bread for French toast. Beat 2 eggs, add 1/2 cup milk, and a dash of salt. Dip bread into this mixture and fry in bacon drippings or margarine.

Left over mashed potatoes may be mixed with beaten egg, a little grated cheese, formed into patties and fried to a golden brown.

Texas leads the nation in aircraft registrations. California second.

KEEPING EGGS

A new flash treatment has been developed for keeping eggs.

Eggs are plunged in boiling water and are kept there 3 seconds.

If they are first cooled and placed in a refrigerator they will stay good for 12 months.

If they are kept without refrigeration they will stay good for three months.

**FROM WASHINGTON, D. C.
By Congressman Geo. Mahon**

As this is being written we are making the final push to have the barracks and housing at Lubbock Army Airfield actually available to Veterans who wish to enter Texas Tech for the new semester just beginning. In early January I attended a meeting with President Whyburn, of Tech, and city officials at which plans were made to try to get occupancy of LAAF housing by February 1 for the use of veterans. Plans were made for accommodating as many as 1500 veterans.

Upon my return to Washington I presented the matter to high officials of the Army urging the elimination of red tape and the quickest possible action.

Officials of the college and city have been on the job making proper contacts with the U. S. Army Engineers, in Dallas, and with the Public Housing Administration, in Fort Worth, the agency under which the city will operate the housing facility. The exact extent of the housing to be available for veterans at LAAF is not yet known but it is certain that several hundred veterans will be accommodated.

A suggestion has come to me from a Haskell county citizen that flame throwers which were used in the war be made available to counties to combat Johnson grass, cockleburrs, and sunflowers along country roads and public highways. For those who hate Johnson grass, as nearly everybody does, this is an intriguing suggestion. But the War Department says no—that the flame throwers are too dangerous for such work and would not be practicable anyway.

A State agency in Mississippi tried out the flame-throwers against the underbrush along the lower Mississippi River. The idea was abandoned.

The ordinary portable flame thrower has a capacity of four gallons of fuel. It has a maximum range of 60 feet and exhausts itself in nine seconds. The tank type flame thrower has a range of 100 yards and a capacity of 270 gallons of fuel which is exhausted in one minute of operation.

So the answer to the Johnson grass menace is yet to be found. It is too bad that the deadly ferocity of the flame thrower cannot be released against it.

West Point Cadet Max Minor, of Tahoka, broke two records and won top honors at a track meet at the United States Military Academy a few days ago. His home town of Tahoka did not get due credit in the big write-up about him in the Washington Post. Max was referred to as the speedster from "Cahokia," Texas. Max has been a great favorite at the Academy.

Arrives In States

A telegram was received Monday, February 3 by Mrs. H. L. Patty from her son, Pfc. James Patty, stating that he had landed in the states at Long Beach, Calif. James has for nine months been serving overseas, mostly in Sendai, Japan. He has been in the service three and one-half years. He is expected home this week end or early next week.

**Swing of Southwest
Farm Markets**

Except for seasonally lower prices on eggs, the trend on most southwest farm products the latter part of January was steady to strong, according to USDA's Production and Marketing Administration.

Early in the week cotton prices reached a 20-year high of 25.41 cents a pound for Middling 15-16 inch in the ten designated markets. Some of the gain was lost later on, but closing prices were around 25 cents. Sales totaled 222,000 bales compared with 190,600 in the preceding week and 84,800 a year ago.

Grain markets reflected the strength in cotton and securities and were also influenced by recommendations for extension of price controls and subsidies. Prices continue at full ceiling levels with supplies tight, cars for shipping short, and demand excellent for both domestic and export buyers. Exports of grain during the last half of 1945 were 160 million bushels more than in the same months of 1944 while imports were about 80 million bushels less.

With resumption of packing plant operations after the government took over strike-bound plants, marketings gradually returned to about normal proportions. Cattle supplies were still light to moderate, but the volume of hogs surpassed that for the corresponding week a year ago. Lamb marketings swelled late in the week as increased subsidies became effective. Hogs were strong with some light weights up 25 to 50 cents. The week's trend on cattle was slightly irregular but in most instances prices ended up steady to strong compared with quotations prevailing just prior to the time the plants closed.

Demand for poultry increased slightly during the meat strike, with the supply of meat increasing, poultry took on a barely steady trend in spite of only moderate offerings. Heavy hens are bringing around 28 cents a pound in New Orleans, 22 to 24 in Denver and Dallas, 21 to 22 in Fort Worth.

Egg receipts continued heavy, exceeding the demand by a wide margin. Markets were weak and irregular. Ungraded current receipts sold around 30 cents a dozen at many southwest markets, with some prices even lower late in the week.

Tractor Implements**

When implements are mounted forward on the tractor, rather than pulled behind, they need no wheels of their own. They cost less. Furthermore, they can be attached quickly and controlled automatically by tractor power.

A-C FRONT-MOUNTED planters, cultivators, fertilizer attachments and rotary hoes represent still another step forward . . . ahead of the driver's seat. You watch the row ahead easily and naturally . . . never twisting to look behind.

Forward vision is an invaluable feature for precision planting, fertilizing and cultivating young plants. You'll find it not only pays to "look ahead" — it's a pleasure.

First Christian Church Buys House For Parsonage

A parsonage has been bought by the First Christian church. The business transaction was completed by a committee from the church several days ago.

A four room house in the Pleasant Valley community was purchased and will be moved to Post within the very near future. It will be located on the lot east of the F. L. Bailey home. The church bought the lot from Mrs. Bailey.

It was quite gratifying to members of the church who were in Sunday School last Sunday to realize that at the conclusion of a business session more than \$1,300.00 was donated to take care of the \$1,400.000 house debt. All members of the church were not present at the Sunday School hour but it is expected they will all take a part in the project.

After the house is moved in, church members plan to remodel and renovate and add to the structure. When completed the expenditures will total at least \$3,800.00.

ARMY RECRUITER WILL VISIT POST FEBRUARY 14

S-Sgt. Joe F. Rutindl of the U. S. Army Recruiting Station, Lubbock, will visit Post again Thursday, February 14 and can be contacted at the Post Office building. According to S-Sgt. Harry D. Creamer, non-commissioned officer in charge of the Lubbock Army Recruiting Station, enlisted men now have 90 days from the date of discharge from active service to re-enlist in the Regular Army in the highest grade held at the time of such discharge.

Mrs. A. R. Tyson, mother of Mrs. Ed Warren, underwent surgery at the Hendricks Memorial hospital in Abilene on Monday morning. At this time she is doing satisfactorily. During the time Mr. Warren was in service she made her home in Post.

New Officers For Methodist Choir Are Announced.

A group of interested people met recently to reorganize the Methodist church choir and make plans for musical study and practice.

Mrs. L. A. Presson, a musician of delightful ability, will be choir director and she is hoping to create an outstanding organization in musical circles.

Mrs. Weldon Jobe, one of the younger performers, has been chosen as organist for the group.

Mrs. T. L. Jones has for many years contributed to musical occasions and she is continuing so by serving in an assistant capacity both to Mrs. Presson and Mrs. Jobe.

Necessary management and detailed work will be done by Mr. W. F. Presson, as president, and Mrs. J. E. Parker, as secretary-treasurer, of the organization.

Walter Hyde who has been seriously ill for several months is now able to be up for a while each day. Friends and acquaintances of Mr. Hyde are very pleased that he is regaining his strength.

Claudine Blacklock, Jack Hickerson Are Married On Jan. 27

Miss Claudine Blacklock and Mr. Jack Hickerson were joined in holy wedlock Sunday, January 27, at 4:00 p. m. in a double ring ceremony performed by Rev. Burns, pastor of the Baptist church of Portales, New Mexico.

The wedding march was played by Mrs. Burns, after which "A-ways" and "You Belong to My Heart" were sung by Juanita Parr.

The bride is the daughter of Mr. and Mrs. Tom Blacklock of Post. She was dressed in a beautiful aqua suit with brown accessories and wore a corsage of three white roses. For "something old," she carried a lace handkerchief that originally belonged to her grandmother. "Something new" was a gold choker given to her by her mother. For "something borrowed" she held a tiny white Bible and for "something blue" she carried a lovely blue compact.

The groom is the grandson of G. W. Hickerson of Tahoka. He served three years in the army. Most of that time was spent in the European theater of war as a paratrooper.

The couple was accompanied to New Mexico by several of their friends. Witnesses to the wedding were Madge Hunter, Sgt. Conrad Parr, Juanita Parr, and Dick Jones all of whom live in Lubbock.

Dinner Party Honors Mr. and Mrs. Floyd Stanley February 1

Margaret Stone Is Honored At Dinner Monday Evening

Margaret Stone, bride-elect, was named honor guest Monday evening when Rosejean Edwards, Skeeter Smith, Laruth Wood, Marian Duncan, and Maxine Jobe were hostesses for dinner at the home of the former.

Using the colors pink and white the hostesses arranged a delightful setting for the party. Candlelight furnished the illumination for the entertaining rooms.

A most appetizing meal, cleverly emphasizing the chosen color, was served on small tables, each of which was centered by a candle and flower arrangement. Pink carnations were plate favors.

Exquisite lingerie gifts were presented Margaret and an informal visit was enjoyed by the group.

Others present were Margaret Bailey, Dixie Billings, Jo Martin, Faydell Johnson, Sallie Luttrell, and Darlene Walden.

Women's Council Group Meets With Mrs. C. F. Davis

The Women's Council of the First Christian church met Tuesday afternoon with Mrs. C. F. Davis.

Mrs. B. C. Manis, president of the group, opened the meeting by calling for sentence prayers. The second lesson of a new course of study on Africa was taught by Mrs. Lee Davis.

During the business meeting plans were discussed regarding the new parsonage. A house has been bought and will be moved to lots east of the F. I. Bailey residence in northwest Post, where it will be remodeled.

The meeting was concluded with a prayer.

During the social hour the hostesses served a lovely refreshment plate.

Mrs. C. F. Davis had recently moved to this new home and she was completely surprised when the meeting turned into a house-warming. A beautiful table and lamp were given by the Council and the members brought individual gifts to add to her pleasure in her new home.

Plans Being Made To Secure Agent For Women's Clubs

A call meeting of the Close City Home Demonstration club was held at the club room on Tuesday, January 29. Four members and one visitor, Mrs. Mozelle Bartlett, were present.

Plans for the work of the club were discussed. It was announced that Miss Hill, District Agent, will meet with the commissioners court on Monday, February 11 at 2:00 o'clock for the purpose of getting a Home Demonstration agent. Every woman who is interested is urged to be present if possible.

The next meeting of the club will be Tuesday, February 19. A demonstration on ironing cords will be given. Also to be discussed is the possibility of helping the 4-H club girls carry on their work while trying to secure a Home Demonstration Agent. Every member is urged to be present at this meeting.

Junior G. A. Girls Have Regular Meeting Monday

The Junior G. A. Girls met Monday, February 4 at the First Baptist church with eight present. Songs were sung by the group followed by an interesting program.

PRE-WAR CLEANING

Hundley's Cleaners

are pleased to inform the public that the plant is now on a PRE-WAR CLEANING BASIS

Recently we have been able to secure many restricted cleaning fluids.

One of the latest improvements is the addition of a gasoline heater. It is a steam jacket clasp around the gasoline pipe to heat the gasoline just before the gas gets to the clothes, and as you know, it is better to wash your hands in warm water than cold—it cleans them better, and also soap really removes the dirt.

After being in the cleaning business for 25 years I have recently invented a dry cleaning soap or plainer, a gasoline soap that does the best cleaning I have ever done. It gets more spots out, cleans the clothes better, and most of all, makes them brighter.

I am very happy about the whole thing.

WHO RECEIVED COVETED "Ruptured Duck" DURING THE PAST WEEK

This column is dedicated to the service men and women who wear this armed services discharge button. As the Dispatch has followed them from civilian life through their war experiences, it will record their lives from the time they receive their discharge papers until they become rehabilitated and re-established in civilian life.

Sgt. Delmo Gossett arrived in Post Saturday morning, February 2 with an honorable discharge from the Army. He has been in the service forty months and has been serving overseas since Nov. 1. Delmo received his discharge at Fort Bliss on February 1. He and Mrs. Gossett, the former Wynona Kennedy, plan to make their home in Post.

Other Garza county boys receiving their honorable discharges from the armed services recently include: William P. Slatter, Chester C. McCampbell, Ralph C. Cockrean and Leroy Smith.

TWO DOLLAR BILL IS LUCKY THESE DAYS

We consider it luck instead of unlucky to come into possession of a \$2.00 bill. That same bill comes in handy these days in buying a dollars worth of almost anything.

Question And Answer Column

For The Benefit of Garza World War II Veterans

This space is devoted to questions and answers of interest to Garza County returning service men. It will be published for a while as a regular feature. For additional information contact Geo. Sessums office, 703-5, Lubbock National bank building, Lubbock.

Q. May a veteran attend both high school and college under the provisions of the G. I. Bill?

A. Yes, a veteran may attend any school of his own selection as long as it is approved by the State Committee for Approval of Educational Training and may continue his education in an institution of senior grade when he has completed the prescribed course in a junior institution. Length of service will of course govern the total period of attendance. Mr. A. O. Willman is Chairman of this Committee, Land Office Bldg., Washington, D. C.

Q. May both widow and mother of a deceased soldier killed in World War II receive pension based on his death?

A. Pension is provided for the widow and children of such veteran regardless of income and for parents is determined by the Veterans Administration based on a statement as to income and living expenses. Pension will be paid to additional beneficiaries without diminishing the amount payable widow and vice versa.

Q. Does Military Rank influence eligibility for benefits provided by this bill?

A. Rank is not considered in determining eligibility for benefits provided by this bill.

Q. Is there a time limit on when a veteran may establish service connection of a disability?

A. There is not a time limit. Service connection is determined solely by evidence of incurrence or aggravation, which may be submitted at any time.

Q. May a veteran who has been a prisoner of war convert the gratuity insurance he was granted into a permanent policy?

A. This gratuity insurance was granted to those in active service who were captured on or after December 7, 1941, and prior to April 20, 1942. The law provides that such insurance shall be in force and all premiums waived while such person remains a prisoner and for six months, thereafter. The veteran may continue his policy at the expiration of this period by making application and timely payment of premiums. Same may be converted at the expiration of one year or at any time later prior to the expiration of the 5-year period.

Q. How soon after discharge must a veteran start to school if he attends under the provisions of the Serviceman's Re adjustment Act?

A. The veteran may make application for this provision within two years of his discharge or within two years of the termination of the war, whichever is later. The program terminates within seven years of the termination of the war.

Q. May a veteran receive hospital treatment for disabilities due to his own wilful misconduct?

A. A veteran will not be denied hospital treatment for such disability if he is otherwise eligible and need for hospitalization is shown.

Legumes and grasses are two of nature's best tools for building and maintaining soil fertility.

W. R. GRAEBER NOW AT HOME, HERE ON LEAVE

W. R. Graeber who has been in the Lubbock Memorial hospital for many weeks was brought home last Saturday. Mrs. Graeber, who was with him during his long stay there, reported that he stood the trip home fine and is now able to sit up for a short time each day.

This news of Mr. Graeber is welcomed by all his friends.

Erosion is our constant enemy.

Sergeant L. D. Stevens, son of Mrs. B. L. Sorges, arrived in Post Monday to spend a 30-day leave. L. D. is attached to the Marine base at Cherry Point, North Carolina and will report back to that place when his leave expires.

Mrs. Ira Lee Duckworth, accompanied by Mrs. J. W. McCooch spent the day in Snyder recently with Mrs. Duckworth's mother, Mrs. J. W. Warren.

En Route Home

Due to arrive home any day now is Pfc. Harman J. Morris of Post. The soldier was slated to arrive at Seattle January 28 on the Eastland which left Yokohama, Japan on January 13. After clearance through stateside channels he will return to Post.

Clara Barton founded the Red Cross.

What's Back of My Gas Burners?

CHAPTER IV
The Gas Reaches Your Home

Our main high-pressure transmission line originates at our Turkey Creek Compressor Station 30 miles northeast of Amarillo and goes to Canyon, Plainview, Lubbock, Midland and Odessa and other intervening cities. At Canyon, a line connects from this main trunk to Farwell, near the New Mexico line, and thence to Lubbock, forming a big triangle and serving a number of cities. More branch lines from this triangle and from the main trunk serve other cities and towns—a total of 44 in all. The pipe line system contains about 855 miles of pipe.

At or near each city served is a Town Border Station, which consists of a small building housing metering and pressure-regulating equipment. Now that the gas has almost reached its destination, high-pressure is no longer needed, so the pressure is reduced to what we call "Intermediate Pressure," after which it enters the city distribution system which consists of a network of lines carrying gas to homes, stores, offices and businesses in your city. There are about 548 miles of pipe in our city plants. The Intermediate Pressure is sufficient to carry the gas to the small District Regular Station nearest you. Here the pressure is further reduced for delivery

through distributing mains and service lines to your meter at predetermined proper pressure for your use.

From the District Regulator Station the gas flows through a low-pressure line to your meter, where it becomes your property; thence through your yard and house piping to your familiar household servants, your range, your water heater, your refrigerator, and your home-heating equipment. Responding instantly to your every wish, it contributes greatly to carefree, healthful living, at a cost within the reach of all.

Our story until now has dealt with natural gas and some of the equipment used in bringing it to you. However, despite our large investment in physical property, our greatest asset is the group of loyal, hard-working, courteous employees who operate the properties 24 hours a day and 365 days a year, to render you a high type of service. Natural gas itself, without the services of these many men and women, would be worth little. Each and every employee has his own special type of work which is vital to the proper functioning of the group as a whole.

While you, our customer, are dependent on us for service, we are actually more dependent on you. Without you we could not exist. Therefore we are going to do everything we can to give you good service. The natural gas that we have to sell has been proven a perfect fuel; each and every employee will strive to render you a personal service of equally high quality.

There'll Be Some Changes Made

We are planning to make numerous changes in the Greenfield Hardware Store.

First, we are redecorating the interior of the store, adding Fluorescent Lighting, and plan to make the store an attractive place to shop.

Many items of hardware, household supplies and appliances as well as farm equipment are still hard to get, but we are making every effort to get our quota.

Come in and ask for items you need and we'll do our best to get it for you.

During our Reconversion Period we ask that you good people bear with us—We're here to serve you but under present labor conditions we are finding it difficult to give you the merchandise you need.

NEW ARRIVALS

We wish to make a request to the parents of new arrivals in the area. We know that each of you would like the readers of the Dispatch to know of the happy event but due to the fact that we have no way of securing this information for some time after the date of the event, we have not been able to print these happenings as we would like.

If parents or relatives of the new arrivals will in some way furnish us with this information, we will be very pleased to print the data.

TAXI SERVICE OPENED HERE THIS WEEK

A long awaited and much needed city transportation system has become a reality with the opening of a taxi service in Post.

Bill Klotting, owner and operator of the service, is a former Post man and has recently received an honorable discharge from the Army Air Corps. He was in the service seven years and was last stationed at a B-29 school in Denver, Colorado.

The taxi service was begun early this week and it will extend prompt and courteous service to everyone.

The cab may be reached on the phone at 101 or called for at the Gulf Service Station. Bill's Cab Company ad appears in this issue of the Dispatch.

MR. AND MRS. DUCKWORTH PURCHASE SLAUGHTER HOME

Mr. and Mrs. Walter S. Duckworth are now the proud owners of the Slaughter residence in west Post, which they purchased several days ago from Mrs. Tom Welborn of Lubbock, the former Mrs. Skeeter Slaughter.

The Duckworths are making preparations to move into the residence about February 12.

Mrs. Jessie Voss visited three days last week in Abilene with her daughter, Geneva.
