Outposts Staked In Two Oil Pools Of Garza County

Outposts were staked to two pools in Garza County Tuesday. One mile west of the north-west side of the Garza pool, and 1 1/2 miles northwest of Post, Dr. Sam C. Dunn, et al of Lubbock will drill No. 2 Harmond, 830 feet from south and 500 feet from east lines of west half of section 1235, AB&M survey, certificate 170, a 3,400-foot test.

One mile east of their recently completed discovery in the Basinger area of northwestern Garza, Herman and George Brown of Houston will drill their No. 2 W. J. Long, 330 feet from south and southwest lines of a lease in section 726, B. Hall survey, A-893, a 4,000-foot test.

Mrs. Robinson's Brother Claimed

C. E. Farris, brother of Mrs. B. D. Robinson of the Pleasant Valley community, died of a heart attack about 8 a. m. Friday at Telephone, near Bonham. He was a pioneer of Fannin County.

Funeral services were held at 3:30 p. m. Sunday in the Wise Funeral Home Chapel at Bonham, with the Rev. Mr. Reese officiating. Burial was in the Owens Chapel Cemetery there.

Survivors were two sons, Estel Farris of Telephone and Tison Farris of Irvin; two sisters, Mrs. Robinson and Mrs. Lizzie Lambert of Ada, Okla.; two brothers, H. L. Farris and H. S. Farris of Ada; and three granddaughters.

Local people attending the funeral were Mrs. Robinson, Mr. and Mrs. F. L. Ward, Mrs. Verna Chase and A. R. J. M. Racy and C. K. Robinson.

Grady Stewart Is Injured in Mishap

Grady Stewart of the Graham community is recuperating in a Tahoka clinic from eight broken ribs and deep lacerations of the face and neck received Wednesday night of last week in an automobile accident.

The accident happened near the six-mile station, east of Tahoka, where Stewart, who was driving his car with only the dim lights, found he was about to hit a trailer filled with cotton and pulled by a tractor. In order to avoid this accident, Stewart tried to pass the trailer and tractor and collided head-on with a truck.

Exploited Texas Livestock Ranges Are Needing Deferred Grazing For Awhile

Ninety-three million acres is a lot of land, even in Texas, and they are mighty important to the meat producers and consumers of the state and nation. Approximately 7 1/2 million cattle, 1 1/2 million sheep and 2 1/2 million goats are depending on these ranges for their livelihood, says Dr. V. A. Young, head of the range and forestry department of the Texas A. & M. College System, to say nothing of the human element. Dr. Young, who usually brings a lot of students here each fall season known to Garza county ranchers.

Livestock ranges in Texas have been exploited for the past 30 years to the extent that their grazing capacity has been lowered about 50 per cent, says Young, but applied research is helping to correct the situation. In many instances, he says, we have ruined our herds of good grasses and they have been replaced by poor grasses, noxious weeds and shrubs. Surface and gully erosion have also left many ugly scars on the range lands.

Reduce Livestock
In rebuilding, we must first reduce our livestock numbers to fit the grazing capacity of the ranges, says Young. This should be based on how many of the good grasses are present and consideration should be given to both year-round and seasonal grazing periods. Low producing and poor quality animals eat more than their share of the range vegetation. They should be marketed, advises Young.

Then, continues Young, we should graze so as to leave at least 50 per cent of the short grasses on the range. A stubble of 2 1/2 to 3 1/2 inches should be left on the flat rolling ranges and more on the steep slopes, he says. This will keep the land from washing and will add organic matter for fertility and plant growth. Even on the best ranges, it is best to leave 40 per cent of the good grasses and a 4 to 6 inch stubble of the tall grasses, depending on the species.

Four Students From Post On WTSC Roll
Four students from Post are included in the record enrollment of 2,004 students attending school at West Texas State College in Canyon.

For the second straight year all enrollment records of the college were broken as 1,336 students enrolled for full time work on the campus in Canyon and 668 signed up for classes at Amarillo Center of the college.

Those enrolled from Post are Frances Benson, freshman; Alma Jean Floyd, freshman; Joyce Evans, sophomore; and James Grimes, sophomore.

Experiments In Floor Finishing May Be Helpful

The job of refinishing floors in the home is one that is often neglected and when it is attempted always creates many problems. Research workers at the Rhode Island Experiment Station have just completed some experiments that may prove helpful and answer a lot of the questions that you might like to have answered before starting on the job.

They say it can be done at home and it need not be an expensive undertaking that calls for outside help. They refinshed 131 different floors including both pine and oak and as you would expect, the first operation was a complete sanding and cleaning job. They used three finishes; shellac, penetrating seal and varnish.

The penetrating seal proved most satisfactory and required the least time and effort. The homemakers were all satisfied with the results. Results with the other two types of finishes proved that a better understanding of the common floor finishes are needed before they are used. Shellac and varnish form a film over the floor surface that will protect and beautify it, but they can be scratched or marred by grit carried in on the shoes and it's hard to prevent the patching from showing. The white spots sometimes noted on shellac finished floors are caused from moisture.

It was different with the penetrating seal. It is a mixture of wood oil, varnish gums or other material which readily penetrates into the wood. This finish gives a pleasant sheen enough not to high gloss to the finished floor, but it seals the pores in the wood, does not scratch or mar easily and an occasional waxing restores the original finish and it is easily patched.

The research workers found that the varnished floors could not be used for 55 hours; the shellac finish for 41 hours but the penetrating seal finish could be used in 20 hours. Only one coat of shellac or varnish was used but two or three of the seal were used. The seal can be applied every 20 or 30 minutes or as fast as it is absorbed by the wood. The excess was

We are grateful to each one.

Mr. and Mrs. Ed Frye.

wiped off and the floor left overnight before it was waxed. Finally the research workers found that 12 minutes were required for applying shellac to 100 square feet of floor surface; and an hour and 12 minutes to apply a varnish finish but only about 18 minutes were required to apply the penetrating seal finish.

No Acute Shortage Of Coffee Is Seen By U. S. Officials

The price of coffee by the cup has risen from five to ten cents here and elsewhere over the nation because of the South American drought which reduced the supply for "the next several years."

The International News Service this morning quoted the U. S. Department of Agriculture as saying there is, however, little likelihood of "actual shortages" of coffee among American consumers in the immediate future, and this is understandable as the price is too high to encourage hoarding.

During October, the department noted that spot prices for green coffee in New York jumped nearly 50 per cent. However, the government says, there are conditions which will operate to reduce coffee prices.

These include increased use of chicory and other "extenders" in coffee blends, consumer resistance and shifting to other beverages and some curtailed demand in the U. S. as a result of slightly lower purchasing power.

Meat Stew Is Liked By All Members Of The Family From Grandma To Baby

Almost every family likes meat stew, and it is comparatively inexpensive. Here is a good tested recipe:

Two pounds shoulder cut into two-inch cubes, one-half cup flour, 1 1/2 teaspoons salt, 3 cups leopons shortening, 2 cups water, 1 bay leaf, celery seed (or marjoram or thyme) to taste, 1/4 teaspoon pepper, 6 medium onions, 6 medium sweet potatoes or Irish potatoes and 1 can or package of frozen green beans.

Dredge meat in flour. Brown on all sides in shortening. Season. Add water. Cover and simmer 2 1/2 hours or until tender. About 45 minutes before the end of cooking time add onions and sweet potatoes. Cook beans separately and serve with stew. Thicken liquid for gravy.

The Texas A&M College Extension Service, which sent this recipe to the Post Dispatch, included the following menu to be served with the meat stew: Tomato salad, cornbread muffins, prune whip and milk.

With the menu and recipe also came these timely tips:

For the more flavorful brown stew, each piece should be coated with flour and slowly browned on all sides.

Dumplings add a culinary touch to stew which brings acclaim to the cook. Drop the dumplings into the hot stew, cover tightly and steam 10 minutes.

Serve the stew in a casserole topped with little biscuits or fluffy mashed potatoes and browned in the oven as a meat pie.

A Post Dispatch survey made during National Book Week last year revealed that 10 people out of 10 interviewed engaged in reading as a pastime. While some of them confined their reading to newspapers, magazines and detective stories, a majority of the readers—both men and women—went in for a least one novel a year and a surprise number of women here in Garza County, according to the survey, read one novel after another.

As National Book Week, Nov. 13-19, is again looming up, the reporter who made last year's survey has drummed up some notes on a new crop of books that should interest the many readers here.

New Maudlin Book

One that will interest every ex-GI as well as everyone who has two eyes is "A Sort of Saga" written and illustrated by Bill Mauldin, the popular GI who created Joe and Willie for Stars and Stripes, army newspaper, during the last war. It is published by William Sloan and associates.

This is a pleasant, earthy story of Mauldin as a small boy, his brother and his parents who were forever loading their things into one car after another to take off for some place where the restless father thinks he spots a rainbow pot. They're dry farmers, desert rats, miners, resort owners, orchardists. Reading it, according to the New York Times Book Review, "is like sitting in cool shade and watching pleasant mirages change and fade as you study them through half-shut eyes. In the mirages a little boy wanders wide-eyed, seeing and hearing new things in new places, all idyllic, and it is heart-warming to wander with him."

New Funny Book

Funnyman H. Allen Smith is out with "We Went Thataway" his annual zany journey of travel through the hinterlands. In this worm's eye view of Minnesota, South Dakota, Colorado, New Mexico, Oklahoma, Texas and Arizona, Smith is in his usual mood of puckish curiosity about the offbeat aspects of the places he visited. Anyone who has read the previous Smith yarns will buy it as a matter of course. Anyone who hasn't read them is in for a surprise treat in discovering "We Went Thataway." It is published by Doubleday & Co.

Popular Here

Lots of Post people have been reading and chuckling over "Cheaper By the Dozen" (by Frank B. Gilbreth, Jr. and Ernestine Gilbreth Carey) which has been on the best seller list for 40 weeks. It's good for another year. It is now being read by a number of Post people. It is published by Thomas Y. Crowell Co.

Should Sell Well

"Dateline: Washington," probably is headed for the best seller list because of the nation's increasing interest in a layman's interpretation of what goes on in Washington. It is the story of national affairs journalism, edited by Cabell Phillips and Duncan Aikman, William C. Bourne, Homer J. Dodge and William A. Kinney, and it is illustrated with actual pictures of newspaper reporters on the Washington scene. It is published by Doubleday & Co.

Vice President Alben W. Barkley, who reviewed the book for the New York Times Book Review said of it, in part: "This book to which many outstanding members of the Washington Press have contributed, is a compendium of that growth of the capital from many angles. From its beginning with the introductory note by Arthur Kroek—by the way, one of the few new reporters still in Washington who was also here when I came (in 1913)—to the last chapter on 'Coverage Today' by Tom Stokes, it constitutes a fascinating story of the growth of newspaper reporting and influence, the growth of America, and the growth of the world in relation to its several parts.

"The book also illustrates dramatically what to many of us has been the almost incredible development of the means of gathering and transmitting important events to the people."

For Deep Reading

"The Eye of God," by Ludw. Bemelmans, published by the Viking Press, is a deep commentary which should be read in sections, a chapter or two at a time, not from any lack of continuity but because in taking it at a gulp one cannot savor its component parts.

This is a novel about a mountain village in Tyrol, located just below a triangular rocky summit called the Eye of God. The permanent population consists of innkeepers, hunters and their assorted dependents who depend upon tourists and winter sportsmen for their support.

Covering the period of the last war, the novel defies summarization. There are a dozen stories in it, each worthy of careful study. One of lasting interest concerns SS Capt. Otto Skorzony, the rescuer of Missolini and would be assassin of Eisenhower. Another is the tragedy of Zumbusch, the Jew who collaborated with the Nazis and was tolerated by them in return.

New Medical Novel

Those who like novels will enjoy "The Cry of the Conventant," by Morton Thompson, published by Doubleday & Co. It is heralded as "truly a literary event" as it accurately describes

medical discovery and the martyrdom of a discoverer, fighting to spread his life-saving truth against medical big shots who didn't much care whether people lived or died.

These books have held positions on the best seller list, some what in the following order:

Fiction

"The Egyptian," by Waltari; "A Rage To Live," by O'Hara; "Mary," by Asch; "Let Love Come Last," by Caldwell; "Father of the Bride," by Streeter; "Twilight on the Floods," by Steen; "The Way West," by Guthrie, Jr.; "The Man With the Golden Arm," by Aigren; "The Mudlark," by Bonnet; "West of the Hill," by Carroll; "Nineteen Eighty-Four," by Orwell; "Point of No Return," by Marquand; "Call It Treason," by Howe; "The Big Fisherman," by Douglas; "The Passionate Journey," by Stone; and "The Lonely," by Gallico.

General

"White Collar Zoo," by Barnes; "The Waters of Siloe," by Merton; "Peace of Soul," by Sheen; "The Seven Storey Mountain," by Merton; "The Mature Mind," by Overstreet; "Cheaper by the Dozen," by Gilbreth and Carey; "American Freedom and Catholic Power," by Blanshard; "The Aspirin Age, 1919-1949," ed. by Leighton; "A Guide to Confident Living," by Peale; "The Autobiography of Will Rogers," ed. by Day; "The Purple Shamrock," by Dineen; "In Our Image," by Harte and Rowe; "W. C. Fields," by Taylor; "The Vital Center," by Schlesinger, Jr.; "Lead Kindly Light," by Sheean; and "Women Are Here to Stay," by Rogers.

Possibilities

Here are some other recent books that are of particular, topical or popular interest:

Fiction—"In the Green Tree," by Alan Lewis; stories by the gifted British writer who died at age 28; "It Was Like This," by Anne Goodwin Winslow, an idyllic nineteenth century romance on the Mississippi Gulf Coast; "The Iron Loop," by Constantine Fitz Gibbon, love in the fantastic underworld of an "occupied" country; "The Witness," by Jean Bloch-Michel, an unornamented confession of a young man with a dilemma.

General—"The Benjamin Constant," by Harold Nicolson, the chaotic life of the brilliant writer and statesman; "Chips Off the Old Benchley," by Robert Benchley, 80 pieces by the late master, collected for the first time; "Southern Politics," by V. O. Key, the how and why of politics in the not-so-solid-South, and "The Treasure of Naples," by Giuseppe Marotta, sketches and reminiscences with a Neapolitan dialect.

Decision Shelved

The Swedish Academy last week decided to shelve this year's Noble prizes for literature because it was hopelessly deadlocked over four top candidates, including Winston Churchill and the Italian philosopher, Benedetto Croce.

The tug-of-war on the prize decision was reported to have been greater than at any time in

the half century in which the 18-member academy has been making the award, the Associated Press reported.

It was announced that, as no candidate had been able to obtain the absolute majority necessary, the award will be withheld until 1950.

The Noble prizes, made in various fields of human affairs, are set up under the will of the late

Loses Left Arm

(Continued From Front Page) shoulder was badly injured.

The Williams Funeral Home in Slaton, which brought the victim to Slaton by ambulance, credited Bill Carter—who with Bruce Shepherd happened to be passing the scene of the wreck—with saving her life by applying a tourniquet to the stump of the arm. Carter and Shepherd accompanied her to the hospital in the ambulance. They said that Fannie remained conscious.

The severed arm was found along the roadway and placed in Fannie's car, where it was found by investigating highway patrolmen. Later the arm was placed in a Hudman Funeral Home ambulance which arrived at the scene after Fannie had been taken to Slaton. Every finger on the arm was reported broken, and the forearm was twisted and broken in several places.

Fannie recently built a new residence and cafe in the flats at a cost of about \$8,000. She is well-known in Post and is highly regarded by all of the negro and Latin-American children of Post for whom she gives a Christmas party each year, giving them food and other gifts.

W. L. Davis Dies

(Continued from Front Page) Davies.

During the service, approximately 30 members of the Masonic Lodge, including the pallbearers, sat in a body. Pallbearers were Irvin Scarborough, J. C. Fumagalli, Paul Jones, Alvin Young, Preston Mathis, Monta Moore, Lester Nichols and Dick Wood.

Honorary pallbearers were C. D. Morrel, Dean A. Robinson, Ben Williams, Morris Neff, L. C. Carmichael, R. E. Cox, Iven Clary, Jess Wright, Lowell Short, L. W. Dalby, Dr. A. C. Surman and L. P. Baker.

The Masonic ritual was featured in the graveside service in Terrace Cemetery where burial was conducted under supervision of Hudman Funeral Home. Participants included W. P. Brown of Slaton, worshipful master; E. M. Bass, senior warden; W. S. Johnson, Jr., junior warden; E. B. Dodson and Lewis P. Price, stewards; Walter Duckworth, marshal, and Bailey Matser, tiler.

Mr. Davis is survived by his wife; his son and daughter-in-law of Austin, and two sisters, Mrs. P. D. Harris of Dewey Rose, Ga., and Mrs. A. P. Adams of Royston, Ga. The sisters were unable to attend the funeral.

Out-of-town relatives attending the services, besides the Davises of Austin, were Mr. and Mrs. Leonard Samson of Eden, Paul Davis of Stephenville and Mr. and Mrs. Riley Davis and Fred Davis of Dallas. Out-of-town friends present included Mr. and Mrs. Pryor Hammons of Littlefield, formerly of Post, and Mr. and Mrs. Ernest Stewart of Levelland.

Rites For Mr. Fair

(Continued From Front Page) tered service Aug. 18, 1943, at Ft. MacArthur, Calif., and received his discharge from the same place Oct. 9, 1945. During his service he sailed overseas April 5, 1944, for the Asiatic-Pacific Theatre. He was awarded the good conduct medal, Philippine liberation ribbon with one bronze service star, the Asiatic-Pacific Campaign medal and he was also a member of the 65th Engineering Combat Battalion which was awarded the presidential unit citation. He was a member of the American Legion and Veterans of Foreign Wars Organizations.

Survivors include the wife; three children, James C. Fair and C. W. Fair of Lubbock and Mary B. Fair of Snyder; two grandchildren, Carter Lee and Carol Lynn Fair of Lubbock; his step-father and mother, Mr. and Mrs. W. L. Kilpatrick of San Marcos; a grandparent, Sarah E. Trained Dogs

(Continued From Front Page) E. B. Gaitner of Tahoka Troop 21. This award is given to workers who take a certain amount of training and set up and carry out at least five projects, give instruction in the work and have three years experience in the work.

The program was climaxed by a district-wide court of honor for oys who have made advancements in Scouting and every Scouting award was presented except the Eagle Award, which is earned by only one boy in 10,000.

District committee officers were elected, but their names were not available to the Post Dispatch at press time.

Barbecue Is Served
A supper of barbecued beef and "all the trimmings" was served. The beef and other basic foods on the menu were prepared by Fred McGinty of Tahoka, chairman, and A. R. Milliken and Everton Neville, both of Tahoka. Potato salad, cakes, pies and relishes were provided by the parents attending.

The dog exhibition was arranged by H. J. Dietrich who served as master of ceremonies for that part of the show. First on the program were two huge black German shepherds which were brought from Germany after the war by J. R. Thompson and Bob Weisendeck of Slaton. They were trained by the German army and, although they have been "de-nazified" to a certain extent, they are still quite vicious. Weisendeck, who was assisted in showing the dogs by his wife and his wife's sister, Mrs. Thompson, gave the dogs their commands in German. Mrs. Weisendeck and her sister, war brides, are natives of Poland. They were accompanied to Post by Mrs. Thompson's father-in-law, George Thompson of Slaton.

Gilda Is Good
One of the most interesting dogs to the oys and girls present was the Seeing Eye Dog, shown by Dickie Griffin of Lubbock, a blind boxing promoter. Gilda, the dog, has taken Griffin to California and back three times during the eight years that he has been blind. Griffin explained how the Seeing Eye dogs are trained.

Dietrich showed two of his own registered German Shepherds which have many dog show ribbons to their credit. Their names are Duke and Tessie.

A highlight of the show was an exhibition by Mrs. Ted Wilson of Abilene and her versatile three-year-old female Cocker Spaniel, Taffie.

This was followed by two-year-old Mary Ann Hopper and her four-month-old Cocker

Mercedes; three sisters, Marie Pettit of San Marcos, Dorothy L. Perry of Ft. Sil, Okla., and Wanda L. Wright of San Marcos. Pallbearers were Roy Brown, Hubert Anthony, Hiram Sanders, Wilburn Warren, Oles Odum and Lyde Odum, all of Post.

P.M.A. Committees

(Continued From Front Page) Ballots were mailed to eligible voters in the three communities this week and voting can be done any time at the designated places between now and 5 p. m. Saturday, Mike Custer of the Garza County PMA office has announced.

Names on the ballot were nominated by the ACA nominating committee. Those wishing to vote for someone else will find space to write the name in. The candidates that were nominated follow:

Community "A": Delegate to the County Convention, C. R. (Charlie) Scott and J. Ray Spence; alternate, Walter G. Stolle and Roy D. Williams; chairman, Community Committee, Henry J. Edwards and Herman L. Dabbs; vice chairman, Clarence N. Basinger and Jack D. (Shorty) Brown; regular member, Community Committee, Carl E. Rains and Harvey R. Stotts; first alternate member, Horace V. Wheeler and J. W. (Bill) Long; second alternate, Edmund Wilke and Aubrey McNeely.

Community "B": Delegate to the County Convention, Jesse A. Probst and Wilburn C. Morris; alternate, B. L. Longshore and Wade W. Terry; chairman, Community Committee, Joseph F. Maxey and Will N. Williams; vice chairman, Charles M. Voss and Paul Moore; regular member, Community Committee, Lonnie H. Peel and J. W. (Will) Teaff; first alternate member, Glen M. Davis and Elva E. Peel; second alternate, R. B. (Burhard) Wilson and Virgil M. Stone.

Community "C": Delegate to the County Convention, Avery Moore, Jr., and M. K. (King) Bingham; alternate delegate, Jack Taylor and Early M. Woodard; chairman, Community Committee, Bandy S. Cash and Elvin A. Morgan; vice chairman, Russell Wilks, Jr., and Julius Fumagalli; regular member, Community Committee, Ray O. Hodges and W. C. Carradine; first alternate member, John P. Ray and Bruce A. Tyler; second alternate, Hardy E. Ainsworth and Jess Cornell.

Amendments

(Continued From Front Page)

Incomplete returns from over Texas this morning indicated that Texas voters definitely rejected seven of the amendments and possibly eight and approved the amendments concerning district court proceedings and rural fire districts. Two hundred forty-nine counties out of 254, with 58 reporting complete returns, at 7 o'clock last night showed 138,392 votes against and 131,225 votes for the amendment on non-jury lunacy trials. The seven other amendments appeared to be defeated.

Spaniel, Butch, who came all the way from their home in Alvarado to participate in the show. They were accompanied to Post by Mary Ann's parents, Mr. and Mrs. Joe Frank Hopper, and Ray Hopper of Alvarado. Mary Ann is Dietrich's granddaughter.

Is High Jumper

Mr. and Mrs. Charles H. Smith of O'Donnell showed their seven-year-old German Shepherd, Prince, who has visited Post on several occasions. Prince is a veteran of the U. S. Army K-9 Corps, with service overseas, and an honorary member of the Boy Scout troop of which Smith is Scoutmaster. Although Prince can do tricks all day, without repetition, his performance was cut short for lack of time. He thrilled the boys and girls with his excellence at high jumping.

The Smiths and Mr. Jones who accompanied them here from O'Donnell, Mr. Griffin and the Alvarado guests were dinner guests in the Dietrich home Sunday night. Roy Baker, who went to Lubbock after Griffin Sunday, had the noon meal with him and Mr. Dietrich at the Algerita Hotel, where Gilda was said to have displayed impeccable dining room manners.

The program at the Scout camp was one of the best attended and most enjoyed district scout gatherings ever staged in the South Plains Area Council, several visiting Scout executives told a Post Dispatch reporter.

Football In Post Began In 1920 With Players Wearing Duckin's, No Helmets

Do you remember when the following business men, ranchers and farmers were thrilling Post football fans on the local gridiron instead of buying merchandise to sell, raising cattle for your consumption, growing cotton for the market and performing other business services for your benefit? The list, of course, is not complete but it will turn back the calendar for a few of you and make you realize how time flies.

"To Heck With Old Tillery" Is On Bing's Tongue Once A Year

Coach V. F. Bingham of the Post Antelopes and Coach Clarence Tillery of the Slaton Tigers have much in common and are the closest of friends except once a year when their teams meet in football.

Mrs. S. C. Hudman, accompanied by Mrs. J. W. Jackson of Stamford, left Wednesday for Los Angeles where they will visit for two weeks with Mr. and Mrs. H. L. Hanson and new baby.

Twist The Tiger Tails Again!

Both took their present jobs four years ago, and each is given up to be one of the best coaches in District 4-A.

Whenever Slaton is playing any team besides Post, Bingham is rooting for the Tigers to win and vice versa.

Tillery Helped Post Last year after the Post Antelopes won the championship of the South Half of the district, Coach Tillery devoted a lot of time and thought to helping Bing and the Antelopes win the district and the bi-district championships. If Slaton couldn't have these honors, Tillery sincerely wanted them to go to Post.

Bing told the Post Dispatch this week that he will do the same for Tillery and the Tigers if they defeat Post tomorrow.

But Friday, Nov. 11, on the occasion of the annual football game between Post and Slaton, Bingham and Tillery will be enemies. Each will be out to win the honor for himself and his own boys.

Tomorrow and tomorrow only—until this time next year—Bingham will be yelling "To Heck With Old Tillery."

School Band Adds Plenty Of Color To Football Games

Here are the people who play the nice music and put on the colorful demonstrations at the half at Antelope football games: Merle Jenkins, who is serving his second year as director of the Post School Band, and the following musicians:

Flutes—Tommy Bird and O. K. Bowen. Baritone—Haskell Odum and Jimmy Bowen. Drums—Joy Stewart, John Boren, Jim Boren, Betha Williams and Janie Shepherd.

Accordions—Willie Anne Mathis and Wilma Welch. Cornets—Melvin Garner, Sue Belle Brister, Wayland Hood, Gene Young, Larry Joe Sanders, Charles Osborne, Keith Bird, Ambrous Gray and Wilburn Wheeler.

Bell lyres—Helen Jean Hayes and Jean Calo. Basses—Jim Bob Porterfield and Boyd Bowen.

Clarinet—Meiba Carpenter, Sue Gillham, Kenneth Rogers, Gay Lord Anderson, Charles Bird, Mary Jo Williams, Junelle Ticer, LaJuan Davis, Danny Tillman.

(Continued on Page 16, Col. 2)

Both teams are undefeated in conference play, Post defeated Seagraves 19-6 and Slaton beat O'Donnell 56-7; Post won over Tahoka 70-0 and Slaton outplayed them 25-12.

Coach Clarence Tillery of the Slaton Tigers tentatively is planning to start the following players: LE, Norwood; LT, Moore; LG, Young; C, Huckabay; RG, German; RT, Co-Capt. Williams; RE, Briggs; QB, Cecil Bybee; LH, Co-Capt. Carl Lewis; RH, Lambert, and FB, Willis.

Probable starters for the Antelopes are: Center, Billy Lee Smith; Guards, Calvin Storie and Jack Schmidt; tackles, Maurice Steizer and Buddy Davis; ends, Gordon Carey and Jerry Odum; quarterback, Jack Kirkpatrick; left half, Ronald Joe Babb, right half, Norman Cash; and fullback, Roy Wade.

Wanda Rodgers accompanied by Betty Thompson of Lubbock will spend the weekend in Odessa with Mrs. Norman Orr.

Mrs. Emmett Castleberry, telephone operator, has been ill with flu at her home here this week.

Crosbyton Chiefs Are Strongest Team Faced By Antelopes So Far This Year

The Post Antelopes looked better losing to Crosbyton than they did winning over Snyder. This was Coach V. F. Bingham's first comment to the Post Dispatch about last Friday's non-conference game here in which the Crosbyton Chiefs were winners by a 20-13 score.

"The Chiefs tackled and blocked us harder than any other team has done this season," the coach explained. "The visitors were determined boys who played a good clean game of football and they deserved to win under the circumstances."

The coach said that in an effort to save some of his injured first stringers for the Slaton game, he started his second stringers against the strong District 3-A opponents. The boys got off to a bad start and, although the Antelopes played good ball, they were unable to buck the opposition.

Hard Tackling Wins

The Chief's first touchdown was made in the first quarter when Fullback A. Rethal went over from the one-yard line. The kick by Quarterback L. Hargis failed.

In the second quarter Hargis went around right guard for about 8 yards and another score. Hargis then kicked the extra point to make the score 13-0. This touchdown was made possible through the Chief's hard tackling deep in the Antelope territory, Bingham said.

The Antelopes showed that they had a lot of fight at this point by staging a quick comeback which tied the score 13-13 in the third quarter. The first Antelope touchdown was made in the second quarter when Left Half Ronald Jo Babb went around right end for 26 yards. Quarterback Jack Kirkpatrick booted the extra point.

In the next period, Kirkpatrick plunged over from the one-yard line, but his attempt at conversion failed.

Defeat came in the last period when Rethal went over on guard for about 7 yards. Hargis kicked the extra point.

Post Juniors And Eighth Graders Defeat O'Donnell Teams On Post Grid Thursday

The Post High School Junior football team eked out a 7-6 victory over the O'Donnell Juniors on the local gridiron last Thursday night. It was the second junior victory for Post over O'Donnell this season, the first having been to the tune of 32-0.

Reserved Seats Going Fast For Armistice Game

The 264 reserved seats on the east side of the Post Antelope Stadium were going fast this week, Supt. G. R. Day said. The seats were set aside for the Post-Slaton game because of popular request.

The reserved section on the west side of the stadium was sold for the season in September.

Although Slaton fans are expected, like local fans and fans from surrounding cities, to crowd the local stadium, Slaton school officials said they preferred not to have a reserved section.

Although the Chiefs were the strongest competition which the Antelopes have faced this season, they did not give the Antelopes their worst defeat.

The highest scoring team against the Antelopes this year has been the Levelland Loops, who gained 9 points over the locals on Oct. 28.

Bingham said he was proud of his boys for holding their own as well as they did against the Crosbyton Chiefs and they showed a noticeable improvement since Oct. 28.

Mrs. L. H. Ingram and Ruth Noles accompanied their brother-in-law and sister, Mr. and Mrs. Eldon Thompson of Lubbock, to Throckmorton over the weekend where they visited in the home of their parents, Mr. and Mrs. A. Noles.

Only three boys who played in the first game played last Thursday night. Nine boys who played the first time were purposefully held back in order to conserve their strength for the Crosbyton game the following night, Coach V. F. Bingham said.

The junior game was followed by a game between the O'Donnell Eighth Graders and the Post Eighth Graders with the locals winning 27-7.

All four of the local touchdowns were made by End Buddy Caylor. John Sullivan, who also played in an end position, did an outstanding job, Bingham said.

The Eighth Graders showed wonderful possibilities as future Antelopes. Every boy who played did well. To mention a few, the coach listed James Dye as a good quarterback; Nolan Williams who did a fine job of downfield blocking and defense; Mason Davidson, Randall Lawrence and "well, all of them. Every boy who played showed a lot of hustle and promise," Bingham said.

Order Of Payment Of National Service Life Insurance Dividends Is Explained

The lower the final three digits of his serial number, the sooner a veteran will get his National Service Life Insurance refund, the Veterans Administration has announced through the Associated Press. The check-mailing will begin in January.

Under the procedure, veterans whose serial numbers end with 000, 001, 002, 003, 004, 005, 006, 007, 008 and 009 will be in the first group mailed checks.

In the second group are veterans whose serial numbers end with 010 through 019. Next come those with serial numbers ending 020 through 029.

This procedure continues until the final group—990 through 999—is reached.

No Deadline Given

Approximately 16 million veterans are entitled to repayments totaling \$2,800,000,000. Checks will range from a low of 90 cents to a high of \$528, depending upon the amount of insurance a veteran carried and the length of time he paid premiums.

So far, nearly 13,500,000 veterans have applied for refunds. Applications are coming in at the rate of about 10,000 a day. There is no deadline for filing. Approximately 10 million checks are expected to go out in the first 10 weeks after payments begin.

Some Delay Possible

Some applicants will miss early payments even if their serial numbers end in low figures. This is due, VA said, to the fact that additional information must be obtained from them. These applications will be handled separately.

In the case of a veteran who had more than one serial number while in service, the VA will go by the number which appears on his insurance.

Then there are some Navy veterans whose serial numbers are split by hyphens which cause them to end in two digits; for instance 987-08-18. In this case the VA said it will disregard the hyphen and go by the 818.

Harold Lucas went to Colorado Springs last week to drive back Mr. and Mrs. Giles Connell's car. Arriving home Thursday night, he said that the Connells planned to go to Fort Worth by train the past Saturday and visit there for a week or 10 days before coming home. Mr. Connell, who has been ill with a heart attack, is greatly improved, he reported. Lucas also said that Mr. and Mrs. John Herd, who have been at their summer home near Colorado Springs for several months, were returning to Post this midweek.

Cletta Buster Will Be Crowned Antelope Football Queen Friday

El Wanda Davies, left, and Katherine Kahler were crowned queens of the annual Post School Carnival held in the school gymnasium Halloween night. El Wanda, who was escorted by Charles Bowen, was winner of the high school contest and Katherine, who was escorted by Billy Penn, was winner of the grade school contest. Runners-up and their escorts were La Rue Stevens and Billy Gwen Jones, high school, and Helen Bowen and Jimmy Minor, grade school.

A feature of the Post-Slaton football game here Armistice Day will be the coronation of the Post Antelope Football Queen, Cletta Buster, at the half.

The daughter of Mrs. I. H. Buster of the Grassburr community, Cletta is a member of the Senior Class who is extremely popular with both boys and girls—as one admirer put it: "Her word is the latest thing out."

Having spent her Freshman year in a Fort Worth school, Cletta entered Post High School three years ago as a Sophomore and was chosen class favorite. She is serving her second term as a cheer leader, is assistant sports editor of the Addax, Post school paper, and is a No. 1 guard on the P.H.S. girls' basketball team.

Oklahoma Man To Referee Game Here

Officials for tomorrow's Post-Slaton football game, which will begin at 2:30 p. m. on the high school field, have been announced as follows:

Referee, Swede Tippin of the University of Oklahoma at Norman; head linesmen, Harvey Dunn and Earl Ince of Lubbock.

D. G. Porterfield Earns High Honor

D. G. Porterfield, junior student at McMurry College in Abilene, was recently initiated along with 22 others into the James Winford Hunt Chapter of Alpha Chi, national scholarship society.

Alpha Chi members are chosen from the upper ten per cent of the junior and senior classes. They are elected by the faculty and student body on the basis of scholarship, leadership and character.

The son of Mr. and Mrs. Gus Porterfield, D. G. is president of the junior class at McMurry. He is a member of the Ko Sari, men's social club, the Science Club, and is chairman of literature for the Christian Foundation. His academic major is chemistry.

Modern Football Is For Sissies, Writer Charges

Football has degenerated into a sport for sissies.

Charging that the T-formation and unlimited substitution rules slow up the game and make it impossible to produce the colorful and 60-minute players of the past, noted sports writer Dan Parker says in the November issue of Cosmopolitan magazine that the modern high-pressure coach, in his quest for personal glory, has brought about the game's emasculation.

Specialty Men Needed
According to Parker, "the triple-threat man has given way to the single-specialty artists, and any coach who doesn't have a point-after-touchdown kicker, a punting specialist, a spot-pass receiver, a surprise running-play soloist, and a half-dozen other virtuosos on the bench, just doesn't belong in the business."

It's Unbelievable
As an example of what he calls "this era of specialization," the sports authority cites the record of Yale's Billy Booe who, in four seasons of football, scored 97 points although he was actually in the game for only two minutes. Booe kicked 79 points after touchdown without using up a single second of playing time, since the clock is stopped during attempts at conversion.

Fertilizer Supply For Coming Year Is Looking Good

The fertilizer situation for 1949-1950 is a little brighter than it has been for several years. The domestic supply, says Lewis Herron, Garza County agricultural agent, for the coming year is expected to be well above the supply for last year which was the highest on record for agriculture.

This expected increase does not mean that every farmer or area will get all the fertilizer they may need at the right time, says Herron, because the transportation and shipping facilities can't handle so much at one time. This situation can be helped a great deal if farmers will purchase their supplies of fertilizers early.

Fertilizer can be stored safely on the farm, says Herron. It must be stored in a dry place that is well ventilated. These early purchases will ease the demand on both manufacturing and transportation facilities and will spread the load uniformly throughout the year. This will make it possible for everyone to get the fertilizers they need.

Herron says there should be from 15 to 25 per cent more nitrogen fertilizer; 10 to 15 per cent more phosphates and about 10 per cent more potash available during the coming year than was available last year.

This additional fertilizer along with good farm management should enable farmers to maintain their high rate of agricultural production, says Herron.

To add a spicy, sugary taste to plain muffins, mix sugar and cinnamon and sprinkle over the muffins before baking.

In addition, he scored 18 points on six field goals, requiring about 15 seconds for each play. He missed one field goal attempt and, on one occasion, was allowed to make the game's opening kick-off.

"Football, the red-blooded sport, which called for physical prowess, teamwork, courage, and resourcefulness," says Parker, "has degenerated into a species of chess game, in which the rival coaches do all the thinking and use their players as pawns. . . . Under the new rules it is almost impossible for a pass thrower or a kicker to have his hair mussed."

Brother Of Post Residents Killed

Mr. and Mrs. Ray Young, accompanied by Mr. and Mrs. Jeff Huddleston of Grassland, left yesterday afternoon for Sidney in Comanche County, to attend the funeral of Mrs. Young's and Mrs. Huddleston's 18-year-old brother, J. W. Ward, Jr., who was killed in an automobile accident at 10 o'clock Tuesday night.

Survivors, besides Mrs. Young and Mrs. Huddleston, are his parents, Mr. and Mrs. J. W. Ward of Sidney; another sister, Mrs. Jimmy Sanderson of Grand Prairie; and seven brothers, Arthur of Lufkin; Johnny Q. of Austin; Loyd of Stamford; Paul and Wayne of Sidney; Eugene who is in the Army in Georgia and Leroy who is serving with the Navy in England.

Ronnie Bouchier, son of Mr. and Mrs. Tom Bouchier, has recovered from an injury received while playing football at New Mexico Military Institute in Roswell and was able to attend a game last weekend. He had been hospitalized for several days for a broken rib.

Speeding Caused Wrecks And Loss Of Life In Area

Sheriff E. M. Bass, weary from investigating more wrecks than he had fingers to count thereon, said yesterday that from now on, "anybody caught breaking the speed limit in Garza County will receive a ticket."

All of the fatal and near-fatal accidents which have happened near Post during the past week have been caused by speeding, Bass said that he and Peace Justice Jim King learned on investigating them.

"This speeding must stop," the sheriff warned. "If the people don't think enough of their lives to drive carefully, they might at least think of the money their recklessness is costing when we start slapping on those \$25 fines."

Bass said if the people who drive fast could have been with him Sunday and helped pull the dead people out of the wrecked cars, they would be impressed. "If I have to keep

pulling dead kids out of cars like I had to do Sunday in that Justiceburg wreck, I will prefer to have a job pulling bolts."

The sheriff said that recently, while he was giving a ticket for speeding, the occupants of his car counted at least 10 passing cars that were breaking the speed limit or otherwise violating traffic laws.

King told a Post Dispatch reporter that the highway patrolmen were referring to the Post-Slaton highway as "death road," there having been an average of one wreck a day on it during the past several weeks.

One of the Tigers to watch tomorrow is Bob Lambert, 130 lb. right half who is both fast and slippery. This little fellow has been responsible for quite a few of Slaton's 76 points made in conference play this season.

District VFW And Auxiliary Meet To Be Held Soon

A district meeting of the Veterans of Foreign Wars and Auxiliary will be held at the V.F.W. Home at Thirty-Fourth Street and Avenue N in Lubbock. Several members of the local post and auxiliary are planning to attend.

Registration will begin Saturday afternoon, Nov. 19, and a dance will be given that night. A joint meeting of the V.F.W. and Auxiliary will begin at 10 a. m. Sunday.

Lunch will be served at noon, and the Auxiliary will have a closed meeting at 2 p. m. All members of the local auxiliary are urged to attend. Mrs. Johnnie Rogers, president, said. In addition to the business meeting, there will be a school of instruction and installation of several officers.

Herbert Hoover is the only man of Swiss descent to be president of the United States.

Lake, author of a book in the New Testament, was a physician.

The score by quarter follows: At the end of the first, New Deal 8, Post 3; at the half 13 and 11; 15 and 12 in the third and finally 21 and 19. The post girls were unlucky and a bit nervous over facing a determined team and this accounts for their loss in Tuesday's opener. Coach Day believes.

After watching their teammates lose a good fight the Post A team went on the court with a strong determination to defeat the New Deal A sextette. The visitors led the first quarter, 8-6 but fell behind early in the second, and never caught up. Good teamwork and smooth handling and passing of the ball led the Senior team to victory. In the spotlight when the game began were Juanella McClellan, Peggy Johnston and Bonnie Gray, forwards; and Cletta Buster, Mary Nell Bowen and Barbara Luby, guards. In the last of the second quarter, Gay Pierce replaced Buster who had four fouls. Buster returned in the fourth and stayed until late in the quarter when she was charged with her fifth penalty.

Wagoner's roster was composed of Wanda Arent, LaRena Fabian, Patsy Hood, Sue Benningfield, Iva Wortham, Marie Longley, Floyd Mae Teeter, Jo Ann Myers, Perkins, Looney, Nicholson and Agnew.

In the first part of the second period, the teams were tied with 8 points each. The Post girls were ahead at the half by five points and held their strongest lead of 14 points at the end of the third. They won over the visitors by a score of 28-26.

GOSSIP ABOUT GARZA GUYS AND GALS

Gay Nellie Writes About Football Heroes

Gaynellie will attempt today to let you in on what kind of guys have put Post High School on the football map this season. And she would like to go so far as to say that come Friday afternoon these fellows can be referred to as Champs of south half of district 4-A. GOOD LUCK BOYS!

Calvin Storie, a senior, co-captain and favorite of his class last year, is giving college much serious thought these days, we are told, and it's not a bad thing for him to be thinking about as he only has seven and a half months more to decide which institution of learning he will choose when Post High Days are over! His favorite pastime seems to be giggling.

Also an Antelope co-captain, Ronald Joe Babb, may be doing a lot of serious thinking, but we bet that Juanella McClellan is ahead of college in his way of thinking. Ronald was class favorite two years ago when he was a Freshman.

Friday is it! Jerry Odom and Gordon Carey will find out where they stand with their girl friends, since both have been dating Slatonites. We'll try to find out and let you know which team these sweet young things from Slaton yell for.

Billy Lee Smith is slipping! For years he has been dating Sr. girls, but we wonder if he does not know that Lenona Stone is only a Freshman?

Dating Anita Kennedy, telling jokes, serving as Junior Class president, and praying to graduate from high school take up all Norman Cash's time. The cute, quiet, little guy that has been dating Mary Ann Shults lately, we hear, happens to be Bobby Terry.

"Pistol Packing Stelzer," they call him since he had such fun with a water pistol following a Rainbow party recently, deserves a lot of credit for the fine work he has done on the gridiron this season. Maurice was Sophomore Favorite two years ago. He has been dating Odella Morgan.

Jack Kirkpatrick is equally as good on the basketball court as on the football field. We can't remember when he wasn't going with Betty Hagood, but Glenda Young seems to have gotten into the act recently.

Don Jones, we were told by a high school gal, is "definitely mean." And when we asked who his girlfriend was, our grapevine replied, "all of them."

W. O. Fluitt loves Barbara N's. If it isn't Barbara Northcutt it is Barbara Norris. What a mix-up! W. O. was Halloween King of the Sophomore Class at the carnival recently.

Roy Wade, Post's only south-paw gridiron star is bashful and quiet, but we suppose that Juniors like them that way as he was recently voted Junior Favorite.

Buddy Davis has really got the spirit. He doesn't care whether it's in a football game or on the school yard, he's always tackling somebody.

Jack Schmidt is always getting in a jam! FOR EXAMPLE—He was taking his girlfriend, Sissy Bowen, spooning the other night when he saw Daisy Holly's car go by and it never entered his mind that Daisy's father was driving the car when he flagged it down and then it was too late to do anything but ask Mr. Holly to take him and his girlfriend driving. A mighty good chaffeur Mr. Holly turned out to be.

L. W. Evans has gotten in quite a few quarters this football season and is expected to be a star on the B basketball team when the games get under way in a few weeks. He is president of the Freshman Class.

Lula Bess Teal and football are the loves of Donald Gosslett's life.

Box King, who is well-liked by everybody, is Fish vice-president and Class Favorite. Girls? He has millions of them.

"just being alive," Don Brown, has been dating Betty Hagood.

Junior Halloween King Billy Jones spends his spare time breaking-up and making-up with his girlfriend, La Rue Stevens.

Next to football, Pat Stephens likes telling jokes and racking his brain to think up clever sayings.

Darrell Stone, the Dispatch's own printer's devil, is "out of this world" as far as the P.H.S. girls are concerned. If such an election were held we hear he would be voted the "most swooned over" boy in high school.

Although Cordell Custer is a little guy and "takes a beating from the whole school," as one kid told it, he doesn't take a thing off a visiting gridiron rival.

We all have our troubles but no doubt no one has more trouble than does Billy Ross Sullivan trying to memorize poetry. And football boys do have to make good grades to stay on the team, you know.

Roy Josey not only has the prettiest eyes of any guy in town but he sees well with them. We think she (Dot Jones) is mighty cute, Roy.

That blonde who attracts Cletus Graves attention is Jackie Faye Williams.

While doing the research for this column we found out something we didn't ever know before and that is that eight boys on the Antelope team were reported to us to be perfect gentlemen. Nobody could relate any gossip to us or tell us anything about their personal life. Now can you imagine a boy that quiet? Well, anyway, that's what we were told about Ross Seif, Topper Bilberry, Roy Briggs, Fred Long, Curtis Williams, David Tyler, Carroll Light and Gene King. But we still have our

doubts.

If you see something coming down the hall in P.H.S. ringing a bell and jumping to the other side of the corridor, think nothing of it. It is just one of the Antelopes' managers, Leon (Sonny) Miller "playing like" he is a typewriter and has come to the end of the line.

Charles Bowen, Antelope manager the past two years and president of the Sr. class, detests being called by his name (Charles RILEY), and his ambition is to be a casanova.

Although standing side by side Coaches Bing Bingham and Jess Wright look like Mutt and Jeff, they have worked well together and are responsible for a good team this year. Thanks fellas!

We've got a swell team but with a good looking band like we have, our games are much more colorful. Barbara Norris, who was a majorette, has moved up to the position of drum major and is doing a fine job.

Barbara was Soph. Hallows' queen candidate and is vice president of her class. She is popular with the boys and W. O. Fluitt seems to be her latest flame.

Jamie Shepherd, Joy Stewart, Nelda Floyd, Willie Ann Mathis and Melba Carpenter, majorettes, and Wayne Kennedy, twirler, popular P.H.S. kids, add a lot of glamour to the snappy band.

We say hats off to Merle Jenkins, director, for the fine band he has trained the past two years which is far above many bands which have been playing a longer time.

What would a football game be without a pep squad? The local squad has a long list of peppy yellis which are well done under the direction of the following cheer leaders, who were elected by their respective classes at the first of school:

Cletta Buster, Sr.; Peggy Johnston, Jr.; Winona Eranson, Soph.; Maxine Baylis, Fish, and Juanella McClellan, 8th grade.

PHS Homemaking Club Assists At Annual FHA Meet

A musical program, directed by Mrs. J. A. Stallings, was presented by the Post High School Dinner Belle Club on the morning program of the annual fall meeting of the Area 2 Future Homemakers of America Saturday at the Jayton High School.

Songs presented by the local group were, "Don't Cry, Joe," "I'll Never See Maggie Alone," "I'm Afraid To Love You," "I Wish I Didn't Love You So," "Someone Like You," "Elmer's Tune," "Someday," and "It's a Great, Wide Wonderful World." Singers were Nelda Floyd, Anita Kennedy, Mary Nell Bowen, La Rue Stevens, El Wanda Davies and Barbara Norris.

Club members attending were Delores Runkeis, Barbara Norris, Betty Hagood, Margaret Bingham, Bobbie Dickson, June Vardiman, Anita Kennedy, El Wanda Davies, Mary Nell Bowen, La Rue Stevens, Nelda Floyd. Mothers attending were Mesdames L. P. Kennedy, Jr., Roy Stevens and Curtis Davies. They were accompanied by the sponsor, Miss Bessie Pitts and Mrs. Stallings.

The meeting was attended by more than 60 persons from 5 schools in 26 West Texas counties of the area.

The morning program, in addition to the Post musical numbers included musical entertainment by homemaking students of the Lamesa High School and slides taken by the area FHA director, Miss Esther Sorenson, of Lubbock, during her vacation in Europe last summer.

A barbecue lunch was served at noon in the back yard at the home of Jayton School Supt. J. S. Hines.

A business session was held during the afternoon.

The local Dinner Belle Club is an FHA chapter.

Post Men Attend Football Meeting

Coaches V. F. Bingham and Jess Wright, Supt. G. R. Day and Principal S. D. Strasser of Post High School attended an important District 4-A football conference meeting last night at Levelland. Decisions will be announced next week, Supt. Day said.

Band Sweetheart Is Presented At Game On Friday

Sue Gillham, daughter of the Rev. and Mrs. T. M. Gillham, was introduced as Sweetheart of the Post Antelope Band during the half at the Post-Crosbyton game last Friday night on the Post Antelope field.

Just before the presentation, the band marched down the field and formed two straight columns on the 40 and 50 yard lines, and the lights were turned off. Then a six-foot red crepe paper heart, edged with white ruffles was set-up between the two columns.

Sue was driven to the "stage" by Giles Dalby and Wayne Kennedy in Giles' convertible, which was illuminated by a spotlight. After Sue walked through the heart, Wayne presented her with a dozen roses on behalf of the band then he and Giles escorted her to her seat on the sidelines.

Sue wore a brown suit with green accessories and a bronze corsage of mums.

Leon Gray was skinned, cut and bruised badly last Friday afternoon when he lost control of his motorcycle and was thrown from the vehicle. The accident happened in southeast Post near the site of the old Tomlinson Dairy. No bones were broken.

School Newspaper Is Enlarged Here

The Addax, Post High School newspaper which is published every other week by the Senior Class, was enlarged this week to accommodate additional news and advertising which the project has gained since it started publication several weeks ago.

Each page was made a column wider and three inches longer. It is now a standard size tabloid.

The Addax is printed by the Dispatch Publishing Company.

Mr. and Mrs. Dan Vandell of Levelland spent Friday and Saturday with Mrs. Vandell's parents, Mr. and Mrs. G. E. Fleming.

Linda Robinson, daughter of Mr. and Mrs. B. M. Robinson, Jr., spent the weekend in Loop with her great uncle and great aunt, Mr. and Mrs. Bill Barnett, former Post residents.

Mrs. J. T. Shelnuttt, who spent the greater part of the summer trying to win a new Ford in an Avon Products sales contest, learned recently that the three Fords given to first place winners went to Ohio, Mississippi and Kentucky. Second place winners received sets of silver and third place winners won other types of merchandise. As Mrs. Shelnuttt placed in the third bracket, she will receive four sheets and four pillow cases as a prize.

Deferred Grazing Pays Off On Ranch In Menard County

Range management means something to Troy McWilliams, Menard County ranchman, and his interest came as a result of his son's 4-H Club work. The son, M. D., for several years has made an outstanding record with his 4-H livestock and lately he has developed into a top judge of grass. Together, according to Menard County Agent R. E. Nolan, they have put into practice what they learned.

"Until my son got me to thinking about the different grasses, I thought grass was grass," says McWilliams. "He convinced me that the rating of grasses into good, fair and poor classifications really means something. Together we looked over our range and concluded that there were not very many of the good grasses present. Then we asked ourselves the question: 'Why don't we have more of the good grasses on the range?'; and we figured I had been overstocking and some of the range needed a rest."

McWilliams recently gave County Agent Nolan the figures covering the results of the deferred grazing demonstration and it paid off. One 640-acre pasture was grazed continuously from June to October in 1947, and was then stocked with 30 head of cattle and 225 yearling sheep. The sheep were sold in June, 1948, and their average weight was 74 pounds per head.

This same pasture was rested from June, 1948, to October, 1948, and beginning in October the same number of cattle and yearling sheep were grazed as in the previous year. In June 1949, the sheep were sold and their average weight was 87 pounds per head.

Here are the pay-off figures. McWilliams reported to County Agent Nolan that he actually produced 2,925 more pounds of mutton from this 640-acre pasture by deferring it for a 5-month period during the growing season than he did when it was grazed continuously.

grazed continuously. He also noticed that the yearlings sheared about one more pound of wool per head in June 1949 than in 1948.

According to Nolan, rancher McWilliams is thoroughly convinced that the total pounds of mutton and wool produced is more important than the number of head grazed on a given area. He is planning to build cross fences so that he can practice deferred grazing on more of his pastures.

Nearly 750 Trees Are Growing Along Post-Slaton Road

There are 748 trees, including the willow clumps but not counting the mesquite and cedar bushes, on the Highway 84 right-of-way between the Post city limits and the Slaton city limits. This does not count the trees on private property along the highway.

Four hundred thirty-five trees, including those in the roadside park, are on the right hand side of the road from Post to Slaton.

The majority of the trees are in Garza County, and the longest distance without trees is in Lynn County. The short area in Lubbock County is almost as dense with trees as the Garza County part of the highway.

The trees are planted in bunches at intervals of a mile or more in the Garza County part of the highway.

The Post Dispatch reporter, who made the count Sunday with the help of an assistant, asked several people to guess the total number of trees. Before making the count she had guessed 100 and had laughed at her assistant for guessing 500 trees. Other guesses averaged 75 trees.

S. P. Anthony Is Claimed By Death

Funeral services for Samuel Perry Anthony, former Southland resident who died at 5:35 p. m. Sunday at his home in Amarillo, were held Monday afternoon at Southland at the Methodist Church, with the Rev. A. F. Harmonson, Southland Baptist minister, officiating. Burial was in the Southland cemetery, under direction of the Blackburn-Shaw Funeral Home of Amarillo.

Anthony, who was 87 years old, had been in bad health for some time. He was a farmer in Southland for 29 years before moving to Merkel six years ago, and then to Amarillo in 1947.

He is survived by his wife; two sons, Sam of Brownfield and W. W. of Amarillo; four daughters, Mrs. R. D. Wickoff of Farmington, N. M.; Mrs. Walter Lincoln and Mrs. Andrew Jackson, both of Clyde, and Mrs. T. E. McRae of Amarillo.

James Lucas, who is stationed at Albuquerque, N. M., and Miss Marguerite Ann Simmons, also of Albuquerque, arrived Wednesday of last week to spend several days with his parents, the Allen Lucases. While here, they visited with other members of the family and, with the Allen Lucases, they visited James' grandmother, Mrs. J. M. Matsier, in the Grassburr community. Mrs. Matsier accompanied them back to the Lucas home for several days.

Will Cravy, who has been seriously ill, is improving. He has been ill from an infection that developed after he had some teeth extracted. His son, Charlie Cravy, and family of Morton and daughter, Mrs. George Waldrop of Hobbs, N. M., visited him last week, and Mrs. Waldrop remained for several days.

Mrs. Edna McClendon visited her mother, Mrs. M. E. Kennedy, in Post Saturday night and Sunday.

Mrs. Mayes Improved
Ward has been received here that Mrs. Henry Mayes, the former Melva Willoughby who lived for many years in this community, is able to walk again after a long period of being bedfast. Mrs. Mayes, who recently moved from Williams, Ariz., to Fort Davis, received a broken hip bone and leg, and ankle injury in a car accident 18 months ago and at that time, it was believed that she might not ever be able to walk. Last spring she broke the knee cap, on the same injured leg, in a fall.

Ralph Lake arrived here via motorcycle last week to visit his aunt, Mrs. Will Cravy, for the first time in 19 years. He is a son of Mrs. Cravy's sister, Mrs. Peggy Lambert.

Mrs. Bert Cash And Kenny Cash Win News Prizes

Last week's first prize of \$2.50 went to Mrs. Bert Cash for the news of Gene Carpenter's injury while arresting a Mexican. Carpenter is a Lynn County deputy sheriff. Mrs. Cash also sent other odd bits of news, in addition to her regular weekly column. These included an item about some "little spooks" making silent calls on Halloween night.

The second prize of \$1.00 went to Kenny Cash for the tip regarding the Golden Wedding Anniversary of his parents-in-law, the S. M. Pucketts.

Honorable mention went to Jackie Odom for reporting Sally Veach's accident; to Mrs. H. F. Anderson for reporting a wedding that the Post Dispatch would have overlooked otherwise; to Mrs. H. V. Williams for news of Helen Nita Carr's illness; to Mrs. V. A. Lobban, to Mrs. R. J. Key and Mrs. George Evans for news of Joe McCowen's accident; to Mrs. H. F. Giles for information concerning a friend's tragic accident; to Mrs. Lorena Dawson for reporting her cotton pulling experiences; to Sheriff E. M. Bass for information about the resignation of Walter Mathis; and to Fred Robinson for the tip about twin prisoners eating lunch here last week.

The contest will continue indefinitely with a total of \$2.50 offered each week in prizes.

Faced With Problem Of Watering Cattle In Town, H. A. Caywood Finds A Supply

H. A. Caywood had a water well drilled on his property in northwest Post and found water at 58 feet. He expects to put a windmill up in the near future, and the water will be used for the cows which Mr. Caywood is keeping on two lots there. The well was drilled by B. C. Henderson.

Caywood, who recently moved to town from a farm, said he plans to build a dwelling on his property in time.

In answer to a Post Dispatch reporter's question as to what is known about the water supply under Post, a city water official said that to date only one good well had been brought in within the city limits, it having been used by the Santa Fe in former years.

"We do not know that there is not good water at some depth under Post, but we do know that the cesspools over town drain into the sand which carries the sewerage at times like a river. We recommend that persons contemplating the drinking of water from private wells make sure that the water has been tested by the State Health Dept. The official tests can be made in Lubbock free of charge, and we will be glad to arrange the tests."

Caywood indicated that he does not intend to use the water from his well for human consumption until the quality of his well is proven.

Mrs. Ava M. Paddock, representative of the Duncan Coffee Co. of Houston, was here on business Friday.

Price Of Cotton Loans Is Based On Gross Weight

Mike C. Custer, secretary of Garza County PMA, stated that the Cotton Loan Program is increasing with the beginning of harvest season for cotton.

Custer stated that the loan price is paid on the gross weight of the bale and that no weight is deducted for bagging and ties. Operators who desire information regarding Cotton Loans may call at the local PMA office.

A number of operators have called at the Garza County office requesting loans on warehouse receipts for grain harvested from farm in adjoining counties. To save time it will be advisable for these operators to present their receipts at the county office in the county where the grain is produced, since it is impossible for the Garza County Committee to approve their loans.

Mr. and Mrs. Walter Crider, accompanied by Mr. and Mrs. D. F. Smith of Brownfield, left Tuesday for Galveston to attend a national convention of the American National Insurance Company, for which Crider is local agent and Smith is a district superintendent. Crider was one of three local agents in the district to win an expense-paid trip to the convention. They will return Sunday.

With Good Management Cafeteria Here Serves Hot Meals, Barely Breaks Even

The Post school cafeteria, which is serving an average of 240-250 meals a day, is barely managing to break even, the increasing cost of food being offset to a limited extent by the food which the government furnishes free of charge through the Surplus Commodity program and the federal aid program which pays 7 cents per meal served with milk and 5 cents per meal served without milk. Two hundred fifty-six plates were served Monday.

Each meal costs the child 25 cents. This, with the 7 or 5 cents paid by the government, gives the cafeteria a total of 32 or 30 cents with which to buy each meal which is served.

With good management, the cafeteria is able to serve a well-balanced hot meal each day, the following menu (which was served Tuesday) being typical: Roast beef and gravy, green beans, combination salad, peach cobbler, milk and light bread.

The food, which is furnished by the government, varies according to the season and what foods are surplus. Recently it has consisted of canned peaches and fresh apples. The government surplus food is shipped to a Lubbock distribution center by rail and delivered to the cafeteria here by truck.

Mrs. Marvin Pennington is the head cook, and her assistants

are Mesdames Isaac Brown, Reece Hodges and E. W. Hood.

One of Slaton's stars this year is Jerry Huckabay who has been going great guns as center and will be in the starting string tomorrow. As Huckabay is only a Junior, the Antelopes will probably meet him again next year.

Judy Thomas, daughter of Mr. and Mrs. R. M. Thomas of Grassland, underwent a tonsillectomy and an eye operation in the West Texas Hospital Monday. She is convalescing satisfactorily at her home.

Levelland Car Is In Bus Collision

Mrs. Alice Bacon, 44, and daughter, Jolene, 11, of Levelland were in a car collision with a T.N.M.&O. bus driven by Mr. Turpen Sunday afternoon east of Southland on the Post-Slaton highway. They were not injured.

Mrs. Bacon, who was driving a 1948 model car, charged that the bus pushed her off the pavement and onto a soft shoulder, causing her car to overturn. Although her car was damaged considerably, nobody was injured.

Mr. and Mrs. Ted Hibbs and a number of guests from Post will attend a Service Award Dinner in the east ballroom of the Hotel Lubbock at 7:30 o'clock the seventeenth of November. The dinner is being sponsored by the Southwestern Public Service Company of which Mr. Hibbs is local manager. Invitations were issued early this week.

The Ford folks have really been on the go this week. Tom Power spent Tuesday in Dallas, leaving Lubbock via Braniff airlines at 6:40 a. m. and returning that afternoon at 5:30 o'clock. If you are among the many people who are allergic to cottonseed, you need not avoid eating foods which contain cottonseed oil.
