VOLUME XX POST, TEXAS "OUT WHERE THE WEST IS THE WEST" THURSDAY, AUGUST 6, 1946 "THE GATEWAY TO THE PLAINS" NUMBER 34

and Days, School Days... golden rule days... are around the corner. As a result of this busy season ahead, Dry Goods stores arranged attractive and clever school dresses with little Red School etc. The window shows appropriate school day suitable clothes for Johnnie Doe. The window was by Bill J. Davis, new store by Nite gaine, Bill.

You Hair-Minded?—ask Mac Young at the Unique Shop. The question is timely as mothers of school daughters are making inquiries about permanents for their hair. Nice, curly, well-groomed hair should be included, we think, in saying, "Sugar and Spice everything nice—that's what boys are made of,"—so why not buy on that "Permanent" permanent for your young girl?

footing in these days? Well, no need at all. Footwise, says Able Haws, use Dr. Foot Powder. It's ideal for first aching feet and it's in a tin to be worn on socks. By the Able was first prize in a window display contest held by Dr. Scholl's and Able was notified of the by telegram recently.

Ball was the topic of conversation while drinking a very cup-a-coffee with Mrs. Ida at White's Cafe early morning. The merits of the best pitchers in the league, that of the Post club and Miller of the Jal club, who pitted against one another Sunday, were being discussed along the counter by ball

"playing catch" between the catcher and "tops" in all tactics we know. But the roving reporter sees a one who like a battery to lay into the ball, like to see slider doing the impossible against the fence, like to come rounding third with the play at second. Yes, sir, it's a hip-swagger running when we brace the sun to the leads play.

Patler is what you'll find close to teenagers. The good old phonograph come back into its own. Benny Goodman, Xavier Jimmy Dorsey and a few musical boys are not the flames of the hobby-sox through the Oh-oh and Ah-oh might lead you to believe that Mason & Company's record is the gathering of many a group these days to play and select their favorites. Our best secret—"Mama Pearl," has succeeded in the matter fever (as we see others in the Dispatch) to the roving reporter many a debate about the new such as "Bing and the etc. etc. etc."

styles in modern dominate the bedroom style picture hanging at Lanotte's Furniture Store to suit every taste and budget were selected. Lanotte when he visited furniture markets in Virginia.

won't be long now," says Lane in talking about the opening of his new building on North Broadway. The new structure is fast nearing completion. Front office fixtures appointments lend a very airy atmosphere. The roving reporter was quite impressed with the new. We hope a new Dodge is displayed in the attractive room come next week.

of Jude's new Chevrolet is being driven by Dr. Glen Kahler. Two-toned, is proving quite with the medicine men. Kahler's new "Chevie" is a blue and white Dr. Willing sporting a beige and

Registration Dates For Post High School Students Announced

Registration of students who will enroll in Post High school for the 1946-47 term will begin on Thursday, August 15, according to Weidon Skinner, principal. In order to acquaint every pupil with State and local academic subject requirements, orientation classes will be held.

These orientations will be given prior to each class registration, said Mr. Skinner. Pupils will then be individually registered by the principal and be given locker assignments. Books will also be issued at that time.

Registration of all students, both boys and girls, who plan to participate in football, basketball and volleyball, will be taken on August 15 at 9 o'clock.

The plan of registration for students who will not participate in the above athletics has been announced as follows: Seniors, August 19; Juniors, August 20; Sophomores, August 21; Freshmen, August 22; Eighth graders, August 23. Registrations will begin at 9 a. m. and will be taken in room 1, (study hall).

General math will be offered to Freshmen in place of Algebra I, Algebra I and II will continue to be offered, and plans are to offer speech and choral club singing. Speech will be a full credit course, said Mr. Skinner, but choral club will be a non-credit.

School proper begins the first Monday in September.

Progress Is Made On Improving Post Airport Last Week

Much progress was made last week toward improving the newly acquired Post Airport, and there is still a lot of work to be done before the field is in top shape for its formal opening and Post's first "aviation day," announced John Loft, Garza county rancher and aviation enthusiast, Monday.

A 2600-foot north-south runway was surveyed and graded, and the east-west runway has also been put in shape and extended to 1800 feet. The north-south runway has been widened to 150 feet and the east-west strip to 100 feet.

Plans are already underway to construct T-type hangars for private planes, and one local plane owner has already constructed a pre-fabricated hangar which will be moved to the post this week.

Runway boundary markers are to be set up within a few days, and telephone poles and other obstructions surrounding the field are to be painted orange and black.

Within the next thirty days, at which time the field is expected to be completed, an "aviation day" will be staged and invitation will be sent to commercial plane representatives and aviation enthusiasts of the area, said Mr. Loft.

1946 Cotton Acreage Harvested To Second Smallest In 60 Years

Mr. Will Wright, Chairman, Garza County ACA Committee has been advised by the USDA that this year's cotton acreage harvested may be second smallest in 60 years. With "normal" yields, 1946 indicated acreage would produce about 9,900,000 running bales. Adding August 1 carryover, 1945-47 supply would be 17,400,000 bales. Disappearance in 1945-47 may total 13,000,000 bales (10,000,000 domestic and 3,000,000 export). This would leave a carryover of only 4,400,000 bales August 1, 1947. Carryover August 1, 1945 was about 11,000,000 bales.

JULY TURNS UP TO BE SECOND DRIEST MONTH

With only 16 of an inch of moisture, July turned up as the second driest month of the year for Post and immediate vicinity, reports J. R. Durrett, who compiles information for the U. S. Department of Commerce Weather Bureau.

May with .06 moisture total was even drier, said Mr. Durrett, and rainfall was also light for both March and April. March precipitation totaled .39 inch, and April .22 inch. Wettest month for the year was June with 2.30 inches and May with 2.12 inches.

For the entire seven months from January through July, Post received 6.60 inches, which compares with 6.70 inches for the corresponding months of 1945.

Hottest day of the year, so far recorded was the 110 scorcher of July 30.

Kermit's Protest Changes Picture In League Play-Off

The disgruntled Kermit Oilers succeeded in winning a protest over Post Tuesday night and have edged their way back into league play, and in general have messed up the works for the four top teams of the league.

The protest came as a surprise to the local club when brought up at a meeting of league representatives Tuesday night at Brownfield, and resulted from a game played at Kermit June 23, in which the Oilers claimed a batted ball struck a Post runner. The play was questioned at the time, but play was resumed and the game was finished with the local team edging out Kermit, 7-5.

Winning of the protest has jolted up the Shaughnessy play-off and throws Post and Kermit in a match on neutral grounds to see which of the two clubs will enter the play-off as the fourth team. League standing before the protest was entered, and as the result of last Sunday's game, found Sundown on top, with Post, Levelland and Seagraves tied for second place, while Kermit trailed the three by one game. Kermit won last Sunday's game from Odessa and immediately entered their protest to contest Post for the one game the locals held over them.

After the protest was considered by league representatives, and granted, the game was scheduled for next Sunday at Seagraves. Following the contested affair, the first game of the Shaughnessy play-off will get underway with the winner of the Post-Kermit game playing Seagraves. At the same time Levelland will be playing Sundown at Sundown in their pairing in the Shaughnessy.

Should the locals be successful in defeating Kermit and go into the play-off, a double-header will be played here the following Sunday with Seagraves to complete the 3-game semi-finals, and the finals will be played August 25 between the two teams edging out in the semi-finals.

Monday night's league conference was attended by Walter B. Holland and B. J. Edwards, league directors, and Ben Howell, local umpire.

Twenty-Four Garza Citizens Receive President's Letter

Commendation letters bearing the signature of President Truman have been received by twenty-four Garza county residents who assisted with the local office of Price Administration.

The letters read as follows: "On behalf of the grateful people of the United States, I thank you for your selfless service in your country's need as a volunteer worker for the Office of Price Administration. With your help, our Nation has been able to protect its economy against the impact of total war and to assure its consumers fair prices and a fair distribution of needed goods.

"As a patriotic citizen, you have demonstrated your loyalty and devotion in a period of great national danger. Your community and your country will not forget your contribution to victory over our enemies and look to you now for leadership and example in the continuing fight against inflation." The letter was signed: Harry Truman, White House.

Receiving the letters were: Will Wright, Ed Robinson, Mrs. Maurice Neff, L. P. Baker, V. J. Campbell, J. E. Robinson, Z. T. Kemp, Mrs. J. P. Manly, Mrs. D. C. Williams, Miss Mabel Ann Mawley, Mrs. Lillie McFae, Mrs. B. E. Young, Miss Bonnie McMahon, Morris Neff, L. P. Baker, V. J. Marvel, W. V. Roy, E. S. Stewart, Willard Kirkpatrick, Cad Webb, Dean A. Robinson, J. R. Hundley, Mrs. Winnie Tuffing.

World War I And II Vets Share Honors As Legion Officers

Veterans of World War II moved into responsible positions in the James C. Cole post of the American Legion to share honors with old members of the organization when the annual election of officers was held Tuesday night.

Five of the nine executive offices were filled by veterans of the recent war, including vice president, Charles G. Galloway, commander, Shelby Camp, second vice-commander, James Minor, adjutant, Glenn G. Voss, sergeant at arms, and E. A. Warren, historian.

Officers elected were: Bill Lester, first vice-commander; U. L. Wheeler, second vice-commander; Dean A. Robinson, adjutant; and Wallace Stewart, sergeant at arms.

The officers will be installed at the next regular meeting, the first Tuesday in September.

FARMERS ADVISED NOT TO BREAK UP ANY MORE OF THEIR GRASSLAND

R. M. Evans, former AAA chief and present member of the Board of Governors, Federal Reserve System, advised farmers that he believed it is a wise policy not to break up any more of their grasslands.

In his interview over a national radio broadcast, Mr. Evans stated, "In fact, one of the things that they are going to have to do just as soon as they possibly can is to put more of their land back into grass, so that it can be restabilized."

Asked what farmers should do with any extra money that they might have now, the former AAA chief said, "The best thing any farmer can do with his money at present is to put it in government bonds and keep it there until he can purchase whatever he needs at reasonable prices."

MUSIC RECITAL TO BE HELD TONIGHT AT HIGH SCHOOL, 8 P. M.

Tonight at 8 o'clock in the High school auditorium music pupils of Mrs. Elmer Long will present a music recital. This is the first public recital of the class and everyone is given a cordial invitation to attend.

Assisting will be V. A. Hartman who will present several accordion selections.

The program will consist of a variety of selections grouped in solos, duets.

Following the recital Rev. I. A. Smith will present testimonials to the group.

Work Program Is Laid Before Post C. C. Directors

One of the most imposing and comprehensive work programs ever to be presented to the Post Chamber of Commerce was that offered Monday night by Sherrill Boyd, newly elected secretary when he laid before the directors a number of projects, and discussed ways and means in which the organization could benefit the town.

Projects discussed included: the city water supply system, sewage disposal system, an improved system on garbage pickup and disposal, method of keeping the business section of town in a cleaner condition, a city park, swimming pool, airport, and a number of others. Boyd in discussing the projects, dropped a suggestion to business men, recommending that substantial wire containers with tops, so that dogs could not tip them over and scatter their contents, be placed at the rear of each business house. "This alone, he declared, "would eliminate a large percent of the wind blown problem." No action was taken on any of the projects Monday night. The directors would like to have written opinions from members of the organization, as well as those from non-members, on any or all of the problems and projects offered. This information would help very much in deciding the work-program, said Boyd. "We will also appreciate other suggestions."

The directors voted to sponsor and continue the county agricultural booth at the Panhandle-South Plains Fair at Lubbock. This county had not missed a show since the fair started in 1919, up until the fair was discontinued during the war years.

The organization also favored sending two Garza County 4-H boys to the State 4-H Club Round-Up at College Station August 28-30. The boys, Carter Gene White of Garza and E. T. Wicker, Jr. of Southland, were selected to make the trip by the county club leaders last week.

The improvement of the road east from Justiceburg to the Polar oil field was a worthwhile project, agreed the directors. This improvement was made by the organization at the time T. R. Greenfield was serving as president and the project was recently completed. The appreciation expressed by representatives of various companies operating in the area, as well as the people of Polar community indicate this. "We hope to see more improvement take place in the near future," declared one of the directors.

Monday night's called session the president was by Joe S. Moss, resident of the chamber.

Local Boys' Club Teams To Cross Bats With Optimists

Two teams picked from the Post Boy's Club by Coach "Bing" Bingham will journey to Lubbock Friday for a double-header with the champions of the Lubbock "Hot" club. The games will be the first out-of-town matches for the local boys.

Since organizing the boys club here several weeks ago, Coach Bingham has discovered some fine talent and believes that he can pick two teams of pee-wee ball players who will wallop the city boys. He has made arrangements for transportation to the Hub city and also for returned matches to be played here some time next week.

Club attendance has fallen off slightly this week, due to a number of boys being on vacation trips with their parents, but last week the daily enrollment averaged 37 boys.

The local club will disband the latter part of next week as repairs are to be made at the gymnasium, where the training periods for the club are held.

DENTON WOMAN DIES AT ALGERITA HOTEL LAST SUNDAY

Mrs. Willie E. Kimbrough, 69, of Denton, Texas, died of a heart attack on Sunday morning at the Algerita Hotel. Mrs. Kimbrough, together with her husband, Dr. Emory Smith, a nephew and a niece, were vacationing in Rudas, New Mexico, when she became ill. They had started back to their home in Denton when it became necessary to stop in Post.

The body was prepared for burial by Mason and Company funeral home. A funeral home ambulance from Denton took the body to that city later Sunday.

Maize Crop Hopes Fade With Continued Hot, Dry Weather

Garza county's maize crop is of the unknown quantity at present time, and the lack of rain during July is the cause of it all.

If rains come within the week or ten days, good yields may result, but few predict a bumper grain crop even with belated moisture.

Average maize in the county is about 10 inches high, and good stands are to be found over most of the territory. The feed is suffering terribly for want of moisture to mature the stalk, develop the head, and produce grain.

Most of the maize is of the Maricopa variety.

What little cotton there is, and most of this being in the eastern sector of the county, is said to be holding up fairly well, but even the cotton could use a good rain to help it mature and fruit.

Garza County Will Have Agricultural Exhibit At Fair

Plans are underway at this time to provide a county agricultural exhibit for the South Plains Fair, reports County Agent Frank Eaton. The fair is to be held in Lubbock October 7 to 12.

The go-signal for preparing and entering the exhibit was given Monday night when directors of the Post Chamber of Commerce approved funds for the project, said Eaton.

Garza county farmers and 4-H club boys who have, or will have before fair time, cotton, grain and other agricultural specimens of quality, are urged to contact the agent and assist in making up a creditable exhibit. Eaton upon being notified of possible products for the exhibit will inspect them at the place they are grown.

One hundred dollars has been set aside by the chamber of commerce for the exhibit.

Farmers Asked To Turn In Old Farm Machinery

The United States Department of Agriculture is urging farmers to turn in all old machinery as fast as it is replaced in order to replenish dangerously low supplies of iron and steel scrap.

Since 50 percent of the nation's farm machinery used 50 percent of the sheet metal used for making tin cans comes from scrap iron, the Office of War Mobilization and Reconstruction has initiated a drive to get as much scrap farm scrap in particular as possible. Farm scrap is especially desirable since it lends itself readily to peak steel production.

LIONS CLUB SPONSORING CONCERT FRIDAY NIGHT

Friday night at 8:30 the Stampo Great Plains Quartet of KFYO, Lubbock, will present a benefit concert at the High School auditorium.

The group being brought here by the Lions club. Proceeds from the concert will be used to defray expenses connected with the city directory.

Admission charges will be fifty cents for adults and twenty-five cents for children including tax. Attend the concert.

NEW ARRIVALS

Mr. and Mrs. James Minor are announcing the arrival of a six pound, five and three-fourth ounce baby girl on Saturday night, Aug. 3, in the Lubbock Memorial hospital. The new daughter was named Marilyn Mason Minor.

A seven-pound son was born August 4 to Mr. and Mrs. L. B. Shifflet of Close City. The young man was named Loyd Bruce. The arrival of the baby increases the family to four children, two boys and two girls.

A seven-pound baby boy was born to Mr. and Mrs. Duggan Nickens July 26, according to a letter received Monday by Mr. and Mrs. C. E. Nickens, grandparents and residents of this city. The young man arrived while the Nickens were visiting in Sylacauga, Alabama. The letter did not disclose the name given to the child. The family will return to Post within a few days.

VANDALS BEAT OUT GLASSES ON FARSONS CAR

Percy Parsons really had a streak of bad luck. He had to abandon his car near his home Saturday night due to a flat. Upon going back for it the next morning he discovered that vandals had broken every glass in the car, had beat out the headlights and tail lights.

MRS. ROY IMPROVED

W. V. Roy is at home this week attending to business. He reports that his wife who is a patient in the Scott-White hospital in Temple is some better. Mrs. Roy was taken to the hospital over two weeks ago and Mr. Roy has been with her most of the time.

LUBBOCK MAN PAYS DRUNK DRIVING FINE HERE WEDNESDAY

Marvin W. Slewert of Lubbock pleaded guilty to a "drunk driving" charge in County Court late Wednesday afternoon and was fined fifty dollars and court costs and had his driver's license revoked for six months.

Slewert over-turned his 1941 automobile just outside the Post townsite on the Tahoka highway about mid-morning Wednesday and was arrested following the mishap.

A woman companion riding in the car received minor injuries, but after receiving medical attention, was released from the clinic. The driver escaped the wreck without injury.

The automobile was damaged considerably when it overturned after leaving the highway.

... GLOW WITH PRIDE

You'll be the envy of every woman you know—in a beautiful New Freedom GAS Kitchen. You'll save hundreds of steps a day... be cooler... more comfortable. Yes! It's that kind of kitchen because it uses clean, economical GAS... and because it's built around three coordinated work centers!

1. REFRIGERATION AND FOOD PREPARATION CENTER... features a wonderfully roomy, silent GAS refrigerator... plus a handy work counter for sorting groceries as soon as they come in the door.

2. COOKING CENTER... just a few steps away... sits that marvel of modern design—a new GAS range! Built to CP standards, it's so completely automatic you'll cook faster, easier, better than ever before!

3. "CLEAN-UP" CENTER... with plenty of counter space to avoid crowding. And all the hot water you can possibly need—thanks to the 24 hours-a-day efficiency of an automatic GAS water heater.

Growth And Improvement Indicated For Neighboring West Texas Towns

Politics are still holding their own in the headlines of the newspapers of the surrounding area. In checking our regional exchange papers last week, we found that each county was announcing their new officials to the public, and listing candidates subject to the coming run-off election.

Something new is being added in Tuboka! An addition is being made to the Tuboka clinic with the foundation being laid last week. The completed structure will include an operating room 14x20 feet, two additional treatment rooms, seven bed rooms, and an enlargement of the X-ray department. This is the second time the clinic has been expanded and other additions are expected to be made later.

Business houses and residences in Sweetwater were taken to a good cleaning last Tuesday. Most business houses remained closed until 1 p. m. while everyone engaged in a thorough city-wide house cleaning. All food handling establishments have been inspected by members of the health department, other business houses have been visited by the police chief and fire marshal, residents have been asked to provide adequate collection of garbage and disposal of same, an extra corps of workers are to be employed in handling the pick-up of garbage.

Colorado City started early this week to different cities of the surrounding area advertising their rodeo which will be held there Sept. 4, 5, 6 and 7. The Colorado City High school band will accompany the trippers. The final stop will be in Big Spring where they will participate in the Big Spring parade which will open their rodeo.

A donkey softball game is to be staged tonight at Seagraves between the Seagraves Lions Club and Seminole club. A return game will be played tomorrow night at the Seminole football stadium. All players will be aboard donkeys except the pitcher and catcher. The game tonight will be held in the Seagraves football stadium and proceeds will go to the Lions club charity fund.

The Dawson county fair which was to have been held the first week of October, has been postponed until next year. Revival plans were revoked because of curtailed crop production and slow transition to peacetime production in the area. Both conditions were considered by the ex-

ecutives to have definite bearing on the success of the show.

Plans were underway the first of last week to move the first building to the Unit of Labor camp for Crosbyton. The building was donated by the city and will be rebuilt and made into a wash house and showers for the camp. A cement floor will be run and the building partitioned. Construction work is planned to begin within a short time on the main building.

The Old Settlers Reunion which is to be held in Crosbyton on Aug. 15 and 16, will be highlighted by the D. S. Dudley show, a widely known West Texas carnival. This show has been present at practically every reunion of the organization in past years. The dancer's platform and pavilion for the old settlers is being rebuilt and the cleaning up of the grounds has begun.

Southland News

Mrs. Floy King, Correspondent

The Methodist revival began Friday night with Rev. R. B. Walden conducting the services. There was no service at the Baptist church Sunday night because of the Methodist revival, which had a large attendance.

The Baptist revival will begin August 9 and will end August 18. Rev. F. R. Cole of Abilene will conduct the preaching services, Rev. Fred Blaise of Robert Lee will conduct the song services and Mrs. Aubrey McNeely will serve as pianist. Evening services begin at 8 o'clock and morning services at 10:30. Everyone is invited to attend.

Miss Thelma Jean Walden of Lubbock is visiting her grandparents, Rev. and Mrs. Walden during the revival.

Norma Ruth Terry of Tuboka spent the past week here visiting her cousin, Betty Gary. Her parents, Mr. and Mrs. Chang Terry and son, came Friday to spend the week end with her brother, C. W. Gary and family.

Mrs. J. L. Whited is visiting her son, Wayne, who is in a Dallas hospital.

Sunday guests of the W. M. Weavers were R. L. Weaver and family of Lubbock, Adrien Weaver and family of Abilene and Elton Weaver of Southland.

Nell Hallman of Abilene is visiting relatives here and in Lubbock.

Mr. and Mrs. J. R. Wood left Thursday for San Jose, Calif. to visit their son and family.

Mr. and Mrs. Bill Gregory and son arrived Saturday to be with his mother, Mrs. Gregory, who is ill.

Visiting the Marvin Truelocks this week were her parents, Mr. and Mrs. W. M. Fletcher of Plainview and Rev. and Mrs. Emmett Brooks and family.

Mr. and Mrs. Sam Hendrix made a business trip to Hobbs, N. M. Friday.

Lewis Donohoo and family visited his parents, the Wesley Donohoo's Sunday.

Eddie Martin of Lubbock is visiting his grandparents, Mr. and Mrs. Ed Martin.

Mr. and Mrs. D. H. Mayfield spent the week end in Sweetwater visiting relatives. He also visited Mr. and Mrs. Pat Mayfield of Roby Sunday.

Arthur Smallwood spent the week end here. He returned to Abilene where he will undergo surgery on his arm.

Mr. and Mrs. Paul Basinger and children of Lubbock visited his mother, Mrs. Bill Winterrowd and family Sunday.

Mr. and Mrs. Hansell Hollman visited the Everett Samples Monday morning.

Mrs. Dave Draper and children of Slaton visited her parents, the W. W. Giltlands Friday.

Miss Bertie Anderson of Lubbock visited her parents, Mr. and Mrs. G. C. Anderson Sunday.

Little Juanita Vara was a patient in the Mercy hospital at Slaton part of last week.

Lewis Reyes is visiting a sister in Hobbs, N. M.

Mr. and Mrs. Alva Morris were in Southland on business one day last week.

Mr. and Mrs. Arville Ferguson attended the funeral of Mrs. D. W. Reed, wife of a former Southland pastor, at Post Sunday.

Mrs. John Leake is reported as slightly improved. She became suddenly ill Wednesday.

Mr. and Mrs. Ben Bloxom visited their daughter, Mrs. W. W. Davies and family, at New Home Wednesday.

Buford Duff arrived home Monday from San Angelo where he visited relatives for several days.

Billy Joe Kelly and Roderick Duff left Sunday morning for Ft. Worth and Dallas.

A large group gathered at the home of Mr. and Mrs. Frank Leisure Saturday night for a social.

Among those from here that went to Buffalo Lakes Sunday afternoon were Mr. and Mrs. L. K. Anderson, Mr. and Mrs. Frank Leisure, Mr. and Mrs. Henry King, Dickie Martin, J. L. Taylor, Lena Mae Samples, Dug Martin, Leon King and Dorothy Dell Osis. LaVonne Ferguson has returned

POINTERS GIVEN ON FREEZING EGGS FOR FUTURE USE

Fresh eggs, now seasonally abundant, can be frozen successfully for future use if a few simple steps are followed in preparation and packaging. Gwendolyn Jones, specialist in food preservation for the A and M College Extension Service, offers the following suggestions to homemakers:

Use fresh clean eggs. Break them into a clean bowl and beat or churn them thoroughly until the yolks are broken and well mixed with the whites. Beating prevents gumminess of the yolk during storage. However, be careful not to whip in air. Whites may be separated from the yolks and packaged without churning, but the yolks should be slightly beaten.

If eggs are to be used for cakes or sweets, add 1 teaspoon sugar, corn syrup, or honey for each cup. If they are to be used for scrambled eggs or salad dressing, add 1 teaspoon salt for each cup.

Plain tin is the most desirable container for eggs. Air tight and leak-proof paper cartons also may be used. Freeze in small amounts so that they can be used soon after thawing.

One good way to have small amounts of frozen eggs is to use a refrigerator tray. Put about 3 tablespoons of the egg mixture in each cube section. Quick freeze, then wrap each cube in cellophane. Several wrapped cubes may be packaged in one carton or bag. Small paper cups may be used as molds instead of the ice cube tray.

After wrapping and freezing, store at 0 degrees Fahrenheit.

When using: one tablespoon yolks equal one egg yolk, one and a half tablespoons whites equals white from one egg.

home after visiting for some time with relatives in Post.

Mr. and Mrs. A. F. Davies, Winston Davies, Mrs. Lantton Martin and Miss Eula Lee Davies attended the Detrieler reunion at Mackenzie Park in Lubbock Sunday.

The Stamps Great Plains quartet of KPVO Lubbock gave a program at the school auditorium Monday night under the auspices of the school.

Edd Cummings visited his mother and brother, Sarge, Sunday afternoon.

Mrs. J. F. Pennell is a patient in the Slaton hospital. All of her children are here to be with her except one daughter of Philadelphia. They are Sgt. and Mrs. Fredrickson and son of Camp Polk, La., Sgt. and Mrs. Chester Pennell of Ft. Sill, Okla., Mr. and Mrs. Homer Freeman of Dallas, Mrs. J. Emery of Houston, Mr. and Mrs. Marvin Jones and son of Houston, Mr. and Mrs. Robert Pennell and children of Post and Mr. and Mrs. D. D. Pennell and family of Southland.

Mr. and Mrs. Joyce Steel and children were Friday night visitors of Mr. and Mrs. Hern Pettigrew of Slaton.

Mrs. J. T. Cunningham and her daughter Janie are here for a visit with her parents, Mr. and Mrs. S. W. McCrary.

WEST TEXAS PRESS TO MEET THIS WEEK END IN SWEETWATER

After five conventionless years, the West Texas Press Association will meet in its first post-war convocation in Sweetwater on Friday and Saturday of this week. Speakers scheduled to address the convention include: Charlie Guy, editor of the Lubbock Avalanche; Walter Humphrey, editor of the Fort Worth Press and president of the Texas Press Association; Dean Chenoweth, editor of The San Angelo Standard-Times; George Anderson of the Abilene Printing and Stationery company; Robert Wear, of the Fort Worth Star-Telegram, Texas war correspondent in Europe and the Pacific; and Bill Collins, manager of the Midland Chamber of Commerce.

The entertainment part of the program will center around activities at Lake Sweetwater, including barbecues, boating, fishing and golfing.

Mr. and Mrs. Eddie Warren of The Post Dispatch office staff plan Mr. Walden, who has been to attend the two meetings.

Miss Catherine Royalty of Lubbock and Miss Lovie Beavers of Dallas visited a short time Sunday in the Ed Warren home.

Mr. and Mrs. Jim Hundley are spending the week in Dallas.

The Raymond Redman family returned Saturday night from a trip to Baton, Santa Fe, Red River and other points in New Mexico.

Post Soldier Who Suffered Countless Brutalities At Hands Of Captors, Is Recovering And Plans To Enter Tech

Protect Your Child From Polio

Because polio, or infantile paralysis, ordinarily is most prevalent during the months of August and September and on until the first frost, we want to re-emphasize here briefly, some essential information about the disease, and preventive measures which can—and should be taken, especially if polio is present in your community.

Simple Precautions:

Avoid use of any water, for drinking, swimming or washing utensils which may be contaminated. Sewage can carry the virus considerable distances.

See that children avoid exhaustion for extreme fatigue. Attacks of polio are likely to be worse when they follow over-exertion and chilling.

Avoid injury to the mucous membranes of the nose and throat. Exposure to polio soon after a tonsil operation may result in severe—and possibly fatal—infection.

Call a doctor promptly if you think your child has any symptoms of polio. Children with fever, headache, sore throat or nausea should be put to bed at once.

Cleanliness is vitally important; clean food, clean milk and, above all, clean hands when eating. Destroy flies and their breeding places.

Avoid unnecessary physical contacts with other people. Keep your child away from crowds, and especially from swimming pools and beaches.

Symptoms of Polio:

First Stage: For a day or two there are such symptoms as fever, headache, weakness, sore throat, nausea or vomiting.

Second Stage: A period of one to three days when there is headache, stiff neck and back, tenderness of muscles and prostration. During this period, a doctor's examination of spinal fluid will show signs of inflammation. At least half the children who reach this stage recover without any permanent paralysis.

Third Stage: More pain. Spasms of muscles involved, and then severe paralysis.

Mr. and Mrs. Orville West of La Junta, Colorado, arrived in Post Tuesday to visit in the home of Mrs. West's sister, Mrs. F. L. Bailey.

Left to die on hospital grounds conveniently located to adjoining burial grounds is far from a pleasant feeling. But the sensation of evading death by the shoe will to live is something that Pfc. James Walker, son of Mrs. E. M. Walker, of this city, will re-live in the future years of his life.

Walker, now a patient at Brooke General Hospital, was taken prisoner with 79 other American soldiers, survivors of a regiment decimated by an overwhelming majority of Germans during the initial stages of the now historic Battle of the Bulge. He suffered countless brutalities at the hands of his captors, being forced to tramp without shoes in knee-high snow during sub-zero temperatures as well as being jammed in uncomfortable back-to-back positions with double the capacity figures while exposed to the bitter weather elements in box-car-like cattle going to a slaughter market.

Walker, an eye-witness to the round-the-clock bombing of Leipzig, testified to the effectiveness of Allied bombings. "The Jerries spent more time in their air-raid shelters than they did outdoors. American soldiers were prevented from entering air-raid shelters by German soldiers who stood at the entrance with fixed bayonets."

Revenge came to Walker and his buddies working in the Leipzig railroad yards. Somehow, the men neglected to close vital railroad switches, which resulted in a beautifully executed 12-car German troop train wreck. The effect was as neat as a well placed Allied bomb.

Walker was rescued in July, 1945, by advance parties of the 69th Infantry division.

He is looking forward to full entrance at Texas Tech. Regardless of what events he may face in the future, he's quite sure that they will never be as dark as they were back in December, 1944.

COTTON LOAN RATES FOR 1946 ANNOUNCED

Cotton loan rates for the 1946 crop, averaging slightly higher than last year, were announced last week by the Agriculture department.

The average loan rate for 7-8 inch middling cotton will be 22.83 cents a pound, as compared with 19.84 cents last year. The rates will vary according to location.

Mr. and Mrs. Iven Clacy and two children are vacationing for two weeks in Colorado.

A Pioneer in Building Ahead for the Future

- SERVING THE PANHANDLE · PLAINS · PECOS VALLEY

Now, if ever is the time to look ahead; to build ahead for the future. Here in the Panhandle-Plains-Pecos Valley area we face a bright future; bright with prosperity and bright with the promise of better living for everyone. In our 22nd year we are in the midst of the greatest expansion program in our history. We're investing 12 million dollars in the future of this area. A new power plant is being built, additions are being made to existing plants. And everywhere in the area we serve, new power lines are going up, to bring more reliable electrical power to industry and cheaper electricity into homes where electrical living will bring comfort and ease. No wonder then, with this plan for the future that we say, "We're 22 years young . . . and a pioneer in building ahead for the future."

No. 29 of a series of advertisements designed to help build this fast-growing territory in which we serve.

PENSION CHECKS CUT FOR AGED IN STATE

Old age assistance checks for Texas' 185,258 aged persons are \$2.30 short of the authorized grant this month.
The short payment has been brought about by the addition of 732 recipients in July. The checks averaged \$23.43.
Dwindling funds necessitated the first cut last April when old age pension rolls expanded beyond the number that could be borne in amounts of full grants by the appropriation of the last session of the legislature.
Progressive reductions of 50 cents have pyramided monthly until this month when the additional reduction was held to 30 cents.
Applications continue at approximately 650 per week. There were 2,212 persons added to the rolls but death reduced the number by 929 and current ineligibility dropped another 532.

RETAIL FOOD PRICES DECLINING SLIGHTLY

Retail food prices are declining slightly after a record increase of 12 per cent between June 16 and July 15, reported the Bureau of Labor Statistics Tuesday.
Average food prices dropped about one per cent the last week in July, the agency said. It added, however, that food prices are still about 21 per cent higher than a year ago.
Meanwhile a bureau spokesman said the estimated 5 1/2 per cent rise in overall consumer living costs during the June-July period "is the largest one-month increase recorded" since the agency began monthly cost-of-living surveys in July 1940.

The bureau said that food, with its 13 per cent jump, registered the largest increase. Living essentials other than food increased less than one per cent during the period. Rents were not surveyed.

THREE WEST TEXAS POLIO CASES REPORTED

Three new cases of infantile paralysis were admitted the first of the week to the West Texas Center for Poliomyelitis at Plainview.
The new patients include a 7-year old boy from Amarillo, a 4-year old girl from Jordan, N. M., and a 27-year old man from Frisno. The three brought to six the total number of patients now under treatment at the center, which was recently established at Plainview by the National Foundation for Infantile Paralysis.
Fourteen have been admitted since the center went into operation, and eight have been dismissed.

U. OF T. STUDENT SAY LIVING COST INCREASE

Increased room-and-board costs will make the average University student pay approximately 25 per cent more to attend school this year than he paid in 1939-40.
The information was released Tuesday by the school's Student Employment Bureau in a pamphlet, "Working Your Way at the University of Texas."
The low estimate is \$397 for the year; the high, \$724.50.
Room cost was said to be up from \$148 to \$225, a 52 per cent increase, in the low bracket, while room and fuel has increased from 7 to 10 per cent.

Symbolizing the fighting spirit of the American cotton industry in its battle for markets against artificial fibers, paper, and foreign growths, the poster reproduced above is the theme piece of the National Cotton Council's industry-wide campaign for a battle fund to meet the threat of cotton's competition. The poster will be prominently displayed in Garza county cotton gins, (those which may run), warehouses, and in the oil mills and cotton buyer's offices of the area, during the current ginning season.

MRS. GRAEBER AND PRESSONS TO CONTINUE OPERATION OF STORE

Residents of Post and Garza County will be happy to read in this issue of the Post Dispatch the announcement from Mrs. W. R. Graeber and Mr. and Mrs. L. A. Presson, stating that the Corner Grocery, formerly owned and operated by the late W. R. Graeber will continue to operate under the same policy as in former years.

The store has been in operation here the past thirty years. Mr. Graeber had enjoyed splendid patronage from the people of a wide area of this section, and had, through all these years, given Post one of the finest stores to be found in the area.

The announcement of the store's operation will be welcomed by its many customers, as much concern has been expressed since the passing of Mr. Graeber.

PAY HIKE FOR SCHOOL TEACHERS IS TALKED

Plans are said to be underway to draft a salary raise bill for submission to the first session of the state legislature, after the joint legislative committee on rural school aid voted unanimously on the issue.

Meeting in Fort Worth the first of the week, members of the committee recommended that the salaries of 16,962 teachers paid under the special act be increased \$300 a year. It was explained that more than \$5,000,000 will be available for hiking the pay of equalization law teachers next year.

Gov. Coke Stevenson said he would submit the subject for emergency consideration whenever the legislature meets. The next regular session is scheduled for next January.

Mrs. Hattie Mae Robinson is leaving for Rochester, N. Y., on Sunday for an extended visit with her daughter, Mrs. David Schultz, and family.

SOUTHWESTERN PUBLIC SERVICE COMPANY IS 22 YEARS YOUNG

"A Pioneer in Building Ahead for the Future" is the caption of a large advertisement appearing in this issue of the Post Dispatch, along with those in many other weekly papers this week, heralding the twenty-second birthday of the Southwestern Public Service Company.

The advertisement, one of a series designed to help build this fast-growing territory in which the electric company serves, is worth your reading time. The Company has extended its operations over a wide area during the past twenty-two years and claims to have twelve million dollars invested in the future of this area.

TO THE VOTERS OF GARZA COUNTY:

Dear Voters and Citizens of Garza County:

It is with much pleasure that I take this method of thanking each of you for the support you gave me at the Primary Election on July 27th, at which time you, the voters and citizens, nominated me for the office of County Attorney of Garza County. If I am elected at the General Election, I will endeavor to make you a good and efficient County Attorney and will serve your cause faithfully and without favoritism. Again let me thank you one and all.

Very respectfully,
V. J. Campbell

THANKS - - -

May I take this means of thanking the ones who voted for me and so loyally supported me through the past.
Yours,
Ernest Henderson

Ben L. Thomas, son of Mr. and Mrs. Tol Thomas, arrived here on a furlough last week. He is now stationed at the Mayo hospital in Galesburg, Ill.

USDA Weekly Report Reveals Cotton Damage

During the week leafworms were found throughout the State from Louisiana and Arkansas to Hudspeth and Bailey counties on the New Mexico line. Bollworms have caused heavy damage in 50 of the 442 fields inspected. The continuation of hot, dry weather in most of these areas has been an important factor in reducing weevil damage except where rains and late-fruiting cotton prevail and in fields of rank growing cotton. . . the above information was received by the Dispatch this morning in the USDA's weekly bulletin, "Cotton Insect Situation in Texas."

Leafworms have ragged and stripped many fields in south Texas and moths are emerging and migrating in large numbers from that area. During the past week leafworms were found in nearly all northern and western counties where close inspections were made. Considerable poisoning is being done for leafworms in southern and central Texas, with ragging and poisoning occurring as far north as Kaufman, Rockwall and Delta Counties. Weather conditions for the next few weeks will be a very important factor in determining the total amount of poisoning that will have to be done against this insect. Although 'craggy' conditions exist in many counties in northern and western Texas, there are spotted areas where cotton is succulent or rank and still attractive to leafworms. Growers with cotton that is not fully mature should be prepared to protect it as a matter of insurance.

Many farmers have been unsuccessful in controlling the bollworm. Frequent inspections should be made in fields where young or succulent cotton occurs.

The report further reveals that no weevils have been reported from the South Plains area, and that flea-bopper infestation is low. Leafworms were found in Midland, Howard, Martin, Dawson, Terry, Hockley, Lamb and Bailey counties.

Receives Discharge

Oscar Nelson Pierce, seaman 1c of the Navy, received his honorable discharge July 29 at Norman, Oklahoma, after serving fourteen months overseas in the Pacific area. Pierce was a crewman on the USS Pasadena and had shore station duty at Long Beach, Calif.

SHORTAGE OF LIVESTOCK FEED IS NEARLY OVER

Chicago—The American Livestock Manufacturers' Association has good news Saturday for livestockmen—the livestock feed shortage is about over.

In a statement, the feed association disclosed that livestock poultry feed pipelines, long empty, are flowing again.

The association predicted the feed supply will be sufficient to feed all livestock and poultry without using any more wheat than was used for feeding during the war.

The prediction was based on U. S. Department of Agriculture July 15 crop report which estimated the 1946 rye crop at 1,000,000 bushels, and forecast record crop of oats.

In Lubbock Hospital

Treatment is being received by Lubbock Memorial hospital, Horace Byrd, 13, of Post, who has bruises around his left eye and 2 when he was struck by a baseball while playing.

FREAK CAT IS BORN

Everyone has heard of a cat with nine lives. Well, now we have a cat with eight legs and two tails. This oddity was reported by Bonham, Texas, man. The cat is one of a litter of three, and in a short time, but has been preserved in formaldehyde for study.

THANKS - - -

I take this means of expressing my appreciation to the good citizens of Garza County for the consideration shown to me which have been serving as your County and District Clerk.

It has been a pleasure to serve as your clerk, and I assure that every effort possible will be made to keep the records of county in order. Thank you.
RAY N. SMITH

SPECIAL ELECTION ORDER

Governor Coke Stevenson last week ordered a special election for the first Thursday in November for the purpose of holding a proposed constitutional amendment providing for the state land to World War II veterans.

Mrs. Kathleen Garrard of Lou, formerly of this city, will leave in a short time for Los Angeles where she will take a beauty structors examination. She is employed here for four years at the Cardwell Beauty Shop.

Church News

MELBA JO MILLER

"Try bars shall be iron and heat, and as thy days, so shall thy strength be."
 "There is none like unto God, O Jerusalem, who rideth upon the heavens for thy help, and in the heaviness of the skies."
 "The eternal God is thy dwelling place, and underneath are the everlasting arms." Deut. 33:25-27

Church attendance in this city at present time slightly increased. Although it has been exceptionally small at times, it is doubtful that it has ever reached the point here that the following article taken from a well known magazine describes:

"London, England — Falling church attendance is worrying the British clergy and new methods to win the people are already in effect. The Reverend Clarence May at St. Peter's, London, reads sermons based on current plays or novels; in Bristol, the Reverend Clifford Storer reads murder stories based on the Bible. The Church of England's publicity committee is considering spending \$1,000,000 on promoting further attendance."

The WSCS of the First Methodist church met Monday, August 6 in the home of Mrs. Tedd Hibbs with Mrs. B. J. Edwards as leader for the program. Topic of the program was Peace Through His Cross. Following the devotional which was given by Mrs. Giles, Mrs. James Dietrich and Mrs. Durst gave interesting talks on different phases of the topic. At the close of the meeting, Rebecca Mearns gave an interesting report on the Missionary school for colored women which she attended in Amarillo, sponsored by the WSCS.

The Methodist WSCS was in charge of the prayer meeting service last night. Mrs. Esma Cash was leader and a very interesting program was given.

The Berean Sunday School class at the First Methodist church enjoyed a social at the home of Mrs. Ted Hibbs Tuesday afternoon, August 6. Mrs. Ralph Welch and Mrs. Ira Farmer served as co-hostesses. Several games were played for the diversion of the afternoon followed by delicious servings of chocolate angel food cake and ice cream. Seventeen members and one visitor, Mrs. Alvia Phillips, were present for the occasion.

A special offering was given last Sunday in the First Baptist church for the European Relief. The final figures of the offering showed a total of \$400.00.

JOYCE STEPHENS AND MANSEL RICHARDSON MARRY IN LUBBOCK

Miss Joyce Stephens, daughter of Mr. and Mrs. Wesley Stephens of this city, and Mr. Mansel Richardson, Jr., son of Mr. and Mrs. Mansel Richardson of Lubbock were united in marriage Friday, July 19 in the home of Mrs. W. C. Powell of Lubbock. Rev. A. H. Carleton officiated for the double ring ceremony.

The bride wore a white light wool crepe dress with black accessories. Her corsage was of pink carnations.

A reception was held in the Powell home immediately following the ceremony.

Mrs. Richardson is a graduate of Post High school and entered the Cadet Nurse Corps soon after graduating. She received her training at Lubbock Memorial hospital and is now employed at St. Mary's of the Plains hospital in Lubbock.

Mr. Richardson is a graduate of Lubbock High school and soon after graduating, he enlisted in the Army Air Forces and received his training at SPAAF in Lubbock. He was in the service three years, 17 months of which were spent in China. He is now employed with the Mansfield Construction Company of Lubbock.

The couple spent a short wedding trip in Palo Duro Canyon. They are at home at 2116, 17th St. in Lubbock.

RALPH CARPENTERS ARE HONORED ON 7TH ANNIVERSARY

The home of Mr. and Mrs. Dan Cockrum was the scene of a merry party last Monday night when Mr. and Mrs. Ralph Carpenter were entertained with a party on their 7th wedding anniversary. Co-hosts with the Cockrums were Mr. and Mrs. Iven Clary and Mr. and Mrs. J. C. Johnson.

A flower ringed reflector holding graceful glass swans and pink water lily candles formed the beautiful centerpiece for the lace covered table from which a delicious dinner was served. Plate favors were miniature mugs holding seven pennies to emphasize the seventh anniversary.

Following the dinner, an hour of fun was enjoyed. Climaxing the evening's entertainment a treasure hunt was held with the Carpenters being "it." The last lap of the hunt led them to a beautiful wool blanket after they had crawled through a window and down a ladder. The spectators had a jolly good time by urging the couple on with "hot" or "cold" and other suitable remarks.

A beautiful gladioli corsage was presented to Mrs. Carpenter.

WOMEN'S COUNCIL MET IN REGULAR SESSION TUESDAY

The Women's Council of the First Christian church met Tuesday at 3:00 p. m. in the home of Mrs. K. Stoker and Mrs. Willard Kirkpatrick.

The meeting was opened with a prayer by Mrs. Ramsay. The lesson discussion was then given by Mrs. Lee Davis and a missionary lesson taken from the World Call magazine. Following the lesson, a short business discussion was held and plans for the completion of the parsonage were discussed. The meeting was closed with a prayer given by little Gay Pierce.

A social hour was then enjoyed with servings of apple pie a la mode.

Eleven members were present for the meeting.

turned home this week after spending two weeks in a revival at Bethany. He reported a very successful meeting there.

A group of the young people from the Church of the Nazarene attended the revival meeting at Grassland Friday night where Rev. H. N. Dickerson is conducting the services. Mrs. Norton spoke to the Juniors in the group and some of the Young People of the local church had charge of the youth prayer service.

The Young People will have charge of the prayer services at the Church of the Nazarene next Wednesday night. There will be special singing, scriptures read, a good testimony service and one of the group will bring a message.

The local Church of the Nazarene will begin a revival on August 28. Edwin E. Hale, chaplain, will be in charge of the meeting. Everyone is invited to attend these services.

Construction work on the First Christian parsonage was completed this week. New sidewalks have also been laid in front of the house.

Good will is the mightiest practical force in the universe.

Mrs. Mansel Richardson, Jr., the former Miss Joyce Stephens of this city, and husband, who were married in Lubbock on Friday, July 19.

PARENT-TEACHER PROCEDURE COURSE BEING GIVEN TO MEMBERS

The Parent-Teacher Procedure course began last Monday in the home of Mrs. Lee Davis, district vice-president, with eight ladies present.

A covered dish luncheon was served at lunch to the following: Misses J. E. Parker, district yearbook chairman, J. D. McCampbell, J. L. Miller, Lester Nichols, B. J. Edwards, Willard Kirkpatrick and Cecil Thaxton.

The ladies have continued individual work and study this week and will take the final course Thursday in the home of Mrs. J. D. McCampbell.

The course has proved very worthwhile and the group is especially pleased that the course is to be completed before school starts.

GARDEN POINTERS FOR AUGUST AND SEPTEMBER

August and September are very hard months on dahlias. Be sure to see that they are kept growing. If they are allowed to slow down in growth, they will quit blooming and the bulbs will not have the strength to make good plants next year, so says a garden enthusiast who has made a study of this area. She gives several worthwhile garden tips for the two hot months ahead.

"Make a schedule for watering plants and shrubbery, especially those that were set out last fall. They need water this season more than they will at any other time. If they are watered on a regular schedule, all plants will have sufficient water if not, some of them may be overlooked too long, and the first indication you have of their suffering is when they begin to wilt.

"If your peonies failed to bloom in the spring, it may have been because they were planted too deeply. They may be moved now or next month. In planting, be sure that the root eyes are not more than two inches under the soil. Give them plenty of water and rich soil, and you will be rewarded with a wealth of blooms next year.

Strawberry plants may be put out now. Most of the larger nurseries are offering pot grown plants as well as open rooted plants. The pot-grown plants have a much better root development and they may be set out with less danger of loss because they have soil around the roots."

THIS AND THAT

They tell me to soak clothes in cool or lukewarm water rather than cold water, for cold water causes the fabric mesh to close and hold the dirt, defeating the purpose of soaking.

Give your cotton lace gloves a real beauty treatment by starching them lightly after laundering, pressing carefully with a warm iron when nearly dry. If you do this, they'll keep clean longer too.

Did you know that unless you serve thawed frozen fruit at once, you should heat it slowly till it nearly boils to prevent changes in flavor and quality?

Herring's

YET LASTING

CREME SACHET by Martha Lee

ATTENTION, LADIES!

Your parties, your visitors and club news reports are solicited. We realize that during the hot weather many organizations have disbanded but there are many events that are not reported. We would appreciate it if you would call or send through the mail your information to The Post Dispatch.

Please send full particulars. It will make your items much more interesting. For lack of proper information on a recent wedding the story was held over for two weeks. Without the groom's name and the date and place of the wedding the story was not complete so we had to hold the story until other information could be secured. Our informant when finally contacted said, "Well it was in the Lubbock paper so I just supposed you read it." It would be impossible to read all the papers that come into our office—so when you send in information assemble it all at one time if you possibly can. We like to print these stories of weddings, visitors, parties, etc. and especially so if you readers send them in. Follow the five "W's" in reporting your stories—Who, When, What, Where and Why.

One item we received recently read: "Mama has gone to her brother's funeral. Signed, Elaine."

Well, since we didn't know anyone by the name of Elaine we simply had no way of checking who went where or when. See what we mean?

Bits Of News:

Dr. and Mrs. Glen Kahler and daughter have returned from a short trip to Rudisno.

Several friends in Post are receiving short notes from Mrs. O. G. Hamilton who is in the Baylor hospital in Dallas. Mrs. Hamilton has been a patient there for several weeks. She has been quite ill but seems to be improving slowly.

Rev. Louis McMahon of Bethany, Oklahoma, visited his parents, Mr. and Mrs. Oliver McMahon, and other relatives here a few days last week. Louis recently received a degree from Bethany Peniel college. He was student leader on the campus and has been traveling as speaker with a quartet in the interest of the college. They visited cities in Texas and Oklahoma. Louis is now pastor of a Nazarene church in Oklahoma City.

Visiting in the home of Rev. and Mrs. I. A. Smith last week were their two daughters and families, Mr. and Mrs. Higner Hopkins, Nancy Rene and Neal and Mrs. O. K. Fyfe, all of San Fernando, Calif. Visiting the Smiths this week is another daughter, Mrs. B. B. Perry, husband and son, Byron Bruce.

Mrs. Phil Bouchier and son, Tom, spent several days last week in Snyder. She was accompanied home on Thursday by her mother, Mrs. Joe Strayhorn, Mr. and Mrs. Jim Templeton and children of Houston and Mrs. Walter Cork of San Angelo. The visitors spent a few hours here before returning to Snyder.

Mrs. Charles Benson and Mr. and Mrs. Harold Lucas spent the week end in Tarzan, Texas, visiting Mrs. Benson's parents, Mr. and Mrs. Lee Byrd.

Mr. and Mrs. Robert Gollehon of Hereford are visiting in Post this week with relatives.

Miss Hazel Louise Cash accompanied by Robert Gardner of Hamlin, Texas, and four other couples, attended a house party at the home of Miss Virginia Norris of Lockney last week end. All were students in McMurry college in Abilene.

Mr. and Mrs. Clint Herring are vacationing in California.

Hairdos for Waterbabies

You don't have to be a drip just because you go swimming! Models wearing specially designed aquatic hairdos proved this point recently at a Drene hairdo show in New York, when they literally "dunked" their heads in a miniature "ocean" without disarranging a single hair.

Here are some of the hairdos you might like to try out on your swim date. You can go dancing afterwards, too, without a recombining because these arrangements are fashionable both in and out of water.

SWIM DATE is the name given to the braided arrangement, shown at the left, which holds short front hairs in place during a swim. Braided from a center part, the front and back braids meet at the ear where the hair ends are covered by a ribbon, also seaworthy because it is made of water repellent plastic.

NEPTUNE'S DELIGHT, right, is the delight also of fashionable swimmers who might not have time between their swim and dance date for a conditioning liquid shampoo. Brush all of your hair to one side and bind it tight to the head with a rubber band. Fashion the hair ends into a huge bun and pin it firmly with bobbies.

The **SEA ANEMONE** hairdo calls for hair a little longer than shoulder length. It is divided into top and back sections, the part being made across the back of the head from ear to ear. Both sections are bound with rubber bands and twisted into tight rolls which join as shown.

NEEDLECRAFT CLUB NOTICE
 The Needlecraft club will meet in the home of Mrs. R. E. Cox Friday afternoon, August 9 at 4 o'clock. The ladies are urged to be sure and bring their needlework.

Mr. and Mrs. T. D. Scott and daughter, Tommye Lou, returned this week from a two-weeks vacation in southern Illinois where they visited with friends and relatives.

SCALP TROUBLE!
 You must find **DURHAM'S RESORCIN** the best preparation ever used for itching scalp, loose dandruff or falling hair or purchase vice promptly refunded. Large bottle only 75c at **R. H. COLLIER DRUG**

Visitors In The O. R. C. Clearie Home

Mr. and Mrs. John Adams and Larue, Mrs. Irene Holland, and Mrs. Alice Gregory all of Bridgeport, Texas, arrived Thursday night for a visit with Mr. and Mrs. O. R. Clearie and other relatives. The group visited in Levelland Sunday with Mr. and Mrs. Glenn Clearie. Mr. Adams left for home but the ladies, who are sisters to Mrs. Clearie, will remain here for a longer visit.

PRISCILLA CLUB NOTICE

The Priscilla club will meet in the home of Mrs. Morris Neff, Friday, August 9 at 2:30 p. m.

The famous painting "Mona Lisa" was stolen from the Louvre in 1911.

Swing of Southwest Farm Markets

Cotton and hogs made the largest gains last week while most other southwest farm products moved at steady to easier prices, according to USDA's Production and Marketing Administration.

Cotton advanced more than two cents a pound last week following earlier declines. Spot market activity increased in south Texas markets but was moderate elsewhere. Export demand was good and domestic mill demand is expected to increase with clarification of price ceilings. Sales in the 10 spot markets totaled 56,000 bales for the week ended August 1, 37,200 bales for the preceding week and 83,200 bales for the same period last year.

Higher feed prices continued to send liberal poultry supplies to southwest markets. However, hens held about steady with heavy weights quoted 22 to 24 cents a pound, Dallas and Ft. Worth; 23 to 25 cents, Denver and 27 to 31 cents, New Orleans. Fryers were down from recent high levels and ranged from 30 to 35 cents a pound at most markets.

Eggs remained about steady with most dealers buying strictly on a cash basis. Hot weather reduced supplies. Demand continued fair at most southwest consuming centers.

Cattle receipts were heavier at most southwest markets last week. Trading was fairly active at erratic prices. Most top quality cattle were steady, but lower grades were weak. Houston sold common and medium steers and yearlings at \$11.50 to \$14.50 and common and medium cows at \$8.75 to \$11 a hundred pounds. San Antonio moved medium grass steers at \$15 to \$16.50 and medium and good cows \$10.25 to \$12.50. Ft. Worth quoted medium to good steers and yearlings \$13 to \$17.50 and medium to good cows \$10 to \$13. Common and medium cows brought \$11 to \$12.25, Oklahoma City; \$9 to \$12, Wichita and \$10.50 to \$13.50 at Denver.

Hogs gained one to four dollars a hundred last week over the previous week's close at most southwest markets. Top butchers were quoted Friday at \$24.50 a hundred pounds, Ft. Worth; \$24.25, Oklahoma City and Denver; \$23.24, Wichita and \$22 San Antonio.

Without waiting for President Truman to sign the bill, officials got busy the first day of the month preparing application forms for the paying of some \$2,431,000, 000 of terminal leave pay to an estimated 15,000,000 World War II ex-soldiers and women.

FORMS READIED FOR GI FURLOUGH PAY

The forms will be distributed to veterans through the post offices probably before the month's end.

Return From Trip

Mr. and Mrs. Chester Morris and children returned last Wednesday from a two week's vacation trip in South Texas and the Rio Grande Valley. They visited in Corpus Christi, and over a large area of the Rio Grande valley, and also spent a few days seeing sights in Mexico. En route home they stopped at San Antonio to visit the city and Breckenridge park and zoo.

Mr. and Mrs. Douglas W. Gossett of McMurry college, Abilene, visited in Post last week.

Altman Out-Pitches Jal's Star Twirler

Approximately six hundred fans saw Ed Altman outpitch Jal's Miller in a duel here Sunday afternoon, 3-1, to elevate Post to the Shaughnessy playoff. It was the greatest pitching duel witnessed on the local home soil this season. Altman and Miller were in top condition and had perfect control for the nine inning affair which took only one hour and thirty-eight minutes to play.

The locals ace lefthander won his eighth victory this season by giving up only four hits and behind a tight infield which made only one error. Dan Altman did the catching for Post.

Righthander Miller gave the local butters only six hits and threw his first ball by seven of the players for strikeouts. Morlar did the catching for Jal. Deamos Altman was Miller's chief tormentor, the Post second baseman banging the Jal's ace for a double and a single in two official trips to the plate.

Post scored first in the second inning when Deamos Altman doubled to score Peel who had also doubled to reach base. Post scored twice in the fifth inning to end their scoring when Presley, who had reached base on an error, and went to second base on a sacrifice by Deamos Altman. Miller scored on a long single to right-field by Dan Altman. Dan scored when third baseman Addison erred on Carl Jones hard hit ball down third base line.

Jal's only score came in the eighth when Morlar reached first base on an error by third baseman Karr and later scored on Jones long single to centerfield.

Line ups for the game were as follows:

COUNTY AND COMMUNITY PREMIUMS UPPED FOR SOUTH PLAINS FAIR

County and community premiums for the 29th Annual Panhandle South Plains Fair to be held in Lubbock, October 7-12, have been increased, officials of the Fair Association announced today.

In the county classifying cash prizes have been upped as much as \$35 with both third and fourth awards jumping from \$40 to \$75 and from \$25 to \$60 respectively. First and second prizes are \$100 and \$85 this year, an increase of \$25 each. Fifth place got a similar increase to \$50. The county ranking sixth will receive a \$40 prize, \$15 more than heretofore. Those ranking seventh through fifteenth receive \$25 apiece.

With the exception of seventh and eighth places, which received \$5 increases this year, premiums for the best community display remain the same. First prize is \$25, second is \$20, third receives \$15, and fourth through eighth get \$10 apiece.

Community exhibits must be obtained from within the bounds of the 8 school districts in Lubbock County and are confined to those districts only.

"Robber" Hens Today—No Profits Tomorrow

No profits! That's the danger if you put up with feed-eating, non-laying "robber" hens. Many of these birds are soon doomed to die from organic disorders, anyway. Let Famesway roll them out now, while you can still get them to market.

The Famesway System of Poultry Inspection pays for itself many times over on feed saved. Time and again it eliminates 25% of a flock without decrease in egg production. Stop this feed-wastage now. Let an Famesway technician find which are the "robber" hens in your flock.

Nature's Forces Release the Energy of the Atom... and OIL-PLATE Your Engine!

THE Atomic bomb's awesome demonstration promises the release of new and useful energy for the benefit of all mankind.

Studying the molecular structure of matter and the mighty forces of attraction existing between liquids and solids, Conoco scientists are able to bring motorists new and better oils. In fact, the force of molecular attraction (basic force that holds things together), will bond a special ingredient of Conoco Nth motor oil to your engine's working surfaces. Thus they'll be OIL-PLATED!

And because molecular attraction holds Conoco OIL-PLATING up where it belongs . . . prevents it from all draining down to the crankcase, even overnight . . . you'll get these benefits:

- added protection when your engine starts
- added protection from corrosive action
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

That's why to OIL-PLATE now . . . at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company

IVEN CLARY

I wish to take this means of thanking the voters of this county for the vote and support given me in my race for Sheriff.

It is my intention to see each voter before the Run-Off Primary.

Your continued support will be appreciated.

Proposed Amendments To Be Submitted To Voters in General Election:

H. J. R. NO. 38 HOUSE JOINT RESOLUTION

proposing an Amendment to Article 16 of the Constitution of the State of Texas, by adding thereto Section 62 providing a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the State; providing the amount contributed by the State to such fund; providing for investment of fund with certain exceptions; prohibiting recipients of benefits hereunder from receiving other direct aid from the State; authorizing counties to provide and administer such a fund for appointive county officers and employees after favorable vote in a county election for such purpose; limiting the amount contributed by the county to such fund to not exceed five per centum of the net revenues derived from the sale of land in such county; providing for the investment of such fund with certain exceptions; prohibiting recipients of benefits hereunder from receiving other direct aid from the State; providing for an election, necessary form of ballot, and publication on the question of adoption of this Amendment.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 16 of the Constitution of the State of Texas be amended by adding thereto Section 62, which shall read as follows:

Sec. 62 (a). The Legislature shall have the right to levy taxes to provide a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the State; provided that the amount contributed by the State to such fund shall equal the amount paid for the same purpose for the income of each such person, and shall not exceed at any one time five per centum (5%) of the net revenues derived from the sale of land in such county, and shall in no one year exceed the sum of One Hundred and Eighty Dollars (\$180) for any such person.

All funds provided for the operation of such person, or the State of Texas, for such Retirement, Disability and Death Compensation Fund, as are received by the Treasury of the State of Texas shall be invested in bonds of the United States, the State of Texas, or in bonds issued by any agency of the United States Government, the payment of the principal and interest on which is guaranteed by the United States, provided that a sufficient amount of such funds shall be kept on hand to meet the immediate payment of the amount likely to be due each year out of said fund, such amount of funds to be on hand to be determined by the agency which may be provided by law to administer said fund; and provided that the recipients of benefits from said fund shall not be eligible for any other pension retirement funds or direct aid from the State of Texas, unless the fund, the creation of which is provided for herein, is released by the State of Texas as a condition to receiving such other pension aid.

(b). Each county shall have the right to provide for and administer a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the county; provided same is authorized by a majority vote of the qualified voters of such county after such election has been certified by being published in at least one newspaper of general circulation in said county, once a week for four consecutive weeks, provided that the amount contributed by the county to such fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five per centum (5%) of the net revenues derived from the sale of land in such county, and shall in no one year exceed the sum of One Hundred and Eighty Dollars (\$180) for any such person.

All funds provided for the operation of such person, or the county, for such Retirement, Disability and Death Compensation Fund, as are received by the county, shall be invested in bonds of the United States, the State of Texas, or in bonds issued by any agency of the United States Government, the payment of the principal and interest on which is guaranteed by the United States, provided that a sufficient amount of said funds shall be kept on hand to meet the immediate payment of the amount likely to be due each year out of said fund, such amount of funds to be on hand to be determined by the agency which may be provided by law to administer said fund; and provided that the recipients of benefits from said fund shall not be eligible for any other pension retirement funds or direct aid from the State of Texas, unless the fund, the creation of which is provided for herein, is released by the State of Texas as a condition to receiving such other pension aid.

in November, 1946, (being the 5th day thereof), at which all ballots shall have printed thereon:

"FOR the Constitutional Amendment authorizing the Legislature to provide a Retirement, Disability and Death Compensation System for the officers and employees of the State of Texas and authorizing counties to provide such system for the appointive officers and employees of the counties of the State of Texas;" and

"AGAINST the Constitutional Amendment authorizing the Legislature to provide a Retirement, Disability and Death Compensation System for the officers and employees of the State of Texas and authorizing counties to provide such system for the appointive officers and employees of the counties of the State of Texas."

Each voter shall scratch one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

* According to an opinion by the Attorney General of Texas.

H. J. R. No. 43 HOUSE JOINT RESOLUTION

proposing an amendment to Article VIII of the Constitution of the State of Texas by adding thereto a new section to be known as "Section 7-a"; providing that subject to legislative appropriation, allocation and direction all net revenues derived from the taxes, except gross production and ad valorem taxes, levied on motor fuels and lubricants and motor vehicles registration fees shall be used for the sole purposes of acquiring rights-of-way for and constructing and maintaining public roadways; for the administration of laws pertaining to traffic and safety; and for the payment of principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939, and declared eligible for debt service prior to January 2, 1945; providing that one-fourth (1/4) of such net revenue from the motor fuel tax shall be allocated to the Available School Fund; providing and insuring that each county shall never derive less revenue from motor registration fees than the maximum amounts and percentages of such fees allowed to be retained by each county under the laws in effect on January 1, 1945; and negating any interpretation of this amendment as authorizing the pledging of the State's credit for any purpose; providing for the submission of this amendment to the voters of this State; prescribing the form of ballot; and providing for the proclamation of the election and the publication thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article VIII of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as 7-a and to read as follows:

"Section 7-a. Subject to legislative appropriation, allocation and direction, all net revenues remaining after payment of all refunds allowed by law and expenses of collection derived from motor vehicle registration fees, and all taxes, except gross production and ad valorem taxes, on motor fuels and lubricants used to propel motor vehicles over public roadways, shall be used for the sole purpose of acquiring rights-of-way, constructing, maintaining, and policing such public roadways, and for the administration of such laws as may be prescribed by the Legislature pertaining to the supervision of traffic and safety on such roads; and for the payment of the principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939, and declared eligible prior to January 2, 1945, for payment out of the County and Road District Highway Fund under existing law; provided, however, that one-fourth (1/4) of such net revenue from the motor fuel tax shall be allocated to the Available School Fund; and, provided, however, that the net revenue derived by counties from motor vehicle registration fees shall never be less than the maximum amounts allowed to be retained by each County and the percentage allowed to be retained by each County under the laws in effect on January 1, 1945. Nothing contained herein shall be construed as authorizing the pledging of the State's credit for any purpose."

Sec. 2. The foregoing Amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at the General election to be held in November, 1946, at which election such ballot shall have printed thereon the following words:

"FOR the Amendment to the Constitution of the State providing that subject to legislative appropriation, allocation and direction all net revenues derived from taxes, except gross production and ad valorem taxes, levied on motor fuels and lubricants and motor

vehicle registration fees shall be used for the sole purposes of acquiring rights-of-way for and constructing and maintaining public roadways; for the administration of laws pertaining to traffic and safety; and for the payment of principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939, and declared eligible for debt service prior to January 2, 1945; providing that one-fourth (1/4) of such net revenue from the motor fuel tax shall be allocated to the Available School Fund; providing and insuring that each county shall never derive less revenue from motor registration fees than the maximum amounts and percentages of such fees allowed to be retained by each county under the laws in effect on January 1, 1945; and negating any interpretation of this amendment as authorizing the pledging of the State's credit for any purpose."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

vehicle registration fees shall be used for the sole purposes of acquiring rights-of-way for and constructing and maintaining public roadways; for the administration of laws pertaining to traffic and safety; and for the payment of principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939, and declared eligible for debt service prior to January 2, 1945; providing that one-fourth (1/4) of such net revenue from the motor fuel tax shall be allocated to the Available School Fund; providing and insuring that each county shall never derive less revenue from motor registration fees than the maximum amounts and percentages of such fees allowed to be retained by each county under the laws in effect on January 1, 1945; and negating any interpretation of this amendment as authorizing the pledging of the State's credit for any purpose.

"AGAINST the amendment to the Constitution of the State of Texas providing that subject to legislative appropriation, allocation and direction all net revenues derived from taxes, except gross production and ad valorem taxes, levied on motor fuels and lubricants and motor vehicle registration fees shall be used for the sole purposes of acquiring rights-of-way for and constructing and maintaining public roadways; for the administration of laws pertaining to traffic and safety; and for the payment of principal and interest on county and road district bonds or warrants voted or issued prior to January 2, 1939, and declared eligible for debt service prior to January 2, 1945; providing that one-fourth (1/4) of such net revenue from the motor fuel tax shall be allocated to the Available School Fund; providing and insuring that each county shall never derive less revenue from motor registration fees than the maximum amounts and percentages of such fees allowed to be retained by each county under the laws in effect on January 1, 1945; and negating any interpretation of this amendment as authorizing the pledging of the State's credit for any purpose."

"Each voter shall strike out with pen or pencil the clause which he desires to vote against so as to indicate whether he is voting FOR or AGAINST said proposed amendment."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for Amendments thereto.

S. J. R. NO. 5 A JOINT RESOLUTION

proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to appropriate Seventy-five Thousand (\$75,000.00) Dollars, or so much thereof as may be necessary to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization of the Governor of Texas on August 31, 1937.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new section, as follows:

"The Legislature is authorized to appropriate so much money as may be necessary, not to exceed Seventy-five Thousand (\$75,000.00) Dollars, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on August 31, 1937."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the next general election to be held on the first Tuesday after the first Monday in November, A. D. 1946, at which all ballots shall have printed thereon:

"FOR the CONSTITUTIONAL AMENDMENT AUTHORIZING THE LEGISLATURE TO PAY FOR BUILDING CONSTRUCTED FOR JOHN TARLETON AGRICULTURAL COLLEGE;" and

"AGAINST the CONSTITUTIONAL AMENDMENT AUTHORIZING THE LEGISLATURE TO PAY FOR BUILDING CONSTRUCTED FOR JOHN TARLETON AGRICULTURAL COLLEGE."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of the state, not otherwise appropriated, to pay the expense of such publication and election.

H. J. R. No. 63 HOUSE JOINT RESOLUTION

proposing an Amendment to Article III of the Constitution of the State of Texas by the addition of a new Section to be known as Section 49-b, creating a Veteran's Land Fund; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as Section 49-b which shall read as follows:

"Section 49-b. There is hereby created a Board to be known as the Veteran's Land Board, which shall be composed of the Governor, the Attorney General, and the Commissioner of the General Land Office. The Legislature shall provide by law for the issuance by said Board of not to exceed Twenty-five Million Dollars (\$25,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veteran's Land Fund. Such bonds shall be executed by said Board as an obligation of the State of Texas in such form, denominations, and upon such terms as shall be prescribed by law, provided, however, that said bonds shall bear a rate of interest not to exceed three per cent (3%) per annum.

"In the sale of any such bonds a preferential right of purchase shall be given to the administrators of the various teacher retirement funds, the Permanent University Funds, and the Permanent Free School Funds; such bonds to be issued only as needed, in the opinion of the Veteran's Land Board under legislative authorization.

"The Veteran's Land Fund shall be used by the Board for the sole purpose of purchasing lands suitable for the purpose hereinafter stated, situated in this State (a) owned by the United States, or any governmental agency thereof; (b) owned by the Texas Prison System, or any other governmental agency of the State of Texas; or (c) owned by any person, firm, or corporation.

"All lands thus purchased shall be acquired at the lowest price obtainable, be paid for in cash, and shall be a part of the Veteran's Land Fund.

"The lands of the Veteran's Land Fund shall be sold by the State to Texas Veterans of the present war or wars, commonly known as World War II, in such quantities, and on such terms, and at such prices and such rates of interest, and under such rules and regulations as may be prescribed by law; provided, however, that any such lands remaining unsold at the expiration of eight (8) years after the effective date of this Amendment may be sold to anyone as shall be prescribed by law.

"All moneys received and which have not been used for repurchase of land as provided herein by the Veteran's Land Board from the sale of lands and interest on deferred payments shall be credited to the Veteran's Land Fund for use in purchasing additional lands to be sold to Texas Veterans of World War II, in like manner as shall be provided for the sale of lands purchased with the proceeds from the sales of the bonds, provided for herein, for a period of eight (8) years from the effective date of this Amendment; provided, however, that so much of such moneys as may be necessary to pay interest on the bonds herein provided for shall be set aside for that purpose. After eight (8) years from the effective date of this Amendment, all moneys received by the Veteran's Land Board from the sale of the lands and interest on deferred payments, or so much thereof as may be necessary, shall be set aside for the retirement of said bonds and to pay interest thereon, and any of such moneys not so needed shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State of Texas on the first Thursday in November, 1946, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words:

"FOR the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veteran's Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

Those opposing said proposed Amendment shall write or have printed on their ballots the following words:

"AGAINST the Amendment to Article III of the Constitution of the State of Texas by adding Section 49-b creating a Veteran's Land Fund for the purchase of lands in Texas to be sold to Texas Veterans of World War II."

It appears from the returns of said election that a majority of the votes cast were in favor of

TO HELP CHILDREN

Khiva Temple wants to help, declares Rex Everett and W. S. Duckworth Potentate's Aides. Khiva Temple in seeking unfortunate children under fifteen years of age regardless of race, creed, or color who may be helped, benefited or healed through the facilities of the Shriner's Hospitals, Khiva Temple has handled several hundred cases within the past three years, said the Aides.

CARD OF THANKS

The family of the late W. R. Graeber desires to avail itself of this means to express publicly its profound gratitude, heartfelt thanks and deep appreciation for the many kindly ministrations of the host of friends and neighbors for their noble and lovely deeds manifested in such varied ways for the mammoth floral tributes "Each in his own 'orgue'" so expressive of silent though eloquent sympathy, to the Reverend Smith and Stephens for their consoling words, comforting prayers and wonderful exposition of favorite portions of God's holy word with fitting implications and applications that strengthened our faith, to the ones who sweetly played and softly sang those immortal hymns of hope and love, to the members of the Victory Sunday school class who bore the flowers whose beauty and rare fragrance seemed to represent as the poet said "God's thoughts in blossom," to the dear friends of many years who were the active and honorary pall bearers and to the loving guard who kept vigil at the funeral home, to the fellow business associates who so respectfully closed their doors during the last rites and to the Mason funeral directors whose quiet solicitude was a benediction within itself and to each and every one who in the remotest possible way helped to keep the torch aloft and aflame through the dark valley of bereavement, may the infinite and all wise heavenly Father, whom our loved one was so wont to honor and serve, richly reward and abundantly bless,

said Amendment, the same shall become a part of the State Constitution and be effective from the date of the determination of such result and the Governor's proclamation thereof.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this State.

Sec. 4. The sum of Ten Thousand Dollars (\$10,000) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.

Before you buy a Tractor... MAKE THIS SIMPLE TEST!

Before you buy a tractor, take a pencil and "design" your own on paper. Jot down the type and size you need, the equipment required. List everything that contributes to economy, dependability, long life, and ease of handling. Then, look over the field-get the facts-and select the tractor that comes closest to matching those specifications. It's almost certain your choice will be a John Deere with its famous, exclusive two-cylinder engine.

In the first place, John Deere two-cylinder engine design is unmatched in simplicity. Greater dependability and longer life are direct advantages of this simplicity. Operation costs are less, too, because John Deere two-cylinder engine design is especially adapted to burning the low-cost, money-saving fuels.

There's a variety of up-to-the-minute models and power sizes from which to choose. Let us tell you more about these famous two-cylinder tractors.

ATOM POWER FOR SHIPS

(The Atom Bomb picture as related by a writer from the Abilene Reporter.)
Ships will be driven by atomic power plants in the 1950s, and (much later) airplanes will be moved by the same force, according to Vice Adm. W. H. P. Bandy, boss of the atomic bomb experiments at Bikini.

The admiral's opinion is worth something. He has been in contact with men who know more about atomic energy than anybody else in the world, and doubtless based his opinion on facts presented by the experts.

The question naturally arises, If atomic energy is licensed for use in ships, airplanes and industrial plants, how on earth can the nations of the world keep fissionable material out of the hands of some future aggressor? It is understood that the basic ingredients of the atomic bomb can be "denatured" and rendered useless for bomb purposes, but who is to do the denaturing, and is the stuff that will be used to produce power this side or the other side of the explosive material?

The U. S. plan for outlawing atomic warfare calls for destruction of existing bombs and a prohibition against their future manufacture, with an international commission to maintain constant vigilance to prevent violation by any nation. It agrees to enter wholeheartedly into this plan, but insists that it must keep all its atomic secrets until such an international control scheme is perfected.

Russia proposes that the U. S. destroy the bombs it has and turn its secrets over to the international control commission. Nothing doing says Uncle Sam; show me the perfected organization for control first, and then we'll give up our secrets and destroy our bombs.

Obviously, if it isn't possible to denature the fissionable material so it can be used for power but not for bombs, the control commission would have to maintain absolute authority over all atomic uses, including power uses.

That is a tall order, but there would be no other way to keep some irresponsible nation from loosing an atomic war upon the world.

From what they know of atomic energy now, experts say it will never be possible to use the power in automobiles. Conceivably they may know enough about it in time to drive automobiles with it.

SAFEGUARD YOUR FAMILY

Although you may never have stopped to think about it, the average man sometimes finds himself faced with a perplexing problem.

Ordinarily, he provides security for his family by means of the income he earns. But if, as the result of an accident, he should be deprived of his earning power, either for a time or permanently, this usual safeguard fails him.

And so man has learned to depend upon the second emergency method of protection for his family. He carries accident insurance. Statistics show that millions of dollars are paid out each year on accident insurance. It is a safeguard that every person should use.

If he should be laid up for several weeks or longer because of an injury following some mishap, accident insurance will provide living expenses for his family while he is away from his job. It will pay his medical expenses as well.

No one can be sure when he might become the victim of some accident.

THE FREE PRESS

In those nations where free enterprise has been either destroyed, crippled or subjected to iron-handed political control, a free press has become a thing of the past. The press in such nations is simply a sounding board for dictatorship—the ruthless voice of the clique in power. It is not a coincidence that this is so. When a man or a group of men reach out to seize the economic resources of a nation, the first step must be to control that nation's sources of opinion and information. There can be no opposition. There can be no dissent. The death of free enterprise is inevitably accompanied by the death of a free press.

MISTAKES I MADE

One great mistake was making my children feel that the greatest fun they had was when we went to town. There could have been so many pleasures at home—winter roasts, spend-the-day parties, candy pulls, and many others. But I overlooked these and made the trips to town seem gala occasions. Since my children are grown they want to live in town. If I had shown them how many good times could have been enjoyed at home, they probably would have felt different.—Mrs. G. R. C., Georgia, in *The Progressive Farmer*.

NEIGHBORLY TURN

A hard-bitten hillbilly sat on his front porch sunning and rocking. A neighbor went by and called from the trail, "How be ye, Si?" Si spat, roared a little more and yelled back, "None o' yer goldurned business." He rocked faster, spat again, and shouted, "Wouldn't a' told you that much if ye weren't a neighbor o' mine."

WHAT OUR CONTEMPORARIES ARE SAYING:

(The Terry County Herald)
Forgets Birthday— "Well dogged if we didn't forget our birthday last week, and we mean the Herald's birthday. The old gal was 42, but everyone says, at least in her presence, that she does not show her age a bit. The Herald and the present management have been doing business together in Brownfield now for 37 years, and so far as we know neither have ever threatened the other with the divorce courts."

When a man pays special attention to a woman it's an indication he wants to marry her. When he pays no attention to her, it's a sign he has married her.

'Tis said that most men become rich by accident. If that's true, then why all the talk about safety first?

Now that we've made the world safe for Democracy, lets make the highways safe for pedestrians.

Now that the world has quit fighting for what is right it has started crapping over what is left.

The ordinary house centipede has 30 legs.

GARZA THEATRE IS OBSERVING ANNIVERSARY OF TALKING PICTURES

The Garza theatre in conjunction with other theatres of the United States is observing the twentieth birthday of talkies this month by offering a special Warner Bros. picture, "One More Tomorrow," is headed by a five star cast including Dennis Morgan, Ann Sheridan, Jack Carson, Alexis Smith and Jane Wyman. Smart dialogue and sophisticated comedy make the key-note for the picture and the manager, B. J. Edwards, has it happy to present.

Warner Bros. in association with other leading organizations who sponsored and developed talking pictures will carry on the celebrations during the month of August with a series of climatic observations in key cities.

WILDLIFE CONSERVATION

Texas sportsmen's organizations can do a lot toward conserving wildlife and natural resources in the future by sponsoring summer camps for small boys. H. E. Callender, specialist in wildlife conservation with the Texas A and M College Extension Service, pointed out this fact after attending a boys' camp at Lake Dallas sponsored by the Denton County Pointer and Setter Club. Thirty-five farm boys attended the camp, were entertained at the expense of the Denton county club and instructed in methods of conserving wildlife and natural resources on the farm. "It is an excellent project for any sportsmen's group to consider," says Mr. Callender. He hopes to see more sports organizations sponsor similar camps in the future.

NEWS NOTES FROM DUCK CREEK SOIL—CONSERVATION DISTRICT OFFICE AT POST

J. T. Simmonds of the Hartford conservation group plans to rehabilitate an old pond as part of his coordinated conservation plan which the Duck Creek Soil Conservation District recently assisted him in developing. He plans to add to the height of the dam, cut brush away and shape the spillway, and shape and revegetate a gully. He has a pipe through the tank dam and plans to develop a garden which will be watered from the tank.

J. I. Cook, whose farm is in the Barstun Springs conservation group, is building up a diversion terrace to keep flood water from another farm from running across his land. By doing this he is not only preventing erosion but keeping Johnson grass seed from being deposited on his farm land. The water is diverted to a pasture and outlets on good grass where it will not cause the land to wash. Cook built part of the terrace last year but had to quit before it was completed because of soil conditions. However, the incomplete terrace did the job this year. "It has already more than paid for itself," said Mr. Cook, "but I want it big enough to hold as heavy a rain as we can expect to have in fifteen to twenty years."

IMPROPER WATERING CAUSING LOSS OF TREES AND SHRUBS

Many trees and shrubs which were set out in West and Central Texas last fall have been lost due to lack of moisture. J. F. Rosborough and C. R. Heaton, horticulturists for the Texas A and M College Extension Service, say that these losses are due largely to improper watering methods. The tight soils of West and Central Texas must be watered very slowly in order to get deep moisture penetration, the horticulturists say. Every 10 to 14 days is often enough to water if it is done properly.

A soil covering placed around the trees will hold the moisture in the soil. Hay, weeds, or any cured material that will make a mulch may be used for a ground covering. Experiments have shown that a mulch will cool the soil as much as 20 degrees.

GI'S GIVEN PROMISE OF SUITS BY RELEASE OF SURPLUS FABRICS

GI's who are having to wear threadbare garments were given a bit of encouragement the first of the week by a news release in daily papers stating that several million yards of surplus war fabrics are being released to small manufacturers to make one million men's suits in the next six to eight weeks.

The materials are being released to the Reconstruction Finance Corporation, which agency will place the materials with small manufacturers under a priority second only to that of veterans.

VALLEY COTTON CROP ESTIMATE BOOSTED

Rio Grande Valley cotton growers, through July 26, had harvested \$113,737 bales, 25,000 greater than previous estimates, according to a news release Wednesday from Harlingen.

A yield of 175,000 would set a new record for the valley.

By ginning districts, Harlingen is leading with 21,191 bales, followed by San Benito with 18,600, Brownsville 10,189, Mercedes 12,329, Weslaco 8,414, Edinburg 4,399 and McAllen 4,089.

Mrs. F. I. Bailey is much better after having been quite sick for a few days. Her sister, Mrs. O. West, arrived Tuesday to stay with her for a while.

CANYON VALLEY NEWS ITEMS

Mrs. L. A. Wygol, Correspondent Mr. and Mrs. I. E. Crane had as their Sunday guests, Minister Lloyd Connell of Denver City, Mr. and Mrs. Mack Sullivan, Margaret Smith and Harriell and Mildred Shoemaker.

Mr. and Mrs. L. A. Wygol are spending this week in New Mexico visiting relatives.

Mr. and Mrs. J. A. Smith had as their Sunday guests, Mr. and Mrs. G. I. Huffman, Mr. and Mrs. Ray Green and Willie Locklear of Post.

Pvt. J. A. Smith is now stationed in Tsiungpo, China. He expects to be there for several months before going on to Japan.

Margaret Smith has returned from Kerrville where she has been spending several weeks with her uncle and aunt, Mr. and Mrs. G. R. Smith.

Mr. and Mrs. Earl Cooper are visiting from Edcouch, Texas.

Mrs. Nettie Overby has returned from California where she has been for several months.

LOCAL MAN RAISES FINE MUSCAT GRAPES

J. C. Johnson, Post carpenter, who manages to find time to work in his yard after working hours, has interested himself in growing fine grapes. Mr. Johnson last Friday brought in a bunch of grapes to show the Dispatch force, which he praised highly, and rightfully so, because never have we seen a finer cluster raised in this section.

Weighing one and three-quarters pounds, the bunch of grapes were grown on a two-year old vine, along with fifteen more bunches, each of which weighed well over one pound. The grapes were of the golden muscat variety, Mr. Johnson has other varieties, but he praises his golden muscats as tops for this area.

We dared not ask him for a sample, but envy him no little, for even a tee-totaller would enjoy a glass of sparkling wine made from grapes grown at home.

AIR MAIL POSTAGE REDUCTION COMING

Legislation reducing the domestic rate on air mail from eight to five cents an ounce was passed last Thursday by the house and sent to President Truman.

The new rate will not become effective before October 1, if it gets the okay of the President.

Napoleon, the Little Corporal, was reheaded.

Garza Countains WHO RECEIVED COVETED "Ruptured Duck" DURING THE PAST WEEK

Garza county men who have been reported as having received their honorable discharges this week include Spencer A. Kuykendall, Jack B. Wright, Wilber Lee Williams, Victor Paul Sweeten, Oscar Nelson Pierce and Lee Roy Jenkins.

Other Garza county men who have been reported as having received their honorable discharges this week include: Walter E. Nicks and James Stanley Sims.

FORMER POST RESIDENTS MOVING TO OKLAHOMA

Mr. and Mrs. Charles Walden, former residents of Post, and who for the past year and half have resided in Tahoka, where Mr. Walden has served as local manager of the West Texas Gas Company, are moving to Bromide, Oklahoma.

Mr. Mr. Walden, who has been associated with the Gas Company for eighteen years, six of which were spent in Post, has resigned his position to enter private business. He has purchased a drug store in Bromide. He had declined several opportunities of purchasing the store in recent years, but the owner of the store, who is Mr. Walden's former employer, made such an attractive sell-out price that Mr. Walden decided to buy.

His resignation with the Gas Company was to become effective Monday and he planned to leave Tahoka within a few days for his new home.

LAST WISH FULFILLED

The last wish of Governor Hogg of Texas, was that his grave be marked by a pecan tree and an old-fashioned walnut, and that nuts from the trees be distributed and planted throughout the state, and his wish is being carried out.

Mrs. L. C. Carmichael is in Abilene this week with her daughter who is recuperating from a recent operation. Mr. Carmichael accompanied Mrs. Carmichael there on Sunday but returned that night.

JUDGE WILSON IS TO RETIRE FROM BENCH

U. S. District Judge James C. Wilson, who presided over many sessions of federal court when it was first established in Lubbock, will retire from the northern district judgeship within the near future, according to an announcement Tuesday from Senator Tom Donnelly.

The announcement came in connection with Connally's statement that he was including a recommendation for Judge Wilson's post along with three others for federal positions for Texas—U. S. district attorneys for both the northern and western districts of the state and a federal collector of internal revenue for the northern district.

Judge Wilson presided over many of the sessions in the early days of the Lubbock court, but of late years has been in ill health and Judge William H. Atwell has been serving on the bench for Lubbock court sessions.

Appointees of Judge Wilson's successor and that of district attorney for this area holds much interest for West Texas attorneys.

Ann McLish of Mesquite and Patricia McLish of Dallas arrived here Tuesday to visit their brother, Holmes McLish and their aunt and uncle, Mr. and Mrs. J. K. Purker.

COOPERATIVE CLINICS BEING HELD OVER STATE

Managers, bookkeepers, auditors, and all directors and officers who are connected with the operation of cooperative organizations in Texas are urged to watch for and attend the cooperative clinics now being held over the state, says M. C. Jaynes specialist in organization and cooperative marketing for the Texas A and M College Extension Service.

The clinics are conducted on a question and answer basis, the specialist says, and are designed to help workers operate their organizations to comply with laws that will exempt cooperative business from income taxes.

Dates and sites for the coop clinics in August are: Tahoka, August 12; Littlefield, August 13; Plainview, August 15; and Crosbyton, August 16.

While the clinics are aimed specifically at cooperative personnel, the general public may also attend, Jaynes states.

4,000 TEACHERS SAID NEEDED FOR SCHOOLS

More than 4,000 teachers are in demand for Texas schools to meet a shortage, according to a release from Charles H. Tenneyson, director of public relations for the state teachers' association.

The shortage is said to be more

UPSET STOMACHS YIELD INCHES OF GAS AND BLOAT

"I was so full of gas I was afraid I'd burst. Sour, bitter substance rose up in my throat from my upset stomach after meals. I got INNER-AID, and it worked inches of gas and bloat from me. Waistline, in way down now. Meals are a pleasure. I praise Inner-Aid to the sky."—This is an actual testimonial and we can verify it.

INNER-AID is the new formula containing medicinal juices from 12 Great Herbs; these herbs cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering—Get Inner-Aid. Sold by all drug stores here in Garza County.

Keep Your Engine "Mobiloil Clean"

RUNNING SMOOTHER-LONGER

WITH

Mobiloil It Cleans as It Lubricates

Free-flowing Mobiloil protects against wear, oil drag, gum, sludge, and carbon... helps you get quicker starting. It cleans as it lubricates—and that means stops piston and valve oil build-up and metal-wearing deposits. Change to this better Mobiloil today.
