

# The Post Dispatch

VOLUME XXI POST, TEXAS "OUT WHERE THE WEST IS THE WEST" THURSDAY, FEB. 20, 1947 "THE GATEWAY TO THE PLAINS" NUMBER 10

## C. C. Banquet To Be Citywide Affair

Tickets for the annual Post Chamber of Commerce banquet are \$1.25 each and on sale at the following places:

Chamber of Commerce office in the City Hall; President Joe S. Moss' office; Southwestern Public Service Company; Piggly-Wiggly; Wilkinson Lumber Company; the City Bus Station and the Corner Grocery.

As a large crowd is expected to attend this first banquet since the before the war, it is necessary that reservations be made (by buying tickets) by February 26 in order that adequate food and serving facilities can be arranged by Wilf Scarborough who has promised an excellent menu.

The banquet will be held at 8 o'clock Friday night, February 28, in the First Methodist Church basement. Attendance is open to all members and prospective members and their wives and husbands. A special invitation has been extended to all ministers of the city and a blanket invitation is extended to civic leaders who are interested in knowing the aims and problems of the recently reorganized chamber of commerce.

Ballots for the election of several new directors have been mailed to active chamber of commerce members by the secretary, Sherrill Boyd. These should be marked and returned to the chamber of commerce office by February 26. Results of the election will be announced at the banquet.

An outstanding program, with Lubbock Attorney Durwood Bradley as main speaker, has been arranged.

The banquet will launch what is hoped to be the first effective chamber of commerce program in Post since prewar days.

## Mike Custer Named Scoutmaster For New Post Boy Scout Troop

The Lions Club Boy Scout Committee has announced appointment of Mike Custer as scoutmaster for the new troop which the club is organizing in Post. Assistant scoutmasters will be R. A. Moore and the Rev. L. D. Walker, and Charles Moore has been named junior scoutmaster.

The committee will meet Friday night to decide upon a program for the troop and to decide on a regular meeting place. The boys are meeting temporarily at the Methodist Church. Committee members are Ralph Welch, Dick Woods, Jess Wright, Jr., Stevens Stramer, Garland Davies and Weaver Moreman.

Moreman said this week that 12 Boy Scouts have transferred their memberships from the crowded Troop 16 which is sponsored by the Rotary Club. The new troop which hopes to build up to 34 members, will cooperate with the original troop to make scouting available to all interested boys in the city.

## Millions Of Eggs Leave Garza County Each Year

Say everybody in Garza County eats an egg a day.

Some people don't eat any eggs, but they are in the minority. There are more people who eat more than one egg a day.

If everybody eats an egg a day, that's 2,062,870 eggs down the hatch in a year's time and a good year's work for many a hen.

But that's just a few drops in the basket compared with the big time egg business that keeps Garza County farmers, Post merchants and chickens too numerous to mention occupied.

Four Post merchants alone shipped approximately 8,903,040 eggs away from Garza County in 1946. They were Fry's Feed and Hatchery who got rid of 2600 cases; Pure Food Market, about 2564 cases; Post Produce, 1100 cases; Piggly-Wiggly, 1800 cases. These four merchants paid the farmers approximately \$84,672 for their eggs and resold them at a surpris-

## Red Cross Workers Will Meet Tonight To Plan Garza Drive

A group of American Red Cross community workers will meet at 8 o'clock tonight at Jennie's Tea Room to perfect organization for the annual Roll Call drive next month. Lewis Nance has been named county Roll Call chairman and Mayor J. A. Stallings will be in charge of publicity.

The annual drive, Stallings points out, is essential because Red Cross service goes on during peace time the same as during war and is entirely dependent upon contributions.

Garza County, in years past, has been among the nation's leaders in filling quotas. The committee hopes that the workers meet with the same generous cooperation from the citizenship again this year.

## Giant Snow Flakes And San Francisco Weather Move In

Strictly "San Francisco weather" moved in on Garza County this morning on the heels of yesterday's short-lived but beautiful snow. Mild precipitation from low, heavy clouds prolonged any forthcoming drought by at least a half a day.

Lubbock's weather man predicted for today occasional light snow over the South Plains and slightly colder temperature than yesterday's 27-degree minimum.

For a few minutes yesterday before the huge falling snow flakes started melting, Post looked like Fairyland and Main Streeters weren't surprised to see a chartered bus passing through with "Snow White and the Seven Dwarfs" written on its sides. By the time the Lubbock Journal arrived, the sun was shining and all traces of Fairyland were gone. The Main Streeters weren't surprised to read that the Lubbock Business and Professional Women's Club was sponsoring a matinee and evening performance of a road show, "Snow White and the Seven Dwarfs" yesterday.

## AMERICAN LEGION AND FUTURE FARMER WEEKS PROCLAIMED AT AUSTIN

Governor Beauford H. Jester has proclaimed February 23 to March 1 as Future Farmer Week in honor of the Texas future Farmers Association.

The governor also issued a proclamation designating March 10 to 16 as American Legion Membership and Birthday week. During this period, the Legion will observe March 15, as its 26th anniversary.

## Wacker Newcomers Having No Trouble Making Niche Here

William S. Land, manager of the G. F. Wacker store, which is to open here about March 7, and his wife are having no trouble finding a place for themselves in this community. As both are

WILLIAM S. LAND natives of the South Plains, they feel right at home—even though "home" in crowded Post consists of a comfortable room in the home of Mrs. Bill Lawrence on north Broadway.

The Lands moved here from his native Lamesa where he formerly managed a Wacker store. He is the son of Mr. and Mrs. W. C. Land, longtime residents of Lamesa. Mrs. Land, the daughter of Mr. and Mrs. Sam Parks of Brownfield, was born and reared at Tahoka.

The opening of the Wacker store here, originally planned for the latter part of this month, will be postponed until early March because of an unavoidable delay in getting the building remodeled.

## Custer Considered For Triple A Post Vacated By Gibson

Since the resignation of Robert H. Gibson, Mike Custer has been acting administrative executive of the Garza County Triple A Office. His appointment as permanent executive was pending this week.

Gibson who was assigned to the Triple A Office here in 1942 served only a few months before being called to the armed forces. Discharged last year, he returned to the Triple A Office until this month when he resigned to teach general agriculture at the Garza County GI Vocational Agricultural School. He is a graduate of Texas Technological College with a major in agronomy.

Custer, a Garza County farmer, served in the Triple A Office during Gibson's absence in the army. The county committee has recommended him for the appointment as permanent executive.

## FUNERAL SERVICES FOR J. R. BAKER HELD AT SLATON FEBRUARY 12

Funeral services for J. R. Baker, 66, retired farmer who died at his home in Slaton Tuesday morning, were conducted at 2:30 o'clock Wednesday afternoon in the First Methodist Church at Slaton. Rev. Kirk, pastor, and Rev. Armstrong, New Home Methodist pastor, officiated.

Williams Funeral Home was in charge and burial was made in Englewood cemetery.

Mr. Baker lived in Southland from 1920 until three years ago, when he moved to Slaton. Survivors include his wife; one daughter, Mrs. B. L. Dawes of Yale, Okla.; three sons, Haydn of Stegal, Kenneth of Vista, Calif., and Lorraine of Los Angeles; four brothers, E. H. of Ft. Stockton, G. R. of Clyde, Joe of Winters, and Rev. J. B. Baker of Amherst, and two sisters, Mrs. L. Collinsworth of Slaton and Mrs. R. E. White of Ballinger.

Active pallbearers were brothers and brothers-in-law. Honorary pallbearers were Lonnie Lively, Bob Shenkle, John Hanna, S. D. Martin and F. E. Weaver.

## Paralysis Drive In County Nets Almost \$700 In Insurance

Garza County's "insurance against polio" was boosted to nearly \$700 during the March of Dimes campaign.

Judge J. Lee Bowen, Garza County chairman of the campaign, explained that although half the \$77.92 contributed in the county would go to the National Foundation for Infantile Paralysis, the sum sent away will be "insurance" for Garza County the same as the half that is to be used here for treatment of the disease.

"By contributing to the national fund as we did," Judge Bowen explained, "we are eligible to call on the foundation for help in event of a polio epidemic at any time. We are not saying goodbye to the money we sent in—we are just paying an insurance premium with it."

Although the drive was officially concluded last week, contributions from various parts of the county keep rolling in, a few dollars at a time. In addition to the \$672.17 reported last week, Judge Bowen has received \$3.75 from the Verbena Sunday School Class and \$2.00 from the Justiceburg Bible Class.

## Not Multiplication But Addition Brings These Hipp Vehicles

Charles E. Hipp Company automobiles in Garza County seem to have been multiplying like rabbits.

They belong to the seven new men who have been transferred here in recent weeks from the company headquarters at Graham. The newcomers have been scurrying around for housing and by yesterday most of them had found places for their families to live, although several need larger quarters than were available.

L. N. Roberts, the Hipp Company's superintendent in this district, said that a movement is underway to establish a branch office between Post and the oil field on the Post Estate. "After a year and a half of operating without a place to hang our hats and park our tools, we have expanded to the point of badly needing a headquarters building," he said.

While continuing to handle all production here for the Comanche Oil Company, as it has done during the past 18 months, the Hipp people have taken on the responsibility of seeking lower pay in the wells drilled a year ago on the Post Estate by Grissom and Hunter Corporation, Stanforth and Kenneth Merchant.

Roberts' men here are operating two rigs in Garza County and a third one at Westbrook, near Colorado City. The new personnel consists of three crews, with two men to a crew and an extra assistant. The company has kept 12 to 15 men in this area during the last year and a half.

## R. B. BRYANT TO GIVE LAYMAN'S DAY TALK

R. B. Bryant of Stamford, former Rotary governor who is well known in Post, will deliver the 11 o'clock address at the First Methodist church Sunday in observance of Layman's Day. The program will include a musical program.

Bryant is president of the Bryant-Link Company firms.

## Ten New Houses Nearly Ready For Mill Workers

The 10 new houses on the Postex Cotton Mill lots are about 50 per cent complete and at least two of them will be ready for occupancy within two weeks.

Built for mill employees, the houses are made of concrete brick, asphalt tile flooring and sheetrock interiors. Each house has a central heating unit, two bedrooms, a combination kitchen and dinette and a bath.

Residences to be vacated by the mill employees who get the new houses will be redecorated before being turned over to other employees. The redecoration, which is already underway in several

## It's True, Post Could Lose Some Insurance Credit

Rumors have been crawling and, lately, flying right and left regarding the possibility of Post losing its 25 per cent credit on insurance rates since two local fires last summer which caused damages of approximately \$25,000 to insured property.

A Lubbock insurance man, in an authoritative position, told Post Fire Chief Homer McCrary and others this week that the 1946 losses would result in a 25 per cent penalty which will go into effect March 1.

Emory Stewart of the Post Insurance Agency says it is possible that Post will lose some of its credit, but it is most unlikely it will lose the entire 25 per cent credit which has been built up over a long period of low fire losses. "The most we can lose," he explains, "is the 25 per cent credit plus a maximum penalty of 15 per cent."

Local insurance men will not know of a rate change until several days before such a change is to become effective. The notice comes from the State Fire Insurance Commission which bases rates on local conditions for the property to be insured, the local record for general fire losses and the state loss record in regard to the type of property to be insured.

By referring to a complicated, up-to-date chart book, which the State Fire Insurance Commission issues in regard to every building in Post, a local insurance salesman would figure a \$3-per-thousand rate, for instance, on a (Continued On Back Page, Col. 1)

## March 1 Deadline Set For Filing Of City Candidates

Tuesday, April 1, was ordered as the date for the City of Post's biennial election at a meeting of the City Commission Tuesday night. The election will be held at the City Hall for the purpose of electing a mayor and two city commissioners.

W. F. Presson, city secretary, has announced that names of candidates for mayor and commissioners should be filed with Mayor J. A. Stallings, or the city secretary, not later than March 1.

## PRINTING COMPLETED ON CITY DIRECTORY AFTER LONG DELAY

Printing of the Lions Club sponsored Post city directory was completed last weekend and the pages are now being assembled so that the book can be delivered this week end.

A shortage of book paper and other difficulties delayed the directory for several months after the material was gathered by Lions Club members and assembled and edited by Sherrill Boyd, Post Chamber of Commerce secretary. The directory is financed by advertising which the sponsoring club sold to merchants of the city.

The book carries a complete residential listing, classified listings, and a section for churches, schools and civic organizations.

Printed by the Dispatch Publishing Company, it is Post's first city directory.

## All Churches Have Part In World Day Of Prayer Friday

All local churches are invited to participate in the annual World Day of Prayer service to be held at 3 o'clock Friday afternoon at the First Christian Church.

Mrs. Willard Kirkpatrick of the program committee has announced that special music will be provided by Mrs. J. A. Stallings, pianist; Mrs. Clint Herring, violinist; and Mrs. A. R. Carr and Mrs. George Tracy, vocalists.

Ministers participating on the program will include Dr. D. H. Templeton of the First Presbyterian Church; the Rev. Joe Norton of the First Church of the Nazarene; the Rev. I. A. Smith of the First Methodist Church; the Rev. I. D. Walker, jr., of the Calvary Baptist Church; and the Rev. F. B. Nickerson of the First Christian Church. In the absence of the Rev. Huron Poinac, First Baptist minister, from the city, Mrs. A. W. Boucher will take the part assigned March 1.

Others participating on the program will include Mesdames J. P. Manly, Joe Norton, A. C. Surman, Iven Clary, J. E. Parker, B. E. Young and Kirkpatrick. The World Day of Prayer program is observed each year on a national basis under sponsorship of the United Council of Church Women.

## Post Firemen Learn New Tricks Offered In Evening Classes

Seventeen Post volunteer firemen who have been going to night school since January 30 have a 100 per cent attendance record for the 12 classes that have been conducted by Bob Dobson of College Station. The school will be closed with tomorrow night's class, earlier than first anticipated because all phases of the course applicable in Post have been finished, said Fire Chief Homer McCrary yesterday.

Sponsored by the Texas A. & M. College Extension Service, the course offers practical training in laying the hose tie-up between truck and the fire, safe methods of getting on and inside buildings, how to enter a locked house with a minimum of damage to the house, how to put out a fire with a minimum of water damage and other essential information for combating errors in firefighting. Dobson offered the same course at Tahoka and Petersburg during the same weeks that he has been in this area.

## Fog Nozzle Saves Water

The firemen learned, among other things, how to use the Post Fire Department's new type fog nozzle which employs only 40 per cent of the water formerly required to "drown everything". The students did not go into the study of chemical firefighting offered by the course for larger cities, as the chemical equipment here is too limited, McCrary said.

The gasoline truck fire, which last summer caused damage to so many of Post's buildings was one of the few chemical fires in the city's history, the fire chief explained. Had there been adequate equipment, some of the loss could have been prevented, McCrary believes.

## Army Surplus Truck Wanted

Post is in the market for an Army surplus fire truck to implement the equipment already in use, and will get it as soon as (More on Back Page, Col. 2)

## NEW ARRIVALS

Mr. and Mrs. L. B. Jackson of Ft. Worth are announcing the arrival of a son weighing 7 lb., 7 oz. February 12 in the St. Joseph hospital. He was named Hiram Leslie. Mrs. Jackson is the former Adylene Giles.

Mr. and Mrs. J. B. Matiser are announcing the arrival of an 8 lb. daughter, Cealita Carolyn, born February 12. The father is a farmer in the Grassburg community.

A son, weighing 8 lb., 8 oz., was born at 3:11 o'clock Tuesday morning to Mr. and Mrs. M. C. Cook at the Lubbock Memorial hospital.

Mr. and Mrs. Albert Beavers are announcing the arrival of a son February 18. He weighed 7 pounds.

Mr. and Mrs. O. G. Stanley are announcing the arrival of a boy weighing 7 lb., 2 oz., February 18.

## DOW SHOPPING

## And Down Main Street

The coffee-cupping at the can we overheard a number of business men discuss the upcoming Chamber of Commerce banquet on the night of February 28.

Sherrill Boyd is busy laying plans for the banquet of the prewar affair and going is making of the occasion a really worthwhile event. Sales are beginning to roll in and all who are interested who isn't—can secure from Joe Moss, Ted Hibbs, Cox, Paul Jones, John L. A. Presson.

Some fellows along with Boyd are every effort to see that well taken care of whether need one ticket or ten.

Here, Tires There! Every you look in Jude's Chevrolet you see Tires. The spacious room, where in prewar one could look over the model of "Chevy," is now with tires. Perhaps if that night after item is coming such force, we can look to the same in the way before many moons.

**The Week's  
News in  
Brief**

L. B. Edwards of Big Spring and Lynn Edwards of Lamesa, representatives of the G. F. Wacker stores, were visitors in Post Saturday.

Bryan J. Williams and J. N. Power were elected deacons in the First Presbyterian Church at a business meeting of the congregation Sunday.

Mr. and Mrs. Brode Puckett of Lubbock visited friends and relatives in Post last weekend.

Iris Jay Parker and Norma Hudson were among 41 pledges presented by Leta Chaparras Club of Texas Technological College last Friday night at Hotel Lubbock, in Lubbock. Iris was escorted by Wesley Hamilton and Norma was escorted by Jack Waldrip. The girls' parents, Mr. and Mrs. J. E. Parker and Mr. and Mrs. Marvin Hudson, attended the dance.

Mrs. W. D. Livingston of Close City burned both hands with hot grease in an accident in her kitchen last Friday.

Mr. and Mrs. D. F. Eaton and sons, Mike and Steve, returned from Fort Worth Monday morning after spending several days at the bedside of Eaton's mother, Mrs. D. F. Eaton, an. of Decatur who underwent major surgery at the Memorial hospital there last Thursday.

Mrs. H. F. Giles who has been in Ft. Worth with her daughter for several weeks, returned to Post Monday morning. She was accompanied by her daughter, Mrs. Lewis Murry and son, Bobby, of Tulsa.

E. E. Cass who was injured while at work in the lumber yard last Thursday morning, is reported doing nicely. He was taken to the Post Clinic soon after the accident and several stitches were taken in his face.

Two Post children, Sherry Custer and Tommy Martin, and their music teacher, Mrs. J. A. Stallings, appeared on KSEL's Jamboree program Saturday afternoon in Lubbock from 3:30 until 5 o'clock.

Mrs. Madge Mathis was ill with influenza last week.

Winifred Anderson of Seminole was a week end guest of Bonnie Ann Bowen.

Bryan Williams, III, underwent an operation for tonsils and adenoids last Saturday in Lubbock. He returned Sunday with his parents, Mr. and Mrs. Bryan J. Williams.

**Junior Jive ...**

The Juniors had a class meeting Monday and decided to have a "Sadie Hawkins" party on Feb. 27, in the gymnasium. The voting on the party was very unusual for us. Seventeen voted for the party, three opposed, and twenty-six kept their mouths shut, and their hands down! Four were named for the decorating committee. They are: Bonnie Bowen, Joyce Evans, Billie Nichols and Helen Thaxton.

At this meeting we also set a date for the Junior-Senior banquet. It will be April 11 at 8 p. m. in the Methodist church. N. W. Stone was elected chairman of the committee for planning the banquet.

Well—exam week is here again—that is rough for some of us. I see that the Post boys lost out in the district play-off again just as they did last year. Better luck next year boys.

Several boys have less hair than they used to have, I didn't know summer was so near. Also, PHS certainly has a bunch of red-headed girls after a slumber party that was held last week. They probably wanted a new head and couldn't get it, so they decided on the next best thing.

There was a topographical error of 15 or 20 lbs on the weight of last week's personality. Forgive us, Luquita. This week's personality is a boy born in 1929—He has blond hair and is one of the best basketball players on the first string. Who is he?

**Eighth Grade Echo ...**

The eighth grade party proved to be a big success, and we wish to thank the room mothers, Mrs. Cash and Mrs. Thaxton, for making the party possible.

An eighth grade class meeting was called to order by our president, O. K. Bowen, February 17, at which time plans were discussed for an assembly program in the near future. After a treasurer's report was given we went back to class.

**Personality ...**

He is tall, has blond hair, and is a good basketball player. He hails from the Graham community. Who is he?

**Sophomore Soup ...**

The Sophomores are planning another party for next week. All members are contributing 25¢ to make it possible to have the party.

Class meetings were held Monday and a new rule was made for Sophomores. Everyone who speaks out loud has to pay 5¢ each time. Seventy cents was collected Monday.

**FUNERAL SERVICES FOR MRS. JIM GOLLEHON HELD IN GORMAN WEDNESDAY**

Funeral services for Mrs. Jim Gollehon were held Wednesday afternoon at Gorman, Texas, where she passed away Monday, February 17. Mrs. Gollehon had been ill quite some time and had recently gone to Christoval for treatment and from there to Dallas for consultation with a physician. Last week she went to Gorman to see her mother and sisters.

Relative and friends gathered at 2:30 o'clock at the Baptist Church for the final tribute to this good woman. Burial was in the family plot at Gorman cemetery.

Mr. and Mrs. Gollehon moved to Garza County in 1927 from Gorman and had resided here since. For the past several years their home has been on a farm north of Close City.

Mrs. Gollehon is survived by her husband, who was with her at her death; two sons, Wayland of Lamesa, and James, of the family home; and three grandchildren. A daughter, Lucile, died at the age of seven.

Other relatives here are a sister-in-law, Mrs. I. L. Gollehon, and a niece, Miss Vera Gollehon. Miss Gollehon was to return today from Gorman, where she went Tuesday morning.

We have only to review World War II to know that deep in the heart of America is a love for freedom... that deep in the heart of America is the will to preserve it. As we were inspired in war so shall we be inspired in peace by the invisible spirit of the father of our country, George Washington. The time has come for us to give full meaning to our Victory, to work to maintain the glorious ideals of a great man. Words of tribute are not enough for a great leader, but rather a resolution made by each individual to work for an enduring Peace—to continue to buy Bonds that democracy might live forever.

MRS. J. R. KEY,  
Justiceburg Correspondent

Sunday guests in the home of  
Mr. and Mrs. George Evans were  
their children and families of  
Lubbock.

Mr. and Mrs. Jim Tidwell and  
Bobby were weekend visitors of  
her parents at Colorado City.

Mr. and Mrs. W. T. Parchman  
were in Big Spring Saturday.

Mr. and Mrs. Hern Pettigrew of  
Lubbock visited relatives and  
friends here Sunday.

Mr. and Mrs. George Evans  
visited friends in Merkel Monday.

A Valentine party for the school  
children was held at the school  
house Friday afternoon. Several  
games were enjoyed after which  
refreshments of jello, cookies, and  
gum were served to each one present.

Mr. and Mrs. Curtis Brown of  
Slaton visited Mrs. Harrison  
Brown who has been bedfast, due  
to a fall several days ago.

Mr. and Mrs. Claude Pettigrew  
were in Lubbock Tuesday.

Mr. and Mrs. Marvin Dorman of  
Dermott were weekend visitors of  
her parents, Mr. and Mrs. Sam  
Beavers, and Sam, jr.

Mrs. Jim Tidwell entertained  
with a party in her home Satur-  
day honoring her son Bobby on  
his ninth birthday. A host of  
friends attended and enjoyed  
many games.

Mr. and Mrs. Ennis Hill and Mr.  
and Mrs. W. C. Caffey were week  
end visitors of Mr. and Mrs. Elmer  
Pettigrew.

Mr. and Mrs. W. T. Parchman,  
jr., visited relatives at Slaton Sun-  
day.

Nearly 130,000 tons of steel in-  
cluding about 10,000,000 rivets  
went into construction of New  
York's Rockefeller Center.

### Allowable Crude Production Upped At Hearing

Allowable crude oil production  
for the state was increased 104,-  
078 barrels per day over the  
February 15 figure by the Texas  
Railroad Commission this week,  
the Associated Press reported.

Prorated production was calcu-  
lated to produce 2,156,221 barrels  
daily in the state. Allowable was  
set at 2,306,123 barrels, with  
under-production figured at 6 1/2  
per cent or 104,078 barrels.

Expected production is pegged  
at 96,225 barrels daily over the  
U. S. Bureau of Mines estimate of  
demand, announced recently at 2,-  
060,000 barrels. Purchasers' nomi-  
nations totaled 2,437,369, the As-  
sociated Press said.

The statewide prorating hear-  
ing for May will be at Fort Worth  
March 19, and hearings on the  
maximum efficient rate of pro-  
duction for the 10 Texas fields will  
be held at a series of meetings  
starting May 1 in Austin, the com-  
mission chairman, Col. Ernest O.  
Thompson, has announced.

At the Railroad Commission  
hearing in Houston this week,  
West Texas was given 18 oper-  
ating days for March to produce  
505,000 barrels daily, East Texas  
21 days for 319,211 barrels and  
the other areas 27 days for 1,481,-  
822 barrels.

### Extension Service Issues Warning On Stock Disease

In livestock areas, especially in  
the west and southwest, a sharp  
lookout should be kept for signs  
of foot-and-mouth disease, accord-  
ing to a recent report from the U.  
S. Department of Agriculture to  
the Texas A and M College Exten-  
sion Service.

Outbreaks of the animal disease  
have been reported in Mexico and  
U. S. and Mexican officials are  
conducting a survey in the area  
to map out control measures. At  
present, no known infection exists  
near the United States border, the  
USDA report stated, but there is  
"danger of its sudden appearance  
in Texas and parts of the South-  
west" if it spreads to the border.

Garza county ranchers, and  
farmers who own livestock, are  
cautioned to continue with extreme  
watchfulness and report to proper  
authorities anything that looks  
suspicious, the report continued.  
No fence exists on the border to  
stop strays and wild animals with  
the disease from coming into the  
United States.

One previous outbreak of the  
disease occurred in a remote  
mountain area of Mexico in 1926,  
but prompt action on slaughter  
and quarantines held the threat  
in check.

### M. K. BINGHAM WELL TO GET PUMP TEST

A. N. Mabray has instructed his  
operator to close down the M. K.  
Bingham well, located about one  
half mile west of Post, and make  
preparations to install a pump to  
test for production.

The well, which was bottomed  
at 3,073 feet, was plugged back to  
3,038 feet after sulphur water  
was encountered at the lower  
depth. The test has been swab-  
bing considerable amount of oil  
and water.

Pump is expected to arrive by  
truck this week end and will be  
set up for a thorough test of pos-  
sible oil production.

### KENT COUNTY WELL DRILLING BELOW 3,338 FEET IN LIME

Drilling at the Humble No. 1  
Boren, southwest Kent county ex-  
ploration to 8,000 feet, had pro-  
gressed below 3,338 feet in lime  
last week end.

The location is 800 feet from  
south and 1,980 feet from east  
lines of section 46, block 5, H&GN  
survey.

It is about one quarter mile due  
north of the Ellenburger discovery  
well in the Polar field.

### Taylor Cook Improving

Taylor Cook, Garza county  
farmer, has been quite ill but is  
showing improvement now. He  
underwent major surgery at the  
Plains Hospital in Lubbock on  
February 5. He is at home now and  
would enjoy visitors during his  
convalescence.

### Bits Of News:

Miss Vera Jean Branson, at-  
tractive daughter of Mr. and Mrs.  
Louis Branson, began work Mon-  
day morning at the First National  
Bank. She is a 1946 graduate of  
Post High School and until re-  
cently was employed by Collier's  
Drug. She is taking the place of  
Miss Billie Baker who is resigning.

A. R. Carr, who joined the staff  
of the Community Public Service  
Company in December, gradually  
is taking over all the duties of the  
manager, W. E. Dent, who will re-  
tire June 1 after 29 years of ser-  
vice with the local water company.  
Mrs. Carr and their daughter,  
Camilla, moved here from Breck-  
enridge last month. The family is  
at home at 302 West Eleventh  
Street.

H. F. Giles was called to Altus,  
Oklahoma, Wednesday morning to  
the bedside of his father, W. H.  
Giles, who is very ill.

Mr. and Mrs. Robert Cato and  
small son this week moved into the  
Mickey Edwards home which they  
purchased last week. Mr. and  
Mrs. Edwards who operated the  
Help-Or-Self Laundry disposed of  
their property and moved to Ft.  
Worth last week.

Mr. and Mrs. Charles Hayes  
and children of Lubbock visited  
friends here on Sunday. Mrs.  
Hayes will be remembered as the  
former Juanice Cartwright, daugh-  
ter of Mr. and Mrs. Les Cart-  
wright.

Mr. and Mrs. Fred Robinson had  
as guests on Sunday, their son,  
William, and his wife of Lubbock.

Mr. and Mrs. Allen Cash and  
Mr. and Mrs. Walter Duckworth  
returned the first of the week from  
several days visit in Dallas. They  
visited the Jim Winders, former  
Post citizens, who moved to Lub-  
bock and who are spending the  
winter in Dallas to be near their  
daughter who is attending a private  
school. They also visited A.  
C. Cash and attended the Ice  
Skating Revue in the Century  
Room of the Adolphus hotel.

## Post Antelopes Edged Out Of District Basketball Play-Off

Post Antelopes were edged out of the double-elimination south half basketball tournament at Tahoka last Friday, after dropping their first game in the afternoon to Seminole, and taking a walloping at the hands of the Tahoka Bulldogs that night. Andrews and Tahoka took first and second places, respectively, to earn the right to represent the southern half of the district against Sudan

and Levelland, winners of the northern half, for the district title.

The locals, after sailing through the quarter-district playoff by winning all six of their conference matches, gave up their last chance to stay in the district tournament by dropping their second game to Tahoka, which team they had beaten twice in the quarter-district playoff.

The Antelopes in their first game of the tournament, bowed to Seminole, 30-28, and were edged out Friday night by Tahoka, 35-33, after two over-time periods of play.

Andrews surged through the tourney by taking Tahoka, 27-23, bumping Seminole, 34-24, and then taking the final game from Tahoka, 37-25. Tahoka, to gain second place, bumped both Post and Seminole.

Sudan came through easy winners as north half titlist, while Levelland, ran into trouble for second place, and managed to edge out Abernathy in a three game play-off between the two teams for second place title Monday night.

Roy Williams, who led the locals in scoring, was selected as an all-tournament forward.

# Seventeen Boxing Bouts On "Fun Nite" Card

Seventeen boxing bouts, and two wrestling matches, are carded for Friday night's "Fun Nite" at the Post High school gymnasium, under sponsorship of Coach Bing Bingham. The gong for the starting event will be sounded at 7:30 sharp.

The program for tomorrow night will bring Post High's best scrappers together in evenly matched bouts, which have been carefully planned by Mr. Bingham. Funds derived from the entertainment will be used to purchase athletic equipment for the school. The admission will be 60 cents for adults and 30 cents for school kids.

Thirty-two school boys, most of whom have been working out daily in the gym the past two weeks shaping into condition for the bouts, have been paired into most of the fight weight classes, which include one heavy weight bout. Several special events have been arranged, as added attractions, and include two colored-boys' scraps, and two wrestling matches.

Fairings have been announced as follows:

- Burford Fincham, 150 pounds, vs. Raymond Teel, 150.
- Horace Tyree, 129, vs. Harrell Porterfield, 126.
- Billy Smith, 110, vs. Cletus Graves, 108.
- Charles Williams, 89, vs. Nel Underwood, 89.
- Billy J. Baker, 129, vs. Barry Ford, 131.
- L. W. Evans, 100, vs. Ed Baker, 100.
- Ed Teel, 120, vs. T. M. Reep, 123.
- Topper Bilberry, 86, vs. Carrol Light, 84.
- Dan Carpenter, 151, vs. Roy Davis, 152.
- Roy Geary, 122, vs. Gene Ford, 125.
- Lonnie Walls, 118, vs. Jerry Odom, 119.
- Bobbie Claxton, 135, vs. Herman James, 133.
- Tommie Walls, 150, vs. Charles Kist, 147.
- Wayne Thomas, 98, vs. Jimmie Moore, 101.
- Don Brown, 89, vs. Pete Hays, 82.

Special heavy weight bout—George Pierce, 189, vs. Maurice Steltzer, 208.

Colored Bout—J. C. Evans, 152, vs. Junior Crimes, 155.

Colored Bout—L. E. Walters, 102, vs. Junior Abbott, 99.

The grappling card, a one fall affair with 15 minute time limit, pits J. W. King, 101, with H. C. Brubbe, 100; and Billy Odom, 152, with Mac McCullough, 156.

To see that everything is carried on peacefully, big Ben Howell will referee the bouts.

Raymond Redman and Bennie Sorjee will serve as fight judges.

## Antelopes To Open Football Training On First of April

Spring football practice for the Post High School Antelopes will get underway April 1 with eight lettermen and six squadmen from the fall season and several eighth graders "who look good." Coach Bing Bingham announced this week.

The eight lettermen, who are expected to participate in next season's play are Junior Malouf, Buddy Hays, Pleasant Hill, Carter White, Gayland Young, Shorty Hester, Stanley Benga and Jimmie Smith. They and the squadmen, Kay Kirkpatrick, Ronnie Bouchier, Charlie McGuire, Barrie Ford, N. B. Teaff and W. J. Goss, all indicate they are ready and anxious for spring training to begin.

The training period will last 30 days, the maximum allowed under rules of the Texas Interscholastic League.

Texas turkey growers plan to reduce production of turkeys in 1947 five per cent below 1946, due to high feed prices and little change in turkey prices, the Bureau of Agricultural Economics reports.

## Post Girls Enter District 17 Basketball Tournament

## Post Junior Teams Win Top Honors In Cage Tournament

Three Post High School hard-wood teams entered the junior basketball invitation tournament at Ropesville last week end and each team brought home top honors. The local entries included two boys' teams and a girls' team. The boys' A team won the tournament after crowding out the B entry in the finals, to give that team second place, and the girls swept through the tournament, taking all comers, to win top honors in the girls' bracket.

The A team, comprised of Clarence Voight, Boyd Bowen, Bobbie Claxton, Eugene Ford, Buddy Hays, Junior Malouf and Sonny McCrary, clipped Ropesville, 19-11; Sundown, 23-14, and then edged out the local B team, 35 to 33 for the championship.

The B entry, made up of Bob Johnson, Charles McGuire, Ronnie Bouchier, Kay Kirkpatrick, J. G. Cash, Bob Hodze, Billy Ramage and Charles King, eliminated Friendship, 21-11; and Brownfield, 19-12, to climb to the finals with the Post A team.

In the girls' play, the Post team won over Friendship, 15-11; Sundown, 11-9; and Ropesville grade school, 14-8, to edge up to the finals, and then took Whiteface, 19-18, to win the tournament.

The Post-Whiteface game stood out as the best game of the tournament, report local fans who attended the matches. It was a close battle all the way through with Post holding a slight edge. At the end of the half the score was eight to six in favor of the locals, and shortly before the final whistle the Post team was standing out ahead by a two point margin, 19-17. A foul tacked on Post in the remaining seconds to play gave Whiteface a try for a free pitch, which was racked up, to end the game 19-18 in favor of the locals.

Five Post players were given places on the all-tournament team. Claudia Ticer was named first-place guard, and Verna Dell Long was selected as a guard. Junior Malouf, Eugene Ford and Bob Johnson were selected on the boys' all-district team.

## POST "OUTSIDERS" ELIMINATED FROM RALLS TOURNEY

Post's independent boys' basketball team was eliminated from Ralls invitation tournament last night when the Ralls' outsiders rolled them, 41-36.

About fifteen teams are participating in the tournament which opened last night, and will run through Saturday night, on a 3-game nightly schedule.

Local boys who made up last night's team were Paul Davis, Punk Peel, Polly Duren, Gene Hays, Hugh Ingram, Bing Bingham and Delmo Gossett.

The Graham team was comprised of Cowdrey, Fluit, Stevens, Graham and King. Rex King scored high for Graham.

Face powder has brought an end to more single men than gun powder.

## Additional Society News

### MRS. RAYMOND REDMAN HOSTESS AT VALENTINE PARTY FOR SEWING CLUB

Mrs. Raymond Redman was hostess for a delightfully planned party observing Valentine Day last Friday afternoon when the Priscilla Club met in her home.

After a time of visiting and sewing the hostess passed colored valentines and instead of being greeted each card carried a request for some forfeit to be done. Another group of valentines were passed and, much to the consternation of the ladies, these proved to be pictures of "ray back when" which had been secured by Mrs. Redman unknown to the subjects.

Heart shaped sandwiches, olives, homemade cake, and spiced tea were served. Enjoying this meeting were Mes. H. G. Smith, Ben Williams, Collier, J. D. McCampbell, Ted Hibbs, I. L. Duckworth, Camp, B. E. Young, Morris Neff, Hays, Kemp, Bob Warren, Voss, Outlaw, Jake Webb, Alex Webb, Barrow, and Canley.

The club will entertain for their husbands and a few other invited guests at 7 o'clock tomorrow night, Friday, Feb. 21, at Wilf Scarborough's. The occasion will be dinner and 42.

### NEEDLECRAFT CLUB AND HUSBANDS ENTERTAINED

Mrs. Noah Stone, Mrs. Ralph Welch and Mrs. F. C. McAnally were hostesses Friday at a Valentine party in the Stone home for members of the Needlecraft Club and their husbands.

Valentine decorations were featured in tallies for five tables of forty-two, other decorations and refreshments. Pimento cheese sandwiches, olives, potato chips, congealed fruit salad, heart-shaped cookies and mints were served.

Attending were the Rev. and Mrs. I. A. Smith, Messrs. R. Greenfield, Claude Terry, Boone Evans, Tol Thomas, Surman Clark, S. M. Snowden, A. R. Moore, A. A. Suits, Welch, Stone and Mrs. McAnally.

A dollar or two spent for vegetable seed pays big dividends in food, health and economy.

### FAREWELL SHOWER GIVEN FOR S. C. CALDWELLS

Mr. and Mrs. S. C. Caldwell, sons, Bill and Gene, who left Thursday to make their home in Muleshoe were honored at a farewell party on February 18 in the home of Mrs. Mrs. Boe Wheatley.

Entertainment consisted of two and dominoes, songs and a presentation of a shower of gifts which included a coffee table sent by the Close City Club of Christ and a painting given by the home demonstration at the community.

Refreshments were served to 80 guests.

### Joint Meeting Changed

The Priscilla and Needlecraft Clubs will have a joint meeting next Thursday afternoon, at 3 o'clock in the home of Mrs. Jessie Voss. Mrs. Clark will be co-hostess.

At least eight million boys girls will get meals this year at the National School Lunch program, the Production and Marketing Administration estimates.

## TA Is Praised For Role Building Citizenship

Large gathering of parents, teachers and students heard Dr. H. Templeton give an interesting analysis of the importance of the Congress of Parents and Teachers in "The Building of Better Citizens" at the Parent-Teacher Association annual Founder's Day held last Thursday afternoon in the high school auditorium.

The program was especially meant in that it observed the anniversary of the national organization. Mrs. Willard Kirk presided for the meeting which was opened with prayer by Joe Norton. After a brief discussion, the program turned over to Mrs. B. E. who introduced third and fourth grade pupils, respectively, Miss Skeeter Smith and Miss Cox in the following numbers: "Minuet in G", Pat; song, "America the Beautiful"; Glenda Askins, Rogene, Arletta Gary, Gerald Brad, Donna Fay Kennedy, Leonard, Jerry Martin, Juanita, R. B. Taylor, Thelma Johnson, Daisy Alice Foster, Valton and Johnnie Gilmore; song, "A Valentine"; Drury Hughes, and piano solo, "A Garden," Gene Young.

**Play Is Given**

Ralph Welch directed a play, a mother-child play, by Mrs. F. C. McAnal, daughter, Martha Jean, Mike Custer and daughter, Mrs. Ira Farmer and son, Tatum, and Mrs. Welch and Bernie.

Dr. Templeton, the new minister, listed the school and the church as three basic institutions and pointed out that the parent-teacher association is in a position to influence all three.

He defined citizenship as essentially a matter of attitude and that right attitudes are expected "by us of the present generation." Enlarging on right citizenship, he complimented the parent-teacher association for the part it has done to improve the nation's children.

He explained that defective nervous systems resulting from poor nutrition is the cause of a large percentage of lawbreaking. He

quoted statistics to prove definite relationship between health and morals and citizenship, even attributing alcoholism to poor health.

### Leadership Is Essential

The minister also praised the group activity which benefits the entire community. In this regard, he pointed out the group attitudes which are reflected and developed in the members' homes for the good of the community. As an illustration, he spoke of modern psychology which has developed, recalling that "when we were children they didn't teach us to temper our aggressiveness, they tempered it for us" and saying that the modern parent is taught to turn a child's natural aggressiveness into his best asset, tempering it with good judgment, knowledge and sympathy and preparing him for leadership in a future that will need leaders more than any era of the past.

He complimented the parent-teacher organization on its role as a religious influence, saying it is no less distinctive in the essential religious field than the young people's organizations sponsored by the various churches.

The program was followed by a tea in the high school home-making department, with pupils of Miss Maud Alice Zorns serving as hostesses. Spiced tea was poured by Jane Preston and Margaret Flemming from a lace covered table that was centered with an arrangement of golden flowers. The gold motif, in observance of the golden jubilee anniversary of the association, was repeated in the napkins that had been made by the students.

### MISS FRANCES STOKER AND ROY W. WHITE TO WED IN SAN ANTONIO

Invitations have been received here to the wedding of Miss Frances Kenyon Stoker, daughter of Mr. and Mrs. Ivan Stoker of San Antonio, to Roy William White, a Hardin-Simmons University student at Abilene.

The wedding will take place at 1 o'clock Sunday afternoon in the chapel of the First Baptist church in San Antonio, and the couple will live in Abilene until the bridegroom's graduation in June.

## EASTERN STAR CHAPTER IN REGULAR MEETING ON TUESDAY NIGHT

Post chapter of the OES met Tuesday night for the stated meeting in February. Worthy Matron Berenice Propst and Worthy Patron Lester Nichols presided.

Chapter was opened in regular form and minutes were read by Secretary Lyda Everett. Several matters of business were discussed. Correspondence includes two invitations, one from Southland for Thursday night, February 27, and one from Lubbock for Tuesday, March 18. Several plan to visit Southland.

Balloting was done and the new candidates will receive the degrees at a called meeting next Tuesday night, February 25. The Tahoka chapter has been extended an invitation to attend this meeting.

Plans are underway for a buffet supper and social meeting honoring Masons, their wives who do not belong to the Star, and husbands of all Star members, should there be those who are not members of the Masonic order. This date has been set for March 4 and further announcement will be made.

Fifteen regular officers, seventeen members and two visitors from Tahoka were present.

After the close of chapter Fave Mathis, Lucile Meador, and Lillie McRee served cherry pie with whipped cream, salted nuts and coffee.

### FREDA JOYCE WEAVER WEDS K. C. HOLLEMAN

The marriage of Miss Freda Joyce Weaver, daughter of Mr. and Mrs. Ronald L. Weaver of Lubbock, formerly of Southland, to Kenneth C. Holleman of Lubbock was solemnized at 8:00 o'clock last Friday night at the home of Miss Juanita Hendrix in Lubbock. Waymon D. Miller, minister of a Lubbock Church of Christ performed a double ring ceremony.

Given in marriage by her father, the bride wore a powder blue wool crepe dress with blue and black accessories and a pink carnation corsage. "Something old" was a lapel watch belonging to her paternal grandmother, Mrs. W. M. Weaver of Southland.

Miss Sue Warren and Burl Kizer, both of Lubbock, served respectively as maid of honor and best man. The wedding music was played by Lanore Harvestock of Lubbock.

During the reception, which followed the ceremony, Mr. and Mrs. Holleman were assisted in receiving by Misses Sue Warren, Mildred Scott and Hendrix, all of Lubbock. Mrs. Burl Kizer presided at the bride's book. Out-of-town guests included the bride's grandparents, Mr. and Mrs. Weaver of Southland, and friends from Southland, Post and Childress.

The couple is at home at 2827 Ruby Street in Lubbock.

### IT IS TOO ALL RIGHT TO DINK CORNBREAD IN TURNIP GREEN SOUP

The solid south is divided in its opinion as to how to prepare one of its favorite dishes, turnip greens. Some Southern cooks throw out the stems and other cook the stems with the leaves.

Miss Jewell Hipp, Garza County home demonstration agent, belongs to the stem-cooking school. She says research has proved that the stems have more than enough food value to justify being included in the pot and, in addition, they add some valuable roughage to the diet. Another advantage is the time saved in preparation.

Miss Hipp also belongs to the dunking-cornbread-in-the-pot-liquor-school. "Despite what etiquette books say," Miss Hipp says, "science tells us that the practice is one of the best ways to get full benefit of the nutrients that have boiled out of the turnip greens."

### BARNUM SPRINGS CLUB TO HAVE YARD LESSON

The Barnum Springs Home Demonstration Club met February 12 in the home of Jewell Long for dinner and embroidering of cup towels. Mrs. Gladys Pennell presided for business. The program included a demonstration of mitered corners by Jewell Long and of chateleine pins by Carol Jean Long.

Jewell Long was made chairman of the entertainment committee and Annie Hodges chairman of the menu committee. Members were told to wear work clothes to the next meeting, which is to be an all-day gathering at the home of Eunice West. They will set out trees and grass and other types of yard work, under direction of Miss Jewell Hipp, county home demonstration agent. Dinner will be served at noon.

It was announced also that the club will have a forty-two party for members and their families Friday night at the home of Gladys Pennell. Members were urged to bring their children to the party as those with birthdays will be especially honored.

Mrs. B. W. Pennell and Carol Jean Long were guests at the

Miss Stoker, a former Post resident, is a niece of Mr. and Mrs. K. Stoker.

## County HD Council Plans For Leadership Training

By BONNIE CEARLEY

"Peter went upon the housetop to pray about the sixth hour. And he became very hungry, and would have eaten; but while they made ready, he fell into a trance.

"And saw heaven opened, and a certain vessel descending unto him, as it had been a great sheet knit at the four corners, and let down to the earth:

"Wherein were all manner of four footed beasts of the earth and wild beasts, and creeping things, and fowls of the air.

"And there came a voice to him, Rise, Peter; kill and eat.

"But Peter said, Not so, Lord; for I have never eaten anything that is common or unclean.

"And the voice spoke unto him again the second time, What God has cleansed that call not thou common."

—Acts 10:9-15

"And the Lord said unto Cain, Where is Abel thy brother? And he said, I know not, Am I my brother's keeper?" —Genesis 4:9

All young people are invited to the Church of the Nazarene Sunday night, February 23, at 6:30. The NYPS topic is "Service As The Christian Invests It." Speakers will discuss: Christian Service Is A Good Investment, Saving or Losing Our Lives, The Parable of Talents, An Investment of Talents, An Investment of Time, The Meaning of Investment, Doing Things for Christ, and Ways To Make An Investment.

The WFMS of the Church of the Nazarene will meet with Mrs. M. K. Bingham Thursday night, Feb. 20, at 7:30. The subject for discussion will be "A Study of India."

Local observance of World Day of Prayer will be at the First Christian church tomorrow and elsewhere in the paper is the program. May we urge you to read it and determine to attend this meeting. Most of us are rather lax regarding such meetings. Right quick we could name twenty people who will be there—they attend each year—but let us go along with them tomorrow. Surely with the world struggling to find peace we should try prayer—at least it will not hinder.

### World Day of Prayer Theme:

Eternal God, who committed to us the swift and solemn trust of life; since we know what a day may bring forth, but only that the hour of serving Thee is always present, may we wake to the instant claims of Thy holy will, not waiting for tomorrow, but yielding today.

Consecrate with Thy presence the way our feet must go, and the humblest work will shine, and the roughest places be made plain.

Lift us above unrighteous anger and mistrust, into faith, and hope and charity, by simple and steadfast reliance on Thy sure will.

In all things draw us to the mind of Christ, that Thy lost image may be traced again, and that Thou mayest own us at one with Him and Thee, to the glory of Thy great Name. Amen.

Rev. Nickerson, Mmes. Lee Davis, Kirkpatrick, Jack Burrus, Nathan Mears, Donna Pierce, and C. F. Davis attended a Conference of Women's Council members of this district which was held in Lubbock Tuesday. The First Christian church of Lubbock was the host church and served a bountiful noon meal. Both lecture and forum periods of study were included in the program for the day.

Rev. Nickerson and Lee Mason attended the Christian Church laymen's meeting last Friday night in Lubbock. They heard Harry Hines of Dallas, an oil operator who is also a prominent religious worker, who spoke on "The Layman and his Responsibility to God." A meeting of workers and some entertainment numbers made up the balance of the program.

Rev. Huron Polnac is at Union, in Terry County, conducting a revival at the Baptist church which will continue through Sunday night. At the church here next Sunday morning A. A. Suits, a very good layman speaker, will bring a message. A special program has been planned for the night service.

Both circles of the Baptist W.M.U. met Monday afternoon at the church. The Jaxie Short circle meeting Others attending were Velma Ray and Opal Ray, new members, Annie Hodges, Juanita Lee, Gladys Pennell, Velma Lang, Eunice West, Pearl McCombs, Juanita Ford and the hostess.

The new "Leadership training" program which is being used by all home demonstration and 4-H clubs in Texas was explained by Miss Edith Wilson, assistant district home demonstration agent with headquarters at College Station, at a meeting of the Garza County Home Demonstration Council Saturday in the District Court Room.

It was pointed out that each club in the council would, under the plan, elect two "bedroom improvement" leaders and two "orchard demonstrator" leaders to attend leadership training schools conducted by Miss Jewell Hipp, county home demonstration agent, during the year.

The leaders will, in turn, present the information received on the two subjects to their respective clubs. The first of the leadership training meetings will be held at 2 o'clock the afternoon of March 29 in the District Court Room. As the subjects will be "Pressing Equipment," "Equipping a Sewing Center" and "Spring Millinery," each leader is invited to bring a felt or straw hat which will be cleaned, restyled and retrimmed in preparation for the Easter parade.

Miss Hipp asked that each club send the names of its leaders in both the training school subjects to her office by February 26.

Mrs. George Evans, chairman of the council, presided for the business session in which Mrs. W. A. Long of Barnum Springs was elected secretary-treasurer to fill the vacancy left by the resignation of Mrs. S. C. Caldwell who recently moved from Close City to Muleshoe. Mrs. J. Fumagalli served as secretary pro-tem.

Mrs. Fumagalli, who is the yearbook chairman, reported that the yearbooks have been completed and delivered to all the club. The council extended a vote of thanks to her, the County Commissioners Court and the Triple A Office for their assistance in completing the books much earlier than had been expected.

Mrs. Evans appointed the following standing committee chairmen: Finance, Mrs. W. C. W. Morris; expansion, Mrs. L. H. Peel; exhibits, Mrs. Will Teaff; education, Mrs. Theibert McBride; reporter, Mrs. J. C. Gandy; sponsors, Mrs. R. A. McLaurin; yearbook, Mrs. Fumagalli; recreation, Mrs. Roy Hodges; marketing, Mrs. Morris; Texas Home Demonstration Association county chairman, Mrs. Fumagalli.

Mrs. Morris presented a plan for raising funds for the council budget, whereby each club would sell 10 boxes of Every Day Occasion Greeting Cards. The council voted to buy 50 such boxes for the clubs to sell.

It was announced that three delegates to the Texas Home Demonstration Association meeting in April will be held at the next council meeting, March 15. Each club was urged to send a

met at 2:30 with Mrs. Iven Clary in charge. The Blanche Groves met at 3:30 with Mrs. A. A. Suits presiding. The study for both groups was a special missionary program.

The Methodist W.S.C.S. ladies met Monday afternoon at the church at 4 o'clock. After prayer and devotional another lesson in the study course was heard. Members have expressed their enjoyment and appreciation very enthusiastically about this course on Christian Motive and Method in Stewardship which is being taught by Mrs. T. L. Jones. As one person put it "Mrs. Jones is just a wizard at presenting the subject matter. She is making it very interesting for us." There are about three more weeks of this study.

Next Monday instead of the regular W.S.C.S. meeting members will go to Southland to assist in the formation of an active group there.

Local Methodists have been attending the lectures at Texas Tech this week. Dr. Roy L. Smith of Chicago, distinguished minister and editor of Christian Advocate, is delivering a series on "I Believe." Dr. Smith is a noted speaker and author and this convocation is of extraordinary value.

The coronation ceremony last Sunday night at the Baptist church for members of the Girls' Auxiliary who had passed specified requirements was truly a lovely service. A large crowd attended to watch the candlelight service and we feel they all join us in appreciation. Mmes. Iven Clary, Ralph Carpenter, Huron Polnac, Monta Moore, and Miss Jo Panter were in charge of the program.

Joe Trussell, who charmed Postites with his magnificent voice and leading capability, is this week at Lubbock assisting in the meetings at the First Baptist church emphasizing Spiritual Life.

For people prevented from attending 11 o'clock services on Sunday we recommend a program which comes via Wichita Falls. Most wonderful singing and music! It will help you!

delegate to the council meeting. The association meeting probably will be held at Floydada, Miss Hipp said.

The agent announced that two Landscaping Schools would be held in the county soon, one on February 26 at the Lewis West home in the Barnum Springs Community and the other at the W. B. Saunders home in the Close City Community. The public is invited to attend both meetings, which will begin at 2 o'clock in the afternoon. The purpose of the

demonstrations is to determine how various kinds of shrubbery will grow in this county. The two farms selected for the projects are representative of the two distinct types of terrain, the breaks area and the plains region. Shrubby for the demonstrations will be provided by the Experiment Station at Woodward, Okla., Miss Hipp said.

Mr. and Mrs. Jack Cockrum and children of Seminole were visiting homefolks here over the week end.

## Herring's

The present wartime price-support program will end December 31, 1948.

Soil building in East Texas and the coastal prairies depends largely upon the use of commercial superphosphate with clovers.

Forty per cent of the farm land in the nation is in farms of over 1000 acres.

The average size farm in the United States is now 50 acres larger than 25 years ago, and 20 acres larger than five years ago.

# Talk of the Town

PICKED UP ALONG THE NEWS PATH

When O. B. Kelly returned to Post wearing a checkered store-bought suit, maroon shirt and striped tie, his friends accused him of "courting a rich widder." One of Garza County's real oldtimers, Kelly plans to go to Ontario, California, to make his home in the near future.

Since leaving Post several years ago, he lived first at Roby and more recently in Brownfield where he was associated with his daughter, Mrs. Peggy Williams, in a gift shop. Mrs. Williams recently sold the shop and went to Ontario to make her home. Another son, Billy Kelly, also lives at Ontario.

Making the sidewalk in the region of Warren's Drug Store his daytime headquarters, Kelly spent last Saturday gossiping with old friends such as C. B. Everett, Geo. Samsen, Bryan Williams, and George Duckworth who only gets to town once every few months.

These and numerous other oldtimers asked questions about all of O. B.'s family and learned that Knox is living in California; Son is in the Merchant Marine and liable to be anywhere, from Germany to Tokyo, and Bud has Sam Furr, who came to Post in 1913 to work for the cotton mill and stayed around long enough to become a farmer north of town until the call of the East finally got him, about 1924, was in Post Saturday searching for—and finding a few—familiar faces. He is employed by a Philadelphia textile company. It was his first visit here in 23 years.

Post finally is becoming a suburb of Lubbock and, as such,

is acquiring residents such as Mr. and Mrs. E. F. Mayer. Employed in Lubbock by the California Packing Corporation, Mayer has been commuting to Lubbock daily for a year now because he can't find a place to live up there. As the room he has here is a bit crowded for him, his wife and 11-a-civilian job on Guam; Billy is married and has a "fine little girl named Peggy Colleen, after her aunt and Colleen Darden Hord, formerly of Post but now of Brownfield. Kelly also reported that Colleen's brother, O. L. Darden, Jr., was married a month or two ago and is living in Midland.

Clever as ever at having the last word in a kidding game, O. B. doesn't deny the accusation about the "rich widder" and adds "and she lets me drive her automobile, too."

Sherrill Boyd feels like the little boy who did something wrong at school and had to write the correct answer 500 times on the blackboard.

He typed up the ballots for the Post Chamber of Commerce board election, making two copies. Then he corrected O. L. Mayfield to read Dow Mayfield, and added the name of George Samsen which somehow had been omitted in his typing. These were added to the copy that he didn't take up to the courthouse to be mimeographed. The ballots were made from the uncorrected copy, and Boyd spent all last week typing the corrections onto the neatly mimeographed ballots.

Them as likes 'em can just have these newfangled toys that mean so much to today's great grandchildren, Mrs. J. H. Babb believes. Her latest trouble was with a gas-filled balloon that Great Granddaughter Jo Nancy Power left at her house the other night. The balloon hung to the ceiling until just about bedtime, then it lowered its altitude to about Mrs. Babb's height and started following her all about the house. The lights were low and their reflection made the balloon appear to be a hideous creature with two eyes and no mouth.

"I started to call Mrs. Weakley," she said, speaking of her next-door neighbor, "then I decided she would be ready for bed and besides I was silly to be afraid of that thing, so I went on to bed with the balloon hovering over me, sort of leering."

But she couldn't go to sleep. Finally she got up and "shut the thing up in the bathroom," where it must have leered against the door all night, because the next morning when she opened the bathroom door, the thing popped out right in her face.

month-old baby, Mrs. Mayer spends her spare time hunting an apartment in Post, having long ago given up hope of getting as close to her husband's work as Slaton.

The Connell Chevrolet Company on Tuesday delivered a 36-passenger school bus to the Verbena School district which purchased the vehicle for the transportation of high school students to Post. The bus, which has a 1947 Chevrolet motor and a Superior body, arrived Saturday on a convoy from Lima, Ohio. It is modern in design, having a center aisle and rear door, leather upholstered seats that can accommodate three students each, four large dome lights and other safety devices.

Among the newcomers that the oil activities have brought recently to Post are Mr. and Mrs. J. W. House, Jr. and Mr. and Mrs. Roy Mahan who moved here from Graham. House is a tool-dresser and Mahan is a driller for the Hipp Company.

Captain Herbert Boelter and his charming English war-bride were guests in the Shelly Camp home Sunday afternoon and night. The Boelters are stationed at Percedio Monterey, California, where Captain Boelter is serving as adjutant of the post. The former Post High School science instructor is with Military Intelligence and at present time is training a group of American-born Japanese boys to serve with the armed forces in the Far east as interpreters. He expects to be released from active service with the Army in June. They stopped over here enroute to Hamilton where they will visit Mr. Boelter's parents.

Lighting of fluorescent lamps without the use of wires, transmission of the human voice by the beam of a flashlight and other electronic marvels were witnessed by Ted Hibbs, Post's Southwestern Public Service Company manager, and Ralph Welch, local troubleshooter for the Southwestern Associated Telephone Company, in Lubbock Monday night.

The demonstration, by Dr. Phillips Thomas, Westinghouse Electric Corporation research engineer, was held in the Senior High School auditorium under sponsorship of the Southwestern Public Service Company and the American Institute of Electrical Engineers.

Doctor Thomas explained wartime and postwar uses of radar and told of experiments which now are being conducted to supply the blind with radar impressions which will serve as a substitute for sight.

S. S. Storie of the Storie Motor Company has returned from a meeting in Lubbock where a member of the Dodge factory executive staff of Detroit outlined advertising, merchandising and training plans for 1947. He learned that the Dodge "job-rated" truck line was expanded during 1946 to include 175 basic gross vehicle weight models covering 97 per cent of all hauling and delivery requirements. Storie also saw a motion picture which he says is to be made available later for showing here to truck owners. The film depicted how Dodge trucks are job-rated at the factory with all basic units such as engine, clutch, transmission, axles, frame, springs and brakes to fit the individual operator's load over his roads.

To accept custody of one of three men held in Houston in connection with the theft, on December 16, of an automobile from L. W. Dalby, Terry County Sheriff Ocie H. Murry went to Houston Tuesday. The car was stolen in the south part of Terry County and found stripped near Brownfield. Although three men were apprehended, only one was to be returned to Brownfield this week. The others were being held in Houston in connection with other investigations.

Frank H. Leslie of New York City, president of Postex Cotton Mills, Inc., spent two days here last week inspecting the mill, new equipment and the housing project.

# Egg Legislation May Result From Area Program

Educational groundwork for a law on regulation of egg quality will get underway next month in Garza County in a program sponsored by D. F. Eaton, farm agent, and Miss Jewell Hipp, home demonstration agent.

The marketing department of the Texas A & M Extension Service chose Lubbock and its 16 surrounding counties about two years ago for the launching of the educational program which it hopes will inspire legislation against the marketing of bad eggs. Lubbock was selected because its trade territory supports the most concentrated egg market in the state.

The program has been effective enough during the past year to cause 25 retail stores in Lubbock to deal only in Grade A eggs and the stores are reporting an increased demand from the housewife consumers for top quality eggs.

Eaton, who with Miss Hipp is arranging for such an educational program in all the Garza county schools and other organizations, beginning next month, points out "eggs are as delicate as milk and their quality should be governed by law the same as milk quality is governed."

"In addition to insuring the good health of the consumers, the program will result in increased income for the farmers. Under present conditions, farmers get no premium for their extra efforts to produce only Grade A eggs. "The program also will save money for the consumer. When a housewife buys a dozen eggs marked Grade A, she knows she is getting 12 eggs of similar quality, with no loss."

The Garza county educational program will be conducted by lectures and demonstrations to housewives, farmers, wholesalers and retailers, through the personal assistance of W. L. Braddy of Lubbock, assistant county agricultural agent in poultry and marketing, who has been here this week offering classes on the subject to GI Vocational Agriculture students, through the cooperation of Eaton and Miss Hipp.

Braddy will return to Post next month to help push a program that should be of interest and mutual benefit to three groups: The producers, the wholesalers and retailers and the consumers.

In an interview with a Dispatch reporter this week, Braddy said it is important that the consumer understand the advantages of buying only Grade A eggs and said the quality can be determined only by the candling process. Canded eggs marked Grade A Large have filled these requirements:

1. They weigh 23 oz. to the dozen.
2. They are clean and unbroken.
3. Their air cells are less than one-fourth inch in depth.
4. The yolks stand up well and have a slightly well-defined shadow.
5. The whites are reasonably firm and free from matter.

# SOUTHLAND NEWS

Please Send or Phone News Not Later Than Monday to MRS. FLOY KING, Southland Reporter

The Baptist Revival closed Sunday night with twenty-two conversions, six additions by letter and seven rededications. Sixteen new members were added to the Sunday School roll Sunday morning bringing the enrollment up to one hundred and forty. The Baptist services will be at Post

February 28 at 8 p. m. in the First Baptist church. The Workers Conference was postponed for a week due to so many conflicting revivals.

On February 8th in Ringo, Oklahoma, Miss Mary Frances Everage and Jack Kuykendall were united in marriage. The bride wore a gray suit with black accessories. Both the bride and groom attended school here. They will be at home on a farm near here.

Congratulations to Mr. and Mrs. Curley Taunton on the birth of a daughter born Monday morning in Slaton Mercy hospital. Maternal grandparents are Mr. and Mrs. L. J. Duff.

Mrs. C. C. Warles' parents and their granddaughter of Floydada spent Sunday here. Doris and Edwin went home with their grandparents to spend the week.

Mr. and Mrs. J. M. Sizemore, Mr. and Mrs. Bill Sizemore, of Hobbs, N. M., and Mrs. T. D. Street and family of Lovington, N. M., spent Sunday here with the Ogles.

Mrs. J. M. Harnaker assisted by her mother and sister, opened a lunch counter in their drug store. They will serve sandwiches, pie, and coffee.

Eighty-three were present at the Methodist church Sunday morning. A substitute preacher will be here from now on until Rev. Walden is able to take over again. They turned out both services Sunday to attend the revival at the Baptist church.

Sunday guests of the Wilbur and Riley Wood families and Mrs. Nellie Mathis were Mr. and Mrs. Elmer Dean and Mr. and Mrs. Leonard Dean of Sundown.

The Southland Lutheran Ladies Aid met February 12th with Mrs. Albert Krause. The theme for the afternoon was "Patriotism." After a Scripture reading and prayer were given. "Bravery," "Kindness," and "Prayer" were ably discussed. After a brief business meeting, the program was closed with a hymn and a prayer, after which Mrs. Krause served delicious refreshments to sixteen members and one visitor.

Thursday Mrs. B. R. Arthur, accompanied by her husband, sister, niece, and a friend from Merisel, returned home after a three months visit there. Mrs. Arthur is feeling well and is glad to be home again.

Mrs. Delmer Trimble came home to live with her parents, Mr. and Mrs. M. E. Morris, as her husband left for overseas duty last week.

Calvin Grantham spent Sunday with Billy Roy Murphy. Sunday dinner guests of the Thomas Brooks' were his sister and family of Justiceburg and the B. J. Elstons and Mrs. Marvin Truelock and Glynda.

Visiting in the Sampson Gilliland home Sunday were Mrs. Francis Hendrix and children and Mr. and Mrs. J. M. Clark of Slaton.

Mr. and Mrs. J. C. Harris had as their guests last week Mrs. Holt Havens and boys of Rowell, N. M., Miss Winnie Hendrix of Lubbock, Mrs. Harvey Johnson and children of Dallas, and Mr. and Mrs. Ennis Harris.

Bryce Meers re-opened the recreation club Thursday but closed each night of the revival and plans to do so during other revivals.

J. L. Taylor is home for a few days.

Mrs. E. L. King is on the sick list this week with the flu.

Uncle John Farnell attended the birthday dinner at Gene Draper's Sunday honoring Mrs. Draper's father, Mr. McNabb.

Several Southland residents attended the J. R. Baker funeral in Slaton Wednesday.

### A HOME IS BURNING NOW

Somewhere, as you read this, a home is burning. Irreplaceable pos-  
 sessions are being swiftly turned to ash. There is a strong likelihood  
 that someone is dying the most horrible of deaths—cremation alive.

It may be trite to say that your home can be next on the grim list of  
 these disasters. But that is true. And if that happens, the chances are  
 the fire will begin from one of five causes. Check your own habits and  
 premises and answer these questions:

First, are you careless with matches and smoking materials? This  
 accounts for 30 per cent of all fires.

Second, is your heating equipment—stoves, furnaces, chimneys, etc.  
 —faulty? Twenty-four per cent of all fires begin here.

Third, are you careless in using kerosene, gasoline and inflammable  
 cleaning materials? They give 12 per cent of all fires their start in life.

Fourth, is there anything wrong with your electrical wiring and ap-  
 pliances? Failure to make repairs in time to this equipment causes 10  
 per cent of all fires.

Fifth, have you cleaned up the dead leaves and tumble weeds which  
 have accumulated around your fences? While this is purely a local haz-  
 ard which has been brought about by recent wind storms, it neverthe-  
 less has presented a serious fire hazard for Post and Garza county  
 property owners.

If you can answer no to all of the questions asked above, your home  
 is relatively safe from fire. But think, look and inspect before you  
 make that answer. In the case of heating and lighting equipment, have  
 an expert make a periodic check. Don't guess—remember that the  
 owner of that home which is burning to the ground this minute prob-  
 ably thought it was safe too—and he was horribly wrong.

### WHAT OUR CONTEMPORARIES ARE SAYING:

**THOSE CIG AND SOAP OPERAS**—Yep, sometimes we get "re-  
 gusted," as Andy says with some of the commercials of both cigaret  
 and soap operas, but as a rule they have some real artists on these  
 programs, and one will endure the fool announcements to hear the  
 program. Some of the commercials sound vulgar, some silly, some just  
 run of the mill. Take for instance, the Stucky Rite brand, there is the  
 unmusical LS-MST, and the monkey chatter of the Kentucky and NC  
 auctioneers. Next is Old Told—not a treatment but a treat. And Sir  
 Salter Hawleigh, No. 6,411,922—and listen—w-h-e-e-z-z-e—its moistur-  
 ized. Next comes the Walk-A-Mile Ramel—more doctors use it than  
 any other brand, but likely go after them in their cars. Now here's  
 our Bell Mell w-h-o-o-e-e-e! The smoke travels a longer "root"—  
 they're cooler. Last but not least, here comes the Old He's favorite the  
 Testerfield. It has three T's, throat, tongue and taste. No there is the  
 Johnny cigs. Remember the boy or is it a gal dressed like a boy, who  
 yells 'em out like a Coney Island speller. Some day when we get time  
 we are going to work over some of the soap operas.—The Terry County  
 Herald.

**EDIBLE ARMY CHOW**—Take it from the GI's in this area, or any  
 group who saw service in any branch of our armed forces, order of  
 General Eisenhower, chief of staff, making Army cooking a "career  
 job" could well have been issued before Pearl Harbor.

From now on, those who made good as Army cooks will receive  
 higher pay and have higher grades than heretofore. For instance, under  
 new regulations, a major's pay of \$413 per month will be handed over to  
 the chief warrant officer who directs the feeding of a regiment.

The army has always gone out of its way to purchase the best grades  
 of meats and food stuff, and from the time procurement officers route  
 a food shipment only army cooks know the eventual goodness—or sor-  
 didness—of army cooking.

One hears very little about it these days, but those war-time K ra-  
 tions, as every GI knows were not "so hot." Considerable kickbacks  
 are received continuously on the "canned groceries." But at long last  
 better chow for servicemen will do more to encourage recruiting than a  
 million recruiting circulars, paid for by taxpayers and trying to bolster  
 up manpower for the militia.—The Scurry County Times.

**DEALING WITH THE NEGRO VOTE**—Since it seems certain that  
 Negroes will hereafter participate in Democratic primary elections in  
 ever increasing numbers, it seems to us that it would be wise for the  
 whites to accept the situation and then proceed to assist the Negroes  
 in becoming generally intelligent and discriminating voters. We should  
 use no high-pressure methods to keep them from voting nor to unduly  
 influence their votes at any particular election, but we do believe that  
 we do have a duty to furnish them correct information about issues  
 and candidates to the best of our ability. To that end, they should be  
 encouraged to read newspapers and magazines, listen to news broad-  
 casts and highest types of radio programs. Civic clubs, service clubs,  
 and many of our church people can be of real assistance to our own  
 Negro population in becoming good and intelligent citizens and voters.  
 To do that, we must first of all show a greater and possibly a friend-  
 lier interest in their welfare.—The Lynn County News.

What has happened to all those old-fashioned fountain pens that  
 could write everywhere except under water?

### Budget Slashing Is Mahon's Problem In Washington

Congressman George Mahon writes from Washington, D. C., that he has been busy helping Congress try to slash the budget and reduce government spending. As a member of the Joint Senate House Committee on the project, he has attended all the meetings and he voted against the six billion dollar cut which was proposed and approved by the committee.

In a speech opposing the action, Mahon asserted that the Republican members had connived from Congress and from the American people the facts and figures as to just where the cuts were to be made. He said the report would be meaningless and ineffective unless backed up with an itemized list of the major cuts.

Mahon said he believes military cuts should be made in civilian personnel and in Army construction, but not in military personnel, research and development and aviation.

At any rate, the letter said, it is marketing.

### Swing of Southwest Farm Markets

Strength featured the farm markets last week, as most commodities held their own or sold at higher prices, according to the Production and Marketing Administration, USDA. Weak spots appeared at some livestock terminals, however, and feed continued downward.

Cattle moved at mostly fully to steady prices at southwest terminals although beef steers and yearlings were weak at Fort Worth, and calves showed some weakness at San Antonio. Good to choice calves brought \$18.50 to \$22.25 per hundred at San Antonio; \$17 to \$20 at Ft. Worth and Denver, and \$17 to \$18.50 at Wichita. Medium to good cows turned at \$12 to \$14 at San Antonio and Fort Worth, while common to good kinds sold for \$11.50 to \$14.50 at Wichita and \$11 to \$14 at Denver.

Hogs netted mostly 25 to 50 cents advance for the week at Texas markets, but were only steady to even lower at other southwest points. The week's top was \$23.50 at San Antonio; \$24.50 at Ft. Worth; \$23.85 at Wichita; and \$26.25 at Denver.

Grains strengthened materially last week. Wintry weather reduced marketings and demand continued active. At Fort Worth and Galveston, wheat and white corn were each about a nickel higher than the previous period, while yellow corn gained three cents. Oats were up two cents per bushel, and sorghums three to six cents per hundred pounds. Rice markets continued firm, with domestic and Cuban demand active. Feedstuffs showed a steadier tone, but what milfeeds, gluten feed, and cottonseed meal continued their downward trend. Hay supplies were sufficient for immediate and nearby needs, and quoted prices remained unchanged.

Fair to good demand for seasonally increasing supplies of fresh eggs held prices mostly steady at Texas markets at 35 to 36 cents per dozen. Denver reported light demand and weaker prices. Demand for poultry was also good and prices were little changed. Receipts were only moderate except for plentiful supplies of broilers. Shipments of the latter from Arkansas and South Texas moved at 28 to 30 cents per pound at Dallas.

It is estimated by those best acquainted with the facts that if the six billion dollar cut actually goes into effect, the Army and Navy will be decidedly reduced, the Federal road program will be curtailed, the school lunch program for next year will be abolished, the administrative expense of the Veterans' Administration will be reduced by 200 million dollars, AAA payments already committed will be reduced by 100 million dollars, authorization of REA loans to local Co-ops will be reduced by 125 million dollars, the Soil Conservation Service will be pared down and support prices for agricultural crops will be jeopardized.

Mahon believes the Department of Agriculture on a percentage basis would take the most drastic cut of any agency.

### CONSTIPATION Risky in BAD COLDS

Retained undigested food becomes putrefactive, causes toxemia, which overloads the liver and other vital organs of the body, lowering your resistance to colds and other winter ills and interfering with their treatment. Why take this chance when you can take Calotabs? Calotabs thoroughly yet pleasantly act on every foot of your intestines, sweeping out toxin-laden putrefactive foods and vitamin-laden mucus, enabling you to more effectively avoid or beat a cold. Nothing acts like good old Calotabs. Use as directed. 10c and 25c at all druggists.

### Take CALOTABS

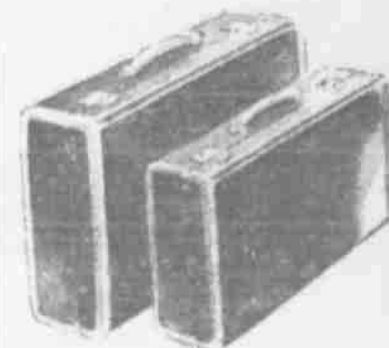

From where I sit... by Joe Marsh  
Most of the young newblows in our town spend their honeymoon at Roundstone Lake or Jackson Falls; why the Martins even went as far as New York City.  
But when Cissy Copper married the young Carter boy, they allowed as how they were going to spend their honeymoon right here.  
"There's no place better than our town," Cissy says. "And I'd like to start married life at home, with things Bud and I are used to."  
Makes sense, come to think of it. Folks naturally left them alone;

### Bits Of News:

Visitors in the home of Mr. and Mrs. R. E. Cox last week were their daughter, Mrs. Roy Green, and sons, David and Herbert, of San Saba. For the weekend, Misses Barbara Cox, Ouida Copeland, Jane Williams and Mr. James Spears of Lovington, N. M., Rene Jones of El Paso and Mr. and Mrs. Jess Hendrix and son, Gene, of Lubbock joined the group Sunday.

Walter Duckworth and Shelley Camp spent Tuesday in Lubbock attending a meeting of West Texas and Eastern New Mexico Texas Company consignees. They heard the company's plans for arriving at a prewar type of service and quality of merchandise during the year. Duckworth said that among the company's services that already have been reestablished is the travel information and map service available to vacationers.

\$5 DOWN \$1.25 WEEKLY

**MAY LOSE INSURANCE CREDIT**

(Continued From Front Page)  
 frame building with shingle roof and situated within 500 feet of a fire hydrant. His figuring would be in reference to the rate for a frame building so situated, and extra rate for the shingle roof and the current key rate of 23 cents which has been designated for Post on the basis of its water mains, fire equipment and other factors, less a 45 per cent credit for the state's good record in fire losses and less an additional 25 per cent on the city's good record.

O. G. "Shorty" Hamilton arrived home Wednesday from San Angelo where he has been a patient in Shannon hospital.

**FIRE SCHOOL ENDS**

(Continued From Front Page)  
 such a vehicle is available, McCrary said this week. "We thought we had one cornered in Amarillo the other day, but somebody else beat us to it", he added.  
 Post has a lively fire department for a volunteer agency. This has been evident in the low damage losses that have resulted in a 25 per cent credit on insurance premiums, and it is still evident in the attendance records that the firemen had in the school, which was not compulsory, McCrary said.

The Firemen's School was attended by Surman Clark, Marshall Gibson, Ira Greenfield, Bake Robinson, Jr., Dick Wood, Charlie Williams, Dan Altman, Dan Cockrum, Robert Cato, John Davis, Carl Hughes, Mark Owens, Weldon Jobe, R. B. Dodson, Kenny Cash, Gail Bowen and McCrary.

Garland Davies was the only one of the many Davies relatives here who celebrated his birthday Tuesday. The rest of them gathered last Sunday for dinner in honor of the forthcoming event.

**PEPSIN IS EFFECTIVE AS STAIN REMOVER**

To many people, pepsin is "something that goes in chewing gum," but now it has come up as a good cleaning powder. To scientists, pepsin is one of the digestive enzymes of the body that has to do with the digestion of protein. They have found that this digestive action can be put to good use in removing stains made by protein substances.

Miss Jewell Hipp, county home demonstration agent, reports that pepsin can be bought in powdered form in drug stores, and that it will soften many stains so that they will wash out easily in plain water.

U. S. Department of Agriculture research has shown that pepsin is useful in taking out stains made by eggs, milk, ice cream, meat juice, gelatine and glue. This would make it especially useful in removing stains on napkins, table clothes and other household articles.

The agent warns that if pepsin is used on stains, the fabric should contain no soap or other alkali which will destroy the action of the enzyme. The stain should be dampened with lukewarm water and the pepsin powder sprinkled over it. Let it stand for half an hour while the pepsin acts, but keep the spot damp, Miss Hipp explains. Finally sponge and rinse the stained fabric in water.

Another way is to mix the pepsin with water: two teaspoonful of pepsin to one pint of lukewarm water, and sponge until the stain disappears. Rinse thoroughly afterward.

**Bits Of News:**

**Dr. and Mrs. D. C. Williams** have returned from a ten day visit in California with members of Mrs. Williams' family.

**Mr. and Mrs. Tommie Anderson** and daughter, Winifred, of Seminole visited relatives and friends here from Friday through Sunday. They visited the Carl Hughes family, Mrs. Nola Brister and Sue Bell, and Mr. and Mrs. R. H. Smith and Miss Bonnie Ann Bowen.

**The Rev. J. E. Stephens**, superannuated Methodist minister, is moving back to Post in May and isn't worried about where he is going to live. He brought his own house in from the Grassland Community, where he has been preaching for several years "while all the young ministers were in the service," and moved it up to the northeast part of town where it is being remodeled. Stephens is a former pastor of the First Methodist Church.

**Ex-Hardin-Simmons students** of Garza County this week received a letter from President Rupert N. Richardson asking them to "contribute \$100 or more" to help in the emergency rebuilding of Abilene Hall which was destroyed by fire on February 10. "As the 1750 resident students were crowding the plant to the limit, this fire was the greatest material loss Hardin-Simmons ever suffered," the letter explained.
