CROWD EXPECTED HERE FRIDAY NIGHT—

Tahoka Is Ready For Antelopes

A record crowd is expected to attend the Post Antelopes' most important home game of the season tomorrow night in the local field, beginning promptly at 8 o'clock.

The undefeated Antelopes will meet the Tahoka Bulldogs in the third conference game of the year for the locals.

Although the Bulldogs have had some bad breaks this season in losing to Slaton, Sundown and Crosbyton, it is be-

lieved that Tahoka is ready for Post in a big way, and it is known that the Bulldogs have some of the best individual players in the south half of the District 4-A Conference.

Among those are Bob Boyd, quarterback, and an end named Carter who is the fastest boy on the team. Carter plays half-back when the opponents are punting and when Tahoka is receiving a kickoff. Local scouts who saw him in action in the

Tahoka-Slaton game say: "He is really fast."

Antelopes "Bunged Up"
Several of the Antelopes were too "bunged up" this week to practice, Coach V. F. Bingham said, but he expects most of them to be able to play tomorrow night.

Probable starters for the Antelopes will be: Jimmy Smith, center; Calvin Storie and Donald Carpenter, guards; George Pierce and Mau-

rice Stelzer, tackles; Maurice Fluitt and Jerry Odum, ends; Charlie McGuire, quarterback; Charles King, left half; Kay Kirkpatrick, right half, and Roy Teaff, fullback.

In Tahoka's games so far this season, the Bulldogs defeated Ralls 19-6; lost to Slaton, 25-7; lost to Crosbyton, 13-0, and lost to Sundown, 19-6. Sundown is considered one of the strongest teams in the north half of the conference, Bingham said.

POST FOLKS AT WORK:

Working at the new Stromberg-Carlson Switchboard in the local Southwestern Associated Telephone office are, left to right, Jewell Parsons, Theda Jo Silberry and Virginia Sturdivant.

These cheerful "hello girls" give excellent service to their telephone customers and add free information on everything from "where the fire?" to "what time is it?"

Queen Candidates To Be Nominated For Carnival

Plans are under way in both the high and grade schools for the annual Halloween Carnival, date for which was to be set at the parent-teacher association meeting this afternoon. It will be held the last week of this month in the high school gymnasium.

The various rooms at the grade school had yesterday decided on their special projects for the carnival. They were announced, as follows by Principal E. E. Pierce:

Doll rack, seventh grade; cake walk, sixth grade; popcorn, fifth grade; darts and confetti, fourth grade; fish pond, third grade; grab bag, second grade, and ice cream sticks, first grade.

Candidates for queen will be nominated at the grade school tomorrow. Last year's candidates will not be eligible for the nomination this year, Pierce said.

The contest for queen is always one of the highlights of the Annual Carnival. More details regarding the contest will be announced next week.

New Telephones Installed Here

Since the installation of the new switchboard in the Southwestern Associated Telephone office here, approximately 150 new telephones have been added to the service.

Construction is under way now to permit installation of more telephones in the near future, according to Mrs. Fritz Greenfield, local supervisor for the company.

Absentee Voting To Last Until Oct. 29

Absentee ballots for the General Election, November 2, began here yesterday after the ballots had been completed by the printer and placed in the hands of County Clerk Ray N. Smith.

October 29 is the last day for absentee voting.

Membership Drive For Rural Roads Group Under Way

County Judge J. Lee Bowen has been elected Garza County chairman for the membership drive which the Texas Rural Roads Association is now sponsoring.

The election took place at a meeting of the association Tuesday in Lubbock. Attending with Judge Bowen were Commissioners W. T. Parchman, W. C. Quisenberry, Brone Evans and Buck Gossett, who will serve as members of the county membership committee.

The association was formed for the sole purpose of combining all statewide efforts to seek funds from the Texas Legislature with which more miles of rural roads might be built. The members will present a program to the Legislature by which the necessary funds may be raised to have a rural road building program to provide all-weather school bus routes and all-weather mail routes in every rural area of the state. The program will be designed to build as many miles per year as it is

(Continued On Back Page Col. 2)

Amarillo Educator To Speak To School Teachers Tuesday

Charles M. Rodgers, superintendent of Amarillo Schools, will address the school teachers of Garza County at 7:30 o'clock in the Post High School auditorium. He will speak as a representative of the Texas State Teachers Association Tuesday night.

All school teachers in the county are urged to be present. The meeting was arranged by Supt. C. S. Lindsey of Southland, president of the Garza Teachers Association.

MILLER BABY DIES

Linda Jo Miller, three-month-old daughter of Mr. and Mrs. Robert Miller, died this morning while her parents were taking her to the Mercy Hospital in Slaton. Funeral Services will be held tomorrow under the direction of the Hudman Funeral Home.

Football Tickets To Be On Sale In Stores Tomorrow

To avoid congestion in the sale of tickets for the District 4-A Conference football game between Post and Tahoka tomorrow night, the tickets will be on sale all day Friday in at least three local stores: Piggly Wiggly's, Pure Food and Hundley's.

Persons who do not have season tickets are urged to buy their individual tickets in one of the stores, in order to avoid as much congestion as possible at the gate tomorrow night.

The game will begin at 8 o'clock on the Antelope Field.

Iron Gate Placed At Entrance To Terrace Cemetery

In an effort to curb vandalism in the Terrace Cemetery, the cemetery association has erected a beautiful silvered wrought iron gate at the entrance. The gate will be locked each night.

Plans also are under way to put a cattle guard at the entrance, according to H. J. Dietrich, an officer in the association.

The Women's Culture Club donated some money to the association for use in buying the gate. This gift will be used in completing the project, Dietrich said.

Robinson To Serve Again As President

County School Supt. Dean Robinson, accompanied by the Rev. D. A. Bryant, attended a dinner and business meeting of County Superintendents of District 2, of which Robinson is president, at the Hilton Hotel Tuesday night.

Robinson was re-elected president to serve for the 12th consecutive year.

RC CHAIRMAN NAMED

Mrs. Nola Brister will be Garza County chairman of the Junior Red Cross Drive which will be conducted November 1-15.

Slow Soaking Rains Are Beneficial To This Area

Consolidation Is Voted For Common School Districts

Voters of the Justiceburg and Leforest Common School Districts voted Saturday at their respective schools in favor of consolidation. The new Justiceburg Common Consolidated District No. 7 will have a new set of trustees who will be appointed Saturday. County School Superintendent Dean Robinson said this week.

The vote in Justiceburg was 28 for and none against consolidation. The vote at Leforest was 14 for and four against consolidation, the superintendent said.

Reporter-News Joins In Annual Bargain Offer

The Abilene Reporter-News has announced its annual Fall Bargain Rates which will be in effect until December 31. For the remainder of this year new subscriptions and renewals may be had for \$9.95 for the daily and Sunday paper. This is a saving of \$3.05 per year, as the regular rate is \$15 a year for mail subscriptions.

For a limited period, the Fort Worth Star-Telegram is taking new subscriptions, renewals and new subscriptions, during the annual fall bargain days, are \$13.95 for the daily and Sunday paper. The regular rate is \$18 a year.

As long as the daily papers' bargain rates are in force, the Post Dispatch will offer renewals and new subscriptions at a saving of 50 cents a year. The regular rates are \$3 a year for out of county and \$2.50 a year for subscriptions in the county. The bargain rates are \$2.50 for out of county and \$2 for Garza County.

Renewals will be dated to begin when the present subscription expires, on the Post Dispatch and also the daily papers. It is not necessary to subscribe to more than one paper in order to take advantage of the bargain rates.

Although many of the daily papers and some of the weekly papers in West Texas have found it advisable to raise their rates during the past year, the Post Dispatch rates are remaining the same.

Look Who's New

Mr. and Mrs. Dale Kidd of Lamesa are announcing the arrival of a daughter born October 2. She weighed 6 lb., 14 oz., and was named Judy Ann. Mrs. Kidd is the former Dorothy Hunt.

A daughter, Barbara Lynn, was born to Mr. and Mrs. Royce Harvey in the Lubbock Memorial Hospital at 7:30 o'clock Monday night. She weighed 8 lb., 9 oz.

A daughter, weighing 7 lb., 11 oz., was born to Mr. and Mrs. L. B. Pate of Route 2 at 9:41 a. m. Sunday in the West Texas Hospital, in Lubbock.

A son weighing 4 lb., was born to Mr. and Mrs. Robert Pennell of the Canyon Valley Community Monday morning.

A slow soaking rain covered all of Garza County Saturday with from 1 1/4 to two inches of badly needed moisture, beginning about 7:30 a.m. and falling until about midnight.

It is believed that little, if any, damage was done to the cotton which this week is reaching its harvest season peak and it is definitely known that the rain did much more good than harm, Garza County Agricultural Agent Robert H. Gibson said.

By Monday, Garza County farmers above the Caprock were planting wheat and some were also planting oats and barley. Below the Caprock, some farmers and ranchers were planting hairy vetch and rye, the agent said.

Gibson measured a rainfall of 1.51 inches at his home guage in north Post. The Double U Company measured 1.42 inches downtown. It was reported that Justiceburg received a two-inch rainfall.

The rain caused only a slight delay in the cotton harvest which is now in full swing. There is a shortage of labor, the agent said.

Merle Britton, range conservationist of the Soil Conservation Service, found a great difference in the depth the rain penetrated the soil. Checks made one half mile north of town showed a penetration of 11.5 inches on Buffalo grass pastures, while on bare ground of a similar soil type the rain soaked in 6.5 inches.

On nearby cultivated fields of cotton and sorghums the soil was wet to a depth of 9 inches. The bare ground and cultivated fields showed signs of soil erosion due to the lack of sufficient organic matter keeping the soil surface open for better moisture penetration. The grass cover on the pasture with its organic matter served as a "blotter" reducing the force of the rain drops and allowing more water to slowly penetrate to a greater depth, he explained.

Fire Drill Ends Poster Contest Sponsored Here

The Highly successful Fire Prevention Poster contest sponsored by the Post Volunteer Fire Department was climaxed Friday with an impressive fire drill at the Post Grade School.

Members of the fire department, wearing their white caps and using the two fire trucks, assisted with the drill. A fire in a metal container in the basement of the school building, provided smoke for the occasion. The children cleared the building in one minute, 40 seconds.

E. E. Pierce, principal, said the children have two fire drills a month at the school, one instructed and one uninstructed.

Thirty dollars in cash prizes were given to six students in the contest, as follows:

High School—First place, Lois Ritchie, \$7.30; second, Darrell Stone, \$3, and third, Joy Howell, \$2.50.

Grade School—First, Yale M. Cason, fourth grade, \$7.50; second, Mimosa Sherrill Odum, second grade, \$5; and third, Nora Mae Bruton, seventh grade, \$2.50.

The 10 next best grade school posters received honorable mention. They were made by Philip Johnson, first grade; Lois Josey, second grade; Frances Dietrich, and Jack Shepherd, third grade; Connie Martin and Andy Schmidt, fourth grade; Clyde Edwards and Jack Redman, fifth grade; Leonard Short, sixth grade; and Nancy Ticer, seventh grade.

(Continued On Back Page Col. 3)

Planters Gin Open Again For Business

Operations were resumed at the Planters Gin here Tuesday, on which day 27 bales of cotton were ginned.

The gin was badly damaged several weeks ago by a fire. Repairs now are practically completed and some additional machinery has been installed.

TEACHER EMPLOYED

Mrs. Lorna Miller, formerly a dietitian in a hospital, assumed her duties this week as Home-making teacher in the Post High School. All the local vacancies are now filled, Supt. G. R. Day said yesterday.

EXPERIMENTS MADE IN GARZA COUNTY—

Soil Building Legumes Grow With Rye In Sandy Soil

Farmers who have run into difficulties obtaining enough fertilizer may be interested to know that 35,000 tons of nitrogen fertilizer hang over every acre of land in the country.

If it could be transferred into a non-gaseous form, these 35,000 tons would be worth \$5,000,000.

The United Press recently quoted Dr. Emil Turog, professor of soils at the University of Wisconsin, with the above remarks. Turog, the U.P. said, explained that the nitrogen in the air would be worth over \$5,000,000 for each acre if some way could be found to make all of it into ammonium nitrate or some sim-

ilar form. The soils expert pointed out, however, that farmers can draw upon this tremendous supply of nitrogen by growing legumes which, when properly inoculated and fertilized, have the power of fixing atmospheric nitrogen to be used for the synthesis of proteins.

Meets Rigid Standards

Dr. Turog was quoted as saying that many progressive farmers are following this system today, with the result that the organic matter content and fertility of their soils is being increased and maintained, and the nutritive value of the crops produced meets the most rigid

standards. Growing legumes for the above purpose is an important phase in the program of the Duck Creek Soil Conservation District, according to Pete Ottinger, soil technician.

Vetch has been successfully grown at Colorado City and Aspermont in sandy areas. It is a soil-building legume and, in combination with rye, it makes a good pasture. It has been observed that this combination has an added advantage for the standpoint of seed production. Vetch yields up to 200 lb. of seeds to the acre, and the rye 6 to 8 bu. per acre.

It has been discovered that

the vetch is a good cover crop which protects the land from water and wind erosion.

Soil Conservation tests, made to date with Garza's sandy soil, show that a phosphate fertilizer is needed for the growing vetch. Ottinger explained to a Post Dispatch reporter. He said the vetch should be planted at the rate of 10 lb. of vetch seed with about 20 lb. of rye seed, along with 200 lb. of phosphate fertilizer to the acre. The exact amount of fertilizer needed will vary with the soil.

Nodules Store Nitrogen

As growers of legumes know, the vetch takes nitrogen out of the air and stores it in nodules

on the roots. This process takes place only when vetch seed is inoculated before planting to add the bacteria which form nodules on the roots of the plant. The inoculant can be bought commercially, Ottinger said.

When the inoculated seed germinates, the bacteria travel out on the root, puncture the root and starts taking nitrogen from the soil air. In time, the bacteria trade nitrogen to the plant for carbohydrates on which to live. As the bacteria furnish more nitrogen than the plant needs, it stores the nitrogen in the nodules, which stay in the soil after the plant has been harvested.

Social Security Old Age Payment Explained By TEC

C. Raymond Jones, Lamesa
Local Office Manager for the
Texas Employment Commission,
explains Old-age and survivors
insurance, as follows:

Old-age and survivors insur-
ance is social insurance. The
worker pays a part of the pre-
mium and his employer pays a
part. The worker's contribution
at present is one per cent of the
wages he receives in covered
employment, up to \$3,000 a year.
The employer's contribution is
one per cent of the wages he
pays each employee up to \$3-
000 a year.

Purpose of the program is to
provide a monthly income for
workers and their families when
the worker retires at age 65 or
later, and for his family when
he dies.

This type of insurance covers
those workers who are employed
in factories, mills, mines, off-
ices, stores, banks, garages, ho-
tels, restaurants, beauty parlors,
and the like. In other words,
wage and salary earners in private
industry and business.

Who Gets Paid?
Who gets payments under this
program? Monthly retirement
benefits are payable to: (1) The
wage earner when he is 65 or
older and stops working in em-
ployment covered by the Social
Security Act; (2) His wife when
she is 65; (3) His unmarried
children under age 18. Retirement
benefits are payable to the wage
earner and his wife until death,
and to unmarried children until
the age of 16—or 18 if in school.

Survivors benefits are payable
to the wage earner's family
when the worker dies, no matter
at what age this occurs. Those
eligible are children under 18 of
the deceased worker; and the
widow as long as the children
are still under 18, and again
after she reaches 65. Dependent
parents may get benefits if no
widow or children survive the
insured worker.

For a worker or his family to
be eligible to receive benefits,
the worker must have had a job
in private industry or business
long enough to build up an in-
sured standing.

Payments Vary
You ask the question, "How
much will I receive?" or "How
long can I draw these benefits?"
Size of payments depends upon
a worker's earnings and the
length of time he has worked on
covered jobs. Total monthly
benefits paid on any one work-
er's account cannot be less than
\$10, or more than \$85. These
benefits are payable as long as
workers continue to be eligible
—not for any specified number
of months or years.

As in all the security program
discussed, these monthly pay-
ments may be suspended or de-
nied under certain conditions,
such as, divorce or remarriage
in the case of adults; adoption
or marriage in the case of chil-
dren. No individual can receive a
benefit for any month during
which he or she earns \$15 or
more in a covered job.

To find out about old-age in-
surance or a social security
card, one should contact the
Social Security Administration,
Basement Post Office, at Lam-
esa.

The Lester Nichols family has
a new Chevrolet.

Christian Missions In Japan Need More Supplies For Orphans And Needy People

Burnice Ramsey Hope, wife of
the 1,000th chaplain to go into
the armed forces, wrote her good
friends, the Rev. and Mrs. A. B.
Cockrell, from Sapporo, Hok-
kaido, Japan, where her husband
is stationed, to give some inter-
esting impressions of that coun-
try.

She says that many of the
Japanese people are interested
in Christianity and they ask for
Bibles and religious literature.
Her letter says, in part:

"Until last October no religious
literature could go through Jap-
anese mails, so all literature has
been worn out. Constantly I am
asked to get the Americans to
send old Sunday School litera-
ture, pictures, papers, and greet-
ing cards for use here.

"A miners union nearby is ask-
ing for a minister and Sunday
School, but there is no one to go.
The daughter of former mission-
aries is employed in the Educa-
tion Section of Military Govern-
ment and is asked for literature
so much. Send her some:

"Mrs. Florence Metcalf, Hok-
kaido Military Government, A.
P.O. 468 (Sapporo) 5 P.M. San
Francisco.

Mission Schools Crowded
"The mission schools are rank-
ed high and urged to take ev-
ery pupil possible. Most of them
have nearly twice as many as
they were built to accommodate,
so they have night classes and two
sessions of chapel. Many of the
schools have no windows from the
bombings and little heat. When I
first arrived, I visited with Miss
Dora Wagner, Iai Girls' School,
Hokodate, where I saw many of
the girls with bad chill blains on
their hands.

"Be proud of your missionaries
and their work. I marvel at their
capacity for work and accom-
plishing so much with so little.
The people love them so and
make great sacrifices to show it.

"Please increase your givings
to World Service, pray for the
workers, send them supplies—
gather shoes, vitamins, scraps of
materials, socks, ribbon, lace,
elastic, twine, old string, old
buttons, thread, needles, soap,
towels, bath cloths, combs, clean
used clothing, old hose with run-
ners, old socks and anklets, the
best parts of old sheets, blankets
and bedspreads, and good nour-
ishing food for the hospital
rooms at the Missions.

Mark Properly
"You can send 22 lb. at 10
cents a pound. Put the name
and address inside and out. On
the Customs Declaration do not
put a price for anything except
something bought right new.
Mark 'Used, No Commercial Val-
ue.' Also mark 'Gift Parcel.'

"These packages can be ad-
dressed to a Methodist mission-
ary, whose name and address
are: Miss Ethel Hempstead, 143
Kajiya Cho, Kagoshima, Japan.

"I visited the Methodist Kin-
dergarten at Hakodate recently.
They had an old 15-piece rhyth-
m band set for 150 children. I
hope someone will send a big
set for them. They also need
crayons and color books.

"Near here are two orphan-
ages for children sent back by
the Russians as repatriates while
their parents were kept for slave
labor. Many arrived with only
the clothes they were wearing.
A very fine Christian woman is
heading the Board of Directors.
Boxes for these orphans should
be addressed to Mrs. Yoshida
Ueda, Miyanomori, Kotoni, Sap-
poro, Japan."

Rural Life Contest Has Two Divisions With Cash Prizes

The solving of problems of
farm living is the theme of the
second annual Rural Life Con-
test sponsored by Southern Agri-
culturist. The first and second
prize winners will receive an all-
expense paid 5-day trip by air
to Washington and New York,
plus an all-expense paid 5-day
trip by air to Washington and
New York, plus \$100 to the first
prize winner and \$50 to the run-
ner-up.

Additional prizes will be \$40,
\$35, \$30, \$25, \$20, \$15, plus 10
prizes of \$10 each. There will be
two divisions to the contest this
year, the Student and the Teach-
er.

First and second prize winners
in the Teacher's Division will re-
ceive \$200 and \$100 respectively.
Teachers are to write a short
play or pageant illustrating the
solution of some problem in rural
living. To the teacher sponsor of
the first prize winner in the
Student Division goes \$50.

Judges are the Editors of
Southern Agriculturist and their
decisions will be final. Contest
entries must be in by March 1,
1949. The entries in both divi-
sions will be judged as follows:
1. 50 points for subject matter;
2. 25 points for logic; 3. 10 points
for neatness.

The articles in the student di-
vision are not to exceed 500
words and must be approved by
a teacher.

Indifference Said To Cause Majority Of Losses By Fire

"Carelessness is not really the
cause of fires," stated Marvin
Hall of Austin, State Fire Insur-
ance Commissioner.

"It's not that a person doesn't
care if he burns his house down
or injures himself or others; it's
that he is ignorant of or indif-
ferent to dangerous practices that
cause fires."

Ninety per cent of our fires
are needless and could be pre-
vented, he continued. This 90
per cent is generally considered
to be caused by carelessness,
when in the strict sense of the
term, they are not.

"People who have needless
fires either do not know of an
existing fire hazard or just don't
believe it can happen to them,"
Hall said.

The \$22 million fire loss in
Texas last year proved that it
does happen to thousands of
people. 1947 losses were the
highest in the history of this
state and they are climbing
higher this year, nearly reach-
ing the \$15 million mark through
August.

Information on fire prevention
can usually be obtained at city
or county libraries, and local
fire departments will inspect
houses or places of business free,
the Commissioner suggested.
Fire Marshals will talk with in-
dividuals or groups to tell them
how to prevent fires.

"Fire prevention is an individ-
ual responsibility," he empha-
sized. "George" can't do it for
us. Now is an excellent time to
start a personal year round fire
prevention program at home and
at work."

U.S. Navy Band To Appear In Abilene

The United States Navy Band,
world famed musical organiza-
tion, on its first tour of the West
and Southwest since the war,
will be presented in concert Oct-
ober 19 at Hardin-Simmons Uni-
versity in Abilene. Programs will
be given at 3 and 8 p.m. in the
Rose Field House on the campus.

Otto Edward, Prince von Bis-
mark, was called the Iron Chan-
cellor of Germany.

The Simplon tunnel through
the Alps is 12½ miles long.

**How to Celebrate
Wedding Anniversary**

The "Dutch" Millers celebrated
their Tin Wedding Anniversary
Saturday. Everything had to be tin.
Folks even ate off tin plates, and
drank coffee out of tin cups.

When it was time to drink a
toast to the "bride and groom,"
out came the final touch: ice cold
beer in cans. And come the Millers'
15th anniversary (Glass) I expect
we'll be toasting them with spar-
kling beer in bottles!

And I couldn't help thinking
that there was a lesson for married
folks in the way Dutch and his

missus have got along
in their policy of
with never a criticism
other's differences in
From where I sit, it's
things: Temperance—
erate preference for
and Tolerance—for the
differences of opinion—
tastes of others, what-
to hear, to listen, to
brate an anniversary.

**Regional C O C's
Endorse Amendment
For Redistricting**

Equitable representation in the
State Legislature for all sections
of Texas through redistricting
has been endorsed by all regional
chambers of commerce, Paul
Carrington, immediate past-
president of the Texas Associa-
tion of Commerce, has announced.

"The East, West and South
Texas Chambers of Commerce,
which represent the entire state
of Texas, have gone on record in
support of Amendment Two on
the general ballot November
2nd," Carrington stated.

"Since the Legislature has
failed to redistrict Texas in 27
years, many sections which have
had large increases in popula-
tion are today discriminated
against in the matter of repre-
sentation," Carrington pointed
out. "This situation will be cor-
rected through the passage of
Amendment Two in the Novem-
ber election."

Amendment Two provides for
a board of five to redistrict the
state, according to population,
after every Federal census should
the Legislature fail to do so as
directed by the state constitu-
tion.

**Petit Jurors Named
For County Court**

The following petit jurors
have been asked to appear at
the court house for county
court Monday:

Jess Wright, J. C. Caylor, Iven
Clary, A. B. Casey, W. C. Carra-
dine, John Cearley, S. E. Camp,
Elmo Bush, Mitchell Bowen,
Walter Bören, C. A. Bloxom, Will
Barton, C. R. Baldwin, L. P. Bak-
er, V. H. Anderson, Hugh Mart-
in, E. M. Norman and L. H. Peel.

Mr. and Mrs. Clyde Ferguson of
the Graham Community are in
Lampasas, looking for a loca-
tion to move to.

BITS OF NEWS

Mrs. Bob Warren, accompanied
by her sister, Mrs. Maud Gross
of Sweetwater who has been
visiting her several days, spent
Tuesday in Lubbock with Mrs.
Tom Gates.

Mr. and Mrs. Bill Robertson
and baby went to Waco last
weekend to visit her mother.
Mrs. Robertson and the baby
remained for a month.

Mr. and Mrs. Charlie Price
and Mrs. J. H. Gibson of Abi-
lene and Jim Dickry of Tuscola
are visiting their uncle and
brother, John Patterson, who is
seriously ill at his home here.
He is a brother of Mrs. J. I.
Northcutt.

Mr. and Mrs. James Hill and
daughter, Linda, spent Sunday
in Lubbock with Mrs. Hill's sis-
ter and family.

Jim Tom Irvin, father of Mrs.
R. H. Smith, was taken to a
hospital in Seminole Saturday
morning via Mason & Co. am-
bulance. His condition is un-
changed.

Guests in the T. D. Scott home
last week were Mrs. Scott's
father, R. C. Pierce of Beecher
City, Ill.; Mrs. Loyd Bowman
and son, Danny, and Mrs. O. O.
McClanahan and daughters,
Marjean and Karen Gay, all of
Salem, Ill. Mrs. Bowman and
Mrs. McClanahan are sisters of
Mrs. Scott. While the visitors
were here, they and the Scotts
visited in El Paso with Mr.
Pierce's brother, A. F. Pierce.

Mrs. Alice Parsons and daugh-
ters, Jewell and Mrs. Vera
King, and Mrs. King's daughter,
Connie Marie, spent Sunday in
Tahoka visiting Mr. and Mrs.
Conner Parsons and family.

Hugh Blevins is able to be up
and around town after a recent
operation in the West Texas
Hospital in Lubbock.

Mr. and Mrs. B. J. Musso and
daughter left yesterday morning
for a visit in Utah and Idaho.

Mrs. L. S. Turner spent Satur-
day in Abilene visiting her daugh-
ter, Jane Ann, who is a stu-
dent at Abilene Christian Col-
lege.

The Rev. and Mrs. A. E. Cock-
rell and Mrs. N. W. Stone vis-
ited in Abilene Friday with their
sons, Ben Cockrell and N. W.
Stone, Jr., who are students at
McMurry College.

Joyce Evans of West Texas
State College in Canyon visited
her parents, the Boone Evanses,
over the weekend.

**Pleasant Valley
Small Talk**

Please Send News Not Later Than
MONDAY

The Rev. Monroe Teeters and
family are moving this week
to Knott where he has accepted
a call as pastor of the Baptist
Church. While the people of this
community regret to lose him,
they hope he will enjoy his new
home and his new work.

It was a rare pleasure to have
mud stuck to our feet over the
weekend. The residents of this
area had almost forgotten how
to walk in the mud.

Mr. and Mrs. Dee Tipton of
California are visiting here this
week with Mrs. Tipton's mother,
Mrs. K. C. Dickson, and sisters,
Mrs. C. K. Robinson and Mrs.
Weidon McGehee, and families.
J. D. Chaffin celebrated his
birthday Sunday with a goose
dinner.

Robert Mock celebrated his
birthday Wednesday.

**Bill Holly Hurt
In Gun Accident**

Bill Holly, son of Mr. and Mrs.
Roy Holly, received painful in-
juries to his legs in a hunting
accident in a pasture south of
Post Sunday afternoon.

Bill, with six other boys, had
just got out of the car and
one of the boys was load-
ing a 12-gauge double-barreled
gun with No. 4 shot when the
gun fired and sent the pellets
into both of Bill's legs, just a-
bove the knees.

He was rushed to the Post
Clinic for emergency treatment,
then he was taken to the Lub-
bock Memorial Hospital in a
Hudman ambulance and kept
there for several days, until all
the pellets could be removed and
the wounds were properly treat-
ed.

Bill's family learned Monday
that, although his left leg was
more seriously injured than his
right leg, no arteries or bones
were injured.

The six boys with Bill were
Dude Horton, who was loading
the gun, Lonnie Walls, Shire
James, Bo James, Junior Odum
and James Ammons.

Mrs. Holly visited Bill in Lub-
bock Monday.

Fluitt Is Tired Of Feeding Ticks With The Cattle

As it's difficult to feed the cattle, the pastures having been like they are this year, Hinton Fluitt has decided to quit feeding the cattle parasites, too.

He will use rotenone to spray cattle for lice and grubs on Monday and anyone interested in watching him do it is invited to watch, according to Robert H. Gibson, Garza County agricultural agent.

Gibson says that cattle that are free of parasites have a better appearance, are healthier and more productive than cattle that have to keep switching flies off, or rubbing against the fencepost to scratch the ticks. Cattle lice and four kinds of ticks are the parasites that bother cattle most in the winter time.

Cattle are bothered by lice in the winter and early spring when the hair is long, so the best time to treat cattle for lice is the fall of the year. With rotenone, two treatments two weeks apart will give a good lice control. Here's the recipe: One pound of 5 per cent rotenone and 10 pounds of wettable sulphur for each 100 gallons of water. With 50 per cent DDT use wettable powder to each 100 gallons of water.

Ticks common to West Texas cattle are the Lone Star tick and the spinose ear tick. Both are blood suckers and cause the cattle to lose weight if there are enough ticks.

The Lone Star tick can be controlled by dipping every two weeks, beginning when the first ticks are found and stopping when they are gone. Eight pounds of 50 per cent wettable DDT in 100 gallons of water used as a spray or dip is rec-

Steve Heather of Mexia will conduct the song services during the Fall Revival meeting at the First Baptist Church next week. The meeting will open Sunday morning and last for a week, with the new pastor, the Rev. D. A. Bryant preaching. Services will begin at 7:30 a.m. and 7:30 p.m. each day except Sunday when they will be held at the regular periods. The early morning services are scheduled for the benefit of business people and others who would be unable to attend services later in the day. The public is invited.

Movies Shown And Awards Presented At Four-H Rally

Seventy-five people attended the 4-H Rally at the court house Saturday night, saw the color films which John Lott made during the Garza County Fair and Southwestern Championship Junior Rodeo and witnessed the presentation of awards to the outstanding 4-H boys and girls to the county.

Purple rosette ribbon awards were presented to the highest point girls in three age divisions: Beverly Bartlett, junior; Wyvonne Morris, intermediate, and Lois Ritchie, senior.

Lois Ritchie also received a purple ribbon for outstanding work in needlework and art and another for outstanding work in clothing. Sue Stephens received a purple ribbon for having had the best exhibit on canning and production.

Jeanneane Kiker was presented with a Gold Star pin from Texas A. and M. College, along with a letter from the A. and M. Extension Service congratulating her for having been selected as the outstanding 4-H girl for this district.

Although the award did not arrive in time for the presentation, it was later learned that Jeanneane also won an award and certificate from the Danforth Foundation of St. Louis, Mo. The award was in form of a personality and character building book entitled "I Dare You."

Lenona Stone, who was runner-up in the district Gold Star Girl contest, received a necklace gift from the Garza County Home Demonstration Council.

Four-H boys receiving championship ribbons were Alvin Davis, for grand champion beef; Jackie Meyers, for reserve champion beef; E. P. Wicker, Jr., for grand champion jersey heifer; Carter Gene White, for reserve champion heifer; Jack Schmidt, for grand champion gilt; Billy Cooper, for grand champion fat barrow; Cletus Graves, for first in field crops; Carter Gene White, Sweepstakes ribbon for having won the most prizes of any boy, and also the showmanship ribbon.

Among the girls, Wyvonne Morris won the most cash prizes, totaling \$9; Lois Ritchie won \$7 in prizes and Sue Stephens won \$6.

All other award winners have been listed in previous issues of the Post Dispatch, except the following girls who received cash prizes for showmanship:

Joyce Lynn Kiker, \$1.50; Joy McMahon, Mary Ann Shults and Glenda Grantham, \$1.25 each; Glenda Jane Askins, Jo Fern Taylor and Agnes Dodson, \$1 each; Beverly Bland, Hazel Schults, Helen Verne Taylor and DeElva Lofton, 75 cents each; Audrey Sparlin, Janice Barrow and Onella Shedd, 50 cents each, and Jane Green, Ruby Montgomery, Helen Smith, Frances Edwards and Gayle Askins, 25

ommended for tick control. The spinose ear tick is a common cattle parasite throughout most of Texas, and can be controlled by treating the ears of livestock with Stock 1029, using a small paint brush. Also it's important to treat all salt, mineral and feed troughs with equal parts of kerosene and lubricating oil.

Farmers and stockmen will notice better and bigger gains on their livestock if they keep the lice, ticks and mites away, especially during the winter months, says Gibson.

Garnolia Notes

Please Send News Not Later Than MONDAY to MRS. L. C. WHITE, Garnolia Correspondent

Sunday visitors in the J. M. Haley home were her sister, Mrs. J. S. Wagley, and family of Plains.

Mr. and Mrs. Walter Josey were Sunday dinner guests in the home of their son and daughter-in-law, Mr. and Mrs. R. E. Josey, in Post.

Visiting in the J. E. Thomas home Sunday were Mr. and Mrs. W. H. Farr and daughter of New Home and Mr. and Mrs. A. Hood.

O. F. Haley returned home Sunday after a week's visit in Tennessee with his 87-year-old mother.

Mrs. Bishop Mathis, Mrs. Amos Gerner, Mrs. J. E. Thomas and Mrs. L. C. White met with the teacher, Mrs. Hale, Monday night to plan a school Halloween carnival. The date will be announced later.

LODGE TO MEET

Post Lodge No. 1058, A.F. & A.M., will have a stated meeting at 7:30 o'clock tonight in the Masonic Hall.

Weeks this week: October 17-23 is National Letter Writing Week; October 18-24 is National Bible Week; October 18-23 is National Cranberry Week; October 17-24 is United Nations Week.

Mr. and Mrs. Royce Durham of Lubbock spent the weekend here visiting her parents, Mr. and Mrs. J. A. Stallings.

The names of 15 winners of dress revue awards also have been previously published.

Carter Gene White presided for the meeting. Mrs. Jewell H. Strasser, county home demonstration agent, presented the girls' awards and Robert H. Gibson, county agricultural agent, presented the boys' awards.

They expressed appreciation to the Post Chamber of Commerce for providing the ribbons and ribbon awards and to the merchants of Post for cash and merchandise prizes.

It was announced that the colored films will be shown again at a public gathering, for which a date will be set after the films have been edited with 4-H emblems, titles, etc.

Jack Porter Is Leader In Fight To Save Tidelands For School Children Of Texas

At the request of several Garza County residents who have been considering voting for Jack Porter of Houston, Republican Candidate for U.S. Senator in the General Election, November 2, the Post Dispatch is presenting the following biographical sketch:

Jack was born on a farm in Parker County, February 21, 1896, the youngest of seven children. His father raised cotton and corn on a 190-acre farm, 11 miles from Weatherford.

When he was four years old, Jack's father died. He was only eight years old when he went to work delivering meat for his brother's butcher shop before and after school and in the summer time.

He was graduated from the Weatherford High School in 1915. During the summer, he worked on farms and ranches and also held a job one summer as a roadmaster's clerk for the T & P Railroad to help defray his school expenses.

After finishing high school, he went to work for his oldest brother and his partner as a bookkeeper and stenographer in a country bank in Byars, Okla. With his brother and partner as his associates, Jack Porter went into the real estate and automobile business after two years in the bank. He has been working for himself ever since.

In 1918 he went into the army as a private and was honorably discharged as a private. When the war ended he was in the Quartermaster Officers' training school. After the war he returned to Purcell, Okla., and resumed his real estate and automobile business.

The Mexia oil field was discovered in 1920 and the next year he returned to Texas and entered the oil business, in which he has been engaged ever since. It wasn't until 1924 that Porter got his first returns from oil royalty when a well in which he held an interest came in at Wortham.

During his career as an independent oil producer, he has lived at Mexia, Dallas, San Antonio, Tyler and Houston, where he moved in 1934.

In 1917 he married Iona Campbell and on October 4, the Porters celebrated their 31st wedding anniversary. They have one son, James W. Porter, and two grandchildren.

In addition to his oil business,

Porter is president of a soft drink bottling company in Houston and is director of the Aquano Corporation of Houston. He owns a farm in Parker County.

One of the most progressive independent oilmen in Texas, he played a prominent role in organizing the Texas Independent Producers and Royalty Owners Association and has served as President for two years, his term expiring September 12. He has been a leader in the fight to save the tidelands for Texas school children and his activities as president of the Independent Association have made valuable contributions to oil conservation and the development of Texas oil properties, the Post Dispatch has been informed.

Crippled Children May Be Helped By Health Department

In an effort to familiarize every person in Texas with services offered by the Crippled Children's Division of the State Health Department, Dr. Geo. W. Cox, state health officer, has released the following statement:

Every crippled child in Texas, under 21 years of age, and of normal mentality, whose parents are unable to pay for needed care, is entitled to assistance from this Division.

Crippling conditions which may be treated are infantile paralysis, osteomyelitis, club feet, harelip and cleft palate, burns, curvature of the spine, arthritis, bow legs, rickets, tuberculosis of the bone, flat feet, congenitally dislocated hip, muscular dystrophy, supernumerary fingers and toes, wry neck, elephantiasis, spina bifida, brachial palsy, Pott's Disease, congenital anomalies, spondylolisthesis, amputation, webbed fingers, epiphitis, and sarcoma.

Assistance may be obtained by applying to the Crippled Children's Division, Texas State Department of Health, Austin, or by placing an application through an established city or county health unit.

Full information about local groups and organizations throughout the state who are anxious to assist crippled children to establish their eligibility and receive proper care, may be had by writing for a pamphlet, "Handbook on Agencies," Address Crippled Children's Division, State Department of Health, Austin 2, Texas.

Ambrous Gray, Jr., 10-year-old son of Mr. and Mrs. W. A. Gray, has fully recovered from a mild case of polio and Monday he started attending school part time. His parents took him to Dallas last week for a final check-up. The physician, a polio specialist, said he had completely recovered.

Largest Fair In Texas History Is Staged In Dallas

The thirty million dollar, sixty-third State Fair of Texas, which Lone Star Staters proudly call "The Show Window of the Southwest," got under way Saturday with probably more fanfare than ever attended any previous state fair. It will last through October 24.

Officials say this is the largest fair, and the most costly to produce, they have ever attempted. It has required more people to put it together. More than 2,000,000 are expected to attend. Last year's attendance was 1,763,921.

Governor Beauford Jester formally opened the Fair and dedicated the new \$800,000 Automobile, Aviation and Recreation Building.

Topping the list of opening day attractions was the Texas-Oklahoma football classic. This was the "coming out" party for the renovated Cotton Bowl, just rebuilt and enlarged at a cost of \$1,280,000.

Almost as popular with Fair visitors is the hilarious Jimmy Durante-Harry James show in the Auditorium, the new "Ice Cycles" show, the "Flying L" Rodeo, Million Dollar Midway, and the most colorful array of displays ever seen in the Fair's huge exhibit halls. These include shows devoted to automobiles, aviation, electrical industry, petroleum, foods, textiles, culinary and antiques, agriculture, livestock and poultry.

Despite its enormous size, the State fair of Texas has managed to retain some of the flavor of the old country fairs.

On October 16 the rural youth of Texas, 60,000 strong, will take over the Fair, breaking all previous records for gatherings of 4-H Club members, Future Farmers and Future Homemakers.

Another outstanding event will be participation on October 24 of some twenty school bands and some 2,000 young Texas musicians in a Band Festival and massed concert in the Cotton Bowl.

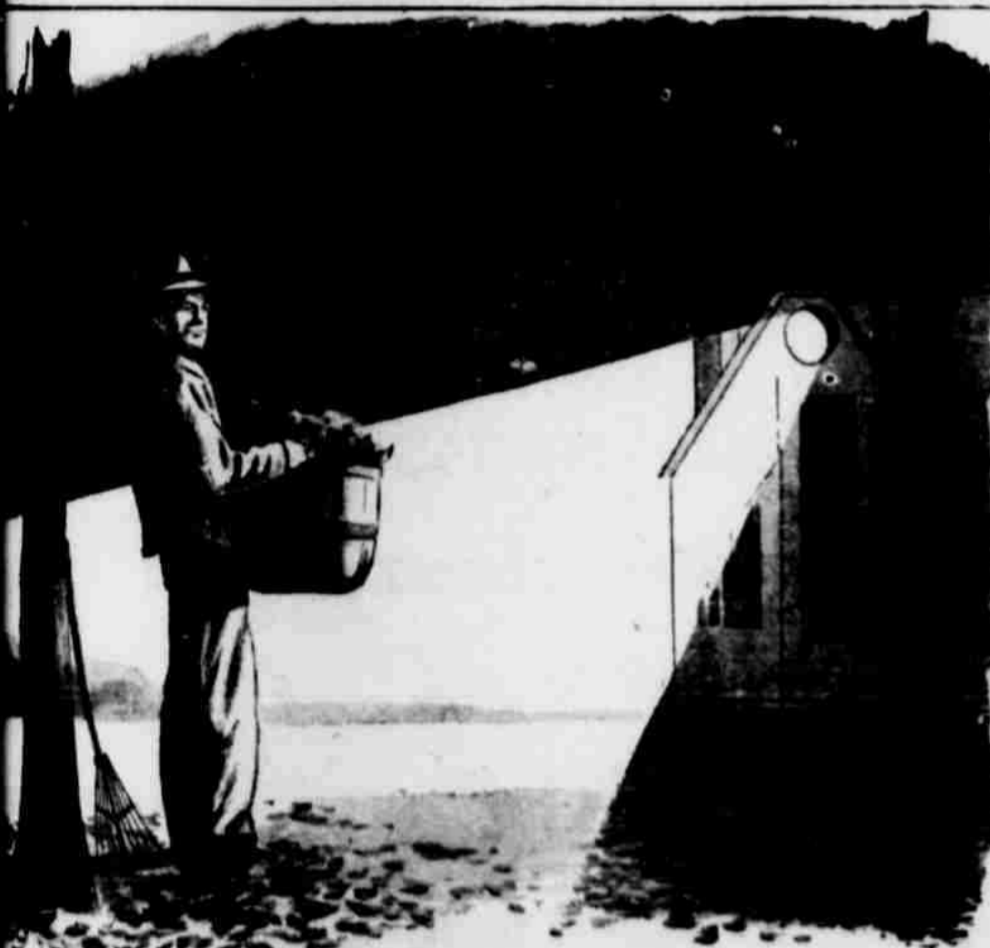

BITS OF NEWS

Mr. and Mrs. Cecil Propst and Jeneice Propst returned Sunday from a week's visit in Arlington.

Visitors in the J. A. Gary home last week were Jim Gary and his son, Jimmy, of Lubbock and Charley Jones of Abilene and his daughter from Fort Worth.

Mr. and Mrs. Valdeon Justice, formerly of Post, have moved from Levelland to Lubbock. He is employed by the Borden Milk Company. Mrs. Justice is a daughter of Mr. and Mrs. Dick Woods.

Mrs. Beulah K. Bird Rogers returned to Post this week after spending the summer in Ruidoso, N. M.

SHORTER DAYS

Whether it's yard work around the house or important work that has to be done on the farm... more and more must be done after sunset these shorter days.

Quantity of low-cost, dependable electric service is available to turn that dark and darkness into many additional hours of profitable work time. Make it to your best advantage.

Call in an electrician or electrical contractor now to discuss your outdoor lighting. You'll find it economical... and time saving.

Land Divided into 160-Acre Units

TRACT NO. 1	TRACT NO. 2
3200 acres located 15 miles west of Kaffir, Texas. Kaffir is on Highway 87 midway between Happy and Tulia. The tract includes 1690 acres of excellent wheat; 1107 acres cultivated land ready to plant; 50 acres of alfalfa; 353 acres of good pasture; 4 irrigation wells and a large reservoir; 8-room modern house with 3 barns, sheds, tool-house, bunk house, silos, windmills, etc., and a 6-room modern house with barn, granary, cellar, orchard, windmill, etc.	800 acres located 5 1/2 miles east of Highway 87 from a point approximately midway between Tulia and Happy, Texas. This tract includes 130 acres alfalfa which yields a ton per acre per cutting; 400 acres of good wheat; 70 acres of pasture with natural lake; 200 acres cultivated land; modern, newly-remodeled 6-room house with nice trees; 5-room semi-modern house; windmill and 3 irrigation wells.

This is level land, ideal for irrigation. It is rich and easily farmed. Last season it produced 40-bushel wheat, and 80 to 90-bushel grain, on the average. The irrigation wells average 180 ft. in depth and produce 1200 gallons of water per minute indefinitely without falling off. This season much of the crops have not needed irrigation.

ALL FARM MACHINERY AND EQUIPMENT TO BE SOLD AT AUCTION

8 Tractors, combine, ditcher, flails, feed chopper, plows, 4 trucks, binder, drills, engines, hay baler, mower, rake and various other items of farm machinery and equipment.

ORDER OF SELLING

Sale will begin at 2 PM on October 21 and continue daily at 2 PM through October 23, or until everything is sold. All sales will be held at headquarters on Tract No. 1. Come early October 21, inspect the land and machinery—be ready to bid when the sale starts.

HOW TO GET THERE:

Tract No. 1: Drive from Happy south 8 miles, or Tulia north 7 miles, to Kaffir elevator. Turn west on Farm Road No. 214 and drive 10 miles, then north 1 mile and then west 4 miles.

Tract No. 2: Drive from Happy south 7 miles, or Tulia north 8 miles, and turn east 5 miles then south 1/2 mile.

FOR THOSE WHO WANT TO FLY: There is a level turf landing field with a wind sock adjacent to headquarters on tract No. 1.

FROM A STRICTLY LOCAL ANGLE

Antelope Booster Club To Sponsor Best Football Player Contest For Each Week

The Antelope Booster Club, meeting Tuesday night in the High School Auditorium, decided to sponsor a contest each week to select the week's best Antelope linesman and backfield man. The winners will be selected each week by a different Booster Club committee, and the two boys will receive a prize each week.

The committee selected to judge last week's game with O'Donnell agreed that Maurice Fluit was the outstanding linesman and that Ronnie Bouchier was the outstanding backfield man. Calvin Storie, as linesman, was given honorable mention.

Fluit and Bouchier, who were selected for the honor on the basis of fine offensive and defensive playing, each received a shirt. The prizes were given by Hundley Cleaners and Piggly Wiggly.

Alex Webb showed a color movie of last year's Post Antelope-Slaton Tiger game, then Coach V. F. Bingham gave an interesting talk on the Antelope plays, using a blackboard to illustrate what the linesmen are supposed to do in order to make the plays click.

Bingham also commented on the excellent showing which this year's junior team is showing and said that two of the players were spectacularly good in the game with Seagraves last Thursday.

The Booster Club will meet at 7:30 o'clock Monday night in the high school auditorium. All persons interested in football are invited to attend.

NO KIBITZERS ALLOWED

As too many people on the sidelines are disturbing factors during a football game, Coach V. F. Bingham announced yesterday that in the future only the players in uniform and the officials will be allowed on the sidelines.

Under no circumstances will any other persons be permitted on the sidelines at the Tahoka-Post game tomorrow night, he asked the Post Dispatch to announce.

In 1906, the San Francisco earthquake claimed a thousand lives and caused \$100,000,000 in property damages.

Antelopes Pluck Eagle Feathers For 31 Pointers

The undefeated Post Antelopes smashed through the O'Donnell Eagles for a 31-0 victory on the Post Antelope Field Friday night before the season's largest football crowd.

It was the second of four scheduled District 4-A Conference games for the Antelopes. As Post's other two conference opponents, Tahoka and Slaton, had open dates that night, large crowds from both towns witnessed the Post-O'Donnell game. The Tahoka fans brought a chartered bus.

In the first quarter, on the fifth play, Junior Malouf ran 30 yards over the tackle for the first touchdown. The extra point was missed. In the same quarter, Quarterback Charlie McGuire sneaked two yards for a second tally. Malouf kicked the extra point.

In the second quarter, Fullback Ronnie Bouchier, who is making a habit of scoring from interceptions, caught an O'Donnell pass and ran 65 yards down the side line for the third touchdown. The extra point was missed.

In the third quarter, Kay Kirkpatrick plunged one yard through the line for the fourth score. The extra point was missed.

In the final quarter McGuire passed to Buddy Hays for 20 yards and a touchdown. The extra point again was missed.

Officials were Jimmie Williamson, referee; J. B. Privitt, head linesman, and Leete Jackson, field judge, all of Lubbock.

Game At A Glance

Post	O'Donnell
9 First Downs	7
137 Yards Gained Rushing	81
60 Yards Gained Passing	37
4 Passes Completed	3
4 Passes Intercepted	2
(1) 35 Punts, No. Yardage	(3) 87
(1) 5 Penalties, Yardage	(3) 15

Safety Theme Used By Post Merchants

Hudman Furniture Company is stressing safety in advertising space this week in the Dispatch. This message in this advertisement is well worth reading as it is a reminder to all motorists to be careful in driving near schools.

Another advertiser who uses this type of advertising matter occasionally is Iven Clary of the Conoco Service Station.

S. C. Storie, Jr. transacted business in Lubbock on Wednesday.

Double Header With Lubbock Freshmen, Eighth Graders Will Be Played Tonight

Local football fans, who are getting their money's worth this year from two undefeated Antelope teams, are in for extra thrills tonight in the form of a double header with two junior Lubbock teams on the Antelope Field. The games will begin promptly at 7:30 o'clock.

The first game will be played by the Post Eighth Graders and the Lubbock Eighth Grade Rangers. The second games will be between the Post High School Freshmen and the Hutchinson Junior High School Freshmen.

The probable starting line-up of local Eighth Graders was announced yesterday by Coaches V. F. Bingham and Vernon Ray as follows:

Topper Bilberry, 104 lb., center; Pettie Hays, 98 lb., and Tommy Puckett, 105 lb., guards; Ross Self, 111 lb., and Curtis Williams, 109 lb., tackles; Carroll Light, 111 lb., and David Pennington, 110 lb., ends; Darrell St. Lee, 101 lb., quarterback; Pat Stephens, 114 lb., left half; L. W. Evans, 118 lb., fullback, and Bobby Terry, 108 lb., right half.

The tentative line-up for the local freshmen is:

J. W. King, 118 lb., center; Jack Schmidt, 116 lb., and Cletus Graves, 116 lb., guards; Buddy Davis, 138 lb., and Ed Teal, 136 lb., tackles; Gordon Carey, 145 lb., and Charles Williams, 115 lb., ends; Ronald Joe Babb, 127 lb., quarterback; F. M. Reep, 132 lb., left half; Billy Glenn Jones, 132 lb., fullback, and Norman Cash, 127 lb., right half.

Post Juniors Win Over Seagraves In Close Battle

The undefeated Post Junior Football Team ran into the roughest opponent so far this season at Seagraves last Thursday night. Despite the fact that Seagraves seemed to hold the advantage during much of the game, the locals won by a score of 14-0.

The first score was made late in the opening quarter—after Post finally got hold of the ball for the first time—when F. M. Reep ran 85 yards for a touchdown. Jack Kirkpatrick kicked the extra point.

Most of the second period and much of the third quarter was played near the Post goal line, with the locals managing to hold three times on the 10 yard line.

Toward the last of the third period, Jack Kirkpatrick ran a bootleg play around the end down to the one-foot line and F. M. Reep carried the ball across for a touchdown. Kirkpatrick again kicked the extra point.

The outstanding Post player, according to Coach V. F. Bingham was Jack Schmidt, guard, who played one of the best games that any Post boy has played this season. He got 90 per cent of the tackles.

Other players who looked especially good were Cletus Graves, guard, and Buddy Davis and Ed Teal, tackles.

Seagraves will be here for a return game week after next. The date probably will be announced next week, the coach said.

Southland Eagles Defeat Fluvanna

The Southland Eagles defeated the Fluvanna Buffaloes 20-14 in a non-conference six-man football game in Southland Friday night.

Larry Tankersley, fullback; J. Bastinger, quarterback, and Bob Hallourton, left end, scored six points each for the Southland team. Southland's remaining points were scored by T. W. Claiborne, halfback.

Don McDonald, Fluvanna fullback, scored 12 points for his team, and Bill Shafer, quarterback, made the two extra points.

Southland will play Pettit there tomorrow night.

Garza 4-H Boys And Girls Go To Dallas

Added to the list of 4-H girls going to the Texas State Fair for 4-H Day Saturday is Sue Stephens, who is going in the place of Charlotte Brown. The list was published last week. The girls left by automobile this morning, accompanied by Mrs. Wilburn Morris, Mrs. James Stone, Mrs. E. E. Peel and Mrs. Jewell H. Strasner.

Several Garza County boys also planned to be in Dallas Saturday for the 4-H activities. They planned to go by automobile with Alvin Davis. Among them were Carter Gene White, Barry Ford, Jimmy Puckett, Bonnie Wilkes and others.

Dirt Closure On Terrace Can Hold Moisture Supply

Some farmers are digging irrigation wells but by far more District cooperators are asking themselves "How can I get moisture enough in the soil to make a crop?" Soil Conservation Service technicians at the Post Work Unit have two recommendations to make that applicable at this season:

1. Close both ends of level terraces. Fill in above the ends of each terrace with dirt until the terrace is about half closed. If heavy rains come during the fall or winter, water will back up in front of the terrace as high as the closure. If more rain comes before this has soaked in, the excess water will run over the dirt closure rather than breaking the terrace. If it is conceivable that more rain should come than is needed, the closure could be opened.

2. Use crop and grass litter to save moisture — one of the outstanding soil and water conservation practices in a coordinated conservation program is the use of crop and grass litter. The use of feed, such as maize stalks, for crop residue, must be weighed against its value to the soil. Rain beating on bare ground soon seals the pore spaces in the soil; then it is not long until rain water starts running off the field and carrying with it fertile soil.

Rain soaks in fields covered with stalks and other residue. Crop litter breaks the force of falling raindrops. Pores of the soil stay open and fields drink up the water.

But that's hardly half the conservation job that crop residue does. Wind steals away moisture from bare soils, while crop residue insulates the soil underneath it against evaporation. Conservation farming in West Texas is farming six inches deep and a foot above the soil.

Crop residue, as it decays, feeds soil organisms that make plant foods available to the crops.

Naval Aviation Cadet Training Is Offered Now

For the first time since the end of the war, the Navy's famous Naval Aviation Cadet training program has been re-opened. It offers 2,000 college men a chance to become commissioned officers in either the Navy or Marine Corps.

The new Aviation Cadet is offered advantages which were unknown to his predecessors. He begins his 18 months training at the Pensacola, Fla., Naval Air Training Base. His training is started in sturdy, fast, SNJ's, rather than the slower Serman "Yellow Peril" trainers of former years. From SNJ's, he advances into flying four-engine transports. If he is selected for carrier duty, he makes actual carrier landings while in training, then advances directly to flying the Navy's speedy new jet fighters.

Upon completion of his flight training, he is awarded Navy wings, a commission as ensign USNR, or second lieutenant, USMCR. He is then assigned two years of active duty with the fleet or with an air unit, the U. S. Navy Recruiting Service has announced.

Information As To Veterans Benefits Is Made Available

The Veterans Information Center at Dallas has announced a reminder that every veteran of World War I and II are entitled to the following benefits when facts warrant them:

Service connected compensation, disability pay, hospitalization, burial expense, veterans homes and a free flag.

World War II veterans also are entitled to loans on farms, homes or business, on the job training, farm and crop training, vocational training, widow's pension (both wars) and dependent parents' pension.

Information concerning the above benefits may be had by writing the United War Veterans of America, 912½ Main Street, Dallas.

Sailors of China have used the mariner's compass for over 3,000 years.

Rabbits and squirrels belong to the same order of animals as do rats and beavers.

FAVORITE BIBLE PASSAGE OF:

MRS. C. F. TAYLOR

And Jesus came and spoke unto them, saying, All power is given unto me in heaven and in earth. Go ye, therefore, and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost: Teaching them to observe all things whatsoever I have commanded you: and, lo, I am with you always, even unto the end of the world. Amen.
MATTHEW 28: 18-20.

MINUTE PRAYER:

O Father, help us to walk in the light of Thy presence and have fellowship with Thee. Amen.

The Rev. and Mrs. George Dale of Lubbock celebrated their fiftieth wedding anniversary at a reception Saturday in Lubbock in the home of a daughter. He served as substitute pastor at the local First Baptist Church recently when the church was without a pastor.

The church budget for the new year was discussed and adopted at the First Baptist Church Sunday.

The Presbyterian will meet at Albany next Thursday.

It is planned that the local Presbyterian women will be represented.

The Rachel Fong circle of the Intermediate G. A.'s met Monday evening at the home of Mickey Bryant, with five members present. The group elected officers for the coming year. They are as follows: President, Joyce Short; vice president, Geraldine Dunlap; secretary-treasurer, Mickey Bryant; song leader, Mary Jo Williams; pianist, Joyce Short; program committee, Geraldine Dunlap, Mickey Bryant and the president, and social committee, Judith King, Billie Moreland and the president.

The Presbyterian Missionary Society met Monday afternoon with Mrs. Walter Boren for an interesting program on "Toward A Better America," led by Mrs. A. C. Surman, who was assisted by Mrs. J. A. Stallings and Mrs. Tom Hagood.

Mrs. D. C. Williams, literature chairman, distributed the new literature for the year. Devotional was by Mrs. Maggie Kennedy, and prayer was by Mrs. M. J. Malouf.

Mrs. Hagood collected \$9 for a hospital in China.

Pictures were shown of the Rev. Ralph Hall's "Cowboy Revival" in Ruidoso, N. M. The Rev. Mr. Hall was one of the first pastors of the local Presbyterian Church.

Ten members were present.

A revival meeting will begin at the First Baptist Church Sunday and will continue for a week. The new pastor, the Rev. D. A. Bryant, will do the preaching and Steve Heather of Mexia will conduct the song services. Services will be held at 7:30 a.m. and 7:30 p.m. each day except Sunday when they will be held at the regular time.

The Ruby Howse Circle of the W.M.U. of the First Baptist Church met Monday afternoon in the home of Mrs. A. W. Bouchier with 9 members present. Mrs. C. K. Pierce was program chairman.

Dr. and Mrs. David H. Templeton left Monday for Amarillo to attend the Presbyterian Synodical, Tuesday, Wednesday and Thursday.

Romer Hedler, a student in Texas University in Fort Worth is the new pastor at the local First Christian Church. He will conduct services here every two weeks.

The ladies of the First Christian Church met last Tuesday afternoon in the home of Mrs. F. I. Bailey. Mrs. Lee Davis taught the lesson, and Mrs. K. Stoker led the group in prayer. The next meeting will be at 2:30 p.m. Tuesday at the home of Mrs. F. C. Davis.

The Berean Sunday School Class of the Methodist Church met Tuesday afternoon in the home of Elaine Gibson, with Fern Jones as co-hostess.

Members answering roll call were Juanita Burruss, Helen Carter, Helen Faye McQueen, Sue Cornell, Lois Holland, Joy Schultz, Annie Laurie Jones, Thelma Clark, June Sutton, Reba Land and Elaine Gibson.

An interesting program on Parliamentary Procedure was presented by Lois Holland, club critic and parliamentarian, and Thelma Clark. It was followed by a quiz program on parliamentary law conducted by Juanita Burruss, president.

Refreshments were served by the hostesses.

Helpful Program Given At Junior Culture Meeting

The Junior Culture Club met recently in the home of Elaine Gibson, with Fern Jones as co-hostess.

Members answering roll call were Juanita Burruss, Helen Carter, Helen Faye McQueen, Sue Cornell, Lois Holland, Joy Schultz, Annie Laurie Jones, Thelma Clark, June Sutton, Reba Land and Elaine Gibson.

An interesting program on Parliamentary Procedure was presented by Lois Holland, club critic and parliamentarian, and Thelma Clark. It was followed by a quiz program on parliamentary law conducted by Juanita Burruss, president.

Refreshments were served by the hostesses.

Mothers Organize Justiceburg Club

Twelve mothers of Justiceburg School children met Friday to organize a club. The following officers were elected:

Mrs. Russell Witherspoon, president; Mrs. Henry Key, vice president; Mrs. Joe Green, secretary-treasurer; Mrs. Roland Sullenger, reporter; Mrs. R. A. McLaurin, program chairman, and Mrs. W. A. McGinnis, social chairman.

Each member subscribed to the Parents Magazine and the programs will be based on articles in the magazine.

The meetings will be held at 3:30 p.m. on the second and fourth Fridays. All mothers are urged to attend the meetings, the reporter announced.

Mrs. Campbell Is Hostess To Group

The Needlecraft Club met Friday afternoon in the home of Mrs. V. J. Campbell.

After an hour of visiting and sewing, refreshments were served to Mesdames H. M. Snowden, M. J. Malouf, H. L. Gordon, A. A. Suits, T. L. Jones, A. W. Bouchier, C. W. Terry, R. P. Tomlinson, Tol Thomas, M. K. Bingham, R. A. Moore, H. E. McClain, Boone Evans, T. R. Greenfield, W. F. Pierce, Carl Clark, Ida Robinson, J. B. Faulkner, George Samson and the hostess.

Golden Anniversary Of McCords Planned

Friends here of Mr. and Mrs. R. B. McCord of Tahoka will be interested to know that they will celebrate their 50th wedding anniversary Sunday at the home of their son and daughter-in-law, Mr. and Mrs. Rollin McCord in Tahoka.

Louise Gerner Has Party On Birthday

Louise Gerner of the Garnolia Community was honored on her ninth birthday Sunday when her mother, Mrs. Amos Gerner, entertained with a party.

Games were played and after the gifts were opened birthday cake, suckers, and cocoa were served to Frances Craig, Forrest and Gene Claborn, Noel White, Jackie Pearl Carpenter, Kenneth and Jerry Gerner, Mrs. Fay Claborn and daughter, Marie, Addie Haley, Mrs. L. C. White, Mrs. Virgil Haley and family of New Home, and the honoree.

NOTICE

The V.F.W. will meet tonight, October 14, at 8 o'clock in the City Hall.

Harry Close of New York City and Kenneth Montgomery of Chicago are expected to arrive here Tuesday to spend five days here and in Lubbock on business for the C. W. Post Estate.

met Tuesday afternoon in the home of Mrs. Paul Moore. Mesdames Charles Smiley and Jack Kennedy were co-hostesses. The Alton Carrs, who are moving to Kermit, were presented with a farewell gift.

The Amiga Sunday School Class of the First Baptist Church enjoyed a social at the church Tuesday night. Hostesses were Mrs. O. L. Weakley and Mrs. L. P. Kennedy. Mrs. Cecil Osborne, president of the class, gave the devotional. Mrs. Jim Williams, retiring teacher, was presented with a handkerchief shower. Mrs. E. H. Tate is the new teacher for the class. Twenty members attended.

Gossip about garza Guys And Gals

—by gay nellie

E. W. Williams was home over the weekend. He is driving a snazzy looking new Lincoln.

Norma Hudman and her steady, James Bagwell came down from Tech to spend the weekend with her parents.

Bobby Maxcey and Bobby Graves from W.T.S.T.C. in Canyon spent the weekend here.

Alma Outlaw was home from Baylor over the weekend. Her school teacher sister, Zora Ann from Brownfield was here too.

Gayle Bowen and Bobby Cash spent the weekend in Plainview visiting the Stokes brothers, Johnny and Frank.

It was nice to see Mary Margaret Duckworth in town last week. She has been in Ft. Worth the past several weeks. By the way, we HEAR that she and Glen Norman are engaged.

H. T. Carr came home from Howard-Payne College in Brownwood, over the weekend.

Bonnie Ann Bowen and Billie Nichols from H.S.U. in Abilene were here over the weekend. Billie came to enjoy the new family car we suppose and Bonnie came to break the news that she and Max Ward are engaged. Sure is a pretty ring she's wearing.

J. R. Smith who is in the Air Corps left Sunday after spending several days visiting relatives and friends here. He is expecting overseas duty soon.

Marshall Mason, Jr. was here Tuesday and Wednesday. He is living at Lamesa at present time.

Mrs. Deamos Altman Honored At Shower

A pink and blue shower honoring Mrs. Deamos Altman was given Tuesday afternoon in the home of Mrs. Buddy Hall in the Pleasant Valley Community. Hostesses were Ruth Hall, Thelma Bartlett, Frances Lancaster and Tommie McGee.

Games were played and refreshments were served. Attending were Mesdames Ida Hall, Vaga Brown, Vera Reynolds, Hope Robinson, Theo Spence, Maxine Burkett, Faye Kuykendall, Pearl Robinson, Jean Lancaster, Doris Riddle, Mabel Robinson, Dee Tipton of California, Dickson, Elfreda McGee, Posey Wheatley, Lorene McGee, Billie Altman, Ben Altman, Will Barton, Thelma Webb, Evelyn Meeks, Merle Edwards, Bettye Scott, Gladys Hitt, T. L. Barnes, B. D. Robinson, Virginia Mock, S. M. Lewis, J. D. Sargent and Doris Dunn.

Mrs. Raymond Redman spent Monday in Lubbock visiting her sister, Mrs. Blake Hankins, and family. Mr. and Mrs. Hankins are moving to Amarillo the first of November.

Mrs. Morris Huff Is Complimented At Bridal Shower

Mrs. Morris Huff, the former Miss Dorrace Probst, was honored with a miscellaneous bridal shower from 3 until 5 o'clock yesterday afternoon in the home of Mrs. O. H. Hoover. Hostesses with Mrs. Hoover were Mesdames R. W. Babb, L. S. Turner and Will Wright.

The refreshment table was laid with a linen cloth and centered with a bouquet of pink roses. Punch, pink and white mints, nuts and cake squares were served.

Miss Jeneice Probst, sister of the bride, registered the guests.

Officers Elected By Graham Women

The Graham Home Demonstration Club met Tuesday in the school lunch room with seven members present. The following officers were elected:

Miss Lucille McBride, president; Mrs. Myrtle Peel, vice president; Mrs. Letha Porterfield, secretary-treasurer; Mrs. Lucille Morris, council delegate; Mrs. Alma McBride, reporter; Mrs. Myrtle Hoover, parliamentarian; Mrs. Mary Stone and Mrs. Lucille Morris, recreation leaders; Mrs. Myrtle Peel, yearbook chairman; Mrs. Mollie Morris, marketing chairman; Mrs. Johnnie Rogers, expansion chairman; Mrs. Mary Cowdrey, exhibits chairman; Mrs. Georgia Cook, finance chairman. Mrs. Mollie Morris will be hostess to the club October 26.

Rotarians Hear New Baptist Past Talk

The Rev. D. A. Bryant, new First Baptist pastor, addressed the Post Rotary Club on the subject of prohibition at the luncheon meeting Tuesday in the City Hall.

BITS OF NEWS

Mrs. Earl Hodges spent Wednesday in Lubbock.

Mr. and Mrs. B. H. Garland of Slaton were guests of their daughter, Mrs. James Hill, and family on Monday.

Prior to World War I Great Britain, France and Russia comprised the Triple Entente.

GETTING OUT On The LIMB

By EDDIE the EDITOR

Lubbock, which has come to look pretty much like a city in recent years, still has a long way to go in matters of sophistication and tolerance.

That little incident last week—in which a widely-known Mexican artist and his wife were refused service in a Lubbock restaurant—pretty well answers the question: "What's Wrong With Lubbock?"

I've seen Lubbock come a long way, culturally speaking, since about 1930 when a famous pianist couldn't get an audience there of more than 200 people. Now Lubbock has its own symphony and it brings world famous artists to the city every year and sometimes the high school auditorium is full of people.

But the town is still in the midst of growing pains, and the Lubbock business men have a fer piece to go before they take on the metropolitan aspects that their volume of business deserves.

I can imagine that the Tech professors, who receive such courteous treatment while taking students on field trips into Mexico, were pretty embarrassed to observe that the good people of Mexico cannot expect similar treatment in their own home town.

I expect that you and I would howl to high heaven if we were refused service in a Mexico City restaurant because we are from the United States. Fortunately, this will never happen because Mexico City is deeply steeped in culture and, in other words, its business men are too polite to pull such a stunt.

It is rather shocking that we Texans, who live practically on Mexico's doorstep, do not know the difference between a high class Mexican and the itinerant laborer whom we are used to seeing around here at this time of year.

Mexico, like other countries, has a class system which we, as a courtesy to our neighbor, Mexico, should recognize even though we're supposed to be a Democracy where everybody is treated alike.

I don't know anything about international diplomacy, but I can't see for the life of me how we can convince the world that we treat everybody alike when we act like the Lubbock restaurant man did in refusing service to the Mexican artist and his wife who, incidentally, is an American like you and I.

Weren't the Post school kids' Fire Prevention posters good?

Fire Prevention Week is fine, and I'm sure it helps to cut down the number of fires over the nation.

But, every community in the country ought to have an active fire safety committee, working on a year-round basis.

This committee should have a chairman with energy, enthusiasm and proved leadership ability. Its membership should be drawn from all elements in the community—churches, service clubs, theatres, gins, veterans organizations, merchants, schools, women's clubs, Boy Scouts, etc.

And its duties should run the gamut of fire hazards and condemn them all.

I understand a considerable number of such committees are working effectively in various parts of the nation. Shouldn't we organize one here? Fire prevention, after all, is basically a

ROGER W. BABSON WRITES THIS WEEK:

Insulation of Gravity Could Be Greatest Discovery

New Boston, N. H. — Many readers of this column who have seen references in Time Magazine (August 16) and Newsweek (August 23) to my interest in "Gravity," are asking what it all means.

For 40 years I have been giving much study to the writings of Sir Isaac Newton (1642-1727) who was the world's greatest scientist. His Law of Action and Reaction is the basis of the Babsonchart which has been such a wonderful guide to me and my clients. His actual library has been moved from his London home to the Babson Institute.

Mrs. Babson has one of the world's best collections of Newtonia.

Among other Laws which Newton discovered were the laws of Gravity, upon which our life, health and happiness depend. This free power of Gravity now operates in connection with the circulation of our blood, with every step we take, as well as with every heartbeat. We are constantly defying Gravity whether walking upstairs, traveling in an airplane or getting high blood pressure. Hence, as Newton's Law of Action and Reaction has been so good to me, I have now determined to give time and money to his Gravity Laws.

Lessening Gravity Handicaps. We needed a location for the

laboratory which would be 100 per cent safe in case of World War III. Such a location has 12 requirements. (Any reader interested therein will be sent these 12 free on request). The place which fulfills these is the little town of New Boston, N. H. Here we have bought a building for our experiments directed along three lines. These should get underway by next spring.

(1) The first will be to test the thousands of animal, vegetable and mineral products to see if one of these serves, to any extent to insulate Gravity. Every other form of energy—light, heat, noise, electricity and even atomic rays—can be insulated against. But there have been no systematic tests of all these thousands of materials to

insulate against Gravity carried out in the manner of my friend the late Thomas A. Edison.

We fail to find any such insulating material; but if we do find it, it will be one of the world's greatest discoveries. It might provide almost free power everywhere. (Any reader, on request, will be sent gratis a description of how this might take place).

Accidents And Health. (2) Our second line of endeavor will be to urge hospitals, police departments and insurance companies to keep an accurate record of all accidents (from broken hips to auto accidents), noting the date and hour of their happening and how they correlate with the phase of the moon

and sun. Newton showed that this force of gravity effects us differently according to the Earth's nearness to the moon and sun on different days. Throughout the centuries people have believed that the moon affects (the germination of seeds, the action of livestock, variations in sales and business, and even the health, judgment and habits of humans. Hence, the words "lunatic" and "lunatic." Yet no accurate statistical studies have ever been made to ascertain whether these ideas are imaginary or based upon facts.

(3) Now for our third line of endeavor. This free energy evident in tides, water powers, and in a hundred other ways—is tremendous. But why bother about these indirect and cumbersome

some ways of using Gravity this field of energy is being generated from the planets, why not harness energy direct? Why not use oil or gas to get electricity? Why not use directly and immediately this Gravity field of power? Only the best insulator prevents such a graph (1) above. We shall keep records and encourage those who are now working on similar projects. In short we are going to serve as a clearing house for all Gravity research and determine to be experts on.

Garza and the World

By EVELYN BOYD

I promised to comment on the Proposed Amendments to the State Constitution which the Garza voters will have an opportunity of accepting or rejecting on November 2.

Did you ever try reading those eight clumsily worded amendment proposals? If you did, you will appreciate what I am about to do. In this and as many subsequent columns as is necessary, I am going to try to interpret each one of them and give my inexpert opinion as to whether they should be accepted or rejected.

It's a long time until November, and I am going to get this chore off my hands once and for all during the next several weeks. So, if you want these opinions for reference at voting time, I suggest you start clipping them now.

We will begin with Senate Joint Resolution No. 2, which will be identified on the ballot as S.J.R. No. 2:

This is a resolution to assure redistricting into proper senatorial and representative districts EVERY TEN years.

Vote FOR S.J.R. No. 2. The main thing wrong with West Texas is taxation without adequate representation. At the rate West Texas is developing, redistricting will be necessary every 10 years.

House Joint Resolution No. 7 will be identified on the ballot as H.J.R. No. 7. It provides for succession to the office of governor in event the governor-elect dies, or becomes disabled, or fails to qualify, before taking his oath of office as governor. This successor would be the person having received the highest number of votes for the office of lieutenant governor, who would act as governor until the next general election.

This is okay by me. I hadn't known before that our constitution didn't have any provision for succession to the governorship in a case like the above. It ought to have, and the above proposition seems simple and workable. Vote FOR H.J.R. No. 7.

Now comes a difficult one: It's H.J.R. No. 13, providing that the husband and wife may in writing divide

local matter. Every community, including Post, has its own special problems.

It's a wonder to me that we don't have more fires than we do, the way people burn trash on windy nights in improper containers and leave the fires unattended.

How recently have you had the wiring in your home checked for faults? Wiring that was perfect when installed deteriorates the same as anything else about the house. The person who doesn't have the wiring checked in his home every few years ought to carry lots of life and personal property insurance, because he is liable to need it.

their community property any way they see fit and (with due regard for the right of existing creditors) each spouse's portion shall constitute a part of his separate property. The amendment if adopted shall be self-operative and self-executing.

I find no fault to pick with this. We have the worst marital property laws in the nation nearly, and if this isn't an improvement it certainly can do no harm other than contribute to a lot of family squabbles. And some are going to squabble regardless of what the law provides.

By our present laws, community property is that acquired by a man and wife after their marriage. It seems to me that said man and wife ought to have the privilege of dividing this among themselves any way they see fit and calling it their separate property. If such a situation will help them.

The amendment is fine. I'd say vote FOR H.J.R. No. 13, even though it doesn't touch upon the real faults of our present laws.

The property accumulated by either husband or wife before marriage is his or her separate property; which, in my opinion, is as it should be.

But the law is unfair to the women. A married woman cannot dispose of her separate property without the signature of her husband; but a husband can dispose of his without his wife's knowledge or signature.

This one snag in the law causes lots of unpleasantness, which can be brought about, for instance, when a man marries a woman for her money.

This law, no doubt, dates back to the not too far distant time when "a woman's place was in the home." Then the only women who had money of their own were those who inherited it, for the most part, and their lack of business experience made the clause a practical one at the time.

Nowadays, many women have earned fortunes for themselves in business before their marriage. Practically every young woman who waits until a year or two after she has finished school to marry has had business experience.

The women showed the world during the war years that they are as adept as the men at doing almost any kind of work that the men do. This includes attending to their finances.

So if the legislation can dream up a proposed amendment on this subject, I'll heartily recommend that we vote for it.

Next comes H.J.R. No. 24, which looks pretty good from where I sit. I suspect that, next to S.J.R. No. 2, it is the most important of the eight proposed amendments.

H.J.R. No. 24 provides that no ad valorem tax shall be levied for state general revenue purposes after January 1, 1951, and authorizes the various counties to levy additional ad valorem taxes, providing for a \$3,000 residential homestead exemption, and providing for tax levies in counties having tax donations. The amendment further provides that this additional ad valorem tax which the counties shall be authorized to levy shall be for construction and maintenance of Farm to Market Roads or for Flood Control.

This looks like a major step toward bringing the

What Our Contemporaries Are Saying:

WHO WANTS SECURITY — It was not security that those intrepid colonists were seeking when they braved the wrath of the turbulent Atlantic and sailed away from the despotism of Europe in search of new homes. It was not security, but liberty.

It was not security that motivated Washington and Jefferson and Franklin and Hamilton and their compatriots in declaring that "these United States are of a right, and ought to be free and independent states." It was not security they sought, but freedom.

The most secure people — in an economic sense — that the world knows today inhabit cells in Huntsville and other prisons throughout the country. They are not "ill-housed, ill-fed and ill-clothed." They have shelter and food and clothing and recreation and jobs. But there is not a single one who would not willingly change all of his "security" for the privilege of walking erect as a free man, with the right of choice and decision.

As a class the Negro slaves in pre-Civil War days knew the ultimate of security. They had no worries about food and clothing and medical attention. But deep within the hearts of these people there burned the fierce fires of freedom. They had security, but they wanted liberty.

A long time ago it was recorded in the Bible that God proclaimed "In the sweat of thy face shalt thou eat bread," and that Divine injunction cannot be changed by the enactment of social orders nor by the advent of any so-called security schemes.—Hamlin Herald.

FORMER DEMOCRAT — We listened with a great deal of interest to Jack Porter speaking as a candidate for U.S. Senator on the Republican ticket. He was a Democrat until 1940 when he turned Republican, because he could not swallow the raw new

government home to Garza County. If we pay ad valorem taxes, after January 1, 1951, the money would be spent here in Garza County and we would not have to depend upon the state or federal government for aid. This would bring us much more quality for our money, because a lot of high-salaried middlemen would be eliminated.

I say vote FOR H.J.R. No. 24. More next week.

deal. He is reported to be a very fine business man in Houston.—Canyon News.

PIROOTIN' AROUND — Revivals have been in two churches, separated only by a small residence and a street. With the windows and doors all open to the cool night breezes, the Methodists and Baptists could all but listen to each other's preachers at the same time.

One evening when services were near closing the Methodists started singing, "Will There Be Any Stars In My Crown?" As the last line of that old familiar camp meeting hymn faded into the night the Baptists were ending their closing hymn with, "No, Not One; No, Not One!"—Seminole Sentinel.

"TIN CUP ADVERTISING" — In looking over the newspapers printed on every side of us here on the South Plains, we notice that each week most of them carry full page, and in some instances double page advertisements of coming football games.

The advertisements in each instance are paid for by a number of business concerns. In a lot of instances we imagine the advertiser is sponsored by concerns who really want to boost their home town high school football games. In a lot of other cases we are sure that the advertiser just goes along because of the others.

That sort of advertising is known as "Tin Cup" advertising. It is good for the newspaper but there are those who have their doubts as to the value of the advertiser. Sentinel advertisers will please note that we have promoted no such advertising here this season. Nor do we intend to. We will give the football team any amount of space in stories of their games, before and after they play them, which we think adequate publicity.

Our reason is that we don't want Seminole business men to buy anything from the Sentinel just to help the paper along. We want them to buy space in this paper only when they sincerely believe they are getting their money's worth.

We don't mean that we won't accept advertising of football games should any business man or group of business men, or the schools want to place such advertising. We only mean that we do not intend to promote cooperative advertising where it is possible that many advertis-

ers might think they were being promoted.—Seminole Sentinel.

BITS OF NEWS

Mrs. Ruth Wade will undergo surgery in the San Angelo Hospital tomorrow. Her mother, Mrs. Ray Ricker, left Tuesday afternoon to stay with her until after the operation.

Mr. and Mrs. F. L. Derrick of Merkel spent from Saturday until Tuesday visiting his mother, Mrs. J. A. Meeks, and Mr. Meeks.

Mrs. Hattie Foster went to Lubbock Friday to spend several days with her daughter, Mrs. Blake Hankins, who is ill.

Fire Chief Homer McCrary, accompanied by Jesse Barnes and Lawrence Bilberry, attended the Mid-West Firemen's Association Convention in Cisco Thursday.

Mrs. Irene Holland of Bridgeport has returned home after spending several weeks here with her sister, Mrs. O. R. Cearley.

Mr. and Mrs. L. L. Wright visited relatives in Floydada Sunday.

G. T. Pierce is ill this week.

Mr. and Mrs. N. A. Lusby and children spent Sunday in Seagraves.

Mrs. L. H. Ingram and Betty Mills went to San Angelo Friday to visit Mrs. Ingram's son, Hugh, and Roy (Prod) Williams, who are students there.

J. J. Wells is in Hot Springs, N. M., for treatment.

A mansard roof is an almost vertical one whose lower section is pierced with windows thus permitting an additional story.

Malcolm Bull underwent surgery in the Veterans Hospital in Amarillo Thursday. He is improving satisfactorily.

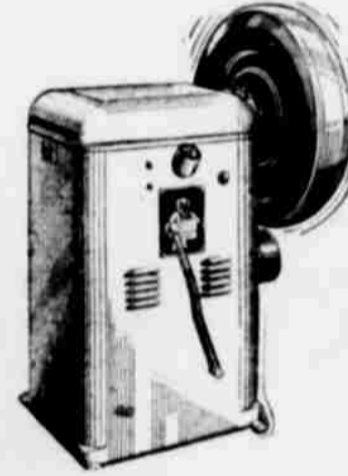

Mr. and Mrs. Melvin Hill and son, Mr. and Mrs. E. C. Hill and Mr. and Mrs. Surman Hill visited in Lubbock Sunday.

Farmer-Committee Elections Vital To Eligible Farmers

Elected farmer-committeemen are the real strength of the Agricultural Conservation Program, says B. F. Vance, chairman of the Texas PMA Committee. Through leadership of these committeemen the program is carried on in every agricultural county in the entire country. Every farmer eligible to vote in the coming farmer-committee elections is urged to participate in these elections. Conservation and price supports are vital to agriculture and to the nation and every farmer who participates in these programs should make sure he is doing his part, Vance believes. Announcements of these elections, giving the time and place of voting, will be posted.

ATTEND THDA MEET

Mrs. Lonnie Peel, Mrs. Sid Cross and Mrs. S. W. McCrary left by District 2 chartered bus yesterday for Temple to represent the Garza County Home Demonstration Council at the annual meeting of the Texas Home Demonstration Association the remainder of this week. They will go to Dallas Saturday afternoon to attend the Texas State Fair and return Sunday.

MAIN STREET—

(Continued From Front Page) gram.

Gene Autry Cowboy Boots are the pride and joy of many a teen-age boy and girl. Haws Department Store has received a new shipment of these boots. They come packaged in a colorful western box where you can keep your boots and other treasured items.

The Garza Tire Shop boys, Max Gordon and Thurman Francis, are proud of the new all-weather tread Good Year Tire. This is the "go-anywhere" tire for the man who gets off the cleared highways! Studded Sure-Grip tread tops them all for "dig-in" traction in deep mud and snow. It gets you out of tight places—takes you through where conventional tires bog down.

Johnson's Grocery and Market out on north Broadway has a new sign.

MEMBERSHIP DRIVE—

(Continued From Front Page) feasible to build. Such a program, with proceeds from the gasoline tax, has provided Texas with an excellent system of highways, it was explained at the meeting. The Association hopes to have the same type of long-range program for building rural roads. Membership fees in the association are \$1 a person a year. Each member will be provided with literature on the project and progress reports. The membership quota for Garza County is 250 persons, Judge Bowen said.

The chairman and the county commissioners will try to see all prospective members within the next few weeks. They will consider it most helpful, however if persons interested in joining, will send their membership fees to Judge Bowen, they said.

The Garza Committee will call a mass meeting at the courthouse in the near future. An out-of-town speaker will explain the Association's program in detail. The date will be announced soon.

Air Squadron 16 To Be Host On Nov. 26

Air Squadron 16, Post Senior Boy Scout troop, will entertain the Lubbock Air Scouts at a party here Friday night, November 26.

The Senior Scouts from both Lubbock and Post attended a Trail of Honor and Banquet in the American Legion Hall in Lubbock Saturday night. Scouts were recognized for the achievements of the past year. Among them were K. Kirkpatrick and J. G. Cash.

L. A. Wicks of Ralls, council advancement chairman, delivered the principal address.

Attending from Post were K. Kirkpatrick with a date from the Gordon Community, J. G. Cash and Miss Sue Belle Bristler, Mr. and Mrs. John Lott and Mr. and Mrs. Jess Wright.

THUETT RECUPERATING

L. G. Thuett, Jr., who has been a patient in the Baylor Hospital in Dallas the past two weeks was brought to his home Monday. He underwent a spinal fusion and is recuperating satisfactorily, although he will remain in a cast for 10 weeks.

SOIL BUILDING—

(Continued From Front Page) vested, in most types of legumes. As the roots die, the organisms die and the nitrogen is released.

Rye Needs Nitrogen
Rye, a plant high in carbohydrates, needs nitrogen in its growth. Sowed with vetch, it provides the necessary nitrogen from the vetch nodules, Ottinger explained. As decomposition takes place in the rye, the nitrogen that the vetch nodules have released is taken by the bacteria that are breaking down the rye stems.

Here's where maintenance of soil fertility comes in, Ottinger said. Nitrogen is soluble in water, and big rains can make the soil lifeless. If nitrogen is tied up in the decomposition of rye straw, it remains available for longer periods of time.

Henry Edwards of near Pleasant Valley, district Soil Conservation cooperater, already has about six acres of vetch and wheat up. These were planted with irrigation.

Among those who are planting vetch since the rain are C. P. Witt of Calgary, district Soil Conservation supervisor, and E. O. Merrill, T. R. Greenfield, Giles McCrary, Bub Williams and J. W. McQueen, district Soil Conservation cooperaters.

FIRE DRILL—

(Continued From Front Page) grade.

One hundred twenty-six posters were entered in the grade school contest. Mrs. L. W. Kitchen's fourth grade room, with 22 contestants, offered the greatest number of entries. Preliminary judging was by the teachers who selected the three best posters from each room. Final judging was by the firemen on Friday.

The prize-winning and honorable mention posters were displayed in the Bryant-Link windows.

Mrs. Cason Named Mother For Den 3

A well-rounded Cub Scout program got under way in Post last week with the acquisition of a third Den Mother to take the place of Mrs. Raymond Redman, who was in charge of Den 3 during the past two years.

Mrs. A. B. Cason was announced by Cubmaster John Lott as the new Den Mother.

Cub Pack 16 is made up of three dens, Mrs. Lott and Mrs. B. E. Young being in charge of the other two dens.
