

# Business And Financial Outlook For 1946

## Old Year Run With Hilarity While Garza Contains Greet New Year on Note of Hope

The world, free of the suffering and death in years, rang in with hilarity. All millions from the big cities of the streets, poured in places and yellow in the loudness of celebrations since Japan and Germany were observed with little wrecks and families quietly gathered for a solemnly remained cold in the newspapers.

was the turning point for a Germany," while in Japan people heard their emperor that he was not divine and destined to rule the world. In the midst of noise and unrelenting joy, the solemn aftermath of a world at war was felt as they observed the closing out of the old year with solemnity by attending churches over the country.

No formal celebrations were planned, but many Garza folk attended small friendly "swatch" parties to welcome in the new year. The Church of the Naz-

rene held a water party from 7 p. m. "in midnight. Garza county folk face the new year with hope and enthusiasm. Never in the country's history have prospects for expansion been so bright. The next twelve months will see "post throwing off wartime shackles and entering a phase of growth. Business in 1945 has been very brisk in spite of restrictions and shortages of goods.

Hammers and saws are poised for what may well be the biggest building boom in Garza county's history. Every one points to building on a big scale "if and when" materials are released. A survey over town early this week showed piles of lumber, tile, and building materials on many vacant lots in almost every section of the city. Many Post business firms are planning to expand. During 1945 sixty-eight new and remodeled houses, many of them only two and three rooms were erected in Post. Of this number quite a few were old houses moved into Post from rural areas to alleviate the acute housing shortage.

Citizens here, as well as other parts of the nation, swung into 1946 like a sailor on shore-leave with a list-full of money and no qualms about spending it. They are reaching greedily toward new autos, radios, refrigerators and other post-war goods they hope to buy before next year's day.

By mid-year peacetime output of civilian goods will hit a rate equivalent to the boom output of 1940 or '41—well above the so-called normal prewar year of 1939.

Most of the tax obstacles, notably the 85.5 per cent excess profit tax were cleared with the passing of the old year. The new tax law, designed to induce business (Turn To Back Page, Column 2)

## Final Figures Reveal Garza Short Of Goal

### COUNTY FALLS SHORT IN MEETING BOND CALL

Garza County flopped on its first E-bond drive of the war emergency when final figures for the campaign were announced Tuesday morning by County War Finance Chairman T. R. Greenfield.

Through December 31, bond sales amounted to \$217,421.50 compared with a quota of \$235,000.

In the selling of E-bonds the County fell far short of its \$75,000 quota, with only \$44,019 small bonds purchased through December 31.

While the final figure may be boosted by reports of bond sales at Southland and other parts of the County, there is little likelihood of reaching any way close to the E-bond quota, said Greenfield. It is not likely a second additional time period will be given to meet the quota.

## Body of Southland Man's Sister Found In Rio Grande River

The body of Miss Grace Wheeler, 43-year-old school teacher of Crosby county and sister of Horace Wheeler of Southland, missing from Hot Springs, New Mexico, since December 2, was found by searchers Monday of last week in the Rio Grande river, about five miles below the town where she had been teaching school.

Mr. and Mrs. Horace Wheeler, shortly after learning of Miss Wheeler's disappearance December 2 went to Hot Springs to join in the search for the woman.

A verdict of death by drowning was given by a coroner and investigation of the case was reported to be continuing the first of this week.

Miss Wheeler was widely known in the teaching profession, having been a faculty member of schools at Acuff, Friona, Miami and Plainview since 1923.

Funeral services were held at the Robertson Methodist church near Lorenza Tuesday morning.

## New Houses Now Being Occupied

Several new houses have been completed recently and are now being occupied. Each one presents a most attractive appearance and greatly adds to the residential quality of the town.

Mr. and Mrs. Ned Rector are living in their place seven blocks west of the Tahoka highway, just west of the A. B. Harw's residence. The house is of stucco finish employing blue trim, and has five rooms.

Dr. and Mrs. Glenn Kohler have just moved to the house built by B. C. Manis. This is also on the Tahoka highway, a block west of the High school. A conveniently styled house, it is distinguished by a different type of entrance way.

Mrs. Martin, mother of Mrs. F. W. Williams, has moved into her house just west of the Williams' residence. Finished with redwood siding it is thoroughly modern in every feature.

Mr. and Mrs. James Miller moved about ten days before Christmas into the house they purchased recently from Mr. and Mrs. Harold Davies. Penicillin and refinishing of the interior have been underway since the Millers purchased the house.

## GARZA THEATRE INSTALLS NEW SOUND SYSTEM

Installation in the Garza Theatre of "The Voice of the Theatre" sound-speaker system, the new sound equipment recently perfected by sound engineers in the studios of Altec Lansing Corporation, was announced Tuesday by B. J. Edwards, manager of the theatre.

The Garza is the second theatre in the State to receive this fine equipment which brings sound in color and full presence to the stage. This startling new development is said to be one of the most revolutionary steps forward since the birth of the talkie. Motion picture patrons in the Majestic theatre, enthusiastic about the life-like dramatic sound reproduction afforded through the new equipment wish," Mr. Edwards would explain the technical why "The Voice of the Theatre" is superior to old-fashioned sound. "But," he continued, "I think the important thing is the one you and other picture fans are most interested in, is the thrilling result."

Edwards predicted that the best sound made possible by "The Voice of the Theatre" sound system would step up the production of even better pictures, with plots deeper and more and more on the possibilities of sound.

## Judge Bowen Heads "March of Dimes" Campaign For Garza

### Committee To Be Named To Promote County Campaign

County Judge J. Lee Bowen of this city has been appointed Garza County director for the 1946 March of Dimes campaign to carry on the work of the National Foundation for Infantile Paralysis in its battle against the dread crippling.

Entertainments of all kinds and cash collections for the March of Dimes are being planned to raise funds for combating the disease which cripples thousands of Americans each year. The local campaign will tie in with activities in all Texas counties, now being intensively organized.

Last of 253 Texas counties participated in the campaign, raising \$11,192, of which Garza County raised \$540.32.

Hair contributions raised will go in the county chapter for care and treatment of local infants, which the other half goes to the National Foundation for epidemic aid, education and research to find a means of preventing the disease.

## CLOTHING DRIVE TO GET UNDERWAY NEXT MONDAY

Next Monday, January 7 has been set as the beginning of a nation-wide clothing drive by the American people for the suffering in bombed-out lands.

The campaign, which is planned to reach into every home of the county for discarded clothing that will be sent to the unfortunate people of bombed-out countries, is under the sponsorship of the James C. Cole American Legion post of this city. Various service clubs of Post and community committees will co-operate in the drive, which runs from January 7 to 31.

Committees to assist in the county-wide clothing drive which is scheduled to get underway next Monday were announced this morning by Walter S. Duckworth, chairman of the drive.

Committees named include: Rotary club, Ted Hibbs and J. A. Stallings; Lions club, Walter Crider and Elmer Long; Garza Board of Development, T. R. Greenfield and Homer McCrary; Woman's Culture club, Mrs. D. C. Williams and Mrs. J. R. Durrett; Junior Culture club, Mrs. James Minor and Mrs. Weldon Jobe.

Rural committees: Justiceburg, Mrs. George Evans, Mrs. Ott Nance, and Mrs. Elmer Pettigrew; Garban community, Mrs. W. C. W. Morris, Mrs. John Wallace and Bill McMahon; Garmolia, J. E. Thomas and Bernice Francis; Gordon, Bill Lester and Houghton Hale; Close City, Tom Williams and A. O. Rosenbaum; Canyon Valley, J. G. Siewert and J. B. Mataler; Southland, O. J. Harmon, chairman, to name his committee.

Besides these committees, all ex-service men and ministers are urged to assist with the drive. Clothing may be left at the local post office or the James C. Cole American Legion post.

Donators of clothing may include a letter of good will in their packages, if they care to do so, said Duckworth.

## Eight Garza Men To Receive Medals For Draft Board Work

Eight Garza county men, who have served more than two years as uncompensated personnel of the local Selective Service board, are due to receive medals for their services in assisting the war emergency, it was announced Wednesday by Dean A. Robinson, chairman of the board.

The group includes, besides Robinson, who has been a member of the board since it was formed at the beginning of the war, Walter W. Hyde, former board member; and J. I. Simmons, former board member who moved to Dora, New Mexico, several months ago; Doctors A. C. Surman, D. C. Williams and B. E. Young, who have comprised the local examining board; and T. L. Jones, who has served as re-employment committee man; and N. C. Outlaw, who has served as government appeal agent.

The first of the medals will be presented to Tom W. Borders of Kaufman, Texas, who was chosen by lot December 20 to go to the White House January 21 to receive the award in behalf of Texas Selective Service boards. Medals for individual members of the Garza board are expected to be received within the very near future.

## Funeral Rites For Mrs. Hammons Completed Friday

Funeral services for Mrs. Hammons, a resident of Garza, who died seven years ago, were completed Friday afternoon at two o'clock in the First Methodist church by the pastor, the Rev. J. A. Smith.

Mrs. Hammons died at her home in Dallas west of Dallas, Texas, December 28, 1938, of pneumonia which developed at the time she was buried in the Terrace cemetery with Mrs. Hammons' Company funeral home.

Survivors include four daughters, Mrs. Hillard of Smith of Dallas, Mrs. Smith of Dallas, Mrs. Lela Hammons of Dallas, and Mrs. Wilson of Dallas, and one son, Mr. Hammons of Dallas. There are seven grandchildren and one great-grandchild.

Funeral services for Mrs. Hammons were held Tuesday, January 1, at the First Baptist church in Sweetwater. Rev. L. B. Ball officiated, assisted by Tom Banner of the Trent Church of Christ.

For the past three years Mr. and Mrs. Hammons had lived on a ranch near Justiceburg.

Survivors are her husband, two sons and two daughters.

## Funeral Held For Justiceburg Woman

**LET US KNOW WHEN YOU FIGURE THIS ONE OUT!**

Returning servicemen have a delightful surprise in store for them. The gentlemen in Washington who wrote the Revenue Act of 1945 have kindly defined for them the "tax attributable to pre-service earned income," which they are permitted to pay in installments.

The definition reads as follows—so help us:  
 "The term 'tax attributable to pre-service earned income' means the excess of the tax imposed by chapter 1 for any war year over the tax that would have been imposed for such year if there had been excluded from the net income for such year the amount of the earned net income (as such term was defined in section 25 (a) (4) as in force with respect to such year, except that in computing such earned net income, compensation for active service in such forces shall be disregarded.)"

Mulling over that, the veteran will probably understand why Uncle Elmer took rat poison about "tax-paying time back in '44 (the year of the great forgiveness)." —The Fort Worth Press.

Even though you have no children in school, it's a good idea to attend P-TA meetings. You learn a great deal about your home town. You will also discover that children suffer when parents and teachers do not pull together.

The Texas Supreme Court has become a nine judge court; the first time in its 100 years of existence.

**FORGET YESTERDAY**

People persist in comparing the present era with that following the first World War. Actually there is very little to compare and the sooner this is realized, the sooner the country can approach problems as they exist today, particularly in the field of taxation and government debt. In the latter, the comment of the president of a large life insurance company is significant:

"At the end of the first war, the Federal debt had, it is true, risen to what then seemed staggering figures—from roughly one billion in 1916 to 25 billions in 1919. Large as this total was, it still was not of overpowering significance as compared with other forms of debt, for it represented less than one-fifth of the total of all forms of public and private debt of the country.

"By contrast, at the end of the Victory Drive in 1945 the Federal debt will be approximately 280 billions. Accustomed as we are to huge figures, it is almost impossible to understand the full implications of this enormous Federal debt. We are in the forest and cannot see over the trees—but we do know that government debt is now over twice as large as all other forms of debt combined, including state and municipal obligations.

"Here is another significant comparison: In 1919 the U. S. Government debt was only about one-third the size of all the bonds, notes and mortgages of industry, farms and real estate. Today the Federal debt instead of being only one-third, is almost three times the size of all forms of private debt."

**ON THE THOUGHTFUL SIDE**

This thoughtful little incident was reported in Landon Laird's "About Town" column of the Kansas City Times:

A cross-country bus crowded with passengers developed mechanical trouble at Linwood Boulevard and Euclid Avenue one hot afternoon, and out poured the passengers, who fanned themselves while the driver worked on the engine.

From a near-by apartment appeared a woman carrying a pitcher of ice water and a tray of glasses. "I know how thirsty you people must be," she said, "and I'm going to do what I can to help you. Babies first, then servicemen."

She made trips back into her apartment until all the thirsty persons had a drink of water. When the bus left, a serviceman called out of the window to her: "Good-by, angel." The "angel" was Mrs. Harry E. Eandler.

**THIS NEW ECONOMY**

This new economy we hear so much about these days simply will not register with Snyder and Scurry County people unless it means, without a lot of red tape, that it will automatically provide jobs for all who will work and ample rehabilitation, mentally and physically, for every victim of World War II.

There can be no full dinner pails and no higher wages—unless on a superficial plane—unless we have full production of commodities and full employment of those who can and will work at prevailing wage levels.

With all the chatter we have going the rounds about super highways, vast public works programs and post-war construction of new homes, it seems the common taxpayer must have some tangible guarantee that we absolutely must stay away from the hand-out type of help and get away from the idea that Uncle Sam is a perpetual Santa Claus.

With half of the world's two billions of people woefully underfed and half clothed, all this talk of unemployment and part-time work should be just plain poppycock to every red-blooded American who has the will to do something.

**Sidelights . . .**

**FROM WASHINGTON, D. C.**  
 By Congressman Geo. Mahon

Congress is in recess until Jan. 14, and I am glad to be back in the District. During this time, I expect to get about over the District as much as possible. On account of the shortness of the recess I will not undertake to open an office, and regular mail should still be addressed to me in Washington.

I think the following notes on the changes which Congress has recently made in the G. I. Bill of Rights will be of interest.

Heretofore, a veteran has been allowed \$50 per month living allowances for educational purposes and \$75 if he has dependents. Under the new law, \$65 will be allowed for single veterans and \$90 for those with dependents.

Previously, veterans were presumed to have had their education interrupted only if they were under 25 years of age when they entered the service. The new bill removes that limit, so that now any veteran, regardless of age, can get a year's training plus as many years as he was in service, with a maximum of four years.

Short, intense courses are also approved in the new amendment, as are recognized correspondence courses—cost not to exceed \$500.

Heretofore, the veteran was required to start to school within two years after discharge or the end of the war, whichever is later. This is changed to four years, and instead of being compelled to complete his course of study in seven years, this has been extended to nine years after the end of the war.

Considerable change is made in the loan provisions of the G. I. Bill.

The maximum guarantee on real estate loans is raised from \$2,000 to \$4,000. However, guarantees are still limited to fifty percent of loan, and guarantees on non-real estate remain at \$2,000. Maturity of all non-real estate loans is set at ten years. The amortization period on real estate loans is fixed at 25 years unless the real estate is a farm, in which case the period of amortization can be as long as forty years.

The term "reasonable normal value" has been a confusing and difficult requirement in making appraisals of the value of property. Under the new law, the term "reasonable value" is substituted, which will liberalize the act.

Anyone interested in further details of the new law can secure a copy of the Act itself by addressing a request to the writer at the House Office Building, in Washington.

**THE FABLE OF MISS GLOCKENSPIEL**

Now that many wartime controls have been either eased or removed, inflation has become the topic of current conversation. Some fear it and cuss it, others merely discuss it. But whether you are for it or "agin" it, you'll find the inflation fable of Miss Glockenspiel of timely interest.

It was the custom of Paderewski when in America to retire on occasion to a small Connecticut town for a rest.

On one such retreat, he heard a Chopin nocturne being executed with something less than perfection. Following the sound, he discovered it to be coming from a house which bore a sign:

Miss E. Glockenspiel  
 Piano Lessons 25c Per Hour

Going in, he found that Miss Glockenspiel herself was doing the tortuous rendition of Chopin. So he decided to do his bit for posterity and the neighbors, and devoted a half hour to correcting her errors.

Months later, the musician returned to the town and again came upon the home of Miss G., which now bore a big, new sign:

Miss E. Glockenspiel  
 Piano Lessons \$1 the Hour  
 (Pupil of Paderewski)

Wolverines is the name applied to Michiganites.

**VETERANS AND SURPLUS PROPERTY**

A pamphlet designed to give veterans full information on their rights to buy surplus property has been prepared by the Surplus Property Administration.

The booklet sets forth the basic facts about the preferences given veterans in buying surplus property. The purchasing procedure is outlined step by step. A list of disposal agencies and the kinds of property they sell is included.

To cover all angles of the subject, a series of questions and answers received from veterans has been added.

The booklet is being distributed to separation centers and other key points in the armed services, to Civil Service Boards, to Veterans Administration offices, and through veterans organizations.

**Press Fanfare Has Evaporated Like A Tadpole's Tail . . .**

White House correspondents, smothered in gay during the Roosevelt regime, have to dig these days, and are fairly distraught. During the Roosevelt hey-day, the President often held two conferences a week, dealing out parables, wis cracks and frequently belaboring the press or some individual press man. Covering Mrs. Roosevelt's activities, and remarks was career unto itself, and the Roosevelt progeny was seldom out of the newspapers for one reason or another. All that has evaporated like a tadpole's tail. President Truman deals his news in short factual statements. He doesn't try to tell the boys, or their papers, what to do. The affairs of the First Lady and Miss Margaret are kept their personal, not public, business. There may be a loaf people who endorse the new arrangement, but the Presidential press corps, or son, is not entirely among these.

There were 74 Texans aboard the USS Minnequa when she unfurled the Lone Star flag, a gift from Governor Coke Stevenson.

Garza Countains WHO RECEIVED COVETED "Ruptured Duck" DURING THE PAST WEEK

This column is dedicated to the service men and women who wear their armed services discharge button. As the Dispatch has followed them from civilian life through their war experiences, it will record their lives from the time they receive their discharge papers until they become rehabilitated and re-established in civilian life.

John Sutton received his honorable discharge recently after serving in the army for sometime. Sutton was assigned to the Ninth Army for 8 months as a member of the 119th Inf., 30th Division and served overseas in the ETO.

Others receiving their honorable discharge recently include: Juan O. Martinez, Elgie Gann, Troy O. Willis, Albert Woodrow Hill and Edgar A. Dunlap.

T-5 Esquil Soldivar, son of Frank Soldivar of Post, is due to arrive home any day now with his honorable discharge. Soldivar is one of 2,063 high-point Army veterans whom the "Magic Carpet" brought back to the States aboard the USS Missoula, one of the more than 250 carriers, battleships, cruisers and attack transports in the Navy's famed "Magic Carpet" fleet. The ship left Okinawa Dec. 29 and put in at Seattle December 24.

First Lieutenant James E. Smith, son of Mr. and Mrs. H. E. Smith of Grassburg community, arrived home last Friday to spend his terminal leave with his parents before going to California to enter UCLA. Lt. Smith was a bombardier on a B-24 with the 180th Bomb Group, known as the famed "Flying Circus." He served overseas in the Pacific about one year in operations in New Guinea, Australia, the Philippines and Okinawa. He possesses the Air Medal, Presidential Citation with cluster, the Philippine Liberation bar in addition to his Asiatic-Pacific ribbon. He will receive his discharge January 25 when his terminal leave expires.

Charlie Jenkins received his honorable discharge from the U. S. Navy in which he has served for some time. After finishing the parachute material school at North Island, San Diego, Calif., he was stationed at Quilayute, Wash. He then completed a course as a paratrooper and was promoted to Petty Officer, first class.

Eugene O. Hays, son of Mr. and Mrs. J. M. Hays of this city, recently received his honorable discharge from the Army. He served for some time in the European theater of operations with an ordnance unit.

Luther Bilberry, son of Mrs. Henry Bilberry, arrived in Post last week with his honorable discharge from the Army. Luther had for sometime been serving overseas in the Pacific theater of operations.

Gordon A. Treadway, son-in-law of Mrs. Lella Gilley, was discharged recently from the Army Air Forces and has returned to the practice of law in Lubbock. He will be associated with Jack M. Randall and the firm will be known as Randall and Treadway. Mr. Treadway joined the AAF in 1942 and was on duty at Lubbock Army Air Field from June 20 of that year until recently. He was discharged as a captain.

Other Garza county men who are now proud wearers of the discharge button are: John H. Stokes, Alex A. Webb, John T. Shepherd, Jack A. Burrell, Charles F. Gann, Wilmoth C. McArthur, Jason T. Burcham, William H. Teaff, Lewis E. Fields, Manuel P. Reyes, Grady B. Holmes, Pervin G. Drake, Robert G. Sanders, J. L. Taylor, Roy S. Martin and Marvin J. Bowen.

Mrs. Edna Mae Pierce, daughter of Mr. and Mrs. T. A. Pierce, and Pvt. Ben L. Owen, son of Mr. and Mrs. G. W. Owen, were married Friday, December 28, at 7 p. m.

The single ring ceremony was performed by Bro. Doyle Kelly, local Church of Christ minister, at his home. Guests were Mrs. Kelly, and Misses Kathleen Price and Betty Sue Ingram.

The bride wore a very becoming suit of sky blue gabardine with dark brown accessories. She was graduated from Post High school last May.

Pvt. Owen will return to Fort Bliss at El Paso on January 5 where he works in the film library. He entered service last July and is with an Anti-Aircraft unit.

Mrs. Ella Norrene Jordan of Denver, Colorado, spent Christmas with her parents, Mr. and Mrs. H. D. Moreman of this city.

# Question And Answer Column

For The Benefit of Garza World War II Veterans

This space is devoted to questions and answers of interest to Garza County returning service men. It will be published for as long as a regular feature. For additional information contact Geo. Sessums, office, 703-5, Lubbock National bank building, Lubbock.

Q. What constitutes a veteran's claims file and where is it located?  
A. A claims file consists of the principal records of a veteran's compensation or pension claim and is designated by a C-number. A veteran claims file is located in the Regional Office nearest his home address. When a veteran makes a permanent change of address his claims file will be transferred by request over his signature.

Q. How does a veteran go about securing admission to a Veterans Administration Hospital?  
A. It is necessary for the veteran to execute Veterans Administration Form P-10 in making application for admission to a Veterans Administration Hospital. On this form the applicant must make a sworn statement as to age, residence, military service, prior hospitalization, etc. The form also includes a medical certificate showing the findings and diagnosis of a recent examination over the signature of the examining physician.

Q. Will a veterans pension payments be increased while pursuing a course in vocational rehabilitation?  
A. Yes, if the pension payable for the disability when the person is not in training is less than \$82.00 per month, it will be increased to that amount for an unmarried person. If married or having dependents additional amounts are allowed for wife, husband, children, and dependent parents.

Q. May a veteran be assigned a total disability rating without being totally disabled according to the rating schedule?  
A. Yes, an extension in the 1922 rating Schedule a total disability rating may be assigned if the veteran has one disability rating at 60% and is determined to be unemployable. If there are two or more disabilities one of them must be ratable at 40% or more and sufficient additional disability must exist to bring the combined rating to 70% or more at the attained age of 60, the percentage requirement may be reduced by 10%. At age 65, by an additional 10%. At age 70 there will be no percentage requirement. A determination of unemployability will suffice for a total disability rating if there is sufficient disability to produce unemployability.

Q. What does the Veterans Administration hope to accomplish by its reemployment and retraining program for veterans?  
A. The objective of the reemployment and retraining program is to place the veteran in the best job for which he is qualified by training and experience or if he is incapable of employment by reason of a physical disability to furnish him training that will overcome his handicap, irrespective to his employment status at the time he entered service.

Q. Merl Shelton of San Antonio visited his parents here during the holidays. Since being given a medical discharge from the army he has opened up a Neon Light business in San Antonio.

**January 31 THE LAST DAY FOR MEN NOW IN THE ARMY TO RETAIN THEIR PRESENT GRADES BY REENLISTING...**

**HIGHLIGHTS OF THE NEW ENLISTMENT PROGRAM**

- Enlistments for 1½, 2 or 3 years.
- 2-year enlistments guaranteed for men now in Army with 6 months' service.
- Enlistment from 17 to 34 years of age, except for men now in Army, who may reenlist at any age.
- Men reenlisting retain present grade, if they reenlist within 30 days after discharge and before February 1, 1946.
- The best pay scale, medical care, food, quarters and clothing in Army history.
- An increase in the reenlistment bonus to \$50 for each year of active service since such bonus was last paid, at once last entry into service.
- Up to 30 days' paid furlough, depending on length of service, with furlough travel paid in home and return, for men now in Army who enlist.
- A 30-day furlough every year at full pay.
- Mustering-out pay (based upon length of service) to all men who are discharged or re-enlist.
- Option to retire at half pay for life after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.
- Benefits under the GI Bill of Rights.
- Family allowances for the term of enlistment for dependents of men who enlist before July 1, 1946.
- Opportunity to learn one or more of 200 skills and trades.
- Choice of branch of service and overseas theater in the Air, Ground or Service Forces on 3-year enlistments.

There's a long list of attractive reenlistment privileges in the new Armed Forces Voluntary Reenlistment Act of 1945. The ability to keep your present grade is only one of them, but this privilege expires on January 31.

There are plenty of other reasons why many thousands of men have enlisted, and more thousands are enlisting every day. You'll certainly want to know all of the opportunities open to you. If you'll read them carefully, you'll know why a job in the new peacetime Regular Army is being regarded today as "The Best Job in the World."

### County Has Huge Job Ahead On Home Repair

More than \$227,000 is expected to be spent during the next five years by Garza County home owners on remodeling and repair work.

The year 1946 promises to inaugurate one of the greatest eras in American history for home repairs and modernization, according to estimates released by the The Council of America. "Few developments will contribute more to employment and general prosperity in any community," according to R. E. Jordan, chairman of the Council's Residential Construction Committee.

Because of lack of materials and manpower during the war, majority of the county's 1,618 dwelling units are in need of some kind of repair or remodeling work. Kitchen improvements and modernization of bathrooms, installation of tiled showers and in some homes addition of a second bath top the nation's list of most wanted major improvements, Jordan said.

Outside paint jobs are needed on more than 50 per cent of homes, and addition of rooms and construction of porches also rank high in remodeling plans, according to the report. New roofing and

### Jerry Sadler's Hat Tossed In Governor's Race By His Friends

An application from friends of Jerry Sadler to place his name on next summer's Democratic primary ballot as a candidate for governor has been sent to W. H. Kittrell, Jr., secretary of the State Democratic Committee, according to a news release from Dallas Friday.

Sadler, former railroad commissioner, has returned to civilian life after serving in the Army. The application, accompanied by a \$100 money order to cover the required filing fee, was sent in by ex-sergeant Earl Forbes and 100 ex-servicemen and friends of Sadler at Arp, Texas.

heating plants are required by many dwellings.

Home owners of Texas will spend an estimated \$226,215,000 and those of the nation more than \$3,500,000,000 for major repairs in the next five years, according to Jordan. Ample funds, at low interest charges, are available for such work through commercial banks, savings and loan associations, credit unions and mutual savings banks, he pointed out.

Mr. and Mrs. Roy Holland and daughter, Gynolyn of Canyon spent the Christmas holidays in Post with relatives and friends.

### Junior Grand Champion

Frank Trainor, Pontiac, Ill., and his 223 pound Berkshire which was awarded the 4-H Grand Championship over all breeds at the Chicago Market Fat Stock Show the first week of December. In addition to his 4-H activities, which netted him this supreme award at this year's wartime edition of the world famed International Live Stock Exposition, the youthful Illinoisian has been operating a 320 acre farm the last two years, due to the continued illness of his father. Next year with the return of a brother from the armed forces, they expect to operate a farm of 480 acres. However, this is Frank's last year in 4-H work, and his win with his Berkshire comes as a fitting climax to his ten years' participation in the farm youth program.

### Price Controls Important To Texas Farmers

Price control in 1946 will be a trump card for Texas farmers and their families. Control holds stable the prices on things they need and must have for efficient production and better living in the home.

On things farmers buy, says Tyrus R. Timm, economist in farm management for the A and M College Extension Service, inflationary pressures are vastly greater than on the things farmers sell. Compared to farm prices it seems that without controls prices of things farmers buy, including building materials, hardware supplies, trucks, refrigerators and clothing would go up faster and higher, and stay up longer.

Accordingly, he adds, the least their government can do is to maintain an adequate price control program until supplies of basic things which farm families need come into balance with demand.

Timm points out that after V. J. day in August most of the nation's farm leaders thought that prices of many farm commodities likely would settle below ceilings by this time. Instead, farm prices today generally are at or near ceilings for most of the important commodities.

"Even though price controls are bothersome in some instances prevent further rise in prices which would occur for at least a brief period in the absence of controls," Timm continues, "perhaps farmers and ranchmen welcome this opportunity to sell today at or near government ceilings rather than at the expected 'at or near government support.'"

Texas farm families worked hard and long to win the war and save their money so they could buy many things they needed. One reason their profits showed pretty high during wartime, Timm explains, was that farmers were unable to buy many things they desired. He believes that they are entitled to protection by the government of the value of their savings as well as the value of the current dollars they are receiving for their crops and livestock so they will be able to buy on the same basis as other consumers their fair share of scarce commodities.

The 1,182 frozen food locker plants built during the past year brought the total to 5,484. There were only 3,870 such plants in operation in 1940.

Lives are still rationed—one to each person. Accidents on farms and in farm homes take an annual toll of 3500 lives.

### NEWS NOTES FROM... Duck Creek Soil—CONSERVATION DISTRICT OFFICE AT POST

Duck Creek Soil Conservation District cooperators are doing a lot of terracing this year.

The county equipment has completed terracing the W. A. Hamilton and H. D. Hallman farms in Pleasant Valley Conservation Group. They also completed terracing the Joe Frank Hopper farm in the Graham Conservation Group, and one field of the H. J. Bingham farm in Conservation Group 21, north of Post. C. P. Witt of the Kalgary Conservation Group has completed terracing his farm.

Earl Gregg, E. M. Norman and J. A. Propst are widening their terraces with a whirlwind terracer. Mr. Propst is also building some new terraces between old terraces which he considered too far apart for proper conservation of water. Mr. Propst says he would like to have a rain on his land in order to test his terraces.

### L. T. BARTLETT SPENDS HOLIDAYS IN POST

First Lieutenant Henry Bartlett, son of Mr. and Mrs. A. W. Bartlett of this city, spent the holidays here on delayed orders to Eagle Mountain Lake, near Fort Worth. Lt. Bartlett, who served overseas in the Pacific area for five months, expects to receive his discharge soon after reporting to Eagle Mountain.

For The Benefit of Garza World War II Veterans

This space is devoted to questions and answers of interest to Garza County returning service men. It will be published for a while as a regular feature. For additional information contact Geo. Sessums office, 703-5, Lubbock National bank building, Lubbock.

Q. What constitutes a veteran's claims file and where is it located?  
A. A claims file consists of the principal records of a veteran's compensation or pension claim and is designated by a C-number. A veteran's claims file is located in the Regional Office nearest his home address. When a veteran makes a permanent change of address his claims file will be transferred by request over his signature.

Q. How does a veteran go about securing admission to a Veterans Administration Hospital?

A. It is necessary for the veteran to execute Veterans Administration Form P-16 in making application for admission to a Veterans Administration Hospital. On this form the applicant must make a sworn statement as to age, residence, military service, prior hospitalization, etc. The form also includes a medical certificate showing the findings and diagnosis of a recent examination over the signature of the examining physician.

Q. Will a veterans pension payments be increased while pursuing a course in vocational rehabilitation?

A. Yes, if the pension payable for the disability when the person is not in training is less than \$92.00 per month, it will be increased to that amount for an unmarried person. If married or having dependents additional amounts are allowed for wife, husband, children, and dependent parents.

Q. May a veteran be assigned a total disability rating without being totally disabled according to the rating schedule?

A. Yes, an extension to the 1933 rating Schedule a total disability rating may be assigned if the veteran has one disability rateable at 60% and is determined to be unemployable. If there are two or more disabilities one of them must be rateable at 40% or more and sufficient additional disability must exist to bring the combined rating to 70% or more at the attained age of 60, the percentage requirement may be reduced by 10%. At age 65, by an additional 10%. At age 70 there will be no percentage requirement. A determination of unemployability will suffice for a total disability rating if there is sufficient disability to produce unemployability.

Q. What does the Veterans Administration hope to accomplish by its reemployment and retraining program for veterans?

A. The objective of the reemployment and retraining program is to place the veteran in the best job for which he is qualified by training and experience or if he is incapable of employment by reason of a physical disability to furnish him training that will overcome his handicap, irrespective to his employment status at the time he entered service.

Merl Shelmutt of San Antonio visited his parents here during the holidays. Since being given a medical discharge from the army he has opened up a Neon Light business in San Antonio.

Cecil Osborne and son Junior spent the Christmas holidays here with Mrs. Osborne and two daughters.

Miss Maxine Tucker and Odessa Cummings visited James Baker in Rotan on Sunday. Cummings and Baker served overseas together.

**THE LAST DAY**  
FOR MEN NOW IN THE ARMY TO RETAIN THEIR PRESENT GRADES BY REENLISTING . . .

Men now in the Army who reenlist before February 1 will be reenlisted in their present grade. Men honorably discharged can reenlist within 90 days after discharge, provided they reenlist before February 1, 1946.

There's a long list of attractive reenlistment privileges in the new Armed Forces Voluntary Reenlistment Act of 1945. The ability to keep your present grade is only one of them, but this privilege expires on January 31.

There are plenty of other reasons why many thousands of men have enlisted, and more thousands are enlisting every day. You'll certainly want to know all of the opportunities open to you. If you'll read them carefully, you'll know why a job in the new peacetime Regular Army is being regarded today as "The Best Job in the World."

**HIGHLIGHTS OF THE NEW ENLISTMENT PROGRAM**

1. Enlistments for 1, 2 or 3 years (1-year enlistments permitted for men now in Army with 6 months' service.)
2. Enlistment age from 17 to 34 years inclusive, except for men now in Army, who may reenlist at any age.
3. Men reenlisting retain present grades, if they reenlist within 90 days after discharge and before February 1, 1946.
4. The best pay scale, medical care, food, quarters and clothing in Army history.
5. An increase in the reenlistment bonus to \$50 for each year of active service since such bonus was last paid, or since last entry into service.
6. Up to 90 days' paid furlough, depending on length of service, with furlough travel paid to home and return, for men now in Army who enlist.
7. A 30-day furlough every year, at full pay.
8. Mustering-out pay, based upon length of service, to all men who are discharged to reenlist.
9. Option to retire at half pay for life after 30 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.
10. Benefits under the GI Bill of 1944.
11. Family allowances for the term of enlistment for dependents of men who enlist before July 1, 1946.
12. Opportunity to learn one or more of 300 skills and trades.
13. Choice of branch of service and overseas theater in the Air, Ground or Service Forces on 3-year enlistments.

J. H. Dunaway of Longview was making preparations to abandon his No. 1 Post state after drilling to 3,129 feet without satisfactory show. The test is about two miles northwest of the nearest production in the Garza field. Location 200 feet from east and 2,310 feet from north lines of section 11, block 5, K. Aycock survey.

### Weldon Jobe Arrives In States

Weldon Jobe, MMIC of the Navy, has arrived in the States and expects to be discharged from the service some time next week. The Post sailor, who before he entered the service was associated with Greenfield Hardware Company, has been in the Pacific the past eighteen months serving on a large dry dock in the Admiralty Islands.

Visiting the Crider families here from Monday through Thursday of last week were Mr. and Mrs. Lewis Crider and baby of Jackson, Alabama. Lewis is well known here. He is now associated with the California Oil Company as geologist. The Alabama visitors also visited Mrs. Gladys Waldrip in Lubbock during their stay in Texas.

Miss Betty Williams is a patient in the Lubbock Memorial hospital in Lubbock where she is undergoing a check-up.

### Babson's Views—

(Continued From Front Page) fair portion of the money in the United States.

23. Both the British Empire and Russia will keenly compete for foreign trade during 1946; but cartels and government monopolies will be frowned upon.

24. Russia, Germany and England may try to "gang up" against the United States but we will fearlessly oppose such actions if they occur.

### Labor

25. The Little Steel Formula will be forgotten during 1946. The year will be noted for strikes and labor troubles.

26. Industrial employment during 1946 will be off both in hours and pay rolls, labor leaders' efforts notwithstanding.

27. Many industries, now operating on a forty-eight hour week will return to a forty or forty-five hour week during 1946.

28. Hourly wage rates will increase, but "take-home" income will be less. Labor will demand better management and closer labor-management relations.

### Inflation

29. The Inflation Era which I have been forecasting for several years will be very evident in 1946. The purchasing power of the dollar will continue to decline.

30. Both wage and price controls will gradually be removed during 1946 until the government throws up its hands and lets nature take its course.

31. Some time after 1948, production will catch up with consumption, people will have spent their money and then there will be a surplus of goods. By 1950 there may be much unemployment. Then may come the severest inflation by Congress attempting to check the decline by printing currency. But this is something we need not worry about for two or three years.

32. If Stalin's health continues good, he will be the world's most powerful man in 1946 and may be a factor in determining world prices as well as production. The markets may even witness a "communist scare" during 1946; but they should recover soon thereafter.

### Stock Market

33. The rally will decline some time during 1946. Certain airplane manufacturing, shipbuilding and other war stocks may decline, but the Dow-Jones Industrial Average will reach higher figures some time during 1946 than at present.

34. The safest stocks to buy—considering value, income and safety—will continue to be the merchandising stocks, especially chain store stocks.

35. 1945 saw a large increase in the demand for inflation stocks with a lesser demand for non-inflation stocks; but 1946 should witness both groups moving more or less together. Switching has been over-done in many cases.

36. Stock markets will continue to witness creeping general inflation, although the stock market as a whole may appear to have reached its peak before December 31, 1945.

### Bonds

37. Although bank lending rates should have an upward tendency, interest rates in general will remain low through 1946. The money supply is now 25% above normal and government financing demands continued low rates.

38. Anticipating the expected decline in Federal taxes, 1946 should see a falling off of the price of most municipal and probably other tax-exempt bonds.

39. The high-grade corporation bonds may hold steady but sooner or later decline considerably. Whether this will start in 1946 I do not know. Investors will give more attention to diversification and staggering maturities during 1946.

40. More public utilities will be taken over by municipalities and "authorities" during 1946. Wise investors will consider this possibility when selecting public utility bonds. Some stocks such as "Eastern Utilities Associates Convertible Shares," in which I am personally interested, should be helped by public ownership.

### Real Estate

41. Suburban real estate will be in much greater demand with higher prices during 1946.

42. City real estate should hold its own, excepting in the former congested war production areas where declines may set in.

43. Small productive farms will continue to increase in price; but large commercial farms may sell for less in 1946 than in 1945.

44. Building will show a considerable increase. Contracts will be up with advancing prices due to scarcity of lumber, cement, bricks and labor.

45. Office and residential rents during 1946 may be expected to increase.

46. 1946 may see the beginning of a real building boom. The pessimists will make little money in 1946.

47. 1946 will see more religious interest, including more church-going than did 1945. People gradually are realizing that without a Spiritual Awakening no peace or other plans will be much good. Nations cannot be depended upon to cooperate and stick to their

### CARD OF THANKS

We wish to express our thanks and appreciation to the many friends for the kindness and sympathy shown us during the recent illness and death of our beloved wife, mother and grandmother, Mrs. G. T. Pierce.

The Pierce Family  
Jack Ward who was discharged from the Army Air Corps the first of December is now employed at the Outlaw Motor Company. His wife, the former Miss Gertrude Shepherd, and baby, have been making their home for the past few months with her mother.

Mr. and Mrs. Ted Hibbs went to Oklahoma City Saturday, Dec. 23 for a brief visit with their children. Their son-in-law, Nelson Polster, formerly a staff sergeant, returned December 14 from 26 months duty in Europe, and received his discharge December 21. The family group included the daughter-in-law, Mrs. T. R. Hibbs, jr. whose husband is in Korea.
