

Business Men Urged To Attend Important Meeting Friday Morning

GARZA COUNTY Development ACTIVITIES . . .

Southwest Kent county district for possible development most northeasterly Ellenburger field in West Texas. Oil development in the area again last week.

New discovery, Humble Oil Company's No. 1 Vick, in Garza county's southern lines in Kent, was reported to have advanced from 7,851 to 7,852 feet. The well was topped at 7,773 feet.

The original test covered the interval from 7,577-99 feet, and showed a production of 30 barrels per hour. Other tests have shown that each of them showings of oil or gas. It is believed that if no more pay is made, Humble will be able to produce the well as a small producer. It is generally agreed by oil men that the new field has located an Ellenburger field of some size.

Buying of leases, and royalty trading in the area is reported, however, there has been any wild, frantic activity.

Humble's new discovery attracted most attention. The central field has added to its list of oil producers, and the field, in northwest Garza, is another dry hole.

Man and George R. Brown, of the Garza County Development Corporation, last completed their No. 20 Post for a 190-barrel producer. It was treated with 7,000 gallons of acid. Location of the producer is in section 7, block 1, Aycock survey, and is an oil production in the central field. The pay section ranges from 7,814-55.

There are no indications of oil in the developing sulphur before being bottomed. The Oil Corporation and an Oil Company plugged abandoned as a dry hole their Harrison, on the south side of PHD field, in northwest Garza county. Total depth was 7,814-55.

DOWN SHOPPING
And Down Main Street

Seeing all the mattresses in the new and attractive store of Vic and Hudman we remembered time data, in case you're not.

Go to sleep on your stomach, so intense, if on your arms and legs outstretched, fearless, if you curl up, an acquit, if you are a lugger, you need affection, you think in your sleep, probably one of those who much when awake.

Witnessing everybody's interest at the bus station a passenger dropped head and spilled the contents on the floor. We couldn't help but if all women's purses contain ends of unrelated in such quantity.

Witchman says that about out of all species of flowers the world have either an odor or none at all. A variation piece for all who like Studio window is the portrait of a dear little person inquiring we learned a little miss was the six old daughter of Mr. and Mrs. Tell. The mother is Mrs. Lorene Blacklock.

The well dressed man in these days is creating a lot of comment from the the Humble's Men's store. Displayed in a promise in the store is "Mr. and Mrs. Gandhi. A trip to the well open your eyes to the fashions for men.

Next event quip from High School Polly Duren was— "The Humble has too many the fire."

But is on display in the store operated by Nora. The attractively styled of beauty aids catch the eye of the "Germans" who pass with graduation, who pass Day fast approaching, only needs give one an idea.

Reconversion, as a word, since the ending of the war, has come into considerable use. Everybody talks about reconverting something. Here in Post the word is being kicked around considerably by many people, but few seem willing to team up any action with words. This lack of interest was blazened exposed Monday night when only a very small number of business men met in the city hall to discuss plans for the future of Post.

The meeting was under sponsorship of the Garza Board of Development and 250 circulars were passed out advertising the occasion and its importance. Fewer than thirty men attended the meeting.

Business men must act in a group. Efforts or lack of efforts of the individual men in the small community makes that community progressive or stagnant.

Post is cropping out all over with growing pains just as hundreds of other American towns. A doctor, in the form of a constructive organization, is needed to cure her ills as well as direct her toward a progressive road to better life.

Are you interested in your town? Do you want Post to be known as a do-nothing town, or do you want a more pleasant adjective to describe the place in which you live? If you're interested in Post, attend the meeting to be held Friday morning at 10 o'clock at the Garza theatre. If you do not have a watch, just listen for the fire siren. The mayor has given his permission for the whistle to be blown at 10 o'clock to call the business men together.

Coffee and doughnuts will be served when you reach the theatre. The meeting is a challenge to all who really are interested in seeing a progressive post-war Post. Plans for re-organizing the chamber of commerce will be discussed. The advisability of employing a city manager and many other projects will hold top place on the informal get-together session's program.

Every business man is needed to give his opinions and ideas on these matters. Show your interest in Post by attending the meeting.

Organization of a Veterans of Foreign Wars post, to honor Garza county's first World War II Casualty, John Miller who was killed aboard the USS Arizona when the Japs made the sneak attack on Pearl Harbor, was perfected last Thursday night when fifty-eight Garza exservice men attended the meeting and qualified for membership in the organization.

Following organization of the John Miller post, officers were elected and installed. Officers elected included: Henry Allen, commander; Harold Voss, senior vice commander; W. O. Holley, junior vice commander; Weiden Jobe, quartermaster; John P. Rogers, advocate; James Stallings, chaplain; and C. C. Ferguson, surgeon. The officers were elected for a term of one year.

William P. Lester was elected trustee for a period of three years; John Nichols, trustee for two years, and Raymond Gatzki, trustee one year.

Appointments announced by the Commander included: Dean A. Robinson, adjutant; Chas. O. Reed, officer of day; John Rogers, patriotic instructor; Orville McBride, historian; James Minor, service officer; D. E. Billings, legislative officer; Gerald Ramage, sergeant-major; James E. Shelton, quartermaster-sergeant; Arlie Ramage, guard; Bruce Shepherd and Edsel Cross, color-bearers; and Billings, bugler.

The post will hold meetings bi-monthly, the second and fourth Tuesdays, in the city hall auditorium.

Arrangements are in the making at this time to enter a semi-pro baseball team in the newly formed eight-town Oil Belt League with Post making the eighth team of the league, according to Jim Hurdley, Johnnie Lane and Walter B. Holland, organizers.

Interest in real "hard ball" is at its peak here this season, after going away to softball several years ago, and organizers of the local club look to the best ball team in more than a decade. Practice sessions began the first of the week with twenty or more players working out for places.

Under the schedule offered by the league sixteen Sunday games have been arranged, with a championship play-off at the end of the season between the four top teams.

Class have been entered in the league by Sanderson, Loveland, Seagraves, Senmore, Kermil, Gilroy and Jai, New Mexico.

To local promoters are planning to schedule a number of pre-season games with teams of the West Texas-New Mexico league and hope to have a match for this coming Sunday.

An invitation is extended by the organizers to all ball players of county to try out for the team.

NATHAN MEARS ENTERS RACE FOR SHERIFF, TAX ASSESSOR-COLLECTOR

The Post Dispatch is that week authorized to announce the candidacy of Nathan Mears for the office of Sheriff, Tax Assessor-Collector of Garza county and publisher his statement to the voters of the County.

"I take this means of announcing my candidacy for the office of Sheriff, Tax Assessor-Collector of Garza County, subject to the action of the Democratic primary. I believe that I understand the duties of the office, and promise to make as good an officer as I can. Most of the people in the county know me. I have lived around the county all my life. I have had experience in a peace officer before, and also graduated from a peace officer's school conducted by the State authorities at Austin.

"I will undertake to contact all the voters personally, and will appreciate your support and assistance."

VOLUME XX POST, TEXAS "OUT WHERE THE WEST IS THE WEST" THURSDAY, APRIL 4, 1946 "THE GATEWAY TO THE PLAINS" NUMBER 16

POST MAYOR ISSUES ARMY DAY PROCLAMATION

Whereas, Our President has designated April 6th of each year as Army Day.

Therefore, I, J. A. Stallings, Mayor of the City of Post, Garza County, Texas, hereby proclaim Saturday, April 6th Army Day in Post and ask that all Garza County cooperate in the proper observance of such.

May I urge the cooperation of our citizenship with the American Legion and other organizations in honoring the Veterans of World Wars I and II. It is hoped that such occasions as this will keep the people, throughout our nation from forgetting the valiant fight for freedom and democracy that was made by the veterans of both World Wars.

Let us not fail in paying just tribute to those heroic veterans of the Army who gave so much for so little.

J. A. STALLINGS
Mayor, City of Post

THREE TO BE NAMED TO COUNTY BOARD

School Trustee Elections Slated To Be Held Saturday

School trustee elections are slated for Saturday, April 6, over the county. New trustees will be named for the county board, one independent district, three consolidated districts, and nine common districts.

The term of the trustee-at-large, H. F. Wheatley, expires, as do those of the trustees from commissioner's precinct 1, F. L. Ward, and No. 4, Mrs. Doyle Justice. The hold-over trustees are J. F. Maxey, precinct 2, and Bailey Matler, precinct 3.

Graham voters will replace the officers now held by Delmer Cowdrey, Bryan Maxey, and George Ramage. Men remaining as trustees are Oscar Graham, Grover Mason, E. E. Peel, and J. W. Stone.

Garnolia will have three places to vote on, those now being held by C. W. Carpenter, W. C. Josey, and R. M. Turner. Hold-over trustees are L. C. White, J. E. Thomas, Charlie Craig, and E. W. Wood.

Verbena has two trusteeships which expire, those being held by Julius Fumagalli and H. Holly. Holdovers in that community are Charles Bird, M. R. Davis, Pete Kennedy, A. M. Lucas, and Allen Bird.

Grasshurr is to elect one trustee to fill the term of M. L. Dunbar who moved from the district. Holdovers are Elmer Havens and Basil Puckett.

Leforest is to replace E. A. Morgan, whose term expires. The remaining two are Leslie A. Davis and Henry Key.

Cross Roads will elect a trustee to fill the place of R. B. James Doyle Howell and W. C. Graves—holdovers.

Justiceburg will elect a trustee to replace Cecil Smith. Hold-over officers are E. A. Pettigrew and Oswald Key.

Pleasant Valley voters will replace A. A. Meeks. Hold-overs are J. F. Winterrowd and J. O. Roberts.

Hackberry will vote for a trustee to replace Claude Cook. Men remaining in office are Herman Dabbs and R. W. Saunders.

Barnum Springs is due two new trustees. The term of W. A. Long expires and the unexpired term of a deceased board member is to be filled. J. L. Wheeler is the hold-over member.

Hartford and Mason each have one trustee to be elected. Men serving Hartford are Tom Sims and Carl Raina. V. B. Sims and Elton Nance are board members at Mason.

Close City Independent District will vote for trustees to replace Mike Caster and Charlie Brown. Hold-over members are I. L. Chandler, A. A. Ritchie, Gray Moss, E. W. Curry and A. O. Rosenbaum.

Eleven Juniors Are Cast In Class Play To Be Staged Friday

Wylene Moss, June Taylor, Alma Outlaw, Betty Kennedy, Dorothy Carey, Bud Everett, H. T. Carr, Charles Casey, Billy West, Lavonia Carpenter and Clonnie Mae Gribble are the Junior High school students who will put on the class play Friday night, April 5, at the High school Auditorium.

The play, "Aunt Tullie Goes to Town," is a bright and amusing play written by Wilbur Braun especially for Samuel French, largest play publisher in the world. The has some of the funniest scenes ever to be written into a farce. It is novel and ingenious, his loads of pep and action and is thoroughly wholesome entertainment.

Other members of the class who are assisting in stage arrangements, advertising, etc., are Hugh Ingram, J. E. Thomas, Joyce Barnes, Iris Floyd, Helen Williams, Rita Mathis, Jimmie Ruth Rains and Bobby Chandler.

Class sponsors and directors are Miss Hazel Hogg and Coach V. F. Bingham.

PARTY TO BE HELD AT YOUTH CANTEN APRIL 11

It was announced Tuesday that the Youth Canteen will be host to a party on Thursday night, April 11 at 8:00 o'clock.

A program is being planned and games will be played followed by refreshments.

The public is invited and admission prices are 35c for couples and 25c for a boy or girl alone. Everyone is urged to attend and help the canteen make this party a success.

REV. CLAUDE MARTIN OF CLARKSVILLE WILL CONDUCT REVIVAL

The Spring revival at the Friendship Baptist church at Close City will begin Friday night, April 5.

Rev. J. Claude Martin, pastor of the First Baptist church in Clarksville, Texas, will be the evangelist. He is a brother of the pastor of the Friendship church. Brother Martin is a graduate of Baylor University at Waco and Southwestern Baptist Seminary in Fort Worth. He has been a successful pastor and a good evangelist. God has blessed his ministry in both fields.

Although the Martin brothers have been preaching over a period of years, this is the first time they have been together in a meeting.

Members of Friendship church and its pastor extend an invitation to every one to attend these services. You will be welcomed.

Trustee Election Saturday Will Name Three To Board

Three trustees from a ballot listing five names will be elected Saturday, April 6, to serve on the Post Independent School board. The official ballot now being printed was prepared by Marvin Hudman, secretary of the school board. The ballot lists the following candidates: Hudman for reelection, Dr. B. E. Young, John Cearley, Jack Kennedy and L. H. Ingram. Three of the candidates, Hudman, Young and Cearley were placed on the ticket by recommendation of the school board at its regular meeting. Kennedy and Ingram were petitioned to run as candidates by fourteen persons who offered a petition. Hold-over trustees are Willard Kirkpatrick, president; Tom Bouchier, Allen Cash and Raymond Redman.

Voting box will be in the office of the City Secretary in the City Hall.

Garza County Meets Red Cross Quota

Dean Robinson, Red Cross roll call chairman, announced Tuesday that Garza county has reached its goal of \$2,550.00 in the current campaign.

After sending in his report, Mr. Robinson was notified by state Red Cross officials that Garza was the thirteenth county to complete its quota.

JOE S. MOSS RETURNS TO POST TO RESUME HIS LAW PRACTICE

After three years of Army life and travel over most of the country Joe S. Moss returned to Post Monday to greet friends with the statement "I have traveled all over the country and haven't seen any place I liked as I do Post."

LI. Moss received his discharge from the Army Air Corps on March 22. He plans to re-open his law office and resume practice here in his building, known as the Moss building at 30 Main.

After some remodeling on the building, he plans to resume his practice within the next week or ten days. The entrance to his offices will be through a private driveway, as the Dobson Jewelry will continue to occupy its present quarters.

Mr. Moss came to Post in 1935 and established a law practice. He was associated for seven years with the late Tom Price. He also served Garza County as County Attorney two terms, from 1937 to 1940.

He enlisted in the Army Air Corps as a private in April 1943. He advanced through the ranks until he attained a first lieutenant's commission. At the time of his discharge, he was Trial Judge Advocate at March Field, California.

IMPROVEMENTS TO BE MADE ON ROAD TO KENT COUNTY OIL FIELD

Funds were approved and provided by the Garza Board of Development Monday night, when an open meeting of business men was held in the auditorium of the city hall to construct four or more cattle guards along the public road to the Kent county oil field.

The road, according to a committee who made a report on its condition, is in "fair" shape, after it leaves the paved highway five miles south of Justiceburg, but needs some grading and drainage work done on it, and cattle guards set up to replace the pasture gates.

\$28,790.00 ASKED

Damage Suit Filed Against Garza County Peace Officers

A \$28,790 damage suit was filed in Garza district court Saturday, March 30, by Edward C. Coe and wife, Bobbie Faye Coe of route 1, Post, against Nathan Mears, deputy sheriff, and Percy Printz, Garza county sheriff, which grew out of a liquor investigation March 23 at the Coe residence, about 7 miles north of Post, in which the defendant, Mears, is alleged to have inflicted personal injury to Mrs. Coe.

The petition, prepared by Nelson, McClesky & Howard, Lubbock law firm, alleged that Mears, who has served Printz as deputy sheriff since February of this year, on or about March 23, accompanied F. S. Bressanum, agent for the Liquor Control Board, to the Coe residence and that the officers served a search warrant on Coe to search his home and other buildings for alcoholic beverages.

APRIL 22-29 SET BY MAYOR AS CITY-WIDE CLEAN-UP

All citizens of the town are urged to clean up their premises by raking up all trash, rubbish, tin cans, etc., and place them in piles at the edge of the alleys.

The City truck and wagon will start out Monday morning, April 22nd to collect this trash and garbage and will hand it off free provided you do your part and have it in convenient piles or barrels at the alley.

The City officials will appreciate your wholehearted cooperation in this campaign and we feel sure we will have your enthusiastic support.

Let's clean up Post and keep it clean.

Prelude To Summer Is Experienced With 98 Degree Weather

Post and Garza county experienced some more of West Texas' very unpredictable weather during the past week. A prelude to summer was suffered by the people as the mercury finally climbed up to 98 degrees Monday.

Saturday was one of those rare practically perfect days, but Sunday gave birth with strong westerly winds which were anything but soothing.

Monday set some sort of record for April 1 temperature and increasing cloudiness late that evening and Tuesday brought forth many wishes for rain but so far those April showers have not materialized.

Fresh north breeze about five o'clock Wednesday morning returned the weather to a more normal status, so concerns have not been heard so frequently.

Singing At Grassland

The regular first Sunday singing will be held at the Nazarene church at Grassland on Sunday, April 7 at 2:30. Everyone is invited.

REV. H. C. BRISTOW TO SERVE BAPTIST CHURCH AT PLEASANT VALLEY

Rev. H. C. Bristow has been called as pastor for the Pleasant Valley Baptist church, according to information received this week.

Rev. Bristow will serve the church full-time. He will continue to live here in Post.

Rev. and Mrs. Bristow came to Post in January 1945, from Coleman, Texas, when he was called by the Calvary Baptist church.

1946 ANTELOPE SCHEDULE ANNOUNCED

Army Day Plans Call For Parades And Celebrations In West Texas

On Army Day, April 6, 1946, the American soldier will receive the plaudits of the nation.

As World War II veterans march side by side with the veterans of World War I in Army Day parades, they will be remembering the sacrifices of their buddies who will never march in such parades. The world will be remembering the contributions our soldiers have made toward a better world order and as the nation honors the veteran on this April 6th, it will also honor the peacetime Army of the United States, whose mission now is greater than ever before.

Plans for impressive observation of Army Day are being made by numerous West Texas towns. Lieutenant Colonel Hardy, Commanding Officer of West Texas Recruiting District.

General Kleser will be Guest of Honor at the celebration held in San Angelo. A mass parade will include Mechanized Cavalry, American Legion Troops of Goodfellow Field, Veterans of Foreign Wars, WAC Detachment, Coedies, Student Officers, Chinese Cadets, Boy Scouts, Sheriff's posse, Commercial Floats, and the Hillbilly Band. Open House will be conducted at Goodfellow Field at 2:00 in the afternoon.

The Texas State Guard is staging a big parade in Lubbock which will include many Army vehicles and air crafts of the Civil Air Patrol and the Army Air Forces. The parade will wind its way through town and on out to South Plains Army Air Field where Open House is to be held.

Parades are also being planned in many West Texas towns, including Abilene, Amarillo, Plainview, Lamesa, Midland, and Snyder.

The American Legion and Rotary Club of Seagraves are planning a special program for April 6th.

At Seminole, the Lions and Rotary Clubs will combine efforts to make the public conscious of the day.

Littlefield will stage a four-county celebration that will include dedication of its modern municipal airport, and the Texas State Guard will give demonstration on the town square. An estimated 15,000 persons will be on hand for the dedication.

The Andrews Lions Club is making special preparations to celebrate the occasion.

Big Spring, Colorado City, Marathon, and Kermit have plans.

SCHEDULE FOR FIELD DAYS IS ANNOUNCED

A schedule of nine remaining labor saving device field days to be held this spring has been announced by the farm labor office of the Texas A and M College Extension Service.

During April county shows will be held at Weatherford, April 10; Tubbok, April 12 and 13; Hartley, April 16; Stinett, April 17; Childress, April 19; Gainesville, April 25; and a show for the 21 counties of Extension Service District 7 will be held at Comanche on April 9.

May dates include May 14 at Sherman and May 17 for the Denton County field day at Denton. Late in March field days were held at Linden, Pittsburg, Mineola, Center and Woodville.

At the field days farmers and ranchmen are having an opportunity to see a number of handy contrivances, such as a portable saw mounted on bicycle wheels and powered with a gasoline engine; a homemade post hole digger; a portable weed mower; a freeno and a fertilizer distributor. These are being taken to the shows by R. B. Hickerson, assistant state farm labor supervisor for the Extension Service. Since his truck space is limited, Hickerson also takes to the shows small models of gadgets such as a hand lever, cow stanchion fastener, hog holder, and two V-drag tractors, all in miniature.

In addition, county agricultural agents are urging farmers and ranchmen to bring to the shows devices which they have made or adapted to save time and energy.

for Army Day. Flags will be flown and there will be many window displays of war trophies.

The occasion will be observed by Post, but no formal program has been planned.

GARZA THEATRE TO ADVANCE ADMISSION

Beginning Sunday, April 7, Garza theatre prices will advance. This announcement was made this week by Manager B. J. Edwards. In an open letter to picture show patrons used in the form of an advertisement in this issue of The Dispatch, Mr. Edwards explains fully and well the reason for the advance in admission prices.

All during the war when entertainment prices were advanced in surrounding towns, the local theatre continued to show top-ranking pictures at no increase in prices. With the rising cost in production—such as salaries, films, supplies, equipment, etc., it is now necessary for the management to make this slight increase in admission prices.

Mr. Edwards is urging the theatre patrons to read the advertisement "Open Letter" in this issue of the paper.

DIVERSIFICATION SHOWN OVER TWO DECADES

The broad extent of diversification on Texas farms and ranches during two decades is evident in a recent publication of the U. S. Department of Agriculture, entitled "Cash Receipts from Farming by States and Commodities, 1924-44."

While the book is little more than a collection of statistics it dramatically records a change in production which has affected all people who live on the land, in the opinion of W. E. Morgan, economist for the Texas A and M College Extension Service.

Most noticeable change is the increase in cash income from livestock and livestock products, contrasted with a decline in receipts from cotton lint and seed.

Cash receipts from Texas farm marketings of livestock and livestock products were about eighty million dollars in 1924 and increased (despite a slump during the depression years) to 561 million in 1944, last year included in the USDA study. Receipts from grain sorghums in 1942 were more than twenty-fold what they were in 1924. Peanuts have risen from the one million to the 25 million class during the period 1924-44 and rice from eight million to 30 million. Receipts from wheat and oats, however, show nothing like the increase of these other commodities.

The state's rise as a citrus producer is also impressive. In the early twenties cash receipts from farm sales of grapefruit were running about \$138,000 annually and from oranges about \$21,000. Receipts from grapefruit sales in 1944 neared 27 million and from oranges about eight million dollars.

Study of receipts from cotton lint and cotton seed gives an entirely different picture. Receipts from cotton lint in 1924 were about 550 million and from cotton seed an added 48 million. These dropped off gradually hitting a low in 1932 when receipts from cotton lint were 128 million. The low for seed occurred in 1932 when receipts were only 12 million. Since then, barring unfavorable seasons, receipts from cotton have risen, reaching a high in 1943. Cash receipts from lint that year were about 270 million and for seed were about 45 million.

TEXAS TECH DROPS TO FIFTH PLACE IN ENROLLMENT

Texas Technological college ranks fifth in enrollment among leading colleges and universities of Texas. Prior to the war Tech stood in third place and was topped only by the University of Texas and Texas A & M College.

Enrollments of the top five are as follows: University of Texas, 12,254; University of Houston, 5,496; Texas A & M, 4,371; SMU, 4,192; and Texas Tech, 3,214.

Largest enrollment in Tech's history was in the 1939-40 school year when the figure was 4,246.

Arriving here last Thursday and remaining until Monday were Misses Bettye Jane Travis, Kathryn Childress and Betty Ingram. They are students of ACC in Abilene and are here for a short spring holiday.

The goal of one million home gardens in Texas for 1946 is the same as during the war years.

POST PEOPLE ATTEND THE CHARTER NIGHT OF SLATON LIONS CLUB

Members of the local Lions club attended a Charter Night Banquet of the Slaton club on Thursday night, March 30, at the Club house. Other visitors were wives of the members, Mr. and Mrs. J. A. Stallings and a group of young musicians.

The Slaton club was sponsored in its recent organization by the local club so keen interest was displayed by Postites in the presentation of the Slaton charter by Deputy District Governor Frank Jordan of Brownfield.

The call to order was given by C. E. Hillis, Slaton's club's president. He then introduced Walter Crider as toastmaster for the evening. "America" and the Pledge of Allegiance was rendered by everyone after which Rev. Lenox gave the invocation.

Mrs. Stallings presented Lorne Stevens, El Wanda Davies, Anita Kennedy, Sue Belle Brister, Mary Ann Hundley, Mary Nell Bowen and Robert Smith in group song and dance numbers. Little Sherry Custer was soloist for the program. These youngsters were heartily applauded and complimented for their acts. Dinner music was presented by the trio, Mrs. Elmer Long at the piano, Mr. Stinson, accordion, and Mr. Bryan Sarason violinist.

Elmer Long, Lion tamer of the local club made a very good talk extending greetings to the Slaton group. The main address was an excellent speech on Lionism given by Dr. Doyle Jackson of the Education Department of Texas Tech.

TWO POST BOYS MEET IN SEOUL, KOREA

Cpl. Paul Hetrick met and visited with Sgt. J. W. Pettigrew a few weeks ago in Seoul, Korea. Both boys are from this city.

"We were very glad to see each other," said Pettigrew "and we had a long talk about home."

Both boys hope to start home within a few months.

CARD OF THANKS

We are taking this way of expressing our very sincere gratitude to all our friends and neighbors for their help and kindness during our time of grief over the death of our baby.

We are very grateful to Dr. Kehler for his very faithful help.

Mr. and Mrs. Robert Cato and youngster are here this week visiting his mother and other relatives.

Mr. and Mrs. Burnon Haws moved on Friday to their newly remodeled little house purchased recently from Mr. and Mrs. Walter Dockswirth.

Lewis Coleman returned to Canyon Christ Friday after visiting several weeks with his mother, Mrs. John Coleman.

ENS. E. L. HOWARD HERE VISITING RELATIVES

Ens. E. L. Howard, USNR, son of Mr. and Mrs. Elmer Howard of Post is here on a 15-day furlough. He is visiting relatives and friends in and near Post and Lubbock.

E. L. is well known here, having lived here the greater part of his life. He is enjoying meeting old friends and visiting home folk. He is very pleased with naval life, however.

Nineteen months with the Navy, E. L. served over the Southwest and Central Pacific area. His latest duty was as engineer on the mine sweeper YMS 222, based several months at Okinawa. He is now enroute to Philadelphia where he will receive further orders.

A graduate of Texas Tech engineering school E. L. was employed for a time with the Southwestern Public Service Co. in Lubbock. For more than a year he was a civil service employee in the War Department just prior to his navy service.

John Loft and Dr. B. E. Young attended the South Plains Camera club meeting in Lubbock Monday night.

The Post volleyball team won their first game over Muleshoe, but lost in the second to Andrews.

POST BOYS DOMINATE TENNIS IN DISTRICT CLASS A TOURNAMENT

Post boys completely dominated tennis play in the District Class A tournament when Jimmy Bird took three sets straight from Jimmy Edkins of Sudan, 6-1, 6-1, 6-1. This match was played Tuesday in Lubbock as a hold-over from the meet Saturday at Andrews.

Louis Mills and Edgar Parr, doubles team, won over a wide open field in the play-off Saturday.

The three boys will enter tournament play again on April 18 when the regional meet is held in Lubbock.

Jimmy Bird was the favorite of the meet and came through in fine form in the singles play.

Superintendent Day and Mr. King took these boys and the doubles and singles team in girls' play and the girls' volleyball team to Andrews last Saturday for the meet.

Betty Sue Quisenberry lost to the tournament favorite, Camille Eite of Suptown, who was upset by O'Donnell's Lamoyne Line. The Redfish team of Josh Cook and Betty Kennedy lost to the district physicians, O'Donnell.

The Post volleyball team won their first game over Muleshoe, but lost in the second to Andrews.

BUYS MODERN BEAUTY SHOP FROM MRS. HUDMAN

Mrs. Lela Mae Young has purchased the Modern Beauty Shop from her sister, Mrs. Mary Hudman, and is now inviting her friends to come in and see her.

Mrs. Young has many friends in Post, as she was at one time associated with Mary Gale Young in operation of a beauty shop here at the building now occupied by the Gulf Company office of E. H. Hector. She is highly praised for her ability in hair styling and is considered one of the best operators in Post.

Equipped with completely modern supplies, Mrs. Young is ready to serve her patrons in any line of beauty work.

Reeve Bivens is transacting business in Abilene this week.

1341 GARZA AUTOISTS BUY 1946 LICENSES

The big rush to get automobiles registered Saturday with a total of 1,341 plates issued to Garza county residents, according to Percy Printz, tax collector. Registrations included 1,061 passenger, 153 farm trucks, 127 commercial vehicles, and 31 trailer tags were issued before the deadline.

RECEIVES DISCHARGE

S. Sgt. J. D. Morris, formerly of Post, gave his uncles, aunts and grandparents a pleasant surprise when he arrived Saturday with a discharge. He was in the Air Corps and was stationed in Shanghai, China. Sgt. Morris intends to go into the farming business with his father, who lives near Plainview. He is a grandson of D. W. Morris, route 2, Post.

"This is my commandment, that ye love one another, even as I have loved you." John 15:12.

Next week, April 8-4 has been named as National Sunday School week. There is no better time than now to return to a regular habit of Sunday School attendance.

Ladies of the Berean class at the First Methodist church have challenged the Men's class to a Sunday school attendance contest during the month of April. The losing class will be hosts for an entertainment.

A religious census is being made of the town this week by Methodist church members.

First Baptist Young People visited the Methodist Youth Fellowship service last Sunday evening and reported a very good meeting.

Pleasant Valley Baptist WMS mailed two boxes to orphan's homes Monday morning. A box of clothing went to Buckner home. The ladies quilted two quilts for a new home for Mexican children in San Antonio.

Friendship Baptist church at Close City will hear the brother of their pastor, Van O. Martin, in a revival beginning tomorrow night. Rev. Claude Martin is pastor at Clarksville.

We hear the ladies of this church have revived interest in their WMS work and will have regular meetings.

Some work is being done on the parsonage for the First Christian church. We cannot report as yet on how it will look, but from plans it will be a nice addition to the neighborhood.

Rev. Huron Puharic and Ray N. Smith are attending the Tri-State Sunday School convention in El Paso. They will return Saturday.

Rev. I. A. Smith and a friend from Slaton were baiting the fish down Sweetwater Lake way on Monday.

Bill Clark, little son of Mr. and Mrs. Surman Clark, arrived here last Monday for an extended visit with his grandmother, Mrs. Carl Clark.

WCS MEMBERS HOLD COMBINED STUDY AND SOCIAL MEETING

Members of the Methodist WCS met Monday afternoon for first Monday meeting with Mrs. Jess Barnes, Mrs. Noah Stone was co-hostess.

Mrs. I. A. Smith read the devotion which was on the theme Peace Through the Cross.

Mrs. Ralph Welch had charge of the program which was on Latin America. Mmes. Jones, Graeber, Durrett, and Collier assisted in the program.

The hostesses served a much enjoyed refreshment course to members during the social hour.

NEEDLE CRAFT MEMBERS ENTERTAINED RECENTLY BY MRS. NOAH STONE

Mrs. Noah Stone was a gracious hostess to the Needle Craft club at its last meeting on Friday, March 22.

After some time was spent in sewing and conversation the hostess directed several contests which were enjoyed very much.

Delicious refreshments of tuna fish salad, wafers, olives, fruit Jello, and cookies were served to Mmes. Cox, Clark, Robinson, Tomlinson, Suits, Bingham, Malouf, Jones, Thomas, Durrett, Boren, Graeber, McAnally, Samsom, Faulkner, Pierce and Welch.

GRADE SCHOOL CHILDREN HAVE PLAY DAY MONDAY

Youngsters from the fourth through the seventh grades celebrated Monday, April 1, by having ball games instead of study during the afternoon.

A series of round robin games were played by the girls and boys to determine winners in softball play.

The children of the first three grades observed the day by hearing stories instead of their regular reading and writing. They also got to go home about thirty minutes early.

JUNIOR GIRLS MET MONDAY AT CHURCH

The Junior Girl's Auxiliary of the Baptist church met in regular session at four o'clock Monday afternoon.

Eight members were present. After singing several songs, an interesting program was presented.

The next meeting will be April 8.

Mr. and Mrs. Roy Holland and daughter, Gwendolyn, of Canyon visited relatives here last week end.

Mrs. Nita Hall of Los Angeles, Calif. arrived here today to visit several days with her sister, Mrs. C. W. Terry.

MR. AND MRS. IVEN CLARY ARE HONORED ON THEIR WEDDING ANNIVERSARY

Something quite unusual in parties was enjoyed last week when several couples helped Mr. and Mrs. Iven Clary celebrate their tenth wedding anniversary last Friday night.

Mr. and Mrs. J. C. Johnson were hosts at their home and others who assisted in entertaining were Mr. and Mrs. Ralph Carpenter and Mr. and Mrs. Dan Cockrum.

Using tin as the theme of party, the dinner was served in tin plates and cups with table decorations also in tin. A fluted tin Jello mold was filled with spring flowers for the table centerpiece. Individual moulds were used as ring candle holders. Plate favors were "five and dime" gadgets such as cookie cutters, can openers, fruit corers and such.

After dinner a door to door salesman, Professor Archibald Whiznant (Mrs. Claiborne Pirtle) appeared and conducted a very persistent selling campaign. After each question she distributed free samples. The questions led into a contest which was won by the honored couple.

A pink and white carnation corsage was presented Mrs. Clary and a white carnation boutonniere was given Mr. Clary. A canister set and a kitchen stool were given the couple.

INITIATION CEREMONY FOR FOUR CANDIDATES GIVEN BY OES CHAPTER

An initiation ceremony for four candidates, Eula Haws, Pearl Davidson, Wanda Cox and B. J. Edwards, was performed Tuesday night by officers of the Post Eastern Star chapter.

With Worthy Matron Berniece Shepherd and Worthy Patron presiding the candidates were conducted through the several degrees by Thelma Fry and Loree Thaxton.

Brother Ollie Howard of Lorenzo gave one of the lectures. He is Worthy Patron of the Lorenzo chapter and Mrs. Howard is Worthy Matron. Four visitors from Tahoka and three from Lubbock were present. Thirty local members were in attendance.

Refreshments of chicken salad, wafers, cookies and punch were served by a committee.

MRS. KIRKPATRICK IS HOSTESS TO CLUB LAST SATURDAY

Colorful flowers and warm weather provided a Spring atmosphere Friday when Mrs. Willard Kirkpatrick was hostess to the Novelty Luncheon club.

A lavish arrangement of red bud sprays ornamented the coffee table. Iris blooms were used in small vases.

Long fronds of purple lilac in a sage green pottery stand formed the centerpiece for the dining table. Small bouquets of lilac centered each of the luncheon tables.

Little mirrors in oval frames marked places for twelve luncheon guests.

WMS MEETS MONDAY FOR BIBLE STUDY

The WMS of the First Baptist church met Monday afternoon at the church house.

Mrs. Boushler led the group in a very profitable Bible study period. Eight members were present.

account of the Pagan at Lawton. Her hearers declared it to be especially impressive.

The hostess served a lovely refreshment plate during the social hour.

Help Get More Soaps, BRING IN USED FATS!

This country is short of industrial fats, mighty short. The supply is so low that the government must decide how much fat can be released to make soap; how much for other peacetime goods. The shortage would be even worse without the wonderful help American housewives are giving by turning in used fats.

Keep saving to tide us over this emergency. It will help you get more soaps and other products you want so much.

Across The Tracks
By H. H. H.

While browsing around Lubbock recently, we were surprised at the number of Post citizens doing their weekly shopping away from home (Don't ask us what we were doing there!) If what we saw that day is any indication, our sister-city seems to be siphoning off a whole lot of Morgenstau vouchers that should (and could) stay in the local coffers.

Being in a business that is entirely independent of such conditions, we have no personal axe to grind in the matter, but we repeat—it's a doggone shame.

Admitting that Lubbock's livestock market attracts many Garza county people—and that it probably couldn't be duplicated here—many of the folks we encountered were merely on a shopping tour. This was our first trip to the Mecca of the South Plains since our return from the battle of Oklahoma, and while we do credit Lubbock with being a clean, progressive, modern city in every respect, we were not especially impressed by any advantage in merchandise, quality, quantity, variety, price, or anything else.

Perhaps a reinstatement of our Trades Day—which enjoyed considerable success before the war—or some similar measure would serve to keep our shoppers in Post. At any rate, we, as merchants, should offer our customers every possible advantage, and as customers, we would do well to try our local stores before going elsewhere.

After all, it isn't the principle of the thing—it's the money!

Anyhow, folks, you're welcome over at Hudsman's Texas Service Station—where the service and products can't be beaten at any price!

Sincerely,
HANS HUDMAN

AREA FOLKS HAVE INVITATION TO ATTEND RODEO AT HAMLIN

Post area rodeo fans have received an invitation to attend next week-end the annual Hamlin Rodeo, slated for Friday and Saturday, April 12 and 13 at the northwest James County city.

Two shows each day are on tap. An afternoon show will start at 2:00 o'clock and the evening exhibition will get underway at 8:00 o'clock.

Prizes totaling more than \$1,000 have been posted for contestants in the seven events at the boots and saddle exhibition.

Contests for amateur performers are scheduled in call roping, Saddle and bareback bronc riding, wild cow milking, cutting horse contest and cowgirl sponsor events.

A new feature will be a boys' calf scramble for youngsters under 16 years of age.

The 1946 Hamlin Rodeo is being staged early this year in the belief it will be more convenient for attendants as well as more pleasant as far as the weather is concerned.

The two-day rodeo will be staged at the city ball park in the southwest part of Hamlin, where ample seating is provided. Holly Toler is secretary, for whom contest prizes, rules and other information may be secured.

EASTER GREETINGS TO SOLDIERS OVERSEAS NEED TO BE MAILED NOW

Easter is little more than two weeks away now, on April 21, and recognizing that all service men overseas will appreciate Easter greetings we are urging that you mail your Easter greeting now.

This should be of more importance than selecting an Easter frock. It is nice to dress up and attend church—much nicer than attending a chaplain's service with other weary uniformed men.

This Easter should be a time to reassure your soldier that you appreciate his work. There are no heroes in the army or occupation only tired men who are maintaining peace and order.

These men are helping to bring about the real meaning of Easter—a world reborn with peace and love for all.

Send your greeting as you do letters, as first class mail in sealed envelopes with the soldier's full name, his rank, etal number, his organization, unit and APO number, and send it in care of the Postmaster at the port of embarkation.

FARMERS SHOULD TREAT SEED CHEMICALLY, IS ADVICE OF AGRONOMIST

This spring, when there is such a big need for feed grain and forage for livestock it is more important than ever for farmers to treat the seed chemically. This is the opinion of E. A. Miller, agronomist of the A and M College Extension Service, and he says it's good insurance to treat all grain sorghum, sweet sorghum and corn planting seed every year.

Treating these seeds is standard recommended practice for the control of most seed-borne diseases, says Mr. Miller. It also protects the seed and young seedlings from organisms in the soil that cause rot and seedling blights. It improves the stand, the yield, and the quality of the grain.

Some farmers can have their grain treated in custom machines that will come to the farm. Others have central treating stations to which they can take their grain. But farmers who lack such facilities find that, with homemade equipment, they can do quite a good job of treating the seed. Grain sorghum and sweet sorghum seed should be treated with 2 ounces of copper carbonate per bushel or other chemicals which can usually be bought at the local seed store. For corn sennas jr. is recommended. Exact directions for use of the chemicals are found on the container.

If a mixing machine isn't on hand, Mr. Miller recommends treating the seed in any tight can such as calcium arsenate or Jard can.

The treatment is for kernel smut and other seed-borne diseases of grain sorghum and sweet sorghum and certain corn rots and protection against seed rots by molds and fungi in the soil, thereby giving better stands and yields.

Mr. and Mrs. Robert Thomas, accompanied by Mr. Thomas' mother, Mrs. W. C. Thomas, visited relatives at Tipton, Oklahoma last week end. Returning home they visited in Denton with their daughter, Wanda.

Swing of Southwest Farm Markets

Light offerings of farm products continued to find a fair demand at steady to firm prices last week, according to USDA's Production and Marketing Administration.

Cotton prices advanced sharply in the latter part of last week to a new high not reached since mid-1920's. Spot market activity decreased a little but continued seasonally high.

Most southwest egg markets were about steady despite liberal offerings during the past week. Current receipts were quoted at 30 to 32 1-2 cents per dozen, New Orleans; 30 to 30 1-2 cents, Ft. Worth; and mostly 30 to 31 cents, Dallas and Denver.

Extremely light offerings of poultry found a good demand at firm prices. Heavy hens brought ceiling at some southwest markets. Fryers remained unchanged at 28 to 31 cents per pound.

Grain supplies continued tight and demand excellent. Prices were firm at ceiling. No. 1 hard ordinary wheat brought \$1.85 to \$1.85 per bushel, bulk, in carlots at Ft. Worth and Galveston; sorghums \$2.70 per hundred pounds; and No. 3 white oats 89 to 91 cents per bushel in Ft. Worth and 91 to 95 cents in Galveston.

Last week's light run of cattle brought mostly steady prices at nearly all principal markets. Medium steers and yearlings brought \$13.50 to \$15 per hundred pounds, Houston and \$14 to \$15, Ft. Worth. Medium and good steers and yearlings realized \$14.50 to \$15.50, San Antonio; \$14.25 to \$15.50, Wichita and \$14.50 to \$16, Oklahoma City. Denver sold old beef steers at \$15 to \$13.50 and choice vealers at \$16.

Hogs remained steady at ceiling. Top butchers were quoted at \$13.50 per hundred pounds, Wichita; \$14.55, Oklahoma City; \$14.65, San Antonio and Ft. Worth and \$14.80, Denver.

Most southwest markets reported steady to stronger prices for light supplies of sheep last week. Medium and good fall lambs brought \$12.50 to \$13 per hundred pounds at San Antonio. Medium shorn lambs realized \$11.75 to \$12.25 at Ft. Worth. Top price was \$14.75 for both old and new crop lambs at Oklahoma City. Denver sold choice fat woolled lambs at \$15.75. A carlot of 100 Texas lambs brought \$15.10 at Wichita. Buying of domestic wools in the Boston market continued active.

Garza Countains WHO RECEIVED COVETED "Ruptured Duck" DURING THE PAST WEEK

Robert Howard Peel, son of H. Benton Peel, returned early last month from Shanghai, China. He was discharged at Fort Bliss on March 27. Sgt. Peel entered service on October 23, 1942. With the Army Air Corps, he served in India and China for seven months. Garza county men receiving their honorable discharges from the armed service this week include: Jesus Garcia Saenz and Lester Arlie Wal.

Jerrald Bowen spent the first of the week in Oklahoma. He took his sister, Mrs. Ray Ombey, back to her home there after she visited here a week with her parents, Mr. and Mrs. Mitchell Bowen. Mrs. L. C. Carmichael went with them to visit relatives in Altus.

Growth And Improvement Indicated For Neighboring West Texas Towns

Surrounding towns continue to work toward civic improvement now that some material and labor restrictions have eased. Immediate news from many places concerned city and school elections this week.

Crosbyton is to start city improvement. Voters recently approved a bond issue of \$100,000 by 16 to 1 which will provide water and sewer extensions, a new city hall and a fire truck and 36 blocks of paving.

Ralls has signed a paving contract and have materials on order for additional water mains.

Spur's paving program will begin about April 15. The first work will begin on Willard Street. Construction is to begin this week on two hangers for the city airport. Paid in advance rentals by aviation enthusiasts are making the work possible. Spur public schools will have an accredited course in aeronautical training. Two planes, an AT18 and a B17 have been purchased and flown in to the local field for that purpose.

Haskell also will teach high school aeronautics. The school recently paid \$100.00 for a Vultee BT13 for use in training.

Hamlin people were somewhat surprised by the report the county cotton yield was 42,908 bales. Some had predicted a very short crop.

Snyder Chamber of Commerce has just completed a directory which lists 234 business establishments in the city limits. The city now has appropriations on 28 different farm-to-market roads involving 258 miles of construction. The Polar oil news drew headlines in the Scurry County Times.

Mitchell county now has 675 REA consumers with 240 new subscribers.

Plainview has secured a firm of engineers to survey the city for water and sewer expansion needs.

Happy is building a new American Legion hut to be 40 by 80 feet in size.

Plainview will again stage its annual Dairy Show on April 13-19. The 4H Club Fat Stock show will be April 25 and 26. The calf show will have 134 calves, 400 lambs and 150 hogs.

Lockney recently held a mass meeting to discuss school problems of the district, including teacher salaries, consolidations, etc.

Hale Center will receive a sugar beet leader this season. Sugar beets are becoming an increasingly important crop. Twelve farmers have signed up to grow 226 acres of beets according to County Agent C. B. Martin.

T. O. Masten, farmer near Sudan and Morlon, Texas, entertained photographers from Life Magazine and other news men recently.

Asperment will vote on beer Saturday, April 6, since a petition bearing 122 signatures asked for the election.

FROM WASHINGTON, D. C.
By Congressman Geo. Mahon

The new Veterans Administration Regional Office for West Texas with headquarters at Lubbock will mean much to West Texas veterans and their families. When General Omar Bradley, head of the Veterans Administration, announced last year that Texas veterans would be served by four regional offices, located at Houston, San Antonio, Waco and Dallas, I complained to him that West Texas veterans were being completely left out of the picture. I joined with the American Legion, the VFW and West Texans generally in the campaign for a West Texas Regional Office for West Texas veterans—an office similar to the ones located at Dallas, Waco, San Antonio, and Houston.

It is now assured that within 60 days such an office for West Texas, with headquarters at Lubbock will be a going concern.

General Bradley's idea is to render service to the veteran at a point not too far removed from his home. Those of us who handle Veterans Administration appropriations are supporting this plan.

The West Texas Regional Office should not be confused with sub offices and contact offices which the VA has established or will establish at a number of West Texas points to complete the service to veterans and cooperate with the County Service Officers now serving in most West Texas Counties.

The Amarillo area which has previously been served by the VA office in Muskogee, Oklahoma, will hereafter be served by the West Texas office at Lubbock. The El Paso area is slated to be taken from the jurisdiction of the office at Albuquerque, New Mexico. The plan is that all of Texas is to be under the overall supervision of the Branch Office at Dallas.

Now that the Veterans Administration has completed plans for Texas, my hope is that the service to veterans and their families may rapidly improve. The complications and difficulties are tremendous. General Bradley told our Committee on Appropriations a short time ago that he receives in the Washington office an average of 125,000 pieces of mail per day; that over the week-end in one instance, in excess of 300,000 pieces of mail were received here. Such a situation creates a bottle-neck in the central office in Washington and makes imperative the success of the program of decentralization to the Branch and Regional Offices.

NATIONAL SUNDAY SCHOOL WEEK—APRIL 8-14

Next week, April 8-14, has been named as National Sunday School Week by the Laymen's National Committee and committee members are asking cooperation of public officials in some appropriate manner.

"Train up a child in the way he should go; and when he is old he will not depart from it."—Proverbs 22:6.

Parents are urged to begin a regular attendance at Sunday school for their children. This of course is not a complete cure-all for the current disregard for Christian principles, it is a definite step in the direction of tolerance and good will toward all mankind.

There has never been a time in the history of the world when it was more important for people to be concerned over the welfare of their neighbors, near and far.

WHAT WILL POST DO?

Recent news stories indicate many of the neighboring towns are beginning various types of post war development and improvement. One wonders when Post will start such an action.

Many towns have voted bond issues for road and street paving, water and sewer extension, city buildings, and amusement areas.

Post can very definitely use one or all of these improvements. If she is to go along with the post war parade Post should begin serious planning.

Lynn County will pave 130 miles of lateral roads after approval of an \$850,000 bond issue.

Colorado City has called a bond election to provide funds for city facilities and bridge replacement.

Spur, Crosbyton and Ralls are beginning work on paving and construction.

Here in town all citizens would be interested in more paved streets and more street lights. A workable plan whereby the present sewage disposal system could be extended and a regular garbage collection provided would be an improvement.

Not any thing would delight youngsters and parents more than an amusement park where wholesome recreation could be enjoyed. With the summer season approaching much enjoyment would result from a wading pool for kiddies, not to mention a swimming pool for older water addicts.

Also along amusement and sports lines public tennis courts would be in great demand. It seems something should be done with the city block which was designated for a park and has been lying idle for so long.

This could go on and on but we just want to bring an idea of some beneficial projects for the town.

A system of lateral road paving would be of much help to farmers in bringing produce to town.

Will Post get some of these benefits or will she go along just as always, keeping every thing the same?

THE TUG-OF-WAR CONTINUES

The most constant headlines recently concern OPA. Just about every day some new claim is made by the administration or some charge is made against it by a particular group.

A tug-of-war has developed between OPA and enemies regarding extension of powers beyond its present life time. Officials claim a wild inflation and economic paralysis will develop should present ceilings and curbs be lifted.

An inflation is already here—not exactly wild as yet—but a considerable advance in living costs is with us. If the present strained condition of men's clothing, lumber, and other items is not a form of paralysis we do not know how to designate it.

Enemies of the OPA have called it many things, one of the latest being a "breeder of lawlessness."

People will buy things they need and want and since regular channels for many items are closed a brisk business is being done by more or less irregular methods. The term black market used to be somewhat of an epithet but is so in current usage as to be a popular conversational word.

OPA has accomplished some worthwhile acts during its history but seems to be going in a merry whirl now trying to adjust one thing to fit something else which in turn has had to be adjusted. We just don't get it.

WORDS AND PEOPLE

The right use of words means more than the eye can read. The man who scorns their importance often overlooks how their use or lack of use might reflect upon him. Words express ideas and ideas are people.

To illustrate: Two business men were heard to express similar views in regard to business during the war but they expressed very opposite characteristics in the two men. One said that orders on hand for invasion barges were large and "we hope that this will keep us busy for the rest of the year. The other man said that war orders already in his plant were sufficient to keep them busy, but everyone in the company hoped that contracts would be cancelled, "as we hope the war's end will make their manufacture unnecessary."

As a matter of fact, the first man is as patriotic and human and considerate as the second as the narrator of the story knows both men personally. But his words stated that he hoped the war would last longer so his plant would be kept busy. He would be horrified to know that he had expressed that idea.

Words express our thoughts—they deserve our closest attention.

HAPPINESS A COMMODITY

Happiness is a commodity which may be paid for at the time of purchase, or obtained through credit that is secured by a mortgage on the future. Interest is based on the quality of happiness and the length of the loan.—Matador Tribune.

The "haulways" are ahead in the land! Your new car is on order—or in your mind. And now here is why any car of yours should have an OIL-PLATED engine . . .

OIL-PLATING will shield your engine's insides. It seals fine-finished surfaces from lots of wear. And that's how to raise resistance against carbon, gum, and sludge.

An OIL-PLATED engine is yours for the asking. Simply insist on filling with Conoco Nth motor oil. Conoco Nth brings its added OIL-PLATING substance. This acts like net-like . . . joins lubricant durably to metal, so as to form protective OIL-PLATING! The process is the same in any engine. Though yours may not be new, this is an extra good time to OIL-PLATE it. For it needs a Special oil change and simply by getting Conoco Nth you'll get oil that OIL-PLATES—at a few cents' extra cost! Federal Crop Insurance Plan Explained By AAA Official

BY ROBERT H. GIBSON
Secretary Garza County ACA

On December 23, 1944 Congress authorized resumption of insurance on wheat and cotton and added flax as a new commodity. However, the wheat and flax insurance program does not apply to Garza county. Crop insurance is a non-profit program. The Government pays all administrative costs. But Congress has directed that the premiums paid in must

cover the losses paid out in order to make the Federal Crop Insurance Corporation a sound organization that farmers can depend on to be a permanent part of their business operations.

After a full year's operation under the revised program, the Corporation gives every indication of being that sound organization. During 1945, applications for cotton alone covered 113,000 cotton farms.

Some of the farmers were mighty glad to be able to fall back on the protection of their crop insurance. With market prices riding high during 1945, a farmer didn't have to worry too much about his income—as long as he had a crop to market.

But every year somebody, somewhere, suffers a serious crop loss. According to the Federal Crop Insurance Corporation's preliminary estimates, farmers collected on more cotton losses during 1945 than on any other insured crop. Damage was greatest in the Southwest.

Congress has strengthened the insurance program by providing for coverage of more crops. New experimental crops may be added to the list if sufficient risk data is accumulated. Although no new crops will be added in 1946, extensive investigations are being carried out for future insurance on potatoes, citrus fruits, and peanuts.

It was decided to concentrate again in 1946 on the program as it now stands to be sure the foundation is firmly laid before adding new crops. But the Corporation expects to recommend insurance on new crops soon. The more support the program gets now and the more farmers working to make the foundation firm—the sooner insurance can be expanded to cover more crops. And as the coverage expands, there is more security for farmers' incomes across the Nation.

Federal Crop Insurance is "all-risk" insurance to protect farmers against crop loss from practically all unavoidable hazards—Crop hazards which the farmer, now matter how skillful, cannot control; drought, hail, wind, frost, winter-kill, lightning, fire, excessive rain, snow, wildlife, hurricane, tornado, insect infestation, and plant diseases.

You may insure your crop up to seventy-five percent of the average yield. An average yield for a farm is determined on the basis of actual records or appraisals covering a period of years. In 1946, the actual records for yields were taken from the years 1938 through 1942.

The premium rate is established according to the production risks of the area and the percentage of the average yield that one wishes covered. No administrative expenses are included in these rates.

Your total premium is figured by multiplying the number of acres of the crop to be insured by the premium rate per acre and by the percentage interest in the crop. Where the premium rate is expressed in pounds, the cash

value of the premium is established on the maturity date of the premium rate unless paid before that date. The maturity date for Garza county is August 31, 1946. The price used will reflect as nearly as possible the local market price at the time the premium is figured.

Premiums may be paid in cash or by a note which comes due generally about harvesttime in the area. No interest is charged on the note until after maturity.

In the case of a loss, the County AAA office should be notified immediately in writing.

A certificate of indemnity is issued for the number of pounds of cotton due the insured farmer. The farmer may then return the certificate to the Corporation and receive its cash value. Or he may use the Certificate to obtain a loan from the Commodity Credit Corporation, if such loans are available.

Any landlord, owner, tenant, or sharecropper may insure his share of a crop. It doesn't matter whether the other shares are insured. Certain minimum participation requirements for the county must be met before any application can be accepted by the Corporation, the number required in Garza county being 50.

You must apply for insurance before you seed your crop, and before the closing date which is April 25, 1946. You may apply at your county AAA Office, or through any Federal crop insurance agent.

The 1946 contract will be in effect for the 1946 crop year and for each succeeding year, unless either the grower or the Corporation gives notice of termination. The notice must be in writing and submitted before January 31 in order to cancel the insurance coverage for the succeeding crop year. If any change made in the insurance contract affects the producer adversely, he may cancel later than January 31 as long as it is done before the closing date for filing applications. Otherwise, his insurance continues automatically from year to year.

The cotton insurance contract provides that a farmer who has carried crop insurance continuously (except for 1944 and 1945 crops and some other special cases) may obtain a reduction in premium for having a good loss record. The reduction in some cases might be as much as 50 per cent. Details can be obtained from the county committee.

The grower can insure his cottonseed by specifically applying for that coverage. His premium—and indemnity in case of loss—is increased by twenty percent when cottonseed is covered.

Fifteen contracts have been signed in Garza county covering twenty farms. Fifty farms must be covered before any contract is accepted by the Corporation. Don't wait until the closing date. Come in and apply now.

CONCRETE BLOCKS ARE GAINING WIDE FAVOR

Concrete blocks are being used quite extensively for building material these days. The new material is gaining wide favor in this section.

W. H. Stephenson and son, A. C., are giving some important information to the public in an advertisement in this week's paper. Mr. Stephenson is inviting the public to talk over building problems with him and his son.

The concrete block manufacturers are located on the Snyder highway across from the Highway grocery store.

Open Letter To Graza Theatre Patrons

The prices now being charged for motion picture entertainment in Post are the same as before the war. During a time that everyone has received more money and enjoyed materially increased prosperity, they have also enjoyed the very greatest in entertainment at low pre-war prices.

The expense of theatre operation—everything, motion picture films, salaries, supplies, equipment, repairs, advertising—has increased. Some of them as much as two hundred per cent. All of this extra expense has been absorbed by the theatres. While the entertainment is the best it has ever been, the prices remained at a minimum and are the lowest prices anywhere in the country.

It is no longer possible for us to absorb the continually mounting costs and we find it necessary to make a slight increase in admission prices.

We believe you will agree that the citizens of Post and surrounding territory have, and are receiving the very finest entertainment possible at lower admission prices than anywhere and that this slight necessary increase is justified.

Starting Sunday, April 7, the prices will be: Adults 40c; Students 30c; Children 12c. These prices include Federal Tax.

A special notice to the Students—You must present your "Student Special Admission" card when purchasing your ticket. This is a "must".

For the future, we promise to furnish the "TOP" entertainment offered by all the leading Hollywood studios, with service, conveniences, and comfort maintained at the highest possible level.

Your patronage of the past is greatly appreciated, and we hope the outstanding shows to be offered in the coming weeks will continue to merit your visits to the theatre more often than ever.

REQUEST BEING MADE TO COUNTY AGENT TO HAVE COWS TESTED

A veterinarian will be called to Garza county if sufficient number of requests are made by stock owners to have cows tested for Bangs disease, reports County Agent Frank Eaton. Already twenty-five cows are listed for tests, but at least fifty are needed to warrant requesting a government veterinarian.

Bangs disease is caused by the Brucella abortus germ and is the cause of over \$30,000,000 losses to dairymen in abortion, sterility and diminished milk and meat production, explains Eaton. It is introduced into healthy herds primarily by the addition of infected cows or infected pregnant heifers. The germ also causes undulant fever in human beings and is conducted through using the milk of infected cows or in handling of infected cows.

Stock-owners interested in having their cows tested should contact the Agent immediately and list the number of cows to be tested and the exact location of farm.
