## POST FOLKS AT WORK:

Found hard at work unloading a truck, Tom Bouchier, manager of Higginbotham-Bartlett Lumber Company, paused briefly for the Post Dispatch photographer—but only after insisting that a picture first be made of four or five employees who were assisting him.

The other picture was not successful, hence this picture of Bouchier. A member of one of Post's pioneer families, Bouchier has had a career as both a civic and business leader. His pet interests at present are the school system and athletic activities.

## Weekly Cash Prizes To Be Given For Best News Tips

With the busiest time of year rapidly approaching, news is popping everywhere — and the Post Dispatch doesn't want to overlook a single item. Beginning with next week's issue, the Post Dispatch will offer a weekly prize of \$2.50 for the best news tip submitted for the current week. In event more than one person telephones or writes in the same tip, the prize will be given to the first person submitting the tip. It is not necessary to know all the details. Just tip the Post Dispatch editorial staff off as to the nature of the news, and you can qualify for the prize if you are the first to submit the tip. When telephoning or writing, be sure to say you want the tip entered in the contest. Letters should be addressed to the News

## Family Party To Be Given Nov. 16 At High School

The Post Truck and Tractor Company has announced November 16 as the date for its second annual Family Party, beginning at 7:30 p.m. in the Post High School auditorium.

The International Harvester Company has made it possible for the local firm to engage an outstanding stage show as a feature of the free entertainment. Appearing here in person will be a magician, Louise Terry; an acrobatic dancer, Eunice Lake; a "musical nonsense" artist, Billy Beckett; Ross Harvey, who is advertised as being "tops in taps"; Millie Bullin, who will entertain with popular accordion music, and a singing master of ceremonies, Wally Sands. In addition to the stage show, there will be several color movies shown, including educational and travel films, comedy and other features. There will be no admission charge.

A capacity crowd attended the Post Truck and Tractor Company's first Family Party last year, and had lots of fun.

## African Adventure Film To Be Shown Friday, Saturday

Post residents who have seen W. G. McMillan's "African Adventure," 90-minute film which he made on a four-month expedition last year are looking forward to seeing it again when it is shown here Friday and Saturday nights in the Post High School Auditorium under auspices of the Post Lions' Club.

The picture was made by a Lubbock architect and building contractor whose hobby is big game hunting. He explained, before setting out for British East Africa where the film was made, that he started making plans for the trip when, as a small boy, he was engaged to carry water for circus elephants. Impressed with their huge size and thirst and the high intelligence of the beast,

## Lions Club Hears Of 4-H Members Accomplishments

Members of the Lions Club, meeting at the City Hall Tuesday night, heard an interesting program on the accomplishments of the Garza County 4-H boys.

E. E. Pierce, program chairman, introduced the district and county 4-H president, Carter Gene White, who presided. Alvin G. Davis discussed accomplishments of the boys since 1943, during which period they have won a major portion of state contests.

The Garza agricultural agent, Robert H. Gibson, interviewed Noel Keith White on his 4-H plans for next year. Noel Keith reported that his Sears pig, which weighed 32 lb., when he received it June 5, now weighs 125 lb.

Gibson showed the color film which John Lott made of the 4-H show and Junior Redee in

## Stock Market Is Suffering From Election Slump

Nervousness over reports that the Truman administration plans to increase taxes and impose price controls at the next session of Congress appeared to be major factors in the post-election slump of the stock market, the International News Service reported yesterday.

The stock market broke sharply Tuesday for the third time since the General Election. Leading issues slumped from one to nearly five dollars a share to their lowest levels in seven months.

The Dow-Jones industrial averages declined \$4.25 a share, and railroad averages sagged \$2.37. Utilities were off 52 cents a share.

## Post Relatives Attend Funeral

Mrs. C. E. Roberts of Ft. Towson, Okla., mother of Mrs. Pearl Waters of this city, died at her home at 11:45 o'clock Saturday night. Funeral services were held at Ft. Towson at 4 o'clock Sunday afternoon, and burial was at Valliant, Okla.

Mrs. Roberts' grandsons served as pallbearers. They included Cecil, Elijah, Paul and Amos Foster and James Waters, all of Post. Others from Post attending the funeral were Mrs. Waters, who was at Ft. Towson at the time of her mother's death, and Mr. and Mrs. Roy Etheridge. Mrs. Etheridge was Mrs. Robert's niece.

## Annual Financial Campaign For Boy Scouts Opens Here

Eighteen business men met for breakfast at the City Hall at 7 o'clock Tuesday morning to kick off Garza County's portion of the drive to raise funds for the 1949 program of the South Plains Area Council of the Boy Scouts of America.

Although no definite quota has been assigned to Garza County, the 18 men attending the breakfast agreed to the responsibility of contacting at least 10 per cent of the people for contributions this week.

The committee consists of Sherrill Boyd, finance chairman, and Lowell Short, Dr. B. E. Young, Judge J. Lee Bowen, J. D. McCampbell, Bobby Collier, Bill Land, Paul Jones, John Lott, Al-

ex Webb, Percy Parsons, Cecil Osborne, Jr., James Minor, Ted Hibbs, Robert Gibson, Wallace Barnett and Monta Moore.

Bill Postma of Lubbock, South Plains Area Council executive officer, attended the breakfast and explained the council's 1949 budget. He said that 47 communities in the area are launching fund raising drives this month. Thirty-one of the communities had their kick-off breakfasts Monday and nine communities opened their drives on Tuesday. The other seven will launch their campaigns next week.

Anyone wishing to assist with the drive in any way is invited to contact one of the above committee members, Boyd said.

## Armistice Day Is Holiday In Post

As Armistice Day is a holiday for Post merchants, the Post Dispatch is out early this week. Today is only a half holiday for the Post schools. The students will attend school until noon, then be dismissed for the football game in Slaton.

## Booster Club To Meet On Monday

The Antelope Booster Club will not meet again until Monday night, at 7:30 o'clock at the high school. President Marshall Gibson desires that a large crowd of Antelope Boosters attend the meeting, as it will be important. At the club meeting last Thursday night, the selection Malouf was the outstanding backfielder and George Pierce was the outstanding lineman in the game with Levelland. Calvin Storie was reported as runner-up. Malouf and Pierce were presented with a gift from Collier Drug Company and Herring's respectively, and Storie received a similar gift from Coach V. F. Bingham.

## Magician Booked For December 18

Dr. Gaffney, a master magician of national reputation, and his staff of entertainers have been booked by the Post Rotary Club for a benefit performance in the Post High School auditorium on December 18. Time of the entertainment will be announced later.

Proceeds from the entertainment will go to the Boy Scout Troop 16.

## Look Who's New

A daughter, Joy Lee, was born to Mr. and Mrs. R. M. Thomas of the Grassland Community at 12:30 p.m. last Thursday in the Lubbock Memorial Hospital. She weighed 7 lb., 10 oz. Mrs. Thomas is the former Dorothy Parker. Mr. and Mrs. H. A. Watson, Jr., of Lubbock are parents of a daughter, Danis Dee, born at 9:38 p.m. Saturday in the West Texas Hospital in Lubbock. Mrs. Watson is the former Lanelle Sims of Post. Mr. Watson is a brother of Mrs. Clint Herring.

Mr. and Mrs. Samson Gilliland of Southland are announcing the birth of a daughter, Sandra Kay, in a Lubbock hospital on November 4. She weighed 6 lb., 6 1/2 oz.

Mr. and Mrs. Homer Craft of 1 Central Street, Nahant, Mass., are announcing the birth of a daughter, Veta Clare, on November 1. The baby weighed 8 lb., 5 oz. Mrs. Craft is the former Mary Helen Robertson.

## Garza 4-H Boys Win Honors For Excellent Work

Three Garza County 4-H boys have been announced this week as winners of outstanding state and national honors, County Agricultural Agent Robert H. Gibson said yesterday.

Alvin G. Davis, who is now attending Texas Technological College in Lubbock, winner of the state leadership prize, will be presented with a gold watch. His records have been entered in two national leadership contests, which are now being judged. The award in one of the contests will be a two-year scholarship and the award in the other is a trip. The national winners have not yet been announced, Gibson said.

E. P. Wicker, Jr., of Southland was announced this week as state winner of the annual Santa Fe award, which entitles him to a 10-day trip to the annual National 4-H Congress in Chicago, November 26-December 3. All expenses will be paid by the Santa Fe Company. Wicker won the award mainly with his dairy cattle projects.

Carter Gene White, the Texas Extension Service announced yesterday, placed in the high three in the state field crops contest. He is an alternate for the trip to Chicago. Both White and Davis won trips to last year's 4-H Congress.

Monday night's freeze killed all the cotton and late feed in the county, County Agricultural Agent Robert H. Gibson said Tuesday. About one third of the cotton had been harvested by that date, he said.

## Cotton Season In Garza County Is Drawing To Close

By the weekend, Gibson expected to see the remainder of the harvesting under way with mechanical harvesters. There are enough harvesters in the county to accomplish the job in a short time, the agent said.

Harvesting of late feed also should be finished within a few days, he said.

## W. R. Postma Outlines Plans For Camp Post

W. R. (Bill) Postma of Lubbock executive officer of the South Plains Area Boy Scout Council addressed the Rotary Club Tuesday noon at the City Hall, outlining the three-year program of improvement which is to get under way this week at Camp Post.

He said the contract had been let for a \$25,000 swimming pool and the construction is to get under way this week. The three-year program calls for the construction of three or four more buildings on the campsite.

## Large Crowd To See Post Play Slaton

In 1928, the Post Antelopes rolled the Slaton Tigers 13-6 for their last victory until 1946, 18 years later when they broke the jinx with another 13-6 score.

The jinx was almost broken in 1945 when the Antelopes had outplayed the Tigers from the starting whistle until late in the second quarter, a "quick kick" while the Antelopes had their backs to their own goal posts—gave the Tigers a 2-0 score.

Post lost two games to Slaton in 1944, 19-6 on October 27 and 18-7 on November 3. It was the first time since the beginning of the war that the teams had met each other.

Although rivalry between the Antelopes and the Tigers has been keen since the beginning of football in the two towns, the competition reached its highest pitch in 1946 when Slaton and Post acquired Coaches Clarence Tillery and V. F. Bingham, respectively, who had been great buddies and outstanding football players at Texas Technological College in Lubbock.

There was a bit of good natured rivalry between the two coaches, and there still is. Bingham's Antelopes broke the 18-year jinx that first year of his coaching here. Last year, the Antelopes defeated the Tigers again, by a score of 21-7.

Although the Antelopes—like Dewey—have been picked by the area sports writers and football authorities to win, Bingham is not so sure.

And although the Slaton Slatons last week moaned that "Slaton's battered and crippled Tigers meet the undefeated Post Antelopes Thursday," the Antelopes are not over-confident.

Slaton rested last weekend, recuperating from four consecutive losses away from home. A good portion of the Slaton citizenship was in Post Friday night, watching the Antelopes battle the Cowhands.

A week of rest, recuperation and observation can do a lot for a football team, particularly when its coach is Clarence Tillery whose professional pride demands that his boys defeat Bingham's men this year.

The game will be played at 2:30 o'clock Thursday afternoon at Slaton. Tickets will be 35 and 75 cents each.

The Post fans will sit on the east side of the stadium. There are no reserved seats.

As Thursday afternoon is a holiday in the Post schools and all day is a holiday in the business district, it is expected that a large crowd will journey to Slaton to see the game.

## Llano District To Have Pow-Wow At Camp Post Sunday

Parents, Senior Scouts, Boy Scouts, Cubs, leaders and anyone else interested are invited to attend the first annual Llano Boy Scout District Pow-Wow Sunday at Camp Post, beginning at 1 p.m. with a business session.

A program, beginning at 2 o'clock, will be followed by a basket lunch about 4:30 o'clock, church service at 5:30 o'clock and a campfire. Everyone attending should bring a basket lunch.

Scouting skills will be demonstrated to the parents during the Pow-Wow.

A large crowd is expected, as Tahoka Scouts have already sent word that they are bringing at least two people for every person the Post Scouts bring to the Pow-Wow. The Llano District consists of Garza and Lynn counties.

## Kirkpatrick Shop Will Open Monday

The public is invited to visit the new Kirkpatrick Automotive Electric Shop, on Main Street across from the post office, which will be open on Monday.

Although the shop will not be ready for business by Monday, the equipment will be there for the public to see and the owner, Ralph Kirkpatrick, and his staff will be there to get acquainted with the public.

GETTING OUT On The LIMB By EDDIE the EDITOR

I've really caught it in the neck for not praising the Post Antelopes to the skies before every ball game this season.

ROGER W. BABSON WRITES THIS WEEK:

Incentive To Work Brought High Standard Of Living

New York City — One of our great national headaches today seems to be getting our production to rolling and maintaining it at a good level.

Daily headlines in our own newspapers read, "Carpet Manufacturers Announce Price Increases to Offset Higher Costs of Materials."

French cabinets have fallen by the dozen over the question of labor-management problems, and wage and price controls.

The recent Trade Unions Congress assembled at Margate, England, suggested that union-

ists were bitterly disappointed over the Labor Government's unfavorable reaction to another round of wage rises.

There is something fundamentally wrong with our moral fibre when demands for one pay hike after another follow with thought only of shorter hours,

longer vacations, less production, and more pay. That kind of thinking did not make America great. It was not responsible for Britain's world leadership during the eighteenth and nineteenth centuries.

Need Increased Production When I was a kid the good old-fashioned incentive system was based on more pay for more or better work.

ford to buy houses and furniture for cash because he had shared in the profits of greater productivity.

I realize the incentive system has been abused by some managements with hide-and-seek incentive hocus-pocus.

formulate legislation. The solution lies in a character. And when I see Sunday School goodie either, I'm thinking of a tude of fairness which is possible to see the other problems.

Garza and the World

By EVELYN BOYD

Last week's Garza and the World column was written several days before the Boyds departed for a two week's vacation on October 16.

My predictions, I'm afraid, were flavored with too much wishful thinking. I don't like socialism, graft, dictatorship and goldbricking.

All three of my local readers came in to sympathize with me last week. One would think that I alone, in the nation, lost an election.

There's hardly a newspaper or magazine in the nation that didn't fall for the over-confidence that marked the Republican campaign.

The nation's writers—from every hillbilly village to the metropolitan areas—have been hunters this season.

Remember when the duck season found me out of town every weekend? Those were the days!

Grey hairs, a "bay window" and the worries that go with carrying on a business in times like these are not as dreary as they could be.

THE WOMEN, God love 'em! Having too much money not only goes to a woman's head, but it finds its way to her back.

knocking themselves out trying to justify the shocking election results, and reams of copy have been written and published.

Labor, of course, has steadily been taking the upper hand of the American people since the NRA days of Roosevelt's first administration.

We are now entering the obvious stage of our gradual socialization here in this country. We will begin to realize it where it hurts when our income taxes begin to soar above unprecedented levels.

One of my three friends was having great fun kidding me on Wednesday of last week. He said: "Don't you feel that you have been a bit radical in your writings of the past year?"

I am not as radical as I sound, however. I am an amazingly gullible person. I still have faith in the American people, and—although I am sure that we are headed for Socialism in a more obvious form than we now have it—I don't believe the people will take it for long after they once wake up to their loss of freedom.

The Americans are a freedom loving people. They will have their freedom or else. They are gamblers, also. Right now, they are wagering their very livelihoods in the hope of maintaining their present high standards of living and even rising to greater heights.

So, I hope, our Socialism isn't a permanent thing. The next four years will tell.

My advice, right now, is to capitalize as much as possible during these "good times" and turn our profits into something stable, something that nobody can take away from us when the going gets rough.

What Our Contemporaries Are Saying:

IT SEZ HERE—The President and Congress have a clear mandate from the common people. They owe nothing to anyone but the overall crowd.

would put everything I have into labor-saving devices in preparation for a day when the surplus of manpower is 1) in the army, 2) working for a war plant, 3) employed by the government or 4) on strike.

If I were a laborer, I would put everything above my actual living expenses into a well-equipped, debt-free home and I would work ceaselessly to become an expert in my line.

The same advice goes for the white collar workers and the professional people, many of whom will be the hardest hit victims of Socialism.

We have about four years in which to think the above advice over, but now is the time to start preparing.

out of the black market; repeal of the discriminatory federal tax on oleomargarine; continued price support for farm products and new appropriations of public power projects; no drastic cuts in excess profits, corporations or income taxes until the national debt is pared down; and a change in the conduct of the un-American Activities Committee that has to date been but a machine for smearing the good names of a lot of fairly innocent people.

JUST TALK — November 11 will be Armistice Day and most towns will observe it as a holiday. To me it seems that November 11 lost its significance when the Second World War started and it seems that if we were celebrating November 11 as a victorious end of the First World War we are observing a victory that was not a victory.

HELPING STALIN — Knowing that Harry Bridges is back of the oil refinery and longshoreman strikes in California, it is not hard to place the why. It is just a concerted effort along with the strikes in France, Italy and other places to discredit the efforts of the United Nations to bring about peace in the world.

REVISE ELECTION LAW — Governor Jester came out with a last minute statement that the next session of the legislature should do something about the outmoded election laws of Texas.

work on a tough proposal which will be so unpopular as election law revisions. But it should be done this coming January.

CURRENT COMMENT — An indication of firm business is witnessed over West Texas and the nation, for example, in the way prices for used cars are holding up.

Note that the dealers are yet advertising for used cars with the idea of paying "top prices."

A release at mid-week reveals that the dealers are yet advertising for used cars with the idea of paying "top prices."

The only thing he can say is, "For Armistice Day, your car checked by CONNELL CHEVROLET COMPANY."

**Wood Finishes In Furniture May Be Easily Combined**

Don't be afraid to combine woods and finishes, say furniture men in Post and decorators everywhere. Many interesting changes have taken place in wood finishes since the war and the results make it possible to combine various types of wood with pleasing results.

At Hudman Furniture Company you will find furniture in walnut tones ranging from a soft grey "bayleaf" brown to a deep, rich nut shade typically of beautiful American walnut.

Mason and Company has in stock many beautiful pieces of mahogany. This wood has been in commercial use for creating fine furniture since 1790. Manufacturers now are creating many pieces in bleaches as well as the dark wood. Decorators frequently use a single piece of light mahogany as an accent note with the dark sherry mahogany furnished group.

Oak takes on new importance as new grains bring out the beauty of wood. N. J. Lanotte Furniture store has in stock a number of new pieces of the ever-popular oak finished pieces. Cherry and maple go well together and the fruitwood finishes are a beautiful compliment to maple. Maple furniture can be found in all three stores in Post but fruitwood, through increasing in popularity in this country, has not been stocked to any great extent by local stores.

Mixing of woods adds variety and interest to a room and is just as important in decorating as select, g the right pictures and accessories.

Shop Post furniture stores for fine furniture, all three have a wide stock and personnel of the stores are anxious to help you with your furniture problems.

If you have trouble with the fruit product rising to the top when you're canning, there's a reason for it. Fruit may float because the pack is too loose or the syrup is too heavy. Another reason may be that all the air in the fruit tissues may not have been cooked out.

### Last Year You Paid An Average Of \$362 In Compulsory Taxes

W. F. Presson, city tax collector, and other tax men, whether city, county or state, are reminding tax-payers that now is the time to PAY UP.

While on the subject of taxes here are some figures you readers might be interested in:

The Commerce Department reports the total tax paid to Federal State and Local government, for the fiscal year, amounts to \$362 for every MAN, WOMAN, CHILD in the United States, even though your figures don't tally. It is surprising how ignorant some of us are on the subject of taxes. This \$362, according to the report we read, covers some hidden taxes.

When you buy clothing, pay rent, purchase groceries, we pay direct tax. The income, sales, gasoline, cigarette tax we recognize, but forget the tax we pay for bus rides, phone calls, electricity, etc.

Taxes — Yes, we pay them, count the cost, grumble but don't fully understand them.

### Letters From The Readers

Dear Post Dispatch Friends: I have meant for some time to write you a "fan" letter but I get so involved in cooking, dish-washing, cleaning house, and clothes mending that time goes by.

We certainly read the Post Dispatch, line by line, now. It is really news, even though we do not get it until Saturday or Sunday morning.

We want to tell you how much we appreciate your editorial columns. It takes lots of time and thought to prepare them and we just want you to know that we like them. Since we are away from home the paper means lots more to us. I always read it because I had a personal interest in the publication and now it is the "hometown" paper for sure.

We are liking Fabens but it is so much different in looks and ways, we feel almost like we are in another country. I have to keep reminding myself that I am still in Texas.

Bill Fumagalli is to play with the NMMI polo team in the International Tournament in El Paso during the Fort Bliss Centennial celebration. His picture was in the El Paso paper.

By the way, you probably noticed the news item about Los Alamos, N. M., wanting to be annexed to Texas. In event you didn't, I'm enclosing a little blurb from the El Paso Times.

Best regards,  
Bonnie Cearley, Fabens, Tex.

(EDITORS NOTE: Thanks for your good letter, Bonnie. We had noticed the news about Los Alamos and had attributed it to B. J. Edwards' homesickness.)

### Cattle Should Be Fed Extra Portion Of Vitamin Foods

Texas cattle, both beef and dairy, face a hard winter. In average years cattle enter the winter months in good shape after feeding on green grass. This year, however, many cattle are already suffering from a lack of the green feed. There just isn't any to be had.

Many cows that are now carrying calves may not be quite up to the task of giving birth and taking care of their young, says Dr. W. C. Banks, extension veterinarian of Texas A. and M. College.

Banks suggests that stockmen plan a good feeding program for the cattle. In addition to protein feeding, plenty of good quality hay should be kept on hand. And, if possible, hay with a good, green color is recommended. If you can't get green hay, Banks suggests getting some other source of vitamin A to add to the ration.

Only in a well planned feeding program, can we expect to keep down the death losses of both cows and their calves, says Banks.

## Post Loses Game And Wins One In Basketball Here

The A team of the Post High School basketball girls wallowed Loop 20-12, while the B team lost to the visitors in a final score of 19-24, here Tuesday night.

The B game was unreelied at 7:30 o'clock with Am Floyd, Peggy Johnston and Margie Freeman setting the pace for the locals as forwards and Shirley Schmidt, Daisy Holly and Barbara Lusby taking the guard positions. Verna Dell Long and Virginia Carey soon took over two of the guard positions and Long stayed for the remainder of the game.

Freeman, who was high pointer with 8, was followed closely by Floyd who racked up 7. When the whistle blew at the half the locals were crowding the

## Eight Antelopes On Injured List For Tiger Game

With eight boys on the crippled list, the Post Antelopes are feeling somewhat handicapped as they view the prospects of meeting Slaton Thursday afternoon on the Slaton field.

Despite Slaton's recent four consecutive losses, the Tigers will play with full strength Thursday for the first time since three of their outstanding players, Morgan, halfback; Moore, tackle, and Taylor, quarterback, were injured several weeks ago in the game with Tahoka. All three of the injured Tigers will be back in Thursday's game.

The injured Antelopes (Coach V. F. Bingham said yesterday that it would be easier to count the boys who are able to play) are Jimmy Smith, Calvin Storie, Junior Malouf, A. J. McAlister, Roy Teaff, Ronnie Bouchier, Jerry Odom and Buddy Hays. Odom, who has a broken leg, definitely will not be able to play. Malouf, Bouchier and possibly some of the others are expected to play part of the time.

Because of the injuries, mostly sprains and muscular injuries, the Antelopes have not been working out at all this week, except for calisthenics, Bingham said. "We are really expecting a difficult game," he said.

The tentative starting line-up for Post was announced by Coaches Bingham and Vernon Ray as follows:

Billy Smith, center; Donald Carpenter and Jimmy Puckett, guards; Maurice Stelzer and George Pierce, tackles; Maurice Fluitt and Roy Davis, ends; Charlie McGuire, quarterback; Bobby Pennington, left half; R. E. Josey, right half, and Ronnie Bouchier, fullback.

According to last week's Slatonite, the tentative line-up is Voight and Perry at ends; Williams and Moore at tackles; Melcher and Rhodes at guards; Dawson at center, and Bybee, Morgan, Smith and Strickland in the backfield.

visitors 10-13, but caught several bad breaks in the latter half underdogs by 5 points. Mariethel Hunt stole the show for Loop as she hit the basket for 15 points.

Coach N. E. King started Joy and Janet Stewart and Alice Ruth Carr as forwards in the A game and Frances Benson, Clella Buster and Mary Nell Bowen as guards. Alice Ruth Carr, who took the scoring honors with 8 points, was followed closely by Janet Stewart who racked up 7 and Joy Stewart who contributed 5. The Post girls lead the visitors all the way and were 6 points ahead at the half. High pointer for the visitors was Billie Smith with 6.

## Educational Films Shown To Children

Educational films are being shown this week in several Post Grade School rooms. Mrs. Lillie Kitchen and Mrs. Clair Dabney are showing films on Teeth and their Care and the Honey Bee.

Mrs. Maxine Presson is using in a history class a film on the discovery and exploration of America.

## Antelopes To Play For Championship Of District Soon

Regardless of the outcome of the Antelope-Tiger football game in Slaton Thursday afternoon, Post will have the championship in the south half of the District 4-A conference and will play the champion of the north half the latter part of next week for the district championship.

The game possibly will be played either in Post or in the Texas Tech stadium in Lubbock. Details are to be worked out after the game between the Levelland Lobos and the Littlefield Wildcats Friday night at Levelland.

The Lobos are undefeated in north 4-A competition, even though they have bowed to the Post Antelopes in a non-conference game already this season. Although Levelland is a heavy favorite to cop the north half title, Littlefield's gridders could move into a tie for the lead with an upset victory over the defending regional champions.

Here are the district standings:

North Half			
TEAMS	W	L	Pct.
Levelland	4	0	1.000
Littlefield	3	1	.750
Sundown	3	1	.750
Sudan	2	2	.500
Muleshoe	0	4	.000
McDon	0	4	.000
South Half			
TEAMS	W	L	Pct.
Post	3	0	1.000
O'Donnell	2	1	.667
Slaton	1	2	.333
Tahoka	1	2	.333
Seagraves	1	3	.250

## Antelopes Defeat Cowhands, 19-0

Post's undefeated and untied Antelopes found the going easy last Friday night when they tangled with the Lubbock Cowhands in a non-conference game at Antelope field.

Using mostly second stringers during the greater part of the game, the Antelopes piled up a 19-0 victory over the Cowhands to mar their undefeated season's record.

Junior Malouf scored three of the four touchdowns during his "ins" in the game. Malouf, like most of the first stringers saw most of the game from the bench. All of the scoring was in the first period of play.

## Activities Planned by Rainbow Girls At Meeting Saturday

Geraldine Dunlap was installed into the office of Immortality at a called meeting of the Rainbow Assembly Saturday night in the Masonic Hall.

December 11 was set as the date for a "country store" to be sponsored by the assembly.

It was announced also that the Rainbow Board members will entertain members of the assembly and their friends with a wiener roast Friday night. The assembly also made plans for a breakfast on November 13.

The regular meeting of the assembly, on December 6, will visit the Slaton Assembly. All who wish to make the trip should contact the mother adviser, Mrs. Julius Fumagalli.

All members are urged to attend the Rainbow initiation on November 22. The girls, wearing formal, are asked to meet at 7 o'clock that night at the Post Art Studio, where they are to have a picture made.

### Guys And Gals

—by gay nellie

Johnnie Cato and Jean Gary of Lubbock visited Johnnie's mother Sunday.

Agnes Windham and Stanley Butler are being seen together quite often.

Miggie Graham of Amarillo came down over the weekend to visit her parents.

Bonnie Cupp with her boss Gladys Hyde, and Mrs. Alice Parsons, spent the week in Dallas marketing.

Mary Etta Norman, a Jr. student at Tech, spent the weekend here.

Because kids are not allowed to smoke in school, Eugene Ford was forced to put away his two pipes and a cigarette while in H.E. Class Monday.

Gertrude Ward did some worrying over the weekend and all because of a joke her boss had dreamed up. And bosses can dream up some good ones! When she left the West Texas Gas Co. job at noon Saturday, she found a ticket in her car for not parking properly. (She had used only four of the parking spaces that are marked off in front of the office). On Monday she reported to the City Hall as per instructions on the ticket, and offered to pay her fine, before she realized she was the victim of a joke that had taken a lot of time for Dick to think up.

Melba Miller was home from Amarillo over the weekend and brought a girl friend, Myra Wagner, and Myra's mother with her. Melba is secretary to the President of Plains Machinery Company in that city.

Robert and J. G. Cash are "batching" again while their mother is visiting with Harriet in Wichita Falls.

Norma Hudman is a nominee for Tech Beauty, we haven't heard the verdict yet, but we think that she should win whether she does or not!

You will note the head on the Barnum Springs-Hartford Community no longer reads Carroll Jean Long, as she is now Mrs. Benny Huff.

## G. T. Mason, Jr., Is Honored On Birthday

G. T. Mason, Jr., who has been a polio patient in a Dallas hospital the past three months, celebrated his third birthday at the hospital Sunday. He enjoyed gifts that had been sent by friends in Fort and a birthday cake which his mother had baked and decorated with three pink candles. The cake was served with punch to G. T. and his parents and 16 little hospital patients. Games were played afterward.

## Rotary Governor Will Visit Post Monday, Tuesday

The Post Rotary Club will welcome Dr. Ira E. Woods of Littlefield, governor of the 127th District of Rotary International, which includes 35 Rotary Clubs in Northwest Texas, Monday and Tuesday of next week.

He is coming here to advise and assist President Glenn Kahler, Secretary Lewis Nance and other officers of the club on matters of club administration and Rotary service pertaining to club administration and Rotary service activities. He is one of the 180 District Governors of Rotary International who are supervising the activities of some 6,500 Rotary Clubs which have a membership of 315,000 business and professional executives in 90 countries and geographical regions throughout the world.

Wherever Rotary Clubs are located, their activities are similar to those of the Rotary Club of Post because they are based on the same general objective—developing better understanding and fellowship among business and professional men, promoting community-betterment undertakings, raising the standards of business and professions, and fostering the advancement of good will, understanding and peace among all the peoples of the world.

Each year, this world-wide service organization continues to grow in numbers and in strength. During the last fiscal year, 278 new Rotary Clubs were organized in 34 countries of North, South and Central America, Europe, Asia, Africa, and the Islands of the Pacific.

Dr. Woods will arrive here Monday afternoon. At 7:30 o'clock that evening he will meet with directors and committee chairmen of the local club at the City Hall. He will spend Tuesday morning visiting the Post business men, then he will attend the regular Rotary meeting Tuesday noon.

## Take Half, Leave Half Grazing Said To Improve Cattle

A simple rule of taking half and leaving half of the grass on range land, as followed by some ranchers, has proven itself to produce the largest returns in pounds of beef.

Recently the Spur Experiment Station reported results from a test run from 1942 to 1946. Calves made an average gain of 168 pounds on pasture where just enough cattle were grazed to take half the grass. The other half was left on the land to conserve water and soil.

In comparison, this was more beef production than when a fourth of the grass was left, or even more than where all of the grass was used.

This "take half and leave half" method of grazing, allows the farmer or rancher to select out his best mother cows. He will have fewer cows to winter, yet come out at round up time with more pounds of beef of a higher quality to send to market.

Across the line, in New Mexico at the College Experiment Station, they found cows that were kept at 1000 pound average weight and producing 400 pound calves at weaning age used feed most efficiently.

Even under the best conditions, about 70 per cent of the feed a cow consumed was used in maintenance.

When grass is thick enough to cover the soil, a cow travels less to get her fill.

## BITS OF NEWS

Mrs. Gladys Hyde and Mrs. Alice Parsons left Sunday for Dallas where they are buying merchandise for their respective ready-to-wear stores. They are expected home today.

Mr. and Mrs. Dick Woods went to Brownfield Saturday night to get the fifty dollar prize money that Mrs. Woods won at the recent Brownfield fair.

Mrs. Bill J. Davis arrived here Tuesday for a visit with Mr. and Mrs. W. L. Davis. Bill J. joined her here over the weekend. They returned to their home in Austin Sunday night.

Ray Ownbey and small son of Oklahoma City, Okla., are visiting here in the home of Mr. and Mrs. Mitchell Bowen.

Mr. and Mrs. Bertram Henderson of Port Arthur spent the weekend here visiting his mother, Mrs. Will Barton.

## Justice Shop Is Sold To Ed Sims

The Justice Shop was sold Saturday by Mrs. Della Justice to Ed Kelly Sims, who plans to operate it with the same lines of gift items and ready-to-wear. Although the shop is open for business this week, it had not been renamed by press time.

Sims bought the building and stock of silver, pottery and gift items. He did not buy Mrs. Justice's ready-to-wear merchandise, however. He has bought, instead, new wearing apparel for spring. It will begin arriving here in the near future, he believes.

Mrs. Justice, who recently opened a ready-to-wear store in Borger, is moving there in the near future. She sold her home to Lewis Nance.

She is at market this week.

Mr. and Mrs. Billy Crump of Lubbock spent the weekend here visiting in the home of his parents, Mr. and Mrs. Deibert Turner.

Mr. and Mrs. Raymond Griffith and family of Midland spent Sunday here visiting in the home of Mr. and Mrs. W. S. Johnson.

**Children Donating To Jr. Red Cross**

Children of the public schools in Garza County this week were bringing free will offerings to school for the Junior Red Cross drive. Mrs. Nola Brister, county finance chairman, said yesterday.

Boxes to be sent to school children overseas will be packed next week. They will include toothpaste, tooth brushes, handkerchiefs, soap, small toys, crayons, etc. The boxes did not arrive here in time for packing this week.

Mrs. Brister said the Post Grade School received a number of thank-you letters from children in foreign countries after last year's boxes had been packed and sent. Some of the children also sent pictures of themselves and families.

**FIVE FINES PAID**

Justice of the Peace Jim King said this week that two people, a Mexican man and a woman, each paid a fine of \$1 and costs for drunkenness over the weekend. Three highway violation fines of \$10 and costs each were collected also during the past week. Two negroes, charged with disturbing the peace, had not appeared in justice court by press time.

Dean Robinson said this week. This includes 29 Post teachers, eight Southland teachers, three Graham and three Close City teachers, two Garnolia teachers and one teacher at Justiceburg, one at Verbenia and one at Grassburr.

The ancient Greek name for Greece was Hellas.

Guess who? She has blue eyes, wears glasses, has light hair, is short and in the seventh grade? Answer in next week's column.

The Grade School Basketball Teams have been organized with about 30 girls and 25 boys playing. Plans have been made for games with Graham and other schools of the county.

The girls will wear T shirts and blue jeans to the games, they decided.

**Third Graders Make Field Trip Tuesday**

Mrs. Maurine Lackey and 26 of her Grade 3-2 pupils made an educational field trip to the Santa Fe Depot and the bus station Tuesday, as a culminating activity in connection with their geography class study of transportation.

J. A. Stallings, Santa Fe agent, answered questions for the pupils regarding the Santa Fe transportation system in the United States. Among other things, he told the children that the Santa Fe Company employs 15,000 women and 120,000 men in the United States and has 15,000 miles of track.

Mrs. Lackey is a member of the Texas Tech extension class on Audio-Visual Education which meets on Monday nights here. She plans to show a film on transportation to her pupils in the near future.

CHANGE OF OWNERSHIP OF

**JUSTICE SHOP**

I wish to take this means of announcing that I have purchased the Justice Shop Business, Building, Fixtures and Merchandise, and will in the future operate the business under the styling of a new name to be decided on later.

Associated in operation of the business will be Mrs. Faye Mathis, who needs no introduction to the people of Post and Trade Territory, as she has served the public for a number of years as an efficient saleswoman.

From now until the new spring Merchandise for our Ready-To-Wear Department arrives, we will operate only the Gift and Jewelry Departments of the store, as we did not purchase any of the ready-to-wear merchandise. We did, however, keep all the popular lines of merchandise which Mrs. Justice had scured, and will re-stock when the Spring merchandise becomes available.

## Campaign For U.S. Savings Bonds To Be Launched Here

Seeking to encourage farmers and ranchers to build financial reserves for themselves, a special campaign for the sale of U. S. Savings Bonds will be launched in Garza County on Armistice Day.

This announcement was made by T. R. Greenfield, county savings bonds chairman, who explained that the effort here will be a part of a nationwide drive having three objectives. These objectives are: To get farmers and ranchers to save as much money as they can; to increase the number of wage and salary earners who are buying Savings Bonds where they work; and to increase the number of participants in the banks' Bond-a-Month Plan.

"So far as this country is concerned, the farm and ranch objective is the most important because the welfare of our whole area is largely dependent upon the well-being of our farmers and ranchers," he said.

He said that the drive would

## Babson Was Only Columnist To Hit Election Outcome

Roger W. Babson, whose column is published each week on the Post Dispatch editorial page, was the only financial columnist in the nation to insist that President Truman had a fair chance of re-election.

As early as last December, in his "Forecasts for 1948," Babson wrote as follows:

"It is now too early to forecast the outcome of the Presidential election. The Republicans, however, have so bungled the price controversy that Mr. Truman has a fair chance of re-election."

The above were shocking words in December, 1947.

Here are some more of the predictions which Babson made almost a year ago for 1948:

"1948 will show a resumption of military purchases.

"The public is sick of high prices and will make demands for price controls.

"1948 will be a year of war preparations.

"Farmers should certainly diversify more in 1948, get out of debt, put money into improvements and prepare for real trouble some day.

"Throughout 1948 war talk and uprising will continue; but no World War III will start in 1948. War preparations will accelerate.

"1948 will see an hourly wage increase of 5 per cent to 7 per cent. Lower income taxes should increase buying power, but this will be about offset by further rises in the cost of living.

"Any labor legislation during 1948 will be to amend the Taft-Hartley Bill and to raise minimum wages."

continue through this year.

He received notification from Nathan Adams of Dallas, chairman of the Treasury Department's Advisory Committee for Texas, that no dollar quotas had been established for the campaign. However, the state goal is to add 50,000 to the number of men and women who are buying bonds through the Payroll Savings Plan, and 8,500 to the number of bank depositors who buy bonds automatically through the Bond-a-Month Plan. The national goals are 1,250,000 new participants in the wage deduction plan and 50,000 new participants in the Bond-a-Month Plan.

The American Legion has adopted the campaign on a nationwide basis as a part of its program for making America stronger.

## Democratic Sweep Places Rep. Mahon In Key Position

The Democratic sweep of Congress puts this section's Rep. George Mahon in positions of greater power and responsibility, lending further proof, according to the Lubbock Avalanche, that "it's smart to find a good Congressman and then keep him."

Mahon told the Avalanche by telephone from his Colorado City home that the action of the voters makes him the No. 3 man in the powerful 43-member House Appropriations Committee. At the same time the election returned him to an Appropriations Committee sub-committee chairmanship — a position he held until the GOP seized the House two years ago.

Mahon will be chairman of the sub-committee on Government corporations, covering such agencies as War Assets, Farm Security, Commodity Credit and the many other gigantic government bureaus.

His additional duties will cause him to go back to Washington earlier than he had anticipated, probably in early December. The Avalanche quoted him as saying it was necessary for him to do considerable planning and committee organizational work prior to the January opening of Congress.

Mahon will begin his eighth term in the house with the January session.

## Fish Delivered To Farm Ponds In Area

The past week the fish truck of the Texas Game, Fish, and Oyster Commission was here delivering fish, to stock farm ponds.

The Board of Supervisors of the Duck Creek Soil Conservation District, orders fish cooperators who have turned in their request. No single step in growing fish is more important than starting with the right kind and number for the pond.

Conditions for growing fish are favorable here to Soil Conservation District cooperators because pond water which has drained from fertile pasture is high in mineral nutrients, and because a high percentage of sunshine days cause an abundance of natural plant foods in the water for the fish. A small pond properly handled, can produce all the fish a farm family can use.

Ponds need to be fished heavy as soon as the fish get big enough to save. The use of farm ponds for fish production and using odd areas for wildlife are making every acre on the farm or ranch produce according to its capability.

## To Dunk or Not To Dunk?

Dunking doughnuts is Sober Hopkins' favorite morning pastime ... and for a long time Ma Hopkins has been trying to break him of the habit. Feels it sets a bad example for the children.

So one morning she puts a heavy frosting of chocolate on the doughnuts ... figuring that will stop him. Sober thinks it over for a while and then: Dunk! Taste! Smile!! And Sober compliments the missus on the lovely mocha flavor!

I guess there'll always be two schools of thought: to dunk or not

to dunk. But from where I sit, it's a matter of personal choice and taste—like some folks prefer beer to cider, ale to beer. And the more we criticize those differences of taste, the better.

In fact, Ma Hopkins got so curious about the flavor of chocolate-covered doughnuts dunked in coffee, that she tried it herself. Now—you've guessed it—she's a daily dunker, too!

# AN ECONOMICAL LUXURY

IN THIS SECTION where winter weather usually gets unpleasant, you'll find a home laundry dryer an economical luxury. Just think, no more bundling up to go out to the clothes line, no more waiting for "good drying weather". Just put your wash, fresh from your washing machine, into your home dryer. A gentle stream of warm air will toss your clothes to dryness in just a few minutes. Your family's clothing will last longer, with no bitter wind pulling at them, no burning sun bleaching them.

Best of all, of course, is the fact that with electric service cheaper than ever before, your home laundry dryer will cost just a few pennies a month to operate.

See an appliance dealer soon about a home laundry dryer.

### LIONS CLUB HEARS

(Continued From Front Page) September and explained that, as far as is known, the juniors rodeo staged here was the only one ever to be staged entirely by juniors in the nation.

Bill Baker, president of the Lions Club, presided for the business session, in which plans were made for the showing of the McMillan film to the public Friday and Saturday nights in the Post High School auditorium. All members have tickets to sell, and the tickets are also on sale at the high and grade schools.

Mrs. F. I. Bailey has been ill at her home this week.

### Large Per Cent Of School Taxes For Year Paid

W. F. Presson, school tax assessor-collector, in a report to Willard Kirkpatrick, Post Independent School Board president, last week said that total school taxes collected to date were \$48,411.86, representing approximately 87 per cent of the total tax rolls.

He estimated roughly that six or seven thousand dollars more will be collected by February 1. Presson's statement to the school board included the following figures:

1948 (current taxes) collections to date, gross	\$49,536.21
Less 3% discount	1,486.08
Net current taxes collected	\$48,050.13
Delinquent taxes collected in October	361.72
Total taxes collected to date	\$48,411.85

### "AFRICAN ADVENTURE"

(Continued From Front Page) he vowed that some day he would visit the native land of the elephant.

On his long planned trip he found that African elephants are distinguished from Asiatic elephants by their larger ears. They are incredibly strong, being able to travel as far as 100 miles in a single night, and to uproot trees up to 24 inches in diameter in order to feed on the branches.

These elephants delight in water sports, and will wade into a river and squirt water over themselves, to cool off. They will drill shallow wells with their trunks into sand where, by their sense of smell, they detect the presence of underground water.

McMillan's film shows the native habits of many other animals, as well as the elephant.

Proceeds from the film showing here will be used in the community betterment program of the Lions Club. Admission prices are \$1.20 for adults and 40 cents for students, including tax. The show will begin at 7:30 o'clock each night.

Tol Thomas went to Lubbock Tuesday to the Lubbock Memorial Hospital for medical treatment. He was advised by the attending physician to rest for a month. He was accompanied to the hospital by his wife, his daughter, Mrs. Al Bird, Mr. Bird, and Mrs. H. Hester.

### Fire Warning Is Issued As Winter Season Shows Up

Fall time is fire warning time, cautions Marvin Hall of Austin, State Fire Insurance Commissioner. He says when red leaves began falling they really should be regarded as signals of fire danger because the greatest fire loss each year is suffered during cold, winter months.

Reminding housewives that one-half of the fires in Texas and the U.S. are home fires, Hall said the fall of the year was a good time to launch a personal fire prevention program with a thorough check-up and clean-up.

"Winter brings additional fire hazards as this season marks the time for heating equipment to be installed and put into use, for dead leaves to be gathered and burned, for lighting equipment to be in more frequent use as the days shorten, for the wearing of clothes that have to be dry cleaned rather than laundered and for greater use of matches," Hall explained.

Urging housewives to prepare now for the fire dangerous months, Commissioner Hall named a few special fire safety tips for Texas housewives to keep in mind while making their fall check-ups:

1. Have all gas stoves connected with solid piping and if leaking gas noticed, call the gas company. Protect woodwork around or under gas heaters. Be sure heaters are a safe distance from curtains or towel racks.
2. By all means rake up all the dead leaves on your premises but bury them—don't burn them—in your flower beds. Buried leaves enrich the soil and create no fire hazard.

3. Never use gasoline, benzene, naphtha or similar volatile flammable liquids for cleaning purposes. Use an approved solvent for removing spots from clothes. Send to the dry cleaners any clothes needing extensive cleaning.

4. If the wiring system of the house is too extended, call a professional electrician and have the job done right. Cords to electrical appliances should be as short as possible. Replace those that have become the least worn or frayed. Using pennies instead of fuses invites fire.

5. Keep matches in metal containers and out of reach of small children. Be sure matches and cigarettes are out before discarding them.
