

Special election on annexation is scheduled for March 14

New contract holds solution to city water problem

Call made on petition

A special election has been called for Saturday, March 14, to determine if a majority of the qualified voters living within an area extending a half mile from the city of Post in all directions want the area annexed into the city. Mayor James L. Minor called a special city council session Tuesday afternoon at which a petition signed by 53 residents of the proposed annexation area requested the city to set up necessary election machinery.

Should the election carry for

annexation and the city council accept the area for annexation, would bring into the city some 300 square miles of territory including the Postex Mills, Mill Village, "the flats" area, and some oil wells.

A very conservative estimate of the value of the property in the proposed annexation area has been set at \$2,000,000. It could run a great deal over that, but no one has checked this up as yet. Also included in the area would be two proposed new residential development sites. The legal notice of the election appears on page 4 of today's Dispatch.

In a discussion of the proposed

gains of the annexation, Rogers told the mayor and council that both he and the city would be in the annexation as far as he is concerned. He explained he is a suitable residential development site now located just west of the city which could be developed if city utilities, sewer, and other services can be obtained. Miller declared annexation would be good both for the city and property owners living in the annexation area. Miller, who operates the Hi-Way Cafe just north of the city limits, said that people can't install adequate cesspools because of lack of sands in his area and that sewers are badly needed. He also pointed out that

Legionnaires urged to attend meeting

All members and all ex-service members eligible for membership are invited to attend the regular monthly meeting of the American Legion at 8 p. m. Tuesday, March 2, at the Postex Mills. The speaker will be Commander Ray Andrews of Spring and H. J. "Sunbeam" Morrison, commander of the Big Spring post.

Get-acquainted tour

Arrangements were completed this week for the Texas State Library's 37-stop bookmobile run in the rural areas and small towns of Garza, Crosby, Floyd, Dickens and Kent counties. The project is provided as a "free sample" for a period of one year beginning March 3. First, however, the unit will make a "get-acquainted tour" of the five-county area, and will be in Post from 9 a. m. until 11 a. m. Saturday. In its first book circulation run in Garza County on Tuesday, March 10, the bookmobile will make the following stops in Garza County: Justiceburg (Post Office) 9:30-10:30; Graham (Community Center) 10:30-11:30; Southland (Post Office) 1:10-2:10; Pleasant Valley (Baptist Church) 2:10-3:10; Post City (Baptist Church) 3:10-4:10. The bookmobile will circulate through a stock of some 8,000 books. The project, aimed at pointing the way toward permanent improvement of the bookmobile — See Page 8

Of woman killed on highway

Mystery still shrouds case

Sheriff Carl Rains said late Wednesday that his department and other officers are at a virtual standstill in their efforts to learn why Laura Nell Peters was wandering, lightly clad in cold weather, on a lonely stretch of road near here when she was struck and killed by an automobile Monday night.

The sheriff added, however, that an intensive investigation is being continued in the case.

"Right now," he said, "we are trying to establish in Lubbock who

she might have left with after she was last seen there by acquaintances Sunday night."

MRS. PETERS' body was taken to Mineral Wells early Tuesday for funeral services after being brought to Hudman Funeral Home here. Her father, L. E. Jackson, made arrangements for a Mineral Wells funeral home to pick up the body.

The 30-year-old victim in the mystery-shrouded case was hit by a car driven by Mrs. John Cook of Post. The accident occurred on a straight section of U. S. Highway 84 about 7:15 p. m. six miles northwest of Post.

The sheriff said his investigation indicated that the victim stepped into the path of Mrs. Cook's car. Mrs. Cook told officers she saw the woman just before the impact but was unable to avoid the accident.

THE WOMAN was knocked out of her shoes, her car screws flew off and she was dragged about 100 feet by the car.

Mrs. Cook, accompanied by her daughter, was driving toward Post. She was meeting another car in which Woody Strawn of Lubbock was riding alone.

The sheriff said it appeared that the woman walked behind Strawn's car and into the path of the one driven by Mrs. Cook.

Neither Strawn nor Mrs. Cook saw no cars parked near the spot or anywhere along the highway.

SHERIFF RAINS said he talked to a Post man Tuesday afternoon who reported having passed the woman while he and his wife were driving to the home of relatives (MYSTERY CASE — See Page 8)

Limitations on expansion costs facing trustees

Post Independent School District trustees will hold another special session tonight to hear that they must trim their school expansion program to an \$860,000 total if they wish to hold it within 7 per cent of present district valuation and not over a \$1.50 tax rate.

These were the limitations voted unanimously Feb. 16 when trustees present unanimously approved expansion projects totaling an estimated \$908,000.

They asked Irby G. Metcalf Jr., to determine if the \$908,000 project total could get within the limits. He will report to trustees tonight that they can't—that \$860,000 is the limit to stay within 7 per cent of present valuation.

Metcalf discussed the financial aspects with Supt. R. T. Smith. (SCHOOL BOARD — See Page 8)

This year's Junior Rodeo left up to the sponsors

It's up to the Post Junior Rodeo Association now whether or not they want to stage the Southwestern Championship Junior Rodeo here this summer.

Directors of the Post Stampede Rodeo, Inc., decided Friday night not to go ahead with extensive improvements to the rodeo grounds this year and voted to extend to the junior rodeo group the use of the rodeo arena again in 1959 at the same \$300 rental as in previous years.

J. E. Birdwell, president of the Post Stampede group, told The Dispatch that since the directors decided to postpone for at least a year the \$6,000 to \$7,000 planned improvements they felt it only fair that the Junior Rodeo organization continue through 1959 according to previous existing arrangements—namely the \$300 rental fee.

BIRDWELL SAID only necessary repairs will be made this spring at the arena.

The decision of Post Stampede directors to permit the juniors to again use the arena does not necessarily assure that the Southwestern Championship Junior Rodeo will be held this summer.

A meeting of stockholders in the junior group probably will be called in the next few weeks to make that decision. The 1958 rodeo was almost cancelled. It was not a financial success.

JUNIOR RODEO stockholders met with Post Stampede directors Friday night, but there was little to discuss when the decision of the (JUNIOR RODEO — See Page 8)

WORLD'S BIGGEST SANFORIZER INSTALLED

This new sanforizer, the first to be installed at Postex Mills, Inc., is the largest one ever built now in operation. The sanforizer pre-shrinks cloth for fitted or contour sheets. A two-inch thick rubber blanket, 90 inches wide, controls the shrinkage process. The big machine costs in the neighborhood of \$75,000. —(Staff Photo.)

Postings

By JIM CORNISH

The double banner headlines on this week's Dispatch haven't happened before since we've owned the paper, but then we haven't had the opportunity before to print two such important stories for the good of this community.

An apparent solution to Post's long and perplexing water problem has been found. That's a tremendous story. But along the same week comes the story that acting on a petition from residents of the area the city council is calling a special election March 14 to annex some three additional square miles into the city. If the election carries—and from the number of signatures on the petition that appears likely—the city thus will solve most of the community's mounting revenue problems and can proceed with the expansion necessary to keep pace with growth.

Mayor James Minor, who is approaching the end of his second term of office, thus adds two more real community accomplishments to his fine record over the last four years. The rest of the council of course shares in the achievements.

The city's lease agreement with S. C. Storie and ... for water rights for a ... of land is expected to boost the city water supply potential by nearly 13,000,000 gallons or 50 per cent. The cost, without any real city investment, will be at a rate of 12 cents to the 1,000 gallons. Analyzed this is a very fair rate and according to Mayor Minor should permit the city to continue delivering the additional water without the necessity to increase its present 40 cent rate. Figuring the cost of operation of the water system and the bonded indebtedness on the present water field, the 12 cent water will be just about right for the 40 cent delivered rate.

There is no question of the fact (POSTINGS — See Page 4)

Powell Shytles to make race for mayor

Filing deadlines nearing for council, school board posts

Prospective candidates for two places on the board of trustees of Post Independent School District had been no filings for either election, but the two school board incumbents, J. E. Birdwell and Quannah Maxey, had announced that they would seek re-election.

In each instance, candidates are required to file at least 30 days before the election. That means a filing deadline of March 4 for the school trustee election and March 7 for the city election.

School holiday is set for Friday, March 6

There'll be no school Friday, March 6.

On that date, administrators and teachers will attend the annual convention of District IV of the Texas State Teachers Association in Lubbock, Supt. R. T. Smith announced today.

It'll be the last school holiday until Easter.

Junior play Friday; speech plays Thursday, Saturday

Nine plays scheduled by high school

Nine plays, one by the junior class and eight by the high school speech department, are to be presented tonight, Friday night and Saturday night in the grade school auditorium.

The junior class play, "Susan Steps Out," a three-act comedy, will be presented at 8 p. m. Friday under the direction of James Galloway and James Pollard, class sponsors.

The eight speech department plays, all one-act affairs, are to be presented at the department's

annual one-act play contest. Four of the plays will be presented tonight, beginning at 8 o'clock, and four Saturday night, also beginning at 8.

The junior class play, on which practice has been under way for the last several weeks, was originally scheduled for last Friday night, but was postponed one week because of the Post-Floydada basketball playoffs.

The cast is as follows: Nancy Albright, Pat Wheatley; Madge Weaver, Glenda Whittier; Jerry Conrad, Kenney Poole; Bruce Parker, Derwood Mayberry; Stephen Dunberry, Curtis Diddy; Katherine Snodder, Sharon Jobe; Miss Hardy, Leta Stone; Orlando Payne, Glendon Washburn; Agnes Maples, Melanie Thompson; Helen Tremont, Rhea Peel.

Tickets for the play are on sale by members of the junior class, with Bob Cato and Linda Wilks in charge.

Susan Albright, Alice Joy Nichols; David Albright, Dan Rankin; Karen Potts and Sandra Martin

Tower Theatre, was elected to the city commission shortly before the change in type of government.

Birdwell, one of the school trustee candidates, is a rancher, and the other candidate, Maxey, farms in the Graham community. Both were elected to the board three years ago in an election which immediately followed consolidation of the Graham and Garza school districts with the Post district.

Home at Justiceburg burglarized Sunday

The home of Mr. and Mrs. Elton Nance at Justiceburg was burglarized Sunday afternoon while the Nances and a visitor, Mrs. Jesse Eckert, were visiting in Dermott.

The sheriff's office reported that Mrs. Eckert's suitcase and its contents were stolen from the house, and that an electric lawn mower was taken from the Nances' garage.

Pact signed here Friday

The City of Post took a step Friday that is expected to boost its water supply potential by more than 50 per cent, adding nearly 13,000,000 gallons a month to the present potential of about 21,500,000 gallons.

The city council entered into a lease agreement with S. C. Storie Sr., and others, for water rights from a section of land within one-half mile of the city's present water field.

The agreement calls for Storie to furnish the city a minimum of 300 gallons a minute from wells on the section at a cost to the city of \$1,500 a month.

"THAT FIGURES about 12 cents per 1,000 gallons," Mayor James L. Minor said.

The agreement also provides for the amount of water to be delivered to the city to aggregate 12,960,000 gallons a month, and gives the city the right to take any additional water it desires from the wells on the section at 12 cents per 1,000 gallons.

Storie will furnish and maintain the wells and equipment, under terms of the contract, and will pay the costs of electricity or other fuel needed to produce water from the wells.

THE CITY WILL lay the necessary lines from the wells to its main water line.

It will take about one-half mile (WATER PACT — See Page 8)

Contract breach suit filed here against county

J. E. Birdwell, Post rancher, has filed a breach of contract suit against Garza County in district court here.

Birdwell's petition states that on Dec. 23, 1958, he leased an acre of Garza County school land in Bailey County for water development purposes, but that the commissioners' court has "failed and refused" to designate the acre leased and has refused to accept the \$1,000 payment agreed on for the 50-year lease.

The plaintiff also charges that on or about Jan. 12 the commissioners' court attempted to abrogate its contract by entering into its minutes an order rescinding the contract and "assigning for the reason the fact that the present tenant was not willing to give the right for the well to be drilled on the property."

Birdwell's suit asks that judgment be rendered requiring the defendants to execute and deliver the proper lease agreement and pay costs of court.

Boy injured when run over in alley

Rickie Kim Hair, five-year-old son of Mr. and Mrs. Dale Hair Eleventh Street and Avenue H, suffered a broken pelvis Tuesday afternoon when he was run over by a wheel of a trailer in the alley in the block behind his home.

City Marshal Otis G. Shepherd Jr., said the boy was running alongside the trailer pulled by a pickup truck driven by a neighbor, L. P. Kennedy. According to the marshal the boy either fell or got too close to the wheel and was pulled under it.

Kennedy didn't even know the boy had been run over until called. (BOY INJURED — See Page 8)

Dispatch Editorials

Thursday, February 26, 1959

Two basic editorial policies

Every once in a while, it's good for a newspaper to review its editorial policies and aims. It sharpens them—and gives its readers a better understanding of the newspaper's position.

The Dispatch has two basic editorial policies. First, to give readers as complete a coverage of news of this community as we can obtain. For a number of reasons we firmly believe the news—all of it—should be printed instead of some of it being conveniently overlooked.

For example, we are one of the two weeklies in West Texas we know which prints all the crime news—arrests and convictions.

A thorough understanding of public affairs by the citizens of any community helps to heighten their interest in those public affairs. That's why we try to present a full and impartial coverage of city, school district, and county affairs. Sometimes this isn't easy; sometimes it isn't even pleasant. But in the long run we think it is mighty healthful for the community and we think our readers are liking the idea more and more.

Second, The Dispatch attempts to take editorial stands for the progress and improvement of this community. They may not always be popular. And many times they won't be accepted. But they will be this newspaper's honest position on matters of public concern and controversy. Our edi-

torial policy isn't a "let live and get along" kind. We think it is too important for us to do our editorial job. That job is to make our readers stop and think on subjects of community concern. You readers may in the end disagree with us, but it will be a wholesome disagreement.

We will make our share of mistakes. We don't expect to be always right. But they will be honest mistakes.

The Dispatch always welcomes constructive criticism and suggestions from its readers. We are here to serve the community and we want to keep on each week doing all we can to improve the paper.

We also welcome letters to the editor expressing the reader's viewpoint on matters of public concern. We are eager to print them. But we want them signed. We think it is important that in expressing an opinion, an individual is willing to put his name to it.

The Dispatch, to put it simply, wants to do its part as a community newspaper in building a bigger and better Post by supporting good community causes to the hilt and by giving its readers all the news about the community so by being informed citizens they will be better and more interested citizens.—JC

Rotary International milestone

Monday was the 54th anniversary of the founding of Rotary, a world-wide fellowship of business and professional executives. The observance was marked here by the Post Rotary Club, which while not near as old as the parent organization, has fallen into step with it and become one of the cogs in the Rotary wheel.

Three years ago, the Post club observed its 25th anniversary and now, bigger and better than ever, is well into its second quarter-century.

Rotary objectives throughout the world are based on the same general objectives as those of our own club—the development of fellowship among business and professional men, the betterment of communities, leading boys and girls into good citizenship, the promotion of high standards in business and professions, and the advance-

ment of international understanding, good will and peace.

The one basic objective of Rotary is its "Ideal of Service," which is to be thoughtful and of help to others. To attain this objective, Rotary seeks all that which brings people together and avoids all which separates them. This is the reason why Rotary has become a world-wide institution, whose ideals have been accepted by men differing widely in language, customs, and historical backgrounds.

Congratulations to Rotary International on its 54th birthday, and congratulations to the Post Rotary Club for its never-slacking program of keeping in step with Rotary's "Ideal of Service."—CD

Controls will steady oil markets

Mandatory federal controls on oil imports are due any day now and certainly will be welcomed hereabouts and all across Texas.

The "flood of foreign oil" in recent years last year brought Texas oil production to the point of real crisis.

Certainly a good part of the legislature's tax hunting problem right now at Austin can be traced to foreign oil imports which has materially cut back Texas production and thus millions of dollars in oil taxes.

The mandatory foreign controls will replace a voluntary imports control system which failed miserably because some importers refused to cooperate.

Mandatory federal controls will surely mean a steadying in the oil markets. It should mean a

gradual improvement in Texas oil production, although certainly not a quick return to a much higher number of production days each month.

The democratic processes in Washington work—but usually all too slowly when crisis develops as it did in the oil industry. It became evident over a year ago that mandatory controls would have to be imposed, but it took many months of hard work in the capital on the part of all hands involved to build up enough public understanding and acceptance to set up such a program.

It is too bad these didn't come months ago—but mandatory controls of foreign oil, as they are understood at this writing—are to be welcomed with open arms. In the years ahead they will mean much to the economic well being of we here in Garza County.—JC

Participate in Public Schools Week

The annual Public Schools Week, March 2 through March 6, is to be observed in Post, and by being a participant in the observance, patrons of the Post Independent School District can learn first-hand why the need for the public school never changes. Times and conditions may change, of course, or require to be changed methods and practices of public education. This is inherent with anything that grows, for growth is the result of change.

Our Texas public schools were created 105 years ago. In 1854 the first law was passed establishing the public school.

It is a healthy thing in our democratic way of life to have intelligent understanding of the important functions of our basic institutions. This is especially true of the schools. The initiative and

resourcefulness and the wisdom and leadership that our schools are inculcating in the youth of today are the answer of the problem of citizenship in the years ahead.

Yes, "bring me men to match my mountains." That is the need of our times and must come from the public schools—schools that are strong in virtues required for building strong men and women.

We can be assured of this and do our part in understanding and helping the public schools to fulfill their great obligation to our times by taking part in Public Schools Week. Administrators at the schools here have announced that they will welcome visitors at any time during the observance. Accept their hospitality, and you will enjoy the experience of going back to school—if but for a day.—CD

Vehicle laws cover motor scooters

We've just received a news release from the Texas Department of Public Safety on the exact law governing the operation and licensing of motor scooters and drivers, and it comes at approximately the same time that some of our neighboring cities and towns announce that the law governing the "scooters" will be strictly enforced.

Texas law requires any motor vehicle operated on a public street to be driven by a licensed driver, to pass a safety inspection and to be licensed.

In addition, the driver or parents of the driver of one of these motor scooter vehicles—when op-

erated on public property—is just as liable under the state's responsibility law as if he were driving a full-sized car. It is also pointed out that parents of children who operate scooters on public streets could be charged with allowing an unlicensed driver to operate a motor vehicle. It boils down to the fact that since a minor cannot legally own a motor scooter, the parent is usually the owner.

As is the case with all safety laws applying to motor vehicles, those applying to "scooters" are for the welfare of the operator and for the safeguard of public property.—CD

What our contemporaries are saying

"Texas is rough on horses and women," so the old saying goes. But when the sky turns dull red and that top soil comes rushing out of the west borne by a 30 mile per hour wind, and this process continues for an eight-hour period, I've noticed it's just a mite rough on the menfolk. Or maybe your husband doesn't pace the floor during a sandstorm. Nothing slows down the printing business like a couple of days of sand and no humidity. But aside from not being able to accomplish a necessary day's work, blowing sand sets up a friction in his soul which permits no rest, and with nerves on edge he indulges in the only antidote—he walks the floor.—The Jayton Chronicle.

top 40 popular tunes, we get the shakes thinking what the bottom 40 must be like.—The Hamilton Herald-News.

Couple of weeks ago we printed an editorial about employers of grocery clerks in Los Angeles being forced by the union to provide free psychiatric treatment for the clerks who go nuts staring at canned tomato labels. This month employees of Helena Rubenstein, Inc., have won a fight to have their employer pay for filling their cavities, cleaning little toes, and making falsies for them. Next?—The Rails Banner.

An executive is a man employed to talk to visitors so that the other employees will have a chance to work.—The Ochitree County Herald.

THURSDAY to THURSDAY

By CHARLES DIDWAY

EXCEPT FOR THE bills, we're always glad to see the first of the month roll around, because it gives us something to start on in this column. It isn't the first yet, of course, and won't be until Sunday, but the month of March will be here before another one of these columns gets into print.

March not only will be the last month before the April deadlines on car tags, auto inspections and income tax returns start hitting, but also has a few deadlines of its own, including candidate filing for city and school board posts, and choosing between Choice "A" and Choice "B" on cotton allotments, which you don't need to worry about unless you're a cotton farmer, which if you are the deadline is March 16. (How's that for a William Faulkner sentence!)

BEING PLANNED for the first week of March is the Garza County Junior Livestock Show for 4-H Club and Future Farmers of America members, with both Lewis C. Herron, county agent, and D. H. Koening, FFA advisor joining around this week to set the date, get judges, etc.

With the exception of St. Patrick's Day, on the 17th, and Easter Sunday, on the 29th, the month of March will be a little short on holidays, but there'll be all sorts of special weeks—if you care to look them up.

THE INTERNAL Revenue Service takes off its hat to the nation's editors before reaching for their pocketbooks. In a news release, the Internal Revenue Service's Tax-Man Sam sez:

"The newspaper publishers in Texas are always interested in the general welfare. You will usually find your local editor active on civic projects and doing his best to make the community a better place for his readers to live. The Internal Revenue Service relies heavily on the newspaper business to keep taxpayers informed. Your editor realizes that paying income taxes is a shoe we must wear in spite of the pinch. He joins thousands of other newspapers throughout the country every year in attempting to pass along information on the requirements and tax benefits to his readers. We want to take our hats off to the nation's editors. The fact that the voluntary income tax system works is due in a large part to the helpful advice that you read in your newspaper. April 16 would be a day of great embarrassment to thousands of taxpayers who had forgotten to file their income tax return on April 15 if your editor was not kind enough to remind you."

(Thanks, Tax-Man Sam. Them kind words soften the blow you are about to strike us.)

The Space Age is providing a spate of new jokes. Just how new this one is depends, of course, on whether you've already heard it. A couple of men from Mars descended in a flying saucer and emerged. They looked at the top of an apartment building and saw a flock of TV antennas. "Hey, you kids," one hollered, "get down off that roof."

OUR FRIEND up the street says there is a lot more begging done on expensive letterheads than with tin cups.

The two men honored as "outstanding" at the recent banquet of the Levelland Chamber of Commerce are related to Post people and one of them formerly lived here. J. G. Stacy, who received the award as Levelland's outstanding citizen of the year, is a nephew of Mr. and Mrs. Marshall Mason, and his mother, Mrs. Clyde Shaw, lives just over the line in Lynn County. R. D. Bond of Ropesville, who received an award as Hockley County's outstanding farmer, is a brother of Mrs. Arna Casey and an uncle of Claudine Michael, both of Post.

STACY, WHO IS manager of Stacy-Mason Furniture at Levelland, was at one time employed in his uncle's store here—Mason & Co. He is a Purple Heart veteran of World War II, and an active civic worker.

Speaking of "outstanding," our humblest apologies go to Mary Patricia—better known as "Pat"—Wheatley and Charlie Morris for failing to make even a mention in last week's Dispatch that they were crowned basketball sweethearts at the final conference game here. Our only excuse is that the final game was so exciting and its repercussions lasted so long that we just forgot about the halftime ceremonies. Pat will be back next year as a mainstay guard on the girls' team, while Charlie, a three-year football letterman and a two-year basketball letterman, will graduate in May.

Everyone who wishes to eat three times a day should take a very personal interest in the land and how it is used.

The U. S. produces less than one-half the wool that is used in clothing. The remainder must be imported.

DRIVERS WON'T LOOK OUT FOR THEM
Nation's pedestrian deaths are averaging over 8,000 annually

"Pedestrian wisdom, or pedestrian wisdom; which?"

"This question might be put to pedestrians in most any Texas town or city," said Mrs. Fred Strauss, Seguin, vice president for Women's Activities of the Texas Safety Association, as she discussed the pedestrian safety program of TSA.

"Pedestrian deaths have averaged better than 8,000 annually over the past several years," Mrs. Strauss pointed out. "More than half the city traffic deaths, nationally, are pedestrians. Most of these tragedies could have been avoided if the victims had heeded traffic signs, signals and markings."

"The trouble is that most pedestrians expect drivers to look out for them, while they ignore traffic lights, cross markings and other devices controlling traffic movement. Pedestrians must wake up to their responsibilities if they wish to become older pedestrians."

Mrs. Strauss cited some of the worst pedestrian practices as being: "jay-walking (crossing between intersections or marked areas), crossing against signals at intersections, not looking in all directions before crossing and crossing intersections diagonally where there is no special provision for it. She cautioned older persons not to enter an intersection unless they have enough time to cross safely. She also urged all pedestrians to look both ways before crossing and to be sure they can be seen by drivers at night."

"Knowledge and observance of traffic regulations by both pedestrians and drivers will cut down our accident toll tremendously," she said.

"Pedestrians are as much a part of today's traffic as motorists and it is to their benefit to learn the basic traffic signs. If pedestrians know what the sign means they will better understand what drivers are expected to do."

"But pedestrians cannot depend entirely upon the drivers. They must be prepared for any emergency! The fact that a pedestrian had the right of way will be of small comfort if he winds up in the hospital."

If you're just beginning to sew, a basic pattern of cotton muslin will help you with your fitting problems.

STIN — After nearly seven weeks in session, the Legislature has not yet given any clear indication of how it will solve its basic problem—how much to spend and where to get it.

State agencies still insist they need every cent they asked for—and need it bad. But those who would be "fall guys" of money-raising measures proposed thus far show no genial willingness to ante up.

Gov. Price Daniel is still pushing hard for his tax program. He suggested that critics would do better to stop sniping and start snooping—for a better way.

State Comptroller Robert S. Calvert called the governor's plan to gain \$15,000,000 by a change in bookkeeping just "legalizing a false statement." Budget Board Director Vernon McGee termed it "unworkable."

DANIEL ALSO contends that his plan for the state to take over undistributed bank accounts, abandoned property, etc., might help a lot of people, since the state first would raise for rightful owners. But bankers and spokesmen for other affected industries called it "confiscation," said it would undermine public trust in their institutions.

Corporations continue to blast at franchise tax raise they say would increase their burdens as much as 500 per cent. A two-thirds vote of each House would be necessary to put this into effect to help with the deficit this year. Many say chances are dim.

A Lubbock legislator, Rep. H. J. Blanchard, made a survey on tax and spending attitudes. About 60 per cent of those replying opposed a sales tax. Roughly the same percentage favored more spending for teacher pay, higher education, old age assistance, state hospitals and prisons.

STRONG PITCHES for more spending are being made by spokesmen for three major state services.

"I don't see how higher education can be financed without some road-based tax," said J. R. Sorrell, chairman of the University of Texas Board of Regents. "You will have the backing of this administration and this board in selling it to the people of Texas."

"We are absolutely broke, we can't have a dollar," said Prison System Director O. B. Ellis. "Riots at will cost more than the appropriations requested may result, conditions aren't improved."

"You can chop off dollars, but you can't chop off children," declared a representative of the Texas Youth Council. Director James Turman said money spent on parole supervision and rehabilitation of youngsters in trouble would pay off in future prison costs.

THREE DEFINITE candidates are ready for jockeying for speakership of the House in 1961. They are Reps. Wade Spilman of

Poor visibility major hazard in winter driving

"Poor visibility is one of the most serious problems facing the motorist in winter driving," J. O. Musick, general manager of the Texas Safety Association, said today.

"In addition to the hazards of skidding, that winter presents, the problem of reduced visibility can make driving especially treacherous. Motorists must be able to see danger to avoid it," Musick said.

He also warned motorists to replace windshield wipers that have become worn out or baked stiff by the past summer's sun.

"Fewer hours of daylight, slippery streets and streaked windshields all serve to reduce the distance a driver can safely see," he said.

daylight, slippery streets and streaked windshields all serve to reduce the distance a driver can safely see," he said.

"Also, keep the inside of car windows clean and free of smoke or steam. Danger may approach from the sides, or rear, as well as from the front."

The safety expert said that in almost one out of seven fatal accidents, the driver's vision was obscured. In two out of five of these the obstruction was on the vehicle itself, such as rain, snow or sleet on the windshield.

"Keep these figures in mind," Musick warned, "and keep alert to the road ahead. No sane person would drive with his eyes closed, so why drive when vision has been obstructed?"

Lake George, in Australia, comes and goes as it pleases. According to The World Book Encyclopedia, the large lake near Canberra keeps disappearing and reappearing.

Americans drink an average of 16 cups of coffee, five cups of tea and two cups of soft drinks weekly.

Meat packing plants topic of new booklet released by Service

COLLEGE STATION — Commercial slaughter of livestock in Texas has increased rapidly in recent years and in 1958 red meat production totaled 1,333,199,000 pounds.

A listing of Texas slaughtering establishments in 1956 showed that more than 900 were engaged in livestock slaughter. Of these, 406 were classified as individuals and small butchers, 273 were grocery stores and meat markets, 163 were frozen food locker plants and 82 were commercial packing plants.

In 1956 the Texas Agricultural Experiment Station conducted an interview of 63 independent commercial packing plant owners or operators. The station has released a report summarizing information obtained through the interview and presenting layouts for typical Texas packing plants. It is entitled "Independent Meat Packing Plants in Texas."

This 23-page bulletin contains discussions of such topics as plant information, packing plant facilities, slaughtering, weighing, inspection and stamping, and many other related topics. It is available free of charge from the Agricultural Information Office, College Station, Texas. Ask for MP-306.

TCU to dedicate four new buildings March 5

FORT WORTH — On March 5 Texas Christian University will dedicate the latest additions to its physical plant—four new buildings valued at over \$3,500,000.

They include the \$1,300,000 expansion of the Mary Coats Burnett Library; the Bailey Building, formerly Brite Hall, remodeled at a cost of \$200,000, and two new dormitories—Sherley Hall housing 350 women and the new Clark Hall housing 236 men. The residence halls cost some \$1,000,000 each.

All the buildings are air conditioned. They were put into service at the beginning of the fall semester.

Golden Esso Extra

...with the first full tank."

That's what users say of Golden Esso Extra gasoline . . . and truer words were never spoken!

Golden Esso Extra will improve the performance of any car in any price class.

It is a modern gasoline of highest octane rating and exceptional purity, formulated with special chemicals from Humble's great Baytown refinery. It gives superior anti-knock performance; it burns cleaner than any other gasoline; it eliminates "bucking" when you start and "rumble" as you run; and it adds the power and response that make driving safer and—yes, more fun! As one Humble customer puts it, "Golden Esso Extra wakes up your car!"

The cost is only pennies more than the cost of gasoline in the middle-price range (about a nickel a day on the average), and you get a dividend of improved performance on every mile you travel. Any car in any price class.

See for yourself—fill up with Golden Esso Extra under your neighbor's Humble sign. Every time!

Postings—

(Continued From Front Page)
that Post had faced some real water rationing this summer unless the rains came often and plentifully. Now that threat of rationing has been removed.

Several good water wells already exist on the new leased acreage and work already has begun to drill others. Mayor Minor and the council are convinced that the new contract should take care of Post's water needs until the White River becomes reality. The only investment the city will make in the new water field is to lay a half mile of pipe to connect the new wells to the city's present water system. Cast iron pipe will be used so it can be dug up later (after the White River Dam becomes reality) and used in expansion of city water mains. It's a pay-as-we-go proposition with a good water contract rate. We'd rate the story as the most important one The Dispatch will print this year.

A number of Post business men recently received some of those very tart kind of valentines, better known in the trade as comic valentines. They came from an anonymous person trying to discover who has joyfully put all those sly barbs in the mail. So far, they haven't figured it out. An offer for them to contribute their valentines for a window display has been turned down flat. In fact some of the fellows won't even admit whether or not they were on this particular valentine "list."

Post has a new independent merchant this week. Fred Long, a life long resident of Post, has bought out Larry Waldrip as proprietor of the Triangle Service station. Fred has been Larry's station manager. He's been in service station work for four years since getting out of school. Waldrip will continue as driver of the delivery truck for the Conoco wholesale agency and the wholesale agency will continue to operate its office at the Triangle Service station. Good luck, Fred.

V. F. (Bing) Bingham has returned home from Dallas where last week he attended the Texas Leaders Round Table Seminar on insurance, sponsored by the Institute of Insurance Marketing of SMU's School of Business. Bing was one of the 15 top salesmen selected by his company, Great Southern, to attend the seminar on the basis of production, quality of business, and persistency. The seminar went into life insurance, business insurance, estate planning, and trusts. The seminar was a four-day event ending last Thursday. All of which just goes to show that Bing is doing a fine job selling life insurance to folks who live in the Post area and is gaining recognition for his ability. By the way, if you'll look on page 11 you'll find a big advertisement from Bing and Great Southern giving you the company's 50th annual report. Reading it you'll see that Bing represents a crackerjack insurance company.

Post's oil activities are gaining recognition beyond the borders of Garza County. From Tulsa, Okla., this week comes an announcement that Post oil men will be honored with a special day during the 14th anniversary International Petroleum Exposition to be held there May 14-23. Post Day will be held in honor of all the men and women in this area who are employed in the vast petroleum industry. It will be held Thursday, May 21. Tentative special events are being planned to assure local oil men a busy schedule. The Exposition will include some 30 acres of exhibits—and is expected to draw a half million visitors from all over the country and 50 foreign nations. Equipment on display will be valued at better than a half million dollars.

Two traffic tickets issued by marshal
Lee Byrd was fined \$1 Friday after being given a city traffic ticket for making an illegal left turn.
Saturday, Kenneth Redden was issued a city traffic ticket for not having a driver's license.
In justice of the peace court, drunk charges were filed this week against Weldon L. Jackson and Travis D. Carroll.

Dates set for spelling bees

The seventh annual Garza County Spelling Bee will be held at 1:30 p. m. March 20 in the district courtroom, Bee chairman County Supt. Dean A. Robinson announced today.

At the same time, Herman F. Rappelt, Post Junior High principal, announced that the junior high school's elimination spelling bee to determine its two entrants in the county bee will be held the afternoon of March 13. He said about 50 students are studying the official spelling bee books.

The county chairman said the Post Chamber of Commerce will continue its custom of awarding first, second and third place prizes of \$15, \$10 and \$5 to county bee winners.

The winner of the Garza County spelling bee will compete in the regional contest at Lubbock.

Rotarians hear talk on monthly magazine

Glenn Whittenberg spoke before Rotarians at their Tuesday luncheon in city hall on the importance of The Rotarian, the monthly magazine of the international civic organization.

Now in its 48th year of publication, the magazine has a circulation of 360,000 in its English edition and 45,000 in its Spanish edition and is mailed into 117 countries.

Nine plays—

CIC group maps out pre-election plans

Post's Civic Improvement Committee held an hour-long discussion at the First Methodist Church Sunday afternoon of the educational campaign it should undertake prior to the city election April 7 on the police department issue.

The group seeks more effective law enforcement for the community.

Orders taken for tree windbreaks

Tree windbreak applications are now being accepted from farmers, Alex Ringhoffer, work unit conservationist at the Soil Conservation Service office, said today.

Applications for the Arizona Cypress potted seedlings or two-year-old plants may be made at the SCS office or at the office of the county agent.

Cost of the potted seedlings is 25 cents each, and the two-year-old plants cost \$1.35 each. To be accepted, applications must be for 25 or more trees.

Delivery of the trees will be made at Lubbock about May 1, Ringhoffer said, with the farmers required to pick them up there.

HERE FROM ALASKA

Mr. and Mrs. Bryan Morgan of Elmendorf Air Force Base, Anchorage, Alaska, arrived in Post Wednesday to visit her parents, Mr. and Mrs. Vernon Lobban. Following his furlough, Morgan will be stationed at Brooks Air Force Base, San Antonio.

In 1934 the world's first radar apparatus was developed at the Naval Research Laboratory.

An average motorist uses about 600 gallons of gasoline per year.

Additional Society

Sorority to sponsor benefit bridge at school lunchroom

Beta Sigma Phi sorority members began plans for a "benefit bridge" when they met Monday evening at the home of Mrs. James Sims. The benefit will be held March 21 at the Post schools lunchroom, at 2 p. m. Tickets are now available and can be obtained from sorority members. Proceeds from the event will go to various projects and organizations sponsored by the sorority—these including the Post colored school, Cancer Research, and the Texas Tuberculosis Association.

During the regular session, Mrs. Burney Francis presented the evening's program on "Drama". Those attending included: Mrs. Jess Cornell, Mrs. Dale Cravy, Mrs. Francis, Mrs. Bill Greer, Mrs. Johnny Hopkins, Mrs.

'George Washington' is decoration theme at Thursday meeting

Table decorations carried out a "George Washington" theme when members of the Good Neighbors Club met last Thursday at Antelope Alley, where they honored two members, Lacy Richardson and George Leggett, on the occasion of their birthdays. The centerpiece for the table was a "cut-down" cherry tree, with an ax laying nearby.

Following a plate luncheon, games and music were enjoyed until 3 o'clock. Eighteen members and two guests, Mr. Keeton and Mrs. Woods, attended the gathering.

Former residents guests for party

Mrs. James Almond and children, Tammye d'amour and Scoope of Dallas have been visiting her parents, Mr. and Mrs. M. L. Sloan and Skipper.

While here they honored Tammye and Scoope with a party on the occasion of their first and third birthdays, in that order.

Tammye's table was decorated in red and pink with her cake topped with a miniature doll. Scoope's table was in pastel green with a large cake iced with a coral and green grass. Plate favors, pink candy cups with red hearts, ice cream, and punch were served to the following guests:

Joan Minor, Johnny Minor, Kimberly Davis, John Davis, Paul Davis, Mike Short, Steven Short, Debbie Hood, Dale Hood, Wayland Hood, Tammye and Scoope.

Mrs. Almond, Tammye and Scoope, returned to Dallas with their husband and father Saturday.

What Is A Magnus?

The intelligent way to drive is at a speed safe for conditions; any other method shows immaturity and poor judgment.

Miss Margaret Welborn will wed Harold McBee March 27

Mr. and Mrs. W. Lonnie Welborn Sr., announce the engagement and approaching marriage of their daughter, Margaret Anne, of Odessa, to Harold Gene McBee, also of Odessa. He is the son of Mr. and Mrs. Earl McBee of Kermit.

The wedding will take place March 27 at the First Methodist Church in Post.

MRS. SUNE RICHARDS
—(Marinell Portraits)

'The 10 Disciples' will be presented at local church

Sune Richards, far-famed artist and lecturer, will show her original photo-paintings when she presents a program at the First Methodist Church this evening at 7:30 o'clock, entitled "My Search for the 10 Disciples". Mrs. Richards, who is a world renowned photographer, spoke at the Slaton Methodist Church last October, with several Postites attending.

Mrs. Richards' world-wide search for information about the 10 disciples of Christ lasted for 10 years, resulting in a triumphant combination of photographic and artistic skills. Mrs. Richards tells of her experiences in following her quest to completion, which does not acquire people with these bold men than anything else in

the field of religion. Her pictures of the disciples have won international acclaim and appeared several months ago in "Together" magazine. Just recently she presented "Women of the Bible," which also have been seen in "Together".

During the tour of this area, she will appear in the First Methodist Churches in Lubbock, Lamesa and Levelland. No admission will be charged for the lectures.

Mrs. L. Waldrip is honoree for layette shower

The home of Mrs. Roy Josey was the scene last Thursday of a layette shower honoring Mrs. Larry Waldrip.

Guests, who called between 7 and 9 p. m., were greeted by the honoree, Mrs. E. R. Moreland, and Mrs. J. M. Waldrip.

Gifts were displayed under a "tree" with pacifiers made from candies and tied in pink and blue ribbons.

The serving table was laid in white lace over pink and featured a centerpiece of a large pink and blue stork, flanked by two miniature ones. A crystal service was used.

Hostesses for the occasion were: Mrs. Mack Terry, Mrs. Pat Taylor, Mrs. Bobby Terry, Mrs. Bob West, Mrs. V. L. Peel, and Mrs. Josey.

PRISCILLA CLUB MEETS
Mrs. Robert Cox will be hostess for a regular session of the Priscilla Club tomorrow, Friday, afternoon at 3 o'clock.

Marilyn Jones is honoree for party

Antelope Alley provided the setting Monday evening for a party in honor of Marilyn Jones on the occasion of her 11th birthday. Her mother, Mrs. Walter Jones, was guest of honor for the occasion, held from 6 until 9:30 p. m.

Youngsters enjoying the evening fun were: Donna Smith, Barbara Alexander, Eley Williams, Darlene Jones, Wila Thompson, Leslie Davis, Nancy Kuykendall, Dale Shaw, Suda Little, Billye Troublefield, Eley Doggett;

Also, Carolyn Matisler, Cheryl Martin, Lee Doggett, Tommy Mason, Diane Maxey, Brenda Mason, Annie Sims, Linda Byrd, Joe Egan, Arieta Robinson, Vonda Well, Rickey Little, Curtis Hudson, the honoree, and Frankie Sue Well and Danny Jones.

Birthday cake and cold drinks were served.

Local culture club to enter national federation contest

Several clubwomen are busy this week as plans to enter a national fashion-serving contest were announced by the Post Woman's Culture Club. Designed to select the "National Costume for the Clubwomen's Wardrobe", the national contest is being sponsored for the second consecutive year by the Federal Federation of Women's Clubs, Washington, D. C., with the cooperation of Vogue Pattern Service, Bureau, New York City, N. Y. All entries must be made and judged by club members.

Local contestants will be judged at a regular meeting of the club on March 11. Selection of the winning outfit will be on the basis of originality and appropriateness for occasions, over-all fashion, workmanship. In addition to the award a one-year subscription to Vogue Pattern Book, the winner will become eligible for participation in the second round of contest when judgments at the district level of the Federation are made which will be April 3 in Ber-

ger.

Third round of the contest will take place in the form of State Federation judgments, where cash awards of \$100 and \$25 will be given to the first and second place winners. A bronze plaque will be awarded the club represented by the first-prize winner of each state contest.

A three-week trip to Paris and London for two people, provided by the international travel service, Thos. Cook & Son, is the grand prize in the final, National judging, with cash awards of \$500 and \$250 going to the second and third place winners. First and second place winners will also receive trips to the 1959 GFWC Convention in Los Angeles, Calif., as part of their awards.

Other special awards will be made to the clubs represented by the winners and to the State Federations with the highest percentage and the highest number of member-clubs participating in the nation-wide contest.

Judy Gossett, Ronnie Morris wed in double ring ceremony

Miss Judy Carolyn Gossett and Ronnie Lee Morris were united in marriage Saturday evening at 5:30 o'clock, Ronnie Parker, minister, performed the double ring ceremony at the Church of Christ.

Parents of the couple are Mrs. Vera Mae Gossett and Mr. and Mrs. Chester Morris of the Close City community.

Vows were repeated before an altar decorated with two baskets of apple pink gladioli and palm trees, and pink tapers.

The bride wore an original gown of white Chantilly lace and pleated nylon tulle over satin, designed with a sheer yoke outlined in lace applique, iridescent sequins and pearls. The bodice featured a portrait neckline and long petal point sleeves. The waltz-length skirt had pleated tulle ruffles under the scalloped lace edge. Her veil of silk illusion was attached to a cap of rhinestones and pearls and she carried a white orchid on a white Bible, a gift from the bridegroom.

Mrs. Jimmy Stanford of Levelland attended her sister as matron of honor. She wore a rose colored cotton satin dress, styled with a rounded neckline, short sleeves and a full skirt. She carried a bouquet of white carnations and wore a matching headpiece of flowers.

Misses Ann and Judy Morris, sisters of the bridegroom, were bridesmaids. Their dresses were pastel pink and they wore matching headbands. They carried bouquets of white carnations.

Candlelighters were Miss Kay Short of Slaton and Miss Shirley Wallace. They wore dresses of blue and had wrist corsages of white.

Best man was Charles Morris, brother of the bridegroom, with Ray Gary and Jimmy Redman as groomsmen. Ushers were Jerry Key and Daymon Ethridge.

"O Promise Me", "Because", "I Love You Truly", "Wedding March" and "O Perfect Love" were sung by Mes. Dwayne Barker, J. B. Potts, Floyd W. Duncan, J. T. Mock, George Miller, Ed Sawyers, and Wendell York.

The bride's mother was hostess for a reception at her home at 117 S. Avenue P., where a pink and white color scheme was carried out in decorations.

Miss Peggy Butler, Mrs. Jimmy Bird, and Mrs. Gene Kennedy served, and Miss Kim Pierce registered the 55 guests.

Other members of the house party were Mrs. Quannah Maxey, Mrs. E. E. Peel, Mrs. W. H. Childs and Mrs. James Stone.

MRS. RONNIE LEE MORRIS
(Judy Carolyn Gossett)
—(Marinell Portraits)

For travel, Mrs. Morris chose a beige silk suit with corresponding accessories. Following their trip to San Antonio, they are at home here where he is engaged in farming.

The bride attended Post schools and her husband is a graduate of Post High School and attended West Texas State College, Canyon.

ABILENE VISITORS
Mrs. Jerry Epley and Debbie accompanied Mr. and Mrs. Lawrence Epley of Abilene to Post Wednesday where she will visit with her parents, Mr. and Mrs. R. B. Perrin, and Mr. and Mrs. Roy Josey.

There's no need to sprinkle your cottons several hours before ironing. A new steam iron sprays, steams, or dry irons as you wish.

Beverly Young has club program

Miss Beverly Young presented several piano selections when members of the Post Business and Professional Women's Club met last Thursday at the city hall.

Following Miss Young's presentation, a short business session was held with Mrs. Ruth Young, president, presiding.

Women of the Church of God of Prophecy served the buffet dinner, consisting of pizza pie, green salad, and apple dumplings. Table decorations carried out a spring motif with the tables laid in yellow and centered with a floral arrangement.

Attending were: Mrs. Katharine Trammell, Mrs. Leatha Cederholm, Miss Wilma Pirtle, Miss Nora Steven, Mrs. Clara Campbell, Mrs. Winnie Tuffing, Mrs. Eleanor Webb, Miss Maxine Durrett, Mrs. Young and Miss Young.

Postscripts

Mrs. Ray McClellan of the Graham community entertained with a party Friday honoring her daughter, Kim, on the occasion of her seventh birthday. Refreshments of ice cream cups, cake, cold drinks, and favors of bubble gum were served to Dewey Craft, Andrea Kay Mann, Pat Peel, Nancy Norman, Nina Young, Sue Wilks, Kay and Kim Hundley, Rickie Bush, Steve West, Randy Hudman, and James and Jay Scott.

Dural Wilson, new operator of The Post Bakery, moved his family to Post Monday from Slaton. Dural, his wife, Wilma, and their three children will live at 606 West 7th Street.

Sunday guests of Mrs. B. K. Bowen and Mrs. Maud Pearce were Mr. and Mrs. O. K. Bowen, Helen and Jim, of Brownwood, Mr. and Mrs. Lee Bowen, Mrs. Wesley Stephens, Mrs. Lucille Queen, Miss Sue Stephens, Miss Pat Bownds, and Miss Judy Stovall. The O. K. Bowens are former Postites and operated the OK Food Store on North Broadway.

Mr. and Mrs. Jimmy Hundley and daughters moved into their new three bedroom home at 514 West 10th Street last week and in talking to Shirley today she tells us they are "almost back to normal," lacking only one box being completely unpacked.

Friends report that Mrs. Wade Terry, patient at Scott and White Hospital, Temple, is doing fine and expected to be able to return home next week. Mrs. Terry entered the hospital two weeks ago and underwent major surgery last Wednesday. Among those visiting her have been Mr. and Mrs. Bobby Terry and Mark, Mr. and Mrs. Jack Taylor, Robert Doss, and Mr. and Mrs. Orho Doss of Corpus Christi.

Bernie Welch, son of Mr. and Mrs. Ralph Welch, spent the weekend in Post visiting his parents, and friends. He is stationed at Camp Hood where he recently completed basic training and is now awaiting further orders.

Robert Earl Mitchell left Wednesday night for Bainbridge, Md., after spending a six-day furlough with his parents, Mr. and Mrs. Dan R. Mitchell. Earl, who is in the Navy, is to be shipped to Rota, Spain, where he will be stationed at the U. S. Naval Air Base for 10 months.

Here's The Answer

Music... real music... with melody and chords at your fingertips

IN MINUTES WITHOUT LESSONS, WITHOUT EXPERIENCE

with the **MAGNUS ELECTRIC CHORD ORGAN**

Imagine! You actually playing music in minutes—and with no lessons or experience whatsoever.

With the exciting Magnus Electric Chord Organ, the real musical instrument everyone is talking about, you will be playing all your favorites from classical to jazz. You needn't know one note from another though they're there for those who do. All you do is match the numbers in the Magnus Song Books with the numbered keyboard.

You, yes you merely press a key—and out comes MUSIC! Real music. Full timbered, rich, mellow and wide of range... vibrant with the authentic "breathing" of organ tones and overtones, because Magnus uses the same principle of passing air over reeds as you find in the mightiest church organs.

Look for Magnus... for only Magnus is unmatched at its price for quality, cabinetry, and tonal beauty!

Available in blonde mahogany or traditional walnut **only \$129.95** matching table \$25.00

Remember it's a lot more fun to make music than just listen to it.

COME IN! SEE IT! PROVE TO YOURSELF YOU CAN PLAY IT IN MINUTES!

Post High School Chapter

Melanie Thompson, daughter of Mr. and Mrs. Lee Thompson and FFA sweetheart, has been entered in the South Plains Princess Contest to be held March 15 in Lubbock.

Jerry Thuet, Dean Johnston and Clarence Ivie accompanied the ag teacher to the Fort Worth Fat Stock Show and entered the grass identification contest. Although the boys did not place in the contest, they had quite an experience in being in such a contest and mixing with the boys there. They enjoyed looking at the exhibits and seeing the livestock and the midway as well. Gatesville won first place in the grass contest, with Tioga taking second place and Whitewright third place.

James T. Sexton of the Sexton Insurance Agency visited with the Ag III class this week, giving them information on the various forms of insurance. The Ag III class also visited the locker plant and watched the slaughtering and butchering of a beef.

Ag II boys decided some cows for V. H. Kuykendoll.

Jerry Stone and Jerry Gerner were in Plainview Saturday to attend a Chester White and Poland China breeders sale.

Three teams—land, grass and livestock—were entered in the Spur FFA judging contest held Saturday. In order to participate in such contests, the boys must meet the same requirements as athletes representing the school—pass three subjects.

The grass team was made up of Jerry Thuet, Dean Johnston and Clarence Ivie; the livestock team of Derwood Mayberry, Don Richardson, Curtis Steel and Horace Smith, and the land team was yet to be selected.

D. H. Koeninger, vocational ag teacher and FFA chapter advisor, attended a district ag teachers meeting at Tahoka on Feb. 17. All records books of ag students were checked. A grade of "good" was assigned the records of the Post chapter.

Also discussed at the meeting was district judging contests. A district livestock judging contest will be held at Tahoka March 10. Cotton, crops, dairy products, land and grass contests will be held at Brownfield April 16, and the dairy cattle contest will be held at Wilson April 14. The poultry and meats contest will be held at Lamesa on a date to be set later.

The next district ag teachers meeting will be at Brownfield on April 6. Subject of the meeting will be tractor maintenance.

Martin stationed at missile center

POINT MUGU, Calif. — Connie R. Martin, airman, U. S. Navy, son of Mr. and Mrs. Barney R. Martin of 609 West Sixth Street, Post, Tex., was promoted to the present rate Feb. 1 while serving at the Naval Missile Center here.

The mission of the center is to test and evaluate guided missiles and their components.

The first Parisian fashion model was a doll. The World Book Encyclopedia reports that six hundred years ago the French sent these "fashion babies" to other lands to display the latest dress and hair styles.

"TODOS BIENVENIDOS"
(Church located on Northeast side of town on Spur highway)

Lost in the Crowd?

We live in a day of crowds... crowds at football games, crowds in many school-rooms, crowds on the highways every weekend and holiday, crowds rushing to and from work each day, crowds on the sidewalks shopping—crowds everywhere.

Sometimes, therefore, individual persons get the feeling that they are "lost in the crowd," that as individuals they don't count for much and no one pays much attention to them. It's possible to be very lonely in a crowd.

But there is one place in our community where individuals as individuals do count, where every single one of us can be assured that we will be recognized and welcomed and appreciated as a person.

That place is at church, one of the friendly churches in our community. For this is the church's mission and purpose—to minister to and help individuals as they are and where they are, good or bad, rich or poor, old or young, great or small, weak or strong.

There's a church in your neighborhood which is waiting to help you as an individual and to welcome you as a person this Sunday. Why not attend that church—and lose that lost feeling?

"The Son of man is come to seek and to save that which was lost." (Luke 19:10)

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Texans have responsibilities in solving traffic problems

AUSTIN — "Texans must not let Uncle Sam be going to solve all our highway needs with federal money. Texans still have tremendous responsibility in solving their own traffic needs."

These words of warning come from Marshall Formby, chairman of the State Highway Commission. Formby stated that too many people in Texas, after reading of the huge amount of money which the federal government is spending on the interstate

system of highways, believe that all Texas highway needs are solved.

"The 3,833 miles of interstate highway in Texas, when completed, will carry only about 16 per cent of our Texas traffic. It is up to Texans to work out our own solution for this other 80 to 84 per cent of traffic."

Formby explained that the biggest problem in Texas highways is the 26,000-mile "primary" system which links most of the state's ma-

for cities and towns.

"Two out of three autos travel this system," Formby said. "Yet at the present rate of improvement it will take us 22 years to put the primary roads in top condition. By that time, these roads will need further improvement."

CHAIRMAN FORMBY stated that 1,000 miles of the busy primary system are built with four lanes, and that another 5,500 miles should be four-laned within the next five years.

"Thousands of miles need shoulders paved, and 4,200 bridges need to be widened. It would cost more than \$2 billion to put the primary roads in first class condition for safe travel under the present traffic load."

Formby predicted that 500 lives and \$50 million property damage from accidents could be saved annually if the primary system were built to proper standards.

"WE ARE proud of the progress made on our 32,000-mile farm-to-market road system," Chairman Formby said. "These paved rural roads are of much benefit to the farming and ranching areas and school bus and mail routes. We have added nearly nine thousand miles to the farm-to-market road system since I joined the Highway Commission in 1953."

Formby stated that the 50-50 right-of-way purchase law enacted by the last session of the Texas legislature has been a great aid to the primary system and to the counties and cities desiring highway improvement.

"HOWEVER, RIGHT of way is exceeding the estimated cost. When more money is required for right of way, it has to come out of the construction money, and so less road-miles can be built," Formby said.

Formby, 47, was born in Hopkins County, but moved to McAdoo in Dickens County when a small boy. He is a former county judge of Dickens County, former state senator, and served with the army engineers in World War II, spending 20 months in the European theatre. He is married and has a young son and young daughter. He is a graduate of Texas Tech, received his Masters degree from the University of Texas, and studied law at Baylor University.

"I Knew They Were Going To Get Married, Because He Gave Her An Electric Blanket, Last Christmas, With Dual Controls —!"

Small Business Administration branch office opens in Lubbock

LUBBOCK — South Plains businessmen now can take advantage of a Small Business Administration branch office which has been opened in the Veterans Administration Building, 1600 19th St., Lubbock.

The SBA, created by Congress in 1953, gives financial assistance to qualified small businesses, counsels them on their financial problems and provides them with technical aid and management tips.

"Sometimes we can help a business without ever making it a loan," points out Carl Gallagher, acting manager of the new Lubbock office. "In fact, we are not in competition with private institutions and we encourage businessmen to go to their local banker."

To qualify for an SBA loan, according to Gallagher, a business must show that it is unable to get help elsewhere and the owner or owners must evidence good char-

acter and ability to operate a business successfully. He also must have enough capital so that "with the aid of an SBA loan, the business will be on a sound basis."

Small businessmen in this area can obtain help from the SBA concerning how to boost a product, how to get a fair share of government orders and contracts, how to improve accounting methods and how to solve other management and technical problems.

The SBA is authorized to make several types of loans, including direct and participating, up to \$50,000.

Vet's Forum

Q. I understand that generally a child must be over 18 to train under the War Orphans Education Act. I already have completed high school, but won't be 18 for several months. Could an exception be made in my case?

A. Yes. If VA finds it would be in your best interest to commence training before age 18, an exception could be made.

Q. A neighbor of ours, a blind veteran, is about to make application to VA for a seeing eye or guide dog. Who bears the expense of training the veteran to use the dog, the veteran himself or VA?

A. VA will provide the dog, and also pay the expense of training the veteran to use it, and any expenses incidental to necessary medical attention for the dog.

Q. Does a Spanish-American War veteran have to be disabled in order to draw a VA pension?

A. Not necessarily. VA pensions are payable to Spanish-American War veterans over 62 years of age, even though they may not be disabled.

Post student makes all A's at Tech

Leonard Short, senior electrical engineering major from Post, was one of 33 Texas Tech students who finished the fall semester with a three-point grade average (all A's). The Office of the Registrar has announced. An additional 409 students made the honor roll.

Selection for the honor roll is based on undergraduate students enrolled for 12 semester hours or more and who rank in the upper 5 per cent of the student body in their schools.

It wasn't hard for a fashionable man to trip over his own feet during the Middle Ages. The World Book Encyclopedia says that one kind of a shoe had a pointed toe so long that a chain had to be used to hold it up so the wearer could walk.

Dairy Association is to meet in Houston

AUSTIN — The annual meeting and sales marketing conference of the American Dairy Association of Texas will be held in Houston March 3. Headquarters for the meeting will be the Shamrock Hilton Hotel.

Features of the meeting will be: (1) a color presentation of the big 1959 sales program; (2) feature speaker Al Erickson of Chicago, an advertising and merchandising specialist; (3) a report of the 1958 program, and (4) an appearance of the 1959 Texas Dairy Princess.

The term "pin money" comes from the time when pins were scarce and valuable, and were sold only on the first two days of the year. According to The World Book Encyclopedia, wealthy women flocked to the shops to buy the pins with money provided for this purpose by their husbands.

Town lots at Wilson leased by oil firm

WILSON — Nearly all lots in the city of Wilson have been leased recently for oil by Hunter & Hunter of Midland under a "township lease" proposition. Leases have been signed to bring the owners \$10 per lot.

The leasing has resulted from development of the Block L Gloria-ta field, three miles east of Wilson.

O'Donnell man heads Lynn Sheriff Posse

TAHOKA — Bob Ragan of O'Donnell has been elected as new president of Lynn County Sheriff's Posse to succeed Clarence Church of Wilson.

Jiggs Swann of Wilson is vice president and Eli Vickers was re-elected secretary.

The posse now has 36 members and meets each first Monday of the month, alternating between Tahoka, O'Donnell and Wilson.

Now—call long distance anywhere with a Telephone Credit Card

You're welcome to use anyone's phone—no embarrassment with your host—no need to reverse charges, either—with a Telephone Credit Card taking care of all charges on your long distance calls.

It not only makes phoning faster—but the charge, placed on your home or office phone bill, is a record for accounting purposes.

A General Telephone Credit Card is good anywhere in the country. We'll be glad to issue one to you—without charge—if you'll phone our Business Office.

electric clothes drying's a breeze!

★ We'll all agree, to dry clothes you need a breeze — and breezes come in two styles. There's the outdoor breeze that tears clothes, covers them with dust particles, and chills you to the bone. Then there's the indoor breeze which is gentle as a lamb on the clothes and on you. An electric clothes dryer is the way to get that soft and fluffy breeze, and it's the way to have the sweetest, whitest wash in town. Make clothes drying a breeze — electrically.

Breeze down to see your Reddy Kilowatt Electric Appliance Dealer and see the appliance most wanted by most women. It's the electric clothes dryer.

PUBLIC SERVICE COMPANY

Annexation—

(Continued From Front Page) The addition of city fire protection would mean a great savings on insurance rates to offset increases in taxes.

MAYOR MINOR pointed out other gains for everyone in annexation. He said that in a town of under 5,000 population it is difficult to obtain over 60 per cent of value for a building loan, whereas in a city over 5,000 with proper zoning laws a loan of 90 per cent or better is obtainable.

Annexation would be expected to add possibly 700 persons or more to the town's population in the 1960 census and thus give home building here a push through improved financing.

Minor indicated the council is now ready to consider a zoning ordinance which would protect home owners from nearby construction that would depreciate the value of their residential properties through restrictions on construction.

The mayor said if annexation takes place the city will not push city services in all directions at once at great cost but would extend them according to present policies just as the need for water, sewer, paving, etc., develops.

Minor also pointed out the city now has an application in for a 60 unit public housing project which would greatly help the community, but that with the present square mile townsite there are no available sites for such a project.

"ANNEXATION WON'T be all cream to the city," Minor pointed out, referring to "the flats." He termed the situation in the "flats" as a detriment to the town and said "it will cost us to clean it up," but the longer we let it go the worse it will grow and the more expensive it will be to clear some day as a blighted area.

It is estimated that less than 100 voters are qualified to decide the issue March 14. If most petition signers are eligible voters with poll taxes paid, a majority of eligible voters have signed the petition requesting the election.

State statutes governing annexation procedures for a city of the size of Post call for a majority expression in favor of annexation of those qualified voters living within the annexation area by either election or petition.

THE NEXT STEP would be for three such voters to certify by affidavit to the city council that a majority had approved annexation.

Once the city council receives such an affidavit, the decision to bring the annexation area into the city or reject it would lie with the city council.

There appears no question as to the council's desires in the present case.

If the annexation election carries and the city brings the area into the city, qualified voters living within the annexed area would be entitled to vote in the city elections April 7, providing they have lived at least six months in the area to be annexed.

THE CITY OF Post now has a taxable property valuation of \$3,200,000 and a budget of \$40,000. If the area is annexed and its taxable valuation is \$2,900,000 this will provide at least \$30,000 in additional taxes each year at current tax rates.

The election notice in today's Dispatch provides those voters living in the portion of the proposed annexation area west of the Santa Fe tracks will vote at the Western Construction Co. office on the Lubbock highway curve just north of Post. Those living east of the railroad tracks will vote at Post's Colored school.

Election judges and clerks named by Mayor Minor include: Fred Robinson, election judge, and Mrs. Ralph Welch and Mrs. L. C. White, clerks, for the Western Construction voting place; and Mrs. Beth Walker, judge, and J. A. Rogers and Mrs. Gordon Wilson, clerks, for the colored school voting place.

City Attorney Carleton P. Webb told The Dispatch that the state statute governing this annexation procedure was written in 1875 and there is no provision for appeal of the procedure into the courts except on the grounds of fraud.

Accident victim is buried here

Funeral services for Charlie Wristen, 47, who was killed about 5 p. m. Monday in an automobile accident near Pecos, were conducted here at 3 p. m. Wednesday in the First Presbyterian Church.

Mr. Wristen, who lived at Orla, Tex., was traveling alone when the accident occurred, and it is believed that he may have suffered a heart attack.

He was a grandson of the late Mr. and Mrs. R. L. Wilcox of Post and a nephew of Mr. and Mrs. Frank Simpson of this city. He lived at Grandfalls for many years before moving to Orla.

His only immediate survivor is his wife.

The Rev. Clinton Edwards, pastor, officiated at the services. Burial was in Terrace Cemetery under direction of Hudman Funeral Home.

School board—

(Continued From Front Page) Smith told The Dispatch that Metcalf figures \$860,000 is the maximum the expansion projects can cost to stay within the levy and indebtedness limitations the board wants.

"It will be up to the board to decide what will be cut out," Smith said.

TO BE AT CHURCH

A representative of TANE, a church organization, will be at the 11 a. m. services Sunday at the Assembly of God Church, the Rev. J. R. Brincefield, pastor, announced.

Water pact—

(Continued From Front Page) of six-inch line to tie the new water supply into our main line," Mayor Minor said.

The lease is for a term of 10 years beginning on May 1 of this year. The contract gives the city the right to continue the lease for an additional 10 years, with the right to exercise the option at any time prior to Dec. 1, 1968.

The agreement also gives the city a four-year option on continuing to take the water under the terms of the contract.

IN THE EVENT that the wells on the section do not produce the minimum of 300 gallons per minute, the city is given the right to receive the amount of water produced and abate the rental in proportion to the lessor's failure to deliver the specified amount of 12,960,000 gallons a month. The contract also provides that in the event the lessor fails or refuses to drill sufficient wells to meet the minimum requirement, the city, at its option, may drill and equip the required wells and charge them against claim for water delivered.

The agreement specifies that the city shall be required only to accept "potable water which will meet the requirements of the State Department of Health," and that all lines and sealing off of all wells will meet the requirements of the health department.

The city will provide and maintain a meter to determine the amount of water being taken from the section.

MAYOR MINOR said he and the city council have had the lease agreement with Storie under consideration "for quite a while."

"It and what we've already got will give us all the water we can

Four Post physicians attend special seminar

Four Post physicians, two doctors from Taboka, and one from Slaton were among those attending a one-day seminar "The Severely Injured Patient" at the Caprock Hotel in Lubbock Sunday under sponsorship of the Texas Academy of General Practice.

Post physicians attending were Dr. D. C. Williams, Dr. A. C. Surman, Dr. Harry A. Tubbs, and Dr. John E. Carter, Dr. C. Skiles Thomas and Dr. Emil Prohl, both of Tahoka, and Dr. Jay McSween of Slaton also attended.

Coin milk machines now sell 2 1/2 million gallons of milk a year in the British Isles.

get to town with our present pumping facilities," the mayor said.

"We consider it a good deal," continued the mayor. "Instead of all the headaches and expense we've had from drilling and pumping the last few years, we'll be buying water at about 12 cents per 1,000 gallons."

BECAUSE OF good rains during the last two years, the city has had ample water despite dwindling wells and increased consumption. But with annual water consumption having mounted more than 100,000,000 gallons from 1951 to 1958, a dry year would prove disastrous at peak consumption time.

In the last four years, the city has drilled 63 wells and test holes in its search for additional water. The last drilling was in 1957 when 14 wells were drilled, but only seven usable, with the largest well tested pumping only 75 gallons a minute. Total expense, not including lease money, in those four years has been \$61,071.99.

Observances set for School Week

Post's schools will observe Texas Public Schools Week from Monday through Thursday during the coming week, with the Post Parent-Teachers Association generally in charge of the observance.

Patrons of the school district are invited to visit any or all of the city's schools while they are in session during the week. Refreshments will be served at each school.

Public Schools Week posters have been put out, and reminder ribbons will be distributed within the next few days, school officials said.

The observance is for only four days since there will be no school on Friday, March 6, while teachers are attending a district Texas State Teachers Association convention in Lubbock.

The following week—Thursday night, March 12—the P-TA will hold a teacher appreciation banquet at the city hall, beginning at 7:30 o'clock.

Two building permits issued at city hall

Two building permits for construction costing an estimated \$900 were issued at the city hall this week to bring the 1959 total to \$108,175.

Jim L. Williams was issued a permit to repair an apartment and install a bathroom at a cost of \$200.

A permit for a storm door and windows on residence went to Reese Carter Jr. Estimated cost of the construction is \$700.

Mystery case—

(Continued From Front Page)

who live northwest of Post.

The sheriff said the man told him the woman was walking along the left-hand side of the road, and that about 200 yards further up the highway he saw an automobile parked in a barrow ditch to the right of the road.

Sheriff Rains said the man told him that the car made a U-turn as he approached it and headed back toward Post.

"HE SAID HE thought it was a 1957 or 1958 model Ford with lettering on the left-hand door," the sheriff said. "He did not see the license tag, but thinks there were two men in the car."

The sheriff said the Post man identified the woman's purse as the one the woman he saw had been carrying. The man accompanied the sheriff and Justice of the Peace D. C. Roberts back to the scene of the accident and showed them about where he had seen the woman and the spot where the car had been parked.

"Our investigation shows," the sheriff said, that when the woman walked behind Strawn's car and into the path of Mrs. Cook's, she was crossing from the opposite side of the road from the one she had been on when the Post man saw her a short time before the accident."

THE SHERIFF described Mrs. Peters as "an attractive woman with reddish blonde hair." He said she was dressed in a light sweater and pedal pushers.

Lubbock acquaintances of Mrs. Peters told officers she had not been there long. The manager of a hotel there said a woman believed to have been Mrs. Peters checked in there Feb. 18 and checked

Physicians report thefts from autos

Sheriff's officers this week are investigating thefts of articles from the trunks of two physician's automobiles.

Sheriff Carl Rains said Dr. Harry A. Tubbs reported the loss of a set of golf clubs and a spare tire from the trunk of his automobile Saturday. The officer said Dr. Tubbs told him he believed the theft occurred while the car was parked at his home during the lunch hour.

Dr. A. C. Surman's wife reported the theft of a spare tire from the trunk of their automobile. The theft was reported Tuesday night, but Deputy Red Floyd said Mrs. Surman told him she believed the tire was stolen Friday or Saturday.

Last Election Day, U. S. voters approved approximately \$1,900,000 in new bond issues to finance state and municipal improvements.

Within the last week, Mrs. Peters was taken to Lubbock hospitals at least three times by ambulances. She once told hospital attendants she had a respiratory illness and again said she had been subject to fainting spells.

Mrs. Peters' parents and a brother live in Mineral Wells and a brother and sister live in Fort Worth, the sheriff said. Her two small children, Lloyd and Barbara Estes, were reported living with their fathers' parents at Cameron, Okla.

Sheriff Rains said Mrs. Peters had been gone from her parents' home about a week. He said her parents did not know where she was.

Bookmobile—

(Continued From Front Page) ed library facilities in areas of 10,000 population or less, is being administered by State Librarian W. B. Harwell under the provisions of the Library Services Act.

The one-year demonstration of first-class rural library service requested collectively by the commissioners' courts of the five counties, will feature cooperative practices among existing libraries and point up the values of an inter-library loan system.

Bookmobile Librarian Mary J. Vines will be assisted by Dorothy Schivetz, regional supervisor of the Rural Library Service Division of the State Library, during the first three-week run.

Boy injured

(Continued From Front Page) tacted Wednesday morning by Shepherd. The accident occurred about 4:15 p. m.

Rickie is in Garza Memorial Hospital. The attending physician said he apparently suffered no other injuries.

Rickie thus became Post's first traffic victim of 1959.

SISTER VISITS

Mr. and Mrs. Norman Chaffin and family of Lubbock visited recently with her sister and brother-in-law, Mr. and Mrs. Bobby Terry and Mark.

Junior rodeo—

(Continued From Front Page) Stampede directors was announced. Originally it was felt that any demands by the Stampede group to require larger rental fees from the junior group would force it out of business.

The Southwestern Championship Junior Rodeo was organized here in 1948 as the first of its kind in the country.

Birdwell told The Dispatch that the Post Stampede rodeo may be moved to a later date than May this year. The big event has run into bad weather difficulties the last few seasons with an early spring date.

He said several rodeo producers are being contacted and as soon as the rodeo producer is selected a date will be set which can be fitted into the producers' schedule.

A new anti-tuberculosis drug developed by Dr. Vincent Barry of Dublin, Eire, has proved successful in tests on animals.

Post Antelopes begin track and field practice

Flower
MILLION DOLLARS OF ENTERTAINMENT AT POPULAR PRICES

**First meet
March 14**

"We have the potential for a long track team this season," said Coach Frank Krhut this week as preliminary drills got under way at Post High School.

A number of track and field candidates have been working out for the last few weeks, and were joined by others this week with the end of the basketball season.

The main hindrance to a winning track team is a lack of track facilities the coach explained. The practice track south of the school building will have to be used in the rain, and the coach said he has been waiting on a rain to have it rained.

THE ANTELOPE thinclads' first meet will be the Whirlwind Relays at Floydada on March 14, about two weeks away. They'll also enter the West Texas Relays at Odessa, the Crosbyton and Hale Center Invitational meets, and the district meet to be held in Lubbock April.

The coach said he expects the antelopes to be strongest in the sprints, where he has Curtis Didway, Charlie Morris, Derwood Mayberry, Craig Graham and Jerry Lindham returning, and Richard Spurr up from last year's freshman team.

LIKELY PROSPECTS in the distance events are Dan Rankin, Scott Pierce, Kenny Poole, Quentin Smith, Junior Foster, Delwin Witt, Wayne Hair and Gary How-

In the weight events, Didway and Poole have had experience in the discus throw, but no prospective putters are in sight, Krhut said. Pierce placed third in the discus in last year's district meet.

The best broad jumpers are Windham and Mayberry, who placed in number of meets last year, including the district meet. Also being counted on in this event is Jimmy Minor, who won second last year in the district freshman meet.

RANKIN, PIERCE and Hair will compete in the high jump, but the antelopes are expected to be weak in the pole vault unless someone comes along this season.

Outstanding high and low hurdles appear to be Billy Williams, Windham, Mayberry, Pierce and Rankin.

The coach said he expected to be able to field strong teams in the 440-yard and mile relays.

SECTION TWO The Post Dispatch SPORTS Thursday, February 26, 1959

PS in... SPORTS By CHARLES DIDWAY

The big talk around town all last week was the Post Antelope district co-champion basketball team and its playoffs with the Floydada Whirlwinds to see which team would meet the Seminole Indians in the bi-district clash.

There was also a lot of talk about how long it had been since a Post team had tied for or won a district championship. We checked as far back as we could in the boung files of The Post Dispatch, which carried us as far back as 1943, without coming across a district championship team for Post.

Jim Hundley, from two doors west at Hundley's Men's Shop, said the Post High School teams he played on in 1916-17 and 1917-18 won the school its first two district titles. Unless there was a winner between those dates and 1943, this season's team is the first repeater.

Many fans here are of the opinion that the Antelopes won the district championship in 1949-50, but according to The Post Dispatch of those years, the team won only the south half of the district and lost in the district playoffs held in Lubbock. They lost their first game to Levelland and their second game to Sudan, then won third place by beating O'Donnell, which had finished second in the south half.

The following season, the Antelopes also won the south half of the district, but again wound up third by trouncing Tahoka after losing to Levelland. In the 1951-52 season, the Antelopes tied with Ralls for second place in the district, no playoff being held that season.

Going back to 1948-49, the Antelopes finished second to O'Donnell in the south half of the dis-

Whirlwind '5' wins playoff

The Floydada Whirlwinds finally "won the marbles" Saturday night in their three-game playoff with the Post Antelopes by winning 35 to 30 at Chapman Fieldhouse in Lubbock.

The two teams, co-champions of District 3-AAA, held the playoff to determine who would meet the Seminole Indians in a bi-district game.

After winning the opening game, 45 to 39, here last Thursday night, the Antelopes let a possible two-game sweep slip from their grasp Friday night by losing to the Whirlwinds, 39 to 36, in overtime on the Floydada court.

With six seconds to go, guard Derwood Mayberry tied the score at 34-34 to send the game into overtime. In the three-minute extension, Don Vickers sent Floydada ahead, 36-34, with a fielder, but Dan Rankin drove under the basket to knot the count at 36-36.

With only four seconds left Mayberry fouled Dannie Shipley in a desperate attempt to gain possession of the ball. Shipley made his first free throw, but missed the second. A tie-ball was called on the rebound, and Bill Patterson scored on a hook shot following the tip to give the Whirlwinds their three-point margin.

Both teams played rugged defense throughout the playoffs. Antelope high scorers Scotty Pierce and Jimmy Short were held to 9 and 4 points, respectively, in the game at Floydada, with guard Curtis Didway grabbing scoring honors for Post with 11 points.

Large crowds of fans for both teams saw all three nights of the exciting action.

The box scores:

Free Throws Missed — POST: Short 1, Pierce 4, Hart 1, Mayberry 2. **FLOYDADA:** Vickers 4, Patterson 5, Gilliland 1, Irby 1.

Some of the players besides Hundley were Buford Terrell, Charlie Kitchen, Buell Terrell, Rex Brant, Buddy Stewart, John H. Habb, Watson Self, Ernest Fumagalli, Phil Bouchier, and a number of others whose names I don't recall," Jim said.

Getting back to those cracker-jack teams of some 40 years ago on which Jim Hundley played forward and also coached, they were practically unbeatable by another high school team. Jim recalls that the only time they lost to any except a college team in those two seasons was once when four high schools picked their five best players and then shaded the hotshot Post team.

Home games back then were played in an "airdome" building where Mason Furniture store now stands. Among its victims, the Post High School team numbered West Texas State College, Lubbock, Floydada and Ralls, trouncing the latter team by a score of 110 to 15.

Frosh cagers win tourney

Coach Frank Krhut's freshman basketball team won its second championship trophy of the season Saturday night by dumping Petersburg, 46 to 30, in the Lorenzo Junior High Tournament.

A few weeks ago, the well-balanced freshman team took championship honors in the McAdoo tournament.

The Post team had an easy time in all its tournament games at Lorenzo, opening with a 59 to 20 win over the host team, then trouncing Spur, 52 to 35, to advance to the finals.

Leslie Acker paced the Post scorers in the championship contest with 16 points, backed up by Bobby Beard's 14. Beard also had 14 in the Spur game for scoring honors with Benny Schlehuber and Harold Wayne Mason also hitting in double figures—Schlehuber for 11 and Mason for 10. Schlehuber and Clarence Ivie each had 15 points for scoring honors in the Lorenzo game.

The box scores:

Norm Cash back from Venezuela

Norman Cash, Chicago White Sox outfielder, and Mrs. Cash left last Friday morning for the White Sox spring training camp at Tampa, Fla., after spending two days visiting his parents, Mr. and Mrs. Bandy Cash of Justiceburg, and his uncle and aunt, Mr. and Mrs. Carl Rains of Post.

Cash returned Wednesday of last week from Caracas, Venezuela, where he played for the Venezuelan team in the Caribbean Series.

The former Post High School athlete played for the Oriente club in the Caribbean Series after finishing the season with Rapinos. The Oriente club furnished the stiffest opposition for the Almedanos Blues of Cuba, which won the Series.

During the regular season with Rapinos, Cash batted .285 and hit 15 home runs. He did much better in the Series, as the following item in the Feb. 25 issue of The Sporting News shows:

"Besides hitting a solid .360, Outfielder Norm Cash of Venezuela drew the plaudits of local fans with his sparkling fielding. In the sixth inning, Feb. 14, he snagged a vicious drive by Puerto Rico's Jackie Brandt while going full tilt and crashed into the bleacher wall, but held the ball. In the final frame that night, with two out and Puerto Rico's potential tying run on first base, Andres Curet belted a high fly to right center. A moment later fans gasped in horror when they saw Cash stretched flat on his back where the ball should have landed — only to learn that the ball was safely nestled in Cash's glove."

Last season, after appearing in several games for the White Sox upon his return from service, Cash finished the season with the Sox' Indianapolis club of the American Association.

Parsons to Levelland

Cage coach is leaving

Albert Parsons, head basketball and assistant football coach here since June of 1957, has resigned to accept a coaching position at Levelland, effective this week.

Parsons will coach baseball and "B" team football at the Class AAA school.

R. T. Smith, superintendent of the Post schools, said today that Parsons had accepted the Levelland position some time ago, but that announcement was withheld until the end of the basketball season.

"He's done a fine job for us here," Smith said.

Parsons, a graduate of Sul Ross State College, piloted this season's Post Antelope basketball team to a co-championship spot in District 3-AAA.

"I regret leaving such a fine bunch of youngsters, but the Levelland position is just what I've been wanting," Parsons said.

Parsons, in addition to his coaching duties, taught two social science classes at the high school. Smith said a substitute teacher would take over the classes for the remainder of the term, but that the coaching position would be left vacant until school is out.

8th grade girls win consolation title in tourney

Post's 8th grade girls' team defeated Frenship, 24 to 22, Saturday to win the consolation trophy in the annual Lorenzo Junior High Tournament.

Ruthell Martin scored 6 points and Linda Taylor 4 points in the Post victory.

The Post team, coached by Jiggs King, was eliminated from championship contention when it lost its first game to Frenship, 52 to 31, Saturday to win the consolation championship of the Lorenzo Junior High Tournament.

The Post team, coached by Jiggs King, was eliminated from championship contention when it lost its first game to Frenship, 52 to 31, Saturday to win the consolation championship of the Lorenzo Junior High Tournament.

Ruthell Martin scored 6 points and Linda Taylor 4 points in the Post victory.

OUTDOORS IN TEXAS

By VERN SANFORD

A fellow told us quite some time ago that the happiest day in his life was the day he bought a boat. Then he added "... and the next happiest day was the day I sold it."

Of course he said that in jest, but we later learned that he meant it.

However, that was back in the days when there were few boats as large as his and not a great deal of interest in water sports. Boat building itself did not get the wide attention then that it does now. And the motors—man they are clumsy looking things, heavy and noisy.

TODAY'S BOATS are streamlining and as attractive as today's automobiles. Motors are quite, easy to start, and smooth running. A great change has taken place, especially during the past few years. Frankly, our happiest Christmas ever... was that December several years ago, when Sanford did a boat under our Christmas tree. Actually the jolly old fellow left us a note to the effect that he was waiting for us to get the boat. We had fun with that boat. Used it a lot in business entertainment. When our kids married and we sold the boat with much regret... and settled for one of Whitehouse's 14-foot fiberglass fishing boats. It has provided worlds of fun, too. And food. You know fishing is one hobby that allows you to "have your fun and eat it."

LAST DECEMBER Old Santa gave us a 3 hp. outboard motor.

The little 32 pound, one cylinder Buccaneer is small enough for trolling and light enough to lift easily in and out of the water. We keep the motor in the trunk of our lake car, ready for a jaunt to the lake anytime.

Nowadays when a fellow can rent a fishing boat for \$1 or \$2 a day, on most Texas lakes, it is mighty nice to own a small, easy-to-carry motor that you can store in the car until that moment when you're ready to head for the happy fishing waters.

You'd be surprised to discover how many car trunks contain outboard motors nowadays. Also how many Texas automobiles are pulling trailers. Next time you're on the highway, look for the tell-tale hitch on the rear bumper of the cars that whiz by. The percentage will amaze you. Most hitches signify a boat owner.

AND, BY THE WAY, have you noticed the trend to "marking" the best fishing spots?

First to come to our attention was the map prepared by Sid Whelless, owner of the Redfish Resort Motel in Port Mansfield. Sid keeps a supply of mimeographed maps on hand for all who want them. The maps pinpoint the best fishing spots for 15 miles in three directions from Port Mansfield—north, south and east—the Laguna Madre area and beyond.

Some of the choice spots for reds and trout are within three and four miles of the hotel and can easily be found by any fisherman.

NOW THE Highland Lake boys are becoming interested in a similar marking job. Marine dealers and top fishermen in the area have met and formulated a plan of identifying the choice spots on Lake Buchanan and the smaller lakes on the Colorado River.

Their program includes floating, numbered buoys as markers. Maps of the area will be furnished free by the various concessionaires in the six-lake area.

You'll be seeing more and more markers on Texas lakes as those that are marked lure the fishermen away from the not so alert areas.

Southland Baptist Revival is continuing through this week

By CAROLYN WARD

The revival meeting at the Southland Baptist Church will continue through this week. The pastor, the Rev. Tony Longval, is doing the preaching.

Mr. and Mrs. J. T. Davis and sons, Johnny and Richard, of Lubbock spent Sunday with her mother and grandparents, Mrs. Agnes Rinker and Mr. and Mrs. T. L. Barnes. Jerry Hitt, who is attending Hardin-Simmons University, Abilene, visited his parents, Mr. and Mrs. Elmer Hitt, and other relatives over the weekend.

J. I. BARTLETT has been hospitalized in Mercy Hospital, Slaton, recently. The Southland Woman's Society Christian Service met Monday afternoon at the church and started their study on the Book of Isaiah.

Law enforcement group appointment includes Metcalf

AUSTIN — The Texas Law Enforcement Foundation announced today the election of 35 West Texas to its board of directors, including Irby G. Metcalf Jr., president of the First National Bank Post.

The Foundation is a privately-financed citizens group working in support of all law enforcement agencies. An Abilene oilman, J. E. Connally, is president.

Other new directors from West Texas announced by Connally include: Lanham Flynt, Ballinger; Sid M. Me, Pecos; Wendell Mayes, Brownwood; Clarence E. Scott, LaBesa; J. H. (Cap) Shelton, Brownwood; W. H. Hudgins, Winters; Dick Douthit, Sterling City; Macon Dy, Henrietta; R. A. Brown, Rockmorton; Hosea Foster, Canyon;

Ray Griffiths, Muleshoe; R. C. (Art) Jordan, Amarillo; John J. Kendrick, Brownfield; C. D. Knight, Chita Falls; W. A. Krohn, Electra; Harry H. McConnell, Jacksboro; Charles E. Maedgen Jr., Lubbock; Retha R. Martin, Lubbock; A. A. Meredith, Borger; Leslie Mitchell, Crosbyton; C. V. Morgan, Olney; C. A. Phillips, Ducha; J. C. Phillips, Borger; Dan Douglas Pitman, Hereford; George S. Plants, Seymour; E. Bruce Street, Graham; Raymond Thompson, Vega; Charles E. Verber, Tahoka; James W. Witheron, Hereford; W. B. Woodruff, Catur; Fred Zimmerman, Floyd; Earl W. Smith, San Angelo.

iah. The Rev. S. M. Bean, pastor, is teaching the study, which will continue through March 30.

Mrs. Herb Ausburn of Long Beach, Calif., visited recently with her parents, Mr. and Mrs. T. L. Barnes, and her sister, Mrs. Agnes Rinker.

MR. AND MRS. Clyde Shaw are visiting his son and daughter-in-law, Mr. and Mrs. Giles Shaw of Los Angeles, Calif. They expect to be there for two weeks.

Mr. and Mrs. Ed Milliken visited her sister, Mrs. D. H. Hatchett of Lubbock, who is in Slaton with her son's children while their parents, Dr. and Mrs. Hatchett, are away.

Mr. and Mrs. Seals spent the weekend in Plains visiting their son and family.

Mr. and Mrs. Ed Milliken visited his sister, Mrs. Clea Young, in Slaton and his brother and sister-in-law, Mr. and Mrs. J. C. Milliken, also of Slaton. J. C. Milliken's son underwent a tonsillectomy Friday.

MR. AND MRS. Harley Martin and children went to Amarillo last Thursday where they visited her sister and brother-in-law, Mr. and Mrs. Jack Lancaster, and son. The Martins returned home Saturday.

Mrs. Doll Warshaw of Roby is visiting her son, Kenneth Warshaw, and family; her sister-in-law, Mrs. Agnes Rinker, and Mr. and Mrs. T. L. Barnes.

Mr. and Mrs. W. E. Kidd and Teddy D. Martin visited her aunt, Mrs. S. D. Martin, and Mr. Martin last Sunday. Other visitors were Mr. and Mrs. R. L. Hagler, Mr. and Mrs. Robert Lee Hagler and Mrs. Ed Denton.

MRS. MATLOCK has been in Mercy Hospital in Slaton recently. Mr. Tucker returned home Wednesday of last week from Mercy Hospital in Slaton where he had been a patient.

Mr. and Mrs. Fred Davidson and Louise spent Thursday and Friday in Quanah visiting Mr. and Mrs. William Cato.

Mrs. Green of Lubbock was a visitor in the home of Mrs. Thelma Burkett three days last week.

Mrs. Claude Roper of Wilson spent last Tuesday with her mother, Mrs. J. E. Rackler.

MR. AND MRS. J. B. Rackler were Lubbock business visitors Saturday.

Jerrilyn Huddleston, who is attending Abilene Christian College, visited her parents, Mr. and Mrs. J. H. Huddleston, over the weekend.

Several members of the Hackberry Co-op Gin fished at Granite Shoals a few days last week.

The family of Martin Edmunds honored him with a birthday dinner last Sunday. Visitors were his father, W. E. Edmunds, and Mr. and Mrs. Donald Edmunds and children.

MRS. W. E. Edmunds visited relatives in Lubbock last Friday and had her eyes checked. She underwent eye surgery last September.

STAY IN SLATON
Mr. and Mrs. Ronnie Kennedy spent Saturday night in Slaton as guests of her parents, Mr. and Mrs. Dan Winn, and Danny. The Kennedys and Mrs. Winn attended the basketball game in Lubbock that night.

ATTEND FUNERAL SERVICES
Mr. and Mrs. Bob Lusk were in Abilene Monday of last week for the funeral services of her brother, Bert Wells, who died following surgery in the Veteran's Hospital in Big Spring.

TO ENTER HOSPITAL
Mr. and Mrs. E. E. Pierce left Tuesday for Houston where Mrs. Pierce will enter a hospital there for surgery. They will stay in the home of their daughter and son-in-law, Mr. and Mrs. C. A. Wilcox. The Pierces do not know how long they will be in Houston.

CHARLES A. CHESHIRE

Airman assigned to Travis AFB

LACKLAND AFB — Airman Charles A. Cheshire, son of Mr. and Mrs. David A. Cheshire of Post, has been assigned to a unit of the Strategic Air Command at Travis AFB, Calif., for training and duty as an Air Policeman. He recently completed basic military training here.

Airman Cheshire is a graduate of Post High School. Airmen assigned directly to a duty station from basic training at Lackland will receive on-the-job training under highly-qualified specialists. They are selected for assignments on the basis of their interests and aptitudes.

FLORIDA VISITOR

The J. H. Haires met Mrs. Glenn Roof of Miami, Fla., at the Lubbock Municipal Airport last Friday. Mrs. Roof is the daughter of Mrs. Bess Thompson and niece of Mrs. Haire, Mrs. Jack Burress, and Mrs. Winnie Tuffing. She visited with her mother and aunts and returned home by plane Monday afternoon.

Discovery designated Threeway field opener

Discovery application has been approved for Continental Oil Co.'s No. 1 L. G. Thruett. The recently completed Glorieta discovery four miles northwest of Post has been designated an opener for the Threeway Glorieta Field.

Nearest comparable production is approximately two and one-half miles northeast and separated by dry holes.

The closest production of any kind is in the Threeway San Andres Field, 2,000 feet northeast. Operator plans to attempt a dual completion from the San Andres.

The well is producing through Glorieta perforations between 4,029-

61 feet. The discovery and field opener is potential for pumping 105 barrels of 36.7 gravity oil per day plus 45 barrels of water. Gas-oil ratio is 427-1.

The hole was plugged back to 4,122 feet from total depth of 4,145 feet. Glorieta perforations were treated with 2,500 gallons of acid.

The drillsite is 990 feet from north and 330 feet from east lines of the southwest quarter of Survey 1, Scrapfile 1439, A-1063.

Gaines Rodeo set for April 22-25

SEAGRAVES—The annual Gaines County Rodeo will be held April 22-25, according to Joe Hudson, new president of the sponsoring Gaines County Sheriff's Posse.

A queen's contest and an opening parade will spotlight the rodeo, stock for which will be furnished by Morris Stephens, of Quitique and Silverton.

GO TO COLLEGE STATION
Judge and Mrs. J. E. Parker left Monday to attend a meeting of judges and county commissioners at College Station this week. The Parkers will return this weekend.

Audie Murphy star of 'No Name on Bullet'

High suspense keynotes Universal-International's exciting outdoor adventure, "No Name on the Bullet", which shows at the Tower Theatre Sunday, Monday and Tuesday.

Audie Murphy starring as John Gant comes to Lordsburg as a hired killer and leads men in good standing in the community to resort to mob violence and gun duels as misdeeds of the past weigh upon them.

Joan Evans returns to the screen after a three-year absence to give a striking performance as the bride-to-be whose marriage is threatened by impending doom. Charles Drake, as her fiance, and the philosophical doctor who stands between executioner Gant and chaos in the town, is outstanding as both friend and foe of Murphy.

GREAT SOUTHERN'S 50th ANNUAL REPORT

Discloses a Year of Great Service and Progress

We measure growth in terms of service, rather than size. The promise of Great Southern protection became a consoling reality for the beneficiaries of 1,729 policyowners who died during 1958. These beneficiaries received \$5,680,852. An additional \$5,741,300 was disbursed to living policyowners under matured endowments, annuity payments, and cash equities withdrawn. Since organization Great Southern has disbursed the sum of \$177,538,670 to living policyowners and to beneficiaries. Great Southern's in the field last year wrote more than fifteen thousand policies for new life insurance totaling \$121,027,116.

HOME DEMONSTRATION AGENT NOTES

Time now to give close attention to care of lawn, shrubs and trees

By JESSIE PEARCE

Attention should be given now to care of the lawn, shrubs, and trees. With the dry winter we have had, watering is essential. If your plants have not been watered during the winter, they should be watered thoroughly now to give them the moisture necessary to start spring growth.

Roses need care now. This is the time to prune them. For hybrid tea and floribunda roses the pruning should consist of the following: 1. Cut out dead wood. 2. Remove weak and spindly canes or stems and those that will rub together. 3. Even the plants in the beds by pruning all good canes or stems to 24 inches from the ground.

These pruning practices are recommended for producing the greatest number of flowers in the rose garden, and not for growing exhibition blooms. In general, hybrid teas are pruned more severely than floribundas.

A GOOD GENERAL practice for climbing roses is to remove winter-injured wood when growth starts in the spring. After the plants have bloomed, partially shorten some of the longer canes and remove a few of the older canes or stems each year.

The roses need moisture now. They should be given a balanced fertilizer when the new growth on the plants is 5 or 6 inches long. A 3-10-3 fertilizer should be applied at the rate of 3 pounds for each 100 square feet of bed. Spread the fertilizer over the surface of the bed, scratch it in lightly, and then water well. Mulching with peat moss, cottonseed hulls, or other dry mulch will prevent loss of moisture through evaporation, thus conserving the water supply, and also prevent weeds and the necessity for cultivation.

LAWNS ALSO need care now. They are in need of moisture if they have not been watered during the winter. Bermuda, St. Augustine and zoysia should be fertilized about the time the grass starts to grow in the spring. Application of a complete fertilizer in the spring and applications of nitrogen at intervals during the summer will assure you of a green lawn, and will require much less water to maintain than a lawn that needs fertilizing.

Insect and disease control are other factors to consider in caring for the home grounds. Now is a good time to check all of your gardening equipment to be sure that it is ready for use as needed.

Bulletins of many phases of gardening are available in my office. Some that you may be interested in are: B-203, Home Lawns; Roses for Texas; L-166, Fertilizer Conversion Tables for Lawns, Gardens, and Flower Beds; and L-199, Texas Guide for Controlling Insects on Ornamental Plants. These bulletins may be had by calling, coming by, or writing my office.

SANTA FE CARLOADINGS Santa Fe carloadings for week ending Feb. 21 were 22,858 compared with 20,238 for the same week a year ago. Cars received from connections totaled 11,175 compared with 9,066 for the same week a year ago. Total cars moved were 34,033 compared with 29,304 for the same week a year ago. Santa Fe handled a total of 33,771 cars in the preceding week this year.

Jefferson County is the top refinery county in Texas with capacity of 886,000 barrels per day.

'CAR OF THE YEAR'

The 1959 Pontiac has been chosen as "Car of the Year" by Motor Trend magazine, whose editors described Pontiac with its wide track as being the "best combination of handling, ride, performance and styling of any 1959 car." Motor Trend Editor Walter A. Woron, left, presented the award to S. E. Knudsen, GM vice president and general manager of Pontiac Motor Division.

CHURCH NEWS

Saturday morning, Rev. Eugene Matthews began his classes on Preparatory Church Membership for boys and girls in the age group of 11½ years and older. The classes are to teach the boys and girls what church membership means.

The First Methodist Church will have a distinguished guest Thursday evening at 7:30 p. m. Sune Richards, world renowned Photographic Artist, will present a program entitled "My Search for the Disciples".

"The Clothes of Christ", third in the Lenten series on "A Portrait of Jesus", will be the subject of the sermon next Sunday morning at the Presbyterian Church. The sermon will be from Rev. 19: 13-14.

Rev. A. W. West has announced the beginning of a "Sunday School Contest" at the Church of God of Prophecy and urges everyone to attend.

Dr. Geren Roberts of Pilot Point, will conduct a weekend revival at the Church of the Nazarene, March 4-8. Services will begin each evening at 7:30 o'clock. Dr. Roberts was an evangelist for some years and is now superintendent of Rest Cottage, a home for unmarried mothers and child placing agency. Rev. Cecil Stowe invites everyone to attend the revival.

Training Union leaders, presidents, counselors, and workers attended the Associational Baptist Training Union Meeting at the Wolfport Baptist Church Monday night. Each department had special classes. Devotional and special music was enjoyed after the classes.

Refreshments of coffee, cake and salad were served to eleven members of the Woman's Society of Christian Service by Mrs. Ted

Hibbs in her home recently. The group met for a monthly program on "Literacy and Christian Literature" with Mrs. Mae Voss as leader. Also assisting with the program were Mrs. Edsel Cross, Mrs. R. T. Smith and Mrs. Jim Hundley. Mrs. Gene Matthews gave the devotional.

Rev. J. R. Brincefield, pastor of the Assembly of God Church, wishes to invite everyone to continue attending the training union

Hospital Notes

Those admitted to Garza Memorial Hospital since last Tuesday are:

- Beverly Allen, medical
- Mrs. Julian Smith, surgical
- Mrs. Raymond Young, medical
- Mrs. Gene Mason, medical
- Mrs. James Potts, obstetrical
- Mrs. A. J. Hubble, obstetrical
- Martin Nichols, surgical
- Rudolph Justice, medical
- Mrs. Gladys Price, medical
- Mrs. Marvin Idell, medical
- Mrs. J. W. Ellis, obstetrical
- Mrs. W. V. Roy, medical
- Mrs. Dick Roach, medical
- Rickey Cardenas, medical
- Rhonda Gordon, medical

WEEKEND AT UNIVERSITY

Miss Marilyn Steel returned Sunday afternoon from a weekend at Portales, N. M., visiting at Eastern New Mexico University with Miss Lucy Trammell. Lucy is a freshman student there.

course on the subject of "The Ministry of Visitation." The course is held each Wednesday and Friday evening at 7:30 o'clock.

The sermon topic at the Assembly of God Church for Sunday morning has been announced as "Are We Putting First Things First", text: Luke 2:49. The evening message will be "Men's Methods or God's Methods," text, Acts 10:35.

Post High Highlights

By KIM PIERCE and MARGIE CASTEEL

Kim Pierce was hostess to a "bachelor party" honoring Judy Gossett last Friday night. Those present were Barbara Shytles, Shirley Wallace, Judy McCullough, the guest of honor and the hostess.

Judy Gossett was married to Ronnie Morris in the Church of Christ by Ronnie Parker, minister, last Saturday at 5:30 p. m. Judy wore a beautiful white lace ankle-length dress with simple white shoes. After the ceremony, the couple left for San Antonio on a short honeymoon. They are supposed to be back either next Monday or Tuesday.

The Post High School Choir will go to the District Interscholastic League Contest at Littlefield on March 28. They are all looking forward to the trip very much. Good luck, kids, and Mr. Wilson!

'Pi' Fuller dies in Fort Worth

Private funeral services for P. L. Fuller, 76, former West Texas rancher and business man, were held Tuesday in Fort Worth. He died Monday in a Fort Worth hospital after a long illness.

Mr. Fuller's parents, the late Mr. and Mrs. William A. Fuller, moved to Texas in 1903 and settled on a ranch near Snyder. The father later expanded his land holdings and at one time Fuller ranch properties totaled 85,000 acres in Scurry, Garza and Kent counties. The Garza property later was sold. Although his first name was Powie, he was commonly known as "Pi". He was well known in Post and Garza County.

Mr. Fuller, who was a bachelor, is survived by a brother, Marshall Andrew Fuller, who for 15 years was president of the Snyder National Bank, which his father helped organize.

ward to the trip very much. Good luck, kids, and Mr. Wilson!

This is the week the students have been looking for (dreadfully, that is). Six-weeks exams and then report cards. Ugh! Everyone better get down the "midnight oil." There'll probably be plenty of it burned.

Don't bawl us out because there was no Junior Play last Friday night. Mr. Galloway says, "Barring all catastrophes, the Junior Play will be held Friday night at 8 p. m. in the grade school auditorium." Tickets may be purchased at the door or from any junior.

Well, kids, we are losing a wonderful person at PHS. Coach Parsons got a position at the Levelland school and he is going to leave this week. We all want to say that we have enjoyed being in your classes, Coach Parsons, and we wish you the best of luck in your new job!

During the Valentine weekend, Janene Haynie, Sandra Stewart and Ruthell Martin went to Fort Carson, Colo., to visit some lonely boys—namely, Ronnie Polk, Mike Ray and Paul Wheatley.

From what we hear, they had a wonderful time and are ready to go again! Unable to make the trip was Beth Kemp. Ol' Sam sure was unhappy that weekend! Others making the trip were Mr. and Mrs. T. C. Polk, Jan, Glen and Chip, Mr. and Mrs. Henry Wheatley, Barbara, Pat and Kent, and Mrs. Leggett.

Ronnie, Mike and Sammy have been transferred and are now stationed at Fort Sill, Okla. Paul is stationed at Fort Monmouth, N. J.

March 2-6 is Texas Public Schools Week. Everyone go to your child's school to see their work and meet their teachers.

New Arrivals

Mr. and Mrs. Doyle Spinks announce the birth of a daughter Feb. 16 in Tahoka Hospital, weighing eight pounds. She was named Brenda Kay. Maternal grandparents are Mr. and Mrs. George Henry and Mrs. Marie Dismukes.

Mr. and Mrs. Ernest Hostick announce the birth of a daughter Feb. 19 in Slaton Mercy Hospital. She weighed eight pounds and was named Joy Annette. Maternal grandparents are Mr. and Mrs. C. L. Cooper and Mrs. Perry Bostick.

A boy named Darrell Glen was born to Mr. and Mrs. James Pugh in Garza Memorial Hospital Feb. 13. He weighed six pounds and 10½ ounces.

Mr. and Mrs. Arlice Hubble announce the birth of a boy in the Garza Memorial Hospital Feb. 21. Nathan Clay weighed seven pounds and one ounce.

Mr. and Mrs. Johnny Ellis announce the birth of a boy named Roy Wayne in the Garza Memorial Hospital Feb. 31. He weighed seven pounds and eight and one-half ounces.

On Feb. 23, 1945, the American Flag was raised for the first time over the Japanese fortified island of Iwo Jima, when members of the 28th Marines planted the Stars and Stripes on the highest point, Mount Suribachi.

The American Flag was first officially displayed over Alaska when Russian troops lowered their flag and U. S. Marines hoisted the Stars and Stripes at Sitka on Oct. 18, 1867.

The heart diseases causes more deaths in the United States each year than all other causes of death combined.

What Is A Magnus?

Let's talk livestock

By TED GOULDY

Texas Cattle Barred by California and Arizona Unless Dipped in BHC

FORT WORTH — Two of the states which currently provide the largest outlets for Texas stocker cattle forbade shipments to them last week unless the cattle were first dipped in a benzene hexachloride solution. Cause of the embargoes by California and Arizona was an outbreak of scabies in some of the Plains States, including two known cases in the Texas Panhandle.

In order for Texas cattle to move to the states, they must be dipped under supervision of federal officials. Spraying of cattle is not acceptable.

Dr. L. R. Noyes, head of Texas Livestock Sanitary Commission, said information pointed to the fact that only at Fort Worth and El Paso were dipping facilities available through which cattle could be cleared to these states.

At Fort Worth dipping vats have stood idle for 15 years until the present crisis developed. Most dipping vats in the state have been destroyed or filled up since dipping has been largely supplanted by spraying livestock for insect pests or disease. The vats were a hazard into which livestock or people could be injured, unless kept tightly covered.

It was considered possible that other states might embargo cattle from the infested states before the situation was cleaned up.

The Fort Worth Stockyards recharged their dipping vats immediately when word of California's action was received by Dr. Bruce A. Taylor, head of the inspection division here.

The dipping service was hailed by livestock shippers who have been sending thousands of cattle to feedlots in Arizona and California as a thing which could prevent a disastrous break in stocker cattle prices in the state.

Many buyers, who will be receiving cattle around March 1, reported they intend to ship cattle to Fort Worth for trans-shipment to western points.

Cattle arriving for the special stocker sale at the Fort Worth market on March 5 will be able to move without delay to any state. California ranges received good rain, last week and Los Angeles sources say they will need cattle quickly and many western buyers will attend the special sale in Fort Worth because of the dipping facilities here.

Cattle Mostly Fully Steady, Supply Light

Most classes of cattle and calves cleared at steady prices at Fort Worth Monday. Trade on fed steers and yearlings was somewhat slow at the start, but clearance was made before the noon hour as the light supplies reported around the major marketing circle strengthened the salesman's arguments. Late sales of cows were inclined to be weak compared with the earlier rounds when shipper activity was at its peak.

Good and choice slaughter steers and yearlings sold for \$25.50 to \$27.50, some 630-pound heifers sold at

\$27.50 and some around 800-pound pound steers and heifers sold at \$26.50. Plain and medium sorts sold from \$18 to \$25.

Fat cows sold from \$18.50 to \$21 and canners and cutters cashed at \$13 to \$18.50. Bulls drew \$18 to \$23.75. Good and choice slaughter calves ranged from \$25.50 to \$29.50 and plain and medium sorts sold from \$21 to \$25, and culls sold at \$17 to \$20.

Medium to good stocker steer calves drew \$28 to \$33 and a few around 200-pound steer yearlings of medium grades sold from \$22 to \$25 and some better quality kinds sold up to \$27.50.

Hogs Open At 25 Up, Runs Off Around Loop

Hogs were steady to 25 cents higher at Fort Worth as choice hogs sold from \$16.50 to \$17 and heaviers of 240 to 300 pounds ranged from \$15 to \$16.25. A few pigs sold around \$14. Sows cashed at \$13 to \$14.50.

Sheep And Lambs Open Mostly Steady

Slaughter lambs and woolled feeder lambs were steady, but shorn feeder lambs were weak. Sheep and goats were scarce and steady. Good and choice shorn fat lambs cashed at \$16.50 to \$17.50, some 108 and 109-pound lambs up to \$17.50. Cull to medium lambs drew \$13 to \$16. Stocker and feeder shorn lambs drew \$15.50 to \$16.50 and shearing type lambs ranged up to \$17.50. A few slaughter ewes drew \$8.50 and slaughter goats sold at \$9.

Our Firm Foundation

Our good SOIL and the MEN and BOYS who live by tilling the soil constitute the FIRM FOUNDATION on which we all build.

We would like to commend all the boys of the Future Farmers of America and make an appeal that each BOY prepare himself to better fill his place as a PROGRESSIVE FARMER or RANCHER.

OUR HAT IS OFF to any boy who is preparing himself to fill his place in the BACK-BONE of our country.

Let us also remind all of you that we HAVE HARDWARE FOR YOUR NEEDS.

SEE US for wrenches, hand tools, shovels, axes, wheel-barrows, chisels, punches, pulleys, V belts, as well as PAINT for your tools and implements.

IF IT'S HARDWARE, TRY US.

Short Hardware

NARROW DOORS, CORNER POSTS STICK OUT. Other cars are actually issuing printed instructions on how to get in with dignity, without cracking elbows and knees. And note center hump now bigger than ever.

WIDEST DOORS, CORNER POSTS PULLED BACK. Doors are, in fact, six inches wider. Doorills are wide enough for sure, easy step. Even ladies in tight skirts, or six-footers can step in easily. And see how center hump is cut in half.

LOOK! HERE'S ONE CAR YOU DON'T HAVE TO FALL, CRAWL OR BACK INTO

Mercury alone in its field gives you a body designed specifically for just one car. Other manufacturers give you—even on cars in Mercury's price class—the same basic body used on their lowest priced makes. That's why Mercury alone is so easy to get in and out of. Why Mercury alone can cut the center hump in half and provide decent cushioning and stretch-out room for six (not four) passengers. That's why Mercury is the one "better car" that gives you a full measure of better car comfort. Performance?—just come in and drive this beauty. You'll see.

THE 20th ANNIVERSARY **MERCURY** BUILT TO LEAD—BUILT TO LAST

Rites held at Anadarko, Okla., or father of Graham resident

By MRS. DILLARD THOMPSON

Robert Lusk received word his father, Bert Lusk of Oklahoma City, Okla., had passed away. He and Bob Lusk left Tuesday for there. Funeral services will be held in Anadarko, Okla., on Wednesday.

Mr. and Mrs. Glenn Davis accompanied their son and his wife, Mr. and Mrs. Alvin Davis of Brownfield, to San Antonio Friday where they attended the San Antonio livestock Exposition, Rodeo, and special events. The group returned home Sunday.

Mr. and Mrs. J. C. Howard and family were Sunday dinner guests in the home of Mrs. Nancy Waldrip and family.

Mrs. O. H. Hoover and Mrs. L. K. Richards were in Lubbock Saturday where Mrs. Hoover had medical check-up.

MR. AND MRS. W. C. Bush were guests Friday in Lamesa of Mr. and Mrs. B. J. Boren and two children. Mr. and Mrs. B. J. Woods and children of Midland visited Sunday in the home of Mr. and Mrs. Carter Gene White and Mr. and Mrs. Hardy Smith.

Kay Maxey was an overnight guest Sunday night of Dorothy Kuykendall of the Pleasant Valley community. Homer Jones spoke Sunday at the Church of Christ. He was a member in the Delmer Cowdrey church.

An overnight guest Friday night was the Ray McClellan home was Mrs. Hopson and son of Fort Collins, Colo., sister-in-law of Mrs. Aimo. Saturday she, Mrs. Aimo and children left for Phoenix, Ariz., where they will visit until March 15 with Mrs. Hopson's mother and sister, Mrs. Aimo's mother and sister, Mrs. Aimo, and Mrs. Herbert Williams.

SUNDAY GUESTS in the home of Mr. and Mrs. Bryan Maxey were Mr. and Mrs. Jim Eubanks and Mrs. Clarence Eubanks, son of Big Spring.

Mr. and Mrs. Carl Fluitt and family were Sunday guests of her parents, Mr. and Mrs. Gandy near Oklahoma.

Mr. and Mrs. Earl Gregg visited Saturday afternoon at Abernathy with their daughter and son-in-law, Mr. and Mrs. Gene Nunn and sons.

Mr. and Mrs. Bus Porterfield and Mrs. Jim Bob Porterfield Thursday for Arizona where they spent the weekend and attended the Golden Wedding Anniversary of Porterfield's brother and sister-in-law. Others attending were Mr. and Mrs. Gus Sherrill and Mr. and Mrs. John Sherrill, sisters of Porterfields.

Mr. and Mrs. Jess Probst spent past week in Albuquerque, N. M. in the home of their son and family, Mr. and Mrs. Charles Probst and sons.

MR. McCLELLAN was honored Saturday afternoon with a party by his mother on her 7th birthday. Mr. and Mrs. Walker Stoveall, Mr. and Mrs. Gale, visited Sunday in the home of Mr. and Mrs. Stewart and Linda, former Post residents.

Mr. and Mrs. Bryan Maxey, Silas and Don spent Sunday night in Abilene with their son and his wife, Mr. and Mrs. Franklin Maxey and Mr. and Mrs. Frost Maxey. Monday they attended the church service at ACC of which Maxey is a member. Harlan Overton, son of Mr. and Mrs. Richard Overton of Drop Springs, was guest speaker. Harlan is a missionary from Mexico.

Mr. and Mrs. Fred Gossett spent week at Petersburg with their daughter and son-in-law, Mr. and Mrs. Jason Justice and family. Mr. and Mrs. Clarence Dunn and Mrs. Marlin Hawkins and family were Sunday guests of Mr. and Mrs. Alfred Oden.

Over Mason and Ray McClellan went to El Paso Sunday to visit Mr. and Mrs. Barron and Mrs. Barron. Mrs. Barron was admitted to the hospital last Monday. Medical patient and is reported to be improved.

TURSDAY night and Sunday afternoon of Mr. and Mrs. Elmo Bush were Mr. and Mrs. Carl Smith of Big Springs. Sunday afternoon.

Post Lions hear talk on public relations

Before a man can sell his product, he must be able to sell himself," the Rev. C. B. Hogue, Baptist pastor, said Tuesday in a talk on public relations to the Post Lions Club's regular meeting.

Mer McCrary was program chairman.

Miss C. Herron reported to the club that the nine tables they had raised for the 4-H Club building have arrived.

Miss Little will be program chairman at next Tuesday's meeting.

TUESDAY GUESTS in the home of Mr. and Mrs. J. T. Young were Mr. and Mrs. Young of Seminole.

TUESDAY IN LUBBOCK Mrs. Alice Faye Kiker visited in Lubbock in the home of Mr. and Mrs. Roy Brown.

COMPLIMENT TEXAS FFA

Gov. Price Daniel and Dr. J. W. Edgar, Commissioner of Education, compliment the 36,000 Texas Future Farmers, Bill McDowell, State FFA President is shown receiving a proclamation from Governor Daniel designating Feb. 21-28 as FFA Week in Texas.

Lunchroom menus are announced

The Post schools lunchroom menus for the week of March 2-6 are as follows:

Monday: Mexican spaghetti, candied yams, celery sticks, corn bread muffins, butter, peach halves, one-half pint milk.

Tuesday: Pinto beans with pork, sauerkraut, tossed salad, fruit jello, corn bread muffins, butter, one-half pint milk.

Wednesday: Fried chicken and gravy, buttered green peas, cabbage and carrot cole slaw, hot biscuits, butter, applesauce, one-half pint milk.

Thursday: Macaroni and cheese casserole, buttered wax beans, fresh vegetable sticks, hot rolls, butter, grapefruit sections, one-half pint milk.

NEW MEXICO GUESTS

Mr. and Mrs. Dan Berry and son of Eunice, N. M., visited Mrs. Ethel Redman and Jimmy, Mr. and Mrs. Bob Baker and family and Mr. and Mrs. Bobby Cowdrey and children Friday night.

SUNDAY VISITORS

Mr. and Mrs. Herbert Cook and sons of Lovelland spent Sunday visiting Mrs. Ethel Redman and Jimmy, Mr. and Mrs. Bobby Cowdrey and children, and Mr. and Mrs. Bob Baker and family.

WEEKEND IN GRAHAM

Mr. and Mrs. Floyd Hodges and children spent the weekend visiting her parents, Mr. and Mrs. Al Petty, in Graham.

Friday: Hamburger on bun, potato salad, lettuce, pickles, onions, canned plums, one-half pint milk.

Junior Set

By CHRIS CORNISH

Junior Foster is the name of the new student in classroom 8c, who is from Snyder. Hope you like jr. high!

Now that basketball season is over the boys are racing madly around the track while the girls are happily "whamming" the ball over the net in volleyball. Let's all practice "real" hard so we can win all the meets and games.

If you'll notice the tired, listless students and the teachers with that evil look and sly grin, you'll know it's six-weeks test again. So, com' on everyone, lets see how many can make the "A" honor roll this time.

Mr. Meisch attended the state convention of the Texas Music Educators Association in Galveston last Tuesday and arrived home on Sunday. The trip was enjoyed very much.

The Texas State Library Bookmobile will be here Saturday, March 21, April 11 and May 2 and 23 from 9:00-11:30 and 12:30-3:00 at the Tom Power Ford Motor Company. So everyone that wants a new book to read come out and have some fun.

High content protein foods are at top of March plentiful list

COLLEGE STATION — Foods high in protein content dominate the USDA's March plentiful foods list for this area.

Eggs are the food to feature since supplies are expected to run two to four per cent larger than a year ago.

Turkeys, broilers and fryers, pork and California canned sardines make up the plentiful meats.

Vegetables in good supply include cabbage, potatoes, celery and canned peas.

Dairy products, peanuts and peanut products, walnuts, honey and apples complete USDA's March plentiful list.

Southwest food distribution division of the Agricultural Marketing Service checks supplies nationally and locally to determine the monthly plentiful foods list. Only foods in heavier supply than average make the list.

POST CHAPTER OF FUTURE FARMERS

The Post High School chapter of Future Farmers of America is among the hundreds throughout the nation which are observing

National FFA Week. D. H. Koeninger is advisor for the Post chapter and also vocational agriculture teacher here.

Large supplies dominate feed grain outlook

COLLEGE STATION — Feed grain prices in the 1958-59 marketing year are expected to average a little below the 1957-58 level, principally as a result of large supplies, predicts John McHaney, extension economist.

High yields have helped to boost feed grain production and stocks, McHaney points out. Near record yields in 1956 were followed by record yields in 1957 and 1958 and total utilization this year is expected to be 16 million tons below total production plus imports. This is expected to bring carryover stocks up to a record of about 75 million tons, a 27 per cent increase, at the beginning of the 1959-1960 marketing year.

However, he adds, better quality of the 1958 corn and grain sorghum crops will make a larger percentage of these grains eligible for price support. Coupled with the 6 per cent increase in the number of grain-consuming livestock to be fed, this will help to give some strength to feed grain prices.

The seasonal rise in the price of corn the first six months of 1959 probably will be much less than the 28 per cent rise from January to June of 1958 because of record supplies on hand.

Grain sorghum prices in 1958-59 should average near those of last year, but will probably be a little lower. The higher quality of the 1958 crop appears to be the main factor which is holding the price above those of a year earlier, despite the larger 1958 crop and the record supply.

Supplies of oats and barley are at record levels and, as a result, prices in 1958-59 will probably average a little lower.

Outlook for feed grains the next few years is dominated by the large stocks that will be on hand for 1959-1960 and the years to follow, McHaney said. Whether these stocks turn out to be an increasing problem of disposal or a desired reserve, they are now the most significant factor in the outlook for feed and livestock for the next few years.

WEEKEND GUESTS
 Weekend guests of Mr. and Mrs. J. W. Rogers and family were Mr. and Mrs. Dolan Dempsey and his family of Seagraves. Mr. and Mrs. Bobby Rogers and family of Lubbock, Mr. and Mrs. Joe McCowen and son, and Mr. and Mrs. Curtis Williams, Leann and Andy.

CALIFORNIA VISITOR
 L. W. Evans, who is stationed at Camp Pendleton, Calif., with the U. S. Marines, spent the weekend with his wife, Mrs. Mary Jo Evans of Lubbock, and other relatives and friends in Post, returning to camp Monday.

BUSINESS VISITOR
 J. V. Schaeffer of Lamesa was a business visitor here Monday.

FFA observance gets under way in Texas

The Texas Association of Future Farmers of America is composed of over 36,000 boys in 905 local FFA chapters in Texas. During this week, these boys are celebrating National FFA Week during which time chapters throughout the state are publicizing and explaining FFA work.

To be a Future Farmer, a boy must first have enrolled in a vocational agriculture class to receive instruction in farm crops, livestock, poultry, farm mechanics, parliamentary procedure, and current farm problems.

The FFA was organized on a national level during 1928 and in Texas in 1929.

It was born of a great need—to assist deserving students become established in their farming projects, to promote and stimulate agriculture, and to provide prizes and awards for students achieving distinction in various phases of agriculture.

FFA members, through active participation in chapter activities, also learn how to conduct and

take part in public meeting, how to speak in public, how to solve their own problems, and how to assume civic responsibilities. The foundation upon which the FFA organization is built includes the development of agriculture leadership, citizenship and cooperation.

The FFA is a non-profit, non-political farm youth organization with voluntary membership. It constitutes one of the most efficient agricultural teaching devices that has been discovered up to the present time. It is 100 per cent American in its outlook, has no outside affiliation, and there is no secrecy in connection with any of its activities.

It is organized vocational education on a farm youth level. Improved agriculture, better local communities, a more satisfying farm home life, and more efficient farmer-citizens are emerging as a result of the boys' experiences.

GUESTS AT STEPHENVILLE

Mr. and Mrs. George Tillman were in Stephenville over the weekend visiting with former residents of this city, Mr. and Mrs. D. C. Arthur. They also visited in Abilene on their way home with another former resident, Mrs. Maggie Childress.

MOTHER IS GUEST

A guest in the home of Mr. and Mrs. Sexton Huntley over the weekend was his mother, Mrs. B. D. Huntley, of Hale Center.

The Man who Appreciates the Finest

BUYS HIS WIFE GAS APPLIANCES!

There is often more to an object of art than the mere surface discloses. A man of discriminating tastes has an instinct for evaluating real craftsmanship. This is the kind of man who buys a GAS Range for his wife's kitchen. In appearance, anyone can see its cleanliness of line... glamour of design. Most ranges can claim this. But it's in performance that a GAS Range achieves superiority! For here is a precision-engineered, automatically-controlled instrument that removes guesswork from cooking. Closed-door, smokeless broiling, instant ignition, and shut-off with no heat hang-over... here is performance that assures success in the fine art of cooking. Yes, in every way (economy included) Gas gives you more. And where the finest is truly appreciated... Gas belongs!

fuel for a growing empire Pioneer Natural Gas Company

COMING TO POST WEDNESDAY AND THURSDAY

'Ten North Frederick' is screen version of O'Hara's best-seller

The long-awaited screen version of John O'Hara's best-seller, "Ten North Frederick," will show at the Tower Theatre next Wednesday and Thursday.

Gary Cooper, Diane Varsi and Sully Parker have the starring roles with Geraldine Fitzgerald and Tom Tully as co-stars in this Twentieth Century-Fox CinemaScope production.

The story deals with the wealthy Chapin family, residents of a typical small city in the East coast whose private lives form a startling contrast to that side of the world which is exposed to the world and is told with out-spoken frankness.

Producer Charles Brackett, three-time Academy Award winner, and Director Philip Dunne, who also wrote the screenplay, spared no expense in bringing "Ten North Frederick" to the screen. The story is unfolded in 24 different locations and sets, ranging from the palatial house on Frederick Street, to the

East Side of New York, to the mountains of Pennsylvania and a great house in Santa Barbara, Calif.

Cotton satin, in white and pastel colors, is a new favorite in little girls' petticoats. We know the answers to your day's problems, but today's are big things.

Justiceburg lunchroom scene of domino party held Friday night

By VIVIAN McWHIRT

The Justiceburg school lunchroom was the scene for a domino party Friday night. Coffee and sandwiches were served to the following: Mr. and Mrs. Cecil Smith, and Mrs. Tommy Forrest, Sandra and Nona, Mr. and Mrs. Riley Miller, Ben and Jennifer, Mr. and Mrs. Glenn Rowell, Mr. and Mrs. V. McCowan, Mr. and Mrs. Troy Green and children, and Eddie and Evelyn McCowan.

Miss Cross visited his sister and family, the Foy Winns, in town Friday.

MR. AND MRS. Troy Green and children of Denver City were weekend visitors in the Glen Rowell home.

Mr. and Mrs. Frank Breeden and Mrs. McWhirt of Albany, on their way to Andrews, stopped by the Justiceburg school Saturday and were accompanied to Andrews by Mrs. McWhirt family where they stayed in the home of Mr. and Mrs. Goad and daughters Saturday night.

MR. AND MRS. Sam Bruner and Mrs. Bobby Rogers of Lubbock, Ellis Mills and Mrs. Lan Wheeler of Hale Center were among the former residents of this city at the Saturday night basketball game at Lubbock.

and daughters. Dinner guests Sunday of Mr. and Mrs. Douglas McWhirt were Mr. and Mrs. Frank Breeden and Skipper McWhirt of Albany.

Mr. and Mrs. Howard Price and Steve of Lubbock visited in the home of Mrs. Price's parents, Mr. and Mrs. Cameron Justice, Sunday.

VISITING SUNDAY evening in the Don Robison home was Mrs. Ralph Welch of Post.

Mrs. Pearl Nance and Dee Justice were in Snyder Monday.

Bud Cornett of Gail visited his parents, Mr. and Mrs. C. C. Cornett, Monday.

Mr. and Mrs. Bud Schiehuber, Denise and Ben, were dinner guests of Mr. and Mrs. H. L. Mason and family in the Graham community recently.

Saturday guests of Mr. and Mrs. Riley Miller and family were Mr. and Mrs. John Farris and sons of Andrews.

Sandee Cross accompanied Mrs. A. W. West and Miss Frances Curb of Post to Borger Saturday night.

Mr. and Mrs. Donald Jones and daughter of Lubbock visited in the home of Mr. and Mrs. Add Jones over the weekend.

MR. AND MRS. Elton Nance and Mrs. Jesse Eckert visited Mr. and Mrs. Berton Moore of Dermott Sunday. While gone they had the misfortune of someone breaking into their home and taking several items belonging to the Nances and Mrs. Eckert.

Mr. and Mrs. Norman Cash visited his parents, Mr. and Mrs. Bandy Cash, Friday. Norman has just returned from South America.

Sunday visitors in the Riley Miller home were Mr. and Mrs. J. Martin Basinger and family of Slaton.

Larry Welch of Post was a Sunday guest of Johnny Robison.

Mr. and Mrs. Jim Boren, Barbie and James Bruce, attended a birthday dinner Friday night honoring Susan Cockrell in the home of Mrs. Barbara Cockrell of Snyder.

MR. AND MRS. Bud Schiehuber and Denise attended a freshman basketball game tournament Thursday and Saturday nights at Lorenzo. Benny Schiehuber is on the team, which won first. The freshman girls took third place honors.

Delores Lambert of Dermott visited Vivian McWhirt Monday night.

Mr. and Mrs. Sam Bruner and daughters and Mrs. Douglas McWhirt, Vivian and Bobo, attended a Parent-Teacher Association open house at Fluvanna Monday night.

Deadly air duels are in 'The Hunters'; to show on Tower screen

Linking the up-to-the-minute story of American's top jet fighter ace with a tender love story, Producer-Director Dick Powell's CinemaScope, De Luxe Color production of Twentieth Century-Fox's "The Hunters" shows at the Tower Theatre Friday and Saturday.

"The Hunters", starring rugged Robert Mitchum with Robert Wagner, May Britt, Richard Egan, and Lee Phillips, was filmed at Luke Air Force Field, Ariz., with Mitchum as a tough battle commander.

As a jet fighter ace who tries to recapture the thrill of the Second World War in the Korean conflict, Mitchum heads a daredevil squadron which includes Wagner, a hot-shot pilot, and Phillips, as a man who flew each day believing himself to be a coward and that his wife loved another man.

"The Hunters", a true and thrilling page from the journal of the U. S. Air Force combat fighter units packs as much excitement and action as the flyers themselves have experienced in their deadly duels.

VISIT WITH PARENTS Mr. and Mrs. Bob Smith visited over the weekend with her parents, Mr. and Mrs. A. Branscum, and also visited in Snyder.

This could encourage "B" production.

March 16th Now you better believe this no matter what anybody tells you . . . if you haven't notified your county committee in writing by March 16th that you are going the "B" route, then you are going to be among the "A's" . . . don't try to come in later with a sad story about what your intentions were . . . it won't work . . . and don't say we didn't tell you!!

What About "B"? How will the lower support price affect "B" Choice of the cotton program?? . . . frankly we don't know and we don't believe anybody else does for a very simple reason . . . the decision to go "A" or "B" depends upon individual reasons that won't apply to everybody so you can't make any sort of generalization . . . one thing, though, the spread in dollars between "B" cotton and "A" cotton supports is slightly narrower than it would have been had a higher parity figure been used . . .

What Is A Magnus?

STUDENT VISITS

Miss Allan Louise Brown was a weekend guest of her parents, Mr. and Mrs. Jack Brown and John T. Alan is a student at San Angelo Junior College.

ATTENDE CONFERENCE

Bill Edwards of Edwards Appliances Co., was in Fort Worth five days last week attending a Frigidaire conference.

ATTENDS MARKET

Miss Maxine Durrett left Sunday to attend market in Dallas this week. She plans to return home today.

CROSBYTON VISITOR

Mrs. Charles Doss of Crosbyton was a weekend visitor of friends and relatives.

PONTIAC NAMED CAR OF THE YEAR

"Pontiac with wide-track wheels is the best combination of ride... handling... performance and styling of any '59 car"

—The Editors of Motor Trend Magazine

In making its annual automotive award, the staff of Motor Trend Magazine, leading automotive publication, tests and evaluates all new cars. Here are quotations from the April 1959 issue:

"The stability of the 1959 Pontiac is the outstanding automotive advance of the year. Everyone considering a new car should experience it."

"It's the best balanced passenger car in America. We firmly believe that in moving the wheels farther apart, to develop the widest stance of any American car, Pontiac has created an entirely new sense of balance and handling security."

"Pontiac's lines are clean, simple and beautiful. It has a fleet look, a trim appearance. The wide wheel design contributes greatly to its

over-all integrated styling. Any comparison with narrower track cars readily shows the difference."

"For the economy-minded, an efficient new engine. The new 420E Tempest economy engine offers remarkable performance along with exceptionally high mileage while operating on regular grade gasoline."

"Pontiac is again tops in performance, based on our extensive road testing. Acceleration is outstanding, yet the engine is unusually quiet and smooth."

Your nearest Pontiac dealer will be glad to let you road-test this award-winning automobile on your own. You'll see why it's the year's most talked-about car!

THE ONLY CAR WITH WIDE-TRACK WHEELS

Wheels are five inches farther apart. This widens only the stance, not the car. Pontiac takes a better grip on the road, hugs tighter on curves and corners. Sway and lean disappear, ride is smoother, balanced, steadier. Handling is easier. You drive with a new confidence, a comforting security. Pontiac gives you roadability no "narrow gauge" car can offer.

FREE! If you would like a reprint of the complete, illustrated article with all the tests and evaluations on which Motor Trend judged Pontiac "Car of the Year"—see your Pontiac dealer or simply send your name and address to a postcard to Pontiac Motor Division, Department 16, Pontiac, Michigan.
