"THE POST DISPATCH COVERS GARZA COUNTY LIKE A SANDSTORM"

The Post Dispatch

VOLUME XXII POST, TEXAS, "THE GATEWAY TO THE PLAINS" THURSDAY, FEBRUARY 5, 1948 "WHERE THE WEST IS WEST" NUMBER 11

Large Storage Tanks Necessary To Prevent Shortage Of Butane Gas

Two Comanche Projects Are Looking Good

The Comanche Oil Company acidized its A-23 drilling project, south of the Post city limits and west of the lake, Tuesday with 7,000 gallons of acid from 2,985 to 3,024 feet and the operator is now waiting to test the potential early next week.

The cable tools were moved yesterday to the Lynn Oil Company's Pennington No. 1 operation, near Terrace Cemetery, which is to be drilled in three to five days.

Record Broken On Poll Taxes

Garza County adults broke all records in paying poll taxes for 1948, Deputy Assessor-Collector T. H. Tipton said yesterday.

Legion To Meet

The American Legion will meet at 7:30 o'clock tonight in the American Legion Hall.

POST FOLKS AT WORK:

A. E. Haws fits a pair of saddle shoes on Barbara Northcutt, daughter of Mr. and Mrs. Wesley Northcutt, in the splendid shoe department of Haws Department Store. Haws, who takes a special...

The butane shortage which, during the recent prolonged cold spell, badly crippled the oil operation here and severely inconvenienced at least 10 Garza County farm families, can be prevented next winter by a simple precaution on the part of butane users.

All that is necessary is to buy a large storage tank into which each user's monthly quota of butane can be put the year around.

Oscar Garner, local dealer, in an interview with a Post Dispatch reporter this week, answered the above and a number of other questions about the widely publicized butane shortage in Texas.

The amount of butane allotted to Garza County during winter months, based on the amount of butane sold here the preceding summer, all users who have a large enough tank to buy butane in the summer, as well as other months of the year, have plenty of butane for the cold months.

Garza Allotment Lost
Each butane dealer has to take each month's allotment of butane during the month in which it is due.

Mrs. Edwards Improving
Mrs. M. C. Edwards, who was critically injured January 26 in an automobile mishap near Lueders, is recuperating satisfactorily.

Allocation For Education Falls Short In State

Only five cents more of each tax dollar was required to educate the more than 1,500,000 grade, high school and college students in Texas during the last fiscal year than was required to pay the pensions of fewer than a quarter-million aged, blind persons and needy children.

The figures, obtained by the Texas State Teachers Association from the office of State Comptroller George H. Sheppard in Austin, revealed that the cost of public school education, as compared with the overall cost of state government, decreased five per cent during the last 15 years.

The total cost of state government has more than tripled in 15 years, while cost of education to the state has not kept pace.

Not only does the 33 cents of the tax dollar help educate 1,500,000 grade and high school children and an estimated 50,000 students in state universities and colleges, but it helps pay 46,500 public school teachers, a large number of persons on the college teaching staffs and an estimated 18,000 other persons employed by the various school systems.

MRS. MARTIN REYNOLDS' MOTHER IS CLAIMED BY DEATH ON JANUARY 28
Mr. and Mrs. Martin Reynolds attended funeral services in Abilene last Friday morning for Mrs. Reynolds' mother, Mrs. J. F. Handy of that city, who died January 28 while visiting a daughter Mr. W. A. Sammis in Houston.

Walker Child Ill
Little Dee Dee Walker, who celebrated his first birthday Saturday, was taken to a hospital Tuesday for pneumonia treatment. He is a son of the Rev. and Mrs. I. D. Walker.

Docket Is Set
District Judge Louis B. Reed of Lamesa was here Monday to set some cases, but he conducted no hearings. The new term of court opens March 1.

Attend Meeting
Mr. and Mrs. David Schultz and Paul Duren, Jr., spent Sunday in Amarillo, where Mr. and Mrs. Schultz attended a Panhandle photography meeting.

Three Post boys (left to right) John and James Boren, twin sons of Mr. and Mrs. Walter Boren and members of Den II, and Donald Moore, son of Mr. and Mrs. R. A. Moore and member of Den I, have qualified for the Webelos Award, the highest honor attainable in Cub Scouting. Donald will receive his award in a public presentation tonight in the First Methodist Church basement. Almost 12 years of age, he will be graduated to Boy Scouting in the near future.

Four-Year-Old Victim Helps March of Dimes

After a dull week caused by bad weather, the March of Dimes Campaign which was extended from January 31 through Saturday gained momentum this week through the assistance of 4-year-old Larry Slatter.

An infantile paralysis victim who bears a striking resemblance to the lovely lad on the March of Dimes coin collectors and advertising posters, young Slatter made personal appearances at the grade and high schools Monday and Tuesday, demonstrating the braces which he must have changed every year and wear until he is grown.

Accompanied by his mother, Mrs. W. P. Slatter, the boy visited each room and urged the children to give dimes to the campaign in order that paralysis victims, less fortunate than he, might have proper treatment.

Newcomers to Post, where Mr. Slatter is employed by the Bishop Body Shop, the Slatters moved here from Sulphur Springs, in Hopkins County. Just before Larry was stricken with paralysis, the county had spent its entire paralysis fund assisting another victim of the disease and was unable to help with the expense of Larry's treatment.

Larry left yesterday for Dallas for further treatment at the Scottish Rite Hospital and to get new braces. The Post Dispatch was informed by Judge J. Lee Bowen, director of the March of Dimes Campaign, that financial assistance will be provided for the treatment and braces if desired by the family.

Judge Bowen expressed pleasure (Continued On Back Page, Co. 3)

MOTHER OF DICK CRAVY, STEPMOTHER OF WILL CRAVY IS DEATH VICTIM
Because of last week's bad weather which prevented receiving of a column of news from the Post Dispatch's Verbena correspondent, word did not arrive here until this week of the death of Mrs. H. C. Cravy of Spur, mother of Dick Cravy and stepmother of Will Cravy, both of Verbena.

Look Who's New:
A son was born January 19 to Mr. and Mrs. Frank Roche of Los Angeles, Calif., formerly of Southland, friends here have been informed.

Grandmother Dies
Mrs. James Dietrich is attending the funeral of her grandmother, Mrs. N. Piott, being held in Gainesville today. Mrs. Piott died at her home in Tahoka on February 3rd.

Two Troops Will Elect Candidates

Friday the Thirteenth will be a lucky day for 13 Boy Scouts and an unlucky day for the rest of the city's Scouts.

On that day, Post's annual National Boy Scout Week Observance will be culminated with the taking over for a day of city and county offices by 13 boys elected for the honor by Troops 11 and 16. The election will be held within the next few days.

Troop 11's candidates for the honors were announced, as follows, this week by Scoutmaster R. A. Moore:

County Judge, Topper Bilberry; county clerk, Darrell Stone; sheriff, Roy Pharris; deputy sheriff, Danny Tillman; county attorney, David Pennington; county commissioner, Wiley Jones; mayor, Bill Jones; school superintendent, Glendell Canterbury; city clerk, Ross Morrow; county agent, Tom McClanahan; constable, Wendell Turner, and city commissioners, Bernard Welch and John Schmidt.

Troop 16's slate of candidates will be selected at a meeting tonight.

Purpose of the project is to acquaint the Boy Scouts with city and county government. A public presentation of awards to outstanding members of Cub Pack 16, announced for last Thursday night, was postponed until tonight because of illness and the weather. The awards will be presented at 7:30 o'clock in the First Methodist Church basement.

Miss Stewart Most Valuable Tourney Girl

Although the Post High School Girls fared poorly in the games of the Sundown tournament last weekend, they came home with what Coach N. R. King described as "the best honor of all," the tournament trophy for the best sportsmanship, and some other significant honors.

Jeanette Stewart, forward, was made a member of the all-tournament team and presented with a gold basketball, and she also was elected "the most valuable player in the girls' division" and rewarded with a gold trophy.

Three-Way forfeited the first game of the tournament, Thursday night, to Post and the girls played a non-tournament game with New Home, losing by 15 points. On Saturday they met New Home in a tournament game and lost again, 28-23. Although eliminated from the tournament, the girls stayed for the remainder of the games and the presentation of awards.

AUTOMATIC CHLORINATOR TO AID WATER SYSTEM

A new Wallace and Tiernan Chlorinator for the local water system has arrived here and will be installed in the near future, Alton R. Carr, local Community Public Service Company manager, said this week.

The company has been using a powder to chlorinate the water. With the new equipment, a liquid chlorine can be used in a more consistent and effective manner. The chlorine, in the electrically operated Chlorinator, is automatically regulated by the flow of water.

FOUNDERS DAY PLAY TO FEATURE P-TA MEETING

The Parent-Teacher Association will have its annual Founders Day Program and silver tea next Thursday afternoon, beginning at 3:50 o'clock in the Post High School auditorium.

The program will be highlighted by a play, "With Faith and Hope," in tribute to the founders of the National Congress of Parents and Teachers.

PIE AND CAKE SALE TO BE HELD ON SATURDAY

A pie and cake sale will be sponsored by the Fifty-Fifty Class of the First Methodist Church Saturday in the Greenfield Hardware Store, beginning at 10 a. m. The money will be used to further class projects.

Food Preservation In Garza Is Increasing, Mrs. Strasner Says

Food preservation was one of the many subjects covered by Garza County home demonstration and girl's 4-H clubs during 1947, according to the annual report submitted by Mrs. Jewell H. Strasner, home demonstration agent to the Texas Extension Service. The report says, in part:

"A leadership training school was given on Water Bath Canning for 4-H leaders, sponsors, home demonstration club leaders and homemaking girls at the Post High School. The leaders gave a total of 14 demonstrations with an attendance of 180 women and girls.

"The agent gave demonstrations to the seven H. D. clubs at their respective meetings in May on the Preparation of Fruits and Vegetables for Freezing, to a total of 142 women. Peas and beans were the vegetables used in these demonstrations and apples were the fruit used. Fifteen families tried freezing pineapple for the first time this year. Mrs. C. R. Smiley of Post says hers is delicious.

Many Canned Pineapple

"It is estimated that 180 families in the county successfully canned 3,360 containers from 70 dozen pineapple.

"A Complete \$150.00 Burial Policy For As Little As 15c A Month"
MASON'S BURIAL ASSOCIATION
"Your Association For Your Service"
Mason & Co.

"Thirty-two women put poultry in the freezer locker for the first time this year. The agent gave a demonstration in Killing, Dressing and Canning Chickens and Other Meats at eight meetings attended by 92 men and women.

"Amount of food preserved in 1947—Families preserving more food in 1947 than in 1946, 63; 138 families preserved a better variety and quality of canned foods this year; 40 families have enough storage space for their preserved foods; 10 families improved storage space this year; 13 families own a home freezer or home freezer storage unit; 115 families have pressure cookers; 12 families have can sealers; 41 people were taught food preservation practices by club members; six meetings were held by local leaders on food preservation, with 46 women in attendance; 8,689 quarts of fruit were canned; 5,612 quarts of vegetables were canned; 985 quarts of meat were canned; 260 quarts of pickles were canned; 6,892 pounds of vegetables were dried; 7,898 pounds of meat were cured; 380 pounds of vegetables were stored; 321 pounds of fruit were frozen; 322 pounds of vegetables were frozen, and 6,894 pounds of meat were frozen.

Preservation Increasing

"The outlook of food preservation work in Garza County shows it is definitely on the increase.

"The agent spent 25 days on Food Selection and Preparation in 1947, giving demonstrations to both women and girls on nutrition, stressing the Texas Food Standard, frozen food cookery and making hasty cobbler, using fruit in the diet as a part of the orchard demonstration.

"The results: Eighty-two families were helped in the uses of home conservation food; 22 women and 10 girls were helped with food preparation by home visits; 12 4-H adult leaders were trained in food preparation; 58 families are planning meals by the Texas Food Standard; 42 families are checking their eating habits by the Texas Food Standard; 36 families improved their eating habits during the year; 86 families are decreasing food waste; 62 families are improving methods of preparation of vegetables; 115 families were helped on frozen food cookery.

"The outlook for food selection and preparation for 1948 shows the people intend to do their part in saving and sharing food, as they contributed liberally to the Food for Peace Train to the tune of nearly \$700.

FREE CORK OAK ACORNS AVAILABLE TO TEXANS

For the fifth successive year the Texas Forest Service, A. and M. College, will ship prepaid small quantities of free cork oak acorns to any person in Texas. D. A. Anderson, silviculturist chief, points out, however, that requests should be made at once, for he has only 300 pounds available and shipments will be made February 12.

The cork oak acorns are provided by the Crown Cork and Seal company of California for experimental planting and growing of cork oak trees. In the previous four years Texans have received 2 1/2 tons of these acorns. They have been planted on all types of soil with varying success.

The quantity of acorns sent to each person who request them will depend upon the number of people who ask for them, but it is believed there will be about one pound (50 or 60 acorns) in each shipment. Instructions for planting will be mailed one week in advance of shipping.

All who wish to take advantage of this free offer may send their requests to the Texas Forest Service, A. and M. College, College Station.

Quinine comes from Java and South America.

Barnum Springs Hartford Items

Please send News Not Later Than MONDAY to CARROL JEAN LONG Correspondent

The Rev. D. W. Reed preached at Barnum Springs Sunday.

Maudie Faye Ray went to Muleshoe Saturday with her grandparents, Mr. and Mrs. W. R. Greer of New Home.

Mrs. Jay Claborn and son, Jobie, of McLean visited last weekend in the Lewis West home.

Mr. and Mrs. W. S. Smith visited their son, Leroy Smith, in Lubbock Sunday.

Sunday dinner guests in the Wayne Askins home were Mr. and Mrs. Byron Haynie and daughters, Mr. and Mrs. O. F. Pennell and family and Mr. and Mrs. Tom Henderson and daughter, Nobbie.

Elsie Verna West visited in McLean from Wednesday until Sunday of last week.

Juaneila McClellan of the Graham Community and Gay Pierce of Post spent Saturday night with Barbara Lewis.

Mr. and Mrs. W. T. Parchman, Jr., of Justiceburg visited in the home of her parents, Mr. and Mrs. L. W. McCombs, Sunday.

Mr. and Mrs. Bernard Martin of Slaton visited Sunday in the home of Mr. and Mrs. Travis Ford.

Fred Long spent Saturday night with his cousin, Wade Pennell, in Canyon Valley.

Mrs. Travis Ford spent Monday in Lubbock.

Mr. and Mrs. T. J. Davis of Lubbock visited in the home of Mr. and Mrs. Tom Sims Sunday. Mrs. F. M. Reep is in Rotan this week visiting a brother who is seriously ill.

Mr. and Mrs. W. A. Long visited Mr. and Mrs. Donald Pennell in Southland Sunday.

Mrs. Delmo Gossett flew in from Bryan last Friday in a four-passenger plane piloted by Dr. Wilkerson of that city who was en route to Lubbock to visit his son, a Tech student. She will return to her home Sunday.

There's Magnetism in a WELL LIGHTED Place of Business

Watch the crowds... they flock to a well lighted place of business.

There's a lesson for both the buyer and the seller in this buying parade toward a store or shop that uses good lighting.

Wise buyers go to a well lighted store because there they can see what they're buying.

Wise sellers know that good lighting attracts more business, means more sales, more profit.

Your Public Service Company can help you plan for better lighting in your place of business. Call us.

We have nothing to sell but good electric service.

I'LL COME TO YOUR HOME OR PLACE OF BUSINESS

A Public Service Company lighting specialist will come to your home, office, or place of business to give you recommendations as to how to obtain the best in lighting. There's no obligation. Just call or write your nearest Public Service office.

DAN COCKRUM IS NAMED TROOP 16 SCOUTMASTER
 Dan Cockrum has been appointed Scoutmaster of Boy Scout Troop 16, the local Boy Scout Committee announced last week-end. Cockrum will meet with the troop tonight in the Scout Hut, behind the Legion Hall. All boys interested in joining a Boy Scout troop are invited to attend the meeting.

Mr. and Mrs. Jack Meeks and sons will spend the week end in Fort Worth attending the Fat Stock Show.

District Supervisors' Report
 The Duck Creek Soil Conservation district supervisors this week, released the annual report of accomplishments during 1947. The report shows 1,354 farmers in Garza, Kent, Dickens and a portion of Stonewall county have requested assistance in soil conservation work since the district was formed in 1941. Eight hundred fifty-one active conservation plans are in the district's files.

Individual conservation practices include for 1947 in acres: Contour planting, 16,057; cover crop, 1,976; crop residue management, 5,279; range properly

Dawson Judge Is Candidate

Dawson County Judge Kilmer B. Corbin has authorized the Post Dispatch to enter his name as a candidate for Senator from the 30th Senatorial District in the column of Political Office announcements. His formal announcement will be published by the Post Dispatch in the near future.

Verbena Bits

Please Send News Not Later Than MONDAY to HENRIETTA NICHOLS Verbena Correspondent

Residents of the Verbena Community sympathize with Dick and Will Cravy and their families because of the recent death of their mother, Mrs. H. C. Cravy, in Spur. Mrs. Isabel Nichols has received word that her grandson, W. E. (Bill) Blake, Jr., received a B. A. degree at mid-term from the University of Arizona at Tucson. Bill, who is well-known here, interrupted his education to serve almost five years in the U. S. Navy. Since the war, he has been attending universities in Washington, D. C., and Tucson. He is a son of Iona Nichols Blake of Tucson.

Mrs. Bill Gill returned Sunday from Lubbock where she spent several days visiting a sister, who lives near there.

Walton McQuien left Saturday to attend the Fat Stock Show in Fort Worth.

June Taylor is home from Texas Technological College in Lubbock, and does not plan to return for the second semester.

Jimmie Bird recently visited in Snyder.

Mrs. H. B. Kennedy of Post recently spent several days in the home of her son, Pete Kennedy, and family.

Morris, small son of the Char-

Mason & Co.

"Thirty-two women put poultry in the freezer locker for the first time this year. The agent gave a demonstration in Killing, Dressing and Canning Chicken and Other Meats at eight meetings attended by 92 men and women.

"Amount of food preserved in 1947—Families preserving more food in 1947 than in 1946, 63; 138 families preserved a better variety and quality of canned foods this year; 40 families have enough storage space for their preserved foods; 10 families improved storage space this year; 15 families own a home freezer or home freezer storage unit; 115 families have pressure cookers; 12 families have can sealers; 41 people were taught food preservation practices by club members; six meetings were held by local leaders on food preservation, with 46 women in attendance; 8,889 quarts of fruit were canned; 5,612 quarts of vegetables were canned; 985 quarts of meat were canned; 260 quarts of pickles were canned; 6,892 pounds of vegetables were dried; 7,898 pounds of meat were cured; 980 pounds of vegetables were stored; 521 pounds of fruit were frozen; 322 pounds of vegetables were frozen, and 6,894 pounds of meat were frozen.

Preservation Increasing

"The outlook of food preservation work in Garza County shows it is definitely on the increase.

"The agent spent 25 days on Food Selection and Preparation in 1947, giving demonstrations to both women and girls on nutrition, stressing the Texas Food Standard, frozen food cookery and making hasty cobbler, using fruit in the diet as a part of the orchard demonstration.

"The results: Eighty-two families were helped in the uses of home conservation food; 22 women and 10 girls were helped with food preparation by home visits; 12 4-H adult leaders were trained in food preparation; 58 families are planning meals by the Texas Food Standard; 42 families are checking their eating habits by the Texas Food Standard; 36 families improved their eating habits during the year; 86 families are decreasing food waste; 62 families are improving methods of preparation of vegetables; 115 families were helped on frozen food cookery.

"The outlook for food selection and preparation for 1948 shows the people intend to do their part in saving and sharing food, as they contributed liberally to the Food for Peace Train to the tune of nearly \$700.

FREE CORK OAK ACORNS AVAILABLE TO TEXANS

For the fifth successive year the Texas Forest Service, A. and M. College, will ship prepaid small quantities of free cork oak acorns to any person in Texas. D. A. Anderson, silviculturist chief, points out, however, that requests should be made at once, for he has only 300 pounds available and shipments will be made February 12.

The cork oak acorns are provided by the Crown Cork and Seal company of California for experimental planting and growing of cork oak trees. In the previous four years Texans have received 2 1-2 tons of these acorns. They have been planted on all types of soil with varying success.

The quantity of acorns sent to each person who request them will depend upon the number of people who ask for them, but it is believed there will be about one pound (50 or 60 acorns) in each shipment. Instructions for planting will be mailed one week in advance of shipping.

All who wish to take advantage of this free offer may send their requests to the Texas Forest Service, A. and M. College, College Station.

Quinine comes from Java and South America.

Barnum Springs Hartford Items

Please Send News Not Later Than MONDAY to CARROL JEAN LONG Correspondent

The Rev. D. W. Reed preached at Barnum Springs Sunday.

Maudie Faye Ray went to Muleshoe Saturday with her grandparents, Mr. and Mrs. W. R. Greer of New Home.

Mrs. Jay Claborn and son, Jobie, of McLean visited last weekend in the Lewis West home.

Mr. and Mrs. W. S. Smith visited their son, Leroy Smith, in Lubbock Sunday.

Sunday dinner guests in the Wayne Askins home were Mr. and Mrs. Byron Haynie and daughters, Mr. and Mrs. O. F. Pennell and family and Mr. and Mrs. Tom Henderson and daughter, Jobbie.

Elsie Verna West visited in McLean on Wednesday until Sunday of last week.

Juanella McClellan of the Graham Community and Gay Pierce of Post spent Saturday night with Barbara Lewis.

Mr. and Mrs. W. T. Parchman, Jr., of Justiceburg visited in the home of her parents, Mr. and Mrs. L. W. McCombs, Sunday.

Mr. and Mrs. Bernard Martin of Slaton visited Sunday in the home of Mr. and Mrs. Travis Ford.

Frej Long spent Saturday night with his cousin, Wade Pennell, in Canyon Valley.

Mrs. Lee Dart underwent surgery last week in the Lubbock Memorial Hospital. Mr. and Mrs. Dart live on Lucille Meador's farm, two miles west of Close City.

Mrs. Pearl Davidson and children, Fred and Mary Ann, attended funeral services in Lamesa afternoon for G. M. Roberts, a teacher of Mrs. Davidson when she was in the seventh and eighth grades.

Mr. and Mrs. Frank Smith of Lubbock were weekend guests in the Virgil Stone home. Other guests in the Stone home Sunday were Carroll Thurman, pastor of the Close City Church of Christ, and student of Abilene Christian College, and Mr. and Mrs. Elmer Cowdrey of Graham Community.

Among those attending the Fat Stock Show in Fort Worth this week were Mr. and Mrs. J. F. Brandon, Jr., Mr. and Mrs. Howard Teaff and Dee Caffey.

Harvey Mason of Texas Tech is visiting relatives here this week.

Mr. and Mrs. Will Teaff and son, Auda Vee, and grandsons, Ernie Wayne and Dennis Popham, visited relatives near Idalou Saturday.

Mrs. W. T. Cook and Mrs. Tom Williams went shopping in Lubbock Monday.

Mr. and Mrs. Bob Thomas recently returned from a visit with a sister in Bakersfield, Calif.

Miss Dorothy Carey, who is attending Draughon's Business College in Lubbock, visited here over the weekend.

Instead of holding church services at the Friendship Baptist Church Sunday night, the congregation attended a Baptizing service at the First Baptist Church in Post, where four Friendship members were Baptized.

and Mrs. Lora Miller of Snyder. Joe Miller was a brother of R. N. Miller of Gale, who is well-known here.

The Texas Safety Association reminds drivers that when you shoot out of the driveway without looking both directions, You Risk Your Life!

Rifle Club Is Supplied With Practice Gear

The Garza County 4-H Boys' Rifle Club has received from the U. S. War Department ten 22-calibre Winchester rifles, 10,000 rounds of 22 long-rifle ammunition for rifle practice, 1,000 targets and ramrods and cleaning fluid. Robert H. Gibson, Garza County agricultural agent, said this week.

The equipment was sent free of charge, except for shipping costs which were paid by the Post Rotary Club, sponsor of the rifle club.

The boys will begin target practice as soon as they can get their rifle range in order, the agent said. They will try to qualify for their annual re-affiliation with the National Rifle Association. Gibson will serve as instructor.

The club's officers are: President, Alvin Davis; vice president, Jimmy Puckett; executive officer, Carter Gene White; treasurer, Cordell Custer, and secretary, E. P. Wicker.

Bit Of News:

Mr. and Mrs. Clint Herring spent the first part of the week in Dallas. Their daughter, Jan Paula, visited her grandparents in Lubbock during their absence.

Mr. and Mrs. John A. Lane left Tuesday for Kerens to attend funeral services for Mr. Lane's niece who died Tuesday after a long illness. The funeral probably will be held today.

Word was received here Saturday of the death of Mrs. W. H. Cowden, mother of Mrs. Iven Stoker. Mrs. Cowden, who had been in ill health for many months, died of a heart attack at her home in San Antonio. Mrs. K. Stoker and her sister, Miss Adenell McFall, of Abilene attended the funeral on Monday.

Death waits in the street for your child, says the Texas Safety Association. See that your children play away from traffic.

The Rev. D. W. Reed preached at Barnum Springs Sunday.

Maudie Faye Ray went to Muleshoe Saturday with her grandparents, Mr. and Mrs. W. H. Greer of New Home.

Mrs. Jay Claiborn and son, Jobie, of McLean visited last weekend in the Lewis West home.

Mr. and Mrs. W. S. Smith visited their son, Leroy Smith, in Lubbock Sunday.

Sunday dinner guests in the Wayne Askins home were Mr. and Mrs. Byron Haynie and daughters, Mr. and Mrs. O. F. Pennell and family and Mr. and Mrs. Tom Henderson and daughter, Nobbie.

Elsie Verna West visited in McLean from Wednesday until Sunday of last week.

Janella McClellan of the Graham Community and Gay Pierce of Post visited in Barnum Springs. Mr. and Mrs. Earl Hodges and Mr. and Mrs. J. A. Thomas and Maynard will leave Friday for the Fat Stock Show in Fort Worth. Mrs. Ralph Walker of Lubbock will stay with her nieces, Thelma Lee and Rowena Hodges, while their parents are away.

K. Stoker is attending the Fat Stock Show in Fort Worth. Mrs. Stoker went as far as Abilene to visit for several days with her father and sister.

Janett and Glenda, daughters of Mr. and Mrs. M. H. Hutto, Jr., are ill with pneumonia in the Lubbock Memorial Hospital. Janette was admitted to the hospital Saturday and Glenda was admitted on Tuesday. Their grandmother, Mrs. J. A. Bird, is ill with pneumonia at her home here.

Howard Freeman is a patient in the Abel Sanatorium in Lubbock. He entered the hospital on Monday.

Mrs. Wiley Johnson and Mrs. Melvin Hill and son, John Everett, and Mr. and Mrs. J. W. Wells spent the day with their mother, Mrs. J. J. Wells.

Mrs. B. Tizard of Kansas City, Mo., mother of Mrs. John Lott, will arrive here Saturday for a month's visit in the Lott home.

Mr. and Mrs. John Herd, accompanied by Mrs. Jack Henry and son, Jackie, of Floydada, left yesterday morning for Fort Worth to attend the Southwestern Exposition and Fat Stock Show. They planned to return Sunday night.

Mrs. L. A. Barrow returned home from a visit in Pampa with her daughter and family to find that good neighbors had taken care of broken pipes in her house during her absence. During the extreme cold weather last week Mrs. F. A. Gilley, who lives in the house with Mrs. Barrow, heard water running in Mrs. Barrow's apartment and went over to investigate. She found the pipes in the bath room had burst and immediately called a plumber. Within about thirty minutes the situation was under control with only slight damage to the rug in an adjoining room. The linoleum in the bathroom, however, suffered water damage and will probably have to be replaced. Mrs. Gilley and Mrs. Ira Lee Duckworth watched over Mrs. Barrow's house for the remainder of the cold spell until she returned, thus putting the good neighbor policy into effect.

The state of Nevada produces great wealth from its gold, silver, lead, zinc and copper mines. The area of irrigated land in the state of Idaho exceeds 900 acres.

PREPARED to face the FUTURE

The Boy Scout motto is "Be Prepared" and in this period of national transition—it has deeper, fuller meaning than ever in its history. For in 1948, the Scouts of the world are preparing to face the future—of building a new world—one in which construction—and not destruction—is the goal. A future that knows only peaceful living, where every man is a brother to every other man regardless of his race, creed or color. It is the youth of today that will be the world leaders of tomorrow. So, on this 38th Anniversary of the Boy Scouts, we pay tribute to this great organization for the work it has done in the past—for the work it will do in the future as the Scouts of the World Build Together for peace and happiness.

SOIL CONSERVATION DISTRICT NEWS

District Supervisors' Report
 The Duck Creek Soil Conservation district supervisors this week, released the annual report of accomplishments during 1947. The report shows 1,354 farmers in Garza, Kent, Dickens and a portion of Stonewall county have requested assistance in soil conservation work since the district was formed in 1941. Eight hundred fifty-one active conservation plans are in the district's files.

Individual conservation practices include for 1947 in acres:
 Contour planting, 16,057; cover crop, 1,976; crop residue management, 5,279; range properly

stocked, 9,027; seeding range and pasture, 240; farm and range and ponds, 7; terracing, 544; diversions L. Ft., 92,700, and water facilities, 5.

District Assistance
 The supervisors' reports show the receipts and expenditures of the district as follows:
RECEIPTS, balance brought forward \$763.29; operating of heavy equipment, \$1,007.59; sale of feno and terracer, \$75; sale of seed, \$733.02; payment on loans, \$677.29; miscellaneous, \$5. Total expenditures \$3,261.19.
RECEIPTS: Loan for repairs to tractor, \$771.39; purchase of seed, \$543.36; miscellaneous, \$28.55. Total expenditures \$11,343.30. Balance on hand December 31, 1947, \$1,917.89.

District Problems And Needs
 There is still a need in the district for the constant effort of all agencies in carrying out an educational program.

There is need for another planning technician at the Spur Work Unit of the Soil Conservation Service.

Financing of the district has been no major problem. It is believed that the soil conservation payments are vital in carrying out the soil conservation practices.

The district is not in need of equipment, as most of the conservation work is done by individual contractors.

Norman Begins Soil Work
 This week W. F. Norman who lives north of Post, put his best foot forward and started carrying out a coordinated soil conservation program on his farm. He began by having Soil Conservation Service technicians run a complete terrace system on his cultivated land. Trull, terracing contractor, is building the terraces. This spring Norman plans to contour farm, to plant 7 acres of African weeping lovegrass, and defer grazing in his pasture to allow the grasses to strengthen themselves. This fall Norman plans to make a trial planting of a hairy vetch-rye mixture for pasture and soil building crop.

Two Systems Complete
 In the Barnum Springs neighborhood two district cooperators have completed terrace systems on their farms. R. E. Lewis in the field north of the Barnum Springs school completed three miles of terraces. Ford, who lives west of Barnum Springs school, completed his terrace system. J. A. Freeman, nearby, has requested some additional terrace lines for his field. C. M. Voss, west of Post on the Tahoka road, finished having one mile of terraces constructed.

Mr. and Mrs. Wash Elliott and Gary J. of Levellang were weekend visitors in the J. G. Siewert home.

Mr. and Mrs. Albert Sparlin and Audrey have moved away from this community.

Mrs. Wheeler Ford has a new Chrysler, since damaging her other car in a wreck.

Elmer Havens, who was injured recently in an automobile mishap, does not seem to be recuperating as rapidly as he would like to.

Henry Smith spent the weekend in Lubbock with his son, Edward, and his wife.

Mr. and Mrs. Wiley Melton of Abernathy and James Lee and Bessie Mae Smith of Lubbock visited Sunday evening in the Lee Smith home.

Mr. and Mrs. Lewis G. Williams and son visited the Puckett's Sunday evening.

Everyone is invited to preaching at Grassburr Sunday.

Tommy Puckett, who has been ill, celebrated his birthday yesterday. He will be back in school in a few days.

Mrs. Virginia Elliott Williams of Spur recently received word of the death of her sister, Dorothy Elliott, on January 5 in a hospital in London, England. She had lived in England since 1926 with an aunt, Miss Margaret Elliott.

Miss Elliott taught for five months in the Verbena Community, before going to England, and made her home with Mrs. Williams. She was buried at Golden Green, a London suburb.

Survivors include her sisters, Mrs. Williams and Mrs. Aubrey Hensley of Guthrie; a brother, William J. Elliott, Jr., of Crystal City, and her father, W. J. Elliott.

Wages to farm workers have tripled since 1940. An all-time high was set in 1947.

THURSDAY, FEBRUARY 5, 1948 THE POST DISPATCH

Mr. and Mrs. Jack Bishop and family will celebrate Mrs. Bishop's birthday tomorrow by having dinner with her parents, Mr. and Mrs. Elmer Howard.

The Texas Safety Association says that to drive safely, approach every intersection expecting that you will have to stop quickly to avoid an accident.

THREE JUNIOR GROUPS PLANNED BY WMU FOLK

Five members of the Women's Missionary Union of the Friendship Church in Close City met Monday afternoon at the church for an interesting discussion of stewardship by Mrs. Mason. Mrs. Butler reported the evangelistic meeting which she and her husband attended recently in Fort Worth. Plans were discussed for organizing an intermediate girls' auxiliary, a junior Royal Ambassadors and a junior girls' auxiliary.

Roy Williams has enrolled in college at San Angelo.

BEREAN CLASS ENJOYS GAMES OF FORTY-TWO

The First Methodist Berean Class met Tuesday afternoon in the home of Mrs. Boone Evans with Mesdames Don Groves and Ira Farmer as co-hostesses. After a short meeting conducted by the president and a prayer by Mrs. Surman Clark, games of forty-two were played. Tally cards were in the form of hatchets. The hostess served cherry pie with whipped cream and coffee at the conclusion of the games.

Attending were Mesdames Paul Moore, R. A. Moore, Ted Hibbs, J. R. Durrett, Esma Cash, Jess Barnes, A. P. Hedrick, Noah

SPORTS

FROM A STRICTLY LOCAL ANGLE

Excitement Is Noted In Cage Games Of Late

The Post boys' basketball teams went to O'Donnell last weekend to participate in a tournament and were declared third place winners after some exciting games. At 7 o'clock Thursday night, the B boys tromped the O'Donnell B team to a win, 33-19. Kay Kirkpatrick led the scorers for Post with 9 points, followed closely by Charles King who mounted 8.

The next game was between the Post A team and Crosbyton. The local five tripped the opponents, 33-22. Gaylon Young was high pointer with 10 scores.

Saturday afternoon the B crew was edged out of the tournament by Seagraves. Charles King hit the meshes for 7 of Post's 18 score. Seagraves piled up 28 points to take the game.

In one of the most exciting games of the tournament, Post's A team was crowded out in the last 4 seconds of play by the strong Denver City crew. The locals were leading up to four seconds before the final whistle, but caught two fouls to allow Denver City four free shots all of which were racked up to give them a 1-point margin. Final score was 27-26. Gaylon Young was high pointer with ten tallies.

Post's A team came back in the last go-around to smother Denver City's B crew, 43-24 for third place tournament honors. Junior Malouf paced the locals with 9 points and was followed closely by Shorty Hester with 8.

Boys And Girls Win From Both O'Donnell Teams

Tuesday night the local girls' basketball team, accompanied by the boys' A team went to O'Donnell and won both games. In the girls game, which ended 30-2 in Post's favor, Coach N. R. King played his forwards as guards and guards as forwards. The Stewart sisters took the spotlight in the game. Jeanette scored 10 points and Joy 8.

In the boys' game Junior Malouf scored 15 of the local's 31 points, while Shorty Hester was next high with 9. The final score was 31-30 in favor of Post.

Friday night the local boys will go to Tahoka for two games. The first game is called for 7 o'clock with Post B vs. Tahoka B.

DON COX IS HONORED ON EIGHTH BIRTHDAY

Don Cox was honored on his eighth birthday when his mother, Mrs. Sam Cox, entertained with an afternoon party at their home in the Garnolia Community Sunday.

After an hour of games and bicycle riding, gifts were presented and the birthday cake was served with punch and candy hearts.

C. G. Dietrich of Chowchilla, Calif., is visiting his brother, Harry Dietrich, and family. Other brothers and sisters, Edward and Albert Dietrich, Mrs. Stella Hirsch and Mrs. Roy Mahmiester and her husband, all of Dayton, Ohio, will arrive today to visit in the Dietrich home and hold a family reunion, the first in thirty years.

Mr. and Mrs. H. F. Giles visited the Louis Murray family in Tahoka Sunday.

Stone, Jim Hundley, Clark, Al Norris, Weaver Moreman, W. B. Holland, Mike Custer, Tol Thomas, Jack Kennedy, C. R. Smiley, Ralph Welch, a guest, Mrs. C. C. Thompson, and the hostesses.

Justiceburg News

Please Send News Not Later Than MONDAY to MRS. R. J. KEY Justiceburg Correspondent

Mr. and Mrs. R. L. Smith and Mary Carmen and R. L. Jr., accompanied by Mrs. Smith's mother, Mrs. Mary E. Walker of Doughter, visited Mr. and Mrs. L. M. Porter of Spur Sunday. Mrs. Walker remained there for a visit. H. L. Jr., made a business trip to Slaton Saturday.

Minor Trice of Abernathy spent the weekend with his family here. John Boren is ill in a hospital, and W. A. McGinnis is ill at his home.

W. T. Parenman and Albert Bevers spent Monday in Lubbock.

Mr. and Mrs. Lobban of Colorado City visited their son, V. A. Lobban, and family Sunday.

Miss Frances Porter and Don Porter of Colorado City spent Monday night with Mr. and Mrs. Cameron Justice.

Mrs. Etta Clarkston attended the Fat Stock Show in Fort Worth this week. She was accompanied by her daughter, Mrs. J. Clayborne of Slaton.

Grady Porter of Spur visited Mr. and Mrs. R. L. Smith and family Saturday.

Mrs. Herin Pettigrew and children of Slaton visited Mr. and Mrs. Claude Pettigrew Monday.

Mr. and Mrs. Walter McAdams of Detroit, Mich., stopped here last Monday night for a visit with their cousin, Mrs. W. F. Presson on their way home from a visit in California. They went through the Postex Cotton mills Monday afternoon.

A. J. Becker Is Wed In Lubbock Church Sunday

Announcement is being made of the marriage of Miss Syble Vanlandingham, daughter of Mr. and Mrs. C. W. Vanlandingham of Enochs, and A. J. Becker, Jr., son of Mr. and Mrs. A. J. Becker of Southland, which took place at 3 o'clock Sunday afternoon at the First Methodist Church in Lubbock.

The Rev. David Seiberg, Lutheran minister, performed a double ring ceremony before an altar of white gladioli, greenery and tapers burning in candelabra.

Mrs. Sieberg played "Because" and "Always" as the candles were lighted during the ceremony. For the benediction, she played piano accompaniment for the Rev. Mr. Sieberg as he sang "The Lord's Prayer."

The bride, who was given in marriage by her father, wore a sand-colored gabardine suit with brown accessories and a corsage of pink and white rosebuds. For "something old" and "something borrowed," she wore a gold bracelet worn by her mother at her wedding.

Miss Tressie Lebow of Tulsa served as maid of honor and Bill Becker served as best man. Candelighters were Miss Ruby Becker and Miss Margery Becker.

After the ceremony, a reception was given in the home of the bridegroom's brother-in-law and sister, Mr. and Mrs. Burnell Mueller, in Lubbock. The table was laid with lace and decorated with an arrangement of daffodils and acacia and a wedding ring cake.

The couple will be at home at 1622 Tenth Street, in Lubbock, after a wedding trip to New Mexico.

NEEDLEWORK EXHIBIT FEATURES CLUB MEET

The Needlecraft Club met last Friday in the home of Mrs. J. R. Durrett for an enjoyable afternoon featuring an exhibit of treasured articles of needle work belonging to the members. Each person brought an exhibit. Among the interesting and beautiful articles displayed was a lace spread made by Mrs. Charlie Voss.

The program included some clever contests arranged by the hostess. The Valentine motif was featured in the refreshment plate. Mrs. Ted Hibbs, a guest, presented each member with a white thimble.

Members present were Mesdames Thomas, Jones, Terry, Boren, Gordon, Suits, Faulkner, Evans, Snowden, Greenfield, Robinson, Samson, Moore, Tomlinson, Clark, and Norman. Guests were Mesdames Stevens, Voss and Hibbs.

The club members and their husbands will meet February 13 at the home of Mrs. Gordon for an evening party.

Church News

By GANELL BABB

Next Wednesday, February 11 is Ash Wednesday or the first day of Lent.

Observed in varying degrees by several of the protestant churches, the Lenten season gets its name from the Old English "lencen" and the German "lenzen," meaning "spring." It is the chief period of fasting in the Christian Church.

Fasting was taken over from the Jewish custom by the early Church, as Christ himself had practiced and recommended it and given instructions as to its observance (Matthew 6:16-18). Very soon, however, Wednesday and Friday were substituted for the Jewish days in memory of Christ's betrayal and of his death. The Roman Catholic Church, however, dropped Wednesday.

Besides these days, the specifically Christian custom of Lent arose in early times, at first consisting of 40 hours in memory of Christ's rest in the tomb, based on Matthew 9:15. From this, not later than the Fourth Century, the long 40 days fast before Easter developed in connection with Matthew 4:2 (Exodus 34:28; First Kings 19:8 in Protestant version, Third Kings in Catholic). In the Western Church it begins on Ash Wednesday and culminates in the impressive services of Maundy Thursday, Good Friday and Holy Saturday.

In the Greek Church the rules of fasting are still rigorous, but in the Western Church they have greatly relaxed, in that the former fast days became merely days of abstinence from meat, the eating of fish being permitted. In addition, the papacy and episcopate have the right to grant dispensations.

Among the religious Orders fasting is stricter, some Orders eat no meat at any time.

The Young Women's Missionary Society of the Nazarene Church met Tuesday night in the home of Wanda Rogers. Ruth McMahon taught the lesson taken from the third chapter of the book "We Can If We Will." Refreshments were served.

The Julia Haygood circle of the Women's Missionary Society of the First Baptist Church met in the home of Mrs. Cloyd Curb Monday afternoon for an hour of Bible study. Mrs. J. P. Manly taught the lesson on "Conditions of Prayer."

The Women's Society of Christian Service of the Methodist Church met Monday afternoon in the home of Mrs. T. R. Greenfield. Mrs. H. G. Smith and Mrs. T. L. Jones were co-hostesses. The devotional was given by Mrs. Esma Cash. Mrs. J. E. Parker was program leader for the afternoon on the subject of "Paine College." Refreshments were served to 15 women. The next meeting will be at the church and Mrs. Esma Cash will be leader on a new study, "Great Prayers of the Bible."

Conference at the First Baptist Church at 7 o'clock last night was followed by a teachers and officers meeting.

A flannelgraph lesson will be given at the Nazarene Church Sunday after Sunday School. Mrs. Norton has designed it to be of special interest to boys and girls.

Sunday is Race Relations Day and the Methodists will take an offering for the Samuel Huston Negro College in Austin which this church helps support.

Several members of the local Church of Christ are planning to go to Tahoka Sunday afternoon to a singing.

Mrs. F. I. Bailey was hostess to the Ladies Aid of the First Christian Church Monday afternoon. Mrs. Willard Kirkpatrick taught the lesson in the absence of the leader, Mrs. Lee Davis. Eight members, a new member, Mrs. McClanahan, and a visitor, Mrs. Claude Power, were present. After a short business meeting, refreshments were served.

The Intermediate department of the First Baptist Church is enjoying a study course this week taught by the pastor.

The Church of the Nazarene is cooperating with a denomination wide program of visitation. The campaign is to climax Easter Sunday with record attendance in all

Norma Schuler Is Married In Parents' Home

The marriage of Miss Norma Jean Schuler, daughter of Mr. and Mrs. Ted Schuler, and R. P. Nicholson, Jr., son of Mr. and Mrs. Bob Nicholson, all of Lorenzo, was solemnized at the Schuler home Tuesday night at 6:30 o'clock. The Rev. George H. Bryant, pastor of the Lorenzo Methodist church, read the ceremony before an altar of candelabra, gladioli trees and fern.

Mrs. Aubray Smith played "All My Love" and "Ah, Sweet Mystery of Life" and offered "I Love You Truly" during the ceremony. Candles were lighted by Ted Schuler, Jr., a Tech student, and Warren Schuler, brothers of the bride.

The bride, given in marriage by her father, wore an off white two piece faille dress with white and spring green accessories. Her short fitted jacket was fastened down the front with self covered buttons and was styled with a two tiered tunic over a swirling circular skirt. She carried a white Bible topped with orchids surrounded by split carnations and showered with white satin streamers.

Miss Carleen Clary, a club sister of the bride of Texas Technological college, served as maid of honor. Wayland Catching of Lorenzo attended the bridegroom as best man.

A reception was given for a few friends and relatives. Mrs. Leon Keene and Mrs. Joe Jennings, aunts of the bride, served punch and individual bell shaped cakes. Judy Altman, niece of the bride, presided at the guest register.

After a wedding trip the couple will be at home in Lorenzo where Mr. Nicholson is associated with the Jennings Dry Goods store.

Both the bride and bridegroom are graduates of Lorenzo High school. Mrs. Nicholson attended Texas Technological college where she was a pledge of Las Vivarachas Social club and Mr. Nicholson is a graduate of Tech where he was a member of Centaur social club. He served three and one-half years with the United States Marines.

Mrs. Nicholson, a niece of Ira Greenfield, attended Post High School one year.

EASTERN STAR GROUP BEGINS STUDY COURSE AND PLANS ACTIVITIES

Five members of the local Order of the Eastern Star chapter met with the worthy matron, Thelma Fry, Tuesday night in the first session of a study course which is to be continued for two months.

The chapter announced that two invitations have been received since the last meeting: From Levelland for a meeting there next Thursday night and Spur for a meeting Monday night, February 16. Several members are planning to attend. Others wishing to go were invited to call the chapter secretary.

It was announced also that plans are progressing satisfactorily for a special program honoring past matrons and past patrons at the next regular meeting, February 17.

POST 4-H GIRLS

Jeanne Kiker presided for a recent meeting of the Post Girls' 4-H Club. Roll call and minutes were read by Doris Turner, then several songs were sung by Anita Kennedy. Mrs. Jewell H. Strasser, Garza County home demonstration agent, conducted the remainder of the program.

Nazarene churches.

Everyone is invited to the Methodist Church Friday, February 13, to observe World Day of Prayer. It is a meeting of all the church together and the Methodists have charge of the program this year.

Mr. and Mrs. Paul Mayr will go to Abilene February 23-25 to a lecture shift.

June Taylor To Wed Soon

Invitations are being mailed this week by Mr. and Mrs. Jack Taylor to the wedding of their daughter, June, and V. L. Peel.

The vows will be exchanged at the First Methodist Church on Saturday, February 14.

VADA CHILDERS NAMED TO DISTRICT OFFICE BY DENTAL ORGANIZATION

Vada Childers attended a dinner meeting of the South Plains District Dental Assistants Association last Thursday evening at the Hilton Hotel in Lubbock. She is the dental assistant of Dr. B. E. Young, who attended a district dentists' meeting in Lubbock at the same time, and she is the newly elected treasurer of the organization.

Other new officers are Betty Milford of Lubbock, president, Loraine Dykes of Lubbock, secretary. Other present were Vera Darby of Plainview, Ruth Lowe, Sue Gray and Mildred Martin of Brownfield, Mary Wegman and Fern Wells of Big Spring, Addie Dodson and Jean Lawson of Tahoka, Gertie Smith of Lamesa, Joye Hatfield, Pat Bush, Betty McFarlin and Faye Beason of Lubbock.

Betty Milford and Gertie Smith were named delegate and alternate respectively to the Texas Dental Assistants Association meeting in Dallas the week of April 11. Most of the members are planning to attend the meeting, for which an educational program is planned.

TO MEET ALL DAY

The Graham Home Demonstration Club will meet all day Tuesday in the home of Mrs. Wilburn Morris.

Helen and Joe Frank Hopper bought a farm near Alvarado and expect to move there soon.

Miss Bratcher And Mr. Mathis Exchange Vows

Miss Ila Fae Bratcher, daughter of Mrs. A. W. Bratcher, became the bride of Elton Mathis, son of Mr. and Mrs. L. H. Mathis, in a ceremony read in Plainview Monday afternoon.

The Rev. O. N. Reed, Baptist minister, performed the double ring ceremony in his home at 2:30 in the afternoon.

The bride chose for her wedding a Navy blue suit with white and navy blue accessories.

After a wedding trip to New Mexico, the couple will be at home here.

FOUR NEW MEMBERS ARE RECEIVED BY MYSTICS

The Mystic Sewing Club met last Friday afternoon in the home of Mrs. Lowell Short with Mrs. Jim Powers as co-hostess. An enjoyable hour was spent in sewing and visiting. Four new members, Mrs. Lester Nichols, Mrs. Max Tucker, Mrs. Ray Henderson and Mrs. Jim Williams were welcomed into the club.

Cake squares topped with whipped cream and spiced tea were served.

Attending were Mesdames Jess Wright, R. W. Babb, Robert Cato, Dan Cokrum, E. C. Henderson, Ocean Cummings, the four new members and the hostesses.

The next meeting will be in the home of Mrs. F. I. Bailey with Mrs. Babb as co-hostess, on February 13 at 2:30 p. m.

GETTING OUT

On The LIMB

By

EDDIE the EDITOR

During Charlie Guy's recent visit to Post he, in keeping with an old newspaper custom and a long-time personal friendship, paid the Post Dispatch a call and expressed amazement that our remodeled office looked more like an up-town shop in the Rockefeller Center conclave than any printing plant he had ever seen.

We though Charlie was just being his usual charming self until we noted in his Plainsman's Column a week later than he really meant what he said, that he was deeply impressed. Said the Plainsman, in part:

"Let it be known that some of our neighboring cities are sipping up... Outstanding among numerous improvements The Plainsman has seen over the area recently is the remodeled home of Eddie Warren's Post Dispatch at Post... The Dispatch office is the slickest newspaper layout we've seen in West Texas."

It is generally recognized as a delightful experience to run onto some yellowed, old newspapers while cleaning out a trunk or closet.

Our boy Friday did just that the other day, and came up with some August and September issues of the Post Dispatch of 1931, more than 16 years ago. As all of us enjoyed renewing our memories as to days of old, I'm passing along some of the news of that depression year:

"Arthur Yonge of Memphis, Tex., was in Post last week in the interest of the telephone company. Misses Hazel Evans, Vada Satterwhite and Doll Ramsey left Saturday for a trip to Colorado... Miss Miriam Scarborough is visiting her sister, Mrs. Wright, at Muleshoe for a few days... Miss Gertrude Samson leaves on Friday for Lubbock where she will enter Texas Tech."

"Players for the cup in golf semi-finals which are being played today are Ham Holman and Jim Hundley; Clyde Hundley and Jimmy Samson. Consolation players are Ira Greenfield and Lois Crump."

"The Junior Class of Post High School elected the following officers Wednesday morning: Darrell Jones, president; John Amzy Speck, vice president; Mary Frances Robinson, secretary; Kent Presson, reporter; Mrs. Troy Atkins, room mother; Miss Violet Mae Pickett, class sponsor."

"Mrs. F. L. Bailey was awarded first place in Post's yard beautification contest which closed Tuesday. Mrs. Bailey won with a score of 972 over Jim Power, second, with a score of 879. R. E. Cox was third with a score of 958."

"Friday evening 10 couples of young folks motored out to the tank at the K. Stoker ranch home, where they were met by Mr. and Mrs. Willard Kirkpatrick, and Arthur Kirkpatrick... Guests were Miss Claudine Ledger, Mr. Croilin, Miss Willie Merle Walker, Mr. Duckworth, Miss Hazel Hearn, Mr. VanZandt, Miss Violet Pickett, Mr. Walkow, Miss Coy Lassiter, Mr. Reese, Miss Geneva Voss, Mr. Emmons, Miss Lucille Strickel, Mr. Thomas, Miss Doll Ramsey, Mr. Haire and Mr. and Mrs. Willard Kirkpatrick."

"And Ooops! The advertisements, particularly the prices: Graeber's, the Packing-house Market and Southside Grocery advertised: Oysters, 4 oz. tins, 9 cents; flour, 48-lb sack, 98 cents; hominy, medium tins, two for 15 cents... H. F. Fitzwater of the City Market advertised sausage, four pounds for 30

ROGER W. BABSON WRITES THIS WEEK:

Crops Which Can Grow With Little Rainfall Urged

Babson Park, Fla.—Letters are coming to me stating that the Old Farmers' Almanac is forecasting a summer for 1948 similar to that famous summer of 1816 when there was freezing, or at least a frost, every month of the year. Upon reading carefully this publication, I do not find such a statement, although it describes this cold summer of 1816. This fact might lead a reader naturally to think that a similar summer is expected in 1948.

What About Sunspots?

There are many people who believe that a very close relationship exists between weather conditions and sunspots. Those who are interested in the details of such a study should write to Professor H. C. Willett, Meteorology Department, Massachusetts Institute of Technology, Cambridge, Massachusetts, or Professor H. T. Stetson, author of "Sunspots in Action," Ronald Press, 15 East 26th Street, New York, 10, New York. Probably there is some connection between sunspots and both crops and business which we do not yet understand. The science of all forecasting is in its infancy. Briefly the Sunspot Theory is that when these spots are very brilliant and active, we suffer from either, or both, very hot and very cold weather. It is further true that these sunspots will be brilliant in 1948.

On the other hand, since the cold summer of 1816, when the

sunspots were very brilliant, there have been many other years when the sunspots were equally brilliant and when none of the corresponding years were badly upset by weather conditions. Therefore, as a statistician, I would say that there is no existing evidence for farmers to worry about concerning sunspots, although there may be much for the radio broadcasting companies to worry about from sunspots. In short, all scientists believe that sunspots have an important effect upon the vegetation of the earth as well as upon the men and animals—but not enough evidence exists to enable forecasts to be based thereon.

After careful study of this fa-

mous 1816 summer, I conclude that the cause of the low temperatures was the dust in the air covering the skies of the entire world. It was a year of several volcanoes in action. These might well have caused dust in the air which could shut off the sunshine. I further understand that certain other cold summers have come along in conjunction with many dust storms and other causes.

The above is not saying that 1948 may not witness a cold summer, but farmers and others will be wise to plan upon normal weather, at least so far as temperature is concerned. As to rainfall, this seems to follow a cycle and many sections of the United

States are now entering a dry cycle. Crops which can prosper with little rainfall are to be preferred during 1948.

The failure of certain crops due to a wet Spring or early frost, or too much or too little rainfall, may be expected almost any year. On the other hand, as years go on, each crop failure should be less disastrous than preceding ones owing to the lessons which may be learned. The important thing, however, which all farmers and others interested in farm crops should recognize is the importance of diversification of both location and rotation so that a fair portion of the crops will come through safely whatever may happen to certain other crops.

Now a word of advice to those who are looking for a farm in the central country which is not either too dry or too wet. Buy a farm equally between upland and lowland with some woodland and independent water supply for making any purchases in the south. The new U. S. irrigations are worthy of careful study so-called "Arid" land is rich. The fact that it has rainfall, causes it to be rich in minerals and vitamins. Much farm land subject to rainfall throughout the

Garza and the World

Editor's Note—Opinions expressed here are those of the author, and they do not necessarily reflect the opinions or policies of the Post Dispatch. The column is carried in the interest of applying world news to the situation here at home.

By EVELYN BOYD

I read with interest in last Thursday's Lubbock Journal The Plainsman's account of how he reacted to flying the Atlantic Ocean for the first time.

His more or less calm account of the "briefing" one gets before boarding the plane had me thinking for a moment that things must have changed from the "height-of-the-war" period when I first heard that "briefing."

We had already boarded the C-54, but they had hadn't locked the door. It was in March in New York, and it was snowing so I couldn't tell where the ocean began and LaGuardia field ended, from where I sat looking dejectedly out of the plane window. It was to be my last glance out the window, because immediately after the "briefing" they pulled the blackout curtains and I didn't have a chance to look back or to wave goodbye to the Old Girl down in the harbor.

After they got us all seated, a smartly tailored second lieutenant of some 19 or 20 years boarded the plane and started talking, handing each of us a Mae West. "Now," he says, "WHEN you get shot down, you have nine minutes in which to get out of this plane after it hits the water. There are 24 officers and one lady on this plane, and this is one time when an officer won't have time to be a gentleman. Don't wait for the lady. If you're still in

cents, pork steak, 12 cents per pound; beef rib roast, four pounds, 30 cents, and beef chuck, per pound, 11 cents.

The Palace Theatre advertised: Wally Wales in "The Flying Lariats," Edmund Lowe and Lois Moran in "Transatlantic," Clara Kamball Young and Marion Nixon in "Women Go On Forever," George Arliss in "Alexander Hamilton" and Will Rogers in "Young As You Feel."

Oh yes, the new babies: "Born—To Mr. and Mrs. Dick Woods on September 10, a nine-pound boy... Mr. and Mrs. Knox Parr are the proud parents of a fine baby boy, born last Friday... Mr. and Mrs. V. N. Stewart of the Graham Community announced the arrival of little Miss Jenette, on September 12."

Among the classified ads: S. W. McCrary wanted to trade a young fat cow for a young fresh milk cow.

A large display ad revealed that a new Ford could be bought F.O.B. Detroit for \$430 to \$640.

This was during the depression, remember. Although the prices were shockingly low, people were much worse off than they are now. If you will recall that new car you bought in 1931, you will remember that it was much more difficult to make the last payment on that \$650 investment than it was in 1947 to raise the \$1,600 in cash to pay for the car that you bought.

What Our Contemporaries Are Saying:

NOT EQUIPPED—Generally, dwellers in West Texas are a hardy lot—we have to be to brave some of the elements to which we are exposed during the year. But it doesn't take much of a cold spell to freeze us up. We got out of commission during weather that is common in many northern states for months during the winter. Like the gas company, I guess we're just not equipped for cold spells. Yes, our car wouldn't start and our water pipes froze up too.—Gaines County News.

PANTY WAIST PIONEERS—Ever since we hit this country we have been hearing stories of how tough the pioneers of Crosby county were—and are. Their hair-raising exploits and feats of endurance made our namby-pamby existence seem colorless, and a bit futile. The current cold wave dried up our fond illusions. We've never seen so much crying and running to mother; so much weeping, wailing and hugging of heaters as was done by these pioneers just because the mercury turned itself down to eight degrees! The way they carried on over mildly cold weather must have many a buffalo turning over in his grave. The Indians should be a dying race if they let sissies chase them outta their happy hunting ground!—Ralls Banner.

HAPPY IS THE MAN—Not all men who drink drive cars, but many of them do. Not all drinkers who drive cars cause wrecks and deaths on the highways, but many of them do. Not all the wrecks and deaths on the highways are caused by drunken driving, but many of them are. Not all men who start drinking occasionally and moderately become alcoholics, but many of them do. If nobody ever drank there would never be any alcoholics. If men who drink excessively did not drink at all, their families might have more of the necessities and luxuries of life. If nobody ever drank there would be fewer broken homes, fewer wrecked marriages, fewer delinquent children, fewer criminals, fewer orphans, less hell on earth. Can you think of any reason why you should drink? Happy is the boy and happy the girl who resolves never to touch liquor and forever keeps the resolution.—Lynn County News.

ATOMIC AGE PRODIGY—Mayor Wooten's grandson, young Bryan Williams, III, who is now in the third grade at a school near Post, told his mother that he is getting disgusted with school. The teacher asks so many silly questions, such as what is five and five. "I don't know and don't of the Mediterranean, more than 7,000 feet above the drink.

care what five and five is," said Bryan. In my opinion Bryan Junior has expressed something well worth considering. When you get right down to it what difference does it make whether five and five equal nine or ten. Nine is a very handy number to have, it has lots of curves and is a very nice number and, like Bryan, I see no need to get my blood pressure to boiling over, my hair ruffled and my wife sore at me because I can't make five and five equal ten. After long experience I would advise Bryan Jr., to take on less confining trouble to think about, such as the U. N., the Atomic Bomb, sex and Russia for one can not be tied down to any answer and in the end no one can prove whether you are right or wrong. While such subjects just naturally fade away in time there are always some new ones to take their places and you can slosh around in problems no mathematician can answer. Phooey on five and five.—Slaton Slatonite.

NATIONAL YOUTH—There is afoot a program offered by U. S. educators for improving the lines of instruction followed in grade and high schools. It is suggested that our schools and colleges should promote programs for furthering American democracy, introduce facts about leaders of note in various fields as agriculture, labor, industry, the professions and so forth. It seems necessary for communities to see that subjects regarding the study of communist, socialist, fascist material to inform students to distinguish between the beliefs of these groups, should be handled by competent, democracy-loving people. Capable teachers are needed to meet an intelligent approach to the "isms." Promotion of American ideals should be a part of every school child's curriculum. History affords the study of democracy, geography lends itself to the conflict of ideologies with boundary expansion, of lost causes and territories. Mathematics can deal with cost of principles, financial obligations of statehood, resources of labor and capital, literature, well-learned, covers the entire field and is a gauge of values. The little red school house and the college class room have all the material to move democracy forward.—Texas Spur.

The Texas Safety Association asks motorists to dim their lights when approaching an oncoming car at night. Courtesy buys a lot of safety! A pasture is a labor-saving device, since the animals gather their own feed and spread manure as they graze, cutting down on the farmer's work.

Garnolia Notes

Please Send News Not Later Than
MONDAY to
MRS. L. C. WHITE
Garnolia Correspondent

Mrs. Walter Josey spent last week in Lubbock with Mrs. Lee Bart of Close City, a patient in the Lubbock Memorial Hospital.

Sunday guests in the R. L. Craig home were Mr. and Mrs. McCay of Lubbock and Mr. and Mrs. Pendleton and little daughter of Weils.

Mr. and Mrs. Robert Thomas returned last Tuesday from California.

Mr. and Mrs. J. D. Watson of Oklahoma were weekend visitors of his brother and family, the H. S. Watsons.

Mr. and Mrs. C. W. Meeks and Mr. and Mrs. Bernie Francis have new Fords.

Newcomers in the community are Mr. and Mrs. C. A. Wooddell and children, Glenda and Nelda Gene.

Mrs. Ruth Washburn visited in Lubbock Sunday with Mrs. Lee Dart.

Mr. and Mrs. Hall of Tahoka were Sunday guests of Mr. and Mrs. H. D. Daniel and children.

Mr. and Mrs. Bartley and children visited relatives in Slaton Sunday.

Mack McCullough and Donald Carpenter spent the weekend in Lubbock.

Mrs. Jewell H. Strasner, Garza County home demonstration agent, met with the Garnolia Home Demonstration Club last Thursday and demonstrated the cleaning of sewing machines. Two members had their machines cleaned at the meeting.

Mr. and Mrs. Glenn Day left Monday to make their home in Floydada where Mr. Day hopes to buy a tailor shop. He is a son of Mr. and Mrs. G. R. Day and has been employed here by Hundley Cleaners. Mrs. Day is the former Miss Joy Shepherd, daughter of Mrs. W. J. Shepherd. Mr. and Mrs. Day, driving to Floydada one icy day last week, had a narrow escape when their car slid off the pavement and into a tree, across the borrow ditch. The car was badly damaged and Mrs. Day suffered some bruises. He was uninjured.

The goal for "Freedom Gardens" in 1948 has been set at 20 million. Texans expect to reach the million mark in home gardens.

Happy Birthday:

Mrs. N. C. Outlaw, Isabell Nichols of Verbena Community, Mrs. I. H. Buster of Grassburr, W. C. Quisenberry of Grassburr and James Gibson, February 7.

W. S. Johnson, February 8.

Barney Martin, February 9.

Mrs. G. R. Day and Homer McCrary, February 11.

An anonymous card received by the Post Dispatch last weekend said that Mr. and Mrs. M. E. Morris of Route 2, their son, Maurice, and a grandson, James Lindsey Morris, all have birthdays in February, as do LeTroy Lester and Jim Hudman, both of Route 2.

Miss Lucile Meador is recuperating from a two weeks' illness.

The Max Bayer family of near Post is moving to Lubbock.

Miss Billie June Kennedy of Breckenridge spent last weekend with her parents, Mr. and Mrs. L. P. Kennedy, and family. She left Sunday for Fort Worth to attend the Fat Stock Show. After her return to Breckenridge, she planned to take a job with the telephone company.

THURSDAY, FEBRUARY 5, 1948 THE POST DISPATCH
A small lake or fish pond is a valuable asset to any farm. California's seacoast is 1,246 miles long.

From where I sit... by Joe Marsh

Do You Have Noisy Neighbors?

A lot of the neighbors were suddenly annoyed by Jeb Crowell's hammering at night. Jeb was building himself a new front porch—and the only time that he could give to it was after sundown.

Finally we decided the best thing to do was all pitch in and help—and get the carpentry over with as soon as possible. We did. Finished the porch next evening—and Jeb gratefully treated us to ice cold beer and cider.

From where I sit, that's what being a good neighbor means. In-

stead of complaining about the other fellow's habits, try to understand and share his interests.

So if my practising on the flute annoys you, come on over, neighbor, with your fiddle or guitar and join me! Maybe it will end up in our knowing and appreciating one another better... in an evening of good fellowship. And I'll promise to provide the beer that goes with evenings of good fellowship!

Joe Marsh

the U.S. ROYAL Air Ride brings you a new kind of tire performance!

You'll enjoy more riding comfort with the new U. S. Royal Air Ride Tire because it gives you the advantages of greatly increased air volume at far lower air pressure.

And because its fleet-footed U. S. Royal Tread responds to your slightest touch on the wheel, you experience unmatched driving ease and a real sense of security.

It runs cooler on the road—delivers more miles, safer performance. On wet roads or dry, its U. S. Royal Brake Action Tread grips hard for quick, straight stops.

Come in and see it today—and learn all about this sensational new tire!

RIDE ON IT YOURSELF!
We'd like to show you what the Air Ride can do—by giving you a ride on our demonstration set. Drop in and arrange to take the comfort ride of a lifetime!

Don't Turn On Red Light If Obeying Law

As Garza County people who have been taking tests for drivers' licenses are aware, many local drivers are unwittingly violating a Texas highway traffic law at the intersection of Main Street and Broadway, both of which are state highways.

It is a violation of the law to turn right on a red light. This was pointed out this week by the City Commission in the interest of informing innocent drivers who are not aware of the law, which was enacted by the 56th Legislature.

The law specifically reads that on a state highway "vehicular traffic shall not enter or be crossing when the red or 'Stop' signal is exhibited. Vehicular traffic facing the signal shall stop before entering the crosswalk or the near side of the intersection or, if none, then before entering the intersection and shall remain standing until green or 'Go' is shown alone."

Should highway patrolmen start arresting violators here, ignorance of this law would be an insufficient excuse. City Secretary Sherrill Boyd said this week.

While calling attention to the law, the City Commission also voiced a reminder of the law which prohibits following of fire-trucks in vehicles closer than 500 feet or parking vehicles within a block of where the fire apparatus has stopped in answer to an alarm.

The United States had about 18,000 inter-city buses in 1940.

Alec Templeton To Play With Lubbock Group

Alec Templeton, famed blind pianist and composer and star of radio and concert stage, is to be presented in two concerts with the Lubbock Symphony Orchestra February 12 and 13. Holders of season tickets will attend the initial performance and the second night is open to the general public.

Tickets for the latter concert, to be given in the Lubbock High School auditorium at 8 o'clock, went on sale this week at Adair's and South Plains Music Stores and at the Varsity Book Store.

Mail orders will be filled by writing to Lubbock Symphony Orchestra, P. O. Box 894, enclosing self-addressed and stamped envelope with check or money order. Tickets for the center section, downstairs and in the balcony, are \$2.80; for the side sections, \$2.40 and under the balcony, \$1.80.

Templeton will play Grieg's Piano Concerto in four movements with the orchestra and after intermission will be presented in his noted piano impressions and improvisations. He has gained fame for his gift of mimicry, as well as his playing ability.

Mrs. F. A. Gilley spent the first part of the week in Lubbock visiting her daughter, Mrs. Gordon Treadway, and family and stopped in Slaton for a short visit with friends.

Five Hundred Rats At \$1,000 A Year Noted

It costs Garza County farmers \$2 a year per rat on the farm—one half for the grain eaten by the rats and the rest for waste, damage, disease and loss of young poultry, according to figures supplied by the Texas Extension Service to the county agricultural agent, Robert H. Gibson.

Working in cooperation with the Rodent Control Division of the U. S. Fish and Wildlife Service, as part of a nationwide program to conserve grain, the Extension Service is making every effort to keep the Texas rat population at a minimum.

5,000 Rats At \$10,000

Gibson said the rat is an elusive creature that works mostly at night, therefore a farmer can have an abundance of rats and not know it. It has been estimated that if a farmer can see signs of rats but do not see any of them, he has from one to 100; if rats are seen occasionally at night, he has from 100 to 500; if he sees rats at night and occasionally in the day time, he has from 500 to 1,000; if he sees rats at night and several every day, the total number on the farm is between 1,000 and 5,000. A farmer should make a close observation and check his place for the estimated number of rats and take steps for immediate control, Gibson says.

Some of the steps in eliminating the rat population are: Rat-proof buildings, keeping trash cleaned up, trapping, gassing and poisoning. Poisoning is the most satisfactory for immediate results. There are several good poisons but the most satisfactory and safest is "red quill," which is available at all drug stores. Red quill, when used as a rat poison, should be mixed with bait in the proportion of one part quill to nine parts bait material.

Both Materials Listed

Bait materials which will give excellent results are: (1) one part cracklings mixed with three parts oatmeal, (2) fresh, lean ground meat, (3) cubed apples, tomatoes, cantaloupes, etc., used separately or together. It is important to use more than one type of bait to get the best results. Locate the places where the rats spend the day and where they eat and drink, then scatter the poisoned bait along the walls, sills, and other protected places between the den and feeding and watering places. In all cases put out bait between feeding and watering places. Put out more bait than you think is necessary. Many small baits is better than a few large ones. Scatter the bait over the entire place at one time, leave bait out for two or three days then remove and burn it. Do not scatter any more bait for at least two weeks. Dead rats should be burned when found.

The agent says he will be more than glad to advise and assist farmers in any way possible to rid their farms of this most destructive rodent.

Fire Destroys Shack

A fire of undetermined origin destroyed a small shack at the Scurlock Oil Company headquarters in south Post early Monday afternoon. The Post Volunteer Fire Department answered the alarm but was unable to save the building.

Mr. and Mrs. T. D. Scott and daughter, Tommye Lou, were in Lamesa Sunday attending the wedding of Miss Glenna Faye Bailey, daughter of Mrs. Erwin Bailey who is remembered by Post friends as Annie Gaines.

NAVY RECRUITING IS IMPROVED SINCE MEN CAN SELECT SCHOOLS

Chief S. L. Irwin, Navy recruiter, said here this week that recruiting in this area has improved since the first of the year because of the Navy's new policy of allowing high school graduates with no previous service, who meet specific requirements as to physical standards and mental qualifications, to select a navy service school prior to enlistment.

Qualified enlistees are assured that, upon completion of recruit training, they will be entered in the school of their choice, he said.

Quotas for some of the schools have been filled this month but there are still a number of openings for motor machinist mates, radiomen, fire controlmen and students of electronics and basic submarines. A new quota for these schools is issued each month.

All men interested can see the recruiter in Post every Tuesday afternoon from 1:15 until 3:45 o'clock at the postoffice.

Southland News

Please Send News Not Later Than MONDAY to
MRS. FLOY KING
Southland Correspondent

The Rev. Tommie Rutledge, who has been ill with pneumonia, was unable to attend Sunday School and Church services this week. After Sunday School, Miss Wilma Wheeler gave a report on the Methodist Conference she attended recently in Cleveland, O.

Several changes have been made in the school faculty. Mrs. R. Tillery is teaching English; M. B. Brooks is teaching the seventh and eighth grades, and Miss Mary Katherine Lindsey is teaching the fifth and sixth grades. W. W. Ogle resigned as teacher of the seventh and eighth grades and is planning to re-enter a photography school.

Mr. and Mrs. J. F. Winterrowd and son, Paul Eddie, spent the weekend in Abilene with Mr. and Mrs. Lightfoot. They brought Paul Eddie's wife and baby, who had been visiting there several days, home with them.

Weekend guests of the G. N. Smallwoods were Mr. and Mrs. Neal Smallwood of Odessa and Mr. and Mrs. Bill Ramsey of Midland.

In Whited Home

The J. L. Whites had as their guests Sunday their son, Wayne of Odessa and Mr. and Mrs. Junior Ford of Lubbock.

Carl Cedarholm of Amarillo spent Saturday night at the A. A. Ferguson home. His wife has been in this area for two weeks with her father, J. P. Howard, who is convalescing in a Lubbock hospital from surgery.

Mr. and Mrs. Aubrey Nunley and baby left Sunday for their home in California after spending a week here with relatives and in Lubbock with J. P. Howard, Aubrey's grandfather.

R. H. Coffen has been ill in the Mercy Hospital at Slaton.

Curly Taunton of Alabama recently spent a few days here with his parents-in-law, Mr. and Mrs. I. J. Duff, and family.

Mr. and Mrs. Fred Wood and daughter, Roma, and Mary Frances King visited in Lubbock Sunday evening.

Mr. and Mrs. Walter Wilkie and sons of Lingo, N. M., spent Friday night with her parents, the Walter Kellums.

Mr. and Mrs. Harlan Basinger and children have moved to Houston. The R. Tillery family is moving to the Basinger place.

Still In Hospital

Mrs. Edd Portwood, who has been in the Mercy Hospital about four weeks, is still unable to come home. Her son, Lester, visited her Sunday.

Several Tech students are home this week, including Margaret Duff and Wilma and Ferrell Wheeler.

Mr. and Mrs. S. M. Truelock were treated by a physician in Slaton Sunday.

Mrs. J. F. Hagens' parents, Mr. and Mrs. B. B. Blair, their daughters, Mrs. Marion Sparks, and husband, and Mrs. Hagens' son, Donald Mason, all of Clarendon, spent Saturday night in Southland. Donald's sister, Sammie, went home with them for a visit.

Mrs. S. M. Truelock's brother, J. C. Rolan, and family of Texline spent Saturday night with the Marvin Truelocks. His brother, Raymond, and sisters of Post visited in Southland last week.

Mr. and Mrs. Artie Long and children of Barnum Springs visit-

Bit Of News:

Mr. and Mrs. Bud Johnson of Lubbock visited Friday in the home of Mr. and Mrs. Walter Boren and family. Mr. and Mrs. Gilbert Griffin of Crane also arrived here Friday and spent several days visiting the Borens.

Jess Wright was ill with a cold last Thursday and Friday.

Mrs. Johnnie Hall of Lubbock has been visiting in the Pleasant Valley Community with her son, F. W. Hall, and family.

Mrs. B. D. Robinson and several members of her family visited recently in Midland with Mrs. Mary Robinson.

Recent guests in the Alva Robinson home at Pleasant Valley were their daughter, Mrs. B. C. Norton, and family of Seminole. The Nortons' two sons remained several days after their parents returned home.

Mr. and Mrs. Leon Jones have moved back to Edgewood. Mr. Jones was employed in the Pleasant Valley gin during the cotton season.

Mr. and Mrs. Dave Sims have moved from the Pleasant Valley Community to Post.

Mr. and Mrs. Leon Mashburn of the O. S. Ranch, accompanied by little Pamela McCrary, left last weekend for Fort Worth to attend the Fat Stock Show and visit in the home of Pamela's grandparents, Mr. and Mrs. I. N. McCrary. They returned Tuesday night.

Mr. and Mrs. Joe Shirley and children of Lubbock spent Sunday here with Mr. and Mrs. Mrs. George Shirley and Mr. and Mrs. Tom Bouchler.

Mr. and Mrs. Bake M. Robinson moved from the Power Apartments Monday but were still undecided as to where they will make their permanent home. "We are storing our belongings with the Bill Barnetts," they told a Post Dispatch reporter, "and will spend the next few months just running around." Robinson recently sold his interest in the Pure Food Store to Ira Greenfield and Jack Kennedy.

Mr. and Mrs. J. E. Hartley and daughters, Mary Jane and Julia Ann, of Lubbock were guests of the Willard Kirkpatricks on Sunday. Mr. Hartley gave a layman's talk at the First Christian Church Sunday morning.

ed the Don Pennells Sunday. Mr. and Mrs. Pete Pennell of Canyon Valley visited the Robert Pennells Sunday.

Garner's
PHONE 39 APPLIANCE COMPANY POST, TEXAS
BUTANE & PROPANE GASES
"Better Fuel for West Texas Homes"

Thanks

We want to thank all those who cooperated with us to conserve natural gas during the recent severe cold spell.

We think our customers are entitled to know why supplies of natural gas ran short.

The emergency was not due to any mechanical or human failures. All the pipe lines, and all the machinery in our compressor stations functioned properly. All employes discharged their duties faithfully throughout. We received good cooperation from those who supply us with natural gas.

The emergency shortage of gas was due largely to the simultaneous occurrence of two circumstances, either of which is most unusual in West Texas. The first of these situations was that temperatures dropped to sub freezing and to near zero and stayed there for about a week. Ordinarily, such cold spells do not last more than three or four days at the most. The second situation was that the severely cold weather prevailed throughout our entire system at the same time. Ordinarily, a cold spell will move across our system from north to south or from west to east, with extreme temperatures prevailing in only a portion of the system at any one time.

Therefore, it was the combination of these factors that caused the emergency—first, that the severe cold spell was so prolonged, and second, that the cold spell prevailed throughout our entire system at one time.

We added more horsepower to the capacity of the compressor stations in our transmission system in 1947 than in any year in the company's history. This was done in anticipation of heavy demands for gas during the winter of 1947-48. What we did not anticipate was the above unusual combination of circumstances. Even if we had been able to anticipate these circumstances, we could have done nothing about it, due to the difficulty of obtaining steel pipe.

The only community in which there was an interruption to residential gas service was Levelland, where about half of the homes were temporarily without gas. For two years, we have sought to build a larger-size pipe line to Levelland, but have been unable to get anyone to accept an order for the pipe.

Through your cooperation, you have helped us and yourselves. Except in the case of the short interruption at Levelland, you have made it possible for residential gas service to continue without interruption.

Thank you again for your cooperation and understanding.

By R. F. Hinchey,
Vice Pres. And Gen'l. Mgr.

PLANNING TO BUILD?

THE QUEENSLAND

house is planned especially
for those who must watch costs
carefully.

Additional rooms could be added
later to this fine plan.

Use of corner windows in
strategic spots helps to make
attractive arrangement of fur-
niture easy.

If you're not particularly inter-
ested in this plan, we have many
other suggestions to offer.

The Week's News in Brief

Mrs. Rex Everett is spending the day in Lubbock today. Her son, Rex is registering in Texas Tech today.

Mrs. Vernon Giles and children, Rose and Haskell, of Hobbs, N. M., visited in the H. F. Giles home Friday and Saturday.

Joy Faye Parker and E. C. Herren are celebrating their birthdays today. Joyce C. Steel will have a birthday on Monday.

Miss Nola Murrah underwent nose surgery in the West Texas Hospital in Lubbock Tuesday. She is convalescing at her home here.

Mrs. Ray Ricker spent Wednesday in San Angelo visiting her husband who is a patient in a hospital there.

Mrs. Bertha McKinney, who has been living in Houston, arrived here Monday with tentative plans to make her home here.

Mr. and Mrs. Elzie Stewart spent the weekend visiting their daughter in Levelland.

Mr. and Mrs. L. N. Roberts left today for Fort Worth to attend the Fat Stock Show. They planned to return Saturday.

Mr. and Mrs. L. W. Dalby have returned from a several weeks trip to South Texas. He said he had to come home to get warm.

Guests of Mr. and Mrs. Walter Boren and family Friday night were Mr. and Mrs. Alvin Gallaway of Crane, who were en route to the Fat Stock Show in Fort Worth, and Mr. and Mrs. Bill Cantrell of Red Bluff, formerly of Justiceburg, Friday afternoon guests of the Borens were Mr. and Mrs. W. H. Evans of Lubbock.

Oscar Garner, on his butane trip to Spur Monday night, had interesting experiences both coming and going. On the way over, he stopped to offer assistance to a family whose automobile was stalled on the highway. He towed them two miles to their home, then discovered the man of the family was one of his cousins. On the way back at 2 a. m. Garner missed by two minutes seeing a 1941 car ahead of him turn over and roll into a ditch. He stopped and helped the driver, A. L. Allen of Quinlan, who was uninjured, out of the car in which he was pinned, brought him to Post and got his wench truck, then went back and hauled the wrecked car into Post. Allen was moving his family's personal belongings from Clairmont to their temporary home in Slaton, where the Atlantic Refining Company for which he works is to drill some test holes.

BUTANE STORAGE—

(Continued From Front Page) The dealers will continue to serve the farm folk first in such emergencies, Garner said, but the farm folk can be a lot more secure and, in turn, help the oil business by having storage tanks large enough to permit buying the year around.

Nobody in Garza County with a tank holding as much as 500 gallons has suffered from the butane shortage, the dealer said.

Alternative Not Practical

The only other safe alternative would be for the dealer to build ample storage facilities to take care of the county's needs the year around. This would, in Garza County, require an expenditure of approximately \$100,000. "My business simply doesn't justify it," Garner said. "My territory isn't large enough to repay me and if I enlarged my territory I wouldn't be able to get a large enough butane allotment to take care of the extra customers."

Garner explained that much of the publicity about the shortage of butane is from dealers down state who, during dull summer months, have expanded their territories until they are so large they can't get enough butane to supply them. The refineries are fairly distributing the butane over the state, under the allotment system, Garner believes, but they cannot for practical reasons operate on a seasonal basis. They must sell butane the year around, in order to have enough properly distributed during the winter weather. That's why it is essential for farm users to have large storage tanks.

"A farmer," Garner said, "should buy his butane like he used to haul wood—enough in the summer to carry him through the bad weather."

The demand for butane is five times greater in Garza County than it was two years ago. This increase is typical over the state. The butane manufacturing capacity is very little, if any, greater than it was two years ago. Figures sent to Garner by the Texas Butane Dealers Ass'n., the Texas Railroad Commission and the various refineries indicate that it will be approximately five years before manufacturing facilities can meet the demand for the product, even if the demand fails to increase.

Because of out-of-state markets, Texas users get 6,000,000 gallons a month less than they would if all Texas butane were sold in the state.

This fact has colored the political angle of the butane shortage and it accounts for much of the publicity now being circulated on the subject.

Out-of-state marketing of Texas butane, in Garner's opinion, is just as important as out-of-state marketing of Texas cotton and Texas cattle. It is essential not only to the state's but to the nation's economy. But, he is certain, enough butane is being left in Texas to supply all users if they will plan their use of the product in keeping with present manufacturing and transportation facilities.

Mr. and Mrs. G. E. Fleming visited his brother and family, the L. A. Flemings, near O'Donell, Saturday night. On Sunday, they went to Anton to spend the day with their son-in-law and daughter, Mr. and Mrs. Dan Yandell.

Lester Josey and Theona Beauchamp visited in Slaton Sunday. Mrs. Dick Roach is now employed at Hiway Grocery.

Bits Of News:

Mrs. Jessie Curry visited her brother, W. C. Cearley, in Lubbock Saturday and Sunday.

Feda Dodson received acid burns on the face and eye Tuesday night.

Mrs. Lee Hedgecock and son, David, left Tuesday for their home in Minneapolis after a month's visit with Mrs. Hedgecock's mother, Mrs. L. A. Presson.

Mr. and Mrs. Harold Voss spent the weekend in Fort Worth attending the Stock Show.

Mr. and Mrs. John C. Justice of Plainview were here Monday to meet her mother, Mrs. Maggie Ivy, who has been visiting the past several weeks in Beaumont and Houston.

MARCH OF DIMES—

(Continued From Front Page) sure at the speedy filling of the coin collectors in the various business houses and at the generous collections taken in all the churches Sunday for the campaign. Announcement as to the total proceeds will be published as soon as possible after the conclusion of the campaign, he said.

Half of the money will remain in Garza County for the aid of all paralysis victims needing assistance. The remainder will be divided between the polio research division of the National Foundation for Infantile Paralysis and a fund to be used in areas where there are polio epidemics.

WINDOW SHOPPING—

(Continued From Front Page) it may be several weeks before you find your picture on page one, but it will come flaring out at you one of these Thursdays. The picture series of "Post Folks At Work" is proving quite popular and our boss is exceedingly happy over the comments from the readers.
