

Verbena Auction Opens Series Of Red Cross Parties

... pictures, made by staff members at the Verbena Red Cross benefit Friday night, are typical of those that will take place throughout Garza County this month. The benefit parties are being planned by the home demonstration clubs of the county under direction of Mrs. J. C. Fu- magall of Verbena, general chairman for the drive. The next community benefit will be sponsored tomorrow night at Barnum Springs. In the pictures, left to right, are: Buddy Davis, David Tyler, Stanley Taylor, C. F. Taylor, and Jimmy Puckett of Grass-burr, at a checker game; Auctioneer "Red" Floyd of Post and a portion of the bidding crowd; Pat Taylor, David Tyler, Allen Lucas and Al Bird trying to win the Red Cross cake by "throwing the last dime" on the table; Mrs. Bern- ard Musso and husband, new-comers to Post, adapting them- selves to the community spirit in a lively game of forty-two. Musso is a textile engineer with the Pos- lex Cotton Mills. These parties in the various communities are tak- ing the place this year of house to house soliciting for Red Cross contributions.

VOLUME XXII POST, TEXAS "THE GATEWAY TO THE PLAINS" THURSDAY, MARCH 11, 1948 "WHERE THE WEST IS WEST" NUMBER 10

Schools To Be Closed Friday For Conference

Post and Garza County schools will be closed tomorrow in order that the teachers can attend the annual convention of District 4 of the West Texas Teachers Association at the Senior High School in Lubbock.

Delegates for the Garza County teachers will be I. J. Duff of Southland and E. E. Pierce, principal of the grade school here.

The theme of the convention will be "Education As A Joint Enterprise," a subject which will be discussed by the main speaker, Dr. A. J. Stoddard, superintendent of schools in Philadelphia.

Another outstanding speaker will be Willard E. Goslin, superintendent of schools in Minneapolis, Minn., who will discuss "The Responsibilities of American Education."

Special meetings and luncheons will take up the morning and noon hour period, according to Floyd Honey of Lubbock, president, with the first general session scheduled for 1:15 p.m. in the Senior High School auditorium. Sectional meetings will be held at 3:30 o'clock (Continued On Back Page, Col. 2)

Look Who's New:

Mr. and Mrs. W. J. Locklear of Carlsbad, N. M., formerly of Post are announcing the birth of a daughter, Grace Alice, at 3:20 p.m. March 1. She weighed 6 lb., 5 1/2 oz.

A daughter was born to Mr. and Mrs. William Robinson at their home here Tuesday morning at 6:15 o'clock. She weighed 10 1/2 lb. Mrs. Robinson was taken to the Lubbock Memorial Hospital later Tuesday morning for treatment, but her condition was not said to be serious.

Mr. and Mrs. Howard Adams of Electra are announcing the arrival of a son born March 4. He was named Michael Howard. Mr. Adams is the former Neil Stewart of Post.

Scholastic Census Is Being Recorded Here

The annual scholastic census, which is expected to be worth \$77,825 or more to the public schools of Garza County is being taken this month. J. T. Curb has been employed to take the census in the Post city limits and the teachers and trustees are taking it in their respective rural communities.

The amount paid every district in state capita apportionment next year will be based on the scholastic population as shown by this census, which must be completed in March.

Next year's per capita will not

Davis Baby Is Death Victim

Funeral services were held at 2:30 o'clock Monday afternoon for James Michael Davis, 10-month-old son of Mr. and Mrs. Grady Davis, who died from pneumonia Saturday while en route to a hospital in Lubbock.

The services were held at the First Baptist Church with the Rev. Huron A. Polnac officiating. Burial was in Terrace Cemetery under the direction of Mason and Company. The program included two songs, "Abide With Me" and "Asleep In Jesus."

Pallbearers were M. C. Gunn, J. M. Clinton, Cleveland Goswick, Ernest Goswick, C. W. Blacklock and L. W. Reed. Flower girls were Doley Davis, Claudine Davis, Helen Jo Davis and Janice Reed.

The baby is survived by his parents; his paternal grandparents, Mr. and Mrs. Dew Davis of the Verbena Community; his maternal grandparents, Mr. and Mrs. D. H. James of Portales, N. M., and a step-brother, Sherman Grady Davis.

Red Cross Drive In County Makes National Goal Early

The 1948 Red Cross campaign in Garza County was assured of going over the top when the Verbena Community turned in \$125.26 and the Greater Gifts Committee turned in \$873.78 to Lewis Nance, the campaign chairman, this week, making a total of \$1009.01 officially recorded to date.

The National Goal of \$960 has been met and the local quota of \$1100 is assured. The residential committee, headed by Judge J. Lee Bowen, will turn in a collection before the end of the month, as will each of the committees in the county.

The Verbena money was raised at a pie and cake auction and forty-two party sponsored by the home demonstration club, held at the school building last Friday night. H.D. Clubs of several other communities are planning similar Red Cross benefits, the next one of which will be tomorrow night at Barnum Springs.

Despite bitter cold weather, the Verbena party was attended by the majority of Verbena residents, Mr. and Mrs. Basil Puckett and sons of the Grassburr Community Mrs. Bob Camp of Prescott, Ariz. who is visiting relatives at Verbena.

EVERYBODY ASKED TO SUPPORT DANCE

Members of the Post Volunteer Fire Department will begin Monday the sale of tickets for their annual Firemen's Ball, to be given in the recently remodeled firemen's headquarters on the second floor of the City Hall the night of April 8, beginning at 9 o'clock. Tickets will be sold at \$2.00 per couple and they will be offered to all Garza County residents, whether or not they plan to attend the dance.

Proceeds are used each year to send firemen to regional and state firemen's conventions and for other projects for the betterment of the department, Fire Chief Homer McCrary said.

JOHNSONS NOT INJURED IN AUTOMOBILE MISHAP

Mr. and Mrs. W. S. Johnson, Jr., and sons, Robert and Allen, of the Pleasant Valley Community were not injured when the 1947 automobile in which they were traveling to Post overturned yesterday afternoon on the Lubbock highway. Their new car, which they had planned to have insured just before starting a trip to California within a few weeks, was badly damaged.

The accident occurred after Johnson pulled off the pavement to give room to an oncoming truck. As he pulled back onto the pavement, a wheel caught on the edge and caused the car to turn over.

Dispatch Gets New Intertype Put In Today

Installation of a brand new Model C-4 Intertype was begun this morning at the Post Dispatch by two erectors sent here by the Intertype Company.

The machine, which is equipped with 11 new, modern faces of type, will replace the Linotype machine which has been in use by the Post Dispatch for 22 years.

The new equipment, the latest model in typesetting machinery, will enable the Post Dispatch to produce a neater looking, more modern type of newspaper, will give the paper a better variety of modern type for advertising and commercial work, and will speed up production in the job printing department.

The Intertype will be operated, beginning with next week's issue of the Dispatch, by James Hill of Slaton who joined the Post Dispatch staff three weeks ago. His wife and six weeks' old daughter, Linda Gayle, moved to Post last week.

PLYMOUTH OIL COMPANY SEISMOGRAPH CREW HERE

A Plymouth Oil Company seismograph crew is making temporary headquarters in an office in the City Hall until permanent headquarters can be arranged. The crew members and their families moved here from Laredo this week.

Rodeo Directors

Directors of the Post Stampede and Rodeo Association will meet at 7:30 o'clock tonight at the City Hall.

VFW To Name New Officers

Officers for a year's term will be elected and a prospective campaign to raise money for building a club house will be discussed at a business meeting of the local post of the Veterans of Foreign Wars at 7:30 o'clock tonight in the American Legion Hall.

Tentative plans also will be discussed for a Memorial Day program and a sale of Buddy Poppies in May.

Candidates For School Board Named

The Post Independent School District Board of Trustees this week announced Paul Jones and Raymond Redman as candidates for the two upcoming vacancies on the board.

The vacancies are caused by the expiring terms of Tom Boucher and Redman.

The election is scheduled for April 3. No other petitions with candidates' names had been filed by press time, the board secretary, Marvin Hudman, announced.

Farmers Busy With Terraces, Income Taxes

Terracing and contouring, which has been in full swing in Garza County since the first of the year, should be completed for the most part by April 1, Robert H. Gibson, Garza County agricultural agent, said yesterday.

Approximately 50 per cent of the land has been broken and listed and planting of grain sorghums will be under way as soon as favorable weather sets in.

Gibson also said that the wheat over the country "is looking good."

Ever since February 3, when the Ground Hog retired to his hole for six more weeks, the weather has been largely unfavorable for farm work.

March, which "blew in like a lion," brought with it every kind of weather in the book, from sand to rain to freezing mist and a bit of sunshine. A blustery snow set in Tuesday night over the country to further halt farm work through Wednesday. The editor's thermometer registered 7 above this morning.

The enforced breathing spell gave the farmers a chance to figure up their income tax for the March 15 deadline—which would have been most welcome had the same weather which gave them the opportunity permitted them to drive safely to Post for necessary consultation with their lawyers, bankers and income tax experts.

Some farm homes were without heat yesterday as the butane was frozen in the pipes, it was reported.

Forty-Two Get Service Medals

Army veterans of World War II received 30 campaign medals and 12 defense medals at a meeting attended by 100 veterans last Thursday night at the American Legion Hall.

The meeting was arranged by the local Veterans of Foreign Wars and American Legion posts, which will sponsor in the near future a similar presentation of medals to Garza navy veterans.

GULF SOUND TRUCK TO ASSIST WITH RODEO

The Gulf Refining Company has agreed to provide a 30 and truck and an operator for the Post Stampede and Rodeo, June 10-13, the Post Chamber of Commerce was informed by the company last week.

Used Fats Are Essential To U. S. Economy

Post homemakers can expedite the return of countless hard-to-get consumer items to the shelves of their favorite retail stores.

Mike C. Custer, administrative officer of the Production and Marketing Administration of the U. S. Department of Agriculture in this area, this week urged Post housewives to "save every ounce of used kitchen fats and turn them in to local grocers if you want to strengthen the national and, therefore, the local economic structure."

The PMA official said that kitchen fats were urgently needed in the manufacture of such things as paints, automobiles, nylons, tires and "hundreds of other items which we need and use every day."

He emphasized the fact that every pound of used fat recovered for industrial use relieves a pound of scarce edible fat for human consumption. And he pointed out that production of fats and oils during 1947 was one-sixth less than during pre-war years.

Custer disclosed that he had conducted a survey of local grocers and that they have agreed to cooperate with the conservation program and will accept all used fats turned in by homemakers and pay them the current per-pound price.

C. R. Smiley, manager of the Garza Frozen Locker Cooperative Association, has also agreed to purchase the vitally needed material either from the local grocers or direct from the housewives.

"More than 847,000,000 pounds of used fats which would have gone down the drain, have been recovered by the American Fat Salvage Committee in cooperation with the U. S. Department of Agriculture, since the inception of the program in August of 1942," Custer said. "The housewives of Post have, in the past, made a valuable contribution to this unprecedented record. But we cannot afford to relax our efforts at this time simply because the patriotic spur to save used fats has been replaced by the purely economic motive."

Humble Seeking Information In Drilling Ahead

Oil developments: Humble Oil and Refining Company No. 1-G Humble fee, four miles east of Justiceburg in southeast Garza county, was making hole at 8,150 feet in the Ellenburger line last weekend.

Top of that formation had not been officially reported. It had not encountered any signs of oil or gas. A drillstem test was run at 8,105-40 feet. The tool was open 60 minutes. Recovery was 70 feet of drilling mud and 810 feet of sulphur water. That eliminates the formation as a source of possible production.

It is reported that the owner will continue making hole until the project reaches the granite. This is primarily to develop geological information — which might prove of value for other exploratory activity in the region.

R. F. HINCHEY NAMED WEST TEXAS GAS CO. PRESIDENT, MANAGER

R. F. Hinchey of Lubbock, for the past 20 years vice-president and general manager of West Texas Gas Company, is now president and general manager of the company. As president he succeeds R. E. Wertz of Amarillo who relinquished the post to become chairman of the board of the Amarillo Oil Company, an administrative affiliate.

Hinchey came to West Texas from Okmulgee, Okla., on June 1, 1927, to be in charge of the construction of a gas transmission line from the Panhandle Gas Field down into the South Plains, and of distribution plants in the various cities and towns which were to be served. First offices of the company were in Amarillo, but early in 1930 after the initial construction work was complete, the general offices of the company

Sixty-One Cows Tested Monday

Dr. A. J. Lewis of Lubbock, assistant state veterinarian, and Robert H. Gibson, Garza County agricultural agent, drove 250 miles Monday to test 60 of the more than 100 cows which the veterinarian had been engaged to test for Bang's Disease and Tuberculosis.

The remaining cows, and any others which Garza County residents desire to have tested, will be tested in the near future, Gibson said.

Results of the tests made Monday were not available by press time. Dr. Lewis, however, had planned to be in Post today for this purpose and to set a tentative date for testing more cows. All persons interested in having their cows tested should notify Gibson, the agent said.

Starting with the company as its first employee, Hinchey has seen it grow until now it serves approximately 45,000 accounts and has more than 1,500 miles of pipe in its transmission and distributing systems. The company serves 44 cities and towns from Canyon on the north to Odessa on the south and from Muleshoe and Seminole on the west to Crosbyton, Floydada and Turkey on the East.

Ben's Bride Gets Chickenhearted

Ben was mighty proud of his bride when she offered to take the new flock of baby chickens like a mother with her brood.

Ben's market time for fry-birds was in the crisis! Sue simply took Ben near her chickens and she'd raised them as if they were her own!

Ben had a glass of beer and things over sensibly. He had the price on fryers figured Sue had put up

with his peculiarities, he guessed he could put up with her fondness for the chickens.

So now Ben has the nicest brood of laying hens in town, and from where I sit, one of the most successful marriages, too. All because he "lived-and-let-live"—literally. And whenever he wants fried chicken, he takes his bride over to Andy's Garden Tavern for a crisp wing and a glass of beer.

Verbena Bits

Please Send News Not Later Than MONDAY to HENRIETTA NICHOLS, Verbena Correspondent

Despite cold weather and the mumps, the pie supper and forty-two party at the Verbena School was a big success last Friday night. Members of the home demonstration club, who sponsored the party for the benefit of the American Red Cross, and all other residents of the community wish to express their appreciation to each person who helped in any way, particularly "Red" Floyd, auctioneer for the sale of pies and cakes; Mr. Garner for his help in the heating problems, and the committee responsible for the party.

The Verbena Community extends to Mr. and Mrs. Grady Davis sympathy in the loss of their baby. The baby who died Saturday night, was a grandson of Mr. and Mrs. Dew Davis of Verbena.

An unlucky star seemed to be hanging over the Cunningham family last week. Harold B. had the misfortune of spraining his arm and hand; one son had the mumps, and Jerry suddenly became ill at school. All, however, have recovered by now.

Word was received this week that Jack Herring of Belton, formerly of Verbena, had a major operation at Temple last week.

The Verbena Community is watching with interest the progress of the Swenson oil well, which is about two miles from the east edge of the community.

Mrs. Bob Camp of Phoenix, Ariz., arrived last week for a two weeks visit in the home of her sister, Mrs. Charlie Bird.

Little Richie Bird, son of Mr. and Mrs. Richard Bird of Lubbock, who was here last week visiting his grandmother, Mrs. R. C. Rogers, took the mumps Wednesday. His parents came after him Friday and the three of them returned to Lubbock Sunday. Other guests of Mrs. Rogers Saturday night were Mrs. W. B. Steel and Mrs. Raymond Beetle of Spur, twin nieces of Mrs. Rogers. On Sunday, Mrs. Rogers left for her home in Hot Springs, N. M., and Mesdames Steel and Beetle went to Lubbock with the Richard Birds.

Attending the annual business meeting of the Dickens County Electric Cooperative, Inc., Saturday were J. C. Fumagalli, Bruce Tyler, Richard Bird, Charlie Bird, John Nichols and Allen Lucas.

Mr. and Mrs. Allen Lucas spent the weekend in Spur with Mr. Lucas' sister and family, the Marvin Smiths.

Mr. and Mrs. Lester Nichols and Leslie of Post spent Sunday in the home of Isabel Nichols.

Mr. and Mrs. J. C. Fumagalli went to Lubbock Sunday afternoon to visit Mrs. Douglas Buchanan, a surgery patient in the West Texas Hospital.

Jack Taylor and Ellen Morton have mumps.

The Will Cravys received word this week that their daughter, Mrs. A. G. Brant, of Hobbs, N. M., who recently underwent surgery, is now home from the hospital.

Mrs. A. M. Lucas and Mrs. J. W. McQuen attended a pre-nuptial shower for Doris Jean Cross last Friday in the home of Mrs. Siewert in the Grassburr Community.

Bit Of News:

Doyle Justice of Lubbock and his mother, Mrs. Della Justice, recently visited in Justiceburg with Mr. and Mrs. Cameron Justice.

Mr. and Mrs. Warren Tabor of Dallas, Mrs. Erma Johnson of Slaton and Edward Wright of Lubbock recently visited Mr. and Mrs. Cecil Smith and Mr. and Mrs. Mason Justice at Justiceburg.

Mrs. Ennis Hill and son of Loop recently visited her parents, Mr. and Mrs. Elmer Pettigrew, in Justiceburg.

Dr. and Mrs. B. E. Young have a new Studebaker.

Newcomers to the Justiceburg Community are Mr. and Mrs. Shorty Bland and two little daughters.

Mr. and Mrs. C. P. Lobban and son, Henry, of Colorado City recently visited the V. A. Lobban family at Justiceburg.

The Justiceburg Sunday School presented a beautiful pot plant to Mrs. C. B. Trice, whose mother recently died.

Mr. and Mrs. Joe Griffin and son, Dan, of Lubbock recently visited her parents, Mr. and Mrs. Jeff Justice in Justiceburg.

Mrs. V. A. Lobban and children, Janice and V. A., Jr., of Justiceburg, recently visited Mrs. Lobban's mother, Mrs. W. A. Eastman, who has been suffering with a heart ailment. She is improving, they said.

Mr. and Mrs. C. J. Trice and son, Jerry, of Justiceburg recently visited Mr. Trice's brother in Abilene.

The Lee Smiths, Justiceburg family which recently moved to Hale Center where Mr. Smith is employed by the Santa Fe, have sent word that their section house was struck by lightning recently. Damage included crumbling of inside walls and removing of half the roof. Rebuilding is underway, they wrote friends at Justiceburg, where Mr. Smith formerly worked as section foreman.

Mrs. Joyce Cleyborne of Littlefield recently visited her mother Mrs. Etta Clarkston, and other relatives at Justiceburg.

Mr. and Mrs. Noah Stone and Mr. Stone's mother, Mrs. A. Stone, left Monday for Temple where the elder Mrs. Stone was to take treatments and her son was to go through the clinic at the Scott and White hospital.

Mr. and Mrs. D. W. Morris had as their guests Sunday Mr. and Mrs. Jimmy Downs and family, Mr. and Mrs. Arthur Morris and daughter, Mr. and Mrs. James Alsop and family of Lubbock, and Vincent Morris of Plainview. Vincent Morris and D. W. Morris made a business trip to Mineral Wells Monday.

Rodeo Banners Are Arriving For Merchants

Post merchants last weekend began receiving the permanent banners for use during the Post Stampede and Rodeo and other special occasions. They are red, white and blue, bound with gold fringe and centered with a patriotic design beneath a large "Welcome" sign.

Another shipment is expected to arrive in the near future, and the banners will be distributed to the merchants who ordered them.

Sherrill Boyd, Post Chamber of Commerce secretary, said this week that the final order for the banners will be sent off on March 15. Banners ordered after this date might not arrive here in time to be displayed during the month of May, as advertising for the rodeo, he explained.

Anyone wishing to order a banner for his place of business is invited to contact Boyd, telephone 254, before March 15.

Euclid, a mathematician of Alexandria in the 4th century B. C., compiled the first systematic treatise on geometry which is still in use.

Texas farm pastures and ranch land extend over a 100 million acres of deserts, mountains, basins, prairies, plains, plateaus and eastern timber ranges.

HERE'S HOW To Be Ready to Roll

We have a plan to suggest that will help you to have your equipment ready to roll:

SCHEDULE YOUR REPAIR WORK AHEAD OF TIME

Our repair shop is working at top speed to make old equipment do the work of new. Actually, we are pinch-hitting for factories that are still running night and day to produce war equipment for our boys on the battle fronts.

Before you bring in your tractor or other machine for repairs, phone us or stop in. We'll schedule your job for the earliest possible date and notify you in advance when we are ready for it.

With your cooperation, we'll be able to take care of you sooner, and we'll do a better job. If you are up against it, come in and we'll try to work out some plan to help you.

COMMONSENSE TRACTOR RULES

- 1 Changing the engine oil filter as recommended pays big unseen dividends on your investment. Don't neglect changing the filter to find out what it costs.
- 2 The Air Cleaner is unlike the Magneto, it very seldom gives a noticeable warning that it is not doing its job. Clean it regularly and your engine will last many hours longer.
- 3 Too heavy an oil in the air cleaner results in poor air filtering, increased fuel consumption and loss of power.

PUBLIC FARM BUREAU MEETING IS ANNOUNCED

The public is urged to attend a Garza County Farm Bureau meeting at 8 o'clock Wednesday night, March 24, in the District Court Room.

The purpose, accomplishments and projects of the Texas Farm Bureau Federation will be explained and a membership drive for the local bureau will be organized. The main speaker will be Larry Williams, director of the Iowa Farm Bureau.

Arrangements for the meeting were made yesterday by Bill Shannon of Hale Center, district field representative of the state organization.

RECREATION LEADERS TO MEET HERE SOON

Recreation leaders of the Garza County 4-H Clubs will meet at the American Legion Hall at 2 o'clock Saturday afternoon, March 13, for a training program directed by Mrs. Jewell H. Strasser home demonstration agent.

More people drive... More people want CHEVROLETS than any other make of car

True for years—and truer than ever today—with the advent of this newer, smarter, finer Chevrolet for 1948! Official registration figures prove that more people drive Chevrolets—and seven independent surveys prove that more people want Chevrolets—than any other make of car! The reason, of course, is more value. And now Chevrolet value is made all the more outstanding by the smart new styling, brilliant new colors, and even more luxuriously appointed interiors which have been added to all

You'll admire the tasteful new styling, the new color harmonies, the new and richer upholstery and appointments which add so much to the enviable Big-Car beauty of Chevrolet's Body by Fisher.

The other advantages of Chevrolet's famous BIG-CAR QUALITY AT LOWEST COST. See the new 1948 Chevrolet, and you'll know why more people drive Chevrolets than any other make!

You'll find there isn't any other car in its field that gives the Big-Car comfort of Chevrolet for 1948—direct result of the Unilted Knee-Action Gliding Ride.

Chevrolet's world's champion Valve-in-Head engine gives an unequalled combination of performance, endurance, dependability and economy.

The record demand for new Chevrolets prompts us to suggest that you keep your present car in good running condition. See us for service—today!

Oil Belt League Officials Announce April 18 As Opening Date Of Play

Plans were mapped for the Oil Belt League opening Sunday, April 18 and three more teams were accepted into the loop last Sunday when league officials met at Level-land. Attending the meeting and representing the Post Millers were Oscar Garner, president of the local club, George Sartain, manager, Walter B. Holland and Paul Duren.

This season's loop will be comprised of eight teams, including the three newcomers, Littlefield, Denver City and Brownfield. Seminoles pulled out of the loop before last season's play ended and did not re-enter the 1948 league, but the other five teams, Slaton, Sundown, Levelland, Seagraves and Post, filed for places Sunday.

This season's schedule calls for 21 games, with the play running through the latter part of August. A Shaughnessy play-off at the close of the season will decide the pennant winner.

At Sunday's meeting, Joe Holmes, manager of the Sport Center store of Lubbock, was named president of the league. Other officials are E. W. Welcus, Brownfield, vice-president; Homer Wilson, Littlefield, secretary-treasurer, and Charlie Didway, Brownfield, statistician.

The season's schedule will be arranged March 21 when league officials meet in Brownfield.

Trophy Awarded To Post Coach

A bronze trophy was presented to Coach Bing Bingham yesterday by his Post High School basketball boys in appreciation of his "coaching, with patience and understanding, working hard to make us a good basketball team, never failing us and always trying to do just a little bit more for us."

The trophy, figurine of a coach at work, will be engraved with an appropriate inscription. The gift was signed by Junior Malouf, Carter White, Ronnie Bouchier, Shorty Hester, Curtis Butler, Kay Kirkpatrick, Gaylon Young, R. E. Josey, Charles McGuire, Charles King, Billy Ramage, Ronald Joe Babb, J. G. Cash, Bob Johnson, Buddy Hays, Maurice Fluit, Stanley Benge and the president of the Antelope Booster Club, Marshall Gibson.

Baseball Fence Built

Workmen built a fence this week around the Post Millers baseball park. Advertising, which is being sold for the fence, will be painted on as soon as possible after the lowest bid is accepted, Oscar Garner, president of the baseball club, said Monday.

Masons To Meet

The Post Masonic Lodge, No. 1058, will have a stated meeting at 7:30 o'clock tonight in the Masonic Hall.

Mr. and Mrs. Roy C. Wells of Dallas are visiting relatives in Post and the Cross Roads Community.

Nineteen Fighters Get Medals From Coach Bingham

Nineteen Post school boys received boxing medals from Coach "Bing" Bingham Tuesday night following the final round of the boxing matches which the coach sponsored for three nights. The boys ranged from third graders to senior students.

Receiving the awards were Andy Schmidt, James Williams, Don Dale, Clarence Gunn, John Schmidt, Nolan Williams, Ray Holly, Danny Redman, Ray Dobbs, Carol Light, Jimmy Moore, Roy Josey, Jim Norman, Billy Ramage, Ed Teal, Fred Long, Jerry Odom, Dub Morris and A. J. McAllister. Winners of Tuesday night's championship bouts on points were:

Jimmy Moore over Charlie Williams, Billy Ramage over Charlie McGuire, Don Dale over J. D. Butler, James Williams over Andy Schmidt, Carbi Light over Jerry Stone, Danny Redman over Jack Shepherd, Roy Holly over Bobby Terry, Nolan Williams over Randall Lawrence, John Schmidt over Don Tatum, Ray Dobbs over Don Brown, Roy Josey over Pete Maddox, Wayne Thomas over Lathan Johnson, Jim Norman over Charlie Cooper, Clarence Gunn over Cordell Custer and Don Dale over Dub Morris.

Ed Teal and Fred Long fought to a draw, and Jerry Odom won his fight over Charlie King by a knockout.

Life with Jack, Patty and Linda Lott and their grandmother, Mrs. B. Tizard of Kansas City, Mo., would have been normal during the absence from the city of the John Lotts this week had it not been for the horse. The animal arrived last Saturday just as the John Lotts were leaving in their airplane on a trip to Galveston. It was a birthday gift sent from Mineral Wells by Mrs. Mamie Lott for another grandson, Bobby Macy of Coral Gables, Fla., who will spend the summer at the U Lazy S Ranch. Mrs. Tizard and the Lott children were caring for the horse in town until this weekend when it could be taken to the ranch. The horse chose yesterday, in the height of the blizzard, to break loose and run all over town. It was finally caught by Patty and returned to its backyard quarters. The John Lotts were to arrive home today, the weather permitting.

Church News

By GANELL BABB
First Peter 5: 6-11

Humble yourselves under the mighty hand of God, that he may exalt you in due time: Casting all your care upon him; for he careth for you. Be sober, be vigilant, because your adversary the devil, as a roaring lion, walketh about, seeking whom he may devour: Whom resist steadfast in the faith, knowing that the same afflictions are accomplished in your brethren that are in the world. But the God of all grace, who hath called us unto his eternal glory by Christ Jesus, after that ye have suffered a while, make you perfect, stablish, strengthen, settle you. To him be glory and dominion for ever and ever. Amen.

Minute Prayer:

Heavenly Father, give us renewed power to overcome our faults and to have a firmer faith in Thee and all the promises of Thy Word. Guide us ever in the upward way. Amen.

The annual Easter Sunrise Service this year will be held at the First Methodist Church. A committee is working on plans for the program, which will be announced soon.

The Young People of the Church of Christ are studying the story of Joseph with Flannel board illustrations. This class meets at the church each Sunday evening at 6:30.

Mrs. W. B. Sanders had charge of the Wednesday night prayer service at the Church of the Nazarene. Besides the scripture reading, prayer and testimonies, a good report of the preachers, meeting at Hamlin was given.

The Julia Haygood Circle of the First Baptist W.M.U. met Monday afternoon in the home of Mrs. Lowell Short. Mrs. Cloyd Curb was program leader and "Evils of America" were discussed. Eight members were present.

The entire congregation of the First Presbyterian Church, including Jeanne Samson and Jimmy Napier of Lubbock, attended the social Wednesday night of last week in the American Legion Hall.

Most of them participated in the "spelling bee" which was won by Dr. David H. Templeton. Dr. D. C. Williams and J. A. Stallings, on the men's side and Mrs. Glenn Kahler, on the women's. The three men were unable to "spell down" Mrs. Kahler.

Pies, cakes, and beverages for the occasion were provided by members of the missionary society. Families attending brought their own sandwiches. Bryan J. Williams was in charge of the program.

Everyone is cordially invited to attend the Methodist revival at the Graham Chapel Church. The Rev. Bill Flemming of Lubbock will conduct the services, beginning March 21 and continuing through the evening services of Easter Sunday, March 28.

The Ladies Bible Class of the Church of Christ meets at the church at 4 p.m. on Tuesdays. The members are discussing "The Church at Work."

The month of March in the Nazarene Church means the month to renew your subscription to the church paper "Other Sheep." This paper contains news items from 23 fields of work in the Churches of the Nazarene.

The W.S.C.S. of the Methodist Church met Monday afternoon at 4:30 at the church. The group sang "More Love To Thee," and "Love Divine." Mrs. Ema Cash then gave a brief review of the life of the writer of "Love Divine," Charles Wesley.

The fourth chapter of the study book "Great Prayers of the Bible," was discussed.

Mrs. B. E. Young was elected delegate and Mrs. Jesse Voss alternate delegate to the eighth annual conference of the W.S.C.S. which will be held in Plainview March 30.

The meeting was closed with a poem and a prayer by Mrs. Cash. Twelve members were present.

The Missionary Society of the First Baptist Church came through as usual with a very cleverly appointed banquet for the Post High School Seniors Friday night. This

Betty Ingram And R. E. Bode Are Married

Mr. and Mrs. L. H. Ingram are announcing the marriage of their daughter, Betty Sue, to Roy E. Bode, son of Mr. and Mrs. E. C. Bode, on Thursday, September 7, 1947.

The bride is a graduate of Post High School and attended Abilene Christian College.

The bridegroom attended school in Needles, Calif. He is employed by the O'Neal Drilling Company.

The couple is at home in the Colonial Apartments.

Shower Honors Bride-Elect In Siewert Home

Miss Doris Jean Cross, bride-elect of Marshall Tipton, was named honoree at a miscellaneous shower given in the home of Mrs. J. G. Siewert in the Grassburr Community last Friday afternoon.

Hostesses were Mrs. Rex Welch, Mrs. Maude Buster, Mrs. Tom Gilmore, Mrs. Russell Wilks, Mrs. Russell Wilks, Jr., Mrs. J. G. Sewert and Mrs. Arvel Siewert.

A series of games was played under the direction of Mrs. Gilmore. The gifts were presented to Miss Cross in a box decorated with pink and white paper.

A three-tiered wedding cake revealed the announcement. It was decorated with love birds and pink and white lettering of Jean and Marshall. The cake was served with sandwiches, potato chips, and hot chocolate.

Guests registering between 1:30 and 4 o'clock were Mesdames A. B. Taylor, Grady Hunt, Basil Robinette, Wren Cross, Edwin Jones, T. H. Tipton, Allen Lucas, Clifford York, Will Cravy, John McQuien, Gene Bruton and Miss Linda Wilks, the hostesses and the honoree.

Miss Cross and Mr. Tipton will be married Sunday afternoon in the home of the bridegroom's parents. Relatives and close friends of the immediate family will be present.

Gossip about Garza Guys And Gals

—by gay nellie

It's a shame that Helen Thaxton and Margie Edwards had to miss the Sr. banquet given by the Baptist women Friday night, but both had the mumps.

Monk Gibson spent the weekend in Snyder.

We can't understand why everybody was so surprised to hear about the Ingram-Bode and Roach-Compton weddings.

E. P. Wicker Jr. of Southland spent Sunday visiting an old 4-H buddy, Carter White.

"Bill" Kennedy, who is a telephone operator in Breckenridge, writes her mother that she has joined the girls softball league in that city. That Kennedy family is full of girl athletes. Betty Jo is playing college basketball at H.S.U. and has been high pointer in the last two games.

Ben Porter of Muleshoe was here over the weekend, just clowning and having a big time, as always. He was out at the calf roping practice Sunday afternoon.

Iris Floyd phoned her mother last week to tell her she was ready for a camera now. Iris is majoring in business and is taking a course in photography on the side.

Wonder how Marshall Mason, Jr. will feel when he sees a letter from a girl friend, that has been opened (by his brother-in-law)? It was an honest mistake. James thought it was a first-of-the-month collector doing his job by mail.

Jimmie Ruth Rains of H.S.U. spent last weekend here.

Bill Fumagalli's visit home in the near future is being anxiously looked forward to by his parents and friends. He is a student in N. M.M.L.

Alma Outlaw and Mary Margaret Duckworth of Baylor spent the weekend here.

If you have been hearing the rumor that Betty Jo Stevens is getting married right away, don't believe it, says Aunt Nora, but if you find out that it is true call her!

JUNIOR CULTURE CLUB HEARS PHYLLIS HAWS DISCUSS MARSHALL PLAN

A regular meeting of the Junior Culture Club was held Tuesday evening in the home of Mrs. Jessie Voss with Miss Thelma Clark as hostess.

Fern Jones, chairman of the magazine collection sponsored by the club reported that the magazines were received gratefully by the local negro school.

Elizabeth Clark, who is moving with her family to Slaton, submitted her resignation to the club.

A committee, composed of Inez Hartell, Margaret Bull and Elaine Gibson, was appointed to make plans for a club social on April 13.

Phyllis Haws, chairman for a program on international relations, gave a concise and informative talk on the Marshall Plan.

Refreshments were served to Margaret Bull, Nita Burress, Skeeter Justice, Lorene Cash, Inez Hartell, Fern Jones, Wilma Platte, Helen Carter, Reba Land, Elizabeth Clark, Elaine Gibson, Jo Tracy, Pauline Hagood, Phyllis Haws and the hostesses.

The club will meet March 23 in the home of Helen Faye McQuien.

AMERICAN LEGION PLANS SOCIAL FOR APRIL FIRST

The local American Legion post, at a meeting last Thursday night, planned a social for members and their wives to be held at the Legion Hall the night of April 1, beginning at 7:30 o'clock. The Legion post will serve supper.

Priscilla Club

The Priscilla Club will meet at 3 o'clock Friday afternoon in the home of Mrs. T. R. Hibbs.

ROGER W. BABSON WRITES THIS WEEK:

GETTING OUT

On The LIMB By EDDIE the EDITOR

Can you wiggle your toes? Do you have corns, callouses, fallen arches, bunyons or ingrown toenails?

Nine out of ten adult people reading this column either cannot wiggle their toes or and they have one of these miseries. If you do not believe this, make a test the next time you see 10 adults together who are immodest enough to take off their shoes.

These troubles are the result of poorly fitting shoes.

Fads and fashions have had a lot to do with this. Arch Haws tells us that we have just finished an era of sensible shoes and have now gone back to the short vamps, in both men's and women's fashions, that are so bad about causing bunyons. I remember we had this fad about 1926-27 and a lot of people got bunyons then, and still have them today.

The youngsters who reached adulthood during the past few years, when fashion decreed that shoes be of long vamp, are luckier than children of the earlier period. Some of them will never have bunyons as a result.

One thing that will protect today's adolescents, during this fad of shoes with short vamps, is their own preference for slack shoes, saddle oxfords, etc. But here we go again with a new problem. Inferior grades of slack shoes do not have adequate arch supports, and fallen arches not only make the feet longer, but they make for poor posture and an aching back.

Some people believe that low-heeled oxfords, even those with good supports, make the ankles grow thick. I am not inclined to believe this because lots of men have thin ankles, and they seldom wear high heels.

Supporting my theory are the numerous thin female ankles running about town above neatly fitting saddle oxfords and below blue jeans that are rolled to show the calf of the leg.

Many's the man who came home from the war with bigger feet than he had before. In the case of the very young men, this would be normal. But look at me. My feet hadn't grown a bit in 20 years before I went to the navy. I wore a 7-C shoe when I enlisted and in three years time my feet widened to size 6 1/2-D.

Now I've always done a lot of walking here in Post and, in this respect, I had it easy in the navy. I did all my traveling in a jeep, plane or ship. My feet had a real vacation, yet they grew wider. It was those ill-fitting regulation shoes that did it.

Properly fitted shoes, with the correct lasts and vamps, even at the risk of being out of style, are the most sensible investment a man or woman can make.

Foot trouble, can bring other physical disorders and mental disturbances.

When anything goes wrong with your feet, you feel bad all over. Your feet hurt, your legs ache, you suffer from backache, fatigue, digestive disturbances. You become so nervous and irritable that you are intolerable to your self as well as to your family and friends.

You women, God love yuh, are the sillier sex when it comes to ill-fitting shoes. You wear high, slender heels, short vamps, and narrow toes. You wear these shoes not only when you go to a party,

Babson Park, Fla.—A hotel of ten stories usually requires that seven stories be filled with guests before the hotel makes a profit. Income from business above that is mostly profit; but a hotel that is only three-quarters full operates at a loss. Now the same thing applies to business in general. Until World War II most manufacturers had a fairly low "break-even point," as the above illustration is called. This also applied to merchants and businessmen in general. In other words, the low break-even point acted as a cushion so that concerns were able to withstand a considerable shrinkage in business before being obliged to operate at a loss or discharge employes. Although many concerns have reduced their bond interest, etc., yet their actual fixed charges in the form of taxes and labor costs have actually increased. Therefore, the break-even point is much higher today than it was. We all are now skating on thin ice.

What About Employment?

This means that before the war employers could stand a considerable reduction in gross business before it was necessary to discharge people. Then when the break-even point of no profit was approached on the decline, they were able to reduce wages and still continue the employment of most of the people. Today the situation is very different. Not only is there a much smaller and narrower operating-margin cushion than there was in previous booms, but the labor and other costs are much higher.

Furthermore, owing to the increase of unionism during the last 15 years, it will be much more difficult to reduce wages. This means that the only recourse employers will have will be to let people go, which would result in much greater unemployment than otherwise would be the case. Where wages are practically a fixed charge, a smaller falling off in business would cause employers to reach the break-even line and losses more quickly than heretofore. Most things now indicate a continued good business at least through 1948. Most concerns have backlogs of orders which, if they are not cancelled, should carry the concerns profitably for a couple of years. The Government, moreover, has so many artificial stimulants up its sleeve that it could keep business good for several more years. Someday, however, prices will be so high that the public will stop buying. Then people will be thrown out of work and a crash will come as in the past. The Government can prolong a period of prosperity, but it cannot finally prevent it from falling over the brink. Owing to this increase in the break-even level, when the next bust comes it will come very suddenly. Instead of employers being able to reduce wages or let people go gradually, as heretofore, they will be forced to shut down quickly without warning. Hence, the next movement in the employment cycle will cause many failures and heartbreaks.

Labor Saving Machinery

Many readers know that the large utility companies are now operating at about full capacity and cannot supply any more power until their new generators are delivered, two or more years hence. Feeling that general business would not be so good at that time, I suggested to these public utility men that their customers might not need the power from this new capacity when it is ready for delivery. To this they replied: "In order to offset the attitude of labor leaders, the large manufacturers have now orders in for labor saving devices which will not be delivered for a year or two. These labor-saving devices will require more electric power than ever before." Employers are troubled both by the increased wage rates and by the slow-down processes

by which many workers are not delivering the goods they used to do. The above means that the employment situation may be bad when the next bust comes unless labor union leaders turn over a new leaf. If sensible, it will not only ask for more wages, but deliver more in production, after their leaders and insist something be done to check present dangerous situations. Boston is the world's postal district. The amount of wheat shipped or apparently available by both government and commercial firms so far in fiscal year is 374 million bushels.

By EVELYN BOYD

Should or should not the Post Schools follow in the footsteps of schools in other towns this size and larger in becoming Salary Aid Schools?

I say NO, emphatically. Once a school is approved for salary aid, the state comes in and balances the budget, pays the difference between the maximum in local funds and what the State Department of Education thinks the school needs, generally the minimum.

The result is a condition of Socialism. The local schools would have to go through a lot of red tape and fling state permission even to have the plumbing repaired, etc. If any major progressive measures were to be taken, the town would have to keep a lobbyist on the capitol steps.

As I see it, salary aid is fine for rural schools that do not have a city population to support them. There is, as yet, no alternative for many rural areas. Without salary aid, many of our rural schools would be much worse off than at present.

But the city schools are the city's problem. It seems to me it is every citizen's business to see to it that his city school has everything it needs to make it conform with the city's progressive tendencies. It would be a loss of freedom—as well as a loss of privilege—to have to play politics with the State Department of Education.

which wouldn't hurt your feet, but while you do the dishes, go to market, cook dinner. In such shoes your weight is not properly distributed on your heels and the joints of your great and little toes. Thus your heel is relieved of its full responsibility; your five toes take over too much of the job. Consequently your metatarsal arch falls. Eventually, you develop painful callouses under it. Narrow shoes squeeze your toes, and you get corns. Your feet begin to spread. The big toes point in, and you get bunions. Finally, the longitudinal arches fall, and you have flat feet.

Not all these catastrophes befall every woman who wears party slippers for every day, but one or two are almost sure to happen, and you may find your once strong, shapely feet deformed and in sad need of treatment.

Treatment can accomplish wonders but it never can restore your feet to their original state.

With all the above profound knowledge about feet, I'm still at a loss, however, about one thing: My secretary is the coldest natured person I have ever known. To get along with her at all, I have to allow her to keep the front office heated to about 90 degrees. When the heater is going full-blast, she still complains of the cold.

Yet, she admits that her feet sweat. Why?

What Our Contemporaries Are Saying:

DISPATCH TAKES A BOW—Of much reader interest in Eddie Warren's Post Dispatch is a series of pictures he is now using headed "Post Folks at Work." The two-column cut features some business or professional man or an employe at his regular work. For instance, the manager of a local dry goods store is shown fitting a pair of shoes on a little girl. The cutlines explain briefly the subject and his work.—Texas Press Messenger.

COLLIER CELEBRATING—Wynne Collier, Druggist, is this week celebrating his twelfth anniversary in the drug business here, and, as is his custom, has a number of week-end specials for the benefit of his customers in keeping with the event. Collier bought the former Thomas Bros. store in March, 1936, and has increased the store's volume of business, doubled the floor space, and made other improvements. Recently, he and his brother, Bob, bought their father's business at Post, and are expanding that store.

The local store is one of the largest small town stores in West Texas.—Lynn County News.

INVESTIGATE! INVESTIGATE!—Are you a sucker? Liberty County is being attacked by a motley crew of subscription solicitors, mailorder schemers, promotion experts, shysters and just plain ordinary crooks.

As the easy money in the cities tightens up, the small towns will be visited by more and more grafters of all shades and hues.

Most Liberty County towns require soliciting authorization from either the city itself, the Chamber of Commerce or the Retail Merchants Association. Do the solicitors who call at your home have such authorization? Have you asked them for identification?

Before the war it was the "college boy" racket that roped in the most suckers. Now, with everyone having a warm feeling for those who fought and won World War II, many callous rackets are being perpetrated by fake "veterans" and "veterans" organizations.

If you value your dollars (which seem to have less cents than ever before), keep your eyes peeled for subscription fakers, photo frauds, orphanage and rest-home hoaxes, hot-check rackets, oil-stock mirages, radio-program dragnets and mail-order schemes.—Liberty Vindicator.

Among the things we still need badly are:

- (1) A cafeteria building, properly equipped.
(2) A new grade school building. One of these days that old antique we are using is going to cave in, and besides it is too small. The class rooms are too crowded, and there is no room for visual and other modern types of education. We have outgrown our grade school.
(3) A vocational agriculture department for the high school. Federal funds are available for helping pay the salary of a vocational agriculture teacher. We have a vocational agriculture room in the high school gymnasium. I wasn't here when this course was eliminated and so I don't know why. I imagine it was because all available vocational ag teachers were at war. It's time now to begin teaching our farm boys all the postwar developments in farming. Modern farming is as important as any-

COMMUNISM HERE TO STAY?—The other night we got a phone call from a former West Texas newspaperman who now is working in Washington—whether for the government, or otherwise, we do not know. "You probably won't take this seriously," he said, in opening the conversation, "but I hope you will consider it sufficiently to warn the good people of West Texas that the Communists are well entrenched in this country and are making headway to an extent undreamed of."

"Mark my words—and don't forget them. The Communists will be well on their way to taking us over after two years time. Tell the people of West Texas what I've told you, and urge them to check up after two years and see how right I am!"

To be perfectly frank about it, we took the warning with a ton, instead of a grain, of salt. We don't look for the Reds to take us over in two years, or for that matter, in 200 years—albeit we do expect to have some trouble with them before the U. S. public is sufficiently aroused to step on them as on any other form of disease-carrying insect.

However, it is possible that similar warnings may have been slightly taken in Czechoslovakia, Yugoslavia and other Communist-ruled lands—including Russia—well in advance of successful Red coups.—Lubbock Journal.

Approximately 80 per cent of the South Texas Rio Grande Plains is rangeland.

In Huntington Park, Calif., a judge recessed a trial so that women jurors could attend a nylon hosiery sale.

In the past decade the Negro population of the United States rose 8 per cent while the number of Negro doctors—of whom there is only one for every 3,377 Negroes as against one doctor for every 150 persons in the general population—dropped 8 per cent.

Kirkpatricks Attend Rites For Relative

Roy W. White, Jr., son-in-law of Mr. and Mrs. Ivan Stoker of San Antonio, former Post residents, was killed in an automobile mishap last Friday night in San Marcos.

Mr. and Mrs. Willard Kirkpatrick, cousin of Mrs. White, attended the funeral services, which were held at 2 o'clock Monday afternoon at the First Baptist Church in San Antonio. Burial was in the Mission Lawn Cemetery in San Antonio.

White, a son of Mr. and Mrs. Roy W. White of Abilene, was driving to his home in San Antonio when his automobile turned over on the wet pavement in San Marcos in the path of an oncoming bus loaded with soldiers. The bus, witnesses said, pushed the overturned car for some distance, then ran over it. The body of White was removed with the help of a blow torch.

A young man, still unidentified when the Kirkpatricks left San Antonio for Post Tuesday, was riding in the car with White. He was unconscious in a San Marcos hospital at last report.

White is survived by his wife, the former Frances Stoker of Post; a child to be born this month; his

RED CROSS DRIVE

(Continued From Front Page) bena, and Mr. and Mrs. Bernard Musso, Mr. and Mrs. Tol Thomas, Mr. and Mrs. "Red" Floyd, Mr. and Mrs. Sherrill Boyd and Mr. and Mrs. E. A. Warren, all of Post.

The cakes and pies, which the clubwomen had made for the auction, were arranged on a table which was draped in the symbolic colors of the American Red Cross. The centerpiece was a white cake centered with a large Red Cross in icing, and on each side was a Red Cross poster. The cake, baked by Mrs. J. C. Fumagalli, general community chairman for the Red Cross drive, netted a total of \$41.70 in the auction.

"Red" Floyd added much to the occasion with his lively manner of auctioneering. After the sale, the cakes and pies were served with coffee and hot chocolate.

Games of forty-two, checkers and dominoes followed. The party was planned and arranged by a committee consisting of Mesdames Margie Redding, Howard Freeman, Edna McLendon and Jack Taylor.

Caprock Grabs Airplane Over Young's Farm

"We were lost and hunting Lubbock, where we planned to land our plane for the night, when the ground jumped up under us and caught the plane by the tummy."

Thus two nervous young pilots from California described the circumstances that caused them to belly-land their new Globe-Swift two-place plane, which they had just bought in Dallas, behind a barn at E. O. Young's farm six miles west of Post about 5 p.m. Tuesday.

Young brought the two men to Post where they caught a bus to Lubbock Tuesday night. They were uninjured, and they said a broken propeller was the worst damage done to the plane. They planned to have the propeller replaced and continue flying to California as soon as possible.

They told Clint Herring and others who met them here that, before leaving Dallas, they had been told that they would have satisfactory flying as far as Lubbock, but by the time they were over Post the visibility was so poor they became lost and were unable to see the Caprock. Flying low, they accidentally set the plane on the ground just above the Caprock. They said the plane skidded about 90 feet after gently hitting the ground.

Mrs. J. A. Gary is home from the Abell Sanatorium in Lubbock.

Mr. and Mrs. A. B. Haws are expected home sometime this week. They have been in Weatherford for two weeks.
