

BITS OF NEWS

Mr. and Mrs. Bill Edwards and daughter, Sharon, of Fort Worth arrived here Friday to spend the weekend with Mr. and Mrs. T. E. Greenfield. They were accompanied home by the Edwards' baby daughter, Lynn, who had been here recuperating from the measles which put her in bed during her Christmas visit here. The Edwards family plans to move to Post in the near future.

Sunday evening guests in the home of Mr. and Mrs. T. E. Ford for 42 games were her brother and sister-in-law, Mr. and Mrs. Frank Bingham of Leveland, Mr. and Mrs. G. N. Gibson and Mr. and Mrs. Ellis Anderson.

Spain and Portugal occupy the Iberian Peninsula.

Schools Will Get \$1,000 From PTA For Equipment

The Parent-Teacher Association met last Thursday in the high school auditorium at 3:50 p.m.

Recommendations were made from the executive committee to spend \$430 for cafeteria equipment which consisted of a new stove, dish washing vats and a steam table. The grade school will receive \$340 for a new mimeograph machine and library books. The high school will receive \$230 for library books. The assembly agreed to accept the recommendations of the executive committee regarding the total expenditure of \$1000.

Mrs. Lee Davis gave a report on the P.T.A. study course which meets in the Sunday School room of the Methodist Church. The speakers and subjects for the next meeting are as follows:

Mrs. Robert Gibson, "Hero Worship and Vanishing Ideals," and Mrs. Victor Hudman, "The Truth About Report Cards and Who Shall Go To College."

Supt. G. R. Day announced the School Tax Election which has been set for February 15. The subject for the afternoon was "The Home — A Practical Laboratory To Train For Home-making and Economic Independence" with Mrs. Walter Boren as the leader. Discussions were made by Miss Bessie Pitts, the homemaker teacher; Junior Malouf, a high school student; Mrs. V. F. Bingham, a young matron, and Mrs. Boren, a parent.

The class awards went to Miss Bonnie McMahon's room, Primary Division, Mrs. Nola Bristler's room, Intermediate Division, and the Seniors, High School Division.

School pupils finished their mid-term exams last week. Pupils having a perfect attendance for the first term of school were Troy Witherspoon, Lee Wayne Sullinger, V. A. Lobban, Jr., Jerry Ray Key and Connie Witherspoon.

Mr. and Mrs. Hershell Davis of Brownfield visited her aunt and family, the Don Robertsens, Wednesday.

John Reed who has been a patient in the Roscoe Hospital for several days has returned home. W. T. Parchman was in Lubbock Saturday.

Mr. and Mrs. Fred Meeks of Amarillo visited her parents, Mr. and Mrs. Ott Nance, over the weekend.

Mrs. Elmer Pettigrew visited her son and family, Mr. and Mrs. J. W. Pettigrew and baby in Stanton last week.

Donna Joe Robinson and Johnny Robinson have the measles. Mrs. Russell Witherspoon and children were in Lubbock Saturday.

Mrs. V. A. Lobban and daughter, Janyce, Mrs. G. W. McAllister, Mrs. Gladys Briggs and son, Roy Glenn, were in Snyder Saturday.

Mrs. W. E. Nicks returned home from Lubbock where she visited her daughter several days. Mr. and Mrs. Jim Tidwell and son visited relatives in Colorado City Sunday.

Mr. and Mrs. C. R. Baldwin left Sunday to spend several days in Graham.

Mrs. J. F. Mason returned home Sunday from a hospital.

James Babb, Harold Reno and Jeneice Fluit attended the Idalou basketball tournament Saturday.

Frances Benson of Post spent Thursday night with Jeneice Fluit.

Mrs. J. M. Bush received word Sunday that her brother died in New Mexico.

Graphite, used in lead pencils, is also a lubricant.

Soil Conservation Activities Seem To Be Increasing

District Soil Conservation Supervisors C. P. Witt of Kalgary and Will Wright of Post attended a meeting of the Board of Supervisors of the Duck Creek Soil Conservation District in Spur this week.

They reported that the board approved conservation plans for L. C. White and H. A. Caywood, and a plan on Herman Dabbs' farm north of Hackberry. Dabbs' plan includes a conservation irrigation system.

Lewis West's conservation plan was canceled because he sold the farm. An application for assistance in soil conservation work on the West farm was approved for the new owners, Roy Pennington and his son, Bobby. The supervisors also approved an application for assistance to the Double U. Company. This plan includes a conservation irrigation system to use waste water from the city's sewage disposal plant.

The board also announced the following land treatment recommendations for the prevention of erosion:

1. The present cover that has prevented land from blowing should be left undisturbed as long as it controls wind erosion.

2. On cropland that blows, either deep listing or chiseling should be done to leave the land in a roughened condition. Deep sandy land that has blown should be listed as soon as possible.

Spring to urge the planting of improved varieties of stormproof cotton. A larger acreage of these varieties was planted in 1948 and, apparently, more will be planted in 1949. The producers were urged to handle and gather stormproof cotton like other varieties until frost. In this manner they receive better grades than otherwise.

Approximately 60 adult farmers attended the seven-step cotton program at Lubbock in April, and it is evident that much benefit was received—especially in the cultivation of cotton. Numerous rotary hoes were used, as a result of Don L. Jones' discussion of cultivation.

Market news and reports are received and posted in all bins and these are received by a large number of leaders in the count

 THE POST DISPATCH

Kenneth Varnard, formerly of Decatur, has been employed as line mechanic for the Post Truck and Tractor Company. His wife will join him here as soon as housing is arranged.

Daniel F. Mitchell, Jr., son of Mr. and Mrs. Daniel B. Mitchell, after a short stay at an Army Replacement Depot near Yokohama, Japan, has now arrived in Osaka and is assigned to the 25th Infantry (Tropic Lightning) Division.

Hood Funeral Is Held At Central Church On Friday

Funeral services for Emery Wayland Hood, Garza County farmer who was found dead in a Dallas hotel room Wednesday of last week, were held Friday afternoon in the Central Baptist Church at Grassland. Hood had gone to Dallas early last week for medical treatment.

The Rev. D. A. Bryant, who conducted the funeral, was assisted by the Rev. L. H. Welch, pastor of the Central Church; the Rev. S. R. Brannon, pastor of the Nazarene Church of Grassland, and Paul Mayr.

Pallbearers were George Carpenter, Emery Young, Ruel Smith, Clarence Carpenter, Walter B. Holland and Oscar Graham. Honorary pallbearers were Earl Gregg, Bert Cash, Auvy Thomas, W. M. Davis, Ed Cummings, M. D. White, G. C. Watson, Barney Wilson, Jim Smedley, L. R. Mason, John Taylor and L. G. Thuett, Sr.

Flower girls were Bonnie Faye and Ethel Maye Williams, Ruth Redman, Clara Bell Jones, Melba Carpenter, Jill Welch, Daisy Holly and Janie Shepherd.

Burial was in Terrace Cemetery with Mason and Company in charge.

Mr. Hood, who had lived in Garza and Lynn Counties for 25 years, is survived by his wife; a son, Wayland; his parents, Mr. and Mrs. A. H. Hood; a brother, Bryan Hood of Plainview, and three sisters, Mrs. Noble Melton of Ozona, Mrs. Clifford Kelley of Belton and Mrs. Roy Fitzgerald of Pampa.

Mr. Hood was born at Gatesville, December 28, 1899. He was married to Miss Bidie Mae Thomas in 1925.

Mr. and Mrs. Josh Cogsdill of Lubbock visited in the home of her sister, Mrs. Esma Cash Sunday.

MRS. FLOY RING
 Southland Correspondent

Guests of Mr. and Mrs. L. A. Dunn over the weekend were their son and daughter-in-law, Mr. and Mrs. Vernon Dunn of Abilene, and their son-in-law, Bill Robertson of Fort Worth.

Weekend guests of Mr. and Mrs. L. B. Hambright during the weekend were their son and daughter-in-law, Mr. and Mrs. D. E. Hambright of Midland.

Doris Jean Sartain spent Friday night with Lavonne Ferguson.

Mrs. Leon (Pete) King and son, Cliff, visited Mr. and Mrs. Harry King and Mary Frances Sunday.

Tom Kaysinger of Lubbock visited his daughter, Carolyn Sue, and Mrs. Nellie Mathis Thursday night.

Mr. and Mrs. A. A. Ferguson and children and her father, J. P. Howard, visited in Post Sunday evening.

Visiting the J. F. Winterrows Sunday evening were J. I. Bartlett of Southland and Mr. and Mrs. Billie Winterrowd and son, Karl, and Mr. and Mrs. Herman Chilcutt of Lubbock.

From Barnum Springs
 Mr. and Mrs. Buster Pennell of the Barnum Springs Community visited Mr. and Mrs. Robert Pennell Sunday.

Julian Vila had an appendectomy at the Mercy Hospital in Slaton last Thursday.

Thirty-two young people attended the M.Y.F. meeting at the Methodist Church Monday night.

Mr. and Mrs. R. S. Bearden of Lubbock visited her parents, the Rev. and Mrs. Scarlett, Saturday night.

Don Pennell, visited his mother, Mrs. Ella Pennell and his sister, Mrs. Leroy Fredrickson of Oklahoma City over the weekend.

Mr. and Mrs. Raymond Elkins of Lubbock spent Sunday with Mr. and Mrs. C. S. Lindsey.

Southland School teams played four games of basketball during the past week. They lost to Shallowater at Southland Tuesday night of last week. They went to Idalou Thursday night and played Lorenzo in the high school invitational tournament. The girls returned there Friday night to lose by two points a hard game with Robertson. The Frenship team defeated the locals in two games Friday night at Southland.

Home From Hospital
 Mrs. J. F. Winterrowd, who had been a patient in the Mercy Hospital in Slaton, has returned to her home.

Mrs. G. D. Ellis, who had minor surgery last week in Lubbock was brought home Friday.

Ned Myers has returned from Abilene where he was a patient for several days in a hospital.

Mr. and Mrs. Walter Williams of near Lubbock visited Mr. and Mrs. John Baker Sunday.

Leonard Tittle and family of Post visited Mr. and Mrs. H. Hallman Friday night.

Roy Williams, Walter Williams and W. N. Williams made a business trip to Anson Saturday.

Mr. and Mrs. Hansel Hallman spent the weekend with relatives in Lubbock.

The Quilting Club held a weekly meeting last week in the home of Mrs. Jones, and it met yesterday at the Hackberry Club House.

No Electricity
 Because their electric lines were out of order, the H. Hallmans spent from Tuesday until Saturday with the Roy Williams family.

Mrs. Bill Cockrell of Tahoka is visiting her sister, Mrs. Monte Huddleston.

Ray Spence made a business trip to Post Monday.

Mrs. Roy Williams visited Mrs. Cam Evans and Mrs. L. Porter in Slaton Saturday.

Mr. and Mrs. Buster McCoy spent the weekend with relatives at Merkel and Abilene.

Betty Sue Basinger of Lubbock visited her parents, Mr. and Mrs. Heywood Basinger Wednesday.

Mr. and Mrs. R. B. Lovell of Cooper visited the R. D. Williams family Thursday.

BITS OF NEWS

Visitors in the home of Mr. and Mrs. Homer Gordon and family Sunday, were Mr. and Mrs. Bert Gordon and children of Seagraves, Mr. and Mrs. G. A. Taylor of Platon and Mr. and Mrs. Max Gordon and family.

Mr. and Mrs. Tom Williams and family of Inza, N. M., have moved to Post and he plans to enter the grocery business within the near future.

Jimmy Stallings of Lubbock visited his grandparents, Mr. and Mrs. J. A. Stallings, from Thursday until Sunday. His parents, Mr. and Mrs. James Stallings, came for him Sunday.

Sunday guests in the home of Mr. and Mrs. Cecil Osborne were their son-in-law and daughter, Mr. and Mrs. Hardy Burrow of Tulla, Mr. and Mrs. Cecil Osborne, Jr., and Mr. and Mrs. Odean Cummings and daughter.

J. C. Justice of Glen Rose was a Sunday visitor in the home of Mr. and Mrs. Elgie Stewart. He was accompanied home by his parents of Fluvanna who will make their home in Glen Rose.

Nora Stevens is at market in Dallas this week. She met her sister, Gladys Hyde in Dallas Sunday morning. Mrs. Hyde had been in Mineral Wells for a week.

Mr. and Mrs. Pete Crispin and children who have been living in Bentonville, Ark., have returned to Post to live.

GO TO MARKET
 Mrs. Maxine Presson and Mrs. Faye Mathis left Friday morning for the Dallas and Fort Worth markets. They returned Tuesday, after having bought spring merchandise for Maxine's Shop.

SPORTS

FROM A STRICTLY LOCAL ANGLE

Famous Basketball Team Will Contest Lubbock In Post

An unusual opportunity for Garza County residents to see a professional basketball team will be had in the game scheduled between the Sioux Indian Tribe of South Dakota and the Lucian Thomas Jewelry, semi-pro team, of Lubbock the night of February 8 in the Post High School gymnasium. The game will start at 7:30 o'clock.

The Sioux players are nationally famous. Three boys on the team scored more than 3,000 points each last year, and one player scored 67 points in a single game.

At the half, one of the Sioux men will give a trick goal shooting exhibition, another will demonstrate fancy handling of the ball and a third member of the famous team will sing.

Post High School Coach V. F. Bingham said the athletic department is sponsoring the game in the belief that it will be well-supported by local fans, many of whom have expressed a desire for such entertainment.

If the game is financially successful, an effort will be made to sponsor more of the same type of professional entertainment here, the coach said.

Post Girls Take Game, Lose One During Weekend

Coach N. R. King's basketball girls had tough luck in the Idalou tourney over the weekend, when they lost their second game to Roosevelt, 31-33.

It was a good game all the way. Neither team was ever ahead more than 5 points. Janet Stewart and Alice Ruth Carr each played half the game with Joy Stewart and Jeneice Flutt as forwards. Janet Stewart is still "under the weather" from the head injury she received last week in the Meadow tournament during a game with New Home.

The local girls played their first game in the tournament Friday night with Petersburg, and won 35-10. The B squad composed of Bonnie Gary, Virginia Carey and Peggy Johnston as forwards and Shirley Schmidt, Lanell Brown and Margie Freeman guards, played the last half of the game.

Mr. and Mrs. Max Hamilton have returned to their home in San Diego, Calif., after spending six days here visiting Mrs. Hamilton's son, Donald Shirley; her mother, Mrs. Ida Robinson, and other relatives and friends. They visited Mr. Robinson's family and other relatives and friends. They visited Mr. Hamilton's relatives in Fort Worth before coming here.

The Post High School Boys' Eighth grade, Junior and A basketball teams journeyed to O'Donnell Friday night for games. The Eighth Graders were defeated by a score of 25-15. Pete Hays was high point man with 6.

Ronald Babb took the scoring honors with 7 points in the Junior game, which ended 20-22 in O'Donnell's favor.

Post Teams Play Losing Games At O'Donnell Friday

The Post High School Boys' Eighth grade, Junior and A basketball teams journeyed to O'Donnell Friday night for games. The Eighth Graders were defeated by a score of 25-15. Pete Hays was high point man with 6.

Ronald Babb took the scoring honors with 7 points in the Junior game, which ended 20-22 in O'Donnell's favor.

Post A boys led their opponents until the third quarter, when they fell behind and never caught up; the final score was 31-22. At one time, early in the

Junior Fat Stock Show In Lubbock To Be Expanded

Increased premiums and other expansions and improvements at the approaching 17th annual South Plains Junior Fat Stock Show in Lubbock were approved this week, the Lubbock Avalanche announced Tuesday.

It was estimated that the show will be worth \$5,000 or more in prizes and premiums above market prices on livestock exhibited by and auctioned for 4-H Club and FFA boys of 29 counties of this area.

The annual show, underwritten by the Lubbock Chamber of Commerce with participating sponsorship of Lubbock luncheon clubs, will be held at the fair grounds Monday through Wednesday, March 21-23.

In competition will be fat calves, pigs and lambs raised by boys of the area.

Expansions of the approaching show include the provision of a special class for Angus in the calf division and for Southdowns in the lamb department.

Premiums will be approximately 25 per cent larger than in any previous show, with a maximum of close to \$1,000 being posted. The exact cash value, however, cannot be computed until entries actually are received and accepted. The value of prizes will vary according to the number of entries in particular divisions, ranging from first prize of \$2.50 in classes in which five or fewer animals compete to \$6 to those with 26 or more contenders.

The most profitable feature of the show for the young exhibitors, however, will be the annual auction sale the final afternoon, at which substantial premiums above market prices traditionally are paid for animals sold. These premiums, underwritten by the chamber of commerce, are provided through contributions by Lubbock business men.

Plans also include more entertainment for exhibitors than at any previous show. The feature will be a barbecue the night of March 23 in the Texas Technological college livestock judging pavilion. It was agreed that the program there will stress fun, with a minimum of speech-making. The boys also will be guests at a downtown theatre Monday

Symphony Orchestra In Lubbock To Give Concert February 8

The Lubbock Symphony Orchestra will present its mid-winter concert on Tuesday, February 8. In addition to the orchestra, two guest artists will be featured. William A. Murphy, versatile young pianist, will appear with the orchestra in a MacDowell concerto and will present a group of piano solos, and Norma Jean Hammer of Wink, will appear as flute soloist.

Mr. Murphy has studied piano both in Europe and in the United States. He holds certificates from the Conservatory of Music at the University of Nancy in France and a diploma from Trinity College of Music in London. On his return to the United States, Mr. Murphy finished his Bachelor of Music degree from the Louisiana State University and aided another year of graduate study at the same school. He has also studied with the famous concert pianist, Johana Harris, at Colorado Springs, Colo.

While in Europe, Mr. Murphy also studied philosophy at Cambridge University.

Miss Hammer began her study of the flute when she was 10 years old, and almost as soon began winning in musical competitions. When she was 13 she won first division honors at the National Band Concert that was held that year in Waco. She has won first place in flute for the six times she has entered the State Band Contests. Miss Hammer is the flute soloist for the Texas Technological College Band.

Tickets for the contest may be purchased at Adair Music Company, Varsity Book Store or South Plains Music Store in Lubbock after February 1, or before that time may be ordered by mail from the Lubbock Symphony Orchestra, Box 894. Tickets are \$2.40 for reserved seats and \$1.80 for general admission.

afternoon or night.

Mr. and Mrs. Giles Connell and grandson, Giles Dalby, plan to attend the Fat Stock Show in Fort Worth this weekend.

Mr. and Mrs. Hal Jones have moved to Andrews where he is employed by an Oil Company.

Owners should suspect the presence of lambing paralysis when one or more ewes in a flock die just before lambing time.

West Texas Leads East Texas With Mechanization

Texas farmers are making strides toward complete mechanization of crop production, according to H. P. Smith, agricultural engineer of the Texas Agricultural Experiment Station. Smith has just completed analyzing information on crop production furnished him by county agricultural agents.

No horses or mules are used in crop production in 40 Texas counties. With the exception of some hand-hoeing and hand-harvesting of cotton production in these counties is completely mechanized, Smith said.

Thirty counties use less than 25 horses or mules, while in other 35 counties less than 100 horses or mules are used in crop production, Smith said.

Tractor power is used almost exclusively in the production of all crops in a block of 77 West Texas counties. It was reported that a few farmers in these counties still keep a team or two for odd jobs about a farm or for hauling feed.

There are about 47 million acres in these 77 counties, a total devoted to crop production amounts to about 14 1/2 million acres. Smith found that East Texas farmers still use a good deal of animal power. This is due to the farms being small units than in West Texas. Texas farmers were reported to use horses and mules ranging in number from a few hundred to more than 6,000, Smith said.

The largest single mill fortification of ancient times the Great Wall of China.

WEST TEXAS GAS COMPANY COMPLETED ALL 1948 PROJECTS ON SCHEDULE... 1949 EXPANSION PROGRAM IS STARTING

(Following are the projects which we reported to our customers in July, 1948, that we planned to complete in 1948.)

- NEW FACILITIES TO BE INSTALLED ON PIPE LINE SYSTEM 1948**
1. Near Turkey Creek Compressor Station will be installed a 300 horsepower booster compressor. Main plant is 2,350 horsepower.
 2. At McSpadden Compressor Station: three more 400 horsepower compressors, increasing capacity to 2,850 horsepower.
 3. At Plainview Compressor Station: one more 300 horsepower compressor, increasing capacity to 2,400 horsepower.
 4. At Littlefield Compressor Station: one 80 horsepower compressor, to increase capacity to 330 horsepower.
 5. Between Littlefield Compressor Station and Whitharral: nine miles of 6 3/8-inch pipe will replace 3 1/2-inch pipe.
 6. From Littlefield to point of intersection with new El Paso Natural Gas Company line: ten and one-half miles of 8 3/8-inch pipe will replace 4 1/2-inch pipe.
 7. At Tahoka Compressor Station: one more 300 horsepower compressor, to increase capacity to 780 horsepower.
 8. Between Tahoka and Brownfield: ten miles of 6 3/8-inch pipe will replace 4 1/2-inch pipe.

TWO NEW SOURCES OF SUPPLY ARRANGED
We have signed an agreement with El Paso Natural Gas Company to purchase from that company at two points. Barring unforeseen contingencies, this gas, which will benefit all towns on our system, will be available by November 1, 1948.

1948 PROGRAM COST 2 1/4 MILLION

Last winter we experienced an unusually heavy demand on our gas system... a demand which briefly exceeded the capacity of our transmission facilities. At that time we told the people we serve that we would make every effort possible to correct this situation before the next winter.

Certain definite projects were required to increase capacity. Some had already been planned... others were added. We reported to our customers via the newspapers what projects we planned to carry out in 1948. In the panel at left is a re-listing of those 1948 projects.

We are happy to say all of the expansion and improvement projects so reported to our customers were actually completed during 1948... on schedule. West Texas Gas Company invested about \$2,280,000 during the year in these improvements and additional facilities.

In November, we began purchasing substantial quantities of gas at Amherst and at Umbarger from El Paso Natural Gas Company. These new supplies of gas will directly or indirectly benefit all towns served by us.

2 1/4 MILLION MORE IN 1949
Already our 1949 expansion program is beginning. Preliminary work is under way now for one important project. It is estimated that we will invest another \$2,250,000 or more during 1949 in additional facilities and improvements. Thus, in the two years of 1948 and 1949 we will have invested about four and one-half million dollars in order that we may provide a dependable, efficient and economical gas service to our customers.

Farm Records Are Easily Kept With Texas Farm Book

Keeping farm records isn't a big job. That is, it isn't if you have the Texas Farm Record Book.

Did you ever wonder how to avoid the large amount of trouble and work it takes to fill out your income tax return? Did you ever wonder how your farm operates from year to year? Can you remember from time to time just how much land, machinery, and farm products you have on hand? The farm record book is the answer to all these questions, says Robert H. Gibson, Garza County agricultural agent.

Texas farmers received about two billion dollars last year from the sale of crops, livestock and livestock products. This is pretty big business, and is becoming very competitive. Such economic conditions as these, as well as others, have shown many farmers the importance of planning their yearly operations, and to check up from one year to the next.

Farm records serve as a basis for locating the weak and strong points in farm operations — a kind of mirror that reflects a whole year's business. And too, records will point out any unsatisfactory performances on the farm before more serious losses occur, says Gibson.

When it comes to getting credit from loan agencies, farm records show these agencies the possibilities of the farm and give a list of the assets—in inventory form—located on the farm.

The Texas Farm Record Book was designed so it can be adapted to any farm conditions in the state, and to cut down on the time and effort needed to keep a good set of records.

The book is full of inventories—inventories of nearly everything on the farm. There are inventories of land, farm improvements, machinery and equipment, livestock, crops and feeds on hand, farm sales and expenses, farm products used at home, and last of all, a summary of the year's farm business.

Inventories are check-ups on what a farmer owns and owes at the start and finish of each year. Farmers who prepare income tax statements — and that gets nearly everybody — find they have a number of deductions after keeping a farm inventory.

After the inventory has been recorded at the first of the year, all that's left to be kept from day to day is the farm sales and expenses — a five or ten minute job after supper.

Texas Farm Record Books can be had from the county agent, or by writing the Extension Service at College Station.

This is a good time of the year to start keeping the record.

New York Writer Pays Unexpected Visit On Sunday

Earlycomers at the First Baptist Church Sunday had a brief surprise visit with Charles A. Wells, New York columnist and cartoonist, who was en route to Plainview to be guest speaker at the First Baptist Church there. How he happened to be here was a coincidence.

Dr. J. W. (Bill) Marshall, president of Wayland College in Plainview, called the Rev. D. A. Bryant early Sunday morning and asked him to meet the train and have Mr. Wells get off here, as the train was running too late for the speaker's appointment. Marshall said he would fly to Post and get him.

As there was some time between the arrival of the train and plane, the Rev. Mr. Bryant took his guest to the local church.

Whether or not Mr. Wells, who is editor of Between The Lines magazine, made his speaking appointment in Plainview was not known here. They were delayed in taking off, because Dr. Marshall's plane was stuck in the mud.

Bill Introduced To Revise System Of Registration

The fellow who drives miles to get his license plates and then waits in line hours at the courthouse is going to get a break, if a bill introduced in the Texas Legislature becomes law.

The proposal, authorized by Sen. W. A. Shofner of Bell County, would authorize the establishment of permanent automobile registration offices in an estimated 500 small towns and rural communities, in addition to county seats and large cities.

In all there would be approximately 1,000 places to register cars, compared now with 254 places — the courthouses.

Senator Shofner said his proposal would relieve county tax assessor-collectors of the burdensome duty of registering cars and handling title transfer papers. This duty would be turned over to responsible local business men in each community, who would be designated agents and be directly accountable to the State Highway Department.

Agents would be named for every town and community where deemed necessary. Large cities and in many cases, county seat towns, would have not one but several agents.

The Bell County senator said his bill had the endorsement of every tax collector who was "fully acquainted" with what the bill will mean toward giving the public better service. He pointed out that the work of tax collector offices had greatly increased in years and this duty had no relation to the regular tax work.

He said he had been advised by E. J. Amey, director of the motor vehicle division of the State Highway Department, that his department favored the proposal because of two major advantages: (1) The public will be given better service at no additional cost (agents will receive a fixed commission), and (2) The more efficient system will lead to greater and quicker recovery of stolen vehicles and prompt identification of vehicles involved in accidents.

Amey said the county's share of car license money that is used for county roads will not be less than now received and in some counties the amount will be more.

Burns and scalds are two of the biggest home killers on record.

Hundley And Mrs. Giles Win News Tip Awards

Jim Hundley, who reported the forced landing here of eight Flying Farmers from Kansas, won last week's first prize of \$2.50 in the News Tip contest. The second prize of \$1 went to Mrs. H. F. Giles, who provided information about the misfortunes of a little blind dog named "Butch."

Honorable mention went to Mrs. Kimmie Ensminger who reported the recorder Baptist Church services which can now be played to members unable to attend; to J. E. Durrett, for reporting comparative January rain figures for the past 41 years, and to Mrs. Marvin Truelock of Southland for an interesting letter from a school teacher in Sweden.

The contest is still on, with two cash prizes offered each week.

JOINS MASON FIRM

J. E. Sargent has moved here from Levelland to sell Mason Burial Policies and policies for the Southern States Life Insurance Company of Houston. He will make headquarters at Mason and company store. He is married and has two children.

Lucy Preston, who has been making her home in Bayonne, N. J., has returned to Post to live.

THEY TAKE THE BLUE OUT OF MONDAY

A COMPLETE, modern electric home laundry not only takes the "blue" out of Monday, it's apt to take most of the work out of the proverbial "wash day."

With an electric home laundry in your home, you'll find yourself putting clothes to wash and dry, or ironing them whenever it's convenient... you won't be tied down any more by "wash day" or by a pile of ironing.

Washing's done automatically while you go about your other house work. Put the damp clothes in your dryer, and forget about them until you take them out, as dry and clean smelling as if they'd been on a "line" for hours. Then, you'll find it just a few minutes' work to go through an ironing with an efficient electric ironer.

See your appliance dealer soon about the advantages of an electric home laundry of your own.

Rep. Mahon Gets Chairmanship Of Important Group

Congressman George Mahon of Colorado City, representative of the 19th Congressional District, Saturday was named head of one of the most important groups in Congress, the Lubbock Avalanche-Journal reported Sunday.

He was appointed chairman of the sub-committee of the House Appropriations Committee which will handle the entire military budget for national defense. The report said, in part:

His appointment marks a definite "move up" in authority in Congressional circles for the Texas congressman.

His appointment marks the first time that one sub-committee will handle all appropriations for the entire armed forces. Through Mahon's committee will come the requests of President Truman for fifteen billion dollars which is more than one-third of the entire national budget.

Congressman Mahon's appointment puts him in one of the most responsible positions in Congress and through his hands will pass requests for expending of the greatest amount of funds of any one group in Congress.

On the way in which the chairman of the sub-committee conducts hearings, on the questions and answers at those sessions, will largely depend the future trend of planning for this nation's security. The House committee must function before the House and then the Senate can approve any fund spending.

Congressman Mahon started his eighth successive term in Congress this month. He has served on several other important committees in the past.

Other members of the sub-committee which Congressman Mahon will head will be Congressmen Sikes, Florida; Harry Sheppard, California; Albert Engel, Michigan, and Charles Plumpley, Vermont.

Mayfield, Basinger See New Pontiacs

Dove Mayfield and Bill Basinger left today for Dallas to see the new 1949 line of Pontiacs, which is being shown to dealers in the Baker Hotel. They will receive a demonstrator for a public showing here on Monday.

Mr. and Mrs. Lee Davis have a 1949 "76" Oldsmobile.

Crop Outlook For 1949 Appears To Be Excellent Now

Breaking a sustained drought, which was growing progressively more critical, the nearly three inches of moisture that had fallen on the South Plains since January 1 had penetrated 14 to 18 inches Friday, according to the weekly crop condition report of Lubbock County Agricultural Agent D. W. Sherrill which was reported in the Sunday Avalanche-Journal. The newspaper report said, in part:

The moisture measured 2.84 inches here Friday night, and at the height of the cold wave the ground was frozen to a depth of six inches, Sherrill said. The freeze will have beneficial effects in destroying harmful insects and crop pests that hibernate near the surface or deposit over-winter eggs.

Preparation of land for the 1949 crop will begin in earnest as soon as fields can be entered with motorized equipment, and the outlook for 1949 production was described currently as excellent.

Much wheat that had been seeded either as cover or pasture crop, or for spring and summer harvest, will be revived, and now will grow off in good shape, the report said.

Livestock came through the cold weather in fairly good shape, with losses negligible, and prospects have been sharply improved by the moisture, the report said.

Cancer Society Has Praise For Minor

James Minor, chairman of the Garza Cancer Fund Drives for 1948 and 1949, this week received a Distinguished Service Award from the American Cancer Society, Inc.

The award was in the form of a certificate commending him for "continuous assistance, cooperation and intense devotion" which resulted in "an outstanding contribution to humanity in the fight to conquer cancer."

The award was accompanied by letters from the district and national divisions of the society, each adding further words of praise for Minor's efforts in the 1948 drive.

Dates for the 1949 drive have not yet been announced, Minor told the Post Dispatch, but "it won't be long, because they're already sending working materials," he said.

Exams Announced By Civil Service Unit

The United States Civil Service Commission has announced examinations for probational appointment to the following positions:

Veterinarian (trainee), salaries \$2724 and \$2974 per year; soil conservationist (trainee), salaries \$2284, \$2498.28 and \$2724 per year, and engineer (trainee), salaries, \$2284, \$2498.28 and \$2724 per year.

Persons interested should file Application Card Form 5000-AB with the Executive Secretary, Board of U.S. Civil Service Examiners, U.S. Department of Agriculture, 114 Commerce Street, Dallas 2.

The applications must be in the above office not later than the close of business February 1, 1949. The forms may be received from the above address or, possibly, from the local post-office.

ATTENDS TRUCK MEETING

Robert Cato, assistant manager and head of the Parts Department at the Tom Power Ford agency, attended a truck specialist conference and school in Dallas Monday.

BITS OF NEWS

Mr. and Mrs. A. A. Miller of Abilene and Miss Laverne Miller of San Antonio visited in the home of Mrs. Miller's brother-in-law and sister, Mr. and Mrs. J. A. Meeks, last Wednesday and Thursday.

Mrs. Mitchell Bowen and son, Jerrald, and Alvin Gary visited in Oklahoma City, Okla., the first of the week.

Mr. and Mrs. Hubert Richards who recently moved from New Orleans, La., to Lubbock, and Mr. and Mrs. Walter Boren spent the weekend with Mr. and Mrs. Dee Coleman.

Mrs. Mamme Lott, who has been visiting here the past two weeks, will leave this weekend for Mineral Wells. She will be accompanied by her son, and daughter-in-law, Mr. and Mrs. John Lott, who are going on to the Fat Stock Show in Ft. Worth.

Three Films Shown At Grade School

Several interesting films were scheduled for showing this week at the grade school.

Mrs. Maurine Lackey's pupils, who have been studying transportation, were to see two movies, "Loaded for War" and "Operation of Steam Locomotive."

An art picture, "Navajo Sand Painters," was to be shown at the school assembly.

Happy Birthday:

January 27 — Arthur Gene McGinnis of Justiceburg, Mrs. Jess Wright, Bernard Welch and Willey Dell Norris.

January 28 — Thurman Maddox, Mrs. L. L. Wright and Donna Faye Mitchell.

January 29 — Russell Wilks, Willie Light and Dennie Lee Sellers.

January 30 — Mrs. Alex Webb.

January 31 — E. E. Pierce, Haden Johnson and Linda Gayle Hill.

February 1 — W. B. Sanders, Jessie Carolyn Ward, Mrs. Irene Harmon, Don Cox of Garnolia, Jack Wright and Al Norris.

February 2 — Katie Mae Martin, William Zetzman, "Red" Floyd and Mrs. N. L. Luck.

Mr. and Mrs. R. L. (Red) Green of Acuff visited in the home of Mr. and Mrs. W. R. Young this week.

MARCH OF DIMES—

(Continued From Front Page) the nation, 1948 was the heaviest polio year in medical history. National Infantile Paralysis Foundation headquarters, attempting to supply necessary funds to county chapters, exhausted the epidemic fund, called on local chapters for their surplus funds, and used all of its general operating funds except those needed for actual costs during January and February.

Garza County is one of many counties over the nation that had to have supplementary funds for the treatment of polio cases. A total of \$1,806.19 was spent on two of four polio cases here during the year. The two children treated are recuperating satisfactorily. There were two polio deaths in the county in 1948.

Nearly six and a half million dollars were advanced to chapters over the nation during the year. Despite this, in December chapters requesting advances were asked to hold over all possible bills until March of Dimes money becomes available. The Garza County Chapter was overdrawn at the First National Bank when the campaign opened this month.

"The financial situation is so serious that we must do our share and more this year if we want to be sure of taking care of polio in Garza County and Texas," the local chairman said yesterday. "It is estimated that \$300,000 will have to be spent

(Continued From Front Page) three-year steady dating schedule.

Eight months before Mr. and Mrs. H. F. Giles were married, they were at a baseball game. They had never met, but he saw her sitting in the crowd and heard her talking and remarked to a friend that she was his girl if he never got her. Her girl friend overheard Giles remark and she made the introduction.

Had Been Wading

James Hill met his wife, when he and a couple of girl friends went out to Jenny Lou Garland's house to tell of a change in a Sub Deb meeting. Jenny Lou was wearing muddy white coveralls as she and her dog had been wading in a ditch.

A barbed wire fence separated the farms that L. H. Ingram and Ethel Noles lived on, near Throckmorton, when they were children. The Ingram family invited the Noles family over for a party one night and it was then that Ethel and L. H. became sweethearts. They began their courtship when she was 16 and married four years later. He was "of the bashful type" and never really gave her a rush until the year before they were married, after her return from a month's vacation.

Shirley Price knew Dowe Mayfield all her life, as her elder sister was married to one of Dowe's brothers. They began dating at a very young age.

In 1916 O. D. Cardwell came to Post. He was associated with the Cattle Raisers Association and was also a commissioned ranger. He came into Annie Rodgers Dress Shop one day looking for her father, the late Norman Rodgers. He introduced himself to Annie and about two weeks later they began going together. (During that two weeks, O. D. made lots of trips into the shop looking for Mr. Rodgers.) They were married two years later.

this year on 1948 Texas patients, some 275 of whom are still hospitalized. Comparable sums will have to be spent elsewhere. We do not know what 1949 will add to our responsibilities. At best it will take a lot of money, more money than we have ever raised in any previous campaign," Judge Bowen said.

"The local people are responding to the emergency very well, and I feel that Garza County will have no trouble raising its quota if the weather cooperates as well as the people are cooperating," he explained.
