**ARLES DIDWAY**, president of trustees of the Atchison School District, said that the architects are still whittling on the cost of a five-phase school building program before the voters in the next election.

Board members told the trustees at Monday night's meeting, that the architects are still whittling on the cost of a five-phase school building program before the voters in the next election.

and bring with him "more definite unit prices" on construction of a new high school building, enlargement of the school lunch room, enlargement of the elementary school auditorium and athletic plant improvements.

**AT MONDAY night's meeting**, Atchison quoted revised cost estimates from the previous week's meeting, but the biggest change came when the board practically "threw out of the window" the architects' plans for an athletic plant improvement project cost-

ing an estimated \$98,000.

R. T. Smith, superintendent of schools, told the architect that moving of the present stadium to make room for the proposed new high school building was "out of the question."

Smith told Atchison that present plans are for the school to have new bleachers built, but he presented the architect a sketch of a proposed 30 by 90-foot fieldhouse and asked him to figure costs on that type of structure.

The architects' original plans for athletic plant improvements included a new stadium, a 45 by 90-foot fieldhouse, a curbed track around the football field, press box, concession stand and new lighting.

**AFTER PROMISING to re-study** plans and estimates and get optional prices on various materials for submission at Monday night's meeting, Atchison explained to the trustees, "We just took your whole system and came up with suggestions on everything. We knew you couldn't afford it all."

The revised cost estimate on the new high school and gym presented by the architect at Monday night's meeting totaled \$580,181. That would be a cost of about \$11-20 per square foot on the proposed new building, which would contain 51,273 square feet of floor space.

**SMITH, IN answer to a question** by Trustee J. E. Birdwell, estimated that the new building would accommodate 460 students as compared with the 300 maximum which the present high school building will accommodate. The new high school would be constructed in such a manner that it could be added onto as the student load increased.

The architect explained that in the case of any new school building there are a number of things that can be done to build it cheaper, but that such changes cut down on the life of a building.

"For instance, instead of putting on a roof that would last 20 years, you could put on one that would last only 10 years," Atchison said.

**THE COST estimate submitted** Monday night for remodeling of the present high school building for use as a junior high or elementary building was \$131,000. This would include, in addition to the work on the new parts of the building, such improvements to the old parts as new floors, rewiring, repainting, etc.

The architect explained that this cost could be reduced several (ARCHITECTS — See Page 8)

## More than 100 gifts will be awarded at Christmas party

What promises to be the city's biggest Yuletide event will be a merchants' Christmas party to be held at 3:30 p. m. Tuesday, Dec. 16, at the Christmas tree near the intersection of Main Street and Avenue I.

Sponsored by the Chamber of Commerce, the Christmas party will result in more than 100 gifts being given away, according to John N. Hopkins, Chamber manager.

Ten thousand tickets have been printed and distributed to participating merchants. These tickets will be given to customers, who, after writing their name on them

may leave them with the merchant or bring them to the drawing in time to be placed in the huge ticket hopper.

The Chamber manager said each agreed to give a gift or gift certificate worth at least \$5. Gifts will be awarded to those present whose names are drawn, Hopkins said.

The Chamber manager said today that merchants wishing to participate, but who were "missed" for some reason or another when the canvassing committee called, may obtain tickets at the Chamber of Commerce office, Hopkins said.

The Chamber manager said a shortage of tickets might develop on account of the party being planned rather late in the season. He said that plans are to make the event an annual affair and that an earlier start will be taken next year.

Hopkins also announced that most Post retail stores will stay open until 9 p. m. the next two Friday nights for the convenience of Christmas shoppers.

**Night crews being laid off**

## Cotton ginnings at 15,678 total

With gins laying off night crews this week, harvest of Garza County's cotton crop—the best in several years — was entering the final stages, with a total of 16,578 bales ginned up to noon Wednesday.

Indications are that the county's six gins might be "pushed" to turn out a total of 20,000 bales, but some believe the figure will exceed that mark by a few hundred bales.

County Agent Lewis C. Herron said today, "a few more pretty days like we've had and we'll be all through with the cotton harvest."

How near the county gets to the 25,000-bale mark forecast by Plains Cotton Growers, Inc., and the Lubbock Cotton Exchange, depends on how many bales were ginned out of the county. Some say enough Garza County bales were processed at gins just across county lines to boost the total near the 25,000-bale forecast.

It was reported at the Close City Co-op Gin yesterday that just about two more shifts of work remained for their night crew. The total turn-out at noon Wednesday was 2,952 bales.

From the Starke Gin, west of Post, came the report, "we're just about through." Ginnings there totaled 1,250 bales.

Planters Gin in Post reported 3,197 bales turned out up to noon Wednesday and that the night crew was laid off Monday night. "We look for a couple of hundred more bales," the ginner said.

Basinger Gin in Southland reports 4,096 bales turned out and estimates a season total of 4,500.

Jennings also announced that Christmas bonus checks will be distributed to an estimated 500 employees of the Postex Cotton Mills here Friday, R. J. Jennings, president of the firm announced today.

He said employees who had been with the mill over five years would receive four per cent of their total salary for the last six months, while those employees who had been employed less than five years would receive two per cent of their salaries over the same period as their bonus.

The bonus checks, coming right in the local Christmas buying rush, are expected to give added impetus to the bustling holiday shopping spree reported along Post's Main Street.

The new Postex bonus policy of paying a vacation bonus and a Christmas bonus besides was begun only this year.

Christmas operating schedules for the plant of Burlington Industries, as well as plans for the company's annual Children's Christmas party.

The Christmas holidays at the plant will be observed from the end of the third shift on Wednesday, Dec. 24, until the beginning of the first shift on Monday, Dec. 29.

Jennings said the annual Christmas party for employees' children will be held at 10 a. m. Wednesday, Dec. 24, in the high school gymnasium.

Santa Claus will be on hand. Gift bags containing toys, candy, fruits and a variety of other gifts will be distributed to all employees' children 10 years of age and younger.

Approximately 1,000 persons, including children and parents, are expected to attend.

## Cotton quota vote set

Approximately 500 notices on individual farm allotments were mailed from the Garza County office of the Agricultural Stabilization and Conservation Service last Friday in advance of the referendum on cotton marketing quotas to be held Monday.

The referendum will be held from 8 a. m. to 6 p. m. Voting in Garza County will be at Basinger Hardware in Southland for farmers in Community "A," Graham Gin office for farmers in Community "B" and ASC office in Post for farmers in Community "C."

Garza County's 1959 cotton allotment has been set at 38,602.5 acres as compared with 41,548.6 acres last year. This is a decrease of about 7

per cent, whereas the overall decrease for 23 South Plains counties amounts to about 6 per cent.

The county allotments are based on the allotment for 1954 through 1957, plus the actual planted acres in 1953.

All growers who engaged in the production of upland cotton in 1958 are eligible to vote in Monday's referendum.

If the referendum carries, farmers will have a choice of two programs under which they may operate next year. The two choices are known as plan "A" and plan "B."

Farmers choosing plan "A" will grow their crops in compliance with their regular upland cotton farm allotments, in which case they will be eligible for the full level of price support for the crop (not less than 80 per cent of parity for 1959).

Growers selecting plan "B" may increase their upland cotton acreage by not more than 40 per cent over their regular farm allotment (QUOTA VOTE — See Page 8)

REV. GRAYDON HOWELL

## Graydon Howell heads ministers

The Rev. Graydon Howell, pastor of Calvary Baptist Church, was elected president of the Post Ministerial Alliance at the organization's December meeting. He succeeds the Rev. Clinton Edwards, pastor of First Presbyterian Church.

Other officers elected were the Rev. Eugene Matthews, First Methodist pastor, vice president, and the Rev. C. B. Hogue, First Baptist pastor, secretary and treasurer.

The Rev. Mr. Howell has served as vice president of the alliance for the past year. As new secretary and treasurer, the Rev. Mr. Hogue succeeds the Rev. Almon Martin, pastor of First Christian Church.

## Rotary Christmas party is tonight

Rotarians will hold an informal Christmas party at 7 o'clock tonight in City Hall for Rotary Ann and their youngsters.

The club at its Tuesday luncheon heard a 4-H program presented by County Agent Lewis Herron and HD Agent Jessie Pearce.

Herron told Rotarians there are approximately 260 Garza County boys and girls enrolled in the 4-H program.

Don Richardson, chairman of the county's 4-H council, told the club of his calf feeding project in which he has won numerous high awards since 1953. He said the seven calves he has fed out brought a total of \$3,112.

Glenda Peyton and Carolyn Ward, who won a trip to Texas A&M with their 4-H light bulb demonstration, gave highlights of the demonstration to the club and answered questions.

Floy Richardson, who recently was presented a silver spur tie clasp award for his outstanding adult leadership in county 4-H work was introduced.

## School board signs valuations pact

The board of trustees of Post Independent School District Monday night signed a one-year contract with Pritchard & Abbott, tax valuation engineers, for valuation of oil and utility properties and Postex Mills, Inc.

The contract provides for the school district to pay the tax engineers 2 cents per \$100 valuation for the work.

The contract was signed at the board's regular December meeting, which was attended by Kenneth Clarke, a representative of Pritchard & Abbott.

Clarke told the board he believes that local values set up earlier this year by his firm in a re-evaluation program "will hold up for the next five years, depending of course on conditions." He explained, however, that values on oil and related properties "change practically every day."

The board paid Pritchard & Abbott a flat \$1,250 for re-evaluation of (TAX PACT — See Page 8)

## Graham group gets school property

The Graham Rural School building and grounds were signed over to the Graham Community Center at Monday night's meeting of the Post school board.

Trustees of the Graham Community Center, as listed on the deed signed by the school board, are J. W. Stone, E. E. Peel, Elmo Bush, G. T. Mason and Ray McClellan.

The Post trustees agreed earlier in the year to sign the school property over to the Graham group as a community center, but had waited until legal work was completed before making the transfer.

This is the first year that school has not been held at Graham. The district was consolidated with the Post district two years ago.

## Antelope band to play tonight at PTA meet

The Post Antelope Band will furnish the music tonight at the Parent-Teacher Association's annual Christmas meeting and program.

The meeting is set for 7:30 o'clock in the grade school auditorium. Coffee will be served. All school patrons and teachers are urged to attend the meeting.

## First city traffic tickets are given

Three city traffic tickets had been issued up to Wednesday by City Marshal Otis G. Shepherd Jr. under authority given him by the traffic ordinance recently passed by the city council.

Summonses to appear at the city hall have been issued by the marshal to Bobby Lee Skinner, loud and defective muffler; Coy Newberry, speeding, reckless driving, driving without lights, no driver's license, and James O. Williams, loud and defective muffler.

Three complaints have been filed in justice of the peace court the last few days, two of them by Highway Patrolman Ted Court and the other by B. V. Green.

The complaints charge O. L. Savage with speeding, Emory Lee Russell with speeding and Christine Maxine Shoemaker with driving vehicle with defective headlights.

Radar speed "traps" were up in the county last weekend and resulted in a number of tickets being issued, but none of those charged had been booked at the justice of peace office up to noon Tuesday.

## Brownfield man is district attorney

Morgan Copeland of Brownfield has been appointed by Gov. Price Daniel as district attorney of the 106th Judicial District, which includes Garza, Lynn, Dawson, Gaines, Terry and Yoakum counties.

Copeland, who has served as Terry County attorney, is a young man and a lifelong resident of Brownfield. He is a graduate of the Law School of the University of Texas.

The new district attorney succeeds Mitchell Williams of Tahoka, who resigned Dec. 1.

## SUFFERS BROKEN HIP

Mrs. Jack Burress underwent surgery in the Methodist Hospital at Lubbock Wednesday morning to set a broken hip suffered in a fall at the Piggly Wiggly store early Tuesday afternoon. Mrs. Burress slipped and fell when she was walking through the store to tell her husband, the market manager of the store, she was there to take him home to lunch.

## BOY IN HOSPITAL

Robin Morrow, five-year-old son of Mr. and Mrs. Charles Morrow of near Post, has been ill in the Methodist hospital at Lubbock since Dec. 2, but is expected to be released and taken to the Morrow home within the next few days. His mother has remained at the hospital with him since he became seriously ill.

## \$400 merchandise lost to burglars

Burglars Friday night broke into two business firms here getting an estimated \$400 worth of merchandise and office equipment from the R. J. Furniture Co.

Only about \$7 in change was taken from the Southwestern Public Service Co. office next to the furniture concern in the other burglary.

The intruders gained entrance at each firm by forcing open the rear door of the establishment.

R. J. Blacklock said as nearly as could be determined a check machine, a typewriter, the office heater, and some small appliances were taken from the furniture store.

The burglars ransacked the office and damaged the unlocked filing cabinet, apparently looking for money.

Ted Hibbs told The Dispatch that the burglars tried to break into the Southwestern Public Service's office safe, but failed to do so although they dented the safe knob in their attempt.

He said some \$7 was taken from the office stamp box and the box where receipts from sale of light bulbs were kept.

## Time to take time for Christmas

With this area apparently headed for one of its greatest gift-giving sprees on record this Christmas season, it is not amiss for all of us to pause a moment in our holiday rush to remember the real meaning of Christmas.

Christmas is a joyful day for all Christians because it was on this special day so many years ago that Jesus was born in a lowly manger in Bethlehem.

As the Wise Men from the East brought gifts to the infant who had come to save the world so we joyously celebrate today with giving gifts to those we love.

In the busy days left before Christmas there is that very real danger that we will become so

busy and so tired that the real spirit of Christmas is lost to us.

Even in a community no bigger than ours, too many of us are prone to become so involved in our businesses and in our other activities that we find little time for either a full family life or personal enjoyment. That in itself is a false way of living.

In the holiday season, this being "too busy" grows even more in intensity. If we are to enjoy Christmas for what it is meant to be, we must simply take the time for it.

So this year let's be sure to keep the Christ in Christmas and find the time for the many joys of this wonderful holiday season.—JC

## More and more a lost cause

We feel that it is a lost cause, but along about this time every year we like to join the ranks of those other part-time "do-gooders" who remind all who'll listen that it is the spirit of giving, and not the material value of the gift, which counts.

Such an altruism is, of course, inspired by the annual all-out Christmas offensive now under way from a commercial standpoint.

Christmas being only two weeks away, and many a breadwinner presently worrying about the bills which will greet him on Jan. 1, it is appropriate that we look into the idea of giving things to our family and friends at Christmas-time. Long, long ago, these gifts were usually something made by the woman of the house, or perhaps the man, and were not expensive store-bought items.

But over the years, of course, the custom built up to give presents, and to send Christmas cards. When it comes to sending greeting cards, we're carrying it to a ridiculous extreme. Often we

even send cards to our next-door neighbors, even though we would easily be able to wish them a Merry Christmas on Christmas morning, and even though we see them every day.

They, in turn, must send cards to all their friends, even the ones they encounter daily, and this not only produces congestion in the mails, but creates a major undertaking for many a wife, or husband—who has plenty of other extra chores to do at Christmas-time each year.

Since The Dispatch is in the display advertising business, and also—as a seasonal sideline—orders Christmas cards for some of its customers, we're not campaigning against expensive Christmas gifts nor against the practice of sending greeting cards. In fact, we don't know just what we're doing writing such an editorial as this. It places us in the same position as the fellow who hankers for the horse and buggy days when he knows darn well he wouldn't ride in a buggy if he had one.—CD

## Let's keep this Christmas safe

Last year's Christmas death toll was one of the highest on record. In that one-day, mid-week Wednesday, fire took 26 lives. The toll could be even higher this year.

How can you help to prevent loss of life and suffering this Christmas?

Here is what the National Board of Fire Underwriters suggests:

Set up tree in a cool part of room, standing in pail of moist earth and water, away from doors or exits.

Check electric light wiring and discard sets with worn or frayed cards and loose sockets. When buying a new set, get one bearing the UL label of safety against fire and shock.

Ornaments should be of fireproof materials, never cotton or paper, unless fireproof.

Don't set up electric trains under tree, and be sure switch for tree lights is at a safe distance.

Because portable heaters are often used dur-

ing the winter months to provide added warmth without proper regard to the care necessary for their safe use, the National Board of Fire Underwriters makes these safety suggestions:

Keep portable heaters clean and in good condition.

Set heaters level, out of the line of traffic and away from combustibles such as curtains, bedding, etc.

Avoid using electrical portable heaters in the bathroom.

Be sure every gas heater is vented to the outdoors, unless clearly labeled that this is unnecessary.

Delegate the job of filling and cleaning an oil heater to a responsible member of the family. Instruct that person to wipe up spills immediately.

Never fill or carry an oil heater while it is lit.

Keep a door or window slightly open in any room where a gas or oil heater is in use.

## Chamber scores with another 'first'

The Chamber of Commerce's 1958 Christmas decorations and promotion really scored with both Main Street and the community as a whole.

Everybody is loud in their praise of the big Christmas tree and the downtown decorations. They have done a great deal for Post this Christmas season, converting the community into the holiday mood almost overnight.

The new Christmas decorations program is another one of the important "firsts" scored this year by the Chamber. Others were the initiation of Oil Progress Week observance here with a Chamber-sponsored stag dinner for the oil folks,

the establishment of a National Cotton Week observance in May, and the inauguration of a Chamber "farm tour" program to take the businessmen into the country to keep abreast of rural developments.

All of these new products are vitally important. Each one of them can grow bigger and bigger year by year from their 1958 beginning.

The Chamber toward the end of 1957 set these as its goal, with a planned "program of progress."

The Chamber in 1958 achieved these goals and established a base for far greater promotional development in the years ahead.—JC

## Let's enforce the dog ordinance

Last Sunday a local dog bit a small Post youngster and the child was rushed to the hospital for treatment. The same dog, so the story goes, had bitten another child not so long before.

Post has a dog ordinance, an almost brand new one, but laws have no effect unless enforced. Few dog owners have purchased licenses. Few owners appear to pay much attention to the provisions of the community's statutes on dogs.

Spring—the dog problem season—is still many

months away, but Post certainly has its dog problem with unlicensed dogs and strays.

It is important for the community to enforce its own dog code. If it doesn't some misguided soul someday will take the law into his own hands and a "poisoner" will be on the loose. Should that time come many beloved pets and valuable dogs will be lost.

We have the ordinance. Let's enforce it.—JC

## County setting good bonds record

Going into the last month of 1958, Garza County continues to lead the seven other counties in District 5 in the percentage of Series "E" and "H" Savings Bonds purchases.

With sales totaling \$111,634 through October, the county has achieved 93.8 per cent of its 1958 Savings Bonds goal of \$119,000. This is probably the best bond-purchasing record the county has

marked up since the war. Such an outstanding mark—with the \$119,000 goal apparently within easy reach—is also a good reflection on the county's economy.

In comparison with the statewide percentage, Garza County is way out in front. Through October, the state of Texas had achieved 83.5 per cent of the 1958 goal, as compared with the county's 93.8 per cent.—CD

## What our contemporaries are saying

Christmas is approaching but, let's face it, Santa Claus is losing out these days. Santa fires up the sleigh only once a year while the U. S. government hands out gifts all year round. Whether it is the Egyptians wanting a dam or school kids craving a glass of milk, all eyes turn to the new Uncle Santa. He usually responds.—The Crosbyton Review.

J. Edgar Hoover is currently writing a series of stories on juvenile delinquency in America. It is a problem about which he has concerned himself for some time. He is a fanatic on home discipline. Like many another who has no children of his own he has lots of suggestions on what parents should do, writes a mother who has problems in her home. It is different when you are a parent, she says. A suggestion we offer for what

it may be worth is that parents might well work to get their children more rest—just plain sleep. Fatigue adds to nervous, jumpy ways that are characteristic of so many kids of this day.—The Floyd County Hesperian.

A nationally known evangelist is quoted as saying if we all pulled together we could have the devil in the hospital by the Fourth of July. It can be said the range of the devil in this area of West Texas is widespread, but it can hardly be traceable to the antics of the devil that people go away from their home town to trade when they can buy the things they want from the home merchant. It can be said, however, matters are getting in a devil of a fix when such conditions exist.—The Stanton Reporter.

## THURSDAY to THURSDAY

By CHARLES DIDWAY

WHERE ELSE except in West Texas can temperatures mount to above 80 degrees one day then plunge to topcoat weather the next, as it did here last Thursday and Friday?

Mrs. Lucy Callis, a second grade teacher in Post Elementary School, was first in with her pupils' Santa Claus letters for The Dispatch's Christmas edition. Mrs. Callis is proud of the letters written by her pupils, which are all in script, or cursive, writing, which she says is quite an accomplishment for second graders.

THE FIRST Santa Claus letter to come in "by itself" was from Dee Cecil Justice, son of Mr. and Mrs. Mason Justice of Justiceburg. We're looking for a lot of these kind of letters, too, as well as those which come in bunches from the schools.

They'll be moving into their snazzy new offices out at Postex Mills, Inc., as soon as all the new furniture arrives, we were told Saturday.

CONGRATULATIONS to Mr. and Mrs. Jess Cornell on being parents of three sons who made the school honor rolls. Mike, a high school sophomore, and Pat, a seventh grader, had all-"A" grades for the second six-weeks, while Donnie, a fifth grader, did almost as well by coming up with grades of "B" or better on all his subjects.

It won't affect many GOC "workers" here, but the Air Force has announced that its Ground Observer Corps of 250,000 volunteer plane spotters will be disbanded early next year because of the improvement in radar warning systems.

THE LAST TIME we had any news from the local GOC post, Porter Roberts was head of "operations," and it was fairly active. That was several months ago, however, and we couldn't say today just what the present status of the GOC unit here is. Maybe Porter will let us know.

A recent issue of the Veterans of Foreign Wars' state newspaper lists Post 6797 here as one of the "pusher uppers" for the "Big Ten" ranks in the membership campaign. With a membership goal of 170, the local VFW post had 122 members at the time of the report. Morris Huff, post commander, has been doing some good work in the membership drive, along with post and district VFW officials Bob Poole, Nick Vukad and several others members.

THE GENERAL Election, held Nov. 4, cost about \$1.45 a vote, we have learned from records in the county clerk's and county treasurer's offices at the courthouse. One or two political observers we've talked to say they consider that "a pretty expensive vote."

In County Clerk Carl Cederholm's office, we learned that 461 votes were cast in the General Election, and County Treasurer Ruth Lee supplied us with information that showed the total cost of holding the election to be \$866.

ELECTION officials were paid a total of \$460 and election supplies cost \$206 for the \$660 total. Payment to election officials was as follows: Presiding judge, \$12; assistant judge, \$10; clerk, \$8.

All of which goes to show that a good turn-out of voters in any election not only is a sign of democracy in action, but also brings down the cost-per-vote.

THE INDUSTRIAL New Review quotes A. Marshall Jones as saying, "The formula for success is simply putting the right people in the right jobs and then sitting on the sidelines and being a damned good cheerleader."

Youngsters certainly do brighten a home . . . you've never yet seen one turn off an electric light.

A MOTHER AND her young son were shopping at a supermarket. The young boy, desiring to help his mother, picked up a package of something and brought it over to her.

"Oh, no, honey," mother cried. "Put it back. You have to cook that!"

Auctioneer: "What am I offered for this beautiful bust of Robert Burns?"

Man in Crowd: "That ain't Burns . . . that's Shakespeare."

Auctioneer: "Well, folks, the joke's on me. That shows what I know about the Bible."

The custom of making New Year's resolutions can be traced to a peacock. The colorful bird was a favorite Christmas dish in early England, according to research experts with The World Book Encyclopedia. It was customary for knights to take the "vow of the peacock" by making their pledge for the new year with their right hand on the peacock.

If all the 2,000,000 pounds of weld metal used on the Navy's newest aircraft carrier USS Independence, was one-fourth inch size, it would extend from New York to San Francisco.

# Garza holding lead in District 5 bond sales

In the first ten months Garza County continues to lead in District 5 in percentage of Series "E" and

## Western is theatre fare

For trend in popular film went west with production of the startling drama, "The Fiend Who Came West," at the Tower Wednesday and Thurs-

day. The startling is the cast. Top CinemaScope production hero, Hugh O'Brien, becomes synonymous with Earp, the law and order man, and tries his hand on the other side of the law and promptly meets "the fiend" of the play by Robert Evans. It is probably safe to say that as the diabolical and later as the bait to the cunning killer, O'Brien has hair-breadth collisions with a half-dozen of TV scripts.

"H" savings bonds sales. Irby G. Metcalf Jr., county savings bonds chairman, announces that through October bond purchases in Garza County amounted to \$11,634 against a quota of \$119,000, or 93.8 per cent of the 12-month goal.

Garza is being closely pressed by Lynn County, which had achieved 93.4 per cent of its quota through the first ten months.

Other counties in District 5 and percentage of quota through October are: Cochran, 48.4; Crosby, 81.5; Hockley, 82.5; Lubbock, 63; Terry, 35.3, and Yoakum, 68.5.

October bond purchases in Garza County amounted to \$3,574. The quota for the eight-county district is \$3,163,000. Bond purchases through October amounted to \$2,122,281, or 67.1 per cent of the quota.

Dr. D. M. Wiggins of Lubbock is chairman of the district savings bonds committee.

## Drive under way to alert public to growing 'food faddist racket'

A nationwide educational campaign to alert the public to what is estimated as the "billion dollar food faddist racket" has been launched by the American Medical Association, the Federal Food and Drug Association and the National Better Business Bureau. State and county medical societies are taking the lead in carrying out the campaign at local levels.

The campaign is aimed at nutritional quacks who operate through an appeal to fear and lure the unwary into buying their products by advancing myths such as: (1) all disease may be due to diet; (2) soil depletion causes malnutrition, and (3) all modern foods are low in nutrients.

At least 50,000 door-to-door vendors and "health" lecturers are selling a variety of "worthless" products to a gullible public, say the sponsoring organizations. Oliver Field, director of the American Medical Association's Bureau of Investigation, warns that food supplement sales men, using a "you are what you eat" pitch, are selling at high costs their expensive-to-produce and ineffective combinations of peppermint tea, herbs,

vegetables, vitamins and minerals.

Absurd health claims, Field says, are made for everything from sea kelp to irradiated peat moss. While the products themselves usually are harmless, great harm can result if the sales man leads the purchaser to believe they have the power to cure diseases — causing needed medical care to be postponed.

According to Dr. Kenneth Milstead, Food and Drug Administration official, the food faddist "threatens the lives as well as the pocketbooks of our people." He adds that despite the high educational level of the American people, quackery and spurious schemes still thrive in all parts of the United States.

"The food faddist makes the old-time medicine man a small-time operator," says Dr. Milstead.

The American Medical Association points out in a pamphlet that nutritional foods are available for Americans in abundance. "There are no shortcuts to health," say authorities. "An adequate daily menu is the best road to health and should include (1) milk and dairy products, (2) vegetables and fruits, (3) meat, fowl, fish or eggs, and (4) bread and cereals."

## 'Indiscreet' brings Grant and Bergman to screen of Tower

"Indiscreet," starring Cary Grant and Ingrid Bergman in the story of a romance between a rich American diplomat and a famous European actress, will show at the Tower Theatre on Friday and Saturday.

Cecil Parker, Phyllis Calvert, David Kossoff and Megs Jenkins head the strong supporting cast of "Indiscreet," which has an original music score by 21-year-old Richard Bennett and a title song by Hollywood's veteran tunesmiths, Sammy Cahn and Jimmy Van Heusen.

"Indiscreet" reunites Grant and Miss Bergman for the first time since they teamed in "Notorious" a decade ago. In the interim, Miss Bergman has added an Academy Award for "Anastasia," and Grant has scored in a series of impressive performances in "To Catch a Thief," "The Pride and the Passion" and "An Affair to Remember."

# Miss Sandra Ray honored Monday at bridal shower

Decorations combined of pink and white were the color scheme for a lower honoring Miss Sandra Ray at her bridal shower Monday evening in the home of Boy Hart.

Guests were invited to call from 2 to 4 o'clock. Boy Hart greeted guests and then to the honoree; her mother, Mrs. Ted Ray; the bridegroom's mother, Mrs. Hillman, and his aunt, Mrs. Hill of Plainview.

Miss Ray's book was presented by Misses Margaret Moreland and Hart.

The dining room was decorated with a Christmas motif with a tree being the center of attention. Adding to the decor was a large mirror on the wall.

A refreshment table was laid out with a unique arrangement of a marshmallow, pink and white atop a mirror. A bride and bridegroom were standing outside the door.

Completing the table were pink streamers with the couple's names, "Danny and Sandra," in silver lettering.

A service was used for the hot punch, white cake and nuts. Misses Betty and Ruth Ann Long assisted.

Guests alternated in displaying the gifts. Gifts for the occasion were:

Mmes. Ray Hodges, Sexton Huntley, L. G. Thuet Jr., Henry Tate, Winnie Henderson, Homer McCrary, Arnold Parrish, Ann Lamert, Glenn Norman;

Also, Mmes. Bill Long, Hope Robinson, James Kennedy, Bobby

Cowdrey, L. H. Ingram, Bob Baker, Leo Cobb, O. F. Pennell, Arda Long, E. M. Pettigrew, W. C. Caffrey, Misses Moreland, Josey, Agnes Windham and Mrs. Hart.

They presented Miss Ray with a gift of a portable hand mixer.

## Postscripts

The Curtis Davies home was the scene for a family reunion and Christmas get-together for members of the Hancock family over the weekend. The group exchanged their family Christmas gifts and enjoyed a Christmas dinner. Present were: Mr. and Mrs. L. P. Hancock, C. N. Hancock, Mr. and Mrs. C. W. Hancock and Charles, Mr. and Mrs. Calvin Hancock and children, L. A. Hancock and Kenneth, and Lee Self, all of Midland, Mr. and Mrs. Billy Guinn Jones and Steven of Lubbock, Mr. and Mrs. Wayne Culvahouse of Snyder, Mr. and Mrs. Roy Stevens, and the host couple. All of the Hancock family were present with the exception of Mrs. C. N. Hancock and Anita Hancock.

Mr. and Mrs. Boy Hart and family were accompanied to Snyder Sunday by Miss Janet Stephens, where they attended the 65th wedding anniversary celebration of Hart's uncle and aunt, Mr. and Mrs. Cornelius Davis. The event was centered around a family dinner and gathering.

Mrs. Charles Williams Jr., was named honoree for a surprise coffee at The Dispatch Saturday morning. Mrs. Williams, the former Miss Ruby Montgomery, was presented a gift of a pink portable mixer. Enjoying coffee and brownies were: Mr. and Mrs. Charles Didway, Mr. and Mrs. Jim Cornish, Chris and Susan, Mr. and Mrs. James Hill, Donald Ammons, Mrs. Noel White, Abel Camacho, and the honoree.

Mrs. Onella Snow and children left Tuesday morning, accompanied by her father, John Shedd, for Oakland, Calif., where Mrs. Snow and her children will fly to Itazuka Air Force Base in Japan to join her husband, A-1c Bill Snow. Earlier, Mrs. Snow had received cancellation orders for her flight to Japan. Shedd will visit relatives in California before returning to Post.

## 'Like A Tree' is program topic at CWFS meet

"Like a Tree" provided the topic for the program at Monday's meeting of the Christian Women's Fellowship Society of the First Christian Church. The Christmas program was under the direction of Mrs. Erwin Lamb.

Mrs. Ronnie Sturdivan gave an individual devotional and Miss Sandra Martin sang "Trees".

Members of the Almon Martin family, assisted by Patricia Roberts, presented a Christmas family devotion—"Devotion for Homes".

To conclude the Yuletide program, Christmas trees were distributed to each family present.

Mrs. Lee Davis, president of the society, presided over a business session, at which time a Christmas program for Dec. 21 was outlined. The program will be for Sunday School classes of the church. Completing the plans for the affair, it was decided to serve refreshments following a Christmas presentation.

## Golden Agers vote to meet at church annex

During a business session last Thursday at Antelope Alley, members of the Golden Age Club voted to meet in the annex of the First Christian Church during the cold weather.

The meeting was opened with the group singing hymns, accompanied at the piano by Mrs. E. E. Pierce, after which a plate luncheon was served to 25 members and guests.

Members urge everyone who wishes to attend, but who doesn't have transportation, to contact any club member and a way will be provided.

## CHRISTMAS PARTY

The Priscilla Sewing Club will hold their Christmas social Friday afternoon at the home of Mrs. Robert Cox. Mrs. Jessie Voss will be co-hostess for the occasion, which will begin at 3 o'clock.

Refreshments of chicken salad, relishes, wafers, cake and coffee were served.

A program on "World Call" will be presented next month by Mrs. K. Stoker.

## Post woman attends party in Lubbock

Mrs. Vada Clary attended the South Plains Dental Assistants' Christmas party in the Lubbock home of Myrtle McWilliams Tuesday evening.

The group enjoyed refreshments and exchanged Christmas gifts.

Others attending included Lola Bruce of Seagraves, Dorotha Guest, Peggy McKinney and Jean Bybee of Plainview, Dorothy Moore, Georgia Faye Morris, Faye Beason, Evelyn Kindstrand, Mattie Lowe, Winnie B. White, Jerry O'Brien, Louise Rucker, Lottie Brown, all of Lubbock, and Gloria Crooks of Brownfield.

the home of Mrs. Powell Shytles. Mrs. George Miller, Mrs. V. L. Peel, and Mrs. Leo Acker were co-hostesses. The evening was begun with roll call of "Recollection of a Past Christmas", after which they gathered their gifts for a white Christmas to be sent to the mental hospital in Wichita Falls.

Decorations of green and gold provided the background for a turkey dinner, served buffet style. They serving table featured an antique gold dish that held arrangements of greenery and gold ornaments, flanked with red tapers in gold candelabra. Carrying out the color scheme, green and gold place mats were used.

Following the dinner, the group exchanged Christmas gifts.

Attending were: Mmes. Leo Acker, Malcolm Bull, Billy J. Carlisle, Bill Cates, Leo Cobb, Bob Collier, Thurman Francis, Conrad Hartel, Lewis Herron, George Miller, Wilma Olson, V. L. Peel, J. B. Potts, Pat Walker, Russell Wilks Jr., N. R. King, Thomas D. Snead, Miss Thelma Clark, and Mrs. Shytles.

## Miss Beth Hamilton marries John Dickey Beggs Saturday

Mr. and Mrs. Gordon Hamilton announce the marriage of his daughter, Beth, to John Dickey Beggs, son of Mr. and Mrs. John Beggs of Lubbock and formerly of this city.

The couple were married Saturday afternoon in Clovis, N. M. They are at home in Lubbock where he is a salesman for P. Lorillard Company. Mrs. Beggs is a nurse at the Methodist Hospital.

Beggs is a graduate of Post High School and his wife attended Post schools before entering nursing.

## District director of B & P W attends local club meeting

Mrs. Anna B. Odell, district director of Texas Business and Professional Women's Clubs, met with the local B&PW Club Thursday evening at 7:30 o'clock. Mrs. Odell, who is from Lubbock, was accompanied here by Mrs. J. M. Young. In a brief address to the group, Mrs. Odell said that members of B&PW were associated in an international organization that is a growing concern with an individual sense of "belong" and "togetherness". She also stated that the group should have inquiring minds

with a zest for finding out what is the matter and do something about it.

Miss Jessie Pearce, Mrs. Helen Livingston and Mrs. Katharine Trammell were appointed to an entertainment committee for the Christmas party, to be held Dec. 18 at the home of Miss Nora Stevens.

Mrs. Clara Campbell was voted into the club.

The table decorations carried out a Christmas theme for a quail dinner served by women of the Church of God of Prophecy.

## KEEP MEETING PLACE

# Corner on Cotton

BY BOB COLLINS

Groups across the cotton belt are holding meetings to explain the new farm legislation as it affects cotton . . . if there is a meeting in your neighborhood (and there probably will be) by all means attend, even if you think you fully understand the bill . . . chances are you'll be the only fellow there who does! . . . here are answers to some questions that keep popping up:

1. Your acreage change will be based on your 1959 allotment . . . NOT this year's allotment. . . this means that choosers of Option "A" will have to reduce their '58 acreage about eight per cent, and "B" choosers will get about 28 per cent more cotton land than they had allotted this year. . . (all this doesn't apply to farmers with 10 acres or less . . . in this group "A" will keep what he's got now and "B" will get a full 40 per cent increase over the '58 acreage) . . . see how confusing it gets?

2. Your choice of Option "A" or "B" is for one year only . . . 1959 . . . the following year you can change your mind if you wish.

3. Nobody can say what the "B" acreage will be in 1960 . . . that's up to the Secretary of Agriculture and it depends upon too many things to even hazard a guess.

Still want to know what you should do? . . . here is the best advice available: Believe nothing you read about what choice you should make . . . it's an individual problem and no writer can give a solution that is best for all . . . talk to county agents, ginners, farm leaders, cotton buyers, neighbors . . . then when you have facts and opinions from all sources, make up your own mind.

### Trash Really Waste?

What's happening to your cotton burs? . . . it could be you are losing all kinds of money by not making use of them, especially if you irrigate . . . recent experiments show that use of burs as fertilizer can increase lint production over 200 pounds per acre . . . they also have other value such as improving water penetration and soil texture.

### Cotton Lazy?

Why does the cotton plant ignore about half its squares and blooms? . . . this is coming under investigation . . . if it can be corrected, your crop could be doubled with no extra land needed!! Gives you an idea of what COULD happen with enough research.

### More Cotton Acreage?

There's a chance that some of you can get additional cotton acreage by being alert to certain county conditions . . . we'll talk about it next week.

### Post soldier is visitor to Nurnberg, Germany

Army Pfc. Troy R. Cartmill, 19, son of Mr. and Mrs. Joseph H. Cartmill of Post, recently spent a three-day pass visiting Nurnberg, Germany.

Cartmill, who arrived in Europe in February of this year, is regularly stationed in Schwabisch Hall, Germany, as a cannoneer in Battery C of the 37th Artillery.

The 1957 Post High School graduate entered the Army in July 1957 and complete basic combat training at Fort Carson, Colo.

### Milking Shorthorn calf bought by Walter Josey

Walter Josey of Post has purchased Cottonwood Robin 254573, a bull calf, from Dean Huddleston, also of Post, according to a news release from the American Milking Shorthorn Society of Springfield, Mo.

The new animal is a purebred Milking Shorthorn and the record of transfer of ownership has been made by the American Milking Shorthorn Society at Springfield.

"TODOS BIENVENIDOS"  
(Church located on Northeast side of town on Spur highway)

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## Sweet Hour of Prayer

Many people come to regard prayer either as a chore or as a waste of time. Either attitude cuts the support out from any real understanding of the part prayer plays in the life of a religious person. The words which title this picture are an expression of one who has found prayer and worship to be most meaningful. Prayer is not sweet because it is a blank check on the Bank of the Universe signed over to us by God so that we can have anything we want. That kind of prayer is not prayer but greedy childishness. Real prayer is the display to God of the heart which seeks to be in harmony with His will, and to accept His way. That kind of prayer will be answered. It is the prayer which expresses the spirit of "Thy Kingdom come, Thy will be done on earth as it is in heaven."

# Don't hold off on Christmas mailings, post office plea

Christmas time because of poor packaging or addressing. He suggested several steps that can be taken by mailers to protect themselves against loss:

1. Check and revise mailing lists.
2. Type or hand-print gummed mailing labels.
3. Use complete addresses. Don't abbreviate. Include delivery zone number.
4. Make a list of your mailing needs and start buying good quality mailing materials now—strong cord, heavy wrapping paper, and so forth.
5. GET AS many as possible of your Christmas parcels in the mails now with a notation that they are not to be opened until Christmas. This will minimize mailing problems during the Christmas rush.
6. Plan to use insurance on all parcels. (Neither insurance fees nor parcel post rates were affected by recent postal rate changes, incidentally.)

Postmaster Voss also discussed what happens when parcels become lost, and some interesting stories that have grown up over the years concerning dead parcel post auction sales.

Lost parcels are auctioned, yielding about a quarter million dollars annually, from approximately half a million parcels, for the U. S. Treasury.

However, this is one of the less welcome sources of revenue. Postal employees know that, in addition to the expenses and delays involved, lost parcels usually mean disappointment for someone at Christmas time, frequently for children.

**POSTAL EMPLOYEES** cannot participate in the bidding. They do, however, act as auctioneers, and take pride in attempting to get as much of the true value of the article as possible.

This is illustrated by the story that one auctioneer became so absorbed in his work he sold the coat to his own brand new suit for a dollar and a half.

In another sale, an astute postal auctioneer noticed an unusual bar of soap and broke it open. Inside was a diamond and emerald brooch which brought \$875 for Uncle Sam. This was one of the biggest parcel post auction sales known to oldtimers. (Being a big one, it happened in Texas, of course.)

Sometimes, though, auctioneers are unsuccessful in their efforts to get a good price. At a San Francisco auction, for instance, the auctioneer let a man's wallet go for a small amount of money only to have the successful bidder lift two \$50 bills from a secret compartment in the wallet.

**FREQUENTLY, LOST** parcels mean a serious tragedy for someone, however. Officials recall the story of one parcel containing a human eye, properly shipped in the correct medical liquids, which could not be delivered because of improper addressing.

Once a local post office has exhausted all efforts to make delivery or return a parcel, and has held it unclaimed for the standard 90 days, it is usually lost forever

## TEXAS SAFETY OFFICIAL POINTS OUT There are many unsung heroes during winter driving season

**AUSTIN** — The unsung heroes of the winter driving season can be found in many occupations, says J. O. Musick, general manager of the Texas Safety Association.

"The official weather forecasters and the weather newsmen give us predictions which are amazingly accurate, and most motorists are wise enough to limit their driving when heavy rains, sleet storms or blizzards are developing," he declared.

"State and local traffic law enforcement officers remain on duty in all types of weather, and when Old Man Winter hits hardest, these officers must continue their patrols and be ready to direct traffic, untangle tie-ups and investigate accidents," he continued.

"When inclement conditions prevail, highway crews are put to a

severe test," Musick said. "Without their aid, traffic would be hopelessly stalled. However, because of their work, the cars, trucks and buses on essential errands usually can get from one place to another in comparative safety."

The safety official declared that the jobs of these highway heroes would be made much easier if all drivers would exercise logical care to meet the usual hazards created by bad winter weather.

"Some drivers always are caught in such emergencies with rundown batteries, no defrosters or heaters, poor brakes or bad tires," Musick pointed out. "Some can't see, some can't move, let alone move safely."

"In many parts of Texas, travelers or local citizens, wait 'til a blizzard strikes to buy chains, and stranded 'til rescued by the Highway Department or police. This costs everybody time and money. There will be instances of the engine stalling, cars skidding into wrong lanes or snowbanks, and drivers suffering from the cold or heart attacks after struggling with stalled vehicles for too long a period."

"It's important to bear in mind that weather is not the direct cause of most mishaps," Musick emphasized. "Accidents are caused by persons who forgot to act properly to compensate for the changes brought about by the weather. We must learn to plan ahead and anticipate how we will act when various wintertime emergencies arise."

to the sender or intended recipient. Rare exceptions are reported from time to time, however. In New York City some years back a mother attending an auction spotted and reclaimed laundry she had mailed to her son in boarding school.

**POST OFFICES** send dead parcels to one of 15 regional dead parcel post branches at Atlanta, Boston, Chicago, Cincinnati, Fort Worth, Honolulu, New Orleans, New York City, Omaha, St. Louis, St. Paul, San Francisco, San Juan, Seattle, and Washington, D. C.

Sometimes, lost parcels are not suitable for auction. Some years back, officials recall, a crate of shrunken heads turned up in the lost parcels, and was gingerly turned over to appropriate authorities in the field of museum work.

## Gable, Day star in 'Teacher's Pet'

Teamed for the first time, Clark Gable and Doris Day appear at the Tower Theatre on Sunday and Monday in "Teacher's Pet," an audience-pleaser that has been called one of the season's great entertainments.

"Teacher's Pet" is the story of tough city editor Gable, who thought books were useless until he fell in love and learned experience hadn't taught him everything; journalism professor Doris Day, who always looked for brains in a man secretly hungered for brawn; psychologist Gig Young, who learned everything there was to know but couldn't use any of it when it came to women, and torrid nightclub dancer Mamie Van Doren, who never gave brains a thought as long as she had her natural talents to rely on.

## Diesel locomotives, freight cars ordered by Santa Fe Railway

Santa Fe Railway is placing orders for 42 new diesel locomotives and an additional 600 new freight cars, President E. S. Marsh of Chicago, announced today.

The new diesels are to be 2400-horsepower units. Thirty will come from Electro-Motive Division of General Motors and 12 from the American Locomotive Company. Deliveries are scheduled for the second quarter of 1959.

The new freight equipment consists of 500 "DF", 50 ft. 6 in. box cars to be constructed in the company's shops at Topeka, Kan., with shock control underframes, roller bearings, and nailable steel flooring. Two hundred of them will be insulated cars. "DF" denotes "Damage Free".

One hundred 70 ton covered hopper cars, each having 3,000 cu. ft. capacity or greater, will be ordered from outside car builders.

(Continued From Front Page)  
thousand dollars by holding out on some of the improvements on the old parts of the building and working them in on a summer maintenance program.

The revised figure on enlarging the school lunch room was \$51,000. Instead of the original cost estimate of \$74,000.

**THE ENLARGED lunch room** would seat 300 persons as compared with its present capacity of about 150.

"The cafeteria you've got now is really crowded," Atcheson said. "It's way too small," Supt. Smith agreed.

The architect explained that the mechanical work on the lunch room enlargement, including new kitchen and plumbing, would be the biggest item. He said it would cost \$21,500 as compared with a cost of \$19,509 for the construction work.

A total of 2,024 square feet of new building would be added to the present cafeteria with the new kitchen itself being larger than the present dining room.

**THE NEW estimate for extending** the elementary school auditorium to make room for an additional 180 seats is \$24,400, which is just \$600 less than the cost estimate submitted by the architects at a meeting with the board on Dec. 1.

Supt. Smith said he didn't believe that was enough seats for \$24,400.

Trustee Quannah Maxey disagreed. "I figure it's worth it if we're going to do away with the high school auditorium," he said.

The architect explained that the 180 seats are all that can be added, since the auditorium can't be extended beyond the present boiler room just to the south.

Monday night's meeting with the architects is set for 7 o'clock.

Four of the seven trustees—Birdwell, Maxey, Burney Francis and Russell Wilks Jr.—were present at Monday night's meeting. The other three board members are E. R. (Buster) Moreland, Bobby Pierce and Clint Herring.

### WMU has Lottie Moon Mission Program at church Monday night

The Women's Missionary Union of the Calvary Baptist Church presented their Lottie Moon Foreign Mission Program Wednesday night. The five major religions of the world—Hinduism, Islamic, Buddhism, Animism, and Christianity—were represented by women in costume.

Mrs. Paul Duren was in charge of the program. Assisting her were Rev. Graydon Howell, Mrs. Graydon Howell, Mrs. Aubrey Phillips, Mrs. Lloyd Anthony, Mrs. Margaret Martinez and Mrs. W. C. Kiker. Special music was by Mrs. Tommy Sepeda and Mrs. Martinez.

### Plans completed for club Christmas party

Plans were completed for a Christmas party when members of the Graham Thursday Club met Dec. 4 in the home of Mrs. Bill McMahon. The group will have their Christmas social Dec. 18 in the home of Mrs. O. H. Hoover.

Attending last week's meeting were Mrs. Jess Propst, Mrs. Hoover, Mrs. Bud Stevens, Mrs. Tommy Markham, Mrs. Nellie K. Babb, Mrs. Ada Oden, Mrs. Glenn Davis and Mrs. McMahon.

Each link of the two anchor chains on the Navy's newest aircraft carrier USS Independence, weighs 360 pounds (total weight 246 tons) and the chains could sustain the weight of four of the largest locomotives.

## Junior Set

By  
CHRIS CORNISH

Mr. Paul Jones, manager of Piggly Wiggly has donated Christmas trees to each room in the junior high. Most of them have already been decorated and they make the rooms look quite festive. Thanks, Mr. Jones.

Most of the teachers have decorated their bulletin boards, which look very nice. If you are hit by a blinding force while walking past Mrs. Gambin's Language Arts room, don't be alarmed, it's just the foil she has stapled across the bulletin board for the background of her Christmas theme.

Victory for the 8th grade girls. Monday night the 8th grade girls and boys played Crosbyton. The girls won 15-10 we are happy to say, but the boys lost 13-23. Good luck next time, boys!

The 1959 Scholastic writing contest is now being held. Students from the 6th grade to the 12th grade may enter. In the junior division, in which we would be, you have to write an essay, poetry or a short story. The manuscripts must be completed by March 1. First place award will be \$35 and second place award will be \$15.

## Vet's Forum

Q. My GI schooling was interrupted more than a year ago when my father was sick and I had to take a job. I understand I may now continue my schooling under a liberalization of VA's regulations. What do I have to do?

A. You should receive soon an application form from the VA. Fill this out completely and return it. VA will send you a certification authorizing you to return to school.

Q. One of our neighbors is a widow of a Confederate veteran and is, I believe, eligible for a pension under a new law. I would like to help her get her pension. How can I do that?

A. Your neighbor will be required to fill out and return an application form which may be obtained from any VA office. If it appears from the completed form that she is eligible, she will receive payments automatically.

Q. I am a Korea veteran with a noncompensable dental condition resulting from an injury received while I was in service. Do I have care within a year from my discharge or can I get treatment at any time?

A. You may apply at any time and receive as many treatments as are needed for your condition.

## Postings—

(Continued From Front Page)  
a lot of checking and rechecking, most merchants agreed to remain open the next two Friday nights until 9 p. m. for the benefit of all the community's Christmas shoppers who work during the day. The first night for shopping is tomorrow night. So come on down and get that gift buying completed early while your hometown merchants still have a good gift selection for you.

Horace Henley, who is really participating these days in a "build Post" drive, now has four more new homes under construction on West 12th Street. Three of them already are sold and the fourth is going to be used by Horace for a "show house." You'll see his announcement on that in The Dispatch when he has it ready for your inspection — which shouldn't be too long now. The Lubbock contractor also is planning to get going soon on Spencer Kuykendall's big new home in Bryan Williams' Westgate addition.

Each of the two rudders on the Navy's newest aircraft carrier USS Independence, weighs 45 tons and equals the floor area of a two bedroom house.

FOR A HAPPY YULE

Keep Christmas safe from fire is sage advice of man's best friend as CBS-TV star Lassie gives sidekick Jon Provost a "Golden Rule for a Happy Yule" tag listing Christmas tree fire dangers. Young Provost, Lassie's TV owner, is one of 4,000-000 Junior Fire Marshals across the country who are attaching fire safety reminder tags to Yule trees on sale in stores, markets and plant nurseries. Tags in the form of golden six-inch rulers are supplied by the Hartford Fire Insurance Co., which sponsors the year-round Junior Fire Marshal program as a national public service.

## Broiler industry in Texas, nation gains momentum

COLLEGE STATION — Can you imagine a broiler flock of approximately 1,600,000,000 birds? That is the estimated number of broilers to be produced in the United States during 1958, and according to Ben Wormeli, extension poultry husbandman, Texas will furnish more than 100 million of these birds.

Wormeli also said that the estimated per capita consumption of ready-to-cook chicken had increased from 19 to 29 pounds during the past 10 years. A decade ago broilers made up a third of the total chicken consumed while today they account for more than three-fourths of the total.

The tremendous strides made by the broiler industry in Texas and the nation, said the poultryman, can be traced to research findings made chiefly at the land grant colleges, such as Texas A&M, in breeding, feeding, health and environment of chickens. Too, the efficiency of the industry now permits the production of a three pound bird in 8 weeks on 7 pounds of feed. The economies of volume per flock have increased to where one man can produce over 100,000 broilers a year in 5 flocks.

The benefits of this low-cost production have been transferred to the retail level and consumers have a ready supply of high quality broilers available every day at attractive prices when compared with other meats of grade A quality.

The returns to growers have been narrowed and every known production skill must be used by them. The current narrow margin doesn't provide any tolerance to cover errors in management, points out Wormeli.

## Cotton crop—

(Continued From Front Page)  
3,833 bales have been turned out. It was estimated that the harvest is "about three-fourths" complete. For the second week, this gin was the only one to report an accident. H. B. Williams, a Negro employe, was cut on his arm by a sampling saw, which penetrated his jacket and shirt. Fifteen stitches were required to close the cut.

It costs more now to amuse a child than it used to cost to educate his father.

## Name committee for bookmobile

County School Supt. Dean A. Robinson and Mrs. Nola Brister, Post Junior High School librarian, have been appointed as Garza County's state bookmobile committee.

The appointments were made by County Judge Pat N. Walker. Duties of the committeemen will include mapping routes and setting stopping places for the Texas State Library's bookmobile unit, which will move into Garza, Crosby, Dickens, Floyd and Kent Counties soon after Jan. 31.

The bookmobile demonstrations will be conducted for one year without cost to the counties cooperating. The purpose of this Library Services Act of the Texas State Library is to promote better library facilities for the people who live in areas where this service is inadequate or non-existent.

## VICTORY DINNER PLANNED FOR DEC. 21

### Methodist budget set; 'kickoff' dinner is scheduled for Sunday

Calloway Huffaker, Tahoka attorney, will be guest speaker at 6 p. m. Sunday at a "kickoff" dinner on a drive to raise \$18,500 as the new fiscal year's budget for the First Methodist Church. The dinner will be held in the church basement.

Plans for the budget campaign have been announced by Bill Edwards, general chairman, following a meeting at the church last Thursday night.

The chairman said approximately

100 members of the church are taking part in the campaign to raise the budget, which amounts to about \$3,000 more than the church has spent in the current fiscal year.

"In early 1959, when the building program is completed," Edwards said, "physical space in the church will have been doubled. This and the spurt in membership growth, which will amount to an increase of about 15 per cent this year, has prompted church officials to increase the budget by one-sixth."

Edwards is being assisted in the budget campaign by three associate chairmen, who are Harold Lucas, Edsel Cross and R. T. Smith.

During the week following Sunday's kickoff dinner, each family of the church will be contacted, and a victory dinner is planned for Sunday noon, Dec. 21.

Committee members attending last Thursday night's meeting included Edwards, Lucas, Cross, Smith, Lewis C. Herron, Bob Collier, Harold Voss, Leo M. Acker, Carl Cederholm, Mr. and Mrs. L. W. Duncan, Jimmy Hundley, Mr. and Mrs. Bob Meisch, Mrs. L. G. Thuet Sr., Mrs. Earl Wrestler, Mrs. Ira Greenfield, Mrs. Wilma Olson, Mrs. Rufus Gerner;

Also, Mrs. Carleton P. Webb, Mr. and Mrs. Malcolm Bull, Max Gordon, Cal Casteel, John F. Lott, Dr. J. E. Carter, Dr. B. E. Young, Mrs. Gordon Hamilton, R. J. Jennings and the Rev. and Mrs. F. Eugene Matthews.

### Antelope teams play at Meadow

Post's high school basketball teams were to play first round games today in the annual Meadow Invitational Tournament.

The Post boys were scheduled to play New Home at 1:30 o'clock, with the Post and New Home girls following at 2:45 o'clock.

If the Post teams win their first round games, they play again Friday night against the winners of the Meadow-Ropesville

boys' and girls' games. If they lose to New Home today, they play the Meadow - Ropesville losers in Friday afternoon games.

Other teams in the tournament are Frenship, Union, Wellman and Pep.

The tournament opened Tuesday with Union defeating Frenship, 44-28, and Pep downing Wellman, 42-18, in the boys' division. In girls' games, Frenship won over Union, 40-31; Wellman defeated Pep, 41-30, and Meadow nudged Ropesville, 46-45.

Post 8th grade basketball teams split with Crosbyton here Monday night, the girls winning, 15-10, and the boys losing, 23-15.

Janith Short, with 7 points, was high scorer for Post in the girls' contest. Linda Ward and Marianne Jones each scored 4 points.

Also appearing in the Post lineup were Marsha Smith, Gayle Hutto, Mary Ann Williams, Wanda Williams, Norma Julian, Jasie Carradine, Ann Long, Barbara Mills and Barbara Craig.

In the boys' game, Royce Chance and Andrew Askins led the Post scoring with 4 points each. Ken Rankin chipped in with 3 and Raymond Gonzales and Buddy Moreland with 2 each.

Other boys seeing action for Post were Steve Bullard, Billy Shumard, David Nichols, Jackie Baldree, Gienn Polk.

### 8th grade girls win, boys lose

Post 8th grade basketball teams split with Crosbyton here Monday night, the girls winning, 15-10, and the boys losing, 23-15.

Janith Short, with 7 points, was high scorer for Post in the girls' contest. Linda Ward and Marianne Jones each scored 4 points.

Also appearing in the Post lineup were Marsha Smith, Gayle Hutto, Mary Ann Williams, Wanda Williams, Norma Julian, Jasie Carradine, Ann Long, Barbara Mills and Barbara Craig.

Other boys seeing action for Post were Steve Bullard, Billy Shumard, David Nichols, Jackie Baldree, Gienn Polk.

### Late basket gives 'B' team victory

A shot from the outside by Donnie Hays with three seconds to play gave the Post Antelope "B" team a 36 to 35 victory over the Floydada "B" team Monday night at Floydada.

The Post team had led until late in the final quarter when the junior Whirlwinds went ahead by one point before Hays' fielder clinched it for the Antelopes.

Wayne Hair's 14 points and Hays' 10 paced the Post scoring. Other boys playing included Kenny Poole, Derwood Mayberry, Jimmy Minor, Mike Cornell and Richard Ray.

The Post freshmen lost to the Floydada freshmen in a preliminary contest.

### O'Donnell and McAdoo added to cage slate

Two more games have been added to the Post Antelope basketball schedule, and Coach Al Parsons is trying to schedule other games for Dec. 16 and Dec. 19.

The O'Donnell Eagles will be Post's opponents on Jan. 6 and Jan. 13, with the Jan. 6 game to be played at O'Donnell.

On Jan. 30, the McAdoo boys' and girls' teams will play here. The McAdoo boys, undefeated this season, won the Floydada Tournament championship Saturday night by upsetting the host Whirlwinds, 71 to 34. The McAdoo girls lost to Slaton in a semi-final game at the same tournament.

### Short's average is 24.2 points game

Jimmy Short, all-district forward on the Post Antelope basketball team, is averaging 24.2 points a game through the Post team's first four games.

Short has scored 97 points on 38 field goals and 21 free throws.

In second place, with 35 points, is Sidney Hart, averaging 8.7 points a game.

In winning three and losing one, the Antelopes have scored a total of 211 points to the opposition's 162. The Post team's game average is 52.7 as compared with their opponents' 40.1.

Following is the individual scoring through the first four games:

(G—Games; FG—Field Goals; FT—Free Throws; PF—Personal Fouls; TP—Total Points.)

### Post 7th, 8th graders lose four games here

Slaton Junior High basketball teams made a clean sweep of four games here last Thursday night.

The visiting 8th grade boys swamped Coach Lawrence Cook's Post team, 59-7, while the Slaton 8th grade girls downed Coach Billy Hahn's Post girls' team by a score of 27 to 8.

The Slaton 7th grade boys won by a score of 27 to 17, with the 7th grade girls taking a 23-17 game over Post.

### Football banquet held for Eagles

The Southland Eagles' football banquet was held at the Spur Restaurant in Lubbock with the pep squad girls as hostesses.

Darrell Jones was presented a scroll as a token of having been selected as Pep Squad Beau by the girls.

Coach Duane Locke introduced James Crawford, Don Pennell and Ronnie Dunn as team tri-captains for the season.

The Rev. Ed Bates, pastor of the Close City Baptist Church, was guest speaker at the banquet.

## Home agent announces plans for beginners' clothing workshop

By JESSIE PEARCE  
There has been at least one copy of the Beginners Clothing

workshop that I will hold in January in the paper and I have talked with many more of you about this work. Everytime I was asked about times, I said that as soon as details were worked out, I would have that information in the paper.

Part of the details are now available, and I will pass them on to you, so all of the women who are planning to attend this workshop can arrange their schedules to fit the dates. On Jan. 5, 1959, at 2:30 p.m. in the 4-H Club building, the first meeting of the workshop will be held. This will be a general meeting for the purpose of determining the number of women who are going to come, for giving the women instructions for getting ready for the actual start of the work, and for instruction on measuring for patterns. At this meeting the groups will be assigned. I can work with only eight women in one group, so the women attending this first general session will be divided up into work groups. This will be done according to the previous sewing experience of the individual, and the times she can best attend.

The groups in which you will work will be determined to fit your schedule as nearly as possible, but where working with a group, that is not always possible, so if you are planning on attending this clothing workshop, keep your January schedule free from any other commitments. You will be very busy doing your sewing in class, and you may end up with some home work. A workshop is just like school, for it really is school.

One thing that I have not mentioned in previous articles is about those women who already sew, but have had no instruction from me, and who would like to have advance dressmaking instruction. These women will be required to attend an elementary clothing workshop before they will be eligible for advanced dressmaking. This may sound ridiculous to you, but it is necessary. The reason for this requirement is that we have all learned our sewing under different teachers and different circumstances, so may not all have the same techniques. To be sure that an advanced class is all starting at the same place, the only way to do this is to have them in an elementary class first. These women who have previous sewing experience would be worked into a group by themselves. They can work much faster than the beginning sewer as they have already learned to manipulate a sewing machine and handle a needle and thread. They would require about four sessions.

Remember, the date for the start of the beginners clothing workshop is Jan. 5; that you must attend this session as I cannot repeat this part of the training for one person; and that if you want advanced dressmaking, you must attend this workshop (if you have had sewing under me, this will not be necessary). For those women who work during the day, if you want a workshop, contact me before Jan. 5, and I will make arrangements for this group. A night group will be for working women only.

## Small number of steers on feed said unprofitable

COLLEGE STATION — Cattlemen in the High Plains of Texas who feed less than 100 steers at a time are not likely to get much "extra" income for their work.

Based on a 20-year study at the Big Spring Field Station a margin of profit of at least four cents a pound is required to give an income equal to the average price paid for farm labor. And that doesn't include the risk in feeding steers.

From the study the Texas Agricultural Experiment Station, in cooperation with the U. S. Department of Agriculture, has prepared a guide for cattlemen in the high plains to use in determining whether feeding steers is a profitable alternative to the cash market for grain sorghum under various feed-livestock, cost-price situations.

"A cowman goes into the feeding season knowing the feed cost and the cost of steers for the feedlot, and he can assume the rate of gain to determine the amount of beef he will produce," says Agricultural Economist William F. Hughes. "What he doesn't know is how much he will get per pound on the market when he sells his steers."

The studies are based on feeding 100 steers for 180 days.

## Patrolmen tests set for January

Examinations will be given Jan. 20, 21 and 22 for positions with the Texas Department of Public Safety, announced Leroy Melton, local patrolman with the Texas Highway Patrol.

Young Texans interested in a career in law enforcement may compete in statewide examinations for the positions of Drivers License Examiner Patrolman, License & Weight Patrolman, Motor Vehicle Inspection Patrolman and Highway Patrolman. Jan. 10 is the deadline for submitting applications to the DPS Headquarters in Austin.

"Job security, paid vacation, sick leave and retirement are only a few of the benefits you will enjoy as a State Law Enforcement Officer. Any young man between 21 and 35, a high school graduate and in good physical condition can contact any member of the Department of Public Safety for an application," Patrolman Melton said.

### Post's marching band gets third division rating

The Post Antelope Band received a third division rating Saturday afternoon at the Region I marching competition in Plainview. Director Bob Meisch said that while he naturally is disappointed over the band not achieving a higher rating, there is no doubt that it put on a much better marching performance Saturday than it has at any previous competition in the last two or three years. The Post band competed in Class AA, where first division ratings went to Slaton, Abernathy and Floydada, second division ratings to Spur, Morton and Olton, third division ratings to Muleshoe and Tahoka, and a fourth division rating to Lockney. Scholastic difficulties besetting three members of the Post band cut its size by that number for Saturday's marching event, Meisch said. The director explained that band members, like members of athletic squads, must make passing grades on three subjects before they can participate.

### NEWS FROM CLOSE CITY

### 'New arrival' in Abilene is great-grandson of Will Teaffs

By MRS. WILL TEAFF  
The Will Teaff's received word Sunday of the arrival of a new great-grandson. Mr. and Mrs. Jerry Morris of Abilene are parents of a boy, Jerry Dale Jr., Mrs. Morris is the former Gay Roberts, and is a granddaughter of the Teaffs' and Mr. and Mrs. D. C. Roberts Sr.

Mr. and Mrs. R. V. Blacklock and daughters visited Sunday with the Pat Blacklocks in Post. Mr. and Mrs. Robert Craig and sons were guests in the home of Mr. and Mrs. Ted Shults and John Sunday. Mrs. Kuykendoll of Post was a visitor in the Durwood Bartlett home Sunday.

VISITORS IN the home of Mr. and Mrs. Frank Bostick and children Sunday were Mr. and Mrs. Howard Justice and daughters of Abilene and Mr. and Mrs. W. H. Childs. Mr. and Mrs. Robert Parker and children were visitors in the home of Mrs. Horton and Dorothy over the weekend. Mr. and Mrs. Roy Saage and daughter, Nan, of Slaton visited in the Howard Teaff home Sunday.

Two programs—a "double feature," so to speak—were presented at Tuesday night's meeting of the Post Lions Club. Lion Thomas D. Snead Jr., pharmacist at Bob Collier Drug, presented the first program, which was a film on the pharmaceutical industry. The second program consisted of an outline by District Scout Executive Bill McGlaun on the new Explorer Scouting program, which went into effect in November. Next Tuesday night's meeting will be in the form of a ladies' night affair, with Lion Ray Henderson in charge of the program.

### OPTOMETRY: The Art and Science of Visual Care

### 20/20 WAS good enough...

For Mr. Snellen, who invented that vision test in 1863. But not for today's needs, for much more is involved. Children in school today do not learn at 20 feet but at near distances, 10 to 18 inches away. That's why testing for skillful vision at "near" is so important. Evidence shows that most children who fail the 20-foot test usually are in the UPPER fourth of their class. Seeing problems increase as the grade advances. In grade school 9 per cent, in high school 24 per cent, and in college 40 per cent of the students have deficient vision. Be sure YOUR child is examined for NEAR vision. That's important!

THIS MESSAGE PRESENTED IN THE INTEREST OF BETTER VISION BY

IN SLATON HOSPITAL  
Benny Howard Green, 13-month-old son of Mr. and Mrs. Billy Green, is in improved condition in the Slaton Mercy Hospital where he is recovering from intestinal flu. Benny entered the hospital Monday night. He is the grandson of Mr. and Mrs. Howard Ferguson.

TO LEAVE FRIDAY  
Mr. and Mrs. M. R. Scott, Richard and Pam, are planning to leave Friday afternoon for Quanah, where they will visit friends and relatives.

### Christmas Time

TIME TO REMEMBER all our friends and loved ones  
A JOYOUS TIME and rightly should be IF  
WE REMEMBER what Christmas really is.  
NOT A TIME TO BE BOISTROUS but a time to be AND A TIME  
TO SHARE OUR JOY with some who may be less fortunate than we are.  
THERE ARE MANY  
Who will not have any Christmas UNLESS WE SHARE with them.  
THE GREATEST CHRISTMAS is SHARING WITH OTHERS  
LET'S REMEMBER  
"In as much as you have done it unto the least of these, you have done it unto ME."

**Bible Thoughts**  
**"As A Man Thinketh"**

by RONNIE PARKER

Proverbs 23:7, Solomon states "As a man thinketh his heart, so is he." God has blessed us with that remarkable faculty known as the mind and has so well suited heaven's message—the Gospel—to the capability of the mind that it might thereby live through faith in Christ. If one lives Christian life one must discipline his thoughts.

Paul gives positive instruction in that matter. Notice his words: "Finally brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report, if there be any virtue, and if there be any praise, think on these things." (Phil. 4:8)

Your soul is dyed the color of your thinking. Follow the instructions and your life will be pure because your thoughts are pure.

**Visitors from Nebraska are guests of relatives in Southland area**

By CAROLYN WARD

Mrs. Alvin Gordon of Bradshaw, Neb., and Miss Rosie Edmunds of Grand Island, Neb., are visiting their father, W. E. Edmunds and Mrs. Edmunds, and their brother and his family, Mr. and Mrs. Martin Edmunds. They attended services at the Pleasant Valley Baptist Church last Sunday.

Mr. and Mrs. Ben Wood of Abilene visited his brother, J. R. Wood, last week.

Mr. and Mrs. Carl Chilcoat and Joan were visitors of Mr. and Mrs. Wesley Scott and sons Sunday.

**THE PLAY** presented by the Southland Junior Class, and directed by Mrs. Kuykendall, last Friday night was very good.

Guests of Mr. and Mrs. Jack Myers and Kelly Jo last weekend

were their son, A-lc Ned Myers and his wife and daughter, Nedra of Dyess Air Base in Abilene. Also, Maj. Ben McCormick, Lt. Lee Chasser, Lt. McClellan, Capt. Talerico, all from Dyess Air Base in Abilene.

Mr. and Mrs. W. P. Lester, who have been visiting their son, Mr. and Mrs. Joe Lester and family in Wellington, Kans., returned home last week. Mrs. Trimble, mother of Mrs. Joe Lester, remained with her daughter and family as Mrs. Lester has been hospitalized.

Mrs. Cody Corbell, Douglas and Mike, of Lubbock, visited her parents, Mr. and Mrs. Reed and Mrs. L. L. Corbell last Sunday.

Mrs. Corbell and Mrs. Reed's mother, Mrs. Wood, are ill this week.

Bryon Milliken and daughter, Janie, of New Home and Mr. and Mrs. Ralph Milliken and family of Wolforth visited their parents, Mr. and Mrs. Ed Milliken recently. Milliken is ill with the flu.

**VISITING MR.** and Mrs. Fred Davidson and Louise last week were Mrs. Davidson's brother, Mr. and Mrs. Bonnie Burke of Long Beach, Calif.

Mr. and Mrs. Kenneth Davies visited Mr. and Mrs. Grady King and sons at Muleshoe Sunday. Mrs. King recently underwent surgery and is now at home.

Recently Mrs. Kenneth Davies, Bill and Arthur, and Mrs. Davies' mother, Mrs. C. S. Oats, visited at Cooper in Delta County.

Rev. Longval, pastor of the Southland Baptist Church, was a supper guest of Mr. and Mrs. H. D. Taylor last Sunday night.

Mr. and Mrs. Earl Morris returned home last Wednesday from a visit with four of their children and families. Mrs. Morris tells us something about the trip:

Friday the 21st of November, we drove to Austin to visit a son, Warrant Officer Earl D. Morris and his wife, Ruth. They took us on a drive in the country around

our state capital.

Saturday, a daughter, Mary Lynn and Walt Lyman and their son, Marc, drove over from Dallas to Austin. Saturday afternoon we went with them to see some of the sights around San Marcos.

We visited the Aquarena where we took a ride in a glass bottom boat in the crystal clear San Marcos River. Through the glass bottom boat we viewed a veritable fairyland where aquatic life is revealed undisturbed in its natural habitat.

Monday we visited a brother and family, Mr. and Mrs. Cecil Morris and daughters in the picturesque town of Gonzales. On Wednesday we drove to Houston to visit the other two sons, Maurice Morris, Jimmy and his wife, Jerry. We ate with them on Thanksgiving and spent the afternoon driving through and around a part of Texas' largest city.

We saw the Battleship Texas, San Jacinto Monument and many other places of interest. We drove onto a barge which carried us across the channel. We visited a sister, Mrs. W. T. Shepherd, who makes her home with a daughter, Mr. and Mrs. Roy Langley and children.

Monday we drove to Dallas after leaving Houston. We drove through the stately pines, other trees and flowers that grow along the highway. We spent two days with the Lyman family in Dallas. While there we visited a not her sister, Mrs. Esma Cash, who makes her home with her son, Bobby, and keeps her grandchildren, Lin, Jay, Hunter and Martha.

**Oil reference book on Garza, Lynn is ready**

Phifer Petroleum Publications of Houston has announced the release of its latest oil reference book, "Petroleum Review, Garza and Lynn Counties, Texas." It is No. 14 in the series of "Petroleum Reviews" that now covers 19 counties of West Texas and New Mexico.

"Petroleum Review, Garza and Lynn Counties, Texas," was compiled by Robert L. Phifer from the records and hearing files of the Railroad Commission of Texas. Although the two counties are included in the same book, a separate section is devoted to each.

The new 119-page book outlines the discovery, development, and production of 62 oil fields that have been discovered in the counties since 1926. There are 47 illustrations, including structure maps of many of the fields used as exhibits at Commission hearings, logs of most of the discovery wells, and a map of the two counties with the fields in color.

Information in the book is complete through Nov. 1 and production for the current year for each field, January through June, is also listed.

The price of "Petroleum Review, Garza and Lynn Counties, Texas," is \$15 per copy and it may be ordered direct from the publisher at P. O. Box 20,204, Houston 25, Texas.

## Church News

The Junior 1, Junior 2, and primary Sunday School classes of the Friendship Baptist Church in the Close City community, held their annual Christmas party Friday night. Christmas cookies and hot chocolate were served to approximately 20 guests. The group played Bible games and sang Christmas carols. Mothers who were hostesses for the occasion were Mrs. Ed Bates, Mrs. Irwin Cross, Mrs. R. H. Sappington, and Mrs. Thurman Maddox.

Wednesday night guest speaker at the worship service at the Church of God of Prophecy was a world evangelist, Harrison E. Price of Cleveland, Tenn. Bro. Price spoke on mission work.

Sunday morning sermon topic at the Assembly of God Church will be "In Whom or What Do We Trust?" Text: 2nd Cor. 12:9. "My grace is sufficient for thee?" as announced by Rev. J. R. Brincefield. The evening message will be from the Text: Romans 8:31, "If God be for us, who can be

ing. Since the officers have designated next Sunday as Every Member Canvass Sunday, the sermon will be dealing with the stewardship of our possessions; is it obligation or opportunity? Pledges for the 1959 budget will also be turned in at the morning service and those unable to attend will be called on by a committee under the chairmanship of Irby Metcalf.

A change in Training Union and service times has been made at the First Baptist Church. Training Union will begin at 6 p. m. and preaching at 7 p. m.
