

WINDOW SHOPPING—
Up And Down
Main Street

Congratulations and Best Wishes are being extended by merchants to all graduates of Garza county. You're invited to look through the ads for a list of merchants who are using this means of saying—"Well done, grads."

The firm of Davis and Humphreys, papa of 18 stores in West Texas, is celebrating its 40th birthday this week. In calling attention to their birthday Paul Jones, manager of the Post store, is using a double truck ad in the Post dispatch with millions of birth-anniversary specials. Clifford Williams, general manager of Piggly Wiggly stores, is pleased as punch over the people's reception of the store. Post Kash and Karry are the moniker of the first store in East Texas and the first store in Lubbock in 1914. They own and transport their own produce from California to a huge warehouse in Lubbock which supplies stores of this area.

Happy Birthday Greeting to the team of West Texans, who believe in and support the things of this great area.

Names mean a lot in business, anywhere else for that matter. It is to identify the name of the owner with his place of business. We like to know the name of the driver of our bus, or the name of the person who curls our hair. Most folks do too—so that is why we were pleased to give the name of H. H. Hudman to the door to Hans' busy Texan station.

Be sure and check May 27 on your calendar. Forrest Lumber Company, formerly Plains Lumber Company, is getting "all-set" to entertain you folks in a big way on that day.

De-Drop-Inn is the name of the cafe formerly known as Underdog's. Mrs. Virgil Priddy and Mrs. Chester Jones have leased the cafe. They plan to give free coffee on Saturday to their customers. The interior of the cafe has been given a new coat of paint, new curtains and has been rearranged more conveniently. They say, "do-drop-in."

A dynamo among your dirty dishes is the Verner team—Floyd and "The" of Verner's Laundry. They open at seven o'clock in the morning and continue at that step until six except on Saturday when the laundry closes at noon. You'll certainly enjoy wash day if you use the automatic facilities of Verner's laundrette.

Something new has been added to Greenfield Hardware—new Worth tools for home use, farm use and for mechanics. It's set up new display counters this week not only for the Worth products but for chrome bath fixtures.

The strike is over so be looking for new DeSotos, Dodges and Plymouths soon. Noah Stone and C. Storie, Jr., are planning big being able to provide you with new cars for that vacation that is in the offing.

Be sure and go to Herring's and get a look at the clever robes, the girls there are wearing—yellow skirts, blue-jean plaid blouses with yellow ties.

Mr. and Mrs. Morris McClellan have bought Joe's Drive in on Highway 1. They are inviting you to visit them. Be sure and go by Monday for free coffee and doughnuts.

The next time you pick up a head of lettuce or a pound of shrimp at your favorite market, there won't be a sign saying "Through the courtesy of Dr. John Gorrie and his machine"—but if it hadn't been for the good doctor's desire to end his patient's fevered days, you'd be making much more menu plans!

For 100 years ago Dr. Gorrie invented an ice machine. He wasn't thinking of preservation of food, or the making of ice cream. His sole purpose was to make ice available at all times for the treatment of patients suffering from fevers.

Total production of Dr. Gorrie's machine was less than 150 units. Today over 7,000 ice manufacturing plants produce 50 million tons each year. The third manufacturing plant in the U. S. was located in Jacksonville, Texas.

Dr. Collier was the first ice machine. (Continued On Back Page Col. 4)

MOTHERLY LOVE—Snooky, an eight-year-old Collie who hasn't had a pup of her own in more than five years, has adopted two three-week-old foxes. Their mother was killed by a hunter. Snooky suckles the pups, washes them, and carries them in her mouth when they stray away. She also nips any stranger who tries to approach them. Snooky is owned by Del Roy Jezek who lives on a farm near San Angelo.

Ticket Sale Is Underway For Rodeo

Tickets for this year's Stamped Rodeo set for next Wednesday, Thursday, Friday and Saturday are on sale at Pure Food Market at the usual price, Ira Greenfield said yesterday.

Greenfield is in charge of ticket sales. Season tickets are \$4.80. Tickets for each performance are \$1.50 for adults and 75 cents for children.

Rodeo directors are putting finishing touches on plans for this year's show, which is slated to uphold the Stamped reputation of being the "fastest show in the west." Opening parade will be at 6 o'clock Wednesday.

Contests will include wild-bull-and-money scramble, ribbon roping, bareback riding, calf roping, saddle bronc riding, cutting horse, and wild steer riding. Prizes will be awarded by local officials.

23-YEAR-OLD THEFT REPAID R. D. TRAVIS

R. D. Travis got a letter containing a confession and a five dollar bill last week, proving maybe that crime is eventually repaid, or something.

The letter said, "Dear Mr. Duke, 'To ease and clear my conscience I am paying to you this \$5 which I owe Bryant Link company for a clock I stole 23 years ago. I am a Christian now, a child of God. Which you know or should know we must have fellowship and good will to man. So please forgive me and pray for me that I may walk closer to the Lord day by day.'"

"Thank you and God bless you."

Oilfield Worker Dies as Result Of Accident Here

Funeral services for Paul D. Smith, 24-year-old oilfield worker, who died in a Lubbock hospital Sunday, were to be held yesterday afternoon before the body was sent by rail to Lanett, Ala., for burial.

He was injured Monday of last week when he was hit in the back by a piece of drill pipe while working on a Sparkman Drilling rig on the Malouf farm at the edge of town. He was carried to the hospital in a Mason and company ambulance.

Smith is survived by his wife and one daughter, Patricia, of Post; his parents Mr. and Mrs. Bill Smith of DeQueen, Ark., and a brother, Tommie Smith of Cantu, Calif. Mrs. L. S. Williams of Post was his aunt. Services were to be in her home.

Smith had been working in Post about a month when the accident occurred.

County Schools Elect Teachers

School boards and trustees throughout the county are completing the election of teachers for next year. F. W. Callaway of Prairie Hill was elected superintendent at Southland.

No other teachers have been elected at Southland. Mrs. Pearl Davidson and Mrs. Amelia Warren were re-elected at Close City which has one more teacher to name. Mr. and Mrs. Bryan Williams, Jr., were re-elected some time earlier at Garnolia.

Mrs. V. A. Lobban was re-elected principal at Justiceburg and Mrs. F. J. Byrd was also re-elected there. Grassburg has not chosen a new teacher and the one who was there this year does not plan to return.

Graham has chosen two teachers who are not yet on contract.

Gillham Preaches Post Baccalaureate

The Rev. T. M. Gillham, pastor of the First Baptist church, gave the main address at the baccalaureate program held at Post high school Sunday night at 8 o'clock.

Mrs. Ray N. Smith played the professional and recreational. The junior class sang "Heavenly Sunlight." Forrest Moyer, Church of Christ minister, read the Scripture. After the juniors sang "Best Be the Tie," the benediction was given by the Rev. Jesse Stratton of the Church of God.

City Equalization Unit To Meet Here May 29

Comanche Selects Fourth Drilling Location in Townsite

Another southeast Garza test, the V. A. Brill of Houston No. 1. Koonsman, nine miles south and slightly west of Justiceburg, has been plugged and abandoned at a total depth of 4,224 feet in Clear Fork lime. It had no shows of oil or gas.

L. M. Glasco and Spartan Drilling company No. 1 Emery Trust, northeastern Garza wildcat, was set to continue drilling to 6,244 feet. Then the hole is to be circulated for samples. Tests of open hole from 6171 to 6237 feet had recovered one-half

Some 28 business people, the Melody Maids and a three-piece string band left at 7:30 o'clock this morning on the second booster trip for the Post Stamped rodeo next week.

Today's trip is to Tahoka, O'Donnell, Lamesa, Brownfield, Levelland, Littlefield, Anton, Lubbock, Slaton and Southland. Stops will be for 20 or 30 minutes except for lunch in Levelland and an hour in Lubbock. A 15-minute program will be broadcast over Radio Station KLVV in Levelland.

Planning to make today's trip were Malcolm Bull, Bill Land, Jack Meeks, H. W. Dodd, Ted Hibbs, O. G. Hamilton, Tom Powery, Wesley Northcutt, Ralph Kirkpatrick, Jim Hundley, Henry Tate, Harold Lucas, Cloyd Curb, Lester Josey, R. B. Dodson, Lowell Short, Carroll Bowen.

Tom Williams, E. A. Warren, Vada Childers, Dr. Glenn Kahler, David Willis, George Samson, Mrs. J. A. Stallings and representatives of Bryant-Link, Higginbotham-Bartlett and the Garza theatre.

Willis will announce today's trip and Warren is in charge. Melody Maids are El Wanda Davies, Nelda Floyd, La Rue Stevens, Anita Kennedy and Barbara Norris, who will furnish entertainment, along with the band.

Clint Herring was in charge of yesterday's trip to Ralls, Crosbyton, Dickens, Spur, Jayton, Roman, Roby, Sweetwater, Colorado City and Snyder.

James Minor was announcer and the same entertainers went along. The trip ran off on schedule, according to reports. Some 600 window cards were placed and 6,000 handbills distributed. Twenty-eight business people went.

Mrs. Templeton Dies Monday In Chillicothe

Friends here have been informed of the death of Mrs. David H. Templeton, wife of Dr. David H. Templeton, who until several weeks ago was pastor of the local Presbyterian church.

Mrs. Templeton died Monday morning after suffering a heart attack in their present home, Chillicothe. Funeral services were conducted for her yesterday at 3 o'clock in Chillicothe. Burial was to be today in Rockwall.

Scholastics in Post District Increase 110 over Year Ago

C. R. Day, superintendent of the Post Independent School district, announced that scholastics in the district increased 110 over last year.

Census list shows 891 white scholastics and 36 Negroes, Day said, making a total of 927. This does not include transfers which Day expects to raise the number of scholastics to 1000.

Average daily attendance during the first eight months of this year was 684, an increase of 37 over last year. Number of teachers required under the Gilmor-Aiken law is based on average daily attendance, Day said. He reported that this year's figure would cause the addition of one more teacher.

Only 62 6-year-olds were listed in the census, although some 90 were enrolled this year, Day said. The large enrollment this year necessitated the hiring of a third teacher, one not provided for by Gilmor-Aiken funds.

Justice J. D. King Assesses 12 Fines

An even dozen fines were assessed last week by Justice of the Peace J. D. King, nine being for highway violations.

Six highway fines of \$1 and costs were levied, while three were for \$5 and costs. Two drunks were fined \$1 and costs and a fine of \$1 and costs was levied for disturbing the peace.

VFW Post Gets New Wheel Chair And Crutches

Bob Pool, post commander of the local post of the Veterans of Foreign Wars, received word that a wheel chair and five pairs of crutches have been shipped to the local post.

The Post VFW received the bed and crutches as the result of a subscription campaign by some farm magazines. Those who sold the subscriptions used an authorization signed by Pool and Sheriff E. M. Bagn.

The chairs and crutches will be available to those who need them, Pool said.

TO PRESENT PROGRAM

Pupils of Mrs. J. A. Stallings will present a musical program at the Garza theatre at 8:30 o'clock Tuesday evening.

DISPATCH CLASSIFIEDS GET WIDE RESULTS

Bruce Shepherd, who is again advertising some lots for sale this week, says he knows people read the classified page, judging from the experience he has had.

Although he has not closed the deal on the lots yet, he said Tuesday, "I sure have talked with a lot of people."

Central U.S. Lauded for Natural Resources, Industry Lack Scored

GETTING OUT
On the LIMB
by **EDDIE the EDITOR**

Daylight saving time has come on very quietly this year—if it has started at all.

I for one am glad to see this needless expense cut out. Far from filling any need as far as I was concerned, it only aggravated a bad condition. Why must we have daylight saving time when night saving time is so much more needed?

My plan would carry both a Democratic and Republican majority, I am sure. I think it would be taken up by everyone but the Communists and everyone knows they wait to find out what someone else is going to do and then object.

I think it would be a good idea to reorganize the whole setup and change the working day from about 10:30 in the morning to about 7:30 or 8 o'clock at night.

In the first place, people would be healthier. Adults need eight full hours of sleep and it certainly is hard to average when you have to stay up until 2 o'clock in the morning playing canasta and then get up at 6 and go to work.

Irving Berlin wrote a song during the first World War about "Oh, How I Hate to Get Up in the Morning." Everyone who has been a veteran or to the Cotton Club in Lubbock knows that from 6:30 to 9:30 o'clock in the morning is the best time for sleeping.

Of course that only gives you three hours, but I think every individual should have a more or less elastic schedule, such as from 2 o'clock until 10 or something like that. That way, one can sleep during the quietest hours of the 24 as long as there are no roosters to crow.

Dogs have quit howling at the moon and cats have quit yowling at other cats by that time. Even the most witless fool is bored with canasta by then and ready to go home to bed. Everybody's kids have come in—or will soon—and scraped the fenders off the car or the doors off the garage.

That is just the time of night to sleep.

Then early in the morning when the sun's rays come through the Venetian blinds about 6 o'clock and wake you up, wouldn't it be a pleasure just to pull the cord and turn over and go to sleep for another few hours?

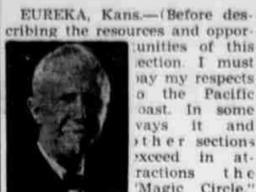

Then about 10 o'clock, a guy could get up and get downtown before the morning coffee hour was over. You could visit around with your friends and still get to the office soon after 10:30.

That way it wouldn't be so long until dinner time, even if you had a late lunch. And a late lunch would make the afternoon shorter. Then you could work around and tend to business until about 7:30 or 8 o'clock and go on home to eat.

I figure it would give a man's wife plenty of time to spend at the bridge club and still she could get home in time to fix more to eat than canned spaghetti.

Too everyone could go home at the same time and except for those eating in the cafes and attending the picture shows, all the cars would be off the streets early and the laws wouldn't have to stay up all night catching redlight runners.

Everyone would get home by dark or soon after and would have a little time to take off their shoes and soak their feet before time for a game or two. This schedule would tend to nip the canasta players in the bud because everyone would have to stop before the pack was

EUREKA, Kans.—(Before describing the resources and opportunities of this section. I must say my respects to the Pacific coast. In some ways it and other sections exceed in attractions the "Magic Circle.")

I especially have in mind CLIMATE. With this apology, readers outside the following six states will forgive me for telling this story.)

Iowa, Nebraska, Kansas, Missouri, Oklahoma, Arkansas and Northern Texas make up the "Magic Circle" area of 400 miles diameter, located at the heart of the United States. The center of the "Magic Circle" is at Eureka, Kansas. Its annual income has increased in ten years from \$16 to \$16 billion dollars—or an increase of about one thousand dollars a year for each man, woman and child.

Anyway, it is a good idea, and I offer it to the powers that be for whatever it is worth. Anybody likes a change and I don't think we are ever going to get a Republican administration.

Now that it's nearing rodeo time, I'm getting my air conditioner fixed up and ready to go. The late rain really cooled things off and the only dust you could see was that that fell out of the air conditioner.

Speaking of rodeos, the West is really getting tony. Bob Warren wore his orange shirt a couple of days last week like everyone else but those that just came out in the regular clothes didn't serve any time for it, so Bob put his white shirt back on like nearly everyone else.

What has happened to the hoosegow this year?

Nobody was thrown in all last week and by Friday more and more people were walking the streets in civilian clothes. Me, I never did put on my boots because I'm waiting until people get in the spirit of things.

The wild bull and money scramble is the event I can't wait to see. More bull is thrown in Collier's Drug store every day than will be during any one performance of that rodeo, I'm betting. However, getting the price of a cup of coffee out of some of the bull-throwers is really a greater accomplishment than getting the \$20 bill off the bull will be.

This new color chartreuse seems to be really the berries for new cars. Heaven only knows it's nauseating in an automobile. Next thing you know they'll have chartreuse antsy-pantsies, or whatever they call 'em.

Chartreuse is all right for mesquite trees early in the spring. It does fairly well for lime sherbet, although I was never much of a sherbet man. I can remember one year when all the women—God love 'em—came out in chartreuse dresses with fuschia "toppers." (A topper is a little short spring coat.) I didn't think so much of the color at the time and the years haven't changed my opinion.

Post's telephone system is surley a world-beater. No where else on earth can your phone ring at 4 o'clock in the morning and keep on and on ringing while you lift the receiver and shout into the mouthpiece. At least that's what Giles McCrary thinks.

A lot of people have finally got telephones that have been trying for a good while. I don't have any criticism of the local telephone people, but I sure wish they could expand the local set-up.

The way it is now, you call some numbers and get plugged right in on a conversation. I learn more about Mrs. Joe Blow's backache that way. I usually find out her feet are tired before I hang

west is the greatest winter wheat area; to the north is the greatest corn belt; to the east is one of the last great stands of hardwood forest; to the south is the greatest cotton belt; and the center is one of the greatest beef cattle raising areas.

This "Magic Circle" is rapidly becoming one of the richest vegetable, fruit, egg, hog, poultry, alfalfa, soybean and dairy products areas. It is an inexhaustible source of hay, straw and vegetable cellulose for the manufacture of wallboard, roofing, insulating material, paper, cardboard, films, plastics, thickeners, coatings, rayons and the many other magic synthetics of modern science. Almost 30% of recent prices, of the agricultural production of America comes from the "Magic Circle." It is truly the greatest of the seven great breadbaskets of the earth.—three in Asia, the two in Europe and the two in North and South America.

America's "Magic Circle" is the richest 400-mile radius in minerals. Under its western plains lies the greatest gypsum, salt

deposits and gas fields, with a reasonable amount of oil production; to the north are the greatest bauxite and aluminum deposits; to the east the greatest lead and zinc mines; while to the south are the greatest sources of sulphur, coal and petroleum. There are vast deposits of cement and other building materials, such as glass sands, bentonite, dolomite, barites, tripoli, granites, sandstones, limestones and ceramic clays. Nearby are great reserves of volcanic ash, potash, nitrates and other fertilizers.

Human Resources Markets The "Magic Circle" is also rich in human resources. Fifteen million people live in the "Magic Circle," five million living on farms, and almost one million engaged as skilled or semi-skilled workers. Twenty-three percent of all public schools in America are located in the "Magic Circle," from which twelve percent have attended college. Selective Service records show these prairie states were the healthiest of all the U.S.

Even the commanding generals of the last four great wars

of American history came from the "Magic Circle"—General Grant, General Funston, General Pershing and General Eisenhower! People there think more about God and try harder to live by the Ten Commandments and the Sermon on the Mount. The little white churches work with the little red school houses developing a Utopia of government.

Surrounding the "Magic Circle" are among the greatest markets of the earth. Within 500 miles of its circumference are 55 million of rich and intelligent customers. The world's best transportation system, consisting of two million miles of highway, 165,000 miles of railroads and unlimited airlines spread from the "Magic Circle" to serve these markets.

Sad Population Trends Yet in the period from 1930 to 1940 more than a million and a half people moved away from these six great states! Only the birth rate saved them from a net loss during that ten year period. Its greatest loss was among its young people—many of them college men and women,

—the topsoil of energy, imagination, ability and enthusiasm. The explanation is that most of the "Magic Circle" income is from agriculture and only very little from industry and business—whereas, for the United States as a whole, just the opposite is true. Here, the richest agricultural, mineral and human area of the earth is losing population because it lacks the industry to convert its raw materials into finished products.

The "Magic Circle" "gives away" its wheat to Battle Creek at \$75 a ton and then buys it back, as corn flakes or shredded wheat, at \$500 a ton. It "gives away" hay and wheat straw at \$15 a ton and then buys back paper and cellulose pulp products at \$100 a ton. It "gives away" alfalfa at \$15 a ton and buys it back from Detroit as vitamin pills at \$1000 a ton. It "gives away" cowhides at \$5 to \$10 a hide and buys back shoes and fancy leather goods at \$100 a hide.

It "gives away" its petroleum at \$2 a barrel and buys back flavoring extracts, synthetics and perfumes made, from this oil,

at \$12 a barrel: it "gives away" its salt at \$3 a ton and buys back industrial chemicals and medical preparations, made with this same salt, at \$2000 a ton. The "Magic Circle" destroys billions of cubic feet of gas for carbon black at 5 cents a pound and buys back shoe polish at \$1 a pound!

The "Magic Circle" ships a dollar's worth of volcanic ash to Chicago where a little soap is added and then it is shipped back to the "Magic Circle" in fancy colored boxes as kitchen cleansers at 100 times the price. The same comparisons likewise apply to what happens to all other agriculture and mineral products.

Present Opportunities The immediate opportunities which I see here are in developing processed food products, coke and by-products, paving and roofing materials, furniture, paper, stone, clay and glass products; textile manufacturers, wearing apparel, electrical equipment, farm implements, stationary gasoline engines, chemicals, drugs, rubber goods, leather products, and many ad-

ditional goods. To manufacture existing products would require 10,000 additional plants, producing an average output of \$300,000 a year each, supporting two million more people and providing investment for approximately \$2 billion of new capital in the form of increased bank deposits, insurance funds and safe securities. But to put this over, 100,000 more salesmen of character, intelligence and energy are necessary. These are the immediate needs.

(This trip has again convinced me that Horace Greeley's famous advice: "Go West Young Man" continues to be good. Readers desiring to ask any special question should write Byron Dunn, President of the National Bank of Commerce, Lincoln, Neb., who is also President of the Magic Circle Educational Foundation,—a non-profit institution.

The Egyptian city of Kahm built about 3,000 B. C. for workers on the Iliahun pyramid, was among the first "planned" cities.

TEXANS IN WASHINGTON
By **TEX EASLEY**
Associated Press Washington Service.

WASHINGTON, Ap.—There's a weak spot in the federal program for harnessing that nation's water resources, says Rep. Tom Pickett of Palestine.

He says there is a gap between the soil erosion program of the Agriculture Department and the flood control and navigation program directed by the Army Engineers.

As Texas' sole member of the House Public Works committee, which handles legislation dealing with flood control and rivers and harbors projects, Pickett has made a study of just how the improvements authorized by this committee tie in with the soil erosion program.

"There now is the need for installation of such necessary work projects as will effectively close the gap between these two existing programs," he says.

"I have introduced a bill, HE 8188, which authorizes the Department of Agriculture to give consideration of and treatment to this so-called 'no-man's land' between where its work now stops in the up-lands and where the Engineers' program ends on the main-stem of the rivers."

Work authorized under the Pickett measure would include construction of barricades, or dike-like affairs along gullies to hold back flood waters. It would include digging channels to divert rushing waters and planting special types of vegetation to check run-off, thus helping prevent erosion.

Such improvements should not be too expensive, says Pickett, and they should bring immediate results in preventing damage to highways, railroads and public utilities. And he believes they also would reduce annual crop losses from overflowing bottomlands.

The Brannan Plan is back in the news with President Truman stumping for it on his cross-country tour.

In the last few months one Texan has continuously plugged it in his weekly newsletter. "It is my belief that we need the changes outlined a year ago by Secretary of Agriculture Brannan," said Rep. Wright Patman of Texas in one of his recent letters.

Describing the present farm program as "outmoded," he went on:

"Federal funds should not be used to increase the number and size of industrialized, factory-type farm enterprises.

"What public purpose is to be gained from using federal funds to pay a \$376,000 subsidy to a Boston banker who happens to own land in Maine?"

Under the present farm program the government buys commodities when their price drops below a "parity" figure.

Parity is a formula designed to give the farmer prices for his

up in disgust.

So many changes have taken place here—people have moved out of town or somewhere else, that you can't guarantee yourself that you'll call for the right party anyway. Another thing that I don't count among my blessings is that REA hum on the rural lines.

I've just about given up calling up Al Bird to find out about Gertrude. Best I could understand, she was committing deprecations in Al's vetch... pulling it up by the roots. Maybe that is SOP for a female porpoise converted to fresh water, during mating season.

Back to the telephone company. I don't want any of those girls getting mad at me. I think they do fine, but I sure am getting browned off with what they have to work with. I am sure that in the interest of progress, something can be worked out.

Minute Editorial

Tex Easley in today's Washington column prints a fairly lucid account of the Brannan plan which is generally about as intelligible to the general public as the income tax Form 1040. We were interested in Representative Poage's plan for the farmers—an insurance program. We believe the government price support program, another facet of the Roosevelt dole, has served a purpose, in many ways good. The farmer is better off today than he ever has been. But we also feel that the small farmer has disappeared, replaced by subsidized major capitalists. Until 1932 it was God's prerogative to help those who help themselves but since the inauguration of the government agricultural support program, Uncle Sam seems to be the one to help certain occupation groups go on and on helping themselves at the public troughs. It is human nature to want one's share of what is being given away. But a government program is not a give-away. Someday, someone will pay. The farmer doesn't notice now that money that comes in as subsidy payments is going right out next March in income tax. He is making a lot more money but he is paying more than twice as much for a new car than he was 12 or 15 years ago. Must we continue to support an insidious program of socialization that is already taking away the farmer's freedom of enterprise? Most of us in Garza are farmers or of farm decent. When are we going to wake up and pay our own way?

have to be worked out after the principle is understood, Poage added:

"There is a strong resentment on the part of a great many members of congress against the present farm program. They also don't like the Brannan Plan.

"Whether the farmers like it, or not, they may be faced with the threat of losing price supports, and that would be disastrous. The way I see it, city congressmen would much more quickly pass legislation setting up a program under which the farmers contributed to the cost."

Poage said the Brannan Plan might be tried out on perishable commodities, such as eggs, but is unnecessary for cotton and other storable crops.

His idea of farmer participation in the cost is the only essential difference from the plan advocated by Brannan.

Poage's idea is to have the grower pay, through a processing tax or some such arrangement, approximately 3 to 5 percent of the value of his crop. The government would put up the remaining money that might be necessary to insure the farmer a parity income.

Poage concedes this plan would reduce the income of the farmer by the amount of his financial participation, but he says it might be the difference

between his continuing to have some kind of price support or nothing at all.

Will Teaffs Build Spacious Farm Home North of Close City

The spacious white sided bun-
dles with the green shingle
roof just north of Close City be-
long to Mr. and Mrs. Will Teaff.
Mr. and Mrs. Teaff celebrated
their second anniversary of liv-
ing there May 1. Fluorescent
lighting and hardwood floors are

outstanding features of the
house.
A small entrance porch is on
the southwest. A carved wood
door with three small panes of
glass at the top opens into the
living-dining room. Dimensions
are 16 x 26 here. Venetian blinds

are on the three sets of double
windows, covered with glass pan-
els in rose and off-white.
On either side of the maroon-
upholstered couch are small end
tables. On the south wall is an
oil painting of some roses, given
Mrs. Teaff by a daughter who

lived in California. Beneath it
is a blue-upholstered overstuffed
chair.
Off-White and Silver Paper
Walls are papered in an off-
white with a silver pattern. An-
other gift to Mrs. Teaff, with
sentiment attached, is the old
hinged cedar chest in this room.
A religious picture is over the
couch and another floral print is
on the dining section wall. Pic-
tures of the Teaff children and
grandchildren are placed about.
A lace tablecloth covers the
large gate-leg table. At one side
of the dining area is a water-
fall buffet with a small mirror
above it. On the other side is a
library table. A large bowl of
roses and other flowers centers
the dining table.

Dining room chairs are seated
in blue and tan plastic. An up-
right piano is also in the living
room.
Behind the dining area is the
18 x 8-foot kitchen. Walls are
painted pale green. White swags
trimmed in red and blue are at
the windows and back door.
A red checked cloth is on the
breakfast table. Red plastic and
chrome breakfast chairs com-
plete the set. Mrs. Teaff's range
is butane. Her hot water heater
is in the kitchen closet. Electric
appliances include the refrigera-
tor, waffle iron, toaster, mixer
and coffeepot. The Teaffs also
have an electric water pump.
Enameled Cabinets
Mrs. Teaff bought enameled
cabinet units for the sink wall.
They are white. A window is
above the sink. Across the room
is the white cabinet Mrs. Teaff
bought the day after she was
married.
"It wouldn't be home if you
gave up everything," said Mrs.
Teaff. She has kept a number of
pieces that she is sentimentally
attached to, having bought them
soon after her marriage.
The cream separator is one of
the most often used articles in
her kitchen. A wall hanger holds
a small copper pot of ivy.
Next to the kitchen is the
master bedroom. It is in the mid-
dle of the house.
This room has one double win-
dow and a single window. Venetian
blinds cover these beneath
blue dotted Swiss Priscilla cur-
tains. A blue chenille spread is
on the bed. A blue platform
rocker and a tan platform rocker
are in this room.
Dresser and Small Chest
The dresser here and a small
chest of drawers are other arti-
cles bought by Mrs. Teaff the
day after her wedding. A large
blue upholstered couch is also
in here.
Wallpaper has a yellow back-
ground with a pale yellow and
blue flower. The floor lamp has
a pale yellow and blue flower.
The floor lamp has a white
shade with a blue trim. Mrs.
Teaff sews in this room, keeping
her cabinet model electric mach-
ine here.
This room is heated by a large
circulating heater. A table with
flowers on it is in front of the
back windows and a varnished
nail keg makes an interesting
piece of furniture, holding a
round metal bowl of ivy.
Mrs. Teaff has an enormous
closet in her bedroom, which she
uses for a dressing room. It is
papered like the bedroom and
has space for clothes racks,
shelves, laundry bags, shoe bags
and a large trunk.
A square hall, 9 x 9 feet in
dimensions, leads from the liv-
ing room to the bedrooms and
dimension, leads from the liv-
ing room and contains a quilt
closet and an extra closet for
the boys.
Built-in Dressing Table
The bath is 9 x 12 feet. A

built-in dressing table contains
a linen closet and dirty clothes
hamper at the lavatory. Cabinets
are built-in on either side of the
medicine chest. Walls are enameled
white halfway up. Wallpaper
above is green and rose on a
gray background. White curtains
at the window are trimmed in
green. A small wall heater
warms the bathroom.
"The boys' room is the coolest
in the house," says Mrs. Teaff.
The back bedroom, it is on the
southeast corner of the house.
It is papered in a plaid of green,
tan and white. Furnishings in-
clude two double beds with green
chenille spreads.
Mrs. Teaff plans to replace
this furniture with a ranch-style
suite. Shades are at the windows.
A big wooden chest is at the
foot of one bed. The wardrobe in
this room was bought by Mrs.
Teaff early in her marriage.
Boys Have Heater
The boys have a large circula-
ting heater to warm their room.
A tan patterned linoleum is on
the floor. The boys, Roy, 18, and
Audie Vee, 14, and the Teaffs'
grandsons, Ernie Wayne, 11, and
Dennis Popham, 7, live in this
room. Besides a closet in the
hall, they have a large closet
in their room.
On the walls are ribbons the
two middle boys won in 4-H ex-
hibitions.
The front bedroom is the guest-
room. Pale green curtains of
woven marquisette are at the
double windows. The double bed,
dresser and chest are carved,
in a light wood. A waterfall
cedar chest is in this room.
Wallpaper is a blue-gray back-
ground with roses surrounded by
a cream frame. The ceiling is
gray patterned. A large closet
is in this room. Both bedrooms on
this side of the house are 14 x
15 feet in measurement.
Saw House She Liked
"I saw a house I liked over
near Idalou," Mrs. Teaff said,
"but we couldn't build this house
exactly like it because the bed-
rooms would have been next to
the road and I didn't want that."
Wallace Barnett redrew the
plans.
The Teaffs went to Abilene and
bought a large, 50 x 280-foot,
barracks from Camp Barkley.
They tore down most of the bar-
racks except for a shed which
they put behind the house for
tractors and tools.
D. C. Roberts, sr., built the
house. Mrs. Teaff has done quite
a bit of work on the yard. She
has planted foundation shrubs
as well as a lawn. They have 14
or 15 advanced rosebushes and
cannas, gladioli and dahlias
have been growing.
Seven Children Away
Mr. and Mrs. Teaff have seven
children away from home. One is
in the army in Japan. Mrs. Teaff
wanted a big house because the
children come to visit several at
a time.
"We have big rooms and ev-
erybody can come without crowd-
ing us," said Mrs. Teaff. "I
wanted it where the grandchild-
ren could play around and not
be right underfoot. With our big
rooms, that's the way it is."
Mr. and Mrs. Teaff purchased
the place they are now on about
three years ago. Prior to that
they lived a mile west of Close
City. They had lived there since
1926, when they came to Garza
county from Merkel.

Hear From Duck
Killed last Fall**
T. R. Hibbs this week received
a letter from the Department of
the Interior regarding a banded
pintail duck he and Ralph Welch
shot last fall on the Welch ranch
northeast of town.
According to the letter, writ-
ten by a biologist with the Fish
and Wildlife service of the de-
partment, the duck was banded
at Mamawi lake, Alberta, Cana-
da, in 1948.
Purpose of the banding, ac-
cording to the letter, is to carry
on investigations relative to the
migrations and histories of North
American birds. Wild birds banded
in North America have been
recovered in Argentina, Siberia,
Africa, Greenland, France and
the middle of the Pacific ocean
on Palmyra Island.
These reports indicate that
Black ducks may live 17 years
in the wild; Caspian tern, 22;
Purple martin, 14; chimney swift,
12 and chickadee, nine years.
Some six million birds have been
banded since 1899, the letter
stated. Some 500,000 have been
recovered.
Mr. and Mrs. James Patty and
two children returned to their
home in Fort Worth Friday after
spending a week with his par-
ents, Mr. and Mrs. H. L. Patty,
and his brother, Billy Patty.

Mr. and Mrs. Mickey Edwards
and Mrs. Kitty Wade and daugh-
ter, Ruby Jewel visited Wednes-
day of last week in Levelland

Mrs. R. W. Babb and daughter,

Mr. and Mrs. Wiley Melton and

Sunday in the home of Mr. and
Mrs. R. L. Cummings.
Mrs. Sherill Boyd and son, Don,
and Mrs. Boyd's sister, Mrs. Joy

Hunt-Brooks Vows Are Said Friday In Hereford

Mr. and Mrs. C. W. Hunt of Meadow, formerly of Post, are announcing the marriage of their daughter, Novell, to Robert Brooks of Meadow.

The ceremony was performed in Hereford, Friday with the Rev. R. L. Shannon pastor of the First Baptist church, officiating.

The bride wore a white suit with brown accessories and a red rosebud corsage.

After a trip to Denver, Colo., the couple will be at home in Meadow.

Mrs. Brooks, granddaughter of Mr. and Mrs. E. W. Cross, attended Post high school and is a graduate of Muleshoe high school. Before her marriage she was employed by Bell Telephone company in Lubbock.

Mr. Brooks is a graduate of Meadow high school.

Miss Smith Weds James R. Hundley Friday Afternoon

Miss Shirley Ann Smith, daughter of Mr. and Mrs. Leon D. Smith, Fort Myers, Fla., became the bride of James R. Hundley, jr., son of Mr. and Mrs. James R. Hundley, Friday.

The Rev. A. B. Cockrell, pastor of the First Methodist church performed the ceremony at 5 o'clock in the afternoon, in the home of the bridegroom's parents.

The couple will be at home here June 15, after a trip to Florida.

The bride is a graduate of Fort Myers high school and was formerly employed by Pan American Airway.

Mr. Hundley, a graduate of Post high school and Texas Technological college in Lubbock, is associated in business with his father in Hundley's Men's store.

Womans Culture Unit Meets for Program

Mrs. L. A. Presson was hostess for the next-to-last meeting of the Woman's Culture club last Wednesday. Mrs. Lee Davis was cohostess.

Answer to roll call was the name of a famous opera. During the business session future club projects were discussed. Mrs. D. C. Williams directed the lesson on operas and opera music. She gave the stories of several records that were played.

Refreshments were served following the program.

Visitors this weekend in the M. H. Martin home were his father and mother, Mr. and Mrs. T. H. Martin of Sweetwater. The elder Mrs. Martin celebrated Mother's day and her birthday at the same time.

Dr. Kahler To Talk On County Hospital At HD Council Meet

Dr. Glenn Kahler will speak Tuesday afternoon at 2:30 o'clock in the district courtroom on a county hospital for Post. His audience will be members of the county home demonstration council and other interested persons.

Following Dr. Kahler's speech, a council meeting will be held.

Mystic Club To Meet In Lowell Short Home

The Mystic Sewing club met Friday afternoon in the home of Mrs. Lester Nichols with Mrs. Raymond Gerner as cohostess. A short business meeting was held following a period of sewing and visiting.

Refreshments of sandwiches, potato chips, cookies and punch were served to 14 members and a visitor. The club will meet May 26 in the home of Mrs. Lowell Short.

CHURCH NEWS

By GANELL BABB

THE SPIRIT OF LIFE IN CHRIST

There is therefore now no condemnation to them which are in Christ Jesus, who walk not after the flesh, but after the Spirit. For the law of the Spirit of life in Christ Jesus hath made me free from the law of sin and death. For what the law could not do, in that it was weak through the flesh, God sending his own Son in the likeness of sinful flesh, and for sin, condemned sin in the flesh: That the righteousness of the law might be fulfilled in us, who walk not after the flesh, but after the Spirit; for they that are after the flesh do mind the things of the flesh; but they that are after the Spirit the things of the Spirit. For to be carnally minded is death; but to be spiritually minded is life and peace. Because the carnal mind is enmity against God; for it is not subject to the law of God, neither indeed can be. So then they that are in the flesh cannot please God. Romans 8: 1-8

The First Baptist church sends two of its young people to Ridgewest, N. C., for a week of the summer long assembly. The lucky young girls who were chosen to go are Sue Gillham and Pearl Self. Individuals are sending Mary Nell Bowen, Robert Smith and O. K. Bowen, Jr. A friend of the Gillhams who lives in Waco is sending Mrs. Gillham with the group. June 7-14 is the date and this week is known as the Southern Baptist Student Retreat. Each day of the week will include Revellie, morning watch, Bible hour, Christa service opportunities, Christian leadership hours, convocation, recreation and seminars. Many outstanding speakers will be on program but probably the most outstanding will be Dr. Baker James Cautchen who has just returned from the mission fields of China. The Post group will leave here June 4 and return the 18th.

Mr. and Mrs. John Lott and the Rev. A. B. Cockrell will be among the 350 ministers and 250 lay delegates at the 41st session of the Methodist Northwest Texas Conference which will open Wednesday, at the First Church in Big Spring, Park Place, Wesley Memorial and First Church are hosts for the conference. Bishop William C. Martin of the Dallas-Fort Worth area will preside. The conference will continue through Sunday.

Mrs. Hub Haire of the First Christian church attended a district council meeting in Lubbock last week.

The Young Married Woman's class of the First Baptist church enjoyed a coffee and business meeting in the home of Mrs. Odean Cummings Wednesday morning of last week. Attending were Mrs. Raymond Gerner, Mrs. L. J. Richardson, Jr., Mrs. Ed Sims, Mrs. Gladys Taylor, Mrs. Elmer Teal, Mrs. Max Tucker, Mrs. L. R. Guest, Mrs. Nathan Mears and a visitor, Shirley Smith.

Ted Hibbs, Bill Land and the Rev. A. B. Cockrell attended a Methodist Men's meeting in Slaton Monday evening.

Mother's Day at the First Baptist church was well attended in Sunday School and church. Corages were presented to Mrs. B. K. Bowen, oldest mother present and the youngest mother present, Mrs. W. L. Gilbert. There were 62 years difference in their ages. Visitors who registered for the service were Mr. and Mrs. W. J. Kelly, Cisco; O. R. Cannon, LaPryor; Mrs. J. D. King, Post; Mrs. W. J. Benson, Tahoka; Mrs. Dick Ivey, Denison; W. E. DeBorde, Pasadena; the Rev. and Mrs. C. A. Wilcox, Lubbock, and Gerry Bertram of Crosbyton.

Sunday is the last Sunday in the conference year at the Methodist church. Yesterday a final district meeting was held in Brownfield. Dr. J. O. Haymes, district superintendent, presided over the meeting and he and his wife were hosts for a luncheon for the pastors and their wives of the district.

Mrs. John Coleman was honored Sunday at the Methodist church as the mother of the most (eight) children as were Mrs. Lula Floyd and Mrs. Carl Clark who each have seven children. Mrs. C. A. Batchelor was presented a gift as the oldest mother in the service and Mrs. Charles Casey was honored as the youngest mother.

Annual P-TA Adult Sewing Class Will Begin Next Week, with Homemaking Unit

A demonstration on the latest sewing machine attachments by a Mrs. Tucker from Lubbock will open the annual Parent-Teacher association adult sewing course Wednesday, Miss Bessie Pitts, homemaking teacher, announced.

The demonstration will be given from 2 to 4 o'clock, Miss Pitts said. The course will meet at that time each Wednesday through June 28. It is open to any adult interested. A program will be

worked out to suit the interests of the class members, the teacher said. In the past, the group has taken a tour of Post's new houses.

A course will be offered high school homemaking students from 9 to 12 o'clock in the morning each Tuesday and Thursday. It begins next Tuesday and ends June 29. Purpose of this course is to redo the homemaking department, Miss Pitts said.

Merry Makers Meet Thursday To Make Quilt

Merry Makers club met Thursday with Mrs. S. C. Storie, sr., to quilt a quilt.

It was announced that the next club meeting would be Tuesday with Mrs. Dave Sims as hostess and members were urged to bring their quilt blocks so the quilt top can be put together.

Refreshments were served to Mrs. R. E. Bralton, Mrs. Pearl Crisp, Mrs. Gladys Floyd, Mrs. George Fulton, Mrs. M. H. Martin, Mrs. Lonnie Peel, Mrs. Sims and the hostess.

P-TA Installs Officers Thursday At Final Meeting

Officers were installed when the final meeting of the Post Elementary High Parent-Teachers association was held in the high school auditorium Thursday afternoon.

The same officers were returned that held office last year. Mrs. W. M. Kirkpatrick was leader and gave a resume of the year's work. Delegates to the district conference reported.

Class attendance awards went to Mrs. L. H. Welch's primary room, B. M. Hays' intermediate room, and the seniors in high school. Mrs. Paul Jones, president, was in charge.

Mrs. Lammert Is Honored At Party Monday Afternoon

The home of Mrs. H. D. Hollman was the scene of a miscellaneous bridal shower honoring Mrs. Fred Lammert of Lamesa, the former Miss Ann Russell, Monday afternoon.

Mrs. H. H. Hudman, sister of the honoree, greeted guests. The entertaining rooms were decorated with bouquets of mixed spring flowers.

The refreshment table was laid with lace and centered with a bouquet. Mrs. Roy Williams and Mrs. William Lester, cohostesses, served cake and punch to the guests.

Mrs. Hudman and Miss Betty Basinger assisted the honoree in opening the gifts. Miss Basinger also registered guests.

Propst Home Is Scene of Graham Club Meet

The Graham Thursday club met last week with Mrs. J. A. Propst. Eight members enjoyed a period of sewing and visiting and a short business meeting.

Refreshments of strawberry short cake and cokes were served. The club will meet May 25 in the home of Mrs. Bill McMahon.

BITS OF NEWS

Mr. and Mrs. O. V. McMahon and daughter, Ruth, are to return home tonight after attending the graduation exercises for the McMahan's son, Louis, in Kansas City, Mo., Tuesday night. Graduate of Nazarene theological seminary, young McMahon has accepted a church in Oregon.

Mr. and Mrs. Bill McMahon and children spent the weekend in Amarillo visiting Mrs. McMahon's mother.

Mr. and Mrs. E. E. Pierce, primary; Mrs. Iven Clary, junior 1; Mrs. G. W. Pennington, junior 2; and Mrs. Robert Cox, intermediate. Mrs. C. M. Murphy will serve as general secretary. School hours are from 8:30 until 11:30 each morning. All children of the community are invited.

The J. R. Durrett home was the scene Monday night of a business session of the Wesleyan Service Guild. Officers were re-elected with the exception of Mrs. Bill Land who resigned as vice president. Mrs. Paul Moore was elected to replace her. Eleven attended.

Calvary Baptist GA's Are Honored At Banquet In Church Thursday

The GA's of the Calvary Baptist church were honored with a banquet given by the WMU in the church last Thursday evening.

Green, yellow and white were used in decorating and table centerpieces were arrangements of larkspurs and roses surrounded by green and white candles.

The menu consisted of creamed potatoes, fresh peas, cabbage salad, fried chicken, cherry pie and punch.

The Rev. O. L. Jones, pastor,

led in the opening prayer and Mrs. Jones gave the welcome. Mrs. Jim Barron of Close City gave a reading, "High Culture." Mrs. T. M. Gillham was guest speaker.

Christine Blodgett gave the response and Reba Hays discussed the purpose of GA; Johnnie Fay Graham talked on Star Ideals and Glenda Pierce presented GA emblem and colors. Mrs. J. R. Davis offered the benediction.

Thirty guests attended.

BITS OF NEWS

Mr. and Mrs. E. C. Hill and son, Melvin Hill visited relatives in Denison Saturday en route to Oklahoma City where they will also visit relatives.

Mrs. J. R. Kiker and Mr. and Mrs. L. B. Pate and children accompanied Mrs. Thomas Craig and sons to their home in Amarillo Saturday.

Sauteed chicken livers served with scrambled eggs and garnished with parsley make a festive dish for Sunday brunch. Mushrooms may be cooked with the livers if desired.

Among the college kids we saw home last weekend for Mother's day were Rusty and Jerard Bowen, Billie Nichols and Junior Malouf of Hardin-Simmons in Abilene and Ronnie Bouchier of NMMI in Roswell.

Mighty smart kids PHS turns out. We were told that Betty Mills, valedictorian, had an average of 98.06 and Sue Bell Brister, salutatorian, had an average of 97.02.

Roy and C. W. Wade of Lubbock spent the weekend here. These boys have jobs with Southwestern Bell Telephone company there and are doing right well for themselves.

Jimmy Hundley was not only born and married in the same house, but he and Shirley were married in practically the same tracks as his parents, Jim and Mae, which we think is quite unusual and nice.

Gerry Bertram of Crosbyton visited here last week with her sister, Mrs. Carroll Bowen.

Danny Redman and Jerry Epley flew to Odessa with Jerry's dad Friday afternoon and attended the rodeo there that night. They returned home Saturday. We heard that the rodeo was more interesting than the plane ride.

Post Housewives Prefer Cakes but Pies and Salads Rate High

Cakes are an ever-popular dessert, regardless of the time of year with Post cooks. Others like salads, frozen and otherwise, and pie is always a favorite.

Main dish recipes are popular, too.

Mrs. E. W. Williams has a favorite recipe for Royal White Cake. Ingredients include:

- 1 cup sugar
- 2 cups flour
- 1/2 cup shortening
- 3 teaspoons baking powder
- 1/4 teaspoon salt
- 4 egg whites
- 1 cup sweet milk
- 1/4 teaspoon vanilla

Cream shortening; gradually add sugar. Sift flour, baking powder and salt together; add to mixture alternately with milk. Fold in stiffly beaten egg whites, then add vanilla. Stir just enough to make the mixture smooth. Bake in three 9-inch cake tins in a moderate oven. Mrs. Williams ices this with a Boiled Frosting. Ingredients include:

- 2 cups sugar
- 1-3 cup syrup
- 1-3 cup water
- 2 egg whites
- 1 teaspoon vanilla

Dissolve sugar, water and corn syrup. Boil without stirring until syrup forms a rather firm ball when tested in cold water. Pour this syrup slowly over the stiffly beaten egg whites, beating constantly. Continue beating until mixture holds its shape, add vanilla.

This frosting will keep in a covered jar in a cool place. If it becomes hard, add a small amount of hot water and beat well. Fresh coconut, canned shredded coconut or pineapple may be used with this frosting. Mrs. Lefty Davies cannot decide which she likes best, the

cake or the icing for Prune Cake. Her recipe calls for:

- 1 cup sugar
- 3/4 cup butter
- 3 eggs
- 3 tablespoons sour cream
- 2 cups flour
- 2 teaspoons cinnamon
- 1 cup chopped nuts
- 1-8 teaspoon salt
- 1 teaspoon baking powder
- 2 tablespoons milk and shortening
- 1 cup chopped cooked prunes

Cream butter and sugar, add eggs and vanilla. Beat until creamy. Add sour cream and shortening. Then stir in dry ingredients, nuts and chopped prunes. Bake in a moderate oven until done.

Mrs. Davies' icing calls for:

- 2 eggs
- 1 cup sugar
- 1/2 cup sour cream
- 1 teaspoon vanilla
- 1 cup chopped cooked prunes
- 2 teaspoons butter
- 1-3 teaspoon salt
- 1 cup chopped nuts

Mix all and cook until thick, then spread on cake.

Mrs. D. C. Hill, Jr., can really please her family when she serves Apple Cream Pie. Apple pie in any variation seems to be an American classic. Mrs. Hill's recipe includes:

- 2 cups chopped apples
- 3/4 cup sugar
- 2 tablespoons flour
- 1 cup thick sour cream
- 1 egg, well beaten
- 1/2 teaspoon vanilla
- 1-8 teaspoon salt

Combine sugar and flour. Add cream, eggs, vanilla and salt. Beat until smooth. Add apples. Pour into pie shell and bake at 450 degrees Fahrenheit for 15 minutes. Reduce heat to 325 F and cook 30 minutes. Remove from stove and sprinkle with mixture of:

- 1-3 cup sugar
- 1-3 cup flour
- 1/4 cup butter
- 1 teaspoon cinnamon

Mix these ingredients together and sprinkle over the pie. Return to the oven and bake at 325 degrees until brown. If there is not time to mix up this topping, Mrs. Hill suggests merely using brown sugar.

Mrs. Lawrence Epley has a recipe for Alaskan Salad that really is the berries for hot weather. It doubles as a salad or dessert. Ingredients are:

- 3/4 cup pineapple juice
- 1/2 package vanilla ice cream powder
- 1/2 cup white cherries
- 1/2 cup diced orange
- 1/2 cup peaches
- 1/2 cup pineapple
- 3/4 cup nuts
- 1 cup whipped cream

Add pineapple juice to powder and stir until dissolved. Add nuts, fruit and cream. Freeze without stirring for four to six hours.

Mrs. B. F. Evans has a recipe for Meat Balls that she made up herself. It is tops with her family and she feels that other Dispatch readers might like to try it. Ingredients are:

- 3/4 pounds ground beef
- 1/2 pound ground pork
- 1 egg
- salt and pepper to taste
- 1 tablespoon Worcestershire sauce
- 1 onion, finely cut
- 1 can tomato sauce
- 1 cup bread crumbs soaked in sweet milk.

Stir well and make into balls. Flour balls and brown in deep fat. These are simmered in a sauce made of:

- 1 large can tomatoes
- 1 onion, chopped
- salt, pepper and sugar
- 1 tablespoon Worcestershire sauce

Mix together and bring to boil. Add meat balls and boil slowly one to three hours.

Mrs. Reese Bivens feeds her family Tuna Bake with Cheese Swirls for a nutritious main dish that is delicious as well. Ingredients are:

- 3 tablespoons chopped onion
- 1/2 cup chopped green pepper
- 4 tablespoons fat
- 1 teaspoon salt
- 6 tablespoons flour
- 10 1/2-ounce can condensed chicken soup
- 1 1/2 cups milk
- 1 can tuna
- 1 tablespoon lemon juice

Brown onions and pepper in fat. Add salt and flour and blend. Add soup and milk, then drained tuna and lemon juice. Pour in greased baking dish and cover with cheese swirls and bake at 375 degrees for 30 minutes.

Cheese swirls are made. Mrs. Bivens said, by rolling grated cheese in biscuit dough and slicing it like ice box cookies. Place the swirls on top of the tuna mixture and bake.

For really good Coconut Pie. Mrs. R. B. Dodson says use:

- 2 egg yolks
- 1 cup milk
- 1 1/2 cups sugar
- 3 tablespoons flour
- 1 cup coconut

Beat egg yolks. Mix with flour, sugar and coconut. Add milk and cook over double boiler until thick. Pour into one 9-inch baked pie crust and top with whipped cream.

Mrs. W. C. Caffey has a recipe for Cocoa Pie that is tops with her family. Ingredients include:

- 1 1/2 cups milk
- 2 eggs
- 1-3 cup cocoa
- 1 cup sugar
- 1 teaspoon butter
- 2 heaping tablespoons corn-

starch or flour
pinch of salt
2 teaspoons vanilla

Heat one cup of the milk with the butter, cocoa and salt. Add to sugar, cocoa and salt. Add well beaten egg yolks and pour all into hot milk and butter mixture. Cook until stiff in a double boiler. If open pan is used, stir constantly.

Line deep pie tin with rich crust, pricking with a fork. Bake to a delicate brown. Put in filling and frost with egg whites, beaten well and sweetened and flavored to taste. Put back in oven and brown slightly.

Mrs. Paul Duren has two recipes that will please the good hostess. One is for Quick Coffee Cake and the other for Crystal Salad. The cake calls for:

- 2 cups flour
- 2 teaspoons baking powder
- 3-4 teaspoon salt
- 1/2 cup sugar
- 6 tablespoons butter
- 1 egg, wellbeaten
- 1/2 cup sweet milk

Sift flour once, measure and add baking powder, salt and sugar. Sift again. Cut in shortening with combined egg and milk, then add to flour mixture, stirring until blended. Turn into greased pan. Spread dough evenly and brush with melted butter, then sprinkle with sugar and cinnamon. Bake 25 to 30 minutes at 400 degrees Fahrenheit.

Mrs. Duren's salad recipe is especially nice for parties, since it serves 15 people. It includes:

- 1 large can diced pineapple
- 1 quart white cabbage, shredded
- 1 box diced marshmallows
- 1 cup blanched almonds

The dressing for this salad calls for:

- 1/4 cup sugar
- 1 teaspoon flour
- juice of 2 lemons
- 4 tablespoons white vinegar

Cook dressing until thick and white not add beaten whites of 2 eggs. Cool and mix with vegetables. When ready to serve add 1 cup whipped cream.

Mrs. Elmer Long fixes plain old potatoes in a different and delicious way. She calls her recipe merely Stuffed Potatoes. Among the ingredients are:

- 8 regular size smooth potatoes
- 1 cup cooked meat
- 1 cup sifted bread crumbs
- 1/2 cup finely chopped nuts
- 1/4 cup melted shortening
- 1/2 teaspoon poultry seasoning
- pinch of salt
- 1 to 2 tablespoons milk

Pare potatoes and cut in halves, lengthwise. Cut out centers and grate them. Mix grated potato with other ingredients and fill hollows of potatoes. Put halves together with a couple of toothpicks and place in a baking

pan in a hot oven. Baste each potato every 10 minutes with the melted shortening.

Mrs. John T. Herd has a recipe for Devilish Crab that is good for seafood lovers. It calls for:

- 1 cup chopped crab meat
- 1/2 cup finely chopped mushrooms
- 2 tablespoons butter

2 tablespoons flour
2-3 cup white soup stock
2 egg yolks
chopped parsley, salt and pepper

2 tablespoons sherry wine, if desired
Make sauce of flour, butter and soup stock; add egg yolk, seasonings, crab meat and mushrooms and boil three minutes.

rooms and boil three minutes. Add parsley. Let cool and put in cracker crumbs and brown in oven.

Mrs. Guy Fisher and two children of Seagraves were weekend guests in the home of Mrs. David Schultz.

Connell Company Is Oldest Continuous Chevrolet Dealership in This Section

Connell Chevrolet's 27 years in business here makes it one of the oldest continuous Chevrolet houses in this area.
The late C. C. Connell bought the Post Auto company from C. V. O'Keefe and John Easley in 1923. Prior to that time, there had been a number of automobile agencies here, but Chevrolet is the second oldest now.
J. P. Manly, present manager of the company has been connected with the business almost 24 years. He had known Clyde Connell for several years in Big Spring and in Tahoka where he had a lumberyard. Manly was farming at the time he came to

work for Connell Chevrolet.
"I came to collect for a month, and I'm still here," Manly says. He was first employed as a salesman. At that time the business was operated by Connell and three employees, Manly; Dayton O'Keefe, bookkeeper; and Bill Childress, mechanic.
Manly Becomes Manager
In 1930, Manly became manager of the company and later, a stockholder. Now he has some 15 employees with an annual payroll of some \$50,000.
"We had some tough sledding during the depression," Manly recalls. "We didn't sell much until 1935. For four years during the war, we did very little business. But now we have a waiting list and all we do is supply cars. I haven't sold a car in a long time—I'd kind of like to do some selling for a change."

The Chevrolet house was located across the street east of the bank where Connell remodeled a building for it when he purchased the business. It stayed there for a number of years. The building had two stories with a tower on top. A rooming house was in the upper story. It caught fire and burned in 1930.

Moved After Fire
Then the Chevrolet house moved to where Hudman Furniture company now is. During the depression the business moved back to the original location until the new building was built in 1939.

"It was pretty difficult to sell Chevrolets at first," Manly recalls. "People just laughed at you when you tried to sell them one."
It is different now, Manly says. He has sold 75 new Chevrolets to one customer. Another, W. J. Satterwhite, bought one the first year and has been buying Chevrolets ever since.

One of the oldest Chevrolets in Garza county, still in operation was sold to W. H. Newberry in 1928. He drove it for several years then sold it to Homer McCrary. One of McCrary's employees is still driving the car.

Closed Car in 1926
The closed car came in in 1926, Manly recalls. Before that all the cars were open. Tudor coaches were the most popular sellers then. Fordor sedans are most popular now.

According to Manly, Chevrolet has introduced a number of new features in the low priced field. They include knee-action, turret top, no-draft ventilation, self-starters and now the "power-glide" transmission. Foam rubber seat cushions were another first, Manly said.

Healers came in in about 1928, he recalls. He thought some cars had radios about 1932, but they were not too popular until 1933, he said.

"During the first three years after the war, people would come in to buy a Chevrolet at list price and wave a thousand-dollar bill at us," Manly said. "We kept the cars for our local customers because we felt that they had built up our business and were entitled to them. Chevrolets still bring a bonus, but no-

thing like that." The local firm was noted for selling cars at list price.

Former Postite Attends AF Class in Panama City, Fla.
Capt. J. D. Martin, son of S. D. Martin of Route 2, is among the numerous Texas officers in the current class of the Air Tactical school at Tyndall Air Force base, Panama City, Fla.
The school, commanded by Brig. Gen. J. K. Lacey, is the basic school of the Air university. Here carefully selected officers learn fundamentals required of all Air Force officers. It is an intensively broad academic course including instruction in leadership, administration, public speaking, military management, personnel management, military law, public information, group discussion, tactics, operations, strategy, new developments in aircraft and equipment, intelligence, supply, maintenance and other subjects.
Classroom instruction is supplemented, for flying officers, by training flights in tactical aircraft. Upon completion of the four-month course student officers return to their home bases from which after a period of service, many will attend other advanced school in the Air university system.

Weldon Young Rites

(Continued From Front Page) ney. He was born September 9, 1921, near Grassland.

He served as a sergeant in Company F, 335th Infantry regiment in World War II. He entered the service at Lubbock, July 11, 1942, and served in the European theatre. He was holder of the EAME Campaign ribbon with 2 bronze stars and a good conduct medal.

Survivors include his parents Mr. and Mrs. D. L. Young of Lubbock; five sisters, Christine and Rena Belle Young of Lubbock; Mrs. C. B. York of Post; Mrs. A. C. Blackstone of Lubbock and Mrs. D. O. Vincent of Essexville, Mich., three brothers, Henry of Lubbock; D. L., Jr., of Post and Doyle of Lubbock; his fiancée, Miss Lucile Meador of Lubbock and a friend Bill Hall.

Palib...ers were William Young, Lester Josey, Bill Hall, Gayle Young, R. E. Josey, Shirley Young, Roy Josey, Bobby Ho do and Arlin Smith.

Flower girls were Elsie Dale Wright, Glenda Mae Young, Wynona Hodo, Gloria Young, Sedora York, Willia Faye Graves, Joyce and Loyce Josey, Patricia Sanders and Margaret Dalton.

Crime in the U. S. in 1949 was 4.5 per cent above 1948.

BURIAL RITES for F/O James "Tom" Cook will be in Arlington, Va., June 1. His mother, Mrs. O. R. Cook of Route 2, will attend the service. Flight Officer Cook served as a bombardier on a B-17 in the European theatre. He was reported missing in action November 26, 1944.

Governor Shivers To Talk in Tulla On Conservation

Gov. Allan Shivers will recognize soil conservation work in Garza county when he speaks at a banquet in Tulla May 19 honoring soil conservation in 51 Panhandle counties.

Several people from here have been invited to attend the banquet.

The governor had two soil conservation appearances scheduled in Texas this week. The first was May 16 in Houston. Tulla is the other special appearance the governor plans in observance of Soil Conservation week.

Johnny Linn, Uncle Jay of Radio Station KGNC in Amarillo, will be master of ceremonies at the dinner. Mr. Linn was recognized May 1 in Fort Worth at the state soil conservation awards program as farm editor of KGNC which won the state award for outstanding work in soil conservation.

The West Texas State college band from Canyon will salute the governor when he arrives and then will appear at the banquet. Members of the band will present a variety program during the dinner.

Mrs. J. H. Babb was ill at her home this week.

MILES OF PIPE—These sections of pipe for the construction of another "big inch" pipeline for the Tennessee Gas Transmission company were unloaded at Banquete, for the second section for a 2,000 mile gas line that will terminate in New York. A total of 150 carloads of pipe, 17 to a car, have been stockpiled for the 70-mile section between Agua Dulce and Edna, in South Texas.

Main Street Paving Begins at Last

Paving is underway on West Main this week, with work also being done on the curbs and gutters.

Congregation of the Baptist church is paving the center strip in front of the church, and a 10-foot strip on the side for parking purposes. The rest of the street will be paved on each side next to the residences.

According to reports, the paving project has been completed on the rural section in Precinct 2.

Nabor Castro, Jr., Is Buried Here Thursday

Burial was held here last Thursday in Terrace cemetery for Nabor Castro, Jr., a 23-year-old Latin-American, who was killed May 9 at Hobbs, N. M., when an irrigation pump on which he was working burst into pieces.

Also injured in the accident was the dead man's brother, Pablo Castro, and the owner of the pump, a Mrs. Floyd. Funeral services were held in the First Mexican Baptist Church in Brownfield.

A veteran of World War II, Castro was preceded in death by his mother three weeks ago. Mason and company assisted with the burial.

Ramsey Announces For Lt. Governor

Ben Ramsey of San Augustine, backed by a long record of out-standing service in both the Texas House and Senate, has announced for Lieutenant Governor.

Ramsey resigned as secretary of state Feb. 9 to prepare for the state race, convinced that the thinking people of Texas must take a more active interest in the actual operation of their state government.

Ramsey has been a leader in advancing rural electrification in the state and in the farm-to-market road program. **POLITICAL ADVERTISEMENT**—From the Texas Press Association (Pol. Adv.—Paid for by friends of Ben Ramsey)

Millers Tackle Sundown Here After Mauling Slaton Sunday

Post Millers get a go at Oil Belt league leading Sundown again Sunday and Seagraves next Thursday night with their second victory under their belts. Bill Holcomb and Bill Ramage pitched the locals to a 19-7 walkaway over the Slaton Lions before a crowd of 400 in Miller ballpark Sunday. Charlie Willis played in the infield and got on base six times for six times up. Holcomb, veteran righthander, has been signed to pitch each Thursday and Sunday for the Millers. Living in O'Donnell, he has pitched for Post in other years. With the game on ice, Manager Dan Altman put in Bill Ramage, high schooler, for the experience. Ramage got four strikeouts from the six men he faced. Local fans found his performance outstanding for a youngster. Millers cleaned up their fielding Sunday committing only two errors against the Lions compared to the 10 slips against Levelland in the previous game. Five errors were counted against Slaton.

Post took advantage of the perfect weather to blast across 11 runs during the first three frames. Joel Locke started for Slaton and retired the first two Millers. Before another out was made, Post crammed five runs across on an error and five hits. One of the hits was a double by Catcher Walter B. Holland. Getting to Locke for two more runs in the second, the Millers sent him to the showers in the third with a four-run outburst. Jack Cornell and Charles Presley took over on the mound for Slaton but the Post barrage continued with the Millers scoring in each inning except the eighth. The win was credited to Holcomb. Dell Hester got four hits for six trips and R. M. Thomas and Holland each got three for six. Al Griffin, Slatonite, got four for five. He accounted for more than half of his club's safeties. Post broke even in conference tussle with Sunday's win which was the fourth straight defeat for the Lions. Sundown knocked Levelland's perfect record sky-winding while Seagraves was defeating Denver City.

10 Million British Bettors to Get Break

LONDON May 17. —P—The 10 million Britons who play the football pools will save a little money next year. The government has lifted a ruling which required advance payment for pool entry blanks which are called coupons. The usual charge was two shillings (28 cents) for the coupons for a 42-week soccer season. The money—about one million pounds (\$2,800,000)—went to the operators of the pools. With the lifting of the order, a spokesman for the pools said the coupons will be given free. The government said the rule was to control the use of paper.

Penn State Returns Back to Center Post

STATE COLLEGE, Pa. May 17. —P—Johnny Podrasky, a blocking back in the single wing here-tore at Penn State has been cast in a different but not unfamiliar role under State's new football coach, Charles A. (Rip) Engle. Podrasky, an outstanding center as a schoolboy at Jessup, has been returned to that position in spring drills.

20 Trotters Start Season in Fast Mile

NEW YORK May 17. —P—Sixteen pacers and four trotters started the 1950 harness racing campaign with mile races of 2:00 or better to their credit. One of the horses, W. N. Reynolds' Lorraine, earned a pacing mark of 1:59 last year, but is competing at the trotting gait this season.

Cleveland Browns Get Australian Fans

CLEVELAND May 17. —P—"Meet the Browns," the promotional film of the Cleveland Browns football team, is being booked around the world. Recently it was shown to the employees of a rubber company at Christchurch, New Zealand. The game was new to the viewers, although they play a game somewhat similar but without blocking. That contact work intrigued the group from down under and two American style football squads are being organized. Big problem is getting someone to teach them the game.

New Baseball Rules Leave More to Ump —Likely Including Pop Bottles, Boos

FROM THE...
GRANDSTAND
by WILBUR MARTIN
Associated Press Staff

Do you think the 53,578 persons who watched the first Texas League game of the season proved Dallas can support major league baseball?

Dallas—if it were in the major leagues—would probably support the team. So, probably, would Fort Worth, Houston or even San Antonio. All of these cities support Texas League baseball.

R. W. (Dick) Burnett, the owner of the Dallas club, has said the big crowd was in indication that Dallas was ready for major league baseball.

The night after the opening game Dallas drew 1,048 fans. It was a cold, drizzly afternoon that preceded this second tilt. In other home games soon after the season started the Eagles drew: 4,849; 6,053 for a double-header; 1,760; 3,094; 2,443. (Box-score attendance figures).

The weather was bad some of these nights. The fact Dallas wasn't winning also probably contributed to the small turnouts.

The 50,000 plus who saw the first game were a mixture of baseball fans, curious, and novelty seekers.

The game was played in the Cotton Bowl football stadium; there were nine past greats of baseball on exhibition, and there were the Kilgore Rangerettes, a fancy-stepping, good-looking girl drill squad from the deep East Texas Junior College.

In an informal poll before the game, several people were asked at random why they came to the game.

One of the best looking blondes in sight was emphatic as to why she was at the game: "My husband made me come." Most of the others said they wanted to see Ty Cobb, Charley Gehring, Mickey Cochran, Home Run Baker and the other greats they had read about.

The point is that you can't prove Dallas—or Houston, Fort Worth or any other Texas city—is ready for major league baseball unless you use a yardstick that will stretch over 154 games.

Instead of using the first game as one, it might be better to point out that Dallas last year drew 404,851 for the 1949 season. With a club that finished out of the first division, too.

Will Keep Umpes Busy

Stewart must have had a cinch when he refereed hockey games. He says these changes are being made "to give the umpires something to do."

"They'll have plenty to do. But what about the fans? Who's going to explain what's going on? It looks like a good season for the concessionaires. The games are bound to be longer. There could be more hitting and more bases on balls.

Some veterans feel these changes and alterations will make baseball a more interesting game. But think of the rube-rubs and boos.

And think of the poor umpire. Looks like he's in for a short life.

Next time you make stewed tomatoes, add a little Worcester-shire sauce along with the salt and pepper for good flavor.

By FRANK ECK
AP Newsfeatures Sports Editor

NEW YORK—The poor umpire! The life of the boys in blue will not be worth much this season unless the fans agree with the umpire's judgment.

The obstruction rule probably will cause many loud boos. When the first baseman blocks a runner rounding first it will be up to the umpire to decide whether the runner is entitled to one, two or three extra bases.

Under the old rule the runner was given one base for interference. "We will do this on judgment alone," explains Senior National League Umpire Bill Stewart, who is also a member of the rules committee.

This is Stewart's 18th season as a major league umpire and National League President Ford C. Frick couldn't have picked a better man to explain the rule changes to all the players in his league.

Stewart made the west coast Florida camps in less than a week early in March, flew out to Catalina Island after a stop at Los Angeles, then went to Phoenix and returned to Florida. He has answered more questions than the cop in the Times Square information booth.

To Watch Double Plays
The double play, one of the prettiest plays to watch, will come under closer scrutiny this season.

"The runner must make a legitimate effort to reach the bag," says Stewart. "If he deliberately goes out of the baseline it's a double penalty if we think the fielder, under normal conditions would have had time to complete the double play. Then it will be two out."

Another rule to be enforced is the play where the catcher blocks home plate without possession of the ball.

"We've been very lenient on the catcher blocking the plate without the ball," reveals Stewart. "Now he must have the ball to block the plate. A runner can run around the catcher and out of the baseline to reach home plate when the catcher blocks the plate and doesn't have the ball."

From here it looks like a lot of catchers will be sitting down looking up.

A Few More New Rules

"The runner stepping on or kicking a ball near the foul line will be out," says Stewart. "There's always a chance the ball will roll fair before it reaches the base. And where the coach touches a slow roller, even in foul territory, the batter will be declared out. It's a new rule this year."

"The catcher now can go into either dugout to catch a foul ball. But if he falls down while making the catch, the runner is entitled to an extra base."

Can you imagine Walker Cooper running into the Polo Grounds dugout for a foul? Or Yogi Berra trying to get in the Red Sox dugout for a high foul? It may never happen but there's no rule preventing the opposing benches from forming a picket line. And what happens when a catcher goes into the enemy's dugout and comes out with a bloody nose?

The biggest rube-rub of all will come from the balk rule. It's new despite what you've read. An American League official points out that most of their pitchers always have stopped for one second.

"With a man on base the pitcher must stop his motion for one second before throwing to the batter or it will be called a balk," says Stewart. "The old rule said only that a pitcher must stop but now we've added 'for one second.'"

"The intentional walk rule also has been changed. The catcher now can leave his spot behind home plate when his pitcher throws an intentional ball."

The pick-off play has been changed. "If the pitcher throws wild into the stands with his foot in contact with the rubber, the runner gets one base," says Stewart. "But if the pitcher steps off the rubber and makes a wild throw he is considered an infielder. On such wild throws into the stands or a dugout the runner will get two bases."

Will Keep Umpes Busy
Stewart must have had a cinch when he refereed hockey games. He says these changes are being made "to give the umpires something to do."

"They'll have plenty to do. But what about the fans? Who's going to explain what's going on? It looks like a good season for the concessionaires. The games are bound to be longer. There could be more hitting and more bases on balls.

Trio on Ground Floor Is Still Making Good

PHILADELPHIA May 17. —P—A much photographed threesome at a recent baseball gathering here were Connie Mack, observing his 50th anniversary as the one and only manager of his Philadelphia A's; President Clark Griffith of the Washington Senators and Tom Connolly umpire-in-chief of the American League.

In 1901, the American League's first season, Mack managed the Athletics. Griffith managed and pitched for the Chicago White Sox winner of the flag that year, and Connolly was the lone umpire in the league's first game, played April 24 between Chicago and Cleveland in Chicago's old Comiskey Park and won by Cleveland, 8-2.

Baseball Team Boasts Four Sports Captains

STATE COLLEGE, Pa. May 17. —P—Four sport team captains hold down positions on the 1950 Penn State baseball team. The four are Dick Wertz, baseball, Joe Tocci, basketball; Harry Little, soccer, and Owen Dougherty, football. The first three are infielders. Dougherty is an outfielder.

Double-Gaited Horse To Trot, Pace in Races

NEW YORK May 17. —P—Trainer Eddie Cobb has entered his double-gaited star, Hodgen, in both the \$25,000 trot and \$25,000 pace at Yonkers Raceway. Originally trained as a trotter, Hodgen was an outstanding pacer last season but is now training on the trot again.

Seven Post Honor Graduates Present Autobiographies Today

BETTY MILLS
My how time has flown since February 8, 1933! I weighed 8 1/2 pounds that first day, and I don't weigh much more than that now. My parents, Mr. and Mrs. A. R. Mills, thought of hundreds of names they might attach to me; but they finally narrowed this varied list down to two names. These names were submitted to my four-year-old brother, Louis, who was asked to choose one of them. The two names were Patricia Ann and Betty Jean. Since Patricia was pretty hard for Louis to say, he pretty hard for Betty Jean for which I am most grateful.

SUE BELL BRISTER
September 22, 1933
I was born in the third grade, and I moved to Lubbock. This was a large school that it was very hard to get acquainted with as I was beginning to make a few friends, we decided to move to Post where I had to do the same thing all over again. I was in the fifth grade when we moved to Post. But the next year I skipped the sixth and went on to the seventh grade where I joined the class with which I am now graduating.

JANIE SHEPHERD
On a Friday afternoon, April 28, 1933 to be exact, Mr. and Mrs. J. T. Shepherd became the parents of a baby girl. They named her Elsie Jane, but she was usually called "Janie," and that is the name she always answers to. After a few years Janie entered Post grade school in September of 1939 at the age of six. At the end of this year she moved to Ontario, Calif., where she attended the second, third and fourth grades. She returned to Post to attend the sixth grade after skipping the fifth.

SHIL CHEER LEADER
The next year, my sophomore year, was much the same as it was when I was a freshman. I was still cheer leader, still going steady with the captain of the football team, and still having all the fun in the world. That year I began to get a little more serious about my studies, though, and received an award for having attained the highest scholastic achievement in my class.

EL WANDA DAVIES
On Oct. 27, 1932 Mr. and Mrs. Curtis Davies announced the arrival of a baby girl weighing 7 pounds. The little lady was to be known as Miss El Wanda Pearl. Being the first grandchild I really had all the attention I needed. I hardly knew who I belonged to until 17 months later, we onto me, the second grandchild was born. Not having a brother or sister, LaRue and I have really enjoyed our companionship.

WAYNE KENNEDY
I, Wayne Kennedy, was born Oct. 16, 1933 in Verbenia community, about 18 miles east of Post. I started to school at Verbenia at the age of five. My first grade teacher was a Mrs. Francis Howell. There was nothing really exciting happened during my first five years of school at Verbenia, but there is one incident that I especially recall, and that is on our final exam in math, when I was in the third grade, everyone in the class made zero. There were four in the class, Bobby Pennington being a member of it.

ROBERT LOUIS CRAIG
On March 30, 1933 I became the son of Mr. and Mrs. R. L. Craig who live in the edge of Lynn county. I was named Robert Louis for my dad. In 1939 I began my school career at Garnolia. I had the honor of being highest student at my eighth grade graduation in May 1946.

DAISY HOLLY
The Owen Hollis were quite thrilled that October day in 1932 for this addition to the family was different from the three previous ones—it was a little baby girl. Their thrills continued, but greatly changed for they were to find that this child was truly different—a redhead with temper to match—spoiled and headstrong.

Wendham's Sta. & Gro.
At the tender age of five she was torn from the protective bosom of the family and was enrolled in the Abilene Christian academy. Because of her under-

nourished condition and backward ways, she only stuck it out for two years. She then managed, somehow, to endure five years of public school life, endearing herself, of course, to the hearts of her teachers and classmates.

Graduates With Honors
She was graduated with honors from the eighth grade—honors going to the teachers that they had got rid of her, but—oh, no! She was back the following year, and was class reporter, representative on the annual staff, and class Hallow'een queen nominee. It was then, too, that she claimed her place on the basketball BENCH, which she faithfully held until graduation.

Tennis Is Sport
In high school about the only sport I was really interested in was tennis. My freshman and sophomore years were not so important. When I became a junior, and time came for the junior play, I was lucky enough to receive a part. Then came time for the Junior-Senior banquet, and there was all the planning and decorating to be done. Everything went off pretty well we thought.

Being the first grandchild I really had all the attention I needed. I hardly knew who I belonged to until 17 months later, we onto me, the second grandchild was born. Not having a brother or sister, LaRue and I have really enjoyed our companionship.

EL WANDA DAVIES
On Oct. 27, 1932 Mr. and Mrs. Curtis Davies announced the arrival of a baby girl weighing 7 pounds. The little lady was to be known as Miss El Wanda Pearl. Being the first grandchild I really had all the attention I needed. I hardly knew who I belonged to until 17 months later, we onto me, the second grandchild was born. Not having a brother or sister, LaRue and I have really enjoyed our companionship.

OPERATION SKIDDING
A tractor is seen pulling a drilling rig across a West Texas plain to Shell Oil's Cummins "C" lease in Goldsmith-Clear Fork field, near Odessa. The rig is raised by jacks, tracks are rolled under it and the tractor pulls it away. This new skidding method eliminates having to tear a rig down to move it to a new location.

G. L. Perkins Sees Benefit from Terraces Run on Farm Three Miles North of Town

Grain has made three times better near the terraces, G. L. Perkins says in discussing his soil conservation practices on the H. J. Bingham farm three miles north of town.

Perkins has 313 acres in cultivation and this year is farming 400 acres in all. The remainder is in natural pasture. Prior to 1946, some terraces had been built on the place, but that is the first year Perkins recalls having an active conservation plan. That year, he had terraces built on 63 acres.

Last year he had three terraces to break. This year 7 miles of terraces were completed. So far, Perkins has not gone in too much for cover crops, but this fall, he is considering sowing some kind of cover on the terraces.

One field washes badly because of the steep slope. Contour lines were run but not approved because of the wash. Perkins estimated that he got two and one-half inches of rain in one day last week and judging from it, he feels that his present terrace system could handle a four-inch rain.

This year, he has some 144 acres in cotton. This is a decrease of almost 50 acres from last year's 190. The rest of the cultivated land is in grain sorghums.

Records at the local work unit office of the Soil Conservation service show Perkins has used a crop residue management on 115 acres, recently. He reported that leaving the stubble on the field this year resulted in absolutely no blowing.

Perkins runs some 15 cows and calves for sale. In the fall, they graze on the field but during the rest of the year, they run in the pasture. For a time, Mr. and Mrs. Perkins tried raising chickens but the coyotes kept this from being a paying proposition. At present they have about 80 hens, Perkins estimated.

He contour farms all but 20 acres of the land he is working now. Prior to terracing and running contour lines, part of his land washed badly. Water ran off down by his house, marooning it in a veritable lake.

Since installing the terraces, Perkins has had no appreciable run-off to this extent. This particular field was terraced with a channel built on the east and diversions on the lower side.

Mrs. Perkins agrees that a great improvement in crops can be seen on the terraced land. They have one son, Edwin, 22, at home. The family has lived in Garza county eight years. They came to Lynn county in 1925 and spent all but two years there before moving to Garza. They lived two years in Hockley county.

Besides working with the SCS, Perkins has received assistance from the Production and Management association, formerly known as the AAA. Other than continuing his present program and planting cover on the terraces this fall, Perkins has no further conservation plans.

Perkins worked on this year's terracing program with Charles Morrow, Floyd Hodges and Tom Henderson. The four banded together and hired a contractor and arranged for the terraces. They took down fences between their places and terraced parts of the four farms as one project, according to the SCS.

Mrs. S. D. Strasser, county home demonstration agent, and Miss Bessie Lee Pitts, local homemaking teacher, were in Floydada Saturday judging the Floyd County 4-H dress revue.

Mr. and Mrs. Charles Wood of Amarillo spent the first of the week here with his parents, Mr. and Mrs. Dick Wood.

The Rev. and Mrs. C. A. Wilcox of Caldwell, near Lubbock, were Mother's day guests in the home of her parents, Mr. and Mrs. E. E. Pierce. The Rev. Mr. Wilcox is pastor of the Caldwell Baptist church.

Mrs. L. C. Cline and children of Fort Worth are visiting her mother, Mrs. Winnie Tuffing, this week.

Duck Creek Area Pastures Respond Well to Gentle and Abundant Rains

Pastures are responding very well to the abundant gentle rain that has fallen over much of the Duck Creek Soil Conservation district, SCS officials say.

After a slow start caused by a dry winter, the warm season grasses such as blue grama, buffalo, bluestem, and sideoats grama are all making good growth. Deferring the use of a pasture until the grasses have had an opportunity to put out a good top growth will pay off in more pounds of beef per acre, say the SCS men.

Technicians in the local work unit explain that the first growth of a plant in the spring comes from plant food stored in the roots during the previous growing season. New plant leaves, in spring, manufacture more food in order that the plant may continue growing.

By allowing the grasses to get a good start in spring before being grazed, two purposes are being served: one, a protective cover is built up to help control runoff and the other is the additional grazing that will be provided later on in the season.

Grass and other vegetation is nature's tool for erosion control, technicians point out. On areas that are barren of vegetation, water in the form of rain runs off, taking with it particles of soil. When the bare areas are returned to a good stand of grass, the water is held back and "walks off" the land, not picking up particles of soil.

Mr. and Mrs. A. C. Cosh went to Amarillo Saturday because of the serious illness of her father. Mr. Cosh returned home Sunday and Mrs. Cosh remained with her father who is to undergo major surgery this week.

California Leads In Fruits, Vegetables

BERKELEY May 11, P.—Nearly one third of all cash received by American farmers for fresh fruits and vegetables goes to the California farmer, reports Sydney Hoos, University of California economist.

Almost 3,500,000 tons of fresh fruits, nuts and vegetables are produced in the state yearly, he notes. About 12 per cent of California's total crop land, and about 20 per cent of its irrigated, is used for this purpose.

Tom Garrard Of Tahoka Enters District Judge Race

Tom Garrard of Tahoka has authorized the Post Dispatch to announce his candidacy for district judge of the 106th Judicial district. In a statement to the public, Garrard said:

"I was born on a farm in Delta county, near Cooper. My early education was at Doctors Creek country school and Cooper high school.

I came to West Texas for my health 43 years ago and nestled on a piece of state school land until I lived it out, working around on ranches until I could get my land lived out.

"As for my legal qualifications, I graduated from the Law school of the University of Texas. I served three terms as district attorney for the old 70th jumbo district. Following that, Governor Pat Neff appointed me assistant attorney general for the Court of Criminal Appeals where I served for two years.

"Later I was appointed by Governor Dan Moody to the State Board of Education and re-appointed for a second term by Gov. Ross Sterling. This was a quasi-judicial appointment since the board passed on appeals in school matters.

"I have practiced law in West Texas some 35 years and have tried cases in district and federal courts in 36 West Texas counties and in district courts in New Mexico. In 1945 I was appointed by Gov. Coke Stevenson and confirmed by the Texas Senate as associate justice of the Court of Civil Appeals, sitting at Amarillo. I declined the appointment to stay with the people with whom I have lived and worked so long.

"For the past six and one-half years I have served as county judge of Lynn county.

"I have been a member of the church more than 40 years. As to civic activities, I have been a Rotarian for about 15 years; a member of the Masonic lodge 38 years; Knights of Pythias lodge, six years; member of the Lynn county Farm Bureau for 10 years, serving as president, five years.

"I helped to organize the Lynn county Fair association in 1948, serving as its president since. I have served as chairman of the Lynn county Red Cross some 16 years. I have taken an interest in and assisted in almost every progressive undertaking in my home county always.

"As to my personal affairs, I am married. I have three sons, all of whom served in the recent World War. I also have one step-daughter in whom I am justly proud.

"After my years of service to West Texas and the South Plains, I believe I deserve promotion to a higher and honorable position that will give me an opportunity to cap off such
