"The Gateway To The Plains"

Thursday, July 12, 1951

Number 37

A 4-H STAR — 4-H Club boys and girls, adult leaders, and extension agents formed this huge star while attending the annual 4-H Round-up at Texas A. and M. college from June 24-27. Approximately 2,000 persons attended. Persons who attended the meeting from here, and who are included in the above picture were Janyce Lobban, Sybil Smith, LaVerne Fu... E. P. Wicker, Jr., Mrs. Hardie Smith, sponsor; Lewis Herron, County Agent; and Mrs. Jewell Strasner, Home Demonstration Agent.

1951 Third Driest Year In Post In 43 Year History

"This has been one of the driest years I ever saw."

Usually this is just a conversational remark heard every day

In Post on the street corners, over coffee and in almost every con-fab session. But this year it hits the nail on the head.

For the first six months of 1951 has been the third driest of any same period since 1908! Only 3.91 inches of rainfall have fallen in Post since January 1.

Figures in the office of J. R. Durrett reveal that only two other times since the statistics were started in 1908 has less than four inches of rainfall fallen during the first six months of the year.

Swimming Pool At Scout Camp Closed

The swimming pool at the C. W. Post Memorial Scout camp was ordered closed Tuesday by Dr. F. B. Malone until the polio situation here clears up.

Record low came seven years ago in 1945 when the pitifully small amount of 3.35 inches fell during the six-month period. And then once before in 1917 the second low record fell when precipitation amounted to only 3.85 by the end of June.

The pool has been drained and will be closed temporarily, possibly 30 days, according to Postma. By that time if no more polio cases have been announced the pool will be reopened.

Going on the other side of the ledger to the highest amount of rainfall to fall during these months since 1908, the year 1941 holds the unchallenged record. From January through June of that year the tremendous total of 25.08 inches of rainfall gushed on the city.

The nearest approach to that during the last 43 years was back in 1930 when 16.07 inches fell. And the third rating record rainfall fell during the first six months of 1938 when precipitation reached 15.98 inches.

For the rainfall total according to years, the low record is tied between the years 1910 and 1917 when only 3.68 inches fell in

Hospital Is Ahead Of Work Schedule

With only a little more than a week of work behind them, workers on the new Garza county hospital are nearly 10 days ahead of the construction schedule. Bill Myers, representative of the Wyatt Hedrick architect firm announced.

"I am very optimistic about the progress of the building," Myers said. "When the dedication ceremonies occurred, Ruster McQuaid, general contractor, said he would hand the building over to the local officials by January 1, 1952. From the way it looks now he will do just that."

All plans for the new plant have been poured and foundation forms were completely set Wednesday. Workers were supposed to have started pouring foundations today.

A letter received Tuesday at Job Superintendent C. H. Pettit-john's office stated that 25,000 face brick were shipped from the Elgin plant of the Acme Brick company on July 7. A car of tile is already in town, and window frames and door jams are on the construction site.

Earlier this week, Myers said, an official of the Gardner Hotel supply, who will furnish the kitchen equipment for the hospital, said that they already have 75 percent of their contracted goods on hand and will probably send some of it to Post for storage.

Those junior directors who will serve one year are: Roy Josey, Jacky Meeks, Jim Boren, Don Long and Royce Josey.

Two-year directors include: Billy Meeks, Giles Dalby, Jack Schmidt, Jerrel Stone, Leon Miller and Jack Kirkpatrick.

The advisory directors will serve as follows: For two years are Glen Davis, Hinton Fluit, Alvin Davis, Buck Gossett and Earl Hodges. For one year are Walter Josey, Bill Long, Smokey Wood, Sonny Nance, and George Samson.

Many of the rodeo committees

have been appointed and work is already being done by them. Prizes and monies for the rodeo events have been announced by the awards committee and include: In calf roping, the day monies will be \$100, \$50, \$40 and \$20 for each round. And a gold and silver trophy buckle will be awarded the top average winner for both go-rounds.

Calf roping contest monies and the trophy buckle will be the same as in the calf roping. In the bull riding and bareback bronc riding the monies will be \$70, \$40, \$30 and \$20 with a buckle for the top average. This same distribution will be made in the flag race contest monies and trophies also.

In two events, the cutting horse contest and the girl's barrel race, the awards will be a trophy saddle for first, shop made boots for second and appropriate awards for third and fourth. Girls may enter individually or as sponsors.

The show will be divided into

Hospital Board Elects Officers To First Term

Officers for the six-member board of managers of the new Garza county hospital were elected Monday afternoon during the regular meeting of the Commissioner's Court.

Lowell Short was chosen president of the board in the election. Others elected included L. G. Thuett, sr., vice president; Dowe Mayfield, secretary; and Russell Wilks, jr., treasurer.

Other members of the board of managers are Bandy Cash and L. R. Mason.

During the meeting County Judge H. M. Snowden outlined and discussed with the members their first duties. One of the main duties and the first they will work will be the selection of a superintendent for the hospital.

Board members set their first meeting for Tuesday, Aug. 14. They will meet at 8 p. m. Each member was furnished a guide book outlining the preliminary duties of board of manager members.

Hestand Resigns As C of C Manager

James Hestand, manager of the Post Chamber of Commerce, resigned his position effective Monday, July 8. Hestand made the announcement of his resignation early Monday morning.

A native of Stamford, Hestand has been C of C manager here since April. At the present he reveals he is undecided whether he will go from here. He is considering at least four different positions but has not made up his mind as to which one he will take.

President George Samson and vice president Shelley Camp reported that the Chamber of Commerce is going on an economy drive for a short period.

The board intends to hire a woman to serve as secretary to the Chamber of Commerce. She will stay in the office during the week and the board will meet with her once a week to outline the work for that week.

The Chamber of Commerce members definitely plan on hiring another manager but will probably wait at least six months before taking any applications.

For the position of secretary, they want applicants who are neat and personable, able to type, able to handle an office and willing to meet the public.

Applications should be made at the Chamber of Commerce office in the Garza theatre building at 7:30 p. m. Friday, July 13.

Truck Overturns And Injures 27 Negroes

Probably establishing a mass highway injury record for the South Plains area, twenty-seven Negro cotton choppers were injured at the intersection of North Ave. A and U. S. Highway 87 in Lubbock late Wednesday when the truck in which they were riding overturned.

Election To Be Held Saturday For Tax Reallocation And Additional Road Levy

Fate Of New Hospital May Hinge On Outcome

Two Post Men Are Injured In Wreck

Two Post men were slightly injured early Wednesday morning when the car in which they were riding overturned 12 miles west of Snyder on Highway 80.

The two, Howard Huffman and Emmett Shedd, were carried to a Snyder hospital and given a thorough check. Doctors there said they were all right except for slight bruises and cuts.

According to G. I. Huffman, father of Howard, the two arrived at the Snyder hospital about 3 a. m. and gave the following story:

Howard, who was driving, went to sleep momentarily and lost control of the car and when he tried to turn it back onto the road he whipped too fast and the car overturned.

The car is a complete loss, according to the elder Huffman. Shedd, who is the son of John Shedd, came back to Post with Huffman Wednesday and Howard was to have come back today.

Horse Show Plans Almost Completed

Most of the plans for the Post Quarterhorse Show to be held at 9 a. m. on Aug. 14, the first day of the Junior Rodeo, have almost been completed, according to the show committee.

This committee is comprised of Alvin Davis, Bill Long, Earl Hodges and George Samson.

Entry blanks have been sent to more than 150 Quarterhorse breeders and many have already answered. Two fine horses have been promised from Colorado for this show which is approved by the American Quarterhorse association.

Two Cases Of Polio Hit Post Within Past Week

Two Post children, stricken with bulbar type polio during the past week, are hospitalized in the West Texas Polio center in Plainview. A third child, formerly of Post and only recently a visitor to the city, is bed-ridden with polio in Tulsa.

Roland Rose, 11-year-old son of Mr. and Mrs. Frank Rose, was admitted to the Plainview clinic Monday. Latest reports were that he was resting pretty good, after undergoing tracheotomy Monday night.

Cherry Dodson, 10-year-old daughter of Mr. and Mrs. Weldon "Mutt" Dodson, is in an iron lung, still in serious condition, but slightly improved, according to clinic physicians. Cherry was admitted to the hospital July 5.

The third case has only an indirect connection with Post and cannot be claimed as a city case. Little six-year-old Billye Ruth Hill, daughter of Mr. and Mrs. Wylie Hill, is bed-ridden with polio in her hometown of Tulsa, Okla. Grandparents of the child are Mr. and Mrs. Bill Windham and Mr. and Mrs. E. C. Hill, all of Post. The Windhams have gone to Tulsa.

The Hills lived in Post until about six weeks ago and were back for a week visit only last week. On Friday, about three days after returning to Tulsa from Post, Billye was stricken with the disease. Last reports show her somewhat improved and with no apparent signs of paralysis.

One other child was thought to have had polio here but a complete checkup by doctors proved that at the present he only has a bad throat. He is the little grandson of Troy Nash.

Dr. D. C. Williams, county and city health officer, points out some precautionary measures to help combat the disease. They include: stay away from congested areas, such as swimming pools and other large crowds; strive to make your immediate home area and town as clean as possible; try to keep down the growth of flies.

"These measures have been used time and time again wherever the disease has struck," Dr. Williams explained. "But they are not sure-fire methods of preventing polio. There are no certain preventative measures for this disease and no one can tell how much such precautionary methods help."

The City Commission intends to bring in a fogging machine and fog the entire city. But first they must get all of the alleys cleared up so the grader may go through and blade the alleys and then the fogging machine will be able to get through. The commission is asking the co-operation of all citizens in this project. If everyone will clean out the alleys behind their homes as much as they possibly can, the job will be made easier.

Due to the polio situation here, the swimming pool at the C. W. Post Memorial Scout camp was ordered closed Tuesday by Dr. F. B. Malone, president of the South Plains Council of the Boy Scouts of America.

According to Bill Postma, council executive officer, the pool will probably be closed for 30 days and if no more polio has been reported in the area in that time it will be reopened.

Postma pointed out that this is only a precautionary measure.

Only 1 Charge Filed In County Court For Week

Only one new charge, that being a driving while intoxicated charge, was recorded in Garza County Court this week but four previous cases involving the sale of alcoholic beverages, aggravated assault and possession of alcoholic beverages for sale were reported.

The only new charge in the court was against Charles H. Hollowell. Hollowell was charged with driving while intoxicated and fined \$50 and costs.

Domingo Villa was previously charged with aggravated assault for stabbing Refugio Calderon with a pocketknife. The stabbing occurred a week ago last Sunday. Villa was released on \$300 bond.

O. F. Fry was among the number of defendants who plead guilty before County Judge H. M. Snowden a week ago Monday. He plead guilty to charges of possession of alcoholic beverages for sale and paid a fine of \$300 and costs.

The final cases were two against Lance Ewers, both of which he plead guilty to on July 3. He was charged on two charges with the sale of alcoholic beverages and fined \$100 and costs on each case.

MEETING IS CALLED

All 4-H club boys and girls, Home Demonstration members and their families are to meet at 8 o'clock tomorrow night in the District courtroom. Purpose of the meeting is to plan concessions for the Junior rodeo next month.

S. R. Kemp Buried Monday In Tahoka

Funeral services for Simeon Rufus Kemp, longtime resident of this area and retired farmer and businessman, were held at 10 o'clock Tuesday morning in Tahoka.

The Rev. D. W. Reed officiated for the rites in the First Baptist church. Burial was in Tahoka cemetery under the direction of Stanley Funeral home.

Mr. Kemp died in Tahoka hospital Sunday night. He was born March 30, 1874, in Bell county. In 1919 he became a member of the Baptist church and was later ordained as a deacon. He was a

County Oil News Slow This Week

Garza county oil activity was practically nil this past week with only two potentials being filed with the Texas Railroad Commission for two wells previously reported.

Potentials were filed on two wells near Justiceburg. The John B. Collier, Jr., well on the Spinning estate pumped 70.27 barrels of waterless 36 gravity oil daily after being acidized with 3,000 gallons. Open hole pay is at 2,466-427 feet.

The Anderson well near Justiceburg pumped 104 barrels of waterless 37-gravity oil after being acidized with 4,000 gallons. Open hole pay is at 2,454-467 feet.

Most of the oil activity this week centered on the north Permian Basin where applications for eight new petroleum projects were filed with the Texas Railroad Commission.

These included new locations in Scurry, Andrews, Howard and Midland counties.

Advisory Manager Selected For Junior Rodeo; Event Awards Also Announced

Advisory manager for the third annual Post Junior rodeo has been named with Walter Duckworth chosen to serve in that capacity during the five-day show from Tuesday, Aug. 14 until 18.

During the meeting at which Duckworth was selected advisory manager, directors and adult advisory directors of the Post Junior Rodeo, Inc., drew lots for terms of office.

Those junior directors who will serve one year are: Roy Josey, Jacky Meeks, Jim Boren, Don Long and Royce Josey.

Two-year directors include: Billy Meeks, Giles Dalby, Jack Schmidt, Jerrel Stone, Leon Miller and Jack Kirkpatrick.

The advisory directors will serve as follows: For two years are Glen Davis, Hinton Fluit, Alvin Davis, Buck Gossett and Earl Hodges. For one year are Walter Josey, Bill Long, Smokey Wood, Sonny Nance, and George Samson.

Two go-rounds for all events except the cutting horse contest which will have only one go-round and a final with several of the top horses working in this. Cutting horses must be ready to work at 10 a. m. on the first day of the show if there are too many horses entered to work in the five shows. All other events will start at 8 p. m. on the night of the 14th.

Complete show dates are Aug. 14, 15, 16, 17, and 18 with five night performances at 8 p. m. each day. The admission prices are \$1.50 for adult and 75 cents for children. Go-rounds will run from the first through the middle of the third performance and from then through the final performance.

The show is open to boys and girls 19 years-of-age and under. More than 300 entry blanks have been mailed to boys and girls who are qualified to enter and a steady stream of mail has been received in regards to the show. Leon Miller, show secretary, an-

Getting Out On the LIMB

by EDDIE the editor

Pogonotopy ... that's a heck of a name for it.

The other day I read in the papers where one of those high-powered firms of paid New York researchers has announced the results of a startling survey which reveals that most American males practice pogotony every day in the week.

Being a sort of skeptical country boy I was somewhat startled at such a thought, even to the extent of biting myself on the back of the neck.

The survey went on to say that pogonotropy, popular with grandpa, has almost vanished from the American scene.

This, I found myself unwilling to accept at face value. Grandpa had his foibles, but after all ... pogonotropy ... it had a bad sound. I recall that my dad used to get a big chuckle out of telling about my grandpa when he was editor of the Texarkana Gazette ... back when my dad was the little wheel on the then, big sheet, my grandpa used to work all day and up into the night writing copy. He would fill every pigeon-hole in his desk with time copy ... then one morning he wouldn't show up, which to the printers meant that the old boy was on a bender and wouldn't be around for a couple of weeks. The old gent liked his bourbon, his shoe-string bow tie, and black patent leather shoes, but I am sure he never mentioned pogonotropy to my dad, or he would have told me about it.

Now as grandpa's reputation wavers in the balance, the researchers let me know that pogonotropy means growing a beard. And that pogonotropy, which most American males practice every day, is merely shaving.

For a while the researchers had me worried ... I just couldn't believe any of the Warrens would do such a horrible sounding thing as pogonotropy.

My dad did mention his growing a beard, come to think of it, and he did have something there besides a beard. Shaving is a lot of trouble; indeed, a beard could serve as a fine grease rag for wiping ink off the hands and may be used to advantage in covering up a dimpled chin like mine.

THE WOMEN -- God love 'Em -- The average city woman spends three years and eight months of her life talking on the telephone.

Correctly Speaking -- the young of a hen is a brood; the brood of a goat is a kid; the kid of a hare is a leveret; the leveret of a cow is a calf; the calf of a horse is a colt; the colt of a bear is a cub; the cub of a sheep is a lamb; the lamb of a wolf is a whelp; the whelp of a deer is a fawn; the fawn of a hog is a shoat and the shoat of a kangaroo is, of all things, a joey.

A flock of quail is a bevy; a bevy of snipe is a wisp; a wisp of partridges is a covey; a covey of grouse is a brood; a brood of hawks is a cast; a cast of insects is a swarm; a swarm of doves is a flight; a flight of ants is a colony; a colony of pheasants is a nyte; a nyte of monkeys is a troop; a troop of cattle is a herd; a herd of wolves is a pack; a pack of lions is a band; a band of swine is a drove; a drove of elk is a gang; a gang of fish is a school; and a school of seal is, believe it or not, a pod.

A fellow could go on and on with this sort of thing, but after all you probably are worn down on reading this kind of lowbrow nonsense.

Statistics -- Statisticians have discovered the following interesting data: Lincoln's Gettysburg address contained only 266 words. The Declaration of Independence contained only 300 words. General MacArthur's Chicago address contained only 873 words. But -- The GFA Order to reduce the price of cabbage contained 25,911 words.

Here's something we swiped -- "A man who was too stingy to subscribe for his home town paper sent his little boy to borrow a copy from a neighbor. In his haste the boy ran over a \$4 stand of bees, and, in 10 minutes, looked like a warty summer squash. "His father ran to his assistance and, falling to notice the barbed wire fence, ran into that, ruining a \$5 pair of trousers. "The old cow took advantage of the gap in the fence, got into the corn field and killed herself eating green corn. "Hearing the racket, his wife upset a four-gallon churn of cream into a basket of little chickens, drowning the entire hatch. In her haste she dropped a \$35 set of false teeth. "The baby, having been left alone, crawled through the cream into the parlor, ruining a new \$25 carpet. "During the excitement the dog broke up 11 setting hens and the calves got out; and chewed the tails off four fine shirts on the clothes line. "Moral: Don't ever borrow your neighbor's paper. It's too risky."

THE AMERICAN WAY

Into The Proper Hopper

Our Contemporaries Are Saying:

Honor Bootlegger Is Woman -- Juanita Flores had the somewhat disputable honor of being the 35th bootlegger caught by the Sheriff's department this year, Saturday afternoon. She pleaded guilty to charges of possession of beer with intent to sell in a dry area, after Sheriff Oleo Murry and deputies picked her up with 138 bottles and 24 cans of beer. She paid a \$200 fine and costs for a second offense. The case, filed on June 30th, was the 35th in six months. Previous high for an entire year was 34, which means Terry county has become twice as hot as ever before for bootleggers. --The Brownfield News

Rotan Streets Are Paved -- Hot topping of Rotan streets is scheduled to begin this morning (Thursday). This work was expected to have been done last week, but the asphalt machinery failed to get here. Most of the 36 blocks are ready for oil and hot topping, and the streets should be completed in a short time. --The Rotan Advance

Pipe Line Crew Moves In -- A 175-man construction crew--one of the largest ever to locate here--established headquarters in Olney Tuesday, preparatory to launching construction of a 10-inch pipe line from the Brazos River crossing, between here and Elbert, to the Bowie pump station. --The Olney Enterprise

Waves as high as 50 and 60 feet have been observed in the South Atlantic off the Cape of Good Hope.

Active Recreation Program -- Beginning Monday, July 9, the Canyon Recreation Program will sponsor roller skating for boys and girls of all ages each Monday evening from 7:30 to 9 in the Canyon High School gym. School officials have granted permission to use the school skates. There will be no charge and the skating will be supervised. Boys and girls from the Canyon area are cordially invited to attend. --The Canyon News

How Much Rain? -- How much rain did we get? That, gentle readers, is the question asked for 24 hours following any sprinkle in Crosby county. An answer of some kind is unavoidable. Now, the Banner does not have a rain gauge. But we're going to let the public in on our secret formula for determining the exact amount of rainfall inside the corporate limits of Raika. Here 'tis: If you have to travel or wade only one block out of your way to reach the office of the West Texas Gas company, one inch of rainfall has fallen within the past 12 hours. Travel two blocks out of the way, and two inches has fallen. Going three blocks to pay a gas bill indicates three inches of rain. Any distance over three blocks means that the dam has busted and you better head for the hills! --The Raika Banner

Hodge Podge Says -- The recent horribly brutal mistreatment of a little nine-year-old Amarillo girl, by a maniac motorist at large, serves to place great emphasis on the need for laws to protect children from such monsters. If we can't have a law placing them in confinement, then a law giving parents and other interested persons the right to shoot them down wherever they're found is in order. In fact we probably have such a law in the unwritten code. It is inconceivable that any jury of twelve good Texans would do anything other than free a man who would slaughter one of these brutes just as he would exterminate a mad dog or rattlesnake. And morally, any decent citizen would probably be willing to give the mad dog or snake the benefit of any doubt that might arise, much quicker than he would give one of the maniacs the benefit of any doubt at all. --The Littlefield County Wide News

Tuboku Coach Resigns -- Coach Joe Turner of the Tuboku schools resigned his position here last week-end, and has moved to Austin to become assistant state agent for the Farmers Insurance Group. --The Lynn County News

THE POST DISPATCH ESTABLISHED IN JUNE 1924 Published Every Thursday at Dispatch Publishing Company Building in Post, Garza County, Texas E. A. WARREN EDITOR AND PUBLISHER Entered at the Post Office at Post, Texas, for transmission through the mails as second class matter, according to an act of Congress, March 3, 1879. Any erroneous reflection upon the character of any person appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the manager.

Remembering Yesteryears --

Five Years Ago This Week -- Jason Justice, ex-serviceman, purchased Keeton grocery here. Miss Doris Kirkendoll became the bride of Harold Lucas in the home of Mr. and Mrs. Homer McCrary. Bessie Joe Clary celebrated sixth birthday with a party at her home. Fred McMurry and Ann Ter starred in "Smoky" at the Garza theatre. Mr. and Mrs. Jess Carroll, Roswell, N. M., announced birth of a son, Lee Douglas.

Ten Years Ago This Week -- The Post Dispatch offered 50 cents worth of defense stamps with every subscription. The Veterans of Foreign Wars will sponsor the local collection of aluminum for defense. Miss Bonnie McMahon has returned from Lubbock where she attended Texas Technological college for six weeks. The monthly Garza-Lynn convention will be held today in Grandland. Post Methodist students attending camp at Oeta Canyon include Bobbie Cash, Wayne Jay, Zora Anne Outlaw and Evelyn Nease. Fresh tomatoes were sold at five cents the pound.

Fifteen Years Ago This Week -- The home of Mr. and Mrs. Davies of Southland was the fourth place in the Oeta farm and home contest. Welcome rains drenched Garza county Sunday and Monday. Miss Evelyn Babb and Robert Sherrill Boyd were married in Raton, N. M., July 14. Margaret Stone, Anna Jo Pate, Frances Hartman and Marion Evans had parts on the Epworth League program. Mohoto Morgan entertained the Peppy X's with a sunrise breakfast and swim. Mr. and Mrs. Luther Harper have purchased the Garza cafe in the Garza theatre building. K. T. Lofton, son of S. D. Lofton, made the spring semester honor roll at Texas Tech with a B average. Post has been made a drivers changing point for the South Plains coaches. Mr. and Mrs. Jay Slaughter are pictured in the July issue of the "Rotarian."

WHITE SWAN TEA offers you this PLUS VALUE Big beautiful TULIP TEA BAGS yours without extra cost with a 10-pound package of White Swan Tea. \$5.95

POST PAVING ABANDONED... SATURDAY TAX ELECTIONS...

The wheels of progress are cumbersome to get rolling anytime and once they were moving here on the proposed paving project it is regrettable that the citizens of Post have allowed them to stop. The project, had it been completed in its full scope of 94 blocks, would have beautified and improved the city considerably with less cost per person than citizens of other West Texas towns of comparable size are paying. But the project has been abandoned. Many and various reasons were forwarded by property owners in failing to sign up and push the program through. Some considered the front foot assessment too high; others thought the limited time of two years in which to pay the total cost was too short; and others had so little interest in the program they forwarded no objections. Still many others were vitally interested and paid their money for their portion of the cost. Yet the opinion of the majority ruled and the plan was scuttled. With the many obvious ways in which the citizens of Post have indicated their progressiveness in the past it was somewhat surprising that the project failed in this city where it has succeeded in other neighboring cities. Although the regret of this failure could be changed due to the fulfillment of the program at a future date, there is no time like the present and the City of Post has regrettably lost something worthwhile in abandoning the street paving program.

Texans In WASHINGTON

By TEX EASLEY, Associated Press Washington Service

WASHINGTON, AP -- Most Texas members of Congress feel that the loss of American lives in Korea has not been in vain. Without exception, those voicing views look on the Korean conflict as a symbol of the determination of free nations to resist aggression. Among those expressing this view were the two Texans most qualified to talk on the subject--Chairman Tom Connally of the Senate Foreign Relations committee and Rep. Omar Burleson, a member of the House Foreign Affairs committee. The veteran Texas Senator, a key figure in foreign policy formation for more than a decade, had this to say about the intervention of the United Nations after the North Koreans launched their attack across the 38th parallel: "If it had not been resisted by the free nations of the world, aggression would have been practiced in many other countries unable to resist. "The action of the United States was not one of selfishness. We acted not alone for ourselves, but for all nations that might become victims of aggression. "Our resistance in Korea has made a deep impression on the entire world. It served notice on aggressors that they can not plunder and conquer free nations without suffering penalties for their total disregard for freedom and humanity. "Our enterprise in Korea has been a success. It was a stroke of freedom against tyranny and mis-rule. The God of Nations gave us success." Texas House members, asked their views when the Korean truce rumors first reached the capitol, replied similarly. "To think of Korea in terms of losses and expenditures," commented Burleson, "it's hard to find a silver lining. "But looking at it from a global standpoint, and trying to see what may be the ultimate good, several things are apparent. "There is no question but what it has

ROGER W. BABSON WRITES THIS WEEK

Old-Age Insurance Not So Insignificant As People Have Led Themselves To Believe

BABSON PARK, Mass. -- Today is my birthday and my trusted accountant has given me a very nice birthday present. He calls to my attention that in view of my age and now being off the payroll, I can receive old-age insurance of \$80 per month. He further states that persons who are 73 or over can continue to work and draw old-age benefits. I, like other employed persons, have had money deducted from my pay check since 1937, but I gave this no attention, believing that the amount received would be insignificant. But considering how quickly the months speed by as we get older, \$80 coming so often, looks pretty good. But the above is not the best of it. This \$80 per month which an eligible person receives is nontaxable. If he happens to be in the 50 per cent tax bracket, this is equivalent to a check every month of \$160, which certainly is not to be sneezed at. When the deduction from our pay checks was increased January 1, 1950, we were kind of sore about it. We forgot that Social Security benefits were likewise increased. Under last year's amendments a family can receive as much as \$1,800 per year as opposed to the old maximum of \$1,020. Inflation May Not Be Too Bad Some of the pessimists who are always knocking Truman and talking about inflation say that the purchasing power of your old-age insurance benefits in the years ahead won't be much use to you on account of inflation. This could be a serious affair if we now paid for these benefits in one lump sum. Readers, however, will not be doing this. If your Social Security benefits when they are paid will be in depreciated dollars, then the payments which are deducted from your pay check will also be in depreciated dollars, at least so far as the average is concerned. I use this same argument to cheer up life insurance salesmen who are troubled as to what the value of the dollar will be twenty years hence. I assure them that though the

dollar may be much more depreciated at that time, yet if the premiums are paid in installments from now until then, they also will be paid to a large extent with depreciated dollars. Furthermore, remember that your increase in salary is largely due to the declining value of the dollar. Hence, considering all things, you will not suffer so much as you think you may and perhaps not at all. Speaking Of Taxation In giving this column to my accountant friend to read over, he suggested that I add "When a person reaches 65 and becomes eligible for old-age insurance benefits, his wife is also entitled to one-half his benefits provided she is also 65 or over and is not entitled to higher benefits based on her own earnings." This is something worth looking up; also the taxable feature of life insurance. For instance, when I took out, as a young man, \$40,000 worth of life insurance, the agent told me that this first \$40,000 was exempt from taxation. I now find that if I pay the premium and own the policies completely, my life insurance money will be subject to the Federal Estate Tax the same as stocks or bonds. The Revenue Act of 1948 does make an exception for a married man to this extent: If the proceeds of the insurance is payable to your wife (or to a trustee under certain conditions) within 13 months of your death, it is not taxable. The money in such a case, however, must be subject to her sole control. The above means that my readers should immediately talk their insurance over with an agent that knows his stuff. There are other technicalities which I cannot cover in this column. The main thing to remember is that if you give your wife the proceeds of your insurance to do as she wishes with, it will probably be exempt up to \$40,000; but if you try to be too specific and state how the money is to be used, or give it to other beneficiaries, it may be subject to taxation.

Electric Cooking Is CLEAN ...as MODERN women KNOW! No grime, no soot, no fumes when you cook electrically. That means no dirty curtains, no spotted walls, no carbon-coated pans and pans, no steam, when you cook electrically, everything is bright and shiny. The pans, the walls, the curtains, your disposition -- all of them -- bright and shiny. Electric cooking is clean because electricity is clean. Cleanest of all heat producing methods. Whoever heard of a dirty kilowatt? Yes, electric cooking is clean. It's fast, economical, automatic, dependable, efficient, cool, and convenient, too ... as modern women know! SEE YOUR Electric APPLIANCE DEALER with a plus value - It's COOL, TOO! SOUTHWESTERN PUBLIC SERVICE COMPANY 22 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Bits-Of-News
Captain and Mrs. Earl Roe, of San Antonio and Pangulch, Utah, were visitors over the weekend in the home of Mr. and Mrs. Chant Lee.
Mr. and Mrs. R. L. Cummings plan to leave Saturday on a two weeks vacation. They will visit relatives in Waco, Dallas and Sulphur, Okla.
Mrs. Dezzie Middleton was carried to the West Texas hospital in Lubbock Tuesday for a check-up in a Hudman ambulance. She was accompanied by her mother, Mrs. John Faulkner.
A meeting of the V. F. W. Hall, it has been announced.

Mrs. Lola James, 76, Remembers Moving To Garza From McCullough Back in 1904

It seems that the Dispatch started something of a contradictory nature in writing some of the old-timer stories. The latest printed last week, concerned an elderly retired sky-pilot who gave his thoughts and beliefs on the change which has come over Post in the past several decades.
But only a short time elapsed before another "among the first citizens" of Post comes in and points out a few things in the story which we, not having been around to observe the world very long, could never have picked as maybe being wrong.
Mrs. Lola James, a spry and lively 76-years-young, says that she begs to differ with the sky-pilot, John L. West of Floydada, with a few things.

Mrs. James first came to Garza county in 1904 as a beautiful young bride (now she did not mention the word beautiful, but on observing her looks at this date of her life, we just figured out the word as being an accurate description ourselves) straight from McCullough county.
Her husband had already been to Garza county (there was no Post at that time) and filed on land on the Scott and Robinson ranch and had then gone back to McCullough and married his sweetheart, Miss Lola White, and brought her to this area.
Mrs. James says she "still owns a spot of land where her husband filed."
But she does not agree with Mr. West on the first person who was buried in Garza county. "Mrs. Vera Westbrook, of Scurry county, was the first person to be buried in the county," Mrs. James declares. "She died of pneumonia."
"And old Brother Bilberry, a pastor at Verbena preached all over the county way before they had a Post," she said. "He also organized the first church in the county."
When Mrs. James first came to the area she said her nearest neighbors were five miles to either side of her. And there was only one small postoffice and no towns.
"Why I remember who started the first cotton growing in Garza county," the bright-eyed Mrs. James recalled. "Rob King had about five acres on the Cap Rock and it was snowed under and gathered in June but he made a bale to the acre. That started the cotton growing in Garza county. Old man Cotton later put in about 15 acres."
Mrs. James remembers that roads in this area were practically non-existent when she first moved here in 1904. "Why we would be driving down the trail and find a bridge washed out, so we would just drive down the canyon until we found a place to go up the other bank. I always knew we would be lost or killed but somehow we made it."
Mr. and Mrs. Lee Dudley of Snyder were Sunday night visitors of the Edd Dyes.

Old Grade School Disappearing As Post Historical Landmark

A historic landmark dear to the hearts of thousands of Post and Texas citizens is being demolished.
The razing of the old Post Grade school building marks the end of a storehouse crowded with the childhood dreams, hopes and fears of the youth who gathered on its benches and stools to get some "book learning" for the grind ahead.
Since it was built in 1918 thousands of pairs of feet have reluctantly dragged up the front steps at take-up time and then joyously pounded down the stairs and out the halls at the ringing of the last bell.
Romances have bloomed and died in its rooms and others have continued through the years becoming more beautiful and lasting as time goes on. Dreams have brightened and vanished and others have flourished into bountiful careers.
Petty grievances have been settled in the halls while some probably developed into mature dislikes. Break-ups and make-ups have been accomplished with the stormy vows of parting and the shy, half ashamed, half joyous touch of hands at the next meeting.
The old "red" schoolhouse was used for elementary and high school students until 1928 when the present high school plant was constructed. Then it became known as the Grade school. This title existed until the spring of 1950 when the modern elementary school was built.

Workers On New Hospital Are Listed
A total of 13 workers are presently engaged on the construction of the new hospital, according to a report from job superintendent C. H. Pettijohn.
Eight of the men are from Post, three are from Tahoka and two are from Fort Worth.
Included on the superintendent's roster are Charlie Stoy, Fort Worth; Paul Fuentes, Tom Huffman, Fred Fitzgerald, James Leister, Eugene Martin, John Waldrip, William Nagel and L. H. Tittle, all of Post; and R. J. Sessums, W. L. Sessums and David Evans, all of Tahoka.
Supt. Pettijohn is also from Fort Worth.
When the masonry and brick work starts on the plant the work will be done by Franklin and company of Lubbock; Angell and Smith of Fort Worth will do the plastering.

Dowe H. Mayfield Co. Installs New, Modern Shop Equipment

The spic and span repair shop of the Dowe H. Mayfield Co., Inc. looks more like a modern kitchen than it does an auto and tractor repair shop. The large "Nat-Flex" work bench made by Natkin & Company which was installed several days ago, resembles the latest type metal kitchen cabinet, and to keep it clean and neat it is equipped with an air-pressure hose and wash-up attachments.
This new equipment, which has ample storage space for all the latest type Hydromatic tools which were recently added to the shop, also supplements the \$700 "diagnosis and tune-up" cabinet and equipment which is brand new.
In addition to all the fine shop equipment in the repair department, the company has installed steam cleaning equipment to wash tractor and automobile motors.
Garzans who have sick autos and tractors will find it a pleasure to have them taken care of in the Dowe H. Mayfield Company plant. It certainly is a modern and clean set-up. Too, the mechanics have all been schooled in using the Hydromatic equipment.
Mr. and Mrs. Victor Hudman and family will leave Sunday for a fishing trip near Little Rock, Ark.
Major and Mrs. E. J. Robinson are visiting his mother, Mrs. Ida Robinson and family. Major Robinson returned to the United States June 26 after serving nine months in Japan and Korea with Marine Aircraft Group 12 as a pilot.

Barnum Springs Hartford Items

Please Send News Not Later Than Monday to BOBBY JOYCE HENDERSON Correspondent
The Barnum Springs Home Demonstration club met recently in the home of Mrs. D. B. Nash. Attending were Mrs. Byron Haynie, Mrs. O. F. Pennell, Mrs. Ray Hodges, Mrs. J. P. Ray, Mrs. J. W. Long, Mrs. Avery Moore, Mrs. W. H. Barton, and Mrs. W. F. Norman. The next meeting will be in the home of Mrs. M. Reep.
Mr. and Mrs. Tom Henderson and daughter and the Byron Haynies visited Palo Duro canyon and Amarillo over the weekend.
Mr. and Mrs. W. A. Long and son were hosts for a picnic supper Saturday night. Those attending were Mr. and Mrs. Tom Henderson and daughter, Mr. and Mrs. Byron Haynie and girls, Mr. and Mrs. O. F. Pennell and children, Mr. and Mrs. Hoyt Bland and son, Mr. and Mrs. W. H. Barton, Mr. and Mrs. Avery Moore, Mr. and Mrs. J. P. Ray and son, Mr. and Mrs. Bill Long and daughter, Walter Haynie, Mrs. Estelle Askins, Wilson Dee Williams, Mrs. Eleanor Pippin, Taylor Cook, Jean Cato and Elfreda Buck of Post; Mr. and Mrs. Ray Hodges and children of the Graham community; Mr. and Mrs. Doyle Baxter and sons of Seminole and Roy Long of Thalia.
Jean Cato and Elfreda Buck of Post visited in the Tom Henderson home Monday.
Jack McKinney of Snyder visited over the weekend with the W. C. Ryans.
Jeanette Storie of Post was a Saturday night guest of Maudie Faye Ray.
Mr. and Mrs. Calvin Bryant of Canyon Valley visited the W. C. Ryans Sunday.
Mr. and Mrs. Charlie McKinney and children of Snyder visited the Tom Hendersons Saturday.
Mr. and Mrs. W. A. Long left Thursday for California for a visit with their daughter and family, the Benny Huffs.
Mr. and Mrs. Doyle Baxter and

CONCEALED WEALTH
FORT DODGE, Ia. P—Henry Macken, 47, literally coughed up the dough when he was taken to a hospital here for treatment after an attack by two would-be robbers.
He had suffered cuts and bruises on his neck and chest. After the wounds were stitched, he started coughing. Out came two fives and two one dollar bills. He had secreted the money in his mouth when he was assaulted.
Persons visited in the W. A. Long home Saturday before leaving for their new home, North Dakota.
The O. F. Pennells and Tom Hendersons visited Mrs. Pennell's father, Jim Williams, in Lubbock Memorial hospital Sunday.

Fence Around Field Is Being Torn Down
The old wooden fence which has surrounded the Post High school football field for many years, has been torn down and will be replaced with a new storm-proof steel wire fence, Marvin Pennington, head caretaker, has announced.
Before the new fence is erected, all the ground around the field will be leveled and cleaned up.
Some of the stands on the east side of the field have also been torn down but will be replaced.
The Booster club is furnishing the labor for the \$900 project.

COULD BE GARZA COUNTY AS WELL — Although oil has taken first place in the economy of Elk City, Okla., agriculture continues to be highly important as this picturesque picture shows. The crops of the oil-well studded area are cotton, wheat and broom corn. The area also raises cattle.

Freedom from Noise Is New Feature Of Home and Apartment Construction

By ALTON L. BLAKESLEE
AP Science Reporter

CAMBRIDGE, Mass. — Apartments and homes with a new freedom — freedom from your neighbor's noise — are the goal of a room here that becomes a hellhole of noise.

This story is for you if thin walls bring you the snarls of every quarrel, the blare of radios, and shouts or wails of children. If the ceiling or wall makes you an innocent bystander of each party. If airplanes and traffic and factories invade your home with racket.

The room is a new test chamber at the acoustics laboratory of Massachusetts Institute of Technology. It is sound-proof and echo-proof, so quiet you probably couldn't sleep in it. The drum of your own heart beat likely would keep you awake.

But at a signal, 256 loudspeakers placed behind a test panel in the wall roar with sound so intense it could break your eardrums.

A microphone records the sound waves coming through each square inch of the wall. The mike travels up and down and across on a scaffold and with other instruments draws a map of the sound intensity at each spot.

The purpose is to learn just how sound travels through walls and ceilings or floors. That can lead to design of new materials that will keep out the annoying sounds, or to improvements in existing materials, or new combinations of materials for strong fire-safe construction making an apartment a castle of peace and quiet.

The sound studies currently are being made by Dr. Jordan Baruch and Albert Frost under supervision of Professors R. H. Bolt and L. L. Beranek.

The loudspeakers, set in rows, are located behind an eight-foot square test panel, composed of one kind or several kinds of wall material. The loudspeakers produce pure tones. For testing ceilings and floors, there is another panel in the ceiling, with a thumping hammer creating the test sounds.

Different sounds have different penetrating power, depending upon their frequency, through various materials. The actual tests now are beginning, after the difficult preliminary work of designing or setting up instruments to measure the behavior of sound.

The test room is built to prevent echoes from interfering with study of how sounds come through a wall. The room has walls of reinforced concrete a foot thick. It's made acoustically dead by hundreds of cones of fiber glass, lining the walls, ceiling and floor with their tapered end facing out. You walk on a suspended floor composed of a mesh of stainless steel aircraft cable mounted on springs.

These studies are just one of a number of steps here and abroad to keep noise out of apartments, row houses and individual homes.

A three-story apartment house in Rotterdam, Holland, is a life-size realistic laboratory. It contains 48 apartments, each built differently to learn what kinds of building construction are most efficient in bringing freedom from outside noise. There are 38 different floor constructions, 32 kinds of wall partitions, 45 outer wall and 22 flat roof constructions.

British scientists have prepared a recommended code to keep noises out of schools and flats. More than 100,000 housing units, including separate apartments in the same building, have been built following its provisions.

Area Farmers Interested In Signing Of Bill

Area cotton farmers are getting somewhat uneasy about the bill Congress passed to authorize the importation of Mexican farm laborers to help with harvesting of crops.

The bill is now before President Truman and he has until tomorrow night to sign it. The President has been urged to veto the bill by certain groups, while others are just as strongly advocating the signing of the bill.

In response to the interest shown by area farmers, and by the effect which the vetoing of the bill would have on the area, the Post Chamber of Commerce is joining with other interested sections of West Texas, in writing President Truman and urging the signing of the bill.

Senator Tom Connally has personally urged the President to sign the bill so that the supply of migratory labor needed so badly by the farmers of Texas will not be cut off.

Should this happen the only source of workers will be the "wetbacks," who are Mexicans that have illegally crossed the Rio Grande. And these workers are being sent back to Mexico just as fast as they can be picked up.

President Truman has given no indication on whether or not he will sign the bill. He must sign it however by midnight tomorrow night if it is to become a law.

Scout Leader Catches Fish with Bare Hands

DU QUOIN, Ill. P — Boy Scout Leader Les Harrison has a new trick to teach his charges. It's how to land a big bass without pole, line or net.

Harrison snatched a 7 pound, 3 ounce bass from DuQuoin's reservoir with only his bare hands. His fishing gear was still in the car. No further verification seemed required, Harrison being a scout master. But he refers doubters to a witness to the feat.

Two days later two city water workers duplicated the bare-handed catching of another big bass. But their fish was hand-capped. Their motorboat propeller had KO'd it.

Maybe She Should Allege Mental Cruelty

RANGOON P — A wealthy business woman of Mandalay wants a divorce from her husband because living with him "makes it impossible for me to maintain the kind of home I want."

The woman told a divorce court that during the 11 years of their married life her husband has taken four lesser wives and had affairs "with innumerable maid servants" in her employ.

Military Training Centers In Texas Call For Brains Instead Of Brawn This Time

By WILBUR MARTIN
Associated Press Staff

Texas is booming again as a military training center. But the accent today is on brains, not brawn.

A decade ago, a plaintive chant from foot-sore GIs echoed over the state's hot, sandy plains and dusty hills in World War Two.

"Left, left . . . you had a good home but you left . . . left."

It swelled from plodding thousands at the giant infantry training centers at Camp Bowie, Brownwood; Wolters, Mineral Wells; Maxey, Paris; Bliss, El Paso; Swift, Bastrop; Hood, Belton; and from a dozen lesser posts and scores of air fields.

The accent then was on the guy with the gun.

Today — five years after these soldier incubators shut down or went on reduced operations — Texas is bustling as a military training center.

But the training isn't for the rifleman, machine gunner, or tank destroyer.

And the state isn't sending thousands of fledgling flyers hop-scotching over its vast area.

The men in training now are jet mechanics, engineers, anti-aircraft gunners, and technicians.

There is still some flying training — and still some infantry. But compared to the 15 camps and 40 air fields that operated in the state in World War Two, it's practically nil.

It may mushroom again. There's been talk of reactivating Camp Bowie, where thousands trained in the infantry. And Swift, where the 95th, 88th, 97th, and 10th mountain divisions prepped before heading overseas.

But the soldiers you see in Texas now, for the most part, are trained technicians, or they are training technicians.

Sheppard Air Force base at Wichita Falls is on a round-the-clock schedule for producing airplane mechanics.

Amarillo Air Force base expects to have 60,000 future jet mechanics by the first of next year.

Wolters Air Force base has been named headquarters for the Air Force engineers, and the men in blue at Mineral Wells are learning how to build bases — and defend them.

The Army's intricate anti-aircraft guns are getting operators at Fort Bliss, where training is highly specialized.

Fort Hood, home of the tank-destroyer in World War Two, now houses the First Armored Division, one of the few regular army divisions in the nation. The Second Armored has been ordered to Europe.

At Fort Worth, Carswell Air Force base is headquarters for the atomic bomb carrier — the B-36 bomber.

Ellington Air Force base in Houston is turning out navigators for the Air Force.

There are a few flying training centers: Connally Air Force base at Waco; Goodfellow Air Force base at San Angelo; Randolph Air Force base at San Antonio; the Corpus Christi Naval Air Station; Perrin Air Force base between Denison and Sherman; San Marcos Air Force base for helicopter training. Big Spring Air Force base will soon be added.

And Waco has been designated home for the Air Force's new flying training command.

Good Attendance At Revival Noted

Attendance at the Bethel Temple of Assembly of God has been very good during the first three days of the two-weeks revival being held there, Rev. Ventura G. Solis, pastor, has announced. Conducting the revival is Rev. Augustin Aviles. It began Tuesday night and will probably last two more weeks.

Rev. Solis says that following the revival the church intends to conduct a Vacation Bible school for the children.

LOOK WHO'S NEW!

A son, Michael, was born to Coach and Mrs. V. F. Bingham at 11:39 o'clock Saturday night, in Lubbock Memorial hospital. He weighed seven pounds, eight ounces. The Bingham have a daughter, Barbara.

Mr. and Mrs. Robert J. Baker announce the birth of a son weighing five pounds, five ounces, at 1:09 o'clock Sunday afternoon in Lubbock Memorial hospital. He has been named Charles Lyn. Grandparents are Mrs. Ethel Redman and Mr. and Mrs. L. P. Baker.

Mr. and Mrs. Charles Ray Kiker of Gaffey, S. C., are parents of an eight and one-half pound son born July 8. His name is Michael Ray. Mr. and Mrs. W. C. Kiker are the paternal grandparents.

Dewayne Clark Takes Advance Navy Work

Dewayne Clark, son of Mr. and Mrs. Walter Clark of Plainview, formerly of Post, is stationed at Corpus Christi's Naval Air Station, All Weather Flight. He entered the Navy last year and received his "boot" training at San Diego, Calif.

Following recruit training he received instruction at the Airman and Aviation Machinist schools in Memphis, Tenn. Upon his graduation in April, he was transferred to Corpus. All Weather Flight is the Navy's most advanced school for training Navy and Marine pilots in instrument flying.

Clark is a 1947 graduate of Plainview High school and attended Wayland College, Plain-

BITS OF NEWS — Picked Up Over

Fred Boyd of Lubbock spent the first of the week with his cousin, Sherrill Boyd, and family. Carol and Evelyn Lynn of Lubbock are guests in the Sherrill Boyd home. Mrs. Boyd and son, Don, Mrs. J. A. McCartney and Louise Babb went to Lubbock after them yesterday.

Mr. and Mrs. R. R. Dodson were in Plainview Monday night and Tuesday with their niece, Cherry Dodson, a polo victim.

Z. D. Kemp of Brownwood was here for the funeral of his cousin, S. R. Kemp, held Tuesday in Tahoka.

Frances Dietrich, wife of the South Plains girl, camp at Buffalo Lake, was married at the First National in Chicago, Ill., will arrive in Lubbock this week with her sister-in-law, Mrs. J. H. Babb, and other relatives. The Babb are in San Francisco, Calif. this week with his sister-in-law, Mrs. J. H. Babb, and other relatives. Mr. and Mrs. J. H. Babb are attending a national convention of the Sons of the American Revolution of which John Babb is an officer.

Local Good Cooks Are Always On The Lookout For New Foods

WOMEN LIKE A CHANGE . . . Whether it's clothing, home furnishings or FOOD . . . We find that Post women are not any different from the others. They too, like a change and especially in the kitchen.

Garza county boasts many of the best cooks found anywhere, including Mrs. Bill McMahon, Mrs. M. J. Malouf, Mrs. J. A. Propst, Mrs. Lee Bowen, Mrs. J. E. Parker, Mrs. O. H. Hoover and hundreds of others.

Some of the things that keep these women at the head of the "good cook list" is their constant lookout for something different to set before the family.

They have lifted from our favorite cook book a number of recipes we would like to see used at our spring and bridge club meetings during the summer months. Try these and see if your guests will agree that they are delicious. Cream cheese nut bread and frozen fruit salad, served with iced tea.

NUT BREAD

Beat 2 eggs and 2 cups brown sugar thoroughly; add 2 cups sour milk and beat well. Add 4 cups flour sifted with 1-2 teaspoon salt, 2 teaspoon baking powder and 2 teaspoons soda. Stir in nut meats. Bake in wax-paper-lined loaf pan for 1 hour at 350 degrees. Texture and flavor improve after 12 hours.

FROZEN FRUIT SALAD

Soften 1 tablespoon gelatine in 1-4 cup cold water; dissolve over hot water; cool slightly. Add 2 cups fruit cocktail with syrup. Fold in 1-2 cup mayonnaise and 1 cup whipped cream. Pour into refrigerator tray. Dot with 1-3 cup maraschino cherries and freeze until just firm.

With the increasing costs of food most all of us get in on left-overs, which with little planning can be enjoyed as much as the original Sunday dinner. A friend of ours recommended the following MOLDED HAM LOAF to get rid of a couple of cups of leftover ham.

Heat 1 can (10 1-2 or 11 ounces) tomato soup and one cup water; add 1-2 tablespoons unflavored gelatine softened in 1-4 cup of water. Blend in 3 ounces cream cheese. Cool until mixture starts to congeal; add 1-2 cup mayonnaise, 2 teaspoons prepared mustard, 2 tablespoons vinegar, 2 cups ground cooked ham; chill.

Officers Are Elected At 4-H Rally Held At The Courthouse Monday

Officers were elected at the Garza county 4-H rally held all day Monday, at the courthouse. Sue Stephens will head the group as chairman; Lois Ritchie will serve as vice-chairman; Janeyce Lobban was named secretary and treasurer and Doris Ritchie, reporter.

Members assembled in the district courtroom at 9 o'clock for a session in crafts directed by Karen Pennell, Sue Stephens, Sandy Cross, Shirley McBride, Mrs. Theibert McBride, and Lois and Norma Ritchie. They stenciled 36 placemats and displayed them before a recreation period on the courthouse lawn at 10:15 o'clock. A sack lunch was served on the lawn at noon.

The afternoon program was begun with reports from those who attended the recent district camp at Lubbock. They were Lois and Norma Ritchie, Sue Stephens, Shirley McBride, Karen Pennell, Sandy Cross and their adult sponsor, Mrs. Theibert McBride.

Janeyce Lobban then discussed the highlights of her trip to the roundup at College Station.

Mrs. Jewell Strasner, agent, announced that she has entered the following girls in contests: Oneita Jones, home improvement; Norma Ritchie, achievement; Doris Ritchie, citizenship; Karen Pennell, clothing achievement; Sue Stevens, gardening leadership; Janeyce Lobban, re-

cord and home improvement; and Shirley McBride, home freezing.

The group made plans for setting up concessions at the forthcoming Junior rodeo. Ribbons were awarded Dress Revue winners before the meeting adjourned.

Attending the rally were Karen Pennell and Mary Albright, Southland club; Jerry Lou McLaurin and Sandy Cross, Justiceburg; Jimmie, Frankie, Jerry and Billie Williams, Post junior club; Norma Ritchie, Oneita Jones and Mrs. Bernie Jones, Close City; Sue Stephens, Lois and Doris Ritchie and Janeyce Lobban, Post senior club;

Shirley McBride, Janey Morris, Mrs. Theibert McBride and Mrs. Harlan Morris, Graham; Ruth Ann and Mrs. J. W. Long, Barnum Springs; Glenna Weldon, Fort Worth; Mrs. Ed Williams, Lubbock and Mrs. Strasner.

Miss Nichols Is Maid Of Honor In Wedding

Miss Billie Louise Nichols was maid of honor in the wedding of college friends, Miss Betty Ann Messer and Oliver W. Aldrich, in Lubbock, Friday evening.

The ceremony was in the home of the officiating minister, the Rev. Bob Bratcher. Miss Nichols and the Aldriches are students in Texas Tech, Lubbock.

Church News

By GANELL BABB

Scripture:

Now of the things which we have spoken this is the sum: We have such a high priest, who is set on the right hand of the throne of the Majesty in the heavens; A minister of the sanctuary, and of the true tabernacle, which the Lord pitched, and not man. For every high priest is ordained to offer gifts and sacrifices; wherefore it is of necessity that this man have somewhat also to offer. For if he were on earth, he should not be a priest, seeing that there are priests that offer gifts according to the law: Who serve unto the example and shadow of heavenly things, as Moses was admonished of God when he was about to make the tabernacle: for, See, saith he, that thou make all things according to the pattern shewed to thee in the mount. But now hath he obtained a more excellent ministry, by how much also he is the mediator of a better covenant, which was established upon better promises. For if that first covenant had been faultless, then should no place have been sought for the second. For finding fault with them, he saith, Behold, the days come, saith the Lord, when I will make a new covenant with the house of Israel and with the house of Judah. Not according to the covenant that I made with their fathers in the day when I took them by the hand to lead them out of the land of Egypt; because they continued not in my covenant, and I regarded them not, saith the Lord. For this is the covenant that I will make with the house of Israel after those days, saith the Lord; I will put my laws into their mind, and write them in their hearts: and I will be to them a God, and they shall be to me a people: And they shall not teach every man his neighbor, and every man his brother, saying, Know the Lord: for all shall know me, from the least to the greatest. For I will be merciful to their unrighteousness, and their sins and their iniquities will I remember no more. In that he saith, A new covenant, he hath made the first old. Now that which decayeth and waxeth old is ready to vanish away. —Hebrews 8.

Houston Hodges of Littlefield will speak at the First Presbyterian church Sunday morning in the absence of the pastor, the Rev. Gerald N. Blackburn. Mr. Hodges was graduated from Texas Tech college and plans to enter Princeton Seminary in the fall. The Rev. Mr. Blackburn and his wife are teaching in a camp at Buffalo Gap this week.

Sunday has been designated "District Superintendent" Sunday at the Church of the Nazarene in honor of the Rev. Orville Jenkins, superintendent of the Abilene district, who will speak at the evening service. Members and friends of the church are working for an increased Sunday School attendance as an honor to him on his special day in Post, the pastor, the Rev. J. C. Holman, said.

Several new books were added to the Methodist church library this week according to the pastor, the Rev. Joe E. Boyd. Mrs. B. E. Young is librarian.

The Rev. Alton Green of Dora, N. M. will conduct morning and evening services at the First Baptist church Sunday.

A Board of Education meeting comprised of the Sunday School superintendent and all the workers, met last evening in connection with the Methodist midweek service.

Leon Ramsy, a representative of Southwestern Christian college at Terrell, spoke at the Church of Christ last evening. Ramsy gave a very informative talk on the work carried on in the school for negroes. The college, started about a year ago, is supported by the Churches of Christ.

The Rev. Joe E. Boyd was ill the first of the week.

Party Is Given For Jimmy Moore, Friday

Misses Dolores Ligon and Maxine Baylis entertained with a party, honoring Jimmy Moore, on his 18th birthday, Friday evening in the Baylis home.

Games were played and refreshments were served to 46 guests including Mr. and Mrs. Avery Moore, Mrs. Opal Ligon,

Mr. and Mrs. Carter Gene White

Miss Sybil Smith Is Married To Carter Gene White Saturday

Miss Chambless And Jimmy Bird Marry In Roswell

Wedding vows were exchanged between Miss Ada Lou Chambless, of Spur, and Jimmy Bird, Saturday evening in Roswell, N. M.

The single ring ceremony was performed at 8 o'clock in the garden at the home of Mr. and Mrs. Douglas Buchanan, great uncle and aunt of the bridegroom. A Methodist minister officiated.

The bride wore a white eyelet dress with navy accessories and a corsage of white carnations.

A reception followed the service. Wedding cake and punch were served by Mrs. Al Bird and Mrs. Buchanan.

After a trip to Ruidoso and Carlsbad, N. M., the couple will be at home on the Bird ranch.

Immediate members of the families were guests. Those attending from Post were Mrs. Bird, Mr. and Mrs. Paul Beach and Mr. and Mrs. J. C. Fumagalli.

The bride is a student in Spur high school. Her husband is a graduate of Post high school and attended Texas A&M and McMurry colleges.

Glen Davises Are Honored On Their 34th Anniversary

Mr. and Mrs. Glen Davis of the Graham community, observed their 34th wedding anniversary Sunday with a buffet luncheon in their home. Arrangements of peach and yellow gladioli were used in decorating.

Attending were Mr. and Mrs. Harry Rotan and sons of Nolan; Mr. and Mrs. Floyd Bawcom of Sweetwater; Mr. and Mrs. Victor Railsback, Mr. and Mrs. Burl Railsback and daughter and Mr. and Mrs. George Railsback and daughter of Acuff; Mr. and Mrs. Buck Davis and children of Amarillo; Mr. and Mrs. Lonnie Peel and son, Mr. and Mrs. Elmer Cowdrey, Mr. and Mrs. Delmer Cowdrey and sons, Mr. and Mrs. Donald Windham and son, Mr. and Mrs. Delmo Gossett and daughters and the Davises and their sons.

Housewarming Is Given Hopkines

Mr. and Mrs. John Hopkins and son, Don Penn, who have lived in their new home on South Harrison for a week, were honored with a surprise housewarming Tuesday night.

Gifts of pottery were presented to the family. Attending were Mr. and Mrs. Charles Benson, Mr. and Mrs. O. C. Garner, Mrs. Hugh Blevins and Mrs. Joe Moss.

Club Pals Exchange Gifts In Babb Home

The semi-annual Rosebud party of the Graham Thursday club was held Thursday afternoon in the home of Mrs. Nellie Babb. Gifts were exchanged by club pals, whose names were revealed.

Refreshments of sandwiches, olives, cookies and cokes were served. Those present were Mrs. Will Wright, Mrs. Jess Propst, Mrs. Glen Davis, Mrs. Bill McMahon, Mrs. O. H. Hoover, Mrs. Allen Oden and Mrs. P. E. Stevens.

Mrs. Hoover will be hostess for the next meeting, July 19. Elvis Davis and Mr. and Mrs. Baylis.

J. E. Parkers Are Beginning 26th Year Of Marriage

Mr. and Mrs. J. E. Parker were honor guests at a barbecued chicken dinner in the R. M. Thomas home Tuesday evening in observance of their 25th wedding anniversary. Members of the immediate family attended.

The evening was spent in looking at movies and pictures of the family that have been made during the 25 years. The couple has had a honeymoon trip each year of their marriage.

Parker and his wife, the former Miss Joy Brock, were married in Lubbock and have resided here since. He had been a Post resident for 10 years previous to their marriage while Mrs. Parker had lived here only a few months.

Attending the dinner were Mr. and Mrs. Parker, Mr. and Mrs. Tom Power and daughters, Terry and Patti, and Mr. and Mrs. Thomas and daughters, Jan, Judy and Joy.

Miss Meacham To Wed J. Washburn

Miss Mary Margaret Meacham of Smithfield will be married to John Edward Washburn of Odesa, son of Mrs. Frances Washburn, Aug. 20.

The ceremony is to be read at 8 o'clock in the evening, in Wesley Memorial chapel of the First Methodist church, in Fort Worth. The bride-elect is a graduate of North Texas State college and her fiance was graduated from Texas A&M.

NEEDLE CLUB

Mrs. M. J. Malouf will be hostess for a meeting of the Needlecraft club in her home tomorrow afternoon.

NEWCOMERS

Post And Booneville, Miss. Are About The Same, Morris Says

Post is not a far cry from Booneville, Miss. except for a "little more" sand, according to Mrs. H. G. Morris, 20-year-old attractive blonde who moved here May 14, with her husband of one week.

When asked if they were troubled by the local housing shortage she replied "I didn't realize there was a housing shortage, we just saw this place, asked about it and moved in." They live in the upstairs garage apartment belonging to Mr. and Mrs. A. A. Suits.

Morris, whose nickname is "Cracker" his wife revealed, works the floor on an oil derrick for Penrod Drilling company.

"When I came here I didn't know a soul and although I have met a number of people I don't go much as my husband works nights and so do the husbands of most of my acquaintances", the new resident said. Morris has lived here and in Snyder about a year. He is working in the Claiborne Oil Field.

Mrs. Morris, formerly Miss Faye Tarrant, was born and reared on a farm near Booneville, Miss. After her graduation from high school she attended a junior college in Booneville for one year. As a Home Economics major in college, she was a member of the Home Economics club. While studying colors she became interested in painting ceramic.

Mrs. R. W. Babb and Ganell will spend the weekend in Fort Worth in the Hugh Hazlewood and N. C. Potter homes. Miss Bessie Pitts will join them for a short visit.

Elmer Howard will celebrate his birthday tomorrow.

pieces. She explains that she buys chalk figurines ready for painting then merely applies a paint, later a glaze and then puts on a coat of powder and polishes the product to complete it.

"Though the people of the town here are about the same as in Booneville, the weather conditions are certainly different. This 'sand' was all news to me. At home it rained every day or two up until we left and there we have lots of forests," the Mississippian said.

Morris and his wife had lived some four miles apart all their lives and attended the same school at different times, but had never gone together until he went home in April before their marriage the next month.

While in college the newcomer said that she lived at home and rode a bus to the campus because it was convenient, since she only lived 10 miles from Booneville, and because she did not think she would like living in a dormitory.

The couple is not amazed at the small amount of entertainment here because they are used to a small town with only a picture show and few other places of entertainment. "We do enjoy games, particularly bridge" Mrs. Morris said. "but while most people are reading or find some other measure of passing time, I am embroidering and listening to the radio."

The Morrises plan a trip back to their home in September and she says from the letters she receives from her parents they are quite lonely since their only child has moved to Post. Morris is from a family of seven; he has four sisters and two brothers.

Meadow Youth Presides Over FFA State Convention Now Underway In Houston

The twenty-third annual Texas Future Farmers convention opened yesterday in the Shamrock hotel in Houston with a West Texas youth, Weldon Mason of Meadow, presiding as state president.

Mason has been accompanied to Houston by Truett Babb, of Meadow and Post, who is a member of the F. F. A. executive committee.

The organization is composed of more than 30,000 farm boys in the state of Texas taking vocational agriculture in high school.

In addition to the regular business of the state organization, the convention will include several entertainment features that farm boys are seldom privileged to enjoy.

Sponsors of the convention, the Houston Chamber of Commerce, the Farm and Ranch club and the Fat Stock Show have gone all out to provide the boys with every facility needed to assure them an outstanding convention.

Wednesday afternoon, more than 1,000 boys attending the convention, were carried on an educational tour of the Gulf Coast industries, swimming in the Gulf and on a beach picnic. Last night the entire group was guest of the Houston Buffs at a Texas League baseball game.

Tonight the boys will be guests

Redecoration Of City Hall Started

City Hall is being rejuvenated with a complete redecoration job, according to Mrs. Lorene Benson, city secretary.

"The room has been in need of a good clean-up and paint-up job for a long time," she said, "and we decided now is as good a time as any."

Walls, ceilings, kitchen and bathrooms are all receiving a complete facelift. Coats of light green and corinthian red paints are being used throughout the building.

The floors are also to be filled and given a new gymnasium finish.

Miss Johnnie Cato of Levelland arrived Monday night for several days visit with her mother, Mrs. W. F. Cato. The Robert Catos went to Levelland after Johnnie.

Bits-Of-News

The Charles Moores of San Antonio arrived Sunday for a visit with their parents, Mr. and Mrs. R. A. Moore, and Mr. and Mrs. Arthur Morris near Plainview.

Jim Powers left Sunday night for Temple to go through Scott and White clinic.

Mr. and Mrs. Bryce Garland of Slaton visited Mrs. W. F. Cato Sunday.

Visitors in the home of the Rev. and Mrs. D. W. Reed in the Garlolia community are his son, Roy, and family, of Riveria, Calif. Mrs. Reed's son, Jimmy Defee, of Odessa was a Thursday visitor.

Mrs. Phil Bouchier and son, Tommy, returned to Snyder Tuesday to be with their father and grandfather, Joe Strayhorn, who is still critically ill.

Linda Lott spent last week in Lubbock attending the annual girl scout summer camp.

Mr. and Mrs. Jack Burress are vacationing in California.

Katherine Kahler and Mary Louise McCrary spent last week at a girls' summer camp near Fort Worth. They were accompanied home Sunday by Mrs. Giles McCrary and daughter, Pamela, who had spent the week with relatives in Fort Worth.

Mrs. George Shirley accompanied her son, Joe, of Lubbock to Roby Sunday. Mrs. Shirley remained there for a visit with her sister.

Marvin Pennington and family returned Sunday from a few days vacation. They visited Wood and then were met in Angelo by T. F. Davis and family and they all went fishing. Results were reported.

Painting Is Done At Postex Plant

Activity at Postex Mills was not completely dead during the vacation time last week since considerable time was spent painting, repairing and rebuilding around the plant.

In an effort to improve the appearance, help the working conditions and also provide a cooler atmosphere, a project of painting was begun during the holidays.

All window sashes in the weave shop were painted and complete coats of paint were applied to the entire spinning room.

Certain minor repairs which could not be completed while the plant was in operation were also finished during the week. And two new steeping vats also were constructed in the bleachery by Scotty Samson.

Plans for painting all the outside firehouses and the outside doors are now in the final stage and should be completed soon.

Work was resumed at the plant at 7 a. m. Monday morning.

Winner

Mrs. Dick Wood was the winner of the new bed-room suite given away by Mason and Company at the Tower theatre Thursday night.

Superintendent and Mrs. D. C. Arthur will leave Friday morning on a two-weeks vacation. During the time, they plan to visit two of Arthur's brothers and their families in Raton, N. M. and visit Colorado Springs, Colo. The main thing they both agree is they intend to "rest."

Mr. and Mrs. Charles Hudman and Mr. and Mrs. Charles Casey were at Buffalo Lakes near Lubbock Monday night.

The Future Farmers of America is one of the most successful means of teaching democracy in the high schools of the nation today. Through activities like the state convention and contests on the state level, and through hundreds of activities on an area, district, and local level, the boys not only get to see democracy in action but to be actually a part of it.

Special visitors in the W. C. C. home were Mr. and Mrs. J. C. Caffey and children, James and Tommy, of Breckenridge, and Mrs. Raymond Fair and Mrs. J. C. Lewis family returned Saturday after a visit to relatives in Oklahoma.

Jim Williams received a broken hip in a fall from his pickup, while unloading fruit and vegetables, Saturday afternoon. He underwent surgery in a Lubbock hospital Monday.

The Neal Clarys and Jimmy Smiths of Fort Sill, Okla. visited relatives here during the week-end.

New Post Dwelling Is Experiment In Unique Materials Brought From Mexico

A unique experiment in house-building is being carried out in Post with the construction of a new home in the southwest section of the city near the new hospital site. The unusual materials being used in building the house have probably caused more comment here than anything else has in some time. Despite the fact they bear strong resemblance to ordinary concrete blocks the sections of material are actually just distant relatives. They are made from a volcanic ash in Mexico City and have been brought all this distance to be put into the first house in the state to be constructed out of the material. An experiment of the Ken-Tex Oil corporation of Dallas, the house is being built to determine the cost of such a unit constructed of this material with the idea in mind of building many more such houses should the venture not prove too costly. Matt Stezler is building the house here. The company does not claim the house to be indestructible from an atomic blast, but the material has been known to withstand the heaviest of earthquakes in Mexico City during the thousands of years it has been used there. When completed, the house will be of Old Spanish design and stuccoed inside and out, and will contain two bedrooms, a living room, kitchen and dining room combination, bath, a large breezeway and a two-car garage. All floors are to be of tile. In the construction of the house the blocks are bolted together with heavy iron bolts. Steel window frames are also bolted. House planners claim the building will be as nearly fireproof as any building can be. Only it is finished. These guys can sure pretty things up a heck of a lot.

To Make The Bite, You Gotta Have The Line

Being a soft touch is sometimes hard to break. Especially when the line passed out is somewhat unusual. Take for instance on July 4 when most everything in town was closed and quiet except for the Dispatch office. At one of the quietest moments a tousled blond head appeared just outside the door and a little boy pressed his nose and face and hundreds of freckles against the screen and peered wistfully in. "Oh, ho," we said to ourselves, "you are about to be bit." And we made up our mind to refuse. In he came and wandered aimlessly up to the desk and before we could open our mouth, he floors us with, "Say, would you give a little girl some money?" We came back with, "What would she want with money?" "To go to the show," he answers. "Now aren't you kinda stretching things when you say a girl wants the money. It's really for you, isn't it?" we asked him. He sort of wiggled his toes and glanced at the floor for a minute and then said, "Yes, but I thought you would give it to a woman quicker than you would me." The last we saw of him he was headed for the show at a dead run.

Lawrence and daughter, Judy, of Ropesville, were visitors in Post over the week-end. Both Mr. and Mrs. Lawrence will teach in the school system at Ropesville this coming year. They moved to West Texas from Huntsville where Lawrence completed his college work last spring.

Post Men To Show Horses In Lubbock

Three Post Quarterhorse owners will enter their horses in the Lubbock Registered Quarterhorse show to be held in Jones Stadium there on Saturday, July 21. They include two men who have been entering horse shows for sometime, Earl Hodges and Bill Long. The third man, George "Scotty" Samson, will be entering a horse for the first time. "I am serving notice that I am getting out of the flower business" and going to showing horses," Scotty said. Scotty bought his horse, "Georgia Brown," only recently and is now venturing into the show ring with her for the first time. Georgia Brown won third in the big Quarterhorse show held in Albuquerque, N. M. only three weeks ago. In the Lubbock show, Long will enter his filly "Shenanigan" which took fifth place in the big Stamford show last week. Hodges' filly "My Choice" won third in the Stamford show and will also be entered in the Lubbock show. Plans are well underway here, Samson says, for the Post Quarterhorse show to be held Aug. 13 in connection with Junior Rodeo. Many of the horses entered in the Stamford show will be here as well as others from over the state. Two fine registered horses from Colorado have also been promised for the show. If plans go through the show will be among the top shows in the state.

Sister Visited

Mrs. J. S. Pearson, of Pharr, visited in Post Saturday afternoon with her sister, Mrs. Lola James. It was the first time the two had seen each other in two years. Mr. and Mrs. Pearson will teach in Pharr, near Port Isabel, this coming year. At the present they are attending college at Hardin-Simmons in Abilene. C. P. Jones dropped into the Dispatch office late last week. He is doing "tolerably well being up and about" following his lengthy illness, he says. He also reported that he might go to a clinic in Lubbock sometime this week for treatment.

- WHITE-GLOW INSTRUMENTS • DREAMLINE STYLING • BODY BY FISHER

When better automobiles are built BUICK will build them

Standard on ROADMASTER, optional at extra cost on other series.

PARDON us if we play switchman with a familiar railroad phrase, but we aim to flag down some certain people... Those folks who've always had a great big yen for a new Buick, but a big worry that Buick prices ran too high for their budgets. Now we'll have to grant you that —on style and beauty and size and impressive appearance — a 1951 Buick looks like a pretty high price tag. And we'll have to grant, too, that the zooming power and the luxurious ride and the heavyweight steadiness you get in a Buick would also indicate prices beyond the reach of most people. But honestly, you'll find nothing farther from the truth when you note the price tags on 1951 Buicks.

You'll find that beauty with the big-power, big-mileage, valve-in-head Fireball Engine is really within your budget picture—with prices starting below those of many of today's sixes. And you'll have to admit then and there that you can have Buick room and comfort, can have Buick ride and handling, can have Buick style and size—for little, if any, more than you've been paying for lesser cars. That leaves the next step up to you—stopping in to see us. Come in soon, look over the SPECIAL, SUPER or ROADMASTER you've always wanted — and let that happy glow go surging all through you as you sign up for your smart-buy Buick.

Les Short Buick Company

Mer Coolest Years—

(Continued From Page One)
 Last during the entire year. Second low went to 1934 with 11.15 inches.
 1941 must have been a wet year all around, for by the end of the year more rain had fallen in Post than in any other year during the 43 year period. No other year came close to the 43.20 inches which fell here in 1941.
 Second heaviest annual rainfall that wet Post came in 1926 when 35.79 inches hit the town during the year. The third heaviest rainfall fell in 1914. In that

year 33.17 inches fell. Naturally it was only a coincidence, but two of the wettest years in the past 43 were years in which wars began. In 1914 when World War I began 33.17 inches wet the city. And again in 1941 when the World War II started for the United States a record breaking 43.20 inches hit the city.
 All in all the city has had some dry years and some wet years, but those people who say this is one of the driest they have ever seen know what they are talking about. It has been the third driest year in a span of more than 43 years.

Main Street—

(Continued From Page One)
 storing of a generous quantity of foods; it must have capacity to safeguard and cool a wider variety of foods; it must provide adequately for proper protection of moist perishables.
 The new models found at Mason's, Hudman's, White's, McCrary's, Lanotte's and Dowe Mayfield, Inc., all provide these things, some stressing one feature, some another. In this day of rising food costs, a top-quality electric refrigerator is not a luxury—it is a necessity. See the new models on display.

Election Saturday—

(Continued From Page One)
 tenance or the hospital may never open its doors. The elections Saturday will provide that fund, providing of course the special road tax passes.
 County Judge H. M. Snowden, in explaining the new road tax pointed out that taxes this year will be 10 cents cheaper due to the reduction of the State taxes which became effective Jan. 1. Persons in charge of the election precinct boxes Saturday include:

- Northside of Courthouse: Presiding judge, Homer McCrary; judge, Walter Crider.
- Southland Schoolhouse: Presiding judge Sam Ellis; judge Otto Klaus.
- Verbena schoolhouse: Presiding judge, J. C. Fumagalli; judge, Edna McLendon.
- Justiceburg schoolhouse: Presiding judge, Mason Justice; judge, Ruby Lobban.
- Close City schoolhouse: Presiding judge, L. H. Peel; judge, Douglas Livingston.
- Graham schoolhouse: Presiding judge, J. W. McMahon; judge E. E. Peel.
- Pleasant Valley schoolhouse: Presiding judge, Clark Barton; judge, Henry Wheatley.
- Southside of Courthouse: Presiding judge, S. E. Camp; judge, Lucille Morris.
- Pat Walker residence (formerly King Bingham): Presiding judge, Hollis Drake; judge Floyd H. Hodges.

RECRUITER HERE
 Staff Sergeant Stroud, a representative of the Lubbock Army and Air Force Recruiting station, has announced he will be in Post each Tuesday from 11 a. m. until 1:30 p. m.
 The Sergeant will be available at the Post Office for anyone who wishes any information concerning enlistment in the Army or Air Force.

CHECKING MACEO BOOKS—Attorney General Price Daniel and Rep. Fred Meridith, chairman of the House crime investigating committee, scan the first books taken from nine boxes of records on last year's \$4,000,000 gross earnings of Maceo and Co. of Galveston. The committee is in session in Austin.

Approximately 75 Students Go To Local Bible School Classes

Approximately 75 children have attended the Vacation Bible school being held through Sunday at the Methodist church, Mrs. Phil Trammeh, school director, has announced.
 The 11 Juniors who went to Lubbock Tuesday reported an interesting tour which was conducted by Mrs. Uel D. Crosby of the Methodist Education Center in Lubbock.
 At the First Methodist church they were entertained by the organist, Mrs. Niel, who also demonstrated the variety of the 41 chimes.
 Also at the First Methodist church they viewed a display of the work done by the Junior Department during Vacation Bible school. The group then visited Mt. Vernon Methodist church for Negroes where the organist Mrs. Walker accompanied the two little Blakely girls in a song.
 Mrs. Crosby concluded the tour by taking the children through the Methodist Student Center at Texas Tech. Sponsors then took the children to Mackenzie State park for a picnic lunch.
 Sponsors making the trip were Mrs. Arlie Gilmore, Mrs. Mamie Lott, Mrs. Leo Acker and Mrs. Walter B. Holland.
 The Fiftieth Anniversary of Vacation Bible schools will be celebrated with the closing exercises of the Bible school, at 8 p. m., Sunday evening, July 15th in the Fellowship Hall of the Methodist church.
 A "sharing" program will be conducted in which each department will have part and share Vacation Bible school experiences with parents and friends by putting on a program based on the studies and handwork done in the 10 days of Bible school.

Church Buildings Progress Nicely

Construction on \$24,500 worth of church buildings in Post progressed nicely this week according to reports from the Church of Nazarene and the First Christian church where the work is being done.
 Foundations have been poured on the new \$18,000 Church of Nazarene building and blocks are expected to be placed by the middle of next week.
 On the First Christian church educational annex, the carpenters have already begun shingling the roof. When completed the building will contain a kitchen, a classroom, rest rooms, and a room which will extend across the entire length of the building. Sliding doors on this room will facilitate the making of three more classrooms.
 Women of the First Christian church have undertaken the project of furnishing the entire kitchen. Miss Nora Stevens has donated a refrigerator and Mrs. Hub Hajre has donated a stove for the kitchen.
 No date has been set on the completion of the building but when it is completed it will provide an additional 550 feet of classroom space. At the present time only 300 feet are available at the church.
 The new building is located directly behind the church building with nine feet separating the two.

Post Resident Hunts Owner Of Stray Dog

Are you missing a bird dog? Someone is, says Mrs. F. L. Verner, phone 243-J, because one has just "taken up" at her house the past several days. It is a young, brown and white spotted bird dog that has been vaccinated, according to Mrs. Verner.
 So the owner of the dog may call Mrs. Verner and claim the missing pup.

Blackouts Make A Good Betting Game
 SINGAPORE P — Power failures have become so common in this British crown colony that gamblers are making book on their duration. Winner takes the entire "kitty." Blackouts usually last about two hours.
 Even school children are indulging in this game.

Nothing But The Best
 LOS ANGELES P — When John Graham, 50, needs to be rescued, he wants the job done by professionals.
 Graham fell asleep on a rock in the ocean. When he awoke the tide had risen and he was cut off from shore. A bather, George Marvin, spotted Graham waving, swam out and offered to tow him in. Graham gave him the cold shoulder. "Go back and call me a lifeguard," he said.
 Marvin did. A few minutes later lifeguards came out and rescued the stranded Graham professional style.

KITCHEN KILLING
 TEL AVIV P — In neighboring Jaffa, a man has killed his wife. He said: "Her cooking was too bad."

Former residents of Old Emma
 or of that area in Crosby county are invited to a reunion in Mackenzie park Sunday at 11 o'clock in the morning. A basket lunch will be served at 12.

Mr. and Mrs. John Miller of Grandfield, Okla. spent the first of the week here in the home of Mrs. Miller's brother and sister-in-law, Mr. and Mrs. Lacy Richardson.

Misses Joy and Pat Mason visited relatives in Kilgore last week.

Mr. and Mrs. John Ecker and family and Mrs. Velma McGraw and son of O'Donnell were dinner guests in the E. L. Craig home Wednesday of last week.

14 Votes Are In Election
The school election held Saturday for the election of the Verbenia district bonds and re-estimated the tax rate 14 percent unanimously in both issues.

OPS Price Specialist To Be In Post Thursday Morning July 19

Robert W. Friedberg, price specialist in Consumer Durable Goods for the Office of Price Stabilization, will be at the Chamber of Commerce office in the Garza theatre building here next Thursday morning, July 19.

While here, Friedberg will be available for appointments and will also take the information and assistance needed right into the office of the business men asking for it.

Business men of this area who need help in complying with OPS pricing regulations are asked to call the OPS representative by telephone to arrange for an appointment at their place of business, if they desire. The price specialist will also conduct interviews in his temporary office at the Chamber of Commerce.

"The Lubbock district OPS office," said Price Executive C. J. Taylor, "is using this method in an effort to bring about as nearly complete voluntary compliance with the government's price stabilization program as possible, as the agency cooperates with the business and general public in the overall national defense set-up. Merchants are urged to take advantage of this offer to bring their firms into conformance with the law."

Issues Interpretation

The Lubbock district OPS office has announced that OPS has issued an interpretation of general overriding regulation 13, contin-

uing manufacturers ceiling prices in effect on June 30.

GOR 13, issued June 30 when the price stabilization act was extended through July, provided that manufacturers would continue pricing under the general ceiling price regulation of Jan. 25 unless they put new prices into effect on or before June 30 under the general manufacturers (CPR 22.) machinery (CPR 30.) and related manufacturing regulations of the agency.

Some of these regulations, including CPR 22 and 30, were to have gone into effect Monday, July 2, but since rollbacks are prohibited under the 31-day extension of the Defense Production Act of 1950 passed by Congress, the OPS issues GOR 13 maintaining manufacturers prices at June 30 levels.

Troop 16 Holds Court Of Honor

Troop 16 of the Boy Scouts of America held their regular monthly Court of Honor Monday night with approximately 18 adults attending in addition to troop members.

Don Clary and V. A. Dodson received their second class advancement and merit badges were presented to Leonard Short, for marksmanship, and Gene Young, bugler.

The presentation of the arrowhead honor to Dr. B. E. Young marked a precedent in the troop. This honor is usually reserved for the scoutmaster, but was bestowed upon Dr. Young for his outstanding services and contributions to the troop.

Court of Honor was opened Monday night by the Troop 16 Pledge of Allegiance to the Flag. Immediately following the presentations Avrie Lee McBride was inducted as a new member of Troop 16.

Following induction of McBride, the film, "Survival Under Atomic Attack" was shown and explained in a brief discussion period. Then refreshments were served.

Court of Honor is held every other month by the troop. Next regular court will meet on Monday, Sept. 2. All parents are requested to attend with their boys and visitors are also cordially invited to attend the meetings.

Mr. and Mrs. J. C. Claborn and family of McLean were Post visitors over the weekend.

Eugene Ashley Is In ROTC Summer Camp

Eugene Ashley is attending the annual Fort Bliss ROTC camp to complete field training requirements for a commission as Second Lieutenant in Antiaircraft Artillery, Army Reserve Corps.

Cadet Ashley is one of over 1300 ROTC cadets from 28 colleges and universities in the United States and Puerto Rico, the first time that all antiaircraft college ROTC units have trained together.

During the encampment, which lasts six weeks, the cadets will receive instruction and practical training in the use of the 40-mm and 90-mm antiaircraft guns, gunnery, small arms, and in troop leadership.

A student at Texas Western college, El Paso, he is majoring in physics and mathematics. On his campus, he is active in Sigma Alpha Epsilon fraternity and the Scientific club.

TWO DRUNKS FINED
Only two cases were recorded this week by Justice of Peace J. D. King. These included two persons being fined \$1 and costs for being drunk.

 Ben Eckols went to Lovington,

15% OFF Coleman
 AUTOMATIC GAS
FLOOR FURNACE

(This discount applies only to retail price of furnace)
A SPECIAL BARGAIN OFFER to let you say goodbye to ashes, dirt, soot, fire-tending and a poorly-heated home. By acting now you can save 15% and have a fully automatic furnace-heated home throughout next winter.
NEW COLEMAN SHALLOFLOW Floor Furnaces are easy and inexpensive to install, comfortable and healthful to live with. They fit in the floor, need no pit or excavation, no air ducts. They draw cold air off the floor, warm it, circulate it over a 3 to 5 room house and give you warm floors.
 Come in and let us explain Coleman's Bio-Arch Burner and other features for a better-heated home all through winter!

McCrary Appliance Co.

North, South, East, or West?

Whichever way your path to vacation land leads you, look to your beauty! Before beginning your two-weeks-with-fun, check these good grooming "musts."

- HAIR** — properly shaped, smartly styled, with a soft perm-for-managability and body.
- HANDS**—Manicured professionally, tipped with gay, exciting polish.
- SKIN** — lavished with preventives against excessive sun and wind. (Of course, fresheners, creams and suntan lotions are available in our retail department)

In short, stop at MAGGIE'S before "taking off" and... North, South, East or West... You'll walk in beauty!

Bits-Of-News
Mrs. Stanley Mathis and son, James Homer, and Mrs. W. B. Sanders were in Lubbock yesterday.
Mr. and Mrs. G. S. Kennedy and son, Kenneth, of Wickett visited Kennedy's mother, Mrs. Letha Thompson, last week.
The Jess Compton are home after a vacation in East Texas and Arkansas.
The Stanley Mathis family visited Mr. and Mrs. Johnny Mathis and son and Mrs. Black in Childress last week.
Mr. and Mrs. Howard Ferguson and daughter, Louise, and Miss Billie Moreland spent last week at Laverne, Okla. with Mr. and Mrs. Otto Ferguson and son.

Mr. and Mrs. N. B. Nichols of Seattle, Wash. are visiting in the P. S. John and Henrietta Nichols home this week. They plan to go to Abilene Sunday for a visit. Nichols is a charter member of the first Graza church, Verbena, and helped to build the church building and also helped to conduct the first revival held in Post.
FIDO ON THE LINE
MARION, III. P — "Number lease?" the Marion operator asked. "Woot, woot," came the reply.
Her second try brought barks again. On a hunch, she had the sheriff listen and the telephone woofed back at him too. Sheriff Ora Kirby drove to the telephone's garage location. He found it locked. A bird dog was beside the telephone which it apparently knocked from a table.
Kirby called the owner who unlocked his dog.

PEEK-A-COO
DAYTON, O. P — There was a mad scramble to peer into sacks of groceries in Dayton recently. Mrs. Mildred Swendlin, a checkout clerk at a Dayton supermarket, told police a packet of stamps valued at \$300 to \$500 was placed in a customer's sack by mistake. Nobody has yet reported looking into the right sack.
