BETTER COMMUNITIES

Twenty-Sixth Year Post, Texas "The Gateway To The Plains" Thursday, April 17, 1952 Number 25

PLENTY OF WATTS—The enormous transformer pictured above will carry plenty of electric power to Post residents in the next year. Being installed to replace an older and smaller unit, the unit is pictured while still on the flatcar at the railroad yard. Its size can be compared by the way it towers over the crew which unloaded it for Southwestern Public Service. (Photo by Dispatch Photographer.)

Antelope Footballers Tangle With Picked Team In Practice

Football fans in Post should mark Saturday night on their calendar. The Senior-Varsity football clash will get underway on Antelope field at 8:30 p. m. Saturday, according to Coaches Bing Bingham and Vernon Ray. Admission prices for the game will be 50 cents for adults and 25 cents for students. Proceeds will go toward paying for uniforms ordered last year.

Peculiar Smell Attracts Attention Over Town

Have you been bothered by any peculiar gaseous odor recently? Sort of a sweetish, sickening smell which lasted several days last week? Several persons contacted the Junior Rodeo officials met recently and decided on the dates for the 1952 Southwestern Championship Junior Rodeo. This year's event will be held Aug. 12, 13, 14, 15 and 16. The stock will be contracted from Goat Mayo of Petrolia and several clown acts have been contacted but none signed.

Dispatch and reported such a smell and wondered about its origin, effects and so forth. Reports indicated the odor was so unpleasant it made one ill. Rest easy. The odor is harmless—it is neither inflammable nor poisonous. Buster Moreland, superintendent of Brown Brothers, et al, said he felt certain that the smell came from spent acid used in acidizing nearby wells. "Once this acid has completed its work on the formation and is spent it leaves a most unpleasant odor," Moreland said. "When the wells are swabbed this spent gas drifts around. But people should not worry, because it is not harmful."

Cemetery Cleanup To Begin Soon

Clean up time for Terrace Cemetery is here again. T. R. Greenfield has announced for the Terrace Cemetery Company. Memorial Day is just around the corner and it is desirable that the cemetery be cleaned by then. "We want to get as many lots cleaned and mowed for Memorial Day as possible," Greenfield said. "So if you have not made your annual payment, please do so and we will see that your lot is put in good shape. If you work your own lot and want to use the water it will be necessary to pay for same," he added. Cooperation is urged in this matter as the funds of the Terrace Cemetery Company are limited, Greenfield concluded.

Rural Play Day Set Tomorrow At Justiceburg

Garza county's annual Rural School Play Day will unroll at Justiceburg tomorrow, Dean Robinson, county superintendent of schools, announced. Play Day pits student contestants from four schools against each other. These schools are Garnolia, Graham, Close City and Justiceburg. Beginning at 9 a. m. the "big day" in the students' school life will include declamation, spelling, story telling, ready writing, number sense and field and track events including sprints, high jump, relays and softball finals. One-act play competition was held in Post a week or two ago with Garnolia emerging as winner. Volleyball finals have also been runoff. Preliminary softball contests have been held but the final is scheduled for tomorrow. Schools can also be winners in the events. Each ribbon won by a student means so many points for his school. Last year Garnolia students gathered 334 points for first place honors. Close City had 243 for second, Graham 225 for third and Justiceburg 102 for fourth. These annual days of fun and frolic and determined efforts are always open to the public.

C. Bradley Rites Held At Alvord

Funeral rites for Charlie H. Bradley were conducted at the Union Hill Baptist church, near Alvord, at 4 o'clock Saturday afternoon. The Rev. J. U. Bullard officiated. Burial was in Union Hill cemetery, with Mason Funeral home in charge. Mr. Bradley died almost instantly Wednesday afternoon after he became entangled in a barb wire, which caught in a revolving post hole digger attached to a tractor. He and his employer, Jimmy Bird, were constructing fences on the Bird ranch at the time of the accident. He was born at Alvord, March 10, 1886. He had been a member of the Baptist church since childhood. He and Miss Lola Lois McDowell were married Dec. 22, 1907, at Alvord. Survivors are his wife; five daughters, Mrs. John Gaydon of Palestine, Mrs. E. D. King of Detroit, Tex., Mrs. Grover Pike of Compton, Calif., Mrs. C. R. Mangold of Bellflower, Calif., and Mrs. Floyd Davis of Post; 17 grandchildren; four great-grandchildren; and a brother, Johnnie Bradley of Ringgold; and three sisters, Mrs. Frank Anderson of Ringgold, Mrs. W. L. Johnson and Mrs. Sam Judd of Bowie.

Mrs. S. Hubble Is Buried Saturday

Mrs. Susie Elizabeth Hubble was buried Saturday afternoon, following services in the Calvary Baptist church at 3:00 o'clock. The Rev. F. M. Wiley officiated. Mason funeral directors were in charge of burial in Terrace cemetery. Mrs. Hubble died at 10:30 o'clock Thursday morning in Sloan Mercy hospital, where she had been taken several hours before. She was born Oct. 16, 1882, in Fayette county. She had been a member of the Baptist church for 40 years. Her survivors are three sons, N. See MRS. HUBBLE RITES Page 8

Quarterhorse Men Hold Friday Meet

Quarterhorse owners met last Friday night and voted to hold the annual Quarterhorse show on Saturday, August 16, the last day of the Southwestern Championship Junior rodeo. The rodeo runs from the 12th through the 16th. Attending the meeting were Earl Hodges, Bill Long, Jack Samson, Sims Taylor, Alvin Davis, Glenn Davis, and Phil Bouchier. George Samson was ill and could not attend. George Samson was elected chairman of the Show committee. The group voted to begin the show at 1 p. m. This is a change from last year when it began at 9 a. m., but the members decided this time would attract more horses and more spectators. No judge has been selected and the members decided to remain the same as last year. Awards have been stepped up and members will work out plans on this later.

Escaping Prisoners Discover Freedom Is Short-Lived Here

Freedom of two Garza county prisoners who escaped jail about 9:30 p. m. Sunday night was short lived with both of them back "cooling their heels" in less than 24 hours after leaving. The two, Joe Milligan, 17, and Jay Pigg, 25, managed their escape Sunday night by sawing a couple of bars in two in the ceiling and going through the attic of the court house, down the stairs and out the door.

Miss Harbin, HD Agent, Resigns Effective May 10

Miss Dorothy Harbin, Garza county Home Demonstration agent, has resigned her position effective May 10, according to an announcement from Judge H. M. Snowden. Miss Harbin assumed duties in Garza county on Oct. 15, 1951 following the resignation of Mrs. Jewell Straener. She had been employed by Southwestern Public Service company in Guymon, Okla. She resigned her present position to accept the County Home Demonstration agent job in Texas county, Oklahoma, at Guymon. With Mrs. Aubrey Russell, district agent from Lubbock, Miss Harbin met with the Commissioners' Court Monday and discussed her resignation. Later she gave Judge Snowden a formal resignation notice. Judge Snowden said the resignation would be accepted. He also said that the Commissioners' Court has no one in mind at the present to fill the vacancy. He did say, however, that Mrs. Russell indicated she had two or three persons in mind who might take the job. In extending her resignation, Miss Harbin said, "I have had wonderful cooperation from the Commissioners' Court, Lewis Herron, Home Demonstration clubs, 4-H girls and everyone else in Garza county. There is excellent support and interest in the Extension service program in this county and I know it will remain so. However, this new job presents some excellent opportunities for advancement and I feel that I must accept it."

Showers Combine To Give Post Moisture

Combining two showers last week Post received almost one inch. However, the gauge fell short by a few drops and measured only .97 of an inch. Friday night's shower skipped around over the county and most reports showed that about 50 of an inch was about the heaviest. In Post the moisture amounted to .33 of an inch, according to the gauge manned by J. R. Durrett at the Double U company.

Rotarians To Attend Meet In Odessa

Three members of the Post Rotary club will attend the District Rotary meeting to be held in Odessa Monday and Tuesday. They are Bill DeWalt, outgoing president; Monta Moore, incoming president; and Leo Acker, secretary-treasurer. Program of the Tuesday meeting was given by George Holland of Lubbock. He spoke on and demonstrated the use of hearing aids. He also discussed the possibility of a hearing test program in school.

Wednesday Kickoff Dinner To Start Annual Cancer Crusade In County

Garza county's annual Cancer Crusade will get under way on Friday, April 25, with a goal of \$553, according to County Chairman Burns Lawrence. Kicking off the 1952 drive will be a dinner in City Hall Wednesday night. Guest of honor will be Dr. D. C. Williams, long time physician in Post and Crusade medical officer for many years. Attending the dinner will be the block captains, community chairmen, and committee members. A complete list of workers has not been made, but will be given next week so that persons will know who is serving the Cancer Crusade. The town will be divided into blocks by the women's division. Each block will be solicited by the workers. Mrs. Jessie Voss is chairman of the Women's division. Her block captains will be given later. Community chairmen have not been named but are being contacted. Other workers include Ralph Kirkpatrick who will work the side of the block on which his business is located and the Clarendon highway. Bob Poole will work the block in which Piggly Wiggly is located and all the way to court house. David Willis will cover the court house; Bill DeWalt will work N. Broadway; Rev. Gerald Blackburn, South Broadway and Tahoka highway; Ted Hibbs, the Southwestern Public Service side of Main all the way to the railroad tracks. Shelley Camp will cover the First National bank side of Main; Burns Lawrence the Dispatch side. No one has been selected for the South side of Main where Collier drug is located.

Both men walked through the west part of town and cut back to the Lubbock highway where they caught a ride to Levelland. Pigg remained in Levelland, but Milligan went to Muleshoe, back to Lubbock and then back to Post.

He was picked up as he walked down Main street about noon Monday. Deputy Fay Claborn made the arrest right after Milligan left the bus station. Sheriff Carl Rains apprehended Pigg in Levelland about 3 p. m. Monday and brought him back to Post.

Both men were waiting to be taken to Huntsville to begin serving prison terms. Pigg has three five year terms to run concurrently. He was recently convicted of stealing drilling pipe. Milligan has two 2-year sentences to run concurrently. He was convicted here of theft and given a two-year probated sentence. He broke his probation when he forged a check in Levelland and was convicted and given two years.

Antelope Band Members Hold Clinic Tuesday

Post High school band members are preparing for the Inter-scholastic League band contest to be held at West Texas State college in Canyon the last of next week. Tuesday the band studied at an all-day clinic under the instruction of Joe Hadden, leader of the Texas Tech ROTC band and also assistant band director of the college. According to Post Bandmaster Bob Robbins, Hadden put the band "through the ropes" all day. They concentrated on the three pieces of music the band will play at the contest. These include "Storm King March" by Finlayson, "Minuet in E Flat" by Mozart and arranged by Blake and "King John". In the contest next week at Canyon the 69 members of the Post band will be competing against some of the best bands in the area. Classified as Class A, the band is included in one of the largest groups in the league. Last year the band received a very high rating at Canyon. Practice, however, is not over completely. Monday the band will travel to Lubbock and take about two more hours of instruction from Hadden. That afternoon the members will hold a picnic in Mackenzie State park.

ROPING CLUB MEETING

Efforts are being made to organize a roping club in Post. A meeting to discuss possibilities of such an organization is scheduled for 8 p. m. Friday night in the District court room in Post. All persons who might be interested in any project are urged to attend.

CONSTRUCTION...

Construction programs are budding all over Post. With the street and highway paving only just begun, citizens are told that the Southwestern Associated Telephone Company is beginning its \$25,000 expansion program and that Postex Cotton Mill, Inc. is topping that by slating a \$125,000 construction program for the near future. Combined with the new hospital which is to be completed around May 1, the new churches already constructed, new downtown businesses, housing, and the highway, these two new programs will run the past twelve months' construction figure to a considerable sum. Such programs speak well for a town. When this amount of work is going on in a town it definitely is not slipping backward. Progress of any town can be determined by the amount of building going on. Residential, business, and industrial building are the life-blood of a community. Post's present expansion and building programs are encouraging despite the extended drought which has hampered the agricultural and cattle raising aspects of our community. It seems to indicate that the experts believe times are going to remain on a steady keel.

COOPERATION...

To survive today one must have the cooperation of one's neighbors and townspeople. This cooperation must be extended by organizations and businesses as well as individuals. Such cooperation as we are speaking of occurred last week in Post. The Band Booster's club needed help to put on a Variety Show. They had only recently received the splendid cooperation of the businesses and townspeople in a style show, but they needed more help. It was forthcoming and in a hurry. Clubs, organizations, individuals, businesses all chipped in to lend a helping hand with the show. Townspeople responded by attending the show, and a big business made the generous offer of giving a large sum of money toward the effort. With such excellent cooperation has the uniforms been bought for our school band. And with such cooperation many other steps of progress and service have been completed successfully in our small town. Needless to say many more progressive steps will be taken and completed in this city because of this wonderful spirit of cooperation.

Texans In WASHINGTON

By TEX EASLEY,
Associated Press Washington Service

WASHINGTON, P. — The 1952 presidential race is focusing attention on the preferential primary system of voting, and Texas congressmen as a whole think their state should adopt the plan.

In fact, every one of them available for comment agrees on the subject.

Only 15 states now have preferential primaries—wherein the individual voter gets to indicate his preference in the selection of the man who will head his party's ticket.

Rep. Omar Burleson of Anson and Abilene is chairman of the House Elections committee which has been studying legislation designed to bring about establishment of such a voting system in every state through federal aid.

"I'm against the legislation," Burleson said when questioned on the subject. "I'll do everything I can to kill it in committee."

That, of course, is only a part, and a misleading part, of his answer.

"I think state preferential primary elections are a good thing," he continued. "But I think the states themselves should establish such procedure without any prodding or incentive from Washington."

He said the bill under study by his committee would provide a 20 cents per ballot federal payment to those states which hold preferential primaries.

Acceptance of this subsidy from the government, he says, would take the props out from under him and other southerners who have opposed a federal anti-poll tax law on the grounds that all such legislation should come exclusively within the province of the states.

Their own state legislature should provide for the preferential primary and fix rules as to how a man's name would get on the ticket—by petition, convention, write-in or otherwise, the Lone Star State congressmen feel.

Rep. Frank Ikard of Wichita Falls, who was judge of the 13th judicial district of Texas before coming to Congress last year, thinks the preferential voting system would give the average citizen a lot of the power now being held by a few politicians.

ROGER W. BABSON WRITES THIS WEEK

Employment To Increase During 1952 With A Substantial Increase In Savings To Follow

BABSON PARK, Mass. — Headlines about unemployment in certain sections such as Detroit and New Bedford have made depressing reading. Events, however, are sometimes more important than statistics. I, for one, have been greatly encouraged by the recent withdrawal of President Truman from the race. My more optimistic feeling comes from the fact that a number of the other contestants for the Presidency are more conservative than is Mr. Truman. And a more conservative outlook is what we need to encourage capital investment, which is the source of all jobs.

According to the U. S. Bureau of Labor Statistics, there has been a decline in employment in such industries as clothing, food, lumber and textiles. In the clothing industry there are about 60,000 fewer jobs today than a year ago. Likewise, there are about 65,000 fewer food jobs, 20,000 fewer lumber, and 75,000 fewer textile jobs.

The answer to the unemployed worker in a consumer-goods industry is a job in a defense industry. By late 1952, it may be difficult indeed for the consumer-goods industry to find laid-off workers. They may have been snapped up by defense industries and paid wages that consumer-goods companies will find difficult to meet.

Best Job Bets

Best job bets for 1952 will be in the defense industries, although, in the long run, more secure employment is to be found in consumer-goods industries. The production jobs today on the increase are in such industries as heavy machinery, metals, chemicals, and paper,—to mention a few. For example, there are today 200,000 more jobs in machinery plants than there were a year ago, about 100,000 more in metals, 72,000 in chemicals, and 15,000 in paper. Transportation equipment and materials handling manufacturers are employing about 160,000 more people.

The college senior with a mechanical or electrical engineering degree is in very short supply now and can, therefore, almost write

his own contract! A recent survey of 125 companies reveals they will offer beginning engineers salaries ranging from \$225 to \$500. Manufacturing companies expect to hire more non-technical college graduates this year than last with starting salaries ranging from \$300 per month upwards. Best bets for the non-technical graduate will be in the accounting and manufacturing fields. Salaries for the college senior in 1952 will be about 10 per cent higher than those offered to the 1951 graduates!

What's Ahead?

What does this picture mean to the United States? Actually, there is a boom today in certain jobs compared with the boom in stocks of 1929. Employment is high. Savings are above normal. Wages may rise another \$15 billion, from \$165 billion this year to about \$180 billion next. After increased taxes, this could mean about an \$8 billion increase in people's earnings, and should further increase savings. The cost-of-living, however, has reached present highs because most people are doing as little work as possible for their current high wages.

We are experiencing a "wageworker's prosperity;" but some day this wage bubble will burst as have the stock market bubbles of the past. Americans should realize this and begin to save for the rainy day. The wage earner ought to plan to buy a little life insurance, then purchase a home, and build up savings accounts. There never was a better time for the graduate of any school or college to get started on a job. Business and government desperately need men who can think. Who have learned how to get along with people, and who have such character traits as faith, integrity, self-reliance, initiative, drive, and good health. But young people must do much better work than they are now doing in order to hold their jobs when business again declines. However, as I said above, I am feeling more optimistic now because there is a chance that the political pendulum may be swinging toward common sense, away from nonsense!

Getting Out On the LIMB....

By EDDIE the editor

Some weeks ago in conjunction with all the schools in Texas the Post school system observed Public School Week. The turnout was nothing to brag about, but as school officials termed it, "there could have been less."

Post, like many other small towns, has an average number of citizens interested in what the school is doing. Interested enough that is to offer any assistance possible.

I have wondered a few times if all towns left their schools alone and considered them "just a place to leave the kid during the day so that it is out of the way." And in my readings I have sought articles which might give evidence that my idea could be false.

I found such an article in the April issue of The Texas Outlook. Written by J. C. Moffitt, who is superintendent of schools at Provo, Utah, the story gives some examples which might be good reading to the mothers and fathers of the community.

"... Many schools across the nation have come to understand 'their place in the public.' Modern schools no longer exist on islands of isolation. They are the 'main street' of American community life. They criticize the undesirable, preserve the ideals and practices found to be good, uncover new needs, and point the way for community improvement."

"But in this new assignment of community schools, educational procedure must be an integral part of the community. Investigation reveals many interesting items of current practice."

"Ironton school libraries have books, recordings, visual aids, and a television set in each reading room. Yet the most important of all sources of information the librarians have catalogued are the 'human resources' of the entire community."

"Ironton is a cosmopolitan town of diverse the small industries. The inhabitants come from many parts of the world. Scores of these folk have volunteered to bring their knowledge of their homeland, of their arts and industries to the school. These human resources are requisitioned quite the same way as is a book from the library."

"The schools of Colandro used American Education Week this year to help people see the 'beginning of learning.' Three large down-town store windows were used for classrooms from 9:30 a. m. to 3:30 p. m. thruout the week. Ignoring the public on the sidewalk, groups from kindergarten through high school, with loud speaking aids, helped people to understand what good learning 'looks like.' The kids did everything from sleeping in the kindergarten to dissecting snakes in a high school science class."

"Martin City has just completed a new 25-room school building in which a wall of special texture glass in two classrooms permits corridor observers to see children in action. Unaware of those outside the room, pupils perform normally while patrons, teachers, or trainees observe children in educational action."

"Significantly, the planning of this building was a community project in which teachers, administrative officials, and patrons cooperatively planned details of the building and the spacious grounds. It is literally a community center because it is designed to serve all of the people and because the people gave of themselves in the planning and in much of the construction. They proudly call it 'our school.'"

"Parent-letters and notes and teacher-parent conferences are becoming common practice for many schools. These procedures are doing much to foster constructive attitudes toward schools."

"The community school at Benhelm sends a brief weekly 'News Notes' to all parents. One recent edition expressed appreciation for the 'kindergarten dads' who had built a playhouse, and for three mothers who made drapes for the community-school library windows. It also reported the purchase of a new record player and a 'camera that will be used to take pictures of various activities of your boys and girls in and out of classrooms to show you at our final parent-teacher meeting of the year."

"Children and teachers at Cresthill write letters to each child out of school for illness, issue greetings when a new baby comes to a family and send welcomes to newcomers."

"From border to border and coast to coast, school people are finding a new conviction of the genuine importance of American schools as the soul of American life. Guided by this philosophy, the school not only preserves democracy; the school is democ-

THE AMERICAN WAY

But the aroma (?) lingers on

Our Contemporaries Are Saying:

Why So Much Politics?
"Why are you printing so much about politics?" asked an interested reader the other day. Good question, here is a good answer.

Never before has there been so much interest in politics so early in the campaign as in 1952. Candidates for the presidency are running around the country trying to get votes. People here in Randall county are talking about politics as never before.

Perhaps we know no more about the political situation than the average man. However, we are printing so much in order to arouse interest among the voters—interest which will lead them to the precinct convention to be held May 3.

We know that the influence of the average voter in Randall county in selecting a president is mighty, mighty small, but after all, unless the people in Randall county are interested in their future president, we are fearful that the people throughout the nation will likewise be pretty lukewarm.

Get ready for the precinct convention, and go there determined to vote your sentiment.

—The Canyon News

Truman, The Politician
President Truman's withdrawal as a presidential candidate has produced enough editorial fodder to feed 10 armies of Moscovites.

What most of the fodder-factory free-lancers have overlooked, as they mull over everything from the size of Margaret T.'s larynx to the volume of the Democratic donkey's bray, is the most obvious conclusion that could possibly be drawn from the extemporaneous action of Mr. President.

The obvious conclusion analyzes something like this: Mr. Truman is, first and finest, a politician.

A politician lives on victory. Mr. Truman, the politician, sensed defeat at the November polls.

He wanted to go down in history as the undefeated champion.

Therefore, he did not choose to run.

Q.E.D.
—The Liberty Vindicator

It Sez Here

It is always a pleasure around the editor's den of iniquity when he sees a good advertiser rewarded with the patronage of his readers. We are glad the First Baptist church bought its new Hammond Electric organ from Jenkins Music Company of Lubbock. This firm has taken an active interest in advertising its products in this newspaper. If such people think enough of local business to step in and campaign for it, we think they're

racy. It is all of the people in all of the communities sharing all of the problems and pointing the way to continuous improvement.

And so it goes at other schools. Now to clarify the situation, I do not say that Post people have no interest in their schools. For with the summer recreational program to be sponsored by the F.T.A., the Band Booster's club and the attendance at various functions, there is definitely enough proof that parents are interested here.

What I wonder is, could the interest be increased? It's a cinch that more interest cannot hurt the school but a decline in the present interest can certainly do harm.

That's why I offered the portions of Moffitt's article so that we might know what other people are doing.

entitled to preferred treatment.

—The Ralls Banner

Braddock Is Injured
Norman Braddock, 26, of Draw, entered Tahoka hospital at about 10:30 p. m. Sunday with a deep cut just below his left ribs, allegedly inflicted at his home by another man.

The cut was six or eight inches long, hospital attendants said, and a piece of his liver was cut out. On Wednesday, his condition was said to be serious but not critical.

Local officers who investigated circumstances surrounding the altercation said no charges have been filed.

—The Lynn County News

50th Printing Anniversary

Next week, if The Beacon force holds out and nothing breaks, the 50th anniversary edition will be put into the mails. It will not be as elaborate as we would like but it will be as good as we can make it with our limited help. There are some things we will miss but we are trying to cover the main things of interest at the time The Beacon was founded—in 1902 and the few years preceding and following that date.

—The Lockney Beacon

Remembering Yesteryears

Five Years Ago This Week

The Gold Star was sent to the J. T. Peddys this week, by the War Department. Their son, Pvt. Clyde E. Peddy was killed on Okinawa on April 1, 1945.

Unable to communicate with his brother, Opa, and family in Texas City after the tragic explosion, N. C. Outlaw left yesterday to check on the safety of his and other Post resident's relatives in that area.

Ten Years Ago This Week

Bland Tomlinson has announced his candidacy for the office of sheriff-tax assessor and collector.

Mr. and Mrs. O. G. Lewis and children, of Sparenburg, spent the weekend with her father, M. L. Morris.

"Birth of the Blues" is coming to the Garza theatre Sunday and Monday.

15 Years Ago This Week

Friends were grieved to learn of the death of Dr. C. D. Baxley, former Post dentist.

The Winston Whartons, of Albany, visited in the Doug Morrel home over the weekend.

Little Iris Steen McMahon had her tonsils removed in Slaton Mercy hospital last week.

Imogene "Mo" Upton, a University of New Hampshire co-ed, was fifth in the women's slalom in the Winter Olympic Games.

The highest total of goals scored by two teams in an American Hockey League playoff game was 14, when Buffalo defeated Cleveland 12-2 in 1943-44.

Of the 20 money-winning stables last year at Delaware Park, nine were owned by women whose horses won \$189,005.

B. C. Manis is ill at his home.

Miss Hazle Byrd and Mr. J. Rains were married April 1.

A new six cylinder cleaner and new steel engine were installed in the old ham gin plant recently, according to Bill McMahon, manager.

B. J. Edwards underwent surgery in the West Texas hospital in Lubbock, this morning.

Tenderfoot scout awards given to Wayne Hundley, Shirley and A. C. and Thomas Monday night.

R. F. Crowder was honored at a birthday dinner Sunday at home in the Graham community.

Funeral for James Merritt, who was burned to death when his truck turned southeast of Jacksboro Sunday night, was conducted in the land Baptist church, Tuesday.

J. F. Maxey, J. N. Gomer, John L. Wallace attended the "winners" convention in Post last week.

The Methodist Sunday school is striving for 150 to attend Sunday.

MODERN LIVING IS ELECTRIC LIVING!

PICNICS ARE MORE FUN WITH HOT MEALS!

Your electric roaster makes it easy to have hot dishes at your picnic. The roaster itself can be taken on the picnic, and its insulation will keep the food warm long after the roaster has been disconnected. At home — or on a picnic — you'll find an electric roaster efficient and economical. Plan to buy yours soon.

Public Notice

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO: T. F. Vander Laan, W. E. Stewart, J. V. Fleming and Mrs. I. M. Lemon

GREETING:
You are commanded to appear by filing a written answer to the plaintiff's First Amended Original petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 26th day of May, A. D., 1952, at or before 10 o'clock A. M., before the Honorable District Court of Garza County, at the Court House in Post, Texas.

Said plaintiff's First Amended Original petition was filed on the 11 day of April, 1952. The file number of said suit being No. 1091.

The names of the parties in said suit are: W. R. McGuire and wife, Ena McGuire as Plaintiffs, and John H. Cochran, L. A. Wallace, T. F. Vander Laan, W. E. Stewart, J. V. Fleming, Mrs. I. M. Lemon and Sells Petroleum, Inc. as Defendants.

The nature of said suit being substantially as follows, to wit: Trespass to try title on the following described tract of land, to-wit:

All that certain tract or parcel of land situated in Garza County, Texas, and being in Section 1225, certificate No. 10, E. L. & R. R. Co. Survey, and being described as follows:

Beginning at a point on the Northeastly right-of-way line of Federal Highway No. 384 (Post to Lubbock) the said point being also situated 1637 feet West of the Southeast corner of said Section No. 1225, and 500 feet North of the North Line of 11th Street in Post, Garza County, Texas;

THENCE Northeastly a distance of 230 feet;

THENCE Northwestly a distance of 300 feet;

THENCE Southwestly a distance of 120 feet;

THENCE Southeastly a distance of 120 feet;

THENCE Southwestly a distance of 44 feet;

THENCE Southwestly a distance of 136 feet, to the said Northeastly right-of-way line of Federal Highway No. 384;

THENCE Southeastly with the said Northeastly right-of-way line of Federal Highway No. 384, a distance of 55 feet.

THENCE approximately at right angle to and in a Northeastly direction from said Northeastly right-of-way line of Federal Highway No. 384 a distance of 90 feet, and containing two acres, more or less.

If this Citation is not served within 90 days after its issuance, it shall be returned unserved.

Issued this 11th day of April A. D., 1952.

Given under my hand and seal of said Court, at office in Post, Texas, this 11th day of April, 1952.

U. S. Air Force Recruiting station, Room 203, Post Office building, Lubbock, or their nearest recruiting station.

Public Notice

Sealed proposals, addressed to the owner, Garza County, Post, Texas, in care of H. M. Snowden, County Judge, will be received until 9:30 a. m., Friday, April 18, 1952, at which time they will be publicly opened at the County Court House, located in Post, Texas.

Bids will be received for equipment and furnishings as listed and specified for the Garza Memorial Hospital (24 bed capacity) Post, Texas, under construction since June 11, 1951. Hill-Burton Act, Federal Aid Project, Texas 104.

Specifications, bid lists and related documents on the hospital equipment groups will be available in the office of Jack R. Rex, Equipment Consultant, Garza County Court House, Post, Texas, after April 7, 1952.

Contract awards or purchase authorizations will be negotiated with the lowest acceptable bidders. The successful bidders will be required to enter into a contract with the County of Garza and to furnish the equipment called for in accordance with the equipment specifications and related documents. The owner reserves the right to accept or reject any or all bids and to waive all formality in connection with the receiving of bids and making contract awards. Bidders will be required to bid on all equipment and furnishings by the sections set up by the owner and bidders will not be allowed to bid on specific items selected from the sections set aside by the owner. Bidders will specify the earliest possible delivery date on all bids.

As a guarantee of good faith in submitting proposals, all bidders are required to submit a bid bond or show evidence of such a bond, cashiers check, or a certified check with each proposal, made payable without recourse to the owner in an amount equal to 5% of the total proposal, when the total of such proposal equals or exceeds \$2,000.00. Guarantee on each proposal under \$2,000.00 shall be in the form of a company check, made payable to the owner, in the amount of 5% of the proposal cost. All bid guarantee checks will be returned to unsuccessful bidders within 30 days from date received by owner, and to successful bidders upon delivery of equipment in good condition and in accordance with other delivery, uncrating or installation requirements as specified.

OHIO HORSES WON

COLUMBUS, O. P.—Two Ohio-owned horses, a pacing gelding named Paratrooper and a trotting mare called Nancy Grimm, were the leading dash winners on the American harness racing turf in 1951. Paratrooper posted 29 victories to lead the pacers, Nancy Grimm scored 24 trotting wins.

A. D., 1952.

Ex-Nazi Pilot Pays Off Forgotten Debt

SANTA ANA, Calif. P.—Early in 1943 a German Luftwaffe captain boasted the Nazis would sweep their foes out of the skies. A captured American bomber pilot waged the best bottle of brandy available after the war that the German was wrong.

Early this month David Farrell, of Santa Ana, the wartime pilot, collected. The loser, Capt. Waldemar Wuebke, now living in Bogota, Colombia, remembered the bet when he met a New York woman in South America. He sent \$10 back with her. She sent it to a sister in Compton, Calif., who gave it to Farrell's father in Long Beach.

Since the former captain doesn't drink, he turned the winnings over to the boys' fund of the Santa Ana Optimist Club.

Miss Mary Margaret Graham Is Bride Of Dwight Lewis Kinard

Miss Mary Margaret Graham became the bride of Dwight Lewis Kinard in the First Baptist church, Saturday evening.

Mr. and Mrs. Oscar Graham and Mr. and Mrs. D. L. C. Kinard, of Memphis, are parents of the bride.

Tom Power sang "Benediction" preceding the ceremony, "The Lord's Prayer" as the benediction. She was accompanied by Mrs. Ray N. Smith, pianist, who also played a prelude and the wedding marches.

The Rev. T. L. Denton, pastor, officiated at the single ring service at 4 o'clock. Altar decorations included baskets of white chrysanthemums and white gladioli.

The bride wore a gown of white tulle with a scalloped waistline and extended train. A headdress of white blossoms held her fingers.

Attendants Named
Mrs. Warren H. Yancey was matron of honor. Bridesmaids were Mrs. James Bagwell, of Dallas, and Mrs. A. L. Galley, of Memphis, sisters of the bride.

They wore green flowered tulle gowns, fashioned similarly to that of the bride. Small bonnet-type hats of white tulle were carried.

Miss Carolyn Boren presided at the register. Others assisting with hospitalities were Mrs. Curtis Davies, Mrs. Lonnie Peel, Mrs. Marvin Hudman, Mrs. J. W. McMahon, Mrs. Walter Boren and Mrs. R. V. Thomas.

To Live In Memphis
Mr. and Mrs. Kinard will be at home in Memphis after April 23, where he is associated with the Kinard-Galley Agency.

For a trip to San Antonio, Houston and New Orleans, La., the bride wore a mauve wool suit with grey and pink accessories and an orchid corsage.

The bride is a graduate of Post High school and attended Texas Technological college in Lubbock.

Needle Club Has Easter Program In Malouf Home

An Easter program was enjoyed by 14 Needlecraft club members and three guests in the home of Mrs. M. J. Malouf, Friday afternoon.

Chicken salad, olives, pickles, hot rolls and butter, lemon pie, coffee and tea were served.

Those present were Mrs. Johnny Malouf and son of Lubbock, Mrs. Buddy Malouf and son of Petersburg, and Mrs. Junior Malouf, of Abilene, guests; and the following members:

Mrs. E. F. Schmidt, Mrs. Pat Walker, Mrs. Bill Sanders, Mrs. Vera Cockrell, Mrs. W. F. Pierce, Mrs. F. A. Gilley, Mrs. N. W. Stone.

Mrs. B. F. Evans, Mrs. T. L. Jones, Mrs. J. R. Durrett, Mrs. George Samson, Mrs. Ida Robinson, Mrs. Carl Clark and the hostess.

Former Residents Married 50 Years

Mr. and Mrs. T. E. Payne, sr., pioneer Garza county ranchers, recently celebrated their 50th wedding anniversary with open house at Plains. Children of the couple were hosts for the event in the American Legion hall.

An arrangement of yellow and white flowers, yellow tapers in candelabra, and wedding ring cakes decorated the table, which was laid with a handmade Maderia cloth.

One hundred and fifty guests, including Post and Justiceburg friends, attended the party.

Children of the couple are Mrs. L. J. Sanders, of Baileyboro, Jack Payne, of Lubbock, C. Dud Payne, of Andrews, Dick Payne, of Morton, and Gene Payne, jr., of Plains.

The couple was married April 2, 1902, in Colorado City and moved to a ranch near Justiceburg, where they lived until their children entered high school in Post.

Mr. and Mrs. Payne are retired and they live in Plains.

Church News

Scripture
For we know that if our earthly house of this tabernacle were dissolved, we have a building of God, an house not made with hands eternal in the heavens.

For in this we groan, earnestly desiring to be clothed upon with our house which is from heaven: If so be that being clothed we shall not be found naked.

For we that are in this tabernacle do groan, being burdened: not for that we would be unclothed, but clothed upon, that mortality might be swallowed up of life.

Now he that hath wrought us for the selfsame thing in God, who also hath given unto us the earnest of the Spirit. Therefore we are always confident knowing that, whilst we are at home in the body, we are absent from the Lord: (For we walk by faith, not by sight.)

We are confident I say, and willing rather to be absent from the body, and to be present with the Lord. Wherefore we labour, that whether present or absent, we may be accepted of Him. For we must all appear before the judgment seat of Christ; that every one may receive the things done in his body, according to what he hath done, whether it be good or bad. II Corinthians 5:1-10.

Sunday School attendance in Post churches April 13—

Assembly of God	53
Calvary Baptist	152
Christian	65
Church of Christ	98
Church of God	61
Church of the Nazarene	252
First Baptist	381
Latin Church of God	42
Methodist	175
Presbyterian	36
Total	1315

It was necessary to show the film "Mr. Texas" a second time at the First Baptist church Tuesday evening, as the building was filled to capacity for the first showing at 7:30 o'clock.

The show, featuring Evangelist Billy Graham, is the world's first Christian western ever to be filmed.

Missionary education program will begin at the Presbyterian church Sunday evening and will continue for four Sunday evenings.

A fellowship supper scheduled for 7:00 o'clock, will start the special program. Mrs. John R. Jones is planning a series of programs and laymen will conduct the services.

There will be a Women's Missionary Council rally this evening at 7:30 o'clock, at the Assembly of God. The Rev. Mrs. E. R. Foster, district president of Amarillo, is in charge. The public is invited.

Mrs. L. M. McAdoo, of Seagraves, will review "A Man Called Peter" at the Methodist church at 8 o'clock, Monday evening. The public is given a special invitation to attend the review.

Beginning next Thursday, the Dispatch will publish, in the church column, a "Sermonette" by a local pastor.

Each of the pastors of Post churches will present his sermonette within the next several weeks. The Rev. Gerald N. Blackburn, Presbyterian pastor, will be featured in next week's column.

The Rev. J. C. Holman, Nazarene pastor, announces that his Sunday morning subject will be "A Battle Won By Praise." Sunday evening he will speak on "The Fears Of Pilate."

You are cordially invited to attend the revival now in progress at the First Baptist church. The Rev. E. G. Gregory, of Brownsville, is the evangelist and R. Virgil Mott is the singing evangelist.

Miss Cynthia Ann Howard, of Hamlin, is spending a week with her grandparents, Judge and Mrs. H. M. Snowden.

Mr. and Mrs. Jim Hays received word Wednesday that their son, F. C. Jackie Hays, of the U. S. Marine Corps, arrived in Japan.

School cafeteria menu for next week is as follows:

Monday: tamales and cheese, English peas, hominy, sliced pickles, bread, milk.

Tuesday: tuna fish salad on lettuce, mashed potatoes, jello salad, hot biscuit, butter, honey, milk.

Wednesday: baked beans, peanut butter sandwiches, mixed greens, carrot sticks, corn bread, pineapple pudding, milk.

Thursday: barbecued beef on buns, kraut, corn, Harvard beets, tomato pudding, bread, milk.

Friday: baked fish, Navy beans, cabbage salad, apricot cobbler, bread, milk.

Cafeteria Menu For Week Is Announced

Children of the couple are Mrs. L. J. Sanders, of Baileyboro, Jack Payne, of Lubbock, C. Dud Payne, of Andrews, Dick Payne, of Morton, and Gene Payne, jr., of Plains.

The couple was married April 2, 1902, in Colorado City and moved to a ranch near Justiceburg, where they lived until their children entered high school in Post.

Mr. and Mrs. Payne are retired and they live in Plains.

Church News

Scripture
For we know that if our earthly house of this tabernacle were dissolved, we have a building of God, an house not made with hands eternal in the heavens.

For in this we groan, earnestly desiring to be clothed upon with our house which is from heaven: If so be that being clothed we shall not be found naked.

For we that are in this tabernacle do groan, being burdened: not for that we would be unclothed, but clothed upon, that mortality might be swallowed up of life.

Now he that hath wrought us for the selfsame thing in God, who also hath given unto us the earnest of the Spirit. Therefore we are always confident knowing that, whilst we are at home in the body, we are absent from the Lord: (For we walk by faith, not by sight.)

We are confident I say, and willing rather to be absent from the body, and to be present with the Lord. Wherefore we labour, that whether present or absent, we may be accepted of Him. For we must all appear before the judgment seat of Christ; that every one may receive the things done in his body, according to what he hath done, whether it be good or bad. II Corinthians 5:1-10.

It was necessary to show the film "Mr. Texas" a second time at the First Baptist church Tuesday evening, as the building was filled to capacity for the first showing at 7:30 o'clock.

The show, featuring Evangelist Billy Graham, is the world's first Christian western ever to be filmed.

Missionary education program will begin at the Presbyterian church Sunday evening and will continue for four Sunday evenings.

A fellowship supper scheduled for 7:00 o'clock, will start the special program. Mrs. John R. Jones is planning a series of programs and laymen will conduct the services.

There will be a Women's Missionary Council rally this evening at 7:30 o'clock, at the Assembly of God. The Rev. Mrs. E. R. Foster, district president of Amarillo, is in charge. The public is invited.

Mrs. L. M. McAdoo, of Seagraves, will review "A Man Called Peter" at the Methodist church at 8 o'clock, Monday evening. The public is given a special invitation to attend the review.

Beginning next Thursday, the Dispatch will publish, in the church column, a "Sermonette" by a local pastor.

Each of the pastors of Post churches will present his sermonette within the next several weeks. The Rev. Gerald N. Blackburn, Presbyterian pastor, will be featured in next week's column.

The Rev. J. C. Holman, Nazarene pastor, announces that his Sunday morning subject will be "A Battle Won By Praise." Sunday evening he will speak on "The Fears Of Pilate."

You are cordially invited to attend the revival now in progress at the First Baptist church. The Rev. E. G. Gregory, of Brownsville, is the evangelist and R. Virgil Mott is the singing evangelist.

Miss Cynthia Ann Howard, of Hamlin, is spending a week with her grandparents, Judge and Mrs. H. M. Snowden.

Mr. and Mrs. Jim Hays received word Wednesday that their son, F. C. Jackie Hays, of the U. S. Marine Corps, arrived in Japan.

School cafeteria menu for next week is as follows:

Monday: tamales and cheese, English peas, hominy, sliced pickles, bread, milk.

Tuesday: tuna fish salad on lettuce, mashed potatoes, jello salad, hot biscuit, butter, honey, milk.

Wednesday: baked beans, peanut butter sandwiches, mixed greens, carrot sticks, corn bread, pineapple pudding, milk.

Thursday: barbecued beef on buns, kraut, corn, Harvard beets, tomato pudding, bread, milk.

Friday: baked fish, Navy beans, cabbage salad, apricot cobbler, bread, milk.

Cafeteria Menu For Week Is Announced

Miss Mary Margaret Graham is the bride of Dwight Lewis Kinard in the First Baptist church, Saturday evening.

Mr. and Mrs. Oscar Graham and Mr. and Mrs. D. L. C. Kinard, of Memphis, are parents of the bride.

Tom Power sang "Benediction" preceding the ceremony, "The Lord's Prayer" as the benediction. She was accompanied by Mrs. Ray N. Smith, pianist, who also played a prelude and the wedding marches.

The Rev. T. L. Denton, pastor, officiated at the single ring service at 4 o'clock. Altar decorations included baskets of white chrysanthemums and white gladioli.

The bride wore a gown of white tulle with a scalloped waistline and extended train. A headdress of white blossoms held her fingers.

Attendants Named
Mrs. Warren H. Yancey was matron of honor. Bridesmaids were Mrs. James Bagwell, of Dallas, and Mrs. A. L. Galley, of Memphis, sisters of the bride.

They wore green flowered tulle gowns, fashioned similarly to that of the bride. Small bonnet-type hats of white tulle were carried.

Miss Carolyn Boren presided at the register. Others assisting with hospitalities were Mrs. Curtis Davies, Mrs. Lonnie Peel, Mrs. Marvin Hudman, Mrs. J. W. McMahon, Mrs. Walter Boren and Mrs. R. V. Thomas.

To Live In Memphis
Mr. and Mrs. Kinard will be at home in Memphis after April 23, where he is associated with the Kinard-Galley Agency.

For a trip to San Antonio, Houston and New Orleans, La., the bride wore a mauve wool suit with grey and pink accessories and an orchid corsage.

The bride is a graduate of Post High school and attended Texas Technological college in Lubbock.

Needle Club Has Easter Program In Malouf Home

An Easter program was enjoyed by 14 Needlecraft club members and three guests in the home of Mrs. M. J. Malouf, Friday afternoon.

Chicken salad, olives, pickles, hot rolls and butter, lemon pie, coffee and tea were served.

Those present were Mrs. Johnny Malouf and son of Lubbock, Mrs. Buddy Malouf and son of Petersburg, and Mrs. Junior Malouf, of Abilene, guests; and the following members:

Mrs. E. F. Schmidt, Mrs. Pat Walker, Mrs. Bill Sanders, Mrs. Vera Cockrell, Mrs. W. F. Pierce, Mrs. F. A. Gilley, Mrs. N. W. Stone.

Mrs. B. F. Evans, Mrs. T. L. Jones, Mrs. J. R. Durrett, Mrs. George Samson, Mrs. Ida Robinson, Mrs. Carl Clark and the hostess.

Former Residents Married 50 Years

Mr. and Mrs. T. E. Payne, sr., pioneer Garza county ranchers, recently celebrated their 50th wedding anniversary with open house at Plains. Children of the couple were hosts for the event in the American Legion hall.

An arrangement of yellow and white flowers, yellow tapers in candelabra, and wedding ring cakes decorated the table, which was laid with a handmade Maderia cloth.

One hundred and fifty guests, including Post and Justiceburg friends, attended the party.

Children of the couple are Mrs. L. J. Sanders, of Baileyboro, Jack Payne, of Lubbock, C. Dud Payne, of Andrews, Dick Payne, of Morton, and Gene Payne, jr., of Plains.

The couple was married April 2, 1902, in Colorado City and moved to a ranch near Justiceburg, where they lived until their children entered high school in Post.

Mr. and Mrs. Payne are retired and they live in Plains.

Phone Company To Change Name

(Editor's Note: The following article, released from Hobbs, N. M., affects the local office of the Southwestern Associated telephone.)

The name of Southwestern Associated Telephone Company will soon be changed to General Telephone Company of the Southwest, Roy Autry, president, announced today. Autry said that the name was being changed along with those of all of the other major subsidiaries of General Telephone Corporation. He added that this involved no change in the management or operations of Southwestern Associated.

The name changes will affect 12 subsidiary operating companies of the General Telephone System serving more than 1,435,000 telephones in 3600 communities from coast to coast. In each case, the new name will include the word "General."

In an announcement made in New York at the same time, Donald C. Power, president of General Telephone Corporation, explained that the purpose of the changes was to achieve uniformity and to make General Telephone System better known to the investing public. Power pointed out that, although the System is one of the nation's largest public utilities, with plant in operation of about a third of a billion dollars, the name "General Telephone" is known to relatively few people other than the parent company's 25,000 stockholders.

Young Children Can Catch Tuberculosis

Speaking of the susceptibility of children to tuberculosis, Dr. Geo. W. Cox, State Health Officer, said today that few people realize that babies and young children are very likely to become infected with tuberculosis if they are kept in rooms with persons who have the disease, use the same dishes, sleep in the same beds, or are handled and kissed by persons who have tuberculosis.

"Babies and young children pick up the germ of tuberculosis just as readily as they pick up the germs of measles or whooping cough, or any other of the so-called children's diseases," Dr. Cox said. "But tuberculosis unlike most diseases, has more than one form. Babies who get tuberculosis may not show symptoms we associate with the disease in older persons. But the disease in most cases develops rapidly and is likely to end fatally. Tuberculosis in babies and young children is a very serious matter, although recent studies have shown that if young children are removed promptly from contact with the disease and given the necessary care, many lives can be saved."

Dr. Cox said that if the presence of tuberculosis is recognized in its early stages and if medical attention is secured promptly, a great deal can be accomplished whenever the disease develops, whether in young or old.

"Tuberculosis doesn't just simply happen. Nobody is born with the disease. Everybody who develops tuberculosis gets it

Gems of Thought

GENEROSITY

He who is afraid of being too generous has lost the power of being magnanimous. The best man or woman is the most unselfed.

Mary Baker Eddy
If there be any truer measure of a man than by what he does, it must be by what he gives.

Robert South
The generous who is always just, and the just who is always generous, may, unannounced, approach the throne of heaven.

John Caspar Lavater
Generosity invents a cause for giving.

Publius Syrus
There is wisdom in generosity, as in everything else.

Charles Haddon Spurgeon
What I gave, I have; What I spent, I had, what I kept, I lost.

Texas' Farmers Income Is Higher

Texas farmers' cash income in January-February was 4 per cent greater than the same period last year, primarily because of increased cotton sales, the University of Texas Bureau of Business Research reported.

Despite a 12-cent drop in average Texas cotton prices from February to February, the volume sold in January-February brought farmers \$35,000,000—more than twice the total sales for the same 1951 period.

In other comparisons of the two January-February periods, early marketings of wheat this year boosted income from that source nearly 1,000 per cent over last year, but rice marketings, \$4,100,000 last year, melted to practically nothing this year. Grain sorghum income dropped 38 per cent; oats, 77 per cent; eggs, 23 per cent; sheep and lambs, 5 per cent; hogs, 6 per cent; calves, 16 per cent; and cattle, 39 per cent.

Mrs. Sidney Carter, of Wichita Falls, was a weekend guest of her sons, Reece and Bill, and their families.

from some other source, and children and young people who have been in contact with persons having tuberculosis are especially likely to contract it."

BITS-OF-NEWS

Miss Joyce Evans, a student in West Texas State college, Canyon, was a weekend guest of her parents, Mr. and Mrs. Boone Evans.

Miss Faye Ruth Hamilton, a student in Baylor University, Waco, spent the holiday weekend in the O. G. Hamilton home.

Visitors in the M. S. Smith home over the weekend were Red Smith and family, Mrs. A. F. Roberts and Peggy and Linda Smith of Abilene. Also Leroy Smith and family of Amarillo and Pfc. Jimmy and Janie Smith and daughter Beverly of Post.

Mr. and Mrs. Gaylon Young, of Littlefield, spent the weekend here with relatives.

Robert Smith, son of Mr. and Mrs. Ray N. Smith, visited his parents over the holidays. He is attending Howard Payne college in Brownwood.

Hardin-Simmons students home for the Easter weekend included Misses Pearl Seif, El-Wanda Davies, LaRue Stevens and Mary Nell Bowen and Dove Mayfield and Wayne Kennedy.

Mr. and Mrs. M. T. Jenkins received word this week that their son Pfc. Herman Jenkins is in a hospital in Japan recovering from the Yellow Jaundice. He has been in Korea since the first of December. He told his parents in a letter that he would probably be in the hospital for at least another four weeks.

the
groundwork
never
stops...

A growing telephone system can't afford to take a holiday. Even as one expansion project is completed, another is under way, whether in the planning stage, engineering, financing or actual construction.

As an example, when a telephone man visits your home to install a telephone, the work you witness may take only twenty minutes. But, the work you didn't see—the unseen groundwork which made that installation possible—could easily have required many months to complete.

You can be sure, each day of the year, that plans for your community's future telephone service are in the making. The gears of telephone progress are turning. The groundwork never stops.

It makes you comfortable all over

BUICK engineers have a habit of getting at the bottom of things. So they're not content to stop with putting beneath you cushions that are luxuriously soft and deep.

They also put big, soft, deep coil springs between you and all four wheels—and big, soft tires between the wheels and the road.

But real riding comfort calls for more than cushioning up-and-down jolts and jars.

There's end-sway and side-roll and "wander" to be controlled. There's sure-footed balance on curves. Not to mention the importance of having a frame stout and husky enough to make the whole car feel safely solid.

So Buick engineers have gone through the list—come up with a ride that cost a cool million dollars and more for special engineering, tooling and components.

Does that cover Buick's comfort story? It certainly does not.

There's the comfort of driving a car that instinctively holds the road—the comfort of ample room and a wide-open view of the world around you—the comfort of fabric colors that please the eye and fabric textures that please the touch—and the effortless smoothness of Dynaflo Drive.*

Then there's the mental comfort of bossing power mighty enough to meet any demand you make upon it in emergency—8-cylinder power—high-compression power—valve-in-head power—Fireball power, that makes you proud of the miles you get from a gallon of gas.

And maybe you'll also find comfort in knowing that this great automobile can be yours at a price that is still just a small step above what's known as "the low-priced three."

On top of all this, driving a Buick's a barrel of fun. Why not drop in tomorrow and ask us to prove it?

Equipment, accessories, trim and models are subject to change without notice. *Wildcat Create standard on ROADMASTER, optional at extra cost on other series. White sidewalls optional at extra cost on other series. *Standard on ROADMASTER, optional at extra cost on other series.

Garza county voters were reminded this week to remember the Precinct and County conventions coming up next month. Their attendance at these conventions will lend power to the selection of the candidate for the presidency.

Precinct conventions are to be on the first Saturday in May, or May 3 this year. All qualified voters are eligible and urged to

take part in this by County Chairman T. R. Greenfield. At the Precinct convention voters will elect delegates to the County convention which will be held on May 6 at the Greenfield Hardware store in Post.

At the latter convention a delegate will be elected to the State convention. There the national delegates will be elected and go to the National Convention to select the Democratic candidate for president.

Precinct Chairmen include Precinct 1, Homer McCrary; Precinct 2, Sam Ellis; Precinct 3, Julius Fumagalli; Precinct 4, Mrs. Pearl

U. S. Cotton Supply Is Smallest In Years

The U. S. cotton supply threatens to be the smallest in 20 years by August, a University of Texas cotton marketing expert warned.

Dr. A. B. Cox reports that in only two years (1946-48) out of the past 15 have supplies been lower than they are now. Yet consumption and exports so far this year are about 600,000 bales more than they were in the corresponding 1951 period. Present lower cotton prices are caused

Perry Porter Serving With Pacific Fleet

Perry Porter, jr., commissaryman, second class, USN, husband of the former Miss Donna F. Mitchell, both of Post, Texas, is serving aboard the destroyer escort, USS Leray Wilson in the Pacific Fleet.

As a commissaryman, Porter has the responsibility of preparing the crew's meals. He graduated from Post high school and by a cotton goods manufacturing depression, he said.

BITS-OF-NEWS

Visitors in the home of Mrs. L. A. Barrow during the weekend were Mr. and Mrs. H. B. Taylor and two children, of Pampa, Mr. and Mrs. Earl Perser and son, of Snyder, and Mr. and Mrs. Monroe Lane.

Mrs. Mable Lawrence and daughter, Sheila, visited relatives in East Texas and Western Louisiana over the Easter holidays.

entered Naval service in July, 1944.

COURT FINES HEAVY

Court fines and costs assessed in the county court last week continued to hold a high average. Eight fines totaled the court "take" to \$188.90 according to figures released by Judge H. M. Snowden. All eight fines were for \$23.60 each and included Robert Johnson and T. L. Lockhart and Fannie Daugherty gambling; Book Walter, George Garza, Frank Villa, Lillian Hill, and Erie Smith, drunk.

farmers of Garza county do have to decide between help to produce what is needed to 1952 farm production goals carry out soil and water conservation practices to protect their land for the future. They can do this, says Claude E. Spence, chairman of the County PMA committee.

Spence illustrates, he points out that soil and water conservation practices which will do most to protect the land for the future be so fitted into the farm production plan to help meet year's goals.

The protective cover which farmers have had on their land to keep it from washing away during the winter, when it is under as green manure, is to restore organic matter, use plant food and improve the fertility of the soil. This helps to increase production this year.

The lime and phosphate applied to establish or improve the soil and growth of grass and legumes in rotation or permanent pasture increases the production of feed so much needed to maintain livestock production at a high level.

Spence and contour farming to hold moisture needed to increase production as well as check run-off and erosion. Water dams help to increase livestock production as well as to reduce erosion and soil deterioration.

Spence urges farmers who are signing up in the 1952 Agricultural Conservation Program to keep in mind the 1952 production goals. He stresses the importance of selecting conservation practices which contribute to the needed production and which fit in with a continuing system to assure the necessary future production.

The farm operators of Garza county contribute their share to the goals set up for the nation. The share of the national cotton and grain sorghum goals will be 70,000 acres and grain sorghums, 20,000 acres.

Farm Association's Annual Meet

Arrangements for the coming year were worked out at the recent meeting of the Grassland Farm Labor association of Garza county.

Directors of the association are Jones, president; H. H. Robb, vice president; E. L. Short, secretary-treasurer and Clyde and S. A. Benge.

Directors set the date for the annual general membership meeting for 8 p.m. at the Grassland schoolhouse.

Questions to be discussed at the regular meeting will be the interests between the farmers and Mexican workers. All members and prospective members are invited to attend the meeting and bring questions they wish to have, Short said. Membership fee is \$10 for the coming year including hoeing and cot-picking.

Short also pointed out that the Grassland Farm Labor association is eligible to get these benefits for the processing or marketing of agriculture products. The cost per person is now set at \$10 but is subject to change.

Short indicated there is no likelihood of this. The period is for six weeks and the probable price per hour will be around 50 cents per hour according to Short.

The Grassland Farm Labor association is a non-profit organization and has a special entry by-law that the surplus of any year will be returned to the members on a "per worker" basis.

Short explained that when the signs for hands it is possible to get them in 3 days in most cases not more than a week.

Dolores Moore, a student at the University of Texas, spent her Easter holidays here with her parents, Mr. and Mrs. R. A. Moore.

Everybody's Talking About The VALUES..

DUNLAP'S OLD-FASHIONED AFTER-EASTER CLEARANCE! Save up to 1/2!

Yes! This is just what we say! An old-fashioned, down-to-earth After-Easter Clearance!

CLEARANCE OF ALL PRE-EASTER JEWELRY
Many items to choose from... Earrings, necklaces, bracelets, pins. Metals, Whites, Pearls, Rhinestones, designed for wear now and on through summer. Buy your jewelry now at terrific savings. Values to 1.95 each. Clearance... 69¢ each plus tax.

COOK'S House Paint is BALANCED

TO GO ON EASIER
TO LOOK BETTER
TO LAST LONGER
IT'S A WHITER WHITE

PAINTING IS EASY when you use Cook's. The balanced Cook formula insures smooth, even application. Fewer brush marks. It spreads easily and hides old paint completely. You, yourself, can do a good painting job with Cook's Balanced House Paint.

STAND BACK AND LOOK at your Cook's paint job. You'll be proud of it. And throughout the life of the paint, it will retain its smooth, uniform surface. No cracking, chipping, peeling or "alligatoring" because Cook's House Paint is balanced for beauty!

COOK'S HOUSE PAINT WEARS SLOWLY. It's balanced to chalk evenly and uniformly in all kinds of weather. When you're ready to repaint, this even wear means that you save time and money because a Cook painted surface needs no preparation.

COOK'S HOUSE PAINT IS SELF-CLEANING! One of the ingredients in the balanced Cook formula is titanium. As Cook's House Paint wears, this titanium releases a white powder which dirt and grime settle. With every rain, this white powder washes away, carrying dirt with it, leaving your house with that brilliant "just painted" look.

There's No Finer Paint Than COOK'S HOUSE PAINT **Only \$5.69 PER GAL. IN FIVES**

John R. Claborne Is Death Victim

Funeral services for John R. Claborne, 88, were conducted in the Seagraves First Baptist church April 8. Burial was in Southland cemetery.
Mr. Claborne, a former Garza resident, died at his Seagraves home where he had lived since 1945.
He was born Feb. 11, 1874, in Mansfield, Ark. He had been a member of the Baptist church since early boyhood and was also a church deacon.
Survivors are his wife; four daughters, Mrs. Florence Qualls, Levelland, Mrs. Madie Taylor, Lubbock, Mrs. Irene Howell, Richmond, Calif., and Mrs. Eunice Faye Reddell, Brownwood.
Six sons, L. E. Post, Howard, Shreveport, La., King, Lorenzo, Raymond, Lorenzo, J. C. McLean, and Frank, Lubbock; two stepsons; a stepdaughter; two brothers; 23 grandchildren and 14 great grandchildren.

Postites Are On University Trip

N. W. Stone, jr., is among the 97 University of Texas seniors who left Austin Saturday, on a pharmacy trip. Stone was accompanied by Mr. and Mrs. Bob Collier.
Traveling by train the group will visit the Eli Lilly company in Indiana, the Abbott laboratories in North Chicago, Ill., the Walgreen company in Chicago, and the University of Illinois College of Pharmacy.
On the return trip the seniors will visit the Saint Louis College of Pharmacy.
Several of the host companies have planned entertainment; sightseeing and side trips are also on the agenda.
A highlight of the side trips will be a visit to Don McNeil's Breakfast Club broadcast in Chicago tomorrow. One of the group will be selected to be on the broadcast.

The Post Dispatch

THURSDAY, APRIL 17, 1952 SECTION TWO

First Graders Enjoy Train Ride To Slaton Last Thursday Morning

Take it from members of Section B of the First grade here a train ride is something to brag about! Especially your first one!
Nineteen members of the class made a ride to Slaton last Thursday morning. For fifteen of them it was the first time to ride on a train that they could remember.
With a room mother, Mrs. Henry Wheatley, and the teacher, Mrs. Myra Daws, the children splashed the sleep out of their eyes and caught the 6:55 a. m. train out of Post.
During the short ride the children made the most of it. And from all reports the trainmen and passengers enjoyed the children very much. With the permission and guidance of the porter they toured the dining car, colored section, sleeper, lounge and day coach.
Air Force personnel on the train gave the children some candy and counted the freckles on one of the boys. Kent Wheatley could have been honorary conductor had the real conductor had his way.
And last but not least each child averaged from two to five trips to the water cooler.
On arriving at Slaton, the group was met by Mrs. Giles McCrary and Mrs. Weaver Moreman who had gone ahead in cars. The children were taken to city park where they held an Easter egg hunt.
Then Frank Smilthey treated them to hot chocolate and cold drinks. He also provided the teacher with some expense money.
Following a picnic lunch the Post school bus met them at the park and brought them home. The 15 children who made their first train ride included: Glenda Jane Hutto, Jerry Don Hickman, Kent Wheatley, Billy Shumard, Reba Teal, Marsha Armes, Biff Davis, Charles Ray Hawkins, Dennis Payne, John Sepeda, Argentine Ponatix, Adelmira Solis, Shirley Williams, Irma Garza and Leonarda Flores.
Making the trip, but having experienced a train ride, were Pamela McCrary, Janice Moreman, Larry Guy and Everett Smilthey.
Some of the sleepy heads failed to catch the train but went to Slaton with Mr. and Mrs. Charlie Baker. They were Don Baker, Hipolito Rodriguez, Maria Vasquez and Raul Hernandez.

Soil Technicians Discuss Legume Seed Planting

SUMMER LEGUMES
Post soil conservation technicians state that summer legumes play an important part in a coordinated soil and water conservation program, as well as increasing the income from crops grown.
Legumes are not only valuable for their ability to add plant nutrients to soil but they are also valuable for their ability to improve the physical condition of land, by adding organic matter and breaking up the hard pan.
Following is some information that the Duck Creek Soil Conservation district supervisors believe will help farmers of the District to plan for a sound summer legume program.
One summer legume that has recently proved to be of value to West Texas farmers is Guar. This annual legume grows from 2 to 6 feet tall and produces up to 21,000 pounds of green manure per acre. Guar can be planted from now until July. This legume should be planted at rate of 12 to 16 pounds per acre in 12 to 14 inch rows. For a green manure crop Guar should be plowed into the soil when in full bloom. For cash crop the seed may be harvested with a combine and stalks returned to soil.
It has been reported by farmers from several West Texas counties that on a sandy or mixed land soil, Guar increased cotton yields 50 per cent and field yields 30 to 50 per cent. These farmers also reported that insect damage to cotton following Guar was far less than on adjacent cotton where Guar was not grown.
Another recommended summer legume for this county is Chinese Red cowpeas. This legume is a warm climate crop and should not be planted until the soil is warm or not before cotton planting time. Chinese Red cowpeas should be drilled at rate of 30 to 40 pounds per acre on a well prepared seed bed.
Hubam clover is a medium to tall white or yellow blossomed annual legume. Hubam should be drilled at rate of 10 to 15 pounds per acre any time from now until April 30. When Hubam is to be used as a green manure, the more growth is made the more fertility that may be added to the soil. Turn under when first bloom appears. To be used as a cash crop the seed may be harvested with a combine and the stalks returned to soil.
Seed and further information on benefits to be expected from the use of summer legumes may be obtained from Post Soil Conservation Service personnel.

Thaxton Announces For JP Position

W. O. Thaxton, long time resident of Garza county, has authorized the Dispatch to announce he is a candidate for the office of Justice of Peace in Precinct 1.
This precinct includes the North Post voting box and the Close City voting box.
Thaxton moved to Garza county in 1914 and settled on a farm near Close City. When he decided to move into town, he went into the real estate business, and for the past several years has operated a service station in Post.
During the late twenties, Thaxton served the public as county public weigher, an office which has been abolished.
In asking his many friends for their support in his race for the Justice of Peace office, Thaxton said he did not believe in a lot of promises. He said he feels confident that his experience will enable him to carry out the duties of the job and that fair and impartial service will be his goal.

Parents Are Urged To Help In Census

Superintendent D. C. Arthur has made a final appeal to parents to help with the 1952 scholastic census.
The school is especially interested in the six-year-olds who will start to school in September. Arthur pointed out that the school is likely to miss those children who have no brothers or sisters in school.
Parents who have not registered their children on the census are urged to call 53 and report them.
Guests in the Morris McClellan home Sunday were Mr. and Mrs. Marion Matthews and Gayle from Morton, Mr. and Mrs. Carl Fluit and sons, Mr. and Mrs. Elmo Bush, Maurice Fluit, W. O. Fluit, jr., Martha Wyatt, Rex King, Woodena Stewart, Jane and Jack Ballentine.

Residents Escape Serious Injury

Easter Sunday "providence" rode with one Post family this year.
W. E. Davis, Kewanee Oil Company employee, and his family narrowly escaped serious injury and possibly death when the car in which they were driving was involved in an accident about two miles north of Justiceburg.
The mishap occurred when a car driven by Clyde Fawcett of Lubbock attempted to pass Davis' car while going at a terrific speed but was prevented from passing by oncoming traffic.
Fawcett attempted to get back in line behind Davis but crashed into the rear end of the car. Davis' car was knocked across the ditch and against the fence. Mrs. Davis was thrown from the car, Davis into the back seat and their baby into the back seat.
The car driven by Fawcett turned over and came to rest on its side.
Miraculously no one received more than minor injuries according to witnesses and Victor Hudson who answered the call with an ambulance.
Officers are continuing their investigation of the accident.

Mr. and Mrs. Miron Sanders and son, Larry Joe, of Carlsbad, N. M., spent the weekend with her mother, Mrs. E. L. Gilmore, and other relatives.

Garza County Irrigation Heads Upward With Drilling Widespread

Irrigation seems to be on the upward trend in Garza county. Although water for irrigation is not as easily found in Garza county as in other surrounding areas, the consensus seems to be that the drought, which is the first extensive one in several years, has begun an earnest search for underground water.
The big jump has come in the past year as far as wells are concerned. Last year the county boasted somewhere in the neighborhood of 50 irrigation wells. Today that figure will run closer to 100 according to agriculture officials.
And farmers are still drilling. Difficulty in finding water under the county seems to be that, unlike the area around Muleshoe and other areas, there is no underground reservoir here. The water runs in streams and if a farmer hits the stream, fine. But if he doesn't, then the drills must go down in another place.
Officials estimate that approximately 4,000 acres of Garza county farmland are being irrigated. Despite the heavy expense of drilling a water well, Garza farmers definitely help their farm. For, should they decide to sell the addition of an irrigation system will add approximately \$100 per acre value to the land, officials say.
The estimated cost of completing an irrigation well runs around \$3,500.
The Lubbock Experiment station has conducted extensive tests on cotton irrigation. They have proved that better yields can be obtained by two pre-planting waterings getting at least a 24 inch penetration and one watering about the time the cotton starts to bloom.

A Movie You'll Love with ALL Your HEART!
DEAR FRIENDS:
All my life as a theatre manager, I've looked forward to the times I can offer to my patrons a picture as wholesome, warm-hearted and truly WONDERSFUL as "ROOM FOR ONE MORE."
We all feel troubled during these insecure times. Serious events happen all around us every day, leaving us depressed and unhappy—and frankly, I think fiction is too often drawn from the ugly side of life.
But, now, along comes a movie so richly endowed with the good things of life, I can't resist adding this personal message to our regular advertising.
Believe me, "ROOM FOR ONE MORE" will fill your heart with laughter and happy thoughts. It will make you feel GOOD ALL OVER for weeks afterwards.
Please see it—with your loved ones—and your smiles as you leave the theatre will convince me that a movie has made our community a happier place in which to live.
Your Theatre Manager.

Surprise!

It's fun to surprise your mommy and daddy - your teacher and friends - with a gay Hallmark May Basket on May Day.

Attractive For Party Favors, Too

Maxine's "Table of the Week" is set for a formal luncheon with Franciscan's "Arcadia Gold" China on a white cloth with contrasting chartreuse napkins. Reed and Barton's "Georgian Rose" sterling, Tiffin's "Laurel Wreath" Crystal and yellow floral centerpiece complete the setting.

This strikingly beautiful arrangement would be ideal for honoring Mother on May 11th or for spring graduates.
