## Glee Clubs' Performances Give Good Insight of Music Program

Musically speaking, Post High school is climbing the scale. In fact this year the musical inclination of the school has surpassed several tones above its previous standing. And should the plans of the administrators and James H. Miller, high school music teacher, materialize, the efforts will continue to develop until a full-fledged music program is realized.

For the first time in at least five years, the school can boast an organized music program consisting of two glee clubs and two classes in music appreciation. In 1946 the school had its last music lessons and these were not on a too highly organized level according to records.

Miller, a native of Mishawaka, Ind., has, in the short time since school began this year, organized two glee clubs totaling 41 students. He has a Girls Glee club comprised of 16 girls and a Mixed Glee club comprised of six boys and 19 girls.

Girls Glee club includes Wilona Branson, Virginia Caylor, Jackie Sue Dale, Deanie Hill, Lorry Livingston, Juanella McClellan, Michael McFaddin, Barbara Northcutt, Joy Faye Parker, Lois Ritchie, Maudie Ray, Joyce Short, Jeanette Storie, Junelle Ticer, Jackie Williams and Dorothy Frost.

This group performed before the Rotary club last month and was received with tremendous ovation.

The Mixed Glee club performed before the Rotary club Tuesday. This group consists of Beverly Bartlett, Roy Briggs, Daisy Foster, Willie Ruth Fry, Willa Faye Graves, Billy Gray, Sherrie Hays, Betty Johnson, Eva Key, Mary Le-wallen, Pat Mason, Nita McClellan.

Juanetta Nichols, Adelida Pantoga, Jackie Pike, Norma Ritchie, Dolores Runkles, Madlyn Sanders, Hazel Schultz, Mary Ann Schultz, Wayne Thomas, Jane Ballentine, Howard Brown, Jack Ballentine and Lois Grimes.

Greatest difficulty experienced so far by Miller has been arousing the interest of boys in the music program. So far only six have shown enough interest to join his choral groups.

"If I can overcome this handicap and get more boys to take an avid interest," Miller said, "I intend to form an A Cappella Choir. But that project must be placed on the future shelf at the present time. Right now we must concentrate on the two groups we have and see that they are given every advantage toward improvement."

Another obstacle faced by Miller in his organization of the two choral groups is the students' See GLEE CLUBS Page Eight

## School Fall Festival Is Scheduled For Tuesday

The Post high school Fall Festival will be held at 7:30 p. m. Tuesday night in the Grade school auditorium under the sponsorship of the Parent-Teachers association, it has been announced.

This Festival is replacing the Halloween Carnival planned last month but postponed because of bad weather.

Senior and seventh grade queens are to be crowned at the coronation ceremonies. Geraldine Graves is to be presented as the senior queen and Rexene Welch will receive the crown of the seventh grade queen. Geraldine will be escorted by Cletus Graves and Rexene by Andy Schmidt.

These queens and the other princesses and escorts who are to participate in the coronation are the same students who were elected by their classmates to be in the carnival.

The coronation will be under the direction of Mrs. Nola Brister. A highlight attraction other than the coronation will be a variety show directed by Miss Pat Patterson, grade school music teacher, and James H. Miller, high school music teacher.

Both of Miller's choral groups, the Girls Glee club and the Mixed Glee club, are scheduled to sing at the performance.

Following the variety show Chant Lee, James Minor and Bill Carter are to conduct an auction of cakes, turkey and other articles. These other articles are to be donated by the merchants of Post.

Admission prices will hit students at the rate of 10 cents for students and 25 cents for adults.

## PMA Committeemen Selected At Meeting

PMA Committeemen to serve in Garza county during the 1952 program year were selected by delegates at the County PMA convention held Friday.

The County committee includes Claude E. Spence, chairman; Julius C. Pumagalli, vice chairman; and Glen M. Davis, regular member.

Delegates who made the selections were Henry J. Edwards, "A" community; Oscar Graham, "B" community; and Russell Wilks, Jr., "C" community.

All three members of the county committee served during the past year.

## Friday Services Are For Thomas Fletcher Caffey

Funeral services for Thomas Fletcher Caffey, 70, longtime resident of Garza county, were conducted in the First Methodist church at 2 p. m. last Friday with Rev. A. B. Cockrell and Rev. Joe Boyd officiating.

Caffey died at 6 o'clock Thursday morning in the Lubbock Memorial hospital following a lengthy illness. He had been hospitalized for three weeks.

Born in Wise county on January 19, 1881, Caffey moved to Garza county in 1926. Most of the years since his arrival here were spent on his farm near Close City. He had been a member of the Methodist church since the age of 15.

Survivors include his wife, Mrs. Tom Caffey, Post; five sons, Edd, June, Henry, and Gene, all of Lubbock, and Dee of Post; three daughters, Ruth Caffey, Mrs. Ray Hodges and Mrs. J. F. Brandon, Jr., all of Post; mother, Mrs. L. E. Caffey, Lubbock; five brothers, Walter of Post, H. T. of Anson, Haskell of Knott, Sam of Midland and Luther of Santa Rosa; five sisters, Mrs. Chester Lindsey of Lubbock, Mrs. Tom Bawcum of Plainview, Mrs. Tom Latimer of Leuders, Mrs. Bessie Thompson of Abilene, and Mrs. H. G. Walthers of Anthony, N. M.; nine grandchildren and two great-grandchildren.

Interment was in Terrace cemetery under the direction of Hudman Funeral home.

## Twenty-Four Men Join Lions Club

Approximately 18 persons attended the second organizational meeting of the Post Lions Club held in the school cafeteria at 6:45 p. m. Tuesday.

President Les Short said that counting the members who could not attend the Tuesday meeting the roster should include 24 names, more than enough to make the club eligible for the re-granting of its original charter, which was cancelled a couple of years ago.

Next meeting has been set for 6:45 p. m. Tuesday in the cafeteria. Short said this probably would be the regular meeting place.

## John Ruben Ely Is Buried Here Tuesday

John Ruben Ely was interred in Terrace cemetery at 4 o'clock Tuesday afternoon. The former Garza county resident died in Electra Sunday and funeral services were conducted there Tuesday morning.

Mr. Ely was buried beside his wife, who died in 1916. He was 76 years of age and had been a member of the Primitive church for several years.

Survivors include four sons and two daughters.

## Telephone Survey Needed By Company

Donald R. Mortimore, community survey engineer for the Southwestern Associated Telephone company, has recently completed a survey of Post to determine the necessary amount of additional cable facilities needed to provide telephone service for outstanding and anticipated applications.

This announcement was made by Mrs. Ira Greenfield, chief operator-cashier of the local exchange.

It is the proposal of the Telephone company to install adequate cable facilities as quickly as possible, Mrs. Greenfield said. But in order to do this they must first know how much will be needed.

Therefore it is requested that all persons interested in and desiring telephone service to make the required application with Mrs. Greenfield at the telephone office within the next 30 days.

Although those persons who have already filed application for service do not have to make a new one, they should drop by the office and see that the application is in its proper place.

## Charges Filed

Two charges were filed in county court this week against Travis Arnold. He pleaded guilty to both charges and was fined a total of \$26 and costs on the two cases involving operation of an overloaded vehicle and driving it across a weak bridge with more than legal load limit.

## Thanksgiving Worship Service Set For 7:30 P.M. Nov. 21

Post and county residents are cordially invited to attend the annual Union Thanksgiving Service to be sponsored at 7:30 p. m., Wednesday, November 21, at the Calvary Baptist church on South Washington.

Members of all churches are urged to attend the service to make it the biggest in the several years it has been sponsored in Post.

Rev. T. L. Denton, pastor of First Baptist church, will pre-

## Ginning Totals Hit 2,734 Bales; 40 Per Cent Picked

The first freeze has come and gone and Garza county cotton farmers are still maintaining a steady pace in producing the 1951 cotton crop.

By early Wednesday, county gins had baled approximately 2,734 bales of cotton. And ginners over the entire county reported that about 20 percent of the county's production is still in the field. Which means that when the county gins its last bale of cotton the total should be in the vicinity of 6,479 bales.

Results of the recent freeze in the county were not as bad as some counties in the area experienced. Heaviest damage was reported in the Southland area, an estimated 300 bales of cotton were eliminated by the freeze. Elsewhere in the county the damage was fairly light with the younger cotton being damaged worse than any other.

That the 1951 cotton crop in the county will be far behind the 1950 output, is evidenced by the comparison of the ginning total during this week last year and the present totals. By November 16 last year, county gins had baled 5,378 bales. This means that the 1951 total is 2,644 bales short of the total at the same time last year.

Broken down by gins this year's total reads: Southland, 920 bales; Planters, 705; Pleasant Valley, 485; Close City, 351; Graham, 153; and Storie about 120.

## County Voters Soundly Defeat Amendments

County voters, although numbering approximately 220, remained true to colors in being against everything that is to be voted on by soundly defeating all five proposed constitutional amendments which were sounded out at the ballot box Tuesday.

These tabulations were taken late Wednesday and the results from Southland had not been reported, but votes cast there could have no bearing on the final outcome of the amendments, as far as the county is concerned.

By amendments the voters ran: University fund, 62 for and 151 against; County employees' pensions, 43 for and 177 against; Old Age assistance, 78 for and 148 against; Rural fire protection, 49 for and 171 against; and the Veteran land program, 911 for and 128 against.

## Workers Named In Polio Fund Drive

Several persons have accepted appointments to help conduct the 1952 March of Dimes campaign fund, director Dave Willis has announced.

Mrs. John Lott has accepted the position of assistant director of the county drive and chairmanship of the women's division.

Mrs. Bill McMahon will serve as chairman of the Graham community drive and Mrs. Al Bird will serve as the Verbena community chairman.

S. E. Camp has been appointed chairman of the committee to distribute March of Dimes coin collectors.

## Speech Class Play, "Grandpa's Twin Sister", Is Scheduled For Grade School Auditorium Tomorrow

Post High school's initial play of the year, "Grandpa's Twin Sister," will be presented to the public at 7:30 p. m. tomorrow in the grade school auditorium under the sponsorship of the high school speech class.

"Grandpa's Twin Sister" is a hilarious three-act farce about Grandpa (naturally). Only this has been a fortunate grandpa during his lifetime and he has accumulated quite a bit of wealth.

Woe to him, however, he has also accumulated some parasites who are just hanging on until Grandpa dies and leaves them his money.

Author Jean Provenge decided not to be too harsh on the people of the world and allowed Grandpa to have at least two true, kind and sympathetic friends who love him for himself and want none of his money.

They even go to great pains to help him escape the snares of the wily money lovers. And upon these snares and the attempts to thwart them hinges the comical and heart-warming appeal of the story.

"Grandpa's Twin Sister" includes a cast of 10 players. The author divided them equally so the audience would not have to put up with too much male or female acting, therefore the cast is made up of five boys and five girls.

If there are any stars of the play, Grandpa (played by Wayne Thomas) and his one true friend, Betty (played by Mary Ann Rose), could be designated as the main characters.

Other players include Maggie, the Irish cook (and as played by Jane Ballentine, she comes from deep south in Ireland).

Louise, (played by Arieta Gary), the smart, sophisticated young lady who wants to, oh, so much, inherit Grandpa's money.

Edgar (portrayed by Haskell Odom) is the proverbial henpecked husband who cannot call a thought his own and has to share it with his wife.

Clara (in the person of Wynone Morris) is the domineering, hardboiled wife who insists that she share all of Edgar's thoughts.

Ralph (Jack Ballentine) is the nice, young, sympathetic doctor who is in love with Betty.

Collins (Howard Brown) is a man who can be found in every crowd. He is shrewd and calculating and is more than willing to marry Louise — providing of course she can get Grandpa's money.

And if Grandpa doesn't have enough trouble with all these coniving people around he has to have Widow Williams. Now the Widow Williams is a familiar figure. She is a gushing, tittering, idiotic female who has her cap set for Grandpa.

Then the play has Adam (Gene Kennedy), Adam, a dyed in the wool Scotchman who knows exactly how hard to pinch a penny before he wears the face off.

What happens to Grandpa's Twin sister? Well that is for you to find out tomorrow night at the grade school auditorium. Plenty of entertainment is in store and the admission prices are ridiculously low at 55 cents for adults and 35 cents for students.

The speech class is producing this show to raise money to buy a recorder for future class work.

In charge of staging, props, lighting and backstage activity are Jackie Meeks and Roy Briggs. The play is under the direction of Herbert Agudale, jr., teacher.

SCHOOL LOYALTY ...

Many towns can be accurately judged by their loyalty to their school. Thereafter of any judge would place Post somewhere near the top. For a small town, Post definitely maintains and takes an avid interest in its schools and their students. This interest is not only dedicated to athletics, although it certainly becomes more apparent in this endeavor, but reaches into other departments of the school as well. This can easily be seen in the backing of the band, choral groups, agriculture and other departments. Such commendable interest speaks well of any town, and if continued will insure Post of a growing, progressive school system in which the people can always take pride.

VETERAN PARTY ...

The VFW party honoring the veterans of World War I is definitely a step in the right direction. Tribute to veterans of any war should be considered as an indication of gratitude from a grateful people. Contrary to a popular belief, there is no disgrace in being patriotic and serving one's country. People today have the misguided idea that a man who volunteers for the armed forces is stupid. Actually the ones who believe this are the stupid ones. A volunteer is at least offering his life for the country he calls home. And he does it with the knowledge that his sacrifice will not be appreciated by those who remain home. So the party for veterans is indeed a change from the popular belief of "they got back so forget them."

Texans In WASHINGTON

By TEX EASLEY, Associated Press Washington Service

WASHINGTON, P — The recent move of a group of South Texas farmers and business leaders to get an improvement in the Mexican farm labor program focuses attention on a strange situation prevailing along the border from Brownsville to Calexico, California.

from his home in Mexico to the American recruiting center. The new employer takes over the responsibility of paying his way back to the recruiting center.

Regardless of the merits or demerits of the methods proposed by the American Agricultural Council, here are some hard facts: Uncle Sam is bringing in tens of thousands of alien workers under a negotiated agreement with Mexico. In a see-saw flow of Mexican nationals across the border, the United States is expelling "wetback" at even a greater rate. U. S. taxpayers are footing the bill both ways. From July 15, when the new program began under the revised agreement with Mexico, until Oct. 25 a total of 138,800 Mexican nationals were legally admitted to the U. S. under contracts to work on American farms.

This may appear to be a double charge, say labor department officials, but all receipts go into a revolving fund which is used to finance the whole Mexican labor program regarding transportation of workers up to the border, and their food and shelter en route. They say they won't know until the end of the year whether they will break even. Congress provided \$1,000,000 to establish the revolving fund. If the department breaks even on this year's program, the fees next year will be reduced.

From July 1 to Oct. 1 U. S. Border Patrolmen apprehended and returned across the boundary a total of 156,000 "wetbacks"—those who had entered this country illegally (figuratively if not literally) by wading the Rio Grande.

If the program is renewed next year, officials add. There is some talk here that Mexico may not agree to an extension of the program unless Congress passes pending legislation designed to stamp out the "wetback" traffic. The measure, by Rep. Walter (D-Pa.), would provide certain penalties for harboring or transporting aliens who are in the country illegally. It would permit search of all buildings on a farm, except the farmer's home.

The figures on those admitted legally are supplied by the Labor Department's division handling the migratory farm workers program. Those on deportations are furnished by the Immigration and Naturalization Service. Approximately half of those entering through Texas centers, or roughly 40,000, were contracted for work on Texas farms. The rest fanned out over a wide range of states, primarily in the west.

Congress, therefore, will have to face the issue. And, in more ways than one. The Immigration and Naturalization Service has to have funds to carry on its work—the less it has the less effectively it can enforce the laws and keep out the "wetbacks."

The Labor Department says the peak of the influx has passed for this year. They estimate that from Oct. 25 to Nov. 1 the total was raised by 9,500, and that by the end of the year the grand total of those legally admitted and contracted for will approximate 150,000.

Many farmers in Texas and the southwest, with some congressional support, want the Immigration officials to ease up on the "wetback" law enforcement during harvesting seasons. The Immigration officials say they didn't write the immigration laws—that their job is to enforce them.

Every contract signed to date for a Mexican national is for a minimum period of six weeks. None is to extend beyond Feb. 1—the present expiration date of the agreement with Mexico.

The Immigration service contends use of the airlift in deporting the "wetbacks" is the most efficient and therefore the most economical way of handling the problem in the long run.

Mid-November should see the big trek back home by the Mexicans in full sway.

A Mexican who is flown to his home hundreds or miles south of the border doesn't relish the idea of walking back, they figure. Almost to a man, they're penniless when arrested. If they are simply pushed across the border they may soon return. If they are sent home on trains or busses, they may get off at the first stop and return.

ROGER W. BABSON WRITES THIS WEEK

Idle Retired Population Increasing At A Fascinating Rate Financial Expert Claims

BABSON PARK, Mass.—In 1850 there were ELEVEN workers under 65 years of age for every person over 65 years old. Gradually the number of workers over 65 has increased until in 1951 there are only FIVE working adults under 65 for every adult over 65. Projecting this trend to 1960 we find there will be only about THREE working adults for every older. If we project to 2000 A. D., which is only fifty years hence, fantastic conclusions are indicated. The time can come when the idle retired population will be greater than the young and middle-aged workers who must pay the taxes to support them.

From June 1 to Oct. 25, a total of 44,000 Mexicans were returned to their homes by air. Several weeks ago, at the height of the movement, as many as 8 to 10 flights daily were leaving Brownsville. The number now has been reduced—because of insufficient funds—to about four flights daily out of the Rio Grande Valley (Brownsville, largely), two weekly out of El Paso, and two weekly out of California.

The vast majority of people over 65 will never own sufficient income-producing property to live on. Even though practicing thrift all their life long, they can lack the ability to invest advantageously and establish financial independence. Hence, most aged citizens must rely on their children or on pensions. Many persons think the problem of the aged can be disposed of by voting in favor of whatever pensions are demanded; but this is only like pulling yourself up by your "boot straps." Distribution of vast sums of money by the Government to any group, whether oldsters, veterans, or farmers, means making it harder for the other groups, unless offset by a corresponding increase in the production of goods and services.

ishly supported by members of the younger generation. They welcome the opportunity to shift to the State the financial burden of supporting aged parents. What will happen when the oldsters, teamed up with their friends, account for a greater percentage of the national electorate? Will they vote themselves preposterously generous incomes from the Federal treasury? This would be highly inflationary because it would put the nation completely out of line with the nation's productivity.

Medical Progress Aggravates Old-Age Problem The modern American trend toward birth control is a large factor in bringing about an alarming high percentage of oldsters in the population. Yet, turning the clock backward on this trend might cause our population to expand beyond the ability of the land to support it. Some have suggested that medical science will eventually solve the problem by discovering how to preserve full powers of body and mind until 85, thus deferring the average age of retirement by ten or twenty years. To me this seems to miss the point completely.

The problem is concerned not with the age of retirement, but with the length of life after retirement. If science succeeds in stretching the period of adult vigor to 85 or more, it is quite likely that it will also succeed in stretching considerably the period of declining vigor and senility, bringing the problem right back where we started. From the humanitarian point of view, progress in medical science is desirable, but from the economic point of view it is dangerous.

Getting Out On the LIMB ...

By EDDIE the editor

Once upon a time a pot and a kettle became involved in a verbal battle. It seemed that each was thoroughly convinced the other had the blackest bottom.

I don't know how the argument came out, but if the old saying "look who's calling the kettle black" is any indication, they are still involved in slinging words.

But there is one thing of which I am certain. No place on earth, that I am aware of, does more of the "pot and kettle" type of arguing than the big wigs in Washington.

No, I don't mean the administration. I mean the esteemed members of our "crime-conscious, money-pending conscious and any other conscious" Congress.

Every day you can pick up the paper, turn on the radio or peek into any magazine and all you see is where a committee of esteemed solons are about to, or are investigating this and that and every thing under the sun.

Crime investigators, income tax probes and other similar things are splendid and definitely worth spending money on.

But what about the tens of Congressmen who are going to cover the entire world in the next three months investigating where the American dollars, equipment, and other materials are going in Europe, Asia, Japan, and almost any other place in the world that can afford a landing strip for their plane to land on?

What about them? That is a good question. Their expense account (and don't think they ever go fourth class to save the taxpayer money) will run into a staggering sum, traveling expenses, hotels and meals.

Another question. Are these trips necessary? What about the hundreds of persons employed by the government in these places? Aren't their reports reliable? If not fire them and send someone to take their place. On the other hand, if they are reliable, why spend our money traipsing around over there double checking?

Yep, when it comes to painting a black picture about wasting the taxpayers' money, those Congressmen can sure make the administration look shiny. But boy, oh boy when it comes to dreaming up crazy schemes to spend the money themselves, they take the cake.

This practice hasn't just started either. It's been going on for years and years. Congressmen never waver when it comes to asking the public to pay a few more taxes (except when elections are coming up and they are afraid of the possibility of being defeated from their plush jobs). And they quibble for years on a bill to raise the salary of a civil service worker (the postal employees) but during the last war, there was not much hesitation when the bill to raise their salaries came up for a vote. And there has even been some of them advocating they are not getting enough and need another raise. Then too, when they have hit everyone with a staggering tax bill (and they justify their position by saying the administration spent the money so another raise is necessary), they recently voted to discontinue, effective in 1953, the tax exemptions members have enjoyed on \$2,500 a year of their income. So, they will retain for another year a privilege denied to the masses of citizens.

"I might be black, but he's the blackest!" they continue to shout while we have our hands already through our pockets and halfway down to our knees. And do you know their latest investigation? Listen close because this is a dilly. Five Congressmen are going to the west coast to investigate cosmetic plants there.

Have you ever heard anything so ridiculous? No and you never will. Heeded by Rep. John J. Delaney of New York, the group will investigate such items as shampoo, fingernail polish, heatless permanent wave lotion, and hair cream. It seems someone is getting rooked.

Once again the government has run in that section of the country who are specially trained and paid to do just such work. Why should these five congressmen spend the taxpayers' money to do it instead?

And I leave it up to you. Which is the blackest, the pot or the kettle?

(A definite figure of the number of Congressmen who are going to make junkets during the present adjournment were given in an Associated Press story in Sunday papers. A total of 90 Representatives and 19 Senators will cover the world during this time. And the majority want plush, four-engined type airplanes to make their trip more comfortable.)

Peeping Tom Smokes Marijuana

A transient Latin American, 21, from Karnes, Texas, was arrested in Lockney Wednesday morning by City Marshal Earl Cooper and was being held in Floyd county jail last night on two charges, one of possessing marijuana, the other of window peeping. Justice of the Peace O. B. Olson set bond at \$2,000 on complaints filed by officer Cooper.

The Mexican gave the name of Charley Rodriguez, his age as 21. He had been pulling bolts on the farm of Melvin Potts, southwest of Lockney, for about a month, the officer said.

It Sex Here

If there's anything that takes fun out of Halloween it's to answer a knock at the door and take a look at who's standing there for a "twick or tweet." It isn't little Johnny or Mary, with eager faces alight with the wonder of the event. But it is some overgrown, stupid-looking oaf old enough to be married, raising a family and making a living for himself. It is plumb discouraging to coop up a pot of cookies in anticipation of Little Johnny's Halloween visit, then answer the door to find some 20-year old facsimile of Tobey the clown, with that "du-uuh" look over his bearded face, with a hairy paw extended for goodies. Maybe a good psychiatrist could explain such adult conduct. To us it looks more like a case of arrested mentality.

Literally Playing With Dynamite

Three young men in a Hamlin hospital this week were considering the fact with dire consequences, that you can no more trust dynamite than you can a fickle woman.

The boys had gone hunting about three miles east of Hamlin Friday of last week and were on a small creek bank. There they found two sticks of dynamite in a can, which probably had been left by some seismograph crew.

Deciding to try their marksmanship and see what would happen, they threw the sticks of dynamite into the air and fired into them—and all of them missed.

Then they decided to fire into the can—and things happened fast. Life became a No Man's Land—as if someone had stumbled upon a booby trap.

The can exploded and the three boys were knocked unconscious. An area of 10 feet around the can was torn up and a space the size of two ordinary rooms was left bare.

Cottonpulling Alters School Hours

Seagraves schools started on a revised schedule Wednesday for the boll pulling season. Sessions start at 7:45 and continue until 12:45 each day.

The revised arrangement will continue through next week. The schools will be closed Nov. 19 through Nov. 23 for a Thanksgiving holiday, according to Superintendent Ross A. Buckner.

He reported that the school cafeteria will not open until regular sessions start again after Thanksgiving.

Vandals in Cemetery

The tops in malicious mischief happened at the Lockney Cemetery recently when some person or persons turned over about 15 or 16 of the monuments, breaking some of them and damaging all of them to some extent.

The damage was discovered the first of this week and the time of mischief is not known, but thought to be the past week end.

Time to Go to Bed -

Electrically!

... the way that keeps you warm all night long no matter how the temperature changes. An automatic electric blanket — just ONE blanket on the coldest of nights — adjusts itself to the outside temperature and your sleeping temperature wishes.

Why be buried under a rest-disturbing pile of blankets when one light-as-a-feather electric blanket will bring you greater sleeping comfort. Remember, too, that many double bed models come with dual temperature controls assuring each sleeper of the temperature desired.

First cost of an electric blanket is not great and operation cost is a matter of pennies. See your electric appliance dealer now, see how one blanket, electric, of course, will keep you comfortable on every winter night.

# Leforest Church, Organized In 1903, Recorded One Of Garza County's Oldest Institutions

Editor's Note: As in the histories of all counties, states, and nations, events and happenings of Garza county's past are to be pinned down unless they have been faithfully recorded. Take county histories for instance. Many reports have been written which will be told about the first churches in the county. But the records have been lost in the confusion of the years, and the records of the organization of one church, which would tend to show this is one of the oldest churches in the county, if not the oldest. These records concern the Missionary Baptist church which was organized in Leforest in 1903.

**SCHOOLDAYS AT LEFOREST**—A few county residents will readily recognize the scene pictured above, for they are included among the people in the picture. This is the picture of a group of children and their teacher at the old Leforest school which used to be located about two miles east of Justiceburg about 41 years ago. Although positive identification could not be obtained the picture should include Cecil and

Exell Smith, Pauline, Winnie and Elvie Knox, Cameron Justice, Jeff Justice, possibly young Appleton Justice, Lee and Forest Tuffing. Naturally there are some not named. This school building was also used for the church which was organized there in 1903. Behind the children on the wall is an inscription—God Sees Me. Part of it cannot be seen. (Photo by courtesy of Mrs. Winnie Tuffing.)

readers of this story may wonder where is Leforest? The question is easily answered. There is no Leforest today. Many small communities sprang up over the country during the turn of the century, and claim to the future, and finally were the one conqueror of the west—the Leforest was located about two miles east of the present city of Justiceburg. At the turn of the century, the latter part of 1900, several families were settling on and around the site. Some of the families were the Justices, Marables, Masons, Knoxs, Smiths, Cottons and Borens.

At about that time was the state homestead act taken full advantage of and the community residents who had taken advantage of it were Mr. and Mrs. A. Tuffing. They moved to the site around the latter part of 1900.

There was no such place as Leforest at that time. So the community decided they would have a post office. For they wanted to go all the way to the town which was located about two miles from the present site of the town.

Boren agreed to carry the mail from Light for three months at a charge to see if they would like to go to the post office. Mrs. Boren agreed to set up the post office in her house.

At the government, some time in 1902, did authorize a post office and since it was located in Mrs. Tuffing's house the privilege of naming the town after the names of her husband, Lee and Forest, she decided the map with the town of Leforest.

At that time consisted of the post office and a school house. But the county residents had no money. And as today, a community without a church was no community, therefore the community around Leforest decided to organize one.

The minutes of the organizational meeting of the Missionary Baptist church at Leforest were brought to the District by Rev. L. H. Welch of the church at Justiceburg. They have been thrown out and about for the past 45 years. For a long period of time no one knew where they were. But recently Spence Beavert, clerk at Justiceburg, found them.

The minutes record that the meeting was held on August 9, 1903. They read (verbatim) they appeared in the records:

Leforest, Texas August 9, 1903  
Missionary Baptist church organized by J. W. Ellis with the following membership and in the described below:

Ella Justice, Mrs. J. P. Marable, Mrs. Mattie Justice, Mrs. Marable, Mrs. Pettie Marable, Mrs. Nannie Boren.

New Hampshire articles of association were read and adopted and following church covenant:

We believe in Jesus Christ as our Saviour and the profession of our faith in the Father, and of the Holy Ghost, and in the presence of angels and this assembly solemnly and joyfully enter into covenant with one another as one body in Christ.

We engage therefore by the Holy Spirit to walk together in Christian love; to aid in the advancement of the church, in knowledge, holiness and spirituality; to promote its worship, ordinances, and doctrines; to cheerfully and regularly support of the ministry, and of the church, the poor, and the spread of the Gospel through all nations.

We engage to maintain and secret devotion; to rear and educate our children; to aid in the salvation of our kindred and acquaintances; to walk circumspectly in the world; to be diligent in our dealings, faithful in our engagements, and exemplary

in our department; to avoid all tattling, backbiting, and excessive anger; to abstain from the sale or use of intoxicating drinks as a beverage; to be zealous in our efforts to advance the kingdom of our Saviour.

We further engage to watch over one another in brotherly love; to remember each other in prayer; to aid each other in sickness and distress; to cultivate Christian sympathy in feeling and courtesy in speech to be slow to take offence, but always ready to reconciliation, and mindful of the rules of our Saviour to secure it without delay.

We moreover engage that when we remove from this place, we will as soon as possible unite with some other church, where we can carry out the spirit of this covenant and the principles of God's word.

Brothers Mason (John) and Marable (F. E.) were received upon statement.

By motion and second the church voted that the name of the church should be: The Leforest Baptist church.

J. W. Ellis, moderator  
Scott Cotton, church clerk, pro tem.

The next entry in the record shows the church progressed and lived up to their many worthwhile and commendable engagements.

Leforest, Texas August 29, 1903  
The Leforest Missionary Baptist church met at the arbor Saturday at eleven for preaching by Brother Scott Cotton. There was no conference because there was so few in attendance.

There was preaching Saturday night, Sunday at 11 a. m., 3 p. m., and that night.

Conference was held Sunday at eleven. By a unanimous vote of the church Brother Appleton Justice was elected church clerk.

By a vote of the church an invitation to preach was sent to Brother J. V. Bilberry.

Conference then adjourned  
Scott Cotton, moderator  
Appleton Justice, church clerk.

At the time this church was formed, Garza county had never been recognized and the territory was attached to Borden county. Snyder was the headquarters for all big grocery buying, doctors and the residents of Leforest had to go there to do most of their trading.

Old Brother Bilberry was living at that time (according to all reports) around Spur but was also preaching around Verbena. Minute reports became more widely dispersed in the record book after this report.

Leforest, Texas September 23, 1903  
The Leforest Missionary Baptist church met at the school house, September 21 and Brother Bilberry preached.

The church met in conference Sept. 22 at 3 p. m.

By a unanimous vote of the church Brother Bilberry was called for our pastor.

The delegates appointed to attend the Stonewall association were Brother John Mason, Sister Ella Justice and Brother Appleton Justice.

We raised one dollar for minutes. Conference then adjourned.

J. V. Bilberry, moderator  
Appleton Justice, church clerk.

Leforest, Texas October 11, 1903  
The Leforest Missionary Baptist church met at the school house October 11 and also the Saturday before.

There was a very good atten-

dance both days.

The privilege of joining the church was given but no one joined. Conference then adjourned.

J. V. Bilberry, moderator  
Appleton Justice, church clerk. (No date)

The Leforest Missionary Baptist church met in conference on Saturday before the second Sunday in December, 1903.

After a sermon by Brother Bilberry an opportunity was given for membership. Brother Dee Boren came forward and after experience was received as a candidate for baptism.

Baptizing took place at 3 p. m. Sunday, December 13, 1903.

By motion and second conference adjourned to meet Saturday before the second Sunday in January, 1904 at 11 a. m.

J. V. Bilberry, moderator  
Appleton Justice, church clerk.  
Leforest, Texas January 9, 1904  
The Leforest Missionary Baptist church met on Saturday at 11 a. m. before the second Sunday in January.

Preaching by pastor.  
Privileges of church extended. Minutes of last meeting read and approved.

Conference adjourned.  
Preaching at night, Sunday at 11 a. m. and also Sunday night.

J. V. Bilberry, moderator  
Appleton Justice, church clerk.  
Leforest, Texas February 14, 1904  
The Missionary Baptist Church of Christ met on Saturday at 11 a. m. before the second Sunday in February. Preaching by pastor. The church was called together in conference. Visiting brethren and sisters invited to seat with us in council. Privileges of church extended. Minutes of last meeting read and approved. Unfinished business none. New business called for none. A motion to adjourn. Preaching at night by pastor, Sunday at 11 a. m. Preaching pastor, followed by communion, visiting brethren and sisters invited to Lord's Supper. Preaching in evening. Conference closed.

J. V. Bilberry, moderator  
Appleton Justice, church clerk.

Then comes the final minutes that have been preserved. These are in 1907 which gives a three year gap between the last ones.

Leforest, Texas July 6, 1907  
The Leforest Missionary Baptist church protracted meeting began on Saturday before the first Sunday in July. Conducted by Rev. J. V. Bilberry, assisted by Brother White. The church was called together in conference on the following Tuesday. Old business none. New business was called for. Church called pastor. Brother White was called by unanimous vote. There were two conversions and one addition to the church on promise of letter. Closed conference at the close of meeting.

Moderator Brother White  
Appleton Justice, church clerk.

And those are some of the records of the Leforest church. But the community was destined to a short life. For about 1909 the railroads came through this portion of West Texas and it bypassed the small community completely. It was laid about two miles west and the town of Justiceburg began building around the tracks.

It has not been determined exactly when the post office and Leforest gave up completely, but church records taken from the old Leforest book show that the church in Justiceburg was or-

ganized in 1910.

The old Leforest site is now owned by Elmer Pettigrew and many of its former residents are scattered throughout the United States. Some have passed away. The community is just history—and wonderful memories in the minds of those who toiled and sweated to make it a community.

**SITE UNCOVERED**  
SINGAPORE, P—A mass grave of 1,300 Chinese and Malays shot by the Japanese during their wartime occupation was discovered in the Bedok road section of Singapore.

## Package Loan Library Available To Clubs

Copies of a new "Package Library Service" catalogue are now available at the University of Texas Package Loan Library Bureau in Austin.

The catalogue includes a representative, but not complete, list of materials available through the bureau on vital present-day subjects. Copies will be mailed soon to women's clubs throughout the state and are presently available, on request, to Parent-Teacher associations, civic organizations and other groups. Since only 5,000 of the booklets were printed, individuals are asked to see copies at libraries or order through group organizations.

Package libraries were circulated last year in all but six of Texas' 254 counties. Bureau officials expressed hope that all counties will take advantage of the service during 1951-52.

The Package Loan Library bureau, unit in the University's Division of extension, was chosen by the Department of Public Information of the United Nations as its correspondence center for Texas.

The bureau also has a large collection of yearbooks of Texas clubs, and study outlines have been prepared on numerous subjects for the use of clubs.

## Post Marine Gets Promoted To Pfc.

Shirley L. Williams, son of Mr. and Mrs. S. N. Williams of Post, has successfully completed his recruit training and has been promoted to the rank of Private First Class, according to information received at the Marine Corps Recruiting office in Dallas.

Pfc. Williams entered the service in Dallas on the 3rd of September and was transferred to the Marine Corps Recruit Depot, in San Diego, Calif. where he received his "boot" training. He will be granted a ten day leave

The Rev. and Mrs. Almon Martin and daughter, Sandra, visited Martin's parents in Big Spring during the weekend.

## Gems of Thought

**HARVEST**  
The Harvest truly is pienteous, but the labourers are few.

**Christ Jesus**  
Not by the hearing of the ear is spiritual truth learned and leaved; nor cometh this apprehension from the experiences of others. We glean spiritual harvests from our own material losses.

**Mary Baker Eddy**  
How many things by season'd are To their right praise and true perfection.

**William Shakespeare**  
Give plenty of what is given to you, And listen to pity's call Don't think the little you give is great And the much you get is small.

**Phoebie Cary**  
To visit his home prior to reporting to his new duty station.

Williams, who has had several years experience as heavy equipment operator and automotive mechanic, hopes to follow that field in the Marines.

For his bounty, There was no winter in't; and autumn 'twas That grew the more by reaping. **William Shakespeare**

## Low-Down on a high-powered Performer

Let us tell you this:  
The Buick pictured here packs more power than you find in any other car of its size and room and price.

That's the power of Buick's newest high-compression valve-in-head eight—the F-263 Fireball Engine, that really gets miles from a gallon of gas.

Add to this the fact that it tips the scales at 3817 pounds curb-side—and you begin to see why this big-powered beauty is such a nimble-footed number out on the road.

But that's only Chapter I of the performance story.

There's a big-car feel to the way this trim traveler covers the ground—hugs the curves—holds its course on the straightaway—smothers the bumps with its big soft coil springs on all four wheels.

There's a big-car room inside—six-passenger room—headroom, hiproom, shoulderroom, kneeroom, front and back.

Come in, look it over, and we think you'll agree—it's big in everything but price.

And that's where it really shines. If you've shopped around you'll know what we mean when you read the price tags, and what they include in the way of standard equipment that shows up as "extras" on so many others. Such things as an oil filter, air cleaner, vacuum booster, built-in summer ventilation are all yours at no extra charge.

It's hard to believe but it's true. If you can afford a new car, you can afford this Buick at the prices we're quoting today.

Better come in and look this smart buy over.

Equipment, accessories, trim and models are subject to change without notice. \*Standard on ROADMASTER, optional at extra cost on other Series.

**No other car provides all this:**

- DYNAFLOW DRIVE**—saves strain on driver and car
- FIREBALL ENGINE**—high-compression, valve-in-head—gets more miles from every tank of fuel
- PUSH-BAR FOREFRONT**—combines smart style and unsurpassed protection
- WHITE-GLOW INSTRUMENTS**—assure greater clarity, especially at night
- TORQUE-THRU DRIVE**—seals the chassis, steadies ride, improves driving control
- 4-WHEEL COIL SPRINGING**—cushions and levels the ride, saves servicing costs
- DUAL VENTILATION**—outside air fed separately to right or left of front compartment
- SELF-ENERGIZING BRAKES**—hydraulic—multiply pedal-pressure five times at brake drum
- DREAMLINE STYLING**—tapered, var-length fenders, gleaming sweepers on most models

**Plus:** Self-latching luggage lid, Step-On parking brake, two-way ignition lock, Safety-Ride rims, Hi-Peaked engine mounting, Body by Fisher

## Miss Dot Jones Is Crowned Queen At Post High School Homecoming

Highlight of the Post high school homecoming festivities today was the crowning of the football queen, Miss Dot Jones, immediately before the Antelope-Tiger tilt, at 2 o'clock in the afternoon.

The Post band entered the football field from the north end and marched to the center where they played a football. Members of the high and grade school football teams joined them and the band played "The Levée Song." Miss Jones rode onto the field in a yellow convertible, furnished by Les Short Buick Company, and was met at the west stadium by co-captains Jack Kirkpatrick and Cletus Graves. She was escorted to the center of the "football" where Kirkpatrick presided over the coronation, and Graves presented her with a bouquet of yellow mums, furnished by Bill Walt.

The band played the school song as the queen and her escorts returned to the convertible, driven by Willard Kirkpatrick. Miss Jones was then taken to a throne on the 50 yard line, at the east side of the field, where she remained during the game.

The honoree, daughter of Mr. and Mrs. Carl Jones, wore a black and white two-piece dress with rhinestone trim, and black accessories. Her crown was of silver sequins.

Students and grownups alike lined in celebrating Friday's victory over Slaton, which was their fourth in 23 years. A Coke party for pep squad members of the high and Slaton, and exes was held immediately after the game, in the school cafeteria; reception for football players and their parents, and ex basketball and football players was at 7 o'clock, in the gym; a party for students at 7:30 o'clock, in the city hall, and a dance at the city hall given by Mr. and Mrs. Al Norris.

Miss Mary Beth Cooney, sponsor, and Miss Margaret Moore presided at the pep squad party. Refreshments of cookies and cold drinks were served to the following:

Misses Winona Mae Pikes, Billie Ann Hoffman, Nelida Lemon, Mary Katherine Wells, Jorita Schutte, Annette Wilson, Patsy McCormick, Joyce Mann, Sue Arley, Barbara McCoy, Judy Dumas, Bobbie Felty,

Marieta Taylor, Alcy Gartman, Janice Schwartz, Bonnie Holt, Donna Brown, Patty Jo Merrell, Peggy Jean Merrell, Betty Brush, Mary Alice Kenney, Lucille Veramp, Lillie Parsch, Alice Neu, Kay Porter, Carroll Ann Moore, Pat Moore, Pansy Bilsard, Betty Willis, Pat Stansell, Wanda Brooks, Jerry Short, Betty Allen, Frances Dickerson, Janie Sue Park, Norma Corley,

## Chapel Is Built In Memory Of Mrs. E. T. Herd

The Chapel of the Good Shepherd at University Christian church in Fort Worth, which was built in memory of Elizabeth Tevis Herd, mother of John Herd, was dedicated at 4 o'clock Sunday afternoon.

Dr. Colby D. Hall, of Texas Christian university, gave the dedication address "Feeling After God to Find Him." The chapel will be used primarily for weddings and by young people's groups. It is located one block from TCU campus.

In regard to the new chapel, Edith Deen, women's editor of the Fort Worth Press wrote: "Mrs. Herd died on Christmas Day, 1949, and soon after her death, her three children, George Herd, director of the Fort Worth National bank, of which his father also was a director, Mrs. Ferd Moore, of Sherman, and John Herd of Post, began to plan a memorial to a woman who reared her children in the Christian tradition; and because they feel the deep significance of that in their lives today, they want to pass it on to countless others."

Mr. and Mrs. Travis Rex Everett will be honored with a party and miscellaneous shower, this evening, in the Cecil Thaxton home from 7:30 until 8:30 o'clock.

Other hostesses are Mrs. W. R. Graeber, Miss Katharine Stryker, Mrs. L. H. Ingram, Miss Pat Patterson, Mrs. Maggie Childress, Mrs. James Minor and Miss Bettye Travis.

how they might perpetuate their mother's memory in a manner that would help others. The little chapel was the answer. For their special use is an organ given by Mrs. Herd's nephew, Tevis Morrow, of California.

The chapel's broader service will be to all people at all hours of the day, proving again that the Good Shepherd opens his doors, not just to the limited few but to all who enter. Most of all the chapel will be a lasting memorial to a woman who reared her children in the Christian tradition; and because they feel the deep significance of that in their lives today, they want to pass it on to countless others."

**County Steers Set Good Weight Totals**

Final results on the sale of steers entered in the State Fair by Garza county 4-H and F. F. A. boys reveals some interesting figures according to County Agent Lewis Herron and E. F. Schmedt, vocational agriculture teacher.

Herron and Schmedt say that

**State Commissioner Of Agriculture Is Concerned Over The Pink Bollworm**

The spread of the pink bollworm in Texas should be of deep concern to the general public, John C. White, Texas commissioner of agriculture, announced in a recent news release.

"This perilous cotton insect has moved into 193 cotton counties in Texas," he explained. "Most of these counties are lightly infested, but that is a big step toward a heavy infestation."

Garza county has been included in the lightly infested area for two years now, and County Agent Lewis Herron says that the pink bollworm has not made too much headway in infesting the county. He attributes this mainly to the precautions taken by the ginners and farmers.

Employees of the pink bollworm division are continuously checking the county for signs of the pest, and at the present time the county is under a quarantine for the pest. Offices for the pink bollworm division are located in Lamesa.

The pink bollworm is one insect that cannot be handled by any type or kind of poison. He makes his way into the cotton

but other cotton insects as well. When the pink bollworm shows up in a Texas county and the Governor issues an emergency proclamation, the state law requires the State Commissioner of Agriculture to set up a quarantine. This quarantine is for the purpose of regulating the movement of products likely to carry the pest to other cotton areas. Not only the movement of products is regulated, but the cottonseed is treated by a process of sterilization to destroy pink bollworms present in the seed, and gin trash is destroyed. In some of these quarantine zones, where the infestation is heavy, the regulations are more strict and the commissioner requires an early planting date and an early plow-up date on cotton also. All of this is very expensive and very troublesome to growers and to everybody concerned. That is why White is pleading "an ounce of prevention is worth a pound of cure."

Since the pink bollworm is no respecter of state lines, the Federal government cooperates with the state government in this control. In fact, the greatest problem with this insect is along the Mexican border. Here is an ever present source of pink bollworm from across the Rio Grande. As is well known, the federal government has the job of keeping this insect from crossing this international boundary line which is the Rio Grande river. In addition, two adjoining states, Oklahoma and New Mexico, have pink bollworms.

The Texas Commissioner of Agriculture stresses and emphasizes that public opinion and public sentiment, to the last individual in Texas, should be marshaled in the fight against this dangerous cotton pest. As every Texan knows, laws and regulations are what the general public makes up their mind for them to be. The various educational institutions in agriculture in this state have some essential ways worked out in a voluntary program to fight this pest. They tell how and when to destroy the pink bollworm.

Five of the nineteen cotton growing states have the pink bollworm. There were six states that had the pest, but Georgia eliminated the pest there.

## Movie of the Week

What is a good movie?

Ask a hundred people that question and you are likely to receive as many answers. A good movie is one that "entertains," "tells a good story," "is comical," "is sad," "is crammed with dramatic action," and on and on.

But fundamentally the majority of us go to the movies for one purpose. To escape. Yes, to be able to enter an environment strange to our everyday way of living and relax for a length of time forgetting all our worries or cares.

Naturally we prefer different types of shows as we do different type cars. Nevertheless we do have something in common. When we go to the show we want to see a "good" movie.

Motion picture producers realize more than ever (now that television has made such a splash on public sentiment) that movies must be BETTER THAN EVER to attract the critical movie goer. And they are doing something about the situation.

Have you noticed lately the number of "truly great" pictures made available to entertain the picture fans? There are more coming. Studios are striving every day to produce better and better pictures for you—their public.

And as they make them Manager John Hopkins and the Tower theater schedules them for your enjoyment. Take the list of pictures that are yours for the admission price next week. Even the most critical movie fan in the country should find a picture to his liking in next week's run at the TOWER.

Because of the four pictures slated to show (and you will notice the schedule is a little different next week, with each picture being slated for two day runs) each is a different type. The schedule reads: Friday and Saturday, "THE FROGMEN". Sunday and Monday, "ON MOONLIGHT BAY". Tuesday and Wednesday, "STRANGERS ON A TRAIN". And Thursday and Friday, "WARPATH."

A Navy picture, a musical, a thriller and a technicolor Indian epic.

Unable to decide upon one picture as outstanding, we decided to say that "The Frogmen" and "Strangers on a Train" seem to us to be the best on the list.

"The Frogmen" is the strange and exciting story of the Underwater Demolition teams of the Navy during World War II. Starring Richard Widmark, Dana Andrews and Gary Merrill, the picture takes you into the water, under the water and on the sea in telling the hazardous and gruelling tales of what those UDT went through in spearheading every Allied invasion from Sicily to Okinawa. The picture represents actual happenings during the war. See it.

"Strangers on a Train" is another of the smash productions of Alfred Hitchcock. Combining the talents of Farley Granger, Ruth Roman and Robert Walker the story provides, murder, love, and suspense in an enjoyable story. A young American tennis idol finds himself threatened by a stranger who wants him to commit murder. Add this plot to suspense and surprise direction by Hitchcock and you have "Strangers on a Train."

A good picture. If Lewis Kuykendall thinks so there are two passes waiting for him at the boxoffice. They are good for either Tuesday or Wednesday.

**Movie Facts**  
"Calvacade" took best picture honors in 1933 with Charles Laughton and Katharine Hepburn being selected best actor and actress.

Ruth Ann Long, Billie Williams, Jennie Lou Redman, Lois Ritchie, Norma Ritchie, Wynne Morris, Jimmie Williams, Sybil White, Barbara Wheatley, Beverly Bland, Tancie Williams, Jerrie Williams, Sue Roberts, Janet Stephens, Wynne Pennington, Eva Lou Williams, Nancy Robinson, Janyce Morris, Janet Chambers, Beverly Bartlett, Shirley McBride, Gay Roberts, Marilyn Steel, Karen Gail Pennell and Jerrie McLaurin.

Ribbon awards were also presented to the boys who entered commercial steers in the county show and the state fair. These included Mason McClellan, Jack Lott, Carol Davis, Jerrel Stone and V. A. Lobban, Jr.

The development of America's modern, ready-to-wear clothing industry grew out of problems of military supplies.

## County Has 2 Santa Fe Alternate Winners

A past issue of the Dispatch stated that Garza county did not have a 4-H winner in the Santa Fe contest this year.

But information received last week by the 4-H officials show that two girls were selected as alternates in two divisions over the state.

Janyce Lobban was selected as alternate candidate in the leadership contest and Sue Stephens was selected alternate in gardening.

Should the top winners in

### Close City Sailor Assigned To Ship

Word has been received here that Kenneth E. Hargrave, RMSA, son of Mr. and Mrs. E. A. Hargrave of Close City, has recently returned to the states after duty off the shore of Korea.

He returned from Saseleo, Japan, on Oct. 21 and has been assigned to the USS O'Brien DD 745 which is in dry dock at San Francisco. He will be there at least four or five months.

Hargrave was sent to Korea six weeks after he completed Radio code school.

### Glee Club—

(Continued From Front Page) lack of musical knowledge. Many of the students have never studied music of any kind and Miller has had to teach them from scratch, so to speak.

"My two music classes come in handy in helping to overcome this difficulty," he said. "In these classes I naturally teach harmony and music appreciation. But when I work with the choral groups on a new song, I have to go through each separate part myself so that they might understand how it sounds."

As in all high school music programs the Post program is not dedicated to making professional musicians, but strives to introduce the students to enough fundamentals and principals so they might have a better knowledge and appreciation of a broader field of music. Miller says they also are trying to get as many students as possible to participate in choral groups.

Long range plans of the school are designed toward the formation of a string orchestra. Miller and administrators, Superintendent D. C. Arthur and Principal Chant Lee, realize the groundwork for this undertaking must be laid in the lower grades, so they are not rushing into the project.

This orchestra would be comprised of string instruments only and would not interfere in any way with the building program planned by Vernon Lewis, school band director.

Miller is enthusiastic about his

Holman, pastor, with the three baskets which will be filled with food and given away next Sunday. The three largest families, who are not members of the Church of the Nazarene, attending Sunday school next Sunday will receive the baskets of food for Thanksgiving dinner. Last year a barrel of groceries went to the Roy Holly family which was the largest present. Each person is asked to bring some item of food to place in the baskets when they come to Sunday school this Sunday.

### Cotton Measuring Supplies Received

Supplies and information regarding the measurement of 1951 cotton acreage have been received by the PMA committee, Mike Custer, secretary, has announced. Custer pointed out that this does not mean there will be marketing quotas and acreage controls on the 1952 crop, since Secretary Brannan has announced that there will be no marketing quotas on cotton in 1952. The acreage and cotton yield reported by the operators will be used as cotton acreage history that will be used in years to come.

A self addressed postal card with spaces provided for reporting cotton acreage will be mailed from the county PMA office to each farm operator for their convenience in reporting their information to the county office.

It will be optional with the farm operator whether he measures his cotton acreage himself and reports the measured acreage to the committee or requests the committee to measure the cotton acreage. However, if the committee is requested to measure the cotton acreage the operator will pay a fee of \$3 per farm plus \$1 per plot of cotton over the first plot for this service.

All producers are urged to fill in and return the cards that are mailed to them at their earliest convenience.

work and spends much time on the program. When he assumed the duties of music teacher this year he did not have even the proverbial shoe string to begin with. But through the excellent cooperation of school officials he has bought a new piano, new risers, new music, records and record player for his program.

His groups do not have robes yet, but Miller says that he is in no special hurry to buy robes. "First we need to worry about learning to sing, then we can concentrate on the robes," he explained.

Miller is a graduate of Hardin-Simmons university in Abilene. While in school he was tenor soloist at the Presbyterian church in Abilene and also appeared as soloist at nearly every service organization in the city.

Mrs. J. E. Robinson has returned home after a three months visit with her son and daughter-in-law, Mr. and Mrs. Raymond Robinson, and family in Yoakum.

### Rotary Members Hear Miller and Glee Club

Feature attractions at the Tuesday Rotary meeting were James H. Miller, high school music teacher, and his Mixed Glee club.

The Glee club, comprised of 19 girls and 6 boys, sang "God So Loved The World," "Skip To My Lou," "The Alphabet Song" and a folk song.

Miller sang two solos. They included "The Play of Love", an old English love song, and "Cockles and Muscles," an Irish folk song.

### Kelly Jo Myers Named Queen At Southland

Southland held its annual Harvest Festival last week and Kelly Jo Myers, 5-year-old daughter of Mr. and Mrs. Jack Myers, was crowned queen of the event.

The young queen was sponsored by the senior class. Her escort was Rodney Callaway, son of Mr. and Mrs. F. W. Callaway.

Runner-up in the queen race was the third grade candidate, Janice Ellis, escorted by Sailor Maples.

Reports revealed the Harvest Festival netted \$822.26, more than any annual school event has netted in the county so far. Part of this money has been used to buy visual education aids, part has been set aside to repair playground equipment and buy new equipment. Some of the money will be used by the athletic department for letter jackets.

Other candidates and their escorts were Brenda Jo Dabbs and Travis Lancaster, Karen Ann McGehee and Lawrence Heral King, Sandra Spence and Harold Wayne Donahoo, Hazel Ruth Lancaster and Joe Nell Hargrove, Patsy Dunn and David Dabbs, Etta Hagler and Donald Basinger, and Tommie Wicker and Lonnie Mason.

# Antelopes Wind Up Season By Slamming Slaton Tigers 40 - 7

## Antelopes Scores Three Touchdowns, Potts Two In Victory

By BURNIS LAWRENCE  
 Waiting till the final half of the last game of the season, the Antelopes hit the best stride they have seen this year and pumped out a 40-7 victory over the grudge-battle foe, Slaton, this afternoon before approximately 3,500 pleased fans.

The two teams, meeting in an annual grudge fight, started in a sluggish style that left the fans yawning through the first half. Each team managed to score one touchdown during the first quarter, but that either could do for the remainder of the time. When the half ended the Slaton team gained 50 yards on the drive and Post had racked up 17 yards.

The Antelopes scored first early in the second half. Darrell Bruton, recovering a Tiger fumble, ran the Slaton 25 yard line. Later, Kirkpatrick hit L. W. Evans with a pass for 30 yards. Kirkpatrick kicked the extra point.

That was the extent of the Antelopes' scoring punch however. And Slaton was determined to be outdone. After a Slaton punt, Post had the ball on its own 20 yard line and Kirkpatrick's pass was intercepted on the 10 yard line and carried to the five yard line. Three times the Tiger bucked over the Antelope line. Sparky crossed the lines. Dillard hit number 86 for the extra point.

That was the ball game as far as the first half was concerned. In the second half the Antelopes were different. Bruton received the ball on the 10 yard line and looked like they had intercepted a Tiger pass. He hit the sidelines and hit his own 48. Sixty yards later, J. R. Potts took the handoff from Kirkpatrick and tackled and jackrabbits for the score. Kirkpatrick converted.

In their first play after receiving the kickoff following the Potts, Slaton fumbled the ball and Topper Bilberry, tackled, recovered on the 28 yard line. Later, Kirkpatrick hit again for 24 yards and a try for extra point was no good.

Post, the Antelope 130 pound halfback, turned in by far his best game of the season against Slaton. He netted 108 yards rushing and caught one pass which was good for 37 yards.

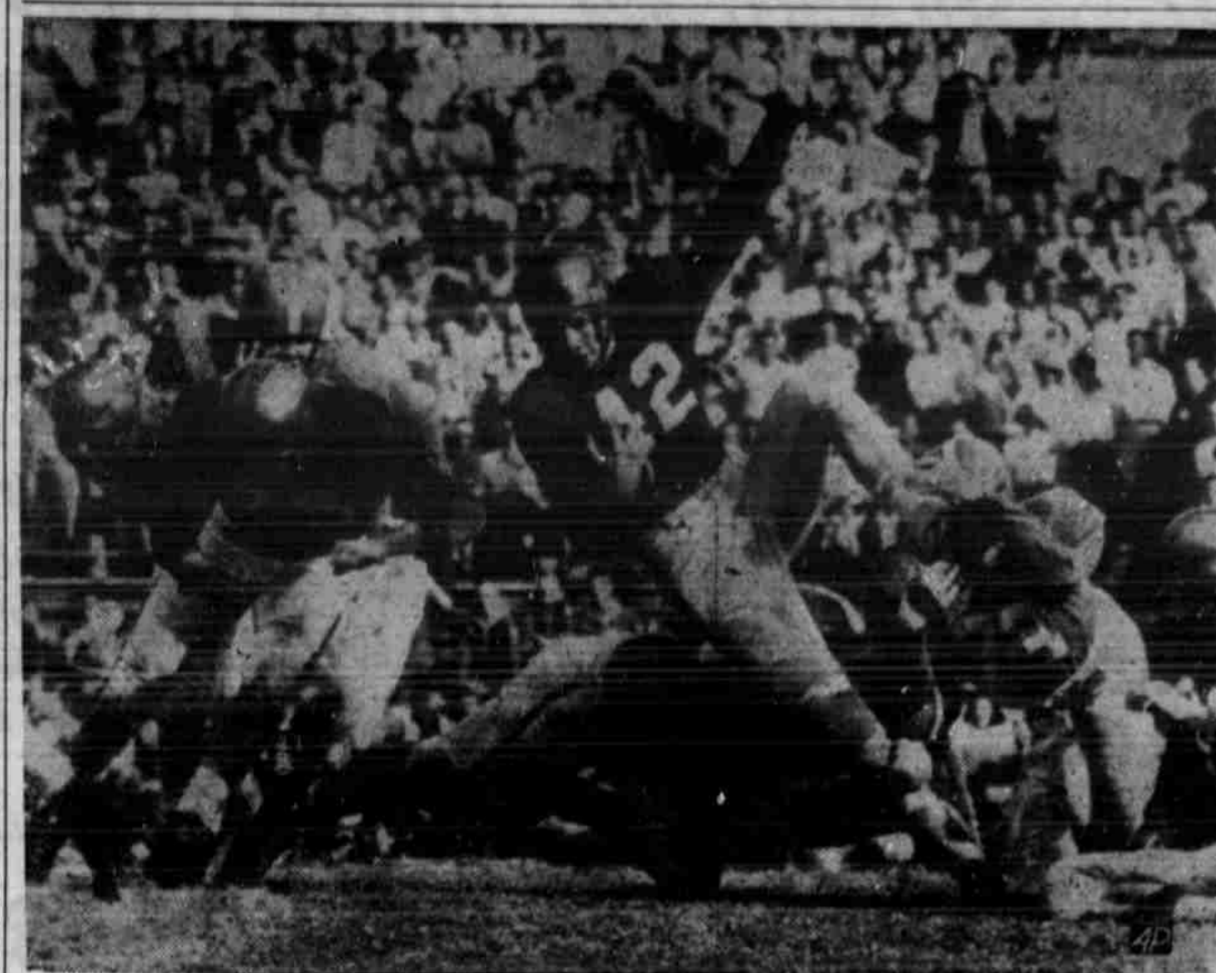

Fred Long, the bruising fullback of the Antelope team, helped the cause with some timely yardage-eating runs.

Defensively, in the second half that is, the entire line looked good. Billy Taylor, Buddy Davis, Darrell Bruton, Topper Bilberry, Cletus Graves, L. W. Evans, Ross Self, Bernie Welch, Don Tatum all played fine defensive games.

Darrell Stone got in some key blocks to help the Antelope runners make several long gains.

## Antelope "B" Team Plasters Cooper Eleven 21-6 Here Tuesday Afternoon

Post high school's "B" team Antelopes spotted the Cooper White Pirates an enormous advantage in weight and then proceeded to romp them 21-6 here Tuesday afternoon.

And when you say Cooper had a weight advantage that's what you mean. The starting Cooper lineup average 162 pounds per man for the entire team. Coach Bingham started eleven men that barely averaged 136 pounds per man.

J. R. Potts, who turned in an outstanding game against Slaton last Friday, spearheaded the win by scoring two touchdowns and one extra point.

Quarterback Darrell Stone, playing with a charley horse, scored the other tally. The team was also accredited with a safety.

Potts scored on runs of 30 yards and three yards and Stone bucked over on a quarterback sneak from 3 yards out.

Dan Green scored Cooper's lone marker on a 20 yard pass.

The coaches said that one of the sparkling defensive players of the game was J. C. Shedd, who weighs about 115 pounds. Also turning in good games were Terry Fockle, fullback, Tommy Malouf and Darrell Norman.

Coach Bingham had 26 players suited out and all saw action against the White Pirates. These included: Don Moore, Darrell

Bob Wiesler, New York Yankee hurler and is a member of the rookie hurler halls from St. Missouri National Guard.

## Statistics Show Antelopes Fared Well While Losing Five 1951 Games

The 1951 football season for the Post Antelopes is in the record books and Coaches Bingham and Ray can now start building for 1952.

As far as 1951 is concerned, the Antelopes did not enjoy the best season in the world but neither did they have the worst with their won 4 and lost 5 record. Looking over the statistics of the season (and it might as well be pointed out that complete records on the Crosbyton and Ralls games could not be kept) one finds that the Antelopes managed to outscore their nine opponents 24 points. Post crossed the double stripes for 159 points while nine opposing teams were scoring 135 points.

Antelope backfield men carried the ball 198 times and gained 1,178 yards. They lost 198 yards, thereby netting 982 yards for the season. Post passed 133 times and completed 63 for 800 yards. So that would make the total offense 1,782 yards in 331 plays from scrimmage.

Of the seven opponents records were kept on: They carried the ball 339 times, gained 1,509 yards rushing, lost 149 yards, thereby netting 1,351 yards. These opponents attempted 44 passes, completed 18 for 235 yards. Thus they netted a total offense of 1,585 yards on 383 plays from scrimmage.

These teams intercepted 10 of the Antelope passes while Post gridders were snagging seven thrown by opponents.

Jack Kirkpatrick was the leading ground gainer and passer for the Antelopes. He carried the ball 75 times and gained 636 yards rushing, lost 149, thereby netting 487 yards. He attempted 133 passes, completed 63 for 800 yards, kicked off 16 times for 709 yards, returned four kick offs for 147 yards, punted 20 times for 674 yards (an average of 33.7 yards per kick), returned five punts for 236 yards. Kirkpatrick scored 11 touchdowns, 7 extra points and passed for six more touchdowns, thereby accounting for 109 points of the Antelopes' total.

Individual statistics on the other members of the team are given elsewhere on this page.

## Three-Way Tie For Second In District

When it comes to the final statistics in any district race, the 6-AA district should take the cake for being the most confusing.

The only two places that are clear are Tahoka's first place championship position and Slaton's cellar spot. But the other three teams are tied for second place with identical records.

Post, Ralls and Spur each won two and dropped two in conference play, to wind up the season all crowded in second place.

The record would have been different had Ralls beaten Spur last Friday. But the Bulldogs pulled what everybody called a major upset in the conference by downing the favorite Jackrabbits 31-0.

Tiff victory, following the 40-7 slamming Post gave Slaton a few hours earlier, threw the district into the mess. Tahoka won a clear-cut title to the championship flag by winning all four conference games. Slaton also won a clear-cut title to the cellar spot by losing all four games.

In last week's play, the Tahoka Bulldogs took on an outside foe and were defeated in a high scoring spree 41-34 by Lockney.

## Mary Nell Bowen Is Elected To Council

Mary Nell Bowen of Post was elected recently to the freshman council of the Baptist Student Union at Hardin-Simmons University. She is the daughter of Mr. and Mrs. Charles R. Bowen.

December 3-8 has been designated as "Freshman week," and during that time, Miss Bowen, who is chairman of the campus girls enlistment, will assume the duties of the senior BSU chairman.

All offices of the BSU will be filled with freshmen that week, and the committees will also be made up of freshmen. This is the second year the Hardin-Simmons BSU has sponsored a freshman council. Fifteen-first-year students compose the council.

The Cincinnati Reds, as a team, struck out fewer times than any of their National League rivals in 1950.

Model L-110, 115-inch wheelbase, 614-foot pickup body, 4,200 lbs. GVW. Pickups in the L-110, L-120 and L-130 Series include 115, 127 and 134-inch wheelbases, 6 1/2, 8 and 9-ft. bodies, GVW's to 8,600 lbs.

## This pickup pinches pennies!

There are two simple reasons why you save money when you buy an International pickup truck.

First, you get lower operating and maintenance costs. You get a pickup truck that is engineered throughout to do more work for less money.

Second, you get longer truck life. Even the smallest International pickup truck has the traditional stamina that has kept Internationals first in heavy-duty truck sales for 19 straight years.

You get these all-truck savings right
