

Friday night, September 14, we hope to see boys and girls at the church to hear Chenoweth review "In the book that has much comment among educational and religious leaders. The women of are responsible for this outstanding book Post and it's an opportunity you won't like to miss. has been sent to club leaders and other members in Post and they can help pass the word about the silver tea.

Invited to some jingling silver tea. The gifts of silver are to be used by the girls of the women's club for the new Sunday school just completed. They will get your money's worth!

That cute teen-age girl, Mr. and Mrs. Jim, the lucky winner of the dress you see displayed in Maxine's shop this week. Second place in a contest conducted by the firm. The gold two-dollar is pictured on this "Seventeen" magazine. A fine array of Shiraz Maxine's.

Velvet will work. This wonderful fabric, regal, or what- ever. Frances Wash- ington right-hand gal, Joy Stevens' Style Shop are in velvet hats, bags and shoes. You'll love a touch of fall.

Stevens who operates a business in the Stevens' building over the exquisite glass she bought at the Market. Ask about it.

One of the old- fashioned earth. According to ancient Phoenicians, it was used to make it, and to Egyptologists, it was made of glass at least 5000 years ago.

Four Shows Weekly Scheduled At Garza. Manager Johnny Hopkins has announced a new schedule will begin tomorrow at the Garza theater due to the damage caused by wind at the Rig Drive-In.

Each Friday and Saturday the usual double feature programs will be run at the Garza with boxoffice times remaining the same. And until further notice a feature will also be run at the Garza on Sunday and Monday, beginning this Sunday with "Four Faces West."

Boxoffice opens Sunday at 2 p. m. and runs continuously through the last show. On Monday the ticket office will not open until 6 p. m., however.

Brother! You can get more words than you can cram down your throat! No more cramping! No more laborious wading down words!

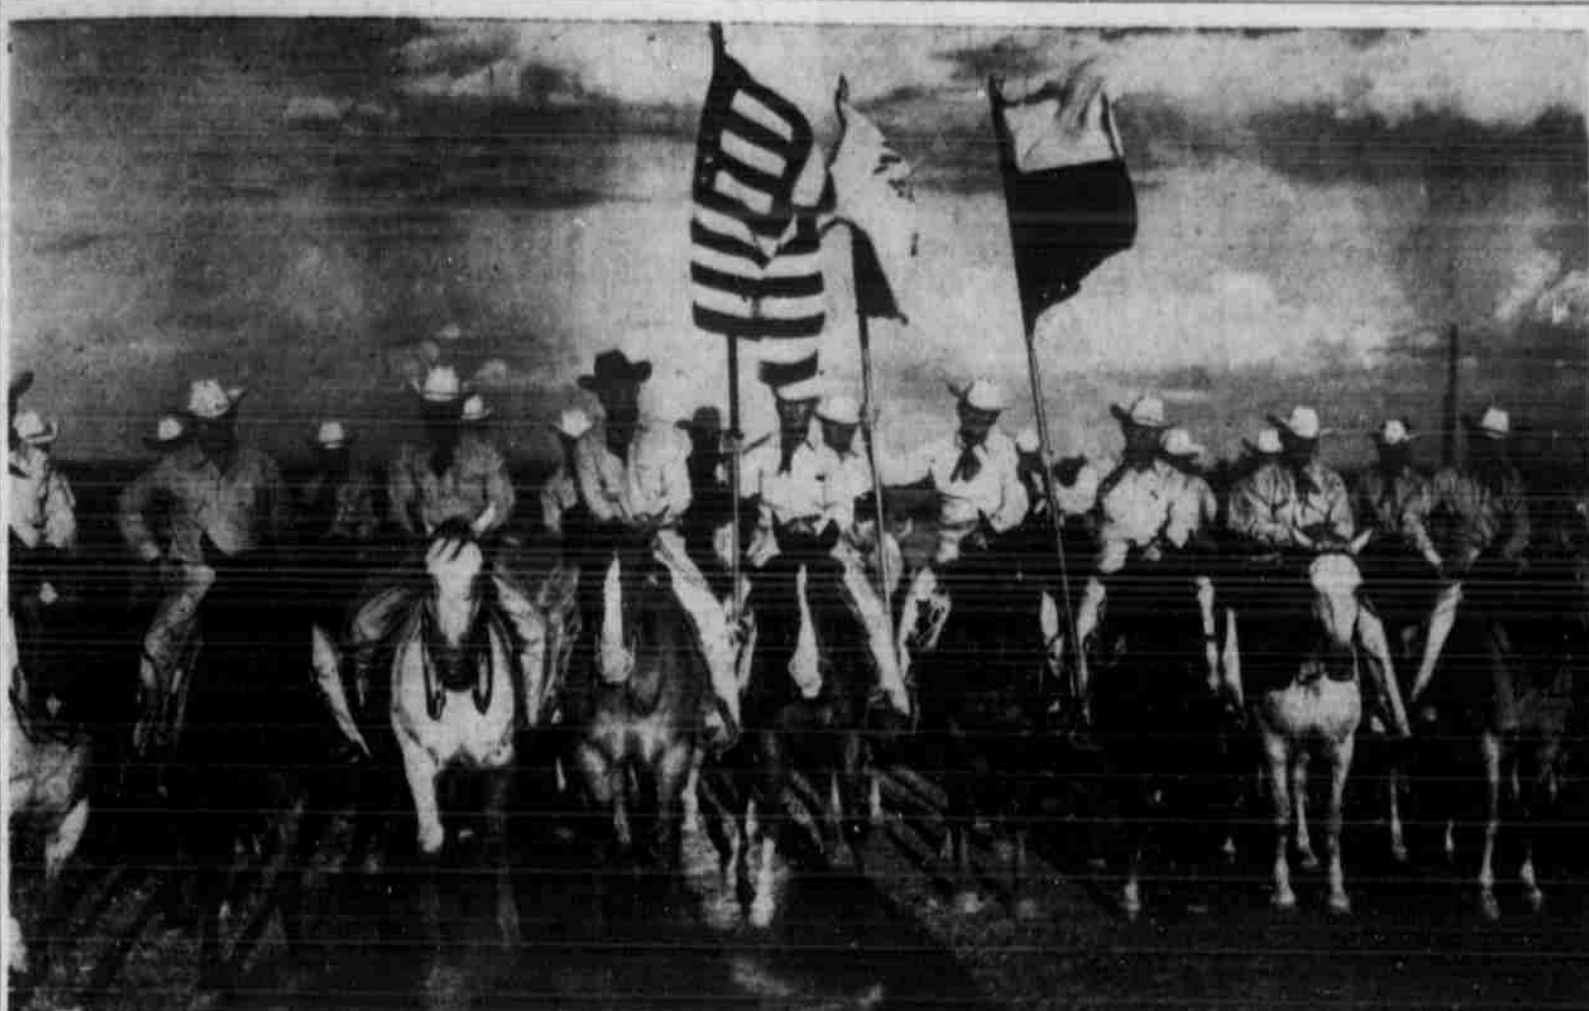

Fellow of the Western Union, J. A. Stallings, Geo. Payne Pennington, Harold D. King, Joe Atterdelly boy Robert say we can now send 15 words in 10 in straight and 50 instead of 25 in popular night letters. The revised rate schedule.

Girls who started away this week at the office are Tinker Beaudry, Jean Nix, Gloria employees Gloria and Joyce Mid-

do not seem to be either. There are more tucks, pleats, wrap- erts and jackets dress- er, plus an abundance Shop Post stores and pper values in clothes.

## Colorful Post Stampede Cowboys Spread Goodwill For City Throughout Area

Organized in January, 1950, the group had 23 charter members. Now they have 31 riding members. Purpose of this group, one of the most practical looking groups in this area and composed of men who are now or have been working cowboys, is to advertise, in a civic way, Post and Garza county, its activities and to create and maintain good will for this community.

Such good will carried into other cities and towns helps also to advertise the rodeos here and helps bring other riding groups in to participate in Post parades. During the 1951 riding season the group rode in 12 parades and copped three first place trophies and three seconds. Last year they rode in about the same number of parades and won four firsts. A good record considering the fact that some places do not award trophies and others only give firsts, and with a few giving as many as three trophies.

The cowboys, in their traveling over West Texas, have competed against approximately 91 riding groups in the past two years. And Phil Boucher, president of the organization, says they might ride in one or two more events this year.

So far this year they have ridden in parades in Vernon, Crosbyton, Lubbock (Tech Rodeo), Tahoka, Slaton, Lubbock (ABC Rodeo), Snyder, Brownfield, O'Donnell, Lamesa, Graham and at both rodeos in Post.

The group has been aided generously by the Stampede Rodeo association and the Post Chamber of Commerce. Both groups have donated \$200 this year for group transportation expenses. But the traveling expenses are See STAMPEDE COWBOYS Page 8

## City Votes To Push Plan To Widen Two Highways In City

### Class Officers Elected In High School Election

Post High School class members met recently and elected officers to head their various classes and selected class colors, room mothers and sponsors for the coming school term, according to a release from Principal C. D. Lee's office.

Members of the senior class elected Billie George Taylor as president; Jack Kirkpatrick, vice president; Haskell Odom, treasurer; Mary Ann Rose, pep leader; Cletus Graves, reporter.

The class also selected Mrs. Lee Davis and Mrs. George Carpenter as room mothers. They chose blue and gold as class colors, the rose as class flower and pledged the motto "They conquer who believe they can." Mrs. G. E. Fleming and C. D. Lee were chosen sponsors.

L. W. Evans was elected by junior class members as president; Ross Morrow was chosen vice president; Maxine Bayliss, secretary; Mary Jo Williams, treasurer. The class selected Mrs. Walter Boren and Mrs. Charley Bird as room mothers. And Mrs. Lillie McRee and H. F. Addy were chosen sponsors.

Sophomore members chose a very appropriate motto in "If you miss the elevator to success, take the stairs." In their election they chose Bobby Cowdrey, president; Rex King, vice president; Joyce Short, secretary; Curtis Williams, treasurer; Darrell Nolan, reporter; cheer leader, Juanella McClellan, N. R. King was chosen as class sponsor and Mrs. Pres.

Survivors are his wife; three daughters, Mrs. Bob Norman of Grassland, Mrs. Ruel Smith of the Garmonia community and Mrs. Max Saunders of Texas City; two sons, Earl of Eopessville and Ray of Slaton; eight grandchildren and one great grandchild.

### E. P. Nash And Joe Taylor Gin First County Cotton

Winners in the county race to gin the first bale of cotton in the Breaks and on the Plains are E. P. Nash, Crossroads community in the Breaks, and Joe B. Taylor, Graham community on the Plains.

Nash ginned his bale at the Planters Gin, managed by C. M. Murphy, here in Post, about 5:30 p. m. last Thursday and Taylor barely made the Dispatch deadline this week by ginning his at the Graham Gin, managed by Bill McMahon, about 2 p. m. Wednesday.

In winning the race the two farmers are in position to split some valuable cash and merchandise premiums donated by the Chamber of Commerce and the merchants of Post. Both bales will be displayed at the Chamber of Commerce office and the date for the auctioning off of the cotton will be decided on next Monday afternoon at the regular meeting of the C of C directors. Officials say they are hoping to get the service of Guy Gearhart at the auction.

In voting to auction off the first bales, the C of C officials also voted to donate \$25 cash to each man. In addition to this the merchants of the town are chipping in with a good spirit and running the total of premiums and cash way up. Premiums will be divided equally between the two men.

Donations from the merchants of the town so far have totaled more than \$137 in merchandise and \$80.50 in cash. This was the total standing at five o'clock Tuesday afternoon and Mrs. Lawrence, C of C secretary, said that donations were still coming in. Those that came in after that time will be listed in next week's Dispatch.

Contributors in the drive include: Chamber of Commerce, \$50, cash; Hudman Service station, \$6 merchandise; K and K grocery, \$5 groceries; Earl Hodges, \$10 cash; Algerita Hotel, two day room service; Bus Station, \$5.50 meal ticket; R. C. Manis, \$2 cash; E. E. Cox Lumber company,

one gallon house paint; Ferguson Grocery, \$2 groceries; Lanotte Furniture, \$4 merchandise; Maggie's Beauty shop, two shampoos and sets; Hudman Furniture company, \$25 credit on bedroom suite; First National Bank, \$5 cash.

### Post Girl Named Contest Winner

Miss Rhea Hays, daughter of Mr. and Mrs. Jim Hays of Post, has recently been announced second place winner in a nationwide contest sponsored by the Shirley Lee company.

She won the prize offered in the second place over thousands of other contestants with her entry titled "Why I Prefer Shirley Lee Dresses." Announcement of the decision was made by Maxine Durrett, manager of Maxine's and local agency for Shirley Lee products.

Miss Hays was awarded her pick of the Shirley Lee dresses on display at Maxine's and the presentation was made last Saturday.

Miss Hays was awarded her pick of the Shirley Lee dresses on display at Maxine's and the presentation was made last Saturday.

## Oil Activity Increases; Four New Wells Staked

Staking of four new locations, the placing of four county wells on production and the excellent test recorded on another well combined to give a bright look to Garza county oil news this week.

Humble Oil and Refining company staked three locations in the Dorward field this week on which drilling will begin at once. They are the Humble 10, 11 and 12 M. A. Fuller, located five miles southeast of Justiceburg. All are projected to 2,500 feet to test the San Andres pay of the area. The Alamo Corporation staked No. 2-A Kirkendall three miles northwest of Post, projected 3,300 feet.

Three wells in Garza county were among the 21 South Plains oil wells which were put on production this week. The 21 area wells filed a combined potential of over 6,000 barrels daily.

County wells included in these were Murchison Brothers and Brown Brothers, 1 Unit 22 City of Post which pumped 72.76 barrels of 36.5 gravity oil plus eight percent water daily; Humble 1 Estine Blakey, which pumped 98 barrels of 39 gravity oil plus 28 percent water daily; and Neville G. Penrose, 2-B Henderson, which pumped 36 barrels of 37 gravity oil plus 12 percent water daily.

Humble's No. 1 Jeff Justice, two miles south of Justiceburg, pumped 43 barrels of fluid, including

nine percent mud, one percent water and the rest oil in 22 hours from the Wolfcamp discovery.

### Local Boosters Go To Floydada Meet

Four members of the Post Booster club attended an organizational meeting of a Floydada Booster club Tuesday night and assisted in the forming of the club.

Attending the meeting were Monk Gibson, president of the local club in 1947 and '48; Hans Hudman, president of the club in 1950; David Willis, present president and Monta Moore, vice president.

They met with about 45 business and professional men and discussed the Post club as to its organization, projects and the various ways it can be of service to the school, community and team.

President Willis also reminded members, in making the announcement, that tonight is meeting night at 8 p. m. in the High School auditorium. In addition to the band and pep squad a film will be shown.

Willis also requested that all persons who have bought membership cards in the club contact him or Moore so that a roster may be filed.

### JP COURT LIGHT

The Justice of Peace court enjoyed one of its lightest weeks in some time this week with only two drunks being fined \$1 and costs each throughout the time. Justice of Peace J. D. King reported.

### Annual Rotary Feast Attended By 145 Persons

Approximately 145 persons turned out Tuesday afternoon for the annual "get together" feast sponsored by the Rotarians for the teachers in the Post school system.

Due to the high winds and sand the meeting place was changed from the football field to the gymnasium. Fine barbecue, baked beans, pickles and potato chips were served the group by the food committee of John Lott, Lester Nichols, Harold Voss, Giles McCrary, Dean Robinson and Lowell Short.

Some of the finest entertainment that could be found was

### 19 Million Gallons Of Water Used In City

Post residents used nearly a million gallons more water in August than they did in July according to figures released by the City Water and Sewage department.

In the 31 August days they consumed 19,599,304 gallons as compared to the 18,678,214 used in July.

### D. D. Odom Rites Are Held Monday

Funeral services for Dainel D. Odom were conducted at 3 o'clock Monday afternoon in Central Baptist church.

The Rev. F. M. Wiley, pastor of the Post Calvary Baptist church, the Rev. D. D. Shaw, pastor, and the Rev. William Dorough, pastor of the Grassland Church of the Nazarene were officiants.

Burial was in Grassland cemetery under the direction of Stanley Jones Funeral home in Tahoka.

Mr. Odom, a retired farmer, died in the Tahoka hospital at 6:30 o'clock Sunday morning. He was born July 12, 1875, in Jacksonville, Tex. On December 5, 1897, he and Mrs. Odom were married, in Fruitland. They came to Grassland from Oklahoma in 1915.

He had been a member of the Baptist church since early manhood and had been a deacon for 53 years.

Survivors are his wife; three daughters, Mrs. Bob Norman of Grassland, Mrs. Ruel Smith of the Garmonia community and Mrs. Max Saunders of Texas City; two sons, Earl of Eopessville and Ray of Slaton; eight grandchildren and one great grandchild.

### Local Dog Wins Show Ribbon At Amarillo

"Linda Lou," a German Shepherd dog owned by H. J. Dietrich, copped fourth place ribbon in a field of seven dogs at a show Tuesday in Amarillo. Dogs were entered from California, Colorado and Texas.

Dietrich says he intends to enter two dogs in the Plainview show today, the Lubbock show tomorrow and the Odessa show on Sunday.

### WIND CAUSES \$3,000 DAMAGE TO RIG DRIVE-IN

Pictured above is the screen of the Rig Drive-In theater, located about 2 miles north of Post on the Lubbock highway, after a freak wind toppled it to the ground about 4:30 p. m. last Saturday. Manager Johnny Hopkins estimates the damage between \$2,500 and \$4,000. Only one other damage report was received concerning the wind. It blew the top off Bill

### Post Owners Urged To Sign Up For Project

City Commissioners met Monday night and voted to proceed with the plan to widen the portions of the Lubbock - Snyder and Post - Tahoka highways which lie within the city limits from their present 20 feet to 52 feet.

The meeting was held because of the recent announcement by the Texas State Highway department that it has on hand \$47,100 which it will apply to the cost of the paving of the streets.

Arrangements were made Monday night with representatives of the Holland - Page company of Austin to widen the highways at the same contract rates which were agreed upon when the Post street paving project was planned.

The cost to the individual property owner will be \$1.43 per foot for the curb and gutter. Total footage to be widened under the proposed plan is 12,505 feet. This would run the total cost of the property owners to \$17,882.16. And the city's cost for the laying of the intersections will be \$2,957.49.

The agreement with the contractors states that at least 50 percent of this approximately \$21,000 must be raised in cash before the program can be started.

Property owners are urged to come in to the City Hall and sign up for the paving. Although someone will be around to sign them up for the project they are urged to come to the City Hall to cut down on time and effort. The Highway department has not said how long it will keep the money available for the project, and any delay may cause a withdrawal of these funds.

Property owners may pay for the project in either of two ways. It has been announced. They might pay cash, which will be put in escrow in the bank until the project is completed. Or they may sign a lien for the amount.

If owners prefer the latter method of paying they must sign an agreement that they will pay the total sum in three equal installments. The first installment will come due 10 days after the completion of the project, the second one year after and the third two years after. Interest in the amount of six percent will

FARM MEETING...

Despite the fact that only about 70 persons... Review meeting held Thursday night at the courthouse, Garza county still has one thing to boast about. This attendance beat the attendance reports turned in by several counties with a much larger population.

CONTROL ANTAGONISTS...

The recent statement in Newsweek by Henry Hazlitt that "price control is not a cure for inflation" could well be labeled a bunch of "hog-wash."

Getting Out On the LIMB...

By EDDIE the editor

When a newspaperman starts talking against advertising he either must be crazy or the advertising is no good.

So you can draw one conclusion. The advertising is no good for my advertisers and I am bent on explaining what kind of advertising it is and why it will be no good for them.

Every summer, and 1951 is no exception by a long shot, produces a crop of transient salesmen in Texas who sell advertising specialties to local merchants.

They work in various ways, very few of which can pass the grade as being on the up and up in giving the merchant worthwhile advertising for the money he puts out.

Some salesmen, and I might add here that it's getting to where they all do for the simple reason they get their little scheme nipped in the bud before they actually get started.

Then too you have salesmen who sell space to advertisers, collect, then skip town. In that case both the advertiser and the newspaper loses.

And before considering any advertising plan, program or service (in the newspaper that is) be certain to check with me.

Another racket is the salesman for a cartoon advertising service who offers mat illustrations to a merchant with the promise that the price of the mats include the cost of running the advertisements in the local newspaper.

Here again both the advertiser and the newspaper loses. For an advertiser who wants something to show for the money he has set aside for advertising.

Again let me urge all advertisers that if at all possible clear all advertising matters, including payment for advertising space, with me before signing any contracts.

It is the policy of the Post Dispatch to give the advertiser the fairest price possible and the greatest returns. Advertising that will not have the ghost of a chance of giving ample returns for the money is not sold.

Living In Mexico Following Retirement Is Fine Providing You Can Stand Complications

MEXICO CITY, P — Have you ever thought of coming to Mexico when you retire to live on your income?

The United States embassy says the number of Americans thinking about it has tripled in the last year. There are so many requests the embassy has prepared a special circular on Mexican immigration laws.

Settling in Mexico is not easy and life here is not cheap, but it is cheaper than in most of the United States. You have to adjust yourself to a lot of things.

Many Americans like Mexico City best—it has good stores and theaters and climate. But some doctors say its 7,500-foot altitude is bad for people with heart disease.

Living outside the capital is somewhat cheaper. Guadalajara has a good climate and is only 5,000 feet high. A lot of Americans live in Cuernavaca, one of the most beautiful towns in the country—altitude of 5,000 feet.

There are other pleasant small towns—Taxco, Oaxaca, Puebla among others.

Rents range from \$50 a month up to whatever you want to pay for a furnished apartment. The \$50 a month apartment may be dark, its halls smell of cooking, the walls may be scaling. You heat your own water in a little woodburning "rapido."

On the other hand: Your apartment would have a room for a servant. You could get one for as little as \$10 a month, a good one for \$20. In either case she would not know English but she'll help you learn Spanish.

In many towns you would have a dry, mild climate which lets you sit outdoors some 350 days of the year. The sun shines all day during the winter. The summer is the rainy season. Mexicans are usually friendly to foreigners.

Food for an elderly couple with one servant can be as little as \$50 a month but the

cost of living here is going up and a \$50 food budget gives no leeway for luxuries. Restaurant meals cost from \$1 to the pocketbook's limit.

Persons coming to Mexico to retire should not count on eking out pensions by part time work. Mexican laws are very strict about permitting foreigners to work, violation carries the penalty of fine and expulsion from the country under guard.

A fair possibility for working might be in the case of a retired teacher whose specialty is not taught in Mexico. Even so the teacher would have to have "marked proficiency" in this specialty.

The simplest way to come in is as a tourist. Any Mexican consulate gives a tourist card without delay for \$3. Tourists can do anything except work. However, the card is only good for six months and cannot be renewed. The holder must go to the border, leave the country and return on a new card.

The trip to the border from Mexico City, necessary twice a year, would cost at least \$50 per person. Living in Mexico on an expired tourist card can run into money—the fine is 10 pesos (about \$1.25) for every day over six months.

Immigration papers, good for an indefinite stay, are harder to get. It takes from two to six months and they are fairly expensive. The government fees are 890 pesos (about \$138) for the original papers. Lawyer's fees and annual renewal fees run about \$300 a year. After five years the immigrant pays another 200 pesos (\$23) for permanent papers.

The simplest form is an "income immigrant." He must prove he has a regular monthly income of at least \$115, plus \$65 more for each dependent member of his family. Otherwise the immigrant may deposit \$7,000 in a Mexican bank. This qualifies him as an immigrant and the money can be withdrawn at the rate of \$115 a month.

ROGER W. BABSON WRITES THIS WEEK Honest Socialists in Britain Worry Over The People And Bring On Bad Health

NEW YORK CITY, — Of the three top leaders of British Socialism in recent years, only one is in office today. Mr. Attlee still heads the labor government of Great Britain, but is plagued with a duodenal ulcer which has already hospitalized him. This ulcer could conceivably force him to follow his former right hand man, Sir Stafford Cripps, into retirement. Sir Stafford was in several ways the brightest luminary in the British labor movement; an eminent lawyer, and an intellectual of the first magnitude. A few months back he had to retire as Chancellor of the Exchequer for reasons of health. He suffers from colitis. Early this year the third man in the labor government, Ernest Bevin, suffered an illness that forced him to retire as Foreign Secretary. Shortly thereafter he died at the age of 70.

Socialism A Cruel Hoax To my way of thinking, Socialism as set up today constitutes a cruel hoax. Socialists discover that many evils can be traced back to individual private greed. This is true. But the Socialists conclude, all too quickly, that private greed or private enterprise, should be outlawed. They then nationalize the big private enterprises and turn them over to the government. They "sink the ship to rid it of rats." But the hoax is that the coming of Socialism to power brings frustration, stagnation, and finally the need for "aristocracy." Only individual initiative provides the spark and fuel of human endeavor.

When honest Socialists, like the big three of England's labor movement, gain control of the government, they discover that the noble doctrines to which they have dedicated their lives do not work out as expected. Socialism, unfortunately, distributes poverty, not riches.

Tragedy Of Honest Socialists An honest Socialist in power soon finds himself experiencing an intense inner struggle—the struggle between loyalty to Socialism and the realization that individual incentive must be liberated if the people are to enjoy maximum prosperity. There are two possible outcomes of such an inner struggle within the heart of the honest Socialist—either a nervous breakdown or a desertion of Socialism. Attlee and Cripps are honest Socialists and so was Bevin; but Bevin has died and Attlee and Cripps have ended up with poor health approaching a nervous breakdown. They will not, however, surrender their Socialism, although they see only collapse of a dictatorship ahead.

Mussolini was an aggressive Socialist in early life; but as he rose to power he became an undisguised autocrat. He did not permit the fallacies of Socialism to ruin his health! He switched to personal autocracy and then went back to antiquity to find an ethical sounding name for it, calling it "Fascism." Hitler paid lip service to Socialism by calling his autocracy "National Socialism."

From where I sit... by Joe Marsh

### Easy Makes His "Cat" Tread Lightly

Home on Three Ponds yesterday, I was flagged down by Roberts' boy Skeeter. "Dad," he advised, "Dad's on the road with our tractor, and the bend." The curve I saw why I stopped. Easy had laid old truck tires across and was driving his new tractor over them! "Trouble this way," Easy said, "but it does keep those from tearing up the ground I have to cross over the fields. After all, the roads belong to all of us—and I guess I'd get mad if someone else chewed them up."

From where I sit, Easy is my kind of citizen. He doesn't just give democracy lip service. He honestly believes it's his duty to consider the other fellow's interests. Whether it's the right to use the public highways or the right to enjoy an occasional glass of beer, Easy's out to protect his neighbor's "right of way."

### Three Garza Men Named Members Of Conservation And Water Users Group

E. C. Hatten of Lubbock, temporary director of High Plains Undergruond Water District for precinct 1, has appointed a committee of three to represent Garza county as advisors to the temporary board of directors.

The Garza committee is composed of Cliff Johnson, Southland; George Leggett, Route 2, Post; and Oscar Graham, Route 3, Post.

C. C. Cheshire of Littlefield, director for precinct 2, appointed James Adams of Meadow as advisor for Terry county. Only a very narrow strip of that county in the northeast corner is in the district.

The temporary board, numbering five, voted to have each member name such an advisory committee for each county of his precinct. The proposed district includes all of four counties and a part of seven others on the Plains.

Immediate duty of the committee, said Hatten, will be to help distribute information on all matters pertaining to creation of the district and the terms of the law under which it must be created. Community meetings and other methods of information will be used.

The property-owning voters of the area embraced in the district as defined by the State Board of Water Engineers will cast ballots Saturday, Sept. 29, to decide whether the district shall be made permanent for management of underground water, Hatten said. The voters will at that time also decide whether the board shall be given authority to levy a tax of not more than five cents per \$100 on property within the district. They will also elect a director from each of the five precincts.

After permanent establishment of the district it is intended that these county committees advise the board of directors in all matters pertaining to management of underground water.

The district includes only that portion of Garza county above the "Cap Rock."

### Post Horse Show And Rodeo Are Publicized

County subscribers to The Cattleman magazine, published in Fort Worth, should get a big kick out of the September issue.

For included in its pages is a story on the fourth annual Southwestern Championship Junior Rodeo and the third annual Quarterhorse show. The stories are separate and each take up at least a quarter of a page, which is some space in a magazine the size of The Cattleman.

Also scattered throughout the magazine are pictures of the winning horses at the Post Quarterhorse show. Some six pictures are shown in the book.

Alvin Davis, publicity director for the two shows, has also had a request from the national 4-H club magazine for a story and pictures to run in next month's issue. So anyone who receives the magazine should be on the lookout for the story next month.

Added to the publicity already given the shows by newspapers, Associated Press, newsreels, companies and television companies, these two leading magazine stories will place the shows at the top of the list on the most publicized shows in the nation.

### Farm Meeting Is Termed A Success

Approximately 70 persons turned out last Thursday night for the Family Farm Policy Review meeting which was conducted in the county courthouse.

Despite the apparently small number, the meeting was termed a success by members of the various governmental agencies operating in the county. Reports from several other county meeting show that Garza county turned out a good attendance in comparison. Lubbock county only had about eight persons attend the meeting. Then, too, the meeting here was competing with a circus, a Booster club meeting and two other major parties.

Persons who attended the meeting took a lively interest in the question and answer program.

Results of the meeting will be summarized by nine appointed persons in the various sections of the county and will then be sent in to the state headquarters.

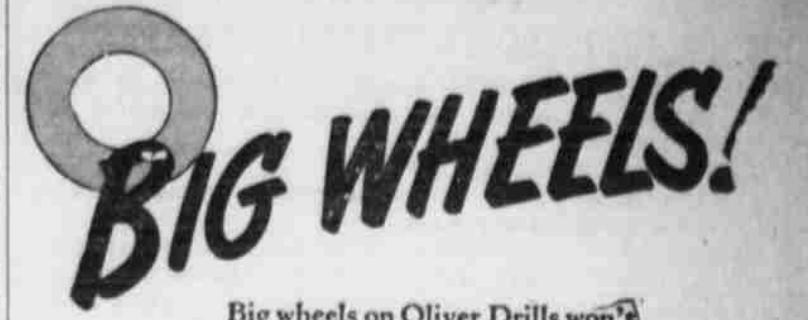

Will Wright served as master of ceremonies at the meeting. A film "Five Bandits of the Cotton Crop" was shown before the

### Harold Childs Buys Into Boot Shop Here

Harold Childs, Post, has purchased the one-half interest in the Western Boot Shop formerly owned by John Locke. It has been announced.

The shop, now located in the Garza theater building, is to be moved to its new location in the new buildings being constructed between the City Cafe and Smith's Auto Supply sometime next week.

When they get moved owners Childs and Lee Willard plan to add saddles and riding gear to the shop stock.

Big wheels on Oliver Drills won't drop into little holes. These big wheels enable you to plant in straighter lines because they avoid slip, slide and bounce.

The double-run force feed measures the seed far more accurately.

See these outstanding drills in a size for your needs today.

### Texas Industry Films Ready For Schools

School children in Garza county as well as throughout Texas will be benefited by the recent announcement of the Texas Manufacturers association of the establishment of an industrial film library for high schools, colleges and other non-profit institutions.

The library, which includes more than 100 sound motion pictures in the 16-mm size, will be circulated without charge except for transportation costs, Ed C. Burris, the association's executive vice president said. Requests for loans of the films should be addressed to the association at Post Office Box 1512, Houston.

The films in the TMA library generally describe the growth and operations of various types of industries, with particular emphasis on those in Texas, Mr. Burris said.

The library includes films on the aluminum, aviation, baking, canning, carbon black, coal mining, construction equipment, electric power, farm machinery, insurance, lumber, magnesium, newspaper, paper, petroleum, pharmaceutical, pipeline, rail transportation, recording, rubber, shipping, shoe manufacturing, steel and trucking industries. In addition, the library has several "free enterprise" films.

### Gonzales Foundation Drive To Start Soon

State wide drive to raise funds for Gonzales Warm Springs Foundation for Crippled Children, Texas' own treatment center for physically handicapped youngsters, will get under way Sept. 16 and run through Sept. 30.

Governor Allan Shivers is serving as general chairman of the Gonzales Foundation committee, spearheading the appeal for funds to expand the facilities of the non-profit, non-sectarian hospital.

## State Committee Urges Everyone To Join Campaign To Prevent Costly Grass Fires

The continued hot, dry weather has created a situation that is "tailor made" for grass and range fires. Grass and other plants along the highways, in parks and pastures and ranges are all tinder dry and there are a lot of ways fires can get started. However, just plain carelessness or failure on the part of people to observe the rules of safety as they relate to fire account for a majority of the destructive grass fires.

The State Farm and Ranch Safety Committee of Texas, headed by J. Walter Hammond of the Texas Farm Bureau Federation and E. C. Martin of the Agricultural Extension Service are strong in their plea for every citizen of the state to join with them in conducting a campaign to hold down grass fires. They point out that the livestock industry of the state is basically dependent upon the grasslands of the state for its existence. A livestock producer without grass for his cattle is fighting a hard battle with a short stick. A blackened range caused from a fire that was started by a carelessly thrown cigarette, cigar or match can put a producer or producer out of business. Most would not be able to purchase feed to maintain their head over any considerable period of time.

The nation needs every pound of meat that can be produced, say the committee leaders, and grass is our cheapest source of livestock feed. It must be protected. They urge the organization of community and county groups for combating grass fires. The local neighborhood groups should be coordinated on a community and county basis so that if necessary, an effective fighting force could be gotten together in the shortest possible time in case of a major outbreak.

Ranges should be protected by fireguards. Hazards that might possibly cause fires should be eliminated. Glass bottles have started many fires. They act as a magnifying glass and when the sun's rays reach the proper angle, almost any bottle may concentrate the heat from the sun sufficiently to ignite dry grass.

Fires, for any reason, should not be started, says Hammond unless they can be controlled. Trash should be burned in a closed incinerator so as to eliminate the possibility of starting a grass fire.

Motorists are urged to snuff out the fire on cigarettes or cigars before tossing them onto the highway. Many fires are set by motorists who never know what they have done for they are usually miles down the road before the fire is discovered. Those who drive in the country are urged to be on the lookout for fires and should report them when found. A small fire can usually be put out before it has a chance to spread, while on the other hand, if permitted to go unchecked, it may be out of control before it is discovered.

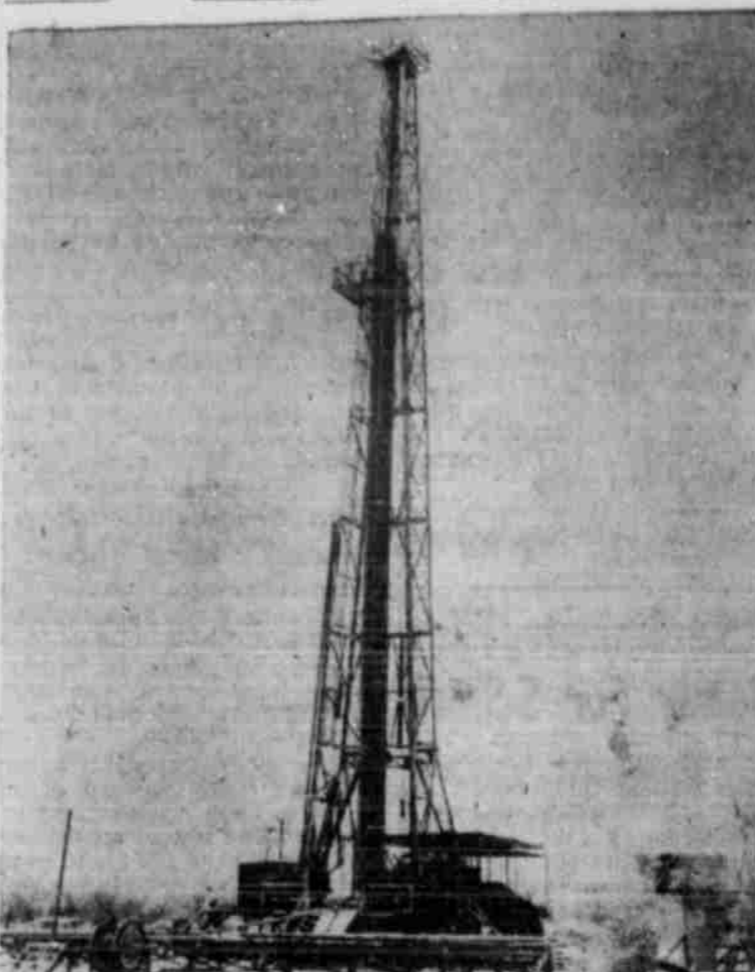

The leaders think the situation is critical enough in many sections of the state to warrant the beginning of a widespread campaign and warn that the next big fire may be right in your community unless steps are taken to prevent or put out a fire should one get started.

Wind can blow the path of a continuing electrical discharge as much as 80 feet under certain conditions.

## Cattle Breeders From Three Countries Meet And Discuss New Breed Of Cattle

**KINGSVILLE, P.**—Cattle breeders from three countries met here to work out the future of a relatively new breed — the Santa Gertrudis.

Their hope is to set standards for the big, hump-backed animal developed especially to resist the heat and fatten on the grasses peculiar to the U. S. Southwest, Southeast, and Middle Americas. The Santa Gertrudis, the only successful new breed of beef cattle in 300 years, was developed by Texas' famed King Ranch. It is a cross between Brahma bulls and Shorthorn cows. It has the long, down-turned ears of a Brahma. Some are cream or tan-colored, others are a rich brown.

To be sure that the new breed develops properly, the cattlemen organized the Santa Gertrudis Breeders International at a meeting in this town which was named after the King ranch which surrounds it.

The first president is Walter Caldwell of Luling; C. C. Peters of Lake Wales, Fla., is vice-president and R. W. Briggs of San Antonio is treasurer.

All the officers were elected by a mail vote preceding the meeting here. Twelve directors were elected, four each for one, two and three year terms. Directors whose terms expire at the next annual meeting are Sumner Pingree, Ermata, Oriente, Cuba; T. C. Montgomery, Arcadia, Fla.; J. T. Maltzburger, Cotulla, Tex.; and Dr. J. K. Northway, Kingsville.

The two-year directors are J. Arthur Pancoast, Uleta, Fla.; Richard M. Kleberg, jr., Kingsville; Vachel W. Lackey, San Antonio, Tex. and John Martin, Alice, Tex. Three-year directors are Leroy G. Denman, jr., San Antonio; Tobin Armstrong, Armstrong, Tex.; C. Hunter Strain, San Angelo, and John Armstrong, Selma, Ala.

This advisory board was named: Kleberg, Richard King of Corpus Christi, Dr. A. O. Rhoad of Turrialba, Costa Rica; E. J. Berker of Moran, Cuba; and Raymond Hollingsworth of Raymondville.

Kleberg is present head of King Ranch. Dr. Rhoad is chief of the animal husbandry department animal industry, department, Inter-American Institute of Agricultural sciences, at Turrialba.

Much of the work so far has been done by Dr. Rhoad. In a report to Santa Gertrudis breeders, he told of visits to herds of the cattle with the aim of establishing minimum qualifications of breeding stock for registration.

Whatever system of registry is set up, said Dr. Rhoad, must be genetically sound, fit into ranching practices and must be administratively workable.

There are more Santa Gertrudis cattle than most cattlemen had realized, the Costa Rican emphasized. This is fortunate in a way,

he said, because it will mean standards for breeding stock can be set higher than a few of the animals.

## PRIZE-WINNING PICTURES

You Are Invited To Our Studio To See Six PRIZE-WINNING PICTURES

Marinell Portraits Score High in Competition with More Than 4,000 Photographs from Leading Photographers of the United States and Canada.

Six pictures . . . eight awards; That is the record of Marinell Portraits at the 1951 National Convention of the Photographers' Association of America, Milwaukee, Wisconsin. It is a record to which we point with pride because the awards were won in competition with photographers from nearly every state in the United States . . . plus Canada.

We thought you would like to see these prize-winning photographs, so . . . we are leaving the latch string out to our studio for you to come at your convenience.

TO OUR CUSTOMERS: "Thanks a million!" We have had to be away at conventions a lot during the past few months. Yes, we've been serving our profession unselfishly . . . sharing what we know and do with photographers from all over the world. You have been patient. We're home now for the rest of the year to serve you full time to the best of our abilities. Here's a tip! It isn't too early to start thinking about those portraits you'll want for Christmas.

**Three of a Kind** - A pictorial photograph made by B. Fredric de Vries while in Washington, D. C. The capitol and three of the country's guardians. Awarded a Certificate of Merit by a panel of five judges.

**Bobby** - A portrait of Robert Sokoll that won First Prize in the Marinell Child Portrait Contest. Photographed and colored by Marinell. One of the very few colored portraits that was awarded a Certificate of Merit.

**Bubble Beauty** - A portrait of Nora Jane Mock that won "Double Honors." Made by Marinell. Awarded a certificate of Merit and also selected for placement in the Traveling Loan Collection of the Association.

**Portrait Painter** - A portrait of Marinell painting a portrait on canvass of Miss Betty Grace Thomas. Awarded a Certificate of Merit. Photographed by B. Fredric de Vries. Miss Thomas is a student at Texas Tech.

**The New Doll** - One of the most outstanding and best liked of group photographs. The four daughters of Dr. and Mrs. Jay McSween. This portrait has won highest possible honors at every convention at which it has been shown. Awarded a Certificate of Merit and selected by a special panel of national judges to be placed in the Traveling Loan Collection of the Photographers' Association of America . . . the highest honor that can be awarded a photograph.

**Symmetry in Stream and Smoke** - "It's beautiful," said one photographer. "Even though it is a picture of something being destroyed. An outstanding example of dynamic symmetry . . . a kind of subject arrangement that requires planning and patience to achieve." A Slaton gin fire photographed by B. Fredric de Vries. Awarded a Certificate of Merit. Ten of the country's outstanding photographers served as judges of the more than 4,000 photographs submitted for exhibition.

**MARINELL PORTRAITS**

On The Square At Slaton Telephone 631

**Fig. James Babb and Yancy Brazler** of Fort Huachuca, Ariz., spent last weekend with Babb's parents and brother, Mr. and Mrs. Fred Babb and Ronald Joe.

**Mr. and Mrs. W. E. Pierce** and daughter, Paula, of Abilene were recent guests of Pierce's mother, Mrs. W. F. Pierce.

**Fervin Drake** of Amarillo visited his parents, Mr. and Mrs. C. D. Drake, recently.

**Sandra Martin**, daughter of Rev. and Mrs. Almon Martin, underwent a tonsillectomy in the Lubbock Memorial hospital recently.

## Post Day Might Be Set At The 1951 State Fair

State Fair officials have announced in a letter to the local Chamber of Commerce that Tuesday, October 9, has been set as South Plains Day at the fair and the officials have also suggested that the day be designated as "Post Day."

Facilities on the stage in the Agriculture building, or on the steps in front of the Hall of State have been offered for the presentation of any special program that the city of Post might wish to provide on "Post Day."

Chamber of Commerce officials are working on the plan to get a consensus of the people and find out if a "Post Day" at the State fair is desired by the citizens of the county.

The South Plains area will have an impressive display of its own as part of the "Storybook of Texas Agriculture" at the fair. Irrigated cotton will be featured in the large diorama devoted to the South Plains, Extension District 2 of the Texas A. and M. system.

Growing cotton will line the front of the display while in the center a miniature field of cotton under irrigation will be shown. A model modern farm house and cotton gin building will also be shown along with the amount of cotton in a bale and the products that can be made with this much cotton.

District 2 includes Garza, Farmer, Bailey, Cochran, Yoakum, Gaines, Castro, Lamb, Hockley, Terry, Swisher, Hale, Lubbock, Lynn, Dawson, Floyd, Crosby and Borden counties.

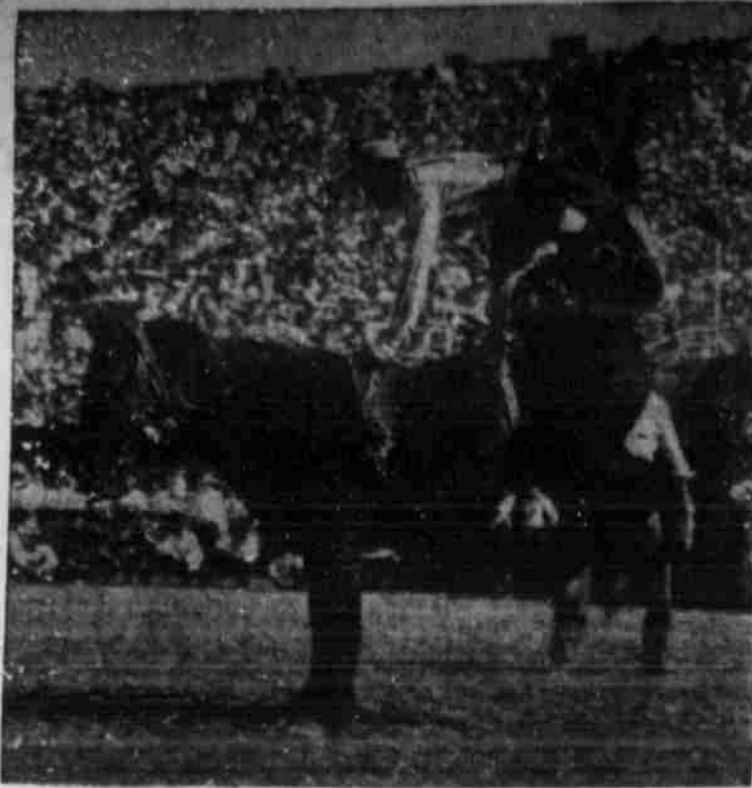

### Government Students Get Added Material

High school students in the 19th Congressional district served by Representative George Mahon this year have an opportunity to gain some first-hand information on current affairs for their government and civics studies.

Teachers in the district have been mailed portions of Mahon's recent speech in presenting to the House the 56 billion dollar appropriation bill for the Army, Navy and Air Force.

They also received an explanation of the procedure followed by Members of Congress in mailing out portions of the Congressional Record. A member can mail excerpts from the Record without postage, but he has to pay printing costs.

Such material should prove invaluable to students in government and civics classes as added supplemental material for their textbooks.

**HOW'D HE DO IT?**—Freak riding such as this is not an uncommon sight when wild prison cowboys try to ride even wilder prison stock in Frisco Stadium during the 20th annual Texas Prison Rodeo to be held this year on October 7th, 14th, 21st and 28th.

## Prison Rodeo to Feature Leading Entertainers During October Shows

Rodeo fans who like 'em tough are going to get their liking when the 20th Annual Texas Prison Rodeo begins to unfurl on October 7, and run each Sunday during the month.

Aside from one of the roughest rodeos in the nation, the Prison Rodeo has scheduled one of the most outstanding arrays of talent for the entertainment of the public found anywhere outside of a moving picture premiere.

Governor Allan Shivers will open the show on October 7 for the third time in his career. The day has been proclaimed Governor's Day.

For the past several years top entertainers from the outside have been attracted to Huntsville to appear as featured guests performing in the prison arena and this year is no exception.

Eddy Arnold, America's leading ballad singer, heads the parade this year. He will be followed by such stars as Guy Willis and the Oklahoma Wranglers, Texas Ruby and Curly Fox and many other specialty acts.

But the stars of the shows are the convicts who battle the roughest stock used in rodeos any-

where. It's the only show that can boast — **THE TOUGHEST RIDERS ON THE TOUGHEST STOCK.**

Ticket sales and reservations went on sale September 1. They may be had by addressing orders to L. J. Craig, Prison Ticket Office, Huntsville, Texas. Prices for reserved seat tickets are the same as last year, \$2.40, tax included and may be obtained by ordering by mail or by telegram, if remittance is enclosed. Patrons are asked to please specify the number of tickets they desire and the date they plan to attend the show. Tickets will not be held in reservation unless the request for seats is accompanied by check or money order. No Cash.

## What are the Dollar Signs Saying?

**M**AYBE you've noticed that dollars don't seem to talk as loud as they used to in a lot of places.

But you ought to hear what they say about this Buick.

They say—here's the big thrill—big mileage—big power of a valve-in-head Fireball Engine—eight-cylinder performance at the price you'll pay for most sixes.

They say—here are size and room and comfort that are hard to match at anywhere near the price tag this Buick SPECIAL is wearing.

They say—here are such things as an oil filter, air cleaner, vacuum booster, built-in summer ventilation—not as "extras" but yours at no extra charge.

They say that "smart buy's Buick"—by a wide measure.

But a smart buyer will also let this dashing

darling speak for itself.

He'll take the wheel and feel how it snugs to the road on turns—holds its course on the highway with big-car assurance.

He'll touch off the power of its Fireball Engine and get firsthand the lift of its nimble response.

And he'll find out how coil springs on every wheel level out what he thought were bumpy roads.

Want to know more? How about coming in first thing tomorrow?

Equipment, accessories, price and model are subject to change without notice. Standard on Buick 40000, optional on other Buick.

### Lubbock Passion Play Scheduled

Presentation of the Black Hills Passion Play in the Lubbock High school auditorium from Sept. 21 through 26th has been announced by the Lubbock Lions club.

Now presented in English, the Black Hills Passion Play still has all the old world tradition and artistry and maintains all of its dramatic power and beauty. Twenty-two mammoth scenes are created, blending one with another, keeping the age old story of the Cross intact.

Star of the production is Joseph Meier, who is proclaimed by the critics as the most outstanding portrayal of the Christ of modern times. He is supported by a cast of 100, as well as the original stage effects said to be the most beautiful in the world.

Garza county residents interested in seeing the Black Hills Passion Play write for reservations to the Passion Play Headquarters, Adult Music company, Lubbock.

### Post Negro Is Fined For Liquor Violation

Hosie Wynne, Post Negro arrested in a roadblock in Lubbock Aug. 24 in a car containing a large quantity of alcoholic beverages, pleaded guilty of liquor law violations in Lubbock county court-at-law Friday and was fined \$1,000 and costs.

Wynne revised an earlier plea of innocence as the jury for the trial was being selected. He was taken into custody following a high-speed chase from Slaton by a former Slaton patrolman, J. E. Todd, now a Highway patrol radio operator here. Ten cases of beer, 36 four-fifths quarts of wine, 80 half-pints and 6 pints of whiskey were found in his car, officers said.

### Garnolia Notes

Please Send News Not Later Than Monday to MISS PEARL CRAIG Garnolia Correspondent

Carpenter and Mrs. H. Daniels, third, fourth and fifth grades; Mrs. Morgan's room; Mrs. J. E. Ramsey, Mrs. H. Watson and Mrs. A. Gerner, sixth, seventh and eighth grades; Bryan Williams' room.

### National Guard Open To Post Men

Company "K" of the Texas National Guard is extending an opportunity to enlist young men of the Post area. Applications will be accepted from men between the ages of 17 and 35.

Today's national guard offers training, travel, schooling, pay and adventure to alert young men. Guardsmen are sent to Army training schools throughout the nation to learn trades and skills of value in civilian life. Weekend maneuvers and summer training camps test techniques of the Infantry that are learned in weekly drill period. All equipment and uniforms are furnished free. Regular Army pay for each drill is earned by all Guardsmen.

Nearest National Guard units to Post are the artillery Batterys of the 132nd Field Artillery Battalion of Lubbock and Company "K" of the 142nd Infantry Regiment of Sweetwater. All are part of the 36th Infantry Division that just returned from summer training at Camp Polk, La.

Any man interested in the National Guard is asked to contact Lt. T. M. Cannon at the State Department of Public Welfare office at the Garza County Courthouse, telephone 30-J. Lt. Cannon drives back and forth to drills at Sweetwater and will make arrangements for transportation for men interested in the National Guard.

**ANNOUNCEMENT**

Ex-Students of Baylor university residing in this county are reminded of an invitation to attend the reorganizational dinner to be held at the Hilton hotel in Lubbock, on Sept. 29. Ross Sams, president of the Baylor Alumni association, and Jack Dillard, executive secretary of the association, will be principal speakers. Contact Roy Bass, 509 Lubbock National Bank building for reservations.

The Rev. and Mrs. Carroll Sanders and daughter of Albuquerque, N. M., visited in the W. B. Sanders home recently. The Rev. Mr. Sanders is pastor of the South Side Church of the Nazarene in that city.

Madlyn Sanders has returned home after visiting the Dennis McKenzies at Jayton. Her parents, Mr. and Mrs. W. B. Sanders, and Mr. and Mrs. Hiram Sanders and son, Larry Joe, of Carlsbad, N. M., took her to Jayton.

### Floydada Man To Head Scout Drive

Dr. F. B. Malone, president of the South Plains Council, Boy Scouts of America, announced today that J. M. Willson, Jr., of Floydada has been selected as Campaign Chairman of the simultaneous Council - Wide Scout Finance Campaign to be conducted from October 8th to November 5th this fall.

Willson is associated with his father, J. M. Willson, sr., in the lumber business, and is general manager of the Builders Mart in Floydada. Willson has been very active in Boy Scouting affairs for the past several years and currently is serving as chairman of the Council's Finance Committee. Willson is active in Lions club, Rotary club, American Legion, and is an active worker in the Methodist church.

The Council - Wide Scout Finance Campaign for the support of the council's work for the year 1952 will start with the Big Gifts Committee's Kick-off in all of the communities of the 20 counties on October 8th. General Solicitations groups will kick off on October 15th. All communities will report and check in their results at the Annual Council Business meeting and banquet to be held at the First Baptist church in Lubbock on November 5th.

### New Service Station Opens In South Post

Announcement of the opening of Caylor's "66" Service station on Saturday, Sept. 13, has been made by owner E. R. Caylor.

Free souvenirs are to be given everyone who attends the opening day ceremonies.

The station will serve its customers with Phillips' "66" gasoline and premium oils and is located on Highway 84 just one block south of the Post-Tahoka intersection. Everyone is urged by Caylor to attend the opening day ceremonies.

LOOK WHO'S NEW!

A son, Rodney Lynn, was born to Mr. and Mrs. Charles Jimmy Propst at 7:30 p. m., September 8, in Lubbock Memorial hospital. The baby weighed six pounds, four and one-half ounces. Mrs. Nola Brister and Mr. and Mrs. J. A. Propst are the grandparents.

Mr. and Mrs. H. H. Hart are parents of a seven pound, 15 ounce daughter born at 6:23 o'clock, Friday afternoon in Lubbock Memorial hospital. Mr. and Mrs. David Willis are announcing the arrival of a son, William Topping, born September 5 in Lubbock Memorial hospital. The baby weighed seven pounds and 14 ounces at birth.

First Cotton—

(Continued From Front Page) William Cameron and company, \$5 merchandise; T. L. Jones, \$2 cash; Short Hardware, \$5 merchandise; White Auto Store, two quarts of Prestone; Dunlaps, \$5 merchandise; Fenton and Thompson, \$2 cash; Parker's Bakery, \$2.50 cash; Western Boot Shop, two half soles and heel jobs; Maxine's, \$5 merchandise; Ingram's Barber shop, two bottles hair oil; Warren Drug store, \$5 cash; Greenfield Hardware, \$5 merchandise; Mason and company, \$10 merchandise; Mack's Boot Shop, two men's belts; and Parsons Dress shop, two pair of hose.

Highway Widening—

(Continued From Front Page) be paid on the principal when this method is used. Several persons have indicated they are in favor of the plan, city officials say. And they urge all other owners who live along the right of ways on these two roads to sign up as soon as possible so that work may be begun.

Main Street—

(Continued From Front Page) Weary? Take a tip from me — go adventuring through Hilway Grocery venturing through K and K Grocery and Piggly Wiggly ads. These food firms feature food news each Friday and Saturday. A. B. Haws and Paul Jones, managers of these stores give you specials that are priced just right. Shop their ads each week, you own't be sorry.

A grand pantry package is Swanson Baked Chicken. A 6-oz. can will make 6 or 7 slices when the can is chilled thoroughly in freezer or refrigerator before slicing. Arranged on a tray with onion and tomato slices and garnished with pickles and parsley sprigs — you'll have a "quickie" when company arrives unexpectedly. Swanson products are on sale at all grocers. Good budget buys are the canned meats when you consider how elastic the contents can be.

M. Sgt. T. J. Homer, son of Mr. and Mrs. Dick Homer, of Camp Stone, Calif., who has been visiting his parents, left Friday morning for California to leave for his new assignment, Japan.

Work Performed By State Welfare Field Worker Complex As Well As Interesting

Reaching proportions not imagined by a majority of county residents, state welfare aid to old persons, dependent children and needy blind is becoming an increasingly larger business in the county.

At the present time there are 142 Old Age Assistance cases, 10 Aid to Dependent Children cases and three Aid to the Needy Blind cases on the files of Field Worker Thomas M. Cannon, Jr., director of the State Department of Public Welfare work for Garza and Lynn counties.

Checks for the 155 persons aided by the three divisions will total slightly more than \$5,600 monthly. This money, which is spent almost 100 percent for food, clothing and shelter, is an added asset to the county's economy, Cannon points out. And he explains that new cases come in to the office at a fairly fast rate. Cannon only recently assumed duty in this area. He filled the vacancy left in the two counties by the resignation of the former Miss Joyce Hunter. He is assisted in the office by Mrs. Bess R. Thompson, who has worked there for the past four years.

Although this county has quite a number of cases on file, Cannon points out that Lynn county has a larger overall total. On file for that county are 209 Old Age Assistance, 10 Aid to Dependent Children and four Aid to the Needy Blind.

In explaining the money received by the people in these cases, Cannon said that very few received the total amount allowed by the law. Many things combine to lower these payments he said. It is hard for old persons to realize why their checks are not \$50 as the maximum states. But such items as money from cows, chickens, gardens, social security and other numerous sources tend to lower the total.

But these do not constitute the main reason why the checks fall short of the prescribed \$50. There are 250,000 cases in the state to be financed with the \$35 million available each year for the program. Also many other items must come out of this sum. If the people of the state vote to pass an amendment which will be in the November election then \$7 million more will be added to the program annually.

But right at the present, Cannon explained, there are so many cases that one dollar is deducted each month from every check that goes out so that others may

YES SHE! SHE'S FROM TEXAS!—Mrs. June Farmer, of Grand Prairie, is crowned as "Mrs. Texas" as she became a finalist in the "Mrs. America" contest at Palisades Park, N. J. Crowning the blonde beauty is last year's winner of the "Mrs. America" title, Mrs. Betty Eileen McAllister. "Mrs. Texas" measurements are: five feet, three inches high; 108 pounds; 32 inch bust; 23 inch waist, and 33 inch hips. Mrs. Penny Duncan of New York City won the 1951 "Mrs. America" title.

be helped also.

Although the workers' investigations are thorough there are probably many persons included in the program that should not be. There are many old persons drawing state assistance whose children are making thousands of dollars each year. This cannot be prevented, for there is no law which says a child must support his parents, so many of them sit disinterestedly by and allow their parents to draw a pension when they could be providing them a much better existence.

Although it did not happen in this county, there is on file one field worker's authentic statement that a man who owned a large and expensive home and made approximately \$10,000 per year told the investigating officer that he charged his aged mother so much rent per month and she had to have some place to make the money.

Multiply this one case by the possible hundreds that exist in the state and the cost totals an amount which would be very beneficial to those persons who are direly in need of the help.

The department is comparative new, however, and many problems which arise are also new and must be coped with as well as possible, Cannon explained.

Many elderly persons believe, Cannon says, that when they become 65 years of age they automatically become eligible for old age assistance. And it proves a difficult task to convince them otherwise. But the law states specifically who can and who can't draw the aid.

Some of the provisions outlined for eligibility requirements include: be 65 years of age or over, be a citizen of the United States, have lived in Texas at least five out of the nine years preceding the date of application, not be an inmate of a public institution, be in need and not receive Aid to the Needy Blind at the same time.

The requirement which eliminates numerous cases from going on file is the number five, he is in need, Cannon says. The law is very strict on this provision and old age persons may retain a maximum of \$300 in cash or property. From then on (if they are listed as in need of the service) it deducts from their checks.

Cannon transferred here from Fort Worth where he underwent training. A native West Texan, Cannon was raised in Ralls and attended Oregon State college at Corvallis, Ore.; the University of Minnesota at Minneapolis; the University of Utah at Salt Lake City; and Baylor University at Waco before taking employment with the State Department of Public Welfare.

During World War II he served in the paratroopers. He reminds anyone desiring to make applications through his office that application day for Garza is the first Monday of each month. Arrangements for an appointment may be made by calling Mrs. Thompson, the secretary, at 30-J or by visiting the office during the afternoons from Tuesday through Friday. The large area covered by the Welfare office at Post requires that appointments be made to assure proper attention.

Sheppard Air Force Base Follows Plan To Help Load On Taxpayer's Pocketbook

WICHITA FALLS, A—The word is out to save the taxpayer's money at military installations. Sheppard Air Force Base here is a good example.

About fifty million dollars was spent at the base in the fiscal year ending June 30. That's a lot of money.

But the cost would have been greater were it not for a constant campaign to impress upon everyone at the base that the ultimate source of the money is the common purse.

A faucet washer costs only three cents and can be installed in five minutes. But a neglected, leaky faucet must be replaced—and that costs three dollars.

Cement, sand and gravel are purchased in carload lots. Paint is bought in 50-gallon drums. Competitive bidding has resulted in savings, in one instance a dollar a gallon on paint.

The Officer of the Day checks use of electricity. Where unnecessary lights are found, commanding officers are notified.

There are eight four-man teams of carpenter, electrician, plumber and foreman scattered about the base. Their principal aim is preventive maintenance — making the early repairs which save money.

The taxpayer does not pay for the juke box, nor the electricity which makes it operate in the various clubs. Installations, improvements and utilities costs are assessed against such facilities as the Officer's club, NCO club, base exchanges, cafeteria, barber and tailor shops, laundry, refreshment stands, etc.

If a plumbing job calls for use of 17 feet out of a pipe — length of 20 feet, the remaining three feet is threaded, stored and used for connections.

Food is a major item. A typical daily issue: 19,168 pounds of potatoes, 14,728 pounds of whole chickens, 1,195 pounds of lettuce, 7,469 pounds of ground beef, 50,568 eggs, 1,846 pounds of butter, 4,860 pounds of tomatoes, 12,000 quarts of milk, and 2,200 loaves of bread.

Leftovers are used within 24 hours. Bread reappears as toast, or in puddings. Bacon becomes seasoning for beans, spinach, and salads.

Potatoes are machine-peeled, which saves time, manpower — and potatoes. The base has a fat rendering plant. All grease is used and re-used.

Kitchen waste is sold by contract to hog farmers. But chicken entrails and bones are kept separate, for sale to processors at a

higher price. Egg cases are resold.

Salvage — sale of garbage, scrap metal, etc. — yielded \$4,490 in May, which is about average.

Rotary Feast—

(Continued From Front Page) furnished by the entertainment committee when they presented Bernie Howell at the electric organ. Howell, who entertains daily over radio station KBCD in Lubbock and at the Cactus Inn in Lubbock entertained the group throughout the meal with a wide variety of organ selections.

Sponsored for the purpose of acquainting Rotarians and their wives with the teachers in the school system, the meeting proved to be much more of a success than the previous formal banquets sponsored by the club.

OES Members Attend Friendship Programs

Monday night several members of the Order of the Eastern Star attended a Friendship program in O'Donnell. Mrs. Henrietta Nichols was a guest officer. Attending were Miss Nichols, Mrs. Will Wright, Mrs. O. H. Hoover and Mr. and Mrs. Lester Nichols.

Tuesday night a similar program was held in Slaton. Postites present were Mrs. Wright, Mrs.

Mrs. Tate Chosen WMU President Lubbock District

Mrs. R. H. Tate was elected president of the Lubbock District association of Women's Missionary Union at the annual meeting held Tuesday at Memorial.

Mrs. Tate has served as president of the local union for the past two years and the district association with all the organizations of the WMU for a standard rating.

Mrs. T. M. Gilliam, speaker at the meeting. The outgoing president, Henry Heck of Idaho, former Grassland, was presented in appreciation of three years of service as president.

Approximately 200 women attended Tuesday's meeting.

Hoover, Mrs. Tom Hagan, Roy Brown, Miss Sylvia, Miss Billie Nichols, Mrs. Nichols served as usher and Mrs. Nichols, Martha.

The Rev. and Mrs. T. M. ham of Tucson, Ariz., are in this week in the home of son-in-law and daughter, Mrs. Bobby Pennington.

SCHOOL TAX NOTICE

The new school year began Sept. 1st, and the Post Ind. School taxes for 1951 are now due and payable.

In order to encourage early payment, 3% discount will be allowed during September and October.

W. F. Presson, Tax Collector Office at City Hall

Stampede Cowboys

(Continued From Front Page) not the only output the group has to make. It has been estimated that each member of the group has tied up in his riding equipment and horses at least \$500. Multiplied by the 31 members this would run to approximately \$15,500.

Duly elected officers of the group include Bouchier, president; Jack Meeks, vice president; Sonny Nance, secretary-treasurer; and Hinton Fluit and Jack Burrell, directors in addition to the officers.

Activities of this civic minded group are not limited to riding in parades alone. They have sponsored several picnics and barbecues each season for members and visitors. They also have donated a cow to Girls Town at Whiteface.

The latest picnic sponsored by the group, in charge of the wives of course, was held last Thursday and was attended by at least 80 persons. The group met just below the Rodeo grounds and enjoyed good food and companionship.

Membership roster of the group reads: Sonny Nance, Novis Rodgers, Jack Meeks, Bill Long, Earl Hodges, Carl Rains, Ray Hodges, Avery Moore, Dee Coleman, Boy Hart.

Hinton Fluit, Walter Boren, Jimmy Wright, George Harlan, Homer McCrary, Jack Burrell, Ike Brown, Floy Richardson, O. D. Cardwell, Lacy Richardson.

Bill Cook, Bill Richardson, Monroe Lane, Lee Byrd, Harold Cass, Clyde Kemp, Billy Hill, Lowell Scrivner, Jack Samson, W. F. West and Phil Bouchier.

Class Officers—

(Continued From Front Page) ton Mathis, room mother.

Freshman class members selected Tommy Malouf to head the class as president; Mack Terry, vice president; Moody Graham, secretary; Billy Meeks, treasurer; and Maudie Fay Ray, cheer leader. They selected Mrs. Bill McMahon and Mrs. Jack Kennedy as room mothers and O. C. Strickland as sponsor.

Tommy Mayfield was elected to head the eighth grade this year as president. Other officers included Homer Cato, vice president; Mozelle Edwards, secretary; Madlyn Sanders, treasurer; Sara Ray, cheer leader; and David King, reporter.

The group chose Laurel Mountain as class flower and they selected the same motto as the senior class, "They conquer who think they can."

Mrs. John Lott and Mrs. Buck Gossett were selected as room mothers and Leonard Tittle and Malcolm Usery as sponsors.

Bits-Of-News

Mrs. Susan Oates of Dallas spent last week here in the home of her niece and family, the Dowe H. Mayfields.

Visitors in the Bud Olson home over the weekend were their sons, Bill of Camp Carson, Colo., who will leave Monday for Japan, and Jerry of Fort Campbell, Ky.

# Antelopes Crush Crosbyton 39-7; Meet Floydada Tomorrow

## Kirkpatrick Hits Crosbyton 4 Times

**WORMS LAWRENCE**  
 by all-state candidate Kirkpatrick, the Post High Antelopes invaded the Crosbyton field Friday night and won by a score of 39-7, issuing a challenge to those that they mean business.

There were piled up by the Antelope team, made for an all-state berth by scoring four touchdowns and one extra point to total the Antelope final score. The shifty, hard-running quarterback galloped for touchdowns which the Antelope line and backfield Antelope team, made for an all-state berth by scoring four touchdowns and one extra point to total the Antelope final score.

Assisted in the scoring by Fred Long, who plunked from the three yard line second quarter, and J. R. Stone, who scampered 10 yards in the fourth quarter. Darrell Stone and Long following these touchdowns.

Approximately 400 Postites came to witness this opening of the Antelopes and Crosbyton was terrific. Beginning of the game was with thunder and lightning immediately after the rain began to fall. The entire first half was in a heavy downpour. Lubbock paper described the morning as a "light drizzle."

Early in the first quarter Kirkpatrick made his opening by taking the ball and running behind some blocking by his team-cut down the sidelines and pay-dirt gallop. His boot the extra point.

The see-saw through the quarter with the score tied at 0-0, and both teams having difficulty holding the ball.

Scored his TD about mid-way in the second stanza after he had plucked the ball from the three yard line. After the middle of the game slapped off tackle over standing up.

Feed Paymaster Feeds for every feeding need. **EARL ROGERS' FEED STORE**

**HERE THEY ARE! THE 1951 ANTELOPES** — Pictured above are the 33 members of the 1951 Post High School Antelope football squad, the two coaches and the manager. This group will carry the hopes of the Black and Gold through its remaining eight games of the year. Front row, left to right: Bobby Cowdrey, manager; Randall Lawrence, Charles Chandler, Darrell Bruton, Nolan Williams, James Dye, Darrell Norman, Danny Redman, Tommy Malouf, Darrell Stone and Royce Josey. Second row,

left to right: Danny Tillman, L. W. Evans, Don Moore, Ross Self, Jerry Epley, J. C. Shedd, Wayne Carpenter, J. R. Potts, Billy Taylor, David Pennington, Pete Hays and Cordell Custer. Third row, left to right: Coach Bing Bingham, Bernie Welch, Hoppie Caylor, Buddy Davis, Jack Kirkpatrick, Cletus Graves, Larry Waldrip, John Bilberry, Fred Long, Buddy Caylor, Skip Martin and Coach Vernon Ray. (Photo By Dispatch Photographer)

Kirkpatrick carried the ball over for the extra point.

Along toward the last of the second quarter, Kirkpatrick turned in another beautiful run when he gathered in a Crosbyton punt on his own 15 and picked up his blockers, whipped through midfield and hit the sideline around the 50-yard stripe and went all the way. Key blocks by teammates sent Kirkpatrick into the clear in all his long runs.

Coming back at halftime, with the score reading 19-0 in favor of the Antelopes, Kirkpatrick gathered in the Crosbyton kick-off on his 20 and with the help of good blocking again raced down the right sideline for another pay-dirt run. Long again converted the extra point.

And only minutes later Kirkpatrick gathered in a Crosbyton punt behind his own goal line and streaked 104 yards to the pay zone. Attempt to convert failed.

Final Antelope score of the night came late in the fourth quarter when halfback J. R. Potts took a hand-off from quarterback Darrell Stone and scampered 10 yards through the middle for a score. Stone ran the extra point.

Crosbyton's lone tally came late in the fourth quarter on a 15-yard pass from fullback Mitchell to left half J. V. Harkins, who was waiting in the end zone. Mitchell kicked the extra point.

Perhaps the most disputed play of the game was on a pass interception by Kirkpatrick which he ran 75 yards for a TD but was nullified by the officials. The official failed to throw down a red flag and did not blow his whistle until Kirkpatrick had nearly reached the goal line. And when he did he gave the reason for calling it back that the ball had touched the ground.

The Post line played a good game throughout the entire time. Naturally they looked rough around the edges but for the first game they did fine. Good, hard blocking proved to be the turning point in the long runs made by Kirkpatrick. Each run could be noted by several key blocks which cleared the field for him.

And when it came to Crosbyton trying through the middle, the Post line was determined they would not. Play after play

### Floydada Whirlwinds Pose Question Mark After 6-6 Tie With Slaton

There is a big question mark hanging over the Floydada team which the Antelopes will meet in Floydada tomorrow night.

Are they actually good enough to hold Slaton to a 6-6 tie, or was it just their night?

Of course it goes down on the record books that they did hold the Slatonites to that score last Friday night. Therefore Coach Bingham and Ray are probably looking over the scouting notes of the Floydada team pretty thoroughly.

Last Friday night's feat has brightened the prospects of the Whirlwinds considerably. Coach Preston Watson boasts of 16 returning lettermen, including seven regulars. He took over a green Whirlwind eleven at the beginning of the 1950 season, and the team staggered to two wins in 10 starts. But they served notice Friday night that 1951 just might be different.

Several new boys looked good throughout practice season and also in the Slaton game. They include Don Evans, a 190-pound tackle, and George Burgett, a 185-pound tackle.

Jackie Hutchinson, a speed merchant, is another newcomer upon whom Watson is banking high hopes. Hutchinson starts at left halfback for the Whirlwinds, filling in for Adrian Helms, a letterman who injured his foot in practice and failed to appear in the Slaton game and will probably not appear in the game tomorrow night.

Floydada has one of the biggest linemen in District 2-A. He is a sophomore up from the B-team, Purcey Parrish. The prospect tips the scales at 270 pounds and faces the opposition from a tackle position.

A fast moving backfield, featuring Dane Clark, halfback; Quarterback Billy Carmack; Fullback Dennis Wilks; and Don McGuire, another halfback.

was stopped by good tackling by Ross Self, center; tackle, Cletus Graves and Buddy Davis; ends Bernie Welch and Buddy Caylor; guards Skip Martin and Billy Taylor and other Antelope players. A recovery of a Crosbyton fumble by J. E. Shedd in the second quarter led to an Antelope touchdown.

Coaches Bingham and Ray used every boy who made the trip. And all turned in some good playing.

Interesting to note was the yardage gained by Kirkpatrick. He attempted three tries from scrimmage and gained a total of 73 yards and one touchdown.

### Roby Rodeo Boosters Visited Post Friday

Boosters of the Fisher County Fair and Rodeo, traveling in 10 cars and numbering approximately 40 persons, Friday morning, furnished the people of downtown Post with music and information concerning their fair and rodeo to be held at Roby at 8 p. m. today, Friday and Saturday.

The group arrived in town about 11:30 a. m. and set up on Main street with their loud speaker and string band. They remained throughout the dinner period and left about 1 p. m.

One Garza cowhand has already announced that he will be a contestant in the Roby rodeo. He is Jimmy Moore. Jimmy will be vying for money in bareback bronc riding, saddle bronc riding and bull riding.

## Game Slated At 8 p. m., There

The Antelope eleven, fresh from their 39-7 pasting of Crosbyton Friday night, take the field against the Floydada Whirlwinds at 8 p. m. tomorrow night in Floydada.

Coach Bingham says that blisters are bothering his charges this week, but with only one starter being unable to start the game against the Whirlwinds. He is L. W. Evans, end, who hurt his foot in practice early in the season. He did not start against Crosbyton, but Bingham says that he might see limited action tomorrow night.

Jack Kirkpatrick has a bad blister on his heel but will start. Ross Self, center, has a bad back but will also start the game. Coach Bingham has announced one change in the starting lineup. Don Tatum will replace Skip Martin at guard.

On paper the Whirlwind line seems to have a decided advantage over the Antelopes with their seven starters averaging 175 pounds as compared to the 145 pounds per man averaged by the Antelope line. But in the backfield the Antelopes hold a slight edge. Their four starters average 155 pounds per man and Floydada will field a starting backfield averaging 151 pounds per player.

The Whirlwinds lost only one letterman this year and their 6-6 tie with Slaton Friday night speaks for itself that they intend to hang rough this season. Last year the Antelopes swamped them 34-0, but coaches and players alike do not predict the score to be as bad this year.

Coach Bingham will probably start: Bernie Welch and Buddy Caylor at ends; Cletus Graves and Buddy Davis at tackles; Billy Taylor and Don Tatum at guards; Ross Self at center; Jack Kirkpatrick, quarterback; Cordell Custer, halfback; J. R. Potts, halfback; and Fred Long, fullback.

Coach Watson will probably start: Frank Stovill and Hubert Ring, ends; Roy Teague and Kerwin Baxter, tackles; Bert Grimes and Louis Reddy, guards; David Rape, center; Billy Carmack, quarterback; Dane Clark, halfback; Jackie Hutchinson, halfback; and Dennis Wilks, fullback.

Antelope football players and coaches will be taken to Floydada this week by members of the Booster club. Seven cars have already been promised for the trip, Coach Bingham said.

# COOK'S HOUSE PAINT

READ THESE FACTS ABOUT THIS OUTSTANDING PRODUCT

Cook's House Paint is a superior product with many advantages: special formulation, an achievement of Cook's progressive research; wider color application, brilliant whiteness and excellent covering; highly refined oils and quality pigments are strengthened by processing to provide the whitest, most enduring base paint in today's paint chemistry.

### BRILLIANTLY WHITER

Made of Titanium, the whitest pigment available, Cook's House Paint makes surfaces gleam with incomparable whiteness! And it stays white, too, because of special features in the formulation.

### GAS and FUME PROOF

Sulfurous gases are present in the atmosphere of every city . . . and frequently discolor ordinary lead-base paints through chemical reaction. Cook's contains no lead . . . it stays brilliantly white.

### MILDEW RESISTANT

During certain seasons, the moisture-laden atmosphere encourages fungus growth on paint that harbors the Not Cook's . . . it contains a mildewicide that resists damaging fungus attacks.

## Justiceburg News

Please Send News Not Later Than Monday to **MRS. GEORGE EVANS** Justiceburg Correspondent

Mr. and Mrs. Allen Crowley and two daughters of Slaton spent the weekend with their parents and grandparents, the Claud Pettigrews.

Mr. and Mrs. Howard Price and children of Lubbock were guests in the home of Mrs. Price's parents, the Cameron Justices, Sunday.

Mr. and Mrs. George Evans and Mrs. Myrtle Owen of Benicia, Calif., sister of Evans, were guests of the Evans' son, Lawrence, and family in Lubbock Sunday.

Mrs. Doyle Justice spent Thursday night in Lubbock with her daughter, Mrs. Joe Griffiths, and family. They returned home with her for a weekend visit.

Sidney Lee and Jerry Lou McLaurin were in a piano recital at Central Baptist church last week.

Mrs. George Evans and Mrs. Myrtle Owen visited Mrs. Evans' mother, Mrs. W. M. Henderson, in Plainview Tuesday.

R. A. McLaurin, who suffered a severe heart attack several weeks ago, is slowly improving but is still confined to his bed.

## PMA Committee Chairman Urges Forage And Pasture Improvement

One way the farmers of Garza county can increase the production of food and fiber to meet defense requirements without more land is to give more attention to pasture and forage crop improvement, says Claude E. Spence, chairman of the county PMA committee.

He points out that the average of a number of experiments in the use of fertilizer on pasture and hay land showed a return of \$7.25 in beef and milk for every \$1 invested in lime and fertilizers.

An estimate indicates that if fertilizers had been used in 1950 in North and South Dakota, Kansas and Nebraska in accordance with recommendations of State Agricultural Experiment Stations, about 3 million extra tons of beef could have been produced from the 85 million acres of grasslands in these states.

The chairman believes that this

same possibility holds for most of the grassland country, judging from the experience of farmers of Garza county who have been cooperating in the Agricultural Conservation Program. In many instances beef, lamb and dairy production has been stepped up greatly merely by the use of fertilizer on pastures.

If phosphate is used in connection with other good pasture management practices such as controlled grazing, keeping down competitive weeds, the use of high yielding strains of grasses and legumes, the results are still more pronounced.

The chairman points out that despite the progress made in recent years under the Agricultural Conservation Program, "there is still a great deal to be done to bring our grasslands to the production they are capable of and to meet the growing demand for livestock products."

The legumes that operators may earn payment on under the 1952 program in Garza county are: Austrian Winter Peas; Dixie Wonder Peas; Singletary, Caley, or Rough Peas, Scarified; Singletary, Caley, or Rough Peas, Non-Scarified; Hairy Vetch; Williamette Vetch and Common Vetch.

Operators should make applications for assistance on legume seed and Super Phosphate in the next few weeks since this program began on September 1, 1951 and the deadline date for reporting performance is November 15, 1951.

## Southland News

Please Send News Not Later Than Monday to **MRS. FLOY KING** Southland Correspondent

Mrs. Jack Myers, Mrs. F. W. Callaway and Mrs. J. F. Moore are in charge of the school lunch room again this year.

Mrs. August Becker's mother, Mrs. Otto Eckerman, who is visiting here, became ill last week and is a patient in the West Texas hospital, Lubbock.

Mrs. G. D. Clark, sr., and Mrs. Alfred McGlaun of Snyder visited Tuesday in the R. E. Cox home.

Mrs. Maud Thomas was a Sunday visitor in the Henry Aten home.

## Post Woman And Son Injured At Lubbock

Mrs. O. J. Fry, of Post, and her four-year-old son, Tommy, suffered minor injuries about 8 p. m. Saturday in a two-car collision at the entrance to Mackenzie State park in Lubbock. Both were treated at West Texas hospital for abrasions.

Police identified the drivers of the two cars as J. L. Fry, 19, of Post, the injured woman's brother-in-law; and Joe Rivel, 15, of

Mr. and Mrs. Charles Hoskins of Los Alamos, N. M., were visitors in the home of her parents, Mr. and Mrs. Carl Rains, over the weekend. The Hoskins are employed by the University of California at Los Alamos. They plan to resume studies at Texas Tech, Lubbock, in January.

Idalou. The accident occurred as Fry drove south across Broadway from the park. Rivel was traveling to the east. Police are still investigating the mishap. Rivel was issued a ticket for having no driver's license.

## City Proposes Widening Of Highways Thru City

After careful consideration, the CITY OF POST, at a meeting Monday night, deemed it advisable to sponsor the Highway Widening Project of the two highways passing through Post.

The proposed plan includes part of the cost defrayed by the State, in the amount of \$47,100, leaving \$17,892.15 to be paid by property owners. The cost to the individual property owner, will be

# \$1.43 Per Foot

which will include cost of gutter and curbing.

This low cost, per foot, is figured on the basis of the old paving contract which is agreeable with Holland-Page, contractor, even though costs have gone up considerably since the bid was submitted several months ago.

Property owners have two ways in which to pay their cost of guttering and curbing: They may pay cash, which will be put in escrow at bank, or sign a lien. Here they will pay one payment 10 days after completion of paving, and one payment one year after and one two years later at 6 per cent interest.

The City Deems It An Excellent Opportunity To Improve The Looks Of Our City And An Opportunity For Property Owners To Enhance The Value Of Their Property At Very Low Cost.

The following property owners, who reside along the two Highways will be contacted by a representative of the project:

- E. F. Schmedt
- D. C. Arthur
- Mrs. J. E. Robinson
- Howard Rankin
- B. C. Manis
- Post Independent School District
- DeWitt Caylor

## Movie of the Week

### IT'S MOVIE TIME IN TEXAS!

That's the cry of John Hopkins, manager of the local theaters, and more than 1500 other managers in Texas. They invite movie fans to watch for their special showing announcements during the three days set aside to celebrate **MOVIE TIME IN TEXAS.**

They are Sept. 21, 22 and 23. So be on the lookout for all the fine pictures and other added attractions in store for you—a movie fan.

Two shows are scheduled at the Tower this week which should embrace the likings of every movie fan. Heading the bill is one of the most hilarious comedies of the year. It is the hillbilly hit of the year, "Comin' Around the Mountain," and starring Bud Abbott and Lou Costello.

Co-starring in the picture is lovely Dorothy Shay, the Park Avenue Hillbilly who has taken New York by storm with her warbling of good-old down to earth hillbilly tunes.

In the past ten and one-half years this comedy team, starring in their best rib-tickler in "Comin' Round the Mountain," has also tickled the box office to the tune of \$72,000,000 and say they won't stop until they have hit the hundred million mark.

Going into the mountains as heirs to a fabulous fortune the team, plus Miss Shay, who is guaranteed to fracture you with her special kind of mountain music, sets off one of the "gol darnedest" feuds ever witnessed. And the show promises fans one of the "gol darnedest" nights of entertainment they have experienced in some time. On at the Tower Sunday and Monday.

Second big show of the week is scheduled for Wednesday and Thursday. Although another comedy, "As Young As You Feel," is a different type show altogether. And stars Thelma Ritter, who won the hearts of the American movie fans in "The Mating Season." See this show which will prove to you that you are only as old as you make yourself.

**Movie Facts**  
There are more than 1500 movie theaters in Texas, nearly 100,000 theaters in the world, which provides one seat for every 41 persons on earth.

Which means that people throughout the world are being furnished an abundance of the cheapest and best entertainment on the market today. Motion picture admission costs have gone up only one-third of general living costs, according to figures charted by the United States Bureau of Labor Statistics.

Nationally, according to the Bureau's figures, the average rise in five years is considerably less than one-third of the 38.7 percent increase in the general cost of living in the same period. Even more impressive is the small advance in movie admissions as compared with the increase in the cost of food and clothing.

These percentages, of course, cover the entire national scene, and while movie prices have gone up 11 percent nationally, they have gone up even less in Texas. Manager John Hopkins urges all Garzans to get the most from their entertainment dollar. Attend a movie. And don't forget to watch for the special celebration **"IT'S MOVIE TIME IN TEXAS."**

at his home here. Mr. and Mrs. C. P. Lobban of Colorado City were guests in the V. A. Lobban home Sunday. Mr. and Mrs. Ted Ray and family attended the football game at Crosbyton Friday night. Mr. and Mrs. Spence Bevers visited in Tahoka Saturday. Mrs. G. W. Greer and Mrs. Maurice Wright entertained with a layette shower for Mrs. J. W. Patterson, who recently moved to Snyder. The party was given in the home of Mrs. Greer.
