

BIG ADDITION TO SANITATION DEPARTMENT

Mayor Mayberry (left) and Roy D. Chance are shown dumping a barrel of garbage into the City of Post's brand-new garbage truck. The new truck, giving the city two garbage vehicles, was made possible by picking up trash twice a week in the residential sections of the city and every night in the business district.—(Staff Photo.)

\$2,000,000 valuation increase gives school taxpayers 'break'

No raise in percentage

Post Independent School district taxpayers have some cheering pocketbook news this week.

School taxes — which earlier had been designated for a 23 per cent boost to finance the \$710,000 school expansion program — now appear likely to go up no more than about 9 per cent for next year.

The reason for the good news — a hefty \$2,000,000 increase in taxable property valuations for the district.

The welcome valuation boost is the result mainly of oil development in the eastern and southern portions of the district during the last year.

At a special meeting with the school district's board of equalization Friday night, school district trustees voted unanimously to hold the property valuations for taxing purposes at the 40 per cent it was for the current year, instead of hiking them to 50 per cent as originally considered.

Actually, increasing the percentage from 40 to 50 amounts to a 25 per cent tax increase if the tax rate remains the same.

E. R. (Buster) Moreland, president of the trustees, told The Dispatch that trustees "are hoping" that the school district tax rate won't have to be increased over 12 cents from the present \$1.30 to \$1.42.

Leaving the percentage of actual value for taxable purposes at 40 per cent, this means a boost of 1 slightly more than 9 per cent in the taxpayer's bill.

The Dispatch was not notified of the special session and thus did not have a reporter present.

Moreland said that the tax equalization board's meeting with oil industry representatives has been postponed 10 days from June 19 to (See **SCHOOL TAXES** on page 8)

Chest group is to meet next week

The annual meeting of the Garza County Community Chest and Chest Directors will be held at 8 p. m. next Thursday in the newly air-conditioned county courtroom.

Irby G. Metcalf Jr., Chest president, announced plans for the annual meeting today. Directors for the coming year will be elected at the annual meeting and officers for the organization and a 1959 drive chairman selected.

All those interested in the Chest, including all present Chest directors, are urged to be present.

Funeral services for Mrs. Alma Jewel Smith, 55, a resident of Garza County since 1929, who died early Sunday afternoon in Garza Memorial Hospital, were conducted at 4 p. m. Monday at the First Baptist Church.

Mrs. Smith, the wife of Hardie Smith, had been ill for several months and had been in the hospital for about eight weeks. Her home was in the Pleasant Valley community, northwest of Post.

She was born Aug. 29, 1903, at Clarksville, Tex., the daughter of Mr. and Mrs. S. P. Cockrell. She moved here with her parents in September of 1929 and attended the Close City School for one year before her marriage to Hardie Smith at Tahoka on Dec. 23, 1922. They moved to their present home in the Pleasant Valley community following their marriage.

For many years prior to her illness, Mrs. Smith was active in home demonstration work and had been an adult leader in 4-H Club work. She was a member of the Baptist Church.

Besides her husband, she is survived by two children. (See **Funeral Services** on page 8)

During the seven years that Lady has been an uninvited guest at the Panhandle & Santa Fe Railway station here, she has seen more than 5,000 passenger trains come and go, and no telling how many freight trains.

But Lady, who is an Australian sheep dog, hasn't found a train yet that she wants to leave on. She apparently is "the dog that came to stay."

Lady has become the pet of the depot employees and about the only time she wanders off company property is when she waddles over to the grain elevator to see T. L. Jones, with whom she became friends some time ago.

Fred Barker, one of the depot force, said Lady showed up, half-starved, about seven years ago. "She was so weak she could hardly stand, and when she'd try to walk she'd just take a few steps and flop over," Barker recalled.

You couldn't tell it by looking at Lady now. She's living the life of Riley, with plenty to eat—including candy, of which she is especially fond.

Barker and G. W. Pennington, another depot employe, agree that it's a mystery where Lady came from. "She just wandered in and has been here ever since," Pennington said.

Lady, who was both house-broken and spayed when she showed up at the depot, never makes trouble for anyone.

"She helps pay for her keep by keeping the mice cleared out," (See **THE DOG** on page 8)

Mayor urges cooperation in drive on 'stray dogs'

Mayor Powell Shytles today urged widespread public cooperation in curbing the "stray dog" menace in Garza County. Following the last week of a five-year program by a stray dog, Mayor Shytles, son of Mr. and Mrs. Jimmy D. Smith who live a

block south of the Clairmont highway, has started a series of 14 anti-rabies shots as a precautionary measure after being bitten last Wednesday morning by a small stray dog.

The dog which bit Jerry Don was watched by the family and

found dead one morning. The head of the dog was sent to the state laboratory at Austin for a rabies check, but the head was too decomposed on arrival for an accurate test, so the series of rabies shots for Jerry Don was instituted as a precautionary measure. City Marshal Otis G. Shepherd Jr., told The Dispatch that he has been quite busy of late in trying to rid the city of all the strays he can catch.

City Supt. Henry Tate urged citizens who have strays to report for pickup and disposal to telephone the city hall and leave their address. Marshal Shepherd will be contacted and given the information.

Tate pointed out that citizens with dogs as pets should have their dogs vaccinated for rabies annually and then purchase a dog license at the city hall.

He explained the city marshal will not pick up for disposal dogs wearing license tags as they will have had the required rabies shots — that being a prerequisite to licensing.

Parents of children who are bitten by dogs are urged to catch the dog which did the biting, pen it and give it the best of care, so that its health may be kept under constant observation.

Parents also are advised to contact their physician in case of dog bites to any member of the family for treatment and instruction.

Unless the dog becomes sick, no series of shots will be necessary.

Monday's hail damage lighter than expected

The biggest losses in this area, he said, occurred in the Grassland community, most of which is over the line in Lynn County.

However, crops north of Post, mainly around Southland were hard hit Monday after having already suffered damage last week from the hail.

"Most of the late feed planted last week will have to be replanted because of being washed over by the heavy rains, but there's plenty of time," Potts said.

Monday night's rain also halted cotton chipping, but the beneficial effects will more than offset the delay, the banker believes.

In Post, the county agent's rain gauge at the courthouse registered 1.06 inches Monday night, but other gauges in town showed as high as 1.40 inches.

"Monday's rain was especially beneficial to range grass and stock ponds," Potts said.

"All in all," he continued, "crop prospects right now are above average in Garza County."

Monday night's rain here fell within the space of 25 or 30 minutes and the streets ran deep with water following the downpour.

The pelting rain caught dozens of Post people hastening to storm cellars as ominous clouds moved in from the south and southwest. Adding to the alarm were the tornado alerts at Lubbock and Slaton, which Post residents learned by radio and television weather bulletins.

In addition to the hail and rain at Grassland, wind damage was reported by the Producers' Co-operative Gin, and to a number of small outbuildings.

Oil operators are defendants

\$4,200 suit filed in death of 21 cows

Charlie Bird of Lubbock, formerly of Post, filed suit in district court Tuesday against Walter D. Adams and others for \$4,200 as payment for 21 cows, which the plaintiff said died from drinking oil escaping from an oil well.

Others named as defendants besides Adams are J. E. Edwards, of the Washbone Oil Co. and the Three-G Oil Co.

The suit alleges that the defendants drilled three wells on leases on Section 3, Block 8, H&GN Survey, which is some 10 miles north-east of Post.

The suit charges the defendants with negligence in allowing oil to escape from one well and "leaving the well with oil running therefrom and onto the surface of premises owned by the plaintiff."

The plaintiff's petition also charges that the escaping oil destroyed grass and vegetation and did serious damage to his surface estate.

As a further cause of action, the plaintiff asks that the defendants be enjoined and restrained from allowing escape of oil and that an order be issued the defendant for proper plugging and safeguarding of an abandoned well on the lease.

Mrs. Willie May Howell, 24, who received a gunshot wound in the abdomen at her home on the OS Ranch early Sunday afternoon, was reported in fair condition Wednesday at Methodist Hospital in Lubbock.

Sheriff Carl Rains, who investigated the shooting, said it appeared to have been accidental.

Mrs. Howell, whose husband, Earl, is a ranch employe, was wounded by a bullet from a .22 caliber automatic rifle. The bullet severed an intestine and lodged against her spine.

She was brought to Garza Memorial Hospital by her husband and transferred to Lubbock after emergency treatment here, which included a blood transfusion.

The sheriff said Howell told him she heard the gunshot while he was outside getting his automobile ready for a trip into town. He said he found his wife lying on a bed and the rifle, which was kept on a gun rack, on the floor beside the bed.

Tuesday, June 30, last day for entries

Post Beauty Pageant to be held Monday night, July 6

The Post Beauty Pageant, an area-wide contest, will be held at 8:30 p. m. Monday, July 6, on the Tower Theater stage to select a Miss Post contestant for the Miss Texas contest at Beaumont on July 25.

The pageant is being sponsored by radio station KUKO with the endorsement of the Post Chamber of Commerce.

Tuesday, June 30, has been set

as the deadline for entries in the beauty pageant. It is open to single girls 18 and over who are high school graduates.

Girls may enter from Post and a number of surrounding towns, including Spur, Slaton, Tahoka, Brownfield, and other places. "Girls from any town in this area not included in the Lubbock Beauty Pageant are eligible to enter," sponsors of the contest said.

The contestants will be judged on beauty and talent, with out-of-town judges selecting the winner.

The girl selected as Miss Post will receive, in addition to other prizes, an expense-paid trip for herself and chaperone to the state contest at Beaumont. The Texas winner will compete in the Miss America contest to be held in Atlantic City.

During the Miss Texas contest in

Beaumont, the people of Post and surrounding area will be kept up to date on Miss Post's activities and the contest itself in special KUKO broadcasts from the contest city.

A committee of four Post women was appointed this week to be in charge of arrangements for the beauty pageant here. The committee members are Mrs. John F. Lot, Mrs. Tom Power, Mrs. Jess Cornell and Mrs. James L. Minor.

The Post Dispatch

Thirty-Third Year

Post, Garza County, Texas, Thursday, June 25, 1959

Number 4

Postings

By JIM CORNISH

The Cornish family left early yesterday morning for the near 700 mile ride to Brownsville where the summer convention of the Texas Press Association opens Thursday evening. On that convention program we're down for a short talk and a bit of discussion on the status of "the people's right to know" in Texas. That's a mite ironic to us because we're leaving behind in Post something of a feud with school trustees over the coverage of their sessions.

If you noticed in three recent stories on trustees' meetings we've reported that special sessions were held without The Dispatch being present. That is an outgrowth of this newspaper's stand that the paper should report the discussions of school business as well as the actions taken by the trustees at the end of those discussions. By printing some of the discussions we feel the public has a better understanding of why the board took the action it did than if no explanation was offered. The trustees, apparently unanimously, take exception to such coverage and want The Dispatch to report only the actions of the board as set forth in the minutes. We are told they don't like to see themselves quoted in the paper and consequently refuse to discuss matters as thoroughly when a Dispatch reporter is present as when he isn't.

We've had three rather lengthy discussions of the coverage with trustees or trustee heads. Our position didn't change. Neither did theirs. So when a special session comes along if The Dispatch isn't notified The Dispatch isn't present. (See **POSTINGS** on page 8)

Shooting victim's condition is fair

Mrs. Willie May Howell, 24, who received a gunshot wound in the abdomen at her home on the OS Ranch early Sunday afternoon, was reported in fair condition Wednesday at Methodist Hospital in Lubbock.

Sheriff Carl Rains, who investigated the shooting, said it appeared to have been accidental.

Mrs. Howell, whose husband, Earl, is a ranch employe, was wounded by a bullet from a .22 caliber automatic rifle. The bullet severed an intestine and lodged against her spine.

She was brought to Garza Memorial Hospital by her husband and transferred to Lubbock after emergency treatment here, which included a blood transfusion.

The sheriff said Howell told him she heard the gunshot while he was outside getting his automobile ready for a trip into town. He said he found his wife lying on a bed and the rifle, which was kept on a gun rack, on the floor beside the bed.

Float prizes to total \$50

Rodeo parade taking shape

Parade plans were uppermost in the minds of Post Stampede Rodeo directors this week as they began laying the groundwork for the traditional procession opening the four-night show.

First, second and third place prizes of \$25, \$15 and \$10 will be awarded the three winning floats in this year's rodeo parade, which is scheduled for 6 p. m. July 8—two hours before the "fastest show in the west" gets under way at the Post Stampede arena.

In addition to the floats, there will be at least five sheriff's posses and other riding groups from out of town. They will be competing for first, second and third place trophies.

Harold Lucas, parade chairman, said today that he and other rodeo officials would like to see a new record set in the number of floats and decorated cars taking part in this year's parade.

The parade will form a few minutes before starting time on the farm-to-market road between the high school and junior high school buildings. The parade route will be east on the Tahoka highway to Broadway, north to Main. (See **RODEO PARADE** on page 8)

Paving program gets under way

Post's summer street paving program got under way Monday with preliminary work being started on West 13th Street between Avenues Q and R.

Between 15 and 20 blocks of streets will be "paved by J. H. (Bud) Chastain & Sons of Snyder, to whom the city council awarded the paving contract at a special meeting June 15.

Cost of the paving, including curbs and gutters, is \$3.70 per front foot.

Blocks included in the summer paving project are the following: East 13th between Avenue I and Broadway.

West 10th between Avenues R and S.

West 4th between Avenues M and N and N and O.

East 11th between Avenues H and I.

East 12th between Avenues H and I.

North Avenue H between 10th and 11th Streets.

North Avenue I between 10th and 11th and 11th and 12th Streets.

Funeral services are held Monday for Mrs. Smith

Last rites for Mrs. Alma Jewel Smith, 55, a resident of Garza County since 1929, who died early Sunday afternoon in Garza Memorial Hospital, were conducted at 4 p. m. Monday at the First Baptist Church.

Mrs. Smith, the wife of Hardie Smith, had been ill for several months and had been in the hospital for about eight weeks. Her home was in the Pleasant Valley community, northwest of Post.

She was born Aug. 29, 1903, at Clarksville, Tex., the daughter of Mr. and Mrs. S. P. Cockrell. She moved here with her parents in September of 1929 and attended the Close City School for one year before her marriage to Hardie Smith at Tahoka on Dec. 23, 1922.

They moved to their present home in the Pleasant Valley community following their marriage.

For many years prior to her illness, Mrs. Smith was active in home demonstration work and had been an adult leader in 4-H Club work. She was a member of the Baptist Church.

Besides her husband, she is survived by two children. (See **Funeral Services** on page 8)

Lady a depot "hanger-on" for seven years

'The dog that came to stay'

IN NO HURRY TO LEAVE

Lady, a familiar sight in and around the Panhandle & Santa Fe Railway station here for the last seven years, is shown with Fred Barker, one of the station employes. No one knows from whence Lady came, but she's liked her surroundings so well that she's never left.—(Staff Photo.)

'Dog problem' here needs solving

Good citizen cooperation is needed with local authorities if Post is to solve its "dog problem" and keep it solved.

You'll notice on the front page of today's Dispatch a story about the need to have pets licensed and vaccinated against rabies, and the need to report stray dogs in your neighborhood so they can be picked up by the city marshal and disposed of.

All towns have "dog problems." That is because of the serious danger of rabies and the fact that somebody has to rid each community of multiplying strays or the problem becomes acute.

While to the best of our knowledge there hasn't been a human death in the United States due to rabies in the last six months, we must remember there is no known cure for the terrible disease which brings violent death.

A series of 14 daily shots for dog bitten victims can give a person immunity from the disease before it has time to develop in his system. But taking 14 daily shots is the hard way.

The easy way—the safe way—is to be sure that all dogs in the community are protected themselves from rabies. That calls for a two-fold program of vaccinating pets and disposing of strays.

Post has a dog licensing ordinance. If you have a pet you are required to purchase a license for it each year and a condition of that license is that the pet first have a rabies shot. That protects your pet and the members of your family and neighborhood from that pet.

Therefore, the first step in community co-

operation is to have rabies shots and purchase licenses for your pets. If your pet would happen to be picked up running loose, it wouldn't be disposed of as long as it had a license tag on its collar. Thus the license protects you from possible loss of your pet.

The second part of citizen cooperation needed to solve the dog problem is to report the strays. Call city hall and report stray dogs in your neighborhood, so the city marshal can pick them up.

If the dog is somebody else's licensed pet it won't be killed, but if it isn't we must think first of the protection of our own pets and loved ones.

Remember some 16 to 20 years ago, a 12-year-old Post youth died an agonizing death from rabies because he had been bitten by a crazed animal.

That isn't something for this town to forget.

Don't poison strays—let the city marshal do the disposing. We say don't poison because a poisoned dog—half sick from the poison—may bite an adult or child and there would be no way of knowing in time whether the dog was sick from rabies or not. That would require that the bitten person be given the series of 14 daily rabies shots.

Dog poisoners also destroy pets as well as strays, causing needless grief.

The solution to our dog problem is the licensing of our own pets and the prompt reporting of stray dogs in our neighborhoods so proper authorities may pick them up and dispose of them.

Won't you do your part?—J.C.

Let's get ready for 1960 census

With the estimates and all, Post probably has come up with more population figures in the last five years than any other town of comparable size in Texas. But all these figures are unofficial and it's high time we began planning for the national census, which will take place next year. The nose-count we come up with then will be the official one.

The civic improvements committee of the Post Chamber of Commerce is no doubt anxious that our census total be at the highest possible point next year because of the ten-year influence which the U. S. census has upon the growth of a community.

Some of the reasons for the need for a higher population figure are these:

1. A larger population, especially if the community officially passes the 5,000 mark, will put the local home builder and business man into a

better position to secure home and business loans from the Federal Housing Administration and the nation's insurance companies.

2. For ten years after every census, industry and expanding business check the census before establishing new businesses or building new plants in a town. National advertising firms also base their decisions on the census figures when awarding advertising contracts to advertising media. This can mean an important gain or loss to the business man looking for new business and to the community looking for industrial development.

It's important to Post's future that every person is counted in the 1960 census. Census officials are asking that people nationwide cooperate with the census takers. No town will be wasting time by making preparations for a complete nose-count.—C.D.

We need historical representation

The June issue of "West Texas Today," official publication of the West Texas Chamber of Commerce, contains a lengthy listing of Summer-time Events in West Texas, and we're glad to see Post well represented.

In another listing, though, in the same magazine, Historical West Texas, Post is somewhat conspicuous by its absence.

The summertime events listed for our city are the Stampede Rodeo, July 8-11; the Southwestern Championship Junior Rodeo, July 29-Aug. 1; and the Garza County Quarter Horse Show, Aug. 8. That's quite an array of attractions and it stands out prominently in the magazine's listing of upcoming events.

Now to get to the Historical West Texas list-

ings and the fact that Post is not represented. There are such historical landmarks, sites, etc., listed as the Stone Houses at Ballinger, the Frank White Cabin at Bosque, Hank Smith's "Stone" House at Crosbyton, and a number of others. Equally of interest, but not listed, is the home here of C. W. Post, the town's founder; his statue, and numerous landmarks connected with the town's founder and early day residents.

Post has a wealth of history, and while it's more sensible to live in the present and look to the future, it does us no harm when recognition is given some of our landmarks. We're in favor of getting them all listed in such pieces of information as that carried in the WTCC magazine and on maps of historical homes and buildings, etc.—C.D.

Another Post need — new city hall

It'd probably be practically impossible for the city council to work it in anywhere near the top of their schedule of things that need to be done, but Post is badly in need of a new city hall.

The mayor and city councilmen are well aware of the fact that a new city hall is needed, and there has been some discussion on it at council meetings. But it's something that will have to be done when the city can get around to doing it, and not something that can be done today or tomorrow.

A properly designed and conveniently located city hall would improve Post's appearance as much or more than any other public building we can think of. The present city hall is inadequate in size and other essentials, and the build-

ing which houses it just hasn't kept up with other property improvements up and down Main Street.

A neighboring editor put it pretty well in calling attention to the need of a new city hall in his town. He said a visitor had wondered, out loud, why a community that had shown so much faith in the future of their town as to invest so heavily in the individual improvements, could have left the municipality rock along in such a dilapidated-looking home.

While it's something we'll just have to wait on, it isn't too early for our city fathers to start thinking about such things as a site, type of building, etc. Then, when the time is ripe to build a new city hall, they will have a flying start.—C.D.

Bible schools worth the effort

Along about this time every year, churches render an excellent community service by conducting vacation Bible schools—also known by other names—for the children of their congregations, as well as for other children who wish to attend.

This vacation Bible training comes at just the right time—when the youngsters have just been turned out of a nine-months school term and are adjusting themselves to the summer vacation period.

Not all vacation Bible schools may be suc-

cesses from the standpoint of attendance, but there couldn't be such a thing as an entirely unsuccessful Bible school. If only one child is trained in the way he should go, then the time and effort devoted to such training has been well worthwhile.

The churches and the numerous adult workers are to be commended for the efforts put into these annual vacation Bible schools, as well as the parents who contribute to the schools' success by seeing to it that their children attend.—C.D.

What our contemporaries are saying

While you are off on your vacation and marveling at the many picturesque sights, remember that most of them are other tourists.—The Andrews County News.

A grave injustice has been done to Louisiana's Gov. Earl Long in locking him up as mentally unsound while the Texas Legislature is still running loose. We offer as proof of this group's

eligibility for the booby hatch, the fact that it frittered away an entire regular session debating such pressing matters as hot meals for hogs, taxes on girdles, nudist colonies, and when to shoot deer with bow and arrow, and now promises to do the same with a special session—all this while the state faces bankruptcy.—The Lorenzo Tribune.

THURSDAY to THURSDAY

By CHARLES DIDWAY

IT'S AMAZING what can happen to a column after you write it and then go off and leave it.

In last week's column, written several days ahead of time before we left to spend a few days in Houston, we wrote that we'd never heard of the word "geophagy," which young David Nelson of Lubbock misspelled in the National Spelling Bee.

EVIDENTLY, WE and David weren't the only ones who'd never heard of the word. It came out "geography" in the column.

Oh, well, that's the way it goes in the newspaper business. None of us are immune to making mistakes. It's also a business in which you live and learn—we think. Take James Hill, publisher of the Knox County Herald, who used to be shop foreman here at The Dispatch.

WE'VE NEVER worked with anyone we've had any easier time getting along with than James Hill, but it seems that James—by his own admission—has a boat seen the roof fall in on him at Knox City. Here's the way James starts off his highly readable column, "Just Talk," in last week's Knox County Herald:

"For someone who has tried to get along with everyone around here and make a few friends, seems as though we've been a complete flop. First off we had a run-in with the city marshal and then we had a little trouble with Mayor Otis Harbert and next City Hall blew up in our face."

James, who actually is doing a good job in giving Knox City a first-rate weekly newspaper, goes on to tell of some of the other things that are helping him learn something of the seamier side of the newspaper business. He says he thinks he's lost two more good friends by flubbing up some rodeo publicity pictures and making it necessary for the two good friends to have to go through all the poses again for more pictures, and that everybody in the county seat town of Benjamin is mad at him because he misread his wife's (Jenny Lou's) copy and had the new roof for the courthouse costing \$14,000 instead of \$1,900.

BUCK UP, JAMES! All is not lost. We know at least two newspaper people who have been in the game longer than you and who have made many more mistakes and have had many more planes blow up in their faces than one City Hall. There's an old saying that goes, "If you want EVERYBODY to like you, DO nothing, SAY nothing and BE nothing."

During the week we were off, we thoroughly enjoyed a few days visit with out daughter and son-in-law, Charline and Rick, in the bustling and well-scattered city of Houston, but one of the week's most enjoyable days came after we returned when we visited Lake Thomas with Eddie Warren—reaching the lake in a round-about way after first going through Big Spring.

IT WAS OUR first visit to Lake Thomas and we had no idea it was so big. Eddie took us halfway across the lake in his 35-hp "going Jessie" motor boat and then brought us back around the north side. Eddie knows the lake like the back of his hand and kept us interested with sidights on the cabins, piers and other structures along the north side.

Like many other Post people, we didn't know there was such a recreational spot no more than 45 miles away. The half-day visit to Lake Thomas made us want to go back—for at least a weekend.

THE FOLKS UP at Radio Station KUKO and the Tower Theatre are getting more enthused every day over the upcoming Miss Post Pageant, which is to be staged July 6 with the endorsement of the Post Chamber of Commerce. It looks like big doings if they can get enough contestants from Post and some of the surrounding towns.

Although it is a Miss Post Pageant, the contest is open to qualified girls in such towns as Spar, Slaton, Tahoka, Brownfield and others not included in this year's Miss Lubbock Pageant. Incidentally, we notice that there is already a "Miss Post" entered in the Lubbock pageant. She is Sue Post, a Texas Tech student, whose home is in Dallas.

OUR FRIEND UP the street says parents find it hard to handle some children, and the neighbors find it harder not to.

Science is a great thing. It couldn't open the windows on a train, so it air conditioned the train.

"Okra Production in Texas" is the title of a new Texas Agricultural Extension Service publication. Copies are available from local county extension offices or the Agricultural Information Office College Station, Texas. Ask for L-433.

State Capital NEWS

By Vern Sanford

AUSTIN — At it again, for the third time this year, Legislators go into the second special session earlier, but wiser.

Midnight wind-up of the second session brought show-down votes indicating what each house will and will not accept in the way of a tax program. Next conference committee on taxes will know that the size of compromise must be more fully drawn between Senate and House thinking.

In addressing the new session, Gov. Price Daniel reminded lawmakers of the "up against it" state of things. "Every function of state government depends on the enactment of an appropriation bill before Sept. 1 with a tax bill to support it," said the governor.

State's fiscal year and present appropriations run out Aug. 31. Under a new appropriation bill can go into effect the next day, the whole state operation — including hospitals, schools, employee salaries and pensions — will stop.

This is unthinkable, of course. Lawmakers could go home and vote the voters with things in such a state.

But there's another pinching factor which the governor emphasized. Cost of deficit financing plus potential tax income means that each day's delay costs the state an estimated \$200,000. Despite this, the House took a four-day weekend and the Senate, 3 1/2 days.

But some lawmakers seemed to get the delays, deadlocks and back-knocking were not necessarily expensive wasted motion, but milestones along the long, hard road to democratic compromise.

"We've crossed a lot of bridges and won't have to cross again," said Rep. Don Kennard of Fort Worth.

LEGISLATURE WAS thrown into another session when the House passed, 117-to-23, a conference committee tax bill that was largely based on Senate thinking.

Senate approved, 19-to-12. Some House members were in-

dignant that three of the five House appointees signed the conference committee report which House opponents called a "complete surrender" to Senate wishes.

House passed a tax bill that was divided about 50-50 between taxes on business and selective sales taxes. Senate pared back the business taxes to about 15 per cent, added new or heavier sales taxes to make up the difference.

Conference committee proposed a bill that would have raised \$177,066,000 with essentially the same levies approved by the Senate plus a temporary hike from \$1 to \$2 in drivers licenses.

Appropriations conference committee was reportedly deadlocked and never made a report.

After the new session opened, most of the same taxing and spending bills were introduced again, including the twice-killed abandoned property bill.

House quickly re-passed the same appropriation bill it had passed before. Most bills are expected to follow the same pattern they did in the last special session — up to the point where the conference committees start working out differences.

ONLY MAJOR money bill to make the grade is the bookkeeping bill, passed by both Houses and signed into law by the governor.

Effect of the law is to change accounting procedures so that an estimated \$28,000,000 more will be credited to the state's general fund when the fiscal year runs out Aug. 31.

It means that much less that has to be raised to balance the books.

REP. W. S. Heatley Jr. of Paducah re-introduced a bill to let colleges require students to pay up to \$30 a semester for various campus services.

Bill passed the House last session, but died in the Senate on the last day. Sen. William S. Fly of Victoria was Senate sponsor.

Heatley, Fly and other supporters pointed to the crying need for new money and said college presidents were urging the bill. Opponents said there were better places to get money than from working-their-way college students who would rather do without the football tickets, parking spaces, etc., covered by the fee.

PROVIDING PUBLIC access to Gulf Coast beaches is the only non-money matter submitted by the Governor to the new session.

House passed such a bill overwhelmingly last session, but it died in the Senate on the last day.

A recent State Supreme Court ruling changed the general conception of where the boundary line is between private and public ownership along the coastline. To clear up resulting confusion, the House-passed bill provided for a "public easement" of 200 feet from the low tide mark. It also prohibited fences or other obstructions.

Rep. Bob Eckhardt of Houston re-introduced the bill in the new session.

TEXAS OIL production will take

another tumble when the July allowable takes effect.

Railroad Commission order production cut by 228,044 barrels a day and run on a nine-day producing pattern. Ten producing days were allowed for June which was a cut-back from May.

Oil men testified that they not only had more gasoline than they could sell, but faced the prospect of running out of storage space.

ATTY. GEN. WILL Wilson has filed an anti-trust suit against certain Houston electrical contractors and an electrical workers union.

Wilson said his office had gathered evidence indicating the Southeast Texas Chapter of the National Electrical Contractors Assn. was deciding in advance which member of the group should be allowed to make the low bid on a job. Then others, said Wilson, would put in higher bids.

Suit also charges that members of Local 716 of the International Brotherhood of Electrical Workers aided the contractors' association by not sending enough workers to jobs of non-members.

Price-fixing conspiracies, Wilson declared, cut away the foundation of a competitive free enterprise economy.

If a gent takes off his hat in an elevator, it means two things: he has manners and hair.

"Some Like It Hot" weekend feature at Tower Theatre

The hottest attraction in years, starring as it does, Marilyn Monroe, Tony Curtis and Jack Lemmon, "Some Like It Hot," will show at Tower Theatre on Sunday, Monday and Tuesday through United Artists release.

Appearing in the picture with the aforementioned stars are such film favorites as George Raft, Pat O'Brien and Joe E. Brown.

It's a story of the gangster-ridden late 1920's in Chicago and Miami. Tony Curtis and Jack Lemmon portray two musicians who inadvertently witness a gangland murder. In order to hide from the crime, they disguise themselves as women and land a job with an all-girl orchestra whose vocalist and ukulele player is portrayed by Marilyn Monroe.

This gives Marilyn several opportunities to warble song hits of the period. She wears her hair a platinum blonde and all the other girls in the band are blonde too, including Curtis and Lemmon, who don blonde wigs — with bangs.

One half of the world knows how the other half lives because of back yard fences, front porches, bridge parties and sewing circles.

Vet's Forum

Q. Is there a grace period for late payments of installments on GI loans?

A. No. Veterans should make their GI loan payments on or before the date they are due. An extra charge may be made by GI lenders when payments are received late.

Q. A neighbor of ours, the widow of a war veteran who died of a service-connected cause, has a 15-year old son who has a physical impairment. Would this boy have to wait until age 18 to start training under the War Orphans Education program?

A. No. Recent changes in the law now make it possible for physically handicapped children who are otherwise eligible to begin special types of War Orphans training when they reach age 14.

Q. I have a disability I believe is traceable to my service in the Armed Forces. Is there any deadline for filing a claim for disability compensation with VA?

A. There is no deadline. You may apply any time. However, if you apply within a year from the date of your release from service, payments may be back-dated to your first day as a civilian. If you apply after a year, you may be paid only from the date your application was filed.

Q. I am thinking of using my right under the Korean GI Bill to attend college this Fall, but am not sure of the course of study I should pursue. Can I get help from the VA in choosing the right course?

A. Yes. You can obtain expert assistance from VA in planning a course of study under the Korean GI Bill. The VA will set up a session of vocational counseling for you, to help you determine scienti-

Would you like more information on introduced bluestem grasses for cultivated pastures? E. M. Trew, extension pasture specialist, has released a new publication on the subject and copies may be obtained from local county agents or the Agricultural Information Office, College Station, Texas.

What you do best. You should make application for VA vocational counseling early, if you plan to attend school this Fall.

Bible Thoughts

"Victory"

by RONNIE PARKER

Faith is that substance, that under-girding power that motivates the Christian's entire being. This indispensable item is acquired through the word of God, and grows in proportion to our zeal, enthusiasm and spiritual enlightenment.

There have been many great heroes of faith in the annals of Bible history. Such men as Enoch who walked with God, Moses who led the people of God, Joshua who provided Israel with fifty years of peace, Gideon, Samuel, David, and on we could go.

"Faith is the victory." How sweet is the sound victory to us who live in fear of being overcome and overwhelmed with defeat.

In the Bible, the word victory implies that one has conquered. The victor is a conqueror who has fought the good fight and has "overcome the world." This is the thought expressed through John in 1 John 5:1.

"For whatsoever is born of God overcometh the world; and this is the victory that overcometh the world; even our faith."

Card of Thanks

With grateful hearts we wish to express our sincere appreciation for the many expressions of sympathy and love extended to us during the illness and passing of our loved one. We especially appreciate the faithfulness of friends who sat up at the hospital, the untiring efforts of all the hospital nurses and Dr. Tubbs. Also, those who worked and planted the land, those who opened their homes to us, prepared and served food, and had a part in the floral offerings. May God's richest blessings be with each of you for making our sorrow easier to bear. The family of Mrs. Alma Smith.

WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER

This advertising headline is yet to be seen in use by any so-called discount house.
"FOR SALE CHEAP. IMPORTED JAPANESE GOODS. BIG BARGAINS IN UNBRANDED MERCHANDISE NOT BACKED BY ANY WARRANTY OF GUARANTEE."
And this fact probably does the best to put into sharp relief issue raging in Congress on passage of a Fair Trade Act supported by nation's independent businessmen voting through the National Federation of Independent Business.

For long, many manufacturers, putting out a quality product, and one which they insist their dealers stand ready to service, have tried in states where there are no fair trade laws to police the market to see their brands are not kicked around.
Yet, there are well known brands in many lines of merchandise today that are actually being bootlegged. Discount houses, seeking "sucker bait" unable to buy from reputable manufacturers who will not let these discount houses have their merchandise to football around. Thus, the discounters engage in devious means to secure a few of the items.

Of course, the well known brand is sold out to the first few customers who respond to the bait, and the rest are urged to buy some cheap, unbranded, unknown substitute.
For example, it is a matter of record that in 1957, the Japanese shipped into this country 20 National Federation of Independent Business.
In a recent Congressional hearing Rep. J. Arthur Younger of California presented some interesting figures on what fair trade means to the retailer.
For example, the failure of appliance dealers in the period from 1952 to 1957 only increased 3.66% in states where fair trade laws are observed, but business failures by appliance dealers in states where there are not fair trade laws increased 157.1%.
In this same period, in all lines of retailing, business failures in fair trade states increased only 42.24%, in non-fair trade states they increased 149.19%.
It is paradoxical that among strongest opponents to letting manufacturers protect their top brands of merchandise is union labor leaders.
Yet, this prestige branded merchandise usually also carries a union label.
But, if American manufacturers, no longer able to protect their brands, are driven off the market place, it is quite doubtful the union label will appear in any Japanese made goods. If it does, it will be a bogus label. But such is the lack of economic-statesmanship among labor leaders that they bilkly jump into situations like this which are only detrimental to their supporting dues paying members. Never have so many paid out so much to so few to cut their throats.

Two are booked for drag racing

Traffic violations, including two cases of drag racing, head the list of charges filed the last few days in the court of Justice of the Peace D. C. Roberts.
Booked for drag racing were J. S. Pennell and H. T. Millican. Up to 3 p. m. Tuesday, one of the pair — Millican — had paid a fine and costs totaling \$20.65.
Others booked were:
R. C. Rainwater, speeding.
P. J. Ainsworth, speeding.
J. V. Speake, illegal passing.
C. E. Brown, speeding.
A. D. Craddock, drunkenness.
O. V. Merredity, drunkenness. (paid fine and costs of \$20.65).
J. A. Veach, drunkenness.
Felix Romero, drunkenness.
G. W. Hutchcraft, speeding.
E. D. Baker, trespassing (paid fine and costs of \$27.50).
R. P. Foley, simple assault (paid fine and costs of \$24.65).
Leo Harrison, defrauding by worthless check (paid fine and costs of \$24.65).
N. A. Nichols, speeding.
P. L. Brown, speeding.
Mary Calderon, disturbing inhabitants in a private house.

Good While It Lasts

The boss called the new stenographer into his office. "Miss Gann," he said, "you are the best looking girl we ever had working in this office."
A pleased look came into the girl's eyes.
"You dress well," the boss continued, "you have a nice voice, you make a good impression on the public, and your department is fine."
"Oh, thank you," she said, "your compliments are very pleasing."
"Enjoy them to the fullest," returned the boss, "because we are now going to discuss your spelling, punctuation and typing."
Nowadays a father is more likely to take after his son — especially when he's looking for the family car.

About Your HEALTH

It's sad but oh-so-true: the hay fever season lasts all year in Texas. The reason: the wide range of climate and soil conditions which produce an assortment of offending flora — trees and shrubs and grasses.
This might be some consolation, though: the state is running generally behind schedule in the rain department. And during dry weather pollen production goes into a slump.
Ragweed pollen is still the biggest enemy of the watery-eyed set, but mountain cedar, scrub elm, and a variety of other plants and grasses also cause their share of sneezing misery.
From mid-winter until early spring, people from Dallas southward are affected by the pollen of cedar, a profusely growing tree with a bad habit of pollinating like it was going to be banned tomorrow.
Fall hay fever sufferers probably have the scrub elm to blame for their troubles. A late-summer pollinator, the elm is common over most of the state, but it is particularly profuse in the bottomlands of the Guadalupe and Trinity Rivers. The mesquite causes minor allergic trouble in West Texas during May, June and July. Cottonwoods and poplars are pesky sources of red eyes and congested noses wherever they are found.
Grass hay fever is possible through spring, summer and fall over most of Texas, and in the winter in the Rio Grande Valley. Bermuda grass is the chief offender. Rhodes grass is a potential hay fever factor in the Lower Rio Grande Valley.
Ragweed pollen is now almost as abundant at Dallas and Houston as in the north central states. It is a serious summer and fall problem as far west as San Antonio

Zeitmans attend rites in Roscoe

Mr. and Mrs. Williams Zeitman returned Tuesday night from Roscoe where they had attended funeral services for her sister, Mrs. Walter Rannfeld, who died at 30 a. m. Sunday in an Alhambra hospital.
Mrs. Rannfeld, who was 56 years old, had been ill for the last several years. Besides the sister of Mrs. Zeitman, she is survived by her husband, two sons, two brothers and 11 grandchildren.
The funeral services were held in the Lutheran Church at Roscoe with burial in the cemetery there.
Also attending the funeral was the Zeitmans' son-in-law, a daughter, Mr. and Mrs. I. U. Kaker of Dallas, and their daughter Linda.
No matter what is your life... build something on it.

Miss Diana Hensley married to Marlin Hawthorne June 10

Miss Diana Hensley and Marlin Hawthorne repeated double ring wedding vows June 10 before a church of the Draw Methodist Church. The Rev. Joe Webb, pastor of the Sweet Street Baptist Church, officiated for the 7 p. m. ceremony.

The bride is the daughter of Mr. and Mrs. Graham Hensley of the Hawthorne community and Mrs. Katie Hawthorne of Route 1, Tahoka, Okla., the mother of the bridegroom.

Given in marriage by her father, she wore a gown of tulle and Chantilly lace, accented with a fitted bodice and long-length skirt. Her full veil was attached to a crown of seed pearls and she carried a bouquet of white stephanotis atop a white satin gift from the bride's maternal grandparents.

Roger Hensley, sister-in-law of the bride, was matron of honor. Bridesmaids were Misses M. Norman and Jan Thomas of Tahoka. They wore identical dresses styled in pink embroidered cotton with net over-skirts. They

Postscripts

Guests in the home of Mr. and Mrs. Homer McCrary for Father's Day Sunday, honoring L. T. Askins, who is 92, were: Mr. and Mrs. Clifford Askins and Linda of Hollydale, Calif., Mr. and Mrs. Leonard Askins of Norco, Calif., Mr. and Mrs. Harry Askins Jr., Marty and Bernita of Coolidge, Ariz., Mr. and Mrs. Earl Dunn of San Antonio, Texas, L. F. Barrow and Joyce of Amarillo, Mr. and Mrs. R. L. Gilstrap, Derek and Raymond of Big Spring, Mr. and Mrs. Byron Hayden, Janene and Lana, Mrs. Ruth Hedgpech, Walter Haynie, and Mrs. W. McCrary.

Miss Jan Herring was hostess Monday evening for a Chinese supper at the terrace of her parents, Mr. and Mrs. Clint Herring's, 815 West Main. Guests for the event were Pam McCrary, Martha Smith, Glenda Hutto, Carol Smith, Janet Hutto, Melinda Newby, and Chris Cornish. Games of "Keep Talking" and "Limbo" were played, with Janet taking first prize in Limbo. Records were also played during the evening.

The Graham community home of Mr. and Mrs. Jim R. Norman had the scene Tuesday night for a Mexican supper. Guests were Mr. and Mrs. Travis Gilmore and daughters, A-2c George Graham, Mrs. Beverly Baker and the Norman family.

John and Henrietta Nichols are accompanying Mr. and Mrs. J. H. Miller of Abilene on a month's vacation to the West and some of the northern states. They left this week and were to be followed in Alamo, N. M., by Mr. and Mrs. Cliff Miller. From there they will go to Los Angeles, Calif., where they will attend the golden wedding anniversary celebration of Rev. and Mrs. N. R. Nichols.

Miss Linda Williams of Devine, who is a summer guest of her grandparents, Mr. and Mrs. Hayden Rogers, spent last week visiting her aunt, Mrs. Ed Myrick and Brenda in Lubbock. Miss Myrick returned to Post with Linda for a visit in the Rogers home.

Barnum Springs area receives one and one-half inch rain

By CECILIA BLAND

The inch and a half of rain our community received was welcomed by almost all of us, although the farmers' cotton was badly needed.

The Pennell visited his cousins, Mr. and Mrs. Pete Pennell's children Tuesday.

Miss Edna Morris of the Kalgary community visited in the home of Mr. and Mrs. Cecil Bland Friday.

Graham Club to have rosebud day July 3

The Graham Thursday Club will have its rosebud gift day, or secret pal revealing, when they meet July 3 at the home of Mrs. Edna Morris.

The June 18 meeting was held at the home of Mrs. Bill McMahon at which time members honored Mrs. McMahon on the occasion of her birthday.

Double ring service unites Freda Kennedy, Auda V. Teaff

The Rev. C. B. Hogue performed the double ring ceremony Saturday that united Miss Freda Kennedy and Auda Vee Teaff in marriage. Vows were read before a background of candelabra and flowers at 7:30 p. m. in the First Baptist Church.

Parents of the couple are Mr. and Mrs. Pete L. Kennedy and Mr. and Mrs. Will Teaff.

The bride, given in marriage by her father, was attired in a waltz-length gown of nylon tulle and lace, styled with a scalloped Sabrina neckline and short-sleeved bodice. The full skirt was designed with ruffled tulle and she wore matching gauntlets of lace. She wore a full veil of silk illusion and carried a white orchid atop a white Bible.

Mrs. Rex King was matron of honor and Mrs. Andy Andrews and Miss Rhea Hays were bridesmaids. Their identical dresses were fashioned from pink brocade cotton made with high necklines deepening into Vs in the back, and full skirts. They carried bouquets of pink roses.

Roy Teaff attended his brother as best man and Dennis Popham and Howard Teaff, nephews of the bridegroom, were ushers.

Donnie and Bobbie Richards of Lubbock, cousins of the bride, were candlelighters.

Traditional wedding music was played and Jimmy Short sang, "I Love You Truly," "Walk Hand In Hand" and "The Lord's Prayer".

The bride's parents were hosts for a reception at the church parlor following the wedding. Decorations carried out a pink and white color scheme with the serving table featuring pink satin overlaid with lace. Miss Marilyn Woods and Mrs. Ronnie Kennedy, sister-in-law of the bride, served.

Approximately 75 guests were registered by Miss Joyce Teaff.

For a wedding trip to Ruidoso, N. M., the bride chose a black suit with turquoise accessories.

They will be at home at San Diego, Calif., July 1 where he is stationed with the U. S. Navy. Both are graduates of Post High School.

Orchid and white decorations used for Linda Bartlett event

An orchid and white color scheme was used in decorations for a bridal shower honoring Miss Linda Kay Bartlett, bride-elect of Glenn Dale Wheatley, Monday evening at the home of Mrs. Ethel Redman, 114 East 12th Street.

Guests were invited to call during the evening between 7:30 and 9:30 o'clock.

Members of the houseparty wore pastel colored formals. Assisting in registering guests and displaying gifts were: Misses Barbara Blacklock, Linda Kuykendoll, Peggy Butler, Dorothy Kuykendoll, Frances Barron, Ann Harmon and Elaine Wheatley, sister of the prospective bridegroom.

The refreshment table carried out the bride-elect's chosen colors. The centerpiece was composed of an arrangement of orchid carnations topped with a silver wedding ring and tiny crystal love birds. Streamers with the couple's names in silver completed the table.

A silver and crystal service was used for serving miniature cake squares, nuts, mints, and punch.

Hostesses for the occasion included: Misses Sam Sanders, Arnold Parrish, Arthur Floyd, Tom Harmon, Jim Barron, Gariand Davies, R. B. Dodson, T. H. Tipton, W. H. Childs, Lonnie Peel, Ted Shults, Barmie Jones.

Also, Misses Irving Bratton, Will Teaff, Bob Kiker, Douglas Livingston, Frank Bostick, Aubrey Ritchie, Bobby Cowdrey, Pearl Crisp, Spencer Kuykendoll, E. O. Young, R. V. Blacklock, Chester Morris, and Mrs. Redman.

Miss Bartlett and Wheatley will be married Saturday evening, June 28.

Cliff Parker honored with birthday party

Mrs. Ronnie Parker entertained with a party last Thursday honoring her son, Cliff, on the occasion of his third birthday.

Guests called at 3 o'clock for two hours of fun and games. Refreshments of ice cream and cake were served to those present.

Attending were: Steve Sawyers, Kathrine and Carolyn Benge, Rhonda Bingham, Mike and Cathy McCullough, Dwayne Steel, Dawn Parker, and the guest of honor, Cliff.

Also present were Mrs. L. C. McCullough and Mrs. L. C. Steel.

INVITATION EXTENDED

Mr. and Mrs. Durwood Bartlett extend an open invitation to friends and relatives to attend the wedding of their daughter, Linda, to Glenn Dale Wheatley, son of Mr. and Mrs. Glenn Wheatley.

The couple will be married Sunday afternoon at 3:30 o'clock at the Church of Christ.

Reception follows at Home of bride's parents.

Post Baptist youths attend Youth Retreat near Floydada

Thirty-two Post young people attended the Baptist Youth Retreat at the Plains Assembly near Floydada Friday and Saturday, representing the First Baptist Church.

The Rev. Maple Avery of Littlefield gave the devotional hour and Rev. C. B. Hogue, pastor of the local church, delivered the Saturday night message.

A variety of games and hours of swimming were spent by the group during the two-day camp.

At the Sunday evening service of the local church Misses Kay Martin and Peggy Butler gave the congregation a report of their camp activities followed by the camp song, "His Way, Mine" sung by the choir, which was composed of the 32 young people.

Attending the camp were: Kay Martin, Cheri Moore, Mary Ann Williams, Stanna Butler, Charlotte Kay Taylor, Alyn Cox,

Janith Short, Ann Pennington, Ricky Clary, David Lee, Linda Taylor, Judy Clary, Joel Morris, Lois Hodges, Carolyn Moore, Jerry Truett, Wayne McFadin, Argan Robinson, Carol Hodges, Wanda Baker, Linda Wilks, Peggy Butler, Jimmy Short, Leslie Acker, Donald Young, Don Baker, Sharon Isaacs, and guests, Danella Bateman, Jan Blackstock, Beverly Young, Tissie Enouches, and Rex Enouches.

Adults accompanying the group were Rev. Avery, Rev. Hogue, director and counselor; Bob Miller, director and assistant counselor; Mrs. Bob Miller, Mrs. Ben Isaacs, Mrs. Winnie Henderson and Mrs. E. M. Pettigrew.

Summer program at PHS nearing end

Thirty-two Post High School girls are participating in activities of the Summer Homemaking Program, to be concluded June 26. The program is under the leadership of Mrs. Wilma Hill, PHS home economics instructor.

Each girl, in order to receive credit for her work, must attend a minimum of eight hours of group work and select home experiences from three areas of homemaking to be completed during the summer months.

Group work has been done in the following: May 26-29, child care class; June 7-10, clothing construction; June 15-19, FHA program planning, preparation of yearbook and FHA degree work; and June 22-26, closing the home-making department for the summer and refinishing furniture.

Girls participating are: Lois Edwards, Gayle Dillard, Linda Kuykendoll, Kay Gordon, Kay Ballentine, Jane Maxey, Patsy Thompson, Kim Pierce, Denise Eubanks, Estelle Nowell, Shelia Morris, Cecilia Bland, Eva Saenz, Linda Dulaney, Sue Howell, Raynora Young, Emitter Jean Halford, Pat Bownds, Susie Bowen, Edna May Blodgett, Doris Coppel, Janet Carpenter, Virginia Young, Leta Stone, Pat Wheatley, Donna Robison, Janet Hutto, Jane Francis, Beth Kemp, Anne Messer, Brenda Sullenger, and Cathryn Taylor.

Maxine Durrett, cousin to make tour of Europe

Miss Maxine Durrett will leave Post Friday, July 3, for a two and one-half months tour of Europe.

Accompanying her with the tour group will be her cousin, Mrs. Leah Aiken of Wichita Falls. The two will fly from Dallas to New York City by jet airplane for a week there during which they plan to attend some Broadway plays and various television shows.

They will sail with the tour group from New York July 10 on the Guilio Cesare, an Italian liner, for Naples, Italy, where they are scheduled to arrive July 20.

The European tour includes stops at Rome, Florence, and Venice, in Italy; Vienna and Innsbruck, Austria; Lucerne, Switzerland; Heidelberg, Frankfurt, and Cologne, Germany; Brussels, Belgium; Amsterdam in Holland; Copenhagen in Denmark; Stockholm in Sweden; Oslo and Bergen in Norway; London, England; Paris, France; Madrid, Seville, Granada, and Malaga in Spain; and Gibraltar.

They then will visit North Africa and fly home aboard a jet airplane for their return Atlantic crossing.

While in New York City they will visit with Mr. and Mrs. Steve Ford.

State Treasurer of B&PW Club holds local installation

Mrs. Hope Conroe, recently re-elected State Treasurer of the Texas Federation of Business and Professional Women's Clubs, Inc., conducted an impressive installation service for new officers of the Post B&PW when they met last Thursday evening at 7 o'clock in the City Hall.

New officers for the 1959-60 club year are: Mrs. Katharine Trammell, president; Miss Maxine Durrett, vice president; Miss Wilma Pirtle, recording secretary; Mrs. Ruby M. Williams, corresponding secretary, and Miss Jessie Pearce, treasurer.

Outgoing officers are: Mrs. Ruth Young, president; Mrs. Ruth Lee, vice president; Mrs. Winnie Tuffing, recording secretary; Mrs. Katharine Trammell, corresponding secretary, and Mrs. Fritz Greenfield, treasurer.

Miss Jewel Hodges, chairman of the State Legislation Committee, conducted a panel discussion on questions submitted to the question box by club members and read by Mrs. Leoma Razour, president of the Lubbock B&PW Club.

Guests for the evening included Joe Hood and Norman Carey of the Dale Carnegie Institute, who gave a brief discussion of the proposed course to be offered in Post; and the following members of the Lubbock club: Mrs. Conroe, Mrs. Razour, Miss Hodges, Mrs. Dorothy Evans, Mrs. Mary Ruth Harist, Miss Fannie Pillow, Mrs. Jo Hancock, who is on the State Board of Women in Government, Mrs. Judy Price and Mrs. Dempsey Eller.

Women of the Church of God of Prophecy served dinner for the evening.

Birthday celebrated by Debbie Cummings

"Happy Birthday" was the theme recently for Debbie Cummings, daughter of Mr. and Mrs. Odean Cummings, on the occasion of her eighth birthday.

Following an afternoon of swimming, the young people returned to the Cummings home for games and refreshments.

Attending were: Sherry and David Woods, Sherry Purdue, Loreta Shaw, Jo Beth Dillard, Sherry and Larry Cummings, and the honoree, Debbie.

MISSION GROUP MEETS

The Womens Missionary Union met Tuesday morning in the chapel of the First Baptist Church. Bob Miller was in charge of the study.

EXQUISITE FORM FLOATING ACTION BRAS

Regular Price—\$2.50

SPECIALY PRICED 1.99 ea.

For those who want 2-section cup comfort, co-star style 172; and for those who love a 4-section circle stitched cup, famous style 392.

This special July Sale is a wonderful opportunity to buy BOTH styles with the famous, original Tangent Strap feature. Anchored at the sides, these fabulous straps hold up the entire bra frame, not just the cup. You can move freely, the bra always stays snugly in place... no drag on tender shoulders, ever! Available in both 4-section and 2-section cups. Come in and try your favorite cup type today, and enjoy the wonderfully trim, sure feeling you get in Exquisite Forms Floating Action Bras. A cup 32-36; B cup 32-40; C cup 32-42.

Parsons Dress Shop

Latest estimate of the world cotton crop for '58-'59 indicates a new production record . . . estimate places growth at 44.7 million bales (that's figured at 500 pounds gross) . . . this is 3.0 million bales greater than the preceding season and 1.2 million bales over the previous all-time record of '55-'56 . . . two significant facts stand out: the cotton was grown on fewer acres and foreign production set a new high . . . the second time in two successive years . . . also, Communist countries can claim a large portion of the increased foreign production.

World acreage for the past season was nearly 80 million . . . this is down about 2.7 million from the previous record crop of '55-'56 . . . of course, the U. S. acreage harvested was only 11.8 million . . . that is the smallest since 1876 . . . but there were 11.5 million bales ginned in the U. S. . . this means a record yield of 466 pounds per acre, as you have heard in many times . . . world average was something over a half-bale per acre . . . total foreign production was 33.2 million bales on 67.9 million acres . . . both of these figures are new highs.

The U. S. Department of Agriculture reports that the domestic crop was "generally good" . . . figuring middling white as 100, the grade index for the 1958 crop was 95.5 . . . the 1957 index was 91.7 and 1956 was 86.0 . . . the USDA also announces that the average staple length of the upland cotton was a record 32.8 thirty-seconds inches (that's about 1-1/32) . . . cotton 29-32 and shorter was less than 5 per cent of the crop . . . this is the smallest proportion the department knows about.

Exports

Exports seem to look good . . . new season registrations were topping 300,000 bales by the first of this month . . . seems to support belief that the eight cents subsidy will realize a fair share of the market . . . and the U. S. has never increased a subsidy once the Program has been announced . . . although the law does give the Secretary of Agriculture that power if he deems conditions warrant it.

Texas Tech is beginning hybrid cattle research

LUBBOCK — Some thirty registered Brahman cows will be the nucleus of a research program scheduled to begin this year at Texas Technological College.

Announced by Ralph Durham, head, Department of Beef Cattle, Texas Tech will put its purebred herd into hybrid production in the next breeding season. Durham stated that the decision was prompted by the great number of Brahman hybrids now being fed in Panhandle feedlots. To have some of these cattle available for study and research was deemed advantageous by college officials.

The breeding program's primary objective is to obtain hybrid steers for student classwork. The steers will be fattened to provide data for growth and carcass studies.

Initial plans call for the Brahman cows to be divided into two groups. One to be bred to a purebred Angus bull and the other to a purebred Hereford bull. Only a few heifers from these matings will be retained. The hybrid females kept will be put in a "cross-cross" program with opposite bulls to produce three-way-cross calves.

Wholesome

There just isn't any better word to describe this healthy, happy, radiant girl than wholesome. And there just isn't any other quality which will take the place of this one in life, for it encompasses both the physical and spiritual aspects. A good life needs wholeness; it needs to be open and clean and honest. The power to be really open and honest with self and others begins only when one becomes honest and open with God. Christianity terms this becoming honest with God *forgiveness*. Out of forgiveness comes new life and new possibilities, new assurance of one's worth. Go to your church this week and hear again about this forgiving love of God which is the basis for wholeness and wholesomeness.

© 1959, Coleman Adv. Serv., P. O. Box 4887, Dallas, Texas

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Palmer is named head of Lubbock classing office

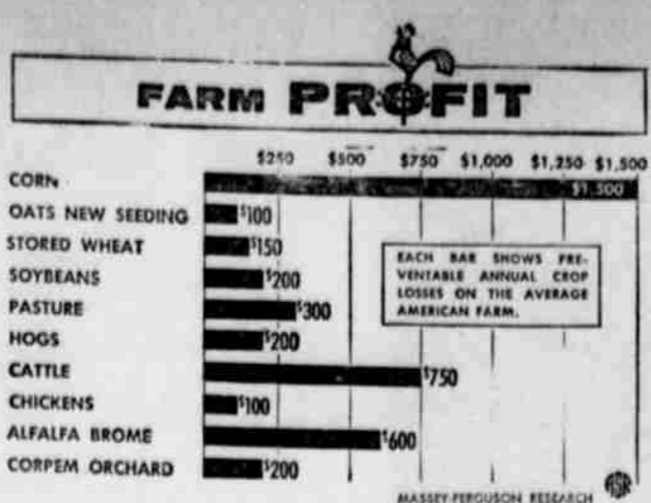

W. K. Palmer, chairman, board of cotton examiners, Galveston, has been chosen officer-in-charge of the Lubbock classing office, reports John L. McCollum, area manager, Dallas. The change is effective about July 1.

Palmer previously was the assistant at Lubbock from 1951 to 1954 during which time he entered active military duty in the Korean conflict. He has been in charge of the Galveston office for four years and previously served in a similar capacity at Bakersfield.

Palmer was born in Corsicana and is a 1933 graduate of Texas A&M College where he majored in agricultural marketing and finance. He has achieved wide experience in cotton classing and marketing since taking his first assignment with USDA's Cotton Division in 1938, McCollum points out. After he was discharged from military service as a Lt. Colonel in 1946, Palmer did cotton research and testing work with the USDA in Washington, D. C.

In his new position at Lubbock Palmer succeeds Wm. E. Franklin Jr. who has resigned to enter private business. The Lubbock classing office is the largest in the nation. This year the office classed about 2,400,000 bales of which 1,741,000 bales were under the Smith-Dorey Act which provides free classing to growers participating in organized cotton improvement groups.

Britain's lifeboats went out over 700 times in 1958 and rescued 459 people.

Are You Losing \$4,000 This Way?

If a burglar robbed you of \$4,000, you'd probably "raise the roof." But that's the amount lost each year on a typical 240-acre diversified farm.

U. S. farmers lose about \$12 billion of their potential income to farm pests and poor harvesting and storage practices, according to Massey-Ferguson's research reports in the field of better living and more profitable farming, yearly.

All these losses can't be prevented—at least, not at a price you could afford to pay. But with a minimum of effort you should be able to cut these losses by 25 percent—and earn an additional \$1,000 in 1959.

About 25 percent of the total potential income from corn is lost each year, with disease taking 5 percent, weeds 7 percent, insects 3 percent, harvesting 5 percent and poor storage another 5 percent. Corn is subject to about 25 diseases, but buying treated resistant hybrid seed is the best protection against these diseases.

Corn borer, which sometimes takes 25 percent of the crop in some areas, can be controlled by DDT, and earworms, cinch bugs and other insects can be controlled by spraying and dusting. Weeds steal water and food from the corn, and one ragweed plant will use three times as much water as a stalk of corn. Use 2,4-D as a pre-emergence spray and follow it with just enough cultivation to check the weeds.

Poor picker adjustment and late harvest also cut the yield. After the corn is in storage, ventilate it properly to prevent mold, and make sure rodents can't get to it.

Disease and poor harvesting produce biggest losses in wheat, but this can be partially controlled by variety selection and harvesting on time.

The annual loss in soybeans is about \$100 million and much of this comes from shattering at harvest time. This can be corrected by watching the moisture content of the beans and harvesting when it's at the proper level, with your combine adjusted properly.

Losses in cattle average about 15 percent, most of it due to diseases and flies. Most of the loss in hogs occurs in the death of baby pigs, and this can be reduced with farrowing stalls, heat lamps, and better starting rations.

Chickens have lots of enemies, and mites alone often cut production per layer by as much as 75 cents per year. Quick action at the first sign of trouble is the way to stop most poultry losses.

These 12 billion dollars in losses almost equal our present 13 billion dollar annual net farm income, but Massey-Ferguson's research indicates that better farming methods are available to cut these losses and boost income.

George Mahon reports

From Washington

This report is about agriculture. COTTON: There are several items of interest. Certain railroads have instituted action to reduce freight rates on cotton. I have joined with others in asking that this benefit be passed on to cotton farmers in slightly higher purchase and loan rates than those announced by the Department. I believe this will be done in the near future. This may mean about a million dollars to West Texas producers.

ceded at the time the title to the pledged crop is taken over by the government. Details of what may happen are not yet clear, but there is every indication that some limitations on loans and payments will be provided by law.

WHEAT: The House and Senate have passed wheat bills. Agreement between the House and Senate on a final version of the legislation has not been reached. A compromise version raising the support level from 75% of parity to 80% and providing for an acreage cut of 20% has been voted down by the House.

Further efforts to agree on a bill to send to the President are under way. The outcome is uncertain. There is the threat of a veto by the President if the support level is increased, even if accompanied by a sharp acreage reduction.

MILO: There is nothing new on the grain sorghum front. There is still no limit on plantings and the announced support level is 60% of parity, 10 parity points below the support of last year. The support price will be about 31 cents per hundred below last year.

GENERAL FARM LEGISLATION: Everyone seems to agree that the entire farm program needs to be substantially overhauled. It now appears that this will not be done at this session. The groundwork is being laid and agreements are being sought which would make possible a major overhaul job next year.

FARM LABOR: Hundreds of letters from West Texas farmers indicate serious concern over the proposal that minimum wages be established for farm labor. Farmers complained that they cannot raise wages in the face of dwindling income. Their concern is well-founded.

It continues to be true that there is no likelihood that Congress will pass at this session any of the pending bills fixing minimum wages for farm labor. However, the Secretary of Labor advocates minimum wages for farm workers and he has not backed down from his position that he can, under existing law, in effect fix minimum wages and establish standards of employment for farm labor recruited through the United States Employment Service across state lines. He has referred the issue to the Attorney General. Briefs have been filed in opposition to the Secretary's contention. The matter has been before Attorney General Rogers for many weeks, but he has not acted.

As to Bracero labor, indications are that the program will operate about as it did last year. Final negotiations on the new agreement with Mexico are now underway. The two-year extension of the law becomes effective July 1, 1959.

308 persons pay fines for fishing without license

AUSTIN — Fishing violations topped the list of arrests made by game wardens during the month of May, according to the report of the director of law enforcement of the Game and Fish Commission.

There were nearly 400 fishing arrests made by the wardens, with 308 of them for failure to have a license. The Texas license costs \$2.15 and is good for both fresh and salt water and for residents and non-residents alike.

Although all legal game hunting has been closed for several months, there were several violations for killing quail, doves, ducks and even killing deer in the closed season. The 448 persons arrested in May paid fines of \$7,596.45 plus court costs of \$852.

Eight persons served time in jail for their violations. "We do everything we can to publicize license requirements for the fishermen," the director said. "Despite the warnings, however, people still take a chance on getting caught and many of them do. If you plan to fish outside your home county, or with a rod and reel anywhere and are over 16 and under 65 you'll need a license."

REPORT OF THE CONDITION OF THE First National Bank OF POST, TEXAS

the State of Texas, at the close of business on June 10, 1959. Prepared in response to call made by Comptroller of the Currency, under Section 5211, U. S. Revised Statutes.

Chevy Gives You Smarter Style Today...

FOR HIGHER TRADE-IN TOMORROW!

Don't take it from us—take it from independent experts and from facts and figures that are now a matter of record. POPULAR SCIENCE sums up Chevy's unmistakably modern style this way: "The fact is, in its price class Chevy establishes a new high in daring styling..." This is one more reason your new Chevrolet will bring a higher allowance at trade-in time, as Chevy has over the years. A look at last year's used car prices* shows Chevrolet averaged up to \$128 more than comparable models of the other leading low-priced two.

*Guide Book Service of the National Automobile Dealers Assn.

PLUS 5 MORE BIG BESTS OVER ANY OTHER CAR IN CHEVROLET'S FIELD!

Best Brakes. Chevy showed the best brakes of the leading low-priced three in repeated highway speed stopping tests conducted by NASCAR.* No wonder. Chevy's brakes, built for up to two-thirds longer lining life, are the biggest in its field.

*National Association for Stock Car Races and Events.

Best Engine. Every motor magazine has given Chevy's passenger car and Corvette V8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "Indeed, this device is surely the most wonderfully responsive engine available today at any price."

Best Economy. No doubt about this: a pair of Chevrolet sixes came in first and second in their class in this year's Mobilgas Economy Run—getting the best mileage of any full-size car.

Best Room. Dimensions reported to the Automobile Manufacturers Association make it clear. Chevy's front seat hip room is up to 5.9 inches wider than comparable cars.

Best Ride. No doubt about this: MOTOR TREND magazine sums it up this way: "... the smoothest, most quiet, softest riding car in its price class."

NO WONDER MORE PEOPLE ARE BUYING CHEVROLETS IN '59 THAN ANY OTHER CAR!

See your local authorized Chevrolet dealer for the best buy on the best seller!

Funeral held for former resident

Funeral services for James Wymond Crowley, a former resident of Post, who died Tuesday of last week in Alamogordo, N. M., were conducted Friday at Eastland, with burial held in the Caddo, Tex., cemetery. He was a brother of Murrie Crowley of Post.

Mr. Crowley, who was 56, died about 12 hours after suddenly becoming ill at Alamogordo, where he has been employed by the government in rocket developments for the last 14 years. He had suffered a heart attack four years ago while on government business in Madrid, Spain, but had not been seriously ill since that time.

He moved away from Post about 1926 and had attended the schools here and in the Graham community.

Besides the brother of Post, he is survived by his wife and two children; his father, O. D. Crowley of Eastland; another brother, Grady Crowley of Laguna Beach, Calif., and five sisters, Mmes. Mildred Smart of Westminster, Calif., Maurine Stephenson of Abilene, Ludell Morgan of Bronite, Odessa Hutto of Olden, Tex., and Willie Summers of Laguna Beach.

The brother of Post, who had just returned with his family from a ten-day vacation in the East, left for Alamogordo upon learning of his brother's death. The Post man's family joined him in Eastland for the funeral services.

Postings--

(Continued from page 1) Sent. That's what has been happening.

The Dispatch thinks the public should know the score when they read about these special meetings. The Dispatch doesn't like the situation; neither do the trustees. We think we are right; the trustees think they are right. How we'll would understand congress if all the papers carried out of Washington was the official actions of those national lawmakers? How well would we understand the financial mess at Austin and what the governor and the legislature is doing about it if we read only of official actions as set forth in the minutes? That's our point. The congress, the legislature, and our school trustees represent the people — and the people should know.

The trustees say that quotations in The Dispatch have in the past sometimes been in error or make their remarks seem something more than they were intended. They say it brings criticism which makes a thankless job more thankless. They say the people aren't interested in the conversation—only in what the board decides.

Well, that's the "problem." It's not a new one to a reporter. It's all been said before in hundreds of communities and by boards of all kinds. But steadily through the years progress has been made in this field—and more will be made in the years ahead.

Coverage of the school trustees session means just extra hours of work for the newsmen after a tough day. It's no fun getting into all the arguments over how to write a story. But we do know such a news policy keeps the public better informed. And that's what we set out to do when The Dispatch started coverage of city council and school trustees sessions. And that's what we intend to keep right on doing.

Television and radio storm warnings, if not carefully handled, can drive a town or city into terror and hysteria. And that's what we have been having too much of — at least it seems to us. A motorist on route to Lubbock Monday night during the thunderstorm which was rolling across the high plains reported next day that the tornado warnings had brought a virtual evacuation of Slaton with families parked in cars along the highway all the way from Slaton to Southland on both sides of the pavement. When the slashing rains caught the caravan it made some of the cars slide through the mud into bar ditches and caused general confusion which could have resulted in not one but several serious accidents. If things keep up the way they are now going, a whole new generation will have been given "storm nerves."

The Dale Carnegie Leadership Course will be offered in Post for the first time, beginning Monday night, because four local "grads" of Tahoka's Carnegie course a month ago wanted to see friends and acquaintances here have the benefits of it. The four are D. C. (Billy) Hill, Walter Johnson, S. M. Young, and Ronnie Sturdivan. We have all heard about Carnegie's winning friends and influencing people. The leadership course is aimed, we're told, at winning ourselves from fear — to do and accomplish more with our lives. For a simple statement about the course see the announcement on page 12.

SNYDER MAN CHARGED
Crip Tucker of Snyder was given a ticket Tuesday by City Marshal Otis G. Shepherd Jr. for operating a motor vehicle without a driver's license.

The Dog--

(Continued from page 1) Barker said.

The dog makes friends with everybody, but a Dispatch reporter discovered that she is somewhat camera-shy.

"The truck drivers tell us they can't get within 30 feet of Lady when they drive in at night, but she'll let anyone pet her in the daytime," Barker said.

The depot employes said Lady barks a little when she hears the trains go through and lets out an occasional yelp when she hears the putt-putt of a motor car, but that most of the time you wouldn't know she was around if you didn't see her.

Asked if there might be a chance that Lady won't leave the depot because her original owner went off on a train and left her behind, Barker said, "It could be, but I don't suppose we'll ever know."

Meanwhile, Lady lives the life of Riley around her "adopted" owners.

Archaeologists to meet here tonight

Color slides of Indian pictographs and carvings found in Garza County will be shown tonight at a meeting of the Garza County chapter of the South Plains Archaeological Society.

The meeting will be held in the City Hall, beginning at 7:30 o'clock according to J. M. Baylis, secretary-treasurer of the chapter.

All members, as well as anyone interested in South Plains archaeology and arrow head collecting, are invited to attend tonight's meeting.

The color slides to be shown at the meeting were made by Hans and Bobby Hudman and Dan E. Coakrum.

Members and visitors attending the meeting are asked to bring any unusual or rare artifacts they might have. These will be discussed and efforts made to identify and type them, Baylis said.

Rodeo Parade--

(Continued from page 1) east to near the railroad crossing and then west on Main to the courthouse.

Less than two hours after the parade, the opening night's grand entry will officially open the rodeo.

The arena is being put in shape this week, as time and weather permits, by Ed Sims, assistant rodeo manager.

For the first time in more than ten years, the rodeo has been changed from May dates. It also has a new producer, L. D. Ward, of Trinidad, Colo.

A new event is steer wrestling, being held for the first time in several years. Other events will be bareback bronc riding, calf roping, saddle bronc riding, ribbon roping, bull riding and cowgirl's barrel racing.

Each event carries \$200 in cash prizes plus one-half the entrance fees. Trophy buckles will go to winners in all events and a hand-made roping saddle will be given for the best total average on four head of roping stock.

There will be a dance each night at the rodeo grounds. A new clown and a new announcer will also put in appearances at this year's rodeo, directors said.

In addition to the regular rodeo events, there will be a cutting horse contest on Saturday, July 11, the final day of the rodeo. Preliminaries will be run off in the morning, with the finals that night. Novis Rodgers is in charge of the cutting horse contest.

SUNDAY IN LUBBOCK

THIS A NEW SMALL CAR?

No, this is not one of the much discussed new lighter cars being measured by a 20-foot giant. It is, however, one of the sleek entries in the 1959 Fisher Body Craftsman's Guild model car competition being "sized-up" by one of the judges in Detroit. Judging of hundreds of such miniature "dream cars" is now under way to determine teen-age winners of the \$115,000 in cash awards and university scholarships.

White River board talks contracts

Steps being taken toward obtaining oil company contracts for surplus water were discussed last Thursday night at a meeting of the board of the White River Municipal Water District in Spur.

Tom W. Bouchier of Post, chairman of the board, told The Dispatch today that there have been no new developments toward securing the required contracts, but that negotiations are proceeding on schedule.

Col. S. W. Freese of Freese & Nichols Engineers, Fort Worth, attended the Spur meeting. They are engineers for the White River project.

Attending the meeting from Post were Bouchier, R. J. (Rube) Jennings, a director, and Mayor Powell Shylties.

School Taxes--

(Continued from page 1) Monday, June 29.

Few other taxpayers turned out Monday to register any tax complaints in the board's other hearing.

Moreland said the special meeting Friday night was called after the board was notified of an increase in district valuation over last year by representatives of Pritchard and Abbott, valuation engineers employed by the district.

He said the board was pleased to hear that the taxable value of the district, based on 40 per cent of actual value, was \$21,600,000 this year, compared to \$19,700,000 last year.

This is an increase of \$1,900,000 in valuation.

Moreland said it is the opinion of the engineers that after including personal property, the total increase will possibly "exceed \$2,000,000."

The school trustee head explained that the reason "for the board's decision originally to use 50 per cent instead of 40 per cent of actual value was, at the time the school building and remodeling program was in the planning stage, although the board anticipated an increase in the district's valuation, their only alternative was to use last year's values which would not have been sufficient to support next year's budget which will include payment of school bonds voted on April 4."

Members of the equalization board present were John Lott, Leo Acker and Giles McCrary. All members of the trustees were present except J. E. Birdwell who was out of town.

VACATION PLANS

Mrs. Lola Hays and Mrs. Paul Duren Sr. plan to spend their vacation next week in Seymour with Mr. and Mrs. Paul Duren Jr. and in Dallas with Mr. and Mrs. David Shultz and Mrs. Hettie Mae Robinson.

LEAVE FOR KERRVILLE

Rev. and Mrs. Graydon Howell and children left Wednesday for Kerrville to be with his father who is scheduled to undergo major surgery.

New Arrivals

Mr. and Mrs. Robert Pace announce the birth of a son, Ronald David born June 16. He weighed eight pounds.

CLASSIFIEDS GET RESULTS

Youth is injured at building site

Marvin Crossnoe, 14, suffered a painful injury to his right arm Monday when it became caught in concrete mixer mechanism at the new Garza Medical & Surgical building under construction here.

The accident occurred after the youth had climbed up on a truck on which the mixing mechanism was mounted. The hide was skinned off his arm on one side from the wrist to the elbow. No bones were broken, but the arm was badly bruised.

The youth, whose father is in charge of concrete finishing work at the building project, was admitted to Garza Memorial Hospital.

Funeral Services--

(Continued from page 1) lived by two daughters, Mrs. Nelda Woods of Midland and Mrs. Sybil White of Post; her mother, Mrs. Vera Cockrell of Post; two sisters, Mrs. Alvin Graves of Lubbock and Mrs. J. D. Cowdrey of Cumming, Ga.; three brothers, Fred, Delbert and Ralph Cockrell, all of Post, and four grandchildren.

The funeral services were conducted by the Rev. E. I. O. Brian, pastor of the Pleasant Valley Baptist Church, and the Rev. Ed Bates, pastor of the Close City Baptist Church. The Rev. A. B. Cockrell, a relative, sang "Sunrise Tomorrow," and the choir sang "Does Jesus Care?"

Burial was held in Terrace Cemetery under direction of the Hudman Funeral Home. Pallbearers were R. G. Sneed, Spencer Bevers, Charlie Brown, Weldon McGhee, Ed Cummings and Otis G. Shepherd Sr.

Jan Herring to attend 8 weeks' course at National Music Camp

Mr. and Mrs. Clint Herring and their daughter, Jan, left Post Wednesday for Interlochen, Mich., where Jan will attend an eight weeks course at the well known National Music Camp.

Jan's courses, which will begin Monday, include piano ensemble, private violin lessons, orchestra training, talent exploration, and synchronized swimming.

Jan is a piano pupil of Georgie Willson and has been taught the violin by Mrs. Herring, an accomplished violinist.

The National Music Camp is affiliated with the University of Michigan.

Mr. and Mrs. Herring after leaving Interlochen, plan a two weeks or more vacation trip which will include a swing into Canada.

Lions to install Tuesday night

New officers of the Post Lions Club will be installed Tuesday night at Tom's Place, the club's regular meeting place.

The installation will take place on Tuesday night, which is the fifth Tuesday. Dr. John E. Carter will be in charge of the program. Victor Hudman is to be installed as president to succeed L. V. Duncan.

Others to be installed are James Alexander, first vice president; Charles Casey, second vice president; Lewis C. Herron, third vice president; Weaver Niceman, secretary; Al Norris, Lion Tamer; Jess Rogers, tall-talker, and T. Sneed Jr., club and county treasurer.

At Tuesday night's meeting, Lions saw a film on the Texas Lions Crippled Camp for Children at Kerrville. The film was shown by Cecil Stowe.

Burlington film is seen by Rotarians

Rotarians at their Tuesday luncheon saw the annual film report of Burlington Industries, of which the Postex Mills is but one of 126 textile plants.

The film was shown by R. J. (Rube) Jennings, president of Postex.

It revealed sales down 3 per cent during the recession of 1958 in textiles and profits down 24 per cent with a profit of 1.8 cents for each dollar of sales.

The film showed Burlington as the leader of the textile industry which believes in the best possible salaries for employes and a well-rounded employe benefit program. George Booher of Post Ready-

Roller skating rink to open on Saturday

A roller skating rink will open here Saturday under the auspices of the Post Lions Club.

The rink will be located on vacant lots — where the county fair is held — just off Main Street on South Avenue H.

The rink proprietors have announced that there will be skating sessions from 7:30 to 9 o'clock, 9 o'clock to 10:30 o'clock, and 10:30 o'clock to 11 o'clock.

Dodgers win over Red Sox, 8 to 6

PS in... SPORTS

By CHARLES DIDWAY

The Dodgers defeated the Red Sox 8 to 6, Monday night in a League game that barely cleared the wire before the second inning for four runs. Manager Pank Peel's Dodgers went down in order in the first, they roared back in the second inning for four runs. Manager Pank Peel's Dodgers went down in order in the first, they roared back in the second inning for four runs.

Coaching changes continue to crop up among the member schools of District 3-AA, which are Post, Spur, Tahoka, Floydada and Slaton. Of most interest on the home front, of course, is the employment of Harold Teal as assistant to new Head Coach Vernard Alexander at Post High School.

Also of local interest is news of the resignation of Paul Huntington as head basketball coach at Floydada High School, which position he had held for six years. Huntington's whirlwind cagers tied with the Post Antelope getting for the 1958-59 basketball championship, with Floydada winning a three-game playoff series to determine the district's representative in the bi-district playoff. Huntington has accepted a position with the Melvin, Tex., school as principal.

Over at Tahoka, Maurice (Moe) Hodges of Portales, N. M., has been hired as an assistant to new Head Coach J. D. Atwell. He was a high school grid star at Monahans and is a graduate of Eastern New Mexico University where he participated in four major sports.

Other changes taking place at District 3-AA schools include redoing of the football field at Floydada, and progress of work on Tahoka High School's new gymnasium. The big news along this line, of course, is the fact that Antelope Stadium in Post will have new bleachers and a new field house by the time the 1959 football campaign gets underway.

Orchids to sports fan Bill Edwards of Greenfield Hardware and Edwards Appliances for volunteering to purchase uniforms for this season's Post All-Star Pony League team. The uniforms are due to arrive next week. They won't be used, of course, until the team of All-Stars goes into the Pony League playoffs.

Sports fan Ben Howell's sister, Jean Bush, and daughter, Frankie Sue Howell, have struck a real blow for women in the weaker (?) sex's invasion of the sports world. Jean and Frankie Sue, who is attending summer school in Lubbock, are temporarily managing the "Scraps," a Lubbock Little League farm club—and doing a good job of it. They took over the team's managerial reins when the regular manager was called out of town. Ben told us Monday that the "Scraps" have won two and lost one under Jean and Frankie Sue's management.

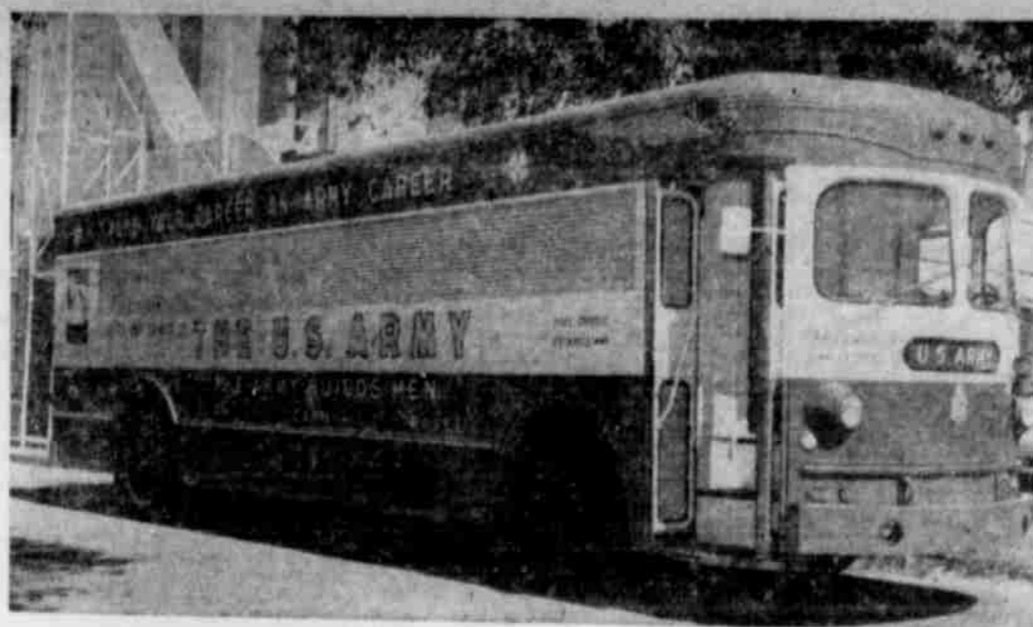

The London Evening News has jolly good fun Monday with West Texas State College's new idea of built-in plugs for spectators' electric blankets in its new football stadium at Canyon.

In an editorial called, "Gad, Sir!" the News chuckled, "what will our friends across the Atlantic think of next?"

The West Texas State idea, reportedly to be put into practice in the new football stadium, "is unlikely to be adopted in this country," the London paper said.

"Football spectators here generate enough heat as they criticize the players," it explained.

"But electric blankets for cricket spectators—now there's an idea," the News said.

TO BE DISPLAYED SATURDAY

This mobile exhibit of the Fourth United States Army will be on display in Post on Saturday, June 27. Master Sgt. George E. Henderson, recruiter, has announced. Features of the unit include three-dimensional displays in addition to photo murals and show case exhibits.

GAME AND FISH COMMISSION CHECKS UP

White bass and crappie lead survey of game fish in nine bodies water

AUSTIN — Nine lakes and reservoirs surveyed recently by Game and Fish Commission biologists showed on the average heavier populations of white bass and crappie than any other game fish present in these waters. These lakes are Bridgeport, Amon Carter, Garza-Little Elm, Grapevine and Lavon Reservoir, Texoma, Crook, Lone Star, and Texarkana Reservoir.

Nearly 5,000 fish were taken in netting collections during the survey. About 2,000 of these were game fish and more than 1,000 of the game fish were crappie, according to the director of inland fisheries.

White Sox shell winless Indians

The Pony League White Sox, whose bats have been finding the range the last few weeks, plowed under the winless Braves, 21 to 6, Monday night at the Little League Park.

Thirteen runs in the first inning proved more than enough for the Sox victory, but they added four in the third, three in the fourth and one in the fifth for good measure.

Eighteen batters went to the plate for the winners in the explosive first, with 13 runs coming on only four base hits. Walks and errors aided by the Braves helped keep the avalanche of scoring going.

The Braves scored three in the bottom of the first, but they had too far to go to overtake the high-flying Sox. The losers picked up another run in the third and two in the fifth.

Scott was the starter and winner for Manager Ben Howell's team, while Shumate was charged with the Braves' loss.

Army mobile unit to be displayed in city Saturday

The Fourth United States Army mobile exhibit, currently touring the five-state Army area, will be on display in Post on Saturday, Master Sgt. George E. Henderson announced today.

Features include three-dimensional displays in addition to photo murals and show case exhibits. Arrangements are housed in a red, white and blue air-conditioned bus.

Lone Star nettings produced only 10 crappie and four whites. However, the nets caught 23 blacks the largest number taken from any of the impoundments surveyed.

Bridgeport and Garza-Little Elm broke fairly even with the first having 105 crappie and 76 white bass and the latter having 30 crappie and 35 whites. No blacks were netted on Lake Crook or Amon Carter.

Trout fishing 'tops'

R. J. Blacklock reported trout fishing in Montana as "the best I've ever enjoyed" after returning Sunday from a 12-day family vacation trip of 4,400 miles with his wife and five children. The Blacklocks traveled through Colorado, Utah, Wyoming and Montana and ran into an eight-foot snow in one Colorado mountain pass. R. J. caught "the most trout I've ever caught" in Spring Creek near Lewiston, Mont., where they visited with Mrs. Blacklock's sister and her family.

Revival plans made

Plans are being made by the Church of Christ for a revival to start July 6 and continue through July 12. Plans call for both morning and evening services. Joe Barnett of Levelland will be the speaker.

Sox defeat Indian '9'

Bob Collier's White Sox pinned the first defeat of the season on Levi's Ranch Cafe Indians last Thursday night, swamping the Pony League leaders, 12 to 5.

Manager Ben Howell's Sox broke loose for seven runs in the third inning to break open what had been a close contest up to that point. The seven runs came on seven hits.

The White Sox picked up two more runs in the top of the fourth to lead, 9-0, with the surprised Indians managing to get one run in the bottom of the fourth.

Both teams went scoreless in the fifth, and after blanking the Sox in the top of the sixth, the Indians picked up two runs in their half of the inning to make the score 9-3. Singles by Cornell and Dodd and a double by Sullivan accounted for the two Indian tallies.

The White Sox, taking no chances, posted three more runs in the

top of the seventh, with Scott and Wheatley rapping singles.

The Indians got two in the bottom of the seventh on singles by Valdez and Cornell, but the winners choked off the rally with the Indians seven runs short.

Yankees smite Tigers, 15-4

The Yankees had little trouble Monday night in defeating the Tigers, 15 to 4, in a Little League game.

Tourist Drum' leaves its home in new waters

STATION — Fish are tourists. Biologists have found a far-ranging drum along the Texas coast. This 7½ pound fish traveled 180 miles in a year after it was released.

Radioisotopes being used to show what happens to plant chemicals

TERMINATE STATION — The use of radioisotopes by Texas Agricultural Experiment Station workers studying a "nuclear age" approach to an old problem in agriculture—what happens to a chemical as it is applied and enters a plant.

The future of use of radioactive material in plant studies appears unlimited, Dr. Miller concluded. We will be able to study many of the 102 elements to determine how each is used within a plant, including uptake of fertilizers by plants, and trace elements and their bearing on plant life.

WILL LEAVE SATURDAY

Mrs. Weldon Swanger and son, Weldon Lee, will leave by plane from Lubbock Saturday for a week's vacation to Colorado and Farmington, N. M. While in Farmington, they will visit her sister and family, Mr. and Mrs. T. W. Gilliland.

WEEKEND VISITORS

Mr. and Mrs. Don Coburn of Burk Burnett visited over the weekend with her mother, Mrs. Anna Veach and Sandy. Other weekend guests were Mr. and Mrs. G. Buchalla of Graham.

County chairman announces

Several changes made state elections laws

N. C. Outlaw, Garza County Democratic chairman, announces a number of important changes that have been made in the Texas election laws, and which will go into effect in 1960.

Foremost of these laws, passed by the legislature this term, is the change of the date for the Democratic Primary, moved up to Saturday, May 7, 1960. This is a

change from the traditional July Democratic Primary.

The run-off primary will be on Saturday, June 4, 1960.

Filing deadline will be Monday, Feb. 1, 1960, and prospective candidates will have until that date to file and get their names on the primary ballot.

Another change has to do with precinct conventions, which will be on Saturday, May 7, 1960, same date as the primary. In order to participate in the precinct convention, the participant must present a poll tax receipt or a certificate stamped by the election judge at his voting precinct, with the stamp reading "Voted", and either Democrat or Republican, depending upon which primary he voted.

Those who do not have a poll tax receipt, and who did not vote that day are not allowed to take part in the precinct conventions. This will mean moving up the time for the precinct conventions to later in the evening, after the polls close, Outlaw said. Precinct conventions have been held in the afternoon heretofore.

There are several changes in the requirements for absentee voting, but these are explained in the sheet of instructions given to all absentee voters.

CALLS HOME

Pvt. Charles McDaniel, son of Mr. and Mrs. M. A. McDaniel called home Sunday night to inform his parents that he has been transferred to Ft. Benning, Ga.

Social Security change explained by manager of office in Lubbock

One of the recent changes in the Social Security Act now makes possible monthly checks for dependents of a person between 59 and 65 who is receiving disability insurance benefits, according to John G. Hutton, social security district manager at Lubbock, Texas.

If the disabled person has a child under age 18, a disabled child over 18 whose disability began before age 18, or a wife over 62, an application for social security benefits should be filed. If a child qualified for benefits, the mother also may qualify, regardless of her age, if the child is in her care.

If the disabled person is a woman who has a husband over 65 who was dependent on her for support, he also may be eligible for payments.

Hutton suggests that persons who may be affected by these changes get in touch with his office immediately.

LONE STAR AGRICULTURE

'Bargain basement' seed peddlers reportedly operating within Texas

The springtime peddlers of "bargain basement" seed are again at work trying to dupe unwary Texas farmers into the purchase of their illegal and doubtful wares.

Texas Department of Agriculture inspectors are tracking down all leads into operations of fly-by-night seed hucksters reportedly operating within the state whose misrepresented seed is a potential

menace to our farmers.

Under the state's agricultural laws, all field seed offered for sale in Texas must bear a Texas Tested Seed Tag regardless of where the seed comes from. This tag gives required information as to the value and qualities of the seed and the name and address of the person or grower offering it for sale. The exception is an individual farmer's seed production when not advertised outside his home county nor transferred by common carrier.

The seed salesmen in question are operating in violation of the law by offering unregulated seed for sale in Texas. These salesmen often operate as truckers with stock samples from which the unwary farmer may book for future delivery. The unregulated seed which they actually deliver could be below official tolerance levels in fertility and purity and also contain a harmful percentage of noxious weed seed capable of contamination good farm land. As any farmer knows, contamination of good land by such hard-to-eradicate weeds is worse than a plague of grasshoppers.

Although farmers should apply the same precaution in buying any planting seed, the major concern at present is for small grain seed for fall planting now being offered for sale. Very often the prospective buyer is told that the seed being offered is registered or certified in another state. No matter where the seed originates it must have a Texas Tested Seed label in addition to the out-of-state registered or certified tag to be legal.

The best buy for any Texas farmer, in the long run, is seed which has been tested and tagged with the official Texas Tested Seed label.

SNYDER VISITORS

Mr. and Mrs. Curtis Davies spent the weekend in Snyder with their daughter and son-in-law, Mr. and Mrs. Wayne Culvahouse.

Fresh plums top July food list

COLLEGE STATION — Fresh plums top the July list of plentiful foods in the Southwest, as California's new crop is estimated at 64 per cent more than last year.

Peaches, lemons and limes are other fruits on the list. Eggs will continue plentiful, as will ice cream and small-sized turkeys. Summer vegetables will show up in wide array throughout the area.

Peanut butter and vegetable fats and oils complete the July list of plentiful, as announced by the USDA's Southwest Food Distribution Division, Dallas. Each item is expected to be in heavier-than-normal supply and menu planners usually will find it economical to rely heavily on these foods.

Bulls recaptured after busting loose at rodeo

ROTAN — Four Brahma bulls which broke down a fence and escaped during the Rotan Junior Rodeo late Friday night were spotted five miles north of here and returned Saturday morning.

O. R. Clark of Rotan, arena director, and a group of men found the animals about 8:30 a. m. Saturday in a canyon near the Double Mountain River. The bulls were flushed out of the canyon by dogs and mounted riders herded them back to the arena.

WILL LESSEN CHANCES OF AN ACCIDENT

Motorists urged to learn to identify traffic signs by identifiable shapes

"What safety warning is on a triangle traffic sign?"

An amazing number of Texas motorists do not know the answer to this question, according to J. O. Musick, general manager of the Texas Safety Association.

Musick said that many drivers who have been driving for years do not know — or have forgotten — that traffic signs have easily identifiable shapes.

"Prospective drivers must learn the shapes of traffic signs for their driving examinations, but they soon forget their meaning," Musick said. "However, with today's hazardous traffic conditions, each driver owes it to himself to know and remember as many things as possible that will lessen the chances of an accident. It may not seem important, but the ability to recognize the types of sign shapes, at a glance, is a safety feature we should all add to our driving habits."

Musick listed the six basic sign shapes as being: octagon, which means stop; round, first railroad crossing warning; white crossbuck, last railroad warning; diamond, warning of dangerous or unusual

conditions ahead; triangle, yield right of way; and, rectangle, which states such laws as speed limits, passing regulations and similar laws.

Musick emphasized that traffic signs are designed to warn both motorists and pedestrians of traffic laws and of dangers that lie ahead. Thus, offering preventive measures for the protection of all.

FORREST FINANCE PLAN

REVOLVING CREDIT PLAN "RCP" FOR OPEN CHARGE ACCOUNTS

1. What is Forrest's "Revolving Credit Plan"?
It is a new service for those who prefer to pay a set amount monthly on purchases from Forrest. It works exactly like a regular charge account except the Customer has a longer time to pay.
2. What may be bought on Forrest's Revolving Credit Plan?
Any merchandise Forrest sells, providing that the price, plus the balance on the account, does not exceed the balance limit agreed on.
3. When may additional purchases be made?
At any time . . . up to the agreed on total balance.
4. What size account is available?

If you pay each Month	\$10	\$15	\$20	\$25	\$30	\$35	\$40	\$50
You may carry a balance up to	\$80	\$120	\$160	\$200	\$240	\$280	\$320	\$400
5. May more than the scheduled amount be paid at one time?
Certainly. This will increase the amount that may be added-on.
6. Can the total limit ever be increased?
Yes, with the approval of the Credit Manager.
7. What happens when the entire balance is paid off?
The card stays in the file, waiting your next purchase. During this time there is no service charge or payments due.
8. Is there any charge for this service?
Yes, there is a small charge added each month. It is 1% of the outstanding balance at the statement time. If the outstanding balance is \$90.00, for example, the service charge would be 90c.
9. What is the purpose of the RCP Identification Card?
The card will allow purchases without having to visit the Credit Department each time you wish to add something to your account.

Morton Rodeo set for August dates

MORTON — The 1959 version of the Texas Last Frontier Rodeo will be held here Aug. 13-15. The three-night rodeo is to be produced by Morris Stephens of Oklahoma, according to Herb Hillman, president of the rodeo association.

This year, Hillman said, all of the cowboys' entrance fees will be put back to them in prize money. Selection of a rodeo queen will highlight pre-rodeo activities.

HOME FROM VACATION

Mr. and Mrs. Dudley Brown returned Saturday from a week's vacation to points in north Texas, New Mexico, Colorado, Kansas, and Oklahoma. En route they visited with his brother and family in Kansas City, Kan., his sister and family, Mr. and Mrs. E. M. Harrison of Oklahoma City, Okla., and his parents, Mr. and Mrs. C. W. Brown of Ardmore, Okla.

State law is passed to curb 'joy-riding'

AUSTIN — The Texas Department of Public Safety reminded today a new State law — designed to take the joy out of illegal joy-riding—will go into effect Aug. 11.

The new statute, passed by the regular session of the Legislature and signed into law recently by Gov. Price Daniel, carries penalties up to three years in prison for driving a person's vehicle without his permission.

Heretofore, the offense was a misdemeanor unless it could be proved that the "joy-rider" intended to keep the vehicle. This made it universally difficult to conduct a felony prosecution, according to Department officials.

Therefore, they pointed out, many of these cases were filed as misdemeanors, simply because conviction was more likely. In this way, however, the maximum penalty was \$1,000 fine or one year in jail.

The new law divided the "without consent" statute into two classes, based on the value of the vehicle "borrowed." The taking of a vehicle valued at less than \$200 without the owner's consent still will be considered a misdemeanor, without change in penalty. But if the value of the vehicle taken is more than \$200, the offense is a felony with possible heavier penalties ranging up to three years in prison.

In passing the new law, the Legislature stated: "The fact that (the present law) does not now provide sufficient penalties for the offense of driving a vehicle without the consent of the owner, and the act of 'joy-riding' has become a serious problem in modern times, this amendment is needed for the speedy administration of justice . . ."

"It is hoped that this new law will serve to alleviate this steadily-growing problem of auto-theft which has nearly doubled in Texas in the past 10 years," said Col. Homer Garrison, Jr., director of the Texas Department of Public Safety.

He cited national statistics indicating that some 67 per cent of the auto theft arrests involve juveniles under 18 years of age, and pointed out that while some 95 per cent of the vehicles stolen are recovered, the average loss due to damage or bad maintenance is approximately \$200 per vehicle.

Garrison noted that the theft rate per 100,000 population in Texas increased from 122.4 in 1948 to 167 in 1958. He said 15,402 vehicles were stolen last year, compared to 7,855 in 1948.

THEY LEARN AND EARN

Pride of ownership radiates from this 4-H Club member as he hugs his Shorthorn heifer. He is typical of the 136,000 members across the nation enrolled in the 4-H beef program. Many boys and girls have earned enough money from sales and awards to pay their way through college. Others have accumulated a sizeable savings account earmarked for a farm of their own.

Let legislators know what's to do about taxes, governor urges

Gov. Price Daniel has called upon citizens of Garza and other Texas counties to let the Texas legislature know what to do about taxes.

He also has chided the lawmakers for not staying on the job.

"Monday the second called session will be five days old — one-sixth over — without any action on taxes," the governor said in a radio speech Sunday.

"Only by making up for this lost time during the next week is there any hope for the tax job to be finished during this new 30-day session," Daniel added.

NEW HOME VISITORS

Mr. and Mrs. L. C. McCullough spent Father's Day weekend in New Home with his parents, Mr. and Mrs. G. F. McCullough.

VISITS RECENTLY

Visiting Mr. and Mrs. M. A. McDaniel recently were their daughter and family, Mr. and Mrs. Joe H. Poe of Sweetwater.

- NOTICE -

The Postex Cotton Mills will be closed for employee vacations from the end of operations Friday, June 26, until resumption of work on Monday, July 6.

All eligible employees will receive a vacation bonus, based on length of service, ranging from 2 to 4 per cent of their respective annual gross salaries.

This bonus is paid twice annually—once prior to the mills' vacation shutdown and again at Christmas time.

The present vacation bonus plan was inaugurated in 1958.

During the week's shutdown of the mills, the Postex offices also will be closed.

We, here at Postex, are glad to be a part of the economic growth now being made by the city of Post. We also appreciate the cooperation the townspeople have given us.

We are happy to be able to pay vacation bonuses twice yearly to our many qualified employees.

The annual vacation shutdown of the mills during the week of July 4 enables us to complete our vacation obligations to employees at one time without any further curtailment of production during summer months.

R. J. JENNINGS,
President.

HARD TO TELL WHAT'S COMING NEXT

Graham correspondent writes of community's changeable weather

By MRS. DILLARD THOMPSON

I'm sure from all news reports that there's no use in saying it rained Monday night. Approximately one inch or more fell in our vicinity. But quoting the old saying "You never can tell about Texas", one minute we have lights by electricity, then a flash of lightning and roar of thunder we return to kerosene lamps, candle-light or just sit in darkness. With water everywhere looking more like a young flood came instead of one inch then after all this commotion that goes with Mother Nature's way of supplying moisture we arise the next morning to find it clear with the sun all washed and shining bright and clear.

Our deepest sympathy is extended this week to Mr. and Mrs. Carter Gene White and family, her father, Hardy Smith, and Mr. and Mrs. B. J. Woods and family, and other loved ones of Mrs. Alma Smith who passed away Sunday afternoon after a lengthy illness.

Charles Baker, son of Mr. and Mrs. Bob Baker, was admitted to Lubbock Methodist Hospital the latter part of last week and was scheduled to have foot surgery on Wednesday. Best of wishes, Charles. Home from the hospital is Mrs. Ray McClellan, who was dismissed last Friday after 17 days in St. Mary's Hospital at Lubbock, where she underwent major surgery. Mrs. J. F. Mason was dismissed Friday from Garza Memorial Hospital where she had been a medical patient for several days.

MR. AND Mrs. Jess Propst are home after several days visiting

in Albuquerque, N. M., with their son and family, Charles Propst, and in Colorado Springs, Colo., with a daughter and son-in-law, Mr. and Mrs. Merle Jenkins and children.

Mr. and Mrs. Glynn Barron and daughter of El Paso arrived Sunday for an eight-day visit with her parents, Mr. and Mrs. Grover Mason. The Barrons are en route to Albany, Ga., where he is being transferred by the armed services. Other Sunday visitors in the Mason home were Mr. and Mrs. Jimmy Hutton and children.

Visiting Sunday in the Elmer Cowdrey home with Mrs. J. N. Gossett were her granddaughter, Mrs. Jimmy Stanford and children, and a niece of Throckmorton.

Mr. and Mrs. Truett Nash and children of Weatherford were weekend guests of her parents, Mr. and Mrs. G. C. Milam.

Mr. and Mrs. Elva Peel and daughters, Mr. and Mrs. Jimmy Byrd and D'Lynn of Snyder, Mr. and Mrs. Paul Hedrick and family of Lubbock and Mr. and Mrs. Ronnie Morris were Father's Day guests in the home of Mr. and Mrs. Chester Morris in the Close City community.

Sunday dinner guests in the Post home of Mr. and Mrs. Donald Windham and children were Mr. and Mrs. Delmer Cowdrey, Clarky and Carol Davis.

David and Terry Henderson of the Close City community spent the weekend with their grandparents, Mr. and Mrs. Will Wright, while their parents, Mr. and Mrs. E. J. Henderson, visited in Sherman, with his uncle, John Henderson, the Wrights, David and Terry, enjoyed Father's Day in the Lub-

bock home of their daughter and aunt, Mr. and Mrs. J. N. Eichelberger.

Mr. and Mrs. Jason Justice and daughters of Petersburg were weekend guests of her parents, Mr. and Mrs. Fred Gossett. Other Sunday guests were Mrs. Avon Dunlap and children of Lubbock. Mike Wayne Dunlap remained this week for a visit with his grandparents.

RECENT GUESTS of Mr. and Mrs. L. S. Turner were her brother and family, Mr. and Mrs. H. L. Crawford and Evelyn, and Bobby Moore of Houston.

Mrs. Jewel Graham of Post was a Saturday afternoon guest of Mr. and Mrs. Glenn Davis and Carol. Evening visitors were Mr. and Mrs. Alvin Davis and children of Brownfield.

Mr. and Mrs. C. R. Baldwin are in Graham looking after their wheat harvest.

Mr. and Mrs. Alfred Oden, Debra and Mike Hawkins spent last Wednesday night in Levelland visiting his brother, Hershall Oden, and family.

Father's Day guests of Mr. and Mrs. Earl Gregg were Mr. and Mrs. Gene Nunn and sons of Abernathy.

Sunday dinner guests in the home of Mr. and Mrs. Ray McClellan were Mr. and Mrs. Billy Stone and sons. Afternoon visitors were Mr. and Mrs. Jock McClellan of Post, Mrs. Jim Barron and baby, Mrs. Grover Mason, and Rev. and Mrs. H. O. Abbott and daughters.

Weekend guests in the Elvus Davis home was a friend, Mrs. Robert Glasgow and Myles of Roswell, N. M. Glenn Davis was a Sunday afternoon visitor.

Mr. and Mrs. Jim Norman and children were dinner guests of her parents, Mr. and Mrs. Travis Gilmore Father's Day. Others present were Mrs. Norman's brother A-2c George Graham, who recently returned from two years service in Alaska. Mrs. Kate Samp-

les, and Mrs. Ed Ray Baker.

Mrs. Ronnie Brown and baby of Levelland were Sunday guests of her mother and grandparents, Mrs. Harvella Mason and Mr. and Mrs. Elgie Stewart. Monday visitors of the Stewarts were Mrs. Lucy Winn and children of Post.

MRS. ELVA PEEL and Beth, Mrs. Chester Morris, and Mrs. Paul Hedrick of Lubbock visited in Snyder last Tuesday with the Jimmy Byrd family.

Mr. and Mrs. Glenn Davis and Carol and Clarky Cowdrey attended a birthday supper last Thursday night in the Gordon community home of Mr. and Mrs. Weldon McGehee honoring their daughter, Sharon.

1st Lt. Joe Aimo arrived June 14 from Itozuke, Japan, for an extended visit with his wife and her parents, the Ray McClellans. The Aimos spent the weekend in Clovis, N. M., in the home of his sister, Mrs. Hal Hopson, and in Lubbock with Mrs. Brittie Harp. They left the first of the week for Phoenix, Ariz., to visit his mother and other relatives.

Mr. and Mrs. Earl Gregg visited in Hollis, Okla., Thursday and Friday with her aunt and uncle, Mr. and Mrs. C. J. Parr, and in Wichita Falls with an uncle, J. A. Norman.

Franklin Maxey accompanied his aunt and uncle, Mr. and Mrs. Arthur Floyd to Abilene where he left Saturday morning for Fort Leonardwood, Mo., for basic training in the Army.

Father's Day dinner guests in the home of Mr. and Mrs. E. M. Norman were Mr. and Mrs. Joe Fleming and children of Meadow and Mr. and Mrs. Gerald Norman and children. Afternoon visitors were Mr. and Mrs. Jim Norman and children.

Mr. and Mrs. Ronald Joe Babb and Randy were dinner guests Sunday of Mr. and Mrs. Fred Babb. Mr. and Mrs. James Babb were afternoon visitors.

NELMA AND DENICE Gandy of Tahoka came Saturday night for a week's visit with their aunt and uncle, Mr. and Mrs. Carl Fluit. Sunday dinner guests were Rev. and Mrs. H. O. Abbott and daughters, Mrs. Maud Thomas and Gloria Thompson. Other afternoon and evening visitors were Jerry and Ricky Bush, Mr. and Mrs. W. O. Fluit Sr., and Mr. and Mrs. Maurice Fluit and Mark of Post.

Mr. and Mrs. Quannah Maxey and family spent Father's Day in Roaring Springs with her parents, Mr. and Mrs. J. D. Green. Jane remained for a visit with her grandparents.

Mrs. Elva Peel and Beth and Mrs. Chester Morris visited in Lubbock last Thursday with Mrs. Paul Hedrick.

Visiting Friday evening in the Dillard Thompson home were Mrs. Betty Jones, Stanley, Gary Dee and Sandy, and Mr. and Mrs. Alfred Oden, Debra and Mike Hawkins. Rev. and Mrs. H. O. Abbott and daughters visited Sunday afternoon.

Mrs. Tommy Markham entertained Friday afternoon with a swimming party and picnic honoring her daughter, Debbye, on her eighth birthday.

Mrs. Elmer Cowdrey was ill over the weekend.

MR. AND Mrs. Bryan Maxey, Kay, Don and Mrs. Franklin (Naomi) Maxey spent Sunday in Carlsbad, N. M., with Naomi's parents, Mr. and Mrs. Paul Wersell and son. Mr. and Mrs. Maxey and Don returned home Monday and Kay and Naomi will be with the Wersells until July 14 when Kay will return home and Mrs. Maxey will enter summer school at ACC.

Mrs. Bud Mason, who is ill, spent last week in the home of her daughter and family, the Billy Lesters in the Gordon community. Visiting her and other family members over the weekend were

YANKEE DOODLE DANDY

Poka-Lambro lets Gaines contract

Poka-Lambro Rural Telephone Cooperative, which serves customers in Garza and five other counties, has let a contract for construction of 100 miles of new line and a new automatic exchange at Loop, Gaines County, to serve 130 new customers.

W. D. Harmon of Tahoka, manager of Poka-Lambro, says a goal of 2,000 customers in Lynn, Dawson, Garza, Borden and Terry counties has been set for next Jan. 1. There are now nearly 1,800 telephone connections.

FRIDAY VISITORS

Visiting Mr. and Mrs. W. C. Sullivan Friday were Mrs. G. A. Taylor, Mrs. W. A. Argo, Mrs. J. C. Champion, Mary Helen and John, of Slaton and Mrs. Evelyn Vaughn of Greenville.

SUNDAY GUESTS

Sunday guests of Mr. and Mrs. Jimmy Dale Peede were Mr. and Mrs. Herman Messer of the Kalgary community, Mr. and Mrs. Jess Peede, Mr. and Mrs. Tommy Arnold and Joey of Snyder, Miss Cora Beck, Bobby Ray Brush, and Mr. and Mrs. Wayford Williams.

VISIT PARENTS

Dr. and Mrs. Noah W. Stone of Temple are visiting their parents, Mr. and Mrs. N. W. Stone and Mr. and Mrs. R. A. Moore, this week. Dr. and Mrs. Stone are in the process of moving to Dallas where he will join the staff at the Methodist Hospital.

SUPPER HELD

The J. D. McCampbells were hosts for a social supper for deacons and elders of the Church of Christ Thursday evening. Approximately 25 attended.

MISSIONARY SPEAKS

Payne Hattox, formerly of Munday, spoke Sunday evening in Church of Christ. Hattox is leave from his mission in Stockholm, Sweden.

FATHER'S DAY GUESTS

Spending Father's Day with Mr. and Mrs. Lee Byrd were Mr. and Mrs. Bud Byrd of Midland and Mrs. Charles Benson.

DR. CARL L. DEAN, Optometrist EVERY THURSDAY—2 To 5:30 P.M. Member — South Plains Optometric Society With Offices in Greenfield Building

We will give and redeem them through Saturday night, June 27, so our customers can fill up any unfilled books and redeem any books they have on hand.

GREENFIELD HARDWARE COMPANY

Announcing

First Time Ever in Post — Organization of

Dale Carnegie Leadership Course

Maximum of 44 Accepted for Class

First Session — Monday, June 29, 6:30 PM at City Hall

Do you know that 85% of your success in life depends upon your ability to deal with people? When you lose your fear of speaking to a group, you also lose your fear of individuals, your fear of life. You are inspired to undertake and accomplish things you never dreamed possible before. New dreams, new desires, new ambitions begin to direct your life.

The training will begin in Post at 6:30 p.m., Monday, June 29, at the City Hall. Fourteen sessions later you will have the ability to win friends and influence people; Criticism is not permitted in the Carnegie training — you will never be embarrassed or criticized.

WE WILL NOT LET YOU FAIL!

Contact Joe Hood or Norman Carey at the Rocket Motel for information or Attend, as a Guest, the First Session Monday Night.

'Share the Road, Arrive Alive!' is slogan for holiday drivers

"Share the Road—Arrive Alive!" are these words Maj. R. A. Crowder, commanding Region 5 of the Texas Department of Public Safety, today urged all motorists to support the Share the Road program of the Department of Public Safety for the July 4th holiday.

"To stay safe in traffic, the driver must be keenly aware that he is not the only one on the road," he said. "He's just one of many drivers, so he must keep in step with the others and share the road with them," he continued.

Crowder said this involves, first of all, a willingness to share, and then the skill and judgment to do the right thing at the right time.

He gave the following rules as a guide to drivers to help them fit their driving to the pattern of holiday traffic:

1. Keep alert. Develop defensive driving. Study the road ahead for accident situations. The higher the speed the farther ahead your attention must be fixed.
2. Think ahead and plan emergency measures. Know your own and your car's capabilities. If the road ahead should suddenly block

your lane, could you stop? Could you swerve to avoid an accident?

3. Be adaptable. Get the feel of changing traffic, road and weather conditions and adjust your speed immediately.
4. Pace yourself by the traffic around you. This includes noting

Extension agents are out of town

Both Extension Service agents are out of their offices this week, and Miss Jessie Pearce, home demonstration agent, will be away about four weeks.

Miss Pearce is in her first week at Fayetteville, Ark., on a four week's leave of absence granted her by the Garza County commissioners' court. She is attending a school for home demonstration agents being conducted at the University of Arkansas.

Lewis C. Herron, county agricultural agent, will return Friday from College Station after spending several days attending a school on beef cattle.

traffic behind through constant use of your rear-view mirror. Don't race, lag, or ride the bumper of the car ahead.

5. Take only your share of the road—in the proper lane. Keep in the proper lane. Pass only when you see you have ample time and space to avoid cutting in and out. Signal all turns and lane changes.
6. Obey to the letter all traffic laws, signs, signals and the dictates of common sense and courtesy. If you make a mistake, don't lose your head. Don't jeopardize yourself and others by hasty, foolishly sudden moves.

The major had a special word to say about the enforcement of traffic laws over the July 4th holiday. "Careless and reckless drivers are going to be arrested by members of the Department of Public Safety. Every available man in my command will spend extra hours patrolling, not to see how many arrests can be made, but to see if a few lives can be spared this Independence Day in order to make it a safer and more pleasant holiday for the safe, law-abiding driver."

EVANGELIST FOR REVIVAL

The Rev. Roy Lee (above) and his wife are evangelists for a revival now in its third week at the Assembly of God Church. The Rev. J. R. Brincefield, pastor, announces a new record in Sunday School attendance was set last Sunday. "This spiritual revival is being enjoyed by all who are attending," the pastor said. The public is invited.

LOTS OF COMING AND GOING

Mr. and Mrs. Add Jones hosts for barbecue at home in Justiceburg

By CAROLYN McCOWEN

Mr. and Mrs. Add Jones were hosts for a barbecue at their home Sunday afternoon. Guests attending were Mr. and Mrs. Cecil Smith, Mr. and Mrs. Mason Justice and Dee Cecil, and Mr. and Mrs. Donald Jones, Donna and Roxanne of Post.

Mr. and Mrs. Fernie Reed and Bruce Gene of Menard visited friends and relatives here over the weekend.

Jerry Ray of Barnum Springs spent Friday night with Eddie McCowen.

Mr. and Mrs. Max Phipps were in Snyder Monday on business.

Mr. and Mrs. B. W. Wilson visited in Post Saturday with her mother, Mrs. Bertha Pike.

Mr. and Mrs. Billy Cantrell of Lubbock visited several days here last week with friends and relatives.

Mr. and Mrs. A. V. McCowen,

Carolyn and Bobby, visited in Lubbock Saturday with Mr. and Mrs. Bob Brookerson and Debbie.

MRS. BUD Schiehuber visited several days in Snyder with her father, Harold Wiley. Mr. Wiley has spent several days in the hospital, but he has improved greatly.

Mrs. Carroll Dean Eilenberger of Post is visiting with her sister and brother-in-law, Mr. and Mrs. B. W. Wilson and daughters this week.

Johnny McCowen of Post visited over the weekend with his grandparents, Mr. and Mrs. A. V. McCowen while his parents, Mr. and Mrs. Joe McCowen and Mr. and Mrs. Weldon Reed spent the weekend at Brownwood Lake fishing.

Mr. and Mrs. Hern Pettigrew, Rhonda and Patsy, of Slaton, visited Sunday with her mother, Mrs. Etta Clarkston and Dell Ross.

Mr. and Mrs. Max Phipps visited in Snyder over the weekend with friends and relatives.

MRS. CECIL Smith and Mrs. Mason Justice and Dee Cecil were in Lubbock Monday on business.

Mrs. Henry Key spent Monday night in Slaton with her sister and family. Mr. and Mrs. Hern Pettigrew, Rhonda and Patsy,

visited in Cross Plains Sunday with Mr. and Mrs. Charley McCowen and family and Mr. and Mrs. Burl McCowen were Mr. and Mrs. A. V. McCowen, Eddie, Carolyn and Bobby.

Clyde McAllister, who is working in San Angelo spent the weekend with his family here.

Mr. and Mrs. B. W. Wilson and daughters visited Sunday with her brother and family, Mr. and Mrs. Pete Pike and children of Post.

Mrs. Joyce Hancock and daughters of Seminole visited the first part of the week with her mother, Mrs. Etta Clarkston and Dell Ross.

Hospital Notes

Those admitted to Garza Memorial Hospital since last Tuesday were:

Mr. Robert Pace, obstetrical
Yvonne Moreland surgical
Ray Humphrey, medical
Mrs. J. A. Price, surgical —
Oles Odum, surgical
Sandra Benovadez, medical
Mrs. B. J. Woods, medical
Estell Williams, medical
Mrs. L. G. Thuet, surgical
Mrs. Artie Baxter, surgical
Marvin Crossnoe, surgical
Christine Gebera, medical
Vicente Torres, surgical
Betty James, medical
Lori Lynn Watts, medical

Dismissed
Phillip Tannehill
Carolyn Ledbetter
Ray Humphrey
Jack Garrard
Yvonne Moreland
Sandra Benovadez
Mrs. J. A. Price
Mrs. Rosa Mason
S. P. Johnson
Mrs. Robert Pace
Benny Shepard
Mrs. Charlie Brown

WEEKEND IN ANDREWS
Mr. and Mrs. Eddie Stewart and daughter Kelly Lynn spent Father's Day in Andrews with his father and family, Mr. and Mrs. James E. Stewart.

GRANDDAUGHTER VISITS
Visiting her grandparents, Mr. and Mrs. H. J. Dietrich, this week, is Kathy McBride, daughter of Mr. and Mrs. Arvel McBride of Alvarado.

Charcoal briquette firing sometimes risky business

COLLEGE STATION — Be careful when firing charcoal briquettes, says the Texas Farm and Ranch Safety Council. This is a major problem when cooking over an outdoor grill. Don't let an accident mar your family's enjoyment of an outdoor barbecue.

The Council cites two rules to observe when starting a charcoal fire: never use gasoline, either raw or in a mixture, to kindle any fire, and never add any kind of liquid fuel after the fire has started.

There are several methods you can use to start a fire safely. Paper or excelsior under the briquettes takes time and fanning but produces results. Some manufacturers treat the briquettes with a substance that burns readily when ignited. These cost a little more but are easier to fire.

Kerosene or a commercial charcoal lighter fluid also may be used. Put some of the briquettes in a five quart oil can and pour the kerosene or starter fluid over the briquettes until they are saturated. Pour off the excess fluid and you can use it again.

Put the saturated briquettes in the pit or brazier and light. Use a long candle or a paper "wick," made by twisting a sheet of newspaper into a tight "stick" shape. This will protect your hands.

Whether your grill or pit is located in the backyard, a lakeshore, park or recreation area, make sure it is located in an open space well away from buildings and trees, the Council cautions. Remember that the first "B" in barbecue stands for "Be Careful".

Santa Fe carloadings

Santa Fe carloadings for week ending June 20 were 32,570 compared with 29,380 for the same week a year ago. Cars received from connections totaled 12,725 compared with 10,714 for the same week a year ago. Total cars moved were 45,295 compared with 40,094 for the same week a year ago. Santa Fe handled a total of 42,469 cars in the preceding week this year.

Sour cream makes tasty casserole

COLLEGE STATION — Sour cream continues to rise in popularity with homemakers, says the Texas Extension Service.

During June Dairy Month, when so many retailers are featuring sour cream at bargain prices, try this recipe for chicken and sour cream.

Rub salt and pepper into the skin of a disjointed broiler or fryer. While this is flavoring, saute chopped onions in hot fat. Sprinkle generously with paprika. Use enough to give the onions a brilliant color. Add just a suggestion of vinegar.

Brown the seasoned chicken in the onion mixture. Then cover tightly and simmer until chicken is fork tender. Remove the chicken from the pan and add flour to the drippings. Stir until uniformly thickened.

Then add equal parts of tomato juice and sour cream. About a half pint each will cover one chicken well. Blend until creamy.

Place chicken in the sauce. Cover tightly and simmer about 10 minutes. Serve hot.

Use this same recipe for individual casseroles featuring a breast of chicken for each guest.

Brooklyn gets its name from Breuckelen, a village in Holland, 18 miles from Amsterdam.

HOME AGENT SAYS

Freezers should be cleaned before summer stocking

By JESSIE PEARCE

Before you start restocking your home freezer this summer, you will probably need to clean it thoroughly. First, remove all packages. Place them in cardboard boxes and cover them with quilts or blankets to keep them from thawing while cleaning the freezer. Paper around the sides of the boxes also makes a good insulating material.

Next, remove all of the frost. If a scraper came with your freezer, use it. If you did not get a scraper for removing the frost, use a plastic or wooden one. Never use a metal scraper. You will damage the finish and run the added risk of puncturing one of the freezing coils. If the ice is thick, a fan placed outside the open freezer door will help circulate warm air into the freezer and melt the ice.

After all the frost is removed, wash the freezer with soap and water. Rinse with clear water and wipe dry. If there are any off odors, you will want to remove them before replacing the food or adding any new food.

To remove odors that the soap and water did not get, try using soda water. Use one teaspoon baking soda to each quart of water, or try household ammonia in the same proportions.

If none of these suggestions prove effective, don't give up. Try using heat to remove the odor. To do this, place a toaster or small electric heater inside the freezer. Then use an electric fan a couple of hours to blow the air out.

Activated charcoal, put into the warm freezer, will absorb odors released by the heat. This can be secured at the drug store. Or a commercial, wick-type air freshener can be put into the warm freezer for the same purpose.

After the odor has been removed, again wash the inside surfaces of the freezer with soda water. Activated charcoal left in for a while will pick up any left-over odor.

When replacing the old food, discard any that has been in the freezer so long it is no longer good. Place the oldest packages on top so that they will be used first, and there will be no need of discarding them later on.

It will pay to make an inventory of the food on hand as it is replaced in the freezer. This will tell you how much food you will need to preserve this year. It will also tell you what food you have that

Nation's first bale is ginned in Texas

HARLINGEN—The nation's first bale of new crop cotton for 1959 was ginned in the Lower Rio Grande Valley Sunday with the grower due to receive a \$2,500 prize.

The 496-pound bale, which graded middling bright with 1-16 inch staple, was raised by Jack Armstrong, who farms 13 miles north of Mission. Local officials said the bale was one of the best first bales here in many years.

Presbyterians to hear University student

James Sinclair of Lubbock, will preach Sunday morning at the Presbyterian Church.

Sinclair is studying for the ministry under the care of Austin Presbytery and is a junior at Trinity University, San Antonio. Members of the church will recall his being here last summer.

He is filling the pulpit for the Rev. Clinton Edwards who will be in Buffalo Gap, directing Junior Camp for Abilene Presbytery. Rev. Edwards will be back for the services on July 5.

PARENTS VISIT

Visiting Rev. and Mrs. Eugene Matthews Father's Day were her parents, Mr. and Mrs. W. L. Schoolcraft, of Rails.

That a hearing will be given and held by and before the City Council of the City of Post on the 6th day of July, 1959, at 10:00 A.M. in the City Hall to the real and true owners, whether named or correctly named herein or not, of all property abutting upon said streets within the limits above defined, and all others interested in said abutting property.

Following such hearing, assessments will be levied against each and every parcel of land abutting upon said street within the limits above defined and shall constitute a first prior lien on said property and a personal liability and charge against the real and true owners thereof.

Done by order of the City Council of the City of Post, Texas, this 15th day of June, 1959.

R. H. TATE, City Superintendent. 3tc (6-18)

SECOND TIME IN SOME PLACES

Hail Friday and Saturday hits crops near Southland and Pleasant Valley

By CAROLYN WARD
This part of the country seems to be getting from heavy rains to showers, or no rain. Hail swept part of the area last Friday evening, completely destroying young crops for the second time around Southland. Saturday evening hail damaged some cotton in the Pleasant Valley community.

Among those attending the Old Settlers Reunion at Tahoka last Saturday from this community were Mrs. Ed Denton, Mrs. Earl Morris and Riley Wood.

Mr. and Mrs. Weldon McGehee and family attended services at the Parkway Drive Church of Christ in Lubbock Sunday and were dinner guests of his parents and sister, Mr. and Mrs. B. F. McGehee and Jewel, and another sister who is visiting from California.

MR. AND Mrs. Fred Davidson and Louise spent Friday visiting Mr. and Mrs. Shine Miller in Littlefield and Mr. and Mrs. Travis Hopper at Spade.

Mr. and Mrs. C. A. Haire went to Graham last Wednesday where they visited relatives. They returned by way of Wichita Falls the first part of the week.

Spending the Father's Day weekend with Mr. and Mrs. Earl Morris were their two daughters and sons-in-law, Walt and Marilyn Lyman of Dallas and Arden and Jerry Ruth Maeker of Lubbock and their families. Mrs. Lyman and Mark and Marilyn and Pam Maeker are spending the week with the Morris.

Merwin Edmunds of Lubbock spent Sunday with his parents, Mr. and Mrs. Martin Edmunds. Other guests were Edmunds' parents, Mr. and Mrs. W. E. Edmunds.

Mr. and Mrs. Blanton Martin and daughter, Susan, of Hart Camp visited his parents, Mr. and Mrs. S. D. Martin, and her father, A. F. Davies, last Saturday. Mr. Davies has been in Mercy Hospital in Slaton. Susan remained for a visit with relatives this week.

Mrs. Murta Green of Lubbock was a visitor last week in the home of Mrs. Thelma Burkett. Sunday Mrs. Burkett and Mrs. Green went to Welch where they

'Phone company names new district manager

Effective July 1, Wayne King will become Lamesa district manager for General Telephone Company of the Southwest, replacing Claude Adams, who has been district manager since 1957, it is announced by J. L. Kemper, division manager. Adams will become district manager at Denton.

WAYNE KING

As Lamesa district manager, King will direct commercial and public relations activities in the Lamesa, Post, Tahoka, Wilson, Seagraves and Denver City exchanges which serve a total of over 8,079 telephones.

King, who is now a commercial representative for the company in San Angelo, has been with General since 1949 when he was employed as an accounting clerk at Sherman. He held various positions in the accounting departments in Sherman and San Angelo until September, 1958, when he became business office supervisor in San Angelo. He has held his present position of commercial representative since the first of this year. King has assisted with Boy Scout fund drives in San Angelo. He is married and has two children.

Soil conservation subject of stamp

A 4-cent postage stamp saluting progress in soil conservation will be issued Aug. 26 by the Post Office Department, the U. S. Department of Agriculture has announced.

The stamp will go on sale at area post offices around Aug. 26.

A total of 120 million stamps has been ordered for distribution throughout the nation. The artist for the design on the stamp is Walter Hortens of New York, a native of Vienna.

Susan Hayward stars in picture at Tower

Susan Hayward, winner of the coveted "Oscar" for her great performance in "I Want to Live," follows that tragic, highly dramatic performance with a completely different kind of role in Paramount's unique western, "Thunder in the Sun," which is to appear at the Tower Theatre Friday and Saturday.

As the fiery Basque beauty who heads a small colony of her countrymen making the trek to California in the 1840s, Miss Hayward will be seen in another off-beat characterization which should win new kudos for her. She is co-starred in the Technicolor adventure with Jeff Chandler. The supporting cast includes Jacques Bergerac, Blanche Yurka, Carl Esmond and Fortunio Bonanova.

Morale is when your hands and feet keep on working when your head says it can't be done.—Admiral Ben Moreel.

12 student patrolmen to train on highways in this area of state

LUBBOCK — Maj. R. A. Crowder, commander of the Northwest Texas Region of the Texas Department of Public Safety, said today 12 student patrolmen will arrive in Lubbock today for two weeks of "on the road" training during which they will observe veteran patrolmen in action.
 They are part of a class of 70 men who are completing the first phase of their training at the department's Law Enforcement Academy in Austin. The 10-week course consists of instruction in such subjects as criminal law, highway law, criminal procedure, mathematics, speech, accident investigation, first aid and scientific methods. In addition they are given a rigorous course in physical training including boxing, calisthenics, swimming and judo.
 Major Crowder said the trainees will not carry guns, wear uniforms or make arrests during their two weeks on the road in Northwest Texas, but will spend their time along with and observing patrolmen actually on the job of law enforcement.
 Upon completion of their field work they will return to the Academy in Austin for three more weeks of specialized work pointed directly to the service for which they have been selected — Highway Patrol, Drivers License, License and Weight or Motor Vehicle Inspection.
 Upon graduation from the Academy in an impressive late-July ceremony, the men will report to their assigned headquarters and enter a six-month probationary period.

Post couple attends state VFW meeting

Mr. and Mrs. Bob Poole have returned from Austin where they attended the annual state convention of the Veterans of Foreign Wars.
 At closing sessions Sunday, Oscar B. Jones of Longview was named department commander for the VFW. He succeeds State Senator Willis of Fort Worth.
 Among the other officers elected were Victor Afferbach of Lubbock, senior vice commander. Poole is immediate past District commander of the VFW.

FATHER'S DAY VISITORS
 Spending Father's Day with their parents Mr. and Mrs. H. W. Schmidt, were Mr. and Mrs. Jack Schmidt of Knox City, Mr. and Mrs. R. H. Schmidt of Grand Prairie, Mrs. Bill Jackson of Lubbock and Andy Schmidt.

SUNDAY IN LUBBOCK
 Mr. and Mrs. Jim Hays and family were Sunday guests of their daughter and son-in-law, Mr. and Mrs. Roy Gilmore and family in Lubbock.
