GALAXY OF QUEENS

Recognition of queens was one of the highlights of Friday's homecoming. In the top picture, Miss Maxine Durrett, exes- homecoming queen is being presented a gift by Harold Lucas, exes' president. In the center picture, football queen Barbara Shytle is being escorted from the field by tri-captain Charlie Morris. Bob Baker heads ex-student group

Approximately 150 persons attended the Post Ex-Students Association's annual homecoming banquet in the school lunch room Friday night and heard the Rev. C. B. Hogue, pastor of the First Baptist Church, give a humorous after-dinner talk on "Success." Estimates of ex-students taking part in the homecoming activities ranged as high as 200, but only 115 registered, according to Mrs. Marion Lee Minor, who was in charge of registration. Mrs. Minor said those who did not register are asked to list their addresses with Bob Baker, new president of the Ex-Students Association, in order that mailing list will be available for next year's homecoming event. Baker was elected president of the association in a brief business session which followed the dinner. He succeeds Harold Lucas. Other officers elected were Bobby Cowdrey, vice president; Barbara Babb, secretary, and Lois Floyd, treasurer. The trial got under way at 10 o'clock Tuesday morning, with the case going to the jury at about 3:20 p. m. The jury deliberated about 20 minutes before returning its verdict. Six witnesses were heard in the case.

Graveside rites held for Smith infant
Graveside funeral services for Robert Stephen Smith, stillborn son of Mr. and Mrs. Robert Smith, were conducted at 4 p. m. Tuesday in Terrace Cemetery. The Rev. C. B. Hogue, pastor of the First Baptist Church, officiated. Burial was under direction of Mason Funeral Home. Besides his parents, the infant is survived by his grandparents, Mr. and Mrs. James H. Smith of Spur and Mr. and Mrs. A. Branscum of Rotan.

School bond election looms for January or February of 1959

By CHARLES DIDWAY
Possibility of a bond election early next year for construction of a new high school building and remodeling of the present high school for a junior high building was seen this week following a school board meeting Monday night and a contract conference with architects Wednesday morning. The seven-man board of trustees expressed itself at Monday night's meeting as being agreed on school expansion needs and hopeful of being able to call the bond election before Christmas. It de-

veloped, however, that a few days would be required to reach a contract agreement with the Lubbock architectural firm of Atcheson and Atkinson, and Supt. R. T. Smith said today that "there isn't a chance of us being able to call the bond election for a date earlier than late January or early February." Tentatively agreed on, subject to the architects' estimate, is a high school building which will accommodate 400 students and to be constructed so that extra rooms can be added for increased enrollment.

Representatives of the architectural firm were present at Monday night's board meeting and told the trustees they were ready to make an estimate on the cost of the new building and the remodeling of the old structure as soon as a contract is agreed upon and the board lets them (the architects) know just what they want in the way of the new building and remodeling. The architects and their attorney were here Wednesday morning to confer with Supt. Smith, Board President E. R. Moreland, Board

Secretary Bobby Pierce and Attorney Pat N. Walker in regard to a contract. Following the conference, the superintendent told The Dispatch he felt that a satisfactory agreement between the board and the architects was only a few hours away. Supt. Smith told the trustees at Monday night's meeting that the school district is in fine shape as far as tax structure, bonded indebtedness, etc., are concerned. Smith pointed out that after a petition is circulated and the bond election is called, the board will

have three points to emphasize in getting over to the public the needs for school expansion: 1. This is what we need. 2. This is why we need it. 3. This is what it will cost us. At the outset of Monday night's board meeting, Smith handed out facts and figures which he had compiled on enrollment in the local schools over the last 15 years. The information disclosed that during the last 15 years enrollment has increased from 591 to 1,245, which is a student growth of 43.6 per year. In the last 10 years, the enrollment has increased 495 students, or an average of 49.5 students a year, and in the last five years the increase has been 350 students, or 70 per year.

The superintendent's fact-and-figure sheet showed that "if we grow in the next 15 years as we have in the last five, we will have 2,295 students; if we grow in the next 15 years as we have the last 10, we will have 1,987 students, and if we grow in the next 15 years as we have in the last 15, we will have 1,899 students." The consensus among the board members seemed to be that the rate of growth will be more nearly what it has been in the last five years than what it has in the last 15, which would mean that 15 years from now the local schools would have an enrollment of at least 2,295 students.

'59 Community Chest drive draws near goal

Garza County's 1959 Community Chest drive passed the 70 per cent mark toward its \$12,500 goal today with \$10,737.93 in cash or pledges already reported and three of the organization's six divisions still unreported and two others still incomplete. Jim Cornish, drive chairman, announced that the goal is "within reach" if everybody still to be contacted gives as generously as

those whose pledge cards already have been turned in. The \$10,737.93 total to date includes \$8,300 from the advance gifts division, headed by Ira Leo Duckworth; \$1,675 from Postex Mill employees, the only division now reported as complete, headed by R. J. Jennings; and \$762.93 from the rural division headed by Mrs. C. H. Hartel. Reports are due Friday on the

commercial (downtown) employees division, headed by Claud Collier, the oil employees division, headed by Edsel Cross; and the school employees division, headed by Supt. R. T. Smith. Duckworth predicts several hundred more dollars in contributions in the advance gifts division when all the cards are in. Mrs. Hartel reports that the rural Chest campaign has received \$148 from the Verbena community, \$337.43 from the Close City community, and \$134.50 from the Grassburg community. One team of the Graham community has turned in \$143 but has not completed its work and others are still to check in. Mrs. Hartel said that reports from both Southland and Justiceburg indicate the Chest drive is "doing nicely" in both communities, but workers from the two communities have yet to complete their solicitations and check in. MITCHELL WILLIAMS
District Attorney Williams resigns

Mitchell Williams of Tahoka officially announced today that he has resigned as district attorney for the 106th Judicial District, effective Dec. 1. Williams said he had submitted his resignation to Gov. Price Daniel. Williams issued the following statement of his resignation: "After approximately seven and one-half years in public office, as county attorney of Lynn County and district attorney of the 106th Judicial District, I am resigning my position as district attorney, effective Dec. 1, to enter the private practice of law at Tahoka. "I want to express my appreciation to the people of Garza County for their splendid cooperation with the district attorney's office during my three and one-half years in this position. The friendships and associations that I have made with the people of this county during the years that I have been engaged in law enforcement work are ones that I will treasure for years to come."

Choral groups to be presented Monday night

"Say It With Music," an evening's entertainment, will be presented by the choral department of the Post schools at 7:30 p. m. Monday in the grade school auditorium under the direction of Georgie M. Wilkison. Sixty students from the fifth grade will sing: "Sing, Sing Together," "Tura Lura Lura," "Moonlight Bay," "El Burrito," "It Ain't Gonna Rain," and "One More River." Carol Camp, Dixie Lucas and Arleta Robinson are accompanists for the fifth grade group. The sixth grade chorus of 50 voices will sing: "Gypsy Song," "Waltzing With Anya," "Kookaburra," "When the Chestnut Leaves Were Falling," "Cotton Needs Pickin'," and "Planting Rice." Accompanist for the group is Gayla Johnson. The junior high school chorus, composed of 120 voices, will sing: "Go Tell It on the Mountain," "Jacob's Ladder," "The Orchestra," "Katy the Kangaroo," "Michael Finnegan," and "Little David Play on Your Harp."

Also on the program will be the high school (freshman) boys' quartet singing "Wedding Bells," and the high school girls' sextet singing "Wabash Blues." Members of the boys' quartet are Leslie Acker, Lee Williams, DeWayne Capps and Clarence Ivie. The girls' sextet is composed of Alice Joy Nichols, Kay Martin, Janene Haynie, Sharon Jobe, Karen Potts and Sandra Kennedy. Rounding out the evening's entertainment will be the following songs by the high school choir: "Walking Song," "The Soldier," "The Year of Jubilo," "Old Chisholm Trail," "Kentucky Babe," "Jesus Walked This Lonesome Valley," and "When the Saints Go Marching Home." This public is invited to attend this first 1958-59 public appearance of the school singing groups, Wilkison said.

14th liquor charge filed against Wynn

A charge of unlawful possession of alcoholic beverages for the purpose of sale has been filed against Hovie Wynn, Post Negro, following a raid here Friday night by State Liquor Control Board agents out of Lubbock. It was the 14th liquor law violation charge filed against Wynn since May 28, 1958. Court records show that Wynn has paid a total of \$736.30 on four of the charges. County Attorney Carleton P. Webb said Wednesday that on all except the latest charge filed, Wynn has paid half the fines and costs assessed him, with the promise to pay the other half on Dec. 10. The total amounts to about \$1,250, the county attorney said. Sheriff Carl Rains said Wynn told him that on their most recent raid the liquor board men had uncovered a stash of intoxicants that hadn't been found "in more than four years."

Thanksgiving service to be on Wednesday

Annual union Thanksgiving services, sponsored by the Post Ministerial Alliance, will be held at 7:30 p. m. Wednesday at the First Baptist Church. "These combined services by all the churches represented in the alliance are designed to appeal to every citizen of Post," said a spokesman for the ministerial group. Organ prelude by Mrs. Glenn Norman. Call to worship by the Rev. Mr. Edwards. Invocation by the Rev. Almon Martin, First Christian pastor. Scripture reading by the Rev. Eugene Matthews, First Methodist pastor. Prayer by the Rev. Cecil Stowe, Church of the Nazarene pastor. "Come, Ye Thankful People, Come," by the First Baptist Sanctuary Choir. Thanksgiving message by the Rev. J. R. Brincefield, Assembly of God pastor. Closing hymn. Benediction by the Rev. A. W. West, Church of God of Prophecy pastor.

Presbyterian pastor and president of the Post Ministerial Alliance, will lead the order of service. Bob Miller, director of music and education for the First Baptist Church, will direct the music. The program will be as follows: Organ prelude by Mrs. Glenn Norman. Call to worship by the Rev. Mr. Edwards. Invocation by the Rev. Almon Martin, First Christian pastor. Scripture reading by the Rev. Eugene Matthews, First Methodist pastor. Prayer by the Rev. Cecil Stowe, Church of the Nazarene pastor. "Come, Ye Thankful People, Come," by the First Baptist Sanctuary Choir. Thanksgiving message by the Rev. J. R. Brincefield, Assembly of God pastor. Benediction by the Rev. A. W. West, Church of God of Prophecy pastor.

Banquet dedicated to Miss Samson

Mr. and Mrs. George (Scotty) Samson and son, Jack, were in Lubbock Saturday night to attend the annual county-wide 4-H achievement banquet which was dedicated to the late Miss Jeanne Samson. Miss Samson, daughter of the George Samsons, died last October after serving about 18 years as secretary of the Lubbock County Extension Service office, which has charge of 4-H Club work. Miss Samson was cited for "long, outstanding, unselfish service to 4-H members." She counseled with 4-H members and assisted them in their record-keeping and other endeavors. Her father is considered the man most responsible for establishment of 4-H Club work in Garza County, and was active in getting the first Extension Service agents brought into the county. Although not as active in the work in recent years, he continues to show an interest in the work of 4-H Club boys and girls.

Pancake supper is set for Tuesday

The Post Lions Club's annual pancake supper will be held Tuesday, Nov. 25, in the school lunch room, it was announced following this week's regular weekly meeting. Pancakes, bacon and coffee will be served beginning at 6 p. m. and continuing "until they quit coming," a member of the club said today. Tickets are now on sale at 50 cents each and may be purchased. Youth found guilty on muffler charge

A justice of the peace court jury Tuesday found V. A. Dodson guilty of operating an automobile with a defective muffler and recommended that he be fined \$25. Justice of the Peace D. C. Roberts said court costs amounting to a few dollars more than the fine would be added to the penalty. Dodson's attorneys, N. C. Outlaw and Tom Gamblin, have filed a \$125 appeal bond, Judge Roberts said today. The trial got under way at 10 o'clock Tuesday morning, with the case going to the jury at about 3:20 p. m. The jury deliberated about 20 minutes before returning its verdict. Six witnesses were heard in the case.

Home cattle feeding urged
South Plains cattlemen should keep their cattle on the plains and feed them milo instead of raised on the South Plains instead of shipping their cattle north for feeding and the farmers shipping their grain west and south for sale. That was the suggestion for immense future benefit to this area proposed to Post Rotarians Tuesday by Paul Marion, superintendent in charge of the experiment station at Spur. The experiment station devotes its efforts to livestock research and developments. The livestock researcher also recommended that a great deal of

Thanksgiving holiday For sure!

There's no question about the Thanksgiving holiday — it will be a holiday for almost everyone, including more than 1,200 school students and teachers. Post business firms will close, as well as city, county and state offices, the bank and the post office. There will be no mail deliveries. The Post Dispatch, in keeping with the Thanksgiving holiday tradition, will publish on Wednesday of next week instead of Thursday, to give Dispatch employees a Thanksgiving holiday. That means newspaper deadlines on both advertising and news will move up a day. Supt. R. T. Smith said the school holiday will begin at 2:30 p. m. Wednesday, with classes to be resumed the following Monday. The superintendent said the schools are dismissing early on Wednesday to make it more convenient for folks planning out-of-town trips for the holiday. Supt. Smith and some of the teachers plan to attend the annual convention of the Texas State Teachers Association in Fort Worth during the Thanksgiving holidays. Pie and coffee will be sold during the intermission.

Southland talent show set Tuesday

The Southland Cemetery Association's annual talent show will be held in the Southland High School auditorium at 7:30 p. m. Tuesday, Nov. 25. All amateur performers are invited to enter and compete for cash prizes. Those wishing to enter are asked to contact a member of the talent committee not later than Saturday, Nov. 12. Members of the committee are Mrs. Sam Ellis, Mrs. Jack Myers, Mrs. T. L. Weaver and Mrs. H. D. Taylor. Pie and coffee will be sold during the intermission.

help could be given in solving the effects of drought on the Southwest's cattle industry by farmers cooperating with cattlemen. ## Give thanks for Thanksgiving!

Next Thursday is Thanksgiving and in view of the holiday's stormy history, it might be well to have a Thanksgiving to give thanks for Thanksgiving.

Still fresh in the minds of most of us is the most recent Thanksgiving controversy, which arose when Franklin D. Roosevelt switched the date of the holiday from the fourth to the third Thursday in November. He hoped to help business by making the shopping period longer between Christmas and Thanksgiving.

Newspapers and magazines carried editorials advising readers to ignore the President and some Governors flatly advised their states to celebrate Thanksgiving the traditional day. Three years after the change was made, Congress officially restored Thanksgiving to the fourth Thursday.

Thanksgiving has been a controversial holiday down through the years, and the Pilgrims probably would have been shocked to their shoe buckles on Dec. 13, 1621, if they had known that their day of thanks was to become a yearly national holiday in the United States and Canada.

For the Pilgrims were dead-set against "annual" holidays, and refused to celebrate even Christmas and Easter.

According to research experts with The World Book Encyclopedia, the Pilgrims referred to the religious holidays of the Church of England as "Roman corruptions." They believed in celebrating only when Providence granted them a special blessing.

As if to prove their disdain for yearly calendarized celebrations, the Pilgrims did not have a thanksgiving celebration the next year. However, other New England colonists picked up the idea

and held "thanks days," usually around the end of November.

The Pilgrim-inspired holiday is today a joyous family day celebrated with big dinners and happy reunions, but it's a fact that the history of the holiday in the United States has been fraught with argument.

In 1789 a resolution was presented by a member of the new Congress proposing that a day be set aside to give thanks for the Constitution. The resolution was finally adopted, but there was much opposition by those who believed the Federal Government was meddling in a matter that should be the concern of the individual states. Thomas Jefferson called such Government-proclaimed holidays a "monarchical practice" and ignored thanksgiving during his eight years in office.

Mrs. Sarah Hale, editor of Godey's Lady Book, worked for 30 years to promote the idea of a national thanksgiving day. Mrs. Hale had a double-barreled attack—she printed editorials promoting the idea and also included tempting recipes for Thanksgiving delicacies.

In 1863 Lincoln proclaimed that the last Thursday in November would be Thanksgiving Day. Each year afterward, the President of the United States proclaimed that Thanksgiving should be celebrated on the last Thursday of November.

It stayed that way until President Roosevelt's switch of the date in the 1930's.

So, as we here in Post and Garza County give thanks for good grain and cotton crops, for general health and prosperity, for our friends and our families, let's also give thanks for Thanksgiving.—CD

## THURSDAY to THURSDAY

By CHARLES DIDWAY

WHILE WE WERE too tied up with other things to sit in on many of the activities, we gather from what we've heard that Homecoming went over with a bang. We got around to the banquet barely in time to take a few pictures, including one of exes' queen Maxine Durrett, then had to gather up our paraphernalia and scoot over to the stadium to get set up for pictures of the band and football queens.

In fact, we had so much to do late Friday afternoon and night that several times we came dangerously close to getting as mixed up as some young ladies we heard about last week. These young ladies, one of them told us, went to a wedding shower at Slaton, but somehow or other got in the wrong house. Asked if those were gifts they carried in their arms, they answered in the affirmative, and were told to place them on a bed in another room. A minute or two after carrying out the instructions, they discovered that the people in that particular house were getting ready for some sort of a church party instead of a wedding shower.

TOO BAD THE new fire truck the City of Post is going to purchase won't be here in time for Santa Claus' pre-Christmas visit, since he has been riding into town on the fire truck for the last several years. However, the new truck is scheduled for delivery in the summer of 1959, so it'll still be almost brand-new for Santa's ride into town next year.

Incidentally, we've noticed in the papers the last few weeks that Santa Claus will be making pre-Christmas visits in and on just about everything except his sleigh and reindeer, which, of course, he is saving for the night before Christmas. A story from Lufkin in Sunday's Dallas News says Santa Claus will make his annual appearance there Nov. 28 atop an elephant—that's right, a real live three and one-half ton elephant.

SINCE THE Air Force informs us that there is no such thing as flying saucers, Santa, of course, can't come in on one of those high-speed contraptions. But we don't know about that—about there not being any such thing as a flying saucer. We'll bet the Air Force brass putting out that propaganda would also tell little Virginia that there just isn't any Santa Claus.

And, while we're on the general subject, it isn't a bit too early for Post and Garza County youngsters to start thinking about their letters to Santa, which again this year will be published in The Dispatch's big Christmas edition. Teachers of younger pupils in all schools are invited to have their classes write Santa Claus letters and turn them in to The Dispatch.

WEDNESDAY, when the news deadline is staring us in the face from 8 a. m. until 5 p. m., is a bad time for anyone to spring a surprise on us. Last Wednesday afternoon, we had just taken the last page of a story from our typewriter and were checking over it, when in came a woman who stopped at our desk and wanted to know if we'd put some news in the paper for her. We glanced up at the woman, said, "Just a moment, please," then looked back down at the page of copy. Then, as our wits came back to us, from whatever corner of the office they'd snuck off to, we looked up again and recognized the woman as our youngest sister, whom we hadn't seen in several years. She'd just arrived from her home in Sapulpa, Okla., for a few days' visit with her deadline-racked, rattle-brained brother.

"I'll probably take us as long to live that one down as it did the one in which we took the Spur road to go to a football game at Floydada—which happened to be on a Friday instead of a Wednesday.

Most parents will agree with these "Translations From the Children":

"I'm all dressed"—he has his undershirt on.

"I'm all dressed except my shoes"—he does not have his undershirt on.

"I'm just tying my shoelaces"—he's looking for his shoes.

"I don't know why, he just hit me"—he hit his brother.

"I didn't hit him, just sorta pushed him"—he hit his brother.

"I didn't do anything"—he hit his brother.

"M-o-m-m-y! — his brother hit him.

"It's awfully cold in here"—he doesn't feel like going to sleep.

"It's awfully warm in here"—he doesn't feel like going to sleep.

"There's an awful lot of bears in here"—he doesn't feel like going to sleep.

"All the other kids are going"—some kid is going somewhere.

"Miss McPhetridge is mean"—he's being taught to read.

"Miss McPhetridge hates me"—he's not learning how to read.

"Miss McPhetridge is peachy"—he's learned how to read.

## Library is basic cultural need

The basic cultural need for a growing Post today is a public library of its own.

The community is trying to fill the cultural gap with a school library which also is available for adults.

But despite the fine efforts of all of those who have worked so hard with it, such a library isn't the real answer.

It isn't anywhere near big enough in space or in number of books. It is difficult to run it year-around on a fully satisfactory service schedule.

In citing the need for a public library, The Dispatch certainly is not criticizing the fine efforts that have been made in our library field.

But we do stand on the point that only a school library is not adequate for Post today.

Organizing and equipping a public library of adequate size for Garza County and staffing it for a real library service program to the entire community will be no easy task.

But it is a project which should attract the support of all thinking men and women here.

Many library authorities have concluded that the best way these days for communities to build

libraries is through generous gifts from those who want to establish a living memorial in the community in which they have lived.

Perhaps Post in the years to come can benefit from some such gifts to get the public library project under way.

A stimulus for a library should come next year when the bright new bookmobile of the Texas State Library comes to Garza, Dickens, Kent and Floyd counties to provide ten months of Texas rural library service.

The bookmobile is scheduled to move into this four-county area shortly after next Feb. 1.

A public library for Post and Garza County for years has been one of the prime objectives of many local folks. It is not an easy goal—but one which will be an enriching one to almost every phase of community life when it is attained.

Everyone's thoughts and ideas on a public library are welcomed. Post is big enough today to have real need for a public library. But in some quarters perhaps we are complacent about the problem because the community has never had the opportunity to know and enjoy the benefits of a library of its own.—JC

## New traffic ordinance looms

Adding fuel to the fire for more efficient law enforcement here is the proposed new city traffic ordinance, which was tentatively approved by the City Council at its last regular meeting. As it now stands, the measure lacks only a few minor revisions before being adopted by the Council, probably at a special session before the city dad's regular December meeting.

Enforcement of the traffic laws is one of the biggest snags in the over-all situation and the new ordinance was devised for the purpose of giving

the city marshal something concrete to go on in helping make the town a safer place in which to drive—and to walk. At the present, the city officer can only go by state laws in enforcing traffic regulations and these laws, as they apply to highways and highway approaches, don't always work out on downtown and residential streets.

The ordinance which the Council is thinking about passing covers practically every phase of traffic law enforcement and if it accomplishes its purpose will contribute to the well-being of every law-abiding citizen.—CD

## How to share in a good thing

Since there is no house-to-house canvass in the 1959 Community Chest drive ending tomorrow, many people who would like to contribute to the year-around program shared in by 11 participating agencies will not be contacted by Chest campaign workers. Having foreseen this development, Chest officials are making it possible for these folks to do their part by bringing or mailing their contributions to the First National Bank or the Post Dispatch.

We are sure there are any number of folks who want to share the satisfaction of having

"put over the top" the 1959 fund drive, which already is practically assured of being the most successful held here since the Chest was organized five years ago.

So, in order to get in on a "good thing" for the community and the county, people who have not been contacted can do so by bringing in or mailing in a contribution. For these folks, the same slogan applies as that used in the cases of those contacted by the advance gifts committee and "on-the-job" workers—"Give Until it Feels Good!"—CD

## What our contemporaries are saying

Birth and death and love frequently share the same dingy mail sack tossed from a train or stacked into a truck. Soiled, faded and ragged, the canvas sack is a faithful messenger of destiny and never betrays the uncounted secrets it regularly conveys. Its service includes protection from ice and snow, or the blazing heat of the desert. Its work is through sunlight and darkness; lonely railway stations or busy terminals as a drop in mighty rivers of messages. The heartbeat and the soul of a nation move through the flume of canvas.—Matador Tribune.

The last few days have been the golden ones. The cottonwoods are crowned with glory and earth clings to its last shreds of green while the black hand of frost seeks to destroy. The nights are flung with cold, white stars and the days awake to crispness and weakened sunlight. By noon warm laziness gives false promise and the afternoons are short-lived when the chill of evening breathes its warning. "Winter will soon arrive."—The Jayton Chronicle.

Never knew the thirst for knowledge would go this far. Parties unknown have made off with the "C" volumes from all three sets of World Books at the school library. Authorities would

like to have them back, probably so they can present the borrowers with scholarships. Incidentally, that "C" volume must be pretty hot stuff. Wonder if it has been banned in Boston?—The Lorenzo Tribune.

The reason men's suits always look the same this year as last is because that's what they are.—The Rails Banner.

Levelland school enrollment has hit the 3,000 mark for the first time and larger than usual first grade classes promise to boost this figure even higher in the years ahead. The situation leaves members of the Levelland school board facing some crucial decisions. The board possibly will have to sharply revise existing elementary school zone boundaries, construct new classroom facilities, shift bus students to different schools or a combination of all these things. Naturally, the people of the community will have the final say on any course of action. They always do when it comes to financing new schools or facilities with bond issues. But they can also have a great deal of voice in influencing the course of action which the school board proposes to submit to the people.—The Hockley County Herald.

## Home agent gives recipe for cornbread stuffing for turkey

as sage looses its strength rapidly when opened. In planning your shopping before the holiday meal, be sure to have the lightbread on hand to let it get stale. Fresh bread makes dressing gummy.  
Now for cooking the turkey to go along with the dressing for the Thanksgiving or holiday meal. Grease the fowl thoroughly with unsalted fat. Place breast down on rack in a shallow roasting pan. Place in pre-heated oven (325 F.). Allow 25 to 30 minutes per pound for cooking. To test for doneness, wiggle the drumstick; if it moves easily, the fowl is cooked. Be sure to completely thaw a frozen fowl before cooking.

**Thanksgiving calls for turkey cooking tips**

COLLEGE STATION — Turkeys will soon be in the trimmings for the dinner. Extension food specialists pass along tips that sanitary handling per storage are of importance to the safety, appeal and flavor of meat.  
Uncooked turkey should be loosely in aluminum foil paper and stored in refrigerator at 36 to 38 F. It may be kept this way 3 to 4 days; cut-up turkey for stuffing should be refrigerated. F. Wrapped loosely in foil paper, they may be kept three days.  
Proper care of leftover roast turkey is especially important. Specialists suggest stuffing from the bird, and stuffing separately in paper and store at 36 to 38 F. and stuffing with two days and heat through serving.  
Questions are often asked concerning the freezing uncooked turkey. This is definitely not recommended by specialists.  
It is best to thaw a turkey before roasting it. To do so, loosen the strings, leave it in, and place the refrigerator to thaw. This two days or more depending on the size of the turkey.

## Ancient clipping tells story of Duckworth - Knox marriage

(Ed. Note: On Sunday afternoon at 1 o'clock, Mr. and Mrs. George Duckworth of Justiceburg, pioneer residents of Garza County, will hold open house at the Garza County 4-H Building here on the occasion of their 50th wedding anniversary. The following article is from a 1908 edition of The Post City Post, telling of the Duckworths' marriage here. Since the journalistic style of the day was followed in both headings and article, we are sorry that the clipping was not in good enough condition for The Dispatch to reproduce in facsimile. However, we are running the write-up just as it appeared in Post's first newspaper 50 years ago.)

"Post City Wedding Was Grand Affair."  
 "Marriage Vows Were Solemnized by Judge Boren of That City."  
 "Sumptuous Supper Was Spread."  
 "Miss Elva Knox and Mr. George Duckworth Were Married at The Algerta Hotel November 18th—Thirty-One Guests Were Present at The Wedding."

"By far the most interesting affair, social or otherwise, that has occurred here during the autumn was the nuptial of Miss Elva Knox and Mr. George Duckworth, on the evening of the 18th just, at the Algerta Hotel.

"The bride is the beautiful and loveable daughter of Mr. Dock Knox, a prominent ranchman, who resides some miles southeast of this city.

"The groom is the manager of the Llano Cattle Company, who has large and important affairs entrusted to his care.

"This young couple number by the score their friends, who joyfully unite in wishing them a pleasant journey through life.

"The hotel, magnificent in appointments at all times, was especially prepared for the glad occasion. The parlor was decorated in white, trimmed with native cedar boughs, the lobby gay in the natural colors, and the color scheme

of the parlor was preserved in the dining room, but a bright tint added here and there.

"At 7:30 o'clock the bridal party, moving to the sweet strains of, "Call Me Thine Own", swept down the grand stairway, passed through the lobby and entered the parlor; aglow with warm and twinkling lights. Standing before the especially prepared altar, the attendants grouping themselves on each side, the groom and his fair companion heard the solemn words, delivered by Judge Boren, which unite them each to each for all time.

"The ceremony over, friends gathered around and showered congratulations, while, "O Promise Me", was softly played.

"A sumptuous wedding supper was served in the dining room, where covers were laid for 31 guests. American flags were placed as favors.

"Mesdames Brown, Swartz, Conway, Gardner and Miss Brown assisted most gracefully and graciously at the punch bowls.

"The bride's costume was made of beautiful champagne colored silk elaborately trimmed with meadow-hony and lace. Orange blossoms nestled in her hair.

"The attendants were as follows: W. A. Duckworth, brother of the groom, and Miss Virgie Justice, V. A. Wilks and Miss Nichols of Colorado, Sam Wilks Jr. with Miss Annie Butler.

"A ball was given and the many dancers glided to the sweet music of the Colorado String band 'til a wee hour.

"As the happy people sought their homes, the watchful stars twinkled soft benediction; a gentle breeze flowed up from the south and its barewings bore a wonderful message, "Love, nought all else is, save love."

## Postscripts

A black and gold color scheme was carried out when Mrs. Harold Childs entertained with a coffee for girls of her graduating class from PHS in 1943. Miniature football players around a large football entwined with yellow chrysanthemums formed the centerpiece for the snack bar. Enjoying a morning of reminiscing were Mrs. Claud Weather-shoe (Frances Terry) of Floydada; Mrs. Dwight Corbell and Mrs. Wilton Payne of Tahoka, Mrs. Kenneth Warshaw of Wilson, Mrs. Frank Smith of Lubbock, and Mrs. Bill Bennett, Mrs. Virgil Bilbo, Mrs. Odean Cummings, Mrs. Ed Neff and Mrs. Childs of Post. The group also enjoyed a luncheon at Levi's before beginning registration for the PHS homecoming activities.

The Dispatch will be published a day early next week, Wednesday, 26, for the Thanksgiving holiday, thus putting the deadline for society news up to Tuesday noon. Any parties, weddings, club meetings, etc., should be turned in not later than noon.

Mr. and Mrs. Quannah Maxey and daughters and Mr. and Mrs. Noel White were in Roaring Springs Sunday to celebrate the 85th birthday of Mrs. Maxey's father, J. D. Green. The group enjoyed a family dinner. Others present included Mr. and Mrs. John Kirksey and daughters of Lubbock, Mr. and Mrs. Louis Sinclair and children of Abernathy, Mr. and Mrs. Clark Forbis of Afton, Mr. and Mrs. Mervin Green and Bert of Roaring Springs, Mrs. Fannie Kelly, and Mr. and Mrs. Green.

Oops! I goofed! In writing the tour of Cub Scout Troop 3 last week, this reporter unintentionally wrote, "Brownie Troop 3." Don't know what could have been worse, unless maybe listing the Brownies as Cub Scouts. At any rate, The Dispatch was host to a troop of Cub Scouts last Tuesday, and I beg the pardon of nine cubs and their den mothers.

## Marianne Shultz is selected as member of NHS

Marianne Schultz, daughter of Mr. and Mrs. David Schultz, of Dallas, formerly of Post, and great-niece of Mrs. Lola Hays and Mr. and Mrs. Paul Duren of Post, was one of 11 students selected for National Junior Honor Society from Thomas J. Rusk Junior High School in Dallas Thursday night.

Selected on a basis of scholarship, citizenship, character, service and leadership, members of the Society have earned what Rusk principal J. H. Gurley terms "The highest honor this or any high school can confer upon a student."

Marianne, a ninth grade student at Rusk, is a member of the Library Council, president of the Rusk Junior Red Cross, press photographer for the Rusk Rambler

TURKEY DINNER  
 The senior class of Post High School will sponsor a turkey dinner at the school lunch room from 6 p. m. until 8 p. m. Friday for the benefit of the class fund. An advance ticket sale is being held.

## Merrymakers postpone November club meeting

Members of the Merrymakers Club voted to postpone their last meeting in November until Dec. 16, when they met Tuesday afternoon in the home of Mrs. Wren Cross.

The December meeting will be in the home of Mrs. H. N. Crisp at which time the group will have their Christmas party. Each club member was asked to bring a poem or reading to contribute to their Christmas program.

At the Tuesday meeting, the afternoon was spent piecing a quilt.

Attending were Mmes. Dave Sims, J. F. Storie, H. N. Crisp, Bonnie Adamson, Lonnie Peel and the hostess.

## Fall flowers used in decor at 'Workshop in Federation'

Fall flowers will be used in decorations when the Woman's Culture Club sponsors a "Workshop in Federation" at the First Christian Church annex today, 10 a.m. through 3 p.m.

Mrs. R. B. Jones of Plains will be the instructor, talking on subjects such as parliamentary procedures and what federation means.

A salad luncheon will be served, with Georgie M. Willson, Post school choral director, providing piano numbers during the luncheon hour.

The event is for all interested persons.

## Thanksgiving dinner to be held by club today

Plans were completed for a Thanksgiving dinner when the Golden Age Club met last Thursday at Antelope Alley. The dinner will be held today with special guests being Post ministers and their wives.

At last week's meeting, approximately 25 members enjoyed a plate luncheon, after which a business session was held by Mrs. Mary Ellis, president. The afternoon was spent in five tables of "42".

## Mrs. Marvin Hudman is president of SS class

Mrs. Marvin Hudman was elected president of the Amiga Sunday School class of the First Baptist Church when the group met with the Fidelis Sunday School class for a joint business session last Tuesday.

Other officers elected were Mrs. Naida White, vice president; Mrs. V. A. Lobban, secretary, and Mmes. Alma Brown, Ruby Kennedy, and Ben Ault, group captains.

Plans were made for the class' annual Christmas social, to be held Dec. 9.

## ANNIVERSARY INVITATION

Friends and relatives of Mr. and Mrs. George Duckworth are extended an invitation to the celebration of their 50th wedding anniversary.

The event will be held Sunday, Nov. 23, at the 4-H Building, south of Post, at 1 p.m.

### 1958 South Plains yearbook is on sale

"Miracle Area, U. S. A."—the story of the great South Plains in 160 pages of facts and photographs—is now available as the 1958 edition of the Parade of Progress comes off the press.

Featuring 33 communities in the fertile 19-county area that comprises the heart of this expansive Texas-New Mexico region, the Parade of Progress yearbook is being sent to industrial and investment corporation executives throughout the nation, Robert G. Wilson, Lubbock publisher, announced.

Of particular interest here are the four pages of facts and figures devoted to the prosperity and progress of Post during the past year.

"The yearbook is designed to tell the story of the South Plains and the economic potential that exists here," Wilson said. Copies are also being placed in college and high school libraries for ready reference on current area history.

In addition to being a modern "almanac" of civic and economic information about South Plains cities, photographs of community leaders, education, business and industrial sites and churches are featured.

Businessmen who wish to acquaint themselves with names of civic club leaders or government officials in one of the featured communities will find this information in the Parade of Progress. Statistics about various community and county business conditions are included along with brief historical sketches about the towns and counties.

### Vet's Forum

Q. I'm a Korea veteran, holding GI term insurance. I understand, by a new law, I now can convert it to a permanent plan. Is this so?

A. You will be able to convert it after Jan. 1, 1959. The new law permits Korea veterans holding term insurance policies with the letters "RS" before their numbers to convert to one of six permanent plans.

Q. On my discharge from the Armed Forces recently I received a lump sum disability severance payment. Will I have to pay this back to the Government if I am awarded VA compensation for the same disability?

A. Yes. The law requires that VA monthly compensation payments revert to the Government until the amount recovered is equal to the amount of disability severance pay the veteran received.

Q. I am planning to sell my GI home but cannot pay off the loan with what cash I will receive from the new purchaser. Do I have to have VA's consent to make the sale?

A. No. You do not need VA's consent to sell your property. However, if you wish to be released from possible liability to the Government, you must apply to VA.

Q. Is it possible for a disabled "peacetime" veteran to draw VA compensation at war time rates?

A. Yes — if the disability resulted from extra-hazardous service, as, for example, participation in simulated warfare, the veteran may be eligible for compensation at wartime rates.

# A Church Not Supported Weekly Is Weakly Supported

## What'cha doing? Let's go to church

No more satisfying and trusting relationship can be built than that based on a mutual interest in God and His Church. Consideration, respect and affection for one another should be the very foundation of church members. For a wholesome, rewarding start in life, young people should make the effort necessary to keep their interest in the church fresh and enthusiastic.

Don't neglect this area of shared fun and learning —

Make a date to go to Church!

**EVERYONE IN THE CHURCH**  
THE CHURCH IN AMERICA

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

**NEW HOSPITAL AND CLINIC**

Pictured here is the artist's conception of the new \$10,000,000 Scott and White hospital and clinic which will be constructed in Temple, Tex. Announcement of the new hospital and clinic came at a meeting attended by more than 80 out-

standing medical and business leaders from Texas and four other Southwestern states. Scott and White is a non-profit institution serving the Southwest.

**Scott and White makes plans for new diagnostic clinic, hospital**

Designed as the nation's most modern combined diagnostic clinic and hospital, a \$10,000,000 building project has been announced by the board of the Scott and White Memorial Hospital of Temple. It will provide 279 beds and facilities for 50,000 clinic and hospital patients annually. An innovation for care of the critically ill will be a special observation unit on each hospital floor. A nursing station will be surrounded by a circle of 12 private rooms, where all patients will be under constant observation within a few steps of the nurses. This, it was said, will improve service for many of the critically ill.

Four hospital bed floors in the shape of a cross (A) and two clinic floors (B) rise above the first two floors and basement, which contain diagnostic and research laboratories, surgical and X-ray departments, rehabilitation therapies and other jointly used facilities. A Nurses Residence (C) will help meet the shortage of nurses in the Southwest by increasing student nurse enrollment from 60 to 85. The structure marked (D) is a future building for educational purposes.

The consulting architects, Ellerbe and Company of St. Paul, Minn., designed the new Mayo Clinic and specialize in planning combined diagnostic clinic and hospital facilities. Architectural working plans will be prepared by

of study in mental illness prevention. For instance, it was found that half of the 148 first admissions to the State Hospital had eight years of schooling or less. However, only one-fifth of all Travis County residents had eight years or less of formal schooling.

**Medley of song favorites heard at PTA meeting**

The Post Parent-Teacher Association last Thursday night enjoyed a medley of song favorites from a group of sixth, seventh, and eighth grade students under the direction of Georgie M. Willson, vocal music instructor.

Members of the group were the "A" and "B" students in vocal music in the three grades. Soloists for the brief concert presentation were Marjorie Harrison and Darlene Bratcher.

Mrs. Nola Brister presented the thoughts of junior high students on several educational questions which were taken from a student survey conducted last week.

Few expressed themselves in favor of a ten months school term instead of nine, but many listed good discipline as one of the qualities they most admired in their teachers.

The organization in a short business session voted to spend \$100 to apply on the purchase of a \$299 duplicator machine for the grade school. The rest of the money is coming from profits on the school pictures.

**REVOLVING CREDIT PLAN "RCP" FOR OPEN CHARGE ACCOUNTS**

**1. What is Forrest's "Revolving Credit Plan"?**

It is a new service for those who prefer to pay a set amount monthly on purchases from Forrest. It works exactly like a regular charge account except the Customer has a longer time to pay.

**2. What may be bought on Forrest's Revolving Credit Plan?**

Any merchandise Forrest sells, providing that the price, plus the balance on the account, does not exceed the balance limit agreed on.

**3. When may additional purchases be made?**

At any time . . . up to the agreed on total balance.

**4. What size account is available?**

If you pay each Month	\$10	\$15	\$20	\$25	\$30	\$35	\$40	\$50
You may carry a balance up to	\$80	\$120	\$160	\$200	\$240	\$280	\$320	\$400

**5. May more than the scheduled amount be paid at one time?**

Certainly. This will increase the amount that may be added-on.

**6. Can the total limit ever be increased?**

Yes, with the approval of the Credit Manager.

**7. What happens when the entire balance is paid off?**

The card stays in the file, waiting your next purchase. During this time there is no service charge or payments due.

**8. Is there any charge for this service?**

Yes, there is a small charge added each month. It is 1% of the outstanding balance at the statement time. If the outstanding balance is \$90.00, for example, the service charge would be 90c.

**9. What is the purpose of the RCP Identification Card?**

The card will allow purchases without having to visit the Credit Department each time you wish to add something to your account.

**About Your HEALTH**

A weekly public service feature from the Texas State Department of Health. HENRY A. HOLLE, M.D., Commissioner of Health.

"An ounce of prevention is worth a pound of cure," goes an old truism. This is especially true in health matters. In most medical diseases there are warning signals, often recognizable by the untrained eye, which give ample time to consult your physician for treatment. And thus avoid spending costly time in a hospital.

The same applies to mental illness, with the difference being the inability of the untrained person to recognize the signs of an approaching mental disorder. We are all blessed with varying amounts of the wisdom of hindsight, but a recently-published research project of the Division of Mental Health, Texas Department of Health suggests ways to put this hindsight to work.

How many mental patients were previously known to local community health and welfare agencies? Have certain types of agencies been in touch with certain kinds of patients before they are admitted to the State Hospital? How many of their families have had these previous contacts? These and related questions about 148 residents of Travis County admitted to the Austin State Hospital during a single year, were answered by the study.

The study concerned patients who were admitted for care for the first time. Dr. Wallace Mandell, research consultant directed the study, assisted by Isabel Cromack. By checking the records of 11 agencies ranging from the City-County Hospital to the Salvation Army, they found that 46 per cent of the newly hospitalized patients had direct or indirect contact (through their families) with one or more of the agencies.

In addition several other facts were discovered opening new vistas

Burlington Industries, Inc., reports on net sales, earnings for fiscal year

Burlington Industries, Inc., of which the Postex Mills here are a part, reported today from Greensboro, N. C. consolidated net sales of \$651,461,000 and net earnings of \$11,687,000 for the fiscal year ending Sept. 27, 1958.

The figures compare with sales of \$671,191,000 and earnings of \$15,362,000 for the 1957 fiscal year.

Net earnings from operations, after preferred dividends, were equal to \$1.21 per share of common stock in fiscal 1958, against \$1.84 per share the previous year. In the fiscal year ended Sept. 27, 1958, income taxes were \$13,844,000, minority interests in earnings were \$236,000, and there were 8,519,691 common shares outstanding at the end of the period.

In the fiscal year ended Sept. 28, 1957, income taxes were \$18,062,000, minority interests in earnings were \$805,000, and there were 8,507,348 common shares outstanding at the end of the period. These earnings did not include a non-recurring net capital gain of \$592,000 realized on the sales of fixed assets and investments.

Profits in Feeding Near Record High in 1957-58

FORT WORTH — Net returns in six standard Corn Belt feeding programs ranged from \$39.00 to \$111.00 per head last seasons. These were the highest returns for several years, and were much above average.

Highest profits were in short-feeding of heavy steers for March-May sale. A heavy-steer program is always highly speculative. When sales are made at near peak prices, profits can be high indeed. This was true last spring. Later in 1958, when spring-purchased cattle were sold on the lower-priced late-summer market, profits in short feeding were much smaller.

Noteworthy in profit patterns last year was the favorable showing for feeding of good yearling steers for April-June sale. This program returned \$70.00 profit per head. In many years recently this, the most traditional of all Corn Belt programs, has been one of the less profitable. Last season saw it regain status, temporarily at least.

Long-feeding of steer calves, on the other hand, was one of the least profitable last year. In most years since World War II it has been among the best. The decline in slaughter prices last summer cut into long-feeding profits.

Record Large Imports of Cattle, Beef in 1958.

Imports of cattle into the United States in 1958 will total more than a million head. This will exceed the previous record of 764,000 in 1939.

From January to September, 406,000 cattle were imported from Canada and 328,000 from Mexico. Last year's totals, according to inspection data, were 393,000 from Canada and 343,000 from Mexico. (Official Census data differ only slightly from these records based on inspection by USDA.)

Imports of beef and veal averaged about three times last year's rate for January-September. Pork imports were up 30 per cent.

Receipts Light in Cattle Yards, Slaughters Steady

Much lighter than normal cattle and calf receipts at Fort Worth failed to stimulate trading activity to any degree. Slaughter steers and heifers sold steady and other classes were in relatively small supply but cleared early with prices on cows strong, some sales 50 cents above last week's close.

Stocker and feeder prices ruled strong to unevenly higher, very largely recovering last week's losses.

Good and choice slaughter steers and yearlings sold at \$20 to \$26, a load of 1150 lb. steers selling at \$26 and some good 945 lb. heifers at \$25. Common and medium sorts sold at \$17 to \$23. Fat cows sold at \$18 to \$21 and canners and cutters sold at \$11.50 to \$18.50. Bulls cashed at \$18 to \$23.

Good and choice slaughter calves cashed at \$25 to \$26.50 with a few choice to \$27.25. Common and medium sorts sold at \$22 to \$24.50 with culls down to \$17.

Good grade stocker steer calves sold at \$29 to \$32.50, medium grades \$24 to \$28. Several lots of medium and good heifer calves sold at \$24 to \$28.50. Most medium and good stocker steer yearlings sold at \$23 to \$27. A few cows sold in the \$17 to \$21 bracket.

Hog Market Is Steady: Sows 25 Cents Higher

Butcher hog prices were little changed from last week's close but sows ruled steady to 25 cents up. Choice butcher hogs cashed at \$19 to \$19.25 while sows sold at \$17 to \$17.75. A few head sold at \$18.

Saturday date set for 4-H awards

The annual Garza County achievement awards program will be held at 7:30 p. m. Saturday in the district courtroom with J. B. Potts, agricultural advisor at the First National Bank, as principal speaker.

monstration agent, and Lewis C. 4-H members will include the Gold Star Boy and Gold Star Girl pins, county medals, dress revue ribbons, Garza County and State of Texas fair premium checks, and other awards.

The presentations will be made by Miss Jessie Pearce, home demonstrator, Royce Hart, chapter president, Herron, agricultural agent, who are in charge of 4-H Club work.

The program will also include entertainment, and refreshments will be served.

"The public is invited to attend," Miss Pearce said.

KRHUTS VISIT SON

Mr. and Mrs. A. F. Krhut left Sunday for their home in Wakeeney, Kan., after visiting here since Friday with their son, Coach Frank Krhut. The couple attended the Post-Slaton football game Friday night.

Coach Albert Parsons spent the weekend visiting his folks in Odesa.

Cornish today urged drive workers to be sure and wind up their assignments and check in Friday either to their division chairman, if requested, or to J. B. Potts, treasurer of the Chest organization, at the First National Bank.

"We hope to be able to announce next week that the drive has reached its goal," Cornish declared.

He praised the enthusiasm and cooperation with which dozens of drive workers have tackled the big community job of raising 1959 funds for 11 different worthy organizations in the Community Chest.

The downtown employees division didn't get into action until yesterday, but the following business men readily accepted "block captaincies" to take the pledge cards to each business place or office in their blocks: Lynn Ingram, Joe Marshall, Victor Hudman, Jimmy Hundley, Harold Lucas, Max Gordon, Paul Crow, Mrs. W. R. Wilson (South Broadway), Keith Kemp (North Broadway), Dowe Mayfield Jr., and Carl Cederholm (courthouse).

The oil employees division cards are being taken to the various oil production and service firms here by Edsel Cross, D. C. Hill, David Newby, Earl Wrestler, and Martin Nichols.

Shell wildcat is being completed

Shell Oil Company is completing one wildcat this week as a Pennsylvania producer, but has had news from another — three drillstem tests of the Pennsylvania formation produced only salt water.

The new wildcat producer is its No. 1 Sims et al, 10 miles south of Post, where testing of the Pennsylvania is continuing after no oil shows were found deeper in the Ellenburger.

In an 11 hour swab test the well produced 109 barrels of fluid, including 5 per cent water and 6 per cent basic sediment with the rest oil.

The new strike is 2 1/2 miles east of Pennsylvania and Ellenburger production in the Teas pool on the U Lazy S Ranch.

The wildcat which created the bad news this week was the Slaughter G-1, two and one-half miles west of General American's Susie Koonsman two-level strike.

In three drillstem tests of Pennsylvania formations no oil shows were reported this week — only salt water.

The well is now being drilled deeper to the Ellenburger.

Another southern Garza County wildcat, Anderson - Prichard Oil Corp.'s No. 1-A G. W. Connell, was drilling ahead after failure to log pay indications on two drillstem tests opposite a Leonard formation just below 5,000 feet.

The wellsite is 660 feet from north and 1,980 feet from west limits of Section 38, Block 5, GH&H Survey, 10 miles southeast of Post on a 160-acre lease.

Another test being watched with interest is Southern Minerals No. 1 Davis, nine miles southwest of Justiceburg and an offset to the Koonsman strike. Seven-inch pipe has been set on bottom at 8,160 feet. Preparations are being made to drill out from under pipe and attempt open hole completion from the Ellenburger.

The test already has indicated possible Mississippi production. Wilson Exploration Company of Fort Worth has plugged back its deep test, the No. 1 Connell Estate from 8,328 feet to 3,325 feet and set 5 1/2 inch casing at 3,313 feet for tests through perforations.

It showed oil and gas on drillstem tests of the Glorietta between 2,947 and 2,990 feet and on a test of the Clear Fork at 3,158 to 3,216 feet while being drilled.

Paul C. Teas' Skeeter-Slaughter No. 2, diagonal offset to the Skeeter-Slaughter discovery well, is drilling below 8,000 feet this week preparing to test the lower Pennsylvania. This test is on the Slaughter ranch.

Sixth grade class attendance winner

Mrs. Minnie Will Williams' sixth grade class won first place in grade school attendance at the Parent-Teacher Assn. meeting Thursday night.

The seventh grade of junior high had the most in attendance, and the freshman and junior classes tied for the high school award.

Damage not high in two fires Wednesday

Two minor fires were reported to the Post Volunteer Fire Department Wednesday afternoon with no extensive damage.

The first fire was a trailer loaded with cotton just on top of the Lubbock cap, which belonged to Floy Richardson. Robert Cato, fire chief, reported that all the cotton was destroyed but the trailer was not damaged.

The second fire was a trash blaze in an alley behind Carleton P. Webb's home, with no damage reported.

He demonstrated Stilbestrol and Synovex, two of these hormones used to increase gain on cattle. He said that either of these used with Hydroxazine, a tranquilizer which aids the animal's gastrointestinal processes as well as provides for additional weight gain, enable feed lots to get 7-10ths of a pound more gain per day.

In answer to a question concerning his proposal for South Plains cattle to be kept at home and fed South Plains milo, Marion said all that is necessary to feed milo to cattle is to grind the grain. Millions of bushels of milo are available here for feeding, he said, and grinding is not expensive.

He invited Rotarians or any others from this area interested in the Spur experiment station's livestock projects to visit the station and have the projects explained on a tour of the station.

'Eligible voters' are defined for vote on cotton

COLLEGE STATION — Farmers "eligible to vote" in the upcoming referendum on 1959-crop cotton marketing quotas has been defined by Searcy M. Ferguson, chairman, Texas Agricultural Stabilization and Conservation Committee.

"The general rule is that anyone who engaged in the production of upland cotton in 1958 is eligible to vote in the Dec. 15 referendum," the Chairman explained. "This, of course, would include all persons — whether owner, operator, tenant, or sharecropper—who had an interest in the 1958 upland cotton crop."

"However, under provisions of law now in effect, the term 'eligible voters' also includes some other persons whose right to vote on cotton quotas may not be so well understood," Ferguson declared.

"For instance, any grower who had a 1958 cotton allotment for his farm but who produced no cotton this year is also eligible to

cast a ballot on 1959-crop cotton. "Likewise, a farmer who has his 1958 cotton allotment in his name is eligible to vote in the 15 referendum.

"These are the principal persons who are defined as eligible," the chairman stated. "Persons who are defined as eligible may also qualify as a guardian, administrator, executor, or trustee for someone in such a case the person whom he is acting may vote."

"Each individual's right depends upon his or her qualifications," Chairman Ferguson concluded, "and this applies to bands and wives, as well as to persons who were engaged in the production of cotton in 1958."

Where any person has about his eligibility to vote in the Dec. 15 referendum on the marketing quotas, he is to get in touch with his local ASC office where he may get all the necessary facts.

# Extra points enable Tigers to beat Post in final game

The late-starting Post Antelopes almost pulled one out of the fire for a homecoming crowd Friday night before finally losing to the Slaton Tigers, 30 to 26, with the extra points making the difference.

Trailing 22-8 at halftime and 30-12 with four minutes gone in the fourth quarter, the Antelopes finally came to life to rock a heavier Slaton team back on its heels for the rest of the game. But there just wasn't enough time. Only 28 seconds remained when halfback Charlie Morris lunged three yards through center for a Post touchdown and then added the Antelopes' only extra points on the same type of play.

**THE SCRAPPING** Post eleven had pulled up to 30-18 with 3:27 left in the game when fullback Derwood Mayberry uncorked a 77-yard sprint for a touchdown, his second long scoring run of the night.

The breakthrough for the Antelopes proved to be a 97-yard touchdown drive by the Tigers late in the third and early in the fourth quarter after Post quarterback Curtis Didway had boomed a 71-yard punt out of bounds on the Slaton 3-yard line.

The Tigers, with Pat Adamek and Howard Limmer alternating in lugging the leather, made the 97 yards in 21 plays, with the only setback on their goalward march being a 5-yard penalty at the mid-field stripe for delay of the game.

**THE ANTELOPES' sensational** fourth quarter rally had the large homecoming crowd on its feet throughout the final six minutes of the period. Figuring prominently in the surprising comeback were seven seniors playing their last game in an Antelope uniform—backs Charlie Morris, Jerry Windham and Sidney Hart and Line-men Bill Williams, Victor Hudman, Herbie Hays and John T. Brown.

Coach Frank Krhut's Antelopes got off to an early lead when, with 8:22 to go in the first quarter, Mayberry took a handoff from Didway, bowled over two would-be tacklers at the line of scrimmage and went 73 yards for a touchdown behind fine blocking. Windham failed on a running try for the extra points.

Slaton scored with 3:17 to go in the quarter after recovering a fumbled handoff on the Post 32. Limmer and Adamek carried to

the 4, with quarterback Randy Sanders mixing in a 6-yard pass, and Adamek scored from the 4 on a pitch-out. Sanders circled end for the extra points to give the Tigers and 8-6 lead.

**SLATON SCORED** again with only 10 seconds of the quarter remaining after recovering Didway's fumble on the Post 29. The Post line stiffened, but a 15-yard holding penalty hurt, and Adamek scored from the 4 four plays later. Giles Smith failed in a running try for the bonus points.

Glen Taylor intercepted a pass on the Slaton 46 on the first play of the second quarter to set up the Tigers' third touchdown. Ground eating runs by the 170-pound Limmer and 160-pound Adamek took the ball to the 5, from where Limmer crashed over with 7:27 to go in the first half. Adamek ran over the extra points.

The Tigers had another scoring opportunity after recovering Mayberry's fumble of the kickoff on the Post 32, but were pushed back by a 15-yard holding penalty and the ball went over on downs to the Antelopes on their 43. Outstanding defensive work by Mike Cornell, Kenny Poole, Welch, Windham and Mayberry helped halt the threat.

**THE ANTELOPES scored** their second touchdown with less than a minute gone in the third quarter after Williams pounced on a fumble on the Tigers' 14. Windham got only a yard at the line, but on the next try broke through for 13 and a touchdown. The senior halfback was stopped short in an attempt to run over the extra points.

Post's third six-pointer came following a pass interception by senior halfback Sidney Hart on the Post 24. The small, but scrappy, defender suffered an injured nose on the play and had to leave the game. Didway pitched one down the middle to Williams for 15 and a first down on the 39. Two plays later, the Post quarterback rounded end for 9 yards and a first down on the mid-field stripe, but a clipping penalty from the point of the foul set the Antelopes back to the 23. Then, on the identical play they had pulled in the first quarter, Didway and Mayberry worked a handoff to shake the Post fullback past the line of scrimmage, and he was off to the picnic grounds behind vicious blocking. Charlie Morris escorted Mayberry the last 50 yards of his run to shoo off the Slaton defenders. Once again, however, the Antelopes failed on their extra point try.

**AFTER ON-SIDE** kickoff attempts fizzled for the Antelopes twice in a row, the officials awarded the ball to the Tigers on the Post 38, with time running out on the scoreboard clock.

The big fullback Limmer banged center for 2, but Welch recovered the Tiger quarterback's fumble on the 38 to put another glimmer of hope in the Post fans.

Windham carried once and Morris twice to make a first down on the 50. Didway went for 9 on a keeper, then passed to Williams for 7 and a first down on the 33. The Post quarterback then heaved a perfect 30-yard strike to end Scottie Pierce, who was dragged down from behind on the 3. It took one play for the 140-pound Morris to bang it over through the only Slaton line.

**WITH BEING A few seconds** showing on the clock, Post tried

## Tech faces Hogs in homecoming game Saturday

LUBBOCK — Fast-finishing University of Arkansas meets Texas Tech in the Red Raiders' homecoming in Jones Stadium at 2 p. m. Saturday.

After a slow start, the Razorbacks have won over Texas A&M 21-8, Hardin Simmons 60-15, and Southern Methodist 13-6. Arkansas is 3-6 for the season.

Texas Tech has a similar, 3-5, mark, but the Raiders won their first two contests and didn't pick up another win until two weeks ago, 33-6, over Arizona. Tech bowed by a field goal to Tulsa for the third successive year, 9-7, last week.

Tech's chances depend a lot upon whether quarterback Jerry Bell is available. The Red Raider captain suffered a concussion in the first minute of the second quarter against Tulsa and never regained consciousness until after the game.

an on-side kick, but end Sammy Wilson gathered it in on the 40 and got back to the 50. Taylor was stopped at right end for no gain on the final play.

Besides the boys already mentioned, a number of other Antelopes contributed to the Post team's second half performance of the year. They included junior Dan Rankin, sophomore Jimmy Minor, Richard Ray and Gary Howell and freshman Bobby Beard.

By VERN SANFORD

Announcement of the lease of 30 acres of land at Port Mansfield by the State Parks Board is much more important to Texas' recreation program than the size of the property might indicate.

Port Mansfield isn't a new spot on the Texas coast. It's been there for years. But during the last year more people have come to know about it than for all the rest of the time it has been there.

Located at the end of a farm to market road, 25 miles east of Raymondville, it is one of the best fishing spots on the Texas coast. It can be reached over U. S. Highway 77 through Kingsville, south of Raymondville, or over U. S. Highway 81, south of Falfurrias to San Manuel, thence due east until paved State Highway 186 leads to the Gulf.

To give you a better idea, Port Mansfield is just 325 miles from Austin.

**FOR A long time** Port Mansfield has been a good fishing spot. But, it was hard to get to and had practically no accommodations. Today Port Mansfield has more covered modern boat stalls and better launching ramps than perhaps any other spot on the Texas coast. The boat stalls are on a basin provided by the Willacy County Navigation District.

Another important feature of going to Port Mansfield is the motel accommodations. Latest model is by Sid Wheelless, who built the famous Bar-K ranch near Austin. He has just constructed a modern motel on the banks of the bay waters. It is a place where the entire family can go. It has comfortable beds, nice rooms, a good eating place and is less than one hundred feet from the water.

Recently a group of Texas newspaper men spent the weekend at Wheelless' Red Fish Motel. It was just after the democratic convention. Their nerves were on edge and they wanted to get away from it all. So Wheelless invited them to come to Port Mansfield and fish for a few days.

**USUALLY THE best time** to go fishing anywhere is just before you get there or just after you left. This case was the exception, however.

The scribes hit two wonderful days of fishing. Everyone hauled away an ice box filled with some of the most beautiful trout you ever saw. Out there in the waters of Laguna Madre they were so busy pulling in those yellow-mouths and playing with skipjacks that they were able to forget completely for a few hours the political squabbles they had been sitting through for several weeks.

Wheelless had several good boats. Some of the Valley people brought other boats, to provide ample boating facilities. The Raymondville Chamber of Commerce gave a barbecue on Saturday night. There the people of Raymondville, who have been promoting the port project, told of their hopes and dreams of developing a real port at this location on the Texas coast.

People of Willacy County already have spent \$2,500,000 on the project. This includes the dredging of a cut through Padre Island, to connect the Gulf of Mexico with the mainland. Unfortunately, the cut was completed last year just before a tropical disturbance hit, causing the

By VERN SANFORD

cut to fill up too much for large boats.

**FISHING BOATS** still can go through the cut, however, to just about the finest fishing to be found anywhere.

Most of the fishing done by the newsmen was in Laguna Madre, only a short distance from the motel. Practically all the fish were caught by following the gulls.

There were two or three men to the boat. They would ride along the intracoastal canal and watch for the birds. When they saw a flock of gulls working the water, they would speed to the location and start plugging. For the gulls were the signal that large fish, foraging in Laguna Madre, were chasing bait fish or shrimp. The attacking fish would push the smaller fish to the surface. Gulls then would dive down and grab up the small fish, or shrimp. So the writers went after the big ones. It was fabulous fishing. On almost every cast you'd bring in a nice trout.

Most of our fishing was done on light tackle. I was using a Mitchell light action rod and an Ambassador reel. Another fellow in the boat with me had the same equipment, while the third was using a Mitchell 300. I am just mentioning this to show the type of equipment we had for this fast fishing. Most of us were using either 8 or 10 pound monofilament line. It stood up well and we lost very few lures.

**THE SPECS** hit on anything. One of our party had a home-made jig he used exclusively. Before we went out he offered to sell one to the lucky buyer for \$5. "After I got started fishing the price went double," he said. He looked at a Bingo that L. A. Wilke was using and announced that Wilke couldn't catch a spec on it. But he did. Then he went to a Pico perch. It brought in a nice trout. Then he tried one of those Hump salt water lures. It landed a fish.

By this time Wilke (who is an expert fisherman) wanted to find out what his tackle box and offered practically everything in it. Finally he settled on the Dixie Jet. He let it sink to the bottom to get away from the skipjacks. Then he jiggle it a little, about like fishing for sandies, and the next thing he knew he had a trout.

We quit fishing about 10:30 each morning and rested until mid-afternoon. Billy Disch, Austin marine dealer who fishes a lot, came in the second morning and announced that he had caught so many fish he never cared to catch another. He did, however, that very afternoon. It was too tempting to resist.

**ALSO FISHING** with the newspaper men were Dave Hawk, who has won more championships this year than any other fisherman in Texas; Doug English, who makes the Old English lures; and Earl Humphries of El Campo, who makes the Hump lures. English and Hawk both live in Corpus Christi.

With this sort of fishing you can bet that the State Parks Board's new park will bring many other people to Port Mansfield.

It's a beautiful drive. You see wild deer, turkey and javelina along the highway before you get there. And at the end of the road you find fabulous fishing.

## PS in... SPORTS

By CHARLES DIDWAY

Well, the boys have turned in the heavy grid "duckings" for the year and have checked out the lighter-weight basketball togs—new ones at that! Since Coach Al Parsons is as busy as the proverbial one-armed paper hanger with the hives along about now, we haven't been able to pin him down for a pre-season story on the roundball sport, but we've got it from somewhere that the Antelopes are to open the grind here next Tuesday night against the Ralls Jackrabbits, who also helped them pry the lid off the 1953 football season.

**Before we leave football** to the mothballs, along with the equipment, we'd like to comment on the fact that believe it or not this year's team had a much more successful season than last year's. They won three games, lost six and tied one, whereas the best the 1957 eleven could do wasn't near that good—no wins, 10 losses.

This year's Antelopes scored 182 points, whereas the best the 1957 edition could do was 47 points. In four conference games this year, the Antelopes scored 73 points, which is 26 more than they managed against ten opponents during the 1957 season.

**On top of that,** the Antelopes gave their supporters something to cheer about in most every game. Although losing by four points to their old rivals, the Slaton Tigers, in their final game, they covered themselves with glory during the last half and left most of the homecoming crowd limp and happy.

Mark our word, the boys are going to do even better next year!

**Getting back to basketball,** both the varsity boys and varsity girls are expected to have their best season in several years. There'll also be a number of other teams carrying the colors for the school, including "B" teams for both boys and girls, freshmen teams, junior high teams and grade school teams. Let's support them all—from now until the end of the season.

Post fans will be following with interest the bi-district playoff at Crane Friday night between the Golden Cranes of District 4-AA and the Spur Bulldogs, representing District 3-AA. In 1955, the same teams met for the bi-district playoff with Crane winning 25-21, in a thriller. It may be Spur's year this time.

**Another feather in the Post Antelopes' football helmet** is the fact that the Rotan team which they beat, 36-6, is champion of its Class A district. Post played one of its best games of the season against Rotan, which was no push-over for anybody. They're not expected to go far in the playoffs, but it's encouraging to know that the Antelopes hold a verdict

## Fishing license sales come near doubling in year

AUSTIN — Fishing license sales almost doubled during the fiscal year ending Aug. 31, according to the fiscal director of the Game and Fish Commission. Texas has bought 782,338 resident fishing licenses this year as compared with 1956-57 sales of 430,704.

"The increase is due mainly to broader coverage since some exemptions were eliminated in the present fishing license law," the director said. This was the first year a license was required to fish in coastal waters, and with any kind of bait when using a winding device.

Resident hunting licenses totaled 399,765. This is a slight decline from the 413,819 licenses sold in 1956-57, the director said, but all other types of licenses showed increases.

Revenue from fishing license sales was \$1,564,710, while hunting licenses brought in \$1,199,320. Total sales of all types of licenses was \$3,165,931.

Violators of game and fish laws spent \$93,472 for fines and court costs. Law enforcement expenditure, however, was \$1,431,273.

Total income to the Game and Fish Commission in 1957-58 was \$4,832,313.91. Services rendered to the public for the year cost \$4,920,830.97.

over a district champion.

Let's all go out and pull for the Antelopes—boys and girls—in next Tuesday night's games against Ralls.

"B" team had to go into overtime before winning 31-30, with a field goal by Peggy Ramsey providing the slim margin of victory.

Glenda Whittenberg, with 15 points, was high scorer in the "A" team's win. Kay Martin scored 10 points, Janet Stephens, 9 points, and Leta Stone, 6 points. Starting guards, who did a fine job of holding the New Home forwards in check, were Marsha Dean Holland, Sandra Veach and Pat Wheatley. Frances Barron and Jane Maxey also saw service at guard positions.

Anne Morris scored 14 points to pace Post to its victory in the "B" game. Other scorers were Peggy Ramsey, 6; Linda Taylor, 6; Raynona Young, 2; Ruthell Martin, 2, and Shirley McBride, 1.

Starting guards were Jane Maxey, Kay Maxey and Lois Hodges, with Wanda Foster, Judy Clary and Danella Bateman also getting into the line-up.

## 18 Antelopes are to receive 1958 football letters

Eighteen members of this season's Post Antelope football squad have earned letters and will be presented letter jackets, Coach Frank Krhut announced today. Letters were also won by team managers Don Richardson and Jerry Thuerl.

Lettering for the third time were senior halfbacks Jerry Windham and Charlie Morris, who were elected as team tri-captains, along with senior lineman Bill Williams, who will receive his second football letter.

Also lettering for the second time were seniors Herbie Hays and Sidney Hart and juniors Kenney Poole, Curtis Didway, Scottie Pierce and Forrest Claborn.

Winning their first grid letters were seniors Victor Hudman and John T. Brown, juniors Dan Rankin, Derwood Mayberry and Larry Welch and sophomores Jimmy Minor, Mike Cornell, Gary Howell and Richard Ray.

Fishing the season as squad members were juniors Wayne Hair, Horace Smith, Quentin Knight, Troy Holly and Ray Crispin, sophomores Kenneth Williams and Clarence Ivie and freshmen Tommy Boucher, Bobby Beard, Dean Johnston, Jerry Stone, Bobby Hudman and Jimmie Ivie.

"These squadmen who failed to letter were a big help to us all season long, and are being counted on to strengthen next year's team," the coach said.

going on record as wishing to outlaw cooperatives, no more than they go on record in favor of outlawing Big Business. The only point at issue is putting all enterprise on the same footing, under the same rules.

Unfortunately, in the dairy business in the nation today, there exists all the ailments of a sick industry brought on by monopolism. Very few independent dairy distributors any longer exist, with the bulk of the dairy product distribution falling into the clutches of two or three huge corporations who even own, or have an interest in, big food chains, merely to blank out competition from distribution in these stores.

Obviously, the dairy producers need protection from the predators in the dairy distribution business. It is difficult to tell what is the best form of operation in a free market, when a free market does not exist.

**Destruction of dairy cooperatives is not the answer.** For in addition, even with their tax favoritism, cooperatives have not been able to stop the march of monopoly in milk.

The problem is grave. On one side is the welfare of the nation's infants. On another side, is the problem of the welfare of the independent dairy farmer. In the middle, and threatening the welfare of both are the huge dairy combines. And while infants cannot organize, the independent milk producers can.

But undoubtedly, the only practical solution to entire problems would be for the anti-trust laws to be so rigidly enforced in the dairy industry that a free and open market would exist. As it stands now, milk distribution is a national disgrace.

# State Capital NEWS

By Vern Striford

AUSTIN — Texas state colleges and universities should concentrate on doing the best job possible of one thing — higher education.

To do this, some other things — like student medical services, intramural athletics and certain extension services — will have to be cut loose from tax support.

This is the gist of a report to be presented to the next Legislature by the Commission on Higher Education. Reached after prolonged study and discussion, the Commission's recommendations, if adopted, would be a significant and far-reaching step toward directing state spending on higher educational institutions toward "pure academic pursuits."

Commission will ask the Legislature for the largest appropriation in history, about \$67,000,000 annually, for the state's 13 tax-supported colleges and universities. This would be \$10,000,000 a year more than is presently provided. Extra money would be used to provide more teachers, better faculty salaries, improved library and research facilities.

On the other hand, the Commission turned thumbs down on the

## Prize-winning film returning to Tower

"From Here to Eternity," Columbia Pictures' prize-winning motion picture version of James Jones' powerful novel, returns to the Tower Theatre Friday and Saturday by popular demand.

The sensational romantic drama that walked off with no less than eight Academy Awards, including "best picture," best supporting actor and actress, best director, best screen play and three other awards, "From Here to Eternity" stars Burt Lancaster, Montgomery Clift, Deborah Kerr, Frank Sinatra and Donna Reed. Sinatra and Miss Reed won the best supporting actor and actress awards.

conducting of a number of extra-curricular activities at state expense. Things which the Commission recommends the Legislature NOT include in the higher education budget: (1) intramural athletics, (2) free or low-cost medical services for students, (3) the 17-year-old Cotton Research Council and the Rodent and Predatory Animal Control Service, (4) a bureau of business research at Texas Tech, (5) Texas A&M's Texas Transportation Institute and (6) operation of museums as a part of five schools.

**BEGINNING OF THE 56th Legislature** is a little more than seven weeks away. Each week brings forward more touchy problems the lawmakers will have to wrestle.

Some are new; some have been chewed over in many previous sessions. Examples:

**CITIES vs. CITY EMPLOYEES** — Texas League of Municipalities recently voted to ask the Legislature to step out of the field of regulating city employees' salaries, hours and benefits. It's a purely local concern, said the League State Association of Firefighters and Police Officers Association took a dim view of the proposal. Executives of the two groups met in Austin, promised a fight against "legislation which would erase all the progress of the past 20 years."

**FARM IRRIGATION** — Texas Farm Bureau delegates voted to ask the Legislature to make it a little easier for them to get a permit to use small ponds on their property for irrigation. At present, farmers may dam up to 200 acre feet and use it for household and domestic purposes. To use it for irrigation, they must get a special permit, reportedly difficult and expensive. Irrigation from farm ponds brought a hot contest between city and rural forces during the water legislation debates in the first special session, fall, 1957.

**TRAFFIC SAFETY LAWS** — Texas Safety Association, plus other groups, are pushing for legisla-

## David King included in WT recital group

ion aimed at reduced road fatalities. Points in the program: (1) allowing for the results of "drunkometer" (chemical tests for alcohol) tests to be introduced in court as evidence in driving - while - intoxicated cases, (2) stronger traffic law enforcement, (3) provision for enough highway patrolmen to do the job, (4) changing speed laws to meet standards of new roads, (5) improved traffic courts, (6) a uniform drivers license law and (7) universal driver education.

**MEDICAL PAYMENTS** — People approved a constitutional amendment to allow for medical aid payments to persons who receive state welfare checks. Next Legislature will have to pass a new law to put this into effect. Question is, Other states average \$6 a month for adults, \$3 for children. Such a scale in Texas would cost an estimated \$8,000,000 a year.

**ADVERTISING** — Voters also approved an amendment allowing for state-supported advertising of Texas' advantages. But margin of approval was narrow, foreshadowing some wrangling over how big a thing the program should be.

**LESS FISHING and more studying** time may be in the offing for Texas school students.

State Board of Education voted to recommend to the Legislature that the present 9-month school year be extended to 10 months. Earlier this month the Hale-Aikin study committee decided to recommend 9½ months of schooling.

A spokesman for the Texas State Teachers Association said he thought teachers were generally favorable to a longer year. More will be known after TSTA has its annual convention in Fort Worth.

Among groups that already have expressed opposition are the operators of summer camps and resorts. A longer school year would mean less time for them to be in operation.

Other questions sure to be raised are the extra costs coming at a time of financial strain and the possible ineffectiveness of study during hot weather weeks.

But probably the sharpest division of thought will be between parents (for) and children (against).

**STATE Insurance Department's** drastically reduced credit insurance rates are back in effect again.

Last spring the Department issued an order which, in effect, cut in half the legal rate that could be charged for credit insurance. Cosmo Ins. Co., Amarillo, and others sued in an Austin district court and obtained a court order preventing the Department from enforcing the new rule.

But the Fourth Court of Civil Appeals reversed this. It held that Cosmo was entitled to a court hearing as to whether the new rates were just and reasonable. Meanwhile, they're in effect.

**A SUIT charging scores of well-known persons and financial institutions** with a share of the blame for ICT's ill-fated history has been re-filed in an Austin district court.

It was originally filed last June when V. F. Taylor was receiver for the case. Then there was a complicated shake-up and turnover in the liquidator - receiver's office, bringing in an almost all-new team.

Now the suit has been filed again with the name of the new receiver, C. H. Langdeau, substituted on the papers.

This probably is the granddaddy of all damage suits. It asks \$15,000,000 damages. Defendants include such renowned names as Lloyds of London and Republic National Bank of Dallas.

## Tense drama to show at Tower next week

"Chase a Crooked Shadow," the Warner Bros. presentation starring Anne Baxter, Richard Todd and Herbert Lom, comes to the Tower Theatre here Tuesday and Wednesday.

"For the tensest tension of any picture in ten years, don't miss "Chase a Crooked Shadow," advises theatre manager John N. Hopkins.

The picture was produced by Douglas Fairbanks Jr. Also in the cast are Alexander Knox, Faith Brook, Alan Tilvern and Thelma d'Aguiar.

## Health Service notes Texas polio increase

Polio struck 10 more persons in Texas last week, the Public Health Service has reported.

This was double the number reported in Texas during the same week last year when only five new cases were diagnosed.

So far this year, Texas has had 504 cases of polio compared with 696 during the first 45 weeks of 1957.

## 'Gunman's Walk' is Tower feature Sunday, Monday

The story of a mad-dog killer gunned down by his own father, Columbia Pictures' "Gunman's Walk" stars Van Heflin and Tab Hunter and co-stars Kathryn Grant and James Darren at the Tower Theatre on Sunday and Monday.

Van Heflin, well-remembered for the magnificent portrayal of the invincible sod-buster of "Shane," and more recently as the reluctant hunter of Glenn Ford, amiable but dangerous outlaw of "3:10 to Yuma," has one of the greatest roles of his career in "Gunman's Walk." He plays an aging and powerful rancher, product of a free-shooting, hard-drinking era, unwilling to recognize the changing West of law and order and he rears his son, Tab Hunter, in his own violent image.

In contrast to the blistering violence of the main theme is a tender and touching story between Miss Grant, as part Indian, who falls in love with Heflin's second son, Darren. Darren rejects the violent way of life of his father and brother.

## Justiceburg Mothers' Club makes plans for school Yuletide party

By VIVIAN McWHIRT

There was a Mothers' Club meeting held at the Justiceburg school lunchroom Friday. The meeting was to plan the Christmas party for the school children at Justiceburg. Members attending were Mmes. Bandy Cash, Allen McCowan, Clyde McAlister, Bud Schiehuber and Denise, Margie Johnson and daughters, and Mrs. Albert Bevers. The next meeting will be Wednesday, Nov. 26, at 2:30 p. m. All mothers are invited to attend.

Mr. and Mrs. Douglas McWhirt and family went to Albany this weekend to visit Mrs. McWhirt's parents, Mr. and Mrs. Frank Breeden and their son, Skipper McWhirt. They all went to a fish fry sponsored by "The Tumbling T Club". Approximately 45 attended.

Denise Schiehuber was honored on her fourth birthday with a party Monday evening at her home. Gifts were opened, then birthday cake, ice cream cups, and cold drinks were served. Games were played and Mrs. Schiehuber took pictures of the group. Those attending were Patricia Jones, Jennifer Miller, Robbie and Danny McWhirt, Barbara Boren, Pat, Debbie, and Sue Johnson, Sonny and Glenna Beth Bevers, Julie Borer, Nancy and Kevin McGinness and the honoree.

Mothers attending were Mmes. Margie Johnson, Jim Boren, Douglas McWhirt, Sam Bevers Jr., J. K. Jones, Jim Threadgill, Harold Wiley, R. C. Borer, Riley Miller and Mrs. Bud Schiehuber.

RILEY MILLER went to Ozona Saturday on a deer hunt. He returned Sunday night and brought home a nice deer.

TO SING AT CHURCH OF CHRIST

The Lubbock Christian College a cappella choir will sing Sunday evening at the 6:30 o'clock services at the Post Church of Christ, Minister Ronnie Parker has announced. The choir of approximately 60 voices is directed by Wayne Hines. It will be the choir's second appearance at the

post church. They sang here last year shortly after the choir was formed. Lubbock Christian College is in its second year. The public is invited to attend and hear the group sing, the minister said.

## Laying flocks is bulletin topic

COLLEGE STATION — "Economics of Laying Flocks in Texas" is the title of a publication just released by the Texas Agricultural Experiment Station and Texas Agricultural Extension Service.

This 8-page bulletin reports the results of a study to determine the merits, costs and returns and production efficiencies of representative farm laying flocks.

Some of the topics discussed in the publication are description of poultry enterprise, production practices, prices paid and received, income from egg laying, and other related subjects.

The bulletin is available from local county agents or the Agricultural Information Office, College Station, Texas. Ask for MP-293.

## ON BOTH TERRACED AND UNTERRACED FIELDS

### Waterways important to prevention of soil erosion, technicians say

Waterways are very important to the farmers and ranchers in the Duck Creek Soil Conservation District as a method for preventing soil erosion, SCS personnel here point out.

A waterway is a means of conducting runoff water to a safe point of release with a minimum of erosion.

Waterways are applicable to both terraced and unterraced fields. The problem of locating and establishing outlets is usually associated with planning the terrace system. Where a waterway must be established to provide a protected outlet for terraces, it should be located where it can be constructed and maintained most economically and where it will function satisfactorily.

Usually the most satisfactory location for a waterway is in a natural drainage way. Here the slope of the channel is usually the flattest in the watershed. Sometimes it may be more desirable to locate

the waterway along a field boundary where it would have the advantage of interfering least with tillage operations. Such waterways are usually more expensive to establish since some shaping will be required.

All waterways should be protected by some type of perennial vegetative cover. Buffalo grass, vine-quit grass, western wheat-grass, and Blue Grama are all good grasses with which to seed a waterway. These grass seeds should be drilled in an undisturbed dead litter of sorghum or millet stalks or stubble or a comparable litter of cotton burs.

Cost sharing is available on both the shaping of the waterway and the establishing of the perennial vegetative cover.

Technicians of the local Soil Conservation office are available to give technical assistance in planning and applying this conservation practice.

### THE FANTASTIC STORY of MUSA-SHIYA THE SHIRTMAKER

(Also Sometimes Drygoods Selling)

If the shipping department of a factory had not made an error, the world would never have known of Musa-shiya the Shirtmaker and the most astounding advertising campaign in history would never have been launched.

Following World War I an English textile factory was getting back on a peacetime basis. In error it sent a full five year backorder of shirting material to Musa-shiya, a Japanese shirtmaker who operated a small shop in Honolulu. Business was poor and Musa-shiya was near bankruptcy, when the customs office informed him that certain bales of cloth and a fat bill for duties awaited his pleasure at the port of Honolulu.

When the little shirtmaker realized what had descended upon him, he asked for time and went into the silence for purpose of mental refreshment. Remembering a friend in a big mercantile establishment, he hid himself there and sought counsel. How in the name of the horned prophet of evil was he ever to get rid of all that English shirting? And in the meantime where was he to put it? His little box of a shop wouldn't hold one bale.

"You'll have to advertise," advised his friend. "Leave it to me. I'll have our advertising agents help you out."

This merely compounded the little Japanese shirtmaker's troubles. Advertising to him was an uncharted sea. The advertising agent called on Musa-shiya and suggested \$300 as a modest starter. "Too-o-o much. Maybe I think thirty dollar plenty," said the shirtmaker. He was told that wouldn't even get him in print. The agent explained the costs of various advertisements and finally Musa-shiya agreed to try the plan and what was destined to be the most astounding and far reaching campaign in the history of advertising was launched.

# Postmaster gives tips in Christmas mailing

Tips on Christmas mailings were issued to Postmaster Harold Voss. To insure yourself of fast, free Christmas mailings, the postmaster suggested these steps:

1. Parcels should be insured.
2. Parcels should be mailed at first or fourth class postage without labels, notations, or notations of any kind at the opening of parcels.
3. Packages should be inspected with modern sealing material carry better in the mail than old-fashioned ones. Strong cord should be used.
4. Combination Mail, one of the services of the Post Office, may often be used to advantage. It permits a letter to be enclosed in a gift parcel simply by paying the appropriate postage, plus the postage package itself.
5. Registered Mail, another of the postal services, which permits a recipient to obtain proof of delivery of Christmas letters or parcels having no intrinsic value (postage fee of 20 cents, plus postage, also may often be used).
6. Registered Mail, which provides greater security protection

to letters and parcels carrying items of real financial value, has many good uses.

7. Special Delivery service, which provides expedited delivery at the office of address during prescribed hours, is often useful.
8. Air mail and air parcel post, which provides quick delivery of cards and parcels to all sections of the country, can help greatly with Christmas mailings.
9. Postal delivery zone numbers, which speed handling of mail, should always be used wherever possible.
10. The "facing" of letters and cards so that they are all stacked the same way, with the address facing the same way, as well as the tying of mail into "Local" and "Out-of-Town" bundles will expedite mail, particularly when larger quantities of mail are sent. Free labels for "Local" and "Out-of-Town" bundles are available at post offices.
11. A free postal pamphlet—available at all post offices—entitled "Packaging and Wrapping Parcels for Mailing," should answer practically all questions any Christmas mailer might have on preparation of Christmas parcels for mailing.

# Post High Highlights

By MARCA DEAN HOLLAND

Well, football season is over for another year. And I think that the spectators, as well as the football boys, need a rest. Everyone has done a great job of supporting the Antelopes this year, and we are sure that they will keep up the good work during basketball, track, and other athletic competition, right on to football season next year. It helps 100 per cent when you have the backing of your hometown. Thanks to each and every one of you that helped make this football season one of the greatest in several. Just don't forget that sports are not over yet.

We didn't come out in the place in district that we had in mind and heart, but we didn't do bad either. I think that our ANTELOPES did a great job, and when you see one of them, let them know it. YEA, POST ANTELOPES !!!

The homecoming turned out pretty good. Everyone looked real pretty in their new frocks and big yellow mums. The flowers really set everything off.

Now that football season is over, it is time to get on with basketball. The boys play their first game Tuesday night here. And right in there with them will be the girls. The boys are real wild because they have new suits, and the girls are still proud of the ones they got last year. Be sure and come to see some good ball games.

Judy Gossett had a birthday party at Antelope Alley Saturday. Everyone seemed to enjoy themselves very much.

Teen Town was open after the football game Friday night, and there were quite a few kids there. Everyone enjoyed themselves very much. We only hate that it is not open more often.

Pat Wheatley was hostess to a slumber party after the game last Friday night. She served all kinds of food to a large group of tired and hungry kids. I don't think that anyone got a bit of sleep. Fun, yes?

The Senior Class will sponsor a supper tomorrow night at the school lunchroom. They would like for everyone to be there, of course. Hal! It would be a good idea to go to the supper and then cross the street and attend the basketball games. Don't you agree?

This week is SIX WEEKS TEST week, so GOOD LUCK kids on your exams. If you are like me, you will need it.

See you next week!

**GUESTS OF SHORTS**  
Guests in the home of Mr. and Mrs. Lowell Short and Janith over the weekend were his sister, Mrs. W. Z. Compton of Fort Worth, Mr. and Mrs. Mike Vardeman of Fort Worth, Mr. and Mrs. R. E. Short and Karen of Odessa and Mr. and Mrs. Leonard Short of Lubbock. They helped Short to celebrate his birthday Sunday.

## KAY MAXEY HONORED ON BIRTHDAY

### 'Ol' Man Winter' misses no one as he goes calling in Graham vicinity

By MRS. DILLARD THOMPSON

It certainly seems that a guest, "Old Mr. Winter" arrived Sunday night and is leaving no one off his "calling list".

Rev. and Mrs. J. E. Peters of Shallowater were Monday guests in the home of Mr. and Mrs. Gus Porterfield.

Glenn Davis was admitted to Garza Memorial Hospital last week as a medical patient.

Mr. and Mrs. Quannah Maxey, Jane and Diane, and Mr. and Mrs. Noel White spent Sunday at Roaring Springs with Mrs. Maxey's parents, Mr. and Mrs. J. D. Green. They observed Mr. Green's 85th birthday.

REV. H. O. ABBOTT spoke Sunday at the Methodist Church. He, Mrs. Abbott and two daughters were dinner guests in the home of Mr. and Mrs. Jimmy Doggett and children.

The Grassland W.S.C.S. is having a six weeks study with the W.S.C.S. of Draw on the book, "Concerns of a Continent, North America Neighbors."

Mr. and Mrs. Jon Allan Kelly and children of Lubbock were Saturday night guests of her parents, Mr. and Mrs. Bud Mason.

Mr. and Mrs. Jess Greeg, Judy and Gail of Ropesville visited Sunday afternoon in the Dillard Thompson home.

Mrs. Maud Thomas visited Saturday in the H. L. Mason home with Mrs. J. F. Mason. Saturday evening visitors were Mr. and Mrs. Jon Allan Kelly and family, Mr. and Mrs. Billy Lester and sons, Mr. and Mrs. Bud Mason and Brenda and Debra Mason.

PATSY THOMPSON attended church services Sunday morning in Post at the Calvary Baptist Church and was a guest in the home of Mr. and Mrs. Oscar Gordon.

Mrs. Alex Kittrell of Lorenzo accompanied her daughter, Mrs. Mary Lee Wristen home Sunday for a visit until Tuesday with she, Mrs. Lucile McBride, Annette and James.

Mrs. Delmer Cowdrey entertained Sunday with a dinner honoring

Kay Maxey on her 17th birthday. Present were the Cowdrey family. Mr. and Mrs. Mrs. Bryan Maxey, Don and Simeon, and the honoree. This was also the first time out for Simeon since his recent illness.

Friday night guests in the home of Mr. and Mrs. W. C. Bush were her nephew and family, Mr. and Mrs. Jim Boren and daughter, Barbara of Justiceburg.

MRS. W. A. Oden visited Friday afternoon in the home of Mr. and Mrs. Alfred Oden. Monday evening visitors were Mr. and Mrs. Billy Johnson and sons.

Mr. and Mrs. P. E. Stevens were at Buchanan Lake fishing over the weekend.

Mr. and Mrs. J. C. Pollard and family moved their trailer to the home of her parents, Mr. and Mrs. John Rogers last week. She and the children will remain here while Pollard will be Argentine, where he will push tools for Loflon and Porter Oil Co. He plans to leave next week.

Mr. and Mrs. Alfred Oden and Debra were Sunday supper guests in Post of Mr. and Mrs. Marlin Hawkins and Michael.

Tuesday guests in the home of Mr. and Mrs. John Rogers were Mrs. Hayden Rogers of Post and daughter, Mrs. Edwin Myrick and son, Ronnie of Lubbock.

**STATEHOOD DESIGN**  
The design for the 7c commemorative air mail stamp to be issued at Juneau, Alaska, when that territory becomes the forty-ninth State in the Union has been announced. Since the actual date of admission must wait on a proclamation by President Eisenhower, no date for first day sale of the new stamp can now be announced.

According to The World Book Encyclopedia's research department, the average American eats about six pounds of turkey a year. Sixty per cent is eaten at Thanksgiving and Christmas. You're proving the statistics if you eat one and four-fifths pounds of meat at Thanksgiving and the same amount at Christmas.

## HOSPITAL VISITORS

### Close City men call on patient

By MRS. WILL TEAFF

Rev. R. E. Bratton and R. B. Wilson went to Big Spring Friday to visit Mrs. Walter Brown in the hospital. They reported her condition very poor.

Mr. and Mrs. Douglas Tipton visited Sunday afternoon with Mrs. J. D. Tipton and the Reese Hodges family in Post.

Visitors in the Will Teaff home Sunday were Mr. and Mrs. Milton Bayer and children of Brownfield, Mr. and Mrs. Jim Barron and Mrs. Delbert Cockrell and Freddie. Mr. Bayer and Mr. Teaff went to Spur Sunday afternoon to visit Bayer's father.

Recent visitors in the Jim Barron home were Mr. and Mrs. James Barron of Wayland College, Plainview.

MR. AND Mrs. Eldon Roberts of Abilene visited in the Will Teaff home Friday. Saturday visitors Mrs. Charlie Kiker and daughters, Alice Faye and Diane of Post.

Mrs. Irvin Cross and children of Grassburg were Sunday visitors in the Bon Longshore home.

Recent visitors in the home of Mr. and Mrs. Mike Custer were Mr. and Mrs. L. A. Sparks of Rotan.

Mrs. H. F. Wheatley and Joe Boren visited in the home of Mr. and Mrs. Dan Carpenter of Tahoka last week. Mrs. Carpenter was ill.

**ATTEND DRAG RACES**  
Attending the drag races in Lubbock Sunday were Ronnie Morris and Judy Gossett, Jerry Key and Kim Pierce, and Jimmy Redman and Barbara Shytles.

Thanksgiving Day in Canada is not strictly a legal holiday. According to The World Book Encyclopedia, Thanksgiving depends each year on a special Government proclamation.

**TAKES PRACTICE AND EXPERIENCE**

**Good driver knows rules of safe driving; follows them carefully**

AUSTIN — Technique in driving, as in any field of activity, is developed to the point of perfection only after much practice and experience, it was declared today by J. O. Musick, general manager of the Texas Safety Association.

"The stars in sports, music and on the stage did not develop their talents overnight," he said. "Neither does a driver become a real pro at the wheel without knowing the rules of safe driving and following them faithfully."

The safety official called attention of Texas motorists to the five fundamental tips for safe driving during winter months:

1. **IT'S UP TO YOU.** You know that driving conditions are less favorable during the winter. It's up to you to winterize your car, to winterize your driving techniques—and to winterize your determination to avoid accidents.

2. **KEEP WINDSHIELD AND WINDOWS CLEAR.** Be sure that your wiper blades, your heater, and your defroster are operating properly. Clean frost and ice

from the windshield and from all windows of your car. Ventilate to keep the inside of your windows from fogging.

3. **GET THE "FEEL" OF THE ROAD.** In order to avoid unintentional sliding or spinning of your wheels, occasionally try your brakes or gently press your accelerator while driving slowly and as traffic and highway conditions permit. Then adjust your speed to road and weather conditions.

4. **FOLLOW AT A SAFE DISTANCE.** Keep well back of the vehicle ahead so that you will have plenty of room to stop. It takes three to twelve times as far to stop on snow and ice as it does on dry pavement. You may find it hard to explain why you couldn't stop when the other fellow did.

5. **PUMP YOUR BRAKES.** The best technique for stopping on slick roads, while maintaining full control of your car, is a fast up-and-down pumping of your brakes. Jamming and "freezing" on your brakes is almost certain to lock your wheels. This is likely to throw your car into an uncontrollable and dangerous skid.

"Faithful adherence to these rules will help even the newly licensed driver to become proficient in operating his vehicle under hazardous conditions," Musick declared. "The person who conscientiously applies these rules will develop driving techniques that will move him from the clumsy skidding and stalling class into the expert class."

**VISITS BROTHER**

Mrs. John Boren left Monday for her home in Sapulpa, Okla., after a few days' visit here with her brother, Charles Didway, and family. Mrs. Boren arrived in Post Wednesday of last week with her niece, Mrs. Jesse Smith, and children, who had been in Sapulpa visiting Mrs. Smith's parents, Mr. and Mrs. John Alexander.

**Younger workers equally affected by SS program**

More and more younger working people are relying on their social security benefits as the foundation for future security for themselves and their families. However, social security payments will only repay in part the income lost to the family in the event of the untimely death of the breadwinner. Also, at his retirement in old age or due to disability after age 50, only a partial replacement of his former earnings can be made by these benefits.

To be assured your family has the kind of financial security you would desire for them, you should plan for the future. In making your plans, you should be well aware of the income you or your family will receive from your social security benefits in providing for other income such as life insurance, annuities or other investments.

For this reason, the social security program holds as much interest for younger workers as for those nearing retirement age. It is to the advantage of everyone to learn of their rights and benefits from this program early and not wait until the time they may expect to receive a payment.

Your nearest social security district office has free booklets available for your use in planning your future security.

A representative of the Lubbock Social Security Office will be in Post on Nov. 23 at 9:30 a. m. in the district courtroom and will be glad to assist in all matters pertaining to Social Security.

**NEW SERIES IN FORD LINE**

A new series in the 1959 Ford line—the Galaxie—captures more of the taste and styling flavor of the Thunderbird than any other Ford model. Compared here, the Galaxie Town Victoria in the foreground bears a strong resemblance to the 1959 four-passenger Thunderbird—especially

in the roof area, yet it is priced to sell for only \$48 above comparable models in the Ford Fairlane 400 series. The new luxury series includes six different body styles and will be available at Ford dealerships in early December.

**CARS TO GO ON SALE IN FEW WEEKS**

**Savings Stamp design changed for 25-center**

WASHINGTON — Your local post office has a real bargain for you—a brand new United States Savings Stamp in patriotic red, white, and blue, at the same old price of 25 cents.

For an even better bargain, you can buy 10 stamps in an attractive Gift Book for \$2.50—or 20 stamps for \$5—and the book doesn't even cost you that extra penny.

The new stamp, a successor to the old 25-cent green Savings Stamp went on sale in post offices all over the country on Nov. 18. It marks the first major change in design since the present series was begun in 1942. The other denominations remain unchanged: the 10-cent stamp in red, the 50-cent is blue, the \$1 grey, and the \$5 brown.

The gift book is an entirely new item, providing a useful, attractive, and inexpensive gift for the youngster who "has everything." Size 4" x 2", the book cover is in red, white, and blue, picturing Uncle Sam wrapping a huge gift, with the wording: "A Gift of U. S. Savings Stamps" and the customary "To" and "From" lines. While especially appropriate at the Christmas season, the gift books are for all-year-round use.

Savings Stamps are accumulated in a special album, available free at all post offices. Filled albums may be exchanged for Savings Bonds at any bank.

More than one hundred million Savings Stamps were sold last year, at a total value of nearly \$20 million. Many of these sales were made through weekly Stamp Day plans in schools enrolling more than six million students. Many additional schools are in process of installing the Savings Stamp thrift plan this fall, the Treasury reported.

**OVERNIGHT GUESTS**

Mr. and Mrs. A. E. Floyd were in Dora, N. M., recently where they attended funeral services for a cousin, Jim Richards. They were overnight guests in the home of her sister and brother-in-law, Mr. and Mrs. Roy Holland in Portales, N. M.

**WEEKEND AT ABILENE**

Mr. and Mrs. Mack Terry were in Abilene over the weekend visiting with her brother and family, Mr. and Mrs. Jack Ballentine and children.

**Production of new Galaxie series being announced by Ford Division**

Ford Division announced today—nearly a year ahead of schedule—a new series of automobiles that will sell for only \$48 above regular Ford Fairlane 500 prices, but have a strong resemblance to the four-passenger Thunderbird—especially in the roof area.

Called the Galaxie, and originally a part of Ford's 1960 styling plans, the new luxury series contains six different body styles. To bring the Galaxie series to the market early, engineers, tool makers and product planners worked night and day and weekends in top secrecy. The Galaxie required more than a hundred different

parts and assemblies.

The Galaxie series comes in a two-door sedan, a four-door sedan, two-door hardtop, four-door hardtop, a convertible and a retractable hardtop.

In addition to the Thunderbird roof line, the Galaxie offers a Thunderbird-flavored interior with quilted and pleated fabrics over tailored seats, a new molding over the safety twin headlights, different fender ornaments, a modified instrument panel, a two-tone steering wheel, added chrome interior trim inserts and seat side shields. There are seven interior color selections. "Galaxie" script appears on the quarter panels and the instrument panel.

The suggested list prices, which are \$48 above comparable models in the Fairlane 500 line, start at \$2,303 for the two-door, six-cylinder sedan. The prices are lower than any luxury models in the low-price field.

Production of the vehicles started Monday at most Ford Division assembly plants. The cars go on sale at Ford dealerships in early December.

**HERE ON LEAVE**

Bobby Long is spending a 15-day leave with his parents, Mr. and Mrs. Lee Long. He recently graduated from the Naval Communication Training School at Imperial Beach, Calif., with a grade of 97.33, which was second highest in the class. Long is to go to Brooklyn for about two months then go to Turkey.

**SNYDER VISITORS**

Guests in the home of Mr. and Mrs. Charles Benson Saturday were Mr. and Mrs. Morris Brownfield of Snyder.

**VISIT IN LUBBOCK**

Mrs. W. C. Kiker, Alice Fay and Diane, visited Saturday in Lubbock with Mr. and Mrs. Roy Brown Jr.

**Formby to seek governorship**

State Highway Commission Chairman Marshall Formby said Saturday in Wichita Falls he will seek the Democratic nomination for governor of Texas in 1960.

His campaign is certain "unless something happens to the contrary," Formby said in an interview with the Wichita Falls Record-News. He was in Wichita Falls for ceremonies dedicating a mile-long section of the new Red River Valley expressway.

Formby, whose home is in Plainview, said groups in his home county, in West Texas and in other parts of the state have pledged their support.

He said he planned to start a campaign for the office after his term on the highway commission expires Feb. 15. He was appointed by Governor Shivers in 1953.

**IN ABILENE SATURDAY**

Mr. and Mrs. Lester Nichols and Leslie were accompanied to Abilene over the weekend by Miss Henrietta Nichols and Mrs. W. E. Blake, where they visited relatives and attended the West Texas State College-Hardin-Simmons football game Saturday afternoon. Miss Nichols and Mrs. Blake remained for a longer visit and are expected to return home this weekend.

**HOME FROM ARKANSAS**

Mr. and Mrs. C. L. Cooper returned last Wednesday from a trip to Fort Smith and Charleston, Ark., where they transacted business and visited their daughter and her family, Mr. and Mrs. Daniel Waggoner and daughters.

**SCD cooperators making plans for terrace build-ups**

A number of Duck Creek Soil Conservation District cooperators are making plans to carry out some of the needed soil and water conservation practices, such as terraces, SCS personnel here has announced.

The SCS points out that in most cases large ridge type terraces are used, except in cases where the runoff would empty into grass waterways or pasture land. Closed-in terraces not only make for better water conservation, but they protect roadways, creeks and rivers from excessive runoff.

Roger D. Hensley is planning on building up approximately 0.7 of a mile of old terraces and about 0.8 of a mile of new terraces. John F. Lott is planning on re-

**Red Angus cattle will be judged at Fort Worth show**

FORT WORTH — Red Angus cattle have been added for the first time to the judging schedule at the 1959 Southwestern Exposition and Fat Stock Show, W. A. King, livestock superintendent, has announced.

Red Angus have been displayed at the Fort Worth shows but this will be the first time they have competed for prize money. Awards in the Red Angus beef breeding class will total \$800. The new division has been added because of the growing popularity of the breed, King noted.

Aberdeen-Angus, one of the biggest cattle classes at the Fort Worth show, will have \$10,000 in prize money allotted for beef breeding classes. Black Angus also will compete for \$2,655 in awards in the open and junior steer divisions and \$2,370 in carlot-and-pen bulls.

The largest amount of prize money in the 63-year history of the Southwestern Exposition and Fat Stock Show will be offered at the 1959 show, Jan. 30 through Feb. 8. Awards totaling \$193,481 will be given winning exhibitors in various fat stock and horse classes and to top cowboys in the exposition rodeo.

**RESEARCH GRANT AIDS STUDIES**

**Monkeys are stand-in for man in lab's study of TB drugs**

CINCINNATI — Monkeys are the stand-in for man in the study of tuberculosis drugs in a laboratory in Cincinnati.

The monkeys have even proved adaptable in developing a type of tuberculosis more characteristic of human disease than of simian disease.

In charge of the monkeys is Leon H. Schmidt, Ph.D., director of the Christ Hospital Institute of Medical Research, who receives a medical research grant from the National Tuberculosis Association and its medical section, the American Trudeau Society, to aid his studies of the effect of drugs on tuberculosis. (Research monies are contributed by the 3,000 local tuberculosis associations across the U. S., including the 93 county associations in Texas. Such funds are also used in TB research along other lines being pursued in Texas.)

Several years ago Dr. Schmidt recognized the practical advantages of studying TB in the rhesus monkey. The animal is highly susceptible to tuberculosis and is a member of the same zoological order as man.

Actually, however, the susceptibility of the monkey to TB proved

a handicap. In the monkey it is an acute disease, spreading rapidly and usually causing death before cavities develop in the lung; in man, it is normally a chronic disease, often leading to cavities in the lungs.

Thus, Dr. Schmidt's first task was to produce a chronic, cavity type of disease in monkeys. He started by immunizing the animals partially by vaccinating them before infecting them, thus slowing down the disease process. Then chance came to his aid. Unable to get the young monkeys he had been using, he accepted a batch of older animals—and found that they had more natural resistance to tuberculosis than the younger monkeys.

With these older monkeys, Dr. Schmidt is able to produce in monkeys a type of disease simulating that in man, according to his report to tuberculosis associations.

Now, Dr. Schmidt has an ideal stand-in for man in testing the efficacy and toxicity of new drugs which may prove valuable in the treatment of tuberculosis, a disease which takes the greatest death toll of all infectious diseases.

**Two Southland Eagle grid players injured in final week of season**

By CAROLYN WARD

The close of the football season for the Southland High School Eagles has brought misfortune to two of the players. Dennis Popham suffered an injured hand and wrist and Robert Pritchard a broken arm, both injuries coming during practice sessions.

The Eagles closed their season Friday night with a 16 to 14 victory over Smyer in a district eight-man game. Southland won three conference games out of four, finishing second in the standings to the Wellman Wildcats.

Joan Chilcoat entered West Texas Hospital in Lubbock last week

and underwent an appendectomy. She returned home last Monday and is reported recuperating satisfactorily.

REV. RIVES, pastor of the Pleasant Valley Baptist Church, was a dinner guest of Mr. and Mrs. Martin Edmunds and family. In the afternoon, Rev. Rives and Mr. Edmunds visited Joan Chilcoat and her parents, Mr. and Mrs. Carl Chilcoat, at West Texas Hospital in Lubbock. They also visited Elmer Hitt, who is home after having been dismissed from the hospital.

Mrs. J. P. Manly of Post and son, Price, visited her sister, Mrs. Earl Morris, and Mr. Morris Wednesday afternoon of last week.

Mrs. W. E. Edmunds, who recently underwent eye surgery in West Texas Hospital, is out of the hospital and in the home of her niece in Lubbock. The surgery was a success and Mrs. Edmunds is making satisfactory improvement. Jerrilyn Huddleston and her roommate, Ann Capps, who are students at Abilene Christian College, spent the weekend with Jerrilyn's parents, Mr. and Mrs. J. H. Huddleston.

REV. AND MRS. S. M. Bean and Hazel were dinner guests of Mr. and Mrs. Earl Morris last Sunday. Mr. and Mrs. Weldon McGehee were in Denver City last Friday to visit his brother, Leroy McGehee, and Mrs. McGehee.

Wesley Scott, Mrs. Elmer Hitt and Mrs. Thelma Burkett went to Abilene last Sunday morning and visited Jerry Hitt, who is a student at Hardin-Simmons University. They attended services at the First Baptist Church here Sunday morning, returning home Sunday afternoon.

Visiting Mr. and Mrs. Martin Edmunds last Friday were Mrs. Edmunds' uncle and aunt, Mr. and Mrs. Walter Johns of Plattsmouth, Rev. and Mrs. Albert Murdock of Pleasanton, Neb., and another uncle and aunt, Capt. and Mrs. R. L. Johns and daughter of Lubbock.

MR. AND MRS. H. D. Taylor attended singing at Becton last Sunday. Mr. and Mrs. W. P. Lester were in Levelland Wednesday of last week to visit their son-in-law and daughter, Mr. and Mrs. I. J. Duff, and children, Deneise and Don, also their son and family, Mr. and Mrs. Troy Lester, Ronnie and Ricky. Deneise and Don came home with their grandparents last Friday and Mr. and Mrs. Duff came after them Sunday. Other visitors in the Lester home Sunday were Mr. and Mrs. Billy Lester and sons, Gary and Gregg, and Mr. and Mrs. Winston Lester and Allan Dale.

Mr. and Mrs. Fred Davidson and Louise visited Mr. and Mrs. Bob Russell in Post last Sunday afternoon.
