## LABOR SHORTAGE, RAINS SLOW HARVEST

### Ginning Total At 1,196 Bales

Garza County's cotton harvest was getting back into full swing Wednesday after being delayed a few days by last week's downpours of rain, which amounted to three inches in Post and more in other sections of the county. A check Wednesday morning with the county's five gins disclosed that a total of 1,196 bales had been ginned from this season's crop, which may go down as the smallest on record. Most ginneries contacted Wednesday said that labor shortages had slowed the crop's harvest even before the rains came. Early predictions placed the county's 1953 crop at figures ranging from 5,000 to 6,000 bales, and the total ginnings reported Wednesday indicate that the final figure will be somewhere in between those two estimates. L. B. Hambright of the Basinger & Hambright Gin in Southland reported that they had turned out 445 bales of cotton since the ginning season got under way six weeks ago. He said the gin turned out about 1,950 bales from the 1952 crop. It was reported at the Pleasant Valley Gin, where T. L. Adams, Jr., is manager, that 260 bales have been ginned. Last year's total was approximately 1,800 bales. A labor shortage has seriously hampered the harvest in that area. A total of 203 bales have been turned out at the Close City Co-op Gin, where L. H. Peel is manager. Last year's total was 200 bales. See GINNING TOTAL, Page 8

### Jaycees Decide To Select Their Project At Park

Members of the Post Junior Chamber of Commerce decided at Monday night's meeting to "take the bull by the horns" in their part of the city park project in order to "get something started." After hearing a report from Malcolm T. Brill, Jaycee park committee chairman, Jack Rex, Jaycee president, said he personally would visit the park site, decide on a place for the club to start its project and then ask for a "go ahead" signal from the park board. The Jaycees are as yet undecided as to the type of project they will undertake at the park, having held off on a selection until being told where to start by the park board. The Jaycee park committee chairman said he learned Monday from George Samson that funds have been made available for barbecue pits and playground equipment. The Double U Company has contributed a sum of \$800 to be used only for playground equipment if it was reported.

### Friday Is Homecoming Here

Friday will be homecoming for ex-students of Post High School and plans are being made for organization of an ex-students association during the day, according to Chant D. Lee, high school principal. Invitations to attend homecoming have been mailed to approximately 200 ex-students, but all others whose addresses were not on the mailing list are invited to attend, Lee said. Homecoming activities actually will get under way Thursday night at a pep rally and continue on the grade school campus just south of the tennis courts. Former students are invited to visit the schools Friday, and to attend a reception in the high school gymnasium between 5 p. m. and 7 p. m. Coffee and cookies will be served, and the reception will be concluded with a business meeting for the purpose of organizing a permanent ex-students association. Reserved seat tickets to Friday night's Post Station football game will be awarded as prizes to the earliest PHS graduate registering at the reception and to the one attending from the farthest distance. Each winner will receive a free ticket. Tickets for two sections reserved for ex-students will be sold at \$1 each during the reception. Lee said Sections E and F at Antelope stadium have been reserved for the exes. No other reserved seat tickets will be sold for the game, according to the principal. All ex-students are urged to register during the reception at the gym in order that an attendance record may be made available for future homecoming events. The reception program will include numbers by a male quartet singing band, and other features. See HOMECOMING, Page 8

### Mrs. Lela Browning Claimed Wednesday

Mrs. Myra Lela Browning, 81, a resident of Garza County since 1920, died about 5 p. m. Wednesday at the home of her daughter, Mrs. C. W. Carpenter of the Garnolia community. Funeral arrangements, which will be under the direction of the Hudman Funeral Home, were incomplete Thursday morning. Mrs. Browning was born Oct. 7, 1872, in Clay County, Ala. She moved to Garza County from Bellevue, Clay County, Tex., and lived in the Grassland community before moving to Post 11 years ago. Her husband, A. L. Browning, died 10 years ago. Mrs. Browning is survived by six daughters, Mmes. Mamie Patterson of Oklahoma City, Susie Belle Roberts of Corpus Christi, Nora Gerner, Annie Shepherd and Esther Carpenter of Post, and Pearl McCullough of Los Angeles; two sons, Len Browning of Tahoka, and Howard Browning, who lives in California, and two brothers, John Truitt of Gotebo, Okla., and Pink Truitt of Ashland, Ala.

### Speaker Blames Business For 'Creeping Socialism'

If individualism and free enterprise is to survive in America, the patrons of free enterprise must "turn aside long enough to put the hand of understanding under the arm of the man who doesn't strike it rich," Dr. D. M. Wiggins of Lubbock said here Tuesday in an address at the Post Rotary Club luncheon. "Government has taken over because you and I have fallen down in the market place," Dr. Wiggins said, "... creating a whole mirage of social security that none of us believes in." Dr. Wiggins told the Rotarians it is up to those who support the basic theories of free enterprise to sell the system to the public, but that it is tremendously difficult to keep the public educated on the true facts. The basic problems facing America, the speaker said, is how we can keep strong, defenseless, and at the same time keep a clear-cut understanding on the part of everyone responsible for this strength. Dr. Wiggins said he doubted that the average farmer in America today wants a sound dollar. "I am not sure he wants to pay the price it takes to buy a sound dollar," because individually he doesn't understand the means of production of economy, debt, money, etc. The speaker credited the greatness of the nation not to its resources, the talents of its people or its education. He said that the original virtues were made up of the honest and middle classes they settled. See DR. WIGGINS, Page 8

### Poll Tax Total Here At 159 Wednesday

A total of 159 poll tax receipts for 1954 had been issued up to noon Wednesday, according to records at the office of County Tax Assessor-Collector Carl Cederholm. It was also reported at the tax office that collection of 1954 state and county taxes is off to a good start. A 3 per cent discount is allowed for payment of taxes in October. The taxpayer discount will be 2 per cent. Collection of taxes at this date is well above the average. Cederholm said.

### Thanksgiving Service Is Set For Nov. 25

Thanksgiving services will be held Thursday, Nov. 25, at the Church of the Nazarene, it was announced this week following a recent meeting of the Post Ministerial Alliance at which plans were made for the annual community-wide services. The Rev. Charles E. Gates, First Methodist Church pastor, will be the speaker. A special musical program is being arranged. The church doors are being targeted.

### One Injured When Car, Pickup Crash

James Parker, about 30, of Annona (Red River County) was dismissed from Garza Memorial Hospital Saturday morning after being treated for injuries received late Thursday night in a car-pickup collision near Southland on the Lubbock Highway. Three other men escaped injury in the collision, which occurred while Parker and a companion were traveling northward, and the other two, C. O. Farris and Ray Helms, were traveling southward. Helms was driving the automobile, according to sheriff's officers who investigated the accident. Both vehicles were heavily damaged in the collision, which occurred on a pavement made slick by heavy rains.

### EVENT TO GET UNDER WAY WITH OPENING OF FOOD BOOTH

## Coronations, Concessions To Highlight Carnival

Hallowe'en goblins and other species of spooks will find entertainment to their liking this week in Garza County, with "something going on" most every night. Scheduled for tonight is a carnival at the Garnolia school and a barbecue at Grassland. Close City will have a Hallowe'en party for pupils Friday afternoon, and the Post and Justiceburg schools will close out the week with carnivals Saturday night. The Graham School carnival was held Monday night, with gross proceeds amounting to more than \$250, which will be used in carrying on various school activities during the coming year. The high point of the Graham carnival came when Brenda Sparlin was crowned queen. Brenda is the daughter of Mr. and Mrs. Jake Sparlin of Andrews and the granddaughter of Mr. and Mrs. Elmer Cowdrey. S. E. Brightwell, principal of the Graham school, said the entire community wishes to thank all the visitors for their contribution to the success of the event, and especially the Post Chamber of Commerce for a generous cash contribution. Main attraction at tonight's carnival at Garnolia will be a performance by T. W. Weaver, amateur magician. The carnival is being sponsored by the school's Mothers Club, with proceeds to be used for the benefit of the lunchroom and library. There will be food concessions, a cake walk and a bingo game. Tonight's Hallowe'en barbecue at Grassland is to be followed by a program. Hallowe'en decorations, games and refreshments will feature the Close City school's party, which is slated to get under way at 1 p. m. Friday. In Post, practically all the activities at Saturday night's carnival will be in and near Antelope Stadium, weather permitting. The food booth is to open at 6 p. m.

Law-enforcement officers from Chester, N. C., were scheduled to arrive in Post today to take into custody Hamilton, Dutton, 28, wanted here for "jumping" a \$2,000 bond, and on other charges. Dutton, arrested here by sheriff's officers Monday night by being drunk later told Sheriff "all items that he was wanted by the sheriff" and was sent to hold Dutton until this afternoon. The prosecutor said he would want extradition papers drawn against the two men.

### Organizations Elect Year's 'Sweethearts'

The Post High School Glee Club has elected its "Sweethearts" for the year. The club members are: Zone 1, William Patterson; 2, Shelley; 3, E. L. Morrison; 4, Acey; 5, Carl Rogers; 6, Albert; 7, Billy Crispin; and 8, E. L. Morrison.

### Religious Census Is Set For Sunday

A religious census is to be conducted here Sunday afternoon by the Post Ministerial Alliance with approximately 125 workers assigned the task of canvassing the entire town area. The census will be held in the city-wide survey. Appointed by the ministerial alliance to work out details of the census were the Rev. Charles E. Gates, First Methodist Church pastor, and the Rev. Shelby Bishop, Church of the Nazarene pastor. They are to meet with their respective congregations at the First Methodist Church in Garza.

### Boy Scout Funds Sought In Drive

A campaign for Post's share of the fund with which to finance the coming year's operations of the South Plains Council, Boy Scouts of America, got under way Monday following a breakfast at the City Hall. Powell Shyler is in charge of the fund campaign here, and has appointed Bob Collier, Dose H. Mayfield and Bill Edwards as team captains. John F. Lot and Dr. B. E. Young are on the "big gifts" committee. The drive will continue throughout the week, with every effort made to contact as many prospective contributors as possible. Shyler said. No other holiday offers such fun and foolishness as Hallowe'en, and visiting goblins, including broomstick riders, are expected to have a big time here Saturday night.

The nocturnal visitors may, however, be a little bewildered by the change in the weather. They'll probably return to wherever goblins go for the other 364 days of the year with a report that it was wetter in Garza County than they'd found it for a long time.

If the Oct. 22 rain really was a drought-breaker, as many seem to think, then that date itself should be made some sort of a holiday.

A real civic gesture called to our attention is the one in which the Postex Mill makes a gift of Garza sheets to every guest speaker appearing before the Post Rotary Club. It started a few weeks ago when Cong. George Mahon was the club speaker. R. J. Jennings, mill manager, brought to the luncheon a package of the sheets to be presented to Mahon. Last Tuesday's speaker, H. L. Allen of the Southwestern Public Service Company, also received a package of the sheets, and one was to be presented Dr. D. M. Wiggins, this week's speaker, according to Chant Lee, Rotary president.

When proud parents of new babies decide to have birth announcements printed, the result usually is something very clever—often unique. Two which have been called to our attention are those announcing the births of Jackie Mike McCaugh and Stacey Lee Short.

Announcing the arrival of their new son, Mutt and Thelma McCaugh of Route 1, Abernathy, had the announcements printed in the form of a program for a comedy drama entitled "Life Begins at 11:58 a. m." Featuring the new baby star Jackie Mike McCaugh, the show was a McCaugh production and the first presentation was at the Lubbock Memorial Hospital. The inside of the program lists the cast, synopsis of the play, and other information. Mrs. McCaugh is the former Miss Thelma Propst, daughter of Mr. and Mrs. J. A. Propst of the Graham community.

The other announcement, which is illustrated by a bale of cotton, reads as follows: "A bale of cotton weighed Stacey Lee Short Ginned Tobacco Clinic at 11:44 a. m. Oct. 15, 1953, weighing 7 pounds and 14 ounces. Destination: Short Farms, Bivens, Carolyn and Harry Lee, Memorial. On display at your convenience Next Crop Program. Not repeated again in a dry year." Stacey Lee is the great granddaughter of Mr. and Mrs. R. H. Collier of Post.

Director Bob Robbins' Post High School band had to cancel two engagements because of the weekend's inclement weather, missing appearances at Tahoka and at Jones Stadium in Lubbock, where the group was to have been guests of Texas Tech at the Red Raider New Mexico A. & M. game. It was tough, but considering the benefits brought by the rain, none of us can afford to feel too badly about it.

Spiritual Development And Better Service Seen As Necessary To Permanent Prosperity

BABSON PARK Mass.—Let me name some new discoveries and inventions which are now progressing.

(1) Indestructible Plastic which will not bend or rust, crack or split. These are based on certain new chemical compounds. They will be used for everything, from houses and bridges down to automobiles and even soft goods.

(2) The production and use of New Metals and Alloys. There are less than 100 elements, but these can be put together in millions of different alloys, of which only a small fraction has now been tested. These new alloys offer great opportunities for development.

(3) Commercial Isotopes, some of which the Atomic Energy Commission has released to the public. They are now being used by hospitals. The time is coming when these isotopes will be used for all kinds of industrial work, to find flaws in machinery, in steel rails, textiles, etc. They may develop into a great industry.

(4) The "Do-It-Yourself" Industries, which have a promising future. With the shortening of hours, everyone is given more opportunity to work at home. If I wanted to open any kind of store, I would have a store which would handle materials to help get along without carpenters, painters, electricians, etc.

(5) The Mechanical Brain—an invention with great possibilities. The time is coming when these new mechanisms will do much of our thinking and analyzing, and may become almost as common as the adding machine.

(6) Watch Superonics. By this I mean very rapid mechanical vibrations which are faster than sound waves. Superonics may completely eliminate present washing machines and other household utensils. They have the power of cleaning metal and even cutting metals. We first had the electrical age; we are now entering the electronic age; and will some day enter the superonic age.

(7) Vending machines. Some years ago we had vending machines in railroad stations and on street corners, but the industry got into a bad rut because so many of the machines were broken and the products and money were stolen. Now, with the introduction

BOY SCOUT FUND DRIVE . . .

Two outstanding youth organizations, the Girl Scouts and the Boy Scouts, are in the spotlight this week. For the Girl Scouts, it's the observance of their anniversary, and for the Boy Scouts, it's the annual fund drive.

Throughout this week, adult workers in the Boy Scout program will be calling on business firms and individuals for contributions and/or sustaining memberships. Post's fund drive is only one of many being staged throughout the South Plains Council, Boy Scouts of America.

It is necessary that troop, district and council quotas be met for the Scouting program to continue operations. We should give generously, since the program is one of the most worthwhile in existence for the boys of America.

Local campaigners are hopeful of completing this city's Boy Scout fund drive in as short a time as possible. So, let's give readily and generously when they call.

In observing Girl Scout Week, the girls and their leaders aren't after funds, but they'd appreciate it if everyone would take notice of their activities planned for the week, including displays in a downtown show window.

We're always glad to see the weatherman wrong when he predicts tornadoes.

Secretary of Agriculture Ezra T. Benson has suddenly developed into one of the nation's most controversial figures, right up alongside Sen. Joe McCarthy and others. Benson will be one of the most cussed and discussed men in the nation until an agriculture program is worked out to everyone's satisfaction—which probably won't be soon.

Some of the nations not being invited to sit in on the Korean peace talks remind us of people they're getting their feelings hurt over not being invited to something they wouldn't enjoy if they were to attend.

Most of us who have grown up hope that this is the year youngsters learn you can have fun on Hallowe'en without being destructive. Whether or not it is, we'll know Sunday morning.

Oklahoma rarely gets any mention in the nation's press, we just couldn't resist reprinting this little item which we found in the Abilene Reporter-News.

TALIHINA, Okla. (AP)—Dr. Alfred Kinsey's book, "Sexual Behavior in the Human Female," was left lying on a store counter here and the brave citizens stealing a quick peek were shocked. Someone had wired the book and those touching it were given an electrical jolt.

We've been away from Talihina (population about 1,500) for more than 20 years, but we can see that the residents haven't lost their sense of humor and love of practical jokes. While in high school there, we helped perpetrate a number of pranks of the same nature, and are sure there have been any number of them since. But this is the first time we've ever known of the Associated Press getting wind of one.

THROWING A LITTLE LIGHT ON THE STREET: Sixty new street lights have been installed in Post within the past five years. Fifteen of these are Mercury Vapor lights.

Getting Out On The Limb

SUDDEN THOUGHT: What we don't dare to print is precisely what people want to read.

Money may not buy happiness, but if you have plenty of it you sure can make your own choice of a wide variety of unhappiness.

A woman went through a red light on the street and the cop yelled, "Lady, don't you know when to stop?" Looking back at the mob of children in the back seat, she replied, "I'll have you know, they're not all mine."

J. LEE BYRD dropped by the office recently to report on the Diamond Jubilee observance at Snyder, which he attended as a special guest on account of being old enough to classify as a Seury County pioneer. Lee had with him a giant sweet potato which he had brought home from a recent visit to his son's place in Oklahoma.

Lee said his son had seeds of sweet potatoes just as big as or maybe bigger than the one he showed me. I didn't argue the point because I had just finished reading what a reader wrote a Wichita Falls newspaper in answer to the question, "What was the biggest watermelon ever in Texas?"

Marvin Fleming wrote: "After reading these wild stories about big watermelons I have decided to tell about those we raised out in the North Panhandle one year.

"This is a true story, not one of those hatched-up affairs as some of your others apparently were. These watermelons were so big they could not be moved from the patch. They had to be processed on the spot.

"I recall there was a big feed crop that year and we hollowed out hundreds of the melons and filled them with silage.

"Many of them were so big that we saved them in half and used them for drinking troughs for cattle. Many of my neighbors used them for chicken houses, garages and out-houses of different kinds.

"Then, the following spring after the feed had been all used up, a strong southwest wind blew away all the shells and wrecked fences from Dalhart to Liberal, Kans.

"I never dared tell about this crop for fear it might not be believed. But after reading about those puny 300-pounders, I felt it only fair that the record of this crop not be lost to posterity.

"I cannot supply evidence, as you asked, but if you journey up into the Panhandle you will notice an unusually large number of stock tanks.

"Well, confidentially, those holes weren't made by the PMA, Extension agents or SEC men. "That is where those watermelons lay."

THE WOMEN, GOD LOVE 'EM: The only way in which they show superior intelligence to men is in selecting their mates by character instead of looks.

A man six feet, eight inches tall applied for a job as life guard.

"Can you swim?" asked the official.

"No," he replied, "but I sure can wade."

Two little rabbits were being chased by a pack of wolves. One little rabbit turned to the other and said, "How 'bout you and me stopping a minute and outnumbering 'em?"

## Post Man Named As District Chairman For 1953 Texas United Defense Fund

DALLAS (Sp.)—O. L. Weakley of Post has been named as chairman of District 11 of the Texas United Defense Fund, the statewide group which will sponsor USO's campaign of \$775,000 in Texas this year. This district includes Borden, Dawson, Garza and Lynn counties.

Weakley was appointed today by Dudley K. Woodward, Jr., Dallas attorney, who is state campaign chairman of the forthcoming fund appeal to carry on the familiar services of the USO to the young men and young women of the nation's armed forces.

Weakley said, "It is most important that each of us do everything possible to maintain the ties of home with these boys and girls in service so that their morale may be kept high while they are away, that their hopes of a decent future may be assured, and that they may return to us as good and useful citizens."

"The USO, which performed so magnificently in World War II is still providing a 'home away from home' for our young men

and women in uniform and will continue to do so as long as our freedoms are threatened.

"As President Eisenhower has pointed out, with the armistice signed in Korea, we all hope for peace, but there is still a clear need for USO services for the members of our Armed Forces. As everyone well knows, in such a complicated procedure there must be developed a confidence that it is permanent, and our men and those of our Allies will have to stay in Korea for quite awhile. It will be a trying period, as those of you who went through World War I and World War II well know. Once inaction sets in, and the impatience of the American soldier can begin to manifest itself, it is really tough to keep before him just the conception of stern duties, and expect him to forget his grouses and his gripes and his disappointment in being so far from home. Then is when the USO can be of even added value."

"Don't let anyone tell you that the need for USO services will be lessened. For the soldier of America doing his duty on the battleground, or in any far and foreign fields, I feel he never demands more than is reasonable. We should always be ready to give—in promise and to give that much. That is what I think the American soldier deserves, and what you are trying to give him."

The national United Defense Fund goal this year is \$20,225,000 and Texas' share is \$775,000. A major portion of the Texas goal, as in 1952, will be included in community chest campaigns throughout the state this fall.

Basque fishermen are believed to have fished off Nova Scotia and as much as 100 years before Columbus "discovered" America, says the National Geographic Society.

The population of the Saar is so dense that the people could live only 50 to 60 days a year on their own farm output. Steel can be rolled so thin that 20 sheets of it are needed to equal the thickness of a human hair.

### Traffic Goblins Always Big Threat To Unwary Children At Hallowe'en Season

"Halloween is just around the corner, and the traffic goblins will get you if you don't watch out!"

This isn't an idle threat from the kindergarten set, it's a deadly serious warning from, of all people, Col. E. B. Tilley of Houston, president of the Texas Safety Association, and service advisor for the Gulf Oil Corporation.

"Sure, I believe in goblins," Col. Tilley said today as he discussed the dangers that lurk in Texas streets and highways on Halloween. "But don't get me wrong. I'm not talking about the spooks that bring scared squeals from the youngsters. The goblins I fear, are the traffic goblins who victimize unwary kids as they go about their 'haunting' on Halloween."

He spoke in support of the Night Traffic Hazards program which the Texas Safety Association and the Texas Department of Public Safety are conducting during October.

Col. Tilley pointed out that youngsters are likely to let safety rules go by the board in the excitement of scaring and being scared on Halloween. He said, "Many of the child fatalities and injuries that occur on this holiday are caused by youngsters dishing out into the street, often dressed in dark costumes and wearing masks."

"Masks prevent the children from seeing clearly," he said, "and dark costumes prevent the motorists from seeing them. It would help a lot if motorists would try to get the kids to take off the masks when they go out doors. Parents should also see the youngsters wear only light colored costumes or outfits trimmed with white or reflectorized material."

"The best way to keep the kids safe," Col. Tilley said, "is to keep them off the streets. I know this isn't easy, but if parents plan home or community parties, it can be done."

He urged parents to band together to see that sufficient parties and gatherings are provided

in their communities to keep youngsters entertained. If this is done, he said, there will be little inducement for them to go roaming the streets.

He also reminded motorists to keep a constant look-out for children and to be especially careful when driving in residential areas.

# The West is Wild about Ford!

And good looks are just one of the many reasons why you can pay more but you can't buy better than Ford!

When you see the style-setting good looks of Ford's beautiful Crestmark Body... the huge, curved one-piece windshield... the smart interiors that blend with the outside colors... it's hard to believe that Ford's price-tag hasn't moved out of the low-price field. It's even harder to believe when you check the rest of Ford's "Worth More" features!

Ford's Six won the Mobilgas Economy Run! Ford's Mileage Maker... America's most modern Six... won over all other cars in this year's Economy Run.

Ford is the only V-8 in the low-price field! Ford's V-8 delivers its high-compression "go" on regular gas, and not much of that, thanks to Ford's Automatic Power Pilot.

Fordomatic is no-shift driving at its best! Has the "go" of automatic gears plus the smoothness of a fluid torque converter!

Ford Master-Guide is America's most natural power steering! Reduces parking and steering effort up to 75%... retains natural feel of steering on straightaways.

New ride cuts road shock up to 80% in the front end alone! Ford's new ride makes even the roughest roads feel carpet smooth!

### Post Soldier Due To Return From Korea

Army Sgt. Thomas A. Pangle, 22, son of John A. Pangle of Post, is returning to the U. S. after serving with the Korea Civil Assistance Command.

Sgt. Pangle, whose wife, Ida, lives on Route 1, Trion, Ga., arrived overseas in January, 1951, and was a driver at command headquarters in Pusan, KCAC, operating through field teams in every province, distributes relief supplies and furnishes technical advice for the reconstruction of Korea.

A farmer in civilian life, Sgt. Pangle entered the Army in December of 1950. He wears the UN and Korean Service Ribbons and the Army of Occupation Medal for duty in Japan.

When the Pilgrims first heard the rasp of cicadas, they thought it resembled the sounds made when they said "Pharaoh" and it reminded them of the locust plagues of Egypt which they had read about in the Bible.

Miss Vera Collehon returned Saturday night from a visit in Temple.

the People Of Post and Surrounding Communities:

Continuing our policy of presenting the finest in motion picture entertainment, I am privileged to announce that "So Big," Warner Bros. picturization of the Edna Ferber Pulitzer Prize-winning novel, will make its local debut at the Tower theatre on Sunday-Monday, Nov. 2, with Jane Wyman, Sterling Hayden and Nancy Olson as its stars.

In "So Big," Miss Ferber, whose "Cimarron," "Dinner at Eight," "Stage Door," "Saratoga Trunk" and "Showboat" are now celebrated classics of American literature, weaves a story of a courageous woman's fight to hold the man she loves, and the telling of such a story will have a special appeal for every woman in the audience.

I strongly urge that you see it with someone dear, and be rewarded with a rich evening of enjoyment at the theatre.

Sincerely,  
JOHN N. HOPKINS

From where I sit... by Joe Marsh

It's the Principal of the Thing!

Every autumn our High School has a contest to see who can get the most ads for *The Recorder*—the school magazine. The winner becomes honorary Principal for a day.

Skip Roberts won last week, and his first (and only) official act as "Principal" of the school was to announce in a loud, clear voice: "I hereby declare today a school holiday!"

Knowing Miss Gilbert, the real principal, it was no surprise to me that she laughed as hard as anybody else... and said to go right ahead.

From where I sit, it's no wonder our youngsters think Miss Gilbert's such a wonderful person (even though they know they'll have to make up that day). Her tolerance, her friendly way with people of all ages reflect in everything she does. For instance, at my house Miss Gilbert prefers tea but always respects my preference for a glass of beer. As a real person... in any community, Miss Gilbert belongs at "the head of the class."

**Farmer Compliance Necessary On All Acreage Allotments**

A farmer will have to comply with all acreage allotments on basic crops next year in order to qualify for price support on any of them, according to the Agriculture Department.

This is the first time such a board rule has been laid down to require a farmer to comply with all acreage allotments established on his farm in order to be eligible for price support on any basic crop.

The basic crops under farm law are wheat, cotton, corn, tobacco, rice and peanuts.

Of these basics, all but rice face the prospects of acreage allotments next year.

Wheat growers already have voted in favor of marketing quotas and acreage allotments in order to qualify for continued high level price supports.

There is only one exception. This applies to a farmer who exceeds his wheat acreage allotment but does not have more than 15 acres of wheat on his farm. He still will be eligible for price supports on other basic commodities provided he observes his acreage allotments for those. But he will not be eligible for wheat price supports.

**County Oil Activity Includes Seven Locations, Completion**

Jim Lee Drilling Co. Inc. of Lubbock has spotted location for a deep well in the extreme west-central portion of Garza County.

The No. 1 Bryan Williams is projected to 9,000 feet for tests of the Mississippian. The prospector has been spudded in and operators are moving in rotary tools to begin drilling ahead.

Drillsite is 660 feet from south and west lines of the southwest quarter of southeast quarter of Section 1419, Block 1, EL&RR Survey, 11 miles west and slightly north of Post.

Other new Garza County locations are as follows:

F. H. D.—J. E. Whiteside and William Fleming No. 1 C. C. Redman, 440 feet from north and west lines of the southwest quarter of Section 1297, A-293, D&W Survey, three and one-half miles northwest of Post, combination to 4,000 feet, at once.

P. H. D.—J. E. Whiteside and William Fleming No. 1 Lawrence Burkett, 440 feet from north and east lines of the west half of the southeast quarter of Section 1302, A-741, D&W Survey, three and one-half miles northwest of Post, combination to 4,000 feet, at once.

Garza—Alamo Corp. No. 3-B Kuykendall, 330 feet from north and 115.9 feet from west lines of Section 1235, AB&M Survey, three and one-half miles northwest of Post, combination to 3,400 feet, at once.

Rocker A—R. S. Anderson No. 1 Union-Stoker, 330 feet from north and east lines of the northwest quarter of Section 939, Block 97, H&T Survey, four miles west of Justiceburg, cable to 3,000 feet, at once.

Garza—Progress Petroleum Co. of Texas No. 1 W. A. Cash, 330 feet from south and 990 feet from east lines of the northwest quarter of Section 1215, A-317, TTRR Survey, four miles northwest of Post, rotary to 3,500 feet, at once.

sociated Oil Co. No. 2 Alice Williams, 660 feet from north and west lines of Section 19, Block 9, H&G Survey, one mile southwest of Justiceburg, rotary to 3,500 feet at once.

County completions include: Garza—Alamo Corp. No. 6 W. A. Gray, 2,310 feet from south

Tobe Strawn—Tide Water and 330 feet from west lines of Section 1215, TTRR Survey, pumped 65.98 barrels of 37.1 gravity oil plus 30 per cent water daily. Gas-oil ratio was nil. Perforations from 3,191-3,218 and 3,206-3,235 were acidized with 6,000 gallons.

**68 Women Attend Sectional Meeting Of Abilene Presbyterial Held Here**

Sixty-eight women gathered here Thursday for a sectional meeting of the Abilene Presbyterial held at the First Presbyterian Church. The meeting was for the west end of the Pres-

byterial, an eastern end meeting having been held the day before at Albany.

Registration at the Post meeting was at 9:15 a. m. and the guests had coffee and cinnamon rolls before dividing into three workshop groups—Program, World Service and Fellowship.

The workshop period was preceded by a general assembly at which Mrs. J. A. Stallings played the organ, Mrs. Tom Paver sang two solos and Mrs. Frank D. Travis of Abilene, Presbyterial president, presided and offered the invocation.

The visitors were welcomed by Mrs. Shelley Camp, and the response was by Mrs. Phyl Gausch of Brownfield. Following introduction of Presbyterial officers and other visitors, a worship service was conducted by Mrs. Earl Keese of Stamford.

There was a report on the Abilene Presbyterial's participation in the recent Synodical in Houston, and announcement of various 1954 meetings of church women's groups over the nation. Miss Virginia Francis, secretary for women's work of the Board of Christian Education in the West-Central Area office, Kansas City, Mo., discussed programs of the past and upcoming years.

The workshops were conducted in the church sanctuary, the home of Mrs. W. R. Everett, local Women's Organization president, and the Church of the Nazarene. They were followed by a luncheon.

At an executive meeting following the afternoon program, Miss Francis was the principal speaker.

Mrs. James Key of Snyder, who conducted the roll call, reported that towns in the western end of the Presbyterial were represented as follows: Snyder, 16; Lamesa, 8; Post, 22; and Brownfield, 12. Officers and others also attended from Abilene, Cross Plains, Stamford and Rotan.

**SS Representative Is Coming To City**

If you are planning on retiring, it might be to your advantage to have a talk with a representative of your local Social Security office well in advance of your planned retirement date. John G. Hutton, manager of the Lubbock Social Security office, pointed out today.

Inasmuch as retirement payments are based on your average monthly wages or average monthly income from self-employment, the time you file your claim may affect your monthly check, he declared.

"Don't quit your job until you are sure you are insured," Hutton cautioned. He said that your local Social Security representative that may help you decide on the best time to file your claim and will advise of the documents or evidence necessary to prove your right to payments.

Phone or call at the Lubbock office and ask for the leaflets, "An Easy Way to Estimate Social Security Payments" and "Your Social Security."

The address of the Lubbock office is 1616 Nineteenth Street, or you may contact the representative of the office who will be in Post on Nov. 5 at 11 a. m. at the post office.

**BITS-OF-NEWS**

A meeting of men of the First Presbyterian Church is to be held at 7:30 p. m. Sunday at the church.

FORT BLISS, Tex. (Spl.)—Pvt. Odist J. Fry, son of Odist J. Fry of Post, recently began 16 weeks of basic training in the Anti-aircraft Artillery Replacement Training Center, Fort Bliss, Tex.

Pvt. Fry will spend the first eight weeks training on fundamental Army subjects like Infantry drill and machine gun and bazooka marksmanship. The first phase of training is climaxed with a one-week maneuver in the field.

His second eight weeks will see him firing light and medium anti-aircraft artillery weapons at low-flying and high altitude aerial targets on the million and a half acre Fort Bliss ranges.

Pvt. Fry will graduate at a formal parade and retreat ceremony. He will then be eligible for assignment in a permanent anti-aircraft artillery unit.

**TFFB Working For Increased Acreage Allotments For 1954**

WACO (Spl.)—The Texas Farm Bureau Federation is taking the issue of reduced cotton acreage directly to the farmers in an effort to obtain an increased allotment next year, President J. Walter Hammond said today.

Pointed out that the allotted acreage for 1954 will mean a drastic reduction in producers' income, the state farm leaders announced that special meetings have been called to discuss the situation. The sessions will be held Oct. 26-27 in 11 cities over the state.

The 1954 cotton allotment of 7,304,000 acres for Texas represents about a 40 per cent reduction from the 1952-53 planted acreage, and will mean a decrease of some \$350 million for Texas producers, based on average yields and present prices.

Stressing the seriousness of the acreage reduction, Hammond stated, "There are about 150,000 cotton farmers in the state. If 40 per cent of their income from cotton is taken away, the result will be disastrous, not only for agriculture, but also for the rest of the economy. Farmers have experienced a drop in income for the past two years, and they can ill afford such a sharp decline now."

The state Farm Bureau is advocating the compromise plan of the American Farm Bureau Federation which would raise the Texas allotment to 8,939,600 acres, an increase of 1,635,600. This would amount to a savings of about \$100 million for Texas producers, based on an average yield of 200 pounds per acre at a price of \$150 per bale.

The Farm Bureau has taken the position that such a drastic reduction in cotton acreage at this time would seriously affect the whole agricultural picture. The farm organization favors spreading the reduction over a two-year period.

County Farm Bureau officials and cotton producers in all 13 of the state Farm Bureau districts are invited to the special meetings. The county leaders will be informed by state directors from each district of the probable effects of the announced acreage reduction. The county officials will then be able to take the issue back to the farmers in their respective counties.

President Hammond emphasized that this action will in no way circumvent the regular Farm Bureau resolution process. He stated that the state board of directors, after carefully analyzing the reduction situation, decided to take the issue directly to the farmers before the individual allotments are announced. Each farmer will be informed by the U. S. Department of Agriculture of his own allotment before the referendum is held Dec. 15.

Farmers will be able to make their opinions known through the county Farm Bureau resolutions. These resolutions will be voted upon by delegates to the 20th annual state convention to be held Nov. 9-11 in Mineral Wells.

Motor vehicle traffic in the United States exceeded half a trillion miles for the first time in 1952. Although oil has been produced in 27 of U. S. states, about half of all production has come from 14 states.

**Germany-Bound Southland Family Sees Sights Of New York Before Embarking**

(Editor's Note: This is the second installment of a journal kept by Mrs. Olive King on the trip she and her two children made to join their husband and father at his Army base in Germany. Mrs. King is the daughter of Mr. and Mrs. A. F. Davies of Southland.)

Friday, Aug. 21, 10:20 p. m.: We arrived at Fort Hamilton at 8 p. m. after nine-hour tour of New York City, including the boat to Statue of Liberty. We were really tired and even so after a good bath. Pat has just tossed her funny book aside. Mike has been asleep some time I just checked in, and nothing more except to read the bulletin board. Looks as if we sail on the USMS Patch the 25th. Am staying at the Jefferson Hotel at Fort Hamilton. Every building looks like the other one, and 100 years old. The statue was an unassuming sort of green. Even I couldn't eat the lunch that came with the trip. We miss you already. Will start processing tomorrow.

Saturday p. m.: Our room is directly above the playground— one-half floor. Mike is happy, as he has left for the show with a friend he has already made. Pat unhappy and likely will be again when she has to come in, but at present very content. Both, or all three, took long naps. She has forsaken her doll and would have done so with her shoes, but there are orders which she took very well. You wouldn't have found better children on the plane, or yesterday, even when they were tired.

Much prefer plane trip to the bus now. Did you know your skillet toast is "French toast"? Have blisters on my toes from those new shoes, and yesterday. Pat just has common shoe difficulties Mike is really pulling away the milk now. Will write later of our trip over New York. An enclosing picture of us standing at base of the Statue of Liberty. As you see from the enclosed pamphlet of the Empire State Building, there are many more steps, but after going 14 floors in a minute, didn't go above the 80th floor, one reason for the blistered toes.

Monday a m.: Got your wire last night about 11:30 but didn't know what it said. Got cold feet and wouldn't go shopping. Some tell me they know their way around, but it was Sunday no. Will leave Fort Hamilton at 9:30 a. m. tomorrow and will reach later. Visitors are allowed on most posts, but we still having to wait for shoes, in 10 minutes, and she shoe push! Have a world to tell!

Monday p. m.: This will be the last we see of the ship the Germany as well as in. Hope you are much better. The time I know will pass slowly, especially when I get word from you. (To Be Continued)

**WE'LL GIVE YOU THE EXTRA TRADE-IN PRICE YOU'D GET IF YOUR PRESENT CAR WERE A MERCURY**

no matter what make of car you're driving, we'll allow you the same extra trade-in price you'd get for a same-model, same-year MERCURY—the car with the top trade-in value in its field!

**MERCURY GIVES YOU MORE—AND WHEN YOU TRADE IT IN!**

4 good reasons why Mercury is so much more—and why the average trade-in price paid by all dealers on used Mercurys is consistently higher than competing cars.

1. **Mercury styling.** Clean, long, low lines set the standard and stay in style. Mercury interiors are more colorful, more attractive.

2. **Mercury V-8 performance.** Mercury is no newcomer to the V-8 field. It has always had a V-8, and this is the best-performing V-8 in history. Try it—compare it for getting up hills, for handling ease!

3. **Mercury economy.** With Mercury, economy is no longer a word. Mercury's high gas mileage has been proved—Mercury with optional overdrive has won big wins in four official economy runs.

4. **More extra power features.** Mercury offers the widest selection of optional power features in the popular-price field—including the new 4-way power seat, power brakes, power steering, electric window lifts, no-shift Merc-O-Matic Drive, and even gas-saving Touch-O-Matic Overdrive.

Add these to Mercury's sturdy construction and low maintenance costs—and you see why Mercurys are always in top demand, new or used. Higher trade-in value makes Mercury's true cost very little more than the lowest priced cars. A Mercury is a solid investment, because you get back more when you finally trade it in.

Now—to make it even easier for anyone now driving any other popular-priced car to own a Mercury—we'll give you the extra trade-in allowance you would get if that car were a Mercury! We'll show you the actual, impartial figures—make you the most exciting offer in town! Bring your old car in today—and drive home a Mercury!

Only recently have they paraded Germany in science and are still behind the Continent in literature and culture, he said. "What, then, accounts for the American phenomenon," Dr. Wiggins asked.

He said he feels it was the new concept of freedom that for the first time freed the powers of the mind.

"I believe in chance . . . when you take the chance out, free enterprise is doomed," he said.

What would happen in football, Dr. Wiggins asked, if every time the fullback ran with the ball you guaranteed him four yards?

"The fun would go immediately," he answered.

"Yet the moment the youth gets out of college," he said, "we attempt to guarantee him he's going to succeed . . . this is not the essence of free enterprise."

Dr. Wiggins, who is a Lubbock bank official and former president of Texas Technological College, was introduced by O. L. Weakley.

### BITS-OF-NEWS

Mr. and Mrs. Bill Snow accompanied by their son-in-law and daughter, Mr. and Mrs. Bunk Barner, and daughter spent the weekend in San Antonio with Billy Snow, who is stationed at Lackland Air Force Base.

Saturday visitors in the home of Mr. and Mrs. Wiley Hill were their parents, Mr. and Mrs. E. C. Hill, and his sister, Lois Hill, and nephew, William Surface, of Oklahoma City, Okla.

The Rev. and Mrs. Charles R. Gates and Mr. and Mrs. J. W. "Red" Floyd, visited in San Antonio Monday and Tuesday.

Misses Mary Nell Bowen and ElWanda Davies, students in Hardin-Simmons University in Abilene, were weekend guests of relatives and friends.

Mr. and Mrs. Cap Jinkins and children of Jal, N. M., visited his mother, Mrs. F. M. Jinkins, during the weekend.

Lyda (Pooner) Odum of Ft. Lee, Va., arrived home Monday to spend two weeks.

Mr. and Mrs. Buck Gossett left Sunday for Truth or Consequences, N. M., where they will spend several days.

### Homecoming ---

(Continued From Front Page) groups.

"We're asking all alumni to assist in the organization of a permanent ex-students association," Lee said. "Plans are to make this homecoming event an annual affair, but to do so, we must have an organization."

All ex-students who have lettered in football during the time V F "Bing" Bingham has coached here are invited to be special guests on the sidelines during Friday night's football game.

The day's activities will also include the usual pre-game pep rally, to be staged by the pep squad Friday morning in the gym.

Conrad Hartzel, E. E. Pierce, James Parker, Mrs. James H. Dooley and baby, Cecil E. Smith, Margie Sanders, Mrs. A. E. Floyd, Mrs. Clarence Warren, Emmett Goode, Mrs. L. C. McCullough and baby, Prilline Begna.

### Ginning Total ---

(Continued From Front Page) approximately 1,000 bales.

At the Graham Gin, where practically all the cotton is coming from irrigated land, 197 bales have been ginned. There have been a few bales brought in from dryland acreage in the Justiceburg area, according to Bill McMahon, manager. The Graham gin turned out 3,387 bales from the 1952 crop.

A shortage of pullers and the heavy rains has also hampered activities in the Storie Gin area, eight miles west of Post, where 91 bales had been ginned up to Wednesday. Last year's ginning total ran more than 1,400 bales. S. C. Storie, Sr., is manager.

Grades ran from "good" to "excellent" at all gins prior to the rains, but are expected to be lower following the wet weather.

Last week's three-inch rainfall in Post brought the October total to 5.50 inches, almost three inches behind the record for the month, set October, 1926, when 8.29 inches fell.

### Scout Funds ---

(Continued From Front Page) definite quota had been announced for Post, but that an all-out drive is necessary in order to raise this city's share of the funds needed for operation of the Scouting program during the ensuing 12 months.

"With such visual proofs of the Scouting program as the Council's Boy Scout Camp here, Post residents do not need to be reminded of the importance and value of the Boy Scout movement," the drive chairman said.

Mr. and Mrs. W. E. Hoover of Grandfield, Okla., will arrive tomorrow for a visit with his brother and sister-in-law, Mr. and Mrs. O. H. Hoover.

Mr. and Mrs. Pete Walls had as their Sunday guests, Mr. and Mrs. Herbert Walls and children of Lubbock and Mr. and Mrs. Truman Goss and children of Snyder.

# Slaton Tigers Here Friday For District Tilt With Antelopes

quarterback has racked up 107 points this season, and has passed for 36 more.

Slaton has another high-scoring back in Jackie Sparkman, 185, who was scored more than 50 points thus far this season. Other backfield flashes include Ronald Smith and Chester Fondy.

The Tiger line has six lettermen in Stanley White, Harold Trout and Darrell Wiley, ends; Loren Gilliland and Paul Pearson, tackles, and Waymon Muse, guard.

The Antelopes' tentative starting line-up as announced Tuesday by Coach Bingham is: Ernie Popham and Ted Tatum, ends; Novis Pennell and Billy Meeks, tackles; Bowen Stephens and Dickey Beggs, guards; Junior Smith, center; Moody Graham, quarterback; Raymond Gary or Darrell Bruton, left halfback; Tommy Malouf, right halfback; and Homer Cato or Charles Chandler, fullback.

Sloppy tackling was named by Bingham as the Antelopes' biggest mistake last Friday night

The game the fans have been waiting for will be played here Friday night when the Post Antelopes meet the Slaton Tigers. The contest pits old rivals in what is expected to follow the pattern of previous Antelope-Tiger contests—close and hard-fought. The visitors will, of course, have an edge on the basis of past performance this season, but "dope" means little when Post and Slaton mix it on the gridiron.

The Ralls Jackrabbits, idle last weekend, play the Hale Center Owls at home Friday night in a District 3-A game and will be seeking their first victory of the season. The down-trodden Jackrabbits have a good chance to rack up Victory No. 1, but the Owls go into the contest as slight favorites.

The O'Donnell Eagles were defeated by the Morton Indians, 21-14, Saturday. They are another of the Post Antelopes' 1953 opponents who haven't won a game this season. It begins to look now like maybe they won't, since Morton is one of the area's weaker teams, and it's doubtful that the Eagles will go up against a loss formidable foe the remainder of the season.

The Sundown Roughnecks rolled to another district win Friday in taking the measure of the Seagraves Eagles, 47 to 13. Sundown stays home Friday to meet Morton in another loop contest and aren't expected to have any trouble taking the visitors into camp.

The Crosbyton Chieftains lost to the New Deal Lions, 12-6, Saturday in a District 3-A game. They aren't expected to fare any better, if as good, at home this Friday against the offensive-minded Idalou Wildcats in another district encounter.

The Rotan Yellowhammers "enjoyed" the dubious honor Friday of being defeated by Stamford, one of the state's few remaining undefeated and untied Class AA elevens. The final score was 45-13, with Rotan showing strength in scoring twice against the Stamford powerhouse. At Albany this weekend, the Yellowhammers face another of the

### Reynolds Running Away In Scoring

Scoring both touchdowns in his team's 25-13 loss to Spur, Jerry Reynolds, speedy Slaton quarterback, went past the 100-point mark in his runaway race for District 5-AA scoring honors. He has a total of 107 points on 17 touchdowns and five conversions.

J. B. Ables, Tahoka fullback, scored a touchdown and an extra point in the Bulldogs' 20-13 win over Post, to run his scoring total to 61 points and pass Jackie Sparkman of Slaton, who went scoreless in the Spur game.

# 'So Big,' Perennial Best-Seller As Novel, Coming To Screen Of Tower

"So Big," adapted from the Pulitzer Prize-winning novel by Edna Ferber, comes to the screen of the Tower Theatre on Sunday and continues through Monday.

It is from the prolific pen of Miss Ferber that some of Hollywood's most compelling story material has come. "Saratoga Trunk," "Stage Door," and "Show Boat" are but a few in the class that "So Big," the dramatic family story of a woman of the soul, now joins.

Miss Wyman, whose Academy Award-winning performance in "Johnny Belinda" will be seen in the role of Selma DeJong, who has been called Edna Ferber's greatest literary character.

In the role of Pervus DeJong, Sterling Hayden enters a strong bid to harvest critical acclaim, according to Hollywood reports.

Others in the cast include Nancy Olson, Steve Forrest and Martha Hyer.

"So Big" was produced for Warner Bros. by Henry Blanke and was directed by Robert Wise from a screenplay by John Twist.

Mr. and Mrs. Glen Day and Debra of Plainview spent the weekend here with Mrs. W. J. Shepherd and Gertrude and Linda Ward. Other Sunday guests were Mr. and Mrs. Wilton Payne and Paula of Tahoka.

The James Helekamps of Comport visited here briefly last week with the Dr. Harry A. Tubbs family.

Mrs. R. W. Babb visited in the home of Mr. and Mrs. E. J. Cooper in Tahoka Friday evening.

### Eagle Award Goes To Leonard Short

Leonard Short of Troop 16, Post, was one of nine area Boy Scouts who received the Eagle Scout award in ceremonies Sunday at the bi-annual South Plains Council Court of Honor in St. John's Chapel in Lubbock.

Young Short, a Post High School junior, is the son of Mr. and Mrs. Lowell Short.

Other area Scouts receiving the Eagle award were Billy Earl Caldwell of Slaton, Arnon Proctor, Kenneth Leatherwood and Wayne Parker of Crosbyton, Ralph Ware of Muleshoe, and Robert McCarty and Charles Strehl of Lubbock.

Awards were made by Alton Hail, Plainview, council advancement chairman.

Serving on the court, all holders of the Silver Beaver, Scouting's highest award to volunteer workers, were L. B. Hageman, Slaton; Henry Teufel, Tulia; and Tom Everheart, Lubbock.

The Rev. Harry Parviance, pastor of Lubbock View Christian Church, gave the invocation. Eagle Scout Don Elliott sang two numbers, and Curt Wilcox recited the Eagle Scout poem.

Mrs. W. J. Tubbs left Tuesday for Fredericksburg to attend consecration of the new Memorial Presbyterian Church there. She plans to be away about a week.

## Garza County 4-H And FFA Members Win Herdsman Awards At State Fair

Garza County 4-H Club and Future Farmers of America members exhibiting steers last week at the State Fair of Texas in Dallas won second and third place, respectively, in the herdsman contest. It was reported here this week.

The 4-H Club boys won a \$20 prize and the FFA members a \$15 prize for second and third place in the contest, which was judged in the manner in which the boys exhibited their steers while they were in the stalls.

The first place prize of \$25 went to Howard County exhibi-

tors, and Dallas County exhibitors won the fourth place prize of \$10.

In addition, the exhibitors from this county received creditable clasping on their 20 animals, 19 of which were sold in Friday's sale.

Showing heavy choice steers were Audie Vee Teff, Don Richardson, Lonnie Gene Peel and Dean Huddleston. Heavy high and animals were shown by K. White, Ernie Pophan, Marie Myers, Clary Cowdry and Fred Myers.

### Beef The Jaycee Dinner And Party Is Planned

A "get-acquainted" dinner and party for members of the Post Junior Chamber of Commerce and their wives will be held at 7:30 o'clock Monday night, Nov. 9, at the City Hall, it was announced at this week's Jaycee meeting.

The state president of the Jaycee-ette organization is expected to attend the dinner and take steps toward forming a Jaycee-ette group in Post. Two or three couples from the Ralls Jaycee group, which organized the Post club, also will be invited.

Following the dinner, the group will play games and spend the rest of the evening getting acquainted.

Plates will be paid for out of a grass-fed cow.

To increase the consumption of this lower priced beef, the cattle and meat industries are conducting an intensive campaign with the support of PMA, Custer reports.

Visiting recently in the Elmer Hitt and Wesley Scott homes were Hitt's sister and family, Mr. and Mrs. Alvin Meeks and daughter, of San Angelo and his niece and family, the Rev. and Mrs. Wilson Ross and children of El Paso. The Rev. Mr. Ross was guest speaker at the Baptist Church here Sunday.

Sunday guests in the J. M. Bland home were their son and family, Mr. and Mrs. Oscar Bland and children, of Merkel.

Mr. and Mrs. Alvie Robinson spent last Sunday night in Seminole with their son-in-law and daughter, Mr. and Mrs. Barry Norton, and children.

Mrs. Stanley Sims is recuperating at her home from burns she received last week when her washing machine caught fire. She was in Garza Memorial Hospital Monday and Tuesday.

Mrs. Dalton Chaffin and daughter, Mrs. Johnnie Moran, and her baby of Cheyenne, Wyo., are spending several days with Mrs. J. D. Chaffin and Max. Miss Juanita Kersey of Post was also a weekend guest of the Chaffins.

Visiting at Lazbuddie Friday and Saturday in the John McGehee home were Mr. and Mrs. Robert Mock and children.

Ben Altman is undergoing treatment in a Lubbock hospital this week.

Recent visitors of the Alvie Robinson family were Mrs. Robinson's sister, Mrs. Bill Owens, and family of Jal, N. M.

Carl Payton and his uncle, Jim Payton, of Slaton are deer hunting and visiting the Bruce Payton family near Durango, Colo.

Mr. and Mrs. Weldon McGehee visited recently in Denver City with his brother and family, the Leroy McGehees.

Dubs Chambers of Stockton, Calif., was a recent guest of Mr. and Mrs. Clovis Robinson.

the club fund, but those planning to attend are expected to make reservations not later than Friday, Nov. 6. Those having plates reserved and then not attending will be expected to pay for them, Jaycee officials said.

Members of the committee arranging for the dinner and party are: Percy Parsons, chairman; Kenneth Bernard, James King and Elwood Nelson.

## Its V8 puts new ROAD MASTERY at your hand

You must have heard about it.

But have you tried the greatest Buick yet built?

Have you sat behind the wheel of a 1953 ROADMASTER and felt the wondrous new road command that is yours?

If you haven't—if you have yet to know the rich exuberance that flows through you when a toe touch releases just a fraction of the velvet power-Niagara of the world's newest V8 Engine—then you are cordially invited to be our guest at this new experience.

We promise you these:

A new and wonderful mastery of hills, of distance, of traffic tangles—from the almost effortless power of this master Buick's advanced new V8 Engine—the highest horsepower and compression ratio in Buick history.

A new and instantly responsive getaway—with new quiet and completely infinite smoothness—from the drive magic of Twin-Turbine Dynaflo.

A new and exquisite handling ease—from the superb ride-engineering of this automobile, and the as-needed hydraulic assistance of Power Steering, standard equipment here at no extra cost.

A new and gracious luxury of interior styling and comfort—from a tasteful blending of deep foam rubber, lustrous nylon, rich broadcloths, sparkling colors.

But you need to experience firsthand the performance and the pleasure and the abiding satisfaction you will find here.

So we repeat a most cordial invitation to you—to drive a 1953 ROADMASTER—

to prove to yourself that new motoring thrills come to flower in the greatest Buick in fifty great years.

World's only car with all these features:

- V8 VERTICAL-VALVE FIREBALL ENGINE
