## 325 Tickets Are Sold For Tuesday Honor Barbecue

Three hundred and twenty-five tickets for the barbecue here Tuesday honoring Drs. A. C. Surman and D. C. Williams and their wives had been sold up to the May 12 deadline, Ira L. Duckworth, general chairman, announced Wednesday.

## Architects Are Employed For School Project

A step toward solution of Post's congested school problem was taken Tuesday night when the board of trustees employed the Lubbock architectural firm of Atcheson & Atkinson to draw up preliminary plans for a new junior high school building.

The action was taken at a meeting attended by five board members and two representatives of the architectural firm. Following discussion of plans for the new school, the architects were instructed to draw up the plans and submit them at another board meeting within the next week or two.

The new school would be constructed on the vacant lot just across the street east of the high school building—between the high school and grade school. It would include from 12 to 14 classrooms, a gymnasium and a band hall, according to tentative plans.

Following approval of architects' plans for the new building, the next step will be submission of a bond issue to qualified voters of the district, school officials said.

## Graduation Program Set At Close City

Graduation exercises for the eighth grade class of the Close City school will be held at 8 p. m. Thursday night, May 21, according to A. T. Nixon, principal.

The school closing program, presented by grades 1-6, will be at 8 p. m. Tuesday, May 19.

Oneita Jones is valedictorian of this year's eighth grade graduating class and Harry Smith is salutatorian. Other class members are Frances Martinez, Ronnie Morris, Jack Morris and John Shults.

The commencement program will be by class members.

ist minister of Big Spring, will be the speaker. O. L. Weakley of Post will serve as master of ceremonies, and the program will include musical numbers by Mrs. Ray N. Smith, pianist, and Mrs. Clint Herring, violinist.

The barbecue will be served by Jetton's Catering Service of Fort Worth.

Friends and acquaintances of Drs. Surman and Williams from over a wide area are expected to attend the banquet.

Dr. Surman and Dr. Williams were friends while attending the University of Texas Medical School at Galveston at about the time the City of Post was coming into existence. Dr. Surman came here June 11, 1913, to be associated with the sanitarium as a surgeon and general physician.

Dr. Williams joined Dr. Surman here in June, 1914, and they have been partners in the medical profession since that time.

Dr. and Mrs. Surman, the former Miss Agnes Harmon, were married July 4, 1916. Dr. Williams' wife is the former Miss Lois Baird. They were married March 10, 1919.

In addition to serving the community well in their profession, the two physicians have taken active roles in civic projects during Post's growth.

## Graduating Class Has 51 Members

Fifty-one Post High School seniors—24 girls and 27 boys—will receive diplomas at commencement exercises in the high school auditorium Friday night, May 29.

The baccalaureate sermon will be held Sunday night, May 24, in the auditorium.

Programs for the baccalaureate and commencement exercises were being completed this week by Mrs. G. E. Fleming, who with N. R. King is class sponsor.

The program at the commencement exercises will be presented by members of the class and will include the valedictory and salutatory address, class will, prophecy and history, and musical numbers.

The junior-senior banquet is to be held Friday night at the school cafeteria.

This year's graduating class, the largest in the school's history, is as follows:

Virgie Ammons, Maxine Ray-lis, Marie Chaborn, Velma Daniels, Pearl Craig, Lillian Dulaney, LaVerne Furr, Bobby Henderson, Judith King, Louise Kirken-doll, Jaycee Lobban, Linda Mills Rogers, Joyce Short, Mary Ann Shults;

Sue Stephens, Lenora Stone, Margaret Welborn, Buena Welch, Wilma Welch, Mary Jo Williams, Loraine Yeatts, Jackie Morrison.

## City Clean-Up Drive Begins Monday

OFF TO GOOD START—Sixteen members attended the first meeting of the Post Junior Chamber of Commerce following its organization April 30. The meeting place was the City Hall and one of the first acts was a vote to sponsor the city-wide clean-up campaign. The Jaycees also set June 12 as Charter Night and

voted to meet every Thursday night between now and that date. Jack Rex (standing) is president of the organization. Sitting on the left side of table at right is Carroll Bowen, secretary.—(Post Dispatch Photo).

## Friday Set As Day To Haul Away Trash

Members of the Post Junior Chamber of Commerce were completing plans this week for the second annual city-wide clean-up drive beginning Monday and continuing through Friday.

At a meeting of the Jaycees' clean-up committee Monday night, Charles Meacham, chairman, appointed captains for four sections of the city, with Main Street the north and south dividing line, and the street in front of the courthouse the east and west divider.

Captains for the four sections are: A. B. Haws, Jr., southwest; Malcolm Bull, northwest; J. D. Barrow, northeast; and Bud Everett, southeast. All four captains are members of the clean-up committee.

Although trash will not be hauled away until Friday, residents are asked to clean up about their premises sometime during the first four days of the campaign and to have the trash ready for quick loading when the trucks come by Friday morning.

At 8 o'clock Friday morning, workers will meet at the city warehouse and will go from there to the section of the city assigned them. The trash they pick up will be hauled to the city See CLEAN-UP DRIVE, Page 8

## Bloodmobile Visits Post Wednesday

Life giving blood to be made into plasma for use at home and on battlefronts overseas was being generously donated here Wednesday at the one-day Red Cross bloodmobile center in the First Methodist Church basement.

Dianny Tillman, 18, Post High School senior and son of Mr. and Mrs. George Tillman, was the first to donate blood. L. A. Wall was the second donor.

The bloodmobile center was a scene of activity shortly after the six-hour program got under way. Groups of volunteer workers were assisting nurses from the North Texas National Defense Blood Center at Fort Worth.

Ralph Kirkpatrick, local bloodmobile chairman, said shortly before noon Wednesday that indications were that Post would meet its quota of 150 pints.

Members of the American Legion Auxiliary were in charge of volunteer workers, with Mrs. Tom Power as general women's chairman. The appointment schedule was arranged by members of the Veterans of Foreign Wars Auxiliary.

## Better 'Phone Service Is Seen In Near Future

Improved telephone service after July 1 and possibility of a dial system within the next two years were promised the Post City Commission by officials of General Telephone Company of the Southwest Tuesday evening at an informal barbecue meeting at the rodeo grounds.

Bill Thompson of Dallas, president of the telephone company, told members of the city commission, other city officials and representatives of the Post Chamber of Commerce that a new telephone district will be formed July 1 with Lamesa as headquarters.

The new district set up, it was explained, will result in more telephones, line extensions and other improvements here. There is a possibility of a dial telephone system being installed here late in 1954 or early in 1955, the Post men were told.

The phone company officials admitted that service in Post is not up to the highest standards. The company simply has not been able to keep up with its own growth, the officials said.

They explained that the reason dial phone systems have been installed in a number of smaller towns in recent years is because the company had equipment to "fit" those towns, whereas some of the larger places have not been served because of difficulty in obtaining their size equipment.

The officials said they had been unable to come to an agreement with the city. See 'PHONE SERVICE, Page 8

## PROVIDES RECREATION FOR YOUTH

## \$600 Needed For Summer Program

Post's summer youth recreational program will be conducted again this summer if a fund of \$600 with which to pay the directors can be raised by June 1, it was announced Wednesday by members of Mu Alpha chapter

of Beta Sigma Phi sorority, which has taken the lead in the project.

James Minor has agreed to serve as fund chairman, sorority members said, and firms, organizations and individuals wishing to contribute to the fund are asked to contact him.

Coaches V. F. "Bing" Bingham and Vernon Ray have agreed to direct the recreational program again this summer. The \$600, sorority members explain, will be used to pay the directors' salaries for the several weeks they are engaged in the work.

This year's recreational program will be along the same lines as last year's, which included dodge ball, exercises, basketball, touch football, softball, and other forms of recreation. It will be open to all boys and girls of school age.

After six weeks of the program See \$600 NEEDED, Page 8

## Need Workers For Cemetery Clean-Up

Friday, May 22, has been set as annual clean-up day at the Terrace Cemetery and anyone who can spare anywhere from an hour to a day is asked to help.

Directors of the Terrace Cemetery Association will be on hand throughout the day to direct the workers. The clean-up is being co-sponsored by the Rotary and Lions clubs.

The cemetery will be the site of annual Memorial Day services by the American Legion and Veterans of Foreign Wars organizations later this month.

## Docket Is Reduced In Criminal Court

The May term of Garza County criminal court was dismissed indefinitely Tuesday and jurymen were told that they would be notified when to report for resumption of the term.

The dismissal followed a plea of guilty by Jasper Fields to a charge of transportation of whiskey, which was to have been tried Wednesday morning. Fields was fined \$200 and sentenced to 30 days in jail by Judge Oscar Graham.

Through his attorney, Fields also notified the court that he was withdrawing appeal of a justice of peace court judgment following his conviction by a jury on a speeding charge.

During last week's sessions of the term, Florentino Hernandez was fined \$200 and sentenced to 60 days in jail following his conviction on a charge of driving while intoxicated. Members of the jury which found Hernandez guilty were C. E. Basinger, Ira Farmer, Kenneth Barnard, Mike Custer, Leo Acker and L. E. Carlton.

Fannie Daugherty was fined \$250 and costs after pleading guilty to a charge of sale of beer.

## Jaycee Group To Vote On By-Laws

By-laws drawn up for the newly organized Post Junior Chamber of Commerce will be submitted for adoption tonight at a meeting in the school cafeteria.

Committee chairmen, who had been appointed Friday night by directors, met Monday night and named committee members. A Charter Night committee was also appointed at the Friday night directors' meeting.

The committees are as follows: Ways and Means; Jack Lancaster, chairman; Virgil Short, Rufus Gerner and D. C. Roberts, Jr.

Membership; A. W. Bratcher, chairman; Bud Everett and J. D. Barrow.

Projects; Charles Meacham, chairman; Malcolm Bull, James Barrow. See JAYCEE GROUP, Page 8

## Lions Club Seeking Queen Contestants

The Post Lions Club still is seeking a queen to represent it at the District 27-Lions International convention in Borger June 12-14. Entry blanks may be obtained from Les Short, chairman of the club's queen committee.

Selection of a queen will be discussed at a directors' meeting Monday night at the home of Victor Hudman, club president.

A travelogue film was shown by Howard Madera at Tuesday night's meeting. The film, which was on Yellowstone Park, was furnished by Ellis M. Mills and had been obtained from the Ford Foundation through the courtesy of Tom Power, Inc., local Ford dealer.

Thursday to Thursday...

By CHARLES DIDWAY

It's a time-worn, but true, saying that prevention of just one polio case will make any clean-up drive worthwhile. The insidious nature of the disease is such that it may strike in epidemic form when least expected. The state as a whole gained ground last year in its battle against polio, but the tide could easily swing the other way this summer. Precautions such as the clean-up campaign to be staged in Post May 18-22 will help guard against another heavy polio toll.

In voting to sponsor the clean-up campaign, Post's new Junior Chamber of Commerce has won the plaudits of the general public about as early as it is possible for a new civic organization to do so. From the enthusiasm with which these approximately 25 young men are entering into the spirit of Jayceesism, it's a safe bet that sponsorship of the clean-up drive will be only the first in a long list of public services rendered by the club.

Like most of the rest of us, the Jaycees' biggest problem at the moment is a shortage of funds, which wouldn't be so bad were it not for the fact that they have a June 12th Charter Night affair to finance. But the Jaycees are working on the problem and you can bet on a Charter Night worthy of the occasion.

Rodeo fever continues to rise here despite the fact that you can barely count on the fingers of both hands important events coming up between now and the Post Stampede and Rodeo May 27-30—events such as the Red Cross bloodmobile visit, Clean-up Week and the honor barbecue for Drs. Surman and Williams.

All rodeo committees are hard at work and the ones that can be helped most at this time are those in charge of the parade and western atmosphere. Most needed by the parade committee, headed by Shelley Camp and Tom Power, are more floats. The only thing asked by the regalia committee, headed by Ralph Kirkpatrick, is that Postites enter into the spirit of the occasion by donning western garb for several days prior to and during the rodeo. There'll be prizes for the best in both events.

Those who think all church news publications are dry reading in these days of fast-paced events should peruse a copy of Volume 1, Number 1 of "Everybody's Journal," a newsletter published monthly by the First Presbyterian Church. It's easy reading, but in possessing this important factor does not sacrifice the dignity befitting such a publication. Congratulations to Editors Joyce Herd and Evelyn Boyd! We're looking forward to Volume 1, Number 2.

After having heaped see the seniors off on their class trip Thursday morning (we took pictures), we got to thinking Friday of the scores of pre-school children visiting Post Grade School that day to acquaint themselves with scenes that'll form pretty familiar surroundings to them for the next several years. There's something like 12 years difference in the two groups—the seniors who left for Colorado Springs and the pre-school children who attended Friday's round-up at the grade school.

Twelve years from now, many of these pre-school youngsters will have completed

Roger W. Babson Writes This Week

Doing What You Don't Want To Do When You Don't Want To Do It, Success Fundamental

BABSON PARK, Mass.—About 22,000,000 young people are currently enrolled in Grammar Schools. Of these, about 7,000,000 can be expected to attend High School.

To What Group Do You Belong? Of these High School students, only about 2,000,000 will go to College, and even fewer will actually graduate therefrom. This means that of the 22,000,000 Grammar School pupils only 9% will complete their education by going on to a State University or other college.

As one who has founded three Colleges which are successfully teaching Business Administration, I want now to talk to the approximately 70% who will be quitting High School and will not attempt a College education. I further add to these many millions more who have quit, in the Grammar School grades, during the past ten years but are still young enough to learn.

Importance Of Typewriting I hope that every reader is proficient in reading, arithmetic, spelling and typewriting. If you are not, it is your own fault. No one needs even a High School education to get these fundamentals. If you are not proficient in these four subjects, you had better go to night school and catch up. If you have not a typewriter, you had better buy one at once. Very few who cannot operate a typewriter get good jobs.

What I am about to say is not a criticism of College Degrees. They are worth what they cost in time and money. I am a graduate of the Massachusetts Institute of Technology and am proud of it. Those four years taught me "to do what I didn't want to do when I didn't want to do it," which is one important fundamental of success. I further highly commend night schools, correspondence courses and many other forms of "Extension Education" which are open today.

How To Get A College Education Free But here is my real message: An industrious and spiritually minded person can get the equivalent of a College education by referring each day to four books: (1) The Short

NOT ALL WILL BE THERE...

It speaks well for a community when anyone stays around for forty years and when two highly skilled professional men think enough of one to stay that long it's a pretty good sign that a community has something to offer.

In recognition of the unselfish devotion of Dr. A. C. Surman and Dr. D. C. Williams to the highest standards of their chosen profession, their many friends and acquaintances are staging a barbecue in their honor next Tuesday in the Boy Scout camp mess hall.

No telling for how many years someone has been thinking about staging such an affair in honor of the two physicians. One would have been in order even twenty years ago, for it doesn't take long for men engaged in humanitarian work, as all doctors are, to merit such recognition.

It will be impossible, of course, for everyone wishing to express their appreciation of the services of Drs. Surman and Williams to attend the banquet. But the good doctors will derive as much satisfaction from the knowledge that for everyone who attends the banquet there'll be at least ten others who are just as grateful for the privilege of living in a community which for forty years has been well served by men of the medical profession.

Some towns are fortunate in never having had a parking problem. Less fortunate are most of those who have tried to solve theirs with parking meters.

The misery of miseries is to seek a place in the social whirl out of relation to one's income.

Why is it that the uninformed are so satisfied with themselves?

There is a lot of happiness in the belief that you are fooling others into believing that you are happy.

When a gal sneezes it's a sign she's catching cold. When she yawns it's a sign she's gotten cold.

Rank is to merit what dress is to a pretty woman.—La Rochefoucauld.

The world does get better. We haven't heard of a single flagpole sifter practicing his profession this year.

Their high school education and, unless the custom has been discarded by that time, will be leaving on senior trips of their own. One has only to think of the changes that have occurred during the past 12 years to realize that it'll be a different world the seniors will be going out into a dozen years hence.

Twelve years ago, this country was in the throes of one of history's worst economic depressions, the Second World War had not been fought, and the atomic bomb was still a dream even in the minds of the scientists who later had a hand in its development. It would take much more space than we have here even to mention all the far-reaching changes of the past 12 years. But it would require less space than one line of this column fills to even begin hazarding a guess as to what the next 12 years will bring. But we hope exuberant youths will still be embarking on senior trips and eager pre-school children will still be attending pre-registration round-ups.

Bible, published by the University of Chicago; (2) Webster's Collegiate Dictionary, published by the G. & C. Merriam Co., Springfield, Mass.; (3) How to Live, published by Funk & Wagnalls, New York; and (4) any standard Encyclopedia. All these books can be ordered through your local book store. Probably there are other books which cover the same ground. I have no direct or indirect financial or other interest in these four except to use them daily.

I wish especially to say something about Encyclopedia Sets. I believe they offer the greatest value for their cost of anything you can buy if you will use one every day. If I were an unemployed young man, I would get a job selling Encyclopedias and work up until I was General Sales Manager of the Company. It is a work into which I could put every ounce of strength and intelligence. In fact, I would offer the above four books in one package as a "College Education."

Every Job Offers Great Opportunities I was once employed by the Curtis Publishing Company to discover some kind of industry—from the manufacture of baby foods to coffins—in which no one had yet made a million dollars! I utterly failed to find such an industry. Furthermore, I found that the heads of these successful businesses had come up through different departments—some as stenographers, some as bookkeepers, some as salesmen, some as "common laborers" at the bench. Some of them had been very poor; some were crippled; and most of them had no College education. But many of them used each day the four above-mentioned books or their equivalent.

It is important that you get into the department for which you are best fitted; but every job in every industry offers a great future to those with character, industry, initiative and persistence. I care not whether you are white or black, poor or well-to-do, married or single, young or old, with or without a College education, every reader of this column has great opportunities today.

Getting Out On The Limb

by EDDIE the editor

Queen Anne of England originated the idea of racing horses for cash awards in 1714. The sport of chasing queens is somewhat older.

An optimist is one who sees only the down payment.

People used to marry for better or worse. Today it's for more or less.

If Post doesn't take on a lively western look for this season's annual Stampede rodeo I'm going to be a fooled bohnk.

And, if local people dress up, talk up and act up in western style you can bet your bottom dollar that the rodeo will play to capacity crowds each night. The trouble has been, in years past, that too few Post and Garza County residents have shown any great amount of interest in this annual entertainment. Had it not been for the support given the rodeo by people from neighboring towns it's likely that it would have folded before now.

But this season I predict that the four-day entertainment will play to the biggest crowds ever and that these crowds will be made up principally of Post and Garza County folk. The reason that I feel that this year's rodeo will top all records is that interest will hit a high pitch between now and the May 27-28-29-30 dates. And the reason interest will run high is because the Stampede Association made a wise choice in selecting three fine committees to build up this needed enthusiasm.

The three groups which will be instrumental in getting things going are headed by top-notch workers, the best to be selected for such undertaking.

Tom Power and Shelley Camp comprise a parade committee which is already beating the bushes interesting businessmen in entering floats in the parade. If you are a businessman and haven't already been contacted by these two spark plugs you might as well begin planning your entry... it will be much easier to fix up a float than it will to turn them down. So take my advice and do it the easy way... fix a float... too, you'll be proud of it when you see it in the parade.

Ralph Kirkpatrick heads the "wear rodeo apparel" committee. He is a hard worker and will see to it that you put on western duds before and during the rodeo. Ralph and his co-workers will set up a "CONVINCER" and should you choose not to get into the western spirit with the rest of us, you may as well lay in a supply of cold pills, an oxygen tent, or else engage a room at the hospital. The water will be cold.

George the Scotchman Samson, is already booking decorations for business houses and the Main drag. He is setting forth to get all business firms to put up bright new decorations and to discard the old faded banners which some few continue to use. And as George always says of the old lady who kissed the cow, it's just a matter of taste... and who has taste for old faded decorations. So get busy and arrange for new decorations.

To add color and sparkle to this season's rodeo, the Stampede rodeo grounds is at present time undergoing a face-lifting... drive out and take a look at it and you'll throw away those old faded decorations and buy some new ones.

Yes sir, we're going to have a hundreding of a rodeo.

THE WOMEN. God Love 'Em—Many a girl who is saying she won't reduce to please any man will be forty, fat and forlorn before she realizes it.

Remember way back when the naughtiest word the sweet young thing ever said was "fiddlesticks"?

What'll they think of next? A University of Texas zoologist, Dr. W. Frank Blair, is going to seek basic facts about wildlife heredity by "interviewing" frogs and toads with a tape recorder.

He will transcribe the mating calls of various frog and toad species in the State to determine if differences in the calls of frog species, for example, are important reasons why several species of frogs can exist in a single swamp apparently without interbreeding.

Now that's going to be dog-gone interesting, for I've always wondered why several species of frogs can exist in a single swamp apparently without interbreeding. I'll bet you've often wondered about it, too. In fact, I've lost so dad-blamed much sleep over it that I eagerly await Dr. Blair's findings.

I take it for granted that "various frog and toad species" in the State means that Dr. Blair will include the horned toad in his experiments, for I've wondered more about the horned toad's interbreeding habits than about those of any other species.

I also think that while he's at it, Dr. Blair shouldn't stop at learning all there is to know about frog and toad interbreed-

Wearing The Dunce Cap We're still wearing the weather-dunce cap this week, but it seems that it's time for someone else to voluntarily take it off our hands—or head. So many predictions have been made this week we haven't been able to keep up with them—and still no rain. First we learned from two sources that a creek in the Kalgary Community is a sure sign of rain. When the water rises out of the sand and starts flowing on this creek, there'll be a rain in 48 hours. The 48 hours are up—and no rain. Someone else suggested that if a mule tries to tear down the lot fence, it will rain within two days. The trouble with this one is that we can't find a mule. And Leonard Brixey wants to bet that two inches we predicted for April will fall by May 15. We hope he's right, but we have that dunce cap ready for him. —The Crosbyton Review.

Prospects For Rain Two "durn fools" (as the West Texas adage illustrates) were discussing the prospects for rain this morning. "It will rain on May 12," one said. "You are mistaken," the other reiterated. "It will rain May 9." We hate to say this, but they are both wrong. It will rain May 11—The Seminole Sentinel.

Doesn't Fit In Hamilton Mr. Alexander Pope's mot about "man's inhumanity to man," doesn't fit Hamilton people. Last week a man in a car, who said he was bound for San Antonio, stopped in at Mrs. A. R. Eldson's for something to eat. He said he had just enough money to buy gas for his trip. Mrs. Eldson sent him to the Landis Grocery just across the street where she intended to pay his bill. Mrs. Landis fixed him up "on the house." A few days later she received a dollar bill in a letter from the same man. And, we might add also, that old Diogenes with his lantern might have found his honest man if he had lived until now.—The Hamilton Herald News.

ing habits, but also should query them on which brand of cigarettes they prefer, which Toni has the twin and which teams will finish in sixth place in the major league pennant races. It isn't often, perhaps, that one can get a group of toads and frogs together for interviews.

And about the mating calls Dr. Blair is going to describe. Perhaps there'll be some distinctive quality about them that will enable me to tell whether it's a male frog making the mating call or a female frog making the noise. I believe if I'd been able to tell the difference I wouldn't have lost so danged much sleep worrying over why several species of frogs can exist in a single swamp apparently without interbreeding. Another thing that would have helped clear up the situation for me would have been to know whether there are cow frogs as well as bull frogs.

Also, if Dr. Blair is going to interview toads AND frogs, then what is he going to do about the toad, frog, which I've always presumed was one and the same—without even a touch of schizophrenia or any other form of split personality. Oh, well! I'm all mixed up now, and probably will be until after Dr. Blair makes public his findings on why several species of frogs can exist in a single swamp apparently without interbreeding.

## 15 FFA Youths Are To Receive Awards

Fifteen young Texans again this year will receive awards from the Santa Fe Railway for their outstanding achievement in Future Farmers of America work, according to announcement made by Fred G. Gurley, president of the railroad.

In addition to the 15 annual awards to Texas youth, Santa Fe this year will present a check for \$2,000 to the National F. F. A. Foundation, Gurley said.

Santa Fe awards consist of a certificate of merit signed by President Gurley and a cash award enabling each youth to attend the National F. F. A. Convention in Kansas City in mid-October with all expenses paid.

Seventy young people who will receive such recognition in Santa Fe territory will be guests of the railroad at a special award breakfast during the convention.

State F. F. A. officials will announce names of the 1953 winners later this year. Selection is on a basis of leadership, scholarship and development of home farming projects under F. F. A. auspices.

## Study Course Is Held For District Agents

Miss Jessie Pearce, Garza County home demonstration agent, was in Lubbock Monday and Tuesday attending a study course on how work simplification can be correlated with demonstrations being carried on in a county by 4-H and home demonstration clubs.

The course, which was for District 2 agents, was conducted by Mrs. Eula Newman, home management specialist from the Extension Service, College Station.

The meetings were held in the Community Clubhouse.

Those home demonstration agents who had work simplification courses in the past gave demonstrations to each other, thereby getting new ideas and improving techniques, according to Mrs. Aubrey Russell, District 2 agent.

## Condron Finishes Recruit Training

Marine Pvt. Cloyd R. Condron, 20, son of Mrs. S. B. Winningham of Post, recently completed his recruit training at the Marine Corps Recruit Depot at San Diego, Calif.

Condron is now undergoing four weeks of individual combat training at Camp Pendleton, Calif. In recruit training, he qualified as a rifle marksman.

Upon completion of the current advanced training, he will be assigned to a Marine unit in the U. S. or abroad or to a technical training school.

He formerly worked on the Waggoner Estate Ranch, near Vernon.

## Commissioner Finds Meetings Are Costly

LONGVIEW, Tex. (AP)—E. K. Bennett figures it's costing him to be a city commissioner.

His name was called at a drive-in theater one night to win a \$275 prize. Bennett wasn't there. The same night his name was called at his club for a \$100 award. He wasn't there either.

Bennett was attending the city commission meeting, where they don't pay for attendance.

"COMMUNIST BUNK"—W. R. Smith, nationally known coach at the small Orange, Tex., Negro High School, shows his disdain for a Communist Party pamphlet that is being circulated widely in Texas, by using it to light his cigar. Smith, whose work among young people, has prompted Orange citizens to present him with a new station wagon, called the booklet "Communist bunk." The Texas Attorney General has said he will investigate and prosecute the persons who mailed the literature.

## Preachers Have Same Monickers

ROCKY FORD, Colo. (AP)—Rev. Charles S. Mundell of Rocky Ford and his house guest, Rev. Charles S. Mundell of Los Angeles, have a lot in common besides having the same name.

Both are retired ministers, but Rev. Charles Simeon Mundell of Rocky Ford was a minister in the Methodist Church and Rev. Charles Samuel Mundell of Los Angeles was a Congregational minister.

Both are the fathers of two sons and two daughters, but the Los Angeles Mundell has forged ahead in the grandchildren department. He boasts seven, although he is younger than his Colorado colleague, who has only five.

The Rev. Mundell of Rocky Ford first started a correspondence with his Los Angeles friend when he read about Charles Samuel Mundell, who was known as the

boy preacher back in high-button shoe days. The Rev. Charles Simeon was then living in Illinois.

The Rev. Charles Samuel was born in Texas, where his father was a cowboy on the famous old XIT Ranch.

L. B. Whitaker spent Saturday night and Sunday in Seminole visiting his mother.

## Dickens Posse To Get New Uniforms

The Post Stampede and Rodeo parade May 27 is one of three riding engagements scheduled for the month by the newly-organized Dickens County Sheriff's Posse, according to information from Spur.

Wednesday of this week, the Dickens County riders rode in the parade opening the Boy's Club Rodeo at Lubbock. On May 26, they will attend the Caprock Peace Officers Association barbecue at the Horace Wood Ranch in Kent County.

New uniforms have been received by the posse, which has 100 members and 28 riders. Everett McArthur is president.

## Hodges Receives Plaque At Spur

Floyd H. Hodges, Garza County stock farmer recently named as outstanding farmer of Region 1 in the soil conservation awards contest, was presented his plaque at last week's meeting of the Spur Lions Club.

Giles McCrary, also of Post, made the presentation. McCrary is secretary of the board of supervisors of the Duck Creek Soil Conservation District.

At the Region 1 awards dinner at Memphis on May 22, Hodges will receive a cash award of \$200 for being named outstanding farmer.

# MAY 18 to 22... Second Annual City-Wide Clean-Up Campaign

Residents of the City of Post are requested to join in a City Wide Clean-Up Campaign to be staged during the week of May 18-22.

All citizens are urged to clean and brighten up their premises and to place all un-burnable trash in cans in the alleys so that volunteer trucks can haul off this rubbish at no cost to property owners.

Trash that will burn, should be burned, and only unburnable rubbish should be left for the trucks.

Following the general clean-up, the City will spray the alleys and disinfect areas to prevent the spread of insects. The spraying is scheduled to follow within a few days after the clean-up is completed.

## Volunteer Trucks Will Pick Up Trash FRIDAY, MAY 22

City trucks will make the rounds of all alleys on Friday, May 22. Residents are requested to be present, if possible to see that all rubbish is loaded and hauled away. It will be appreciated by the City employees if help can be supplied by the property owner in loading the trash into the trucks.

Your Cooperation Will Be Appreciated

# PRICE! PERFORMANCE! BEAUTY! LONG LIFE!

4-Way Proof that Dollar for Dollar you can't beat a Pontiac

Here's how to prove Pontiac value:  
First, get behind the wheel and drive it—see how Pontiac puts you out in front in traffic, skims you along the open road with surprising economy; how its big, husky high-compression engine provides power to spare.  
Next, take a good long look at its distinctive styling and its luxurious color-matched interiors.  
Consider, also, Pontiac's reputation for unsurpassed dependability, long-range economy and high resale value.  
Finally, compare its low price—so low, in fact, that if you can afford any new car you can afford a Pontiac. Why not come in and see for yourself?

# Pre-Registration Is Held Friday At Grade School

Approximately 80 pre-school children and 60 mothers attended the pre-registration round-up Friday at the Post Grade School, Principal Ellis M. Mills reports.

First grade classes were dismissed for the day and the children who will be starting to school for the first time next September took over the rooms, with the first grade teachers in charge.

After each pre-school child was registered, he was "tagged" with one of four colored tags. The four first grade teachers then drew to see which of the four groups would be assigned to their room for the day.

At a program for parents of the children, the principal opened the meeting, after which the school nurse, Mrs. Peggy Everett, discussed the health program and D. C. Arthur, superintendent of schools, and Mills collaborated in a question and answer session.

The crowded conditions of the schools was one of the problems in which the visiting parents showed an interest.

At the noon hour, approximately 70 of the visiting children and 30 mothers ate their lunch in the school cafeteria, with a number of the fathers also dining there.

The principal reports that the pre-registration program was a very successful one and expressed satisfaction at the number of parents and pre-school children attending. The registration will greatly simplify matters at the beginning of the 1953-54 school year, he said.

**THERE'S A RAILROAD UNDERNEATH**—Dust storms, which whipped across the South Plains of Texas buried two short sections of Santa Fe Railroad tracks west of Brownfield, Tex., and bulldozers were called in to move the main portion of the sand so that work gangs could get to work to clear the rest of the track bed. At this point, the sand was as much as two feet deep over the rails.

Mr. and Mrs. Wayne Hundley and Steve of Midland visited relatives and friends here during the weekend.

Mr. and Mrs. Robert Cato and sons, Bob and John, and Homer and Jean Cato were in Abilene Sunday where they visited Binion Cato.

Mrs. R. W. Babb and her family spent Sunday in Meadow Lake. Truett Babb and attended baccalaureate service Sunday evening.

## Seniors Back From Class Trip Sunday

Fifty-one Post High School seniors and seven adult sponsors returned about midnight Sunday from a class trip to the Star Ranch at Colorado Springs, Colo.

C. D. Lee, high school principal and one of the adults accompanying the students, said the trip was a success from every standpoint. "This was my fourth senior trip and the students on this one were the best behaved of any," he said.

Other adults accompanying the seniors were the class sponsors, Mrs. G. E. Fleming and N. R. King, Mr. and Mrs. H. W. Schmidt and Mr. and Mrs. Ralph Welch.

Traveling in two chartered buses, the seniors left Post at 10 o'clock last Thursday morning and arrived there about 1 a. m. Friday. They left Colorado Springs at 8 a. m. Sunday on the return trip.

The annual reunion of former Brown County residents will be held at Mackenzie State Park in Lubbock at 10:30 a. m. Sunday, May 17. Reunion site will be the northeast part of the park, the same place as used before.

### It's Clean-Up - - Paint-up Time . . .

Beginning next Monday the people of this community will set to the task of cleaning up the city from stem to stern.

**THIS WILL BE A VERY IMPORTANT UNDERTAKING**

It is very important that the city be thoroughly cleaned for sanitation purposes, as well as for looks. Each year dates should be set aside for such an undertaking.

It's important too, that you give your home proper consideration . . . it likely needs painting for protection and appearance . . . and of course, when you consider painting you should buy the best in paints—BENJAMIN MOORE'S HOUSE PAINT.

## What Makes One Job Better Than Another?

What if the tables were turned . . . and college graduates stopped filling out job applications, and instead, submitted questionnaires for companies to fill out? It might be they would ask:

"Why should I work for your company? . . . Is your bank balance healthy? . . . Are you expanding fast? . . . Will I get responsibility in a hurry? . . . Can I pick the type of work I like? . . . Are you fun to work with? . . . Do you have smart men I can learn from? . . . Free schooling to train me further? . . . Research and know-how? . . . Money for the finest equipment? . . . Will you recognize and utilize my talents?"

Isn't it a sign of a pretty good job when young men with talent can have a clear road ahead, can learn from people they respect and admire, and can work on projects of national importance?

From where we sit, we've been watching this happen. Teams of people at General Electric—in their twenties most often—are solving problems of jet plane engines, new chemicals, home appliances, guided missiles . . . everything from atomic power to air conditioning. And they're working in responsible jobs, with experts of recognized authority.

Maybe it's because we're growing fast that young men move into new and bigger jobs. Or because we've been lucky enough to hire the type of men who grab responsibility and work hard to achieve success. Whatever single factor or combination it is, young men and success do go together at General Electric.

You can put your confidence in

## Take the wheel and a new world is yours

Two things stand out above all others in this Golden Anniversary ROADMASTER.

*It is the most beautiful Buick Riviera ever built.*

*It is the most brilliant Buick performer in fifty great years.*

The first of these is an obvious truth that you learn at initial sight of this automobile's sweeping lines, its gracious styling, its stunning interior fashioning.

The second is one you discover when motion begins and the wonderful new experience unfolds.

You soar from standstill to legal speed as you never have before—for Twin-Turbine Dynaflo gives you getaway with a combined swiftness, silence and smoothness no other car in the world can equal.

You command the highest, the silkiest, the

most instantly responsive power in all Buick history—from the world's newest and most advanced V8 engine—the first Fireball V8.

You ride with the gentle, constantly level cushioning of coil springing at all four wheels. You guide your two-ton automobile with the exquisite ease of Power Steering. You slow or halt with the velvety control of still finer braking—plus the extra comfort of Power Brakes\* if you wish.

Surely, this rich new world of motoring magnificence is one you should explore—if only to know that it's real, and more easily reachable than you may think.

We'll be happy to seat you at the wheel of this superb new ROADMASTER—and let your emotions and good sense judge its greatness. Won't you visit us this week?

\*Optional at extra cost.

# College Degree Not Much Help Cowboy Work's To Be Done

ER.—A university degree may help in the business world when there's a calf to be broken or a horse to be broken, but it does not do much good.

"Learnin' helps a man, but it don't help him to be a cowboy," says Joe Barbee, a cowboy "as far back as I can remember."

Barbee is a cowboy in the appraised cowboy fashion. He's tall, thin and has a drawl. He wears spurs "tailor-made" to fit his own.

It is dangerous that he would be taken for a drugstore cowboy. His boots and ten-gallon hats may look good at a party, but Barbee feels that such

deeking out doesn't have any place in the "sunup to sundown" daily routine of a cowboy.

"There's lots of things about this job that just doesn't come out of books. You have got to be a roper, a jack-leg carpenter, a fence mender, and a half dozen other things," he said.

Barbee, who now works with his brother on the Bar-B ranch on the Troup highway, got his cowboy education in the saddle.

"I put in 12 years on J. S. Abercrombie's ranch down by Swinney, working Herefords and Brahmas. I guess I rode about 25 miles a day on that job. I did lots of ropin' there, rode some fence and just about every other job on the ranch," he drawled.

Barbee's ability as a roper has never been questioned, especially in the "jackpot rodeos" in this area.

He has won roping honors in many rodeos and has trained roping horses for several top riders.

One of his roping horses sold last year for \$1,000 and the horse later carried his rider to top honors in Madison Square Garden in New York.

He has several scars as evidence that he has been pretty well thrown around by some "means ones."

"You doggie a Brahma around with a hoss and a rope and he gets pretty salty, but I guess

STATE'S OLDEST EX-SENATOR—Charles Vernon Terrell, at 92 years, is Texas' oldest living ex-state senator. He was honored on his birthday by the state legislature at Austin when the high state leaders called him one of the great men of Texas. On the day he was honored for 50 years of public service, a portrait of Terrell was unveiled in the Senate Chamber. More than 300 persons attended the ceremony. Terrell entered the Senate in 1897.

## Stampede Cowboys Are Riding Today

The Post Stampede Cowboys are riding this afternoon at Snyder in the parade opening the annual All-Girls Rodeo, which is being held today, Friday and Saturday.

The horses were to be loaded out at the Post rodeo grounds at 1:30 p. m., and the group was to assemble at 4:30 p. m. two blocks west of the courthouse at Snyder.

On Wednesday, the Post riders appeared in the Lubbock Boys' Club ABC Rodeo, which started at 3 p. m.

## Revival Is Slated At Church Of God

The Rev. Louis Bowerman, evangelist, now pastor of the Church of God at Slaton, will preach at a series of revival services beginning Tuesday, May 19, at the Post Church of God, West 12th and North Jefferson, the Rev. B. E. Coker, Jr., pastor, announces.

Services will be held nightly at 8 o'clock, according to Rev. Coker. There will be special prayers for the sick.

## Neighbors Celebrate Paving Completion

DALLAS, Tex. (AP)—About 50 neighbors celebrated the completion of paving on Bowling Green Ave. here with a picnic spread on tables set up in the middle of the street.

"Just a general get-together before our street was opened officially," said John T. Johnson. "Nice to get to know one another, you know. Of course, it was all thought up by the women."

## Tester Location Is Spotted In County

Location on which to drill a tester in the Tobe-Strawn field area of southeastern Garza County has been spotted by a Lubbock operator.

Tobe Foster will drill the No. 4 Justice Heirs to a proposed depth of 7,500 feet for tests of the regular field pay. Rotary tools are to be used. The project is one location east of the discovery well in the field.

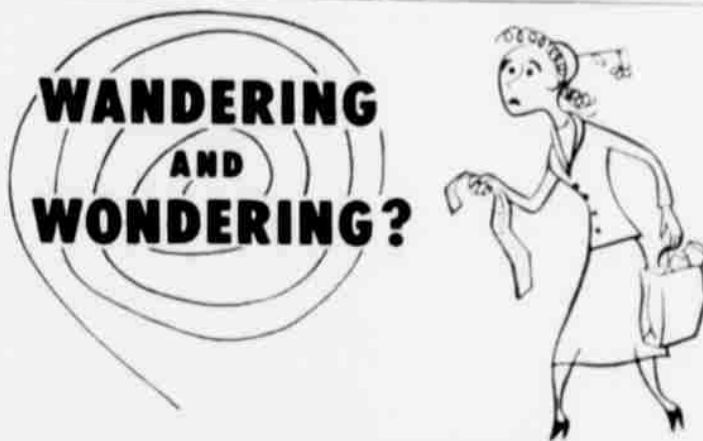

Exact location is 660 feet from south and 1,980 feet from west lines of Section 19, Block 6, H&G Survey, one and three-fourths miles southeast of Justiceburg.

Herefords are just as mean," Barbee revealed that working cowboys these days draw about \$125 a month "and found." Joe picks up money on the side by handling unpleasant Brahmas that escape from their owners.

The Barbees live in a house adjoining the Bar-B ranch. With them are their four children—"two cowboys and two cooks," reports cowboy Barbee.

Mrs. Weldon Rogers and Donnie of Colorado City spent part of last week here with the Guy Floyds.

Miss Jean Cato of Levelland was a weekend guest in the home of Mr. and Mrs. Robert Cato and family.

### Negro Is Charged In Forgery Case

A forgery charge against L. C. Bradley, 28-year-old Post Negro, was filed in district court Monday, following his arrest here Sunday by Deputy Sheriff J. W. "Red" Floyd.

### Phone Service ---

(Continued From Front Page) ment with the Poka-Lambo Telephone Cooperative in regard to rural telephone service in this area.

Mayor T. L. Jones, one of those attending the meeting, reported that no mention was made by company officials of a new rate boost in Post. "Furthermore," he said, "there has not been a request for rate increases, despite rumors to the contrary."

Others attending the meeting were City Commissioners Roy Baker and E. S. Stewart, City Attorney Joe S. Moss, City Water Superintendent R. H. Tate, Tom Harris and Bud Tisdale of Postex Mills, Inc.; George "Scotty" Samson, representing the Chamber of Commerce; Mills Roberts, Hobbs, N. M., district manager of the telephone company; Bob Sanders, who will be manager of the new district; Dusty Kemper, Vic Fleming, personnel manager, and a phone company technician.

### Clean-Up Drive ---

(Continued From Front Page) dump grounds and burned.

All available trucks will be needed during the day and any one wishing to offer the use of a vehicle is asked to contact Everett at Mason & Co., 108 East Main.

Meacham said Tuesday that all businessmen are being urged to assist in the clean-up program by allowing at least one employee to assist in Friday's work or to furnish a truck if one is available.

Although the drive will be under the direction of the committee, every Jaycee will be expected to assist in Friday's work, Meacham said.

The City of Post will be hosts to workers at a noon lunch at the park site, and refreshments will be carried to workers during the day.

Mayor T. L. Jones, who has promised the Jaycees full cooperation on the part of the city, said the clean-up campaign would be followed by spraying of alleys with city equipment.

Those visiting in the home of Mr. and Mrs. J. T. Paddy during the weekend were Mr. and Mrs. A. A. Porter and boys of Big Spring, Mr. and Mrs. K. E. Young and boys of Lamesa, Mr. and Mrs. John Wiggington of Slaton and Mr. and Mrs. Dale Stage. Mr. and Mrs. Jack Wall went to San Angelo Monday for a visit with her parents, Mr. and Mrs. Doug Williams.

### \$600 Needed ---

(Continued From Front Page) last summer, a daily average of 65 youngsters was participating, with the high school gym being used for indoor recreations. A total of 97 boys and 38 girls registered early in the program. In addition to providing healthful recreation for the children, the various activities also teach them to play with other children, which is one of the most beneficial results of the program.

### Jaycee Group ---

(Continued From Front Page) King and Herman Maddox. Finance: Jiggs Price, chairman; Walter Johnson, Louis Mills and Giles McCrary.

Charter Night: Short and McCrary, co-chairmen; Hansford Hudman, Bull Lancaster and Mills.

Until after Charter Night, June 12, the Jaycees are to meet every Thursday night at the school cafeteria. A meal will be served every first and third Thursday night.

### Senior Class ---

(Continued From Front Page) Ann Mathis Leake, Elfreda Buck, Jack Ainsworth, Gaylord Anderson, Charles Bird, James Boren, John Boren, Dalton Copple, Jerry Crockett, L. W. Evans, Jimmy Ferguson;

W. O. Fluit, Jr., Pete Hays, Norman Johnson, Rex King, Randle Lawrence, Ross Morrow, Wayne Massey, David Pernington, Vernon Reed, Bobby Rogers, Kenneth Rogers, John Schmidt, Cecil Smith, Darrell Stone, Danny Tillman, Bernie Welch, Webster Wheeler, Charles Winkler.

### Rodeo Parade ---

(Continued From Front Page) West Texas Riders Association organized a few months ago at Lubbock.

A new route has been chosen for this year's parade. It will assemble on the farm-to-market road at the football stadium, proceed east on the Tahoka Highway to the city warehouse, north to Main Street, east to the railroad and then back up Main to the courthouse, where it will disband.

Other pre-ropes developments include plans for opening of Western Week on Monday. Six judges have been named to judge western regalia worn from that date until the rodeo. First, second and third place prizes of \$15, \$10 and \$5 will be awarded, according to Ralph Kirkpatrick, regalia committee chairman.

### School Project ---

(Continued From Front Page) Both the high school and grade school are overcrowded this year and enrollment is increasing at such a rapid pace that a new building program is considered the only solution to the problem.

Under the present set-up, junior high school students are divided between the two buildings, with the eighth graders in the high school and the seventh graders in the grade school.

### Bits Of News From Here and There

Mrs. R. E. Cox spent Monday in Dallas with the Morris Cox family.

### Ask Re-Hearing In Tax Suit Appeal

Counsel for Post Independent School District, et al, in its suit against Clint Murchison, et al, for collection of approximately \$150,000 in alleged delinquent taxes has filed a motion in the 7th District Court of Civil Appeals for a rehearing.

The motion was filed by plaintiff's counsel after the appeals court had reversed a 106th Judicial District Court summary judgment ruling for the plaintiffs. The appeals court reversed the judgment on the grounds that there was a bona fide dispute between the plaintiff and defendant and that the case should have been tried in district court.

The Post Independent School District, Garza County and the Southland Independent School District are suing the defendants for taxes alleged delinquent for the year of 1951.

Mrs. E. Stoker, Mrs. F. L. Bailey, Mrs. Lee Davis and Mrs. Almon Martin spent Monday in Lubbock attending a Women's Fellowship Workshop of the First Christian Churches of this area. Main speakers of the meeting were women from Fort Worth and San Antonio.

## Two Garza Wildcats Are Abandoned

Two San Andres wildcats in Garza County have been plugged and abandoned by operators.

One is the Duncan Drilling Co. No. 1 Kirkpatrick, shallow wildcat in the south-central part of the county. Total depth is 3,041 feet in barren San Andres lime. There were no shows of oil or gas at the total depth. It was two and one-half miles south of San Andres production in the Garza field area. Elevation was 2,595 feet.

Location was 330 feet from south and west lines of the north half of Section 1, Block 2, G&H, five and one-half miles south-southeast of Post.

The other dry wildcat is also in south-central Garza County, where Harris & Walton quit the No. 1 Jessie Person Crump at a total depth of 2,534 feet in San Andres lime. There was a thin section of pay encountered, however, there was not sufficient shows for commercial production.

Drill site was 2,310 feet from south and west lines of Section 38, Block 6, H&GN Survey, two miles southwest of Justiceburg, two miles southeast of the Rocker A field and one mile north of the South Rocker A-San Andres pool area.

## Annual Convention District 7 VFW And Auxiliary To Be Held May 23-24

A tentative program for the District 7 convention of the Veterans of Foreign Wars to be held here Saturday and Sunday, May 23 and 24, was announced Monday.

A large number of VFW and Auxiliary members from throughout the large District 7 will attend the convention, headquarters for which will be the VFW Post building, east of town.

Wagoner Johnson, commander of the local post, said Monday that registration will begin at 1 p. m., to be followed by a service officer's school from 4 until 5 o'clock.

A stag smoker will begin at 5 o'clock, and a dance is scheduled to get under way at 8:30.

The Sunday program will include memorial services at 10 a. m., followed by an address by John McKelvey of Electra, state VFW junior vice-commander. The

noon meal will be followed by an afternoon business meeting, which is to conclude the convention.

Thad Patterson of Seagraves, District 7 commander, will preside at the convention.

A more detailed program will be announced by local VFW and Auxiliary officials in next week's Post Dispatch.

## BITS-OF-NEWS

Mr. and Mrs. Giles Dalby of Lubbock spent the weekend here with relatives.

Mr. and Mrs. V. L. Peel and Patti of Lubbock visited Mr. and Mrs. Jack Taylor Sunday.

## Traffic Big Problem At Trash Fire Here

"Unnecessary" traffic was so heavy near the scene of a trash fire Saturday night that Sheriff Carl Rains had to block the road in his automobile before the firemen could get through to douse the blaze.

The sheriff said he'd never seen as many cars converge so quickly on the scene of a fire. "It seemed to me that there were as many as 200 automobiles milling around," the sheriff said.

The fire itself was only a minor blaze, but had it been a major one, serious damage might have resulted from the firemen's efforts being hampered by the large number of automobiles and onlookers, the sheriff said.

Sheriff Rains points out that the average citizen's willingness to help at such times is appreciated, but he requests that nothing be done to hinder the volunteer firemen.

# Chevrolet trucks must be the best buy!

This year—for the 12th straight production year—truck users are buying more Chevrolet trucks than any other make. That couldn't be true unless Chevrolet trucks offered more of what you want.

Already, 1953's official sales figures tell a remarkable story of clear-cut and decisive preference for Chevrolet trucks. But, this is not surprising, for truck users everywhere are discovering how far ahead of all other Chevrolet trucks really are.

They are discovering things like the tremendous new power in advanced Loadmaster engines in heavy-duty models . . . the remarkable gasoline economy . . . the extra ruggedness and strength of heavier, more rigid frame construction. And, in addition to all these advantages, the Chevrolet line lists for less than any other trucks of comparable size and capacity. So, before you buy any truck, stop in and see us.

Here is another Piggly Wiggly aid to the housewife. Barbecued Franks are fast to make, inexpensive and delicious and the menu is sure to please the whole family. You'll find all of the foods at your favorite Piggly Wiggly.

### BARBECUED FRANKFURTERS MENU

- Barbecued Frankfurters
- Browned Potatoes
- Buttered Green Beans
- Crisp Relishes
- Coffee
- Berry Cobbler
- Milk

### RECIPE

Make slits lengthwise in frankfurters. Place them cut sides up in baking dish and pour barbecue sauce over the top. Bake in 350° F. oven for 20 minutes, basting frequently. Serve extra sauce separately.

To make sauce: Melt 1 tablespoon butter, add 1/4 cup chopped onion and cook until clear. Add 1-1/2 tablespoons sugar, 1 teaspoon mustard, 1-1/2 tablespoons Worcestershire sauce, 1/2 cup catsup, 1/2 cup water and 1/4 cup cider vinegar.
