Junior Rodeo Is Cut To Three Nights; Opening Date Aug. 13

The annual Southwestern Championship Junior Rodeo will be held Thursday, Friday and Saturday nights, Aug. 13, 14 and 15, it was decided last Thursday night at a meeting of officers and adult directors of Post Junior Rodeo, Inc.

Original plans, made several weeks ago, were to hold the rodeo five nights, beginning Aug. 11 and continuing through Aug. 15, but the severity of the drought brought a change in the plans.

CHECKING THE ROUTE—These three members of Boy Scout Troop 16 were in the South Plains group which left Lubbock last Thursday morning for the third National Boy Scout Jamboree in California. They are, left to right: Sidney Hart, son of Mr. and Mrs. Boy Hart; Leonard Short, son of Mr. and Mrs. Lowell Short, and V. A. Dodson, son of Mr. and Mrs. R. B. Dodson. The Jamboree opens July 17 and continues through July 23.—(Staff Photo).

Rites Are Held Yesterday For C. M. Voss, Sr.

Last rites for C. M. Voss, Sr., were conducted at 10 o'clock yesterday morning in the First Methodist Church with the Rev. Charles Gates, pastor, and the Rev. J. E. Stephens officiating.

Burial was in Terrace Cemetery under the direction of Hudman Funeral Home.

Mr. Voss, a resident of Garza County for 33 years, died at his home early Monday morning after suffering a heart attack. He was born Jan. 19, 1878. A long-time member of the Methodist Church, he was a retired farmer and resided in the Graham Community.

Survivors are his wife, Mae, of Post; four sons, C. M., Jr., of Montpelier, Vt., Weldon and Tommy of Waco and Glenn Voss of Post; a daughter, Mrs. Knox Parr of Amarillo; a stepdaughter, Mrs. Bob Brauchli of New Jersey, and two sisters, Mrs. Leona Carder and Miss Martha McCartney, both of Waxahachie.

Pallbearers were Bob Collier, Delmer Cowdrey, Bill McMahon, Boone Evans, Noah Stone, Bob

Post Contractor Is Awarded Clinic Job

Contract for construction of a new building to house two doctors' offices was let Tuesday to Elbert Davies Construction Company of Post on a bid of \$19,987, one of seven submitted.

The contract also calls for installation of a central heating and air-conditioning system in the building, which will be on the northwest corner of the block south of the west end of the Garza County Memorial Hospital.

Construction is expected to get under way within the next two weeks, with completion due within 90 days.

The new building will house the office of Dr. John R. Rountree, who moved here last week, and one other doctor, who is expected to be named within the next few months. Dr. Rountree temporarily has his office in the house across the street from the American Legion Hall.

The new building will be one story, of hatched block construction and with Roman brick front and sides. The floor will be of concrete with asphalt tile covering. It will include the two doctor's offices, two examining rooms and a laboratory.

SIX RESIGNATIONS SINCE END OF TERM Three Resign From Faculty

Three faculty resignations were accepted by the board of trustees of the Post Independent School District at a meeting Monday night.

The resignations were those of Mrs. Sol Davis, Miss Patsy Poss and Miss Mary Beth Cooney.

The resignations brought to six the number since the end of the 1952-53 term, according to D. C. Arthur, superintendent of schools. Earlier resignations were those of Mr. and Mrs. Travis Everett and Mrs. J. W. Evans.

Replacements on the faculty have been secured for the Everetts and Mrs. Evans.

Replacing Everett as high school science teacher is Roy Morrison of May, who for the past six years has served as assistant county superintendent of schools in Brown County. He is a graduate of Texas A. & M. College.

Mrs. Vernon Ray, wife of the Post High School basketball coach, has been employed as school health nurse to replace Mrs. Everett. Mrs. Ray has served one year as Garza County health nurse.

Replacing Mrs. Evans as social science teacher in the fifth, sixth and seventh grades will

be Miss Kay Matthews of Midland, a McMurry College graduate.

Mrs. Davis, who has taught a second grade section here for the past two years, has decided not to teach next term.

Miss Poss, who taught a third grade section during the last semester of the 1952-53 term, has accepted a teaching position in Plainview.

Miss Cooney, eighth and ninth grade mathematics teacher for the past two and a half years, will teach next year at Dickinson, near Galveston.

Indications are that there will be as many contestants this year as there have been in past years, which would mean total prize money of around \$4,750.

Individual belt buckles will be awarded the rodeo's all-around champion cowboy and cowgirl.

Also announced this week were plans for the opening day parade by Don Long and George Samson, junior and senior parade chairmen, respectively. Time of the parade has been set for 6 p. m. Aug. 13.

Merchants and organizations of Post and Garza County will be asked to enter floats in the parade, and riding groups will attend from at least 12 area towns and cities. First, second and third place trophies will be awarded the winning riders, according to the parade chairmen.

Committee appointments are being completed this week by John Boren, president; Jim Boren, manager, and the secretary. Appointments up to Tuesday noon were as follows:

Advertising: Alvin G. Davis, chairman; John Boren, Jim Boren, John Schmidt, Barbara Norris and Charles Didway; concessions: Lewis Herron, chairman, and Ned Myers; parking: Red Floyd, chairman; publicity: Davis, George Samson, Jerry Epley and Jack Haire; dance: Mike Custer, chairman; Schmidt, Haire and Boyce Josey; sponsor: Barbara Norris, Maxine Baylis, Sue Stephens and Anne Leake; grounds: Glenn Davis.

Officials will include Jimmy Bird and R. E. Josey, judges; Leon Miller, Phil Bouchier, Giles Dalby and Floy Richardson, timekeepers; Novis Rodgers, cutting horse judge, and Billy Meeks, arena director.

The fifth annual Quarter Horse Show, which is approved by the AQHA, will be open to all residents.

High Court Upholds Ruling On Tax Suit

The Post Independent School District's suit against Clint Murchison, Jr., and others for collection of taxes on oil properties will have to go back to district court for a new trial.

This was the effect of a Texas Supreme Court ruling last week refusing to review the judgment of the Amarillo Court of Civil Appeals. The appellate court ordered a new trial on the merits of the case last May.

The school district, Road District No. 2 of Garza County and the State of Texas had been granted a summary judgment for collection of \$10,395.53 in taxes and a foreclosure of a lien on the mineral interests by Judge Louis B. Reed in the 106th District Court.

Fair Dates Are Set For One Week Earlier

Dates of the Garza County Fair have been set up a week to Friday and Saturday, Sept. 11 and 12, it was announced at Tuesday evening's regular meeting of the Post Lions Club, sponsoring organization.

At a meeting two weeks ago, the fair dates were set for Sept.

UNDERWRITE FAIR
Directors of the Post Chamber of Commerce voted recently to underwrite in the amount of \$100 the Garza County Fair, scheduled for Sept. 11 and 12. Announcement of the Chamber of Commerce's action was made at Tuesday evening's Lions Club meeting. The Lions are sponsoring the fair.

18 and 19, but the change was made following a report by Les Short, carnival chairman. Short said the Lone Star Amusement Company's attractions, consisting mainly of children's rides, could be here on the earlier dates.

While the fair itself will be held only on the last two days of the week, the carnival will be here for four nights, and the Lions Club will sell concessions on each of those nights. Almon G. Martin is the club's concessions chairman.

The Lions Club also voted not to hold its annual Play Day nor to take on any other projects before the fair.

Fair catalogues, listing premiums, rules and other information will be ready for distribution this week, according to Miss Jessie Pearce, county home demonstration agent and chairman of the fair's women's division.

Succumbs To Burns In Dallas Hospital

Mrs. Jimmie Lee Fitzgerald of Grand Prairie, former Garza County resident, died at 6:20 p. m. Tuesday in Parkland Hospital, Dallas, from burns received July 4 in an explosion in her home.

Mrs. Fitzgerald was the daughter of Mrs. Vivian Hudman of Stalon and the late Jim Hudman. The family resided in the Gordon Community of Garza County for several years.

Mrs. Fitzgerald received third degree burns and internal injuries in the blast and fire which destroyed her home. She was alone at the time, her husband having taken their two-year-old child with him for a drive to his father's home.

An accumulation of gas was blamed for the explosion.

Funeral arrangements were in complete charge Wednesday, with efforts being made to contact Mrs. Fitzgerald's sister, Mrs. See BURNS VICTIM, Page 8

Feed Applications Go Past 300 Mark

There have been more than 300 applications here for feed under the government's drought relief program since it went into effect July 3, according to Mike Custer, Garza County Production and Marketing Administration officer.

Eleven carloads of cottonseed pellets and two carloads of corn had been received here up until Wednesday noon. Custer reported. Another carload of corn was due Wednesday or Thursday.

The county has on order at this time two cars of oats and two cars of meal, Custer said.

Rotarians Hear Talk On Fund, Magazine

Post Rotarians heard O. L. Weakley discuss the organization's magazine, "The Rotarian," and the local club's scholarship fund at Tuesday's regular weekly luncheon.

The speaker discussed the club's recent action in voting to contribute its annual scholarship fund to the community student loan fund instead of awarding it to an individual high school graduate, as has been the custom in the past.

Garza Ranchers Join In Fight For Beef Supports

Garza County's four-man delegation to last Friday's five-state governor's conference on drought relief in Amarillo joined forces with the United Livestock Producers Association of Dalhart. It was reported upon their return to Post.

This county's delegates, named last Thursday afternoon at a meeting of ranchers and farmers, decided to join the new Dalhart cattlemen's organization after learning that they were seeking the same thing as ranchers here and elsewhere throughout the area—temporary government price controls on livestock at the producer level.

Novis Rodgers, one of the Garza County delegates, said the local delegation decided to endorse and support the Dalhart group's program following a telephone conversation with one

The Garza County Commissioners Court Tuesday ordered elections Aug. 15 for levying of a 15-cent special road tax and re-allocation of county taxes.

The elections were ordered after submission to the commissioners' court of a petition of more than 200 resident qualified property taxpayers voters.

The 15-cent road tax and re-allocation of county funds are deemed necessary as the only means of raising money with which to operate the Garza County Memorial Hospital without raising county valuations, which would also increase the State tax.

Although the proposed special road tax is for 15 cents, it would increase taxes only 8 cents on the \$100 valuation over last year, since the additional 7 cents would be provided by a road and bridge sinking fund which is coming off the tax levy this year.

The proposed re-allocation would increase the general fund from 25 to 35 cents and the permanent improvement fund from 25 to 40 cents, thereby providing funds for operation of the hospital and retirement of hospital bonds. The proposed tax increase would not be used for any other purpose, the commissioners said.

In calling the election, the commissioners pointed out that the hospital has incurred a deficit of approximately \$36,000 since it was opened and that there has been no tax levy to take care of this deficit.

On the brighter side, the commissioners explained that, although the hospital lost about \$4,000 the first month it was open, the loss was only \$1,200 in June, 1953. According to State surveys of hospitals, they all

Jaycee Meeting Is Set For Tonight

Discussion of their automobile reflector tape program and other projects are on the agenda for tonight's meeting of the Post Junior Chamber of Commerce.

The Jaycees will sell reflector tape Aug. 8. The day before, they will use a loudspeaker to advertise the project, at the same time publicizing the mass chest x-ray survey to be held on the 8th.

All Jaycees are urged to attend tonight's meeting.

Kenith Bullard, 14-year-old Post Dispatch newsboy is particular about the way his name is spelled.

"I know most people with the same name spell it 'KEN-NETH,' but I don't; I spell my name 'KEN-ETH,'" said Kenith—oops! we almost missed it again—Kenith.

Kenith and his brother, Cecil, have been on the Dispatch's staff of newsboys for the past year or so. With their bags of freshly printed newspapers, they are familiar sights in the north part of town on Thursday afternoons.

"My regular customers are always waiting for their copy of the Dispatch when I get there," said Kenith. He says the only thing that slows him on his rounds are hills too big to change.

"I hardly ever get a bill bigger than a dollar, but even those kind are hard to change when I've just started out and haven't made many sales," Kenith said.

Kenith, who hasn't yet decided what he wants to be when he grows up, says he spends much of his spare time helping his mother about the house. He is not sure that he's anxious for school to start, but when it does, arithmetic still will be his favorite subject, he says. He will be in the seventh grade next term.

Like most other Post boys his age, Kenith prefers football to See POST NEWSBOY, Page 8

Thursday to Thursday...

By CHARLES DIDWAY

On short notice last Thursday afternoon, more than thirty Garza County ranchers and farmers gathered at the City Hall for a discussion of mutual problems and selection of delegates to the five-state governor's conference at Amarillo. It wasn't known at the time that President Eisenhower had decided to attend the Amarillo meeting, but it's doubtful that such knowledge would have caused the local group to have showed any more speed and determination in making up their minds to help get something done about the pressing situation.

Probably no other county on the South Plains held a more successful meeting than the one conducted here, or acted more swiftly in deciding the issues and choosing delegates. That the Garza County delegation was well organized was attested to by the fact that they got a big share of the publicity, including pictures, in daily newspapers following the Amarillo conference.

In one picture, Garza County rancher John F. Lott was shown talking to Governor Thornton of Colorado, who is a former Texan. In another picture, the Garza County delegation of Hinton Fluitt, Giles McCrary, Novis Rodgers and J. E. Birdwell were shown standing in front of the Herring Hotel, conference headquarters. Fluitt was also quoted extensively on his drought situation views.

Two Post civic clubs—the Rotarians and the Lions—heard the proposed special road tax and reallocation of county funds for the benefit of the Garza Memorial Hospital discussed at recent meetings. Airing the subject at the Rotary luncheon was County Commissioner Buck Gossett, while County Attorney Pat N. Walker was the Lions Club speaker. We'll all be hearing more about it in the weeks ahead.

Three Post Boy Scouts left last Thursday with the South Plains delegation for the third National Jamboree at Jamboree City, Calif. They were: Sidney Hart, 12-year-old son of Mr. and Mrs. Boy Hart; Leonard Short, 15, son of Mr. and Mrs. Lowell Short, and V. A. Dodson, son of Mr. and Mrs. R. B. Dodson.

News from Jamboree City, where the event opens Friday, is that films of the Jamboree will be shown by the State Department all over the world as an example of how youth functions in a free democracy. Shows to be staged in the Jamboree outdoor arena will play up Americanism, according to Dr. Arthur Schuck, chief executive, who is on hand to take charge of the Jamboree.

"The boys are going to have a good time," said Dr. Schuck, "but primarily it will be a great demonstration of a free youth in a free country—democracy in action. Boys of all faiths and all colors will be represented here. This should counteract many of the misunderstandings around the world about our nation."

More Bank Loans Are Made Possible By FRD's Lowering Reserve Requirements

BABSON PARK, Mass.—Readers have already seen in the newspapers that the Federal Reserve Board has reduced the reserve requirements which banks must carry. This, directly or indirectly, should help every reader of this column. I wish to explain what it means.

New Federal Reserve Ruling

For the past few years every member bank has been required to keep on hand a reserve of various percentages, up to 24%. In other words, when you deposited \$100 the bank heretofore has been able to loan only about \$80 of this money. This amount varies with different banks and I merely use this figure as a variable illustration. The large city banks have one percentage for reserves; those of the smaller cities have another percentage; but every member of the Federal Reserve System has a required percentage.

During the Eisenhower Administration, when so much less Government money has been freely passed out by Government Bureaucrats, there has been a tightening up all along the line. Farmers have found it more difficult to borrow on crops; builders have found it harder to get mortgages; and every loan by local banks has been scrutinized more carefully. This is all a part of an honest attempt by the new Administration to prevent inflation. In most cases, it has not been due to any change of laws, but to a more careful handling of the Government funds.

Eisenhower Does Not Want A Depression

The above more businesslike program has caused Congressmen to get thousands of letters from readers complaining that applications for loans were being turned down. For fear that this, combined with the droughts from which some sections are suffering and the unsettled foreign situation, might bring about a depression, these Congressmen have been pestering the White House. Probably your Congressman was one of these. Like in effect replies to them that he will not resort to former carelessness and will continue to handle the Government's money as if it were his own; but if they want to change the rules in a fair and honest manner he will abide by them.

As a result, the Federal Reserve Board, by changing the Reserve requirements, has made it possible for banks to loan more money. Congress has also changed the law enabling

IT'LL TAKE COOPERATION . .

Even with a crop failure facing the county, August will be a busy month for Garza countians. Parents will be making preparations to get their children back in school for another nine-month term, and there will be all sorts of activities. Not the least of these will be the first visit of the State Health Department's mobile chest X-ray unit to Post on Saturday, Aug. 8.

County residents are urged to make an early memorandum for the mass chest X-ray, at which it is hoped as many as 1,500 Garza countians over 15 years of age will be X-rayed in the health department's long-range program to stamp out tuberculosis—the nation's No. 1 killer.

The purpose of the mass chest survey will be to ferret out unknown cases of tuberculosis, both in the early and late stages. As a representative of the health department said here a few weeks ago, the discovery of TB in its early stages and prompt treatment is the most effective way of fighting it.

A county-wide organization has been set up for the mobile X-ray unit's visit, and during the coming weeks, residents of the county will be hearing more and more about the survey, which is less than four weeks away. In the meantime, they are urged to make a mental note to give a few minutes of their time to the worthwhile program on Aug. 8. The health department's fight against tuberculosis depends upon their cooperation.

tion caused by Communist propaganda."

Whether or not they acted wisely remains to be seen, but members of the local Junior Rodeo Association voted at a meeting Thursday night to stage the annual Southwestern Championship Junior Rodeo this year, but to shorten it to three nights instead of the five originally planned. The dates are Thursday, Friday and Saturday, Aug. 13, 14 and 15.

Don Long, parade chairman of the Junior Rodeo Association, dropped by the office Saturday afternoon to see that we get off to a running start on opening parade publicity. Don, who served in the same capacity for last year's rodeo, says plans are to make this year's parade "the best ever."

The annual Post Quarter Horse Show will be held on the final day of the rodeo, according to George Samson, show superintendent. The two events—rodeo and Quarter Horse show—will provide the city a weekend of Western entertainment and, unless conditions get much worse between now and then, we see no reason why they shouldn't be outstanding successes.

Local baseball fans are "missing the boat" on some real entertainment if they're not attending the Post Wood Bees' Sunday afternoon games here. Up to last Sunday's contest, Manager Oscar Garner's team had scored nine wins against only three losses. "The only thing we need to guarantee a successful season is bigger crowds," said the manager.

What About Money Rates?

Some months ago I forecast in this column that interest rates would be higher. All the large city banks have since then raised their rate of interest. So have banks of many smaller bank cities. Whether your own local bank has raised its interest rate since President Eisenhower was inaugurated, I do not know. If, however, it has not already done so, it should "count ten" before it does so now. One thing is certain, when you now attempt to borrow money from your local bank and are refused, the bank can no longer blame it onto the new Administration. I hear this is a popular excuse for turning down loans or raising interest rates by banks in Democratic communities!

When the new Administration came into power you were obliged to put up a margin of 75% when you bought listed stocks, in case you did not pay in full. Soon this percentage was reduced to 50%, which should have made stocks go up in price, but they did not rise. This is a good illustration of how prices are really controlled by fundamental conditions and not by legislation. The old Law of Action and Reaction still continues. "You can lead the horse to water, but you can not make him drink." As to the general business outlook, I am still cautious; but if your local bank doesn't now loan money more freely to good citizens it cannot blame the Federal Reserve or Bureaucrats. The reason will be that businessmen have decided to depend more on honest work, intensive selling and more advertising rather than on borrowing money.

"P. S. I would like to give a free Year's Scholarship at my UTOPIA PLAN COLLEGE (Eureka, Kansas) to someone from each State. The only requirements are that he or she be a High School Graduate and have the recommendations of this or some other newspaper carrying this Weekly Column. Getting Out On The Limb

by EDDIE the editor

A sarong is a dish towel that finally found an interesting place to work.

An authentic V mail letter written by a Tennessee lad read as follows: "Dear Pa: I'm in a tight spot, cooped up here in this ship with guns and ammunition, submarines and bombers and Yankees all around me. Tell Ma not to worry."

As the girl firefly said to the boy firefly she had just jilted: "You glow your way, and I'll glow my way."

It's a shame that I am unable to use all the special guest passes I receive here at the Dispatch office. To do so, I'd have to be at least quintuplets. There has not been a rodeo this season I couldn't have attended on a complimentary ticket, for which I am grateful, but unable to use. I have also just received a press pass for a two-hour tour of the "World's Third Largest Cavern," the Longhorn Cavern near Burnet, Tex.

I suppose that when man finally conquers space and trips to Mars and other planets are charted, the working Press will get complimentary tickets on the first rocket. Now that's something I might find time for—if it doesn't wait too long to happen. I don't read science-fiction magazines and very few fact stories on the subject, but those who do say that the day isn't far off when man will make his first rocket trip into outer space with the moon, a planet, or some other heavenly body as his destination. They're even getting the kids ready for it. A local drug store is selling war guns from a display rack which has printed on it, "For Your Trip to Mars."

"Where do you think you're going," asked the police dog as another fled past him, "to a fire hydrant?"

The rich girl was trying to explain to a poor relative that she really loved simple life. She said: "All I really need is a bureau, a few chairs and a bed on which to entertain myself and a few friends."

THE WOMEN, God Love 'Em—Two girls were discussing men. "Which would you desire most in a husband," asked one, "brains, wealth, or appearance?" "Appearance," snapped the other, "and the sooner the better."

The University of Maryland Extension Service says U. S. Department of Agriculture scientists are "tagging" insects with radioactive materials to chart their life history and travels.

The "hot" bugs can be detected with Geiger counters, even when out of sight—for example, under the bark of a tree. Charting insect travels help entomologists in control work, the extension service says.

So, in an attempt to be helpful, I wish to remind vacationers, particularly those who work in a little fishing on their trip, to take a good look at any ticks or chiggers they might pry off their tortured bodies. One of those ticks or chiggers might have been "tagged" for a life history.

Want to know how much corn it takes to plant five acres? The answer is 110,000 grains for 22,000 hills. That's authentic, because plant breeders at the Texas Research Foundation at Renner patiently counted out five grains per hill per hill in a test project to observe performance of new varieties.

It's a long time from now until November, 1954—15 months to be exact—but as a service to our readers I am presenting here the 11 constitutional amendments to be voted on at that time. None of the amendments were submitted for a vote this year because of the small number of poll taxes paid.

When Opportunity Knocks

Well, they tell us that the olden days of opportunity knocking at your door has reached an abrupt end. Today, they call you over the phone and ask you a few questions, and if the answer is approximately correct, your home is immediately furnished with the best, and enough money for a good, long vacation. But opportunity hardly ever lifts your mortgage.—The Terry County Herald.

Ring In His Nose

As usual, the stock show was the main attraction at the county fair. One woman, obviously a tourist, was taking pictures of the cattle when she came across a bull with a brass ring in his nose. Turning to a bystander she asked, "Does that mean he's married?"—Gaines County News.

...freezing is FASTER!

50% faster than old-fashioned food preserving methods. That means labor is saved as well as time. Yes, and frozen foods retain more of their food value, and their flavor and appearance is better, too. What's more, it takes less space to store your foods when you freeze them. For your home-grown fruits and vegetables, and purchases made in quantity when prices are low, try freezing this year. It's faster—and better.

Index Revision Increases School Costs In County

Revision of the economic index recently by the State Board of Education will cost Garza County \$4,972, according to reports from Austin. The revised figures mean that county taxpayers will pay \$83,272 for school support next year. The index figure before the revision was \$78,300. The Post Independent School District's pro rata share of the tax load will be approximately \$63,000 under the revised figures. Under the new ceiling, the county's allotment was increased 6.3 per cent. The new index was required after the Legislature amended the Gilmer-Aikin school law this year in an attempt to improve the method of figuring each county's share of the cost of the minimum school program. The county assessments are supposed to bring in \$45,000,000, the amount fixed by law as the local share of the minimum school program. Associate Education Commissioner L. P. Sturgeon reported the total cost—state and county—is expected to be \$223,488,462 for the next year, a jump of approximately \$6,600,000 over the current year's budget. Increasing school population is responsible for the bulk of the increase, he indicated. This year's school census found 1,696,000 school-age children, 64,000 more than last year. That is the biggest rise in scholastic population ever reported in Texas in one year.

School Program Gives Full Leeway To Local Community

In a series of three articles explaining the minimum foundation, or Gilmer-Aikin program, Mr. Stilwell, member of the original Aikin committee, is president of the Texas Teachers Association, past president of the State Teachers Association and chairman of its legislative committee. H. W. STILWELL. The minimum foundation program, under which has made gigantic educational strides during the past years, was designed to serve as a bare minimum foundation on which a local community could build the kind of education program it needs. It is only a skeleton, in other words, and plenty of leeway is left to local districts in the matter of putting meat on the bones. A fundamental concept of the Gilmer-Aikin laws is that the number of teachers should be determined by the number of children actually attending school. State funds, before adoption of the minimum foundation program, were distributed on the basis of population; now distribution of funds and the number of teachers are based on average daily attendance. Attendance also determines the number of special service teachers (librarians, nurses, physicians, visiting teachers, itinerant teachers), teachers of exceptional children, supervisors, counselors and principals provided for each school. The minimum salaries for professional personnel also are a part of the minimum foundation law. A beginning teacher with a bachelor's degree receives a minimum salary of \$2,403. The salary schedule calls for an increase of \$54 per year for each year of experience until the top minimum for a bachelor's degree teacher, \$3,051, is reached after 12 years' experience. The minimum salary for a teacher with a master's degree is \$2,628, with annual increases of \$54 for each year of experience until the top minimum of \$4,032 is reached after 26 years' experience. Part of the basic philosophy of the minimum foundation program is to provide supervisors and counselors who are under local direction. These people are the trained specialists who are called in to help teachers with special educational problems, just as heart specialists frequently are called in to help general practitioners with medical problems. One qualified supervisor is allowed for the first 40 classroom teachers and one additional supervisor for each additional 50 classroom teachers after that. Two or more small schools can pool their eligibility for supervisory units. Hiring supervisors and directing their work is all done on the local level; in fact, the hiring of all personnel is done entirely by local administrators. The Texas Education Agency, which administers the minimum foundation program, has nothing to do with the actual instructional and administrative programs of local schools, other than in providing free consultant services when requested. Control of the schools, in other words, was left by the Gilmer-Aikin laws in the hands of local school boards. In fact, the law goes so far as to state specifically that all educational functions not specifically delegated to the Texas Education Agency by the Legislature shall be performed by

From where I sit... by Joe Marsh

An Honest Night's Sleep

Johnson, just back from a business trip, tells about a hotel he stayed at one night. He got in late and went right to bed. There was no clerk at the desk, but there was a sign that said: "Gone to bed. Rooms take a key. Pay when you wake up." He took a key, went to his room, and found the room was real comfortable, and I was a log. Came down in the morning, still no clerk. So I left a dollar at the desk and went on my way. You imagine folks that!

From where I sit, running a hotel on the honor system shows a real trust in people. And people always appreciate being trusted. Letting your neighbor follow his personal preference is a kind of trust too—trusting in his good judgment. I like a temperate glass of beer occasionally, you may prefer buttermilk, but let's hope neither of us "registers" a complaint against the other.

Flying Saucer Night At Sunset Saturday

The question of where flying saucers come from and why may be settled Saturday night at the Sunset Drive-In Theatre. John Hopkins, manager of the Tower and Sunset theatres, announces that Saturday will be "Flying Saucer Night" at the drive-in. Those catching one of the 25 saucers to be released will win a prize. The event is scheduled for 9 p. m. Space helmets will not be necessary, Hopkins said. Showing on the Sunset screen will be Leo Gorcey and the Bowery Boys in "Loose in London." Guests of the D. C. Hills and C. K. Hendersons last week were Mr. and Mrs. E. B. English of San Angelo. local school boards. The law actually guarantees local control of schools instead of leaving school control to be determined by financing. (Next Week: "Financing the Program.")

NOW! Ford Master-Guide the last word in Power Steering!

Master-Guide applies hydraulic steering power automatically... and in varying degrees as required... right at the steering linkage, close to the wheels. At the same time the system serves as a hydraulic shock absorber to keep road jars and jolts from your hands. As a result all you do is... guide the car... Master-Guide supplies the muscles.

It's the newest in a long list of Ford advancements that make this Ford the outstanding car for '53! No other car near Ford's price has ever offered you so much! Ford was the first in its field to bring you V-8 power. Today, Ford alone of all the low-priced cars offers you the smooth, unsurpassed performance of a V-8 engine. And Ford's Six with Overdrive, won the Sweepstakes in this year's Mobilgas Economy Run. Ford first brought to the low-price field a completely automatic transmission that combines the smoothness of a torque converter and the gas-saving "go" of automatic gears. In all, Ford offers 41 "Worth More" features. And now, in addition, Ford brings you the newest and finest in power steering... Master-Guide, a system exclusive in Ford's field! It's no wonder then, that Ford is the "Worth More" car... worth more when you buy it... worth more when you sell it.

NOTICE OF ELECTION FOR THE RE-ALLOCATION OF COUNTY TAXES THE STATE OF TEXAS, COUNTY OF GARZA. To the Resident Qualified Property Taxpaying Voters of Garza County, Texas: TAKE NOTICE that an election will be held on the 15th day of August, 1953, in said County, in obedience to an order duly entered by the Commissioners Court on the 14th day of July, 1953, which is as follows: On this 14th day of July, 1953, the Commissioners Court of Garza County, Texas, convened in regular session, at the regular meeting place thereof in the Courthouse at Post, Texas, with the following members of the Court, to-wit: Oscar Graham, County Judge, B. F. Evans, Commissioner Precinct No. 1, L. E. Gossett, Commissioner Precinct No. 2, Ozell Williams, Commissioner Precinct No. 3, Sid Cross, Commissioner Precinct No. 4, being present, and, among other proceedings had by the Court were the following: Commissioner B. F. Evans introduced an order and moved its adoption. The motion was seconded by Commissioner Sid Cross. The motion, carrying with it the adoption of the order, prevailed by the following vote: AYES: Commissioners B. F. Evans, L. E. Gossett, Ozell Williams, Sid Cross; NOES: Commissioners, none. The order is as follows: WHEREAS, at the general election held throughout the State of Texas on November 7, 1944, the qualified electors of the State, voting on the proposition, approved the amendment to Section 9, of Article 8, of the Texas Constitution, which amendment provides that the Commissioners Court in any county may re-allocate the county tax levies authorized in said Section 9 of Article 8, by changing the rates provided for any of the purposes authorized in said Section by either increasing or decreasing the same, but in no event shall the total of such taxes exceed Eighty (80) Cents on the one hundred dollars valuation for any one year, provided that before the Commissioners Court may make such re-allocations and changes in such levies the same shall be submitted to the qualified property taxpaying voters of such county, and in event such re-allocations and changes are approved by a majority of the qualified property taxpaying voters of any such county, such re-allocations and changes shall remain in force and effect for a period of six (6) years from the date of the election at which same shall have been approved, unless the same again shall have been changed by a majority of the qualified property taxpaying voters of such county, voting on the proposition; and WHEREAS, the Commissioners Court of Garza County, Texas,

deems it advisable and to the best interest of said County to re-allocate the county taxes authorized to be levied annually by Section 9, Article 8, of the Constitution, by changing the rates in respect to certain county taxes as herein provided; THEREFORE, BE IT ORDERED BY THE COMMISSIONERS COURT OF GARZA COUNTY, TEXAS: That a special election be held in said County on the 15th day of August, 1953, which is not less than thirty (30) days from the date of the adoption of this order, at which election the following proposition shall be submitted to the qualified property taxpaying voters, who own taxable property in said County and who have duly rendered the same for taxation, for their action thereupon: "Shall the Commissioners Court of Garza County, Texas, be authorized to levy and collect in each year for a period of six (6) years from the date of said election, county taxes as follows: Not exceeding Thirty-Five Cents (35c) on the \$100.00 valuation, in any one year, for County purposes; Not exceeding No Cents (0c) on the \$100.00 valuation, in any one year for roads and bridges; Not exceeding Five Cents (5c) on the \$100.00 valuation, in any one year, to supplement the jury fund of the County; and Not exceeding Forty Cents (40c) on the \$100.00 valuation, in any one year, for the erection of public buildings and other permanent improvements." In the event that the annual levy of a tax not exceeding fifteen (15c) cents on the one hundred dollars' valuation for the further maintenance of the public roads of said County has heretofore been, or shall hereafter be, authorized by a majority of the qualified property taxpaying voters of the County, voting at an election held for that purpose, nothing herein shall be construed as rescinding, or in any manner affecting the power and authority of the Commissioners Court to levy and to continue to levy said tax. The said election shall be held under the provisions of the Constitution and laws of the State of Texas, particularly amended Section 9, of Article 8, of the Constitution, and Section 3a, Article 6, of the Constitution, and all persons who are legal-ly qualified voters of said County, and who are resident property taxpayers who own taxable property in said County and who have duly rendered the same for taxation, shall be entitled to vote at said election. The ballots for said election shall have written or printed thereon the following: "FOR RE-ALLOCATION OF COUNTY TAXES." "AGAINST RE-ALLOCATION OF COUNTY TAXES." Each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his or her vote. The polling places and presiding officers of said election shall be respectively as follows: Precinct No. 1, Northside of Courthouse, Homer McCrary, Presiding Judge, Walter Crider, Assistant Judge. Precinct No. 2, Southland School House, Sam Ellis, Presiding Judge, Otto Klaus, Assistant Judge. Precinct No. 3, Verbena Church, J. C. Fumagalli, Presiding Judge, Edna McLendon, Assistant Judge. St. Church Of Christ Is Scene Laurence-Stone Vows Sunday

Lenona Stone and Laurence Stone were married in a ring ceremony at 5 Sunday afternoon in the St. Church of Christ. Doyle Kelley of Post, formerly of Post, officiated. Baskets of white gladiolus decorations.

Her something old and borrowed was a wedding ring belonging to her paternal grandmother, Mrs. A. Stone. Miss Pat Claxton of Abilene was maid of honor. She wore a lime green suit with black accessories and a white carnation corsage. Ray Cook of Wilson attended his brother-in-law as best man. Ushers were Jerrell Stone of Abilene, brother of the bride, Denzell Laurence, brother of the bridegroom, Darrell Stone, cousin of the bride, and Don Rose. Mrs. Stone chose for her

daughter's wedding an aqua dress with black and white accessories. The bridegroom's mother wore a light blue dress with white accessories. Both wore corsages of white carnations.

Mr. and Mrs. Stone were hosts for a reception in their home immediately following the ceremony. Parents of the couple assisted them in receiving guests.

The serving table was laid with a white cloth, with blue cutwork design, and was centered with white tapers in blue holders and blue satin streamers with gold lettering "Lenona and Randall." A three tiered cake, topped with a miniature bride and bridegroom, was served with punch to 75 guests.

Misses Jeanie Peel and Janie Gossett presided at the table.

After a short trip the couple is at home here, where he is employed by Parker's Bakery. For travel the bride wore a rose dress with white accessories.

The couple was graduated from Post High School in May.

Out of town guests here for the wedding and reception were Mr. and Mrs. O. J. Stanley of Tahoka and Miss Claxton and Jerrell Stone.

TIPS FROM YOUR COUNTY AGENT

By JESSIE PEARCE

With sharply reduced family incomes and continued high price of food, perhaps we should give thought to the nutritional level of our families and how they can be well fed on a reduced food budget.

According to the Texas Food Standard every child under 11 years of age, requires one quart of milk per day and all other persons require one pint of milk per day for adequate growth and good health. Taking this fact into consideration, we can easily see that the cost of milk for the average family requires a large per cent of the total food budget, yet we cannot afford not to provide adequate milk for the family.

There are forms of milk that are not as expensive as fresh whole milk and provide the same food value. Two of these forms of milk are evaporated milk and dry skim milk solids.

Evaporated milk is simply whole milk with part of the water removed and canned for preservation. To make the equivalent of whole, fresh milk, add an equal amount of water to the evaporated milk. Most adults object to the flavor of evaporated milk to drink, but it can be used in cooking and in cereals as a substitute for cream.

Dry skim milk solids are just what the name implies. Combine 1/4 cup of skim milk solids with one quart of water and you have the equivalent of one quart of fresh skim milk. The flavor is little different to fresh skim milk. If your family objects to the flavor of the reconstituted dry skim milk, try mixing it with fresh whole milk in equal quantities. In this way the flavor of the dry milk can not be detected. Or you can make buttermilk of the reconstituted milk or flavor with chocolate or vanilla. This type of milk generally sells for less than half the price of fresh whole milk.

It makes no difference what method you choose to serve evaporated milk or reconstituted dry milk solids to your family; they will supply the same food essentials as fresh milk and at a reduced cost to you.

Mr. and Mrs. Kenneth Braddock Residing Here Following Trip

Mr. and Mrs. Kenneth Braddock are at home in the Graeber Apartments here after a trip in

New Mexico. The couple was married in a double ring ceremony at 11 a. m. July 9 in Clovis, N. M.

The bride, the former Miss Marie Reese, daughter of Mrs. Vada Mendenhall, wore a navy suit with white accessories and a corsage of white carnations.

The bridegroom is employed by an oil company and Mrs. Braddock works in the finishing department at Rostex Mills, Inc.

Church News

The Rev. A. F. Duke, Church of the Nazarene pastor, will speak Sunday morning on the theme, "The Earliest Name For Christianity" using as his text, "The Way" (Acts 9:2). He will stress the way of thinking, the way of working, the way of feeling and the way of living. As the evening service he plans to speak on the subject, "Loves Interruption of History." His text will be taken from Gal. 4: 4, 5. "But when the fullness of time was come, God sent forth his Son, made of a woman, made under the law, to redeem them that were under the law that we might receive the adoption of sons."

The Rev. Shelby Bishop, Calvary Baptist pastor, and the following intermediate boys attended camp at Plains Assembly Monday through yesterday: Jerry Hays, Kenneth Martin, Ronnie and Marshal Ticer and Jackie Ray and Bobo Odum.

Report from the Rev. Roy Shahan, First Baptist pastor: "The attendance last Lord's Day was well above the previous Sunday in all our services and the interest and spirit in the services were much deeper than we have had. This is indeed encouraging. The pastor speaks Sunday morning on the subject, 'Compassion' (Mat. 9:36). If you have not been attending the evening services at the First Baptist Church you are really missing a blessing. The choir is filled with young people each Sunday evening and they are giving some real singing as a choir and also the special musical numbers are very fine indeed. Your presence in these services will be a blessing to you and an encouragement to others who attend."

There will be no morning worship service at the First Presbyterian Church Sunday, as the pastor, the Rev. Gerald Blackburn, and wife will be teaching in the conference at Buffalo Gap. Sunday School will be held at the usual hour.

All Primitive Baptists are urged to attend services at 8 p. m. Sunday in the Bandhall.

Boys Intermediate Camp was held Monday through yesterday at the Plains Assembly Grounds near Floydada. Attending were the Rev. Roy Shahan, Jimmy Bowen, Tommy Mayfield, Leon Davis, Mickey Robinson, Wayne Runkles, Sammy Gene Martin, Leslie Welch, Tommy J. Young, Mike Ray, Maxwell Carey, Dee Hodges and Bobby Dunlap from the First Baptist Church of Post; and the Rev. L. H. Welch, Lee Sullenger, Jerry Ray Key and V. A. Lobban, Jr., from the Justiceburg Church.

O. K. Bowen, Jr., James King and Gaylord Anderson, counselors, accompanied the following boys to junior camp yesterday: Williams Bevers, Don Baker, Jimmy Short, Mike Carey, Richard Ray, Quay Lee, Bobby Long, Don Hopkins, Jerry Windham, Don Vardiman, Johnny Kemp, Richard Clary, Benny Joe Clary, Le-

Miss Trammell To Wed Allyn D. Kemp Tuesday Morning

Miss Mary Eula Trammell and Allyn D. Kemp will exchange wedding vows at 9 o'clock Tuesday morning in the First Methodist Church. Friends of the couple are being invited through the press.

Mr. and Mrs. Phil Trammell and Mrs. Glenn Shelton are parents of the couple.

The Rev. J. E. Stephens will perform the ceremony.

Miss Lucy Ann Trammell will be her sister's maid of honor. Charles Shedd will serve as best man.

The couple attended Post High School and he is employed by Loflin Oil Company. They will be at home in Lovington, N. M.

S. S. Department Has Wiener Roast

Fourteen members of the young people's department of the First Baptist Sunday School enjoyed a wiener roast on the church lawn Tuesday evening.

Those present were Mary Nell Bowen, Edwanda Davies, Joyce Short, Jackie Faye Williams, Sue Stephens, Pearl Self, Jimmy Ferguson, O. K. Bowen, Jr., Gaylord Anderson, Herbie Shahan of Abilene, Mrs. Roy Shahan, Mrs. Lew Price, Mrs. Dove Mayfield and O. K. Bowen, Sr.

OES To Have Regular Meeting Tuesday

Members of the local Order of the Eastern Star are reminded of the regular meeting at the Masonic Hall Tuesday evening. Mrs. Dove Mayfield and Ellis Mills, worthy matron and patron, respectively, will preside.

Rainbow Girls Assembly members will be guests of the chapter during the social hour.

NEEDLE CLUB TO MEET

Mrs. E. F. Schmidt will entertain members of the Needlecraft Club in her home at 3 o'clock tomorrow afternoon.

Mr. and Mrs. Joe Duren had as their guests last week his parents, Mr. and Mrs. Joe Duren of Pueblo, Colo.

land Edwards, Joel Morris, Arthur Robinson, Darrell Davis, Lauris Lee, Glen Shaw, Larry Joe DeArmon, Butch Bowen and Danny Cockrum from the First Baptist Church; and Bert Lewis and Oscar Molina, Roger Sullenger, Bob Evans and Eddie McCowen of Justiceburg.

A large delegation from the First Baptist Church attended the formal opening of the new camp house at Plains Baptist Assembly Grounds near Floydada Friday evening. A picnic supper was served before the group attended the evening program of the district general camp. The sermon was delivered by Dr. John L. Hill, director of promotion at Ridgecrest and Glorieta Assemblies.

NOT AS SIMPLE AS IT LOOKS—Mrs. Harry A. Tubbs and her son, Charles, are shown at the ancient spinning wheel which was used by Mrs. Tubbs' great-grandmother. The heirloom is more than 150 years old. At the extreme left is the yarn-winder. At the right is a smaller spinning wheel.—(Staff Photo).

TWO SIT IN PARLOR OF TUBBS HOME

Spinning Wheels Are Heirlooms

"There's an old spinning wheel in the parlor" at the Dr. Harry A. Tubbs home here.

In fact, there are two spinning wheels in the parlor, but since Mrs. Tubbs, their owner, knows very little about the background of the smaller heirloom, this story has to do with the larger one.

The spinning wheels belonged to Mrs. Tubbs' mother, Mrs. Don Carlos Ellis of Arlington, Va., who was fatally injured a few months ago in an automobile accident which also claimed the life of her husband.

The large spinning wheel which is of the type usually seen in pictures of Colonial days,

Clear Fork Wildcat Staked In County

Operators have spotted location for a wildcat to test the Clear Fork in the northwestern portion of Garza County.

Clifton Thomas and others of San Angelo will dig the No. 1 Honolulu-Sims to a projected depth of 3,500 feet. Combination tools will begin soon.

Drill site is 330 feet from south and west lines of the northeast quarter of Section 1282, B&S&F Survey, eight miles northwest of

remained substantially unchanged until the invention of mechanical contrivances for the spinning of wool and other textiles.

The standing wheel, made of hickory, has a four-foot wheel with 12 spokes, and is complete with spindle, yarn-winder, and other accessories. The smaller two-foot spinning wheel is made of a higher finish of wood and is less rustic in appearance than the larger one.

Date of the spinning wheel's invention is uncertain, but it is said to have been introduced into Europe late in the 15th or early in the 16th Century. It

Like Christmas in July!

YOU'LL know right quick what we mean by that headline when you learn what your dollars buy in this great new 1953 Buick SPECIAL.

You get a lot more room than the same money buys elsewhere—real, man-sized, six-passenger room.

You get power—flash-fast Fireball 8 power—the highest horsepower and compression ratio ever put in a Buick SPECIAL.

You get a ride that's big-car soft and steady and level—the Buick Million Dollar Ride of all-coil springing, torque-tube drive, X-braced framing.

You get wonderful handling, luxurious interiors, superb visibility—plus a long list of "extras" that don't cost you extra.

And those "extras" alone, at no extra cost, are like a welcome Christmas bonus. Direction signals, twin sunshades, lighter, trip mileage indicator, automatic glove box light, dual map lights, oil-bath air cleaner, full-flow oil filter, vacuum pump, bumper guards front and rear—they're all yours in this Buick at not a penny extra.

So—how about looking into the good cheer to be had here?

How about visiting us this week for a thorough sampling of the greatest Buick value in 50 great years?

World's only car with all these features:

- HIGH-COMPRESSION VALVE-IN-HEAD FIREBALL 8 ENGINE
- TWIN-TURBINE DYNAFLOW* • POWER STEERING*
- BALANCED MILLION DOLLAR RIDE
- TILT-AWAY FRONT SEATS • CUSTOM-RICH INTERIORS
- DOUBLE RAIL FRONT BUMPER
- PANORAMIC ONE-PIECE WINDOWS FRONT AND REAR

Garza Ranchers ---

(Continued From Front Page)

Other members of the Garza County delegation were Giles McCrary, J. E. Birdwell and Hinton Fluit.

"We joined forces with the United Livestock Producers Association because we felt they were trying to do something for the cattleman," Rodgers said. "We believe it would be to the benefit of every rancher in this area to join the organization."

Those wishing to join the Dalhart organization may do so by contacting Floyd Elliott, secretary-treasurer, of Dalhart, S. E. (Eek) Brown of Dalhart is the president.

Other developments at the Amarillo conference, which was attended by President Eisenhower and governors of five states, included promise of further federal relief, including loans, in drought disaster areas.

The Garza County group went on record, along with the others, as heartily approving the feed shipments, but considering them as only a "shot in the arm" as far as any long-range relief program is concerned.

A poll of the group of cattlemen attending the conference indicated that about 90 per cent of them favored temporary price controls for the cattle industry, although opposing them in principle.

His brother, Staff Sgt. Robert Kilmer, stands beside their mother.

Imported Russian Grass Productive

TUCSON, Ariz. (AP)—A grass introduced into the United States from Russia 50 years ago may help restore livestock ranges in Arizona and New Mexico.

The crested wheat grass has been found to offer a quick and positive means for restoring range productivity in the cooler, more moist parts of the Southwest.

Value of the grass for reseeding purposes was discovered by the Southwest Forest and Range Experiments Station here.

The experimenters found the grass can increase forage productivity of deteriorated ranges by 10 or more times in two years. Cattle grazed on the grass during the fall have gained as much as two pounds a day.

ALL QUIET AT THE DIPPING VAT—Unemployment has hit the sheep dipping vats in Texas since state sheep dipping requirements were rescinded recently. But it makes sheepmen happy to see empty vats like this one at San Angelo. Because of sheep scabies, sheep leaving auctions and stockyards the last eighteen months have had to be dipped. The scabies problem now seems to be whipped.

WHAT'S THE DEAL, BOSS?—Sad-faced Jake, owned by Mr. and Mrs. George W. Brown, Jr., of Beaumont, agrees that an equally sad day has arrived for dogs in Beaumont. The city's rigid new dog ordinance went into effect July 1, requiring all dogs to be penned or on a leash.

County IH Dealers Go To Chicago, Ill.

Dove H. Mayfield and Bill Basinger of Southland returned home Monday after a trip to Chicago. They went with 525 IH dealers of Texas in two special trains that left Wednesday of last week.

Upon arrival in Chicago Friday morning, the group went to the Hinsdale Farm, owned by the company, 17 miles west of the city and spent the day there. Mayfield reported that the International Harvester Company has developed 77 new items in 770 days.

They attended a banquet in a Chicago Hotel Friday night and attended the Chicago White Sox-Cleveland Indians baseball game before boarding the train for home.

S. V. Hudman, brother of J. B. Hudman of Post, died this morning at his home in Mineral Wells. Funeral arrangements were pending late Wednesday.

Book Analyzes State Financial Operation

AUSTIN (SpI)—Taxpayers can learn how their state government is financed in a new publication issued by the University of Texas Institute of Public Affairs.

"Financing State Government in Texas," by Lynn F. Anderson and T. E. McMillan, Jr., is the first over-all analysis of the state's financial operation. The book analyzes the state's revenue, expenditure and debt status over a period of years, and gives a detailed presentation of the tax system, federal aid, and state aid to local governments.

Significant current problems treated by the authors include the rising cost of government and the implications of federal aid.

Copies of the 200-page book may be obtained at \$2 each from the Institute of Public Affairs, University of Texas, Austin 12.

Cat Attends School, Also P-TA Meetings

VERO BEACH, Fla. (AP)—One of the seven pupils who received a perfect attendance record at the Winter Beach Elementary School isn't happy because school is out.

He is Toby, a cat who began attending classes the first day last September, and not only was present every day, but also attended P-TA meetings and all other school functions.

Gillespie County Agent C. A. Stone reports that corn fields of previously green Hill Country either grazed, cut for ensilage or robbed for dry feed . . . Unexcited while tests are underway to determine uranium possibilities on their small farm near Fredericksburg are Mr. and Mrs. W. O. Pape, stock farmers, whose children have captured wide honors with entries at sheep shows.

Not only did Toby show up for flag raising every morning, enter school through the private entrance the teacher, Mrs. Meta Chesser, cut for him in a screen door, and occupy a front row chair at all P-TA meetings, he once took a part in an operetta. Every time the girl playing Miss Muffett got off her tuffet, Toby took over.

Sheep and cattle numbers now culled at least 25 per cent in the Brady area, we learn from County Agent A. R. Grote, Jr., McCulloch agent . . . No sheep being grazed there now, lamb grazing this fall depending on August or September rain or lack of it . . . First drouth feed request in McCulloch: 90 tons pellets, 60 tons meal, 30 tons corn.

If Toby decides to hang around school during the summer vacation, pupils have volunteered to bring him a daily ration of milk.

But just to let the record show he doesn't have to rely on charity, every few days during the school term Toby showed up with a young rabbit which he carefully left at the door of the school cafeteria.

First of drouth-aid feed arrived in Midland past weekend; over 500 tons ordered . . . Some Midland area cattlemen began selling cows this week . . . Only three inches of rain there this year . . . Drouth-aid applications show population of 6,228 basic cattle and 21,505 sheep in Midland area, says county agent—about half of normal number.

Rodeo Time in Pampa Is Just Around Corner; Goat Mayo To Furnish Stock

PAMPA (Sp.)—Rodeo time is just around the corner in Pampa as the Top 'o Texas Rodeo Association prepares for its annual show Aug. 4-8.

The Kid Pony Show, which is a miniature rodeo in every sense, will be held on Tuesday night, Aug. 4. At this show kids from four to 16 will be competing in their respective age groups for the various cash prizes and trophies.

The big Top 'o Texas Rodeo will open with the first performance on Wednesday night, Aug. 5, and will run through Saturday night, Aug. 8. All performances will be held at night in the newly remodeled arena.

Goat Mayo, popular rodeo producer, will furnish the stock and direct the rodeo for the ninth straight year.

All purses have been increased for this year's show, and these prizes will approximate \$4,500. All rodeo events will be held, including the popular cowgirl's contest and the cutting horse contest.

As a special added attraction, Tex Ritter, "The World's Best Loved Cowboy," backed up by the Bobby Williamson RCA recording orchestra, will appear at each rodeo performance. Ritter and the Williamson orchestra will also provide music for dancing at the junior high school gymnasium following the rodeo each night.

The Amarillo Air Force Band has been engaged to furnish music for all rodeo performances and will lead the rodeo parade at 4 p. m. on Wednesday, Aug. 5. Other special added attractions are being booked to insure the best show ever in the highly successful history of this big time amateur rodeo.

Arrangements are being made to handle reserved seat tickets at the Pampa Chamber of Commerce for the benefit of out-of-town people.

4-H Girls Attend Justiceburg Camp

Garza girls attended an overnight camp near Justiceburg last week. The group left Post Tuesday at 4 p. m. and set up camp and prepared supper, in groups of three. Following the meal Wyvonne Morris and Sue Stephens directed songs and games.

One of the girls reported: "Shortly after everyone was in bed a strong wind blew up and blew the pickup truck, which had carried us to camp, into a tank of water. About the time we got someone to get it out of the tank it began to rain."

The younger girls went to the Sid Cross home for the rest of the night and the older group spent the night at the V. A. Lobban home. Craft work was enjoyed Wednesday morning before the election of officers. After dinner, Sue Stephens, Jennie Redman and Wyvonne Morris directed singing before camp was dismissed and the girls returned home at 2 p. m.

New officers are: Wyvonne Morris, chairman; Jennie Redman, vice chairman and reporter, and Sue Stephens, secretary and treasurer.

Mrs. Joe Riggs and daughter, Pat, of San Diego, Calif., were weekend guests of Mr. and Mrs. E. A. Hargrave of Close City. Charline Didway is visiting friends in Levelland this week.

Post Outfielder Is Victim Of Spiking

Dink Taylor, Post Wood Bee outfielder, received a severe cut on his leg when spiked while sliding into second base in Sunday afternoon's baseball game between the Wood Bees and the Lubbock Boosters.

Several stitches were required to close the wound, according to Oscar Garner, manager of the local ball team.

The following firms and individuals contributed \$22 Monday to pay for Taylor's medical expenses in having the cut treated:

O. C. Garner, R. L. Redman, Louis Mills, W. B. Holland, Guy Floyd, Elvius Davis, George Sartain, Roy Williams, Lester Nichols, Cy Thaxton, Hundley's (Jim and Jim, Jr.), C. C. Ramsey, Terrell Brown, G. N. Haggood, Smart Storie, Jess Feed, Smokey Woods, George Samson and Bill Edwards.

On behalf of Taylor and his teammates, Garner expressed appreciation for Dr. Harry A. Tubbs' treatment of the player's injured leg.

Ford Shropshire Is Going To Del Rio

Ford Shropshire, former minister of the Post Church of Christ, and Mrs. Shropshire and their four-year-old daughter, Ila Kay, will leave this month for Del Rio, where he has accepted the ministry of a Church of Christ.

Since closing his work with the McLean Church of Christ last April, Shropshire and his family have been here visiting Mrs. Shropshire's mother, Mrs. J. A. Ferguson.

Shropshire became minister of the Post church on Christmas Day in 1941 and served about three years.

Irvin Johnson, who visited several days in Ben Brook with his uncle and aunt, Mr. and Mrs. Andy Manton, returned home Sunday.

Post Soldiers Are At Training Base

Pvt. Gene D. Wyatt and Sgt. W. Robinson, both of Post, are nearing completion of 16-week training cycles at Fort Leonard Wood, Mo., with a unit of the 4th Armored Division.

Pvt. Wyatt is the son of Mr. and Mrs. Clyde Wyatt of Post, and Sgt. Robinson is the son of the A. R. Robinsons of Route 1, Post.

As trainees, they received eight weeks basic training in the fundamentals of Army life and the use of infantry weapons. They are now completing an additional eight weeks of direct training.

They are being taught the use of power and power loads, construction of fixed and floating bridges and related subjects for additional combat utility.

At the end of the 16-week training cycle with the famed "Super 8th," the men completed training here will be sent either to specialist schools or to replacements to other units.

Amendments To Wheat Regulations

Two amendments to the 1954 wheat allotment regulations have been announced by the U. S. Department of Agriculture. Mike Custer, Garza County Production and Marketing Administration officer, said Tuesday.

The first amendment designates each Texas county now included or to be included in the drought disaster area as a "green manure, cover crop, or hay county."

This amendment will permit any producer in such counties to seed additional wheat acreage above his allotment in order to provide a cover crop.

In all green manure, cover crop, and hay counties, the producer on allotment farms must obtain prior approval of the county PMA committee and designate the fields on which the practice will be carried out if he desires such acreage not to be classified as wheat for 1954.

Information On Feed Surplus, Movement Of Livestock To Be Exchanged By States

Methods whereby county extension agents may help get distressed farmers and ranchers in touch with prospective customers as quickly as possible were worked out Saturday morning at a meeting in Lubbock of district agents from 28 counties.

Those attending the meeting included Lewis Herron, Garza County agent.

The program in general, it was explained, will consist of exchange of information between

states in drought areas and states that have available pasture, hay and grain, or that may purchase livestock.

Feed surplus states will furnish drought states, for redistribution to counties through county agricultural agents, weekly information on surplus hay and pasture that may be available. Information on hay will include kind, quality, amount and approximate price. The pasture information will include location, acreage, carrying capacity, price, and length of grazing period.

Drought states will furnish feed surplus states periodic specific information on livestock for sale or movement, based on questionnaires. These questionnaires are to be filled out by producers in duplicate in the county extension office at the courthouse. One copy of the questionnaire will be mailed to W. N. Williamson, who is being placed in charge of the drought program for the Extension Service in Texas. These will be tabulated weekly and sent to feed surplus states.

BITS-OF-NEWS

Mr. and Mrs. Clifton Tipton and children of Iraan visited Tuesday with her uncles and their families, the J. R. and W. C. Kikers.

Sunday guests of Mrs. Maysel Williams were her mother, Mrs. C. A. Jackson, of Carlsbad, N. M., Mr. and Mrs. Rayford Bates and Mr. and Mrs. Weldon Swanger and son.

Mrs. Bill Jones and Mrs. Gene Willett and son are visiting in Houston this week with their daughter and sister, Mrs. Eugene Brown.

Mrs. Esma Cash of Austin is spending the week here with her son and daughter-in-law, Mr. and Mrs. Kenny Cash.

Visitin' AT THE Hospital

Went visitin' at the Garza Memorial Hospital last Saturday.

Didn't have anybody in particular to see, other than Mr. A. A. Suits who had been there so long—even our face would look pretty to him.

Waited a few moments in the lobby, in voluntary observance of the visiting hours: 10:11 a. m., 2-4 p. m. and 7-9 p. m. It was nice and quiet and restful, with cozy decorations, comfortable chairs and a pleasant receptionist.

Argument Starts

There were a man and a woman in the lobby, also. They were discussing newborn babies and the man said they all looked alike to him. We broke in and mildly disagreed. The woman said new babies all looked alike to her.

"It's 10 o'clock now," we said, "let's take a look through the nursery window."

The Garza Memorial Hospital has a BIG nursery window, which is never covered, and they keep the cribs close so you won't have to strain your eyes trying to see the babies.

Looks Like Mamma

There was Judy Carol Norman, who was born at 3:14 a. m. the preceding day, July 10. She was a pleasant looking little thing, searching for something—probably her bottle—but not unhappy because it wasn't there.

She didn't look like any baby we had ever seen, but it could have been that her mother, Mrs. Gerald Norman of Route 3 had as a baby looked exactly like her; because later when we saw the mother and daughter together, we noticed a marked resemblance, especially in regard to beautiful eyes. Judy weighed 6 lb., 2 oz. and she is Mr. and Mrs. Norman's first child. We learned Monday that the mother had been dismissed but that the baby was staying around for a few days, until she regained her birth weight.

Yes, They're Different

Babies that are only a few hours old, we observed, have one thing in common: Being red as an American Indian and wrinkled as an aged tribal chief. But otherwise, some have long, black hair, some no hair at all, some have curly brown hair. All seem to have blue eyes, but you can tell the blondes by the shade of the skin.

Baby Number 79

The youngest baby in the nursery—the 79th baby to have been born at Garza Memorial Hospi-

tal—was Freddy Joe Moore, who had arrived at 5:15 p. m. to Mr. and Mrs. J. L. Moore. He weighed 5 lb., 10 oz. and looked different from the other babies, chiefly because of his "close-cropped," curly-looking light brown hair. It was a natural "crew cut."

As small as he was, it was evident that this was a healthy, husky type who already was "shadow-boxing" with his fists and doing bicycle exercises with his legs. But he'll make the Post Antelope first team in not too many years. He has two older sisters and a brother, and they no doubt will help him keep in shape. We didn't visit his mother that day, but dropped in to see her Monday. Then we didn't stay to talk about the kids, as she was quite busy having lunch, via the contraption that tediously drops the food in the vein of the right arm.

Nicknamed "Peaches"

Just as the babies differ in looks, we learned that both the babies and their mothers vary in the amount of time required for hospitalization. There was Mary Melinda (Peaches) Casey, who was born to Mr. and Mrs. Charles Casey on June 30. Although she had weighed in at 7 lb., 6 oz. and her mother had been dismissed from the hospital on July 3, Melinda was staying around until she learned how to eat (she is home now, eating properly and gaining weight). When we saw her, she was pleasantly tolerating a feeding tube in her nose.

As she was all of two weeks old, she didn't look red like the other babies. She had a fair, "peaches and cream" complexion and a generous topping of black hair. Knowing how blonde are her parents, her 4-year-old brother, Timmy, and her paternal grandparents, the Acey Caseys, we asked aloud "where'd she get that hair?" Grandpa Casey, himself, had joined the window-peepers and he said "from some of the Wards and other ancestors." He also said that Timmy was now visiting his grandmother, Mrs. J. A. Ward of Westover, somewhat reluctantly as he wanted to get better acquainted with the little girl whom he had nicknamed "Peaches."

Big As A Minute

Another "veteran" in the nursery Saturday was James Dawson Morgan, son of Mr. and Mrs. H. L. Morgan of Justiceburg, who is whirling away some time in an incubator on account of having weighed only 4 lb., 8 oz. at birth. He might fit nicely in the glove compartment of the car, if he were going home now but he is quite a handsome, well-formed youngster. Someone predicted that he will always be a good baby because "it's difficult to spoil one in an incubator."

One of the other spectators commented on how fortunate it was that James Dawson could be in a hospital here in Garza County, reasonably close to his parents, instead of 40 or 50 miles or farther away—as he would have to be if there were no Garza Memorial Hospital.

Home In A Hurry

Then there are babies who go home only a few hours after birth. We just missed seeing one: John R. Collaso, who was born at 9:20 p. m. July 9 to Mr. and Mrs. Jesse Collaso. He and his mother went home the morning of July 10. Both were fit as a Stradivarius violin.

Mrs. Sullivan Happy

A florist passed the nursery window, with a huge flower arrangement and we followed—to the room where Mrs. W. C. Sullivan was looking comfortable and rested after a bout with major surgery on July 8. She was looking forward to dismissal on Sunday. Her only previous experience in a hospital had been when her son, Jerry, was born in another town. "I like this hospital better," she said, giving several reasons including the facts that her room was air-conditioned and the nurses seemed to have enough time to provide her essential needs. She also said:

"I'm so thankful that we have this hospital here, because my husband could spend some time with me each day. He could not have left our business to visit me much if I were in Lubbock."

Accident Victim Better

Let's see: We started out to see Mr. Suits who had been in the hospital since June 1, when he received multiple injuries in an automobile collision on Highway 84, 4½ miles northwest of Post. He is a mail carrier, who was on duty at the time of the accident.

Naturally, Mr. Suits was hoping to go home within a few days but he was satisfied and complimentary over "the way they treat me here." His room, like all of the others, was immaculately clean and decorated in colors to look more like a bedroom in a well-furnished home than in the stark white and porcelain motif so familiar in less modern hospitals. Unlike the others visited, Mr. Suits occupied a bed that was canopied with the contraptions necessary for treating some types of fractures, but even it looked less monstrous than some traction

HEADS STOCKMEN — S. E. (Eck) Brown, rancher from Dalhart, was elected president of the United Livestock Producers Association at its organization meeting in Dalhart, attended by several hundred ranchers from five drought-hit states. The association approved of a campaign to gain price controls on livestock at the producer level.

Nearly 500 Patients

We had fun visiting the patients, watching the pleasant and efficient nurses traipsing quietly down the halls, asking questions and learning that patients—to list a few answers—think the Garza Memorial is "the quietest," "most efficient," "most attractive," "no more expensive than other hospitals I've been in," "most convenient," "most sympathetic."

There are many people who share the above views, people who have been hospitalized there since the hospital opened in August of last year. There have been a total of 471 patients.

The remarkable factor, we learned, is that of only 471 patients there had been only 10 deaths. Only four people have died at the hospital since Jan. 1. More people than that used to die on the way to the hospital in Lubbock, at times. Could it be that green-tinted walls, attractive furnishings, the most modern equipment available and general efficiency in a hospital contribute to a sick person's will to live?

We'll visit the hospital again next week, and report what we find out—and we'll let you know if there are any two babies there who look alike.—E. B.

Educational Requirements Reduced For AF Aviation Cadet Training

Continuing needs of the Air Force's Aviation Cadet Training Program have effected a change in eligibility requirements that now permits high school graduates to apply for the Aircraft Observer phase of aviation cadet training, Capt. Alden C. Clark of Aviation Cadet Selection Team No. 207, Webb Air Force Base, Big Spring, Texas, said today.

The Air Force flying training program is divided into two phases, Pilot and Aircraft Observer; and previously, two years

of college were required of both type applicants. An immediate, critical need for applicants for Aircraft Observer training has brought about a reduction in educational requirements.

Training time is from 54 to 62 weeks, and upon graduation, cadets are commissioned Second Lieutenants in the United States Air Force Reserve. Such officers are required to serve a three-year tour of active duty, and are paid \$438.58 monthly if single and \$455.68 if married.

Aircraft Observers function as members of Aircrew Teams in such capacities as Bombardier, Navigator, Electronics Countermeasure Officer, Aircraft Performance Engineer Officer, Bomber Defense Officer, Photographic Reconnaissance Navigator, Weather Observer-Navigator and Intercept Radar Observer.

Captain Clark also stated that it does not take a "superman" to fly in the supersonic aircraft of today's "jet" age. Any normal young man who meets the qualifications stated below and who likes to fly can progress through both the academic and flying phases of training now given in the cadet program.

To qualify for aviation cadet training an applicant must be between the ages 19 and 26 1/2, be an unmarried male citizen of the United States, be of high moral character and successfully pass a mental test and a series of aircrew tests to determine his flying suitability. High school graduates are acceptable for Aircraft Observer training but two years of college is required of applicants for pilot training.

Complete and detailed information regarding the Air Force Aviation Cadet Program may be obtained by writing the Aviation Cadet Selection Team, Webb Air Force Base, Big Spring, Texas.

Plan Second Try At Taming Six Skunks

HUGO, Okla. (AP)—Die Elmo J. Robinson family found five skunks in their barn lot last year, befriended them, removed their odor sacs and tried to make pets of them. But one by one all five disappeared from the farm.

The Robinson boys, Rance and Elmo Jr., recently found a litter of six baby skunks in the barn. The boys checked up and identified the mother as one of the five they had befriended last year. They now plan another try at making pets of the little cuts.

Cost Of Polio Is Rising In Texas

SAN ANTONIO (SpI) — The cost of polio is going up in Texas with 31 local county chapters of the National Foundation for Infantile Paralysis having run out of March of Dimes funds. This has resulted in sending of more than \$150,000 into the state by the Emergency Aid Fund of Foundation headquarters to meet outstanding treatment bills during the first half of 1953.

At the same time, the 1953 incidence of polio is running less than half the 1952 figure, with 487 cases having been reported against the 1952 half year total of 1096.

According to a report of the U. S. Public Health Service, compiled nationally by the Polio Foundation, there are but 10 states in the country showing less polio in 1953 than in 1952. For the most part, with the exception of Texas, Louisiana and Mississippi, these are states which have had extremely low incidence in the past.

California again leads the country in the total number of cases to date with 877 compared to the 1952 half year total of 544.

directing. Members present Mesdames A. M. Smith, L. R. Mason, Will Teaff, R. V. Blacklock, Bernie Jones, Jim Barron and Walter Brown.

Mr. and Mrs. Will Teaff and son spent part of the week in Abilene and Merkel with relatives.

IS THERE AN EXTRA ROOM...

UNDER YOUR ROOF?

What A Change a Few Dollars Can Make.

Transform that idle attic space into a lovely bedroom, rumpus room, or den.

Add that extra room you have been planning so long... Now is the time to do this work while you can get workmen and financial aid.

Come in with dimensions of your available space, and we will make practical suggestions, help you work out specifications and requirements, and quote prices on necessary materials—all without obligation on your part.

It stands to reason...

Chevrolet trucks must be the best buy!

Big truck users, small truck users, all truck users buy more Chevrolet trucks than any other make. It stands to reason Chevrolet trucks must offer more of what you want.

When you stop to think about it, the best proof of outstanding value in any product is continued public preference. That's the way it is with Chevrolet trucks. They're the top selling trucks in America today... for the twelfth straight production year.

This is a mighty important fact to consider before you buy your next truck. You'll also want to consider that, while Chevrolet trucks give you more features you want, it's the lowest-priced truck line of all! Come in and talk it over with us.

MORE CHEVROLET TRUCKS IN USE THAN ANY OTHER MAKE!
