CONTEST NUMBERS TO BE HEARD

55-Piece Post High School Band's Concert Is Tonight

The Post High School band will present a spring concert at 8 o'clock tonight in the Post Grade School auditorium under the direction of Bob Robbins, band instructor.

Admission prices of 25 cents for students and 50 cents for adults are to be charged, with proceeds going to help defray expenses of the band banquet scheduled for April 28 by the Band Boosters Club.

The concert program will open with "Salutation," a march by Seitz, then will include the contest number, "Rustucan," an overture by Frankliser.

Cancer Crusade Is Under Way Over County

The 1953 crusade of the American Cancer Society in Garza County got under way Tuesday morning following a "kickoff" dinner held Monday night at the City Hall and attended by about 25 workers.

Dr. D. C. Williams, Post physician, made the principal address at the dinner, briefly tracing the history of the American Cancer Society, pointing out the value of the research, education and service it provides, and calling attention to cancer's seven danger signals.

The meeting was opened by Mrs. T. L. Jones, Garza County chairman for the ACS, with the Rev. Joe E. Boyd, county crusade chairman, presiding.

Rev. Boyd introduced the workers present, who included Mrs. Carl Webb, city chairman; Mrs. Katherine Bird, treasurer, and Miss Ganell Rabb, publicity chairman. Other workers present included community chairmen and block workers.

The chairman did not announce a quota, but asked that an all-out drive be made to raise as large a sum as possible within the next few days. Last year's quota of \$554 was easily met, Mrs. Jones reported.

At the conclusion of the meeting, Rev. Boyd distributed workers report envelopes and other crusade materials.

First contributor in this year's crusade was Mrs. Jones, who presented a check during the meeting to her block chairman, Mrs. D. C. Williams.

Two Nabbed After Wild Auto Pursuit

A 25-year-old man paid a fine of \$100 and costs in county court last week after pleading guilty to a charge of speeding, but entered pleas of not guilty on charges of driving while license was suspended and racing.

The man and a companion, who was fined \$25 and costs for aiding and abetting, were arrested north of the Graham Community last Thursday afternoon by Highway Patrolmen A. M. Jones and Felix Murphy, following a wild automobile chase which led into three counties.

The highway patrolmen fired several shots from a rifle in an attempt to stop the racing automobile during the hour and a half chase. Not long before the arrest near Graham, fences were torn down and fields driven through on the Bryan Williams, Jr., place in the Garnolia Community.

Virgil Short was elected president of the Post Lions Club at Tuesday night's regular weekly meeting. He is to take office at the first meeting in July, succeeding Victor Hudman.

Garza Wildcat Catches On Fire During Drillstem Test

Repairs are under way this week at a Garza County wildcat well a half mile south of Justiceburg, the rig of which caught fire Sunday night as operators were pulling the tool on a drillstem test.

The fire, which started at 8:30 o'clock, caused damage estimated at \$15,000 and resulted in slight injuries to Truman Goss, derrick man, who was hurt when he jumped from the mast. He was dismissed Monday from the Garza Memorial Hospital.

The Post Volunteer Fire Department sent a truck to the blaze and had the fire under control by the time a Snyder fire-fighting unit arrived.

The wildcat is the Tobe Foster of Lubbock No. 1 Jesse Person Crump, five-eighths mile north and slightly west extended to production in the Tobe-Strawn field.

The rig is reported to have caught fire from a back-firing motor as free oil flowed over the drilling floor. Operators were attempting to shut in the pro-

Home Owners May File Exemptions

Garza County home owners who wish to claim the homestead tax exemption on state taxes have until May 31 to file their annual homestead exemption application at the county tax assessor's office.

Carl Cederholm, tax assessor-collector, said homesteads up to an assessed value of \$3,000 are exempt from state taxes if claims are filed by that date. Applications for exemption up to an assessed value of \$3,000 also may be filed on 200 acres of land as an alternative to filing for exemption on homesteads, the tax official said.

High Rating Is Won By Choir At Music Meet

Post High School's a cappella choir, "The Choralists," received a first division rating Saturday at the annual Texas Interscholastic League Region 1 Music Festival, Vocal Division, at Plainview.

Turning in a performance which the judges termed "remarkable," the Post chorists, directed by John Christopher, received the same rating as the Plainview and Brownfield High School choirs.

The Post singers outscored mixed choruses from Levelland, Floydada, and other area schools, some of which received second division ratings and some third division.

The mixed choruses were judged on intonation, choral department and musical interpretation. The contest numbers sung by the Post chorus were "Thy Greatness, Lord," "King Jesus Is Listening," and "Pilate Fili Israel."

The choir's director added his favorable comment to that of the judges in reporting on the local group's showing. "All 42 members of the choir conducted themselves in a most commendable manner, both on and off the concert stage," he said.

With the exception of a concert here in mid-May and a picnic in June, the choir will have no other appearances this year.

Payment Received On Hospital Debt

A State Treasury warrant in the amount of \$23,497.62, representing the fourth and final in installment payment of the state and federal governments' part of the construction cost of the Garza Memorial Hospital, has been received by County Judge Oscar Graham.

Although the payment clears up the state and federal governments' half of the approximately \$400,000 cost of the hospital, for which a \$300,000 bond issue was voted, still is being paid on through an interest and sinking fund set up for that purpose.

The payment just received from the State Treasury will be used to finish paying the A. S. Aloe Co. of St. Louis, Mo., which furnished equipment and supplies for the hospital, Judge Graham said.

Pledge Cards Are Going Out For Bloodmobile Visit Here

Distribution of several hundred pledge cards for the visit here May 13 of a Red Cross bloodmobile from the North Texas National Defense Blood Center at Fort Worth began Wednesday.

At the same time, Ralph Kirkpatrick, planning committee chairman, announced additional appointments of workers, following a committee meeting Tuesday night at the City Hall.

The American Legion and Veterans of Foreign Wars posters are sponsoring the bloodmobile visit to Post. It will be in the First Methodist Church basement from 10 a. m. until 4 p. m. A minimum of 200 donors and 150 pints of blood has been set for this year's bloodmobile visit, which will be making its second appearance in Post.

Following Tuesday night's meeting, Kirkpatrick announced that the American Legion Auxiliary will be in charge of volunteer workers the day of the bloodmobile's visit, and that the VFW Auxiliary will be in charge of appointments and the master schedule.

Other workers named by the chairman include Mrs. Tom Powell, women's chairman; Mrs. Kirkpatrick, telephone chairman; Mrs. C. G. Murphy and Mrs. C. A. Prater, residential contact chairman, and Mrs. Walter Durckworth, chairman for procurement of sandwiches.

Kirkpatrick, Bob Poole and L. J. Richardson, Jr., are making pledge-card contacts in the city's business section.

The chairman said he would contact ministers this weekend in regard to having the bloodmobile visit announced in churches Sunday and enlisting the assistance of church women's groups in the program.

Dr. Shelton Barcus of the Fort Worth blood center was in Post last week conferring with local physicians in regard to the bloodmobile's visit. An orientation meeting for workers will be conducted by Jean Fitzsimmons, Red Cross field worker, at 2:30 p. m. May 6 in the men's Bible classroom of the First Baptist Church.

At Tuesday night's meeting, Miss Fitzsimmons said blood would be accepted from donors between the ages of 18 and 60, but that those under 21 must have the written permission of their parents. No one who has ever had yellow jaundice or who has had malaria within the past two years will be accepted as a blood donor, the Red Cross worker said.

Others at Tuesday night's meeting were Lee Bowen, county Red Cross chairman; Mrs. Powell, Mrs. Kirkpatrick, Wagoner Johnson, VFW post commander, and Charles Didway, publicity chairman.

24 CALLED FOR JURY DUTY

Docket Is Set For County Court Term

Twenty cases are on the docket for a new term of county criminal court opening Monday, May 4, before Judge Oscar Graham. A jury list of 24 names has been drawn for the term.

The unusually large number of cases is due to the fact that it has been several months since a jury term of county court has been held, County Attorney Pat N. Walker said.

Defendants in the cases on the docket and the charges filed against them are as follows:

Fannie Baugherty, sale of beer (three counts) and sale of whiskey; Cecil Foster, possession of beer for purpose of sale, transportation, and driving while intoxicated; William Howard Frost, transportation; Bessie James, possession of beer, wine and whiskey; Edith Cole Fields, possession of beer and possession of beer, wine and whiskey.

Jasper Fields, transportation and speeding (appeal from justice of peace court conviction); Raymond Letson, possession of beer and wine; Florentine Hernandez, driving while intoxicated; Ernest Stephens, transportation; Bonifacio Davila, transportation; Della Lockhart, possession of beer and wine; Weldon Eugene Walker, racing.

'The Caprock' Is Being Distributed

"The Caprock," Post High School's 1953 yearbook, arrived this week and copies are being distributed to students who have purchased them. Mrs. Ray N. Smith, sponsor of the annual staff, said about 285 copies had been sold up to Tuesday noon.

The yearbook's attractive leather binding is in black and yellow, with an antelope head pictured on the front cover.

"Footprints on the Sands of Time" is the theme of the annual, which is dedicated to parents of the students.

The yearbook contains pictures of school board, faculty members and students and has special sections for school favorites, athletic groups, clubs and other organizations.

Margaret Welborn was editor-in-chief of "The Caprock." Other staff members were: Maxine Baylis, art editor; Jimmy Ferguson, business manager; L. W. Evans, sports writer; Stanley Nixon, assistant editor; Travis See SCHOOL ANNUAL, Page 8

Ralls Jaycees Are To Attend Meeting Here

A second meeting for the purpose of discussing plans for organization of a Junior Chamber of Commerce in Post will be held at 8 o'clock tonight in the school cafeteria. All young men between the ages of 21 and 35 are invited to attend.

A group of Ralls Jaycees will attend the meeting, according to James King of Post.

PRESENTATION PROGRAM IS PLANNED FOR EVENING

4-H Club Girls Dress Revue Is Saturday

The annual Garza County 4-H Club Dress Revue and contests in dairy foods demonstrations and public speaking will be held here Saturday, with more than 75 club members expected to enter the contests, according to Miss Jessie Pearce, county home demonstration agent.

Judging of records and construction in the dress revue will begin at 9 a. m. with Edith Hughes, Borden County home demonstration agent, and Emmabeth Towery, Mitchell County home demonstration agent, as judges.

Awards to winners in three divisions—junior, intermediate and senior—will be made at 8 p. m. at a public presentation program in the Post Grade School auditorium, at which time the girls will again model their dresses.

Winners in the dairy foods demonstrations and public speaking contests also will receive awards at the Saturday night program, Miss Pearce said.

The winner in the senior division of the dress revue will qualify for the District 2 event to be held at Lubbock. The winning dairy foods demonstrators and public speakers also will qualify for the district contest, according to the agent.

Miss Janyce Lobban of Justiceburg, last year's dress revue winner, will assist in the judging and will also assist at Saturday night's presentation program. Others helping in the judging will be Misses Lois Ritchie and Doris Ritchie, who also have won first places in previous dress revues. Miss Lois Ritchie is now attending Texas Technological College on a four-year 4-H Club scholarship.

Others assisting in Saturday night's presentation program will include Misses Sue Stephens and Jenny Lou Redman, members of the Post Senior Girls 4-H Club.

The dairy foods demonstration contest will be held at 9 a. m. in the Post High School home-making department under the direction of Mrs. Nan Dyer, homemaking teacher, and Mrs. Victor Hudman. There will be both team and individual contests.

Lee Rites Are Held At Baptist Church

Last rites for George Walter Lee were conducted at 3 o'clock Tuesday afternoon in the First Baptist Church with the Rev. W. G. Cure, pastor of Pleasant Valley Baptist Church, and Verniel Lowrance, Primitive Baptist minister of Lubbock, officiating. A choir sang "Rock Of Ages," "Sweet By And By," "Amazing Grace" and "When The Roll Is Called Up Yonder."

Burial was in Terrace Cemetery with Mason Funeral Home in charge.

Mr. Lee, who farmed in the Graham community until his retirement several years ago, died at his home here Sunday night. He was born June 15, 1877, in Monroe County, Tennessee and came to Texas at the age of seven.

On December 17, 1905, he was married to Miss Martha C. Jarrell at Rio Vista in Jefferson County. They came to Garza County in 1925.

Mr. Lee was a member of the Primitive Baptist Church. Survivors are his wife; two daughters, Mrs. E. L. Vaughn of Grassland and Mrs. Albert Howard of Post; six sons, Cecil, Elton and Charlie of Post, W. M. of

Thursday to Thursday...

By CHARLES DIDWAY

By getting up at 5 o'clock Saturday morning to make sure of being on hand to take pictures of the Cub Scouts leaving for Slaton, we learned two things: That there is more "stirring around" here between 5 and 6 a. m. than one would think, and that an April morning can be unseasonably cold.

A local restaurant man who "puts in" seven days a week says he supposes he should be thankful that the week doesn't have eight days.

If we recorded only the sunny hours, we'd certainly want to include this one: A Post dry goods merchant voluntarily paid for a customer's haircut so a hat the shopper liked would fit his head.

If anyone wants to know how to spell "analogous," come see us. That's the word we spelled "analogous" in Saturday's adult Spelling Bee at Lubbock to finish second to Ellis Mills, Post grade school principal. We believe if we'd made it past that word, we'd have gone right on and the way Ellis was spelling them, we think he'd have gone right on, too, and we both might have still been sitting there—who knows?

Anyway, Post and Garza County people in the audience seemed pleased that a couple of Postites outlasted the field in the adult Bee. Coupled with Howard Jones' third place in the student Bee, that gave Post a first, second and third for the afternoon.

Along with everyone else, we were sorry to see Howard eliminated and are sure he knew how to spell "scholar." His tongue just seemed to slip, with the result that he spelled it "scholer." We can't plead the same excuse on the word we missed. We just flat missed it.

A Lubbock newspaperman congratulated us on winning second. When we told him it wasn't good for the newspaper profession to lose a spelling match to a school teacher, he disagreed. He said the way he had figured, an editor wasn't supposed to know how to spell—that all the misspelled words could be blamed on a sleepy typesetter or a distracted proofreader.

In recent news stories on the new signal light soon to be installed at the Main and Broadway intersections, MFW's neglected to mention that a city official has informed us the "No U Turn" law will be strictly enforced at that point once the new signal light is working.

Since there hasn't been a drop of rain for the past two Sundays, it appears that the old saying that if it rains on Easter Sunday it will rain for seven Sundays thereafter doesn't hold water—if you'll pardon the pun.

Incidentally, April rainfall to date is 31 of an inch, which is considerably less than the 2.22 inches measured last April. There are still several days to go and we're all hoping, of course, that the "plug will be pulled" in time to check April up as a "good" rainfall month.

While it isn't a very comforting thought, we might mention that even if the month ends on the 41 of an inch precipitation mark, it won't be the driest April in the city's history. There wasn't a trace of rain in April, 1933, at

Roger W. Babson Writes This Week...

Only Thing Wall Street Seems To Agree Upon Is That Money Rates Will Begin To Stiffen

BARBON PARK, Mass.—Last December on my way from Massachusetts to Florida I found almost all of my Wall Street friends were bullish on stocks.

Wall Street Confused

Today, owing to the Korean Peace outlook, the sentiment is now bearish. In fact, the bulls are confined to those who still believe War III is more likely than when Stalin lived. They hold "War Babies" which they fear would suffer by peace.

Impartial observers are very confused and uncertain as to the future. They are thankful that Eisenhower is President, and are glad for Stalin's death. Wall Street, however, believes that Malenkov is not Stalin's real successor and that we will see a change to someone else. They further feel some one of the satellites may kick over the traces and that China may be the one.

All Agree On Interest Rates

The only thing Wall Street now agrees upon is that money rates will stiffen. This will be due to the increase in the Government Bond rates and in installment buying, or the over-building of homes and other causes. Here is good news for small investors! You will soon be able to buy 3 1/2% U. S. Government Bonds. This is the first time for 20 years that you have been able to do this. Loaners of money are also getting "choosier" about their loans. They are turning down many applications which they would have accepted a year ago. Banks are waiting to see what the future will bring forth. This hesitancy automatically increases interest rates.

The interest yield of bonds is also an important factor. When good bonds yield little, banks and trustees loan money more freely on mortgages; but today the yield of good bonds is increasing. Many of these bonds are nontaxable as to Federal Income, due to the vast amounts being issued for constructing super-highways.

Interest Payments Already High

Although a bank will tell you that its rate has not increased, yet to you it has increased

IT'S UP TO THE FARMER...

It's up to the farmer this year on, whether or not to reduce cotton acreage, as requested by Secretary of Agriculture Benson. We suppose that's better, in many ways, than having government controls, and it's going to be interesting to see what the farmers do about it, now that cotton planting time is almost here.

In some sections of the country—those blessed last year with plenty of rainfall and bountiful crops—we don't suppose it's going to be too difficult for the farmers to bring themselves around to voluntarily reducing their cotton acreage. In other sections, however—and Garza County is one of them—it's going against the grain for the farmers to cut down on cotton plantings if a good crop is in prospect.

It appears to us that it might have been a good idea for the agricultural officials to have taken this into consideration when asking for the voluntary acreage cuts. In sections where rainfall was plentiful and the crop yield good, farmers could, perhaps, reduce plantings enough to make it possible for those in areas less blessed by Nature to go ahead and plant as much as they think they can raise.

It remains to be seen what they are going to do about Benson's request, but it's already a pretty well-known fact that cotton farmers in this part of the state don't think much of it. They don't want to see a big overall 1953 crop have a further depressing effect on cotton prices and bring on production controls in 1954 and thereafter, but at the same time they don't want to miss a chance to do better on this year's crop than on last year's, if the opportunity is there.

MOST PROGRESSIVE STEP...

Hailed as one of the most progressive steps in the City of Post's history, completion of the street lot and block "reform" program announced last week is eagerly looked forward to, but will take time—as does everything else that is well done.

A thorough job up to this point has been done by the special committee appointed by the city, and the project should run along even more smoothly, now that the city has officially approved the re-mapping proposals. Too, other civic groups will be able to assist in the project, now that there is something solid to go on.

Redesignating of streets, blocks and lots will bring order out of a chaotic situation and in doing so will prove beneficial to visitors as well as to year-around residents of the city.

Early spring, before the fly population has a chance to multiply, is the best time for a community to start a fly control program, according to state health officials. It is estimated that one pair of flies, under favorable conditions, could have countless ancestors before winter. As you probably guessed, all this is leading up to an announcement that the City of Post will stage its annual Clean Up Drive within the next few weeks. Watch for the date!

ending to records. Other Aprils with scant rainfalls were in 1951 (.32), 1928 (.18), 1921 (.13) and 1927 (.30).

Ending on a brighter note, the heaviest April rainfall on record was in 1915 when 8.07 inches fell. In 1922 there were 6.59 inches measured. Something like 2.59 inches below the 1922 mark between now and May 1 would make April, 1953 SEEM like a record-breaker, even alongside the sopping wet 1915 total.

in terms of purchasing power. A manufacturer who now pays 3 1/2% interest to buy machinery which runs only 40 hours a week is really paying more now than he was paying when the rate was 4% and his machinery operated 48 hours per week. You are already paying more for mortgage money now than when building costs were much less than present costs because you must borrow more money now to build a home. Those who now buy cars and merchandise on installments are today paying 8% or more.

Any attempt to raise wage rates faster than the increase in hourly productivity is equivalent to an increase in interest rates. The most practical solution to present high prices is to abolish the 40 hour week. Otherwise, we must curtail spending which would result in unemployment. To refer again to interest rates, these must increase to check a return of inflation. "We cannot have our pie and eat it too!"

What About Coffee Prices?

This brings me to say another word about retail prices. Since the controls have been lifted, hundreds of complaining letters have come to me. Most of these refer to the price of coffee. Let me say that the price controls were taken off of coffee to help our "good neighbor policy" in Central and South America. Therefore, when you pay more for coffee, just remember you are truly helping millions of very poor people working on the coffee plantations.

If you don't want to help these poor South Americans by paying more for coffee you can reduce the cost of coffee by drinking less of it. We don't need to buy so much coffee. Just reduce one cup a day and you will more than offset the recent increase in price; while your health will be better and you will live longer. Coffee is not a food; it is only a temporary stimulant at best. The present growing habit of many coffee employees to demand a cup of coffee in the middle of the morning not only increases the price of coffee for everyone, but, by reducing efficiency, is helping to bring on a business depression.

Getting Out On The Limb

by EDDIE the editor

Clothes can make a girl into a social success if they allow her to be seen in the best places.

I read this silly dirty soap opera: To get his wealth, he spent his health. And then with might and main, He turned around and spent his wealth. To get his health again.

Some one has observed that if you're past 40, more than likely your "get-up-and-go" has got up and went.

BEER, the old reliable thirst-quenching favorite, is getting a big build-up as a valuable aid to cooking.

Brewing industries' publicity boys have come up with a dozen or so recipes which they claim will prove that variety in preparing your table can spice the life of the host.

Of all things the suds boys have found to promote sale of their product, cooking with beer tops the list. Sometime ago "shampoo your hair with beer" made the rounds and sold millions of cases of brew. The women folk tried it and for a time declared it a success.

I tried it once, but not having enough hair on my noggin to fret over, I gave up in utter failure. I followed the directions on beer shampoo hair-do with two cans... a dash on the hair and a sip for health... but I could not get the dashes to balance with the sips.

I know a Post woman who has been washing her hair in beer so long that now she never has to comb it... she just surfs it into place.

I haven't the space to list all the cooking-with-beer recipes I found in a magazine but I'll pass on two or three which you may be interested in trying. These recipes will be of no concern to my beer-sipping friends because the U. S. Brewers Foundation recommends that beer should be opened 15 minutes before cooking with it... none of them can keep a can open that long.

You can begin your cooking with beer day by preparing beer pancakes for breakfast. The recipe is a simple one:

"Combine 1/2 cup of olive or vegetable oil, 1/2 cup of beer, 2 eggs, well beaten, and 2 cups of milk. Sift 3 cups of flour with 4 teaspoons of baking powder, 1 teaspoon of salt, 2 tablespoons of brown sugar, and 1/2 teaspoon of nutmeg, and sift again. Then, under beating, slowly add to the liquid. Spoon batter in a hot griddle, and flip to the other side when the top shows bubbles. When cooked, the pancakes should be slightly crunchy around the edges, very tender in the center. Excellent served with smoked sausage, country bacon, maple syrup or a tart jelly, and plenty of butter. These pancakes are easy to prepare, easy to down, and repeat orders are guaranteed."

And if you want egg in your beer... try poaching your eggs in brew. This is claimed to be an excellent antidote for one who has overindulged the night before.

You may prefer a light lunch and possibly could get by with only beer soup. Too, this recipe is easy, but there's one point to remember. Like the old chemistry ruling: "never pour water into acid," when cooking with beer it should be still, and not bubbling.

"Heat one bottle of beer and add a pint of hot milk in which the yolks of two eggs have been stirred, plus salt and sugar to taste. Serve with fried bread."

Or you might prefer to slice or grate some pumpernickel bread into dark beer, add sugar to taste, lemon peel, a small piece of ginger and a sherry glass of Kummel liqueur. Allow to come to a boil, strain, place a lump of butter atop each serving, and salt to taste.

By time for the evening meal you are apt to be a bit lank. The beer soup you had for lunch tasted so good that you tossed a couple of cans during the warm afternoon and the brew is really working on your appetite. You might like beer welch rabbit, Irish ale stew, beerburgers, or a combination of the three... but you might not be able to survive through the night if you tried all three, so I'll just give you the recipe on beerburgers. Here it is:

"Mix 2 pounds of ground beef with 1 tablespoon grated onion, 1 teaspoon salt, and 1/2 teaspoon pepper. Shape into six thick patties. Heat 2 tablespoons of fat in a large, heavy skillet and brown the patties on both sides. While they're browning, mix well the following sauce: 1/2 cup each of beer and catsup, 2 tablespoons each of vinegar, sugar, and Worcestershire sauce, 1 teaspoon salt and 1/8 teaspoon pepper. When the patties are brown, pour the sauce over them and simmer for ten minutes. When they're about ready for the table, slice French bread at an angle into thin oval pieces. Butter on one side and toast slightly. Place the 'burgers

THE AMERICAN WAY

Get Together, Boys!

Our Contemporaries Are Saying:

Big Job—Little Pay

If you are a person who doesn't mind to hold a job that invites coals of fire heaped on your head, hold a public office. It doesn't make any difference if the pay for the job is complimentary or if it commands a salary ranging in the five figures. The fact is I think the fellow who holds a public office as a free gift to the people is showered with the most criticisms. I wouldn't say that the pay for holding the office of city councilman in Stanton is a mere pittance, nor would I say the same thing about the salary paid a member of a school board, but it's small enough that the candidates seeking the office of either councilman or school board member does so from the fact he places service to his town and community above the compensation he is to receive in return for the service he renders.—The Stanton Reporter.

Easter Sunday Rain

Cross off your list of old sayings about the weather that one about it raining on Easter and seven Sundays thereafter. I can still remember two old sayings, however, which I learned as a Boy Scout that I still swear by. One is "rain before seven, quit before eleven." The other is "when the dew is on the grass, rain will never come to pass." I haven't seen a Boy Scout handbook lately, but 30 years ago those sage bits of weather prognosticating were included among the other bits of handy information, which reminds me, the song writers who write about the rain never lived in dry West Texas. They always depict rainfall as a time of sorrow or misfortune. Remember: "Into Every Life Some Rain Must Fall," and "Sunshine Follows Rain." Think a little bit and you probably will be able to name off several more.—Stamford American.

'Expert' Opinion On TV

After looking the television programs over I am ready to give my expert opinion on the stuff that comes from Lubbock and I'd like to say it does not amount to much. The "whodunits" are most confusing and draggy, the announcer's grins are empty and their sales talks unconvincing, the programs are not balanced so that the supposed-to-be-comedy, the wrestling and the westerns can be seen in one program, they come all in a big dose, one western right after the other, one entire evening of wrestling and one day of grim comedies right after the other. Maybe, when one or two more television stations are installed, we might get some real good entertainment.—The Slatonite.

It Doesn't Pay...

It doesn't pay to take a policeman's gun away from him. Most recent example of this is the fact that Eugene Finnen, Brownfield Negro, has been sentenced to seven years in prison. Finnen was charged with robbery by assault following his voluntary surrender after forcing two local policemen at gunpoint to unload a carload of beer, etc. Finnen will serve this seven concurrently with five more he received for a previous felony. He was on probation at the time the second crime was committed.—The Brownfield News.

Fire Destroys Landmark

Fire, which was believed to have started from cutting torch sparks, destroyed the Clarendon Ice Plant and Old Opera House building April 11. The building containing the Old Opera House was said to have been built in

on the bread and ladle the remaining sauce over them. Serves six."

The mixture of beer and catsup, the suds boys claim, will give you a new flavor in your beerburgers... and you won't need any table sauce at all, at all.

### Post Man Injured In Saw Accident

A. H. Nelson, 68-year-old Post carpenter, suffered a severely cut right leg in a power saw accident Friday afternoon while at work on a house he was helping build for his son, Deward Nelson, at Tahoka.

The accident is said to have occurred when a short circuit in the saw caused it to kick back and strike Nelson's leg, cutting through the bone above the knee.

Another Post man, Elbert Fleming, disconnected the saw just as it was about to become entangled in the clothing on the upper part of Nelson's body. At the same time, the injured man's son jerked him away from the saw.

Nelson was taken to West Texas Hospital at Lubbock, where his condition is reported improved this week. He is expected to be in the hospital for at least ten days.

The Nelsons moved here from Tahoka about six years ago.

## AN OPEN LETTER . . .

THE FOLLOWING LETTER FROM SPEARS CHIROPRACTIC HOSPITAL AND HOSPITAL IN REGARDS TO THE PROGRESS BEING SHOWN BY EDWARD MAXWELL, WHO IS A PATIENT THERE, WILL BE OF INTEREST TO ALL PERSONS WHO HAVE CONTRIBUTED, AND THOSE WHO PLAN TO CONTRIBUTE TO THE FUND WHICH MAKES IT POSSIBLE FOR THE YOUNG MAN TO REMAIN AT THE HOSPITAL FOR TREATMENT:

April 11th, 1953

"Committee:

"Immediately after your telephone call I personally checked Mr. Edward Maxwell, whose condition we have diagnosed; Generalized chorea; hypotension.

"As you well know Mr. Maxwell was in a rather bad state when he arrived at Spears Hospital. This despite the fact that you have done him a world of good.

"His present condition is still bad, but he is breathing better. The involuntary movements of the voluntary muscles of his body have improved some, bowels show much improvement; he is walking better; his vision is better and he can now talk so that he can be understood. We have treated several of these cases with fine success and there is reason to hope that Mr. Maxwell will finally recover. Although this is not a guarantee by any means.

"We sent a young man with the same condition home last week almost cured. He was returned to his Chiropractor for further treatment.

"I recall only one case during the past seven or eight years—on whom we have had little success. Mr. Maxwell is one of the worst cases of his type that we have ever treated.

"Fortunately, Mr. Maxwell's blood and urine pictures are good. His hearing is also in fairly good condition. He is eating well, walking a lot and cooperating in every respect. He states that he hopes to God it will not be necessary for him to go home until he is well.

"Yes, of course you will want to know how long he will have to stay here. That is a question we cannot answer. All we can say is that he is showing improvement and that we will continue to give him our very best attention. Unless he does recover, his is going to be a tragic case.

"We want you to know that we greatly appreciate your sending this patient to us and your constant fine cooperation. I realize I should have written you earlier, but patients are coming in so rapidly from every state in the union, and from foreign countries, that we hardly have time to eat or sleep. We now have over thirty-five Chiropractors on our staff and are constantly adding more.

"We hope you can come and see us this summer. Anytime we can be of service to you, please command us.

"We want to assure you that we will do everything possible to make Mr. Maxwell comfortable and bring about the relief he is seeking."

"Yours for continued progress,  
"DR. LEO L. SPEARS."

Fifty Years Forward on the American Road

# of the season!

The 1953 Ford leads all other cars in bringing you the car you've always wanted for the money you can afford to pay. It's America's "Worth More" car . . . worth more when you buy it, worth more when you sell it.

Never before has a car enjoyed such wide acclaim as Ford during the past few years. And this year, with a full-tight Crestmark Body that's the style-setter, a new ride that's unbelievably smooth, a choice of high compression V-8 and Six that's the envy of its field and a total of 41 "Worth More" features, the 1953 Ford steps even further out front to become the New Standard of the American Road. Ford keeps its value better than any other car, too. A check of used car dealers and owners will prove it. So join the swing to Ford. Take a Test Drive today.

nually from the sale of cotton and cottonseed. This represents about 36 per cent of the total cash receipts from farm marketings. According to the 1950 Census of Agriculture, 46 per cent of the farmers in Texas produced cotton.

Cotton is not only an important crop to our farmers, but it is also important to the general economy of the State since it must be produced with items purchased from businessmen and it must be ginned, graded, sold, transported, stored and processed before it reaches the final consumer.

Secretary of Agriculture Ezra Taft Benson said: "The good cotton crops of the past two years have supplied the needs for domestic consumption and exports, and they also have built reserve supplies. Export demand has also been falling off from the levels of recent years. It will, therefore, not be necessary, or desirable, for farmers to produce as big a crop this year. A production of 12 to 12.5 million bales now appears to be desirable in 1953."

Planting reduced nationally by about 18 per cent from 1952 would, with average yields, produce a crop of 12 to 12.5 million bales.

Will the farmers reduce acre-

age? It's up to them. They will have to make the decision.

Farmers of Texas should study the cotton situation thoroughly and decide in their own interest and in the interest of their cotton producing neighbors whether they will decrease the cotton acreage, increase it or leave the acreage devoted to cotton the same as it was in 1952.

What is done by them will affect returns this year, and also influence the problems of cotton supply, price support and production control in the next few years.

(Next Week: "Questions and Answers" on some of the important factors that should be considered in "sizing up" the cotton outlook in order that farmers may have a better basis to make their own decision.)

## Miss Smith and Rufus Gerner Are Married Sunday In Carlsbad N. M.

Miss Wilma Smith became the bride of Rufus Gerner Sunday afternoon in Carlsbad, N. M. The single ring ceremony was read at 4:30 o'clock in the home of the officiating minister, the Rev. Joe Emanuel, pastor of First Methodist Church. Parents of the couple are Mr. and Mrs. Guy Smith of Route 1, Tahoka, and Pete Gerner. The bride wore a champagne dress with brown accessories and a corsage of white carnations. She carried out the bridal tradition of something old, new, borrowed and blue. Her something blue was a pair of

blue and champagne earrings. Miss Jimmie Gayden of Tahoka, maid of honor, was dressed in navy with white accessories. A. C. Thomas attended the bridegroom as best man. Others attending the ceremony were the bride's mother and brother, James Smith. Mr. and Mrs. Gerner are at

home here where he is employed as mortician for Mason Funeral Home. The bride is a graduate of Wilson High School and is employed as secretary of Tahoka Methodist Church. The bridegroom is a graduate of Post High School and Dallas School of Mortuary Science.

All are trimmed in nylon lace or braid. They are styled for all ages too. Go ad-venturing through Dunlap's ad for plenty of perfect buys on Cotton plisse garments.

While you guys and gals are taking advantage of all the good buys up and down Main this week, don't forget that the family buggy would run better with some of that Good Gulf Gasoline that George Sartain sells at the Gulf station.

The lowest price tags in years and years is what the folks at Hudman's are talking about in regard to their warehouse sale now in progress. In fact, you will be missing out on some amazing values if you fail to check Hudman's ad in this issue of the Dispatch. For instance if you buy a floor lamp or a table lamp at the regular price, you can buy another one for ONLY ONE CENT. Be sure and check the page ad of this firm for bargain buys.

Operators began pulling the test tool and recovered 4,700 feet of free oil. When 10 stands of pipe were left in the hole, it began dripping oil, and as attempts were made to shut it in, a motor backfired and the oil ignited.

### 'President's Lady' To Show In Post

First showing in the Southwest of "The President's Lady" will be Sunday and Monday at the Tower Theatre, John Hopkins, manager, announces.

Based on the explosive novel by Irving Stone, "The President's Lady" stars Susan Hayward and Charlton Heston. The cast also includes Fay Bainter and John McIntire.

The picture tells the story of the most tragic romance in American history—that of Andrew Jackson and his beloved Rachel.

## Baseball Nines Play Practice Game Here

In a practice game here Sunday afternoon, the Post baseball team played to a 9-9 deadlock with the Post Mexican nine in five innings.

Oscar Garner, a member of the Post club, said the team looked good, considering that this was their first work-out of the season.

Billy Mack Shepherd hurled for the Post team.

Garner said an attempt is being made to schedule a game for Sunday afternoon. He said if no matched game is lined up, there will be another practice contest at the Postex Mill diamond.

Anyone wishing to try out for the team is invited to attend the practice sessions, Garner said.

Mrs. Julius Cook of Jonesboro is visiting in the home of her sister, Mrs. A. H. Hood.

Mr. and Mrs. Joe Moore spent Sunday in Lubbock with his brother and family, Mr. and Mrs. E. G. Moore.

## Series Of Baseball Games Set To Start

Post baseball fans are assured of at least 11 games this summer, according to plans under way this week.

Two Post nines, one composed of men over 30 years old and the other made up of men under that age, will play a game at 2 o'clock every Sunday afternoon at the Postex Mill diamond for the next 11 weeks.

At the end of the 11-game series, the winning team will receive a \$100 cash prize from the O. C. Garner Appliance Co.

Oscar Garner, appliance company owner, who announced plans for the games, said the purpose is to provide entertainment for local baseball fans and at the same time to help develop for future seasons a good team from among the younger players.

On the over-30 roster will be W. B. Holland, Jess Cornell, Joe Boren, Dee Caffey, Walter Jones, Reese Bivens, Garner, Pat Walker, Paul Duren, and others.

The under-30 roster will include Louis Mills, Roy Williams, Billy Mack Shepherd, Billy Ramage, L. W. Evans, Dick Taylor, Rex King, Cordell Custer, Wayne Carpenter and Tommy Murray.

## Three 'Bee' Prizes Are Won By Post Spellers

Post spellers won first and second in the adult Spelling Bee and third in the student Spelling Bee at O. L. Slaton Junior High School in Lubbock Saturday afternoon.

Ellis Mills, principal of Post Grade School, correctly spelled "analogous," and then spelled the next word, "anathematize," to win first prize from among a field of ten spellers in the adult Bee held as a sidelight to the regional Bee for grade school students.

Charles Didway, editor of the Post Dispatch, finished second to Mills in the adult spelling contest.

Howard Jones, Post eighth grade student and Garza County Spelling Bee champion, missed the word "scholar" in the student Bee to win third place behind first place winner Sheila Cline of Lubbock County and second place winner Russell McCurdy, Jr., Crosby County champion.

Men and their families, Mr. and Mrs. Albert Bevers and children of Ira, Mr. and Mrs. Hershel Bevers and daughters of Hackberry, Mr. and Mrs. Herbert Dale Bevers and daughter of Kingsville, Mr. and Mrs. Marvin Dorn and children and Mrs. Sam Bevers, jr., of Post.

Mr. and Mrs. George Evans were guests of their children and families, the Jimmie Bungers and Lawrence Evanses, in Lubbock Sunday.

Mr. and Mrs. Sit Cross are in San Angelo this week attending a judges and commissioners meeting.

Mr. and Mrs. Boland Sullenger and children attended a birthday dinner for Sullenger's mother at the Neeman Ford home at Polaris Sunday.

One man received painful burns Sunday night when an oil well caught fire here. Post Volunteer Fire Department extinguished the blaze within a short time.

Mr. Billy Wills entertained with a pink and blue shower honoring Mrs. J. I. Moore Saturday night. About 30 attended.

ELLIS MILLS

Young Jones received a \$15 cash prize, a plaque for winning the Garza County championship and a pencil as a special prize. The youngster, son of Mr. and Mrs. Paul Jones of Post, was third in a field of 11 county champions. He dropped out only a few words before the championship was determined.

All schools represented by champions were invited to provide judges in the student Spelling Bee. Mrs. Ray N. Smith, Post High School English teacher, was judge from this county.

For winning first prize in the adult Bee, Mills received a box of toilet articles. Didway received a pen and pencil set as second prize, and third place winner, Mrs. A. H. Cline of Lubbock, received a pencil as her award. She is the mother of the student Spelling Bee winner.

## AMERICA'S NEW RAILROAD

"I want a ticket on the Atomic Super Chief!"

Well, sonny, just hang on to that dream. By the time you're a full fare, it might come true!

Of course there is no "Atomic Super Chief" ... yet. But, don't sell American ingenuity and progress short. At the rate things grow new for you on the Santa Fe, you only need to squint your mind's eye just a little to see tomorrow streaming toward you down the track! You can almost feel the future of Santa Fe in the quickened tempo of its progress in the recent past. Just count the growing number of Santa Fe diesels that speed your freight and smooth your ride today.

Nineteen years ago there weren't any. Today there are 1422 units. By year's end there'll be 97 more. Steam is disappearing fast. And more than 250 coaling and watering stations have bit the dust. Santa Fe folks just don't dally when it comes to building new. For today the Santa Fe is America's new railroad. And it's going to stay that way by growing newer every day—in every way that can mean new safety, better service, new comfort and dependability for you. It costs millions of dollars to serve you so. But it doesn't add a penny to the taxes you pay. Santa Fe folks are proud of that, too—proud that the newness of the Santa Fe is a part of American progress that pays its own way.

No matter the size or type of truck you need—what better proof could there be that a Chevrolet truck is your best buy!

Recently published official registration figures for the last full year show that truck users in every single State bought more Chevrolets than any other make! It is difficult to imagine more convincing proof of Chevrolet's superiority, for such clear-cut and overwhelming preference can lead to but one conclusion: Chevrolet trucks must be better, must enjoy solid advantages over other trucks. Such preference must rest on a firm foundation of good, sound value. And, of course, it does—as owners of Chevrolet trucks can testify. So before you buy any truck, see much more Chevrolet trucks offer you. Stop in and see us soon. Continuation of standard equipment and trim illustrated on availability of material.

**Operating Report Credits Cloud-Seeding With Lessening Effects Of 1952 Drought**

The area comprising the West Texas Weather Improvement District appears to have received at least four inches more rain from cloud-seeding during the contract period of 1952 than could have been expected under entirely normal conditions, according to the year's final operating report.

The report, which was prepared by Water Resources Development Corporation, Denver, Colo., points out that during October there was complete drought, not only in Texas but throughout most of the Central and Western sections of the United States. "Skies were cloudless, and in these conditions it is impossible to operate," the report continued.

The report shows that conditions improved in November, with two "good" and three "fair" seeding opportunities in the district. During December, the number of good operational opportunities decreased, with only one "good" and one "fair" being reported.

The report states that the summary map for the contract period, April through December, 1952, shows very clearly that although it was on the edge of one of the worst drought areas in history, at least the western section of the T-7 project was spared from realizing its worst effects.

The project covered by the report included only the west half of Garza County. This year, the entire county is included in the four-county district, in which a cloud-seeding contract has been signed for the period from April 15 to Sept. 15.
