First In Series Of Trades Days To Be Sept. 19

The east end of the 100 block on Main Street will be the site Saturday, Sept. 19, of the first in a series of Appreciation Days programs being sponsored by 38 Post firms in cooperation with the city's Chamber of Commerce.

An Appreciation Day program is to be held every Saturday afternoon, with the site being changing for each program, according to Ralph Kirkpatrick, chairman of the program.

The series of programs is designed to stimulate trading at home among residents of Post's trade territory.

Free tickets for the program may be obtained from the following firms:

Gordon Flower Shop, Tom Power, Ford Dealer; Levi's Ranch Cafe, Pure Food Market, G. F. Wacker Store, Mason & Company, McCrary Appliance, Ferguson's Grocery & Market, Kirkpatrick Auto Electric, Greenfield Hardware, Short Hardware, Haws Friendly Shoes, Bob Collier, Druggist; K. & K. Grocery, Clary's Conoco Station, George Sartain Service Station, Connell Chevrolet Co., Higginbotham-Bartlett Co., Triangle Service Station; Graeber's Grocery, Post Drug, O. K. Food Store, Parrish Grocery & Mkt., T. & W. Station, R. E. Cox Lumber Co., The Lavelle Shop, Dowe H. Mayfield Co., Inc., Tom Williams Grocery, Guy Floyd Service Station, Forrest Lumber Co., Herring's, Thaxton's.

This Is One Issue Jaycees Can't Duck

Who's got the duck? That's the big question this week among members of the Post Junior Chamber of Commerce as their membership campaign gets under way.

Jack Rex, Jaycee president, came into prior possession of the duck Monday, but got rid of it Tuesday after signing Arnold Parrish, new owner of the Josey Grocery & Market, as a member.

The duck then passed through the hands of Walter Johnson, Herman F. Ralphelt, Virgil Short and Percy Parsons, leaving each new owner as he enrolled a member. Parsons turned the duck over to Rufus Gerner late Tuesday, and he still had it in his possession Wednesday morning.

Bud Everett, Jaycee membership chairman, said each member acquiring the duck is to keep it in his possession until he, in turn, enrolls a new member.

The waddling duck has been made doubly "attractive" by artificial coloring. Since "Elmer" is the name usually given such unwanted creatures, it has been decided, for the sake of originality, to let each Jaycee name the duck to suit himself as he comes into ownership of it.

SKEET CLUB INTERVIEW—Three officials of the newly organized Post Skeet Club are shown as they were interviewed by radio station KFYO staff members. The story of the skeet club was recorded here and then broadcast over the Lubbock station. Left to right are Jack Creel, KFYO farm director; Bob Stephens, KFYO promotions manager; Oscar Garner, president of the skeet club; Bill Edwards, supply man, and Julius Steitzer, secretary.—(Staff Photo.)

New County Grand Jury Is To Report On Sept. 21

At least seven charges will be submitted to a 106th District Court grand jury when it convenes here Monday, Sept. 21, after reporting to District Judge Louis B. Reed.

Among the cases to be submitted are two charging rape in connection with an alleged criminal assault by two Lamesa youths on a 29-year-old Post woman here Aug. 15.

Two other charges are for cattle theft, two for check law violations and one for child desertion, according to County Attorney Pat N. Walker.

Also to be entered during the term of district court is a formal order for the district judge to dispose of a tax suit in which plaintiffs are the Post and Southland school districts and Garza County, and defendants are Clint Murchison and others, a group of oil companies.

An agreement has been reached for the court to declare tax assessments against the companies for the years 1951 and 1952 null and void and for the taxes to be re-assessed on the supplemental rolls at 65 per cent of the valuations for those years.

Petit jurors called for the term of district court are as follows: L. H. Welch, Jess Rogers, Curtis Davies, Avery Moore, Jr., Tom A. Gilmore, A. A. Ferguson, C.

Robinson Heads Area Educators

Dean Robinson, county superintendent of Garza County, was elected president of the County Superintendents of District 4, Texas State Teachers Association, Tuesday night at a meeting in the Caprock Hotel in Lubbock.

Other new officers for the coming year are: Roy Boyd of Lubbock, vice president, and Mrs. Lenore M. Tunnell of Tahoka, secretary-treasurer.

Speaker for the night was H. E. Robinson, director of Special Education for Exceptional Children of the Texas Education Agency. He talked on handling exceptional teacher units in the South Plains area.

Approximately 18 persons attended the meeting from District 4, which includes 24 counties.

Post's Two Jimmys Are Rodeo Winners

Jimmy Bird and Jimmy Moore of Post were second go-round winners Monday night at the final performance of the 16th annual Palo Pinto County Livestock Association Rodeo at Mineral Wells.

Bird was first in two events—calf roping and calf mugging, and Moore took first place in saddle bronc riding.

Garza County Fair Opens Here Friday

Exhibits Are To Be Displayed In Five Divisions

The Lions Club-sponsored Garza County Fair opens a two-day stand here Friday, with judging in some of the divisions scheduled to get under way at 9 a. m. Friday.

The five fair divisions, each of them expected to attract a large number of entries, are 4-H Club boys and Future Farmers of America, 4-H Club girls, home demonstration club women, and open divisions for girls and women.

Women's and girls' exhibits will be displayed in the city warehouse, just southeast of the business district. On the grounds will be livestock exhibits, a Lone Star Amusement Co. carnival, and concessions operated by the Lions Club and other organizations.

Judges for the fair will be

Mona Hildreth, assistant Lubbock County agent, and Leila Petty, Floyd County agent, women's and girls' exhibits; George "Scotty" Samson of Post, agricultural products, poultry and rabbits, and Carlos Reed of Lubbock, beef animals. A judge for the swine department had not been announced late Wednesday.

Approximately 30 steers and 15 hogs are expected to be exhibited by 4-H Club and FFA boys, according to County Agent Lewis Herron and E. F. Schmedt, Post High School vocational agriculture teacher.

Grand and reserve champions will be selected, with a special \$25 cash prize being awarded exhibitor of the grand champion

steer by the Post Junior Chamber of Commerce.

Grading of the steers will be on the same basis as at the State Fair of Texas in Dallas, where all of the animals are to be shown in October, Herron said. Cash prizes or ribbons will be awarded winners in all divisions.

Members of the Lions Club have been busy the past few weeks putting the grounds in shape for the fair. The City of Post has furnished equipment and labor for grading and leveling of the grounds.

The club's general chairman for the fair are Virgil L. Short, Victor Hudman and Jess Rogers. All members are assisting in the plans, and most of them will be on hand to help in the concession stands during the fair.

Various department heads for the fair include the following: Ned Myers, 4-H Club boys; Jerry Epley, FFA; Mrs. Hardie Smith, 4-H Club girls; Mrs. Lonnie Peel, home demonstration club women; George Samson, agricultural products; Jack Myers and Wade Terry, livestock; Bowen Stephens and Dean Hudleston, poultry and rabbits.

Enrollment Total At 930 Tuesday

Enrollment figures in the Post schools had leveled off Tuesday to 930-335 in high school, 565 in grade school, and 30 in the colored school.

In high school, the count by classes was: Senior, 36; junior, 63; sophomore, 65; freshman, 90, and eighth grade, 83. The high school total showed a decrease of seven from the first-week enrollment figure of 342.

At the grade school, however, 32 new pupils had been gained to push the total to 565—six more than were enrolled at the same time last year, according to Principal Ellis M. Mills.

A total of 113 are enrolled in the first grade, which at the same time last year numbered in the 80's, Mills said the grade is divided into four sections, but that it is large enough for five, if room would allow.

An unusually large fifth grade of 95 is divided into three oversized sections.

The present ratio at the grade school is 23-20-18, which represents 23 faculty members, including the principal, 20 sections and 18 rooms.

Propose Changes In Junior Rodeo Setup

First steps toward reorganization of the Post Junior Rodeo Association were taken at a meeting Tuesday night when a committee was appointed to draw up a new set of by-laws.

Named to the committee were Byron Flaatt, Phil Boucher, Alvin G. Davis and Buck Gossett. They ate to meet again next Monday night, and expect to complete a set of by-laws to be recommended to the stockholders.

Reflecter Tape To Be Sold Here At Fair

Members of the Post Junior Chamber of Commerce will have a booth for sale of automobile safety reflector tape at the Garza County Fair here Friday and Saturday, it was announced this week.

The tape will be sold for \$1 a yard, with proceeds going in to the Jaycees' city park fund.

Close City Farmer Gets First '53 Bale

Garza County's first bale of 1953 cotton, grown by V. H. Kuykendoll, was ginned Saturday afternoon at the Close City gin.

The finished bale was brought to Post and is on display in front of the Chamber of Commerce office.

Kuykendoll received a \$50 premium from the Chamber of Commerce, which is also offering a premium in the same amount for the first bale grown in the "breaks" section of the county.

The first Plains bale was gathered from eight acres of irrigated cotton on Kuykendoll's place three and one-fourth miles north of Close City. The seed and lint weighed 1,800 pounds and the finished bale, 450 pounds.

For the past few years, the Chamber of Commerce has been offering identical premiums for the first bales grown in the two geographical sections of the county. Last year, Bennie Wilks of Grassburg grew the first bale in the breaks section, and Edgar Moseley of Southland, the

WEATHER FORECAST: Fair, Friday and Saturday . . . at the City Warehouse.

Superintendents and principals worried by over-crowded conditions aren't the only school men with troubles. Consider the case of A. T. Nixon, principal of the Garnolia School, who started off the 1953-54 term with a broken right arm.

A. T., who, with Mrs. Nixon, is back at Garnolia after teaching at Close City the past few terms, received the broken arm about a week before school started when he fell while watering his back yard. Standing on a spot he'd already watered, A. T. slipped and lost his footing. As he fell, he threw his right arm back to break the fall and rammed it against a drain pipe. In addition to breaking his arm at the wrist, he pulled it out of socket.

Since he's right-handed, A. T. has found his duties of getting the new school term off to a good start particularly difficult. He said the accident had almost doubled his wife's work at the school, but he didn't know how he'd have made it without her. A. T. still had his arm in a cast when he called at The Dispatch office Friday to leave a printing order for luncheon tickets.

We've long been convinced that one of the most widely read features in The Post Dispatch is the "Remembering Yesteryears" column, the weekly compilation of which is another of the many duties of Miss Ganell Babb, the Dispatch's women's editor. A recent column performed a real service in providing Cpl. James Hays, Jr., and Mrs. Hays of Artesia, Calif., with the first published account they'd seen of their wedding, which took place 10 years ago.

Cpl. Hays sent a stamped, self-addressed envelope in requesting a clipping about their marriage. "We failed to ever get one," wrote Cpl. Hays. His wife is the former Miss Margaret Ely.

The air will be filled with footballs Friday night as activities get under way on several hundred schoolboy gridirons throughout Texas. It's too bad the Post Antelopes are opening their season at Ralls instead of on their home field, which would have served as an added attraction to the Garza County Fair this weekend.

This season's forecasts on the finish of the District 6-AA race have fans "on the edge of their seats," with speculation rife as to whether the Spur Bulldogs will come through as champions, which is the spot accorded them by most forecasters, or whether one of the other five teams will be in the driver's seat at the cessation of hostilities in November. Coach "Bing" Bingham's Antelopes have been picked no higher than a tie for third place, with at least two forecasters putting them in the cellar. It takes the pressure off a team for sportswriters to "place" them low in the standings, with the result that they usually rise much higher on the playing field than they do on the sports pages.

Roger W. Babson Writes This Week . . .

Real Boom Forecast In Acreage Suitable For Industrial Plants, Super Markets And Stores

GLOUCESTER, Mass.—Automobile parking will make or break many cities. The future of your community may depend upon the public parking facilities. Not only will the business of the merchants rise and fall according to the parking facilities, but these facilities will be a great factor in causing factories to locate in your community. Therefore, I strongly advise every reader to get excited about the parking situation where he lives. There's money for everyone in adequate parking.

Special Profit Opportunities

The purchase of land for parking facilities by super markets, industrial plants and department stores is giving some old families huge profits. For instance, the "A&P" people—in a city near here—have said good-by to the business center and have gone out a mile and bought a small farm. On this the "A&P" management is developing a super market. It is at the junction of two main highways and also adjoins the railroad. They have paid \$50,000 for this farm which a few years ago could have been bought for \$15,000.

Any reader of this column who has a level field of an acre or more within reasonable distance of the present business center should be very careful before selling. It may be worth ten times its assessed value for parking purposes. I forecast a real boom in acreage suitable for industrial plants, super markets and department stores. We are on the verge of a great revolution in the location of such stores and plants.

Buy Adjoining Lots

Driving about New England towns this summer I have seen many small stores and homes where an adjoining vacant lot is for sale. I strongly advise that the owner of the store or home purchase this adjoining lot immediately. In the future this lot will add considerable to the present value of your place, as well as serve as protection. The value of a building usually is constantly declining; but the value of the land is usually increasing. The time is coming when parking on all streets will be forbidden, especially at night. Fortunately those who will be who have a place on their own land for parking and other purposes. Another good speculation is vacant land

IT'S OUR COUNTY FAIR . . .

Whether or not crop and livestock conditions justify a fair from the standpoint of worthwhile exhibits, nothing is being left undone by the Post Lions Club to make this weekend's Garza County Fair, which they are sponsoring, an outstanding event.

There'll also be divisions for 4-H Club girls and home demonstration club women and for girls and women who do not belong to these organizations.

While the quality of some of the exhibits may not be up to par, the very fact that a fair is being held speaks well for the county and holds promise of much greater expositions in the years to come. Although it cannot always be helped, nothing is more indicative of a "give up" attitude on the part of a county than the doing away of a county fair.

County and community fairs have long been a part of the American scene—almost an institution. Few, if any, of us have ever lived in a county or a community where some sort of a fair was not an annual event and one eagerly looked forward to by the general populace.

The Post Lions Club is to be commended for taking charge of this year's fair in the face of adverse conditions. The club's members have proceeded with their plans in a spirit which would indicate that croplands were lush with growing crops and that sleek, well-fed livestock filled every pen. By doing so, they have laid the groundwork for a successful and long-to-be-remembered fair.

The job of making the Garza County Fair a success is not, however, entirely up to the sponsoring organization and the exhibitors. The rest of us can do our part by showing an interest in this weekend's event and by visiting the City Warehouse to view the exhibits. Large crowds thronging the exhibits building and the fairgrounds will make the Lions, as well as the exhibitors, feel that their efforts in making possible a county fair have not been in vain.

It's our county fair! Let's attend and show an interest in it!

We must remember not to judge any public servant by any one act, and especially should we be aware of attacking the men who are merely the occasions and not the causes of disaster—Theodore Roosevelt.

The Post Rotary Club, which sponsors the city's only Boy Scout troop, will hear a report on the National Boy Scout Jamboree at their Tuesday, Sept. 15, luncheon meeting. The club's bulletin did not specify who would make the report, but it more than likely will be one of the three Boy Scouts who represented Post at the Jamboree. They were Sidney Hart, Lowell Short and V. A. Dodson.

We used a copy of the Texas Almanac recently in helping Dr. Harry A. Tubbs come to the conclusion that Texas' King Ranch is several thousand acres larger than any ranch in Australia. Dr. Tubbs wanted to make sure after he read in a copy of an Australian magazine, "The Walkabout," that the "land under" has the biggest ranches in the world. The way we figured it, the King Ranch is about four thousand square miles larger than the biggest ranch listed in the Australian magazine.

Getting Out On The Limb

by EDDIE the editor

SUDDEN THOUGHT—Marriage is nothing more than a girl tying her beau in a knot.

There was a pile of stones in the road and a lamp on top of it. An old fellow was in charge. "What's the lamp for?" he was asked.

"To warn motorists of the pile of stones." "But what's the pile of stones for?" "To put the lamp on, of course."

PITY THE TEACHER—As the class had been told to write an essay on Lincoln, one of the pupils wrote: "Abraham Lincoln was born on a bright summer day, the 12th of February, 1809. He was born in a log cabin that he had helped his father to build."

"Child safety in traffic is a three-way proposition," Col. E. B. Tilley of Houston, president of the Texas Safety Association and services advisor for the Gulf Oil Corporation, said recently. Col. Tilley was speaking in connection with the child traffic safety program which his group is sponsoring this month in Texas in cooperation with the National Safety Council.

"The safety of children on the streets and highways of our nation is dependent on the traffic attitudes and actions of three groups—parents, motorists, and children themselves," he said.

Schools are doing a fine job of teaching safety in the classrooms, from kindergarten on up. Col. Tilley pointed out, and in many cases also are conducting driver education courses which give high school students practical experience behind the wheel.

"But if the program to save our children from injury and death in motor vehicle accidents is to be really effective," he said, "it must be carried beyond the classroom."

Parents must set a good example to children in their traffic habits, Col. Tilley explained, and must use the authority and discipline of the home to instill in children respect and obedience to traffic safety rules.

"Children lack the mature judgment of adults, however," he said, "and even with the best training their actions sometimes are unpredictable. So it is up to the motorist to be especially alert near schools and playgrounds, in residential areas — and any place children may be expected to gather."

And the children themselves also must do the best they can to walk and play safely, observing the rules they have learned at home and in school, he said.

"Child safety can be a reality only if all three groups work to bring it about," he asserted. "That is why special emphasis is being put upon the responsibilities of each by the Texas Safety Association and the National Safety Council this month."

A nice way to listen to your conscience is after you've told it what to say.

Reckon you may pity the poor Joneses too . . . they probably find it just as hard keeping up with people.

THE WOMEN, GOD LOVE 'EM —As a rule, they are said to prefer men who have something tender about them—legal tender, of course.

According to an Associated Press news story, some small Texas communities with colorful names are losing their post offices—and others may be in line for the same fate.

The closings are part of the government's overhaul of fourth-class post offices to improve service and trim expenses.

Fervent protests have come from hamlets and villages with colorful names or historic backgrounds. They feel their identity will fade away if they no longer can see letters going out bearing a hometown postmark.

Between Jan. 1 and Sept. 30 the post office department will have abandoned 13 Texas post offices, including:

Birthright, where postal receipts last year totaled \$225 while the postmaster's salary was \$979; Cuthand, which took in \$232 while \$848 went out of the U. S. Treasury to the postmaster, and Provident City, with receipts of \$225 and a postmaster drawing \$848.

These five were ordered closed by Aug. 15: Morrill, Buenavista, Bland, Machovec and Darco. Others due to be closed by the end of September are: Luak, Angus, Hunter, Ibez and King.

Some of the other smaller post offices which may expect the same fate are: Loco, Fate, Lariat, Old Glory, Moscow, Thrift, Thrifty, Dollardhide, Dinero, Pep, Lazbuddie, Roosevelt and Lincoln.

A sudden thought just struck us that if some are sentimental enough to want to see one of these post offices stay in busi-

Our Contemporaries Are Saying:

Typographical Error

Reading proof and making corrections before press time on the new High School Handbook, Tracy Varnell recently found this typographical error: In the section on library rules, a line read: "Only two boys may be checked out at a time. One of these may be fiction." The young ladies of Kermit High might think it a pretty good idea at that. However, they might not like the idea of turning the boy in after two weeks, as is the practice with books. — The Winkler County News.

One Of Those Days

A railroad engineer got up on the wrong side of the bed one morning. The water for his shower was cold. His shoe-lace broke. At breakfast his toast was burned. His car wouldn't start and he had to take a taxi to the yards. He was late, so when he started his train he speeded it up to 90 miles an hour. Just as he swung around a curve, he saw another train coming straight at him—and on the same track. He heaved a big sigh and turning to the fireman, said: "Did you ever have one of those days when just everything goes wrong?" — The Kaufman Herald.

A Smile Works Wonders

A smile costs nothing, but gives much. It enriches those who receive without making poorer those who give. It takes but a moment, but the memory of it sometimes lasts forever. None is so rich or mighty that he can get along without it, and none is so poor but that he can be made rich by it.

A smile creates happiness in the home, fosters good will in business and is the countersign. It brings rest to the weary, cheer to the discouraged, sunshine to the sad, and it is nature's best antidote for trouble.

It cannot be bought, begged, borrowed, or stolen, for it is something that is of no value to any one until it is given away. Some people are too tired to give a smile. Give them one of yours, as none needs a smile so much as he who has no more to give. — Stamford American.

Can Be Happy Ways

Highways are happy ways if you obey the traffic signs. One of the things that puzzles many people is the great number of needless accidents and deaths on the highways of today. Anyone who travels sees grim reminders along the way that traffic rules should be obeyed. There are wrecked cars, ambulances, and police cars as well as wreckers spotted along the highways as visible evidence that someone has made a mistake, usually the mistake of disobeying a traffic sign. — The Canyon News.

Just So It Falls

One writer tells us that he loves to hear rain beating on a window of a friendly room. Down here in this neck of the woods, we like to hear it on the fields, the lawns, the orchards, or what have you. We are not

ness, they might ferret out others with the same desire, form a club, and write the postmaster for postmarks, enclosing, of course, money to pay for the stamps he puts on their letters. It's a far-fetched idea, but I've known fellows with strong enough ties to the old hometown to do stranger things. Enough postmarks requests and receipts would zoom high enough for the "suffering" post office department to continue doing business.

Lubbock Businessmen To Be In Post Sept. 15 To Advertise Annual Fair

Post will be host to a group of business men from Lubbock on Tuesday, Sept. 15, when they are scheduled to arrive here at 8:55 a. m. in a chartered bus to publicize the 36th annual Panhandle South Plains Fair, according to Mrs. Fritz Greenfield, secretary of the Post Chamber of Commerce.

Arrangements are being made with D. C. Arthur, superintendent of Post public schools, for the possible dismissal of pupils during the time the group is in the city so they can enjoy the program.

Mrs. Greenfield has been working with the Lubbock Chamber of Commerce Good Neighbor Committee in arranging for the boosters' 25-minute stop in Post.

"There will be fun a plenty for the residents of your fine community when we visit you," Preston Johnson, chairman of the Lubbock Chamber of Commerce committee, said.

"On hand to provide entertainment will be a six-piece orchestra from Reese Air Force

Base. A special sound truck will be used so that everyone on hand will be able to hear the entire program," he added.

A special surprise feature of the visit will be the appearance of E. Y. ("Impossible") Gibbs, widely known South Plains magician, who will perform during the group's stay.

"But that isn't all by any means. We'll have souvenirs for the kiddies and grownups alike as well as free copies of the "Panhandle South Plains Fair News," a newspaper containing all of the latest news on the fair."

Not to be overlooked is the distribution of free admission tickets for the fair to school children, Johnston pointed out.

According to present schedules, four one-day tours of the South Plains have been arranged.

Scheduled for Tuesday, Sept. 15, are: Slaton, Southland, Post, Tahoka, Wilson, O'Donnell, Lamesa, Seminole, Seagraves, Brownfield, Meadow and Ropesville.

On Thursday, Sept. 17, chartered bus stops will be made at Levelland, Whiteface, Morton, Plains, Tatum, Lovington and Hobbs.

The following week the tours are Tuesday, Sept. 22, with visits to Hale Center, Plainview, Lockney, Floydada, Petersburg, Matador, Roaring Springs, Dickens, Spur, Crosbyton, Rails, Lorenzo and Idalou.

Thursday, Sept. 24, the stops are scheduled for Shallowater, Anton, Littlefield, Amherst, Sudan, Muleshoe, Farwell, Clovis and Portales.

"We are hoping these special one-day bus tours will acquaint all the South Plains and western New Mexico people with the new features we are planning for this year's Panhandle South Plains Fair, which opens in Lubbock Sept. 28 for a six-day run," Charles L. Adams, Jr., fair association president, said.

"This is our means of inviting all personally to attend. We sincerely hope you will accept our invitation."

No Swine Show At 1953 Lubbock Fair

LUBBOCK, (Spl.)—The swine show at the 36th annual Panhandle South Plains Fair in Lubbock, Sept. 28 through Oct. 3, has been cancelled by the association's board of directors.

At a special called meeting last week the board reviewed the spread of Vesicular Exanthema, a swine disease now reported in 43 of the nation's 48 states and said to exist in Texas as close to Lubbock as Wichita Falls.

Following the presentation of all available information on the subject, some of which was prepared by the fair's official veterinarian, Dr. A. J. Lewis, the decision was made to follow the examples set by other Texas fairs, such as the State Fair in Dallas, in cancelling swine shows.

"We regret having to take this action but we are sure all exhibitors and potential exhibitors of swine at the fair appreciate the conditions under which the decision was reached," Charles L. Adams, Jr., fair president, said.

Oldtimer Tells Of Ancient Pay Phone

DALLAS, Tex. (AP)—What would you say if you found a telephone in a leading hotel that had bright nickel-plated slots for nickels, dimes, quarters, half dollars and silver dollars? Here's what S. Bert Hardin, 74, said: "That's a 1912 model magnetopowered coin telephone—the first coin phone ever built."

Hardin went to work for the telephone company here March

20, 1900, when Dallas had 2,459 telephones. Today there are 270,154 within the city limits.

Hardin and other old timers met recently in the 30th annual convention of the Telephone Pioneers of America's Lone Star chapter. The first coin phone

was on exhibit. "Cost about five times as much to call in those days," Hardin said.

Composted Gin Burrs are Worth Millions to West Texas....

- 60-60-60 per acre
- Over 5000 lbs. humus per acre
- Long lasting fertilization
- Beneficial soil bacteria
- Retain 3000 extra gallons of water per acre
- Replace minor soil elements
- Improve soil texture
- Release "locked-up" soil elements
- Greatly increase crop yields

All of this for only **\$15. per acre** including the distribution on your land

You could never get a fertilization value like this from the regular kinds of fertilizers. The chemical analysis value alone is worth the total cost.

Believe it or not... Composted gin waste and burrs are worth all this, and even more. The values listed above show the minimums which are based on laboratory reports, filed tests, and previous results.

Why burn such a valuable... and greatly needed...

material? Instead of watching the smoke, why not return to the cotton land all that was taken out except for the seed and bloom? It can only be done by utilizing the gin waste and burrs in composted form.

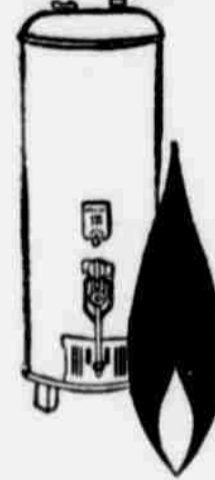

CONSULT YOUR GINNER: IF HE IS NOT ALREADY PLANNING TO COMPOST HAVE HIM CHECK INTO THE SOIL BIOTICS COMPANY PROCESS. COMPLETE LITERATURE AND INFORMATION IS AVAILABLE IN LUBBOCK.

Missing Chapters in the Schoolbooks

A high-school teacher writes us: "Please send me 50 copies of your booklet, *Adventures Inside the Atom*, for use with my students." Another wants material on new inventions. Or booklets on jet planes.

New things happen in science faster than textbooks can be revised.

New words puzzle our ears and eyes before these words are in dictionaries... atomic-pile reactors, silicones, jet engines with "afterburners," UHF television. Some problem for teachers, that.

Last year over 100,000 letters from schools hit our desks at General Electric asking for things in print on "what's new."

Just to give you an idea of how this adds up, one booklet, *Adventures Inside the Atom*, has been requested to the tune of five million copies since 1948.

Adventures in Jet Power, also handled in comic-book treatment, has since 1946 gone into eight printings.

This may surprise you: a new booklet, *Why Study Math?*, will run over a million copies this year. (It answers that question Junior is always raising.)

Nobody is happier than we are to know teen-agers have a lively appetite for what's buzzing in the world around them.

After all, whether they know it or not, our young people in school today will be the scientists and engineers of tomorrow. They can't know too much.

Post High Band Is Invited To Play At Lubbock Fair

LUBBOCK (Spl.) — The Post High School Band has been invited to enter the first annual band contest at the Panhandle South Plains Fair in Lubbock, according to information received this week.

"As another innovation in this year's six-day fair we are planning a band contest on the opening day, Sept. 28," Charles L. Adams, Jr., president of the fair association, reported.

"Invitations are being extended to all schools in the South Plains and eastern New Mexico areas, inviting them to send their bands," he said.

All bands participating in the contest will march in a parade early on the afternoon of the 28th. A total of eight trophies will be awarded to the high school bands, four as first prizes and four as second prizes, he explained. Other parade units will include giant balloons, a Marine color guard and the Reese Air Force Base Band.

Bands will be judged according to the official University Interscholastic League classifications, which are Class B, A, AA and AAA.

"The Texas Tech band, Lubbock High School band and Lubbock junior high school bands will also appear in the parade, but will not enter the competition," he emphasized. "They will serve as hosts to the visiting bands from the South Plains and eastern New Mexico area."

Prof. D. O. Wiley, director of band music, Texas Technological College, and Paul M. Brantom, director of band music, Lubbock High School, are co-chairmen of the special band committee for the fair association.

"Band directors in the area will be happy to learn that the project has been approved by F. W. Savage of the Interscholastic League, as long as the competing schools conform to section 15 of the league's rules regarding the number of other contests they enter during the year," Prof. Wiley reported.

Tentative plans include a judging stand on the balcony extending over the sidewalk around the Lubbock Hotel. A judging point system has not yet been decided upon, although it will probably be based on posture of bandsmen, quality of the music and other factors usually used as criteria in judging band music, it was announced.

"As an extra inducement for bands to enter the contest, we have made arrangements for members of the bands to receive free passes to the fair," Adams commented.

Specific details will be sent to band directors as soon as they have been worked out, the committee reported.

Thomas and daughter, Mrs. Katherine Bird, of Post; Mrs. E. G. Arensman and family of Irving; Doyle Riggins and family of New Castle, Wyo.; Neil Miles of Lorraine; G. R. Taylor and family of Ralls; Truett Smith and family and Hal Thomas and wife of Floydada; and Jimmy Thomas and family of Hereford.

Amity Study Club Begins Year With Breakfast Sept. 5

Amity Study Club members and their guests enjoyed a breakfast at the city hall Saturday morning. The course of study, "Clubroom View of the World," was used as a decorative theme along with the club colors of purple and gold.

Mrs. Wilma Olsen played piano selections as the guests were arriving. Mrs. Conrad Hartel, president, extended a welcome to the group and told of the club's summer activities.

Mrs. G. K. Cash, vice-president, introduced the new members, Mrs. Olsen and Mrs. W. H. Childs, and the following guests: Miss Maxine Durrett, Mrs. Paul Jones and Mrs. Jack Henderson. Miss Durrett offered two vocal selections.

Mrs. E. F. Schmedt presented the yearbooks and gave an itinerary of the imaginary tour to be made by the club during the year while achieving a clubroom view of the world.

Post Lunchroom Menus For Week

Post School lunchroom menus for the week have been selected as follows:

Monday: beef roast and gravy, mashed potatoes, vegetable salad, bread, milk and peach halves.

Tuesday: barbecued wieners, kraut, blackeyed peas, bread, milk and raisin cookies.

Wednesday: pork sausage, navy beans, congealed salad, cornbread muffins, milk, devil's food cake.

Thursday: hamburgers, pickles, potato salad, milk, cherry cobbler.

Friday: meat loaf with creole sauce, creamed potatoes, green beans, bread, milk, lemon ice box pie.

MYSTIC CLUB

The Mystic Sewing Club will meet tomorrow afternoon with Mrs. Ray Hodges.

WCS met Monday with Mrs. T. L. Jones with Mrs. J. A. Rogers serving as co-hostess. Mrs. Jones, president, presided for a short business meeting.

Mrs. N. W. Stone was leader for the program, "Jesus" ministry to Village People." Mrs. Charles Gates gave the devotional. A dramatization of "A Sower Went Forth," was presented by Mrs. H. H. Bledsoe, Mrs. Al Norris, Mrs. Ellis Mills, Mrs. Rube Jennings, Mrs. Durrett gave "A City Institution Meets a Village Need" and the results of that investment. Mrs. R. H. Collier then discussed "Rural Center, Three Fields of Service."

Those present were Mesdames Mills, Durrett, Carl Clark, T. R. Greenfield, Walter Julian, Gates, Stone, Bledsoe, Norris, Jennings, Collier, Barthelow, Rogers and Jones.

Roy Shahan, First Baptist pastor, reports: "Back to School" has been the main thought in our homes and places of business during the past several days. "Back to Church" should also be our slogan now, for many have been irregular during the summer months because of vacations, visiting and other reasons. The home, church and school are our three greatest institutions and there should be the closest of cooperation between these institutions.

"Beginning Wednesday evening, Sept. 16, we will have our fall revival effort, which we trust will be a real revival in every sense of the word. Watch the paper for further announcement. The pastor will bring the messages at both services next Lord's Day. At the morning hour, the subject will be, 'The Need for a Revival (Habakkuk 3:2). The theme for the evening hour will be, 'Inventory Time—God Measuring the Church' (Rev. 11:1). Set your face toward the Lord's House each Lord's Day."

The Christian Women's Fellowship met Tuesday at the church annex to begin a new year of study. Various committee reports were given and the group made plans to purchase new china, curtains and other equipment for the church kitchen.

Those who took office Tuesday are: Mrs. Lee Davis, president; Mrs. Jess Cornell, vice-president; Mrs. Victor Hudman, study chairman; Mrs. W. M. Kirkpatrick, treasurer; Mrs. Ben Owen, secretary; Mrs. K. Stoker, worship chairman; Mrs. Hub Haire, service chairman; Mrs. Gladys Hyde, flower chairman, and Mrs. Eva Bailey, reporter.

Mrs. Dent and Mrs. Stoker served refreshments of rolls, salad, potato chips, olives and iced tea to 15 members.

The stewardship film, "All That I Have," was shown at the Methodist Church to a large crowd, following the regular monthly fellowship meeting on Monday evening.

Cecil Bolton, organist of Lubbock, played at the morning worship service at the First Methodist Church Sunday morning, and presented a recital during the afternoon.

The MYF Council met with Miss Kay Matthews Wednesday evening. Those present were Kenneth Mills, Jennie Lou Redman, Lonnie Welborn, Jane Ballentine, Don Gates, Gene Young, Don Dale and Mrs. Charles Gates. Refreshments were served after the business meeting.

Culture Club To Begin Year With Luncheon Saturday

The Woman's Culture Club will begin a new year with a luncheon at 1 p. m. Saturday, in the city hall.

It is also guest day and each member is invited to bring a guest. Those planning to bring guests are asked to notify the telephone committee not later than Friday so that the necessary arrangements may be made.

Mrs. Roy Shahan will offer the invocation and new members and guests will be recognized. Mrs. J. F. Storie will present the yearbooks and Miss Maxine Durrett, president, will speak. Group singing will conclude the program.

Other officers are Mrs. Monta Moore, vice-president; Mrs. D. H. Mayfield, second vice-president; Mrs. Lee Davis, recording secretary; Mrs. J. E. Parker, treasurer and corresponding secretary; Mrs. O. G. Hamilton, critic and parliamentarian; Mrs. L. A. Presson, music director; Mrs. J. F. Storie, literary director; Mrs. Tillman Jones, civic chairman; and Mrs. Charlie Gates, publicity chairman.

"Kiddies Party" Is Held At Tickers

The "Tee-Toddlers" enjoyed a lawn party at the home of Mr. and Mrs. L. O. Ticer Monday evening. Those present were dressed as "kiddies from 4 to 10 years old."

After playing London Bridge and ring around the rosie, the group enjoyed ice cream and cake.

Those attending were Jimmy (Injun) Ferguson, Margaret Welborn and her doll, Joyce Short, Wilma Welch, Rhea Hays, Jonnie Matsler, Agnes Windham, Charles Bowen, "Sissy" Bowen, Sue Stephens, Gaylord Anderson, Gail Askins, Stanley Nixon, Vernon Reed, Mr. and Mrs. Walter Johnson and children and the Ticer family.

Brownie Troop Four, To Have Cookout

Brownie Troop Four met Friday afternoon in the scout hut and planned a cookout for next Friday, at South Lake.

The following officers were elected Friday: Judy Childers, president; Kay Ballentine, vice-president; Linda Dulaney, treasurer; and Beverly Young, scribe.

Patricia Crowley, program aide, taught the group some songs. Refreshments of cold drinks and cookies were served by Judy Childers and Kay Ballentine.

4c Meet Monday At Close City School

The 4c's met at Close City school Monday night for an ice cream supper. A short business meeting was held followed by a song by Shirley Ann and Judy Morris.

A movie was shown by Arvil Smith. About 65 people enjoyed the party.

22nd Prison Rodeo To Open On Oct. 4.

HUNTSVILLE (Sp.)—The annual event that has been headlined by newspapers and magazines throughout the southwest as "The Battle of the Outlaws"—Texas' 22nd Prison Rodeo—will get under way here at the Prison System's main unit on Sunday afternoon, Oct. 4.

The prison's rodeo manager, Albert Moore, has stated that, as always, he is picking only the very best of the performers from the many prisoners who will try out to compete for the rodeo, and only the wildest stock that the prison's herds afford.

The galaxy of added feature acts at this year's rodeo will include a parachute jump by inmate Barney Thurman, ex-paratrooper of World War II now serving a three-year sentence.

Office and mail orders for reserved seats are being given immediate attention. Tickets may be secured by writing: Prison Rodeo Ticket Office, Huntsville, Tex., stating the number of tickets required, the date for which they are desired, and enclosing a check or money order for \$2.40 for each ticket.

Collector's Wine Is Presented Clients

SAN FRANCISCO (Sp.)—Only five bottles now remain of an 1815 port wine specially brewed for King Edward VII when he visited Lisbon as the Prince of Wales.

In 1905 the cork was found in Portugal by Charles Bellows, a New York wine merchant. Bellows bottled it, numbered each bottle and distributed them to selected clients, including the late William Rockefeller.

With Rockefeller's death, a San Francisco connoisseur, who asked to remain anonymous, acquired the remaining bottles.

Waitress School Is Held In Utah

SALT LAKE CITY (Sp.)—Hash slingers are plentiful but well-trained waitresses are scarce.

To overcome the scarcity in this section, a school is conducted to teach how to tote that tray and lay that platter down. The Salt Lake Area Vocational School, with the co-operation of the Utah State Restaurant Association, gives a six-week course to waitresses.

Students are lectured on personal appearance, how to keep the thumb out of the soup, and safe ways to carry large trays

Bull In Hayloft Is Problem For Owner

PIERZ, Minn. (Sp.)—Missing his Holstein bull from its pen in the barn, Ed Otrema was startled by strange noises coming from the haymow. He investigated and found that the animal had climbed the stairs and was nonchalantly munching hay.

Only trouble was that the bull hadn't figured out how to climb downstairs. It took the farmer and his three sons four hours of pushing, pulling and persuading to get the animal out of the loft.

Bugs On The Soil Means Oil Below!

LONG BEACH, Calif. (Sp.)—If there are bugs on the soil there's oil down below.

That's the belief of Logan Goodknight of Long Beach, who has studied and found signifi-

cant the relation between the presence of certain soil bugs and oil deposits.

His theory is backed by the development of 18 wildcat producers in Texas, Kansas and Ca-

lifornia into million dollar properties.

"These bacteria," Goodknight said, "live on volatile gases from the oil and gas below. They multiply and leave 'tracks' and chemical tests verify their presence and indicate commercial production."

HAS DOUBLE TROUBLE

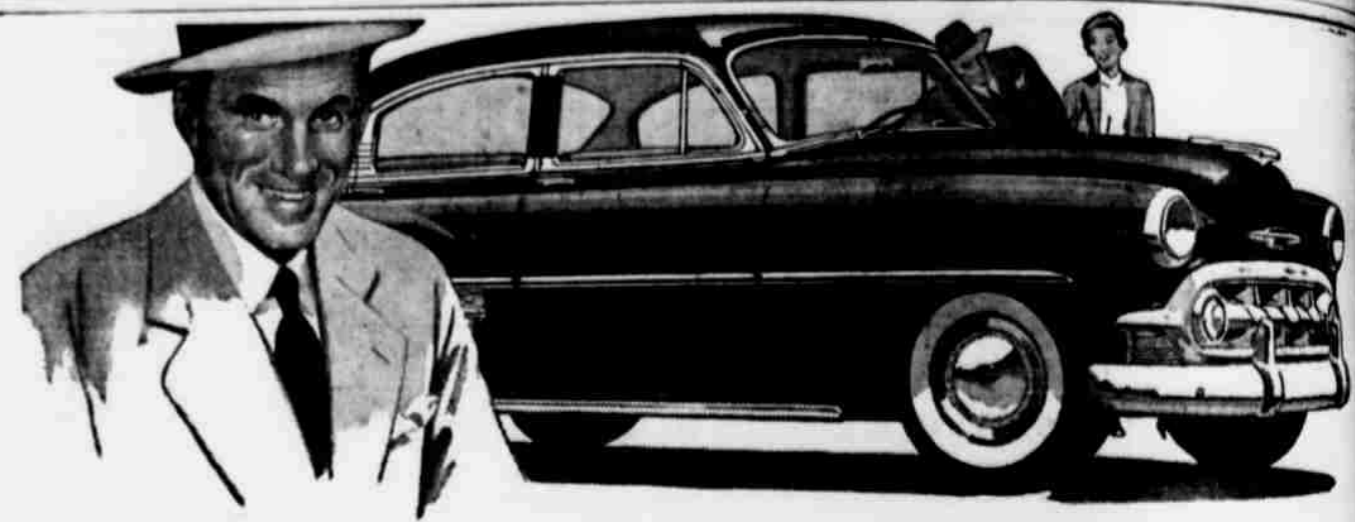

HOUSTON (Sp.)—A truck driver was arrested recently after he had hit a parked car and injured a woman but forgot to stop. He turned the next corner and hit another parked car, this time injuring a man.

THE FIRST STEP.....

As baby takes his first step, parents watch, breathless with suspense. "First steps" are SO important, all through life. The first step toward financial independence, for instance. This generally means opening a bank account and setting up a regular program of deposits every pay-day. Keeping ever-lastingly at it is equally important, of course. But, first you must START. Why not take that "first step" today?

Texans Are Individualists; No Two Things As A Typical One

THOMAS HOLBROOK
 Editor, Dallas Press Staff
 Making the zip and zest
 report, the Census
 250-page study of pop-
 ular characteristics of Texas
 some interesting facts
 people called Texans.
 those 250 pages of de-
 scriptions prove nothing
 show that Texans, even
 interpolated and correlat-
 ed statistics, are in-

dividualists that can't be wrap-
 ped up into a simple little pack-
 age marked "Typical Texan."
 Some Texans get an early start
 in life.
 Take for instance, heads of
 households. They may not be old
 enough to legally drive a car,
 but in 1950 there were 230 boys
 and 60 girls between the ages
 of 10 and 14 who were the heads
 of their own households.
 And among the 14-year-olds,
 there were 300 married men, an-
 other 100 who were widowed and
 another 65 divorced. Among 14-
 year-old girls, there were 625
 married, another 25 widowed and
 another 30 divorced.
 That represents a sharp rise
 into matrimonial ventures over
 1940 when there were only 84
 married, three widowed and two
 divorced boys among the 14-
 year-olds. The 1940 census show-
 ed only 331 married 14-year-old

girls, 12 widowed and five di-
 vorced.
 Other Texans live a long time.
 There were 435 Texans 100 years
 or more in age in the last cen-
 sus.
 In between were lots of Tex-
 ans—a total of 7,685,665 in fact
 —in assorted shapes, sizes, sexes,
 and colors.
 And they live all over Texas
 but mostly they are city-dwellers.
 More than half—4,817,550—live
 in urban areas, towns and cities
 of more than 2,500 population. Another
 1,578,635 are rural nonfarm,
 which means they live in small
 towns or out in the country but
 don't do any farming, and only
 1,289,480 are considered rural
 farms.

Public school officials already
 know this, but the biggest age
 group in the state are those six
 years old who are getting ready
 to start school this fall. Back
 in 1950 when the census was tak-
 en it was the three-year-olds—
 now the six-year-olds—from the
 bumper baby crop of the post-
 war era that constituted the
 largest single age group—122,
 435 of them.
 The median age of all Texans
 is 27.9 years. But for urban areas
 it's 28.1, for the rural nonfarm
 areas 26.5, and 28.6 for the rural
 farm.
 Dallas folks are the oldest of
 the big city dwellers with a me-
 dian age of 31 years. At Fort
 Worth it's 30 years, at Houston
 29.3 and in San Antonio 27.2.

The Greatest Gasoline Development in 31 Years

New Conoco Super Gasoline

with TCP*

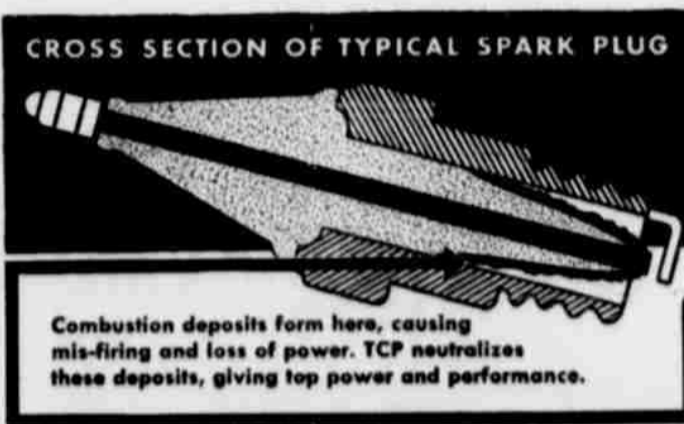

Boosts power as much as 15%! Increases spark-plug life up to 150%! Gives you extra gas mileage, too!

Here's the most revolutionary advance in motor
 fuels since the introduction of tetraethyl lead in
 1922—new Conoco Super Gasoline with TCP,
 brought to you by special arrangement with
 Shell Oil Company. TCP is Shell's trademark for
 the remarkable additive originally developed for
 aviation fuels.

Now you can actually enjoy the benefits of an
 engine tune-up—just by changing to new Conoco
 Super Gasoline. Chances are, by the time you've
 finished your second tankful, you'll feel the increase
 in power. And you'll keep that extra power just as
 long as you use Conoco Super.

For Conoco Super with TCP is a new kind of gaso-
 line. It overcomes the greatest single cause of
 power loss affecting most of the cars on the road
 today. Now, you can enjoy all the power that was
 built into your car.

**Why you need
 Conoco Super Gasoline with TCP**
 In the average automobile, the by-products of fuel
 combustion constantly build up deposits on spark
 plugs and in combustion chambers. These deposits
 can "cheat" you of power in two ways. First, they
 actually short-circuit your spark plugs. This causes
 mis-firing. Second, deposits in the combustion cham-
 ber get red hot and cause the fuel to ignite before
 it should. This is called pre-ignition or "wild ping."
 The effect of fouled spark plugs and pre-ignition is
 a loss in power and a waste of gasoline.

How TCP works
 TCP is a special chemical additive which is added
 to Conoco Super Gasoline. It was specifically de-
 veloped to overcome the loss of power and fuel
 caused by combustion deposits. TCP neutralizes
 harmful deposits on spark plugs—your plugs spark
 as they should. It prevents deposits in the combus-
 tion chambers from causing pre-ignition—"wild
 ping" is controlled. Thus, every time you fill up
 with new Conoco Super, it's like getting your spark
 plugs cleaned and your engine tuned-up.
TCP helps your car, whether new or old
 If you are driving a new car, with a high-compres-
 sion engine, you need Conoco Super Gasoline to
 keep your car delivering all the power that was
 built into it. It will actually increase spark-plug

life up to 150%. If you drive an older car, with tens
 of thousands of miles on the speedometer, Conoco
 Super can restore much of the "new car" perform-
 ance and power you've been missing.

Yes, a great new era in motoring is here for you:
 Drive into your Conoco station today and fill your
 tank with new Conoco Super Gasoline with TCP!
 You'll feel the difference by the second tankful!

Questions and answers about New Conoco Super Gasoline with TCP

- Q. What is TCP?**
Answer. It is a cresyl compound, originally devel-
 oped for aviation gasoline and used with great
 success in both military and commercial aircraft.
- Q. Has TCP been tested?**
Answer. Yes, for millions of miles, in all kinds of
 cars, under all kinds of driving conditions.
- Q. What does TCP do?**
Answer. It overcomes the power loss caused by
 deposits on spark plugs and in combustion chambers.
- Q. What does TCP do for new cars?**
Answer. It helps them keep their original power.
- Q. What does it do for older cars?**
Answer. It's like cleaning your spark plugs and
 getting a motor tune-up. You'll get back much of
 the power you're now missing.

Granddaughter Able To Leave Hospital

Mr. and Mrs. J. P. Manly have received word that their granddaughter, Kathryn Luce, returned to her home in Vernon Friday after spending two weeks in Wichita General Hospital suffering from bulbar and spinal polio.

The seventeen year old daughter of Mr. and Mrs. Steve Luce, is partially paralyzed in the left side of her throat, left leg and left arm. She will return to the hospital twice weekly for therapy treatments.

Kathryn was to have entered her senior year in high school last week but will be unable to attend for awhile.

telescope head. Jane Stephenson, faculty sponsor, is busy as a beaver helping the squad get squared away for their first performance on the home field . . . Raymond Redman, Conoco agent, and all the fellows who sell Conoco gasoline are really up-in-the-air over Conoco's new gasoline that goes on sale all over the nation this week. 't is the biggest improvement in gasoline in 31 years, Raymond says. We're going to drive the wagon into one of the Conoco stations here and fill'er up with the new TCP stuff that will, according to all the fellows, give more power and mileage to any car, and believe me, the Dispatch wagon really needs a shot in the engine . . . While picking up peas and beans and stuff at Piggly Wiggly we enjoyed the tale Mrs. Carl Cederholm told about Carl's sister, Mrs. Arthur Roland, who was here recently with her husband from Kansas. Seems as though the Cederholms were taking the visitors for a ride on the plains and were showing them a cotton field in bloom, Carl's 60-year-old sister was so excited over seeing her FIRST cotton that she had to have a stalk to take back to Kansas with her . . . Seeing mothers and other members of families taking band suits to the cleaners, makes us realize that the rah, rah, rah season is here. See all you folks at Ralls come Friday night and hope to hear you holler loud and long for the Antelopes as they give the Jackrabbits of Ralls a wallowing.

FRESHMEN GRID CANDIDATES—Shown here are 14 of the freshmen out for this season's Antelope football squad. Their presence has helped to swell the size of this year's squad to one of the largest in recent years. Front row, left to right, are: Harry Smith, Bill Stephens, Leon Davis, Douglas Payne, Jackie Carpenter, Andy Schmidt, Jerry McCampbell, Noel White, Damon Ethridge. Back row, left to right: Troy Cartmill, Ronnie Kennedy, Mickey Robinson, Ray Gary, Erice Bostic.—(Staff Photo).

rabbits are operating in Class A—one division lower than the Antelopes. They have the advantage of the home field, but we're picking the Antelopes (as we'll continue to do all season long) in a close one.

The O'Donnell Eagles open their season Friday night at home against the Meadow Bronchos, always a tough Class B team. The Eagles, who come to Post Sept. 18 for the Antelopes' first home game, should get off to a winning start against the invading Meadow eleven.

The Sundown Roughnecks, who play Post Sept. 25 on their gridiron, don't have a game until Sept. 18 when they take on the District 6-AA Abernathy Antelopes at Abernathy. The results of that game should provide local fans with some interesting "dope."

The Class A Crosbyton Chieftains, who play here Oct. 2, are facing a tough one Friday night against the District 6-AA Floydada Whirlwinds, picked by some forecasters to finish ahead of Spur in the conference race. Coach Preston Watson's Whirlwinds won't have the team they fielded last season, but they should "breeze" through Crosbyton without much trouble.

The Rotan Yellowhammers, who come here Oct. 9 for what might be termed on "inter-sectional" game, open their season at home Friday night against Lakeview, which eleven isn't expected to give them much trouble in their 1953 debut.

The Abernathy Antelopes, Post's first conference opponent on Oct. 16, have drawn the toughest opening assignment of any District 6-AA team in the Olton Mustangs, who are favored in District 2-AA. The Abernathy eleven has the advantage of its

home field, but we don't believe that's enough for it to overcome the invading Mustangs.

The Tahoka Bulldogs, who play Post on Oct. 23, don't open their season until Sept. 18 when they play host to the Class A Denver City Mustangs, whose favorite pastime every autumn is beating the tar out of Class AA teams. We'll wait until next week for a prediction on this one.

The Slaton Bulldogs, who might be the "dark horse" of District 6-AA, open at home Friday night with Coahoma, against whom they should experience little trouble in starting the campaign on the win side of the ledger. Slaton plays at Post on Oct. 30.

The Spur Bulldogs, east in the favorite's role in the District 6-AA campaign, pry the lid off their 1953 season Friday night at Matador. Coach Sam Hawkes' eleven should win with ease, but probably won't roll up a top-heavy score.

See you Friday night at Ralls!

Community Contest Meeting Is Slated

Miss Jessie Pearce, Garza County home demonstration agent, plans to attend a community improvement meeting in Big Spring on Tuesday, Sept. 15. The meeting will be for the purpose of discussing the community improvement contest being sponsored in Texas by the Farmer-Stockman magazine. Those attending the meeting will include the Texas editor of the magazine, as well as officials of the Texas Extension Service.

Also expected to attend are one or more residents of the Close City community, which is competing this year in the community improvement contest.

Antelope '11' To Open On Ralls Grid Friday Night

Coach V. F. "Bing" Bingham's Post Antelopes will open their 1953 football campaign at Ralls Friday night in a non-conference game against the Class A Jack-rabbits, coached by Herb Pior and Don Leach.

'B' Team To Play Full '53 Schedule

The Post Antelope "B" team will open its 1953 season here Thursday, Sept. 17, against Wilson. It was announced this week by high school officials.

A full schedule has been arranged for this season's reserve eleven. It will be the first time in several years that the Antelope squad has had enough candidates to make a full-fledged "B" team possible.

Assisting Coaches V. F. "Bing" Bingham and Vernon Ray with the "B" squad will be Herbert F. Aduddell.

The complete schedule follows:
Sept. 17—Wilson here
Sept. 21—Slaton here
Sept. 28—Slaton there
Oct. 8—Floydada there
Oct. 15—Floydada here
Oct. 19—Spur here
Oct. 24—Abernathy there
Oct. 26—Spur there
Nov. 14—Abernathy here

In addition to gunning for a season-opener victory, the Antelopes will be out to avenge an 18-13 defeat handed them last year by the Ralls' eleven. If Bingham starts the line-up he listed Tuesday as "probable," it will average 153½ pounds—162 pounds in the line and 144 pounds in the backfield. The starting line-up listed as "probable" by the coach has Nolan Williams, 145, and J. C. Shedd, 135, at ends; Bobby Cowdrey, 180, and Billy Steeks, 180, at tackles; Bowen Stephens, 145, and Fred Long, 210, at guards; Junior Smith, 140, at center; Moody Graham, 130, quarterback; Charles Chandler, 140, and Tommy Malout, 155, halfbacks; and Darrell "Hoto" Bruton, 150, fullback.

The coach indicated that the above line-up is altogether tentative, and said that the time remaining between Tuesday afternoon and Friday night might see a change at practically every position.

During the past several days—ever since Sept. 1—this year's Antelope squad has been put through strenuous practice paces by Bingham and Line Coach Vernon Ray. Monday night, they scrimmaged the New Deal eleven, showing up fairly well on defense, but appearing ragged on offense. But for two or three lapses, the Antelopes turned in a good defensive performance. Those lapses, however, enabled New Deal backs to eat up yards of ground, including a 60-yard touchdown gallop.

Bingham reported Tuesday that the squad is in good shape physically for Friday night's opening game. The traveling squad is expected to number around 40 players.

Ralls, which has 14 lettermen back from a 1952 team which finished second to strong Abernathy in District 3-A, is anticipating one of its best seasons in recent years.

Of the 14 returning lettermen, three played regularly last season. They are Billy and Delton Campbell backs, and A. J. Langdon, tackle.

Two promising quarterbacks head a list of 16 other candidates, most of them out for the first time. James Sherbert, a sophomore passer, seems the best candidate for the signal barking position, but Larry Moses has been supplying a lot of pressure for the spot.

Ralls will run from the regular T and split T.

A large number of Antelope fans, including the high school band and pep squad, will accompany the coaches and squad to Ralls for the season opener.

DRIVE IT! PRICE IT!
Then Compare The Deal!

Even a picture tells you a great deal about Pontiac's beauty, its long lines and substantial feel. But the best way to appreciate what makes Pontiac such a great value is to get behind the wheel and drive it. Then you'll know you have a real performer in hand. Pontiac always responds with eager, ready-to-go high-compression power—more than any highway will ever require. For all normal driving, the engine can loaf—one reason why Pontiac leads such a dependably long life. There's a great deal more to the Pontiac story: ease of handling, beautiful Dual-Streak styling, roominess, comfort and luxury. And there is Pontiac's PRICE—actually just a few dollars above the very lowest-priced field! So come in now and drive Pontiac, price Pontiac, compare Pontiac! We're confident that you'll quickly agree that Pontiac is your best deal!

Conoco Launches Big Ad Campaign

HOUSTON (Sp.)—A million-dollar advertising campaign to introduce Continental Oil Company's new Conoco Super gasoline with TCP, described as "the biggest improvement in gasoline in 31 years," is being launched this week as Conoco's new premium fuel goes on sale at 8,500 Conoco service stations and other outlets in 23 states.

TCP, the additive that gives car engines more power and greater fuel mileage, is being added to Conoco's new gasoline by special arrangement with Shell Oil Company, it was revealed by Harry J. Kennedy, vice president in charge of marketing.

"As usual, newspapers are carrying the heaviest load in Continental's intensified advertising campaign to help launch our new Conoco Super gasoline," Mr. Kennedy said. Conoco is using ads in more than 1,000 weekly and daily newspapers with a combined circulation of 11,500,000.

Why just look and sigh—and pass up so much real automobile?

Why—when this big and beautiful new Buick SPECIAL delivers for a figure you'd pay for a "six"?

Could be you're one of those folks who still don't believe that the price of a Buick really is just a few dollars more than that of the so-called "low-priced" cars.

So we'll show you the price tag to prove it.

But beyond that—what you get in this great Buick, for so small a step-up in what you pay, is plenty.

More power. Fireball 8 power. The highest horsepower and compression ratio ever placed in a Buick SPECIAL.

More room. Real six-passenger room—even by man-size measurement.

More comfort. The solid comfort of Buick's Million Dollar Ride—with coil-spring cushioning on all four wheels, wide-tread stability, torque-tube steadiness.

More pleasure. The pleasure of high visibility, of luxurious fabrics and fittings, of superbly easy handling—and the deep satisfaction of bossing a big and able and stunningly styled automobile that does you proud wherever you go.

Why not drop in on us and see things for yourself?

That way you'll also learn about the long list of "extras" you get at no extra cost in this spirited new 1953 Buick SPECIAL—things that most other cars of similar price charge for as extras. Can you make it this week?

County To Be Represented At THDA Meeting In Galveston

At least three Garza County women will attend the annual convention of the Texas Home Demonstration Association at Galveston on Sept. 30 and Oct. 1 and 2. Miss Jessie Pearce, county home demonstration agent, announced this week.

Representing Garza County at the convention will be Mrs. Lonnie Peel of Close City, who is county THDA chairman; Mrs. James Stone of Graham, THDA chairman-elect, and Mrs. Robert Mock of Pleasant Valley, delegate. Alternate delegates are Mrs. Henschel Bevers and Mrs. Hardie Smith, both of Pleasant Valley.

Design, discussion and demonstration make up the three-dimensional approach to this year's convention. According to Bonnie Cox, acting state home demonstration leader for the Texas Agricultural Extension Service and adviser to the Association, the convention is planned by the women themselves to assist in carrying out their program of work.

The convention has been designed or planned by the officers and committee chairmen as a framework for the constructive discussion and demonstrations in each of the five fields of committee activities. Three elected delegates from each county, return to share with the clubs the inspiration, information and recommendations for the new year's plan of work.

Miss Cox says there are more than 44,000 members of 3,000 home demonstration clubs in the state, and each is a member of the Association. Its objective is to "serve as a cooperative and coordinating agency for the state-wide activities of home demonstration clubs as a medium for expressing the desires and interests of rural women and as a means of cooperating with other organizations of similar interests."

The Association was first organized in 1926 at Texas A. and M. College, to train women attending the annual short course, in parliamentary procedure and to give a scholarship to a 4-H club girl. Since then the Association has awarded college scholarships to 29 club girls, and assisted with 4-H activities by contributing \$100 annually to each of the Extension districts.

During the convention, Galveston county clubs will be hosts, entertaining for tea at Dickinson, Sept. 30, and again during the dinner, Oct. 2. Mrs. H. B. Burton, Pasadena, is vice-president in charge. Mrs. Charles L. Vance, Texas City, and Mrs. Fred Junneman, La Marque, head the arrangements and hospitality committees. Speakers include Mena Hogan, field agent, Southern Region, Extension service, Washington, D. C.; Iris Davenport, women's editor, Farm and Ranch, Nashville, Tennessee; and Mrs. R. M. Almarode, Munday, Texas.

"Traveling demonstrations" of committee work will be presented Oct. 1, at program workshops by Mrs. Vaughn D. Bailey, Agua Dulce, chairman of legislative

committee; Mrs. Thomas Echols, Paris, chairman of education committee; Mrs. M. B. Sparks, Alvarado, chairman of 4-H committee; Mrs. Maynard Gaines, Coleman, chairman of recreation committee; and Mrs. Ennis Clayton, Dalhart, chairman of marketing committee.

Officers for the association are: Mrs. B. M. Harris, Plainview, president; Mrs. John Golightly, III, vice-president; Mrs. R. C. Wood, Port Lavaca, secretary; and Mrs. H. C. Slife, Lake Jackson, treasurer. Mrs. G. W. Ferguson, Temple, is editor and chairman of publicity.

NEW C. OF C. DIRECTOR—R. J. Jennings, manager of Postex Mills, Inc., recently was named to the board of directors of the Post Chamber of Commerce. He replaces O. G. Murphy, whom he also succeeded as mill manager a few months ago. Jennings is shown here in his office at the mill.—(Staff Photo).

Heavy Damage Is Averted In Fire

Damage estimated at from \$350 to \$450 resulted at 3 o'clock Saturday morning from an oil fire on the Fred Robinson Unit, a Brown Bros. Oil Co. lease, one-fourth mile north of Post.

Contraction of a flow line, which caused pipe to pull loose and oil spill over the ground, was blamed for the fire by company officials here. The fumes became ignited from a heater.

All except one of the 12 wells on the lease were shut off and a slight amount of gas was allowed to go through until the blaze burned itself out. The Post Volunteer Fire Department answered the alarm and assisted in controlling the fire and keeping it from spreading.

A motor, chemical pump, one barrel of chemical and several valves and fittings were lost in the blaze, according to E. R. Moreland, local manager for the oil company.

"We were fortunate in holding the damage as low as we did," said Moreland. "It might easily have amounted to from \$12,000 to \$15,000."

Weekend guests of Mr. and Mrs. Otis Goode were his brother and family, Mr. and Mrs. Eddie Goode and children, of McKinney.

New Front Going In At Herring's

Remodeling work now under way at the front of Herring's Department Store, 105 Main, will result in a completely new all-metal and all-glass front, according to Chas. Herring, owner and manager.

The glass show windows are being re-set in the new front, and the doors will be of solid glass. The rest of the front will be of gray-colored aluminum, with no wood or brick visible to the eye. Above the entrance will be a new sign, "Herring's," which will have metal letters and neon lighting.

Herring said the firm installing the new front had told him his would be the first of its type in this part of the country.

Installation of the new front is expected to be completed by the end of this week or the first of next week.

Rodeo Places Won By Post Performers

Delwin Fluit of Post finished second Saturday night in the kid's pony race finals at the first annual Lubbock Junior Rodeo.

Winning first place in the event was Jerry Harlan of Slaton, who finished second to young Fluit at the Southwestern Championship Junior Rodeo here in August.

Jack Kirkpatrick of Post was third place average winner in calf roping.

Champions for the three-night show were: Joe Collier, Wichita Falls, bareback bronc riding; Bill Craddock, Fort Sumner, N. M., calf roping; D'Aun Young, Lovington, N. M., girl's barrel race; Mel Potter, Tucson, Ariz., calf belting; and Truman Swallows, Olton, bull riding.

All-around cowboy was Craddock, and all-around cowgirl, Miss Young.

Alvin G. Davis of Post and Brownfield was rodeo announcer.

Mr. and Mrs. Claude Miller and daughter of Lubbock visited her father, J. A. Meeks, and Mrs. Meeks Sunday. Other guests in the Meeks home for the weekend were his sisters, Mrs. Jane Lester of Knox City and Mrs. Alice Barnes of Merkel.

BITS-OF-NEWS

Visiting in the home of Mr. and Mrs. Lucy Richardson for the past few days were his brother-in-law and sister, Mr. and Mrs. John Miller, of Grandfield, Okla. Other Sunday guests were Mr. and Mrs. L. J. Richardson and Becky and Mike of Brownfield and Mr. and Mrs. Floy Richardson and Don and Danny.

Weekend guests in the homes of Mr. and Mrs. Paul Duren and Mrs. Lola Hays were Mr. and Mrs. David Schultz and Elizabeth and Marianne and Mrs. Hettie Mae Robinson of Dallas and Mr. and Mrs. Paul Duren of Carlsbad, N. M.

Sunday night guests of Mr. and Mrs. Tom Williams and daughters were his mother, Mrs. Clara Williams, his sisters, Mrs. Ernest Hughes and children and Mrs. Bob Oakley, and a sister-in-law, Mrs. Jack Williams, and sons of Amarillo.

Miss Jane Stephenson had as her weekend guest her mother of Abilene.

Sunday visitors in the home of Mrs. John Miller were Mr. and Mrs. Claude Miller and daughter and Mr. and Mrs. Robert Miller and son of Lubbock.

Mr. and Mrs. Russell Orr and son of Hobbs, N. M., visited their parents, the W. C. Orrs and Hardy Parkers, over the weekend. The Parkers went home with them for a brief visit.
