

**Postings**

By JIM CORNISH

There were lots of sighs of relief around town this week. The evaluation of all properties in the city and school district came off remarkably few late Fourth of July fireworks. Not everybody is satisfied of course but fewer are protesting and most of those who did came away feeling they were getting an equal shake. The bigger one. And then the insurance adjusters hit town to adjust the hail damage claims. Most farmers at first with suspicion they thought the damage was what they were surprised at. But in almost all cases the adjusters agreed with them. The farmers and insurance men here happy. From the looks of the hail-hit crops this week, the damage wasn't as bad as originally anticipated. A lot of the wiped out crops has been replanted and with a fair chance to give a crop, given a break in the weather.

Good news is the announcement that Dr. Bob Williams is going back to Post to resume his interrupted new medical practice. Dr. Bob was grief-stricken when his wife died shortly after giving birth to their second. We haven't had a chance to see Dr. Bob since he made his return, but the way we hear it that the parents of his new baby are glad to have him back in his office about July 21.

What we've heard about telephone problems is that it's simply can't afford to gossip about their problems via telephone anymore. It's too often happens that friends are cut in on their conversations about this and that, and her.

The primary July 26 draw was this was "candidate" in Post. A lot of the candidates in either coats or long-sleeve ties were going up and down Main street shaking hands and asking for your support. One of the county commissioners caught up hawking the deep weeds by the other night. When he heard for our support, we countered, handed him a rake, and him for his. At yet the signs on all fronts is pretty but it is due to pick up. See the candidates tell us about out of cards already POSTINGS—See Page 8)

**Legionnaires elect Vukad**

Nick Vukad was elected commander of James C. Cole Post, 270 of the American Legion Thursday night at the annual Independence Day dinner. Vukad succeeds Elton Lee Gerner who was elected vice commander. V. L. (Punk) and Bill Woods was named re-elected were O. L. Winkley, service officer, and Stanley, sergeant-at-large. Legionnaires attended barbecue supper.

**Curriculum changes made**

**Two new classrooms to be constructed here**

Supt. Smith explained that additional classrooms will be necessary in September to put into effect the new curriculum enrichment program. The temporary classrooms probably will be located between the high school building and the gymnasium. The trustees will meet later to let the contract.

**THE HIGH SCHOOL enrichment program will go into effect with the new school term.** Supt. Smith explained that the high school will offer two types of curriculum to students but only one diploma.

One curriculum will be vocational and commercial curriculum and the other a college preparatory one.

Students and their parents will choose which route the students wish to go at the beginning of their junior year.

The youngster will enter camp July 13 and leave for home again July 26.

**(CLASSROOMS—See Page 8)**

**BURGLARS MAKE BIG MESS**

Burglars didn't carry away much loot, but they did an estimated \$1,000 damage to this safe and other office furnishings in a July 4th break-in at Dowe H. Mayfield Co., Inc. In the lower left hand corner is the door of the safe, and

the marks of an acetylene torch are visible on the side of the safe. The desk at the top of the picture was badly damaged in a pry-in attempt.—(Photo by Cal and Rose Casteel Photographic Arts)

**The Post Dispatch**

Thirty-Second Year

Post, Garza County, Texas, Thursday, July 10, 1958

Number 6

**Hail insurance claims will amount to over \$100,000**

Garza County's destructive June 23 hailstorm, which blitzed an area of the county's best cotton 11 miles long and nine miles wide, wasn't nearly as damaging as it first appeared, both farmers and insurance adjusting crews were discovering this week.

With crews totaling some 15 in-

urance adjusters here this week to settle the dozens of damage claims from the hail area, one local insurance agent and several of the adjusters estimated the cotton damage to the area hit won't run over 35 per cent.

Another local agent said his claim losses averaged 50 per cent. Originally, insurance men were figuring 45 to 50 per cent cotton damage.

**SOME ADJUSTING is being deferred** to see what the damaged cotton will do—whether it will come out of it, or die.

Insurance men in the fields report most farmers with either total losses or losses ranging from 80 to 90 per cent replanted their cotton and now have good stands.

One insurance man thinks that farmers, depending on the fall season, have a good chance to make a normal yield.

A lot of the damaged cotton also is coming back better than expected. Some of the damaged cotton could make average yields depending on the length of the growing season, one insurance man says.

Estimates by local insurance agents on the total amount of insurance claims which will be paid for the hail damage range all the way from \$100,000 to \$200,000.

Insurance checks will be in the mail within a week or ten days, farmers with claims were told.

**MOST FARMERS** were well satisfied with the adjusting done on their claims. A few weren't.

Hail losses are reported ranging all the way from 22 per cent to total. About half of the farmers having hail damage to cotton had hail insurance coverage, it is estimated, and 80 per cent of those with insurance were reported under-insured.

Adjusting of the hail damage is expected to be completed by the end of the week.

**Grain warehouse permit issued**

A city building permit for a \$25,000 grain warehouse has been issued to Mike Mitchell and J. K. Veasey.

The steel frame and sheet metal warehouse is to be built on the mill road cutoff on U. S. Highway 84, between Fifth and Sixth streets. It will include an elevator and truck dump and car dump facilities.

Veasey is listed as the owner and Mitchell as the manager of the warehouse.

Other permits issued were as follows:

D. C. Hill Jr., enlarging room and building utility room, putting tar and gravel on garage and porch roofs, \$2,000.

Lanham C. Johnson, residence remodeling, \$200.

**(WAREHOUSE—See Page 8)**

**Lions sponsor child's attendance at camp**

The Post Lions Club is sponsoring Ives Luna, 8-year-old son of Mr. and Mrs. Roby Luna, to a two weeks session of the Lions Crippled Children's camp at Kerrville, Tex.

The youngster will enter camp July 13 and leave for home again July 26.

**(LIONS—See Page 8)**

**Chamber discards present plans for fulltime manager**

Post Chamber of Commerce directors have discarded for this year any plans for employment of a fulltime professionally trained Chamber manager and have revised the organization's \$15,000 1958 budget down to approximately \$9,000.

The new budget will include carrying out of the proposed "Program of Progress" for 1958 with every project still intact.

**THESE ACTIONS and others** came last Wednesday afternoon at a directors' session at which it was reported that a poll of the Chamber membership showed that the suggestion for a professionally trained fulltime manager went down to defeat 36 to 24 with 50.

**(CHAMBER—See Page 8)**

**Funeral rites held for victims of truck collision**

Funeral services for one of two men killed Monday afternoon when their pick-up truck collided head-on with a semi-trailer truck near here were held in Lubbock Wednesday, with rites for the other one scheduled for today at Laredo.

Andrew Jackson Adley, about 50, of Petersburg, was buried in Petersburg Cemetery Wednesday after funeral services at Sanders Funeral Home Chapel in Lubbock.

**THE BODY** of Ruben Herrera, 38, was sent by Hudman Funeral Home to Laredo for funeral services today.

Herrera, a Latin-American laborer, was killed instantly in the crash, which occurred about 5 p. m. on U. S. Highway 84 about three and one-half miles northwest of Post. Adley, a farmer, died en route to Methodist Hospital in Lubbock after receiving treatment at Garza Memorial Hospital.

The deaths marked the year's first traffic fatalities in Garza County.

**SHERIFF CARL Rains** said the pick-up was going southeast toward Post on U. S. 84 when it collided with a semi-truck driven by Charles William Garipey, 45, of Holsington, Kan. Garipey received only a slight hand injury.

Mr. and Mrs. Buster Sweeten said the pick-up had passed them and was going around another automobile when it collided with the big truck.

The Sweetens, who witnessed the crash from about 200 yards away, said they saw a big cloud of dust when the vehicles collided and that it looked as if the semi-truck "just threw the smaller vehicle up in the air."

**THE INVESTIGATING officer** said both vehicles swerved into the borrow ditch at the east side of the road before colliding head-on.

**(TRUCK WRECK—See Page 8)**

**Burglars hit three places on Fourth**

**Firm's safe is wrecked**

Most of the town took a Fourth of July holiday, but the burglars didn't.

Three Post business firms were broken into sometime last Friday night and unsuccessful efforts were made to gain entrance to a fourth.

Little was stolen, but an estimated \$900 to \$1,000 worth of damage was done by burglars at Dowe H. Mayfield, Co., Inc. on West Main, in their efforts to find some money to take.

**BURGLARS ALSO** broke into the Garza Tire store, across-the-corner from Mayfield's, and Lovell's Humble station on North Broadway. It was the third burglary of the service station in the last year.

Apparently the same burglars attempted to break into the Piggly Wiggly Super Market, across the street east of Mayfield's, by prying the hasp off the rear door with a crow bar. But they failed.

**(BURGLARIES—See Page 8)**

Barbara Gary rites held

**PHS student dies in wreck**

Funeral services for Barbara Kay Gary, 17-year-old Post High School senior, who was killed last Thursday when the car she was driving turned over between Leaday and Millersview, in Concho County, were conducted at 3 p. m. Saturday at the Church of the Nazarene.

BARBARA KAY GARY

One of the largest crowds ever to attend a funeral in Post was present to pay its last respects to the popular high school student. Among them were many of her classmates.

The Rev. Cecil Stowe, Nazarene pastor, officiated, assisted by the Rev. J. F. Chatham, former pastor of the Church of God of Prophecy, of which Barbara was a member.

Pallbearers were Ronnie Morris, Jack Morris, Charles Morris, Graydon Howell, Bob Smith and Kenneth Thompson. Barbara's classmates were honorary pallbearers.

Flower girls were Ruth Ann Long, Shirley McBride, Maritta Pennell, Frances Bar-

**(GARY—See Page 8)**

Federal project proposed

**Housing group is named by mayor**

Five commissioners to comprise the Housing Authority for the City of Post were named by Mayor James Minor and the city council in a resolution adopted by the council at its July meeting Monday night.

**Dr. Bob Williams to reopen offices**

Dr. Bob Williams has announced that he will reopen his office here at 615 West Sixth Street, across from Garza Memorial Hospital, on or about July 21.

Dr. Williams has not been engaged in practice since the death of his wife, shortly after he opened offices here earlier this year.

The offices have been kept open by receptionist Ann Porterfield.

Irby Metcalf, president of the First National Bank, was named chairman of the housing commission with a two-year term on the commission.

The other four members are Chant Lee, two year term; Arnold Parrish, two year term; Lee Ward, one year term; and Jim Cornish, one year term.

**NAMING OF the housing commission** clears the way for that commission to proceed with the probable development of a federal housing project for Post.

A group of 50 rental units has been discussed by federal housing.

**(HOUSING—See Page 8)**

**DEATH VEHICLE A TOTAL WRECK**

This is the pick-up truck in which two men were fatally injured when it collided with a semi-trailer truck Monday afternoon, 3 1/2 miles northeast of Post. On the seat is one

of the men's hats and other personal effects. The wreckage from the pick-up was strewn for several hundred feet.

## Chest reports 'mission accomplished'

The financial report Irby Metcalf, president of the Garza County Community Chest, gave Chest board of directors last week was a commendation for the entire community.

Mission accomplished, Irby reported, on raising a \$12,000 budget for nine participating Chest organizations. All nine have been paid off in full for 1958 with a \$1,500 nest egg left in the Chest fund for future needs.

Metcalf himself deserves a great deal of personal credit for that fine showing. He did a good job of organizing the last Chest effort and that organization reached out to many individuals who had not been reached before.

Rube Jennings and the Post Mills should take a bow for supporting the Chest's efforts to reach all mill workers. A payroll deduction plan was set up by the mill so workers could make one Chest contribution and have it taken from

their pay checks at so much per week. The workers response was gratifying.

Rural communities all over Garza County pitched in with real Chest efforts.

Employees were canvassed. Last fall the Chest raised a \$12,000 budget for 1958—a real boost over previous budgets because of good organization and the untiring efforts of many community-spirited individuals. Ira Lee Duckworth as chairman of the advance gifts committees as usual was the wheelhorse in the biggest division of the Chest effort. Ira Lee has handled this assignment with both faithfulness and diligence for many Chest "seasons."

The 1958 report was an outstanding one in every respect and with the momentum obtained in last year's drive, Chest directors can look forward with considerably greater confidence to another good campaign this fall.—JC

## Election interest continues light

There's no doubt about it; this year's political campaign, from the four-man governor's race on down the line, is generating less interest than any other in the memory of political observers in these parts.

Lack of interest in this year's political campaigns are not confined to Garza County. It's statewide. We get exchange newspapers representing every section of Texas, and the story is about the same in all of them—there just isn't much interest in this year's campaigns. Something has taken the spark out of what once was considered the most sure-fire excitement generator in Texas—the July Democratic primary election.

Let's hope this lack of interest doesn't carry over to the polls. In addition to contested races for the U. S. Senate, Governor, Lieutenant Gov-

ernor and other state races, State Senator and State Representative, we have two contested races on the county level and two on the precinct level; also for one precinct chairman on the county Democratic committee.

Whether or not interest in the campaign itself picks up between now and July 26, the date of the first primary election, every qualified voter should see to it that the general lack of interest is not reflected in the voting turn-out.

Political service to our country is as important for our Democracy as military or religious or educational service, and that goes for the voter as well as for the candidate. None of us should ever regret any sacrifice that it may cause us.—CD

## C. of C. merits community support

The Chamber of Commerce directors are now busy reassessing that civic organization's financial position halfway through the 1958 club year.

Probably the Chamber hasn't been tooting its own horn loud enough to date, but several points need to be made and emphasized to rally the support of the membership behind the present board with dues checks.

First, the Chamber directors are sticking to the well-advertised "Program of Progress" for 1958 which they inherited from the previous officers and board.

They have carried out each of the projects outlined in the 1958 budget, including the very successful promotion of a Garza County Cotton Week.

The directors intend, just as they are financially able, to continue to carry out the projects proposed in the 1958 budget.

The \$15,000 Chamber budget for 1958, calling for employment of a full-time professionally trained Chamber manager, was never completely subscribed. The \$12,000 pledged has shrunk to a possible \$9,000.

In a currently conducted poll the membership showed little interest in employing a professional Chamber manager. Not only was the proposal beaten but almost half of the membership didn't even bother to vote.

The aim of the directors today is to successfully complete the outlined action program for the remainder of the year and finish with a cash balance they didn't inherit to start off the next Chamber year.

Then, if the members want a fulltime Chamber manager and want to pay the bill, the organization will be better financially able to employ one.

The directors are asking for the continued support of the membership in carrying out the big 1958 program—and they mean financial support as well as vocal.

The Chamber of Commerce is an essential organization to the community and merits all the support we can muster for it. Those who want a fulltime manager can continue to work in that direction, but in the meantime these members should actively support the Chamber and its immediate goals.—JC

## Farm safety week is July 20-26

There's one coming event which every farm family in Garza County should welcome with enthusiasm. It's Farm Safety Week, to be observed during the July 20-26 period.

Farmers face all the common hazards of modern living. In addition, in the pursuit of their calling, they encounter special accident hazards all their own.

For example, take tractors and other mechanized farm equipment. These machines are absolutely essential to successful modern farming. The machinery engineers never lose sight of the safety factor. New safety devices are incorporated in the designs as soon as they are proven. Careful instructions concerning safe operations are issued. But all the precautions on earth will do no good if the users violate common-sense rules.

Youngsters are permitted to operate machines—and every so often a tragic and totally un-

necessary death or maiming results. Farmers drive unlighted or inadequately lighted equipment on public roads at night—and the immutable law of averages says that this practice must end in disaster at frequent intervals.

Mechanically minded farmers sometimes get ideas for making changes in their equipment, or in adding accessories of their own design and construction. More often than not, this creates new dangers to the operator. It's a rare farmer indeed who has the engineering knowledge, the skill, and the facilities to improve on what the factory has done.

During Farm Safety Week, authorities will deal with all manner of farm hazards and show how they can be eliminated or minimized. It's an opportunity that agricultural America can't afford to miss.—CD

## Let's keep thinking about the park

The north side of the city-county park, where the swimming pool is located, is catching most of the summer's recreational activity here, but there's a smattering of picnicking going on down toward the lake, and completion of the 4-H building, south of the lake, isn't too far away.

These things are brought to mind by Governor Daniel's proclamation of State Parks Week

for July 14-20. While our city-county park is still a long ways from ranking with any of the state parks, there's an ambitious development program afoot and it shouldn't be too many years before we have a park of which to be proud.

Meanwhile, local residents are reminded that there are a few picnic facilities at the park when they feel the urge for an outing.—CD

## What our contemporaries are saying

From time to time, somebody wails, "But nobody reads the Slatonite." Just who is this typical nobody? Surely not the people who called last week to point out to us that we had placed the name of Candidate Allen Muerer under the office of County Treasurer instead of Constable. Every week some person fails to get their Slatonite, and it doesn't take long until we hear about it. Are they indignant because they didn't intend to read it anyway?—The Slaton Slatonite.

Some person said the goodness of reason has no temples in the realm of politics. But the nearest approach to reason in the game is to accept the verdict of the majority as right and do it gracefully. Often the majority is wrong and finds out that it is wrong. The next time they can remedy matters, but meanwhile the voice of the people has been heard. Those who lose in politics always can live to fight another day, and may win when that time comes.—The Floyd County Hesperian.

When I am given to anoint my spirit with self-pity and draw curtains across the windows of optimism, revolt begins spreading in my heart. A thousand pleasures return from the roads of yesterday and I am made to admit whatever my share in life, it has always been more than I deserve.—Matador Tribune.

The reason why some people get lost in thought is because it is unfamiliar territory to them.—Lock Haven (Pa.) Express.

They've finally found a real opportunist—a fellow over 80 that just got married and wants a house "near a school."—Pierce County (Wis.) Herald.

We heard that Lawrence Welk, currently one of the nation's leading orchestras, once played a dance in Matador, and that the dance ensemble he once played in Lubbock drew so few people that he had to borrow money to get to his next engagement.—Abernathy Weekly Review.

## THURSDAY to THURSDAY...

By CHARLES DIDWAY

GOAT MAYO'S announcement at Stamford last weekend that he is quitting the rodeo business at the end of the current season comes as a surprise to most rodeo fans. The Petrolia man's announcement that he is quitting the business came after he had just finished directing his 19th consecutive rodeo in Stamford.

Goat has furnished the stock for the Post Stampede Rodeo almost as long, and until Morris Stephens of Silverton took over a year or two ago, had been bringing in bucking and roping stock for the Southwestern Championships Junior Rodeo.

MAYO SAID he planned to place his entire rodeo string on the market at the conclusion of his last 1958 rodeo, which will be at Henrietta in September. "I hope next year to attend some of the rodeos as a spectator," he said.

Mayo, who runs a number of cattle on his ranch at Petrolia, said he planned to quit the rodeo business and devote his entire time to running his cattle business. He said he had around 100 head of bucking horses and 100 head of bucking and roping steers, bulls and calves.

THE PETROLIA rodeo producer is booked up solid for the next seven weeks and after that he has an open week and then his stock will be working each week until the end of the season at Henrietta.

Mayo said the most rodeos in one year for which he supplied stock was 31. "That was entirely too many," he added. "Recently I've been doing around 20 to 25 rodeos a year."

TO REALLY HAVE good bucking stock, a rodeo producer needs to operate much like major league baseball clubs. He's got to have scouts around looking out for good bucking horses and steers. Each of the six broncs used in the finals of the saddle bronc riding event at Stamford Friday night were brand new mounts that Mayo picked up a couple of weeks ago in South Dakota.

Some of the bucking stock in Mayo's string are well known to cowboys and rodeo goes in Post and elsewhere over the area. For example one of the saddle broncs named Roby (Jimmy Moore rode him in the Stamford show) has been bucking for Mayo for nine or ten years.

"I BOUGHT THAT horse," Mayo said, "from Mr. Stuart over at Roby about ten years ago and I've been bucking him ever since. He's one of the best horses I've owned since getting into the rodeo business. I have another horse, Black Bottom, that I've had almost as long. He's still a good horse, too."

Other rodeos in the area for which stock will be supplied by Mayo include the first annual Fisher County Junior Rodeo at Rotan this weekend, and the annual Scurry County Rodeo at Snyder July 16, 17 and 18.

POST RODEO performers and the Miller horses from Fluvanna made good showings at last week's Stamford show. Riley Miller won third place in calf roping with a total of 45.7 seconds on three calves. In the Quarter Horse judging, Roan Bar, owned by Clyde Miller, won first place in the 1955 stallion class.

Buck Craft turned in a time of 22.3 seconds to win first place in the double mugging event Friday afternoon, and R. E. Josey was barely nudged by Martin Fryar for first place in the second ground calf roping. Fryar's time was 18 seconds flat, while R. E. came up with a time of 18.4.

JIMMY MOORE, making an outstanding ride on Roby, was one of five saddle bronc riders staying atop their mounts in the Friday afternoon performance. Jimmy also came back in the bareback bronc riding with a fine ride on Muddy Water, and Bernie Welch was one of the bull riders turning in outstanding rides Friday afternoon, which was a typical Fourth of July afternoon West Texas Style.

Also representing Post (and Snyder) at the Stamford attraction was Novis Rodgers, who along with Jim Calhoun of Cresson judged the Quarter Horse Show.

ALL THIS RODEO reporting makes us plim anxious for the Junior Rodeo coming up here early next month!

An Italian Governmental banking agency has made five loans totaling \$28,000,000 to aid the program to boost living standards in southern Italy.

Eire is spending well beyond its means, the last budget report in Dublin showed, according to critics of the government.

Austria has extended its milk control law, Vienna reports.

## Remembering yesteryears

### Five Years Ago

Last rites for C. M. Voss Sr., were conducted at 10 o'clock yesterday morning at the First Methodist Church with the Rev. Charles Gates, pastor and the Rev. J. E. Stephens officiating; dates of the Garza County Fair have been set up a week to Friday and Saturday, Sept. 11 and 12; revision of the economic index recently by the State Board of Education will cost Garza County \$4,972, according to reports from Austin; Miss Leona Stone and Randall Laurence were married in the Church of Christ Sunday afternoon; 14 members of the young people's department of the First Baptist Sunday School enjoyed a wiener roast on the school lawn Tuesday evening; Mrs. J. A. Propst was hostess for a meeting of the Graham Thursday Club last week; operators have spotted a location for a wildcat to test the Clear Fork in the northwestern portion of Garza County; Jimmy Bird of Post, with a time of 29.7 seconds, won second in the best average calf roping at the O'Donnell Rodeo; Ford Shropshire, former minister of the Post Church of Christ, and his family will leave this month for Del Rio, where he has accepted the ministry of a Church of Christ; Dink Taylor, Post Wood Bee outfielder, received a severe cut on his leg when spiked while sliding into second base in Sunday afternoon's baseball game between the Wood Bees and the Lubbock Boosters.

### Ten Years Ago

The Rev. Joe Norton, who has served as pastor of the Church of the Nazarene the past three years, has submitted his resignation and is planning to leave here about the middle of August; at least three forged checks were cashed by Post stores during the past week; Justice of Peace Jim King said yesterday; the Garza County Roping Club announced yesterday

that a match has been booked with the Crosby County Calf Ropers for next Thursday night; Mr. and Mrs. Glenn Davis celebrated their 31st wedding anniversary Thursday night with an ice cream party; D. L. Brown will drive the Verbena school bus next term; Post received 1.98 inches of rain last Sunday afternoon; Mmes. James Stone, Albert Stone and Albert McBride were hostesses for a layette shower honoring Mrs. Donald Windham in the James Stone home Wednesday afternoon; Stanley Bengo spent the weekend in Dallas; 51 members of the Meeks and Head families met in Mackenzie State Park in Lubbock Monday for their first family reunion; the Rev. A. T. Nixon, pastor of the Southland Baptist Church has resigned because of his health; the teacher shortage is not as acute as it was last year, in Garza County at least.

### Fifteen Years Ago

Mayor Walter Hyde is issuing an order this week that all persons must refrain from jumping on the fire truck; Carleton P. Webb will open a law office here the first of next week; many producers have requested information regarding the closing date for the redemption of 1941 and 1942 cotton loan notes; Scurry County's seventh annual rodeo set a new record in attendance and a large group from Post and this county attended performances of the four-day affair; Claude Miller, son of Mr. and Mrs. J. O. Miller, is now assigned to a new cruiser and is somewhere in the Atlantic; Merl Shelnuitt, son of Mr. and Mrs. J. T. Shelnuitt was recently promoted to the rank of master sergeant at the Pyote Air Base; Mrs. L. S. Turner and daughter, Jane Ann, returned Friday from a week's visit with relatives in Houston; little Janis Marie Caffey celebrated her first birthday, July 7, with a party in Templeton, Calif.

House candidate speaker Tuesday at Rotary meet

Rep. Robert R. Patterson of Snyder, who is a candidate in the July primary for state senator from this district, spoke before Rotarians at their Tuesday luncheon on the nine state constitutional amendments on which voters will make decision at the November election.

Patterson termed the most controversial one of the nine the one which provides for state funds to advertise the advantages of Texas as many other states now are doing in national magazines.

He pointed out one of the amendments will provide for the establishment of a retirement system for county employees similar to the one now established for state employees.

One of the nine amendments is for the benefit of Lubbock which is operating under four year terms for city commissioners whereas state requirements now authorize only two year terms. Many bond issues which have been sold under authorization of the four year commissioners would be in legal jeopardy technically unless the four year terms for city officials are authorized.

Patterson spoke in favor of the annual legislative session and the salary increases for legislators to enable them to devote virtually full time to lawmaking and the study of state needs.

Surman Young was included in the Rotary club as a new member.

Johnson funeral rites pending

Complete funeral arrangements were pending this morning for a Negro man, Louis Johnson, 76, who died in the Garza Memorial Hospital Wednesday night.

Mr. Johnson was born July 3, 1883, and has lived in Post for the past eight years. He was a deacon of the Pleasant Home Baptist Church.

The funeral services are to be held at the Pleasant Home Baptist Church but the time is pending. Hudman Funeral Home is in charge of the services.

He is survived by his wife, Nora Johnson, six sons, Melzie, Eddie, Louis, Ernest, Tommy and Bob all of Post, and two daughters, Zora Mae Thorton and Nora Mae Cartier.

Gospel meeting begins July 18

Bro. Lester Hathaway of Mobeetie, Tex., will be the speaker at a gospel meeting beginning Friday, July 18, at the Church of Christ located at 115 West 14th Street in Post.

The meeting will continue through Sunday, July 27, with services at 7:30 each night and at 10:30 each Sunday morning.

Everyone is cordially invited to hear Bro. Lester Hathaway, who conducts gospel meetings throughout a wide area, and who also spends much time in debate on the saving Gospel.

Rodeo meeting to be held Tuesday night

The Post Junior Rodeo Association met Wednesday night to discuss plans for its annual rodeo scheduled for Aug. 6-9.

Leon Miller resigned as secretary of the association and plans were made for a meeting to be held Tuesday night, July 15, to elect a new secretary and the committee.

Cards will not be sent out to the members but all are urged to be present for the Tuesday night meeting at the courthouse at 8 o'clock.

GUESTS OF SISTER Mr. and Mrs. Floyd Hodges and children visited with her sister and family, Mr. and Mrs. Slim Barrett, in Albany last weekend.

Business Opportunities

BUSINESS OPPORTUNITY Local area Man or Lady wanted to service and collect from coin-operated dispensing equipment. 4 to 9 hours weekly earns operator up to \$200 monthly. No age limit or selling but must have car, references and \$800 working capital. For interview give personal particulars, phone number, Write Box 4873, Dallas 4, Texas. 1tp (7-10)

Mrs. Ralph Dean, medical; Lewis Johnson, medical; Mrs. Ruth Askins, medical; Mrs. Madge Webb, medical; Mrs. Odessa Cummings, medical.

Dismissed Mercedes Garza; Joyce Ann Corley; Mrs. Audrey Johnston; Mrs. W. W. Guthrie; Jose Vasquez; Mrs. Ralph Dean; Mrs. Ruth Askins.

Guilty pleas bring prison sentences

Two pleas of guilty to burglary charges brought prison sentences of two and three and a half years in district court here Monday.

District Judge Louis B. Reed sentenced Buren Curb to two years and Cleveland Waters to three and a half years.

Albert D. Moore was given a four-year probated sentence on a plea of guilty to conversion by baillee over value of \$50.

Curb pleaded guilty to breaking into Wilson Bros. Service Station May 5.

Waters entered a plea of guilty to breaking into the courthouse March 24 and stealing three cases of beer from the "liquor room."

The conversion of baillee charge against Moore involved an automobile owned by Tom Power Ford, Inc.

The three defendants had been indicted by a grand jury here June 30.

Absentee voting under way here

Five absentee ballots had been cast and six ballots requested by mail up to noon Wednesday, according to County Clerk Carl Cederholm.

Absentee voting began Monday for the July 26 Democratic primary and will continue through July 22.

Of the votes cast or requested by mail, nine were in Precinct 8 (South Post), one in Precinct 1 and one in Precinct 3.

A number of candidates for office visited Post this week. Among them were John C. White, seeking re-election as commissioner of agriculture; Robert R. Patterson, candidate for the State Senate, and Ray Houpp and Cliff Payne, candidates for State Representative.

Weldon Skinner leaves O'Donnell

Weldon A. Skinner of O'Donnell, who began his teaching career in the Post schools in 1938, has been elected as superintendent of schools at Whiteface, in Cochran County.

For the last four years, Skinner has been superintendent of schools at O'Donnell. He served as teacher, elementary principal and high school principal here, and was in the Army Air Force four years while his home was located in Post.

In 1946, Skinner moved to Abilene as a training specialist for the Veterans Administration and worked five years on the campuses of three colleges in Abilene.

He returned to public schools in 1951, when he became high school principal at Spur, where he remained three years before going to O'Donnell.

School head, family are moving to Post

Supt. of Schools R. T. Smith and his family will move here Monday from Shallowater.

The Smiths have two daughters, Marsha Kay, 13, and Kathy Ann, 3.

The school administrator has rented an apartment for use until the Smith's new home in Westgate addition is completed in August.

'Program Building Committee' to tell community needs

By JESSIE PEARCE

Perhaps you have heard of the "County Program Building Committee." If not, you will be interested in knowing that this is a group of men and women from all areas of the county who are working together to make the County Extension Program more nearly meet the needs of all the people in the county.

The "Program Building Committee" is divided into sub-committees according to commodity or interest groups. One of these sub-committees is making plans for conducting a survey of both Home Demonstration Club members and non-Club members to better determine the needs of the county as a whole. This information will be used in planning the year books of the Home Demonstration Clubs and workshops or other special interest information for all of the homemakers in the county.

Members of the program building committee will call on a representative number of homemakers soon, asking them to fill in the questionnaires used in this survey.

After the questionnaires are filled in, the same group will tabulate the results. We should know much more about the food habits of people in Garza County when these results are known. We will know what per cent of the families are eating adequately and what per cent are not and where the diets are inadequate. We hope we will be able to find a correlation between the amount of time spent in preparing meals, their adequacy, and the amount of time the homemaker works away from home. There will be many more interesting and informative correlations made from the survey.

Included in the questions the homemaker will be asked is one on how she would rather receive homemaking information. This information, along with other information received, should help the program planning group in setting up the year's work for 1959.

Mrs. W. H. Barton is chairman of the Foods and Nutrition Committee and will have interesting facts about the average food habits of Garza County when her committee has completed its work. Be looking for this information as it is released to the public.

Look Who's New

Mr. and Mrs. Louis Sinclair of Abernathy are announcing the birth of a son weighing six pounds and four and one-half ounces. Jerry Don was born in the Lubbock West Texas Hospital, July 1. His paternal grandparents are Mr. and Mrs. A. E. Floyd.

VISIT OVER HOLIDAY

Mr. and Mrs. Jim Cornish and daughters, Chris and Susan, returned Sunday night from a four-day visit with relatives in Arkansas City, Kas., and Ponca City, Okla.

PRESSON'S VISIT

Mr. and Mrs. W. F. Presson and children of Winters spent the holiday weekend here visiting his mother, Mrs. W. F. Presson, and his sister, Boo Olson, and Jan.

VISIT IN COLORADO

Mr. and Mrs. Ed Sawyers and Steve, were in Boulder, Colo., over the holidays visiting with his sister and brother-in-law. Mr. and Mrs. E. E. Darby.

VISITS DAUGHTER

Mrs. J. Q. Aday of Muleshoe visited with the holiday weekend with her daughter and family, Mr. and Mrs. Gray Parsons. Karen Knight accompanied her home for a visit.

GO TO ROSWELL

Mrs. Winnie Henderson and Miss Mercedes Pearson carried Mrs. Henderson's grandson, Jim Henderson, home to Roswell, N. M., after he had visited here for several days last Tuesday.

Mr. and Mrs. George Jones and family of California are visiting the Benches family this week.

Church News

Times set at the 14th St. Church of Christ for services are morning, 10:30 o'clock, and evening, 7:30 p. m. Sunday Bro. S. G. Byrd will be the speaker and Bro. J. D. Henley will be in charge of the services. The Church is looking forward to and planning for the summer meeting to be conducted from July 18-27 with Bro. Lester Hathaway, who will be the speaker.

The Sunday morning sermon topic at the Assembly of God Church will be "Of What Value to You Is the Crown of Life" taken from Rev. 2:10, "Be thou faithful until death and I will give thee a crown of life", Rev. J. R. Brincefield has announced.

Last Sunday morning the guest speaker at the Nazarene Church was Rev. Edwin Perkins, pastor of the San Antonio Nazarene Church. Rev. Perkins and his wife also sang a special number, "How Great Thou Art". The Rev. Mr. Perkins is the son of Mr. and Mrs. G. L. Perkins of this city.

Bro. Leonard Tittle will be in charge of the services for the next month at the Church of Christ, during the absence of Ronnie Parker, local minister. Bro. Parker is doing church work in New Haven, Conn.

The Baptist youth are going to camp this month and the 11 and 12 year-old girls of the First Baptist Church left Wednesday for their outing, near Floydada, and will return Friday.

The State Convention of The Church of God of Prophecy is scheduled for July 17 at the local Church. Rev. W. A. West has announced that the assistant editor of all the publications of the church will be a guest of his during the convention. He is Rev. Buford M. Johnson of Cleveland, Tenn. Churches from all over West Texas, and East Texas and parts of other states will be represented at the convention.

There will be a meeting of elders and deacons of the Presbyterian Church, Friday, July 11, at 8 p. m.

The Lord's Supper will be observed at the Presbyterian Church Sunday morning. The Communion message will be entitled "The Wonder of God's Love" and the text: 1 John 3:1, "Behold, what manner of love the Father hath bestowed upon us, that we should be called the sons of God".

PICNIC AT MACKENZIE

Mr. and Mrs. Albert Stone and family, Ted Tatum, Mr. and Mrs. Noel White and David Sinclair enjoyed a picnic at Mackenzie State Park in Lubbock the Fourth.

Visits Post

Agriculture Commissioner John C. White visited Post Tuesday on a campaign tour of West Texas seeking re-election as Democratic nominee for state office on July 26. The 33-year-old White cited the clean-up of Texas grain warehouse scandals and revitalizing the farm seed industry as among new services achieved for West Texans since he became Commissioner of Agriculture seven years ago.

1958 'Miss Post' contest date set

The "Miss Post" contest for 1958 will be held at the city swimming pool, Saturday, July 27. The contest will get under way at 7 p. m. A program for the evening is being planned.

Firms in town are being asked to sponsor the girl of their choice between the ages of 15 and 23 and single. Each business sponsoring a girl will be charged \$1 to cover the cost of ribbons. Stores who wish may furnish a bathing suit for their contestant to wear.

After selecting your entry, please contact either Frances Craig or Lawrence Cook at the swimming pool, telephone 107-J.

Miss Charlene Baker was chosen "Miss Post" of 1957 last year at the contest held at the pool.

Former resident is buried Friday

Funeral services for a former resident of the Graham community, Z. G. Sherry, 62, were held in Brownfield Friday afternoon at 2 o'clock at the First Baptist Church. Mr. Sherry lived in the Graham community from 1928 until 1939 when he moved to Brownfield. He had been in ill health for the past five years.

He is survived by his wife, two nephews, Preston Daniels of Brownfield and Roscoe Daniels of El Paso; a niece, Mrs. Edith McKinney of Dallas.

Tax valuation protests few, far between

The anticipated rush of property owners to protest new tax valuations placed on city and school district properties failed to develop this week.

The city's board of equalization completed two days of hearings Tuesday with only about 10 appearing to check into valuations. This was considerably less than had been anticipated. Walter D. Worth, chairman of the equalization board, told The Dispatch:

THE SCHOOL district's days of board of equalization hearings, which will close Friday, ended Wednesday morning with 10 appearing to discuss their valuations. All but two of them on rural valuations.

Duckworth praised the work of the Fort Worth valuation engineering firm of Pritchard and Associates for the fine job done here in a big property evaluation program.

"With only a few exceptions," Duckworth said, "the city's equalization hearings developed well and harmoniously." He explained that the big majority of those appearing to discuss their valuations were willing to go along as valuations were figured when they found out the system used and how equally everybody was treated.

A FEW CASES of error and misunderstandings were cleared up with a six-man team from the engineering firm, led by Ed Pritchard, Jr., correcting them without the appearance before the equalization board or recommending valuation adjustments.

The six-man team of valuers engineers discussed each owner's valuation with him and explained the methods and procedures used.

"We're glad to have them in," Pritchard commented, "and they will better understand what has been done and why they know, they generally satisfied."

THOSE WHO received valuations from the engineering at the city board hearings do have to reappear before the district board of equalization the same true value figure to compute city and school district taxable valuations.

The city this year is using per cent of the true figure for the taxable valuation of the school district 48 per cent.

Only four of the 18 appearing before the school's equalization board Wednesday morning before the board to protest figure set by the engineers the board upheld the equalization.

DUCKWORTH TERMED the engineering firm's revaluation "an outstanding job." He said the firm's system of valuation is nearly foolproof as it is "hard to make one."

# Charlene Baker, Wayne Bishop are married Thursday evening

The First Baptist Church was the scene last Thursday evening for an impressive candlelight ceremony that united Miss Charlene Johneese Baker and Lawrence Wayne Bishop in marriage.

The Rev. Bill Hogue, pastor, read the double ring service at 8 o'clock before an archway of candelabra flanked with palm trees and cascades of gladioli.

Parents of the couple are Mr. and Mrs. C. E. Baker, 295 West 12th, Post, and Mr. and Mrs. A. W. Bishop, 601 Denver Street, Plainview.

Given in marriage by her father, the bride was attired in a gown of white lace and nylon tulle fashioned with a fitted bodice featuring a scooped neckline and long tapered sleeves. Imported seed pearls accented the neckline of the bodice. The full skirt was a ballerina length.

The bride wore a veil of tulle descending from a crown of seed pearls. She carried a white orchid and stephanotis atop a white Bible to complete her ensemble.

Miss Thelma Hodges attended the former Miss Baker as maid of honor. She wore a white dress of taffeta and chiffon, styled similar to the bride's gown. Her bouquet was of white roses.

Donald Brown of Sweetwater acted as best man for the bridegroom and B. A. Ford and Frank Medley of Lubbock assumed the duties of ushers.

The bride's sister, Phyllis Baker, was candlelighter.

Appropriate wedding selections were offered preceding the ceremony by Mrs. Ray N. Smith. She also accompanied Jimmy Short as he sang "Because", "Walk Hand in Hand", and "The Wedding Prayer".

Blue and white decorations were used for the reception, which the bride's parents were hosts for in the church parlor following the wedding.

Mrs. Bishop chose a red sheath dress with white accessories for a wedding trip to Lake Brownwood, after which they will be at home in Crosbyton.

Bishop, a graduate of Plainview High School, attended Texas Tech and is now employed by the Santa Fe Railway Co. His bride is a spring graduate of Post High School.

Guests for the wedding and reception were from Plainview, Post, Sweetwater, and Lubbock.

**Teaff home scene for recent wiener roast**

Mr. and Mrs. Will Teaff were hosts recently for a wiener roast and ice cream supper for members of Mrs. Teaff's Sunday school class of the Close City Baptist Church.

Following the supper, Rev. Jake Bleeker gave a devotional from the eleventh chapter of Hebrews.

Present were: Rev. and Mrs. Ed Bates and family, Mrs. R. H. Sappington and children, Mrs. Douglas Tipton, Mrs. W. H. Childs and Julia, Mr. and Mrs. Carter White and children, Mr. and Mrs. Irvin Cross and children, Mr. and Mrs. Thurman Maddox and family.

Also, Mr. and Mrs. Boyd Cople and Sue, Mr. and Mrs. Roy Teaff, Mr. and Mrs. Delbert Cokerell and Freddie, and Mrs. Ray Charles Garner, and Alan Stotts of Lubbock, Dennis Popham, the Rev. Bleeker, and the hosts.

**ADMITTED TO HOSPITAL**  
Mrs. Carleton P. Webb was admitted to Garza Memorial Hospital last Monday morning.

**'An Ancient Door' is WMU program subject**

The Women's Missionary Union of the Calvary Baptist Church met Monday night for a mission program entitled "An Ancient Door".

After the devotion by Mrs. Graydon Howell, Mrs. Paul Duren program chairman, introduced a "Pakistan" visitor — Mrs. W. C. Kiker. Mrs. Kiker, dressed as a Moslem woman of Pakistan told of the "Beginning of Islam", "Burden Bearers of Islam", "Lebanon in the Near East", "Moslems are Missionaries Too". She also discussed "Jordan, A Land of Challenge", "No Missionary in Egypt and Nigeria", "Indonesia Opens Doors", and "America — An Open Door for Islam".

Eight members were present for the evening meeting.

## Shirley Bownds, James Mosser are married in Slaton church

Miss Shirley Bownds of Post and James Mosser of Slaton were united in marriage Sunday evening, June 27, in the rectory of St. Joseph's Catholic Church in Slaton.

The bride is the daughter of Mr. and Mrs. D. F. Bownds of Post and her husband is the son of Mrs. Louis Mosser of Slaton.

The bride was attired in a dress of white embroidered nylon featuring a princess bodice and portrait neckline. The street-length skirt was full and enhanced by a bow in the back.

## B&PW Club to have backyard supper

Plans were completed for a backyard supper when members of the Post Business and Professional Women's Club met last Thursday at noon at the City Hall. The supper will be held July 17 at the home of Mr. and Mrs. L. E. Webb, for the group's members and their guests.

Mrs. Ruth Young, newly installed president, presided over the business session, at which Mrs. Winnie Tuffing read the minutes for the last two meetings of the organization.

The woman's organization of the Church of God of Prophecy served lunch to those attending, with table decorations carrying out the Fourth of July motif.

Members attending were: Maxine Durrett, Mrs. Young, Mrs. Tuffing, Mrs. Rosemary Sparks, Miss Jessie Pearce, Miss Wilma Pirtle, Mrs. Betty Curl, Miss Ruby Montgomery, Mrs. Letta Cederholm, Mrs. Eleanor Webb and Miss Nora Stevens.

## Pleasant Valley club to have '42' party

Members of the Pleasant Valley Home Demonstration Club met last week for a program by County Judge Pat N. Walker. He discussed "Qualifications and Duties of County Officers."

The club is sponsoring an open "42" party Friday night, to be held at the club house.

**GUESTS OF WELLS**  
Visiting in the J. J. Wells home last week were Mrs. Floy Hill of Sand Springs, Okla., Mr. and Mrs. Clifton Wells of Dallas, Roy C. Wells of Greenville, and Mr. and Mrs. Frank Wells of Grand Prairie. Weekend guests were Sterling Kelly of Waco, the Johnnie Johnson family of Lubbock, Mr. and Mrs. Wiley Johnson and Mr. and Mrs. O. W. Smith and children.

**HOME FOR HOLIDAY**  
Staff Sgt. Robert Hays, accompanied by two friends, A-1c Jim Guseman and A-1c Floyd Kirkland, spent the holiday weekend with his parents, Mr. and Mrs. Jim Hays, and other relatives and friends. They are stationed with the Air Force at Barksdale AFB, Shreveport, La.

**CLUB TO MEET**  
Mrs. H. W. Schmidt will be hostess for a regular meeting of the Needlecraft Club this Friday afternoon at 3 o'clock at her home.

A picture hat, encircled with tiny lace ruffles, and white lace gauntlets completed her ensemble. She carried an orchid atop a white prayer book.

Miss Debra Kayser, niece of the groom, was maid of honor. She wore a dress of a soft shade of green nylon embroidered with tiny colored flowers and accented with a wide cummerbund of solid green and a matching width on the full skirt. Her headpiece was a bandeau of white feathers and she carried a bouquet of pink carnations.

Paul Mosser served his brother as best man.

The groom's mother was hostess for a reception following the ceremony, after which the newlyweds left for a trip to California.

Mrs. Mosser, a graduate of Slaton High School, has been employed by Southwestern Bell Telephone Co. in Slaton and Lubbock. Mosser also attended Slaton High School and is employed by the Santa Fe Railway Co.

They will be at home in Slaton. Post guests attending the wedding included:

Casey and Pat Blacklock, Mr. and Mrs. Bownds, and Mrs. Ronnie Blacklock.

## Postite attends college art, reading workshop

Miss Bonnie McMahon returned last week from Abilene where she was enrolled in an art and reading workshop at McMurry College. The reading workshop was held by Dr. Ullin W. Learell, director of the McGuffey Reading Clinic, University of Virginia and "senior author" of the Modern McGuffey Readers.

While in Abilene, Miss McMahon visited the Rev. Douglas Gossett and family of Wylie Methodist Church. Mrs. Gossett, Warren and Linda, spent several days with Mrs. Gossett's parents, Mr. and Mrs. R. L. Cummings of Post, and Mr. and Mrs. Fred Gossett of the Graham community.

## Mrs. Bilberry hostess for 55 HD Club meet

Mrs. Luther Bilberry was hostess for last Wednesday afternoon's meeting of the 55 Home Demonstration Club, held in the home of her mother, Mrs. Gilmore.

Following a business session, presided over by the club president, Mrs. Stanley Butler, the group exchanged apron patterns. Refreshments of cold drinks were enjoyed by the following ladies: Mrs. Butler, Mrs. Darrell Echoles, Mrs. Percy Parsons, Mrs. Thurman Maddox, Mrs. Gilmore, Mrs. Rufus Gerner and Mrs. Bilberry.

Mrs. Ben Brewer will be hostess for the July 16 meeting of the club.

**FOURTH IN MIDLAND**  
Mr. and Mrs. Robert Cox and Alyn spent the Fourth in Midland.

## Dub Craig honored at surprise party

A surprise birthday party was held last Wednesday evening at the swimming pool honoring Dub Craig on his 18th birthday.

Included in those enjoying an evening of swimming were: Shirley Heinz, Herbie Hays, Melanie Thompson, Janene Haynie, Beth Kemp, Richard Ray, Wayne Hair, Jimmy Redman, Howard Jones, Billy Jones, Quinton Knight, Gene Tanner, Pat Wheatley, Katie Show, Rheba Hays, Scottie Pierce;

Also, Forrest Claborn, Ann and Judy Morris, Gary Howell, Dan Rankin, Ken Shaw, Roger Born, Johnny Kemp, Kenay Martin, Lonnie Peel, Mike Ray, the guest of honor and the hostess, Frances Craig.

Refreshments of cake and Cokes were served.

## 55th anniversary observed Sunday

The family of Mr. and Mrs. F. E. Weaver met at the Slaton Club House Sunday to combine the celebration of the Weaver's 55th wedding anniversary with a family reunion.

Children of the guests of honor, Mrs. Clay Johnston, Mrs. Wilburn Field, Cliff, Elton and T. L. Weaver; their 12 grandchildren and 12 great-grandchildren gathered with a host of friends and relatives from Big Spring, Cisco, Levelland, Tulla, Andrews, Spur, Lubbock, Tahoka, Slaton and New Mexico to spend the afternoon at the park.

A band furnished music during the afternoon, helping to provide entertainment for the 81 who enjoyed a picnic lunch.

It was decided to make the affair an annual one, with the meetings to be held the first Sunday in July.

Included in the out-of-town guests were Mr. and Mrs. S. C. Bisbee and Mr. and Mrs. Vestel Owens and daughter of Cisco, who spent the weekend in the Weaver home, near Southland.

## Sunday school class is entertained by teacher

Members of the junior Sunday school class of the Close City Baptist Church were entertained with a party recently in the home of their teacher, Mrs. Thurman Maddox.

Those enjoying the evening of fun were Buddy Howell, Billy Bland, Mike and Patsy Bates, Linda Jones, Shirley Ann Sappington, Julia Childs and Mrs. Ed Bates.

## Engagement of Bobbie Bingham to Dwayne Barker announced

Mr. and Mrs. B. O. Bingham of Tahoka announce the engagement and approaching marriage of their daughter, Bobbie, to Dwayne Barker, son of Mr. and Mrs. J. L. Barker of the Pleasant Valley Community.

The couple will be married Aug. 7 at 8 p.m. in the Gordon Church of Christ.

Mrs. T. L. Jones continues to grow more excited as she concludes her preparations for a tour of Europe, which will begin when she leaves Lubbock early next Wednesday morning. Included in the group of 22 with Mrs. Jones will be Mrs. W. O. Stevens of Lubbock and Mrs. P. Williams of Mineral Wells, whose husbands were former Post bankers. The group will leave Houston via the KLM Royal Dutch Lines for Montreal, Canada, then to the Netherlands and Amsterdam, Holland. After leaving Holland they will attend the World's Exposition at Brussels, Belgium. Other countries and cities they will visit before returning home are Germany, Austria, Rome, Italy; Switzerland, Paris, France; London, England; Scotland and Denmark. They will also visit Monaco, where Prince Rainer and Princess Grace reign. The Texans will arrive back in New York City, N. Y., Aug. 26.

Members of the M. S. Smith family and the Leroy Smith family met their children and grandchildren in Abilene July 4, where they enjoyed a fish fry at Fort Phantom Lake. All of the Smith children were present for the affair, with the exception of Jimmy Smith and family of Marfa.

City Councilman and Mrs. Roy Baker will leave Sunday for a two weeks vacation visit to the West Coast where Roy plans to see the Los Angeles Dodgers play some baseball even if the club is in last place in the National League. The Bakers will visit with Mrs. Baker's brother-in-law and sister, Mr. and Mrs. T. R. Rutledge at South Gate, Calif., which is close to Los Angeles.

The Friendship Baptist Church of the Close City community will hold a homecoming for former members of the church July 27. Women of the church will serve lunch at the school lunchroom at noon.

Wanza Windham, daughter of Mr. and Mrs. Everette Windham, was hostess for a "cellar" slumber party Saturday in the recently completed cellar at her parents' home. Guests were her cousin, Paula Hedrick of Alamogordo, N. M., who has been visiting here; Janette Peden of Dermott, who was visiting her grandparents, and Peggy Claborn. The girls stayed up all night and enjoyed refreshments of sandwiches, cookies and cold drinks during the night.

## Mrs. J. Nelson honors daughter on birthday

Mrs. John Nelson entertained with a birthday party recently honoring her daughter, Charlene, on her seventh birthday.

Guests played games from 4 until 6 o'clock, after which the honoree opened her gifts. Refreshments of hot dogs, pickles, and fruit punch were served to 19 guests.

## Engagement of Carol Edwards Wade Peppers announced

Mr. and Mrs. Loyd Edwards announce the engagement and approaching marriage of their daughter, Carol Ann, to Wade Peppers. He is son of Mr. and Mrs. John L. Guy of Post.

Rev. C. B. Hogue, pastor, will officiate for the ceremony July 20 p.m. in the First Baptist Church.

## Go couple have anniversary

Mr. and Mrs. Corban J. Lewis of Speight Avenue, Waco, celebrated their 15th anniversary Saturday with an affair. They are Mr. and Mrs. Lewis of Waco, Dr. and Mrs. Post, Mr. and Mrs. Lewis, Mr. and Mrs. Scotty Taylor, Mr. and Mrs. O. D. Lewis, Houston.

Guests of honor were married 50 years in Moody and lived in McLennan County of their married life. They were wed eight years ago. Relatives were invited to the party. A number of relatives from Abilene.

## Windham hostess Mystic Club meet

Mrs. Wanza Windham was hostess for last Thursday afternoon meeting of the Mystic Sewing Club in the home of Mrs. Windham, at which time she had a family party Friday evening at her home. The party was set for 7 o'clock. Windham served lime sherbet, nuts and cookies to the following members: Mrs. Marvin Hudman, Mrs. Lesley K. Babb, Mrs. R. E. Winnie Henderson, Mrs. A. Luby, Mrs. E. R. Mrs. E. E. Pierce and Mrs. A. P. Hedrick.

# State Capital NEWS

By Vern Stanford

AUSTIN — Mid-way through the so-called "recession year" of 1958, Texas economic forecasters are turning their eyes upward again. Statistical reports show steady improvement in overall business activity since the bleak lows of February and March. If the hoped-for pick-up in oil demand develops during the latter half, analysts say, 1958 may be a good year after all.

Some of the bases for the current atmosphere of cautious optimism are these: Folks have lots of money in the banks; in most areas, more than last year. Response to the Texas Banking Commission's mid-year call for condition of banks showed that most have higher deposits than last summer and some are at near record highs. Dallas County bank deposits increased by \$333,000,000; Harris County (Houston) by more than \$287,000,000 over a year. Texas with all-time high deposits were Amarillo, Corpus Christi, Tyler, Midland, Denton and Post Office.

DESPITE SAGS here and there, Texas retail sales are expected to run some 7 per cent ahead of '57, says the University of Texas Bureau of Business Research. Because of low months early in the year, sales volume for the first five months of '58 were 1 per cent below the same period for '57. But a late spring upsurge put May, 1958, sales ahead of those for May, 1957. Apparently Texans are concentrating on essentials. Compared to last year, farm implement sales were up 27 per cent, food up 11 per cent, autos down 8 per cent. BBR's latest report shows the 1954 level of general business activity 4 per cent below May 1957. But May, 1957, was a dizzy pinnacle, the highest point ever reached by the Texas business index. Since the low in March the index has made encouraging progress, pulling up by 8 points. Fall will bring the tip-off, says BBR, as to whether recovery momentum is sufficient for a rise to a new crest.

Although thousands more were out of work than a year ago, Texas Employment Commission's most recent over-all survey showed a substantial shortening of the jobless lines. Like the general business index, employment seemed to be making a steady recovery from the early spring "trough." Number of unemployed dropped 4,200 during May. TEC reported, and non-farm employment rose to almost three million. Insured unemployment in Texas was only 4.1 per cent of the working force compared with the national average of 7.3 per cent.

A KING-SIZE clash is in prospect July 15 between the State Insurance Department and National Bankers Life Insurance Company of Dallas.

Commissioner William A. Harrison has ordered the company to prove fitness of its management or lose its license. National Bankers, regarded as one of the largest and most prosperous companies in the Southwest, claims more than \$19,000,000 in assets. Some \$5,000,000 of these are discounted by the Department as unsound or unsuitable for an insurance company. Specifically questioned by the state are a number of mortgage loans made by the company to other firms in which the company's officers or directors have an interest.

Company President Lester F. Hall said the firm's financial footing is so sound it could raise a \$5,000,000 in a matter of hours. He said the company had a premium income of \$10,000,000 last year and net earnings of \$1,000,000.

DESPITE THE prospect of losing "biggest state" honors, Texas officials say they're happy to welcome Alaska as No. 49. Sample comments:

Gov. Price Daniel: "We will still have the biggest navy." Sec'y of State Zolle Steagley: "I'm glad another state will bear the brunt of the gags about being the largest state."

Atty. Gen. Will Wilson: "I suggest they nail down their off-shore lands before they enter the union." Redesignated Texas - tan uniforms have brought a new look to the Texas Highway Patrol. Semi-western in style, the uniforms sport black trim, black shoes, wide-brimmed grey hats with western crease. Only 380 patrolmen and other

division members of the Department of Public Safety are outfitted at present. New uniforms for the rest of the force will have to wait for another appropriation from the Legislature.

Slump in federal income tax collections in Texas the past several months has been noted by Internal Revenue officials.

Cause has been attributed to recession-minded taxpayers lowering their estimates of income for the year. South Texas Collector Bob Phinney thinks, however, most will wind up making just as much money as last year.

Last year Texans paid a record-breaking \$2,600,000,000 in federal income taxes, about \$128,000,000 more than in the year previous.

TEXAS COUNTIES expect cost of education to climb \$70,000,000 annually in the next five years. This was revealed in reports of

231 counties to the Hale - Aikin Survey Committee of Public Education. Most of the increase would go for expansions necessary to keep up with increasing enrollment.

Counties differed as to how the money should be raised. Twenty-five per cent favored higher local taxes or increased valuation. Forty-four per cent wanted additional money from the state. Nine counties favored federal aid. Thirty-five recommended a sales or income levy.

WALTER BUCKNER, publisher of the San Marcos Record and past-president of the Texas Press Association, has been named by Governor Daniel to the Industrial Accident Board. He will serve as the employer representative. The two other members of the board are Ned Price of Tyler, representing labor, and Leonard Carlton of Austin, representing employees.

A \$20,500 grant for re-codifying Texas school laws has been provided by the M. D. Anderson Foundation of Houston. A legislative committee headed by Rep. Robert H. Hughes of Dallas is in charge of the work. Preliminary report on a comprehensive survey of Texas water resources has been submitted to Governor Daniel. It was requested by Sen. Lyndon B. Johnson and prepared jointly by state and federal water agencies. Contents of the report will not be released for publication until final approval is given. Farm experts expect that a 92-year-old record for cotton yield per acre may be topped this year. Second-highest yield was recorded last year at 295 pounds. All-time high was 325 pounds per acre in 1886—when soil was virgin. Governor Daniel has proclaimed July 14-20 as State Park Week to call attention to the 56-park unit begun in 1924 when Gov. Pat Neff and his family donated "Mother Neff Park" to the state. Texas draft quota for August will be 539 men, only one more than were called for in July. State Selective Service Headquarters also announced that some 1,700 men are to take pre-induction exams in August.

What does he see? A school of minnows? A shining pebble? Or his own wavering reflection?

Whatever it is, he sees through the wonderful eyes of a child. God's creations are new and bright to him. He is fascinated by the sight of a bee searching for pollen. He marvels at the color of autumn leaves. He is enchanted by the brilliance of a star.

Somewhere along the line, most of us lose our childhood vision. We forget to wonder. We forget to marvel. Sometimes we even forget God.

We can get our perspective back into sharp, clear focus through the Church. We can recapture and strengthen our love for God.

If you haven't noticed, lately, how many miracles take place in your daily life, start going to Church. You'll soon see.

# Proper mowing is proving big aid to good lawn maintenance

COLLEGE STATION — Care and attention are necessary for the maintenance of a good lawn. One of the basic keys involved, says E. M. Trew, extension pasture specialist, is mowing.

Proper mowing is responsible for the deterioration of many lawns. Mowing too close encourages the thinning of the turf and the resulting in low resistance to drought, diseases and weeds. Setting the mower too high results in uneven growth, excessive soil drying and heat damage to the grass during the summer months. Mowing too close results in the lawn grass producing the green color, and manufactures the food for the entire plant. Too much of the leaves are removed and the plant suffers, but the specialist. No more than a half-inch of the leaf tip should be removed at any one time.

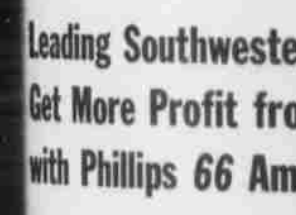

Proper types of grasses can be mowed closer than other types. Bermuda should be

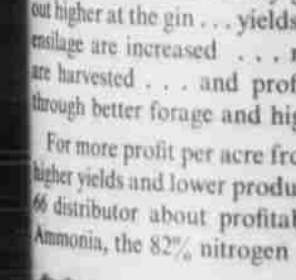

E. M. Trew, Hereford, Tex. "The Phillips 66 Ammonia I pre-planting irrigated cotton gave me a big yield increase. I use Phillips Ammonia on all my cash crops."

Lem Brock, Plainview, Tex. "The 100 pounds of Phillips 66 Agricultural Ammonia I put down on irrigated castor beans returned a 500-lb.-per-acre increase."

Jack Scher, Plainview, Tex. "I've come to depend on Phillips 66 Agricultural Ammonia to give me higher yields of cotton and maize. I always apply it pre-plant."

Jack Shelley, Hale Center, Tex. "I picked 214 more pounds of lint per acre on cotton fertilized with Phillips 66 Ammonia, compared to a check plot receiving no ammonia."

**Leading Southwestern Farmers Get More Profit from Cash Crops with Phillips 66 Ammonia**

From all over the Southwest, successful farmers report profitable use of Phillips 66 Agricultural Ammonia, the 82% nitrogen fertilizer. They say that by using Phillips 66 Agricultural Ammonia they get more cotton that grades out higher at the gin... yields of grain sorghum grain and ensilage are increased... more marketable vegetables are harvested... and profits on wheat are increased through better forage and higher grain yields.

For more profit per acre from your cash crops, through higher yields and lower production costs, see your Phillips 66 distributor about profitable Phillips 66 Agricultural Ammonia, the 82% nitrogen fertilizer.

## E. F. Schmedts move to Kress

Mr. and Mrs. E. F. Schmedt have moved to Kress, where they will be members of the public schools faculty for 1958-59.

Schmedt will teach vocational agriculture and his wife will teach in the elementary grades. He completed his ninth term last May as vocational agriculture teacher at Post High School. Mrs. Schmedt has been teaching the first grade for the last several years.

The Schmedts have two sons, Fred and Wayne.

## Former resident is completing course

Truett Babb, son of Mrs. Nellie K. Babb, is completing a six-weeks course at Texas Tech for his administrator's certificate. Babb has been elected principal of Slaton High School after having taught vocational agriculture there for about four years and at Meadow for several years prior to that.

## Pastor of Justiceburg Baptist Church announces resignation

By MRS. BETTY BROWN

The Rev. Jack Brown has resigned as pastor of the Justiceburg Baptist Church. The family plans to move to Kansas City, Mo., in the near future, where the Rev. Mr. Brown will enter Midwestern Baptist Theological Seminary. He is resuming his studies preparatory to entering the U. S. Navy Chaplain Corps. The Browns said they have enjoyed being a part of this community and will always remember how wonderful the people were.

Mr. and Mrs. J. K. Jones and Pat were in Oklahoma recently after their sons, Kenneth and Jimmy, who had been visiting there since the end of school.

Mr. and Mrs. Doug McWhirt and family were in Oklahoma recently to attend the golden wedding celebration of his parents.

Recent visitors in the home of Mr. and Mrs. S. S. Bevers were her nephew and family, Mr. and Mrs. E. P. Carmichael and sons of Corpus Christi.

Mr. and Mrs. Harold Wiley arrived recently from Norwalk, Calif., to spend some time with their son-in-law and daughter, Mr. and Mrs. Bud Schlehuber and family. The Wileys plan to make their home in this area.

Mr. and Mrs. Howard Price and son, Steve, of Lubbock visited here recently with their parents, Mr. and Mrs. Cameron Justice. Mrs. Justice returned home with them for a brief visit.

## Vets' Forum

Q. I named my mother as the beneficiary of my GI insurance policy, and indicated that the money be paid to her in a lump sum. Would she have the right to change to some other method of payment if she desired?

A. Yes. She could choose to receive the GI insurance payments under any of several installment plans available.

Q. Does the fact that I am getting VA compensation for a disability incurred in Korea automatically entitle me to vocational rehabilitation training?

A. No. The law requires that a disabled veteran be in need of training to overcome the handicap of his disability. If need were established in your case, you would be permitted to train.

Q. I plan to sell my GI house and let the buyer take over my loan. If the VA grants me relief from liability, does that mean that GI loan entitlement will be restored?

A. No. Release from liability does not mean that your entitlement will be restored. VA restores entitlement only under certain conditions, and then only when the loan is paid off so that VA is no longer liable on the guarantee.

Q. If I take on-the-job training under the Korean GI Bill, will I receive the same rate of allowance throughout my course?

A. No. Under the law, GI allowances for on-the-job trainees must be reduced at four-month intervals, as the training progresses.

## RETURN FROM VISIT

Mrs. Ethel Redman returned last week from a visit in Eunice, N. M., with her daughter and family, the Dan Berrys, and in Lovington with another daughter and family, Mr. and Mrs. Carlos Alexander.

## Post to be represented at state FFA meeting

D. H. Koeninger, new vocational agriculture instructor at Post High School, and two or three members of the local Future Farmers of America chapter plan to attend the annual state convention of the Texas Association of the FFA in the Municipal Auditorium in San Antonio on July 16, 17 and 18.

Koeninger recently moved here from Shallowater with his wife and their two daughters, Caron, 5, and Stacy, 2. They are living at 307 West Sixth Street.

The teacher said Monday he is not yet sure which members of the FFA chapter will accompany him to the state convention, but that he plans to take "two or three of the boys."

Among those appearing on the program at the convention will be Gov. Price Daniel; Dr. W. T. Spanton of Washington, national advisor of the FFA; Judge Robert Lee Babbitt of San Antonio, and Royce Bodiford, 1957-58 national officer, Millsap, Tex.

The entire meeting will be carried out by the present state FFA officers. The primary purpose of the state convention is to award the State Farmer degree, the highest degree bestowed on a boy by the local or state levels. Other business to be conducted at the meeting will include the election of a new state president, talent winners to represent the state at the national convention in October, and a State Sweetheart.

Also on the agenda for discussion is the raising of state dues for the coming year. Reasons for the increase is that the association has been operating at a deficit for the past two years and would shortly "go into the red."

**ATTENDS MEETING**  
Bob Collier was in O'Donnell recently to attend a meeting of the Methodist Men there. His brother, Wynne Collier of Tahoka, spoke on the subject, "How to Increase Attendance in Methodist Men." Wynne is a former Post resident.

Only by majority vote of the delegates at the meeting can the state dues be raised.  
A fun night will be staged Wednesday, July 16, and this has always been a big night of entertainment for the boys. A tour of San Antonio has been arranged for Thursday afternoon, July 7.

Elect Judge Sarah T. HUGHES To Supreme Court

## Bible Thoughts FAITH

By RONNIE PARKER

God has announced through inspiration that "without faith it is impossible to please Him; for he that cometh to God must believe that he is, and that he is a rewarder of them that diligently seek him." (Hebrews 11:6) Jesus says in all clearness "He that believeth and is baptized shall be saved." (Mark 16:16)

In all the heroes that were "saved by faith" mentioned in Hebrews the eleventh chapter there is this striking similarity. They always manifested their faith. That is, they proved their faith by the things they did.

Faith in Jesus will save us. If we believe in God, and in Christ the son of God, then we believe in all that he did, all that he said, and all that he commanded. The proof of our faith lies in our willingness to obey the commands of Jesus. The faith that saves is the faith that will manifest itself by humble obedience to all the commands of Christ, the object of our faith.

# Slaughter Ranch gets Ellenburger producer

Paul Teas, Dallas oil independent, has another good producer on the Slaughter Ranch in the J. B. Slaughter B-2.

Completed July 4th, it is flowing at a 289 barrel a day rate through 5-16 inch choke from the Ellenburger at 8,335-43 feet.

The new well is in the Teas-Ellenburger field. Although oil shows were found

in the Pennsylvanian in drilling operations, Teas is not trying for a completion from that pay zone at present as it would be the sixth producer in the field if production was attempted from the Penn zone.

**TEAS ALSO is drilling ahead at 5,910 feet without testing as yet at his John F. Lott No. 1, a joint venture with Pan American with Teas as the operator. This test is an offset in the Teas-Strawn field to the Slaughter A-1, completed in January, 1957.**

The new test is located five miles east of Pan American's John Lott No. 1 which was plugged.

No other new tests have been started on the big ranch acreage although there are reports of another wildcat test probably coming soon.

Shell Oil Company at present has no tests underway in the Garza area of the big ranch.

**SHELL WAS installing pump this week on its No. 1-F Slaughter Estate, prospective new Pennsylvanian producer but not a large one.**

Latest swab of perforations between 8,017-28 feet gauged 40 barrels of fluid in eight hours. Shake-out was 60 per cent water and only 40 per cent oil. The oil has been plugged back to 8,090 feet from total depth of 8,602.

**SHELL HAS plugged and abandoned its No. 1-DA Slaughter, west offset to the discovery and lone producer in the Lazy JL-Penn field. Total depth of this test was 8,541 feet.**

In its last three deep tests, Shell has thus come up with two dust-ers and one possible small well.

But oil men say the oil play on the big ranch is far from over. There are still lots of "little blisters" on geologists' maps which indicate oil pools still unexplored.

## Postings—

(Continued From Front Page) and may have to have another batch printed. One already has been in for a re-order.

Two more summer clearance sales come up this week. Herring's takes all of page 3 to announce their annual summer clearance starting tomorrow and Hundley's Men's and Boys' Wear starts their clearance today (see page 11).

Talk about fish stories, Jimmy Hundley, just back from a 53-day vacation visit to Florida with his family, can spin a few. The Hundleys and their four children returned Saturday from Florida where they visited with Mrs. Hundley's father, Leon D. Smith, in Fort Myers, Fla. Jimmy tells the story of how he and his father-in-law went fishing for three hours one morning from 3 to 11 and filled a big Coke box full of 162 fish weighing 3 1/2 to a pound apiece. That was fresh water fishing. The two then went salt water fishing and two days and caught 44 pounds of speckled salt water trout each day—a total of 82 fish.

There is so much news this week that Editor Charlie Didway had to move a couple of pictures and his good feature on Post's new Golden Age Club to page 12. There was just too much fast-breaking news to squeeze it onto the front page. By the way, you'll note an appeal for suggestions and criticism of the paper in a big ad on another inside page. We want reader suggestions on how to improve the paper and will welcome yours. And as the ad says, if you want to criticize just fire away.

And that reminds us that most of the folks who have commented on The Dispatch's "new look" in makeup with downstyle heads, no 36 dashes, lots of white space, etc., have been favorable for the changes and agree it makes it easier to read. But this is one point on which Mayor James Minor and John Lott agree. Neither of them likes the "new look". It was experimental at first, but the more we see of it the more we like it here in the office.

## Truck turns south, but trailer doesn't

Burton Hill of Hill & Hill Oil Service made a left-hand turn with his truck at Main and Broadway Tuesday afternoon, but his dual-tank trailer didn't. It came uncoupled from the truck and headed for the automatic laundry on the southwest corner of the intersection.

The trailer rolled to a halt just in time to keep from smacking into a laundry customer's automobile parked at the curb.

Hill pulled to a stop half a block down Broadway, returned to the scene of the mishap and called a winch truck to pull the trailer back out to a recoupling position.

## Classrooms—

(Continued From Front Page) lum will enable local high school students to be better prepared for college. It will be beefed up to a maximum of 14 1/2 required course credits in the four high school years, including two possible years of foreign language.

**THE VOCATIONAL and commercial curriculum, designed for students not planning to go to college, would require only 9 1/2 required credits with the rest of them electives.**

With the new school year, the student schedule will be shifted to five solid subjects each class day which will practically eliminate study hall, Supt. Smith said.

Along with the new curriculum changes, the high school will move up gradually from 16 to 20 required credits for graduation.

**THE REQUIREMENT of 16 credits for graduation will continue through the coming school year so as not to put any extra pressure on the 1959 graduating class. The requirements then will go up a credit a year—17 in 1960, 18 in 1961, 19 in 1962, and the full 20 from 1963 on.**

The vocational and commercial curriculum will include three required courses in English, two in math, two and one-half in social studies and two in science. Two years of either vocational agriculture or vocational homemaking will count as one year of the science requirement.

The stiffer college preparatory course will require four credits in English, three in math, three in science, two and one-half in social studies, and two in foreign language if foreign language will be required at the college or for the particular college course of study selected by the student.

**THIS WOULD give the vocational or commercial student 10 1/2 electives and the college preparatory student 5 1/2 credit electives.**

Supt. Smith explained that the choice between the two curriculums would be made at the start of the junior year with parents' approval required.

Students in their freshmen and sophomore years would take courses required for either curriculum.

The school administrator pointed out to the board that the two curriculums would enable the student planning to attend college the opportunity to better prepare himself in high school without making the high school work additionally difficult for students not planning to continue on to college.

**THE TRUSTEES also approved employment of three more new teachers for the coming year. All are beginning teachers.**

They are John Edd May, 26, of Lubbock, who will be the high school science teacher; Miss Marie Lusk of Shallowater, a grade school teacher; and James W. Mallard, Jr., of Lubbock, Spanish instructor.

May is a graduate of Texas A&M and is working on his master's degree at Texas Tech. He is married and the father of one child.

Miss Lusk was graduated in the spring from Texas Tech. She possibly will be a fourth grade teacher in the fall.

## Chest—

(Continued From Front Page) he was "well pleased" to report that the full \$12,000 Chest budget had been subscribed.

He said all nine participating agencies had been paid in full with the exception that neither the youth center nor Girl Scouts had been paid the amounts set up for employment of directors or supervisors because to date such personnel had not been employed by either organization. Both such amounts were provisional to employment of such personnel.

Motelf said the organization started out with a \$169 balance at the beginning of the year and had a \$1,509.06 balance now.

The Chest president said the successful Chest campaigns among both mill employees and rural communities had a great deal to do with successfully subscribing the largest Chest budget in history.

## VISITS SAN ANTONIO

Mrs. Dorothy Jones has returned home from a weeks visit with her mother in Gatesville, Mrs. Estelle Blackman. She was met there by her daughter, Mrs. Eugene Brown of San Antonio and accompanied her back to San Antonio.

## Housing—

(Continued From Front Page) ing officials with the city council as the probable local need. The city will assume no financial responsibility and complete development of the project will be the responsibility of the newly named commission.

The council in other actions Monday night:

(1) Purchased a sprayer and fogger for \$1,204.35 to combat flies and mosquitoes.

(2) Decided to stand pat on its \$3,000 request to the county as the county's share of the cost of fire protection for rural areas.

(3) **PUT OFF until next month** calling a special city election to vote on establishment of a police force, thus giving council members time to decide on how they wanted the resolution worded for presentation to voters.

(4) Named City Water Commissioner Henry Tate to take charge of office work at the city hall so that the work of the three office employees can be coordinated for maximum efficiency.

(5) Heard a report from Mayor James Minor on a discussion he had had with General Telephone officials when they were here recently for the board of equalization hearings.

(6) Voted to spend \$200 again this year to send three members of the Post Volunteer Fire Department to the 29th annual Fire School, July 20-25 on the Texas A&M campus.

**DELIVERY ALREADY has been made on the city's new sprayer which was obtained from the Municipal and Utility Supply Corporation of Houston.**

The sprayer and fogger is a complete mobile unit mounted on a trailer with a 55 gallon capacity tank. Either fog or liquid spray may be used with the new equipment.

The city in recent years has borrowed spraying equipment from Tahoka to spray streets and alleys in the summer war against mosquitoes and this spring borrowed Lubbock spraying equipment for the first "fogging" of the community.

On the city proposal that the county should pay \$3,000 for this year for use of city fire equipment in combating rural fires, the council decided to stay with the \$3,000 figure as a "very fair one."

**THE COUNTY in past years has contributed \$1,000 toward the cost of operating the fire department and in a recent joint meeting with the city council, the commissioners' court asked that the \$1,000 figure be retained.**

It was pointed out that the city's fire department budget calls for \$8,000 of which the city proposes to pay \$5,000 with \$3,000 coming from the county.

On the basis of fire calls made last year, Attorney Carleton Webb pointed out the county's fair share of the cost of operating the department should be \$4,900.

"What we're faced with," Mayor Minor told the council, "is that unless we have a new fire truck by the next state inspection they're going to slap a penalty on us in our insurance rates. We've got to start thinking about buying a \$20,000 fire truck on some kind of long term lease-lease."

**THE \$8,000 budget provides for setting up the first fund for purchase of new fire equipment in the city's history.**

So as far as the council is concerned, if the county wants the city fire department to answer rural alarms the cost will be \$3,000 for the year.

Water Commissioner Henry Tate told the council that the water situation at present is fine. He said that 10 days of 100 degree temperatures without rain will bring the crisis whenever it occurs this summer.

Mayor Minor brought up the matter of voting on the city police department issue with the comment that he "wanted to get it over with."

**HE SUGGESTED that the voters be given two alternatives: Do you want a three-man police force with two police cars and are you willing to pay \$20,000 for such a police department? Or, do you want the city council to proceed with the development of additional law enforcement as it sees the need and are you willing to pay the cost of such added enforcement when it would come?**

Minor said either way will cost money, but that the second way would permit the city to "ease into" the police department business.

At the present time, the city employs a city marshal.

The council at its last meeting decided to let the citizens themselves decide the controversial issue of whether or not to set up a police department. The council sees the \$20,000 cost for a three-man department as the major stumbling block, pointing out it would boost city taxes about 50 per cent.

**THE COUNCIL named Tate to take charge of city hall office operation for the first time to put responsibility for maximum office efficiency in one person's hands. Heretofore there has been no one in overall charge of office procedure.**

## Truck wreck—

(Continued From Front Page) Gariepy told Rains the pick-up was "on him" almost before he knew it, and that there just wasn't anything he could do to avert the collision.

The truck driver said he put on the trailer brakes immediately to keep the huge trailer from smashing through the cab.

**HERRERA, WHOSE body** remained in the cab of the pick-up, was believed to have been driving. Adley was lying just outside of the right-hand door of the pick-up.

The wreckage of the smaller vehicle was strewn over a wide area on the east side of the road, with the truck bed sheared off the cab.

Gariepy, a grain hauler, had delivered a load of corn at Abilene and was en route to Lubbock for another load of grain. The sheriff said he had not learned where Adley and Herrera were going.

**ADLEY IS survived by his mother, Mrs. Rose Adley of Fort Worth; three brothers, John of Bartlett, Bill of San Antonio and Lee Adley of Fort Worth, and a sister, Mrs. DeWitt Mills of Franklin.**

Herrera is survived by his parents, Mr. and Mrs. Anastacio Herrera of Mexico; five children who are with the grandparents in Mexico, and a brother, Lucio Herrera of Petersburg.

## WEEK AT RED RIVER

Mr. and Mrs. Loyd Anthony, who spent last week in Red River, N. M., were joined there Thursday by Mr. and Mrs. Jack Kuykendoll. On their way home Saturday, they visited at Glorieta.

## Chamber—

(Continued From Front Page) member not voting.

Chant Lee, Chamber president, pointed out to directors that at the present rate of dues payments only \$9,000 will be raised for the 1958 operations. Some \$12,000 was pledged on a \$15,000 budget.

**THE DIRECTORS then revised** the budget to the \$9,000 figure and sent the revised budget to the Chamber's financial committee, headed by Irby Metcalf, for approval.

It will be published when approved, Lee indicated.

This new budget retains all the projects originally set up in the \$15,000 budget. It contains funds to pay Johnny Hopkins as a part-time Chamber manager. Hopkins left this week on his annual vacation.

**HOPKINS IN A report to the directors** said the Chamber with all bills paid now has \$3,658.74 in the bank. With some monthly and quarterly dues payments still coming in, he estimated a maximum of \$9,000 will be raised for the year's operation.

At the conclusion of the directors' session, Lee also announced that all Chamber committee chairmanships have been reassigned and these appointments will be announced as soon as those named have accepted the appointments.

Formerly, Chamber directors had been committee chairmen. Lee said Chamber chairmen will be advised of the funds available for their committees and then will be asked to work out an active committee program for the last half of the Chamber year.

## Burglaries—

(Continued From Front Page) to force the door which was barred from the inside.

**AT MAYFIELD'S, the burglars**—apparently there were several of them—used a crow bar and blow torch to rip open a fire-safe storage cabinet of the implement firm's accounts receivable, and literally demolish the company's safe.

After the blow torch was used in efforts to break into the safe from one side and the bottom, the door was finally broken off.

The burglars also broke open a locked door in Mayfield's office desk.

The safe had been locked, but contained no money, only company records.

**ONLY MISSING items the next morning** was some change out of the Coke machine.

The burglars entered by breaking the lock off the front door.

All four burglary attempts were discovered Saturday morning.

At the Garza Tire Company, entrance was gained by breaking the lock off the front door. Nothing was taken although the desk in front was ransacked in an apparent attempt to find money.

**AT THE Humble station, Operator Ray Lovell said** the burglars broke out the north washroom window to gain entrance. They took \$5 or \$6 in change from a box used to keep change from the Coke machine.

A tire tool taken from the Humble station was found in the Mayfield implement office, indicating that the same burglars did both jobs.

The burglaries were investigated by the Texas Rangers and Special

## Gary rites—

(Continued From Front Page) ren, Patsy McCowen and Estelle Boiling.

Burial was in Terrace Cemetery under direction of Mason Funeral Home.

The accident in which Barbara was killed occurred about 9:20 a.m. Thursday as she was en route to Millersview from the home of relatives there.

With Barbara were her brother, Frankie, 12, and her sister, Sandra, 11, and two cousins, ages 4 and 2 years. The children escaped with scratches and bruises.

Barbara apparently lost control of the car on the winding, hilly road. She was pinned beneath the automobile, and the four children climbed out and ran back up the road toward home. They flagged down a Ballinger man a short distance from the scene of the wreck, and he went for help, returning to pull the car from the girl's body with a truck.

Barbara apparently received a broken neck dying instantly. The Post girl, her parents, Mr. and Mrs. Roy Gary, and her brother and sisters were visiting relatives near Millersview at the time.

As a junior class student here last year, Barbara was an officer in the Future Homemakers of America, a member of the basketball team, and took part in other school activities.

She was born in Post Jan. 25, 1941, and with the exception of a half-semester in New Mexico had attended the Post schools ever

Deputy Sheriff Bill Hall. Sheriff Carl Rains was out of town on a visit at the time and Deputy Red Floyd was on vacation.

## Warehouse—

(Continued From Front Page) L. W. Duncan, comes from These four permits located estimated construction total of 298 since the city building ordinance went into effect March.

## HERE FOR VISIT

Mrs. Dan Mitchell returned day from a nine day visit to her children, Mr. and Mrs. Porter and family and Mr. and Mrs. H. D. Wooten, San Diego, she talked in tandem with her son, Earl, in the Navy at Treasure Island School. She accompanied home by her grandchildren, Elaine and Porter, for an extended visit.

## GOES TO CALIFORNIA

Guests in the home of Helen Rodriguez the past week were her niece and Mr. and Mrs. Frank Rodriguez accompanied her to California on their vacation.

## WYOMING VISITOR

Visiting in the home of Mrs. Graydon Howell and last week were her brother, his family, M-Sgt. T. R. Mullan and family of Cheyenne

since she entered the first here.

Beside her parents and her and sister who were at the time of the accident, Barbara is survived by another, Ray Gary of Crow and a month-old sister, Gale, and her maternal, her, A. G. Hubble of Mill

# Tilts tonight wind up season for Pony loop

Post-Tahoka Pony League will end tonight with the Sox and Indians playing at the Braves and Orioles.

League champions are the Sox, sponsored by Levi's Ranch and coached by Louis Mills. They have won 13 and lost one game tonight's game.

The other team, the White Sox, sponsored by Bob Collier Drug and coached by Ben Howell, have won second place in the league.

★  
BRAVES STAMPED THE WHITE SOX 11 to 3, here Tuesday night in a Pony League game called the "Tahoka game."

The White Sox set off the fireworks with a five-run first inning. They got two more in the second, exploded in the fourth, and wound up the massacre with three in the fifth.

Reed was the starting pitcher for the Orioles. Camp came on in the fourth, but the blaze was too big to put out.

Maharin went the distance to win. The Sox nipped him for only four innings.

★  
ORIOLES WIN ONE  
Pony League game which had rained out at the first of the Sox was made up here Monday night with the Orioles taking the lead of the White Sox, 6 to 3.

Tahoka nine scored two in the first inning on a double by Larry Thomas, a single by Rogers and an error.

Sox picked up one in the second on Roger Camp doubled, to third on Pete Asebedo's hit and scored on an in-play error.

Orioles increased their lead in the sixth on a single by Davis, an error, and a triple by Reed.

White Sox made it 5-2 in the seventh on a single by Bobby Asebedo and scored on Ronnie's one-base blow.

Visitors added their final run in the seventh when Johnson hit, safe on an error, combining base running with passes and wild pitches to score.

Orioles' final tally was 6-3. Sullivan, who was safe on an error, went to second on Johnson's single and scored on Asebedo's single.

Reed went the route for the Sox, who also went the route, was the loser.

**ORIOLES EDGE SOX**  
Tahoka's Orioles edged the Bob Collier White Sox, 6 to 5, last Thursday night in a Pony League contest at the Little League park here.

The game was one of a twin Pony League bill, the Indians winning over the Braves in the other.

After a scoreless first inning, the Orioles took a two-run lead in the second on singles by Taylor Knight, Larry Thomas and Finis Rogers.

The Tahoka team scored three more in the top of the fourth, with Tony Spruell's double the big blow.

Coach Ben Howell's White Sox chased across three runs in the bottom of the fourth on singles by Sullivan, Ronnie Reed and John Sepeda and a triple by Buddy Moreland.

The Orioles' final counter came in the top of the fifth, and the Sox added two more in the fifth on singles by Moreland and Sepeda and a double by Neal Francis.

Andy Bray went all the way on the mound to receive credit for the victory. David Lee was the

Everyone loves a picnic. And this is the picnic season!

Some outdoors lovers are content to make it a twosome. Hundreds of families make it strictly a family affair. Also there are some mighty big Texas-size picnics—when as many as a dozen families get together to make a full day of it.

Whether you prefer a private party or a huge crowd, the time for fullest enjoyment of the great outdoors in Texas has arrived. Tie it in with boating, skiing or fishing and it will be even more enjoyable.

For outdoor fun at its best take along a tent and camping gear and make it a real weekend of honest-to-goodness relaxation. Thousands of Texans discovered long ago that camping is an exciting and economical way to spend an enjoyable vacation. So, don't overlook the possibilities of several days or even weeks of camping out under the Texas skies.

TEXAS HAS 49 State Parks of which 32 have camping facilities. There are hundreds of lakes and rivers plus the magnificent Golden Gulf Coast. Add to these attractions the bountiful forests of East Texas and the beautiful mountains of West Texas... and the Longhorn State seems to possess most everything. All tempt the tourist, the camper, and the picnic lover.

No wonder the interest in our great outdoors is on the increase. It is there to be enjoyed—and our people are enjoying it.

Try it yourself at your very next opportunity.

Dehydrated foods are making it easier on the outdoors people. These packaged products have proved very helpful to the picnickers and overnight campers who have their own camp stoves.

Quick-fix drinks, soups, and milks are mighty handy for the camper. Nowadays you can get "instant" tea, coffee, cocoa, milk and malted milk. Almost any kind of soup is available. Texas' own Lipton Tea Co. of Galveston produces a wide variety of soups in envelopes of 2 and 4 oz. weights that will serve up to four people per envelope. All you have to do is add water and heat to a boiling point.

TODAY NEARLY any grocer can supply you with instant mashed potatoes, instant rice, etc. Ketchup, jellies and jams also are available in space-saving plastic envelopes. In fact new foods or old foods in new packages—ideal for campers—are coming on the market almost every week.

To add further pleasure and convenience to your picnic The Coleman Co. now has a Pak-Table—a folding picnic table that's truly remarkable. When the table is collapsed it measures only about three feet square by a few inches thick. Yet it contains four folding seats and enough space to stow cooking utensils, tableware and groceries. Furthermore it makes a very attractive package.

Coleman also has a new cooler, the Snow-Lite. It comes in flashy pink or green. The cooler is light weight yet rugged. Although it is designed primarily to keep drinks

and food cool Coleman has a good suggestion for fishermen. Their recommendation is that fish be cleaned and iced just as fast as they are caught.

All that's necessary is for the fisherman to place a layer of ice in the bottom of the cooler, then take the cooler along with him in the boat. As he catches fish, he simply cuts around the gill collars and down the belly, twists off the head, rinses the stomach cavity and pops the cleaned fish into the cooler. No trouble, no spoiled fish, and half the cleaning chore done before he gets home.

SURE BEATS lifting a stringer in and out of the water every time you make a catch or decide to move to a new location. Most important, however, is the fact that it keeps fish as fresh as when they came out of the water.

Any cooler will do, of course, but Coleman's plastic-lined cooler is ideal for this purpose because it's easy to clean. A spoonful of ammonia in the wash water and an hour in the sun will remove the fish smell.

Incidentally, this Wichita, Kans., firm has a free 40-page booklet entitled "More Fun Outdoors". It contains many fishing, camping, cooking and travel tips.

Two Texans, both Admirals in the Texas Navy, are England bound in an 18-foot boat powered by outboard motors.

The 4,200 mile voyage will be made in a fiberglass cabin cruiser, the newest product of the Whitehouse Boat Co. of Fort Worth. Whitehouse calls it The Lark Liner. The Admirals have named it The Dream Girl. It is equipped with two 35-hp Buccaneer motors, made by Gale Products Co. of Galesburg, Ill. Special tanks have been installed in the stern of the boat to provide for 420 gallons of gasoline.

JAMES PIRTLE and Roy Sutter are the two ocean-crossing Texans who are making the long voyage out of Cambridge, Mass. They expect to make the trip in 10 days.

Next time you land one of those big yellow cats and want to make it into one of the juiciest meals, drain the blood through his tail before you cut him up.

Usual procedure is to make the kill with an ice pick through the top of his head, between the eyes, then slice off the tail just above the tail fin and hang him up by his head. All the blood then will drain through the tail and make for better looking, better tasting meat.

Most fishermen skin the catfish before storing in the deep freeze. But not many of them skin their bass.

Here's how one fellow does it. He follows the usual procedure of removing the fish's insides and head—but he doesn't scale it. Instead he wraps the fish in foil, with scales on, and drops it in the deep freeze. Then when he is ready to cook he peels the skin, scales and all, off the fish, much like you skin a catfish. Much quicker, much easier than scraping off the scales, he says, and better eating too. Ever try it?

# Playoffs set for Pony, LL

## Dodgers still press Sox for league lead

The Yankees play the winless Tigers tonight in a game that will have no bearing on the Little League championship, since both teams are out of the running.

Saturday night, the league-leading Red Sox play the Tigers, and the second place Dodgers tangle with the Yankees.

Next Tuesday night, it'll be the Yankees vs. the Red Sox, and on Thursday, July 17, the Little League teams will end regular season play with the two top teams—the Red Sox and Dodgers—meeting, and the Yanks squaring off against the Tigers.

**SOX HALT DODGERS**  
Brown Bros. Red Sox knocked off the First National Bank Dodgers, 14 to 6, Tuesday night to go back into the Little League lead.

The Red Sox had lost to the Yankees Saturday night to drop into a first place tie with the Dodgers.

Wally Shumate pitched the win for the Sox, keeping eight Dodger hits well scattered. D. Johnson was the losing pitcher, relieved by Larry Lusby in the fourth.

J. C. Demming homered in the Red Sox' big fourth inning, in which they scored nine runs.

### men from here at ROTC camp

Two Post men, Cadets Gaines V. Scott and John F. Lott Jr., are attending a six-week summer camp at Fort Hood, Tex., under the Reserve Officer Training Corps Program.

Scott is attending under the Hardin-Simmons University ROTC program and Lott under the Texas Tech ROTC program.

Scott, whose wife, Jo Ann, and parents, Mr. and Mrs. Charlie R. Scott, live on Route 1, is a 1954 graduate of Southland High School.

Lott, whose wife, Jeri, and whose parents live in Post, is a member of Phi Gamma Delta fraternity and the Scabbard and Blade Society at Texas Tech. He is a 1955 graduate of New Mexico Military Institute, Roswell.

#### ENJOY WATER SKIING

Four couples, Mr. and Mrs. C. E. Gezer, Mr. and Mrs. H. C. Gribble, Mr. and Mrs. Glenn Huffaker and Mr. and Mrs. Elmer Booth enjoyed an outing to the Colorado Lake over the holiday weekend, where they skied and went boating.

### Civic Lubbock, Inc. has 'Auntie Mame' as season lidifter

Civic Lubbock, Inc., has announced that the Broadway comedy hit, "Auntie Mame," has been signed to open their third season at the Lubbock Auditorium. The show will be presented at 8 p. m. on Oct. 24 and 25 with a special matinee set for 3 p. m. on Saturday, Oct. 25. Sylvia Sidney, motion picture, stage and television star, will be seen as the hilarious comedy character "Auntie Mame."

"Auntie Mame" first appeared as a book in 1955, and immediately topped all "best-seller" lists. Soon after the publication, Jerome Lawrence and Robert E. Lee adapted the show for New York and it has been Broadway's biggest hit ever since.

The 24 scenes were designed by world famous Oliver Smith, and the entire production was directed by Morton Da Costa of "No Time for Sergeants" and "The Music Man" fame. Travis Banton designed Miss Sidney's fourteen gowns while Noel Taylor created the costumes for the rest of the cast of 30.

The production to be seen in Lubbock will be an exact duplicate of the New York one as far as scenery, lighting and costumes are concerned. The rest of the cast has not been announced, but it will include some of New York's most prominent actors and actresses.

#### Post girl student in school in Virginia

Mr. and Mrs. Joe Taylor and Charlotte Kay have returned from Fishersville, Va., where they carried Helen Verne Taylor to enroll in the Woodrow Wilson Vocational School, which is a branch of the University of Virginia.

En route to Virginia, the Taylors visited in Dallas with Jo Ferne Taylor, who is a student in St. Paul's School of Nursing.

#### EXCHANGE VISITS

Mr. and Mrs. O. B. Taylor and Linda spent Tuesday night and Wednesday of last week with Mr. and Mrs. C. B. Taylor and daughters and Mr. and Mrs. Bill Scott in Lubbock. Over the Fourth and the holiday weekend, the C. B. Taylors and Scotts and Mr. and Mrs. D. C. Taylor and family of Lubbock visited here with O. B. Taylors.

A daughter, Rose Mary, to Mr. and Mrs. Encarnacion Gutierrez; June 26.

TRIPPING THE RAILS IN A CAR - Los Angeles, Calif. - Here's an auto that's at home on a railroad track or a highway. It's called the Fairmont Hy-Rail Motor Car and it has been in use, by the Southern Pacific, on railroad tracks and on regular streets, for about a month. The car is said to be useful in line inspection but with highways becoming more crowded by the day—who knows where it might lead.

VIKING RENDEZVOUS - New York - The sixty-nine foot ancient car and sail-propelled Viking vessel used in Kirk Douglas' production, "The Vikings," provides sharp contrast to Norway's most modern ship, The Stavangerfjord of the Norwegian-American Line, as they rendezvous off the Statue of Liberty in New York harbor.

### Spot treat for cheapest control Johnsongrass

COLLEGE STATION - The newest, easiest, cheapest and most effective way to control Johnsongrass in row crops is to spot with oils or dalapon, according to Fred Elliott, extension cotton work specialist.

Many naptha oils and oil mixtures are satisfactory for the crown treatment of established Johnsongrass, while dalapon may be applied to the foliage and terminal swirl, says Elliott. Naptha may be used for cool weather treatment but a 50-50 mixture of Naptha with kerosene or diesel is recommended in hot weather.

Oil-soluble dinitro and other proven fortifiers can be added to diesel fuel oil or kerosene according to the manufacturers' directions to increase the effectiveness of these oils. Diesel fuel oil or kerosene fortified with one per cent pentachlorophenol by volume is usually as effective in killing Johnsongrass as the naptha-type oils used alone.

Several kinds of sprayers may be used to apply these oils, points out Elliott. The Texas gravity sprayer is best suited for crown-treatment of 6-inch Johnsongrass sprouts in crops when a free flowing oil is used. The Texas slide-gun is for coarse work such as the non-selective spraying of thick stands of Johnsongrass in spots sparse enough for the crop in the spot to be sacrificed.

The Texas jetgun permits efficient, economical and selective treatment of sprouts in row crops with either oil or water sprays. It is a squirt gun and works like a water pistol. It can be used to hit a target varying in size from a dime to a dinner plate.

County agents have full information on spot oiling Johnsongrass, the materials and equipment to use and where they can be obtained.

#### AT LAKE THOMAS

Mr. and Mrs. Corkey Ammons and Mr. and Mrs. B. W. Condon and children of Big Spring, spent July 4th at Lake Thomas fishing.

#### VISITS PARENTS

Ruby Mason of Plainview was here recently for a visit with her parents, Mr. and Mrs. L. R. Mason.

#### ENJOY BARBECUE

Mr. and Mrs. Ralph Dean and children, Mr. and Mrs. B. J. McKamie and children, Mr. and Mrs. Raymond Jenkins and children, and Mr. and Mrs. Jack Hair and children enjoyed a barbecue at the City-County Park on the Fourth.

#### RECENT GUESTS

Guests of Mr. and Mrs. Quannah Macey and Mr. and Mrs. Noel White last week were Terri and David Sinclair of Abernathy. They returned home Sunday and Mrs. Macey and Diane remained in Abernathy for several days visit.

#### ATTEND RODEO

Mr. and Mrs. James Dye and Donna and Ed Dye visited in Clairemont Friday with Mr. and Mrs. Elwood Byrd and family. James, Ed and Woody Byrd went on to Stamford where they attended the rodeo.

#### SYLVIA VISITORS

Sunday afternoon guests of Mr. and Mrs. L. C. White were her cousin and his wife, Mr. and Mrs. Merlin Brown of Sylvia. Also visiting were Mr. and Mrs. J. W. Brown and Mr. and Mrs. A. O. Rosenbaum and Imogene.

#### SUPPER GUESTS

Friday night supper guests of Mr. and Mrs. Carter Gene White and daughters were Mr. and Mrs. Hardy Smith and Mr. and Mrs. L. C. White and Mrs. Maud Thomas.

#### WEEKEND GUESTS

Mr. and Mrs. A. E. Reese of Hereford visited with Mrs. Alma Veach and Sandy over the weekend. A Friday visitor was Mrs. Ethel Bailey of New Mexico.

#### VISITS IN MIDLAND

Mrs. Ed Dye returned Saturday from several days visit in Midland with her daughters and families, Mr. and Mrs. Bob Turney and children and Mr. and Mrs. V. A. Lobban Jr.

India reports a dip in cotton exports.

#### HOLIDAY GUESTS

Holiday guests of Mr. and Mrs. Sexton Huntley were their daughter and family of Hartington, and Mrs. Paul Clark and children. Mrs. Huntley's parents and sister, Mr. and Mrs. G. E. Leonard and George Mayfield of Lovelock, their son, Glenn, who is studying in Albuquerque, N. M., and other of his friends, and Jim Huntley of Harrison, Ark.

#### ODESSA VISITORS

Mr. and Mrs. H. D. Holt of Odessa spent last week here visiting the J. W. Phillips and other relatives and friends.

## GOSPEL MEETING

JULY 18 THRU 27

AT THE CHURCH OF CHRIST LOCATED AT 115 W. 14th STREET IN POST, TEXAS

#### SPEAKER:

**LESTER HATHAWAY**

SERVICES AT 7:30 EACH NIGHT  
10:30 EACH SUNDAY MORNING

"Men and Brethren, What Shall We Do?"—(Acts 2)

When the apostle Peter rose in the midst of confusion on the day of Pentecost to proclaim the Gospel of Christ to those who had ignorantly slain the Son of God, the Word which he preached convicted them in their sins. Realizing their perilous position they cried from the heart—"Men and Brethren, what shall we do?" Peter answered by preaching unto them God's plan of salvation.

So it is even today. Until such a time as we are saved by obeying the Gospel of Christ, our position is no less perilous than was theirs before their conversion.

The purpose of this series of Gospel Meetings is to preach again the same saving Gospel the apostles preached beginning at Jerusalem. The purpose will be the same, to "Preach the Word," to tell people how to be saved by obeying the Word of God.

We invite You to Attend This Series Of Meetings And To Study With Us From God's Word.

**ALL ARE WELCOME**

## FORREST FINANCE PLAN

### REVOLVING CREDIT PLAN "RCP" FOR OPEN CHARGE ACCOUNTS

#### 1. What is Forrest's "Revolving Credit Plan"?

It is a new service for those who prefer to pay a set amount monthly on purchases from Forrest. It works exactly like a regular charge account except the Customer has a longer time to pay.

#### 2. What may be bought on Forrest's Revolving Credit Plan?

Any merchandise Forrest sells, providing that the price, plus the balance on the account, does not exceed the balance limit agreed on.

#### 3. When may additional purchases be made?

At any time . . . up to the agreed on total balance.

#### 4. What size account is available?

If you pay each Month	\$10	\$15	\$20	\$25	\$30	\$35	\$40	\$50
You may carry a balance up to	\$80	\$120	\$160	\$200	\$240	\$280	\$320	\$400

#### 5. May more than the scheduled amount be paid at one time?

Certainly. This will increase the amount that may be added-on.

#### 6. Can the total limit ever be increased?

Yes, with the approval of the Credit Manager.

#### 7. What happens when the entire balance is paid off?

The card stays in the file, waiting your next purchase. During this time there is no service charge or payments due.

#### 8. Is there any charge for this service?

Yes, there is a small charge added each month. It is 1% of the outstanding balance at the statement time. If the outstanding balance is \$90.00, for example, the service charge would be 90c.

#### 9. What is the purpose of the RCP Identification Card?

The card will allow purchases without having to visit the Credit Department each time you wish to add something to your account.

It Pays To Trade At Forrests

**OPTOMETRY: The Art and Science of Visual Care**

**Sun glasses—GOOD or BAD?**

Many people ask optometrists every day "is it all right if I wear sunglasses?" The answer isn't exactly simple. Certain conditions of vision require sun lenses while others definitely do not.

Light-sensitive vision (photophobia) often is a sign of infection in or near the eyes or in other parts of the body. If sun lenses are used in these cases, the real trouble might merely be covered up and the cause not discovered.

Sun glass problems should be carried to your optometrist. Only by a thorough visual examination can he answer the question: "Are Sun Glasses Good or Bad for Me?"

THIS MESSAGE PRESENTED IN THE INTEREST OF BETTER VISION BY

**South Plains Optometric Society**

AFFILIATED WITH THE TEXAS OPTOMETRIC ASSOCIATION

**About Your HEALTH**

A weekly public service feature from HENRY A. HOLLE, D. D. M. D., Commissioner of Health.

With the blanks unfilled, Form Number 68-R573 is nothing but rows of cold and impersonal lines of type on a printed page.

It is only when a doctor enters a boy or girl's name, or a man or woman's... an age... an address... a telephone number... that Former Number 68-R573 relates its story of personal tragedy and human error.

Form Number 68-R573 is impressively titled "Polio Myelitis Surveillance Case Record." More simply it is the State Health Department's way of keeping checks on victims of the disease which by all right of reason should be practically a thing of the past.

Seventy-two times so far this year the form has lost its impersonal character and become grimly personal. At first blush you may think 72 cases of polio among some eight million Texans is an insignificant number.

**BUT IS IT really? Can even a single case be "insignificant" when it costs an active youngster the use of arms or legs, or an adult the ability to support a family?**

The thing that heightens the tragedy is that it might have been avoided. That's where the human error, or "apathy," or "ignorance" comes in.

Like a 37-year-old North Texas man who firmly insisted that all four of his children be properly vaccinated, while at the same time complacently considering himself too old to be in danger. Now his name, age, address, and telephone number fill blank on Form Number 68-R573. There is also a check mark in the "bulbar" square on the form.

**OR LIKE THE 13-year-old Little League infielder and his 3-year-old sister, neither of whom had had a single shot of vaccine. It would have added hurt to injury to ask their parents why.**

This human error—and that is the charitable name for it—has caused one major manufacturer of Salk vaccine to discontinue production of the vital fluid for which parents all over the nation were piously praying just a few short

bert Craig home Sunday afternoon.

Mrs. Ed Bates and Mrs. W. H. Childs served refreshments to the Brotherhood men Monday night.

**Household insects is subject new bulletin**

COLLEGE STATION — Insect activity usually increases as the weather becomes warmer. Flies, ants, mosquitoes, moths and other insects endanger health, feed on fabrics, contaminate food and are general nuisances. Up-to-date control measures are needed to fight these insects. A leaflet compiled by extension entomologists offer directions for choosing and applying insecticides.

The bulletin, "Texas Guide for Controlling Household Insects," classifies all major pests except the termite into specific categories relating to type of damage. Insects are illustrated for easy identification, and concise control measures are given for each insect. Also listed are some important cautions to observe in using insecticides.

Copies of the "Texas Guide for Controlling Household Insects" are available from your county extension agent's office.

**Revival at Grassland is to begin Monday**

Willard May, minister of Highland Church of Christ in Abilene, will do the preaching in a meeting at the Grassland Church of Christ beginning July 13 and continuing through July 20. Weekday services will be at 7 a. m. and 8 p. m. daily.

Malcolm Young of the Grassland community will lead the song services.

Minister of the Grassland church is Wendell Huddleston, former resident of the community, who teaches school at Andrews.

## Farm Safety Week in nation is proclaimed

COLLEGE STATION — "The health, prosperity, and well-being of our rural families are vital to the strength of the Nation and accidents suffered by rural residents result in thousands of deaths and injuries each year and constitute a serious social and economic problem," said President Eisenhower in his proclamation announcing National Farm Safety Week for 1958.

In setting the week of July 20 as Farm Safety Week, the President also said, "Experience has shown that these accidents can be reduced through educational programs directed toward safety precautions in the homes, in the fields, and on the highways of the Nation. I, therefore, call upon the people of the Nation to observe Farm Safety Week and urge all farm families and all persons allied with agriculture to join in a continuing campaign to prevent needless accidents."

The Texas Farm and Ranch Safety Council has pledged their support to this campaign and join the President in requesting all persons and organizations interested in the welfare of farm people to participate in National Farm Safety Week activities.

In the United States last year, almost 13,000 farm people lost their lives in accidents and more than a million suffered injuries. The Texas Farm and Ranch Safety Council suggests that a little checking be done in every neighborhood for the purpose of finding and eliminating accident hazards.

"How many persons do you know who have suffered crippling injuries and how many neighbors are gone forever because of an accident?"

"Only by finding the cause and then making sure the same mistake isn't made by someone else, can we cut the farm and home toll of accidents," say the Councilmen. "Safety," they point out, "works for you when you work for safety."

Don't tempt fate in '58 but put safety to work on your farm. It will save you time and money, and could save your life or a member of your family. Safety is that important, conclude the Councilmen.

## Bulletin available on small grains

COLLEGE STATION — Small grains occupy a unique place in Texas agriculture because they are suited to so many uses and are grown from the 50-inch rainfall belt and mild climate of Southeast Texas to the 15-inch rainfall belt of Northwest Texas where winter temperatures are often very severe.

They are used extensively as grain and forage crops in Texas. The combined acreage of wheat, oats and barley generally exceeds six million.

Statewide small grain tests have been conducted to provide information on the best varieties to grow in the several areas, and to provide a means for final testing of experimental strains before they are named new varieties and distributed to growers.

Because of the wide diversity of climate under which the crops are grown and tests conducted, the state is divided into seven areas.

Results and conclusions derived from these tests are summarized in a bulletin just released by the Texas Agricultural Experiment Station entitled "Performance of Small Grain Varieties in Texas, 1949-57."

Yields of experimental strains are not included in the bulletin—only yields of commercial varieties are covered.

Some of the topics included are growing areas and test locations; climatic conditions and soil types; field design of tests and experimental data. It contains information on barley, oats and wheat.

It's The Director's Birthday

Members of Post's Golden Age Club helped their director, Mrs. G. D. Ellis, celebrate her birthday at last Thursday's meeting at "Antelope Alley." Near the center of the table

is a large birthday cake. Before serving themselves buffet at the members sang "Happy Birthday" to their club director.—(Staff Photo)

# Post's Golden Age Club is growing

One of Post's newest and most "up and coming" organizations is the Golden Age Club, which meets at 11:30 a. m. every Thursday at "Antelope Alley," also known as the old band hall.

The members like to refer to themselves as "senior citizens" of Post and Garza County. Some are longtime residents of the city and county. Others have moved here more recently.

"We meet at 11:30, eat lunch and then stay until we get ready to go home," one member told a reporter who was a guest at last Thursday's meeting.

Some, who have work to do, manage to get away a little before one o'clock. Others, with time on their hands, stay around to play "42" or dominoes or just sit and visit with one another.

"Membership is open to anyone who considers himself a 'senior citizen,'" said Secretary E. E. (Ernest) Pierce. "When someone wants to join, we don't make an issue about his or her age. We just want to know whether or not they consider themselves a 'senior citizen'."

There are no dues, but there is a "kitty" on the secretary's table near the entrance, and contributions are welcomed.

"It takes a little something, of course, to keep our club going," said one member.

The food for the luncheon is provided by covered dishes brought by the members.

There's also a transportation committee which sees to it that

members get rides to and from the meeting. "All they have to do to get here is to let us know that they want to come," said a member of the committee.

The Golden Age Club's organization was sponsored by the Post Lions Club, with Lion Homer McCrary as the chairman.

As the club grows, diversions other than dominoes and "just visiting" will be incorporated into the program, the secretary said. At last Thursday's meeting, all members with hobbies were asked to bring samples of their work to this week's meeting.

Three new members added last Thursday brings the membership roll to 29. The new members are Winnie Henderson, Vi Terry and Mrs. Albert Sparlin.

Officers other than Pierce are Mrs. G. D. Ellis, director; Mrs. Eva Bailey, vice director; Mrs. El-

la West, reporter; Mrs. E. E. Pierce, pianist, and Mrs. Maudie Pettigrew, song leader.

Other members are: G. D. Ellis, Della Bilberry, Dollie McCrary, Jim McMahon, Patty Foster, Ola Keeton, Fannie Robinson, Betty Lee Neal, L. T. Askins, Mr. and Mrs. G. N. Leggett;

Also, D. C. Roberts, Mrs. Verna Roberts, J. A. Johnson, Walter Smith, Guy Samples, Lacy Richardson, Dean A. Robinson, Cecil Stowe and Mrs. B. D. Robinson.

Several months ago, the old band hall was converted into "Antelope Alley" for Post's younger set. But there couldn't be a younger-in-heart group making use of it than the Golden Age Club members who were gathered around the piano singing "Blest Be the Tie" last Thursday as their reporter-guest made his departure. He was one of those who had to be back to work at 1 o'clock.

## Put valuables in order before vacation trip

COLLEGE STATION — Planning a family trip? If so, extension home management specialist suggest you put aside the road maps and travel folders long enough to place valuable household papers in order.

Loss of valuable papers from theft, fire or carelessness could spoil your vacation. A safety deposit box at your bank is one of the best places for wills, stocks and bonds, insurance policies, family records of birth, marriage, citizenship, military service, deeds, leases, promissory notes and other documents.

A household inventory is another valuable record. Before leaving on your trip, make duplicate copies or bring existing ones up-to-date. One copy can be placed in the bank box and the other kept at home. You'll be glad you did if you have to settle a theft or fire claim.

Take with you a list giving the name of your automobile insurance and hospitalization insurance companies. Include the number of each policy and the names and addresses of the agents.

If you carry travelers' checks, don't forget to make one or more lists of check numbers to be carried separately from the checks.

## West Texas students resume classwork

CANYON — After a long July 4th weekend, students of West Texas State College returned to the campus Monday to begin the final week of the first term of summer school, and final examinations are scheduled July 11.

Registration for the second term will be held July 14, and class instruction starts July 16. Summer commencement exercises will be held Aug. 22 in Buffalo Stadium.

## HOLIDAY GUESTS

Holiday guests in the home of Mr. and Mrs. Curtis Williams, Leean and Andy, were her sister and family, the Dolan Dempseys of Seagraves.

## Convalescent home is opened in Post

The Garza County Convalescent Home has been opened here at 105 West Third Street by Mrs. Cummings. Mrs. Cummings said today there are four patients at home now and openings for more. She invites those contemplating entering a convalescent home to visit and inspect the premises. Rates will be quoted on request, she said.

## RECOVERING NICELY

Edsel Cross is reported to be recovering nicely from surgery he underwent in the Lubbock Methodist Hospital, Thursday. He returned home last Wednesday.

## New enlistment times set for women Marines

T-Sgt. Art Candelaria, NCO in charge of the Marine Corps recruiting sub-station, Lubbock, has announced that women may now enlist in the Woman Marines for two, three or four years.

The requirements for women enlistments are: age, 18 through 30 years, must be single and be a high school graduate.

Upon enlistment the women are sent to Parris Island, S. C., for eight weeks of recruit training, after which they come home on a 15-day leave, and then are assigned to one of the many posts and stations of the Marine Corps for either school or duty, here in the U. S. or Hawaii or Europe.

Sgt. Candelaria also said that women may now enlist in the 120-day delay plan now being offered by the Marine Corps.

For information about the Women Marines, call PD-2-8181 in Lubbock or write to the Marine Corps Recruiting Sub-Station, PO Box 127, Lubbock, Texas.

## FROM LORENZO

Miss Mae Rankin of Lorenzo visited recently in the J. F. Barrow home in the Close City community.

It's Your Play!

These Golden Age Club members, two of Post and two of Slaton, are just getting under way with a game of "42" following last Thursday's regular weekly luncheon at the

club here. From left to right are Lacy Richardson, Post; Mrs. Euline Atnip, Slaton; Mrs. Annabelle Tucker, Slaton, and G. D. Ellis, Southland. — (Staff Photo)

## SOME GO FISHING

### Barnum Springs folks visit, have company over holiday

By RUTH ANN LONG

Visiting in the Tom Sims home the 4th of July were Mr. and Mrs. Joe Harding and Roy Davis of Lubbock, Mr. and Mrs. Jack Ham and family of Big Lake, and Mr. and Mrs. J. Martin Basinger and children of Slaton. They also celebrated Jay Ray Basinger's birthday.

Fourth of July guests in the Avery Moors home were Mr. and Mrs. E. K. Haynes, Mr. and Mrs. Clyde Haynes and family of Justiceburg and Mr. and Mrs. Joe Bill Haynes of Dattl, N. M.

Mr. and Mrs. Pete Pennell and family spent the Fourth at Lake Thomas.

Mr. and Mrs. Harden Reed and family visited her mother and brother of Levelland Friday and Beverly Reed returned home after spending the week with Brenda Cash.

Mrs. AND MRS. Gene Gruton of Wilson visited her parents, Mr. and Mrs. Rex Welch recently.

Mr. and Mrs. Jack Beavers and family visited Mr. and Mrs. Tom Henderson Thursday.

Mr. and Mrs. Fred Hemphill and family of Lubbock were Sunday guests of the W. H. Bartons.

Mr. and Mrs. George Glazier of Lubbock and Mr. and Mrs. Novis Pennell of Hereford visited the O. F. Pennell family Friday.

Mrs. Bill Long and Ruth Ann visited Mrs. Tom Henderson Thursday afternoon.

SPENDING THE week with their niece, Mrs. Avery Moors, are Mrs. Alice Bowen of Tyler and Mrs. Nora Ferguson of Houston. Mr. and Mrs. Jack Ham and children of Big Lake are spending

the week with Mr. and Mrs. Tom Sims.

Mr. and Mrs. Bill Long and Ruth Ann went to Lake Thomas the afternoon of the Fourth.

Mrs. Arda Long of Post, Mrs. Roger Hensley of Grassland, Mrs. Byron Haynie, Mrs. Tom Henderson, and Mrs. Ray Hodges visited Mrs. Bill Long Sunday afternoon.

Jack and Jerry Rains of Post visited the Harden Reeds Saturday.

## Music camp will be held at WTCC

CANYON — Places for about 100 more high school bandmen remain open for the sixth annual West Texas Music Camp, scheduled Aug. 3-15 at West Texas State College.

A limited enrollment of 300 is accepted each year for the camp, which features two weeks of concentrated instrumental, choral and twirling study. Each student participates in one of three or four bands, in choir, or in twirling and drum majoring classes, as well as small ensembles and private lessons.

Three bands will be formed, according to David L. Kaplan, camp director, and a fourth, or reading band, will be composed of students interested in playing new materials.

## LEFT FRIDAY

Mr. and Mrs. Ira Farmer left Friday afternoon for a vacation trip to Missouri, where they will visit his father.

RAY HOUPT  
Candidate For State Representative  
90th District

THIS IS HOW  
RAY HOUPT  
STANDS ON THE LEADING  
ISSUES OF OUR STATE

## 1. Party Registration

Ray Houpt believes in a real two-party system in our state government. This can be assured by party registration law—to keep Republicans out of Democratic Primaries.

## 2. Taxation

Ray Houpt will demand that the state budget be balanced with income or sales taxes by shifting the bulk of the tax burden on out-of-state buyers of Texas' natural gas. A severance tax of per thousand cubic feet would raise \$75,000,000 annually, 70% of which would be paid by out-of-state users. If the state needs more than 75 million extra per year they could increase the tax on liquor, cigarettes and gasoline to raise the additional revenue needed. There should be serious consideration given to eliminating some of the services furnished by the state. It is high time we start economizing in government at all levels since more than 30 per cent of the peoples income is collected in taxes of one form or another.

## 3. Utilities Commission

Ray Houpt will fight for a state Utilities Commission with power to regulate rates; Texas and Iowa are the only states that do not have a Utilities Commission to help the towns and cities of the state in disputed rate cases.

## 4. Insurance Reforms

Ray Houpt advocates an insurance reform law with a 10% moratorium on new life insurance companies in Texas. For existing capital and surplus from \$100,000 each to \$500,000. Require any company that has a charter to have agents in the field, producing a certain amount of insurance each year. Insurance company that is not writing insurance is not an insurance company, but is using its charter for a tax dodge.

## 5. Lobby Control

Ray Houpt will demand the present weak lobby law be strengthened.

## 6. Rural Issues

Ray Houpt favors continuing the Farm to Market road program under local control, will oppose converting the tax money for new roads into the maintenance of existing roads.

**Former resident of county dies Sunday at his home in Slaton**

**MRS. EARL MORRIS** Shelton, 84, passed away at his home in Slaton. The family lived in Garza county a number of years before moving to Slaton. He is survived by his children Mrs. Alma Hill of Slaton, Mrs. Bertha Burks of Slaton, Mrs. G. Shelton of Springer, Mrs. G. Shelton of Taft, Calif., Mrs. O. Shelton of Lubbock, Alvin Shelton of Slaton; a number of grandchildren and great-grandchildren. Mrs. Shelton preceded her death a number of years ago.

and Mrs. Herman Klesel children. Mr. and Mr. Fred Weimar spent the week-end at the Klesel family. Ed Stewart was unable to attend as he was ill.

and Mrs. W. A. Pritchard spent the weekend of the week-end visiting her parents, and Mrs. W. E. Baneford in Anna. While there they attended the Centennial Celebration of the county. Robert stayed an extended visit with his parents.

and Mrs. Kenneth Davies children and Kelly Jo Myers the Fourth at Lake Thomas.

WCS ladies met in the church Monday afternoon with Paul Winterrowd as program leader. After a business session, Mrs. H. V. Wheeler presiding, Mrs. Bean held an installation for the newly-elected officers.

Lusby Kirk reports there were 58 in Sunday school at the church Sunday.

**WU MET** last Tuesday in the home of Mrs. Ed for their monthly program but was unable to attend. Mrs. Lusby Kirk substituted as leader. There were present, and it was decided to meet once a month during the year.

and Mrs. Noble Wynn visited Miss Edith Wynn in over the weekend. Miss has been ill.

Rev. and Mrs. J. L. Gary of Lynn of Roswell, N. M., Friday night with her parents. Earl Morris, Saturday attended the funeral of Barbara, J. L.'s cousin, in Post, who was killed in an auto accident.

Bob Conner of Slaton is

visiting his grandparents, the Howton Haires.

Mr. and Mrs. J. W. Minton and two daughters of Pomona, Calif., are visiting her brother and family, the Weldon McGehees, Sunday both families visited their parents, Mr. and Mrs. Ben McGehee in Lubbock.

Mr. and Mrs. Norman Bruster of Slaton were Saturday guests of the W. A. Basingers and Mrs. Bruster.

Mr. and Mrs. S. M. Truelock and Jane attended a Truelock reunion in Plainview Sunday. About 75 people met in a park and enjoyed lunch and an all-round visit together. Among those attending were John Truelock of Houston, Mr. and Mrs. Ferrel Truelock of Dimmitt, Mrs. Sallie Hillin of Longview, and their families. The Truelock's daughter, Mrs. Eva Terry, who lives in Lubbock, spent a few days in a hospital last week.

A. F. Davies visited his son, Winston and family at New Home last week.

**NED AND BETTIE** Sue Myers of Dyess Air Force Base brought their new daughter, Nedra Sue, to spend the weekend of the Fourth with Ned's parents, the L. J. Myers and Kelly Jo. Other weekend visitors were Ben Pope of Marshall and Ray Willoughby of San Angelo.

Mr. and Mrs. Alfred Basinger and Don recently spent 10 days fishing at Possum Kingdom. Their son, Harlan and family of San Antonio, met them there and they all report a very enjoyable outing. A grandson, Ronnie Basinger, returned home with them. En route home they visited Mrs. Basinger's sister, Mr. and Mrs. Hugh Simpson in Big Spring.

Mr. and Mrs. Sammy Walls, Anita and Vickie of Buras, La., are visiting her parents, the M. C. Edmunds, and other relatives this week.

Mr. and Mrs. Raymond Gatzki, Danny, Mark and David, returned last week from a sight-seeing trip in Texas. They went to San Antonio where they visited the Alamo; and visited Alice, Brownsville, Austin, where they went through the State Capitol; to Brownwood and on to Brownwood Lake. They returned home fully convinced we have the best part of Texas.

**MR. AND MRS. HILL** Corbell and Pat of Kerrville are visiting his mother, Mrs. L. L. Corbell and Bunyan. Other guests during the week were Mrs. Lowell King, her daughter, Mr. and Mrs. Warren Thomas of Hale Center, Mr. and Mrs. Dwight Corbell and daughters of New Home, Mr. and Mrs. Cody

**Lions Gavel Changes Hands**

Lynn W. Duncan (right), new president of the Post Lions Club, is receiving the gavel from outgoing president Al Norris. At the left is County Judge Pat N. Walker, who was the installing officer. Duncan and other Lions

officers were installed at a Ladies' Night program at which Dr. P. D. O'Brien, Big Spring Baptist minister, was the speaker.—(Staff Photo)

**GRAHAM COMMUNITY NEWS**

**Z. G. Sherry, former resident of county, dies at Brownfield**

By MRS. DILLARD THOMPSON

The community was grieved over the holiday weekend with the death of a relative, friend, and former resident, Z. G. Sherry of Brownfield, and also the death of Barbara Gary of Post, classmate and friend of everyone.

Rev. and Mrs. Douglas Gossett and children of Wiley were guests last Monday of his parents, Mr. and Mrs. Fred Gossett. He returned home while Mrs. Gossett and children remained here for a visit with the Gossetts and her parents, Mr. and Mrs. R. L. Cummings.

Guests this weekend in the Gossett home were Mr. and Mrs. Jason Justice of Petersburg.

Mr. and Mrs. Glenn Davis and Carol attended singing last Wednesday night at the Gordon Church of Christ.

Recent guests of Mr. and Mrs. Elgie Stewart were their daughter and family, the Howard Adams of Oklahoma. Mrs. Harvella Mason and baby accompanied them here after a month's visit in their home.

Mrs. Roy Ethridge returned home Sunday from Temple, where she has been with her mother, who is seriously ill.

Those observing the Fourth in the Jimmy Doggett home were Mr. and Mrs. Hugh Blevins and daughters of Abilene, Mr. and Mrs. Walter Crider and Mrs. J. W. Crider of Post. Sunday guests were Mr. and Mrs. Lloyd Doggett and boys of Austin.

Mrs. Jess Propst visited Monday afternoon with Mrs. Virgil Bilbo and children.

Those attending the funeral in Brownfield Friday for Z. G. Sherry were Mr. and Mrs. Carl Fluitt, Mr. and Mrs. Elmo Bush, Mr. and Mrs. Elva Peel, Rhea and Beth, Mr. and Mrs. Grover Mason, Mrs. Glenn Barron, Mrs. Jimmy Hutton, Mr. and Mrs. Ray McClellan, Mr. and Mrs. Chester Morris and family, Mr. and Mrs. Walter Jones, Burnice Jones, and Mr. and Mrs. Hal Jones and children.

Mr. and Mrs. George Ramage visited at the Levelland Hospital Saturday with his brother, who is a patient there.

Mr. and Mrs. Harlan Morris and children enjoyed an ice cream supper Sunday afternoon with his parents, Mr. and Mrs. W. C. W. Morris.

**OBSERVING THE Fourth**

at Brownfield in the home of Mr. and Mrs. Alvin Davis and son were Mr. and Mrs. Glenn Davis, Mr. and Mrs. Elvys Davis, Jerry, Stephanie and Patricia.

Jerry Bush accompanied his grandparents Mr. and Mrs. J. M. Bush to Brownwood Monday for a fishing spree. Others going were Mr. and Mrs. L. G. Thuet Sr. and grandson.

Mr. and Mrs. Elmer Dee Jones and children returned home Sunday from a visit in Phoenix, Ariz., with her parents.

Kenneth Howard accompanied Mrs. Jackie Miller to Dallas Thursday, where they visited Mrs. Miller's relatives and daughter, Ruth.

Mr. and Mrs. Orville Morris and children of Tullia attended the funeral Saturday of Barbara Gary in Post and were weekend visitors in the D. C. Morris and Dillard Thompson homes. Other Sunday visitors of the Thompsons were Mr. and Mrs. Ambers Parrish and Mr. and Mrs. D. C. Morris and Shelia, Judy Stovall, Kay Gordon, Mary Lois Jones, Lois Edwards and Delwin Fluitt.

Sunday dinner guests in the Lenzie Peel home were Mr. and Mrs. S. D. Lofton, Mr. and Mrs. Delmer Cowdrey and Clarky, Mr. and Mrs. Glenn Davis and Carol; afternoon guests were Mr. and Mrs. Elmer Cowdrey and grandsons, James and David Sparlin, Mr. and Mrs. Lefty Hargrove and Mr. and Mrs. Alvin Davis and son of Brownfield.

G. T. and Tommy Mason are on vacation in the El Paso home

**MR. AND MRS. Herbert Howard**

attended church Sunday morning at the Church of Christ. They were on route home to Borger from Midland. Mrs. Howard is a niece of the Maxeys.

Those attending the car races in Lubbock Sunday were Carl Fluitt, Elmo Bush, J. C. and Kenneth Howard, W. O. Fluitt Jr. and Mr. and Mrs. Leon Davis.

Mr. and Mrs. Glenn Barron of El Paso were guests last week in the home of her parents, Mr. and Mrs. Grover Mason.

Mr. and Mrs. Cletus Graves and children of Lubbock visited the afternoon of the Fourth in the Roy Ethridge home.

Thursday night guests in the Carl Fluitt home were her brother and family, Mr. and Mrs. Dale Gandy and daughter of San Angelo. Sunday visitors were Mrs. W. O. Fluitt Jr. and Sherita, Mark Fluitt, and Mrs. Elmo Bush and Rickey. In the afternoon they visited in Post with the W. O. Fluitts Sr.

of their sister and aunt, Mr. and Mrs. Glenn Barron.

**MR. AND MRS. Elva Peel** Mr. and Mrs. Chester Morris and girls, Mr. and Mrs. Walter Jones and family, and Mr. and Mrs. Elmer Dee Jones and family all visited their aunt, Mrs. Z. G. Sherry in Brownfield Sunday.

Debra Blevins of Abilene is a guest this week of her aunt and family, Mr. and Mrs. Jimmy Doggett.

Mr. and Mrs. Carter White entertained Friday evening with a supper and ice cream social. Attending were their parents, Mr. and Mrs. L. C. White, Mr. and Mrs. Hardie Smith, and Mrs. Maud Thomas.

Simeon Maxey was in Snyder Monday morning to meet Franklin who had spent the weekend in Carlsbad, N. M., visiting Miss Naomi Wersell.

Rev. H. O. Abbott spoke Sunday at the Methodist Church. He and Mrs. Abbott and daughters were guests of Mr. and Mrs. Jimmy Hutton and son.

Mrs. R. H. Rogers was a weekend guest of her sister and family, Mr. and Mrs. Elgie Stewart.

Mrs. Charles Prout and sons of Albuquerque, N. M., spent the weekend with Mr. and Mrs. Jess Propst. Other Sunday guests were Mr. and Mrs. Mutt McGaugh and Mike of Abernathy, Mr. and Mrs. Tommy Markham and children and Mrs. Nola Brister.

**VISITING IN Abernathy Sunday**

were Mr. and Mrs. Quannah Maxey, David and Terry Sue Sinclair returned home after visiting several days in the Maxey home.

Mr. and Mrs. C. R. Baldwin are in Graham, Tex., this week transacting business.

Those enjoying supper on the Fourth in the home of Mr. and Mrs. Bud Mason were Mr. and Mrs. J. W. Mason and family of Andrews, Mr. and Mrs. Gene Mason and family, Mr. and Mrs. Bob Mason and family, Mr. and Mrs. H. L. Mason and family, Mr. and Mrs. Ray McClellan and family, and Mr. and Mrs. Billy Lester and sons.

Mr. and Mrs. Maurice Fluitt attended funeral services in Morton and the burial services in Lubbock Saturday for a small cousin of Mrs. Fluitt.

Revival dates have been set at the Church of Christ for July 24 through Aug. 3; and at the Methodist Church from Aug. 22 through Aug. 31.

Mr. and Mrs. Merle Jenkins and children of Lubbock were Saturday guests of the Morris Huff family.

Mrs. W. A. Oden spent the holiday visiting her children, Mr. and Mrs. Billy Johnson.

Jane Maxey has been a guest in Roaring Springs of her grandparents, Mr. and Mrs. J. D. Green.

**MR. AND MRS. Glenn Davis** visited Saturday evening with Mr. and Mrs. Albert Stone and Mrs. A. Stone.

Mrs. Harlan Morris is helping this week with a joint Bible school being held at the Central Baptist Church. Children attending

## Four completions in county oil activities

One new location and four completions have been reported by the Railroad Commission in recent Garza County oil activity.

Joe Blalock of Longview is to drill the No. 1. I. N. McCrary in the O. S. Ranch-Glorieta field, on a 40-acre lease 14 miles east of Post. Projected depth is 2,675 feet. Exact location is 1,650 feet from north and 660 feet from west lines of Section 124, Block 5, H&GN Survey.

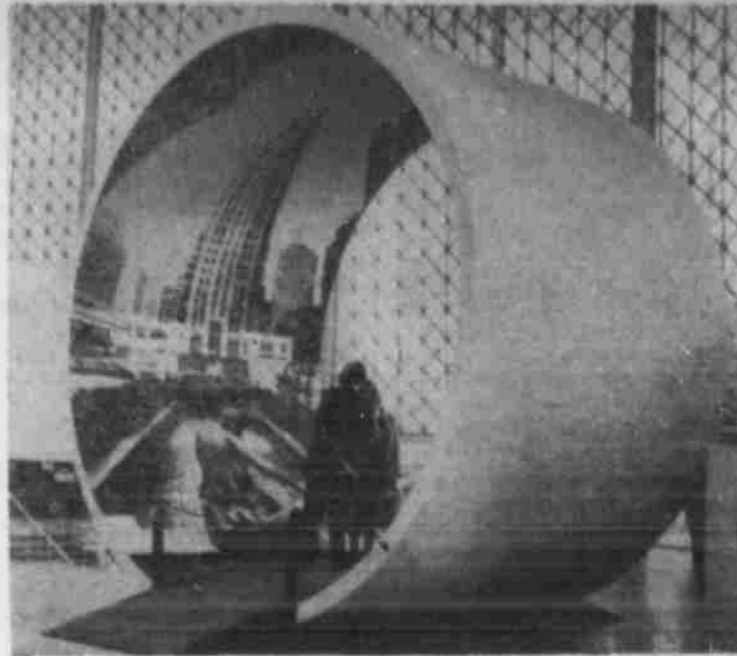

The completions are as follows: Dorward — O. L. Weakley No. 1-B C. D. Morrel, 1,650 feet from north and west lines of Section 137, Block 5, H&GN Survey, elevation 2,210, total depth 2,410, perforations 2,343-49; initial pumping potential 75 barrels of oil per day plus 50 per cent water, gravity 37.4; fractured with 7,500 gallons.

O. S. Ranch-Glorieta — Pair Oil Company No. 3-A O. S. Ranch, 2,200 feet from south and 1,800 feet from north lines of Section 3, Holmes, Divers & Long Survey; total depth 2,805 feet, top pay

2,672, 5½-inch 2,801, perforations 2,672-734; initial pumping potential 75.33 barrels of oil per day plus 35 per cent water, gravity 38, gas-oil ratio too small to measure; fractured with 2,000 gallons.

Justiceburg, Northwest Glorieta — American Liberty Oil Company No. 4-B Connell Estate, 660 feet from south and 1,980 feet from west lines of Section 131, Block 5, H&GN Survey; elevation 2,358, total depth 2,660, top pay 2,559, 5-inch 2,660, perforations 2,620-638; initial pumping potential 75 barrels of oil per day, plus 60 per cent water gravity 43, gas-oil ratio 190-1; acidized with 500 gallons.

Rocker "A" Clear Fork—R. S. Anderson No. 1 Skelly-Stoker, 330 feet from south and west lines of Section 939, Block 97, H&TC Survey; elevation 2,335, total depth 3,256, top pay 3,253, 5½-inch 3,250; initial pumping potential 95 barrels of oil per day through 10-64 choke, gravity 37, gas-oil ratio 300-1.

**CITY IN THE CIRCLE** — Brussels, Belgium — Taking an imaginary spin around New York City, a couple looks at the circular picture of Rockefeller Center. The round photo is one of the major attractions of the U.S. Pavilion at the World's Fair in Brussels, Belgium.

**CITY SLICKER** — Chicago, Ill. — Just a few blocks south of Chicago's bustling loop (background), corn flourishes under the cultivation of a city farmer and the protection of a pair of scarecrows. The "farm" is located between railroad tracks at about 10th Street in the City.

### Peaches top August's plentiful foods list

COLLEGE STATION — The U. S. Department of Agriculture urges homemakers to give peaches a prominent place on their August shopping list, for they head the August plentiful foods list.

Supplies of peaches are large and they are expected to be favorably priced for consumers. Quality also is expected to be high. Other fruit plentiful in August

are fresh and processed lemons and watermelons.

Potatoes also will be plentiful during August. There will also be a great variety of summer vegetables from market gardens—tomatoes, sweetcorn, snap beans, lima beans, cucumbers, lettuce and onions.

Too, there will be large supplies of vegetable fats and oils.

**GUEST OF FRIENDS**  
James Barron visited in House, N. M., with friends recently.

### SAFETY GROUP DIRECTOR SAYS

## Texans becoming 'case-hardened' to fatal traffic accidents

AUSTIN — J. O. Musick, general manager of the Texas Safety Association, said today that Texans are becoming "case-hardened" to fatal traffic accidents. Accepting them as a part of routine news and not as state and national disasters.

"The Galveston flood of 1900 with its 6,000 fatalities; the Texas coast hurricane of 1915 and 375 dead; the New London school explosion in 1937 costing 294 children their lives; Texas City's 550 dead in 1947; and the Waco tornado of five years ago with its toll of 114 lives; these represent some of Texas' worst disasters. They are headlines of yesteryear and they

won't soon be forgotten," Musick said.

"But the combined death toll (7,333) from these tragedies falls short of the 7,697 lives lost on Texas streets and highways in just the past three years.

"In fact, in the twenty years since the New London explosion, traffic smashups have claimed more than 40,000 lives in the Lone Star state. We are apparently becoming case-hardened to reports of these motoricides, because we continue to tolerate them in spite of published, effective measures of accident prevention."

The safety expert was speaking in behalf of TSA's current Slow Down and Live campaign, which is being conducted by the state-wide organization during summer's peak vacation months — and urges drivers to reduce their speed.

Musick said that speed was the contributing factor in 57 per cent of Texas' rural fatal accidents in 1957. Thus making the Slow Down and Live program a campaign that is directed at the heart of the traffic problem.

## Basic courses in agriculture are added by college

Beginning with the fall term in September, Lubbock Christian College will offer basic courses in agronomy, horticulture, and animal husbandry, according to an announcement by Dr. F. W. Mattox, college president. R. L. Peters, who holds a degree of B. A. in Agricultural Education from Texas Tech, has been employed to teach vocational agriculture and shopwork. Sophomore courses in agriculture will be added in the fall of 1959.

Peters has taught vocational agriculture at Spur, Texas, and at Antelope Valley Joint Union High School and Junior College, Lancaster, California. Recently he terminated a tour of duty with the United States Department of Ag-

riculture (the Agricultural Research Service). During the Korean war and World War II he served with the U. S. Naval Air Force. Later he worked in the jet flight engineering test programs of Chance Vaught, Boeing, and Convair aircraft companies.

Peters is married to the former Eva Helm and has three young daughters. He makes his home at 1607 - 44th Street, Lubbock.

Anyone desiring further information on the agricultural courses or other departments of Lubbock Christian College should write to the Director of Admissions, P. O. Box 1339, Lubbock, Texas.

## Stamps and cards to be plentiful for rate boost

Postmaster Harold Voss said today he expects plenty of stamps and postal cards to be on hand for sale Aug. 1, to meet new postage rates which become effective then.

Voss explained the Post Office Department has been issuing new stamps, stamped envelopes and postal cards to post offices for several weeks in anticipation of the new rate changes.

Large additional supplies of the regular 4 cent stamp, bearing the likeness of Abraham Lincoln, are being received here to meet the new first-class letter rate of 4 cents an ounce. In addition, issues of special stamps and commemorative stamps will be available at the local post office in 4 cent denominations.

A new "Champion of Liberty" stamp, honoring Simon Bolivar, the late great South American Liberator, will be on sale at the local post office on July 25, in 4 cent and 8 cent denominations. (The 8 cent stamp is used in international mail).

Adequate supplies also are expected in other stamps, cards and envelopes, including new 7 cent air mail stamps, replacing the

## Church planning homecoming

The Friendship Baptist Church of the Close City community set Sunday, July 27, as the date for a homecoming celebration.

All former members of church and others who wish to attend will be given a warm welcome.

Lunch will be served in school lunchroom at 12 noon, with the women's church furnishing the food. Special services are being held for the homecoming.

6 cent air mail stamps, postal cards replacing the cards; 3 cent air mail postage replacing the 4 cent air mail cards; and 4 cent and 8 cent stamps to be in place of 3 cent and 6 cent envelopes.

"Picture" post cards will be 3 cent stamps for surface transportation and 5 cent stamps for air transportation. Ample supplies of 3 cent and 5 cent stamps are expected to meet anticipated demand for these stamps.

Old supplies of 3 cent stamps, 2 and 4 cent postage stamps, and 3 and 6 cent envelopes will be used after Aug. 1, by ordinary penny stamp to

### A&M COLLEGE BULLETIN

## New publication treats problem of weed control in pastures

COLLEGE STATION — Weed control is essential for best returns from productive pastures and meadows.

Weeds often reduce pasture yields by as much as 50 per cent. They reduce pasture and hay yields by competing with the desirable plants for plant nutrients, moisture and light. They lower hay quality, harbor insects and diseases and increase labor and equipment costs.

This problem is the theme of a bulletin just released by the Texas Agricultural Extension Service. It is entitled "Weed Control in Texas Pastures."

### WEATHERFORD VISITORS

Mr. and Mrs. Roscoe Swafford and Mickie Sue Taylor visited in Weatherford last week in the home of Mrs. Swafford's daughter, Mrs. B. A. Page.

The bulletin points out that weed control, under certain conditions which are listed, is not profitable. Chemical and mechanical control is not a substitute for proper fertilization and management of adapted plants and is temporary if proper maintenance is not followed.

The best weed control is through weed prevention, states the bulletin. Weeds are a minor problem in good stands of adapted grasses that are fertilized as needed and properly grazed or utilized.

Anyone confronted with this problem will find much valuable information in this 19-page publication. It contains a section on prevention as well as thorough discussion of mechanical and chemical control. It may be obtained from local county agricultural agents or from the Agricultural Information Office, College Station, Texas. Ask for B-892.

# What Do You Think Of The Dispatch?

If you have any suggestions for improving the paper we want to hear from you.

The staff of your hometown newspaper wants to make each new issue bigger and better in every way. In the last year we have added many new features and expanded our coverage of Post and Garza affairs in many ways.

We want to keep on making The Dispatch better in every way—and that's why we're asking for your help.

You may have a good idea for improvement, or a suggestion as to what new feature or additional news coverage you would like.

We want your ideas.

Maybe you want to criticize. Okay, fire away.

The Dispatch is a community newspaper and we feel as if it should belong to the community and serve the community.

Simply address your cards and letters to The Editor, Post Dispatch. Say as much or as little as you like.

Many newspapers spend considerable money from time to time making surveys of their readers to uncover just what we want to know. We don't think that is necessary here. Let us know what you think we can do to make The Dispatch a better newspaper — informing and serving this community.

When you've finished reading The Dispatch today, just sit down and write us a letter or card. Tell us what you like best so we'll be sure and keep doing that. Tell us too any suggestions you as a reader have for improving the paper.

# We Want To Make It Better

# Cattle and calves clear at strong prices at Fort Worth

**By TED GOULDY**  
**WORTH** — Cattle and calves cleared at fully steady to slightly higher prices at Fort Worth Monday. The smallest receipts were the smallest early Spring due to storms and heavy rainfall in the territory. Prices were extremely active and indicated some advance in prices as compared with last week, especially on stockers and calves. Exception to the rule were plain short-fed steers to the market were in demand that the rains of the past few days have assured pastures of water in most sections of the State until late summer. The rains were deemed to increase the demand for cattle in virtually all sections of the Southwest immediately.

**GOOD AND CHOICE** stocker calves sold from \$27 to \$35 and stocker and feeder steers and yearlings cashed at \$22 to \$27. Medium stockers sold around \$22 to \$25.

**HOGS WERE** steady with Thursday's close last week in active trade at Fort Worth Monday. Choice hogs cashed at \$24.50 and \$24.75. Medium and good hogs cashed at \$22 to \$24. Sows ranged from \$19 to \$21.50. Pigs cashed at spelled power.

Last week cattlemen and marketmen alike were surprised to see Armour & Company cattle and calf men start their rounds on the stockyards at Fort Worth wearing packs on their backs which sprouted red-tipped antennae.

The electronic age of communication had come to the Fort Worth market and while the buyers literally chafed under their burdens, they truly burned over some of the wry kidding they got from competitors.

In the early days the quickest communication possible between plant and buyers was runners. Many top men in the packing business started as fleet-footed runners with written or typed messages.

**SHEEP AND lambs** were strong and active at Fort Worth Monday with spots 25 to 50 cents higher. Good and choice yearlings sold from \$17 to \$19, and cull to medium yearlings sold from \$12 to \$16. Good to low choice fat lambs drew \$21 to \$23, and cull to medium lambs brought \$14 to \$20. Stocker and feeder lambs cashed at \$15 to \$20. Slaughter ewes cashed at \$6.50 to \$7.50. Goats were reported at \$7.

**CLOSE CONTACT** between livestock buyers and the packing plants has always been a problem which received a great deal of study, since in the delicately balanced scales of supply and demand,

knowledge of surplus or shortage \$18 to \$21.

**LATER THE** telegraph era came and runners carried telegrams from Chicago and other points keeping buyers abreast of needs and prices.

Then most of this information switched to telephones and on the yards a man is seldom more than two dozen strides from a telephone and a public address system can tell him to call in a matter of minutes.

Now comes the instantaneous shortwave radio beam to make contact even quicker.

Under today's highly competitive meat trade where chain stores may contract for millions of pounds of meat, the packer getting that contract may add handsomely to his profits if he can alert his buyers before competitors find out the contracts have been let.

When these instruments were installed at Chicago, it was reported that a commissionman bought a transistor radio receiver, tuned it in on the packer's wave length and for a while had access to useful information. However, a simple code offset this device.

Leonard Short, junior student in the School of Engineering at Texas Tech, was one of 35 undergraduates who compiled 3.00 grade-point averages (all A's) for the spring semester, the registrar's office has announced.

These outstanding records were made in competition with 7,210 other undergraduates. Records of Tech's graduate students are not included in the standings.

Leonard is the son of Mr. and Mrs. Lowell Short.

## Outstanding mark is compiled by student

Leonard Short, junior student in the School of Engineering at Texas Tech, was one of 35 undergraduates who compiled 3.00 grade-point averages (all A's) for the spring semester, the registrar's office has announced.

These outstanding records were made in competition with 7,210 other undergraduates. Records of Tech's graduate students are not included in the standings.

Leonard is the son of Mr. and Mrs. Lowell Short.

**WHEREFORE ARE THE PEANUTS, ROMEO?** — Rome, Italy — The popular Pachyderm of Rome's Zoo, who rejoices in the romantic name of "Juliet", prefers peanuts to the grand passion. So here she is poking her trunk into the camera reflector of photographer Luciano Mellace in search of hidden goobers. Spectators outside the barred enclosure are enjoying the unscheduled performance.

## Letters To The Editor...

**PROPOSES REUNION**  
 Andrews, Texas

Dear Editor:  
 You ask for suggestions for some kind of celebration for Post on the Fourth of July.

I've lived in and around Post for 35 years and to me there is no place but Post. We moved to Andrews last September.

Andrews is a nice place. They have a wonderful school system. I drive a school bus from Frankel City to Andrews and work in the lunch room, of which they have six. They have 14 bus drivers and all are women except one. It's a wonderful job and the nicest place to work — but it isn't Post.

I worked for many years for Mr. Northcutt at Judy's Cafe and I worked for him when he had the American Cafe, and when I walk down the street in Post everywhere I look I see faces of friends and hear greetings from everywhere. If you think you don't miss these faces, try moving away.

My uncle, Lon Cross, was county judge in Garza County for several years, and it just seems like Post is a part of me. My sons finished school in Post.

I think an old settlers' reunion at Post on the Fourth of July would be grand. Something to bring the oldtimers and the new people together. Everyone enjoyed the Jubilee so much.

Just an idea from a lonesome Post gal.  
 Hermynne Reep

**VISIT IN CEDAR HILL**  
 Mr. and Mrs. H. G. Flowers visited last week in Cedar Hill, Tex., in the home of Mrs. Flower's brother-in-law and sister, Mr. and Mrs. W. E. Box.

**LAMESA VISITORS**  
 Mr. and Mrs. Lewis Pierce of Lamesa visited friends and relatives here Saturday as they passed through on their way to the Old Settlers' Reunion at Canyon Valley.

## ated cotton released

**STATION** — "Texas Growing Irrigated Cotton" is a new bulletin from the Texas Agricultural Experiment Station. It discusses such as planting dates, seed, fertility requirements, diseases and insects, and harvesting.

It also has a section on water use and plant and contains a thorough discussion of when to irrigate.

It is a valuable source of information to anyone interested in cotton. Local county agents can guide or it can be obtained from the Agricultural Experiment Station, Office, College Station, Texas, for B-886.

## Post woman breaks hip in store fall

Mrs. W. R. Graeber of Post is in Holden Hospital at Carbondale, Ill., recovering from a broken hip which she received in a fall on June 30.

Mrs. Graeber's hip was broken when she slipped and fell while shopping in a store at Carbondale, where she is visiting her sister, Mrs. J. A. Allmen.

Relatives here said Mrs. Graeber will be in the hospital for another four or five weeks.

**Every PAN becomes AUTOMATIC... with a BURNER with a BRAIN**

"COMPARE and you'll go Gas every time" — because GAS gives you so much more for so much less!

Your double-boiler, skillet, sauce pan, roaster... each becomes an automatic utensil on the Burner-With-A-Brain. This amazing top burner puts an end to pot watching, eliminates scorching and boil-overs. It offers special advantages no other automatic top burner can duplicate, because GAS gives you a greater temperature selection and greater accuracy in maintaining the exact temperature you choose. Add to this the accuracy of your automatic Gas oven which can hold a temperature constant within five degrees, and you have the perfect performance that assures perfect cooking results. Let us give you the complete story and a demonstration, then visit your gas appliance dealer

New Gas ranges are available with a meat thermometer which absolutely assures your success in turning out succulent, flavorful meats with minimum shrinkage, minimum loss of natural juices.

Only with GAS is closed-door broiling advisable — because only a clean-burning, live flame can consume all cooking vapors, preventing heat and odors from escaping into your kitchen.
