## Contract Is Let For Mill Construction

General construction contract for a million-dollar-plus expansion program at Postex Cotton Mills, Inc., has been awarded to the H. B. Zachary Co. of San Antonio, R. J. (Rube) Jennings, mill president, announced Tuesday.

Jennings, who spent all last week in Greenville, with other company officials, said the contract was let during one of the conferences there.

The amount of the contract was not divulged by the mill president.

Jennings said the preliminary construction work is to get under way by Monday, and that

Nov. 1 of this year has been set as the completion date.

All new machinery to be installed in the expansion program has been purchased and delivery is scheduled to commence in mid-June or July, Jennings said.

He also announced that negotiations are under way for construction of 20 new residential units in the "mill village" and that contracts are expected to be let within the next ten days.

"Completion of the expansion program," Jennings said, "will enable us to boost our production by about 50 per cent, which will

mean the addition of approximately 100 new workers."

Preliminary expansion plans for the mill were announced late last summer, but were enlarged after Burlington Industries, Inc., purchased the Ely & Walker Dry Goods Co., which included the mill here.

At that time, the mill president told a group of Post businessmen: "Production will be doubled, with the mill and sewing room being enlarged by two-thirds and one-third, respectively; approximately 100 workers added, 20 additional housing units built, and the payroll increased by some \$300,000."

Jennings also said that time that in addition to the enlarged buildings the expansion would include doubling the number of looms and moving in of additional cards and spinning frames.

During and following completion of the expansion program, the mill will continue the production of bleached flat sheets and pillow cases. It is now turning out about 8,000 dozen sheets and 6,000 dozen pillow cases a week.

Jennings said the company already owns land in the mill area for the new buildings and housing units.

COOKIE SALE BEGINS EARLY—The annual cookie sale staged here by Girl Scouts and Brownies began early when members prevailed upon Giles C. McCrory to purchase the first box. The official sale, however, does not begin until Friday. In the picture are three generations of Girl Scout enthusiasts. They are Mrs.

## 50 Animals To Be Exhibited In Saturday's Project Show

Thirty-four calves and 16 barrows will be exhibited here Saturday in the annual Garza County project show for members of 4-H clubs and the Post High School Future Farmers of America chapter.

The show will be held just east of the high school building instead of at the Lions Club

fairgrounds as previously announced.

Animals are to be in place at 11 a. m. with grading and judging scheduled to begin at 1:15 o'clock. The grading and judging will be done by Billy George Taylor, animal husbandry major at Texas Tech. He is a graduate of Post High School, where he compiled an outstanding record in FFA work, and at Tech has been a member of some of the college's top stock judging teams.

In Saturday's show, the calves will be graded and the barrows judged. Some of the calves, those to be exhibited at the South Plains Junior Fat Stock Show in Lubbock March 19-21, will be judged as well as graded, according to County Agent Lewis C. Herron.

Vocational agriculture students showing calves under the supervision of E. F. Schmiedt, instructor, will be:

Sidney Hart, Darrell York, Charles Morris, Glen Dale Wheatley, Jerry Windham, all VA I; Noel Don Norman, Butch Wilson (2), Donald Clary, Bunny Smith, Paul Wheatley, Allen Fry, all VA II; Ambrose Gray, James Williams, Harry Smith, John Shults, all VA III.

## Teacher Election On Board Agenda

Election of teachers for the 1956-57 school year is on the agenda for Monday night's meeting of the board of trustees of the Post Independent School District, according to Supt. R. K. Green.

In a meeting Monday night, the board accepted the resignation of Mrs. Johnnie Hamilton, who has taught in the elementary school for the past few years. She is teaching a fifth grade section this year.

The superintendent announced that J. M. Alderson, principal of the Post Elementary School, has asked the board not to consider him for re-election to another term here. Alderson is in his first year as principal of the school.

## Religious Census Plans Completed

The city's first religious census in more than two years will be conducted Sunday afternoon under the direction of the Post Ministerial Alliance.

Zone leaders and their workers are to meet at three churches, the First Methodist, First Baptist and Calvary Baptist, for lunch, and then assemble at the First Baptist Church, which will be the starting point for the census takers.

The enumeration is scheduled to get under way at 1 p. m. and be completed by 3 p. m. All residents who find it possible are requested to be home between those hours in order that they may be included in the census.

The Rev. Roy Shahan, director of the census, said the city has been divided into zones and units, and that approximately 125 workers will conduct the count.

Zone leaders announced Tuesday by the director are:

Ray N. Smith, Mrs. L. E. Webb, Howard Maddera, O. V. McMahon, Mrs. B. E. Young, Ellis M. Mills, E. R. Moreland, Mrs. W. M. Kirkpatrick, Lyda Odum, W. R. Craplin, Earl Rogers, Walter Johnson, Mrs. Lee Tanner, William Robinson, J. Lee Bowen and C. W. Blacklock.

## Bankers Are Home From Washington

Irby G. Metcalf Jr., president of the First National Bank, and seven other South Plains bankers, returned Friday from Washington, D. C., where they conferred with Farmers Home Administration officials and Texas congressmen in an effort to obtain drouth relief for this area from the Great Plains Loan Program.

"We feel that we accomplished very little," Metcalf said, "but we did let them know that most counties of the area have received little or no drouth relief from the loan program."

"Garza County," he added, "has received no relief whatsoever from the program."

Metcalf said he left Washington with the impression that the Texas delegation knows the score and is trying to do something about it.

"Most of the others, however, can't seem to understand that five years of continuous drouth is as much of a disaster to us as the floods have been to other parts of the country," the Post banker said.

Metcalf also said that his group left Washington with the impression that 7/8-inch staple cotton is doomed as a loan basis.

Three juveniles' driver's licenses were ordered revoked for a 30-day period Monday by County Judge Pat N. Walker in a public hearing which resulted from "drag races" in a school zone.

The judge warned parents of the juveniles that the licenses would be permanently revoked if the youths are found driving during the 30-day revocation period.

A fourth juvenile said to have taken part in the drag races had no driver's license. Judge Walker warned the boy's father that he would be held personally responsible if the youth was caught again driving without a license.

Parents of all the boys involved in the case were summoned to the hearing, the judge said.

"As far as my office is concerned," said Judge Walker, "we are through warning these juvenile offenders. Most of them have had repeated warnings in the past. Furthermore, no driver's license will be issued to a juvenile unless it is proven in open court that a case of necessity exists."

"Even then," continued the judge, "the license will not be issued for promiscuous driving, but only for removal of the necessity. For instance, if a juvenile is found to need a license in order to drive some member of his family to and from work, that is all the driving he will be allowed under the provisions of the license we issue him."

## Sites Announced For Crop Tests

Ten crop demonstration sites for the coming crop year were announced this week by County Agent Lewis C. Herron.

On the J. C. Howard farm in the Graham community, DPL-15 and Acala 1517-C seed will be planted in a long-staple cotton demonstration.

There will also be a long-staple cotton demonstration block on the farm of Will Williams in the Close City community, where Acala 1517-C seed will be planted.

The Neil Crosby farm in the Pleasant Valley community will be the site of a demonstration of dryland hybrid grain sorghum on a five-acre block with seed to be furnished by Dekalb.

Hybrid grain sorghum demonstrations will also be carried out on one-acre blocks on the farms of A. C. Cash, Russell Wilks Jr., Claude Williams, Elvis Davis, Ray McClellan and J. C. Howard, with the seed to be furnished by Texas experiment stations.

Purposes of the demonstrations, Herron said, will be to test the yields of long-staple cotton and hybrid grain sorghum in Garza County.

Other crop demonstration sites probably will be selected later, the agent said.

## Drag Races' Result In Suspension Three Juveniles' Licenses

Three juveniles' driver's licenses were ordered revoked for a 30-day period Monday by County Judge Pat N. Walker in a public hearing which resulted from "drag races" in a school zone.

The judge warned parents of the juveniles that the licenses would be permanently revoked if the youths are found driving during the 30-day revocation period.

A fourth juvenile said to have taken part in the drag races had no driver's license. Judge Walker warned the boy's father that he would be held personally responsible if the youth was caught again driving without a license.

Parents of all the boys involved in the case were summoned to the hearing, the judge said.

"As far as my office is concerned," said Judge Walker, "we are through warning these juvenile offenders. Most of them have had repeated warnings in the past. Furthermore, no driver's license will be issued to a juvenile unless it is proven in open court that a case of necessity exists."

"Even then," continued the judge, "the license will not be issued for promiscuous driving, but only for removal of the necessity. For instance, if a juvenile is found to need a license in order to drive some member of his family to and from work, that is all the driving he will be allowed under the provisions of the license we issue him."

## FRIDAY'S COOKIE SALE TO OPEN WEEK-LONG OBSERVANCE

Girl Scouts and Brownies of Post, more than 100 of them, will get their organization's birthday celebration under way Friday with a cookie sale, and on Saturday afternoon will stage a parade from the courthouse through the downtown district.

The observance will continue Sunday with each troop of Girl Scouts and Brownies attending church in a body, and then conclude their birthday activities the following Saturday—March 17—with a cookout at the City Park.

Saturday afternoon's parade, probably the first one ever held here in connection with a Scout observance, will be at 3 o'clock, and will be led by the Post Antelope Band under the direction of Roy Silvey.

Mrs. I. N. McCrory, general chairman for the cookie sale and parade, has announced that the Brownie Scouts and one troop of Girl Scouts will sell cookies

in the residential districts, and that the other two Girl Scout troops will sell from downtown locations.

Troop 5 will have its booth at the post office, and the Troop 1 booth will be at the First National Bank, Girl Scouts of Troop 4 will sell in the residential district.

All the activities are being held in observance of National Girl Scout Week, March 12-19.

More than 50 adults hold membership in the Girl Scout Association, which directs the program here. Officers are Giles C. McCrory, president; Mrs. James Minor, vice president; Mrs. Louise Dietrich, executive secretary; Mrs. J. L. Ballentine, recording secretary; Clint Herring, treasurer; Mrs. I. N. McCrory, troop organizer, and Mrs. Katherine Trammell, volunteer trainer.

Post's Girl Scout program dates back to 1949 when Troop 1, still active, was organized by Mrs. Louise Dietrich, who is still its leader. The Brownie phase of the program got under way a year or two later, with Mrs. Louise McCrory as one of the leaders in its organization.

Members of the Girl Scout Association say that much of the credit for the program's rapid growth in recent months is due Mrs. I. N. McCrory, troop organizer. The program has been expanded to include a Girl Scout troop of colored girls, and a troop of Brownie Scouts for colored girls is in the process of being organized.

## Collision Results In Sentence, Fine

Robert Tanner Jr., 19, was sentenced to 60 days in jail and fined \$500 in county court Monday after pleading guilty to a charge of aggravated assault with a motor vehicle.

The charge was filed after Tanner's automobile struck the rear of a jeep being driven by Guy Samples, 76, late Saturday afternoon on U. S. Highway 84 about four miles southeast of Post.

Samples, who was seriously injured in the accident, was still in Garza Memorial Hospital Wednesday. His condition was "satisfactory."

## Certificates Go To 10 Club Members

Certificates of membership were presented ten new members of the Post Lions Club during an initiation ceremony at Tuesday night's meeting.

The presentation was by Curt Hendrick of the Ralls Lions Club, and was followed by a talk by the Rev. Mr. Bruce, pastor of the Ralls First Methodist Church.

The new members and their business connections are:

Charles Casey, Southwestern Public Service Co.; Al Norris, trucking contractor; Matt Stelzer, Kentex Oil Co.; the Rev. Cecil Stowe, Church of the Nazarene; Bob Garrison, radio station KRWS; V. F. Bingham, Great Southern Life Insurance Co.;

Also, Everette Windham, Brown Bros. et al; Walter B. Holland, Caprock Chevrolet, Inc.; C. R. Wilson, Wilson Bros. Service Station, and M. S. Nichols, Alamo Corp.

Awards earned during the January Founder's Drive for new members were awarded by secretary Weaver Moreman to Jess Rogers, Ernest Pierce, Al Norris, Wilf Scarborough and Don Butler, with an officer's award going to president Joe J. DeArmon.

In January's drive for new members, Post was the only club in the zone to attain its quota, which was seven. Three more new members were added in February.

The program at Tuesday night's meeting also included a report on the state convention of the Student Council Association, held last weekend in Midland. Reporting on the convention were Glenn Whittenberg, high school principal, and Student Council members Bill Stephens and Dixie Davis.

Visitors at Tuesday night's meeting included Leroy Davis of Grassland, B. D. Litton of Post and Claude Benton of Ralls.

## MEET THE TEACHERS

## Junior High Teacher Likes 'School Spirit'

Mrs. Mary Lee Wristen, Post Junior High School teacher, says one of the most pleasant surprises of her life came two years ago when she was assigned to teach a junior high grade instead of the fourth grade class to which she had expected to be assigned.

"Of course," said Mrs. Wristen, "it wasn't exactly junior

high at that time, since all the grades from one through seven still were in the elementary building. But the move into the new junior high school building came at mid-term of my first year here."

Before coming to Post at the beginning of the 1954-55 school year, Mrs. Wristen had taught for six years at the Graham Rural School, where she was also in charge of the girls' basketball teams.

"While I didn't have the status of a basketball coach in the strictest sense of the term, I worked with the team throughout each basketball season, and must say I thoroughly enjoyed it. I might also add that we had some good teams during those years and won our share of tournament trophies."

And then, like any good "coach," Mrs. Wristen said she attributed all the success to the girls themselves.

Currently, Mrs. Wristen is teaching sixth grade science and seventh grade social studies in the junior high school here. The social studies, she explains, include geography, government and Texas history.

Mrs. Wristen says she is impressed this year by the amount

### Urge Third Polio Shot Immediately

Four members of the Garza County chapter of the National Foundation for Infantile Paralysis this week added their appeal to that of County Health Officer Dr. D. C. Williams that Salk vaccine be given children now before the polio season starts.

The county members attended a West Texas District meeting of the NFIP in Amarillo last Thursday. Representing the Garza County chapter were chairman J. Lee Bowen, Mrs. L. H. Ingram, Mrs. J. L. Ballentine and Mrs. Ralph Welch.

Purpose of the meeting was to stress the importance of having all children between the ages of six months and 20 years vaccinated. The group brought home with them pamphlets for school children to take their par-

ents urging them to have their children vaccinated as soon as possible.

Although there is a shortage of the vaccine nationwide, it is believed that enough is on hand in Garza County to complete the vaccination program. The vaccine will be administered at either of the two local medical clinics.

Figures released this week show that only 44 Garza County children have had their third shot of the vaccine. A total of 348 have had their second shot and 378 their first shot.

First and second grade pupils throughout the nation received the first two shots free through the NFIP program, but there is now a charge for the vaccine.

## Stampede Group Is To Elect Monday

Newly-elected directors of Post Stampede, Inc., will meet at the City Hall Monday night for the purpose of electing officers, setting dates for this year's Post Stampede Rodeo, and transacting other business.

At the annual stockholders meeting Monday night, ten directors were re-elected and two new ones elected, with the size of the board being reduced from 16 to 12 members.

The two new directors are Pearl Nance and Hinton Fluit. Those re-elected were Homer McCrory, W. S. Duckworth, Harold Voss, Lee Byrd, Jack Meeks, Shelley Camp, Boy Hart, Powell Shytles, Ira Greenfield and Jack Burress.

Outgoing directors are J. S. Birdwell, Phil S. Bouchier, Novis Rodgers, Giles Connell, E. A. Warren and Bryan J. Williams Jr.

Officers to be elected at Monday night's directors' meeting will include a president, manager and arena director. Birdwell is retiring as president, Bouchier as manager and Rodgers as arena director.

## EDITORIAL COMMENT - THE POST DISPATCH

THURSDAY, MARCH 8, 1956

### Thursday to Thursday

By CHARLES DIDWAY

BY THE TIME you get around to reading this it more than likely will be too late to observe Public Schools Week by visiting one of the schools, since they'll be closed all day Friday on account of the district teachers' meeting in Midland. Of course, you can go out and take a gander at the buildings, but you'll probably feel mighty lonesome.

SOMETIMES WHEN WE stop to think before we speak, it doesn't sound any smarter than if we had blurted it out in the first place.

SHERIFF CARL RAINS has been getting some good-natured kidding about announcing for re-election on the same day that Ike said he would run for a second term. Carl insists he didn't time his announcement to coincide with Ike's. He says he just happened to be in the vicinity of The Dispatch office and thought it would be as good a time as any to drop in and announce.

SPEAKING OF POLITICS, a friend of ours in that business tells us of a man who after hearing him speak, said "I'd rather vote for the devil."

"Yes," replied our friend, "but since he didn't file for the primary, I wonder if I could count on your support?"

THERE IS SOME consolation in the fact that even though your dreams don't come true, neither do your nightmares.

WE SAT IN ON the Garza County Spelling Bee Friday afternoon and saw a girl win the championship for the first time in the four-year history of the event. She was Patricia, better known as "Pat." Wheatley, who outspelled six other contestants.

IT WASN'T VERY encouraging to watch the spellers go down like ten-pins on the easel words in the authorized spelling book, but then it must be taken into consideration that with the exception of the two Post spellers none of the other contestants are classified higher than the sixth grade.

THE CONTESTANTS IN the county Bee went only a few words farther than those in the Post schools' elimination Bee, where Virgie Bailey misspelled "apology" to give the championship to Pat. In the county Bee, Virgie also finished second after misspelling "athletic."

ONE ENCOURAGING NOTE is that Pat, while not having had to get past the primary words in the book, still hasn't missed. If she'll study hard between now and the date of the regional Bee in Lubbock on March 17, she has a chance to bring Garza County its first area championship. Good luck, Pat!

THE BEST TIME to tackle a minor problem is before he grows up.

THE COUNTY'S 4-H Club and Future Farmers of America members are hoping that Saturday will be a pretty day for their annual

### Self-Service Supermarket Will Show Way To Better Operation Of High Schools, Colleges

BARBON PARK, Mass.—I now see no way to cut costs of operating Primary or Grammar Schools, I believe, however, that High Schools and Colleges will become more efficiently and economically operated. The self-service supermarket will show the way.

Do-It-Yourself Movement  
Some educational experts are urging cities and towns to spend less on buildings, libraries, and equipment and devote more of the total allotment to teachers' salaries. This may be good politics, but it is not in the students' interest. I favor building better schools with better libraries and equipment, but having fewer teachers. Then pay better salaries to these fewer teachers.

The most vital field for a "Do-It-Yourself" campaign is that of education. A parent can buy a set of encyclopedias for \$100 which contain more information than is contained in the heads of all the teachers in your community. Moreover, the training and discipline of self-education is even more valuable than all the facts that can be learned. Hence, I forecast that the next great movement in education for those above 13 years of age will be teaching students to learn without teachers. I wish that some city would put the managers of its self-service supermarkets on their school boards.

What Does Your School Board Know?  
To begin with, you probably don't know who are on your local school board. If not, send to your Superintendent of Schools and ask for a list of the members and the business in which each is engaged and the number of children which each has in the schools. You may be surprised to find how poorly these men and women are for this

In too many cities, school board members are interested in getting income for themselves as doctors, builders, insurance bank officials, storekeepers, etc. These committee members naturally take the of the Superintendent of Schools who is an honest man but is guided by the colleges determine what shall be taught and the Superintendents and School Principals too often judged by the number of teachers pass along to the colleges, and accordingly. ### PARADE AND EVERYTHING!

The months of February and March bring special weeks on which two outstanding youth organizations—the Boy Scouts and Girl Scouts—celebrate the anniversaries of their founding. With Boy Scout Week having been taken care of in February, we are concerned now with Girl Scout Week.

This year, adult leaders have planned quite an elaborate program, including a downtown parade Saturday afternoon, the annual cookie sale, a cook-out, and other events. In view of the value of the Girl Scout program to the community and the efforts put forth by the girls and their leaders, it behooves the rest of us to join in the observance and help make it an outstanding one.

The Boy Scouts and the Girl Scouts are two of the greatest bulwarks the nation has been able to erect against juvenile delinquency. Let's continue to support them.

project show. Of course, they wouldn't mind too much if the event got rained out, but they'd hate to see it "blown out" as it was two years ago and almost was last year.

THOSE OF YOU who find time Saturday afternoon are invited to visit the show and see the progress the youngsters are making on their calf and barrow projects. The event will be held at the Lions Club fairgrounds, just south of Main Street on Avenue H.

POST HIGH SCHOOL'S new football coach, Leroy Fenstermaker, was being introduced up and down Main Street Saturday morning by school board president Shelley Camp. The new coach was also here Friday evening and made a brief talk at the football boys' benefit supper. He expects to be on the job here around July 1.

FOLLOWING OUR STORY last week about the "pest exterminators" swindling two Post women out of \$611, another woman is reported to have called officers and told them she didn't get swindled, but that she was plenty peeved about two fellows who called on her and wanted to know if they could crawl under her house to find out whether or not termites were at work.

SHE SAID SHE reluctantly gave her consent, and that a short time later the men crawled from under the house, brushed off their clothes and left without another word. "What hacks me," she said, "is that they didn't put back a board I'd put up to keep dogs and cats from crawling under the house. Now there's a cat under there and I can't get her out."

### Getting Out On The Limb

By EDDIE the editor

Thousands of acres of tomatoes were frozen in Florida during the recent cold spell. Stuffy Weather Bureau figures don't include the two-legged ones which were frostbitten.

LITTLE MISS Iwanell Chaffell, who was born on Leap Year Day, Feb. 29, not only is something special to her parents, the James Chaffells, but she's also pretty special in her own rights. The National Geographic Society said that there would be approximately 11,000 children born in the U. S. on Feb. 29. Thus Iwanell joins several thousand other people scheduled to go through life with only a fourth of the ordinary number of birthdays.

Young men on the verge of marriage and who didn't take advantage of the Feb. 29 date on which to get the knot tied missed a good bet. With their anniversary coming only once in four years they could have gone through life with only a quarter of the usual number of anniversary gifts. They'd have to live more than 200 years, though, to celebrate their golden wedding anniversary.

I DON'T KNOW where these figures came from, but whoever left them on my desk also left a note saying they had been checked and double checked.

If one dollar had been saved each minute since the birth of Christ, the sum of money accumulated by Jan. 1, 1956, would amount to only a little over a billion dollars.

A billion dollars is a lot of money, but most of us have ceased to be awed by such figures. For instance, in one year alone the U. S. Government uses over 25 billion sheets of paper. The over one billion letters produced by the Government each year, when stacked one over the other, would make a pile 300 miles high.

During and since World War I the United States has loaned, lend leased and given away over \$101 billion. This amounts to about \$280 for each man, woman and child in the country.

The fellow who had just insured his house against fire asked, "What would I get if this building should burn down on this very day?"

"I would say," replied the fire insurance agent, "that if you had a first-class lawyer and a good defense fund you might

split hoops; 100 empty barrels; one 32-gallon barrel of Johnson-Miller whiskey; 7 years old; 20 gallons of apple brandy; one 40-gallon copper still; four sides of oak-tanned leather; 1 dozen real books; 2 handle books;

"Three scythes and cradles; one-half interest in tanyard; seven 31-calibre rifles; bullet molds and powder horn; rifle made by Ben Miller; 50 gallons of soft soap; hams, bacon and lard; 50 gallons sorghum molasses; six head hounds, all soft-mouthed except one.

"At the same time I will sell my six Negro slaves—2 men, 35 and 50 years old; 2 boys, 12 and 18 years old; 2 mulatto wenches, 40 and 30 years old; will sell all together to same party, as will not separate them.

Terms of sale, cash in hand, or note to draw 4 per cent interest with Bob McConnell as security. My home is in McConnell's Ferry Pike. Sale will begin at 8 a. m. Plenty to eat and drink."

One good thing about it, most of the world's hot-heads must depend for transportation on cold feet.

**Plainview Cub Scouts Spend Weekend Here**

Plainview Cub Scouts and their adult leaders held a weekend outing Saturday and Sunday at Camp Post here.

The group arrived at the recreation site Saturday evening and broke camp at 3:30 p. m. Sunday.

Church services were held immediately following breakfast Sunday morning.

During the outing, every phase of the Cub Scout program was discussed, including how to run a pack meeting, the achievement plan, program planning, pack administration, how to conduct a den meeting and the den chief's relationship.

Mrs. Boo Olson, Miss Ganell Babb and Truett Babb and Sonny Curtis of Slaton were Friday evening dinner guests of Mr. and Mrs. Sherrill Boyd and Don in Slaton.

**College Rodeo Group Holds Planning Meet**

Student leaders of the National Intercollegiate Rodeo Association met Saturday at Texas Tech to approve a spring schedule and set dates for the national meet this summer.

Presiding at the meeting was NIRA National President John Gee of Colorado A&M College. Four regional vice presidents also attended.

Alvin G. Davis of Brownfield is secretary-manager for the association.

**Matched Roping Date Set At Brownfield**

Directors of the Terry County Sheriff's Posse have completed preliminary plans for a matched roping contest to be held in Brownfield on April 29.

A number of big-name ropers already have agreed to compete in the matched roping, which offers over \$2,000 in prize money. In addition, jackpot contests will be held for RCA members and amateur ropers. A jackpot girls' barrel race also is scheduled.

ask him: "What's new on the Santa Fe?"

Your local Santa Fe agent has a wealth of answers to this question. Santa Fe is constantly adding the "new" to all its services and facilities to keep abreast of growing transportation needs in the many communities it serves.

Regardless of where on the system these improvements are made, the people and communities all along the line feel the benefits of a stronger, more efficient rail service.

New cars, new trains, new Diesels, new tracks, new freight services and many other new features help Santa Fe provide shippers and travelers the best possible transportation service.

**Incumbents Are Only Council Candidates**

Saturday night's filing deadline passed with no new candidates filing for three city council positions, which means that incumbents L. A. Presson, Powell Shytle and C. R. Thaxton will be unopposed in the April 3 city election.

The election is to be held between the hours of 8 a. m. and 7 p. m. at the City Hall, with W. L. Crider as presiding judge and Mrs. Irene Rodgers and Mrs. Lucille Acker as assistant judges.

**Annual Play Day Plans Under Way**

Preliminary plans for the annual Garza County Rural School Play Day were made this week at a meeting in the office of County Supt. Dean A. Robinson. Since only three of the schools which have taken part in the play days in the past are operating this year, it was decided to invite the Grassland School of Lynn County and the Clairmont School of Kent County to take part.

A. T. Nixon, principal at Close City School and director of last year's Play Day, was in charge of the planning meeting. April 20 has been set as the date of the event.

**Ellenburger Test Is Slated For County**

A Dallas independent operator, Paul C. Teas, has filed application to drill a projected 8,600-foot Ellenburger test in southwestern Garza County.

Designated the No. 2 J. B. Slaughter, operation situated about three miles southeast of Jack Markham of Lubbock No. 1 Slaughter, currently active Ellenburger test to 9,000 feet. The exploration is also five miles south of the Garza-San Andres field and six and one-half miles west of the Rocker A-San Andres pool. The new location is approximately eight miles due south of Post.

# Shepherd, Bobby Williams Exchange Wedding Vows Sunday

In a double ring service read at 3 o'clock Sunday afternoon in the Grassland Methodist Church, Miss Jane Shepherd and Bobby Williams exchanged wedding vows.

Mr. and Mrs. A. L. Shepherd of Grassland and Mr. and Mrs. Carl Williams of Tahoka are parents of the couple.

The Rev. S. M. Bean read the ceremony before an altar decorated with white gladioli and greenery. The white gladioli aisle markers had silver-grey decorations.

Miss Jerrie LeMond, pianist, offered a prelude of wedding music and the wedding march.

Given in marriage by her father, the bride wore an empire

style dress of white lace over taffeta with matching jacket, white hat with short veil and she carried a bouquet of pink delight roses.

Mrs. Gilbert Steinhauer of Wilson, matron of honor, was attired in a light grey, princess style taffeta dress and she carried a bouquet of white roses.

Jerry McNeely of New Home attended the bridegroom as best man. Ushers were John Shepherd and Jerry Williams of Tahoka, brothers of the couple.

Mr. and Mrs. Shepherd gave a reception in their home following the wedding. A pink, three-tiered cake and the bride's bouquet decorated the serving table.

After a trip to Monterey, Mexico, Mr. and Mrs. Williams will be at home in Seagraves. For traveling the bride chose a grey tweed silk and cotton sheath with duster and black patent accessories.

# Swartz Wedding Is Read at Noon Saturday Afternoon

Miss Swartz, daughter of Mrs. A. L. Swartz of Cecil Smith, son of Mrs. Vester Smith, were married at 3:30 o'clock Saturday afternoon in Slaton.

J. T. Bolding, first usher, read the double honeymoon in his study. Georgia Mae Hays and three attended the couple.

The bride wore a white linen dress with accessories and her groom wore a white camellia.

The bride's bouquet was decorated with pink and white camellias.

## Church News

Plans are being made by the First Presbyterian Church for a special missions program on March 15. Dr. Lee Lake, retired missionary to Japan, father of the Rev. Laurence Lake who until recently was pastor at Slaton, will be the guest speaker. The program, which begins at 7:30 p. m., will be preceded by a family night church supper at 6:30 p. m., with Mrs. Nell McCrary in charge of arrangements. Dr. Lake will also speak at an earlier service, to which the women of the other churches are particularly invited. This service will be at 2 p. m.

Brownie Troop 7 and the leaders, Mrs. Guy Nutt and Mrs. Powell Shytle, will attend the First Christian Church Sunday.

The Church of God of Prophecy will have a bake sale Saturday at Parrish Grocery.

There will be a world fellowship youth meeting at Plains March 16 and 17. Several from the local First Christian Church plan to attend.

Roy Shahan, First Baptist pastor, reports: "There was a slight increase in Sunday School and Training Union attendances Sunday and this is encouraging. Two new members were received by transfer of letter. The pastor will speak Sunday morning on the text, 'Is There Any Word From The Lord?' (Jeremiah 37:17.) At the evening service the theme will be 'If a Man Die, Shall He Live Again?' (Job 14:14). These are vital questions and should Bible answers. Attend both services, next Lord's Day at the First Baptist Church. Visitors are always welcome.

Orville W. Jenkins, district superintendent for the Church of the Nazarene, preached at the Sunday evening service at the Post church.

Christian Women's Fellowship met Monday at the church with Mrs. Pollard and Mrs. Will Wright presenting the program. Mrs. W. M. Kirkpatrick opened the meeting with a prayer. Mrs. Porter Roberts served refreshments to 14 members.

Mrs. C. R. Smiley, president of the local Wesleyan Service Guild reports that several are planning to attend the Northwest Texas Conference Wesleyan Service Guild meeting in Lubbock March 17-18.

## Garza County HD Council Presents Recommendations

Garza County Home Demonstration Council met Tuesday afternoon in the agent's office with the following members present: Mrs. Luther Bilberry, Mrs. S. L. Butler, Mrs. A. O. Crockett, Mrs. Robert Mock, Mrs. Floyd Hodges, Mrs. Stanley Sims, Mrs. Frank Bostick, Mrs. W. H. Barton, Mrs. Percy Parsons, Mrs. Rufus Gerner and a visitor, Mrs. Glenn Davis, Mrs. Barton, vice-president, presided.

The five clubs of the county gave their monthly reports and it was announced that at the next meeting, April 3, that the final vote on finances will be taken.

A report from the Educational Expansion and Exhibit committee presented the following recommendations which will be voted on within the near future: 1. That HD Clubs cooperate with the Lions Club in putting on the county fair and they furnish a general chairman for the women's division. 2. That a tour of demonstrators be made in October. 3. That Garza HD Council serve a luncheon to the commissioners court to report on the year's work and make recommendations for furthering the work. 4. That the council present THDA pins to women who complete the goals as specified by the EEE Committee and that women who already have pins do not receive them, but do receive special recognition. 5. That each club sponsor a meeting for discussion of social security tax and income tax either as one of the club meetings or at a community meeting sponsored by the clubs. 6. That all club women vote in all elections.

It was announced that the district convention will be held in Lamesa and those planning to attend should notify Mrs. L. B. Jones, Route D, Lamesa. Meal tickets are 1.50 plus a 25 cent registration fee. The meal will be served at the Methodist Church and deadline for buying the tickets is March 24.

The Rev. Mrs. Pearl Keeton, a native of Post, will speak at the Post Church of the Nazarene Tuesday night, March 13. She is pastor of the First Church of the Nazarene in Odessa.

Rev. Keeton and her husband, C. B. Keeton, also formerly of Post, recently flew to British Honduras, where she held a series of revival services. There is a Nazarene college at Belize, where she held a meeting. She preached at night and held missionary conferences during the day. They also visited other missionary stations and during their ministry, 275 were converted.

Pictures of the mission work and other points of interest taken by the Keetons will be shown during Tuesday's service.

Rev. Keeton is currently district president of the Nazarene Foreign Missionary Society in the San Antonio District.

The Rev. Cecil Stowe, local pastor, invites the public to attend this special service.

## PRISCILLA CLUB

The Priscilla Club will meet Friday afternoon in the home of Mrs. A. B. Haws.

## Post Club Members Attend Convention Held At Plainview

Mrs. Thurman Francis of Amity Study Club and Mrs. T. L. Jones of Woman's Culture Club were delegates to the 35th annual convention of the Seventh District of Texas Federation of Women's Clubs in Plainview last weekend.

Attending only the Friday sessions were the following Amity members: Mrs. G. K. Cash, president; Mrs. Pat Walker, Mrs. Mabel Bull, Mrs. Edsel Cross and Mrs. V. L. Peel.

"Our Responsibility in Today's World" was the theme of the meeting, which was attended by more than 300 women from over the district. Mrs. H. P. Mundy of Shamrock presided over the sessions in which members of 235 clubs from 68 towns participated.

Among the resolutions considered were the following: a resolution urging the next State Legislature to take remedial steps to insure better insurance laws in Texas; one requesting that legislation be enacted for improving safety on the highways, and the promotion of accident prevention.

The convention considered a petition to loose the regulations of a scholarship fund, now restricted to Indian girls, and make it usable for any qualified girl in the area or district.

And a resolution was presented with reference to juvenile delinquency and petitioned an increase of efforts on the part of lawmakers in the fight against peddlers of narcotics.

Editorial Comment...

**A Minor Distinction**  
 Anyway, one should never discredit the lowly jackass by making odious comparisons with humans. After all, Samson slew 10,000 Philistines with the jawbone of one. Or was it 10,000 jackasses that he slew with the jawbone of a Philistine? Ah, well, at any rate, the distinction is a minor one—"Main Street" in The Lorenzo Tribune.

**Other Temptations, Too**  
 Once in San Francisco on a Sunday night I passed a liquor store and bar that was open in the same block where throngs of church-goers gathered for services. One man stood at the bar and drank his whiskey while the bar-keeper polished glasses. The crowds on the sidewalk passed without apparent notice. Other temptations offer continuous service and there is little cause to place particular restrictions on alcohol—"Trail Dust" in Matador Tribune.

**It Was Ever Thus**  
 Politically the "ins" are wounded badly before the political season ever opens up in Texas. Especially a senatorial candidate will find himself on the defensive. Presumably candidates for representative in lesser measure. For a good many years the rule has been that you didn't go ask any board or commission for anything unless you took your senator along for moral support. The stakes have gotten higher and higher (Texas is tremendously wealthy though you may not have any of it).

Where the stakes are high somebody in a moment of weakness succumbs. It was ever thus. And always a scandal eventually results. — "Views and Comments" in The Floyd County Hesperian.

**Martyr To The Cause**  
 Look, fellows, in all fairness to our fellowman, let's not be asking a father of four for cigars when the fourth one is born! We really intended to make this appeal last week whereby we could personally benefit from it, but the stork got here Saturday at 12:36 p. m. and now we can only be a martyr to the cause. In the future, when a man's fourth child is born, let's all buy him cigars!—"Whoa, Now!" in The Texas Spur.

**Returns Too Soon**  
 There is probably nothing that makes you feel more stupid than to write a column with a Mexico date line—and then get back home before it gets into print. All day Sunday people stated at me as if I were a ghost. I don't know why, but it sure alters the outlook for the reader. As for me, I know how Cinderella felt when she lost her glass slipper—"Hereford Bull" in The Hereford Brand.

**Lost In The Woods**  
 If Johnny tells whoppers, don't whip Johnny. With proper guidance mellowed by tolerant understanding, he'll come through the whopper-telling stage without getting into the habit. The Psychiatric Bulletin, published by the Illinois Department of Health, says that telling fibs is normal and not to be deplored if it doesn't get out of hand. And how can it be kept from getting out of hand?

 Not by being over-strict; not by severe punishment. Wise parents understand that a child's imagination is a wondrous country where fact cannot always be told from fancy. They know that patient explanation about the importance of truth-telling will do more than rigid insistence on an adult code that children find hard to grasp.  
 It is better, in short, to lead Johnny out of the whopper woods than it is to drive him out.—The Slaton Slatonite.

**Announce Plans For Crop Demonstration**

Plans for a forage crop package demonstration on the U Lazy S Ranch farm were announced this week by County Agent Lewis C. Herron.

Two 45-foot rows each of five varieties of forage crops will be planted in the demonstration, the agent said. The varieties to be tested are Atlas, Sart, Honey, Hi-Hegari and Sourless.

The seed for the experiment is being furnished by the Extension Service of Texas A&M College.

Purpose of the demonstration, Herron said, is to show which forage crop will grow best under dryland conditions.

Demonstration crops will be planted this year in the county, the agent said. Seed will be furnished to experiment stations.

## ACCIDENTS WILL HAPPEN!

A child's roller skates left on the stairs . . . a man deeply engrossed in his paper . . . one more step . . . fate closes in!

But it isn't fate. Just the careless, thoughtless preoccupation of humanity.

No religion can guarantee our safety from accidents like this one.

But the Christian Church offers man safety from greater perils. It teaches him the dangers inherent in his own impulses . . . it shows him his responsibility for the lives and faith of others . . . it stimulates his soul-deep yearning to know God . . . it assures him that life has eternal meaning through Jesus Christ.

Accidents will happen—but spiritual tragedy need not! For the eternal safety of all men, the careless, the thoughtless, the preoccupied: Christ died.

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

### Port Arthur Man Heads 1956 Easter Seal Appeal For Crippled Children

One of Texas' most prominent civic leaders will head the 1956 Easter Seal Appeal for aid to crippled children, according to an announcement made today by Euclid Hudson, president of the Texas Society for Crippled Children.

State chairman of the traditional annual Appeal in 1956 will be Mungler T. Ball, well-known maritime shipping executive of Port Arthur and a pioneer organizer of aid for handicapped Texans.

Launching plans immediately for the March 10 opening of the Easter Seal Society's efforts to maintain and promote greater services for the state's crippled population, Ball said he was "greatly honored to be named chairman of such a vital humanitarian activity in Texas."

"The success of this cause does not lie with any one man or committee, however, but in the helping hands of millions of Texans interested in the well-being of our crippled children," Ball declared.

The state chairman said that Texans' generous help in the past has made possible the present total of 27 Easter Seal treatment centers in the state, where crippled children and adults are aided by physical, speech and occupational therapy treatments to overcome the effects of all types of crippling.

Calling attention to the Society's research program, Ball said that its study of causes, methods of prevention and means of treating many different crippling diseases and conditions is supported entirely by Easter Seal donations.

Easter Seal funds also provide braces, wheelchairs, crutches and other such equipment for crippled Texans. Ball added, as well as corrective surgery and transportation to and from treatment centers and hospitals. Scholarships supported by Easter Seal contributions encourage specialized study by doctors, therapists and teachers, so that they are better prepared to serve the thousands of handicapped who need their aid and the Society's help.

"It is our great privilege and responsibility to keep these services going," Ball declared, "and to see that more crippled Texans

are aided by this great organization which in 1956 marks 35 years of service to the crippled."

Prominent in Texas and national shipping circles, Ball was an early organizer of the Easter Seal Society in Texas. He is an active member of several civic, fraternal and social groups which include the Boy Scouts of America, Scottish Rite, Knights Templar, Order of the Eastern Star, the Shrine, and Rotary.

(Continued From Front Page) of school spirit shown in the junior high school.

"Last year, she said, "it seemed that the students hardly had time to get accustomed to the new building before the school year was at an end. But by being able to start this school year in the building, they seem to have molded themselves into a typical junior high school group, all fired up with that enthusiasm generally referred to as 'school spirit'."

Mrs. Wristen, who says she has never lived anywhere except in the Plainview and Lubbock areas of the South Plains, attended school in her home community of Estacado through the ninth grade. After finishing high school at nearby Lorenzo in 1939, she attended Texas Tech for three years before returning to Estacado as a teacher for four years.

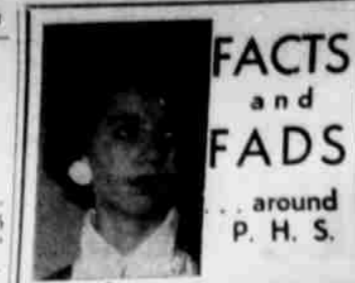

During three of her four years at Estacado, Mrs. Wristen taught with her mother, Mrs. Alex Kittrell. She also has two sisters who taught school.

"You might call mine a teaching family," said Mrs. Wristen. And I'm sure that is one of the reasons why I always had ambitions of my own to be a teacher."

By doing summer work while teaching, Mrs. Wristen completed work at Texas Tech in 1952 for her bachelor of science degree in education.

She makes her home with her sister, Mrs. Albert McBride of the Graham community, driving to and from school each day. The summers she spends with her parents, Mr. and Mrs. Alex Kittrell of Lorenzo.

### Grand Opening Is Set For Station

Grand opening of Gandy's Texaco Service Station, 515 North Broadway, will be held Saturday, March 17, S. E. Camp, owner, and E. E. (Gene) Gandy, manager, have announced.

Texaco products and Firestone tires and tubes will be featured at the station, which is opening in a brand-new building.

Prizes to be awarded at 5 p. m. Saturday, March 17, include certificates good for five gallons of Fire Chief gasoline, 24 Havoline oil changes, five Marfak lubrications, five wash jobs and polish jobs.

Motorists are asked to drive in anytime during the week of the grand opening for the following free prizes: milk shakers, ivory ball plants for the ladies, can of home lube for the men, Fire Chief lollipop and Fire Chief hats for the children.

### CONDITION 'SATISFACTORY'

J. E. Parker, Post businessman, who was critically ill for a few days last week from complications following surgery, is reported out of danger and in satisfactory condition this week. He is in Veteran's Hospital at Big Spring.

### Rotarians Hear Talks On Student Councils

Two members of the Student Council of Post High School and Principal Glenn Whittenberg presented the program at Tuesday's Post Rotary Club luncheon.

The three reported on the state convention of Student Councils which they attended in Midland last weekend. Whittenberg also told of the part the Student Council plays in democracy in the schools, describing the recent officers' election which was carried on according to state-election laws.

### REMAINS IN HOSPITAL

The regularly scheduled meeting of the Post city council was not held Monday night because of the absence of Mayor James Minor, who is in a veteran's hospital in Dallas. The mayor was admitted to the hospital Feb. 20 for removal of shrapnel incurred in World War II. While his condition is reported "good," it was not known Wednesday just when he will be dismissed from the hospital.

### Candidate Filings Are At Slow Clip

Candidate filings for this year's elections are believed to be at an all-time low here, with only six candidates having announced for office since Jan. 1.

The sparsity of candidates is partly attributable to the fact that for the first time this election year there will be no races in a number of county and precinct offices. This situation has been brought about by the four-year term constitutional amendment approved in the last general election.

Latest candidate to announce here is Carl Rains, who is a candidate for re-election as county sheriff. Others have been Mitchell Williams of Tahoka for district attorney; Truett Fry, L. P. Kennedy Jr. and Racy Robinson for Precinct 1 commissioner, and Ozell Williams for re-election as Precinct 3 commissioner.

Salem is the capital of Oregon.

### Owner Injured Horse To Be Paid Damages

Each of five men, who officers said almost rode a valuable roping horse to death Feb. 26, has agreed to pay the owner \$80, Sheriff Carl Rains said Tuesday.

The horse, owned by R. E. Josey, suffered fence cuts and other injuries, the sheriff said. The animal was in a pasture just off U. S. Highway 280, about two miles west of town.

The sheriff said charges were not pressed after the men agreed to pay the damages.

Five jury and three non-jury civil cases are on the docket for a session of 106th Judicial District Court set for Monday, March 19.

Jury cases, set for trial in the order named, are: Morris vs. Noles, et al; Fry vs. Head Drilling Co.; Pierson vs. Jones; Rogers, et al, vs. Lambert; Valdega vs. Texas Employers Insurance Assn.

The non-jury cases are: Ameen vs. Henderson; The Sealy & Smith Foundation vs. Beach, et vir.; Benson vs. Bates.

### Post Firemen Seek Help In Drive To Raise Funds For Resuscitator

Sooner or later the life of someone in the Post community will depend upon the availability of a resuscitator, said Fire Chief Robert Cato of the Post Volunteer Fire Department as the group this week announced plans to purchase such equipment as a community service.

Members of the department at Wednesday night's practice session watched a demonstration of the Stephenson portable resuscitator and agreed to its purchase if the project can be financed. Contributions from public-spirited citizens and firms will be appreciated, Cato said. The department plans to spend some of its funds also for the equipment.

The resuscitator is to be placed on display Friday of this week at the First National Bank, where its functions will be explained.

No larger than a suitcase, the Stephenson resuscitator has been described as an amazing gadget which can work miracles on victims of accidents causing breathing failure, such as drowning, electric shock, smoke suffocation, gas poisoning or shock from an automobile accident.

It also works for a patient struggling to breathe following a heart attack or had spell of asthma, breathing for the patient until nature can take over.

The instrument is easy to operate, and the only fuel needed is oxygen, available at any filling station or welding shop. Proven cases of lives saved by the resuscitator are on record in almost every city of any size in the community.

Contributions toward its purchase may be left at the First National Bank, where citizens are invited to inspect the equipment.

### No School Friday; Teachers Meeting

With administrators and teachers of the Post schools in Midland for the 21st annual convention of the West Texas Teachers Assn., TSTA, there will be no school tomorrow.

Principal speaker at the teachers meeting will be Gen. Carlos P. Romulo of the Philippines.

The convention is expected to draw as many as 4,000 teachers from the 26-county area.

Theme of the convention is "Education—Freedom's Hope."

More than half of English words are derived from Latin or from Greek through Latin.

### RECIPE OF THE WEEK

By Mary Lee Taylor Peach Cream Pie

1-lb. cans cling peaches slices 1 cup Per Evaporated Milk  
1 qt. vanilla 1/2 cup water 1/2 cup peach syrup  
2 eggs, separated 1/4 cup sugar

Drain peaches and save syrup. Dice peaches and save until needed. Put pudding powder and unbeaten egg yolks into a 1 1/2-qt. saucepan. Stir in gradually a mixture of milk, water and syrup. Cook and stir until mixture comes to a full, all-over boil and is thick, about 5 minutes. Remove from heat and stir in diced peaches. Cover and cool slightly, about 5 minutes. Put into a cold 8-in. baked pastry shell. Beat egg whites in a quart bowl until stiff. Gradually beat in the sugar. Spread meringue over top to edge of crust to seal in filling. Bake in 325 oven (low moderate) 15 min. or until meringue is light brown. Cool thoroughly before serving.

**Post 8th Grade Girl Is Named Garza Spelling Bee Champion**

Patricia (Pat) Wheatley, Post eighth grade student and daughter of Mr. and Mrs. Henry Wheatley, outspelled six other contestants in the district courtroom here Friday afternoon to win the championship of the fourth annual Garza County Spelling Bee.

As county champion, Pat has qualified for the regional Spelling Bee to be held in Lubbock on March 17.

Second place winner was Virgie Bailey, daughter of Mr. and Mrs. Clarence Bailey, who also finished second to Pat in the school elimination Bee held two weeks ago.

Third place was won by Jerry Thuett, 11-year-old sixth grade student in the Close City School and son of Mr. and Mrs. L. G. Thuett Jr.

Friday's Bee was the shortest on record here, only a few dozen words being pronounced by Mrs. Pauline Hagood before the winner was determined. Judges were Mrs. C. R. Thaxton, Mrs. Neil Compton and Mrs. Florene King.

With Virgie and Pat the only two contestants remaining, Virgie was eliminated after starting to spell "athletic," a-t-e. Pat spelled it correctly, then spelled the next word, "attacked," to clinch the championship.

First speller eliminated was Jerry Stone, sixth grade student from Graham, who missed the word "accordion." Then, Kathleen Smith, 10-year-old Close City sixth grader, misspelled "acquittal."

The other Graham speller, Harold Wayne Mason, also a sixth grade student, missed "activate," and Sharon Blackwell, fifth grade student from Justiceburg, was eliminated when she misspelled "admissible."

With only three spellers left, Jerry misspelled "annual" to leave the two Post girls as the only contestants.

Following the Bee, County Supt. Dean A. Robinson, its director, awarded ribbons from the Lubbock Avalanche-Journal, Bee sponsor, to all contestants.

Checks for \$15 first place, \$10, second place, and \$5, third place, were presented the three top spellers by E. R. (Buster) Moreland, president of the Post Chamber of Commerce.

The Spelling Bee audience included Mrs. A. R. Scogins, Justiceburg school teacher, and all her pupils.

**New Studio And Camera Shop Sets Formal Opening For This Weekend**

Post's newest business firm, the Morgan Studio & Camera Shop, will hold its formal opening all day Saturday, March 10, owner N. I. Morgan has announced.

Remodeling at the new studio and camera shop, which is located at 109 West Main Street, is being completed this week. The interior is being done by W. R. Dean & Son, Lubbock interior decorators. The outside walls are being painted in Indian jewel, with incense being used across the front of the display and camera supply rooms.

The marine green on the interior of those rooms, and antique ivory on the interior of the camera room. The front of the studio is being painted charcoal and white.

At Saturday's open house, there will be door prizes, toys for the children and refreshments for all, Morgan said.

Portrait and commercial work, film developing, and other services to be had at any up-to-date studio will be offered by the firm. A complete line of camera supplies will be carried.

Up-to-date equipment at the studio will include strobe-lighting for children's pictures. The darkroom will be air-conditioned to maintain a 68-degree temperature, which is considered ideal for developing work.

Morgan and his wife have a studio at Spur and have been in the photography business for 11 years. Morgan will be in charge of the studio here until school

NATIONAL WINNER TO GET GALAXY OF PRIZES

Post's Piggly Wiggly Super Market In 'Checker Of The Year' Contest

Competition to choose the "Checker of the Year" at the Post Piggly Wiggly Super Market is to get under way Friday and continue through March 17, according to Paul Jones, manager. The store here is participating with super markets throughout the nation in local contests to select regional and national winners, Jones said. Final selection of the "Checker of the Year" will be made in Cleveland, Ohio, May 6-9 at the 19th annual convention of Super Market Institute. Ten regional finalists will be selected for their appearance at Cleveland, and will take part in an impressive presentation at this meeting, which will bring together thousands of top executives in the food industry. Customers and employees of Piggly Wiggly Super Markets will help select the local checker of the year, who will then go on to compete for almost a month of gold and glamor — with prizes ranging as high as an all-expense trip to Europe. Entry blanks for customers are at the checkout stand in all the

company's stores. Piggly Wiggly Super Market has set up its own prize for the local winner. The competition will be no beauty contest, the local manager emphasized. Nominations will be made on such practical considerations as courtesy and good customer relations, accuracy, efficiency and speed, good housekeeping, pride of job and desire to improve. The competition honors the primary contact super markets have with their customers; the checkers who handle billions of consumer food dollars annually, with errors of less than three one hundredths of one per cent. Being named "Checker of the Year" will have some very real advantages to the employee. The checker will win about \$5,000 in prizes, with the top prize an all-expense trip to Europe. At Cleveland, a board of judges will rate each of the entries in a series of tests on personality, speed and accuracy in checking out a standard order. The winner will be crowned "Checker of the Year" in a special

Garza County Plans To File Entries In Area Stock Show Princess Contest

Garza County 4-H clubs and the Post Future Farmers of America chapter are planning to file entries in the fourth annual Princess Contest of the South Plains Junior Fat Stock Show, according to show officials. All 4-H clubs and FFA chapters planning to enter contestants in the contest must return the entry blanks for their contestants not later than March 33, announced chairman George Brassell. Each 4-H club or FFA chapter in West Texas and eastern New Mexico with at least one member entering livestock in the show is eligible to enter a young lady as princess contestant. The girl must be at least 14 years old and photograph of the contestant must be submitted along with the entry blank. The photograph, which must be a face picture, will be returned to the contestants on the morning of the contest.

The selection of a 4-H Princess and an FFA Princess will be held at 10 a. m. at Fair Park Coliseum on Saturday, March 17. FFA contestants will be judged by five 4-H club presidents and the 4-H club contestants will be judged by five FFA presidents. Judges are to be selected by drawing. Judging will be on the basis of beauty and appearance alone. The two Princesses will be outfitted in Western clothes and will then serve as official hostesses. The Junior Fat Stock Show, which will be held March 19, 20 and 21. Final plans for this year's show, the 23rd annual event sponsored by the Lubbock Chamber of Commerce and Panhandle South Plains Fair Association, have been completed. Expected are approximately 1,200 animals shown by 700 young exhibitors from 29 area counties.

\$350 IN PRIZES; EDGAR BERGEN TO JUDGE

Child Personality Contest To Be Held Here By New Morgan Studio

Cash and merchandise prizes totaling \$350 will be awarded in a Child Personality Contest to introduce the new Morgan Studio here, N. I. Morgan, owner, has announced. The contest is to begin Tuesday, March 13, and continue through Saturday, March 31. Any child eight years of age

or under may be entered, but only one entry will be permitted each child, Morgan said. The contest is to be judged solely by portraits taken by the studio here. "You pay nothing extra to enter the contest, and special prizes will be in effect," the owner said. Edgar Bergen of Hollywood has agreed to judge the entries in the contest. Glossy prints of all entries will be air-mailed to him each week for judging. Three weekly winners in each group and the grand prize winner will be announced by telegram from Bergen. The contest will be divided into two age groups for the weekly awards and each group will be judged separately with three winners in each group. Group A will be for children up to and including four years of age; Group B, children five years up to and including eight years of age. A grand prize will be awarded the winner among the entire group of children participating. Prizes will include six 11x14 heavy oil paintings; six 11x14 toned portraits on 16x20 arboard mats; six 10x12 toned portraits on 16x20 arboard mats; one \$25 U. S. Savings Bond. No portraits will be taken on Mondays of each week, as the studio is closed on that day.

Post Man Qualifies As Carrier Pilot

Qualifying as a carrier pilot recently was Naval Aviation Cadet Jimmie W. Wygal, son of Mr. and Mrs. L. A. Wygal of Route 1, Post. Wygal attended Texas Tech before entering the Naval Aviation Cadet Program. To qualify as a carrier pilot he completed six landings aboard the light aircraft carrier USS Saipan in the Gulf of Mexico. He is now undergoing instruction in instrument flying at the Corry Field Naval Auxiliary Air Station, Pensacola, Fla. Mr. and Mrs. C. D. Lee of Matador spent Sunday visiting friends. George Kirk was in Littlefield Saturday where he transacted business.

Sailor Injured In Wreck Transferred

William Moore, a New Orleans sailor, who was injured Wednesday of last week in an automobile accident near Post, was flown from Reese Air Force Base Hospital to the naval base at Corpus Christi Saturday morning. There he will receive treatment by specialists, Reese officials said.

Moore suffered compound fractures of both legs, possible concussion and abrasions of the face and legs. Sheriff Carl Rains said Moore apparently was going home on leave when he lost control of his heavy sedan on a curve on U. S. Highway 380, a few miles west of Post. The car overturned several times and was demolished.

BITS-OF-NEWS

Mr. and Mrs. J. A. Lushby to Dallas, who visited with their son and daughter during the weekend. F. M. Reep visited Plainview Sunday. The sailor was treated at a Memorial Hospital before being transferred to Reese Hospital.

LONE STAR AGRICULTURE

**Buying Habits Of Housewife Have Profound Effect On Farm Economy**

By JOHN C. WHITE  
Commissioner of Agriculture

What is the deciding factor for the Texas housewife at the supermarket produce counter—economy or quality?

The Texas Department of Agriculture is conducting a series of surveys to find out. For after all, the housewife's buying habits have a profound effect on the farm economy in the state.

Is she a thrifty shopper? Does she consider price first and quality second, or vice-versa? Is she a selective buyer, disregarding both factors and picking "what looks good to her"? Preliminary survey results are surprising!

In an East Texas suburban supermarket recently, the first test was arranged to study the average shopper's purchase methods. Since it was a "locally grown" product, the sweet potato was used as a "guinea pig" product.

Department inspectors arranged three bins of potatoes, clearly labeling each one according to grade and quality. The U. S. No. 1 grade potatoes were marked at 10 cents per pound, U. S. No. 2's at 8 cents per pound, and the unclassified potatoes at 6 cents per pound.

Actually, for the purpose of the test, all potatoes were of good quality, according to grade. The main difference between the first two groups was in size; the No. 1's being medium and fairly uniform in shape, and the No. 2's slightly larger and irregularly shaped. The unclassified bin contained both No. 1 and No. 2 quality potatoes as well as culls.

The bargain buy was in the unclassified bin. After each purchase for any bin, the customer was questioned as to her choice of potatoes.

Surprisingly, a total of 81 per cent of the housewives bought U. S. No. 1 grade sweet potatoes. The reasons varied, but the predominant attitude was "I want to be certain of getting the best for my money."

Another 15 per cent chose the U. S. No. 2 potatoes. The two-cent price difference appealed to them, but they were wary of the still cheaper potatoes in the unclassified bin.

Only 4 per cent of the buyers thriftily picked their choices from the unclassified potatoes. Of these, most of the shoppers indicated they were familiar with the factors that made up a good sweet potato without having them graded beforehand.

Definite conclusions cannot be drawn from this one test, but one fact was clear—the housewife is influenced a great deal by the grade of a product. Most of them stated that they preferred that produce be pre-graded so she could be certain of what she was getting. And in a relatively inexpensive commodity like sweet potatoes, she wants the best.

This test was only the first of

a series on a large variety of Texas produce. From these, the Texas Department of Agriculture will be able to offer greater assistance towards improving the marketing of farm goods.

**Area Woman Given FHA Appointment**

Appointment of Mrs. Sam Singleton of O'Donnell to the five-member State Advisory Committee of the Farmers Home Administration in Texas was announced today by Walter T. McKay, state director. The appointment becomes effective immediately and extends to Dec. 28, 1958.

Mrs. Singleton, a homemaker, has long interested herself in the Farmers Home Administration program. She is a past president of the local organization of the Federated Woman's Study Club, and has been very active with the Girl Scouts of America.

The Farmers Home Administration makes loans to operate and improve farms. The home improvement of farm families is a vital aspect of its program. Services are limited to farmers and ranchers who are unable to obtain the financing they need from other sources.

The State Advisory Committee helps the state director adapt national policies to local conditions, suggests ways to make the program more effective, and helps in coordinating the Farmers Home Administration program with activities of other agencies operating in the field of agriculture. The award also certifies that he has attended Oldsmobile specialized courses at the General Motors Training Center. In addition to the plaque, Mitchell has three certificates for previous years in Oldsmobile training.—(Staff Photo.)

**Board Sets Hearing On Canadian Dam**

AUSTIN (Spl.) — The State Board of Water Engineers has set March 23 as the date for hearing an application of the Canadian River Municipal Water Authority to build a dam to impound 961,000 acre feet of water.

The authority wants a permit to use 151,200 acre feet of water annually, 100,000 acre feet of which would be for municipal purposes. A \$74,800,000 bond issue for building the dam and a water system to serve nine West Texas cities was approved in elections in November.

The Canadian River Authority was created by the Legislature to build the dam and the pipe line system for member cities. They are Lubbock, Borger, Plainview, Slaton, Tahoka, O'Donnell, Lamesa, Brownfield and Levelland.

Members of the committee are John H. Head of Clarendon; Joe L. Culbertson of Hamlin; Miles E. Hastings Jr., of Waxahachie; and John H. Orr, Jr., of Chapman Ranch. G. G. Gibson, director of Extension Service for Texas, serves as ex-officio member.

SAVE YOUR VISION WEEK, MARCH 4-10

**Better Vision Care Is Needed To Make Reading Come Easier**

Better vision care is needed to make it easier for Americans to read, the South Plains Optometric Society said today as the 29th annual Save Your Vision Week, March 4-10, got under way.

"In many European countries newspapers and books are read by a much higher proportion of the population than in America," Dr. Carl L. Dean, president of the society said. "In the United Kingdom 611 daily newspapers are sold every day per 1,000 inhabitants, according to a UNESCO report. In Sweden the figure is 490. In the United States it is 353."

"American newspapers are larger, so each buyer gets more to read, but the significant fact is that relatively few Americans take advantage of the newspapers and other printed matter available. Television, radio, and motion pictures divert American

interests from reading. "Better vision and scientific study of typography and layout for reading ease could make reading more popular."

"Headaches or other symptoms after reading rank first among reasons why patients seek vision care. Think how many millions neglect their vision and taper off their reading or stop, probably without realizing it because painless visual inefficiency is often unnoticed."

Dr. Dean said that Americans get the best vision care in the world, but the printed word has greater competition in America therefore, all aspects of vision in relation to reading need more attention.

Mr. and Mrs. Pete Reep and family from Sweetwater were visitors in the home of Mr. and Mrs. F. M. Reep over the week-end.

### Film Treat Awaits Farm Families On John Deere Day Here March 17

A treat of six all color films awaits farmers and their families who are to be guests of Shytle's Implement Co. on John Deere Day to be held Saturday, March 17.

The treat will begin at 12 o'clock noon with a free lunch at the implement house, with the movies to begin at 1 p. m.

Always popular with residents of the Post area, John Deere Day is held every two years.

The film fare will be headed by a full-length feature titled "Tim's Choice." According to Powell Shytle, John Deere deal-

er, "Tim's Choice" is a happy type of movie built around the three youngsters of a typical rural family. How the delightful young trio, all of 4-H age, vie with one another for activity honors and the sometimes anxious, sometimes comical, situations they find themselves in provides a story that is a pleasant combination of humor and sentiment.

All leading players have been seen frequently in motion pictures and on television and carry off their respective roles superbly.

The Gordon family, a Deere-created clan that has grown to seem as real as it is actually fictional, appear in the picture "A Lease on the Future." This time, the story is built around an immigrant refugee's new start in his newly adopted country. Tom Gordon's exasperating antics have their usual satisfying ending and will keep him a favorite of John Deere Day audiences everywhere.

A series of films which has proved extremely popular for the last half dozen years, "Oddities in Farming," is continued again this year with unusual sequences taken in the wild rice harvest, the rhubarb winter harvest and mushroom farming — all important, but little known, agricultural pursuits.

The John Deere Day audiences will also see the line-up of the latest in modern farm machinery when they view the film "What's New for 1956." They will see the new John Deere "80" Diesel Tractor, the new John Deere hay conditioner, the new anhydrous ammonia applicator, the new rotary chopper and

*Mr. Farmer... This Is Your Invitation:*

Dear Friend:  
You and your family are invited to be our special guests at our coming John Deere Day program.  
On that day, planned and set aside just for you, everything will be our treat — including a presentation of entertaining, full-color movies which we're sure you'll enjoy from beginning to end.  
The feature film, "Tim's Choice," is a happy-type picture built around our modern, bewildering—but ever-lovable—rural youth—a picture that could well have been filmed right in your own home. Many other colorful films—both entertaining and educational—fill out a day of enjoyment you'll long remember.

## Generations Of One Family Employed At Postex

Homer Britton has 13 grandchildren and two great-grandchildren. The oldest grandchild is Dr. Samuel Britton of Wichita, Kan., and the youngest is Elizabeth Sue Britton, seven-months-old daughter of Mr. and Mrs. Harold Britton.

His two great-grandchildren are the children of Mr. and Mrs. Robert Baker, who live in Louisiana. Mrs. Baker is the former Laverne Britton, daughter of Bernard L.

## Public Swimming Pool Operators To Be Trained Under New Plan

AUSTIN (Sp.)—A plan for training and certifying the competency of swimming pool operators and for rating pools on the basis of sanitation and safety has been announced by the State Department of Health.

State Health Commissioner Henry A. Holle said the plan, which is voluntary, will get underway by April. It is designed to reduce drownings and similar pool mishaps, and disease transmissions through contaminated water.

Under terms of the plan, any public pool operator may register for "short schools" to be held according to announced schedules. The schools will be sponsored by the health department and the Texas Beach and Pool Association. Operators who successfully complete the instruction and pass a written test will be awarded certificates of competency.

Public pools will be awarded health department placards of approval if periodic inspections show the pools are conforming to minimum standards of safe and sanitary operation as prescribed by the State Health Department.

The placards, similar to those awarded to tourist courts which maintain acceptable sanitation standards, are designed to be hung in a conspicuous place at the pool.

The presence of the placard will denote to swimming enthusiasts that the pool is being run according to accepted standards.

Sites for operators' schools during March include: Harlingen, March 13; Corpus Christi, March 14; San Antonio, March 15; Dallas, March 19; Tyler, March 20; Houston, March 21; Waco, March 22; Wichita Falls, March 26; Lubbock, March 27; El Paso, March 28; and Big Spring, March 29.

Texas has well over 1,000 public pools—exclusive of private and semi-private pools maintained by tourists courts and like organizations.

Dr. Holle said the recreation departments of several cities had indicated that they will require pool operators to win certification under the new plan as a condition for employment.

Mrs. Tol Thomas and grandson, Johnny Johnson were honored at a birthday supper in the Wagoner Johnson home recently. Attending were Mr. and Mrs. Wayne Thomas, Syran and Jay Tol of Lubbock, Mr. and Mrs. Red Floyd, Mr. and Mrs. J. A. Johnson and Wendell and Larry Johnson.

## Cotton Situation Is To Be Featured On Sunday TV Program

"Cotton and You," a documentary feature on the world cotton situation as it relates to West Texas, will be presented Sunday evening at 6 o'clock on Channel 13.

Local spokesmen for the American Farm Bureau, Farmers Union, and Plains Cotton Growers, will discuss the pending Soil Bank, change in cotton loan basis from middling 7/8 inch cotton, and flexible versus rigid price supports.

Reps. George Mahon and W. R. Poage of Texas will comment on provisions of the pending Federal farm bill in a recorded interview from Washington.

Newscast films from Mexico, Texas, Mississippi, and Georgia will serve as a background for a presentation of the economic situation of the world cotton industry and its possible effects on the South Plains economy.

K. Lanse Turner, director of the Cotton Research Committee of Texas, will discuss cotton marketing problems related to West Texas production.

This round-up on the cotton problem will be presented as a 30 minute feature on "Plainsman Parade" Sunday at 6 p. m. on Channel 13.

## Post Track Team Edged By Plains In 4-Team Meet

Post High School's track and field team, coached by Olin Reddell, finished second to Plains last weekend in a quadrangular meet on the Texas Tech track—the first of the season on the South Plains.

The Post athletes finished with 43½ points, only two and one-half behind Plains. Tahoka was third with 34½ points and O'Donnell was fourth with 23½.

Jerry Key of Post won first places in the high and low hurdles and the 440-yard dash. Ray Gary was first in the half-mile run, and Tommy Murray first in the shot put. Also winning first place was the Antelope mile relay team of Richard Simpson, Ronnie Morris, Gary and Key.

Second places for Post were won by Jackie Carpenter in the discus throw, Key in the broad jump and Larry Naranjo in the mile run.

Other Antelope trackmen competing were Jack Raina, Harry Smith, Andy Schmidt, Tommy Mayfield and V. A. Dodson.

The Antelopes are entered in two meets this weekend, one at Lubbock and the other at Crosbyton.

## Public Schools Will Get \$3 More Per Student Than Was Expected

Good news to Garza County school districts is the announcement that they will get \$3 more a student than originally expected from the available school fund.

The announcement came Monday after the State Board of Education set the per-student figure at \$76.

A revised estimate had been submitted by State Comptroller Robert S. Calvert, bringing the available school fund to \$148,953,635.

Based on the current enrollment figure of 1,853,492, the revision will boost distribution for each student from \$73 to \$76.

The board, in its regular March session, also approved an estimate of \$278,240,000 as the cost for the minimum foundation program for 1955-56, another source of income to run the school system.

By law, 20 per cent, or \$55,480,000 of the cost of the program is carried by the local district.

## Program Presented By Music Groups

Public Schools Week observance was opened Monday evening when the music departments of the Post schools presented a musical program before a large crowd in the grade school auditorium.

Taking part were the high school chorus, senior high school band, junior high school band and grade school chorus. The bands were directed by Roy Silvey, the high school chorus by Miss Lynn Harrison and the grade school chorus by Mrs. Carol Denson.

The program was as follows: High School Chorus—"Look for the Silver Lining," "Deep River," "The Lord Is My Salvation."

High School Band—"Colonel Bogey March," "Toulon Overture," "Blue Fantasy."

Junior High School Band—"Scouts on Parade March," "Graduation Day Overture."

Grade School Chorus—"Mary Had a Little Lamb," "Anchors Aweigh," "Oh, My Darling Clementine," "La Cucaracha," "Shortnin' Bread," "Battle Hymn of the Republic."

Mr. and Mrs. L. O. Ticer and family and Misses Sherry Odum and Jean Landtroop spent Sunday in Canyon with Mr. and Mrs. Howard Monk and son.

Mrs. Jesse Williams and Mr. and Mrs. Monroe Williams are in California and the Monroe Williams are moving back to Post.

## . . . because of advertising

Look at the hundreds of advertisements in today's paper. There are ads that sell cars, refrigerators, clothing and new homes. And every time an ad helps sell something, it helps make your job more secure.

Take cars, for instance. A new car sold means a lot more than money in the bank for a local dealer. Every sale spreads employment benefits all over the country . . . more work for Detroit factory workers . . . more work for garages and service stations . . . more work for grocery stores, barber shops, banks and other businesses right here in this town.

Somewhere in this vast system is your job. It depends on the American system of making and selling millions of items every day. By helping to sell all kinds of things to all kinds of people, the advertising in this newspaper benefits you!

# And Water Conservation Loans Available To Farmers

A report recently made by Secretary of Agriculture Ezra Taft Benson shows that about 79 per cent of the funds were used for irrigation, including the purchase of pumps and piping, the drilling of wells and the construction and repair of irrigation ditches and laterals. Irrigation systems were developed or improved for about 282,000 acres.

In Texas, through Dec. 31, 1955, 85 per cent of the \$2,280,000 loaned was used for irrigation. Irrigation systems were developed or improved for more than 34,603 acres. The remainder of the funds was used for such soil conservation measures as terracing and pasture improvement, and developing water systems for household use and farm livestock.

## Sheriff Points Out Importance Of Knowing Traffic Signs By Sight

"Traffic signs are designed to protect human life. It is essential that you know them by sight and obey them without fail."

This advice was given to motorists today by Sheriff Carl Rains, speaking in behalf of the Signs of Life program being sponsored this month by the Texas Safety Association, Department of Public Safety and the National Safety Council.

"Traffic signs represent the expert thinking of traffic engineers and safety officials and have proven their effectiveness in preventing accidents," the sheriff said. "Our main job in the enforcement field is persuading motorists and pedestrians to obey these Signs of Life for their own protection."

Urging motorists to learn the Signs of Life by shape so that they may immediately recognize them on sight, Rains described these six traffic signs as follows:

1. Octagon—red with white lettering. It means come to a full stop and make sure the way is clear before proceeding. This is a revision of the older stop sign painted yellow with black lettering, but the meaning remains the same.
2. Triangle—yellow with black lettering reading "Yield Right of Way." It signifies slow down or stop to give right of way to cross

of the funds from which these loans are made. The Farmers Home Administration makes and services the loans and insures repayment of the funds advanced. Farmers pay 4½ per cent interest or in interest and insurance charges for the loans. The loans are scheduled for repayment within the shortest period of time consistent with the ability of the borrower to repay. The maximum repayment period on loans to individuals is 20 years.

To be eligible for a soil and water conservation loan, a farmer must have reasonable prospects of conducting successful farming operations. He must also be unable to obtain the necessary credit on reasonable terms from private lending sources.

Applications for soil and water conservation loans may be made at the county offices of the Farmers Home Administration. The local county Farmers Home Administration committee determines eligibility for these loans.

traffic at intersections.

3. Rectangle—white with lettering in black or another color. This sign indicates traffic laws concerning parking restrictions, speed limits, turning and passing regulations, etc.

4. Round—yellow with "X" and "RR" in black lettering. It warns of a highway-railroad crossing some 300 to 500 feet ahead.

5. Diamond—yellow with black lettering. This sign warns of dangerous or unusual conditions ahead such as curves, side roads, intersections, hills, dips, bumps, school zones, etc.

6. Crossbuck—tall white railroad sign with black lettering. It is usually placed within 15 feet of a highway-railroad crossing.
