

# WR loan request is in capital

**By JIM CORNISH**  
The White River Municipal Water District's application for a \$3,000,000 federal loan is now in Washington, D. C. for final consideration.

The application had been tied up in the regional office for several months while all legal technicalities were worked out. Tom Bouchier, president of the White River board of directors, had a big smile on his face when he told The Dispatch that the loan

application had finally been forwarded to Washington. Bouchier said action could come in Washington on the application at any time. White River directors are hopeful that the full \$3,000,000 will be approved for the federal loan. If it is, this will mean a considerable savings in interest rates.

The district will need \$4,000,000 for construction of the White River dam and water pipelines to the district's four towns of Spur, Crosbyton, Ralls, and Post. If \$3,000,000 is secured from the federal government, the other \$1,000,000 will come from the state's new water loan fund. In fact the district might well be the

first such organization in Texas to borrow from the new state fund since it was set up by the legislature. If the full \$3,000,000 isn't obtained from federal sources, the remainder would come from private capital through sale of bonds. It is expected that sizable savings in interest can be effected if the full government loan is granted.

Originally, when the first federal loan application was made, the district was asked to set up a three-way financing including private capital, but while the loan was being processed through the Fort Worth office, where every aspect was closely checked, the original application for the full \$3,000,000 was reinsisted and approved. ### Junior rodeo is next week

**By ORABETH WHITE**

The 11th annual 4-H sponsored Southwestern Championship Junior Rodeo, which never fails to attract from 150 to 200 junior ropers and riders from throughout the Southwest, will open here next Wednesday night for a four-night run.

Rodeo activities will get under way at 4 p.m. Wednesday with the traditional downtown parade, which is being held two hours earlier than the usual starting time.

Meanwhile 10 rodeo queen candidates are under way with an advance ticket sale, the outcome of which will determine who is to be this year's queen. The queen and two runners-up will not be announced until the opening night's grand entry event.

The queen contestants are Jane Maxey, Janene Haynie, Beth Kemp, Ann Morris, Ruth Miller, Billie Lou Hill, Sharron Woods, Melanie Thompson, Kay Gordon and Kay Martin.

The rodeo headquarters office will open Monday in the Planters Gin office, with Loyce Josey, secretary of the rodeo's adult board of directors in charge.

Approximately \$3,500 in cash prizes and belt buckle awards for championships in the main rodeo events are being offered contestants in this year's show.

Roping and riding stock will be furnished by Morris Stephens of Silverton. The main rodeo events will be calf roping, double mugging, bareback bronc and steer riding, cowgirls' barrel race and flag race. Added attractions will be a (JUNIOR RODEO—See Page 8)

### Horse show

The 18th annual Garza County Quarter Horse Show will be held Saturday, Aug. 9, at the Post Stampede Rodeo arena, with the number of entries expected to exceed the record-setting 83 horses exhibited at last year's show.

B. F. Yates of Plainview will judge the show, with judging scheduled to begin at 1 p.m.

Show officials said today, that horses have been entered by owners living in Texas, Colorado, New Mexico, Oklahoma and Kansas.

The show here is approved by the American Quarter Horse Association, according to Don Long, secretary.

All-silver trophies are to be awarded, including special trophies for the grand and reserve champion stallions and mares.

Trophy donors to this year's event include Piggly Wiggly, First National Bank, Mason & Co., Wallace Simpson, Higginbotham-Barrlett Lumber Co., Hamilton's Drug, and the Chamber of Commerce.

Alvin G. Davis will be the show announcer, and trophies will be presented by Ruth Ann Long and Don Richardson.

The horse show is held annually in conjunction with the Southwestern Championship Junior Rodeo. There is no admission charge to the horse show.

### Demo convention interest mounts

**By CHARLES DIDWAY**

On the basis of interest shown in Saturday's precinct conventions, a record-breaking crowd is expected to attend the Garza County Democratic convention at 2 o'clock Saturday afternoon in the district courtroom.

On the agenda will be the election of four delegates to the state convention at San Antonio in September.

### South Post box convention gets an early start

There weren't so many verbal fireworks at the South Post precinct convention, but it had some interesting moments — especially the election of a chairman in advance of the proper starting time.

When it was over the conservative element had won a resounding triumph.

Finally named as the nine delegates to the county convention were Mrs. Iris Power, J. Lee Bowen, W. S. Duckworth, Paul Jones, J. M. Lane, Mrs. Julian Smith, Hinton Fluit, Ira L. Duckworth, and Mrs. L. A. Barrow.

An extra large turnout of 36 crowded the classroom off the high school library for the affair but only about 12 were present when Mrs. Lucille Morris, temporary chairman, called the convention to order. (SOUTH POST—See Page 8)

With the conservatives and middle-of-the-roaders having gained control in the North Post and South Post precinct conventions Saturday, they are generally expected to assume control of Saturday's county convention.

In what appeared to have been highly organized campaigns, the conservatives took control of both precinct conventions here, but not without some "fireworks" at the North Post voting place in the old band hall. There, the forces generally considered as pro-Democratic and favorable to the State Democratic Executive Committee took over the convention like Grant took Richmond. The proceedings were enlivened by a "rump" convention called by N. C. Outlaw, county Democratic chairman. Outlaw later announced, however, that for the sake of harmony, the 18 "rump" delegates named will not be presented for certification at the county convention.

A meeting of the delegates named in the regular convention in the North Post precinct met at 3 p.m. Monday and voted to vote as a unit in Saturday's county convention. (CONVENTION—See Page 4)

### Wins title in field of 20 contestants

## Melanie Thompson 'Miss Post 1958'

Melanie Thompson, daughter of Mr. and Mrs. Lee Thompson, was crowned "Miss Post of 1958" Saturday night at the second annual bathing beauty contest at the city swimming pool.

Miss Thompson, who was one of six finalists in last year's contest, was declared winner from among a field of 20 contestants. The two out-of-town judges were from Snyder.

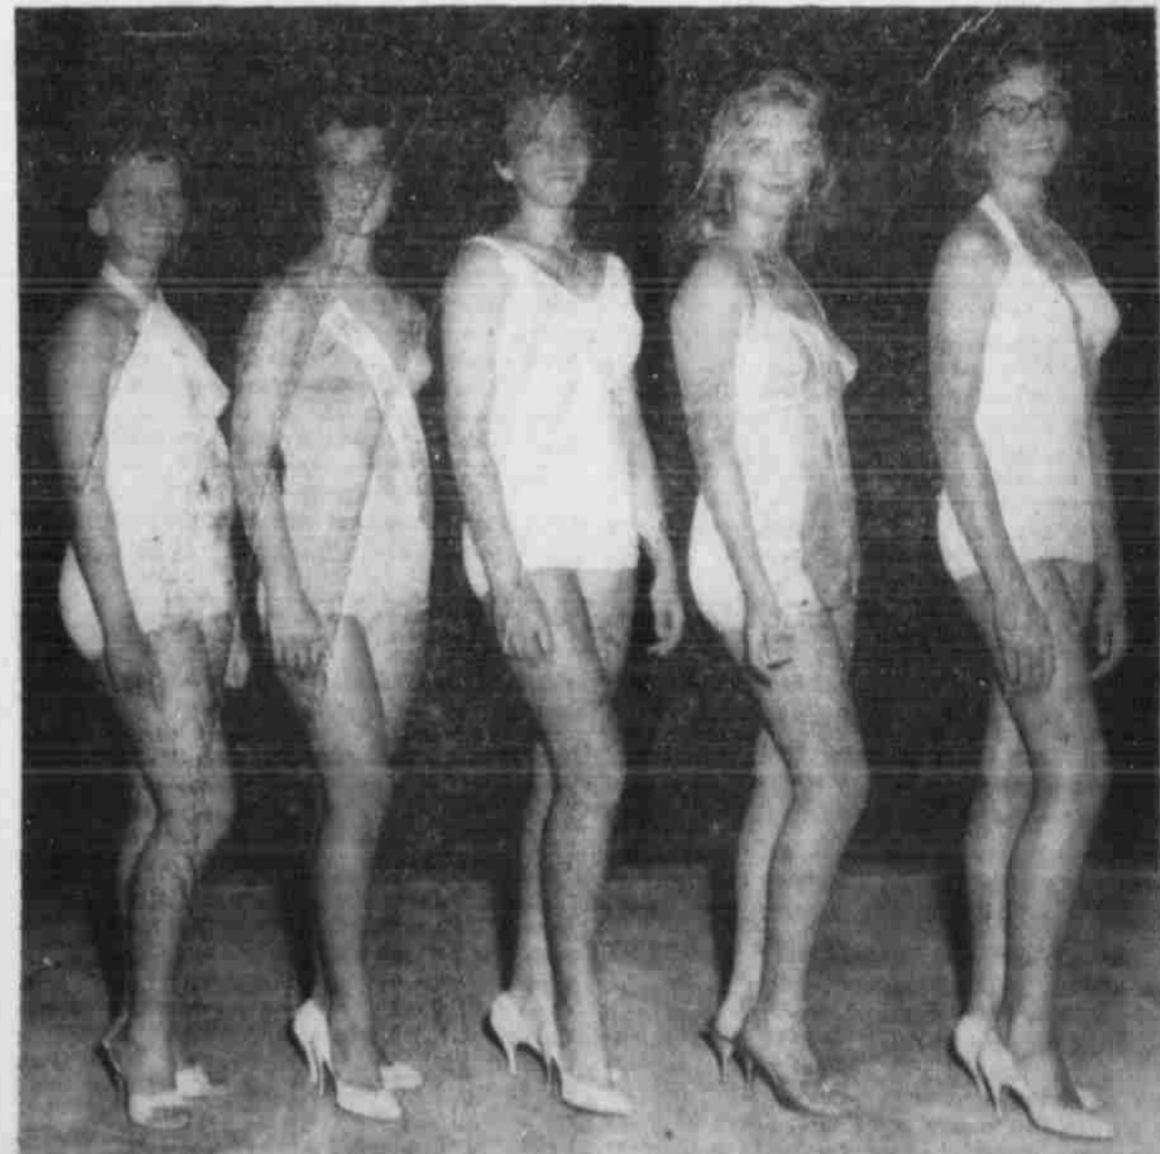

The winner, who will be a junior student in Post High School next year, was sponsored by Herring's. Second place went to Beth Kemp, daughter of Mr. and Mrs. Keith Kemp, who was sponsored by Dunlap's, and third place was won by Janene Haynie, daughter of Mr. and Mrs. Byron Haynie, whose sponsor was Bob Collier Drug.

The other two finalists were Ruthell Martin, daughter of Mr. and Mrs. Hugh Martin, sponsored by White Stores, Inc., and Shirley Wallace, daughter of Mr. and Mrs. Harley Wallace and sponsored by Franleigh Fashions.

Other contestants in the order of their appearance and their sponsors were: Jane Francis, Judy's Cafe; Barbara Shytles, Hamilton's Drug; Patsy Payne, G. F. Wacker Store; Shirley Heinz, Levi's Ranch Cafe; Jane Maxey, First National Bank; Kay Martin, Cal and Rose Casket.

Ruth Miller, Mason & Co.; Alice Joy Nichols, The Flower Shop; Peggy Ramsey, Evelyn's Beauty Shop; Margie Casteel, Radio Station KRWS; Lois Edwards, Wilson Bros.; Jan Polk, The Post Dispatch; Jeanette Hutto, Parsons Dress Shop; Minnie Lee Mathis, Marshall-Brown, and Sandra Kennedy, Peel's Texaco Station.

Miss Frances Craig, co-manager at the pool, crowned Miss Thompson and presented her with the winner's bouquet. During an intermission in the contest, an exhibition of synchronized swimming was given. (MISS POST—See Page 8)

## oters elect new county judge; one runoff slated

Nearly 1,300 Garza County voters Saturday elected a new county judge and re-elected the county treasurer in the only two contested county-wide races on the ballot.

In precinct races, Saturday's balloting resulted in two candidates being nominated for Precinct 2 county commissioner for the Aug. 23 runoff election, and in the incumbent being defeated in the race for Precinct 4 county commissioner.

### 'Dive' apparently out of business

Rumors that the Congo Inn, raided July 19 by sheriff's officers from three counties, is back in operation were spiked today by Sheriff Carl Rains, who said the place had been moved away "lock, stock and barrel."

The sheriff said he took a ride out to the place Sunday after he'd heard that it was back in operation. He said there was no sign of life about the building and that everything had been moved out except a dice table which the officers had wrecked in their raid on the joint.

Sheriff's officers from Garza, Dickens and Kent counties made the raid on the inn, which was described as being in a well-hidden location inside Garza County just across the line from Dickens County.

Raymond Vargas, who officers said was operating the place at the time of the raid, was fined \$100 and costs by County Judge Pat N. Walker after pleading guilty to a charge of possession of intoxicants for sale. The sheriff said the raid netted six sets of "crooked dice" as well as 16 cases of beer and several pints of whisky and beer.

### To be ready by Sept. 1

## Grain elevator is being constructed

Caprock Grain Company will complete its new 200,000-bushel elevator here by Sept. 1, according to Mike Mitchell, co-owner and manager.

The 240 by 70-foot elevator, of steel pipe and sheet metal construction, is being constructed in the southwest part of town near the Gulf warehouse south of Fifth Street.

Mitchell said the elevator will employ from four to five people during its peak three months each year.

IT WILL BE operated under the CSS Uniform Grain Storage Agreement. "That means," Mitchell said, "that we will be able to is-

sure warehouse receipts for government loans." The manager said that since they don't have time to install scales at the elevator in advance of the milo season, weighing will be done at the Planters Gin.

Co-owner with Mitchell is J. K. Veazey, an Aspermont business man.

MITCHELL AND his wife, Wanda, lived in Post for six months about three years ago, at which time he was working out of here with the Commodity Credit Corporation, with which he was employed for four years.

### Beneficial rains fall over most of Garza County

Heavy rains, which couldn't have come at a much better time as far as crops are concerned, fell over most of Garza County Sunday afternoon and night.

The precipitation ranged from a sprinkle in the Justiceburg vicinity to as much as four and one-half inches north and northeast of Post.

"The rain, in most areas, was just right for the cotton and grain crops," said County Agent Lewis C. Herron.

Falls of from three and one-half to four and one-half inches were gauged in the Grassburr vicinity, and almost that much on over toward the Verbena community.

From the Close City vicinity north, the rain measured from two and one-half to three and three-quarters inches.

The rain in the Graham community amounted to only about an inch, and in Post measured 1.10 inches.

The county agent said that in many sections of the county the rain was heavy enough to enable irrigation farmers to stop irrigating.

The rain came at a time when cotton was in the heavy fruiting stage and early grain sorghum was maturing.

The rains were also a blessing in easing Post's water problem. City Supt. Henry Tate said. For 17 days before the rains came, water consumption totaled 19,156,000 gallons — an average of 1,127,000 gallons a day.

"We believe that is a record for a 17-day stretch," Tate said.

### Paving project being finished

Finishing touches — consisting of three-course treatment — is being put on Post's new 20½-block paving project by C&C Asphalt Paving Co. of Colorado City.

Ten blocks of the paving have been completed in addition to paving of the parking area on the north side of the swimming pool, City Supt. Henry Tate said Wednesday.

Blocks completed include four on South Avenue H, two and a half on East Third Street, one one East 11th and one on East 12th.

Following completion of the paving, which will be in the next few days if the weather is favorable, the contractors will seal coat 17 blocks of old city paving.

### Rotarians hear talk on upcoming rodeo

Rotarians heard a discussion of next week's Southwestern Championship Junior Rodeo at their luncheon meeting Tuesday.

Butch Wilson, one of the junior rodeo directors, explained various phases of the rodeo project and answered questions concerning it.

He pointed out that all proceeds above expenses go to the development of the new 4-H building here, still incomplete for lack of funds.

About your health

Like other living things, bacteria need food, warmth, and moisture to grow in numbers. That's why, in the summer months, certain kinds of bacteria so often team up with heat and lack of refrigeration to spoil food.

That's why food poisoning is so much more common in warm weather—and why you need to be especially careful now about preparing food and storing it.

With proper safeguards of cleanliness and cooling, food poisoning can be avoided. Here are a few suggestions to help you make sure that the food you eat this summer will be safe to eat.

IT IS WELL known which foods are most susceptible to bacterial growth, as these are especially dangerous unless they are properly prepared, handled, and stored. Egg and milk mixtures, including custards and mayonnaise-type salad dressings, ham, turkey and chicken, either in salads or sandwiches, and potato salad—are often quickly suspected, when food infections occur in summer.

Ham sandwiches used to be considered safe because of the slow, salt laden curing methods employed in the past. But, today, most hams are tenderized and are subject to spoilage without proper refrigeration.

MAKING HAM sandwiches and wrapping them in wax paper, then allowing them to stand at room or outdoor summer temperatures for a few hours, has caused many cases of food poisoning. Ham sandwiches are delicious, but they should be refrigerated until time to eat them.

THANK YOU, FOLKS I would like to thank my friends for their support in Saturday's election. I appreciate your loyalty. I also wish to thank all of you for your support in past elections. I have thoroughly enjoyed serving you here in Precinct No. 4. SID CROSS COUNTY COMMISSIONER PRECINCT 4

Convention—

(Continued From Front Page) vention. A spokesman for the delegation said not all 18 delegates were present, but that a quorum was in attendance.

The North Post delegates are: Lynn Duncan, Irene Rodgers, Dr. Harry A. Tubbs, Jim Sexton, Giles McCrary, Tom Bouchier, Walter Boren, J. B. Potts, Madge Webb, W. H. Yancey, Chant D. Lee, Boone Evans, Harold Lucas, Leo M. Acker, Walter Crider, C. D. Morrel, Bryan Williams Sr., and Bill Edwards.

Morrel, Edwards and Williams were not present at the time the delegates were named by the nominating committee. In the South Post precinct convention, the precinct chairman ruled that no delegates could be elected unless they were present.

Here, briefly, is what transpired at the North Post precinct convention: Homer McCrary, precinct chairman, opened the convention and called for nominations for a permanent chairman.

Jim Sexton was nominated for the chairman ship and Outlaw made a motion that nominations cease and Sexton be elected by acclamation. Leo M. Acker nominated J. B. Potts for chairman, and Outlaw withdrew his motion for want of a second.

Tom Bouchier was nominated for chairman, and Dr. Harry A. Tubbs moved that nominations cease, with Outlaw seconding the motion. McCrary clambered up on a chair to make a count of the hand-vote, and declared Potts winner with 28 votes, Sexton receiving 25 and Bouchier two.

Outlaw questioned the right of some of those present attending a Democratic precinct convention. An argument on the issue was terminated when Potts said, "We will now take charge of the meeting."

Outlaw said, "Let's have a clarification of that statement." Potts: "What statement?" Outlaw: "The statement that 'we will now take charge of the meeting'."

Acker interrupted to move that the chairman appoint a nominating committee on the grounds that it would take too much time to nominate and elect delegates from the floor.

Outlaw then asked if the convention proposed to operate under the rules of the Democratic party, and made a motion that nominations for a permanent chairman be reopened.

Potts kept his end of the proceedings moving by naming, from a prepared list of names, a nominating committee of Walter Boren, Giles C. McCrary, Tom Bouchier, Walter Crider and Leo M. Acker, instructing the committee to meet and select the 18 delegates.

While the nominating committee was out, Outlaw called for "all Democrats" to meet in the southeast corner of the hall as a "rump" convention. A permanent chairman and secretary was elected and Outlaw compiled a list of delegates.

Upon the return of the nominating committee, Mrs. Warren Yancey was elected secretary following her nomination by Potts, and the 18 delegates were approved by voice vote.

Following are delegates to the county convention elected at other

Shell Oil Company is still testing the No. 1-F Slaughter, 13 miles southwest of Post, from the Strawn before making up its mind whether or not to complete it as a small well.

The latest 24-hour pump gauge showed a return of only 52 barrels 52 per cent water and 42 per cent oil. Testing is continuing.

Shell also got some bad news this week from its No. 1 Clyde Miller wildcat just off the Slaughter ranch in northern Borden County.

In a drillstem test from the 8,540-705 level in the Ellenburger, the only oil recovered was a little oil scum.

In the two hour test, 270 feet of mud with oil scum, 810 feet of mud-cut salt water, and 5,850 feet of salt water.

The test was bottomed in granite prior to a plugback to its present level.

Historical posters are to be exhibited at Texas State Fair

"Posters USA," an exhibition of more than 70 American posters ranging from the earliest in America through World War I, will be a featured attraction at the 1958 State Fair of Texas, Oct. 4-19. "Posters USA" will occupy the entire exhibit space in the huge Texas Hall of State at State Fair in Dallas.

The exhibit at the State Fair will be the only showing in Texas and one of 20 exhibitions of "Posters USA" planned in the United States during a two-year period. The nationwide tour began in September of 1957 at the Detroit Historical Museum and the exhibition is being circulated by the American Federation of Arts.

THE POSTERS to be exhibited were selected by the editors of American Heritage, The Magazine of History, from the Levi Berman collection. "Posters USA" is the first national showing of this unique collection.

Berman spent over 30 years assembling more than 5,000 posters, some purchased from other collectors and others rescued from attics and barns.

The outdoor poster came into its own about fifty years after the earliest known American example was produced — "The Great India Elephant" in 1832. Gradually, posters became the most important item in the budgets of competing circuses, outgrowths of the early wild animal shows.

"POSTERS USA" is divided into nine sections. The largest, "The Bright Lights," presents over thirty examples devoted to the theater and its stars, among them Lillian Russell, Anna Held, Frank Mayo as the ever-popular Davy Crockett, and James O'Neill as the Count of Monte Cristo. Other categories show children offering the products of industry, minstrels with the colorful costumes and ingenious musical instruments, the pretty girl as

# Mr. and Mrs. W. O. Fluit Sr. celebrate golden wedding date

Mr. and Mrs. W. O. Fluit Sr., long-time residents of Garza County, were honor guests for an open house Sunday afternoon in the home of a son and daughter-in-law, Mr. and Mrs. Carl Fluit, in the Graham community.

The honored couple were married in Garza County, and have lived 35 years of their married life in Garza County, most of which time they farmed in the Graham community. They have five daughters, six sons, 22 grandchildren, and six great-grandchildren. Their children and families, who were co-hosts for the occasion, are: Mr. and Mrs. Hinton Fluit, Mr. and Mrs. Maurice Fluit, Mr. and Mrs. W. O. Fluit Jr., Mr. and Mrs. Elmo Bush and Mr. and Mrs. Harold Reno of Post; Mr. and Mrs. Morris McClellan and Mr. and Mrs. Marion Matthews of Morton; Mr. and Mrs. Bob Fluit of Edinburg, Bob Fluit of Crane, Mr. and Mrs. L. E. Rylant of Lovington, N. M., and Mr. and Mrs. Carl Fluit, all of whom were present.

Guests, who called between 3 and 6 p. m., were greeted by Carl Fluit, who presented them to Mr. and Mrs. Fluit and their sons and daughters. Gold and white was used as the color scheme, with a three tiered wedding cake topped with a white and gold wedding arrangement and gold bell, punch, mints and nuts served from a crystal service by Mrs. Maurice Fluit and Mrs. W. O. Fluit Jr.

The refreshment table was laid in a white cut-work cloth over gold and featured a centerpiece of yellow carnations and golden colored driftwood with the numbers "50" in gold. White streamers bearing their names, "Claudia and W. O.", "Aug. 5, 1908", and white tapers trimmed in gold helped to complete the table decor.

Other decorations throughout the entertaining rooms included white and gold tapers and bouquets of golden mums, topped with wedding bells. Mrs. Bill Mahmood, their eldest granddaughter, registered 156 guests from a table accented with a gold "money" tree, which represented the Fluit family. Two bronze flowers represented the honor couple with 39 roses representing their children, grandchildren, and great-grandchildren. Money was attached to the tree to form the "leaves".

Over 200 gifts were displayed by daughters of the couple. Mrs. Fluit wore a yellow carnation corsage and Mr. Fluit wore a yellow boutonniere. Other members of the houseparty wore corsages of gold bells and white ribbon. Relatives and friends attending the affair were from Hereford, Ralls, Andrews, Brownfield, Fluvanna, Gonzales, Big Spring, Lubbock, Denver City, McAllen, Corpus Christi, Alamogordo, N. M., Wilson, Ropesville, Turkey, Seminole, Abernathy, Tahoka, Crane, Whiteface.

## Mrs. Walter Brown has 83rd birthday

Mrs. Walter Brown, better known as "Aunt Jane," celebrated her 83rd birthday July 23 in the Garza Convalescent Home.

Several friends called at 3 o'clock to visit with Mrs. Brown and enjoyed refreshments of ice cream and birthday cake.

Mrs. Brown lives with her husband at the convalescent home. They are long-time residents of the Close City community before moving to a rest home in Lubbock in March and then to Post recently.

# Auto insurance rates increase after Friday

Garza County car owners buying auto collision and liability insurance after Friday will find they'll have to pay more for their policies.

The increase in rates is the result of a statewide rate hike, voted earlier this month by the State Board of Insurance.

Statewide, the increase will average 17 to 19 per cent.

**IN GARZA County, the rates will go up 15.3 per cent for auto collision insurance, 16 per cent for bodily injury coverage and 23.1 per cent for property damage (both under liability coverage) and 33.2 per cent for comprehensive coverage.**

Auto insurance in the territory which includes Garza County costs less than in any other part of the state, however.

Biggest increases under the new rate structures are aimed at car owners who are unmarried males under 25.

THESE INCREASES result directly from an increasing number of automobile collisions, higher costs of repairs, larger medical costs and higher jury awards. In actions for damages, the State Board said in announcing the hikes.

Here are the Post area basic rates per year for liability insurance providing \$5,000 and \$10,000 for bodily injury coverage and \$5,000 for property damage:

Class 1A — Drivers 25 and older, married, using cars only for pleasure and domestic purposes — \$35, up \$6.

CLASS 1B — Drivers over 25, married, using cars for business as well as pleasure — \$35, up \$6.

Class 2A — Adult owned car but also driven by youth under 25 — \$52, up \$11.

Class 2C — Drivers under 25, married and male driver — \$87, up \$24.

Class 3 — Business car — \$41, up \$11.

Class 1AF — Farmers 25 and older, married, using car only for pleasure and domestic purposes — \$35, up \$6.

Class 2AF — Car owned by adult farmer, but also driven by youth under 25 — \$52, up \$11.

Class 2CF — Farmers under 25, unmarried males — \$85, up \$14.

THESE ARE the Post basic rates on a \$50 deductible policy on a 1957 model medium priced car.

## Paul Teas stakes ranch wildcat

Paul Teas, Dallas independent operator, last week staked out a new wildcat location on the big Slaughter Ranch.

The new venture will be the J. R. Slaughter C-3 and will be located one and one-half miles from the Slaughter A-1 in the Teas' Strawn field. Its legal location is 1,980 feet from the north line and 1,980 feet from the east line of section 33, T&N0 Survey.

Teas' John F. Lott No. 1 was scheduled to drill into the Strawn probably today at about 8,100 feet.

Shell Oil now has no oil drilling under way on the ranch in Garza County, but has bottomed its No. 1 Clyde Miller, 12 miles northeast of Gail in Borden County, in granite at 9,210 feet, the deepest test to date in this area. Operator is now running logs.

# WHAT IS IT FOR

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Matthew	16	23-20
Monday	Matthew	18	25-20
Tuesday	Acts	2	41-47
Wednesday	Acts	6	1-6
Thursday	Acts	20	17-35
Friday	1 Corinthians	10	23-33
Saturday	1 Corinthians	9	19-23

Folks are curious. "What is it for . . . What does it do?" They usually want to know about everything they come across.

But ask them, "What's the Church for . . . What does it do?" and they're likely to stop short.

You can tell them the Church is the oldest institution in your community. It stands for God, for right-living, and for the way of Christ.

Its aim is to help develop Christian character . . . to share a soul-lifting gospel with each person.

It strengthens the community's ceaseless struggle against crime . . . it serves families and individuals in times of trouble, sorrow, or sickness. It rejoices with them in their happiness.

Once you're aware of the Church's far-reaching program, its challenge is irresistible.

Accept it . . . take your stand for God, for right-living, and for the way of Christ through the Church.

Postings—

(Continued From Front Page) are just two of the current projects. There's a big hole behind the First Methodist church with work being pushed on the new educational building addition. Behind the high school, a "home" containing two new classrooms is being rapidly nailed together. Drive out to Westgate addition — Bryan J. William's new residential area at the west edge of town — and you'll find four fine new homes under construction — Bryan J.'s, Julian Smith's, Supt. of Schools R. T. Smith's, and Ray Lovell's. Scott and Browning Construction Co., the Snyder firm which built a number of new homes in the southwest part of town last year, has two more under construction now on West Fourth street and probable will start work on several more in the next few weeks. Horace Henley, Lubbock contractor, is working out plans to build several FHA-financed homes in the northwest part of town, but we haven't been able to slow him down enough as yet to find out just where.

Add all this building up and the conclusion is obvious enough — Post is continuing to grow steadily. And to our way of thinking this is just a start. The only thing which really troubles us is that there isn't more signs of growth on Main street. The town has grown tremendously in the last couple of years but there hasn't been much expansion activity along the business section. The way it usually turns out is that when it comes it comes in a rush.

The whole town ought to be pretty pleased too with the news from Tom Boucher that the White River water district's federal loan application has finally cleared the regional FHHA office at Fort Worth and is now in Washington. The regional office approval was the tough one — that's where everything is triple-checked to be sure it's in order. Whatever Washington does now should not take long. But the government being the government, one never knows.

Next week is rodeo time again — this time for the young cowboys. Let's all support the rodeo and root the youngsters on — remembering that any profits from the four-night affair will go to help complete the new 4-H building down in the park. That's a mighty worthy cause to be helping.

When you look through The Dispatch today you'll be surprised to find five full-page advertisements — in fact 16 pages packed with more ads than we've ever had in a regular 16-page edition before. On page 3 you'll see where Mayor James Minor is cutting loose the traces again with Mason & Co.'s 43rd anniversary sale. As a birthday cake for the occasion, Minor is slicing his furniture prices to make customers happy. On page 7 you'll find Dunlap's big Pre-Inventory Sale at listing dozens and dozens of bargains.

What's more this weekend will be the August Dollar Days. You'll find a dozen merchants combining on page 11 to offer dollar day bargains with Wacker's, Herrings, and Piggly Wiggly also having big Dollar Day promotions in today's issue as well. The all-out Dollar Day promotion for July was a huge success, so the stepped up Dollar Day program this time should offer thrifty shoppers plenty of reasons to spend their weekend prowling Main Street.

Back on page 15 some 54 Post business and professional folks have sponsored a full-page ad to advertise next week's four-night rodeo and to welcome the young cowpokes to town. We know the Junior Rodeo directors appreciate this united effort to make their show the financial success it deserves to be — and you'll notice adult ticket prices are 25 cents cheaper this year. That ought to help with the "draw."

If you've really got the time for some reading turn over to page 10 where you will find all of the nine Texas constitutional amendments you will be voting on at the Nov. 4 general election. This will require some time and study as the nine amendments contain exactly 7,686 words. The state of Texas is printing them in the next four issues of The Dispatch so voters will have had ample opportunity to digest them before being called upon to make their decision on them at the polls Nov. 4.

Add to the local fish stories that of Highway Engineer Julian Smith's. He returned Saturday afternoon from a 36-hour fishing trip out into the gulf. Julian reports his fishing party of 11 fellows caught some 683 pounds of fish, which have been shipped in ice back to Lubbock for distribution. Julian who thus will have over 80 pounds of fish for his freezer as his share in the finny loot asked us what we were trying to do — "get all the cats in the neighborhood over to his house Thursday night?"

The July-August issue of The Southwesterner, Southwestern Public Service Co. publication, gives Postex Mills and Post a two-page pictorial spread for Postex Cotton

South Post—

(Continued From Front Page) tion to order about five minutes in advance of the announced 10 a. m. starting time. She said her watch showed 10 o'clock.

Oscar Garner immediately was on his feet with the nomination of a permanent chairman, but was ruled out of order because his nominee was not actually present.

Ira Lee Duckworth then jumped up and nominated the Rev. Clinton Edwards for the chairmanship. He defeated Fay Claborn for the post.

Mrs. David Newby was named secretary.

The Presbyterian pastor appointed Ira Lee Duckworth, Walter Duckworth, Lee Bowen, Shelley Camp, and Mrs. Power as a nominating committee to select nominations for the nine county convention delegates.

When the committee returned five minutes later to the then crowded classroom, Duckworth as chairman began reading off nominations headed by Mayor James Minor.

But Mrs. Morris interrupted to explain that the delegates had to be present at the convention to be elected — a point of order which some delegates later said wasn't so — and Mayor Minor was not in the room.

Duckworth checked his nine nominees, reported seven of the nine were not present, so the committee went out again to try a second time.

When they returned they proposed the slate selection which was finally approved by the convention with the exception of Mrs. David Newby, who was nominated instead of Mrs. Barrow. When Mrs. Newby said she would be out of town Saturday, Mrs. Barrow's name was substituted. To get the nine the second time, four members of the nominating committee were included.

Garner tried to get the convention to instruct its delegation as to how it would vote Saturday, but others pointed out this couldn't be determined "until the results of the primary that day were known." There were plenty of comments after adjournment as to the "fast start" with both factions complaining. Snorted several disgruntled ones. "The Republicans have taken over."

Three pay fines for speeding

Three speeding fines have been paid in Justice of the Peace D. C. Roberts' court during the last few days, with two others booked for the same offense.

Paying fines and costs amounting to \$16.50 for speeding were T. E. McGuffey, James E. Cain and Charles A. Diegel.

Speeding charges also face V. B. Hubbard and D. R. Gipson. M. C. Harkey has been booked on a charge of loud and excessive muffler, and Tom M. Garner on a drunk charge.

Week open house and the cotton style show promoted by the local Chamber of Commerce. It was mighty good publicity and Ted R. (for Reddy Kilowatt) Hibbs deserves most of the credit for getting it.

Dr. Bob Williams will reopen his medical practice here Friday. He has rented a home here and was busy yesterday moving in from Lubbock.

Election—

(Continued From Front Page) absentee votes to 26 for Howell. Both commissioner's races were close, with a runoff necessary between the present commissioner, E. E. (Elva) Peel, and R. A. (Roy) Ethridge in Precinct 2.

IN PRECINCT 4, Mason Justice, unelected Sid Cross by the margin of five votes — 38 to 33. Justice led by four votes — 32 to 28 — after the Justiceburg votes were counted, and edged Cross by one vote — 6 to 5 — in the absentee box.

Peel and Ethridge ran almost neck and neck in the Precinct 2 commissioner's race, with Peel finally coming up with 126 votes to Ethridge's 120. Peel beat Ethridge 81 to 59 in the South Post box, but Ethridge held a commanding edge at Graham Chapel, 51 to 32.

C. R. (Si) Thaxton was third man in the five-candidate Precinct 2 commissioner's race with 78 votes. Oscar Gray polled 50 votes and Bryan Maxey 39 votes.

The North Post precinct gained a new county Democratic chairman in the voting, with Mrs. Irene Rodgers defeating the present chairman, Homer McCrary, 270 to 185. Mrs. Rodgers won, 251 to 158, in the North Post precinct voting and 19 to 7 in the absentee voting.

In the county judge's race, Parker carried the North Post, South Post, Close City, Southland, Graham Chapel, Verbena and Justiceburg boxes, with Walker winning at Pleasant Valley and in the Two Draw box, and the candidates tying, 43 to 43, in the absentee voting.

COUNTY AND district candidates nominated without opposition were Dean A. Robinson, county superintendent; Carl Cederholm, county and district clerk; D. C. Roberts, Precinct 1 justice of the peace; George Mahon, U. S. Representative, 19th District, and Truett Smith, district judge, 106th Judicial District.

In contested district races, Garza County picked a winner by going for Renal B. Rosson for state representative, but went for the loser in giving Robert R. Patterson a big margin over David W. Ratliff, the incumbent, in the race for state senator.

Practically complete returns Monday from the five counties comprising the 90th Legislative District gave Rosson 4,431 votes to 2,194 for Cliff Payne and 1,270 for Ray Houpt.

GARZA COUNTY gave Rosson 506 votes to 400 for Payne and 159 for Houpt. In the state senate race, Garza County went for Patterson, who lives in Snyder, by a vote of 770 to 327. Over the 24th Senatorial District, however, Ratliff won by a sizable margin.

Governor Daniel outstripped his three opponents in this county in the same manner as he did over the state. He received 746 of Garza County's votes to 373 for W. Lee O'Daniel, 56 for Henry B. Gonzales and 43 for Joe A. Irwin. Senator Yarborough, an easy winner over Blakley statewide, beat him in Garza County by a vote of 729 to 484.

GARZA COUNTY also went with the state in giving Ben Ramsey 875 votes to George Nokes' 273 in Ramsey's bid for re-election as lieutenant governor.

The closest state race in this county was that between Sarah T. Hughes and Joe Greenhill for State Supreme Court Place 4. Judge Greenhill polled 565 of Garza County's votes and Judge

Construction under way on two new classrooms

The two new classrooms being constructed for high school use in a temporary "home type" building behind the high school building are necessary to provide enough classrooms for the 17-teacher high school faculty.

Supt. of Schools R. T. Smith emphasized the point yesterday as construction of the two classrooms was well under way just outside his office window.

At the present time, the high school faculty numbers 17 with only 15 classrooms.

Breaking this down, Supt. Smith explained that the commercial teacher needed one classroom for commercial subjects the entire day, and so did the homemaking teacher for homemaking subjects, the vocational agriculture instructor, the science teacher, the band instructor, the physical education teacher in the gym, and the librarian in the combined library-study hall.

This left 10 high school teachers

Hughes 478. John C. White, who won re-election to the agriculture commissioner's post without a runoff, also ran well in Garza County, where he garnered 791 votes to 244 for Tom Griffin and 46 for Glenn H. Kothmann.

Land Commissioner Bill Allcorn, also a state winner, polled 783 votes in Garza County to 227 for L. J. (Lil) Dimmitt. In the race for Supreme Court Place 7, where J. Edwin Smith and Robert W. Hamilton face a runoff, Hamilton polled 706 votes in Garza County to 207 for Smith and 104 for Wilmer B. Hunt.

Three Post youths, one a juvenile, have been bound over to the grand jury on charges of felony theft. Released under \$750 bonds following their arraignment before Justice of the Peace D. C. Roberts were Felix Bustoz, Able Camacho and Antonio M. Rodriguez.

The three are charged with stealing batteries, wrenches, chains and other articles from the farm of Floyd Hodges, near Post.

with only seven general classrooms left in the high school building and one in the west end of the gymnasium.

The two new classrooms will enable administrators to work out fall schedules with as many classrooms as teachers.

Santa Fe appoints tax commissioner

Howard E. Brosier, tax agent for the Santa Fe Railway at Amarillo, has been appointed assistant regional tax commissioner, effective July 1, succeeding Paul E. Olson, who died in June. Brosier's headquarters remain at Amarillo.

(Ed. Note: Mr. Olson died of a heart attack here in June while attending a meeting of the Garza County board of tax equalization.)

Felony theft charges facing three youths

Three Post youths, one a juvenile, have been bound over to the grand jury on charges of felony theft.

The three are charged with stealing batteries, wrenches, chains and other articles from the farm of Floyd Hodges, near Post.

WR loan—

(Continued From Front Page) proved at the regional level.

The exact interest rate for any federal loan will be set at the Washington level when final action is taken on the district's loan application.

There is some leeway possible as to the interest rate, it is understood here.

No long wait is expected at the Washington level. The regional FHHA office has thoroughly checked every aspect of the proposal. This will not have to be done again at the top level.

A decision could well come within 10 days or two weeks.

If so, it will be possible to let construction contracts probably sometime this fall with the work getting under way around the first of the year.

daughter, Kimberly Raye, nearly 11 months old, have lived in Fort Worth and Lubbock since leaving Post a few years ago and are moving here from Lubbock.

HE IS 26 years old and a graduate of Sam Houston State College at Huntsville, where he majored in agriculture. The Mitchells are members of the Baptist Church.

The new elevator manager said he and his wife are enthusiastic about Post and the possibilities here for the new business. "The town has a wide enough trade territory that it needs such grain storage facilities as those we will be able to offer at our elevator," Mitchell said.

Permits issued for new homes

Eight building permits, including three for new residences, have been issued at the City Hall the last two weeks for construction totaling \$38,460.15.

Horace Henley Jr. was issued permits last Thursday for construction of two new houses, one costing \$12,600, the other an estimated \$11,800.

Both houses are to be built in the West Gate Addition in the Post Independent School District. The larger of the two residence permits specifies a living room, dining room, two bedrooms, two bathrooms, a kitchen and a utility room and a one-car garage.

Other permits have been issued as follows:

W. H. Ellis, reshingling house, \$125.15.

A. E. Floyd, concrete block fence of approximately 220 feet, \$1,000.

Post Independent School District 32x42 frame asbestos siding building, \$5,935.

E. E. Pierce, repainting house and installing heating and cooling system, \$800.

L. R. Mason, 12x32 addition to frame building, west half of Lot 13 and Lot 14, Block 18, \$1,200.

L. R. Mason, three-bedroom frame house, Lots 1 and 2, Block 18, \$5,000.

(Continued From Front Page) kid's pony race and meet for children 12 years of age and under.

Dances, with music furnished by a western band from the area, will be held following each rodeo performance.

In Wednesday's parade second and third place trophies were awarded winning riders with cash prizes going to the winning floats.

This year's admission is \$1 for adults and 75¢ for children. The adult admission is 25 cents less than it was last year.

Rodeo directors met last night in the district court to make last-minute plans for the event. It was announced that other announcements at night's meeting included the rodeo association's second and third place trophies for the queen's contest. It was announced previously that the queen would be awarded a pair of made boots from Luau's in Lubbock. The second place winners will receive a \$5 gift certificate, and the first place winners will receive a \$10 gift certificate, both from the J. B. Thomas Shop here.

Perhaps it's because of the many little extra services we perform. Services a woman appreciates. Like brushing out car interiors. Or wiping all the car windows clean. Or providing rest rooms that are always spick and span. Of course, the fact that we sell Phillips 66 FLYS-FUEL and TROP-ARTIC Motor Oil probably has something to do with our popularity. ## New changes in 1958 hunting regulations

Basic hunting regulations in Texas have been set by the Game and Fish Commission for the 1958 fall season. In general, the regulations will be very much the same as last year, according to the secretary of the Game and Fish Commission.

Regulations were approved by the Commission last week from recommendations made by biologists who had studied throughout the state, particularly in areas where regulatory changes have been granted to the Commission.

The hunting season will begin for doves in the North on Oct. 20. In the South, the season will begin on Oct. 1, Nov. 19, except in the Rio Grande valley where it will be legal to shoot doves for the two-day white-winged dove season. The season will end Nov. 17.

HUNTERS also get another break. The U. S. Fish and Game Service has authorized the season of 20 mourning doves, starting on the first day. The daily bag limit is 10. The white-winged season begins

2 p. m. daily on Sept. 14 and 16, only, and ends at sunset on each of the two days. The bag limit is 10 per day and 10 in possession.

Deer hunters will find the white-tailed season in the Edwards Plateau and South Texas areas open Nov. 16 to Dec. 31, inclusive.

ANTELOPE SEASONS will be the same as last year, except that in the Trans Pecos area three more days have been added. The dates are Oct. 1-3; 5-7, and 8-10 inclusive. The Panhandle dates for antelope are Oct. 14-16 and Oct. 17-19, covering two areas.

Quail season will remain from Dec. 1 to Jan. 16, except in a few counties where the season has been closed by the legislature. Quail season has been opened in Crockett County this year.

The turkey season will remain the same this season as last year. A digest of the Game and Fish Laws now is being prepared and will be ready for distribution through license dealers, wardens, and sporting goods stores as soon as possible.

## 4-H'ers strive to be good citizens, and able speakers

CHICAGO — Good citizenship is emphasized in all 4-H Club work, while just about every project or activity requires a certain amount of talking and demonstrating before club members and other groups. Many 4-H'ers also are invited to appear on local radio and TV programs.

To encourage personal development in these two activities, the Cooperative Extension Service directs the 4-H Citizenship and Public Speaking programs. In many states, urban as well as rural boys and girls between the ages of 10 and 21 participate.

Incentive awards are offered in both programs. In citizenship, certificates of honor will go to the best qualified boy and girl in the state who then become eligible to try for national \$400 college scholarships.

Club members competing for public speaking awards will qualify for county, state, and national honors. All awards are for one boy and one girl in each classification. County winners receive medals. The top boy in the state will get a handsome 19-jewel wrist watch and the girl a beautiful set of silverware. Both will then be eligible to compete for national awards which are \$400 college scholarships, and expense-paid trips to the National 4-H Club Congress in Chicago.

## Post airman is off to England

A2-c Mack Kemp, son of Mrs. Glenn Shelton of Route 2, Post, left Reese Air Force Base Sunday afternoon en route to London, England.

Kemp, a 1956 graduate of Post High School, will be stationed with the U. S. Air Force Hospital in England. He has been stationed at Reese Air Force Base for the last few months.

The airman traveled by train from Lubbock to Trenton, N. J., and was scheduled to go by plane from there to London.

Kemp is married to the former Miss Roma Carroll of Lubbock.

## PRIVATE OFFICE NOW

A partition is being erected this week in Supt. of Schools R. T. Smith's office to give the administrator a private office. Heretofore files, his secretary's desk, and his own were located in the single large room which did not permit any privacy for conferences.

West Germany is laying off coal miners for the first time in four years.

Donor of the public speaking awards is the Pure Oil Co. Awards in the citizenship program are given in honor of Thos. E. Wilson, a pioneer in aid to 4-H youth. Both programs are arranged by the National Committee on Boys and Girls Club Work.

Thank You, Voters

I wish to thank everyone who supported me in successful race for County Judge of Garza County.

As I stated in the course of my campaign, I will carry out the duties of the office in a manner to merit the confidence you have shown in me. I hold no ill feeling toward those who did not vote for me and solicit their support in conducting the County Judge's office to the best interest of Garza County and its people.

I am humbly proud to have been elected as your County Judge and promise everyone a fair and impartial administration of the duties of the office.

Again, my heartfelt thanks to each and everyone of you.

J. E. PARKER

Thanks, Voters!

I wish to thank everyone who voted for me in Saturday's primary election. I earnestly solicit your continued support in the Second Primary. I also wish to ask those who did not vote for me in the First Primary to consider my candidacy and, if they see fit to do so, give me their vote and influence in the Second Primary.

I have made every effort to make you a good Precinct 2 County Commissioner and promise to continue doing so, if re-elected.

I wish to express my appreciation for the clean campaigns carried on by my four opponents—all good men.

# FHA supervisor sees more farm construction in county

Joseph E. Box, local county supervisor for the Farmers Home Administration says that we can look for more farm construction in Garza County — with better homes for farm families, better shelter for livestock and improved storage facilities for machinery and grain. His agency, the Farmers Home Administration, recently expanded its farm housing loan program.

Box said that one reason for renewed interest in farm construction is that many of the farm houses and service buildings in Garza County were built about the same period, 15 or more years ago, and because of weather and age now need general repair. And in some cases farm owners need to replace them entirely with modern structures, designed to meet their present day needs.

Now more farm families can qualify for these loans which are made on more favorable terms:

To be eligible an applicant must:

1. Be unable to obtain adequate credit from other sources at reasonable terms.
2. Be a citizen of the United States and of legal age.
3. Have good character.
4. Own a farm that is in production, and plan to produce at least \$400 worth of commodities for sale or home use based on 1944 prices.
5. When able to obtain adequate credit from other lenders, at reasonable terms, agree to accept such credit and repay the balance of the loan from the Farmers Home Administration.

Loan funds may be used to:

1. Construct or repair farmhouses and other essential farm buildings.
2. Modernize farm homes by adding bathrooms, utility rooms, improving kitchens, and otherwise improve homes and farm buildings.
3. Pay authorized fees.

Loan terms and repayment policies are:

1. Interest rate 4 per cent on unpaid principal.
2. Repayments amortized over periods up to 33 years.

Special requirements are:

1. Applicants are expected to furnish detailed building plans. The Farmers Home Administration has a limited number of plans available that they may use if they choose to do so.
2. The Farmers Home Administration inspects construction as to progress to assist borrower in obtaining construction that meets generally accepted standards of soundness.

Security requirements are:

1. Adequate real estate security on the farm being improved and on other real estate when necessary.

Apply for this type loan, Wednesdays, at Farmers Home Administration, ASC Office, Post.

## THANKS, VOTERS of Precinct 4

I wish to thank all the voters of Commissioner Precinct 4, and all those outside the precinct who used their influence in my behalf in my race for County Commissioner.

I promise to carry out the duties of the office in a fair and impartial manner for the good of the precinct and the county as a whole.

I also wish to express my appreciation to my opponent who conducted a clean campaign in his race for re-election.

### MASON JUSTICE

### Bible Thoughts BAPTISM

By RONNIE PARKER

For years religious leaders have disputed about the action, subject and design of baptism. It is significant to me that there were no arguments about this command of Jesus in Bible times. If the Bible does not clearly answer our questions then we need no answer. But it does.

The Action: Baptism is a burial in water. The Bible definition of baptism is "therefore we are buried with him by baptism into death" (Rom. 6:4).

The Subject: Jesus says "He that believeth and is baptized shall be saved." (Mark 16:16) One believes, then he is prompted to obey the command to be baptized. The believer is a subject, not an infant. Study Acts 8:32 ff.

The Design: Baptism is "for the remission of sins" (Acts 2:38). Paul teaches in Romans 6 that we become dead to sin and are buried in baptism then we are raised to walk the NEW LIFE.

Can one mis-understand these scriptures? We think not! We plead with you to study them carefully. The Bible teaches us the truth.

Six Future Farmers of America boys from West Texas and the Panhandle area have been named to receive educational awards sponsored by the Santa Fe Railway Company. At the same time, 11 other Texas boys were named to participate in the Santa Fe's grant of \$2,825 to the Texas Education Agency for carrying out FFA work in Texas during 1958.

The awards were announced at the Texas FFA Convention in San Antonio on July 17, by L. M. Olson, Santa Fe's vice-president and general manager at Galveston, after certification to the railroad by George H. Hurt, Texas State FFA Advisor. The boys had been selected on the basis of individual performance by FFA leaders.

West Texas winners are James Mahaffey, Clarendon; Harvey Pat Bradley, Somerswood High School, McLean; Dale Shearer, Booker; David Hill, Seminole; and Bill Bartlett, Lamesa. Doyce Graham of Clarendon, was named as the winner of one of two \$250-college scholarships granted by the Santa Fe. Billy Penn, State FFA President of Lufkin, was awarded the other scholarship.

The Santa Fe educational awards are a continuing practice of the railroad, having been made yearly since the inception of the FFA program.

All winners will receive their financial aid from the Texas Education Agency, Representatives of the Santa Fe Railway will present certificates in honor of their selection to the winners at FFA ceremonies in the areas where the boys live.

**\$62,649 total on bond sales here**

Savings Bond sales for the first half of 1958 totaled \$62,649 in Garza County, according to a report from Leonard F. Cowden Jr., area manager of the Amarillo area, Treasury Department, U. S. Savings Bonds Division.

Garza County has now reached 52.6 per cent of its 1958 goal of \$119,000. June sales in the county totaled \$4,898.

Sales in Texas for the first six months of 1958 were \$88,585,545 which was 3.4 per cent greater than the same period in 1957.

**FOUR-COUNTY REUNION**

**West Texas retail sales rise in 1957**

ABILENE — Retail sales in West Texas increased by nearly \$5.5 million a day in 1957, a survey published by the West Texas Chamber of Commerce reveals. Based on figures developed by Sales Management magazine, the West Texas Chamber's region advanced retail sales last year by almost \$200 million compared with 1956 totals.

In addition to regional advances, the survey also shows that several West Texas counties moved forward in national rankings among the top 200 counties in the United States.

Tarrant (Fort Worth) moved from 45th to 44th in the nation in retail sales; El Paso advanced from 111th to 106th; Lubbock moved from 173 to 162, and Potter (Amarillo) jumped from 185 to 175.

The survey, which was published in the July issue of the regional chamber's monthly magazine, West Texas Today, also contained information about West Texas' effective buying income. According to the survey, West Texas effective buying income increased some \$65 million. The region also placed three counties among the top 200 in the nation in effective buying power. These counties were: Tarrant, rated at number 53; El Paso, listed at 109; Lubbock, rated at 160.

Total retail sales for the 132 counties in the West Texas Chamber's region amounted to \$3,534,841,000 in 1957, compared with \$3,356,367,000 in 1956. Total effective buying income for the area was \$4,899,640,000.

Other information contained in the survey included a tabulation of each county's retail sales in 1957, 1956, and 1955 as well as the total of effective buying income for each of the 132 counties in 1957.

In addition, the survey reported that five West Texas counties were listed in the top 200 in the nation in urban population. These included Tarrant, 43; El Paso, 86; Lubbock, 141; McLennan (Waco) 185; and Wichita (Wichita Falls), 164.

West Texas has seven cities listed in the survey as being among the top 200 in America in population. These are ranked as follows: Fort Worth, 35; El Paso, 47; Lubbock, 91; Amarillo, 103; Waco, 130; Wichita Falls, 145; and Odessa, 197.

**Funeral home to be Olton's first**

The funeral home that Percy Parsons of Post will open in Olton by the middle of August will be the first in that city's history, according to the Olton Enterprise.

The new business, to be known as Parsons Funeral Home, will be in a duplex that the Post man has purchased there. Remodeling of the building to house the funeral home got under way this week.

The firm will carry a complete line of funeral service insurance as well as monuments, and will have a modern ambulance. It will be the first ambulance service available to the people of Olton since the Olton Memorial Hospital discontinued its ambulance service some time ago, the Olton paper said.

Parsons sold out his interest in the Hudman Funeral Home here July 1 preparatory to making the move to Olton.
