

# Paving, Utility Extension Being Planned By City

The City of Post this week, through City Supt. Henry Tate, announced plans for additional street paving, extension of sewer lines into the northeast part of town, extension of water and sewer lines into the extreme northwest part of town, additional fire protection for homes in new residential sections of the city, and tying in of three new wells to the water system.

"It's an ambitious program and we still have a long way to go on it, but we feel that real progress is being made," said the city superintendent.

Nine blocks are in the process of being signed up for new paving, with Mrs. Irene Rodgers acting for the city in contacting property owners.

Four blocks of the new paving will be on South Avenue H, beginning at the ice house and continuing to the city park. Two other

blocks are on South Avenue O between Fourth and Sixth streets; one on South Avenue K south of Shytle Implement Co., and one on South Avenue P between Seventh and Eighth streets.

Tate said the city expects to sign up other blocks before the paving program is begun by C&C Asphalt Paving Co. of Colorado City, which did the paving here last year.

The cost to the property owners,

Tate said, will be the same as in last year's program—"\$3.35 per front foot. Again this year, street intersections will be paved at no cost to the city through cooperation by the county in hauling in materials for the work.

The city superintendent pointed out that the four blocks of new paving on South Avenue H will be of especial value in helping run off water following heavy rains. "Under present conditions," he

said, "even a half-inch rain floods that part of town."

Tate also said that the city council had accepted an offer of E. E. (Elva) Peel, precinct 2 county commissioner, to use the precinct's asphalt heating hand machine for patching of bad spots in present paving.

"With this machine," Tate said, "we'll be able to tie down loose rocks and holes in our paving at very little cost."

The city council's plans to extend sewer lines to the northeast part of town were made following submission of a petition signed by 24 colored and Latin-American residents of the area asking for the extensions.

The city superintendent said it is mostly a question of grade on making the extensions to the northeast part of town, which is outside the city limits. He said the city will have its engineer come

in and run the grade before further plans are made for the extensions.

At the present, there are no sewer lines east of the railroad tracks 2-4 north of Main Street, Tate said.

The city has also been requested by the Post Montgomery Estate to extend water and sewer lines to land it owns in the extreme northwest part of town. There would be about six blocks in that area.

# More Than \$1,000 Loot Taken In Burglaries

## Outbreaks Sore Throat, Fever Strike

An epidemic of scarlet fever and "strep throat" has hit the Post and Garza County area, Dr. D. C. Williams, city and county health officer, announced this week.

He said it is by far the worst in his over 40 years of practice here.

Dr. Williams told The Dispatch that in the last two weeks 59 diagnosed cases of scarlet fever and "strep throat" have been reported to him.

He said dozens more may have had or now have the disease but have not seen a physician.

Scarlet fever and "strep throat" or streptococcal throat infections are the same or very closely related diseases.

Dr. Williams said local adults and children can't go to the post-office, doctor's offices, schools, or other places where people congregate without being exposed.

The health officer described the disease as a serious illness and highly contagious.

Dr. Williams said the only bright spot in the picture is that on the whole the individual cases are not as severe as many which have occurred here in the past.

He attributed this to the effective use of penicillin in treatment and to more prompt diagnosis.

Dr. Williams urged both parents and teachers to be on the lookout for any signs of illness in children and to keep them out of school or send them home from school when any signs of illness are noted.

He urged that both children and adults be kept at home, away from exposing other persons, for a week to ten days after coming down with the disease.

Dr. Williams urged parents to be a patient and be sure their child—See SORE THROATS, Page 8

OWNERS SURVEY DAMAGES — Bob Collier (left) and Gordon Hamilton are looking over wreckage left behind by burglars who entered their drug stores late Thursday night or early Friday morning after breaking in through the roofs. Collier is shown with

his safe, which was so badly damaged that he has thrown it away. Hamilton is shown with the money boxes from two amusement machines broken into at his store.—(Staff Photos).

## Two Firms, School Hit; House Burglary Foiled

By CHARLES DIDWAY

The Bob Collier and Hamilton drug stores were victimized by a rooftop burglar late Thursday night or early Friday morning, only about 24 hours after burglars had stolen articles valued at more than \$700 from the Post High School building.

County's Position

## Policing Of Streets Said City's Job

By JIM CORNISH

The county commissioners' court says it feels that policing the streets of Post primarily is a problem for the City of Post. The court added, however, it is "ready to meet with the city council or any group that is interested in trying to work out a permanent solution to the problem."

The court's announcement of its stand on the law enforcement problem came late Monday at the conclusion of the court's regular February session.

A district court grand jury recently urged that "law enforcement be coordinated to give the city and county adequate law enforcement protection around the clock."

"The court doesn't feel that the obligation of policing the streets of Post should be saddled onto the taxpayers of the whole county," the court said in summarizing its position after a thorough discussion of the problem.

Sheriff Carl Rains was with the commissioners when the statement of the position was made.

"We feel that the majority of the costs of such protection is going to have to be borne by the people in the city who are directly affected by this problem," the court said.

"We're ready to meet with the city council or any group that is interested in trying to work out a permanent solution to the problem."

The court said a wide range of possibilities exist for close cooperation between the city and See STREET POLICING, Page 8

Then, on Sunday night, Mr. and Mrs. Ira L. Duckworth returned home from a visit with friends in the nick of time to thwart an attempted burglary of their house at 809 West Main.

Bright spots in the ever-widening wave of break-ins here is announcement that City Marshal O. G. Shepherd Jr. was put back on full-time night duty Wednesday night after having been on day-time duty for several months, and an announcement by Sheriff Carl Rains that he has a good lead on the identity of the rooftop burglar.

Another bright spot is the announcement by County Judge Pat N. Walker that the new two-way radio equipment, with its base station in the sheriff's office, is in full-fledged operation, with the exception of the remote control unit.

Last week's burglary at the high school resulted in the loss of a typewriter and adding machine from the commercial department, a tape recorder and films trip projector from the visual aid department, a steam iron, a dry iron and a satin comfort from the homemaking department and an undetermined amount of money from a soft drink vending machine.

"We estimate our loss at about \$700," said Principal Glenn Whittenberg.

The school intruders broke into the building through a west door in the auditorium. Except for a broken door glass in the principal's office, there was no vandalism as was the case on New Year's eve night when the school was broken into and door glasses, walls, window glasses and teachers' desks smashed.

In both drug store burglaries, entry was gained by way of the roof after holes had been drilled into ceiling joists and sections of the roofs ripped away.

Bob Collier estimated his loss at "between \$250 and \$300," which does not include the safe, which was peeled open and so badly damaged that it was junked by See \$1,000 LOOT, Page 8

## Builders, Contractors, Take Notice

### Building Permit Measure Passed

A building permit ordinance, providing for detailed information on any structure or addition costing \$50 or more, was passed Thursday night by the Post city council.

The ordinance states that "no wall, structure, building or part thereof shall hereafter be built,

**BUILDERS, CONTRACTORS**  
Builders and contractors of Post and vicinity are urged to read City ordinance No. 173—on building permits—which appears on page 4 of this issue of The Post Dispatch.

enlarged or altered until a plan of the proposed work together with a statement of the materials to be used shall have been submitted to the building inspector or designated officer of the City of Post who shall, in accordance with provisions . . . issue a permit for the proposed construction."

The ordinance also provides that name of owner, proposed location, character of occupancy, estimated cost and other information be furnished when permit is applied for, and that upon completion owner or contractor will furnish final cost figures.

The measure sets a fee of \$1 for each building permit issued. It also provides that "structures here-

after erected without permit or not in conformity with this ordinance shall be removed."

The ordinance concludes with "Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and, upon conviction, shall be fined in any sum not to exceed \$100."

## Park Board Is To Employ Architect

The new city-county park board decided at its first meeting Wednesday night to contact a Lubbock landscape architect to meet with the board next week.

The board's first major action will be to employ such an architect to draw up a park plan.

A good-sized Brownfield delegation met with the board last night at the board's invitation to explain Brownfield's park methods. Brownfield has a 41-acre park which has been developed over the last two years following voting of a \$179,000 bond issue.

Making the trip here were L. J. Richardson, Jr., chairman of the Brownfield park board, Judge Her-

## Snow's Moisture Content Measures .06; Slows Work

The third snow of the season fell here Tuesday afternoon and night, measuring only .06 of an inch in moisture, but making itself felt by delaying crop land preparations and making highway travel hazardous.

Tuesday's snow, which fell heaviest in the early afternoon, followed cold rain drizzles and sleet. The ground was covered by 3 o'clock Tuesday afternoon. Early Wednesday morning much of the snow remained, but had pretty well melted by noon.

County Agent Lewis C. Herron said the snow and wet ground was delaying planting and other crop land preparations, but that the moisture — boosting an already good total—was more than welcome.

While no highways in the Post vicinity were impassable, hazardous travel brought a cancellation of the basketball game scheduled to be played here Tuesday night between Post and Abernathy. Further north, over roads the Abernathy squads would have had to travel to get here, conditions were more hazardous.

The only reported accident which might have been caused by slick roads in this vicinity occurred Tuesday afternoon at the Close City cutoff on U. S. Highway 380.

A car occupied by Mrs. Irvin Chandler and Mrs. A. A. Ritchie, See THIRD SNOW, Page 8

## Open House Set Sunday At 11-Unit Rocket Motel

Mr. and Mrs. Earl Wrestler will hold open house for the public Sunday afternoon at Post's newest motel—The Rocket—at 223 North Broadway.

Everybody who wants to take a look at the comfortable accommodations in the 11-unit motel is invited to the open house between the hours of 1:30 and 4 p. m.

Construction of the motel by Horace Henley, general contractor, from Lubbock was begun in September, but completion was held up over a month by bad weather which prevented paving of the motel's courtyard.

The motel is of all brick construction but of an unusual kind. A new hollow clay brick was used See NEW MOTEL, Page 4

## Cemetery Lot Owners Reminded Of Dues

Owners of Terrace Cemetery lots are reminded again this week by the City of Post that payment for watering and other upkeep was due on Jan. 1.

The new rates for cemetery lot care are \$15 for watering and care of full lots and \$10 for care only, and \$10 for watering and care of half lots and \$6 for care only.

The cemetery dues are payable at the City Hall.

READY FOR BUSINESS — Mr. and Mrs. Earl Wrestler are shown at the desk in the business office of their new 11-unit Rocket Motel. Open house at the motel is to be held Sunday afternoon.—(Staff Photo).

## Grand Jury Spoke As 'Voice Of People'

The grand jury's recommendation for "adequate law enforcement around the clock" was the voice of the people speaking.

A grand jury is the prime legal method in Texas by which private citizens can be vested with legal authority to examine the problems of their communities and speak out for betterment and improvement. This grand jury made its recommendation after two days of real study of law enforcement in Post and Garza County.

The burglaries of the town's two drug stores last Thursday night at considerable loss to the two druggists points up the need.

The Dispatch believes the people have spoken their minds through the grand jury and want the problem solved. It is to this end, that this newspaper recommends that the city at Post initiate the establishment of a police department here.

Dozens of local burglaries in the last year remain unsolved. Main Street lies unguarded by law officers throughout the night.

Although Garza County today is spending more per capita for law enforcement than many other West Texas counties, the officers now work the day shift only—although on call at night. They are organized under three political subdivisions

so that no coordination actually exists among them.

Post has grown big enough to establish and maintain its own police force. The cost of such a department would not be such a terrible drain upon the taxpayers as some think—not if such a department enforces the law and a court of city jurisdiction is established whereby fines would be returned to the city.

A police department could well half support itself through its own diligence.

Mayor Minor for several years has advocated such a plan. The time is here when a practical and determined start should be made in setting up the city's own police force.

To this end, the county commissioners' court might step into the breach and provide some financial aid at the beginning.

The time has come for action. The people have spoken out for more law enforcement. While a police department is being established, certainly work schedules could be so arranged that Main Street is protected from burglars at night. It would be much better to leave it unguarded during the day—than at night.—JC

## Building Permits Advantage To All

We are glad to see the building permit ordinance passed by the city council—for a number of reasons. It will give the city something definite to go on in their avowed program to equalize taxes, and at the same time will enable the public to be kept informed on the city's progress along building lines.

From our standpoint, we're glad to see the ordinance passed because it will furnish us a good news source each week. Pick up any paper—

daily or weekly—from a town where building permits are required and you'll always find a story about the amount of building under way or completed—all compiled from the building permits records at the city halls.

It definitely helps take a town out of the horse-and-buggy class to pass a building permit ordinance, and the modest amount of the fee charged builders keeps the building permits from being burdensome to anyone.—CD

## Sloppy Figures And Income Tax Forms

Now is the time for all good men (and women) to come to the aid of the income tax examiner. It's time to start practicing the Arabic numerals—1, 2, 3, 4, 5, 6, 7, 8, 9, 0.

Right now, all good citizens are busy accumulating—and trying to find—the records and memos and cancelled checks they're going to need in filling out that tax form. For most people, this is the most important document of the year. But with all the fretting that goes on over WHAT to report, mighty little attention is paid to HOW to write the figures.

It's not much wonder that the examiners are prone to get the idea that the public is trying to confuse them. Actually, they find far more errors in arithmetic than in interpretation—more mathematical mistakes even than efforts to deceive, mislead or just plain cheat!

And the handwriting itself is of prime concern to the government. The Internal Revenue people have found that most personal income tax forms are handwritten, as are almost half of all

corporate returns. In fact, they note an increasing use of handwriting by businessmen.

Most of the deception in income tax reports is self deception. Many individuals (definitely including yours truly) aren't too sure of their own writing after it has cooled off—7's look like 1's, 3's like 5's or 8's, or 6's like 9's. And when dealing with the important money involved in the Big Divide with Uncle Sam, careless calligraphy can be mighty expensive!

Sloppy figures make plenty of trouble on the job, in social life and at the bank—and combined with illegible handwriting, cause business losses that run into millions of dollars a year. Banks, for instance, commonly maintain what they call "Who Am I?" accounts in which they carry the deposits of those whose deposit slips they can't read—until the worried depositor can prove his own hieroglyphics.

So, tonight perhaps, when the kids get down to their homework, maybe you'd better join them. 1, 2, 3, 4, 5, 6, 7, 8, 9, 0.—CD

## New Voting Record Still Can Be Set

The fact that the number of 1958 poll tax receipts—1,241—issued in Garza County is lower than in several election years does not necessarily mean that there will be a lighter-than-usual turnout of voters in this year's important elections.

Counting the "over" and "under" exemptions, the county's potential voting strength for this year's elections isn't far under what it has been in other election years. By getting as near to a 100 per cent turnout of eligible voters as possible in the elections, a new voting record could easily be set, despite the fact that poll tax payments are lower than they have been in several years. The reason this could be brought about is

because Garza County, like other counties in Texas and throughout the nation, never votes as high a percentage as it should, not even in the more important elections.

It would be a good reflection on our response to the gradually growing trend for better government if Garza County should set a new voting record in the same year in which poll tax sales were at a low ebb. The individual voter can help bring this about by making up his mind now to make use of his poll tax or exemption right by casting a ballot in every election coming up this year.—CD

## Scout Safety Program Is Year-Round

This is Safety Good Turn Year for the Boy Scouts of America, and while their observance of Boy Scout Week ends today, their safety program continues throughout 1958.

The Safety Good Turn Year project embraces a series of activities to be conducted from February through December. A major part of the program, September through October, will emphasize fire safety in the home and the National Board of Fire Underwriters is cooperating.

The program will include such other activities as a Clean-Up Campaign in cooperation with local fire officials and home fire inspections.

In March through May the program stresses traffic safety and in June through August it stresses outdoor safety.

In his endorsement of this program—in which Cub Scouts, Boy Scouts and Explorers of Post are joining—President Eisenhower said recently:

"... Through the concerted action of your members, and in cooperation with other organizations, you can alert the public to the urgent need for reducing the tragic toll of accidents.

"This is an opportunity for service to your country in the highest tradition of the Boy Scouts of America."

Let's help our own Boy Scouts and the thousands of others throughout the nation make their program a success by playing it safe in traffic, outdoors and where fire is concerned.—CD

## Clipped Quips From Other Newspapers

The people of Hagerstown have again proven their deep, long standing interest in world brotherhood by opening their homes to 30 foreign visitors within the past week. Even the more skeptical among us are coming around to the realization that, in the long haul, world peace depends on mutual understanding among people of all lands.—Hagerstown, Md., Morning Herald.

A change in political administration has not made headway against the assault on privately-owned power and light companies nor socialized medicine, to name two areas. Either one, if we are to accept the socialistic trend, would jeopardize other facets of the American way and require more controls rather than fewer controls.—Burlingame, Kans., Enterprise-Chronicle.

Paper-money inflation continues to penalize the pocketbooks of hundreds of millions of Americans. The question is being asked if it pays to save. The paper-dollar is now only worth about 50 cents in terms of what it would buy in 1948.

Those who are hurt by inflation include over 100 million holders of life insurance policies, holders of savings deposits, owners of U. S. Savings Bonds, securities of all kinds and holders of pensions.—Denver, Colo., Mining Record.

Once again the news has appeared that income taxes have been cut—but once again the dateline has been Canada. Which brings to mind the wry comment of Utah's famous tax crusader, J. Bracken Lee: "Death and taxes are said to be unavoidable, but we are lucky that death does not get worse every time Congress meets." —Elk Grove, Calif., Citizen.

The continued emphasis of crime in television programs accomplishes one end which few may realize. It has a tendency to cheapen life. Television characters "die" by the dozens every day in racket shows, westerns, highway stories, waterfront dramas, police case histories, etc. A young mind is impressed—the wrong way.—Garner, Ia., Leader.

## THURSDAY to THURSDAY

By CHARLES DIDWAY

NOW THAT THE fire is being fanned under the political pot again, let's take a minute out to talk politics.

In conversation with a friend the other day, we heard a new philosophy which had been given him years ago by a former sheriff of a county not far from ours. Our friend was a candidate for office at the time this former sheriff told him, "Everyone should run for a public office... just once." His reasoning behind this statement was sound. The ex-sheriff believed it would do everyone some good to get acquainted and visit with everybody in the county, just once.

OUR FRIEND SAID he lost his race in a five-way battle, but he finished with the conviction that he was richer by having met practically everyone in the county, just as the older politician had pointed out.

Perhaps this old truth holds good today and the candidates who lose in this year's race will still have much to gain in their loss. Come to think of it, how much time did you spend last year "getting to know people"? Most of us neglect that job regularly and come to the end of the year bound by the limitations of the same close circle of friends we had at the beginning of the year. Perhaps it'd do us all good to run for office—just once. The line forms on the right.

KNOWLEDGE IS THE only thing that does not become second hand when used.

We got another version of the soil bank program this week, this time in the form of a clipping, to wit:

WASHINGTON (INS)—The not-raising-hogs business seems to be about the most profitable since gold digging in the Yukon.

And because of this the name of Octave Broussard seems destined to immortality. It's in the Congressional Record. Broussard wrote a letter to Sen. Barry Goldwater, as follows:

"My Dear Senator, My friend Bordeaux over in Pima County received a \$1,000 check from the government this year for not raising hogs. So I am going into the not-raising-hogs business next year.

"What I want to know is what is the best kind of farm not to raise hogs on and what is the best kind of hogs not to raise. I would prefer not to raise Razorbacks, but if that is not a good breed not to raise, I will just as gladly not raise any Berkshires or Durocs.

"My friend Bordeaux is very joyful about the future of his business. He has been raising hogs for more than 20 years, and the best he ever made was \$400 until this year, when he got \$1,000 for not raising hogs.

"I plan to operate on a small scale at first, holding myself down to not raising about 4,000 hogs, which means I will have \$80,000.

"Now, another thing: These hogs I will not raise is I understand 100,000 bushels of corn. I understand that you also pay farmers for not raising corn.

"So, will you pay me anything for not raising 100,000 bushels of corn not to feed the hogs I am not raising?"

IT'S BEGINNING to appear that many government records and documents are classified as secret, not for the security of the country, but for the security of those who do the classifying.

Now that the "Explorer" is up in the sky, some people are disappointed that we did not give our satellite a quaint name, like Sputnik. Actually, the Russians did not choose a quaint name. They simply called their first satellite a satellite, for the Russian word for satellite is sputnik. Then when they put up a second one they simply called it sputnik number two.

AND THE FELLOW down the street says, on the same subject, that those who follow the suggestion of the hit song to catch a falling star and put it in their pocket might be surprised with what they come up with.

After one bite, the customer called the waitress: "Miss, what's wrong with these eggs?" "Don't ask me," she snapped, "I only laid the table."

ONE OF THE visitors at last week's Chamber of Commerce banquet was Truett Babb, former Post boy, who is outgoing president of the Slaton Chamber of Commerce. Truett invited everyone who can make it to the Slaton C. of C. banquet on Monday night.

The territory of Alsace-Lorraine has changed hands four times in the past century.

Anise seeds, taken from a plant native to the Mediterranean area, are used extensively for seasonings and medicines.

Laws enacted to protect the foolish are usually assailed by both the wise and the foolish.

## THE AMERICAN WAY

Asking for Trouble

## Our Contemporaries Are Saying - - -

**Still Interested?**  
Since the Army launched their satellite, we're wondering if those easily frightened people are still interested in performing a major overhaul in our nation's schools. —"Drifting Sands" in The Andrews County News.

**Ain't It So!**  
The average household consists of a husband who makes the money, and a wife and kids who make it necessary. —"Around Journal Square" in The La Grange Journal.

**How Do They Do It?**  
Admission of defeat is bitter, but I am forced to bow to the Republicans. Never, even in the heyday of our superior administration, were we Democrats able to keep a full-blown inflation and recession going at the same time. The mystery of the achievement must lie in some basic principle that would affect a man running backward and forward at the same time. —"Trail Dust" in Matador Tribune.

**They Were Wrong**  
Looking out the window this Tuesday morning the lovely snowflakes brought to mind a statement made by Eddie Bowman recently. A dilinker of snow, Eddie said one reason he found Tahoka a desirable location to look for a band director's job last summer was the fact that someone said, "Now, it never snows in this country." —"Standing on the Corner" in The Lynn County News.

**New Breed**  
One thing we note about the salesmen that call on us these days—they are hungrier for business than they used to be. They don't breeze through and just take our orders, they give us some selling talk on new products and go out of their way to adjust errors such as shipping the wrong items. —"For Your Information" in The Gaines County News.

**Earned A Reputation**  
The Rockdale Reporter tells of the Texas woman who accidentally dyed a lamb while giving a blue tint to some curtains. A passing motorist saw the blue lamb and bought it on the spot at a fancy price, whereupon the woman got into quite a business of buying, dyeing and selling blue lambs. She finally got to be, the Reporter says, "the biggest lamb dyer in Texas." —"Java Jottings" in The Olney Enterprise.

**Come And Go**  
Seems as if we barely become acquainted with these young Chamber of Commerce managers we have been employing here in Crosbyton before they decide to leave us. This week we say goodbye to Buford Duff, manager for "at most eight months" he told us this week rather than the six months reported last week. Buford has improved himself financially by the move to Plains as city secretary, but we do wish other people would leave our chamber of commerce managers alone. It does prove, however, that the local chamber of commerce is doing an excellent job of hiring their managers, even if they can't be tied down. Every one of these young men have gone on from Crosbyton to much better jobs. —"Trends" in The Crosbyton Review.

**How To Cash In**  
With scores of travelers from other states and other sections of this state passing through Floydada daily, the possibilities of profit in this "market" are enormous. How to intrigue more of them to stop is the problem. Many communities have worked out ideas that are helpful. Some ingenious Floydada fellow come up with some kind of an idea. When the tourists go on through they haven't helped the way we need them to help. Our own experience tells us that a tourist can't stop without spending money. —"Views and Comments" in The Floyd County Herperian.

**THE POST DISPATCH**

Fifteen Years Ago This Week

Post lost one of its most beloved women Thursday afternoon when Mrs. J. W. Cowan died in the West Texas Hospital in Lubbock; word has been received here of the transfer of Rusty Dean from California to Florida Beach; Miss Alyne Francis, daughter of Mr. and Mrs. C. C. Francis of the Close City community, and Gunner's Mate in the U. S. Navy, were married Feb. 4; Williams celebrated his birthday with a party last week; transacted business during the weekend.

# on Faces Severe Market Losses Acreage Allotments Raised

Texas — Unless cotton acreage is permitted an increase in their 1958 allotments to relieve a critical shortage of the better grades of cotton in its markets.

for quick action to be taken could well become a reality pointed out by the Cotton Council and its members concerned with the situation.

testimony before Agriculture Committees of both Congress and the State Secretary of Agriculture, Rhea Blake, County Extension agent, said that a bad weather over the Cotton Belt in 1957 had resulted in a shortage of good quality cotton.

of the crop," he noted that two million bales of cotton are needed for a surplus in quality requirements — and — one — bales loss in the good quality cotton market low midding or critical shortage is not only a problem for the States cotton faces but also for the world market.

mentally more serious than in 1955, which resulted in a loss of 100,000 bales.

The only answer to the problem is to substantially increase cotton acreage in 1958.

Demand for higher quality cottons has been rising steadily during recent years, both at home and abroad, Blake said. A scarcity of these qualities, he declared, would mean severe losses in U. S. cotton exports and give domestic mills a great incentive for turning to cheaper synthetic substitutes.

With the letter to Congressmen was an analysis pointing out that an increase of 50 per cent over the prospective 1958 crop would be needed to meet demand and provide for a minimum carry-over of better quality cottons on Aug. 1, 1959. However, as the analysis pointed out, "an increase of this magnitude is virtually impossible to achieve at this late date, with cotton planting time so close at hand."

"From a practical standpoint, it appears that the 1958 goal should be: (1) a minimum production of 14 1/2 million bales in order to meet requirements of the 1958-59 season; and (2) such additional production as may be obtainable to begin building back stocks of quality cotton."

The Council has outlined the problem to Secretary of Agriculture Benson, the House Agriculture Subcommittee on Cotton, and the Senate Agriculture Committee. Secretary Benson on Jan. 30 said he did not have authority to in-

crease 1958 allotments by executive order. He based his statement on a ruling by the Department's legal counsel that the Secretary's emergency powers do not include authority to increase production in order to cure shortages in particular grades and staples.

The most recent development in the drive to obtain higher cotton production in 1958 came this week when Sen. James O. Eastland (D Miss.) introduced a bill which would give individual farmers a choice between: (1) acreage allotment and price support provided by present law; (2) 30 per cent increase in acreage and 70 per cent of parity price support.

Senator Eastland sees this "choice plan" as the only way to get needed immediate production of quality cotton and still be consistent with results of December referendum in which cotton growers approved marketing quotas for 1958-59 crop.

The Thrill That Comes Once in a Lifetime A WRITER CLASSIC

## Huge Gains Registered By Boy Scout Council

Dr. J. Davis Armistead, president of the South Plains Council, Boy Scouts of America, which is a 20-county area surrounding Lubbock, announced today that the Council membership at the close of 1957 totaled 10,423 members. Of this number, 7,725 are registered as Cubs, Scouts and Explorers, and 2,698 are registered adults. This shows a gain of 15 per cent, Dr. Armistead said.

This gain gave the South Plains Council seventh place in Region 9 membership ranking out of 36 councils in the region composed of Texas, New Mexico and Oklahoma. This is the largest gain in membership in the history of the South Plains Council, according to the president.

Nationally, the Boy Scouts of America reached its highest membership peak on Dec. 31, 1957, with 4,751,495 boys and adults enrolled.

Dr. Arthur A. Schuck, Chief Scout Executive, announced that the organization recorded a gain of 220,972 members in 1957, or a 4.9 per cent increase.

The boy membership shows 3,460,971 enrolled, a gain of 148,130 or 4.5 per cent during the year.

Cub Scouts, a program for boys eight, nine and ten years of age, number 1,805,874, a gain of 111,018 or 6.6 per cent. There are 1,171,325 Boy Scouts, 11, 12, and 13 years of age, a gain of 18,351 or 1.6 per cent. Explorers, age 14 and older, total 483,772, a gain of 4 per cent.

Dr. Schuck also announced that there are now 1,290,524 adult leaders in the movement, a gain of 6 per cent.

On Dec. 31, there were 117,984 units, a gain of 6,310 over the previous year or 5.7 per cent. There are now 43,769 Cub Scout packs, 57,314 Boy Scout troops and 16,901 Explorer units.

Since its founding 48 years ago, the Boy Scouts of America has ended each year with a gain in membership. Since 1910 there have been over 27,500,000 boys and leaders identified with the Boy Scouts of America.

## Cotton Textile Mill Tour Being Talked

LUBBOCK — A proposed cotton textile mill tour at Greenwood, S. C. is being planned by members of the Plains Cotton Growers, Inc., the Plains Ginners Assn. and the Lubbock Cotton Exchange.

Roy Forkner, chairman of the mill tour committee, said the proposed tour, is tentatively scheduled April 21-23. It will be held in cooperation with the American Cotton Manufacturers Institute, who will serve as hosts for the group in Greenwood.

Forkner said the tour is open to farmers, ginners, buyers or others in the cotton industry and also open to both men and women. The group will leave Lubbock by chartered airliner early on the first day, arrive in South Carolina that afternoon. The second day and morning of the third day will be spent in mill tours and after a luncheon sponsored by the ACMI on the third day, the group will enplane for Lubbock.

Estimated cost of the tour will be from \$100 to \$150 per person depending on the number making the trip and the size aircraft chartered, Forkner said.

Approximately 20 persons have already signed up for the trip, he added. Additional information concerning the trip is available at the Plains Cotton Growers, Inc. office, 220 Lubbock National Building, Lubbock, Texas, phone Porter 2-0553.

Fathers and mothers very often punish children who behave exactly like father and mother.

## VA Questions And Answers

Q. I meet eligibility requirements both for disability compensation and disability pension. May I receive both?

A. No. The law stipulates you may choose one or the other, but not both.

Q. Where do I send my request to have VA deduct my GI insurance premiums from my disability compensation payments — to the VA regional office handling my compensation or the VA district office handling my insurance?

A. Send your request to the VA district office that handles your insurance. After processing it, the district office will forward it to the regional office from which payments are made.

Q. I own a home bought with a GI loan. I have to sell it because I have gone back into military service and I am being transferred to another city. If my loan is paid off in full, would I be entitled to have my GI loan rights restored?

A. Yes. Your GI loan rights could be restored, since you have had to sell because of a military transfer.

Q. Is it possible to attend school less than half-time under the War Orphans Education program?

A. No. No War Orphans payments may be made if a student is attending school less than half-time.

## Palo Duro Canyon Featured In Guide

The Panhandle's Palo Duro Canyon is featured in a one-page travel guide being mailed this week to 100,000 motorists in Texas and New Mexico.

The travel promotion piece, prepared by Humble Oil & Refining Company, invites motorists to visit the "massively beautiful" canyon and enjoy trail-riding, picnicking, camping, hiking and scenic drives. Water-color illustrations by E. M. Schiweitz, noted Texas artist, picture the outstanding features of the canyon country, and the region is outlined on a state map.

Humble has prepared similar travel guides to highlight the Highland Lakes above Austin, the Lower Rio Grande Valley, the Texas Gulf Coast, the Dogwood Trail of East Texas, Southeastern New Mexico and the Santa Fe Basin above Albuquerque.

Purpose of the guides is to stimulate motorists to travel to interesting and scenic points week-ends, holidays and vacations.

'FOOD COMES FIRST'

Improving and safeguarding high health standards will be the goal of "Food Comes First Week" activities on the local, state and national levels the last week in February. President Eisenhower will address the National Food Conference breakfast Feb. 24 in Washington. The conference will bring together more than 1,000 leaders in American industry, agriculture and education to consider the vital role of food in the life of the family and nation.

## Long Lines Are Anticipated As Car Inspection Deadline Nears

APRIL 15 LAST DAY FOR AUTO CHECK-UP

Texas motorists may be lined up for blocks before neighborhood automobile service centers as the April 15 deadline nears for obtaining safety inspection stickers for cars and trucks, Maj. R. A. Crowder, commander of Region 5 of the Texas Department of Public Safety, announced today.

"Of the half-million vehicles in the Department of Public Safety's Region 5, only 125,000 have received state inspection stickers," said Capt. Alan Johnson, commander of Motor Vehicle Inspection Service of Region 5. "Eleven weeks remain in which to obtain 1958 stickers and there are 375,000 vehicles still to be inspected in the 60 counties of Region 5."

"Texas law requires that motorists have the safety stickers on all registered motor vehicles by midnight, April 15. In addition, all trailers registered in Texas which exceed 4,000 pounds gross weight must have safety stickers," Johnson said.

Last year, thousands of motorists thronged motor vehicle inspection stations after waiting until the "last minute" to have automobiles, trucks and trailers inspected.

Captain Johnson pointed out that almost every town in the state has a number of motor vehicle inspection stations and he added that motorists will be able to get quick service and avoid the last minute rush by having vehicles inspected early.

The Motor Vehicle Inspection Program, since its inception in 1952, has reduced the state's traffic accidents by 10 per cent, Johnson explained.

"Before the inspection program was started, mechanical defects in vehicles was a causative factor in 13 per cent of the state's traffic accidents. However, only three per cent of the state's traffic accidents are caused by mechanical defects now," Johnson said.

There are 600 motor vehicle inspection stations in Region 5, an average of 10 stations per county for the Region's 60-county area, and some of the large cities have up to 60 stations.

"But even with all those inspection stations," Johnson warned, "there will be long lines of cars and trucks waiting for inspection during the last few days before the deadline for obtaining safety stickers—that is, unless many motorists remember to have their cars inspected soon."

Life has come to a sorry pass when a man has to lie to compliment anybody.

Trying to please everybody pleases no one.

## Post Man In Battalion Assigned To Germany

FORT CARSON, Colo. — Army Pvt. Troy R. Cartmill, son of Mr. and Mrs. Joseph H. Cartmill, Post, Tex., is a member of the 289th Field Artillery Battalion which is being reassigned to Germany this month. The battalion formerly was stationed at Fort Carson, Colo.

Cartmill, a cannoneer in the battalion's Battery C, entered the Army in July 1957 and completed basic training at Fort Carson, Colo. The 19-year-old soldier is a 1957 graduate of Post High School.

## Public Notice

**NO. 173**  
**AN ORDINANCE PROVIDING**  
**FOR PERMITS AND FEES AND**  
**PROVIDING FOR A PENALTY**  
**FOR VIOLATIONS**

BE IT ORDAINED BY THE CITY  
COUNCIL OF THE CITY OF POST,  
TEXAS: SECTION 1. PERMIT RE-  
QUIRED: No wall, structure, build-  
ing or part thereof shall hereafter  
be built, moved in, enlarged or  
altered until a plan of the proposed  
work together with a statement of  
the materials to be used shall have  
been submitted to the building in-  
spector or designated officer of the  
City of Post who shall, if in accord-  
ance with provisions herein contain-  
ed, issue a permit for the proposed  
construction. Before such permit is  
issued, the builder, his representa-  
tive or contractor shall be required  
to furnish detailed information  
regarding the name of the owner,  
proposed location, character of  
occupancy, kind of material, plumb-  
ing, wiring, roofing, chimney and  
flue construction, manner and kind  
of heat to be used, estimated cost  
of building, estimated time for  
completion and the name of the  
contractor. Upon completion, owner  
or contractor will furnish final  
costs figure.

On securing this information, it  
shall be the duty of the building  
inspector or other authorized agent  
to issue a building permit upon the  
payment of \$1.00 by said owner  
which gives the builder the right  
to erect said building and the right  
to place the materials required for  
said construction upon the streets  
and alleys adjacent to the lot where  
said building is to be erected, pro-  
vided that in no event shall such  
materials be placed in any street  
or alley so that it will interfere with  
the traffic over or through said  
street or alley or endanger the pub-  
lic in passing such building. All  
other applicable ordinances must be  
complied with. Permits are required  
on all buildings erected within  
the corporate limits of the City of  
Post, Texas, with the exception of  
buildings where the total cost does  
not exceed \$50.00. Structures here-  
after erected without permit or not  
in conformity with this ordinance  
shall be removed.

SECTION 2. PENALTY: Any per-  
son violating any of the provisions  
of this ordinance shall be deemed  
guilty of a misdemeanor, and up-  
on conviction shall be fined in any  
sum not to exceed \$100.00.  
Passed and approved this 6th  
day of February, A.D. 1958.  
(SEAL)  
Attest: Kate Lowrie, City Secretary  
James L. Minor, Mayor. tfc (2-13)

## Post Man's Brother Dies At Aspermont

Em Wright, 60, of Aspermont,  
brother of Will Wright of Post,  
died Tuesday in Stamford Sanitari-  
um after suffering a heart attack  
Monday night.

Mr. Wright, a resident of Stone-  
wall County since 1919, was secre-  
tary-treasurer of the Stonewall-  
Kent National Farm Loan Assn.  
He served in the Army during  
World War I, earning a Silver  
Star and Purple Heart.

Mr. Wright was a former  
county commissioner, former presi-  
dent of the Aspermont School  
Board, and a member of the Odd  
Fellows, Lions Club, American Leg-  
ion and Methodist Church.

Funeral services were to be  
conducted at 2:30 p. m. today in  
Aspermont's First Baptist Church.  
Burial will be in Aspermont Ceme-  
tery.

Besides the brother of Post,  
Mr. Wright is survived by his wife;  
one daughter, Mrs. Jerry Mitchell  
of Columbus, Ga., and another  
brother, Vernon Harris of Burnet.

## Joe Parker Jones Rites Conducted

Funeral services for Joe Parker  
Jones, 35, former Post resident,  
who died Saturday in a Yakima,  
Wash., hospital from a brain  
tumor, were conducted in Yakima  
Tuesday afternoon.

Mr. Jones, the son of Mr. and  
Mrs. E. Z. Jones of Post, attend-  
ed the Close City schools before  
entering the Army in 1930 and  
serving through World War II.

He is survived by his wife,  
Charlotte, and three sons, Bernie,  
19; Tommy, 8, and David, 4; his  
parents; two sisters, Mrs. Juanita  
Hyles of Fontana, Calif., and Mrs.  
Ailene Howell of Fort Stockton, and  
six brothers, Bernie and Ivan of  
Post, Chester of Abilene, Arthur  
of Seagraves, Randoi of Oceanside,  
Calif., and Fred Jones of Hobbs,  
N. M.

His parents, Mr. and Mrs. E.  
Z. Jones, left for Yakima Wednes-  
day of last week to be with their  
son.

The First Baptist Church will be  
the scene of a Sweetheart Banquet  
Saturday, Feb. 15, at 7:00 p. m.  
The banquet is in honor of the  
young people of the church. Pastor  
Ed Bowles of Floydada will be the  
guest speaker. Several youths of  
the church also will participate in  
the program.

Rev. A. B. Hogue will speak  
Thursday night at the Sweetheart  
Banquet at Slaton.

Several men from Post planned  
to attend a district brotherhood  
meeting in Lubbock Feb. 11.

The public is invited to attend  
a revival starting March 9, at the  
Church of God of Prophecy, Rev.  
John Wakeman, a young evangelist  
from Australia, will conduct the  
services. Rev. Wakeman has been  
in the states since August and has  
been quite successful. The people  
of Post are familiar with his father,  
who has visited here before.  
The services will be held at 7  
o'clock every night for two weeks.

A Week of Dedication will be  
held at the First Methodist Church,  
beginning March 16. The Rev. M.  
H. Brooks, pastor of the First  
Methodist Church at Quanah, will  
be the speaker. Youth meetings  
will be held at 7:00 p. m. with  
preaching service following at 7:30.

The Methodist young people will  
sell subscriptions to "Guidopost"  
starting Feb. 15, and continuing  
through the following week. The  
money earned from this is used to  
defray expenses of their organiza-  
tion and to raise money for  
pledges.

The regular monthly business  
meeting of the Church of Christ  
was held after church services last  
Sunday. It was decided to help  
financially in two missions, one in  
Blanding, Utah, and the other in  
the state of Illinois. The sermon  
Sunday will be "Bible Baptism".

"Operation Sunday School", the  
Sunday school training course of  
the Assembly of G-1, which started  
Feb. 12 will be held again on  
Friday night and continue Wednes-  
day and Friday of next week. The  
Sunday morning message will be  
"The One Ingredient", Ephesians  
5:18.

The sermon title at the Presby-  
terian Church will be "Bargain  
Basement Religion". Text: Exodus  
15-20.

The Mattie Williams circle will  
meet Feb. 20, at the Presbyterian  
Church at 9:00 a. m. Rev. Clinton  
Edwards will be the leader for  
the program, entitled Bible Study  
No. 3. Mrs. Burney Francis is the  
hostess.

The Bible study group of the  
Calvary Baptist Church met Tues-  
day morning at 9:30 in the par-  
sonage. Mrs. Anna Carpenter led  
the Bible study which was attend-  
ed by five women.

The First Methodist Church will  
be host at 3 p. m. Friday, Feb.  
21, to a World Day of Prayer pro-  
gram. Members of all churches of  
the city are invited to attend.

The Junior and Intermediate GA  
girls of the Calvary Baptist Church  
held a joint meeting last Wednes-  
day for a study of the Jewish  
Nation. Rev. Graydon Howell an-  
swered questions pertaining to the  
Jewish religion and Mrs. Duren  
then showed articles pertaining to  
the Jewish faith to the 21 members  
present.

## County Ginnings At 18,332 Bales

Cotton ginnings from the 1957  
crop in Garza County totaled 18,  
332 bales prior to Jan. 15, an in-  
crease of 44 per cent over 1956  
crop ginnings of 16,414 bales, the  
Bureau of the Census, U. S. De-  
partment of Commerce, has an-  
nounced.

It was the biggest Garza County  
yield since 1949.

Garza was one of three area  
counties showing big increases in  
ginnings. The other two were Daw-  
son and Lynn counties. There were  
noticeable decreases from a year  
ago in Castro, Cochran, Crosby,  
Swisher, Terry and Yoakum coun-  
ties.

Ginnings prior to Jan. 16 in the  
23-member counties of Plains Cot-  
ton Growers, Inc., totaled 1,534,994  
bales. This compares with approxi-  
mately 1,650,000 bales harvested  
prior to that date a year earlier.

Texas had gined 2,548,304 bales  
as of Jan. 15. The PCG member  
counties harvested 42 per cent of  
the Texas crop in 1957.

## City Election Set For April 1; Filings Open

Three city councilmen are to be  
elected in the city election Tues-  
day, April 1. Councilmen whose  
terms are expiring are L. A. Pres-  
son, C. R. Thaxton and Powell  
Shytle.

The election was set at Monday  
night's city council meeting. Nam-  
ed as election judges and clerks  
were Walter Crider, Harold Lucas,  
Mrs. Lucille Acker and Mrs. Irene  
Rodgers.

The filing period will close 30  
days prior to the election, which  
will be on or about March 1. Candi-  
dates may file with Miss Kate  
Lowrie, city secretary.  
Presson, Thaxton and Shytle are  
completing their first two-year  
terms on the city council. Mayor  
James L. Minor and councilmen  
Roy Baker and John N. Hopkins  
were elected to two-year terms in  
last year's election.

After calling the election, the  
council discussed plans for enlarg-  
ing the voting area at the City  
Hall. Tentative plans call for using  
the fire station next door in order  
to provide more room for the vot-  
ers.

## High School Hi-Lites

By FRANCES DIETRICH

Hi, kids! The seniors are mak-  
ing plans for the "twirp week"  
that they are going to sponsor. No  
boy may ask a girl for a date that  
week. She must ask him. The  
seniors will be selling licenses of  
various kinds to permit the girls  
to ask the boys for dates.

The speech classes are working  
on one-act plays for the contest  
at Floydada. "Sparkin'" with Noel  
Don Norman, Frances Barron, Bar-  
bara Blacklock, Glenda Whitten-  
berg; "Command Performance",  
with Richard Simpson, Pat Wil-  
liams, Victor Hudman, Bryan Wil-  
liams, Barbara Shytle, Thelma  
Hodges, Mickey Priddy, Ruth Ann  
Long, and Tommy Young; "The  
Boor", with Mickey Priddy, Jerry  
Hitt, and Charlene Baker; "In For  
Nuisance", with Margie Casteel,  
Sammy Martin, Carolyn Dugger,  
Bob Smith, and Paul Wheatley, are  
some of the plays and characters.

Carolyn Bird, a junior from Lov-  
ington, N. M.; Gail Bird, also a  
junior from Lovington; and Jean  
Holly, a sophomore from Odessa,  
are new students in school this  
week. We are happy to welcome  
them to our school, and sorry to  
lose Joetta Garrett, a junior, who  
is moving to El Paso this week.

Betty Nelson was hostess for a  
slumber party at her home Fri-  
day night. Hot dogs with all the  
trimmings were served to Pat  
Williams, Charlotte Hays, Mary  
Smith, Mary Nell Shepherd, Jo  
Lena and LaVena Washburn, Kay  
Anthony, Frances Curb, and Betty.

Mrs. Fleming was in Lubbock  
Friday and Saturday visiting her  
father who has had a light stroke.

Shirley Wallace was honored on  
her birthday with a party given by  
her parents in her home. Rhea  
Peel, Peggy Morris, Peggy Ram-  
sey, Beth Kemp, Melanie Thomp-  
son, Judy Gossett, Shiley Masters,  
Janene Hayden, Frankie Sue How-  
ell, Jerry Windham, Sammy Mar-  
tin, Cricket Graham, Lonnie Gene  
Peel, Arlon Ford, Paul Wheatley,  
Curtis Didway, Forrest Claborn,  
Kenny Poole, Quintin Knight, Hor-  
ace Smith, Travis Guy, Homer  
Carter, Franklin Carter, Mike  
Cornell, Wayne Hair, Royce Hart,  
and Ronnie Polk played games and  
were served sandwiches, potato  
chips, cookies and Cokes.

Mr. and Mrs. James Vernon Nei-  
smith are the parents of a son,  
weighing six pounds and 14 ounces.  
He was born Jan. 26, at the Slaton  
Mercy Hospital.

Mr. and Mrs. Jacky Blacklock  
announce the birth of a son, born  
Feb. 7, at Slaton Mercy Hospital.  
He weighed six pounds and two  
ounces.  
Debrah Jean Davidson, weight  
seven pounds and five ounces, was  
born Feb. 6, at Garza Memorial  
Hospital. Her parents are Mr. and  
Mrs. H. J. Davidson of Route 1,  
Tahoka.

make eating a real pleas-  
ure!

We always serve you right  
promptly, deftly and  
courteously.

**JUDY'S**  
215 South Broadway — Plenty of Free Parking  
For goodness sake, eat here often

ance adjustments on city-owned  
equipment and structures, the coun-  
cil authorized City Supt. Henry  
Tate to investigate the possibility  
of dropping or reducing the amount  
of insurance carried on two old  
trucks and the water department's  
chlorinator house.

It was explained that the city  
should be able to bring about a  
saving on insurance payments  
through such adjustments.

Mayor Minor brought up the  
need of additional housing in Post,  
and said the city encourages the  
construction of residential units  
and is willing to "go along" on  
any building program. He explain-  
ed, however, that it is "not the  
city's job" to institute or carry on  
housing projects.

The city secretary reported that  
current tax collections are about  
88 per cent of the total tax roll.

The council voted to amend the  
plumbing code to allow three-inch  
pipe on plumbing outlets instead of  
four-inch as formerly required. The  
three-inch pipe will be allowed  
only on "cottage jobs," which ordi-  
narily have a maximum of seven  
fixtures.

The council agreed to offer the  
plumbing fixtures in the old public  
rest room building in the alley south  
of Main Street to 4-H Club mem-  
bers if they would tear down the  
building and move the fixtures. It  
was pointed out that these fixtures  
could be put to use in the propos-  
ed 4-H Club building to be con-  
structed at the City Park.

The rest room has not been in  
use for a number of years and  
constitutes a health hazard, coun-  
cilmn said.

A discussion by Mayor Minor  
on law enforcement, particularly the  
grand jury's recommendation for  
more coordination on the part of  
city and county officers, conclud-  
ed the council meeting.

The mayor explained that his  
30-point program announced some  
two and a half years ago includ-  
ed an adequate police force and  
a new city hall and corporation  
court, which would be needed to  
go with it. He said all this would  
cost considerably more money than  
the city is able to spend on it, and  
that a raise in taxes would be ne-  
cessary to bring it about.

The mayor also voiced objection  
to the part of the grand jury's re-  
cent report which recommended that  
"our public officers be more dili-  
gent in carrying out the duties  
of the offices."

The mayor said he took that  
to mean that he and the rest of  
the city council were included in  
the term "public officers," and  
that he felt any such criticism was  
unjustified.

On Feb. 23, 1945, the Ameri-  
can Flag was raised for the first  
time over the Japanese fortified  
island of Iwo Jima when mem-  
bers of the 28th Marines planted  
the Stars and Stripes on the high-  
est point, Mt. Suribachi.

## COOPERATIVE PASSENGERS

Kansas City, Mo., man with a cane got out to add his muscle power to the  
passengers in an attempt to get this stalled trolley  
during big snowstorm in Kansas City. The storm, called  
in 46 years, buried the Greater Kansas City Area, closed  
and factories and paralyzed traffic.

## New Motel

(Continued From Front Page)  
the inside and outside wall in a  
single brick laying operation.

The motel is not just a business  
venture for the Wrestlers, who have  
been in the motel business here  
before for enough months to know  
they liked it. It's home as well.  
The Wrestlers have a good-sized  
home with some 1,400 square feet  
of well-planned living area.

Both the home and the 11 motel  
units have both refrigerated air for  
summer cooling and vented heat  
for winter heating.

The aluminum windows are dust-  
proof and the interior paint is what  
is called "child proof" because it  
can be scrubbed and cleaned when-  
ever necessary.

Each motel unit has a ceramic  
tile shower. Two of the 11 units  
are double units — containing two  
double beds instead of one. The  
motel rooms either are carpeted  
or are in floor tile. All have at-  
tractive drapes for the windows.

A phone switchboard was sched-  
uled to be installed during the  
week in the motel office, thus  
making phone service available in  
each individual room.

New television sets have been  
installed in five of the units and  
more may be added later if there  
is enough demand. Radios will  
be available for all who want  
them.

Mrs. V. L. Wrestler, Mr. Wrest-  
ler's mother who makes her home  
with the Wrestlers, is credited with  
naming the motel. She was the  
one who suggested Rocket in a  
family naming session some months  
ago.

For Henley, this is the second  
motel he has constructed. The  
Wrestlers read about a motel he  
had built in Lubbock and contact-  
ed him to talk about building The  
Rocket here.

Suppliers for the new motel in-  
clude Carey and Lewis, dirt  
contractors of Lubbock, who did  
the excavation and paving; the  
Lubbock Roofing Co., which install-  
ed the motel roof; the Armstrong  
Supply Co. which installed the air-  
conditioning system; the West Tex-  
as Tile Co. of Lubbock which in-  
stalled the ceramic tile in the  
baths; the R. E. Cox Lumber Co.  
of Post which had a part in furnishing  
materials; the Hudman Furni-  
ture Co. which supplied all the new  
motel furniture; the Balckwell Mat-  
tress Co. of Lubbock which man-  
ufactured the mattresses purchas-  
ed for the motel; Sparks Radio  
and TV Service of Post which sup-  
plied the new TV sets for the  
units; and Oscar Newell of Lub-  
bock who provided the motel's new  
neon sign.

The Wrestlers have been resi-  
dents of Post since 1950, coming  
to West Texas from Kansas. Mr.  
Wrestler is the connection foreman  
for the Service Pipeline Co. here.  
The Wrestlers owned and operat-  
ed the Gateway Motel for eight  
months here in 1955-56 before sell-  
ing it.

**No Exactly Standing**  
Much radio and television time  
and much space in magazines and  
newspapers has been devoted re-  
cently to informing the public  
where we stand in the space and  
missile race. And from what we  
have seen, heard and read—we  
are hardly standing—seems that  
we have been laying down.—The  
Hamilton Herald-News.

ABOUT YOUR HEALTH

### X-Rays In Untrained Hands Can Become Destroyers Of Tissues

There was a definite Jekyll-Hyde element in Wilhelm Konrad Roentgen's discovery of the x-ray phenomenon in 1895. Used by trained technicians, x-rays become peering tools for diagnosing and treating human ills and injuries. But used by untrained hands, they become errant destroyers of living tissue.

Even Roentgen didn't realize the danger of his discovery. He apparently did not receive any significant injuries, but his good fortune stemmed from the fact that he constructed shields not for his own protection, but to keep his highly prized photographic plates from being fogged by scattered radiations.

Today there is agreement among many medical authorities that x-ray exposures cause tissue damage. Generally speaking, however, as used by competent physicians the value of diagnosis and treatment far exceeds the controlled damage which must inevitably result.

Recent stringent regulation by the State Board of Health against exposures of humans to x-rays prohibits indiscriminate fluoroscopy. Fluoroscopy is authorized when supervised by persons licensed to "engage in the healing arts."

A case in point is the relatively common practice in recent years of using x-ray machines to visualize feet of normal people, including children, in retail shoe stores.

That they are dangerous has been shown by the State Health Department's Division of Occupational Health as long as five years ago. Engineers extensively examined machines in various parts of the state and found the vast majority of them to be distinct hazards to customers and to store employees stationed nearby.

The new Board of Health regulations say "shoefitting fluoroscopes are hereby declared to be neither diagnostic nor therapeutic." But that does not preclude their use as a means of checking a corrective shoe fit as prescribed by a physician.

For persons with normal feet, most shoe stores fit shoes by the time proved methods of pressure, feel, and comfort. But there are persons who require special built in corrections in their shoes. In many of these instances fluoroscopic devices are valuable in checking the accuracy of the correction.

Parents should never submit themselves or their children to fluoroscopic shoe fittings unless their physicians recommend the procedure.

Public Health and medical authorities have a responsibility for seeing that the best possible use is made of x-ray devices in detecting and treating human ills. The public has a responsibility too—in not demanding X-ray from their physician when he does not find one necessary.

### Religious Emphasis Week Is March 3-6

LUBBOCK — Texas Tech students will observe Religious Emphasis Week March 3-6.

Dr. John P. Newport, professor of religious philosophy at Southwestern Baptist Seminary in Fort Worth, will be keynote speaker.

He will develop the theme of "The Logic of Belief" in his four lectures. Seven other ministers and religious leaders have accepted invitations to speak during the annual observance.

These speakers will meet with individual groups, serve as visiting lecturers in classes and will be available as individual counselors.

Anglo-Saxon is the name given the Angles, Jutes and Saxons who migrated to Britain from Germany in the fifth and sixth centuries.

### Electronic Computer Demonstration Set

LUBBOCK — How electronic computers can be used in the arts, business and sciences will be demonstrated for Texas Tech faculty and graduate students in a special seminar Feb. 21-22.

Authoritative speakers from the fields of business, higher education and government will tell the growing potentialities of computers in education and research at the seminar.

### Accepts Position At Church Here

Shelby Baucum, native of Idalou and a senior student in Wayland College at Plainview, has been called to begin duties this week as director of music and education at the First Baptist Church of Post.

Baucum resigned a similar position with the First Baptist Church of Happy to assume the work here. He is 23, single, and plans to enter the School of Religious Education, Southwestern Baptist Theological Seminary, Fort Worth.

The work Baucum will do here includes direction of choral groups and promotion of an educational and youth program. Until summer he will be working on a part-time basis, coming Wednesday afternoons and evenings, Saturday mornings and staying through Sunday evening services.

### Junior High Yearbooks Will Be Ready Soon

The Post Junior High School annual is in final preparation for shipment to the Taylor Publishing Co. in Dallas, faculty sponsors have announced.

The yearbooks will be received from the publishing company in from four to six weeks.

Subscriptions to the annuals are being taken through Monday, Feb. 17. Students and other persons wishing a copy of the yearbook are asked to deposit their money with Roger Camp, eighth grade student, or with one of the sponsors, Mrs. Mary Lee Wristen or William R. Bennett.

Sunglasses should never be worn when driving at night. Any glass that reduces the glare of oncoming headlights will blot out faint roadside reference points that you depend upon for holding the road.

### 300,000 TRACTORS IN USE IN TEXAS

### Mechanization Requires Big Capital Investment For Farmers Of State

COLLEGE STATION — Efficiency is the key to profitable farm production, points out W. L. Ulich, agricultural engineer for the Texas Agricultural Extension Service. He says in a year-end summary, covering farm power and machinery, that Texas farmers are now using approximately 300,000 tractors and more than 2,500,000 allied farm implements in order to gain the advantage of efficient mechanized farm production.

Mechanized farming, his report shows, requires tremendous capital investments. In addition to over a billion dollars invested in equipment, Texas farmers spend approximately \$95,000,000 annually

for petroleum products and \$75,000,000 for farm equipment repairs. The total cost of operating and maintaining this great array of mechanized equipment represents slightly more than a third of crop production costs. Because of improper adjustments and maintenance and failure to give serious consideration to farm machinery selection problems, the farmers' profits each year are drastically reduced, he says.

In a determined effort to reduce these losses, the specialist reports that farm machinery training schools and field days were used to good advantage for passing on to farmers educational information. County extension a-

gents in 183 counties with assistance from 640 trained leaders conducted farm machinery conservation programs. During the past year county agents held 124 countywide machinery training schools while more than 36,000 farmers received assistance on farm power and machinery problems by attending educational meetings. Too, reports Ulich, more than 21,000 farmers received machinery maintenance information.

The LIMITED...

There's a tingle of excitement in that word *limited* as long as we're describing a train. But if we were speaking of the boy—describing the effect which spiritual neglect has on the development of the character of a child—that's a different matter! There's nothing thrilling about a soul that has been *limited* in its opportunity for religious expression and growth!

The churches of our community are here to give ALL our children religious training... to help ALL our families foster a spiritual atmosphere in their homes.

As we make use weekly of the opportunities our churches provide, the potential Christian growth of the child, the family and the Nation becomes UNLIMITED.

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly, and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# X-Ray School Trustees Are To Be Elected

The board of trustees of Post Independent School District interviewed an applicant for the superintendent of schools position, discussed the April 4 trustee election and the appointment of a board of tax equalization at Monday night's regular monthly meeting.

Clint Herring, board president, announced that plans are to interview applicants for superintendent of schools at a series of special meetings within the next few days. The board hopes, he said, to be able to hire a superintendent soon in order to proceed with the election of principals for the 1958-59 school year.

The board president and Robert Cato, board secretary, have received a number of applications for the position, which will become vacant July 1 upon the expiration of Supt. R. K. Groen's contract.

In discussion of the trustee election, Supt. Green reminded board members that the filing period for candidates had been changed through action of the last state legislature. The filing deadline now, he said, is 30 days before the election instead of ten days before, as in the past.

Trustees whose terms are expiring are Cato, Burney Francis and E. R. (Buster) Moreland. They were elected to one-year terms in the 1957 trustee election. The three trustees chosen in the coming election will take office for three-year terms.

Candidates for trustee may file with the board secretary from now until 30 days prior to the election.

The election will be officially called and election officials appointed at the board's March meeting.

The trustees selected three names for the tax equalization board, but these names will not be publicly announced until those chosen to serve have accepted. Two alternate equalization board members also were selected by the trustees.

The trustees voted against paying the expenses of Band Director Robert Meisch to the Texas Bandmasters Assn. meeting to be held in Galveston next month.

Herring appointed Quann Maxey and Moreland as a committee to determine if butane gas for the Graham Rural School can be purchased from a local dealer at approximately the same price and with the same type of service as that now being given by a Tahoka dealer.

## Postings—

(Continued From Front Page)

be worked out to everybody's satisfaction.

There is so much front page news in Post and Garza County these days that we can't get it all on the front page. You'll find a lot of what - would - have - been - page-1 stories on both pages 8 and 4 because we use those pages for continuations of front page stories and for stories which get crowded off page 1. Anyway, The Dispatch is the kind of a paper to read from "cover to cover" because Editor Charlie Didway and his staff do their best each week to cram it with local news.

"The Dispatch Mystery" has been solved and Miss Kate Lowery, the city secretary, is slightly reduced over the solution, though she laughs as much as everybody else about it. Two weeks ago you remember Kate went home and found five copies of The Dispatch in her front bedroom. The doors and windows were locked and nothing was missing, but it worried Kate. When this column ran the item last week, the solution came in a hurry. Mrs. Tom Harmon at the O. K. Food store called Kate and told her what happened. Seems as though Miss Lowery had put her sack of groceries and purse down atop The Dispatches, that the Harmon had on their grocery counter for sale. Without knowing it she picked up the five papers as well as the groceries and took them home with her. That's how the papers got into her house.

Don't forget to mail or telephone us those wedding anniversary dates. The Dispatch is giving a free anniversary portrait on the anniversary date with Cal Casteel doing the camera honors. So if you haven't gotten your anniversary in our "date book" yet just drop us a card or give our phone a ring.

The many local friends of George Lemon, the man who has built the Pioneer Cookie Co. of Lubbock into a real bakery concern, will be happy to learn that the former Post man's firm just recently moved into bigger and roomier quarters. George had complained for a long time that he was all out of space where he was. His cookie concern's new address—they have just got the move completed and

back into operation this week—is 2123 Baylor Drive.

Take it from us, be sure and stop in at the Rocket Motel Sunday afternoon — during the open house — and take a look around. It certainly is an attractive place. The Earl Wrestlers have built a fine motel and it will be an excellent business addition for the town. Over on pages 11, 12, and 13 you'll find the motel's open house adequately advertised.

F. J. Brewer and his two sons, Gary and James, are three Post folks who have actually seen the Soviet Sputnik No. 2 (the one with the dead dog). They saw it on two different nights two weekends ago at 7:10 and 7:55 p. m. from their car on the cemetery curve east of town. They said it was traveling from northwest to southeast and described it as an "orange blue" star, moving fast, without a tail. Too bad they haven't seen the U. S. satellite too, as it flies over this area much more regularly than the Sputnik, but it is simply too high for the naked eye.

Ralph Kirkpatrick, new Chamber of Commerce president, asks that anyone planning to open a trailer court here to notify the Post Chamber office as several recent requests made here for trailer space couldn't be filled and the Chamber wants to know where to send people making such inquiries. Just another little sign that Post is growing.

And speaking of growing Post has another new business this week. L. L. Booth of Lubbock has opened the Post City Boot and Shoe Shop next door to the Ameen Hotel and right behind the Corner Grocery. Booth has been in the shoe repair business for 25 years and has a completely equipped shop. Right now he is commuting back and forth each day to Lubbock because he says it is hard to find a place to live in Post these days.

Mrs. Alva Wheeler of Route 2 won the free electric dryer at the Second Anniversary Sale of the TV-Appliance Center last week. Over 300 people dropped in to help Hank Huntley and Ed Sawyers celebrate the event.

Ray Lovell, who operates the Humble station on North Broadway, is the second to build a new home in Bryan J. Williams' new restricted Westgate addition. The Lovell home now is under construction. The two other building sites in Westgate also have been sold. The Warren Yanceys built the first home in Westgate several months ago. And speaking of new homes, Sam Heintz has purchased one of the three new three-bedroom homes Forrest Lumber had for inspection at its open house last Saturday in the 800 block West Fifth. Forrest Lumber, says Walter Johnson, is ready to build all the homes in Post that "we can sell."

Junior Smith, son of Mr. and Mrs. M. S. Smith, has written his parents that he will start home Feb. 14. He has been in Germany for one year and two and one-half months.

**VISITS HERE —** A/B Ronnie M. Blacklock, who is stationed at Sheppard Air Force Base, Wichita Falls, visited here recently with his parents, Mr. and Mrs. Pat Blacklock. He was on his first weekend pass since entering the Air Force on Thanksgiving Day. Enjoying a delayed Christmas dinner with Ronnie and his parents were his two sisters and their families, Mr. and Mrs. O. G. Shepherd Jr., Reba and Gary of Post, and Mrs. L. J. Richardson Jr., Becky and Mike of Brownfield.

## Street Policing—

(Continued From Front Page)

county to solve the law enforcement problem if the city is willing to accept its share of the law enforcement obligation.

Judge Pat Walker in detailing the court's position said "the court doubts if the city is carrying its share of the load in law enforcement."

"Our law enforcement problem is about 95 per cent the city's in traffic violations, burglaries, and thefts while the county is paying about 80 per cent of the cost of law enforcement today," Walker pointed out.

Giving figures, Judge Walker said the city and county together are spending \$13,900 a year for law enforcement salaries — the city \$3,000 and the county \$10,900.

For law enforcement transportation, the county is furnishing three fulltime cars for law enforcement and the city the expenses for one car, Walker said. This totals up \$325 by the county for law enforcement travel each month and \$50 a month for the city.

What's more, Walker said, the county furnishes all the communications (radio system) except that the city is paying half the cost for mobile units in the city marshal's car and in the city fire truck. The county is paying for radio units in all its cars besides the cost of the base station.

Sheriff Rains said 95 per cent of his work is in the Post city area.

Judge Walker pointed out that the sheriff's office also is an administrative office, charged by law with the operation of a county jail, the servicing of all civil processes, the execution of criminal warrants from other counties and the state, with the sheriff required to be bailiff for grand juries and district court and to subpoena witnesses.

Sheriff Rains announced that he would like to get the law enforcement of the county and city coordinated so that available officers could be put on shifts.

He said that he was speaking in terms of a night shift and he thought two officers should work together at night.

The sheriff pointed out that he has no authority over the city marshal but felt it would be to everyone's best interest to work out an agreement so that a night shift could be established.

In other actions Monday, the commissioners' court authorized payment of county bills, appointed election judges for special and general elections for 1958, and authorized Judge Walker to negotiate a contract with the Spur convalescent home for an indigent Garza County man now in Garza Memorial Hospital here.

Named election judges and assistant judges respectively for the year are W. L. Crider and Irene Rodgers, precinct 1; Sam Eillis and Otto Klaus, precinct 2; Arnold Sanderson and Edna McLendon, precinct 3; Douglas McWhirt and Pearl Nance, precinct 4; L. H. Peel and W. D. Livingston, precinct 5; J. W. (Bill) McMahon and Quannah Maxey, precinct 6; Henry Wheatley and Robert Mock, precinct 7; Mrs. William Morris and Mrs. C. R. Thaxton, precinct 8; Florence King, Agnes Windham and Gladys Pennell, special canvassing board.

## WR Loan—

(Continued From Front Page)

government has increased its loans and outright grants to help stabilize the slide in the nation's economy so that the chances of the loan appear much better today than six months ago.

The White River directors have spent several months preparing the application and had conferred with HHFA officials several times about it.

## \$1,000 Loot—

(Continued From Front Page)

the owner.

Collier said about \$125 in money and about \$25 worth of narcotics were taken from the safe in addition to about \$100 worth of merchandise.

Gordon Hamilton said he figured he lost approximately \$100, including about \$30 in money taken from two cash registers and two coin machines. Also stolen were narcotics, hypodermic needles and syringes and other merchandise.

At both drug stores, the burglar left behind him cardboard boxes containing watches, fountain pens and pocket knives, and Hamilton said he found a one dollar bill apparently dropped behind a counter across the store from the cash register.

"It was a crazy kind of a job, considering the way things were scattered around and left behind," Hamilton said. "It looked as if the burglar might have 'doped' himself up before he got through with the job."

Recovery of a drill cap on the roof of Hamilton's store by Sheriff Rains has resulted in a good lead on the burglar's identity.

The sheriff said Jess Michael, manager of Western Auto Associate Store identified the cap as identical to one on a drill bit he had sold Thursday afternoon. He described the purchaser as about 35 years old, about six feet tall, weighing about 180 pounds and dressed in khaki work clothes. The man also bought a three-quarter-inch chisel from Michael.

Further investigation by the sheriff disclosed that a man answering the same description had shopped for a drill bit at Greenfield Hardware Co. the same afternoon. The sheriff said Bill Edwards, manager, told him he showed

ed the man an expansion bit, but failed to make the sale.

"The fellow told me that was too much money to pay for the job he had to do," Edwards said.

The burglars at the home of Mr. and Mrs. Duckworth Sunday night apparently were frightened away before they had time to steal more than a few small articles.

Duckworth said he and his wife had left the house about 6:35 p. m. to visit friends and returned about 7:40. Upon entering the house, they found that clothing, two sets of silverware, a radio, clocks and other articles had been piled into two heaps and tied into a sheet and a blanket. Upon investigating further, they found the back door had been forced open by someone who had first punched a hole in the screen.

Duckworth said he figured that the burglars ran out the back door when they heard his car come up into the driveway.

## Park Board—

(Continued From Front Page)

bert Chesshir, Mayor Arlie Lawrimore, Bill McGowan, and Park Supt. James King.

The board also decided to hold regular monthly meetings at 5 p.m. the first Wednesday afternoon of each month at the Chamber of Commerce office.

## City Projects—

(Continued From Front Page)

Dean Robinson, county school superintendent, explained briefly the state school financing setup to Rotarians Tuesday noon.

Robert Patterson of Snyder, state representative of this district, was to have addressed Rotarians at the luncheon but the icy condition of the highway prevented Patterson's driving to Post Tuesday to fill the engagement.

Don Curl, new administrator of the Garza County Memorial Hospital, was inducted into the club as a new member.

## Sore Throats—

(Continued From Front Page)

ren are well before letting them return to school.

The health officer said that the winter siege of flu here left many adults with lowered resistance which he felt enabled the scarlet fever and "strep throat" to get a firm hold and spread through the community.

He urged immediate treatment for those becoming ill.

The disease is feared because it can lead to dangerous complications such as rheumatic fever, arthritis, heart infections, nephritis, and bright's disease.

Both scarlet fever and strep throat are infections of the upper respiratory tract.

A total of 196 students were absent from school Tuesday, which was an improvement in attendance over Monday. Many of these absences were caused by bad weather as well as flu and other illnesses.

## Third Snow—

(Continued From Front Page)

who were across the highway work at Postex Glass Co. struck from behind by a mobile driven by a driver. Sheriff Carl Rains told him the man who was driving the mobile to the accident after the woman copied the license number and the sheriff took through it. He said that she told him her name on a trip to New Mexico she would have been with the sheriff upon receiving a slight check the accident and did not damaged. Neither vehicle was damaged, the sheriff said.

The accident occurred on women's car turned over way to enter the County

## EMERGENCY APPROVED

Ronnie Edwards, son of the Rev. and Mrs. Edwards, successfully an emergency approval of Garza Memorial Hospital Wednesday afternoon. He came suddenly ill and underwent surgery later.

## VERSATILE IN PERFORMANCE

Wherever there's a call for a rigid, head-angle, wheel-type harrow, the John Deere "RW" is the answer. Here is a disk harrow which, while simple in design, is strong on serviceability—built to take it in the toughest conditions.

Versatility is another built-in quality of the "RW"—you'll find it equally dependable in disking tough stalks, disk-ing heavy stubble, or working in plowed ground.

Let us show you how to fill your disk-ing needs at less cost in investment, labor, and maintenance with an "RW."

## Der Elected By Presbyterians

Williams, and R. L. Simpson. A nominating committee composed of David Newby, chairman, Jim Cornish, Mrs. A. C. Surman and Mrs. Walter Boren, was elected to select nominations for the next congregational meeting in 1957.

Installation services for the new elders and deacons will be held at a later date.

Mr. and Mrs. Simms and Mr. and Mrs. R. L. Simpson were hosts for the pot-luck supper.

### VISIT IN RALLS

Mr. and Mrs. Joe Moore visited friends and relatives in Ralls Sunday afternoon.

## Outlook For Beef Considered Good, Economist Says

COLLEGE STATION — Prices of cattle should rise some further in 1958, according to John McLaney, extension economist. However, he adds that prices after 1958 will depend to a great extent on the general level of business activity.

The inventory of cattle and calves on Jan. 1, 1957, showed a decrease in numbers for the first time since 1949, says McLaney. There was a further reduction in 1957 and on Jan. 1, 1958, numbers were probably down to about two million head from the 95.2 million head on Jan. 1, 1957.

Less cows will probably be slaughtered in 1958, says the economist. Cattle producers did not withhold many cows from slaughter until the last part of 1957, but more are likely to be withheld in 1958. However, this may not reverse the cattle cycle in 1958, because last year's reduction will mean a smaller 1958 calf crop. But it will reduce total cattle slaughter and total beef output in 1958.

Ranges and pastures over much of Texas have a good growth of winter grass and weeds. This feed, plus small grains, stubble fields, cured grass and ample hay reserves should carry stock through the winter in good condition, points out McLaney. All range feed in the state was reported at 80 per cent condition on Jan. 1, 1958. This compares with 51 per cent on Jan. 1, 1957, and 69 per cent for the ten-year average to this date. The improved range conditions have created a good demand for range cattle which should continue in 1958 assuming favorable moisture conditions.

McLaney says that little change is likely in the total meat output in 1958. There will probably be a reduction in the slaughter of cattle and calves, but there will likely be an increase in the slaughter of hogs. Heavy carcass weights for cattle will also help maintain the output. Lower pork prices during the latter part of 1957 will certainly make pork more competitive with beef.

### EXTENSION SOIL CHEMIST SAYS

## Good Soil Management Program Needs To Include Adequate Lime

COLLEGE STATION — A program of good soil management that will maintain the productivity of the soil and permit maximum growth involves many practices and treatments. One of the most important and necessary features of such a program is making sure that the soil has adequate lime.

Limestone performs a number of varied functions in the soil, says Bill Bennett, extension soil chemist. But probably the most appealing thing to operators is that limestone, when needed, will return at least two dollars for each dollar invested. This is a good proposition in any business.

One thing limestone will do is sweeten the soil, says Bennett. Under heavy cropping systems and abundant rainfall, soils may become too acid and many plants might fail to grow properly and utilize fertilizer efficiently.

Limestone furnishes needed calcium as a plant nutrient and will also make feed, food, and forage crops more nutritious and healthful, points out the chemist. It also stimulates soil bacteria, and will

activate the formation of more nodules on legumes.

Limestone may be applied anytime during the year, but it is best to apply it at least six months before seeding, advises Bennett. This is especially important when liming a field for the first time because it takes time for it to take effect and correct acidity.

If lime is being added for the first time, he suggests that it not be plowed under directly ahead of the seeding. This would put the limed layer out of reach of the young seedlings. When reliming a field, however, it is satisfactory to plow it under.

Soil tests will determine whether or not lime is needed and if so, how much. If lime has been applied in the past, retest the soil in about two to four years to see if more is needed, he concludes.

### RUTH ANN LONG, CORRESPONDENT

## Barnum Springs Resident Visits Brother In New Mexico Hospital

Ray Hodges went to Carlsbad, N. M., Friday to visit his brother, Dee Hodges of Post, who underwent an emergency operation there. Mr. and Mrs. Homer Huddleston of the Cross Roads community were Tuesday night visitors in the Avery Moore home.

Mr. and Mrs. Novis Pennell of Hereford visited in the homes of their parents, Mr. and Mrs. Tex Welch and Mr. and Mrs. O. F. Pennell, over the weekend.

Mrs. Tom Sims returned home Friday after a three weeks' visit in Vernon.

Mrs. Avery Moore visited friends and relatives in Plainview Friday. They were Mr. and Mrs. Arthur Stokes and Mr. and Mrs. Joe Stokes.

Maritta Pennell visited in Justiceburg Sunday.

Mr. and Mrs. Reese Hodges and Bobby of Post were guests Sunday in the home of his brother and family, Mr. and Mrs. Ray Hodges, Lois and Carol.

Mr. and Mrs. J. S. Cave, Fred and Walt, of Rotan, and Mr. and Mrs. Jimmy Moore and Jimmy Joe of Post visited Sunday with Mr. and Mrs. Avery Moore.

Mr. and Mrs. J. Martin Basinger went to San Angelo Thursday.

Tom Drake visited Tom Pennell Sunday.

Mrs. Tom Sims visited in Lubbock Monday.

Mrs. Don Rose, Danny and Melody Ann visited Mr. and Mrs. Johnny Ray and family on Sunday.

Mrs. Ruby Walker and Mr. and Mrs. Reese Lance of Lubbock were guests Sunday night in the Avery Moore home.

Lois Hodges and Maritta Pennell played in the "B" team basketball game at Slaton Thursday night.

Carol Billings and Susie Schmidt of Post visited Friday night with

Linda Pennell.

Mr. and Mrs. Hoyt Bland and Johnny visited her parents, Mr. and Mrs. J. M. Bland, of the Pleasant Valley community, Sunday.

Mr. and Mrs. Frank Stokes, Frankie, Ben L., and Jimmy of Dallas visited Thursday night with Mr. and Mrs. Avery Moore.

Ruth Ann Long helped with a junior class bake sale Saturday, at Piggly Wiggly's. The class made around \$60.

### MRS. EARL MORRIS WRITES GORDON-SOUTHLAND NEWS

## Gordon, Graham Ministers Exchange Pulpits For Last Sunday Services

Homer Jones, who is minister of the Graham Church of Christ, preached at Gordon Sunday, and Lindell Grigsby went to Graham to preach.

Mr. and Mrs. Byron Johnston are announcing the birth of a daughter, Laura Ann, Feb. 6 in Slaton Mercy Hospital. The new arrival, who weighed seven pounds, has three brothers and one sister. Mr. and Mrs. Clay Johnston and Mr. and Mrs. Billy Winterrowd of Amarillo are the grandparents. Laura Ann was named for two great-grandmothers, Mrs. Laura Winterrowd of Lubbock and Mrs. F. E. (Ann) Weaver.

The members of the Woman's Missionary Union met last Monday and changed their meeting date to Tuesday afternoon. They will have their Royal Service program with Mrs. Harley Martin as leader.

Wendell Saunders and son were in Ropesville Sunday afternoon to attend funeral services for Wendell's grandfather, F. A. Sims, who died suddenly. Mr. Sims, who was 93, had never been seriously ill. He was a member of the Baptist Church.

J. R. Wood says he talked to his son, Wilbur, and family in Talent, Ore., last Friday night. He said Maxine had recently undergone major surgery, but was able to talk to him from her hospital bed.

Mr. and Mrs. O. W. Quisenberry have moved to Slaton.

Sunday afternoon guests of Mr. and Mrs. Clyde Haire were their cousins, Mr. and Mrs. Roy Haire and son of Tahoka.

Mr. and Mrs. T. J. McGuire, Mrs. Lucy Stell and her son and family, Mr. and Mrs. W. F. Stell and daughter of Lubbock visited Mrs. C. S. Oats last Sunday.

Guests in the Leonard Anderson home Sunday were a son and family, Mr. and Mrs. Gene Anderson and daughters of Brownfield; a daughter and son-in-law, Mr. and Mrs. Don Kelly of Lubbock, and Mrs. Anderson's brother and wife.

Mr. and Mrs. Ernest Stuart of Levelland.

Mrs. J. H. Haire and Mrs. Dan Siewert went to Morton last Tuesday night to attend an officials' meeting of the Order of Eastern Star.

Mr. and Mrs. J. H. Haire celebrated their son's, Johnny's, 13th birthday Sunday with a dinner in their home. Present to help with the celebration were Mr. and Mrs. Clyde Haire, Mr. and Mrs. Howton Haire and Jack, Mr. and Mrs. Jack Burress, Mrs. Bess Thompson and Mrs. Winnie Tuffing of Post.

Mr. and Mrs. Ralph Milliken and Vicki Ann of Wolforth were guests Sunday of his parents, the Ed Millikens.

Mr. and Mrs. G. D. Ellis were in Amarillo last week visiting his brother and wife, Mr. and Mrs.

## Santa Fe Carloadings Down From Last Year

Santa Fe carloadings for week ending Feb. 8 were 20,291 compared with 22,163 for the same week a year ago.

Cars received from connections totaled 10,244 compared with 12,060 for the same week in 1957.

Total cars moved were 30,535 compared with 34,223 for the same week a year ago.

Santa Fe handled a total of 30,638 cars in preceding week this year.

### LOUISIANA VISITOR

Thurman Rhodes of Bozier City, La., visited last Wednesday with his cousin, Thurman Maddox, and family.

Berry Ellis, On Sunday afternoon, Mr. and Mrs. Ellis visited Mrs. F. I. Bailey in Post.

Mr. and Mrs. Fred Davidson and Louise attended a golden wedding celebration in Slaton honoring Mr. and Mrs. W. A. Martin on Sunday afternoon.

**Sanford Association**

One of the hottest July's precinct conventions will be whether such could be held any

Daniel has suggested the precinct convention is that much of that afflicts the Democrats in Texas originates against neighborhood delegates (one per county) to county conventions at the primary.

Some pointed out that sometimes are a minority group. Many more people in the primaries come back to the second time in one precinct conventions.

At present, says the report, Texas taxes are derived 45 per cent from property; 22 per cent, sales; 16 per cent, severance; 17 per cent, all other sources. Basic pattern has not been changed since 1941, but all categories except her property tax have increased at least 10 per cent since 1950.

Re-locating utilities in the path of the new interstate highway system is going to cost Texas cities more than most officials had originally thought.

Atty. Gen. Will Wilson ruled that state-federal funds may be used only in a limited way to pay for utility moving. Specifically, said Wilson, they may be used to pay for relocation of sanitary sewers and for other utilities, such as water and power lines, only if they must be moved completely outside the road right of way. Cost of re-locating water, power and gas lines within a right of way must be paid for by the city or utility company.

Texas League of Municipalities protested the interpretation, said it would cost Texas cities as much as \$20,000,000 to comply. Chief source of disgruntlement to the city officials is that under the same federal building program, cities in other states are not required to meet this cost.

No mention of price can be made in an advertisement for eyeglasses until the State Supreme Courts clear up questions about the new optometry law.

High court turned down the request of an optical company to suspend the temporary injunction against price advertising until the test case in heard on March 5.

Rival groups of optometrists are at odds as to what kind of advertising should be permitted. One group contends the law passed last spring clearly prohibits certain types of solicitation. Another agrees with the Nov. 18 Attorney General's opinion that the law is unconstitutional because improperly drawn.

Contests Questioned  
Texas merchants who like to conduct contests or drawings as business builders, were set back temporarily, by an opinion handed down by the Attorney General's department. Based on the state's laws governing lotteries, the opinion, at first glance, seemed to rule out any type of drawing for prizes.

Trust Loss Cut  
Net loss to creditors of US Trust and Guaranty Co. will be \$1,987,896, reports State Auditor C. H. Cavness.

US Automotive Service had assets of \$4,893,269, said Cavness, partially offsetting the \$6,881,155 in US Trust liabilities.

Cavness' audit of the liquidation division of the State Insurance Department suggested some tightening of methods of handling and

Both the governor's and the DOT's suggestions are to be studied by the SDEC. Governor Daniel said if his plan meets with approval within the party, he will submit it to the Legislature next year.

**Tax Facts**  
Texans paid \$2,600,000,000 or one-fourth total income, in state, federal and local taxes in 1956.

In a fact-packed report (its first), Texas State Tax Study Commission traces the history of Texas' taxing patterns from 1932 to 1956. Next in an expected series of about 10 reports will compare Texas taxes with other states. Findings are to be presented to the Legislature in 1959 to serve as background for revenue-wrestling.

At present, says the report, Texas taxes are derived 45 per cent from property; 22 per cent, sales; 16 per cent, severance; 17 per cent, all other sources. Basic pattern has not been changed since 1941, but all categories except her property tax have increased at least 10 per cent since 1950.

**Price of Progress**  
Re-locating utilities in the path of the new interstate highway system is going to cost Texas cities more than most officials had originally thought.

Atty. Gen. Will Wilson ruled that state-federal funds may be used only in a limited way to pay for utility moving. Specifically, said Wilson, they may be used to pay for relocation of sanitary sewers and for other utilities, such as water and power lines, only if they must be moved completely outside the road right of way. Cost of re-locating water, power and gas lines within a right of way must be paid for by the city or utility company.

Texas League of Municipalities protested the interpretation, said it would cost Texas cities as much as \$20,000,000 to comply. Chief source of disgruntlement to the city officials is that under the same federal building program, cities in other states are not required to meet this cost.

No mention of price can be made in an advertisement for eyeglasses until the State Supreme Courts clear up questions about the new optometry law.

High court turned down the request of an optical company to suspend the temporary injunction against price advertising until the test case in heard on March 5.

Rival groups of optometrists are at odds as to what kind of advertising should be permitted. One group contends the law passed last spring clearly prohibits certain types of solicitation. Another agrees with the Nov. 18 Attorney General's opinion that the law is unconstitutional because improperly drawn.

Contests Questioned

Trust Loss Cut  
Net loss to creditors of US Trust and Guaranty Co. will be \$1,987,896, reports State Auditor C. H. Cavness.

US Automotive Service had assets of \$4,893,269, said Cavness, partially offsetting the \$6,881,155 in US Trust liabilities.

Cavness' audit of the liquidation division of the State Insurance Department suggested some tightening of methods of handling and

**BARRED FROM SCHOOL FOR APPEARING IN "CAT"** - London, Eng. - Applying makeup in her dressing room at the London Comedy Theatre is 16-year-old Vanessa Petty, who has been barred from her school by the Head Mistress for taking a part in the controversial Tennessee Williams' play "Cat On A Hot Tin Roof". The play has been described in London as a "sex-bomb play".

**Former Resident Is Accidentally Shot**

Funeral and burial services were conducted in Seminole Saturday for Tommy Anderson, 52, former Post resident, who was instantly killed when accidentally shot.

Mr. Anderson reportedly was washing a car at a Seminole filling station when the accident occurred. The gun was inside the car and was accidentally discharged when Mr. Anderson touched it while reaching inside the automobile.

He was an employee of the State Highway Department here before moving away in 1946.

The funeral was conducted at the First Baptist Church in Seminole. The Rev. A. C. Hardin of Kermit, formerly of Post, officiated. Burial was in the Seminole Cemetery.

Mr. Anderson is survived by his wife, Cleta; a daughter, Mrs. Alvin Lamm Jr.; two grandchildren, Dayna and Slayree; his mother, Mrs. H. W. Anderson of Aspermont; three sisters, Lora Anderson of Lubbock, Mrs. Joe Matthews of Arlington, Va., and Mrs. Tommy Foulks of Fort Worth, and two brothers, Joe Anderson of Seminole and Roy Anderson of Aspermont.

Those attending the funeral from Post were Mr. Anderson's sisters-in-law, Mrs. Nola Brister and Mrs. Ray Smith, and Mrs. Dan Cockrum, Mrs. H. H. Hudman and Mr. and Mrs. Harold Voss.

selling property in receivership. US Trust creditors still cannot be paid. Suits filed by groups seeking preference have not been settled.

**A Gentler Slide**  
In a year of predicted recession, the dip in Texas business will be less noticeable than for the nation generally.

This prediction is made by the University Bureau of Business Research on the basis of figures for past recessions. In 1948-49 national figures dropped 19 per cent; Texas, 6 per cent. In 1953-54 the national drop was 11 per cent; Texas, 8 per cent.

Expanding industries and a growing population were noted by the Bureau in explaining Texas' favored position. A period of even greater activity was foreseen for the 1960's.

**Short Snorts**  
Ballot positions for the nine proposed constitutional amendments to be voted on Nov. 4 have been determined by a drawing in the Secretary of State's office. No. 1 position went to the amendment which would give legislators a \$7,500 annual salary. . . Veterans Land Board has agreed to try to sell the remaining \$37,000,000 in bonds allowed under the program as rapidly as possible. Aim is to get the program rolling again without waiting for possibly more favorable interest rates. . . Land Office reins are now in the hands of new Commissioner Bill Allcorn, appointed after the resignation of Earl Rudder. . . Framing of legislation to cut down juvenile delinquency is being discussed with a view toward the '59 session. Gov. Daniel will ask the new State Law Enforcement Commission and the Texas Youth Council to make recommendations.

**USDA To Support Grower Prices At 81 Pct. Of Parity**

LUBBOCK—The U. S. Department of Agriculture last week announced it will support grower prices of 1958 crop cotton at an average of about 81 per cent of parity.

This means the price for Middling 7/8 inch grade will be 30.75 cents a pound. This compares with 28.81 cents for the 1957 crop which was supported at 78 per cent of parity.

Better grades will be supported at premiums and poorer ones at discounts from the base grade. The schedule of premiums and discounts will be announced later.

W. O. Fortenberry, president of the Plains Cotton Growers, Inc., explained that the USDA after announcing this support of the 1958 crop at 81 per cent, has the privilege of raising the per cent of support later this year, probably this summer, if the cotton situation at that time indicates a need for a higher support price, however, the USDA cannot lower the support percentage from the announced 81 per cent.

A possible alternative for cotton producers this year may be offered if a proposed cotton bill, introduced by Sen. James Eastland, (D. Miss.) is adopted and passed by Congress. Senator Eastland's bill calls for a referendum to the cotton farmer whereby he would be offered a choice between the announced 81 per cent of parity on his crop, or a possible increase in acreage of approximately 25 per cent to be supported at 75 per cent of parity.

Few cotton observers feel this bill can be passed in time to be effective on the 1958 crop, since planting is already underway in the Rio Grande Valley.

No scientific instrument is as sensitive to light as your eyes. In the dark their sensitivity increases 100,000 times, so that you can detect a faint glow, less than a thousandth as bright as a candle's flame.

**Post Man On Committee Advising Ranch Research**

John F. Lott of the U Lazy S Ranch is a member of the new Texas Experimental Ranch Committee, which is acting in an advisory capacity to one of the most comprehensive cow-calf research projects in the Southwest.

The project is being started in the Rolling Plains by interested ranchmen and the Texas Agricultural Experiment Station seeking answers to pressing problems in cow-calf type ranching operations.

Some of the biggest problems are in nutrition, grazing management and range improvement. The project may require approximately 10 years to produce the desired information.

An 11-section area of the SMS Ranch in Throckmorton County will serve as the experimental area. William J. Waldrip, formerly with the Department of Range and Forestry at Texas A&M College, will head the project as a part of the research conducted through the experiment station at Spur.

In addition to serving as advisors to the work, the committee of which Lott is a member also will raise funds for necessary construction in the experimental area, including numerous fences, water tanks and other facilities.

The committee is headed by John Matthews of the Dodge Jones Foundation of Abilene. It also includes O. J. Barron of Spur Head-

quarters Ranch, Spur; R. A. Brown of Brown and Davis Ranch, Throckmorton; D. Burns of Pitchfork Ranch, Guthrie; B. A. Elliott of Elliott Hereford Farms, Moran; George Humphries of 6666 Ranch, Guthrie; Hobert Lewis of Spur Security Bank, Spur; W. J. Lewis of Flying U Bar Ranch, Clarendon; Burford Scaling of Scaling Ranch, Henrietta; Eric Swenson of Emery Estate, Spur, and Bilby Wallace of O Bar O Ranch, Clairemont.

By not looking at them, you can see faint stars in the sky. The cells in the center of your retina are not as sensitive to light as the cells clustered around the center. By not looking directly at a star, its image will fall on the more light-sensitive cells, and you will be able to see faint stars.

Contrary to some beliefs, fluorescent lighting does not possess any more harmful qualities than other forms of artificial illumination or sunlight. In fact fluorescent lighting is more desirable since it resembles daylight more closely than tungsten filament lamps.

**ROMY VIEWS "LEG WORK" AT STUDIO** - Hollywood, Calif. - Nineteen-year-old German Actress Romy Schneider admits models of Cyd Charisse's legs as she visits the Makeup Department at M.G.M. Studios. The leg models were used in the making of the picture "Silk Stockings" in which Miss Charisse starred.

Contact lenses are far from a recent development. A similar idea was first recorded in 1508 by Leonardo da Vinci; and in 1887 a German, F. E. Mueller, and a Swiss, Dr. A. E. Fick, both had contact lenses made of blown glass.

Our eyes see one million pictures every day. They must make a multitude of minute changes to get a clear image of every object or person they look at.

**Spring Forays In Area By 'Hoppers' Being Predicted**

COLLEGE STATION — Cooperative grasshopper adult surveys made during the late summer and fall of 1957 revealed that the Panhandle and upper South Plains counties may undergo widespread and damaging infestations of grasshoppers this spring.

The survey reveals where and how many grasshoppers infest an area, and indicate the potential severity of infestations for 1958, according to F. M. Fuller, extension entomologist. Surveys next spring will provide a final index of populations and identify areas where control will be necessary to prevent severe losses during the 1958 growing season.

Fuller says the survey showed infestations in 5,972,000 acres of Texas. This is more than last year when approximately five million acres were infested with the pests. Control was administered to about 50,000 acres in the Panhandle.

He points out that predators and grasshopper parasites and weather conditions can have a pronounced effect on the infestations. Cool, wet weather with heavy rains during the hatching season can greatly reduce hopper population.

Fuller points out that six or seven grasshoppers per square yard in a pasture can consume grass at about the same rate as a cow. The fall survey showed that many acres in Texas in the regions mentioned have potential populations of 25 or more per yard.

So, farmer and ranchers should be prepared to act promptly if spring survey show that damaging numbers of 'hoppers are hatching, advises the entomologist. The savings in grass could amount to much more than the cost of control.

**Your Guest Rooms Are Ready**

Post is fortunate to now have such a modern motel as THE ROCKET, where friends and relatives may be comfortably quartered during visits to Post.

THE ROCKET will indeed become the "guest room" for many local families.

Our warmest congratulations to Mr. and Mrs. Earl Wrestler for building Post such a fine motel as THE ROCKET.

**Medical and Professional Building**

**Congratulations**

TO

**Mr. and Mrs. Earl Wrestler**

For The Opening Of Their New

**Rocket Motel**

This Motel Is A Fine Addition To Post's Motel Accommodations And One Welcomed By Post People.

It is another new business enterprise for a growing Post. The Wrestlers have made a large and worthy investment in Post's future with the construction of their 11-unit motel.

The Chamber of Commerce wishes to publicly congratulate the Wrestlers and also to welcome them into the Post Chamber of Commerce.

**With TV Too**

OUR CONGRATULATIONS

LONE STAR AGRICULTURE

### 'Farm Vacations' Seen As Booming Industry For Some Areas Of Nation

By JOHN C. WHITE  
Commissioner of Agriculture  
A new kind of farm diversification has arrived. It's called the "farm vacation" and for many farmers whose grown-up and gone children have left them with roomy, semi-empty farmhouses it could well prove to be a profitable sideline enterprise.

The plan is a simple one: the farmer who has spare room and facilities and a wife who likes to cook becomes a sort of inn-keeper. For a fair but profitable fee he invites some city folk to spend their vacation down on the farm. Judging from the annual growth of this new type of tourist industry, it is here to stay.

The commercial organization most responsible for development of the farm vacation program was started in 1949 by an ex-farm boy from Delaware, Bill Wolfe, who saw in America's booming and bulging tourist industry a new vacation possibility which could accomplish several important things. First of all, the farm vacation could bring together farmers and city folks so that they might learn one another's problems and profit by the association; also, this could provide the city dweller with relief from the tedium of his existence without high cost and strenuous travel; and, finally, it could help raise the income of some farmers over the country.

Mr. Wolfe's organization, Farm Vacations and Holidays, Inc., last year printed and distributed some 25,000 catalogs listing about 300 farms in 28 states and Ontario. They hope eventually to list 5,000 farms which would be catalogued by sections of the country.

Through the Farm Vacation catalog, the prospective vacationer can select the type farm he would like to visit as well as the location he prefers. The listings are not ordinary classified type advertisements such as "have farm—will rent room;" enough details are provided to form a fairly clear picture of each individual farm available, and all vacationers and farmer-landlords are expected to have learned a great deal about each other before any actual commitment is made.

All in all, it's a good, sound and healthy idea for the vacationer, and a potential source of supplemental income for the farmer who thinks he might be able to help educate, entertain and generally keep happy a "citized" stranger.

For information on either securing the Farm Vacation catalog or on getting a farm listed, the address is Farm Vacations and Holidays, Inc., 500 Fifth Avenue, New York 36, N. Y.

### No MVI Stickers, Other Violations Charged In Court

No valid motor vehicle inspection stickers have resulted in filing of five complaints within the last few days in the office of Justice of the Peace D. C. Roberts.

Those charged in the complaints were Don Price, Jack A. Hair, Fred R. Sanchez, Keith Olen Adams and Larry D. Harper. The complaints against Price, Adams and Harper were filed by State Highway Patrolman Delmer Tuggle. Filing the complaints against Hair and Sanchez was E. A. Nelson, division of the Department of Public Safety.

Adams and Harper each had paid \$18.50 fines and costs on the complaints up to Tuesday afternoon.

Complaints alleging operation of vehicles over gross weight have been filed against Norman R. Peoples, Reese E. Carter Jr., J. E. Barrett and H. B. Yarbro. Department of Public Safety men filing the complaints were Nelson, C. B. Strain and L. E. Morahan. Up to Tuesday afternoon, Peoples and Carter had paid fines and costs of \$40.50 on the charges. Carter was also charged with running a stop sign.

James Henry McDaniel was filed on for no stop light and John B. Guthrie for improper start from parked position. Both complaints were filed by Highway Patrolman Tuggle.

### WASHINGTON AND 'SMALL BUSINESS' BY C. WILSON HARDER

From all reports, from all over the nation, this past holiday season postal service was the slowest, most inefficient in history.

Actually, it was not the fault of the postal employees, as their still aching backs will bear witness.

Called "junk mail," illegitimate mail, or any other name, it is becoming increasingly apparent that the amendment to the postal rate increase bill by Rep. Rhodes of Pennsylvania is a very sound one. His amendment provides that no one user of the second or third class mails shall be subsidized more than \$100,000 in a year.

Writing in the Denver Post, that great newspaper's outstanding columnist, Roscoe Fleming, recently reported some weird happenings in post office of Mile High city while holiday mailing rush was getting underway.

One big food company decided to send through the mail free samples of mashed potatoes to Denver householders. The samples weighed 5.5 ounces, or three to a pound. Thus on basis of 200,000 home delivery, Mr. Fleming estimates weary postman toted around 66,000 pounds, or 33 tons of mashed potatoes.

The huge company that perpetrated this load for the mailmen paid at the rate of 4.5 cents per package, or a total of around \$9,900, which figured out less than 14 cents per pound.

"By contrast," wrote Mr. Fleming, "We, the ever lovin' people pay about \$1.20 per pound to send first class and air mail."

Likewise, so will concerns such as the huge soap company which spent \$900,000 plastering the nation with sample boxes of a new detergent, which cost the taxpayers \$1,900,000 over what the soap company paid. Also of interest will be editorial stand of big magazines on this issue. It's kind of difficult to urge economy one week, a subsidy for self the next week.

Pointing out that the Post Office Dept. claims that junk mail in 1956 cost a half billion more to handle than was paid for this service, Mr. Fleming reported that right while the mashed potato storm was in progress, an agent for the junk mail industry came to Denver and insisted the junk mailers are not subsidized. It's really the people who are subsidized because of all the junk they get for nothing.

Thus, his contention was that people should be grateful for this free junk, forgetting that out of their tax money this year will come at least \$600 million to pay for this service.

Of course, pending before Congress is a bill to raise first class postage to four cents. First class makes money for the post office, hence the aim to increase profit making end of the business is asked. On several occasions national independent businessmen, voting through the National Federation of Independent Business, have opposed such a move.

Thus, the amendment to the bill put on it by Rep. Rhodes looms as most important. Thus, for example, some of the big national magazines now subsidized up to as much as \$10 million per year would have to pay for this service after the first \$100,000 worth of subsidy. Obviously, they are going to battle this.

Likewise, so will concerns such as the huge soap company which spent \$900,000 plastering the nation with sample boxes of a new detergent, which cost the taxpayers \$1,900,000 over what the soap company paid. Also of interest will be editorial stand of big magazines on this issue. It's kind of difficult to urge economy one week, a subsidy for self the next week.

C. W. Harder

### Geological Knowledge Appears In New Book

AUSTIN—Basic geological knowledge of the southern High Plains and Coastal Plains may be found in a new University of Texas Bureau of Economic Geology publication.

Bureau Report No. 33 on the "Pleistocene Equidae of Texas" is by James H. Quinn, University graduate who now teaches geology at the University of Arkansas.

Copies, at 75 cents each, may be obtained from the Bureau, University Station, Box 8022, Austin 12.

### MRS. DILLARD THOMPSON, CORRESPONDENT

### J. M. Bushes, Graham Community, Honored On 46th Wedding Date

We certainly have winter weather again this week—but as we dread this kind of weather, we also have to admit that Mother Nature is beautiful with her coat of ice draped on everything.

Mr. and Mrs. J. M. Bush were honored with a dinner Sunday at their home in observance of their 46th wedding anniversary. Those attending were their sons and families, Mr. and Mrs. W. C. Bush and her mother, Mrs. John Coleman, Mr. and Mrs. Elmo Bush, Jerry and Ricky, and Mrs. Bush's brother, Dutch Wright and a friend of Lubbock.

Mr. and Mrs. Frost Maxey of Abilene spent the weekend in the homes of Mr. and Mrs. Quannah Maxey, Mr. and Mrs. Bryan Maxey and Mr. and Mrs. Arthur Floyd. Sunday the group were all guests of Mr. and Mrs. Floyd in Post.

Mr. and Mrs. Jimmy Byrd and D'Lynn of Fort Worth spent the weekend with Mrs. Byrd's parents, the Elva Peels.

Weekend visitors of Mr. and Mrs. J. C. Howard and sons were Mr. and Mrs. Leon Davis of Lubbock.

Overnight guests of Patsy Thompson Thursday were Susie Bowen and Jeannette Dunn of Post.

Mrs. Jgwell Graham of Post was a supper guest Wednesday of Mr. and Mrs. Glenn Davis. Other evening visitors were Mr. and Mrs. David Sparlin of Lubbock.

Wendell Grigsby, senior student at Abilene Christian College, was guest speaker Sunday at the Church of Christ. He was accompanied here by his wife.

### SENIOR DAY SET

PLAINVIEW — High school seniors will be honored guests at Wayland Baptist College on March 7 for the seventh annual Pioneer Day for seniors. More than 600 young people and their counselors are expected for the all-day affair, according to Dean Cecil Cosper, chairman.

### RODEO DATES SET

SEAGRAVES — The Gaines County Sheriff Posse's rodeo has been set for March 13-15. J. F. Singleton, posse president, has announced. The rodeo will be held here in conjunction with the Gaines County Livestock Show.

Mr. and Mrs. Frank Chandler and daughter of Fort Worth were weekend guests of her parents, Mr. and Mrs. Bill McMahon. The Chandler's youngest daughter, Denise, accompanied them home after an extended visit with her grandparents and Aunt Linda.

Visiting in Post Sunday night with Mr. and Mrs. Homer McCrary were Mr. and Mrs. C. N. Chandler and Mrs. Jewell Graham.

Thursday evening visitors of the Glenn Davis family were Mr. and Mrs. Delmer Cowdrey and grandson, Donnie Windham of Post.

Mrs. Carl Fluitt and Mrs. Maud Thomas visited Sunday afternoon in the homes of Mr. and Mrs. Fred Babb, Mr. and Mrs. Amers Parrish, Mr. and Mrs. Charlie Rogers and Mr. and Mrs. Elmer D. Jones.

Among those attending the ballgame Saturday afternoon at McAdoo, between Post and Matador, were Mrs. James Stone, Mrs. Quannah Maxey, Mrs. Dillard Thompson, Kenneth and Gloria.

Mr. and Mrs. Leslie Cook of Lubbock were Sunday guests of Mr. and Mrs. Fred Babb. Cook is a former resident of this community.

Elwin Settles of Asbury Methodist Church in Lubbock was guest lay speaker Sunday at the Methodist Church. He was accompanied by his wife and Mr. and Mrs. Lonnie Collinsworth, also of Lubbock.

Sunday evening visitors in the Elmo Bush home were Mr. and Mrs. Maurice Fluitt and Mark, Mr. and Mrs. W. O. Fluitt Jr. and Sherita, and Mr. and Mrs. Carl Fluitt, Delwin and Jacky.

Mr. and Mrs. J. C. Howard were hosts for a party Saturday night in their home. Those enjoying the occasion were: Lois Edwards and Ruth Miller of Post, Jane Maxey, Lewis Mason, Delwin and Jacky Fluitt, Kenneth Thompson, Mr. and Mrs. Leon Davis of Lubbock, Mr. and Mrs. Fred Cockrell and Mrs. Jackie Miller of Post, Mr. and Mrs. Carl Fluitt, Mrs. Dillard Thompson, and the hosts. Refreshments of cold drinks, cookies, and coffee were served.

The boys' basketball team was defeated by Post last week. And the girls' basketball team was disappointed Thursday when their game was called off due to the illness of a player. They were to have played Post.

### FREEDOM IS A MIGHTY SWORD

We Americans can rightly be proud of the fact that we are a peace-loving people. That our aim as a nation is to strive to improve human welfare, with freedom and justice for all. \* Such a people is always slow to anger, tolerant and patient. But when patience is exhausted, a peace-loving people can turn its peace-time skills into weapons of fierce and righteous wrath. There is only

one way such a nation could be enslaved. That would be through propoganda that misleads; through lack of knowledge, and of truth. America's greatest strength is... freedom of the printed word... to give the people truth, truth that builds freedom of thought, of word, and of vision. \* This great Freedom tempers the steel out of which a nation and a people can forge mighty swords.

### Rails Eliminates Post Frosh From McAdoo Tourney

After losing a first round game to Spur, Post's freshman basketball team was eliminated by Rails in a consolation round game of the McAdoo Junior High Tournament. Coach Frank Krhut's team lost to Spur, 29 to 21, and to Rails, 22 to 17.

In the Spur contest, Post was behind by only two points, 10-8, at the half, but Spur scored 12 points in the third quarter to Post's four to go 10 points ahead.

In the Rails game, the Post freshmen made six field goals to Rails' five, but lost at the free throw line. The winners hit 12 of 21 charity tosses, while Post was able to connect on only five of 15.

## PATTERSON RACKS UP 26 POINTS FOR WINNERS

### Floydada Whirlwinds Reap Sweet Revenge On Antelopes, 71 To 48

The Floydada Whirlwinds off the court in the first half at Floydada Friday night, then coasted to a 71 to 48 victory.

It was sweet revenge for the Floydada quintet whose only District 2-AA loss was to the Post cagers.

The Whirlwinds had rolled up a 25-13 lead at the end of the first quarter and were out in front at halftime, 50-25. They outscored the Antelopes, 15-7, in the third frame, but Coach Al Parsons' boys finally took charge in the fourth, getting 16 points to the 'Winds' six.

The game's high scorer was Floydada's Bill Patterson — 26 points on nine field goals and eight free throws. Jimmy Short's 11 points paced the losers.

The box score:

<b>TOTALS</b>	<b>18</b>	<b>12</b>	<b>19</b>	<b>48</b>

## 8th Grade Cagers Lose First Game To Colorado City

After winning 14 consecutive games, the Post 8th grade boys' basketball team came to the end of the victory trail at Colorado City Wednesday night of last week when they lost by 26-22 to the Colorado City 8th grade team.

Coach Lawrence Cook's team held a 12-7 halftime lead, but Colorado City scored 14 points to Post's six in the third quarter to lead, 21-18, going into the final period.

The Post team's shooting percentage was a cold 24 per cent from the field, and only a slightly warmer 25 per cent from the free throw line. In the final quarter, they hit on only 9 per cent of their field goal attempts. Colorado City also beat Post on the boards by out-rebounding them, 28-15.

"It wasn't the best team we've played this season, but out boys were just off on their shooting and rebounding," said Coach Cook.

Tommy Bouchier's seven points was high for Post. Bobby Beard chipped in with six, Benny Schlehüer, four; Leslie Acker, three, and Harold Wayne Mason, two.

Individual shooting percentages were: Mason, 22 per cent; Beard, 43 per cent; Bouchier, 31 per cent; Acker, 12 per cent; and Schlehüer, 21 per cent.

## 7th Grade Boys Lose To Colorado City '5'

Post's 7th grade basketball team, which is improving but still unable to show much scoring punch, lost to Colorado City, 30-13, Wednesday of last week on the latter's court.

"The team is coming along, but there's still a lot of work to be done," said Coach Lawrence Cook.

Ken Rankin's five points was a high for the Post team, with four other players scoring two points apiece. They were John Valdez, David Nichols, Glen Polk and Buddy Moreland.

Other 7th graders in the line-up were: Kent Wheatley, Frankie Gary, Larry Guy, Felix Bustoz, Billy Shumard, Derrell Haley, Edward Byrd, Royce Chance, Richard Thomason and Ronald Tallant.

## SCHOOL ASSISTANCE

ST. LOUIS, Mo.—School supplies valued at over \$121,865 have been donated by American school children to schools affected by disasters in 11 midwestern states through the Junior Red Cross. Since 1949, when the program of assistance to disaster damaged schools began, schools in 41 communities of the 11 states have received needed replacements of visual aids, books, music, recreational and shop supplies.

## WEEKEND VISITORS

Weekend visitors of Mrs. Vera May Gossett, Judy and Sonny, were Mrs. Eddie Mathis, Mr. and Mrs. J. S. Avent, Mrs. Arlona Short, Mrs. Ruby Wood, and Woody Short, all of Slaton, and Miss Shirley Wallace.

## HOSPITAL NOTES

Those admitted to the Garza Memorial Hospital since last Tuesday are:

G. W. Greer, medical  
John Wolfe, emergency  
Mrs. H. J. Davidson, obstetrical  
John Pate, medical  
Ruth Carpenter, medical  
Mrs. Tina Westbrook, medical  
Gary Snow, medical  
Jack Brown, medical  
Mrs. A. L. Storie, medical  
Mrs. Mary Haire, medical

Dismissed  
Mrs. H. J. Davidson and baby  
Ruth Carpenter  
G. W. Greer  
Mrs. Tina Westbrook

## WEEKEND IN SEAGRAVES

Mr. and Mrs. A. V. McCowen and family were weekend guests of their son and daughter-in-law, Mr. and Mrs. Joe McCowen in Seagraves.

## Roy Jones Leads Frosh Scoring

Roy Jones, who plays a guard position, is the leading scorer on the freshman basketball team through seven games.

Jones has scored 43 points on 15 field goals and seven free throws for a game average of 6.14 points.

In second place, with 38 points, is Tommy Wadkins, who has played in only three games. He was seriously injured two weeks ago in a fall from a moving jeep. Wadkins' game average is 12.6 points.

Wayne Hair, with 36 points in five games, ranks third. He has averaged 7.2 points a game.

The scoring totals are:

JONES	FG	FT	PF	TP
Jones	7	18	7	13
Wadkins	3	18	2	11
Hair	5	16	4	10
Williams	6	6	5	12
Cornell	6	6	2	5
Minor	7	5	2	3
Ray	7	5	1	12
Doss	5	3	2	8
Batts	6	2	0	9
Dunn	7	1	0	3

(G — Games; FG—Field Goals; FT — Free Throws; PF—Personal Fouls; TP—Total Points).

## Biggest Fishing Event

When it opens this year the Sheldon Reservoir, near Houston, will provide the biggest fishing event in Texas.

During the past three years this fine lake has been completely renovated. The Game and Fish Commission cleaned it of undesirable fish and undergrowth. Biologists then stocked it with bass and crappie. About May 1, it will be thrown open to controlled public fishing.

Bass in the lake now weigh from 1½ to 4 pounds. They are ready and hungry. The game department has built fishing piers for the benefit of the fisherman, and ramps for docking boats. This will be a wonderful example of what science can do to improve fishing.

## OUTDOORS IN TEXAS

By L. A. WILKE

One wintry day many years ago I was fishing on Elephant Butte Lake in New Mexico. My companion was a retired mining man who had the reputation of bringing in some very large fish. His motto was "fish 'em deep and hit 'em hard."

That was long before we learned how to use some of the fine tackle available today. Most of our lures weighed an ounce. Our rods were short with stiff action, and the reels were not too fast. However, we caught some good ones by fishing deep and hitting hard.

Now comes Walt Willman, head of Heddon's research staff, with a new name for an old trick. He calls it bottom scratching. He says it's the cold weather method he uses to outsmart big fish which have been outsmarting him.

## How Walt Does It

Using two outfits, he ties a sonic lure on each. That's the kind of lure that makes a noise under water. He makes a long cast with each lure and lets them both settle to the bottom. Then, picking up one rod, he carefully reels in the slack line. With the rod tip low over the water, he makes a sharp sweep with the rod. This makes the sonic lure jump violently off the bottom, making a noise that fish can hear, and a commotion they can see.

If he doesn't get a strike with the first rod he puts it down and repeats the maneuver with the second.

Big fish, he says, often refuse to hit a lure retrieved steadily during the cold winter months when their reflexes are slow. But when a lure settles to the bottom they watch it. When it jumps into noisy flight, whammo!

## Dawson Uses Minnows

E. T. Dawson, director of information and education of the Texas Game and Fish Commission, has another way of catching big bass deep. He uses big minnows.

His favorite spot is on Lake Travis, where the water varies in depth from 10 to perhaps 60 feet. There are several ledges under the water and Dawson knows where they are.

He gets the largest, friskiest minnows he can find. Using a light line he tosses them out and lets them swim around. He has just enough weight on his line to move the minnow slowly toward the bottom. As it hits each ledge the minnow swims off and heads for deep water. Somewhere on the way down it passes a lunker that's hungry. As a result Dawson usually comes in with a half-dozen baking-size bass.

## Wildlife Week Set

March 16-22 will be observed throughout the United States as National Wildlife Week. During that week we'll hear much about the necessity of wise management of public land resources.

Keep in mind that the same practices urged for public lands also will pay off in big dividends for the individual land owner.

After all, the future of wildlife depends more upon the land owner than all other factors combined. We can have abundant rainfall, but without the proper use of land it will not restore or even maintain wildlife.

## On the other hand, we have learned

in recent years that wildlife may be increased despite long periods of drought, if proper land management is practiced.

In commemoration of Wildlife Week, the Federation has announced the issuance of six-color lithographed stamps, showing 30 species of animals and a half-dozen scenes from some of our national parks. Wildlife stamps have been issued annually since 1935, when the first series was painted by J. N. (Ding) Darling, noted newspaper cartoonist and one of the greatest conservation leaders of all time.

The 1958 stamps now are in the mail. You'll see some of them reproduced in the newspapers during the coming weeks. When you get yours you'll be proud of them, and also proud to participate in this program of wildlife management.

## Post Teams Go To Slaton On Friday

Hazardous roads to the northwest of Post brought a postponement Friday of the scheduled District 2-AA basketball games to have been played here between the Abernathy and Post High School teams.

The Post teams will go to Slaton Friday night and are to close out their regular season here Tuesday night against Lockney cagers.

The Antelope boys' team has a 3-6 conference record and the girls' team a 5-4 mark. The girls scored their most decisive conference win of the season at Floydada last Friday night. Doris Eilenburger scored 25 of the 53 points the Post team racked up in an easy victory.

## FRIDAY IN LUBBOCK

Mrs. Vera May Gossett and Sonny and Mrs. Darrell Yandell spent Friday afternoon in Lubbock.

## LUBBOCK VISITORS

Mr. and Mrs. Mike Mitchell and Kimberly of Lubbock were Sunday night guests of Mr. and Mrs. R. E. Josey and family.

## PROVIDING COVER AND FEED

## To Interest Landowners In Rehabilitation Program

A committee of members of the Game and Fish Commission is beginning an early campaign to interest landowners in the quail rehabilitation program, according to the secretary.

The committee is composed of Robert Jones, Howard Carney, J. W. Elliott, Mexico.

The development committee is instituting a program to interest more landowners in the quail rehabilitation program. The committee is now making a list of landowners in the State Quail Hatchery area who are interested in the program.

The State Quail Hatchery is located near Slaton. The cost of the program is 50 cents per acre.

Landowners should apply early to the hatchery. Their land will be fenced and a cover and feed program will be set up. The cost of the program is 50 cents per acre.

## SUNDAY GUEST

Don Cox, student at Texas Tech, Lubbock, was a Sunday guest of his grandparents, Mr. and Mrs. R. E. Cox.
