TOO LATE FOR WHITE CHRISTMAS—Saturday's snow was too late to give Post a White Christmas, but made an early-year winter wonderland out of areas of the city. One of the most beautiful settings was the yard and home of the L. A. Pressons at 603 West 11th Street. Had the snow not followed a shower which soaked the ground, it would have been even deeper Sunday morning when this shot was made by The Dispatch photographer.—(Staff Photo).

## Heavy Snowfall Gives 1958 Moisture Boost

Only patches remained today of a heavy snowfall which fell Saturday afternoon and night and measured from three and a half to four inches, although falling on ground made wet by an earlier shower.

The snow's moisture content was measured at .96 of an inch and the preceding shower measured .16 of an inch, giving Post 1.01 inches of moisture on which to start the new year.

Listing and bedding of land in preparation for crop planting will get under way on a large scale as soon as the ground dries, said County Agent Lewis C. Herron.

By First National Bank President

## Crop Outlook Seen As '58 Bright Spot

Good crop prospects are seen by Irbly G. Metcalf Jr., president of the First National Bank, as the brightest spot in the 1958 economic outlook for Garza County.

spite an early freeze and a late crop, deposits at the bank at the close of business on Dec. 31 total- ed \$6,059,492, an increase of more than \$500,000 over deposits at the same time in 1956. The increase is almost \$1,000,000 more than Dec. 31, 1955, deposits of \$5,084,100.

TRUETT SMITH

## Tahoka Attorney in District Judge Race

Truett Smith, well known Tahoka attorney, will be a candidate in this year's elections for the office of District Judge of the 106th Judicial District, comprising the counties of Dawson, Gaines, Yoakum, Terry, Lynn and Garza.

## Peel Announces For Commissioner Post

E. E. (Elva) Peel has authorized The Post Dispatch to announce his candidacy for election as Precinct 2 county commissioner.

## Rate Of Poll Tax Payments Indicate Late Rush

If as many people pay poll taxes this year as in the last election year of 1956, then there is going to be a terrific last-minute rush at the office of County Tax Assessor - Collector T. H. Tipton before the Jan. 31 deadline.

POST JAYCERS SET PATTERN—These four members of the Post Junior Chamber of Commerce are being issued poll tax receipts by Mrs. Opal Pennell at the tax assessor-collector's office. A. Lee Ward (second from right) was being issued receipt number 383 when the picture was made. Jaycees annually stage pay-your-poll-tax campaigns here and elsewhere throughout the nation. Others in the picture, from left, are: Bob Smith, Ronnie Sturdivan and J. P. Parnell, Jaycee president.—(Staff Photo).

## Revaluation Is Set After Board 'Okay'

### Special Meeting Monday Night With — City To Rule On Phone Hike

### Cost Will Be \$8,000

By JIM CORNISH  
Post's city council will hold a special meeting Monday night to determine its answer to a new request from General Telephone Company for a phone boost here which would bring in an 18 per cent increase in revenue from local phone users.

Of the \$8,000 total, \$4,500 will be for revaluation of property within the Post city limits and \$3,500 for revaluation of property outside the city limits. Total cost to the school district and the city for revaluation of city property is \$9,000, with the city paying half that amount.

### HAROLD LUCAS Lucas Purchases Agency Interest

Harold Lucas Wednesday purchased the interests of E. S. (Buddy) Stewart in the Post Insurance Agency—one of the oldest continually operating agencies in West Texas and the town's oldest.

Edward S. Pritchard Jr., who represented the tax firm at the board meeting, said they are eager to get under way with the job "right away" in order to complete it before this summer tax equalization board meetings.

"We can have our men in here right away, and promise you that it will be as complete a job of tax revaluating as we have ever done," Pritchard told the trustees after they had voted to hire his firm for the job.

He said the revaluation job would include inventories of all businesses, working of all farm and grazing lands and verification to a certain extent of personal property as now carried on the tax rolls.

Oscar Gray in Race For Commissioner 2  
The Post Dispatch has been authorized by Oscar Gray, Post resident, to announce his candidacy for Precinct 2 county commissioner, subject to the action of the Democratic primary election on July 26.

## Custer Rites Are Set For Today

Funeral services for Grover C. Custer, 70, retired farmer, who died at 2:40 p. m. Tuesday in Garza Memorial Hospital, were to be conducted at 2 o'clock this afternoon in the First Baptist Church.

Mr. Custer, who had been a resident of the Close City community since moving to Garza County in 1916, had been ill only a short time and had been in the hospital about a week.

## Rate Of Poll Tax Payments Indicate Late Rush

If as many people pay poll taxes this year as in the last election year of 1956, then there is going to be a terrific last-minute rush at the office of County Tax Assessor - Collector T. H. Tipton before the Jan. 31 deadline.

Persons of 60 or more years are exempt from paying the poll tax. Also exempt from paying the tax are those who will become 21 years old on or after Feb. 1, 1958.

## Meanwhile, Let's Support MOD

Despite the fact that there is justifiable criticism of the March of Dimes for not joining in Garza County's Community Chest program, the fact remains that the MOD continues to carry on its important role in serving humanity and is, heretofore, deserving of our support.

Since it is too late this year to do anything about the March of Dimes tying in its program with that of the Community Chest, let's support it wholeheartedly and hope that before another year rolls around officials of the county chapter of the National Foundation for Infantile Paralysis can be prevailed upon to make the MOD a participating agency in the Chest program.

The decline in new polio cases in 1957 was truly one of the year's greatest blessings. But while we're saying "hat's off!" to the Salk vaccine, let's take a closer look at the polio picture. Is it really over? Can we now sit back and say "goodbye" to one of the most dread, costly and tragic of human diseases?

Tens of thousands of disabled polio patients know better. And so do March of Dimes volunteers now conducting the annual fund drive in Garza County and elsewhere throughout the country. They can show you how visible polio is on the national scene.

For one thing they will point to the fact that 300,000 living Americans have had paralytic polio,

half of them during the past decade. The National Foundation for Infantile Paralysis estimates that one out of three of these still have some form of disability that can be remedied or alleviated.

The volunteers will also tell you about the 57,800 polio patients who needed care and rehabilitation in 1957. That took \$21,700,000 in March of Dimes funds. What is especially significant is that only 4,800 of them contracted polio last year. The rest—\$3,000—were victims of former years who still needed help. They'll need help this year too, many of them. The March of Dimes has allocated \$21,100,000 for their care and rehabilitation.

These are not statistics. They're real people. The child with the crutches standing on the sidewalks watching others play—that's polio. In hospitals and respirator centers, you can hear it in the steady breathing of the iron lung bellows and you can see it in the thin arm dangling at the side.

The March of Dimes continues to carry on its important role in serving humanity. The success of its current campaign will be measured in the success stories of polio's remaining victims — those who have not only survived the disease but are learning to live worthwhile lives again. The March of Dimes deserves all-out support.—CD

## Youth Center No Easy Problem

A youth center need is evident here in Post to give the young people a social hub for their other-than-school activities.

Youth centers are neither easy problems to run nor easy to afford.

Not all communities with youth centers solve their "spare time" problems for youth that way. They can be operational headaches. A town can put a lot of money into one with the citizens coming to the conclusion that the youth center operation hasn't been operated for the benefit of all to the extent that it is worth the money.

Some communities operate youth centers out of a city recreational tax levy. Others do it through some sponsoring organization with the necessary funds being subscribed through the Community Chest budget.

Post at the present has begun its limited youth center activity via the Community Chest route. It would seem that this method should be thoroughly explored before shifting the operational costs into the shoulders of the taxpayers.

The key to the effective operation of a youth center is the personnel who runs it. That is the

real problem to solve. If such a center is not carefully supervised by adults who have the full confidence of youth but who also can properly lead and direct them, any program—no matter how glittering in establishment and dollars—will fail.

Enough funds were included in the recent Community Chest drive budget to provide for employment of a part-time youth center director.

In getting such a program into operation here both the youngsters themselves and the adults who regulate the center's operation need to use wise heads.

The most important policy decision at the start will be the right choice of a youth center director. Next will come setting up the center's operation so that the program will get off on the right foot with both youngsters and adults.

Youth centers cannot be all things to all youngsters and all parents. The best that can be made by a well supervised program is to

expand slowly to include activities in which both interest and need is shown.—JC

## Weather Control Techniques Hold Up

Recommendations to President Eisenhower that further experimentation with weather be continued on federal, state and local levels have been made by the government's advisory committee on weather control. This comes as no surprise to many Garza countians who are convinced that cloud-seeding operations here in 1952 and 1953 produced results.

Those who were instrumental in having the cloud-seeding operations instituted here have never wavered in their belief that rain can be increased by such methods. The committee's report appears to bear them out.

Howard Orville, chairman of the committee, in summarizing its evaluation program said it has found that:

Supercooled stratified clouds can be dispersed by seeding with dry ice or silver iodide from airplanes.

Rain can be initiated by seeding warm cumulus clouds with water.

Dry ice and silver iodide seeding of cumulus clouds extending to 5,000 feet or more above the freezing line and with a temperature at the top of the clouds of minus 10 degrees centigrade will induce rain.

Ground generator seeding with silver iodide in California, Washington, and Oregon has produced average increases of 9 to 17 per cent.

The last item is of particular interest here, since that was the method tried in Garza County.

Scuffers at the cloud-seeding program far outnumbered the believers, but the four-year study by the government committee makes it appear that those in the minority are right in their belief that rain can be artificially increased if the proper methods are used. We'll probably be hearing more about it now that the committee's report has been made to the President.—CD

## School Study Group Is Standing By

Garza County's Hale-Aikin School Study Committee organized here several weeks ago is a highly important organization. It is a part of a state-wide set-up authorized by the last legislature to make far-reaching studies and recommendations on the course which secondary education in Texas shall follow in the years ahead.

It is significant that the committees in the respective counties were organized almost at the precise moment that our secondary education methods began drawing criticism because of the

Soviet Union's apparent edge in scientific knowledge.

The end results of the findings of the Garza County committee and others like it over the state could affect the course of education in Texas for the next fifty years.

It is heartening to know that these committees are standing by for orders from the state on their next move. Each of the committees is made up of a cross-section of the county's citizens, and there is no doubt that each committee member has the future welfare of our secondary education system at heart.—CD

## Clipped Quips From Other Newspapers

Why are we behind the times? The answer is obvious. The American people, in their headlong rush into materialism, have forgotten that progress for the satisfaction of human vanities is shaky progress, and that until we place values on exploration, research, intellectual discipline and progress for humanity, we can expect to continue to be behind the times. And these things do not start at the top, seeping down to us at the grass roots, but rather, they start at the grass roots and surge upward in direct ratio to our degree of interest and activity.—Collinsville, Conn., Farmington Valley Herald.

Government . . . never goes out of existence. Government has no competition so there are no competitive factors that force it to be efficient.—Quincy, Mass., Patriot Ledger.

Power-hungry bureaucrats with control of our tax dollars pour our money down an ever-increasing stream of non-essential federal programs which give them control over vast areas of government activity. Of course, the taxpayer pays the bill.—Oxnard, Calif., News.

When you hear the fire trucks coming—pull off the road—give them the right of way—and give the firemen every possible advantage in their always dangerous assignment. Don't make their job that much harder by your desire for excitement or lack of consideration for the life and limbs of others. It may be your property they are trying to save.—Southold, N. Y., Traveler and Watchman.

Governments which financially dominate the Free World apparently have agreed to perpetuate an insufficiency of gold and silver to use as money or to "back" their paper currency by merely keeping the prices of silver and gold so low that citizens will find it financially unprofitable to mine gold and silver, as such. In this manner they believe they can continue to force their citizens to accept the product of their speedy printing presses as "money."—Denver, Colo., Mining Record.

There are some 30 active volcanoes on the Pacific side of Central America.

During the Middle Ages chairs were symbols of honor and power.

Chamber music refers to that particularly designed for performance in a room or small hall with only a few musicians.

## THURSDAY to THURSDAY

By CHARLES DIDWAY

Today's Helpful Hint: Warts can be removed with a blow torch.

IN SCHOOL IT'S the three R's, but around new Baptist pastor C. B. (Bill) Hogue's place, it's the five R's — sons Robert, Randy, Rodney and Ronald and the family dog, Ranger.

Bill and his wife, Betty, moved in last week from Happy with the five R's and have been busy the last few days getting acquainted with members of the congregation and with other Post citizens.

WE GOT A CLUE as to why the Hogue's dog was named Ranger when we learned that the Hogue's lived in Ranger before moving to Happy. The new pastor is a graduate of Howard Payne College and Southwestern Baptist Theological Seminary. Happy, in Swisher County, was his first pastorate after leaving the seminary.

Incidentally, none of the Hogue boys are quite old enough to help out the Post Antelope football fortunes. Only one of them—six-year-old Robert—is in school. Ages of the others are: Randy, 4; Rodney, 3, and Ronald, 1.

IT'S ABSURD to say American scientists aren't making considerable progress. Several of them in California recently developed a breed of four-winged flies.

The world is full of double-talk. Here are favorites:

"To tell you the honest truth." This means: "He's caught me there; better make this excuse sound good."

"Nothing I'd like more." Translated: "Now how did I let myself in for this?"

"Sure, I'd be glad to do it for you." That is: "I've got to do it anyway. Might as well make it look good."

"Well, no it's not quite finished, but I can let you have it first thing Monday." More honestly, it would go like this: "I haven't started the fool thing yet. Goodbye weekend."

"No, but if I ever need anything along that line I'll certainly think of you." Translated: "Get lost."

PEOPLE WOULD learn a great deal more if they didn't spend so much time listening to one another talk.

It's disconcerting enough to goof in dating your 1958 letters 1957, but when you make the same mistake in reporting the birth of the first 1958 baby, it's even worse. In last week's Dispatch, we called Post's first New Year's baby, Ross Leon Segroves Jr., "Mr. Post of 1957." Not until the baby's mother informed us two days later that it should have read "Mr. Post of 1958" did we realize we'd made a capital mistake.

LAST WEEK WAS a short one for students and teachers in the Post Public Schools. They returned to classes Thursday, following the holidays, and were dismissed the next day for the weekend.

Down in Venezuela, they started the new year off with a real "celebration" — a genuine banana republic revolution. There probably were some anxious moments for a number of West Texans who have relatives working there in the oil business. Post people with relatives in Venezuela include the Chant Lees.

THIS ONE IS left over from the holidays:

Two old maids were making their plans for Christmas. "Mary," asked the younger, "do you think that one stocking would hold all you want for Christmas?" "No, Msud," replied the older with a sigh, "but a pair of short socks would."

AT THE RATE science is advancing, some genius will soon invent a sound that will travel faster than a plane.

IT DIDN'T TAKE long for the snowmen to start going up following Saturday's heavy snowfall. Some of the youngsters come up with clever ideas every time there's a snow, and the number of snowmen here and there over the town shows that kids nowadays are just as hardy as those of a decade or so ago when it comes to facing the cold to play in the snow.

Weather Note: It was so cold recently in International Falls, Minn., that a ghost seen by several people around midnight had goose pimples.

Our neighbor says the reason a cat has nine lives is that he knows how to relax thoroughly and does so often.

There are some 30 active volcanoes on the Pacific side of Central America.

During the Middle Ages chairs were symbols of honor and power.

Chamber music refers to that particularly designed for performance in a room or small hall with only a few musicians.

## THE AMERICAN WAY

To Be Expected

## Our Contemporaries Are Saying . . . .

**Doggone Wind!**  
South Plains wind blows up some strange things. Marvin Struve found a buggy wheel on the Struve Grocery Dept. porch one morning recently after a big blow from the west.—"Talk in Print" in Abernathy Weekly Review.

**You Can't Win**  
That's life . . . When you know the right answers, it seems no one asks you the right questions.—The State Line Tribune, Farwell.

**All In The Game**  
Sometimes it seems like we could fill a whole paper with apologies about stories we missed and things we goofed up on, like misspelled names and mistakes in family relationships, etc., but we usually manage to make even a mistake or two in the corrections.—"Edlines" in The Morton Tribune.

**Too Many Questions**  
Two women got into an argument at their bridge club on how long a player should shuffle the cards.

They wrote a bridge expert. He sent back the opinion that a dealer should shuffle the next deck so long as her partner was dealing the other. The expert enclosed a bill for \$10.

The women were outraged and one of them asked a young lawyer as to whether or not they had to pay the bridge expert's fee.

"Unfortunately," he told them, "I am afraid you do. It is a legitimate charge for professional services."

A few days later the woman got another bill. This one was for \$25—from the lawyer.—West Texas Register.

**Source Of Trouble**  
Speaking of scandal columns, it'd suit most newspaper people if the things were barred. If they were, probably half the divorces in Hollywood would never take

place and the origination of trouble would be wiped out.—"Standing on the Corner" in The Lynn County News.

**Not Enough Rich**  
Reliable information shows this: Uncle Sam's biggest source of revenue is the individual income tax—\$33 billion a year. And, whether you remember or not, we every day up and down the street citizens pay the big end of it. (Oh, yes we do.) Sure, the rich are soaked, but there simply aren't enough of them.—The Hamlin Herald.

**Inventory Time**  
The local merchants are engaged in taking inventory of their stocks. It is as much as taking your life in your own hands to walk in one of the stores to buy some article. The boss of the store is walking around with pad and pencil listing the items as the clerks, with dust on the exterior of their nose, are standing on a counter with throbbing feet, calling out the articles and prices.

Empty boxes and waste wrapping paper clutter the floor, which means several hours labor to sweep up the refuse and tote it out to the garbage cans.

But the merchants know they have just emerged from seven years of drought and the present prospects point to a prosperous year 1958.—"Snooter Knows" in The Stanton Reporter.

Potash, ammonia and iodine are obtained from kelp, a Pacific underwater plant known as the "alfalfa of the sea."

Calumet was the name of the ceremonial peace pipe used by North American Indians.

Harvard University was established at Cambridge, Mass., in 1636.

Caliph is the name given to the successors of Mohammed.

# Texans Annually Mark Up \$350 Million Water Bill

(EDITOR'S NOTE: This is the fourth in a series of articles on Texas water problems prepared by the Texas Society of Professional Engineers.)

Texans run up an annual water bill of \$350 million for the production and delivery of 19 billion acre feet—or 17.1 billion gallons of

water a day!

The state's total water use is second only to California's (primarily because of irrigation needs) and twice that for similar usage in New York.

Demand for all uses equals the entire flow of Texas rivers during a drought year; but one half the water used comes from underground sources—sub-surface reservoirs which are being depleted when withdrawals exceed rates of natural recharge by rainfall.

Irrigation is the state's major water glut. Satisfying the thirst of the fertile soil in irrigated farming areas demands an average daily 10.2 billion gallons. Second biggest water user—industry—consumes only a little more than half as much or 5.7 billion gallons a day.

By contrast, all public water supplies use 1.05 billion gallons and rural areas about 0.17 billion gallons on a daily average for domestic and livestock purposes.

Water uses vary widely across the vast state, due greatly to the sweeping variety of climatic conditions.

Per capita water requirements are much greater in arid West Texas than in humid East Texas. In addition to increased need for irrigation and domestic uses in the arid west, evaporation from West Texas reservoirs is frequently greater than the total amount put to beneficial use from most any specific water system.

Since Texas streams no longer meet water demands placed on them and ground water is used in large quantities—particularly in the Panhandle, San Antonio and Winter Garden areas, and along the upper coastal plain—coordination of ground water development and spacing of wells, in accord with amounts of water available is becoming increasingly important.

The TSPE Water Committee concludes that comprehensive planning for proper development of both underground and surface water resources is, in fact, necessary if all areas of the state are to receive maximum economic benefits.

More than 150 reservoirs have been built in Texas to supply water for municipal, irrigation, and industrial supplies. Major ground-water reservoirs—in the Panhandle, Edwards Plateau, Winter Garden, and upper coastal regions, for example—are under hydrologic study as means of stabilizing resources development.

The Texas Board of Water Engi-

neers and the U. S. Geological Survey are supplying important basic data on water resources through cooperative surface and ground water investigations.

Texas Water Board records show 86 reservoirs of 5,000 acre feet or more capacity have been constructed in Texas for municipal, industrial and irrigation uses prior to 1957.

Together, they have a combined capacity at spillway crest of 25,500,000 acre feet. Of this 11,800,000 acre feet is classified as storage for municipal, industrial and irrigation use.

The U. S. Bureau of Census 1954 report shows 284,642 stock tanks on 117,626 Texas farms. And the U. S. Soil Conservation Service has constructed more than 150 flood detention structures in the Trinity, Brazos, and Colorado River basins.

The TSPE Water Committee notes that river authorities, cities, water districts, federal agencies, private agencies, and others are planning construction of more structures to impound and use water.

Many of the developments planned do not recognize existing water use projects or fit in with overall plans for major river basin development, says the committee.

Some of the projects will be economic failures without such coordination, and water which they make available will not meet anticipated demands, in the committee's views.

Texas, therefore, observes the TSPE group, should provide for water resources planning by the State Water Board in accordance with the basic principles adopted by Gov. Price Daniel's water advisory committee at a meeting in Austin last Sept. 9.

Next: Underground water in Texas.

TO MISSOURI — Pvt. Jackie Carpenter has been transferred to Ft. Leonard Wood, Mo., after completing his basic training at Fort Carson, Colo. He spent 14 days here with homefolks after completing his basic. Jackie is a 1957 graduate of Post High School.

## Aliens Reminded Of Report Date

Aliens living in Garza County are required to report their address to the U. S. attorney general before Jan. 31, according to Postmaster Harold Voss.

Voss said forms for the report may be obtained at the post office here. "When the forms are completed, they should be returned to the post office and we will forward them to Dallas," he said. All aliens, with only a few exceptions, must file the report of address if they are in the United States on Jan. 1, noted the postmaster.

Exceptions to the law include accredited diplomats, persons accredited to certain international organizations and persons admitted temporarily as agricultural laborers.

The postmaster said that if an alien misses the deadline, he is required to send the form to the Bureau of Immigration and Naturalization in Dallas. A letter explaining the reason for missing the deadline must be included with the form.

## Soil, Water Saving Practices Being Carried Out Here

A number of district cooperators have completed or are in the process of completing conservation practices, it has been announced from the office of the Post Work Unit of the Duck Creek Soil Conservation District.

Richard Lewis, S. C. Storie Jr. and J. R. Wood have installed underground pipelines which will improve their present irrigation systems.

Walton McQuien has completed his system of diversion and spreader terraces, which will reduce erosion by better utilization of excess runoff water.

E. E. Wallace is constructing a level ridge type terrace system, which will reduce erosion by breaking up the concentration of water on long slopes.

J. E. Blakey is root-plowing and re-seeding range land that is heavily infested with mesquite. Blakey gave the pasture a complete fall deformation which allowed the present native grasses to reseed. In addition, he reseeded the area with native grasses during the side oats grama, and western plowing operation. Blue grama, wheatgrass were used in the re-seeding operation.

## VA Questions And Answers

Q. I am a Korea veteran, just out of military service. What is my deadline for starting training under the Korean GI Bill?

A. You must begin your training within three years from the date of your discharge or separation.

Q. I have named the beneficiaries of my GI insurance policy, but I haven't yet chosen a method of payment. If I should die without designating a payment method, how will the insurance money be paid out?

A. It will be paid to your beneficiaries in 36 equal installments. However, your first beneficiary has the right to choose payments under any other installment plan available.

Q. Who is supposed to apply for War Orphans schooling, the prospective student or his living parent?

A. If the prospective student is under legal age, his parent or guardian must apply in his behalf. If he is of age, and has no known legal disability, he may apply on his own.

Q. I understand that persons getting VA pensions will receive annual income questionnaires after the first of the year. I received a gift of money during 1957 from relatives. Do I have to report that as income?

A. Yes, money gifts are considered as income for pension purposes and should be reported on the questionnaire.

It's a fact that for the price of a loaf of bread the railroads carry a barrel of flour 196 miles.

It's a fact that for the price of a pound of coffee the railroads carry a ton of coal 183 miles.

## Card of Thanks

I want to thank the hospital staff, all my friends and Bro. Kirk for the many nice cards, also the nice dinners on Christmas. I enjoyed it so much though all alone.  
Mrs. A. J. Matlock. tfe (1-9)

## VISIT HERE WEDNESDAY

Clayton Pennington and Charles Williams, who are employed in Kermit, spent Wednesday here visiting friends and relatives.

# Rotarians Hear Talk By C. Of C. Official

The strength of the Chamber of Commerce movement rests in the voluntary efforts of its membership, Tom Watson, assistant manager of the Lubbock Chamber of Commerce, told Rotarians in a talk on Chamber work at their Tuesday luncheon.

Watson commended Post for its present drive to expand Chamber activities and employ a professionally trained manager.

He said that active member participation cannot be stressed too much. He said membership activity comes in committee actions to plan detailed programs of Chamber work.

Watson, who has been in U. S. Chamber work for nine years before coming to Lubbock, was enthusiastic over the future of the West Texas area.

"We do live in one of the most favored areas in the country," Watson said. He predicted "one of the greatest futures of any area in U. S." for it.

The speaker said "we must do a selling job—first on ourselves for a strong and adequately financed Chamber."

Watson reviewed some of the objectives of the Post Chamber's "program of progress for 1958" and added some suggestions of his own including the Cotton Week promotion, first bales of cotton, hiring of Chamber manager, safe driving project, beautification of community, increasing sales, oil progress, keeping good schools, controlling solicitations of merchants.

He declared that good Chamber men must be interested, enthusiastic, and confident and he added that a good Chamber of Commerce promotes these attributes in any community.

In the end, he said, a good Chamber of Commerce not only attains the community improvement objectives it sets out to do, but in doing so it also promotes individual initiative, individual responsibility, and maintains and strengthens freedom here at home.

He closed his talk by pointing out that the most important part of the word community is the last two syllables—"unity." He stressed that a strong Chamber of Commerce can build such unity.

# Airman's Clothing Stolen From Auto

A young Air Force officer, training to become a jet fighter pilot, had several hundred dollars worth of his clothing stolen from his car here Tuesday night.

A considerable portion of the stolen clothing was Air Force property, including a new white flying helmet just issued to him which he never had the opportunity to wear in the air.

The stolen clothing belonged to 2nd Lt. Wayne Wranosky. It was taken from his unlocked car parked in front of the E. R. (Buster) Moreland home at 908 West Main.

Wranosky stopped for an overnight visit with Moreland, who is his uncle, enroute to a new training station at Portland, Ore.

Sheriff Carl Rains said a \$125 camera in a box was set out on the pavement by the thieves but wasn't taken.

Included in the missing clothing were a blue dress uniform, civilian suit, two pairs of Air Force uniforms, brown suede Air Force jacket, several sport shirts and several pairs of civilian slacks.

Asked why he didn't lock his car, Lt. Wranosky said ruefully, "Post looked like such a peaceful town."

# Hazardous Hiways Cause Two Mishaps

Two traffic accidents occurred in the Post vicinity during the weekend's hazardous road conditions—both on Saturday.

One Postex Cotton Mill employee was injured and another escaped unhurt Saturday afternoon when their automobile "missed a bridge" about eight miles east of Post on U. S. Highway 380.

Raymond Crabtree, 46, driver of the automobile, was still in Garza Memorial Hospital Wednesday suffering from a hip injury and other injuries. His companion, Wallace Jones, 44, escaped injury.

Investigating officers said the accident occurred during the heavy mist just before Saturday afternoon's snow began falling. The automobile plunged through barriers at the bridge approach and plunged into the river bed. Both men were thrown from the car, which was extensively damaged.

An Albuquerque, N. M., man was shaken up, but escaped serious injury, Saturday morning when his car rolled after hitting a slick spot on U. S. Highway 84 near Justiceburg. His automobile, which rolled over several times and stopped bottom-side up in a mesquite patch, was almost totally wrecked.

# DULLES REVIEWS NATO DECISIONS WITH FRANCO

# Farm Program Development Meeting Scheduled For Lubbock On Jan. 31

LUBBOCK — An all-group farm program development conference will be held in Lubbock Municipal Auditorium Jan. 31 at which time the former Secretary of Agriculture Charles Brannon will speak.

Brannon now is general counselor for the National Farmers Union, Denver. Alex Dickie Jr., Denton, president of the Texas Farmers Union, which originated the idea for the conference, explained the meeting is open to all groups and urged the various farm groups to send representatives.

Producers of all agricultural commodities and all farm organizations in the state are formally invited, he said.

The primary purpose of the conference will be to develop a comprehensive farm program that would have the backing of the producers of all agricultural commodities.

After a round of speeches during the morning, the conference will be broken down that afternoon into commodity groups with the producers in each session working up a program to suit their particular needs. The conference will then reconvene in a general session to map an overall farm program acceptable to the entire group.

Selected to head the commodity group discussions were R. G. Peeler, Hereford, president of the Grain Sorghum Producers Assn.; George Pfeiffenberger, executive vice president of the Plains Cotton Growers, Inc.; Russell Hogge, Panhandle, president of the Texas Wheat Growers Assn.; Harold Nelson, New Braunfels, executive secretary of the Texas Milk Producers Federation; and Eck Brown, Dalhart, a former president of the United Livestock Producers Assn.

# New Administrator At Garza Hospital

Mr. and Mrs. Don Curl, formerly of Jacksboro, began their new duties Monday at Garza Memorial Hospital, Curl as administrator and laboratory technician and Mrs. Curl as bookkeeper.

They have been at Jacksboro for the last 18 months where he was administrator of the Jack County Hospital. Prior to that he was with a Shamrock hospital for six years. He is a U. S. Navy veteran with overseas service. Curl's hometown is Amarillo and Mrs. Curl's is Lutie, near Wellington.

The Curis, who moved to Post over the weekend, are residing at 307 North Avenue S.

Oil recoveries have been made on six of the eight tests are varying levels of this deep test.

The latest test was made between 8,117-147 feet in the Pennsylvanian formation. Open two hours, the latest test surfaced oil in 90 minutes and flowed 6.8 barrels oil plus two per cent basic sediment.

The other test this week was run from 8,057 to 8,087 in the Strawn with the tool open 75 minutes. Gas surfaced in 3 minutes and oil followed in nine with the prospect flowing 61.3 barrels of 39.5 gravity oil in one hour.

So far, drillstem tests have brought five oil flows from the Strawn formation and now one from the Pennsylvania.

The wildcat is three-quarters of a mile northeast of the Teas Spruberry area and three and one-half miles southeast of the Teas Strawn pool.

# Good Oil Shows At Shell Test

Shell Oil's closely watched wildcat test on the U. Lazy S ranch, nine miles south of Post, looks better and better with each new drillstem test.

Two more drillstems were reported this week and both turned up good oil shows for the No. 1-C Slaughter Estate.

Plans for the one-day campaign were made at Tuesday night's meeting of the club.

The road blocks will be set up at street intersection stop lights and motorists waiting for the light to change will be given an opportunity to contribute to the MOD. On the same day, members of the club will carry buckets up and down Main Street for contributions.

To further aid the campaign, the Lions will contribute all dimes deposited in their gum vending machines to the MOD. The machines will take dimes and signs have been put up on them announcing to purchasers that the dimes will go to the fund drive.

Bobby Cowdrey is chairman of the club's March of Dimes project.

# Lions To Help Out In Dimes Campaign

The Post Lions Club will assist this year's March of Dimes in Garza County by setting up "road blocks" and circulating contribution buckets in downtown Post on Saturday, March 18.

Plans for the one-day campaign were made at Tuesday night's meeting of the club.

The road blocks will be set up at street intersection stop lights and motorists waiting for the light to change will be given an opportunity to contribute to the MOD. On the same day, members of the club will carry buckets up and down Main Street for contributions.

To further aid the campaign, the Lions will contribute all dimes deposited in their gum vending machines to the MOD. The machines will take dimes and signs have been put up on them announcing to purchasers that the dimes will go to the fund drive.

Bobby Cowdrey is chairman of the club's March of Dimes project.

# NFIB Chapter Is Planned For Post

A representative of the National Federation of Independent Business arrived in Post yesterday to discuss with local merchants and business men the organization of a chapter of the non-profit organization here.

The representative is J. R. (Joe) Roger, district manager who lives in Lubbock.

The organization is designed to aid small business men by polling them monthly and channeling their views on pending national legislation affecting their interests to their congressmen and senators.

The organization maintains its own legislative staff in the nation's capital to work for the measure's membership favors.

Monthly ballots on pending legislation are voted by members, compiled by their local chairman, and forwarded directly to their congressmen to let him know the grassroots thinking on such issues.

Chapters have recently been organized at both Slaton and Tahoka.

# Tax Collections Range To 89 Pc

Tax collections up to the three taxing bodies here ranged from 89 per cent to 89 per cent.

The highest percentage cent, was reported by Irfield, assessor-collector for Independent School District, total tax charge of \$236,160, collections up to the first of amounted to \$210,262.23.

T. H. Tipton, assessor for Garza County, reported collections of \$7.33 per cent. Tax charge is \$246,467.03, collections amounted to \$215,000.

City tax collections were 80 per cent, according to Lowrie, city secretary. Charge is \$35,892.30 and collections \$28,713.84.

Taxes become delinquent Jan. 31.

and Lubbock has over 500 members among its business merchants.

# THANKS

I have sold my interest in The POST INSURANCE AGENCY to Harold Lucas, a 25 year association with the agency here

I am retiring due to ill health.

I want to take this opportunity to thank all the business people and citizens of Post Garza County for their insurance business the agency over the years.

## E. S. (Buddy) Stewart

# Announcing

## Harold Lucas Has Purchased E. S. Buddy Stewart's Interest In The Post Insurance Agency

Lucas, A 30-Year Resident Of Garza County Has Operated The Caprock Insurance Agency Here For The Last Two Years. Caprock Agency Record Will Be Moved To The Post Insurance Office.

Mrs. James Dietrich Will Continue In Her Duties As Secretary For The Agency.

Harold Lucas

The Post Insurance Agency has been in operation in Post for 45 years—ever since 1913. It is one of the oldest insurance agencies in West Texas.

The Agency represents 14 prominent National Insurance Companies in this area— including The Hartford Fire Insurance Co., The St. Paul Fire and Marine Insurance Co., and American Fire Insurance Group.

Post insurance handles every kind of insurance except life insurance — including fire, casualty, automobile, workmen's compensation, all kinds of bonds, and all kinds of liability.

Please Send or Telephone News to RUBY MONTGOMERY, Women's Editor, Telephone 111, Not Later Than Wednesday Morning.

MRS. WILLIAM AMBROUS GRAY, JR.  
(Miss Carolyn Jones)

Carolyn Jones Wedding Held Friday  
in Pastor's Home Here

Carolyn Joann Jones and William Ambrous Gray, Jr., were in a single ring ceremony at 6 o'clock in the officiating minister, the Rev. Slowe of the Church of Christ.

The couple are Mr. William Ambrous Gray, Jr., and Mrs. Walter Jones. The bride wore a suit of tulle on slim lines, with white and pink carnations. Her hat was white with pink carnations. The groom wore a suit of tulle on slim lines, with white and pink carnations. The bride wore a suit of tulle on slim lines, with white and pink carnations. Her hat was white with pink carnations. The groom wore a suit of tulle on slim lines, with white and pink carnations.

Monthly Meeting Held In Kirkpatrick Home

Mrs. Willard Kirkpatrick was hostess for the monthly meeting of the Christian Women's Fellowship of the First Methodist Church Monday afternoon in her home.

The group met at 3:15 p. m. with Mrs. Victor Hudman, president, presiding over the business session of the meeting. Mrs. Hub Haire, program leader, discussed "Home of the Homeless", and Mrs. K. Stoker assisted her with the worship and missionary lesson.

Those attending were: Mrs. Almon Martin, Mrs. W. E. Dent, Mrs. Lee Davis, Mrs. Mason Justice, Mrs. Will Wright, Mrs. Hudman, Mrs. Haire, Mrs. Stoker, Mrs. Kirkpatrick and a guest, Mrs. F. C. Barker.

Fellowship Hall Is Scene Of Meeting

The Post Business and Professional Women's Club met a noon last Thursday in Fellowship Hall of the First Methodist Church.

During the business session, Miss Pearl Self, who is employed in the Garza County tax collector's office, was voted into the club by secret ballot with an unanimous decision.

Miss Jessie Pearce, president, then introduced Miss Ann Hastings of Plainview, who is District 9 director. Miss Hastings gave an interesting and informative discussion of the work of the Business and Professional Women's Club locally, in the district, in the state, nationally, and internationally.

Plans were then made for several members to attend the Mental Health Clinic, to be held in Lubbock Jan. 18.

Members of the Methodist Women's Society of Christian Service served lunch to the following: Mrs. Eleanor Webb, Mrs. Katharine Trammell, Mrs. Faye Cockrell, Miss Maxine Durrett, Mrs. Elizabeth Duncan, Mrs. Rosemary Sparks, Miss Agnes Windham, Mrs. Fritz Greenfield, Mrs. Ruth Lee, Miss Wilma Pirtle, Mrs. Ruth Young, Mrs. Vada McCampbell, Mrs. Fieta Caffey, Miss Pearce, Mrs. Estalea Nichols and Miss Hastings.

"MR. POST OF 1958"—That is the unofficial title bestowed on Ross Leon Segroves Jr., who was born at 5:13 p. m. New Year's day at Garza Memorial Hospital. Shown with the new baby are his parents, Mr. and Mrs. Ross L. Segroves, who live at the Dooley Courts here. It is the first child for the Segroves, who have been married seven years. He is employed by Huffman & Bryant Construction Co.—(Staff Photo).

'55 HD Club Meets Wednesday Morning

The home of Mrs. Ben Brewer was the scene of the Wednesday morning meeting of the '55 Home Demonstration Club, which met at 9 o'clock.

During the business session of the meeting, Mrs. Charlie Cooper was elected as new council delegate for the club, and the group set 3 p. m. as their new meeting time.

Following the business session, Miss Jessie Pearce, county home demonstration agent, presented the program. Her subject was "Living Room Accessories" and she showed slides of living room arrangements, after which the group followed the given suggestions in rearranging the living room.

At the conclusion of the meeting, Mrs. Brewer served refreshments.

Those attending were: Mrs. Percy Parsons, Mrs. Darrel Eckols, Mrs. Ray Little, Mrs. Cooper, Mrs. Thurman Maddox, Mrs. Ben Owen, Miss Pearce, and the hostess.

The next meeting will be held at 3 p. m., Jan. 22, at the local locker plant, at which time the club members will be shown the various cuts of meat.

Postscripts

Rose and white were used as the color scheme when Mrs. Walter Boren entertained with a brunch last Tuesday morning in her home, honoring Mrs. Burl Carey, the former Miss Wilma Jean Welch. A rose linen cloth, centered with white carnations and greenery, formed the table decor. Guests attending were Mrs. Roes Welch, Sandra and Donna, of San Antonio; Mrs. Jim Boren of Alpine; Mrs. B. J. Boren of Lamesa; Mrs. Lewis Coleman of San Antonio; Miss Maxine Durrett; Miss Margaret Weiborn of Odessa; Miss Joyce Short of Fort Worth; the bride, her mother, Mrs. Ralph Welch, and the hostess, Mrs. Carey was presented a gift of lingerie. Another courtesy was extended the bride when Misses Jackie Coon and Christine Macina entertained with a kitchen shower in Lubbock last week.

Becky and Liz Dalby of Lubbock are visiting their grandparents, the Guy Floyds this week while their parents, Mr. and Mrs. Giles Dalby, are vacationing in California. Mrs. Dalby is the former Miss Nelda Floyd.

Mrs. L. C. Kline and children, Carl and Vicki, are visiting with her mother, Mrs. Winnie Tuffing before joining their husband and father in South America, where he is associated with Petroleum Helicopter, Inc. Kline arrived in Cochabamba, Bolivia, New Year's Day, where his family plans to join him in the near future. The Klines are formerly of Lafayette, La.

Ellen Nowell entertained with a "come as you are" gathering in the home of her sister, Mrs. Areva Brewer, Saturday evening. Those attending were Doris and Tomma Copple, Dalton Copple, Jerry White of Lubbock, Lucy Howell, and Alice Kiker.

Mr. and Mrs. C. L. Cooper returned home Saturday from a ten-day combined pleasure and business trip to Charleston, Ark., where they signed a contract to build a dam across the creek on their farm there. Upon completion of the dam, it will be stocked with fish and made a recreation area.

Church News

The Post Ministerial Alliance will hold its next meeting, Thursday, Jan. 16, at 9:30 a. m. at the Presbyterian Church, corner of Avenue K and 10th St. Every minister of Post and the surrounding area is invited to this and every other meeting.

Sunday evening, Jan. 5, Bro. John B. White, superintendent of the "Children's Home of Lubbock" brought a message about the "Importance of Caring for Orphans" at the Church of Christ.

Ernest West presented the newest material on the educational aids of Bible Study Tuesday at 7:30 p. m. at the Church of Christ.

The new budget for the year of 1958 will be presented Sunday morning at services at the Church of Christ.

The Calvary Baptist WMU met Monday night for their regular Royal Service program for the month of January. There were 16 members present. They will meet next Monday in the home of Mrs. T. C. Polk.

Rev. Graydon Howell, pastor of the Calvary Baptist Church will leave Monday for an evangelistic conference in Dallas.

"Keeping Up With the Jones" will be the sermon topic of the Rev. Clinton Edwards for his morning service at the First Presbyterian Church Sunday. Text will be Matt. 16:26.

Visitors in the home of Mr. and Mrs. H. W. Schmidt this week are her mother, Mrs. M. J. Brannon of Houston and Claud Kirbie, also of Houston. Wednesday guests were the Schmidt's son and family, Mr. and Mrs. Jack Schmidt of Knox City.

Visitors in the home of Mr. and Mrs. H. W. Schmidt this week are her mother, Mrs. M. J. Brannon of Houston and Claud Kirbie, also of Houston. Wednesday guests were the Schmidt's son and family, Mr. and Mrs. Jack Schmidt of Knox City.

Engagement Of Charlene Baker To Wayne Bishop Is Announced

Mr. and Mrs. Charlie Baker are announcing the engagement of their daughter, Charlene, to Wayne Bishop, son of Mr. and Mrs. A. W. Bishop of Plainview. Miss Baker is a senior in Post High School and the prospective bridegroom is a graduate of Plainview High School and is employed with the Santa Fe Railway Co.

The couple will be married this summer.

Birthday Party Held At Moreland's Saturday

Yvonne Moreland, 11-year-old daughter of Mr. and Mrs. E. R. Moreland, was entertained with a party Saturday afternoon on her birthday.

Twelve girls enjoyed games and listening to recordings between the hours of 3 and 5 o'clock.

Mrs. Moreland then served refreshments of ginger ale punch, pigs-in-blanket, cake, ice cream, and shoe string potatoes. Balloons were used as party favors.

"Japan Today" Topic For WSCS Meeting Monday

The home of Mrs. T. R. Greenfield was the scene of the Monday meeting of the Women's Society of Christian Service of the First Methodist Church. Mrs. Gordon Hamilton and Mrs. Bill Edwards were co-hostesses for the meeting.

Mrs. R. A. Moore, president, presided over the business meeting and Mrs. J. E. Parker opened the program with a prayer.

"Japan Today" was the program topic for the afternoon. Devotional was given by Mrs. T. R. Hibbs.

Following the program, refreshments of coffee and fruit pie with whipped cream were served to: Mrs. J. R. Durrett, Mrs. Greenfield, Mrs. T. L. Jones, Mrs. Parker, Mrs. R. H. Collier, Mrs. Noah Stone, Mrs. Hibbs, Mrs. Ida Stewart and the hostesses.

O.K. Used Cars—Caprock Chevrolet Co. (Adv.)

New Year's Eve Party Held In Kennedy Home

Wayne Kennedy was host to a New Year's eve party last Tuesday evening.

The group enjoyed games and then attended the midnight preview movie at The Tower Theatre.

Those attending were: Mr. and Mrs. Roger Hensley, Mrs. Floyd Payne of Snyder, Bryan J. Williams III, Mrs. Billie Mears, Alton Taylor and the host.

RETURN TO CALIFORNIA  
Mr. and Mrs. A. D. Brown and children, Dorothy, Danny and Christine, have returned to their home in Bakersfield, Calif., after spending the holidays with Mrs. Brown's father, A. S. Roberts, and her brother, W. B. Roberts. While here, they were guests of her sisters, Mrs. Bob Thomas and Mrs. Keith Kemp, and families.

MOVE TO MINERAL WELLS  
Mr. and Mrs. B. P. Putman left Thursday to make their new home in Mineral Wells. He has been employed with the highway construction here.

### LONE STAR AGRICULTURE

## Cotton Industry Will Remember '57 As 'Trouble Year' In Texas

By JOHN C. WHITE  
Commissioner of Agriculture

Although 1957 will be happily recalled by Texans as "the year the drought was broken," it will also be remembered by everybody in the cotton industry as the "trouble year."

The trouble with cotton didn't miss anybody. It ranged from the farmer to the processor and on up to the government.

The farmer probably suffered more and lost more than anybody. His trouble started back in the spring at planting time, although he certainly didn't complain, because who could complain about rain at that time? But anyway,

the rains came and washed out what had been planted or else delayed planting by precious weeks.

When the cotton finally got planted, the farmer thought he had it made. And it did look good for awhile, although it would have helped if some of that spring rain had waited until mid-summer to show up.

The rains did come back, though—at harvest time. And they are still ginning cotton in Texas as a result.

Texas farmers have lost millions of dollars from fallen, de-graded or ruined cotton. And along with their losses have been equally serious losses throughout

the cotton industry. Cottonseed crushers, for instance, felt sharp losses when normally heavy receipts in the fall failed to show up. Ginners have had a long, drawn-out season with the many processing difficulties that come with a wet harvest.

The Texas Department of Agriculture's important pink bollworm control program took a backseat to economic necessity in the matter of delayed harvesting when cotton stalk plow-up rules were extended, re-extended and finally left open in many areas. However, plow-up of cotton stalks has been encouraging and it is hoped an effective kill of insect larvae can be accomplished even at this late date.

Perhaps the most encouraging outcome of this trouble year for cotton is that U. S. surpluses are expected to be shortened considerably, paving the way for a good market for Texas cotton to come back in 1958.

## Spelling Bee Date Set For April 12

April 12 has been set as the date of the Lubbock Avalanche-Journal Spelling Bee, in which Garza County and 14 other area counties participate.

Plans for the Garza County Spelling Bee are under the direction of County Supt. Dean A. Robinson, who has served as county director since the event was first held in 1953.

Letters giving plans for the bee

### VISIT PARENTS

Recent guests of Mr. and Mrs. Jeff Huddleston of Grassland were their sons, Gariand, who is attending a mortician's school in Dallas, and Wendell and wife of Andrews, Wendell, who is a teacher in the Andrews elementary schools, is a former employee of The Post Dispatch, having worked here for several months before entering the service in 1953.

and copies of the Spelling Bee rules have been mailed to superintendents of schools and principals of elementary and junior high schools in the 15 counties. A copy of "Words of the Champions," from which words in the Spelling Bee will come, also was mailed to each.

The 1958 bee will be the sixth annual one sponsored by the Lubbock newspaper. The top prize is an expense-paid trip to Washington, D. C., for the National Spelling Bee and a series of sightseeing trips.

The final date for holding county bees will be March 29. The bee is open to students through the eighth grade.

Garza County champions have been: Howfird Jones, 1953; Victor Hudman Jr., 1954; Jimmy Short, 1955; Patricia Wheatley, 1956, and Sharon Blackwell, 1957.

## Post Man's Mother Is Buried At Brownfield

Funeral services were conducted in Brownfield at 3 p. m. Friday for Mrs. L. J. Dunn Sr., 64, mother of L. J. Dunn Jr. of Post.

Mrs. Dunn, a resident of Terry County since 1925, died at 1 a. m. Thursday in a Brownfield hospital. The funeral services were held at

the First Baptist Church, burial in Terry County Cemetery.

Besides the son of Post, Dunn is survived by her two daughters, one sister and brother.

It's a fact that for the a package of cigarettes roads of the United States a bale of cotton 85 mil-

## THE PROFESSOR

It's not so many years since I played in the Friday Afternoon String Quartet at Professor Johnson's house. I'm the one by the bookshelves, with the violin.

During those sessions, I sometimes wished I were outdoors kicking a football around. Yet if the Professor had told me to go, I would have been disappointed.

Even as a kid, I realized what a good and kind man Mr. Johnson was. We used to see him in Church every Sunday—I don't think he ever missed—and he did so many fine things. When he died, our minister said that he had been truly humble, and therefore truly great.

Our minister is a wonderful man, too. I should know—I've been going to his church all my life . . . Our church!

These then have been the three great influences in my life—the professor, our minister, and my parents. They have placed my feet on the path I hope to follow always.

Now the rest of the way, with God's help, is up to me.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Post Navy Man Is Back From Cruise

LONG BEACH, Calif.—Denzel P. Laurence, fireman, U. S. Navy, returned to Long Beach recently aboard the destroyer USS Prichett after completing a five-month tour of duty in the Western Pacific.

Laurence is the son of Mrs. Willie L. Laurence of Post, and the husband of Mrs. Barbara J. Laurence of Vallejo, Calif.

During the cruise the Prichett took part in fleet training and carrier operations as a unit of Destroyer Division 192.

Between maneuvers with the fleet, the destroyer's crew visited Honolulu, T. H.; Subic Bay, P. I.; Kaohsiung, Formosa; Hong Kong, Yokosuka and Kobe, Japan.

California has within its boundaries all the various climates of North America.

DUNLAP'S BIG ANNUAL JANUARY CLEARANCE IS ON. THE BIG PRICE-SLASHING EVENTS OF THE YEAR!!!

### Phone Rates—

(Continued From Front Page) rate boosts were certified copies of General Telephone's net operating income for the Post exchange for the year ending Sept. 30, 1957.

Total operating revenues for the year were shown as \$56,403.89 with total operating expenses of \$52,177.83, leaving a net operating income of \$4,226.06.

Another statement showed the net operating income for the next 12 months at present rates and at the new proposed rates. The new rates would boost the operating revenues from \$58,023.61 to \$68,390.97 — an approximate increase of 18 per cent.

Operating expenses would increase from \$53,454.26 to \$58,850.69 under the new rate schedule primarily because of a \$5,000 boost in federal income taxes.

This would leave the company with a net operating income under the proposed rates of \$9,539.28 as compared to only \$4,569.35 under present rates.

Kemper told the commission that the company pays to the federal government 52 per cent of every dollar it earns in Post, thus a \$10,000 revenue boost is necessary to provide the company with a \$5,000 profit boost (after taxes) because the other \$5,000 would go to the government in income taxes.

In another sheet of figures, accompanying the letter, J. L. Kemper listed General Telephone's present fair value of its investment in Post as \$125,738.61.

This figure is halfway between the figure on the company's books for plant investment less depreciation reserves and the figure for reproduction costs of the local plant.

The reproduction costs have been boosted by the company some \$20,000 since the last rate case, due Kemper told the council to installation of more phones last year and the increased cost of materials for replacement. This thus hikes the "present fair value" of the company investment by half this amount, or around \$10,000—as the base on which to figure a fair rate of return on investment.

With the boosted "fair value of investment" the new rates would provide a 7.19 per cent rate of return on investment after taxes as compared with 3.45 per cent after taxes figured at the present rates.

Mayor James Minor opened the question and answer period with Kemper with the statement that "it doesn't say in your proposal that we're going to get anything for the rate increase."

Later Minor told Kemper that "the people would say we've gone crazy if we granted you this rate increase tonight in view of the fact that we didn't get even a promise from you as we did in 1951."

In 1951, councilmen contend the then district manager of the phone company verbally promised dial phones if a rate increase was granted. The council voted the increase but then the company said there was no written agreement for dials and no authorization by them for any such promise.

There was plenty of discussion on the phone request, if no action, last Monday night.

Kemper told the council that "we're entitled to earn a fair return and we're not receiving it" and that "our request for relief from inadequate rates has now been in the mill here almost four years."

City Attorney Carleton P. Webb told Kemper he wanted to get one thing clear—"You're making no promises, no commitments, no nothing in return for any rate increase."

business men you can't expect us to pour money into a town where the city council refuses to provide rates with reasonable return.

"It's discouraging," Kemper said at another point. "we're a legitimate business—we're not trying to get to you. I don't appreciate the attitude that we're a bunch of scoundrels. We've offered to open our books to you."

Mayor Minor brought up the rates at Spur where Southwestern Bell has a new dial system in operation. There the rates are \$5 for business and \$4.75 for residence.

"I can't see why you need so much to operate an obsolete system in Post while Spur can have a new dial system at cheaper rates than you've asked," Minor said.

Kemper said Post couldn't compare rates with Spur—that the Post situation has nothing to do with that of Spur, but he said he could quote rate comparisons to show other comparable towns with higher rates to every one Minor quoted for cheaper ones. He said the rural coverage at Spur probably was due to cooperative ties financed on two per cent government money.

He said the cooperative organized west of Post asked to be hooked into the Tahoka exchange, not Post's and General Telephone could not be blamed for that.

Furthermore he said, Tahoka businessmen accepted a hike on business phones to \$12.50 a month so General Telephone could provide toll-free connections to rural exchanges. This enables farmers to call Tahoka without toll charges.

Kemper said Tahoka has adopted new phone rates which will be the same as their dial rates when a new dial system is "cut in" in another year or so.

"Let's draw true comparisons," Kemper said. The Tahoka discussion came up when Mayor Minor complained that the rural coverage from the Post exchange was so much less than it used to be.

Kemper replied that most of such rural coverage was privately owned lines and that General Telephone actually had more rural coverage out of the Post exchange on their own lines than most communities.

Appearing with Kemper before the council were Roy Priest of Brownfield, General Telephone's divisional commercial superintendent, and Claude Adams of Lamesa, district manager.

### Postings—

(Continued From Front Page) idea of getting into business for himself. Buddy's many friends around town hate to see that the day has come when ill health is forcing Buddy to the Main street sidelines, but that is the case nonetheless. Buddy plans to continue to make his home in Post and his decision to step down didn't of course come easily.

The TV-Appliance Center will open for business down in the 200 block East Main on the other side of the street next Wednesday. Hank Huntley and Ed Sawyers have been darn good neighbors next to The Dispatch, but our loss will be the 200 block's gain.

Arnold Parrish at Parrish Grocery has installed one of the new "picture taking machines" of checks and check writers to put together a strange face with a strange signature for everybody's own protection. Wally Simpson at K and K Food Mart is giving another of the machines a trial. Called a Regiscope, it takes a picture of the check and the check writer at the same time without any popping flash bulbs or other fuss. Needless to say they discourage bad check writers from even entering the stores.

R. J. Blacklock has a new "ready built" house being readied for a move into Post.

### Board Appointments, Salaries On Agenda

Setting of salaries for 1958 and appointment of four park board members are on the agenda for the Garza County commissioners' court when it goes into its January session Monday.

The park board members are to serve on a nine-man board which will be in charge of a 10-year park improvement plan to be jointly financed by the county and the City of Post. The city council has already appointed its four members and there will be one member-at-large who will serve as chairman of the board.

### Attempted Robbery Suspects Arrested

Three Negro men and a Negro woman, traveling in the same car as the one which sped away from here Dec. 31 following an attempted cash register robbery at Piggly Wiggly Supermarket, have been arrested in Golden, Colo., Sheriff Carl Rains reports.

Rains, who had issued a pick-up request on the Negroes following the attempted robbery here, said the Colorado officers told him they were "pretty sure" the group was the same one involved in the Post incident.

The four were traveling in the same automobile, the license number of which was jotted down by an employee of the Post store as it sped away. The sheriff said the Colorado officers told him the Negroes had about \$2,700 cash with them and a quantity of merchandise. They were arrested at Golden following a robbery at Pueblo, Colo.

The attempted robbery here was foiled when the sheriff's wife, a checker at the store, saw one of the Negro men attempting to lift a stack of \$10 bills from an open cash register.

### Revaluation—

(Continued From Front Page) broom". We've been doing more and more of these jobs every year because the public is tired of standing for as much inequity in tax valuations as they have in the past."

The trustees and Ira Greenfield, school district tax assessor-collector, agreed that there is little semblance of valuation equity on the tax rolls as they now exist.

"And there is no telling how long they have been that way," Greenfield added.

After Pritchard had answered a question by saying that he did not know if the revaluation job would raise or lower farm land values, "because I don't know what you've now got on it," Herring emphasized that the board is not having the job done as a money-raising project, but as an equalization project.

"After our men have completed their work," Pritchard said, "we'll let you know what the total valuation is and you can figure your budget from there. That way you can tell how much of the total you will have to take to apply your \$1.46 tax rate and get what you need for your budget. It will enable you to determine what your tax percentage will need to be."

Pritchard said his firm would stay on the job until the equalization board is through with its meeting. He said the firm would have a man here for the equalization board meeting and also one here when the people start coming in to pay their taxes.

He told the board that he doubted if they would need to pay for another such program "for the next 10 or 12 years, and maybe never if it is periodically reviewed and kept up."

After J. E. Birdwell's motion to hire the firm for the tax revaluation job was second by Burney Francis, the four members present voted for it unanimously. Trustees absent were Quannah Maxey, E. R. Moreland and Robert Cato.

### Truett Smith—

(Continued From Front Page) including two terms as County Attorney of Lynn County, and two terms as District Attorney of the 106th Judicial District.

The Tahoka attorney is a member of the State Bar of Texas, having previously served in that organization as a director and as a member of the State Bar Unauthorized Practice Committee. He is a member of the First Baptist Church of Tahoka, a member of the Masonic Lodge, and a member and past president of the Tahoka Rotary Club. Mr. Smith is married to the former Lucille Hunt, and has a son, Gordon, who is a sophomore in Baylor University, and a daughter, Carol, who is in the Tahoka High School.

At a later date, Mr. Smith states that he will make his formal statement in regard to his candidacy for this office.

**PTA TO MEET**  
The Post Parent-Teacher Assn., will hold its monthly meeting this afternoon at 3:30 o'clock in the grade school auditorium, with the program under the leadership of Mrs. Helen Cornish.

**O.K. Used Cars—Caprock Chevrolet Co.** (Adv.)

## Applications Are Being Taken For 21 Practices

The Garza County office of the Agricultural Stabilization and Conservation Service is accepting applications on the county's 1958 Agricultural Conservation Program, Mrs. Emmarhe I. Hartel, office manager, has announced. Through the 1958 program, the

federal government will share with Garza County farmers and ranchers the cost of carrying out approved soil and water conservation practices.

Exact rates of cost-sharing by the government for the 21 practices approved for Garza County may be obtained at the county office.

The 21 approved practices for Garza County are as follows: Initial establishment of a permanent vegetative cover.

Establishment of additional acreage of vegetative cover.

Improvement of vegetative cover on range land by deferred grazing.

Controlling competitive shrubs by aerial spraying.

Control of mesquite and other competitive shrubs by root plowing.

Constructing dams, pits, or ponds for livestock water.

Constructing permanent fences as a means of protecting vegetative cover.

Constructing terraces to control water and check soil erosion.

Constructing diversion terraces.

Constructing erosion control, detention or sediment retention dams.

Leveling land for more efficient use of irrigation water.

Constructing spreader terraces.

Establishing winter legumes in the fall of 1957.

Establishing winter legumes in the fall of 1958.

Establishing legumes for summer protection from erosion.

Stubble mulching.

Contour listing, contour chiseling, cross-slope chiseling, or list-

ing or chiseling not on the contour for wind erosion control.

Control of bindweed.

Application of cotton burs to cropland.

### Postal Receipts Mark Up Record

Postal receipts here in 1957 totaled \$33,812.83 for a new record in receipts at the local post office, according to figures released today by Postmaster Harold Voss.

The 1957 receipts topped by \$332.01 those of the previous record year, 1955, in which they totaled \$33,280.82.

After the new record was set in 1955, receipts dropped off in 1956 to \$33,201.75 — only \$79.07 under the record.

Voss said a postal inspector told him that the post office here was the only one in the area showing a gain in 1957 receipts over those of the previous year.

Receipts by quarters last year were: March, \$7,543.73; June, \$7,868.64; September, \$6,644.99; December, \$8,755.47.

Following is a table of postal receipts for the last 10 years:

1957	\$33,812.83
1956	33,201.75
1955	33,280.82
1954	32,069.06
1953	30,670.45
1952	31,291.04
1951	27,480.90
1950	25,584.39
1949	22,051.74
1948	19,480.05

### K&K Girls Cagers In Win Tuesday Night

The K&K Food Mart independent girls' basketball team defeated the Justice Plumbing Co. team of Lubbock, 31 to 23, Tuesday night in the high school gym here.

Leading scorer for the Post team was Katie McClellan, with nine points. Others hitting the scoring column were Sandra Ray, eight; Bonnie Duren, six, and Joy Pruitt and Loveta Jossey, four each.

Post guards were Kay Pace, Freda Kennedy, Doris Ramsey, Janie Sannaford, Reba Hays and Joyce Jossey.

The Post team is coached by Jackie Hays.

### Custer Rites—

(Continued From Front Page) are: Jack Taylor, Tom Bouchier, O. L. Weakley, Irby G. Metcalf, Carl Rains, N. C. Outlaw, Percy Parsons, J. F. Brandon, Dr. A. C. Surman, Dr. D. C. Williams, B. F. Evans, Ira Cook, Will Williams, E. L. Duncan, J. M. Bush.

Also, Elmo Bush, Douglas Morrel, L. G. Thuet Sr., L. G. Thuet Jr., Marshall Mason, Chester Morris, Frank Boettick, Chester Keeton, Ivan Jones, R. B. Wilson, Douglas Livingston, Lonnie Peel, A. O. Rosenbaum, Jack Burreas, Will Teaff, E. A. Harrgrove and Conner Howell.

Mr. Custer is survived by his wife; one daughter, Mrs. W. H. Childs of Post; two sons, Mike E. Custer of Midland and Gomer Custer of Roseville, Calif.; three sisters, Mmes. W. J. Rhoades of Floydada, F. C. Collins of Sidney and A. L. Tudor of Slaton; three brothers, J. D. and J. W. Custer of Slaton and N. M. Custer of Chillicothe; seven grandchildren and two great-grandchildren.

### Fire Department Needs Told

The Post Fire Department letter to the city council seven fire department the council's consideration.

First on the list is bination booster and pendable for fire protection the Chevrolet truck is calls.

Also on the list are: Additional fire warning firemen living in north south parts of city cannot sent sirens.

Installation of two-way communications in a fire Make available a converter for fire chills.

Enlarge storage space to accommodate three Make available living conditions for one or two live in fire station and able to take calls 24 hours.

Authorize conversion Ford truck into chemical fighting liquid petroleum where in county—if not purchased.

Fire Chief Robert Caster the letter that the list suggestive" and said "get will permit any of being accomplished in will be greatly appreciated volunteer firemen."

In discussing contentment at the January session, the council took fact that the time has for the city to negotiate tract with the county rural areas of Garza fire protection. The year pact calling for \$1 from the county toward ment's operation has ex-

Second Shot Falls Wrong Way

# Tournament Jinx Again As Antelopes, 52-51

Antelope semi-finals jinx and Antelopes again Friday night as they lost to the host Ropesville, 52-51, in the Ropesville Tournament.

In the third tournament in Ropesville, Al Parsons' team has a jinx in the semi-finals game. They were defeated by Ackerly in the first tournament and by Floydville in the second tournament.

The Antelopes came closer than ever to a jinx as they lost to Ropesville in the Ropesville Tournament by only one point.

Antelope saw victory elude them in a last-second shot by Ropesville as the game was tied 51-51 at the end of the first quarter.

The game was tied 51-51 at the end of the first quarter.

Antelope cause suffered a setback when starting forwards Jimmie Pierce and Jimmy Short were fouled on personal fouls in the second quarter.

Post's handful of basketball fans, most of them students, will get to see the Antelopes in action twice within the next few days against District 2-AA foes. The Tahoka Bulldogs play here Friday night and the Floydada Whirlwinds Tuesday night.

Adding interest to the games is the fact that Tahoka and Floydada are favored to battle it out for this season's district championship, Floydada being the defending champion. It'll help the Antelopes' morale a lot for a large number of fans to turn out for these two games, as well as for all the other home contests.

One drawback, of course, to basketball interest here is the out-dated gymnasium, but if the Post basketball team can practice and play in it week after week, surely we fans can put up with it on home game nights.

An important sports item almost lost in the holiday shuffle was Jimmy Short's selection to the all-tournament team in the Crosby-Tournament. The junior forward, who won his first letter as a sophomore, is far out in the lead in individual scoring, and with still another season ahead of him should come up with much more than all-tournament recognition before he graduates.

The Post teams, both boys and girls, have hit unlucky draws in all three tournaments in which they have participated. It's usually considered lucky to get a first-round bye, but not if you win in the second round and then lose your semi-finals game. That way, you don't have a chance at a consolation trophy, which we feel certain the Post teams could have won in at least two of the tournaments.

We notice in the current issue of The Sporting News that Norman Cash is still being carried on the Chicago White Sox roster, but as one of two Sox players on the National Defense list. Norman, a Post High School graduate, is in the Army stationed at Fort Bliss. After his discharge, he's expected to make the grade with the American League team after another season or two in the minors.

Norman may even do it sooner. His father, Bandy Cash of Justiceburg, tells us that Norman is playing service baseball during the summer months. The only thing not in his favor is the fact that the White Sox' veteran outfield may be hard for a rookie to beat into.

We've never heard of as low a scoring game, at any level, as the 7-2 contest played here Monday night between the Tahoka and Post 7th grade teams. Herman Raphael, the Post coach, said the boys on neither team had much luck at hitting the bucket, and the score bears him out.

We once witnessed a junior high game in a tournament at Brownfield in which the host team defeated Ropesville without yielding a field goal, although Brownfield piled up a big score and Ropesville amassed 10 or 11 points on free throws. We filed a story of the "no field goal" game with the Associated Press and it made sports pages throughout the nation.

See you at the basketball games—and let's hope none of them are "no field goal" contests!

## Jackie Hayes Leads K&K Team Scoring

Manager Jackie Hays, with 86 points, was leading scorer for the K&K Food Mart team through its first six games. His game average is 13.1.

The best average, however, is Frank Krhut's 16.1 in three games. He has scored a total of 49 points. Jack Kirkpatrick, who has played in only two of the K&K team's games, has 30 points for a 15-point average.

Following are the scoring totals:

G	FG	FT	PF	TP
Jackie Hays	6	40	5	85
Jerry Hays	6	27	4	58
Ronnie Sturdivan	5	25	0	50
Frank Krhut	3	23	3	49
Al Parsons	4	15	3	49
Rex King	6	16	0	32
J. Kirkpatrick	2	15	0	30
Pete Hays	1	4	0	8
Shorty Hester	6	4	0	8
M. Bumpass	3	1	0	2
Jimmy Hutton	2	1	0	2

## Raiders, Mustangs In SWC Battle On Tech Court Friday

LUBBOCK — Texas Tech meets Southern Methodist University in Lubbock Municipal Coliseum—Friday night in the Red Raiders' last local contest until Jan. 25.

Coach Polk Robison's Red Raiders play University of Arkansas in Fayetteville, Monday night, Jan. 13. Following examinations, Tech meets Baylor here Jan. 25.

In the preliminary game Friday night, Coach Gene Gibson sends the Tech freshmen against the Hardin-Simmons first-year men. The preliminary game starts at 8 p. m., the varsity contest at 8.

Recent contests have resulted in SMU and Tech breaking even and Arkansas adding to its edge over the Raiders.

SMU nipped Tech 68-67 in the 1956 National Collegiate playoffs at Wichita, Kans., and walloped the Raiders 101-73 the following December in Dallas. Last February, however, Tech upset SMU 68-67 here. In the pre-season tournament at Houston in December, Tech slipped by SMU 72-70 in an overtime.

In the same tournament, in the battle for third place, Arkansas staved off a closing rally to down Tech 71-69.

## Leading Scorer Is Hitting 14.2 Clip

Jimmy Short, with 114 points, is far out in the lead in individual scoring through the Post Antelopes' first eight games. He has a total of 47 field goals and 20 free throws and a game average of 14.2 points.

In second place with 56 points is center Wayne Runkles, who is scoring at an average of 7 points a game.

Following are the scoring totals through Friday's loss to Ropesville in the Ropesville Tournament:

G	FG	FT	PF	TP
Short	8	47	20	114
Runkles	8	25	6	56
Morris	6	15	8	38
Hart	8	13	11	37
Pierce	8	11	6	28
Claborn	8	10	5	25
Rankin	7	9	6	24
Norman	7	9	5	23
Didway	6	4	2	19
Poole	6	1	2	4

## Two Home Tilts On Tap For Antelopes

The Post Antelope boys' and girls' basketball teams face busy times the next few nights, with District 2-AA play in full swing.

The first home conference games will be Friday night against the Tahoka Bulldogs teams and on Tuesday night, the Floydada Whirlwinds move in. "B" team games are also on the schedule for the two nights.

Tonight, the high school boys' team goes to Seagraves for a non-conference game against a team they defeated, 43-34, here earlier in the season.

Also tonight, the 7th and 8th grade boys' and 8th grade girls' teams play Slaton here, with the first game scheduled for 6:30.

## Grade Girls Win Tahoka, 23-18

Arizona Young scoring 12 and Post 8th grade girls defeated Tahoka, 23 to 18, here Monday night.

Players for Post were Linda Smith, seven and Ruthell Martin, four points. Also seeing action for the Post team were: Cora Beck, Carol Edwards, Clary, Charlotte Taylor, Foster and Jean Mc-

## Grade Girls Win Tahoka, 23-18

Arizona Young scoring 12 and Post 8th grade girls defeated Tahoka, 23 to 18, here Monday night.

## Antelopes Blow Lead; Lose Loop Game To Spur, 43-40

The Post Antelopes blew an eight-point halftime lead at Spur Tuesday night to lose to the Bulldogs, 43-40, in their first District 2-AA game of the season.

After trailing 23-15 at the half, the Bulldogs came roaring back in the third quarter to singe the nets for 17 points while holding Coach Al Parsons' cagers to seven.

A tip-in by Mark Parsons brought Spur up even with Post, 25-25, with four minutes to go in the third quarter. Near the end of the period, they went ahead on two free throws by Ronnie Cloude and led, 32-30, at the third quarter buzzer.

Jimmy Short hit one field goal and four charity tosses and Scotty Pierce a field goal and two free throws in the final period to keep the Antelopes in the game, but the Bulldogs hit two from the field and seven from the free throw line to increase their margin by one point.

The phenomenal first half shooting of Short threatened to break the game wide open for the Antelopes in the first half. The junior letterman hit three field goals in the first quarter and four in the second. His output was cut down in the second half, however, to a single fielder in the third period and a field goal and four three throws in the final quarter.

The Antelopes played a cool, heady game until Spur started catching up in the third quarter. With the pressure on, they started throwing the ball away and making other mechanical mistakes against a Bulldog team that had suddenly come to life.

Short's 22 points was high for the game. The nearest one to him among his teammates was Pierce, who chipped in with seven. Parsons, rangy center, hit for 17 to pace the Spur team, while Cloude had 13.

The box score follows:

POST (40)	FG	FT	PF	TP
Pierce	2	3	1	7
Short	9	4	4	22
Runkles	2	0	4	4
Hart	1	3	2	5
Norman	1	0	0	2
Rankin	0	0	4	0
TOTALS	15	10	15	40

## Antelope 'B' Team Beats Spur, 31-19

The Post "B" boys' team kept Spur from making a clean sweep of three games Tuesday night by turning back the Bulldog "B" team, 31 to 19.

Playing six-minute quarters, the two reserve teams played a tight defensive game the first period, with Spur taking a 2-0 lead. Coach Al Parsons juggled his line-up in the second quarter and Post scored 10 points to Spur's five to lead, 10-7, at halftime. Spur outscored the Antelope Bees in the third, 8-6, to trail by only one point, 16-15, at the end of the period. The Post team rolled in the final quarter, scoring 15 points to Spur's four to tie the game.

Marshall Ticer led the Post scoring with seven points.

The box score follows:

POST (31)	FG	FT	PF	TP
Mayberry	3	0	4	6
Fluitt	1	0	0	2
Ticer	3	1	1	7
Hays	2	2	0	6
Poole	1	0	2	2
Didway	2	0	1	4
Claborn	2	0	0	4
TOTALS	14	3	8	31

## Shades Of Baseball! Tahoka 7 And Post 2

The meager score in Monday night's game between the Post and Tahoka 7th grade teams brought back memories of last summer's baseball scores. With both teams "cold at the basket," the visiting quint won by a score of 7 to 2.

It was not until the third quarter that Post broke into the scoring column, with Jerry Bush hitting a field goal. Tahoka had led, 5-0, at halftime.

Post players besides Bush were: Edward Byrd, Frankie Gary, Darrell Haley, David Nichols, Buddy Moreland, Royce Chance, Felix Busto, Ronald Tallant, Richard Thomason, Billy Shumard, Ronnie Parrish, Larry Guy, John Valdez, Kent Wheatley, Ken Rankin and Glenn Polk.

## 20 Grid Lettermen To Receive Jackets

Twenty members of the 1957 Post Antelope football squad will receive letter jackets in an assembly program at the high school Friday, Coach Frank Krhut announced today.

In addition to the squadmen, manager's jackets will go to Tommy Young—his third—and Johnny Kemp.

Eleven of the lettermen are seniors including tri-captains Noel Don Norman, Sammy Martin and Arlon Ford. It is the third letter for Norman and the second for Martin and Ford. Other seniors, all lettering for the first time, are Paul Wheatley, Mike Ray, Lonnie Peel, Don Greer, Ronnie Polk, Jackie Payne, Richard Simpson and Bryan Williams.

Of the five junior lettermen, Charles Morris and Jerry Windham are receiving their second letters. Other junior lettermen are Bill Williams, Sidney Hart and Herbie Hays.

The four sophomore lettermen are Scotty Pierce, Forrest Claborn, Kenny Poole and Curtis Didway.

## LOCAL SEXTET HELD SCORELESS FIRST QUARTER

Post girls basketball team lost to Spur, 37 to 25, Tuesday night in their first District 2-AA game of the season, played at Spur.

After a first quarter in which they failed to score a point, while Spur was racking up eight, the Post team pitched in nine in the second quarter to only three for Spur, and trailed 11-9 at the half. They fell four points further behind in the third quarter, 11-7, and were outscored, 15-9, in the final period.

Spur, with three of the best guards in the district, held two of Post's first-string forwards, Kay Martin and Janet Stephens, scoreless. Doris Ellenburger hit eight points, but the rest of the Post scoring was turned in by Barbara Gary with five points and sophomore Leta Stone and Glenda Whittenberg, with six each.

Charlene Simpson, with 17 points, was high scorer for Spur.

## Post Girls Unable To Cope With Tough Spur Defense, Lose, 37-25

After a first quarter in which they failed to score a point, while Spur was racking up eight, the Post team pitched in nine in the second quarter to only three for Spur, and trailed 11-9 at the half. They fell four points further behind in the third quarter, 11-7, and were outscored, 15-9, in the final period.

Spur, with three of the best guards in the district, held two of Post's first-string forwards, Kay Martin and Janet Stephens, scoreless. Doris Ellenburger hit eight points, but the rest of the Post scoring was turned in by Barbara Gary with five points and sophomore Leta Stone and Glenda Whittenberg, with six each.

Charlene Simpson, with 17 points, was high scorer for Spur.

## Cato Re-Elected As Fire Chief

Robert Cato was re-elected fire chief Monday night at a meeting of the Post Volunteer Fire Department.

Elected as assistant fire chiefs were Dee Hodges and Lloyd Mock. Rufus Gerner was elected vice president, and Ben Brewer to a three-year term on the department's pension board, other members of which are Punk Peel and Dee Hodges.

Ferry Parsons was re-elected secretary and treasurer in Monday night's voting.

Present strength of the fire department is 26 men.

LIONS' VICTORY ROAR — San Francisco, Calif. — The Detroit Lions give gleeful roars in the dressing room after defeating the San Francisco 49ers, 31-27, for the Western Division Title of the NFL. The Lions clash with Cleveland for the NFL Championship.

AFTER THE DELUGE IN NEW JERSEY — Oakland, N.J. — Yesterday's torrential rain over a large area of the eastern seaboard left a lot of damp misery around. Here's a view of Park Drive in the Colony Section of Oakland as waters of the Ramapo River turned the street into a waterway. Many homes were isolated by the flood waters.

CONFERENCE IS UNDER WAY IN AUSTIN

Three Garza County School Men Attending Administrators Meet

Three Garza County school men are in Austin this week attending the 1958 School Administrators Conference on Education, sponsored by the Texas Education Agency. They are Dean A. Robinson, county superintendent of schools; R. K. Green, superintendent of the Post schools; and F. W. Callaway, superintendent of the Southland schools.

Principal speakers at the conference will be State Sen. A. M. Aikin Jr. and Lawrence G. Derrick, U. S. Commissioner of Education. Aikin's talk is to be "A Progress Report on the Work of the Hale-Aikin Committee" and Derrick's address will be "The U. S. Office of Education — Its Relation to State and Local Administration."

Pvt. Lonnie F. Mason Finishes Army School

FORT CHAFFEE, Ark. — Army Pvt. Lonnie F. Mason, son of Mr. and Mrs. C. L. Mason, Route 2, Post, Tex., recently was graduated from the eight-week Administration School at Fort Chaffee, Ark. Mason received instruction in typing, filing, and Army clerical procedures.

MRS. DILLARD THOMPSON WRITES Moisture Gives New Year Of 1958 Good Start In Graham Community

It seems our New Year has had a wonderful send-off with all the moisture we have gotten from the snow. Most of the farmers have their cotton out, with the local gin having ginned so far 3,561 bales of cotton.

Mr. and Mrs. Gus Porterfield have a new grandson, who was born Christmas Day in Germany to Dr. and Mrs. D. G. Porterfield. He has been named David G. The Porterfields have two other children.

School began its regular session last Thursday after the holiday vacation, with several pupils absent. Only 15 students were present Monday due to sickness and the road conditions.

Mr. and Mrs. Carl Fluit and Jacky visited Friday night in Tahoka with her parents, Mr. and Mrs. L. W. Gandy.

Sunday dinner guests in the home of Mr. and Mrs. Glenn Davis and Carol were Mr. and Mrs. Elmer Cowdrey, Mr. and Mrs. Lonnie Peel and Gene, and Mr. and Mrs. Delmer Cowdrey and Clarky.

Forehand, an employee of Homco Oil Co. of Houston, was dismissed Tuesday from Garza Memorial Hospital, Campbell, an employee of the Alamo company, remained in the hospital for observation.

Oil Field Workers Hurt In Accident

Two oil field workers, Howard Campbell of Post and Herbert Forehand of Snyder, were injured Monday afternoon in a rig accident at an Alamo Oil Corp. well near the Caprock Golf Course.

The men were injured when struck by tongs which slipped loose while they were on the rig floor.

LETTERS To The EDITOR

First Baptist Church Sweet Home, Ore.

Dear Texas Friends: Happy New Year to you and all the Post Dispatch staff.

Santa Fe Carloadings Show Slight Decline

Santa Fe carloadings for week ending Jan. 4 were 18,666 compared with 19,544 for the same week a year ago.

Cars received from connections totaled 7,399 compared with 9,862 for the same week a year ago.

Total cars moved were 26,065 compared with 29,406 for the same week a year ago.

Santa Fe handled a total of 27,634 cars in preceding week this year.

First application for a patent on making condensed milk was turned down on grounds it lacked novelty and usefulness.

Our Church is small and the work at the very bottom as we found it. Members who have been rather discouraged from past experiences of trouble in the Church are beginning to come back. We are doing lots of visiting and we will be seeing results. Baptist work in this section of the nation is new, that is Southern Baptist work. This Church was one of the first organized and that was on Aug. 13, 1943, with 11 charter members. It has had close to 300 members in the past but now has 135 resident members.

We miss all you good people in Texas and especially in Post. Our fellowship in Post was one of the richest in friends that we have ever had and we will long cherish this friendship and hope to have it renewed by a visit back there in the fall of 1959.

With every good wish for the New Year to you and the people there.

Very sincerely, Roy Shanahan

The Comstock Lode, a remarkable vein of silver near Virginia City, Nev., was discovered in 1859.

Post Woman's Son Is Stationed At Lisbon

Tech. Sgt. Harold W. Isaacs, son of Mrs. Guy Davis, is stationed in Lisbon, Portugal, as an engineer with the U. S. Air Force. With him is his wife, Freda, and their eight-year-old son, Mike.

Sgt. Isaacs, who has been in the Air Force for 15 years, was stationed at Charleston, S. C., prior to being transferred to Lisbon several months ago. His mother visited her son and family before they left for overseas.

For Christmas, the sergeant sent his mother a number of articles made from cork, which is one of Portugal's most important natural resources. He also sent her a leather bag he purchased in Morocco.

### College Students Of Southland Back In School After Holidays

The college students who returned to school following the holidays are Texas Techsans Jerry Pennell, Joe L. Dunn and Gerald Myers, Sul Ross students Harriet Bean and George Ellis, McAllen students...

New Year's guests of Mr. and Mrs. George Baker, Loyce and Royce, were Mrs. Baker's sisters and families, the N. R. Kings of Post and the John Myers of Lubbock.

**RETURNS TO BASE** — Novis Furr, son of Mr. and Mrs. Woodrow Furr, left Friday for his naval base at San Diego, Calif., where he is an electrician's mate on the USS Tortuga. Novis spent 20 days here visiting his parents and other relatives and friends.

**VISIT IN LUBBOCK** — Mrs. Virgil Priddy and Mickey spent the weekend in Lubbock with their daughter and sister, Mrs. Jerry Hoover.

**HEREFORD VISITORS** — Mr. and Mrs. Samie West and children, Joe, Jan and Jay of Hereford, visited during the holidays here with her parents, Mr. and Mrs. Bob Thomas.

**SUNDAY GUESTS** — Sunday guests of Mrs. Vera Gossett, Judy and Sonny, were Mr. and Mrs. Jimmy Stanford and son; Ronnie Morris, Jerry Key, Mrs. Lester Maxey of San Saba, Charles Morris, and Kenneth Martin.

The Rev. Lusby Kirk reports 30 at the Baptist Church Sunday, but it seems that we Methodists all backslid in the snow.

**DOCTOR PAYS DEBT TO DOGS** — Baltimore, Md. — Mrs. Geraldine Carter of Baltimore pets her dog "Squeaky" after Dr. Alfred Blalock, famed Johns Hopkins University "blue baby" surgeon performed a delicate operation to save the life of the seven-month-old canine. The Rottweiler-Dachshund-like puppy developed symptoms similar to those in "blue babies". An examination, however, disclosed that "Squeaky" was not a "blue puppy" but that its intestines were misplaced as a result of an auto accident in which the dog had figured. Dr. Blalock quickly put the canine patient's innards back in order. The surgeon said he regarded the surgery as a way of showing his gratitude to all dogs that have been used in research.

**OUTDOORS IN TEXAS**

**By VERN SANFORD**  
Those of us who fish for sport often overlook the importance of our commercial fisheries.

In fact, we bitterly resent some of the tactics of commercial fishermen. It must be remembered, however, there are millions who do not fish who can only have fish by buying them.

The Bureau of Commercial Fisheries of the U. S. Fish & Wildlife Service, has established four new regional offices and a new southern California program office.

Texas is very much interested in any advancement of the commercial fishery industry. Waters of the Gulf of Mexico are worked daily, particularly by shrimpers.

Some protective legislation has been passed to keep commercial netting out of Laguna Madre, and to control shrimping and oyster gathering in other Gulf areas.

This is very necessary to protect this wildlife resource. The Texas Game & Fish Commission has a marine laboratory at Rockport, and sub-offices at other places along the Texas coast where daily studies are made.

**Weed Control—Good And Bad**  
For those who live in the coastal areas it might be well to keep in mind this spring that some weeds control can be harmful to wildlife.

The Game & Fish Commission recently completed purchase of additional marsh land in the Beaumont-Port Arthur area to provide refuge for water fowl. Careful studies are being made of seed-producing weeds that ducks and geese like to feed on.

Biologists directing this program have had long experience and training in providing such foods. You might want to contact them about some of your acreage.

Also a rather intensive weed control program now is under way by the Bureau of Sport Fisheries and Wildlife and the U. S. Fish & Wildlife Service. The purpose is to find ways of eliminating undesirable marsh plants and to substitute plants which will produce food for migratory waterfowl.

One phase of this project is the testing of various herbicides to find which will produce food for migratory waterfowl.

Another phase of this project is the testing of various herbicides to find which will eliminate noxious weeds without injuring wildlife values. Your county agricultural agent also can be most helpful in this work.

**For Spin Fishing**  
Spin fishermen always have had the problem of knowing just how much line to play out when they hook a big one. Now comes the B. F. Gladding Co., with a color-metered Platyl line that indicates at a glance. With each package of line there is a rod decal corresponding to 10-yard markings. This will prove a popular feature.

Speaking of spin fishing, it's getting light enough now to put in a few minutes dry casting in your back yard each evening when you get home from work.

Get a casting plug or remove the hooks from a spin size plug. Set up a marker; an old bicycle tire is excellent. Then practice for accuracy.

The beginner has little trouble getting distance with spinning equipment. Many times, however, accuracy is impaired because your spinning rod is longer than the average bait casting rod. It also has

a lighter action, requiring only a flick of the wrist.

With a little practice for a few evenings you'll find you can hit the target every time. Accuracy in casting is very important if you are fishing in good bass water, which has plenty of stumps, rocks and tree tops. A lot of time can be wasted freeing lures that hang on overhanging branches. However, it is a well known fact that big bass usually are found in some of these difficult spots.

Incidentally, this backyard practice is good for the whole family. Take a couple of Junior's old bicycle tires. Set up your casting distance and then start to work. Do it systematically and properly, however, don't just go out for a few hit or miss licks. This practice will pay off well before the season is over.

Of course on Sunday afternoons you might put on a real lure and stand on the lake bank. It's fun to catch bass when you are just practicing.

**Gun Digest Expanded**  
If you haven't seen a copy of the new 1958 edition of the Gun Digest, better look it over. The book has been greatly expanded this year to cover both new and modern arms and metallic sights, and custom and foreign guns.

It also contains many interesting how-to articles by noted writers. So it furnishes mighty good reading, as well as ready information.

**New Stamps**  
A black and white wash drawing of Canada geese feeding in a cornfield has been chosen as a design for the 1958-59 migratory bird hunting stamp. Leslie C. Kouba, a Minneapolis artist, was the designer. This will be the 25th stamp issued in the Federal duck stamp series.

This stamp is required of all persons who hunt migratory waterfowl. Speaking of stamps, have you bought any of those whooping crane stamps? First sale of these stamps began at Corpus Christi recently.

Corpus is only a short distance from the Aransas Wildlife Refuge at Austwell, where 31 of these whoopers wintered.

The stamps are beautiful and effective reminders that there are so few of these beautiful birds in existence.

**Have Car—Will Trade.**  
Caprock Chevrolet Co. (Adv.)

**New York** — Jean Pierre hugs his five-year-old daughter, Claude Baur, after arrival at Idlewild Airport from Toulouse, France. The child is on her way to the University of Minnesota Hospital where a rare heart operation will be performed to correct a hole in her heart which prevents normal operation of blood flow. Toulouse citizens raised \$35,000 to defray costs of the operation and transportation expenses for the father and child.

### Group Working On Wasty And Barky Cotton Situation

LUBBOCK — W. O. Fortenberry, president of the Plains Cotton Growers, Inc., announced this week that this organization is working with Cong. George Mahon and U. S. Department of Agriculture officials on the wasty and barky cotton situation as it exists this year on the Plains.

Fortenberry said weather conditions—a late planting, fall rains and an early frost—made a disaster condition beyond the cotton producers' control and in view of this situation, the PCG is asking the Commodity Credit Corporation to allow wasty and barky cotton to be allowed to enter the government cotton loan.

This cotton would enter the loan at a discount of around 200 to 300 points below the established loan value. For example, low middling spotted cotton of 7/8 inch staple has a loan value of 18.83 cents. If this bale was classed wasty, it would go in the loan say at 300 points off the loan price, or at 15.83 cents," Fortenberry explained.

The CCC would catalogue this cotton separately for future sales and clearly identify it to the trade, he added.

It has been estimated there are more than 100,000 bales of wasty and barky cotton on the Plains this year and since such cotton is ineligible for the government loan, and there is very little or no immediate market for such cotton, it is working a hardship on many farmers, he explained.

In addition to Cong. Mahon, other representatives including Cong. Walter Rogers of Pampa, Sens. Lyndon Johnson and Ralph Yarborough are being acquainted with the situation.

**VISIT IN SPUR**  
Mr. and Mrs. Herman Messer shopped and visited friends in Spur Saturday. They were supper guests of Mr. and Mrs. Burnice Bilberry of the Dry Lake Community.

**O.K. Used Cars—Caprock Chevrolet Co.** (Adv.)

**GUESTS OF FREEMANS**  
Mrs. J. L. Graves and J. L. Graves Jr., of Fashing, Tex., are visiting with their daughter and sister, Mrs. Howard Freeman and family.

**RETURNS HOME**  
Mrs. R. A. Moore has returned from visiting in San Antonio with her son and his family, Mr. and Mrs. Donald Moore, and in Temple with her daughter and family, Dr. and Mrs. Noah Stone.

The linotype machine was first put into practical use by the New York Tribune in 1886.

SEE THE REBIRTH OF RODAN!

SEE!... amazing stunts—rocket-propelled jets—atomic missiles—all captured in splendor by RODAN!

SEE!... jaw-dropping close-ups which blasted into twisted steel skeletons by RODAN.

*Dear Folks:*

There are dozens of surprises in the new John Deere Day we've planned for you, your family, and your friends. More colorful, more informative, more entertaining than ever, it's entirely different from previous John Deere Day programs.

In beautiful Technicolor you'll see an interesting new "Oddities in Farming," your old friend Tom Gordon, an interesting success story on irrigation.

In "What's New for '58" you'll see the latest in farm machinery. The feature picture is something new—a rib-tickling western musical comedy. And tying the program together are colorfully costumed choruses and throbbing honky-tonk music written especially for this show. It's a program you and your family will long remember.

Here's something else—no tickets are required. You simply have to show up on the date, at the time, and at the place shown below. You'll be our guests.

We're counting on you!

## Accident Injures Justiceburg Man

E. M. Woodard, 68, of Justiceburg suffered a leg injury about noon Friday when the tractor on which he was riding was struck by an automobile driven by a Mr. Haney of Lubbock.

The accident occurred about one and a half miles south of Justiceburg on U. S. Highway 84. Sheriff Carl Rains, who investigated, said Haney told him his automobile struck one of the tractor's rear wheels as he tried to pull back behind the vehicle after starting to go around it. He said he tried to pull back behind the tractor because of an approaching automobile. Haney's car and the tractor were traveling toward Justiceburg.

The sheriff said the impact spun the tractor around in the road. Woodard was brought to a physician's office in Post for treatment of the leg injury. Haney and his wife, apparently uninjured, continued on to Lubbock after leaving their damaged automobile, a 1956 Chrysler, at a repair shop here.

A BOY AND HIS DOG—Samuel Saldana, 10-year-old polio victim of Plainview looks proudly at his new puppy, Lady's Beacon, who made his Christmas a very merry one. The Plainview lad received the registered German Shepherd as a gift from H. J. Dietrich and Roy Hodges of Post. (Photo courtesy Plainview Daily Herald).

In the ancient world China was known as Cathay.

## ABOUT YOUR HEALTH

### Health Department Records More Than 252,000 Births in 1957

It was a good year for public health.

For the first time in Texas history, live births passed the quarter-million mark. More than 252,000 births were recorded as the year ended, compared with 77,000 deaths. That's a healthy 3 1/2 to 1 ratio of births over deaths, and indicates a natural population increase of 180,000.

Other health events were equally significant. An influenza epidemic—the worst since 1918—caused a flurry of activity among health officials in months just before the year died. Before it was over almost two million doses of vaccine were rushed into the state. Vaccine—and early warning—undoubtedly lessened the epidemic's impact.

As the official state agency for city planning assistance, the State Health Department processed 14 applications for federal financial aid. Total cost of projects, all in cities of less than 25,000, is \$451,252, of which the federal share is \$216,483.

Spring floods were behind the urgency of 58 special health projects costing \$417,000, including control of insect vectors, rehabilitation of water plants, and chlorination of thousands of farm wells.

Almost 1,100,000 pounds of food had to be removed from sale channels as being unfit for human consumption during the year.

Four separate episodes of radioactive isotope mishandlings were investigated, and a toxicological information center was initiated to instantly provide information on antidotes in cases of industrial and household chemical poisonings. The center operates in cooperation with the Texas Medical Association.

Almost 1,800,000 shots of polio vaccine were distributed throughout Texas, cutting the incidence of polio to less than half that of the previous year. Only 729 cases were reported in 1957, compared with a five-year median of 1,751 cases.

Five hundred nursing homes, housing 8,000 aged people, were inspected and licensed during 1957, and 21 hospital construction projects were approved by the State Board of Health under terms of the Hill-Burton Act.

Construction of city sewerage plants with federal help got underway with the allocation of \$3,500,000 to 42 separate projects, and a statewide water sampling program was begun. With game wardens

collecting samples, some 500 samples per month are being analyzed at the State Health Department laboratory.

The past year saw 2,116 medicinally indigent children placed under care, and penicillin and department-manufactured biologics were furnished in record quantities to physicians of medicinally indigent patients.

### Gilbert Gollehons In Post From California

Mr. and Mrs. Gilbert Gollehon and son of San Diego, Calif., former Post residents, visited here last week.

For a number of years, Gollehon operated the Gollehon Motor Co., Pontiac dealers, in the building at the northeast corner of Main Street and Avenue I. Since moving to San Diego in 1942, the former resident has operated the Gollehon Service Station.

## Post Man Gives Puppy To Young Polio Victim

H. J. Dietrich, Post kennel owner, made Christmas happy for a tiny polio victim of Plainview with a gift of a cuddly black German Shepherd puppy.

Samuel Saldana, who is 10, received a seven months' old registered AKC German Shepherd, Lady's Beacon, from Dietrich and Roy Hodges. The puppy would sell at a minimum price of \$75.

Dietrich has followed this practice of giving away a puppy to a crippled or blind child in the United States for 16 years. He usually gives away three puppies a year, and has shipped them to almost every state in the Union.

He started this plan about 16 years ago when he read about a little blind girl in one of the southern states. He wrote the Chamber of Commerce about arranging to give the girl a puppy which she could use as a seeing-eye dog. The plans were arranged and the puppy was soon on its way.

Samuel's puppy was shipped by rail to Mrs. James F. Henry of Plainview. Dietrich asked her to find a deserving crippled child who would like to have the puppy

as a Christmas gift. Mrs. Henry picked Samuel.

Samuel, a polio victim since he was 2, has only recently discarded his braces. He has undergone surgery on one leg, which has made it possible for him to begin learning to walk without his braces.

### MINERAL WELLS VISITORS

Mr. and Mrs. J. C. Putman and family of Mineral Wells visited from Tuesday night of last week to Friday in the home of his parents, Mr. and Mrs. J. W. Putman. While here, they visited his brother and wife, Mr. and Mrs. B. P. Putman, and his sister and family, Mr. and Mrs. O. E. Montgomery.

### RECENT GUESTS

Recent holiday guests of Mr. and Mrs. Elmer Cass were Mr. and Mrs. D. L. Cass and family of Midland, Mr. and Mrs. E. D. Harrison and twins of Clairmont, Mr. and Mrs. Harold Cass and family and Mrs. R. H. Eastley of Plainview.

## Freedom of the Press, Here and Now

Everywhere that a tyrant's heel has ground most brutally, there has sprung up an "underground" movement. And its heart always is a printing press. For the urge that dwells deep in a freedom-loving people to know the truth is hard to kill. In fact it cannot be killed—not even by the best-organized despotism in history.

The many stories of underground presses that have come down through the ages of trial and error by many dictators is an inspiration to the men and women of America's press.

We know that the truth can actually be printed and circulated under the very heel of a tyrant's boot. But a far better way of keeping people informed is through their own free press which operates not in some dark cellar, but on main street, right next door to the grocer, the postoffice, the drug store. \*\* To preserve that freedom is the first obligation of the American people and the American Press. It is our only hope of maintaining our other cherished freedoms.

**Safety Pays Off**  
traffic deaths fell below  
Department of Public Safety  
for the Christmas-New  
Year period, as a result  
of concerted efforts of the  
Safety Program.

indicated that 113 persons  
on Texas highways. Fin-  
er probably will be 103.  
Governor Daniel and DPS  
Homer Garrison Jr. had  
for Texas citizens, law  
enforcement officers and news  
of the success of the pro-  
gram of the credit should  
be newspapers, radio and  
played a major role  
in law enforcement and  
public attention on the in-  
creasing hazards of the  
season," Garrison stated.

Governor Daniel stressed  
of the chief aims of his  
program during 1958 will be  
to cut our traffic deaths and  
even further below the  
goal. It can be done. This  
is illustrated by the results  
of the program during the past  
season when the nation's  
traffic deaths increased but the Texas  
deaths decreased.

DPS figure of 103 proves  
it will be the lowest  
since 1948 when 98 persons were  
killed on the holiday traffic crush.  
**As Much Water**  
Water Development  
set up shop with the

ment of Farm  
Engineering  
Requirements  
in Advance

**ENGINE STATION** - Keeping  
equipment properly mechanized is a  
requirement for sound ad-  
vancing to insure replace-  
ment of needed equipment, advises  
extension farm man-  
agement specialist.

ing current equipment in-  
tentionally, as a basis for  
replacing will help farmers  
overcome financial hardship that  
caused by an unexpected  
replacement of an expensive  
piece of machinery.

machinery must be replaced  
immediately and waiting until it  
breaks down before  
replacement is  
expensive. Instead, farmers  
should put on paper a  
replacement program  
for their equipment needs  
and financing.

ing new machines is easi-  
est to spread over a period  
of time, says the specialist.  
farmers should anticipate his  
equipment needs and, so  
they can provide for them  
in advance. The plans should be  
made in advance of any  
emergency expenses.  
farmers should be ready to take  
advantage of equipment bargains  
and should be ready to spend for  
equipment that is less than estimated,  
says the specialist. The difference  
between the estimated and actual  
costs, Parker advises.

Singer Roberta Peters To Appear In Lubbock

**LUBBOCK** - The Lubbock Auditorium will take on the air of glamor and glitter on Wednesday, Jan. 15 when world-famous singer Roberta Peters will be seen for one night only in a special concert engagement.

The singer, who is regarded as one of the most outstanding singers in the world today, is making her first appearance in West Texas, and the concert promises to be the outstanding musical event of the year on the South Plains.

Her concert in Lubbock will feature songs from opera, from sacred music, art songs, folk songs and lighter melodies also. Of special interest is the "Shadow Song" from "Dinorah." This is the difficult and seldom heard aria, which is only tried by expert musicians - something that Miss Peters has proved herself.

Tickets for the concert are \$1.50, \$2, \$2.50, \$3, \$3.50 and \$4 and are on sale at the Auditorium box office. Reservations can be made by calling PO-24616.

**WEEKEND VISIT**  
Mrs. Bill Laurence spent the weekend in Wilson attending to two grandchildren, while their parents, Mr. and Mrs. Ray Cook, stayed with the children's baby sister, who was in the Slaton Hospital with pneumonia.

**LUBBOCK VISITORS**  
Mrs. Joe Bob Bumpass and son, Mike, of Lubbock visited last week with her parents, Mr. and Mrs. Tom Gates and grandmother, Mrs. Bob Warren.

**WEEKEND VISIT**  
Mr. and Mrs. W. D. Livingston and Mr. and Mrs. A. J. McAllister and daughter visited in Tahoka last weekend in the home of Billy L. Thomas.

**VISIT IN SAN ANGELO**  
Mr. and Mrs. Charles Benson visited last weekend in San Angelo with Mr. and Mrs. Allen Cash, former Post residents.

**MORE POWER FROM LESS GAS MERCURY**

The power news you never thought could happen has happened. Here are engines that give you more power, yet sip...never gulp...their gasoline.

The secret is the revolutionary new Cool-Power design of Mercury's new Marauder V-8's. They cut power-wasting heat and friction. And they are teamed with new high-economy rear axles.

You get a 312-hp Marauder in Montreys, 330 in Montclairs, 360 in Park Lanes.

Mercury makes more style news, too, with Clean Line Modern Styling. Mercury gives you more comfort...it's the biggest, roomiest car in its field. The Big M gentles you along with a ride so smooth you'll wonder why it doesn't cost a thousand dollars more.

Now stop in. Be amazed at how little it costs to own a Mercury!

Don't miss the big television hit, "THE ED SULLIVAN SHOW," Sunday evening, 7:00 to 8:00. Station KDUB, Channel 13

**Compare... and you'll go GAS everytime!**

The Best Cooks Choose Gas for Top-Burner Cooking Because It Assures Precision Control for Perfect Results

The added ingredient that puts magic into every recipe in your cookbook is the perfectly regulated Gas flame. Say you have a favorite recipe that requires an instant temperature change - from a quick, intense boil to a slow, gentle simmer. Only a Gas range can give you such drastic changes because only Gas permits such an infinite variety of heats. And only with Gas do you get such instant response when you turn it on...no Heat Hang-over when you turn it off! Not only that, your completely automatic Burner-with-a-Brain - the top burner that actually turns every pot and pan into an automatic utensil - puts an end forever to scorching, burning, and boil-overs. Let us give you all the facts to compare...then visit your gas appliance dealer, soon.

**BEST FOR BROILING and BAKING, too!**

Closed-door broiling is advisable only in a Gas Range where the clean gas flame actually consumes cooking vapors that otherwise would escape into the kitchen causing unpleasant heat and odors.

Perfect baking results are assured in a Gas Oven where the heat source is not subject to variation... and where the thermostat control is the most accurate yet devised by mechanical science.

**fuel for a growing empire Pioneer Natural Gas Company**
