Jubilee is a golden day — but one which is not to be forgotten. There's a lot of praise from all quarters for the four-day celebration. Months of work and months of work paid off with a clockwork efficiency. The Jubilee didn't crowd together. People had time to enjoy rest, and visit. Business supported a surprisingly quiet Saturday afternoon parade. The credit of the tremendous success belongs to the dozens of men and women who made preparations together in a real cooperative effort.

It's too long of course to name all the Jubilee credit men. James Minor, who is the Jubilee organization's right hand man, Bryan Moore, chamber of Commerce member, a perfect team to run the Jubilee. James Minor had a thousand dollars worth of performance and with real showmanship and personal charm. Bryan Moore is there all the way to production click.

It's in for a tremendous publicity from its Jubilee. Lubbock TV stations are now top billing all the Texas dailies sent in. Photographers and photographers from Lubbock and Amarillo kept the Associated Press happy on its wire all over the state. The Dispatch of course tried its best to cover this coverage. Details of both the AP and Avanti Dispatch photos were made available to anyone who wanted them. Our newspaper week was to help the Jubilee get every word and picture it wanted.

So much Post citizens build our town bigger. It is to be hoped that momentum and advancement. We've surprised with how much we can do together—just as surprised others. Let's get every word and picture it wanted.

So who so generously gave pictures to The Dispatch for possible use in the Jubilee and in the Jubilee. We want to say thanks. We use them all, but we don't use them all. Editor Diddie to have them all. Owners to pick them up. So stop in Friday.

Jubilee editions advance must come in by Monday noon or we sold to the many. We want them badly. We sold another 1,000 copies. A 74-page paper with "merchandise" available extra copies were available for an hour.

Settings—J. E. Birdwell of C. W. Post in the Cavalcade. Jack cameraman who has top shows on KDUB. TV station, is shooting a movie film of the whole Jubilee celebration. He hoped to have it out eight or nine days. It was shown on channel 13, Creel, probably Sunday and afterwards the film was available for local viewing. We were really surprised Sunday that when they do it literally. The film was trucked down to the Fe Station and rolled onto the platform prior to the arrival. In white let the red carpet is rolled. Mrs. Post is related on the other side of her famous half of that famous team exploring team of Clark.

Life Cuff Notes—Life didn't send a photographer to the Jubilee because she said the magazine she was interested in having a photographer trail her through the Jubilee. Mrs. Post also held an interview for the Jubilee. Post visit. The Dispatch's 74-page edition a mighty pretty thing. She told this writer she loved reading the Jubilee very much and thought it was a real cooperative effort. Mrs. Post also told

UNVEILS PHOTO OF STATUE — Mrs. Merriweather Post is unveiling a photograph of the Battle Creek, Mich., statue of her father, C. W. Post, on the Garza County courthouse lawn where a replica of the statue is to be erected within the next few months. The ceremony took place Tuesday afternoon. Standing beside Mrs. Post is Mayor James L. Minor.

First Bale Plains Cotton Is Ginned

Garza County's first 1957 bale of plains cotton, grown by Glenn Davis, was ginned Monday afternoon at the Graham Co-op Gin and placed on display in front of the Post Chamber of Commerce office.

Davis' first bale, for which he received a \$50 premium from the Chamber of Commerce, followed by less than a week the first bale of breaks cotton, grown by Avery Moore Jr., and ginned Sept. 10 at Planters Gin here. Moore also received a \$50 premium.

The seed cotton hauled to the Graham gin Monday by Davis weighed 1,980 pounds. The finished bale was a 505-pound product and the seed weighed 820 pounds. The cotton was gathered off about four acres of irrigated crop.

J. W. (Bill) McMahon, manager of the gin, said the cotton was about middling 15-16. It was ginned free.

Famous Lady Gracious Hostess at Western Barbecue

Mrs. Merriweather Post, world renowned hostess who does most of her entertaining at the caviar level, proved just as gracious here Monday afternoon in presiding over a colorful western barbecue.

She shook more hands after the eating than an ambitious politician in the midst of the campaign because dozens and dozens in the colorful crowd, estimated at between 3,500 and 4,000, wanted to pay their respects and say howdy to this famous lady who is the daughter of C. W. Post, the town's founder.

Site For Father's Statue Is Unveiled By Mrs. Post

Mrs. Merriweather Post surprised and delighted Post residents Tuesday afternoon at the dedication ceremony for the site of a statue of C. W. Post by promising to return here for the unveiling of the life-sized statue and have four generations of the Post family here for the occasion.

That event is several months away as it will require some months yet to complete the bronze statue of Mr. Post, a copy of the statue which honors him in Battle Creek, Mich.

Speaking briefly at the statue-site dedication, Mrs. Post promised she "would be down again" to unveil the statue itself and would bring with her all three of her daughters, her granddaughters and a great-grandchild, thus having "four generations of the Post family present that wonderful day."

Mrs. Post explained that the statue would be a copy in bronze of the statue by Sculptor Johan Geert which has been standing in front of Battle Creek's Town Hall.

In her brief talk before she pulled the curtain on the statue site to reveal two sketches of the statue, Mrs. Post said, "I have wished so much my father could have seen this celebration. I was delighted and pleased to hear you would like to have a statue of my father."

Mrs. Post said it was "a rare privilege" for her to attend Post's Golden Jubilee celebration and complimented the town highly on its successful birthday party. She said she was "impressed" with the fine cooperation everyone gave the project.

Mrs. Post had high praise too for the Caprock Cavalcade, the historical pageant which was featured for three nights of the celebration. She termed the Cavalcade "a wonderful show" and said it recalled to her so many "of my See STATUE SITE, Page 8"

Post Golden Jubilee Thanks All Helpers

On behalf of Post Golden Jubilee, Inc., James L. Minor today expressed thanks to everyone who assisted in making the celebration a success. The mayor said:

"On behalf of the Post Golden Jubilee, I wish to take this means of expressing our thanks and deepest gratitude to the hundreds of people who worked so hard to make our fiftieth birthday celebration the success it was. I also wish to express my sincere appreciation for the wonderful spirit of cooperation so magnificently displayed by everyone."

Early Reports Show Jubilee Success In All Departments

The Golden Jubilee, Post's four-day birthday party which closed Tuesday on the surprise note of Mrs. Merriweather Post's promise to return within a few months, promises to wind up a financial success as well as a high success in the performance department.

Word from Jubilee headquarters today is that the birthday party should at least "break even" financially on its whopping \$16,500 budget—and maybe "might even make a little money for the city park project."

Any profits will go into the park fund.

Many bills still are out, as well as some revenue, and some of the supplies have yet to be checked in and credited. Thus no accurate financial statement is available today, but a complete financial report should be ready for next week's Dispatch.

All told Mrs. Post and General Foods gave well over \$4,100 toward the celebration as well as purchasing souvenir plates, programs, and program advertising.

Mrs. Post underwrote \$2,500 of the estimated \$4,000 barbecue expenses as well as providing three of the 13 beeves for the big meal. Garza ranchers provided the other ten beeves. She also gave \$560 worth of plaques to be given to pioneers at the barbecue and will pay for the cost of their engraving.

The \$1,000 check presented by General Foods will underwrite the Hollywood trip-to-come of Mrs. Loveta Josey, Golden Jubilee queen and her husband, with the rest going into the general fund for the celebration.

Mr. and Mrs. Josey will leave on their trip to the movie capital in three to four weeks.

The "Caprock Cavalcade," the historical pageant with a cast of 350 townspeople, played to overflow crowds of 1,500 on Saturday and Monday nights but the stands were less than half full Tuesday night when the gate totaled only \$344.25.

All told the Cavalcade, besides drawing warm praise from all who saw it, including Mrs. Post, brought in some \$4,256.01 for the Jubilee fund.

Advertising in the Jubilee program, however, netted over \$4,600 with the sales of the book almost paying for the printing costs.

Over 1,300 of the 2,000 programs printed have been sold to date.

The big problem left on the hands of Jubilee officials was what to do with some 400 leftover souvenir plates which cost the Jubilee

PLAQUE GOES TO PIONEER — Ed Scott of Justiceburg, is receiving a plaque from Mrs. Merriweather Post as a distinction for having been a resident of what is now Garza County longer than any other living person—since 1889. The presentation was made at Monday afternoon's barbecue at which Mrs. Post was hostess.

80 Pioneers Get Plaques In Special Event Monday

Eighty pioneer residents who were residing in Garza County on or before Dec. 31 of 1907, the year in which the county was formed and the city of Post established, were signally honored Monday afternoon at a barbecue in their honor.

Each of the pioneers received a plaque, with four of them receiving special awards.

Cost Mounts On Colored School

The board of trustees of the Post Independent School District at a recent special session has voted to complete the new colored school project even though the extra cost may throw the district into the red this school year.

Total cost of the moving in of the rural school, including sidewalks, repainting, tile floors, and other necessary items, will be between \$15,000 and \$18,000, Supt. R. K. Green said today.

He reported the colored school should be completed ready for class use in about two weeks. At the present time, classes are meeting in the old building.

Fifty-three students are enrolled.

TO ENROLL IN OU

Mr. and Mrs. Leo M. Acker and sons, Lexa and Leslie, will leave Friday for Norman, Okla., where Lexa will enroll as a first-year student in the University of Oklahoma. He will major in structural designing.

CROWD GATHERS FOR BARBECUE — This is a part of the crowd of approximately 4,000 who gathered Monday for the barbecue at Antelope Stadium. The special guests' tent can be seen in the upper center of the picture.

The Jubilee Isn't Over—It's Just Started

Post's Golden Jubilee was of course many things to many people. But essential for the community as a whole it was a united effort to appropriately mark a milestone in the town's history—its 50th birthday.

The preparations were expensive and required weeks and months of effort by many people. But from the celebration Post received a great amount of favorable publicity on a regional scale and a considerable amount on a national basis.

Post has made hundreds of new friends throughout Texas—probably thousands. Most smaller towns have never attempted a birthday party in such perspective and at such a cost.

Post can well be proud of its considerable accomplishments with its Jubilee. In retrospect, the celebration will measure up as being well worth all the dollars and effort which went into it.

Post, as we said last week, should make the Jubilee as the springboard for bigger and better accomplishments—for a community push into many fields well in need of some pushing. The Jubilee too should be a springboard to attract new business and small industry to the community. The publicity of the Jubilee, if now carried ahead with aggressive planning and action, can be of incalculable value in the years just ahead.

So really the Jubilee isn't over. It's just beginning.

We can go on a great deal further from this point for the betterment and growth of Post. If we don't, we can settle back into small town life and let the world pass us by.

But if we do—if we carry through with the initiative and publicity already gained—the Jubilee will not just be a birthday party to celebrate 50 years of growth—but really the birth of the next half century of progress.—JC

Fair, Football Almost Lost In Shuffle

Almost lost in the shuffle of weekend Jubilee activities were the Garza County Fair and the home opening of the Post Antelope football season. These are two events which have been with us for years and will be for years to come. The fact that they fell on the same weekend the town and area was agog with Jubilee preparations somewhat lessened their impact.

To the credit of members of the Post Lions Club, which sponsors the fair, and the dozen or more departmental superintendents, it can be said that they went right ahead to stage what has been described as a "highly successful" fair. They are to be commended for their efforts, along with the scores of exhibitors, the judges and all others who helped.

On the gridiron, the first home game usually comes in for more fanfare than it received this week. And, now that the Jubilee is over and things are settling down, we'd like to join other loyal Antelope fans in urging that all the homefolks get solidly behind Coaches Frank Krhut's and Al Parsons' young team and boost it to the limit. After losing a fairly close one at Ralls in their opener, the Antelopes dropped their first home tilt to Crosbyton by a score of 32-0. That would make it appear that this football

season will be a rather long one for the home team, but that's no reason for anyone giving up on them. They face a stiffer test at Denver City Friday night than they've confronted in either of their first two games. After that will come O'Donnell and then the final six games, all against District 2-AA opponents. The fact that 2-AA is considered one of the state's strongest Double A circuits doesn't make it appear that the going will be smooth sailing.

Fans who saw Friday night's Crosbyton game cheered the young, and unusually light, Antelopes for their scrap and spirit. They give indications of being an interesting team to watch, win or lose. On it are many boys who will be playing one, two and even three more years. Encouragement this season from the home fans will play a big role in molding more successful teams for the next two years.

So, this early in the season, let's not give up on the Antelopes. No one can tell what will happen once district play gets under way. The boys will do better in their next eight games if they know the fans are solidly behind them. That goes for out-of-town games as well as home contests. Let's boost the Antelopes!—CD

We're Glad To Help Out On This

This newspaper is more than glad to comply with a request that it participate in efforts to acquaint drivers with the school bus law. Three state agencies, the Texas Education Agency, the Texas Highway Department, and the Texas Department of Public Safety, are urging the continuation of a state-wide program to acquaint the public with the Texas law requiring all vehicles to stop when approaching a school bus loading or unloading children.

"Superintendents and news editors performed an outstanding public service in this safety campaign last year," said J. W. Edgar, commissioner of education. "Yet seven lives were lost during the school year in collisions involving school buses. There is a continuing need for a program of safety education."

There were two more fatalities during 1956-57 than were reported to the Department of Public Safety in 1955-56. The total number of accidents reported declined, however, from 379 to 335. (During the past year the Highway Department erected signs on all major roads warning motorists of the safety measure.) The law says in effect, that upon meeting or overtaking a school bus which has stopped on the highway for the purpose of receiving or discharging children, the driver of any vehicle shall stop immediately before passing. After coming to a stop the driver of the

vehicle can proceed with due caution at a speed which is prudent and does not exceed ten miles per hour. The law does not apply within city limits.

Vehicles are not required to stop on highways with separate roadways when the bus is on a different roadway from that of a passing vehicle. Vehicles are not required to stop if the school bus is stopped in a loading zone which is a part of or adjacent to a controlled-access highway and where pedestrians are not permitted to cross the roadway.

All public school buses are painted yellow and have "School Bus" painted in large letters on the front and rear of each bus. They are equipped with flasher lights usually mounted high on the front and rear of the bus. These flashing lights are used only when the bus is in the process of stopping or is stopped to receive or discharge children.

Garza, being a thinly populated county, does not have the same school bus safety hazards as many other counties, of course. But if observing the school bus law will prevent even one accident endangering life, limb and property, it will be well worth our efforts to respond to the safety groups' request that we participate in the safety program.—CD

Don't Say We Didn't Warn You

Post's and the rest of America's, long-suffering "pater familias" will be discovering pretty soon now whether the Little Woman considers herself a "dinner duchess," a "culinary countess," a "lady-in-waiting" or (brace yourself!) a "galley-slave."

Father will also be told before long whether he has a "finger-flicker," a "wrist-flipper," an "elbow-bender" or a "knee-deeper" in his household—and whether or not she is "working too hard on Monday."

These manifestations will be brought about by one of the most concerted efforts yet made to outfit his loyal helpmate in the job of making life easier all around. To this end, the electric

people will be providing America's housewives (any day now) with charts for rating themselves—as indicated above—in terms of their "electrical servants."

The "object all sublime" they undoubtedly "will achieve in time." But it won't be to "make the punishment fit the crime." Rather, it is the relatively sublime state in which we shall all "Live Better Electrically!"

Thus, whether you know it or not, you are about to be swallowed up by the push-button era of dinner (also breakfast and supper) duchesses and finger-flickers (who also employ the finger for husband-wrapping-around purposes). We felt that the least we could do is to warn you.—CD

Clipped Quips From Other Newspapers

Today the trend of many, many people to assume that the federal government should furnish the money . . . your money and my money . . . for the financing of our schools, for furnishing subsidies to farmers, for building roads and in other ways supplying us with things which early citizens once considered their personal obligations is already breaking down the rights of states to maintain a normal degree of sovereignty, which was a cardinal principle among gifted men who wrote the Constitution of these United States . . . too great a leaning in this direction can only bring about socialism.—Bartow, Fla., Democrat.

THURSDAY to THURSDAY

By CHARLES DIDWAY

A FEW WEEKS ago, we wrote in this column that there'd been no reports this summer of anyone having plunged into a dry swimming pool, but that just about everything else had happened. One of the season's unexpected occurrences came Wednesday of last week when a lion escaped from a truck in the Justiceburg area. Now, if that "dry dive" swimming report will only come through, we can wrap it up as a complete summer.

Incidentally, summer will bow out Sept. 20, with the fall season coming on the next day. To most sports fans, however, the seasonal coming and going will be lost in the major league pennant races and the opening of major college gridiron activity.

SINCE EVERYONE'S mind is fresh following the hustle and bustle of the Golden Jubilee celebration, perhaps some of you would like to put yours to work on this puzzle about the grasshopper and the kernels of wheat.

A grasshopper discovered a bin of wheat, and took one kernel. On the following day he came back with his lady friend, and each took one kernel. The next day they returned and brought another couple, and each took a kernel. On the fourth day each couple brought another couple, and each took a kernel, and so on; they doubled the number each day for thirty days, when the last grasshopper took the last kernel.

Now, it's up to you to find out how many kernels there were in the bin, and on what day half the wheat was gone. Sharpen your pencil and wits and go to work. (Answer appears at bottom of column.)

During the Jubilee preparations of the last few weeks, we've had all sorts of calls from newspaper and magazine representatives wanting information on the celebration. One which amused us came Thursday night when a representative of the "Dude Ranch" magazine called wanting to know how many more millionaires and Cadillacs there were in Post than in other area towns of similar size.

WE HAD TO disappoint our caller about the number of millionaires and Cadillacs, but aroused his interest when we told him we were pretty sure that Post has more pick-up trucks for its size than any other town in Texas.

Naturally, in a 74-page newspaper there's a wide margin for errors. The first "golf" called to our attention in the Golden Jubilee edition was in the Post Insurance Agency ad. It came out that the agency was established in 1942, when it should have been 1912. We agree with agency manager Buddy Stewart that a 30-year mistake is a "whopper."

Some people are easily entertained. All you have to do is sit down and listen to them.

Someone just asked what'll be coming up next, now that the Golden Jubilee celebration is out of the way. Offhand, we can't think of much except Columbus Day and Oil Progress Week.

SPEAKING OF DATES, last Friday was the first Friday the 13th that "slipped up" on us since we can remember. They usually make good subject matter for columns, but we completely forgot the last one. There'll be another Friday the 13th in December.

Most women are more economical than men give them credit for. For instance, where is there a woman who will put more than 26 candles on her 40th birthday cake?

PUTT POWELL sports writer for the Amarillo Daily News, asked recently in his "Puttin' Around" column why the Post High School football team didn't change its nickname to Cardinals. "Then," wrote Putt, "they could call themselves the Post Cards." Already dubbed the "Mighty Mites" by another area sportswriter, most members of this year's Antelope squad are nearer in size to postage stamps than they are to post cards. But, they're still our boys!

Answer to puzzle in third paragraph: There were 1,073,741,823 kernels of wheat in the bin, and half of them were gone when the first grasshopper ate half a kernel on the thirtieth day.

crowd, variously estimated at 100,000 persons or more, gathered Saturday afternoon for the Golden Jubilee parade—a jubilee parade—a parade which drew from all who saw it. The parade was rated as the finest ever witnessed anywhere in the city.

The First Christian church's float, depicting a church hymn singing, won the organization float, division, and Mason and Company's beautiful float was awarded top honors in the commercial float division.

Slaton and Crosbyton bands tied for first in the band competition. S. E. Camp's decorated pickup truck won the car and truck division prize.

Hudman Funeral Home's old horse drawn hearse won the prize in the horse drawn antique division. Brown Brothers was judged top honors in the oil field division.

The Plainview Texas Horseless Carriage club swept honors in the antique car competition.

The Khiva Shriners of Lubbock won the marching unit competition, the Slaton Rangers took the posse competition, and the Santa Fe railroad won the miscellaneous division with its miniature diesel engine.

One of the most unusual of the commercial floats was Ralph Kirkpatrick's Auto Supply pink and white birthday cake with 50 candles on top.

The navy had a float in the parade containing pretty girls in white navy shorts.

Pretty girls, in fact, were the main decorations of many of the floats.

The South Plains dairy princess was featured on one float. Post high school had a "little red schoolhouse".

Close City had a "rag town" float. Lowell Short merely took some items out of his hardware stock for his laugh-provoking float.

Piggly Wiggly Manager Wins State Fair Trip

Paul Jones, Piggly Wiggly store manager here, has won an airplane trip to Dallas and an all-expense paid visit to the Texas state fair and the Texas-Oklahoma football game for he and his wife.

The prize October trip resulted from the local store outselling all other Piggly Wiggly stores in its division in the back to school promotion of Paper Mate pens.

A Kansas University professor pays a half-cent each for live fireflies to be used in experiments.

half year lion, Blondie, in the parade as a theme for a float of the Lions of Texas for the Children's Foundation.

The Walker Air Force band from Roswell and the 18th Air Force band from Clovis failed to make the trip here for the parade due to lack of funds for the trip. Parade Chairman Tom Power was informed Thursday.

There were too many clever ideas and fine floats to describe them all. But they totaled up into a real headline attraction to kick off Post's Golden Jubilee after a threatening rainstorm had washed out the Friday night street dance about 10:30 p. m. after two hours of dancing.

VA Questions And Answers

Q. My private physician just sent VA a letter stating how my disability has worsened in recent months. Could VA use this letter to reopen my case and see whether I'm entitled to a higher compensation rating? If VA approves a higher rating, what would be its effective date?

A. A statement by your physician, showing increased disability, is acceptable by VA as an "informal claim" for a higher rating. If a VA physical examination confirms your physician's statement, the increased rating could be made effective as of the date VA received his letter.

Q. I was unable to keep two consecutive appointments for medical treatment at a VA clinic because I had to make emergency trips out of town. In the excitement, I forgot to notify VA in advance. Does this mean I've given up my rights to further treatment?

A. Not necessarily. Veterans who break two consecutive appointments without reasonable excuse and without advance notice may be denied further treatment. But if your reason is acceptable to the clinic, your treatments may be continued.

Q. I've held a permanent GI insurance policy for several years, but about a year ago I let it lapse. Until I reinstate it, am I without any GI insurance protection whatsoever?

A. No. When a permanent policy lapses, VA extends your coverage automatically as term insurance. Premiums come out of the cash reserve you've built up. The term protection ends when it has used up all the reserve.

Q. Is War Orphans education limited to only one child in the family of a deceased war veteran? Or may all children receive the educational benefits?

A. All children in the family may receive the educational benefits, once they reach the eligible age for War Orphans schooling which generally is 18.

More Than 68,000 Area Acres Under Seed Certification

More than 68,000 acres of crops on the High Plains are under the state's Seed Certification Program, Commissioner of Agriculture John C. White reported today.

White said field inspections of various seed crops are now being made by State Agriculture Department inspectors out of the Lubbock District Office.

Heading the list of crops are hybrid sorghums, White announced. This compares with only about 7,000 acres last year.

Commissioner White reported a considerable increase in crop acreages under the Certification Program, pointing out that the seed is very much in demand. High Plains growers are producing top quality seed due to the efficient farming methods and the excellent climatic conditions, White said.

"In addition to the monetary value of the seed produced under the program, the effect of pure seed of high quality is felt throughout the state's agricultural industry," the commission stated.

Following is a list of acreages and crops under the Certification Program in the Lubbock district so far this year:

Small grains, 7,922; sorghums, 17,844; cotton, 16,994; hybrid corn, 18; grasses, 670; alfalfa, 246; peas, 160; millet, 2,340; sesame, 55; guar, 135; soybeans, 139; hybrid sorghums, 21,816.

Don Clary's Steer is Reserve Champion

Don Richardson Exhibits Grand Champion in Calf Show At Fair

Don Richardson showed the grand champion calf and Don Clary the reserve champion at last weekend's annual Garza County Fair.

Young Richardson's grand champion animal had won in the show's milk-fed division, while Clary's reserve champion had placed first in the medium weight class of the market steer division.

John T. Brown showed the reserve champion in the market steer division.

In the feeder calf division, two Southland brothers, J. W. and Joey Basinger showed the grand champion and reserve champion calves, respectively.

The grading in the calf show was as follows:

Market Steers
 Light Weight: Lonnie Peel, fine; Donald Young, choice; Tom my Young, choice; Joel Morris, choice; Dean Huddleston, choice.

Medium Weight: Danny Richardson, prime; Don Clary, prime; Mason McClellan, choice; J. W. Basinger, choice; Robert Lee Mock, choice.

Heavy Weight: John T. Brown, prime; Jerry Thuet, prime; Fred Schmedt, prime; Bob Smith, prime.

Hospital Patient Sees Golden Jubilee Parade

Mrs. Carl Cederholm was able to view Saturday's Golden Jubilee parade from an ambulance, through the courtesy of Mason & Co., Slaton Mercy Hospital and Dr. McClellan.

Mrs. Cederholm, a resident of Post since 1915 when she moved here with her parents, the late Mr. and Mrs. J. P. Howard, has been a patient in the Slaton hospital for three weeks.

Mrs. Cederholm, who has seen much progress in the 42 years she has lived here, says she is indeed grateful for being able to come to Post to see the parade, even if she did have to view it from an ambulance. "I think Post is a grand place to live," she said.

Card of Thanks

I wish to thank the nurses and doctors and those who sent me flowers and cards and visited me during my recent stay in the hospital.

VISIT IN DALLAS

Mr. and Mrs. G. L. Blodgett and Martha visited relatives in Dallas and Grand Prairie over the weekend.

Post Jubilee Parade Picture

IT WAS A BIG PROCESSION — The County of Garza's float, welcoming former residents back for the Jubilee, was one of the most attractive floats in Saturday's parade. Inset shows Ed Scott, who has been in the area since 1889, chatting with young Gary Crary Jr.

A QUEEN IS CROWNED — Mrs. Loveta Josey, "Post Jubilee Queen" is being crowned by Cong. George Mahon at Saturday night's opening "Caprock Cavalcade" presentation. Mrs. Josey was official hostess for Jubilee activities.

INTERESTED ONLOOKERS — Robert (left) and Roger seem interested in the parade, but aren't sharing the enthusiasm of their mother, Mrs. Bob Pace. Robert is four and a half old and Roger is two and a half.

SECTION OF PARADE CROWD — While a television cameraman waits patiently, hundreds of people mill around on the south side of East Main, eager for the big parade to get under way.

SOUTHLAND ENTRY — Southland, in northwestern Garza County, was one of the communities entering floats in the parade. The float represents a river boat, cotton and other products typical of the "Southland." It is also graced by Southland's princess.

TIES FOR FIRST — L. D. (above) of Andrews and Billy Hamilton won first in the fiddlers' contest Monday during Post's Jubilee celebration.

Three Boys Share Top Spots in Lamb Show
 Fred Schmedt, Dan Howard and Billy Hamilton won top spots with their lambs at the Garza County Fair Friday and Saturday.

The whole even was highly successful and the judges, who were Mrs. Levi Thomas of Throckmorton, Mrs. A. B. Haws of Jacksonville, and Mrs. K. Stoker, found it hard to select winners from the many lovely entries.

Linda Bilberry Becomes Bride Tuesday Of Harry Lee Short

Nuptial vows were exchanged by Miss Linda Lou Bilberry, daughter of Mrs. Henry Bilberry, and Harry Lee Short, son of Mr. and Mrs. C. E. Short of Tahoka, Tuesday evening at 7 o'clock in the First Baptist Church.

The Rev. Roy Shahan, pastor, performed the double ring ceremony before an arrangement of

white mums and gladioli, centered with a blue wedding bell. The bride, given in marriage by her brother, Luther Bilberry, was attired in a street length, antique white sheath dress, fashioned with a sabrina neckline and topped with an empire styled jacket, and a small feathered hat. She carried a white pearlized Bible, topped with a white orchid and Stephanotis bouquet. To carry out the tradition of something old, she carried a tiny change purse belonging to her mother, for something new, she had a new penny, her something borrowed was a dinner ring of Mrs. Lawrence Bilberry; and for something blue the bride had a blue handkerchief belonging to Mrs. Luther Bilberry.

The maid of honor, Miss Joyce Bilberry, sister of the bride, wore a powder blue, scooped neck dress with white accessories. Her nosegay was composed of white carnations.

E. L. Short, brother of the bridegroom, was best man.

Ushers were John Paul Lawson of Tahoka and Percy Parsons.

Mrs. Glenn Norman provided the wedding march and accompanied Jimmy Short, who sang "The Lord's Prayer" and "Because".

The bride's mother chose for her daughter's wedding a black and white print silk dress with a velvet duster. She wore matching accessories and a white gardenia corsage.

Mrs. Short wore a mauve and pink tweed suit with black accessories. Her corsage was of white gardenias.

Miss Marie Howard registered the 75 guests for the reception, which immediately followed the wedding. Assisting with the reception were Mrs. E. L. Short, sister-in-law of the bridegroom, Mrs. Luther Bilberry, sister-in-law of the bride, and Mrs. C. K. Pierce. Miss Charlene Baker served punch and cake from a table covered with a damask cloth. The bride's chosen colors of blue and white were carried out in the decorations.

Alford-Jones Vows Spoken Sept. 12 In Church Of Christ

Miss Christene Alford became the bride of Donald Jones Thursday morning, Sept. 12, at 8 o'clock. The Rev. Leonard H. Tittle performed the double ring ceremony in the Church of Christ.

The bride wore an off-white sheath dress with white accessories. Her corsage of white carnations was accented with pearls.

Immediately after the ceremony, the couple left for a wedding trip to Carlsbad, N. M.

Parents of the couple are Mr. and Mrs. Truett Alford of Tahoka and Mr. and Mrs. Add Jones of Justiceburg.

Mrs. Jones attended Mozelle High School in Coleman County and the groom attended Rails High School.

The bride is employed as a nurse at Post Clinic and he is employed at Phillips "66" Quick Service. They are at home in Justiceburg.

'Golden Jubilee' Is Theme Of Meeting

A Golden Jubilee theme was emphasized when Mrs. Nettie Barrow entertained the Priscilla Club Friday afternoon in her home at 3 o'clock.

The ladies wore frontier dresses and each brought an old item of interest. A display was made of all the different items and movies were made during the afternoon.

Mrs. T. L. Jones modeled a dress of her mother's.

Mrs. Barrow served refreshments of ginger bread, topped with whipped cream, and coffee to those attending.

Mahon Predicts Federal Aid On Area's Water Problems

Cong. George Mahon, speaking to a group of Post community leaders at a Golden Jubilee luncheon Saturday honoring visiting dignitaries, said he is anxious to work with Post and its neighboring towns in solving their water problems.

The congressman declared that municipal water is the major problem throughout the nation today, but that there is no federal law to do much about it.

Mahon said federal aid to solve the municipal water problem would be expensive, costing between six and eight billion dollars, but he said the federal government has the best revenue sources to provide such funds.

He predicted that the federal government will get into the municipal water problem with federal aid in the future.

The congressman recalled he had urged President Eisenhower to get his administration into the municipal water problem and thus

make a "lasting contribution" to America.

"But right now," he told his hearers, "there is no way to meet Post's water problem by federal assistance."

Congressman Mahon's remarks about the water problem wasn't the only luncheon comment on that subject either.

Waggoner Carr, of Lubbock, speaker of the Texas House of Representatives, declared in a short talk that the state "is working better than ever before on its water problem."

He explained that the Texas water problem is so varied—with rainfall ranging from 55 inches annually in eastern Texas to 18 inches in the west—that it is hard to get people together on the solution. He said this is the reason the state is behind.

Carr told his hearers the people will have the opportunity this fall to approve a \$200 million dollar

state project for water conservation. He termed this "just a drop in the bucket as to what is needed" but said that if approved by the voters in November represents "a big step forward."

Calling attention to the special legislative session called for October by Governor Daniel at which time the governor will present additional water legislation which failed to pass the legislature at its regular session, Carr declared:

"I don't know if we can pass a controversial water program like that in 30 days (the limit of the session) after fighting among ourselves for years for every available drop of water, but we will try."

Carr called upon West Texans to work closely together for a water solution if West Texas is to get its rightful share of the water in any state program.

State Senator Preston Smith of Lubbock expressed the belief that by working together Texas will solve its water program eventually.

State Representative Bob Patterson of Snyder also spoke briefly and thanked Post for the fine jubilee program and the luncheon.

Considerable of interest also was said about the highway program in this area by Marshall Formby of Plainview, chairman of the state highway commission, another special guest at the luncheon.

Formby pointed out that US-84 is being rapidly "four-laned" and that Post has been selected as a site for a highway department regional warehouse which should bring several families to Post.

He emphasized that the new north-south state highway which will be built through Post as soon as right-of-way difficulties in another county can be solved, will bring considerable added business and traffic into this community. This new highway will take three or four years to complete. Formby said once the road is completed

all pedestrians might have to wear masks. Certainly, Russia could drastically upset our way of life. All of this could either hasten war with Russia or else result in some form of disarmament. This is probably why President Eisenhower insists that no reduction be made in defense appropriations or foreign aid. This means that our present prosperity is on a "teeter board" or "saw horse", so to speak. Certainly we will hear much more about Fallout, which could become more important than missiles.

Although Russia could make these tests from Western Siberia and pick days when the winds would drift the Fallout toward the U. S. A., yet the air of the entire world, including Russia, would be polluted. Therefore, these "tests," like poison gas, might not be used; but we do not know. In fact, there is a bare possibility that fear of these "tests" could bring about disarmament. Of course, if Russia should go too far, the U. S. and the rest of the world might declare war upon Russia. Then what?

Real estate, commodity, and stock markets could be totally upset because of the fear of Fallout or unemployment. Certain cities would be much more subject to Fallout than others. As people now seek Florida or California for climate, they may avoid these states for fear of Fallout. Remember, this Fallout is polluting the air you breathe right now as you read this column.

Studies are now being made by the Atomic Energy Commission as to the effect of Fallout on Agriculture and Fisheries. Unofficial reports are that ordinary fission or fission tests would not be harmful. If, however, Russia should float too much Strontium 90 over the United States, it could become very serious. This would especially apply to all leafy vegetables and perhaps to corn and wheat.

Certainly, we would no longer be allowed to drink cows' milk in its present form. Strontium 90 would have to be eliminated from canned-milk products. And this would need to be done for all canned fruit and most other canned products. The ocean seems to be especially "allergic" to this dangerous poison. Thus, the fish might be impregnated. Livestock which feeds on grass could surely be seriously affected.

Industries other than food would also suffer. Manufacturing and retailing need not be directly affected. Of course, all stores and factories would need to be screened, as well as all homes. Automobiles would have to be screened, while

ROGER BABSON'S AUTHENTIC STATEMENT

Before Long Newspapers Probably Will Give Forecasts On 'Fallout'

BABSON PARK, Mass.—It will not be long before "FALL-OUT" will be the most discussed subject facing business, real estate, and investments. Newspapers now give daily forecasts for weather, tides, and winds. Before long they also will give a local daily air analysis, together with a forecast of the analysis for the next few days.

All businesses and investments must be adjusted either to "Fall-out" or to "Peace." Furthermore, it will be the fear of Fallout or the fear of peace which will bring about unemployment and a business collapse. The propaganda about "clean bombs" by those persons now profiting from the defense industries is the bunk. "Clean bombs" can be built; but Russia will never agree to their exclusive use. The Fallout is Russia's best bet.

Every reader of this column should ask himself how either the

fear of Fallout or the fear of peace and disarmament will affect his community, his family, and his business or investments. The London Conference on Disarmament is discussing the possibility of both intensified Fallout and Disarmament. Every Congressman is trying to determine how his constituents would be affected by either. Meanwhile the Atomic Energy Commission is working hard studying Fallout.

There could be a total change in the rising population trend. Most schools and colleges will have plenty of room for students. Families may fear to have more children for fear of having seriously deformed offspring. The birth rate could radically decline.

Real estate, commodity, and stock markets could be totally upset because of the fear of Fallout or unemployment. Certain cities would be much more subject to Fallout than others. As people now seek Florida or California for climate, they may avoid these states for fear of Fallout. Remember, this Fallout is polluting the air you breathe right now as you read this column.

Studies are now being made by the Atomic Energy Commission as to the effect of Fallout on Agriculture and Fisheries. Unofficial reports are that ordinary fission or fission tests would not be harmful. If, however, Russia should float too much Strontium 90 over the United States, it could become very serious. Golden Jubilee Brings Congratulatory Wire From Michigan Solon

Post's Golden Jubilee brought a congratulatory telegram from Cong. August E. Johansen of Michigan Saturday just prior to the parade.

Johnston wired Congressman George Mahon, who was in town for the Saturday Jubilee festivities:

"The 19th congressional district of Texas and the third congressional district of Michigan share a common distinction as beneficiaries of the wisdom, foresight and pioneer spirit of C. W. Post. Please convey my congratulations and good wishes to Mayor Jim Minor and the citizens of Post, Texas, on their Golden Anniversary.

Warmest regards, Congressman August E. Johansen."

Congressman Mahon told The Dispatch he was very pleased to receive the telegram and would thank Congressman Johansen for it.

Battle Creek Residents Made Honorary Citizens Of Post

Post's city council in an impromptu session in Collier's drug store Friday authorized Mayor James Minor to draw up a resolution making the citizens of Battle Creek, Mich., honorary citizens of Post.

The resolution came after the mayor had received a congratulatory message from the mayor of Battle Creek on the city's Golden Jubilee.

Mayor Minor's resolution is as follows:

"Whereas, the city of Post and county of Garza, Texas, have unhitched all horses, turned loose all cattle, and unloosed all stops for the occasion of the celebration of our Post Golden Jubilee so that we might properly honor the founder of our city, Mr. C. W. Post, and all other pioneers of this great country of West Texas, we herewith send greetings and salutations to our sister city, Battle Creek, Mich. (in Yankee land from Texas to the north).

"Be it further resolved that since Post, Texas, and Battle Creek, Michigan, have many common ties, we hereby bury the damyanke hatchet and of this date we pay tribute to all of the fine people of the city of Battle Creek, state of Michigan, by making the entire populace of this great city, honorary citizens of the city of Post, County of Garza, Texas.

LOST BOY

Dry those tears, Sonny. The Law has brought you home.

But when you're grown up, don't get lost then—the Law won't be able to bring you home!

Sure, grown-ups often get lost. They choose the wrong road, they take the wrong turn, they depend on the wrong ideas, they seek the wrong aims. And some of them get lost again and again.

Why can't the Law bring them home, too? Well, when a grown-up gets lost he generally does a lot of harm to himself and others. And then it's the job of the Law to protect people from the harm he is doing.

But, Sonny, when you grow up you're not going to get lost. We have thousands of churches for youngsters like you—and for your parents, too. Churches teach us to find ourselves before we have a chance to get lost.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. If it is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

SPORTS

Post Plays Denver City Today; Lose To Chiefs

Post Antelopes, in their first victory of the season, journey to Denver tonight to take on the AA Mustangs, who are coached by Sudan and Tahoka.

That was the only serious threat by the Antelopes, with Crosbyton scoring single touchdowns in the second and third quarters and two in the fourth.

Against Denver City, the Antelopes will be faced with the task—among other things—of stopping back Charles Mobley, 152-pounder, who turned in long runs Friday for his team's touchdowns in their 13-7 victory over Tahoka. In their season opener two weeks ago, the Mustangs ran roughshod over Sudan, 33-7, in a game called in the third quarter because of rain.

Coach Krhut probably will make several changes Friday in the Antelope starting line-up following performances turned in against Crosbyton by some of the more inexperienced players. Sophomore Kenny Poole played a good game in the line, with another sophomore, Scotty Pierce, playing a good defensive game at end in the late stages of the game. Forrest Claborn, also a sophomore, showed up well at halfback. Didway, the sophomore quarterback, gained 50 yards in the four times he carried the ball and was responsible for three of the Post team's four first downs.

The squad's biggest man, 244-pound Leland Edwards, playing his first year of football, looked good at a tackle position in the injury-riddled Antelope line. Senior Sammy Martin, running at fullback, got off some good punts and shone on defense, as did Charles Morris, Herbie Hays and Lonnie Peel. Hays is a junior and Peel a senior, but neither played varsity ball last season. Jimmy Minor, 136-pound freshman halfback, broke into his first varsity game in the second half. Another senior lineman with no previous experience who turned in a good defensive game was Paul Wheatley.

Senior quarterback Noel Don Norman, already slowed by a rib injury received in the Ralls game, was injured early in the second quarter Friday night, but returned to action in the second half. Linemen Arlon Ford and Lewis Holly and halfback Jerry Windham saw only limited action because of injuries received in the opening game or in practice sessions.

Junior center Billy Williams did a good job in his line-backing role. Creditable performances in the face of big odds also were turned in by backs Richard Simpson, Don Greer and Jerry Morris and linemen Ronnie Polk, Sonny Hudman, Bryan Williams and Mike Ray.

Following is a play-by-play account of the Antelopes' loss.

First Quarter
Post defends north goal and receives. Noel Don Norman takes Gene Smith's kickoff on 20 and gets back to the Post 35.

POST—Jerry Windham gets 2 at the line, and Norman goes for 5 more on a keeper. Norman carries again for 3 and a first down on the 45. Richard Simpson fails to gain on a right end run, and Norman goes for 4 on a quarterback sneak. Norman fumbles, recovering for no gain, and Sammy Martin's punt goes to the Chiefs' 8-yard line.

CROSBYTON—Lonnie Peel and Leland Edwards stop line play

at the line.

after 3-yard gain, but Bob Smithie plows to the 18 for a first down. Edwards stops Smithie after 3-yard pickup, and Dale Hill circles right end for 15 yards and a first down on the 39. Peel and Ronnie Polk stop line play after 5-yard gain, and Kenny Poole stops next try after one-yard pickup. Another crack at the line gains 2, but next one fails, with Crosbyton drawing 5-yard penalty for backfield in motion. Charles Morris stops line play after 5-yard gain, but Post is penalized 5 for delay of game and it's a Crosbyton first down on the Antelope 48. Smithie rambles 8 yards with a pitchout, and Hill plows the middle for 6 and a first down on the Post 34. The play is nullified, with the Chiefs drawing a 15-yard penalty for holding. Bill Hunsucker takes Hill's pass on Post 33, and a line play picks up 5 more. Charles Moore goes for 5 and a first down on the 25. Billy Williams stops Cornelius for no gain at left end, but Hill circles right end on keeper for touchdown. Smithie fails in attempt to run extra point, and the Chiefs lead, 6-0.

Post receives, with Norman returning kickoff 24 yards to the Post 34.

POST—Windham gets a yard at end, and Simpson gains another with pitchout. Norman's jump pass to Polk fails as first quarter ends.

Second Quarter
POST—Martin's punt is killed by Norman on Crosbyton 19.

CROSBYTON — Paul Wheatley stops Cornelius for no gain at left end, and Smithie plows for 3. Hill gets 4 more, Billy Williams tackling, and Norman returns punt from Post 46 to Crosbyton 37. Norman is injured on the play and is replaced by Curtis Didway.

POST—Forrest Claborn fails to gain at left side, but hits again for 3. Martin plows for 4, and Didway pulls a quarterback sneak for 7 and a first down on the 23. Martin goes for one on a pitchout, and Windham picks up 2. A 15-yard holding penalty sets Post back to the 30. Didway keeps and circles left end for 25 and a first down on the 5. Martin fails to gain at the line. Didway plows over goal line on a sneak through middle, but Post draws 15-yard penalty for pushing ball carrier.

Claborn goes for 7 with pitchout, and Martin rams for 3 more. An end run by Didway gains only a yard, and Crosbyton takes over on their 5.

CROSBYTON—A try at the line fails and the Chiefs are penalized to their one-yard line for holding. Morris fumbles ensuing punt, but recovers on Crosbyton 40.

POST—Didway's pass is intercepted on Crosbyton 20 and returned to the 36.

CROSBYTON — Smithie drives to the Chief 49 for a first down, Martin making the stop. Moore goes for 4 on a pitchout, Peel tackling. Hill goes for 5 at left end, Martin making the stop. Hill quarterback sneaks for one and a first down on the Post 40. Wheatley stops Smithie after 3-yard gain. Windham hauls down Cornelius from behind on Post 15, where it's another first down for the Chiefs. Herbie Hays breaks up attempted end run for 2-yard loss, but Hill passes to Hunsucker for touchdown. The extra point fails and Crosbyton leads, 12-0, as the first half ends.

Third Quarter
Crosbyton receives, with Moore taking Norman's kickoff on 25 and getting back to Chiefs' 34, where Poole and Martin make the tackle.

CROSBYTON — Martin dumps Cornelius for 6-yard loss, and a line smash gains 4, with Arlon Ford tackling. Hill rambles 12 yards to the 44, where Hays hauls him in, and it's a first down for the Chiefs. Peel and Edwards stack line play after 3-yard gain. Hill heads around left end, cuts back and goes all the way for a touchdown. A try at the line fails to produce the extra point and Crosbyton holds an 18-0 lead.

SECTION TWO The Post Dispatch

Thursday, September 19, 1957

VISITOR ADMIRES LION — Bob Branson (right, Washington D.C., bureau head for the Battle Creek, Mich., Enquirer, pats the head of Blondie, African lioness, while her owner, Charlie Hipp of Graham, Tex., looks on. The lion helped form the prize-winning float of the Post Lions Club in the Golden Jubilee parade. Branson said he was going to write a feature story on the area with this lead: "West Texas, where men are men and lions are house pets."—(Staff Photo).

Post receives, Simpson taking kick on 19 and getting back 13 yards to the 32.

POST—Norman's pass to Polk overshoots mark. Norman goes for 5 on keeper, but Simpson fails to gain in try at line. Sonny Hudman replaces Peel in Post line. Martin's punt is killed on Crosbyton 34.

CROSBYTON — Norman stops Hill after 5-yard gain. Chiefs fumble, but Cornelius recovers for 12-yard gain and first down on Crosbyton 49. Moore and Cornelius fall in two tries at line. Jackie Payne goes in for Mike Ray at Antelope guard post. Post declines backfield in motion penalty, and Billy Williams stops Smithie after 6-yard gain. Post draws 5-yard penalty for delay of game, giving Chiefs first down on 39. Martin, Hays and Lewis Holly team up to down Hill for 6-yard loss. Cornelius rambles to Post 29. Norman tackling. Hill hits middle for first down on 25. Martin brings down Moore after 5-yard gain. Smithie plows center for 8 and a first down on the 12. Moore goes for touchdown, but Crosbyton draws 15-yard penalty for holding. Scotty Pierce throws Smithie for 3-yard loss on attempted end run. Hill's pass is incomplete, but he passes again to the Post 17, where Didway makes the tackle. The Chiefs are penalized 5 for backfield in motion, and jump pass is completed for 3 yards as quarter ends.

Fourth Quarter
CROSBYTON—Hill runs for 9, but Chiefs draw 15-yard penalty. Simpson fumbles punt, but finally falls on it on 8-yard line.

POST—Simpson smashes tackle for 5, but lateral is fumbled for 2-yard loss. Jimmy Minor replaces Simpson in Antelope backfield. Another fumble is recovered for no gain. Martin's punt is taken on Post 45 and returned to the 41.

CROSBYTON — Claborn stops Hill after 5-yard gain at end. Didway makes shoe-string tackle of Cornelius after gain to 19, where it's a first down for Chiefs. Moore goes for 9, Martin tackling. Hill rams center for a first down on the 9, and Post is penalized to the one-yard line for holding. Cornelius scores through the right side of his line, then runs end for the extra point to bring the score to 25-0.

Crosbyton kicks. Minor returning 10 yards to the Post 25.

POST—Norman's pass to Didway is too long, and Post draws 15-yard penalty for illegal use of hands on offense. Norman goes for 5 on keeper, then passes incomplete to Martin. Smithie gathers in Martin's punt on Post 48 and returns it to the 37.

CROSBYTON—Norman stops Winter after 15-yard gain to 22, where it's a first down. George Fergus takes jump pass on 10, and Bryan Williams downs Moore after 5-yard carry to the 5, where it's another first down. A jump pass fails, and a line play gains one, with Post declining an offside penalty. Moore goes to the 1, and Hill sneaks over for touchdown. Hill runs end for the extra point, and it's 32-0.

Post receives, Martin taking kick on 22 and getting back 11 yards to 33.

POST—Didway, back to pass, can't find an open receiver and circles end for 16 and a first down on the Antelope 49. Didway fumbles in attempting to pass, but Holly recovers for Post on their 36. Martin goes for 5 on a pitchout, but Didway's jump pass falls short. Didway is thrown for a 14-yard loss on another pass attempt and the ball goes over to Crosbyton on the Antelope 27.

CROSBYTON—A line play gains 5 and a jump pass carries to the 12 as the game ends.

Red Carpet Rolled Out At Lubbock For Post Jubilee Guest

Mrs. Merriweather Post, Post's distinguished jubilee guest, received a real "red carpet welcome" Sunday afternoon when she arrived on a special Santa Fe car at Lubbock.

An official delegation from Post—which included Mayor James Minor, Dr. A. C. Surman, O. L. Weakley and George Samson—were introduced to Mrs. Post at the railroad station.

She was presented with a bouquet of roses by Mayor Minor.

Lubbock had its red carpet down on the station platform and the engineer of the train—aided by the signaling of other crewmen—stopped the train so that Mrs. Post could step down from the special car right onto the carpet.

She made the trip to West Texas from Chicago with her private secretary and maid. Mrs. Post and her party stayed at the Plainsman Hotel in Lubbock during her three day visit to the area, motoring to Post on Monday and Tuesday for Jubilee festivities here.

Representing Lubbock at the station ceremonies Sunday was Dr. D. M. Wiggins, executive vice president of the Citizens National Bank of Lubbock and former president of Texas Tech. Dr. Wiggins was the featured speaker at the statue site dedication here Tuesday afternoon.

About 8,000 citizens of the United States live permanently in Paris.

Mr. and Mrs. James Stone had as their weekend guests Mr. and Mrs. Randall Lawrence and children of Austin and Mr. and Mrs. Jerrel Stone and baby of Artesia, N. M.

High School Hi-Lites

By FRANCES DIETRICH

Hi kids! The big news this week is still the Golden Jubilee. The PHS students welcomed the first holiday from school Monday while they attended various Jubilee activities. Our campus was a busy place during the big barbecue and program. The halls were filled with beautiful costumes Tuesday when the school observed pioneer day.

This week more classes met and elected officers. The sophomore class has chosen Scottie Pierce for their president, Derwood Mayberry for vice-president, Allane Norris for secretary, Curtis Didway for treasurer, and Kenney Poole for Student Council representative. Mrs. Smith and Mrs. Bishop are the sponsors, and Mrs. Morris and Mrs. Knight are the room mothers.

Mike Cornell is the freshman class president. Jane Maxey is the vice-president along with Frankie Howell as secretary, and Anne Morris as treasurer. Linda Kuykendoll is the Student Council representative. Chosen for sponsors were Mrs. Hill and Mrs. Madison. The room mothers are Mrs. Joe Hill and Mrs. James Stone.

Kay Martin has been selected to be assistant editor of the annual this year. We think she will do a fine job. Congratulations, Kay.

Everyone was very happy to see the first edition of the school paper, the "Antelope Echo" on sale this week. The staff hopes to have a larger paper each time it is

published. If you have any news of interest that you would like to have printed give it to one of the staff members.

The girls in shorthand class are beginning to wonder if they will ever learn to read and write again. Some seem to think it is hopeless.

We were very happy to see Bar-

bara Haragan of Portales, N. M., visiting in town last weekend. She moved from Post last January and is a senior in Portales High School.

The first pictures for the annual are going to be taken next week.

Wayne Runkles started school Tuesday. He has been out because of an injury he received while

playing football. He's you back, Wayne.

FORREST FINANCE PLAN

REVOLVING CREDIT PLAN "RCP" FOR OPEN CHARGE ACCOUNTS

1. What is Forrest's "Revolving Credit Plan"?

It is a new service for those who prefer to pay a set amount monthly on purchases from Forrest. It works exactly like a regular charge account except the Customer has a longer time to pay.

2. What may be bought on Forrest's Revolving Credit Plan?

Any merchandise Forrest sells, providing that the price, plus the balance on the account, does not exceed the balance limit agreed on.

3. When may additional purchases be made?

At any time . . . up to the agreed on total balance.

4. What size account is available?

If you pay each Month	\$10	\$15	\$20	\$25	\$30	\$35	\$40	\$50
You may carry a balance up to	\$80	\$120	\$160	\$200	\$240	\$280	\$320	\$400

5. May more than the scheduled amount be paid at one time?

Certainly. This will increase the amount that may be added-on.

6. Can the total limit ever be increased?

Yes, with the approval of the Credit Manager.

7. What happens when the entire balance is paid off?

The card stays in the file, waiting your next purchase. During this time there is no service charge or payments due.

8. Is there any charge for this service?

Yes, there is a small charge added each month. It is 1% of the outstanding balance at the statement time. If the outstanding balance is \$90.00, for example, the service charge would be 90c.

9. What is the purpose of the RCP Identification Card?

The card will allow purchases without having to visit the Credit Department each time you wish to add something to your account.

125 Attend Opening Of Garza Farm Store Here

Approximately 125 persons turned out on Saturday, Sept. 7, for the grand opening of the Garza Farm Store, operated by Junior Gray for Earl Rogers.

It was quite an affair with plenty of prizes.

Douglas Shaw, a Post boy, won the gilt by coming closest to guessing the total weight of two pigs and the number of range cattle checkers in a 100 pound bag.

Second prize of 50 chicks was won by John E. Nelson of the Close City community.
