

Presbyterians re-elect 3 elders and 2 deacons

The congregation of the First Presbyterian Church Friday night re-elected three elders and two deacons to three-year terms at the

Texas communities should take stock of traffic safety

AUSTIN — "The arrival of the New Year is the signal for Texas communities to take a good, hard look at their traffic safety picture, and make a realistic appraisal of their safety efforts."

This statement was made, today, by J. O. Musick, General Manager of the Texas Safety Association, as he discussed community responsibility in the state's overall traffic program.

"Many towns and cities are already engaged in a fulltime safety program for its citizens. And, in towns after town the story is the same: Wherever vigorous action is taken, traffic accidents are reduced."

"The conclusion is obvious. We can lick our state's traffic accident problems by community-action," Musick said.

The safety expert said he thought Texas was headed in the "right direction" in its traffic accident program, and that when final figures are in for the twelve months of 1958, he believed the state could show at least a six percent reduction in total traffic fatalities.

This would amount to a savings of about 152 lives, since 2,539 persons were killed in traffic accidents during 1957.

church's annual congregational meeting. Renamed as elders were David Newby, Tom Power, and Dr. Harry Tubbs. Charles Morrow and Walter Boren were re-elected as deacons.

The three trustees elected for one year at a church corporation meeting which followed were Giles McGrary, R. L. Simpson, and Jim Cornish.

Elected from the congregation to the nominating committee for 1959 were Mrs. Howard McCampbell, Mrs. D. C. Williams, and Cornish.

The annual congregational meeting followed a covered dish dinner for church families. Mr. and Mrs. S. E. Camp and Mr. and Mrs. Tom Power were hosts for the dinner arrangements.

At a congregational meeting Sunday, following Sunday morning worship service, the congregation heard a report from Bryan J. Williams as to the session's thinking on expansion plans.

Williams pointed out some of the factors involved in either expanding the present church, or selling it and building a new church on five lots purchased last year as a site.

He also reported on the status of the building fund to which an anonymous donor is giving \$3,000 for 1958 and \$3,000 for 1959, if matched by the membership.

No action was taken at the Sunday meeting. It was called to inform the congregation of the elders' thinking on the subject of church expansion. More Sunday school space and a larger sanctuary both are desired.

COMING TO TOWER SUNDAY, MONDAY, TUESDAY

Unusual dramatic theme threads through film, 'Kings Go Forth'

A tender love story with the unusual theme of an inter-racial conflict, "Kings Go Forth," a United Artists release, will show at the

Tower Theatre on Sunday, Monday and Tuesday.

Starring Frank Sinatra, Tony Curtis and Natalie Wood as the three principals involved, the picture tells of two men who fall in love with a girl who is half Negro. It is in no sense a preachment, but a warm, moving story of two men and a girl; one man genuinely in love, the other out for what he can get, and the girl unfortunately unable to distinguish between true love and "a good line."

2,285 enrollment is expected in spring

ABILENE — Some 2,285 students are expected to enroll in Abilene Christian College for the Spring Semester according to Registrar Ken Rasco. This is in contrast with the 2,456 which enrolled in the fall, and Rasco has based his prediction on a usual spring drop in enrollment.

Classes begin for the second semester Tuesday, Jan. 27. Pre-registration at ACC was held the week of Jan. 5-10, and one day of regular registration was set for Jan. 26.

Final examinations for first semester courses were scheduled from Jan. 19-23.

TCU names Hammond department chairman

FORT WORTH — Dr. John H. Hammond, professor of Spanish and faculty member since 1950, has been named chairman of the department of foreign languages at Texas Christian University effective with the start of the spring semester Feb. 1.

He succeeds Dr. Jerome A. Moore who in addition to being dean of the AddRan College of Arts and Sciences, director of the TCU Summer School and other duties, has headed the language division for many years.

The World Book Encyclopedia reports that a 24-carat diamond, set in the floor of Havana's Capitol building, is the starting point for measuring all distances in Cuba.

Formby declines reappointment

AUSTIN — Chairman Marshall Formby of the Highway Commission has advised Gov. Price Daniel that he does not seek reappointment.

Daniel had inquired of Formby's desires. His term ends Feb. 1. Daniel is expected to announce his successor shortly.

Formby has said he intends to be a candidate for Governor in 1960. He is a Plainview lawyer and radio station owner.

The new commission appointee will be from West Texas to continue representation of that section of the state.

- These specific common sense features are the big reasons why Ford is the best seller:
1. Six passengers, not just four, ride in comfort. Yes, even the man in the middle. Because Ford's full-depth seats are extra thick all the way across—there's no hard spot in the center as in some cars.
 2. The doors are wider for easier entry. Compared with Ford's major competitor, they open wider; and have two-stage front door checks.
 3. Ford's styling is sensible. It's clean and simple like the Thunderbird. No useless wings that are easy to dent.
 4. Ford's frame is safer. In its field, only Ford has a wide-base frame that seats all passengers within the protection of its husky side rails.
 5. Ford's spacious luggage compartment is easier to load and unload. High rear trunk wall on Ford's nearest competitor makes loading difficult.
 6. Ford's got the most sound and weather insulation—everywhere. No other low-priced car compares.
 7. Ford is economical. You save up to a dollar a tankful with Ford's standard Six or Thunderbird V-8 engines—for they thrive on regular gas; You need change oil only after each 4000 miles; The muffler is aluminumized to last twice as long as ever. And Ford's new Diamond Lustre Finish never—ever—needs waxing.

IN TEXAS

What's behind the big switch to FORD?

And here's good news for the economy-minded...

With all these exclusives, and with the usual optional equipment, Ford prices are as much as \$100 lower* than the nearest major competitor.

A committee consisting of Mrs. Ruth Lee, Miss Jessie Pearce and Mrs. Katharine Trammell was appointed by Mrs. Ruth Young, president, to assist the local Chamber of Commerce in its selection of Post's "Woman of the Year", when members of the Post Business and Professional Women's Club met at the City Hall last Thursday evening.

Miss Beverly Young entertained with two piano solos, "The Shepherd's Return" and "Stormy Weather" for Thursday evening's program.

Following Miss Young's selection, it was announced that the club received a Christmas card mailed from Correo de Bolivia, from a club member, Mrs. Winnie Tuffing.

Miss Pearce extended an invitation for the group to attend the cotton show at the Lubbock Coliseum.

A white and blue motif was carried out in decorations with the serving table laid in white lace over blue. A miniature bride and groom on a styrofoam altar flanked with white tapers and entwined with tiny blue flowers topped with wedding bells formed the centerpiece. were served by Miss Kay Maxey, sister of the bridegroom, and Miss Dorothy Kuykendall.

The bride's table was laid in a white linen cloth and centered with a large blue taper in crystal. Approximately 50 guests registered.

Gifts were displayed from a table laid in white.

The men spent the evening playing "42" and were served coffee and cookies.

Hostesses for the occasion were: Mmes. Vera Gossett, Glenn Davis, Elmer Cowdrey, Delmer Cowdrey, Elva Peel, Lonnie Peel, Bobby Cowdrey, Bill McMahon, James

A Message from Rose

Hello! Say! Did you watch the Ed Sullivan show last Sunday night? If you didn't you missed some mighty fine entertainment plus some mighty fine advice.

Ed suggested to those of you who had not had your portrait made in the past year to be sure and do so right now. "Tomorrow's portrait must be made today!" Good advice from Ed Sullivan and the Eastman Kodak Co.

Valentines day is just around the corner and we are offering you a sweetheart of a deal. You may stop in anytime between now and February 14th and pick up one of our gift certificates for just \$4.95 and it entitles you—or anyone you might care to give it to — one of our regular \$7.00 Browntone portraits in the 8 x 10 size.

Don't forget. Tuesday is Tots Day! Bring your children in on Tuesday and save 10% on all portraits you buy.

Corner on Cotton

BY BOB COLLINS

Slow in coming and even now barely scratching the surface, research is paying off for cotton in finding new uses and improving cotton's qualities in present markets . . . by the time you read this a new cotton fiber will be on the market . . . a special chemical treatment changes the molecular structure of the fiber and the change is permanent . . . it causes the treated fibers to "iron themselves" . . . we've seen the fabric and compared it to the resin treated drip dry cloth . . . for us it looked like a 100 per cent improvement . . . the new fabric may be washed and dried in any manner and still looks as if it has been ironed . . . scheduled to go on the market this month, it will first be offered in the form of sheets, dresses, diapers, etc. . . a new-type cotton suit for men is also slated for spring sales . . . suit is made from fabric treated with resin . . . it's not wash and wear but designed to compete with mid-priced wool suits . . . we've also seen this suit and if we're any judge, it's going to take a sizeable bit out of a traditionally wool market . . . has all the advantages of cotton and the resin treatment gives it a wrinkle resistance that cotton hasn't had before . . . maybe cotton isn't dead after all!

More Competition?
It may not be long before corn will be competing with cotton in the clothing field . . . a new variety of corn has a chemical similar to cellulose . . . it can be made into a fiber like rayon . . . but doesn't have sufficient fiber strength and may not dye satisfactorily . . . however, if research licks the technical problems the cotton farmers will have one more competitor.

Tax Guide
The government publishes a Farmer's Tax Guide which might prove helpful to you in figuring your income tax . . . cost is 35 cents (coin or check) . . . write to Superintendent of Documents, Washington 25, D. C. . . ask for publication number 225.

Maid of Cotton
This year's Maid of Cotton is an Oklahoma lass . . . Malinda Diggs Berry of Stillwater . . . she's 20 years old and you never saw a better representative for cotton . . . under the sponsorship of the National Cotton Council she'll make a round-the-world tour promoting the finest fiber.

'Desire Under the Elms' Tower fare

Eugene O'Neill's "Desire Under the Elms," the savage drama often called the Nobel and Pulitzer Prize winner's greatest, has finally been brought to the screen. The challenge of the frank and shocking story has been met by Don Hartman's motion picture production for Paramount of the play that for 33 years defied film adaptation.

Retaining the original elements so long considered unfilmable and cast with an impressive array of talent, the VistaVision release will show next Wednesday and Thursday at the Tower Theatre.

Volcanic beauty Sophia Loren, top young dramatic star Anthony Perkins and commanding Burt Ives portray the lead roles, with Frank Overton and Pernell Roberts in support.

"Desire Under the Elms" arrives as a major event in the march of great movie entertainment.

A Church Going Family Is A Happier Family

Training is Important

The proper training of the young is one of the most important tasks in all the world.

Even the animals know this. The mother collie devotes patient hours to the training of her puppies. She will help them learn to walk and run; teach them when to bark and what to eat; warn them of possible dangers and show them whom to trust. Instinctively, she knows that it is her responsibility to provide for their safety and welfare by providing them with proper training.

The same thing is true in even larger measure of human parents. We know that, for their safety and welfare in life, it is important that our children receive the finest training possible — and that we are responsible for helping to provide such training.

A part of the basic training of our children is, of course, moral and spiritual training. A good part of such training must come in the home and family — but we are fortunate in having in our community so many churches, all of which specialize in moral and spiritual training, especially for the young. Wise parents see to it that their children take advantage of this special training which is available and so important for human lives.

Why not take your children — the whole family — to Sunday School and church this week? You will all be helped by the spiritual training you will receive.

"Train up a child in the way he should go; and when he is old, he will not depart from it."
(Proverbs 22:6)

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Senate battle on filibuster may leave women as champion talkers

The expected Senate battle to restrict the filibuster may leave women the undisputed champs of the art of talking the opposition to death.

The little woman has long been notorious for her back-fence oratory. But she has had strong competition from senators who have recited from the Bible, read old newspapers and even disclosed their favorite recipes in an attempt to kill or amend legislation they opposed.

World Book Encyclopedia report that many believe Sen. Strom Thurmond holds the record for a one-man filibuster. The South Carolina Democrat spoke for 24 hours, 18

Sen. Johnson to head Heart Fund campaign

Sen. Lyndon B. Johnson, senior senator from Texas, will head the 1959 Heart Fund Campaign in the Lone Star State, it was announced today by William B. Adamson, M. D., Abilene, president of the Texas Heart Association.

This is the second time Senator Johnson has served as Heart Fund Chairman since his near fatal heart attack in July of 1955. In 1956 Senator Johnson led the Heart Fund in a successful campaign when over \$700,000 was raised.

minutes, in 1957. He began the filibuster by reading the texts of the election laws of the 48 states.

Thurmond got a breather, however, when another senator asked for the floor to make an insertion in the Congressional Record.

Some purists argue that Sen. Wayne Morse held the floor longer than any other member of the Senate. In 1953, the Oregon Independent talked for 22 hours, 26 minutes, without any interruptions, in an effort to prevent the passage of the tidelands oil bill.

Republicans, too, have had their share in trying to stifle legislation by wearing down the opposition with talk. In 1908, Wisconsin's Sen. Robert LaFollette Sr. held the floor for 18 hours, 23 minutes, in a filibuster against the Aldrich-Vreeland currency bill, although he did not talk continuously.

Senators have filibustered against targets ranging from the Atomic Energy Act to a migratory-bird bill. But despite these formidable male threats, the record for an unbroken monologue still belongs to a woman.

Baptist end-of-year report in District 9 shows big increases

DALLAS—Texas Baptist churches in District 9, which includes Post, have baptized 3,513 converts, and given \$964.81 for support of the denomination's cooperative mission program in 1958, leaders said in an end-of-year report to the state executive board.

The district includes eight associations, 188 churches, 37 missions and 82,810 members. Its 19-county area extends from Canyon on the north to Brownfield on the south, and from Matador on the east to the west border of the state. District missions secretary is Franklin E. Swanner of Plainview.

Average Sunday school attendance in the district's churches for the year was 32,210. Training Union attendance averaged 13,701.

Total gifts by members for all purposes were \$4,660,271.

Texas Baptist churches baptized 65,837 persons in 1958 and gave \$11,126,017 through the cooperative program.

Total gifts of \$80,294,137 were reported by all churches, with the average member giving \$52.15. The total exceeded a 1958 goal by more than \$6,000,000.

Sunday school attendance for Texas Baptists during 1958 averaged 569,142 persons. Total Train-

ing Union attendance averaged 223,092 persons.

Texas Baptists now have 17 regional districts, 125 local associations, 3,837 churches and 1,539,821 members.

Seal coating job on U. S. Hwy. 84 slated for Garza

AUSTIN — The State Highway Commission recently announced a program to rehabilitate 2,385 miles of the state highway system.

Included is seal coating of U. S. Highway 84 from the Lynn County line to 3.3 miles northeast of Post, a distance of 12.3 miles. Estimated cost of the project is \$18,500.

Marshall Formby, chairman of the State Highway Commission, stated that the \$20-million program is for the principal purpose of protecting the investment that has been made by the taxpayers of Texas in the State Highway System.

"We will be working on 360 projects under this program, and the work will be done during 1959. We must always have programs of this type in order to keep our present highways in the best possible state of repair until they can be rebuilt completely. The volume of traffic generated by Texas' 4.3 million vehicles is tremendous, and a road-rehabilitation program helps to increase the carrying capacity of the road. A very important aspect of the program is that the work done on these highways will make them safer, too — a goal we are constantly striving for," Formby said.

The Commission chairman stated that the work under the program would be in road widening, shoulder work, and surfacing of the highway.

The USS Independence, most powerful vessel ever built for the U. S. Navy, will be commissioned Jan. 10.

The Navy's newest aircraft carrier, USS Independence, contains 180 miles of piping and 290 miles of electric cable.

Bible Thoughts "BE READY"

by RONNIE PARKER

A mother was explaining to her little girl the death of her father. The mother said: "God has sent for your father and will send for us, but I do not know just when." Finally the little girl said: "If we do not know just when God is going to send for us, do you not think we had better pack up and get ready to go? God might send when we are not ready."

If we could only realize the truth that this girl stated, we would begin preparing to meet God. This should be evident on our minds and should stir us to serve God faithfully as long as we live, whether it be one hour or a hundred years.

Jesus states "Watch therefore; for ye know not when your Lord doth come... Therefore be ye also ready; for in such an hour as ye think not the Son of man cometh." (Matt. 24:42 & 44).

One Rabbi has said: "Turn to God one day before you die." His disciples said, "How can a man know the day of his death?" "You can not," was his reply. "Therefore turn today, perhaps you may die tomorrow."
