Warnings Unheeded By Reckless Drivers

Sheriff Carl Rains said Tuesday he is tired of warning reckless drivers in an attempt to cut down on the number of traffic accidents and that his department will take sterner

measures in the future. "The steadily mounting tell of accidents in Post and surrounding area is evidence that warnings no longer do any

good," the sheriff said, At the same time, the sheriff appreciation of those motorists who are observing safe driving rules in an attempt to cut down

on the number of accidents. "The reckless drivers are in the minority, but there are enough of them to constitute a

real traffic hazard." he said. The sheriff said in recent weeks he had been receiving numerous complaints from local citizens of reckless night driving. He said one man told of seeing four cars line up sideby-side at the west end of Main Street and race to the court-

house square, The sheriff also told of a recent incident in which a young driver, apparently as a prank, tried to see how close he could come to a moving passenger train at a crossing

in the north part of town, "He came closer than he intended," the sheriff related. and damaged the fender and front of his automobile as he struck the moving train a glancing blow in swerving to keep from crashing into it head on."

The sheriff said this particular driver had two other young people with him at the time. "He not only was endanger ing his own life by his foollish prank, but also the lives of two other people," the sheriff LOOKING OVER NEW SCHOOL - Tom L. Sampson, contractor (left), and Ellis M. Thursday to Thursday

By CHARLES DIDWAY

OFFICIALLY, ARMISTICE DAY is no more Beginning with today's Nov. 11 observance, the day is known as "Veterans Day" by an act of the U. S. Congress and Texas Legislature. After 35 years of referring to Nov. 11 as Armistice Day, it'll probably take as long for some of us to get used to using the new term.

IT MAY BE TOUGH to keep up with your neighbors, but just think how hard it is on them to keep shead.

THE FIRST REAL SIGN that another Christmas is approaching came last weekend when The Post Dispatch received its first Santa Claus letter. It was from the Hart children. and has been forwarded to the North Pole, We made a copy of the letter, of course, to publish in our annual Christmas edition. It's not too early for you other youngsters to start writing your letters to Santa, because he'll have a lot of them to read this year,

PIPE SMOKING MAY NOT be as harmful as eigarettes, but it'll run you out of matches a lot quicker

IT WAS NICE TO hear the voice of Judge Oscar Graham Wednesday afternoon when he called from his office at the courthouse to inform us that Garza County had been designated for drouth disaster relief. That's one of the many things Judge Graham was working on at the time he had a heart attack early in September. He still isn't able to be in his office full time, but will be before long.

BUSTER MORELAND ASKS us to remind everyone of the mass chest x-ray survey here Dec. 1, 2 and 3. Watch the news columns for detailed stories of the coming survey.

WHILE BEING SHOWN through the new Junior High School building by Ellis Mills Friday afternoon, we met Tom L. Sampson of Sampson Bros., contractors, Mr. Sampson said they'd have the building completed by Christmas. "If we don't," he said, "we're going to quit anyway and let Mr. Mills finish it."

AS ENTHUSED AS THE grade school principal is over the new building, he'd probably be willing to step right in and take over in case the Sampson crew did pull out. But the contractor was joking, of course. Even to a layman like us, it was evident that everything is going to be ready for the new building to be occupied for the second semester, which begins Jan. 17.

ONE OF THE MANY THINGS we learned on the tour of the building was that classroom blackboards are no longer blackboards. Since the ones in the new building will be green, they'll be called "chalkboards."

WHATRE WE GOING TO do about the Soviets using our planes for target practice?

THE REGULAR FOOTBALL season is nearing an end, although it won't be over officially until after the Bowl games on New Year's Day. Post Antelope boosters have at least two more opportunities to see their favorites in ac-

STOP SIGNS NEEDED! ...

Another serious traffic accident Friday morning at one of the city's residential street intersections again points up the need of stop signs at most of these intersections,

Friday's accident, in which one man was injured and extensive damage done to the two vehicles involved in the collision, wasn't the first at one of these unmarked intersections and probably won't be the last. But the toll can be cut down by erection of stop signs.

There are "Yield Right-of-Way" signs at some of the intersections, which is better than nothing at all, but even this type of sign isn't as effective as a stop sign. Traffic on streets running east and west have the right-of-way, but, as any motorist knows, this isn't always easy to remember when there is no sign of any type to warn the driver.

Erection of stop signs at all the intersections on heavily traveled West 10th, 11th and 12th streets, would be well worth the cost. In the interest of traffic safety, let's hope the City does something about it in time to keep the mounting traffic accident toll from getting

There's no doubt about it, when governmental agencies-whether they be federal, state or local-go behind closed doors to conduct business, the peoples' interests are likely to suffer. So-called "executive" sessions should be a danger signal to freedom-loving Americans. Many of our scandals, our international failures and troubles, our graft and abuses have their source in governmental secrecy. The peoples' business, whatever and wherever it he, should be conducted out in the open, aboveboard and without fear of consequences.-Fort Pierce, Fla., News-Tribune.

When a man dies, they who survive ask what property he has left behind. The angel who bends over the dying man asks what good deeds he has sent before him. - The

tion-one this afternoon at Spur, the other next Friday night at Abernathy.

WITH ONE VICTORY and one defeat in conference play, the Antelopes are tied with Tahoka, Spur and Abernathy for the loop lead. Either one of the three still has a chance to win the district title and the right to meet the District 6-AA winner in the bi-district playoff. The Littlefield Wildcats have the championship cinched in 6-AA.

NOVEMBER'S TWO OUTSTANDING food events are scheduled for the same week-the Lions Club's pancake supper on Nov. 23 and Thanksgiving on Nov. 25.

HERE IS A PERFECT alibi for missing your daily dozen and just taking it quiet and easy-like:

The dog dies in from ten to fifteen years; the squirrel in from ten to twelve, and the hare in from seven to eight. Strenuous exercisers every one! Now, what about the lazy animals? The tortoise, who is a world's champion for laziness, enjoys the greatest longevity -200 to 300 years. The pike swims along for 200 years, the galloping horse lives only 30 years. The swan, who glides slowly through life, often lives 100 years.

Roger W. Babson Writes This Week:

Current Stock Market Presents Much The Same Irregular Picture As That Of 1929

RABSON PARK, Mass.-Twenty five years CONSIDER VERY IMPORTANT. ago I made a well-known forecast about an impending big break in the stock market, (Reprint of the article which appeared in the New York Times in 1929, recording my statement, will be sent to anyone free on request.) At the close of the previous day in 1929, the Dow-Jones Industrial Stock Average stood at 380. The market immediately began to weaken and shortly plunged down swiftly, closing at 230a decline of 150 points in less than eight weeks. Today the Dow Junes Industrial Average is 358, within 6 points of the highest figures since 1929. In fact, it has moved up over 100 points gain levels of 1932. since September 1953.

Reactions To Be Expected

I expect another severe reaction sooner or Inter, of at least 50 to 75 points. Surely, present stock yields are now too low, when 1954 Federal Taxes are deducted. Such a break in the market could occur even during a period of good business activity such as I am now forecusting Stock prices have of late demonstrated that they can move independently of both business and earnings. It is well to recall that, in 1929, there were few outward signs of the stock market crash ahead.

Investors were then anticipating larger dividend returns with a reduction in risk through diversified Investment Trust holdings and promised mass production and inventions "such as the world had never seen before." The research laboratories of our great industrial concerns were also then depended on to bring these miracles about In short, a "New Era" was then confidently anticipated. Basically, there was weakness, but it was most apparent in stock market speculation.

Conservative Advice

The current market presents much the same irregular picture as was present in 1929. The so-called blue chips have outdistanced the bulk of the issues on the market, due to concentrated buying, much of it by Institutions, Pension Funds, and Mutual Investment Trusts. There are in addition many new crosscurrents in the market that did not exist in 1929. We have armament activity and other Government buying, heavy spending, support of farm prices, and especially the INTENSE NEW ADVERTISING PROGRAMS, WRICH I

It is clear that the economic picture and the trend in the market can change abruptly and snowball rapidly to an unexpected degree. The real purpose of my column this week is to bring to your attention that the market may: soon be in as vulnerable a position as in 1929. especially if the capital gains tax should be repealed for which the "bears" are striving. Those who were unprepared in 1929 had no chance to take the profits they thought they possessed. Nor did they have purchasing power when the market reached the unbelievable bar-

General Conditions Now Good

The banks are now sound; employment is now good; profits in most lines are fair; while very few stocks are being "bought on margin", all must have a margin of at least 50%. Home building is actually booming, and the inflation since 1929 has justified higher prices for both homes and stocks. Again, I commend the importance of today's advertising.

The boom in home building is, however, becoming a possible source of danger. This is a new factor which did not exist twenty-five years ago. Where the danger signals of 1929 are not now evident, this new danger signal of the "building boom" is surely with us. Furthermore, today's building is mostly on borrowed money. Only the Federal Government can prevent a wave of mass foreclosures some

Installment Purchases

This brings me to another present danger, namely, installment purchases. These purchases are today not increasing rapidly. They, however, are still very heavy. Curiously, they are now being encouraged by the banks which would have nothing to do with small loans twenty-five years ago.

Another different condition today relates to labor unions. Every right-thinking person must approve the general usefulness of labor unions in their place. Unions are justified in striking if necessary to eliminate bad working conditions and to get a fair wage. The present system, however, of demanding more money merely because a union has a monopoly of a certain industry is wrong and could ultimately bring on a panic.

Getting Out On The Limb

SUDDEN THOUGHT: What you hear is never quite so interest ing as what you overhear.

People used to shout "Up and atom!" Now they say, "Let's go

Much has been said about what Americans stand for. It is just as important to think about the things Americans won't stand

THERE ISN'T much chance of it ever doing so, but if the good neighbor policy should suddenly die out in this nation's rural communities, towns and cities, then our future would be dark indeed. Such stories as the one I heard a day or two ago about the good neighbor policy in the Justiceburg community indicate that there'll always be people bound together by strong com-

L. E. (Buck) Gossett, Garza Memorial Hospital administrator, remarked to me that he had been struck by the manner in which residents of the Justiceburg community offer something more than sympathy when one of their number becomes a hospital patient.

"Instead of just visiting their neighbor and sending him flowers when he's in the hospital, the good people of Justiceburg drop by and pay his hospital room bill," Buck said,

This struck me, too, as a good neighbor gesture almost without parallel. What makes it doubly commendable is the fact that this strong community spirit on the part of the Justiceburg people doesn't keep them from taking an active and prominent part in county-wide activities as well, such as the Community Chest program now getting under way, and other worthwhile projects.

BUCK AND OTHER members of the hospital staff have been proudly showing off the children's award, attractively decorated by members of the Priscilla Sewing Club as a club project. The administrator also reports that the hospital charity fund has received around \$100 in recent weeks from donors who said they prefer to go unnamed.

There's no place like a hospital to bring out the best in people and organizations,

The best way to build a fire with two sticks is to be sure that one of them is a match.

An astronomer says the sun will be cold in 15 million years. Add that to all the other things you shouldn't worry about,

GARZA COUNTIANS have been rather quiet about the women's pipe-smoking fad, but those who oted in the General Election Nov. 2 were emphatic in their views of women serving on juries. turning down the proposed constitutional amendment by a vote of 156 for, 235 against.

The Verbena voting box was the only one in Garza County favoring the women jurors amendment, four votes being cast for it and three against it.

Statewide, all 11 amendments carried, including the one providing for four-year terms for district, county and precinct of-ficials, to which I was firmly opposed for a number of reasons. Throughout the State of Texas the law is going to be a prying rod for Inefficient and/or unsatisfactory candidates to ride into office and stay there at least twice as long as they ordinarily

Garza County voters rejected the four-year term amendment even more decisively than they did the one on woman jurors-129 to 236. The whole thing in a nutshell is that not enough qualified voters turned out to cast ballots. If they had, the amendment proposing four-year terms would have gone down the drain -where it belonged.

Just because I've spoken of both in the same breath. I don't want the women. God love 'em, to think that I was opposed to the women jurors amendment. I mentioned it only because it was the one which created the most interest. I see no reason why wo men shouldn't serve on juries, if they wish to do so. They're certainly well qualified. And they-'re going to get to, now that the amendment has passed.

The trouble with Russian roulette is that there are not enough Russians playing it.

Small towns have more gossips because it's more fun watching a game when you know the play-

One thing about being old is that you don't feel your oats as much as you do your corns.

A woman missed her gloves as she was leaving the restaurant. where she had dined with her husband Asking him to wait, she hurried back to look for them, searching first on the table, and finally peering under it. The waiter who had served them hur-

Veteran's Day is a time for remembering supreme sacrifices of brave men fighting to preserve our democratic way of life. Veteran's Day is a time for dedicating ourselves anew to the ideals of Americanism for which so many gave so much upon batflefields that gird the world. Veteran's Day is a time for alerting ourselves to eternal vigilance against all enemies of freedom everywhere . . our determination to keep America forever strong forever worthy of its heroes, whose memory we

Our Contemporaries Are Saying

Our friend at the coffee counter says the millionaire may be discontented, but he likes his variety of discontent. He thinks he could enjoy his discontent better if he had a million.-"Once Over" in The Pittsburg Gazette.

Just Lose Interest

Dr. D. M. Wiggins, who spoke at the farmer-rancher get to gether with Hamlin businessmen Tuesday evening in the high school auditorium, was offering an explanation of why he had quit the educational field and gone into the banking business at Lubbock.

"You see." he declared with sly smirk in his smile. "I learned some time ago that old bankers never die-they just lose their interest.—"Popvalve" in The Hamlin Herald.

It's Where We Stand

Herds of trumpeting days have passed the melancholy windmill where I used to stand as a boy and watch flights of wild geese. Mysterious as the winds, the graceful wedges swung through the skies like pieces of brown string, swaying at the tilt of a leader's wings. My dreams broke their moorings and traveled with the flocks to strange lands and the shores of uncharted seas. When they had vanished into the horizon and only the echo of their voices remained with my . thoughts, I swallowed some of I have been there in the skies where the wild geese flew, shared space with the clouds and sped ahead of the wind. Forever unsatisfied, I must live with the conviction that the horizon is not as important as where we stand. - "Trail Dust" in Matador Tri-

Insomnia, Maybe?

Here's the story of the elderly sillbilly who went to the doctor for a check-up, "Do you sleep okay"" asked the doctor "Wal." the hillbilly drawled. "I sleep good nights and I sleep good mornings, but afternoons I just seem to twist and turn "-"Pen Feathers" in The Hamilton Herald-News.

Fair Warning

Warning, all Republicans, Best you remove your GOP button from your underwear before you get your chest x-rayed this week end-someone may take it to be a malignancy on the film.— "Whoa, Now" in The Texas Spur.

There's A Difference Queen Mother Elizabeth is in New York, with dynasty worshippers slobbering at her feet. We

ried up to her. "Pardon me, madam," he said, "but the gentleman is there by the door.

hope this month's pension checks beat her to the treasury office, because we have learned from experience that these high brass junkets too often result in "bankbooks across the sea." Anyway, she was feted Monday by the Canadian Club. We got feted by Canadian Club one time. Awful hangover!-"It Sez Here" in The Ralls Banner.

Colder Weather

We noticed that the man making that ocean trip in a bathing tub gave up after the second day out from shore. We don't blame him. Since cold weather hit town, we've cut our trips to the bathtub down considerably.-"Driftings Sands" in The Andrews County News.

Mother Goose In Texas

By RAY WOOD

Old Dan Tucker was a fine old man;

He washed his face in a fryin' Combed his hair with a wagon

wheel, And died with a toothache in

his heel.

Numerous characters in the classic Mother Goose rhymes childlore brought over from the old country, but none of them are quite so fantastic, and certainly none of them fit so perfectly into the pioneer scene as Old Dan Tucker, who is as American as grits and gravy.

Daniel Decatur Emmett, author of "Dixie" and one of the earliest of blackface minstrels is credited with the invention of Old Dan Tucker, but more likely he took the stanza above and the melody, both already part of American folklore and simply added other stanzas.

Verses added since then have more of the charm of faritasy and spontaneity than Emmett could invent. We hope readers who can recall them will help

Old Dan Tucker, in the days. of old. Did many a deed both brave

and bold He killed a bear with a willow switch

Then stubbed his toe and fell In a ditch. Next Week: "Peter Simon Suck-

Variants of these and similar rhymes will be recorded in the permanent collection of Mother oose in Texas, if sent to Ray Wood, Raywood, Texas, Copyright 1954, by Ray Wood.

ACHIEVE SCOUTING'S HIGHEST RANK -These six Southland Boy Scouts, shown here with their Scoutmaster, recently became Eagle Scouts in a South Plains Council ceremony.

Left to right are: Joe Neil Hargrove, George El-Dunn.-(Staff Photo).

Southland's Boy Scout Troop Flying High With Six Eagles

Scout's highest award, in recent ceremonies in Lubbock.

the honor at the same time." said D. I. (Dillard) Dunn, Scout-

The six Eagle Scouts are: Fred Myers, 15, son of Mr. and Mrs. Jack Myers; George Ellis, 16, son of Mr. and Mrs. Sam Ellis; Jimmy Haliburton, 16, son of Mr. and Mrs. R. J. Haliburton; Joe Neil Hargrove, 17, son of Mr. and Mrs. Jack Hargrove; E. L. Dunn, 16, son of Mr. and Mrs. H. C. Dunn, and Ronnie Dunn, 14, son of Mr. and Mrs. Dillard Dunn. Ronnie, youngest of the Eagles, completed requirements for his

badge while he was 13 years old. Now in its third year, Troop 71 is one of the newest troops in the South Plains Council. The honors it has won during its first two years and a part of its third would do credit to much older

The troop is two times winner of the Camporee at Camp Post and the Camporal at Plainview by compiling the highest number of points in each of these Scouting skills events. It received national recognition last year in the "Forward on Liberty's Team" program.

Church of Southland, Troop 71 was organized with Leroy Voigt as its first Scoutmaster Follow ing his resignation, he was succeeded by Dunn, who had been serving as assistant Scoutmaster.

The troop has no assistant Scoutmaster at this time, Dunn said, but Jimmy Haliburton is junior assistant Scoutmaster. Ronnie Dunn is senior patrol leader, and patrol leaders are Harold Donohoo, Longhorn; Don Pennell, Red Fox, and George Ellis, Swift Wolf.

Other members of the troop are: Don Basinger, Gilbert Becker, Scotty Brown, Kenneth Callaway, James Crawford, Lawrence King, Clay Neal Oats, Harvey Pennell, Jerry Jack Roberts, Billy Weaver, Randy Weaver, Delmar Wilke, Billy Roy Williams, Dean Williams, Sailor Maples, Danny Siewert and Don

H. D. Taylor is institutional representative for the troop. Troop committeemen are F. W Callaway, superintendent of the Southland schools; Herbert Dunn, grocer: Don Pennell, service station and garage owner, and Jack Hargrove, farmer. Sam Ellis is a Comanche Trail District committeeman.

Herman Dabbs will be in charge of the Boy Scout fund drive, which is to get under way

in the near future. Troop 71 meets every Monday night. Its Scout hall is in a building made available to the troop by Howard Hoffman of Slaton. Herbert Dunn and Jack Hargrove pay the gas and light bills, respectively, for the Scout hall.

"They're an unusual bunch of boys," the Scoutmaster said of American Grill Cafe

The hearty maple-y flavor of Karo adds extra goodness to every bite

It's got a "V" in its bonnetor your choice of two new sixes!

The motoramic Chevrolet for '55

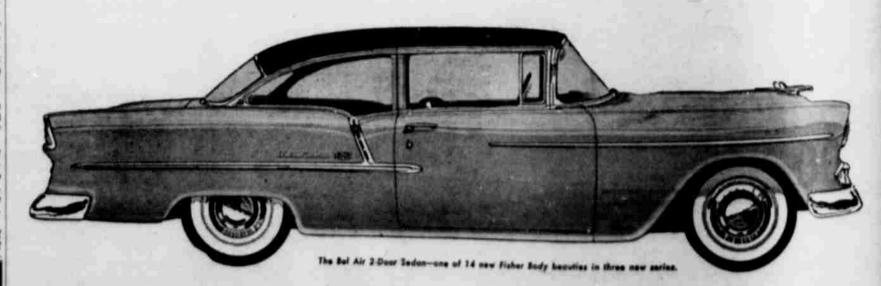

You'd expect Chevrolet to out-V8 the field-and it has! Chevrolet's new "Turbo-Fire V8" puts a brand-new kind of excitement under your foot. The excitement of 162 horsepower! The excitement of an 8 to 1 ultra-high compression ratio that squeezes more pure fun out of a gallon of gas than you ever dreamed possible! The new "Turbo-Fire V8" is so wonderfully efficient that it requires only four quarts of oil instead of the usual five or more. And it has the shortest piston stroke in the low-price field, for longer engine life. But we can't even begin to give you the whole story here. Come in and let the new "Turbo-Fire V8" speak for itself. You'll like what it has to say!

Two new 6's

With enough new advances to fill a book!

Chevrolet offers two new highstepping sixes for 1955! There's the new "Blue Flame 136" (teamed with Powerglide as an extra-cost option) and the new "Blue-Flame 123." Both bring you new, higher-rated power-the zippy, thrifty high-compression kind. Both have new, more efficient cooling and lubrication systems . . . new engine mounts that result in almost unbelievable smoothness. And, like the new "Turbo-Fire V8," both are sparked by a new 12-volt electrical system for finer performance and faster coldweather starting. All in all, they're the liveliest, smoothest sixes Chevrolet ever put into a passenger car. As you know, that covers a lot of territory. And so will you-with either of these two new sixes!

More than a new car . . . a new CONCEPT of low-cost motoring

Flourishing Stalk Of Tobacco Shown

Proof that tobacco WILL grow on the South Plains was brought here Sunday by Mr. and Mrs. Jack Reeves on a visit with the O. R. Cook family in the Garnolia community.

Reeves, a widely-known expeace officer, brought with him a six and a half foot-high stalk of tobacco which he had grown in the yard of his home in Lubbock. The stalk, which was about as thick as a man's arm, had lots of leaves from 18 to 22 inches wide.

Reeves acquired the plant from friends visiting him from the Carolinas, center of the nation's tobacco growing industry. They gave Reeves two plants which they brought with them in paper cups.

The success of the plant set out by the Lubbock man would indicate that tobacco, under proper conditions, might do well in the South Plains area.

Post 'B' Team Is Winner Over Spur

Noel Don Norman circled end for 14 yards and a touchdown Tuesday night and that, added to Jerry Hays' extra point plunge. was all the Post "B" team needed to score a 7 to 0 victory over a team of Spur reserves.

Post's scoring drive, which came in the second quarter, covered 55 yards, with Norman completing passes to Hays and Quarterback Jimmy Redman to put

the ball in scoring position. The visitors threatened throughout the game, but were held in check by Coach Olen Reddell's scrappy defensive unit, which featured the line play of Denzil Laurence and Robert Carlton and the linebacking of Jackle Carpenter

Charles Kilpatrick, Carlton and Bunny Smith helped the Post cause by recovering Spur fumbles on scoring drives.

In a preliminary game, Coach Herman F. Raphelt's eighth grade team lost to a much heavier Spur eighth grade eleven by a score

Tuesday night's games were the last of the season for the two

Phone Rates—

(Continued From Front Page) formation presented Monday night had not been made available at the first hearing, Holdridge replied that the company customarily did not furnish such detailed information at first hearings on rate increase re-

'It's an expensive proposition for the company," he said, adding that company representatives do not make such information available at first meetings because they do not know at the time just what information will be required by a city governing group hearing a rate increase

that at the March 31, 1954, level (annualized), total operating expenses at present rates were \$47. 404.36 and net operating income was \$2,174.08. The same table showed that at the proposed rates total operating expenses would have been \$55,670.13 and net operating income \$9,245.12.

Better telephone service, including the possibility of a dial telephone system, was brought up by Mayor T. L. Jones, but failed to draw much discussion from the company's representatives. They did point out, however, that installation of a new system would be extremely expensive under present conditions.

Mayor Jones also told the company representatives that he and members of the City Commission had learned that the general public is opposed to any rate increase under the present type of

Other company representatives present were Mack McCrum, revenue development representative, and R. E. (Bob) Saunders, district manager.

In addition to Mayor Jones and Moss, those attending the meeting were Commissioners R. J. Baker and Buddy Stewart, City Secretary Gertrude Ward and City Supt. R. H. Tate,

Three Injured-

(Continued From Front Page) ing to go around a truck. Mc-Carthy was given a ticket for failure to yield right-of-way, the sheriff reported.

Both cars involved in the collision were heavily damaged, the investigating officer said.

Mrs. Ralph Welch and Gary isited her mother, Mrs. Maggie Martin who is ill, in San Angele during the weekend. Mrs. Martin is at home now after spending some time in the hospital. Gary attended the Tarleton-San Angelo College football game Saturday. His brother, Bernie plays for the San Angelo Rams. Weekend quest of Mr. and Mrs. Jimmy Bird was Miss Sherry Price of Addington, Okla.

tomobile models and three new during the two-day showing. Ford truck models will be on There will be balloons and whis-

Five of the new automobile models will be on display in the Everyone is invited to see the showroom. They will be a red

door V-8, a two-tone two-door Custom 6, a Fairlane sedan V-8 Fordomatic, and a Custom ranch wagon V-8. To be displayed by the Tower Theater is a Mainline two-door sedan, 6-cylinder,

Also on display at the motor company will be a Custom-Cab F-100 12-ton V-8 pickup with overdrive and tinted glass. Standard-Cab 6-cylinder 19-ton pickup, and a F-600 two-ton

The high-styled Fairlane series being introduced by Ford is an entirely new line-the leader of its four lines of passenger cars to be shown in 6,400 dealers' showrooms across the nation.

New features of the 1955 Ford include:

Improved Fordomatic transmission which gives the driver a choice of much faster getaway from stoplights, when desired, without manual shifting. A new integrated air conditioning and heating system competitively priced will be introduc-

ed by Ford early in 1955. Larger brakes on all models with 25 cent more braking surface on station wagons,

"Turbo-action" 18 mm spark plugs, another Ford First, burn off carbon deposits because of their larger diameter and greater heat range.

New this year is an illuminated Fordomatic drive selector mounted in the instrument panel and easily visible to the driver. Ford's new, lower silhouette is the result of a redesigned frame

which has made possible a reduction in overall height of all A greatly improved "ride" and easier handling results from an entirely new chassis, new shock

absorber valving, spring improve-

ments and new "angle poised" ball-joint suspension which Ford introduced last year. New tubeless tires, offering greater safety because they re-

tain air longer after a puncture. Four driving assists-power brakes, power steering, four-power windows and four-way power

Twenty-four series including 190 models of 1955 Ford trucks ranging from 30-ton tandem-axle "Big Jobs" down to F-100 pickups, all designed to make money for operators on every hauling job, will be introduced by Ford dealers throughout the country on the same day the new automobiles are shown.

Ford's five truck engines, built excusively for the truck lines, include Six and V-8 engines. Three engines have increased horsepower and compression ra-

The 1955 models have new larger parking lights and largshield shaped tail lights adapted to class "A" turn sign als. They are manufactured in five lines and 24 series which Include: Nine conventional series. six cab forward series, four school bus chassis series, two tandem axle series, two parcel delivery chassis series and a new Courier custom delivery truck styled like the 1955 Ford passenger cars.

MAYTAG ADVANCED AUTOMATICS

the most beautiful Washer and Dryer you can own!

Maytag's new Automatic Washer saves water...suds!

Just set this Automatic Water Level Control for small, medium, or full loads of clothes. It automatically adjusts both wash and rinse water. Saves up to 9 gallons of hot water on small loads - 111/2 gallons total. Makes it practical, economical to wash clothes as they're soiled.

Maytag's new Automatic Dryer floats lint away!

Revolutionary new drying principle floats lint and moisture down the drain. Means no venting is needed. Even heavy cotton shag rugs can be dried easily in one short cycle. Low, low temperature dries fragile fabrics with complete safety. Full-opening door.
