By CHARLES DIDWAY

SINCE THE FIRST day of 1956, we've had sleet, snow, sand, mist, and sunny weather. What's missing, besides hail?

IF THE PATRONS want it badly enough, Post is a step nearer city mail delivery service with distribution of questionnaires by Postmaster Harold Voss. In urging that patrons receiving these questionnaires fill them out and return them promptly, Harold points out that they are very important to the future of the project.

MOUNTAIN CLIMBERS rope themselves together, because there is safety in numbers... also it keeps the sane ones from going home.

FOR THE FOURTH consecutive year, which is as long as they've been holding it, the Lubbock County entry has won the regional Spelling Bee. Maybe it's the "home field" advantage. If it is, let's try to get them to hold the Bee in some other county seat town next year.

HERE IS THE story to end all absent-minded professor stories. A friend of ours went to attend the 25th reunion of his alma mater. He found himself confronted by his old civics professor, who remarked sternly: "What's the trouble, Smith? You've been cutting a lot of classes lately."

IF YOU ARE one of those mourning the dying-out of the Davy Crockett craze, take heart. There's a chance of W. Lee O'Daniel making a comeback.

THE MAJOR LEAGUE baseball teams are in spring training, and Ted Williams of the Boston Red Sox has loosed his annual blast at sportswriters, this time calling them a "gutless" breed for not coming to the defense of Brooklyn's ace pitcher Johnny Podres to help keep him from being classified 1-A by his draft board.

WILLIAMS, HIMSELF, has an excellent war record and is one of the greatest baseball players ever to pull on a pair of spikes. But, in spite of all this, he has made himself unpopular with thousands of fans and most sportswriters by constantly "biting the hand that feeds him." Personally, we don't care a tinker's dam if his batting average drops so low this season that they bench him for good.

THE LATEST PLAN to save the farmer is the "soil bank," and enough dirt should be thrown around in this election to start it out with some substantial deposits.

THE BEST REASON we ever heard for a candidate pulling out of a political race came a few weeks ago when Jimmy Phillips of Angleton announced that he wasn't going through with his plans to run for governor, simply because he didn't have the money.

AND, NOW, Adlai Stevenson is about to

Roger W. Babson Writes This Week:

Uranium Uses For Many Years To Be Confined To Military Purposes; Has Its Competitors

BABSON PARK, Mass.—Readers are still being pestered by Canadian brokers to buy uranium stocks. News items about building reactors on college campuses keep up the interest. From studies, I believe that your money, if put in savings banks, can be both safer and more profitable than if put into a speculative clay bank.

Uranium Is Valuable

Uranium will have its uses, but for many years these will be confined to military purposes, especially in connection with ammunition, shipping, guided missiles, and movable electrical plants. Uranium, however, is subject to many competitors, including water power, oil, natural gas, and cheap coal. These other natural resources will hold down the price of uranium, especially in view of its great quantity all over the world. The main thing for the oil and gas people to fear is legislative persecution such as the electric utilities suffered under Roosevelt. The recent action of the U. S. Senate, however, in connection with the natural gas bill, shows that there is no reason to fear such destructive legislation at present.

Probably the first competitor that all these natural power resources will face is the unused power from the sun. This has tremendous possibilities and will some day be harnessed. Looking ahead many years, I see much more profit in buying properly located land in Florida, Texas, Arizona, New Mexico, and southern California, where the heat of the sun is great, than in buying land in Colorado, Utah, or somewhere else with the hope of getting uranium.

Don't Forget Gravity

Grandpa used gravity to help regulate his tall clock; later it was used to develop power from falling water. There are other uses for gravity, though they are very few at present. Yet, when we think of the tremendous unused power of the ocean tides, we realize the possibilities of harnessing gravity. Today gravity power is where steam power was 200 years ago. Men of that era knew steam would lift the cover of a kettle; but no one knew how to harness it. For details, write the Gravity Research Foundation, New Boston, N. H.

The secret of harnessing most power is to have a "differential" which will enable the

ONLY A SMALL LINK . . .

The four-lane route to be provided from here to the top of the caprock with completion of construction work on U. S. Highway 84 will be only a small link in what may some day be a pattern of four-lane routes throughout the area.

Construction work is well under way on the project, and it won't be long before similar construction will begin on the highway from Post south to the Scurry County line. After that probably will come plans for four-lane widening of U. S. Highway 380, which traverses the county from east to west.

Lubbock County recently voted \$1.8 million in bonds to be used for the purchase of right-of-way which will result in the four-lane widening of all U. S. highways in the county, plus a 25-mile loop around the city. With few exceptions, other South Plains counties either are under way with or planning four-lane widening of U. S. highways.

No telling how long it will take to complete the over-all project, but once it is finished, it will provide motorists with super-highways that will make for much better and safer travel. The commissioners' court and the citizens of Garza County are to be commended for seeing to it that their county is not left out of this important road improvement pattern.

Just as on every issue, there are arguments pro and con in regard to efforts now being made for city mail delivery service here. The best argument in favor of such service is that it definitely would be a mark of progress. The inconveniences it would cause a few patrons would be greatly outweighed by the good it would do to the town as a whole. Take the questionnaire you received Sunday, mark it in favor of city mail delivery and return it to the post office. That won't be all that is needed to get it, but it'll be a step in the right direction.

came up with another good reason. He's been quoted as saying that if he is decisively defeated in the Minnesota primary, he'll pull out. Figuring you don't have a Chinaman's chance to win about as good a reason for quitting as knowing that you don't have the money on which to run.

ONCE UPON a time there was a man who sat up all night wondering where the sun went when it went down. And then it dawned on him.

MEMBERS OF THE Garza County 4-H Council put up one of their 4-H Club signs Saturday out on the Justiceburg Highway and will erect another one this Saturday on the Clairemont Highway. They already had signs up on the Tahoka and Lubbock highways, and the one east of town Saturday will complete their sign project.

POSTEX COTTON MILL has given the new Faith City Mission in Lubbock 144 sheets and 120 pillow cases to help the institution off to a good start. The mission held open house Saturday.

WE HAVEN'T HEARD if the search for Bridey Murphy ended on St. Patrick's Day, but it should have, considering the number of Irishmen parading and celebrating.

Getting Out On The Limb

By EDDIE the editor

SUDDEN THOUGHT: Isn't it a blessing we aren't getting all the government we're paying for?

People might not worry so much about what others thought of them if they would realize how seldom they did.

HISTORY IS ALWAYS interesting—and sometimes it makes sad reading.

Take, for instance, the history of the individual income tax. In 1929, the tax on a \$2,000 income was \$2—and for a married person with two children and a \$10,000 income it was a mere \$40.

Now the tax begins at 20 per cent, on the lowest taxable income levels. From there it goes swiftly up the ladder, reaching 91 per cent at the top.

It's no wonder that people still talk, wistfully and nostalgically, of the good old days. Who dares predict what taxes will be 25 years hence, with government functions being expanded like the proverbial green bay tree.

A speech should be so short that when it's over you can still remember the beginning.

I'M GLAD to see by the attractive sign on the front of the new Chamber of Commerce offices that the organization has returned to its old slogan, "Gateway to the Plains." In my opinion that's a much better slogan than the new one the C. of C. adopted a few years ago.

Since 1926, "Gateway to the Great South Plains" has appeared on the masthead of The Post Dispatch. It was first used on the masthead of the Post City Post, which was established here in 1917 by my father E. A. Warren. The Post City Post continued in existence for a short time after I established The Dispatch, but when it ceased publication I continued the slogan on the masthead of my newspaper.

A few years ago shortly after radio station KPET at Lamesa hit the airwaves, they started using the slogan, "Gateway to the Great South Plains," but obligingly gave it up after being informed that it had been the slogan of the Post Chamber of Commerce and the town in general for years and years.

THE WOMEN, GOD LOVE 'EM: Some girls are working girls—and some are working men.

The latest presidential campaign joke concerns the old hill-billy, who, upon being told that

Senior class of Post High will present the three-act play "The Perfect Idiot," at 8 p. m. Friday night in the school auditorium.

Members of the cast in the play are: Sue Hunt, Jimmie Redburn, V. A. Lobnitz, David King, Paul Carolyn Hudman, Betty Sue Norrington, Sonja Childs, Tidwell, Kenneth Gerner and Kennedy.

Sponsors and directors of the play are Mrs. G. E. Fleming and Redell.

Managers are David and Ernie Popham; business manager, Audrey Sparlin; business manager, Dee Hodges and advertising manager, Ann Moreman; reserved seats, Willa Faye and Juanelle Nichols.

**Poor Place For Germ**  
A doctor, writing in a popular magazine, deprecates the use of paper money. "Bills are among our worst offenders as carriers of germs," he claimed, "and many people catch disease by handling paper money that has been handled by others who are ill." But, that's something I'm not worried about. No germ could live very long on my salary.—"Twilight Zone" in The Hamilton Herald-News.

**Just A Few Words?**  
From Stamford a man and woman went over into New Mexico one Friday and visited the home of a justice of the peace and asked to be married.

The justice said he would be glad to perform the ceremony except that under state law they had to wait three days.

The man appeared troubled. He then asked: "Can't you just say a few words to tide us over the weekend?"—"Popvalve" in The Hamlin Herald.

**Hopes It Continues**  
Juvenile delinquency and vandalism has become quite a problem in some cities. We're happy to say that, thus far, there has been little of it in this community. We're optimistic enough to think that the young people of this community have more sense, more pride in their community than to indulge in vandalism and other lawless acts. We trust that it will continue to be that way.—"Minute Editorials" in The Lockney Beacon.

**Runs On Forever**  
All who believe the postal deficit will be wiped out if 4-cent letter postage and second class postage increases are voted, please stand up and be counted. There has been a postal deficit forty years and postal rates have been increased time and again, but the deficit, like Tennyson's brook, runs on forever.—"Once Over" in The Pittsburg Gazette.

**That'll Be The Day**  
Our country is almost a Utopia with the Republicans in power and Wall Street going great guns. We will have it made as soon as some economy wizard develops a method for the government to secure money without cutting it off in slices of taxes.—"Trail Dust" in Matador Tribune.

**Same Old Story**  
If one-tenth the irregularities charged in connection with the operation of Gristown at Whiteface stand up, Gov. Shivers' administration is in line for another major scandal. According to the evidence so far in the hearings, the State Department of Public Welfare stands equally guilty with Amelia Anthony for permitting existence of this institution in the face of repeated violations of the DPW rules. So far it has been pretty well established that Miss Anthony had no legal custody of girls at the home, mistreated them contrary to rules of the state department, refused to tender reports and answer letters addressed to her by the DPW. Any or all constituted a legitimate and moral duty to pick up the license of Miss Anthony. But as usual in this highly moral administration of Shivers, the corruption had to overflow into newspapers before the DPW ever acted. Who else in this prized administration is going to suffer before the political pigs are destroyed?—"It Sez Here" in The Rails Banner.

**ANOTHER FARM IDENTIFIED**—Since this place is rented by Joe Wisbert, Service Pipe Line Company employee, it doesn't exactly qualify as a farm, but it was correctly identified Friday by A. C. Cash as being the rent house of W. A. Cash. The place is just off the Lubbock Highway at the top of the caprock.

Another Mystery Farm appears on page 2 of this issue. If you can identify it, notify The Post Dispatch at 1 o'clock Friday afternoon or as soon as possible thereafter. The first one to correctly identify the farm will receive a six-months subscription to The Dispatch.

## Agricultural Chemical Laboratories Help Put Science To Work On Farm

**COLLEGE STATION (Spl)**—The test tubes and complicated equipment found in agricultural chemical laboratories are constantly being used to help farmers and ranchmen put science to work in their operations. The result, says M. K. Thornton, extension agricultural chemist, has been more and better food, clothing and shelter for the nation's population.

Thornton is a strong believer that the formulation of any system of agricultural planning or any systematic developments of agriculture rests in the soil. He has worked during past years with other extension specialists, research workers, county agents and many others interested in educational meetings and demonstrations which point the way to greater farm prosperity and a higher level of rural living through the use of fertilizers and sound soil improvement practices.

During the past year Thornton participated in statewide and regional conferences for fertilizer makers and dealers. He visited 39 different counties to hold conferences or to participate in group meetings. He also participated in 52 meetings, 17 were district in scope, and contacted 147 county agents in furthering work in agricultural chemistry demonstrations. Total attendance at these 52 meetings was 2,350.

Thornton spends much of his time supervising the soil testing laboratory which is operated by the Extension Service at College Station. On the basis of soil samples submitted to the laboratory the soil type and location in the State, the specialist makes recommendations to farmers and ranchmen on fertilizer usage and cropping practices. Last year the laboratory tested 10,111 soil samples.

On the basis of present and past results, he says, the laboratory has proved its value to agricultural progress in Texas. He cites three examples of the value of soil testing. A pasture demonstrator had been using 400 pounds each of ammonium sulfate and superphosphate an acre. A soil test showed the 400 pounds of sulfate would meet the fertilizer requirements. The result, an increase of 150 pounds of forage an acre; an increase of \$7.80 cents an acre in net profit and a drop in fertilizer cost for ton of forage increase from \$3.40 to \$1.90.

A sweet potato grower who had been using 200 pounds an

acre of 10-20-20 fertilizer to get an increase of 110 bushels of potatoes an acre found that by following the recommendation from the soil testing laboratory, 1,000 pounds an acre of 4-8-12, his increase jumped to 271 bushels an acre. His profit went from \$201 to \$522.80 figuring the potatoes at \$1.20 a bushel. The fertilizer cost for each bushel increase also dropped from 8 to 7 1/2 cents a bushel.

A central Texas cotton farmer who found his cotton yield going down submitted soil samples to the laboratory and the tests showed that 300 pounds of 10-20-0 fertilizer an acre was needed at planting time and a side dressing of 125 pounds ammonium nitrate at first bloom. These recommendations were followed and production jumped to 3.1 bales an acre against three-fourths of a bale on the check plot. The fertilizer cost for the additional lint cotton amount-

**Post Lions To Pick Queen On April 10**

The Post Lions Club will select its queen candidate for the District 27-1 convention at its April 10 meeting, it was announced at the club's Tuesday night meeting.

On April 10, the high school girls who are candidates for queen will appear before the club and members will select one to represent them in the convention contest. At last week's meeting, R. K. Green and the club sweetheart, Mrs. Carol Denson, were named to contact high school girls who wish to be candidates.

The Lions voted Tuesday to be represented as near 100 per cent as possible at the district convention, which is to be held in Amarillo May 17, 18 and 19. Tuesday night's program consisted of a Bell Telephone Co. safety film, "Driving 90 Horseshoes," shown by Paul Duren Jr. The film stressed concentration, control and courtesy as the most important safety qualifications.

Everyone had a good time at the football and pep squad banquet Friday night.

Orchids go to Mrs. Fleming and Coach Reddell for their work on the senior play. Also orchids to Miss Moore for her work and efforts with us in the one-act play. (Especially with the bridge game.)

The Gold team finally won a basketball game last Friday. A great big load of congratulations to them.

Just a friendly reminder—DON'T FORGET THE SENIOR PLAY TOMORROW NIGHT. It will be presented in the grade school auditorium at 8:00. Admission prices are: adults, 50c and students 35c. Let's all go.

First period English class certainly seemed quiet Monday and Tuesday with Jim Brewer gone. Just didn't seem right.

The Black team won the basketball game Tuesday. This is the last week for basketball games. Volleyball games may begin next week. These intramural games have helped raise the students' interest in their sports.

**Martinez Baby Rites Are Held On Sunday**

Funeral services for Rosalie J. Martinez, infant daughter of Mr. and Mrs. Lewis Martinez, were conducted at 4 o'clock Sunday afternoon in Holy Cross Catholic Church, with the Rev. James Erickson of Slaton officiating. Burial was in Terrace Cemetery under the direction of Mason Funeral Home.

Rosalie was born Thursday in Garza Memorial Hospital. She was transferred Saturday to the West Texas Hospital in Lubbock, where she died at 12:30 a. m. Sunday.

Survivors include the parents and maternal grandparents, Mr. and Mrs. H. A. Jiminez.

Couples seen together at the banquet, the show, church and around in general include: Jim Jackson and Darlyene Hulsey, Noel White and Ora Beth Maxey, Jim Brewer and Ann Osborne, Travis Polk and Carolyn Hudman, Larry Waldrup and Linda Moreland, Ray Gary and Jan Haynie, Don Beard and Marca Dean Holland, Jackie Carpenter and Mary Louise McCrary, Noel Don Norman and Thelma Hodges, Ned Myers and Betty Sue Hunt, and Novis Penning and Rexene Welch.

PHS enjoyed the assembly program presented Thursday afternoon. Dr. Lake's talk on Japan and her customs was very interesting and different.

Dates for the Seniors to remember: March 29, the Baptist Banquet; April 10, the Methodist Breakfast; and April 27, the Junior-Senior Banquet.

# Hodges Vows Are Read In Church Saturday Evening

Thelma Leola (Maggie) daughter of Mr. and Mrs. B. Hodges, became the bride of William Henry Jacobs, of Mr. and Mrs. W. H. Gorman, at 7:30 o'clock Saturday evening in the Baptist Church of Anson. Rev. J. D. Mabrey of Abilene officiated. The double ring ceremony was held before an altar decorated with greenery and white candles. The bride wore a sheath dress and duster and a white corsage. The bride, a graduate of Post High School, is employed as an operator for Bell Telephone Co. Her husband was graduated from Desdemona High School and attended Tarleton College. He is employed by a drilling company. Those from Post who attended the wedding and reception were Mr. and Mrs. Hodges and Mr. and Mrs. Bevers.

## Miss Rosemary Gaymans To Wed Roy Webb Robinson March 31st

Mr. and Mrs. F. E. Shannon are announcing the engagement of their daughter, Miss Rosemary Gaymans, to Roy Webb Robinson, son of Mr. and Mrs. A. R. Robinson. The couple will exchange vows Saturday, March 31, in the Shannon home.

## Mrs. Post Tells Granddaughter's Engagement To Ronald H. Waller

Mrs. Merriweather Post announces the engagement of her granddaughter, Miss Marjorie Merriweather Durant, to Mr. Ronald Waller, son of Mr. Jean Bowles McQuaig of Tallahassee, Fla., and Mr. Ronald Hearn Waller of Laurel, Del. Miss Durant is the daughter of Mrs. Augustus Riggs, IV of Woodbine, Md., and Mr. Thomas W. Durant of Washington, Conn. The wedding will take place in Washington in April. The bride-elect graduated from Carmel High School in Carmel, Calif., and Mount Vernon Seminary in Washington, D. C. and this June will receive her diploma from the University of Southern California. One of the champion swimmers in the country Miss Durant competed for the Los Angeles and Santa Monica Athletic Clubs. At one time or another she has held every championship in swimming with the exception of the breast stroke. After four years of national competition she raced the California rough water circuit where every Sunday a race of from one to five miles of ocean water was held. Two different years she won the famous La Jolla Race. Miss Durant held the Southern California championship for two years and then was injured, which caused her to give it up. She went under contract last fall to Allied Artists Motion Picture Company, where she received a key role with Gary Cooper and Dorothy McGuire in "Friendly Persuasion," which has not yet been released.

## Girl Scout Troop One Is Kept Busy During Scout Week

Girl Scout Troop One members have been busy taking part in Girl Scout Week. They helped with the cookie sale, marched in the parade on March 30 and attended church in a body the following day at the Church of Christ. Saturday, they joined all other Scout troops in Post in a cook-out at the City Park. Their menu consisted of barbecued steaks, baked potatoes, beans, hot rolls, tea, coffee and mock angel food cake. Sunday, the troop observed its sixth birthday with a ceremony and party at the Scout House. The investiture ceremony for Ann Harmon, was followed by a court of awards. Girls receiving gold stars were Mary Bowen, Patricia Crowley, Frances Dietrich, Marilyn Steel. This group also received "program aid service bars" for completing this phase of the work. A birthday cake, presented to the girls by their sponsor, the Woman's Culture Club, was served with other refreshments to members and their parents. Helping with the ceremony were Troop One Committee women, Mrs. T. L. Jones and Mrs. L. A. Barrow and leader, Mrs. James Dietrich. Troop One is one of the oldest active Girl Scout Troops in Post. They had their first meeting on Dec. 19, 1949 and have held regular meetings since. Mrs. Dietrich, Mrs. Jones, Mrs. Barrow, Mary Bowen, Frances Dietrich and Linda Lott, associate member, have completed six years work. Mrs. Phil Trammell, assistant leader, and her daughter, Lucy Ann, joined the troop in 1951. The troop is a senior troop and is now active in service work. The girls keep a lending library at Garza Memorial Hospital and serve as program aids for other Scouts and Brownies in Post.

## THROUGH DARKNESS

Clouds, smoke and fog over the city—darkness enveloping the streets—the church spires hidden! Presently the sun's rays pierce the clouds—the fog lifts—once more the church spires will point toward heaven for all to see.

So it is with life. Men and women grope about in darkness; clouds of doubt and the smoke of unbelief shut out God's glorious light. Then church bells peal—eyes and footsteps turn toward the house of God.

As sunlight dispels physical darkness, so God's message lifts the darkness from men's souls. Are you hearing that message? It sounds particularly clear on Palm Sunday morning when the story of Christ's triumphant entrance into Jerusalem is recalled. The Church invites you. Will you come?

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

### Four Are In Race For Commissioner

B. V. (Boone) Evans this week announced his candidacy for re-election as Precinct 1 commissioner, bringing to four the number of candidates in that race. The others are Truett Fry, L. P. Kennedy Jr. and Racy Robinson.

Mrs. Eka Thomas announced last week as the first candidate for the new elective office of county tax assessor-collector. Separation of the office from the sheriff's office is to become effective Jan. 1, 1957, following a special election several weeks ago.

The only other candidates thus far for district, county and precinct offices are: Mitchell Williams for district attorney, Carl Rains for re-election as sheriff, and Ozell Williams for re-election as Precinct 3 commissioner.

### Religious Census Termed Success

The religious census recently completed here by the Post Ministerial Alliance is considered one of the most successful in the city's history, according to the Rev. Roy Shahan, census director.

"Response on the part of the workers, as well as the general public, was the best ever," Rev. Shahan said. One hundred and thirty-five workers assisted in the enumeration.

The director said response on the part of the public was especially good during the few days required to check back and enumerate those missed on the Sunday the census was taken.

Rev. Shahan said that on behalf of the ministerial alliance he wishes to thank the workers and the general public for their splendid response.

### TOO MANY EGYPTIANS

CARBONDALE, Ill. — Because they are close to Cairo, Ill., many Southern Illinois firms call themselves "Egyptian." But J. N. Hendrix thinks it has been overdone. He operated the Egyptian Adjustment Bureau for 14 years. But so much of his mail got mixed with that of other "Egyptian" firms that he has changed the name to Hendrix Collection Agency.

### GRAHAM THURSDAY CLUB

The Graham Thursday Club will meet March 29 in the home of Mrs. Glenn Davis.

Thursday, March 29, through the courtesy of the First Christian Church of Lubbock. The play, whose cast is made up of high school students, was presented recently at the Lubbock church. It is being brought here by the directors, Mrs. Alarah Russell and Mrs. Fred Jobs. Everyone is invited to see its presentation here, women of the local church said.

### Band Rehearsing For Area Meets

In preparation for the University Interscholastic League band contests on April 28 and solo contests on May 12, the Post Antelope Band began three-nights-a-week rehearsals Monday. Director Roy Silvey announces.

"We are rehearsing from 7 until 8 o'clock every Monday, Thursday and Friday night," the director said.

This year's regional music contests are to be held for the first time at Levelland. In the past, they have been held at Canyon, Plainview and Lubbock.

Silvey said the 44-piece Antelope band will compete in concert, sight-reading and marching at the April 28 contest.

The band's contest numbers are "Colonel Bogey," a march; "Toulon," an overture, and Bach's "Jesu, Joy of Man's Desiring."

Band soloists who will compete at Levelland on May 12 are: Kenneth Mills, French horn; Lexa Acker, marimba; Judy Clary, clarinet; Frances Dietrich, alto sax and piano; Boyd Dodson, alto sax and piano; Beverley Young, alto sax; Glenn Huntley, trumpet, and Sherry Odum, twirling.

can tell in them is, as I've already mentioned, that those of today seem just a little more alert, active and interested than those of several years ago."

Miss McWhirter, whose hometown is McKinney, is a graduate of East Texas State College at Commerce. Her first teaching position in this area was at Patricia, a rural school in Dawson County.

After six years at Patricia, she went to Edith, a two-teacher rural school east of Tahoka, and when that school was consolidated with Tahoka she "went along" with the pupils, teaching there for seven years before coming to Post.

The new elementary school building had just been occupied when Miss McWhirter came to Post. There were four sections of first graders then, the same as now, but she has seen as many as five sections during her six years here.

Miss McWhirter says she is sure her desire to be a teacher just came naturally. Her father taught school for 25 years, and she has three brothers and three sisters-in-law who are now teaching or have taught school.

**City Officials Attend WTCC Meeting Held In Lubbock**

City Supt. R. H. Councilmen John and L. A. Presson met last Thursday for a meeting sponsored by the West Texas Chamber of Commerce. Members of the Water Engineers Association pointed out a shortage of information on a dominant factor in the economy and of water for 580 miles about one cent spent by the State on studies.

of underground water sources, the group of approximately 75 representatives were told.

"As precious as it is, as important to the economy of the state and even though 580 Texas cities depend entirely on it for their water, you and I are putting up the price of a piece of bubble gum for investigation of this, the greatest of our problems," Otho F. Dent, a member of the board, declared in the closing moments of the day-long session at Lubbock Hotel.

"It's difficult to secure dependable data when you don't have the funds and the facilities," R. M. Dixon, chairman of the board, told the audience.

Throughout the day's session, in which all three members of the water board and their examiner spoke, the need for more basic information and an educational program on water problems was cited by the speakers.

Frank Kelley of Colorado City, chairman of the WTCC water resources committee, presided at the sessions and sounded the keynote by declaring that the complexity of the state's water problems demand solution on a community or regional basis.

Chairman Dixon, Dent and H. A. Beckwith, the water board officials, spoke on various phases of the water problem at the morning session. In the afternoon, Joe Carter, board examiner, spoke on the various legal phases of water problems, explaining procedures of the board and the underlying theory of certain water rights.

**Highway Patrol Launches Drive For Employment New Officers**

APPLICATIONS ARE BEING ACCEPTED

The Texas Highway Patrol has announced applications now are being taken for employment as highway patrolmen throughout the state.

Those qualifying will be paid \$275 a month during training. At the end of training, rookie patrolmen will be paid \$306 a month during a six-month probationary period. At the end of the probation period, patrolmen will receive a base pay of \$315 a month with \$10 monthly raises at the end of each five years of service up to 15 years.

Those qualifying will receive two weeks annual vacation, 18 days annual sick leave, group insurance, and upon the completion of 20 years service will be eligible for the State Employees Retirement Plan.

Uniforms, guns and other equipment are furnished. Traveling and operating expenses will be paid by the state. Patrolmen will work not more than six days a week, except in cases of emergency. A minimum of 20 hours of night duty each week is required, however.

Applicants must be 21 to 35, not less than 5 feet 8 inches tall, and must pass a rigid physical test.

A high school education is required. Good character, honesty and integrity are of the highest importance, officials said.

Those accepted must be willing to accept assignment anywhere in Texas.

Examinations will be held within 30-60 days.

Those interested may write the chief of the Texas Highway Patrol, Texas Department of Public Safety, P. O. Box 4087, North Austin Station, Austin, or Capt. E. L. Posey, commandant of the Lubbock District of the Highway Patrol.

**Post Bantam Fanciers Are Heavy Winners In Show At Littlefield**

Two Post bantam fanciers, George (Scotty) Samson and Jack Samson were heavy winners Friday and Saturday in the senior division of a bantam show and exhibition at Littlefield.

A single comb Rhode Island Red owned by Scotty won first place in the cockerel class and was also adjudged "best cockerel of show." He also won second and third places with cockerels, and second in the cock bird class.

He also won first place ribbons with a Rhode Island red pullet and hen, both of which were adjudged "best of show" in their classes. His Rhode Island Red hen also won honors as the "best opposite sex" of the entire show. Another pullet was awarded a fourth place ribbon and another hen a second place ribbon.

Scotty's Cockerel Partridge Wyandotte was also a first place winner in its class.

Jack Samson, showing Silver Duck Wing Old English Game bantams, won first places in the cock bird, pullet and hen classes and a second place in the pullet class.

Don Long, showing in the show's junior division, won first and second places with his Rhode Island Red cockerels, and showed the best opposite sex of the entire division.

Approximately 600 birds were exhibited in the show, which was sponsored by the newly organized Hub Bantam Club.

QUALITY MERCHANDISE

AT THE CALVARY BAPTIST CHURCH

Former 'Hoodlum' Is To Hold Youth Revival Beginning Easter Sunday

A 22-year-old Houston, Tex., former teen-ager "hoodlum" and narcotics user for four and a half years, will conduct a Youth Revival at the Calvary Baptist Church beginning Easter Sunday, April 1, and continuing through the following Sunday.

He is the Rev. Paul Carlin of Wayland College, who is now one of the youngest ordained Baptist ministers in Texas.

During the Youth Revival, services will be held at 10 a. m. and 7:30 p. m. daily, according to the Rev. Shelby D. Bishop, pastor.

"Everyone is cordially invited to attend and hear this young evangelist," Rev. Bishop said.

Rev. Carlin has explained that except for a chance visit to a Houston church three years ago which led to his conversion, Christianity and God's call to the ministry, he probably would now be serving a Texas prison sentence.

He said he was at liberty on \$5,000 bond at the time on a charge of possession of narcotics.

"I was still attending high school, and the only reason I went to church that night was because a girl wanted me to do so, and promised to help me with my English if I would go," he explained.

"I can't explain it exactly, but the power of the Lord took hold of me at the meeting, and I was saved," he related.

Rev. Carlin said his home was "a little above the average," but he previously hadn't been to church since his mother took him when he was an infant.

"They didn't attend church regularly, and permitted my brother and me to drink liquor at home, and we did just about as we pleased," he related.

He added that in talking with young criminals since his conversion he has found that an unusually high percentage come from homes in which the Bible was not read and parents were not "real Christians."

"I don't believe there is such a thing as juvenile delinquency," he declared. "It should be called parental delinquency. Far too many parents fail to provide the right kind of supervision for their children, and don't teach them the Bible and Christian way of doing things."

Rev. Carlin explained he started smoking marijuana cigarettes after graduating from the eighth grade, and later in high school he learned to use the needle to take heroin and morphine shots.

"I saw some of the older fel-

lows there taking narcotics, and for some crazy reason I thought that if I did it would make me more popular and I wouldn't be a "square John," he said.

He said that while under the influence of narcotics he and other members of a gang called the "dirty five" committed a number of crimes including car theft, burglaries and stabbings.

After his conversion, he explained, police were dubious of his reformation, and kept him under close watch for months before dropping the possession of narcotics charge against him.

He was ordained a minister by special dispensation after he started speaking at evangelistic services.

Assisting with the Youth Revival services here will be a song leader from Wayland College, Rev. Bishop said.

COMMUNITY WIDE SANITATION IS URGED

Post Citizens Warned Fly Density Will Reach Peak Within Six Weeks

Fly densities in Post and other Texas communities will reach their peak within six weeks, state health authorities cautioned today.

Temperature and moisture will be ideal for fly growth and propagation by May, and coinciding with the increase in the number of flies will be a marked rise in the number of cases of dysentery diseases, State Health Commissioner Henry A. Holle predicted.

More than 1,100 deaths were attributed to dysentery diseases last year. Most of the victims were babies.

Senior Engineer Frank von Zuben of the State Health Department's environmental sanitation staff pointed to general community sanitation as the most vital aspect of fly control.

"If I had one choice of what I would like to impress on the mind of every man and woman in Texas, it would be neighborhood cleanliness," von Zuben said. "Neighborhoods are clean only when everybody living in them takes care to keep their own places free of litter and fly breeding media."

It is a known principle of disease transmission that flies "seed" disease organisms among some humans. Thereafter the sick persons spread the illness to their "contacts," even after peaks in fly densities have passed.

Another "peak" will come in the fall, after hot weather has passed and fall rains come.

With ideal conditions of temperature and moisture, flies may breed and lay eggs in a harmless looking pile of grass clippings. They won't pick up disease organisms in the grass clippings, but when the eggs hatch the flies will find an attractant—a privy, an animal shelter, or an open garbage dump where disease organisms are prevalent.

Therein lies the importance of community wide sanitation.

Included among the major fly-borne diseases are tuberculosis, typhoid fever, bacillary dysentery, infant diarrhea, and the eggs of tapeworms and round worms.

Beef, Pork On April's Plentiful Food List

COLLEGE STATION. (Sp.)—Beef and pork top the U. S. Department of Agriculture's plentiful foods list for April.

These two meats got the top rating because supplies are so heavy and prices so favorable to consumers.

Onions made the list for the first time this spring. Potatoes and dry beans are also listed.

Fruits on the April list include canned and frozen cherries, grapefruit, canned kadota figs and dates.

Supplies of milk and other dairy products continue to increase with the advent of the spring season.

Broilers, fryers, rice, lard and peanut butter round out the plentiful foods list for April.

## Post Half-Miler Wins At Lockney

Ray Gary, Post Antelope half-miler, ran his best race of the season Saturday in winning first place in the Lockney Relays with a time of 2:06.5.

The Post runner finished ahead of Adams of Canyon, McAdams of Olton, and Sheppard of Happy, in that order.

The meet was won by the Aberrathy Antelopes, another District 5-AA team. They won first places in the broad jump and discus throw, tied for first in the high jump, won second places in the broad jump and discus throw, tied for second in the high jump, and picked up third places in the 220 and 440-yard dashes and 180-yard low hurdles.

Downing of Floydada was fourth in the broad jump, and Gene Roberson of Spur was second in the shot put. Spur also finished fourth in the 440-yard relay.

### NEW SLATON COACH

Marion Smith, who was an all-Border Conference end at West Texas State College, has been employed as line coach at Slaton High School, Coach Leonard Ehler has announced.

## Baugh Is Speaker At Grid Banquet

"The football spirit is closely related to the Christian spirit," Coach Sammy Baugh of Hardin Simmons University said Friday night at the annual Post Antelope football pep squad banquet in the school cafeteria.

A crowd of approximately 150 heard the H-SU coach list desire, loyalty and know-how as the most important assets of a successful football player.

"Everybody has a little ability for some kind of sports," he said, "but it's those with the proper amount of desire who make the best athletes."

Baugh, who is considered one of the greatest football players of all time, said he had been playing football since he was in the third grade, and that he hopes his four sons follow in his footsteps.

In pointing up the importance of loyalty, the speaker said a player shows very little spirit if he has no respect for his coach.

"Coaches respect boys who give everything they've got, even though they may not develop into good players. When a boy walks off the football field, no one has to pat him on the back and tell him he's played a fine game. He knows whether he has or not.

"You get out of football just what you put into it. It's hard work any way you take it, but as a character builder there is no other sport that can beat it."

The speaker was introduced by Coach Vernon Ray.

Invocation was by Glenn Whittenberg, high school principal. Following the meal, a trio of Jackie Mason, Ann Osborne and Betty Porterfield sang, "He" and Gene Young played a cornet solo, "It's Almost Tomorrow." He was accompanied by Dixie Davis, pianist.

Following Baugh's talk, Coach Ray presented a gift to Miss Stephenson on behalf of the football squad for the work she and the pep squad girls had done toward making the banquet possible.

Football Queen Lovee Josey and Basketball Sweetheart Sara Ray also received gifts from the football boys, and one went to Ted Tatum, pep squad sweet-

## 7th And 8th Grade Trackmen Finish Second And Third

Post's 7th grade track and field team finished second and the 8th grade team third in a triangular meet at Slaton Friday with Slaton and Wilson.

Raul Soils, with three first place wins, was almost the whole show for Coach Herman F. Raphael's 7th grade team. He won first in the 100-yard dash, broad jump and shot put, placed second in the 75-yard dash, won third place in the discus throw and was a member of the 440-yard relay team, which won second.

Other 7th grade winners were: Jimmy Minor — 4th, 50-yard dash; 4th, broad jump, and ran on 440-yard relay team.

Richard Ray—3rd, broad jump, and ran on 440-yard relay team.

Jerry Ligon—3rd, high jump, and ran on 440-yard relay team.

Calvin Davis — 4th, 440-yard dash.

Members of the Post team winning places in the 8th grade meet were:

Darrell Jones — 2nd, 75-yard dash; 2nd, 100-yard dash; 2nd, shot put; 3rd, broad jump.

Clinton Smith—1st, high jump.

Curtis Didway — 4th, 50-yard dash; 4th, discus throw.

Duane Hyles — 2nd, discus throw.

## Garvin Beauchamp Is New Students' Dean At Abilene Christian

Garvin Beauchamp, 35-year-old native of Post, has resigned as Abilene Christian College football coach to become dean of students at ACC. He is a grandson of Mrs. J. R. Davis of Post.

As ACC grid coach, Beauchamp guided Wildcat teams to five conference championships in six years. Since he took over the reins from Tom Coleman in the fall of 1950, ACC football teams have won 39, lost 18 and tied four.

Beauchamp's best season was in 1950 when the Wildcats swept through 11 games undefeated, including a Refrigerator Bowl victory over Evansville. That was the only undefeated season in ACC history.

He attended high school at Roby before he entered ACC, where he chalked up quite an athletic record.

Beauchamp is married to the former Judy Jones and the couple has two children, 13-year-old Gary and 11-year-old Priscilla.

### Mrs. Exa Thomas Makes Statement To Garza Voters

Mrs. Exa Thomas, who last week announced her candidacy for the office of tax assessor-collector, makes the following statement to the voters:

"To the voters of Garza County: I am a candidate for the office of tax assessor-collector, subject to the action of the Democratic primary. I am now serving my third year as deputy tax assessor. I have had one year's experience as office deputy and am now chief deputy of the tax office.

"I feel that my experience as assessor and in the office will be of great value in qualifying me for the position. It has given me the opportunity to know most of the voters in the county. If I am elected to this office, I will assure you prompt and courteous service at all times.

"I hope to see you at some time before the primary election if the duties of the office will permit.

"Your vote and a word to your friends in behalf of my candidacy will be greatly appreciated."

# ... Is A Determining Factor Successful Range Reseeding

STATION (Spl.) — grass should be drilled or seeded in rows and culipacker or roller used to firm the soil. Plant only adapted grasses and cover the seed from a fourth to three-fourths of an inch deep. Most grasses should be planted in the winter or early spring before the rainy season. Mowing the first year will aid in controlling weeds and spraying with chemicals can be used for this job the second year. If the grass is to become established, controlled grazing and good management are musts, says Walker.

On the barren or denuded rangelands, Walker says if 15 per cent of the better grasses are left, deferred grazing may do the job quicker and a lot cheaper than reseeding. Can some land preparation be made and is the area to be reseeded fenced to protect the seedlings? It will need different management, points out Walker.

Fairly good results from seeding in pits have been obtained in the Edwards Plateau, Rolling Plains and Trans-Pecos areas while seeding following root plowing in the Rio Grande Plains has given similar results. Scattering seed where plant litter is absent has given fair results in some areas but it's expensive. Scattering seed under protecting brush or on rocky areas usually gives poor results.

The chances of success by any method depends upon the moisture supply and the management practices used while the grass seedlings are becoming established, says Walker.

# POSTEX MILLS

By A LEE WARD

We wish to express our deepest sympathy to friends and relatives of Deanie Hill Herman, who was killed in an automobile accident last Friday.

We are glad to hear that Ray Smith is doing better now. Nona was off from work nearly a week when she took Ray to the Veterans hospital in Big Spring, where he is being treated for pneumonia. Nona says she would like to take this opportunity to express her appreciation to all the wonderful people for the beautiful flowers.

Mr. and Mrs. Ray Hodges attended a turkey dinner and "42" party in the Sturman Young home Monday evening.

Elaine Wheatley spent Sunday with her cousin, Margaret Meeks of Slaton.

Mr. and Mrs. W. L. Crider and Bill Hubble visited Mrs. Crider's parents, Mr. and Mrs. J. W. Lawson of Chico.

Mrs. Irvin McDougle spent Friday night with her brother and family, Mr. and Mrs. W. A. Scott. Saturday morning they went to Big Spring and visited Mr. McDougle, who is a patient in the Veterans Hospital.

Mr. and Mrs. Donald Mason and family of Lubbock visited Mr. and Mrs. Boyd Copple Sunday.

Mrs. Woodrow Furr and Mrs. James Aten visited Mrs. Furr's mother, Mrs. McCarthy of Plainview Sunday.

Mrs. Ida Thomas, Mrs. Maud Brister, and Mr. and Mrs. Bill Thomas of Floydada visited Mr. and Mrs. L. P. Kennedy and friends Sunday.

Mr. and Mrs. Dan Mitchell visited her uncle, Mr. and Mrs. Willie Idell of Amarillo.

Mrs. W. D. Williams of Snyder, Mrs. Surman Clark and children of Slaton, Cliff Clark of Big Spring, Mr. and Mrs. Harold Voss and Voda Beth visited in the Carl Clark home Sunday.

Mrs. R. B. Perrin was in Temple with her son-in-law, Jerry Epley, who underwent surgery last Tuesday.

Mr. and Mrs. Fred Taylor and Ann visited relatives and friends in Temple Saturday and Sunday.

Mrs. Matt Mabry, William, and Mrs. E. G. Burgess of Clarksville visited Mr. and Mrs. Bill Littrell and boy, Friday.

Mrs. Boyd Denton and daughter of Snyder, Mr. and Mrs. Darrel Benson and daughter of Andrews, Mrs. B. A. Guerry of Sundown, Mr. and Mrs. J. D. Covington and daughters of Canyon were Sunday guests of Lucille Gibson.

Mr. and Mrs. Clarence Maddux and boys went fishing at Lake Thomas Sunday. They caught about 35 pounds of large crappie. Nice catch, huh?

Mr. and Mrs. J. C. Howard of Graham Community, and Miss Opal Waldrup visited Mr. and Mrs. D. J. Phillips of Plainview Sunday.

Mr. and Mrs. Wayne Thomas and children of Lubbock visited Monday night with Mrs. Innis Thomas.

Mr. and Mrs. Clifford Pruitt and boys visited Mr. and Mrs. R. L. Hall of Cotton Center Sunday.

Visitors in the W. D. Williams home Saturday night were Mr. and Mrs. O. F. Fennell and children, Mr. and Mrs. W. A. Long and Mr. and Mrs. Byron Haynie and Lana.

Mr. and Mrs. Tom Carwell of Snyder, Mr. and Mrs. Bobbie Green of Brownfield visited Mrs. Zora Jones Sunday.

Mr. and Mrs. Johnnie Johnson and baby, and Mrs. Wiley Johnson visited Mr. and Mrs. J. S.

## Hunting Data Sought By Game Commission

AUSTIN (Spl.) — Ranchers, land owners and other Texans taking out shooting preserve licenses for the last hunting season are urged by the Chief License Clerk of the Game and Fish Commission to turn in their final report according to state law.

The Chief License Clerk, who said 5,480 such permits were issued last fall, said the data is "urgently needed" to compile information on the annual wildlife harvest as a basis for game management plans and for other purposes.

The licenses which cost \$5 each require each holder to keep a factual record of hunters' names, dates, and what they shot, if anything, and forward the document either to their local game warden or to Commission headquarters in Austin. Persons not complying are subject to prosecution.

Visitors to the capitol in Washington may go through the building from 9 a. m. until 4:30 p. m.

# W. M. U. Votes To Meet In Homes Of Members 2nd, 4th Thursdays

The Pleasant Valley Home Demonstration Club met with Mrs. Hershel Bevers last Thursday afternoon with eight members present. Mrs. Robert Mock gave a demonstration on cutting and matching plaid material. Refreshments were served to Mrs. Billy Johnson, Mrs. Sonny Hill, Judy and Debbie, Mrs. T. L. Adams, Jr., Mrs. Spence Bevers, Mrs. Carl Payton, Mrs. R. V. Burnes, Roy and Cindy, Mrs. Stanley Sims and children, Mrs. Mock and David, Mrs. Bevers, Peggy and Mark. Gifts were exchanged. The next meeting will be with Mrs. Adams on April 5.

The W. M. U. met for a Royal Service program at Mrs. Lawrence Burkett's last Thursday night with eight members present. It was voted hereafter to meet in the members' homes in alphabetical order the second and fourth Thursday nights. After the program, spiced tea and cake were served to Mrs. Robert Mock, Mrs. Carl Payton, Mrs. Hershel Bevers, Mrs. Carl Chil-

barner and Ann Butler in Abilene Sunday.

Mrs. Ray Young and daughter were Lubbock visitors Saturday.

Mrs. Burt Dugger and grandson of Lubbock, Mrs. W. A. Long, and Mrs. B. W. Pennell visited Monday evening with Mrs. O. F. Pennell.

Mrs. Skip Martin and baby of Lubbock spent the weekend with Mrs. Jessie Lofton.

Frances Buchanan spent the weekend in Littlefield visiting Mr. and Mrs. W. P. Jackson and family.

### Auto Inspection Not Necessary In Order To Register Vehicle

There is no connection between the purchase of automobile license tags and the safety inspection of passenger vehicles. Executive Director G. C. Morris of the Highway Safety Council of Texas reminded Garza County motorists today.

"One reported reason for the delay of some motorists in having their automobiles inspected this year seems to be a misunderstanding about new license plates and safety inspection stickers being issued together," Morris said. "There is no connection whatsoever."

Deadline for purchase of 1956 license plates is April 1. Morris pointed out, and the inspection deadline is April 15.

"It is not necessary," he added, "to show any certificate of inspection to secure license plates."

Morris reported that the Highway Safety Council's continuing check of authorized inspection stations indicated that inspections had increased rapidly during the first two weeks of March but, he added, "any motorist who waits until April for the safety inspection will face a long waiting line."

### Two Locations, Three Completions Reported In County Oil Activities

Two new locations and three completions are reported by the Railroad Commission in recent Garza County oil activities.

#### SET RODEO DATE

RALLS—Sept. 6, 7 and 8 have been set as the dates for the 1956 Jaycee Rodeo here. Goat Mayo of Petrolia will produce the show. John Townsend of Henrietta will announce. Jiggs Young and Perry Nelson, rodeo clowns, have been engaged for the three-day event.

#### FIRST ANNOUNCEMENT OF PRIZES MADE

### Garza County 4-H Members Will Share In 1956 National Awards

Awards for 48,000 4-H Club members, including the more than 200 in Garza County, are offered in the first announcement of 1956 National 4-H Award Programs by the National Committee on Boys and Girls Club Work, Chicago.

County, state and national winners in 4-H Poultry, Garden, Dairy and Entomology programs will be honored for outstanding achievement. Boys and girls are urged to begin now to keep accurate records of their accomplishments, since the awards will be made on the basis of the reports submitted by the 4-H members.

In the National 4-H Poultry Program, a new donor of awards, the Sears Roebuck Foundation, is making available four gold-filled medals for winners in each county; an all-expense trip to the National 4-H Club Congress in Chicago for the state winner; and \$300 scholarships for six national winners.

Four county winners in the Garden program will receive medals of honor. The Allis-Chalmers Mfg. Co. Tractor group also provides expense-paid trips to the Club Congress for state winners, and eight \$300 scholarships for national winners.

Incentives offered in the National 4-H Dairy program by the Larro SureFeed Division of General Mills include four medals for winners in each county; an all-expense trip to the Club Congress for the high-ranking member in the state; and six \$300 scholarships for national winners.

For the fifth consecutive year, the Hercules Powder Company

is providing the incentives in the Entomology program. They include medals for four county winners, a trip to the Club Congress for the state winner, and a \$300 scholarship for each of the six top-ranking 4-H'ers in the nation.

Complete information on the award programs is available at county Extension offices or from the State 4-H leader.

WARREN H. LINER

ness session will be held presided over by District Commander Liner. At the business session, the reports of the Committees of the 19th District will be heard. Speakers at the business session will be 5th Division Commander Paul Spillman of Wellington and C. L. Downey, State Commander, Pleasanton.

### VA Questions And Answers

Q. I am a Korea veteran and I meet all the eligibility requirements for GI training. I have just enlisted for another tour of military duty. Could I train while I'm in uniform?

A. No. Under the law, veterans may not receive Korean GI training while on active duty, even though they meet all the basic requirements.

Q. I am a World War II veteran with a permanent GI insurance policy. Could I convert my policy to term insurance?

A. No. Permanent GI insurance policies may not, under the law, be converted to term insurance. However, GI term policies may be converted to permanent plans.

Q. During the war I was an officer of the commissioned corps of the Public Health Service. I have been retired for age, and am now drawing retirement pay. Since I have a service-connected disability, I am eligible for VA compensation payments. May I receive the VA payments concurrently with my retirement pay?

A. Yes. There is no bar against receipt of disability compensation pay, along with retirement pay of an officer of the Public Health Service commissioned corps, retired for reason other than disability.

Q. I am a disabled Korea veteran, discharged early in 1955. What is my deadline for finishing vocational rehabilitation training under Public Law 894?

A. Your deadline is Jan. 31, 1964, or nine years after separation, whichever comes first. There are exceptions to this deadline for certain veterans, but they do not apply to you.

### Bible Forum In Lubbock Slated For May 13-20

LUBBOCK, (Sp.)—Plans for holding what may be "the largest religious meeting in the history of Lubbock and the South Plains" have been announced here by Henry E. Seidmeyer, minister of the Pioneer Park Church of Christ.

The Lubbock Bible Forum has been set for May 13-20 in Lubbock's new Auditorium-Coliseum which is scheduled for completion this spring on the Texas Tech campus. The meeting will be an area-wide effort and will be "undenominational in character," Seidmeyer declared.

Many churches in Lubbock and throughout the area are co-operating with the Pioneer Park church in the Forum.

Opening Sunday afternoon, May 13, the Forum will include a series of 10 public discussions on Bible themes. By adding seats, the new auditorium will have a capacity of 5,000—meaning the entire series will have a potential audience of 50,000.

"And we're going to pray and work toward filling the auditorium at every session of the Forum," declared Seidmeyer.

"We envision the Lubbock Forum as one of the largest and most significant meetings in the history of Lubbock and the South Plains," Seidmeyer added.

Speaker selected for the Forum is Batsell Barrett Baxter, professor of speech and Bible at David Lipscomb College in Nashville, Tenn., and author of several books of national distribution.

Director of music at the Forum will be Bill Davis of the Dallas public schools, and formerly of the Abilene Christian College music faculty.

First bathtub in the U. S. was installed in 1842 by Adam Thompson in Cincinnati.

## Dodge leads all pick-ups on all 4 counts!

1 HIGHEST V-8 HORSEPOWER-TO-WEIGHT RATIO... Greater Hauling Power

2 BIGGEST CAB Extra Room For Extra Comfort

3 HIGHEST PAYLOAD CAPACITY For Bigger, More Profitable Hauls

4 DODGE COSTS LESS Than Any Other Truck With Automatic Transmission

### Don't buy a truck blindfolded...

Check Dodge before you buy, and get more truck per dollar!

Choose any yardstick of comparison you can name—you'll find no other truck measures up to today's bigger, more powerful DODGE.

**Prove it yourself.** Give the new truck you may be thinking of buying a good, thorough going over. Dig into its payload rating, horsepower-to-weight ratio, cab size, performance, and price. Get the facts, right from the engineers' specification book. Then take time to...

**Check Dodge.** Match every one of these points against what you get in a DODGE truck, and see how much more Dodge gives you for each dollar you invest.

**You owe it to yourself** to get the best buy for your money, so be sure to get your Dodge dealer's deal before you decide—before you make the unfortunate mistake of paying more for your next truck and getting less.

**Easier on driver**—especially with automatic transmission. You get the largest cab for greater comfort, largest wrap-around windshield for greater safety.

**Easier to turn.** Dodge has industry's shortest turning radius—requires much less effort to park, make U-turns, maneuver through heavy downtown traffic.

**Easier to load.** Low body-floor means just an easy lift from ground to truck, saves you work every time you load, every time you unload.

**Easier on gas.** Dodge higher horsepower-to-weight ratio means less pulling effort required of engine, assures greater efficiency, maximum gas economy.

### Traffic Signs Designed To Protect Human Life On Streets, Highways

"Wilful disregard for traffic signs and signals by motorists and pedestrians has spelled disaster for many a person and has kept our annual traffic toll at an alarmingly high figure."

That statement was made today by Sheriff Carl Rains in connection with the state-wide drive against traffic accidents being conducted this month in Texas by the Texas Safety Assn., Inc. and Department of Public Safety in cooperation with the National Safety Council. The special emphasis for this month in the year-round campaign for greater traffic safety is knowledge of and obedience to traffic signs and signals, the "Signs of Life" for motorists and pedestrians.

"While we cannot determine just how many of the traffic accidents on our streets and highways can be traced to disregard for traffic signs and signals," the sheriff said, "we do know and can prove that there is a close tie-in between traffic violations and traffic accidents."

The sheriff said that some of the more common violations accounting for traffic accidents are exceeding the posted speed limit, improper passing, failure to keep to the right of the center line, failure to yield the right-of-way, and disregard of stop and warning signs.

"Traffic signs and signals represent the expert planning of well-skilled and experienced persons in safety know-how," he said. "They are designed to protect human life on our streets and highways, but unless they are heeded faithfully they will prove of little avail in preventing accidents to motorists and pedestrians."

Pointing out that several studies of motorists' behavior at traffic signs indicated an alarming laxity in consistently obeying traffic signs, particularly stop signs, the sheriff said that the major purpose of the current program is to cut down on traffic accidents by indoctrinating motorists and pedestrians with the necessity for strictly observing these "Signs of Life."

"The driver or walker who deliberately flouts the law by disobeying traffic signs can be exceedingly dangerous to himself and to others," he said, "and we must make him realize that these 'Signs of Life' are meant to protect him and others in modern traffic."

The Herman Dabbs are building a new home on the highway on the north side of their farm.

W.S.C.S. members honored Mrs. Paul Winterrowd with a shower of layette gifts last Monday. Refreshments of cold drinks and cookies were served.

### Most FHA Real Estate Loans In 1955 Were For Family-Type Farm Projects

Most of the Farmers Home Administration's real estate loans made in Texas last year were for improvements and developments on family-type farms such as constructing and repairing farm buildings, adding more acres, fencing, improving soil fertility, and establishing permanent pastures, the agency's local county supervisor, Joe Box, said this week.

Loans are also available through the agency to purchase family-type farms.

Box also reported that most of the funds for farm ownership loans in the State were supplied by banks and other private lenders under the agency's insured farm loan program rather than through direct loans from appropriated funds.

Box said he looks for more private sources to advance additional farm ownership loan funds this year.

Insured loans are also the source of most of the funds for soil and water conservation credit supplied through the Farmers Home Administration. These are loans with which eligible

farmers carry out soil conservation measures and develop domestic and irrigation water facilities.

The Farmers Home Administration loans funds to farmers to whom other lenders cannot furnish adequate credit. As soon as a borrower becomes able to go ahead with regular credit, he pays off his Farmers Home Administration loan and meets his credit needs through banks and other lenders' regular credit services.

The total amount of a farm ownership loan cannot be more than the fair and reasonable value of the farm as decided by the local county committee. They base this value on the farm's long-time earning as determined by an appraiser. Also, a loan cannot be for more than the average value of the efficient family-type farms in the county. An average value has been established for each agricultural county in the nation.

The farmer pays an interest charge of 4 1/2 per cent on farm ownership or soil and water conservation loans. If the loan is

from insured funds, the lender receives a net of 3 1/2 per cent and the Government receives 1 per cent as an insurance charge. The agency makes, services, and collects the loans. Farm ownership loans run for a 40-year period, with opportunity to repay ahead of time. The time limit on individual soil and water conservation loans is 20 years, but in some instances loans to farmers' non-profit associations may run for longer periods.
