In the top picture, Roy LeMond of Grassland is shown placing a flag on the grave of his father-in-law, Pvt. Jack L. Edwards, following Monday's Memorial Day service at Terrace cemetery. In the bottom picture, the Rev. Eugene Matthews, First Methodist Church pastor, is shown making the memorial address. Standing by are Nick Vukad (left), American Legion commander, and Ralph Cockrell, VFW Post commander.—(Staff Photos.)

The Memorial Day service is sponsored by the VFW and Legion posts.

Retired farmer of Close City area buried Wednesday

Funeral services for E. W. Whitten, 78, a retired farmer of the Close City community, who died at 9 p. m. Monday in Garza Memorial Hospital, were held at 4 o'clock Wednesday afternoon at the Church of the Nazarene. Mr. Whitten, who had lived in Garza County since 1933, had been in ill health for some time, but was admitted to the hospital only the day before his death. He was born Nov. 30, 1881, in Beaumont and was married to Miss Minnie Winslett on Nov. 15, 1908, in Kaufman County. They lived in Corsicana and Electra and in the Rio Grande Valley before moving to Garza County 27 years ago and settling on a farm in the Close City community. Mr. Whitten was a member of the Baptist Church. The Rev. Joe Norton of Hamlin, (See RETIRED FARMER, page 8)

Arrest made by local officers

Pair wanted 'nearly everywhere' nabbed

Two suspects sought in at least eight South Plains towns on charges ranging from theft by bailee to forgery were arrested here Wednesday by county and city law enforcement officers. Sheriff Norvel (Booger) Redwine of Lynn County started things moving when he issued a call for two men driving a car carrying New Mexico license plates. He made the call after the men attempted to pass a bogus check at a Tahoka cafe. The men, later identified as Walter Richard, alias J. M. Johnson, and Charles M. Cowley, were arrested at a tavern here by Post officers and then taken to Lamesa by a Dawson County deputy. About ten fifths of whisky, potato chips, a potato chip rack and

Water predicts rationing

...Capt. Henry Tate spoke on water situation Tuesday before Rotarians at their luncheon in City Hall. He said that 1,250,000 gallons of water are used in the maximum amount that can be delivered here daily from the city's water lines. Four times a week, he added, the water consumption figure was 1,195,000 gallons. For the year 1949, he said, the city's daily water consumption was 233 gallons, as compared with approximately 40 per cent less in a daily average of 722,000 gallons. In 1939, he said, the city used 1,360 water connections. In 1959 as compared to 1940, he said, the city had 1,360 water connections. He said he didn't want to discuss the possibility of water rationing, but that water rationing is probable before the summer if there is any possibility of a drought.

'Million Dollar' rains offset county's \$30,000 hail loss

A couple of those life saving "million dollar rainstorms" over the weekend which came just in the nick of time for dryland area farmers also had something on the debit side with an estimated \$30,000 in hail damage Saturday night. Saturday night's rain, which began falling about 7 o'clock, measured 1.98 inches in Post on County Agent Lewis C. Herron's rain gauge. Monday morning's rain, which began falling well after midnight Sunday and up to about 8:30 a. m., measured .55 of an inch here, giving Post 2.83 inches. The Saturday night rain was general over the county except for the Graham community area and points west and south of that area. John F. Lott said they got no rain on the U Lazy S Ranch Saturday night, but that Monday's rain measured 1.75 inches there. The precipitation in the Pleasant Valley community, northwest of Post, measured about .75 of an inch Saturday night and more from Monday's downpour. Two inches or more fell in the Grassburr community northeast of Post Saturday night, with more rain being received Monday morning. East of Post, almost to the Kent County line, the rain measured up to 2.50 inches. The rain was heavy toward Justiceburg both Saturday night and Monday morning. "It puts us in much better shape from a moisture standpoint than we were," County Agent Herron said, "but some areas of the county still need moisture." He said large-scale dryland planting will begin this week as the fields dry enough for farmers to get into them. The rains were beneficial to rangeland as well as to cropland. It also made it possible for most of the irrigation farmers, with cotton already up, to stop having to water their crops. The Saturday night hail came in two long distinct ice falls here in Post with an area approximately eight miles north to south and six miles wide receiving the major damage. Most of the insurance claims were to buildings and automobiles. Some irrigated cotton was damaged and some had to be replanted due to washing out and hail losses. Local insurance agencies reported approximately 150 damage claims in up to yesterday afternoon with the total expected to be around the 200 figure. Some roofs in the city, of composition type, were total losses, but on the average the hail claims probably would figure no more than \$150. Eight or ten hail adjusters are busy here and most of the claims probably will be settled by Saturday. R. H. Sappington, who lives in the Close City area, picked up the largest reported hail stone. He said it measured nine inches in circumference. A. C. Cash, who lives about eight miles northwest of Post, said some of the largest hail stones which hit his rural home literally "came right through the roof." He said the big stones hit five or six feet apart and came on through but he had a wooden ceiling to keep them from coming on through to the floor. Lynn Duncan, out after the first hail, in the western part of Post picked up some hail stones too big to go through the mouth of a fruit jar. One 1952 model automobile was written off as a total loss by adjusters on a farm west of Post. It would have cost more than the estimated worth of the car to repair the damage. Most roofs checked on claims had some damage, but one adjuster had only "three totals in 21 checked." Composition roofs were damaged much more heavily than shingle roofs. Cars also were dented and damaged. One adjustment was made on one car claim for \$367. The hail was heavier in the western part of the city than in the eastern half. Little downtown damage was reported. No plate glass windows were broken. The hail damage area extended roughly from the Graham Chapel area on the southwest north about eight miles to four miles north of Post. Its width was from about six miles west of town well into the middle of Post itself. It was the worst hailstorm in this area since the Flag Day wind and hail storm in 1955 when thousands of dollars in damages was done by tornadic winds and hail. Some 1,500 acres of cotton were hauled out in that one. A small twister was sighted in the Saturday night storm east of Post on the John Birdwell ranch. No known damage was reported.

Post and its trade area thoroughly enjoyed what the Lubbock Avalanche-Journal's headline writer consistently terms a "storm slashing" over the weekend. If we can be "slashed" by the weather a couple of more times maybe we can get us a cotton crop. Girls basketball coach is elected
Bill Woods of Three Way, a Class B high school near Morton, was elected by the school board Monday night as girls' high school basketball coach here to replace N. R. "Jiggs" King, who resigned.

The board's action came at a special meeting, of which The Dispatch was not notified either before-hand or after-hand. The board also accepted the resignations of Mr. and Mrs. James Cox of Panhandle, who had been elected as grade school principal and classroom teacher, respectively, and of Mrs. Harold Teal, who taught here during the 1959-60 school year.

Members of the school district's board of tax equalization — Boone Evans, Arnold Sanderson and Giles McCrary — met with the board preparatory to convening Thursday.

Chamber of Commerce has 3 new members
The Post Chamber of Commerce has three new members, Mrs. Joan Stewart, secretary announced yesterday. The new member firms are Luttrell Texaco Service, Lazy S Package Store and B&B Liquor Store.

Answer filed here to liquor election suit

In an answer filed in district court here Tuesday to the civil suit brought to declare the Precinct 3 liquor election null and void, attorneys for the Garza County Commissioners' court contend the drys are "in no position to plead the consequences of their wrongs, if any," as the election was conducted "under the control and guidance of the dry faction with ample facilities of the law to prevent any violation."

The answer also listed ten specific exceptions to the plaintiffs' petition filed in the suit. The answer was filed by County Attorney Carleton P. Webb and Pat N. Walker. Walker is a special counsel employed by interested parties and not by the suit's defendants, County Judge J. E. Parker and the individual county commissioners.

HEARING TO BE SET
District Judge Truitt Smith told The Dispatch by phone yesterday he probably will set a pre-trial hearing on the ten exceptions to the answer when he comes to Post June 16 to conduct some scheduled jury trials.

One car stopped and four charges filed
State highway patrolmen "hit the jackpot" when they stopped a car near here Friday. The driver was charged with driving while intoxicated, each of two passengers were charged with being drunk and one of the passengers was also charged with carrying a pistol.

Israel Garcia, the driver of the automobile, entered a not guilty plea in county court to the DWI charge. His bond was set at \$500. Kathy Flores, one of the passengers, pleaded not guilty to the pistol-toting charge and her bond was set at \$500. She also paid a \$20.50 fine in justice of the peace court for being drunk. The other passenger, Ben Juarez, was fined \$20.50 for being drunk.

At Little League Park
Two arrested in break-in attempt
A charge of breaking and attempted entry was filed against Dale Hair yesterday after an attempt Monday night to break into the concession stand at Little League Park.

Hair and a juvenile were taken into custody late Monday night by Deputy Sheriff Sam Price and Deputy City Marshal Buford Finchum after Cancell Kirby, manager of the concession stand, reported an attempted break-in.

The stand had been broken into Sunday night and a box of new baseballs and six or seven cases of cold drinks stolen. After Monday night's games, the officers

The suit was filed May 6 on behalf of five residents of Precinct 3 — C. W. Hinson, R. W. Self, James C. Gatlin, N. C. Andrade, and Cancell Kirby—by Lubbock Attorneys Roy Bass and Kenneth Hobbs. In the suit, the plaintiffs contend in the first place the county court had no legal authority to call and hold such an election, and in the second place that "the outcome of the election was materially affected" by "illegal and fraudulent conduct of the election." Short ballot faces voters

Light vote seen in 2nd primary

With Saturday's second primary election ballot listing only two races, one for Judge of the Criminal Court of Appeals and the other for Precinct 1 County Commissioner, most of the interest here is centered on the latter race, where Racy Robinson, seeking a second term, is opposed by Jack Myers of Southland.

In the first primary May 7, Robinson and Myers led a field of four candidates. Robinson receiving 424 votes and Myers 404.

The only election boxes in which voters will cast ballots in the Precinct 1 Commissioner race are

Two small building permits issued here
Two small building permits have been issued at the city hall the last few days for construction costing an estimated \$575.

The figure brings the year's construction total through Tuesday to \$475,475. A permit was issued J. B. Potts for building a redwood fence and a small tool house at his home. The estimated cost is \$300. Fred Cockrell received a permit for the repainting of a room interior at an estimated cost of \$75.

Green Lantern's license 'nixed'

The liquor license for the Green Lantern Tavern here has been cancelled by the Texas Liquor Control Board.

Leon Bowman, head of the liquor board's Lubbock office, told The Dispatch the official order cancelling the license was served on the owner, Agnes Marie Hodges of Lubbock Friday.

The license was cancelled at a hearing before Coko R. Stevenson Jr., administrator of the Texas board in Austin May 24, when the licensee failed to appear. Bowman said the cancellation was a breach of the peace.

Official notice for application of three more on-premise beer licenses for taverns or lounges appear in this issue of The Dispatch.

Only license granted last Friday before County Judge J. E. Parker was for an off-premise beer license for Bud's Liquor and Beer store, two miles northeast of Post on FM 651, issued to Charles E. Gee.

Bowman said things were "quiet" in Post during the last week as far as his office was concerned.

VFW Poppy Sale here Saturday raises \$116.50

The Post VFW and the VFW Auxiliary raised \$116.50 in its annual Poppy Sale here Saturday.

Mrs. Jessie Lofton was chairman of the Poppy Sale for the auxiliary and Ray Warren for the post. Mrs. Benny Poliard also assisted. Helping with the sale were Kay and Sue Lofton, Richie and Karen Poliard, Judy Poole, Judy Cook, and Yvonne Moreland.

Our birthday promise

With this issue, The Dispatch begins its 34th year of publication—and its fourth under our ownership.

On our newspaper birthday, we want again to restate the guiding principles of our editorial policy.

The Dispatch intends to print the news as unbiased and completely as we know how. We believe when the good folks of any community are completely informed, they, working together, will make it a better community. We think too, they have the "right to know what is going on."

Sometimes in printing the news, we don't relish the assignment. Sometimes printing the news hurts folks, especially their pride, because we report what they have done. It is better though in the long run always for both them and the community that the truth, as we can find it, be published. In a news vacuum rumors flourish. Rumors bring out the very worst in people and develop into very vicious weapons.

We intend to continue our coverage of community affairs—especially the units of local government—as best we know how. We welcome the cooperation and understanding of the public spirited men who serve in our government. And we promise the same within the limits of good community newspapering. In the past we have kept personalities out as best we knew how and stayed with issues. Our fine news staff has always done and always will do its professional best to remain objective at all times without prejudice or slant.

In areas of controversy, we always have and always will strive to present both sides of any and every community issue as we find it.

We welcome at all times your—the reader's help—in making this a better newspaper. Your cooperation in news tips and in constructive criticism is always appreciated. A telephone call to our office on a news item about you or your friends, or a story about some development you have heard about is what we are in business here to do. To help your communication to us we have recently installed a new telephone system with two incoming lines—at considerable expense—to facilitate news gathering. Remember, your calls are always welcome.

Editorially we will continue to speak up for what we believe to be the best interest of this community. Other editorial pages will be more bombastic, perhaps much sharper in criticism

and therefore a bit more delightful to the reader and painful to the target.

In our experience in newspapering we have found that no real editorial objective is swift and easy to obtain. It takes time—sometimes even a few years for community thought to jell upon any issue. But when it jells in the public's mind, officialdom responds.

Like a batter in a baseball game we won't bat 1,000 at the editorial plate. But we will be at the plate swinging in behalf of the community—trying to get on base so the public can drive the run across. We don't swing for the fences, and we don't back out of the batter's box either. Our readers, we know, are the cleanup hitters.

Editorially, our objective is to jog community thought on community problems. Regardless of this newspaper's stand on any issue, if we have aroused constructive thought on the problem we have contributed toward its ultimate solution and we have done the real job the newspaper editorial page can do on behalf of its hometown.

Again, we welcome your letters to the editor for publication—with names attached—on points you wish to make for the community's good. These really are "reader editorials." We can assure you they will be well read and will be a contribution to community good.

We make mistakes, always have and always will. We try to make as few as possible. We will correct them when called to this newspaper's attention. All we hope is that the reader will not motivate honest mistakes into something else.

On all these matters, the editorial "we" is used to indicate the thinking of our staff and not just of the ownership. We are proud of our fine staff, both front and back. They do a great job under continuous pressure. All of us are our own worst critics. We know that we can improve and do better—and that is our goal.

Naturally, all of us on The Dispatch must make a "living" out of the paper. It is not nearly as easy a "living" as some imagine. But it is an interesting work, or some of us would be in it. We strive not just to make a living for ourselves—but a better life for our community.

That has always been our goal—and as we start another year of Post newspapering that is our promise to you.—JC.

THURSDAY to

THURSDAY

By CHARLES DIDWAY

YOU'D THINK THAT with school out and the crop outlook dim on account of a lack of moisture that things would slow down in June, but they won't—anyway not on a nation-wide scale. Wednesday, which was the first day of June, heralded the opening of National Recreational Month, Movie Month, Dairy Month, and National Ragweed Control Month.

By the way, what's being done in our community about National Ragweed Control Month?

EVEN IF WE'RE not doing anything about ragweed control, at least we are getting in on the National Recreational Month and Movie Month observances. Opening of the swimming pool and Little League and Babe Ruth League baseball play tie in with the recreation, and Johnny Hopkins, Tower Theatre manager, has gone all out on Movie Month by lining up a solid 30 days of outstanding attractions for movie-goers, including such epics as "On the Beach," "Home From the Hill" and "Solomon and Sheba."

And, even if we don't like the stuff, we can participate in the Dairy Month observance by making milk our favorite drink during June.

THERE ARE ALSO a number of holidays and other special days in June. Saturday, the 4th, besides being an election day in Texas, is Old Maids' Day throughout the nation—and the year is Leap Year.

Friday, the 3rd, is Jefferson Davis' birthday, which will bring on a bank closing here and elsewhere throughout the South, and Sunday, the 5th, is Shut-In's Day.

CHILDREN'S DAY, sponsored by the National Council of Churches, is Sunday, June 12. I'm sure a number of churches are planning an observance on or not long after that date. One, already reported to The Dispatch office, is the First Methodist Church's Youth Activity Week, June 13-24.

Race Amity Day is also June 12 and National Flag Week begins on the 12th and continues through the 18th, with June 14 set aside as Flag Day. And we should have our flags out on that day.

FRATERNAL WEEK, which points up the fact that we are a nation of great "joiners", is June 12-18, and National Mayonnaise and Salad Week is June 16-25.

Father's Day is June 19, but we doubt that it has any official hook-up with National Bow Tie Week, which begins on the 19th and continues through the 25th. National Humor Week is June 21-28, and rounding out the schedule is National Safe Boating Week, June 26-July 4.

ALSO, JUNE MAY be the month the rains come!

On the same subject, we got a letter Friday morning from our son, who is in the Army at Fort Belvoir, Va., and he wrote in his very first paragraph: "How are you all today? Fine, I hope. I also hope you are having some of this rain we are getting. . . for the last four days it has really been pouring."

That "you all" in the very first line of his letter proves that very little of the Texan has rubbed off our son, but his mentioning those four days of pouring rain puts him in the same class with those people who go to the beach for two weeks and send their perspiring, hard-working friends postcards with a "wish you were here" theme.

TED R. HIBBS, local manager of the Southwestern Public Service Company, is a modest fellow and we suppose that is why he didn't let The Dispatch know that he won the Company's "Top Dog Award" for the best overall sales job in December. We might never have known it if I hadn't found time to turn through the May issue of the Company magazine, "The Southwesterner." Therein, I saw a picture of Ted being presented the award. The "Top Dog Award" has been established by SWPS Southern Division for local and district managers.

There is a way to work it out

The importance and value of a city police court to a town the size of Post is pointed up in the monthly report of the Slaton Police Department, published in the May 26 issue of The Slaton Stationite.

Now Slaton is a bit larger than Post population-wise, but not much. Not enough, in fact, to make any difference. There probably is more going on in Post any day or night of the week than there is in Slaton.

The Slaton Police Department's monthly report shows a total of 106 traffic arrests for the month and 56 other arrests. Total fines assessed amounted to \$1,785, with \$1,537 collected and \$228 "laid out."

There is nothing enviable about such a record—any town or city the size of Slaton or Post would be much better off without it. But, since such situations exist they must be contended with. What we are arguing here is that Post should have a city police court instead of letting all the cases be filed in justice of the peace or county court.

Several months ago, a step was taken toward the setting up of a city court, but it just didn't work out, as anyone should have been able to predict from the start. What it amounted to was that the city marshal would write the tickets and turn them over to the city secretary. If anyone

ever entered the picture as a municipal judge in any of the charges filed, we failed to hear about it.

Naturally, such a city police court was doomed to brief existence. After a while, the city marshal wisely quit filing any charges in the city court and started filing them again in the justice of the peace court.

Why anyone ever thought the so-called system they set up at the city hall for traffic violators would work out is beyond us.

There is, however, a way to work it out, but it must be done according to Hoyle. Any incorporated town or city can set up a corporation court, but it has to be run right with either the mayor acting as city judge or with a city judge duly elected or appointed. Post is a big enough town to do something like this. There are, of course, other contingencies, such as adequate quarters providing a place for a corporation court; a city jail or a working agreement with the county to lodge city prisoners in the county jail, etc. But all this can, and should be done, in time.

The way things are now on the law enforcement front, they are more than a trifle unbalanced in the matter of fines paid in. We'd like to see them equalized with the city getting its fair share, since it is providing its share of the law enforcement.—CD.

Johnson assured Texas support

The victory of moderates and conservatives, on the whole, in the county conventions over the state May 14 assures that these groups will control the state convention to be held June 14.

Just as surely, the convention will send the Texas delegation to the national Democratic convention instructed to cast the state's 61 votes for Sen. Lyndon B. Johnson for the nomination, and will make Johnson the leader of the delegation.

In fact, the Johnson forces, aided by Gov. Price Daniel, will have such outright control of the state convention that any opposition to instructing the delegation to Los Angeles for Johnson appears pointless.

Only Harris County among the large counties, and a few small ones, including Garza, failed to pass Johnson resolutions May 14.

While failing to pass a Johnson resolution—

or any resolution for that matter—Garza County's resolutions committee's report made it plain that this county's delegate and alternate delegate have heretofore exerted their efforts in behalf of the nomination of a Texan for the Presidency. Thus, it made it pretty plain that the Garza County delegate could be expected to do the same at the state convention.

If the "big county" delegation—the one from Harris County—makes an issue of opposition to instructing for Johnson, it is likely to lose its voice in the convention, one of the Houston newspapers says. That is not to say that the majority from Harris County would not be seated, the paper continues, but the convention leaders might go outside the delegation to name national convention delegates and electors that are due Harris County.—CD.

Let's go vote again Saturday

It's easy to get out of the habit of voting when a runoff election ballot is as "short" as the one we'll have in Saturday's election. Only one state race, that for Judge of the Court of Criminal Appeals, and a solitary precinct race, that for Precinct 1 Commissioner, make up Garza County's ballot for Saturday's voting.

Regardless of the size of the ballot and the absence of races of county-wide interest, it is a mark of good citizenship to vote. An indication of what a slim turnout can do in some instances

is shown by the fact that because of the size of the Garza County vote for governor in the 1958 general election, the county is entitled to only one delegate to this year's State Democratic Convention. It wouldn't have taken a much larger turnout of voters for us to have qualified for at least one or two more delegates.

If it be a good reflection on the county to turn out a fair-sized vote Saturday, even if we do have an unusually short ballot and no county-wide races, after all, you paid \$1.75 for your 1960 voting privilege. Use it!—CD.

Smaller Olds is coming in fall

LANSING, MICH. — A smaller Oldsmobile, built to the company's traditionally high standards, will be publicly introduced in Oldsmobile dealer showrooms next fall, it was announced today by J. F. Wolfram, Oldsmobile general manager and a vice president of General Motors.

"Our new car, the Oldsmobile 'F-85,'" Wolfram said, "will establish a new concept in smaller car design. It will be distinctively an Oldsmobile, designed for the customer who wants the best in the smaller car field. Its addition to our present line of Dynamic 88's, Super 88's and 98's means our dealers will have an Oldsmobile model for every need and purpose, bringing many new customers into our circle of owners."

Wolfram's announcement followed confirmation by General Motors Chairman Frederic G. Donner at Friday's meeting of GM shareholders that the Corporation's 1961 line would include three new smaller cars.

Wolfram said the Oldsmobile "F-85" will be built at the company's main plant in Lansing and at the B-O-P plant in South Gate, Calif.

Bible Thoughts "GOD FORGETS"

By RONNIE PARKER

Hebrews 8:12 says, "For I will be merciful to their unrighteousness and their sins and their iniquities will I remember no more."

A great weakness in man is forgetfulness. God's forgetfulness, however, is man's greatest hope. In Luke 15 the story of the prodigal son is told and when he repents and returns homeward, the Father meets him with forgiveness, then God forgives he forgets!

The very best person will sin. There is none perfect, for all have sinned. Will sin cause us to miss heaven? Unless we have God's forgiveness. In judgment every day of a lifetime will have to be faced if we have not been forgiven of those sins. When the books are opened, sins forgiven will have been completely blotted out of God's memory.

Forgive the sins we have confessed to Thee; Forgive the secret sins we do not see; Oh guide us, love us, and our keeper be."
 C. M. Battersby.

The great forgiveness of God is through Jesus Christ. Through Christ your broken life of sin and through obedience to Him you can be forgiven of every sin!

I Give You Texas . . .

By BOYCE HOUSE
 In Topeka, on a Sunday night with rain threatening to start at any moment, I wandered along almost deserted streets not long ago—my first visit to the capital city of Kansas.

Thoughts of my study of American history came to mind; the bloody clashes between the forces that wanted Kansas to come into the Union as a free state and those who wanted it admitted as a slave state.

Crosbyton declaring war on mosquitoes
 CROSBYTON — A new ground spraying machine has arrived and the City of Crosbyton is about ready to declare war on mosquitoes.

The sprayer will cover about half a block with poison mist. The City plans to consult the State Health Department before beginning use.

Residents will be asked to help in the war on mosquitoes by covering or destroying such breeding places as pools of water, weed patches, etc.

WORLD FLAG-MAKER
 The U. S. is flag-maker to the world. America's skilled flag makers manufacture the flags of more than 150 countries, reports World Book Encyclopedia.

And you will never guess what I saw. Within sight of the Capitol was a theatre called the Jayhawk and it was showing—"Uncle Tom's Cabin"! I went in. It was a silent picture but was quite good—Eliza fleeing across the ice, pursued by bloodhounds; the death of little Eva—(although the scene did not show her rising to heaven as the stage show I saw in Brinkley, Ark., in a tent in boyhood did); and Simca Legree, one of the most villainous villains ever known.

The Jayhawk was showing a double feature. And what do you suppose the other one was? "The Lone Texan"! (which I was).

Iowa jottings:
 Highway signs read, "Speed limit, day, reasonable and proper". Was there ever a driver anywhere who didn't think that the rate he was going was reasonable and proper?

They are more severe in the Tall Corn state on another matter. Signs proclaim, "\$100 fine or imprisonment for a disposal of litter on highway."

Vaudeville patter:
 Lady singer, who quite obviously is no "spring chicken": I'm 29.
 Comedian: I'll be born next Thursday.
 Windy's Tavern in Hot Springs, Ark., has a sign, "Free Beer Tomorrow."

Put the finest label on your table especially brewed to be good with food

Double ring ceremony to unite Karen Crooks, Burnis Young Jr.

Double ring wedding vows will be exchanged by Miss Karen Louise Crooks and Burnis Eugene Young Jr. on Friday, June 3, at 8 p. m. in the Methodist Church of Snyder. The bride and groom are Mr. and Mrs. Idolph Crooks of Route 3, Idolph, and Mr. and Mrs. B. E. Young, 402 West 12th, Post. The Rev. David Hamblin, pastor of the Snyder Trinity Methodist Church, will perform the ceremony which will be decorated with an altar decorated with flowers and candelabras. The bride will wear a full-skirted gown of nylon and tulle with a bodice featuring a portrait neckline and long sleeves with seed pearls and a pleated nylon. A train of seed pearls held her up. The bride will wear a white tulle lace veil, which was made from Rome by the bride's grandmother, Mrs. J. M. Young of Lubbock. She will carry a bouquet of gardenias with cascading lilies of the valley on a silver ribbon. The bridesmaids will be dressed identical to the bride. Mrs. Vernon E. Winter of Salt Lake City, Utah, will attend her as matron of honor. She will wear a dress of powder blue crepe, styled with a pleated bodice across the shoulders and a full skirt. She will carry a white bouquet tied in blue. Miss Karen Crooks and Kathie Crooks, bridesmaids, and Miss Burnis Young, Post, sister of the groom, will be bridesmaids. The groom will be dressed identical to the bride. The ceremony will be held in the Fellowship Hall of the church. The bride's father, Mr. Idolph Crooks, and the groom's father, Mr. Burnis Young, will be candlelighters. Mr. M. Pritchett of Duncan will attend the bridegroom as best man. Groomsmen will be C. Rogers of Abilene, Jim Boren of Lubbock, and J. Weldon of May. Music will include "Thou Guest" by Basil Foy, "Lord's Prayer" by Dorothy "Because", duet by Foy and King and organ music by Ann Young.

MISS KAREN CROOKS

'Women of Bible' last study theme for CWF group

The Christian Women's Fellowship of the First Christian Church met in the home of Mrs. W. M. Kirkpatrick May 23 for the last meeting on the study of "Women of the Bible", which was led by the president, Mrs. Lee W. Davis.

Mrs. Bess Ramsay Thompson installed the incoming officers and in preparation for the installation the mantel was transformed into an altar which was made up of a white cross with purple streamers attached, representing each of the officers. The theme for the installation was "Set Our Feet on Lofty Plains."

Officers installed were: President, Mrs. Lee W. Davis; vice-president, Mrs. J. H. Haire; secretary, Mrs. J. B. Jones; treasurer, Mrs. Kirkpatrick; co-directors, Mrs. Ott Nance and Mrs. Victor Hudman; director of service, Mrs. Ben Owen; director of study, Mrs. K. Stoker; roll call director, Mrs. Mason Justice; hospitality chairman, Miss Gladys Hyde; reporter, Mrs. Jack Burrell.

Mrs. Pierce presents pupils in recital

Mrs. E. E. Pierce presented her piano pupils in a recital recently at the Calvary Baptist Church.

Participating in the program, which began at 8 p. m., were: Joe Bilbo, Jane Strofer, Martha Phillips, Mickie Taylor, Bobbie Dean, Delores Strofer, Theresa Dean, Sandra Howell, Diane Kiker, and Charlotte Taylor.

Postscripts

Mrs. J. M. Young, grandmother of Gene Young, was hostess Wednesday of last week for a dinner honoring his bride-elect, Miss Karen Crooks of Snyder. It was held at the Women's Club in Lubbock, and an arrangement of white stock and blue daisies formed the centerpiece. Guests for the occasion were Miss Crooks, Young, Mr. and Mrs. Idolph Crooks, Dr. and Mrs. B. E. Young, Mrs. Vernon Winter, Miss Kathie Crooks, Miss Beverly Young, Larry Patterson, and Mrs. Young. The honoree was presented a gift of a fan-shaped silver tray.

Family fishing trips are proving a favorite in vacation trips. Buchanan Dam was the scene of a week of fishing for the following Post people: Mr. and Mrs. O. B. Taylor, Linda and Alton, Mr. and Mrs. Ben Gordon, and Mrs. Alton Clary and Judy.

Dr. and Mrs. L. E. Sanders of St. Louis, Mo., arrived Wednesday afternoon for a weekend visit with his mother, Mrs. Ella West, and his aunt, Mrs. Eva Bailey.

The Memorial Day weekend was spent in Ruidoso, N. M., by Mrs. Pearl Nance and Mrs. Winnie Tuffing.

ENGAGEMENT TOLD
Mr. and Mrs. Cecil Morris Osborne Sr. of Snyder, and formerly of Post, announce the engagement and forthcoming marriage of their daughter, Anne, (above) to Keith Arthur Silbaugh of Prescott, Ariz. He is the son of Mr. and Mrs. Z. M. Silbaugh of Alhambra, Calif. The couple will be married June 18 at 8 p. m. in the First Baptist Church of Snyder.

Japanese theme used at annual B&PW Public Affairs Banquet

Decorations arranged by Miss Nora Stevens depicted a Japanese theme for the third annual Business and Professional Women's Public Affairs Banquet last Thursday evening.

A display of Japanese souvenirs was used at the speaker's table, and spring flowers of plastic were arranged on the guest tables.

Mrs. Katharine Trammell, president of the local club, was master of ceremonies for the occasion, held at the city hall. Invocation was by the Rev. Almon Martin, pastor of the First Christian Church.

Mayor Powell Shytle gave the welcoming address and introductions were made by Mrs. Trammell.

Mrs. Eleanor Webb, chairman of the membership committee of B&PW and manager of Dunlap's Department Store, was guest speaker. She talked on her recent trip to Japan.

Out-of-town guests for the banquet included Kathy and David Roberts of Anton, grandchildren of Mr. and Mrs. D. C. Roberts, Sr., Mrs. Hope Conroe, treasurer of the Texas Federation of B&PW Clubs and candidate for third vice-president of TFB&PW, Mrs. Lizzie Archer, Miss Jewel Hodges, chairman of

Saturday bridal tea honors Mrs. Claude H. Wortham

The Community Room of the First National Bank was the scene Saturday from 2 until 4 p. m. for a bridal tea honoring Mrs. Claude H. Wortham, the former Miss Frances Joy Dietrich.

Guests were greeted by hostesses Mrs. T. L. Jones and Mrs. L. A. Barrow, the honoree, her mother, Mrs. James Dietrich, Mrs. Don Wortham, sister-in-law of the bridegroom, and Mrs. Bernice Wortham, great-grandmother of the bridegroom. Mrs. Katharine Trammell and Mrs. Robert Cox registered guests.

The honoree's colors of lime green and white were used in table decorations, with a lace cloth over green. The centerpiece was of Bells of Ireland, Queen Ann's lace, and larkspur in green and white. Mrs. Harold Lucas, Mrs. Odean Cummings, and Marianne Jones served.

Flowers for the entertaining rooms were arranged by Mrs. Ira L. Duckworth.

Hostesses for the event were: Mmes. Paul Jones, Katharine Trammell, Robert Cox, Odean

Maxey reunion held at Thorp Springs

Members of the Maxey family met Sunday and Monday at Thorp Springs at Camp Klebit for a reunion.

Approximately 75 members attended the reunion and included in the 75 were the nine brothers and sisters of the J. F. Maxey family.

Lunch and supper were served both days and those who wished spent the night at the encampment grounds. Officers for next year were appointed. The reunion next year is to be June 3 and 4 at Camp Klebit.

Those from Post attending were: Mr. and Mrs. Arthur Floyd, Mr. and Mrs. Bryan Maxey and family, Mr. and Mrs. Quannah Maxey and daughters, and Mr. and Mrs. Noel White and Steven.

Cummings, T. L. Jones, M. J. Malouf, L. A. Barrow, W. R. Graeber, Harry Wood, Ira L. Duckworth, and Harold Lucas. The hostess gift was a silver serving tray.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Summer camp season at Camp Post opens June 5

June 5, will mark the start of the summer camp season at Camp Post Memorial Scout Camp, located on the South Plains Council, Boy Scouts of America.

The camp will be in operation for regular summer sessions for the remainder of the year.

Improvements have been made during the year, including the painting of the camp buildings, development of new sites, housing for a tele-

scope and completion of a chapel, built as a service project by the Phi Delta Theta fraternity of Texas Tech.

The dining hall will be under the direction of Mrs. Anna Bell Gray and Mrs. Jettie Mae Puckett, both of Post.

Friday evening is visitors night throughout the camping period. The Order of the Arrow, a National Honor Campers group, will be in charge of the visitors' campfire.

The program for the Scouts will include such skills as swimming, life saving, a complete advancement program, axmanship, rope work, nature, astronomy, archery range, rifle range, and other outdoor Scouting activities.

An overnight fishing hike to the U Lazy S Ranch will be made for the first time this year.

Camp director will be H. Shelby Berry, district Scout executive for the Quahok Parker District. Assistant directors will be Jack Moore, Longhorn District executive, and Bill McGlaun, Comanche Trail District executive.

Driver attitude figures in most traffic mishaps

Driver attitude, in the opinion of J. O. Musick, general manager of the Texas Safety Association, plays the leading role in a high percentage of traffic accidents.

Driver attitudes are not inborn, but are created and many times can be corrected if caught in time, the safety expert states.

"In dealing with traffic violators and in accident investigations police officers frequently find a driver who normally is a gentleman and considerate of others. Behind a steering wheel, however, he is transformed into a self-appointed daredevil... always in a hurry," Musick said.

Musick then listed six sure signs of faulty driver attitudes:

1. Over-confidence — assuming that everyone else will do just the right thing at the right time.

2. Pride in his past driving record—puffing up over his no-ticket, no-accident record.

3. Faith in his experience—convinced that his experience will get him through. However, experience develops bad habits as well as good.

4. False estimates — relying on guesses, estimates and fiction instead of facts.

5. Self-righteousness — judging his own actions and deciding in favor of himself.

6. Impatience — taking chances and using poor judgment.

"Of course, these are only a few of the many problem attitudes which plague drivers," Musick said. "But they seem to be the ones that crop up most frequently."

"Drivers should remember," he said, "to expect only the best from themselves... and the worst from other motorists."

Honduras, the Central American republic, ceased to be a colony of Spain in 1821.

Entomologist named by Extension Service

COLLEGE STATION — Richard L. Ridgway, a native of Brownfield, Terry County, will join the headquarters staff of the Texas Agricultural Extension Service on June 1 as an associate entomologist.

In making the announcement, Extension Director John E. Hutchison said, the new staff member would work with C. F. Garner on the cotton insect control program and assist county agents with their county entomology programs. He will, however, work in the broad field of entomology including livestock, vegetables and other crops.

Ridgway was valedictorian of his Brownfield High School class and was an honor graduate of Texas Technological College where he received a B. S. degree in agronomy in 1957. He was a member of Tech's national and international winning senior crops judging team.

News From The POST WORK UNIT DUCK CREEK SCD

THERE'S A DISTINCTION BETWEEN SCS AND SCD By BOBBY JACK GRAY Work Unit Conservatoinist

There is a distinction between the Soil Conservation Service and a Soil Conservation District.

The Soil Conservation Service carries on the major part of its work through Soil Conservation Districts of which there are more than 160 in Texas, covering more than 150,000,000 acres and representing more than 90 per cent of the state land.

The Duck Creek Soil Conservation District, of which Post is a part, is composed of Dickens, Kent and Garza counties.

FIVE-MEMBER BOARD Five farmers or ranchers are members of the District Board. Virgil Smith is on the Board of Supervisors from Garza County. Each supervisor must be a landowner in the District. He is elected to a five-year term on the board.

There are three permanent personnel in the Post Work Unit. Bobby Jack Gray is work unit conservatoinist, and Junior R. Hagins is conservation aide.

As work unit conservatoinist, Gray's duties are to prepare farm and ranch plans, prepare news articles, keep records and prepare reports, represent the SCS with the Garza County Agricultural Stabilization and Conservation Service and other federal and state agencies interested in conservation, and supervise work unit personnel.

FORMERLY AT LITTLEFIELD Gray, whose hometown is Holland in Bell County, has been work unit conservatoinist here for two and one-half months. Prior to coming to Post, he was with the Soil Conservation Service at Littlefield for two and one-half years. College he has attended are Temple Junior College, East Texas State and Texas A&M. He is married and has one child.

Virgil Middleton, range conservatoinist with the SCS in Post, was reared at Melvin, in McCulloch County. He has been with SCS in Post and worked one summer as a student trainee with the SCS at San Angelo.

MIDDLETON'S DUTIES As range conservatoinist, Middleton's duties are to assist farmers and ranchers in planning and applying conservation practices to their farms and ranches, keep records, prepare reports, gather conservation information and prepare news articles.

As conservation aide, Hagins assists farmers and ranchers in the layout and construction of terraces, stock ponds, diversion terraces and irrigation systems. He provides farmers and ranchers with information and assistance in the planting of grass and soil-improving crops. Hagins has been in Post for seven years. He and Mrs. Hagins have one daughter.

Annual Rural Church conference set for Texas A&M College

COLLEGE STATION — "The Interrelation of the Rural Church and the Larger Rural Community" is the theme for the 15th annual meeting of the Rural Church Conference. The meeting will be held on the campus of Texas A&M College, June 20-22.

According to Tom Prater, extension farm management specialist, Pastor Jesse W. Roberson, Carlisle Methodist Church, Price, Texas, is president of the Conference organization. The meeting is sponsored by the Texas Agricultural Extension Service, Experiment Station and A&M College and all denominations are invited to participate.

Wayland to hold reading workshop

PLAINVIEW — Wayland Baptist College is announcing its second annual Summer Reading Workshop, June 22-24, with Clarence Williams, assistant professor of education, in charge.

Miss Josephine Crossfield, experienced teacher and workshop conductor, will lead the workshop on "Phonetic Keys to Reading".

A special invitation is being extended to teachers of reading, parents, and all others interested in reading problems are welcome.

FLAG DAY FACT

Flag Day was established as an annual national celebration in 1916 by President Woodrow Wilson.

World Book Encyclopedia points out that it is not an official national holiday, but the President proclaims a public observance every year.

Summer temporary pastures offer dependable sources summer grazing

COLLEGE STATION — Summer temporary pastures are valuable for several reasons. Probably the most important is that they offer one of the most dependable sources of summer grazing, says George McBee, extension pasture specialist.

Also, with proper management they will provide a large volume of high quality grazing, permitting permanent pastures to be rested.

Several types of plants can be used. Sudan is still one of the most dependable. Varieties of Sudan include Sweet, Common, Tift, Piper and others.

Pearl millet is suggested for use where Sudan does not produce satisfactorily, mainly on acid, sandy soils of East Texas and severely eroded soils of Central Texas. Varieties include Georgia Hybrid No. 1, Common, Starr and Texas No. 7.

Perennial sweet Sorgrass can also be used the agronomist says. It has a sweet stalk which is coarser than Sudan and the peak of the grazing is mid-summer to fall. It should be handled as an annual.

Another, sorghum alnum, is nonsweet and has a larger stalk than sudan. It gives more grazing in mid-summer to fall than Sudan and is more successful when handled as an annual.

Planting in 36 to 42 inch rows will give a longer grazing period than will broadcast plantings, McBee says. Other advantages of planting in rows are: livestock won't trample as much of the pasture and weed control is easier. He suggests more than one planting in order to extend the grazing period.

Fertilizer should be used if needed and applied according to a soil test, McBee adds. During growing season, when moisture is available, applications of 20 to 40 pounds of actual nitrogen per acre should be used as a sidedressing after each grazing period or cutting.

All lights out to make repairs, after—

Lightning bolt hits city's big transformer

A lightning bolt literally knocked all the lights off in Post for 50 minutes during the Saturday night hail and rainstorm.

The lightning damaged one of the three phases of the 3,000 KVA mobile sub-station providing all the electricity for the town.

This reduced all lights to dim

for one third of the city. The whole town had to be blacked out for 50 minutes to make repairs on the big transformer located on Avenue S and West Eighth Street. The third of the town which was dimmed did not have full power restored for two and one-half hours.

The most gratifying thing to Ted Hibbs, local Southwestern Public Service manager, was that although he received many calls as to how long power would be off he did not receive a single complaint for the service interruption.

"It must have been quite a bolt," Hibbs said, "as residents in the vicinity of the mobile sub-station reported fire from their telephones, their TV sets and their air-conditioners when the bolt hit. Other fuses, including those to an oil lease, also were knocked out in the area."

Hibbs told The Dispatch that Southwestern Public Service is in the process of taking out a 2,500 KVA transformer and installing a 5,000 KVA one for Post to double the amount of electricity available here. The sub-station transformer on wheels was being used during the transition period and it isn't as well protected from lightning as a permanent transformer.

The crew putting in the new transformer had gone home for the weekend and weren't available in the Saturday night emergency. What's more one of the two service men stationed here by the company was off on a Houston visit.

That left Richard Dudley and Hibbs to get the transformer repairs under way. Company service men then arrived from Lubbock to reinforce the pair.

Answer--

(Continued from page 1) We ask the court to dismiss the suit without trial.

The answer declared that "the defendants would further show to the court that they are informed and believe that all the election judges and clerks belong to the dry faction and that upon a request of the Committee for Drys, the Commissioners Court appointed two supervisors, Lee Ward and Candelario Quinonez, to watch said election on behalf of the drys and report any irregularities to the election judges as required by law. That no person, or persons, connected with the wet faction were present representing the wets in said election and that said election was wholly held and supervised by the drys."

The answer further pointed out that "in canvassing said returns, no complaints were made to the court that any votes had been illegally counted or that any irregular votes had been cast; that the election judges certified as to the returns on said election and no protests of any kind or character was filed with the Commissioners' court prior to the canvassing of said returns."

SPECIFIC EXCEPTIONS
Among the specific exceptions made in the answer, the defendants include:

"There is no allegation that any person or persons not authorized to vote, voted in said election" and that "the names of any such persons are not alleged by plaintiffs although tally lists were open and available to plaintiffs."

"There is no allegation that any person entitled to vote was denied a vote and no allegation that any persons voted who were not entitled to vote under the constitution and the laws of this state."

"That the plaintiffs nowhere allege the names of the persons who were influenced to vote" by the party named in the suit by plaintiffs as influencing votes for the wets. Furthermore that "it is nowhere alleged" that the person was instrumental in changing the vote of any persons, or that any person voted wet who otherwise would have voted dry."

As for the sample ballots the suits charged the wets were using, the answer declares that "there is no allegation that the election judges required the voters to turn over said sample ballots and that the voters refused to do so as required" by law. Also that the petition "nowhere alleges that the outcome of the election would have been changed by use of sample ballots, and nowhere pleads the form of sample ballot or pleads the possession of said sample ballot in any voter, although tally lists were open and available."

ENTERS GENERAL DENIAL
The answer also entered a general denial "if further answer be necessary" to each and every allegation of the plaintiffs' petition.

The Castro County drys' suit is scheduled to be argued before the Court of Civil Appeals in Amarillo June 7 and County Attorney Webb said both he and Walker plan to attend the arguments. Attorneys in the Castro case for the drys are the same as those in the Precinct 3 suit here.

The plaintiffs' contention that the court had no legal authority to call the election hinges upon the same arguments now headed for final decision in the Castro County case. Its outcome in the higher courts undoubtedly will determine the outcome in the Precinct 3 suit as far as this contention is concerned.

Gene Matthews in third year

Methodist pastor reappointed here

The Rev. Eugene Matthews has been reappointed as pastor of the First Methodist Church here, where he is entering his third year as pastor.

The appointment was made Friday at the Northwest Texas Methodist Conference in Amarillo, which Rev. Matthews and family attended, along with Mr. and Mrs. Jimmy Hundley as delegates from the local church.

During Rev. Matthews' pastorate here, the church has gone through a building program and the valuation is now \$200,000 as

compared with \$80,000 two years ago.

The church has employed Bernie Welch, a hometown boy, as a full-time youth director for the summer, and also has a church secretary, Mrs. Charles Hopkins.

Rev. Matthews came here from Springlake, succeeding the Rev. W. L. Porterfield as pastor.

Postings--

(Continued from page 1) Day weekend here Friday and Saturday but if you'll shop today's Dispatch you'll find several special sales promotions as well. The crowd of shoppers in Post should be a big one this weekend in response to all the bargains offered.

On page 9, Swimming Pool Operators Mr. and Mrs. Wayne Runkles announce their schedule for the summer season and pool hours, effective next Monday, as well as plans for swimming lessons and general admission prices. A young adults' night every other Saturday night is the new feature with Family Night set for each Tuesday night.

Swimming lessons for children 14 years and under will be offered from 9 to 11 a. m. on Monday, Tuesday and Wednesday mornings with a nine-lesson course costing \$3. Ladies' Morning is billed for Thursday morning from 9 to 11:30 a. m. to give mothers a chance "to get away from it all."

We goofed. The paragraph in Forrest Lumber's home building ad on page 12 about three available building sites on West Fifth should have been pulled before the ad was run. They used to have those three sites a few months back—but they're filled up with three Forrest-built new homes today. But speaking of lots if you'll notice The Dispatch want ads these are a number of lots on the market around town today if you are interested in a home site.

Metcalf is named WTCC director

ABILENE — Irby Metcalf Jr., president, The First National Bank, has been chosen director of the West Texas Chamber of Commerce for Post.

Announcement was made by J. Carter King Jr., of Albany, newly-elected president of the 132-county regional chamber.

Local directors of the WTCC represent local members of the regional chamber in meetings of the organization's board. They determine policy for the nearly 4,000-member body and are responsible for maintaining local financial support for the work of the WTCC. Six major fields of activity for the organization are state and national affairs, community services, industrial development, agriculture and livestock and water resources.

The 42nd annual convention of the organization was held recently in San Angelo. The 1961 convention is to be conducted in Mineral Wells.

LIONS LADIES' NIGHT

Members of the Post Lions Club and their ladies heard a talk by City Supt. Henry Tate Tuesday night on the city water situation. The special occasion was Lions Ladies Night, which is every fifth Tuesday.

BOOK ON MAMMALS

A handy vacation item this year is a book, "The Mammals of Texas," published by the Game & Fish Commission. The book, written by Dr. W. B. Davis of Texas A&M College, describes all the common mammals of Texas. It can be ordered from the Game & Fish Commission in Austin for 50 cents postpaid.

GRANDSON GRADUATES

Dean Alexander of Lovington, N. M., was one of the graduates of Texas Tech Monday night. Dean is the grandson of Mrs. Ethel Redman of Post. Those attending the graduation were Jimmy Redman and Miss Judy Thomas and Mr. and Mrs. Bob Baker.

FLAG SALUTES

Not even the President of the U. S. can be saluted by dipping the national flag. According to World Book Encyclopedia, the U. S. flag may be dipped in courtesy to another nation, but unlike some other national flags, never to an individual.

Grassland Co-op sets stockholders meeting

The 27th annual meeting of the stockholders of the Grassland Co-op Gin will be held at 8 p. m. Monday, June 6, at the gin.

Two directors are to be elected and other business transacted at the meeting. There will also be several addresses by visiting speakers, and refreshments will be served.

All stockholders are urged to attend and bring their neighbors and friends.

L. S. Turner is president of the Grassland Co-op Gin and Thurman Francis is secretary.

Seniors, sponsor home from trip

The Post senior class and groups, numbering approximately 50 in all, returned Sunday morning from a five-day class trip to Panama City, Fla.

The group traveled by train from here to New Orleans and so by train from New Orleans to Panama City. They were met by bus between New Orleans and Panama City.

The seniors and their chaperones registered at the Welton Court Panama City. The traditional rida sunshine was absent most of their stay, but the time for them to enjoy water in the blue-green waters of the Gulf, and other activities.

The seniors were greeted by Paulus, the executive secretary of the Panama City County Chamber of Commerce.

Later in the day, the seniors took a charter boat ride in around the many bays and inlets of Panama City. They started return trip the next day via Marine Gularium and at Post to visit the Naval Air Station.

Adults accompanying the seniors were Mr. and Mrs. J. E. Post, Mrs. Russell Wilks Jr., Mrs. C. Whittenberg, Mrs. James J. Mrs. Elva Peel, Claud Collier, and Floy Richards.

Yankees, Westerners win Thursday night

Yankees outlasted Westerners in a hard-fought game at the stadium here Monday night. The Yankees, who had lost their first two games, won their third in a 9-1 lead in the fourth inning on the part of the Yankees' pitcher, Gene Young. The Yankees added more runs in the fourth and fifth, scoring a total of 12 runs in the first two innings and then holding on for the victory.

er, went all the way for the win. He yielded only five hits, but had to pitch himself out of a hole in three innings after loading the bases on walks. He fanned 11 batters, striking out the side in the second and third innings, but also issued 11 bases on balls.

Bartlett also went the route for the losers, giving up seven hits, fanning two and walking 10. The homers by Pierce and Landtroop did the most damage to the Dodger lefthander.

The opening game was cut short by one inning when the Westerners wound up the fifth with a 20-4 margin, with the 15-run lead rule being invoked.

The Westerners scored in every inning, while all four of the losers runs came in the fourth inning, which Filemon Vargas led off with

a home run. Hutto's two-baggers then scored Dean and Walker and Hutto came home on Wilson's single.

Sullivan held the Tigers to eight hits, struck out three Tiger batters and walked one.

Donnie Cornell was the starter and loser for the Tigers, yielding four hits and five runs in two innings. Dean relieved Cornell to start the third, giving up two hits and five runs, and Vargas pitched the fourth and fifth frames.

Eddie Valdez hits two four baggers

In one-sided Babe Ruth League games Friday night, the league leading Indians rolled over the Cubs, 14 to 4, and the Braves took the measure of the White Sox, 16 to 6.

Left Fielder Eddie Valdez hit two home runs to spark the Indians' win over the Cubs. David Nichols was the winning pitcher and John Sepeda the loser.

In the Braves' victory over the White Sox, Catcher David Perez aided the winners' cause by connecting for the circuit in the third inning.

Brave pitcher hits two homers

The Indians remained undefeated in Babe Ruth League play Tuesday night, defeating the White Sox, 5-3, in a thriller to chalk up their fourth win. It was the fourth setback against no victories for the Sox.

In the night's first game, the Braves trounced the Cubs, 11 to 1, in five innings, with the contest cut short by a new ruling that no game will go past five innings if one team is 10 runs or more ahead.

The Indian-White Sox game was another pitching duel between David Nichols and David Lee, although both pitchers weakened in the late stages after hurling almost airtight ball most of the way.

Lee handcuffed the Indians on two hits and no runs through five innings, but the Redmen broke the scoring ice in the top of the sixth when Pat Cornell reached first on an error, stole second and came home on Eddie Valdez' single.

INDIANS COME BACK
The Indians came back with four more runs in the top of the seventh to push the score to 5-0. Sanchez, batting for Jesse Morales, walked, stole second and came home on David Nichols' second-bagger of the night. After Larry Stewart struck out, Mammel Mindieta walked and Dickie Vardiman advanced on a wild pitch and scored on Cornell's one-base blow.

Manager Ben Howell's White Sox made a determined effort to get back into the game in the bottom of the seventh. Richard Hart reached first on an error and Billy Mitchell singled, Jackie Barddock flied out to center, but Wendell Johnson singled to load the bases. One run scored on Ronnie Reed's single and two more on Ted

Scott's double. After Benny Owen struck out, one run scored on Ronnie Reed's single and two more on Teddy Scott's double. Lee drew an intentional walk, and Joe Hall went down on strikes to end the game.

Pat Cornell, dependable Indian shortstop, was injured when he and centerfielder Pat Sullivan collided while chasing a fly ball in the seventh and was replaced by Danny Pierce.

NICHOLS WHIFFS 14
In chalking up the victory—his second of the season over David Lee and the White Sox—Nichols yielded six hits, four of them in the seventh. He fanned 14 White Sox batters and walked five.

Lee also gave up six hits while striking out nine and walking five. Jackie Burk pitched five-hit ball and hit two home runs in sparking the Braves to their 11 to 1 win over the Cubs. Third Baseman Chunky Johnson also homered for the winners.

Freddie Cockrell, the starter and loser for the Cubs, was plagued by wildness, walking six of the first 10 men he faced before being replaced by John Sepeda, who went the rest of the way.

The Cubs picked up their lone run in the third inning when Second Baseman Butch Cross doubled to score Left Fielder Louis Ayala.

Burk struck out nine Cub batters in the five innings and walked two.

ALAMOGORDO VISITORS
Mrs. Marie Anderson, Vickie and Terry, spent last week with her parents, Mr. and Mrs. Fay Claborn. Her husband, Frank Anderson, came after them and spent the Memorial Day weekend.

Little League Corvairs chalk up first win of season here Monday

The Corvairs and Red Sox won Little League games here Monday night, the Corvairs chalking up their first win of the season in upsetting the Westerners, 10 to 4.

The Red Sox defeated the Yankees, 8 to 7, scoring all their runs in the first two innings and then holding on for the victory.

Moreau was the winning pitcher and Rivera was the loser in the Corvairs' win over the Westerners. Moreau had relieved C. Johnson, starting Corvair hurler.

A five-run fourth inning proved to be all the Corvairs needed in racking up their first win of the season.

The Red Sox bombarded Charles Landtroop, starting Yankee pitcher, for eight runs in the first two innings, but were held in check the rest of the way by Ronnie Mayberry, who relieved the starting pitcher. Doyle Nichols went all the way on the mound for the Red Sox win, striking out nine Yankee batters.

Gene Young gets McMurry degree

Burnis Eugene Young Jr., son of Dr. and Mrs. B. E. Young, received a Bachelor of Science degree in music education at McMurry College in Abilene on May 23.

Gene was the member of a brass sextet from the McMurry College Band which played special music for the commencement program.

Other honors coming to Gene at the end of the school year included the announcement that his original composition, "Moonlight Beach", was first place winner in the lyrics division of the Sigma Tau Delta contests for "The Galleon," which is the official magazine of the students of McMurry College.

Gene's award winning song appeared in the spring issue of "The Galleon."

ATTEND GRADUATION
Mr. and Mrs. Wesley Stephens and Sue attended the graduation exercises at Texas Tech Sunday night. Their son, Bowen, received his diploma.

RETURNS HOME
Mrs. R. L. Craig returned home Thursday from a visit in Waco. She was accompanied by Mr. and Mrs. W. C. Craig, who spent the weekend visiting Mr. and Mrs. V. L. Cople.

SOME WIND DAMAGE SATURDAY EVENING

One and one-half inches of rain recorded in Graham community

By MRS. DILLARD THOMPSON
Finally arriving early Monday morning was a most welcome visitor or "Mr. Rain" which everyone has been looking forward to seeing. Approximately 1 1/2 inches of moisture fell in our vicinity. It was accompanied by "hail" which did some damage to our cotton, but from all reports it must have been heavier at our place and west of us. On Saturday evening about 6:45 something came over in the sand that was blowing and ripped off the north half of our barn roof, tree limbs were torn off, and the same evening the front porch was all torn off the house just north of Graham on a farm operated by Chester Morris.

Wednesday evening guests in the home of Mr. and Mrs. Curtis Williams were Mr. and Mrs. J. W. Rogers Jr. and Mr. and Mrs. Albert Stone.
Mr. and Mrs. Harlan Morris and sons visited Sunday evening in the home of Mr. and Mrs. Rusty Dean and family.

30 graduates plan college

Thirty members of this year's 48-student graduating class plan to enter college next fall, but six of them are still undecided as to where they will go, according to information furnished The Dispatch by High School Principal Glenn Whittenberg.
The college preferences already indicated are as follows, according to the list furnished by the principal:

Attend graduation of son Monday evening

Mr. and Mrs. Lowell Short, Jimmy and Janith, attended Texas Tech commencement exercises Monday night in which Leonard Short was graduated with high honors, receiving the degree of Bachelor of Science in Electrical Engineering.

The Shorts also attended the Tech baccalaureate service held Sunday night.

Leonard Short and his wife, who is the former Miss Donna Kay Kennedy, left this week for Dallas, where he will be employed by Collins Radio.

GOES TO DALLAS

Mayor Powell Shytles went to Dallas last week after the Shytles' daughter, Barbara, who had completed her freshman year at Southern Methodist University.

Graduation program is held recently for the Southland 8th graders

By MRS. JESSE A. WARD

The Southland Grade School held its graduation exercises Thursday night of last week in the school auditorium.

Processional and recessional were played by Beverly Stolle. Rodney Calloway gave the invocation. Mrs. J. O. Roberts presented awards of a gold necklace to Kelly Jo Myers, valedictorian, and a gold medal to Ricky Jones, salutatorian.

Diplomas were presented by F. W. Callaway.

Other graduates were Ronald Saunders, Linda Robinson, Butch Wartes, Doris Wartes, Victor Eckert, Trent Smith and Bill Davies. Sherry Bevers, Dahloma Winterrowd and Barbara Mock sang "Halls of Ivy" and "Graduation Day".

Benediction was by Joe Hall, and Teddy Scott ended the program with the song, "The End of a Perfect Day".

Follow-up the ceremony, the room mothers, Mrs. Kenneth Davies and Mrs. Jack Myers, the class sponsors, Mr. and Mrs. Hill, took the class to Bruce's Cafe in Slaton for a banquet.

News From The POST WORK UNIT DUCK CREEK SCD

PROPER RANGE USE

By Virgil Middleton, SCS
Take half and leave half is a good rule of thumb for judging how heavy rangeland should be grazed. Grazing studies have shown that grazing at an intensity which will leave at least half of the above ground portion of a grass plant by weight will keep the plant healthy. Continued over-use—taking more than half—has the effect of starving the plant roots, since it is the nature of grass plants to manufacture their food in the leaves and store reserve food in the roots.

Insuring a good cover of grass for the future, then, is in the hands of the operator, since his management determines the degree of use. Some factors to consider in applying a grazing management system include a proper stocking rate, proper seasons of use by pastures, and uniform grazing over all the range.

The results of previous years' over-use are readily noticeable in poor vigor of desirable grasses, a small amount of litter for soil protection and an increase in weeds and undesirable grasses. It is to the operator's advantage to be able to recognize proper use and thereby "head off" these symptoms of heavy use. Periodic inspections during the growing season are recommended to keep tabs on current use.

By casting their vote for a candidate other than the incumbent Judge Lloyd W. Davidson, a large majority of the voters of Texas have expressed their disapproval of Criminal Court reversals which have delighted defense attorneys and permitted criminals to laugh in the face of the law," asserts Judge McDonald.

Confident of victory in the June 4 primary, Judge McDonald has been gathering the kind of support in his runoff campaign which indicates the majority of voters in the second primary will again vote for a change.

Judge McDonald says he'll restore respect for Appeals Court

More than 81 per cent of the Texans voting in the May 7 Democratic Primary voted against legalistic hair-splitting which is making a mockery of our criminal courts and flaunting justice, says District Judge W. T. McDonald of Bryan, runoff candidate for Judge, Court of Criminal Appeals.

"An important part in assuring our nation's safety and economic stability and growth is played by purchasers of United States Savings Bonds," the county chairman said. "Every buyer of a Savings Bond helps provide the strengthened resources on which so much depends, not only for us but for future generations of Americans."

Garza April Bond sales hit \$9,323

April "E" and "H" Savings Bonds sales in Garza County totaled \$9,323, according to L. B. G. Metcalf Jr., chairman of the County Savings Bonds Committee.

Sales for the first four months of 1960 were \$32,793, which represents 27.3 per cent of the county's 1960 goal. Sales in Texas for the first four months were \$57,482,776, or 34.7 per cent of the state's 1960 goal of \$165,500,000.

"Every buyer of a Savings Bond helps provide the strengthened resources on which so much depends, not only for us but for future generations of Americans."

Egg prices said due to improve

COLLEGE STATION—Egg prices to producers for the last half of 1960 are expected to average considerably higher than for the same period a year ago, says John G. McHaney, economist for the Texas Agricultural Extension Service.

A strong factor in the forecast is the likelihood that the number of layers will continue to decline during the months ahead. The production of egg-type chicks in the United States during the first three months of 1960 was 37 per cent below the production for the same period in 1959 and the trend continued through April, the economist says. The production drop in Texas for this same period was 38 per cent.

Egg production in the nation in March was 9 per cent more than the previous month but 7 per cent below March of 1959. In Texas March egg production was up 21 per cent over February but 8 per cent less than March of 1959. The number of eggs produced per layer in Texas in March was 22 per cent above February and this increased rate of lay, points out the economist, could have been responsible for at least a part of the price decline in March.

'On the Beach,' era's most important film, opens at Tower Sunday afternoon

Stanley Kramer's "On the Beach," showing Sunday, Monday, Tuesday and Wednesday at the Tower Theatre through United Artists release, has been called "the biggest story of our time."

An adaptation of Nevil Shute's sensational best-selling novel, "On the Beach" is a story about the survivors of an atomic disaster.

The film stars Gregory Peck, Ava Gardner, Fred Astaire and Anthony Perkins, and introduces, in her movie debut, lovely 19-year-old Donna Anderson. The strong supporting cast is headed by John Tate, Lola Brooks, Guy Doleman, John Meillon and Harp McGuire.

"On the Beach" had its world premiere simultaneously in major cities on all seven continents.

This unprecedented multiple showing was devised by Kramer because of the stark urgency of the picture, the quality referred to by the book critics who, in review-

ing the sensational Shute novel, spoke of it as "the most important and dramatic story of this era."

Tech sets workshop on office machines
LUBBOCK — A workshop in office machines will be conducted by the Texas Tech business education department June 6-17. Latest office machines will be displayed and demonstrated during the course, to be held in the air-conditioned Classroom and Office building.

The study will include units on electronic computers, preparation of manuals for office-practice classes, and preparation of charts for machine instruction. Visits will be made to Lubbock offices.

Participants also will be able to attend the Mountain-Plains Business Education Convention in Denver June 17-18.
