# Top Scouter award made to Post man

of the highlights of Post's Scout Week observance came at noon at the Rotary luncheon in City Hall when Dr. B. E. Young was presented with the Silver Beaver Award, highest award to a Scouter at the South Plains Council level, for "distinguished service to boyhood."

Lott also called attention to the fact that in civic affairs, Dr. Young has been a member of the Post Chamber of Commerce for 27 years, has served four years at a Chamber director, and in 1954 was responsible for the organization of the Garza County Youth Center upon whose board he continues to serve.

Dr. Young also served as president of the South Plains District Dental Society in 1944. "Hundreds of boys have had the opportunity to take part in the Scouting program because of this Scouter's outstanding service," Lott declared in making the award.

presentation was made by Don Lott of Lubbock, one of the other Post men ever to receive the honor and a National Scout Executive board member.

Dr. Young, who was a special guest at the luncheon to see her receive the award, was escorted by Lott with a corsage of "loyal Scouting widow." "I'm 28 years," Lott told the Rotary, "this outstanding citizen given himself to his church, community, and his nation." Lott pointed out that Dr. Young served 14 years in the scout movement as a Scouter at the district, and council levels. Lott Dr. Young served as an assistant cubmaster, as an assistant chairman, as troop committee chairman, for 11 years as council member at large, and presented for the last three years as district scout commissioner. Lott also completed the Wood Badge course at the Philmont Ranch.

He reported he was much impressed with the Brazilian Scouters he met upon the common ground of Scouting. Lott pointed out that boys can receive the Boy Scouting program only if some sponsoring organization will accept the program and offer it to boys as the Post Rotary Club and Methodist Church here have done.

Young also was cited by the Rotary for his 27 years of service on the board of stewards of the Methodist church, superintendent of its school for five years, member of the church board for two years, church treasurer for seven years, and at present a church member.

The council passed the no loitering ordinance at the request of school officials, who said Sheriff L. E. (Fay) Claborn Jr. had told them it would be easier to halt break-ins and other violations at the schools if the city would pass an ordinance against loitering.

The purpose of the ordinance is to eliminate loitering in and around any public school building. The ordinance reads that anyone refusing to leave school premises after being requested to do so by the person in charge of any school building, or any peace officer, will be subject to a fine of not more than \$100.

Wood, local manager for Natural Gas Co., was reported "greatly improved" yesterday after being taken home late last morning suffering from spasms.

# 'Old Crow' burglary solved as busy grand jury indicts 20 here

## Johnny Johnson is charged with gun slaying

A district court grand jury here last night returned an indictment against Johnny Johnson, 45-year-old Post Negro, for "murder with malice aforethought" in the gun slaying of Stella Mae Young last Sept. 28, but the "new news" out in the grand jury room was how the "Old Crow burglary" of the Caprock Liquor store here Jan. 28 had been solved.

Jefferson was arrested by Deputy Corley Sunday, Jan. 29, the day after the burglary.

Corley noted automobile tire tracks in the snow outside the burglarized liquor store. He quietly went looking for a car which had this kind of tread. When he found it in the Lincoln addition he inquired as to who had been driving it and thus picked up Jefferson.

Jefferson under questioning admitted the burglary and signed a statement as to his part in it and named Harrison and Gross as his accomplices, according to Deputy Corley.

On Wednesday night of last week, officers arrested Harrison and the next night they took Gross into custody. Harrison too signed a statement admitting the burglary, Deputy Corley said. Gross has not, according to Corley.

Sheriff Fay Claborn took the prisoners and went out to recover the 11 cases of stolen whiskey. Two were recovered in Levelland, one in Brownfield, two in Lamesa and four in Snyder. The other two cases were stolen from the burg-

lars' car while in Levelland. Some of the whiskey is tied up for the present in court as evidence for illegal sales in "dry areas", but some was returned here.

The trio, according to the two confessions, broke the glass out of the front door of the liquor store with a hammer to gain entrance. District Judge Truett Smith of Tahoka set bond at \$2,500 for each (See GRAND JURY, page 8)

How many Post and Garza County citizens are alive today because Post has a modern hospital with a devoted hospital board, administrator and doctors who are trying to give this area the very best in the way of hospital facilities? We don't have the answer to that question but there are a number.

And it's a fairly safe assumption that Sunday night our hospital saved another life—not one of us, but of a stranger who happened to be in Post despite the bitter weather simply because it was a good halfway point for two Texas brothers and their wives to meet and visit over dinner.

During the dinner one of the young ladies was seized with an excruciating pain. She was brought to our hospital suffering severely. There it was found that one of those rare and very serious emergencies had happened to her which required that she have immediate surgery—and that she have blood available immediately.

In less than two hours from the time she entered our hospital these things had been done: She had been examined and a diagnosis made, the situation had been explained to her and to her husband. Her doctor at home had been contacted by telephone and advised of the situation; information which he had about her past medical history was imparted to the attending physician. Then an operating team, and an anesthetist, nurses and a medical technologist had been assembled, and the operating room had been set up for emergency surgery. A blood donor of the correct type was cross matched and stood by waiting to be available in case his blood was necessary for the young lady's safety. That blood donor was a local business man. He received nothing for his time or for the contribution of that blood which he gave for cross-matching purposes, nor would he have received any money for his blood if it had been necessary to transfuse. The patient was operated on, the diagnosis found to be correct, the necessary surgery performed, under anesthesia, and under shock control. The bleeding was stopped and the abdomen was being closed.

You would not have realized there had been any urgency or tension up until this point. But then as her abdomen was being closed the bantering began between them.

## Post woman is seriously burned

Mrs. Mary Magallanex, 18, wife of Pedro Magallanex, is in Garza County Memorial Hospital with serious burns covering more than 60 per cent of her body.

Her clothing caught fire from a heater in her home here shortly before 11:30 p. m. last Friday.

She was rushed to the hospital as quickly as the flames were extinguished.

Mrs. Magallanex gave birth to a baby Jan. 20.

## Post's troops observe annual Boy Scout Day

Post's two Boy Scout troops, 316 and 319, celebrated Boy Scout Day yesterday with a full day's activity.

Members of both troops spent most of the morning downtown at various business firms in uniform opening doors for customers.

Troop 316 spent the latter part of the morning on a tour of municipal and county offices and installations.

After lunch at the Boy Scout hut, Troop 316 was scheduled for an afternoon on the rifle range. Troop 319 was scheduled Wednesday afternoon for conservation work at Camp Post, the Boy Scout camp southwest of Post. There they helped reconstruct the dam site under supervision of Frank Runkles, camp ranger.

Troop 316 also observed Boy Scout Week, which opened Tuesday, with a very attractive Boy Scout Week window at Herring's department store.

Scoutmaster Bill Bennett of Troop 319 reported his newer troop is also conducting a recruiting campaign for eligible boys between the Scout ages of 11 to 18.

Troop 319 Scouts taking part in the Boy Scout day festivities were Steve McDonald, Charles Landtroop, Teddy Jackson, Neal Driver, Elvin Allen, Eddie Clemmons, Ronnie Mayberry, Leslie Davis, Jimmy Casteel, Gene Wilkerson, Ronnie Jackson, Melvin Allen, Gene Dawson, Lewis Hise, and Beecher Elmore.

Ed Blanton, assistant scoutmaster for troop 319, assisted Bennett in the troop's big day.

# Ticket sale is on for C-C banquet

Tickets are now on sale at the Chamber of Commerce office and by Chamber officers and directors for the annual Chamber banquet to be held at 7:15 o'clock next Thursday night, Feb. 16 in the Post school cafeteria.

They are priced at \$2.50 each.

C. L. KAY

Featured speaker for the evening will be C. L. Kay, vice president for public services and industrial relations of Lubbock Christian College in Lubbock.

During the past two years this educator has made over 350 addresses to civic organizations, Parent-Teacher Associations, youth banquets, Chamber banquets, the Texas Press Association, the West Texas Press Association, and the New Mexico State Convention of the American Legion.

He also is author of a weekly column entitled, "The Spirit of America."

Holder of a B. A. and M. A. degrees (1932 and 1933), Kay has done additional graduate work at the University of Colorado and the Texas Technological College. He was appointed as Dean of Student Life to Lubbock Christian College while teaching at West Texas State College in Canyon. He also served as professor of history and government until his recent appointment as vice president.

Lee Ward, Chamber president, also announced today a unique souvenir banquet program. It has been printed on Postex sheeting (See C OF C BANQUET, page 8)

## Family of three ill from fumes

An unvented wall heater in the T. J. Cook home at 615 North Avenue M Sunday night put the family of three in Garza County Memorial Hospital for 24 hours to recover from varying degrees of asphyxiation.

All three were released from the hospital Tuesday.

Mr. Cook awoke Monday morning with a severe headache and dizziness and started to phone the family physician. He lapsed into unconsciousness before he could complete the call and Mrs. Cook finished the call for him.

Mr. and Mrs. Cook and son, Kenneth, were taken by ambulance to the hospital. Mr. Cook was ill throughout the day. None were in a critical condition, however.

The wall heater had been left burning overnight with the fumes causing the trouble.

Instead of turning the participants loose with a warning. The council discussed revision of the city's ordinance against stray dogs after Mayor Shytles had pointed out that the dog nuisance is becoming worse here.

It was generally agreed by the council that the Garza County commissioners' court already had instructed county law enforcement officers to the same effect.

The purpose of the move, it was explained by Webb, is to have officers make arrests in the case of disturbances in public places instead of turning the participants loose with a warning.

## City taverns ask Sunday opening

The Post City Council took under advisement Saturday afternoon at a special meeting the request from three local tavern operators to permit taverns inside the city limits to remain open Sundays.

Three of the local seven tavern owners attended the session and pointed out that business was bad and that they felt they were being discriminated against because taverns outside the city limits can open Sunday afternoons and nights.

The four councilmen present, Mayor Powell Shytles, Harold Lucas, Johnny Hopkins, and Si Thaxton, heard the request and arguments but took no action at the session. Mayor Shytles told The Dispatch.

## MR. AND MISS POST HIGH

Jane Maxey and Jimmy Minor have been elected by the Post High School student body as "Mr. and Miss PHS" of the 1960-61 school year. Jane is the daughter of Mr. and Mrs. Quannah Maxey and Jimmy is the son of Mr. and Mrs. James L. Minor. Both are senior students. ## It's National Boy Scout Week

The Boy Scouts of America are to be commended for their 51st Anniversary slogan, "Strengthen America—Character Counts." The impact and meaning of these four words are typical of Scouting and should inspire the rest of us.

We as a nation are strong. We are free. We have the dynamism of a still-growing democracy. That growth will continue only through constantly increasing strength. And nothing will strengthen us so much as high character levels of our citizenry.

For 51 years the Boy Scouts has been dedicated to the building of character and training in citizenship of American boyhood. The millions of present and former Scouts attest to the strength of the program that has helped produce so many outstanding American leaders and citizens.

Each boy, as a Boy Scout, pledges himself to be "physically strong, mentally awake and morally straight." In our future, more than ever, we are going to need a strong citizenry to meet the increasing challenges, problems and opportunities.

We are proud of the 8,227 Cub Scouts, Boy Scouts and Explorers of our South Plains Council, Boy Scouts of America, and the 3,576 fine leaders who work with them. Here character is being built.

We are also proud of our own two troops of Boy Scouts here in Post, our Explorer unit and our Cub Scout Pack and their leaders. But the local Boy Scout program could be strengthened. There are far too many boys not in it. It isn't too late to make a New Year's resolution to support the local Scouting program and to take more interest in it. By doing so, we'll help the program grow.—CD.

## Post C. of C. invites you

All members of the Post Chamber of Commerce and all others who have purchased tickets are urged to attend next Thursday night's annual membership banquet and hear an address by C. L. Kay, a man who will have something to say.

Mr. Kay is vice president for public services at Lubbock Christian College. During the past two years, he has made over 350 addresses to civic organizations, Parent-Teacher Associations, youth banquets, the Texas Press Association, the West Texas Press Association and the New Mexico State Convention of the American Legion. He is author of a weekly column entitled "The

Spirit of America."

In addition to the main speech by this outstanding speaker, those attending the banquet will hear a resume of the Chamber of Commerce's work for the past year, its plans for the year ahead, and other matters of interest. They will also have a "ringside seat" for the plaque award to Post's outstanding man and outstanding woman of 1960, and—not the least important—will be served a good meal.

By our attendance, let's help the Chamber of Commerce get off to a good start on its new club year by making this the best-attended banquet in the organization's history.—CD.

## In Paris, perhaps, but not here!

The news from the world's capitals is generally bad these days. But the worst of it this week came from Paris. The fashion salons of France have watched too many American TV shows on the "good old days."

Gloomily, we must report, they are going to try to hide the best of the American women behind the "flapper styles" of the 20's.

Yep, bosoms were flat, backs bent and billowing with "designs that required the mannequins not only to slouch but virtually assume the posture of an expectant, concave catcher's mitt," as Time so aptly put it.

This is the new spring fashion line.

Copies were flown to the United States in a matter of hours and designers put to work fashioning more inexpensive copies. The fashion salons of New York will offer them in a few weeks.

Thank goodness, Post and West Texas can expect a respite. The spring lines of women's clothes were bought last fall. They are now on the way, in the backrooms, or already on the racks.

The impact of the dour French styles which were unveiled in Paris last week probably won't

nove westward across the country at least until fall.

And even then we have some doubts — or should we say hopes.

The last time Paris tried to "turn back the clock" a few years ago, American dress shops wound up with an "old look" nobody wanted. Dresses stacked up and give-away prices at clearances did little good. How the last of them were shoved out the door we don't know—but we suspect it had to be the back door.

American women didn't want a risky fashion hanging in their closets for abandonment after one season. And they were smart enough to know that style should show them off to their best advantage—not their worst.

"The Crazy Years" design of Paris last week produced a lot of squeals of delight and applause among fashion editors and buyers. The reverse should be true in the U. S., however.

If, as we suspect, smart American women still dress for their men—or men in general—we have no fear of a flapper invasion of our shores.

Flat chests and knobby knees may be assets for the women of Paris—but not over here, brother! Not over here.—JC.

## People may get a 'say' on tax

If a bill introduced in the Texas Legislature by Rep. Wesley Roberts of Seminole is approved, there'll be more to vote on April 4 than city candidates and a U. S. Senator.

Roberts' bill would give the people an opportunity to express their preference of the type of state tax that the lawmakers should adopt.

Under terms of the Roberts proposal, three types of broad-based taxes would be presented to the voters—(1) a payroll tax (2) an income tax, and (3) a sales tax.

Since no one really knows which of these three taxes is favored by the majority of the

people, the outcome of such a vote should give the Legislature an accurate gauge to judge the public's true opinion.

Nearly everyone agrees that there must be some sort of broad-based tax if the state's financial problems are ever to be solved.

The Seminole lawmaker says he anticipates no opposition to his proposal. "I can't imagine anyone opposing a plan to let the people express their opinion," he said.

If the bill is approved, it will make the April 4 election date loom even more important than it already is.—CD.

## What our contemporaries are saying

A man learns a good many things from his children until they get old enough to know as little as he does.—James Roberts in The Andrews County News.

With President Kennedy coming into his official duties, the golf critics of Mr. Eisenhower can get off his back and jump on JFK. Personally, I play some golf myself when time will permit, and I see the need of outside interests, especially one with some exercise. President Kennedy is the best golfer ever to be elected President, so these same people can continue to have

their pleasure right on through these next four years.—Curtis Sterling in The Brownfield News.

Not long ago we published that the bank would be closed for Robert E. Lee's birthday on Nov. 19, rather than Jan. 19. About the only person who didn't tell us about it was Robert E. Lee himself.—Pat Bennett in The Crosbytown Review.

There are two kinds of advice—the kind you get but don't want, and the kind you want and can't get.—Frank Hill in The Lynn County News.

## THURSDAY to THURSDAY

By CHARLES DIDWAY

HAS ANYONE EVER noticed that you get farther and farther away from the spirit of St. Valentine's Day as you grow older? But the big stacks of candy in the heart-shaped boxes you see in the stores is proof enough that there'll always be a St. Valentine's Day.

The more the merrier seems to be the rule in the special U. S. Senate race to be decided April 4.

With the filing deadline yet to come, 23 candidates had paid the \$50 filing fee up to Saturday. Most of us know that only three or four of them have much chance of being elected, but it's going to be interesting to see what size complimentary vote some of the lesser-knowns will receive. If I were to be loyal to my home county—LeFlore County, Oklahoma—I'd settle on Ben M. Johnson, the 23rd candidate to file. A folder sent out by Mr. Johnson discloses that he was born May 11, 1897, near Wister, Okla., when it was Indian Territory (Choctaw Nation). He now lives at Bellaire, Tex. Wister not only is in my home county, but was the closest town of any size—which isn't saying much—in my home town. The first plank in Mr. Johnson's platform is repeal of the 16th Amendment (Income Tax.) I don't think Mr. Johnson has much to go on there, but it WOULD be nice to see an old Wister boy make good.

ON ACCOUNT OF his name, Maury Maverick Jr. of San Antonio is going to make a good race. Maverick is an astute statesman in his own right and is going to poll a whale of a lot of votes for that reason. But he is also going to poll a lot of votes on account of his name being the same as that of a more well-known TV character.

Don't complain about the weather, please. An old gent from Montana passed along the info that the coldest weather in the United States, excluding Alaska, was in his state, seven years ago—70 below zero!

THE GROUNDHOG saw his shadow when he came out last Thursday, which was Groundhog Day, but if he'd waited until the next morning he wouldn't have seen it. As scarce as groundhogs are out here, I put more faith in the Indian smoke sign when it comes to weather hokum-skokum.

A Texas lad rushed home from kindergarten demanding that his mother buy him a set of pistols, holsters, and gun belt before the next day.

"Why, dear?" his mother asked. "Surely you don't expect me to believe you need them for school?"

"Yes I do," he asserted. "Teacher said tomorrow she's going to teach us to draw."

SOME TIME AGO this column suggested, after watching TV's labored efforts to advertise one product by name while disdainfully regarding the other products as "Brand X" that somebody should market a Brand X and cash in on all the free publicity. This seems to have now come about. According to one of our trade magazines, a cigarette, Brand X, has been produced in New York, for people who are quite content with second-best. Our cigarette is designed for the man who, as a boy, dreamed of becoming only the vice president."

Then there is the radio station in Lubbock that calls itself "Lubbock's Number 2 station." "All the others are Number 1," it says.

THE MAN UP THE street says the trouble with opportunity is that it always comes disguised as hard work.

The 1961 Mobilgas Economy Run may pass through Post on its trip from Los Angeles to Chicago, March 11-18, announces a Mobilgas Oil Company official. The more than 2,000-mile course will take six days and the annual cross-country competition to test the mileage thriftiness of American-made passenger cars will boast a record field of at least 60 cars. There'll probably be something definite later on whether or not the Economy Run will include Post on its course.

According to a recent survey, the average man in his lifetime spends twenty years working. He spends another twenty years sleeping, sixteen years playing, five years shaving and dressing, five years eating, and three years just waiting. In a lifetime, the average man spends 8,760 hours telephoning, the equivalent of one full year.

PARTING THOUGHT: The hardest job for a youngster is to learn good manners without seeing any.

GRANDDAUGHTER VISITS Vonille Strible, granddaughter of Mr. and Mrs. Howard Freeman, is visiting in Post this week. She arrived Saturday.

**Post soldier in winter exercise**

KARLSRUHE, Germany—Army Pvt. Malachi Mitchell Jr., whose parents live in Post, Tex., participated with other personnel from the 25th Artillery in Exercise Winter Shield 2 held Feb. 2-4 at the Grafenwohr-Hohenfels training area in southern Germany.

Winter Shield, an annual Seventh U. S. Army winter field training maneuver, involved 60,000 U. S. Army, German and French troops and marked the highpoint of a year's training for NATO's "Pyramid of Power".

The maneuver provided training under simulated combat conditions for the individual soldier and leaders at all command levels, and included intensive training in the employment of advanced weapons.

The 21-year-old soldier, a surveyor in artillery Battery B in Karlsruhe, entered the Army in February 1960 and completed basic training at Fort Carson Colo.

He was graduated from Carver High School in 1958 and attended Prairie View A&M College.

The committees on which Rosson will serve are Agriculture, Constitutional Amendments, Criminal Jurisprudence, Military and Veterans' Affairs, Aeronautics.

Rep. Rosson is a respected member of the House. Speaker Turman said, "and we expect him to work with energy and ability to do a good job for the people of Texas. I know he will conduct himself in such a way as to confirm the confidence I have in him, as indicated by these responsible assignments."

Rosson is now serving his second term in the Legislature and is recognized by his colleagues for his hard work and his devotion to duty.

**J. Frank Dobie for Maverick**

AUSTIN — Maury Maverick Jr., candidate for U. S. senator in the April 4 special election, was endorsed Thursday by his former English professor at the University of Texas.

Famed Southwestern author J. Frank Dobie indicated his support in a letter to Maverick.

Dobie said he was voting for Maverick because he considered him just and reasonable. He added, "I remember when you were a student of mine at the University of Texas... you admired men worthy of admiration. To me, one of the surest ways to judge a character is to consider what and whom he admires."

**February-March is renewal period for motor vehicle license plates**

AUSTIN—February-March is the renewal period for motor vehicle license plates in Texas, announced State Highway Engineer D. C. Greer today.

Texans will notice a newly designed license plate for 1961. A different style of letters and numerals on a white background is the color scheme for 1961.

A new numbering system will be used for some classifications such as trailers, truck tractors and buses. These classifications will have a one-letter prefix with from two-to-five digit numerals. For example: A trailer number could be A-10 or A-12345. The numbering system for other classifications will remain the same as 1960. The change in the system was brought about by the ever increasing number of registered vehicles in Texas.

The Texas Highway Department estimated that vehicle registration in Texas for 1960 will total 4,800,000. This places Texas third in the nation in registered vehicles following California and New York.

"Texas should reach the seven-million mark by the end of this decade," Greer said. "There are more vehicles in Texas today than there were Texans in 1920 and the percent of increase in motor vehicles in Texas in the last four decades is twenty times the percent of increase in population. There are two Texans for every Texas-registered motor vehicle."

Greer stressed the importance of registering all automobiles and trucks in the county of the vehicle owner's residence.

"Do not ask the county tax collector to violate the law. He is required to demand to see your certificate of title and 1960 license receipt before he can issue your 1961 plates."

The penalty for operating a vehicle without home-county license plates is the same as operating a vehicle with no plates at all. Court fine can be as much as \$200 plus being required to register in the home county with a 20 percent penalty of the annual fee. Refunds cannot be granted for the illegal plates.

Owners registering illegally in 1961 can expect to face court charges.

"Don't risk an illegal registration," Greer urged. "Remember, too, that a portion of all registration fees stays in your home county to benefit your local community."

**J. Ed Connally is for Bill Blakley**

State Democratic Chairman J. Ed Connally of Abilene today announced he is supporting U. S. Sen. William A. Blakley in the special Texas election April 4.

"I am again voting for Bill Blakley and I hope the people of Texas will vote to keep this man in the United States Senate," Connally said.

Blakley, a Dallas lawyer and businessman, was appointed by Gov. Price Daniel to the Senate seat formerly occupied by Vice President Lyndon B. Johnson.

Blakley has been serving in the office since the Senate convened in January. He also served an interim term in 1957 when Governor Price Daniel left the Senate to become governor.

"Because he himself has been a U. S. Senator, Governor Daniel knows well the high requirements that office demands," Connally said. "He chose the most experienced and best qualified man available, and Texans now have a fine opportunity to retain the services of this outstanding and able citizen."

He is doing a splendid job there for Texas and the nation."

**Reception opens Will Wilson bid**

AUSTIN—A two-hour coffee reception marked the opening last Thursday of Attorney General Will Wilson's state campaign headquarters for the U. S. Senate race.

Wilson said interest in the April 4 election is high throughout the state.

Wilson campaigned Friday in San Antonio and Houston and was in the Rio Grande valley Saturday. He said staff appointments and regional managers will be announced shortly.

**Boat owners are urged to make registration numbers readable**

AUSTIN — "Texas boat owners may need a woman's opinion in choosing the colors for the registration numbers on the hulls," Bob Townsley, director of the Texas Highway Department's Motor Vehicle Division said today.  
 "Boat number colors and boat hulls aren't contrasting enough to be readable—that's the problem."  
 "Too many boats are not numbered in accordance with the law—which requires a legible, visible, contrasting number for good identification. The solid-color area of the boat number should contrast strongly with the hull of the boat. A good many of the boats we've looked at have white numbers on a white hull—and the thin colored border around the number doesn't make it show up."  
 Three things the Texas boat owner should do after getting his registration number from the Texas Highway Department:  
 1. The solid-color area of the regulation three-inch, block letters must contrast with the hull of the boat.  
 2. The numbers should be located on each side of the forward half of the hull, as near to the stem as possible.  
 3. Between each part of number there should be a hyphen or a space. Example: TX-1234-AA or TX 1234 AA.  
 Townsley said the boat-numbering problem was nationwide, and that manufacturers who make boat numbers are helping out by increasing the size of the solid-color area of the boat number to a full three inches.  
 Coast Guard and local enforcement authorities will give owners of boats whose numbers do not meet the federal numbering specifications until July 1, 1961, to make the necessary changes.  
 The water Safety Act passed by the 56th Legislature gave the Texas Highway Department the responsibility of administering the Act. Owners who power their boats with a motor in excess of ten horsepower are required to obtain a license. Numbers are issued by the Motor Vehicle Division of the Department.  
 Townsley stated that 150,000 power boats were registered in Texas, and that registrations on these were good until March 31, 1963.

The boat's registration will provide an inexpensive way of quick and positive identification should the craft be stolen or involved in difficulty."

## Wardrobe planning requires thought, time and attention

By LETA SMITH  
Garza County HD Agent

To be happy in your clothes on all occasions you will need to give a lot of time and attention to your wardrobe. It takes careful planning to be dressed appropriately and attractively every place you go. Here are some suggestions that may help you to plan:

Begin planning your wardrobe before you shop. Ask yourself these questions: What clothes do I need for the coming year? What colors should I choose to tie in with those I have? Which clothes could I make successfully, and which should I buy? Have I too many garments and colors that cannot be worn together?

It is well to plan to wear each garment for at least two years. Before going any farther with your clothing plans, think about your figure, and as you plan, keep reminding yourself to make the most of it. Learn to carry yourself well at all times, when you stand, sit or walk. Stand tall, sit tall, think tall, be tall.

Clothes do not make the person, but they do have a decided effect on the impression you leave on others. Your clothes can show that you are careful and artistic, and the way you dress can even express your thoughts and attitude toward life.

So using good taste is realizing the importance of wearing the right clothes for the occasion and the individual.

Accessories prove costly if they are good for only one or two wearings. You will choose wisely if you heed these fashion hints: expensive accessories such as hats, shoes, and handbags should be the same color as the basic garment; varied colors can be used in small-

er less expensive accessories. Good leather bags, gloves and shoes are a mark of a well dressed person, and should be considered as an investment, which outlast and look good longer than several cheaper ones.

NEW NEIGHBOR

When Betty Marlowe moved into our neighborhood we invited her to join the garden club and the baby sitters' club and the civic association, but it never occurred to any of us to ask her if she'd like to go to church.

Then, one Saturday, she phoned me. "My husband is often out of town on Sundays and I don't have the car when he's away," she explained. "Would you and Bill mind if I went to church with you?"

Mind! We were delighted—but I was also a little ashamed. And I wondered how many others there were in our neighborhood who would like to go to our church, if they were given the encouragement of an invitation.

From now on, I'm not waiting to be asked. I'm asking first!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Jimmy Minor and Jane Maxey

### 'Mr. and Miss PHS' named

By Ginny Young  
Last week favorites of Post High School were elected. This great honor went to Jimmy Minor and Jane Maxey. Everyone is very happy that these two wonderful people were elected to represent our school as "Mr. and Miss PHS".  
The following people also ran in the election. The first runoff was among these students, Jimmy Minor, Mike Cornell, Richard Ray, Ronnie Henderson, Dan-

ny Jones, Jane Maxey, Anne Morris, Peggy Ramsey, Jane Francis, Beth Kemp. The second runoff narrowed nominees down to Jimmy Minor, Ronnie Henderson, Richard Ray, Jane Maxey, and Jane Francis. It took both Monday and Tuesday to complete the election in which everyone in Post High participated. Everyone was holding his breath until the results were final.

Just observing the list of Jimmy and Jane's activities is enough to see why they are both so well known and well liked. Jimmy played fullback on our Antelope squad, made All-District fullback, and received honorable mention as All-District tackle. He also served as co-captain of our team. He plays basketball, serves as president of the National Honor Society, is a member of the Letterman's Club, and is an Annual representative.

Jane is an officer in the FHA, president of the Student Council, editor of the School Page of The Post Dispatch, a member of the Pep Squad and English Club.  
All the students in Post High School extend their warmest congratulations to the 1961 Mr. Post High School and Miss Post High School.

## BOOK REVIEW

### Three puppies tug at heart in Cavanna book

By Terry Power  
GOING ON SIXTEEN. By Betty Cavanna.

The main character in this book is Julie Ferguson. She is a 15-year-old with ash-blond hair and is very shy.

Julie and her father live on a very pretty farm called Deepdale. One day Mr. Phillip Lonsdale brings a beautiful Collie named Scarlet from his Lonsdale Kennels to stay on the farm.

Julie has gone to a festival dance when Scarlet dies, leaving a litter of four puppies behind. With much difficulty, Julie and her father keep three alive. Julie gives them names—Sonny, Sistle and Cocoa.

She grows to love the puppies and spends all of her spare time with them. She is becoming a good artist and makes good sketches of them.

When Cocoa and Sistle are old enough, Mr. Lonsdale sells them. This leaves Julie's favorite, Sonny.

Sonny stays for nearly a year and is becoming a farm dog when Mr. Lonsdale comes for him. A while later Julie goes to a dog show and encourages a homesick Sonny to win the trophy.

Read the book to see if Julie gets Sonny and if a boy named Dick starts liking her.

### Biology classes are studying plant life

The biology classes are getting deeper and deeper into the study of plant life. This week they will study what the plant is made of.

A plant is a well-co-ordinated organism with each part carrying on its particular functions in maintaining the individual. Plants are much like animals, they make and digest food, respire, excrete, grow, react to light and other things around it, and moves some parts of its body.

## First Baptist Church to be host

### Sweetheart Banquet scheduled Saturday

Valentine's Day is just around the corner—next Tuesday, in fact. And everyone is talking about the Sweetheart Banquet planned for this Saturday night at City Hall. Again the First Baptist Church is our host and the entire senior high school is invited to come—by couples, that is.

The banquet starts at 7 p. m. and a delicious steak dinner is on the menu.

City Hall will be beautifully decorated in red and white, and a Sweetheart Queen will be elected by those attending. She and her escort will reign over the evening's festivities.

After the banquet, we are going to see how couples from eras of the past made love. A skit in nine scenes, it is called, "Love Through the Ages," and about 20 of the high school students are in the acts.

To cap off the evening, a full-length color film, "Quo Vadis," with Robert Taylor, will be shown. This is a story of the days of Rome when the gladiators were filling the amphitheater and Christians were being fed to the lions.

All high school students are being urged to get their tickets early, as only 200 can be accommodated at this banquet. See any member of the First Baptist Church or Janith Short, ticket chairman.

### Junior High bandsters receive new uniforms

The Post Junior High Band members received their uniforms Thursday and Friday of last week. The band pictures were taken Monday morning, Jan. 30. The band members are real proud of their uniforms.

# Grand jury —

(Continued from page 1)  
of the trio, if they can make it.  
**20 PERSONS INDICTED**  
The grand jury returned 13 indictments involving 20 persons after hearing some 45 witnesses during two long days. It was one of the busiest grand jury sessions on recent record.

Eleven of the 13 indictments and names of eighteen of those charged were immediately made public as they are either in jail or out on bond.

The law provides that names of others indicted shall not be made public until such time as they have been placed in custody or make bond.

The grand jury, which went to work at 10 a. m. Tuesday and spent some 14 hours in session, includes two women and 10 men, Ted Hibbs, jury foreman, Robert Cato, Lowell Short, Wallace Simpson, James Mason, Mrs. N. W. Stone, D. C. Hill, Jim Boren, Fernie Reed, Warren Stockton, Mrs. J. T. Sims, and Dee Caffey.

The jury completed its work at about 5 p. m. yesterday but had to wait until 5:20 before all the indictments could be completed and then signed by Jury Foreman Hibbs before Judge Smith could release the jurors. Judge Smith had been waiting for the indictments since 5 p. m.

Judge Smith set Johnson's bond on the murder charge at \$7,500. Johnson has been held in county jail here ever since returning to Post and giving himself up to Sheriff Claborn in early January.

**FIVE NAMED IN CASH THEFT**  
Five Negroes, two of them from Post, were named in a third indictment for the \$536 theft from the cash register of the Caprock Liquor Store here Dec. 15.

The five were Harold Johnson, out on \$2,500 bond in Dallas on this charge; George Curry of Waco; Theodore Tildford of Houston; and Albert Taylor of Post, all held in the county jail here; and Gaylene Mitchell of Post, now being held in the Albuquerque, N. M., jail on a warrant growing out of the theft here.

They are charged with "fraudulently taking United States money of over \$50 in value". Judge Smith set bond for each at \$2,500.

Mrs. Barbara Taylor, Post Negro woman now out on bond, was charged in two indictments with check forgeries, one in the amount of \$24.50 passed to Lena Ferguson, Jan. 21, and the other for \$29.75 passed Jan. 20 to Billy Carler. In each instance, the indictment read, the name of A. M. Lucas had been signed to the check. Judge Smith set her bond at \$1,000 on each charge.

In the sixth indictment, A. E. Redman of Post was charged with injury of personal property valued at over \$50 last Oct. 7 by unlawfully and willfully destroying a motor vehicle belonging to Sabina Gonzales by striking it with the defendant's motor vehicle. He is now out on \$1,000 bond.

The seventh indictment was brought against Fletcher B. Lewis, whose home is believed to be Lubbock, for driving while intoxicated, subsequent offense. The indictment notes a prior conviction in Yoakum County, Texas, for driving while drunk in the misdemeanor category.

Bond was set for Lewis at \$1,000 by Judge Smith.

**INDICTED FOR BURGLARY**  
The eighth indictment was against Bill Smith for burglary of the Vernon Scott residence in the Pleasant Valley community Oct. 5, 1960. Smith, who is being held in jail here, is from New Orleans. His bond was set by Judge Smith at \$2,500.

Three Lubbock Latin Americans, Benito Hernandez Baldi, Abelardo Garza, and Richard Ybarra Gomez, all now out on bond, were named in the ninth indictment for the burglary and theft of \$23 worth

of clothing, a \$50 adding machine, and \$50 worth of tires from the Dunn and Dunn grocery and filling station in Southland last Dec. 15.

The charge was theft of property on two counts and burglary. Bond was set at \$1,000 each by Judge Smith.

J. W. Ruth, a Post man now being held in jail in Del Norte, Colo., was charged in the tenth indictment with theft of property valued at over \$50 in the taking of the personal car of Sid Cross here Jan. 10. Ruth, an employe of Cross, was alleged to have simply driven the car away. He has been jailed in Colorado in connection with violating a federal statute in taking a stolen vehicle across a state line. Deputy Corley told The Dispatch. His bond was set at \$1,000 by Judge Smith.

James J. Gilbert, hometown unknown, was indicted for theft, under the false pretext statute, for the taking of \$52.25 worth of gasoline, \$8.76 worth of tire tubes, and \$123.12 in tires from Lovell's Humble Service Station here Jan. 15 via a credit card which was not his own. Gilbert is now in jail in Tahoka. Bond was set at \$1,000 by Judge Smith.

**JURY COMMISSION TO MEET**  
Judge Smith set Feb. 24 for calling a jury commission to select a district court jury panel for the next term of court, at which most of the cases in which indictments were returned yesterday will be tried. Some of course are expected to plead guilty to the charges prior to this new court term.

The jury commission also will select a new grand jury panel. The next district court term here is scheduled for March 6.

## Postings--

(Continued from page 1)  
tween the operating room personnel, which signaled that the surgeon and the anesthetist and the nurses felt that it was safe to relax a little bit. The patient was returned to her bed. Next morning she was alert, relieved, and was visited by the pastor of one of our local churches of her own denomination.

What individuals were involved in this story doesn't matter. What does matter is that if it hadn't been for our hospital being here this woman's life very well might have been lost. Certainly she would have lost enough blood to require transfusions.

Ours is a 25-bed hospital built under the Hill-Burton County plan. Our M. D.'s are all members of the American Academy of General Practice, an organization which insists that its members keep up their post graduate medical education or be dropped from the rolls of the organization.

If you think Post is not moving forward think back eight years. This procedure would not have been possible then, because there was neither the personnel, nor the hospital here in which to render the service. We salute the vision of those who voted the hospital bonds. This is one of the lives which you saved by so doing. Our town is too small for a big hospital and many specialists. But its medical care standards are such that no one dares scoff at them. Good medical care is an assured sequel to good hospitals—so voting those hospital bonds made it all possible.

The Dispatch today expands its community news coverage into two additional communities in the Post trade area with the reports of our two new correspondents in Pleasant Valley and Grassland. Mrs. O. H. Hoover has the assignment of reporting "all the doings" in the Grassland area and Mrs. Vernon Scott has drawn a similar assignment for the Pleasant Valley area. The Dispatch is delighted to have this new coverage and we urge you Grassland and Pleasant Valley folks to encourage your new reporters by calling them your items promptly. The addition of Mrs. Hoover and Mrs. Scott brings The Dispatch's area correspondence corps to six. There is now only one "hole" remaining in our complete rural community coverage. We lack a correspondent for the Barnum Springs and Verbena area. Any volunteers?

Lee Ward, retiring Chamber president, has come up with a very novel souvenir idea for next Thursday's annual Chamber of Commerce banquet—the printing of the banquet programs on Postex sheeting made from the first bale of 1960 Garza County cotton. That's quite a way to tie in two of the area's most important industries for 1960—cotton raising and cotton manufacturing—directly into the Chamber banquet. It's the first time we here at The Dispatch have ever printed on sheeting instead of paper, and the results were so gratifying that we wouldn't be surprised to see Postex sending out their correspondence and letters on sheeting one of these days instead of stationery—just to emphasize their fine product. You'll be sure to want one for a souvenir. Be sure to get those Chamber banquet tickets right away, either from Joan Stewart at the Chamber office or from any Chamber director or Chamber Manager Johnny Hopkins.

One of the best features of the Chamber banquet this year, at least as far as we're concerned, is that Mrs. C. W. Terry and her staff of ladies will cook the meal. Mrs. Terry has quite a reputation among Rotarians for the fine food she provides each week at the Rotary luncheons. The speaker is also an experienced hand behind the microphone on the banquet circuit and should provide additional food for thought. All in all it shapes up as a good ending to one Chamber year and a good start on another. Bring your wife and be there. An enthusiastic turnout is the best way we know to get the Chamber rolling on a new administration and to salute the retiring administration that has given so much of their time and energies in the community's service. From what we hear, the Chamber for 1961 is getting organized on one of the best committee foundations in many a year. You can best encourage this effort on everyone's behalf by pitching in and contributing your time, ideas, money and support. See you next Thursday night in the Post school cafeteria.

**BROTHERN VISITS**  
Mr. and Mrs. Dave Polk of Tahoka visited with Mr. and Mrs. T. C. Polk and family Monday night.

**THE OLD TIMER**  
"A man can usually tell what kind of a time he's having by the look on his wife's face."

Visiting hours are from 10 to 11 a. m., 2 to 4 p. m. and 6 to 8 p. m., Curl said.

The administrator also announced that children under 14 will not be permitted to see maternity patients.

"Due to an increase in business and to the time required in keeping the hospital clean, these visiting hours and regulations will be strictly enforced," the administrator said.

## Mrs. Hart's father dies in Alabama

Mrs. Boy Hart of Post and Mrs. Wood Byrd of Claremont will return this weekend from Anniston, Ala., where they attended funeral services Saturday for their father, B. R. Fowler.

Mr. Fowler, who was 81, died last Thursday night. Mrs. Hart and Mrs. Byrd left Friday night after receiving news of his death.

Mr. Fowler and his wife visited their daughters and other relatives in this area a year ago last Christmas.

Besides Mrs. Hart and Mrs. Byrd, he is survived by his wife; four other daughters, all of Anniston, and five sons, including A. L. Fowler of Colorado City.

## Snowfall brings more moisture

More snow fell here the first of the week, but didn't last long, giving February a moisture start of .03 of an inch.

The snow was much heavier in the Justiceburg area, amounting to about two inches there, and was also heavier east and north-east of Post in the Verbena and Crossroads communities.

January's moisture in Post, all of it coming from snow, totaled .83 of an inch.

Some of the coldest weather of the season came Sunday and with the first-of-the-week snow, the temperature at times plunging to just above the zero mark.

The meal will be headed by Ward to incoming Chamber president Wilf Scarborough for the start of a new 1961 Chamber year. Scarborough will preside over announcements to follow and close the meeting.

The meal will be furnished by Mrs. C. W. Terry and her staff of ladies.

A complete listing of 1960 Chamber expenses will appear on the page of the Chamber program so that Chamber members will know where the civic organization spent its funds during the last club year.

council that the best policy would be a city pound where stray dogs could be impounded for observation and then destroyed if not claimed by their owners within a given period of time.

"We're not near so much concerned with having dog owners pay the city license fee as we are in having them see to it that their dogs are vaccinated against rabies," the mayor said.

Present at Monday night's meeting were two representatives of Pritchard & Abbott, tax valuation engineers.

An agreement was reached for a new contract with the firm at a rate of 4 cents per \$100 property valuation of taxable property within the city limits.

## Girls drop close ones to Slaton and Stanton

The Post Does, high school girls' basketball team, still playing them close, lost to Slaton, 61-59, Friday night and to Stanton, 46-40, Saturday night.

Coach Don Watkins' team blew a 33-30 halftime lead in losing to the league-leading Tigerettes Friday night at Slaton.

Slaton was ahead 19-16 at the end of the first quarter, but the Does forged into their three-point halftime lead and trailed by only one—49-45—at the end of the third canto.

Freshman Nita Wilson scorched the nets for 31 points to take scoring honors for the Does. She was only one point off the 32-point production of Slaton's Judy Dunn.

Other scorers for Post were Anne Morris, 14; Peggy Ramsey, 9; Barbara Craig, 3, and Ruthell Martin, 2.

The Post girls also lost the "B" team game, 42-37, despite Mary Beth Ford's 24 points. Linda Pennell scored 7 and Marianne Jones 6 for the Doe reserves. The guards were Lynette Potts, Mary Williams, Betty Jo Hill and Gayle Heaton.

Against Stanton here Saturday night, it was the same story, with the Does out in front by three—19-16—at the half, but falling behind in the second half. They trailed by one point, 29-28, at the end

of the third. The Does were without the services of starting guard Daniela Bateman, who also missed the Slaton game. Starters Beth Kemp and Judy Clary fouled out, Kemp early in the second half.

Lynette Potts, promoted to a starting position at guard, did a good job in helping hold down the scoring of the Stanton forwards, including the high-scoring Frances Graves, who has racked up more than 40 points in a number of games this year. Potts, who is a freshman, fouled out late in the game.

Wilson, with 22 points, was the game's high scorer. For Stanton, Graves scored 18 and Elida Reyna, 17. Others scoring for Post were Morris, 6; Craig, 8; Janith Short, 2, and Martin, 2. Ramsey, who saw only limited action, failed to score.

Guards for Post were Clary, Kemp, Potts, Sandra Stewart, Jane Masey, Gayle Heaton and Janie Carradine.

## Antelopes fall to Tigers, Buffaloes

The Post Antelopes, who can't seem to get a scoring attack going, lost to Slaton, 63 to 27, Friday night and to Stanton, 57 to 37, Saturday night in District 3AA games.

The losses left Coach Richard Souter's cagers with four defeats and no victories in conference play.

In the loss to Stanton here Saturday night, the Antelopes were never in contention after falling behind 23-7 in the first quarter. The Buffaloes slowed the pace the rest of the way, holding a halftime lead of 33-12, and a third quarter lead of 46-24.

Four Stanton players scored in

double figures, with David Pruitt hitting 14 for game scoring honors. Leslie Acker, the only Antelope to score in double figures, garnered 10 points.

Four of Post's points were made by freshman Wendell Johnson on two long set shots in the final quarter.

At Slaton Friday night, Post failed to score a field goal the entire second half after trailing 28-21 at halftime. A 26-point third quarter splurge by the Tigers put the game beyond reach of the cold-shooting Antelopes.

Larry Burk's 18 points paced the Slaton scoring, while Acker and Donnie Hays with 8 apiece led the Post team.

## Denver City beats 'Lopes

The Denver City Mustangs, apparently well on their way to the District 3AA championship, shot past the Post Antelopes, 66 to 42, here Tuesday night.

The victory brought the Mustangs' conference mark to six wins against one loss and shoved Coach Richard Souter's Antelopes deeper into the loop cellar with no wins against five losses.

The Post team made a much better showing, however, than they did in their first game with the Mustangs, which they lost, 79 to 37, two weeks ago at Denver City.

The Mustangs played a total of 12 men here Tuesday night against only six for the bench-thin Antelopes.

After falling behind 14-7 in the opening quarter, the Antelopes trailed by only three points, 16-13, midway of the second, but the visitors picked up steam to go on to a 28-17 halftime margin, which they increased to 47-28 in the third period.

Dennis King scored 16 points for the Mustangs. Three Antelopes finished in double figures—Donnie Hays with 14, Jimmy Minor with 12 and Mike Cornell with 10.

In the "B" game preliminary, Denver City easily outscored the

Antelope reserves, 79 to 32. Gatewood, with 12 points, was high scorer among the 14 men playing for Denver City. No Post player got more than four points. That number was scored by Tom Clark, David Nichols and Jackey Fluitt. Byrd scored two points, Baldrone, one; Odom, two; Wendell Johnson, two; Mitchell, two, and Danny Stone, one.

The scoring summary on the varsity game follows:

DENVER CITY: King 5 0 3 16; Hodges 3 0 2 6; Curtis 2 3 2 7; Fulbright 4 0 2 8; M. Hubbard 2 1 4 5; Keith 1 0 0 2; Trout 4 1 1 9; Sonntag 1 3 0 5; P. Hubbard 3 0 4 6; Fox 1 0 0 2; Mobley 0 0 0 0; Esparza 0 0 0 0.

## State Capital NEWS

By Vern Sanford

AUSTIN — Organized, but in some quarters, highly disgruntled, the Texas House of Representatives is down to business.

Speaker James Turman did what comes naturally. He gave committee chairmanships, down the line, to those who supported him in his race for speaker. Key committees have a solid majority of Turman men.

Supporters of Turman's opponent, Rep. Wade Spilman of McAllen, are not happy with their assignments. Mostly experienced legislative hands, they can be expected to do some land mining along the path of the slim Turman majority.

Among chairmen of major house committees are these: Revenue and Taxation, Rep. Charles Ballman of Borger; Appropriations, Rep. James M. Cotten of Weatherford; State Affairs, Rep. Bill Hollowell of Grand Saline; Constitutional Amendments, Rep. Charles Sandahl Jr. of Austin; Education, Rep. Malcolm McGregor of El Paso; Agriculture, Rep. Grainger McIlhenny of Wheeler; Livestock and Stock Raising, Rep. Steve Burgess of Nacogdoches; Insurance, Rep. Murray Watson Jr. of Mart; Congressional and Legislative Districts, Rep. C. W. Percy of Temple; Highways and Roads, Rep. Almozo Jamison of Denton; Judiciary, Rep. L. DeWitt Hale of Corpus Christi; Banks and Banking, Rep. Ben Lewis of Dallas; and Game and Fisheries, Rep. D. Roy Harrington of Port Arthur.

Lt. Gov. Ben Ramsey of San Augustine had named his Senate committees several weeks ago. **BACK IN OLD POST**  
Sen. Wardlow Lane of Center heads the Senate's State Affairs Committee. It's a post he held four years ago for the 55th Legislature.

This is the committee that will consider new tax bills after they have passed the House. Money raising measures must originate in the House.

Appropriations, the other half of the money raising-money spending puzzle, will be handled in the Senate by the Finance Committee, headed by Sen. Ray Roberts of McKinney.

Other Senate committee chairmen are: Sen. George Moffett of Chillicothe, Agriculture and Livestock; Sen. Robert W. Baker of Houston, Banking; Sen. Charles Herrine of Austin, Claims; Sen. Louis Crump of San Saba, Constitutional Amendments; Sen. Crawford Martin of Hillsboro, Contingent Expenses; Sen. A. M. Alkin Jr. of Paris, Counties, Cities and Towns; Sen. Andy Rogers of Childress, Education; Sen. Culp Krueger of El Campo, Game and Fish; Sen. Bruce Resnan of Corpus Christi, Insurance; Sen. Preston Smith of Lubbock, Interstate Cooperation; Sen. Dorsey Hardeman of San Angelo, Jurisprudence; Sen. David Ratliff of Stamford, Labor and Management Relations; Sen.

Abraham Kazen Jr. of Laredo, Legislative, Congressional and Judicial Districts.

**TAX REFERENDUM PUSHED**  
Two bills have been introduced to allow voters to express their tax likes and dislikes directly in a referendum at the April 4 senatorial election.

Rep. Wesley Roberts of Lamesa introduced a measure which would allow voters to make a choice between a sales tax, income tax or payroll tax. Rep. Henry Fletcher of Luling introduced a similar bill with the additional choice of selective sales taxes.

Meanwhile, these have been added to the money-raising measures introduced in the House: A 2 per cent general sales tax, exempting groceries, school lunches, prescription drugs, farm machinery, seed and fertilizer, by Rep. John Allen of Longview. Estimated yield: \$80,000,000 a year.

A revised formula for franchise taxes on interstate corporations, by Rep. Franklin Spears Jr. of San Antonio. Estimated yield: \$10,000,000 a year.  
A temporary (one-year) increase in the gas production tax from 7 to 10 per cent, by Rep. George T. Hinson of Mineola. Estimated yield: \$22,500,000.

**SS FOR LAWMAKERS**  
Social security deductions from Legislator's salaries will be paid by the state under a bill finally passed by both Houses.

This bill stirred up fireworks in the House where it passed only 76-65. Rep. R. A. Bartram of New Braunfels was spokesman for those who deplored the legislators' spending more money on themselves in the face of the recent salary raise and the state's need for more money.

**SPEAKERS PLAN**  
New ground rules are being pushed for one of the hardest-fought, most trouble-causing races in Texas politics.

A proposed constitutional amendment would allow newly elected House members to meet and elect their speaker at least a month before the regular session opening day, Reps. W. T. Dungan of McKinney and Ben Lewis of Dallas are sponsors.

This plan would give the winning speaker time to name committees and be ready to begin work on an organized basis at the start of the session.

Proposed amendment would also limit a presiding officer to one term, bar campaigning in the House and require monthly reports

# Two Houston men in Senate race

AUSTIN—Two Houston men are the latest candidates in the pending crowded race for the U. S. Senate post vacated by Lyndon B. Johnson.

Filing last week were Willard Park Holland, 53, a general contractor, and A. Dale (Al) Savage, 55, a steel company owner, both of Houston.

The secretary of state's office returned the partial payment of Republican Harry Diehl of Houston. Diehl, a grocery store employee, sent in a \$9.50 money order with an attached note saying he would pay the balance of the filing fee later. Employees of the secretary of state's office informed him he would have to pay his fee in full.

# 23rd contestant in Senate race

AUSTIN—Ben M. Johnson, 62, an independent sign contractor at Bellaire, last Thursday became the 23rd candidate to pay his filing fee in the U. S. Senate race.

Johnson came to Texas 18 years ago. He was born in Oklahoma. The special election will be held on April 4, seeking to fill the unexpired portion of the term in which Lyndon B. Johnson was re-elected in November. William A. Blakley of Dallas is filling the place by appointment, and seeking election to the remainder of the term.

# I Give You Texas . .

By BOYCE HOUSE  
Our speech has been made picturesque by phrases which had their origin in sports.

To baseball, we owe such expressions as "He made a hit"; "He knocked a home run"; "He muffed the ball"; "He has two strikes on him already"; "You've got your signals crossed"; "I'm pinch-hitting for the chairman, who couldn't be here"; "He's got a lot on the ball"; "We might try a squeeze play"; "You threw me a curve"; and "He's a foul ball."

To bowling we owe, "You made a ten-strike"; to poker, "He's bluffing"; and "I'll call you"; to boxing, "He came out swinging"; "He hits below the belt"; and "He talks a good fight"; and to racing, "It's a long shot"; and "That's the payoff."

Also to racing we may owe the expression, "A Garrison finish"; the reference being to a jockey by that name who always closed with a rush. However, another version

is that there was a fighter who, no matter how poorly he had fared in the rest of the bout, would swarm all over his opponent in the last round—and the fans, forgetting the earlier rounds, would boo and bellow when he didn't receive the decision.

Why? When there is not a public road in the entire United States where a car can travel at a higher legal speed than 70 miles an hour, why do manufacturers make passenger automobiles that will do 100 miles an hour?

Why does a program chairman take 18 minutes to introduce a speaker "who needs no introduction"?

Why do American women spend billions on cosmetics, permanents and other beauty aids and treatments, then run around in public with their hair done up in curling pins?

**It's the Law  
in  
TEXAS**

**MAN-MADE LAW?**

With the opening sessions of Congress and the Texas Legislature, thoughts naturally turn to the products of their labors — our state and national laws. Some people find confusing our different state and national laws dealing with the same things. Surely, they say, you can have no real justice, unless there is some one "best way" to do each thing—to hold property, to manage traffic, to pay taxes, or to enforce contracts. So it bothers them. Why should Englishmen drive on the left side of the street? Why should married couples hold title under community property laws in some states and not in others? Is law merely a man-made contraption?

Is it true that like good manners much law is man-made, growing out of custom of local problems. In card games you can play many different games with one deck. You merely change the rules. But the law goes deeper than convention into man's basic needs for order, for a grasp of the part he is to play, and for a way to settle disagreements.

Law provides an orderly way to do things so that people can make long-range plans and work together. Its rules help you to find out where you stand—your rights and duties. And last, law has binding ways to settling disputes if need be, first to keep the peace, and then win people over by dealing with them in ways that satisfy their sense of fairness.

You can find these traits of law in most groups from the most primitive to the civilized.

As man finds out more and more about himself and his world, as his experience and wisdom grow, the law may get better. For example, as the psychological laboratories find out more about man's reaction times, his fears and faults, our laws about driving, for instance, may improve.

And here is another purpose the different kinds of laws may serve. You may look upon each as a sort of experiment. Some turn out badly, and some well.

But in the give and take of public discussion, these efforts may yet bring us more nearly to the "one best way" — if a ny such thing exists.

(This newsfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.
