Three suspects are being held as accomplices

A Stamford man, sought for burglary there, was critically wounded late last night when a Mexican caretaker shot him in the chest during an attempted burglary of the isolated White River Package store, 27 miles northeast of Post.

Three other Stamford suspects are being held in different jails after being arrested at their homes in Stamford early today.

They were believed to be the trio who fled the liquor store after the shooting.

Sheriff Fay Claborn said the wounded man is Clyde Percell, 22, of Stamford, who is in critical condition in the Garza Memorial Hospital here this morning.

The sheriff said the Mexican caretaker of the liquor store, name not available, was aroused in the backroom when four men drove up to the store in a car, and apparently used a screwdriver to pry their way in through the back door.

Claborn said Percell apparently was shot as he was carrying an armload of bottled liquor from the store. He was found on the floor of the establishment when officers arrived.

A .38 pistol was the weapon used by the caretaker.

The trio with Percell ran, jumped into their car and drove away, when Percell was shot.

The caretaker walked two and one-half miles to the home of W. W. McArthur, owner of the store, and MacArthur telephoned the sheriff's office here to notify officers of the burglary and shooting.

The liquor store is located two and one-half miles south of FM-261 at the White River Bridge.

An ambulance, ordered by the sheriff's office, brought the wounded man to the hospital here.

Officers found Percell's Army registration card in his billfold which showed he had registered at Anson. A quick call to Anson brought the information that Percell had moved to Stamford.

Law enforcement officers all over the area were alerted.

A check in Stamford revealed Percell was wanted there on a burglary indictment and that officers had been searching for him for the last two weeks. Other information indicated that the three suspects probably had been with him on the burglary.

They were arrested in their home in Stamford, one putting up a fight.

One suspect was returned to the county jail here by Deputy Sheriff Elton Corley. Another was taken to the county jail in Spur and a third to the county jail in Aspermont by law enforcement men who had gone to Stamford in search of the trio who had escaped the burglary scene.

Sheriff Claborn got Justice of the Peace D. C. Roberts out of bed to issue warrants for the arrest of the suspects and then radioed the numbers of the warrants on to Corley at Stamford so the arrests could be made.

Liquor election petition falls short by 13 names

First efforts to "dry up" Garza County's Precinct No. 3 through the calling of another local option election have failed.

County Clerk Carl Cedarholm Saturday certified the petition filed last Wednesday asking the county commissioners court to call such a local option election as having an insufficient number of qualified signatures.

Only 27 of the 43 signatures on the petition were certified by Cedarholm as qualified. Forty would have been required by law to start the legal machinery for a local option election.

The county clerk's office reported yesterday that four of the signatures were disqualified because in two instances either the husband or wife had signed for both of them, whereas the law requires that each voter sign such petitions himself.

Most of the other disqualifications came because signers who were over 65 years of age did not attach to the petition an affidavit

as required by law. Counties under 10,000 population, such as Garza, do not issue exemption certificates to voters over 65 so the affidavit is required to accompany the petition.

Petition signers also are required by law to sign exactly as their

names are listed on the poll tax list.

A completely new start will have to be made with a new petition request and then a new petition if efforts are continued to secure a local option election for the precinct.

Monday final day of 1960-61 term

Monday will be the last day of the 1960-61 school term here.

Before it arrives, however, junior high school graduation exercises and the high school baccalaureate program will have been held.

The high school's commencement exercise is scheduled for Monday night.

R. T. Smith, superintendent of schools, said today that report cards will be available Tuesday to high school and junior high school students. Buses will not run that day, however. Report cards not picked up Tuesday will be mailed to students, the superintendent said.

The first in the series of school year-end programs will be Friday night when 122 eighth grade students will receive their certificates of graduation in a program in the grade school auditorium. The class address will be made by the Rev. J. T. Crawford, pastor of the Church

of the Nazarene.

The high school baccalaureate program is scheduled for Sunday night at Antelope Stadium, with the sermon to be delivered by the Rev. Eugene Matthews, pastor of the First Methodist Church.

Forty-eight seniors are candidates for graduation at Monday night's commencement exercises in Antelope Stadium. The principal speaker will be Roy Bass, Lubbock attorney-at-law.

Chairman named for poppy sale

Commander Charlie Lon Baker of Veterans of Foreign Wars Post No. 6797 today announced the appointment of Ralph Cockrell as chairman of the VFW's annual Buddy Poppy Drive, which will be held in Post Saturday, May 27.

In accepting the appointment, Cockrell expressed a sincere hope that this would be the biggest year ever in the sale of Buddy Poppies here. He pointed out that "today, more than ever, we have a solemn obligation to help those who gave so much during times of war."

"The high cost of living," he said "has placed an increased burden on our disabled veterans. It is our responsibility to see that they are properly cared for and relieved so far as possible from greater hardships."

"In addition, we must not forget those widows and orphans of veterans now living at our National Home at Eaton Rapids, Mich. If we fail them, we also fail the men who have already paid the supreme sacrifice."

Library summer schedule set

The Post High School library will be open from 5 a. m. until 12 o'clock noon Monday through Friday during the summer, Mrs. Lillie McRee, librarian, announces.

All students and school personnel of the Post Independent School District may check out books the same as during school months. Citizens may check out books after making a \$2 deposit, which will be refunded when membership is withdrawn.

"Everyone is invited to use the library in his or her greatest advantage," Mrs. McRee said. "There are adequate books for all ages, but donations for children of preschool age and grades 1 through 3 will be appreciated."

We want to add our best wishes to all the graduates and to urge them, wherever possible, to continue their educations in college.

Want your knives sharpened? R. G. (Wilke) Wilkerson has combined a hobby into Lions fund-raising for the club's children's projects. Anybody wanting their knives sharpened are asked to bring them to Wilson Supply Co., next to The Dispatch. Wilke asks that they be properly tagged with the owner's name. \$900 damage as pool tables slashed

Thefts, vandalism reported in new series of break-ins

Four watches, 18 cigarette lighters and a quantity of 22 rifle ammunition was stolen last night in a burglary at Parrish Grocery & Market.

The break-in was labeled "a kid job" by Sheriff L. E. (Fay) Claborn, who investigated.

It was the fourth in a series of break-ins here. Vandals broke into Jake's Recreation Club in the 300 block on East Main Street sometime Sunday night and slashed the felt on all nine pool tables, doing an estimated \$900 damage.

The same night, the screen was

cut at the rear of The Lavelle Shop, but entrance was not gained.

Also over the weekend, vandals broke into Tom's Place, across from the junior high school building, but owner Tom Williams reported little, if anything, missed.

On Tuesday night, burglars broke into the Owen Grocery in the 300 block on East Main by prying open the front door. All that was missed was a carton of cigarettes and some pennies.

In the Parrish Grocery & Market burglary last night, entrance was

gained through the back door. Known taken were two wrist watches, two pocket watches, the cigarette lighters and ammunition.

Entrance to Jake's Recreation Club was gained by prying the night latch off the back door.

The sheriff said a knife and beer opener apparently had been used to slit the coverings on the pool tables. Nothing was reported missing by owner Jake Heiskill, but the intruders damaged a cold drink vending machine in trying to get into the money box.

Remodeling gets under way on school building

Hammock Brothers of Lubbock, contractors on remodeling of the old high school building here, are already on the job.

With school still in progress, the contractors have taken up the floor and installed the plumbing for the new rest rooms included in the remodeling project.

Within a week's time, the remodeling work will be in full swing, R. T. Smith, superintendent of schools, said yesterday.

Next Tuesday, school personnel will begin moving out and storing furnishings and equipment from the portions of the building included in the remodeling project. The furnishings and equipment will be stored in the building's new classrooms which were constructed two years ago in the first stages of the remodeling project.

"If we run out of room in the classrooms, we'll store some of the stuff in the old gymnasium," Smith said.

The remodeling of the building, which is now used as a junior high school, got under way two years ago, with remodeling of the auditorium into six classrooms and an upstairs assembly room.

The Lubbock firm has contracted to complete the remodeling for \$4,700 and to have it completed in time for the opening of the 1961-62 school year.

Three injured in collision Sunday

Three women were injured in a two-car collision about 10 o'clock Sunday morning in the Graham community.

Mrs. Maud Thomas, a longtime resident of the Graham community was admitted to Garza Memorial Hospital with a broken left arm. Mrs. Allene Stephens McWhirter and her sister, Miss Janet Stephens, received treatment at the hospital for cuts and bruises.

The collision occurred as Mrs. Thomas was driving east and the other car, driven by Mrs. McWhirter, was pulling away from the C. B. Baldwin store.

Mrs. McWhirter and Janet are daughters of Mr. and Mrs. Walter Stephens and were visiting in the home of their parents over the weekend. Janet is a student at West Texas State College, Canyon.

Mrs. McWhirter, whose home is in Alvarado, was given a ticket by Highway Patrolman Henry Harris for running a stop sign.

BAND STUDENT IS HONORED

Charlotte Taylor is receiving the John Philip Sousa award from Dr. John E. Carter, principal speaker at Saturday night's annual Post High School Band banquet. This is the second year the Sousa award has been made here.—(Staff Photo.)

Dedication date set for church

Sunday, June 4, has been set as the date of dedication ceremonies at the new First Christian Church in the 800 block of West 13th Street.

The Rev. Bernard Ramsey, new pastor of the church, will make the dedicatory address in a ceremony beginning at 3 p. m. A reception and open house will follow.

The first regular services in the new church building were held Sunday, May 7.

Park improvements under way

Pool opening set for May 27 or 28

The swimming pool at the City-County Park will open for the season Saturday, May 27, or the following day, S. E. Camp, park board president, said yesterday. Camp said he had received a letter from pool operators Mr. and Mrs. Wayne Runkles saying they would open the park on one of the above days if all the chemicals are in and cleaning operations have been completed by that time.

Charlotte Taylor is Sousa award winner

Charlotte Taylor was presented the John Philip Sousa award and the result of drum major tryouts were announced at the annual Post Antelope Band banquet held Saturday night at Levi's Restaurant.

Dr. John E. Carter, newest member of the board of trustees of the Post Independent School District, was the principal speaker. Band Director Robert E. Meisch announced that drum majors for the 1961-62 school year will be Lana Haynie, daughter of Mr. and Mrs. Byron Haynie, and Lenny Howell, son of the Rev. and Mrs. Graydon Howell. The director said Lana and Lenny were named drum majors on the basis of their tryout performances.

Miss Taylor, daughter of Mr. and Mrs. Joe B. Taylor, received the Sousa award as this year's outstanding band member. She received an individual award and a certificate and her name will be engraved on the John Philip Sousa award plaque at the high school.

The award was made for the first time last year and went to Rodger Sullenger, now a student at Texas Tech.

The award was presented Miss Taylor by Dr. Carter.

In his talk to the band members and guests, Dr. Carter told of his experiences as a member of junior and senior high school bands, the 155th Army Band at Fort Knox, Ky., and the Austin College Band. "Band is an individual effort,"

Three hurt when auto hits tree

Mrs. Duff Green, 81, of Roaring Springs is reported doing satisfactorily in Garza Memorial Hospital, where she was admitted after receiving a broken hip and lacerations in an automobile accident about 10:30 o'clock Saturday night.

Mrs. Green had accompanied her daughter and family, the Quannah Maxeys, to Slaton, and they were en route to their home in the Graham community when the accident occurred, just outside the Slaton city limits.

Maxey lost control of his automobile, a 1959 Chevrolet, and hit a tree after pulling off pavement in order to avert a collision with an approaching car driving in his lane.

The driver of the other car didn't stop and Maxey flaged down help.

Mrs. Maxey and the Maxeys' daughter Diane, received emergency treatment at Garza Memorial Hospital. Mrs. Maxey suffered a cracked rib, cuts and bruises and Diane received minor bruises.

Graduation dance is scheduled for Friday

A graduation dance for eighth graders will be held at Teen Town Friday night following commencement exercises and the reception in the Community Room of the First National Bank.

The dance, which will last until midnight, will be well chaperoned. Parents are asked to bring their sons and daughters and pick them up at the end of the dance.

Teen Town will be decorated for the occasion.

New distinctions for graduates

The 48 boys and girls who will receive diplomas Monday night in Antelope Stadium have the distinction of being the first class to graduate from Post's new high school building.

There is also a distinction for the 122 members of the eighth grade class, who will graduate into high school at exercises Friday night. These 122 boys and girls comprise the largest eighth grade class ever to graduate here. They are not the first eighth graders, however, to graduate from the present junior high school building, since that ancient structure was the home of the eighth grade until the new junior high building, which is now the elementary building, was constructed a few years ago.

Another distinction for the high school graduating class is that it is the first ever to graduate here in the new "man into space" age. It shares that distinction, of course, with several thousand other graduating classes the nation over. That, in itself, is quite a distinction. This year's high school graduates are going out into

a world that is much bigger than it was four years ago when they were graduating from the eighth grade. How much bigger the world will be four years hence when this year's eighth grade graduating class leaves high school is a question almost beyond the range of imagination. By that time, the route between the earth and the moon may be a fairly well-charted course.

These things, in themselves, are all the more reason why as many of the high school graduates as find it possible should continue their education, and are also all the more reason why members of this year's junior high school graduating class should continue on through high school.

The world today is much more of a challenge than it was four years ago and will be even more of a challenge four years from now. That challenge can best be met by well-educated people.

In the meantime, this newspaper extends its congratulations to this year's high school and junior high school graduates and wishes them the best of luck.—CD.

Another kind of clean-up

Most of the time when we think of safety, our minds turn to the streets and highways or to careless handling of loaded firearms. But in the homes of most American families, including many in Post and Garza County, there is another hazard—the medicine chest.

The medicine chest is, more than likely, bulging by now with an all-winter accumulation of more or less deadly nostrums that, if taken in error by a curious child, or if deteriorated by age, could make someone a statistic.

In 1959 (the last year for which final figures are available), says the National Office of Vital Statistics, 1,661 persons poisoned themselves accidentally—and fatally. Of this number, 456 were infants and toddlers under five years of age! The Poison Control Branch, which tots up these grisly statistics, advises that while 1959 fatalities showed an increase over the previous year, the

general trend of accidental poisonings is slightly downward—which is encouraging, if only in a small degree.

But definitely, this background of involuntary suicide indicates the need, the importance and the urgency of the annual "Clean Up Your Medicine Chest" campaign now in progress with the active support of 95 per cent of the nation's druggists.

Right now, during Post's city-wide clean-up week, would be a good time to clean out that home medicine chest. See that every bottle and package is labeled and legible. Destroy all that are not by flushing contents down the drain. Do likewise with all drugs and prescriptions no longer needed or which are past expiration date, have changed color, become caked or gathered sediment. And, a mighty important thing to remember, is never throw discarded drugs where children—your own or others—can get at them.—CD

Camping opportunity is open

The Post Lions Club has not found anyone to sponsor at the Texas Lions Camp for Crippled Children, according to Lion John E. Carter, M.D., who heads the local club's camp committee.

The camp, which is located in the Texas hill country, five miles south of Kerrville, is for boys and girls age 7 through 16 who are crippled, blind, deaf or mute.

There is very little time left, as the first session opens June 5. Dr. Carter points out, anyone knowing of a child who might qualify for attendance at the camp is asked to contact Dr. Carter or any other member of the Lions Club.

The camp, which was constructed with contributions from the local club along with other clubs throughout the state, is set up to serve 720 boys and girls during the summer months. Six two-week camp sessions will be conducted with 120 boys and girls between the ages of 7 and 17 enrolled.

Batter up! — Little League time

The return of Spring and the end of the school term brings back a phenomenon of the American scene.

It's Little League baseball, and all its offshoots, younger and older. Here in Post that includes a Babe Ruth League, which is two steps above Little League.

Little League, which will be going into its sixth season in Post, within the past decade has harnessed the American small fry as effectively as the draft does an army, and a lot more enthusiastically.

Fathers and mothers and little ones, aged 3 through 12, are getting ready for the Little League

kickoff within the next few days.

The Little League program has become so important here that it is being suggested to some parents that they plan their vacations accordingly, so it won't interfere. It seems that it is awfully hard on a team when someone goes on vacation and takes a key player out.

Last summer, if our memory serves us rightly, there were more than 200 Post boys playing on Little League, Babe Ruth League and farm clubs.

And twice that number of proud parents watching from the sidelines.—CD.

What our contemporaries are saying

Another income tax time has come and gone. And millions of us feel a sad flatness in the pocketbook.

Once the income tax was a rich man's tax—people of small and moderate earnings paid little or nothing. But now, the long arm of the Internal Revenue Service reaches out to nearly everybody.

Here's the cold statistical story: Of the total federal tax, people who earn under \$3,000 a year pay 21 per cent. The \$3,000-\$10,000 group pays 29 per cent. The \$10,000-\$50,000 people pay 37 per cent. And the real big income group—\$50,000 and over—pays only 12 per cent.

This isn't because the rich are favored—income tax rates reach a top bracket of 91 per cent. It simply reflects the fact that there are not enough wealthy people to foot the bill for government—but there are millions of individuals in the modest income brackets. So, inevitably, the latter must pay the great bulk of government costs. And they, collectively, would gain most from reductions in non-essential governmental spending.—The Haskell Free Press.

An optimist can always see the bright side of the other fellow's misfortunes.—James Roberts in The Andrews County News.

A decade or so back, bicycle riding became the rage for many adults. Now, it seems as if many of our haughty ones are reviving the fad! At least it's becoming more and more common to hear the girls complaining of aches and bruised

muscles as a result of a spin or two around block. They tell me one thing you never forget, and that's how to ride a bicycle—but don't attempt the "no hands" procedure until you've had a little practice.—Berle in Denver City Press.

Watch manufacturers have met the changing times, the tempo of the people and the unified zeal to hoard any amount of energy. The new electric time-piece runs a year on one battery and eliminates the work of winding, or necessity of moving the wrist to create power in the self-winders. It is designed for the man who seeks complete relaxation.—Douglas Meador in Matador Tribune.

Allan Wallace says Alan Shepard's ride in that rocket must have been as thrilling as a go-cart race. It's a pretty fast way to travel. But even with today's high cost of gasoline, I imagine the expense involved will keep it from becoming popular. There are many cheaper ways of getting to the Bahamas.—Pat Bennett in The Crosbyton Review.

Splash! Splash! The college kids who turned Galveston's Splash Day into a mad house didn't prove anything except that they are sons and daughters of parents who were boys and girls once and cut up according to the means they had and the opportunities. A generation ago this 1961 set of hell raisers would have been principals in the harness cuttings and buggy wheel changing that often marked country singings in Texas.—The Floyd County Hesperian.

THURSDAY to THURSDAY

By CHARLES DIDWAY

THIS WEEKEND'S big events, stretching over through the real big one Monday night, will be the graduation exercises for the seniors and eighth grade students of the Post schools.

Of course, it would be hard to convince all the other youngsters that the graduation ceremonies are the BIGGEST events. Tops for them is the fact that the school year is ending. If you'll notice, the graduates are about the only students showing moments of sadness at the end of the school year.

THE MAN UP the street says the younger generation doesn't seem so bad—until you lose your membership in it.

Someone asked me the other day if I knew the names of the men whose portraits are used on current dollar notes. I had to confess that after I got past George Washington and the one dollar bill my memory sort of blurred, although I did recall having seen a five dollar bill recently and noted that Abraham Lincoln's picture was on it.

Well, my friend, who either has a photographic memory or is "in the money"—or maybe both—told me that Thomas Jefferson's picture is on the two dollar bill and that the others are as follows: \$10—Alexander Hamilton; \$20—Andrew Jackson; \$50—U. S. Grant; \$100—Benjamin Franklin; \$500—William S. McKelvey; \$1,000—Grover Cleveland; \$5,000—James Madison; \$10,000—Salmon P. Chase.

Maybe my friend robbed a bank. Anyhow, he aroused my suspicions when he not only told me that Salmon P. Chase is the man pictured on the \$10,000 bill, but then told me when I said I didn't know who Salmon P. Chase was, that he was an American statesman.

I'VE JUST READ that Australia is sending the United States 34 kangaroos. Now if we can just keep getting trades like that for the foreign aid we're putting out, we'll have it made.

Another friend of mine offers a solution for the bureaucratic mess we're in. He favors doing away with all the bureaus in Washington and replacing them with just five whose purposes would be:

- (1) To raise the wages of everyone who works.
- (2) To increase the pensions of those who do not work.
- (3) To raise the price of everything we sell.
- (4) To lower the price of everything we buy.
- (5) To raise the money to pay for it all.

THE COMANCHE Trail District, Boy Scouts of America, is losing its field executive, Bill McGlaun. Bill, who has done an excellent job in the Scouting program during the two years he has been in this district, has been transferred to the Wichita Falls Council. A surprise party for Bill and Mrs. McGlaun was given at Ralls Tuesday night of last week, with approximately 50 volunteer Scouters from throughout the district attending. Among them were Bob West and Dr. B. E. Young of Post.

This ties in with the above: A Scoutmaster, noticing that one of his Scouts was having difficulty on his first cook-out, asked if he had forgotten some essential equipment. "Yes," the boy replied, "my mother."

THREE OF THE handiest kids I ever saw was at Saturday night's Post Antelope Band banquet. They were Charlotte Taylor, who'd just been announced as this year's winner of the John Philip Sousa award, and Lena Haynie and Lenny Howell, who'd just been announced as the winners of try-outs for 1961-62 drum majors.

Parties: A little girl drew a picture of a man going into a saloon. When her mother rebuked her she explained, "Oh, it's all right. Mother, he's not going in there to drink anything. He's just going into the saloon to kill a man."

The mole chisel builds the nest, incubates the eggs and takes care of the young.

Portugal's textile trade will be on display at its 2nd Textile Fair in July.

Today's toy industry uses between 100 and 120 million pounds of plastic annually.

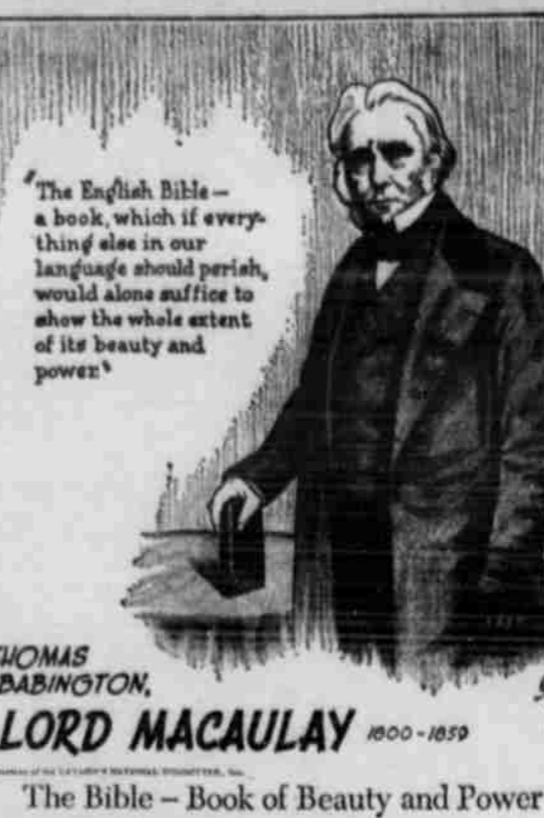

New Zealand hopes to develop its chilled meat sales to Hawaii and North American mainland points.

Texas' 57 refineries produced 778 million barrels of crude oil in 1959, an amount equal to 75 per cent of state crude production.

Nicaragua has imposed an import duty on insecticides.

One of the most famous of the old silver coins was the Roman denarius, which was worth about 17 cents in modern money.

Rural accident toll continues to mount

The Highway Patrol investigated 10 rural accidents in Garza County during the month of April, according to Sgt. E. L. Stroud, Highway Patrol supervisor of this area. These wrecks accounted for five persons injured and property damage of \$6,465. This brings the total for 1961 in this county to two killed, 12 injured and a property damage of \$30,175, the Highway Patrol report shows. Read the Classifieds.

Several store windows broken

Spur is rocked by sonic booms

SPUR—Sonic booms caused by jet planes flying over broke several windows out of downtown business places here May 5. The claims officer from Reese Air Force Base, a RAFB photographer and others from the base

have been in Spur investigating the damage. The RAFB group came here after being contacted by local insurance men.

Spur is on the training route of a B-58 Hustler bomber flight from Amarillo to Matagorda Island. The craft is of the type that can fly at supersonic speeds, frequently breaking the sound barrier.

The Air Force has released the following information concerning the sonic boom:

- (1) The sonic boom is not caused by "hot rod" pilots, but rather by dedicated professionals who must exceed the speed of sound, thereby generating a sonic boom, to carry out their assigned missions.
- (2) An aircraft need not be in a dive to generate a boom.
- (3) The sonic boom attaches to the aircraft at the moment the speed of sound is exceeded and is dragged along its flight path so long as it remains at such speed.
- (4) The sonic boom is capable of breaking windows and causing minor damage to plaster.
- (5) When damage is suffered the Air Force will investigate and make prompt and fair payment in cases where its aircraft are responsible.
- (6) The public must realize that the services cannot avoid creating sonic booms and still provide adequate defense of the nation.

HOW MUCH IS NEEDED TO QUALIFY?

District manager gives answer to Social Security credit question

"One question we hear a lot," says John G. Hutton, district Manager of the Lubbock Social Security Office "is how much social security credit is needed for people to qualify for old-age or survivors benefits?" Today, this newspaper offered Hutton the opportunity to give the answer.

Hutton not only gave us the answer, but it's news. The Social Security act was changed in 1960 and the amount of work covered by the program needed by workers now reaching or past retirement age, or who have died, is less than it was. Under the old law, the worker needed social security credit equal to one year of work for each two years after 1950 and before he died or reached retirement age.

THE NEW LAW, however, specifies that this worker now needs social security credit equal to only one year for each three years after 1950 and up to the year he reaches retirement age or dies. Under both the old and the new law, the social security credit needed can be earned anytime after 1936—no one needs credit for more than 10 years' work, and a minimum of a year and a half of work under social security is always required.

Because of the new law, many people who have had their claims for old-age or survivors benefits rejected because of lack of sufficient work credit, may now be eligible. For instance, all workers who reached retirement age (65 for men and 62 for women) before 1957 need credit for only 1½ years of work under social security to be eligible. Under the old law, only people who reached retirement age before July, 1954, could qualify with credit for only 1½ years of work.

Hutton urged people who have had an application for benefits turned down, or who have failed to apply or report because of insufficient social security credit, to get in touch again with the social security office. They may now be eligible for benefits.

Vet's Forum

Q. I'm a Spanish-American War veteran. Can I get dental treatment from the VA without being in a VA hospital?

A. Spanish - American War veterans may receive dental treatment through the VA outpatient program as needed.

Q. Is age a requirement for care in a VA domiciliary home?

A. If you are disabled, unable to follow a gainful occupation and financially unable to care for yourself, you would be entitled to domiciliary care.

Q. Can I find out through the Veterans Administration where my nephew was buried overseas?

A. No, your question should be directed to that branch of the armed forces in which your nephew served.

Q. How widespread throughout the United States is the direct GI home loan program administered by the VA?

A. VA is now making direct loans in 2,474 of the 3,072 counties in the United States and in parts of another 269 counties.

Mrs. A. R. Robinson was honoree for a house warming coffee last Thursday morning when Mmes. Billy Johnson, Stanley Sims and Sonny Hitt entertained. The Robinson family recently completed remodeling of their home, which burned shortly before Christmas. The serving table was laid in an orange lined cloth and centered with white roses. Twenty-five guests attended.

The Spencer Kuykendall family spent Mother's Day in Plainview with her parents, Mr. and Mrs. Seth Hatfield. Other guests were Mr. and Mrs. Gene Roberts and family of Spur, Mrs. Erby Pollard and family of Plainview, and Eddie Hatfield of Barber's Point, Hawaii. Eddie returned to Post with the Kuykendalls for a week's visit. He is connected with the Navy's special services and manages a bowling alley at Barber's Point.

Post High School Senior class colors of green and white were used in decorations for a buffet dinner at the Leo Acker home recently in honor of Jimmy Minor and Mike Cornell, graduating seniors. Toy dogs wearing caps and gowns and carrying diplomas were favors for the guests of honor.

Mrs. Exel Smith entertained with a coffee last Thursday afternoon at Levi's honoring her four daughters, who were visiting in Post for the first time in several years, giving them an opportunity to meet her Post friends. They were: Mrs. James Leo Herlihy of New York City, N. Y., Mrs. R. Allen Pinney of Greensboro, N.C., Mrs. Joe Landrum of Fluvanna, and Mrs. Dixon Miller of Columbus, Ohio. Other honor guests included Mrs. L. F. Beaver of Fluvanna and Miss Gwen Landrum of Fluvanna. Assisting Mrs. Smith with hospitality for the get-acquainted affair were Mmes. Cecil Smith, Mason Justice, James Minor, and Travis Gilmore. Twenty-five guests called.

The Woman's Culture Club closed out its club year last Wednesday with a luncheon at Fellowship Hall of the First Methodist Church. Jimmy Ferguson, who recently returned from overseas duty with the Army and a tour of Europe, was guest speaker. His topic was on "Architecture of European Cathedrals" and he showed color slides of cathedrals in the European countries. His mother, Mrs. A. A. Ferguson, was a guest at the luncheon.

Mrs. Billy Miller was remembered on Mother's Day Sunday with three leis sent to her from Hawaii by three Hawaiian youths. The Hawaiian boys were stationed in Roswell, N. M., with the U. S. Air Force while the Miller family were residents there and since returning to their native state of Hawaii haven't forgotten the Miller family's friendship. On Easter, they sent Mrs. Miller an orchid corsage.

Saturday bridal event honors Clark Cowdrey's bride-elect

The Southland school cafeteria was the scene Saturday night for a bridal shower honoring Miss Karen McGehee, daughter of Mr. and Mrs. Weldon McGehee. Miss McGehee is the bride-elect of Clark Cowdrey.

Decorations throughout the room carried out the bride-elect's chosen colors of yellow and white. The refreshment table was laid in white and centered with an arrangement of yellow roses. Lemonade and cookies were served.

Hostesses for the occasion were: Mmes. H. R. Dabbs, Leo Barker, J. H. Huddleston, Robert Lee Hagler, Claude Roper, Jay Oats, Dillard Dunn, Carl Payton, Wendell Saunders, and Jesse Ward.

The couple will be married June 2 in the Church of Christ.

Aircraft to be displayed at RAFB Saturday

LUBBOCK—At least 15 aircraft of the Army, Navy and Air Force will be on display at Reese Air Force Base for Armed Forces Day, Saturday, May 20, Col. L. C. Hess, base commander, said today. Other planes also may be on hand.

Scheduled for inspection by residents of the South Plains as military services unite in showing a portion of the nation's "Power for Peace", will be fighters, bombers, and other types of aerial equipment. The Civil Air Patrol and Reese Aero Club will, also, have planes on display.

Fighters to be shown will include the F-104, F-102, F-106, and F-86D, with possibly the F-106. The B-57 and B-47 bombers also will be on display along with a KC-135 refueling plane. An H-21 helicopter will be on hand for inspection and study.

The Army will show its L-19, L-20, and U-1A, and the Navy is to exhibit its S-2F from Corpus Christi and the F-9F from Chase. The T-29 flying classroom of the Air Force also will be shown, and possibly a T-38 trainer which is being added to the Air Training Command inventory and is scheduled to begin service at Reese next year.

In addition to the operating aircraft, several cutaways and mock-ups are booked for inspection by visitors. On display in a hangar will be a J-57 engine cutaway, a J-70 synthetic trainer, J-85 engine on a stand, and a J-47 cutaway.

All residents of the South Plains are invited to the Armed Forces Day open house from 9 a. m. to 5 p. m. on May 20. Numerous events, including a spectacular show featuring the internationally-known Thunderbirds, are planned.

Guantanamo Bay in Cuba is 172 miles long and reaches depths to 60 feet. The U. S. naval base there includes buildings and facilities worth \$76 million.

STORM of LIFE

"If only I could get out from under, get away from it all, find some island of peace..."

Like everybody else, we want to escape our problems and pressures. We are seeking calm away from the storm of life.

But we can't escape from life. We can't run away from the storm but we can find calm in the storm. When a hurricane sweeps across the countryside, its circling winds lashing out in destruction, there is always in the center, an area of quiet. In the eye of the storm there is calm.

Faith is not an escape, a running away into religion. It is finding the presence and adequacy of God to face life triumphantly. It is finding an inner center of peace while the winds blow outside.

The Church points the way to peace. It helps us to find the inner experience of faith.

"I have found my island... an island of peace in my heart. I have found calm... the calm of God in the storm of life..."

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Fly-overs of aircraft scheduled May 20-21

LUBBOCK—Many fly-overs of aircraft will mark observance of Armed Forces Day, May 20, on the South Plains. Air Force F-100, F-104 and F-102 fighter planes, C-130 carriers and T-33 and T-37 trainers used at Reese Air Force Base will participate.

A flight of eight F-100's will come in from Cannon AFB at Clovis, N. M. to arrive over Reese AFB and Lubbock at 9:30 a. m., going on to Abilene and Big Spring and returning over Lubbock and Reese at 10:30 a. m.

At 11 a. m. a flight of F-104's Holloman AFB, N. M. will pass over the base and Lubbock, going from north to south. At noon a flight of F-102's from Perrin AFB, Sherman, will fly over Lubbock from north to south. At 12:30 p. m. C-130 turbo-prop carrier planes from Dyess AFB at Abilene will pass over Reese AFB from north to south, then head toward Roswell, N. M.

Reese AFB jet trainer planes also will perform fly-overs. On May 18, T-37's are to make a fly-over at Hamilton, Tex., at 10 a. m., followed five minutes later by a

flight of T-33's. On May 20 the same aircraft will make a fly-over of Midland at 5 p. m. and 5:05 p. m.

Armed Forces Day the T-37 flights will go to Roswell, El Paso, and back over Artesia and Roswell, making the first appearance over Roswell at 3 p. m.

On May 20 a T-37 jet trainer will be on static display at the Hale County Airport at Plainview in observance of Armed Forces Day. A flight of nine T-37's will fly over Clovis, N. M., and Cannon AFB at 3 p. m. on May 21.

Workshop in school business services is set at Texas Tech

LUBBOCK—"Trends in School Business Management Today and Tomorrow" will be the theme of the 1961 School Business Services Workshop June 22-23 at Texas Tech.

Panels and discussions will include topics such as insurance, accounting, purchasing and public relations. Meetings will be held in the Tech Union building with an aim to improve school business service for the school district. Special guests will be Oscar Lanphar, business manager, Evanston, Ill.; Irby Carruth, superintendent of Austin schools and president elect of the American Assn. of School Business Officials of the United States and Canada; L. P. Sturgeon, Texas State Teachers Assn., and Morris Wallace, Texas Tech.

Our workshop is being sponsored by the Texas Assn. of School Business Officials, Texas Tech, West Texas Assn. of School Business Officials, Lubbock Independent School District, Lubbock County Schools, West Texas School Study Council, West Texas Audio-Visual Cooperative, Texas Tech's chapter of Phi Delta Kappa education honorary and School Equipment Exhibitors.

The Timid Soul

MR. MILQUETOAST RAN ACROSS AN ARTICLE STATING THAT WEARING RED ACTUALLY MAKES A MAN STRONG AND DYNAMIC

The Texian Editor's Frontier News Flashes

Department of Journalism & Graphic Arts University of Houston

May 15-21, 1861 INVASION RUMORED

The report of a Northern invasion brought out many thousand men in North Texas. The report was unfounded so far as yet appears. The U. S. troops at last account were retreating in some haste for Kansas.—Marshall Republican.

MINUTE MEN

The organized Minute Men of Navarro County numbers 359 men. They have 164 rifles, 138 shotguns, 68 revolvers, 890 pounds of powder, and 2,594 pounds of lead. They are organized for home protection and to send 100 men at an hour's notice to any part of Texas that may be invaded.—Weekly Telegraph, Houston.

EYE FOR AN EYE

There ought to be an end to the practice of releasing prisoners taken by the forces of the Confederate States. For every one of our men hung, one of the Northerners should also be swung up; and for everyone cast into prison, another should be served in the same way. It is a bloody and barbarous method of war; but the safety of our own friends requires that such reprisals be promptly made. It is only thus that we can preserve their lives when in the hands of such inhuman enemies.—Weekly Telegraph, Houston.

GALVESTON ITEM:

A man named James Manning committed suicide while laboring under a fit of delirium tremens, by drowning himself in the Bay on the morning of Friday last. The body was recovered the next day. The receipts of cotton at Galveston during the week ending Friday, the 17th, were 581 bales; the exports during the same time, 224 bales.—Weekly Telegraph, Houston.

TO PLANTERS

I am now prepared at my old stand at Plentitude, Anderson County, Texas, to furnish a large number of Gins and Mills at prices to SUIT THE TIMES. I have teams for delivering all work sold by me; a goodly number of workmen from

other states, I am now better prepared to do work to suit my customers than ever. Both Gins and Mills are warranted to perform well when properly handled. As to their performance I refer to the large numbers sold and operating in the State. Thankful for the liberal patronage heretofore extended, I solicit a continuation of the same. Terms all accounts due at the end of the year or thereabouts. JOHN BILLIPS.—Weekly Telegraph, Houston.

COURIER STILL KICKING

We are glad to see that the Hempstead Courier "still lives." It will not be discontinued as was announced last week. We trust it may live and flourish.—Weekly Telegraph, Houston.

NO MORE HOT FEET

Blistering, burning, soreness, and tenderness of the soles of the feet may almost invariably be prevented even when marching for days together and over a heated road by soaping the sole of the stockings—that is, covering it with a thin coating of the cheapest (sic) brown soap. This keeps the skin of the sole cool, hardens it, and prevents inflammation.—The Bellville Countryman.

IT'S A JOKE, SON

Why didn't they pay the Washinton Commissioners by the day? Because they did Piece work.—Weekly Telegraph, Houston.

Free polio shots

SPUR—The American Legion Post here will sponsor free polio shots for both children and adults at the Legion Hut here May 25. Two local doctors have offered to donate their time to administer the polio vaccine, which will be furnished at no charge by the Texas State Department of Health.

Post chiropractors to attend meeting

Dr. L. E. Andrews, Dr. C. J. Lewis Jr. and Dr. L. J. Morrison, all of Post, are planning to attend the 46th annual convention of the Texas State Chiropractic Association opening in San Antonio June 8, according to a news release from the Association headquarters in Austin.

More than 500 practitioners from all parts of the state are expected at the three-day meeting.

Among the highlights of the convention will be the selection of the "Posture Queen" of Texas for the year and the determination of the state-wide winner of an essay contest sponsored by the Association.

A portion of the convention program will be devoted to a series of refresher and post-graduate courses that will permit those attending to meet the requirements of a state law and qualifying for re-licensing.

Damage heavy in car-truck crash

No one was injured, but a car and truck were considerably damaged about 3:30 p. m. Monday when an automobile driven by Bryan Williams was hit on US-84, five miles northwest of Post, by a semi-trailer truck out of Temple. Williams was driving west across the highway and the truck was proceeding toward Post. According to investigating officers, who gave Williams a ticket for failure to yield the right of way, the Williams car stopped at the highway and then started across the highway when it was hit by the truck and knocked into a highway sign.

Ground-breaking near for new post office

While no definite time had been set late yesterday, a ground-breaking ceremony is scheduled for this weekend at the site of the new post office building, east of the new First National Bank.

Postmaster Harold Voss said a brief ceremony has been arranged for the ground-breaking.

Preliminary work at the site is already under way by the contractor, Manhattan Construction Co. Also to be built is a 50-foot front building between the bank building and the new post office.

Band awards--

(Continued from page 1) Dr. Carter said, "In band work you learn it yourself or you just don't get it. It's something you can't copy or borrow from somebody else."

Dr. Carter also discussed the various elements of band work and the psychology of music. "Almost without exception," he said, "band members come from the better class of students. To be a member of the band takes more desire than the average student has."

He reminded the students of the recognition they can gain for themselves and their band and said much of this recognition can come through their loyalty to the organization.

Mrs. Frankie Millican, the former Frankie Howell, received a special gift at the banquet. She was elected band sweetheart early in the school year, but has since moved to Odessa.

Judy Clary, vice president of the band, gave the invocation.

Special guests included Supt. and Mrs. R. T. Smith, Principal and Mrs. T. C. Clark, Mr. and Mrs. Charles Didway, Dr. Carter and Mrs. Meisch.

County schedules appraisal pact

The Garza County commissioners' court has contracted with Dan McNaughton of Plainview for an appraisal of right-of-way on U. S. Highway 84 from the top of the caprock north to the Lynn County line.

The appraisal job will cost the county \$2,000. It will be for the purpose of pricing right-of-way for the eventual four-lane widening of the highway from the top of the caprock to the county line.

McNaughton is senior member of the Plainview Society of Residential Appraisers.

Eve is injured in oil field accident

Joyce Teel, Post oil worker, is in the West Texas Hospital in Lubbock with an injury to his left eye following an accident on a drilling rig two miles south of Justiceburg about 4 a. m. last Friday.

The local man underwent an operation for removal of steel from the eye.

Pool opening--

(Continued from page 1) vandalism. The entire park area has been fertilized, Camp said.

Other park improvements planned for the near future include the installation of three additional picnic tables and six individual barbecue pits. Two rock-type drinking fountains will also be installed.

4 jurors seated in rape hearing

TAHOKA—Following a night session Wednesday, four jurors had been seated in the trial of a rape case here in 106th District Court.

The case is one in which Bennie Lee McIntyre, 18-year-old Negro, is charged with raping a young housewife in the Grassland community three weeks ago.

Late last night Judge Truett Smith said only 10 prospective jurors from an original venire of 83 remained.

Judge Smith has not indicated what action he will take in the event the venire list is exhausted and a jury not obtained.

The prosecution is qualifying prospective jurors on the question of the death penalty.

Scout Troop 16 wins top honor

Post Boy Scout Troop 16 has been confirmed as the "best all around troop" in the Comanche Trails District as a result of its showing in the district camporee on the English Ranch near Silver Falls in late April.

It is the third straight year that Troop 16 won the honors as the best of the district's 26 Scout troops.

The troop won first place in activities at the camporee. Two of its three patrols won first places and the other patrol a second place in scoutcraft.

Thirty-one of the troop's 34 members participated in the camporee. Bob West is the troop's scoutmaster.

World traveler Rotary speaker

Bernie Welch, who recently returned to Post from a year's trip around the world, told Rotarians at their Tuesday luncheon in City Hall of his interesting experiences hitch-hiking across southeastern Europe and into Asia en route from Germany to Bombay, India.

He said he stopped lots of people for rides with his apparel of a cowboy hat and boots. "Everybody in the world apparently knows what an American cowboy looks like," Bernie said.

In Ceylon, he visited a former teacher now on that island on an American Point 4 assignment.

He went by ship from India to Hong Kong and flew home from Formosa to the West Coast.

Welch had gone to Europe last summer with Andy Schmidt to see the Olympics, had studied the German language in Germany and then worked in Germany "where there is a labor shortage," before deciding to "go on around the world to get home."

Store planned at church site

Wallace Simpson has purchased the 80-foot front corner property in the 100 block North Broadway from the First Christian Church and announced this week he is planning to build a new food market on the site.

He is having workmen raze the church building, which was constructed in 1934. The educational building on the back of the property was not included in the sale and will be moved off.

FOR PIN POPPERS

The barbecue to be held Wednesday, May 31, at the City-County Park is for team members and their families and substitutes of the Post Pin Poppers Bowling League, and not for all bowling league members as erroneously reported last week.

Simpson also has leased the next 80 feet south of the corner purchase from Mrs. Etus D. Porter of Muleshoe for a parking lot for the new store. It formerly was occupied by Pat's Pontiac. Simpson said final plans for the store have not been completed.

TEXAS WILL HAVE A NEW U. S. SENATOR because:

Cash's big bat is helping Tigers go

First baseman Norm Cash's big bat continued to bang for the league as Detroit Tigers Monday night as the Bengals defeated Baltimore 5-3, after losing a doubleheader Sunday to the second place New York Yankees.

Cash drove in two runs in the win over Baltimore, one with a single and the other with a sacrifice fly.

The RBIs put him ahead of Mickey Mantle of the New York Yankees and second only to the Baltimore Orioles' Jim Gentile in that department. Cash is also among the top 10 hitters in the American league, according to Sunday's wire service major league averages.

Post area baseball fans saw Cash and the Tigers in action on television Saturday and Sunday in their series with the Yanks. Cash got one hit and walked four times in Saturday's game and two hits for five at-bats in the televised first game of Sunday's twin bill.

The May 17 issue of the Sporting News featured Cash in a Detroit Tiger report headed, "Bengals Building Big Nest Egg as Cash Registers Hot Bat Pace."

Generals capture Caprock League

The Generals finished on top in the Caprock Men's League, final standings released this week at the Post Bowling Center showed.

The other league teams finished as follows: Sank Bar, Caprock Chevrolet, Fire Department No. 1, TV-Appliance, Clinic Pharmacy, Dreyer Music Co., Hackberry Co-op Gin.

High team game of 1,132 was turned in by Caprock Chevrolet, which also had the high team series of 3,173.

High single game was by Pete Lancaster—293. Lancaster's 750 was also tops in high single series.

TEXAS WILL HAVE A NEW U. S. SENATOR because:

TEXANS WANT A STAKE IN THE FUTURE. John Tower, by virtue of his youth and dynamic personality has a brilliant political career before him. He is destined to lead Texas into a new chapter of political history. He has already been assured of important committee assignments in the United States Senate where his qualities of leadership and knowledge of government will bring him to the fore in short order.

TEXANS DO NOT WANT AN HONORARY SENATOR. Blakely himself has said: "I don't assume to have the qualifications of the office and I have no interest in a political life." He is presently on only two committees of the Senate and is the lowest ranking member of each.

10 teams ready for '61 season

Play in Post's Babe Ruth League will open under the new lights Saturday night, with Little League play to get under way Monday night.

Saturday's first game, with a 6 o'clock starting time, will be between the Cubs and the Braves. The second game will be between the defending champion White Sox and the Indians.

Monday night's Little League opener will be between the Dodgers and Westerners, with the Corvairs and the Tigers playing the second game.

Next Thursday night, Little League play will continue with games between the Westerners and Yankees and the Tigers and Red Sox.

Next Tuesday night, the Babe Ruth League will be back in action with the White Sox playing the Cubs and the Indians going against the Braves.

Following Saturday's openers, all Babe Ruth League games will be played on Tuesdays and Thursdays. Little League games will be Mondays, Thursdays and Saturdays.

Babe Ruth League teams, their sponsors and coaches are as follows:

- White Sox: Edwards Appliances, sponsor; Ben Howell, coach.
- Cubs: Whitey's Electric and Cockrum Printing, sponsors; Wayne Baldwin and Jimmy McElroy, coaches.
- Indians: Levi's Restaurant, sponsor; A. W. Bratcher Jr., coach.
- Braves: Garza Tire Co., sponsor; Joe Wilson and Rex King, coaches.
- Little League teams, sponsors and coaches are:
 - Dodgers: First National Bank; Bing Bingham, coach.
 - Yankees: Postex Mills, sponsor; J. B. Cole, coach.
 - Corvairs: Caprock Chevrolet & Oldsmobile, sponsor; Bill Cates, coach.
 - Westerners: Western Construction Co., sponsors; Auvy McBride, coach.
 - Tigers: Multiple Well Service, sponsor; Luke Bilberry, coach.
 - Red Sox: Brown Bros., Et Al, sponsor; Robbie King, coach.

Park improvements, including improved playing fields, lights and bleachers at the Babe Ruth League Park, and other improvements indicate that this will be the most successful youth baseball program ever held here.

For the first time the baseball program is being administered under a single organization—the Garza Youth Association—organized a few months ago.

New ticket plans on Tech schedule

LUBBOCK—"Better" tickets and an easier way to buy them are in store for Texas Tech football fans in 1961, according to Athletic Director Polk Robison.

Seats in the special option sections will be available on a season-to-season basis, and an installment payment plan is being instituted.

With season ticket orders a fan need pay only one-fourth down and the remainder in three equal payments—July 1, Aug. 1, and Sept. 1, explained Jimmie Wilson, business manager of athletics.

Tickets in the sections used for season tickets last year will again sell for \$24 (six games at \$4 each), and seats in the option areas for the regular price plus a surcharge.

That is, seats in the \$300 option area will be \$36, in the \$200 area \$30, and in the \$100 area \$27. (This does not apply to option holders.

who will pay the usual price.) The amount of the surcharge—12, \$3, and \$3, respectively—may be applied to the purchase of a regular stadium option.

Options are still available. The option holder has the privilege of renewing for 15 years, whereas the purchaser under the new program will be on a year-to-year basis.

Full details may be obtained by writing the Athletic Office, Texas Tech, Lubbock.

Remember us, is seniors' desire

Soon graduation will be here and the Seniors will be going their separate ways. Many of these beloved Seniors will not be seen again, but they would all like to be remembered. Here are some of the things the Seniors of '61 would like the underclassmen to remember them by.

Homer Carter — Sleeping Beauty.

Margie Casteel—A star Algebra II student.

Mike Cornell—A heartbreaker.

Gayle Dillard—The best shorthand taker Mrs. Fleming never had.

Wendell Duncan—A playboy.

Denice Eubank — The greatest chemistry student that Mr. Baxter ever had or ever will have.

Jane Francis—As being tall and being smart.

Martha Goode—For being honest and courteous.

Kay Gordon, Anne Morris, and Jane Maxey—The Three Stooges.

Emmer Jean Halford—Her ability to lose books.

Royce Hart—A faithful worker for the senior class.

Janene Haynie—The girl who finally made it.

Donnie Hays—As Hazel.

Ronnie Henderson—A woman a killer.

Billie Lou Hill—For her laugh.

Jimmy Hodges—A parking lot attendant on 14th Street.

Gary Howell—His attendance record.

Danny Jones and Patsy Thompson—"The Big Boppers".

Mary Lois Jones and Carla Nordman—Night owls.

Beth Kemp—Handwriting.

Linda Kuykendoll—Doesn't want to be remembered.

Jerry Ligon—A careful driver.

David McCampbell—Ambition to get out of school.

Kenneth McPadin—Soldier boy.

Greg Magallanes—A punk.

Carolyn Martin—Bright shining teeth with no cavities.

Jimmy Minor—Adolph Eichmann.

Elaine Mitchell—An industrious worker.

Carolyn Moore—A daydreamer.

Sharon Moore—A great mathematician.

Joel Morris—A real cool cat with sunglasses and all.

Robbie Nutt—Her last name.

Pat Odam—A mankiller.

Gloria Peoples—A bubble dancer by the name of "Bubbles".

Richard Ray—For always being late to Mrs. Fleming's class.

Peggy Ramsey—Nice disposition and friendly smile.

Gary Simpson and Kenith Smith—The Bobbsey Twins.

Kathy Stone—Little boy, because she always gets boy parts in plays.

Joe Bob Trammell—The best flunker-outer.

Kenneth Williams—As the star quarterback on the Post Antelope football team.

Ginny Young—A great chemist.

Curtis Ritchey—As being married.

Junior High's

Roving Reporter

At last the 7th graders are nearly free. History notebooks, special projects and book reports are all in!

All library books were due Monday, May 15.

Seventh grade TAB books came in. Everyone seems to have their head in a book.

The History projects in Mrs. Wristen's class all look interesting.

The 7-T science students were to draw ten illustrations or pictures of anything in the book for a final project.

A new couple around Post Junior High School is Belinda Lee and Donny Windham.

In Mrs. Florence's Language Arts class we are taking achievement tests. Ugh! Better study up, kids!

In Mrs. William's history class we are writing themes on "What America Means to Me?"

Linda Davis looked kinda bored because nothing would light up in her head.

In Coach Loyd's room we told jokes the last 10 minutes of the period.

Our school has started rebuilding, so we can't wait to see it next year!

Was Coach Loyd really a minute man of long ago?

Coach Loyd, was that typewriter really used in the civil war?

Phyllis Baker and Neta McGlaun must always have boys on their minds! Everytime you ask something they say, "Boys!"

Do Cheryl Pennell and Larry Johnson like each other? Seems as though they do!

Linda Hays, we hear you have a secret admirer! Who could it be?

Have You Heard??

Mrs. Scott would like to thank all of the kids connected with the radio program Saturday. The program was a big success. Mrs. Scott received many compliments for the fine job the students did on

High School Day.

Jane Francis, Jan Polk and Anne Morris have been at it again. Riding motor-scooters that is, downtown and all over the country. Jane Francis was the only casualty—a slightly burned leg.

All the Seniors really enjoyed the barbecue Friday night. We want to thank Mr. and Mrs. Davis, Mr. and Mrs. Luttrell and Charlotte, and Mrs. Cornell for the great time.

Gloria Peoples, Carolyn Moore, and Cheri Moore had a slumber party last Saturday night. Delwin Hodges, Don Harlan Pennell, and Jerry Morris were there long enough to demolish a stack of hamburgers.

Kenith Smith, what happened to you last Friday night on the Clairmont highway? Heads up!

Judy McCullough how come you and Gloria Peoples met at the ball park Sunday night? Kinda early for baseball isn't it?

Skirts, blouses modeled at tea

The third and fourth period home making girls had a tea Thursday. The clothing classes modeled their skirts and blouses, afterward the food classes served punch and cookies.

The blouses and skirts were of pastel colors—yellow, pink, green, orange, red and lavender. Some were checks, one was striped, some solids and the rest prints.

They are now covering belts to match their skirts and blouses. We would all like to thank Mrs. Camp and Mrs. Hill for all that they have taught us. I know we have all learned a lot this year.

BOOK REVIEW

"Dribble Up" is basketball tale

By Beverly Avant
"Dribble Up" was written by Curtis Bishop.

This book tells the story of Ed McCabe, a boy who was six feet ten inches tall. His friends made fun of him because he was so tall. His parents decided to send him to a military academy.

At the academy Ed was taught how to play basketball. After two years Ed went back to high school in his own hometown.

There are many exciting basketball games that Ed plays in. You can get this book in the Post Junior High Library.

Seniors sing swan song

Memories of dear ol' PHS

By Danny Jones, Billie Lou Hill, and Carolyn Moore

During the last four years we Seniors have many "Moments to Remember". I know we will never forget all these wonderful memories.

As we think back to our Freshman year we remember that good "Fish Party." This wild party was in the old gym and our sponsors, Mrs. Hill and Mr. Madison, together with the room mothers, planned some real swinging games for us. When we got there they grouped us into six groups, then we went from one game to another, playing all sorts of games and having lots of fun—plus the refreshments. Another highlight we will never forget is when we were working on our Christmas decorations to put in front of the school. We worked at Jimmy Minor's house and really did have a party all of the time. We had a time keeping all of the upper classmen away from our project, but they left enough decorations for us to come in ranking high—last place.

Also we will never forget that great Sophomore year. Remember that tacky party that we had in the Graham gym. Boy, everybody looked their worst and the games were fun. We had a blast eating all those hot dogs and judging the "Ugly Contest". Afterwards lots of the mean little Sophs got lit on chips. This year we weren't so lucky and got first place on our

Christmas decorations. We had another blast this year working on our decorations. We will never forget our old hay ride that Sophomore year. Boy we had fun, fun, fun pushing the trailers up the hill.

ADDING TO OUR collection of memories, our Junior year was the most fun yet. We had a blast decorating for our fabulous Junior and Senior Banquet. We made the decorations out at Beth Kemp's house and had a ball. Remember when we had to dig up a tree, paint it, and set it up in the cafeteria. Remember the horrible dragon that we all painted different colors and all the wonderful, wonderful fun we had putting up the decoration. I know not a one of us will ever forget all the wonderful, wonderful times we had this grand Junior year.

Now we are big Seniors of PHS and will soon be leaving this wonderful school which holds so many memories for us. This year as we think back we will always remember our Great Senior Day when we went to Mackenzie State Park in Lubbock. This day was packed with fun and mischievous doings of all the big Seniors acting like Freshmen.

Now we are about to graduate from old PHS and everyone is remembering all the memories that have come to them in the past four years. But "Nothing now is left but majestic memories."

Lincoln School's graduation plans being announced

There are six 8th grade graduates in Lincoln Elementary School. They are: Robert Lawrence Moreau, Rozella Greathouse, Carol Ann Hoyle, J. C. Demming, Frances Marie Johnson and Melvin Lee.

Robert Moreau is the valedictorian and Frances Marie Johnson is the salutatorian of the class.

The first commencement program will be held at 8 o'clock Friday evening, May 19. Baccalaureate services will be held at 3 o'clock Sunday afternoon, May 21. On Monday evening at 8 o'clock, the 8th grade will have its graduation program.

Everyone is cordially invited to attend each of these programs.

IN JUNIOR HIGH

Elisabeth Tubbs is valedictorian

By Carol Camp
Elisabeth Tubbs, this year's valedictorian at Post Junior High School, is the daughter of Dr. and Mrs. Harry A. Tubbs.

Elisabeth was born in Fredericksburg, Tex., Oct. 19, 1946. She has one brother, Charles.

She moved to Post July 1, 1952, and has been living here since. Some of her favorites are: Color, yellow; food, shishkabobs; sport, swimming; subject, English; TV show, Have Gun Will Travel; movie, Operation Petticoat; actor, Tony Curtis; actress, Elizabeth Taylor; magazine, Saturday Evening Post; hobby, cooking.

Lincoln's softball teams win games

The boys' softball team of Lincoln Elementary School has played two games with Tahoka and won both games.

The girls have played only one game this year, which was also with Tahoka, and the Lincoln girls won that game.

Book Menu

This week's Book Menu consists of some old-time favorites that everyone should read.

- Monday—Jack and Jill by Louisa M. Alcott.
- Tuesday—Peter Pan by J. M. Barrie.
- Wednesday—Robinson Crusoe by Daniel Defoe.
- Thursday—Johnny Tremain by Esther Forbes.
- Friday—Moby Dick by Herman Melville.
- Saturday—Penrod and Sam by Booth Tarkington.
- Sunday—Heidi by Johanna Spyri.

Vacation plans are varied

By Sharla Pierce
Some of the 7th grade people have told what they plan to do this summer—as follows:
Beverly Duncan: Visit my aunt and grandmother; play with Pamela and Marilyn and everybody; go swimming and go to the show.
Judy McCampbell: Nothing! But I'll be where the boys are!
Cherri Cummings: Visit my grandmother; go swimming and to the show and play with everybody.
Mary Barnes: Visit my grandmothers and aunt and uncles and camp.
Dixie Lucas: Going to see Disneyland in California.
Terry Power: Go swimming, ride horses, visit my cousins, go on vacations, and maybe go to camp.
Donnie Cornell: Work.
Mrs. Wristen: Graduation at Texas Tech for Master's Degree and then to Washington, D. C., with Mom and Dad—maybe.
Steve McDonald: No telling!
Dwayne McWhirt: Have fun at Dallas.

Boy Scout Camp Post looks for record season in 1961

On the basis of early reservations, a record season is being predicted by Camp Director Shelby Berry for Camp Post, operated by the South Plains Council, Boy Scouts of America.
Ben Kella, camp director for Tres Ritos, in New Mexico, is also predicting a record season on the basis of early reservations. This camp, too, is operated by the South Plains Council.

The camping program at Camp Post will open June 4 after a week's staff training period. The Tres Ritos program is scheduled to open June 11 also after a week's staff training period.
At 40-acre Camp Post here, and 20-acre Tres Ritos, plus a national park, there will be a four-weeks camping period for Boy Scouts 11 years and older at each camp. Many troops will camp under

their own leadership at a fee of \$14 each Scout per period. Scouts may register and deposit the \$14 fee with their Scoutmasters.

This summer it is estimated that 700 boys will enjoy camping at Camp Post and Tres Ritos. Last year there were 475 campers at the two camps.

Communities throughout America recognize the importance of providing camping facilities and programs. The nation has 829 local council conducted Scout camps. They represent an investment of over 80 and a half million dollars to provide camping facilities.

Camping plays a vital part in a Scout's training. Here is a Scouting setting with their own troop leadership boys grow in body, mind, and spirit. Camping provides adventure, Boys acquire new interests and skills, develop resourcefulness and become better prepared for the exciting years ahead.

In addition to the troop leaders who attend with their Scouts, the camp is in the capable care of experienced Scout leaders, including doctor, nurse, campercraft, Scoutcraft, and trained aquatic experts. There are 14 at Post and 11 at Tres Ritos on the resident staff. These men are responsible for assisting with troop leaders as the troop carries out its own program.

Religious services are planned and provided for Scouts of all faiths to enable them to fulfill their religious obligations.

The range of activity opportunities at Camp Post and Camp Tres Ritos are large enough to please almost everyone. There are nature trails and nature study opportunities, There's hiking, pioneering, riflery, archery, fishing, rowing, canoeing, swimming and lifesaving training.

Campfire programs bring out the best abilities of all campers to entertain, to learn new songs and stunts.

For camp training session

100 Scouters are coming to Post

Jim Harvey, council chairman of the Leadership Training Committee, announces an Outdoor Training Session for Scoutmasters to be held at Camp Post Saturday and Sunday. This outdoor training will include all of the Scouting skills.

Some 100 Scouters are expected to attend this session from over the 20 counties that make up the South Plains Council. A well trained, and competent staff of Scouters will train, and work with this group of men. Each of the six Scout Districts in the Council, will have a particular responsibility for the overall program. These Districts are: Haynes, Comanche Trails, Arrowhead, Longhorn, George White and Quanah Parker. The men will be organized into patrols, elect their own patrol leaders, do their own cooking, and camp outdoors.

There will also be an Outdoor Training Session for Junior Leaders, and an Explorer's Emergency Servicing Training and Rescue Methods Session, during this same weekend. Earl Hartwell Hamilton, will be in charge of the Junior Leader Training, and with the aid of the various branches of the military forces, the Explorer's Emergency Service Session will be

conducted. The swimming pool at Camp Post will be opened, and ready for that weekend, and the various other facilities of the camp will be available.

Including all three training sessions, some 250-300 boys and men are expected to converge on Camp Post, two weeks prior to the official opening of the Camp for the summer season, which is June 4.

Firemen burn off lot near school

Post volunteer firemen, who extinguished three grass fires last Thursday and Friday, set one of their own Monday night.

Firemen burned off a vacant lot south of the new high school building during Monday night's practice. The grass and weed-grown lot was a fire hazard. Fire Marshal Ralph Cockrell said.

At 8 p. m. Friday, two of the city's three fire trucks and 18 firemen put out a grass fire on highway right-of-way 10 miles south of Post.

The first of two grass fires last Thursday afternoon was at the highway loop, or "Y" just south of town, and the second was farther out on the Snyder highway.

Research Foundation extending its program into grasses and legumes

HALFWAY — The High Plains Research Foundation is extending

its private enterprise research program into the field of grasses and legumes. The board of trustees of the Foundation, realizing the need for additional grasses and legumes that could be used in farming and ranching throughout West Texas, recently approved the new research program.

This research endeavor is being initiated to develop improved varieties of grasses and legumes that would be adapted to both dryland and irrigated farming and ranching.

The Foundation has received international recognition through the cooperation of scientists from all over the world. These scientists have sent direct to Halfway not only the grasses and legumes but also many varieties of crops for the Foundation's research program. Included are: cotton, grain sorghum, soybeans, sesame, corn and peanuts.

SIXTY-SIX DIFFERENT crop and range grasses, and one-hundred and fourteen legumes have just been planted in the new research program. Some of the seed came from the Central Rainland Experiment Station in Anglo-Egyptian Sudan. Others from Amman, Jordan; Montpellier, Herault, France; Morocco; and Johannesburg, South Africa. Included also are grasses and legumes from throughout the United States.

"These new programs are a part of the search for new crops for the area," Dr. Earl H. Collister, chief agronomist, said when he announced that the grasses and legumes planting had taken place.

"Finding new grasses and legumes for West Texas is of interest not only to the livestock industry, but also to farmers searching for

We know you feel like it is time to let off steam. So have fun on this most important occasion. Good luck to every one of you.

THE COFFEE BREAK—AN AMERICAN TRADITION

Enjoying a good old cup of American coffee while visiting relatives here is Mrs. John Samson (right) of Forfar, Scotland. The visitor from Scotland was a guest here in the home of her sister-in-law, Mrs. George "Scotty" Samson (center) and Mr. Samson. At the left is Mrs. Estelle Samson, daughter-in-law of the Post couple.—(Staff Photo.)

Scottish visitor is impressed with Post

Mrs. John Samson said here last week that it isn't near as far now from her hometown of Forfar, Scotland, to the United States as it was when she first visited these shores more than 30 years ago in 1929.

The miles are still there, but jet plane travel has made them seem much shorter. That is the way Mrs. Samson traveled from Scotland to Idlewild Airport in New York City. It was her first jet plane ride.

Mrs. Samson is the wife of the youngest brother of George "Scotty" Samson, who has been a resident of Post since the town's early days, not long after he came here from his native Scotland.

Mrs. John Samson left last week for Lubbock after a visit in the home of her brother-in-law and his wife, Betsy, who is also a native of Scotland.

When Mrs. Samson visited the United States in 1929, she didn't get any farther west than Montclair, N. J., so this was her first visit to Post. She liked what she

saw and she likes the people. While here, Mrs. Samson went through the Post Cotton Mills—"from the front all the way through," as she described it.

"We have textile mills in Scotland, but they're nothing like the one here," she said. "Your mill," she went on, "does all the work from the product to the finished article, whereas ours are on a smaller and more specialized scale."

"What do we think of your new president, John F. Kennedy?" she said, in answer to a Dispatch reporter's question. "We think he is a fine young man."

"After all," she added with a twinkle in her eye, "there are just as many Kennedys in Scotland as there are in Ireland."

After a brief visit in Lubbock with another brother-in-law and family, Mrs. Samson was to go on to Portland, Ore., to visit relatives.

Livestock survey to be in June

Postmaster Harold Voss remind rural patrons of the post office here to be on the lookout for June livestock survey cards. Next week, mail carriers will leave survey cards. "It's important along their routes."

"USDA bases livestock and poultry estimates on replies to this survey," Voss explain. "It's important for everyone who gets a card to fill it out and return it to the carrier. This way, USDA gets a true sample of the area's livestock and poultry holdings."

Survey cards will be forwarded to Cary D. Palmer, state agricultural statistician in Austin. After adding and analyzing these cards USDA statisticians are able to estimate the State's milk production, calf and pig crops and the number of hens and pullets.

"Information from this survey will guide livestock and poultry producers in making important business decisions," the postmaster concludes.

Applications are being taken for highway patrol

The director of the Texas Department of Public Safety announced today applications for the next school for student patrolmen will be accepted through June 9.

Col. Homer Garrison Jr. said many openings will be available among the department's uniformed services, which include the Highway Patrol, License and Weight Service, Driver License Service and Motor Vehicle Inspection Service.

Prospective patrolmen must be between the ages of 21 and 35, have a high school education or the equivalent, be in good physical condition and of good moral character. They must be not less than five feet, eight inches nor more than six feet, four inches tall; and weigh not less than two pounds nor more than three pounds per inch of height.

Men who meet the basic qualifications on their applications will be permitted to take a written examination which will be held in several cities over the state June 13, 14 and 15, Garrison explained.

Accepted applications will be trained with pay at the DPS Law Enforcement Academy in Austin for 16 weeks and, upon graduation, will become commissioned patrolmen.

"Here is an opportunity for young Texans to seek career jobs with an organization widely known for dedicated service to the people of Texas," Garrison said. "It offers prestige and security as well as many personal benefits not found in ordinary jobs."

Men interested in applying can obtain full information by contacting DPS patrolmen in the field, inquiring at any DPS office, or by writing direct to the Texas Department of Public Safety headquarters in Austin.

SCHOOL INOCULATIONS

Summer is coming and the time is approaching when the mothers of pre-school children should be thinking about getting for their children the inoculations which are required for admission to the Post school system. These are diphtheria, whooping cough, lockjaw, polio and smallpox. Exactly how these should be scheduled will be the subject of a future article.

This week and for the next few weeks we will talk about each of these diseases and will wind up by giving schedules for how these inoculations should be given. You are encouraged to get started on these inoculations early and to always follow the advice of your family M. D. about just how they should be given since circumstances do alter cases!

Diphtheria is becoming less common since many people have been immunized, but there are still outbreaks of diphtheria where people neglect to have their children immunized. The disease is caused by a germ which grows in patches in the throat and other portions of the respiratory tract, as well as in other areas of the body. These germs produce a poison which causes nerve paralysis. Also the patches cause the formation of a false membrane which can cut off the breathing passages and may choke a person to death. When diphtheria grows in the voice box, an artificial opening frequently has to be made in the throat in order that the patient may breathe.

THE ORDINARY case of diphtheria starts with a gradual onset of sore throat, moderate fever and the person looks and acts sick.

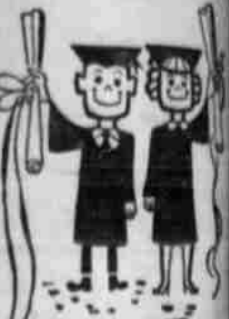

Besides the dangers from respiratory obstruction, and paralysis, the very treatment of diphtheria has some dangers because of the necessity of using diphtheria antitoxin which may produce serious reactions in sensitive individuals. It is better to prevent it by immunization.

Nevertheless anti-toxin is a life-saving measure and there should be no hesitation to accept treatment with it if the doctor feels that it is necessary. Other medicines are also used in the treatment of diphtheria. It is important to remember that diphtheria germs can be present even after the person is apparently well, and that person may become a carrier. Such people must be quarantined until it is safe for them to be about, as determined by cultures of the nose and throat.

The treatment of diphtheria these days should probably be carried out in an adequately equipped hospital where provisions are made for taking care of any complication which may arise.

The mere fact that someone has had diphtheria in the past is no guarantee that he is immune since 50 per cent of people who have had diphtheria are found to have a positive Schick test three months after recovery indicating insufficient resistance to diphtheria toxin. The hopes for getting well from diphtheria are good if anti-toxin is given during the first 36 hours. Deaths during the first 7 days are usually due to the diphtheria toxin and those in the second week are from the effect of the toxin upon the heart. Therefore it is very important that when someone has a sore throat with white or grayish patches on the tonsils or in the throat that the family M. D. see him immediately.
