Friday Homecoming Day At Post High School

JUNIOR BAND DRUM MAJOR, MAJORETTES—Marching at the head of the new Post Junior Band are Drum Major Sara Mills and Majorettes Carolyn Martin (left), Ruthell Martin (center), and Judy Clary. Parents of the youngsters are Mr. and Mrs. Ellis M. Mills, Mr. and Mrs. Eugene Martin (Carolyn's parents), Mr. and Mrs. Barney Martin and Mr. and Mrs. Alton Clary.—(Staff Photo).

Gridders To Play Tahoka

The Post Antelopes and the heavily-favored Tahoka Bulldogs will open their District 5-AA season Friday night at Antelope Stadium, with the kickoff scheduled for 8 o'clock.

The game will highlight a day of Homecoming activities for Post High School students and teachers and ex-students.

Seven members of the Antelope squad will be playing their last home game. The seven, who are scheduled to graduate next May, are: Junior Smith, center; Bowen Stephens, guard; Billy Meeks, tackle; Mack Terry, end; Darrel Ray Norman, halfback, and Don Gates, fullback.

Tahoka, with a much more impressive record than the one owned by the Antelopes, are favored to win Friday night's game, but Post grid fans, remembering what happened last year in the Slaton game at Homecoming, are hoping for an upset.

Coach Bill Haralson's Bulldogs lost to Littlefield, 28-13, in the first game, but came back to win over Denver City, 32-6; O'Donnell, 34-0, and Crane, 27-20, before losing to Seminole, 7-0. Last Friday night, the Bulldogs defeated Brownfield on the Cubs' gridiron, 26 to 20.

The only common opponent of the two teams thus far has been O'Donnell, defeated by Post, 33 to 6. This gives Tahoka a comparative score edge of seven points, since the Bulldogs downed O'Donnell, 34-0.

Operating from the split-T formation, the Tahoka offensive has been made especially effective this season by Quarterback Gordon Smith and running mates L. V. J. Melton and Jerry Williams. The big line is bolstered.

SCHOOL KINGS, QUEENS TO BE CROWNED

Hallowe'en Event Set For Oct. 30

The annual Hallowe'en carnival sponsored by the Post High School Parent-Teacher Association will be held at 6 p. m. Saturday, Oct. 30, at Antelope Stadium.

Coronation of the high school and grade school kings and queens, annually a feature of the carnival, will be held at 7:30 p. m. in the grade school auditorium.

This year's high school king and queen are Leonard Short and Donna Kay Kennedy and the grade school king and queen are Ray Crispin and Sherry Custer.

Crown bearers will be Curtis Hudman for the high school and Rickey Little for the grade school. Train bearers will be Polly O'Neal, Yvonne Moreland, Brenda Bilberry and Lynn Edwards, and flower girls, Betty Lou Ramsey, Lana Horton, Carol Camp and Marilyn Jones.

Princesses and escorts will be the following: 1A, Betty Sue Hutchins and Kenneth Cook; 1B, Paula Hedrick and Charles DeArmon; 1C, Dana Lushy and William Everett; 1D, Sheila Mitchell and Bonnie Bledsoe; 2A, Bobbie Nell Compton and Jackie Beavers; 2B, Betsy Shytlies and Wayne Pruitt; 2C, Wynana Windham and Joe Bob Blacklock; 2D, Gayla Johnson and Richard Vardiman;

3A, Marilyn Minor and Ronald Scott; 3B, Betty Jane Brown and Pat Cornell; 3C, Susie Schmidt and Bill DeWalt; 4A, Jan Herring and Buddy Moreland; 4B, Priscilla Osborne and Frankie Gary; 5A, Beverly Young and Bobby Beard; 5B, Ruthell Martin and Lee Williams; 6A, Rebecca Sue Perkins and Royce Hart; 6B, Beth Kemp and Coy Newberry; 6C, Kay Hedrick and Gary Simpson;

7A, Marce Dean Holland and Don Hopkins; 7B, Beverly Gilmore and Curtis Dwyer; 7C, Leah Willingham and Franklin Carter; 8th grade, Pat Gartman and Charles Morris; Freshmen, Charlene Baker and Larry Lishman; Sophomores, Leslie Nichols and Leon Davis; Juniors, Betty Sue Norman and Ted Tatum.

The carnival at the stadium will include the following booths: Fishing pond, first grade; country store, second grade; grab bag, third grade; confetti, fourth grade; popcorn, Boy Scouts; hat sale, fifth grade; rummage sale, sixth and seventh grades; fortune telling, eighth grade; house of horrors, freshmen; dart game, sophomores; drinks, juniors; food, seniors.

Group Plans Big Program

Lloyd Croslin, Lubbock attorney and a former school teacher here, will be principal speaker at the Post High School Ex-Students' Association Homecoming banquet at 5:30 p. m. Friday in the high school gymnasium.

V. L. Peel, president of the Ex-Students' Association, will preside at the banquet, which will be one of a number of activities during Friday's Homecoming celebration. The banquet program will also include music by the "Modernaires," Post High School orchestra, directed by W. B. (Bill) Parks.

Admission to the banquet, Peel said, will be upon payment of the association's \$1 annual membership fee. Ex-students, their husbands or wives, and former teachers are eligible for membership.

The Homecoming celebration will get under way at 3 p. m. with a Student Council-sponsored program in the high school auditorium. The program will include songs by the "Choral-teens," high school chorus, and music by the Modernaires. Following the program, a bonfire and pep rally will be staged by the Student Council at the gymnasium.

At a business meeting scheduled for 4 o'clock, new officers of the Ex-Students' Association will be elected. Present officers besides Peel are R. E. Josey, vice-president; Miss Pearl Craig, secretary, and Melvin Garner, treasurer.

To conclude the day's activities, exes will attend the District 5-AA football game at Antelope Stadium between the Post Antelopes and Tahoka Bulldogs. The exes will sit in a reserved section in the stands. Reserved seat tickets for this section will be on sale at the banquet.

Peel said that Post merchants are being requested to close early Friday afternoon in order to give employees who are ex-students time to participate in the Homecoming celebration.

Approximately 1,000 invitations to attend the Homecoming were mailed ex-students and former teachers, the president said.

Public Address System Is Purchased For Schools

A public address system for use by the Post school bands, other school groups and civic organizations has been purchased and will be used for the first time Friday night at the Post-Tahoka football game.

The bands will have charge of the new p. a. system, but it will be available to any others wishing to use it. W. B. (Bill) Parks, band director, said.

The sound equipment, which cost \$570, is of the latest type and is equipped for use indoors or outdoors. The outdoor equipment is of the all-weather type, and a permanent speaker has been installed at Antelope Stadium.

The equipment includes two amplifiers, one for battery hook-up and the other for A. C. hook-up, Parks said. The system also includes a microphone and stands.

Approximately \$400 has already been paid on the equipment, the band director said. Of this amount, the grade school contributed \$100 and the high school, \$200. The other \$100 has been paid by the bands, part of it with a \$50 contribution from Mr. and Mrs. M. J. Malouf, and the rest with funds raised by the band at its cold drink stand at last week's junior high football games.

Members of the junior band currently are selling magazine subscriptions and the money made from this project also will

Child Succumbs To Polio Attack; Rites Thursday

Joe Duane Baker, 17-month-old son of Mr. and Mrs. Robert J. (Bob) Baker of the Close City community, died of polio at 12:20 a. m. Wednesday in the Plainview Polio Clinic and Foundation, where he had been a patient since last Thursday night.

The child's brother, Charles Lyn, three years old, who is in the Plainview clinic with bulbar polio, was reported in "fair" condition Wednesday morning. He was admitted Friday.

The Baker child was Garza County's second polio fatality of 1954.

Funeral services will be conducted in the First Baptist Church at 3 o'clock this afternoon. Officiating will be the Rev. See **POLIO VICTIM, Page 8**

Grade Enrollment Hits New Record

Enrollment in the Post Grade School hit a new high mark for the year this week when 13 new pupils increased the total to 611, Ellis M. Mills, principal, reports.

High school enrollment Tuesday afternoon stood at 324, and enrollment in the Negro school still totaled approximately 30, with a sizeable increase expected after the peak of the cotton harvest.

Tuesday's 965 total for the three schools is the highest of the new school year thus far, with every indication that the 1,000 mark will be reached before completion of the new junior high school building at mid-term.

Work at the new building is described as being at the "painful" stage.

'Modernaires To Present Program

In answer to an ever-increasing number of requests for an "open to the public" performance, the "Modernaires," Post High School orchestra, will present a program at 7:30 p. m. Thursday, Oct. 28 in the school lunchroom.

It will be the first public appearance of the Modernaires, although they have played at meetings of the high school student body, Parent-Teacher Association, Rotary Club, and for visiting bands.

The affair will begin at 7 o'clock, with members of the Band Boosters Club serving free cake and coffee to all attending.

There will be no admission charge.

Bands To Benefit From Chili Supper

A chili supper for the benefit of the Post High School and junior bands will be held Friday evening in the school lunchroom, with serving to begin at 5:30 o'clock.

Price of plates will be 75 cents, with the menu to include chili, beans, pie and coffee or milk. Salad will be 15 cents extra.

The supper is being sponsored by the Band Boosters Club, with Mrs. B. E. Young in charge.

Grid Queen To Be Crowned At Game

Three candidates still are in the running for 1954 Football Queen, with the winner to be crowned at Friday night's Homecoming football game between Post and Tahoka.

The candidates are Joy McMahon, daughter of Mr. and Mrs. Bill McMahon, Sherry Taylor, daughter of Mr. and Mrs. Hubert Taylor, and Shirley Watson, daughter of Mr. and Mrs. Herbert Watson.

The final selection is to be made by members of the Antelope football squad. The two unsuccessful candidates will serve as the queen's attendants at Friday night's coronation.

Custer Resigns ASC Position

Mike E. Custer this week announced his resignation as Garza County office manager for the Agricultural Stabilization and Conservation Service.

The county ASC committee in accepting Custer's resignation, effective Oct. 31, announced that it is now receiving applications for the position. Application blanks may be obtained at the ASC office here.

Custer has been office manager since 1947, during which time the government agency was known as the Production Marketing Administration until several months ago when it became the ASC. He has been connected with this type of work since 1936.

Custer said he is resigning to accept other employment, but that he is not ready just now to announce definite plans for the future.

Correct Addresses For Directory Are Needed

Residents who have moved from one street address to another since information was compiled for the Post Lions Club's new city directory are asked to notify Victor Hudman, directory chairman, of their change in address.

Newcomers to the city also are requested to contact the directory chairman in order to be listed in the directory, which will be the first published here since 1947.

COUNTY-WIDE BOARD TO BE APPOINTED NEXT WEEK

Chest Plans Progressing

Four organizations, the Boy Scouts, Girl Scouts, USO and Salvation Army, have expressed a desire to include their annual fund raising campaigns in the Garza County Community Chest now being set up. Powell Shytlies, temporary chairman, reported, Wednesday.

Other groups who have been asked if they wish to participate are the Red Cross, March of Dimes, Cancer Crusade and Heart Fund.

Meanwhile, preliminary plans are continuing for organization of the Community Chest, Shytlies reported. The following representatives already have been named to the Chest board: American Legion, Bobby Pierce; Lions Club, Clifton Clark; Parent-Teacher Association, Mrs. S. E. Camp; Beta Sigma Phi, Miss Jane Stephenson; Volunteer Fire Department, Percy Parsons, and Ministerial Alliance, the Rev. Charles E. Gates.

Shytlies said it is hoped that all the groups contacted will have named their representative to the board by Monday. If they have not by that time, they will be contacted again by directors of the Chamber of Commerce, who are spearheading organization of the Chest.

The temporary chairman said a date for launching of the Chest campaign will be set following organization of the board. A tentative budget of \$7,500 has been set up.

POST JEWELER WANTED TO SEE WHAT HE WAS DOING

Invents Engraving Machine

Because he's a craftsman who believes in being able to see what he is doing, Reb. B. Dodson, Post jeweler, has patented an engraving machine which will facilitate the engraving of such articles of jewelry as watches, identification bracelets, cups, cigarette lighters, etc.

The machine was patented May 18, 1954, and Dodson this week received his letters patent from the U. S. Patent Office in Washington, D. C.

Dodson said he had been informed by patent office authorities that his machine is the first major improvement over the old jewelry engraving machine in almost half a century.

The Post jeweler, who worked on his invention for about three years, said he believes its main feature is that it enables the workman to see what he is doing.

To illustrate his point, Dodson pointed out an engraving machine which has been in use in his shop here for several years.

"My machine," he explained, "will move the article being engraved up closer to the copy and to the workman's eyes. A bad feature of the old machine was that sometimes the engraver couldn't see what he was doing."

One of the objects of the invention, according to the letters patent, is "to provide an engraving machine which will enable persons to accurately and easily engrave various articles with a great saving in cost and effort."

"A further object," the letters patent read, "is to provide an engraving machine which is extremely simple and inexpensive to manufacture."

The new machine can be used

By CHARLES DIDWAY

SECRETARY OF DEFENSE WILSON stirred up a political furor with his press conference statement that while he had "a lot of sympathy" for jobless workers, he "always liked bird dogs better than kennel-fed dogs."

THEN, LIKE SO MANY others of us do, Wilson made matters worse when he elaborated by saying: "The bird dogs like to go out and hunt for their food, but the kennel dogs just sit on their fanny and yell."

SINCE SECRETARY WILSON'S statement is getting thousands of inches of space in the press, we don't see why it wouldn't be all right here for us to use a few short inches to pay tribute to our late-departed dog, "Rusty," who must have been somewhere in between the bird dogs and kennel dogs Wilson was talking about.

RUSTY, WHO WAS ABOUT as much a part of our family as any pet can be a part of a family, evidently was struck and killed by an automobile early the morning of Oct. 9. We'd owned Rusty for more than ten years, but never knew how old he was when we got him. Measuring a dog's age by the same standard as a human's, we'd say Rusty was around 50 years old.

HE APPEARED TO BE going blind only a few hours before he wandered off and was struck by the automobile. The way we figured it, old Rusty, who had seen so much with his two good eyes, just couldn't face the possibility of going blind. He'd never wandered off like that before and he'd never been known to chase an automobile; motorcycles, yes, but automobiles, no.

WE MISS RUSTY MOST after a hard day up town. Many's the time we've gone home in the evening carrying a grudge only to have old Rusty make us forget it by coming to us with his tail wagging, without a grudge against anyone, not even the last dog with whom he'd fought.

WE NEVER KNEW of Rusty biting a human, although a door-to-door salesman once told the wife he'd just as soon be bitten as scared to death. Not that Rusty was a ferocious-looking dog, but he was a mighty capable-looking one.

THE ONLY OTHER TIME Rusty ever left home was the day the wife treated a battle wound on his left hind leg by pouring turpentine on it. The turpentine, as turpentine will, trickled to places where it wasn't needed and Rusty vomited. He finally returned, but from that time on in order to doctor Rusty with anything out of a bottle we had to slip up on him and grab him in a hurry.

THE TURPENTINE DEAL hurt the rest of us almost as much as it did Rusty, even if not in the same place, but the wife made up for it when she and the children and Rusty moved to Post from Levelland. It was on a hot day in June and the only way to bring Rusty was to load him in the car, a luxury to which he wasn't accustomed.

SO, IN ADDITION TO THE usual rest stops for the children, there were additional stops to let Rusty get out, stretch his creaking legs and cool off. The wife bore this added burden about as patiently as anyone can bear anything on moving day. She didn't even complain about Rusty drinking most of the water

Florida's Winter Climate Can't Be Beat, But State Lacks Industrial Possibilities

BABSON PARK, Mass. (Spl.) — Almost everyone—including boosters for California, Arizona, and New Mexico—will agree that the Florida winter climate cannot be beat. Up to the present time, however, readers have heard no praise of Florida's industrial possibilities.

Reasons Why Florida Lacks Industries
Any state which lacks industries usually lacks available jobs. This means that moving to Florida you had better arrange to have a check from a pension fund or from invested funds sent to you from the North each month. Don't go to Florida now without either money or a promised job. This may apply also to other states; but I know Florida, having spent thirty winters there.

The main reason Florida has lacked jobs is because it has lacked heavy industries. The main reason it has not held its own industrially is because of its lack of natural gas—absolutely essential for industries which require a large amount of heat. Only four of our forty-eight states are operating with this handicap.

Why Florida Lacks Natural Gas
The first answer to this question is because natural gas has not been found as yet in Florida. It will be found some day; but when, no one knows. The second answer is that the constantly increasing demand for natural gas by the Carolinas, Georgia, Alabama, and other states lessens Florida's chance for supply by pipelines.

The situation has become worse since the big pipelines have been extended to the industrial East. These new pipelines mean more gas used at higher prices. This discourages the building of big pipelines into and through Florida to take natural gas into the state from states bordering Florida on the north.

Florida May Have An Industrial Boom

WELCOME BACK, STUDENTS!

Welcome home, ex-students and teachers! Post High School and officers of the year-old Ex-Students' Association have planned an attractive homecoming program, which is to get under way at 3 o'clock Friday afternoon with a Student Council-sponsored program in the high school auditorium and not let up until either Post or Tahoka, preferably the latter, has bitten the dust in the football game at Antelope Stadium.

Friday will be a day for reviving old memories and renewing old acquaintances. School administrators have assured this newspaper that the welcome mat is out for ex-students and teachers who wish to visit the schools during the homecoming program.

It'll be a bigger homecoming celebration than was last year's, which was the first in the current series. Let's go all out to make it such a big one that we'll have trouble improving on it next year.

JUST PIECES OF PAPER . . .

Pieces of paper are one of the reasons why the cost of government has reached a statistical stratosphere. The paper in question consists of government records.

According to a Hoover Commission report, each year 9,800,000,000 pieces of paper are produced or accumulated by the federal government. Salaries and material costs for an estimated 485,000 clerical persons doing the producing and accumulating come to \$2,800,000,000. To house the records, some 3,000,000 filing cabinets would be required. And it is estimated that as many as 250,000 clerks may be engaged in classifying, filing and researching these current records at a cost of \$1,170,000,000.

The Commission has established a new Task Force to deal with the problem of reducing the volume of pieces of paper so created.

The point is that, when it comes to trying to cut down government waste and non-essentials, even seemingly small things can be almighty important in the aggregate.

I believe there is more satisfaction in patting a man on the back than in standing on his neck. I believe there is more fun in lifting a man up than holding him down. I believe happiness is bound up with helpfulness.—Jerome P. Fleishman.

As yesterday is history, and tomorrow may never come, I will try to do all the business I can honestly today, have all the fun I can reasonably, do all the good I can willingly, and save my digestion for thinking pleasantly.—Robert Louis Stevenson.

they'd brought along in the thermos jug.

RUSTY CAN'T, OF COURSE, be replaced, but it's so lonesome without him that already we're looking around for another dog.

FRIDAY IS HOMECOMING at Post High School, and here's hoping! Here's hoping that the Post Antelopes can pull an upset and defeat the Tahoka Bulldogs in the first District 5-AA clash of the season. They did it last year against Slaton, and the odds don't appear much higher this year.

THE BULLDOGS, AFTER A busy Friday night at Brownfield, where they almost had to fight their way out of town after beating the Cuba, 26 to 20, aren't likely to be in too playful a mood for the game here. It stacks up as one of the most interesting games of the season for Post fans. Then, too, it'll be the last home game—so let's all go see it.

Roger W. Babson Writes This Week:

Florida's Winter Climate Can't Be Beat, But State Lacks Industrial Possibilities

Morrison, a famous engineer of Lake Forest, Ill., supplemented by the work of the Florida Research Group, at Babson Park, Fla., I believe Florida will get a great supply of natural gas from Venezuela. This gas will be compressed at Venezuela—on the basis of 600 cubic feet of gas being made from one cubic foot of liquid gas.

Gas Will Be Shipped By Water
This liquefied gas will be shipped in barges. They will be towed singly or in pairs from Venezuela to Tampa. The barges will be used for storage of the gas while it is being vaporized. Remember, one cubic foot of liquid gas will make 600 cubic feet of natural gas. Florida may well have the cheapest natural gas of any state.

Already Mr. Morrison is making contracts for sale of this liquefied gas to the Stock Yards of Chicago, after towing it from New Orleans up the Mississippi River. Yet, Florida is 2,000 miles nearer Venezuela than is Chicago. Yes, Florida is headed for a great industrial development.

The Value Of Refrigeration
When the condensed liquid turns into gas, a tremendous amount of cold is produced. Mr. Morrison has selected the Chicago Yards as his first customer instead of many other nearer cities because of the Stock Yards' demand for refrigeration.

But, certainly, Florida needs refrigeration as well as natural gas! It is needed not only to freeze citrus juices and to preserve other products, but to "cool the entire state in summer." If natural gas is discovered in Florida, or piped in, such gas will give the needed heat, but not the needed refrigeration. Liquefied gas, however, will provide both warmth in winter and coolness in summer, together with the terrific heat needed for industry throughout the year. For further details contact any Florida Gas Company.

Getting Out On The Limb

by EDDIE the editor

SUDDEN THOUGHT: No two men are alike—and both of them probably are glad of it.

One thing about being old is that you don't feel your oats as much as you do your corns.

Summer's what you wait for all year to complain about when it arrives, and wonder where it went after it is gone.

HARLEY SADLER, whom thousands of West Texans looked on as a personal friend, died at 6:20 a. m. last Thursday in the hospital at Stamford, the town where he spent much of his boyhood.

Funeral services for the showman-senator-oilman were held at 10 o'clock Friday morning in Abilene's First Baptist Church, then at 4 o'clock Friday afternoon another group gathered for rites in the Cameron cemetery where he was buried beside the grave of his only daughter, Gloria.

Those two short paragraphs tell of the death and burial of Harley Sadler, but it would take a book—a big book—to tell his life's story and list the thousands of reasons why he is looked upon as a personal friend by thousands of people.

During the decades Harley traveled over the Southwest with his shows, he became a "citizen" of every town he played.

His approach to show business was what set him apart and gave him national recognition, as tops in that field. He never allowed any word or action on his stage that was off-color. He never had a show in competition with any service. He always set aside a percentage of his "take" for use by some local civic group.

I can remember that when he came to Post he always insisted on playing under the auspices of the American Legion or Fire Department, although he would have been as welcome as rain to have appeared under no one's auspices except his own. He believed as much in each community he played as if it had been his home town.

Harley and his cast always bought in the towns they played, attended church and civic clubs in the towns they were visiting. The showman and members of his casts have been welcome guests in many Post homes, including my own. That's why Harley's shows were in a class to themselves. Few other traveling tent shows have personnel who are treated as "home towners" in the places they visit.

HARLEY SADLER'S first visit to Post was in 1916 while he was an actor for the Roy C. Fox Company. I didn't become personally acquainted with Harley until several years later, but I've often heard him tell of his first visit to Post and the cyclone which paid the town a visit the same night.

The show tent was near the Algeria Hotel, and the twister hit while the actors were intent on their roles and while the audience's undivided attention was on the actors. Harley said he was playing the role of a villain, with his face painted red for the part.

The cyclone wrecked the tent, killing an infant and injuring several other persons. Harley recalled that he was blown to a spot near the Post Cotton Mill, southeast of the Algeria Hotel. After the wind had subsided, he saw a faint light, toward which he directed his steps. The light was at the hotel and when Harley stumbled through the door, a woman looked up, saw his gaunt, painted face and cried, "My goodness, look at that poor man's face! Do something for him!"

Harley organized his own company in 1919 with Glen Brunk as partner. In 1920 he bought out Brunk and Harley Sadler and His Own Company was in business.

He made and lost fortunes during the next two decades, but never lost that common touch which endeared him to all who knew him. Often he had several companies on the road.

World War II restrictions put his shows in storage. Harley turned to another type show business—war bond tours.

After the death in 1943 of Harley and Billie Sadler's only child, Gloria, Harley turned more and more to politics. Friends at Sweetwater, where the family lived for many years, got him to run for the Legislature. He held that post three terms, then made an unsuccessful bid for the Texas Senate.

Harley sold his show in 1947. In 1948 he and Billie moved to Abilene and in 1950 he was elected Taylor County's representative. When he announced for the Senate in 1952 he was unopposed. He drew a short, two-year term at the "lottery" necessary because of redistricting. He ran again this summer for a four-year term without opposition.

Paper Has Anniversary

Today is the News' fifty-first anniversary. The paper was founded by Otis and Inez Lilly, with the first issue coming off the press on Oct. 8, 1903.

Mr. and Mrs. Lilly operated The News for a few months and sold out to a man who published a few issues and abandoned the paper and "shirt full of type." Mr. and Mrs. H. C. Crie revived the paper in 1906 after the town had been without a publication for about a year. The Cries sold to James L. Dow, owner of the Lubbock Avalanche, who placed R. B. Haynes, now of Miami, in charge, and Mr. Haynes in a short time bought the business from Mr. Dow. Haynes sold to the present publishers in October, 1923. —The Lynn County News.

Can't Tell By Smell

We've been rather secretive about this new pipe smoking fad that has been news in other papers, but now that it has come to Brownfield, we might as well admit that it is here fellows—you've just got to face the fact that the odor of a pipe that there's a man around . . . it might be a woman!

Somebody might have beat them to it, but the Sheriff's posse girls who went to the New Mexico State Fair in Albuquerque brought back pipes with them. The only good thing we can say about it is that if someone accuses you falsely because your lipstick is smeared, the answer now is "yes, I know—I've been smoking my pipe." —The Brownfield News.

Like Siamese Twins

If there are those here in this community who would like to see our sister city of Plains just linger and then maybe die, they won't have to do anything about it. The two factions up there will do the job for themselves.

We are quite sure that there are none such in the Denver herd as "Toby," the country bumpkin character he played in his tent shows than he did in being recognized as a state representative or state senator.

Harley Sadler gave the best years of his life to show business, and got out of show business the best time of his life. West Texas and all its people is better off from having known for over a period of forty years such a man as Harley Sadler.

Everybody Makes 'Em

Sometimes it makes one feel good to learn of mistakes of others. I guess it is just perverse nature. Or rather it might be that it assures you that you don't make all the mistakes. I understand that the last batch of asphalt paving material needed to complete the Highway 380 resurfacing project was misshipped from Hondo, or from that area, to Victoria.—Stamford American.

Mother Goose In Texas

By RAY WOOD

Where are you going, my pretty maid? I'm going a-milking, sir," she said. "May I go with you, my pretty maid? "You may if you'd like to, sir," she said.

Older books of the classic Mother Goose rhymes contained the stanza given above, often with several additional verses. It is not so often found in the more recent children's books.

Undoubtedly old enough to have been brought in memory to this country by early colonists, it probably inspired the following version of "My Pretty Little Pink," a theme which of itself has many variants.

Where are you going, my pretty little pink? Where are you going, my honey? Where are you going my pretty little pink? "I'm going to town for my mommy."

We hope readers who may recall this will send us their versions. Another verse is:

How old are you, my pretty little pink? How old are you, my honey? How old are you, my pretty little pink? "I'll be fifteen next Monday."

Next Week: More about "critters." Variants of these or similar rhymes will be recorded in the permanent collection of Mother Goose in Texas, if sent to Ray Wood, Raywood, Texas. Copyright 1954, by Ray Wood.

LETTERS To The EDITOR

Dear Editor: I am sending you a clipping I found in the Ponca City News to let you see what the Oklahoma people think of us Texans.

These Here Texans You take them fool Texans, they'll do anything for a laugh—to hear them the way they tell it.

Then over last weekend, another one—Texan we mean—got in his one-engine airplane up in Canada, which is a long way from Texas in the first place.

That sort of goings on will give the rest of us in the United States a bad name. Folks everywhere will begin saying, "Where did you say you was from—oh, Alabama?"

And not just Alabama, they'll be saying that kind of a thing to anybody—Georgians, Tennesseans, just anybody that ain't from Texas.

We saw a Texas car on our downtown streets the other day, and in it was some suits and boxes and stuff like that.

4-H Achievement Plans Are Made

Plans for the annual 4-H Achievement Night program were discussed at a recent meeting of the Garza County 4-H Council in the district courtroom.

The Achievement Night program, at which approximately 30 county 4-H Club youths will receive local, state and national awards, will be held on or about Nov. 13.

Oneita Jones, council chairman, presided at Monday's meeting. Adult leaders attending were Mrs. Hardy Smith, Mrs. Barney Jones and Mrs. E. E. Peel.

"STATESMEN" MEET CHARLOTTESVILLE, Va. — Many tourists visit this city, famed as the home of Thomas Jefferson and often visited by the United States' chief justice.

Well, maybe the other states ought to band together and start a Society for the Suppression of Texas Talk and Doins, something like that.

Dear Mrs. Yarbrow: Thanks for your letter and the clipping, but I'm afraid that we can't put all the blame on the Okies in this case.

The largest ball-stone ever measured in the USA weighed 1 1/2 pounds, was 17 inches in circumference and almost 5 1/2 inches in diameter.

Poll Tax Receipt Total Up To 114

One hundred and fourteen poll tax receipts had been issued in Garza County up to noon Tuesday, it was reported at the tax assessor-collector's office.

Qualified voters are now voting on a 1953 poll tax receipt, and next year they will vote on a 1954 receipt—the ones being issued now.

Those who were 22 years of age and under 60 years of age last Jan. 1 must pay a poll tax (\$1.75) in order to become a qualified voter in 1953.

Those becoming 22 years of age since Jan. 1, 1954, may obtain a poll tax exemption receipt upon making application at the tax office.

Also exempted from paying a poll tax in order to vote are those who were 60 years of age or older on Jan. 1, 1954. Neither is it necessary in this county for them to obtain an exemption receipt.

Girl Scouts Honor Guests At Cookout

Job Is Open For Census Taker

Applications for employment as enumerators for the 1954 Census of Agriculture in Garza County are being accepted. It was announced this week by Field Supervisor Charles L. Joyner.

Persons interested should notify Ira E. Gattis at 1729 South 1st St., Tahoka, who is serving as crew leader for this area. Application forms can be obtained also from the agriculture census field office at Amarillo.

Applicants for enumerator's jobs must be citizens of the United States, have a high school education or furnish evidence of comparable experience, be in good physical health and of excellent character and be between the ages of 18 to 65. They must have sufficient financial resources to sustain themselves for approximately four or five weeks from the date of appointment until they receive their first salary check. Applicants with veteran preference who meet all requirements will be given priority over non-veteran applicants.

Enumerator job applicants must be licensed to operate and must provide a privately owned automobile in good condition. Pay rates will provide for the cost of operating cars on official Census business.

ASSEMBLY PROGRAMS
David Mylan, make-up artist, will be presented at the Post High School and grade school Tuesday in another of the series of Southern School Assemblies. The high school program will be in the morning and the grade school program in the afternoon, spending the week with their parents and grandparents, the H. D. Gartmanns, at Garnolia.

Kindergarten Has Achievement Day Tuesday At Boyd's

Pupils of Mrs. Sherrill Boyd concluded their first six weeks class in private kindergarten lessons with an achievement program Tuesday morning at the home of the teacher. Guests were relatives and close friends of the children.

The program included a child's prayer by the class; dramatization of "The Three Pigs," the class; group singing of "My Country 'Tis of Thee," "The Little Shoemaker" and "Teddy Bear's Picnic," directed by Mrs. Tom Power; a rhythm band number, "Blacksmith Blues," led by Jim Power, with an interpretative dance by Brenda Ward; reading and writing, Terry Power and Robert Boccia; and blackboard picture and numbers exhibition, Bill Brown, Sherry Woods and Don Boyd.

Also blackboard numbers exhibition, Brenda; identification of lines and shapes, Sherry, Sandra Herring and Jim; phonics and rhymes drill, class; addition and subtraction, Terry, Robert, Bill and Don; shoe tying contest, Bill and Brenda; bean bag tossing exhibit by the class champion Sandra, and general farm information drill, class. On display was a table model farm with five buildings, equipment, fields, animals, etc., made by the children. The group went to the J. E. Birdwell ranch yesterday and completed their study of farm and ranch life.

Mrs. Tom Power, Mrs. J. N. Power and Mrs. Wayne Brown assisted in serving refreshments to the group Tuesday.

The Rev. Roy Shahan, First Baptist pastor, announces that the First Baptist and Calvary Baptist Churches will cooperate in a religious census in Post beginning Sunday. "We feel that a number of new families have moved to Post in the past few months and that the best means of locating people for enlistment in the religious life of the community is through a religious census. These churches are asking the cooperation of everyone in giving the full desired information, as the workers make a house-to-house visit beginning at 1 p. m. Sunday. This will be greatly appreciated. All information secured that pertains to the other Christian denominations will be given the respective groups," Rev. Shahan said.

There will be a congregational meeting at the Presbyterian Church Sunday morning. All members are urged to be present, the Rev. Gerald Blackburn, pastor, announced.

Time of meeting has been changed for the Sunday night services, the Rev. Cecil Stowe, pastor, announces. N. Y. P. S. and Juniors will meet at 6:15 o'clock and the preaching service will begin at 7 o'clock. "We have adopted the light system on our attendance record board, to show the progress of the classes and all are enthusiastically working on it," Rev. Stowe said.

A contest is now under way in the Methodist Sunday School at Grassland. A spokesman for the group said "those of you who are not in Sunday School elsewhere, you are invited to visit us and participate in the contest."

The annual ministers convention of the Church of God of Prophecy will convene here Oct. 21-23 with the Rev. T. J. Lowe, state overseer, in charge. L. S. Rhodes and C. R. Payne, representatives from headquarters in Cleveland, Tenn., will be here as will Edna Rye, National Sunday School Secretary. The convention will get under way at 7:15 p. m. Thursday and will close at 9 p. m. Saturday. The Rev. J. F. Chatham is the local pastor. Special music will be a feature of the meeting and the public is invited to attend.

Calvary Baptist W.M.U. met Monday night for Bible study at Mrs. Lula Baker's. Mrs. Mae Payne of Wichita Falls conducted the study, which was followed by a social hour. Refreshments of cake and coffee were served to 13.

Lubbock Baptist Association Worker's Conference will be held at Southeast Baptist Church in Lubbock Tuesday. J. Wayland Edwards is host pastor. Several from the local churches will attend.

Calvary Baptist Junior Training Union department members enjoyed a wienie roast back of the church Tuesday night. About 50 attended. The other classes of the church were hosts for the party as the juniors were winners in a contest held recently.

Rev. Shahan reports: "Attendance in the nursery, beginner and primary departments was below normal last Lord's Day. This no doubt, was because two of the children who attend regularly had been taken to the polio center in Plainview. The departments where these children attended have been thoroughly disinfected and so far as is known the children did not attend any services after they became ill. Every precaution is made to keep these departments sanitary in every way. Our Sunday morning subject will be "The Perils of a Backward Look" (Numbers 14:1-11). Your presence is always appreciated in these services."

Girl Scout Troop One Elects New Officers

Girl Scout Troop One met at the little house Oct. 11 at 7:15 p. m. and elected the following officers: Lucy Trammell, president; Frances Dietrich, vice-president; Patricia Crowley, secretary, and Mary Bowen, treasurer. Those present were Lucy, Frances, Patricia, Mary, Mrs. James Dietrich and Mrs. Phil Trammell.

25 guests. Cohostesses were Mrs. Lyda Odum, Mrs. Lonnie Carlton, Mrs. Jim Hays and Mrs. W. C. Kiker.

Telephone Company Employees Attend Party Friday Night

General Telephone Co. employees, their families and guests enjoyed a dinner party Friday night at the city hall. Recorded musical selections were played throughout the evening. The dinner, which was served buffet style, consisted of fried chicken, potato salad, congealed salad, ranch style beans, cookies, iced tea and coffee.

Attending were Mr. and Mrs. David Midkiff and Davey, Mr. and Mrs. Gilbert Blodgett, Mr. and Mrs. Paul Duren, Jr., Mr. and Mrs. Billy Greene, Mr. and Mrs. Glenn Hill, Mr. and Mrs. Russell Orr and Russell Glenn, Mrs. Juanita Burress, Mrs. Anne Leake, Mrs. Faye Buck, Mrs. W. Bennett Home Is Scene Of Party For Mrs. R. Self

Mrs. Ross Self, who before her recent marriage was Miss Wanda Hawkins, was complimented at an informal party and show-er Friday evening from 7 until 9 o'clock, in the home of Mrs. William Ralph Bennett, Mrs. O. V. McMahon was cohostess.

The honoree wore a light beige knit suit with brown accessories and a white corsage.

Twenty guests were received during the calling hours. Refreshments were served from a table laid with white linen and centered with red roses and ferns.

Mrs. J. Walker Is Feted At Shower

Mrs. Loyd Baugh and Mrs. A. V. McCowan of Justiceburg entertained last Tuesday afternoon honoring Mrs. Jack Walker. A shower of layette gifts was presented to the honoree and refreshments of cake and Cokes were served.

Those who attended or sent gifts were Mrs. Dick Simpson and Mrs. J. O. Walker of O'Donnell, Mrs. J. W. Sorority Has Rush Party Monday Evening At Mrs. James Minor's

The fall rushing season for Mu Alpha Chapter of Beta Sigma Phi Sorority was begun Monday evening with a dinner party in the game room at the home of Mrs. James Minor. All chapter members and six rushees were present.

Near the entrance was a large table centered with yellow roses, the sorority flower, with the black and gold Beta Sigma Phi emblem in the background. The linen covered foursome tables had yellow rose centerpieces and gold crested place cards.

The menu consisted of chicken spaghetti, tossed salad, pickles, olives, garlic bread, pie with whipped cream and coffee.

Following the meal, games were enjoyed with prizes for high and low score going to Mrs. Gertrude Ward and Mrs. Boo Olson, respectively.

Rushees attending were Mrs. Ward, Mrs. Olson, Miss Katharine Stryker, Mrs. Mary Lee Wristen, Mrs. C. W. Willingham and Mrs. Arnold Parrish.

Members present were Mrs. Minor, Miss Jane Stephenson, Mrs. Jimmy Hundley, Mrs. Jess Cornell, Mrs. Vernon Ray, Mrs. Bing Bingham, Mrs. Gerald Blackburn, Miss Maxine Durrett, Mrs. Wagoner Johnson, Mrs. Wallace Simpson, Mrs. Max Gordon, Mrs. Charles Propst, Mrs. Burney Francis and Miss Ganel Babb.

Mr. and Mrs. Dwight Kinard of Memphis, Tex., announce the arrival of a son, Kelley Graham, at 11:30 a. m. Oct. 15, in Odum Hospital in Memphis. He weighed seven pounds and three ounces. Mrs. Kinard is the former Miss Mary Margaret Graham, daughter of Mr. and Mrs. Oscar Graham. Kelley's paternal grandparents are Mr. and Mrs. D. L. C. Kinard of Memphis.

Needlecraft Club To Meet Tomorrow

Mrs. R. M. Hendricks will be hostess for a meeting of the Needlecraft Club in her home tomorrow afternoon.

The group met recently at Mrs. J. R. Durrett's. Visiting, sewing and refreshments of apple pie with whipped cream and coffee were enjoyed by the group.

Attending were Mrs. T. R. Greenfield, Mrs. J. C. Caylor, Mrs. R. F. Evans, Mrs. F. A. Gilley, Mrs. T. L. Jones, Mrs. Hendricks, Mrs. Max Gordon, Mrs. Ida Robinson, Mrs. R. J. Jennings, Mrs. Lee Bowen, Mrs. Lewis Herron, Mrs. Pat Walker, Mrs. E. F. Schmidt and Ken and Kay Herron.

HUMBLE BITS

Howdy Folks: If a man put a hundred dollars in a savings bank 20 years ago it would amount to over \$200 now, and he could buy almost as much for it now as he could have for the original hundred dollars at the time he began to save.

However, we don't mean to discourage any one from saving. You should save a little each week—at least enough for bus fare and lunches.

Every now and then we think we are organized to make ends meet and then some one goes and moves the ends.

Now days, the successful man is the one who can earn more than his wife can spend.

When the government gets the budget balanced, the citizen has to budget the balance, which probably one reason why you don't have to worry about meeting the high cost of living—it overtakes you.

Of course there is one item left that saves you money and that's our NAPTHA.

Post Students' First Place Essays Point Up Value Of Fire Prevention

Winners were announced last week in the annual essay contest among eighth grade and high school students during Fire Prevention Week.

Patsy Rountree was first place winner in high school, and Frances Barron won first place among the eighth grade students competing.

Following are the two winning essays:

YOUR HELP IS NEEDED By Patsy Rountree

My job is to produce fire. I am very useful and needy if I'm used in the right way. But you see, some people are careless and thoughtless.

I've been to many fires, my fires. I've seen them started, seen the damage and destruction fire causes. Many people become homeless and poverty stricken and many lose their loved ones in these disasters.

I recall once when I was thrown from a car window and landed on stalks of dry grass and weeds. My flames rose higher and higher and spread far out over a forest of trees and beautiful wild life. I burned the trees and flowers, and all of the plant life, leaving nothing but a trail of ashes behind me. A cabin came into sight and because the course of wind wouldn't charge, it too burned to ashes, scattering the inhabitants of the cabin everywhere. I frightened and even killed some of the helpless animals.

Finally, after a long journey, the firefighters of that vicinity came and calmed me down. Now I could travel no more. But the damage I had already done was great, for you see I am a match.

Now "Fire Prevention Week" is here, but people everywhere are still careless. Let's remind everyone and observe what this week stands for. Be careful in your every day chores and tasks. Make sure the matches and cigarettes you throw away are out. See that your home is not a fire hazard and that you are not a firebug. So many fires could have been prevented but were not.

Your help in the prevention of fire this National Week and every week is greatly needed. Your fire prevention is what counts.

THE LUMBER FIRE By Frances Barron

I got my start on a hot summer day when some men came in to load posts. The lumber yard worker who helped with the

loading threw his cigarette away without bothering to put it out. I landed on some wood shavings, this was all I wanted. When the man left I greedily started consuming the shavings which enlarged my size greatly.

When I was finished with the shavings, I jumped to some cedar bark and found myself in a pile of cedar post.

From there I went to the contents of the entire lumber yard. With the help of the wind I crossed the street to another lumber yard. I made short work of this and started on the next-door drug store.

I burned out all the west side of the block and started to jump across the street, but I was too weak. I worked harder, but was finally brought under control and then extinguished.

Now all that is left is the memory and lesson that the worker learned. From now on he will always be careful with his cigarettes no matter how busy he is.

'Francis Joins Wacs' Is Hilarious Comedy

"Francis Joins the Wacs" joins some of the screen's most hilarious experiences by being a comedy that starts out with a basically funny situation and never lets anyone or anything get in the way of that situation. As a result, this latest of the Talking Mule's fabulous adventures will send audiences into loud convulsions of laughter at the Tower Theatre Sunday and Monday.

Just the notion of Donald O'Connor, again cast as hapless Peter Stirling, being assigned to the ladies' army through the miscalculations of the Army's electronic classifier is enough to

start the belly laughs rumbling. And everything that happens lives up to these extravagant expectations.

Donald alternately gets fouled up or has a field day with such Wacs as Major Lynn Bari, Captain Julia Adams and Private Mamie Van Doren. And when Francis (hearing of Donald's plight and offering himself as a medical corps guinea pig) injects himself into the picture Donald again does double-time between his barracks and the psychiatrist—who still refuses to believe in talking mules.

The United States ranks fourth in world population with 160 million people.

Cokesbury's, in Dallas, is the biggest book store in the nation.

From where I sit... by Joe Marshall

Smitty's Not-So-Silent Partner

Dropped into Smitty's gas station last week and met his new partner who turned out to be a real talker.

"What'll it be?" asked Smitty. Before I had a chance to answer I heard a strange voice "Fill her up! Fill her up!" And there was Smitty's partner—one of those parakeets perched next to the gas pump.

"Took me a month," Smitty said, "but I finally taught him to say those magic words. It's sure paid off—he's had a good influence on my customers."

From where I sit, Smitty's bird may be good for business—and when people act like parakeets, they're not so funny. For instance, those who keep insisting over and over again that their neighbors shouldn't have a glass of temperate beer with their supper now and then. They're simply repeating their own ideas, without any regard for the rights of others.

Action Is Keynote In 'The Lone Gun'

Action is the keynote of the new western, "The Lone Gun," filmed in color by Color Corp. of America, which will show at the Tower Theatre Friday and Saturday through United Artists release.

The Edward Small production stars George Montgomery and Dorothy Malone, with Frank Faylen and Neville Brand in supporting roles.

Director Ray Nazarro, an old hand at western spectacles, shot most of "The Lone Gun" on location in Texas. The screenplay by Don Martin and Richard Schayer was adapted from a story by L. L. Foreman.

VA Questions And Answers

Q. I am an ex-WAC, planning to attend school under the Korean GI Bill. My husband is working. Will VA pay me the added GI allowance for a veteran with dependents, even though he is working?

A. No. You could claim the added allowance for your husband only if he were in fact dependent upon you.

Q. As a member of the Reserves, I receive pay for attending weekly meetings and going on active duty two weeks each year. Will this pay be deducted from the monthly allowance I receive as a student in college under the Korean GI Bill?

A. No. Reserve pay will not be deducted from your GI allowance. Neither will any other outside earnings you may receive. Under the law, the monthly allowance for school-going veterans remains the same, regardless of outside income of any kind.

Q. I have a permanent GI insurance policy which lapsed several months ago. To reinstate, I understand I will have to pay all back premiums. Will I also be required to pay interest on the premiums?

A. Yes. You will be required to pay interest at the stipulated rate for your type of policy.

Q. I am thinking about paying the additional premium on my GI insurance policy, so that if I become totally disabled for six months or more I will receive a monthly payment from VA. If I should become disabled, would these payments I receive be deducted from the face amount of the policy?

A. No. Monthly payments for total disability for which you are paying extra premiums do

'Massacre Canyon' Story Of Frontier

One of the most amazing chapters in all frontier history, the stirring saga of three determined men who conveyed a vital cargo of repeating rifles to besieged Fort Collier through country teeming with hostile Apaches, is told in Columbia Pictures' "Massacre Canyon," due at the Tower Theatre next Wednesday and Thursday.

The cast, headed by Phil Carey and Audrey Totter, also includes Douglas Kennedy, Jeff Donnell and Guinn Williams.

"Massacre Canyon" is said to be bristling with more than the usual amount of excitement contained in outdoor action dramas. The rugged fistfights between Carey and Kennedy; the fiery battles with the Indians and an awe-inspiring dust storm are said to contribute immeasurably to the excitement.

Annual Search Gets Under Way For 1954 South Plains Maid Of Cotton

LUBBOCK (Sp.)—South Plains cotton industry leaders have begun their search for an attractive young woman who will be crowned 1954 South Plains Maid of Cotton and represent this area as one of 20 finalists in the national Maid of Cotton Contest early next year.

Officials of the contest, which has been called "the world's most dignified beauty contest" by the Associated Press, have received confirmation that again this year the South Plains Maid will be an automatic entry in the finals to be held in Memphis, Tenn., early in January. Only five other state contest winners throughout the entire South will receive this rating.

Complete plans for this year's South Plains pageant are still pending, but entries are now being received. The contest likely will be held in Lubbock's Fair Park Coliseum about Nov. 22.

All contestants for the South Plains title, which offers an all-expense-paid trip to Memphis and a glamorous cotton wardrobe among the prizes, must be between the ages of 19 and 25 inclusive, at least 5 feet 5 inches tall, never married and must have been born in a cotton producing state.

Entry blanks and details of the contest are available by writing: South Plains Maid of Cotton Contest, Box 561, Lubbock, Texas, or by calling at the Lubbock Chamber of Commerce.

Area Events—

(Continued From Front Page) planned for Monday night. Helping promote attendance for the affair is a committee of Bill Edwards, Paul Jones and Victor Hudman.

The committee for the Graham school, where a Halloween carnival will be held Wednesday night, is Robert Cox, Joe S. Moss and R. B. Dodson.

Post's annual Halloween carnival, sponsored by the Parent-Teacher Association, will be held Saturday night, Oct. 30, at Antelope Stadium. The Chamber of Commerce committee is Harold Voss, Bob Collier and E. R. (Buster) Moreland.

In addition to the committee help, the Chamber of Commerce is contributing \$20 to each event, proceeds from which are for the benefit of the schools.

The competition is not a "beauty contest" in the usual sense of the word. Judging is on the basis of intelligence, personality and poise, as well as appearance.

Young women from throughout West Texas are expected to enter this fifth annual South Plains pageant. Last year's program attracted 21 attractive girls from a dozen different towns who appeared before more than 1,600 persons at the contest finals. Officials are expecting this year's finals to draw a crowd of more than 2,500.

Tahoka Game—

(Continued From Front Page) by Center Garland Huddleston, Tackles Jimmy Williams and Duane McMillan and Guard Don Reed.

Coach V. F. (Bing) Bingham said Tuesday that he is hoping the Antelopes will decide on the Tahoka game as the one in which to play up to their potentialities.

"Our boys can be tough in any game if they'll just play as well as they are capable of doing," Bingham said.

The coach listed his probable starters as Mack Terry and Novis Pennell, ends; Homer Cato and Leon Davis, tackles; Dickey Beggs and Bowen Stephens, guards; Junior Smith, center; Tommy Murray, quarterback; Darrel Ray Norman and Raymond Gary, halfbacks, and Ronnie Kennedy, fullback.

The largest crowd of the season is expected to attend Friday night's Homecoming game. Added attractions will include coronation of the football queen and a performance by the high school band.

Polio Victim—

(Continued From Front Page) Roy Shahan, pastor, and the Rev. A. B. Cockrell of Pampa, a former pastor of the First Methodist Church here.

A choir will sing "Safe in the Arms of Jesus" and "Have Thine Own Way."

Burial will be in Terrace Cemetery under the direction of Mason Funeral Home.

Other survivors are the grandparents, Mr. and Mrs. L. P. Baker and Mrs. Ethel Redman.

SR. CLASS BAKE SALE

The Post High School Senior class will have bake sales and a rummage sale in Post Saturday. Beginning at 9:30 a. m., baked goods will go on sale at K&K and Piggly Wiggly. The rummage sale will be conducted on the vacant lot by K&K Food Mart.

Post Jeweler—

(Continued From Front Page) for engraving curved articles without the necessity of resetting the article, as was the case with the old machine.

"The machine I've been using," Dodson said, "had seven moving hinge joints. The one I've patented gives an exact copy on a reduced scale with no moving hinge joints. Furthermore, the work is easily accessible for adjustment and then engraving ratio is quickly and easily changed."

Adams-Fisher Company of St. Louis, Mo., manufacturers of jewelry equipment, have the working model of Dodson's invention and it is expected to be put on the market in the near future.

Enrollment—

fully slow" stage. Plastering still is under way and some of the painting has been started.

Some of the light fixtures are up and the acoustics tile is being installed on the ceiling. Many of the lockers have been assembled in the corridors, and much of the cabinet work has been set, but not yet installed.

The 611 pupils in the grade school are divided as follows: 1st grade, 125; 2nd, 123; 3rd, 78; 4th, 75; 5th, 74; 6th, 81, and 7th, 75.

The fourth and fifth grades of 75 and 74 pupils, respectively, are divided into two sections each, the principal said. "Each of these sections," he said, "is much too large, and it easily can be seen that every new pupil we gain there adds almost immeasurably to the present overcrowded conditions."

GIRLS' GRID GAME

Thursday, Nov. 4, has been set as the date of a girls' football game, sponsored by Post High School senior class girls. The Post Antelopes have an open date on Nov. 5.

Members of the Band Boosters Club voted at their meeting Monday night to put part of the proceeds from their fruit cake sale and Friday evening's chili supper in on the speaker payment.

Other proceeds from the cake sale and chili supper will go into the two bands' joint fund, the director said. This fund is to be used for upkeep of uniforms and other purposes, including a banquet for the bands later in the school year.

"Patrons may rest assured," Parks said, "that proceeds of these fund-raising campaigns will not be 'blown in'. All the money will go for a good purpose—the benefit of the senior and junior bands."

Oilmen Put To Sea To Find New Pays

On the Pacific Coast, the first attempt to secure oil by means of offshore drilling is being carried on from a man-made island 75 feet across, standing in 40 feet of water.

Located some 8,000 feet out in the ocean, the island is filled with rock and capped with cement. A compact drilling unit fits the limited dimensions and is capable of drilling to 8,000 feet. Cost of the island is roughly one million dollars.

Challenging the elements as they search for oil, resourceful oil men solve seemingly unsurmountable problems to bring abundant supplies of oil to the American people.

POLIO PATIENT BETTER

Continued improvement is reported this week in the condition of Mrs. James Seideman, who has been a patient in the West Texas Polio Center at Plainview since Oct. 6.

New Grid Jerseys Bought By Club

Thirty new football jerseys, purchased this week by the Post Quarterback Club, will be worn by the Post Antelopes in Friday night's Homecoming game against the Tahoka Bulldogs.

The jerseys were purchased with money raised by the Quarterback Club in membership fees.

The club will hold a regular meeting Monday night in the school lunchroom, according to Charles R. Gates, president. All members are urged to attend.

Lathon Johnson of Fort Sill, Okla., spent last weekend here with his parents, Mr. and Mrs. Tom Johnson. He recently was promoted to sergeant.

ter to roll over Idaho by a big margin. Barring the unexpected, Crosbyton should get through the season with the Hale Center loss as the only blot on its record.

The Rotan Yellowjackets took a rest Friday after winning over Post, 26 to 12, the previous weekend. They're in for big trouble this weekend when they journey to Stamford to meet one of the state's top-ranked Class AA teams.

Also showing improvement are the Abernathy Antelopes, who scored a 49 to 0 victory Friday over the Lockney Longhorns. The Antelopes have an open date this weekend, then open district play at Tahoka on Oct. 29.

See you at the Tahoka game!

Red Raiders To Meet COP '11' Saturday

LUBBOCK (Spl.)—From the Gulf Coast to the West Coast in a week, Texas Tech's Red Raiders meet College of the Pacific in Stockton, Calif., Saturday night.

Playing probably without their top scorer, the Red Raiders will be seeking to bounce back from a 20-13 defeat at the hands of the fired-up Louisiana State Tigers. Halfback Rick Spinks of Kermit aggravated a leg injury in the game at Baton Rouge.

It will be the first of four Homecomings on Tech's schedule. Next week they observe an open date, then play Arizona at the Wildcats' Homecoming, meet Tulsa at the Tech Homecoming Nov. 13, play Houston here, and finish up the schedule with Hardin-Simmons' at the Cowboys' Homecoming.

Post Teams Win, Tie With Ralls

The Post freshmen edged the Ralls freshmen, 7 to 6, last Thursday night at Antelope Stadium. In a preliminary contest, the Post and Ralls junior high school teams battled to a scoreless tie.

The Post freshmen, coached by Olin Reddell, pushed across a touchdown in the second quarter with Fullback Sammy Martin going over. Halfback Jerry Hays ran across the extra point and that was the margin of victory.

Ralls scored late in the third quarter when Halfback Lewis McNeely took a handoff from Quarterback Edwin Moore and scooted 34 yards for the tally. A finish for the extra point failed.

Cooper Pirates Score 19-12 Victory Over Post 'B' Team

The Class B Cooper Pirates defeated the Post "B" team, 19 to 12, last Thursday night in a closely contested game at Antelope Stadium.

Thev sitors got off to an early lead when Quarterback Donnie Skipworth returned the opening kickoff 90 yards for a touchdown.

Following is a play-by-play account of the game:

First Quarter

Post kicks off, Donnie Skipworth taking James Brewer's kick on the 10-yard line, breaking into the clear at the Cooper 35, and going for a touchdown. Donald Bell kicks the extra point and Cooper is off to a 7-0 lead.

POST "B"—James Williams returns the kickoff 10 yards to his 40. Williams takes a handoff from Moody Graham and gets 5 at the line. Graham gets one on a keeper, and Williams plows to the 50 for a first down. Williams gains 3, but Daymon Ehridge loses 4 on an attempted end run, and Graham's pass falls incomplete. Graham punts out of bounds on the Cooper 30.

COOPER—A line plunge gains 2 and Johnson runs right end for 4. A center plunge picks up 2, and Skipworth quarterback sneaks for 3 yards and a first down on the 41. Granger gains 2.

It was the second victory for the ninth graders over Ralls, the local gridlers having taken a 19-14 win there a few weeks ago. The same night, the Post Junior high team won, 13 to 0.

2 on a pitchout, and a short pass gains 3 more. A try at the line fails, and Granger punts, Ray Gary returning 4 yards to the Post 24.

POST "B"—Gary gets 6 yards at center on a delayed buck, then spins through the line for 8 more and a first down on the Post 38. Post draws two 5-yard penalties, and Ronnie Kennedy gets 4 on a handoff. He picks up 6 more, and Jack Morris goes for 3, but it's short of a first down. Williams' high kick is run back 8 yards to the Cooper 43.

COOPER—Skipworth gets 3 on a keeper, and Johnson hits center for 4 more, but Cooper draws a 5-yard penalty for backfield in motion. A smash at the line gets only one yard, but Skipworth "bootlegs" the ball and carries for 12 yards and a first down on the Post 46. Johnson hits center and breaks into the secondary for an 11-yard gain and a first down on the 35 as the first quarter ends.

COOPER—A line play fails to gain, but Post is penalized 5 for offsides. A line play after a handoff gains 12 yards and a first

Second Quarter

COOPER—A line play fails to gain, but Post is penalized 5 for offsides. A line play after a handoff gains 12 yards and a first

down on the 18, but another buck picks up only a yard. Skipworth runs right end for 6, but is stopped for a yard loss at the other end. A pass fails to connect and Post takes over on their 11.

POST "B"—Gary, in two carries, makes 11 yards and a first down on the 22. Morris gets 2 at the line and Kennedy adds 3 more. Graham, on a keeper, makes 6 and a first down on the 33. Graham spins around left end for 8 yards on a keeper, but Cooper recovers a fumble on the Post 46.

COOPER—Three runs gain 13 yards and a first down on the 33. Two more carries make 10 more and another first down on the 23. A pass fails to click and a line play gains 2, with Cooper being penalized 5 for offsides. Skipworth gains 5, but his pass overshoots the mark. His next one is good, Hargraves taking it on the Post 5 for a first and goal. Johnson takes handoff and shoots through right side of his line for a touchdown. The kick for point fails, and Cooper leads, 13-0.

POST "B"—Morris brings kickoff back 8 yards to Post 28. Two plunges gain only 4 yards, and the half ends with the ball on the Post 32.

Third Quarter

POST "B"—Graham returns Cooper kickoff 24 yards to Post 34. Gary makes 10 yards through right side of line, then plows center twice for 12 more and another first down on the Cooper 44. Morris takes handoff and wheels around his left end for 29 yards and a first down on the Cooper 15. Graham goes back to pass, but slips and falls, losing 5. Gary gets 10 around end, but Graham gains only 3 yards on two keeper plays and Cooper holds for downs on their 7.

COOPER—A line plunge fails to gain, and V. A. Lobban recovers Cooper fumble on the 10-yard line.

POST "B"—Kennedy goes for 8 yards on a handoff, but Gary fails to gain in another try. Graham crosses the goal line on a quarterback sneak. Graham's pass try for the extra point fails and Cooper leads, 13-6.

COOPER—Post's onside kick is returned from the Cooper 36 to the Post 47. Two line plays make 8, but on the second one, Cooper draws a 5-yard penalty. Johnson gets a yard at center and a pass is good for 8 yards to the Post 42. Granger goes for 4 and a first down on the 38. Johnson gets 5 more at center, but another try fails. Granger goes for 5 yards on a pitchout and a first down on the 28. Two line plunges gain only 4 yards as the quarter ends.

Fourth Quarter

COOPER—Two more plays are stacked after short gains and Post holds for downs just outside their 18.

POST "B"—Gary takes handoff from Graham, breaks through right side of line and streaks 82 yards for touchdown. A bad snapback from center gets away from Graham and he falls in try to run over extra point, Cooper leads, 13-12.

COOPER—Brewer's kickoff is returned 13 yards to the Cooper 43. Johnson gets 2 at center, but Skipworth fails to gain at right end. Kennedy bats down a pass, and Granger's punt rolls dead on the Post 20.

POST "B"—A line plays gains 4, and Graham breaks loose to the Post 43 on a keeper, but the ball is called back and Post is penalized 5. Gary loses a yard in a try at the line, and Graham gets only 2 in another try. Post fails to make yardage on fourth down gamble and Cooper takes over on 27.

COOPER—Granger runs right end for 22 to the Post 5, and then takes handoff from Skipworth and scores on line play. The kick for point is blocked, and Cooper holds a 19-12 lead.

POST "B"—Graham takes Cooper kickoff at goal line and gets back out to the 15. Graham makes 4 yards on a keeper, but Morris loses 2 after taking a pitchout. A line play gains only a yard, and Graham's punt is returned 10 yards to the Post 40.

COOPER—A try at the line fails to gain, but Johnson gets through the left side for 10 yards and a first down on the Post 30. Cooper draws a 5-yard penalty for delay of the game. Granger plows center for 5, and another plunge at the line gains 2 as the game ends.

Brief Digest Of Constitutional Amendments To Be On Ballot

(Editor's Note: Vern Sanford, secretary of the Texas Press Association, has prepared in the following article a brief digest of the 11 constitutional amendments to be voted on Nov. 2, with comments pro and con.)

AUSTIN (Spl.)—Widespread interest is gradually being developed in the 11 proposed amendments to the Texas Constitution to be voted on at the general election, Nov. 2.

No organized opposition has appeared against any of the proposals. However, campaigns are being pushed for several of them.

Reports from over the state indicate somewhat of a draw between active support of various amendments and a general tendency to vote against some or all of them because the proposals are not understood or because of some question as to the results of writing such changes into the Constitution.

Amendments are discussed here in the order in which they will appear on the ballot.

SJR No. 7

Senate Joint Resolution No. 7 authorizes the Legislature to increase State spending for Old Age Assistance, Aid to the Blind, and Aid to Dependent Children, by \$7,000,000 a year.

Comments from some members of the Legislature and other people familiar with the program indicate that if the Legislature appropriates the additional money, new taxes will be required.

Some say that most of the money would be used to add more people to the rolls, rather than providing more money to those now on the rolls.

This amendment also would require the Legislature to enact laws making names of those who receive such aid available to the public. These are fighting words to some people who claim such action would embarrass those now on the rolls and their relatives.

Proponents of this provision argue no one should be embarrassed except those who have children or relatives well able to support them, and that these people ought to be exposed.

SJR No. 6

Senate Joint Resolution No. 6, permits a person who has served

some time as a teacher and accumulated credits under the Teachers' Retirement System, and also some time as State employee, with credits under the State Employees' Retirement System, to count his accumulated credits under both systems in determining his retirement pay.

Apparently but few people would be affected. However some opposition is being expressed by members of both retirement systems to the idea of intermingling the two systems in any way.

HJR No. 37

House Joint Resolution No. 37, provides that proprietary employees of the States' subdivisions may be covered by Federal Old Age and Survivors Insurance.

Other municipal and county employees may now be covered under that system under an agreement between the State and the Federal Government, and in many cases have been.

But the Attorney General has ruled that the State has no authority to make an agreement covering proprietary employees without a constitutional amendment.

SJR No. 10

Senate Joint Resolution No. 10, would create a State Building Commission with broad authority, subject to Legislative direction, to erect buildings for State purposes.

A State Building Fund would be created by transferring to it the surplus from the Confederate Pension Fund.

The present 2c ad valorem tax provided by the Constitution, for Confederate pensions, returns far more than is necessary to take care of the one Confederate veteran and more than four hundred widows of veterans now receiving such pensions from the State. Therefore the fund is accumulating a surplus of well over \$600,000 each year.

It is anticipated that if the amendment is adopted, nearly \$6,000,000 will be available for transfer to the new State Building Fund in January of 1955.

This amendment has the support of the State Bar of Texas.

The first building, if the proposal is adopted, must be a State Supreme Court Building and it must be dedicated as a memorial to Texans who served in the armed forces of the Confed-

erate States.

SJR No. 5

Senate Joint Resolution No. 5, would increase compensation of members of the Legislature to \$25 per day for the first 120 days of any session.

Texas Constitution now provides \$10 per day for the first 120 days and \$5 per day thereafter.

There is strong support and little or no opposition to this increase in pay, which most people think would about cover legislators, living expenses while in Austin.

Included in the same amendment is authority for the Legislature to set salaries of the Governor, Attorney General, State Treasurer, Comptroller of Public Accounts, Secretary of State, and Commissioner of the General Land Office.

The Governor's salary is now set by the Constitution at \$12,000, the Attorney General's at \$10,000, and the other four officials involved are paid \$6,000 a year.

Under this amendment the Legislature could not reduce salaries below these amounts, but could set them at higher rates.

Opinion does not appear to be so nearly unanimous about this part of the proposed amendment. Some people are troubled by the apparent power of the Legislature to change the salaries at will, and they point out that the Federal Constitution and many other state constitutions prohibit a change in salary during the term to which an official has been elected.

SJR No. 14

Senate Joint Resolution No. 14, prohibits use of the credit of the State or any grant of public money for construction, maintenance or operation of toll roads and turnpikes.

Purpose of this amendment is to write into the Constitution a prohibition now contained in the law, which could be changed by future legislation.

It has the support of the Texas Good Roads Association and many other people particularly interested in the State Highway System, and no known opposition.

HJR No. 16

House Joint Resolution No. 16, would require women to serve on juries.

There are only five states including Texas which do not permit jury service by women.

This amendment would require women to serve under the same rules for jury service as apply to men. It has the active support of many women's organizations.

SJR No. 4

Senate Joint Resolution No. 4, has to do with the terms of elective district, county and precinct offices. It would change all of those which have two year terms into four-year terms.

It has the support of the County Judges and Commissioners Associations of the state, and the organizations of many other county officials.

The terms of a great number of district, county and precinct offices would be changed immediately if this amendment were adopted. Other such offices are designated to change to four-year terms in 1956 so that, while all of them would be four-year terms after 1956, only about half of them would appear on the ballot every two years.

Wording of this proposal has resulted in confusion as to its effect on the terms of representatives in the Legislature. Many lawyers are of the opinion that the proposal would require four-year terms for members of the House and other lawyers have said that at least it presents a problem which can only be solved by court interpretation.

SJR No. 2

Senate Joint Resolution No. 2, would authorize creation of county wide hospital districts in Bexar, Dallas, El Paso, Galveston, Harris, Jefferson and Tarrant counties.

The amendment is permissive and, if adopted, would not create any such districts itself. It simply provides that the property-owning taxpayers of the named counties can vote on such a proposal at a later date.

An active campaign for this proposal is being carried on by a statewide committee composed of mayors, county judges, members of hospital boards, and prominent citizens of the counties involved and some from other parts of the state.

HJR No. 10

Members of the armed forces of the United States or component branches would be allowed to vote under House Joint Resolution No. 10.

They would be required to pay their poll taxes and could vote only in the county in which they resided at the time of entering the service.

HJR No. 8

The last proposal on the ballot will be House Joint Resolution No. 8, which is a permissive type of amendment allowing taxpayers in counties of less than ten thousand inhabitants to vote

Tired Old Oil Fields Are Given New Life

If you heard that a tired old well was fractured, you might not guess that it got a new lease on life! Some oil fields, instead of fading away, gain new life when mixtures of sand-laden chemicals and oil are injected into the oil producing formations.

The effect is to fracture the formation, thus creating new channels for oil to flow into the immediate well bore. Oil men maintain an attitude of "try, try again" to wrest every possible drop of oil from the earth.

Freemasonry was introduced into the American Colonies before 1730.

Many Thanks

I wish to express my thanks to the Garza County Democratic Executive Committee for having certified my name as Democratic nominee for the office of Precinct 2 Commissioner, subject to action of the voters at the General Election Nov. 2. I will appreciate your support and will endeavor to fulfill my obligation to both county and precinct to the very best of my ability.

The Basic Idea Behind the All-New 1955 PONTIAC

On Display October 29 and 30

ABOUT 30 years ago General Motors Corporation presented to America a new car called Pontiac. This new car was the direct result of a very specific idea.

The idea was this: to create a car which took its style, its engineering principles and its features from the very best and most expensive in America—and to build these into a car priced just above the very lowest!

Naturally, such an idea produced a wonderful and highly popular car—a car which millions of satisfied owners have driven with outstanding pride and pleasure.

Now, nearly three decades later, an entirely new Pontiac has been created for 1955—a car completely new from the ground up!

One thing, however, about the 1955 Pontiac remains unchanged—its basic idea—to offer the American public the very finest car that can possibly be built to sell at a price within easy reach of any new-car buyer.

When you see the new Pontiac on Friday or Saturday—Oct. 29 or 30—you will be immediately impressed by its remarkable new styling. No other car in the world looks like this new Pontiac!

When you drive it you will be astonished at its performance. For the 1955 Pontiac introduces the powerful new Strato-Streak V-8, an all-new engine that has already been proved in more than 3 million test miles!

When you price the new Pontiac you will come face to face with the basic Pontiac idea—you will be agreeably surprised that so much car, so much sparkling newness, so much luxury, so much downright goodness can be priced so near the very lowest.

We cordially invite you to come in on Friday or Saturday and see for yourself what a superb all-new General Motors masterpiece has been created to carry the wonderful name "Pontiac" for 1955.

Nine From Post Enroll At H-SU

ABILENE (Sp.)—Nine persons from Post are enrolled at Hardin-Simmons University for the 63rd session of the University.

Hardin-Simmons, a co-educational, liberal arts school, was founded in Abilene in 1891 by the Sweetwater Baptist Association.

From a modest beginning with \$5,000 capital and 16 acres of land, the University has grown into one of the top Southern Baptist colleges and now boasts one of the most modern educational plants in the Southwest with more than \$5,000,000 resources.

Post students attending H-SU are: O. K. Bowen, Jr., Dalton Copple, Dowe H. Mayfield, Gaines Vernon Scott, Lillian Pearl Self, Terby Hughey Shahan, Mary Ann Thults, LaRue Stevens and Otis Calvin Storie.

Mr. and Mrs. Paul Duren, Jr., and Paula are spending the week in San Angelo. Duren is attending a General Telephone Co. school and Mrs. Duren and baby are visiting their mother and grandmother, Mrs. G. W. Falks.

County Helps Out On Fair Trip Expenses

The Garza County commissioners' court voted at a recent meeting to pay \$50 on expenses of 4-H Club and Future Farmers of America members showing steers at the State Fair of Texas in Dallas.

Commissioner B. F. (Boone) Evans was appointed temporary and acting chairman of the court for the October term in the absence of County Judge Oscar Graham, who has been ill since early September.

The only other business transacted at the meeting was approval and allowance of the hospital report and accounts.

Visiting Friday in the Tom Johnson home were Mr. and Mrs. Thomas Johnson and her parents, Mr. and Mrs. Arthur Simpson of Lovington, N. M.

A weekend guest of Mr. and Mrs. W. C. Kiker was her nephew, Alfred Payne, of Fort Worth.

Mr. and Mrs. Bill Snow and Wilma Ruth and Joyce recently visited in San Angelo with her mother, Mrs. Maudie Seward.

John Womack of Snowflake, Ariz. spent last week with friends here.

MURAL NEARS COMPLETION—Peter Hurd, world-famed artist from San Patricio, N. M., surveys part of his 16-panel fresco mural in the rotunda of the Museum at Texas Technological College. The mural, largest of its type in Texas, will be completed early next month.

Each panel will feature the likeness of a man or woman who made a significant contribution to the development of West Texas. Actual work on the mural was begun in February, 1953.

Pictorial Monument To West Texas Pioneers Is Nearing Completion

LUBBOCK (Sp.)—A pictorial monument to the pioneers of West Texas—three years in the making—nears completion on the campus of Texas Tech.

Artist Peter Hurd is applying the final touches on a 16-panel fresco mural in the Museum at Tech that will commemorate, so long as the Museum stands, those men and women who carved an empire from the Plains.

The mural, forming a continuous landscape around the Rotunda, will be completed early in November. Hurd began actual work in February, 1953, following almost two years of preparation.

Each panel will feature the likeness of a man or woman who made a significant contribution to the development of West Texas. While actual persons are portrayed, each has been chosen to represent a class of leadership.

Those persons honored are: Marcy Mathias Dupre, school teacher; D. R. Couch, farmer; Crone Webster Furr, merchant; Dr. Clifford B. Jones, civic leader; Mrs. Dora Roberts, pioneer woman; W. H. Bledsoe, lawyer; James L. Dow, journalist; M. V. Brownfield, townbuilder; the Rev. R. Robert E. Dunn, circuit rider; Sid Richardson, oilman; Sam C. Arnett, cowboy; Walter S. Posey, freighter; Dr. Marvin C. Overton, doctor; Charles Ernest Maedgen, banker; and William E. Halsell, rancher.

To complete the mural, a panel devoted to the chronicles of West Texas is being donated by Hurd.

A panorama of the rugged West Texas land dominates the background and serves to bind together the lifesized panels.

Live models were used for all portraits and, where possible and feasible, the persons posed for themselves. In the case of those who were deceased or unable to pose, the heads were done from photographs. Models of approximately the same size and shape were used to get proper body dimensions.

Hurd signed a contract to paint the mural, the largest in Texas, in November, 1951. He began with charcoal sketches, advancing to a miniature model of the

Rotunda. On the model the landscape, buildings and background were carefully reproduced with portraits of the persons to be memorialized being blocked in. From there, the artist prepared full scale cartoons or drawings. These were done to exact scale as they today appear on the walls of the Rotunda. He began actual work on the walls in January, 1953. Altogether, he has spent approximately one full year in the Museum painting the mural.

A formal dedication has been scheduled for Nov. 18.

Lions Are Lauded By Zone Chairman

The Post Lions Club was the only one on the South Plains with 100 per cent attendance in September, Bland Tomlinson of Slaton, zone chairman, told members of the club at their regular meeting here Tuesday night.

Tomlinson, a former Post resident, said the club here is one of the most active on the South Plains.

"Keep them hard at work," was President Jess Rogers' reply to a question of how it was done.

Sherry Custer sang three songs, accompanied at the piano by Mrs. J. A. Stallings. Sherry's mother, Mrs. Mike Custer, was a visitor.

J. N. Power, chairman of the club's city directory advertising committee, announced division of the city into districts for the coming space-selling drive and appointed a captain for each district.

Judge's Condition Is Steadily Improving

The condition of County Judge Oscar Graham, who suffered a heart attack early in September, has improved to the extent that he is now able to set up some through the day, it is reported. He is also able to receive occasional visitors.

Judge Graham was in a Lubbock hospital for a few weeks following the attack, and then in bed for some time after being returned to his home here.

Mr. and Mrs. H. W. Schmidt attended the oil show in Odessa Thursday and Friday.

Post 'B' Team Beats Tahoka, 19-14 7th and 8th Grades Lose To Visitors

The Post Antelope "B" team defeated the Tahoka Bees, 19 to 14, here Tuesday night to salvage one game out of three with the visitors. The Post 7th grade team lost, 32 to 12, and the 8th graders, 26 to 0.

A passing combination of Quarterback Noel Don Norman to Halfback Jerry Hays accounted for the second quarter touchdown which gave the Post eleven a one-touchdown lead over the visitors after trailing at one point, 7-0, and at another, 14-12.

One Norman to Hays pass carried from the Tahoka 45 to the 20, and a few plays later the Post quarterback heaved a perfect strike to Hays in the end zone. Center James Brewer kicked the extra point to give the Antelopes their 19-14 margin. There was no scoring in the second half.

Tahoka got off to an early lead when, on the second play of the game, Carl Prohl intercepted a Norman pass and scattered 70 yards for a touchdown. A line plunge added the extra point.

Post got back in the game following recovery of a Tahoka fumble on the visitors' 19. Jimmy Redman subbed in at quarterback for Norman and carried on a keeper for a first down on the 9. Then Norman came back in, faked a handoff and rounded right end for the touchdown. The extra point attempt failed.

Another recovered fumble, this time by Brewer, led to another Post touchdown early in the second quarter. Running plays by Norman, Hays, Sammy Martin and Corky Ammons carried to the 8, from where Norman passed to Martin for the touchdown. The try for point failed.

Tahoka went back into the lead on the ensuing kickoff when Lindell Woods gathered in the ball on his 25 and ran it back for a touchdown. A running play carried over for the extra point.

Post held a big edge in first downs and yardage gained, and threatened the Tahoka goal line

during most of the second half. The game ended with Post possession of the ball in the Tahoka 10-yard line. In the eighth grade game, Tahoka held a 26 to 0 lead, and added a fourth quarter touchdown in the third quarter when a touch-down pass play overrest Claborn to Carla. The visitors scored three touchdowns in the second half while holding Post to one. Post touchdowns were made by Jerry Windham, one at a brilliant broken field run.

W. W. Stephens is out of the hospital and is recuperating at the home of his mother-in-law, Mrs. E. K. Egan until he is able to return home. Mrs. Mae Payne of White Falls is a guest in the home of her son-in-law and daughter, W. C. Kikers.

Steer Premiums To Total \$12,232 At Fort Worth Show

FORT WORTH (SpL) — Cash awards totaling \$12,232 will be offered in the steer competition of the 1955 Southwestern Exposition and Fat Stock Show. Of this amount, \$9,245 is allotted to the open show and the remainder to the junior steer show.

The junior steer competition is for Texas Future Farmers and 4-H Club members. The open show, as the name implies, is open to the world.

Shorthorns, Aberdeen-Angus and Herefords, which of course include Polled Herefords, are shown.

Breed champions of the junior show are chosen and from them the grand champion is selected. A like procedure is followed in the open show and the two grand champions then contest for the honor of the grand championship of the entire exposition.

At the "auction of champions," the prize animals sell at large prices. Last year's grand champion bringing the owner \$6,000 besides the prize money. Deadline for steer and other livestock entries is Dec. 15. Show dates are Jan. 28 through Feb. 6, Feb. 6.
