

'62 Resolutions Made by Pair of 4-H Winners

A pair of Texas 4-H'ers probably have made New Year's resolutions to try to do as well in 4-H Club work in the new year as they did in 1961. They are Charles Lehmann,

C. Lehmann Felix Mote

19, of La Grange, and Felix Mote, 15, of Decatur.

Lehmann received an all-expense paid trip to the 40th National 4-H Club Congress in Chicago from the Humble Oil & Refining Co. for being the state's top tractor award winner.

He is the son of Mr. and Mrs. Willie Lehmann. Learning how to overhaul tractor engines in 4-H opened the way to Lehmann's getting a job as a mechanic in a machine shop.

Mote received a 19-jewel wrist watch from Ralston Purina Company for being the state's first dog care and training award winner. He taught his spaniel dog six commands and four tricks.

Barnum Springs HD club will meet Friday

By MRS. BILL LONG

The Barnum Springs H. D. Club will have its first meeting of the new year Friday afternoon in the home of Mrs. Bill Long. All prospective members are invited to attend.

Mr. and Mrs. Bill Fancher of McCaulley were guests in the home of his sister and brother-in-law, Mr. and Mrs. W. H. Barton recently.

Birch Lobban of Post visited Bob Sneed over the weekend.

Mrs. W. H. Barton visited Mrs. Bill Long Monday afternoon.

M. R. Barton and Jay Easter of Lubbock visited Mr. and Mrs. W. H. Barton over the weekend.

SUNDAY VISITORS in the home of Mr. and Mrs. Bill Long were their daughter and family, Mr. and Mrs. Tommy Young and Jay of Tahoka and his brother, Arda Long of Post.

Mrs. Ray Maberry and Ann of McCaulley visited her parents, Mr. and Mrs. W. H. Barton recently. Ann returned to Tech, after spending the holidays at home with her family.

Mr. and Mrs. Cecil Bland, Cecilia and Billy, visited Mr. and Mrs. R. G. Sneed and family Sunday.

Mr. and Mrs. Tom Henderson visited their daughter and son-in-law, Mr. and Mrs. Roger Hensley of Grassland Sunday.

Rex Welch visited W. H. Barton Saturday.

TO FORT WORTH

Bernard S. Ramsey, minister of the First Christian Church will leave Monday for Fort Worth to attend annual Ministers' Week at Texas Christian University. He will return to Post Friday, Jan. 19.

SWPS planning big expansions in '62

Southwestern Public Service Company will invest approximately \$20,000,000 in its service area in 1962, A. R. Watson, president of the electric light and power company, has announced.

1962 will be the second year of a five year expansion program announced at the start of 1961, which anticipates the investment of \$117,000,000 of new money in the region by the end of 1965. At that time the company's investment in plant and equipment will be nearly \$400,000,000, or ten times greater than it was in 1942, when the company took its present form.

Two major generating station projects call for a large portion of the 1962 construction budget. The second unit at the company's Nichols Station, located northeast of Amarillo, will go into service in early summer, while, at Plant X, near Earth, Tex., construction will start this Spring on the fourth unit at that station.

THE NUMBER two unit at Nichols, a 112,500 kilowatt generator, will double the capability of that plant. Also, when it goes into service, the generating capability of the twelve plants in Southwestern's system, will pass the 1,000,000 kilowatt mark.

"There is no more accurate evidence of the growth of a region

than the increase in the amount of generating capability necessary to meet its electric service needs. You can readily see the ten year growth in this area when you realize that our generating capability in 1951 was 354,000 kilowatts, or just a little more than one-third of what it will be when this second unit goes into service at Nichols". Watson pointed out in highlighting the significance of going over the 1,000,000 kilowatt capacity figure.

The evidence is equally conclusive that the electric company does not anticipate a growth stoppage in the future. The generating unit for which ground will be broken at Plant X this spring, will have a generating capability of 210,000 kilowatts, the largest single generator in Southwestern's system.

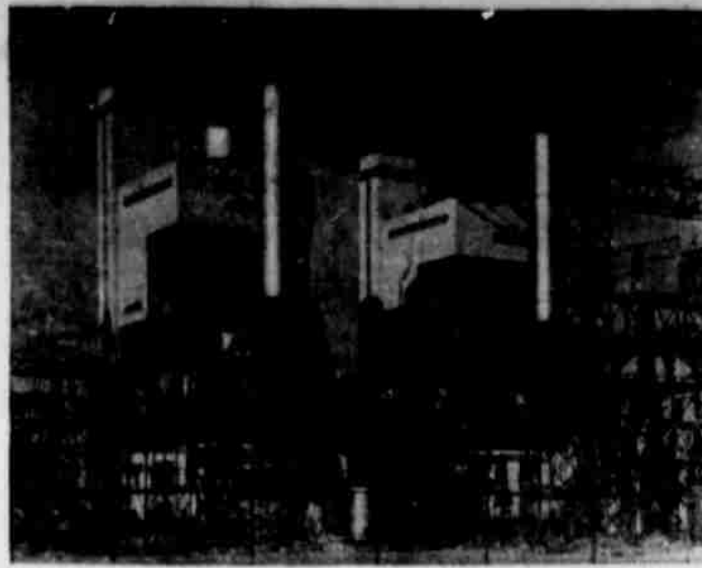

"Nothing is as perishable as electric service. It is needed—and used—the instant it is created. But we must plan from three to five years ahead to have the power available at that instant the customer requires it. This requires a faith in the future of our region—and we have it", Watson said.

TRANSMISSION lines construction and planning will call for a 1962 investment of nearly \$7,500,000. The majority of the projects are designed to provide additional

transmission circuits for the region, and to have the facilities available for anticipated increasing loads in industrial, agricultural and commercial fields.

A transmission line investment in 1962 with a long-range view is the engineering and survey work and right-of-way purchase for additional lines capable of transmitting 230,000 volts. The company is in the process of increasing its major transmission voltage from 115,000 to 230,000 volts. Doubling the voltage of a line increases the amount of power that the line can carry by four times. At the present time, construction has been completed on line segments capable of carrying 230,000 volts from the Riverview Plant, at Borger, to Plant X and from Cunningham Station to Artesia, N. M. When the section from Plant X to Cunningham is completed and necessary substations are installed, the entire main transmission line extending from Borger to Artesia can be operated at the 230,000 volt capacity.

"We shall continue, as we have in the past to make the investment necessary to provide electric service for this growing area—well in advance of the actual need. And we shall make every effort, too, to keep electric service the biggest

MAJOR ADDITION PLANNED

Major addition to Southwestern Public Service Company's facilities in 1962 will be the second 112,500 kilowatt generator at Nichols Station, northeast of Amarillo. The new unit is pictured at right. The electric light and power company will invest approximately \$20,000,000 in this area in 1962 to meet expanded needs for electric power.

value in our customer's budgets. I think the fact that the unit cost of our service has decreased more than 20 per cent in the last decade, while the cost-of-living has risen 23 per cent is proof of our efforts to accomplish this goal", Watson said in conclusion.

Late harvest brings one ACP extension

Because of the late harvest season, the ASC office here has extended the sign-up date on the ACP practice of applying cotton burs to cropland.

The sign-up period for other ACP practices to be carried out in January ended Dec. 29.

Those wishing to apply for cost-sharing assistance on other ACP practices should file application during the next sign-up period, which will be Jan. 15-31.

Early inspection of autos urged

AUSTIN — The Director of the Texas Department of Public Safety, Col. Homer Garrison Jr., today urged motorists to secure their 1962 vehicle inspection stickers as soon as possible prior to the April 15 deadline.

After that date, vehicles not displaying the new inspection sticker will be operating in violation of the law and the operators of those vehicles will be subject to arrest, he said.

Garrison said approximately half of the inspection period has expired and only about one-fourth of the vehicles in the state have been inspected. Unless the number of inspections is increased appreciably soon, he added, long waiting lines will be forming at inspection stations as the April 15 deadline approaches.

"There are some 4,800 authorized inspection stations in the state and they are ready and capable of handling the inspection of all vehicles without delay if the owners of the uninspected vehicles do not wait until the last few days before the deadline," Garrison said.

He pointed out that vehicles inspected so far this year have fewer defects than have ever been noted heretofore. He said vehicle defects contributing to motor vehicle accidents in Texas is the lowest in the history of the state.

CAMPAIGN MANAGER

FORT WORTH—John Connally, candidate for governor of Texas, has announced that Dallas attorney Eugene Locke will manage his state campaign.

More reminiscences of the 1920's as editor of the Eastland Daily Oil Belt News:

Still practicing law but more active with the management of his business properties was a man who had been elected county judge by the Populists in the 1890's. At the age of 75, he negotiated a thirty-year lease on one of his buildings and was highly elated, evidently forgetting the fact that he could not hope to reap the benefits for more than a few years.

Another lawyer, who likewise did little law practicing but managed his landed holdings, was a Sacred Harp singer and he and his colleagues sang at funerals. The music was extremely doleful, so much so that, as one irreverent individual remarked, "It would reconcile a fellow to being dead because then he can't hear it."

Dean of the Eastland bar was a man so slender that it would seem a puff of wind could blow him over. Yet, 30 years later, he was still practicing law and was able to comment, with a dry chuckle that he had been refused insurance a long time ago but had outlived the agent and the doctor who rejected him.

Eastland was visited by a man who had seen Lincoln. The visitor was the father-in-law of the cashier of the bank. When a lad he had lived in Springfield. One day he and other boys were playing hide-and-seek. A very little lad was "it" and, in his search, he opened a closet door in a doctor's office but

immediately ran at the sight of skeleton. Soon after, the little low met the cadaverous Lincol and asked him, "How did you get out of Dr. Blank's closet?"

One of Eastland's most interesting establishments was the Majestic Cafe, owned by three naturalized Americans who were born in Greece. Everyone kidded Sam, almost bald middle-aged bachelor whose only answer was a smile. George a huge fellow, the senior partner. Youngest Ernest. At Christmas time Majestic was host to the town newsboys. Many an operator, on his luck and many an oil worker, out of work, were extended credit by the Majestic and hungry man was ever turned away.

"THAT INTERESTS ME!"

Are They Talking About Your Store, Mr. Merchant?

The start of the selling process actually occurs right in the home of the buyer — through an advertisement in your Post Dispatch.

Keep them interested in the goods or services you have to sell — through advertising — and you'll attract them into your store. The rest is up to you.

MR. MERCHANT!

You don't have to own a big store to have a good advertising program. All you have to do is give it some time—and thought. We will be glad to show you how to budget your 1962 advertising dollars for best results.

DIAL 2816

But the projection of your store's image—right into the homes of your customers—is our job. The best way is a well-planned advertising program that is consistent. Start 1962 with a real advertising program. It will pay off at your cash register.

Aggoner Carr announces candidacy for nomination as Attorney General

Aggoner Carr, former Speaker of the Texas House of Representatives, Thursday announced his candidacy for the Democratic nomination for Attorney General. Carr stressed the importance of the Attorney General's office in law enforcement, crime prevention and the creation of a sound economic climate in Texas. Carr recalled that in 1960, after his term as Speaker, more than

million Texans approved his plan of public service by their support in his race for Attorney General. Carr said he believes his previous experience and qualifications to do a good job. Carr was elected in a recent state-wide election as the leading contender for the Attorney General's post. Carr's platform basically has but one aim—strengthening our legal system where needed, and the vigorous enforcement of laws, once enacted. Carr de-

42-year-old former lawmaker law enforcement official re-plans for an intensive campaign leading up to the Democratic primary. He promised a discussion of the issues as campaign develops. Carr stressed the character and quality of Texas life for our families, children, our businessmen, farmers and farmers will depend upon the example of alert and responsible conduct of the Attorney General's office. Carr said he cannot build or long maintain an attractive climate for economic growth unless we first provide a healthy climate or respect law and order.

bel that it is of the utmost importance that the office of Attorney General be used effectively to control and eradicate the in-festation of crime in our state. The office must be used to support and honest and conscientious law enforcement officers rather than to override or overpower them. We must, likewise, use that office intelligently to add new laws to all the laws enacted by the legislature, and the holder of the office must work cooperatively with our lawmakers to evolve new laws required by chang-

ing times in this state." Carr served five terms as a member of the House from Lubbock County, the last two as Speaker. He is one of only three men in the history of Texas to be elected Speaker for two consecutive terms. As Speaker, Carr played a key role in setting up the Texas Law Enforcement Study Commission in 1957, chaired by Houston attorney John H. Crooker Sr., which recommended sweeping revision of Texas criminal laws. Carr was born in Fairlie, Hunt County, Texas, Carr moved with his family to Lubbock County in 1932. He graduated from Lubbock High School and Texas Technological College. He received his law degree from the University of Texas and was admitted to the State Bar in 1947. Wartime service in the Army interrupted his legal studies. Before going to the Legislature, Carr served as County Attorney of Lubbock County and Assistant District Attorney of the 72nd Judicial District. Carr and his wife, the former Ernestine Story, have one son, 12-year-old David. He is a lay reader and Sunday School Teacher at the First Methodist Church of Lubbock, and is a member of the Board of the South Plains Council, Boy Scouts of America, and is a member of the Lions Club, American Legion, Farm Bureau and the State Bar of Texas.

Office rules on land formerly in Reserve
Land on which Conservation Reserve contracts expired Dec. 31, 1961, may be broken out and planted to small grain or row crops, according to information from the Garza County ASC office. However, if the operator wishes to leave all or any part of this land in protective cover, the land will retain the cropland classification and earn allotment history for a period of five years, provided the protective cover is maintained in a manner that will prevent wind erosion. Grazing will be permitted if consistent with good management, or the operator may designate this land as diverted acres if the cover of grass or small grain will qualify as diverted acreage cover.

Friends of Myrtle Mathis give birthday surprise

By MRS. O. H. HOOVER

A few friends of Mrs. Myrtle Mathis surprised her Friday with a birthday luncheon. Each lady brought a salad. We had a lovely luncheon. Then we cut the decorated birthday cake and sang happy birthday to her. Attending were Reba Turner, Vesta Appling, Zella Thomas, Gladys Fox, Lura King, Lena Short, Mittie Walker, Letha Porterfield and Myrtle Hoover.

Mr. and Mrs. Coe Smith of Yuma, Ariz., visited recently with the E. A. Thomases, and Mr. and Mrs. Wes Fox and Gladys.

Mr. and Mrs. Doyle Terry of Lamesa had dinner New Year's day with the C. A. Walker family.

The Thursday Sewing Club met Jan. 4, in the home of Mrs. J. A. Propst. Officers were elected for the coming year. Refreshments were served to Viva Davis, Iris McMahon, Minnie Wright, Ada Oden, Myrtle Hoover and a visitor, Lelia Gilly form Post.

Huston Hoover of Littlefield stopped by on his way to see his new grandson and visited in the O. H. Hoover home.

Mrs. L. S. Turner, Mrs. Roy Appling and Mrs. Hoover went to Lubbock Wednesday of last week. It was Mrs. Turner's birthday, so Mrs. Appling and Mrs. Hoover took her out to lunch.

MRS. LUCIAN Walker is in the Garza Memorial Hospital with the flu. We are glad to report she is improving.

Mr. and Mrs. Ted McDonald and children of Post had luncheon and spent the day with the W. G. McCleskeys.

Mrs. Tom Murray visited a while with Mrs. McCleskey Thursday. They decided to go to Tahoka and came back by Mrs. Moore's and helped her paper a room. The Moores have all been sick with the flu.

Visitors in the Kelly Laws home

Sunday were Mr. and Mrs. Douglas Zones of Ropesville, the Rev. and Mrs. Joe Webb and family and Mrs. Eubanks of Tahoka.

Mr. and Mrs. Otis Bosworth of Harrison, Ark., spent the day Sunday with Mr. and Mrs. C. O. McCleskey.

Frank and Joyce Taylor of Floydada spent Sunday with Mr. and Mrs. W. L. Gribble. Joyce is a niece of the late John R. Ferguson, a former of the Nazarene church here.

New Arrivals

Mr. and Mrs. Chalmer Davis announce the birth of a daughter, Junita Carol, born Jan. 4, in Garza Memorial Hospital. She weighed 7 pounds, 10 1/4 ounces.

A son, Kurt Craig, was born to Mr. and Mrs. Dale Wood Jan. 6 in Garza Memorial Hospital. He weighed five pounds, 15 1/4 ounces.

MAN WITH AN IDEA

John Franklin Carll, pioneer geologist who applied his knowledge of underground rock formations to the search for oil, was one of the many men whose ideas sparked oil's first century of progress.

Until Carll's work gained recognition, it was thought that great rivers of sub-surface oil flowed from Canada through Pennsylvania to Mexico. He insisted that the best guides for oil prospectors were rock structures.

Carll's published reports are asserted to have created the geology of petroleum. They became standard reference works and were important in the development of knowledge about sub-surface oil accumulation.

Since 1850, when the first oil well was drilled, men with ideas have worked to provide Americans with this abundant, low-cost source of energy — energy that has meant more human progress in the last century than in the previous 6,000 years.

Fort Worth Stock Show Rodeo looks like bonanza for fans

FORT WORTH — The 1962 entertainment lineup for the world's original indoor rodeo, the Fort Worth Stock Show Rodeo, has been completed—and it looks like a real bonanza for the fans, says President-Manager W. R. Watt.

TV's popular "Bonanza" show will furnish the two top stars for the rodeo entertainment slate. Lorne Greene as rancher Ben Cartwright and Texas-born Dan Blocker as huge Hoss will appear in person at all 20 performances of the Fort Worth Rodeo, Jan. 26 through Feb. 4.

Blocker and Greene have helped jump "Bonanza" to the top of the heap, replacing the Dinah Shore show in Sunday night TV prime time. Though Hoss and Ben will furnish the Fort Worth Rodeo's humor, audiences will look elsewhere for its beauty. They'll find it amply in "Miss

Texas," Fort Worth's Linda Loftis, who will ride in every rodeo grand entry and sing the national anthem to open each performance; and in "Miss Rodeo America of 1961," pretty Marie Mass of Pinon, Colo. Miss Mass also will ride in all 20 grand entries, and will compete as one of the rodeo's 41 swift-riding ranch girl barrel racers.

The spotlight will fall also on trick riding and roping Montie Montana, who holds a unique distinction. In the 1953 inaugural parade for President Eisenhower, Montana neatly slipped a loop over the President's head as he sat in the reviewing stand. The President responded with his famous smile, but the Secret Service has since made it plain that they prefer Montie's skill be confined to rodeo arenas.

The fabled ability and intelligence of Scotch Sheep Dogs will be displayed at every Fort Worth performance, as Arthur Allen's canine trouper goes through their paces with live sheep in the Will Rogers Memorial Coliseum arena.

It's to be an honest exhibition of what the working sheep dog can do, for the dogs are not merely show performers. They have earned their honors in many actual field trials.

President-Manager Watt pointed out that the main course of every Fort Worth Rodeo performance is furnished by the cowboys. In all, approximately 400 of the rugged individualists will be competing for about \$70,000 in saddle bronc riding, bareback bronc riding, steer wrestling, bull riding and calf roping.

Still more icing on the cake will be the ranch girl barrel races, open cutting horse competition and horse show classes — all taking place at all 20 rodeo performances in Fort Worth.

Florence was the capital of Italy for the country's first six years as a kingdom.

IMPORTANT NEWS ABOUT U.S. SAVINGS BONDS

How you can turn your E Bond savings into current income while preserving the principal

Effective now, owners of Series E Savings Bonds can trade them in for H Bonds without immediately paying income tax on the interest accumulated.

This new conversion privilege allows you to pay taxes when your bracket may be lower; permits tax money to earn interest for you. This means special benefits for people near retirement, or who for other reasons want the cash interest paid twice a year by H Bonds.

FACTS ABOUT H BONDS: * You buy them at face value. * You receive interest by check twice a year. * You earn 3 3/4% interest when H Bonds are held the full 10 year maturity term. Get full information (and order H Bonds) at your Bank.

The Post Dispatch

Have You Heard??

Oh, what's this we hear about Chris Cornish and Wayne McFadin having a date that lasted for two hours?

Ruthell Martin got a small, ugly engagement ring from Kenneth Martin for Christmas. Wonder what Cracker-Jacks box it came out of? Just kidding—it is beautiful. Congratulations!

Sandra Stewart has a new boy friend. I think his name is Mike Ray.

Howard Wayne Mason, what's your excuse for not having a date New Year's Eve?

And what about you, Jan Her-ring?

What was the sweet present Janith Short gave Dwayne for his birthday?

What was the name of that good book that Janith Short, Danella Bateman, and Judy Clary were reading at the motel in Big Spring?

Coach Souter had nothing but congratulations for the basketball boys last Thursday afternoon. He said "At least you kept Floydada from scoring over a hundred points." And everybody just laughed and laughed.

Your editor and mine, Donna Robison, had a date with Roger Sullenger.

Dean Johnston was in the best of spirits all during the holidays.

Marsha Smith looks very good in her bobbed hair cut.

Why, oh, why did Glenn Polk have to go with the boys New Year's Eve?

Does Kent Wheatley really have a mad crush on Beth Kemp? Too bad she likes your brother.

Ann Pennington sure can do the hully-gully good in the school parking lot.

Does Vonda Howell really have a date with Nuel Landreth?

What is this between Richard Cook and Sandy Irons that no one understands?

How come Stanna Butler waited till after Christmas to break off with Wendell Duncan?

What was it that Glenn Polk told Lee Williams that gave him a new outlook on life?

Jerry Stone, where were you last Saturday night? Wayne McFadin, do you know?

Is Bobby Hudman really going to be a sheep rancher?

Wayne Gamblin had better watch his step with other boys' girls.

What's this we hear about Lana

Haynie having a mad crush on Larry Guy?

Ken Rankin, have you been making any trips to Tahoka lately?

All the seniors are buzzing around trying to get their play rolling.

Frankie Gary and Susan Ramsey certainly do make a cute couple.

Hey everybody, Coach Parsons is married!

Pat Cornell and Pamela Stewart, watch out. A hint to the wise is sufficient.

The Junior Class has a new boy. He is Bobby Roach from Seminole, Okla. Welcome to PHS, Bobby!

Glenn Polk and Judy Clary, is it really that much fun to ride in the trunk of a car, or were you all just trying to get out of paying your way in the drive-in last Sunday night?

Janith Short certainly is proud of her cedar chest that Dwayne gave her for Christmas. He made it in shop. We hear that Lynette Potts also received one from Jerry Thuett.

Seems like the kids in the Jr. and Sr. classes are having more parties this year than ever before.

Is Bobby Hudman getting up a case with Beverly Young?

Who is the boy in the Jr. class that's been getting these midnight phone calls from Phyllis Baker?

Why did Kent Wheatley want to go to see the Tahoka girls play in the Slaton basketball tourney last Saturday night?

Buddy Moreland and Sharon Isaacs certainly know how to throw a party.

Why do the Magnificent Seven start all those nasty rumors?

Lee Williams got a new watch for Christmas and it has everything on it but the year. But if it had the year, Lee would have it turned up to 1982.

Seems like now is the time all the Seniors start wondering what they will do when they get out of school. Looks like they only have three choices, go to school, get married or go to the Army. Looks kinda gloomy for some.

Wayne McFadin, what have you got on your finger? Jungle rot, maybe?

Janie Carridine who is that cute boy on the Post Antelope basketball team that you have a mad crush on? Can't blame you a bit.

Why are Tuesdays and Fridays the only days that Harold Wayne Mason isn't sick?

Truett Latimer new candidate for State Senator from 24th District

Truett Latimer, Texas legislator from Taylor County for the last ten years, will be a candidate for State Senator from the 13-county 24th Senatorial District, he announced Wednesday.

He said he will make an aggressive campaign for the office and promised to maintain personal contact with every community in the district. Latimer said he will formally file as a candidate with the individual county Democratic chairmen in the very near future.

In announcing that he had decided to offer his services to voters of the 24th Senatorial District, Latimer issued this statement:

"During my ten years in the legislature, I have served on many important committees and have handled much legislation of local and state-wide significance. I believe my experience fully qualifies me for the office of State Senator. I promise the most aggressive, all-out campaign for the state senate that this district has seen in many years. I feel that the 250,000 people who live in this 13-county district are entitled to representation in the Senate that is not afraid to speak out on issues which affect them. As a candidate and as Senator, I will make myself available at all times—not just on election years—to every community in the district."

A native of Shackelford County, Latimer was reared in Jones County where he attended public schools at Lueders. He moved to Abilene to attend Hardin-Simmons University where he received the bachelor of arts degree in 1951.

He was elected to the Texas Legislature from the 84th District (Taylor County) in 1952 and has served in the 53rd, 54th, 55th, 56th and 57th sessions. He has held many committee posts in the Legislature, including chairmanships and vice-chairmanships of important committees. He has served on 12 of the Legislature's 43 standing committees; two on Appropriations, two terms on water, three

on Agriculture, and four on Insurance.

In 1955 he helped rewrite the Texas Insurance Code after scandal almost wrecked the state's insurance industry. He was author of the 1957 Texas Water Planning Act, the Texas Feed Control Act of 1957, and also sponsored legislation calling for study of the state's Constitution with a view of possible revision. Among the bills of local importance he sponsored in the House was the one creating the West Texas Municipal Water District.

Latimer operated an insurance agency in Abilene from 1952 to 1955. Since then he has served as alumni director for Hardin-Simmons University. He also has served 12 years in the Texas National Guard and one year in the Army Reserve. He is a member of the Abilene Rotary Club and Junior Chamber of Commerce and is a board member of the Texas YMCA Youth-In-Government Program.

Counties in the 24th Senatorial District are Garza, Kent, Stone-wall, Haskell, Borden, Scurry, Fisher, Jones, Shackelford, Taylor, Nolan, Mitchell and Howard.

Studies are varied in Language Arts

By Julie Clark
In Language Arts, we are studying first, second and third person pronouns. We are also studying about using pronouns as subjects and how to write a paragraph.
Also, we have been studying to proof read what we write, and using nouns and appositions. Another thing we're studying is how to evaluate pictures we saw on TV or programs we heard on the radio.

SON VISITS

Lewis McMahon, of Los Angeles, Calif., son of Mr. and Mrs. O. V. McMahon, spent several days here recently prior to attending the General Evangelistic Conference in Kansas City, Mo. Rev. McMahon preached at the evening worship service at the Church of the Nazarene a week ago Sunday. He and his father left last Tuesday to attend the conference.

Interesting work for 7th graders

By Marcia Newby
Here's a little rundown on what our 7th graders are doing in our classes.

First we are really getting hard times in Language Arts with transitive and intransitive verbs. At least I am. Also we have recently had a long reading test but luckily we got to use our books. That helped a lot!

In Math we're covering fractions pretty well. Mostly we are getting good round in reviewing for that most dreadful semester test.
In Science, Mrs. Storie is working us real well in the preparation for the test. We are now studying about many different things in the field of Science. Bit in this chapter, mostly heat. We sometimes do real interesting experiments to emphasize our facts. I enjoy science very much.

In History and Spelling it's been the same thing, but very interesting. We are studying about Moses Austin and his son, Stephen F. Austin in forming the first colony in Texas. We have done a lot of notebook work on this, too.

In music, we are planning and selecting the characters for a new opera entitled, "Sunbonnet Sue." We all seem to enjoy it and I'm sure we will enjoy preparing it for the public.

In P. E. we are scrimmaging daily and preparing for all the conference games now and in the future. We seem to be doing O K now and I hope we stay that way. We seem to have settled down in the games and started doing our very best.

ARRIVES IN INDIA

Bernie Welch, son of Mr. and Mrs. Ralph Welch, has written his parents that he is on his new job near New Delhi, India, with the Peace Corps. He reports that the Indian people seem happy to have the Peace Corps workers there and he and his co-workers are enthusiastic about their work.

NATO protection afforded members

By Mrs. Wristen
A recent news release from the U. S. Department of Defense reports that 6,000 troops will be moved to Germany in a mid-January airlift in order to enhance the solidarity of the North Atlantic Treaty Organization.
NATO is a strong organization with headquarters in Paris, France. Organized in 1949 by the United States, Canada and the western European nations, the group representing these nations agreed "an armed attack against one or more of them in Europe or North America shall be considered an attack against all."
The first supreme commander was American Gen. Dwight D. Eisenhower.
Imprinted on the flag that flies over NATO headquarters are the Latin words, "Vigilia Pretium Libertatis," meaning "Vigilance Is the Price of Liberty."
Our freedoms and opportunities depend upon our vigilance, alertness and a realization that we must defend the ideals of our forefathers.

National Debut For Debbie Sue As March of Dimes Poster Child

Debbie Sue Brown, a five-year-old winsome young lady of Clarkston, Wash., who is annoyed because she must wait a few years before marrying the boy next door, was selected this week as the 1962 New March of Dimes Poster Child.

Debbie Sue won out over hundreds of small children, afflicted with birth defects, arthritis or polio—health fields embraced by the program of The National Foundation—March of Dimes. The Poster Child lives a life both exciting and glamorous. If physical condition permits, there usually are visits to the White House, to Senators, Governors and other prominent persons as well as radio and television appearances during the New March of Dimes in January.

She will star in a January TV special, "The Scene Stealers," and her picture will appear nationwide on thousands of March of Dimes posters, coin collectors, and mail appeal envelopes.

Debbie Sue, high-spirited and active today, although doctors once believed she wouldn't survive the open spine with which she was born, lives in a valley of the Clearwater Mountains near the banks of the Snake River.

Debbie Sue Brown, 5, Clarkston, Wash., is off to a swinging start as 1962 New March of Dimes Poster Child.

She is brown-eyed and blonde, the daughter of Jack C. Brown, a state highway surveyor, and Barbara Brown, who has a younger daughter, Carla, one year old.

Debbie Sue's birth defect of an open spine was not immediately apparent. But a few days after birth her grandmother, Mrs. Fred Benning, a registered nurse of nearby Orofino, Idaho, recognized that a serious disorder was present; and the parents then drove 400 miles at headlong pace to Seattle's Children's Orthopedic Hospital. (The mother collapsed on arrival and was herself hospitalized.)

At the hospital the parents were told that Debbie Sue's spinal defect was of such severity that the infant probably could not live beyond three months. If she were alive at

six months, however, she was to be brought back.

"We drove home sadly," Mrs. Brown relates, "trying to adjust ourselves to the tragedy of losing our beautiful baby. But our spunky Debbie Sue had no idea of leaving us at three months. At eight months, we returned to Seattle where her spine was mended. When she came out of surgery, she was so mischievous that she succeeded in wrenching free from the blood-transfusion tube and the needle used for intravenous feeding. Doctors told us she must lie face down on the night train riding home. Instead, she insisted on sitting up, jabbering without end and keeping all the passengers awake."

The Asotin County Chapter of The National Foundation—March of Dimes promptly offered assistance and, since 1958, it has financed much of the cost

David Ratliff announces candidacy for re-election as State Senator

State Sen. David Ratliff of Stamford this week announced for re-election as Senator for the 13-county 24th Senatorial District, which includes Garza County.

Before his election to the Texas Senate, Ratliff was elected three times to the House of Representatives. He was elected to the Senate in 1954 and re-elected in 1958.

It is generally recognized that a Senator's usefulness to his state and district is immeasurably increased by seniority. With several members of the Senate retiring this year, Ratliff's eight years of seniority will be invaluable to the people of this district.

Senator Ratliff is highly regarded by his fellow Senators. Last year, as a token of their respect and esteem, they elected him President Pro Tempore of the Senate.

Ratliff now serves on 12 standing Senate committees, including some of the most powerful in the Senate. He has also been appointed to such key interim study groups as the Tax Study Commission, the Cost of Government Study Committee, the Legislative Budget Board, and a special committee to study the problems of the aging.

Based on the broad knowledge of state fiscal affairs, gained from his wide experience as a member of these committees and agencies, Senator Ratliff says that he sees "no need whatever for furthering state tax increases anytime in the foreseeable future."

He does insist, however, that amendments are definitely required to remove inequities and to simplify collection of the sales tax adopted last year.

Senator Ratliff's primary legislative interest through the years has been the major problem of West Texas—water. His activities along this line has included co-sponsoring legislation creating the White River Authority, which will bring an adequate supply of water to Post, Spur, Crosbyton and Ralls.

Senator Ratliff, in making his announcement, expressed his gratitude for the many honors extended to him by the people of the 24th Senatorial District and pledged his continued dedication to sound and stable governmental policies.

"I am running on my past record," Ratliff said.

Application forms are available at the Garza County ASC office for persons who wish to request an increase in their cotton allotment. In the event the county receives released cotton acreage, Emmarhe I. Hartel, office manager, announces.

Persons who have not already signed a request for an increase for reapportioned cotton acreage should remember that the county ASC committee is permitted to reapportion cotton acreage only to those farms for which an increase is filed.

Feb. 16 is the last day to file application for new grower's cotton allotment. Persons who have an interest in another farm or who do not earn at least 50 per cent of their livelihood from agricultural commodities from the new farm are not eligible for a new grower's allotment.

Application forms are available at the Garza County ASC office for persons who wish to request an increase in their cotton allotment. In the event the county receives released cotton acreage, Emmarhe I. Hartel, office manager, announces.

Persons who have not already signed a request for an increase for reapportioned cotton acreage should remember that the county ASC committee is permitted to reapportion cotton acreage only to those farms for which an increase is filed.

Feb. 16 is the last day to file application for new grower's cotton allotment. Persons who have an interest in another farm or who do not earn at least 50 per cent of their livelihood from agricultural commodities from the new farm are not eligible for a new grower's allotment.

Cotton measuring filing time set

Applications for pre-measurement of 1962 cotton acreage may be filed from Feb. 1 through March 30, according to Emmarhe I. Hartel, office manager at the Garza County ASC office.

Farms will be measured on a first filed, first served basis, the office manager said.

The fee for the pre-measurement service will be based on the following factors: \$10 per farm plus 5 cents per allotment acre, plus 9 cents per mile for the estimated number of miles to be driven, plus \$2.50 per hour for the estimated number of hours above three hours that it will take to complete office and field work.

15 students named to Honor Society

Fifteen students have been elected to membership in the Post High School unit of the National Honor Society for the 1961-62 school year, and officers for the year have been elected.

The new officers are Roger Camp, president; Ruthell Martin, vice president; Melinda Newby, secretary, and Leslie Acker, Student Council representative.

Students elected to the NHS were the following:

Seniors: Leslie Acker, Tommy Bouchier, Roger Camp, Jean Johnston, Ruthell Martin, Melinda Newby and Beverly Young.

Juniors: Sammie Kay Caffey, Chris Cornish, Lin Alyn Cox, Marianne Jones and Ann Pennington.

Sophomores: Kenneth Barnes, Linda Pennell and Susie Jo Schmidt.

Four teachers are designated each year to vote on students for membership in the Society, with the votes being cast on the basis of grade average, leadership, and other qualifications.

The National Honor Society was organized in the local high school Jan. 15, 1958. Leonard Tittle is faculty sponsor.

One of the Society's activities before the end of the school year will be annual Career Week at the high school, with business and professional people as speakers.

City Council--

ments from property owners on FM 122 south. On the other two stretches, however—the Ralls and Spur FM roads—more difficulty in obtaining sign-ups is expected.

The streets are being widened to 64 feet, with the highway department doing the paving after the curbs and gutters are constructed. The cost to the property owners is \$1.50 per lineal foot.

The mayor said that in the short time remaining, the city should get every property owner sign-up possible, and then do whatever is necessary to assure the project. He said that at the most it wouldn't cost the city more than \$2,000 and perhaps considerably less, to get the widening projects completed.

The proposed widening and paving would help take care of drainage problems and at the same time cut down on maintenance costs, the mayor pointed out.

Mayor Shytles told the council that engineers had surveyed the water field and said the city could increase the water flow into town at very little expense.

The increased flow, which would amount to approximately 350,000 a day, can be brought about by temporarily closing one or two of the present water wells and closing off one water line, the mayor said he had been informed by the engineers.

"The only foreseeable expense," the mayor said, "is the purchase of a new motor and a small pump for the pump house."

The additional 350,000 gallons, he explained, would increase the flow to 1,500,000 gallons a day and, in all likelihood, would enable the city to get by on its water needs for the next two or three years, in which time it is expected that water will be available from the White River project.

The mayor told the council that the city engineer had told him the proposed sewer extension project could be reduced from the \$70,000 originally figures as the cost to about \$50,000.

"The engineers assured me," the mayor said, "that this would still take care of our sewer extension needs."

He explained, however, that a federal grant of \$21,000 already has been made on the basis of the original estimate of \$70,000. "If we reduce it to \$50,000," he said, the "federal grant will drop to about \$15,000, since they are to pay one-third of the actual cost."

The mayor said he believed the city could furnish the \$35,000 it would need on the project without having to issue warrants. He said he believed this amount could come from a reserve already built up for extensions and improvements to the main sewer system.

There was a brief discussion on what the city will need to do if the rural telephone project now in the making goes through.

This project, on which Caprock Telephone Co. of Sour already has been granted \$150,000 by the federal government, would provide rural telephone service in areas north, northeast, east and south of Post.

The mayor said the Caprock Telephone Co.'s proposal is to build an exchange about four miles out of Post and tie in with the General Telephone Company of the Southwest exchange here. He said officials of the latter company already had told the city that such a tie-in would necessitate an increase in telephone rates here.

The mayor explained, however, that people in the areas needing telephones are not making any unreasonable demands. "They're just wanting to know what the City of Post will need to do to help them get telephone service," Shytles said.

The mayor told the council that a number of people had expressed concern over what the city was going to do about removing the hull of the Algeria Hotel, which was almost totally destroyed by fire early in December.

"The owners of the hotel property have told me," Shytles said, "that they are now taking bids for the removal of the ruins."

was repaired after about three hours of low gas pressure. Dick Wood, manager here, reported. Don Carl, hospital administrator, alerted Wood to the low pressure. He reported the hospital got "a little cool" before the pressure was restored.

* If you haven't seen it, Post's new housing addition, Ridgefield, which is announced in today's Dispatch by Starlite Corporation, is a dilly. Camden Circle is quite intriguing. There's even a neat little addition sign at the entrance on Ridge Road—if they get the sign finished in time now that the cold wave has hit. Take the page announcement along with you when you go out for a look and you will find each lot clearly marked and readily identifiable.

* A howdy here in closing to Charles Ostrander who has purchased the Post Bowling Center and who is planning to move his family here from San Angelo. You'll find details of Charles' purchase elsewhere on the front page and his plans in an announcement on the sport page.

* Trouble analyzed by The Dispatch's photo-engraver as defective film caused our editor-photo-grapher to "miss" his shot of little Lavonda June Byrd, Garza County's first 1962 baby. The photo-grapher went out Monday to take a picture of the first baby and her mother, Mrs. Delbert Lee Byrd, and naturally was disappointed when word came from the photo-engraver that the picture didn't pan out.

New addition--

has restrictions to protect home owners.

Starlite Corporation has a full-page announcement of Ridgefield on page 3 of today's Dispatch with a scaled drawing of the addition, full explanation, and even lot prices.

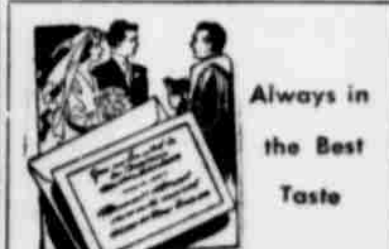

The addition has four sites facing east on Ridge Road and eight others grouped around Camden Circle, which offers "around the compass" choice of front.

Williams offered Westgate Addition in 1957, Sunset in 1958, Westgate in 1959 and West Haven with others in 1960.

New wall panel developed for farm buildings

COLLEGE STATION—An experimental wall panel, made of a 2-inch layer of plastic sandwiched between half-inch layers of reinforced portland cement, has been developed by the USDA for use in constructing farm buildings.

These panels are light enough to be handled by two or three men and are cast with holes for bolting to wooden posts set 8 feet apart. No special tools or equipment are needed to erect a one-story building with the panels, the USDA says.

According to USDA scientists, an experimental panel building constructed at Beltsville, Md., nearly two years ago has shown no signs of weathering. They estimate the panels will last more than 20 years.

Cost estimates indicate the panels are more expensive than concrete blocks for buildings of equal size. Total building costs would be comparable, however, because a panel building can be erected about four times faster than a block building.

The panels are suitable for milking parlors, chicken houses, barns and other enclosed livestock buildings where insulation is necessary. Tests simulating an animal falling or being pushed against the panels proved that the panels can withstand heavy or repeated blows by livestock.

Buildings constructed with these panels would be easy to clean and disinfect because the inside of the building is free of studs and the interior surface is extremely

smooth. Joints are sealed with a caulking compound. The finished panels are light gray in color, but they may be painted.

C-MEMBERSHIP UP

Membership in the Post Chamber of Commerce has increased to 301 with the addition of Post Pharmacy and the Clinic Pharmacy. Mrs. Joan Stewart, Chamber secretary, reports.

Sundown cage teams play here Friday night

Girls defending Class A champs

The Post Antelopes and Does go into action here this Friday night against the Sundown and girls' basketball teams, the girls' "B" teams also scheduled to play.

The "B" teams will open the evening's cage program at 5:30 p. m.

The Sundown girls' team is defending state champion in Class A and is one of the area's strongest teams again this season.

Leading scorer is Sue James. Each Van Kountz' Does, who have been plagued by injuries and as the last few weeks, are expected to give the Class A state champions a busy evening if they are at full strength.

Neither the Post nor Sundown girls' teams have enjoyed much success this season and their game is expected to be a toss-up. Sundown was defeated by Crosbyton in a game to determine seventh place in last week's Seagraves Tournament, and the Antelopes of Coach Richard Souter have defeated Crosbyton twice this season for two of their four victories.

Following Friday night's Sundown games, the "A" boys and "B" teams and "B" boys' team go to Slaton Monday night to their District 3-AA schedule against the Tigers and Tigerettes. The Slaton boys have one of the best teams in several years and are expected to push favored Denver City for the district championship. The Slaton girls' team is as strong as usual, but is expected to provide the Post girls with all the opposition they can handle.

The Denver City Mustang "A" and "B" teams will play here Friday night, Jan. 19, in conference games. Denver City does not have a girls' team.

CAGE SCHEDULE

- Jan. 12: Sundown, here, ("A" and boys, "B" girls), 5:30 p. m.
- Jan. 15: Slaton, there, ("A" girls boys, "B" boys), 5:30 p. m. (Conf.).
- Jan. 19: Denver City, here, ("A" "B" boys), 6:30 p. m. (Conf.).
- Jan. 23: Stanton, there, ("A" and boys, "B" boys), 5:30 p. m. (Conf.).
- Jan. 26: Tahoka, here, ("A" and boys, "B" boys), 5:30 p. m. (Conf.).

State officials probe blast

Investigators from the Railroad Commission arrived Wednesday to seek the cause of an explosion which Saturday afternoon killed two persons and injured five others, one critically.

The blast occurred in a building used for storage of 30 by 40-foot service building wrecked by the explosion which was estimated at \$15,000.

Those killed in the explosion were Albert Cherry, 57, owner of the building, and Lynn Kidd, 12, son of Mrs. Joe Kidd.

Ernest Morrow Sr., 50, who was critically injured in the blast, is reported improving. He was taken to Parkland Hospital, Dallas, for treatment.

Junior high teams break even in 4 games at Tahoka

The girls won and the boys lost in junior high basketball games at Tahoka last Thursday night.

Coach Billy Hahn's 8th grade girls came through with a 29-11 victory and his 7th grade girls won, 25-7.

Coach Wilburn Bigott's 8th grade boys lost a close one, 24-20, and the 7th grade boys were defeated, 34-25.

In the 8th grade girls' game, Marilyn Jones led the Post scoring with 13 points. Others notching the scoreboard were Pat Landreth, 6; Beverly Duncan, 6; Carol Camp, 2; and Sharla Pierce, 2. Joyce Corley also saw action at forward, and guards were Cerretha Jones, Pam Owen, Betty Hutchins, Antonia Barreda, Delores Strofer and Wanda Bilberry.

Sherry Woods, with 12 points, was tops for Post in the 7th grade game, closely followed by Jan Miller with 11. LaGayluah Young scored Post's other two points. Other forwards were Marcia Newby, Belinda Lee, Linda Hays and Mary Eubank.

Seeing action at the guard positions were Linda Altman, Jaynie Josey, Edith Johnson, Maria Solis, Linda Davis, Cheryl Pennell and Jo Beth Dillard.

In the 8th grade boys' game, Ruben Solis scored 7 points for Post, Birch Lobban, 6; Sammy Sims, 5, and Louis Ayala, 2.

Ronnie Pierce scored 19 of Post's 25 points in the 7th grade game. Dick Kennedy scored 3; Davis Heaton, 2, and Donnie Windham, 1.

SOUTHLAND VISITORS

Antelopes lose two in Slaton Tournery

The Post Antelopes lost only the two games they played in last week's Slaton High School Invitational Basketball Tournament, losing to Floydada, 61 to 40, and to Tahoka, 45 to 33.

The two losses brought the Antelopes' record for the season to four victories against 11 defeats.

Coach Richard Souter's cagers completed their tournament season with the unenviable record of not having won a single tournament contest. They lost two straight in the Ralls Tournament, the ABC Caprock Holiday Tournament at Lubbock and the Slaton Tournament.

The box scores of the Antelopes' Slaton Tournament games follow:

Cash is honored by Texas sports groups

Double honors came to Justiceburg's Norm Cash last week when he was named as the Texas professional athlete of the year by the Texas Sports Writers Association and as Texas' major league baseball player of the year by the Old Timers Professional Baseball Association of North Texas.

The Sports Writers Association selected Cash for the honor in a close race with George Blanda, the Houston Oilers' great quarterback who was most valuable player in

Frenship games are called off

The Post Antelopes' and Post Does' basketball "layoff" was extended Tuesday night when games scheduled at Frenship (Wolforth) were called off because of the frigid weather.

The last time the Does saw action was in the Coahoma Tournament week before last. The Antelopes haven't played since last Saturday morning when they were eliminated from the Slaton Tournament by Tahoka.

the American Football League. Receiving the third highest number of votes was A. J. Foyt of Houston, winner of the Indianapolis Speedway Classic. Foyt is a cousin of Mrs. John H. Cook of Post.

As Texas' major league baseball player of the year, Cash will be honored at the mid-winter banquet of the Old Timers Professional Baseball Association, to be held Feb. 8 at the Hotel Adolphus in Dallas.

Joe Garigiola, former National League catcher and now one of the nation's foremost baseball announcers and banquet speakers, will be the featured speaker at the Dallas banquet.

Cash, first baseman with the Detroit Tigers, is the American League batting champion for the 1961 season.

**It's the Law
in
TEXAS**

YOUR LEGAL NAME

Most probably you are never quite sure whether your wife should use your first name, or her own, when signing an important paper.

Perhaps you also wonder whether to put a "Mr." or a "Mrs." in front of a signature; and you can get all mixed up about a "Jr." or a "Sr." after it. Then, what about your middle name or initial?

It seems that for centuries under common law a legal name has consisted of one Christian or given name and one surname or family name. The law presumes that every person has a given name and a surname which must be stated in full on any legal document.

The law pays little attention to a middle name or initial, but it is wise to use either one or the other for exact identification. You must be consistent, too. For example, one real estate buyer was advised to sign all papers by his full name "William Alton Smith Jr." to make it clear which of the Bill Smiths was buying the property.

If you are a "Jr." or a "Sr." such description should be used to help distinguish you from namesakes.

As for "Mr." in front of your name, that's not important at all. The same is true for "Mrs.," because it's your wife's own given name that counts.

When a woman marries, she takes her husband's family name. Her maiden surname is absolutely lost. Many women incorrectly use their husband's full name, and sign "Mrs. William A. Smith," for example. The correct way is for her to sign her own given name and her husband's surname such as "Joan Marie Smith."

A divorced woman who wants to resume the use of her maiden name may, under some circumstances, have it returned to her by court order.

**Vet's
Forum**

Q. Do servicewomen receive the same benefits as servicemen after they are discharged and become veterans?

A. Yes.
Q. When a veteran believes he holds re-employment rights in a Federal agency, but the agency refuses to re-employ him, to whom does he appeal his case?

A. In the case of a field service position, appeal should be made to the Civil Service Regional Office having jurisdiction over the area; in case of a departmental service job or central office position, appeal should be made to the Central office position, of the U. S. Civil Service Commission, Washington, D. C.

Q. I am a World War I disabled veteran drawing service-connected disability compensation from the VA. In the event of my death, what benefits (if any) would my wife be entitled to?

A. If your death resulted from your service-connected disability, your wife would be entitled to compensation. If your death resulted from a non-service-connected cause your wife would be entitled to a pension depending upon her annual income.

Q. How many veterans are still in schools and colleges under GI education and training programs? Is this program still open to World War II veterans?

A. There were about 135,000 veterans still in educational programs under the Korea GI Bill as of Oct. 31, 1961. This program has been extended for World War II veterans.

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

**THE CHURCH FOR ALL
ALL FOR THE CHURCH**

What is she thinking about, as she watches the flickering candle flame? There is a far away look in her eyes that makes one wonder. Yet, if she were offered a penny for her thoughts, she would probably only shrug and say, "Oh, nothing," in that maddening little way children have.

Watching her absorbed in her reverie is like an illustration of how closed one mind is from another. No one can ever know completely what another person is thinking. A thought expressed out loud all too often leaves something out of the telling. And most thoughts are never expressed at all.

Even should we wish to, we cannot entirely share our minds with one another. But we can share them with God. In the Church we can find the way to tell Him all our hopes, our fears, our loves, our angers, our pride, our pain.

Go to church this Sunday—and turn your own thoughts into prayer.

KRAUSE RITES HELD
Last rites for Albert A. Krause, 61, of the West Point community in Lynn County, were held recently at St. John's Lutheran Church in Wilson, with burial in the Southland Cemetery. Mr. Krause was killed in a hunting accident near his home. He farmed in the Southland vicinity before moving to the West Point community in 1953. He was a brother-in-law of Constable A. J. Becker of Southland. It was co-sponsored by the accounting department of the Tech Business Administration School and the IRS.

AUSTIN—"Escheat" is a word you'll hear often during the next 30 days. With the fourth session of the 57th Legislature under way the most important item on the agenda is "escheat". Governor Price Daniel called this third special session because he believes the more than 1,500 banks and savings and loan associations should be subject to escheat. But just what is "escheat"? It's a process as ancient as Roman history; written in Old England's feudal law; described by Webster as, "Reversion of land to the crown, or to the state in the United States, by failure of persons legally entitled to hold the same." Escheat provisions were incorporated in the constitution of the Republic of Texas, and enacted as a state statute in 1885. Texas law always has stated that when anybody dies without heirs, or disappears and can't be found, his property shall be turned over to the state, after seven years. But the law has lacked a provision by which persons or institutions holding property of missing persons were required to report it. Governor Daniel started pushing for a provision three years ago, but last summer the Legislature finally passed a reporting provision. But the bankers have fought it long and successfully. They are still exempt from the reporting law, although all other businesses and public agencies must comply. During the interim between legislative sessions, a special house committee has been investigating enforcement of escheat laws applicable to banking institutions. Committee discovered that much of the \$4,000,000 escheatable accounts lying dormant in Texas banks is being dissipated through service charges and recommended that:

1. The Legislature add banking institutions to the escheat enforcement law without delay, and require banks to advertise for lost owners after seven years.
2. That this matter receive prompt attention in the January session, because the committee estimates a year's delay would mean the loss of \$1,000,000 through the procedure of service charges on accounts that don't require service.
3. That the committee keep on working to see if there are any other considerations which should be brought to the attention of the 58th Legislature.

ALTHOUGH THE GOVERNOR hasn't said he'll introduce loan legislation at the special session, it's considered a safe bet that the uproar over "loan shark" practices of sky-high interest rates will prompt him to place this issue on the January agenda. The Legislative Council had a heated debate, and voted 9-2 to commend a loan bill backed by Representative Criss Cole of Houston. Cole's bill sets a 10 per cent ceiling on interest to be charged on loans. A lender would be able to charge more than 10 per cent on loans under \$1,500 only if he got a state license, paying \$200 for investigation and \$200 a year license fee. To get the license, he'd have to hold \$15,000 in liquid assets for each loan office, and post a \$20,000 surety bond, plus \$5,000 for each branch, plus the \$200 annual fee for each office. Cole's bill calls for creation of a Consumer Finance Commission which would examine each lender's books annually, at the expense of the lender. Interest charges would be limited to: 10 per cent per annum on the amount of cash advance; plus a "service and availability charge" of 3/4th of one per cent per month for each \$1 of the first \$400 of the loan on loans over \$100. On loans under \$100, the charge would be \$1 for each \$5 borrowed.

The Council hopes to augment this amount with \$2,000,000 in private subscriptions. **NATIONAL INTEREST** in Texas' program of work with the mentally retarded resulted in the appointment of Charles S. Eskridge, director of the Division of Special Education of the Texas Education Agency, to the President's Task Force Committee on Education and Rehabilitation. Eskridge will serve with physicians, scientists, educators and rehabilitation specialists selected from other sections of the country. Approximately 5,000,000 Americans are mentally retarded, of whom four per cent reside in institutions at an annual cost of almost \$300,000,000. The Texas Education Agency has been notably successful in a cooperative school-work program of local school education of mentally retarded children between the ages of six and 17. **IN AN EFFORT** to stimulate housing for those men and women among Texas' 745,000 old folks who need either specially-built small homes, apartments priced within their limited incomes or institutions that offer nursing care, the Governor's Committee on Aged has prepared a guide to federal building programs. Guidebook outlines procedures and requirements for obtaining building loans from seven federal agencies, some of which are virtually unknown to the average citizen or organization. Response has been so great that the original order of 3,000 copies is with at least 15 days to be allowed to repay each \$5 of the loan. If excessive charges are made, the lender would have no right to collect principal or charges, and would be fined from \$100 to \$1,000, and confined to the county jail as long as six months. The dissenting votes in the Legislative Council were from Senator Charles Herring of Austin, who calculates the minimum rate on loans of \$1,500 to be 45 per cent, and Rep. Don Kennard of Fort Worth, who figures a \$5 loan for 15 days would cost the borrower 464.4 per cent interest under the Cole bill. **THE 600 who decided to organize** a Texas Tourist Council at the November "Texans for Tourists" conference here, have swollen to an estimated 1,000. After the group approves a constitution and elects officers for the "nonpartisan, nonprofit" tourist promotion organization, it will host a "dutch lunch" for all representatives and senators. Luncheon will feature a presentation urging that money be made available from the General Fund to the Texas Highway Department for tourist advertising purposes. W. Price Jr., chairman of the Tourist Council's executive committee, writes, "We have every reason to believe that the Governor will submit in his call appropriations for the tourist attraction program before our meeting on January 10". Earlier, the committee estimated that \$3,000,000 would be needed from General Revenue to get the advertising program underway.

FORMER PASTOR WRITES
Dear Mr. Cornish:
Please find enclosed check for renewal of our subscription to the Post Dispatch for another year. Though we have been away from Post over four years, we still read and look forward each Monday to just about depleted. Committee Chairman Senator Crawford C. Martin has ordered a second printing.
I appreciated so much your editorial in the Christmas issue of The Dispatch, "Some Christmas Thoughts." It was very timely. Don't know when we will get back to Texas on a visit, possibly not before 1963—and maybe in 1962. Best wishes for a "Happy New Year" to you and your co-workers.
Very sincerely,

Nation's Mailmen Are Potent Force In March of Dimes Disease Battle

A small, yellow envelope serving as a harbinger of an expanding war on crippling disease arrives in the mailboxes of 40 million American families this week. It brings the "mailer" of the 1962 March of Dimes, now dedicated to seeking the answers to birth defects and arthritis while continuing its work in polio. Printed on each envelope is the confident prophecy, "Your Dimes Will Do It Again!" Addressed by tens of thousands of volunteers in the county chapters of The National Foundation—March of Dimes across the nation, this symbol of scientific research and total medical care for the victims of these diseases promises immediate help and future hope through the generosity of the American people.

National Poster Child of 1962 March of Dimes, Debbie Sue Brown, 8, Clifton, Wash., exhibits jumbo-sized mailer for contributions. Born with the serious birth defect of an open spine, Debbie Sue inserts bill in an envelope almost as tall as she is.

The prediction on the mailer, "Your Dimes Will Do It Again!" is a reference, of course, to development of the Salk anti-polio vaccine and to the later Sabin oral vaccine. Both were made possible, as were the medical care and rehabilitation of many of those paralyzed by polio, by public contributions to the March of Dimes. Many millions of the dollars so well used to bring about these accomplishments came to local chapters through similar mailers in years past.

Recipients of these mailers, including those in distant Hawaii and Alaska, were urged by March of Dimes leaders this week to return the mailers to local chapters as promptly as possible.

As one chapter chairman said: "Aside from financial outlays needed urgently for research and for total medical care of victims, The National Foundation—March of Dimes must expand its already existing national network of chapter-supported clinics helping those stricken by birth defects or by arthritis.

Trustees approve 3 new teachers

School trustees of the Post Independent School District in a dinner meeting at Judy's Cafe Monday night accepted the resignations of two Post teachers and approved Supt. R. T. Smith's recommendations for the hiring of three others. Resignations were accepted from Mrs. Foy Leonard, first grade teacher, effective immediately, and from Mrs. Francis Camp, high school homemaking teacher, effective at the end of the current semester later this month.

The trustees employed Mrs. Patti Alexander, wife of Coach Vernard Alexander, to fill the vacancy left in the homemaking department for the last half of the school year only.

Mrs. Alexander majored in home economics and has several years of teaching experience.

Trustees approved Supt. Smith's recommendation to employ Mrs. Marian Duncan, former local teacher now completing work for her degree at West Texas State College, in this position for the 1961-63 school year.

Mrs. Duncan has taught in the local system for several years.

Charles Black, who will graduate at the end of the first semester from Texas Tech College, was hired as junior high teacher and coach replacing Gerald Loyd, who resigned some weeks ago to become athletic director for a boys' club at Farmington, N. M.

Black will assume his new duties here at the start of the second semester.

Supt. Smith reported Black majored in math and P. E. with a teaching minor in science. He is married and has one child.

Trustees also voted to requisition two new 48-passenger Chevrolet buses at the start of the 1962-63 school year. The requisition order must be placed now to receive the new buses by fall.

A three-member trustee committee of E. R. Moreland, Quannah Maxey and Bobby Pierce was named to try to find a two-acre site with available water to which the hog pens of the vocational agricultural students could be moved. The pens are now located near the 4-H building in the city-county park.

Nation watches Texas medical care program

Dr. Harry A. Tubbs told Rotarians at their Tuesday luncheon that "the eyes of the nation are upon Texas"—the first state to try an effective medical care plan for the aged through the new Kerr-Mills federal law.

Texas initiated the plan via Blue Cross insurance coverage of those eligible for old age assistance, beginning Jan. 1.

"If the Texas plan fails, government medicine will have taken a long stride forward," Dr. Tubbs declared. "The success or failure of the Texas program rests squarely upon the backs of the doctors. We know that."

The local physician described details of the new medical care program for the aged, as published recently in The Dispatch, and explained why medical men favor such an approach. He pointed out that the patients and the doctors under such a plan have the "freedom of choice."

Don Curl, hospital administrator, said that of the estimated \$77,000, 000 first year cost of the program in Texas, the federal government will pay \$55,000,000 and the state about \$18,000,000.

Accident results from high wind

Last Thursday's high wind was blamed for an accident involving a pick-up truck and an empty cotton trailer and another pick-up truck just west of the bowling alley on U. S. Highway 380.

City Marshal Junior Shepherd said the accident occurred when the empty trailer, being towed by a pick-up driven by Wilson D. Williams, was blown over by the wind, whipping Williams' pick-up in front of one driven by A. I. Cross.

Williams, who lives on Route 3, was driving east. Cross, a resident of Star Route 2, was headed west.

Neither Williams nor Cross were injured, but their pick-ups sustained heavy damage, according to the city marshal, who ruled it an "unavoidable accident."

Firemen busy, damage minor

The severe weather of the last few days, particularly last Thursday's high winds, has contributed to a rash of fires in the vicinity, but damage is reported as only minor by Fire Chief Robert Cato.

Firemen were called yesterday afternoon to extinguish a fire in a trailer house on West 4th Street. Minor damage was caused by the blaze, which caught from a heater.

Sunday afternoon, firemen extinguished a grass fire on Double U property near town.

During last Thursday's high winds, the firemen were called to put out two fires in the burr hopper at the Pleasant Valley Gin and one in the burr hopper at the Planters Gin.

Five are charged in police court

Five youths were charged Monday in city police court with disturbing the peace. City Police Judge Percy Printz' docket shows.

Three of the five had pleaded guilty and paid fines up to Wednesday noon. They were Manuel Cervantez, who paid a \$20 fine, and Eddie Gonzales and Eddie Valez, who paid \$15 fines each.

The other two charged are Lee Bustoz and Mary Basquez. The disturbance with which the youths are charged is alleged to have occurred Sunday on North Avenue H. T. C. James was the complaining witness, according to the court records.

Three fined after pleas of guilty

Three persons pleaded guilty Monday in county court, two to charges of driving while intoxicated and the third to a charge of aggravated assault.

Lito Rameriz and Lynn Dale Basheers each were fined \$50 and costs, sentenced to three days in jail and had their driver's license suspended for six months after pleading guilty to driving while intoxicated.

C. R. Wilson was fined \$75 and costs after pleading guilty to a charge of aggravated assault.

Former resident buried Friday

Funeral services for a former Post woman, Mrs. Birdie E. Theil Brown, 77, were held Friday in the Austin Street Church of Christ in Levelland.

Mrs. Brown, a resident of Route 2, Levelland, moved there from Post 18 years ago. She died Wednesday of last week in a Levelland hospital.

Burial was in Reshavan Memorial Park at Lubbock.

Mrs. Brown's survivors include a brother, L. P. Baker of Post.

Cato is re-elected fire chief in Post

Robert Cato was re-elected as fire chief Monday night at the regular weekly meeting of the Post Volunteer Fire Department.

Others re-elected were Loyd Mock, president; Ira (Dad) Greenfield, secretary; and Travis Thomas and Gene Moore, assistant fire chiefs.

Sheriff to return prisoner to Post

Sheriff L. E. (Fay) Claborn Jr. was scheduled to return today from Los Angeles, Calif., with Tony Thomas, a Negro, wanted here for probation violation.

Claborn left for California Tuesday of last week, but has been delayed in returning the prisoner because of extradition papers not going through. It was reported at the sheriff's office here.

Deputy Sheriff Oscar Gray said the extradition papers had been sent here from Austin, but had to be returned because of a mistake, and for some reason or other had not been wired to California, as promised.

Gray said he talked to Claborn by phone Tuesday and that the prisoner had agreed to waive extradition proceedings. Gray said Claborn told him he would leave for Post with the prisoner at 9:30 a. m. Wednesday.

Thomas was given a four-year probation sentence here earlier this year after pleading guilty to a charge of forgery.

RMA buffet supper set for Jan. 18

The annual membership meeting of the Retail Merchants Association of Post will be held at 7:30 p. m. Friday, Jan. 18, in the form of a buffet supper, manager E. E. Pierce said today.

Mrs. Linda Beedle of Lubbock will be in charge of the program, part of which will consist of a panel discussing credit problems of retail merchants. Mrs. Beedle will bring panel members with her from Lubbock.

Chant D. Lee will be toastmaster at the supper, to which members and others attending are also invited to bring their husbands or wives. Tickets to the affair may be purchased from any RMA member at \$1.50 each, Pierce said.

The meeting is open to everyone engaged in retail business, according to the manager.

Unemployment is predicted to rise for job rate for some economists

For some 10,000 home economists in business, extension work and social welfare will become a major concern over the next few years, according to Changing Times, the national magazine.

Reporting on a study by the American Home Economics Association, an article in the current issue of the magazine notes that demand for home economists is increasing, not only because of the increasing use of home economists but because turnover is very high.

"That's not because of discharges with the work—it's because home economists practice what they preach," according to the magazine. "They are advising families on how to handle their affairs and they enjoy that advice themselves in managing their own families."

Changing Times points out that an expanded use of home economists in other areas, the greatest demand for workers will be in secondary education, where as many as 5,000 home economists teachers must be recruited as replacements required by rapidly increasing enrollments.

The need is especially strong at the ends of the ladder—"at the top where there is a serious shortage of home economists to fill supervisory positions, and at the bottom where the supply of beginners is too thin."

PRISCILLA CLUB TO MEET Priscilla Club will meet Friday at the home of Mrs. Monroe 702 West 7th at 3 o'clock for regular meeting.

The monthly social was held a week ago Wednesday at 7:30 p. m. Games were played by the group and their guests.

Refreshments of cookies, sandwiches and Cokes were served to the following: Wayne Gamblin, Benny Owen, Butch Cross, Susan Ramsey, Lana Haynie, Judy Clary, Vivian McWhirt, Pat Cornell, Lee Williams, Roger Camp, Wayne McFadin, Glenn Polk and Jackie Fluitt.

Post represented at church meet

Rev. and Mrs. J. T. Crawford and O. V. McMahon attended the General Evangelistic Conference of the Church of the Nazarene held in Kansas City, Mo., last week, Wednesday through Friday.

Over 3,000 people attended the conference from all over the United States and Canada. The Crawfords report it was a wonderful meeting and they enjoyed the fellowship with so many people from different parts of the country.

Mr. McMahon returned home with the Crawfords on Friday. They stopped en route at Dodge City, Kans., to pick up Gene Dawson, who had been visiting relatives there.

Sermon topics named for Assembly of God

Sermon topics for Sunday services at the Assembly of God Church were announced today by the Rev. J. R. Brincefield.

"Do You Have Scriptural Evident That You Are in the Lord's Fold?" is the topic for the 11 a. m. service with the text found in John 10:16.

"Have You Been Baptized Into the Body of Christ by the Spirit?" is the subject of the 7 p. m. service with its text found in First Corinthians 12:5.

The pastor invites the public to hear these messages.

It's My Turn

BY MRS. C

This is I-hate-federal-and-state-government-month for me. Some people refer to it as January, as I used to before becoming a free gratis bookkeeper for our government.

I take no blame for all this free work that the government imposes on those who operate their own business. I was much too young when the federal government suckered the American public into all this free you-do-it-or-go-to-jail stuff.

All of these forms, forms and d forms that have to be filled out quarterly and annually are not only annoying but just a little bit maddening. You not only send them money (that you need to pay your Christmas bills) but they even tell you how to send it. I mean there are those agencies that insist on money orders or cashier checks. Since all other business gets transacted by check, how come these state and federal boys have to get so high and mighty?

One has to be careful not to fold, spindle or mutilate those lovely depository checks either. I have an irresistible impulse to really mess them up and send them in and see what the district director of internal revenue thinks of that. If things ever get dull at The Dispatch, I just might do that to liven things up a bit.

There is one beautiful form that one fills out annually. Naturally, it's another tax that has to be paid. Well, anyway, it has a lot of columns on it and you spend your good time and intelligence, subtracting and multiplying a bunch of figures to keep coming up with the same answer that you have already figured out before starting. Some weirdo in Washington just had to dream that one up.

Then there are the W2 forms. Seems like the Dispatch employees always want to make out their income tax early, so I get greeted every morning with a, "Have you made out the W2 forms yet?" instead of with a proper, "Good morning."

Well, I've gotten all that out of my system for the year. However, I'm sure you've noticed I didn't go into income taxes. I'm saving that for my next big mad at the government.

RETURNS FROM VISIT

Mrs. S. W. McCrary returned this week from Dallas where she spent Christmas and New Year's visiting her son and family, the Scott W. McCrarys. She attended the Cotton Bowl game New Year's Day.

First meeting of '62 held Monday by Past Matrons

The Post and Southland Past Matrons Club met Monday night for their first meeting of the new year, in the home of Mrs. O. H. Hoover, with Mrs. Noah Stone and Henrietta Nichols as co-hostesses.

Mrs. Stone gave a report on the condition of the club's president, Mrs. J. A. Stallins, who is a patient in Taylor Hospital in Lubbock. Miss Nichols gave a report on the delivery of candy and cookies to shut-ins at Christmas.

Refreshments of miniature sandwiches, salad, cake, nuts and coffee were served to: Mmes. F. A. Gilley, J. H. Haire, S. D. Martin, Will Wright, Donald Pennell, G. N. Smallwood, Ed Denton, Kenneth Callaway, Stone and Hoover and Miss Nichols.

The club's next meeting will be Feb. 12 in Southland with Mrs. Kenneth Callaway and Nellie Mathis as co-hostesses.

First Christian sermon topics are announced

"Why Heaven Was Made" will be the sermon topic at the First Christian Church morning worship Sunday, Jan. 14, Bernard S. Ramsey, minister, announced today. The Lord's Supper will also be observed at the 11 a. m. worship.

At the 7 o'clock evening worship, the sermon subject will be "Why Hell Was Made."

Other activities of the day will include Sunday School at 9:45 a. m. and youth groups at 6 p. m. There is a supervised nursery for smaller children.

Chancel Choir rehearsal will be held Monday evening at 7, and mid-week prayer service Wednesday evening at 7.

A big part of Texas is missing

Boyce House, who died recently in his hotel room in Fort Worth, was perhaps more closely linked with the weekly newspaper publishing industry in Texas than any other man. His memory rates a tribute from every weekly newspaper publisher in Texas.

He was known as "Texas' Braggiest Texan," but to editors and publishers of every weekly newspaper from the top of the Panhandle to the Gulf Coast, he was also known as one of their staunchest friends and "copy providers."

It was our privilege to know Boyce House personally, and even though he was defeated the only two times he ever stepped out and asked for public office, we're not a bit ashamed of the fact that we actively supported his candidacy both times. And, we might add, that both times he carried the county in which we offered our support, even though he didn't succeed statewide the two times he sought the office of lieutenant-governor.

Boyce House was a man of many surprises. The first time he surprised us was when he announced his candidacy for lieutenant-governor. We, like so many other weekly newspaper editors, were so dumbfounded when we heard that Boyce was coming out for a political office that before we had time to recover, we had promised to actively campaign for him.

Another time that Boyce surprised us was three or four years ago when he wrote and told the weekly newspaper press that he was going to start charging a nominal fee for his "I Give You Texas" column, which, up to then, he had been furnishing free of charge. Some of the more prosperous weekly newspapers went along with

Boyce and kept running his column, but some of the others, struggling through the doldrums of the recession existing at that time, quit using it. In no time at all, however, Boyce informed one and all that his "column charging" fee hadn't worked out, and that once again he was furnishing it "for free."

That's the kind of fellow Boyce House was—a Texas to the core.

We've been running the "I Give You Texas" column in The Dispatch for the last two or three years. We have a number of them left—Boyce always kept ahead of time on them—and we're not going to throw them away. They're too good not to use; you'll find one in this issue of The Dispatch.

Another time Boyce surprised us was after we'd helped get him to come to Brownfield to speak at a ladies' night meeting of the Lions Club. Boyce made his usual good talk, but somehow or other the beans they served at the dinner had spoiled and three-fourths of the Lions and their ladies who attended the affair woke up early the next morning with cases of food poisoning ranging from mild to severe.

Boyce, meanwhile, had caught a bus back to Fort Worth. A group of Lions, concerned about whether or not he had eaten enough of the spoiled beans to become ill, got in touch with him at Fort Worth. "Boys," he told us, "I never was as sick in my life. When I saw that bus wasn't going to make enough stops to help me recover, I just piled off along the line and spent the rest of a miserable night in a hotel."

A big part of Texas is missing along with Boyce House.—CD

Down with the poll tax!

This is the month when Texas newspapers are expected to write editorials reminding every good Texan to rush down to the courthouse and get his 1962 poll tax paid by Jan. 31—and thus preserve his right to vote for another 12 months.

This is our reluctant effort along this line. You should pay your poll tax now so when you get up a head of steam later over some issue or against some candidate you will be permitted a ballot to express your feelings in the matter.

We say it is a reluctant effort on our part because we believe most heartily this little nuisance tax should be written off the books. What earthly reason can one offer for paying a tax on voting?

It's a nuisance tax because you must act now—before Jan. 31—or you can't legally vote for the remainder of the year. In other words, it costs every citizen \$1.75 a year for the right to vote.

Boon to savings depositors

The raising of the government ceiling on interest rates on savings accounts met with a quick response in Post. Right on the heels of the Federal Reserve Board's authorization, the First National Bank of Post announced that it will pay 4 per cent on time and savings funds on deposit for a year or longer, beginning Jan. 1.

As explained by the Federal Reserve, the action was designed to "increase freedom of competition" and improve the nation's balance of payments situation. Logically it should have these effects. First, it will put the commercial banks on a competitive footing with savings and loan associations, which are allowed to pay 4 per cent on savings, while banks have been limited to 3 per cent. Secondly, the move will help keep deposits in banks, which otherwise might be moved abroad.

There has been some speculation as to whether the rate-lifting authorization will impel banks

to charge higher interest rates on loans. The opinion among most bankers seems to be, however, that bank loan rates will be affected very little if any by the 4 per cent savings rate.

This opinion seems to spring from the fact that most bankers believe the increase in savings account interest will bring much more business to banks.

The opinion is further supported by the results of a nation-wide survey of investment bankers as to business prospects generally. The survey, reported in a recent U. S. News & World Report, found an overwhelming majority of the bankers expecting a rising trend of business activity in 1962. Most of them are convinced that any tightening of money will be moderate; meaning, "if bankers are right, money will remain relatively easy, and cheap, for most borrowers."

Whatever the other effects of the 4 per cent rate, it is a boon to savings depositors.—CD

Good books target of attacks

The recent "upheaval" in California over Tarzan and Jane never having been married and the removal of Tarzan books from a school library seems to us a shade on the silly side. And, as if that weren't enough, some of Zane Grey's books were removed from the same library.

The Lions Club in the town affected regained some honor for its community by purchasing 100 copies of Tarzan books and 100 copies of Zane Grey's books for distribution among the school board members.

One of the first books we remember reading was Edgar Rice Burroughs' "Tarzan of the Apes,"

and we read many of the others that flowed from the prolific pen of Mr. Burroughs, who, we feel sure, never entertained a thought of writing anything that would corrupt anyone who read it. We've also read a number of Zane Grey's books, of which the same is true. In none of the Tarzan books nor the Grey sagas of the West did we ever find anything that we considered objectionable. In fact, in very few of the books we've read have we found anything objectionable. . . . it always had to be pointed out to us by some "do-gooder" who considered himself, or herself, qualified to pass judgment on what should or shouldn't be read.—CD

What our contemporaries are saying

A friend gives us this definition of a reckless driver: A bird who passes you on the highway at 70 miles per hour despite all you can do.—A. Pate in The Haskell Free Press.

Some people use language to express thought, some to conceal thought, and others instead of thought.—The Hamilton Herald News.

Marriage is a union of two people in which the man usually pays the dues.—Harold Hudson in The Ochiltree County Herald (Perryton).

Corpses of our dreams continue to float past the satin-upholstered gondola freighted with idleness and little fears of failure. There is but one recourse: jump overboard and swim to the first substantial shore.—Douglas Meador in Matador Tribune.

If you've forgotten some of the stanzas of

Auld Lang Syne, and if you catch yourself still writing it 1961, don't worry—you're perfectly normal—but getting older.—A. Pate in The Haskell Free Press.

A tourist was passing through a small town and was arrested for speeding by the local cop, who took the man before a Justice of the Peace. The Justice fined the tourist \$20. The driver handed over two \$20 bills, and the court said, "I said the fine was \$20." The tourist replied: "Keep the forty—I intend to get out of this town as fast as I can."—Neal Estes in The Stanton Reporter.

Tim Tyler told us one recently about weekly newspaper editors from the book "A Texan Tells the Truth About Texas." Tim quotes that weekly newspaper editors have three primary interests—home, motherhood, and full-page ads.—Ken Tooley in The Paducah Post.

THURSDAY to THURSDAY

By CHARLES DIDWAY

LITTLE LAVONDA June Byrd, Garza County's first baby of 1962, came into the world at 11:47 p. m. New Year's Day owing \$1,603. So will every other child born during the year. That figure is the per capita share of the public debt, according to the Chamber of Commerce of the United States.

Other depressing news from the same source is that the dollar, which had 100 cents purchasing power at the beginning of this century, has 28 cents today (the two-bit dollar is almost at hand). If inflation continues at the rate since the Korean War, the dollar will rot to 16.2 cents at the end of this century. By that time, Lavonda June and the other babies born this year will be 38 years old.

THE FEDERAL DEBT and guaranteed obligations of the federal government—\$295 billion—surpasses by \$42 billion all the debts of all the other countries in the world. Uncle Sam's load is really our load. If it isn't too late, a good resolution for what is left of the New Year would be to balance the federal budget.

The man up the street says civilization can be measured by the degree of helplessness that results when the electric power goes off.

EDITOR PARNELL McKay of the Pass Christian (Miss.) Tarpon Beacon is determined to make reporters of all his readers. Here's his unique Page 1 notice:

"If you have cut a new tooth, celebrated a birthday, eloped, been married, had a baby, been on a trip, caught a fish, had company, been in a fight, moved, bought a car, sold your house, sold your hogs, sold out, lost your hair, been robbed, been shot, been arrested, or entered politics—phone GL2-2961. We want to know about you and your friends."

The minister was asked to pray for rain. He did so. The rain came in torrents and destroyed the crops. One of the members remarked to another, "This is what comes of entrusting a request to a minister who knows nothing about farming."

APPARENTLY to meet an acute social need, Cowles' Insider's Newsletter suggests "how to answer non-questions," which are those asked by persons who are nervous if they don't have something to say—like "How are you?" or "Are you all right?" or "How's the family?" These are easy to answer, but the interrogator either knows the answer or isn't interested in it.

If the non-questioner wants to keep the conversation alive he may ask something more provocative, as "I hear you're getting a divorce?" Here the Newsletter suggests a few stock non-answers to help solve the problem. They are: 1) "I forget." 2) "Doesn't everybody?" 3) "Am I?" or 4) "Just lucky, I guess." Of course, some questions call for tailor-made answers. Thus: "Have you been to Paris lately?" to which the non-answer should be, "Where?"

Unhappily the Newsletter doesn't suggest a non-answer to the one classic question which is non-answerable in monogamous countries: "Have you stopped beating your wife?" Polygamous husbands, of course, can reply, "Which wife?"

BANKER L. G. SMITH of Brownfield is another of Post's hometown boys who is making good. L. G., who is a Post High School graduate, has just been elected president of the Brownfield Chamber of Commerce for 1962. Smith is assistant trust officer and vice president of the Brownfield State Bank, where he has been employed for a number of years. News of his election as Brownfield CoC president came at about the same time as news of the election of E. W. Williams Jr., also formerly of Post, as new president of Citizens' National Bank in Lubbock.

The impact of TV commercials on today's youngsters continues unchecked. In a first grade phonics drill exercise, the teacher asked for words that begin with the "W" sound. An eager little hand went up; and in clear musical tones, he sang out: Double your pleasure, double your fun, with double good, double good, Doublemint gum."

SHORT AND SWEET: The French are among the fastest speakers in the world, pronouncing about 350 syllables a minute. The American male speaks about 150 syllables a minute; the American female outpaces him with 175. . . . Ohio spent \$2 per public school pupil per year—but that was in 1853! . . . Susan Delight is food editor of the San Diego (Calif.) Union. . . . The largest denomination of any U. S. government bill in existence (not currently issued) is \$100,000. The bill, in case you've never seen one, bears the portrait of Woodrow Wilson.

WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER

War has been declared. . . . The 35 year old cold war that has been waged against the people of the United States through various administrations and different partisan affiliations by the U. S. State Dept., the international socialists, the international capitalists, and left wing professors, has now become the battle for survival. . . . Active hostilities were announced with the information that pressure will be put on Congress to enable the government to ally with the European Common Market, probably through an extension that would be called the North Atlantic Common Market.

A big argument that will be advanced is that the growth rate of the gross national product in Western Europe is now at an annual rate of 4.5% compared to 2.6% in the U.S. . . . No mention will perhaps be made of the fact that the Western Europe growth rate has been greatly helped by a large share of the \$100 billion received in U.S. foreign give aways, and also to the fact that American corporations who had less than \$2 billion invested in European plants in 1950, now have over \$7 billion invested.

Cheap labor was one lure to American corporations. While the average U.S. manufacturing labor cost is now \$2.68 per hour, in Holland it's only 57 cents. In fact, the wage scale

is no European Common Market nation equals that of Sweden, which is not in the combine as yet, but even Sweden's rate is only \$1.68 per hour. . . . Neither will it be mentioned by proponents that European countries generally have lower taxes on business, better depreciation allowances, and other concessions to encourage business to grow. American corporations abroad escape U.S. taxes on earnings, pay usually only small taxes to the nation they operate in. If a company will locate a plant in Sicily, home of the Mafia, and some other parts of underdeveloped Southern Italy, the Italian government forgives all taxes for a ten year period.

It is not hard to imagine what would happen in New England, hard hit by the flood of cheap textile imports, if the government forgave taxes there for a ten year period. . . . But there is only one fly in the ointment. Cheap labor in Europe can produce a lot of goods for American firms located there. But cheap labor cannot buy much.

In the European Common Market nations, auto ownership is only 76 per 1000. In the U.S. it's 339 per 1000. The same holds true in TV and radio sets, telephones and appliances. . . . Thus, under guise of cementing bonds for peace, U.S. will be asked to scrap protective tariffs to bail out U.S. corporations operating in Europe. . . . The peril to America looms great. Probably never before has it been so important for those who believe in the American way to keep in close contact with their Congressmen.

Road widening project gets council approval

The widening of farm-to-market roads within the city, improvements to the water works system, the proposed sewer extension project, and a number of other items were on the agenda at the regular January meeting of the city council Monday night.

The council agreed, after hearing a report from Mayor Powell Shytle, that the city should make every effort to meet the State Highway Department's requirements on completion of the FM-Road widening project.

C. I. Dickinson, Post pioneer resident, dies

C. I. Dickinson, 73, pioneer Post resident and an accountant for the W. Post estate for 50 years, died at 6:30 a. m. today in the Campbell-Renegar hospital in Levelland.

He had suffered two severe heart attacks Dec. 26 and had been in critical condition since. Funeral arrangements were incomplete this morning, pending word from a sister and her family in Michigan.

ry Harden conducted an investigation into the shooting, said witnesses told him the shooting occurred as a result of Skeif's losses in a two-handed poker game with Steel.

Shepherd said the older man was hit twice in the right hand, once in the left shoulder, once in the left ear and once in the back of the head.

Mayor Powell Shytle said yesterday that Corley had not notified him nor any members of the city council of his resignation.

They accepted bids on a tractor shovel for Precinct 2 and a two-ton truck for Precinct 4.

County Judge J. E. Parker said action on the trapper petitions came after it was decided that the petition of 42 signatures asking the court not to employ a trapper should be given precedence over one of 24 signatures asking that a federal supervised trapper of predatory animals be employed by the county.

The only change in salaries of elective, appointive and employed county officials and workers is in that of Precinct 1 constable.

The commissioners voted to pay J. A. (Julius) Johnson, Precinct 1 constable, a salary of \$200 a month, instead of \$100 a month and mileage fees, which were paid the constable in 1961.

Johnson, who has been off duty since suffering a stroke several months ago, will begin receiving his salary on the 1961 basis—\$100 a month and mileage—after he returns to work, the county judge said.

The county is also paying \$100 a month to A. J. Becker, recently appointed as constable at Southland.

The commissioners accepted the bid of Patton Equipment Co. of Abilene on the purchase of a new tractor shovel for Precinct 2. The county will get the shovel on a trade-in of a used loader and a diff-

San Angelo man buys bowling center here

Charles Ostrander, formerly of San Angelo, has purchased the Post Bowling Center from Caprock Bowling, Inc., a corporation with several Lubbock physicians as principal stockholders.

He is continuing the operation of the 12 alleys under the name, Post Bowling Lanes.

Ostrander's purchase announcement appears on today's Dispatch sports page, page 9.

Ostrander plans to move his family, consisting of wife, Marquita, and infant son, Mark, born Dec. 26, to Post from San Angelo as soon as he can obtain suitable living quarters.

He is retaining all the center's personnel but Billy Miller, who has managed the center since its opening here almost 18 months ago. Ostrander will assume Miller's former duties himself.

Miller told The Dispatch his plans are indefinite. He would like to remain in Post.

Ostrander has managed the Sherwood Lanes in Odessa and has been employed by Ballard, Inc., in building one new bowling alley at Roswell, N. M., and finishing two others.

He is a native Texan.

School census is under way here

The school census will be under way in the Post Independent School District within the next few days. Supt. R. T. Smith said this week.

Efforts will be made to enumerate all those of school age—6 years through 18—as well as all children who will be six years old on or before Sept. 1, 1962.

Census blanks will be sent home by students for parents to fill out and send back to the school.

The only other bidder was Western Machinery Co. of Abilene, which offered a new shovel for the loader trade-in and a difference of \$11,950.

The commissioners accepted the bid of Guy Floyd Motor Co. on the purchase of a 1962 GMC two-ton truck for Precinct 4. The accepted

New record assured

Ginnings go past 25,000

Garza's six gins and neighboring Hackberry gin, which gins about 40 per cent Garza cotton, passed the 25,500 bale mark this week with the finish to a new record cotton crop in sight.

A Dispatch "gin check" at 3 p. m. Wednesday brought a bale total of 25,549 with another 698 bales reported on the gin yards.

That was about the size of it. Only Planters Gin reported much cotton still to come in—and held up by the cold weather.

Best estimate of cotton still in the field ranges from 500 to 700 additional bales.

This could bring the final bale count for 1961 to from 27,247 bales to 27,447 bales.

None of the gins were on a 24

hour operational basis.

This was the way they reported: Planters Gin—2,954 bales ginned, 190 on yard, quite a bit out.

Graham Co-op—5,762 bales ginned, 150 on yard, little bit left in field.

Close City Co-op Gin—4,400 bales ginned, 100 on yard, about 150 in field.

Storie Gin—2,115 bales ginned, six bales on yard, maybe 150 left in area.

Pleasant Valley—3,760 bales ginned, yard clean, maybe 30 bales in field.

Basinger Gin—5,210 bales ginned, yard clean, 30 to 50 bales out.

Hackberry Gin—2,348 bales Garza cotton ginned, 148 on yard, only a few bales in area.

Year's construction total \$629,710

New homes biggest item in 1961 building total

Almost a half million dollars worth of new homes—most of them in the \$12,000 to \$18,000 class—were built in Post during 1961 for what was probably one of the city's biggest home building years in its 54 year history.

A check of the 1961 building permits showed 31 new homes constructed here last year for an estimated value totaling \$472,155.

A total of 87 building permits were issued during the year for an estimated \$629,710 worth of construction.

The new homes, ranging in estimated price from \$1,500 for a

small ready-built to \$36,000, accounted for the bulk of 1961's local construction.

Of the 31 new homes, 23 cost \$12,000 or more.

There was \$106,500 worth of business and public construction with three such permits issued and \$51,055 of repairs, remodelings, and additions. A total of 53 permits were issued in this category.

The annual construction pace fell under the \$1,000,000 mark for the

first time in three years, due largely to the lack of several big projects.

Over \$1,500,000 worth of construction was built in 1959 and slightly over \$1,000,000 in 1960.

The largest single permit last year was for \$54,000 in estimated value. That was the remodeling of the old high school building.

The \$40,000 permit issued for construction of Wally's Thriftway Super Market was next. It also was the largest one of the two business building permits for the year. The other was for \$12,500 for the addition of five room units to the Rocket Motel.

COURT'S 'BUSINESS END' IS EXTENDED

Justice needs room in which to operate, the Garza County commissioners' court has decided.

This week, the two front rows of seats in the county and district courtroom are being removed and the railing separating the seats from the judges' and lawyers' benches is being moved back about seven feet.

"We just didn't have enough room up at the 'business end' of the courtroom," explained County Judge J. E. Parker in announcing the remodeling.

Bank deposits at \$7,698,368

Bank deposits in the First National Bank here totaled \$7,698,368, 97 as of Dec. 31, the bank's close of year statement published on page 12 of today's Dispatch discloses.

This is a decline of \$182,300 from total deposits as of the end of 1960—12 months before.

The late cotton crop, which saw much of the crop ginned early this month, was the reason for the small decrease in deposits, Irby G. Metcalf Jr., bank president said.

Tentative date set for banquet

Directors of the Post Chamber of Commerce tentatively set Feb. 23 as the date of the annual membership banquet and completed the mail ballots for election of new directors at a meeting last week.

Chamber Manager Johnny Hopkins said a speaker for the banquet has been contacted, but has not yet indicated if he will be able to fill the engagement.

The ballots for election of five new directors went into the mails this week, said Mrs. Joan Stewart, secretary.

Officers and directors whose terms are expiring are Wilf Scarborough, president; Walter Lee Johnson, vice president; James L. Minor, R. B. Dodson and Henry Tate.

Members of the Chamber are asked to vote for the five directors of their choice and return the ballots to the Chamber of Commerce office.

Hopkins seeking Precinct 2 post

John N. Hopkins today authorized The Dispatch to announce his candidacy for the office of Precinct 2 county commissioner of Garza County, subject to the Democratic primary elections May 5 and June 2.

Hopkins' announcement to the voters of the precinct follows:

"After long and careful consideration, I have decided to seek the office of Precinct 2 county commissioner and earnestly solicit your vote and influence in my behalf."

"I have been a Post businessman since moving here in 1947 after five years of World War II service, and have lived in Commissioner's Precinct 2 all that time. I feel I am thoroughly familiar with the needs of the district and promise, if elected, to carry out the duties of the office in a fair and impartial manner, with the welfare of not only Precinct 2, but all of Garza County, at heart."

"I feel I am qualified by experience to serve you, having served on the city council and having been interested at all times in the progress of the City of Post, Precinct 2 and Garza County."

"I expect to see all of you before the election and will be glad to see you where I stand on any issue of importance to the precinct and the county. In the meantime, I am respectfully asking for your support and influence."

John N. Hopkins.
