### It's the Law in TEXAS

#### NEW YEAR'S RESOLUTION: KEEP RECORDS!

Back in pioneer times our forefathers found they could keep track of the family history pretty well with a few notations on the flyleaf of the family Bible. But life's not quite that simple any more. Great-grandpa wasn't covered by social security or workmen's compensation. He didn't have a bank account or safe deposit box, a car and a dozen home appliances being bought on time payment, or a half-dozen insurance policies. We have taxes great-grandpa never heard of and wouldn't have believed if he had. And had you asked him for a certificate to prove his birth, he'd have thought you'd taken leave of your senses.

The point of this is that the average American today has a good many important papers to keep track of. There are birth certificates, receipts, copies of tax returns, sales contracts, and a host of other papers. With a little tidy record-keeping, you can make life easier for yourself and your family when you are gone.

So, why not make a New Year's Resolution to follow these suggestions:

1. Get a heavily bound notebook folder or file folder as a central collecting point for all the records of your affairs.
2. Put your especially important papers in your safe deposit box, but make a list of those papers and a brief summary of their contents to put in your home file.
3. Get for your files copies of birth certificates for all members of the family, and add them to the file. Add your marriage license or at least a statement as to when and where you were married and by whom.
4. Insert your will or a copy of it. If your will is kept elsewhere include a note telling where it may be found.
5. During the year, put into the file your income tax withholding statements and receipts for expenditures which may be deductible. Then keep a copy of each year's tax return in the file.
6. Make a list of all the stocks and bonds you own and where they are.
7. List all the places you have lived and worked and the names of persons there who you know. Include the schools you have attended and the dates you left or were graduated.
8. If you may have benefits coming under a profit-sharing plan where you work, make a note of that too.
9. If you're in doubt about whether an item should be included, put it in.

Different folks have different ideas about what happiness really is and what MAKES US HAPPY. A FEW of the things that makes happy people are:

Good Health, Home, Friends and Freedom.

There are many more things that make for happiness, including MONEY. We can think of many things that rate a lot higher for happiness than money but it seems we must all have some money too and we usually do have and it really makes for happiness if we use it right, but we contend that the happiest moments for most of us are when we are able to make someone else happy and we can do that thru kindness, thoughtfulness and helpfulness.

It helps to make US happy when we are able to serve you in our business and we HOPE our service pleases you.

### Minor damage in weekend blazes

The old year 1961 bowed out with a rash of fires here over the weekend.

The most serious of the fires occurred Friday at the Post Stampede Rodeo arena, where a concession stand on the west side and a 20-foot section of the bleachers above it were destroyed.

Fire Chief Robert Cato said cause of the fire has not been determined.

Saturday afternoon, firemen were called to the Pleasant Valley Gin twice after fire caught in lint on the gin yard and threatened un-ginned cotton. The cotton was moved off the yards in time to prevent loss, however.

A grass fire Sunday afternoon at the City-County Park destroyed about one-half acre of grass before being extinguished by firemen.

Sunday afternoon's second alarm sent firemen to Justiceburg, where a trailer load of bundle feed in George Duckworth's feed lots caught fire. Two bundles of feed were destroyed and damage resulted in the pickup truck to which the trailer was hitched.

Mr. Smith was born near McKinney, in Collin County, Oct. 2, 1896, moving to the Pleasant Valley community Nov. 1, 1915, with his parents, the late W. I. Smith Sr. and Mrs. Smith.

Since the death of his wife June 22, 1959, Mr. Smith had lived in Post at the home of his mother-in-law, Mrs. Vera Cockrell. He was a veteran of World War I, had been a member of the Baptist Church since early manhood and was a member of the Woodmen of the World.

He is survived by two daughters, Mrs. Sobil White of Post and Mrs. Nelda Woods of Odessa; three sisters, Mrs. L. M. Chapman of Holbrook, Ariz., Mrs. Leavelle Felder of Lubbock and Mrs. Mattie Belle Fluitt of Post; one brother, W. M. Smith of Norco, Calif., his mother, Mrs. W. I. Smith Sr. of Post, and four grandchildren. He was preceded in death by two brothers, Linus M. and W. I. Smith Jr.

### Treasurer makes known candidacy for office

Faye Cockrell, Garza County treasurer, informed The Dispatch today that she will be a candidate for election to that office, subject to the Democratic primaries.

Mrs. Cockrell was appointed county treasurer several months ago to replace Mrs. Ruth Lee, who had resigned.

Mrs. Cockrell said she will make a formal statement to the voters later in regard to her candidacy.

State College, Weatherford, Okla. The announcement of by Blanton and Sinner appears on page 3 of today's Dispatch, together with Hamilton's "thank you ad" to his friends and customers.

Blanton is serving free coffee today, Friday, and Saturday, and urges everybody to stop in, have a cup of coffee and get acquainted.

He said a new prescription case has been ordered for installation about Feb. 1 and that a grand opening is planned for sometime next month.

Hamilton came to Post from Amarillo with Robert Duke in 1929 to open the Duke - Hamilton Drug store, G.C. Jones purchased Duke's interest the following year and in 1933, Hamilton bought out the interest of that partner and has operated the store since that time as Hamilton Drug.

Midland, Odessa, and Beeville in Texas. The new Post family are members of the First Christian Church. Mr. and Mrs. Millard Thomas—he was the temporary manager for Dunlap's here since June—left over the weekend to return to their home in Okema, Okla.

The new year begins on a bright note with Postex Mills moving into its new office building, the First National Bank boosting its interest rate on time deposits of one year to four per cent, and some merchants reporting their "biggest year ever" in 1961, and all of them looking ahead quite optimistically to 1962 now an apparent record cotton crop is in the gin.

We want to welcome as new neighbors too, Frank Blanton in the Post Pharmacy two doors west. You'll read all about the purchase of the Hamilton Drug from Shorby Hamilton elsewhere on this page. Frank has been busy this week on the job of rearranging the store and by the time he gets everything set and a new prescription case in next month, the drug store will really have a "new look" inside.

County politics began to warm up this week with all six incumbents in county offices coming up for election announcing for another term. As yet, all are unopposed, but this situation, according to street reports, won't last long. Announcing in today's Dispatch are County Judge J. E. Parker, County Commissioner E. E. Peel, County Commissioner Mason Justice, Justice of the Peace D. C. Roberts, County School Superintendent Dean Robinson, County Clerk Carl Gerholm, and County Treasurer Faye Cockrell.

Judge Parker said a statement to the voters in regard to his candidacy will be made later.

### Sheriff to California after two prisoners

Sheriff L. E. (Fay) Claborn Jr. left Tuesday for Los Angeles, Calif., to pick up and bring back two men wanted here on bad check charges. One of the men is also wanted in Lubbock County.

One of the men, Tony Thomas, is charged with forgery. He was arrested in California by FBI officers.

### Plans to be made for annual banquet

Directors of the Retail Merchants Association will meet tonight at Levi's Restaurant to complete plans for the organization's annual banquet Jan. 18.

### SAN ANGELO VISITOR

Mrs. Morris Neff visited in San Angelo over the weekend with her cousin, Mrs. Cy Ogden, and other relatives.

### Less than third poll taxes paid

Poll tax payments up to 11 a. m. yesterday totaled 536 after a brief weekend spurt.

Since 1962 is an election year, County Tax Assessor-Collector T. H. Tipton and his deputies estimate that anywhere from 1,100 to 1,200 poll tax receipts are yet to

be issued before the Jan. 31 deadline. That means the tax office will be busy the rest of this month on poll tax payments, with "standing in line" probably becoming necessary unless payments pick up within the next week or two.

*In all kinds of weather...*

How many times have we walked to church in the snow together... and in the rain... and in all kinds of weather?

I don't think we've ever stayed home on a Sunday because we were afraid we might get our feet wet. To me, this would be like answering a dinner invitation by saying you couldn't make it unless the sun were shining.

The Church, after all is God's House, and in it I've always felt that I was both a member of the household, and an invited guest.

In this House, you and I have found not only a deeper understanding of each other, but the ability to be tolerant of faults, to forgive and forget smaller angers, and — most important of all — to resolve to try again tomorrow. And this is but a small part of all the Church has given us, and of all that it stands ready to give everyone, everywhere.

### THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# I Give You Texas ...

By BOYCE HOUSE

Everyone, I suppose, has speculated on what might have been. I was the young editor of the daily paper in Eastland. A friend, who was about the same age, had made a race for office the year before. The campaign had been bitter and the result close, but he had lost. Then the next year, he "cashed in" on a small investment venture—a test for oil which was known as the "tin can well" because it was drilled near the city dump.

He found himself with \$10,000 in cash, a sizeable amount in those days, and a lot of political enemies. So he said, "Why don't we move to a Western state? We are young and can easily make a start there. I will help you buy a newspaper and I'll practice law and go into politics. The population is small so the chances of becoming a governor or a United States senator are relatively greater."

So I wrote to Chambers of Commerce of towns in Wyoming and Montana and my friend and I studied the material which was sent. We were greatly interested and talked about the plan a lot—but never carried it out.

It is interesting to think what might have happened if—

I am not bound to win, but I am bound to be true. I am not bound to succeed, but I am

bound to live by the light that I have. I must stand with anybody that stands right, stand with him while he is right, and part with him when he goes wrong.—Abraham Lincoln.

Among those whom I have interviewed as a newspaperman were Will Rogers, Vice President John N. Garner, Alf Landon, Speaker Sam Rayburn, William Jennings Bryan, Gypsy Smith and Bert Swor.

Also Jess Willard, Jack Dempsey, Raymond Hitchcock and Tris Speaker.

Rogers was interviewed between planes at the Fort Worth airport—so was John N. Garner.

Actually I couldn't think of anything to ask Mr. Garner and there being quite a crowd, I suggested he make a speech, which he did, and that was my "interview."

Landon also was interviewed at Meacham Field; he had just been to Brazil. The Rayburn interview was at his Bonham home immediately after his return from Washington about 1933; Bryan, on the platform right after he had made a speech; Gypsy Smith, on his arrival to make an address in Mem-

# Your Dollars Now Earn

In keeping with our policy of offering our customers every service that is available in any other area—

## Effective January 1, 1962

The First National Bank will pay 4% interest on Time Certificates of Deposits that remain with the bank for one year or 3½% on Time Certificates of Deposit that remain for six months.

Money invested in our own First National Bank not only draws top interest dollars—but money invested in Post helps Post grow.

Why should Post dollars be invested in out-of-town Savings and Loan Associations when the same interest can be earned here at home in your own bank?

## HOW MANY OF THESE QUESTIONS CAN YOU ANSWER?

1. Is a savings account in a regular Bank as good as a Savings and Loan Association fundamental?

2. Do regular Banks maintain larger ratios of their customers' savings in cash and government bonds than Savings and Loan Associations?

3. Do both regular Banks and Savings and Loan Associations declare in advance what rate of

return your savings will earn?

4. Must regular Banks assure more immediate repayment of your savings than Savings and Loan Associations?

5. At regular Banks, funds must be made available to honor all withdrawal demands in the full amount without extended delay. If Banks do not do so within a certain number of days (usually no more than 30), the Federal Deposit Insurance Corporation steps into member Banks and makes depositors' funds available promptly. If federally-chartered Associations are unable to repurchase members' shares within 30 days after request is made, they may invoke a "wait-your-turn" plan under which requests are filed and paid in numerical order. If the value of a members' shares is more than \$1,000, he may be paid \$1,000, if available, when his number is reached. The application is then renumbered and placed at the bottom of the list. When his number is again reached, and if funds are available, the process is repeated.

"Small Enough to Be Friendly, Large Enough to Serve Your Every Banking Need"

### Rotary talk--

(Continued from page 1) product. Within just ten years, Burlington was the largest weaver of rayon fabrics in America. By 1937, Burlington's sales reached \$27,000,000 through production in 30 plants. That year Burlington made its first public offering of stock on the New York Stock Exchange. Burlington since has earned and paid consecutive dividends.

Burkes said during the depression, Burlington was buying and expanding its plants, instead of closing them, as the man-made fiber had successfully invaded the domain of silk.

In 1938, Burlington moved forward with the introduction of nylon by building full fashioned hosiery plants. In 1940 a spun rayon division was established.

Since World War II, through internal expansion and acquisition of promising companies in other textile fields—of which Postex was one—Burlington has grown to a 1960 sales volume which topped \$900,000,000 with more than 62,000 men and women employed in 130 plants in 90 American communities and four foreign countries.

Burkes pointed out that unlike the pioneer Burlington plant with its bedspreads, Burlington today produces few end products with hosiery, ribbon, sheets, pillow cases and rugs among the notable exceptions. Basically, he said, the company manufactures fabrics, selling to other firms which create an endless array of consumer products from these textiles.

Burkes went on to say that Burlington is no longer an enterprise tied closely to man-made fibers, but one which has achieved a healthy balance through the use of every important fiber, natural or man-made. Blends of various fibers, he said, now make possible new and better fabrics, each with special advantages for particular uses.

Burkes pointed out that Burlington places emphasis on management and executive training with the firm's personnel representatives visiting at least 63 colleges and universities each year to recruit outstanding graduates. In a normal year, he said, more than 100 young men are participating in management development training programs. Burkes pointed out that the Postex Mills here now have eight Texas Tech graduates on its payroll with the ninth slated to come in February.

The Postex head also emphasized that Burlington has one of the finest research development and control laboratories anywhere located in Greensboro, N. C., with more than 150 highly skilled employees engaged in chemical, physical and mechanical investigations related to fibers and fabrics.

Burkes said that in 1945 Burlington established an Educational Loan Fund in memory of the late James Lee Love, father of J. Spencer Love and for many years a professor of mathematics at Harvard University. Many children of employees and often employees themselves are assisted in obtaining college educations through this fund.

Over the past ten years over \$1,500,000 has been given in the interests of education by Burlington. Burkes said, the most notable gift being the first nuclear reactor in the South which was given to North Carolina State College.

## It's My Turn BY MRS. C.

Well, Jan 2nd has come and gone so the big diet is on for Mr. and Mrs. C. We probably gained a few extra pounds New Year's Day eating up all those calorie-filled goodies left over from the Christmas season—but it was worth it. At least we have pleasant memories.

I started the New Year out just as I wanted—not filled with ambition to get up and get all sorts of dull put-off things done, but the great joy of sleeping till noon. I mean it—12 o'clock noon. It was the last opportunity for late sleeping that I could see in the foreseeable future.

I haven't any idea why, but ever since I became a working gal, I dream about sleeping late. Not that I ever could before with two Misses C's and Mr. C. to get up and get at it. Come to think of it when I belonged to the ranks of the unemployed, I used to cheat a little bit on Saturday mornings and help the local cafe business a small bit.

My big ambition on retiring is to sleep as late as I want when I want. Of course I remember that most elderly people (see you're going to be stuck with this column for years) are early risers but this must be because they retire early at night. I'm going to be a regular night owl just for the pure joy of sleeping in.

Ever so often I (along with many others) get the nicest surprise in the mail from Leta Smith, County Home Demonstration agent. She has been sending out bulletins, as an extension service, to those homemakers who are not enrolled in home demonstration club work. When we first moved into our new home, along came a bulletin on lawn care and what and when to plant in the flower line. I'm really looking forward to spring before I really go to work on that one. At Christmas, the booklet was on Christmas goodies, (diet, diet, diet) and one I received in the mail today is all about removing spots and stains from clothing. I put it right where I can get my hands on it—if and when.

I'm amused every year about this time when those signs appear all over the place with the following message: "Reserve your right to Vote—Pay your poll tax!" One does not necessarily follow this line of reasoning. In fact taken apart, it doesn't even make sense. Do we have a right or not?

Hunger pangs are calling me, so off to the kitchen for a carrot stick. Ugh!

### Montgomery-Keen vows are spoken

## Gordon-Edwards wedding is performed in Post Dec. 23

Miss Elone Kay Gordon, daughter of Mr. and Mrs. Max L. Gordon, 916 West Eighth Street, and H. Don Edwards, son of Mr. and Mrs. M. H. Edwards, 855 South 18th Street, Slaton, were united in marriage at 10 o'clock in the morning on Dec. 23 at the First Methodist Church.

The Rev. Oscar Bruce, pastor, officiated at the double-ring ceremony.

The altar was flanked with baskets of white mums with pink velvet ribbon and white wedding bells.

The bride, given in marriage by her father, wore a white Alencon lace over peau de soie street length suit with shoulder veil. Carrying out the tradition of something old, new, borrowed and blue, the bride wore a blue garter, a coin in her shoe and an old ring of her grandmother's. Her bouquet was a white orchid atop a white satin Bible. The Bible was a gift from an uncle.

Miss Bonnie Duncan was maid of honor, and wore a pink cotton satin, street length dress. Her bouquet was of pink sweetheart roses.

Robby Roy Merrill of Slaton, served as best man.

Ushers were Billy Max Gordon, brother of the bride and Ronald Simpson.

Traditional wedding music was played by Mrs. Wilma Olson at the organ.

A reception was held in Fellowship Hall immediately following the ceremony. Baskets of white mums were used in the decor.

For a wedding trip to Austin, the bride wore a pink wool suit.

Mrs. Edwards is a graduate of Post High School and Mr. Edwards is a graduate of Slaton High School.

The couple will reside in Slaton at 1535 West Lynn.

The total length of all U. S. coastlines and land boundaries is 17,936 miles.
