Let's talk some politics.

Campaigning prior to the April 4 election to name a mayor and two city councilmen for Post is expected to be the liveliest in many a year hereabouts.

Editorially, The Dispatch does not take sides in local elections. The voters themselves are on the scene and have equal opportunity, if they so desire, to make their own judgments.

Essentially, we believe the city political campaign shaping up will be all to the benefit of this community. We think it is good for every administration to be challenged by different proposals and to have its record of performance examined and studied by the citizens for whom it serves.

This is real democracy in action. Each two years we do this at the county and state levels and each four years at the presidential level. It is to be hoped we can do it just as objectively at the local level—and to our own good.

This, as we see it, is not a campaign of personalities. All the candidates involved are good citizens who have the good of this community at heart and who are willing to give of their time and their energies to serve that community.

It is to be hoped that this community can disagree on issues without becoming tangled in personalities.

We do believe Post citizens in the weeks ahead prior to April 4 (See POSTINGS, page 8)

## Dam board to meet here next

White River Municipal Water District in a special meeting at Falls last Thursday night heard a report on possible financing of the \$4,000,000 needed for the dam's construction and decided to see what could be done about working out an amortization schedule with the state water agency offering the money.

The board also decided to call in the equalization board for its March session here in Post City Hall next Thursday night. The White River directors, city councilmen and mayors of the four towns in the district, and the district equalization board will be guests of Post for a 6:30 dinner prior to start of the session.

# Men to cavort in Spectacular here

Some 25 to 30 local business and professional men will cavort on the grade school auditorium stage Thursday night, March 18, modeling a great variety of women's clothes in the "Spicy Spectacular," the annual fund-raising event of the Post Parent-Teacher Association.

The show also will include a tap dancing group, a chorus, and an orchestra.

What's more, from the "curvaceous models" a Spicy Queen will be selected and presented with a trophy.

## Latin-American parents meeting set for Tuesday

A special program for all parents of Latin-American children in the Post schools will be held at 7:30 p. m. Tuesday, March 14, in the grade school auditorium. The purpose of the meeting will be to give the parents specific suggestions concerning ways in which they can give their children a better opportunity to take advantage of an education.

There will be discussions by R. T. Smith, superintendent of schools, Mrs. Juanita Pantoja, and the Rev. James Erickson, pastor of Holy Cross Catholic Church.

"It is very important that all parents of Latin-American children be present, if at all possible," said Supt. Smith.

He pointed out that in the elementary schools today there are approximately 175 Latin-American boys and girls, whereas, in the senior class in high school there is only one Latin-American. In the entire high school, there are only 11 boys and girls of Latin-American descent.

"It is very clear from these figures," said the superintendent, "that many boys and girls have quit school before graduation and, as a consequence, they are deprived of an equal chance with other children."

"This problem," he continued, "is not just for the schools, but it is also for the parents of these children who have quit school. You, as parents, can show your interest and willingness to help with this problem by being present and taking an active part in the discussion."

## Wright names Post man as campaign chairman

Cong. Jim Wright of Fort Worth has announced the appointment of N. C. Outlaw of Post as chairman of Garza County in his campaign for U. S. Senator from Texas.

## Building permits take sudden upward surge

Four building permits to Tex-Sun Homes for construction of four new \$17,500 homes in the Westgate Terrace addition have given this year's construction total a healthy boost.

## Burglary suspect's troubles increase

Sam Lee Gross, Negro, out on \$2,500 bond for the burglary of the Caprock Liquor Store weeks ago, was arrested Tuesday and charged with two more break-ins here last weekend.

Deputy Sheriff Elton Corley said he picked up Gross and charged him with the burglaries of the Wagon Wheel Tavern last Thursday night and Carlos' Little Mexico Cafe. He is in county jail.

Entrance was gained to the Wagon Wheel by breaking out a back window, and change stolen from the juke box and cigaret machines.

Carlos' Cafe was broken into through a front window sometime after midnight Saturday morning with the loot including change from the juke box and cigaret machines, a 14-pound ham, five pounds of shrimp, and two pounds of cheese.

Deputy Corley said most of the food was recovered from a local home and was identified by the cafe's proprietor as that stolen from the cafe.

He said the woman who lived in the house gave a written statement that Gross had told her, "Mama, I got something for you. Look in the ice box." Her statement said, according to Corley, that she didn't know where Gross had gotten the food.

## Rites conducted for burn victim

Funeral services for Mrs. Mary Magallanes, 18, who died Friday night in John Sealy Hospital, Galveston, of burns received at her home here Feb. 3, were conducted at 10 a. m. Monday at Holy Cross Catholic Church.

Mrs. Magallanes suffered burns covering more than 60 per cent of her body when her clothing caught fire from a heater.

She was flown to Galveston Feb. 10 by Kuykendoll Air Charter Service from Garza Memorial Hospital here for skin grafting and other treatment.

The Rev. James Erickson, pastor of the Holy Cross Church, officiated at the funeral services. Burial was in Terrace Cemetery under direction of Hudman Funeral Home. The body was returned here Sunday by the local air charter service by arrangement with the funeral home.

Mrs. Magallanes is survived by her husband, Pedro Magallanes; two daughters, Sue Ellen, 16 months, and Debbie, one and one-half months; her mother, Mrs. Louisa Mesa; four sisters, Mrs. Dolores Cisneros, Mrs. Angela Valdez, Mrs. Delphinia Castillo and Miss Ruth Mesa, and three brothers, Joe, Rudolph and Jesse Mesa.

## Spur meeting is being held on SCD elections

The board of supervisors of the Duck Creek Soil Conservation District is meeting in Spur this afternoon to "wrap up" plans for the April 4 election on organization of a Garza County Soil Conservation District.

The State Soil Conservation Board called the election for formation of a Garza County district at its January meeting.

Landowners of Garza County will be eligible to vote in the election, which will be held in all voting precincts of the county. There will be two propositions on the ballot—one to dissolve the present Duck Creek SCD and the other to organize a Garza County SCD.

If the election carries, it will be necessary for the Duck Creek SCD to reorganize, with Dickens and Kent counties remaining in the district.

The Duck Creek SCD was organized in 1939 and Garza County became a part of it in 1941.

Those from Post attending today's meeting at Spur include Bobby J. Gray, work unit conservationist; Virgil Smith, Garza County member of the board; County Agent Lewis C. Herron and Glenn Davis, who has been named as polling superintendent for the election.

Butch Bowen's barrow and Danny Richardson's lamb won grand champion honors Saturday afternoon at the Garza County Junior Fat Stock Show, with Future Farmers of America members the only exhibitors.

It was the second year in a row for Bowen to show the grand champion barrow, which is a Chester White bred by Luther Hill of Lubbock.

David Lee's Spotted Poland China was judged reserve champion barrow.

The grand champion lamb shown by Curtis Hudman in the absence of its owner, is a Southdown, bred by the Deuenberger Farms of Colorado.

Showmanship awards went to Bowen in the swine division and to Jerry Gerner in the sheep division. Gerner's showmanship award came on a lamb he was showing for Benny Stanley.

Other barrow winners in the lightweight class were Wayne McFadden, first; David Lee, second and third; McFadden fourth, and Steve Casteel, fifth. In the heavy-weight division, Bowen was first, Lee, second and third, Larry Williams, fourth. Other exhibitors were Ricky Little, Wayne Masters, Robert Bevers and Gerner.

In the gilt class, the gilt owned by the FFA chapter won first, shown by Williams. Jerry Bush was second, Lee third, and Gerner fourth.

In the medium wool sheep class, Richardson was first and Stanley, second and third. In the fine wool class, Melvin Byrd's sheep was judged first and Edward Byrd's, second.

# Election tempo is picking up here

Pre-election tempo in both the City of Post and Post Independent School District races was picking up this week with the filing deadlines past and absentee voting periods nearing.

One new mayoralty candidate and three new city council candidates filed before Saturday's deadline to bring the total to three for mayor and seven for the two council posts in the city election to be held Tuesday, April 4.

Dr. C. J. Lewis, chiropractor, joined the incumbent, Powell Shytles, and Pat N. Walker in the race for mayor. Giles C. McCrary, Tom Harmon and Lester Nichols were late filers in the council race, in which the incumbents, John N. Hopkins and Roy Baker, and Dr. James R. Matthews and George D. Booher had filed prior to the candidate round-up story in last Thursday's Dispatch.

Filing for three places on the school board prior to the Feb. 28 deadline were present board members E. R. (Buster) Moreland, Russell Wilks Jr. and Burney Francis in addition to Jack Lotz, Dr. John E. Carter, Warren Yanney and Spencer Kuykendall.

Both the city council and school board have ruled that the candidates' names will appear on the ballot in the order in which they filed.

The order of names in the mayor's race will be Walker, Shytles and Dr. Lewis. In the city council race, the order will be Dr. Matthews, Booher, Hopkins, McCrary, Baker, Harmon and Nichols.

## Chamber retail committee named

Selection of a large Chamber of Commerce Retail Committee, members of which will represent all the major kinds of retail business in the community, was made Monday afternoon at a meeting in the Chamber office of Tom Power, committee chairman, Wilf Scarborough, Chamber president, and Johnny Hopkins, Chamber manager.

Announcement of the committee will be made as soon as acceptances have been received to the appointments.

Power said the purpose of the committee will be to chart a large and active retail promotion program with all merchants invited to contribute their suggestions.

The committee chairman said that a meeting of all retail merchants will be called with the new committee to discuss a program just as soon as the committee can be effectively organized.

Mayor Powell Shytles explained that as things now stand, the city will be able to do this only on a "temporary basis," which would include a lift station. He added, however, that later the lift station could be done away with and the extensions put on a standard and permanent basis.

The discussion was concluded with the council and the housing authority members agreeing that

Irby G. Metcalf Jr., chairman of the Post Housing Authority, and Chant D. Lee and Jim Cornish, members, met with the council.

Metcalf read letters from the director of the Fort Worth regional office of the PHA indicating that that office is about to "give up" on Post because of the fact that no sites have been submitted for consideration by the office.

It was explained by Metcalf and Lee that little or difficulty is anticipated in finding sites for the 14 Latin-American family units and the six white family units. However, because of the fact that there are no water and sewer facilities in the extreme northeast part of the city, the local housing authority is no further along on choosing a site for the eight Negro family units than it was at the outset of its site search.

Metcalf told the council that he was fairly certain the PHA program did not include loans for the extension of water and sewer facilities, but that he believed the PHA would take the lines on up into the unit area if the city would make extensions to the property lines in the northeast part of town.

Proceeds will be used to help on some very necessary building improvements at Teen Town, for which funds are not available in the budget. Construction of a second restroom with male volunteers doing most of the work is next on the agenda and an exterior painting job also is scheduled if enough funds are raised.

Admission is \$1 per person with tickets available through teenagers or at the door Friday night.

The first of the field to make a public announcement in regard to his candidacy is mayor candidate Pat N. Walker. His five-column, 20-inch ad on "Where I Stand" appears on page 11 of today's Dispatch.

## City council again told

# PHA project depends on water, sewer

Post is dangerously close to losing its Public Housing Authority low-rent housing project unless sites are found soon for the 28 units, the city council was told Monday night at its regular monthly meeting.

The council also discussed with Southwestern Public Service Co. officials the improvement of Post's street lighting system at an additional cost of some \$125 a month to the city, which is now paying \$456.60 a month for street lighting.

Tentative plans call for increasing the lumen power of the mercury vapor lights on Main Street from 15,000 to 20,000 lumen at an additional cost to the city of 75 cents a light. Plans also call for increasing the power of the incandescent overhead lights on Broadway and "staggering" the lights along the highway to give more illumination.

Some six additional highway lights would also be installed, some further north of 15th Street (See CITY COUNCIL, page 8)

potential sites would be found and that the city then would call in an engineer to determine what would be required to furnish the water and sewer extensions.

## Amazing what a dime will buy

One of the ever-so-often chores of any editor or publisher is to take the incoming exchange papers he receives from area communities and look them over for fresh ideas in news and picture coverage and in advertising.

It's also a good idea ever-so-often too to check up on the local paper and see how good a job of news and ad coverage The Dispatch is giving this community.

In this way, new ideas from other papers can be incorporated into The Dispatch.

We did just such a checking job on last week's edition to see what the sum product was we distributed to over 2,100 paid subscribers last Thursday.

The shortcomings were duly noted, but we were happy to note as well the good coverage last Thursday's Dispatch provided.

Included in that one 18-page issue were eight local pictures, 16 front page local stories, four local editorials, 14 locally written columns, 53 other local stories on the inside pages including society, sports, school and other items, seven area correspondents' columns on the happenings

of their respective communities totaling several hundreds personal items, 42 local personals of small one paragraph stories about local people and what they were doing.

In the whole paper there were only eight stories which weren't of local origin—out of a total of some 172 stories, columns, pictures, editorials, and personals.

Also included in the same 18-page edition were some 63 display advertisements including a wide variety of messages from local merchants, 62 want ads, and two legal notices.

It totaled up into the kind of paper of which we on The Dispatch staff are very proud—some good, solid coverage of every phase of community and county life.

Statistics may be dull, if too many are used, but we want our readers to know that we check the results of our week's efforts once in a while to see what kind of coverage job we are getting.

We try to give you subscribers your money's worth for the dime price of a paper. Last week it figured out to be quite a bargain.—JC.

## Dog bill needs amendment

Rep. Terry Townsend of Brady is getting some ribbing from his legislating colleagues about his "country dog bill," and he has little hope of passing it as a result.

This is the bill sheep and goat raisers asked him to introduce. It would require owners of dogs six months or older to put their names and addresses on tags on dogs they allow to wander outside the city limits.

Townsend explained the problem this way: "Dogs come onto ranches and kill sheep and goats. They shoot the dogs, but there is no way to trace or prove ownership so they can try to collect from the dog owners for the damage done."

But on its face, the "country dog bill" doesn't have a doggone chance of becoming law, Rep. Townsend thinks.

"I imagine it will die in a subcommittee this time, but maybe will be able to pass it someday," he said.

Our sympathies are hereby extended the legislator from Brady. A "country dog bill" is some-

thing that has been needed for a long time, but there is one amendment we would like to see attached, and we are sure most of the folks living in the country would approve of our proposed amendment.

From the standpoint of damages, the killing of sheep and goats by straying dogs no doubt is the greatest evil, but one almost as bad is the practice of some townspeople of dumping unwanted dogs—cats, too, for that matter—in the rural areas.

A strong amendment to Rep. Townsend's "country dog bill" would be one "throwing the book" at people who carry unwanted dogs and cats into the country and unload them for the people out there to have to put up with.

Stray dogs and cats pose a danger to humans as well as livestock, since there is always the danger of rabies. In view of the fact that people out in the country have just as many troubles as those living in town, it isn't right for the city dwellers to dump their canine and feline problems in the laps of their country cousins.—CD.

## There is quite a difference

Few and far between, indeed, are those days of the week in which door-to-door salesmen are not peddling their wares in the business district. We hold no brief for unscrupulous transients trying to make a fast buck by selling a chance on something or peddling an item for which no one has any earthly use. But we're easy marks for anything which has merit.

Coming under that classification—of having merit—are such things as candy sales by the school band or Future Farmers of America chapter, cookie sales by the Girl Scouts, etc. In such cases, we get our money's worth—or pretty near to it—and at the same time contribute to something of lasting value. It never gets under our

skin to have members of such local organizations drop in and make their sales pitch.

In most cases, everyone who reads the paper knows beforehand when such a sale is coming up and what the proceeds are going for. That isn't the case when some outside group comes into town selling something. Two weeks ago, for instance, The Dispatch carried news stories on the then-upcoming Girl Scout cookie sale and the Post Lions Club's Candy Day Sale set for March 14. In both news stories, the reader was told what the proceeds would go for. Deals such as that make it practically painless to jar loose from two-bits or a half-dollar to support a deserving cause.—CD.

## On raising the drop-out age

We go along with the Texas State Teachers Association's backing of a proposal to raise the age at which a student may legally quit school to 17 instead of the present drop-out age of 16.

However, the House has approved an amendment by Rep. Jack Woods of Waco that struck out the age 17 provision in Rep. George Hinson's state compulsory school attendance law. Hinson's bill is the first of the Hale-Aikin measures for Texas school improvement.

Woods, who is a teacher, said raising the drop-out age to 17 would give teachers a heavier

load of discipline problems. He said a teen-ager needs to be "self-motivated" to stay in school.

In our opinion, discipline problems have nothing to do with the bill. It is concerned with the pupils, not the teachers. What we are trying to do is guarantee an education for all children of Texas. It is far better to have discipline problems in school than to have the children in juvenile court.

Besides, entirely too many teen-agers today are "self-motivated". There is plenty of time for this self-motivation after the teen-ager completes his high school education.—CD.

## Firemen, equipment get workout

Post's new fire station, as well as the equipment and the firemen, got a real workout recently when six fire "runs" were made from Thursday night to Sunday afternoon.

It probably was the busiest weekend firemen have had in several years. Three of the calls were from outside the city limits—one to the same place twice.

The city's firefighting equipment is on a

much more efficient basis in the new fire station and much of this can be attributed to the fact that the fire trucks use a west door opening onto Broadway (U. S. Highway 84). This is much more convenient than was the Main Street entrance in the old station.

If you haven't yet availed yourself of the opportunity of looking over the new fire station, go by and do so. You'll be impressed by the big improvement over the old quarters.—CD.

## What our contemporaries are saying

Difficulties in life are to make us better—not bitter.—James Roberts in The Andrews County News.

Here it is almost Easter—and no sandstorms to speak of yet. Incidentally, Easter comes early this year, April 2, and there will be a lot of time left for sandstorms.

We are under the impression there are three Wilsons who have offered for the senatorial place on the April 4 ticket. One of these is the Will Wilson, who may lose some intended votes to one of the other Wilsons for whom unthinking voters may cast an unintended ballot. Will Wilson might be the third or fourth man instead of the second (and not get in the runoff) by this means. One vote often settles an election.—The Floyd County Hesperian.

The winter has been a long, drab one. Every bright day proves again to me that sunshine is a much more cogent argument for a bright disposition than any devised by such professional optimists as Dr. Coue, Mr. Carnegie or Rev. Peck.—Pat Bennett in The Crosbyton Review.

Tahoka Rotary has had seven European college boys here for summer visits in as many years. None of these boys even knew that the U. S. was materially helping other countries financially. Last summer, Patrick Ardent from France, a very smart young college graduate well up on national and foreign affairs, when asked about our aid to France replied, "I had never heard much about it until coming over here. Oh, I read a little item or two in the Paris papers about such help, but the French people know little or nothing of any financial help you have given us."—Frank Hill in The Lynn County News.

## THURSDAY to THURSDAY

By CHARLES DIDWAY

SINCE, LIKE THE radio and TV stations, I believe in giving equal time to each candidate, I'm running the names, ages, occupations and home towns of the rest of the U. S. Senate candidates in this week's column. Last week, I strung out in this space the first 48 to file, and here are the 32 who have filed since:

Mary Hazel Houston, 68, unemployed, Bellevue.

Rev. Jonnie Mae Eckman, 56, minister, Brenham.

H. Springer Knoblauch, 49, ex-druggist, Corpus Christi.

Guy Johnson, 38, opinion poll president, Houston.

George N. Galagher Jr., 41, cigar factory manager, Houston.

Steve Nemecek, 42, service station operator, Houston.

Jacob Bergolofsky, 35, part-time politician, Austin.

Cecil D. Perkins, 31, fireman, Austin.

Carl A. Schrade, 53, advertising specialties salesman, Runge.

Harold Franklin, 43, poultry, farming and sanitation work, Jacksonville.

Jim W. Amos, 58, farmer, real estate broker, contractor, Dallas.

Joyce J. Bradshaw, 36, newspaper columnist, Carrizo Springs.

Delbert E. Grandstaff, 61, school teacher, West Columbia.

Dennie Herman Faber, 67, engineer and land surveyor, Norman.

Richard J. Gay, 32, chemist, Houston.

Dr. H. E. Fanning, 32, physician, Houston.

Dale Baker, 50, cafe operator, Austin.

George E. Noyes, 48, retired air force serviceman, McKinney.

Frank Stanford, 48, roofing company president, Hillsboro.

Dr. G. H. Allen, 78, retired veterinarian and real estate broker, San Antonio.

C. B. (Tex) Kennedy, 36, electronic engineer, San Antonio.

George A. Davison, 51, government and business law teacher, Abilene.

Bill Whitten, 29, government and business law teacher, Commerce.

Floyd Payne, 45, tourist court owner, Del Rio.

George Red, 57, attorney, Houston.

G. E. Blewett, 78, grain broker, Fort Worth.

John B. Sybert, exterminating company president, Dallas.

Brown McCallum, 57, "citizen," Austin.

Before I get off the subject of politics, I want to make mention of the medallion received by County Democratic Chairman, N. C. Outlaw from Vice President Lyndon B. Johnson. The medallion bears the likenesses of JFK and LBJ, and along with it came this note from the office of the VP: "Because you did so much to make all of this possible, I want you to have the enclosed medallion as a token of my personal—and very deep—appreciation."

MY FRIEND UP the street says you may be on the right track, but if you just sit there you'll be run over.

I picked this up from one of our exchanges, whose editor thought it was good enough to pick up from someone else.

"Now please put it on the front page where everybody will see it" How often we newspaper folks hear that.

Why, bless your hearts, gentle readers, if we thought people read only the first page of our paper, we'd print one page every week and quit.

A newspaper is a good deal like a store. The front page corres-

ponds to the show window. Inside you'll find the goods you're after. We publishers know that the backbone of our product is composed of the messages and offerings of our advertisers. Without the ads, a newspaper just wouldn't be worth taking home—if, in fact, it were printed at all!

As for news—well, the most popular features in any newspaper, speaking from the feminine viewpoint to which we cater, are the personals and the social news. Inside you'll also find the sports department, informative letters sent in by our correspondents, classified advertisements and legal publications. Some folks even read this column and the editorials.

Of course, the front page of a newspaper is attention compelling—it should be. But never make the mistake of thinking your newspaper stops there.

Read it each week from kiver to kiver. You'll find every column is well worth your attention!

Shadow Toned

A SMART TOUCH OF DARKNESS "HIGHLIGHTS" THIS HANDSOME SHOE

With an artistic touch, deep-tone shading is applied along the seams to accentuate the leather, to set off the distinction of the styling — to make this handsome slip-on still more handsome. And, like all Jarman, this "Shadow-Toned" style gives you the satisfying comfort of "friendliness of fit." Come in and let us fit you in a pair.

Fort Sill, Okla. — Pvt. Charles G. Tubbs, son of Dr. and Mrs. Harry A. Tubbs, Post, Tex., completed an artillery survey course at The Artillery and Missile Center, Fort Sill, Okla., Feb. 25.

Tubbs was trained in the duties and responsibilities of an artillery surveyor. The mission of a surveyor is to accurately plot the area of fire for artillery units in the field, giving the range of targets and other information necessary to deliver accurate artillery fire. Instruction in such subjects as the use and care of surveying equipment, reading and interpreting military maps and communication procedures.

The Artillery and Missile Center, which has as its motto, "skill is better than luck," emphasizes leadership and practical application of field artillery tactics and techniques in the employment of artillery mortars, conventional cannon, free rockets and guided missiles.

The 19-year-old soldier entered the Army in October 1960 and completed basic training at Fort Hood, Tex.

Three Post students, Howard E. Jones, Moody Graham and Jimmy Short, have been named as honor roll students for the fall semester at Texas Tech.

Jones is a senior in the School of Engineering, Graham is a senior and Short a sophomore in the School of Business Administration.

# Why settle for the inconvenience of an awkward "lift-up" gate?

Before you put hard-earned cash on the line for any compact wagon, just try this: open the tailgate. If it swings up, as shown at left, you could be in for some lumps and bumps on the head as your cargo rolls out. But Falcon's tailgate, with the built-in, roll-down window, swings down. That means easier loading—and 26.1 inches more cargo deck (with tailgate down) for carting those long loads—up to 31% more cargo area with tailgate up. No doubt about it. Falcon hauls more—and that's what you buy a compact wagon for!

# Pay up to \$508 more? What for? Only Falcon offers the just-right compact wagon!

Just Right in Convenience! Check the current crop of compact wagons. You'll find they all fall short of Falcon's convenience. For instance, seven out of eleven don't give you a handy, swing-down tailgate with roll-down rear window on all models. There's attention paid even to the "little" conveniences, such as two arm rests, two sun visors, two coat hooks, all standard at no extra cost! And of course, you can have your choice of Tudor or Fordor Falcon Wagons, too.

Just Right in Price! Cast an eye on that low price sticker and you realize what a sensational value the Falcon wagon really is! Imagine ... up to \$508 less\* than some compact wagons, not stripped but equipped the way most people want their wagon ... including radio, heater, automatic transmission and deluxe trim. With all this that you save on Falcon's low price, you're still driving a dazzling new beauty, handsomer than ever inside and out.

Just Right in Economy! Of all compact wagons, Falcon's the economy champ! America's sweetest, savingest 6-cylinder engine takes you up to 30 miles per gallon on regular gasoline—4,000 miles between oil changes. And Falcon's sensible engineering makes for rock-bottom repair costs and lower maintenance, too. You save on tires, mufflers, every driving cost in the book. P.S. For an extra measure of performance, try Falcon's brisk, new 170 Special engine option.

## Graham community residents in Abilene for burn victim's rites

By MRS. NOEL WHITE  
 Mr. and Mrs. Albert Stone and John Davis were in Abilene Saturday to attend funeral services for Mrs. Stone and Davis' great niece, Jean Charlene Perkins, 5, who was critically burned two weeks ago when her night gown caught fire from a bath room heater, while she was visiting her grandmother. Her parents, Sgt. and Mrs. William E. Perkins, live at Reese Air Force Base at Lubbock.

Darlene Jones was hostess for a slumber party Friday night in the home of her parents, Mr. and Mrs. Elmer Dee Jones. Those present were Judy Ballentine, Barbara Holleman, Shirley Doggett, Melinda Carter and Mary Brooks. Friday was Darlene's 14th birthday and Mary Brooks' 15th birthday.

Mrs. Fred Gossett, Mrs. Bill McMahon, and her mother, Mrs. Steen, of Canyon, were in Lubbock Monday.

Mr. and Mrs. Carl Fluitt and Jack Ronald Storie, and Butch Cross of Post, were in Lynn County Sunday as dinner guests of her parents, Mr. and Mrs. L. W. Gandy. Others present to help Mrs. Gandy celebrate her birthday were Mr. and Mrs. Clinton Gandy and children, Mr. and Mrs. Ruben Gandy and children, Mrs. T. F. Ethridge, Mrs. Murriel Wilkins, Jesse James, Claud James, and Shelia and Toy Sue Gandy.

We extend our sympathy to Mr. and Mrs. George Ramage and family. Mr. and Mrs. Ramage and Billy Thomas of Post were in Plainview Monday to attend funeral services for George's sister, Mrs. Frances Arnold, 70, who passed away Saturday.

Mr. and Mrs. Raymond Thane returned to Lawton, Okla., Sunday after spending several weeks visit-

ing with her parents, Mr. and Mrs. Ray McClellan and family. Thane will leave for Germany where he will be stationed for 15 months Friday. Mrs. Thane is making plans to go to Germany later.

Mr. and Mrs. Roy Ethridge report that their daughter, Mrs. Mrs. Cletus Graves, of Lubbock is recovering satisfactorily after having undergone surgery last week.

Wayne Hair and Mason McClain were visitors last week for several days at Waco in the home of Mason's uncle and his family, the Walter McClellans.

Mr. and Mrs. Glenn Huntley of Lubbock visited Friday night with her parents, Mr. and Mrs. E. E. Peel. Rhea was a wedding attendant in the Collier-Cato wedding at Post.

Leta Stone was home over the weekend to visit with her parents, the James Stones, and she was also an attendant in the Collier-Cato wedding Friday night.

Mr. and Mrs. Truman Goss and family of Seminole were Monday night visitors of Mr. and Mrs. Elmer Dee Jones and children.

Visiting recently with Mr. and Mrs. Elgie Stewart was his sister, Mrs. Lewis Francis of California.

## Card of Thanks

Words cannot express our gratitude to the Post Fire Department and all of our wonderful friends who helped so faithfully to keep us from losing all of our household possessions. J. B. and Hope Robinson

Words cannot express the thanks I'd like to express to my good friends for the thoughtfulness and kindness shown me and my family. May God bless each of you. Mr. and Mrs. E. A. Morgan and family.

Mr. and Mrs. G. L. Corbell, 716 West 5th, returned home last week after spending the week in Denver, Colo., where they attended the Feb. marriage of their son, Gary, to Patricia Ann Harry. The younger Corbell is associated with a furniture store in Craig, Colo., where they will make their home.

Mrs. O. V. McMahon was among the many South Plains artists in Lubbock Friday, Saturday and Sunday to attend a designer's school in floral arrangements. The three-day event was held at the Caprock Hotel and featured several designers from the neighboring state of New Mexico, as well as Lubbock.

Mr. and Mrs. Marshall Mason left by car last Thursday for a vacation trip to California, where they will be guests in the home of their son and family, the Marshall Masons Jr., who live in Los Angeles.

Texas Mu Alpha chapter of Beta Sigma Phi's annual Benefit Bridge is set for 2 p. m. tomorrow afternoon at the school cafeteria. Pie and coffee will be served. Proceeds from the annual event go on the chapter's current project. A large number of tables is planned.

Mr. and Mrs. James R. Hundley Sr. finally got away Monday morning on that trip to Florida, where they will spend about three and a half weeks. They'd intended to leave last week, but Jim came down with the flu and they had to postpone their departure for a few days. It is to be a combined business and pleasure trip.

## Xi Delta Rho attends school presentation Monday night

Xi Delta Rho sorority members attended the primary school's presentation of "The Tom Thumb" Monday night at the school auditorium. Following the play, they held their business session at the home of Mrs. John N. Hopkins.

The Beta Sigma Phi chapter began plans for awarding an Easter Ensemble at Maxine's, March 25. Tickets will be sold on Wednesdays and Saturdays at Piggly Wiggly's. Proceeds from the drive go to a scholarship fund which is awarded annually to a graduating boy or girl from Post High School. Bob Cato received last year's scholarship award.

Attending the meeting were: Mrs. Jessa Cornell, Mrs. Ed Sims, Mrs. Mason Justice, Maxine Durrett, Mrs. V. F. Bingham, Mrs. Wallace Simpson, and Mrs. Hopkins. The sorority will meet March 20 at the Community Room of the First National Bank when Mrs. Lee Davis will be guest speaker. She will talk on her trip last summer to Europe. The meeting will be guest day.

Following the ceremony, a reception was held at the Community Room of the First National Bank. Members of the house party were the bridegroom's aunts, Mrs. Robert E. Lee of Slaton and Mrs. Floyd Pearson of Idalou; Miss Bonnie Duncan, Miss Linda Wilks, Miss Lana Garner of Artesia, N.M., Mrs. Henry Wheatley, Mrs. Travis Thomas, and Mrs. Spencer Kuykendall.

For a wedding trip, the bride chose a navy blue wool suit with white accessories. They will be at home at 2322 14th Street, Lubbock. The bridegroom is an engineering major at Texas Tech and his wife attends Lubbock Christian College. Both are graduates of Post High School.

Attending were: Mrs. W. H. Barton, chairman; Mrs. Thurman Maddox, vice chairman; Mrs. Robert Mock, Mrs. Sam Bevers, Mrs. W. C. Ryan and Mrs. Howard Kolb.

Refreshments of small sandwiches, potato chips, olives, mint patties and Cokes were served. The next meeting will be held at the home of Mrs. Lester Nichols, 124 South Avenue P.

## Miss Kay Martin, Dan R. Lamb wed in double ring ceremony

Double ring wedding vows were pledged by Miss Kathryn Kay Martin and Dan Ray Lamb Sunday afternoon at the First Baptist Church. The Rev. C. B. Hogue, pastor, officiated for the 3 o'clock ceremony before cathedral tapers and large basket arrangements of white gladioli and pink carnations accented with turquoise filler. The bridal aisle was marked with white satin.

Parents of the couple are Mr. and Mrs. Hugh Martin, 315 North Avenue N. and Mr. and Mrs. R. A. Lamb of Wilson.

Given in marriage by her father, the bride wore a gown of Chantilly lace, featuring an escalated Sabrina neckline and long sleeves tapering to petal points over the hands. The full floor-length

skirt was enhanced by a chapel train and featured lace appliques. A double crown of seed pearls and lace, sprinkled with iridescent sequins, held her fingertip veil of tulle and lace. Her bridal bouquet was of white sweetheart roses on a white Bible. She carried out the bridal tradition of something old, her grandmother's wedding band; new, pearl-drop necklace, a gift from the bridegroom, and borrowed and blue, a pin worn by her sister at her wedding.

Mrs. W. O. Fluitt Jr. attended her sister as matron of honor. Her dress of turquoise lace featured a satin cummerbund, and she wore a head band and gloves of matching lace. She carried a bouquet of pink sweetheart roses.

Miss Karen Potts was bridesmaid. Her dress was styled like that of the matron of honor and she also carried a bouquet of pink sweetheart roses.

Sherita Kay Fluitt, niece of the bride, was flower girl, and Ronny Fortner of Lubbock, cousin of the bridegroom, was ring bearer.

Claude Roper of Lubbock was best man, and Novis Pennell attended as groomsman. Ushers were Lynn Maeker and Arlis Ehlers, both of Wilson, who also lighted candles.

Organ wedding music was by Georgie Willson who accompanied Lex Roby as he sang "Wonderful One", "Oh, Sweet Mystery of Life", and the "Wedding Prayer". A reception followed in the home of the bride's parents. The serving table was laid with white lace over pink, Ruthell Martin and Carolyn Martin, cousins of the bride served, and Miss Judy Clary registered guests. Other members of the house party were Mrs. Barney Martin, Mrs. Gene Martin, Mrs. Wesley Scott, Mrs. Don Greer, Mrs. Weldon Allison and Mrs. Maysel James.

Following a wedding trip, Mr. and Mrs. Lamb will be at home at 508 North Avenue N. For travel she wore a toast colored suit with bone accessories.

The bride is a graduate of Post High School, attended Wayland Baptist College, Plainview, and is employed in the Quality Control Laboratory of Postex Mills. Her husband graduated from Wilson High School and attended Texas Tech. He is employed at the Textile Research Laboratory in Lubbock for Postex Mills.

Out-of-town guests for the wedding were from Plainview, Trent, Slaton, Wilson, Lubbock, and Albuquerque, N. M.

## Mystic Sewing Club has regular meeting

The Mystic Sewing Club met in the home of Mrs. E. R. Moreland Friday afternoon for their regular bi-monthly gathering.

Twelve members attended. Mrs. Lydia Sullivan was introduced as a new member.

Refreshments of small sandwiches, potato chips, olives, mint patties and Cokes were served. The next meeting will be held at the home of Mrs. Lester Nichols, 124 South Avenue P.

## Double ring vows pledged by Kathryn Collier, R. N. Cato Jr.

Miss Kathryn Louise Collier, daughter of Mr. and Mrs. Claud Collier Jr., 416 West 10th, and Robert Noel Cato Jr. were united in marriage Friday at the Church of Christ. He is the son of Mr. and Mrs. Robert N. Cato Sr., 812 West 4th.

Kenneth Greene, minister, read the double ring ceremony at 7:30 p. m. amid decorations of candelabra, baskets of white gladioli and palm trees. The bridal aisle was carpeted in white, and marked with lighted tapers.

The bride was given in marriage by her father. Her gown was of Alencon lace. The fitted bodice had a scalloped neckline and tiny buttons were featured on the long tapered sleeves. The bouffant skirt was designed with tiers of lace and tulle. A lace headband held her elbow-length veil of tulle, and she carried a bouquet of white roses and Stephanotis.

## Garza HD Council elects delegates

The Garza County Home Demonstration Council met March 1 at the office of County HD Agent, Mrs. Leta Smith.

The council approved committee recommendations and elected Mrs. Fred Taylor, Mrs. Robert Mock, and Mrs. Estelle Williams as delegates for the district meeting at Brownfield April 20.

Mrs. Howard Kolb was elected THIDA chairman for 1961, and Mrs. W. C. Ryan was appointed council reporter.

Attending were: Mrs. W. H. Barton, chairman; Mrs. Thurman Maddox, vice chairman; Mrs. Robert Mock, Mrs. Sam Bevers, Mrs. W. C. Ryan and Mrs. Howard Kolb.

Miss Leta Stone was maid of honor. Bridesmaids were Mrs. Glenn Huntley of Lubbock, Miss Melanie Thompson, and Miss Karen McGehee. Their dresses were silk organza over taffeta in varying shades of blue. They were designed with full skirts and fitted bodices featuring short sleeves. Their bouquets were white roses.

Flower girl was Cathy Cates, and ring bearer was John Cato, brother of the bridegroom.

Candlelighters were Miss Linda Roper of Lubbock and Miss Sharon McGehee of Southland.

Dan E. Cockrum attended the bridegroom as best man. Ushers were Cris Rieber and John T. Brown, Lubbock, and Homer Cato, uncle of the bridegroom.

Jimmy Short was soloist. He sang "Whether Thou Goest."

Following the ceremony, a reception was held at the Community Room of the First National Bank. Members of the house party were the bridegroom's aunts, Mrs. Robert E. Lee of Slaton and Mrs. Floyd Pearson of Idalou; Miss Bonnie Duncan, Miss Linda Wilks, Miss Lana Garner of Artesia, N.M., Mrs. Henry Wheatley, Mrs. Travis Thomas, and Mrs. Spencer Kuykendall.

For a wedding trip, the bride chose a navy blue wool suit with white accessories. They will be at home at 2322 14th Street, Lubbock.

The bridegroom is an engineering major at Texas Tech and his wife attends Lubbock Christian College. Both are graduates of Post High School.

Attending were: Mrs. W. H. Barton, chairman; Mrs. Thurman Maddox, vice chairman; Mrs. Robert Mock, Mrs. Sam Bevers, Mrs. W. C. Ryan and Mrs. Howard Kolb.

This spring, texture tells the fashion story... surface interest is added by basketweaves, patterned wools, checks, and plaids, and the delightful new polyester fabrics that are so wonderful for summer travel... with many variations on a theme, the classic shirtwaist sets a new pace, finds its forte in blazing colors and hazy pastels... the ensemble, too, is at the fore... the dress and jacket costume comes back this season to compete with the strengthening dress and coat combination. For after-five? The two-piece dress, of course, showing relaxed lines with pullover tops, saucy slashes, slim skirts... the pleat's in, too, but navy's traditional popularity is relieved by surging colors... when you've selected the colors, textures and style... don't forget your smile!

The Newest Fabric... in Parfait Pastels by Laura of Dallas. 8.95

Tempting tones and tantalizing textures of light and airy "Whipped Cream" fabric by Fabrex and fashioned into Laura's most copied shirtwaist. Never before such wrinkle-resistance, such charm and such easy care... just dip, drip, dry and go! Excellent under a spring coat now and eye-appealing without coat later. The very mirror of spring in delectable pastels, lavishly pleated and textured so heavenly soft.

## FFA promoter of farming interest

By DAVID LEE  
Vocational Agriculture II  
The FFA is an organization created to promote national interest in agriculture. It is open to all boys enrolled in high school vocational agriculture classes providing that the boys are between the ages of 14 and 21.

It has awards, scholarships and degrees to be given to those boys who are particularly interested and want to work toward them. These are the simple and basic facts.

To me, the Future Farmers of America is an organization to build up and give morale to the male youth of our country. Not only does one learn the basis of agriculture, but such things as leadership, cooperation and responsibility are also learned. Such things as these are not found anywhere else, in any department, in high school.

The FFA is open to town boys as well as those from the country. Being a town boy myself, I particularly respect the organization because it has opened a complete new phase of life to me. It has given me a chance to own and raise livestock, which I feel every boy should have a chance to participate in. It has given me the opportunity to hold an office in my chapter, in which I am vice president, and above all is slowly erasing my fear of speaking before a group of people.

In closing, I want to say that the FFA is a rapidly growing organization that needs the help and support of the American people. We of the FFA feel that we are best symbolized by the motto we have chosen to live by:

Learning to do, doing to learn, earning to live, living to serve.

## City boy says he likes FFA

By LARRY WILLIAMS  
I like FFA because for a city boy like me it teaches you about animals, farming, plants, insects and the farm.

It helps you learn more about animals because you have to raise and care for one of your own.

In the class period you learn how to raise and care for crops, which insects hurt them, how to get rid of them and how to care for farm animals.

In FFA you also have farm shop which helps you to do odd jobs around the farm. You learn to weld, cut with the acetylene, and to build things to help the animals and to better the farms.

It also helps the farm boy who has lived on the farm all his life to learn better ways to do things, about modern equipment, best seed, the latest cure for diseases and new things and equipment to lessen the work around the farm.

Only wise men and hungry children fully appreciate their blessings!

Many of God's gifts, like the air we breathe, are received without thought. Others, like the abundance of the harvest, we think about only in season. Still others, like our religious heritage, get varying degrees of attention and response according to our spiritual perception . . . or the precariousness of our plight.

This isn't Christmas . . . or Easter. And we hope it is not a time of personal crisis for you and your family . . .

If it's just a normal week, full of the routine of life—then it's an ideal time to remember your blessings. And Sunday will be an ideal day to begin, renew or strengthen that wholesome habit of worshipping God in the church of your choice.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

### Gossip Box

We have it that Coach Watkins is "getting gray hair worrying about the gray hair I already have." True?

Jackie Braddock is the proud owner of a new brother. Congratulations!

What happened to your hair, Betty? Looks like you've been clipped!

Last Saturday night, Lana Haynie got her glasses broken. No one seems to know exactly how it happened, just that she was watching a tournament. Some glass got in her eye, so the doctor fixed her up with a patch. Everything's a right now.

Big news! Hear ye, hear ye! Volleyball season is now officially open.

There is a new girl in 6-D. Her name is Linda Altman and she moved here from Slaton. Hope you like it in Post, Linda.

We have a brand new 6th grade couple—Gregg Jones and Deanna Adams.

Our sympathy to Belinda Lee. She smashed her right thumb in a car door and now supports a magnificent cast.

Cherry Pennell is our own baby bean. She likes to go barefoot in school.

Everyone had a blast at Cindy Wilson's party.

What's this we hear about the 7th grade girls' gym class letting a male in? Calm down—it was a little black puppy.

Last Wednesday afternoon, the 7th and 8th grade girls received their awards. The 7th graders got silver basketballs and the 8th graders were awarded gold basketballs with raised P's. Gorgeously!

Last Thursday, the 7th graders who were to be in the contest spelling finals were chosen. Seven girls and two boys were in this select (?) group.

Mrs. Walker has some new books of the American Heritage series. They will be on the shelf sometime next week.

**'Promises in Attic' student book review**  
By Marcia Newby  
"Promises in the Attic" was written by Elisabeth Hamilton Friermood.  
The story is about a young girl in her teens whose desire is to become a writer. You will enjoy her many exciting adventures, including the time she was trapped in an attic during a horrible flood.  
This book can be found in our own Post Junior High Library.

**JUNIOR HIGH SCHOOL EDITORIAL**  
**Let's Keep Our School Clean**  
By Beverly Avant  
We sixth, seventh, and eighth graders should take more pride in our school building and playground. In the morning when we come in wipe your feet off somewhere. When you go in the restroom, use the waste paper basket for your paper towels.  
When we go to the gym on bad days don't get on the gym floor with your shoes on unless you have rubber soles, and have no mud on them.  
On the playground, try not to throw your candy wrappings on the ground. Don't get your lunch and take it to the playground and eat, because some students throw their waste food on the ground, which is not very sanitary. If we students could do this our school building will be clean and neat.

**Teacher officers attend meeting**  
N. R. King, president of Garza County, attended the teacher's banquet and executive meeting in Lubbock. At this meeting, Miss Mary Wristen was elected vice president.  
Friday, Mr. King was platform speaker at the District 13 teacher's meeting adjourned at 12 o'clock. The meeting was held at the Lubbock College on the Tech campus. After the meeting, sectional meetings were held, which they attended.  
Mr. King attended a driver's training meeting that was held at Woodward's. Captain Marshall, head of the Department at Lubbock, introduced the speaker, Capt. C. Conner, head of the State Highway Department at Austin.

**Girl, boy athletes receive sweaters**  
Last Wednesday, the girls' basketball team and the boys' football team got their jackets.  
The girls' jackets are black with white trim and letter. They are a size 10 and the long-awaited leather sweaters.  
The boys' jackets are also solid black with old gold trim on the sleeves and letter. The sleeves are black leather and they have gold trim.  
Both teams are very proud of their jackets.

**TEACHER ELECTED**  
The student body as well as the faculty want to congratulate Mrs. Wristen on being elected vice president of the 12th district of the Texas Teachers Association, trustee of the Texas Teachers Association.

## Coketales...

### Have You Heard??

Everyone really did enjoy the play Friday night. All the actors did a real good job.

Larry Williams and Linda McMahon are going steady. Congratulations, kids!

What's this we hear about Ken, lth Smith and Gary Simpson practicing an Indian dance?

Wonder how come there wasn't anyone at Teen Town Saturday night?

All the boys did a real great job at the track meet Saturday. Harold Wayne Mason hurt his leg on the first sprint, and was out of the rest of the meet.

Why does Wayne McFadin get so mad when you mention the word Monopoly? Wonder if Janene Haynie knows anything about it?

Is there any such thing as being overly cautious at intersections? Just ask Gary S. and Kenith S.

Billye Ruth Hill became engaged over the weekend. Congratulations!

Some couples seen together over the weekend: Jan Herring and Jerry Bush, David Lee, and Marsha Smith, Wendell Duncan and Glenda Hutto, Janene Haynie

and Ray Crispin, Vonda Howell and David Nichols, Ginny Young and Nuel Landreth, Dean Johnston and Chris Cornish, Anne Morris and Johnny Kemp, Lewis Mason and Jane Maxey, Leatrice Justice and Allen Johnson, Judy Clary and Harold Wayne Mason, Janith Short and Dwayne Capps, Charlotte Covey and Glenn Polk, Mary Lois Jones and Jerry Nutt, Billie Lou Hill and Johnny Robinson, Ginny Young and Wendell Duncan, Lynette Potts and Billy Shumard, Beth Kemp and Mike Cornell, Sheila Ligon and Billy Jackson, Jerry Ligon and Stanna Butler.

Everyone enjoyed the reception at Sammie Kay Caffey's house for the play cast after the play Friday night.

Mrs. Fleming is walking on air this week. She expects her family from South America.

Dean Johnston is getting a little forgetful lately. He forgot to ask Chris for a date Saturday.

Margie Harrison has a pen pal in Brownfield. Wonder if she will see Biff Davis when the choir goes to contest Saturday?

Danella Bateman may be sitting home for a while for lack of funds. It seems Noel Don is a little short of cash.

Diane Maxey had a slumber party Friday night after the play. Those attending were Linda McMahon, Margie Harrison, Shirley Sappington and Lynette Potts.

Venezuela will step up public housing to combat unemployment, Caracas learns.

## Practice begins one one-act play for IL contest

Work has begun this week on the play, "Senior Freedom", for Inter-scholastic League one-act play contest. Mrs. Bettye Scott is the director of this play. It will be presented in Slaton March 19.  
Members of the cast are:  
Dolores Sarveda, a young girl, Denise Eubank.  
Juan, a wounded soldier, Wayne Gambelin.  
Gina, an old serving woman, Janene Haynie.  
Luis, a stranger, Gary Simpson.  
Bruna, an old woman, Chris Cornish.  
The one priceless thing in life is freedom—freedom to worship God as one chooses—freedom to have a hand in shaping one's own destiny, through the medium of a self-determined form of government and the privileges such a government makes possible. In "Senior Freedom", we are reminded again, but we are also given hope—the hope that so long as there is one man who can keep a trust, freedom shall not die.

**CONGRATULATIONS!**  
Congratulations go to the top ten per cent who received sweaters awards. Everyone was very proud of them. The sweaters are white with a gold letter on a black background.

## Personal opinions on 12 months of school

By Betty Hutchins  
Marilyn Jones—They're crazy.  
Pamela Owen—That's crazy.  
Tony Hutto—I think the people would be a bunch of nuts.  
Michael Matthews—My mother would make me go.  
Pat Martin—I'd run away and hide!  
Judy McCampbell—I'd die!  
Beverly Duncan—That would be terrible!

## High school choir is preparing for contest

The Post High School choir is going to the University Interscholastic League Contest in Brownfield on Saturday, March 11.  
Everyone has been singing up a storm these last few weeks, and doing a good job, too. Good luck, choir!

## JUNIOR HIGH'S

### Book Menu

By Barbara Hahn  
The Junior High staff has decided to begin a series of choice books from the library. Look under the title of "Book Menu" in the paper each week for some really good books. This week's menu is as follows:  
Monday: "Carry on, Mr. Bowditch" by Jean Latham.  
Tuesday: "Soldier Doctor" by Clare Judson.  
Wednesday: "Foe of Darkness" by Jeannette Eaton.  
Thursday: "Winged Moccasins" by Frances Farnsworth.  
Friday: "Cartier" by Ronald Syme.  
(The books do not have to be read on the suggested day.)  
London soon will have a theater solely for production of Irish plays, Dublin learns.

### Postings--

(Continued from page 1)  
should give careful thought to what these candidates propose and to what they themselves think is best for the community.

We all have often said that "when we build the White River dam Post will start to move." Well, we'll build the dam this year. Now is the time to organize for the move. We need to take real interest in community problems and the opportunities for community growth and to measure the qualifications and the proposals of all our candidates, both for the city and school district offices.

This is to spike the first political rumor of the local campaign. Post Developments, Inc., is not in politics. Those who say this group of business and professional men selected any candidates are all wrong—and should know better. Politics has never been discussed at one of its meetings. It's trying simply to organize to seek out and find new local industry.

Speaking of elections, how about the upcoming special U. S. senatorial race ballot as a workout for the poor voter. With 71 candidates in the record sized field, the voter to get his vote counted is going to have to carefully mark out some 70 names to vote for one man. It's the best example we know of why we're opposed to the "scratch method of voting."

It isn't often that a Post couple makes the Big D column on the front page of the Dallas News, written by Paul Crume. But Dispatch editor Charlie Didway and his wife, Zula, made it in last Monday's issue with this little sparkler, as Paul Crume tells it: "At Post, Mrs. Charles Didway, wife of the Dispatch editor, bought some of those letters that you stick on the front of the house to spell out the names of the occupants. As an old proffender, Didway had a hunch that he had better check the sign when it was finished, and sure enough it read: "THE DIDWADYS." His fine wife and helpmate Didway was a little miffed when he brought it up. "It was cold out there while I was 'cutting them up,'" said Mrs. Didway, "and I always did have trouble spelling that name anyway."

U. S. Senatorial Candidate Johnny Hopkins may have his pix in Life Magazine one of these days. Life wrote for an 8 by 10 glossy the other day and is probably figuring on a spread of the 71-man field as real Texas-size democracy in action.

The Jimbo Meat Market had a smashing opening Saturday with over 500 turning up for the event. Ivan Jones won the ham and Mrs. B. B. Ault the bacon as the door prizes. Lawrence Hall was the market's first customer. Everybody connected with the opening called it a very successful one.

Dispatch want ads are good for a lot of things—such as selling weaning pigs, calves, and even finding lost dogs. J. E. Britton is the latest to get his lost pet back for the 50 cent price of a want ad. The reunion came just as soon as the paper came off the press last Thursday and J. E. is mighty happy about it. The youth center also hit the jackpot with its ad for a coat rack. The American Legion promptly donated an extra one it had and for that the veterans are to be thanked. Our want ads are really paying off our customers tell us. How about you trying one next week? You'll be surprised at what you can sell.

The Post High School Drama club did a good job with its presentation of the three-act comedy, "The Family Nobody Wanted," last Friday night in the grade school auditorium. Since the story was about a preacher and his family, all the local church pastors and their families were invited to the play, seated together, and introduced between acts. That was a mighty thoughtful gesture on the part of the drama club.

TRENT VISITORS  
Mr. and Mrs. Weldon Allison and children of Trent spent Sunday night with Mrs. Maysel James.

### New Arrivals

Mr. and Mrs. E. C. Smallwood are parents of a son, born March 3 in Lubbock Methodist Hospital. He weighed eight pounds 14 ounces and was named Terry Scott.

Mr. and Mrs. Dewayne Davis announce the birth of a son, born March 6 in Garza Memorial Hospital. He was named Jonathan Blaine and weighed eight pounds 11 ounces.

Mr. and Mrs. Wayne Culvahouse announce the birth of a daughter, Kimberly Ann, born Feb. 24 in Snyder. She weighed six pounds 14 ounces. Mr. and Mrs. Curtis Davies of Post and Mr. and Mrs. J. S. Culvahouse of McCamey are the grandparents.

### 14 more cases in JP's court

Cases filed in Justice of the Peace D. C. Roberts' court here during the last several days with date of charge filing, and fine and court costs if any yet paid are as follows:

- Earl Beachem, drunk, March 6.
- J. B. Collins, drunk, March 6.

and some further south past the city-county park.  
Ray Smith, company engineer, and Ted R. Hibbs, local manager, attended the meeting. Smith told the council he would outline the improved lighting plan on a city map for submission to the council.

The city council also decided that the names of candidates for mayor and councilmen in the April 4 election would appear on the ballot in the order in which the candidates filed.

The council meeting was concluded with a report from Auditor Mr. and Mrs. Harold Wines on the city audit for the fiscal year July 1, 1959, to June 30, 1960.

### DWI case ends in hung jury

The case of Fletcher B. Lewis, Levelland contractor, charged with driving while intoxicated, second offense, resulted in a hung jury yesterday in district court.

The jury was dismissed by District Judge Truett Smith after reporting at 9:30 p. m. that they were unable to reach a verdict.

Members of the jury were Walter G. Stolle, E. R. Moreland, Walton McQueen, John Elmer Nelson, Walter Johnson, R. E. Shedd, H. R. Dabbs, Alton J. Taylor, Ivan Jones, Howard Campbell, Weldon McGehee and Mrs. Tom S. Gates. Also on the docket are two murder cases—those of Johnny Johnson and Bennie James Porter and Robert Brandon.

Other cases on the docket are the following:  
Eddie Ruth Spears, forgery and passing.

Benito Hernandez Baili, Abelardo Garza and Richard Ybarra Gomez, theft and burglary.  
Harold Johnson, George Curry, Albert Taylor and Gaylon Mitchell, theft.

Sammie Lee Gross, burglary and theft.  
Barbara Taylor, forgery and passing.  
James Jeffries Gilbert, theft.

### Stock show--

(Continued from page 1)  
Silver dollars were given each exhibitor by Beth Kemp, FFA sweetheart, on behalf of the Graham Co-op Gin.

Ribbons and cash prizes of \$3, \$2, and \$1 for first, second and third were donated by the Post Chamber of Commerce, with these awards also presented by the chapter sweetheart.

The Chamber of Commerce also gave small engraved medals for the showmanship winners.  
The animals were judged by Bill Jackson, a vocational agriculture teacher at Tom S. Lubbock High School.

### Lunchroom Menus

Menus for the Post schools lunchroom for the week of March 13 through March 17 are as follows:

- Monday: Hot tamales with chili, green beans, pickles, fruit, corn bread muffins, one-half pint milk.
- Tuesday: Pinto beans with salt pork, tomato wedges, onions, beet pickles, fruit jello, corn bread muffins, one-half pint milk.
- Wednesday: Ham sandwich, lettuce, potato salad, fruit, iced cake squares, one-half pint milk.

### Junior rodeo is still undecided

Post Stampede, Inc., officers last night offered the Post Junior Rodeo Association about the same proposition as last year, if the juniors want to use the Stampede arena again this year for their rodeo.

The proposition is that the Stampede group will put the grounds in shape for the Junior Rodeo and charge not less than \$500, perhaps a little more, for their use, according to Lester Nichols, president of the adult board of the Junior Rodeo organization.

Nichols said a meeting of Junior Rodeo directors will be held Friday night, March 17, in the district courtroom, at which time the Stampede's proposition will be acted on. He said the meeting will also be for the purpose of electing new junior board directors. All stockholders are urged to be present.

### Rotarians see film on energy research

Post Rotarians at their weekly luncheon in City Hall Tuesday noon saw a very interesting film on research into efforts to harness atomic energy for peacetime use as now being conducted by the Texas Atomic Energy Research Foundation.

Supporting the foundation's program are 11 private power companies of Texas, including Southwestern Public Service.

Ted Hibbs had the program. Coy Evans of Lubbock, division safety director for Southwestern Public Service, showed the film.

### Singers to regional contest at Brownfield

The Post High School Mixed Chorus and Girls' Choir will go to the regional contest in Brownfield Saturday.

Two girls' sextets, composed of Linda Pannell, Linda McMahon, Argan Robinson, Nancy Bingham, Susie Schmidt, Margie Harrison, Dee Ann Walker, Meredith Newby, Carolyn Matsler, Gayle Little, Karen Haley and Gayla Johnson, will sing "Beauty."

The high school quartet, composed of Clarence Ivie, Robert Johnson, Teddy Scott and Jimmy Wells, will sing "To My Lord." Carol Camp will play a piano solo. Gayla Johnson also will play. These students are under the direction of Georgie M. Willson.

### PLEADS GUILTY

James V. Avara pleaded guilty to charges of driving while drunk before County Judge J. E. Parker March 6 and was fined \$30 and \$35.45 costs, sentenced to three days in jail, and had his driver's license suspended for six months.

### 7th track team second in meet

Post's junior high and freshman track teams competed in a regular meet at Snyder Tuesday with Coach Charles Clark's 7th grade team finishing second in Colorado City in total points.

The 8th grade team was third in point totals and the freshman team was fourth. Their coaches are Glynn Gregory and Richard Beyer.

In the 8th grade division, Post sprint relay team of Butch Crow, Ronald Simpson, Danny O'Neal and Mike Ayala posted a \$12.10 for third in the 50-yard dash. Crow was second in the 100, and Ayala and Danny Pierce finished second and third in the 220. Jackie Boudock and Charlie Brown placed second and third in the shot put. Post's only first place in the freshman division was won by Ronald Turner in the shot put. He placed third in the discus throw. Both freshman relay teams placed fourth.

# Golf course dam slated

Construction is scheduled to start sometime this week on the "grass greens dam" at the Caprock Golf course, just north of Post, D. H. Bartlett announced yesterday.

The Colorado City earth moving contractors, Hudson and Sparks, have the dam construction contract, Bartlett said.

Purpose of the earthen dam on a creek which winds through the course will be to impound enough surface water to use for the watering of grass greens.

"We'll build the dam first and see how it works," Bartlett explained.

He added that depending upon rainfall after the dam is completed the greens will be built and planted either in May or September.

The plan is to organize a club and sell memberships to finance the grass greens expansion. Once in grass greens, the Caprock course figures to be one of the sportiest nine-hole golf layouts in the South Plains area.

**VISIT IN SNYDER**  
Mrs. Vera Gossett and Joany Butler were in Snyder Sunday, where Mrs. Gossett visited with Mr. and Mrs. D. E. Yandell.

**Your RIGHT TO VOTE**  
MR. AND MRS. VOTER, do you feel that you should have an opportunity to vote on legalizing Parimutuel Horse Race Betting?  
A constitutional amendment (H.J.R. #4) is being considered whereby Texans will be given an opportunity to legalize horse race betting in Galias, Tarrant, Harris, Galveston, Bexar, Midland, Hidalgo, Cameron and Webb Counties, subject to approval by LOCAL OPTION.  
H.J.R. #4 provides for distribution, ANNUALLY, among all counties that do not have race tracks, one-half of the STATE TAX REVENUE obtained from horse racing. Each county would receive approximately \$1.00 per capita population the first year. Counties where the tracks are located would receive 2% of parimutuel handle. The state's tax income from horse racing alone would run close to \$12,000,000 the very first year—possibly more—besides all the income tourists would bring to Texas—which would amount to millions of dollars, plus a great ad valorem tax on race tracks, breeding farms and many valuable race horses.  
Please express your opinion by checking  the appropriate box below. You do not have to sign your name unless you like, but we would prefer it.  
POLL  
 YES: I feel that the people should have an opportunity to vote on horse race parimutuel betting.  
 NO: I am not in favor of letting the people vote on the subject.

Mr. and Mrs. Jay Oats recently took her mother, Mrs. Robert Carroll, to her home in Cooper.

# WHERE I STAND

In offering myself as a candidate for the office of mayor, I fully realize that I am subjecting myself to countless rumors, slander and vilification on the part of a small minority. I shall not reciprocate in kind. Instead, I shall take a stand on the issues that face this community and attempt to make it clear where I stand on each issue. I believe any man seeking public office should put himself squarely on record. He should be required to take a stand so that his performance can be judged against his promises. A man who won't take a public stand is asking for a blank check, and you have no complaint coming if he does not perform up to your expectations, because he has promised nothing and has to deliver nothing.

I believe politics should get out of the realm of whispering campaigns, and come out in the open, and when we have done this, we will elect public officials on the basis of ability and their programs rather than on hearsay and personalities.

### CONFLICTS OF INTEREST

If elected mayor, I will not participate directly or indirectly in any contract, negotiation, deal, business undertaking, or any other ventures in which my interest is adverse to the interest of the City. I shall completely disassociate myself from any organization, firm, corporation or business of any nature that has financial dealings with the City of Post, and will represent only the interest of the City. The law requires this of all public officials, whether it be City, County or State.

### OPEN MEETINGS

As your mayor, I will not participate in any closed meeting to discuss public business. No secret meetings will be held. No special or regular meetings will be called at which the public, press and radio, or other news mediums, are excluded. All decisions will be discussed, debated and settled in open public meetings. I consider a free press essential to a free government. The news gathering agencies are the eyes and ears of the community, and to exclude them from public hearings and public business, or to have hearings at which they and the public are not invited, is to exclude the public. In brief, I believe the public business is the public's business.

### PUBLIC ORDINANCE HEARINGS

I would completely reverse the present system of passing ordinances that restrict the citizens' freedom and then notifying the public what has been done. I would first notify the public of the intention to consider an ordinance, then hold public hearings at a designated time and place, at which all factions could be heard, and then deliberate and vote on the ordinance in public with each official's view being expressed in the record.

### WATER AND SEWER EXTENSIONS

Water and sewer extensions in our city are two of the greatest needs. When the citizens voted bonds to purchase and establish the water and sewer systems, the very issue they voted upon promised that the revenues from the water and sewer department would be used to extend the water and sewer lines; and the extension of said lines can even come ahead of the payment of principal and interest on the bonds. Two years ago, when the City Council wanted to extend the old city limits and to annex an additional three square miles of territory, they based their desire on the fact that, under the old city limits, they could not extend water and sewer lines into the new city territory and that they could not control and clean up the blighted areas of our city. I supported that measure, then, and believe I was instrumental, in a small measure, in seeing it passed. I believe it was a sound program then, and I still believe so. But water and sewer extensions and clean-up of blighted areas needs to be implemented, not just talked about.

As of this date, not one foot of water and sewer extension has been made in the newly annexed territory, except where the landowner has been required to pay or partially pay for the same, and this has all been to new housing. Not one thing has been done for the homes that were in existence at the time of the annexation.

For three years, we have had dedicated citizens serving on a public housing committee, and when it appeared we were about to reap the fruits of their labors, the present administration instructed the committee to see if the Federal or State government would pay for the water and sewer extensions to these public housing projects. And, mind you, some of these proposed housing locations are in the old city limits, not in the newly annexed territory.

On three occasions in which I have represented clients before the present administration, to request the extension of water and sewer facilities, I have been told that no funds were available. In fact, the public housing group was told that water and sewer extensions for the project would cost \$45,000, and that the City did not have the funds. It was thereafter pointed out to the present administration that the City did have on hand approximately \$140,000 of the original water and sewer bonds voted by the people for the purpose of buying the water and sewer system and making extensions, and that the same could be sold and used for the purpose of water and sewer extensions. Two of the members of the present administration stated they were not aware that such funds even existed. During all this period of time that the present administration has asserted it did not have any funds to make water and sewer extensions, they have been diverting SURPLUS FUNDS from the water and sewer department into the building of new city hall and fire station. These two items were certainly nice, but were apparently purchased, partially at least, with funds that could have and should have been used for water and sewer extensions.

As your mayor, I would not divert one cent from the water and sewer department into the general operation fund until water and sewer extensions are made to all populated areas of the city.

The health and general welfare of the public would have to come first. Water and sewer extensions are not made from general tax revenue, but are made from profits derived from the sale of the water and operation of the sewer system. Well over one-half of all water consumption during this year will be by customers who reside in the newly annexed territory; so it is not a give-away to have the city furnish extensions of water and sewer to the newly annexed areas of the city.

### EXPANDED PARK SYSTEM

At the risk of being called immodest, I claim some credit for the present park system. As County Judge, I handled the negotiations, convinced the commissioners' court of the wisdom of the program, prepared the contracts and set up the present system. I would work to expand this program to include our summer baseball program. Our baseball program is always in trouble for want of funds and needed maintenance of its plants. The Little League, Babe Ruth League, and the to-be-organized American Legion League would continue to control the disbursement, but the park board would continue to furnish the necessary maintenance and funds for the operation of the plants. Our summer baseball program would long ago have collapsed, except for the generosity of the oil industry in supplying the equipment and men that the public should be supplying.

### TO PUSH STREET PAVING

Street paving should be pushed, with the utmost vigor. Last year, we saw the City return several thousand dollars to people who had put up their money for paving, because the present administration never got around to having a paving program. Keep in mind that the city does not pay for paving; each individual lot-owner pays for the paving abutting on his property, and, in the past, the County has furnished machinery and cache to pay for the intersections. The City did pay 6 per cent of the cost of engineering fees, but even this 6 per cent could be included in the property owner's share and he would be willing to pay for his pavement.

I would request the County to continue to cooperate in City paving, because, after all, the city taxpayer pays over one-half of the gasoline taxes and vehicle registration fees which provide some of the road and bridge funds of the County.

### IMPARTIAL LAW ENFORCEMENT

Post should have a police force that is well trained, efficient and capable. I consider the present set-up to be none of these. I would remove the police force completely from politics and give it one instruction: "Enforce the law fairly and impartially." We do not need a larger force. We need one that will cooperate with the Sheriff's office and cut out wasteful and unnecessary duplication of effort.

Post is growing. It needs more housing, more street improvements, and water and sewer extension. Housing is a function of private enterprise. Water and sewer extensions, and police protection are functions of the City government, and absence of the same should not be allowed to stifle our growth.

### WOULD USE CITIZEN STUDY GROUPS

I would make the maximum possible use of citizens committees to study the problems and needs of Post, for two reasons: First, such services are free. And, second, we would get a broader view of what our needs are and how they could be met most economically.

Three years ago, a study committee was appointed to recommend ways to solve our police problem. The committee met many times and made its recommendations to the council. They recommended that we have a garbage tax of \$1.50 per water meter per month, and that the \$1,800 per month would provide for an additional garbage truck, two full-time policemen, one additional police car, a city court, and would show a surplus.

This report was suppressed, and has never been made public. We got the full tax, and one garbage truck recommended by the committee, and a city court in which the accused person is not allowed to plead "not guilty". Under our present administration, if a citizen receives a traffic ticket, he must plead guilty and pay his fine, assessed by whom I am unable to determine, or he is threatened by prosecution in the Justice Court, where fines and costs are a minimum of \$20.50. I would either abolish the court or set it up as a place where a person's rights could be determined fairly and impartially.

### ZONING AND PLANNING

Our city needs zoning and planning for the protection of property values and future expansion. The only zoning ordinance now in effect protects the property of people living on West Main Street, and the hospital, and these are steps in the right direction; however, the rest of the city is entitled to the same protection. We now see residence building expanding rapidly to the West, without benefit of master planning, zoning, fire breaks, and through streets running North and South. These deficiencies should be corrected now, while the land is relatively cheap, rather than at some future date when the costs of correcting the same would be prohibitive.

The law of this State requires that all cities, as well as schools and counties, publish regularly in a newspaper of general circulation a detailed account of all money received and disbursed, and provides that any city that fails to abide by said laws shall not pay its elected council members. The City should obey the law.

### STRONG SUPPORTER OF WHITE RIVER PROJECT

I support now, and have supported in the past, the White River Project. Those who would tell you differently need only ask members of the Lions Club, who organized contests with the Lions Clubs of neighboring cities to see who could get out the best vote. You will find a resolution passed by the commissioners' court in which the court endorsed the project and offered to the district free use of any right-of-way owned by Garza County.

I did oppose the appointment by the council of one of the members because the law expressly provided that no person should ever be a member of the district who did not reside in the city. That member now lives in the city and I have no objections to his tenure on the board. If called upon today or in the future to appoint or re-appoint that member, or any other member, I would do so without reservation, because certainly he and the other members are capable, qualified men and have served this community with distinction and at great personal sacrifice.

### WE GROW OR DIE

The recent Federal census shows that most small towns and counties in Texas (population-wise) are dying. The trend is toward urbanization. The picture is clear. We can either grow or we can die. We cannot stand still. Growth comes as a result of offering to people a community they want to live in, developing the industry to support and build the economy of the community.

If elected mayor, the first thing I will do is sit down with the officers and directors of our industry and assure them that we are going to develop a healthy, free business climate, in which present and prospective industry can feel welcome and prosper. There will be no discriminatory taxes, punitive measures, or repressive actions that would penalize and discourage industrialization.

Rather than wait until the horse is out to close the gate, I would immediately establish long-term industrial water rates that would be competitive with any town. I would request repeal, over a period of three to five years, the gross production tax now placed on our oil industry. I am not speaking of the normal ad valorem taxes, but of the three cents per barrel production tax now placed on oil companies. Our oil industry has borne this tax without complaint, but the very fact that it exists is likely to scare industry away because of the possibility that it may next be applied to them.

At present, the largest city taxpayer (oil company) does not have sufficient water to fight a fire in its office. As a result, it has higher insurance rates, and has no assurance that it will ever get water extension; this despite the fact that, since its annexation to the city, the oil industry has been paying production taxes at the rate in excess of \$800 per month. This is part of what I call an unfriendly business atmosphere.

We must begin now to plan for the day that our oil reserves will be depleted, and with it will go much of our industrial base and many good-paying jobs. I am proud of my part in Post Developments, Inc., and, given the support of an active, vigorous city government, we will see our industrial growth multiply many times over.

### COMMUNITY PRIDE ESSENTIAL

It should come as no shock that a large segment of our citizens are without adequate housing, adequate water, sewer facilities, and passable streets, and, in fact, decent surroundings in which to live and raise a family. In fact, if the conditions that exist, and that have existed for many years in the extreme East part of our city should develop in the West part of the city, we would work on a round-the-clock basis to correct it. All areas of our city should have equal use of city facilities. Water and sewer is a must. Street improvements on a basis which the people can afford has not been made available. But still more, the mayor's office needs to lend its moral support and influence to the establishment of community pride in these areas. Clean up, fix up, paint up programs must be encouraged, with the city doing only what it would do in any other part of town. Pride, initiative, leadership, and private enterprise will do the balance.

Private builders are now ready and willing to start housing projects in the blighted areas of our city, but financing is not available because the city has failed and refused to face up to its responsibility on water, sewer and streets. We allow conditions to exist in the extreme East part of our town that are breeding grounds for crime, vice, immorality, and every conceivable social cancer, and if the same existed in the West part of town, we would consider ourselves in a state of emergency. The leadership, pride and ability are available in these areas to correct these conditions when the city, through acceptance of its responsibility, adopts a policy of progressive leadership instead of total indifference.

Our state constitution prohibits any person from holding two offices at one time. I would enforce the spirit as well as the letter of this provision of the law. I would not by subterfuge or indirection do that which the law prohibits. Any person found in that position would have to choose which office he desired to occupy.

### "CITY MANAGER" NEEDED

I believe in this program. I believe it is possible if we work at it, but we need to start. It will require a man with ability to make it work, call him city manager, city superintendent, or water superintendent. We have such a man now in the position as city superintendent. Give him the authority, a program, and a commission to support him in his decisions, and we will begin to move.

I propose no new taxes. This program can be carried out within the existing tax framework. Our city needs in its city hall a man with the authority to answer the everyday questions and problems of the public, rather than to wait for a city council to call upon a mayor who does not have the time to answer the problem. In fact, these every-day city problems are not the mayor's job. The mayor's job is to lay out a program, see that it is soundly financed, properly managed, and hire a person to run it.

I would request that the city council discontinue the mayor's salary and pay it to the city superintendent in the way of an increase in salary for taking on the responsibilities that properly belong to his office. If the commissioners desired to do the same, I would wholeheartedly support it.

I will meet with any group or any person at any time or place to discuss my views. I have and will continue to reduce my program to writing so that you can preserve it and compare my record to my promises at the end of my term of office.

## TIME MARCHES ON AND ON

Just FIFTEEN YEARS ago this week we moved to Post and started to cleaning up, stocking up and MARKING UP our little stock of hardware. AT THAT TIME we had very little to sell and the demand was enormous BUT today we have A GOOD STOCK and the demand matches our stock 15 years ago.

WE HAVE ENJOYED our fifteen years in Post. It has been a pleasure to supply the HARDWARE NEEDS of the folks who have kept us going thru these years. YOU HAVE BEEN PATIENT while we searched our supply for the item you called for and whether it was a dime's worth of nails, a wheel-barrow, a rifle, a box of twenty-two shells, a pan, a butcher knife, a hoe handle, a light bulb, a rod & reel, a gas heater, a bucket, a lariat rope, a box of tacks or whether you just wanted to look around or chat a while, WE HAVE BEEN glad to see you and have enjoyed every year JUST A LITTLE BIT BETTER.

IF WE ARE HERE fifteen more years, we will need your patronage and the longer we stay here the MORE WE APPRECIATE the patronage of the people of Post and surrounding area.

May we see you real often from here on?
