IN GARZA COUNTY

**Cost-share assistance available on pilot recreation enterprises**

A limited number of farmers in Garza County may be eligible for cost-share assistance in establishing pilot recreation enterprises on their cropland in 1962, according to Avery Moore Jr., chairman, Garza County Agricultural Stabilization and Conservation Committee.

The enterprises, part of the long-range program of land-use adjustment designed to help farmers convert their farms from crop production to grass, trees, wildlife and income-producing recreation uses, were authorized by Congress as a part of the Food and Agriculture Act of 1962.

Under the program, the Government will share with a limited number of farmers the cost of conservation practices needed in order to make these conversions. In addition, adjustment payments will be made to help farmers make the conversion if the land is suited for regular use in the production of crops. Primary responsibility for administering this program has been delegated to USDA's Agricultural Stabilization and Conservation Service, in cooperation with other department agencies, Mr. Moore pointed out.

The pilot recreation developments may include conversion of all or part of the eligible land on a farm to recreation use. Only farmers or groups of farmers who own or operate cropland which is being devoted to the production of row crops or small grain, and tame hay, will be eligible to participate in the program. Land already in forest trees or shrubs for wildlife or water impoundments will not be eligible.

ible, nor will land which has changed ownership in the past two years. Loans for capital facilities such as buildings and boat docks will be available to qualified participants through USDA's Farmers Home Administration. In addition, plans for more extensive FHA farm operation, farm ownership, and association loan programs for recreation development on family farms and in rural areas were announced by the USDA recently.

Practices aimed at developing fishing, swimming, boating, hunting preserves, picnicking, camping, and other recreational use of land will be considered in developing the pilot developments in addition to wildlife conservation practices with soil and water benefits.

Individual farmers or small groups of farmers who are interested in participating in the pilot program should contact the local Agricultural Stabilization and Conservation office as soon as possible to discuss their proposals, Mr. Moore urged.

**CVE members visit Palo Duro Canyon**

A group from the Christian Youth Fellowship of the First Christian Church enjoyed a day at Palo Duro Canyon Sunday.

Mrs. Lee Davis Sr., teacher of the class, assisted by Mrs. Jack Burress, took the group to the canyon early Sunday morning. Sunday School services and Communion were held.

A picnic lunch was enjoyed at noon. The group returned late Sunday afternoon.

Those attending besides the adults were:

Susan Ramsey, Larry Osman, Johnny Haire, Lana Haynie, Pat and Donnie Cornell and Benny and Pam Owen.

**Lone Star State 4-H'ers Cited For Outstanding Achievements**

Excellence in recreation, field crops, achievement and leadership 4-H Club projects has won state honors for four Lone Star youths, three of whom will attend the National 4-H Club Congress Nov. 25-29 in Chicago.

Berg McDonald

Dorsey Ewing, 18, daughter of Mr. and Mrs. Morris B. Ewing, 5837 Hampshire, Corpus Christi, was singled out for leadership and received a trip to the National Congress awarded by the Sears-Roebuck Foundation.

Recreation honors went to Cullen R. Looney, 16, son of Mr. and Mrs. J. C. Looney, Route 2, Edinburg, and he will receive a trip from John Deere.

Glen Ray Berg, 18, son of Mr. and Mrs. Victor Berg, Tyford, won state honors for his field crops and was awarded a trip by the Arcadian Products Department, Allied Chemical Corporation.

Richard McDonald, 18, son of Mr. and Mrs. Roy H. McDonald, Route 4, San Benito, won top honors in the state for overall 4-H achievement and was awarded a citation of merit by the Ford Motor Company Fund.

McDonald, a graduate of San Benito High School, is a student at Texas A. & M.

He has won many awards for excellence in his projects and

has held 17 4-H offices, including that of state 4-H chairman, which he now holds. As state chairman he leads Texas' 100,000 4-H Club members.

Miss Ewing, a graduate of Roy Miller High School, now attends Del Mar College. She has been in 4-H for nine years and has had leadership as one of her projects every year.

In addition, she has participated in dress revue, clothing, home improvement, food and handicraft projects. Her leadership ability has been recognized in her being elected state 4-H vice chairman.

Looney is a junior at Edinburg High School and has participated in 4-H work for the past six years. His projects, in addition to recreation, have included swine, beef, electricity, field crops, safety, lambs and

poultry. He has won numerous awards for excellence in his activities.

Berg has been in 4-H work for ten years. His projects have included cotton, grain, beef cattle, heifer, soil and water conservation, swine, safety and tractor.

The Cooperative Extension Service selects award winners and directs state 4-H work.

**New official Texas Ranger badge is replica of one worn in olden times**

AUSTIN — Col. Homer Garrison Jr., director of the Texas Department of Public Safety, announced today the Texas Rangers are going back to the tradition-steeped Mexican silver badge worn by their predecessors in frontier days.

Garrison said the new official Ranger badge, issued to each of the 62 members of the force, is a replica of the badge which old-time Rangers carved out of Mexican silver pieces when Texas became a state and their duties changed from military to law enforcement.

The best information available indicates that the five-pointed star on the badge symbolizes the "Lone Star" of Texas. The points are supported by an engraved wheel.

When the Department of Public Safety was created in 1935 and the Rangers became part of it, this badge was replaced with a solid badge of somewhat different shape and design. Then in 1957, a differ-

ent badge was adopted for all officers of the Department, including the Rangers. This is a modern version of the old Ranger badge, with a five-pointed star surrounded by a royal blue background.

The history of the Rangers dates back to 1823 when Stephen F. Austin hired a contingent of 10 men to "range" over a wide area to protect his colonists from Indians. Since that time, the force has been synonymous with the suppression of lawlessness and crime—first the Indians, then the bandits and cattle-rustlers, then the outlaws of the early 20th century and finally the modern-day criminals.

**DO IT AUTOMATICALLY**

Breaking ice on stock watering troughs or tanks is no pleasant task but it is a job which must be done during the winter months if livestock are to get the water they must have to do well. The installation of an automatic waterer equipped with an electrical heating element will eliminate the job, says W. S. Allen, extension agricultural engineer. He adds that local county agents have information on selection, installation and operation of these time and labor-saving devices. Your livestock would appreciate one for Christmas.

Brazil has sufficient area and resources to accommodate one-third to one-half of the world's population.

**SANTA FE CARLOADINGS**

Total carloads moved over Santa Fe System Lines for the week ending Dec. 1 were 30,885 compared with 33,388 for the same week a year ago. On-line loadings were 20,600 compared with 22,983 for the corresponding week last year. Cars received from connections totaled 10,285 compared with 10,519 for the same week a year ago. Santa Fe handled a total of 30,687 carloads in the preceding week of this year.

**Permian Basin group to hear RRC chairman**

MIDLAND — The Permian Basin Petroleum Association will have William J. Murray Jr., chairman of the Railroad Commission of Texas as speaker for its first annual meeting, it was announced Saturday by Joseph I. O'Neill Jr., president.

The event will be held on Thursday, Dec. 6, at the Scharbauer Hotel in Midland at 6 p. m. and will be a stag affair.

O'Neill further stated that he felt the association was fortunate in getting the chairman of the Railroad Commission of Texas. "Murray's vast knowledge of the petroleum industry not only in Texas, but also on national and international levels qualifies him as one of the most informative speakers in the industry. We are looking forward to hearing his address at the first annual meeting of PBPA", said O'Neill.

The association plans to increase the size of its board of directors and to create an advisory board of non-industry members to assist in its activities. "The strength and effectiveness of an organization such as PBPA stems from the active participation of its members. We have been fortunate in that respect", stated O'Neill.

The association was created in the fall of 1961 as a result of the Permian Basin Area Gas Price Hearings which were held in Midland and in Washington. The need for such an organization to speak as a voice for the Permian Basin was clearly demonstrated to the operators in the area. It has continued to grow and now has approximately 2500 members.

## Army now accepting OCS applications

A limited number of applicants are now being accepted for the U. S. Army's new Officer Candidate School (OCS) program, according to Sgt. Bob Belcher local U. S. Army Recruiter.

The Army's newest enlistment option for OCS offers an exciting challenge to all eligible young men and assures that qualified applicants will be enlisted specifically for officer candidate schooling.

Those who complete the OCS course will be commissioned as second lieutenants in the Infantry or Artillery—depending on which school they attend.

Complete details on the Army's Officer Candidate School enlistment option are available by visiting Sgt. Belcher at 1110 Texas Ave., Lubbock, or by calling PO-32821. Out-of-town applicants may call collect.

## 89 Cubs, parents, guests meet here

Eighty-nine Cub Scouts, parents and other guests were present at a Pack 316 meeting held at 7:30 p. m. last Thursday at First Methodist Church, Cubmaster Herb Smith reported.

New den mothers recognized at the meeting were Meses. Jack Hair, James Minor, Sue Seward, G. I. Huffman and Ben Owen.

Thirty-five boys have joined the Cub Pack since the membership kickoff last month.

Den 2 was the attendance leader at the meeting with seven Cubs and six parents present. Coffee, cookies and bubblegum were served. A short visiting period followed the meeting.

There will be another attendance contest at the Pack meeting in January.

## 90 'packaged' hospitals in Texas ready for instant use in disaster

Texas has 90 "packaged" hospitals on hand, ready for almost instant use following enemy action or a major natural disaster. Most of them are located at least 15 miles from assumed strategic target areas.

The hospitals, costing \$21,000 apiece, were provided by the federal Office of Civil and Defense Mobilization as part of a nationwide stockpile program. They are administered in Texas by the state Office of Defense and Disaster Relief, with technical cooperation from the Texas State Department of Health.

Outgrowths of the mobile army hospitals developed and tested during the Korean War, they can be completely installed by 40 or 50 people in four or five hours. In one test exercise an installation was made in 70 minutes by experienced personnel.

Local civil defense organizations in designated locations store and otherwise manage the hospitals and equipment. Emergency conditions such as the Cuban crises are occasions for making sure the hospitals are in high state of readiness.

Each unit—already crated for instant shipment into stricken areas, is a complete 200-bed affair with facilities for three operating rooms, a pharmacy, x-ray service, clinical laboratory, sterilizing room, central supply room, and electrical power supply.

Each hospital weighs 24,000 pounds and contains 8,000 individual pieces of equipment, including a 1500-gallon water tank and pump for emergency water supplies. There are also complete medical supplies, from surgical caps and gowns to ether and alcohol which are separately packaged and marked to avoid fire hazards.

Local civil defense authorities provide refrigeration for items such as insulin and blood derivatives. Antibiotics and other materials with expiration date are labeled "Deteriorative" to indicate they must be periodically inspected and rotated.

State civil defense and health authorities estimate that emergency hospitals will have to provide at least half the total hospital beds following a major emergency, since most conventional hospitals are located in metropolitan centers which may be targets of enemy action.

Doctors and nurses to staff emergency hospitals will be recruited from the community where the unit is installed for service, according to present planning.

The second session of the Leadership Training Caravan for District 8 was held here Tuesday, Nov. 27 from 9:30 a. m. to 2:30 p. m. at the Methodist Church. Meses. Cagle and Madie Flowers of Lubbock instructed adult leaders of the Girl Scout Program on overall planning for troop programs for the year. Leaders attending the Caravan were: Meses. Beth Phifer, Mary Roe, Dixie Payne, Polly Gibson, and Betty Owens of Tahoka; Meses. Inez Smith and Dena Zant of Wilson; Meses. Mary Norman, Mary Bess Edwards, Betsy Pridmore, and Nona Nieman of New Home; Mrs. Jeane Singleton of O'Donnell; and Meses. Eddie Aten, Georgia Davies, Estelle Williams, Nora Blacklock, Gloria Cockrell, Mary Eckols, and Katharine Trammell of Post. Leaders brought sack lunches and the Post Neighborhood served coffee.

Brownie Troop 200 met Tuesday, Nov. 27 in the Girl Scout Little House. Christmas place mats were made. Refreshments were served to Ann Aten, Carol Compton, Vickie Krueger, Donna Kolb, Melba Mathis, Janie Menchaca, Joan Minor, Patti Nelson, Annelle Holland, Sue Parrish, Debra Ward and Dejuana Kimbrell and to leaders, Meses. Ted Aten and James Minor. This troop has taken fruit and visited the Golden Years Nursing Home. Another of their projects is making tray favors for the hospital for Halloween, Thanksgiving and Christmas.

Junior High Troop 56 met Wednesday, Nov. 28 at the Little House with perfect attendance. Work was begun on Christmas gifts. Jackie Wilson and La Gayluah Young served refreshments.

Brownie Troop 61 met Monday, Dec. 3 and made plans for their Christmas party. Pamela Littrell served refreshments to the following members: Diana Blacklock,

**AUSTIN** — Twenty changes in Texas' two per cent sales tax law are recommended by the Texas Commission on State and Local Tax Policy.

Some changes would result in decreased revenue and some would mean an increase. But the total outcome of a legislative put-and-take would produce an additional \$10,500,000 a year from a tax that is expected to bring \$170,000,000 into state coffers this year.

Sen. George Parkhouse of Dallas is chairman of the commission. Other members are Hugo H. Loewenstern of Amarillo; Dr. John R. Stockton of Austin, Senators Louis Crump of San Saba and Jap S. Fuller of Port Arthur; Representative Charles Sandahl of Austin and Charles Wilson of Trinity.

Parkhouse predicted that if spending in the next biennium is in line with the present level, no additional taxes would have to be levied.

A large addition to income — if recommendations are adopted — would come from applying the state sales tax to motor vehicle sales in place of the selective excise tax now levied on vehicles.

Commission recommended repeal of the exemption of farm machinery and equipment, but suggested that feed for farm work animals; herbicides, defoliants and desiccants, and all fertilizer sales be exempt.

Some other recommendations were:

1. Apply sales tax to all clothing sales, which would up revenue \$10,000,000 a year.
2. Exempt vending machine sales of less than 25 cents, and all sales of less than 25 cents for retailers who derive 50 per cent of receipts from such sales.
3. Exempt sales made to state banks, since sales to national banks are exempt.
4. Exempt all sales of alcoholic beverages.
5. Permit grocery stores to pay sales tax in proportion to purchases of taxable and non-taxable items. Grocers with annual receipts of less than \$100,000 would pay sales tax on the assumption that 85 per cent of receipts are from exempt items.

**DEBT INCREASED** — State Treasurer Jesse James reports that the deficit in the General Revenue Fund increased by \$6,000,000 between Nov. 11 and Nov. 23, when it was \$34,146,666.

**GUARDSMAN WAIT** — Waiting for approval of armories under the federal-state building program are 32 units of the Texas National Guard.

Federal government, which underwrites 75 per cent of the cost of each armory, is approving construction at the average rate of six per year, but there is no priority arrangement.

So far, 11 armories have been built under the program, according to Harry B. Kelton, director of the Texas National Guard Armory Board.

Eight are under construction at Bonham, Seguin, Dallas, Mexia, Kerens, Mission, Mercedes and Harlingen. Units at Brownwood, Tulla and Fredericksburg have approval for construction.

On the waiting list are units in El Paso, Clipper, Canyon, Belton, Olney, Houston, Electra, Winnsboro, Galveston, Paris, Taylor, Kingsville, Austin, Port Neches, Gatesville, Alice, Huntsville, Borger, Pecos, Monahans, San Antonio, Sulphur Springs, Grand Prairie and New Boston.

**RUNS AT STANDSTILL** — The "run rate" at Gatesville State School for Boys has been reduced to zero since Sept. 4, when the new \$2,000,000 Mountain View School for serious offenders was opened.

School was dedicated last Saturday in a public ceremony featuring an address by Gov. Price Daniel.

Weldon Brewer of the Texas Youth Council said the "run rate" has been cut down gradually over the past five years.

In 1958-59, when the average monthly population at Gatesville was 1,115 boys, there was a monthly average of 51 escapes. In 1959-60, with 1,197 boys, there were 44 escapes a month. In 1960-61, with 1,364 boys, there were 31 escapes. In 1961-62, there were 1,502 boys with only 24 escapes.

Since the 200-plus inmates most likely to run were moved into the double-fenced Mountain View campus, there have been no escapes. "A walled home may seem cruel to some people," Brewer remarked. "But it's a very humane arrangement when you realize that the boys within are able to take part in a training program and group recreation."

Before the new school was opened, the boys who broke out had to be confined to a small room.

Guards on Gatesville's 40 acres do not carry guns.

**SAFETY STRESSED** — Governor Daniel has proclaimed Dec. 9 as "Safety Sunday" in an effort to stress the hazards of holiday traffic.

He recalled that highway collisions in the state in 1961 took 2,314 lives. They caused 132,000 injuries and a loss of \$356,000,000 worth of property.

Each Christmas-New Year's holiday from 1954 through 1957 averaged 106 traffic deaths. From 1958-61, when safety campaigns were conducted, there were 23 fewer traffic deaths.

**HUNTING DEATHS** — Cecil Reid of the Sportsmen's Clubs of Texas urges hunters to put a stop to a tragic string of hunting deaths and injuries by practicing caution in the field.

He cites three recent deaths where hunters were mistaken for game and killed.

Reid said no hunter should allow himself to shoot at anything which he has not identified fully as game.

He urges hunters to request passage of legislation such as the "careless and reckless hunting" laws in effect in some other states.

**BRACER CALLS DOWN** — Texas cotton farmers reacted to a U. S. Department of Labor wage standard of 70-cents an hour, for braceros hired to chop cotton, by resorting to almost exclusive machine harvesting.

While 45,000 Mexican contract laborers were hired in August of 1961, only 16,000 were used in August this year, and they also harvested vegetables and grain.

**WOMAN MAY BE EXECUTED** — The State of Texas may legally execute its first woman in more than 100 years in 1963.

She is Carolyn Ann Lima. Her death penalty has been affirmed by the Court of Criminal Appeals in Austin.

Meanwhile, she is being held in the Harris County jail in Houston. She awaits the court's decision on a motion for rehearing. Such is rarely granted.

If she lives until Feb. 23, she will be 20 years old.

The Lima woman and a companion, Leslie Douglas Ashley, were given the death penalty for the murder of a wealthy antique dealer in Houston.

It was 1959 or 1960, when the State of Texas last executed a woman.

Only one woman has been sent to the Texas death house since the electric chair was installed in 1924 at Huntsville. However, her sentence was commuted on June 29, 1951.

So, if time runs out for Carolyn Ann Lima, she will become the first woman ever to sit in the state's electric chair.

**WATER DILEMMA** — Water districts which serve customers within the limits of a city are in a dilemma over a Texas Supreme Court ruling.

A court decision finds them in the position of trying to set rates to pay their costs and at the same time having their rates prescribed by the city.

Texas Supreme Court has upheld the power of Houston to fix rates charged customers within the city be a water district.

Ruling applies equally to all cities served wholly or in part by water districts.

**SENATORS MUST WAIT** — Will Wilson, Texas Attorney General, has ruled that state senators may not take their oaths of office until the Senate convenes in January.

Attorney general recently held that state representatives could qualify for office on Nov. 23.

Dates of terms for senators and representatives are regulated by different sections of the state constitution.

Constitution provides no beginning date for the term of office for state senators, the opinion said.

**FACE FUND LOSS** — Texas school districts have been warned to segregate by next September or lose certain "impacted area" funds.

Warning was contained in a letter from Wayne O. Reed, acting U. S. Commissioner of Education, and was sent to 53 Texas school districts.

State education officials interpret the letter to mean that the federal government will build and operate

**BROWNFIELD VISIT** — Mr. and Mrs. Sol De daughter, Susan, of Brownfield in Post Sunday.

**SEMINOLE VISIT** — Mrs. Jessie Voss of Seminole spent the weekend with Harold Voss, and family.

schools on military posts in places where its personnel are used only if local districts gate.

Federal government is paying about \$12,000,000 a year operating locally-run schools in Texas, attended by children of military and state personnel.

Latest announcement covers only children in "base" and not those who work on a military post but off the base.

Leon Graham, assistant Commissioner of Education, it is impossible to gauge immediate effect.

Ruling poses a serious problem for districts still maintaining, to any degree, pending on federal funding children who live by bases.

## Mrs. Wood celebrates 87th birthday with party

**By MRS. GLENN DAVIS**

This community had more than an inch of rain Saturday night and Sunday morning. We think the fields will be in nice shape to plow—that is, if we get this crop gathered in time to start another one.

Mrs. Nancy Wood recently celebrated her 87th birthday in the home of her daughter, Mrs. Johnnie Rogers, with whom she is living at the present time. Those attending were her daughters, Mrs. Scott, Mr. and Mrs. George Spires, her granddaughter, Mrs. Sue Newton, and a friend of the family, Jack Smith, all of Lovington, N. M.; her sisters, Mrs. Molly Simmer of Artesia, Mr. and Mrs. Elvie Proctor of Progress, N. M., Mr. and Mrs. Jim Summerrall of Aztec, N. M., Mrs. Jennie Lee of Portales; two nieces, Mr. and Mrs. Earl Phillips of Silver Tex., and Mrs. Loretta Owen and daughters of Colorado City.

Mrs. Carl Fluit attended a bridal shower for her niece, Miss Jeanne Gandy in Tahoka Saturday afternoon.

The Rev. Elbert Nelson of Lubbock spoke at the morning and evening services Sunday at the Methodist Church. The Nelson family were guests of Mr. and Mrs. James Babb and family in Post.

**MR. AND MRS. Melvin Williams** and son attended a family reunion in the home of her mother, Mrs. Floyd Morgan in Lubbock Sunday. Other members of her family attending were her sisters, Mr. and Mrs. Lee Gilbow of Odessa, Mr. and Mrs. Donald Fortenberry of Lubbock, and Mr. and Mrs. Henry Morgan of Lubbock.

Mr. and Mrs. Carl Fluit visited in Post Sunday afternoon with his mother, Mrs. W. O. Fluit Sr. Other visitors were Mr. and Mrs. Elmo Bush, Mr. and Mrs. W. O. Fluit Jr., and Mrs. Harold Reno and sons.

Miss Charlotte Taylor of Denton spent the Thanksgiving holiday with her parents, Mr. and Mrs. Joe Taylor. Mrs. Taylor, Mrs. Gordon Flowers and Helen Vern took her back to school and went on to Dallas where they visited another daughter, Jo Fern.

Mr. and Mrs. Lonnie Peel and Gene and Carol Davis were Sunday luncheon guests of Mr. and Mrs. Glenn Davis.

Mr. and Mrs. Morris McClellan and Mr. and Mrs. Raymond Thane and son of Post visited Sunday afternoon with Mr. and Mrs. Ray McClellan.

Congratulations to Mr. and Mrs. Vee Oden on the birth of a son.

Mr. and Mrs. Elvus Davis and daughters were in Levelland Sunday afternoon.

Mr. and Mrs. Bill Stone and family were Monday supper guests of her parents, Mr. and Mrs. Ray McClellan.

Mrs. Grover Mason spent two days last week with her daughter, Mr. and Mrs. Jimmy Hutton and family in Odessa.

Mr. and Mrs. Elmer Cowdrey visited in Odessa last Friday with their daughter, Mr. and Mrs. Jake Sparlin and family, returning Saturday afternoon. Their granddaughter, Brenda, was ill with the flu.

Mr. and Mrs. Thelbert McBride and David visited in Ralls Sunday afternoon with her brother, Mr. and Mrs. Cecil Reese.

### Lunchroom Menus

The Post school lunchroom today announced the following menus for next week:

Monday—Macaroni and cheese, vienna sausage, green beans, cabbage, cole slaw, hot rolls, butter, fruit and milk.

Tuesday—Baked meat loaf, pineapple salad, creamed potatoes, blackeye peas, bread, and milk.

Wednesday—Fried chicken, gravy, buttered corn, green salad, rolls, butter, fruit and milk.

Thursday—Hamburger, pork and beans, lettuce, tomatoes, pickles, onions, fruit cobbler, and milk.

Friday—Salmon croquettes, cat-sup, green peas, buttered rice, corned beef salad, rolls, butter and milk.

### Christmas enlistment holiday leaves liberal

The U. S. Army is again offering its liberal leave policy to young men who enlist during the coming Christmas holiday season.

According to Sgt. Bob Belcher, men enlisting in the Regular Army from Dec. 10, 1962 to Jan. 1, 1963 may request up to 15 days leave before reporting for basic training.

This liberal leave policy will allow young men to enjoy the Christmas holiday season with their families and still draw full pay and allowances from the U. S. Army.

Those desiring further information on the Army's Christmas leave offer and the many other benefits available to young men should contact Sgt. Belcher at 1110 Texas Ave., Lubbock or phone PO 3-2821 collect.

### FIRST CHRISTIAN CHURCH

The Rev. Bernard S. Ramsey announces the following services at the First Christian Church: At the 11 a. m. worship, the sermon topic will be "The Christmas Rush". This is the first of three Advent messages to be brought for the next three Sundays. The School of Missions will conclude their sessions with a summing up of the study of Japan and Korea at 7 p. m. The public is cordially invited to attend all services.

# A GAME TO PLAY Swat the Fly

By Helyn Cheshire  
This is an active indoor or outdoor game. It takes at least six players.  
Toplay this game you need a rolled newspaper and a wastebasket or carton.  
The players form a large circle with the swatter (IT) inside the circle. A wastebasket stands in the center of the circle.  
The swatter carries the rolled-up newspaper as he walks around the circle. He suddenly swats a player with the paper and then runs quickly to drop the paper in the basket.  
The swatted player must take that paper from the basket and try to swat the swatter before the swatter steps into the vacant position in the circle. If he fails, he becomes the next swatter.

# Definitions differ on What is 'ardvark'?

By Jimmy Johnson  
"What is an 'ardvark'?" some of the Junior High students were asked. Their definitions differed, as follows:  
Julie Clark: Some kind of a bird.  
Donnie Cole: A boat.  
Mike Robinson: A ship.  
Emily Potts: A bird.  
Gary Foster: An animal.  
Donnie Blacklock: An ant.  
Larry Rosas: A jungle animal.  
Lee Norman: An animal.  
Debbie Ryder: Blue and yellow striped bird.  
John Cato: A salad.  
Carolyn Davis: A book.  
Teresa Maddox: A jungle animal.  
Helyn Cheshire: An imp.  
(An 'ardvark' is a kind of an ant eater.)

## In Junior High survey Christmas in lead of popular holidays

By Debye Markham  
Some of the Junior High students were asked the question, "What is your favorite holiday, and why?" Here are some of the answers:  
Sharyn Bilberry: Christmas, because you get to see relatives.  
Theresa Sims: Christmas, because you get presents.  
Karen Lee: Christmas, because it is a jolly season.  
Marla Carpenter: Christmas... I get presents.  
Petra Hill: Christmas, because of the mistletoe.  
Debra Eubank: Easter... you get to go to the park.  
Robert Hogue: Thanksgiving, because we thank God for what He has given us.  
Dale Burkes: Fourth of July... you get to pop firecrackers.

## Planning careers Junior High topic

By Debye Markham  
Mrs. Black's guidance program is about "Planning Careers". She discusses things that can be done in Junior High and High School to prepare for adult life. She and her group discusses requirements for various professions. Students are given the chance to discuss their plans for occupations. This program will probably be more interesting for 8th graders than 7th or 6th graders.

## Chicken or the egg, which came first?

By Deanna Adams  
Eleven Post Junior High students tried to answer the age-old question of which came first, the chicken or the egg?  
Eight of the students said the chicken came first, while only three cast a vote for the egg.  
Those who said the chicken came first were Roger North, Davis Heaton, Sue Gilmore, Sherry Gist, Roy Sappington, Lynda Byrd, Sheri Perdue and Deanna Adams.  
Insisting that the egg came first were Linda Hays, Michael Horton and Debbie Britton.

## RETURNS HOME FROM TRIP

Mrs. M. J. Malouf returned home last Friday from an extended visit in Phoenix, Ariz., with her son, Buddy Malouf, and family and with her daughter and son-in-law, Ronnie Nix: A cowboy.  
Teresa Saldivar: President of the Boys Club.

## This 'n' That

Jolly men are common, but a jolly woman is almost as rare as a white blackbird.

You know how unreliable you are; well, your word is probably as good as anybody's.

Did you know that if you wish to appear agreeable in society, you must consent to be taught many things which you know already.

The Junior Class is going to select their rings Thursday. A special committee is to choose them. The Seniors hope they'll look as nice as their's do—but we doubt it.

Only one thing makes a woman dangerous—a man!

The trouble with doing nothing is that you can't stop and rest.

The trouble with some courtships is that both the boy and girl are in love with the same boy.

## FHA Style Show to be Dec. 17

Monday night, Dec. 3, the Future Homemakers of America held their regular monthly meeting. It consisted mostly of singing Christmas carols and rehearsing for the style show.  
The FHA Style Show is to be Dec. 17 in the primary school auditorium. The style show will honor the grandparents of each of the girls. After the show, there will be a silver tea.  
Everyone is invited to come and see the fashions made by the girls in Homemaking II and III.

## Post student at Tech benefitting from college's SBA Honors Plan

LUBBOCK — A Post student, Wayne T. Gambelin, is one of 27 Texas Tech freshmen receiving "stimulating, intensive and enriched study" this fall through the School of Business Administration Honors Plan.

The plan, now in its second year, also has 18 sophomore honors students who began as freshmen last year.

Students are selected on the basis of superior academic performance and motivation as determined by admission test scores, high school graduation standing and personal interviewing with faculty members.

Other students may enter honors work after the freshman year, providing they have superior academic records and sufficient background in basic areas.

Each student is specially advised and instructed so as to promote active study, discussion, research, and creative thought. At the same time the student chooses and pursues an approved area of major professional and elective courses within the flexibility of the specific degree requirements beyond the 90 hours of the Honors Plan offerings.

The honors students take essentially all the non-professional and basic professional course work as prescribed for the BBA degree catalogue. Special enriched honors sections are offered in basic disciplinary areas such as mathematics, English, economics and speech as well as humanities and sciences. Special emphasis is placed on quantitative and communications techniques.

The basic professional courses of the honors sections are supplementary studies involving principles, managerial concepts and decision-making capabilities. Two special senior honors courses are

of an inter-disciplinary nature serve as capstone courses entire four-year Honors Plan. Vincent Luchsinger of the School of Business Administration.

One of the special courses seminar on business policy other is an individual course, which is climaxed by a thesis on a problem area of a nature.

The faculty Honors Plan composed of Dr. Lester Levitt, Dr. George Berry, Prof. John Hewitt, market Fred Norwood, accounting Mrs. Dolores Kilchenstein, and business education council guides formulation of policy for the BBA Honors Plan.

## Referendum on cotton, peanuts to be Tuesday

The cotton marketing quota referendum will be held Tuesday, Dec. 11, with eligible Garza County farmers voting at three places.

Voting places in Garza County will be at the Southland Hardware store for farmers residing in Community "A", at the Graham Gin office for those living in Community "B", and at the county ASCS office for farmers of Communities "C", "D" and "E".

The polling places will be open from 8 a. m. until 6 p. m.

Eligible to vote in the referendum are those engaged in the production of cotton in 1962 as an operator, landlord, share tenant or his wife.

The meaning of a "yes" or "no" vote in the referendum on cotton marketing quotas was explained today by the Texas Agricultural Stabilization and Conservation Committee.

The State Committee said if two-thirds of the growers voting in the referendum favor quotas, they will be in effect on the 1963 upland cotton crop and marketing penalties will apply to an "excess" cotton produced on a farm and price support at a level within the range of 65 to 90 per cent of parity will be available to farmers who comply with their farm acreage allotments.

On the other hand, if more than a third of the voting growers oppose the quotas, then there will be no quotas and no penalties applicable to the 1963 upland cotton crop, and price support to farmers who comply with their farm acreage allotments will be available at 50 per cent of parity, as directed by law.

Allotments are not affected by the referendum. They will remain in effect—whether or not quotas are approved—as a means of determining eligibility for the available price support, the committee said.

The Secretary of Agriculture is directed by law to proclaim quotas for the next crop when the cotton supply exceeds normal, but growers themselves decide whether or not quotas will be used, explained the committee. Previous votes on quotas have been favorable.

The committee pointed out that the Administration plans to recommend new cotton legislation early in 1963. It is anticipated, however, that such legislation would supplement rather than substantially change the basic program choices to be presented for growers' determination in the Dec. 11 referendum.

All farmers who engaged in the production of upland cotton in 1962 are eligible to vote in the referendum, and are urged to do so by the State committee.

Allotments for individual farms will be available to growers prior to the referendum, the committee said. All cotton producers who have questions on the upcoming vote are urged to visit their local office for answers.

leased acres to add to the newly-set allotment figure, explained Emmarhe I. Hartel, county ASCS office manager.

This county's cut of 10.9 per cent is 1.1 per cent less than the 12 per cent cut in acreage received by the state as a whole.

This 1963 allotment, however, isn't expected to be the final allowable acreage available for planting of the 1963 crop. New cotton legislation is expected to be recommended to Congress in January.

Mrs. Hartel said yesterday that the ASCS office here had completed the mailing of individual notices of acreage allotments. This was done in advance of next Tuesday's national referendum when producers will go to the polls to determine whether or not marketing quotas will apply to the 1963 crop.

State, county and individual farm allotments are based on a five-year "history" of allowable acreages planted, and this area's strong planting performance was credited with holding its cut below the Texas average.

### Business slack in JP court here

Business was slack in Justice of the Peace D. C. Roberts' court here this week.

Only nine charges were filed during the seven day period and three of them were against one trucker, O. E. Dunn.

He paid \$18.50 fine and costs on each of three counts Nov. 30—no burning tail - light, over-length truck, and no driver's license.

Other charges and fine and costs if paid were: Lonnie E. Harris, Dec. 2, no driver's license.

Pablo Bernal, Dec. 2, no driver's license, \$20.90.

Claud Clark Jr., Dec. 3, no driver's license.

W. I. Helms, Dec. 2, drunk, \$20.70.

Jerry A. Watson, Dec. 1, truck lease violation.

A. F. Lacy, Nov. 29, speeding.

### 3 burglaries here last week

Post had three more burglaries last week—two of them with rooftop entries.

Burglarized were Herring's Department Store and Bob Collier's Drug on Tuesday night and the United Food Market on Wednesday night, according to the sheriff's office.

Some money was taken at Collier's with the forced entry being made at the back door. Nothing was missed at Herring's but the prowlers pretty well "tore up" the back end of the store apparently looking for hidden cash receipts.

Entry at Herring's was gained through an air-conditioning duct from the roof and then by stomping a hole in the sub-ceiling.

At the United Super Market, entry also was gained through an air vent from the roof.

According to Sheriff Fay Claborn \$20.52 was stolen.

### NOW AT SEA

Bobby Beard (above), son of Mr. and Mrs. Lee Beard, has gone to sea as a gunner on the USS Essex, an aircraft carrier. Bobby, who has been in the Navy since July, 1961, was home for a visit two weeks ago. Prior to shipping out on the Essex from a Rhode Island base, he was stationed at Pensacola, Fla.

### Illegal beer sales charged

Elizabeth Davis was charged in county court here Dec. 3 with unlawfully selling and delivering beer in a wet precinct.

Murvel Winston Lemons, charged with driving while intoxicated, was fined \$100 and costs, sentenced to ten days in jail, and had his driver's license revoked for a year by Judge J. E. Parker.

Judge Parker then commuted the jail sentence to three days and placed Lemons on six months probation for the remainder of the sentence.

Henry Farrer was charged in county court Dec. 1 with aggravated assault. Bond was set at \$500.

### Postings —

(Continued from Page 1) sage each week is an inspiring one for everyone, no matter what your faith. Also listed are daily Bible readings for those who like to read a daily Bible passage and gain inspiration from it. It is a page we hope you will read regularly.

Mrs. W. O. Davis of Whitewright, Tex., in sending in her renewal check for The Dispatch this week also penned a note appealing for us to get the Pleasant Valley news back in the paper so she can read about her friends and acquaintances in that area. Any Pleasant Valley resident who would like to volunteer for the assignment is welcome. Just call at the office and we'll fill you in on the details.

### Rites conducted for Snow infant

Funeral services for Norman Louis Snow, two-months-old son of Mr. and Mrs. Louis Snow of 412 South Ave. H, were held at 4 p. m. Monday in Calvary Baptist Church.

The infant died Sunday morning in Mercy Hospital at Slaton following a brief illness. He was born Sept. 26 in the Slaton hospital.

The Rev. Graydon Howell officiated at the funeral services. Burial was in Terrace Cemetery under direction of Mason Funeral Home.

The child is survived by his parents; one brother, Larry, and two sisters, Margie Ruth and Judy Ann, all of the home here; two half-sisters, Leila Opal Eaton and Joyce Nell Farror, both of Post, and the maternal grandparents, Mr. and Mrs. Charlie Busby of Holland, Tex.

### FROM CORPUS CHRISTI

Mr. and Mrs. C. G. English of Corpus Christi are here visiting their son - in - law and daughter, Mayor and Mrs. Powell Shytles. Mr. English is on a two-weeks vacation from his duties at the Corpus Christi Caller-Times. He is a veteran newspaperman, he and his father having published the Stamford Leader for 30 years.

### Entries already in on contest

Entries already are being rolled in for The Dispatch's annual Christmas Coloring although ten days remain the Saturday noon, Dec. 15.

Youngsters are reminded their coloring completed or bring their pages to the office for those who might not have done so.

Each child who enters receives a free pass to the Theatre, courtesy of Theater agent Johnny Hopkins.

Three fun prizes are offered each age division of the (7 and under and 8 thru 9 years).

The entry page appears Nov. 29 edition.

**"Seat belts make the critical difference,"** says THE NATIONAL SAFETY COUNCIL

This arrow represents the critical distance between life and death, health and injury. When your car stops short in a collision—or even in a panic stop—your body shoots forward. Seat belts can save you by maintaining the critical distance between your head and the nearest obstruction: windshield, dash or back of the front seat.

The National Safety Council says that seat belts in every car, used at all times by driver and passengers, could save at least 5,000 lives a year, reduce serious auto injuries 1/2. The use of seat belts is also endorsed by the American Medical Association, the U. S. Public Health Service and the American College of Surgeons. SEAT BELTS CAN SAVE YOUR LIFE! USE THEM.

# Junior High tourney title to Post girls

The Post girls and the Southland boys won the championship trophies Saturday night in the annual Southland Junior High School Basketball Tournament.

Coach Billy Hahn's Post girls defeated Cooper, 24-21, in the championship game after having defeated Slaton, 25-22, in the semifinals and Roosevelt, 24-12, in a first round game.

Southland defeated Cooper in the finals for the championship in the boys' division. Consolation trophies were won by the Slaton boys and the Southland girls.

The Post boys team, coached by Dwain Robertson, lost to Southland in two overtimes, 52-46, in the semifinals. The score was tied 39-39 at the end of the regulation playing time and 42-42 at the end of the first overtime.

Post had advanced to the semifinals with an easy 45-10 victory over Roosevelt.

Sherry Woods scored a total of 45 points in three games to pace the Post girls to the championship.

In the championship game Saturday night, Cooper tied the score in the third quarter at 18-18 after Post had led at the half, 18-15, and at the end of the first quarter, 10-2. Coach Hahn's girls outscored their opponents, 6-3, in the final period to annex the tournament crown.

Woods scored 14 points in the Cooper game, with Marcia Newby contributing 6 and Belinda Lee, 4. La Gayluah Young also played at a forward position.

The Post defense was weakened when starting guard Linda Altman injured her foot and was unable to

play in the second half. Other starters at guard were Edith Johnson and Marta Solis, with Cheryl Pennell also seeing action.

Slaton made it close in the fourth quarter in their 25-22 loss to the Post girls in the semifinals after having trailed 8-0 at the end of the first quarter, 10-4 at halftime and 15-13 going into the final period.

Woods scored 17 points against Slaton, with Newby getting 4 and Young and Lee, 2 apiece. Altman, Johnson and Solis started at the guard positions, with Pennell and Brenda Holly also helping out on defense.

In the 24-12 first round victory over Roosevelt, Coach Hahn used a total of 18 players. Woods led the Post scoring attack with 14 points. Young had 4, with 2 points each posted by Newby, Lee and Sheri Perdue.

Other forwards were Doyleene Fry, Isabella Valdez, Jane Hutchins and Elaine Bland.

Altman, Johnson and Solis were the starters at guard, with Pennell, Holly, Jaynie Josey, Jane Strofer, Scharlene Holland and Adrienne Cook substituting.

In the Post boys' double-overtime loss to Southland, Larry Johnson, Donnie Windham and Clint Johnson fouled out. Coach Robertson's cagers led 15-8 at the end of the first quarter and 26-19 when the teams left the court at halftime, but Southland came back strong in the third quarter, which ended with the score knotted at 30-all.

Ronnie Pierce led the Post scoring with 19 points, but yielded game scoring honors to McGehee of Southland, who finished with 21 points. Clint Johnson had 12 for Post and Duke Altman the same number for Southland.

Nine boys scored for Post in their 45-10 first round win over Roosevelt. Clint Johnson was high with 13 points, followed by Pierce's 11.

### SCREW-WORM OFFICIALS ANNOUNCE CHANGES

Officials of the Southwest Screw-worm Eradication Program have announced two important changes in the sterile fly-release pattern. First, the area where sterile screw-worm flies are being dispersed has been extended to include 10,000 square miles in western Texas, and secondly, the number of flies to be released will be increased in some areas and decreased in others.

The area that has been added to the 63,000 square miles where flies are already being released, is bordered on the north by a line running west along the Sutton-Schleicher County line, passing just south of Ozona and Sheffield and continuing westward until it intersects with a line that comes north from the U. S.-Mexico border and passes through Sanderson.

The number of flies to be dispersed in each part of the release area has been changed, officials say, to get maximum value of sterile flies in all areas. The new area will get 600 flies per square mile per week. The Edwards Plateau and surrounding territory will get 1,000 flies per week, while the southern parts of Texas will average 400 flies per week.

The number of flies to be released in each area will be determined largely by the number of samples sent in to the Mission laboratory which are identified as screw-worms. So it is up to the farmers and ranchers who live in the fly release area to check their livestock regularly and send in samples, so that the proper number of flies will be released in their area, the officials said.

### CARE OF GAME

What kind of reception do you receive, "Mr. Hunter," when you take home your bag of game? Does your wife throw up her hands in disgust?

If she does, says Ed Cooper, extension wildlife specialist, the fault may rest with the hunter. The mishandling of game after the kill often makes impossible a tasty preparation job in the kitchen, and the putting of meat on the family table as you would like it.

Immediate and proper bleeding of game animals is most important in improving meat flavor, points out Cooper. The same is true, he adds, for ducks and geese and most other game species. This practice will do much, Cooper says, to remove the strong, gamey flavor which some people dislike.

The specialist recommends field dressing immediately after the fill especially if the weather is relatively warm. The sooner the animal is dressed the better for immediate dressing means fewer chances for meat spoilage or undesirable flavor or odor.

Keep the game clean, advises Cooper. Avoid letting hair, feathers, dirt or other trash or debris come into contact with the meat. Before the blood dries, wipe the body cavity clean with either a dry or slightly moistened cloth rather than by

washing with water, explains the specialist.  
If the weather is warm, game

should be put into cold storage as soon as possible. If it is held just above freezing for several days, the meat will become more tender and have less of the undesirable "gamey" flavor. A deer, adds Cooper, should be aged in cold storage much the same as the carcass of a beef animal. Omit the aging process, he says, and your wife will have good reason for hoping you don't bag a deer this year.

Cooper suggests that hunters contact their local county extension office for a copy of B-987, "Game Care and Cooking." Copies are also available from the Agriculture, College Station, Texas. Check for helpful hints for hunters and wild game cooks.

"I wanted to try it... and I'm sure glad I did!"

says MR. SID BAKER, PORTALES, NEW MEXICO in enthusiastically pointing out why he installed electric ceiling cable for his heating system.

The Bakers were completely comfortable and warm during last winter's coldest spells — many nights far below zero... thanks to their efficient electric heating system. These days a typical scene in the Baker home is Mrs. Baker preparing dinner while dad gives Lyndell the benefit of his accounting knowledge. Lyndell, a new student at Eastern New Mexico University, plans to major in accounting. Mr. Baker, head bookkeeper at the Roosevelt

County Rural Electric Cooperative is well qualified to assist. Lyndell not only enjoys the complete comfort of ceiling cable electric heating at home but keeps warm and comfortable while attending her accounting classes in the new Liberal Arts building on the E.N.M.U. campus, electrically heated and cooled by an electric heat pump system.

Lyndell, a May Queen attendant while at Portales High School, and last year's basketball queen, learns from mother, too. Here she watches as Mrs. Baker shows her a stitch on the electric sewing machine. Mrs. Baker is adept at creating dresses for Lyndell and sport shirts for Mr. Baker — he is, in fact, wearing one in these pictures.

Your Public Service Manager has complete details about modern electric heating.

## The Evening Star

The brilliant evening star is a symbol of many things to many folk. Mariners hail it as a good omen, for it usually forecasts a clear, calm night and smooth sailing. The shepherd tending his flock on a desolate hillside gratefully notes its appearance in the heavens, for its friendly light offers an intangible sort of companionship during his lonely vigil. To many, the star is representative of God's infinite power and wisdom.

Just as this star touches hearts in countless different ways, so may the Church bring to those in all walks of life, peace and comfort which lead to a happier, more fruitful pattern of life.

Let us make the Church our guiding light. We can brighten our lives if we accept the teaching of the Scriptures as guideposts along the pathway to future endeavors.

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

**'Miracle Baby' with Birth Defects Is Named March of Dimes Child**

Jimmy Boggess' mother, Mrs. Shirley Boggess, reads a fairy tale to the 1963 National March of Dimes Boy, a victim of the birth defect known as open spine. She is a March of Dimes volunteer in her home town of Coy, Ark., because she wishes to encourage research "to learn why some children, like my Jimmy, aren't born perfect."

Five-year-old Jimmy Boggess of Coy, Ark., a "miracle baby" who has survived a constant battle against serious birth defects, has been named the 25th Anniversary March of Dimes Boy for 1963.

Jimmy, the son of Mr. and Mrs. James Boggess, was born with a birth defect known as spina bifida, or open spine. He underwent an operation when he was five days old to correct this condition. A few months later, it appeared that he also had hydrocephalus, or water on the brain. However, this condition has apparently arrested itself without need of surgery.

In spite of the fact that he also has defects in both the genito-urinary and digestive systems, Jimmy is a happy, inquisitive child who plays with his pets and his toys as eagerly as any other youngster his age. He walks with the aid of steel braces and wooden crutches. He looks forward to his nationwide tour scheduled for January, which marks the 25th anniversary of The National Foundation-March of Dimes. His picture will be on millions of coin collectors, leaflets and school cards used in every county in the nation. He will also visit with a number of congressmen, senators, governors, mayors, screen stars, TV personalities and stage celebrities.

A winsome, intelligent lad, Jimmy was born in Panama City, Fla., Jan. 20, 1957. His parents, both natives of Arkansas, took him soon after to their home state to be nearer specialists and medical facilities there, so that their son could get the expert medical care he needed to survive.

"Jimmy is a symbol of the 250,000 children born each year in this country with significant birth defects. He is living proof that something can be done for seemingly hopelessly crippled children," said Basil O'Connor, president of The National Foundation-March of Dimes. Jimmy's mother, Shirley Boggess, who was a model before her marriage, today is a March of Dimes volunteer. One of the satisfactions she finds in this work is the hope it affords that "research will find the reasons why some children are not born perfect, and then will find a way to prevent these tragedies. The March of Dimes helped wipe out polio with the Salk and Sabin vaccines. I am certain that something can be done about birth defects."

"I am going to work as hard as I can to see that Jimmy continues to get the best possible medical care, and that funds are available for research so that someday other mothers won't suffer the terrible shock that I did."

"Children like Jimmy will benefit most from expansion of the March of Dimes-supported nationwide network of clinical study and treatment centers, which bring the most modern medical care to victims of birth defects, arthritis and polio. Today there are more than 50 of these centers. Our nation could easily use twice that number."

While driving around a lake, John and Mary saw a "For Sale" sign on a piece of lake property which they thought they could afford to buy.

They made inquiry of the owner and agreed on a price. They inquired about title and the owner assured them that he would give them an "Abstract." They took the abstract, which was a fat book of papers, and the deed, filed the deed at the courthouse and thought no more about it, assuming, as many people do, that an "abstract" is an assurance of good title.

Some years later they went to sell to a buyer who was better informed. He insisted that either the abstract be examined and an opinion given by an attorney that the title was good or that the sellers must provide title insurance. When they sought an opinion as to whether the abstract showed good title, they were dismayed to find that the title was not in good order, and that there would have to be a quiet-title lawsuit to dispose of some flaws in the title before the buyer would accept it. Neither would a title insurance company write a policy of insurance for them without legal action to clear up the title.

John and Mary were astounded to learn that they were wrong in assuming that an "abstract" was an assurance of good title. An abstract is merely a record of every document which has ever been filed of record at the courthouse affecting the title to a particular piece of property. It may show good title or bad title, or no title at all. It is only a bundle of papers, as John and Mary discovered, the title. Its possession does not in any way assure a good title.

Thus while one may be able to get possession and peacefully occupy a property with an unsalable title, difficulties will arise when the property is to be sold or mortgaged. To do so is only to postpone and perhaps increase the expense and trouble of clearing the title. It makes good sense to correct any title defects when you buy a property.

(This newsfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

DOUBLE S & H GREEN STAMPS EVERY WEDNESDAY

Christmas is coming. The geese are getting fat. Please to put a penny in the old man's hat. If you don't have a penny, 'hapenny will do. If you don't have 'hapenny, God bless you.

I love the Christmas season and started feeling real festive downtown today watching the big tree go up and the lights being put on. Won't it be fun to have some community caroling under the tree this year. I hope those plans work out and everyone comes to sing and enjoy. Christmas carols are so nice cause most everyone can sing them regardless of voice ability.

I like everything about Christmas. I think I like sending and receiving Christmas cards (hate those people that send a postcard explaining they they are not sending cards this year but giving to a charitable cause—why not save the postcard money and just forget the whole thing). I like Christmas trees and fancy decorations, I like the church services, I like all the baked goodies, I like all the traditions of the season and I think I even like people better during the Christmas season—everyone sort of puts his best foot forward.

It won't be long till we can dig our angel, Cochise, out of her box to adorn the top of our tree. It won't be long till we can hang the Misses C's (that's a thought) stockings. I embarrassed them no end by telling all of you that they still hung their stockings by the chimney with care, but evidently not enough to give up the idea.

I've bought every Christmas idea magazine in town and have poured over them by the hour. I won't make half or three-fourths of all the decorations etc., that I've found but dreaming is all part of it.

Mr. C gets stuck with the light detail on the Christmas tree and mostly offers advice with the ornament hanging. I always manage to outlast the young C's with the icicle putting-on. And we never buy enough—icicles, that is. Mr. C always has to make a wild dash somewhere just as they are closing to purchase a few more packages.

Another thing we never have enough of in the house is extension cords. Does anyone? I remember running all over the neighborhood when we were getting ready for our nativity scene on Christmas Eve last year borrowing cords like mad.

And speaking of the nativity scene, the teen-agers are preparing to treat all of you again with a bigger and better one this year. We're hoping for more boys so some of the girls won't have to be kings, and we're planning on more animals for the little ones. The kids are all real eager this year so it ought to be a lovely Christmas Eve gift for all of you.

## No 'guesswork' in textbook choices

We're hearing more these days, "pro" and "con," about the selection of textbooks for the public schools of Texas than we've ever heard before. There no doubt has been more wrangling over textbooks than meets the eye, and by "meets the eye," we mean what you read about in the papers and what you hear about on radio and television.

Until the general public became so concerned about the "threat from within," there was little, if anything, ever said about the textbooks used in our public schools. While we'd be silly not to admit that there are forces at work to undermine our way of life, we do not believe that these forces are using our schools' textbooks as a major weapon, anymore than we believe that they are striking a major blow at us from the pulpits of our churches, as many of the extreme right-wingers seem to believe. They would have the rest of us believe.

Perhaps an explanation of how textbooks are selected in Texas (the system in other states is similar) would put many minds at rest on the textbook issue. In fact, it has been suggested to us by more than one local teacher that we run such an explanation in our newspaper.

Textbooks are selected for the public schools of Texas each year in about one-sixth of the subjects taught.

The selection of textbooks is a partnership process between State school officials and local school boards. Provision for State-wide and local participation of both lay citizens and professional educators is made.

The 21 members of the State Board of Education are elected by the people just as other state officials are elected. This Board issues each May a Textbook Proclamation inviting all American publishers to present sealed bids on books in subjects for which State contracts are to be awarded that year.

Also in May, the State Board of Education appoints a State Textbook Committee of 15 members selected from local school teachers and administrators. During his service, a Textbook Committee member is a State official and takes the same oaths, including the Non-Subversive Oath, required of all State officials.

On July 10 each year, the Commissioner of Education sends to each school the complete list of textbooks to be offered by publishers. Each school superintendent is asked to publicize this list through local news media, pointing out that the list is available to any citizen.

Between Sept. 1 and 15, members of the State Textbook Committee will hear citizens regarding any objection to any textbook offered that year.

From June 1 to Oct. 1, members of the Textbook Committee read and review textbooks offered for that year, with the assistance of their appointed advisors—lay citizens and educators

who are specialists in a particular subject-matter field. These advisors are subject to most of the same regulations as Textbook Committee members.

Early in October, the Textbook Committee makes its report, listing not more than five books in each subject, to the State Commissioner of Education. If five good books are not available, fewer may be listed, but there must be two books, so that local schools can have a choice of books from the State list.

The Commissioner studies the Textbook Committee's report, assisted by the Texas Education Agency staff members who review all textbooks recommended by the information and adhere to American ideals. The Commissioner may not add titles to the list, but he may remove books from the list providing at least two titles remain. Citizens or publishers may ask for hearings before the State Board of Education if they are not satisfied with the Commissioner's decision. The list, representing the recommendations of the Commissioner of Education, is then presented to the State Board of Education.

The State Board of Education receives the list during the first week in November and on the second Monday in November meets to hear any appeals from the recommendations of the Commissioner, to adopt textbooks, and to approve contracts for their purchase.

Textbooks are selected locally in a manner similar to the State procedure. Following the State Board of Education's adoption of the textbooks recommended by the State Textbook Committee and the State Commissioner, each local school district makes its own selection from the list.

Not later than Dec. 15 each year, local independent districts and county school boards are required to appoint a textbook committee selected from their own school personnel.

Local school boards are encouraged to acquaint the community with textbook adoption procedures and to develop ways of securing the counsel and advice of all people in the community to assist them and the local textbook committee in selecting books for their school systems.

During January and February, the local committee, operating under rules of the State Board of Education, examines samples of all books on the State list and in early March recommends to the local school boards the selections for each subject they consider most appropriate for the particular school system.

After ratification and approval is given to the local textbook committee's recommendations, a list of their selection is filed by April 1 in the office of the Textbook Division, Texas Education Agency.

And that, patient reader, is the way our schools' textbooks are selected. Nothing haphazard nor underhanded about it, is there?—CD

## What our contemporaries are saying

I read this little bit the other day which seems so very true of college football attendance . . . "No matter where they seat you at a football game, it's always between the hot dog peddler and his best customer."—Ellen Perry in The Ballinger Ledger.

Dieting is what comes from exceeding the food limit.—James Roberts in The Andrews County News.

Always put off until tomorrow what you shouldn't do at all.—James Hill in The Knox County Herald.

SHOPPING DAYS until Christmas are going fast . . . only about 15 left.

All the way from Sacramento, Calif., comes the first Santa Claus letter received at The Dispatch office. It's from Cathie Young. Letters No. 2 and No. 3 are from right here in Post—from Meriel Morgan and Don Hodges. All you other youngsters who haven't written Santa yet, had better do so soon. It looks as if the mail will be heavy between here and the North Pole this Christmas.

MY FRIEND UP the street says it's going to be tough on the purchasing agent when he starts to buy the machine that's going to replace him.

Voters, take heart! The Election Law Study Committee has released a 221-page report on proposed changes in Texas election laws. Anyone who has ever waded through a 221-page report of any kind will realize that some sort of changes are bound to take place. Some of the 120 proposed amendments concern:

1. Having voters check preferred candidates on paper ballots, instead of scratching those opposed.
2. Requiring write-in nominees and runoff candidates to pay the same fees as other candidates.
3. Fining voters who cast a ballot in one party's primary and then vote in the runoff of another primary.
4. Requiring campaign expense reports by newspapers, magazines, billboards, printers, radio and TV stations, on all advertising contracts.
5. Requiring all voters over 60 years of age to get annual exemptions.
6. Permitting different parties to hold primaries in the same building, as long as there is no means of direct passage between polls.

"Grandpa, why don't you get a hearing aid?"  
"Don't need one, son. I hear more now than I can understand."

SATURDAY NIGHT'S annual 4-H Awards Program out at the Garza County 4-H Building was the usual success, despite the fact that many of the boys and girls who had award medals and pins coming were playing in the Southland Junior High School basketball tournament and weren't present to receive the awards when their names were called by the county agents, Syd Conner and Leta Smith. The busiest girl of the night was pretty Patricia Robinson, who, after receiving her own achievement award, kept going back up front to pick up medals and year pins for many of her basketball-playing friends.

Contributing to the success of the program was the talk by Don B. McGinty, assistant county agent of Lubbock County, who, as a 4-H Club member himself won state and national honors in public speaking. Don's talk pointed up the value of 4-H to the member, his family, his community, county, state and nation.

USELESS INFORMATION: One quintillion is written 1,000,000,000,000,000.

Still harping on the new five-cent rate for ordinary letters, which will start Jan. 7 . . . it is nothing to get excited about because it is not new. Postmaster General J. Edgar Day says we are just returning to it. In 1847 it cost a nickel to mail a regular letter.

A NEW BOOK, "Say It Isn't So," compiled by Denys Parsons, is an anthology of errors—mainly typographical, such as you sometimes see in this, and other, newspapers. For instance:

"Basically," a weekly newspaper reported, "there are few psychological differences between mule and

"Best dogged service man I ever saw."

We have the "arms" for service, too. Before you hit our driveway we're ready to help. Get the habit of driving in—REGULARLY.

## Remembering yesteryears . . .

### Five years ago

Southland Gin fire loss estimated at more than \$25,000; new record milo crop harvest almost completed; Don Curl comes from Jacksboro to be new administrator at Garza Memorial Hospital; park development plan approved by county commissioners; funeral services held for Mrs. J. M. Bradley; Mr. and Mrs. S. D. Lofton celebrate golden wedding anniversary; Miss Joyce Lauderdale honored with bridal shower; Mr. and Mrs. Gene Hays announce birth of a daughter, Joni Leigh; the Rev. Clinton Edwards re-elected president of Ministerial Alliance; Post boys and girls beat Dawson in basketball tourney games.

### Ten years ago

Airplane load of gifts for Korean veterans shipped from Post; Oscar Graham appointed county judge to fill unexpired term of the late H. M. Snowden; county's six gins report 10,505 bales processed; seven Lubbock doctors and one Plainview doctor added to hospital staff; fire destroys Gordon Gin and Graham church; parents invited to eat a special Christmas dinner in school lunchroom; "The Lawless Breed" starring Rock Hudson playing at Tower Theatre; Post A Cappella outstanding in Lubbock performance.

### Postite finishes weapon training

David Pennington, son of Mr. and Mrs. G. W. Pennington of Post, recently was presented a certificate upon completion of Terrier Weapon System Engineer training conducted for the past three months.

Pennington and others who had completed the training were presented the certificates by Cdr. R. W. Dart, weapons superintendent, U. S. Navy.

The training program was designed to provide naval shipyards with the Terrier system engineers capable of giving efficient and effective system support required by the Fleet for its guided missile ships.

Last week, David called his parents from San Francisco to tell them he had just been on a two-weeks trip to Japan.

A Canadian paper: "To prevent suffocation, babies should never be allowed to lie face down on their backs, said officials of the Canadian Mothercraft Society."

Attleboro (Mass.) Sun: "Twenty-two members were present at the meeting of the R. L. D. S. Church held at the home of Mrs. Edith Marchfield last evening. Mrs. Ruth Bayliss and Monica Hutton sang a duet, 'The Lord Knows Why.'"

From another Canadian paper: "The many friends of Mrs. Barrett will be sorry to learn that she injured her foot on Sunday. It will probably be six weeks before the foot can be released from a plaster cast."

### Fifteen years ago

City commissioners put ban on firecrackers; R. H. Gibson to become new farm agent; kickoff breakfast opens Eoy Scout drive; Ira Greenfield elected fire chief for 1948; funeral services held for Cleo Ferguson; Mr. and Mrs. Ben Owen announce the birth of a daughter, Pamela Jo; bus travelers can go to Lubbock and back in only half a day now; the following is a letter to Santa: Dear Santa: We are two little boys 8 and 6 years old. We have been pretty good boys, so please Santa bring us a gun and holster, a football, and a Big Crow Shot. Don't forget our little sisters, Ann and Judy. They want lots of pretty things. ## Bible Thoughts

### "The Five Persons I AM"

By HERB SMITH

THE PERSON I THINK I AM. There are two extremes, the inferior and the superior feeling, and neither one is healthy. However it is important what I think of myself. Prov. 23:7; 4:23.

THE PERSON MY FRIENDS THINK I AM. They may think of me too highly and overlook my weaknesses. My true friends won't.

THE PERSON MY ENEMIES THINK I AM. They may overlook the good in me to see only the bad. Or they may see bad in me that doesn't exist. Some said of Jesus that he had a devil. However, they may see the real in me.

THE PERSON GOD SEES. This is the most sobering thought. God is not deceived. Gal. 6:7.

THE PERSON I REALLY AM. A person free to choose; ability to reason, love, learn, and create. Am I using these gifts? Am I really a christian?

# Let's all go caroling under the downtown Christmas tree

## Hopes high that gin yards will be overflowing by yule holiday

80 per cent  
in field;  
4 bales 'in'

per cent of Garza's big crop was still in the field with a White Christmas certainty for all the gins in the county.

The ginnerers are hopeful that gin yards will be overflowing by the yule holiday. The 1962 county harvest is somewhere between 20-30,000 bales.

Agent Syd Conner termed the crop an exceptionally good crop for the county.

The dispatch's first weekly gin report yesterday showed a total of 4,200 bales had been ginned through mid-afternoon yesterday.

The biggest on record was between 27,000 and 28,000. No final official count is available on a county basis so no official figure for the output.

Cotton farmers this year received an allotment of 42,000 acres and planted 38,000 acres of them. Heavy rains came late and the crop looked as if the crop was a real dud. But then the cold front past the north-northern November freeze date.

Most county areas have had a killing frost.

Cotton bolls are still green. Pretty weather most ginnerers they will be going full speed a week to ten days after a hard freeze. But when the weather is anybody's guess.

Agent Conner said Garza County hasn't been damaged by recent damp weather. A lot of it hasn't opened the damp weather and in places "you can't see a single spot."

By-gin check yesterday by the dispatch brought these results: City Co-op Gin, 507 bales ginned; 426 bales in area, no more yet and no rush.

City Co-op Gin, 300 bales ginned; 404 bales in area.

City Co-op Gin, 300 bales ginned; 404 bales in area.

City Co-op Gin, 300 bales ginned; 404 bales in area.

### 11 indicted by Grand Jury in two-day session

Eleven indictments, involving 17 persons, were returned here Tuesday afternoon by a Garza County district court grand jury after two days of work.

Leander Richard was indicted on two counts of assault with intent to commit murder and assault with a prohibited weapon for his alleged attack upon Deputy Sheriff Lloyd Merritt with a bowie knife Oct. 28.

Richard reportedly slashed at Merritt with the knife before the deputy drew his gun and ended Richard's resistance to arrest.

Others indicted Tuesday were: Felix Rosas and Sylvester Collazo, burglary with intent to commit theft in burglary of L. F. Welch property Nov. 26.

Felix Rosas and John Villa for burglary with intent to commit theft in the break-in at the La Fiesta Restaurant Nov. 26.

Macarie DeLion Romero, burglary with intent to commit theft, in Oct. 5 break-in at Short Hardware, and another indictment on the same charge for the burglary the same night of Western Auto here.

Reynaldo Trevino Garza, Jose Soria, Alberto Macias Arrendondo, and Lionel LeChuga, burglary with intent to commit theft in burglary of Joe Reso's property Nov. 13.

### Saturday event here honors 4-H members

Ronald Thuet and Shirley Bostick received the top awards—the Gold Star Boy and Girl medals—at the annual Garza County 4-H Awards program held Saturday night at the 4-H Building here.

Also presented at the program were medals for county winners in 1962 national and state 4-H awards programs, seven adult leaders pins and 43 year pins to 4-H girls.

Presentation of the awards followed an address by Don B. McGinty, assistant county agent of Lubbock County, in which he tracked the development of a successful 4-H Club member and pointed out the value of the 4-H program to the community, county, state and nation.

County Agent Syd Conner and Home Demonstration Agent Letta Smith presented the Gold Star Boy and Girl medals to Ronald and Shirley.

The Gold Star Boy is the son of Mr. and Mrs. L. G. Thuet Jr. He is 14 years old, an 8th grade student in Post Junior High School and has been a 4-H Club member for five years.

He was active in developing the Junior Leadership organization in the county, and has exhibited steers in some of the state's leading stock shows. He has received the County Beef Award and the County Citizenship Award and is presently serving as vice president of the Post Junior High 4-H Club. He is also a member of the Garza County Junior Leaders Club.

Miss Bostick, 16, is a junior in Post High School. She has been a 4-H Club member for nine years and has an outstanding Foods Result demonstration. She is a junior leader, has attended junior leadership camp and has carried the Mornstead Improvement project for nine years.

Adult leader pins were presented by Mrs. Smith to Mmes. Robert Mock, Carl Payton, Spence Bevers, Zelma Kiesel, J. M. Hutchins, R. B. Wilke and Arda Long.

### Cotton acreage allotment is cut for 1963 crop

Garza County's cotton allotment for the 1963 crop year was released this week by the ASCS office and shows a cut of 10.9 per cent from the 1962 crop year allotment.

The county will have an allotment of 38,297 acres for the 1963 crop as compared with an allotment of 42,876 acres for the 1962 crop.

This year's allotment remains higher, however, than the allotment for the crop year of 1961, since the county received an 18.5 per cent increase for 1962.

In addition, the county received slightly more than 500 released acres for this year's crop, bringing the total to nearly 43,000 acres.

There is also the likelihood of Garza County picking up more released acres.—(See ALLOTMENTS, Page 8)

**POST FFA TEAM QUALIFIES FOR STATE**  
The Post Future Farmers of America senior chapter conducting team proudly displays the first place banner it won Saturday in the Area II leadership contests at Big Spring. By winning first place, the Post chapter won the right to represent the area at the state contest to be held Saturday at Sam Houston State Teachers College, Huntsville. Also shown is Ike Trimble, chapter advisor. Members of the team are, left to right, front row: Pete Dodson, Johnny Bilberry and Richard Hart. Back row: Ricky Little, Danny Stone and Danny Richardson.—(Staff Photo)

# The Post Dispatch

Post, Garza County, Texas, Thursday, December 6, 1962 Number 27

The Christmas Opening of the Post merchants last Friday night was a humdinger of a success with large crowds out for Santa, Christmas lights, band and the window contest. It got the Christmas shopping season off to a fast start here with plenty of shopping following Saturday and Monday.

Another Friday night affair comes up tomorrow with the lights on the downtown Christmas tree scheduled to be turned on at 6:15 p. m., followed at 6:30 by a community sing of Christmas carols under the tree. Santa will be back at 6 p. m. and the stores will stay open until 8 p. m.

Post stores are jammed with big Christmas stocks and a real gift selection this year. So come on out Friday night, sing some carols, get the Christmas spirit, let the youngsters visit with Santa, and get some more Christmas shopping done.

With the cotton harvest late this year—but prospects much brighter than 60 days ago for a good crop—many merchants are emphasizing their credit plans for the benefit of early shoppers.

Post merchants have made their best united Christmas effort this year of any of the six holiday shopping seasons we've been in. Post. All that is needed now is for an outburst of whopper enthusiasm. So let's get with it!

Over on page 3 readers will note that James Minor at Mason & Company is opening his firm's 47th Anniversary Sale tomorrow (Friday) just in time for gift shoppers. James wants everybody who hasn't stopped in lately to come in and see his completely remodeled and redecorated store as well as shop for the many sales bargains. He explains in his page ad that he simply couldn't list everything on the page and shoppers will have to come in between now and Dec. 24 when the sale will end to look for themselves.

We are pleased to present in today's Dispatch an enlarged and more attractive church page on page 7. It is made possible through the support of 25 business and industrial firms and professional folks. Contained on the page each and every week are the listings of all the church services in the Dispatch area. The church page mes—(See POSTINGS, Page 8)

### Community 'sing' is scheduled for Friday

The second big downtown event of Post's Christmas season, will come tomorrow at 6:30 p. m. with a community sing of Christmas carols under the 40-foot high Main street Christmas tree.

The Christmas tree's hundreds of lights will be turned on at 6:15 p. m. Friday.

Santa is scheduled to arrive for his third visit to Post at 6 p. m. Friday and will have a police escort downtown. He'll again ride in an open convertible.

Post stores will stay open Friday night until 8 p. m. for Christmas shoppers. Mrs. Ruth Bennett, Christmas promotion chairman, announced today.

She said Santa will pay his fourth call to downtown Post at 2:30 p. m. Saturday and that local stores will remain open until 7 p. m. that night for shoppers.

The big Christmas Opening last Friday night was listed as a huge success by merchants as approximately 2,000 persons turned out to greet Santa, participate in the merchants' Christmas window contest, hear the high school band, and see the Christmas lights turned on.

Mrs. Bennett said the size of the crowd was difficult to estimate but placed it around the 2,000 mark.

Mrs. Roy Teaff was the window contest winner, correctly guessing 28 of the 33 "wrong items" in the various merchants' windows.

She received certificates worth \$25 in trade with any of the participating merchants in the Christmas promotion.

Tying for second place in the contest and splitting second and third place worth \$12.50 each in certificates were Mrs. Douglas McWhirt and Mrs. Riley Miller, both of Justiceburg. They each had 27 items listed.

Mrs. Bennett said many entrants correctly 26, 25, or 24 of the "items not sold" which were in the windows. A total of 93 entries were turned in up to 10 p. m. that night at the Chamber of Commerce office.

### 3 more arrests in burglary case

Three more arrests have been made by Deputy Sheriff Lloyd Merritt to clean up a recent series of four weekend burglaries of a tool house, VFW Club, La Fiesta Restaurant, and the Long Branch Tavern.

Deputy Merritt said one was a 14-year-old juvenile who was on probation.

The other two were John Villa, 18, released Dec. 1 on \$750 bond, and Sylvester Collazo, 17.

This brings to five the number booked for the burglaries, although all are not charged with all of them but one or more.

### Senior play is Saturday night

The Senior class play, "Father's Been to Mars", will be presented at 8 o'clock Saturday night in the primary school auditorium under the direction of Howard Carlyle.

The cast includes Jimmy Wells, Lin Alyn Cox, Sammie Kay Caffey, Chris Cornish, Cheri Moore, Kent Wheatley, Vonda Howell, Ann Pennington, Stanna Butler, Susanne Krause, and Lenny Howell.

The play is a three act comedy about a television star, his space show, and his family.

**GETTING READY FOR BANQUET**  
Vivian McWhirt, shown here being helped on with her Future Farmers of America sweetheart jacket by Billy Blacklock, will represent the Post chapter in the Mesa District Banquet sweetheart contest here at 7 p. m. Monday, Dec. 10. Eighteen area schools will be represented at the banquet, which will be held in the school cafeteria. Phil Simmons of Rochester, Area II state vice president, will be guest speaker. Also to be selected is a district talent team and district banners will be awarded. Approximately 170 members and guests are expected.—(Staff Photo)

### Thermometer short of mark

## All-out effort urged in Chest fund drive

Garza County's Community Chest thermometer in front of the bank inched up to the \$11,766.63 mark this morning—just \$1,233.37 below its 1963 goal of \$13,000.

Shelley Camp drive chairman, said today that it would still take about a week to wind up all the loose ends and complete the call-backs in the Chest campaign.

### Road approved to dam site

A new farm-to-market from FM-651 at the White River dam site has been approved by the Texas Highway Commission for Crosby County.

The new road will extend from FM-651 at a point 14 miles south of Crosbyton nine miles east to the dam.
