'Week of Ministry' will be observed at First Christian

Sunday will be marked by the observation of "Week of The Ministry" in some 8,000 Christian Churches (Disciples of Christ) in the United States and Canada; it has been observed by Christian Churches since 1901.

At the First Christian Church, Rev. Bernard S. Ramsey will speak at the 11 a. m. worship on the theme, "What Keeps a Preacher Preaching?"

The Lord's Supper is observed at this hour each Sunday and all Christians present of whatever denomination or communion are invited in Christ's name to partake.

Continuing a new series on "What We Believe", the minister will speak on "What We Believe About Christian Baptism" at the 7 o'clock evening worship.

A supervised nursery is provided for smaller children for all worship services.

We are also happy to announce inauguration of Mid-Week Prayer Services each Wednesday evening at 7 until 7:45. This prayer service begins Wednesday, Oct. 11.

Other activities of interest include Sunday School Workers Council, Monday evening at 7:30; Chi Rho youth group at 6 Sunday evenings; and CYF Youth Group at 7:30.

The public is cordially invited at all services held at the First Christian Church.

Had visitors? Been somewhere? Then let The Dispatch know about it!

STING THOSE HORNETS

Post Antelopes Vs.

Tulia Hornets

8 P.M. KICKOFF

FRIDAY NIGHT, Oct. 6

Here In Antelope Stadium

The fighting Antelopes of Coach Vernard Alexander, shackled by injuries last week against Floydada in their second home game of the season, will entertain the Tulia Hornets in Antelope Stadium here Friday night in their final tuneup clash before embarking upon district play the next week. The Antelopes will be seeking victory No. 2 although the visitors will be strong and come into the tilt with a better season's won-lost record. More of the players sidelined in the bruising Ballinger game will be back in the lineup against Tulia. The team has been giving its best—and playing the best. Be in the stands tomorrow night to root the Antelopes in with an upset victory. They're due.

MAKING 'THE SOUND OF MUSIC'

Songs fill the air in "The Sound of Music," the last great musical collaboration by Rodgers and Hammerstein which will be presented at the 1961 State Fair of Texas, Dallas, Oct. 7-22. The show is based on the true story of the famous Trapp Family singers. Florence Henderson and John Myhers star.

per cent comes from tobacco taxes and 2.2 per cent from alcoholic beverage levies.

Our free public school system is taking 33.9 per cent of the tax dollar. Highways and roads are next at 26.8 per cent. Public welfare gets 15.8 per cent. Higher education comes in for 9.6 per cent, while health, hospitals and special schools account for 4.5 per cent.

A ONE YEAR program calling for construction of 613 miles of new farm to market roads costing \$15,200,000 has been approved by the State Highway Commission.

This was approximately half of the usual program authorized by the Commission, as the result of Governor Daniel's veto of the \$15,000,000 for this purpose in the second half of the biennial appropriations bill.

Governor Daniel cut out the second year allocation in order that more flexibility might be attained in providing maintenance for the farm roads system.

Since 1949, under the Colson-Briscoe act \$15,000,000 annually have been earmarked for the construction of farm to market roads, causing all maintenance costs to come out of trunk highway funds.

While this arrangement was necessary for many years, to build up farm road mileage, the highway commission says the problem now is financing the maintenance of these roads. Therefore, at least a portion of the earmarked funds needs to go for this purpose.

Action on this matter is expected in the next special session of the legislature.

ALLOWABLE OIL production in Texas for October has been reduced by an estimated 48,490 barrels per day, on order of the Railroad Commission. Order was based on estimated market demands.

An eight-day producing pattern was ordered for most of the state. This will result in a total allowable production of 2,628,214 barrels daily.

Eleven out of 12 major purchasers of Texas crude oil had recommended the eight-day pattern. Sun Oil Company suggested nine days of production.

SELECTION OF Texas as the site for a laboratory to develop the nation's first moon rocket was hailed by Governor Daniel as one of the most important signs pointing to future progress for the state.

"The Federal government's choice of Harris County for the means that some of the world's most important work in the peaceful conquest of outer space will be undertaken at the location near Houston," said Daniel.

It will attract scientific personnel and plants to the state and increase the importance of the Houston area as a center of civilian, military, space and medical research," he observed.

Retail sales increased seven per cent during August, the Bureau of Business Research at UT reported. The impending sales tax which went into effect Sept. 1 was called a major factor in the increase. Namely, buying before the tax

Post girl named to SPC office

Miss Linda Wilks of Post was elected secretary-treasurer of the student body at South Plains College, Levelland, in campus-wide elections held last week.

Miss Wilks, daughter of Mr. and Mrs. Russell Wilks Jr., is a 1960 graduate of Post High School and is a second-year student at the Levelland college.

Other candidates for the office won by the Post girl were Mary Christmas of Levelland and Sharla Dene Reeves of Littlefield.

went into effect. It was referred to as a "brisk rise" compared to the two per cent decline sales took during July.

Furniture and appliance stores led the field with a 23 per cent increase for August, where the usual increase from July to August is one per cent.

Apparel stores also increased, primarily with the back to school rush for clothes. Steady increases were forecast because of a Texas birth rate considerably higher than the national average.

Births in the first six months of this year totaled 121,796 compared with 115,730 during the first half of 1960.

'Let No Man Write My Epitaph' to show next Wednesday, Thursday

With a cast which includes two Academy Award winners and a famous jazz singer making her screen debut in a dramatic role, Columbia Pictures' "Let No Man Write My Epitaph" shows next Wednesday and Thursday at the Tower Theatre.

The Academy Award stars are

Burt Tves and Shelley Winters, while famed vocalist Ella Fitzgerald acts and also sings. Also starred are James Darren, Jean Seberg and Ricardo Montalban.

"Let No Man Write My Epitaph" is said to be a hard-hitting story of a Skid Row youngster whose father had been executed for murder and whose mother is a waitress in a sleazy saloon.

The story is of the boy's fight to survive as a decent person against the corrosive influence of the slums.

About your health

In the early days of barnstorming flying circuses, the daredevil wingwalkers, stunt flyers and especially those who specialized in crashing old airplanes into abandoned buildings appeared to be reckless, death-defying idiots to most onlookers.

The fact of the matter is they took careful precautions to prevent accidents and made lengthy advance preparations for the more hazardous stunts.

The safeguard generally regarded as a must — and still universally maintained today — was seatbelts, fastened securely to the framework of the aircraft and buckled throughout the flight.

It is reasonable to assume that a pilot who survives an intentional crash into a building with the use of seatbelts would protect himself from the possible serious injuries or death from an accident involving an automobile.

To a large extent this is true. Automobile seatbelts first began appearing in large numbers of passenger vehicles several years ago as a direct result of pilots, race drivers and others acquainted with their value.

Today, it is a recognized fact, based on hundreds of accident reports, elaborate, controlled tests, and reports from various state highway departments across the country, that seatbelts are definite lifesavers in automobile accidents.

One comprehensive study which evaluated reports of parallel accidents of cars with and without seatbelts — indicated that the chances of escaping death in a traffic accident were improved 87 percent by the use of seat belts.

Studies show that the leading cause of serious injury and death results from being thrown out of the car. Most of the other serious injuries involve striking objects within the car.

Seatbelts substantially reduce both possibilities.

Drivers who have been using seatbelts regularly for any length of time report that the belts not only serve as safety devices, but actually are more restful on long drives, and cause a constant awareness of safety from their mere presence.

COFFEE TIME—Even following a hurricane, a soldier needs a cup of hot coffee and the Salvation Army was there to provide it. Shown above, right, is Lt. Lamar Foreman pouring coffee for PFC Jerome Cram of Ganado, Texas, a member of the 36th Division National Guard following Hurricane Carla's devastation in Edna, Texas. More than 60 Salvation Army officers and 18 Disaster Mobile Canteens were in the Gulf Coast area to provide relief for storm victims.

October plentiful foods list will make month's shopping a pleasure

COLLEGE STATION—Grocery shopping can be truly pleasurable when there's an abundance of many items. That will be the case in October, when Texas food markets will abound with nearly every item that makes up the average food shopper's needs, according to the Texas Agricultural Extension Service.

The U. S. Department of Agriculture's official plentiful foods list for October features apples, potatoes and broiler-fryers. It also points to hugh supplies of six other important foods: cheese, rice, turkeys, beef, cranberries, and vegetable fats and oils.

These foods are cited from among the many items in fall abundance because USDA's Agricultural Marketing Service expects supplies of each to exceed normal demand. That means you, as a consumer, will find available a greater choice of quality, and you can expect prices on these items to be lower, in keeping with the hugh supplies.

Fall shipments of apples will reach their peak in October. And

this year's crop is estimated at 15 per cent more than last year. Oct. 12 to 21 is National Appie Wek.

Potatoes will continue plentiful all month at low to moderate prices. The fall crop is 10 per cent greater than in 1960. Broiler-fryers, of course, have been plentiful and low-priced all summer.

There's plenty of cheese to make October Cheese Festival exactly that. Stocks of American cheese are almost a third greater than they were this time last year. Similar supply conditions exist for all other plentifuls on the list.

HIBBS RETURN HOME
Mr. and Mrs. Ted R. Hibbs have returned home after a three weeks' trip to Kansas, Oklahoma and Missouri. They visited in Oklahoma City, Okla., Kansas City, Kan., and with a daughter in Mountain Grove, Mo. West Texas preps for homecoming

CANYON—Preparations have begun early here on the campus of West Texas State College for the biggest annual celebration on the calendar, which for years has always been Homecoming. Date this year is Oct. 14.

The day designed to welcome back to the campus ex-students of WT, will feature the events which have characterized WT Homecoming of many years. These are club reunions, a parade, barbecue, football game, and a dance.

Registration of exes will begin at 9 a. m. in the Student Union Building and continue until 3 p. m. Reunions of clubs are slated from noon until the parade starts at 3:30 p. m. Barbecue will be served from 4:30 until 6:30 p. m., and the football game, with the Buffaloes meeting the Arizona State Sun Devils, will be at 7:30 p. m. The dance is to run from 10 p. m. until 1 a. m.

Tickets for the barbecue will cost \$1.25 each, and the meal will be served in old Buffalo Stadium. Should it rain on Homecoming Day, the barbecue will be served in the cafeteria.

The story of WILLIAM ALLEN WHITE and The Church Bell

"I don't need to advertise," an established merchant in Kansas once told William Allen White, renowned publisher of The Emporia Gazette. "Everybody knows me and knows what I sell."

"In that event," replied the thoughtful publisher, "we can dispense with the oldest advertising medium for the oldest institution in the world. See that church down the street," continued Mr. White, pointing to one of Emporia's oldest and most beautiful structures, "That church has been established here for many years. Everyone knows what it is and what it does. In the tower of the church is a bell and every Sunday it rings out to remind folks to come to church."

"Shoppers go where they are invited and stay where they are well treated," concluded the publisher.

"Regardless of how well established a firm may be, newspaper advertising is a repeated invitation and a reminder to come and do business with that store."

Vet's Forum

Q. I am about to retire after 20 years of Army service. I received a Purple Heart for combat wounds that veterans get a five-point credit on federal job examinations and that service-connected disabled veterans or those who were awarded the Purple Heart get 10 points additionally. Is that right? A. No. Veterans get a credit of five points. Combat disabled veterans or those who have received the Purple Heart get a maximum credit of 10 points.

Q. My husband was killed in combat during the Korean Conflict. Am I eligible for a GI loan? If so, has my eligibility been extended by the law which recently extended the GI loan program?

A. Yes, you are eligible for a GI loan. In your case the maximum extension is granted — that is to Jan. 31, 1975.

'At Swords' Points' gripping story of mounting suspense

By Charlotte L. Covey
"At Swords' Points" was written by Andre Norton.
A few weeks before Quinn Anders was to join his brother Stark in the Netherlands, he received a cable saying Stark had been killed in a hit-and-run accident. Then came a delayed and cryptic letter from Stark, written before his death, suggesting that Quinn pay a visit in New York to Lorens van Norreys, head of an internationally known Dutch jewel firm and an important member of the underground during the last war.
When Quinn called on van Norreys, he showed him a crude cer-

Jaw-breaking terms hex Biology studies

Protozoa, Porifera, Coelenterata, es. Annelida, Mollusca, Echinodermata, Arthropoda, and Chordata!—these are the words causing biology students to burn the midnight oil. These are the 10 animal phylum which we are studying and they include animals like the simple one celled paramecium, up to the most complex of all, the human being.
The field trip Tuesday was a big success. Each class collected several types of insects and spiders. Among them insects collected were types of spiders, beetles, ants and stinging scorpions. The insects collected were preserved and mounted in paraffin.

Letter to Editor

Dear Editor:
The students around PHS really appreciate the school page. Most of them know how much work goes into making up the paper each week. We know the worry and headaches of getting the news that goes into the paper each week.
We, the students, would like to thank you and Mrs. Fleming, for sponsoring the paper, for all the hard work and effort that you put out each week. I know it would be a great help if all the class reporters and other reporters would get their news items in to you on time. We will try to do better in the future.

Students busy in Commercial Dept.

By Donna Robison
This week in the Commercial Department, things are going as usual. The Shorthand girls are busy with their reading and writing, and the students in Typing I are very busy increasing their speed before semester comes. The Typing II classes are now working in their workbooks and will soon get their new typewriters.
In bookkeeping, most of the students are learning what hard work there is to keeping books accurately. Some have learned this the hard way and some have not even tried to learn—period. These students will be in some trouble when test times rolls around and they fail. They will regret the time they wasted during class when they should have been working on their books.

Committee votes no senior trip

The Senior Ways and Means Committee discussed the question of a Senior Trip after school. They decided not to have a trip because it would take too much time to plan and work to have enough money to go, and also the majority of the class didn't want to have one.
The Seniors are going to sell the "Mums" on Homecoming and are going to have a Senior Play sometime in March.
The question of a Halloween Carnival was discussed and decided that it would be too much trouble and not enough time to make any profit from it.
The Seniors may have some more money raising projects later on in the year, if needed.

7th Math students in 'World Series'

Not as important to some, perhaps, as the World Series being played in New York, but important nevertheless is the World Series Math Game being played in Mrs. Lobban's 7th grade Math classes.
Each student must play the game correctly in order to make a score for his team.
Lots of interest is created and all have fun while getting drill in the fundamental processes.

Cheerleaders help keep spirit going

By Sandra Stewart
The cheerleaders this year are: David Lee, head cheerleader; Danella Bateman, senior; Sharon Isaacs, junior; Linda McMahon, sophomore; Pam Stewart, freshman.
The uniforms of the cheerleaders are white box-pleated skirts with black inter-pleats, white turtle-neck sweater, with gold and black emblem. To top off their costume they wear black shoes and white fuzzy crew socks.

Every Wednesday they meet and make posters for the halls at school. On each football player's locker is put a small poster with his number on it. On Thursdays, they sell tags and are helped by some members of the pep squad.

8th grade loses to Colorado City

By Dick Kennedy
Last Thursday, the 8th grade team lost to a power-packed Colorado City team. Post was smaller than their opponents, and Post is also smaller than Colorado City.
Ruben Solis made Post's only touchdown, on a long run. The final score was 48 for Colorado City to 8 for Post.

Last Saturday, the 6th grade also lost to Colorado City's 6th grade, 6-0. Colorado City made the touchdown on a long run. Except for the long run, it was a very close game.
Standouts on offense were Freddie Collazo and Ronnie Wilson, and on defense, Mike Petty and Peter Morales.
Colorado City's score came in the third quarter.
The 6th grade will play Slaton next.

Coach Souter is Teacher of Week

By Leatrice Justice
Our teacher of the week is Coach Souter. He lives at 508 North Ave. N. He attended Eastern New Mexico University. He graduated with a B. A. degree. He teaches civics, and P. E. Before he came to Post he lived at Portales, N. M. and Denver City.
His hobby is golf and enjoying life. He is an excellent civics teacher and a wonderful person to know.
He takes interest in all activities at school if possible. He is the Senior sponsor and is wonderful in working with the Seniors.
Congratulations, Coach Souter, for being elected "Teacher of the Week".

The 8A students elected Audrey Snow as president; Dixie Lucas, vice president, and Jerry Julian, secretary-treasurer.

Council officer slate complete

By Ann Pennington
The Student Council met in Mr. Clark's office Thursday evening Sept. 28, and elected officers. Alyn Cox was elected secretary; Jimmy Wells, treasurer, and Ann Pennington, reporter.
Last year the student body elected Judy Clary, president and Marianne Jones, vice-president.
The Student Council voted on and adopted a code of ethics for the student of Post High School. It is going to be printed and enlarged and hung in the foyer. We also discussed the possibility of having a foreign exchange student for next year.

Band divided into groups for drills

If you think the band has flipped their lids, you're wrong.
Several days this week the band was divided into groups of about ten. Each has an instructor to show and go over the fundamentals of marching. So there were about seven or eight little bands marching all over the practice fields. It seems to have helped everyone.
The instructors Mr. Meisch picked were: Lenny Howell, Lana Haynie, Judy Clary, Ruthell Martin, Vonda Howell, Shearon Meisch, Butch Bowen, Charles Brannon, Beverly Young, and Lyn Alyn Cox.

Freshman grid team remains undefeated

By Susan Cornish
We're real proud of our freshman team this year!
In our first game, with Spur, our halfback, Dicky Vardiman, was injured right before half-time, and Ronald Simpson, quarterback, was unable to play because of a broken hand. However, we skunked Spur with a wonderful score of 12 to 0.
In our second game we pulled ahead of Tahoka 14 to 12.
In the last game with Slaton we won 24 to 0. So that makes them undefeated. Hate to brag, but...

Social studies keep students up on news

In social studies our teacher is Mrs. Bryan Williams. The textbook is called "Your World and Mine."
We are studying about the Greeks and Romans and what their civilization gained and passed on to us.
We also subscribe to a paper called "Young Citizen."
We are studying about Russia and Communism. This week we will be studying about China and what they are doing.
In our paper we are studying about what is happening now.

Tempest series, expanded to five models, is now on display in area

The 1962 Pontiac Tempest series, now offered in five popular priced models with the addition of a convertible coupe, are on display at Pat's Buick-Pontiac-G M C Co., East Highway 180, Snyder.

Introduced less than a year ago the Tempest became an immediate success and was universally recognized as the outstanding engineering achievement of the year. Originally the series consisted of a four-door sedan and a four-door Safari station wagon. Pontiac's new line of family-size cars now includes as well a smartly styled convertible, a two-door coupe and a two-door sports coupe.

The 1962 Tempest retains its widely acclaimed front engine-rear transmission power train arrangement. The heavy duty four-cylinder engines range from 110 to 166 horsepower with a choice of either automatic or synchromesh transmissions. Also available is an optional V-8 aluminum engine rated at 185 horsepower.

The wide Tempest grille emphasizes a wider horizontal look while still incorporating a central interest theme.

Unsurpassed for richness and styling beauty is LeMans option offered on the Tempest convertible and two-door sports coupe. The stunning LeMans interior features bucket front seats and customers may choose from five solid or monochromatic colors in seville grain, expanded vinyl coated fabric. The colors offered are black, parchment, red saddle and blue.

Further luxury is imparted to LeMans interior by means of full floor carpeting and carpet panels at lower door areas.

For Tempest buyers there are 15 exterior colors from which to choose, each one of durable, sparkling Magic-Mirror acrylic lacquer.

Tempest models are 189.3 inches in length, 72.2 inches wide and 53.2 to 54.8 inches high. Standard tire size on sedans and coupes is 6.00 by 15, and 6.50 by 15 on the Safari.

The Tempest convertible, most recent addition to this series of family size cars and destined for high popularity among convertible buyers, has a manually operated "snap top" as standard equipment, while LeMans option includes a power operated top. Having a sleek, sporty appearance this model is richly appointed in the long-standing tradition of Pontiac styling.

Diplomas to 11 as loom fixers

Diplomas were presented Monday night at a banquet in Judy's Cafe to 11 Postex Mill employees who had completed an eight-week, 48-hour Loom Fixers course.

E. C. Shives of Big Spring, area director for the Vocational and Industrial Education Department of the State of Texas, told the group at the banquet this was the first time such a course was held in the state.

Allen Hampton of the local mills was the instructor and J. E. (Dick) Tanner of the mills its director. Administration of the course was handled by County Superintendent Dean Robinson, who also attended the banquet along with Louie Burkes, Postex president; Lee Ward, mill superintendent; Hampton; Tanner, and Chant Lee, personnel director of the mills.

Receiving their diplomas from Tanner were Lewis Ammons, Stanley Cox, Lawrence Hall, Robert Heaton, Jack Kennedy, Cancil Kirby, Joe Rivas, Joe Ray Sanders, Walter E. Smith, Gerald Turner, and Alton Warren.

year. The bulk of the increase here is for equipment and maintenance and repairs.

Street department expenditures will be nearly double the \$18,305.40 spent in 1960-61. Engineering fees and paving account for \$9,000 of the increase and new equipment for another \$5,000.

Expenditures for street lighting in the new budget are set at \$8,200, which is an increase of nearly \$3,000 over last year. The enlarged and improved street lighting projects for the increase.

The new budget calls for a boost of some \$23,000 in water and sewer fund expenditures. The boost includes an increase of some \$7,000 in distribution expense, and nearly \$14,000 for sewage collection expense, which will include the cost of new equipment.

The new budget estimates the following income: Current ad valorem taxes, \$86,945; delinquent ad valorem taxes, \$3,500; penalties and interest on delinquent taxes, \$400; occupational taxes and licenses, \$18,000; oil royalties, \$7,000; garbage collection fees, \$25,000; Terrace Cemetery, \$4,000; street paving notes, principal and interest, \$13,815; sale of paving warrants, \$25,000; sale of truck warrants, \$5,000; water and sewer income, \$140,750; other income, \$5,850.

The following expenditures are estimated in the new budget: City Hall, administration and upkeep, \$14,850; police department, \$15,953; fire department, \$14,425; street department, \$38,500; paving, \$32,130; 87; miscellaneous, general expense 14,560; capital outlay, \$17,000; garbage collections, \$24,600; Terrace Cemetery, \$5,815; water and sewer department, general administrative, \$24,013; W&SD, production expense, \$43,950; W&SD, distribution, \$26,950; W&SD, sewage expense, \$21,175; W&SD, other expenses, \$7,000.

Anticipated non-operating expenses includes the following: General obligation warrants, \$27,000; interest on warrants, \$5,230; handling charge, \$12; water and sewer bonds, \$17,000; interest on water and sewer bonds, \$16,988.25; handling charges, \$65.

Four structures deemed hazards

The city council voted Monday night to follow through on the recommendations of Fire Marshal Ralph Cockrell that four dilapidated houses, or other structures, be eliminated as fire hazards.

The fire marshal's survey of the city to single out such structures was in accordance with an ordinance recently passed by the city to do away with such fire hazards.

The fire marshal recommended that two of the structures be torn down and moved away and that two others be boarded up as a precaution against someone entering them and starting a fire.

The four places on which action was recommended are at 12th and Avenue N, 106 West Fifth, 117 East Sixth, and 212 North Avenue H.

City Supt. Henry Tate was authorized by the council to give the property owners the required notice of the fire marshal's recommendations. If, after a specified length of time, the owner has not eliminated the fire hazard, the City of Post will take steps to do so.

string of firecrackers, and this High Plains area being surveyed for a missile base that would also make the area a prime target, interest is picking up locally in civil defense.

The judge has had some requests for information on fallout shelters. And he is filling out those requests too. He has complete drawings of approved fallout shelters to give free upon request along with suggestions for food supplies and equipment to be stockpiled in such shelters. He has only a few on hand right now, but has written for more copies. The plans were prepared by the Cooperative Extension Work in Agriculture Home Economics, Texas A&M College system and the U. S. Department of Agriculture. So if you want to know how, the judge has it all on paper for you to study.

Post had a Lubbock South Plains Fair winner in Bo Jackson. Bo won an RCA portable 19" TV set from the Business Men's Assurance Co. for coming the closest in guessing the total dollar benefits paid by the company in life and hospitalization since from its beginning in 1909 to the present time. Dowe Mayfield, Jr., the insurance firm's local area representative who now lives in Lubbock, presented the set to Bo here yesterday. Bo made the guess during a visit to the insurance company's fair booth last week.

Paul Jones, the Piggly Wiggly store manager here, was surprised this week upon opening his copy of the September edition of Pig Tales, Shop Rite Foods, Inc., fine monthly magazine, to find the Paul Jones featured as "our family of the month." Pictured were Paul holding his granddaughter, Terry; and his wife Fern, who is personnel secretary at the Postex Cotton Mills, with a writeup about Paul's career with Piggly Wiggly which began 25 years ago. Paul is pictured three other places in the magazine, two for receiving his 25-year company pin at the September banquet of the company in Lubbock and one in the group of the Post group attending the banquet.

The Southwestern Public Service Co. this week launches a new electric clothes dryer and electric water heater promotion on page 11 of today's Dispatch. The firm will give a pink electric blanket to the purchaser of every dryer or hot water heater from any of the five local Reddy Kilowatt appliance dealers. Three of these dealers look advantage of the utility firm's promotion to advertise their dryers on the same page with the promotional announcement. The promotion will run into November according to Ted Hibbs.

The death of J. L. (Dusty) Kemper of Brownfield, western division manager for General Telephone, came as a shock to all of his many friends Tuesday although all knew the game, uphill fight he had been waging for nine months. Dusty was well known and well liked here in Post. He was a familiar figure at all press conventions in West Texas and a fine golfer, even after he had lost 70 pounds after his first operation in January. But more than that, Dusty was a real wheelhorse for General Telephone. To us he gave a big faceless utility firm, a real degree of personality and aggressiveness.

Homer Hunt, fair association president, read telegrams and letters from friends and from such dignitaries as Vice President Lyndon B. Johnson, Sens. Ralph Yarborough and John G. Tower, Rep. George Mahon, Gov. Price Daniel, J. W. Potts, head of the Texas Extension Service, and others.

On hand for the ceremonies were both new and old hometown friends of "The Scotchman". Also in the crowd were his wife, Betsy, and his daughter-in-law, Mrs. Estelle Samson.

Mrs. Sullivan is top prize winner

Mrs. Willie B. Sullivan was the first place winner in the K & K Food Mart's prize drawing Saturday night. She won a TV stratoresister chair by Stratolounger, king sized with foam cushion seat.

Second prize of a Roadmaster Sky Rider bicycle went to Miss Doris Mitchell.

Winner of the third place, Westinghouse buffet electric fry pan was John Redman.

The fourth prize of a tolen pole lamp went to Mrs. W. D. Alexander. Mrs. Flora Fry won the fifth prize of the thermos ice chest. All told \$300 worth of prizes went to the five winners.

'Lopes to play undefeated Tulia here Friday night

Final non-district tilt for Alexander's charges

The Post Antelopes will catch their second undefeated team in a row here Friday night when they play against the Tulia Hornets of District IAA in the last non-district game of the season for Coach Verlan Alexander's injury-riddled team.

With the exception of Bobby Hudson and Billy Shumard, the thin Post squad is expected to be in good physical condition for the Tulia contest.

Both Hudson, who is one of the team's tri-captains, and Shumard were injured in the Ballinger game two weeks ago and their loss was keenly felt in last Friday night's Floydada game.

Fullback Harold Mason, who was ill week from a virus attack in Floydada game wasn't at full strength in Tuesday's workouts, but is gaining strength for Friday night's Tulia contest, Coach Alexander said.

ANOTHER ON the doubtful list this week is freshman quarterback Mitch Cross, who sat out the Floydada game because of a neck injury.

Running again in this week's practice sessions was sophomore halfback Ronald Storie, who had been out with an injury received in an automobile accident.

Others who had been on the injured list, but who saw action against Floydada, were guard Bud Moreland, halfback Teddy Scott, and Dean Johnson, and Dwayne

Capps and tackle Jerry Bush. All are expected to be in from "fair to middling" shape for Friday night's game.

Following Friday night's game with Tulia, the Antelopes will open District 3AA play at Denver City against the undefeated Mustangs, last year's state AA champions and top-ranked again this year.

Last season, in the first game between Post and Tulia in several years, the Hornets won by a score of 12 to 0 on their gridiron.

Tulia's assistant grid coach is Frank Kruh, formerly assistant and head coach here.

TULIA OPENED their season by defeating Memphis, 28-14, then followed up by swamping Sunray, 47-8. They edged the Lockney Longhorns, 18-14; beat a good O'Donnell team, 24 to 6, and last Friday downed Abernathy 20 to 6.

The Hornets have one of the area's top scorers in halfback Gary Don Haight, a 158-pound senior two-year letterman. Not far behind Haight in scoring is David Cole, a junior end, who weighs 135 pounds and has one grid letter.

The Hornets of Coach Jimmy Keeling are expected to start Cole and Bill Stephens, 145, at ends; Pat Butler, 171, and Ricky Aldridge, 231, at tackles; Jeff Dalluge, 170, and James Mason, 151, at guards; J. W. Tuttle, 183, at center; Paul Caraway, at quarterback; Haight and Richard Bales, 154, at halfbacks, and Troy Brasher, 182, at fullback.

41 boys already signed for Punt, Pass, Kick

Forty-one area boys, ages 6 through 10, already have signed for the Punt, Pass and Kick contest, sponsored here by Tom Power—Ford, as a part of a nation-wide football competition created by the Ford Motor Co.

Deadline for entries is Oct. 14. The P.P. & K contest will be held Sunday, Oct. 21, at Antelope Stadium with the boys competing for jackets and footballs and a chance to win a trip to Dallas to

compete in the regional contest and see a home game of the National Pro League Dallas Texans.

Boys wishing to enter should go with their dads to Tom Power—Ford to sign an official entry blank and receive a free badge, 1961 Pro Football Guide, and P, P & K instruction book with tips from Yale Luby, Johnny Unitas and Paul Hornung.

Head High School Football Coach Vernard Alexander and his assistant coaches will conduct and judge the contest Oct. 21 for Tom Power.

Those signed up to date for the contest, in order of enrolling, are David Pierce, 10; James McBride, 10; Rickey Shane Thomas, 7; John David Gist, 9; Arville Joe Hair, 7; Ronnie Hair, 9; Steve Newby, 9; Gary Shepherd, 7; Kelvin Anderson, 9; Terry Cates, 8; Arthur Torres, 10; Rickie Dow Bush, 7; Johnny Hodges, 8; Cal Bruce Hall, 9; Ricky King, 6; Kim Owen, 7; Robert Hogue, 10; Glenn Carlisle, 9; Lynn Carlisle, 9; Victor Vargas, 10; George Torres, 10; Randy Hudman, 9; Jimmy Dooley, 8; Mike Bingham, 10; Tony Ray Williams, 9; David Woods, 8; Kyle Josey, 8; Davy Midkiff, 10; Robert Pace, 8; Roger Pace, 6; Larry Bilberry, 9; Bobby Meisch, 9; Bobby Hodges, 8; Robert Torres, 7; Leroy Bostick, 6; Freddy Wilson, 6; Pat Ayala, 8; Junior Saldivar, 10; Steve Yancey, 8; Mike Scott, 10; and Tommy Jack Taylor, 10 of Southland.

Snow White and Three Stooges' opens at Tower

One of the year's most lavish musical extravaganzas, "Snow White and the Three Stooges," opens tonight at the Tower Theatre and continues through Saturday.

It brings to the screen a modern version of a fairy tale beloved by the world.

The charming and brilliant spectacle stars five-time Olympic Skating Champion Carol Heiss, with the comic trio of Stooges, and her benchmarks, Edson Stroll and the role of Prince Charming and the wicked queen."

Raiders, Aggies in Saturday battle

LUBBOCK—Texas A&M and Texas Tech tangle in a Southwest Conference game in Jones Stadium at 7:30 p. m. Saturday.

Both teams will be hoping to bounce back from disappointments

suffered last week. A&M led highly rated Louisiana State 7-2 going into the final quarter but bowed 16-7. Texas Tech absorbed a 42-14 trouncing by University of Texas.

Although Texas A&M holds a 13-5-1 edge in the series begun in 1927, the Red Raiders have rallied in recent meetings. Texas Tech won by 15-14 and 20-14 in 1958 and 1959, respectively, and were tied 14-14 by the Aggies last fall.

Despite the Aggies' advantage in experience—26 lettermen to 15—the Raiders even in defeat last week showed the offensive potential to give them a chance. Levelland's Doug Cannon clicked on 13 of 24 passes for 114 yards, and Lubbock's Coolidge Hunt smashed his way for 52 yards on eight carries.

One of the largest crowds of the season is expected.

Freshmen defeat Slaton, 24 to 0, for 3rd triumph

Coach Gynn Gregg's freshman football team won its third game in a row against no losses here last Thursday night when it took the Slaton freshman team into camp by a score of 24 to 0.

Post scored in the first quarter on a dive play by halfback Benny Owen, with fullback Roger Anderson running over the extra points.

That was all the scoring in the first half.

A roll-out pass from Mike Ayala to Owen accounted for the Post team's second TD, with the extra point try missed.

Ayala scored Post's final touchdown on a dive play, with Anderson again carrying over for the extra points.

Post scored a safety in the fourth quarter when linemen Laylan Bratcher and John Sutter stopped a Slaton ball carrier behind his goal line.

The Post freshmen are to play Floydada there at 6 p. m. today.

Justice is to graduate at U. S. Naval School

Don Justice, grandson of Mr. and Mrs. Dick Wood of Post and son of Mr. and Mrs. Val Dean Justice of Idalou, will graduate Oct. 13 from the naval school at San Diego, Calif.

President John F. Kennedy will make the graduation address.

After graduation, Don will return home on leave for a visit with his parents and grandparents.

Antelopes fall before Whirlwinds, 31 to 7

The undefeated Floydada Whirlwinds rolled to their fourth victory here Friday night, 31 to 7, over a crippled, but stubbornly battling, team of Post Antelopes.

Receiving the opening kickoff after the Antelopes won the toss and chose to defend the south goal with a stiff breeze at their backs, the visiting Whirlwinds almost used up the clock in the first quarter before finally scoring on a Post fumble the first time the Antelopes got their hands on the ball.

It took the Whirlwinds 17 plays, eating up 10 minutes and 45 seconds, to march from their 38 to the Post one-yard line, where the ball went over on fourth down when Larry Williams and Jerry Bush stopped Whirlwind quarterback Rodney Teague for no gain at center.

TRYING TO RUN the ball out for kicking room, the Antelopes fumbled on a handoff, and tackle Bruce Julian pounced on the ball for Floydada's first TD, with 54 seconds left on the clock. Halfback Charles Christian's kick for the extra point failed, and the period ended with the visitors out in front, 6-0.

The Whirlwinds made five first downs in their 61-yard march to the Post one-yard stripe, but were forced to battle for every inch of it against a Post team that wouldn't roll over and play dead.

That first quarter stand, however turned out to be the Antelopes' best defensive effort of the night. Floydada added to their margin with 8:05 to go in the second quarter when Teague carried over from three yards out after a 65-yard drive. An attempted place-kick for the extra point failed, and 12-0.

The Antelopes, in the meantime, were having all sorts of trouble trying to mount an offensive threat of their own.

THEIR BEST opportunity in the first half came after quarterback Leslie Acker intercepted a Teague pass on the Post 35 and made a brilliant runback for 33 yards to the Floydada 33 before being hauled in.

Acker failed to gain on a keener, but fullback Harold Mason carried three times for 13 yards and a first down on the 21. Stabs at the line by Mason and halfbacks Teddy Scott and Jackie Fluit gained only to the 17, and the Antelopes' first pass completion—Acker to end

Danny Pierce—gained only a yard to the 16, where the ball went over on downs.

The Whirlwinds wasted no time in adding to their lead after Teague returned the second half kickoff 73 yards to the Post 17, where he was overtaken by Mason. On two carries through the line, the first for 11 yards and the second for six, Christian accounted for the visitors' third TD, with Teague kicking the extra point.

Floydada padded its lead with 5:32 to go in the third quarter on a 61-yard touchdown scamper by Christian. Teague's extra point kick was blocked, and the Whirlwinds led, 25-0.

FACING THE wind on the first play of the final quarter, Mason got off a wind-blown punt from his 10, which took a big backward bounce to the Post 15. After two line plays had gained six yards, substitute quarterback Vernie Moore rolled out around his right end for nine yards to score. Christian's extra point kick was blocked.

That ended the scoring for Floydada, but the Antelopes still were

to dent the scoreboard, and they did it with 1:43 left to play.

They had a drive going earlier than that—from their 20 to the Floydada 26, but the Whirlwinds intercepted on their 12 to halt the thrust.

Using a spread formation for the first time this season, the Post team, with Acker and Mason doing most of the ground-gaining and Acker hitting Fluit and end Dwayne Capps with passes, the Antelopes made three first downs in the drive from their 20 to the Whirlwind 26.

Following the Floydada interception on their 12, Larry Williams pounced on a Whirlwind fumble, and the Antelopes were ready to try again, this time from the Floydada 16.

On fourth down, Acker passed to Capps for a first down on the 6, and two plays later tossed into the arms of Mason across the goal line for the TD. Acker then kicked the extra point from placement.

Fall season is good time for car inspection

AUSTIN—Col. Homer Garrison Jr., director of the Texas Department of Public Safety, suggested today the start of fall is an excellent time to have motor vehicles safety inspected in preparation for hard winter driving.

The new 1962 Texas Vehicle Inspection Sticker is now available at the 5,000 official inspection stations in compliance with orders issued by the Texas Public Safety Commission. The order states that all vehicles coming under the provisions of the Vehicle Inspection Act must display the new sticker by April 16, 1962.

Garrison said that during the past three months mechanics at inspection stations over the state have undergone an intensive training program on the inspection of vehicles under the law.

"There have been no changes in the Inspection Law from last year," he explained, "but we have re-examined every mechanic in the program to be certain he knows the procedure."

The DPS director noted that since the beginning of the inspection program 10 years ago, vehicles having a defect that was a causative factor in motor vehicle accidents have steadily decreased.

It's the Law in TEXAS

THE ICE CREAM MAN
Joe, the ice cream man, was in the habit of driving his gaily decorated wagon down the street with bells ringing and flags flying, to attract children. When the children would come to buy his ice cream, Joe would stop on the spot to accommodate them.

One day Joe attracted a large group of children and stopped to sell his ice cream. He stopped his wagon several feet from the curb, and the children were standing in the street beside it, buying ice cream bars. Just as Sally started back to the curb with her ice cream bar, a speeding car veered to miss Joe's cart and struck her. Sally's parents sued both the driver of the car and Joe for the injuries Sally received. Could Joe be held liable?

Some courts have held that liability for damages suffered by a child as the result of his or her responses to such an attraction may be imposed, even though the actual injury was inflicted by another automobile using the street. The reason for such a decision is that people selling or delivering goods on a public highway could reasonably expect that children would be attracted to a vehicle, especially one as gaily decorated as Joe's wagon. These courts have reasoned that the danger inherent in thus attracting children to the street should be foreseen and guarded against by the person creating the attraction.

Joe had not properly parked his wagon. He had stopped several feet from the curb, causing the children to step into the street to buy his ice cream, which they did with little or no thought of the danger. Joe should obey the traffic laws the same as everyone else, particularly since his customers sometimes forget.

A GOOD JOB

Billy's getting bigger, and Susie's catching up. And Mom—like any proud mother—is delighted. Their physical progress is one indication that she's doing a good job.

But is she being just as careful about other, equally vital parts of that job? Is she also measuring their spiritual progress? As it happens, she is. Billy and Susie are both already going to church and church school.

If you have been thinking that your own children are too young to begin their religious education, why not give them the chance to measure up spiritually, as well as physically? They're apt to surprise you!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

THE NEW FALCON FOUR-DOOR SEDAN

This Falcon four-door sedan highlights the compact car's new styling for 1962. While still "distinctively Falcon" the top-selling Ford compact features a new grille, new front fenders and hood and larger taillights, but still retains the inside-outside dimensions of its predecessors. The new Falcon line, introduced here last Friday by Tom Power Ford, will feature a total of 13 models.

1962 Falcon went on display here Friday at Tom Power Ford

The Ford Falcon for 1962, introduced here last Friday at Tom Power Ford, 122 West Main, boasts new styling, and expansion of the economy and maintenance-free features that have made it the best selling compact car in the country, and the addition of two new models.

The new models are a Falcon Squire station wagon and a Deluxe Club Wagon.

While describing the compact car's new styling as still "distinctively Falcon," Tom Power, dealer, pointed out that the Falcon has a new grille, new front fenders and hood, and larger taillights, but still retains the inside-outside dimensions of its predecessors.

On the interior, the instrument cluster has been revamped and there are new fabrics, styles and colors for all models.

In addition, Power stated, 62 engineering improvements have been incorporated into the Falcon line of 13 models being offered for 1962—standard and deluxe two- and four-door sedans, two-door Futura, standard and deluxe two- and four-door station wagons, four-door Squire station wagon, Station Bus, Club wagon, and Deluxe Club wagon.

The Falcon Squire is a smart, four-door, six-passenger station wagon with simulated wood exterior trim that imparts a custom-

crafted look. Lined oak rails (made of fiberglass) follow the body side contour lines, go around the tail lamps and across the taillight. "Fiberglass planked" wainscoting appears between the rails.

The Station Bus, Club Wagon and the new Deluxe Club Wagon are versatile "family fun vehicles" designed to carry eight passengers, or easily convert to a camping unit, a home on wheels, or an all-around utility vehicle with 204 cubic feet of cargo space. In addition to the driver and right-front passenger doors, all three vehicles have double doors on the right side and in the rear.

Elaborating on the Falcon car's new styling, Power said that "new front end sheet metal for 1962 provides greater horizontal thrust and cleanliness of design."

The standard engine for all Falcon models, except the Club Wagon, is an improved version of the six-cylinder, 85 horsepower engine that in 1961 recorded the greatest gas mileage ever achieved for any "6" or "8" in the 25-year history of the Mobilgas Economy Run.

Two new options will be offered on the Falcon line for 1962—tinted glass and factory installed air-conditioning. In 1961, air-conditioning was available only as a dealer installed option. Other options include radio, heater and automatic transmission.

Ex-students seeking 'missing addresses'

Additional names of ex-students whose correct mailing addresses are needed for homecoming invitations have been submitted to The Dispatch for publication. Officers of the Ex-Students' Association report that response has been good to previously published lists of names.

Anyone knowing the correct mailing address of any of the ex-students listed here is asked to notify Mrs. Charles Luttrell, head of the mailing committee.

One killed, four hurt in rural accidents

Eleven accidents, resulting in one person killed, four injured, and a property damage of \$6,890, were investigated by the Highway Patrol on rural highways in Garza County during August, according to Capt. E. L. Posey, Highway Patrol supervisor of this area.

The rural traffic accident summary for Garza County from January through August of 1961 shows a total of 48 accidents. The toll was four persons killed, 23 injured, and estimated property damage of \$46,425.

With the starting of school, Capt. Posey reminds all motorists of the state law regulating traffic in regard to school buses. The law reads as follows:

"The driver of a vehicle upon a highway outside of the limits of any incorporated city or town upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus; but may proceed

past such school bus at a speed which is prudent, not exceeding ten miles per hour, with due caution for the safety of such children."

The treaty with Britain, under which Kuwait was ruled, was signed in 1899. Kuwait became independent in June of this year.

NAMED TO COMMITTEE
Mrs. Wilmer Smith of New Home has been named to the 100-member Century Club committee of Texas A&M College to make an evaluation of the school, its program of work, scholastic standing, etc., and to help formulate plans for the direction the school will take in the coming decade.

The Texian Editor's Frontier News Flashes Department of Journalism & Graphic Arts University of Texas

(From Bellville Countryman)

Sept. 11, 1961
We learn that Capt. Von der Mevel's company of mounted men will go in to camp tomorrow, Thursday, and will start in two or three days for San Antonio. This company numbers about 100 men and will be the second company from Austin County to be offered for service.

*
The rumor that Beauregard has surrounded Washington City with three of 160,000 men, turns out to be a hoax.

*
From the Galveston News, we learn that Texas now has in service about 20,000 men. We can still see about 50,000 fighting men. We think, should stay at home, drilling in companies and battalions. They may be needed to fight invasion on the coast, invasion from Mexico, or invasion on the western and northern frontier. More men should go out of the state from the coast and central areas, or the frontier counties. The Governor of Georgia has at some time positively refused to let any companies leave the southern states, especially those near the coast and near Florida—at least those with arms. If they go,

it is against his wish and proclamation and the sentiment of the State. This is a wise policy and we will do well to imitate it. There are good reasons for it, apart from those attendant on a very probable system of hostile landings on our coast, as soon as yellow fever season is over. A word to the wise.

*
Capt. J. B. McCown's company, the "Jackson Cavalry," left today, the 12th, for San Antonio to join General Sibley's brigade.

Grassland church sets program on missions

A special home missions program is scheduled for tonight at the Grassland Church of the Nazarene, of which the Rev. R. B. Fitzgerald is pastor. The program will begin at 7:30 o'clock.

Speakers will include the Rev. R. W. Hurn, district superintendent of the Abilene District, and two home mission pastors, the Rev. Bill Duke of Lubbock and the Rev. E. D. Freeborn of Haltom City.

The number of blasts that come from auto horns in a traffic jam is equal to the sum of the squares on the wheels.

Dusty Kemper, phone executive, dies Tuesday

News was received here Tuesday of the death of J. L. (Dusty) Kemper, 42, Western Division manager of the General Telephone Co. of the Southwest, at 10:15 a. m. that day in St. Mary's hospital in Rochester, Minn.

Funeral services will be conducted at 10 a. m. Friday morning in the First Presbyterian church at Brownfield. He had undergone major surgery twice since going to the Mayo Clinic about eight weeks ago. He first underwent major surgery nine months to the day of his death. During the nine months his weight dropped from 175 pounds to 90.

He returned to work at his office in Brownfield after the first operation but was given a leave of absence to recuperate after his health failed to improve. Born in Cass County, N. M., Kemper attended Eastern New Mexico State College. He started to work for General Telephone in 1939 as a truck driver. Then he was promoted to a lineman and cable splicer helper.

He entered the Navy during World War II, serving in the Seabees and spent three years of his 3 1/2 year service overseas on the Marianna Islands, being discharged in October, 1945, in the rank of petty officer. Kemper returned to General Telephone employ as a lineman on a construction crew in 1945 and the following year became construction foreman. In 1948 he was promoted to construction supervisor. He served as northern division plant supervisor from 1949 to 1953 when he was promoted to Western Division manager.

A member of the Brownfield Rotary club, Kemper served as president of the Brownfield Chamber of Commerce in 1957. He was a director of the Terry County United Fund drive in 1955-57 and served as vice president of the Texas Pioneer Telephone Association. He was a director of the Brownfield Lodge 903 and also director of Brownfield Country Club. He was a deacon in the First Presbyterian Church in Brownfield. Survivors include his wife, Merle, and two sons, Warren, 10, and Robert, 9.

Kemper was well known here having conducted many negotiations with the city on utility contracts for his company and also taking part in the planning and construction of the new dial telephone system and building.

A son was born to Mr. and Mrs. R. L. Simpson in the Garza Memorial Hospital, Sept. 19. Lynn Aaron weighed seven pounds eight one-half ounces.

Mr. and Mrs. Dudley Brown are the parents of a baby girl, Tyla Jill, born Oct. 3 at Garza Memorial Hospital. She weighed 6 lbs., 4 oz.

Mr. and Mrs. Tommy Young announce the birth of a son born Oct. 4 at Garza Memorial Hospital. The baby weighed 7 lbs., 10 oz., and has been named Ronnie Jay.

Mr. and Mrs. Aubrey Williams, Sr., are the parents of a girl, Lisabeth Lynne, born Oct. 3 at Garza Memorial Hospital.

Clarence S. Ivie is recruited by Army

Clarence S. Ivie, son of Mr. and Mrs. Sherman C. Ivie, formerly of Post, was enlisted in the Regular Army Oct. 3 at the Amarillo main station from the Lubbock recruiting office.

Pvt. Ivie, a former student at Post High School, will receive basic training at Fort Carson, Colo., and will then be reassigned to an Army airborne unit for training, according to Sgt. George Moore, local Army recruiter.

Rotary conclave report given

Dr. Emil Prohl of Tahoka gave a report of the 1961 Rotary International convention in Tokio this summer to the Post Rotary club and the Post Woman's Culture Club at a joint luncheon meeting in City Hall Tuesday.

Following the address to the two clubs, Dr. Prohl showed pictures of his two weeks in Japan to members of the Culture Club.

He reported there were 23,000 in attendance making it the largest Rotary convention ever held and the largest convention ever held in Asia.

The Rotary convention was addressed by both the Japanese emperor and the Japanese prime minister.

The delegates were told Dr. Prohl reported, by a leading Japanese industrialist that "our task is to introduce democracy into Japan."

Another speaker appealed to Rotarians of every country to stand against the world onslaught of Communist aggression.

Dr. Prohl said everywhere he went in Japan he was impressed with the Japanese desire for peace, which was also the main theme of the message from the Japanese emperor.

Two building permits issued during week

City building permits this week went to Horace Henley and Walter Duckworth.

Henley received a permit for construction of a three-bedroom home at 706 Chantilly Lane, at an estimated cost of \$12,000.

Duckworth was issued a permit for construction of a 10 by 20-foot cement-block tool shed, costing \$470, at 713 West Main.

Two pay city court fines for fighting

Two men paid fines in city police court Monday for fighting. City Judge Percy Printz fined James E. Thomas \$15 and James T. Arrington \$10 on the fighting charges.

The only other case disposed of in the last few days was that of H. L. Pennie, who was fined \$5 after pleading guilty to being drunk.

Guilty plea entered on check charge here

W. E. York pleaded guilty in county court Sept. 26 to a charge of defrauding by worthless check and paid fine and costs of \$36.45.

Two others, charged Oct. 3, with defrauding by worthless check in county court, are Edna Seals and P. E. Garza.

Charges against driver should be lesson for all

Now that the state highway patrol is stationed in this area, it behooves drivers to observe all the highway traffic laws—including having valid driver's licenses, carrying behind other cars or to approaching vehicles, not throwing glass and waste on highways, etc., as well as observing speed limits.

A Dispatch reader noting the Justice of the Peace charges and fines will note that charges are made for a large variety of infractions each week.

If the driving public will note such charges they will gain a lesson at the expense of others and make area highways safer, officials point out.

Charges, fines and costs if paid, and date of charge in Justice of the Peace D. C. Roberts court for the last seven days include:

Belon Harold Moran, speeding, Oct. 3. John Veach, drunk in a public place, Oct. 2. Will McBroom, drunk in a public place, Oct. 1. Linda Kay Montgomery, speeding, Oct. 1. J. E. Langford, speeding, Oct. 1, \$16.50.

Cecil Edward Huffman, illegally parking on roadway, Sept. 30. Billy Leroy Shumard, violating of driving restriction to wear glasses, Sept. 29. K. M. Callaway, loud and excessive muffler, Oct. 3, \$16.50.

Charlene Martinez, no driver's license, Oct. 3. Jacobo F. Rodriguez, no inspection sticker, Oct. 1, \$16.50. A. D. Dillon, failure to dim headlights while following another car, \$16.50.

Charles Huffman, speeding, Sept. 28. O. L. Wortham, failure to drive in a single lane, Sept. 28, \$34.70. A. D. Halford, truck over gross weight, Sept. 23, \$40.50.

E. H. Davis, fictitious license plates, Sept. 27, \$29.50, and no driver's license, Sept. 27, \$24.50. Florencio Garza, leaving glass on highway, Sept. 26, \$20.70.

Fashion and 4-H Are Winning Combination

WHETHER it's back to school or back to work, a last minute search for clothes will not hamper 4-H girls who have just completed their 1961 dress revue project. They'll be attired in clothes of their own making. Three lovely examples of what the modern girl can do with fabric, pattern, needle and thread are pictured here in prize-winning ensembles. They have counterparts in every state.

Patricia Clickener

All set to cheer the home team on to victory is Patricia Clickener who showed off her colorful sports outfit at the Illinois state fair. Ready for the first chilly fall day is Marovene Byrd, one of the successful North Carolina contestants in the state 4-H dress revue. She made both the coat and dress. The white chiffon dance frock worn by Georgia Co-dance, Claudia Stemberge, is doubly enchant-

ing when she dons the gold satin evening coat she is carrying. Dress revue entrants are judged on personality, poise and grooming as well as sewing skills. Results achieved by this pretty trio are not uncommon among the more advanced 4-H members. Beginners learn to sew from the age of 10, and they are likely to exhibit aprons, shirred skirts or simple blouses at local revues. Joy of accomplishment seems reward enough, but there are some extra special rewards and recognition for the most outstanding girls. These are pro-

vided by the Simplicity Pattern Company of New York, which has sponsored the 4-H dress revue program for 15 years. A gay anniversary fashion event will be held during the National 4-H Club Congress in Chicago the last week in November, when 4-H'ers from all 50 states and Puerto Rico will model their best costumes.

The national dress revue is an undertaking involving the Cooperative Extension Service, National 4-H Service Committee and Simplicity. More than 1800 delegates and leaders will be in the audience.

Chapter selects Jo Don Cash as Valentine queen

The Xi Delta Rho Chapter of Beta Sigma Phi met for their regular meeting Monday in the home of Mrs. George Pierce.

Jean Bingham, president, presided over the meeting.

The program, given by Maxine Durrett, was on "Taste and Smell."

During the business meeting, Jo Don Cash was selected as Valentine queen.

After the program, refreshments and a social hour were enjoyed by the following members: Jean Bingham, Sue Cornell, Maxine Durrett, Johnnie Francis, Louise Simpson, and Rowena Pierce.

The next meeting will be held Oct. 16, with Jean Bingham as hostess. The program will be given by Dr. James R. Matthews.

Recent bride is shower honoree at Reddy Room

Mrs. Marshall Ticer, the former Janette Hutto, was honored at a shower recently at the Reddy Room of the Southwestern Public Service Co.

The shower was held last Friday afternoon from 4:30 until 6 o'clock.

Hostesses were: Mmes Walter Clark, Marshall Reno, Ralph Welch, J. E. Parker, B. E. Young, A. M. Lucas, J. L. Ballentine, O. G. Hamilton and R. T. Smith.

In the receiving line were Mrs. B. E. Young, the honoree, her mother, Mrs. M. H. Hutto, and her husband's mother, Mrs. L. O. Ticer.

The serving table was laid with a cutwork linen cloth, with a center piece of fall decorations.

Beverly Young presided at the serving table, assisted by Jo Ann Chilcoat, Jan Herring and Marsha Smith.

About forty guests were registered.

White Bible service is held for recent bride

A White Bible service was held for Billie Ruth Lowe at the Calvary Baptist Church at the Sunday evening service.

The service was presented by the girls of the YWA of the church, who were dressed in white and carried lighted candles.

The pastor presented the Bible to Billie Ruth and spoke to her about starting married life in the church.

Those participating were Mrs. J. M. Putman, YWA counselor, Linda Rogers, president, Ann Long Margie Harrison, Yvonne Corley, Estelle Nowell, and Diana Bias.

Margie Harrison sang "God Give Us Christian Homes" to conclude the service.

Herrings and Duncans hosts at block party

Rev. and Mrs. Ed Herring and Mr. and Mrs. L. W. Duncan were hosts for a block party last Thursday evening at 6 o'clock.

Back yards of both couples were used to serve a covered dish supper to Mr. and Mrs. Carl Webb, Mr. and Mrs. Charles Benson, Mr. and Mrs. Floyd Duncan, Mr. and Mrs. Mike Mitchell, Mr. and Mrs. Charles Luttrell and the Herrings and Duncans.

After the supper, a hayride was held.

MU ALPHANS HELP DISASTER VICTIMS

Mu Alpha Chapter of Beta Sigma Phi has sent a huge shipment of clothing, bedding and other supplies to victims of Hurricane Carla. Shown here sitting atop one of the more than three truckloads shipped are Mrs. Rex King (left) and Mrs. Gerald Loyd, who headed the relief campaign here. Biggest donor to the local campaign was Postex Cotton Mills, which gave 800 sheets.—(Staff Photo.)

Hostesses were Bess Thompson and Nora Stevens.

Mrs. Hub Haire, president, gave the worship. The theme was on "Stewardship".

Mrs. Byron Haynie was the program leader, assisted by Mrs. Lee W. Davis. The program was on "Paraguay".

Following the program there was a panel discussion with Mrs. F. C. Barker, Bess Thompson, Mrs. Jack A. Burress and Mrs. Willard Kirkpatrick participating.

Refreshments were served to Mmes. Lew Baker, F. C. Barker, F. I. Bailey, Jack Burress, Lee Davis, Lee W. Davis Jr., W. E. Dent, Byron Haynie, Lucy King, Willard Kirkpatrick, Ben Owen, Ida Robinson, K. Stoker, Will Wright and the hostesses.

Church and SS officer changes are effected

Rev. J. R. Brincefield, pastor of the Assembly of God Church, has announced some changes made at the Oct. 1 meeting of the official board of officers of the Sunday School and Church.

Mrs. Doris I. Turner will replace Billy Joe Idell as Sunday School secretary-treasurer; Mrs. Bobby Blacklock will replace Marvin Idell as church secretary-treasurer, and Mrs. Lanell Olive Hill will replace Doris I. Turner as beginner teacher.

October's child is fortunate with his birthstone—the opal. It's probably the only gem known to history for which a man gave up his country. Nonius, a Roman senator, chose exile rather than to give his beautiful opal to Mark Anthony.

The name opal comes from *Upala*, which means precious stone. The precious opal is iridescent; the common opal has a milky appearance; the black opal combines iridescence with a deep-black background.

The second, less expensive birthstone, recognized for October, is the Tourmaline. Because of its abundance this harlequin gem of many colors comes within the price range of the average person. There is also a Tourmaline cat's eye, used most effectively for men's rings.

Maxine's invites you to see their selection of synthetic as well as precious birthstones. Prices begin at a dollar.

School problems topic at Amity Study Club meet

The Amity Study Club met recently for its first regular meeting of the year in the home of Mrs. W. C. Caffey Jr., with Mrs. Billy Carlisle as co-hostess.

Mrs. Malcolm Bull presented Mrs. Vernard Alexander with an Amity Sunshine Basket. This is to be presented to each member throughout the year and consists of each member contributing some item to be placed in the basket.

There were speeches by Sterling M. McMurrin of the U. S. Commission on Education from Washington, D. C., and J. W. Edgar of the Texas State Board of Education, after which there was discussion of school problems at a local level.

Following the program, an old-fashioned spelling bee was held.

Members present were: Mmes. Ronald Babb, Malcolm Bull, W. C. Bush, Thelma Clark, Leo Cobb, Bob Collier, Conrad Hartel, George Miller, Wilma Olson, V. L. Peel, Irvin Scarbrough, Powell Shybles, Russell Wilks Jr., and the hostesses.

The next meeting of the club will be Oct. 10 with Mrs. Thurman Francis and Mrs. V. H. Peel as hostesses.

Debbie Markham is named troop president

Debbie Markham was elected president of Girl Scout Troop No. 224 Tuesday afternoon.

Other officers elected for the troop are Judy Holman, vice president; Brenda Palmer, secretary-treasurer; and Barbara Newbold, recorder.

Cakes and candy were served as refreshments at the conclusion of the troop meeting.

Mrs. Walter Didway honoree at layette shower Thursday

The home of Mr. and Mrs. Floyd Hodges, northeast of Post, was the scene of a layette shower honoring Mrs. Walter Didway last Thursday evening from 7:30 until 9:30 o'clock.

The hostesses were: Mmes. Inez Huntley, Ruth Martin, Dale Nichols, Virginia Huddleston, Jackie Wisley, Edna Blodgett, Sandra

Tilman and Ila Mae Hodges. The serving table was covered with a white lace table cloth over pink satin. The centerpiece consisted of a miniature doll in a cradle surrounded by pink rosebuds, and a tiny stork over an antique mirror, which was accented by two large pink candles in crystal candle holders.

Pink punch, white cookies with pink cream centers, nuts and mints were served. Miniature storks were plate favors.

The honoree's corsage consisted of tiny pink, blue and white baby socks shaped into rosettes and accented by tiny white flowers.

Gifts were displayed in the guest bedroom.

Forty guests were registered in the registry book, placed beside the miniature baby-tree. The men enjoyed games of "42" and were served cookies, coffee and cold drinks.

VISITS PARENTS

Mrs. A. A. Porter and son of Big Spring spent the weekend in the home of her parents, Mr. and Mrs. J. T. Peddy.

Newly founded Music Club in first regular meeting

The newly founded Music Club held its first regular meeting last Thursday at the home of Tom Power with Mrs. J. A. Kings as co-hostess.

Mr. Kay Kirkpatrick, president, added at the business meeting, Jim Jackson was elected secretary. Praise was given Mrs. Ed on ways for the fine job she did on yearbook. Mrs. Kirkpatrick announced that the 2nd District Texas District Music Club Convention, which the local organization is member, will be held in Lubbock 1961 at the Parkway Manor Hotel. She urged all members to attend.

In keeping with the course of "Talking of Music", Mrs. Meisch, program leader, presented the program on "Music and Time".

The club chorus sang selections from Rodgers and Hammerstein under the direction of Mrs. Tom Power, accompanied by Mrs. Boo Power.

Members of the chorus are: Mrs. Ronald Joe Babb, Bill Bennett, Garland Huddleston, A. J. Winer, John May, Bob Meisch, Sawyer, Mack Terry, Warren Gray and Maxine Durrett.

Mr. Olson presented a piano recital of selections from the Broadway hit, "Carnival"; "Love and the World Go Round" and "Face". From "Camelot" she sang, "If Ever I Should Leave" and "Follow".

Mrs. Huddleston presented two numbers from Rodgers and Hammerstein: "We Kissed in the Snow" and "You'll Never Walk Alone". Patricia Williams, obstetrician, Tom Power directed the

club membership in singing the September "Hymn of the Month" which was "Faith of Our Fathers". Refreshments were served to the following members:

Mmes. Huddleston, Babb, Meisch, Bennett, Oliver McMahon, H. J. Dietrich, Kirkpatrick, Stallings, T. L. Jones, Lillian Tizard, Ray N. Smith, Sawyers, May, Olson, Yancey, Power and Maxine Durrett.

The next meeting will be Oct. 26 with Mrs. Morris Neff and Mrs. Jim Jackson as hostesses. Maxine Durrett will give a book review.

European farm market at stake

A market worth more than a billion dollars to American farmers is being bargained over by a group of serious-minded men gathered around a conference table in Brussels, Belgium.

Brussels, Belgium, seems like a rather far-away place for anything going on there to mean so much to the farmers of Garza County and the rest of America, but as far as the impact of the outcome is concerned, Brussels, Belgium, might well be just around the corner.

At the meeting, United States negotiators are on one side, and representatives of six nations in Western Europe are on the other. The negotiations involve tariff walls which the six nations, known as the European Economic Community, have proposed against agricultural products from other nations. Their aim is to stimulate domestic production with price supports while holding down imports with a variety of levies and duties.

The importance of this market to the American farmer is illustrated by the fact that Common Market countries bought nearly one-fourth of the \$4.8 billion worth of U. S. farm products sold to overseas customers last year. The seriousness of the Brussels negotiations is pointed up by Secretary of Agriculture Orville Freeman's presence to present the case for American farmers.

An authority on foreign sales of U. S. farm commodities, Mr. Walter Klein, president of Bunge Corporation, a leading exporter of U. S. farm products, has estimated that if the proposals being considered are adopted we could lose \$250 million of our present sales to Western Europe.

Just back from a tour of Europe, Mr. Klein offered a crop-by-crop appraisal of proposals now

under consideration in Brussels. The Dispatch is condensing the list to include only the crops of chief importance to this area.

FEED GRAINS: The outlook is particularly bad. We sold these countries 181 million bushels in 1960. A proposed variable import levy appears certain to be instituted and, if so, our exports could be cut in half.

WHEAT: It appears that, for a good number of years at least, the Common Market nations will still have to import a fair quantity of hard wheat. We may lose a certain part of this market, which bought 749,000 tons of U. S. wheat in 1960—about 25 per cent of our dollar sales of wheat. As with feed grains, imports will be controlled by a variable import levy.

COTTON: No proposals being considered. But in 1960, Common Market countries bought \$313 million out of total cotton exports of \$980 million.

LIVESTOCK PRODUCTS: Domestic production to be protected by a fixed import tariff, and a combination of variable import levies. Most serious threat is to poultry exports. EEC nations bought \$25 million out of our total poultry exports of \$57 million in 1960. The effects of EEC proposals on these sales are hard to judge, depending on price levels eventually adopted and the relation between these prices and feed grain prices, but the proposals provide in the ground rules for a reduction of imports.

It isn't something it'd do us much good to write our Congressmen about. We'll just have to hope that the Secretary of Agriculture and other fellows who are in Brussels to present the case for American farmers do a good job of it.—CD.

Why not a Post 'Maid of Cotton'?

With prospects bright for one of the best Garza County cotton crops in history, this would be a good year for Post to sponsor an entry in the 1962 Maid of Cotton Contest.

It has been several years since Post and Garza County sponsored an entry in the contest and one of our readers, who has been here much longer than we have, tells us that we had a district winner one year.

There are any number of eligible Post and Garza County misses who not only meet all the eligibility requirements of the contest, but who, we feel sure, would stand a good chance of going all the way in the nation-wide contest to select Maid of Cotton.

To be eligible to enter the Maid of Cotton contest, a girl must be a native of a cotton-producing state and must never have been married. She must be between 19 and 25 years old, and at least five feet, five inches tall.

Twenty finalists, one from each of the cotton-producing states, will be selected for the contest finals in Memphis, Tenn., Dec. 28-29. The winner, in addition to being named Maid of Cotton, will travel coast to coast in the United States and Canada. Next summer she'll fly via Pan American World Airways to Europe for visits to leading fashion centers.

Sponsoring a Post entry in the contest would be a good project for some local civic or service organization to get behind, and there is no doubt but what the sponsoring organization would get lots of help from other groups.

Official entry blanks may be obtained by writing to the National Cotton Council, P. O. Box 9905, Memphis 12, Tenn. Blanks, more than likely, will be available at The Dispatch office in the near future.

Let's give it a thought—a BIG thought, at that.—CD

Concern for others not yet lost

Although comparatively far removed from the disaster area caused by Hurricane Carla, residents of Post and Garza County responded nobly to the appeal for emergency relief funds, clothing, bedding, etc., for victims of the hurricane, many of whom lost their homes and all that they owned.

The response, locally and elsewhere, stands out as one of the bright spots in the grim picture of destruction and hardship left in the wake of the powerful storm which raked the coasts of Texas and Louisiana.

The generosity evoked by the disaster is not unusual. Concern for those who are the victims of forces beyond their control continues to be one of the most admirable characteristics of the American people. It has been manifested over and over again throughout the country's

history and has become firmly established as part of the American tradition. But it always is inspiring and reassuring because it demonstrates that, even in today's hardboiled world, concern for the welfare of others and compassion for human suffering have not been lost.

Particularly heartwarming has been the response to the Hurricane Carla disaster from outside Texas. The \$25,000 raised by the people of West Berlin and the \$625 gift of the small Tennessee town of Lebanon, which feels a close affinity for Texas because it was the home of Gen. Sam Houston, stand out as striking examples, and they will be long remembered by all Texans whether they suffered loss in the storm or not. The gifts are tangible evidence of both friendship and sympathy and show that human bonds recognize no political boundaries.—CD.

Important poll tax due again

With the advent of October, it's tax-paying time again.

Over in the office of Garza County Tax Assessor-Collector T. H. Tipton, they also began accepting poll tax payments—on Monday, Oct. 2, since Oct. 1 fell on Sunday.

Looking at it one way, the payment of your poll tax is just as important as the payment of your property taxes. One difference is that if you don't pay your poll tax before Feb. 1, 1962, it will not be declared delinquent, as will be the case if you fail to pay your property taxes by that time.

But, failure to pay your \$1.75 poll tax before the deadline will lose you the right to vote in the

1962 elections, and those elections will be important ones, since it will be an "on" election year, as distinguished from an "off" election year, such as was 1961. Texans in 1962 will vote for a governor, as well as for a number of other state offices, and for one-half the county offices.

Taxpayers are also reminded that in addition to paying their poll tax, they will have the opportunity of taking advantage of 3, 2 and 1 per cent discounts by paying their taxes before January—a 3 per cent discount in October, 2 per cent in November and 1 per cent in December.

But, getting back to the poll tax and since it's still with us as a prerequisite for voting, let's be sure to pay it so we can have our ballot box "say" in the 1962 elections.—CD

What our contemporaries are saying

A proud Haskell grandfather was overheard asking a friend: "Have I told you about my grandchildren?" The friend replied, "No, and I want you to know I appreciate it."—Alonso Pate in The Haskell Free Press.

Weather forecaster Don Sides at Bovina says the first frost is due the middle of October, but I'll stay with my local "first frost man," Pryor Hammons, and declare first frost Oct. 24 and first killing freeze Nov. 2.—Wendell Tooley in Lamb County Leader.

Dove hunters find a lot of quail in September that are not there when they go back in

the open season in December and January, which makes one speculate on where they might have gone. Even after allowing for some trapping, that most likely goes on to an extent, the disparity in numbers between September and December leads to the conclusion that the death rate among quail from other causes must be high. If the natural enemies, or the weather or epidemics take such a high toll, the conclusion is logical that the open season should be changed, so as to let the hunter slay and consume the birds instead of losing them to the elements or varmints.—The Floyd County Hesperian.

THURSDAY to THURSDAY

By CHARLES DIDWAY

THE TIME schedule and the comings and goings of The Post Dispatch's corps of young paper salesmen easily justifies nearly full-time attention, but The Dispatch has been able to get by fairly well on part-time supervision. The only thing that really "throws us" is when one of the young salesmen fails to show up and either forgets or neglects to tell us why. When that happens, his papers — with his name on them — are left at the office with no one to pick them up.

During the more than eight years that I have been editor of The Dispatch, I've seen dozens of Dispatch salesmen come and go. Most of the boys who were selling papers when I came here early in 1953 are grown men now. Those first paper boys with whom I became acquainted included two of the younger Hays boys, the Bullard boys, George Mindieta, Oliver McDougle, and a number of others whose names I cannot at the moment recall.

DOWN THROUGH the years, these paper salesmen have shown up shortly after noon during the summers, wanting to know, "Can I get my papers now?" and during the nine months school was on, getting here as soon as they could after being dismissed, picking up their papers and taking off.

From point of service, the two "veterans" of the present salesman corps are Charles Landtroop and Jimmy Johnston, who takes out 120 papers every week and sells all of them over a well-established route. Other regular salesmen include Floyd Moreau, Michael Horton, Gene Nowell, Si Usery, and — until a couple of weeks ago — Michael Petty.

THEY'VE COME and they've gone — these paper salesmen. But they're a group The Dispatch would find it hard to get along without.

My friend up the street says the biggest danger we have now is that everyone is sitting around waiting for the other fellow to do something.

DON'T PAY TOO much attention to all the malarkey you read and hear nowadays about the American youngster not being rugged enough. Noel Clemons, principal of the Post Primary School, tells of two first grade boys who engaged in a scuffle during recess the other day. One of the boys came up with a "baby" tooth knocked out and both boys had bruised lips. Eloise Gordon, school nurse, took the boys to their room after administering to their injuries. As the nurse turned to leave, she noticed big tears running down the cheeks of one of the youngsters. "What's the matter, does your lip still hurt?" the nurse asked. "No, ma'am," replied the boy. "My eyeballs are just leaking."

Some people should get medals for the things they think of. While the wife and I were visiting a neighbor, I got to prowling around and noticed a small gong near the telephone. When I inquired as to its purpose, the woman of the house told me: "When people phone me and talk too long I just sound the gong and say, 'Excuse me, there's that bell. I'd better go.'"

ONE OF MY friends, who sometimes—but not always—exaggerates things, tells me that this year he paid so much money in income taxes, they had to send a man to pick it up. He didn't have four cents left to mail it.

Here at The Dispatch office, we generally are affable and anxious to accommodate subscribers. However, letters such as the following sometimes leave us a bit irate:

"Dear Sir: Last year you printed an article—at least, I think it was in your paper—which interested me very much. I have forgotten exactly what it was about and have lost some notes I made on the subject. Will you send me another copy of your paper in which this article appeared?"

OUT AT THE Floyd H. Hodges home last Thursday night at a layette shower for my No. 1 daughter-in-law, I was re-introduced to the grand old domino game of "42," which I hadn't played since leaving Oklahoma not long after my No. 1 son and daughter-in-law were born.

Besides having one of the finest farm homes in this area, the Hodges proved excellent hosts, and there were enough men present for three tables of "42," which is something unusual for a shower given by the ladies—bless 'em. The only thing marring an otherwise perfect evening for me was the fact that my partner, Jim Graves, and I lost three out of five to Mutt Graves and Hugh Martin, after setting off to a fast start. I don't know if it was my rusty playing or the fact that Jim got to talking to Avery Moore about the cotton crop outlook that got us beat, but, being big-headed, I'll blame it on my

7 Post students at growing LCC

Seven students from Post are among the student body of approximately 450 that enrolled for the fall semester at Lubbock Christian College, according to E. R. Higgins, director of admissions, LCC. Higgins said that the enrollment boom seemed to show the confidence that the people in this area have in LCC, and that the full accreditation last spring by the Texas Association of Colleges was certain to have influenced the student increase.

LCC's student population shows a varied and wide-ranged background. Of the total 426 students, 70 are from Lubbock, 315 from Texas, and the remainder represent 5 foreign countries, 13 states, and 174 different towns and cities.

Freshmen dominate the registration rolls with 271 students over the sophomore class of 136. There are 213 freshmen men and women living on campus, 58 off; 97 sophomore men and women living on campus, 39 off; 16 part-time students; and one auditor.

"We are most grateful for the solid acceptance by our clientele that this record enrollment increase indicates," Dr. F. W. Mattox, president, stated. "It also points up our responsibility to provide facilities for growing enrollments," he added.

The number of students at the junior college has increased each year since 1957, when the school began in converted Army barracks with 110 students, 13 full-time employees, and two secretaries. One year later the enrollment more than doubled, with 272 freshmen and sophomores attending classes. The third year brought 354 students and last year 383 attended. This year the college staff members total 72 full-time employees.

YOUR JUNIOR FIRE MARSHAL SAYS: IT'S FIRE PREVENTION WEEK... all year long!

HALF OF THE NATION'S 11,000 FIRE DEATHS EACH YEAR OCCUR IN HOMES. YOU CAN HELP MAKE YOUR FAMILY SAFER FROM FIRE IF YOU WILL TAKE A TIP FROM THE NATION'S JUNIOR FIRE MARSHALS. HAVE A HOME FIRE DRILL!

CALL A FAMILY MEETING AND PLAN TWO ESCAPE ROUTES FOR EACH ROOM IN YOUR HOME.

PRACTICE FIRE DRILL UNTIL EACH MEMBER OF THE FAMILY KNOWS WHAT TO DO IF FIRE STRIKES!

YOUR FIRE DEPARTMENT WILL BE GLAD TO ANSWER QUESTIONS. WHEN IN DOUBT, SEEK PROFESSIONAL HELP.

Alert to parents Those Junior fire Marshals coming

Warning to parents: if you don't want Junior beating you to the punch, check your home for fire hazards before Oct. 8.

That's the first day of Fire Prevention Week, when third, fourth and fifth graders in 15,000 schools here and across the nation will solemnly prowling their homes, check lists in hand, spotting fire safety flaws.

It can be momentarily embarrassing to have an earnest eight-year-old point out the frayed electric cord you've been meaning to fix and the stacks of old newspapers you'd planned to clear out of the attic. But that's what happens every year when some 4,000,000 youngsters become Junior Fire Marshals in a program sponsored nationally by the Hartford Fire Insurance Company and locally by Post Insurance Agency in cooperation with local schools and the fire department.

There's no denying the value of the 14-year-old Junior Fire Marshal program in cutting risks of fires that annually destroy 11,000 lives (almost 40 per cent of them children) and a billion dollars' worth of property.

According to the International Association of Fire Chiefs, more and more towns across the country report notable reduction in losses as a result of home inspection for fire hazards.

You'll be drafted to make the rounds with Junior, anyway, when he comes home wearing his JFM badge and eager to earn his Certificate of Merit by completing the official home inspection report.

So why not check beforehand for the hazards outlined in the following check list your child will be getting from school with the fall issue of his Junior Fire Marshal magazine?

- Keep matches in a safe place, out of reach of small children.
- Rid your home of old newspapers.
- Store paints in sealed containers away from furnace.
- Periodically check heating and cooking equipment.
- Dispose of ashes promptly; do not store near combustible material.
- Keep flammable liquids in tightly closed, approved metal containers.
- Burn trash only in approved incinerator.
- Dispose of oily rags and mops.
- Replace frayed electric cords.
- Keep portable heaters away from drapes and curtains.

Use metal screens before fireplace.

Use proper fuses in electric fuse box.

Never smoke in bed.

Make sure cigarettes and matches are O-U-T when you are through with them.

Know the location of nearest fire-alarm box; learn how to call the fire department.

The Junior Fire Marshal program teaches youngsters proper respect for death and destruction. "But," says Harold Lucas of Post Insurance Agency, "safety checks alone do not guarantee you against fire. They just reduce the probabilities. To be really sure, adults must maintain a year-round check against carelessness. Carelessness, plus latent hazards, breed fire."

"Show business!"

It's glamorous even when one's connection is only that of publicity-man—the job I had with the original Fort Worth Casa Manana for three of its four seasons.

I am what you might call a visionary; certainly I make no claim to be a promoter, a salesman, a go-getter when it comes to business. So that is the reason I take pride in this little incident.

In 1939 (the final season of the old Casa Manana) the two producers were high-powered individuals from New York and Hollywood. As a trouble-shooter, they engaged a very resourceful chap, whom we will call Joe. They needed a car for the summer and so they asked Joe to see what kind of deal he could come up with, the idea being to buy the auto but trade it back for as much cash as possible around Sept. 15.

One day I ran into a friend whom I had known when we both lived in Eastland some dozen years before. He was now an authorized dealer for a medium-priced car in Fort Worth. He said, "Boyce, you and I are friends. Why don't you use your influence to get the management of Casa Manana to use one of my makes as the official car?"

"What kind of deal would you offer?" I asked.

"I'll furnish the car free; all that the producers will have to do is to put a banner on the side that our make is the official car of the show; then when the season is over, they just return the automobile to me."

I replied, "Because of our long friendship, I'll try to persuade them to do it."

So I strolled into the office and asked Lou Wolfson and Lou Epstein if they had made a deal and when they said they hadn't, I remarked, in a casual tone, "I can get you a dandy."

"How much?"

"You pay for a banner to go on it."

They yelled for Joe and said, "You're supposed to be a stem-winder but you haven't been able to buy a car and Boyce has got us a car for nothing!"

(I never did tell them how the deal was just tossed into my lap.)

Phone company assigns acting divisional head

Robert B. Shirey has assumed a temporary assignment as acting division manager for the western division of General Telephone Company of the Southwest, it was announced this week by G. H. Briggs, operating vice president.

Shirey temporarily replaces J. L. "Dusty" Kemper, who is recuperating from a long illness at Saint Mary's Hospital, Rochester, Minn. The new manager comes to Brownfield from General's San Angelo office where he had been manager of revenue development since 1958.

After joining General in 1950 as an engineering trainee, Shirey subsequently served in the engineering department, then as district commercial manager in the Company's eastern division, and as a revenue development representative.

A graduate of the University of Texas, where he received a B. S. degree in electrical engineering, Shirey also attended Arlington State College. He served as a fighter pilot in the United States Air Force during World War II, and is now a licensed commercial pilot.

The new division manager is a former Jaycee and is president of the General Amateur Radio Club in San Angelo. He is also a licensed professional engineer.

Shirey is married and has three daughters; however, his family will not move to Brownfield since his assignment is a temporary one.

Pfc. Jerry Chancellor participates in field maneuvers in Germany

WIESBADEN, Germany — Army Pfc. Jerry D. Chancellor, 29, son of Mr. and Mrs. James W. Chancellor, 316 W. 13th St., Post, Tex., recently participated with other personnel from the 8th Infantry Division's 20th Transportation Battalion in Exercise Wind-Drift, a field training exercise in Sennalager, Germany.

During the one-week exercise which was designed to test individual and unit efficiency under simulated combat conditions, members of the division's 504th and 505th Infantry were airlifted from staging areas in France to Sennalager where they participated in a mass parachute drop. After the drop these units engaged in maneuvers against the division's 26th Infantry which acted as an aggressor force. Other units from the division provided support for the exercise which was conducted at the British All-Arms Training Center in Sennalager.

Chancellor is a light-vehicle driver in the battalion's 23rd Transportation Company, regularly located in Wiesbaden.

He entered the Army in May 1959 and arrived overseas the following December.

Ford introduces for 1962 two distinguished new series: **Galaxie & Galaxie/500**

Enduring elegance... with the power to please

With Thunderbird styling... Thunderbird power... and quality craftsmanship that sets a new industry standard... the 1962 Ford Galaxies give you every essential feature of far costlier luxury cars.

Swift as a rumor, silent as a secret, Galaxie '62 has the timeless distinction and talent for travel of the Thunderbird that inspired it.

Every quick quiet mile whispers: here is a new standard of quality. And every luxurious detail confirms it.

This is the car that introduces twice-a-year maintenance. Routine service is reduced to 50,000 miles on many items such as major lubrications, twice a year or 6,000 miles on the rest.

We suggest you see the new Galaxie and Galaxie/500 (shown above) for yourself. We are confident you will agree: it's pointless to pay more—or settle for less.

'Norm Cash Day' to be held on Oct. 20 homecoming

AL batting champion to be guest of honor

Detroit first baseman Norm Cash of Justiceburg, who hit twice in three times up Sunday to win the 1961 American League batting crown, will be honored here with a "Norm Cash Day" on Oct. 20.

Announcement of the special day for the former Post High School athlete was made Monday by A. C. Cash (no relation), who said "Norm Cash Day" will be held in conjunction with Post High School's annual homecoming event.

A. C. Cash, who is president of the Post Ex-Students' Association, said Norm's father, Bandy Cash of Justiceburg, had told him he'd received word from Norm that he and his wife will be here for the special day and homecoming activities.

Norm Cash is a graduate of Post High School, where he lettered in football, basketball and track. As a graduate, he is automatically a member of the Ex-Students' Association.

Big plans are in the making here for the honoring of Garza County's gift to major league baseball, as well as for the annual homecoming event.

Folks at Justiceburg, where Norm was born and reared, have assured members of the Ex-Students' Association that they will furnish as much beef as is needed for a noon barbecue to kick off the activities.

The free barbecue will be held at South Lake, the Ex-Students' president said.

Leading off activities following the barbecue will be a downtown parade, to be followed by the usual homecoming activities.

These activities will include the homecoming banquet, either at the junior high or high school gymnasium, the football game between Post and Tahoka, and a homecoming reception and dance.

Following a meeting Tuesday morning in the Community Room at the First National Bank, A. C. Cash announced that Vernon Scott will be in charge of the fund drive for the celebration; that Chamber of Commerce man A. G. Johnny Hopkins will be in charge of decorations, and that Mrs. C. R. Wilson will make arrangements for floats and other parade entries.

Plans were under way this week to have all members of Post's Little League baseball teams in the parade, the Ex-Students' Association president said.

Also under way are plans to have some distinguished out-of-town guest present for the special day.

"We're making plans for a really big day," A. C. Cash said, "but it is going to take the help of everyone. We're glad that we'll be able to tie such an outstanding event in with our homecoming."

Norm Cash, in addition to clinching the AL batting title in Sunay's game, also hit his 41st home run. He also finished near the top in the runs-batted-in department.

No raise in tax rate

Council OK's city budget

The city council Monday night adopted a 1961-62 budget providing for total expenditures of \$367,215.12, an increase of \$47,779.30 over actual expenditures of \$319,435.82 for 1960-61, and kept the tax rate at the same figure as last year—\$1.50 on each \$100 of assessed valuation.

The council's action on the budget came at the regular October session after the proposed budget had been presented by Auditor Harold Wines.

Total expenditures and balance as shown in the new budget are \$411,650.90 as compared with actual total expenditures and balance of \$395,826.72 for 1960-61.

The budget is based on an estimated assessed valuation of \$6,101,419, an increase of \$123,512 over the previous year's assessed valuation.

The total amount of city taxes levied for the budget is \$91,521, of which it is estimated that 95 percent will be collected within the current tax year.

The new budget shows that on July 1, 1961—the beginning of the year covered by the budget—the city's bond and time warrant indebtedness totaled \$613,000, and

that during the year covered by the budget \$42,000 will be paid on the principal and \$23,166.25 on interest.

The 1961-62 budget estimates total receipts at \$335,260 as compared with actual total receipts of \$309,925.85 during the preceding budget year.

General fund receipts in the new budget are estimated at \$119,695, an increase of some \$15,700 over actual general fund receipts for 1960-61. Total general fund expenditures are estimated at \$115,288 as compared with \$100,254.58 for the preceding year.

The increase in the amount of the budget is mainly accounted for through the purchase of new equipment, either already made and going into this year's budget, or yet to be made.

Total expenditures in the police department are anticipated as \$15,953, which is more than \$4,500 over actual expenditures of \$11,224.32 in 1960-61. The bulk of this increase is in salaries, with the addition of a deputy city marshal.

Fire department expenditures call for \$14,425 as compared with the \$9,959.61 actually spent last year.

Rites conducted Wednesday for pioneer resident

Last rites for Mrs. Lee Dodson, 81, who died Monday at the home of her daughter, Mrs. John W. Rogers, were conducted at 10 a. m. Wednesday at the First Christian Church here.

Mrs. Dodson, a native of Coryell County, has lived in Garza County since 1916. She made her home here with her daughter for the last several years.

She was born Mary Agnes Maddox Oct. 26, 1879, and was married to Lee Dodson in 1895 at Gatesville. He preceded her in death in June of 1948.

Mrs. Dodson had been a member of the Methodist Church since girlhood.

Officiating at the funeral services were Rev. Elbert Nelson, pastor of the Graham Chapel Methodist Church, and Rev. Bernard S. Ramsey, pastor of the First Christian Church.

Burial was in the Grassland Cemetery under direction of Mason Funeral Home. Pallbearers were Alvin Morris, W. C. Caffey Jr., Chester Morris, Leonard Morris, Halan Morris and Odean Cummings.

Mrs. Dodson is survived by three daughters, Mrs. Rogers, Mrs. F. (See DODSON RITES, page 8)

Manhattan will build new plant in Lubbock

The Manhattan Construction Co. has been awarded the contract to build a new \$500,000 Coca Cola Bottling Company plant in Lubbock, Ronnie Bouchier, who is in charge of the firm's office in Post, announced today.

The completely automated plant will contain 66,000 square feet of space and will be built on Avenue A off the circle.

The contract was let in Lubbock last Thursday.

Bouchier said construction will begin Monday. Roy Garrison of Post will be the construction superintendent.

Bouchier said all work on the project will be handled out of the firm's office here.

Manhattan Construction Co. this week completed the new post office building here. Previously, the firm had built the First National Bank building and the First Christian Church and parsonage.

Plat and subdivision approved by council

The city council Monday night approved, subject to final execution of the plat, a Starlite, Inc., plat and subdivision in the west part of town.

Bryan Williams, president of Starlite, Inc., submitted the plat and subdivision to the council. Containing approximately 4.113 acres, the area will be a residential development site.

It is located west of Avenue S and north of the Tahoka Highway.

Brown funeral is conducted here

Funeral services for Walter Brown, 81, who died at 10:15 a. m. Monday in Garza Memorial Hospital, were held at 2:30 p. m. Tuesday at Mason Funeral Home.

Mr. Brown was born Dec. 8, 1879, in San Saba County and moved here in 1934 from Tarrant County. He was married to Cordelia Jane Martin in 1900 in Tarrant County.

Mrs. Brown died Nov. 20, 1958. Mr. Brown, a retired farmer, had lived in the Close City community since moving to Garza County. For some time he had been at the Twin Cedars Rest Home here.

The Revs. R. E. Bratton and A. G. Gage officiated at the funeral services. Lex Roby sang "Abide With Me" and "Child of the King," accompanied by Mrs. Phil Crenshaw at the organ.

Burial was in Terrace Cemetery under direction of Mason Funeral Home. Pallbearers were Douglas Tipton, L. H. Peel, Robert Craig, Jimmy Redman, R. H. Sappington and Barney Jones.

Mr. Brown was a member of the Baptist Church. He is survived by one sister, Mrs. Ora Cribbs of Fort Worth.

By JIM CORNISH

Norman Cash, the Justiceburg and ex-Post high athlete who Sunday won the American League's 1961 batting championship, is going to have a real Norm Cash Day here Friday, Oct. 20, as you'll note in The Dispatch's banner story on this page.

A committee will get busy this weekend on raising funds for the big all-day promotion and we feel sure everyone will be eager and enthusiastic to have a share in the big day for this fine athlete.

Norm richly deserves such a "day" in recognition of his athletic achievements with the Detroit Tigers and we know his many friends and boosters in the area, will be pitching in to make the "day" an outstanding success.

We'd suggest it would be fitting to organize a Norm Cash club here in his home area that day—as all the standouts in the athletic and entertainment fields have their own fan clubs.

County Judge J. E. Parker, who also serves as Garza county's civil defense chairman, had a hard time for months trying to arouse interest in civil defense locally. His called meetings drew little response. It was discouraging. But with the Berlin crisis, the Communists firing off a bunch of dirty H-Bombs like a

Engineer's arrival awaited

Post office move is pending here

Arrival of a post office department engineer from Dallas to accept the new post office in the 200 block on West Main is all that is holding up the move into the new building and the beginning of postal operations there, Postmaster Harold Voss said yesterday.

The building was completed by the Manhattan Construction Co. last week and landscaping was finished this week.

Postmaster Voss was busy yesterday afternoon with a crew assembling the all new post office equipment in the new building when a Dispatch reporter stopped in to ask questions about the upcoming move.

Postmaster Voss had hoped to make the move to new quarters this weekend, but said yesterday it may have to wait until the following weekend.

Date for the dedication ceremonies have yet to be definitely set, but the postal operations will be moved to the new postoffice as soon as the building is accepted by the postal department, Voss indicated.

The new brick, air-conditioned building is 62 feet wide by 92 feet long and has a loading platform and paved drive area at the rear.

Postmaster Voss indicated drive-in mailing facilities at the rear of the building are planned.

"About all we have to move is our records from the present building to the new one," Voss said. All the equipment will be new.

Keys to the new post office boxes will be given out the first day the building is opened for postal business, Voss said. Box numbers already have been assigned and given old boxholders. There are 734 boxes in the lobby of the new building.

It also contains a private office just off the lobby for the postmaster. There are three restrooms in the building, both a men's and ladies' rest room in the rear, and a third restroom off the postmaster's office.

The connecting building between the post office and the First National Bank on the west corner of the block is virtually completed, Irby G. Metcalf, Jr., bank president, announced and is for lease.

It contains 5,500 square feet of floor space and is refrigerated air-conditioned as is the bank and post office.

The front will be completed to suit the tenant, Metcalf indicated. It has been boarded up for the present.

ENROLLMENT RECORD

Enrollment at Lincoln Elementary School here has reached 95 for an all-time high, according to Mrs. Zeta Pennie, principal. Eight grades are taught at the school.

Mayor is elected district officer

Mayor Powell Shytle of Post was elected as first vice president of the Caprock Region, Texas Municipal League, at the group's quarterly meeting held last Thursday night in Lubbock.

Re-elected to a third term as president was Mayor M. B. Hood of Plainview, whose mother, Mrs. A. H. Hood, lives in Post.

Others elected were Mayor R. S. Reed of Levelland, second vice president; Arloigne McCalliard of Spur, re-elected secretary, and City Commissioner W. C. O'Mara of Lubbock, elected as director of the State Municipal League from the Caprock District.

City Supt. Henry Tate of Post was on the program, reporting on refuse collection practices.

Seventeen cities were represented at the meeting.

NEW SAN ANDRES TEST

The Continental Oil Co. reported Wednesday morning it was drilling at 2,623 feet on its San Andres test, the Citizens National Bank Well No. 10, located 330 feet from north line and 2,310 feet from east line of Section 1205 in Garza county.

Bernie, son of Mr. and Mrs. Ralph Welch, is the second Texan selected for Peace Corps work in India. He will work primarily in the field of agriculture.

Bernie began a 10 weeks training program at Ohio State University on Oct. 1.

He is a graduate of Post High School, San Angelo College and Texas Tech. During the summer he has been engaged in U. S. Forestry Service in Oregon.

First new home to be shown

General Builders to hold open house here Sunday

General Builders, Post's new home-owned construction firm headed by Bill Edwards and George Booher, will hold open house on its first three-bedroom brick home Sunday afternoon from 2 to 6 p. m. in Westgate Terrace addition.

The show home is at 405 Osage street.

The new home is a Bronze Medalion home with built-in electric oven and range and meets all Bronze Medalion specifications for wiring and appliances.

The Southwestern Public Service company will provide refreshments during the Sunday afternoon open house.

The new home is a Holiday home

with three bedrooms and one and one-half baths and was completed in only five weeks construction time.

General Builders, which bought out the undeveloped portion of Westgate Terrace from Tex-Sun Homes has 24 other choice locations in Westgate Terrace and offers to build either custom Holiday homes or homes according to the buyer's plans.

The firm already has its second home in the addition—the first split-level home in Post—now under construction on Mohawk Drive in the same addition.

Both homes are for sale. General Builders' announcement of the Sunday open house will be found on page 3 of today's Dispatch.

'Scotty' Samson receives plaudits at Lubbock Fair

Hometown and area friends of George "Scotty" Samson turned out at Lubbock last Saturday afternoon to help do him honor on "Scotty Samson Day" at the Panhandle South Plains Fair.

It was a big day for Scotty as well as for members of his family and his many friends.

Assisting in the festivities were the Post High School band and a number of Panhandle South Plains Fair officials.

Samson has been the big fair's agricultural superintendent for the past 14 years and even before that had done much to promote the fair and the agriculture of the area.

He was especially lauded for his work with young people interested in agriculture.

Samson, his eyes damp with appreciation, was presented a television set by A. B. Davis, Lubbock Chamber of Commerce manager, as a token of appreciation for his outstanding work with the fair.

James L. Minor, a former mayor of Post, made the principal speech honoring Samson, who came to this country as a young immigrant from his native Scotland.

"The secret of Scotty's success," Minor said, "is his unselfish and tireless devotion to the building of a better community thinking in all phases of civic work; to the building of a better Post Chamber of Commerce and a better West Texas Chamber of Commerce; to the building of a better West Texas; to the building of character in the young boys he has helped in 4-H and FFA chapters; to the building of better seeding and farming methods for farmers throughout the area; to the building of a better Texas Tech Agriculture Department; to the building of a better South Plains Fair; to the building of 'SCOTT'S' SAMSON, page 8)

Project show is to be Saturday

The Garza County club boys' annual project show will be held Saturday at the 4-H Club building, judging scheduled to get under way soon after 1 p. m.

County 4-H Club boys and Future Farmers of America members will show approximately 30 calves, 12 pigs and four lambs.

County Agent Lewis C. Herron of the Trimble, Post High School vocational agriculture teacher, will be in charge of the show.

Many of the animals shown here will be exhibited later in the month at the State Fair of Texas in Dallas.

Elmer Cowdrey Treasure Day winner

Elmer Cowdrey of the Garza County community won \$100 in merchandise certificates Saturday afternoon at the final Treasure Day drawing of the current series.

Thom Jasey's name was drawn for the first prize of \$130, but he was not present to claim it.

TECH STUDENTS PRACTICE TEACHING
