Post youngster attends Warm Springs reunion

GONZALES—Roy D. Steele, Post, attended a reunion recently which was held for former patients of the Texas Rehabilitation Center of Gonzales Warm Springs Foundation.

Steele was among the more than 275 former patients who attended the fifth annual reunion of the TRC Former Patients Association.

The reunion, held annually at TRC, is a unique event. Former patients—some in wheel chairs, some on crutches, all having shared a common experience—travel hundreds of miles to visit once again with their friends and to share with them the things they have learned since leaving Gonzales Warm Springs Foundation.

This year people traveled from as far away as Monterrey, Mexico and Amarillo—more than 500 miles for some—to attend the unique event.

REST HOME CONTRACT

JAYTON—Contract for construction of the new Kent County rest home has been awarded by the commissioners' court to Barker Construction Co. of Quanah. The Quanah firm's bid was \$155,400, with the specification that the rest home be completed in 260 working days.

IN HOSPITAL WORK

Ronald Huddleston, son of Mr. and Mrs. J. H. Huddleston, operators of grocery stores at Grassland and Gordon, is doing pediatric work this summer in a hospital in Sacramento, Calif. He will return to Dallas next month to complete his last year of work in Southwestern Medical School.

VISITS SON

Mrs. F. M. Jenkins visited her son and family, Mr. and Mrs. F. J. Jenkins in Jal, N. M., for two weeks. Mrs. Jenkins returned home last Friday.

Pool extender is fined near city

Continental Oil Co. has completed its No. 6 L. G. Thuet as a one location southwest extension to San Andres production in the Threeway (multipay) field four miles west of Post.

Potential was pumping for eight barrels of oil per day plus 118 barrels of water from San Andres perforations, 3,474-78 and 3,484-88 feet after several acid treatments. No gravity or gas-oil ratio was reported.

The well was dug to 3,465 feet in barren Strawn as confirmation of set try in to the field's Strawn pay opener and plugged back to 3,560 feet for San Andres completion.

It spots at 1,011 feet from north and 984 feet from west lines of Survey 3, SF-8370.

Lane is appointed to Garza FHA committee

James M. Lane, Garza County farmer, has been named to the Farmers Home Administration county committee, according to Milton F. Willfong the agency's county supervisor here. The appointment is for three years beginning July 1.

The purpose of the county committee is to review applications for FHA loans. Composed of three members, the committee is set up on a rotation basis with one new member appointed each year.

Next crippled children clinic to be Sept. 14

Dr. Esther E. Snell, director of the Lubbock Cerebral Palsy Treatment Center, has announced the next clinic for Thursday, Sept. 14, according to information received by the Dispatch.

The Center was founded by the Lubbock County Society for Crippled Children and the Lubbock Rotary Club in 1948, and is located at 3502 Avenue N in quarters planned to meet the needs of the treatment program and built by community effort. Through the generosity of interested individuals and organizations, the Center offers treatment without charge to all cerebral palsied children regardless of race or creed. Cases must be referred by their local physicians for admission to the Center and must register at the Center prior to the clinic date.

Qualified physicians and dentists, donating their services, are present at all clinics to examine patients and prescribe treatment. Parents are given instruction for exercises and care, and appointments are made for future visits to the center.

TO TEACH IN PECOS

Mr. and Mrs. F. E. Shannon will move to Pecos next week where Mrs. Shannon will teach second grade in one of the elementary schools there. Mrs. Shannon taught here several years before resigning.

James M. Lane succeeds Floyd H. Hodges, Post, who has served on the committee the past three years. Other committee members are Ira Lee Duckworth and Virgil M. Stone both of Post.

Lane owns a 2,240-acre farm 15 miles northeast of Post which he has operated for the past 18 years. Main crops are cotton, maize, and livestock. Livestock production is his main operation. He has been active in agricultural and community affairs for a number of years and is well-known to many Garza County farmers and businessmen. His family includes his wife, Valma Lee.

The Farmers Home Administration extends credit accompanied by technical farm management assistance to 64 farm families in Garza and Crosby counties.

These families have used the loans to strengthen and improve their farm operations. Many have reorganized their farms and increased their volume of business. They have replaced worn-out equipment, applied heavy amounts of fertilizer on unproductive fields, and replaced grade livestock with top-quality animals. Several improved their homes and essential farm buildings. Some have installed irrigation systems to combat drought hazards and others have developed farmstead water supply systems.

RETURN FROM TRIP

Mr. and Mrs. Jim Hays returned home Saturday from a two week trip in California. While there they visited their son, James Jr., and family in Anaheim, his brother, Walter, and family in Ojai and Mrs. Hays' sister and family, the E. M. Rhodes in Earlmont. They also visited with Oscar Kelly, the first sheriff of Garza County, in Ontario.

AMARILLO VISITOR

Rory Matthews, son of Rev. and Mrs. Gene Matthews of Amarillo is here visiting Jan Olson in the W. F. Presson home.

W. J. (Dub) FARLEY

Revival meeting begins Sept. 3

The Friendship Baptist Church, northeast of Post, will begin a revival meeting Sunday, Sept. 3, with W. J. (Dub) Farley Jr., pastor of the West End Baptist Church of

Lubbock, as the evangelist. The revival will continue through Sept. 10.

"There will be good singing and dynamic preaching, presenting the Gospel as it is to men as they are," said Albert G. Gage, pastor of the Friendship Baptist Church.

Dwayne Hood, also of the West End Baptist Church and a member of "The Singing Hood Family of Lubbock," will lead the singing for the revival.

Safety officer paints grim accident picture

Of all the causes of accidental death, traffic accidents are far out in front as Killer No. 1, C. A. Dempsey, safety officer for the Texas Department of Public Safety, pointed out this week on a visit to Post.

In Garza County rural accidents alone last year, this killer took two lives, injured 29 and caused an economic loss of \$27,389, Dempsey said.

Also, during the year, it cost the State of Texas 2,254 lives, 127,980 injured and an economic loss of \$350,022,500. And, according to the National Safety Council, it cost the nation 38,200 lives, 1,400,000 injured and an economic loss of \$6.4 billion. "The horizon ahead," said the safety officer, "has greater po-

ATTEND MEETINGS

Emmarhe I. Hartel, manager of the county office of the Agricultural Stabilization and Conservation Service, and Mrs. Gwen Carlisle were in Lubbock one day last week to attend a meeting on feed grain payments. Mrs. Hartel and Mrs. Russell Wilks Jr. also attended a meeting on the loans program.

ROBY IN MEETING

Lex Roby, music director at the First Baptist Church here, is leading the singing at an eight-day revival now under way at the First Baptist Church in Tahoka. The Rev. William B. Williams, pastor of the Temple Baptist Church in Amarillo, is doing the preaching for the revival, which continues through Sunday.

LEAVES HOSPITAL

J. A. (Julius) Johnson, Precinct 1 constable, has been dismissed from Garza Memorial Hospital after spending a few weeks there as the result of a stroke. He is able to be around some, but it will be some time yet before he is able to resume his duties as constable.

PEP SQUAD PARTY

A confetti party will be held Thursday night at 7:30 at Teen Town for all members of the Pep Squad. The girls are to bring old newspapers and scissors. The cheerleaders will lead them in some new yella. Since the first football game is only a week away, the club officers are hoping for a good turnout.

RETURNS SATURDAY

Mrs. J. W. Putman returned Saturday evening from a visit in Mineral Wells. She visited her son and daughter-in-law, Mr. and Mrs. B. P. Putman, for several days last week.

Long-keeping emergency ration from whole wheat is developed

COLLEGE STATION — A compact, long-keeping emergency ration made from whole wheat has been developed and tested by U. S. Department of Agriculture scientists. It was developed for stockpiling in fallout shelters.

The product, in the form of wafers, has an estimated shelf life of five years or longer. They are made from whole grain wheat that

has been parboiled, dried, puffed, then crumbled and made into a cookie-sized wafer. Research was done at USDA's Agricultural Research Service laboratory at Albany, Calif., under contract from the Office of Civil Defense Mobilization.

The wafers pack a lot of food value into a small space; are quick and easy to serve and the plentiful supplies of wheat make it practical for stockpiling. In a series of three tests, each involving 100 volunteers living in the fallout shelter for varying lengths of time, meals based on the wafer brought few complaints and worked best in maintaining volunteer's weights.

The wafers can be eaten plain and with other foods such as milk, peanut butter, bouillon and spaghetti. The last two items and other seasoned toppings can be stored in dried form and mixed with water for heating and serving.

Five pay fines on gambling charges

Five men arrested Sunday night by Sheriff L. E. (Fay) Claborn Jr. at a cafe in the northeast part of town paid fines and court costs in Justice of the Peace court after pleading guilty to gambling.

The fine and costs amounted to \$20.70 each for Melzer Johnson, Sam Skief, J. C. Howard, Roosevelt Steel and George Jackson.

Others booked in Judge Roberts' court, nature of offense, date filed and amount of fine, where paid, were as follows:

Lasara Costello, no driver's license, Aug. 20.

N. L. Carey permitting unlicensed driver to drive, Aug. 20.

W. A. Jones, defective headlights, Aug. 19.

Danny Thompson, drunk, Aug. 20.

W. N. Groves, drunk, Aug. 20.

Horsace Valdez, vehicle over length, Aug. 21; \$16.50.

Dinico Vargas, state of intoxication, Aug. 21.

Domineo Vargas, state of intoxication, Aug. 21; \$34.50.

Maria Santos, state of intoxication, Aug. 20; \$34.50.

Fanny L. Richards, turning from wrong lane, Aug. 17.

Robert O. Brown, state of intoxication, Aug. 16; \$47.50.

Jimmy Crable, state of intoxication, Aug. 15; \$47.50.

Car thief action is reported here

Two automobiles stolen here— one Friday night and one Sunday night—have been recovered, but no car thieves were apprehended.

A 1959 Ford owned by Mrs. T. V. Hampton, Postex Mills employe, was taken Sunday night from the mill parking lot. A 1955 Chevrolet was stolen last Friday night off the used car parking lot at Tom Power Ford, 122 West Main.

After a mill employe saw two men drive Mrs. Hampton's car off the parking lot, he notified Sheriff L. E. (Fay) Claborn Jr., who soon picked up the trail of the thieves, but lost it when they abandoned the car and fled on foot.

The sheriff said he spotted the car from a description of its tail-lights and pursued it five miles out on the Snyder highway. He said he momentarily lost sight of the automobile when its lights were turned off and that when he found it abandoned on the highway, its occupants had fled into a pasture.

The car stolen off the Tom Power Ford lot was abandoned after having been damaged in a collision. An occupant of a house near where the automobile was abandoned told officers she saw three men leave the car on foot.

Unusual story of Pearl Harbor told

Post Rotarians heard an unusual analysis of the Dec. 7, 1941, Pearl Harbor debacle at their Tuesday luncheon and were left to draw their own conclusions as to whether high U. S. officials in Washington knew or not where and when the sunrise Jap attack was coming.

Roy Graham, a Burlington Mills official from Greensboro, N. C., was the speaker. He was at Pearl Harbor when the attack came—a freshman at the University of Hawaii and the son of a high naval officer.

But Graham went beyond his own account to the story of what led up to Pearl Harbor from both the Japanese and American sides as the facts became known after World War II.

JP court convicts one acquits two

Three cases tried before a jury Tuesday in Justice of the Peace D. C. Roberts' court resulted in one conviction and two acquittals. In addition, Judge Roberts accented three pleas of guilty.

The lone conviction Tuesday was in the case of Cleveland B. Maze of Spur, charged with being drunk on a complaint filed July 5. The jury recommended that he be fined \$1 and court costs, which amounted to \$16.50.

The jury returned verdicts of acquittal in the cases of M. P. Sloan of Sweetwater, charged June 28 with speeding and Lonnie Allen Doyle of Gail, charged July 7 with loud and excessive muffler.

Jackie Carpenter and James Williams each paid fines and costs amounting to \$29.70 after pleading guilty to disturbing the peace on complaints filed June 13.

Joe Hackett pleaded guilty to swindling by worthless check on a complaint filed July 13 and paid a \$5 fine and costs, totaling \$24.70.

One injured—

(Continued from page 1) big vehicle to swerve into the bridge railing. The bridge was heavily damaged with one whole section of railing knocked down.

The sixth accident occurred about 11 p. m. Saturday on US-84 when a 1957 Buick station wagon, driven by Nolan Marvin Hamilton of Dalhart and filled with eight persons, hit a culvert causing about \$125 damage to the vehicle.

Hamilton told investigating officers he moved over to give an approaching truck some room, got a wheel off on the muddy shoulder and lost control of the car.

Lockney scrimmage indicates better year for 'Lopes

Defense, aerial attack both sparkle in spots

The Post Antelopes' 1961 football prospects brightened considerably today—following two scrimmage assignments on the part of the coaches and boys. "At least—following two scrimmage assignments at Lockney with the Longhorns."

Despite the usual pre-season assignments on the part of the boys, we were relatively well pleased with their showing in the scrimmage," said Coach Alexander.

The coach said he and his assistants were especially well pleased with the Antelope squad's defensive effort, both up front and on passing.

Post golfers lose early in tourney

Two Post golfers, Charles Hopkins and Jimmy Hundley, were in championship flight of the 6th annual Floydada Invitational Golf tournament, with Hopkins tying a Melvin Best of Lubbock for 71.

Hopkins and Best were the only players in the 160-man field to break par in the qualifying round, Hopkins finishing third with 71, and Best with a 73.

The first round play, Hopkins lost to Melvin, 3 and 3, and Hundley was defeated by Rodgers of Lubbock, 4 and 3. In the medal play consolation match, Hopkins finished third with 71, and Hundley with a 73.

Other Post golfers in the tournament included Roger Camp, third; Punk Peel, fourth; Jack Hays, eighth; and Raymond Merritt of Plainview, 1-up, and Don Sparks of Floydada, 2 and 1. Hays defeated J. B. Shallowater, 2-up in his final round match.

Former Post coach to head athletics

Dr. Jess E. Cearley of Amarillo, a Post High School graduate and a former teacher and coach here, has been named director of physical education at North Texas State College, Denton.

Dr. Cearley, who is a brother of Mrs. Stanley Butler of Post, has been director of physical education, health and safety in the Amarillo public schools since 1946.

Following his graduation from high school here, Dr. Cearley received the bachelor of science from NTSC in 1934 and the master of science degree in 1940. He was awarded the doctor of philosophy degree from the State University of Iowa in 1953.

He taught in Eastland County in 1933-34, taught and coached at Post from 1934 to 1938, was a physical education teacher at Amarillo from 1938 to 1942 and was Amarillo College coach from 1942 to 1946. In recent years he has officiated extensively at games in the Border and Skyline athletic conferences.

Dr. Cearley has long been active in the Texas Association for Health, Physical Education and Recreation. In 1960 he received the honor award of that association.

Commenting on Dr. Cearley's appointment, North Texas President J. C. Matthews said: "We... chose someone with a keen interest in athletics and a scholarly background in physical education—along with considerable administrative experience—for this is an administrative job."

Stormin' Norman has field day in Sunday doubleheader victory

Norm Cash, Detroit Tiger first baseman, vaulted higher ahead of the Yankees' Elston Howard in the American League batting race Sunday by getting six hits in seven trips in the Tigers' twin over Boston.

Garza County's gift to major league baseball drove in four runs, slammed his 31st home run and boosted his league-leading average to .364. He drove in four runs to gain on the leaders in the RBI department.

The twin sweep enabled Detroit to keep pace with the league-leading Yankees, who won a twin bill from Cleveland.

The Tigers gained a game on the Yankees Tuesday by beating Cleveland while New York was losing to Los Angeles. Cash got one hit in five at-bats in the Cleveland victory.

NAZARENE DISTRICT CAMP

Rev. J. T. Crawford and Faye left Tuesday to attend the District Camp for adults being held this week at Camp Arrowhead, in Glen Rose. Principal speakers at the camp are Dr. W. T. Willingham, an executive of the radio league and Dr. John L. Knight, superintendent of the Florida District. Dr. Knight was formerly superintendent of this district. Rev. Crawford will return for Sunday services here.

PASTOR RETURNS

Rev. J. T. Crawford, Faye and Gene Dawson, returned last Friday from their vacation in Washington state. Mrs. Crawford is staying for an extended visit with her sister and family in Richland, Wash. Rev. Crawford preached at Yakima, Aug. 6 and at Richland, Aug. 13. He also reports the fishing excellent, catching his limit of salmon easily.

TAHOKA REVIVAL

Lex Roby, music and educational director of the First Baptist Church, is in Tahoka this week directing the singing at the Baptist Revival being held there.

Eagles to open against Bula

The Southland Eagle 8-man football team will open its 10-game 1961 schedule at Bula Friday night, Sept. 1, in a nonconference game.

The Eagles, coached by Duane Locke, are in their second week of workouts in preparation for the upcoming season.

The Eagles will have a light team this year, but are expected to make up in speed what they lack in heft.

The complete schedule follows:
 Sept. 1—Bula at Bula.
 Sept. 8—Jayton at Southland.
 Sept. 15—Guthrie at Southland.
 Sept. 22—Patton Springs at Patton Springs.
 Sept. 29—Roaring Springs at Southland.
 Oct. 6—Open date.
 Oct. 13—Wellman at Southland (conf.).
 Oct. 20—Gail at Gail (conf.).
 Oct. 27—Pettit at Southland (conf.).
 Nov. 3—Loop at Southland (conf.).
 Nov. 10—Smyer at Smyer (conf.).

Tahoka team to be bigger and tougher

(This is the second of a series of articles on the 1961 grid outlook of Post's District 3AA opponents.)

Experience, according to Coach J. D. Atwell, will be the strongest point of this year's Tahoka Bulldogs team, but lack of speed in the line, as well as the backfield, may offset it.

The Bulldogs have 16 lettermen returning, nine of whom were regulars on last year's team, which came up with a lone victory against nine defeats and finished in the District 3AA cellar.

Atwell, with the usual coach's pessimism, doesn't pick his team to finish any higher than the loop cellar this season. He picks Denver City to repeat as district champions Stanton second, Post third and Slaton fourth.

Boilering the Tahoka line will be three lettermen tackling ranging in weights from 200 pounds to a hefty 225. They are Billy Davis, 210; Glenn Hopkins, 225, and Curtis Harvick, 200. All three boys are seniors.

Lettermen will also man the ends in Perry Flippin, clynt 170-pound senior, and Billy Clingy, 150-pound junior.

Three lettermen are back at the guard positions. They are Andy Bray, 160, junior; Johnny Rogers, 145, junior, and Jesse Spruiell, 140, sophomore.

Expected to wage a fight for the starting center position are Jack Wood, 160-pound sophomore, and Jimmy White, 140-pound junior.

Two lettermen, Fred Hegi and Jerry Forsythe, are back as candidates for the quarterback position. Both are good passers. Hegi, a senior, weighs 155 pounds, and Price, a wiry junior, checks in at 135.

Tommy Jones, 140-pound senior, will add zing to the Bulldogs' running attack from his halfback post, and will get big help from two other lettermen, Larry Price, 135-pound junior, and Tony Spruiell, 145, also a junior.

Manning the fullback position will be Merrill Cloe, 150-pound senior letterman.

Tackle Glenn Hopkins, the biggest man on the Bulldog roster at 225 pounds, is also the squad's best punter.

Two non-lettermen halfbacks being counted on to give Tahoka's grid season a big boost are Billy Miller and Steve Greer, 150-pounders.

Atwell, who is beginning his third year as head coach, is assisted by Jerry Don Brown.

The Tahoka schedule: Sept. 1, Frenship; Sept. 8, Crosbyton; Sept. 15, O'Donnell; Sept. 22, Idalou; Sept. 29, at Ralls; Oct. 6, Petersburg; Oct. 13, Slaton (homecoming); Oct. 20, at Post; Oct. 27, Stanton; Nov. 3, at Denver City.

Farmer loans by FHA reach \$505,430 total

A total of \$505,430 was loaned during the past fiscal year to farmers served by the local office of the Farmers Home Administration at Crosbyton, according to Ira Lee Duckworth, chairman of the agency's Garza County committee.

This was a 4 1/2 per cent increase over the amount advanced last year.

The loans were made to 63 local farm families in Crosbyton and Garza counties after they were declared eligible to receive credit by the county committee. Seventy-nine applications were reviewed by the committee.

Operating loans accounted for 98 per cent of the total. FHA loans were used to buy improved seed and fertilizer, to purchase modern machinery to increase the efficiency of farm operations, and to finance other farm and home operating expenses.

The remaining 2 per cent was used for real estate loans. Farm homes were modernized and enlarged, and irrigation systems were installed. Some borrowers were able to refinance farm debts with FHA credit.

Borrowers repaid a total of \$443,356 on loans previously made, some of which were amortized over several years but repaid ahead of schedule. During the year, 15 farmers repaid their loans in full to the Farmers Home Administration and now obtain credit they need through banks and other local lenders.

FHA supervised credit is designed to help each farmer establish a sound farming operation, raise his income and make a full contribution to the strength of our nation's economy.

Local farmers can apply for loans through the office of Milton F. Wilfong, county supervisor at Crosbyton, or Wednesday of each week in the Garza County office located in the Garza County courthouse, Post.

Those stirring words of the Twenty-Third Psalm: He maketh me to lie down in green pastures . . . He leadeth me beside the still waters . . . He restoreth my soul!

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

PLEASE, MR. DRIVER!

Don't Forget — The Youngsters Will Come Running When Post Schools OPEN FRIDAY, SEPT. 1

Don't be the motorist who in one horror-filled moment must ask himself the question, "Why?" or try to explain it to the parents of the boy lying still and quiet in the street.

Hundreds of Post youngsters will start back to school next week—full of exuberance and fun. Be extra careful. Remember they've had a summer vacation too, and may not be as careful as they should be. Don't get impatient around the schools when traffic forces you to wait. Seconds aren't worth that much when a boy's or girl's life might be endangered.

Hospital Auxiliary entertains with birthday party

The Women's Auxiliary of Gar Memorial Hospital recently helped to celebrate Mrs. Winnie Henning's birthday by giving her a birthday party in the nurses' dining room at the hospital. The hospital personnel and patients were present.

The auxiliary announced that the tables will be available for Sept. 1. It is hoped the auxiliary can begin work on the project of making photographs of the babies in the near future. The auxiliary would like to pay recognition to several members who have done outstanding work. They are Mrs. Phil Crenshaw, Mrs. Glenn Whittenberg, Mrs. Henrietta Nichols, Mrs. A. T.erson, Mrs. Lee Davis and Melvin Williams.

Mrs. Hagood honor guest of UPW

Mrs. Pauline Hagood was honored Tuesday morning when the United Presbyterian Women met in the home of Mrs. S. E. Camp.

Mrs. A. C. Surman presented Mrs. Hagood with an antique china coffee pot on behalf of the women of the church. She gave a brief resume of the many contributions Mrs. Hagood has made to Presbyterian work, and told how she will be missed. Mrs. Hagood is leaving soon to teach the sixth grade in Petersburg.

Mrs. Tom Power conducted the business meeting, which was followed by a program presented by Mrs. D. C. Williams.

Large crowd attends Tuesday 'Preview of Fall Fashions'

The true colors of fall will take the fashion spotlight this year, as was shown at Maxine's style show, "Preview of Fall Fashions", presented Tuesday evening at the Community Room of the First National Bank.

The show, believed to be the first such fashion presentation ever to be held in Post, drew an overflow crowd, with several out-of-town guests registering.

Maxine Durrett was narrator for the show, giving most complete descriptions with all the "little" light touches to help picture where each ensemble would be most at home.

A choice high on any woman's list will be the new fall color of magenta, with the new blues and greens following close behind.

Colors of ginger and evergreen and the ever favorite of brown and black will be good also, providing a wide selection and creating a change from the past popular dyed-to-match outfits.

Two fashion themes were presented, the first entitled "Take Your Ease", featured fashions from lingerie to complete ensembles. "Just For Fun" was the second showing, presenting school, college and more formal wear.

Models were Mrs. R. T. Smith, Miss Sharon Jobe, Mrs. Tom Power, Mrs. Malcolm Bull, Miss Chris Cornish, and Mrs. Irvin Cross.

Assisting with the show were Meses. Jack Ballentine, Harley Wallace, Douglas Livingston, J. R. Durrett, and Wendell Saunders.

Winners of the door prizes, awarded between the two themes, were: Mrs. Jimmy Hundley, Mrs. Jim Cornish, Mrs. H. R. Dabbs and Mrs. Pete Lancaster of Southland.

Permian Basin needs a 'voice'

Organization of a Permian Basin Petroleum Association, as proposed last Thursday at a meeting in Midland, would provide a voice for South Plains, West Texas and Southeast New Mexico oil and gas men and for segments of the two-state region's oil-dependent economy.

As John Ben Shepperd, former Texas attorney general and now Odessa Chamber of Commerce president, said in outlining the objectives of the plan to accumulate area economic data to be presented at a Federal Power Commission hearing on natural gas prices for the region: "Other phases of the industry have told their story in Washington. Now it is time to tell the story about people who live in producing areas."

Civic, government and petroleum industry leaders from 24 cities, including Post, attended the Midland meeting at which steps were initiated to map the economic data-collecting program. Representing Post and Garza County were County Judge J. E. Parker and Mayor Powell Shyles.

Another who outlined the objectives of the program at the midland meeting was James Watson, Midland journalist-oil man, who said:

"It should confine activities and operations to items of area-wide, industry-wide interest and importance. By doing so it would benefit all segments of the industry and general economy of the entire territory."

Specifically, he said: "It should be a watch dog to keep the Basin informed on legislation and regulatory operations on all levels—county, state and national. It should advise and provide leadership and co-ordination when action

should be taken to protect and defend the industry and what it means to the territory.

"It should collect, compile and distribute statistics and other localized data to all organizations and newspapers, so the public can be informed and ready for collective co-ordinated action—if and when needed."

Watson pointed out that the Permian Basin is the only important petroleum producing area in the United States which has no organized voice to represent it in Austin, Santa Fe and Washington.

"It should work," he continued, "toward creating a better business climate—one which would stimulate and encourage the growth, expansion and enlargement of the activities of the industry in this territory." He added that chambers of commerce, service clubs, newspapers and other organizations have indicated they are ready to cooperate with oil and gas people for mutual benefit.

"Finally," he concluded, "it should compile and distribute at regular intervals area-wide surveys showing current conditions of the industry. It should project these reports to point out the indicated prospects for the immediate and long range future."

The Dispatch is wholeheartedly in agreement that such an association as the one proposed last Thursday at Midland is long overdue. The big Permian Basin producing area, largest in the United States, has been without a formal organization since before World War II. Not only would such an organization be a big voice for the Basin, but it would provide a good opportunity for majors and independents to get together and work out some of their problems.—CD.

Traffic safety and school zones

Traffic safety knows no season; it has no special days or weeks, no observances; it is something that comes in with the first of the year and continues right on through the last, and then gets a fresh start.

But if ever there is a time of year when drivers and pedestrians should become just a little more safety conscious than at any other, it is about this time of the year when the public schools are starting another term.

Nothing changes the face and the pace of a community like the beginning of a new school year. Where, during the summer months, there was only a cluster of youngsters here, another small group there, the scene changes with the opening of school and suddenly there are swarms of them in the vicinity of every school building.

None of these youngsters are safe from the menace of the reckless driver, who needs neither school warning signs nor the crowds of youngsters crossing the streets and highways on their way to and from school. None of the reckless drivers and very few of the more conscientious ones take into consideration the fact that a

happy, carefree child may dart, unthinkingly at any moment into the path of an automobile.

Practicing traffic safety in school zones is as easy as driving itself if the drivers will only observe the caution signs. If a speed limit is set for a school zone, then that speed limit should be observed just as conscientiously as any stop sign or no-parking sign.

The responsibility of traffic safety also falls upon those students who drive their own automobiles to and from school. With the summer, when less traffic hazards existed, at an end, many of these young drivers fail to adjust the operation of their automobile to the increased hazards of a school year. They, as well as the adult drivers, should exercise extreme caution when driving in school zones—should observe speed regulations, stop signs, etc.

A nine-months school term in which no youngster is injured in a traffic accident can be chalked up as a successful school term. Let's try to keep our school traffic safety record spotless from the first day of September until the last day of school in May.—CD.

Back-to-School shopping note

"Pencils, notebooks and lots of books; handsome clothing that spells good looks"—these are the prerequisites uppermost on all back-to-school shopping lists.

In Texas, however, thanks to the state's textbook law, parents don't have to worry about "lots of books." Other states are not as fortunate in this respect.

The pencils, the notebooks, other school supplies and the clothing, of course, are the main items on back-to-school shopping lists here in Post, where merchants have laid in ample school stocks and are already selling from them.

Lower-grade students will get off to a good start thanks to mother and dad's responsibility for proper shopping.

However, upper level students, those in junior high school, should be allowed a reasonable amount of freedom in selection of what to wear. After all they already have had "some experience."

Today's high school youngsters are far more mature than were their dads and mothers at

their age—a result of our fast-paced times.

Many of them have money they have earned for themselves. Here, though, parents may find it necessary to assert some discipline. Guidance and advice may be called for.

Fashion collaborates in helping boys and girls to achieve the look they like—and also takes note of their new-found maturity—by providing them with a selection of clothes and style trends adopted by their college-bound brothers and sisters.

Grade schoolers are already thinking in terms of high school and college by choosing their wardrobes from the classic, basic, attractive dresses, suits, coats and coordinates that are now good fashion everywhere. Styles and fabrics are teamed this fall to provide comfort and long wear as well as good looks.

We know there has been a trend the last few years for youngsters to do more and more of their own shopping for back to school. It would be interesting to know just how the trend has affected back-to-school shopping in Post.—CD.

Special school a big success

The over-all success of the special school conducted here during the summer for non-English speaking youngsters of Latin-American descent indicates that it might become a permanent summer fixture at the local schools. Supt. R. T. Smith said.

Mrs. Ruby Bennett of the Texas Education Agency was here a few days ago to check on the special school's progress and complimented it highly, Supt. Smith said.

The class of non-English speaking youngsters was taught by Mrs. Mary Mallard and had

an enrollment of 24. It lasted for 10 weeks and in that length of time apparently accomplished its purpose of making it easier for these children to cope with the language barrier when they enroll in the public schools here.

The special school was something that had been needed for a long time. The school administration, school board and parents of the pupils themselves are to be commended for setting it up and cooperating to the extent that it was marked up as a big success.—CD.

What our contemporaries are saying

Another West Texan, Marshall Formby, has announced his intention of running for governor in the next election. Formby has gained in stature since he served as chairman of the State Highway Commission and is pretty well known throughout Texas. Of course, there are likely to be a lot of gubernatorial candidates if Price Daniel decides not to run again. On second thought, there may be quite a number even if he does run for another term.—Neil C. Vanzant in The Gaines County News.

We talked to a tire dealer the other day who said that business was good. In fact, he said he had sold more tires during the past

three weeks than in the past three months. Said people were buying new tires and taking their old tires home with them. We asked how come, and he maintains that there are people who are now getting the "war jitters" and are storing up automobile tires, remembering the World War II days when rubber tires were hard to come by. Lots of patriotic Americans turned in their tires, only to discover that the government stockpiled them, didn't use them, or mis-used them. More unscrupulous Americans hid their tires in the garage or barn and were able to drive around on good rubber during the war years.—Harold Hudson in The Ochiltree County Herald.

THURSDAY to THURSDAY

By CHARLES DIDWAY

THERE IS AN election—more properly, a referendum—being held today, but there isn't much excitement locally. It is the annual referendum in which wheat producers will vote on whether or not they want wheat marketing quotas to be in effect on the 1961 crop. Since there is very little wheat grown in Garza County, there will be very little voting here.

In the case of some area schools, the first football game will be played before school opens. Post won't miss it far. Friday, Sept. 1, is the first day of school and the first football game for the Antelopes will be that night at Rails.

SOMEHOW OR OTHER, it strikes me that playing that first football game before school opens is something like the students of a school receiving their yearbooks anywhere from two weeks to two months after school closes—and that happens more often than you'd think.

A governmental economy strike is reported in Washington. The House of Representatives appropriations committee considered the allowance of \$6,702 for Chief Justice Warren's chauffeur for 1962 too high and cut it down to \$6,700. Who says they don't have the taxpayers' interest at heart!

THE MAN UP the street says the trouble with the ladder to success is that there's no one to hold it for you.

Here is another contribution from that unidentified reader, who does more than he knows toward keeping this column going:

"If Abraham Lincoln was alive today, the Rotary Club would provide him with a lot of good books, the Lions Club a reading lamp, while the Kiwanis Club would supply his cabin with a wooden floor. "Abe would have government protection under the minimum wage law and social security.

"If the wages he was offered were not satisfactory, he would receive a subsidy for rail splitting, another for raising some crop he was going to raise anyway, and still another subsidy for raising a crop he had no intention of raising. "The rail splitters union would increase his wages periodically. "Result: He wouldn't be President Lincoln."

THE HOTEL CLERK said, "Look I've told you a dozen times we don't have any rooms." "If President Kennedy came in," he persisted, "you'd find a room for him, wouldn't you?" "Well, of course," admitted the clerk. "Then let me have that room. He's not coming."

Hamilton Wright, the Abilene Reporter-News' "Road Runner," has retired after almost 60 years of turning out newspaper copy, mixed in with a few other occupations. Wright has also had careers as a railroad telegrapher and as a Methodist minister. He was accepted as a minister at Fluvanna and once preached full time at Southland.

THE NIGHT WRIGHT was examined and accepted as a minister at Fluvanna, a tornado flattened the town. It wrecked the church where the ceremony was taking place and the home where Wright was living. That was the first "big story" for Wright and they have been numerous for him as a reporter and editor. He turned out his first newspaper copy as Buffalo Gap correspondent for the Abilene Reporter. Since then he has worked on so many newspapers even Ham won't sure where and when. He held his last telegraph job in 1943, and stepped down from the pulpit in 1953.

Wright's ministerial career wasn't the only one of the three he started with a flourish. On the first night of his first telegraph job, two

Fifteen years ago

The business district of Post was threatened in a fire that resulted in one man burning to death when his gasoline truck collided with an automobile and overturned and crashed against the Star Service Station at the Main and Broadway intersection; Jimmy Bird, 16-year-old son of Al Bird, brought in the first bale of cotton for Garza County; funeral services were held for Judy Nell Kennedy, infant daughter of Mr. and Mrs. James Kennedy; Comanche Oil Company is drilling a well south of Post; Johnny Kemp and Marthana Cearley celebrated their birthdays with a party.

TEXAS LAWYMEN

Lieut. Junius Peak
Ranger
"We located our man at Round Rock . . ."

Back in 1878 a hard riding, fast shooting gent named Sam Bass was holding up too many Texas banks and railroad trains. Not less than 110 Bass-hunters—detectives, marshals, deputies, Pinkertons, express and railroad agents—were after him. But it took a Ranger and his special company to catch and erase the bold, bad bandit at Round Rock, on July 20. Lieut. Junius Peak commanded those Rangers. Before this historic event June Peak had proved his cool courage and good judgment in quite a few encounters with enemies and outlaws. Twice wounded in the Civil War, Peak subsequently served as deputy sheriff and marshal at Dallas. He had successfully nipped up New Mexico's biggest band of cattle thieves, scouted Indians and charred waterholes in West Texas. In 1880 Peak left the Ranger service for more peaceful pursuits such as railroad construction in Mexico and ranching in Shackelford County—another Ranger to leave his signature on the pages of Texas history.

Texas lawmen have always served their state well—as have Texas industry and commerce. Providing payroll and community revenue, one industry has also provided the refreshment of moderate beverages. In Texas the brewing industry "belongs." Brewers, wholesalers, retailers and the United States Brewers Association are working constantly in cooperation with today's lawmen, to assure the sale of beer and ale under pleasant, orderly conditions.

POST CHERLEADERS IN ACTION AT SMU SCHOOL

Post High School's energetic cheerleaders for 1961-62 are shown performing at the week's cheerleading school they attended at Southern Methodist University in Dallas. From left to right, standing, are Sharon Isaacs, junior; David Lee, senior and head cheerleader, and Danella Bateman, senior. The other two cheerleaders are Linda McMahon (left) and Pamela Stewart. More than 900 cheerleaders attended the school.

White River dam time schedule taking shape

Sept. 15 seen as target date on \$4 million loan

The time schedule for obtaining \$4,000,000 in state loan funds and letting of contracts for construction of the long-sought White River dam and water pipelines to the four member cities of the district began to take shape last Thursday night at the White River district's August session in Ralls.

With only the equalization board hearings in the four towns needed to complete the tax rolls of the district, directors were told it is possible that the tax rolls can be completed and approved by the attorney general, and the \$4,000,000 obtained by Sept. 15.

The district's engineers want six weeks for contractors to prepare their bids so it would be possible to schedule the big contract letting for about Nov. 15, or shortly thereafter.

THE DISTRICT'S equalization board has scheduled its Post hearing for Monday, Aug. 28. The Ralls hearing will be held Aug. 29. Then the following week the board will meet at both Spur and Crosbyton one day each to complete the circuit of hearings before completing the district's tax rolls for certification.

Local property owners have been notified by postcard if the valuations they rendered have been raised by the district so they can appeal to the equalization board if they so desire. The all-day session will be held in the city hall here. Each member city of the district has one member on the equalization board.

This is reported to be the final requirement to the obtaining of the \$4,000,000 loan from the Texas Water Resources Board.

DIRECTORS WERE told that the state board had securities maturing around Sept. 15 from which the \$4,000,000 loan money would be forthcoming.

In its principal action at last Thursday's monthly board session, White River directors by resolution accepted the bid of the Texas Water Resources Board for purchase of the bonds, at par and accrued interest, dated July 1, 1961, at an interest rate of 4.068 per cent.

Marvin McLaughlin, the district's finance chairman, told directors the bonds already have been printed.

The board's action ended the possibility that private financing at

a slightly lower interest rate might become available. There were no bond companies wanting to purchase the bonds at a recent meeting in Austin.

The board's action also precludes any financing by the federal government, which originally was going to provide two-thirds of the loan for the dam's construction.

INTEREST ON the \$4,000,000 loan from the Texas Water Resources Board will be payable on Jan. 10 and July 10 of each year with the first bonds maturing July 10, 1965. It is a 40 year bond issue.

The board, after considerable discussion, decided to call a special meeting with its engineering firm to schedule bidding dates, plans for advertising for bids, and scheduling of re-investment of unused portion of the \$4,000,000 loan until it will be needed.

Engineering costs are to be paid on the project when the loan money is received. The engineering firm completed the long work on dam and pipeline plans "on hope" that the project would be feasible and the loan completed.

Lubbock man killed here

Rites set for wreck victim

The body of William Barney Lawrence, 67-year-old retired carpenter of Lubbock, who was killed in an automobile accident here at 1:30 p. m. Tuesday, was taken to Brady yesterday morning by Hudman Funeral Home. Funeral services were set for 4 p. m. today.

Lawrence was killed and his wife was seriously injured when their Ford station wagon overturned just inside the city limits after coming off the U. S. Highway 84

overpass southeast of the business district.

Mrs. Lawrence, who suffered a broken jaw in addition to other injuries, was transferred Wednesday from the hospital here to one in Brady.

Investigating officers, who included Highway Patrolman Henry Harden, Sheriff L. E. (Fay) Claiborn Jr. and Deputy Elton Corley, said Lawrence was driving northward across the overpass. The station wagon went off the road on the left-hand side and collided with two guardposts when the driver attempted to regain the pavement.

The vehicle traveled about 60 yards after leaving the highway, then "rolled" about 40 yards farther, coming to rest on its wheels.

Highway Patrolman Harden said Lawrence is believed to have momentarily dozed, causing his car to leave the highway, then overturned in an attempt to get back onto the road.

Both Mr. and Mrs. Lawrence were thrown from the vehicle as it overturned at least two times. He apparently was killed instantly, his body stopping a few feet west of the car. Mrs. Lawrence was found a few feet west of the station wagon, which was demolished.

Lawrence was pronounced dead on arrival at the hospital, where both victims were taken by a Hudman Funeral Home ambulance.

The Lawrences were en route to their home in Lubbock after visiting a son and a daughter in Brady, where they lived before moving to Lubbock five and a half years ago.

Lawrence is survived by four daughters, one son, three brothers, four sisters, 10 grandchildren and three great-grandchildren.

Southland school to open Aug. 28

The 1961-62 school year at Southland will begin Monday, Aug. 28, with opening day exercises and registration, Supt. F. W. Callaway announced.

The school busses will operate the first day, Callaway said, and classwork is scheduled to begin Tuesday, Aug. 29.

New faculty members this year are William R. Bennett of Post, who will teach science and mathematics, and Tom Buchanan, who will teach the 7th and 8th grades and coach basketball.

Other teachers are: Mrs. Peggy Wheeler, 1st grade; Mrs. Claudia Monk, 2nd grade; Mrs. Dixie Roberts, 3rd and 4th grades; Mrs. Ruth Hall, 5th and 6th grades; Mrs. Irene Kuykendall, English, and Duane Lock, social sciences and football coach.

Treasure Day winner to get at least \$100

A new Treasure Day drawing schedule will go into effect Saturday at the fourth in the series of Treasure Day events, John N. Hopkins, Chamber of Commerce manager, announced today.

The first ticket drawn Saturday will be worth \$120 in merchandise to its holder, if he is present. If not, a ticket will be drawn for \$100 in merchandise, and drawing will continue until the prize is claimed.

At the first three Treasure Day events, a first, second and third prize, if necessary, were drawn for. The basic first prize was \$100, second, \$70 and third, \$50.

Hopkins said the new schedule will simplify the prize-awarding procedure and is expected to be more attractive to the ticket holders.

At last Saturday's Treasure Day event, no one was present to claim the first prize of \$100 nor the second prize of \$70, but Joe Perez, son of Mr. and Mrs. John Perez, stepped forward to claim the \$50 merchandise prize when his ticket was drawn for that amount.

Saturday's Treasure Day event, which will be at 4 p. m., will be held in the First National Bank block on West Main, Hopkins said.

Reserved seat season tickets on sale here

Season reserved seat football tickets for the Post Antelopes' five home games were placed on sale Monday at the superintendent's office in the high school building.

The season tickets will be on sale at \$6.25 each on a first-come, first-served basis until noon Friday, Sept. 8, Supt. R. T. Smith said.

A total of 252 reserved seat tickets are up for sale. The Antelopes' home games will be with Colorado City, Floydada, Tulia, Tahoka and Stanton.

For Sept. 1 school opening

Registration dates are set

Students who will attend Post High School this year for the first time and any others who did not re-register last spring are being registered at the high school today from 8 a. m. until 4 p. m., according to T. C. Clark, high school principal.

Schedule cards have been made for all who pre-registered last spring and will be passed out in a general assembly on the first day of school Friday, Sept. 1, Clark said. It will not be necessary for these students to come to school before that date.

Registration for junior high school students who have not attended the Post schools or who were not in attendance at the end

of the last school year will be held this Friday and on Monday, Aug. 28.

Principals Noel B. Clemmons and Herman F. Raphael have announced that registration for all students who will be attending the primary and elementary schools here will be held in their respective buildings Thursday, Aug. 31, beginning at 9:30 a. m. and continuing until 3 p. m.

Children of the primary groups, grades 1, 2 and 3, who were here last year will report to the teacher's room to which they were assigned. This includes pre-school children who were present for pre-school day.

Children who have not been as-

signed will need to report to the principal's office for room and teacher assignment.

All beginning first grade students need to bring the following forms: Birth certificate. (Only those children born on or before Sept. 1, 1955, are eligible for attendance.)

A health record. Forms are available through the primary principal's office, showing evidence of having received the following inoculations: Smallpox, diphtheria, typhoid, tetanus and polio. It is important to include in the health record any unusual physical defects that are not apparent to school personnel.

The primary school faculty will

Only one injured in six highway accidents in area

Six other highway accidents in this area during the last week, not including the fatal crash Tuesday afternoon at the US-84 overpass south of Post, resulted in only one injury but produced heavy damage to several cars and trucks involved, Highway Patrolman Max Knox reported.

One also led to the subsequent arrest of a local oil field worker for being AWOL from the Navy.

The only injury in the rash of accidents was to Mrs. Ethel Osborn, wife of J. D. Osborn of Post, who fell out of the car her husband was driving when she dropped her cigarette and opened the car door to retrieve it.

She suffered a broken left arm and head and nose lacerations, being treated at the Garza Memorial Hospital. The accident occurred about 8:30 p. m. Friday six miles east on US-380.

Patrolman Knox said Danny Thompson, about 25, of San Diego, was arrested on a drunk charge when he ran his car off FM-651 six miles north of Post Saturday night. He later admitted to officers he was AWOL from the Navy.

A 1961 Chevrolet pickup and a 1960 Edsel were heavily damaged, but no one injured, at 3:55 p. m. last Wednesday when a wheel on a semi-trailer truck driven by George E. Dunlap of Lubbock "locked down", causing the semi-trailer to skid sideways and jack-knife. Dunlap was uninjured but the semi-trailer was badly damaged.

Another semi-trailer, an empty cattle rig driven by Chester Morris Clark of Lometa, was virtually a total loss when it smashed into a bridge on US-84, 3.1 miles south of Justiceburg about 9 p. m. Friday.

Trooper Knox said Clark reported a tire blew out as the rig approached the bridge causing the

For the many who've been asking when the White River Dam is going to get "off the ground", today's front page story should provide a pleasant answer. The \$4,000,000 loan ought to be in the district's hands by mid-September with the bid letting for all phases of the project coming before the year is out.

The Chamber's new welcome book project is a good one and should result in a real "get acquainted" feeling for folks moving into our community. You'll find a story explaining the books elsewhere on the front page. The Chamber is to be congratulated for this progressive move. The Welcome Book replaces various types of "short-lived" commercial promotions along similar lines in past years.

Jim Hays, our neighboring grocery man here on Main Street, came back from his California vacation a real rooter for the Cincinnati Reds to win the National League pennant. He saw the Reds beat out the Los Angeles Dodgers in that crucial doubleheader a week ago. There was an outpouring of over 75,000 fans for that one. Los Angeles, Jim reported, looked pitiful.

Chamber of Commerce program

Newcomers being welcomed

Post newcomers are now being given a royal welcome—free gifts which can run well over \$100 per family from 48 local merchants and from greetings from another 28 area business and professional organizations.

The long-planned Chamber of Commerce promotion called the Welcome Book.

There are 48 tear-out coupons in the welcome book.

The coupons are good for a vast array of free merchandise and services, including free wash and auto detail jobs and various car checks and adjustments without cost.

There are free meals and free drinks from local restaurants and

In Post Public Schools

Teachers to get full pay raise

Post school teachers, who already were receiving \$500 above the state minimum, will benefit to the full extent of the \$810 salary increase voted at the second special session of the Texas Legislature.

The \$810 increase raised the state minimum for a beginning teacher with a bachelor's degree from \$3,204 to \$4,014 and the state minimum for a beginning teacher with a master's degree from \$3,429 to \$4,219.

Supt. R. T. Smith said the Post school board voted "some time ago" to give local teachers the full benefit of whatever raise was voted.

Harvey Rileys are new Close City teachers

Mr. and Mrs. Harvey Riley, from Cooper, in Delta County, are new teachers at the Close City School, which begins a new school year on Sept. 1.

The Rileys replace Mr. and Mrs. A. T. Nixon, who will teach in the Post schools. Riley has a B. S. and an M. S. degree and his wife has a B. S. degree.

Back at Justiceburg as teachers this year are Mr. and Mrs. C. E. Franklin. The school there also opens Sept. 1.

ed by the Legislature.

Before the raise, a beginning teacher here with a bachelor's degree was receiving the minimum salary of \$3,204 plus \$500, which totaled \$3,704. The \$810 raise boosts this figure to \$4,514.

A beginning teacher with a master's degree was receiving the minimum of \$3,429 plus \$500 for a total of \$3,929. Under the new salary schedule, these teachers will be paid \$4,739.

Part-time principals, who include all those except the high school principal, receive the minimum plus 15 per cent as an administrative principal, figured full-time, receives the minimum plus 20 per cent. They, too, will receive the full benefit of the \$810 increase.

Eighty per cent of the salaries are paid by the state and 20 per cent by the school district. That means, of course, that 20 per cent of the cost of the salary increase will be borne by the Post Independent School District.

The superintendent and school board are working now on the budget for the 1961-62 school year. The budget figures, which will appear in The Dispatch when the budget is adopted, will show the amount of the total cost to the school district of the salary boosts.

Store break-in at Southland solved

Sheriff's officers have solved a grocery store burglary at Southland and are continuing an investigation into a break-in at the school band room here in which a recording machine was stolen.

The arrest of four youths, three of them juveniles, last Friday morning by Deputy Sheriff Elton Corley resulted in the solution of the burglary last Thursday night of Dum's grocery store at Southland.

One of the youths, Virgil Nelson, about 19, has been released under \$1,000 bond after being charged with burglary. Juvenile hearings are pending for the other three.

Deputy Corley took Nelson into custody after tracking the boys from the store to where their car was parked and then tracking the car to the Nelson youth's home.

Corley said Nelson took him to where the loot was hidden in an attic and named three younger boys who he said was with him. The loot from the store included five or six boxes of 22 caliber ammunition, candy, chewing gum and foodstuffs.

Nothing except the recording machine was reported missing from the band room, officers said.

Also reported to the sheriff's office, by Lester Nichols, Gulf wholesaler, was the breaking of a lock on a pump at the Gulf warehouse and the theft of some gasoline.

Virgil Smith elected SCD board chairman

Virgil Smith was elected chairman of the board of supervisors of the newly created Garza Soil Conservation District at a meeting Monday in the SCS office here.

Floyd Hodges was elected vice chairman and Wayne Williams secretary.

The board set 1:30 p. m. the third Monday of every month as its regular meeting time.

A. W. Dalrymple of Lubbock, a representative of the state SCS board, was here to assist in the organization of the local board.

Other supervisors besides Smith, Hodges and Williams are Glenn Davis and Walton McQueen.

REV. HOGUE AT REVIVAL

The Rev. C. B. Hogue is away this week in revival at the Springtown Baptist Church. He will return for the evening service here next Sunday.

Chest to organize next Thursday

The Garza County Community Chest will hold its organizational meeting for the 1962 Chest drive at 8 p. m. next Thursday in the Community Room of the First National Bank.

All 1961 officers and directors and all others interested in the Chest are asked to be present.

The new directors, officers, and 1962 drive chairman will be selected at the meeting.
