**Yankees favorites of most 8th grade kids**

By Marcia Newby  
Polls were taken in the 8th grade on the subject of the World Series. Each section handed in a report and here it is:  
8A—Yankees 20, Giants 7; 8B—Yankees 14, Giants 12; 8C—Yankees 7, Giants 11; 8D—Yankees 13, Giants 10.  
May the better team win!

**OAT GRAZING HINT**  
Research studies by the Texas Agricultural Experiment Station Show that grazing oats too early and keeping them grazed too short can reduce forage yields by as much as 70 to 80 per cent. And, points out E. M. Trew, extension pasture specialist, might make the difference between a profit or loss on winter pastures. Let the plants become well established before grazing is started. When they are grazed down, pull off the stock and rest the pastures until regrowth is again sufficient for good grazing. Cross fence, if necessary, to carry out a good grazing program.

**This 'n' That**

We have had two Seniors to leave us: Sharon Isaacs who left Friday and Ann Long who will leave us Wednesday. We will miss you both very much.

Our report cards came out Wednesday. We hope we had some good grades.

We would like to congratulate our football boys on a wonderful game with Roscoe. This week we play Frenship and we want everyone to come out and boost our boys to victory.

Mr. Clark is attending a principal's meeting in Houston this week.

We have a new student, Joe Tinkler, who is from Durant, Okla. He is staying with his grandparents here, the Tom Millers.

We have two seniors that will tie the knot in the near future: Sandy Irons will marry Ray Crispin, Nov. 23, and Reba Shepherd will marry Jimmy Borum, Dec. 23. Congratulations, kids.

Visiting Mr. and Mrs. G. E. Fleming during the weekend were: Mr. and Mrs. Dan Vandell, Joanne and Dana Sue from Odessa, Mr. and Mrs. D. C. Shields, Faye and Douglas of Graham and Mr. and Mrs. Kerwin Baxter, Joe and John of Floydada. The Baxters also visited Mr. and Mrs. Charles Hopkins and Mr. and Mrs. Lynn Gregg.

We have also had two Sophomores to leave us: Brenda Richards and Shirley Isaacs, who is Sharon's sister.

A rash of slumber parties has been breaking out lately. The latest was also a going away party for Sharon Isaacs. It was at the home of Mary Ann Williams and Sharon received a charm bracelet with the names of the 14 girls attending on it.

Tuesday, Oct. 2, 15 Homemaking III girls and Mrs. Duncan made a tour through Postex Cotton Mills. The girls really enjoyed the tour and wish to thank J. E. Poer for the tour.

Mr. and Mrs. Douglas Livingston were in Temple last week at the Scott and White Clinic. We hope Mr. Livingston is feeling better.

**TOUR NATIONAL PARK**  
Mr. and Mrs. L. C. McMinn returned recently from a nine-day trip in which they visited their son, John, in El Paso, and toured Big Bend National Park.

You don't need big water to catch big fish. In fact, some of the most consistent fishing to be found in Texas is in the stock ponds located on the farms and ranches throughout the state. Many small ones are less than five acres in size. The big ones run 10 to 20 acres.

You may not catch any record-breaking fish in these ponds, but you'll make a lot fewer water-hauls than you do out on the big, wide open lakes.

Getting to fish the farm tanks—as they are popularly called—means making friends with the landowners.

With a courteous approach, that's easy. But don't wear out your welcome by scattering trash around the pond, building fires, destroying property or worse yet—inviting the gang to "come along."

Tank farm fishing is rather specialized. Actually it calls for several types of fishing, a wide assortment of lures—and just in case, some live bait.

In farm tank fishing many anglers use bait casting reels, spinning reels, and fly-fishing tackle—all three types of gear—since this kind of fishing calls for a lot of experimenting.

**FLY-FISHING THE tanks is most effective in the early morning and late evening hours.** That seems to be the time when the fish rise best to flies and popping bugs.

Spin-fishing is preferred at night because you don't have to worry about backlashes. For one reason or another one seems to get the

**RED FOLEY**—celebrated entertainer and recording star, will join Rex Allen in sharing the limelight at the opening of the 31st Annual Texas Prison Rodeo in Huntsville, Sunday, Oct. 7 in the prison's 30,000-seat stadium. Foley will present some of his greatest favorites such as "Peace in the Valley," "Steal Away," and other numbers which have endeared the veteran entertainer to millions. Also on the bill will be rough and tough inmate cowboys contesting tough prison rodeo stock. The show begins at 2 p. m.

two days in succession. On the big 10 to 20 acre ponds you can hunt every day, if the blinds are spotted at opposite ends of the lake.

**"Marriage Fallout"**  
By HERB SMITH

There is plenty of evidence that the home is breaking down. The high divorce rate, the rise of crime, and juvenile delinquency are only a few ways of telling this. There are many factors causing the breakdown and to avoid them there have been many suggestions offered by religious sources. Yet the problem continues to get worse.

Why is this so? The standard of values is changing. To some people a promise or pledge means nothing. Evidently, repeating the marriage vows means no more to them than reciting "Mary Had a Little Lamb."

A house built upon sand is not on solid ground. It will not stand when the storms of life come upon it. The indestructible house is built upon the Word of God. Matt. 7:24

**It's the Law in TEXAS**

**PIRACY**

The colorful pirate of old captured your imagination but not that of the shipowners or the governments that lost their cargoes and treasures.

Pirates were "enemies of mankind." Their acts became crimes against that government as well as against the "law of nations." A government would try to catch and to punish them no matter how and where the piracy took place.

From these early days, a rule of international law called "the piracy principle" came into being, as to crimes against mankind. Any nation might seize and punish such a person. He did not need to be one of its citizens. The crimes could be committed inside or outside its territory. Jurisdiction is worldwide.

Nations often punish their own people for crimes beyond its borders. Nations can punish aliens for crime within their borders. They can punish aliens for crimes committed against that country when they later come into that country. A nation can also punish an alien for piracy under international law.

What about war crimes done on orders of superiors? The World War II allies have declared that certain Nazi leaders committed punishable crimes against nations.

Now and then some nations may allow a court to try a person "in absentia." Such trials without the accused present were once popular, but little comes from such trials, and they are not as highly regarded as trials in which a person has a fair chance to defend himself.

SYD CONNER  
Garza County Agent

**PROPER DIAGNOSIS BIG AID**  
Should disease strike your crops, shrubbery, or lawn plants, an accurate diagnosis is essential in planning a preventive program. Aid in diagnosing the disease can be obtained by consulting your local county agent, nurseryman or pest control operator.

A plant pathologist is available for consultation at each of the laboratories, says Dr. David W. Rosberg, head, Department of Plant Physiology and Pathology, Texas A&M College. The pathologists are anxious to work with the growers of Texas on plant disease control problems and Rosberg offers the following suggestions to aid growers in making the most efficient use of the laboratories.

In order for the pathologists to make an accurate diagnosis, they must have certain information regarding the plant trouble. Rosberg suggests that the local county agent be contacted and that copies of MP-512, "Identifying Plant Diseases" and Plant Disease Diagnostic Laboratory form D-418 be obtained. Growers should follow the outlined directions in mailing specimen to the nearest laboratory.

What can you expect from this free diagnostic service? If possible, the pathologist will give a tentative diagnosis and suggest a program to bring the plant disease under control. Frequently, Rosberg says, it is necessary to make additional tests to determine the cause of the trouble. In any case, he continues, the laboratory will get a report back to the grower as soon as possible.

**FALL CARE FOR LAWNS**  
Beautiful lawns just don't happen, but are the result of carefully made and carried out plans. A fall application of a complete fertilizer made 30 days before the first expected frost is suggested by E. M. Trew, extension pasture specialist, as a part of the lawn care program.

**My Neighbors**

"Well, what do I like?"

Such an application, he says, will keep the grass green longer in the fall and give it an earlier start next spring. Too, when lawn grasses go into the winter in a healthy, vigorous condition, winter and spring weeds have less chance to grow and are less of a problem.

But don't wait too long to make the application, advises Trew, for summer grasses pushed into lush growth by late fertilization may be damaged by a hard freeze. Also, applying the fertilizer too late prevents the grass from making full use of it before going dormant.

The specialist suggests using a fertilizer with a 2-1-1 or 1-1-1 ratio at a rate to supply two pounds of actual nitrogen for each 1,000 square feet of lawn. Twenty pounds of 10-5-5 or 10-10-10 or 25 pounds of 8-8-8 will provide this amount of nitrogen, he says. Though some soils do not need potash, Trew says its use is good insurance and the cost is small.

He suggests dividing the fertilizer into two equal parts—apply half—then spread the remainder at right angles to the first application.

After the fertilizer has been applied, the lawn should be irrigated. If the soil is dry, apply enough water to soak it to a depth of six inches or better until the moisture reaches. If the soil is wet, just wash the plant food from the grass, explains Trew. Moisture is necessary for dissolving the fertilizer and making it available for use by the grass.

**TEXAS HORSES FEWER**  
Since the days of trail drives and the walking cultivator the horse has taken on a new role in the U. S. and even in the great cattle state of Texas. According to Ed Uvacek, livestock marketing specialist at Texas A&M College, the number of horses in Texas and the U. S. are more and more leaving the cattle trail for the bridge trail.

In Texas, where their use for working stock is legendary, horses are becoming pleasure animals, are being placed in more shows and used for just plain riding. Their numbers declined on Texas farms and ranches about 27 per cent between 1954 and 1960, the specialist says. However, the total for the U. S. decreased some 36 per cent during the same period and the Lone Star State still has more horses than any other.

But with this lessening in numbers has come an increase in the average farm value of horses. In Texas the average farm value of horses increased an amazing 187 per cent between 1954 and 1960 while the U. S. average increased only 37 per cent.

This makes Texas horses worth about 31 million dollars, Uvacek points out. In 1960 the state average farm value per head was \$126 or about \$13 higher than the U. S. average. In this year horses accounted for 3 per cent of the total livestock value in Texas which was more than all the goats or all the hogs, Uvacek says.

Thus while horses are generally becoming fewer, Texas can brag that it has the most, with the largest total farm value and worth more each than the nation's average horse.

**STORM RESISTANTS**  
In performance trials under Texas storm conditions, promising strains of storm resistant cottons have retained their lint in the burs in a relatively undamaged condition. The Texas Agricultural Experiment Station and the USDA have cooperated in developing the promising strains which are being tested further.

# Three displays in showcase at PHS

We have two showcases full of entries that were shown at the Panhandle South Plains Fair in Lubbock Sept. 24-29. They all won a blue, red or white ribbon.

All types of handwork are displayed. A few of them are: painted pictures, flowers, canned fruits, dresses, skirts, pot holders, aprons, rag dolls, pillow cases, leather belts and wall plaques.

All Homemaking Classes, I, II and III, had entries. The ribbons won were 21 blue, 15 red and 23 white.

Mr. May's Biology class has a display on the plants of our world.

They have drawn pictures of the types of flowers, parts of flowers, types of bacteria, monocot and dicot leaves, the most common mold, which is the mold, and the internal and external parts of leaves.

The English class has a display of English on the job. They have pictures of how English is used and the people who use it. English is used by salesmen, teachers, secretaries, interior decorators, and it is used in medicine, biology, mathematics and politics. They have mentioned a few of the many reasons English is so important in our daily lives.

## IN OUR YOUTH

By Sammie K. Caffey  
In our youth we think of love in many ways—

We yearn for love as though it were the key to life.

Searching madly through the passing days,  
Thinking nothing of the truth of it all or all of our strife.

Through the years we grow,  
Not realizing that we would be better off if we'd just wait

Until we finally come to know  
That we are just now at the starting gate.

If we but knew at the start of it all

What we have proved to be true,  
Then we could forget about love's call  
And be happy instead of blue.

But youth is blind in many ways  
And will only learn with the passing of many days.

## AS IS LOVE'S LIFE

By Delton Robinson  
If the word love, wasn't such a mockery

The moon would not as often be blue

And I would be able to see  
That perhaps some day love could be true.

But now that he says he loves me.

I wonder if it is really love he feels.

Or if his love could possibly be  
That true devotional feelings that before me, makes him kneel.

This love, I believe I must take,  
And end this life as of the moon is blue.

And accept it for my own sake,  
Because he says of love, I truly do.

And as we progress through Love's life,

We can plainly see,  
That love may be a mockery;  
but, true it can very well be.

# BOOK REVIEW

By Hardy Carlyle  
In the book, "Giggle Box," there is a story called "Some of My Father's Adventures." I would like to share part of the story with you.

My father went to Africa and was deep in the jungle when he saw seven tigers. They were afraid to eat him when he said he had some chewing gum, which tigers like very much, but they were very hungry tigers and they said "We are going to eat you."

Just as they were about to pounce on him, he said, "If you chew it long enough, it will turn green. After it turns green, plant it and you can grow more chewing gum."

When he said that, the tigers all rushed toward him to get their chewing gum. Then they started chewing it and looking into each other's mouth to see if anybody was getting ahead, and saying, "Nope, not green yet," as my father walked away.

I would love to tell you more, but you will have to read the book to find out the end of the story for yourself. The book is in the Junior High library.

# 'The Short, Happy Life of a Lover,' or 'How I Came to Murder My Freddie'

It was a cold, windy day and I stepped into the dim, old store to wait for my bus, when I saw him first.

Love at first sight was the case for us. He was handsome beyond all words of description. Just a moment he turned and looked into my eyes. Something came over me and then it left me, like a wave, breathless.

Weeks passed but that moment came back. Then after much thought I went to the store again and there was my love. We didn't say much for we both knew what was in our hearts. A question was asked of me that day that I was not prepared for. So taking my leave till the next Friday I went home. There I considered this question. Would it make me happy or would it leave me sad and wishing that I had not done this thing?

After torturing myself with many questions, I went again to my love. We went away together, and all my happy, beautiful dreams were fulfilled.

But it wasn't as I had thought it would be. There were the many meals and the boring hours of cleaning up his own private place. The love in my heart was dying.

When I had given him his meal I came to the conclusion of poisoning him. It would be easy. Only a few steps to the drug store and then a few drops on his food and then it would be all over. I would be free to go out again any time. No more hard working. That was what I was going to do.

As he ate, it seemed sad for I think he knew I didn't love him. Then I was happy for—he died.

The funeral was hard and coming back I began to think over the things he had done and his cute way of looking up at you with his big eyes. It made me wish with all my heart that I hadn't done that horrible thing.

For you see, Freddie was the only goldfish I ever had.

# Guidance program gets under way in Junior High

This year's Guidance Program at Post Junior High has begun.

Every Friday morning we have a film, a guest speaker, or the teachers talk about subjects that they have been assigned.

Some of the topics of the teachers are:

Mr. Hahn, Assuming Responsibilities; Mrs. Williams, Courtesy; Black: Planning for Careers; Mr. Kountz, Smoking; Mr. Willson, Current Events; Mrs. Wristen, Leadership Training; Mr. Black, First Aid;

Mrs. Allsup, The Need for Education in Our Modern World; Mrs. Lobban, Parliamentary Procedure and Class Officers; Mr. Stone, Narcotics; Mr. Davis, Planets, Stars, Universe; Mrs. Gamblin, Making and Keeping Friends; Mr. Robertson, Alcoholism; Mrs. Walker, Dating Problems; Mr. Whittenberg, Communism.

Some of these items were suggested by the students because we thought everyone would like to hear about them.

Punch and cookies were served.

We had our first and second period tests Wednesday. Third and fourth were given to us Thursday. Friday, we had fifth and sixth periods. Our spelling test was given to us Monday.

The high school library has received a new revised edition, 1962, volume set of Richards' Topical Encyclopedia. This is a wonderful set of reference books for the high school, covering the following:

Four volumes of science, four volumes of social studies, one volume each of basic industries, applied science, art, sculpture and architecture, art and biography, biography, leisure time and activities, and index.

The library program is progressing nicely with all students and teachers participating. Classes have completed their library reference work and the writing of their first six-weeks reports.

# Follow 'Lopes Into District Play

## POST ANTELOPES

VS

## FRENSHIP TIGERS

### Friday Night, Oct. 19

### At Frenship (Wolfforth)

### 7:30 P. M. Kickoff

Kickoff Time of District Games Is Moved Up to 7:30. So Remember! Don't Be Late!

Coach Harold Teal takes his Post Antelopes to Frenship Friday night to open Class 2-AA District play with the Frenship Tigers.

A big crowd of students and adult fans will be in the stands for this one.

The Antelopes will be aiming for at least the runner-up spot in the district this year, but that means they must defeat Frenship, Slaton, and Spur in order. That would bring the Antelopes down to the season's finale here with Denver City with the district crown to the winner.

Post will be playing them one at a time—and the first one is tomorrow night. The game is at Wolfforth which is close to Lubbock and Reese Air Force Base.

This is Frenship's first year for AA ball. The Tigers scored their first victory of the season last Friday night with a 19-12 triumph over Sudan after five losses.

This will be the third meeting between Frenship and Post. Post is yet to be beaten in the series.

The Antelopes pulled their season's record even with their Roscoe victory last week at 3-3 with four district games left to play.

Homecoming will be here next weekend against the Slaton Tigers.

# Pair build booth area at teentown

Local teen-agers can mainly thank Byron Haynie and Pat Martin for the new booth area at the Garza County Center which will be completed in time for the big homecoming dance Friday, Oct. 26, after the Slaton game.

Haynie, the new president of the adult board of the center, and Martin, who with his wife serves as secretary-treasurer of the board, have done almost all the work.

They have been working almost nightly since early September. The old kitchen of the center has been converted into a connecting room large enough for seven or eight booths. It has been painted in the Post High colors of gold and black.

Used booths have been either purchased or donated to the center, the two reported. Approximately \$250 was raised for the remodeling last year with a variety of activities, but mostly featuring cake sales.

Haynie and Martin have had both adult and teen-age help from time to time, but the pair has done most of the work.

Haynie said that the center will be "relighted" inside as well. He plans to do this work himself.

The Good Neighbor Club, which uses the youth center for its weekly luncheons on Thursdays, converted appliances in the old kitchen into a new and smaller kitchen made out of the former storeroom.

The Mu Alpha chapter of Beta Sigma Phi already has measured the windows of the center for new curtains and hope to have them completed and hung in the near future.

The chapter several weeks ago purchased some row seats and gave them to the center because of the shortage of chairs at the center.

Richard Borgman, who recently purchased the Post Bowling Lanes, has renamed it the "Tangerine Bowl" because of the tangerine-colored paint on the exterior of the building. You'll note Richard's announcement ad on today's sport page, but he isn't quite sure of the reopening date because the 12 alleles are going to be resurfaced and the crew at presstime yesterday was authorized by recently passed 1962 Food and Agriculture Act. Detailed information on the program is available from county Agricultural Stabilization and Conservation Service offices.

Clary thank one and all for their business through the years. Payne has had 15 years experience in the service station business and now is in business for himself. Good luck, Dick Payne's announcement ad is on page 8.

# Homecoming

The dance band for the homecoming dance after the Slaton game will be "The Raiders" from Texas Tech, always popular with the teen-agers here.

Haynie and Martin also announced a box supper and dance for Saturday night, Nov. 3, for all high school age youngsters. They explained the girls are expected to provide box suppers for two and the boys are to buy the boxes. Money raised will go to make some of the teen-agers at the center.

No admission will be charged for the dance which will follow the box supper.

Used booths have been either purchased or donated to the center, the two reported. Approximately \$250 was raised for the remodeling last year with a variety of activities, but mostly featuring cake sales.

# Garza accident toll increases

Three rural accidents, in which five persons were killed, four injured and property damage amounted to \$3,890, were investigated by the Highway Patrol in Garza County during the month of September.

The rural accident summary for Garza County from January through September of 1962 shows a total of 32 crashes. As a result of these wrecks, seven persons were killed, 13 were injured and \$3,890 in property damage was done.

Post football fans are ready to begin this Friday the Antelopes' schedule with them District 4AA game which was kickoff time for five games.

It has been announced by the office of the high school superintendent that reserved seats are on sale there for the homecoming game with Slaton.

Kickoff time is moved up to 7:30 from 8:00.

CLEANING EGGS  
Eggs are food and like all food should be clean when offered to the consumer. The cleaning of dirty eggs is a serious marketing problem in Texas and is the subject of a new Extension Service publication. Copies of MP-576, "Cleaning Eggs," are available from the Agricultural Information Office, College Station, Texas, or from your local county agent's office.

# Lopes to open conference play on Frenship gridiron

An all-even mark of 3-3 in their first six games, the Antelopes will open District play at 7:30 p. m. Friday on the Frenship gridiron at Wolfarth.

The Antelopes, with four main-line players out from injuries, are expected to overcome glaring weaknesses which showed up in their first game here Friday night when Coach Harold Teal said.

Other probable starters for the Antelopes will be Danny Pierce, left end; Buddy Moreland, left guard; David Nichols, center; Larry Guy, right guard; Billy Shumard, right tackle; Kent Wheatley, right end; Pat Cornell or Butch Cross, quarterback; Delton Robinson, right halfback, and Ken Rankin, fullback.

The Frenship team, which operates from a winged-T formation, won its first game of the season Friday night—19-12 over Sudan—after five straight losses.

Playing their first season in Class AA after several years in Class A, the Tigers lost to Tahoka, 8-0, in their opener. They were defeated by Morton, 19-6; Idalou, 41-0; O'Donnell, 28-0, and Abernathy, 31-0, before beating Sudan.

"We look for Frenship to throw a lot against us Friday night," Coach Teal said. He pointed out that the Tigers have at least two good passers in their backfield, with sophomore David Brugamy having been doing the best job the past few weeks.

The Tigers' best all-around boy on offense is Vernon Rae, 158-pound senior back, who is a triple-threatener and also excels at pass-catching.

Probable starters for Frenship are: Bobby Kindred, 170, and Jerry Peek, 179, ends; Ricky Jackson, 170, and Gary Gillit, 185, tackles; Don Hobgood, 155, and Arlin Ryals, 147, guards; Donnie Snowden, 147, center, and Vernon Rae, 158, Randall Wittie, 144, Garland Boozer, 149, and David Burgamy, 144 backs.

Friday night's game will be the third time Post and Frenship have met on the gridiron. The Antelopes have won both previous games, in 1958 and 1959.

Head coach at Frenship is Gene Tyler, who is a son-in-law of Mr. and Mrs. B. F. (Boone) Evans of Post.

## NAMED OUTSTANDING IN ANTELOPES' ROSCOE WIN

Guard Buddy Moreland, tackle Pat Sullivan, halfback Delton Robinson and defensive halfback Frankie Gary were named Monday night by the 46-56 Club as the outstanding players in Friday night's Roscoe game. Robinson, who scored four of his team's seven touchdowns, was voted offensive back, and Moreland, offensive lineman. Defensive Lineman honors went to Sullivan and the defensive back nod to Gary.

# Post outlasts Roscoe in scorefest, 46-20

Post took a back seat to offense Friday night when the Antelopes downed the Roscoe Bulldogs in their final home game of the 1962 season, 46-20, in their final home game of the 1962 season.

The Antelopes, sparked by halfback Delton Robinson's four touchdowns, came from behind twice in the second half against the scrappy Roscoe eleven, left the game in the third quarter, 20-14, and scored 26 points in the second half holding the visitors to a scoreless quarter.

Robinson's touchdowns were on a 60-yard pass from quarterback Delton Robinson, a 25-yard run by Butch Smith and a 25-yard run by end Don Pieper. The Antelopes started playing catch-up in the second quarter when they were downed on a 60-yard pass from quarterback Delton Robinson, which came on a 25-yard run by Butch Smith and a 25-yard run by end Don Pieper. The Antelopes started playing catch-up in the second quarter when they were downed on a 60-yard pass from quarterback Delton Robinson, which came on a 25-yard run by Butch Smith and a 25-yard run by end Don Pieper.

Rankin was stopped on an attempt to run over the extra points.

Roscoe scored its final touchdown on the final play of the first half when London rounded end for seven yards to cap a 69-yard drive. A pass for the extra points missed its mark.

THE ANTELOPES made their fans more comfortable in the third quarter when guard Buddy Moreland blocked a Roscoe punt from the Plowboy nine and Robinson covered the pigskin across the goal line for his fourth touchdown. Roscoe had halted a Post drive by recovering Rankin's fumble on their eight-yard line. A big gainer in the Post drive downfield was a 17-yard pass from Cornell to halfback Tom Clark.

Rankin went 29 yards after taking a handoff from quarterback Butch Cross to increase the Antelopes' margin in the third quarter to 38-20, with Post again failing on their extra point try.

The final TD came with 3:47 left in the game when Gary intercepted a pass on the Roscoe 45 and scooted down the east sideline for a touchdown. This time, the Antelopes found the mark on their extra points try with Cornell hitting end Danny Pierce for the two-pointer.

## Willie Mays set for appearance at Prison Rodeo

HUNTSVILLE — Willie Mays, sensational fielder for the San Francisco Giants, will be spotlighted here Sunday, Oct. 21 at the third performance of the 31st Annual Texas Prison Rodeo.

During his personal appearance, Mays will autograph and award 24 baseballs to "fans in the stands" said H. H. Coffied, Rockdale, chairman of the Texas Board of Corrections.

Added to Mays' appearance will be the thrilling wild inmate contests featuring the best inmate cowboys of the Texas Department of the toughest stock ever assembled in the prison's 30,000-seat stadium.

Other inmate groups will be highlighted to round out the fast-moving show, beginning at 2 p. m. These groups include the Western Stringers, and the Goree Girls, with Candy Barr, former Dallas night club entertainer.

Non-inmate specialties are Cecil Cornish and his educated Brahman Bull; calf roping; trick riding; a girls' barrel race, and one of Louisiana's topflight mounted quadrille teams from Coushatta. This team called the Red River Parish Quadrille, has appeared in rodeos and other events throughout the state.

## 7th, 8th grade teams win couple from Spur

Post's 7th and 8th grade football teams scored wins over Spur's 7th and 8th graders Tuesday night at Spur.

The 8th grade eleven went on to a 36-6 victory after leading 14 to 6 at halftime. The 7th grade griders came from behind in the second half for a 20-12 win after trailing 6-0 at the halftime intermission.

Quarterback Jimmy Bartlett and end Ronnie Pierce each scored two of Post's touchdowns in the 8th grade game, with end Donnie Windham getting one.

The winners' first six-pointer came in the first quarter on a pass from Bartlett to Pierce. In the second quarter, Windham scored on a pass from Pierce and fullback Paul Walker ran over the extra points to give Post their 14-6 lead at intermission.

The third quarter was scoreless, but on the first play of the final period, Bartlett dashed 55 yards for a TD. Also in the third, Bartlett passed to Pierce for 20 yards and a touchdown and also hit the rangy end with a pass for the extra points.

Post's final TD came in the fourth quarter on a 25-yard gallop by Bartlett and Walker ran over the extras.

Tackle Filemon Vargas was outstanding for Coach Dwaine Robertson's Post team on both offense and defense. Quarterback Dick Kennedy also was an offensive standout until he had to leave the game after being "shook up."

The passing arm of quarterback Peter Morales brought Post its victory in the 7th grade game.

Trailing 6-0 in the third period, Post knotted the score on a pass from Morales to end David Connor, and in the fourth quarter the same combination clicked again with a pass to give Post a 14-6 lead. The final touchdown came on a pass from Morales to halfback Mike Petty.

Tackle Norman Tanner was a defensive standout for the Post 7th graders.

## Junior varsities downed by Ralls

Post's two junior varsity football teams, the "B" and the "C" —lost two games at Ralls last Thursday night.

The "B" team was defeated 15 to 6 and the "C" team, 24 to 12. Mike Ayala scored the "B" team's lone touchdown, while Luis Ayala and Richard Hart scored for the "C" team.

The junior varsity eleven will play Stanton's "B" team at Stanton at 10:30 a. m. Saturday.

## Jr. High teams to end season

Post's 7th and 8th grade football teams will conclude their 1962 season here Tuesday, Oct. 23, against the Floydada 7th and 8th grade elevens.

The 7th grade game is scheduled to start at 8:30 p. m., with the 8th grade game getting under way about 7 o'clock.

The usual admission prices of 50 cents and 25 cents will be charged for the games.

## Baylor's improving Bears to play Tech

LUBBOCK — Baylor's improving Bears are hosts to the Texas Tech Red Raiders in Waco Saturday night.

Like the Raiders, winless, the Bears have shown good potential this season. Turning point may have been during the Arkansas game last week, when Baylor, trailing 28-0, rallied for 21 points and nearly overtook the highly-rated Razorbacks.

Other Baylor losses have been to Houston and Pittsburgh.

Texas Tech lost more than its fourth game of the season at Fort Worth last week. Quarterback Johnny Lovelace broke a foot in Texas Christian's 35-13 victory and undoubtedly has concluded his career.

Lovelace is the third Tech quarterback to be injured. Passer Jim Ellis has been out since the Texas game with torn knee ligaments, and Richard Mahan was used sparingly Saturday night after bruising a hip against Texas A&M.

Doug Cannon is the only Raider quarterback considered at top speed.

Next week the Raiders meet Southern Methodist in a homecoming game here. Tickets are still available for the Saturday afternoon contest.

# GIRL SCOUT NEWS

**By MRS. PHIL TRAMMELL**  
 The Post Girl Scout troops are busy with registration for the current year and in making plans for their many activities, both indoors and out-of-doors. Mrs. Phil Trammell has been elected as the new neighborhood chairman and is proceeding with plans for assisting all troops with their advancement in Girl Scouting.

Leadership Caravans, which train adult leaders of Girl Scouts of the Caprock Council, have begun their program. District VIII, which includes Tahoka, Post, New Home and O'Donnell, held its first session recently in Tahoka. Instructions were given to two separate groups — new leaders' work groups and experienced leaders' work groups. Attending from Post were Mmes. Darrell Eckols, Ray McKeown, Ted Aten, Garland Davies, W. D. Williams, Jim Poer and R. J. Blacklock. Mrs. Trammell attended the first session at Camp Rio Blanco on Oct. 4. The second session will be held in Post Nov. 27.

Two new Brownie troops have been organized among girls of the second grade. Their leaders are: Mrs. Darrell Eckols with assistants Mrs. Gene Gandy and Mrs. Ray McKeown and Mrs. R. J. Blacklock with assistants Mrs. Ralph Cockrell and Mrs. Claudine Buttrell.

A neighborhood meeting with ALL adult Girl Scout leaders will be held Tuesday, Oct. 23, at 7 p. m. in the Girl Scout Little House. District Advisor Mady Flowers will be present to help us.

Intermediate Girl Scouts interested in acquiring the ice skating badge please note that Iceland has offered to train girls to meet the badge requirements. They believe this can be done in five lessons at the price of \$5. This may be paid either in advance or \$1 each time they come. This price includes the skate rental. If you are interested in further information, see your scout leader and make your plans.

## The Hand Of Trust

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Almost every frightening step of childhood is marked by a singular emblem of trust. A child's trembling fingers grope upward. A parent's warm grasp is felt. And youth steps forward into new paths, fear melting into confidence.

God must count on parental hands to lead His little ones to Him. For religious training is part of the vast unknown until Mother and Dad begin to lead their child each week to Church.

Yes! God counts heavily on our hands. There is no one else into whose palm our child's fingers slip so readily. No others can teach the early lessons of faith and prayer so simply, nor illustrate them so vividly at home.

Indeed, that loving hand of trust which leads a child to Church seems in turn to be clasped by the *hand of God*.

## Sells Bros. Circus will show twice Wednesday

Carrying on the great American tradition of the tented circus, Sells Bros. famous three-ring circus will come to Post Wednesday, Oct. 24, for two performances—4 p. m. and 8 p. m.

The circus will show at the Post Stampede Rodeo grounds under the sponsorship of the Post Volunteer Fire Department.

"The oldest and proudest name in the circus world," the Sells Bros. had their first circus in 1872 and the name lives on even now, 90 years later.

With over 30 featured acts in all three rings, Sells Bros. famous circus brings a full 60 minutes of areanais and aerial entertainment to Post.

For this, their 1962 edition, Sells Bros. presents jugglers, tumblers, and a cavalcade of clowns, death-defying aerialists wirewalk-

ing wonders, and a host of trained animal acts, including dogs, ponies, monkeys, bears, chimpanzees, high school horses, bareback riders and tons of performing elephants.

The management emphasizes that no games of chance or gambling are carried with this show, and that the entire circus is good clean entertainment for the entire family.

### Area field personnel of FHA to convene

TEMPLE — L. J. Cappleman, state director of the Farmers Home Administration, announced today a meeting of all field personnel of FHA Areas 17, 19, 20 and 21, consisting of some 60 employees, to be held at the Herring Hotel, Amarillo, on Oct. 22 and 23.

This is one of five such meetings to be held over Texas to explain to the field personnel the policies and programs of the Farmers Home Administration for the 1963 fiscal year. The other four meetings were scheduled to be held in Corpus Christi, Nacogdoches, Temple and Abilene.

When the New York World's Fair opens in April, 1964, one of the features will be a circus operated by John Ringling North.

If everyone in Post ate at the Snak-Shak we'd be able to run bigger ads.

## Proud Heirs Dinner is to be Wayland event

PLAINVIEW — Proud Heirs Dinner at Wayland Baptist College, Plainview, will give special recognition to 82 students from families which have made attendance at Wayland something of a family tradition. The group, which has increased by 27 over last year's membership, will meet at 6 p. m. Thursday, Oct. 18, in the Heritage Room of Van Howeling Memorial Library for a dinner in their honor.

Among those who have brothers, sisters or parents who have attended Wayland is Alice Frances Spencer, Post, daughter of Mr. and Mrs. J. F. Barron, Rt. 2, Post and James G. Barron, son of Mr. and Mrs. J. F. Barron, Rt. 2, Post.

The Texas petroleum industry employs some 221,000 persons (about 1 out of every 14 Texas workers) with wages of \$1.3 billion annually.

### DIAGNOSIS ESSENTIAL

Should disease strike your crops, shrubbery, or lawn plants, an accurate diagnosis is essential in planning a preventive program. Aid in diagnosing the disease may be obtained by consulting your local county agent, nurseryman or pest control operator. Also, Texas A&M College operates diagnostic laboratories at College Station and Weslaco.

The longest application ever filed at the U. S. Patent Office had 206 pages of text and 354 drawings.

## EXCITING! GO '63 CHEVY II

SPUNKY NEW WAGONS THAT LEAD LONGER, HAPPIER LIVES

What a new kick you'll get out of going places in this one! And what a solvent feeling you'll get as the savings on upkeep mount! There's a full line of models, including three wagons. Basically, we've kept Chevy II's liveliness and roominess and easy loading ways. Kept its crisp looks, too (with a bit of freshening here and there). The changes we've made weren't for change's sake, you see—but for yours. Just for a sample: the brakes are self-adjusting. The new Delcotron generator gives you more electrical reserve power and helps your battery reach a vigorous old age. The Body by Fisher

beauty lasts longer, too; air pushes rain and wash water down through the rocker panels (where most rust begins!) in a clever new flush-and-dry system. The ride is smoother and quieter because of a large number of small improvements we've made. And things are a lot plusher inside. Now you've read this far, haven't you? Isn't that good evidence that Chevy II is made for you? The clincher will come when you take the wheel at your Chevrolet dealer's.

the make more people depend on

See four entirely different kinds of cars at your Chevrolet dealer's... Chevrolet, Chevy II, Corsair & Corvette.

## SERMON TOPICS

Sermon topics for Sunday services at the Assembly of God Church were announced today by the Rev. J. R. Brinfield, pastor. At the 11 a. m. service, "Who Is Your Master?" taken from Romans 6:16 is the topic. The sermon for 7 p. m. is entitled, "Are You a Citizen of the Kingdom of Christ?" taken from Ephesians 5:5. The public is invited.

## Culture Club is continuing study, Central America

Continuing the course of study for the year, the Woman's Culture Club, enjoyed a program on Central America when they met Oct. 10 in the Community Room with Mrs. Robert Sinner and Mrs. J. F. Storie sharing hostess duties.

Mrs. Louie Burkes introduced the topic of study for the day with interesting highlights on "Costa Rica—Literary Country". She introduced Mrs. Ruth Stewart who discussed "Guatemala—A Colorful Nation". Mrs. Stewart used graphs and pictures to illustrate the climate, dress, market place, lakes and mountains.

Mrs. M. J. Malouf gave a talk on "Honduras—Rugged With Mountains". She pointed out that Honduras was so named by Columbus because of the depth of the water—there was no shallow water to drop the ship's anchor.

The meeting was closed with the members reciting the club collect. Those present were: Mmes. Frank Blanton, Burkes, J. H. Haire, Homer Irons, Malouf, James Matthews, Stewart, Harold Teal, C. R. Thaxton, E. A. Warren, Storie, Sinner, and two new members, Mrs. Bruce Evans and Mrs. Julius E. Tanner.

## Shirley Isaacs is party guest

Miss Yvonne Moreland and Miss Wyanza Windham entertained with a farewell party for Miss Shirley Isaacs last Friday night after the Post-Roscoe football game in the home of Mr. and Mrs. E. R. Moreland.

The group listened to records and visited.

Those attending were: Lynn Edwards, Kent Wheatley, Betsy Shytle, Pat Cornell, Shearon Meisch, Becky Thompson, Freddie Simmons, James Mitchell, Meredith Newby, Dickie Vardiman, Cheryl Martin, Vivian McWhirt, Jackie Fluit, Mary Ann Stone, Benny Owen, Frankie Gary, Susan Ramsey, Pamela Stewart, Buddy Moreland, Ronald Storie, the honoree, Buteh Cross, Ronald Simpson and the hostesses.

## 55 CLUB TO MEET

The 55 Home Demonstration Club will meet next Tuesday at 9:30 a. m. in the home of Mrs. Robbie Oakley, 615 West 3rd St. The program will be, "Quick and Yeast Breads." Anyone interested in attending is cordially invited.

 "OUR 16TH YEAR IN POST"

**Thanks, Folks**

After 26 years of operation in Post, we have sold Iven Clary's Conoco Service Station business to Dick Payne.

We want to thank all of our loyal customers over the years for your patronage. We want to give a special thanks to Chester Schafer for continuing the operation of the station after Iven's accident.

We recommend that you not break your filling station habit and continue to trade at the station with Dick Payne.

Chester will operate the Bear Machine Shop behind the station.

**GUARANTEED WARRANTY**  
**WITH EVERY USED CAR SOLD**

**15%**

**Discount on ALL Parts and Labor for One Full Year (At No Extra Cost to You)**

Here are 6 reasons why GW is the BEST used car warranty:

1. The Guaranteed Warranty, unlike most types of merchandise warranties, not only guarantees you 15% discount on all parts, but also guarantees you 15% discount on ALL LABOR for non-collision repairs... and is good for ONE FULL YEAR without any mileage limitation.
2. The Guaranteed Warranty assures you a true discount because you do not show the official GW Certificate UNTIL AFTER the repair work is done.
3. The Guaranteed Warranty plan is a permanent program, endorsed and supervised by the Texas Automobile Dealers Association.
4. The Guaranteed Warranty, unlike other used car warranties, is good at over 10,000 franchised new car dealers throughout the U. S. and Canada... not just at the selling dealer's place of business.
5. The Guaranteed Warranty assures you of quality warranty service by factory-trained mechanics with genuine factory parts and special tools, BECAUSE only franchised new car dealers can qualify as members of the Guaranteed Warranty plan.
6. The Guaranteed Warranty affords you more economical safe driving BECAUSE, unlike other warranties, it also includes most maintenance items such as tires, mufflers, batteries, brake adjustments and linings, lights, spark plugs, tune-ups, wheel balancing, front end alignment, etc.

## P-TA open house at schools to be held at 7:30 tonight

Open house will be held at the Post schools when the Parent-Teacher Association meets Thursday night at 7:30 in the Primary School auditorium.

It will also be membership night and parents are asked to join the organization at that time. Memberships for only 50 cents may be purchased at the auditorium or in the classrooms.

There will be a short business meeting with the proposed projects for the year presented for the clubs approval. These projects include the \$250 college scholarship, clothing for needy children, Elementary School library and working in conjunction with other civic organizations on improvement of the Junior High gymnasium.

Phil Crenshaw, president, will introduce the school principals who will, in turn, introduce new faculty members and their families.

Parents will then be dismissed to visit their children's rooms and meet the teachers. Room count will be taken in the rooms to save time and confusion at the auditorium.

Refreshments will be served in each school with the hospitality committee in charge.

Meeting Monday night to plan the Thursday meeting in the Reddy Room were: Mr. Crenshaw, Jim Rogers, Darrell Stone, and Mmes. Harold Teal, B. D. Litton, George Miller, Ike Trimble, Jim Poer, Warren Yancey, Odean Cummings, Garland Huddleston, Herman Raphael and Jim Cornish.

Mrs. Robert Cox will be hostess for the next meeting Oct. 26.

Mrs. Georg Miller served cake and coffee.

## Wilbur Morris home scene of shower for Miss Kathy Stone

The bride's chosen colors of magenta and white were carried out in the decorations when Miss Kathy Stone, bride-elect of Gerald Dean Jr., was honored at a bridal shower Oct. 8 at the new home of Mrs. Wilbur Morris, Route 3.

Calling between the hours of 7:30 and 9:30 o'clock, the guests were greeted by Mrs. Morris, the honoree, her mother, Mrs. James Stone and Mrs. Gerald Dean Sr., of Capitan, N. M., mother of the prospective bridegroom.

The 55 guests were registered by Miss Janene Haynie. Assisting with hostesses were Misses Vivian McWhirt, Mary Ann Stone, Peggy Ray and Mrs. Lewis Mason.

Cake squares, nuts and mints were served from a table laid with a white lace cloth over white. The

centerpiece was an arrangement of chrysanthemums with shades from rose to magenta made with silver love birds and bells. A silver heart, with the names, "Kathy and Gerald" formed the background. Tapers wrapped with magenta ribbon and milk glass appointments completed the decor.

Hostesses were:

Mmes. Carl Fluit, Chester Morris, Jimmy Doggett, Theibert McBride, Ray McClellan, Elva Peel, Delmer Cowdrey, Elmo Bush, Ambrose Parrish, Quanah Maxey, Bill McMahon, Lucille McBride, Sexton Huntley, Grover Mason, Lewis Mason, Noel White, Mack Ledbetter, Bryan Maxey, Vera Mae Gossett, Melvin Stewart, Travis Guy and Morris.

## Shepherd-Brown wedding to be event of Christmas holidays

Mr. and Mrs. Otis G. Shepherd Jr., announce the engagement and forthcoming marriage of their daughter, Reba Sharlene, to Jimmy C. Borum, son of Mr. and Mrs. Clyde Borum of Lubbock.

The marriage will be an event of the Christmas holidays with the date set for Dec. 23 at the Calvary Baptist Church.

Miss Shepherd is a senior at Post High School and will be one of the spring graduates. Mr. Borum is stationed with the Army at Fort Sill, Okla.

All women college graduates are invited to an organizational meeting of the American Association of University Women to be held Sunday, Oct. 21, at 2 p. m. at Tahoka.

Mrs. Fay Brown, state AAUW, president, will be in Tahoka to help with plans for organizing a branch chapter. The meeting will be held in the cafeteria of the South Elementary School on North 3rd St.

## It's My Turn ...

—By MRS. C.

It would have been a bet that I would have seen a better game had they stayed over the weekend instead of the biggest football crowd in history, but a football game of town is mighty morale.

It has been a few years since I attended an Oklahoma University of Texas football game and I don't believe we had one there on a Friday night. Downtown Dallas is rather quiet on a Friday night with the participants in bermuda shorts and white shirts as their way to the theatre (do I chuckle or two) early in the evening—not after midnight.

I'm not sure I'll ever forgive Texas Tech for all the agony I went through. However, Mr. C realized I'd about had it so treated me to the biggest steak the "Cattleman's Steak House" serves.

We've about got a full house as far as correspondents are concerned. Mrs. Edgar Moseley joined us last week to write the Southland news, and Janet Sue Ray, of Barnum Springs way, is trying her young hand for that area. From the looks of her first column, she has it made.

Mrs. C. H. Bronson, our Kalgary correspondent, furnished us with a big chuckle last Tuesday in an otherwise bleak day. We hope she won't mind telling on her. She was writing about the new cafe at the White River dam location and so worded the following sentence: "The cafe will be for the dam employees." The second from the last word was crossed out and ended thusly: "employees of the dam."

Since punching Charlie Didway's "dope" story on the Post-Roscoe game I can only hope we play another "lousy" game this Friday night at Frenship.

### Mystic Sewing Club meets in Southland

The Mystic Sewing Club met in the Southland home of Mrs. Mary Ellis last Friday afternoon.

Sandwiches, potato chips, cake and coffee were served after an afternoon of sewing and visiting.

Those present were Mmes. Lillie Short, Thelma Kuykendall, Jimmie Hudman, Flora Ardis, Estlea Nichols and Eva Bailey.

Mrs. Mae Shipley will be hostess for the next meeting, Oct. 26.

## Newspapers make a difference

"Newspapers make a BIG difference in people's lives." That is the well-chosen theme of National Newspaper Week, Oct. 14-20.

Each year a week is designated National Newspaper Week—a week when you can look at us, and we look at ourselves.

The prime reason newspapers make such a big difference in people's lives is because in them you harvest a bumper crop of news about homefolks you know, what's happening in your town, your county, your state, your world.

In your newspaper you find local news, sports, farm reports, club events, civic affairs, legal publications, births and deaths, school news and events, pictures, editorial comment.

Yep, there's no doubt about it—newspapers make a big difference in people's lives.

It makes a big difference to home owners and to other taxpayers whether taxes go up or down, whether fire and police protection is adequate. Newspapers keep them informed.

It makes a big difference to housewives whether or not they get the most for their money when they shop for food, furniture or fashions. Newspapers help them to shop intelligently.

It makes a big difference to sports fans whether their hometown teams win or lose, where they play next. They find it out in their newspapers.

It makes a big difference to merchants whether or not customers are attracted to their stores. They use newspaper advertising to make this happen.

Newspapers make a big difference in the lives of everyone because newspapers serve everyone

in so many special ways.

National Newspaper Week, in affording us the opportunity to look at ourselves at least once a year, never fails to remind us of our basic function as a disseminator of information.

We, here at The Dispatch, feel that we have a responsibility to the community we serve, and if we are not meeting that responsibility, it isn't because we aren't trying. Newspaper mistakes are legion. They are made the butt of many jokes. Yet, if one will weigh the average newspaper's accuracy against its unintentional inaccuracy, one will find that the newspaper is right much, much more often than it is wrong.

In the newspaper business, there is perhaps a wider margin for error than in any other business. Few, if any, business institutions, however, are as willing and as eager to correct an error or retract an inaccuracy as a newspaper.

We realize that the permanency of the written word—its availability for later close scrutiny and intensive study—makes it all the more important that everything we print is accurate. At the same time, we are cognizant of the fact that this same permanency and availability of the written word provides the opportunity for the reader to delve below the surface of the issue and probe the principles underlying it. That is something news-hungry readers do not get through other media, despite those media's speed in transmitting information.

After you have finished reading this editorial, take a look at the Newspaper Week cartoon at the top of this page. It brings home another reason why newspapers make a big difference in people's lives—in a free world.—CD

## Band, pep squad help grid season

One of any school's top organizations that almost gets lost publicity-wise during the football season is the high school band. Our town, alas, is no exception. The same goes for the well-organized pep squad.

Sportswriters, sometimes hopelessly "lost" on Friday night or Saturday morning in a maze of hastily-written notes on the game itself, rarely find time to praise the band and/or the pep squad. Both, however, are richly deserving of praise for their efforts, particularly the band and pep squad representing Post High School this season.

Bruce Evans, in his first year here as band director, is doing a wonderful job with the young musicians. They were on the gridiron an hour early Friday night to get in as much drill as possible before the football players took over the gridiron, and the bandsmen put on an enjoyable practice demonstration for the fans who had come out early.

The 50-member Antelope band, its two competent drum majors and its five high-stepping majorettes have put on crowd-pleasing halftime shows at all games this year, at home and away. Nor does the band's year end with the football season. It'll go right on up to the end of the school term with a busy schedule, including public appearances on various occasions and the Texas Interscholastic League contests in the spring.

The Antelope pep squad, which took on new stature last year, is also a crowd-pleaser and for the second straight year is helping generate more enthusiasm among the football crowds than any similar organization in the school's history.

Both the band and the pep squad help make any football season better. And their work doesn't end there. It continues right on through the school year.—CD

## Rural 'phone service nearer

It appears now that we can look ahead to one of 1963's big news events in Garza County—the inauguration of telephone service for more than 125 rural homes now without it.

The rural telephone service will be one of the biggest steps of progress made here in a long time, and if the project keeps going along at the same steady pace it has been, that service will become an actuality before the end of the coming year.

James Wright, manager of Caprock Telephone Co., Inc., which will install and operate the new service, told The Dispatch last week that a site has been purchased for the central dial office and that building contract is to be let soon, as well as a contract for construction of the telephone lines.

The telephone company manager informed The Dispatch that progress is being made with General Telephone Co. on plans for extended area service, which would mean the establishment of toll-free service between the areas served by the new system and subscribers living in Post.

Folks living north, northeast, east, southeast and south of Post have been wanting telephone service for a long time and showed it by subscribing early to get the project started some two years ago. Since that time, it has seemed a rather slow process, but such projects take time to get rolling. It appears now, however, that before too many weeks the word will be "Go" right on to the inauguration of the long-awaited telephone service.—CD

## Best time now for flu shots

Residents of Garza County should do themselves the favor of obtaining protection against Asian flu by becoming vaccinated now.

Health officials say an unusual number of cases of Asian flu are expected this winter. They are urging everyone to visit his doctor for the two shots necessary for immunization. People who had their shots last year should take a booster shot this year.

A number of weeks are required to build up immunization, so the importance of becoming vaccinated as soon as possible is being emphasized. The number of cases of the flu is usually highest in January and February.

Being ill with the flu is no fun and can be very dangerous. When it can be guarded against so easily, it is a shame for anyone to neglect to do so.—CD

## What our contemporaries are saying

One reason so many children are seen on the street at night is because they are afraid to stay home alone.—Neal Estes in The Stanton Reporter.

All signs are pointing toward an early and hard winter. For instance, there have been numerous porcupines coming into town and seeking a place to bed down for the winter. This is an old Indian sign that the weather will turn cold early and that the temperature this winter will be lower than usual.—Fort Stockton Pioneer.

Lon Pate, editor of the Haskell Free Press recently noted a sign which read: "Remember the Alamo—and Forget Billy Sol Estes." It might be an ideal solution. Unfortunately, it isn't practical. We can't forget the man until the trials are over. In fact, we'd better not forget until the federal government figures out a way to prevent similar irregularities.—Pat Bennett in The Crosbyton Review.

The League of Women Voters of Texas, with headquarters in Waco, is performing a worthy and needed service. It is working to "promote responsibility through informed and active participation of all citizens in their government."

With a non-partisan policy, this group of women publishes and distributes a Voter's Guide to help prepare citizens to cast an informed vote. With 14 proposed amendments on the general election ballot, a big majority of voters are likely to be in the dark on how to vote intelligently on election day. The Voter's Guide carries something about the backgrounds, qualifications and programs of most of the state candidates. In addition, it summarizes the arguments for and against each of the proposed 14 state state amendments that will be on the general election ballot.—Neil Van Zandt in The Gaines County News.

They say that going to college nowadays has become so expensive that even the football players are writing home for money.—Harold Hudson in The Ochiltree County Herald.

THIS, your own Hometown Weekly Newspaper, invites you to mark National Newspaper Week with us. It is a week set aside to remind Americans of a right, basic in this country: The Right to Know. We pledge anew that our publisher and his entire staff will continue to dedicate every effort to keeping this the best informed community in the country.

We extend sincere thanks to each and every reader for their keen interest in this paper, as reflected in our ever-growing circulation. We thank all those who have assisted us by bringing in news or pictures to help us give complete, accurate, courageous coverage of this area. Our thanks go to our advertisers for their confidence in investing their advertising dollars with us. Their support continues to enable us to give our readers in this community a better and better newspaper.

THE MAN UP the street says a lot of books tell us how to manage when we retire, but that he wants one that tells him how to manage until.

A lot of Republican jokes about the Administration are floating around and I've even seen one or two in this newspaper in recent weeks. So, here is one that can be labeled either as a Democratic joke or, at least, as an Independent one:

THE NEW TV season probably is far enough along by now that you've pretty well made up your mind as to which of the new programs you like, dislike or can take or leave. With football and a number of other night activities, I haven't had much time to take stock of the new shows, but I have watched "The Beverly Hillbillies" on Sunday nights a couple of times. I've always liked hillbilly shows (you figure out why), but this new one goes to extremes in exaggerating the abysmal stupidity and "corn" of the Clampett clan. Even such an intentionally ridiculous show as "The Beverly Hillbillies" should bear some semblance of credibility, and it is impossible to believe that any family living in America today could have come from so far back in the sticks that they'd be as ignorant as the Clampetts.

Of the other new shows, "The Virginian" and "Empire" are both too long—90 minutes—and few of the others are worth watching, especially if there is something else to be done. Whoever said this new season would be the best one yet for the channel viewers missed the mark—by about as far as the combined times of "The Virginian" and "Empire."

BY THE WAY, though, I heard the best "sick" comedian joke of the new season Sunday night. Dick VanDyke said he was so unlucky that if he bought a pumpkin farm, they'd call off Halloween.

Someone who remembers the "crazy" classified ads I commented on in this column some time back, sends in another:

FOR SALE: A folding bed by a lady that shuts up and looks like a couch.

THE YOUNG BRIDE was complaining about her husband's drinking. "Why did you marry him, if you knew he drank so much?" asked her mother. "I didn't know he drank at all," said the bride. "until he came home sober one night."

Elsewhere in today's Dispatch, you'll find the new Girl Scout news column being written by Katharine Trammell. Katharine brought the column in last week, but along with a number of other choice news items, it was held over until this week because of a space shortage on the last four pages we printed.

THE COLUMN RAN a few years ago under Katharine's by-line, and we're sure it'll be enjoyed just as much now as it was then. She does an excellent job of keeping the readers up to date on Girl Scout activities.

A. C. Cash, president of the Post Ex-Students Association, is one of the town's busiest men nowadays, getting things in shape for Friday week's big homecoming event. But A. C. never gets too busy to drop by The Dispatch office and let us know what's brewing in the way of homecoming plans.

ON THE SUBJECT of homecoming, the Post Lions Club is due a big vote of thanks for taking on re-wiring of the Junior High gym as a club project. That is where most of this year's homecoming activities will take place, and the gym is expected to be ready for the Oct. 26 event. And the Lions aren't the only ones at work to improve the gym. Ex-students have repainted the bleachers and other woodwork, and Ronnie Bouchier of Manhattan Construction Company, the dressing rooms.

**PLAYOFF CONTEST IN PROGRESS**

This is one of the "late hour" playoff games necessary to determine the winners of the second place team trophies in Monday night's domino tournament, Jackie Payne (left) and D. C. Roberts (right) beat J. B. Robinson (facing camera) and J. D. McCampbell in this game, then went on to beat Walton McQuien and Jack Taylor for runner-up honors.—(Staff Photo)

**DOMINO CHAMPIONS RECEIVE TROPHIES**

Champions of the Garza County Domino Tournament held Monday night as a part of the Farmer-Rancher Appreciation event were Harry Short (left) and Lee Mason (center). Mason is receiving his trophy from Punk Peel, who assisted Bob Collier in directing the tournament. Collier was in the picture, handing Short his trophy, but our picture editor cut him out because he was trying so hard to make Peel smile that he wasn't recognizable.—(Staff Photo)

# Farmer-Rancher supper is big success, 450 out

The Appreciation Supper for farmers and ranchers Monday night attracted approximately 450 persons, with about half of them staying around for the Garza County Domino Tournament, either as players or spectators.

Held at Antelope Stadium under perfect weather conditions, the event was labeled "a big success" by the Post Chamber of Commerce, the sponsoring organization.

J. B. Potts, Chamber president, said the organization plans to make the supper an annual affair, one which should grow in size.

About 40 door prizes were awarded the guests, who were the farmers and ranchers, by the hosts, who were the business and professional people of Post.

The door prizes were awarded following the chicken barbecue supper, prepared by Wilf Scarborough and his corps of helpers.

Certificates were handed out for the door prizes, with the winners going to the respective stores to pick up their prizes. A Chamber advertisement on page 8 of today's Dispatch lists all the hosts for the supper.

The west side bleachers of Antelope Stadium made a perfect "sitting, eating and visiting" place for the diners.

The food was served from two lines of tables set up at the north end of the bleachers.

The Beta Sigma Phi sorority handled the registration of guests. Potts expressed his thanks to the sorority and all who served on the many committees for the event.

As predicted, the Garza County Domino Tournament ramrodded by Bob Collier, was the highlight of the evening.

Twenty-seven tables for dominos and five for "42" players were set up on the floor of the Junior High gym, with only the domino players competing for the tournament trophies.

Considering that some of the domino players gave others a chance to play before proceeding through their entire 10-game card, it is believed that well over 200 were playing at one time or another. In addition, there were large numbers of spectators—known as "sweaters" by old-time domino players.

Collier was assisted in keeping the tournament moving by Punk Peel. A number of others, including Mike Custer, Sexton Huntley and Alvon Young, assisted by setting up the tables for the tournament.

Named as the championship team of the tournament was Lee Mason and Harry Short, whose card showed nine wins against only one loss.

## Barton funeral is held Monday, Baptist Church

Funeral services for Mrs. Clark Barton, a resident of Garza County since 1918, who died at 11:45 a. m. Sunday at Methodist Hospital in Lubbock, were conducted at 3 p. m. Monday at the First Baptist Church.

Mrs. Barton and her husband has lived in the Pleasant Valley community since their marriage Jan. 3, 1931.

Mrs. Barton had been in ill health for nearly five years.

She was born Minnie Velma Dunlap on Oct. 6, 1911 at Rochester, Tex., moving here with her family in 1918. She had been a member of the Baptist Church since childhood.

Officiating at the funeral services were ministers Joe Green, Will Draper and C. B. Hogue, pastor of the church. Vernon Scott sang two solos.

Interment was in Terrace Cemetery under direction of Mason Funeral Home. Pallbearers were W. D. Livingston, Cecil Lee, Grady Wilson, Gene Gollehon, Elmer Hiitt and Carl Chilcoat.

Mrs. Barton is survived by her husband; one daughter, Mrs. Helen Thomas of Post; her mother, Mrs. Mattie Dunlap of Post; one sister, Mrs. Ara Mae Turner of Collinsville, Okla.; two brothers, Marvin Dunlap of Post and Avon Dunlap of Lubbock, and one grandson.

## Absentee voting gets under way

The Democrats have first place in the extreme left column—on the general election ballot for Garza County, which became available Wednesday at the county clerk's office to those wishing to vote absentee for the Nov. 6 election.

The ballot arrangement was made by the county election board, which is composed of County Judge E. Parker, County Clerk Carl Cederholm and County Sheriff Fay Claborn.

The Dispatch went to press shortly today—Editor Charlie Diddy is in Garza Memorial Hospital with the flu. Charlie stuck to his job yesterday afternoon until he was in the hospital. Of such stuff are good country editors made.

One of the nice surprises at the Farmer-Rancher Appreciation Supper Monday night was the much improved looks of the junior high school where the domino tournament was held. The seats have been painted a light green by a group of volunteers which included A. C. Stone, Darrell Stone, Charles Lutz, and Henry Wheatley. The painting of the restrooms in a new whiteness was a contribution of the Manhattan Construction Co., via Ronnie Bouchier.

The appreciation supper clicked like clockwork. Our congratulations to all who had a part in it. Planning was complete and the details were well handled. Such a fine start it should be steadily through the years.

On pages 4 and 5, the reader note that Iven Clary has sold filling station business to Dick Payne and that Payne has renamed the station, "Dick Payne's Convenience Service." Iven has been operating the station for the last 25 years. On page 4, Mr. and Mrs. (See POSTINGS, Page 8)

## Survey shows teenage girls are 'poorest fed' in county

The poorest fed segment of Garza County's population are teenage girls from 10 through 19, Mrs. Smith, Garza HD agent, told the Rotarians Tuesday noon at the weekly luncheon.

Explaining interesting facts from a nutrition survey of the county, Mrs. Smith asked how many Rotarians have ever watched school youngsters during the noon recess buy "a Coke and candy bar" for their lunch. "It's a problem in our schools," she said.

She said too many teenage girls don't eat the proper foods.

The next poorest fed segment of the county folks are the mothers who give their portions to their children. There is not enough to go around. Other interesting items reported

"We merely followed the pattern of the sample ballot sent us in arranging the party columns on the ballot," Cederholm said.

The clerk said that as far as he knows, no request was made that a drawing be held for places on the general election ballot.

Local election officials are not required by law to hold drawings for party positions on the general ballot. In some counties, however, drawings were held when requests for them were made.

The general election ballot for this county is 23½ inches long and 11 inches wide. Columns from left to right on the ballot are Democratic, GOP, Constitutional, Independent and Write-in.

Thirty-one Democratic candidates and nine Republican candidates are listed.

The ballot also includes the 14 constitutional amendments to be voted on Nov. 6.

Absentee voting will close three days before the election.

**Garza gets new wildcat test**

A 4,500-foot wildcat, the No. 1 Mary Massey, will be drilled in northeast Garza County, 13 miles northeast of Post.

To be drilled by John Mark McLaughlin of Snyder, Texas American Oil Co. and Dillard & Schiemenz, both from Midland, the test well will be located two miles north of Post (Glorieta) Field production, three-fourths of a mile northeast of an 8,206-foot duster, and one and one-half miles west of an 8,156-foot failure.

Drill site spots 467 feet from north and west lines of Section 13, Block 8, H&GN survey.

County buys two new sheriff patrol cars

The Garza County commissioners court Friday voted to accept the bid of Tom Power—Ford for the purchase of two 1963 Ford Galaxies with 330 horsepower engines for the county sheriff's department at a cost of \$2,098 each.

Other bidder was Collier Chevrolet-Olds Co.

**First waterflood for Garza okayed**

The first waterflooding project for Garza County has been approved in Austin by the Texas Railroad Commission.

The water injection is approved for the Post (Glorieta) field in the extreme southeastern portion of the county on application of the Consolidated Oil & Gas, Inc.

Estimated extra oil recovery is 600,000 barrels.

No details on when the water flood project would get under way were available here this week.

by Mrs. Mrs. Smith in her talk: Lower income bracket families are usually just as well fed as the higher brackets because they are "more selective" in their food buying while many higher income families purchase the extras which have little nutrient value.

There are 1,709 families in Garza County and in 38 per cent of them the homemakers are employed. This creates the problem, Mrs. Smith pointed out, of the homemakers not having the time to cook properly for their families.

She reported the media income for a Garza County family is \$5,150, as compared with only about \$3,000 for the state as a whole.

Only 11 per cent of the county's population fall in the 60 years and

## Cotton harvest at standstill, outlook improved

Wednesday morning's light shower, which put something like .2 of an inch of moisture in local rain gauges, brought Garza's slow moving cotton harvest to a complete halt.

Most gins report only a dozen or more bales to date.

The exception is the Storie Gin, west of Post, where about 100 bales already have been ginned.

Most Garza cotton farmers are waiting for the big freeze to strip their cotton.

The longer away the freeze is, the better the prospects are for the cotton crop. Reports now indicate the crop is doing surprisingly well. What cotton that has been ginned isn't taking nearly the pounds required last year for a bale.

In fact, if the freeze holds off long enough some are saying the 1962 crop, money-wise, will be every bit as good as the 1961 output.

The Wednesday shower, while delaying the cotton further, is not believed to have caused much damage.

Light, drizzling rain began falling again early today, but the rainfall was not as heavy or damaging as farther north on the plains.

## Small Korean boy to arrive Sunday

Dr. and Mrs. Jim Matthews will fly to Chicago Saturday to pick up their son—a 13-month-old adopted Korean boy who they have named Robert.

His Korean name is Lee, Sang Moon.

The child is one of four being flown to this country for adoption. The other three are going to New York.

The Matthews will fly back to Lubbock Sunday afternoon with Robert.

Dr. Matthews was notified by phone from the West Coast Tuesday that they could pick up the child Friday night in Chicago, but yesterday he received another call not to go to Chicago until Saturday as the boy was being put on a better and later flight from Korea.

The Matthews sent in the first papers seeking to adopt a Korean boy May 20 and were assigned the child in July.

The local physician and his wife have two daughters, Kathy, 5, and Lauri, 3.

Everybody was reported excited in the Matthews household today.

Robert doesn't know English yet, but children that age have a way of understanding.

The boy was secured through Holt Adoption, Inc., started by an Oregon wheat farmer who used to fly Korean orphans to the U. S. by the plane load and now operates a big orphanage in Seoul.

"We won't be going out much for a couple of weeks," Mrs. Matthews told The Dispatch last night.

"The agency tells us to keep the boy at home with us for that long without taking him out so he can get used to us," she explained.

## Big homecoming crowd is expected here Oct. 26

Ex-students and teachers planning to attend the Post schools' homecoming supper Friday, Oct. 26, are requested by A. C. Cash, president of the Ex-Students' Association, to make their reservations with Charlie Luttrell, secretary, as soon as possible.

Cash said today that one of the largest homecoming crowds in history here is expected to attend the annual event, which begins Friday afternoon of next week and carries through to a number of class reunions Saturday morning.

Registration, buffet supper, business session, honoring of the "most popular" ex-teacher as selected by ex-students and crowning of the exes' homecoming queen will make the homecoming program a crowd-ed one.

The Junior High school gym, where most of the activities will be held, is being repainted, re-wired and other wise "fixed up" for the occasion.

One of the highlights Friday night will be the homecoming football game at 7:30 between District 4AA foes Post and Slaton.

In the race for the exes' homecoming queen, with votes selling at a penny each, are June Peel, Mary Lou Stone, Sue Pennington, Betty Yancey and Skeeter Justice.

Mrs. Sherry Josey is chairman of the queen contest.

Others named recently by the ex-students' president to assist in the various activities include the following:

## Record entries in Fire Prevention Week contests

The poster and essay contests held in the schools here last week during National Fire Prevention Week are believed to have attracted the largest number of entries of any contest of its kind ever held here.

More than 60 essays on fire prevention school and several hundred fire prevention posters were made and entered in the primary, elementary and junior high schools.

Fire Chief Robert Cato, Ira "Dad" Greenfield, who helped handle the contest entries, and other members of the Post Volunteer Fire Department expressed themselves as well pleased with the response to the essay and poster contests. They thank the students, as well as the teachers, for the outstanding response.

In the high school essay contest, Shirley Collier won first place; Argan Robinson, second, and Carol Camp, third.

Poster winners by schools were: Primary—Dorothy Rambo, first; Christine Follis, second; Roger Reno, third.

Elementary: Kathy Jones, first; Brenda Lee Williams, second; George Torres, third.

Junior High: Brenda Ward, first; John Cato and Emily Potts, second; Patsy Pierce, third.

In each school, first, second and third place prizes of \$5, \$3 and \$2 were awarded.

## ON COLORADO HUNT

E. R. (Buster) Moreland and Wayne Pennington left yesterday for a deer hunting trip into Colorado. Joining them for the hunt were John Jones, former Post resident who now lives in Wichita Falls, and Buster's brother from Beeville.

## Croft no longer on police force

Dearl Croft is no longer with the city police department, as of Oct. 15, Police Chief Elton Corley said yesterday.

The reduction leaves Corley and policeman Junior Shepherd as the only members of the force, but plans are to hire a third man soon, Corley said.

Croft had been a member of the police force for about five months.

## Heart attack fatal to Colorado-bound hunter

Herbert Gummelt, 66-year-old Waco man, suffered a fatal heart attack about 7 p. m. Wednesday seven miles south of Justiceburg while enroute to Colorado with three companions on a deer hunting trip.

A retired Veterans Administration employee, he had been a resident of Waco for many years.

His body was returned today to Waco for funeral services and burial by the Hudman Funeral Home.
