**STATE SALES TAX AND AGRICULTURE**

Several questions have been received concerning the application of the State Sales Tax to agricultural production goods. The Comptroller's office has not made rulings on some of these specific items, but Ruling No. 13 does cover certain items.

According to this ruling, "Persons engaged in the business of selling tangible personal property to those engaged in agricultural pursuits in the State of Texas shall be required to collect the tax imposed by this law. However, there are items specifically exempt from the taxes imposed by this statute when sold to those persons engaged in agricultural pursuits."

Articles exempted from the sales tax under Ruling No. 13 include "The sale of, storage, use or other consumption of any form of animal life of the kind which ordinarily constitutes food for human consumption." This would include beef cattle, poultry and swine. Also exempted is feed for these animals. Dog food, horse feed and bird seed are examples of feeds not exempted.

Seeds and annual plants which produce food for human consumption, and fungicides, insecticides and fertilizers applied to them are also exempted under the ruling. Trees, bedding plants, household insecticides and lawn fertilizer are examples of commodities not exempted.

The ruling also exempts "Farm machinery or equipment exclusively used or employed on farms or ranches in the production of food for human consumption, feed for any form of animal life or other agricultural products to be sold in the regular course of business." It has been ruled, however, that parts for farm machinery and equipment will be taxed.

It will require some time for the State Comptroller to issue rulings on the multitude of items that fall into the "gray" areas of the statute's meaning. As soon as specific rulings can be had, they will be passed on to the public.

## Mastitis to get major attention at course

COLLEGE STATION —Mastitis, the most common and costly disease of dairy cows, will get major attention at the upcoming Dairyman's Short Course, Nov. 30-Dec. 1 at Texas A&M College.

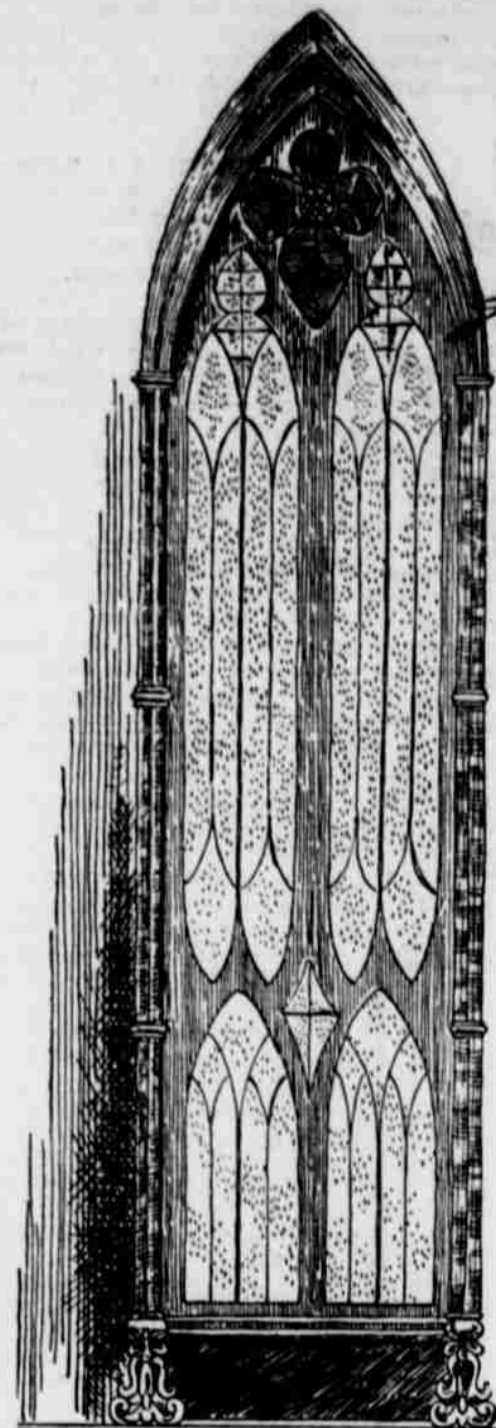

A. M. Meekma, extension dairy specialist, says the economic loss to dairymen from mastitis is tremendous. It reduces milk production by permanent damage to the cow's udder and may result in lowering the butterfat content of milk from infected cows by as much as 20 per cent. Because of mastitis, Meekma points out, many good

cows have become unprofitable for dairy purposes, and medication and veterinary costs continue to increase. Discussions at this year's Short Course are expected to shed new light on the problem, according to Meekma.

## 36 everyday habits contribute to nation's poor dental health

AUSTIN—Dental authorities count at least 36 everyday habits that a great many Americans practice in one degree or another that are actually injurious to mouth tissue.

Item: Opening bottles with your teeth may make you the life of the party, but it's a juvenile practice as far as good dental health is concerned. Still, people often damage their teeth using them for such unlikely practices.

The habit of biting pensively on ear loops of glasses can be an important factor in teeth migration—moving out of position, dentists point out.

Chewing on pencil or pen during moments of concentration is almost an occupational hazard for dentists report considerable erosion of teeth among people in these professions.

Upholsterers, carpenters, and shoemakers who hold nails between their teeth develop typical dental ailments. Seamstresses who bite thread and dressmakers who hold pins and needles between their teeth invariably suffer from bad mouth conditions, dentists have found.

Biting on matches and tooth picks, abnormal tongue pressures against teeth, lip and cheek biting, and continued clenching of teeth to control emotions all may have their adverse effects.

Also listed as detrimental to teeth and gums is the practice among women of using their teeth to open bobby pins. Another is the habit of cupping chin in hands while reading or watching television.

Such poor dental health practices are summed up in the fact that about half the American population over 45 years of age is—or should be—wearing some form of artificial denture, resulting in a 40 to 80 per cent reduction in chewing efficiency.

Among children the habit most detrimental to teeth is thumb sucking. However, most authorities agree it will not cause improper teeth alignment if stopped by age four or five.

A sleeping habit known as "pillowing" may lead to incorrect closure of teeth. This is the habit some people have of sleeping with cheek on fist, forcing the lower jaw out of natural alignment.

Obscure headaches, tenderness at the temples or facial tenderness are often signs of faulty closure of teeth, a condition which is aggravated by poor dental habits.

# THANKSGIVING

We'd like to take this means to pause a moment in our busy working life—when some days we seem to run in circles and still don't accomplish what we started—to give "Thanks to God for our many blessings." There are so many things to be thankful for that to list them would look like your child's Christmas list to Santa Claus.

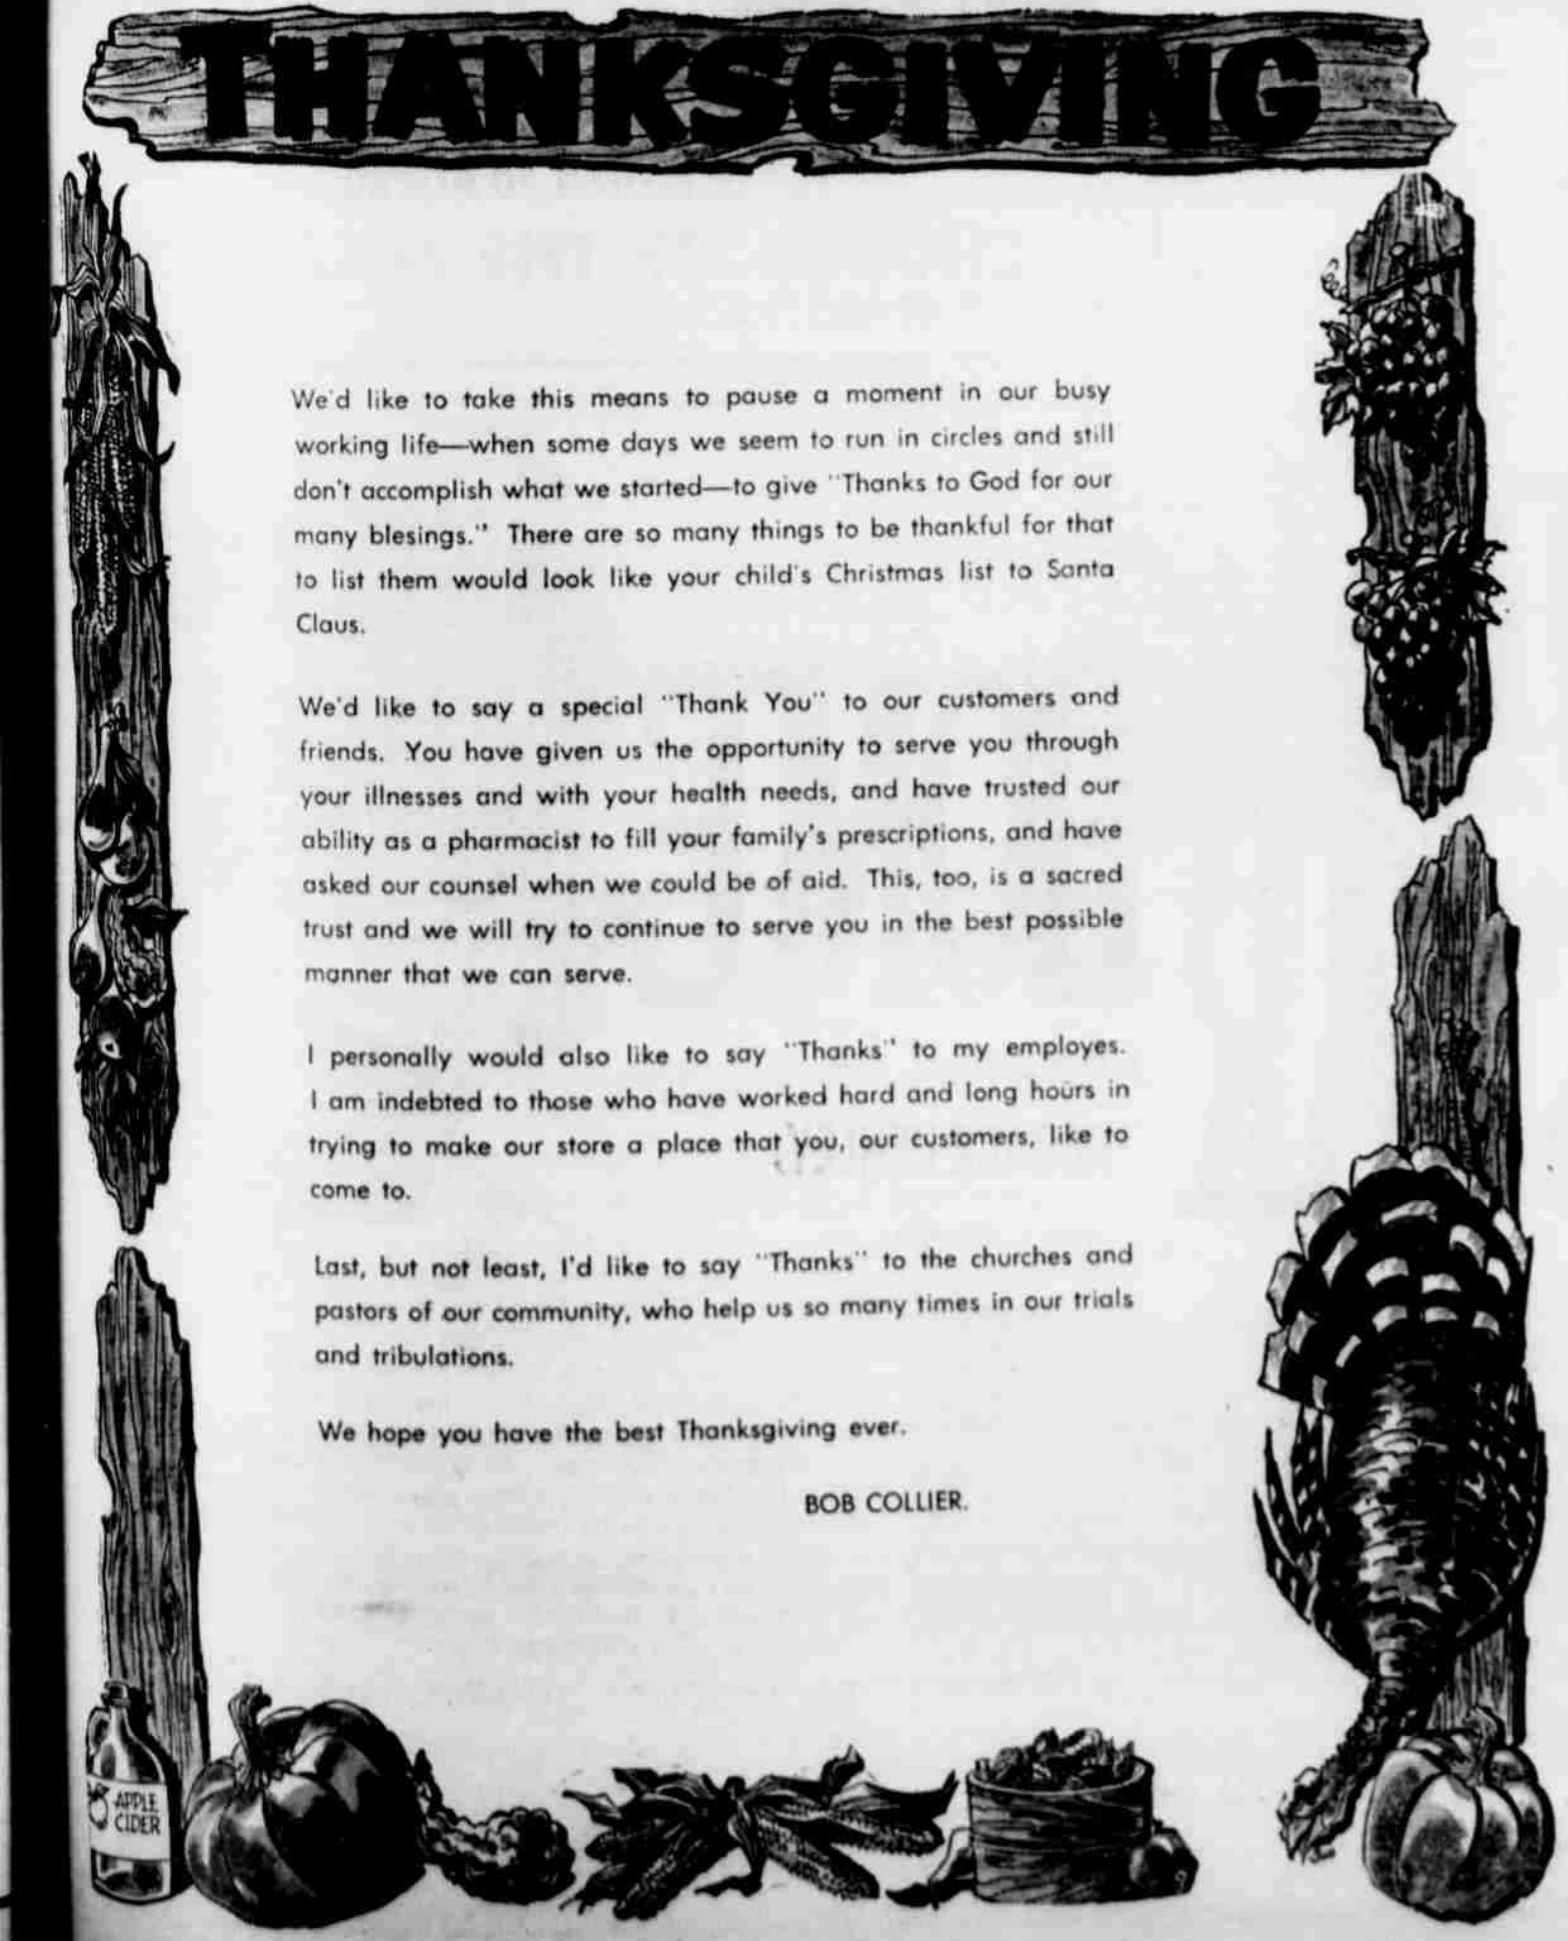

We'd like to say a special "Thank You" to our customers and friends. You have given us the opportunity to serve you through your illnesses and with your health needs, and have trusted our ability as a pharmacist to fill your family's prescriptions, and have asked our counsel when we could be of aid. This, too, is a sacred trust and we will try to continue to serve you in the best possible manner that we can serve.

I personally would also like to say "Thanks" to my employes. I am indebted to those who have worked hard and long hours in trying to make our store a place that you, our customers, like to come to.

Last, but not least, I'd like to say "Thanks" to the churches and pastors of our community, who help us so many times in our trials and tribulations.

We hope you have the best Thanksgiving ever.

BOB COLLIER.

**AUSTIN**—With filing deadline for state offices still more than two months away, the State Capital already is taking on that political campaign atmosphere.

Announcements for office, state-wide speaking tours, and fund raising dinner plans are setting the stage for the upcoming campaigns.

Only announced candidate for governor, thus far, has been Jack Cox of Breckenridge. Cox will be running in the Republican primary.

As yet, no formal announcement has been made by any Democrat. But the field of probable candidates is growing daily.

Formal announcements by three senators for the lieutenant governor's race assures warm competition for the place left open when Ben Ramsey moved to the Railroad Commission.

Sen. Jarrard Secrest of Temple, Sen. Bob Baker of Houston, and Sen. Preston Smith of Lubbock are the announced candidates. There is likely to be GOP opposition for this post as well as at least one other Democrat.

Only thing certain now is that there will be stiff competition for those primary votes on May 5.

**FOR YEARS, the huge red granite State Capitol**, which was paid for with 3,000,000 acres of West Texas land, has been carried on the state's books at a value of \$131,500.

Board of Control has appraised the Capitol at \$9,948,391. They valued the land on which it is located at \$5,143,623. It's not for sale for the total of \$15,092,014. But at least it's on the books right now.

Incidentally, the old Capitol is getting a refurbishing. Workmen are replacing cracked and splintered panels in the hallways, and removing the old varnish. It will come out lighter and brighter.

**ATTY. GEN. Will Wilson** quickly plugged one possible loophole in the "Blue Law."

He advised Dist. Atty. Henry Wade of Dallas that a corporation owning two or more stores must close them the same day. One can't open Saturday and the other Sunday. Nor can a store accept orders by phone in advance to be delivered on Sunday.

Wilson also is busy interpreting other new laws, among them the one requiring holders of property for others, except banks, to report it to the state when the owner hasn't been around for seven years.

He advised Treasurer Jesse James that an oil company which holds royalties outside Texas on oil produced in Texas does not have to report it to the State of Texas except that amount held for persons whose last known address was in Texas.

The attorney general expects so much work out of this new law that he set up a special division to handle it.

In another opinion, Wilson held that wiretapping to record phone conversations is not illegal in Texas.

**IN THE NEXT few weeks, Gov. Price Daniel** will have completed his third round of appointments.

Most of the state's operations are directed by 3 or 9-member boards, appointed for six-year overlapping terms.

These appointments are made to more than 140 state boards and commissions.

Latest appointments include: David B. Irons, Dallas; Dr. Horace Cromer, Austin; Mrs. H. E. Butt, Corpus Christi; and Howard Tellepsen, Houston, to the Board for State Hospitals and Special Schools; Max Starcke, Austin, and Harry Honby, Uvalde, to the State Parks Board; and Sam G. Wood, Killeen, and Hattom W. Simpson, Tyler, to the State Board of Pharmacy.

**GOV. DANIEL** named former Rep. Sam Wohlford, Stratford; J. S. Hudnall, Tyler, and C. G. Shigley, Freeport, as public members on the new State Water Pollution Control Board.

Board of Water Engineers Chairman Joe D. Carter, State Health Commissioner J. E. Peavy, M. D., and Game & Fish Executive Secretary Howard Dodgen, or their alternates, will complete the board.

In the future, no one may discharge waste of any kind into or adjacent to the public waters of Texas, or the Gulf of Mexico, without a permit from this board.

Unfortunately, this board was handed a big job but no operating money. Gov. Daniel will ask the Legislature, at a special session in January, to provide some expense money for it.

**STARTING JAN. 1** the State Welfare Department will begin paying medical, hospital and nursing home bills for the 225,000 needy aged who are on the old-age assistance rolls. Program will cost about \$12,000,000 in state money in the coming 20 months. Federal dollars match the state's.

Gov. Daniel has reactivated the Governor's Committee for the White House Conference on the Aging, to resume its study of the problems of the aging. Sen. Crawford Martin of Hillsboro was re-named chairman.

The first month's payments under the new natural gas tax totaled \$356,481, but \$306,532 of it was paid under protest. Gas pipelines have brought suit to kill the new tax.

Income from the first 90,780 reports received by Comptroller Robert S. Calvert was \$7,206,727. Calvert thinks it will be February, when the first full quarter's sales tax is collected, before he can tell whether it will yield the estimated \$319,000,000 in two years.

**DEER HUNTING** Charles Hopkins and Kerwin Baxter, teachers in Post High School, and Waldo Baxter of Floydada will spend the Thanksgiving holiday deer hunting on a ranch near Doss.

# Area hunters' cabin burns after water tank explodes

By MRS. O. H. HOOVER  
John Thomas, Albert Curry, E. L. Harry Lee Short are deer hunters at Camp Wood. Word was received that their cabin burned to the ground as a result of the hot water tank blowing up. They lost everything but their guns and the clothes they wore in the fire. They resumed hunting after calling

home for more clothing.  
M. L. Thomas, E. A. Thomas, W. P. Thomas, R. M. Thomas, Sam Edwards, Sonny Roberts, Reb Thomas and Dr. A. C. Surman of Post have all gone deer hunting.  
John and Jim Thomas, twin sons of Mr. and Mrs. R. M. Thomas, have been ill with the flu all week. Mr. and Mrs. G. H. Spears have

gone to the Stovalls Hot Wells near Graham.  
Mr. and Mrs. Sid Benga and daughter, Mrs. Jimmy Williams and children have gone to Athens to visit relatives and friends over the Thanksgiving holiday.  
Mr. and Mrs. Raymond Langford took his father to see a physician in Pilot Point. They also visited Mrs. Langford's sister, Mrs. Hollis Kluts.

## Social Health Association part of United Fund in Garza Chest budget

Testimonials from police chiefs throughout Texas indicate that the services of the American Social Health Association are invaluable in combating the problems of venereal disease. The Association is supported in Post through the Garza Community Chest.  
Ryan J. Williams, campaign chairman, said the organization has a total program which includes research, community education, finding studies and education of families.  
Venereal disease has increased alarmingly over the last four years, according to National President Frank H. Heller of Dallas. Last year reached its highest point since World War II. Mr. Heller emphasized that there has been a sharp increase in incidence in the last few years, the American Social Health Association,

although a large part of its program is working with local law enforcement, public health and school officials, has conducted 261 studies in 58 Texas communities at the request of the military in Texas on prostitution, venereal disease and allied vice conditions. These studies are for the protection of our boys and girls in service as well as our local citizens.  
The Association is a member agency of the Texas United Fund, along with ten other state and national organizations which combine for one appeal through United Funds and Community Chests in Texas, with \$588 included in the local campaign.  
Penicillin alone is not the answer, according to the chairman. "There are many factors behind this increase, and only by maintaining vigilance on a local level will we be able to reverse the trend."

**It's the Law in TEXAS**

**CONTINUING RESPONSIBILITIES**  
As a rule, when you sell or lease your place, the new owner or lessee takes over responsibility for it. But you may have some continuing responsibilities.  
In a recent case three small boys, playing in an old rifle range near home, found a grenade, took it home, and later exploded it, injuring themselves.  
The U. S. government had leased the land to train armed forces, but later turned it back to the owner. The boys sued the government. It answered that it no longer controlled the land and should not be blamed for what happened after it gave up possession.  
Still the court made the government pay the boys for the harm done.  
As a rule, when a seller or lessor gives up his land, he is no longer to blame for defects in the land, buildings, or permanent fixtures.  
But defects in things permanently part of the land differ from leaving dangerous things like a grenade about. It isn't a permanent part of the land. The federal government was at fault in not searching for dangerous grenades left by its employees. Besides, this single grenade still was government owned, and, therefore a U. S. responsibility.  
Property owners or occupiers have special duties to small children. They may trespass on your land and get hurt by things that are especially attractive to them. Improperly locked explosives, an easy-to-climb power station, an unlocked turntable, or sometimes a pool of water left by a construction firm are all "attractive nuisances." An owner of such things must take great care to keep trespassing children from getting hurt.  
The law imposes one further duty on sellers or lessors of property: No seller can conceal highly dangerous defects that he knows of. If he does, and they hurt the buyer or tenant later, the seller may have to pay damages. Sometimes a landlord controls some of the leased property, such as halls, driveways, elevators, wall beds, or other appliances. The landlord must use care with such things.

## Yuletide program plans under way

**By Butch Bowen**  
The Spanish Club met in the Spanish Class room at 7:30 p. m. on Monday Nov. 13. The meeting was called to order by the president, Rosie Jackson.

The two main items of business to be discussed were the high school

Christmas assembly program and the Spanish Club Christmas party. The club decided to have as the theme of the assembly program "Christmas Around the World". Three readers were selected to narrate the program, Sonny Gossett, Kenneth Barnes, and Elisabeth Tubbs.

It was decided that colored slides would be used depicting the Christmas customs of a particular Christmas custom of that country as the narratives are read. The program would be interspersed with a few recordings of Christmas carols in the native language of several of the countries.

It was decided that the club would gather used but good clothing and canned food along with staple food to be given to needy Latin American families. The club also decided to have a Christmas party for the younger Latin American children. A committee will be selected to obtain a place for the party to be held. This committee consists of Kenneth Barnes, Sonny Gossett, Meredith Newby, Susan Cornish and Rosie Jackson.

Those members present at the meeting were Rosie Jackson, Meredith Newby, Susan Cornish, Elisabeth, Mary Dunigan, Kenneth Barnes, Tom Rinker, Larry Osman, Sonny Gossett and sponsor Mr. Mallard.

### IDEAL GIRL

By Charlotte Taylor

My idea of the ideal girl is a little different from the ones that I have seen in the paper before. I agree that she must be cute and have a wonderful personality but the thing that I rate highest on my list of traits is respectability. If she has respectability it stands to reason that she will have manners. Any girl likes to be treated like a lady and one who doesn't is not my idea of a girl that other girls would like to be like. The girl that all the other girls admire is one who has the respect of her fellow classmates and teachers. She must be dependable and not a gossip. In my way of thinking she must be a good Christian and an active church member. She has the best interest of others at heart at all times and she thinks before she acts. She is the girl that is the one all the boys would like to have live next door and the girls want for a best friend. You stop and think—can you measure up to the Ideal Girl? If not, maybe a little reforming is in order.

### Mr. Dick Allen in week's spotlight

**By Gene Wilkerson**  
This week we have chosen Dick Allen as our Junior High "Personality of the Week."

Mr. Allen has been our janitor for about one year. He was born at Crockett, Tex., in Houston County, Nov. 23, 1907. He went to Sam Houston State College, in Huntsville, for about three years, majoring in vocational agriculture.

Mr. Allen's favorites are: TV program, all sports; food, fried chicken, potato salad, ice cream; dislike, mean kids; like, all kids except those listed above; color, blue; prefers blondes over red-heads.

### Lubbock man to be evangelist at Church of Nazarene revival here

The Church of the Nazarene here announces revival services will start Sunday, Nov. 26, and continue through Dec. 3, with the Rev. Raymond W. Hurn of Lubbock as the evangelist.

Services will be held at 7:30 o'clock each evening, according to the pastor, the Rev. J. T. Crawford.

Mr. Hurn is superintendent of the Abilene District in the Church of the Nazarene. The district comprises some 90 churches with a total membership of 5,300.

Before election to the district superintendency, he was a pastor for 16 years. He served Nazarene churches in Kansas, Oklahoma, Georgia and Oregon.

While pastor at Norman, Okla., he served two years as chaplain in the Central Oklahoma State hospital and also established the Nazarene Student Fellowship at the University of Oklahoma.

Mr. Hurn is the son of a Nazarene elder who is pastoring in Burns, Ore. His brother, Rev. Edward Hurn, is pastor in Fairbanks, Alaska.

Mr. Hurn was born in Ontario, Ore. He graduated from Bethany Nazarene College, Bethany, Okla., and took graduate work at the University of Tulsa, Tulsa, Okla.

Mr. Hurn is married and he and his wife have two daughters.

REV. RAYMOND W. HURN

### Girls' Junior High fashions range from 'stunning' to 'breath-taking'

By Linda Hays

Susie Clemmons was a neatly dressed in an orange dress with polka dots. She really looked keen. Marcia Newby was charmingly dressed in an orange orlon sweater. With it she wore a becoming box-pleated skirt.

Julia Childs was a cute chick in her magenta pants and matching

white and magenta-blended sweater.

Beverly Avant looked stunning the day she wore an orange tweed straight skirt with matching sweater.

Linda Altman was the chick of the boys Monday when she wore a green and blue pleated skirt, green blouse and matching shaggy Sox.

Jaynie Josey was breath-takingly cute in her red money-tree blouse with a red and black straight skirt to match.

Belinda Lee looked slick in her green and black skirt with blouse to match.

Pamela Owen was neatly dressed in her tweed suit. It was a two-piece black and gray. Her black shoes set it off perfectly.

Susie Clemmons was dressed nicely in her blue sweater with skirt to match.

### 'Democracy' is display theme

By Donna Robison

In the trophy case this week, Mr. Teal and his classes have come up with a very original and a very attractive display. The theme of it is "Foundation of Democracy" and it consists of an eagle and the flag of the United States. Underneath the eagle and the flag are printed some of the ways in which the Democracy of the United States was founded. They are as follows:

Freedom of Religion, Freedom of Enterprise, Freedom of Speech, Dignity of the Individual, Right of Decision, Public Education, Ownership of Property, Friendship for other People, Right of Trial by Jury, Political Representation, Government by the People, Pioneering Spirit, Home and Family Life, and Will to Fight for Rights.

### Dedications

### Christmas Cards, national project, discussed by FHA

Tuesday morning at 11:40 in the clothing lab, an FHA meeting was held, with Sheila Morris presiding.

Our National Project was discussed, which is Christmas Cards. Every girl is asked to bring at least one card with a stamped envelope (a girl may bring more if she desires). These cards are to be sent to hospitals and homes. The patients and members can then send to their loved ones and friends. These people might not otherwise be able to send cards. The chapter voted to extend this project throughout the school and in this way we will be able to send more. The deadline is December first and we hope everyone will co-operate with us.

A committee of Stanna Butler, Alyn Cox, and Beverley Young was appointed to make posters emphasizing the importance of this project.

A report from Margie Harrison and Lynette Potts on the district meeting at Lamesa was heard.

The program for this meeting was very interesting, which was a "national stay - in - school campaign." A skit consisted of Danella Bateman as a school-teacher, Marsha Smith as herself, and Marianne Jones as herself. The group proved it was very important and necessary to at least finish high school education if not a college education.

Jerry Thuet was elected as our FHA Beau, but Jerry Stone ran him a very close race.

Ruthell Martin distributed membership cards to members.

Our next meeting is in December.

Please, everyone, give us all the cooperation we need for the Christmas Card Project. They are due on the first of December.

### 'Back Street' is coming to Tower

Hollywood's loudly heralded new production of "Back Street," starring Susan Hayward, John Gavin and Vera Miles, will arrive at the Tower Theatre here Sunday and show through Tuesday.

Already rated one of the season's top screen attractions, the picture, based on Fannie Hurst's all-time best-selling novel, seems due to receive a fervent welcoming ovation.

"Back Street" is announced as an unabridged story of the "other woman" in a married man's life.

The current version, embracing modern technical improvements and dramatized for a new generation of moviegoers, is said to contain far more heart appeal and emotional thrust than its predecessors.

### DISPLAY CASES

By Leatrice Justice

The display case in the lobby of the school has attractive displays in the showcase this week. The departments of the school take turns in decorating the display case.

### Have You Heard??

Jan Herring and Jerry Ligon going steady?

Attractive sweat-shirt you've been wearing, Sheila Morris, and it fits, too.

Some of the Senior pictures have come in. Wonder what happened to the rest. Must have taken quite a bit of touching up!

Lee Williams, what's this we hear about you running a black-mail ring? Poor Melinda Newby and Lynda Taylor.

Is it possible that Mrs. Fleming doesn't gossip?

Pat Cornell, what were you and

Pamela doing running into catterguts when you should have been at home?

Ruthell Martin has a new admirer, or is it an old admirer, or is it an admirer? Just what are your intentions Harold Wayne Mason?

Say, Sandra Stewart, why do you answer to "Sam" instead of Sandra?

We hope everyone knows the new student, LEROY, and if you don't or if you do, BEWARE!

Vivian McWhirt, what are you doing carrying that nasty old frog foot around? Is it a new fad or an order from a SENIOR?

Charlotte Covey, do you and Wayne McFadin love school so much that you return after the sun goes down? Was it bookkeeping or other homework that couldn't be done at home?

What's this about Rosie Jackson not going steady anymore? Huh, Roger!

Have a nice weekend in Juarez, Bobby Dodd and Jerry Hill?

Are you sure you have Kenneth Martin's address down right, Danella Bateman?

Hey girls! Richard Cook is home to stay awhile, a good while we hope.

Was there a mix up about the Monterey-Tom S. Lubbock game Saturday, Marsha Smith and Freddie Simmons, or did he just forget he promised to take you along.

Lee Williams, did you have a safe trip to Lubbock Friday night going after Pam McCrary? Why didn't you take Wayne Gamblin along for protection?

Hope everyone knew about the Thanksgiving Dance, tonight, but if you didn't, it's time to open your eyes. There are signs up everywhere!

Glenn Polk, how is it you always trap girls in odd looking little rooms? Huh, Ann Pennington and Sharon Isaacs?

Marsha Smith, do you have something important to tell Richard Cook, not that you haven't told everyone else—Second fiddle, huh?

Your Postmaster says: Be sure your Christmas cards and packages arrive on time; please shop and mail early.

## Best Holiday Wishes...

### Assembly of God revival to open Monday, Nov. 27

The Assembly of God Church will hold a 14-night revival, beginning Monday night, Nov. 27, with Evangelist Raymond Schaeffer bringing the messages.

The revival services, which begin at 7 p. m. nightly, will end Sunday, Dec. 10.

The Rev. J. R. Brincefield, pastor of the Assembly of God Church, has invited everyone to hear Evangelist Raymond Schaeffer "preach all the Gospel for all the people."

The church is located at the corner of Twelfth street and North Avenue I.

#### SERMON TOPICS

Rev. J. R. Brincefield, pastor of the Assembly of God Church, has announced his sermon topics for Sunday morning and evening. The 11 o'clock sermon topic will be "Sanctified Wholly" and the text is found in 1st Thessalonians 5:23. The 7 o'clock topic will be "Promise Confirmed" with text found in 2nd Kings 2:10. The public is cordially invited to hear these messages.

#### BABY BROUGHT HOME

Marilyn Melodie, infant daughter of Mr. and Mrs. Georgie Willson, was brought home from the hospital in Lubbock Saturday. She is reported to be recovering nicely.

#### SORORITY TO MEET

Mu Alpha chapter of Beta Sigma Phi will meet Monday, Nov. 27, at 7:30 p. m. in the home of Sally Luttrell, 1005 Sunset Drive.

## Indians contributed to Thanksgiving tradition

Two Indians with an English accent deserve much of the credit for the first Thanksgiving in America.

They taught the Plymouth colonists how to make a home in the New World and helped them establish a peace that lasted for more than 50 years.

The first to approach the colonists, reports World Book Encyclopedia, was Samoset, a chief of the Pemaquid Indians. He walked into the colony one day in March, 1621, and unsettled the settlers by addressing them in English. Samoset, it turned out, had earlier met some English fishermen along the coast of Maine and learned some of the language from them.

Two weeks later Samoset dropped in with his friend Squanto, a well-traveled brave of the Pawtuxet tribe. Squanto had been to England twice, once after having been kidnapped and sold as a slave in Spain by an English sea captain. He had returned to America in 1619.

Samoset introduced the colonists to Massasoit, chief of the Plymouth area. With Squanto acting as interpreter, the chief and the Pilgrims concluded a treaty of friendship that lasted until Massasoit died in 1661.

Meanwhile Squanto went to live with the colonists, teaching them how to plant corn, pumpkins and beans and showing them where to fish.

That year the Pilgrims had a bountiful harvest and Gov. William Bradford declared the celebration that became the first Thanksgiving.

## 13 festive foods on USDA plentiful list for December

COLLEGE STATION — Cooking, baking and festive eating get into high gear in December. It's a month for entertaining lavishly, at times, and informally on many occasions.

Thirteen versatile foods suited to either big dinners or quick snacks are listed on the U. S. Department of Agriculture's December list of plentiful foods. By using them extensively, Texas homemakers can serve tasty, attractive meals that reflect joys of the season, suggests the Texas Agricultural Extension Service.

A perfect Yuletide trio—turkey, cranberries and broiler-fryers—share top billing on the December list. Also to be available all month in abundance are pork, apples, fresh grapefruit, pecans, almonds, honey, vegetable fats and oils, peanuts and peanut products, pinto beans and rice.

The supply of each exceeds normal trade needs. Producers, processors and distributors will do everything they can to encourage full use of the abundance. Plentiful foods usually are more economical than items in tight supply.

Take turkeys and broiler-fryers for example. This year's turkey crop of 107 million birds is the largest on record—26 per cent more than a year ago. And prices on live turkeys have been at near-record lows. The same is true with broiler-fryers. Marketings are running 7 per cent more than a year ago. Storage holdings in September were 40 per cent higher. And prices paid to producers in mid-September hit a record low.

At the First Christian Church's morning worship at 11 o'clock Sunday morning, Bernard S. Ramsey, the minister, will speak on the subject, "Baptized Pagans!"

At the 7 o'clock evening worship, the minister will speak on the timely subject, "Empty Saddles."

Other activities Sunday will include Sunday School at 9:45 a. m. and Chi Rho Youth Group at 6 p. m.

"The public is cordially invited to all services of the First Christian Church," said the minister.

Mid-week prayer services will be resumed Wednesday evening, Nov. 29, at 7 o'clock.

#### EARLY THANKSGIVING

Mr. and Mrs. Lauris Wheeler had Thanksgiving dinner last Sunday in order that their grandson, Don Wheeler, could be with them. He had just finished his training at Fort Carson, Colorado Spring, Colo., and left Tuesday for Augusta, Ga. Other guests for dinner were his parents, Mr. and Mrs. Clyde Wheeler, two sisters, Chloe Ann and Elma Denise, all of Lubbock, and another sister and family, Mrs. Ida Pearl Harrell of Memphis and Miss Virginia Daniels of Ralls.

Over on page 8, the reader will find the First National Bank's announcement that it has just finished paying \$23,487 in three per cent semi-annual interest on the bank's savings accounts. Now get out your pencil, remembering this amount was paid for a six months period and see if you can figure out the bank's savings account total (on the basis only that all deposits were in the bank for the full interest period). If you can't come up with the answer, better not help your youngster with his or her math after the eighth grade. What's the answer? Uh, call Irby Metcalf. He's got a computer.

We haven't had time to dig up the detailed explanation of the problem, but we think it's too doggone bad that traditional rival, Tahoka, was left off the Antelopes' 1962 grid schedule, announced on page 9 (sports page). Editor Charlie Didway, who feels the same way, promises to do a column on the schedule next week and give the fans the lowdown on the schedule and the problems involved. But we'd say we should start work right now to get them back on the 1963 schedule.

If anyone doubts that Post deer hunters are enjoying extraordinary success this hunting season, they should check with Jackson Brothers Food Locker. The Jacksons reported yesterday that 32 deer and one wild hog were brought to their plant Sunday and Monday. Many of the deer, including a couple shot by Monroe Lane, were "first kills."

Last Thursday, Evaristo Valdez pleaded guilty to a charge of assault and was fined \$25 and costs.

Five men were charged last weekend with the theft of eight hubcaps, value of \$30, from John H. Cook.

Four of the five, who appeared before Judge Parker, in the case were fined \$75 and costs each. They were Randy Cloude, Dale Wyatt, Floyd Degraffenried, and Ben French. The fifth, also charged, is Johnny Vice, who is being held in jail in Dickens.

### Wet weather harasses harvest

After only a few days of weather following last week's moisture fell again early Tuesday to further delay Garza cotton harvest.

County Agent Lewis C. said the rainfall in Post was 10 of an inch early Tuesday that reports indicated it was over the county.

While the cotton harvest scried by the county being "way behind" in all of the county because of the wet weather, he said cotton prospects are still good for the best crops in several years.

Numerous farmers in the haven't pulled any of their because of the lateness of the agent said. This cotton has an excellent chance of right, he added.

# 3 Floydada cage teams to play here Friday night

'and 'B' boys, girls games to be unreeled

The Floydada Whirlwind basketball team will open its season Friday night. There will be three games on the cage menu, with the girls and "B" boys also playing. The "B" boys' teams are scheduled to open action at 5:30 o'clock on Friday night. The girls' game and the "A" boys' game will follow in that order. The members of the Floydada team were also members of the Whirlwind football team, which ended its season last week by losing to Dalhart in a playoff game. On Tuesday night the Post "A" boys and "B" boys teams will play at Ralls. On Wednesday night, the "B" boys' team, coached by Glynn Schol's "B" team tournament, which is to continue through Friday, Dec. 1.

Two tough ones left for Tech

Two rugged opponents remain for Texas Tech's Red football team. J. T. King sends his young Raiders against University of Arkansas in Little Rock today, then winds up the season at West Texas State here Dec. 1. Both will be afternoon games. Tech holds Southwest Conference decisions over Texas A&M and Baylor and a non-conference win from Boston College. Losses have been to Mississippi State, Texas, SMU, Texas A&M and Rice.

Beat Spur, 42-39; Crosbyton, 41-36

### Antelopes win first two tilts of season

The Post Antelopes pulled another fourth quarter comeback at Crosbyton Friday night to win their second game in as many starts, downing the Chieftain cagers, 41 to 36, after trailing 34-30 at the end of the third period.

Coach Richard Souter's team opened their season here last Thursday night with a 42-39 victory over the Spur Bulldogs, pulling the game out of the fire in the final minute and a half of play after trailing the Bulldogs from early in the second quarter.

The Antelopes rallied with 11 points in the fourth quarter while holding their opponents to a lone field goal to chalk up the win at Crosbyton.

Post was ahead, 8-7, at the end of the first quarter, and left the court at the halftime intermission with a 22-13 lead. The Chiefs took command in the third period, however, swishing the nets for 21 points while holding the Antelopes to eight.

Two field goals by Leslie Acker, single fielders by Pat Cornell and Harold Mason, two charity tosses by Teddy Scott and one by Danny Pierce gave the Antelopes their 11 points in the final quarter. The

Chiefs' two points came on a field goal by Darwin Potter.

Last Thursday night's game with Spur was a torrid affair, with the Antelopes finally overtaking their opponents in the final 90 seconds of play on free throws by Acker and Mason.

Spur led by eight points going into the final period, but two field goals each by Scott and Acker narrowed the gap, with Spur scoring only five points against Post's 16 during the final eight minutes of play.

Mason hit two free throws to tie the score at 39-39, and Post went ahead on a charity toss by Acker.

The Antelopes iced the game in the final seconds when Mason hit two more from the free throw line.

The game, the first of the season for both teams, was the typical ragged and rough season opener. A total of 44 personal fouls was called—24 on Post and 20 on Spur.

The teams were tied, 9-9, at the end of the first quarter, but Spur forged into a 26-22 halftime lead and were ahead 34-26 at the end of the third quarter.

The Antelopes were without the services of letterman Jackie Fluitt, who was injured in a car wreck Nov. 10.

Perhaps the brightest spot in the Post victory was the play of sophomore Pat Cornell, playing his first varsity contest. He turned in an outstanding floor game and scored nine points—all in the first half—on four field goals and one free throw.

Post also won the "B" team game, 29 to 25. The teams were tied, 21-21, at the end of the third quarter. "B" team coach Glynn Gregg used a total of 12 players.

The Post team lost its first game to Sands, 28 to 20. Wilson was high scorer for Post with 9, followed by Sappington's 8 and Thompson's 3.

Post was eliminated from the championship bracket when it lost to Ira, 47 to 30. Sappington scored 20 points, Wilson, 6, and Thompson, 4.

The Post team's starting guards were Marianne Williams, Diane Maxey and Shirley Isaacs. Other team members seeing tournament action were Retta Morton, Sandra Gary and Yvonne Moreland.

**'David and Goliath' is now showing at Tower**

Showing this Wednesday, Thursday and Friday at the Tower Theatre is "David and Goliath," announced as "the most glorious story to come from the greatest book of all time."

Jerusalem, a city of great majestic splendor during the reigns of King Saul and King David, lives once again in all its color and beauty and excitement in the film version of "David and Goliath."

Photographed on location in Italy, on the fields of Yugoslavia and in Israel, "David and Goliath" is a picture of tremendous scope, spectacle and drama, which took years of research, months of preparation and millions of dollars.

### 7th, 8th grade boys split in Thursday games

**By DICK KENNEDY**

The 7th graders beat Crosbyton at Crosbyton last Thursday, 25 to 12.

Post took control of the game in the first few minutes of play, building up an early lead. All the boys got to play in the game.

Ronnie Pierce led all the scoring with 19 points. Donnie Windham, Richard Scott and Freddie Dodd scored two points each.

The 7th grade team is made up of Ronnie Pierce, Donnie Windham, Richard Scott, Dick Kennedy, Davis Heaton, Jerry Sullivan, Paul Harmon, Roger North, Jackie Huff, J. O. Smith, Roy Long, Freddie Dodd, Eddie Clemmons, Steve Stone and Larry Johnson.

The 8th grade lost a close one to Crosbyton, 21-20. Crosbyton took an early lead, but Post came roaring back to cut down the margin. Post caught up, but never could go ahead.

The 7th and 8th grade teams will play O'Donnell here Nov. 27.

### Junior High girls win two contests

Coach Billy Hahn's Junior High School girls' teams, playing their final games until after the Thanksgiving holidays, swept a doubleheader at Crosbyton Thursday night.

The 8th grade girls won, 18 to 14, but the 7th grade had an easier time in posting a 13-5 victory.

In the 8th grade game, Marilyn Jones led the Post scoring with 10 points. Pat Landreth scored four points and Carol Camp four. Also seeing action as forwards were Sharla Pierce and Joyce Corley. The guards were Cerretha Jones, Betty Hutchins and Antonia Barreda.

Sherry Woods, with eight points, paced the Post attack in the 7th grade game, with Jan Miller chalking up the other five. Marcia Newby was the other starting forward.

Starting guards for the 7th grade team were Jaynie Josey, Edith Johnson and Marta Solis.

Other 7th graders seeing action were forwards La Gayluah Young, Mary Eubank and Linda Hays and guards Linda Altman, Cheryl Pennell, Linda Davis, Linda Johnson and Jo Beth Dillard.

The Junior High girls' next games will be here Nov. 27 against O'Donnell.

## Post Does defeat Crosbyton, 51-19

The Post Does, "catching fire" in the second quarter after trailing, 7-5, at the end of the first period, rolled over Crosbyton Friday night, 57 to 19, for their third victory against two defeats.

The Post Doe "B" team also won, 28 to 16.

Coach Van Kountz' Does scored 21 points in the second quarter, 15 in the third and 21 in the fourth to

### 16 teams enter WTSC tourney

**CANYON.** — Sixteen boys and girls teams from area high schools will participate in the first Invitational Basketball Tournament, Nov. 30-Dec. 2 at West Texas State College. The tourney is sponsored by the P.E. Majors Club in the men's physical education department.

Slated are winners' and losers' brackets, and each team will play at least two games during the tournament. Admission will be \$1 for adults and 50 cents for students for each session of three games.

High schools entering both boys and girls teams are Adrian, Claude, Canyon, Farwell, Friona, Lazbuddie, and White Deer. Vega will enter a boys team, and Tullia has entered a girls team.

The tourney opens at 8:30 a. m. Thursday, with the Tullia and Canyon girls squads opening action. Following at 9:45 a. m. will be the White Deer and Friona boys game, and at 11 a. m., the White Deer and Lazbuddie girls game.

Winners and losers continue Friday and Saturday, with the championship games slated at 7:30 and 8:45 p. m. Saturday.

## Five new opponents on 1962 grid slate

Antelopes have played the other four teams in recent years, but they were not on the 1961 schedule. The other five games will be with Ralls, Floydada and District 4AA opponents Denver City, Spur, Slaton and Frenship.

Spur and Frenship are newcomers to Post's district. Spur having competed this season in 6AA and Frenship having been moved up from Class A circles.

Missing from the Antelopes' 1962 schedule will be 1960 and 1961 opponents Colorado City, Ballinger, Tullia, Stanton and Tahoka.

It may be the first time in football history here that Post has not played Tahoka, the latter team having been dropped to Class A for 1962.

The complete schedule follows:

Sept. 7: Ralls at Post.  
Sept. 14: Plains at Post.  
Sept. 21: Morton at Morton.  
Sept. 28: Abernathy at Abernathy.  
Oct. 5: Floydada at Floydada.  
Oct. 12: Roscoe at Post.  
Oct. 19: Denver City at Post.  
Oct. 26: Spur at Spur.  
Nov. 2: Slaton at Post.  
Nov. 9: Open date.  
Nov. 16: Frenship at Frenship. (Wolfforth).

**Acker is leading Antelope scorers**

Through the Post Antelopes' first two games, in which they have scored 83 points to the opposition's 75, Leslie Acker is leading the Post scoring with 27 points for a 13.5 game average.

Acker, a senior letterman, has made 12 field goals and three free throws.

In second place, with 16 points, is Dwayne Capps. Harold Mason has scored 12 points and Pat Cornell, 11.

Other scorers are freshman Teddy Scott, 10; freshman Danny Pierce, 4, and David Nichols, 3.

Tommy Bouchier, while failing to score, has "logged" playing time in both games, and Tom Clark has played in one game.

## Prayer of thanksgiving

SLOWLY, WITH FERVENT FEELING

Piano or Organ

"The day passed so quickly—there just wasn't time!"

We've said that about many days. Never say it about Thanksgiving.

For it isn't true...

All days pass at the same steady pace. We have the same daily portion of time—to spend as we think best.

Take time to be thankful.

And be thankful for time!

Our souls do not realize their destiny in one hurtling leap.

An hour of Thanksgiving. An hour of worship. An hour of Bible study. An hour of service for our Church. Thus we grow... **SLOWLY, WITH FERVENT FEELING.**

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

My Turn

A happy Thanksgiving to you all. One special thing I have to be thankful for this year is that my birthday is not on Thanksgiving. Once every seven years that happens and I have to share my birthday with the turkey.

I particularly hated this as a child. In my family we got to choose our birthday menu for the day and I always ordered pork chops and pumpkin pie. I always got the pie but had to be satisfied with turkey instead of pork chops when I had to share my day.

My tastes have changed somewhat since then and there is nothing better than a big turkey dinner with all the trimmings. Aunt's family holidays fun? There's not even any point in worrying about those extra pounds you put on this time of the year. What better New Year's resolution is there to make than to promise yourself you are going to take off all those holiday pounds plus a dozen or so others.

By the way, Mr. C. challenged me to a game of scrabble after reading the column last week. He says we are not taking the scrabble game with us into any kind of shelter!

Read the other day where some man figured out that we housewives are paying sixty cents a pound instead of a nickel a pound when we buy frozen potatoes. He felt like this was quite an extravagance when the only work we really got out of was the peeling. He might just have something there.

I bought a package of potting soil Saturday to add to three geraniums that I've brought into the house for the winter. I was most amused to read on the package that the soil inside the plastic bag was sterilized. Now I'm sure if these plants do not survive the winter inside I can blame it all on the sterile soil. After all those geraniums have been outdoors for several months and the shock of that fine soil will probably be too much. It also read on the package that the soil was for immediate use. I don't quite understand this but to show my independence, I waited till Sunday to use the stuff. Sterile it might be but I saw no reason for telling me when to use it.

Thanksgiving theme used in CWF lesson

The Christian Woman's Fellowship met Monday at 2:30 p. m. in the ladies parlor in the First Christian Church.

Mrs. Hub Haire, president, opened the meeting with a prayer.

Mrs. Jack Burress was in charge of the worship which was taken from Psalms 136-138.

Mrs. Haire presented the lesson, using the Thanksgiving theme.

Refreshments were served by Mrs. Willard Kirkpatrick and Pearl Nance to the following:

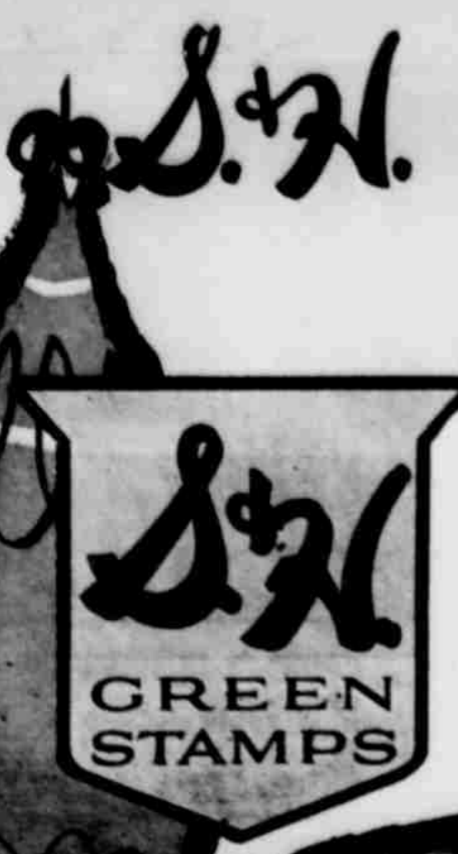

Mmes. W. C. Dent, Lew Baker, F. C. Barker, Lee W. Davis, Lee W. Davis Jr., Kirkpatrick, Charles Luttrell, J. B. Jones, Burress, Haire and Miss Nora Stevens.

Post sisters members of LCC social club

Kathy and Leta Stone, daughters of Mr. and Mrs. James Stone of Rt. 3, Post, have successfully completed requirements for membership in Meta Moses, a women's social club at Lubbock Christian College, Lubbock.

Organized in 1957, when the junior college was in its first year of operation, the club participates in inter-campus sports events, competitive for the highest cumulative grade average of the 12 social clubs at LCC, and holds special events such as banquets and picnics.

# Thanksgiving Day

Every year at this season, we all observe the day that has been set aside to give thanks for the good things we have enjoyed thru the year.

How thankful we should be to our Creator and Keeper for every good thing. First that He has spared us another year; second that He has given us our good health that we may be able to thank and serve Him; third that He provides for us our daily food and clothing.

We should not forget to thank Him too that we live in a free country in which we can worship Him as we please and right now we should give much thought to our part in keeping our country free and ask our good Maker to guide our nation's leaders who head our legions in a constant march against those who would take away the things for which we thank our God at this season of the year.

As we thank Him for our blessings, let us ask His guidance through the year to follow.

## Thanksgiving—holiday of thanks

Thanksgiving is a holiday of thanks. Because it is purely an American occasion we well understand its meaning.

Handed down to us from the early-day Pilgrims, Thanksgiving Day means a day of feasting and rejoicing for our many blessings.

It is a religious day as well as a feasting day, but like Christmas it has lost much of its religious significance.

Churches have been forced in most cases to discontinue Thanksgiving Day services because of poor attendance. Families gather around heaping tables of goodies from near and far. And somehow, with this going and coming and gathering, the churches have lost out.

But it still remains a day of religious significance for each American.

All of us have much to be thankful for—our United States with the highest living standard in the world, and the most personal freedom to be found anywhere on the globe today.

In worldly possessions, some have more than others, but the poorest of us—when judged by this dollar yardstick—have much to be thankful for.

Despite our rushing materialistic way of life, this remains a golden land of opportunity. Des-

pite the worries, the nagging little problems, and our terrible new nuclear age, it still is a very golden land.

America was made and moulded by strong men and women.

We can truly give thanks today that America has not yet lost its meaning. It is still a golden, glittering land.

This is not to say it is not a changing land—it is. We, must keep abreast of the changing times, if we are to keep abreast of our opportunities.

This is especially true of small towns such as ours. If we study the present and plan for the future, this will still be a golden land.

This means thinking and planning ahead, and working together. It could be called the challenge of this Thanksgiving.

We can thank our God for how far we have come, but we are expected to look into our tomorrows and do the very best we can.

America doesn't stand still. It progresses. And if we search hard enough and work together we will find progress for us here.

But if we are only content this Thanksgiving, then we are in danger of missing our opportunities.—JC

## Knowing each other's problems

This week, Nov. 17-23, has been designated as National Farm-City week, and while no local observance is being held, The Dispatch feels that it would be negligent in its duty if it did not call attention to the interdependence between agriculture, labor, business and industry.

We who reside in cities and towns well know the importance of business, industry and labor in the overall economic pattern, but too often we overlook the key role that agriculture plays.

We hear a lot about which nation is ahead in different activities, but we seldom hear any such comparison made about agriculture. America is so far ahead of all nations in agriculture that the subject is not even discussed.

There is no other nation of the world where there is so much processing and preparing of food for the oven or table.

In America we have never been worried about our food supply. Very few nations can say that, and in many it is a constant problem.

No nation of the world has ever attained a

high standard of living when half the people were needed to produce their food supply, as is true in most countries.

Forecasters tell us that our population will double within the next 40 years. That will mean twice as many people to feed. If farmers get a fair share of our national income, sufficient to keep our farms operating with increased efficiency as in the past, then we will still have plenty of food. Our future depends on this.

Closer farm-city relationships and better understanding of each other ought to be—and it is—a constant, year-round responsibility for all of us. But National Farm-City Week offers a special opportunity to refresh and strengthen our understanding of each other and our dedication to the common cause of continued growth and freedom.

The Dispatch is proud to be a part of this progressive city and farm area, where each group knows and respects the relative assets and problems of the other.—CD

## New Yule decorations 'gimmick'

The five-foot individual Christmas trees being purchased by the merchants for this year's Yuletide decorations is one of the best developments ever dreamed up in the history of the city's Christmas decorations project.

The small trees, spaced up and down Main Street and in other business areas, should give the town the most attractive Christmas decorations scheme in its history.

Standing alone, just as bare trees, they'll enhance the beauty of the Christmas season, but we're of the opinion that nearly every one of them will be decorated and/or lighted by the in-

dividual merchants to add even more to the Yuletide scene here in Post. After the big tree is erected on Main Street and the Christmas lights are strung across the streets, most merchants no doubt will want to decorate and light their individual trees to help carry out the Christmas appearance.

Word from the Chamber of Commerce's Christmas decorations committee indicates that merchants have made excellent response to the individual Christmas tree idea, and everything points to one of the most attractive decorations projects in years.—CD

## Some junkyards are nuisances

We notice in a newspaper from a town not far away that city commissioners have instructed the city attorney to check on what steps can be taken toward forcing junkyard operators to fence their premises and keep them sanitary.

Junkyards can be, and most of the time are, problems in any town. The City of Post has not escaped this problem, and we cannot recall a city council meeting in the last six or seven months that one particular junkyard in the south part of town has not come up for discussion. The city councilmen and the Mayor have received numerous complaints about this particular junkyard,

which happens to be in the immediate vicinity of a church. The last time it was discussed, it was brought out that the owner of the junkyard had been made aware of the complaints and we are proud to report has taken steps to correct the cause.

Unfenced junkyards which are allowed to overflow their premises harm the looks and value of other property in their vicinity, besides being nuisances from the standpoint of noise, etc. The ordinances the city now has should be able to take care of the situation. If they can't, some new ones are in order.—CD

## Nation will miss Sam Rayburn

The Post Dispatch joins millions of Americans in mourning the loss of Sam Rayburn.

Members of both political parties admired and respected "Mr. Democrat" as he reigned over the House of Representatives more than twice as long as any other Speaker.

The story of Mr. Sam's life is rich in American tradition. The eighth of eleven children, he worked hard to earn his education, got into politics early in Texas and went to Congress when Woodrow Wilson was president.

He served his people, his party and his country well.

He gave his wise counsel to the eight presidents with whom he served and worked hard for their programs if they were right. If he disagreed, he said so and fought to prevent legislation he thought was bad for the country.

The nation will miss Sam Rayburn. It isn't often that such dedicated men come along and spend nearly a lifetime representing the "folks back home" in Congress.—CD

## What our contemporaries are saying

Truth comes in but one quality, one grade, one staple. The slightest imperfection immediately destroys the value of the whole. The customer must buy all of it or none.—Douglas Meador in Matador Tribune.

While we are complaining about high taxes, crime costs us \$20 billion a year, according to J. Edgar Hoover of the FBI, or \$122 for every man, woman and child. For every \$1 spent on education, crime cost taxpayers \$1.45; for every \$1 that went to churches of the nation, \$13 went to crime.—Frank Hill in The Lynn County News.

Every member of a committee can be helpful and expedient. Some can do so by attending a meeting of the group and it seems there are always one or two who can be of most assistance by not showing up at all.—P. I. Colvig in The Lake City Graphic.

The "Today" show on TV appears to us to

be nothing short of a forum for international money seekers who never heard of the trials of Washington's men at Valley Forge but sure seem to know that Santa Claus now lives in Washington.—Neal Estes in The Stanton Reporter.

Did you ever stop to think that when you are getting kicked from the rear, it means you're in front?—Joe Harrison in The Texas Spur.

Nothing confuses a man more than to drive behind a woman who does everything right.—The Hamilton Herald-News.

Pioneer dugouts, with a few changes, would have met specifications for fallout shelters, an example of the relative security the western homesteader had at his disposal. Poverty, sickness and starvation were constant members in his cast of worries, but on the other hand his children had no streets to cross; no hot-rods to soup up.—Douglas Meador in Matador Tribune.

## THURSDAY to THURSDAY

By CHARLES DIDWAY

I'VE GOT SOMETHING this week I've never had before—and it isn't a new virus. It's a granddaughter. Time marches on!

If this old business of pushing up the Christmas season keeps on, Santa Claus soon will be arriving on the scene before the Halloween spooks. He's already ahead of Thanksgiving in some places, including the Hub City, northwest of here, where he put in an appearance several days ago, and has been seen on TV a number of times. That's overdoing it!

BACK TO THE subject of time marches on, the first of the 1962 calendars have started arriving in offices, which just goes to show that a commercialized Santa Claus isn't the only thing putting in a appearance well ahead of time. I took time to unwrap one of the calendars and take a peak at the new year of 1962, which isn't far away.

I learned that we might as well brace ourselves for two Fridays the 13th, one in April and the other in July. Also, that July 4th next year will be on a Wednesday, which is as near the middle of the week as it could come. That should reduce the traffic toll, since a long weekend holiday trips will be avoided.

Easter, in 1962, will be 20 days later than Easter, 1961, falling on April 22. Next Labor Day will be on Sept. 3, Thanksgiving of 1962 on Nov. 22, and February will have its normal 28 days—no Leap Year until 1964, girls.

The calendar didn't say so, but since 1962 is an "even" year, there'll be county and state elections, so pay your poll tax.

MY FRIEND UP the street says the average taxpayer no longer feels that Congress will let him down. He just hopes Congress will let him up.

Some time ago, in this column, I printed some humorous, and some courageous "Letters to the Editor" taken from a column by Bob Wright of the Montello (Wisc.) Tribune. One of our "helpers" saw the same column and came up with some amusing answers, plus some added questions. They go like this:

Q. Why don't you print in color, say red, once in a while?

A. The Bookkeeping Department already has used all our red ink.

Q. Why didn't you publish that poem I sent you?

A. A newspaper man would be disloyal to his business if he weren't convinced that prose can express any idea better than poetry.

Q. What do you do with all your money?

A. Squander it on frivolities like food, clothes and house rent.

Q. Why don't you print a weekly sermon?

A. For the same reason the preacher doesn't write editorials.

Q. Why not print some good recipes?

A. We did once, and left out a line. Twenty people got sick and quit taking the paper.

Q. Why don't you print more letters to the Editor?

A. I sometimes talk to myself, but I refuse to write letters to myself.

Q. Last week I brought you a detailed obituary about Uncle Homer. You only printed a short paragraph and stuck it on the bottom of an inside page. Why?

A. No one in town knew Uncle Homer and he had been dead a month when you brought us his obituary. The only reason I used any of it was that I lacked the courage to throw all of it away.

Q. Why don't you use the advertising space for news?

A. Because advertising is news—about where readers can spend their dollars to best advantage. I

## Pinning Ceremony

Lola Lucas, National Poster Child of Muscular Dystrophy Association of America, Inc., inserts an MDA pin into the lapel of HEW Secretary Abraham Ribicoff. In a whirlwind pre-campaign visit to Washington, D.C., the seven-year-old charmer from St. Louis enlisted many political notables in the March for Muscular Dystrophy, now under way throughout the country.

# Deaf-mute farm laborer charged in pistol death of Negro woman

A 35-year-old Mexican farm worker was being held in Garza County jail today in lieu of \$5,000 bond after being charged with the pistol slaying here late Saturday night of a 33-year-old Negro woman, Pearlene Stafford.

The murder charge was filed by District Attorney George H. Hansard of Lamesa Monday afternoon following an investigation of the shooting.

Charged with the slaying is Reynaldo Flores, about 35, who is a deaf-mute. He is from South Texas and has been employed as a farm laborer in Crosby County.

Deputy Sheriff Elton Corley said yesterday that he is still questioning witnesses to the shooting, which

occurred in the woman's residence or as she ran from the house.

Witnesses told deputies they heard six shots fired. Corley said one bullet struck the woman in the back near her right shoulder blade and the other entered her right side.

Corley said he had recovered a .25 caliber automatic pistol believed

used in the shooting.

The woman, a waitress at the High Hat Cafe, across the street from where she lives, is said by officers to have sought refuge there after she was shot. Employees of the cafe took her to Garza Memorial Hospital, where she died about an hour later.

Deputy Corley said yesterday

that as far as he had been able to determine no motive had been established for the slaying.

Since the suspect is a deaf-mute and knows only Spanish, interpretation had been difficult. Corley said the suspect's father and brother have been here and that the brother has assisted some in the investigation.

Some witnesses told Corley the woman had been seen leaving the cafe with a Latin American man shortly before the shooting.

The slain woman had been a resident of Post about a year. She moved to Farmington, N. M., about six years ago from Snyder.

The woman's body was taken to Snyder for funeral services.

Only thing holding up bids

### 'Big push' scheduled, WR land purchases

The "big push" was scheduled to start this week by the land committee of the White River Municipal Water District to purchase approximately 5,000 acres of land for the White River dam site and filtration plant.

Directors of the district discussed the purchases at some length at their November session here last Thursday night in City Hall and promised to be "on call" to approve any land purchase contracts negotiated by the land committee.

Marvin McLaughlin, Ralls banker, is chairman of the land committee. Mayor Powell Shytles is Post's representative on this committee. Directors have available some \$160,000 for current expenses and will obtain the remainder of their \$4,000,000 state loan Feb. 1. They delayed taking the big portion of the loan until February to save on interest charges.

Dam site purchase is all that is holding up advertising for bids for the dam's construction. Possession of the property is necessary to permit contractors to inspect the site in preparation of their bids, which will have to be advertised for six weeks.

State loan requirements do not necessitate right-of-way pipeline easements at the start, as would have been required via the federal loan route. This permits the directors to concentrate upon the site purchases now.

White River directors last Thursday night authorized payment of around \$22,000 to Mason & Johnson Associates of Dallas for the neces-

sary core drilling of the two dam sites in preparation of engineering plans. Payment had been deferred with interest charges until construction loan money was available.

Tom Benton, the district's tax-assessor-collector, reported only \$19,631.05 of the new White River

taxes had been collected during October out of the \$120,000 taxes assessed. Of this amount Post taxpayers have paid \$6,241.15.

The taxes are due by Jan. 31, 1962, to avoid penalty. No discounts for early payment are being given.

Directors authorized Benton to make any necessary refunds of over-payments from the tax account and to pay the tax money in to the Dallas trustee bank twice each year as required by the bonds.

Tax money collected by the White River district is deposited in the banks of the four respective towns where collections are made.

Each of the four banks also have an equal deposit of loan funds for the district's expense purposes.

The district's auditor reported that the municipal governments of the four member cities have paid \$20,753.24 into the district during the last five years to keep the district financially operational during the period the construction loan was sought.

With the towns assessed on a water meter basis, Post has contributed \$7,056.38 of this amount.

Directors plan to repay this money when the full construction loan is received.

Attending the session from Post last Thursday were Tom Bouchier, chairman of the directors, and Publisher Jim Cornish, as a reporter.

The service is sponsored by the Post Ministerial Alliance and all ministers of the alliance will take part.

### Catholic rectory is burglarized

Burglars who broke into the rectory at Holy Cross Catholic Church one night last week made themselves at home.

Besides stealing about \$40 worth of religious articles from a desk drawer, the intruders cooked themselves a meal, shifted furniture around to where they could rest comfortably, and filled the ashtrays with the stubs of cigarettes they'd also helped themselves to.

Rev. L. Eugenio de Francesco, assistant pastor, discovered the break-in Saturday morning. He had not spent the night there since Tuesday, and the break-in is believed to have taken place Wednesday night.

The intruders gained entrance by breaking a window glass and unlatching the window.

Deputy Sheriff Elton Corley investigated the break-in.

### Hodges' condition is said improved

The condition of Ray Hodges, who was injured Oct. 28 in a fall from his horse while rounding up cattle, was reported "considerably improved" yesterday at Methodist Hospital in Lubbock.

X-rays were made Monday of Hodges' head, shoulders and chest to further determine the extent of his injuries.

Members of the family said yesterday that doctors had told them Hodges might be brought to his home here from the hospital long enough to spend Thanksgiving.

He has not been able to sit up since the accident, but will be as soon as a cast is put on an elbow which was badly shattered in the accident.

### Final rites held for Sanchez baby

Funeral services for Rebecca Diann, two-months-old daughter of Mr. and Mrs. Manuel Sanchez, were held at 3 p. m. Sunday in Mason Funeral Home chapel.

The infant was dead on arrival at Garza Memorial Hospital Saturday morning after being taken there from its home on Route 1, Post. The child had been ill only a few days.

Rev. L. Eugenio de Francesco, assistant pastor of Holy Cross Catholic Church, officiated at the funeral services. Burial was in Terrace Cemetery under direction of Mason Funeral Home.

Besides her parents, the child is survived by three brothers.

### RCA managers attend annual short course

M. and Mrs. E. E. Pierce, manager and assistant manager, respectively, of the Retail Credit Association of Post, attended a short course on personnel reporting in Lubbock on Saturday and Sunday.

Fifteen counties were represented at the short course, which was taught by Baird Neville of the University of Texas Extension Service.

### Kent Wheatley member '61 first deer club'

Kent Wheatley, Post High School student, is a new member of the exclusive "club" of first-deer killers.

Kent bagged his first deer over the weekend while on a hunting trip near Graham, Tex., with Mr. and Mrs. Glenn Wheatley and Elaine. Kent is the son of Mr. and Mrs. Henry Wheatley.

Holidays change with the changing times—but some of the changes aren't to our liking. One of them is the passing of the special Thanksgiving Day church services. Since Thanksgiving is a traditional American holiday of feasting and giving thanks, it seems appropriate in these troubled times not to overlook the basic meaning and concentrate only upon the feasting. That's why we hope the First Christian Church will be filled to overflowing tonight (Wednesday) for the Union Thanksgiving Services beginning at 7:30 o'clock. Thanksgiving is an appropriate time indeed to worship together. So come tonight—and bring the whole family.

### The newest business in Post—and another step into American automation—opens Saturday at Fashion Cleaners with the introduction of coin-operated dry cleaning machines for those who want to do their dry cleaning themselves.

Elton Lee has made a real investment in the new equipment to bring this revolutionary dry cleaning method to Post. Automatic dry cleaning—an eight pound load in 45 minutes cleaning time—has been proven out and is just within the last few months beginning to arrive in West Texas. Elton says the instructions are simple and that housewives won't damage their clothing if they will follow the simple posted instructions. You'll find Elton's announcement of the new service on page eight of today's Dispatch.

### The coin-operated dry-cleaning room will have a new street entrance at 111 West Main and will be open seven days a week from 7 a. m. to 10 p. m. Elton also will be available with his staff to answer any questions that might arise during business hours anyway. This is a new and added service. Elton plans to continue to offer all his regular dry cleaning services to his clientele. After all, lots of folks aren't "do-it-yourselfers."

Horace Henley will hold another open house Sunday afternoon—2 to 7 p. m.—at another of his new homes in the Fred Robinson addition on the northwest edge of Post. You will find his open house announcement—alongside of another by the Pioneer Natural Gas Co.—as Horace's new "show house" in today's Dispatch. In the last two years, Post has experienced a real "home building boom" as it has never had before. And with new additions opening up all along the northwest and western flanks of the

### Friday meet set on rural phones

Persons living in areas of Garza County included in the current rural telephone project are invited to attend a meeting at 7 p. m. Friday at the First National Bank.

L. W. (Dunc) Duncan, who has been helping on plans for the rural telephone project, urges every resident of the areas included to attend Friday night's meeting.

Duncan said tentative approval for the project has been received from Washington, D. C., but that it remains for the potential customers to have the final say on whether or not they are interested in the project.

The areas which would be served by the telephone service are north, northeast, east and south of Post where telephone service does not now exist.

### Busiest session in years

Charges were filed against 11 persons in one of the busiest county court weeks in recent years during the last seven days.

Floyd Hair pleaded guilty Monday to a charge of driving while intoxicated and was fined \$50 and costs, sentenced to three days in jail and had his driver's license suspended for six months by County Judge J. E. Parker.

Ross Seagraves pleaded guilty to a similar driving while intoxicated charge and was fined \$50 and costs, sentenced to three days in jail and

had his driver's license suspended for six months.

A third driving while intoxicated charge was filed Friday in county court against Jimmy Cash.

Jack Roach was charged Monday with theft in converting to his own use a hydraulic jack, value of \$10, and a cotton sack, value of \$3, from John Kuhn.

Sylvester Ovale pleaded guilty Friday to a charge of aggravated assault and was fined \$50 and costs and sentenced to ten days in jail. (See COUNTY COURT, page 8)

## Garza County's Gold Star Boy and Girl are selected

Lewis Herron III of Post and Sue Pritchard of the Pleasant Valley community received the top awards—1961 Gold Star Boy and Girl pins—at the annual Garza County 4-H Achievement Awards program held Saturday night at the 4-H building.

They were only two, however, of a large number of 4-H members and adult 4-H leaders receiving awards at the event, which was attended by one of the largest crowds in its history.

Also awarded were achievement medals, year-pins, adult leader pins, business supporter certificates and checks totaling more than \$4,600 for sale of club calves at the State Fair of Texas in Dallas.

Young Herron is the son of County Agent and Mrs. Lewis C. Herron Jr., and he was presented his Gold Star pin by his father, who, along with Home Demonstration Agent Leta Smith, presided at the program. This year's Gold Star boy has been in 4-H Club work for seven of his 14 years.

Miss Pritchard, 16, is the daughter

of Mr. and Mrs. W. A. Pritchard and has been in 4-H Club work for three years. She is a member of the Pleasant Valley 4-H Club.

Adult 4-H leaders receiving awards were: Mrs. Thurman Maddox, Mrs. Carl Payton, Mrs. Robert Mock, Mrs. Glenn Norman, Mrs. Ben Brewer, Mrs. C. L. Pruitt, Mrs. Durward Bartlett, Mrs. R. B. Wilke, Mrs. Elvius Davis, Mrs. H. Bevers, Mrs. Herman Kiesel and Mrs. Arda Long.

### UNDERGOES SURGERY

Gayle Tittle, daughter of Mr. and Mrs. Leonard Tittle, underwent surgery Monday at Scott & White Hospital in Temple. She was accompanied by her parents and her grandparents.

### Roy Baker undergoes surgery second time

City Councilman Roy Baker underwent surgery for a second time Saturday in a Lubbock hospital after being injured Oct. 26 in a fall at his home here at 11 West 4th St.

Baker first underwent surgery Oct. 28.

He was returned to his home here Tuesday from the Lubbock hospital and is reported to be recuperating satisfactorily.
