The Christmas angel loves to see
Good little children like you and me!

When Johnny hung his stocking up,
Santa stuffed it with a perky pup!

He has a costume, look and see . . .
Who do you think he's going to be?

Here's a faithful shepherd boy,
Singing a song of Christmas joy!

A Christmas tree and boughs of holly
Make our home look bright and jolly!

Santa's packin' up his sleigh
To surprise us all on Christmas Day!

Let's begin to decorate . . .
We have so much to celebrate!

Santa takes out time to play
With all the toys he brings your way.

bock Saturday, with Mr. and Mrs.
Dennis Hill at the Buckner's Bat-
tist Girl's home, where Mr. Hill

Hill and Mrs. Caffey are sisters.

James Buckner (Buck) Barry never
shirked a duty. But somehow, duty
as he saw it usually
included at least some fighting. Com-
ing to Texas from North Carolina in 1845, Buck served
in the Army of the Republic of Texas under John Coffee Hays. With the outbreak of
the Mexican War, he joined the Texas Rangers and headed South for a little faster action. He
got it, also a severe wound at Monterrey. Mustered out, Barry convalesced on the banks of
the Trinity, with only Indian horse thieves to keep things lively. Such calm couldn't last,
so he took on the job of Sheriff of Navarro County, serving three terms. Then Indian
fighting seemed to offer renewed opportunities for action, and he was commissioned by
Governor Sam Houston to organize a frontier defense company. This action merged into a
prominent role in the Civil War, with a rise to Lieutenant Colonel. In his later years Buck
Barry reluctantly consented to battle with words only, and represented the Boque District
in the State Legislature... another Ranger who helped to shape the frontier wilderness into
the great state of Texas.

Today Texans owe much to the lawmen who brought peace to the frontier,
and to industry and commerce, bringing prosperity and pleasure. The
brewing industry has provided community revenues, payrolls and the
refreshment of moderation. In Texas "Beer Belongs," and the United States
Brewers Association is constantly at work with brewers, wholesalers and
retailers to assure the sale of beer and ale under pleasant, orderly and law-
abiding conditions.

'Breakfast at Tiffany's,' to open Sunday at Tower

Academy Award-winner Audrey Hepburn returns to smart, sophisticated comedy in "Breakfast at Tiffany's," the new Technicolor film showing Sunday, Monday and Tuesday at the Tower Theatre.

Abandoning her string of princesses and refined young ladies, Miss Hepburn pulls out all the stops in

portrayal of gay New York play-girl Holly Golightly in the Paramount release, which also stars George Peppard and co-stars Patricia Neal, Buddy Ebsen, Martin Balsam and Mickey Rooney. Adapted by George ("Seven Year Itch") Axelrod from Truman Capote's best-selling novel, the attraction tells "all" about Holly and the many men in her life.

A creature of odd habits and even odder friends, Holly affects the lives of all who meet her, especially Peppard, her upstairs neighbor, a young writer being "supported" by a rich society matron. Other men in her past, present and future include a Texas horse doctor, a Hollywood agent, a Brazilian millionaire and a Japanese photo-

grapher whose peace of mind continually hampered by Holly's madcap existence.

Filed in part on location in New York City, "Breakfast at Tiffany's" features many of the city's famous landmarks, including the celebrated jewelry store that inspired the title of the picture and Capote's original novel. Marked by Holly's downing a light breakfast of coffee and Danish in front of Tiffany's window following a w night out on the town, this unusual meal symbolizes the need for meaning and solidarity in her life. Blake Edwards directed.

Screwworm control in Texas gains momentum

COLLEGE STATION — The screwworm control program, initial project of the newly organized Southwest Animal Health Research Foundation, is gaining momentum daily, according to Director John E. Hutchinson, Texas Agricultural Extension Service.

Fast moving events of the past few weeks prompted C. G. Scruggs of Dallas, acting Foundation president, to describe the drive as "The biggest, most wide-spread and dramatic agricultural program Texas has seen." Already, more than half of the counties in the state have organized committees, named officers and are busy raising funds to finance the drive.

Vocational agriculture teachers and county agricultural agents have provided educational and organizational leadership on the county level.

HOTTEST NOVEMBER IN FORD HISTORY!

And here's what started the heat wave!

Last month more Americans bought Fords than in any November in history. The blazing success of the long Ford line was end-to-end, all across the country and up and down it, too. ■ Everywhere the people flocked into their Ford Dealers and bought smart new Falcons, and the new Falcon Squire, the glittering swift Galaxies, the famous Ford Station Wagons and the hot Thunderbirds. And they poured in to see and buy up the brand-new Fairlanes just introduced. ■ There are four magic reasons why behind the smashing success of the long Ford line for 1962. First of all is utterly modern styling, the fresh crisp lines that are now being so widely copied by other car-makers, the smart look that dominates the industry. Second is absolute power in eleven kinds of engines, giving you anything you could want in engine

options. Third is total economy—every Ford model is priced directly at your pocketbook, and every Ford, large, medium or small, gives you gasoline mileage outstanding in its class. Fourth is the service-saving concept—every Ford car is built to cut down maintenance worries and problems, with service-saving features other cars may have some day. ■ Ford leadership from Falcons to Thunderbirds is founded on trend-setting innovations... The hot ideas come from Ford. And at the heart of Ford success is an almost revolutionary new concept of quality... most serious and direct concern with the actual part-by-part quality. For the hot trends in the hot cars, for a new experience in quality, and for the best buys on the American Road, see your Ford Dealer.

PRODUCTS OF FORD MOTOR COMPANY

NOW THERE ARE FOUR CLASSES OF CARS ... AND ONLY FORD HAS ALL FOUR!

COMPACT CLASS:

FORD FALCON

This class includes cars with 106- to 114-inch wheelbase. Most popular by far (a million happy owners!) is the Ford Falcon. Falcon is America's lowest-priced* 6-passenger car, set a 25-year record for Sixes or Eights in last spring's Mobilgas Economy Run, gives you a choice of 13 models, including the Futara and new Falcon Squire wagon.

FAIRLANE CLASS:

FORD FAIRLANE

The Ford Fairlane is the first member of a new class which combines the advantages of both compact and big cars... you get big car room, ride and performance... compact savings and maneuverability. Priced below many compacts, Fairlane even rivals some in gas economy. Has twice-a-year maintenance introduced by the Galaxy.

FULL-SIZE CLASS:

GALAXIE BY FORD

The class for families who want big car comfort, performance and prestige. Value leader is the Ford Galaxy—which has every essential feature of far costlier fine cars. With the optional Thunderbird 390 V-8 engine, a Galaxy will outperform America's most expensive luxury cars. Requires servicing only twice a year, or every 6,000 miles.

LUXURY CLASS:

FORD THUNDERBIRD

The top class—cars for people who want the very finest. First of the trim-size luxury cars, the 4-passenger Thunderbird is the most distinctive car in this class. Its styling set the trend for an entire generation of cars and now finds a new elegance in the Landau. And Thunderbird's performance is just this side of flight.

JUNIOR HIGH

Gossip

Everyone is going to miss Coach Loyd. Those who haven't known him have missed a great person.

Belinda Lee, are you glad to get your cast off? Bet you are.

It seems as though the 7th grade bunch is mixed up. It appears that everyone wants another girl's boy friend. Huh? Surely hope we get settled.

Saturday, the 7th and 8th grade had a scrimmage. As usual, the 8th grade won by 10 or 11 points! Before dressing, they ran five laps. But it seems as though some of us can't count. Huh, Jan Miller?

The O'Donnell game was called off because of a teachers' meeting and banquet. The game is to be played Jan. 22.

We 7th grade students received our history books.

What's this I hear about Coach Kountz on Thanksgiving? We really aren't THAT bad, are we?

What has Gregg Jones got his heart set on enlarging and putting on the bulletin board? Mary Eubank might know.

Who is it that is always shooting paper wads through their mouth pieces in band? Well, it couldn't be Paul Walker and Donnie Windham, could it.

The 7th grade health classes surely did appreciate Mrs. Kountz for substituting for Mr. Kountz last Friday. What a change!

Nine out of 14 of the 7th grade basketball team got to attend the Southland Tournament with the 8th graders Thursday, Friday and Saturday nights. They were Sherry Woods, Jan Miller, La Gayluah Woods, Jan Miller, La Gayluah Lee, Edith Johnson, Linda Altman, Martha Solis and Jaynie Josey. We have our doubts about playing, but we want to be there to see us win!

Mrs. Lobban has returned to school after her long absence. We surely did appreciate Mrs. Clemmons, but we're glad to see Mrs. Lobban.

We are all sorry to hear of Richard Scott's moving from Post to Alabama. We will all miss him very much, but I'm sure he will enjoy Alabama.

What music class is it that sounds like a bunch of bees? Sherry Gist and Marcia Newby might know.

VISIT MRS. FLEMING

Sunday, Miss Ellen Fox, Mrs. A. G. Fox and children from Lubbock visited Mrs. G. E. Fleming. Also, L. G. Watson, Mrs. G. E. Fleming's father from Lubbock, is visiting her for a few weeks.

Have You Heard??

Wonder why Butch Bowen is carrying around a busted lip and Billy Shumard a busted knuckle?

Danella Batemna, do you and Mary Beth Ford know how to meet people?

Mrs. Fleming, what's this we hear about you being afraid of watching "Thriller" by yourself?

Down with all Soph. girls who have "62" Fords.

What about these cute little yells the girls do during the boys' game, like "too bad do-dad" and "go daddy rabbit" also "naughty,

naughty mustn't do, that's another foul on you."

We also envy all Junior boys who have "62" Impalas.

JR. HIGH BOOK REVIEW

Hitler's life is subject of book

By Danny Markham
The book, "Adolf Hitler," written by William L. Shirer, is a story about the life of Adolf Hitler.

Hitler had many ambitions, including being a great artist. He started his rise by being elected dictator. While he was dictator, he conquered many lands.

The reason for the fall of his career was the strain of the war. This made him a man who was insane.

He and his half-sister were married about two hours before he killed himself. He and his wife were both suicide victims.

Students see 'Victoria Regina' on television

Last Thursday night at 8:30 in the grade school auditorium, the Seniors and the cast of the Junior class play watched "Victoria Regina".

They had a beautiful color television set to watch it on, courtesy of Mason & Co.

Everyone appreciated it very much and the play was very interesting.

One student's opinion on length of holidays

By Sherry Woods
My opinion on the length of the Christmas holidays is different from a lot of other students. I think our Christmas holidays are long enough because we just get a certain amount of days off for bad weather. If we took too many days off for Christmas, we would have to go to school in bad weather.

'The Big Show' is forceful drama

The spectacle, pageantry and excitement of circus life sweep across the screen as 20th Century-Fox brings to the public "The Big Show," which will be here Saturday for one day only at the Tower Theatre.

"The Big Show," one of the year's most unique films, blends the realism of life under the big top with a stark intra-family drama of sadism, ruthlessness and tyranny.

The picture is in CinemaScope and DeLuxe Color.

Esther Williams, Cliff Robertson, Nehemia Persoff, Robert Vaughn and a score of other powerful performers will be seen in key roles.

Here is double-barreled entertainment, so memorable on both counts that audiences will carry away from the theatre a sense of excitement on two levels: the drama and splendor of some of the most unique circus acts ever witnessed in this country, and the tense tale of a family brought to the brink of destruction by a father whose demand for implicit loyalty and obedience from his performing children culminates in his own death.

Latin and Negro children's art to be exhibited

Twenty Latin-American and colored children will have an art exhibit next Tuesday at 7 o'clock in the First Baptist Church.

The Missionary Art Club was organized in October by Mrs. William Robinson on a voluntary and free basis.

Mrs. Robinson was interested in helping these children and wanted to share her painting talent with them. The students range from 6 to 14 years of age and meet every Tuesday in the First Baptist Church.

Rev. Bill Hogue volunteered the use of the church when Mrs. Robinson approached him on her ideas for such a class. He has been most helpful with the class, she said.

A Bible story is told or read at each session. Once a month slides are shown on other states and foreign countries. These are used for their art value and to educate the children on different parts of the world.

The children work on drawing, painting and crafts. Last week Mrs. Johnny Rogers demonstrated dried floral arrangements.

If any organization or individuals are interested in helping this class financially, please contact Mrs. Robinson.

The classes are free, but money is needed for painting and drawing supplies, as most of the students are unable to purchase their own supplies.

Awards presented Troop 319 Scouts

Six members of Eoy Scout Troop 319 received advancement awards and two received merit badges at a court of honor held last week at the First Methodist Church, which sponsors the troop.

Leslie Davis, son of Mr. and Mrs. T. F. Davis was advanced to first class and Eddie Clemmons, son of Mr. and Mrs. Neal Clemmons, to second class at the court of honor.

Tenderfoot awards went to Sammy Harper, Linford Warren, Jimmy Johnston and Mike Kruger. Merit badges for cooking were awarded Steve McDonald and Lonnie Jackson.

The awards were presented by Dr. B. E. Young, a district commissioner for the Comanche Trail District, South Plains Council, Boy Scouts of America.

Fire--

(Continued from page 1) prevented its spread down to the lower floor, but it suffered considerable smoke and water damage.

Mrs. W. M. Woodard and daughter, who lived in a trailer on the hotel lot, got all of the Art Guild pictures out of the guild's ground floor front studio. Mrs. Bill Robinson took the pictures to her home and cleaned them up. She thinks none of them were seriously damaged.

W. M. (Bill) Woodard went into the Tracys' apartment during the fire and carried to safety all of Mrs. Tracy's paintings as well as Mrs. Tracy's clothing and shoes from her closets. He even succeeded in getting out most of their furniture and their small piano.

Mr. Tracy was out of the city when the fire occurred. Fire Chief Cato said the firemen felt fortunate to confine the blaze to the roof and upper floor.

He asked that the department's appreciation be expressed to on-lookers who stayed back out of the way during the blaze, to those who brought sandwiches and coffee to the firemen, and to others who pitched in to help the firemen battle the blaze.

Although there were no injuries, Fireman Travis Thomas fell through a fire-weakened floor to his armpits, but was rescued by fellow fireman.

The big loss was "partially covered by insurance," Mrs. Tracy said.

As she watched the flames roar up from the hotel Monday night she told friends, "I've always said I wanted to get out of the hotel business. I guess I'm out now."

Lions--

(Continued from page 1) Moreman a 15 year pin. Travis Thomas, a recognition pin for community service, and Bernard Ramsey his pin and his Lions card as a new member.

Ike Trimble, high school vocational agriculture instructor, was a club guest. Deputy District Governor Jim Barron of Lubbock accompanied Governor Strong here for the visit.

Twenty Lions were in attendance. A directors meeting was held following the membership dinner to plan a new club project to be announced shortly.

LUBBOCK VISIT
Mrs. Wesley Stephens spent last week in Lubbock with her son and daughter-in-law, Mr. and Mrs. Bowen Stephens and their new daughter, Shelia Kay.

Man beaten up, robbed here

Charles Nickens is in Garza Memorial Hospital recovering from injuries and exposure suffered when he was beaten up and thrown from a car by two assailants sometime Monday night.

He was noticed on the west edge of Post on the Tahoka highway early Tuesday morning by a passing truck driver and taken to the hospital when officers investigated.

He told officers he was being given a ride home from Lamesa by two men to whom he was to pay \$5. Deputy Elton Corley told The Dispatch. But instead, they beat him severely about the head and stole his billfold containing \$30 and dumped him out of the car just west of Post.

Gollehon is named exchange student

Ronnie Gollehon of House, N. M., who was born in Garza County, has been named New Mexico's International Farm Youth Exchange delegate for 1962.

Gollehon, who is a student at New Mexico State University, will live six months next year with a farm family in Australia, exchanging ideas on agriculture and family living.

Gollehon, the son of Mr. and Mrs. Gene Gollehon, was chosen for the farm youth exchange assignment on the basis of 10 years 4-H work in New Mexico.

He owns a half-section of land in Roosevelt County and a sizable strip of land in Brazil where he hopes to develop farm operations in the future.

He is the grandson of Mr. and Mrs. D. C. Roberts of Post.

Auction to end hardware firm

The Greenfield Hardware firm, after 44 years of business in Post, will officially end its operations here Saturday with an auction of all hardware, sporting goods, store fixtures and some new and used appliances.

The auction will be conducted by Aven & Associates, Lubbock auctioneers, at the store, 212 East Main, beginning at 10 a. m. Announcement of the auction will be found in an ad on page four.

Bill Edwards told The Dispatch he is closing out the hardware end of the business with the auction, but that he plans to sell his Frigidaire Appliance business, operated as Edwards Appliance, as a going concern at a later date.

Edwards has taken over as active general manager of General Builders, a local home construction firm which is developing Westgate Terrace addition and now has a new split level home for sale—the first split level home in Post. Edwards said the appliance firm will continue operation in its present name until sold.

\$68,000 scheduled in road projects

The Texas Highway Commission today approved the expenditure of \$15,000,000 for additional safety features to improve farm to market roads, including \$68,000 in Garza County.

Projects scheduled for Garza County are FM 1313 from U. S. 380 south to Scurry County line, \$19,000; FM 631 from north city limit in Post south 3 of a mile to FM 122, \$12,500; FM 122 in Post from north city limit to U. S. 380, .05 of a mile \$22,500, and Loop 46, in Post, from U. S. 380 south for 0.3 of a mile, \$14,000.

All projects here are for widening of pavement, with work already under way on FM 1313.

Boys' varsity has open date Friday

Three Post High School cage teams, the "A" girls and the "B" girls and boys will play in tournaments getting under way today.

The "A" girls' team—the Does—entered in the Howard County College Tournament at Big Spring for the third year and were playing Highland at 1 p. m. today in a first round game.

The "B" team girls and boys are entered in the Fluvanna Tournament, with the girls scheduled to play Hobbs, Tex., at 3 p. m. today, and the boys playing the same school's team at 4:30 p. m. today. The "B" team girls' team cancelled its game with the Antelopes for Tuesday night, the "A" boys' team will see action again until Tuesday night when they go to Floyd, along with the Does and the team boys.

The "A" boys' and girls' teams entered in the Ralls Invitational tournament, which begins next Monday and continues through Friday.

The next scheduled home games for the school teams will be here today night, Dec. 18, against the "A" boys' and girls' teams and the "B" boys' team.

Antelopes lose, 46-36; 'B' team, 33-24

Does only winner in 3 O'Donnell contests

Post High School basketball teams won one out of three from O'Donnell here Tuesday night, the Does winning, 55 to 15 and the "A" and "B" boys losing by scores of 46 to 36 and 33 to 24, respectively.

Until they caught fire in the fourth quarter against O'Donnell reserves, the Antelopes were badly outclassed in their game. Going into the final period trailing by 40-14, Coach Richard Souter's team finally found the range, with center Dwayne Capps pacing the attack, and O'Donnell's first string, re-inserted with less than four minutes to go, had trouble choking off the Post rally.

At one point in the closing minutes, the Antelopes trailed by only six points.

The home team was as cold as the proverbial cake of ice through the first three quarters, and the first half lacked only 1:13 of being over before the Antelopes hit their first field goal, a set shot by Leslie Acker.

The Antelopes didn't get too many shots against a tight O'Donnell defense throughout the first three periods, and they were shooting cold on the few they did get.

Capps had his best night of the season with 20 points, 18 of them coming in the second half.

Coach Souter used a total of 12 players, having three "B" team

players suit up after halftime in trying to find a combination that would click.

Wendell White, smooth-operating O'Donnell post man, hit four field goals to get the Eagles off to a flying start, and they were out in front, 20-2, at the end of the first eight minutes of play.

It was an entirely different story in the girls' contest, with Coach Van Kountz' Does simply running away from the O'Donnell sextet. The home towners held a first quarter lead of 12-2; halftime, 35-4, and third quarter, 41-5.

Nita Wilson sat out the entire third quarter, but still took scoring honors with 25 points. Janith Short scored 11; Barbara Craig, 7; Pam Stewart, 5; Cheryl Martin, 4; Vivian McWhirt, 2, and Marianne Jones, 1.

Sherry White scored eight points to lead the impotent O'Donnell offense.

Starting guards for Post were Danelia Bateman, Lynette Potts and Cheryl Martin. Other Doe guards helping stifle the O'Donnell scoring were Linda Pennell, Dee Ann Walker, Janie Carradine and Darla Pierce. The Does were without the services of senior guard Judy Clary, who was sitting out a back injury received in last Friday's Abernathy game.

The "B" team game was tight until about halfway through the final quarter when the O'Donnell junior varsity began pulling away to its final nine-point edge. O'Donnell led 8-4 at the end of the first quarter and 14 to 12 at the half, but Post was ahead 21-18 going into the final period.

Jerry Utecht of O'Donnell topped the scoring with 13 points. Danny Pierce was high for Post with 7. Opening of quail season in Texas brings note of warning to hunters

AUSTIN — Quail season opened in Texas Dec. 1, sending even more hunters into fields to join those still stalking deer and turkey or hunting rabbits. It's anyone's guess as to how many hunters will fall victim to another hunter's gun.

Statistics contend 95 per cent of hunting accidents involving guns could be avoided by sensible handling of firearms. Last year 194 Texans died in accidents involving firearms.

Another frequent cause of hunting mishaps is an exploding gun, the barrel of which has been clogged with mud or snow. Basic intelligence dictates that when a gun muzzle touches the ground it should be unloaded and checked for obstructions.

When two or more people are hunting together, walking abreast has proved to be the safest formation. Members of the party should keep each other in sight, yet stay far enough apart to give each plenty of room. Guns, of course, should be pointed groundward or straight ahead.

Bright colors, preferably yellow or red, should be worn by all hunters.

Never shoot unless you're certain it is at game.

Expert hunters realize guns are instruments of violence, not toys to be handled frivolously. One of the most deadly hunting situations is created when hunting is combined with drinking.

In the best hunting circles top ranking is accorded the safe, highest respect and is a welcome companion among the elite in the field.

A smart hunter keeps his gun empty of ammunition, except when actually on the prowl for game. He never carries a loaded gun in an automobile, into home surroundings or into a camp even when only hunters are present.

Pointing a gun at a companion, even when unloaded, is an inexcusable violation of safety, sportsman ship, hunting ethics and common sense, and is instantly recognized as the act of a juvenile. It is the quickest way to lose the respect and friendship of a competent gunhandler.

Climbing fences is another test of hunting sense. Either pass the gun to a companion—muzzle pointed safely—for him to hold while you climb through or over, or lay the gun on the ground while you cross over.

Guards for the 7th grade included Jaynie Josey, Edith Johnson, Marta Salis and Linda Altman.

High scorer for Post in the 8th grade game was Pat Landreth, with 5. Carol Camp scored 3 and Sharla Pierce, 2.

Williams is total offense leader

Although injured most of the season, East Texas State quarterback James Williams of Post was his team's total offense leader.

Williams, a senior at ETSU, gained 479 yards through the air—which also made him tops in passing—and 68 yards on the ground.

Jack Holcomb, a junior from Rule, gained 251 yards on the ground to lead all rushers. Doug Paschal, freshman quarterback, from Stephen F. Austin High in Houston, was the number two passer and gained 256 yards on total offense to finish second to Williams.

THE ENGAGEMENT RING

At the time of their engagement, John gave Judy an expensive diamond ring. He also gave her a wrist watch for her birthday the following summer.

One evening, to John's surprise, Judy told him that she was breaking their engagement. Later John asked Judy to return his engagement ring and the wrist watch. She refused, claiming that they were given with no strings attached. John maintained that the ring and wrist watch were given to Judy after their engagement, and that he would not have given them to her if they had not been engaged.

Is John correct? Does he have a legal right to have the engagement ring and the wrist watch returned? Yes, John is right, at least as far as the engagement is concerned. In similar cases the courts have said that an engagement ring is a symbol or pledge of the coming marriage, and signifies that the one who wears it is engaged to marry the man who gave it to her. If the engagement is broken off, the ring should be returned since it is a conditional gift.

It would be unusual for a man, in giving a woman an engagement ring, to tell her that she must give it back if they do not get married. However, even though no such express condition is imposed, the law will imply one because of the symbolic significance of the ring. The giving of the wrist watch is an entirely different proposition. True, it was given after the parties became engaged. The watch, though, has no symbolic meaning and is only a token of the love and affection which John bore for Judy. Under the law there is no consideration required for a gift. It is absolute once made, unless a condition is imposed. There was no condition here, and the law will not imply one as in the case of the engagement ring since the wrist watch has no symbolic meaning attached to it.

Will Wilson in governor's race

AUSTIN—Atty. Gen. Will Wilson has announced he is a candidate for governor.

He is the first Democrat to announce for that party's nomination for the post, although a number of other aspirants, including Marshall Formby, have hinted they might be available.

Only one other gubernatorial candidate, Jack Cox of Breckenridge, is in the race for the state's top political seat. Cox left the Democratic party earlier this year and is running as a Republican. He was an unsuccessful candidate for the Democratic nomination in 1960.

A justice of the Texas Supreme Court and a former district attorney in Dallas for two years, Wilson is completing his third term as attorney general.

KEYS TO UNDERSTANDING

Suppose you were given keys that would unlock the mysteries of the universe. With them, you could answer the "whys" that plague all of us. You'd know what was going to happen to you and those around you tomorrow—next month—next year.

Would you use them?

Of course, you say! Think again. And, once you've thought, you might shake your head, hand them back, and say, "No thank you."

Common sense tells us that man was not meant to understand every mystery of life. The reasons "why" remain as they are because our Creator in His wisdom thoroughly knows just how much man can both stand and understand.

God has a greater gift for you than these, or any other keys... the gift of Faith. You will find it by going to church regularly.

**THE CHURCH FOR ALL
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

AUSTIN.—With nearly 30 per cent of the state's population over 65 years old, the State Welfare Department's tandem medical care program for Old Age assistance recipients will be a significant solution to the problem of providing nursing service and medical treatment for all ailing oldsters.

Welfare Department institutes its program of nursing home care for OAA recipients January 1. Program will affect every old person who has to rely on nursing-home care, whether he be indigent or financially self sufficient. Rating of nursing homes which apply for payments under the plan should result in a general upgrading of nursing home standards.

Despite efforts of nursing home operators' associations and Health Department officials to define this difference, there has been some public confusion about the difference between nursing care and custodial care. Relatives seeking homes for old folks are not always able to determine whether nursing care offered is sufficient for their kin's needs.

Introduction of state and federal money—about \$8,000,000 a year—is certain to result in more and better homes for the aged.

The \$23,000,000 Blue Cross policy for Texas' 220,000 OAA recipients—also effective Jan. 1—may pave the way for more thorough medical protection for old folk.

Policy sets a precedent, as no other insurance company has ever provided such extensive coverage for people over 65. If it does not prove too costly, other companies may offer similar coverage for elderly people on an individual basis.

legislative appropriation for advertising the State's numerous attractions. Although the Legislature passed a voter-approved Constitutional amendment to allow for tourist promotion in 1958, no funds were allotted for this purpose.

While the Texas Highway Department distributes attractive brochures through its eight state border stations, nothing has been accomplished on a national basis.

Meanwhile the state is losing money on tourism. The 8,600,000 out-of-staters who came here last year contributed \$23,000,000 to the state's tax till. They spent \$427,000,000 while here. This was a drop of one million visitors from 1960 and a drop of almost two million from 1959.

Other states consider tourist advertising a sound investment—figuring they get hundreds of dollars in return for each dollar spent on advertising.

GOVERNOR DANIEL told the special House Committee investigating escheat laws that emphasis in his fight to include banks "has been in the wrong place."

He said that instead of battling to get banks to turn over money in dormant accounts, emphasis should be on passing legislation to help find unknown heirs of missing depositors.

Statement was made after State Banking Commissioner J. M. Falkner testified that dormant and inactive accounts "make it easier" for would-be embezzlers. He said it's easy for bank officers or employees to manipulate dormant accounts. Falkner stated that "a few" state banks have even tried to make charges against dormant ac-

counts, converting the money to profit, but that his department has been successful in stopping such procedures.

The State Commission has no jurisdiction over the practices of national banks within the state. It is his understanding, however, that many national banks do make service charges against inactive accounts.

Falkner estimates that between \$3,000,000 and \$4,000,000 lie dormant in state banks, and from \$42,000,000 to \$14,000,000 in the national banks located in Texas.

STATE ATTORNEYS still are trying to recover more than \$50,000 paid for land under the Texas Veterans Land Program some seven years ago.

Austin District Judge Herman Jones heard pre-trial arguments in four civil suits from State Assistant Attorney General J. Arthur Sandlin and John D. Cofer, Austin attorney who represents Brady land dealers B. R. Sheffield and L. V. Ruffin. In addition to the land dealers, 54 Brady veterans have been named as defendants.

Jones took the motions under advisement.

NOW THAT the five most populous counties—El Paso, Dallas, Tarrant, Bexar and Harris—have agreed to provide office space, travel expenses and secretarial help for regional officers working in the Texas Youth Council's Juvenile Parole program, the council is ready to consider hiring a state director to coordinate the program.

Council hopes to hire five officers in time to pick a director when its board meets December 14. Bexar County parole director James Lewis has been mentioned frequently as a possible prospect for the post, which combines heavy responsibility with a \$7,200 annual salary.

RESIDENTIAL PERMITS issued in October ran 42 per cent above the 1960 figure for the same month. Apartment construction is largely responsible for this rise.

ican cattle were held up by Federal inspectors for dipping when they were found to have ticks upon arrival at the export pens.

GIVE ... The United Way — through GARZA COUNTY COMMUNITY CHEST

1962 Red Feather Drive — Week of December 4-9

Our Goal — \$13,000

8 Fund Raising Drives Combined in One Effort

PLEASE GIVE GENEROUSLY!!

For the last several years, Garza County has been singularly successful in combining all of its major fund raising efforts for all worthy organizations into one single drive. This is the United Way.

This means in making your COMMUNITY CHEST PLEDGE FOR 1962 you will be giving your money to eight organizations, listed to the left. When we say give generously, we means give size-wise so that your contribution may be divided among all eight organizations. If you desire to give more than you can afford all at one giving time, you can pledge to pay a portion or portions of your pledge later. You will be given a reminder when it is due according to the pledge you make.

Garza has been successful in its Community Chest through the all-out efforts of a large group of dedicated men and women who give not only of their money, but much of their time as Chest workers to contact all Garza residents. Make it easy for them by thinking about your pledge now, so you will be prepared to make it readily when contacted.

By giving the United Way—through the Garza County Community Chest—your giving is carefully screened at the local level to be sure that each organization gets all that it needs, but only what it needs. Fellow members of your community serve on the Chest's budget committee to consider the budget requests of each participating organization. Remember, you will be giving to eight organizations THE UNITED WAY when you make your 1962 Community Chest pledge.

Proper handling and cooking make deer taste treat, says wildlife authority

COLLEGE STATION—People often say that deer are fine for hunting but no good for eating. E. D. Cooper, extension wildlife specialist, disagrees with the "no good for eating" part. He says a deer properly dressed and cared for makes wonderful eating.

The first step to a delicious venison meal is to dress the deer immediately after it is killed. If the animal does not bleed thoroughly as a result of the bullet wound, the large veins in the throat should be cut near the base of the neck.

After this is done, remove the entrails and other body organs immediately, says Cooper.

If the deer is not to be placed in cold storage immediately, it should be hung in a cool, dry place. The body cavity can be wiped clean with a dry cloth, and should be propped open so cool air can lower the body temperature rapidly.

The most important thing here is to protect the carcass from flies, dirt and other sources of contamination.

Cooper points out that it is also important to protect the deer from heat and exhaust fumes when hauling it to cold storage.

Rotarians hear of power growth

Ted Hibbs, Southwestern Public Service Co. manager here, told Rotarians at their Tuesday luncheon in City Hall that there are over 1,700 electric customers in Post today.

He said there were only 300 such customers in 1927 when Southwestern predecessor company purchased the system and less than 600 customers when Hibbs came to Post in 1944.

In 1944, Hibbs said the city had only 21 street lights of 1,000 lumens each, whereas now they have 269 street lights ranging from 4,000 to 20,000 lumens each.

Rotarians saw a film, Power for Pioneer, telling of Southwestern Public Service Company's growth in its southwest area.

Two plead guilty to DWI charges

Two have pleaded guilty in county court to charges of driving while intoxicated.

Juan Rincon Diaz entered a guilty plea Monday to a DWI charge. He was fined \$50 and costs, sentenced to three days in jail and had his driver's license suspended for six months.

The same penalties were meted out by County Judge J. E. Parker to Hiram Wood Schmidt on his plea of guilty to a DWI charge.

J. D. Davis was charged in county court Nov. 30 with theft. He is accused of stealing a 1953 Ford motor, valued at \$45, from Melzer Johnson last September.

Observance of Advent under way at church

Continuing the observance of Advent, Bernard S. Ramsey, minister of the First Christian Church, will preach on the theme, "The Perfect Gift," at the 11 a. m. service.

At the 7 p. m. worship, the minister will present a specially prepared condensation of Henry Van Dyke's classic, "The Other Wise Man," as the evening message.

Rev. Ramsey says, "This is a beautiful Christmas story which never loses its gripping and dramatic appeal to both old and young alike. According to tradition the three wise men were Caspar, Melchior and Balthazar, but this is a story of the fourth Magi—named Artaban and his unforgettable and exciting adventures in search of the Christ Child. We especially invite our friends to hear this story—it will warm your hearts and make Christmas more meaningful."

My Turn

BY MRS. C

It's starting to look right Christmas downtown (or uptown depending where one lives). It's going to be real interesting seeing the different merchants will be with the little Christmas trees along our Main Street. A little creativity and imagination will be used. Decorating with lights and using weather-proof decorations should be quite a challenge.

Regardless of what is done to the trees or if they just stand there, the Chamber of Commerce will have made the downtown dog population quite happy.

I wish next year we could see the way clear to add just a teeny bit of greenery to our streets of colored lights. They look so indecently naked just hanging there across our street.

Well, we lost a lovely landmark last night. I've always loved the Algerita Hotel added a certain touch to Post that not many other towns had. I felt that train passengers passing through must have felt a little curiosity about seeing Swiss architecture set by the railroad tracks West Texas.

Found an interesting tidbit the other night when reading about a book, "The Intelligent Parents Guide to Teen-Agers." The author, Thelma C. Purcell, quotes an old ad on an old problem: "Our youth now loves luxury. They have manners, contempt for authority, disrespect for older people, they no longer rise when their elders enter the room. They contradict their parents, chatter before company, slobber their food and tyrannize their teachers." The author, Purcell, points out with unguessed glee, is Socrates, and the time some 2,400 years ago.

Socrates was faced with a problem and evidently found the answer to it, maybe we twentieth century parents ought to read and just enjoy our teen-agers, as though they are behaving normally and not really a problem at all.

Garden Club to hold Christmas party

The Garden Club met recently at the 4-H Club Barn. Elsie Mae Stenberg was hostess and Ada Shanahan had the program on "Red Flowers."

The next meeting will be held Dec. 14 at the Community Room and will be the Christmas party. Hostesses will be Faye Mathis, Bessie Burress, Janie Davis and Willie McBride.

Culture Club honor is slated for pioneers

The Woman's Culture Club is sponsoring the Garza County Pioneers Christmas Friendship Tea in the Community Room.

Pioneer guests are invited to call between the hours of 3 and 5 o'clock.

The club particularly wants to see the men and women who have watched the county and town

Friendship Tea plans made at club's meeting

Mrs. R. T. Smith was hostess to the Woman's Culture Club when it met Nov. 29 in her home.

Miss Maxine Durrett led the group in singing, "America the Beautiful," after which the club collect and club pledge were repeated in unison.

Committee reports were given during the business meeting, conducted by Mrs. Lee Davis, president.

The club voted to send a box of gifts to the retarded children in the Abilene Hospital for Christmas.

Plans were made for the Friendship Tea, honoring the pioneers of our town, to be held Dec. 13.

Mrs. J. R. Durrett had charge of the program and gave a talk on "Common Sense in Parliamentary Procedure." Mrs. R. T. Smith spoke on "Club Manners, Good and Bad."

A refreshment plate was served to the following members: Mmes. C. R. Thaxton, E. S. Stewart, J. F. Storie, Don Dunbar, Davis, Louie Burkes, Durrett, J. H. Haire, James Matthews, Jerry Mackenzie, a house guest of Mrs. Matthews, and Miss Durrett.

Let's practice what is preached

Garza countians are urged to join in a statewide effort to "awaken the conscience of every driver" in behalf of safe and legal driving. This effort will be undertaken on "Safety Sunday," Dec. 10, through the cooperation of church congregations with the Governor's Highway Safety Commission and citizen traffic safety support groups.

The Governor has asked pastors of all Texas churches to "remind their members of their personal and moral responsibility to drive carefully, to obey the traffic laws and to protect the sanctity of human life in our State."

Governor Daniel also said in his "Safety Sunday" proclamation, "experience . . . indicates that the solution to the traffic problem lies in the

hands of the individual driver . . . and that useless infliction of human injury is an abuse of God's most precious gift, life itself."

As in past years, "Safety Sunday" will signal the opening of the annual Christmas-New Year's holiday traffic safety campaign. Principal objectives of the annual year-end traffic safety program will be to hold the actual death toll below the estimate of the Texas Department of Public Safety and to slow year-end fatalities in an effort to keep the total below that of 1960, which was 2,254.

Many Post churchgoers will, no doubt, hear their pastors stress "Safety Sunday" at services here this coming Sabbath. To help make the effort worthwhile, they are urged not to fail to practice what is preached.—CD

20 years ago today—Pearl Harbor

Twenty years ago today—before thousands of young men now serving in the nation's armed services were born—the Japanese pulled their sneak attack on Pearl Harbor, plunging the United States into World War II, which even then had been under way for more than two years in Europe.

"A day that will live in infamy" is the way the late President Franklin D. Roosevelt described the Dec. 7 attack on Pearl Harbor, and an infamous attack it was, with many of the scars still remaining.

The world had never known a war such as the world-wide conflict that followed Pearl Harbor, but the disquieting consensus of today is that a World War III would make World War II seem tame by comparison. The attack on Pearl

Harbor, as devastating as it was, would seem insignificant when measured against a nuclear war attack on the same scale.

Nuclear bombs and other weapons, whose force stagger the imagination, have been developed since World War II, in which they got their start. To a thinking man or woman, the development of such weapons is, in itself, sufficient argument against the outbreak of a nuclear war. But thinking isn't always the long suit of warlords.

Let us all dedicate ourselves on this twentieth anniversary of Pearl Harbor to the hope that in spite of the continued testing of nuclear weapons, military build-ups, and international crises on all sides, a third World War can be prevented.—CD

Useful recreational enterprise

All golfers want to play these days in grass greens. But probably nobody—but nobody—ever got a grass greens course as easily as Post area golfers have done.

Last spring Durwood Bartlett and Spencer Kuykendall, who own the Caprock golf course north of Post, called all interested local golfers together and told them they were ready to convert their privately-owned course from sand to grass greens "if you fellows want it."

The "fellows" did.

So Durwood and Spencer got busy. They spent thousands of dollars building a dam for surface water to water the new greens, installed a complete watering system with pump, and then proceeded to close the course and build the new grass greens atop the old sand ones.

Last weekend the course was opened for play.

This pair didn't raise any money before they started. They proceeded to put in the new grass greens without any fund-raising drive. They explained the charges and they were accepted by the golfers.

Now the course is ready. So it's time for the golfers to start paying up and playing. We doubt if you'd find any operation like this anywhere else in the country. They acted on faith and in doing what they did built this community a very useful recreational enterprise.

It's a fine, sporty course. The grass greens add the only hitherto missing ingredient to make it a very sharp nine-hole layout. Grass green golf courses aren't come by easily any place else.

All those who like to see Post grow and progress owe Durwood and Spencer a vote of appreciation—and a whole lot of golf playing in 1962.—JC

Christmas and rural telephones

One of the best Christmas presents Garza County could possibly receive would be the "wrapping up" of the current rural telephone project for vast areas of the county that are now without telephone service.

And, it appears now that survey crews for the Caprock Telephone Co. of Spur might be "in the field" even before Christmas to begin the preliminary work toward making rural telephone service an actuality instead of just a dream.

At a meeting held here recently, some 140 potential subscribers to the rural telephone service gave the "go ahead" sign to the project, for which a federal loan of approximately \$125,000 has already been made.

The new service would provide rural tele-

phones throughout the county, instead of only to the west, southwest, northwest and parts of the north, as is now the case.

A number of individuals have worked hard on this telephone project for the last several months. They include L. W. (Dunc) Duncan of the First National Bank, and several of the rural residents themselves, including Dale Cravy, Arnold Sanderson, Walton McQueen, and a number of others. The telephone project is far enough along now to indicate that their efforts have not been in vain.

Final word that the project definitely is "in" between now and Christmas would make a fine present indeed to the large number of rural families who want telephone service.—CD

School bus loading made safer

One of the most beneficial improvements made at the schools this year is the street opened just south of the primary and elementary schools for the loading and unloading of pupils who ride the school buses.

Not only is it much safer for the students to board and leave the buses on the newly-opened street, but it is, in many ways, more convenient for everyone involved, including the bus drivers. There was always a big risk when the loading and unloading was done in front of the buildings on busy U. S. Highway 380, and it is

a credit to school officials, bus drivers, and the students themselves that no serious accidents ever occurred while these loading and unloading zones were being used. By the same token, it is also a credit to motorists, who, in the main, drove with caution while passing the bus loading zones.

The school board is also to be commended for voting recently to construct walks from the two school buildings to the new bus loading areas, which will make the new loading zones even more convenient and easily accessible.—CD

What our contemporaries are saying

Since the city has installed stop signs on the various intersections over town not a day goes by that there aren't from one to four signs bent or torn down. This is a disgrace to the town and a waste of taxpayers' money. This disregard for public property needs to be stopped and parents should impress on their children that it is just money out of their own pockets that is being wasted. . . . The signs were put up for the public's protection and should be treated as such.—Bob Craig in The Hamlin Herald.

American reporter Monday. I was quite interested in the sound of the Russian language. After all, it is a beautiful language, if a little more primitive in many ways than English. In the hands of writers like Pushkin, Chekhov, Gorki and the great Tolstoy, Russian became a language with a great literature. It is too bad that Russian is used today chiefly as a vehicle for hypocrisy and lies, or whatever you prefer to call the crazy doublethink of Bolshevik communism.—Pat Bennett in The Crosby Review.

Said to be the root of all evil, the love of money is one of the strongest temptations to people of a certain type of mind to violate liquor laws. Despite the fact that enforcement officers pick up one right after another charged with illegal liquor sales, the number of violators seems not to diminish. In one week the number of arrests on this type of charge in Floyd County was seven. So far as we know there is no syndicate or anything resembling one operating here, but there are plenty of independents.—The Floyd County Heeperian.

THURSDAY to THURSDAY

By CHARLES DIDWAY

LAST FRIDAY was Dec. 1 and the Christmas season has come on with a rush. Over the weekend, as this was written, Post still didn't have its Christmas decorations up, but had made a start with a few strings of lights. By this weekend, perhaps, everything will be in place, with that mellow Yuletide glow being spread from one end of Main Street to the other, up and down Broadway, and throughout all other sections of town.

Some of us overheard the Town Grouch say that what we ought to do after we get our Christmas decorations up is leave them up until Christmas of next year. "We'd not only be the only town in the country with year-around Christmas decorations, but we'd also have the kind of start for next year that it looks like we need," grumbled the T. G.

SPEAKING OF seasons, Mrs. Ann Wheeler of Cripple Creek, Colo., asked her fourth grade pupils to name the seasons of the year. One boy said there are five—spring, summer, fall, winter and deer.

The Dispatch's first 1961 Santa Claus letters come from out of state. They're from Tommy Preston Leake and Nelda Kim Leake of Tulsa, Okla. Not far behind was the first letter from a local youngster—Dan Hodges.

I RECENTLY RAN across a little filler item that is thought-provoking, to say the least. It said: "There are more people living in the world today than have died since the time of Adam and Eve." That's hard to believe, but that's what it said. I suppose someone figured that out along the same lines as the old stand-by that if you save a penny today, double it tomorrow, then again the next day, and on and on, you'll be a wealthy person in almost no time at all. I once started to follow through on that—with pencil and paper, not pennies—and found that after 16 days I'd be worth \$1,210.70. I didn't go any farther, since that was enough to convince me. So, I'm not going to argue with that little filler that says there are more people living today than have died since the time of Adam and Eve. Come to think of it, on the penny deal you start with one, whereas if you start figuring out the Adam and Eve deal, you've got two to start with.

The Man up the Street says middle-age is the time a man starts turning out the light for economical rather than romantic reasons.

OVER IN KENT County, politics are warming up while the weather is good and cold, according to Af-ton Richards' Jayton Chronicle. Last week's Chronicle reported: "The whole gang" at the courthouse came in this week, and the record now shows that all office holders who must run this time are now announced candidates for re-election."

It's slower here in Garza County, where the only political ripple has been caused by a scattering of state announcements for governor and lieutenant governor. With both the 1962 primary elections coming in May, however, politics on the county level should begin humming soon—probably around the first of the year.

THE MAYO CLINIC's staff bulletin tells of a doctor whose prescription was so illegible that the patient used it for two years as a railroad pass, got into theaters and ball parks with it and finally gave it to his daughter, who played it on the piano and won a scholarship to a music conservatory.

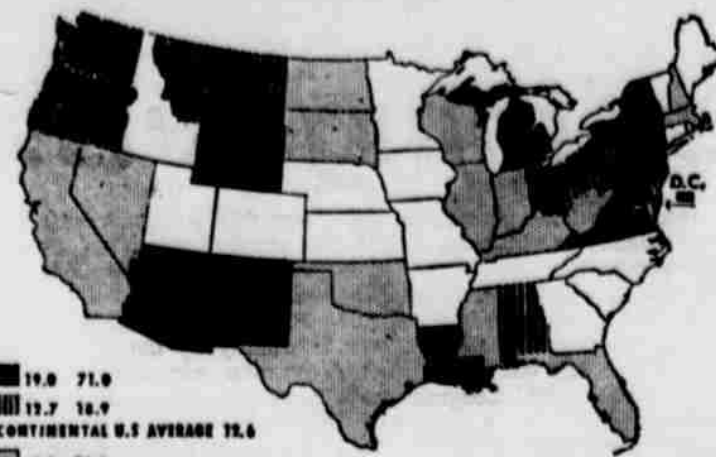

They had parking problems even back in 1906. In that year, a small town in a midwestern state passed an ordinance which read: "When two cars approach a grade crossing at the same time, both shall come to a complete stop and neither shall move until the other has passed by."

AND A MANUAL of politeness published in Philadelphia in 1859 suggested: "In the case of a dinner party when dinner is announced, the mistress or master of the house gets up, invites the company to follow to the dining room, and sets them the example by passing out first."

Newest description of a pedestrian: A father whose son is home from college.

SHORT AND SWEET: If the doctor says you have a case of lentigo, you've got freckles. . . . A cat food manufacturer has added punch to his current promotion—by offering credit cards made out in the name of the cat itself. . . . A British psychologist claims that happy people swear more than unhappy ones. . . . Don't call a tree a tree until it's at least eight feet tall and two inches in diameter—before that it's a sapling.

Geographical Distribution of Active TB in Children Under Five

This map shows the newly reported active and probably active cases of TB per 100,000 among children under five years of age in 1958. Although most active cases develop in people with old infections rather than new ones, it is only by stopping new infections that we can hope eventually to eliminate TB. Your TB association's program to wipe out TB is supported by Christmas Seal contributions.

Progress of Subjugation
 Lincoln is going on swimmingly in his brilliant enterprise of subjugating the South. The following publication has just appeared in Washington war journal: "Ves- continue to come up the Potomac to the city, destroying Confederate batteries at night, safely with government stores and supplies."

display of power! The river flotilla is doing wonders. They have at last made the cheering discovery that the "dodging" game is the only "safe" one for them to play with those saucy rebel batteries. Verily, the conquest of the South is being rapidly achieved by the dare-devils of the North who are so furiously disregarding all dangers in their way.—The Weekly Telegraph.

Latest From Savannah

Fort Walker and the Bay Point batteries were evacuated yesterday afternoon, after a terrible contest. Our loss is 12 killed and 40 wounded. The troops retreated from the works, but not until after their ammunition was exhausted. We lost no prisoners.

Retaliation

The telegraph brings us the gratifying intelligence that, on receipt of the news of Richmond, that the crew of the Savannah had been condemned in Philadelphia, on a charge of piracy, our Government immediately ordered the selection, by lot, of an equal number of men out of the Federal prisoners to suffer a like fate. The lot fell upon Col. Corcoran, three captains and ten lieutenants—a colonel for the captain, a captain for each officer of the privateer and a lieutenant for each of her crew. This is just and right. But will the Savannah's crew be hung? We doubt it. Corcoran is a great favorite in the North; and his friends and those of the other fated officers will doubtless exert themselves to save them from such a fate. Should Lincoln persist, however, the terrible retaliation will inevitably take place.—The Weekly Telegraph.

A Fruitless Chase

The Federal steamer Keystone State left Philadelphia on the 19th of July in search of the Confederate steamer Sumter. She got on her track at Port-au-Prince, and again at Surinam, from which place she returned to Philadelphia. Now, as she was sent out expressly to capture the audacious Confederate ship, why did she not follow her up from Surinam? It looks very much like the Keystone State was not particularly anxious to get within gun shot of the Sumter.—The Weekly Telegraph.

'The Miracle Worker' scheduled for Lubbock

LUBBOCK—One of the most talked about plays in recent years, "The Miracle Worker," will be presented in the Lubbock Auditorium at 8 p. m. Dec. 25. The prize-winning play by William Gibson, who was the author of "Two for the Seesaw," is making its cross-country jaunt following a record two-year run on Broadway. Starring Eileen Brennan as Annie Sullivan and Donna Zimmerman as little nine-year-old Helen Keller, the hit play is the story of the early childhood of Miss Keller and Annie Sullivan.

LEAVES HOLIDAY SAFETY WISH

Korea-bound Danny Kaye, who will spend Christmas entertaining U. S. troops in the Far East, leaves a holiday safety wish with two of the nation's four million Junior Fire Marshals, Debbie McAllister, 8, and Paul Conway, 7, of New York. These youngsters will join boys and girls in elementary schools throughout the country in attaching "Golden Rule for a Happy Yule" tags to Christmas trees in U. S. communities.

Accident victim buried Friday

Funeral services for Joseph Elzie Rudd, 56, a Slaton area farmer, who was killed early Wednesday night of last week in an automobile accident near Post, were held at 3:30 p. m. Friday at Bible Baptist Church in Slaton. Mr. Rudd was killed when his car left U. S. Highway 84 and struck two trees 4.6 miles northwest of Post. A native of Shelby County, Rudd was a resident of the Posey community northwest of Slaton. Survivors include his wife, one daughter and four sons.

'GOLDEN RULE FOR A HAPPY YULE'

Post's Junior Fire Marshals joining in campaign to keep holidays safe

Post's Junior Fire Marshals this week join four million fellow fire prevention enthusiasts in thousands of communities across the land in a campaign to keep Christmas merry by keeping it safe. Elementary school children here will distribute bright gold-and-silver, foil-covered tags in the shape of a six-inch ruler. Each "Golden Rule for a Happy Yule" lists seven ways to avert Christmas tree fires.

Boys and girls will also receive the Christmas issue of the Junior Fire Marshal magazine, according to Harold Lucas of the Post Insurance Agency, which sponsors the Junior Fire Marshal program locally. The program is sponsored nationally as a public service by the Hartford Fire Insurance Company. As schools distributed Christmas Junior Fire Marshal materials, Post's Fire Chief, Robert Cato, warned that fire tragedies will mar Christmas joy for hundreds of American families during the two-week holiday season. "Unless there is an upsurge in home fire prevention, there'll be an average of one fire death every 40 minutes, and three of every ten of these will be children under 14," he said.

Dies Senior may run for Congress

LUFKIN—Martin Dies Sr., the first chairman of the House Un-American Activities Committee, has said he is considering running for Congressman-at-large from Texas next year. Dies, a Lufkin attorney and father of State Sen. Martin Dies Jr. of Lufkin, said in a statement: "Many of my friends throughout the state are urging me to run for congressman-at-large. I am giving serious consideration to these requests because I feel that my 20 years in Congress will enable me to render a worthwhile public service to our state and nation. I will reach a decision and announce it in January."

Post's Christmas fire safety campaign is being duplicated in 15,000 schools in America. It is part of a year-round school program that began during Fire Prevention Week in October when the children received Junior Fire Marshal badges and merit certificates for making a fire safety inspection of their homes. They followed a 17-point check list bound into the fall issue of the Junior Fire Marshal magazine. The holiday issue of the magazine being distributed this week features ideas for colorful posters to be prepared by Junior Fire Marshals for display in local store windows, and on school bulletin boards. Another feature is an article on Christmas celebrations in the new states of Alaska and Hawaii. Mr. Lucas pointed out that the Junior Fire Marshal program also provides resource and study material for elementary teachers which assists them in working fire prevention into the regular elementary curriculum throughout the year. Year-round, he added, some 27,000 home fires are started just by children playing with matches. "Too often, a careless adult had left the guilty matches within a child's reach," he said.

Capt. Don Brown participates in training project

8TH INF. DIV. Germany.—Army Capt. Don E. Brown, son of Mr. and Mrs. Eulas Brown, Post, Tex., recently participated with other members of the 8th Infantry Division and supporting units in Exercise Main Barge, a V Corps field training exercise in central Germany.

The exercise, which involved some 28,000 troops, was designed to develop small unit leadership and test combat readiness. Friendly forces, opposed by an "Aggressor" force, and supported by both conventional and atomic-capable artillery, maneuvered in a 187 square mile area during the exercise.

Captain Brown entered the Army in 1956, arrived overseas in April 1959 on this tour of duty, and is the executive officer in Company C of the division's 26th Infantry which is regularly located in Baumholder. The 27-year-old officer is a 1952 graduate of Post High School and a 1956 graduate of Texas Technological College in Lubbock. His wife, Elizabeth, is with him in Germany.

There's A Difference
 Between an INSURANCE POLICY and INSURANCE PROTECTION
It's Personal Service

SUPPOSE you are involved in a serious accident. Here's how the combination of a Full Coverage policy—plus conscientious insurance service—will take care of you, your injuries, claims and injuries of others, and damaged property.

- 1. ROUND-THE-CLOCK-SERVICE.** Get in touch with your insurance man as soon as possible. You don't have to wait for his store to open up; he is on call 24 hours a day.
- 2. "KNOW HOW."** He'll help you make out and file the necessary reports, gather statements, talk with attending doctors, and do the other necessary leg-work and telephoning. If the accident is out of town, he'll tell you how to get help there.
- 3. MEDICAL CARE.** He will have given you the opportunity to have adequate Medical Payments insurance so that you can get the best medical care for yourself and your passengers, and not worry about cost or who's responsible. Under the new policy, you can even provide for medical expenses for members of your family injured in other cars or as pedestrians.
- 4. REPAIRS.** He'll contact a reputable adjuster and expedite the repairs on your car. Of course, if it proves to be the "other fellow's" fault, he'll help see that his company pays you, or help you recover your "deductible" from the other company.
- 5. CLAIMS.** Simply refer all claims, either for injuries or property damage, to your insurance man's office. It's his job to worry about them, not yours. You can be free to attend to your own job.
- 6. DEFENSE OF SUITS.** He and his company will do their best to keep your case out of courts, but if it goes to court, the entire expense and responsibility will be theirs, not yours. You will have able, expert lawyers on your side, at no cost to you.
- 7. COVERAGE.** Finally, your insurance man will have seen to it that the insurance you buy before the accident will be both properly written and adequate in amount to cover you fully and satisfactorily—no matter how you are involved.

Place Your Business Where Both the PROTECTION and the PERSONAL SERVICE Behind it Are the Best.

Mahon says last thing Russia wants is war with America

Cong. George Mahon told Post Chamber of Commerce directors yesterday noon that "We're not going to have war with Russia unless it comes as a result of miscalculation."

The chairman of the House Military appropriations committee said at a luncheon in his honor in the Post's Restaurant dining room that Mahon "knows we are stronger militarily overall than Russia."

The congressman also emphasized that the "last thing they want is war with this country."

He added in passing that "I'm glad we don't have a triggerhappy President. The congressman approved the firm stand the President has taken in the Berlin crisis."

On the question of fallout shelters, Mahon said that "while we will have to have them eventually," he wouldn't advise people dashing out frantically and building individual shelters.

He said the U. S. will need fallout shelter protection for its population to convince Russia that "we can't be knocked out and destroyed easily." He said Congress has authorized funds for a survey on existing structures available for use against fallout and an actual shelter program in "three or four years this will be necessary."

But, he added, the country can be bankrupt building everybody a fallout shelter.

Fielding all questions asked him informally by the group, the congressman explained the general Washington viewpoint, his own, and his votes.

Post, Garza County, Texas, Thursday, Dec. 7, 1961

Government approves \$21,000 share on Post's \$70,000 sewer project

The federal government has approved payment of \$21,000 as its share of the estimated \$70,000 Post sewer project, a major improvement which will make sewers available to that portion of the city of the Santa Fe tracks when constructed.

Mayor Powell Shytles advised the city commissioners Monday night that he had received a telegram from Congressman George Mahon Saturday notifying him of the contract award.

The project calls for a major sewer line through the eastern portion of the city, which ties in with the present sewer system on east 15th street and runs south to the sewerage disposal plant southeast of Post.

How soon the project will reach the construction stage has not been estimated.

Algerita Hotel virtually destroyed

Post landmark gutted by Monday night fire

The Post's oldest and most historic landmarks—the Algerita Hotel—was virtually destroyed by Monday night.

Flames, which had a good start discovered about 6:30 p. m., spread the broad shingle roof off Swiss chalet type structure facing railroad tracks on East Street and virtually gutted entire second floor of the 23-room hotel.

to prevent the ruins from flaming up again.

The hotel building is owned by H. H. Tracy of Lubbock, father of George Tracy, who with his wife has been operating the hotel since the early 1940's.

Chest campaign in early 'drag'

Garza County's 1962 Community Chest drive is dragging. Drive Chairman Bryan J. Williams reported late Wednesday with only 6,425—less than half of the \$13,000 goal—pledged or donated.

They said in view of this it will be necessary to extend the drive an additional week.

men and all drive workers to complete their assignments and turn in pledges and donations as rapidly as possible so that any necessary "emergency measures" can be planned for next week.

The council in another action agreed to have the annual Christmas party for city employees Dec. 15 and to give such employees bonuses of \$50 per employee for those who have worked at least a year for the city as has been done in the past.

Rally 'round to support the Garza Community Chest. The drive is moving discouragingly slow this year and is giving Chest officials real concern as to whether it will reach its big \$13,000 goal. It won't unless there is an all-out effort on everyone's part. This isn't something "the other guy" can do. All of us must have a part—big or small—to the best of our financial ability. Give generously when the Chest worker comes to call. Let's not fail or the Chest will crumble and fund-raising chaos will result.

It's easy for a football team to become complacent when winning. It's just as easy for all of us to become complacent on a community basis because of past Chest successes. This year the Chest is in real danger.

The big Texaco sign being installed this week at the Luttrell Texaco Service station is 43 feet off the ground, is 35 feet long, and has letters spelling Texaco five feet high. Mrs. D. C. Roberts, wife of the Justice of the Peace, is fast winning acclaim as a rattlesnake hunter. Mrs. Roberts went rattlesnake hunting in Ray Hodges' pasture with Mr. and Mrs. James Brown and daughter, Barbara, of Leveland. They captured eight snakes—all big ones—which Brown took home with him. Mrs. Roberts said she is as much of a loss as we are as to what Mr. Brown is going to do with those live rattlers.

Cotton ginnings in slow climb

Garza County's six gins had turned out 9,541 bales of cotton up to noon yesterday and the Hackberry Gin, over the line in Lynn County, which gins a lot of Garza County cotton, had turned out 3,582 bales. Ginnings are still slow in most parts of Garza County with wet weather the slowing factor.

The middle of the week, bringing clear weather, saw most gins begin catching up on yards filled with cotton.

The ginning total up to Wednesday noon was as follows: Storlie Gin, 650 bales; Hackberry, 3,582; Close City, 1,250; Graham, 1,858; Pleasant Valley, 2,008; Planters, 665; Basinger, Southland, 3,100.

City loses its deputy marshal

Deputy City Marshal Sam Price has resigned his position here on the city police force, effective Dec. 1, to become chief of police of Sonora, Texas.

A replacement for Price has not as yet been hired, but several applicants reportedly are seeking the law enforcement post.

\$750 loss at Edwards Appliance

Burglars net guns, cash ammo, knives, wrenches

Burglars broke into the Edwards Appliance firm, 212 East Main street, sometime Sunday night and made off with hand guns, ammunition, socket wrenches, pocket knives and cash valued at approximately \$750.

The same night, burglars broke into the Hudman Texaco Service station, 431 East Main, but were not so lucky. All that was missed were a few pennies from the open cash register.

Deputy Sheriff Elton Corley said the Edwards Appliance burglary haul included \$16 in change from the cash register, one Colt 45 revolver, one Smith and Weston 22 Magnum pistol, two sets of 22 Colt Derringers, a large amount of assorted ammunition, three sets of socket wrenches, and a large assortment of pocket knives.

The loss was covered by insurance.

Entrance was gained, Deputy Corley said, by breaking through a small window in the rear of the building and then through a small window in the partition dividing the front and back of the store.

The burglaries were discovered Monday morning.

Heralds Christmas season

★ **POLL TAXES LEAD NORTH POLE LEAD**

Right now it's a race between poll taxes and Santa Claus letters, with poll taxes in the lead. But the trend probably will change between now and the date of The Post Dispatch's annual Christmas edition, with the chances good for Santa Claus letters taking the lead.

Up to noon yesterday, 370 poll tax receipts had been issued at the office of Tax Assessor-Collector T. H. Tipton, with most of the sales expected to come after the holidays. Jan. 31 is the deadline for paying a poll tax to qualify for a vote in 1962's important elections.

Meanwhile, Santa Claus letters have just started dribbling into The Dispatch office. The tempo is expected to pick up within the next week or two, however, when the letters start coming in from the schools.
