Missions school scheduled here

A School of Missions will begin this Sunday night at the First Christian Church at 7 p. m. and will continue for four Sunday evenings through Dec. 9.

The school is being sponsored by the World Outreach Department with Mrs. Janie Davis as chairman.

The theme will be "Why We Have Missions" with Japan and Korea being the two countries studied. Film strips, worship, stories, songs, fellowship and inspiration are all planned for the school.

The youth group will be taught by Jack Alexander, and the adults by the minister, Bernard S. Ramsey.

The School of Missions will take the place of the regular 7 p. m. worship. There will be no sermons on these four Sunday nights.

"The church cordially invites and urges the public to attend this inspiring and challenging school", said the minister.

Texas is nation's No. 1 producer of chemicals from oil and natural gas.

GIFT of the GODS

LEGEND SAYS THAT CERES, ROMAN GODDESS OF AGRICULTURE, WAS THE FIRST TO REVEAL THE CULINARY POSSIBILITIES OF THE MUSTARD PLANT.

THE ROMANS CRUSHED MUSTARD SEEDS INTO TINY PARTICLES, THEN SPUN THEM OVER THEIR FOOD JUST AS WE NOW DO WITH PEPPER. SINCE ROMAN TIMES, MUSTARD HAS BEEN USED THROUGHOUT THE WORLD AS A CONDIMENT, A RECIPE INGREDIENT, AND EVEN AS A MEDICINE.

IT WAS NOT UNTIL THE 18TH CENTURY THAT AN KNOWN ATTEMPT WAS MADE TO PROCESS MUSTARD SEED FOR TABLE USE. IN 1722, A MERCHANT OF DURHAM, ON THE NORTH EAST COAST OF ENGLAND CONCEIVED THE IDEA OF GRINDING MUSTARD SEEDS IN THE SAME WAY AS WHEAT WAS GRINDING INTO FLOUR. HER "DURHAM" MUSTARD OR DRY MUSTARD AS IT IS KNOWN TODAY, BECAME VERY FASHIONABLE AND WON THE APPROVAL OF KING GEORGE II.

TODAY, WHETHER FOR OUTDOOR PICNICS OR INDOOR DINING PLEASURE, AMERICANS MOSTLY USE PREPARED MUSTARD IN WHICH THE MUSTARD FLOUR HAS ALREADY BEEN MIXED WITH VINEGAR AND OTHER SPICES.

THE E. T. FRENCH CO., WORLD'S LEADING PRODUCER, ESTIMATES U.S. HOUSEWIVES BUY SOME 5,000,000 SHRS OF PREPARED MUSTARD EVERY WEEK OF THE YEAR!

IN THIS WORLD

IN MEDIEVAL DAYS, RINGS IN THEIR BATHTUBS JUST AS RINGS ON WOMEN'S FINGERS WERE MARKS OF DISTINCTION... PRESUMABLY ONLY THE RICH COULD AFFORD SUCH LUXURIES...

SOAP OF A SORT, CAN BE TRACED BACK TO THE 9TH CENTURY. ORIGINALLY IT WAS MADE BY BOWLING GOAT'S TALLOW WITH BEECH ASH.

THE BATHTUB, AS A FORMAL PIECE OF FURNITURE, WAS ACTUALLY DEVELOPED IN FRANCE DURING THE 18TH CENTURY.

AMERICA HAS BECOME THE MOST BATH-CONSCIOUS COUNTRY IN THE WORLD... THERE ARE OVER 50 MILLION BATHTUBS IN THE UNITED STATES TODAY.

ALONG WITH MODERN BATHS, NEW BATHING 'BEAUTY BARS' WITH MILD CLEANSING ACTION, MEDICATED ARE MAKING ORDINARY SOAPS OLD-FASHIONED... AND DOING A BETTER JOB.

FOR EXAMPLE, PINK ON WHITE DOVE BEAUTY BARS ARE 25% CLEANSING CREAM. THEY'RE MILDER THAN SO-CALLED 'BABY SOAPS.' NEITHER ACID NOR ALKALINE, AND PROVIDE RICH SUDS IN EVEN THE HARDEST WATER... YET DO NOT LEAVE A BATHTUB RING!

GIRL SCOUT NEWS

By KATHARINE TRAMMELL

Brownie Troop No. 49 had a Halloween party Tuesday, Oct. 30 at 3:45 p. m. in the home of Quay Williams. They toured the "Spook House", made paper costumes and played games. Quay and her mother, Mrs. W. D. Williams, served refreshments of sandwiches, hot chocolate, candy and popcorn to Brownies: Belinda Blacklock, Willa Branson, Kathy Carter, Rhonda Case, Terry Cowley, Carol Davies, Charlotte Hill, Diane Luttrell, La Rue May, Yolanda Pantoja, Lillie Parnell, Martha Rosas, Jeannie Ryder, Terry Taylor, Syan Thomas, Dawn Tucker, Pam Conley and DeLores Odum, and to leaders: Mmes. Wayne Thomas and Garland Davies.

Brownie Troop No. 84 met Wednesday, Nov. 7, at 3 p. m. in the Girl Scout Little House. There were 15 members and two leaders present. Mrs. Gene Gandy presented a lesson on simplified parliamentary procedure. The girls are now preparing to elect officers at their next meeting.

Brownie Troop No. 390 met Wednesday, Nov. 7, at 4 p. m. in the Little House. Brenda Warren joined the troop as a new member. Leaders Mmes. Charles King and James Poer led the girls in their Fly-up Ceremony and pinned Girl Scout pins on them. Mothers of the girls were present and pinned the Brownie Wings on their daughters. Lynda Parnell served cup cakes decorated with the Girl Scout Emblem and Cokes to scouts K a t h y Blacklock, Cindy King, Mary Carter, Becky Poer, Brenda Warren, Karen Wilson and Carol Wilson, and their mothers and leaders.

Junior High Troop No. 56 met Wednesday, Nov. 7, at 5 p. m., in the Little House with 14 members present. The troop continued work toward their First Class Badges. Judy Keel and Edith Johnson served refreshments to troop members and to leaders Sara Sprayberry and Agnes Welch.

Southland Boy Scouts pull bale of cotton

Gift of C. E. Basinger

Members of Boy Scout Troop 320 of Southland pulled 2,250 pounds of cotton Saturday—enough to make a 610-pound bale.

What's more, the Boy Scouts will receive all proceeds from sale of the bale, which is expected to bring about \$200 into the troop fund.

The profitable project was made possible through the courtesy of C. E. Basinger, who told the Scouts they could have all the cotton they could pull off his land Saturday and that Basinger Gin at Southland would gin the bale free of charge.

Twelve Boy Scouts, their Scoutmaster, James M. Mason, and three volunteers pulled the cotton.

The top puller was Scout Larry Wilke. Scoutmaster Mason was far down the list with a mere 80 pounds for his day's labor. His 13-year-old daughter, Mickey, who was one of the volunteers, pulled a total of 150 pounds.

Other volunteer helpers were the two younger brothers of Boy Scout Bill Bevers.

The cotton was weighed out for the troop by J. D. Rackler Sr.

Boy Scouts taking part were Larry Wilke, Darrell Wilke, Bill Bevers, Sammy and Delbert Warren, Don and Victor Eckert, J. B. Rackler Jr., Arthur Davis, Joe Basinger, Mike Mason and Larry Long.

The troop, which is sponsored by the Southland Methodist Church, will use the money they made to purchase troop camping boxes, a troop flag and Morse code signaling sets.

Cost of learning due for increase

AUSTIN — Tuition for Texas' 20 state universities and colleges may be doubled by the time members of the 1964 high school graduating classes are ready to enroll.

The Texas Commission on Higher Education has decided to ask the Legislature to double tuition—from \$30 to \$100 a semester—and increase appropriations by 55 percent during 1964-65.

The request for more money came after it was noted that this fall's enrollment of 110,000 students in 19 colleges was an increase of 9 percent over last year, and the "war babies" will soon be knocking at the doors.

AMARILLO VISITOR — Mr. and Mrs. A. J. Huffrillo spent the weekend visiting relatives and friends in the city. They are former area residents. Mr. Huffrillo subscribed to The Dispatch while they were in Monday to keep up with their friends.

RETURN TO POST — Mr. and Mrs. Ben Isaac, daughters, Sharon and have returned from Iran their home in Post.

PRESBYTERY MEET — The Rev. Ed Herring, pastor of the First Presbyterian Church are attending a Presbytery meeting at the Presbyterian Church in P. day.

Vet's Forum

Q. Is it true that the widow of any veteran may get a GI loan to buy a home?

A. No. Only unmarried widows of World War II veterans, or Korean Conflict veterans who died from service-connected disabilities may qualify for GI loans.

Q. What are the requirements for the VA War Orphans Education Program?

A. That (1) the death of the veteran parent be due to service-connected causes originating in either wartime active duty, or in peacetime active duty since Sept. 16, 1940, until the Universal Military Service and Training Act terminates; (2) that the son or daughter in question be between the ages of 18 and 23 (exceptions may be made in certain cases); (3) that the courses pursued must be above high school level but they can be either college material or vocational training; and (4) that the son or daughter must consult with a VA counselor to select a goal and develop a program of education. Note: The remaining parent of the changing definition of "orphan" child may still be living without for purposes of this law; the son or daughter may be married or single and still be considered an "orphan" for purposes of this law; the courses are not limited to college work but can be vocational subjects leading to an occupational goal.

Q. Do veterans or their dependents who are now being approved for pensions have any choice as to the pension law they will come under?

A. No, only those veterans or their dependents who were already on the pension rolls on June 30, 1960, can choose to stay under the old pension law or come under the new pension law. All those coming on the pension rolls after July 1, 1960, automatically come under the new pension law, PLS7-211.

Air conditioning in Texas schools grows

AUSTIN—Air conditioning has become the single most important new development in Texas public schools, the November issue of the "Texas Outlook," reports. The magazine is published by the Texas State Teachers Association.

Besides making schools more comfortable, air conditioning is responsible for a host of innovations in school design. The goal is to improve learning.

C. Lyman Ellis, consultant in school architecture for the Texas Education Agency, is quoted as saying:

"It has given the architect freedom to plan a building to the best utilization of the site, eliminating the need for considering sun direction and other external factors."

HOLIDAY VISITORS

Mr. and Mrs. Rick Feris and children, Gregory Richard and Lisa Diane, of Dallas will spend Thanksgiving with Mrs. Feris' parents, Mr. and Mrs. Charles Didway.

Heat (energy) content of 6,000 cubic feet of natural gas is equal to barrel of oil.

The KEYS are on the TABLE

It's strange how a man's mind works...

My wife had said, "The keys are on the table," and we both were thinking of the car keys. I have that abominable habit of laying them down wherever I put my gloves — and I'm always losing my gloves.

But when I saw the keys, I saw the Bible, too. We always keep it there even though we seldom read it.

"The keys are on the table." I am just enough of a philosopher to see the chance implication of those words. The keys to a great many things must lie within the covers of that Book. Perhaps the keys to all of the really important things for you, and for me, and for everyone else.

We've been searching far and wide for the keys to peace, and security, and fairness, and brotherhood.

I wonder if the keys are on the table!

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and

support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

DEAR FOLKS:

Once a year we clear our stock. There are no secrets, the longer it has been on our floor the cheaper it goes. With a stock of merchandise as large as Hudman Furniture Co. carries on 15,000 square feet of floor space, some items will not sell as quickly as others. NOW OUT IT GOES REGARDLESS OF PRICE—REGARDLESS OF COST.

PRICES HAVE BEEN REDUCED 30% TO 50% AND IN SOME CASES 75%.

IT ALL GOES ON SALE FRIDAY, NOV. 16, AND WILL CONTINUE UNTIL IT IS ALL SOLD.

Bring your pickup, bring your trailer, or we will deliver as soon as we can. Buy the way you like—cash, 30-day charge account, or up to three years to pay. Lay-away for Christmas. BUT DON'T MISS THIS SALE!

It's just in time for your Christmas shopping, and so many things to choose from. WE CAN ADVERTISE ONLY A FEW OF THEM, SO COME IN AND SEE. If the salesmen are all busy, don't wait, shop around. Everything is marked. We will be with you soon.

School trustees discuss '62-63 deficit problem

The Post school board came face-to-face Monday night with the problem of a deficit of between \$20,000 and \$30,000 this school year and the question of how to meet the budget for next year.

The problem of the deficit facing the school district came up near the bottom of the agenda and the trustees discussed it only briefly after being told by Supt. R. T. Smith that "Now is the time to start thinking about it—not next July."

"You need to decide whether you want to raise taxes or cut back on expenses," the superintendent told the board.

In other action at Monday night's regular November meeting the board: —Turned down the request of Mrs. Helen Livingston, secretary to the high school principal for a salary increase and car expenses, but voted to pay secretaries 8 cents a vote for use of their automobiles on authorized school business.

—Heard the report of Bolinger Segars & Burk, Certified Public Accountants, on the school district audit for Sept. 1, 1961, to Aug. 31, 1962.

—Voted to charge \$10 a night for use of the gym by teams in the proposed city basketball league.

—Discussed the request of Mrs. James Aten, who lives in the Tahoka district, for her children to attend the Post schools.

On the debt and budget problem, Smith told the board he thought they should "take under consideration at this meeting how you are going to remove the debt we will have for this year and how you plan to meet the budget for next year."

One of the suggestions made in the course of the brief discussion was by trustees Dr. John E. Carter and Ronnie Bouchier that "we get out all the facts and figures in instructional costs and start working on them to see if we can economize there."

The suggestion followed that a committee consisting of representatives from the school board, the administration and the faculty be appointed to look into what can be done toward shaving instructional costs.

The superintendent suggested that "we go to Senate Bill 116 to solve the problem." This bill allows a school district to raise its taxes above the \$1.50 maximum, providing the people of the district

vote to adopt the bill. Mrs. Livingston's request for a salary increase was for "at least \$50 or \$75" a month more than the \$195 a month she now receives and for car expenses.

She told the board that she had received only one \$20 raise during the nearly eight years she has been employed as a school secretary and that this raise was received the second year she was in the system.

Mrs. Livingston told the board that she uses her own automobile to take students home when they become ill and to transact business connected with her secretarial duties. When asked by the board if she is instructed to use her car for such purposes, she replied that she was not, but that no official school vehicle is available for such errands and that "when a student becomes ill, you can't just leave him up here."

When the secretary was called back into the meeting room, she told by board president E. R. Moreland that the board had not approved her request for a raise, but had agreed that she would receive payment for use of her car for school business.

After hearing the auditor's report the board approved the school district audit. The board was told by A. B. Sewars, who made the report, that "you have one of the best sets of books I've seen anywhere."

Supt. Smith was authorized by the board to write Mrs. James Aten that her children's transfer to the Post schools will be accepted upon payment of the tuition costs for students transferred from outside the district.

Also Monday night, the trustees read a report on school bus operations for September and October, and read and approved bills payable to Nov. 1.

THANKSGIVING THOUGHT . . . Someone said, "We think the feasting is becoming more important in our minds than the Giving of Thanks". We have never been better informed of conditions throughout the world than in this year of 1962, and consequently never so aware of the wondrousness and magnitude of our blessings. May this Thanksgiving Day be sincerely dedicated to "Giving Thanks" and a renewal of our determination to more actively do our share in the preservation of the rich heritage endowed upon us.

UPLAND COTTON ALLOTMENT
The U. S. Department of Agriculture announced on Oct. 15 a national marketing quota of 14,367,000 bales and a national acreage allotment of 16 million acres for the 1963 upland cotton crop. Dec. 11 was set as the date for grower referendum on 1964 marketing quotas. The announcement also said an additional 310,000 acres would be available as a national reserve to be used for establishing minimum farm allotments. It was further stated that it is not anticipated that this will be the final national acreage authorized for 1963 since new legislation is to be recommended to Congress by the President. The 16-million acre allotment is the maximum permitted under present law in view of the present supply-demand situation. The President has announced that he will recommend legislation to remove the inequity in the present two-price cotton system and has requested the USDA to make recommendations to him as to the means for accomplishing that purpose. This legislation would increase the domestic use of U. S. cotton and may also contain other provisions which would permit increases in the acreage to be planted.

In the Dec. 11 referendum, a two-thirds majority of those voting is needed to make marketing quotas effective on the 1963 upland cotton crop. Extra long staple growers will vote on the same day on marketing quotas for their type cotton. If marketing quotas are approved, price support to cooperating growers will be available at a level to be announced by the Secretary. It can range from 65 to 90 per cent of parity. The parity price of cotton is now 39.51 cents per pound. If marketing quotas are not approved for the 1963 upland crop, acreage allotments will remain in effect and price support at 59 per cent of parity will be available to cooperators. Details on the allotments and referendums are available from local ASCS offices.

TROUBLE CAUSERS
Do you have any idea how much trouble an old coat or colored handkerchief can cause in a bale of cotton bound for the textile mill? Beverly Reeves, extension cotton ginning and mechanization specialist, Texas A&M College, says that colored threads mixed with the lint can be very expensive to the spinner. Reports from textile mills indicate that they are having considerable trouble with colored yarns and fibers in the bales of cotton. Reeves says. Often the foreign fibers are not detected until they have been spun into yarn and may not be noticed until they are made into cloth. By then they have contaminated a large volume of material

and the manufacturer suffers a great loss, the specialist explains. The stiff competition cotton is receiving from synthetic fibers makes it important to use care while unloading the seed cotton and during the ginning process to reduce losses to the textile mill. Contamination usually occurs at the suction and a hat or sweater which accidentally gets into the gin here will be shredded and spread through many bales. Removing the parts of bales that contain such threads is costly to both the producers and the ginners. Farmers and ginners should make every effort to keep the baled cotton as free of foreign matter as possible, advises Reeves. **NOT JUST FOR STORMS**
Even if a storm never hits your cotton field the tight-balled varieties can be useful to you. These storm resistant cottons hold the lint and prevent preharvest losses due to cotton falling from the plants before they are picked. Storm resistant cottons are not new but some promising new strains have been tested. They retain lint relatively undamaged under Texas storm conditions. De-

veloped for South Texas by the U. S. Department of Agriculture and the Texas Agricultural Experiment Station, the test strains have good pickability and can be harvested by spindle pickers. Dr. G. A. Niles, of the Texas Station, and Dr. T. R. Richmond, of USDA's Agricultural Research Service, said that five strains were promising enough in preliminary tests to warrant further testing. In the total yield of lint, the commercial variety had a slightly better average than the storm resistant strains but lost 16.3 per cent of the total yield in lint fall before harvesting compared to the 3.3 to 6.9 per cent loss for the test strains. Storm resistance in cotton comes from structural characteristics that produce a boll in which the cotton is held tight. Wrinkles or a sticky substance on the burr wall or a cup shaped burr hold the lint in the boll. It was formerly thought that storm resistant cotton could not be easily picked with a spindle type picker but test results show that little of the lint was left in the field. According to Niles, still less would have been lost if the picker had been adjusted for harvesting tight-boll cotton. Dr. Niles believes that further research will produce storm resistant strains that will yield higher and spindle pick very successfully.

Attention, Lewis fans! double-feature coming

If you are the type of film-fan who prefers broad comedy, then prepare for a ball, for the big double-bill presentation coming to the Tower Theatre this Friday and Saturday should provide you with laughs galore from the opening to the closing scenes. The double bill brings together for the first time on one program two of the most hilarious films starring that "comic of the age" Jerry Lewis. This laugh-riot program consisting of "The Sad Sack," which depicts Lewis' antics in becoming a good soldier in the Army, will have as its co-feature "The Delicate Delinquent" with Lewis involved in today's big civic problem—juvenile delinquency.

Bible Thoughts
By HERB SMITH

My name is Hurber Smith. I am a preacher and I live in Pos. There are no mis-spelled words in the above, and I give these arguments as proof.

1. I believe they are spelled right so they must be right.
2. I feel in my heart that this is the way to spell so I must be right.
3. I know that the dictionary spells another way, but I don't believe it means what it says.
4. My parents have spelled this way all their lives. Do you mean that my good, old, sincere, spelling mother was wrong?
5. I want to change my spelling, but I'm afraid my friends will laugh at me.

I have heard many people try to justify their religious beliefs with the same arguments. Do you think they are reasonable arguments? What if a pupil at school used one of the above arguments about a word or question missed on a test. Would the teacher count it right? Certainly not. Neither will God count our lives right if we use the above to try to justify religion that is not found in the Bible.

DISTRICT 4-AA CHAMPIONSHIP GAME

Denver City Mustangs

Undefeated, Top-Ranked
Texas Class AA Team

Winning Season Assured, Locals Will Be
Shooting For State's Biggest '62 Upset

Vs. Post Antelopes

Friday Night, Nov. 16-7:30 P. M. Kickoff-Antelope Stadium

Be sure to come early for a seat!

The Denver City Mustangs are heralded as Texas' finest Class AA high school football team. Their record substantiates the claim. But the fact remains, both Denver City and Post are undefeated in District 4-AA play and this game is for the district championship.

The Mustangs are a high scoring, hard-running club with two of the individual scoring leaders in their starting backfield. On the other hand, the Antelopes show up best defensively. They've allowed three district foes less points than has Denver City, but they scored a lot fewer too.

Fifteen Post seniors will be playing their last regularly scheduled game in Antelope uniforms. They want it to be one to remember.

Upsets are what make football the sport it is. And that's what Coach Harold Teal's fired-up club will be shooting for Friday night, a win over Denver City and a district crown. It's the 1962 football season finale for the best Post campaign in seven autumns.

GIGANTIC NEW FLOATING EQUIPMENT AND REVOLUTIONARY UNDERWATER TECHNIQUES HELP MEN TO VENTURE FAR OUT TO SEA IN THEIR SEARCH FOR OIL AND GAS.

EVEN IN RELATIVELY SHALLOW WATERS, THE AVERAGE OFFSHORE WELL COSTS ABOUT \$386,000. MANY VENTURES PRODUCE ONLY DRY HOLES.

AMERICAN INVESTORS ALREADY HAVE RISKED MORE THAN THREE BILLION DOLLARS IN OFFSHORE OPERATIONS. SUCH RISKS ARE NECESSARY BECAUSE PETROLEUM AND NATURAL GAS SUPPLY NEARLY THREE-FOURTHS OF THE NATION'S ENERGY.

SOME NEW FLOATING ISLANDS AND DRILLING VESSELS COST UP TO FOUR OR FIVE MILLION DOLLARS EACH.

Texas Farm Bureau hits new high

WACO — The Texas Farm Bureau ended its fiscal year Oct. 31 with the highest membership in its history—84,842 farm and ranch families, the organization director has announced.

Millard Shivers said the 1962 membership totaled 84,842, an increase of 2,480 over last year's figure of 82,362. This makes the tenth consecutive year for the state's largest farm organization to show a gain in membership, Shivers said.

The Texas Farm Bureau, by virtue of its gain this year, will retain its position as fourth largest Farm Bureau in the nation, the organization director noted. The state organization has been largest Farm Bureau in the south for the past three years.

The TFB's national quota in the American Farm Bureau Federation was 83,007. This quota was exceeded by 1,835, making it the sixth year in a row for the TFB to exceed its national quota.

The record membership will also enable Texas to send seven voting delegates to the national convention Dec. 9-13 in Atlanta. Texas has had six voting delegates for the past several years.

Don't know how it is out your way, but fishermen on Lake Austin are having a ball. Chances are that's what's happening elsewhere too.

Don't have to put in much time either. You fish for a couple of hours and that's it. You either fill your stringer or come back empty handed. No use devoting any more time to angling than that, 'cause they just aren't biting before 4:00 a. m. or after 6:00 a. m.

We're speaking, of course, of those big, lunker-size bass. That's the kind they're bringing in, too.

Get to the lake about an hour before daybreak and you may land a "Lulu" well before dawn. But more than likely you'll latch onto your best bass just as daylight comes. Sometimes you'll take a good one within an hour after daybreak.

FROM THEN ON, however, it'll be a dry run—so you may as well go home. And that's what Austin anglers do.

Favorite lure? They're hitting black topwaters, such as the Jitterbug, 'til dawn. Then a silver-colored topwater—either a Jitterbug or a Heddon Spook, after the light begins to show.

Some results have been achieved with jigs, especially the flipper type, like the Extractor.

Right now the greatest success is with topwater-lures. How do they work them? In the first place, fishing is from a boat, usually a 14 foot aluminum or fiber glass. Generally it's equipped with a 25 or 35 h. p. outboard—to get to the "spot" in a hurry.

Once "on location," the big motor is stopped and an electric trolling motor takes over.

Casting is done in almost total darkness, of course, to a spot as close to the bank or the edge of the moss as possible. Lure is allowed to rest four or five seconds then started on its wiggly, gurgly way to the boat.

STRIKES USUALLY occur just as the lure goes into action.

Man, there's nothing more exciting or surprising than a big black bass hitting a topwater-lure in the pitch darkness or night. And that thrill lasts until you net him safely into the boat.

Without a quiet running, smooth purring, electric trolling motor, you're out of business when it comes to night fishing for jumbo-size black.

Noise carries a long, long way over the water in the still of the night. So, high powered gasoline motors are "out" when it comes to night fishing. That's when the quiet electric troller comes into its own. You can creep up to any spot without disturbing the fish.

SCUM CUTS BOAT SPEED — Barnacles and other marine life in salt water are known to slow a boat's speed immeasurably. But bottom-fouling of boats occurs in fresh water, too.

Engineers at Johnson Motors found that a 16-foot boat with a 40 h. p. motor lost almost 10 mph of its normal speed and would not plane with a six man load after only 30 days storage in a boat stall.

CAUSE WAS SIMPLY the normal fresh water scum accumulation.

Performance was restored after

Map project is being pushed by committee

AUSTIN — Absence of topographic maps of the entire state may be holding us back in the nationwide race for new industries.

At a meeting of the Texas Mapping Advisory Committee, Harry Clark, director of the Texas Industrial Commission, said that topographic maps are very necessary to industries considering sites in Texas. Chairman John J. Vandertulip said the maps are essential to industrial and economic planning.

Topographic maps are those that show the physical features of a region in minute detail. When a mapping program of 73 counties is completed, Texas will be half-mapped.

MISS NANCY ANN BYARD to wed Jack Newton McCrary

Tennessee girl engaged to grandson of Post resident

Mr. and Mrs. Alfred Franklin Byard of Clarksville, Tenn., announce the engagement and approaching marriage of their daughter, Nancy Ann, to Jack Newton McCrary, son of Mrs. L. Roy Prescott of Midland, and the late Jack N. McCrary Sr. Mr. McCrary is

the grandson of Mrs. I. N. McCrary.

The marriage will be an event of Dec. 21 in the Salem Methodist Church in Clarksville.

Miss Byard is a graduate of Austin Peay State College where she majored in home economics and biology.

Mr. McCrary attended Texas A&M College where he received a BS degree in mechanical engineering. Following graduation, he served two years with the United States Army at Fort Campbell, Ky. Mr. McCrary plans to enter Harvard Business School.

Show is given for Lloyd Anthony infant

Master Lloyd Michael Anthony, infant son of Mr. and Mrs. Lloyd Anthony, was honored with a pink and blue shower in the Anthony home last Thursday night.

Mrs. Harold Britton conducted games. Other hostesses were Mrs. Ruth Williams, Mrs. Graydon Howell, Mrs. Daisy Britton, Mrs. Lee Long and Mrs. W. C. Kiker.

Pineapple punch and cookies and nuts were served. The hostess gift was an infant travel bed.

I'm not going into detail on all this, but the other night at the Post-Spur football game Jim Durbin requested Mr. C to put in the paper the fact that Post was penalized 20 yards once instead of the 15 yards the officials were suppose to mark off. Even after he was proved wrong (?) he still said he wanted to see it in the paper and I like to keep some of our readers happy.

Victor Hudmans hosts Sunday on 25th wedding anniversary

Mr. and Mrs. Victor Hudman celebrated their 25th wedding anniversary Sunday with a reception for their friends from 2 to 5 o'clock in their home.

Friends were greeted by Mr. and Mrs. Hudman and their three sons, Victor Jr., Curtis and Joe.

Bouquets of flowers were used throughout the entertaining rooms. The serving table featured a silver and white arrangement of chrysanthemums on a white cloth. White-iced cake squares, nuts, coffee and spiced tea were served.

Assisting with the houseparty were Meses. Thomas Gamblin, J. D. McCampbell, H. F. Wiley, Joe Frank Clark, Percy Parsons, and Charles Hudman.

Out-of-town guests were: Mr. and Mrs. James R. Wiley, Amarillo; Mr. and Mrs. Percy Parsons, Olton; Mr. and Mrs. Edgar Chance, Mr. and Mrs. J. M. Rankin and Mrs. Claude Benton, Ralls; Mr. and Mrs. L. M. Blanton, Dimmitt; Jeff Farley, Waco; Mr. and Mrs. Geno Jones, Tahoka; Mrs.

Program on Peru is presented at meeting of club

Mrs. Louie Burkes and Mrs. E. A. Warren were hostesses for the Woman's Culture Club last Wednesday afternoon in the Burkes home, 201 North Ave. S.

After roll call, Mrs. Don Dunbar presented the program on Peru, "One of the Most Astonishing Countries in the World." Mrs. Dunbar used a film strip, "From Lima to Rio Holiday."

Club projects were discussed with Mrs. E. S. Stewart, president, presiding.

White Christmas contributions for the mental institution at Wichita Falls are to be brought to the next meeting for mailing.

The hostesses served a dessert plate of pumpkin pie and grapes and coffee from a table featuring a fall arrangement of flowers.

Those present were: Meses. Frank Blanton, Lee Davis Sr., Dunbar, J. H. Haire, Homer J. Irons, Bruce Evans, James Matthews, James Minor, Stewart, R. T. Smith, C. R. Thaxton, J. E. Tanner, Bob Sinner, Miss Maxine Durrett and the hostesses.

HERE FROM CALIFORNIA Recent guests in the home of Mr. and Mrs. J. B. Baldree Sr. were her brother-in-law and sister, Mr. and Mrs. Lester Wingo of California.

Methodist circle hosts another

The Rebecca Circle of the First Methodist Church entertained the Naomi Circle at their regular meeting last Thursday morning at the church at 9:30 o'clock.

"Rim of Asia" is the program study for the year with the lesson for the meeting on "Okinawa". Mrs. A. C. Cooke was the guest speaker and showed color slides on her recent trip to Japan.

Mrs. R. A. Moore and Mrs. T. R. Hibbs were hostesses and carried out the oriental theme in the refreshments. Tea and rice were served with a miniature umbrella placed on each plate.

Those attending from the Naomi Circle were: Meses. Jim Hundley, Joe Callis, J. E. Parker, Homer J. Irons, W. R. Graeber, Darrell Eckols, Lee Ward and Oscar Bruce.

Those from the Rebecca Circle were: Meses. J. A. Rogers, Tillman Jones, L. G. Thuet Sr., Mae Voss, A. M. Lucas and the hostesses.

Constables —

(Continued from Page 1) It will be up to the commissioner's court in January to determine the salaries which will be paid the two new JP's.

The present salary is only \$1 per year. Parker indicated that the need for the new JP's probably will have something to do with a new salary schedule.

The judge went on to point out that the law provides that the salary of an elected official cannot be changed by the court during his term of office.

Thus, Justice of the Peace D. C. Roberts of Precinct 1 who has been re-elected to a new four-year term will continue to receive \$300 monthly throughout his four-year term.

There had been some talk of splitting the \$300 monthly for Roberts' services among the three JP's but this cannot legally be done.

ANNUAL DINNER The First Baptist Church will host a dinner, Tuesday, Nov. 20 at 7 o'clock at the church for all the ministers and their wives of the Ministerial Alliance.	WEEKEND VISITORS Mr. and Mrs. Irvin Johnson of Beaumont visited here over the weekend in the home of their parents, Mr. and Mrs. Tom Harmon and Mr. and Mrs. Tom Johnson. A good Christmas try, at least

Even though it failed, the effort to get a helicopter from Reese Air Force Base to fly Santa Claus into Post on Nov. 30 was a good try.

With so many communities throughout the land planning Christmas shopping season programs, it isn't hard to see why Uncle Sam forbids use of his helicopters in community Christmas activities.

The effort to get a helicopter to bring Santa to town was only one of the many special efforts being made by your hometown merchants to make this Christmas shopping season one of the best-promoted in Post's history.

The "Fall Festival of Values" beginning this Friday comes as a preliminary to the opening of the big Christmas promotion two weeks later, on Nov. 30.

At the same time, the "fall festival" serves its own purpose as the November event in the

merchants' Howdy Days promotions. Instead of being just a two-day affair, however, as the previous Howdy Day promotions, it is being stretched over a two-week span as a lead-off to the Yuletide shopping season.

Then, come Nov. 30, will be one of the biggest "get ready" events ever staged here for Christmas. It will include the turning on of the downtown Christmas lights, an unveiling of gift-packed show windows, carol singing under the downtown community Christmas tree, a Christmas window guessing contest, and, as a special attraction for the youngsters, Santa's first arrival of the season in Post.

It all adds up to assurance of a real big Christmas shopping season event—to the benefit of not only the merchants, but of every Christmas shopping customer in the Post trade territory.—CD

Sewer extension outlook brightens

Now that the City of Post has officially accepted the \$21,000 federal grant for sewer system extensions, it is hoped—especially by people in the sections of town now without the service—that it won't take too long to get the project underway.

The \$21,000 federal grant, accepted by the city council at its November meeting the first Monday in the month, was made available on Dec. 1, 1961. Its acceptance required a resolution by the city council.

In addition to furnishing sewer service to people now without it in the east and northeast parts of town, completion of the project, or as-

urance of its completion, more than likely would "highball" the city's low-rent housing project, which has been hung up on a number of things, including lack of sewer service in the area in which some of the housing units would be built.

The City of Post, which will pay \$35,000 toward the estimated \$66,000 cost of the project, has had its engineer map the proposed sewer extension system. All in all, chances of this project getting under way and being completed in the not-too-distant future appear much brighter now that the city has officially accepted the \$21,000 grant from the government.—CD

Young Farmers off to good start

We're glad to see the newly organized Garza County Young Farmers organization off to such a good start. It will fill a big gap created by the fact that Garza County does not have a Farm Bureau chapter nor any other county-wide farmers' organization.

In adopting as its community project, support of the FFA and 4-H livestock shows, the Young Farmers group has selected a most worthwhile goal. The stock show and other FFA and 4-H

projects can grow and become even more successful with such a wide-awake organization behind them as the Young Farmers.

The Young Farmers organization is just starting. There's still room for members. Membership is not restricted to young men actually engaged in farming, but to anyone interested in agriculture. Those interested are asked to attend the once-a-month meetings and ask about joining.—CD

What our contemporaries are saying

The Democrats won the elections in Texas—at least most of them. But they didn't do as well as they have in the past against the Republican candidates. And I think this is just the beginning of a trend pointing toward more and more GOP candidates appearing on the ballots and getting elected. This should make the Democrats work harder for their party and bring out the best can-

didates on both sides. Maybe we'll have a choice of who to vote for instead of scratching the same ones because we are against them the most.— Marvin Tomme in The Ralls Banner.

A grudge is like a burr in the sandal that makes every step painful without shortening the journey.—Douglas Meador in Matador Tribune.

NEXT THURSDAY definitely is Thanksgiving Day, with President Kennedy and Texas Gov. Daniel having issued official proclamations to that effect. It wasn't so long ago, you'll remember, that for a number of years we were never sure just which one of the last two Thursdays in November would be proclaimed Thanksgiving Day.

My friend up the street says a grouch is a man who has sized himself up and got sore about it.

I'M STILL getting answers to the Norwegian, Japanese, etc., puzzle I ran in this corner two weeks ago, and it makes me wonder how many people are still trying to work it. The latest out-of-town solution comes from Wendell Davies of Abilene, son of Mr. and Mrs. Elbert (Lefty) Davies. Another solution, called in by telephone, is that of Mrs. Don Lamb, the former Kay Martin. Kay said she and Don solved the puzzle while en route to Lubbock the Saturday morning after it appeared in the paper.

While the "puzzle fever" is still on, here's another one. Since this one is slightly catchy, I won't wait until next week to run the answer . . . you'll find it on the classified page in today's Dispatch. Here goes:

A town in India has a population of 20,000, 5 per cent of which are one-legged. Half the others go barefooted. How many sandals are worn in the town?

(Remember to check your answer with the one on the classified page.)

THE DALLAS NEWS had a story in Monday morning's edition about the Dallas Cowboy-New York Giant contest bewildering eight visitors from Africa who were watching their first football game. If those eight visitors had attended Friday night's Post-Spur game, "bewildered" probably wouldn't have been quite the word to describe their reaction. Even veteran football fans were in the dark most of the time as to what was going on between plays, and the players themselves seemed as dumbfounded as the people in the stands. The only ones who seemed to know what was going on were the four flag-throwing, penalty-stepping officials, who walked off a total of 225 yards in penalties.

Even so, the game was an interesting one, and the two bands' halftime show helped matters along. The Spur band made a big hit with the Post crowd by forming the letters "PHS", after which the man on the public address system drew a roar of laughter by stating that the "PHS" did not mean "Post High School" at all, but was a tribute to the Spur coaches, Poindexter, Howard and Spears—PHS. I also liked the stirring manner in which the Spur band rendered the ever-popular "When the Saints Go Marchin' in," which makes a hit on most any occasion.

SINCE THE END of the football season and the advent of the basketball season is crowding our sports page so much that we can't find room there for our column, "PS in Sports," I find it necessary to fill part of this column with sports "shorts." One, in which all sports-minded readers will certainly be interested, is that Norm Cash hit a grand slam home run Saturday to power the Detroit Tigers to a 6-4 win over a Japanese team in the Tigers' barnstorming tour of the island of the Rising Sun and the Geisha Girl.

Still on sports, the future appears bright for the Antelope football team. The turn-out here a couple of weeks ago in the Post, Pass & Kick contest was greater (114) than in most area towns. Floydada, which has always had good depth on its whirlwind football squads had 94 boys—26 less than Post—en-

SEVEN PROBABLE reasons stand out that prompts a woman to march resolutely into a store to buy something:

- (1) Because her husband says she can't have it.
- (2) It will make her look thinner.
- (3) It comes from Dallas.
- (4) Her neighbors can't afford it.
- (5) Nobody has one.
- (6) It's different.
- (7) Because.

Entered at the Post Office at Post, Texas, for transmission through the mails as second class matter, according to an Act of Congress, March 3, 1879.

Any erroneous reflection upon the character of any person or persons appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

It happened 100 YEARS ago

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862 . . . the same year that

IN TEXAS . . . the entire state waited, with hopes and prayers, for news of Terry's Texas Rangers, beloved for their courage, daring and skill as fighters. With Albert Sidney Johnston in Kentucky, in and out of Tennessee with Nathan Bedford Forrest, into Georgia with Fighting Joe Wheeler . . . where there was a battle to be won for the South, the Rangers were there!

And then, as now, beer was the traditional beverage of moderation—light, sparkling refreshment that adds a touch of Southwestern hospitality to any occasion. Texans have always enjoyed the good fellowship that goes with every glass.

TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.

"The Spiral Road" coming to Tower

The renowned novel by Jan de Hartog, "The Spiral Road," a story of Dutch doctors in the jungles of the Netherlands East Indies, opens at the Tower Theatre in Sunday, Nov. 18, and continues through Tuesday.

Rock Hudson, Burt Ives and Gena Rowlands are in the starring roles. The noted Dutch author's book, a brilliant appraisal of civilized man's struggle against the jungle, was partly filmed on location deep into the jungles of Surinam (Dutch Guiana), only four degrees north of the equator.

Christmas toys program mapped

Christmas toys for all children in Post are assured again this year with announcement today by the Post Chamber of Commerce that the organization will again sponsor a drive to see that no child is forgotten by Santa Claus.

Giving big help to the Chamber's project are Mu Alpha chapter of Beta Sigma Phi sorority and the Post Lions Club, whose members will jointly pick up, repair and distribute toys to underprivileged children.

Anyone having toys in good shape that they would like to donate to the drive is asked to bring them by the Chamber of Commerce office or telephone 3461 to have the toys picked up.

Names of children who might otherwise not receive toys for Christmas are needed. Those knowing of

such youngsters are asked to call Mrs. Bernice Baker, telephone 24-14, or telephone number 3461. Information is needed as to the child's name, age and address. The toys will be distributed to children 12 years old and under.

Good used clothing for both children and adults will also be appreciated, said Mrs. Joan Stewart, Chamber of Commerce secretary.

Those wishing to contribute to the drive are asked to start rummaging now through their toy boxes and clothes closets, since time will be needed to get everything ready to go.

Lions hear talk on retail credit

Earl Kerr, manager of the Lubbock Retail Merchants Association, gave an interesting talk on RMA credit operations before Post Lions Tuesday night at Levi's Restaurant.

Lions also heard preliminary reports of \$211.05 gross receipts, before expenses, from their pancake supper last week and \$80 gross from the Lions Candy sale leaving a net of \$25.28 to date with some candy still out.

Dr. John Carter will speak before the club next week on "An Old Art Returns to Medicine." It will be a talk on hypnotism.

Public is invited to Sunday AA meeting

The public is invited to a round-robin meeting of Alcoholics Anonymous at 3 p. m. Sunday, Nov. 18, upstairs at the City Hall.

Guest speaker will be Dan S., a blind man from Enid, Okla., who is much sought after as a speaker.

Harold Teal's Post High School football team will be shooting for the state's top-rated Denver Mustangs here tomorrow.

They know the Mustangs will speed but we would expect and all that the old story - Denver City can put only on the field at a time and as his pants on one leg at just like our boys do. We Antelopes will play this hit. Our only hope is will support them to the will be the final game for footballers. We've got our crossed that it will be the one will ever forget.

Post senior chapter conducting district contest, the local senior chapter conducting team will be eligible to compete as the district's representative at the Area II contest in Big Spring on Dec. 1. Only the first place team in each district contest is eligible for the area contest.

Winners in the area contests will qualify for the state leadership contests to be held at Sam Houston

State Teachers' College, Huntsville, on Dec. 8.

Members of Post's first-place winning team are Richard Hart, president; Pete Dodson, vice president; Danny Richardson, secretary; Ricky Little, treasurer; Danny Stone, reporter; and Johnny Blberry, sentinel.

Banners will be awarded the district winners. (See FFA TEAM, Page 8)

Garza Chest drive off to rapid 3-front start

Official kickoff set for Nov. 26

Garza County's 1963 Community Chest drive, aiming at a \$13,000 goal for eight participating agencies, is getting off to an early start on three fronts although the official kickoff isn't due until Monday, Nov. 26.

Shelley Camp, drive chairman, and Bryan J. Williams, Chest president, have put in a busy week organizing the all-out fund raising campaign for a six-front effort.

The advance gifts committee, headed by Irby Metcalf, was scheduled to meet this weekend and hand out cards for the contacting of all givers in the \$25 and over bracket.

Jim Poer, personnel manager at the Postex Cotton Mills, will head the campaign's textile division with a salary deduction plan for mill employees wishing to spread their contributions agreed to by Postex officials. The Chest effort too was scheduled to get under way this weekend.

Phil Crenshaw was slated to contact all teachers in the public schools division sometime next week before the Thanksgiving holidays begin Wednesday afternoon.

A planning committee met last night with Chest officials and Victor Hudman, chairman of the employes division, to work out details on the effort to reach all business and professional employes. It probably will be launched next week.

Camp said Lewis Herron and J. B. Potts are co-chairmen of the Chest's big rural division and Leo Acker and Edsel Cross are co-chairmen of the oil division of the Chest effort.

The Chest's budget committee met Monday afternoon in the Community Room and approved a 1963 budget of \$13,000 for the eight agencies.

This is but a slight increase over last year's Chest goal. The only increase went to the Salvation Army which requested \$1,875 this year, the slight boost being necessitated by heavy Salvation Army expense last year in the aftermath of Hurricane Carla.

Other participating agencies and the amounts they have been ap-

proved to receive for 1963 operations are:

- Girl Scouts: \$1,700.
- Texas United Fund: \$588.
- Garza Youth Center: \$1,700.
- Summer Baseball Program: \$2,000.
- American Red Cross: \$1,500.
- Boy Scouts of America: \$3,000.
- Texas Rehabilitation Center: (See CHEST DRIVE, Page 8)

Event beginning Friday is prelude for Yule shoppers

A record-sized run of 3,300 copies of today's Post Dispatch are being distributed to the outer fringes of Post's big area to advertise Post's Fall Festival of Values which opens here Friday.

Participating merchants and the Post Chamber of Commerce have purchased 1,200 extra copies of the Dispatch to mail to boxholders over a wide area, most of them outside Garza County.

The "fall festival" is being sponsored by some 27 Post firms whose names appear on the Fall Festival page announcement on page 3.

Dozens of bargains are being offered.

It's the start of the Christmas buying season here in Post with some of the first Christmas advertisements being carried in today's Dispatch.

The Fall Festival isn't just a two-day bargain extravaganza. It will extend over a longer period and into the Christmas buying season.

Post merchants are planning a Christmas opening with prizes, carols, lights, and music on Friday night, Nov. 30.

The 40-foot Main street Christmas tree won't arrive until a week later because the big holiday trees

aren't shipped by railroad until after Thanksgiving.

Santa Claus will make his debut here for the Christmas Opening Friday, Nov. 30. He will be back each Saturday, according to the merchants' plans.

Following Nov. 6 election

Two constables' status in doubt

The Garza County Commissioners' Court is now awaiting a ruling from Texas Attorney-General Will Wilson as to whether Emmet A. Stelzer and Harry Wood were "legally elected" as constables in the recent general election.

County Attorney Carleton P. Webb this week told the court in his opinion Stelzer in Precinct 2 and Wood in Precinct 4 were not legally elected because constables are elected for four-year terms and this was not the election year for the filling of these two offices.

Both Stelzer and Wood had submitted bonds for their new offices.

At the time it was revealed the court has terminated as of Oct. 31 the services of A. J. Becker as a deputy constable at Southland at a salary of \$100 a month. The action came when those who had petitioned for such a law enforcement officer for Southland, passed the word to the court that they no longer believed such a deputy constable was necessary.

Judge Parker said that the problem of being "legally elected" does not involve the two new justices of the peace-elect, Donald Windham in Precinct 2 and D. F. McWhirt in Precinct 4, as it does the constables.

This was the election for the fillings of those offices. Both Windham and McWhirt will take office Jan. 1. Judge Parker pointed out, however, that the law provides that (See CONSTABLES, Page 8)

The court took no action on them pending the attorney-general's ruling, which Webb told the court he would request because of the complicated law involved in the unusual case.

It would be up to the court to fix their salaries.

City basketball league planned

All those interested in the organization of a city basketball league are invited to attend a meeting Monday night, Nov. 19, in the primary school auditorium. The meeting will be held immediately following the showing of the Post-Denver City football game film.

The school board has voted to allow use of one of the gymnasiums by the league.

Plans are to organize a city league of five or six teams.

Thanksgiving service planned

The Rev. Oscar Bruce, pastor of the First Methodist Church, will bring the sermon next Wednesday night at the annual city-wide Thanksgiving Service.

The service, sponsored by the Post Ministerial Alliance, will be held at the Calvary Baptist Church beginning at 7:30 p. m.

The public is invited to the service.

Taking part in the service will be the following ministers: Invocation, Woodrow Pettyjohn, Church of God; welcome, Ed Herrington, First Presbyterian; responsive reading, C. B. Hogue, First Baptist; Thanksgiving prayer, K. S. White, Church of the Nazarene; offertory prayer, J. R. Brincefield, Assembly of God; special music, Lex Roby, First Baptist; benediction, Joel Pistone, Mexican Baptist.

Salvation Army aids 428 here

Garza County's Salvation Army committee has assisted 229 local persons and 249 transients during the last year, according to committee treasurer Clint Herring's report to field representative G. L. Muddell during the latter's visit here Tuesday.

"This has been one of the largest years, from the standpoint of assistance, in the history of the Salvation Army in Garza County," Muddell told The Dispatch.

Assistance given local people included groceries, rent, clothing, medicine and hospital and dental care.

Transient help included meals, gas and oil, lodging, transportation and used tires and tubes.

The committee here also sent four boys to the Salvation Army's summer camp, Camp Hoblitzelle, near Midlothian.

Bob Collier is chairman of the county's Salvation Army committee. Other members of the committee are Herring, George Barker, Mrs. Marvin Hudman, the Rev. C. B. Hogue, the Rev. Oscar Bruce, Dean A. Robinson and Sheriff L. E. (Fay) Clabam.

Cummings rites held Wednesday, Baptist Church

Funeral services for Odean Cummings, 45, operator of the Lone Star Service Station, who died of a heart attack early Monday afternoon, were held at 2 p. m. Wednesday at the First Baptist Church, of which he was a member.

Mr. Cummings, who had lived in Post since 1927, was stricken while he and his wife, Maxine, were at their acreage about two miles northwest of town, where Mr. Cummings was loading hogs into a trailer to take them to market.

He was at the rear of the trailer loading the hogs and fell to the ground after stepping back from the vehicle when one of the animals tried to get out of the trailer.

Mrs. Cummings summoned Pat Blacklock, who was working on a trailer about 100 yards away. Members of a highway crew working nearby came to their assistance and Mr. Cummings was brought to the hospital here in the automobile of resident highway engineer Julian F. Smith. Mr. Cummings apparently died instantly.

The family lives at 515 North Ave. N.

Mr. Cummings was born March 9, 1917, at Gatesville and moved here in 1927 with his parents, Mr. and Mrs. R. L. Cummings Sr. He attended the Post schools and had operated the Lone Star Service Station at 201 South Broadway for the last 10 years. He had been a member of the Baptist Church for 16 years.

Mr. Cummings was a veteran of the second World War, having served four years with a medical detachment of the 152nd Engineers after entering the Army at Fort Sill, Okla., on Dec. 10, 1941. He was discharged at Fort Bliss on

Commissioners of county tighten expense controls

The county commissioners' court this week tightened its control over all county expenditures.

At its November session, the court by unanimous vote:

- Established a purchase order system, requiring any purchases such as equipment or repairs made by any elected official be made only after securing a purchase order signed by the commissioners' court.
- Confined use of all credit cards by officials to out-of-county trips unless in case of emergency. The court said all other car expenses, such as oil changes, wash and grease jobs, etc., should be submitted in the form of a signed invoice.
- Declared that any elected official who attends any state conference or leaves the state without permission of the commissioners' court will do so at their own expense.
- The court also said the use of any vehicle will be confined to the state unless otherwise authorized by the commissioners' court. Any official who violates this order, the court's adopted motion read, will do so at their own expense.
- County Clerk Carl Cederholm was authorized to present a copy of this motion to each elected county official.

The court canvassed the vote of the recent general election and (See COMMISSIONERS, Page 8)
