Mr. and Mrs. Grover Mason visited in Hobbs, N. M., Friday with their daughter, Mr. and Mrs. Jimmy Hutton and family.

James and Jay Scott Stone spent the weekend with their grandparents, Mr. and Mrs. Ray McClellan. Their parents, Mr. and Mrs. Bill Stone were Sunday visitors.

Mr. and Mrs. Dillard Thompson, Kenneth and Gloria, of Tokio attended the funeral of her uncle, Alfred Oden.

A number of out-of-town relatives and friends attended the Oden funeral, but we don't have their names and addresses.

The Rev. Elbert Nelson spoke at the morning and evening services Sunday in the Methodist Church.

Band gets 3.2 contest ratings

The 75-piece Post High School band received a Division III rating in concert and a Division II rating in sight-reading Saturday at the Region I Interscholastic League Contest in Lubbock.

In last year's contest, the band received a Division II rating in concert and a Division I rating in sight-reading.

Director Bob Meisch's band competed in Class AA where sweepstakes winners were Muleshoe and Abernathy, both with Division I ratings in concert and sight-reading. Tahoka, Slaton and Spur were all 2.2 in both concert and sight-reading. Morton was 3.3; Lockney, 3.2; Floydada, 2.3 and Olton, 1.2.

Plans continuing for credit course here

Prison cotton crop exceeds \$1 million, penal head reports

HUNTSVILLE — In spite of the damages caused by Hurricane Carla, the value of the 1961 cotton crop of the Texas Department of Corrections exceeded \$1 million, it was reported by Dr. George J. Beto, director of the state's penal system.

The prison system sold 5,239 bales of cotton at an average price of \$165.17 to remit a total of \$865,362.16 to the general revenue fund of the State of Texas.

Dr. Beto said also that the prison system retained 1,100 bales, valued at approximately \$176,000, for prison use in the manufacture of inmate uniforms, sheets, pillow slips, and mattresses.

H. H. Coffield of Rockdale, chairman of the Texas Board of Corrections, along with Walter Pfluger of Eden, chairman of the board's agriculture committee, praised farm unit wardens for an outstanding production record under severe difficulties.

"The final result is a tribute to Byron W. Frierson, assistant director for agriculture, and to all farm wardens who through their own ingenuity and cooperation performed a task worthy of commendation," said Chairman Coffield.

Sen. Preston Smith, candidate for Lieutenant Governor, Post visitor

State Senator Preston Smith of Lubbock visited in Post on Monday to meet with friends and supporters in his campaign for Lieutenant Governor.

The veteran West Texas lawmaker campaigned for the office in 1950, placing third in a field of 12 candidates and leading the ticket in 68 counties.

Since then he has served six years in the Senate, representing the 11-county 28th Senatorial District. He served as President Pro Tem of the Senate during the First Special Session of the 57th Legislature and was "Governor for a Day" on Aug. 4, 1961.

Beginning in 1944, Smith served six years in the House of Representatives.

A businessman for more than 25 years, Smith's expressed purpose in public office is "to work as hard as I can to help provide sound, practical, business-like government that will faithfully serve all the people of Texas, without waste, corruption or duplication."

"There's more than one way to put a business in the black, and there's more than one way Texas can overcome its financial problems without raising taxes."

"I believe the office of Lt. Governor is most important to the future of Texans. It affects the prosperity of all our families, all kinds of organizations, every business and the office has a tremendous influence on the economic development of Texas."

"Our declining tourist business is not the only serious threat to Texas economy. Texas must face the facts in other areas of business. It must take action if it is to continue to grow and prosper."

"Other states are consistently grabbing off new industry and new business that mean losses to Texas. Our State, with all its natural resources, should attract many new industries that would provide us with more income, which in turn provides more money for State Government, without raising taxes."

"Texas must adopt a policy of selling itself as a good location with a good future for new industry, new people and new organizations that will provide new payrolls and better jobs for thousands of Texans."

"In this kind of a program we will gain new tax revenue, from new sources of income, without increasing the present tax load on Texas families. This kind of program is a positive step toward growth in an orderly and business-like manner."

"Texas cannot outlast all its taxes and continue to provide Texans with good highways, good hospitals, colleges, schools and responsible law enforcement. Nobody can expect something from government

Boyce House memorial scholarship is set up by finance companies

Paul T. Monroe of Dallas, president of the Association of Consumer Finance Companies, has announced plans to name a scholarship in memory of Boyce House. The Association has presented a scholarship to a University of Texas journalism student interested in public relations the past two years. Beginning with the 1962 award, it will be known as "The Boyce House Memorial Scholarship."

Monroe said: "It is a great pleasure for our Association to honor the memory of Boyce House, a truly remarkable Texan, who loved Texas, the newspaper field and people in general. It is hoped this memorial scholarship will help some student to follow along the same type work enjoyed by Mr. House."

Dr. DeWitt C. Reddick, director, School of Journalism, University of Texas, has accepted The Boyce House Memorial Scholarship on behalf of the University, and stated that the first such award would be presented at the annual Journalism Honors Day early in October.

PRE-EASTER SERVICES

Pre-Easter services are continuing at Holy Cross Catholic Church, Avenue F and 14th Street. On Tuesday nights the Stations of the Cross and the Benediction of the Blessed Sacrament are held in English. On Friday nights the Stations of the Cross are held in Spanish, followed by a sermon, also in Spanish. The services are conducted by the Rev. L. Eugenio de Francesco, assistant pastor.

Bible Thoughts "God"

By HERB SMITH

Who is God? What is He like? Where is He? The complete answer to these questions are unknown to man. Man's finite mind is not capable of comprehending the infinite characteristics and being of God. However, let us not be guilty of not knowing anything about God for there is much we can know about Him. The sources from which we can learn of Him are two in general—The Bible and His creation.

The Bible teaches us about His love, mercy, kindness, patience, understanding, longsuffering, anger and vengeance. It tells of His dealings with man in the past, of His rewarding and punishing man. We learn that He is a just God, that He is fair in all His dealings. He keeps His promises. All of these acquaint us with God and teaches us many things about Him that are vital to us in our relationship with Him. Through the Bible we come to know God, but His creation can help us to know Him too.

Calendar of Events for Texas released

STIN — The Texas Calendar of Events for spring and summer, the most complete in the history of the publication, released today by the Travel Information Division of the Texas Highway Department.

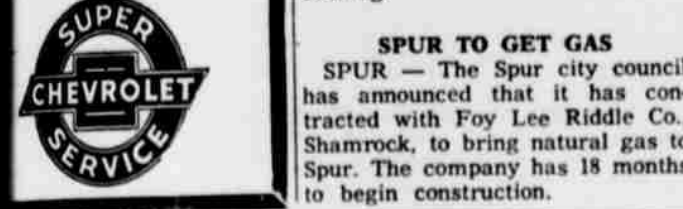

The 12-page pamphlet listed 138 Texas special events in 138 communities between April 1 and June 30. They run the gamut from flower shows, from rodeo to stage productions.

Among the more unique are the Watermelon Thump, Junction Hill Country Race Meet and Sale and Boerne's Saengerclub. Included too is the Metropolitan's spring program in Dalhart's spring program in Dalhart's Bluebonnet Trail and the colorful Fiesta San Antonio in the Alamo City.

The kaleidoscope of interests themselves represent, the calendar mirrors their pageants for their own benefit and that of an out-of-state visitor.

Year 30,000 copies of the calendar were requested through the Tourist Bureaus the Highway Department operates at major entrances into Texas, through chambers of commerce and with the mail.

SOUTHERN PRODUCTS
In the Confederate States Congress, on Tuesday last, Mr. Phelan, of Mississippi, presented the following resolution:
Resolved, that the Committee on Military Affairs inquire into the expediency of taking possession and control by the Government of all the cotton, tobacco, and other products within the limits of the Confederate States, with a view to the destruction of said products, or any portion thereof, whenever the same may be threatened with capture by the enemies of the country; and that said Committee report as soon as possible, by bill or otherwise.

GIVING UP INTERVENTION
The Richmond Dispatch surrenders all hope of French and English intervention by avowing that the South would sooner sympathize with Russia than with the English Government, which is charged with urging on the "Abolition crusade that is culminating in this war, and then coldly left the South to meet it as it could!" The offense of the English is of a compound nature. They should, in the estimation of the rebels, break the blockade, and should not have insulted, indecently, Messrs. Mason and Slidell, through their leading Press.

ANOTHER FLEET
Another fleet—of how many vessels it is not stated—left Hampton Roads on the first, and bent southward. It is about time this new inequity was making its appearance, and no doubt Sherman is delaying operations on our coast for its arrival. We may at least look out for the vandals in the course of a day or two.

If anybody supposes that we are close this war without a desperate struggle at all points he had better set to work at once to rid himself of the delusion. The enemy excel us in numbers, arms, ships, and all the munitions of war, and they have evidently determined to put out their whole strength in a course of a few weeks. They are swarming around our borders like the locusts of Egypt, and the time has come when every man must consider himself a soldier.

DEPARTURE FROM PARIS
The American Exodus still continues. The timorous return to the states, and the wealthy, who are not afraid their fortunes will greatly suffer by home events, take contrary route to home. A piece of news last night was transmitted to me by a Southerner, which should not be omitted. The person alluded to received by the latest mail a letter from a young friend, in which it stated that he had applied to Gen. McClellan for a passport, in order to proceed to Richmond. The General at once granted it. Seward, he refused to countersign it, giving as his reason for not doing so, that he expected in the course of three weeks everyone who pleased would be free as for-

Thanks to Voters

I wish to thank those who voted for me in Tuesday's city election, and also all the voters who considered my candidacy for re-election. I have enjoyed serving as one of your City Councilmen for the past four years, and hope my successor receives the same courtesy and cooperation you extended me. Your City Council has your interests at heart and merits your support and cooperation.

Ginner protests 'Yoo much curb' at gin lot here

T. J. (Buck) Craft Jr., manager of Planters Gin here, told the city council Monday night that the city has put down too much curbing and not left enough lay-down on the east side of the gin.

Craft told the council at its regular monthly meeting that the 45-foot lay-down left him on either side of the gin lot scales is "not near enough" room for incoming trailers loaded with cotton to turn off FM 122 onto the gin lot during the ginning season.

"With no more room than you've left me," Craft said, "those heavily loaded trailers are going to hit the curb coming in and I'm going to have to pay for one blown-out tire after another."

Craft said the problem of turning into the gin lot would be greater for farmers bringing in cotton from the north because of the way the road curves.

The gin manager was told by Mayor Powell Shyles and City Supt. R. H. Tate that the city had built the curbing and gutters according to State Highway Department specifications.

The council explained to Craft that they could see his side of it but that any change in the lay-down footage would have to be authorized by the highway department.

The city officials promised Craft that they would contact district highway officials in Lubbock to see if the problem can be worked out satisfactorily to all concerned.

The city superintendent explained that the highway department has safety measures in mind when it determines the length of lay-down in any given stretch of curbing under construction.

Only routine matters took on the rest of the brief council session, which was held the night before the city election.

3. Receiving reports from group chairmen as to number of students and arranging with them for meeting places and times.

4. Arranging for the Lubbock-Crosby County Medical Society being notified of the number of doctor-teachers required and where and when they are to report for the teaching of each lesson session.

5. Planning the details of the curriculum.

SMITH WILL be assisted by Mrs. Margie Harper, secretary in Dr. Tubbs' office. All inquiries about the program should be made first to Mrs. Harper. If she is not immediately available and an emergency exists, direct contact should be made with Supt. Smith.

The subject material to be covered in the eight class sessions is as follows:

Radioactive Fallout and Shelter; Sanitation and Vermin Control; Water and Food; Shock; Bleeding and Bandaging; Artificial Respiration; Fractures and Splinting; Transportation of the Injured; Burns; Nursing Care of the Sick and Injured; Infant and Child Care; Emergency Childbirth.

Plans are for a total of 40 groups to take the course. Only 10 groups can be taught in any one evening, with Tuesday, Wednesday, Thursday and Friday evenings tentatively designated.

THE PROGRAM can be extended anywhere in Garza County and plans are to have classes at Justiceburg and Southland and possibly other communities. During the pilot training program, however, the program here cannot be extended outside the county, Dr. Tubbs said.

Each group chairman will be responsible for keeping attendance records. Eighty-five per cent attendance is necessary to receive a certificate of successful completion of the course, with a simple examination of true or false answers to be given at the end of the course.

It is not necessary to make any particular grade in order to receive a certificate for having successfully completed the course. The grading is for the purpose of evaluating the effectiveness of the teaching program and will be kept confidential.

with four racquets, bird, net and poles, plus playing instructions.

Second prize is a big plastic water float which can be inflated and used at the swimming pool. Any youngster would love this one.

Third prize will be a stuffed dog, if the winner is a girl, and a plastic scale model racing car kit, if the winner is a boy.

But every contestant in the coloring event is going to win something. Every entrant will receive a pass to the Tower Theater, courtesy of Theater Manager Johnny Hopkins.

The contest deadline is Saturday, April 14 with the winners to be announced in The Dispatch of April 19, just before Easter.

So get busy boys and girls. Get busy coloring—and be sure to get your entry in.

apply to salaries for police officers."

HE ADDED that he had waited until after Tuesday's municipal election to work out details with the city council.

That means something should now be forthcoming soon.

Sheriff Claborn declared that the court's decision not to authorize salary for another deputy means that the effectiveness of his department "has been cut one-third."

"We'll operate from office and house as best we can," Sheriff Claborn said. He obviously is concerned, but determined to do the best possible job with the manpower available.

The legal aspects of hiring new deputy sheriffs gives the court a round-about way of controlling the situation. The court is in charge of county expenditures. It has to authorize the salary.

Sheriff Claborn has insisted on picking his own men, but he can't hire anybody to work for nothing.

IT WASN'T SO long ago that the sheriff's force consisted of three men and the police force of two. But resignations have reduced the combined strength by two men, as City Marshal Oris G. Shepherd now is the only officer on the city police force.

As The Dispatch understands it, the city and county are about splitting the \$300 monthly expense of the operation of the city-county police force. The city is paying most of the salaries and the county the rest of the costs, including utilities and radio repair.

From city sources it was learned that eventually the city figures it needs to expand into a 3-man police force with two police cars. But how soon that can be afforded is the question. It may not be the immediate move.

THE COUNTY commissioners' court Monday also authorized the outside windows of the second floor jail be screened with reinforced steel. Sheriff Claborn said he requested this action some time ago to prevent people from the outside passing things in to prisoners through the windows. Passing up the stolen jail key led to the last jail break.

Two of the county commissioners now have city-county radios installed in their trucks to give them direct communication when out in rural county areas. Others will be installed soon for the other commissioners.

Judge Parker said this was planned a year ago but "we're just getting it accomplished." He said this would establish quick means of communications in time of disaster or need from rural areas as well as enabling the commissioners to keep in close touch while on the job.

Construction slow with '62 total at \$102,750

The only building permit issued here since March 20 went to Percy Printz Monday for the addition of a 11 by 16-foot den to the rear of his residence at 202 Mohawk Drive.

Estimated cost of the addition is \$1,000, which brings the 1962 total to date to \$102,750.

Bank deposits still high here

The First National Bank had \$8,636,898.58 in deposits after the first quarter's operation in 1962—up a million and a half from a year ago at the same time.

This was revealed today in the bank's financial statement as of March 26, as published on page 15 of today's Dispatch.

This is down slightly from the "over \$9,000,000" deposit peak early in January, but bank deposits

always peak around the first of the year.

Loans of the bank were down \$1,250,000 from last year at the end of the first quarter indicating a healthy agricultural situation in the area.

Post track teams to district meet at Denver City

Post team favored to repeat as champions

Post track teams—varsity, 8th grade and 7th grade—will compete Friday in the District track and field meet at Denver City Mustangs.

The varsity team is expected to repeat as champions, with the 8th and 7th grades expected to give them serious competition.

Three teams in the district meet are the Slaton and Tahoka teams. Slaton is expected to repeat as champions, with the 8th and 7th grades expected to give them serious competition.

Coach Van Kountz' Post High School girls' volleyball team will try for the District 3AA championship Friday afternoon in the district meet at Denver City.

The Does will play their first game at 1 p. m. Friday, taking on the winner of the Slaton-Tahoka game.

If the Does win their first game, they will meet the winner of the Denver City-Stanton clash at 4 p. m. Friday for the district championship and the right to advance to the regional meet.

Coach Kountz said Tuesday his probable starters will be Janie Caradine, Nita Wilson and Judy Clary, spikers, and Barbara Craig, Vivian McWhirt and Marianne Jones, set-ups.

In reserve the Does will have Janith Short, Mary Ann Williams, Dee Ann Walker, Linda Pennell and possibly one or two others, the coach said.

The volleyball team has been practicing since the close of the basketball season, but Friday's district meet will be their first inter-school competition of the season, Coach Kountz said.

Southland Eagles finish seventh in track, field meet

The Southland Eagles scored 20 points to tie with Cotton Center for seventh place Saturday in the annual Class B track meet sponsored by South Plains College at Levelland.

The Eagles' 440-yard relay team finished third behind Aspermont and Roosevelt in that order.

Ellis won fourth place in the shot put, with Lancaster finishing fifth in the 100-yard dash and Haire fifth in the 440-yard dash.

Among the records broken was the shot put, in which Bill Hartly of Roosevelt registered 44-6 1/4 to wiped out the 43-foot record jointly held by Darrell Jones of Southland and Lonnie Roper of New Home.

Aspermont finished with 64 points to win the meet, in which 29 teams scored points. Ropesville was second, Lorenzo third and defending champion Lazbuddie fifth.

Pre-Easter messages continue at church

Continuing a series of pre-Easter messages on the theme "There Were Three", Bernard S. Ramsey, minister of the First Christian Church, will preach Sunday at 10 a. m. on the subject, "The Robe of Calvary." The Lord's Supper will also be observed.

At the 7 p. m. service, "The Faces of Eve—The Worried Face" will be the subject of the pastor. A nursery is maintained for smaller children at all worship services and the public is cordially invited.

LENTEN STUDY CONTINUES

The Lenten Study being held by the First Presbyterian Church continues tonight at 7:30 at the McCrary playhouse. The Rev. Ed Herring, pastor, is conducting the study.

Julie and Timothy were discussing what they were going to do and Julie said, "Maybe we won't be in jail too long, Tim."

When they arrived at the police station, Lockwood called Mr. Druss and explained the situation. Mr. Druss was a kind man and so he didn't press charges against Julie and Tim. Mr. Druss also gave the Loftons the watch. Calvin Lockwood's brother, Richard, gave Coach Bolton two thousand dollars. But Julie and Timothy were most thankful to Kit.

"Then," bustered in Julie, "as we were leaving, I found this note accidentally." Lockwood looked over the note and replied, "Did this note sort of change your mind?" Julie looked at Timothy and said, "Mr. Lofton saved Tim's life and we didn't want to hurt his wife." "Say, Mr. Lockwood, how did you know we were here?" "A little girl named Kit was riding home from the falls and she said she saw you." "I guess we owe a lot to Kit, Julie." "Well, let's go on down to the police station and talk to the captain."

Is government in Texas honest? asks Marshall Formby

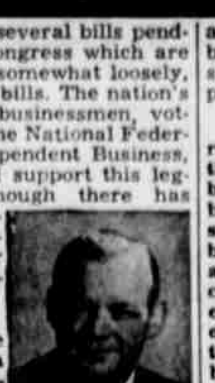

AUSTIN — Marshall Formby, campaigning in the south, east and central part of Texas this week commented, "Texans should not only be able to brag about the size of Texas, but also how honest the government is in Texas. Can we?"

WASHINGTON AND 'SMALL BUSINESS'

There are several bills pending before Congress which are categorized, somewhat loosely, as fair trade bills.

These are most interesting bills. Undoubtedly the writers of them have in mind the contemporary problems of the predatory type of discount house, plus the flood of cheap foreign imports.

The philosophy of these bills is based on a U.S. Supreme Court decision that a manufacturer's interest and property rights in his trademark do not diminish or extinguish on transfer of merchandise bearing such trademark.

They appear to be more designed for the protection of an adequate price level on manufactured goods, and one of the purposes is to protect those manufacturers, wholesalers and retailers who prefer to handle quality merchandise.

The principle is quite simple. There is nothing in any of these bills to stop the consumer from gambling on any inferior merchandise he so desires.

However, it is also believed that those consumers who want National Federation of Independent Business

ABOUT YOUR HEALTH

Tooth decay involves 95 of every 100, dental authorities estimate

AUSTIN — The teeth of Americans contain at least one billion cavities, each a potential source of toothache, dental authorities now estimate.

A virtually incurable chronic disease which must be prevented if it is to be conquered at all, tooth decay is a particular nemesis of elementary school-age youngsters although all ages are vulnerable to its ravaging pain.

Children are said to develop cavities at about the same ratio as do adults—approximately one per child per year. But scholarly surveys show that whereas one-third of the adult need for fillings is being met, only one-fifth of the cavities in children's teeth are being repaired.

The reason, Texas Health Department dental officials speculate, is that so many parents still cling to the totally false notion that so-called "baby teeth" are unimportant because they are temporary.

In an attempt to reverse the trend toward almost universally poor dental health among youngsters—particularly in underprivileged homes—the dental division of the Texas State Department of Health gives financial and educational support to dental clinics in selected local health departments around the State.

The addition of fluoride in carefully controlled amounts of public water supplies is known by dental researchers to be an efficient deterrent to dental decay.

TEXAS DEPARTMENT of Public Safety statisticians figure an accident occurred in Texas traffic every 97 seconds last year, with someone killed every three hours and 47 minutes.

When the department closed its 1961 "death book," it reported a motorcade total of 2,314—60 more traffic deaths than 1960 held. Drivers of 324,149 motor vehicles sustained 132,570 injuries.

December 22 was the most deadly day—23 people were killed in 15 fatal accidents.

Col. Homer Garrison Jr., director of the DPS, remarked, "It is a sobering thought to realize that the number of persons killed on Texas streets and highways was greater than the populations of most Texas towns."

Fourteen counties were free of fatal accidents in 1961—Borden, Brewster, Delta, Hansford, Hardeman, Kent, Lipscomb, Loving, Mason, Rains, Roberts, Somervell, Sutton, and Upton.

THE STATE Highway Department is pondering a mysterious postcard that carries a request for a copy of the new 1962 highway travel map.

The return address reads: Bashir Ahmed Sarban (Well-Known Camel Cart-Driver), 27, Corner Chambers, 181, McLeod Road, Karachi, Pakistan.

Folks at the highway department are wondering if this is the same Bashir Ahmed who visited Texas and the U. S. last year as Vice President Lyndon Johnson's guest. There was quite a furor when

that "Bashir" retired his camel and accepted a gift of a new Ford. Could be he's planning to return to America and motor through the Lone Star State.

LAWSON KNOTT Jr., deputy administrator of U. S. General services administration, informed Gov. Price Daniel that the government has granted his request for Lorenzo de Zavala, a Mexican-Texan who on separately when San Jacinto Ordnance depot is put on the sale block.

Property contains the grave of de Zavala, a Mexican-Texan who signed the Texas Declaration of Independence and served as vice president of the republic.

Gen. Antonio Castillo, "a gallant foe" who died at San Jacinto, also is buried there.

Governor Daniel has been urging that the de Zavala homestead and cemetery acreage be set aside for state or county park purposes. He believes this bidding provision will delay the sale of this tract to give time for Sen. Ralph Yarborough to pass a bill transferring the 142 acres to the state or county, or pave the way for some other park arrangement.

GOVERNOR DANIEL revoked a one-year reprieve for Johnny Will Ford after C. V. "Buster" Kern, sheriff of Harris County, revealed some new information about the case.

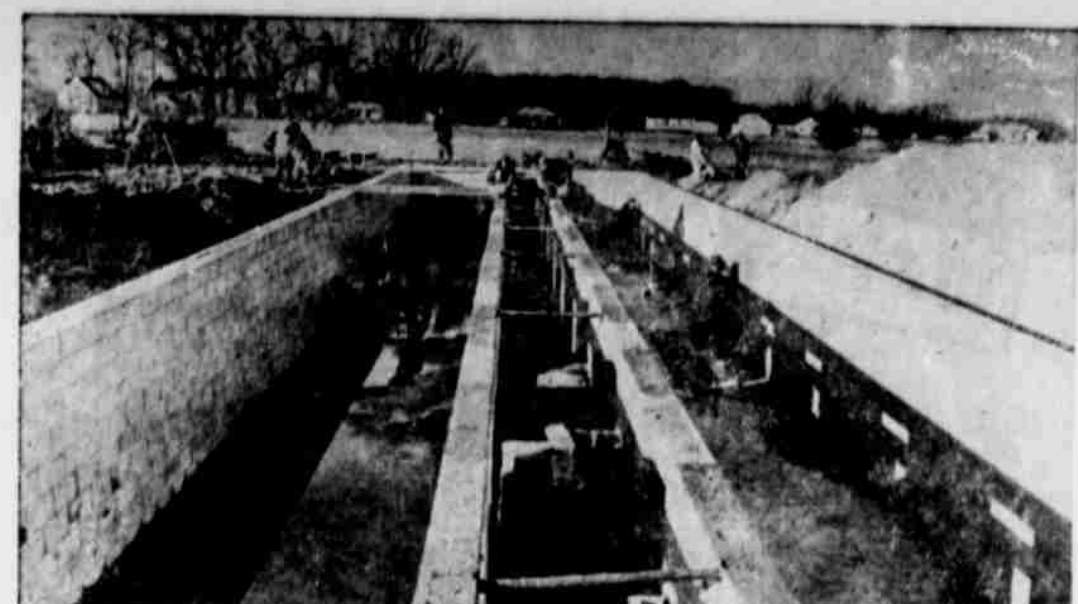

Ford had served one year of a three-year sentence in the Harris County jail for unlawfully carrying a pistol, as an habitual, when the Board of Pardons and Paroles made the customary recommendation for a reprieve and failed to get any objections from local officials.

After the reprieve was granted on March 9, Sheriff Kern advised the governor he hadn't had notice of the pending clemency application, and would have protested it if he had received it.

He said Ford was pursued for two years before he was forced to surrender, whereas the board had been told surrender was voluntary.

Daniel stated his action did not reflect on the board, "because they acted upon factual representations made on behalf of the applicant and in the absence of protests from local officials."

THE STATE Comptroller declared oil, gas and related well services are responsible for collecting a two per cent sales tax when service involves any taxable, tangible, personal property sold or rented by a firm. Comptroller Robert S. Calvert further stated that receipts

COMMUNITY FALLOUT shelter in Laketon Township, near Muskegon, Mich., under construction on a do-it-yourself basis by men from most of the families which joined in a non-profit corporation to pay for the underground shelter. Participants pay \$40 per family member if they work on the shelter, and \$75 per person if they don't. The shelter, now entirely covered by earth and nearing completion, will include a community room, kitchen, lavatories, 25 family compartments, deep well, a gasoline-operated generator and standby generator, and a control room and radio room for outside communication during an emergency. from the sale of tangible personal property to a common carrier are exempt from the sale and use tax if the property is shipped out and used out of the state.

When democratic county clerks in Harris and Galveston counties said they would attempt to nullify the republican primary nominations unless GOP primaries are held in every voting precinct in their counties, GOP state chairman Tad Smith dug up a 1952 opinion on the matter by the then attorney, Price Daniel.

The 1952 ruling states that a county clerk does not have the authority to determine questions of irregularity or illegality where a certificate of nomination is regular on its face. The opinion said the county clerk acts in a ministerial capacity in receiving the certificates and placing names of nominees on the general election ballot.

Members of the State Bar Association voted 4,532 to 1,012 in favor of a proposed constitutional amendment for local option abolition of justice of the peace courts.

They also voted 4,506 to 966 for a proposal urging an amendment to authorize the Legislature to provide for interim county and state government during a disaster period.

Attorney General Will Wilson ruled that Morningside Manor, Inc., a Methodist-operated home for the

aged in San Antonio, is exempt from ad valorem taxes, even though some residents pay for their care.

He also stated that a physician who is a notary public can acknowledge an application for an absentee ballot, and then, as a physician, issue a disability certificate for the absentee.

GOVERNOR DANIEL promised to transfer \$25,000 from emergency funds to the Texas Animal Health Commission to buy materials and employ personnel for the fight against the screwworm fly.

Contract has been signed for construction of a plant at Mission, where up to 75,000,000 sterile flies will be produced each week for use in the eradication program of the commission and the Southwest Animal Health Research foundation.

EMERGENCY REPAIRS will be made to Carla-damaged San Jacinto Monument by San Jacinto Day, April 21.

A \$3,200 appropriation from the governor's emergency fund will be added to \$5,000 from the San Jacinto Park commission and \$5,000 from the San Jacinto Museum and History Association to meet the most urgent repairs of the estimated \$157,000 damage done by the hurricane.

Presenting the cars for the lively life: 3 New Lively Ones from Ford!

New Galaxie 500 XL!

Start this one and you really start something. Available with Thunderbird V-8 power up to 405 hp (coupled to a 4-speed stick shift), the XL outperforms America's most expensive cars. Standard features include all-new bucket seats with a Thunderbird-style console in between. The XL needs service only twice a year, or every 6,000 miles. Hardtop or convertible. Definitely not for pedestrian tastes!

New Falcon Sports Futura!

Here's a hot new number from the compact leader. The tempo starts fast with foam-padded bucket seats and a handy console in between... hits a new high note with a stylish new Thunderbird roof (vinyl-covered if you want it)... then goes into the lively melody of an optional 170 Special Six engine. Economy with a flair is the Sports Futura idea... it's priced below many standard compacts.

New Fairlane 500 Sports Coupe!

Don't flirt with this one unless you mean it. It has foam-padded bucket seats with a console in between... and an all-new optional "260" Challenger V-8 that packs 164 hp. Fairlane's room, ride and performance are bigger in every way, but this new fine car costs less than many compacts.
